

Campus Master 1141

Chapter 1141

“Eldest Elder and Second Elder, you stay with me and heal the Third Elder’s wounds! The rest of the sons and daughters, carry all these injured people out for medical treatment!” Looking at the miserable scene in front of him, Tan Guangfeng, the head of the Tan Family, his face suddenly turned gloomy as he quickly arranged for the men to treat those injured.

Only then did Tan Guangfeng, together with the other two old men, begin to use their energy to treat the Third Elder, Tan Guangqiang.

The three of them stretched out their palms and placed them against Tan Guangqiang’s back, chest and head respectively, transporting internal energy to him, hoping to repair his meridians in the shortest possible time and preserve his kung fu as much as possible.

After all, the Third Elder, Tan Guangqiang, was an Innate Master, and Tan Guangfeng and the others had just checked that Tan Guangqiang’s hamstrings and hamstrings had not been severed, but only the meridians in his body had suffered a blow, so if he was treated in time, he might be able to preserve his entire cultivation!

However, when Tan Guangfeng’s three men began to channel Tan Guangqiang’s internal energy, they were stunned.

Tan Guangfeng found that Third Elder Tan Guangqiang’s body was actually empty, his meridians had not been damaged too much, but within those meridians, there was no sign of true qi.

It was as if Third Elder Tan Guangqiang had never cultivated before, he could not sense any internal energy at all!

Tan Guangfeng also found that this Third Elder’s meridians, although not broken, had become extremely chaotic and, moreover, very odd. When their internal energy was infused in, it was actually like a stone sinking into the sea, without any reaction at all.

..... This was really too weird.

“Family head

The second elder looked at Tan Guangfeng, “How can this old third’s body be so odd? The internal energy we channeled didn’t have any effect at all ah?!”

“Don’t stop, keep channeling internal energy!” Tan Guangfeng said in a deep voice, “No matter what is odd in Old Third’s body, we must preserve this entire cultivation of his!”

The other two both nodded, they both knew very well how hard it was for an Innate Master to cultivate to this point. If one were to lose one’s kung fu just like that, it would simply be worse than dying, and Tan Guangqiang would definitely not be able to accept this fact!

However, as time passed, half an hour had passed and the internal energy channeled by Tan Guangfeng’s three people was still like a stone sinking into the sea, not even a half-wave had risen, which made their hearts keep sinking.

After half an hour had passed, Tan Guangfeng and the other two old men let go of their hands at the same time, and all three of them had ugly expressions on their faces.

They had realised that something had really gone terribly wrong within Tan Guangqiang’s body!

More importantly, their true qi channelled into Tan Guangqiang’s body could not have any effect at all. This meant that they could not cure Tan Guangqiang at all!

“Family Head, what should we do?” The Second Elder asked.

“We don’t have the ability to cure Lao San!” The First Elder shook his head and said, “I think this way, Family Head, we should ask the Old Family Head and the elders of the previous generation to treat Old Third! Perhaps our cultivation level is not enough, they should have a solution!”

“That’s all we can do!”

After deliberating for a moment, Tan Guangfeng finally nodded and said, "Immediately send Old Third to Villa One and ask the Old Family Master to treat his injuries!"

"I'll follow him there!" The Second Elder said.

He called for two of the Tan Family's sons and directly picked up the Third Elder, Tan Guangqiang, on his back and rushed over to Villa No. 1 in the manor. The old family head was there, and several other elders from the previous generation lived in a few villas near there, so getting there was the most convenient and last resort!

"Family Head, what exactly did this person hurt Old Master?"

Only after the Second Elder had left did the Eldest Elder ask with a frown, "This person's methods are so powerful, not only did he abolish Old Third, but he actually made us unable to even find out the slightest clues, this person, is not simple!"

"Yes!"

Tan Guangfeng nodded his head and said, "No matter who injured Old Third, this person definitely deserves attention. What's more important is how did the Shen family know such a high ranking person?"

"The Shen family has a high ranking person!" The Eldest Elder said, "We really did underestimate the world's heroes a bit in the past!"

"Don't worry, the old family head and the elders of the previous generation will definitely have a solution, no matter who that person is or how powerful his kung fu is, there is absolutely no difficulty in front of the old family head!" Tan Guangfeng said, "Let's ignore all that for now, right now, we're going to the Shen Clan to see just what kind of divine being actually dares to go against my Tan Clan!"

The Grand Elder nodded, the Tan Clan was not comparable to that tiny Shen Clan, and the Tan Clan's Innate Experts were likewise not comparable to the kind of Innate Experts like Shen Wanhe and Shen Wanzhen!

.....

“This is the Tan family?!”

Looking at the magnificent manor in front of him, Zhang Lei could not help but snicker, “This Tan family, they really know how to enjoy themselves! Even the entrance has guards standing guard, they really treat this place as an independent kingdom!”

Ji Feng glanced at the two guards standing guard at the entrance of the manor and couldn't help but smile lightly, “If they hadn't lived in such an environment since childhood, how could they have cultivated that superiority complex of Tan Tianfeng?”

“Humph!”

Zhang Lei coldly snorted in disdain, “Today, I will trample this superiority complex of theirs underfoot!”

“White Spider, get off first and go around from the side.” Ji Feng turned his head and said, “This manor is too big, their living area is far away, and that rifle you're holding can't reach you go around the back and find a high point!”

“Yes!”

White Spider nodded, put the gun into her bag and was about to get out of the car, but was stopped by Ji Feng again.

“Remember, don't shoot until it's absolutely necessary!” Ji Feng admonished, “Also, pay attention to your own safety, got it?”

“Yes!” White Spider immediately replied, then opened the door and got out of the car, raking it over the side.

“Mr. Shen, you can drive the car a bit further ahead, it’s best to be able to park in that inconspicuous place in front, don’t let them find you!” Ji Feng said again.

“Don’t worry, Little Brother Ji, I know what to do!” Shen Jiuyuan laughed.

“Good then! Lei Zi, let’s get off!”

Ji Feng and Zhang Lei walked side by side, striding towards the entrance of the manor, and despite knowing full well that there might be a small group of ten innate experts in this manor, there was not the slightest hint of nervousness on their faces.

The two of them were marching with a boldness that was immediately apparent!

“May I ask who the two of you are looking for?” As soon as Ji Feng and the two of them reached the entrance, a guard came up and asked.

Zhang Lei grinned and spat out two words, “Kick the door!”

“What?!”

Those two guards were both slightly stunned, not even reacting for a moment, in fact, no one had really dared to come to the Tan family to kick in the door over the years!

Zhang Lei, however, no longer had any half-hearted nonsense at all, as he viciously kicked out while shouting, “Lao Zi came to kick the door!”

Bang!

That guard didn’t even have a half-hearted reaction, and was directly sent flying backwards by Zhang Lei’s kick, falling to the ground at once and passing out straight away.

“Ah!”

The remaining guard was immediately shocked, he was instantly stunned, and for a moment he didn't even know whether he should go forward or run away, he just stood there dumbfounded, his eyes wide.

“Still not going to inform!” Zhang Lei bellowed.

The guard instantly winced in fear, turned around and ran!

“Hahahaha” Zhang Lei laughed loudly, kicked open the manor's gate and just walked in with a wide grin.

There was a row of houses behind the gate, and there seemed to be a few people inside, but at this moment, none of them dared to move, and just watched Zhang Lei and Ji Feng stride in

.....

The Tan family, Tan Guangfeng and others had already agreed on the intention of going to the Shen family immediately and were gathering their men.

“Bring a few more people and go to the Shen family!” Tan Tianfeng waved his hand beside him and said loudly.

“Tianfeng, you don't need to go, stay at home.” Tan Guangfeng shook his head and said, since the other party was able to injure Tan Guangqiang, it proved that this person was at least an innate expert, and a battle of this level was not something Tan Tianfeng could participate in.

What's more, even if they were to fight, they should first send their sons from the side line. As Tan Tianfeng was his son and had such excellent talent, how could he be allowed to participate in such a battle?

“It’s alright father, I’m not going to fight those innate experts, it’s just” a cold light flashed in Tan Tianfeng’s eyes, “I’m just looking for that bastard Zhang Lei, he actually found his way to Lanjiang City, it seems that the lesson he was given in Jiangzhou was not enough! The lesson he learned in Jiangzhou was not enough!”

In Tan Tianfeng’s opinion, the Third Elder Tan Guangqiang must have been backstabbed by someone else, as for Zhang Lei and his friends Tan Tianfeng really didn’t put them in his eyes, really because he had fought with Zhang Lei before, and if it wasn’t for those two nosy policemen at that time, Zhang Lei would have been beaten up by him and begged for mercy!

As he was talking, suddenly another Tan family’s son came running outside, his face full of panic.

As he ran, he shouted loudly, “Family head, elder, someone is coming to kick in the door someone is coming to kick in the door”

Tentatively, Tan Guangfeng and the others burst into a rage, especially Tan Tianfeng, who was furious as he roared, “What are you panicking about! What’s kicking the door, you’re out of your mind!”

“Really, someone really came to kick in the door!” The man said in a panic, “They knocked out one of the guards standing guard with one kick! Look at”

He turned around and pointed, the crowd immediately looked and instantly noticed that from afar, two sturdy figures were steadily walking side by side, these two weren’t fast, but they had an aura that made people pay attention!

“Motherfucker, there’s really someone who’s really tired of living!” Tan Tianfeng, however, could not see what was so extraordinary about these two people, and he sneered and cursed.

“Since someone has come to kick in the door, let’s proceed!” Tan Guangfeng sneered.

Next to him, the Grand Elder waved his hand, “All the sons and daughters listen up, prepare to greet them!”

“No need to be polite with them, just break their legs and throw them out!” Tan Tianfeng, however, said viciously, “Daring to come to our Tan Family to kick in the door, they really don’t know how to live!”

Chapter 1142

It was an awe-inspiring and blood-curdling scene.

In front of the villa, the crowd of the Tan family were all furious, chills and anger welling up on their faces, and many even wore disdain on their faces.

Just two people, and they wanted to come to the Tan family to kick in the door?

It was ridiculous!

However, some experts such as Tan Guangfeng and the Grand Elder could see from afar that these two figures were extraordinary, and their aura alone was enough to make people wary.

Therefore, in front of the villa, there were dozens of people from the Tan family, led by Tan Guangfeng, standing at attention. Moreover, some of them were holding sticks and other weapons in their hands, and they just looked so imposing that one’s heart couldn’t help but pound!

But in the distance, those two figures were undaunted, just taking one step forward at a time, each step firm and unmistakable.

In this instant, the two figures that were striding forward in the distance caused many of the Tan family’s children to be shocked, and the disdain and chill on their faces faded!

However, when Tan Guangfeng and the Grand Elder saw this scene, their faces also turned slightly pale.

Only, they were not shocked, but because they felt the extraordinary aura on these two people, they realized that these two people should be two real experts, very difficult to deal with!

“Family head, the people coming are not simple!”

The Eldest Elder said in a low voice, “From the looks of it, I’m afraid these two people really have the strength to kick in the door!”

“Kicking in the door is good!” Tan Guangfeng said indifferently, “The old third was scrapped, I was holding a fire in my heart and didn’t know where to send it, now someone just happened to send it to my door, isn’t that better?”

“But, they are too strong, should we go to Villa No. 1 ……” The Grand Elder frowned slightly, somewhat wanting to say something.

“No matter how strong these two are, they are at most Innate experts, but don’t forget that this is the Tan family, you and I are both Innate experts, and there are so many of our sons and daughters, most of them are mid to late Houtian experts, even if these two are strong, they definitely won’t be able to make any waves!” Tan Guangfeng said confidently.

The Grand Elder thought about it, and it was indeed true, he couldn’t help but be secretly shocked, it looked like he was stunned by the aura of those two people, and there was even a subconscious hint of fear in his heart!

However, from this, one could also see just how powerful those two men who had threatened to come and kick in the door really were!

A not-so-good feeling suddenly rose up in the Grand Elder's heart.

The Tan family's manor was indeed very large, and Ji Feng and Zhang Lei walked side by side in large strides, and kept walking for more than ten minutes before they arrived at the Tan family's living area, and by this time, they were only a few dozen meters away from Tan Guangfeng and the others.

"How, how is"

Tan Tianfeng looked at these two guys in front of him with incomparable shock, and he immediately shouted, "It's actually you two bastards who are coming to kick in the door?! Do you guys want to die?!"

Originally, Tan Tianfeng was still wondering what kind of people had the guts to come and kick in the door of the Tan family, they were so ungrateful!

But now that he saw who was coming, Tan Tianfeng froze, he never thought that the people coming would be Ji Feng and Zhang Lei!

Just these two worthless bastards actually wanted to come and kick in the door?

"Are you guys out of your minds? Still coming to kick in the door What the hell were you guys thinking?!" Tan Tianfeng was not even interested in laughing now, thanks to the fact that they were still acting as if they were the enemy, but it turned out that the ones who came to kick in the door were actually these two useless things, this is really

For Tan Tianfeng's contempt, Zhang Lei only smiled lightly: "Tan Tianfeng, we meet again!"

"Both of you, since you want to come to my Tan Family to kick the door, shouldn't you first declare your names?!" The Eldest Elder asked in a deep voice.

"Grand Elder, these two bastards are simply two pieces of shit, they don't deserve to speak to you!" Tan Tianfeng sneered, "Let me beat them out!"

"Wait a minute!"

That Grand Elder stopped Tan Tianfeng as he frowned at Ji Feng and Zhang Lei and asked, "Two, I don't know what kind of grudge my Tan family has against you, why are you here to kick down the door?!"

Tan Tianfeng might not be able to tell, but at the realm of the Grand Elder, it was easy to see that these two young men were definitely not as bad as Tan Tianfeng said, these were two experts, Tan Tianfeng had looked away!

"Before you ask us, shouldn't you first declare your name!" Zhang Lei said indifferently.

"I am the Tan Family's Grand Elder, Tan Guangda!" The old man said, "I wonder what you two call yourselves?!"

"Zhang Lei!"

"Ji Feng!"

Tan Guangda's face changed slightly as his gaze fell on Zhang Lei, frowning as he asked, "So you're the Shen Family's grandson-in-law?"

"That's right!" Zhang Lei nodded his head without hiding and admitted it.

"What, you stole the marriage of my Tan family's son and want to come and exterminate our entire family?!" Tan Guangfeng spoke up, he stared coldly at Zhang Lei and Ji Feng and said in a deep voice, "My Tan family is not that easy to bully!"

"And who are you?!" Zhang Lei asked.

"My husband, Tan Guangfeng, is the head of the Tan family!" Tan Guangfeng said in a deep voice.

If it was under normal circumstances, Tan Guangfeng would never have half a word of nonsense with such two youngsters, but now, he patiently declared his family.

"So it's the family head,..... I think, you've misunderstood!" Zhang Lei laughed and his face sank steeply, "Shen Jingyi was originally my girlfriend, and no one can make decisions for her regarding her marriage! But you are right about one thing, today we are here to kick in the door!"

"Bullshit!"

When Tan Tianfeng heard this, he was furious, "You two bastards actually dare to come here and open up, Zhang Lei, it seems that I haven't beaten you up last time!"

As he spoke, he was about to go forward to teach Zhang Lei a lesson, but he was pulled back by Tan Guangfeng.

"Why?!" Tan Guangfeng stared at Ji Feng and Zhang Lei and asked in a deep voice, "Robbing a marriage and coming to kick in the door, don't you think it's a bit too deceitful?!"

"Haha" Zhang Lei laughed mockingly as if he had heard a big joke, "We're bullying people too much?! Tan Tianfeng humiliated me all sorts of ways in Jiangzhou, trying to smash my face, and he even left a true qi inside my body, trying to nullify me! Is this also called me bullying people too much?!"

"Tan Guangfeng, to put it simply, we are here today to settle accounts with Tan Tianfeng, I don't want to say any more about those things he did in Jiangzhou back then, if you want to know, you can ask him!" Ji Feng spoke up, he said indifferently, "However, Tan Tianfeng is relying on the fact that the Tan family has money and power, and there are experts in the family, so this is why he is so reckless, so there is no way, if we want to settle accounts with him, we have to kick the Tan family first!"

"Tan family's experts, if there is one, they can all come over, we will all proceed!" Zhang Lei said resoundingly.

Tan Guangfeng's face then turned gloomy, it looked like there was still something else going on inside this matter, and it was also extremely closely related to his son Tan Tianfeng.

He glared at Tan Tianfeng before saying, "Two young brothers, since there is something else going on in the middle, can we sit down and talk about it? I'm sure you can see that our Tan family doesn't have much else, but many experts, so if there is really a conflict, it wouldn't be too good for you two, right?"

“Father, don’t talk to them so much, since these two bastard things are giving shame, then just fight them out!” Tan Tianfeng waved his hand at once, “Go! Break their legs and throw them out!”

“Yes!”

The other Tan family sons immediately shouted out loud and pounced directly on them.

“Good!” Zhang Lei laughed and came up and kicked one of the Tan Clan’s sons, “That’s right, I’m here to kick in the door, what are you guys whining and talking so much nonsense for?!”

Pop!

Ji Feng snapped the shoulder of a Tan family member and with a flick of his wrist, he heard a miserable scream from the guy and one of his arms dropped down, his arm was dislocated by Ji Feng.

Bang!

Ji Feng flung his hand and threw the man at the Tan family’s sons who pounced on him, instantly smashing down several of them.

In the next moment, he fiercely flashed to Zhang Lei’s side, and with one move, he put down four or five Tan Family’s children instantly.

“Bang!” Ji Feng once again threw a Tan family’s son out, and there were not many people left around him and Zhang Lei, “Tan Guangfeng, don’t waste everyone’s time, strike out yourself, these little minions coming up are just sending them to their death!”

“Stop!”

A violent shout rang out, those Tan family children stopped at once, but still looked at Ji Feng and Zhang Lei warily.

Tan Guangfeng’s face was gloomy as he walked over step by step, he stared at Zhang Lei and Ji Feng and asked in a deep voice, “So, you guys are determined to make a move?!”

“It’s fine if you don’t make a move, hand over that bastard Tan Tianfeng and let me beat him up, then this matter will be settled!” Zhang Lei said indifferently.

“Tan Tianfeng is relying on the power of the Tan family, so we’ll have to tear down the Tan family as well!” Ji Feng said.

“Bullshit!”

Tan Tianfeng was furious as he listened from the side, “I’ll get you two bastards to death!”

“I was afraid you wouldn’t dare to come up!” Zhang Lei said with a cold smile.

“Good!”

Tan Guangfeng sank his face and said in a cold voice, “Since you two insist on fighting, then I have no choice but to accompany you!”

On the other side, the Grand Elder Tan Guangda, however, fiercely waved his hand, "All Tan Family's children, stand down for now!"

"Your Excellency, please do so!" Tan Guangfeng's gaze was fixed on Ji Feng as he said. And Tan Guangda also looked at Zhang Lei, the two of them, to battle the duo of Ji Feng and Zhang Lei!

"Grand Elder, leave this bastard to me!" Tan Tianfeng drank.

"No need to even fight, you, and you" Ji Feng pointed at the two of them, Tan Guangfeng and Tan Guangda, and said indifferently, "You two go together... ..Lei Zi, leave the rest to you!"

"No problem!" Zhang Lei laughed, "Just in time for a painful fight!"

"Little brute, bullying people too much!" Seeing Ji Feng being so arrogant, Tan Guangfeng finally couldn't help but curse out, "Since you want to die, then I'll make it happen for you!"

Being pressed by Ji Feng step by step, Tan Guangfeng didn't care whether Ji Feng was an expert or not, besides, he himself was an innate expert, so he would be afraid of a hairy kid!

"Come on then!" Ji Feng bellowed.

However, Tan Guangfeng had already attacked like lightning, and in an instant, his fist reached Ji Feng's chest

Chapter 1143

Tan Guangfeng's speed was extremely fast, in the blink of an eye, his fist was about to hit Ji Feng's chest, this was only an instantaneous thing, if it was an ordinary person, I'm afraid that if they could not even see his movements clearly, the person would be killed on the spot!

"What a shameless old man!" Ji Feng was not the least bit afraid, he sneered, and half-stepped forward with a fierce fist blast.

Bang~~!

Their fists instantly clashed together, and in a flash, a terrifying force erupted from where their fists collided, immediately causing Tan Guangfeng's face to change, and his entire body was forced back several steps by this huge force. Looking at Ji Feng, his body didn't even sway a bit, he was still standing firmly in place.

This was Ji Feng's intention to fight Tan Guangfeng hard, he wanted to let this old thing know that if they wanted to use this kind of sneak attack against themselves, they weren't qualified!

At the same time, Ji Feng also wanted to attract Tan Guangda, the eldest elder of the Tan family, to come over. Now the distance between Tan Guangda and Tan Guangfeng was a bit far, and if Tan Guangda turned to attack Zhang Lei at this time, Ji Feng's side would be distracted.

As expected, seeing how strong Ji Feng was, Tan Guangfeng's face changed, he gritted his teeth and pounced again with a loud shout.

"Old thing, go and make company with Tan Guangqiang!" Ji Feng drank, and at the same time, his leg lashed over in a lightning-like manner.

But Ji Feng's leg contained a powerful bio-current and was so powerful that Tan Guangfeng couldn't block it.

Stomp stomp stomp

Tan Guangfeng took a dozen steps backward in a row before he could barely stabilize himself, and the way he looked at Ji Feng became somewhat astonished and puzzled.

The strength of this young man was really beyond his imagination.

"Tan Guangfeng, go to hell!" Ji Feng let out another roar and violently attacked again.

Tan Guangfeng's face was suddenly grim as he fought furiously with Ji Feng, but Ji Feng was much stronger than him both in terms of speed and strength, so as soon as the two of them fought, Tan Guangfeng had been in a situation where he was being pressured, while he could only struggle to support himself and passively defend, and it was difficult for him to counterattack.

"Tan Guangda, if you don't come to help, you'll have to wait to collect the corpse of your family head!" Ji Feng pressed Tan Guangfeng at speed over and over again, while still shouting, "Old thing, Tan Guangfeng alone is simply not enough for me to clean up, so you should come along too!"

"Bastard, stop!"

As soon as Tan Guangda saw this situation, he roared in anger and instantly lunged towards this side.

In fact, the process of Ji Feng and Tan Guangfeng's fight was complicated to say the least, but in fact, it was only in a very short time that Tan Guangfeng's inferior position was already predetermined, so after Ji Feng shouted those words, Tan Guangda, who was originally planning to go and deal with Zhang Lei, only then did he sort of react.

Hoo~~!

As soon as Tan Guangda joined the battle circle, Tan Guangfeng immediately felt less pressure, and Ji Feng's attacks were not as intensive as before. The two of them immediately worked together in tacit agreement, and for a while, they actually fought Ji Feng on an even footing, and no one could defeat anyone in a short time.

But both of them firmly believed that Ji Feng, this youngster, this little beast who hadn't even grown his hair, definitely couldn't last that long, and he definitely didn't have that deep internal strength.

So, as long as they both persisted, then the one who would win in the end would definitely be them, and the one who would die would definitely be Ji Feng!

And because of this, the two of them were not in a hurry to make the ultimate move, they wanted to slowly grind Ji Feng to death!

However, Tan Guangfeng and the two of them did not know that by doing so, they were playing right into Ji Feng's hands, and the more they dragged on, the happier Ji Feng would be.

However, by the time Tan Guangfeng and Tan Guangda realised this, it was already too late.

In fact, from the time Tan Guangda joined the warring circle between Tan Guangfeng and Ji Feng, Ji Feng's plan had already been completed and these two old guys had already fallen into Ji Feng's trap

Besides, on the other side, Zhang Lei was in a fierce battle with those dozens of Tan family's sons and daughters.

One person beat dozens of the other, and there were many experts among them, which was a great pressure for Zhang Lei. But this could not be helped, as this was the Tan family's home turf, and there was nothing else here but a lot of Tan family members!

Therefore, if Zhang Lei wanted to settle the score with Tan Tianfeng, he had to press to defeat these Tan family's children.

At this time, the effect of the previous month of devilish training came to light. It was also because of the previous brutal training that gave Zhang Lei the foundation to win this battle.

..... One strike will kill!

This was one of the greatest results Zhang Lei had learned in the previous month. This one-hit kill move and fighting technique gave Zhang Lei full courage, and when facing dozens of Tan family's sons and daughters, he didn't have any fear at all, and directly charged headlong into the crowd and started his brutal fight!

A single blow would kill, or a single blow would kill!

If it was a one-on-one fight, none of these people would be Zhang Lei's opponent as long as they did not have an Innate Master. However, among these dozens of Tan Family's sons, there were some who were not too different from Zhang Lei in terms of strength.

Under such circumstances, surrounded by dozens of Tan family members, Zhang Lei's side was in danger.

Although he did not want to kill these Tan family members, he was not soft in his attack, and his killing technique was used to the limit of his ability.

The first thing you need to do is to get a good idea of what you are getting into.

In just a few breaths, seven or eight Tan family members had fallen at Zhang Lei's feet, and several others were lying on the ground moaning in pain, sucking in cold air!

Tan Tianfeng, who had not pounced on him, looked dumbfounded, his heart shocked beyond belief, but his face full of disbelief.

Was this the same little bastard who had been beaten by himself at Jiangzhou Airport and had no power to fight back?

One simply could not believe one's eyes!

One must know that among those Tan family's children who had been beaten by Zhang Lei, there were a few whose strength was comparable to Tan Tianfeng's, but as a result, they only lasted one move under Zhang Lei's hands, which was simply unbelievable!

“Bang~~!”

Zhang Lei grabbed a man’s hair and yanked it violently, the man tilted his head back as if by reflex, and Zhang Lei smashed his fist into the man’s ear, instantly knocking the man’s eyes out and knocking him out.

“Huffing~~huffing~~!”

After doing this series of actions, Zhang Lei seemed to be exhausted, he kept panting heavily, his face also seemed to be red from the strenuous exercise, his forehead was covered with sweat, but he braced himself and tried to calm himself down.

“Tan Tianfeng, come over here and let me abuse you!” Zhang Lei said arrogantly.

“Damn it!” Tan Tianfeng was furious and he growled at the top of his lungs, “Give me a fight, beat this bastard to death! He’s already tired and won’t be able to make it soon, go!”

Hula~~!

The other Tan family members, who had all been somewhat fearful, immediately pounced on them again.

“Bastard!” Zhang Lei gritted his teeth and knocked out a few more guys while roaring, “Tan Tianfeng, if you have the guts, come and fight me personally, relying on your men is nothing!”

Tan Tianfeng laughed coldly, “I don’t care to fight you, you can defeat these sons of our Tan family first!”

“Shameless!” Zhang Lei suddenly dodged a man’s fist and rammed directly into that man’s arms with a pad step, sending him flying against the wall while he cursed angrily, “Come here if you have the guts! I can squeeze you to death with one hand, you son of a bitch!”

“Curse, curse all you want!” Tan Tianfeng sneered from outside, “See how I’ll get you killed later!”

Hoo~~!

Zhang Lei had no time to talk to Tan Tianfeng, so he could only concentrate on the Tan family’s children who kept pouncing on him, and at the same time, he kept moving his feet to prevent himself from being surrounded by dozens of people, otherwise, even if he was strong, he couldn’t beat so many people.

Tan Tianfeng, on the other hand, was watching from the outside with a mixture of shock and fear, his face full of astonishment, his face changing.

It was really because, this Zhang Lei’s strength had grown too alarmingly.

Just a month ago, Tan Tianfeng was still able to abuse this guy at will, but now, this guy’s strength had actually reached such a powerful point, it was simply unbelievable!

Especially when he saw Zhang Lei deal with those people, all with one move, clean and ruthless, this made Tan Tianfeng a little afraid.

He asked himself, if he had gone up to fight Zhang Lei right at the beginning, he would have been the one to be defeated.

Tan Tianfeng was instantly infuriated, but did not dare to go and vent his hatred now.

So he had to borrow the hands of the other Tan family members to wear Zhang Lei down until he had no more strength, and then he would go up again.

Tan Tianfeng laughed coldly, "Hasn't your kung fu grown? I'll play wheel-to-wheel combat with you! Let you know that no matter what time it is, you are just a useless thing in Laozi's eyes, and I can abuse you as much as I want!"

"Huffing~~~" Zhang Lei's panting got louder and his movements slowed down, as long as those Tan Family's sons didn't attack him, he didn't even take the initiative to attack anymore, he just kept dodging, seemingly unwilling to fight Tan Family's sons directly.

Tan Tianfeng looked overjoyed, and he immediately shouted, "He's almost out of it, get a few more on board and pester him!"

At once, four or five more Tan Family's sons went up.

"Bastard!" Zhang Lei roared in anger, looking resentful, but those few guys were still put down by him, only this time, he didn't have that clean method, but took a few moves to injure those few guys.

By this time, there were only seven or eight of those dozens of Tan family members left. Zhang Lei, on the other hand, was even more tired, and his form was swaying a little!

Chapter 1144

By this time, those dozens of Tan family sons and daughters were only seven or eight left at this point. Zhang Lei, on the other hand, was even more tired, his form was swaying a little!

Tan Tianfeng's heart was overjoyed at the sight and he shouted in a panic, "Keep going, don't give him time to catch his breath, he won't make it here! Hurry up!"

At once, three more men pounced on him.

Zhang Lei's body kept swaying, but an imperceptible sharp aura flashed in his eyes. He fiercely clasped one of them by the shoulder and smashed his fist fiercely into that man's lower ribs, only to hear the sound of a click, and that man let out a muffled cry, and his whole body instantly fell down.

His ribs, however, were also broken in several places.

Bang Bang!

Zhang Lei took some more effort before he knocked out the remaining two guys, while his legs went weak and he sat on his butt on the ground, immediately he gritted his teeth again and hurriedly stood up, but that weak look was unmistakable.

"Get on a few more!" Tan Tianfeng shouted again.

At once, three more Tan family sons pounced on him, but this time they were also defeated by Zhang Lei without exception, but by this time, Zhang Lei was shaking a little and could barely stand anymore.

Tan Tianfeng turned his head to see that there were still two Tan family sons left around him, and then looking at Zhang Lei's staggering appearance, Tan Tianfeng immediately waved his hand, "Follow me!"

"Yes!"

Those two Tan family sons answered at the same time, and immediately, they pounced together with Tan Tianfeng.

However, if there were outsiders present to take a closer look, they would have noticed that although these two men had lunged together with Tan Tianfeng, Tan Tianfeng's movements were obviously slower, and the distance between them and Zhang Lei was less than ten metres, but when they rushed forward, Tan Tianfeng was already three or four metres behind.

"Drink!"

As soon as the first Tan family member came up, he was kicked in the chest by Zhang Lei's violent kick, followed by a whip kick that struck his thigh, and immediately screamed miserably as his whole body flew out and fell heavily to the ground, and after his body twitched a few times, he did not move.

Bang!

The next moment, Zhang Lei also flew straight backwards, falling on his back to the ground, and the fall made him muffled and seemingly dizzy!

As it turned out, that second Tan family member who arrived was taking advantage of the fact that Zhang Lei was tangling with the first Tan family member, and kicked Zhang Lei in the chest, knocking him down!

"Haha" Tan Tianfeng took a look and burst out laughing.

He didn't even think about it anymore, he violently accelerated forward, Zhang Lei had completely drained, no matter how strong he was, but now he was just a son of a bitch who was about to be ground to death, Tan Tianfeng could naturally go up and give him a severe beating.

"Damn it, I'm going to smash your face in this time!" Tan Tianfeng laughed loudly.

"Ah...!"

But at this moment, an incomparable miserable scream suddenly rang out, and that last remaining Tan family disciple was directly kicked by Zhang Lei and broke his leg, directly collapsing to the ground and screaming in agony.

Tan Tianfeng was instantly shocked, but by this time he had also reached the front.

Hoo~~!

Zhang Lei stood up violently, just face to face with Tan Tianfeng, who was rushing over and lurching, like they were less than 20 centimeters away from each other.

Suddenly, Zhang Lei, who was already weak and seemingly ready to collapse at any moment, suddenly grinned and revealed an odd smile. Looking at his eyes and demeanor again, where was there any semblance of fatigue?

“Son of a bitch, you’re the one I’m waiting for!”

Zhang Lei laughed heatedly and stared sorrowfully at Tan Tianfeng in front of him, “All your lapdogs have fallen, now, it’s your turn!”

“You, you’re not” Tan Tianfeng’s entire body was stunned, and for a moment he actually forgot what to do.

“I what I, Laozi was just lying to you!” Zhang Lei sneered, “Don’t pretend to be that way, do you dare to come up here? Can I catch you without taking care of your dog’s legs?”

Tan Tianfeng’s face instantly changed drastically as he roared, “Go to hell!”

Hoo~~!

He kicked out straight with a lightning-like kick, the speed of this leg was so fast that if an ordinary person didn’t even know what was going on, he might have been kicked away.

At the same time, he swung his big slap, flung his bladder open and slapped Tan Tianfeng’s face.

Slap~~!

This powerful slap hit Tan Tianfeng’s face without any reservation, immediately smothering him with a cry and causing his eyes to glaze over.

More importantly, this slap from Zhang Lei knocked away Tan Tianfeng’s pride and self-esteem, hitting him with such humiliation that he could not believe that he had actually been hit by Zhang Lei, by this thing he had always looked down upon?

“You dare to hit, huh?!” Tan Tianfeng looked at Zhang Lei in a dumbfounded manner, even forgetting to attack.

“Beat you up? Oh we’ve only just started, have you forgotten that you said you would smash my face in the beginning!” Zhang Lei shook off his hand and laughed, “At the same time I have to remind you that at the beginning I also said that what you gave me then, I will give back to you ten times a hundred times, now it is time!”

Tan Tianfeng’s face clouded over as a resentful and boundless light appeared in his eyes, “Bastard, I want you to die!”

“Snap!”

Without warning, another slap hit Tan Tianfeng’s face, Zhang Lei laughed heatedly, “If you want me to die, then don’t just say it without doing it, otherwise, I guarantee that in less than three minutes, your face will be smashed by me and your limbs will be broken by me or maybe five limbs too!”

Tan Tianfeng instantly roared, “Zhang Lei, I fuck you”

“Slap!”

Another loud slap hit Tan Tianfeng’s face, while also interrupting his angry curses, “Your face is still very sturdy well, it has not been smashed until now!”

At this moment, both sides of Tan Tianfeng's face were highly swollen, and two bright red palm marks surfaced, looking wretchedly messy.

"Zhang Lei!"

Tan Tianfeng stared at Zhang Lei with incomparable resentment and roared madly, "Zhang Lei, I'm going to kill you, kill you!"

Ever since he was a child, Tan Tianfeng had never been treated like this, but now Zhang Lei had humiliated him again and again, and this was even harder for him than killing him! So in this instant, Tan Tianfeng went crazy, he lunged towards Zhang Lei regardless of everything, pushing his inner strength to the limit.

He wanted Zhang Lei to die right away!

Zhang Lei also did not want to give way and directly met him.

At this moment, Zhang Lei's mind recalled Tan Tianfeng's arrogant behaviour outside Jiangzhou Airport, the humiliation he had given himself, the contempt he had shown him, Zhang Lei was going to give it all back to him, and he was going to double it!

"Ka-ching!" A sound.

The next moment, a miserable and incomparable scream came out of Tan Tianfeng's mouth, his arm, showing an abnormal twist, Zhang Lei had only used one punch to break Tan Tianfeng's arm!

However, at this moment, Tan Tianfeng's incomparably miserable scream alarmed Tan Guangfeng and Tan Guangda, who were fighting with Ji Feng fiercely next to him.

"Tianfeng!"

When Tan Guangfeng saw his son's miserable appearance, he was instantly furious and roared, "Little brute, stop!"

SMACK!

In response, his son received another fierce slap on the face!

"Family head, I'll wrap my arms around this little beast, you go and save Tianfeng!" Tan Guangda, the eldest elder, yelled.

"None of you will be able to get away!"

Ji Feng sneered as he suddenly increased the power of his attack, instantly causing the pressure on both Tan Guangfeng and Tan Guangda to multiply, these two joined forces, yet both of them were forced backwards by Ji Feng, threatening to lose their lives at any moment!

"Old thing, this is the good son you raised, since you don't discipline him, then we will do it for you!" Ji Feng shouted, and the attacks on his hands became even more severe, immediately causing Tan Guangda and Tan Guangfeng to struggle to cope with their hands and feet, narrowly brushing against Ji Feng's fists several times, causing them both to break out in a cold sweat.

However, they had to go and distract themselves from their son's situation, and were even less able to cope with Ji Feng.

"Little brute, be merciful!" When Tan Guangfeng saw that Zhang Lei had reached his son Tan Tianfeng again, he roared, "Do you have to become mortal enemies with my Tan family?!"

"Now it's not a mortal enemy?" Ji Feng sneered.

Bang~~!

Zhang Lei kicked Tan Tianfeng out, and the latter immediately let out another miserable scream.

"Ah...!"

Tan Guangfeng's hatred was so strong that he was about to go berserk, but Ji Feng's attack was simply too harsh and too strong, making it impossible for him to pull himself out, and even preserving himself was difficult, so he could only roar and roar!

On the other hand, Tan Guangda, the eldest elder of the Tan family, was getting more and more frightened the more he fought.

Ji Feng's strength was far beyond his imagination. He and the family head, Tan Guangfeng, were both innate experts, and they were among the top ranking experts in their ranks. But now, they were being pinned down and beaten by a brat, which would scare many people if they were to tell the world!

At this time, Tan Guangda also realised that these two people might have really been recruited by Tan Tianfeng, and not just because of the marriage of the Shen family's granddaughter.

But even if Tan Guangda understood, it was of no use, this man was simply too powerful, and it looked like he had no intention of showing mercy, there was no room for manoeuvre in between!

Tan Guangfeng, however, was so mad with hatred that he looked up to the sky and roared, "All the Tan family's sons and daughters, listen to the order, immediately go and ask the old family head to fight, my Tan family has encountered not a great enemy!"

"No matter who comes today, they won't be able to save Tan Tianfeng!" Ji Feng coldly snorted, "I'm still keeping you all now, just to show you how your good son is being disciplined! Later on, I will also show Tan Tianfeng what consequences he will bring to the Tan family by wantonly humiliating others!"

"Little beast, you are so determined, my Tan family will definitely not let you go" Tan Guangda roared.

Bang~~!

Ji Feng gave a downward leg chop with a raging bio-current, instantly slamming Tan Guangda to the ground, he stepped on it with one foot, the Qi wave rolled over, and the bio-current instantly rushed into Tan Guangda's body.

"Ah...!" Tan Guangda let out a miserable cry, "My internal power"

Chapter 1145

“Grand Elder,” Tan Guangfeng exclaimed.

“Family head, my internal energy is dissipating, I have no kung fu left!” Grand Elder Tan Guangda kept exclaiming, “Quickly ask the old family head!”

Ji Feng stepped on Tan Guangda’s back and fought Tan Guangfeng with only two fists, but he did not lose any ground and even pressed Tan Guangfeng so much that he could not lift his head and could only support himself bitterly.

“Little beast, why do you have to be so driven to extinction?!” Tan Guangfeng roared with grief and anger.

“That would be something to ask your son!”

Ji Feng laughed coldly, “You raised a good son who has done a good job!”

“Tianfeng, Tianfeng has been injured by you, two elders of my Tan family have been nullified, do you have to destroy my Tan family’s entire family?!” Tan Guangfeng roared in anger while being beaten back continuously by Ji Feng.

The two innate experts, the First Elder and the Third Elder, were scrapped in the blink of an eye, his son’s arm was broken and his face was swollen, which made Tan Guangfeng’s eyes split with rage and his hatred was almost frenzied. The Tan family had always been a powerful and powerful family, and everyone else had to look at the Tan family’s face to act, but had they ever been so oppressed?

“Little beast, you are bullying people too much, my Tan Family will definitely not give up on this!” Tan Guangfeng roared, “The old master of my Tan family is about to arrive, if you stop now it’s still too late,”

“Shut up!”

Ji Feng sneered and directly interrupted Tan Guangfeng’s words, “A big man, where’s all the nonsense! Tell you once more, today I’m here to kick in the door!”

“You,” Tan Guangfeng was furious, but before he could say anything, he was instantly beaten by Ji Feng’s several fierce attacks, and the rest of his words could only be swallowed into his stomach, unable to say a word at all.

On the other hand, Zhang Lei was unhurried. When Tan Tianfeng attacked frantically, Zhang Lei took advantage of the situation and threw a slap across the face, which immediately caused Tan Tianfeng’s eyes to glaze over and he had to be dazed for a moment to wake up. During his daze, Zhang Lei didn’t hit him and just waited for him.

He waited until Tan Tianfeng reacted and lunged at him in anger, before Zhang Lei continued to fight him.

If it were possible, he would really like to tear Zhang Lei apart right now, he would like to cut off all the tendons and hamstrings of this animal, he would like to castrate him, he would like to use the most vicious means to humiliate Zhang Lei in every way possible!

However, the truth was so cruel that Tan Tianfeng was almost broken.

Zhang Lei's toughness had far exceeded his expectations, and he realised that this fellow, who had never been looked at by him, had long since ceased to be the same Zhang Lei, much less the one that he could humiliate at will.

Now, he was actually much more powerful than himself!

The feeling of humiliation that he couldn't fight and couldn't hide, the feeling that he was being chased by Zhang Lei and had no way out of heaven and no way down, was worse than death!

This Zhang Lei, who deserved to be broken into pieces, was actually playing with himself like a toy!

Tan Tianfeng knew he couldn't beat Zhang Lei now, so he tried to escape, but before he could turn around, Zhang Lei had already blocked his retreat and kept beating him in such a circle that he really wanted to run headlong to his death!

"Zhang Lei! If you have the guts, kill me, kill me ah-!" Tan Tianfeng finally couldn't hold back, he just stood in place and immediately stopped making his move, just gnashing his teeth and staring at Zhang Lei with resentment.

"You say that again?" Zhang Lei said with a smirk.

"If you have the guts, kill old" Tan Tianfeng immediately roared and growled, his eyes red with that intense anger.

"Slap!"

A crisp slap sounded, and in the next moment, Tan Tianfeng's frantic roar came to an abrupt halt, as Zhang Lei used just one slap, instantly making Tan Tianfeng freeze.

"Ah...!"

The next moment, that extreme sense of humiliation was simply about to drive Tan Tianfeng mad as he roared miserably, "Zhang Lei, if you have the guts to kill me, what kind of skill is it to humiliate me like that?!"

"Didn't you once humiliate me like that too? Zhang Lei laughed: "Forget it? How did you humiliate me outside Jiangzhou Airport back then? To smash my face and to scrap my arm" Now that your face hasn't been smashed, how can I stop?!"

"Bang!" On this side, Ji Feng made a delicate little move in a row and instantly snapped Tan Guangfeng's collarbone, and with a flick of his wrist, the latter instantly let out a roar.

"Little beast, you're so cruel!"

"Hmph! The ruthlessness is still behind you!" Ji Feng sneered and smashed an elbow on Tan Guangfeng's kicking leg, immediately hitting the latter with a stagger, stomping backwards a few steps, and couldn't help but move his legs before he could stand still.

"Look, your old man is about to be killed, why don't you go over and help?" Zhang Lei looked at Tan Tianfeng with a smirk.

But Tan Tianfeng's face changed drastically, and he fiercely turned his head to look at his father, Tan Guangfeng, who was fighting furiously with Ji Feng. Sure enough, he found that his father was being beaten back by Ji Feng, defending himself in a wretched manner, yet he was still being hit from time to time, and a painful expression appeared on his face.

"See?"

Zhang Lei sneered, "Dear young Tan, this is the Tan family that you rely on, this is the Tan family that you think you have money and power and powerful force! Today, I will extinguish this pride of yours!"

"You" Tan Tianfeng roared, "Zhang Lei, Laozi and you are inseparable!"

"Slap!"

"I'll let you scream!"

Zhang Lei threw his hand and slapped him, the power of this slap was so great that it actually made Tan Tianfeng fall to the ground. However, at this moment, it was as if Tan Tianfeng had completely resigned to his fate, only staring at Zhang Lei with resentment.

However, he was not resisting.

"Tan Guangfeng, your son is about to lose his grip oh!" Ji Feng said as he pressed down on Tan Guangfeng and beat him.

"What the hell are you doing!" Tan Tianfeng, while passively defending himself, took a look at his son and was really angry and shocked as he roared.

"Retaliation!" Ji Feng shouted coldly, "Retaliate ten times a hundred times for what your son has done!"

"What exactly have you lost to do such a desperate thing!" Tan Guangfeng roared, "I can compensate you, feel free to ask for any conditions!"

Ji Feng sneered, "You can't afford to compensate!"

Bang!

At this time, Tan Tianfeng was once again kicked up by Zhang Lei, and then fell heavily on the ground.

"Ah...!" Tan Guangfeng roared in anger, "Tianfeng, stand up and fight with them!"

"Fight it out? Bravo!" Zhang Lei laughed loudly, "Tan Tianfeng, come again!"

"I was wrong!"

Just as Tan Guangfeng was almost going mad with indignation, an incredibly shocking scene appeared.

The young master of the Tan family, that towering and unbeatable Tan Tianfeng, kneeled down in front of Zhang Lei at once as he was about to strike again, begging bitterly.

"Don't hit, I beg you, don't hit anymore, I can't take it anymore" Both of Tan Tianfeng's arms were broken, his ribs were also broken, his face was even swollen high, blood was hanging from the corners of his mouth, his whole body was almost inhumanly beaten .

“..... “Zhang Lei was stunned, he immediately snickered, “This is begging for mercy? Where is your dignity? Where is your arrogance as the young master of the Tan family?!”

“It’s my fault, I shouldn’t have treated you like that, Jing Yi is yours too, I won’t argue with you!” Tan Tianfeng pleaded.

He was really being beaten too painfully, he couldn’t escape and couldn’t fight, so he could only take the beating so raw, the long time of extreme humiliation finally made Tan Tianfeng completely break down, he even cried out.

“Tianfeng-!” Seeing his son in this state, Tan Guangfeng almost exploded with anger, “Stand up!”

“Father, I really can’t beat him, I’m going to be killed by him!” Tan Tianfeng actually whimpered and cried, “What the hell do you want!”

“You bastard!” When Tan Guangfeng saw that his son was actually so spineless that he actually begged for mercy from his enemy on his knees, he was so angry that his eyes went black and he almost fell down head first.

Bang!

Ji Feng seized the opportunity and kicked Tan Guangfeng, the latter instantly fell to the ground and spat out a mouthful of blood with a wow sound, however, his face was pale as he looked at his son with disappointment in his eyes.

“..... Shit!”

Zhang Lei couldn’t help but shake his head slightly, “When Laozi was inferior to you in kung fu, he didn’t even give in half-heartedly, now you can’t hold on for a bit and wait for your old family head to come over?”

Tan Tianfeng also ignored it, and just knelt on the ground and cried with a headache, as if he had been greatly aggrieved.

“Bastard!”

Tan Guangfeng fell limp on the ground, cursing angrily, not knowing whether he was cursing Zhang Lei and Ji Feng, or his son Tan Tianfeng. Only, the pain and disappointment in his eyes was unmistakable.

Seeing this scene, both Ji Feng and Zhang Lei couldn’t help but shake their heads as well, and the two of them came together, snorting at the same time.

“Just such a thing, relying on his family background and the fact that he knows some kung fu, he actually dares to be untouchable outside!” Zhang Lei shook his head, “I’ve actually been given a beating by such a thing, what a damn shame, a lifetime of shame!”

If this Tan Tianfeng was an expert, a man with a backbone, then Zhang Lei wouldn’t even feel so humiliated if he got beaten up, but it was such a dog-like thing that actually had to smash his face!

“What’s all this, a martial arts master?!” Zhang Lei snorted with laughter.

Ji Feng also couldn't help but shake his head and said, "But regrettably, there are many such people on the other hand, and if we don't have kung fu, then we can only be bullied for nothing"

"Forget it, let's go, if I had known he was this damned way, I wouldn't even have come to the Tan family" Zhang Lei shook his head helplessly.

Ji Feng, however, narrowed his eyes and said indifferently, "I'm afraid someone won't let us go yet!"

Zhang Lei immediately turned his head and looked over, and saw a group of people in the distance who were running wildly

Chapter 1146

Looking from the direction of Ji Feng and Zhang Lei, I only saw a group of people were coming over quickly, a few of them were very fast, almost running wildly all the way here.

"The real experts are here!" When Ji Feng saw these people, he raised his eyebrows.

"What about it?" Zhang Lei asked in a deep voice.

Ji Feng pointed at the few people who were following behind him and said in a low voice, "See, these few people are definitely experts, look at their steps carefully, a few steps each the same distance and very regular, and then look at their aura, such people must have not weak strength."

"What about the few guys in front?" Zhang Lei asked.

There were a few people who were very fast, they were running at the front, and they were all aggressive, looking like wolves and tigers, looking very unusual.

Ji Feng laughed, "Don't look at these few people running fast and think they are experts, look at them, their footsteps are weak and their body swing is a bit wide, they are definitely not as strong as you!"

Zhang Lei immediately followed what Ji Feng said and observed carefully, he couldn't help but nod his head and said, "You don't say, it's indeed true, if those guys in front were in front of me, I'd be sure to put them down within one move!"

"Who are you, why do you want to come to my Tan family to cause trouble!"

Just as Ji Feng was taking the opportunity to point out Zhang Lei, a loud shout came from afar.

Zhang Lei immediately frowned, "These people speak, why are they so sour? Do they really think they are ancient warriors? It's really funny, these people live in villas and enjoy modern life, but they still think they are traditional aristocrats and superior in every way, even their speech is biting and chewing, it's really laughable!"

Ji Feng lost his smile, however, Zhang Lei's words were also somewhat true, there are some people, just one word is enough to describe them completely – pretend!

These people are just pretending!

If you want to practise, deep mountains and the harshest natural environment are the best way to train people. If these people were really ancient warriors, then they should not live in such comfortable villas, but should go to the wilderness to suffer.

But these people are good, they think they have a bit of kung fu, so they must be a class above others, they are living in a completely modern society, but still insist on applying the rules of that cold weapon era to others This is straddling the two civilizations of modern and ancient times.

..... No wonder Zhang Lei couldn't look at them.

However, at this time, Tan Tianfeng, who was kneeling on the ground and whimpering, just saw a group of people coming quickly in the distance, and he immediately stared, and then, a look of ecstasy flashed from his eyes.

Tan Tianfeng seemed to have forgotten his pain and his crying stopped abruptly, but he just looked straight at the group of people coming in the distance, hoping that they would arrive soon.

At this time, Tan Tianfeng even hated the manor for being so vast. If the manor had been smaller and the old family head had lived closer, the old family head would have arrived when he was just being beaten up, and he would not have been beaten so badly by that bastard Zhang Lei.

When he thought of being beaten up, Tan Tianfeng immediately reacted to the fact that he was still kneeling on the ground.

"Hiss...!"

He immediately gritted his teeth and was about to stand up, but this movement tugged at his injury, and he immediately drew a sharp breath of cold air in pain, muffled a sound, and knelt on the ground again at once.

"Pah!" Zhang Lei slapped Tan Tianfeng on the head and shouted, "Kneel down! If you dare to move your legs again, I'll break them for you!"

"You"

Tan Tianfeng had some courage again, but remembering how fierce Zhang Lei had been just now, he dared not speak out in anger, but only secretly fierce in his heart, "Just be arrogant, when the old family head comes over, I'll see how you die, if I don't get you killed then, my name won't be Tan Tianfeng!"

However, Tan Tianfeng did not notice that not far from him, his father, Tan Guangfeng, was lying limp on the ground, looking at him with a disappointed face, his eyes filled with a strong look of disappointment.

This was the son he valued the most!

His eyes were so high above the ground but he had taken the risk of inviting a great enemy for the family, and now, after being beaten up like this, he had actually knelt down and begged for mercy, losing face and even disgracing the entire Tan family.

At this time, seeing the old family head and the others rushing in, Tan Tianfeng began to be domineering again, this kind of son would be better off without!

“Tan family, also deserve this calamity, who let me raise such a son?!” Tan Guangfeng’s face shook his head bitterly, the good son he raised ah, actually invited such a strong enemy to the family, this is simply to bring the whole family to the gutter ah.

Regarding Ji Feng and Zhang Lei’s toughness, Tan Guangfeng really didn’t know what to say anymore, he used to think that his son Tan Tianfeng was a genius with superb talent, but now that he looks at these two young men, he realizes what it means to be a real genius!

“I’ve really raised a genius son, what a genius, so many people outside don’t mess with them, but to mess with such strong people!” Tan Guangfeng really hated to strangle his son to death.

This was a real bastard!

“Stomp, stomp, stomp ……” A rush of footsteps came as the group of people from the Tan family arrived.

There were about fourteen or fifteen people in this group, among them were three or four old men, as well as a dozen young men. Of course, strictly speaking, those couldn’t be called young men, they were almost all over thirty years old, and all of them looked incomparably tough.

What caught Ji Feng’s attention was one of the old men whose hair was already completely white.

However, this old man was red-faced, his face had few wrinkles and his body was straight, not at all similar to that of an old man of the same age, it could be said that he was a crane-haired boy.

This old man’s temples were also raised high, and he was a true expert of the internal arts at first glance.

Apart from this old man, several other old men did not look old either. However, after these few old men swept a glance at the scene in this vicinity, and then looked at Ji Feng and Zhang Lei, their faces all became gloomy.

As for the dozen youths, they were even staring at Ji Feng and the two of them with unkind eyes, looking as if they might pounce at any moment!

“Who are you people? Why are you coming to my Tan Family to fight?” The old man in the lead frowned and asked in a deep voice, “I don’t think my Tan Family has offended you two in any way, right?”

“Bullshit!”

Zhang Lei snorted, “Didn’t offend us? Then why do we have to come to your powerful Tan Family to look for trouble?”

“Old family head, make sure you don’t let them off the hook!”

At this moment, Tan Tianfeng, who was kneeling on the ground, suddenly shouted harshly, “These two bastards are bullying people too much, they have defeated the Eldest Elder, injured my father and me, Old Clan Master, all the Elders, do something for us!”

“We bullied people too much?!”

Ji Feng snorted and turned his head to look at Tan Tianfeng who was kneeling on the ground and said in a cold voice, “Tan Tianfeng, you’re the one who can do it, huh? Do you dare to tell us the cause of what happened?”

The old man at the head of the group instantly had a sullen look on his face and said, "No matter what the reason is, you two came to my Tan family to fight and hurt our people, today, you all have to pay for it!"

"Look at"

Zhang Lei looked at Ji Feng and snorted, "I told you, you don't need to talk nonsense with these people, their families are all of this kind of virtue, whoever has a hard fist has the sense!"

"This is the so-called upper beam is not right and the lower beam is not right!" Ji Feng nodded with emotion, took a step forward fiercely and instantly kicked out.

Bang!

Tan Tianfeng, who was kneeling on the ground, was sent flying by Ji Feng's kick, and the latter instantly let out a miserable scream.

"Bastard!"

One of the old men instantly surged in stature and fiercely took a step forward, catching Tan Tianfeng with one hand, however, as soon as his hand touched Tan Tianfeng, a huge force suddenly came from absolutely Tan Tianfeng's body, he instantly changed his face slightly, and his entire body took two steps backwards before he caught Tan Tianfeng next.

"Good kid, you really have some tricks up your sleeve!" The old man looked at Ji Feng in amazement, "No wonder he dares to be so arrogant, so he really has two tricks."

"Not just two strokes, I have many more, why don't you come over and try?!" Seeing the attitude of these old men, Ji Feng didn't bother to talk nonsense with them, just as Zhang Lei said, the people of this Tan family were used to being strong, reason didn't make sense here.

Since reason wasn't taught, then let's talk about fists!

"Good! Surely you have the guts!" That old man sneered, "But don't be too arrogant, little beast, don't think that just because you have some kung fu, you dare not put other experts on"

"In a word, fight, or not!" Ji Feng impatiently interrupted him directly, "Don't talk so much nonsense!"

"You"

The old man was instantly furious and nodded heavily, "Good, good!"

He violently collapsed a step forward and reached out his hand to grab towards Ji Feng, looking like he actually wanted to take Ji Feng down with one hand!

"Elder, no!"

Tan Guangfeng, however, shouted, "This little beast is too powerful, beware!"

"Humph!" The old man, however, coldly snorted in disdain, "How powerful can a hairy boy be? I think it's because you are too useless, giving the Tan family to you is really an overestimation of you!"

Before the words left his mouth, his hand bent violently, like an eagle's claw, and once again grabbed towards Ji Feng's throat. This move was so severe and fast that if Ji Feng was caught by him, he would definitely be seriously injured, or even killed there.

"The claws are chopped up for you!" Ji Feng's eyes flashed with cold light, the old thing was so ruthless, how could he be polite.

In a flash, Ji Feng backhanded and slapped it over, while pushing the bio-current in his body to the extreme, this slap, can be said to be Ji Feng's fullest slap apart from the true qi whip!

Bang ~~~~ slap!

The next moment, that old man's eagle claw was directly slapped by Ji Feng, the old man's body suddenly shook and his arm went limp, his eagle claw was actually slapped directly on his face by Ji Feng.

The old man's body suddenly shook and his arm went limp.

The fall was a clean one!

Chapter 1147

Silence in the room! Deadly silence!

No one had expected that the previous generation of Tan Family elders, an immensely strong expert, would be slapped to the ground by such a brat of about twenty years old.

What's more, in such a humiliating and furious manner!

This really gave the people present a great shock, except for Tan Guangfeng and the others who already knew beforehand of Ji Feng's terror, there was no one else who was not shocked!

He had been practising internal martial arts since he was a child, and his profound kung fu was so profound that the second generation of elders could not even hope to compete with him, and even the current family head, Tan Guangfeng, was afraid that he was no match for him.

Even the current head of the family, Tan Guangfeng, was no match for him. According to reason, such a strong expert would never be defeated in one move, even if he was unable to defeat his opponent.

But the facts before one's eyes were so dumbfounding.

This young man of unknown origin had used the most violent and powerful method, and at the same time the most direct method, to break the elder's Eagle Claw Kung Fu with a single slap, and at the same time, he had also slapped him extremely loudly.

This slap not only hit that elder's face, but also his heart and the hearts of others.

This was a previous generation elder of the Tan family, one of the few supreme experts in the family, and he was slapped on the ground like that?

..... was simply unbelievable.

In particular, the dozen or so young sons and daughters of the Tan Family who had followed the Tan Family's old family head and those elders were most shocked.

The elder who was knocked to the ground by this young man's slap had a very high prestige in the Tan Family and was extremely terrifyingly strong. It was said that many years ago the Tan Family had once clashed with another family and dozens of Houtian martial artists and even an Innate expert from the other side had attacked this elder together.

However, with such a strong force from the other side, they were all routed by this elder, and none of them could even escape, the Houtian martial artists were nullified and that Innate expert was killed by him!

It was that battle that established this elder's prestige and status in the Tan family. Of course, it was also because of the strong performance of these Tan family elders that the Tan family became even more prosperous.

Moreover, they were among the top experts in the ranks of Heavenly Masters!

But now, this Elder of the previous generation, who had once shocked the Jianghu, had been slapped to the ground by a young man!

This huge shock made everyone present unable to help but be dizzy, as if there was a feeling of unreality, it was like a dream, was it because they had not slept well last night, so now they were hallucinating before their eyes?

Ji Feng shook off his hand, as if to get rid of the dust on his hand.

"Look, what do we have to say about this!" Zhang Lei snorted next to him, "Reasoning with you guys, but you didn't listen, now what? Tsk This slap is probably hard enough, but how come your face wasn't smashed? Great Kung Fu!"

"Well!"

That old man let out a stifled cry and stood up with a blue face and gritted his teeth, staring at Ji Feng and Zhang Lei with both shock and resentment, but he didn't dare to make another rash move.

"Who the hell are you people?!" At this time, the old man at the head of the group then couldn't help but grimly ask in a deep voice.

He found that things did not seem to be as simple as he had imagined.

These two young men who looked so unremarkable would actually have such strong combat power?!

"Isn't it a little late to think of asking what we are?" Ji Feng glanced at him, and then he fiercely stepped forward and stomped on Tan Guangfeng's body.

Poof~~~!

Tan Guangfeng immediately threw back his head and spurted out a mouthful of blood, his whole body bent like a shrimp with the foot Ji Feng stepped on him as the centre, his whole body was even shaking, a look of despair appeared in his eyes.

“Stop it!”

The old man at the head of the group roared angrily, and then snapped his palm over like lightning, the harsh palm wind, which actually had a vague air-breaking sound!

Ji Feng so did not want to give way, also backhanded a punch out.

Bang~~~!

This palm and fist instantly clashed together without reservation, and a low muffled sound immediately rang out and stirred.

Stomp stomp stomp

The two of them both involuntarily took a few steps backward. Ji Feng left Tan Guangfeng at once, and he pulled Zhang Lei backward by four or five meters at the same time, which stabilized his body.

The old man, on the other hand, likewise took six or seven steps backwards, and was supported by the son behind him, before he was able to stabilize himself.

“Crazy man!” Zhang Lei held Ji Feng’s arm, and his hand squeezed hard without a trace. He was reminding Ji Feng that it was not time to retreat?

Ever since he knew Ji Feng, Zhang Lei had never seen Ji Feng in such a mess, to be shaken back several steps by an old man’s palm, it was obvious that this old man was definitely a master, and a master whose martial arts skills were probably not below Ji Feng’s!

Ji Feng, however, pushed his hand away and stared intently at the old man as he said in a deep voice, “There really is an expert in the Tan family!”

That old man, however, after stabilizing himself, hurriedly came to Tan Guangfeng, lifted him with one hand and asked, “Guangfeng, how are you?”

“Father, father my kung fu power has been nullified!” Tan Guangfeng said with a miserable white face, “Not only me, but also the Grand Elder and is Third Elder”

“Old family head, the second generation of our Tan family is almost wiped out by these two brutes, you must take revenge for us!” At this time, Tan Tianfeng, who was lying on the ground, roared in pain, “To kill them!”

“Don’t worry, good grandson, grandfather will do it for you!” The old man at the head of the group nodded with a grim face and said in a deep voice, “Someone, take the family head and the Grand Elder, as well as Tianfeng and the others down to heal their wounds! Also, seal off the entire Tan family compound, no one is allowed to enter or leave, or else they will be killed!”

“Old family head, I want to stay here, I want to see those two little beasts beaten to death with my own eyes!” Tan Tianfeng shouted.

The old family head of the Tan Family pondered for a moment before nodding his head and saying, “Fine, then grandpa will settle these two little beasts as soon as possible to avenge your deaths!”

At those words, those few Tan family children then quickly brought a few chairs from the villa, allowing Tan Guangfeng, Tan Guangda and Tan Tianfeng to sit on the chairs.

“Don’t give him chairs!”

Tan Guangfeng suddenly gathered all his strength and roared, “Throw that little beast to the ground and let him fend for himself!”

Several of the Tan family’s sons and daughters couldn’t help but be slightly stunned as they realized that it was his son, Tan Tianfeng, who Tan Guangfeng was looking at with that angry gaze!

“Family head

“This is an order!” Tan Guangfeng shouted in a weak, low voice.

“..... Yes!” Those few Tan family sons immediately placed Tan Tianfeng on the ground, and only then did several of them leave in confusion.

“Father, what are you doing to me like this?” Tan Tianfeng was stunned, he looked at his father, Tan Guangfeng, incomparably shocked, “I’m your son, you don’t take me for those two little beasts, do you?”

“Guangfeng, let’s talk about family matters later!” The old family head of the Tan family also spoke up.

“Father, the Tan family is having such a great tribulation today because this little beast Tianfeng invited it!” Tan Guangfeng said angrily, “He even knelt down and begged for mercy just now, my Tan Family, has no such descendants!”

“Let’s settle these two little beasts first before we talk about anything else!” The old family head of the Tan family, however, was extremely protective of Tan Tianfeng, and it could be seen that he liked this grandson very much.

Ji Feng and Zhang Lei, however, had been watching with cold eyes, it was obvious that this Tan Family’s old family head did not put the two of them in his eyes at all, he was issuing orders and dealing with family matters here, he really had the manners of a generation of family heads!

And at this time, Ji Feng was actually deliberating quickly in his mind.

Ever since he had a single move with this old guy, Ji Feng immediately understood that this was an absolute expert, and, Ji Feng wasn’t even completely sure that he could beat him!

Although Ji Feng had bio-current and the true qi whip that Shen Wanzhen had spoken of. However, this old family head of the Tan family had likewise not exerted his full strength, so Ji Feng didn’t know what kind of tricks this old man actually had.

At least, from the looks of things, Ji Feng and him were at most evenly matched!

After arranging everything, the old family head of the Tan Family then turned his head to look at Ji Feng and Zhang Lei and said in a deep voice, “You two little brutes, coming to my Tan Family to fight for no reason and continuously injuring so many people in my Tan Family, today, I will kill you both alive!”

“For no reason?!”

Zhang Lei was exasperated, "Old dog, can't speak human, you can shut up and don't bark here!"

Ji Feng, however, swept him a glance and said indifferently, "In that case, there's nothing more to say All the Tan family's innate experts, come to me, Lei Zi, leave the others to you!"

"Haha"

Zhang Lei laughed loudly with grandeur, "No problem, today we two brothers will fight side by side and sweep these bastards away!"

"Good! Good!"

The old family head of the Tan family nodded with a grim face, waved his hand, and said, "Block their retreat!"

Hula~~!

Those dozen Tan Family's sons and daughters immediately surrounded both Ji Feng and Zhang Lei with an aggressive manner, as if they might pounce at any moment and exterminate Ji Feng and Zhang Lei here.

"Don't show any mercy when you strike!" Ji Feng's face was calm as he looked at those Tan family's children who surrounded himself and Zhang Lei and said indifferently, "Use all those fighting techniques I gave you"

These people are definitely not comparable to ordinary Tan family's children, and with Zhang Lei's strength, in the face of so many people, if he didn't give his full strength, I'm afraid he would soon be drowned here.

And Ji Feng's gaze, at the same time, also looked at the Tan family's old family head

Chapter 1148

"I've seen many geniuses throughout my life, but this is the first time I've seen a genius like you who was able to reach such an achievement in his early twenties!" The old family head of the Tan family took a step towards Ji Feng and said in a deep voice, "But today, I have to destroy a genius with my own hands"

"If you want to fight, just fight, don't talk so much nonsense!" Ji Feng directly interrupted him, "It's not certain who destroys whom!"

"Good!"

The old family head of the Tan family immediately shouted, "Destroy them!"

Hoo~~!

His words had only just left his mouth when Ji Feng instantly made his move, since they were at a disadvantage now and this Tan Family was so strong, then there were no rules to be followed.

Bang!

A Tan family scion was instantly stepped on by Ji Feng, these Houtian martial artists, even those at the peak of Houtian, couldn't even walk a single move in front of Ji Feng, this scion likewise couldn't.

"Poof!" Ji Feng kicked the son's chest, instantly sending him tumbling out on the ground.

Bang, bang, bang!

Ji Feng didn't even have the slightest intention of stopping, attacking continuously, coming up with three more Tan Family's sons being put down, and in a flash, there were only seven or eight of those dozen Tan Family's sons left.

"Die!" Seeing this, the old family head of the Tan Family roared in anger and lunged towards Ji Feng, with several other old men following similarly.

Ji Feng was simply too powerful, so naturally they couldn't let Ji Feng destroy the family's children like that again.

This was exactly what Ji Feng had in mind, he had wanted to draw all these innate experts over so that he could share the pressure on Zhang Lei, and the current situation was naturally the best.

"Give me the middle!" Ji Feng shouted, a small movement connected, his body stuck to the body of a Tan family's son, breaking the man's sternum with an elbow, and his body slammed, instantly carrying him away.

Without stopping, he once again rushed towards another Tan family scion. By this time, the Tan family's old family head and several other old men, who were already seething with rage, combined their efforts to surround Ji Feng and prevent him from having another chance to attack the other scions.

The remaining Tan family sons, however, were horrified and scrambled far away, only attacking Zhang Lei.

Ji Feng was too terrifying, putting down five or six people in the blink of an eye, which made them almost scared out of their wits, not daring to fight with Ji Feng at all.

For a while, this courtyard was divided into two battlefields, with Ji Feng alone fighting four innate experts, while Zhang Lei was in a fierce battle with those six or seven Tan family sons.

As soon as he was surrounded by these four Xiantian experts, Ji Feng's pressure suddenly increased.

Even in a single head-to-head fight with these four Xiantian experts, Ji Feng would have to struggle slightly, not to mention the presence of the Tan Family's old master, a supreme expert, which made it even more difficult for Ji Feng.

"Little beast, you'll leave your life here today!" An old man roared. The attack on his hand was overwhelmingly severe, and he forced straight towards Ji Feng quickly.

"Then I'll finish you off first!" Ji Feng shouted, no longer holding back in the slightest, the bio-current in his body was pushed to the extreme as he attacked like lightning.

However, just at that moment, a strong wind came from behind him, overwhelmingly strong.

"Damn it!"

Ji Feng roared in anger and fiercely dodged sideways, his attack was just defused, he didn't have a chance to play it out at all, which made him stifled beyond measure.

Ever since he had practiced body building exercises, Ji Feng had never really been so stifled.

However, now that there were four Xiantian experts around him, he was under immense pressure and simply could not have enough cushion to attack.

However, although Ji Feng was under extreme pressure, he fought with those four people without losing any ground, and just directly fought with the four Xiantian experts of the Tan family.

The battle between the five was so intense that every punch and kick they threw was extremely terrifying, as the battle had reached a fever pitch and no one dared to hold back. If they were not careful, they might end up dead on the spot.

On the other hand, Zhang Lei was also struggling to fight. These six or seven Tan family members were different from ordinary Houtian martial artists, and their strength was extremely strong, so even if Zhang Lei kept using the one-hit kill technique, he could only slightly gain the upper hand.

However, if Zhang Lei wanted to defeat them, he would still need time.

He would have to wait until they were all tired before his one-hit kill technique could be used to its maximum effect and he would have a chance to win!

But unlike the battle on Zhang Lei's side, the battle between Ji Feng and those four Xiantian experts was getting more and more intense. They were all absolute experts, and victory and defeat would only be distinguished in a very short moment, plus all four of them were very strong, so they were all fighting faster and faster.

At the end of the day, even Tan Guangfeng and the Grand Elder, who were watching the fierce battle from the side enduring their pain, were shocked beyond belief.

It was because they couldn't even see the movements of Ji Feng and the others clearly anymore, all they could see were just the fast flickering figures of a few people.

"Little beast, I'll send you to hell!" An old man suddenly shouted, only to see him violently grabbing Ji Feng's wrist, and then, his arm actually bent strangely, as if it was a rattan, wrapping around Ji Feng's arm, while his knee ruthlessly hit Ji Feng's chest.

Boom~~!

Ji Feng was not surprised at all, as a powerful force suddenly erupted from his arm, instantly shaking away the man's arm, while fiercely turning sideways and rolling on the ground.

Hoo~~!

An incomparable strong wind just pressed against Ji Feng's back and brushed past, but this strong wind did not lose its momentum and struck heavily on the old man who had wrapped his arm around Ji Feng before, colliding with the old man's knee that he had brought up violently.

Bang~!

Both the old man who was wrapped around Ji Feng and the man who was attacking behind him both let out a stifled cry and shook their bodies at the same time.

In an instant, Ji Feng, however, dodged the attacks of the other two and leapt up fiercely high, kicking the two previous old men away with a single kick.

Bang Bang!

Ji Feng's strength was so terrifying that the two old men were instantly kicked away, their sternum broken, and they fell heavily to the ground, seriously injured.

It was such a harsh and terrifying move between high fighters that sometimes only one move was needed to decide victory or defeat, or even life or death!

In the blink of an eye, half of the four Xiantian experts who had fought intensely with Ji Feng were lost, leaving only the old family head of the Tan family and another Xiantian expert.

As for the two from before, they were the ones who started to spit blood heavily. Those two kicks from Ji Feng, were they not that easy to bear?

"Old man wants your life!" Seeing this scene, the old family head of the Tan family was so angry that he almost exploded, he roared in anger and one fist blasted out so violently that it stirred up a wave of Qi that was hard to see with the naked eye!

Ji Feng's face instantly changed as he sensed something unusual – an outward flow of true qi!

The old family head of the Tan family was actually a supreme innate expert who had reached the realm of true qi outflow!

"Go to hell!"

The old family head of the Tan family roared, and his fist instantly reached Ji Feng's chest.

"The one who deserves to die is you!" Ji Feng similarly shouted, and in his haste, he violently released bio-currents and struck out with a palm, colliding with the Tan Family Old Master's fist.

Bang!

A dull sound stirred out, and Ji Feng and the Tan Family's old family head jerked back two steps.

Again, they were evenly matched!

But from this point on, it could be seen that Ji Feng was in fact still slightly superior, only because the Tan Family's old master had launched his attack suddenly, while Ji Feng had met him in haste, but they were also evenly matched.

However, even though Ji Feng's strength was slightly higher, at this time, this line could not determine anything, because there was still a Xiantian expert next to him!

Before Ji Feng could stabilise his stance, that other Innate expert attacked fiercely, and Ji Feng was in a hurry to counterattack.

“Little beast, take another move from me!” The old family head of the Tan family was also stunned beyond belief, since he was actually able to follow this desperate attack of his, how strong was this little beast?

But when he saw that Ji Feng was being forced to fumble by the other old man, he instantly knew that his chance had come and instantly launched another attack.

“What a shout!”

Ji Feng shouted angrily and fiercely dodged, his speed was so fast that if that Sasaki of the Kaitou Yamaguchi Group had been present at the time, he would have been stunned to discover that the footwork Ji Feng had just used was learned from Sasaki’s ninja step!

In a flash, Ji Feng staggered past the old family head of the Tan family and ruthlessly threw a fist at an old man two doors down.

The latter dodged fiercely, but managed to avoid Ji Feng’s fist, but suddenly found a cold light flashing in Ji Feng’s eyes, followed by a fierce blast from Ji Feng’s fist. But even with his arms straightened, his fist was still a good ten centimeters away from the old man!

“The little beast has been beaten silly?!”

The old man cursed and was about to take the opportunity to counterattack.

But the next moment, he suddenly felt a force so terrifying that it ruthlessly blasted at his chest.

Whew~~!

The old man’s body flew straight backwards and with a poof, he spat out a mouthful of blood.

“Old me also knows how to exude true qi!” Ji Feng’s cold laughter, which reached his ears, caused him to be so angry that he could not help but spit out a mouthful of blood once again, and his entire body directly passed out.

This sudden punch from Ji Feng caused the old family head of the Tan family to be stunned for a moment, while Ji Feng was already looking at him.

“Old dog, you’ve been pressing me to fight, now that all the obstacles have been cleared, it’s time for us to have some fun!” Ji Feng let out a fierce laugh and walked over with big steps.

The Tan family’s old family head suddenly had a stony face, he then suddenly realized that unknowingly, the other three elders, were actually all knocked out of the fight one by one by this little brute!

..... each one of them!

“Show your full strength, otherwise, the Tan family will be removed today!” Ji Feng bellowed.

Chapter 1149

The old family head of the Tan family stared at Ji Feng with a deadly gaze, his eyes incomparably grave.

He knew that he had met someone high today. This little brute's strength was frighteningly high, it was really out of his expectation!

Originally, in the Tan Family's old family head's opinion, no matter what kind of person came to cause trouble, it was something that could be easily dealt with, even if the other party was an innate expert, it could still be easily cleaned up.

Even if the other party was an innate expert, he could still easily take care of it. He was not an ordinary innate expert, but a top-level innate expert who had reached the realm of true qi release.

If it weren't for this, the Tan family would not be where they are today in the jianghu!

However, the old master of the Tan family did not expect that this little beast in front of him had actually reached the realm of true qi outflow!

This was really troublesome, ordinary experts were really unable to deal a blow in front of martial artists of this realm, and were simply no match for them.

In other words, in the entire Tan family, he was the only one who could really deal with this little beast.

He couldn't go on like this, the Tan Family's old master's mind turned rapidly, and in a flash, he shouted, "Summon all the Tan Family's sons and daughters immediately!"

"Yes!"

At once, one of the Tan Family's sons who was besieging Zhang Lei violently drew away and hurriedly ran towards the other villas.

These sons and daughters were already extraordinary, plus Zhang Lei's roots were still shallow and his time practicing body building exercises was still very short, so it was already very good for him to be able to deal with those Tan family sons and daughters, it would be impossible to trap all of them.

Ji Feng also paid no attention to that Tan family's son at all, he just stared straight at the Tan family's old family head.

Frankly speaking, this was the first opponent that Ji Feng had encountered that could match him evenly, moreover, this old thing was very tricky, not only did he have deep internal strength, but he also had a long breath, he was not at all like other martial artists that could kill someone just by consuming!

In this way, it would be somewhat difficult to exterminate the Tan family today.

But the more this happened, the more Ji Feng's heart surged with a high and stirring fighting spirit!

Isn't it just an innate expert of comparable level?

Ji Feng fiercely stepped forward and shouted, "Old dog, go on!"

"Good! What if I destroy a genius today?!" The old family head of the Tan family also stepped forward at the same time and once again fought furiously with Ji Feng.

This time, the two of them were really fighting hard. They both knew very well that they had met their match today, and since they had both reached this level, the usual underhanded moves would not be of

any use at all, and now the final decision would only depend on who had better kung fu and who could last until the end.

However, the old master of the Tan family was not worried at all, because he knew very well that this was the Tan family, his home turf, and one of the Tan family's sons had already gone to call for someone.

Once the Tan family's sons and daughters came, then just by using the sea of people, they could grind Ji Feng to death, not to mention that there was the Tan family's old family head next to him to press the battle!

This was what the Tan family's old family head had in mind, and at the same time, this was where his confidence lay.

At the same time, this is the reason why few people go to other people's homes to kick in the door without a certain degree of certainty, even if you are strong, but you can't resist the siege of others, not to mention, Ji Feng is still coming directly to destroy other people's families, how can the other side not have the whole clan mobilised?

Even though Ji Feng hadn't killed a single person since he entered the Tan family, he had nullified the kung fu of several Xiantian experts of the Tan family with the flip of his hand, and injured an unknown number of people, which was definitely more unbearable than killing them!

Of course the Tan family was going crazy!

But Ji Feng was not afraid of their madness, since they were unreasonable, then they would be fists well!

From the very beginning, Ji Feng had this idea in mind, no need to say more than half a word of nonsense, one word – war!

Ji Feng and the old family head of the Tan family kept fighting furiously, seeing that another Tan family member who was surrounding Zhang Lei was knocked down, the old family head of the Tan family suddenly looked astonished and suddenly became even faster, continuously attacking the vital parts of Ji Feng.

However, to Ji Feng, this was child's play. He himself was the real expert in attacking vital areas, and all of them were completely one-hit kills, so this old man's attacks, on the contrary, were a little bit of a sacrifice.

You know, the most powerful thing about this old man should be his routine, as long as one move hits Ji Feng, then the following is a continuous attack.

However, in order to force Ji Feng back, the old family head of the Tan family actually gave up his good routines and fought with Ji Feng, which was like attacking the enemy's strength with his own shortcomings.

As expected, after just a few moves, the old family head of the Tan family felt a sudden increase in pressure, and he immediately gave up his tactics and tried to use a routine. However, how could Ji Feng give him this opportunity?

Gradually, the pressure on the old family head of the Tan family was increasing, and he was forced backwards by Ji Feng.

“Drink!”

The old family head of the Tan family was forced to get desperate, so he shouted out loud and struck out with both palms, his true qi radiating outwards.

Hoo~~!

Ji Feng similarly punched out, bio-currents stirred out and fought head-on against the Tan Family’s old family head, and both of them took a few steps back at the same time.

Ji Feng’s brow couldn’t help but frown, just by fighting like this, he really couldn’t help this old man, he couldn’t continue to consume like this.

Thinking of this, Ji Feng suddenly shouted, his hands kept waving and striking, bio-current was completely released. If the bio-currents had a shape visible to the naked eye, one would have seen that on Ji Feng’s hands, two strands of bio-currents were like two terrifyingly powerful whips, lightning-like as they lashed towards the old master of the Tan family.

The Tan family’s old master’s eyes were immediately astonished, while his true qi was released outwardly, and he fought with Ji Feng once again in a fierce battle.

Bang Bang Bang~~~!

An invisible collision rang out continuously between the two

But soon, the old family head of the Tan family discovered that this little beast’s use of outgoing true qi was even more powerful than his own!

The angle and flexibility of Ji Feng’s attack was even higher than that of the old family head of the Tan family!

In fact, this was all what Ji Feng had learnt in the training space, that outward bio-current was like an extension of his body, making it like an arm.

But the old family head of the Tan family was somewhat unable to do so. Compared to Ji Feng, he was still a bit short in his use of internal force, and more importantly, as the two of them continued to clash, the old family head of the Tan family discovered that his own internal force was slowly diminishing!

This discovery immediately shocked him, “Little beast, what have you done?!”

“Shut up!”

Ji Feng shouted angrily, and the attacks on his hands were even faster, forcing the old family head of the Tan family to keep retreating.

In fact, Ji Feng also discovered that his bio-current seemed to be a bit more powerful than the Tan Family’s old family head’s true qi, at least, in this kind of intense battle, he didn’t consume much at all, but, looking at the Tan Family’s old family head’s true qi, from was seemed to be gradually weakening.

Ji Feng immediately pursued and fought hard, not giving the opponent a half-hearted chance to catch his breath!

However, at this time, no one noticed that Tan Tianfeng, who had long been wounded, was gritting his teeth, digging the ground with his toes, looking at Ji Feng and Zhang Lei from time to time, with a cold smile in his eyes.

Immediately afterwards, Tan Tianfeng gathered those dirt together, gritted his teeth, took off his jacket, and wrapped those dirt up.

“Bang!”

Tan Tianfeng kicked over, while shouting, “Ji Feng, watch the move!”

Swoosh~~!

Ji Feng violently flung his hand and jerked it over, and the next moment, with a bang, the jacket was smashed, and in a flash, dust and smoke filled the air, and Ji Feng’s eyes were in chaos, and he couldn’t see anything.

The old family head of the Tan family was immediately overjoyed, this time he didn’t even shout, and quietly blasted his fist over.

Tan Tianfeng’s face was instantly filled with excitement, that beast Ji Feng had been backstabbed by himself, grandfather’s punch would definitely be able to kill him!

However, the next moment, a situation that left Tan Tianfeng dumbfounded appeared.

“Bang~~!” With a bang, a human figure flew out sideways from that dusty soil, accompanied by a muffled sound.

A thud!

That person fell to the ground at once, and then immediately bounced his body again and quickly stood up Surprisingly, it was the old family head of the Tan family!

“Grandfather—!” Tan Tianfeng cried out in shock.

“Bastard, it’s all your doing!” The old family head of the Tan Family roared out in anger, his heart was so shocked and angry that he didn’t even know how he had been hit!

Naturally, he would not know that, not to mention all this dust and dirt flying, even in the darkness of the night when he could not see his fingers, Ji Feng’s vision would not be affected in the slightest. If the old family head of the Tan family wanted to take advantage of the opportunity to sneak up on Ji Feng, wouldn’t that be self-defeating?

Ji Feng took a big step out of the dust, sneered and instantly smashed his fist while with his other hand, bio-currents were also punched out.

Bang~~!

The old family head of the Tan family, who was already injured, could no longer resist Ji Feng's attack and directly flew backwards.

Stomp stomp stomp

Just then, dozens more Tan Family's children rushed over and instantly helped the Tan Family's old family head up, looking at Ji Feng with incomparable vigilance.

Those few Tan family sons and daughters who were surrounding Zhang Lei also hurriedly backed up, each staring at Ji Feng and Zhang Lei like they were enemies.

"Ahem"

The old family head of the Tan Family suddenly coughed a few times, blood hanging from the corners of his mouth.

"Old family head!" The others immediately exclaimed in shock.

The old family head of the Tan family, however, waved his hand, stared at Ji Feng and said, "Your Excellency, you have won, my Tan family concedes!"

As he spoke, his face was filled with a grey and defeated look, "How could I have ever imagined that after a lifetime of dominance, I would end up losing to my own grandson's underhanded moves" You don't have to say why either"

"Admittedly?"

Zhang Lei snorted, panting, "A single sentence of admitting to the problem can't solve the problem!"

"What exactly does your Excellency want? Draw the way, my Tan Family will take it all!" The old Tan family head said in a deep voice.

"Hey, we're here to kick in the door today!" Zhang Lei sneered, "At the same time, we're also here to settle accounts with Tan Tianfeng, how do you want to take it?"

Chapter 1150

"Hey, we're here to kick in the door today!" Zhang Lei sneered, "At the same time, we're also here to settle accounts with Tan Tianfeng, how do you think you want to take it?"

As soon as he heard this, the old family head of the Tan family understood that this matter would definitely not be resolved so easily, and today, these two young men would definitely not give up so simply.

"There has to be a solution, right?!"

The old family head of the Tan family asked in a deep voice, "Killing is only a headache, what exactly do you two want!"

"Killing is no more than a headache, that is also true!" Zhang Lei nodded and then sneered, "However, Tan Tianfeng did not have this concept in the first place, if a police officer had not come in time, my friend and I, I am afraid, would have been in the hospital"

He shook his head and said, "Forget it, let's not talk about this today, in a word, today we are here to settle the Tan family once and for all, so that your Tan family will be removed from the martial world from now on!"

Everyone couldn't help but look awe-struck, and the few injured experts, such as Tan Guangfeng, also gritted their teeth and trembled as they stood up, looking at Ji Feng and Zhang Lei warily. They realised that these two young men were really going to strike to the death, and the Tan Family, faced with the prospect of extinction!

"Do you two have to drive them to extinction?!" The old family head of the Tan Family asked in a deep voice.

"Oh that's what I said!"

Zhang Lei sneered, "Your Tan family can be considered a large and powerful family, if we don't finish you off today, one day you will send someone to backstab us again, hey this kind of day where I can't even sleep in peace, I don't want to live it. So the best way is to abolish all of you, so as to solve the complete hidden trouble!"

"How much power does the Tan family still have, call out all together, otherwise, all of you present here will be scrapped!" Ji Feng said indifferently.

He didn't have any intention to show half-hearted mercy either, just like what Zhang Lei said, keeping these people from the Tan family were hidden dangers, if they recklessly retaliated in the future, it would be really troublesome, after all, the battle power of these martial artists was too strong.

"Two!"

Tan Guangfeng spoke up, he took a few breaths before he gritted his teeth and said, "Almost all of our Tan Family's experts have been wasted by you, now only the old family head is left, but he is also injured, are you still not at ease?"

"What do you say?!"

Ji Feng walked over with big steps, the Tan family's children were all so scared that they couldn't help but step back, only Tan Guangfeng and the Tan family's old family head and others were still standing in place, looking at Ji Feng and Zhang Lei with gloomy faces.

And at this time, Zhang Lei also walked forward with big steps, lifted Tan Tianfeng up with one hand and threw him to the ground again, immediately dropping him with a woop.

"Kid, what did you say before?" Zhang Lei sneered as he looked at Tan Tianfeng, "If you have the guts, repeat what you said now, or stand up and fight me!"

"Hiss...!"

Tan Tianfeng sucked in cold air from the pain, his body was shaking, his face was even paler, and he didn't even dare to look up at Zhang Lei.

What he had done, he himself certainly knew better than anyone.

At this moment, seeing that even the most powerful old family head of the Tan Family, such a first-class innate expert, had lost to Ji Feng, Tan Tianfeng had long been scared out of his wits and simply did not dare to say a word.

“Bastard!”

Seeing this scene, Tan Guangfeng couldn't help but curse, while the Tan Family's old family head's face was equally unpleasant, this cowardly display of Tan Tianfeng had really disgraced the Tan Family. What's more, if it wasn't for this little brute's unscrupulous heart and use of underhanded tricks, the Tan Family's old family head wouldn't have been injured, and why would the Tan Family be in such a state of being at the mercy of others?

Most importantly, it seemed that these two powerful enemies had also been invited by Tan Tianfeng!

“Ha! Young Master Tan, what's wrong with you?” Zhang Lei patted his face and asked with a smirk, “Weren't you very powerful in Jiangzhou back then? Why do you look like this now?”

“Zhang, Zhang Lei, I”

“All right!” Zhang Lei directly interrupted Tan Tianfeng's words as he waved his hand, “Just shut up, I really don't want to say a word to you, but I haven't paid you back for that punch you punched me with”

“Ah?!” Tan Tianfeng was instantly shocked and subconsciously said, “You've hit me so many times”

“Bullshit!”

Zhang Lei immediately cursed, “Are you out of your mind? I said before that what you gave me, I will give back to you ten times a hundred times, and now, is the time to give it back to you!”

“Bang Bang~~!”

As soon as Zhang Lei's words fell, he flung his hand and threw out two punches.

“..... Ah!” Tan Tianfeng immediately let out a miserable scream, his body twitched a few times, and his entire body went limp on the ground at once, and his face, which was already swollen, was even purple with pain.

“If you want to waste one of my arms, then I'll break all your limbs!” Zhang Lei laughed fiercely.

Tan Guangfeng and the others all stared at Zhang Lei with unbridled anger, but could not say anything, if Tan Tianfeng did not receive a beating, then I was afraid that the entire Tan family would be finished, at this time, they could not say anything.

“Two, is this enough?” The old family head of the Tan family asked in a deep voice.

“This is just the first step!” Ji Feng spoke up, and he violently kicked several times on those few injured Tan Family elders, instantly knocking those few people down instantly, along with the Tan Family's children who were holding them up.

“Ugh...!”

Those few people all let out a muffled cry, and immediately their bodies trembled violently, and their eyes even stared at Ji Feng with incomparable resentment.

Their kung fu had actually all been nullified by Ji Feng!

Everyone in the Tan family's face changed drastically, shocked and irritated to the extreme, staring coldly at Ji Feng.

With such a seemingly unimaginative move, this little brute had actually annihilated the Tan Family's most valuable expert! From now on, the Tan family had lost most of its power! Said

Ji Feng lifted his foot and stretched out his hand to beat the dust on it before he looked at that old family head of the Tan Family, "It's your turn!"

"Humph!" The old family head of the Tan Family waved his hand violently and pushed away those few Tan Family's children who were holding him up, before he walked over in big, angular strides and came right in front of Ji Feng.

"Your Excellency's strength is so strong that I admire it."

This old man said, "But, I'm afraid it won't be that easy for you to nullify my kung fu as well, will it?"

"It wouldn't be too difficult, would it?" Ji Feng said indifferently, "At most, it will just take a few more hands and feet, it certainly won't be too troublesome!"

At this moment, the Tan family's old family head had already been injured, even if it was a lighter injury, for an opponent who was already evenly matched, it would cause a chain reaction and even doom the final ending!

What's more, after fighting so intensely for so long, Ji Feng had already known how to deal with this old man.

This old man couldn't help but be silent, and immediately, he gritted his teeth and said, "So, there's not a bit of room for manoeuvre?"

"I don't want to be thought of while I'm sleeping, that's a bad feeling!" Ji Feng walked step by step, his voice getting colder and colder, "So, I can only waste you!"

As soon as the words left his mouth, he threw a fierce punch.

The old man instantly blocked it and the two of them once again fought furiously together.

"Go!"

Tan Guangfeng waved his hand fiercely from behind, "Protect the old family head, defend the home and defeat the enemy!"

"Yes!" Those Tan family sons immediately pounced on them, and Zhang Lei also immediately rushed into the battle circle, a most intense melee, once again, began.

This time, Ji Feng and Zhang Lei didn't have it so easy.

However, when Zhang Lei faced so many Tan family members, many of whom were also experts, Zhang Lei, who had already consumed a lot of physical strength, was struggling, so Ji Feng had to assist Zhang Lei from time to time and could not give his full strength to the Tan family's old master.

In this way, the two sides were again considered evenly matched!

For this situation, Ji Feng was also helpless, the other side had too many people, and this could not be helped, in fact, even if he brought along the white spider at that time, it would not play a decisive role, he could only fight hard!

Bang Bang Bang Bang!

Ji Feng seized an opportunity and immediately attacked the old family head of the Tan family with a burst of biological currents, but anyone who was in the way was all directly jerked away by him, the old family head of the Tan family was even knocked backwards and a mouthful of blood spurted out.

Hoo~~!

Three Tan Family's sons attacked from the side at the same time, causing Ji Feng to have to stop, and in the end, he could only miss the chance to seriously injure the Tan Family's old family head.

"Roll!"

Ji Feng shouted violently and swung his leg over, directly whipping one guy out of the way, but the Tan Family's sons and daughters were near frantic, they all knew very well that if they could win today, then the Tan Family could still exist, but if they couldn't win, then they would all be unlucky along with them!

Woo woo woo woo~!

At this moment, a sharp siren suddenly sounded in the distance.

Ji Feng was instantly stunned, a police officer was coming?

"..... Holy shit! The Tan family is really good, they even fucking called the police?" Zhang Lei even cursed out, "What kind of fucking martial arts family are you! What kind of fucking masters are you? I think you're all shameless masters, right?!"

However, the old master of the Tan family was also slightly stunned and shouted, "Stop!"

Bang~~!

Ji Feng, however, went up and gave the old man a kick, directly dropping him to the ground, "Stop when you say so?!"

Poof!

Another mouthful of blood spurted out from the old family head of the Tan family, but his face changed abruptly. He suddenly realized that the true qi in his body was actually diminishing rapidly!

He panicked and quickly ran his internal energy to stabilize his injuries.

“Old Family Head, are you alright?” At this time, the Grand Elder Tan Guangda, who had been lying on the ground, came over trembling, “I’ve called the police, these two little beasts will both be thrown into prison!”

“What?!”

The old Tan family head snapped, “You’re the one who called the police?!”

“That’s right!” The Grand Elder immediately nodded, “These two little brutes have hit too hard, they must be put in jail and after that

“Bastards!”
