Chapter 1151

“You’re such an asshole!” The old family head of the Tan Family pointed at the Eldest Elder’s nose and cursed angrily, “Who told you to call the police?!”

“Old Family Head, these two little brutes are too powerful, if we don’t call the police, our Tan Family will be completely wiped out!” The Eldest Elder said, “We can only get through this if we throw them all into prison!”

The oldest elder, Tan Guangda, was a bit confused by the old family head’s scolding, didn’t the old family head see that there was no one in the Tan family who could stop these two young men, they were simply too terrifying, even the old family head, who was the strongest in the family, had been assassinated by that young man, under such circumstances, who else could stop them?

“Bastard!”

The old family head cursed angrily, seeing the police car getting closer and closer, he shouted, “All Tan family members listen, today’s conflict is just a misunderstanding, no one is allowed to say anything in front of the police, whoever talks too much will immediately get out of the Tan family, and will never be a Tan family member again! Do you all hear me?”

“Yes! Old Master!” All the Tan Family’s descendants who were present answered loudly at the same time.

Even Tan Guangfeng, as well as a few other elders from the previous generation who had been injured by Ji Feng, nodded their heads as they agreed with the old family head’s approach.

“Grandfather!”

Tan Tianfeng, however, was shocked and anxious, shouting, “You, how can you Ji Feng and Zhang Lei injured so many people in our Tan family, how can you let them off so easily? Grandpa, they have to be sent to prison, otherwise, my Tan family will not be able to keep it!”

Hoo~~!

The old family head of the Tan family fiercely flung his hand, a strong wind instantly struck through, and with a snap, Tan Tianfeng was directly slapped and fell on his heels again, rolling on the ground a few times.

“Ah!” Tan Tianfeng immediately shouted miserably, “Grandpa”

“Don’t call me grandfather, the Tan family doesn’t have descendants like you!” The old family head snorted coldly as he swept his iron gaze across the faces of the other Tan family sons and daughters, saying in a deep voice, “Listen up, whoever dares to disobey the order, don’t blame the old man for turning his face away!”

None of them dared to speak, they all just nodded silently.

“Old family head, how do you” the grand elder was also shocked and full of confusion, he had called the police and was actually wrong?

He was doing this to save the Tan family!

If he hadn't called the police, who would have been able to stop these two young men?

Look at the results of their battle, dozens of Tan family members were attacked, but these two young men beat them up, and they were all injured, and they were not even lightly injured.

If the fight went on like this, even if the Tan family won, it would be a crippling victory and the price paid would be too heavy!

But Tan Guangda did not expect that his secret alarm would be so reprimanded by the old family head, which caused his face to turn blue and white, but he held his tongue and did not dare to take offense, who let the old family head have a high status in the Tan family!

“Crazy, this old man can't be stupid, right?” Looking at this approach of the Tan Family's old family head, Zhang Lei couldn't help but be a little stunned.

Ji Feng frowned slightly, but his frown soon relaxed.

“He must have his intentions for doing this, unless he's old and confused!” Ji Feng said indifferently. Now that the police were here, it was no good for him to make a move, he could only wait here quietly.

“Gentlemen, now that the police are here, let today's matter be treated as a misunderstanding, what do you think?” The old family head of the Tan family suddenly spoke up and asked.

“Misunderstanding?!”

Zhang Lei couldn't help but snicker, “Afraid of being beaten up? You don't have to be like that, going to prison still doesn't scare us”

“Lei Zi!” Ji Feng interrupted Zhang Lei and asked with a frown, “What, I injured so many of you and don't intend to pursue it?”

“Since it's a matter in Jianghu, let's settle it with the rules of Jianghu!” The old family head of the Tan family said.

“..... Good!” Ji Feng nodded his head.

“Crazy man!” Zhang Lei whispered, “How come we were fighting a mess just now, and now we're on the same page?”

Ji Feng laughed: “Things always have to be resolved!”

He knew that Ji Feng must have made a decision, or even reached some kind of tacit agreement with the old Tan family head, otherwise, with Ji Feng's character, he would not have just stopped.

Not long after, several police cars drove over quickly, and a group of policemen quickly got out of the car while shouting, “What's going on, Mr. Tan Lao, who is causing trouble at the Tan Family? Are these two kids?”

The one who spoke was the policeman in the lead, who seemed to be a leader-like person. And it was obvious that this guy knew the Tan family.

“How are you talking?!”

Zhang Lei’s face instantly sank, “Who are you calling a brat? After coming here, you don’t ask questions, you open your mouth and convict people, is this how you guys work as police officers?!”

The policeman in charge was immediately furious: “He’s really a prick, arrest him

“I dare you!” Zhang Lei was irritated, he gritted his teeth and sneered, “You try arresting me? Reasonable is fine, unreasonable, I am more of a hooligan than you guys!”

“Humph! Just by your words, today I will educate you” the policeman in charge bellowed, “Arrest him!”

“Slow down!”

A loud voice suddenly rang out, but it was the old family head of the Tan family who spoke up, he said, “Captain Liu, these two young men, are experts in the martial arts world, they are here today to have a sparring exchange with my Tan family, so I won’t bother Captain Liu.”

“Old Mr. Tan, this” That Captain Liu couldn’t help but be slightly baffled, “But how come I heard that they were the ones who came to the Tan Family to commit wanton murder and injured a number of people?!”

“There is a little misunderstanding in the middle, in fact, martial arts exchange, which is not injured, there is no major injury!” The old family head of the Tan family waved his hand and said, “It’s just that someone in the family didn’t know the inside story, that’s why there was a misunderstanding, Captain Liu, it’s hard for you to make the trip, I’m really sorry, please go and sit down in front for a while, when we’re done with this side of things, I’ll go over and entertain!”

“No, no!”

The moment that Captain Liu heard this, he immediately said, “Since this is a misunderstanding then forget it, we are on official duty, we wouldn’t dare to delay indiscriminately, if Chief Tan finds out about this, then we will be criticized!”

“Then

“Stay, stay!” Captain Liu waved his hand with a smile, turned around and was about to get into his car and leave.

“Wait, Captain Liu, these two brutes are the ones who came to my Tan family to commit murder, and they even beat me up like this, Captain Liu, you have to do something for us!” Tan Tianfeng suddenly shouted, “Look at how many injured people are around here, it’s all their doing, Captain Liu, hurry up and arrest them”

“Shut up!”

Tan Guangfeng suddenly roared low.

“Little beast, what are you talking about!” The old family head of the Tan family was similarly blue in the face.

“Old Mr. Tan, this” Captain Liu looked at the old family head.

“It’s alright, it’s all a misunderstanding!” The old family head of the Tan family said, “Please trouble Captain Liu, please take your time”

“Alright, if Old Master Tan needs my help with anything, just contact me in time!” Although Captain Liu realized that something was wrong, but after all, Old Mr. Tan didn’t want to pursue the matter, then he couldn’t say much, but he still gave Zhang Lei and Ji Feng a look and warned them.

“Kid, better not cause any trouble, or else there’s plenty of room in the prison!”

“..... Roll!” Zhang Lei snorted coldly, “Don’t act like a big tail in front of Laozi, Laozi has seen a lot of people like you!”

“What did you say?!” Captain Liu’s face instantly sank.

“Alright, alright, there’s nothing for you here, hurry up and leave!” The old family head of the Tan family said.

Only then did that Captain Liu glared at Zhang Lei with hatred, turned around and got into his car, leading his men to quickly leave.

Tan Tianfeng was dumbfounded as he watched dumbfounded as Captain Liu and the others drove away, unable to help but be stunned for a long time, then, he hurriedly turned his head to look at his grandfather, only to suddenly find that his grandfather was looking at himself with cold eyes.

“Humph!”

The old family head of the Tan family snorted coldly, with a strong disgust in his eyes, as well as a kind of disappointment.

He took a deep breath, looked at Ji Feng and Zhang Lei, and said, “Two, no matter what you came to the Tan Family to kick in the door because of, but, you two are finally out of breath, and my Tan Family, in this case, admits it!”

Ji Feng looked at him with a tight frown and said in a deep voice, “I am not at ease with your Tan Family!”

The Tan Family’s old family head’s expression changed slightly as he immediately said, “I can swear to the heavens that I will never take any revenge on you for today’s incident, otherwise, I will be condemned by the heavens!”

“Heh! What a poisonous oath!” Zhang Lei snorted, “Trying to make us believe with just an oath?”

“Old me has already said it, my Tan Family has conceded today.” The old family head of the Tan family let out a long sigh, “If you two are still not satisfied, you can ask for any conditions you want, we will never resist! However, I only ask that you two can leave some self-preservation power to our Tan Family!”

“As the head of the Tan Family, I also implore you two to show mercy!” Tan Guangfeng also spoke, his voice was weak: “Nowadays, there are only two Xiantian experts left in the entire Tan Family, and the rest have been nullified by you two, no matter how great the hatred is, it is enough to vent the anger, right?!”

Of the two generations of the Tan family, adding up to nearly ten Innate experts, apart from the second elder who had gone to take care of the third elder, Tan Guangqiang, and the old family head who was now injured, all the other Innate experts had been nullified by Ji Feng. Even Tan Guangfeng himself was included!

This kind of loss was simply too disastrous!

When he thought of this, Tan Guangfeng’s heart was dripping with blood, after decades of hard work cultivating, he had now become a wastrel in one fell swoop

Zhang Lei looked at Ji Feng, how this matter was ultimately decided, also depends on Ji Feng. Zhang Lei knew his strengths and weaknesses, this kind of thing, he was not interested.

“If the Tan family and Tan Tianfeng hadn’t bullied people so much, we wouldn’t have come to kick in the door!”

Ji Feng stared at the Tan family’s old family head, his eyes slightly narrowed, and after staring at him for a long time, he then said indifferently, “First, from today onwards, the Tan family must not mention Shen Jingyi’s marriage again, and must not have any half-hearted dealings with the Shen family”

Chapter 1152

“No problem!”

Before Ji Feng had even finished his words, the Tan Family’s old family head directly nodded his head and agreed.

“Hehe” Ji Feng smiled indifferently and added: “Second condition, the Tan family should restrain its sons and daughters from acting recklessly outside in the future... ..Forget it!”

Just as he said that, he shook his head and said, “That’s not really a condition, if I know in the future that someone from the Tan family is flying around outside”

“No need for you to say more, as long as we know there is such a situation, we will also take the initiative to deal with it!” Tan Guangfeng immediately said, “In addition, for the harm that Tan Tianfeng has caused to the two of you, as well as the things he has done, my Tan family is willing to take out twenty million dollars to settle this matter!”

“I’m not even close to this amount of money from you!” Ji Feng hummed.

Tan Guangfeng then stopped talking, in fact how could he not know that with a super strong body like Ji Feng’s, how could he not have money?

Ji Feng took another deep look at the old family head of the Tan family and frowned before saying, “Those are the conditions, but I hope you can keep your words, otherwise, I think that if I really want to deal with you, there is no one in the entire Tan family who can stop me, don’t seek death yourself!”

Ji Feng's words weren't very much, and his tone was very flat. But once his words came out, everyone present felt a cold chill down their backs.

Imagine if Ji Feng was really ruthless and suddenly came to kill in the darkness of the night.

Then, with his kind of terrifying strength, how many people in the entire Tan Family would be able to stop him?

I'm afraid that after one night, the entire Tan Family would be flowing with blood, and even, the place would be turned into a slaughterhouse! And they, the people, were the ones to be slaughtered.

Among those present, Tan Guangfeng and the old family head of the Tan Family were the only ones who were not overly shocked or surprised, as if they had thought of this possibility long ago.

"Since that's the case, then so be it!" Ji Feng waved his hand and turned around to head out.

"Two, please wait a moment!" Tan Guangfeng suddenly called out to Ji Feng and Zhang Lei, "If you two have time, please stay for a few more moments, we will give you a satisfactory explanation!"

Ji Feng raised his eyebrows and sort of stayed for the time being. He wanted to see what kind of explanation this Tan family was going to give him.

"Two, how exactly this matter started, I think you both know in your hearts, and we don't want to ask more questions." Tan Guangfeng said.

Ji Feng smiled indifferently, what exactly is the cause of this matter, is it not because Tan Tianfeng bullies people too much?

When Tan Guangfeng saw this expression on Ji Feng's face, he understood that his guess was correct, this matter was wrong on his son Tan Tianfeng's part, and most likely he had done something that the two of them could not tolerate, otherwise, they would definitely not have come to kick in the door as if they were desperate, and even threatened to exterminate the entire Tan family!

It was common knowledge that the Tan Family was a martial arts family, yet these two young men had come over without any hesitation, which was enough to show just how angry what Tan Tianfeng had done had made these two young men!

Therefore, Tan Guangfeng said, "First of all, as a Tan family's son, Tan Guangfeng did not pay attention to his virtue and did something evil. Secondly, the old family head once said that no Tan family son should talk about the cause of today's fight in front of the police, and that those who violated it would be expelled from the family, but Tan Tianfeng violated it!"

Looking at his son, who had been beaten like a pig's head, Tan Guangfeng's eyes were both heartbroken and angry, with a strong tinge of disappointment.

He said, "More importantly, Tan Tianfeng's heart was not right, when the old family head was in a fierce battle with the challenger, he actually used underhanded means, as a result, not only did he cause the reputation of my Tan family to be tarnished, but also caused the old family head to be injured, this its three major mistakes that can hardly be tolerated!"

“Therefore, from now on, Tan Tianfeng will no longer be a son of the Tan Family, and the Tan Family will officially expel him from the family!” Tan Guangfeng said.

“Don’t, father!”

Upon hearing this, Tan Tianfeng’s body shivered violently in fear and he shouted in a panic.

“However, Tan Tianfeng was a son of the Tan family before after all, and also practiced the Tan family’s kung fu!” Tan Guangfeng simply ignored his son’s cries and added, “Before expelling him from the family, first abolish Tan Tianfeng’s martial arts hands!”

“Family master!” Several Tan family sons couldn’t help but be slightly stunned.

“Father, don’t, I’m your son, you can’t do this to me!” The moment Tan Tianfeng heard these words, he immediately gave a fright, shrieking, he immediately wanted to struggle, but he did not know how many bones were broken in his body, at this time, he could still speak so loudly is already very good, just as soon as he struggled, suddenly a sharp pain came from his body.

“Ugh!”

Tan Tianfeng let out a muffled cry and trembled all over.

“What are you standing there for, don’t do anything yet!” Tan Guangfeng said in a deep voice.

“..... Yes!”

The two Tan family sons took a look at Tan Guangfeng’s face and found that this time the family head did not look like he was just talking, so they grabbed Tan Tianfeng straight away.

“Break his limbs, smash his meridians, and nullify his kung fu,” Tan Guangfeng said in a deep voice.

“Yes!” Those two Tan family sons nodded their heads.

“Father, don’t ah grandfather, grandfather you quickly say something, don’t waste me ah” Tan Tianfeng was so frightened that he cried out in pain, but the whole person did not dare to struggle hard because of the injuries on his body .

The two Tan family members were so scared that they cried out in pain.

Those two Tan family sons were extremely fast in their actions, and in the blink of an eye, Tan Tianfeng’s limbs were broken, and at the same time, those two sons struck Tan Tianfeng’s body with two palms each, shattering his meridians.

“Ah...”

A harsh and miserable scream came out of Tan Tianfeng’s mouth as his entire body convulsed a few times and he directly fainted.

Ji Feng and Zhang Lei both couldn’t help but jump their eyebrows a few times, this Tan Guangfeng was really ruthless, even his own son said he had struck him, he didn’t even carry the joke!

“Gentlemen, are you still satisfied with this?” Tan Guangfeng asked in a deep voice.

Ji Feng sneered indifferently, "If you don't abolish him, he will sooner or later bring great trouble to your family!"

Tan Guangfeng couldn't help but be silent.

"From now on, all the Tan Family's sons and daughters will all go around when they see you two!" The old family head of the Tan family also spoke up, "Apart from that, what else do you two want?"

"That's all!" Ji Feng said indifferently, and then, he and Zhang Lei turned around and left.

Today, they had come to kick in the door, not to be guests anymore, so there was no need for so much nonsense.

Looking at the back of Ji Feng and the two of them striding away, the faces of the Tan family were all cloudy, a huge Tan family, a famous family in the martial arts world, was actually kicked by two young men, and even had to bow down and admit it, when had the people of the Tan family ever suffered such humiliation?

However, they could only suppress this resentment and anger in their hearts.

However, the toughness of Ji Feng and Zhang Lei had also been deeply imprinted in the hearts of the Tan family members, making them subconsciously stand up with cold hairs on their bodies and turn white every time they thought about it in the future.

"Old family head, what a great opportunity it was for the police to come just now, why" asked the eldest elder hesitantly, "wouldn't that be a missed opportunity?"

The old family head of the Tan family gave him a look and coldly snorted, "You nearly ruined the entire Tan family!"

"How can you say that?" The Grand Elder couldn't help but be stunned.

"Grand Elder, in your opinion, what the two of them did today is enough to go to prison, right?" Tan Guangfeng opened his mouth and asked, "If we add in the power of our Tan family operating behind the scenes, both of these young men will probably be given heavy sentences, right?"

"Yes!" The Grand Elder nodded his head.

"Then I ask you, will the Shen family's people rescue them?" Tan Guangfeng asked.

"That should be the case!" The Grand Elder hesitated for a moment before nodding his head and saying.

Just based on the strength of these two youngsters, how could the people of the Shen family not value them? If used well, this is definitely a big help ah, Shen Wanzhen naturally will not fail to understand this reasoning, think will definitely find a way to rescue them.

For a rich and powerful family to rescue someone from prison, it couldn't be easier. With a little operation and a little money, a condemned prisoner could get out in two or three years, not to mention the fact that Ji Feng and the two of them were not even good enough for the death penalty.

“Then when they get out, do you think they will retaliate?” Tan Guangfeng asked again, “You’ve seen how tough that young man was just now, if he were to retaliate wildly by any means, who in the entire Tan family would be able to stop him?”

“This

The Grand Elder couldn’t help but shiver, if Ji Feng really retaliated recklessly, the assassination alone would be enough to wipe out the entire Tan Family, this was a big disaster!

By this time, the Great Elder’s face was a little white.

“There is actually the most important point that you have not noticed.” The old family head of the Tan Family said in a deep voice, “This young man is only about twenty years old, or at most twenty-five years old, and he is already an innate expert no weaker than me, what kind of place do you think could produce such a super genius? How powerful should the power behind this young man be?!”

“The Tan Family can’t afford to withstand their retaliation!” The Eldest Elder spoke bitterly. “The Shen family has gained a treasure! No wonder they dare to renege on their trust and even go so far as to tear their faces off with us!”

“If our family had such a genius, we would have made the same choice!” Tan Guangfeng said in a hateful voice, “This beast Tan Tianfeng, it’s because of him that such a genius has become an enemy with us!”

“Family head, Tianfeng is also a Tan family son after all, we should dispose of him?!” The Eldest Elder asked as he glanced at Tan Tianfeng who had fainted on the ground.

“He’s no longer a Tan Family child!” Tan Guangfeng said angrily, and then, he waved his hand feebly, “Send him to the hospital, from now on, he no longer has anything to do with the Tan Family

“Alright!” The Grand Elder nodded his head.

“All injured sons and daughters, go heal immediately, and the rest reinforce the alert!” The old family head of the Tan Family ordered, before turning to cough a few times and unable to stop himself from spitting out another mouthful of blood.

“Old Clan Master!” The other sons and daughters immediately exclaimed in shock

Chapter 1153

“Old Family Master, how are you?” Grand Elder Tan Guangda hurriedly helped the old family head, while the other sons and daughters all helped the few seriously injured experts and asked with concern.

“Father, how are your injuries?” Tan Guangfeng, the family head of the Tan Family, also asked with concern.

Now, among the entire Tan Family, only the old family head and the second elder were the only two people who were still Innate experts, as for the other few Innate experts, almost all of them had been nullified, and as for those martial artists who were at the Houtian stage, there was no telling how many had been lost, causing the Tan Family’s strength to fall to the ground and suffer heavy losses!

When they thought of this, Tan Guangfeng and Tan Guangda could not help but feel their hearts dripping with blood and secret hatred.

“That little brute, he’s so vicious!” Tan Guangfeng could not help but curse angrily, but he could only vent his anger so much, other than that, there was nothing he could do.

“What a strong young man, what ruthless and eccentric methods!” The shortness of breath of the old family head of the Tan family eased slightly as he gasped, “Help me back immediately, I need to heal my wounds immediately, that young man’s methods are too bizarre, his true qi, seems to be able to devour my internal energy”

“That’s right!”

Hearing this from the old family head, Tan Guangfeng and Tan Guangda were simultaneously shaken, both of them looked at each other and said in unison, “Old family head, we feel the same way!”

Both of them had been stripped of their kung fu by Ji Feng, and at the moment when Ji Feng struck them, they suddenly felt that the internal energy in their bodies was rapidly decreasing, as if it was being devoured by something, but the damage to their meridians was not too serious.

Because they were fighting with Ji Feng at that time, he did not have time to think about it.

And now that he thought about it carefully, it was indeed the case.

That young man seemed to have punched internal force into their bodies, and after that, they suddenly felt the true qi in their bodies diminishing rapidly, and then, they were actually nullified!

“These two young men, they are very powerful!” The old family head of the Tan Family could not help but sigh long and hard, “It’s really unwise for my Tan Family to mess with such enemies!”

Everyone else could not help but be silent, who would have thought that two brats who were not even hairy would have such terrifying strength that they could even harden the entire Tan Family, if it was said in the past that anyone had such ability, it would simply make people die laughing.

However, if they said that now, the Tan family could not help but feel that their faces were burning hot. The entire Tan family had all their experts out, but they were still defeated by those two young men, which was really a disgrace.

For a while, the crowd had a few more fears about Ji Feng’s methods

“In the future, the entire Tan family, all of them should be restrained and act in a low profile!” The old family head of the Tan family said in a deep voice: “Although this matter was caused by that rebellious son of Tan Tianfeng, but if your attitude is kind, these two may not be tightened up step by step, this matter must be taken as a warning!”

“..... Yes!” The others could not help but respond awkwardly.

In fact, they all realized that the reason why those two young men had fought so much had a great deal to do with their domineering attitudes as well.

At such a young age, they had such superb strength, how could they tolerate others being so open and domineering in front of them?

It was not difficult to understand why these two people had a big fight.

“Also, have the Second Elder prepare to go to the Shen Family immediately, and make sure that this calamity is removed!” The old Tan family head added, “Make our attitude clear to the Shen family, and in addition, inquire as much as possible about the origins of these two young men!”

“I will ask Shen Wanhe for proof on this matter, he was the one who passed on the news that these two young people came to Lanjiang City and were approved by Shen Wanzhen before, so I think they are not in agreement with each other!” Tan Guangfeng said.

“Be careful with your manners!” The old family head of the Tan family admonished again, before he waved his hand and said, “The others go heal immediately”

.....

“Crazy man, is this really how it’s going to be?”

Ji Feng and Zhang Lei were striding out the door, and there were occasional Tan family children passing around, who rushed to dodge when they saw the two of them, although these people may not know the details of what happened, but seeing these two people come up and kick the door and retreat in one piece, they all knew that these two people must not be simple.

Naturally, Ji Feng and the two of them didn’t care if these people were afraid or not, they just walked on by themselves.

Zhang Lei couldn’t help but ask, “That old man from the Tan family was still aggressive before, but now he’s suddenly softened up, it’s really”

“That’s because he knows that he can’t overpower us by force alone anymore.” Ji Feng sneered, “If I had lost to him, you see if he would still be like this!”

“But they can use the power of the police!” Zhang Lei said, “Could it be that they know who you and I are?”

“If they knew, they wouldn’t have called the police,” Ji Feng shook his head and laughed, “Didn’t you hear that Captain Liu’s mouth about Chief Tan? If I’m not wrong, that Chief Tan must be a son of the Tan family, and it would be too easy for the Tan family to deal with us through the police.”

“Then you mean,” Zhang Lei couldn’t help but frown.

“In fact, you still don’t understand the psychology of people!” Ji Feng laughed, “The Tan family can’t help us, and he also knows that through this matter today, even if they put us in jail, it’s absolutely impossible to exterminate us, so they can only choose to put things to rest!”

“It’s that simple?” Zhang Lei asked.

“People in Jianghu, well, they all have this kind of mentality, their strength also depends on who they are targeting!” Ji Feng shook his head and said, “When they meet someone really strong, that weak mentality will come out.”

“It’s also just being strong on the outside!” Zhang Lei snorted, “What a thing!”

Ji Feng laughed and said, “Still, it mainly depends on who is being targeted, if for an ordinary person, the Tan family that is a heavenly power, normal people simply can’t afford to mess with it, they can only admit when they have suffered a loss, and if they want to retaliate, that is completely impossible.”

The Tan family is not an ordinary family, almost all of the Tan family’s children know kung fu, even if ordinary people want to retaliate, if they just play black hands, they may not be their opponent.

But if we go through the official channels, the Tan family also has connections in the police, and if we fail to retaliate, I’m afraid we’ll get into trouble instead!

The only way to get them to bow down is to beat the Tan family directly by force!

“Martial arts families like this are sometimes more troublesome than even those gangs!” Zhang Lei spoke with a cold smile.

“But the existence of a martial arts family is still useful for the transmission of martial arts.” Ji Feng laughed, “Let’s not talk about that, the Tan family’s matter is sort of solved, next, you go and love your girlfriend!”

“Hehehe ……”

The duo finally walked out of the Tan family’s manor in big strides and found Shen Jiuyuan’s car parked next to a big tree not far from the Tan family’s gate, so they walked over.

“This guy actually didn’t run?!” Zhang Lei muttered.

Ji Feng was suddenly dumbfounded and laughed.

“What are you laughing at, with the kind of bear that the Shen family looks up to the Tan family, it’s good that Shen Jiuyuan can send us here, it really surprises me a bit that he’s not running now!” Zhang Lei said, “It looks like the Shen family has a few people with balls!”

Ji Feng then smiled and nodded, in fact he knew very well what Zhang Lei was thinking, don’t look at the Shen family’s approval of him and Shen Jingyi’s affair. However, Zhang Lei didn’t have much good feeling towards the Shen family’s people.

Not to mention other things, just Shen Jingyi’s parents, who could watch their daughter’s impending marriage to a bastard like Tan Tianfeng and didn’t even have the courage to leave with their daughter, it would be strange if Zhang Lei could have a good impression of them.

Not to mention the likes of Shen Wanhe, the kind of thing that Zhang Lei couldn’t even look at. Even, he was afraid that even Shen Wanzhen despised.

“Lei Zi, there’s no point in saying who’s right and who’s wrong now.” Ji Feng laughed: “No matter what, now there may be no more resistance between you and Jingyi, how you should treat the Shen family in the future, just have it in your own heart, there is no need to count so much now!”

“I just said that, I didn’t think about how to treat the Shen family in the future either.” Zhang Lei shook his head.

As the two spoke, they had already arrived in front of Shen Jiuyuan’s car and directly pulled open the door and sat in it.

“Whew~~!”

Shen Jiuyuan was immediately startled, he turned around sharply and found that it was Zhang Lei and Ji Feng duo, he then let out a long sigh of relief, and then asked in shock, “You guys, you got out so quickly?”

“It’s just kicking in the door, how long can it take?” Zhang Lei said.

“You guys really kicked the Tan family?” Shen Jiuyuan was stunned and asked in amazement.

“How else would we have gotten out? You didn’t think that we were thrown out by the Tan family, did you?” Zhang Lei asked with a wry smile.

“No, it’s just that

Shen Jiuyuan spoke with a bit of a stutter, and his heart was even more filled with shock, Ji Feng and Zhang Lei, had really kicked the Tan family out? Moreover, it took them less than an hour to do it both before and after!

This was really too amazing.

Shen Jiuyuan looked at Ji Feng and Zhang Lei in astonishment, and his heart was flooded with shocking waves.

Just how strong were these two young men?

Earlier at the Shen Family, Shen Jiuyuan had been very strong when he saw them, but, in his opinion, the two of them should still be a little short of fighting the Tan Family’s supreme experts.

What’s more, the Tan Family still had so many experts and so many sons and daughters. Now how could the two of them alone, Ji Feng, kick the Tan Family, which had so many experts, in the ass?

Shen Jiuyuan, however, had never imagined that Ji Feng and Zhang Lei had really kicked the Tan family, and they were as strong as they were!

“It seems that what these two young men showed at the Shen Family is definitely not their true strength!” Shen Jiuyuan couldn’t help but secretly swallow his saliva, secretly shocked

Chapter 1154

Afterwards, Ji Feng called and informed the white spider.

“Mr. Shen, please go around in front of here,” Ji Feng pointed to the corner of the Tan Family Manor courtyard wall.

Shen Jiuyuan nodded and smiled, “No problem!”

The car quickly drove past the corner of the courtyard wall, and only then did Ji Feng realize that in front of the corner, there was a small river flowing horizontally, and it was only a few dozen meters away from the Tan family. From this orientation, it seemed that the location of the Tan family’s manor was really a piece of feng shui treasure, apart from the lack of mountains, this place could definitely be said to have clear water and beautiful wood.

The courtyard of the manor had lush woods and some tall trees, and there was a river outside the manor, so this environment was really fascinating.

“This Tan family, really know how to enjoy,” Zhang Lei also couldn’t help but tsk his mouth, “wealthy and generous ah!”

Ji Feng instantly laughed and didn’t say anything. However, he knew a few more points about these so-called martial arts families, as well as some powers.

Don’t look at those big families in Yanjing, they were all very powerful, but, if we talk about enjoyment alone, they were really no match for these families below. What’s more, the situation in Yanjing is complicated, and every step you take may require further deliberation.

However, some of the forces below, such as the Tan family in Lanjiang City, are much more comfortable than those of the big families in Yanjing.

The pavilions and pavilions, the tinkling of water, these need not be mentioned.

What’s more, the Tan family’s energy is huge. Just from Captain Liu’s demeanour and tone of voice just now, it can be seen that certain police stations in Lanjiang City have become the Tan family’s business, and no one is actually asking questions!

The fact is, a family like the Tan family is like a local emperor in the area, isn’t it?

Ji Feng couldn’t help but shake his head slightly. He didn’t know until he came out, but only after he came out and took a look did he realize that the complexity of the world was really beyond anyone’s imagination!

The Tan family really has a feeling of being high up in this Lanjiang City.

Imagine, the Tan family has a pivotal role in the economic sphere, with a large group in the family and so many of its sons serving in the military and the police, they also have a very important influence on these forces.

In this way, the Tan family is a local leader, isn’t it?

This is no wonder that when the Tan family’s children go out, they are all so high and mighty, and even when Tan Tianfeng arrives in Jiangzhou, he even calls himself Younger Tan.

..... This is the real young master!

Ji Feng shook his head slightly, revealing a thoughtful expression, and did not know what he was thinking.

“White spider!” Zhang Lei suddenly said.

Ji Feng heard the sound and immediately looked up quickly, only to see that on the roadside Tan Family Manor’s courtyard wall, White Spider was carrying a rifle in his hand, running quickly towards this side along the courtyard wall with a cat’s back.

At this look, Ji Feng could not help but be slightly surprised.

The white spider’s pace was so light that if it wasn’t broad daylight, I’m afraid it would be hard for anyone to notice that there was actually a large living person running along the wall.

Not only that, while the white spider was running, her eyes did not look at her feet, but kept looking around, looking alert. Her hand was holding a rifle, yet, her finger was always on the trigger, ready to fire at any moment.

Miso~~!

The white spider ran to the corner of the courtyard wall, jumped violently and went straight to a tree outside, that movement, light and nimble, simply pleasing to the eye wonderful!

Bang!

White Spider opened the car door, sat down next to Ji Feng and shouted, “Young Ji!”

“Oh!”

Only then did Ji Feng snap back to his senses, he settled down, couldn’t help but smile slightly and said, “White Spider, it’s been hard for you.”

“No hard work!”

Bai Spider shook her head, but her heart was filled with shock, she was just hiding on the wall holding the gun, she was at most a little tired. However, she had seen the whole process of Ji Feng and Zhang Lei’s fierce battle with the Tan family with her own eyes!

The kind of toughness of Ji Feng that was unbeatable to ten thousand opponents shocked Bai Spider beyond measure.

Although she didn’t know exactly what kind of tactics Ji Feng had used in the middle of the battle, nothing was more shocking than standing on high ground and watching Ji Feng’s tall figure fighting in the middle of the crowd, almost blowing his opponents out of the battle circle with one kick and one punch, which was really hard to imagine for those who hadn’t seen it with their own eyes.

Even in those kung fu movies, White Spider had never seen such a scene, this kind of fist to flesh might and realism, which no movie could express.

Ji Feng’s strength, too, was revealed in this battle!

The White Spider was almost certain that those people who fought with the White Spider, a few of them were definitely much more powerful than the Dynasty's senior reformers, yet, under Ji Feng, they couldn't even block a single combination of punches, some of them Ji Feng could even blow them away with a single punch!

The shock, unparalleled!

The eyes of the white spiders looking at Ji Feng also changed a little more, how did this young worldly son have such strong strength?

"There's no need to look at me like that, as long as you keep practicing the way I told you, you'll improve too!" Ji Feng leaned back against the backrest with his eyes closed, looking as if he was asleep, but as if he saw the look on the white spider's face, he suddenly said.

"..... really?!" White Spider hesitated for a moment before asking.

Ji Feng's kind of strong strength really shocked Bai Spider, making her more shocked than ever, so her heart moved, but not to Ji Feng, but to his kung fu, and Bai Spider naturally wanted to have that kind of strong kung fu!

"Of course it's true! Maybe one day, I might even need you to save my life."

Ji Feng smiled faintly, "However, I can't finish a sentence or two now, so I'll teach you when I'm free."

Bai Spider then understood, she glanced at Shen Jiuyuan who was driving without a trace, then nodded her head.

After that, Bai Spider did not speak, just vigilantly stared around the car window, watching the roadside scenery flying back, but her heart was a little strange, just with Ji Feng's strength, do you still need to save yourself?

Even if he is now letting himself be a bodyguard, that is only out of a status symbol, I'm afraid

.....

When the four of Ji Feng returned to the Shen family, they were greeted by Shen Wanzhen and Shen Jucheng, as well as several other sons and daughters of the Shen family, and even, the women who had sneered at Zhang Lei before.

Of course, Shen Jingyi was definitely not missing either!

Zhang Lei looked outside without even a hint of expression on his face, and simply said indifferently, "Mr. Shen, please drive the car directly to the door of Elder Shen's villa, and I'll just get off directly there."

Shen Jiuyuan was then a little embarrassed, he snorted and laughed, "Zhang Lei, no matter what, we are all family in the future, it's not good to get so stiff after all, if you do that, it makes it harder for big brother to do the same, don't you think so?"

"I'm only here to look for Jing Yi, not to acknowledge my relatives!" Zhang Lei said indifferently.

Shen Jiuyuan could not help but choke at once, but did not know what to say, how the Shen family had treated Zhang Lei before, he naturally saw it in his eyes, at this time, it would be strange if Zhang Lei could treat him with a nice smile.

Therefore, he could only nod with a bitter smile and say, "Alright then"

Zhang Lei opened the car door and looked at Shen Jingyi who was waiting at the front door, he waved his hand, "Jingyi, come up! It's such a hot day, why do you have to wait outside, looking for a sin?"

Shen Jingyi was so smart and clever that she instantly understood that Zhang Lei was trying to make things difficult for the Shen family, she gave Zhang Lei a helpless blank look and hesitated for a moment, but still got straight into the car and sat side by side with the white spider.

"You, you're still so stubborn!" Shen Jingyi shook her head helplessly.

Zhang Lei grunted, "I wouldn't dare, the Shen family is so cross, how dare I be stubborn in front of them!"

"Jing Yi, sit down, I can drive now!" Shen Jiuyuan hurriedly said.

After saying that, he started the car again and directly crossed those people and drove towards Elder Shen's villa.

He had learned how ungracious and tough Zhang Lei was, so he had to interrupt him quickly, otherwise, who knew what embarrassing words he would say underneath?

At this moment, the faces of the Shen family's children who were waiting at the door were wonderful. Some of them looked very embarrassed, while others muttered something under their breath, but did not dare to make a sound.

But at least there was one thing, the faces of these people no longer dared to have any look of contempt or disdain.

The fact that Ji Feng and Zhang Lei were able to return unharmed from said Tan family was enough to tell them everything, the Tan family had not kept them.

In fact, they had also gotten the news a long time ago that it was Shen Jiuyuan who had informed his elder brother, Shen Jiucheng, on his way here.

That was why the scene that greeted them now.

But they forgot one thing, Zhang Lei is never like what they guessed, or he's just a puffed up face, or he's so generous that he won't see eye to eye with them

They always like to judge others by themselves, but Zhang Lei simply did not treat them well and just drove right past them in his car.

This was a real slap in the face to these people outside!

Especially the middle-aged woman who had insulted Zhang Lei before, her face was blue and white for a while, so embarrassed, her mouth muttered something, and was glanced at by the person next to her, and then she hurriedly shut up

For Zhang Lei's decision, Ji Feng only twitched the corners of his mouth, and then he continued to close his eyes with his arms around him.

In fact, Zhang Lei was making his position clear to the entire Shen family.

I'm just here to look for my girlfriend, I don't have anything to do with anyone else, and I won't have anything to do with anyone else in the future, so don't stick your hot faces to your cold asses and ask for trouble if you're waiting here for me!

"This kid, he's quite smart, but his tactics are just a bit too strong!" Ji Feng secretly shook his head with a smile.

Zhang Lei was cutting off, in advance, the possibility of anyone from the Shen family doing anything under his banner in the future, dispelling the Shen family's thoughts from the very beginning!

Chapter 1155

Although he did not agree with the way Zhang Lei was doing things, Ji Feng was still very much in agreement with what Zhang Lei was doing.

What is certain is that as long as Zhang Lei and Shen Jingyi do not separate and can go on forever, then it is actually very difficult to keep Zhang Lei's identity a secret from the people of the Shen family.

There is no impermeable wall in this world, Zhang Lei's true identity will be known to the Shen family sooner or later.

At least, if Zhang Lei and Shen Jingyi get married, then according to the rules, when the time comes, Zhang Lei's parents will at least have to come to the Shen family to discuss matters with Shen Jingyi's parents, which is still the easiest thing to do.

In that case, it would be impossible to hide Zhang Lei's identity.

At this time, whether Zhang Lei was willing or unwilling, there was already a relationship between him and the Shen family; after all, the Shen family was Shen Jingyi's mother's family.

Think about the way the Shen family acted and their attitude!

Just this kind of open and domineering people with their eyes above the ground, if they had the Tong family as their big backer again, no one could guarantee what exactly the Shen family's people would be able to do!

Even if the Shen family turns into a second Tan family, it is possible that the children of the Shen family will do something wrong outside under the banner of Zhang Lei.

This was indeed very likely to happen, after all, that was how human nature was.

As long as you are better than others in some way, then you can't help but feel superior at once.

Even if a well-bred person doesn't normally show it, but in his heart, this feeling of superiority still exists.

If the people of the Shen family have this sense of superiority, plus they usually feel that the Shen family is more noble than ordinary families, then no one can say what they can do in the future, and it is not guaranteed that something will happen that will make people angry!

So, Zhang Lei is now making his attitude clear to the Shen family: I don't want to dump you, and I'm not related to you, so we don't have any relationship in the future!

This approach is still very good.

However, this guy Zhang Lei was still a bit too kind and his tactics were a bit too strong.

In front of so many people, he hung Shen Jiucheng and the others out to dry, which seemed like he didn't want Shen Jiucheng to be caught in the middle, but, in the future, others would eventually have to know about it.

Besides, Shen Jingyi's mother was also outside, so Zhang Lei's approach was somewhat inappropriate.

But since it had already been done, there was nothing more to be said.

Ji Feng also hoped that the Shen family would know how to restrain themselves and not do anything that would make people angry, otherwise, when the time came, not to mention Shen Jiucheng and his wife, even if Shen Jingyi personally begged for mercy, I'm afraid Zhang Lei would not even give this face!

Of course, even if Zhang Lei's hand is soft, Ji Feng will definitely not nod his head.

Some people may be forced by the situation to do evil things, but if someone from the Shen family did it, they would be knowingly committing a crime!

"Junior Brother Ji, please sit down first, the family head and the others are on their way!" Greeting Ji Feng and the four of them to sit down, Shen Jiuyuan said.

Only, when he said that Shen Wanzhen and the others were on their way, Shen Jiuyuan was more or less embarrassed.

Ji Feng also just smiled and sat on the sofa quietly waiting for Shen Wanzhen and the others.

In fact, when things came to this point, Ji Feng had nothing more to do that he should have done.

Coming to the Shen family to help Zhang Lei snatch Shen Jingyi back, making a move with certain unenlightened people in the Shen family, going to the Tan family to kick in the door these things have all ended, and now coming back to the Shen family again, he is just accompanying Zhang Lei, that's all.

After arranging for Ji Feng and the others to sit down, Shen Jiuyuan immediately arranged for someone to entertain them, and after that, he went out.

"Zhang Lei, are you all alright?" As soon as Shen Jiuyuan had gone out, Shen Jingyi asked with a nervous look on her face, and at the same time wanted to check to see if Zhang Lei had been injured.

"Look how nervous you are!" Zhang Lei laughed, "Although the Tan family is a hard bone to gnaw, Ji Feng and I gnawed it after all!"

"I know you guys won the fight!"

Shen Jingyi said, "I was asking if you and Ji Feng were injured!"

"Don't worry, even if there are injuries, they're just some superficial injuries." Zhang Lei waved his hand and laughed.

"I'm relieved about that!" Shen Jingyi checked again and found that Zhang Lei's body was indeed just a bit muddy and also had a few shoe marks, but there were no injuries, so she was relieved.

At this time, Shen Wanzhen and the others were shocked, and when he saw Shen Jiuyuan, who had come to greet him, he immediately asked, "Jiuyuan, are you saying that Ji Feng and Zhang Lei both walked out of the Tan house unharmed, and that it only took an hour before and after?!"

"That's right."

Shen Jiu Yuan nodded and said, "Father, I didn't go in at that time and don't know what exactly happened here, but there is no doubt that the two of them walked out in one piece, and the Tan family's reaction is unknown for now."

"It's only a matter of time before we find out what happened then!"

Shen Wanzhen said, "Lanjiang City is just this big, so if something happens to anyone's family, within a day, everyone will know about it."

"Father, getting the two of them, Ji Feng and Zhang Lei, really just kicked the Tan family?" Next to him, Shen Jiucheng was quite a bit incredulous, after all, this was too shocking, the Tan family was full of experts, the strength of which simply made people tremble on both legs.

But, just two young people really kicked the Tan family?

"Whether or not they really kicked it, we will soon find out, let's not talk about that now, you two come in with me first" said Shen Wanzhen.

The three of them walked into the living room of the villa together, as for the others, they could only stand awkwardly in the courtyard, either talking in twos and threes or staring at the living room with complicated expressions. There were also some people who turned around and left because they were unwilling to continue to be humiliated here.

However, the vast majority still did not leave.

It was easy to gamble and leave, but the thought of Shen Jiucheng's future son-in-law being so formidable, and the stake in Shen's group that he held, when the time came, if they fired a few people, or took back a bit of their stake from certain people, it would be enough for them to suffer!

You know, now the second master's words don't work ah.

The second master, Shen Wanhe, has already been abolished!

From now on, the only person in charge of the Shen family was Shen Wanzhen.

After Shen Wanzhen and the others entered the living room, they exchanged pleasantries with Ji Feng for a while, before Shen Wanzhen smiled and said, "We old people will not ask too much about Zhang Lei and Jingyi's affairs, in fact, we are happy that Jingyi was able to find such a handsome young man like Zhang Lei!"

Ji Feng nodded and smiled, not saying anything.

Shen Wanzhen then couldn't help but ask, "Little brother Ji, then the Tan family"

"You guys don't have to worry about the Tan family!" Ji Feng said, "The Tan family doesn't have many experts left, their old family head should be injured quite badly, the innate experts were ruined by me about five or six, the rest can't become a climate anymore!"

As for the strength of the Tan family, Ji Feng of course had a good idea, except for that old family head, the others were not enough to worry about. Otherwise, he wouldn't have stopped so easily.

Ji Feng said it with a relaxed and calm face, but Shen Wanzhen and the others were all shocked.

"Ji, little brother Ji, you scrapped five or six of the Tan family's innate experts?!" Shen Wanzhen stammered a little, this news was too shocking, the Tan family only had less than ten Innate experts in total, and Ji Feng had destroyed five or six in one go?

Wouldn't this mean that the Tan family's battle force was almost emptied?

"It should be about the same, I didn't count it in detail, that's about it!" Ji Feng nodded his head and said.

"....." Shen Wanzhen and the others opened their mouths, but they didn't know what to say. The Tan family was such a big family, but they were actually really kicked by these two young people!

Originally, when Shen Jiuyuan sent the news, they thought that the Tan family should have gone soft, but they never expected that the Tan family would actually suffer heavy losses!

Shen Wanzhen and the others couldn't help but look at each other, they simply didn't know how to talk to Ji Feng anymore. At this time, who still dared to treat Ji Feng as an ordinary young man?

But if Shen Wanzhen interacted with Ji Feng as a peer, then what should Shen Jiucheng and the others do?

"Father, I see that little brother Ji and the others are also tired, so let's stop talking so much for now and let them rest first!" Fortunately, Shen Jiucheng rounded up the situation at the side, which brought the atmosphere to life.

"Yes, yes, yes! Look at this brain of mine!"

Shen Wanzhen immediately stood up and laughed, "Jiucheng, it's better for you to arrange for Little Brother Ji and Zhang Lei to rest."

"Okay!" Shen Jiucheng nodded and said to Ji Feng, "Little Brother Ji, please follow me!"

Ji Feng didn't have anything to say to Shen Wanzhen, if he didn't have to accompany Zhang Lei, he would have to return to Jiangzhou after cleaning up the Tan family, so how could he stay here any longer?

Ji Feng took the white spider with him and left Elder Shen's villa together with Zhang Lei. They refused Shen Jiucheng's offer to stay at home and booked a room at an outside hotel. However, Zhang Lei stayed at Shen Jiucheng's home, for the first time, he had to have a good exchange with his old man.

At this time, a guest arrived at Shen's home, and this guest was no other than the contemporary head of the Tan family, Tan Guangfeng!

"Old Master Shen, I've come to make amends to you!" Tan Guangfeng's posture was extremely low, and when he arrived in front of Shen Wanzhen, he clasped his hands and bowed deeply, "The Tan Family has done wrong before, I hope that Elder Shen will forgive me!"

Shen Wanzhen was stunned and baffled, "Master Tan Family, you are"

"Elder Shen, there are only two Xiantian experts left in my Tan family, and my father has also been seriously injured, I hope Elder Shen can be merciful, don't kill them all!" Tan Guangfeng said sincerely.

"Sh, what?!"

Shen Wan Zhen asked in shock, "Master Tan, you just said that there are only two Xiantian experts left in the Tan family?"

"Yes! Even I, at this point, am only an ordinary person!" Tan Guangfeng said bitterly, "Jing Yi has found a good husband, only, now that the Tan family has fallen to such a sorry state, I still hope that the old master can be considerate of the past friendship between the Shen and Tan families."

Chapter 1156

The Tan Family of Lanjiang City, one of the martial arts families, had been kicked.

Nearly ten Xiantian experts and nearly a hundred Houtian cultivated children of the Tan Family were defeated by two young men in their early twenties, and eventually bowed their heads and admitted defeat!

This news, as if it had grown wings, flew throughout all the martial arts families in Lanjiang City in just one night. In turn, it spread throughout the martial arts world.

Any martial artist who was well-informed was shocked!

The Tan family's position in the martial arts world could not be said to be top, but at least it was among the top. Moreover, the old head of the Tan family was a top expert in the martial arts, and there were nearly ten Xiantian masters in the family, so it could be said that there were many masters.

But such a large martial arts family was kicked by two young men in their early twenties, which was simply unbelievable.

The fact that two super masters had emerged in the martial arts world was a great event. In order to find out the truth of the matter, many martial arts families who had dealings with the Tan family could not help but send people to visit Tan Guangfeng, the head of the Tan family.

However, the Tan family closed its doors and did not receive any visitors.

People from other families, however, got the news from the hospital in Lanjiang City that a large number of Tan family's sons and daughters were hospitalised, and after prying, these sons and daughters were, indeed, injured by two young masters.

One of the Tan family's sons had a lax mouth and accidentally let his mouth slip, so the other clans got a rough idea of what had happened.

The Tan Family had, indeed, been kicked by two young men!

What was even more shocking was that almost all of the Tan Family's family heads and elders were injured, except for the old family head and another elder, who were not damaged in any way, but the Tan Family's old family head had only fought a draw with the man who kicked the door!

When the source of the news was established, for a moment, the entire martial world was silenced.

Two top Xiantian masters, and two uncomfortably young martial arts masters at that, caught the attention of everyone.

In a flash, all but one of the martial arts families cautioned their family's sons and daughters to temper their behaviour and not to be too reckless, and if they really messed with these two bogeymen, then the family should not stay and just get out!

Apart from that, there were many other martial arts families that began to gradually get in touch with the Shen family, because they already knew that those two young supreme experts, one of them was the Shen family's grandson-in-law.

Amongst the martial arts families, the Shen family gradually rose to the top of the boat.

Of course, there were also some people who had ill intentions, and their contact with the Shen family was aimed at those two young supreme masters.

They were able to reach the Xiantian realm in their early twenties, how did they cultivate?

The secrets and methods in this were of great attraction to those martial arts families.

But thankfully, these martial arts families did not dare to use any excessive means, after all, they had to consider whether their own family was more powerful than the Tan family before they could do anything bad!

Even such a powerful Tan family had been kicked, there was no telling how serious the damage would be, and those martial arts families that were not as strong as the Tan family could not withstand three punches or two kicks from those two young men!

But then, in this way, so much so that the Shen family is now at the door, which is something unexpected.

.....

Buzz~~!

A plane flew from the airport in Lanjiang City, into the sky.

The four of them stayed in Lanjiang City for a total of three days before leaving Lanjiang City and rushing directly to Jiangzhou.

Zhang Lei did not want to leave Shen Jingyi alone in Lanjiang, so he asked Shen Jiucheng to take her back to Jiangzhou, but Shen Jiucheng did not even think about it, so he immediately nodded his head and agreed.

On the contrary, Shen's mother took Shen's hand and went to her room, saying something.

But by the time Shen Jingyi came out, her pretty face was red, so I guess it was also her mother who had told her about some womanly topics.

Sitting on the plane, Ji Feng was still sitting with the white spider, and on the opposite side of the aisle were Zhang Lei and Shen Jingyi.

Ji Feng had his hands on his arms and his eyes closed while the voice of Bai Spider suddenly came to his ears.

"Young Ji, I"

Ji Feng jerked open his eyes, turned his head and asked, "What's wrong?"

"I encountered some problems when I was practicing aerobics, I wonder if you can help me out?" White Spider asked in a low voice.

Ji Feng raised his eyebrows, White Spider had actually taken the initiative to ask him a question? How was this a bit strange!

In the past, the White Spider just tried to maintain her normal routine as a bodyguard, other than that, the White Spider basically seldom spoke, much less took the initiative to ask herself anything. But today, she had taken the initiative to ask herself, which was very strange!

But this also showed that White Spider was really in trouble.

So Ji Feng nodded directly and said, "About the gymnastics, let's talk about it when we get back."

"Thank you, Young Ji!"

Bai Spider nodded at once and spread her smile.

This smile of hers, however, instantly caused Ji Feng's eyes to waver slightly, staring at her in a daze, surprisingly not reacting for a while.

The white spider actually smiled?

This is really an unexpected discovery!

In the past, Ji Feng had seen White Spider many times, and she had also smiled, but only occasionally pursed her lips and smiled lightly. However, a heartfelt smile like today's was something that Ji Feng had never seen before.

But it has to be said, when the white spider smiled, it was with a sense of cold beauty that made people shine!

"Ji Shao you how" Seeing Ji Feng keep staring at himself, White Spider couldn't help but hesitantly touch her face, "Is there something wrong?"

"Oh! There's no problem!"

Ji Feng instantly came back to his senses, he coughed lightly and pondered for a moment before saying, "Right, White Spider, in the future, you can wear black clothes if you like. You should look kind of stunning when you wear a black outfit and match this short black hair of yours!"

"Stunning?"

White Spider was slightly stunned, then she pursed her lips and smiled lightly and said, "I used to wear black all the time, it was only later that I stopped wearing it."

Ji Feng nodded and smiled, saying, "I just said that casually as well."

Of course he knew when White Spider said 'later', that later referred to when she later joined Dynasty and later joined the Special Combat Brigade. But before that, as an assassin, she walked in the darkness of the night, and with this cold style of hers, I'm afraid that wearing black was the best choice.

Ji Feng couldn't help but imagine what kind of sight White Spider would look like if she wore a black outfit!

But soon, Ji Feng couldn't help but shake his head and shake these thoughts out of his head, what a mess this is all thinking about!

Turning his head to look at Zhang Lei and Shen Jingyi, Ji Feng found that this guy Zhang Lei was also resting his eyes with his eyes closed, but after looking for a moment, he was stunned.

This guy is not closing his eyes, he is clearly sleeping, and the sound of snoring is already coming from him!

Ji Feng couldn't help but smile secretly. In these few days in Lanjiang City, firstly, he had experienced a series of big battles, battling the Shen family and the Tan family's experts, and then Zhang Lei had been accompanying Shen Jingyi and also talking to her mother, which was even more tiring than the series of big battles.

After tossing and turning for such a long time, it would be strange if Zhang Lei was not tired.

But having said that, Ji Feng really admired Zhang Lei's perseverance and talent. Thinking about the devilish training for the previous month, even Ji Feng had to have a lot of perseverance to stick it out, not to mention Zhang Lei, who had a very poor foundation before. However, he had gritted his teeth and persevered, and had the strength he had today, which was worth admiring!

Once he thought of strength, Ji Feng's brow frowned slightly. Because, he thought of that old family head of the Tan family again.

Frankly speaking, ever since he started practicing bodybuilding, Ji Feng had never met an opponent who could really fight against him, not a single one!

Whether it was the Xuan **** experts or the dynasty's reformers, as Ji Feng's strength improved by leaps and bounds, they were all left behind and left so far behind that they couldn't catch up with him even if they ran wildly with their legs.

However, on this trip to Lanjiang, Ji Feng had very unexpectedly met his opponent – the old family head of the Tan family!

That old man was definitely a supreme expert who could technically compete with Ji Feng, and even if he fought alone without anyone interfering in the middle, Ji Feng's chance of winning would only be 60% at most, or even less.

From this, one could see how strong that old family head of the Tan family really was.

And this, too, gave Ji Feng a great sense of crisis.

Because through this it made him realise that there was an old saying that was very true, there was a world outside the sky, and there were people outside the sky. He, Ji Feng, had not yet reached the point where he was invincible in the world!

In the martial arts world, there were still true masters!

What's more, this was the age of hot weapons, even if the other party didn't know any kung fu at all, the other party only needed a bullet to kill him!

Ji Feng thought of the Dynasty again, that underground organisation that was so technologically advanced that it was astonishing.

What kind of powerful stuff would be in there?

"It looks like I still can't fall behind in bodybuilding, I have to keep training hard!" Ji Feng said secretly, "While I'm young, I always have to create some miracles to do so"

.....

"Father! Grandpa!"

"Bang Bang Bang"

Lanjiang City, outside the Tan family gate, a man whose body was wrapped in bandages and whose limbs were all in casts was being held up by several Tan family children, constantly shouting piteously at the gate.

"Father! Grandfather! I know I'm wrong, please forgive me, don't throw me out of the house!" The man cried out in pain and kept banging his head against the door, "You can't kick me out, or I'll have nothing left, I'll die!"

“Young Tan, you should stop shouting here, the family head has already put out the word before that you absolutely cannot be allowed to enter the Tan family’s door, there will be no more Tan family sons like you!” A Tan family son advised, “You go to the hospital first to recuperate, maybe when the family head has subsided, you can come back to beg, it might work!”

Chapter 1157

“Disown me? Father! Are you really going to expel me from the family?!” This man was held up by a few Tan family sons, his eyes looking desperately at the closed door in front of him as he said in a hateful voice, “Are you really that heartless?”

This man was none other than the young master of the Tan family, Tan Tianfeng, who had already been expelled from the family.

He had just recovered from his injuries, so he asked the Tan family members who were with him to take him back to the Tan family, but to his surprise, the Tan family’s gates were closed and he was not allowed to enter at all.

Tan Tianfeng had really been expelled from the family!

“You guys are so cruel!” Tan Tianfeng stared dumbly at the tightly closed gate, his entire being filled with hatred, Ji Feng and Zhang Lei had brought a shame that could never be washed away in this lifetime, yet, his father and the others had expelled him from the family as well, in order not to offend Ji Feng!

Tan Guangfeng, didn’t even want his own son?

“Good! Bravo!”

Tan Tianfeng looked at the Tan family’s gate with hatred, panting sharply, but then tugged at the broken sternum in his chest, shivering with pain.

Yet, there was nothing he could do.

He had lived off the Tan family since he was a child, and now after being expelled from the family, he really didn’t know what he could do or where he should go. He didn’t even know how he would live afterwards.

This stifling, gripping madness, as well as his strong hatred for Ji Feng, and the Tan family’s desperation, made Tan Tianfeng almost go crazy!

“Young master, let’s go back to the hospital first, after a while, we will help you plead with the family head, I believe the family head will definitely be soft-hearted.” A Tan family son advised, “Now that you’re making noise here, the family head won’t let you in even if he knows, he’ll only get more angry.”

“Yes young master, let’s go back to the hospital first!”

Another son consoled, “Since the family head his old man let us send you to the hospital and let us look after you, that means he still recognizes you as his son, it’s just that right now he is still angry, so just be more considerate!”

“..... Okay!” Tan Tianfeng finally despaired, he nodded helplessly and could only go back to the hospital first, hoping that the Tan family would still accept him, otherwise, he really didn’t know what to do.

“Zee...!”

Just then, a black SUV suddenly braked sharply and stopped on the road in front of the Tan family’s gate, a man with a duck-tongue cap poked his head out from the passenger seat, the man was wearing a black shirt, sunglasses and a duck-tongue cap, and looked towards the Tan family’s gate.

“Tan Tianfeng, young Tan?” This man in the duck-tongue hat asked with an expressionless face.

The few people in Tan Tianfeng couldn’t help but be slightly stunned and looked at this man carefully for a moment before Tan Tianfeng asked, “Who are you?! How do you know me?”

This man was wearing a hat in the heat of the day, and looking inside he seemed to be wearing a long-sleeved shirt, a really strange get-up.

Also, he looked really odd with his very stiff expression.

“Hehe” The man however laughed twice, revealing a very ugly smile, simply more ugly than not smiling, “I’m afraid no one in this Lanjiang City doesn’t know the great name of Young Tan, right? Of course, I know Young Tan, but Young Tan certainly doesn’t know me, why don’t Young Tan come up and sit down and we get to know each other?”

“Who are you?!” Several of the Tan family’s sons and daughters were instantly alert, what was the purpose of this man who was dressed so oddly and covered himself up so tightly, and now seemed to be coming specifically for Tan Tianfeng?

“Young Tan, you didn’t care when you were humiliated by Ji Feng like that, do you not even dare to get into my car now?” The man with the duck-tongued hat grinned dryly, his voice was astringent and seemed very dry, as if it was the kind of sound made after the throat had been smoked with thick smoke, making people unable to help but get goose bumps all over their bodies.

But as soon as this person mentioned Ji Feng, Tan Tianfeng instantly had a cold flicker in his eyes, and the strong hatred in his heart rose up instantly, tengdi, the fire rose up!

“You are Ji Feng’s people?” Tan Tianfeng asked coldly.

“Ji Feng?!”

The man seemed to be very surprised by this question, and immediately, he laughed twice in a brutal manner, “That’s right, I’m Ji Feng’s man, I’m the one who wants Ji Feng’s life! How about it, if you also want Ji Feng’s life, come up and sit with me?!”

“You want Ji Feng’s life?!” Tan Tianfeng was stunned, “How can I trust you?”

“Hehehe” the man with the duck-tongue hat sneered twice and said mockingly, “Did you still think that I took the opportunity to swindle you into getting into the car with the intention of misbehaving with you? Hmph! A person who was expelled from the family, I will lay hands on you? You also underestimate me too much!”

“You

Tan Tianfeng was instantly furious, but then he couldn't help but suck in a cold breath as he moved in anger and tugged at his broken bones again.

Only after a moment did he calm down and said in a cold voice, “You'd better be careful what you say, no matter how much I've been expelled from the clan, the blood flowing in my body is still that of the Tan family, don't forget, it's at the front door of the Tan family now!”

“That's why I asked young Tan to come in the car, your injury, it's a small matter!” The man in the duck-tongued hat said, “No more mothering, if you're a man, if you want to seek revenge on Ji Feng, then come up. Of course, if you don't have the guts to do so, we'll leave now!”

“You guys?”

Tan Tianfeng took a deep look at this duck-tongued man, and then looked at the person sitting in the driver's seat, and found that it was also a man, but didn't even look at him, just quietly looking at the windscreen in front of him, as if he hadn't heard their conversation.

This driver, again, was an eccentric man!

Tan Tianfeng's heart couldn't help but drum a little, but just at this instant, he saw the mockery in the duck-tongued man's eyes, and felt the other man's gaze sizing up his own body for a moment.

“Miso!” The fire in Tan Tianfeng's heart immediately flared up, he knew that now that he was covered in casts and bandages, the other party was mocking his injuries, and was still calling him a gutless man!

What's more, these injuries on his own body, his own face, were all inflicted by Zhang Lei and Ji Feng!

Thinking about Zhang Lei's slap after slap on his face, that extreme humiliation that left himself with a shame that would be difficult to wash away in his life, almost integrated into his bones

The first time he thought about his father's desperate words to expel him from the family, and now he was not even allowed to enter the gate

Tan Tianfeng could no longer restrain the anger in his heart, he shouted: “Good! You guys, help me over there immediately, it's just getting in the car, what's the big deal!”

“Young master” several other sons and daughters immediately cried out in alarm and just wanted to console him, but they were immediately interrupted by Tan Tianfeng.

“No need to say more, help me over immediately!” Tan Tianfeng said.

“..... Alright!”

Those few Tan family sons had no choice but to nod their heads and agree to Tan Tianfeng's request. And then, they helped Tan Tianfeng and walked towards the SUV.

“That's how a young master of the Tan family looks like!” When the man with the duck-tongued hat saw Tan Tianfeng being helped over, he instantly smiled brutally and said grimly, “Not bad! This is the only way to be qualified to deal with Ji Feng with me, and to take revenge on him!”

Bang!

Eventually, Tan Tianfeng finally got into the SUV.

Only then did he realize that there were actually three people in the car, apart from the man in the front wearing a duck-tongue hat, and the driver, there was another person in the back seat, this person's attire was very normal, and he was also very handsome, with a sturdy body, sitting there with an aura of power.

"What are you people?!" Tan Tianfeng asked hesitantly.

Buzz~~!

The windshield of the SUV went up all the way, and the man with the duck-tongue cap said in a dry voice, "Introduce yourself, you can call me Third Captain, in the future I will be your comrade, next to you, is the captain, in the future, we will all be Ji Feng's enemies, and will be his worst nightmare!"

"As for your injuries, we will let you heal completely within a week!" The man with the duck-tongue hat said, "More than that, we will also give you transcendent power, so that you will have the ability to defeat Ji Feng."

"Now, it's up to you if you dare to come with us!" The captain, who was sitting next to Tan Tianfeng, said indifferently.

Tan Tianfeng's face changed, and for a moment, he was really unsure of his decision.

"Of course, if you don't want to take revenge anymore and just want to live in such a nest for the rest of your life, you can get off now!" The man in the duck cap added, "Live like a coward, or come with us, your choice!"

As soon as Tan Tianfeng heard this, he gritted his teeth, "Okay, I'll go with you!"

"Good!"

The man in the duck-tongued hat immediately drank: "In six months at most, Ji Feng will have another formidable enemy, and from then on, he won't be able to sleep! Haha"

.....

"Hiss"

Outside the exit of Jiangzhou Airport, Ji Feng touched his nose, inhaled hard, looked up again at the hot sun and frowned, "This hot day, why do I still want to sneeze, catching a cold?"

"You can catch a cold too?!" Zhang Lei immediately lost his smile, "In the middle of winter you are all in a shirt plus a jacket, and now you still have a cold?"

Ji Feng laughed, "Let's go, let's go back and settle down first. Lei Zi, the dormitory shouldn't be open yet, so you and Jingyi should stay at my place first, there are still a few guest rooms that are empty anyway."

Zhang Lei looked at Shen Jingyi and asked, "Jingyi, what do you think?"

“No-good thing!” Ji Feng couldn’t help but curse at once, “This hasn’t even been done yet, and you’re so scared?”

“.....” Zhang Lei looked at Ji Feng speechlessly for a long time before saying, “If it was you instead, would you dare not to consult Xiao Yuxuan and Tong Lei?”

Ji Feng thought about it and instantly laughed. If it was him, he would really do the same.

“It’s not like that, we’re both big brothers not to mention second brothers, we both have the same life!” Zhang Lei hummed and snickered.

Chapter 1158

In the end, Zhang Lei and Shen Jingyi still went to Ji Feng’s villa for a temporary stay.

The first thing that I would like to say is that I’m not going to say anything, even if I don’t want to, I’m not going to say anything at this time, otherwise it wouldn’t be a simple lack of manners, it would be called lack of understanding!

Of course, Shen Jingyi herself is also a smart person, and this is not a big deal, so she naturally won’t say anything.

The fact that a person’s character and heart can be seen from a simple little thing, Shen Jingyi is obviously doing a very good job in this regard, and Ji Feng can’t help but secretly nod his head.

Of course, Ji Feng also knew very well that Zhang Lei was not someone who could be swayed that easily, this guy’s temper was not very good.

Xiao Yuxuan was overjoyed to see Ji Feng back. She didn’t know what was going on, but when Ji Feng was at home, he didn’t seem to be helping her much, as she still needed to work hard to learn about the affairs of the Tengfei Group, and Ji Feng would only occasionally ask a few questions.

However, Xiao Yuxuan felt very relieved.

As long as she knew that Ji Feng was at home, her heart would not panic, no matter what difficulties she encountered.

But as soon as she left, even with Xiao Ying with her, Xiao Yuxuan was still very uncomfortable and always felt unsettled and a bit panicky in her heart when doing things.

Xiao Yuxuan was even laughing at herself with Xiao Ying, saying that she was really useless and would not be able to do anything big in the future, and that this would be the end of her life.

When Xiao Ying heard this, she only pursed her lips and laughed lightly, not making any comments.

Now that Ji Feng has suddenly returned, Xiao Yuxuan is naturally very happy. As soon as she got off work in the afternoon, she rushed back home with Xiao Ying, and then cooked a sumptuous dinner herself, and then cooked green bean soup

In the evening, the two of them naturally had to linger a bit more.

The two of them were in a state of flux and were leaning tightly into Ji Feng's arms, their eyes were lost, and only their fingers were gently moving slightly on Ji Feng's chest.

At this point it was already after the tangle, Xiao Yuxuan's body was soft, her eyes were like silk, and she had already lost a trace of strength.

Ji Feng kissed Xiao Yuxuan's bare forehead, and his big hand kneaded on the round and plump fat buttocks, causing Xiao Yuxuan's red lips to open slightly and let out a low whisper from time to time

After a long time, Xiao Yuxuan was able to come back from that drifting feeling, she couldn't help but let out a long breath and said, "Ji Feng, when you come back this time, you won't go out anymore, right?"

"What?"

Ji Feng turned his head to look at her and laughed, "If there's something going on outside, then surely you should still go out, why are you asking this all of a sudden?"

"When you're around, I guess, I just feel just quite good, but it's not too special either." Xiao Yuxuan nestled in Ji Feng's arms and murmured softly, "But once you went out, I felt a little missed"

Ji Feng instantly laughed, "Then, as long as it is not necessary in the future, I will try not to go out, is this okay?"

"Can't say absolutely not to go out, but, next time you go out, try to take me with you!" Xiao Yuxuan said, "It's bad to be alone at home and worry if you'll meet any danger outside and miss you anyway!"

Ji Feng couldn't help but hug her tightly, although what Xiao Yuxuan said didn't have much flashy language, but the more this kind of simple and uncomplicated soft murmur, the more it could show her inner thoughts.

"By the way, is everything okay in the group recently?" Ji Feng suddenly remembered something and asked.

"It's all pretty good, the group's development has also been on the right track, the team of Tengfei Ventures has also been formed, and will soon fund a new company together with Tengfei Group headquarters and Mingguang Electric!" As soon as the matters in the group were mentioned, Xiao Yuxuan suddenly narrated like a family treasure.

"However, to say that it is not good, there is also." Xiao Yuxuan said, "The Kang Yuan slimming powder produced by the Xiao Pharmaceutical Factory has recently seen more and more copycat products on the market, and according to the results of the market survey, there are now as many as hundreds of copycat products on the market, and both from the packaging and from the name, they are extremely similar to our product!"

"The results of the market survey are out?" Ji Feng asked with a frown.

"Yes, these data are the results of the survey reported up." Xiao Yuxuan said, "I was shocked after reading it."

"So what are you going to do about it?" Ji Feng asked with another smile.

"I gave it directly to Xu Yuan, the general manager of Xiao's Pharmaceutical Factory, since it is a group operation, then Xiao's Pharmaceutical Factory should be able to solve this matter!" Xiao Yuxuan said, "Let the company underneath solve it on their own, we just co-ordinate and manage it, if they really can't solve it, then we will also help!"

Xiao Yuxuan said to herself, but she did not notice that when she said Xu Yuan, Ji Feng's eyelids jumped wildly a few times, and his expression was more or less unnatural.

"That what is too late today, get an early rest, I'll go to Xiao's pharmaceutical factory tomorrow to see what's going on." Ji Feng snorted and said vaguely.

Xiao Yuxuan, however, did not care and just nodded her head, she was also really exhausted, and in a short while, there came the sound of even breathing as she gradually entered dreamland.

"Phew~~!"

Only then did Ji Feng quietly let out a sigh of relief, but he couldn't help but secretly laugh bitterly.

What a thing to call this!

The matter between him and Xu Yuan, in fact, he had always wanted to mention it to Xiao Yuxuan and Tong Lei, but many times when the words came to his lips, he didn't know what to say, so in the end, he could only suppress it, thinking that he would wait for the right time to say it.

However, he had waited and waited until now, but he still had not found a suitable opportunity.

But I never thought that today Xiao Yuxuan suddenly mentioned Xu Yuan, which made Ji Feng slightly stunned, he thought that Xiao Yuxuan knew what happened between him and Xu Yuan and wanted to settle the score with him!

In fact, Ji Feng also knew that Xu Yuan was the general manager of Xiao's pharmaceutical factory, while Xiao Yuxuan was the boss of the Tengfei Group, so there would definitely be times when the two of them would meet each other, and there would be quite a few opportunities to deal with each other in the future.

Then in the future between the two of them

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

But after thinking for half a day, Ji Feng still did not come up with any good way to solve this matter. If you want to tell Xiao Yuxuan, then it's strange that she can be comfortable in her heart. What's more, Tong Lei wouldn't be comfortable either, and might even be sad and in tears because of it.

But if you don't tell, it's impossible to keep this kind of thing under wraps

Moreover, it might even hurt Xu Yuan in the future.

"This is really a dilemma!" Ji Feng couldn't help but shake his head secretly and sighed.

But having never thought of a good solution, Ji Feng was also helpless. After a few moments, Ji Feng stopped dwelling on this issue, he closed his eyes and entered the training space of his intelligent brain once again.

Ever since the last time he fought with the old family head of the Tan family in Lanjiang City, Ji Feng realized that he had been a bit arrogant in the past.

Not to mention anything else, just that old Tan family master was enough to pester himself. If the Tan family's morale hadn't been so badly beaten at that time, it was not clear whether he and Zhang Lei would have been able to walk out of the Tan family unharmed.

There was another point that Ji Feng understood very well, the main reason why he could kick out the Tan family at that time was that the Tan family did not have a concentration of experts.

If those individual Xiantian experts of the Tan family, led by the old Tan family head, had surrounded Ji Feng together, Ji Feng could be sure that he would have been beaten out like a dead dog!

Taking stock and experiencing after a fierce fight, this was a habit he had developed during his training, and the more he took stock now, the more he felt that his previous act of going to the Tan Family to kick in the door was more or less reckless, and that his previous mentality was a little too arrogant.

In reality, Ji Feng's strength had not yet reached that point of being invincible under the world!

Therefore, Ji Feng was going to enter the training space again and continue his training that he hadn't finished yet, in order to become a real super agent as soon as possible.

"Master, welcome back!" As soon as Ji Feng entered the training space of the wise brain, he saw the wise brain floating over, and to his dismay, at this moment, the wise brain seemed to have changed in form. Apart from that round ball of light from before, the Wise Brain seemed to be a little brighter than before, and moreover, slightly larger in size.

"Wise Brain, have you grown up?" Ji Feng asked.

"Master, this is Wise Brain's energy is more sufficient, so it is in the best condition." Wise Brain said.

"Sufficient energy?" Ji Feng nodded at once, the thicker the bio-current in his own body, the more abundant the same energy of the Wisdom Brain was.

"Wise Brain, now that I've completed the training in the fierce beast forest, is there any more training below?" Ji Feng stopped talking nonsense and asked directly, now he was impatient to improve his strength, the old family head of the Tan family had brought him a great sense of crisis.

"Master, it's better to prepare for some more time before proceeding with the following training." The intelligent brain said.

"Why?!" Ji Feng couldn't help but be slightly stunned.

Ever since breaking out of the deep forest of fierce beasts, Ji Feng had not continued his training, instead just sticking to practicing body building exercises every day to ensure that he did not let himself slacken. But in reality, he had also drifted a little.

Strangely, every time he entered the training space, the intelligent brain actually didn't ask him if he wanted to continue training, and at the same time didn't rush him.

Ji Feng then thought that he had already reached a certain level of strength, which was why he had gotten a little cocky.

But now, it seemed that the Wisdom Brain had not been urging, so it seemed to have an ulterior motive!

“Master, I suggest that you don’t start the following training now because your physical state has not yet reached the requirements, if necessary, master can break into the deep forest of fierce beasts once more”

Chapter 1159

“Why?!”

When Ji Feng heard the words of the intelligent brain, he was stunned beyond belief, he knew that in the past, every time he trained, the intelligent brain could act almost more actively than himself, but this time, it took the initiative to persuade him to hold off on continuing the training, this was really a strange performance that had never been seen before, Ji Feng could not help but be very strange.

“Master, because the current super agent training system is not complete!” The intelligent brain said.

“Of course I know that!” Ji Feng nodded, a long time ago Wisdom Brain had told him that the current Super Agent training system was actually only three stages in total, and by the fourth stage, it was basically broken, and how to continue training below, at least in Wisdom Brain’s database, was non-existent.

In this case, as long as one practiced this training system to its peak, one would actually be able to become a super agent already.

So all along Ji Feng had not thought much about it, without the subsequent training method, then it would not be over if he did not become a super agent in the future, as long as his strength could go further, at least within the people he knew, there would no longer be anyone who was his opponent, and that would be enough.

“Intelligent Brain, apart from this incomplete training system, there should be no other problems, right? Why can’t I continue?” Ji Feng frowned and asked.

“Master, in fact, the reason why the fourth stage is incomplete, or rather, the reason why there is no fourth stage, is not that super agents no longer need training after reaching the third stage, it’s not like that.”

The wise brain said, “After reaching the third stage, training still continues. However, at this time, the tour ah, but has been too harsh, so much so that, firstly, the person being trained may not be able to pass, and secondly, there is no longer any training method that is more cruel than this third stage, so that is why there is no fourth training stage!”

“Then, you mean” Ji Feng frowned, “you mean that if I continue to train, I will face very cruel training that there is a high probability that I will not be able to hold on?”

“Yes master.” The intelligent brain nodded and said, “In the third stage, master has already completed two small stages of training, but the training that follows is even more brutal, and it is not possible to

persevere with willpower and toughness alone, so master had better continue to rest and adjust his body to the best condition!”

Ji Feng couldn't help but look at the intelligent brain, and after a long time, he suddenly asked, “Intelligent brain, where did you say this training space came from? Is it really a variety of environments simulated with bio-currents, so that people mistakenly think they are in it?”

“Yes, Master!”

The wise brain nodded, “Please, master, are there any more questions?”

“There are no questions, but I am curious, if one does not have strong perseverance, will one be able to break through the rest of the training with a strong body alone?” Ji Feng asked.

“This isn't certain!” The intelligent brain said.

“Then what percentage is certain?!” Ji Feng asked directly after him.

“Willpower is also just one aspect, but, physical quality is equally essential!” The intelligent brain said.

“This means that the next training, for the trainer's physical quality, has strict right requirements, right?” Remember asked.

“Yes Master!” According to the database, even in the Gamma system, there are many people who have failed in the third stage. And those, all of them were caused by not having patience though and not laying a good foundation.”

Ji Feng then could not help but be silent, and only after a long time did he nod and say, “Then, I will continue to insist on practicing body-building exercises. However, when I'm qualified enough to continue training, remember to inform me!”

“Yes!”

When he exited from the training space, Ji Feng couldn't help but be silent for a moment, it seemed that this super agent's training became more and more difficult the further he got, and with his current physical quality, he actually couldn't start the next level of training, so it could be seen how strict this training really was!

However, Ji Feng was not discouraged, because the stricter the requirements of this training, the more Ji Feng understood how much his strength would be improved once he passed this training!

Ji Feng thought back to the light screen that he had seen in the training space, in which the exchange of blows between the two men could be described as simply terrifying. That kind of stance, that kind of power, it was just like making a movie.

And Ji Feng knew that that was the true power of a super agent.

That kind of terrifying strength was not something that could be possessed so easily, so once Ji Feng thought of this, and then thought about the strict requirements of the intelligent brain, it was not difficult to understand.

The first thing that he did was to look at Xiao Yuxuan, who was sleeping next to him, and Ji Feng couldn't help but smile slightly. Since his physical state hadn't yet met the requirements, he should take this time to adjust properly, and he could also take the opportunity to instruct Xiao Yuxuan and Tong Lei. By the way, there is also the white spider!

.....

Perhaps because she was too tired last night, when Xiao Yuxuan opened her eyes the next day, she instantly found that it was actually almost eight o'clock.

"Ah!"

Xiao Yuxuan immediately shrieked, then hurriedly got up, washed up, and after arriving downstairs only to find that Ji Feng as well as bought breakfast, he was sitting on the sofa reading today's morning newspaper

"Ji Feng, how come you didn't wake me up so late?!" Xiao Yuxuan complained, and then barefoot and fast, she came down, took a sugar cake and took a bite, and drank two mouthfuls of soy milk, "I'm too late to eat!"

"Eat your breakfast before you go!"

Ji Feng said, "Even if you don't eat, you should always let Xiao Ying eat before you leave, right?"

Xiao Yuxuan was immediately helpless, she could only nod and said, "Xiao Ying, hurry up and eat"

Looking at Xiao Yuxuan that hurriedly eating breakfast, Ji Feng couldn't help but frown a little, after a moment, he said, "Yuxuan, although you are the boss of the group, but there is no need to do things so desperately, I heard that you have been like this for the last few days, you almost didn't even eat breakfast!"

"It was Little Shadow who told you that, right?"

Xiao Yuxuan smiled delicately, "It's too hot, I can't eat."

"Bullshit!" Ji Feng instantly cursed with a laugh, "The hottest stage has already passed, besides there's air conditioning at home, how hot can you get? Yu Xuan, there are many things that can actually be left to professional managers, if you do everything yourself, then why do you need so many people in the group?"

In fact, regarding this issue, Ji Feng had already said Xiao Yuxuan many times, but it couldn't be helped, this woman was simply working like her life depended on it, no matter how she said it, she wouldn't listen.

"Got it got it!" Xiao Yuxuan quickly ate a doughnut and drank a cup of soy milk, by this time, Xiao Ying had also finished her breakfast, so the two of them simply packed up and got ready to go to work.

"Boo~~!"

Before Xiao Yuxuan left, her red lips kissed Ji Feng on his face and whispered in his ear, "Next time, no tossing and turning so late, then I can get up early"

“.....” Ji Feng looked at her helplessly, he simply didn’t know what to say.

“Giggle~~~” seeing Ji Feng’s helpless look, Xiao Yuxuan suddenly giggled, “This look of yours is really cute!”

A few black lines appeared on Ji Feng’s forehead, what did the word cute have to do with himself?

Looking at Xiao Yuxuan and Xiao Ying driving away, Ji Feng couldn’t help but slightly shake his head, this woman, apart from working a bit hard, in other aspects, was very satisfying to Ji Feng.

Especially, this kind of early morning chattering and panicking Xiao Yuxuan, brought a busy and lively morning to this home, this kind of feeling, very warm.

It was a cozy early morning!

The white spider looked at this scene of joking and laughing and breezy, and a trace of envy flashed in her eyes.

For her, she had never experienced such a warm life before, especially this feeling of home.

For a moment, the white spider could not help but be a little dazed.

“Bang!”

Ji Feng threw the newspaper onto the coffee table, got up and went to the door of the guest room and knocked on the door.

“Lei Zi, I have something to go out first, you take care of it yourself!” Ji Feng shouted, and then he intended to go out with the white spider.

“Hasn’t that guy gotten up yet?” Shen Jingyi walked out from the other guest room, looked at Ji Feng, and then looked at the tightly closed door, and immediately said, “I’m really defeated by him, I’ve never seen such a lazy guy”

Yay?!

Ji Feng, however, was instantly taken aback, and he subconsciously asked, “How did you get out of this room? Didn’t you two get together yesterday?”

“What are you talking about!”

Shen Jingyi’s pretty face instantly flushed slightly and said embarrassedly, “Zhang Lei and I are still just in a relationship”

Ji Feng nodded and smiled, then said, “Okay okay, you don’t need to explain to me that what, I still have things to leave first, you guys stay at the villa!”

What is in a relationship does not sleep together, Ji Feng does not believe this excuse of theirs, moreover, this matter Ji Feng is not interested in knowing, he took the white spider together, directly drove his that BMW X6, went to Xiao’s pharmaceutical factory.

It had been a few days since he had seen Xu Yuan, and frankly speaking, Ji Feng really missed it a bit, especially because he still had some guilt feelings towards Xu Yuan.

The three of them were no different from a family, but Xu Yuan was left alone in the pharmaceutical factory, working hard for the pharmaceutical factory all day, but Ji Feng had to avoid suspicion, so he could only go to the pharmaceutical factory as little as possible, so he had less time to meet Xu Yuan than Xiao Yuxuan and Tong Lei!

This made him want to take time to spend more time with Xu Yuan.

And now, the Kang Yuan slimming powder produced by Xiao's pharmaceutical factory is being severely copied, which is a good excuse

Chapter 1160

In Xiao's pharmaceutical factory office, Xu Yuan, who was looking down at the documents, frowned slightly, turning the document in her hand over a page, and her brows frowned even tighter.

"Phew~~!"

Xu Yuan couldn't help but close the folder and shook her head slightly.

She lay back and leaned against the soft backrest, rubbing the corners of her eyes and letting out a soft sigh.

"Squeak~~!" A slight rattling sound suddenly came.

Feeling as if the office door had been pushed open, Xu Yuan immediately looked up, only to instantly find that a familiar figure was standing in the doorway, looking at her with an almost doting smile on her face.

"Eldest young man, why are you suddenly here?" Xu Yuan's eyes instantly lit up, a strange colour flashing through her eyes, that feeling, it was really as if she had seen some treasure, a touch of surprise couldn't help but rise up on her pretty face.

The change of expression, which Ji Feng could not help but feel in his heart, just this one expression and that one look, instantly touched the softest place in Ji Feng's heart. After Xu Yuan saw him, there was a heartfelt joy that could not be concealed by anything and, moreover, could not be disguised.

Ji Feng casually closed the office door, and then immediately took a few quick steps, propped himself up on the desk with one hand, and immediately flipped over, landing steadily beside Xu Yuan.

"Ah!" Xu Yuan exclaimed softly, startled, and immediately saw that Ji Feng was looking at herself with a smile on his face, she patted her chest again, "Eldest young man, you scared me."

"Did you?"

Ji Feng half sat on his desk, facing Xu Yuan, and took her small hand.

Xu Yuan's pretty face immediately surfaced a blush, although it had been so long since she had established a relationship with Ji Feng, however, from the beginning until now, they hadn't done anything too intimate between them, at this time there were only two of them in the office, Xu Yuan couldn't help but be shy.

Ji Feng, however, only took her small hand and did not make any further moves.

“Yuan Yuan, very tired, right?” Ji Feng asked.

“Also, not anymore, work, it must be all like this.” Xu Yuan’s pretty face flushed even more, it wasn’t the first time she had been called ‘Yuan Yuan’ by Ji Feng, but every time, she had a sense of shyness.

I don’t know what happened, but when Xu Yuan was out on her own in the past, of course she had also made false accusations with people, and she avoided as much as she could those men who were ‘horny’, and at that time, some people called her ‘Yuan Yuan’, but it just made her feel disgusted.

Ji Feng, on the other hand, called her that, but it gave her a kind of nervousness in her heart that beat at a faster pace, as well as a sweet feeling of being cared for.

“Yuan Yuan, take a rest first, let me give you a massage!” Ji Feng suddenly said.

“Ah?!”

Xu Yuan was slightly stunned, “Rest?”

“Yes!” Ji Feng smiled, took Xu Yuan’s small hand and pulled her up in a flash, “Come here, lie down on the sofa!”

“..... mmm!”

In fact, Xu Yuan nodded in agreement without half a moment’s hesitation, while one of her hearts was thumping rapidly, as if she had realized something, her pretty face was even redder almost dripping blood.

However, Xu Yuan did not resist or refuse, she just obediently allowed Ji Feng to take her hand, and then plopped down on the office sofa at his gesture.

“Yuan Yuan, you’re so beautiful like this!” Ji Feng said.

Xu Yuan then blushed pretty, but only pursed her lips and smiled lightly. There was no girl who didn’t like her boyfriend complimenting her on her beauty, and Xu Yuan was likewise no exception.

“What I said is true!” Ji Feng said.

At this time, Xu Yuan, wearing a purple suit, perhaps out of the girl’s love of beauty nature, Xu Yuan chose this set of professional clothes slightly tight, but this is the case, but let her rich body is very obvious, two white calves exposed outside the suit skirt, under the silk stockings wrapped, there is a sexy and mysterious temptation ` confusion, let people can not help but thumping heart.

If you look at her from the side, Xu Yuan is lying on her back on the sofa, her long wavy hair draped over her shoulders with a slight tinge of red, looking like a stylish city girl. Her slender waist and fat, rounded buttocks wrapped in a suit skirt make people’s hearts flutter.

From the back alone, Xu Yuan’s professional outfit is really heartwarming.

Office, long wavy hair beautiful girl, purple professional dress, and that black silk stockings, high heels
.....

This is simply a fashionable and beautiful girl full of endless mystery, and allure’s!

The most important thing is that you can't help but feel the same way when you look at this fashionable and beautiful woman, lying on the sofa, with her plump and round fat buttocks slightly curved, that kind of posture, so that Ji Feng can't help but be moved

And at this time, Xu Yuan was even more shy. Although she did not know just how tempting she was in such a position, she was able to feel that her current position was causing her hips to be slightly upturned.

Moreover, Xu Yuan could even feel as if Ji Feng's gaze had turned into substance, sweeping over her body, and she even had a vague feeling as if she could detect the trajectory of Ji Feng's gaze sweeping over her body, and her body couldn't help but feel slightly tingly.

However, the worst part was that Xu Yuan felt that Ji Feng's gaze had actually ended up on her own buttocks!

Xu Yuan's pretty face instantly turned almost red to the point of dripping blood.

She was incredibly shy and turned her head over, pouting, "Younger, didn't you, didn't you say you were going to give me a massage?"

"Phew~~!"

Ji Feng secretly took a few deep breaths before he suppressed the charming thoughts in his heart, coughed lightly, kneeled one leg beside Xu Yuan's body, and put both hands on Xu Yuan's shoulders.

"Yuan Yuan, it might hurt a little later, try to bear it a little, it will be comfortable in a while!" Ji Feng laughed.

"Mm!" Xu Yuan answered, but she was so shy that she almost didn't dare to look up, just buried her face in the crook of her arm and let Ji Feng work on her body, her heart was both nervous and expectant, but, also a bit conflicted and hesitant

The first thing you need to do is to get a good idea of what you are getting into.

The first thing you need to do is to get a good idea of what you're getting into. Xu Yuan indeed had a plump and fleshy figure. However, from her shoulder Ji Feng could feel that Xu Yuan's body was tensing up and looked tense.

But what Ji Feng noticed was that Xu Yuan seemed to be somewhat strained, her body, less of a toughness

Ji Feng immediately could not help but feel distressed, although Xiao's pharmaceutical factory looked thriving, a busy scene. However, this kind of busy has a price, and this inside and outside things, almost all have to Xu Yuan to Zhang Luo, really hard for her.

"Yuan Yuan, I remember that a group of managers were transferred from the group headquarters?" Ji Feng began to gently ask Xu Yuan for a massage, while asking.

"Not just management staff, but also a group of technical personnel." Xu Yuan said, "All these people stayed, none of them left, and they are all on track now as well."

“If that’s the case, then why are you still so tired?” Ji Feng asked with a frown.

“No!”

Xu Yuan laughed lightly, “I’m not tired.”

Ji Feng then shook his head and laughed, saying, “Alright, whether you’re tired or not, I’ll know once I touch it cough cough, so what, I mean, I’m well versed in the state of the human body.”

Xu Yuan then fell silent and just lay on her back, shyly not speaking.

Ji Feng also couldn’t help but secretly shake his head and laugh bitterly, but his hands didn’t stop, urging the bio-current to gently massage and comb Xu Yuan’s body.

“Well

Who knew that as soon as Ji Feng fed the bio-current into Xu Yuan’s body, he heard her let out a delicate cry.

Xu Yuan then became even more shy, she subconsciously tensed her body and didn’t even dare to raise her head.

Ji Feng didn’t say anything either, he just carefully controlled the bio-current and kept grooming Xu Yuan’s body.

“Mmm

Xu Yuan whimpered again, that bio-current was really stimulating her body a bit too much, as Ji Feng’s hands moved gently, Xu Yuan only felt that her whole body was incomparably soothed, and her red lips couldn’t help but let out a sound.

Ji Feng smiled bitterly, he could only pretend that he didn’t hear it, otherwise, with such an incomparably gorgeous girl lying on her side and posing like this, it was really too tempting, if he didn’t divert his attention, Ji Feng was really afraid that he wouldn’t be able to hold it!

“Yuan Yuan, didn’t I tell you to practice aerobics before, but I see that you don’t seem to be practicing?!” Ji Feng frowned after combing Xu Yuan’s body for a while.

“I don’t have the perseverance” Xu Yuan said with some embarrassment, “And in the aerobics you taught, there are many moves that are too difficult for me to do... ..”

“So it’s like that.” Ji Feng nodded thoughtfully.

“Young master, don’t worry, from today onwards, I will definitely try my best to practice the aerobics you taught me.” When Xu Yuan saw that Ji Feng didn’t say anything, she became anxious in her heart and hurriedly said.

“Get down!”

“Slap!”

Ji Feng slapped Xu Yuan’s body, however, it couldn’t be more coincidental that this slap of his actually landed right on Xu Yuan’s plump and round **** body.

In a flash, both of them were stunned.

Xu Yuan's body even went limp, let out a whimper, and flopped down on the sofa, her pretty face red all the way to the roots of her ears, even the originally crystal round earlobes were red through.

Ji Feng also laughed bitterly and shook off his hand, secretly shaking his head, he owed this hand!

But fortunately, the two of them were not just friends, and Ji Feng's cheek was much thicker than before, so he just coughed lightly and acted as if nothing had happened, and continued to massage Xu Yuan.

Of course, thinking back carefully on that slap just now, the feel of that hand, it was really elastic and, moreover, the round shape of the buttocks was really wonderful!

In terms of posture alone, Xu Yuan was perhaps slightly different from Xiao Yuxuan and Tong Lei.

However, if we talk about the richness and sexiness of her body, Xu Yuan is slightly better than them all, she was born with a rich body, full of sexiness and seduction!
