

Campus Master 1161

Chapter 1161

“Yuan Yuan, don’t work so hard, I can’t spare my hands now, I’ll send you a guard after a while, let her teach you body building exercises then.” Ji Feng said softly while giving Xu Yuan a massage, feeling the muscles in the back of Xu Yuan’s rear back were very hard and he was very distressed.

Hard muscles did not mean that the person was physically strong and powerful. Especially for a woman, if the muscles stay this tight for a long time, it means that the person has strained to a certain extent.

Muscles on a person should not be hard, but full of toughness!

“Guards?!”

Xu Yuan was however slightly stunned, “Where do I need any guards, Young Master, I have assistants around me and security guards outside, there is no need for such trouble!”

“That’s different.”

Ji Feng laughed: “You are now quite a famous boss in the business circle, right? Usually in the factory then naturally no one dares to mess around, but if when you go out, in case someone has bad intentions and wants to kidnap you, or any other mischievous attempts, then what should you do?”

“That shouldn’t be possible, right? Jiangzhou’s security is still pretty good!” Xu Yuan was stunned.

“It wouldn’t be yet, would it?!” Ji Feng hummed, “Then according to you, how do so many cases happen every year? There’s no telling how many people who want to take risks, a slight lack of attention could lead to unexpected disasters, even though the possibility is slim, it has to be guarded against, since we have this condition, we naturally have to do enough security measures!”

Xu Yuan was about to say something else, so Ji Feng directly interrupted her and said, “You don’t have to say anything, it’s settled. I’ve already explained Guo Tao, he’s still protecting you for now, and I’ll send a guard over to you after a while.”

“That’s fine!” Xu Yuan replied with a hmph.

In fact, this kind of dominance from Ji Feng was something that made Xu Yuan’s heart a little sweet.

Ji Feng smiled faintly, “That’s right, when you usually work, don’t work hard, money can’t be earned, as long as you work hard, right?”

“Well”

Ji Feng then nodded his head and continued to massage Xu Yuan. Perhaps because she was beside Ji Feng, Xu Yuan gradually relaxed completely, and didn’t know when she entered dreamland.

Seeing this, the lines on Ji Feng’s face couldn’t help but soften a lot, only to become even more distressed, and the massage was also much lighter.

After combing Xu Yuan’s whole body once, Ji Feng then quietly got up and turned up the air conditioning temperature in the office a bit, and couldn’t help but shake his head slightly.

He felt that it was time to find an opportunity to explain Xu Yuan's relationship with himself to Xiao Yuxuan and Tong Lei.

If Xu Yuan was by his side, and he personally taught her body-building exercises, then Xu Yuan's physique would definitely be much stronger than it is now.

Now, however, he could only teach body-building exercises to Bai Spider first, and then let her teach it to Xu Yuan after she had practised it well. In the process, it might get a bit out of shape, but there was nothing that could be done about it. Everyone's experience of aerobics practice was different, and everyone's physique was different, so the results after practising aerobics would not be exactly the same.

However, if there is a slight discrepancy, the effect on each person will be very different.

For example, in the case of Zhang Lei, Ji Feng did not give him instructions on how to practise gymnastics, but only taught him the moves and then let him practise them on his own. But as a result, Zhang Lei had been practicing until his second set of gymnastics, but his actual combat strength was not as strong as that little Tan Tianfeng!

Not only that, but the difference between Zhang Lei and Tan Tianfeng a month ago was a world of difference.

But after Ji Feng had taught him for a month, Zhang Lei's combat power immediately increased by leaps and bounds, and in just one month's time, he went from being defeated by Tan Tianfeng to becoming an expert, and eventually abused Tan Tianfeng to the point of no return!

That's the difference!

"But how should I put it!" Ji Feng couldn't help but have a headache again, what kind of opportunity would be appropriate? How should I tell Xiao Yuxuan and Tong Lei about Xu Yuan's matter? This is another problem.

.....

The company is still sleeping soundly, so Ji Feng sat behind his desk and casually picked up the information on the table and read it.

It was a market research report on Kang Yuan slimming powder.

Ji Feng didn't pay too much attention to it, because there was already a survey report before this, about the cottage products of Kang Yuan slimming powder, Ji Feng also generally understood some of them, basically are some small manufacturers in order to follow the trend, deliberately mislead consumers in the packaging and promotional language, as close as possible to the real Kang Yuan slimming powder.

But at that time, those small manufacturers have not yet formed a climate, and the performance of Kang Yuan slimming powder also continues to grow, so Ji Feng did not care too much.

But now he just scanned this survey report twice, he was instantly slightly stunned.

Ji Feng found that this survey report was actually from a few days ago. What's more, on this investigation report, Ji Feng found a lot of things that were different.

“Sunshine Pharmaceutical Group?!”

Ji Feng’s brows were furrowed, the names of several large pharmaceutical factories appeared on this investigation report, and the first one, was the Sunshine Pharmaceutical Group!

This was also a group that specialized in the production of pharmaceuticals, moreover, it was a large group with huge assets, it owned all the patents for many kinds of well-known drugs, and the sales channels were all over the country, this was definitely a pharmaceutical group with super strength!

What’s more, this sunshine pharmaceutical group actually also launched a slimming product, the name is very close to Kang Yuan slimming powder!

Such a mega pharmaceutical group had actually started copying Kang Yuan Slimming Powder too?

Ji Feng’s eyebrows were immediately furrowed, and he secretly sneered: “This is really in order to make money, not even the minimum moral and corporate reputation? This Sunshine Pharmaceutical Group and Xiao’s Pharmaceutical Factory, is it really such a big hatred? Or is there something else inside?”

With the sales network and strength of the Sunshine Pharmaceutical Group, if they wanted to sell the copycat version of Kang Yuan Slim Powder to all over the country, then I am afraid that it wouldn’t even take a week for this copycat version of Kang Yuan Slim Powder to appear in many big pharmacies and hospitals all over the country.

In this way, Sunshine Pharmaceutical Group’s copycat version of the drug will have a huge impact on Kang Yuan Slim Powder!

“This is clearly a fight!” Ji Feng frowned and patiently read on, he found that the slimming powder produced by the Sunshine Pharmaceutical Group was actually very effective as well, and after some volunteers tried it, the response was actually very good?!

“Sunshine Pharmaceutical Group, Sunshine” Ji Feng held his chin, repeatedly read a few sentences, frowned and pondered, “This name, why does it sound so familiar?”

“Eldest young man, you forgot, it turns out that Shang Qiongen, who has been fighting against our pharmaceutical factory, is using the signboard of the Sunshine Pharmaceutical Group to intercept our customers and exert pressure on us!” Xu Yuan, who was sleeping on the sofa, suddenly spoke up.

“Woke you up?!” Ji Feng said somewhat apologetically.

“No, I slept very comfortably!” Xu Yuan sat up and stretched, she was really refreshed, she couldn’t help but say in amazement, “Young master, your massage technique is really impressive, I’ve never slept so comfortably before!”

“If you had kept practicing aerobics before, you would have slept even more comfortably than you do now!” Ji Feng laughed.

Xu Yuan instantly pursed her lips and smiled, “It’s better if you teach it to me yourself.”

“Will do, definitely!” Ji Feng nodded seriously, even though Xu Yuan had said it casually, he had promised it seriously.

Up to now he couldn't even admit Xu Yuan's identity in front of Xiao Yuxuan and Tong Lei, he felt indebted to Xu Yuan. Moreover, seeing Xu Yuan so tired, Ji Feng was even more heartbroken.

"Eldest young man, you just said Sunshine Pharmaceutical Group, I was just about to tell you about it!"

Xu Yuan didn't notice Ji Feng's expression, she walked in style, took the folder from Ji Feng's hand and said, "Nowadays, cottage products are becoming more and more widespread, we must start making changes, otherwise, the sales of Kang Yuan slimming powder will be greatly affected. According to our investigation, one of the people in charge of this slimming pill in the Sunshine Group is Shang Qionggen!"

"Shang Qionggen" Ji Feng nodded thoughtfully and could not help but laugh, "This kid is really quite capable of mixing, this is less than two years, he has actually become the person in charge of the project?"

"It's one of the heads!" Xu Yuan said, "What I'm interested in now is how the Sunshine Pharmaceutical Group got our formula!"

"What do you mean?" Ji Feng was slightly stunned.

"The slimming pills they produced, I also sent someone to buy some back, and after Kangong's research in the lab, he found that there are several ingredients of the drugs in it that are similar to the ingredients of our slimming powder!" Xu Yuan said, "I suspect that the Sunshine Group has gotten the formula of Kang Yuan's slimming powder!"

"That's not possible!"

Ji Feng waved his hand with a smile and said, "In the entire pharmaceutical factory, the formula is only known to Kang Gong alone, he won't tell anyone else, I do know something about the formula problem of the Sunshine Group you mentioned."

"You know?" Xu Yuan was astonished, "What's going on?"

"Do you still remember Fan Xiaohuan?" Ji Feng asked with a smile.

Seeing Xu Yuan's puzzled look, Ji Feng couldn't help but laugh, "Remember when there was an employee in the factory who colluded with Shang Qionggen and almost completely ruined our recruitment meeting, that employee was Fan Xiaohuan!"

"Then you" Hearing Ji Feng explain like this, Xu Yuan also remembered the scene at that time, she seemed to understand something and immediately asked, "Big young man, this matter, you know?"

Ji Feng nodded and said, "Shang Qionggen, this jumping clown, should also be cleaned up!"

Chapter 1162

"Shang Qionggen, that's a character of sorts." Ji Feng shook his head and smiled, saying, "Other than that, to be able to become one of the people in charge of a kind of medicine in such a short period of time, that's not easy!"

Whether it was the official world or the workplace, as long as one was in it, one would appreciate the hardships involved.

Especially for a large group of companies like the Sunshine Pharmaceutical Group, if you want to get a good salary and find a good position in it, it should be quite possible as long as you have certain abilities.

However, to be in charge of a project, it is not so easy.

Firstly, the top has to trust you, secondly, you have to be able to hold down the people below you, and more importantly, in a large group of companies like the Sunshine Group, you have to learn to camp and learn a lot more

The fact that Shang Qiongggen was able to reach this point in just a year's time is really something to admire.

"Big young man, how about Shang Qiongggen I don't care, however, just now when talking about Kang Yuan slimming powder formula, you don't seem to be surprised at all?!" Xu Yuan looked at Ji Feng and said somewhat hesitantly, "Why do I feel that you already knew about this?!"

"Mm!"

Ji Feng admitted it without hiding, he nodded and said, "I did know about it a long time ago, but I didn't expect that it would come so quickly."

"What do you mean?" Xu Yuan was slightly stunned.

Ji Feng laughed: "It's that Fan Xiaohuan I told you about before... Well, at the recruitment meeting, it was this guy who revealed some news about our pharmaceutical factory to Shang Qiongggen, and the latter went to intercept our customers on the road... If our slimming powder wasn't really amazingly effective, I'm afraid that the customers would have been intercepted by them at that time... .."

"True, but didn't that Fan Xiaohuan get caught by Guo Tao?"

Xu Yuan asked, "It was said that he would be punished severely, but instead you simply criticised him twice and sent him back to work again. If I remember correctly, he should still be working as an assembly line worker in the workshop now, right? How does this have anything to do with him again?"

"As long as this investigation report is true, then this matter has absolutely nothing to do with Fan Xiaohuan!" Ji Feng said as he raised the folder in his hand.

"Hmm?"

"Let's put it this way, the reason I left Fan Xiaohuan behind in the first place was so that he could continue to be an eyesore for Shang Qiongggen, otherwise, if Shang Qiongggen found someone else, then if we couldn't find out at one time, it would be a real problem then!"

Ji Feng laughed: "Although I don't have much contact with Shang Qiongggen, I can tell that this person is a villain, but the more such a person is, the more he holds grudges and can be said to be vengeful."

"So you are sure that Shang Qiongggen will definitely retaliate against our pharmaceutical factory?" Xu Yuan said.

“Isn’t it just plainly obvious?”

Ji Feng spread both hands, “This is not the first time he has done this, in fact, from the time he first resigned, he took away quite a few very capable salesmen, and even lobbied in private for other employees to resign along with him, at that time the pharmaceutical factory’s efficiency was not good, he took away the salesmen not to mention, he also took away many of the customers, making us somewhat passive.”

“Fortunately at that time I was not in a hurry to make the pharmaceutical factory profitable in the first place, which stabilised it. But this guy was not willing to do it.” Ji Feng said, “The second time, it was when he joined the Sunshine Pharmaceutical Group to sabotage our invitations, but again, he didn’t succeed, and was reportedly humiliated by those few customers at the time, so how do you think he could possibly swallow this with his character?”

“That

“If my guess is good, the Sunshine Group started producing this slimming powder, 80% of the time it was Shang Qionggen and Fan Xiaohuan who teamed up to make it happen!” Ji Feng said.

“But then what role did Fan Xiaohuan play?” Xu Yuan asked, “Was he the one who stole the formula for Kang Yuan’s slimming powder?”

“Hmm! I guess so!”

Ji Feng nodded and said, “Or maybe what he stole wasn’t the formula, but this matter, I’m afraid, has nothing to do with them!”

Xu Yuan then vaguely understood that this matter might have been arranged by Ji Feng, but listening to the tone of his voice, he did not care about Fan Xiaohuan and Shang Qionggen, so he did not pay much attention to them.

In fact, to put it mildly, I’m afraid that in Ji Feng’s eyes, people like Shang Qionggen were all jumped-up clowns, not worth much attention at all.

“So what are you going to do?” Xu Yuan asked, her face changing slightly as she suddenly thought of something.

“What’s wrong?” Ji Feng immediately noticed Xu Yuan’s change and couldn’t help but ask.

“Young master, you wouldn’t have given them a fake recipe on purpose, would you?” Xu Yuan asked hesitantly.

“Fake recipe?”

Ji Feng couldn’t help but frown, looking at Xu Yuan’s somewhat odd expression, he suddenly understood something and immediately laughed, “You are thinking that I deliberately left Fan Xiaohuan behind and then deliberately let him steal a fake formula so that after the Sunshine Group launched this slimming product, it would cause a bad impact and even produce a major pharmaceutical accident, right?”

Xu Yuan nodded with some embarrassment, that was indeed what she thought.

Giving a fake formula with huge safety risks, waiting for the Sunshine Pharmaceutical Group to launch this medicine, after consumers had taken it and had major problems, this would deal a fatal blow to the Sunshine Pharmaceutical Group, such a tactic was definitely very effective.

And from the point of view of Ji Feng's arrangement, this is indeed the case.

However, if Ji Feng had really arranged it this way, Xu Yuan was a little uncomfortable in her heart.

How could one use those ordinary people as tools in a business fight? This was a disservice to them!

Xu Yuan was a little unsure, she felt that Ji Feng should not do this, but looking at his arrangement, it was clear that this was the case, that's why Xu Yuan was very hesitant.

"You ah" Ji Feng couldn't help but shake his head and laugh bitterly, "I'm such a ruthless and even unscrupulous person in your heart, huh?"

"Not really, I just think gee, I don't even know how to say it properly." Xu Yuan's pretty face was red with anxiety and she was quite a bit at a loss, "I'm sure you wouldn't do that, would you?"

"Then what should you do if I really do?" Ji Feng looked at her and asked with a smile.

"It won't happen, you definitely won't do that." Xu Yuan said, "I trust you."

"Really believe me?"

Ji Feng smiled, "Don't worry, no matter how ruthless I am, I won't be so unscrupulous, Fan Xiaohuan was indeed left in the factory by me on purpose, however, I didn't give him the fake formula, I will have to ask Guo Tao to find out the details."

"I knew it, you definitely wouldn't do that." Xu Yuan instantly revealed a smile, and was also vaguely relieved.

"Hmph"

Ji Feng glanced at her, "You already knew?"

"Aiya, I know I'm wrong can't I, don't be angry!" Xu Yuan instantly smiled in embarrassment and came behind Ji Feng, giving him a squeeze on the shoulder, "I won't suspect you again in the future, take it easy, take it easy!"

"Alright, go and get Guo Tao." Ji Feng waved his hand in tears and laughter.

"Okay!" Xu Yuan instantly smiled and hurriedly walked out quickly, looking at Ji Feng was shaking his head and laughing bitterly.

Within a few moments, Xu Yuan brought Guo Tao in with her.

"Boss!" Guo Tao walked over with big steps.

Ji Feng handed Guo Tao a cigarette and smiled, "Is everything okay at the factory recently?"

"Everything is stable, there were also people who tried to sneak in and steal the formula, they were all sent to the bureau." Guo Tao said.

“Such people aren’t scary, what’s scary is supervising and stealing.” Ji Feng said, “You should be careful not to be exploited by some ill-intentioned people inside.”

Guo Tao nodded and said, “I will pay attention.”

After the two chatted for a while, Ji Feng asked, “By the way, what’s up with that Fan Xiaohuan, the Sunshine Pharmaceutical Group has launched a new type of weight loss pill that is somewhat similar to our Kang Yuan slimming powder, ah.”

“There’s nothing that can be done about it!” Guo Tao spread his hands and smiled bitterly, “We’ve been watching Fan Xiaohuan, he didn’t steal it, but he’s been looking for opportunities to get involved with people in our lab, and now there are already two or three lab technicians who have been pulled away by the Sunshine Pharmaceutical Group through Fan Xiaohuan’s matchmaking.”

“By the way, this matter is also known to General Manager Xu.” Guo Tao added.

“All those technicians went to the Sunshine Group?” Xu Yuan was slightly stunned, “I only knew that they had resigned, but I didn’t know that they had actually been poached by the Sunshine Group!”

“It’s not hard to understand why the Sunshine Group has weight loss pills similar to ours, the root is right here!” Ji Feng couldn’t help but laugh.

“Eldest young man, you can still laugh at this?” Xu Yuan said, “The technicians have all been poached and our products have been copied, which will have a considerable impact on the sales of our Kang Yuan slimming powder!”

“Have all the lab people made contact with Fan Xiaohuan?” Ji Feng asked.

“Everyone else has contacted him except Kang Gong, but no one else has shown any signs of quitting.” Guo Tao said.

Ji Feng then smiled, “In that case, it’s still useful to keep Fan Xiaohuan here.”

“This is still called useful? It’s useful to the Sunshine Group, right?” Xu Yuan was stunned, “Eldest young man, you’re not madly confused, are you?”

“Of course not!”

Ji Feng laughed, “Like the two technicians who resigned, even without Fan Xiaohuan, they definitely wouldn’t have stayed here for long, and as soon as someone tapped them in the future, they would have left immediately. Now Fan Xiaohuan is instead doing us a favor by letting us see clearly what kind of people are worthy of key training and what kind of people should be guarded against”

“So what should we do now?” Xu Yuan asked.

Ji Feng laughed: “You’re the boss, and I don’t know too much about the specifics, so of course you’re still the one to make this decision. However, I can recommend someone to you”

Chapter 1163

“Who?”

Xu Yuan asked at once.

“This person is called Li Xin, the old president of Mingguang Electric.” Ji Feng said, “Although he’s in the electrical industry, the business aspects are almost all connected, and, he seems to have some high tricks for solving cottage products.”

“Then is he willing to come running to help us as an old boss?” Xu Yuan asked worriedly.

“Now that the Tengfei Group is cooperating with him, he will definitely help with this favor.” Ji Feng laughed, “Not only should we help, we must find a way to make him actually come over and become a member of the Tengfei Group!”

Xu Yuan then nodded her head, she believed in Ji Feng’s vision, since Ji Feng said this person could, then it shouldn’t be bad.

“The most important thing now is that we need to find out first if those few technicians who jumped the nest and left really have the formula for Kang Yuan Slim Powder!” Ji Feng said, “Guo Tao, call Kang Gong here.”

“Yes!” Guo Tao nodded his head.

Ten minutes later, Kang Yuan rushed over, “Little Feng, what do you want from me?”

“Aunt father, let’s not talk too much, I want to know, those few technicians in the lab who resigned and left before, did they have the formula of Kang Yuan’s slimming powder?” Ji Feng asked.

“No!” Kang Yuan faintly froze, “I’m the only one who knows the formula of the slimming powder, other than that, no one knows, and those few people who resigned and left likewise don’t know.”

“Then after they went to the Sunshine Pharmaceutical Group, this group quickly launched a weight loss pill, you guys also studied it, the ingredients were somewhat similar to our Kang Yuan slimming powder, what’s going on?” Ji Feng asked, “Is it possible that those few technicians secretly got hold of the formula, but you didn’t know about it?”

“That’s absolutely impossible!” Kang Yuan said categorically, “From the development of Kang Yuan slimming powder, to its production, the formula has always been in my hands, and no one has ever known about it. But”

“But what?!” Ji Feng immediately asked.

“Little Feng, our slimming powder is also under constant research and development, this is also ordered down by General Manager Xu and Factory Director Yang, to always maintain a technological lead in this area, so our R&D department is always developing new technologies.” Kang Yuan said, “We had also developed several formulas, all of which were based on the formula of Kang Yuan Slim Powder.”

“You mean to say that those few technicians who took away should be your newly developed formulas?” Ji Feng asked with a frown.

“That should be the case. But all of these formulas have one of the most obvious and common shortcomings, so we are constantly changing our minds, and in the process, many of them have been abandoned.” Kang Yuan said.

“The drawback you’re talking about is”

“It’s harmful to the human body!”

Kang Yuan said, “the formula we researched, borrowed from Kang Yuan slimming powder, but as long as a slight change in one of the drugs, or replace it, the test results are not too ideal, harmful to the human body that is for sure, other side effects also have some, there are many such formulas”

“So, can you tell if this weight loss pill launched by the Sunshine Group has a shadow of those formulas?” Ji Feng asked.

“It’s hard to say this!”

Kang Yuan shook his head, “As we all know, after many products are produced, it’s good to analyze the ingredients and all that, but you can’t analyze the formula from the ingredients alone. But one thing is for sure, from the results of our analysis, this slimming pill launched by the Sunshine Group, even if it uses even if it is not our discarded formula, but there must be a relationship”

“Understood.” Ji Feng nodded thoughtfully, “It seems that the slimming pill launched by the Sunshine Pharmaceutical Group should be the formula that those few technicians took away, or the product that was developed based on those formulas.”

“I don’t think we need to worry, so far, I haven’t found any weight loss drug that can be more effective than Kang Yuan slimming powder. The most important point is that all other drugs have side effects, only Kang Yuan Slimming Powder, we haven’t found any signs of side effects so far.” Kang Yuan said.

Ji Feng couldn’t help but laugh: “Auntie, that’s not the way to say it, with Sunshine Pharmaceutical Group’s big brand name, even if that slimming powder is poison, they can still sell it all over the country, although business and product are also linked, but strictly speaking, they are two things!”

“Isn’t that cheating?!” Kang Yuan frowned, “Aren’t they afraid that something will happen?!”

“The risk can’t outweigh the profit!” Ji Feng shook his head and laughed bitterly, “Once in a while something goes wrong, spend money to set it right, so what if something doesn’t go wrong?”

“How can that be!” Kang Yuan shook his head straight as he listened.

Ji Feng and Xu Yuan couldn’t help but look at each other and smile bitterly, Kang Yuan, who was engaged in technology like this, had less contact with some false and fake things in society, so how would he know that there was no telling how many people in this society were engaged in this kind of hook.

This has almost become the mainstream of the whole society.

In the past, only some small traders were doing these things, but now, it has gradually developed to those large groups.

Once these large conglomerates do these things, it is not just one or two people who will be harmed. For example, the Sunshine Pharmaceutical Group has sales channels all over the country, and when you think about the sales, you know how many people will be cheated.

As for whether the products are harmful or not, that's not their concern, they can handle the authorities, and the consumers who have problems, they can also use money to settle the matter, as long as there is money, there is still something that can't be done?

In the end, if the problem is too much to handle, they can simply blame the raw materials for the problem, or just get a few temporary workers to convict them.

It's as simple as that!

"Alright, since we know that the Sunshine Pharmaceutical Group is not using our Kang Yuan slimming powder formula, that's enough." Ji Feng let out a light sigh and turned his head to ask Kang Yuan, "Auntie, all those discarded formulas, you still have backups there, right?"

"All of them are there, from the data of the initial research and development, to the later shaped formulas and all the experimental data, I have them all." Kang Yuan nodded his head and said.

"Guo Tao, you should also have some records of monitoring Fan Xiaohuan there, right? Like video surveillance or something like that?" Ji Feng asked again.

"It's all there with me." Guo Tao nodded and said.

"Good then!"

Ji Feng slapped the table and stood up sharply, "Let's solve the problem of the copycat products first, then we'll solve the Sunshine Pharmaceutical Group and that jumping clown Shang Qionggen."

.....

"Han Zhong, Li Xin's place, how are you getting ready?"

Inside the general manager's office of Tengfei Group, Ji Feng was sitting on a chair and was communicating with Han Zhong.

"Don't worry, we had a good chat and the new company is in preparation." Han Zhong laughed.

Ji Feng then nodded and said, "That's good... By the way, I came here today with the intention of asking Li Xin for help, and you'll have to step in for this matter."

"What is it?" Han Zhong asked.

"Now there are more and more copycat products of Kang Yuan Slim Powder, moreover, even some large pharmaceutical groups are also involved, this is the time that must be solved." Ji Feng said.

"I thought what's the matter, this matter Xu Yuan has already reported to me, I have already started to prepare" Han Zhong laughed: "How about this, you take a time, I call Li Xin, we will have a dinner together, then we will In detail, what do you think?"

Ji Feng nodded: "That's good!"

After knowing that YangGuang Pharmaceutical Group was copying KangYuan slimming powder, Ji Feng knew that it had to be resolved now, the harm caused by the copycat product naturally needed no further explanation.

Especially, after those few technicians jumped the nest and went to the Sunshine Pharmaceutical Group, with their experience and some of the formulas they mastered, they could completely produce weight loss pills with certain effects.

These cottage products have effects for a short time, but the harm is not visible, and in the outer packaging and some promotional phrases, the other side but deliberately ambiguous, and Xiao's pharmaceutical factory's Kang Yuan slimming powder is extremely similar, consumers may not be able to distinguish!

In fact, there is another point that is easy to overlook, that is, there are many pharmacies, or some black-hearted doctors, he will deliberately to recommend cottage slimming pills with consumers, because cottage products are more profitable

"Ding"

Just at this time, a phone ringing suddenly rang, Ji Feng casually picked up the phone, and then he was a bit stunned.

"I'll take a call first!"

Ji Feng greeted Han Zhong and then picked up the phone, "Hello, Yao Yao?"

"Daddy~~~" a clear and childish voice came over, looking very delicate and cute.

Snap!

Originally, Han Zhong was turning his pen, but as a result, upon hearing this voice, the pen in Han Zhong's hand fell directly onto the table.

Dad?

Han Zhong's eyes immediately widened, this guy, when did he get another daughter? And from the sound of that voice, it seemed to be a very cute little girl Ji Feng had a daughter? The name is Yao Yao?

The company's main business is to provide a wide range of products and services to the market.

Xiao Yuxuan's office is on the same floor, if she were to come in at this time

Han Zhong couldn't help but glance at Ji Feng sympathetically, if Xiao Yuxuan knew that Ji Feng had a daughter outside, then this would really be hilarious.

"This guy, even I didn't know that he actually had a daughter?!" Han Zhong was also amazed and quietly gave a thumbs up to Ji Feng, this dude is awesome, it's still more than a month before his junior year and he actually has a daughter, this is really ahead of others even in having children!

Ji Feng naturally saw Han Zhong's strange expression, and he instantly glared.

Han Zhong bristled and moved his body straight away, hiding behind the computer to play a game, but those ears were still up high, obviously to hear where exactly Ji Feng's daughter came from.

Chapter 1164

“Daddy, are you still working? Why haven’t you come to see Yao Yao for so long

Ji Feng held the phone, listening to the childish and somewhat little adult-like words coming from inside, his face couldn’t help but reveal a small smile.

This little girl’s voice is very nice, there is a feeling that she can’t keep up with her breath, in fact, this is because children do not speak coherently, and when they speak, their little heads have to think about what they are going to say and how to say it.

Ji Feng could even imagine that the little girl right now might be holding the telephone handset in her two little hands, or standing on a little stool, or lying on her bed, with her eyes wide open, thinking about how to talk to herself.

Or, she could also be at home wearing her little nightgown and tied in a goat’s horn braid

Thinking of these scenes, the lines on Ji Feng’s face softened even more as he chuckled, “Yao Yao, Daddy is still working right now, so I’ll go see you when I’m done, okay?”

“Daddy’s cheating!”

The little girl said at once: “Other children’s daddy will come home from work in the evening, and will also pick them up from kindergarten, daddy never

“.....” Ji Feng instantly sweated, this little girl’s question was really too sharp, so that Ji Feng didn’t really know how to answer it for a while, and he didn’t even know how to explain it to Yao Yao. After all, what this little girl said were her most intuitive feelings and the purest of hearts.

But the more this was the case, the more there was no way to explain to her. Because when faced with such a child who seemed like a little angel, Ji Feng really didn’t know what excuse to make in order to deceive her.

“It’s hard to communicate with little kids!”

Ji Feng couldn’t help but smile bitterly, but on his lips he said, “So what, Yao Yao, daddy is different from other children’s daddy, daddy is especially busy with work.”

“Oh~~!”

The little girl let out an oh, that tone was full of disappointment, “Daddy is busy with work, mommy is also working, just mommy Zhang is home alone

Ji Feng smiled and could not help but sigh in his heart, the little girl’s words were not so harsh, but they made even the most hard-hearted person, could not help but have a soft heart. He raised his hand to look at his watch and couldn’t help but shake his head slightly, it was already afternoon, and he still had to discuss with Li Xin in the evening about the Kang Yuan slimming powder being copied.

Thinking of this, Ji Feng couldn’t help but ask, “Yao Yao, doesn’t mum take you to work?”

This Qin Shujie is also really, Yao Yao must be on summer vacation at this time, it’s not like she doesn’t know any better, it’s always a bit bad to leave such a small child at home. If she took Yoyo directly to the office, then she could also take care of her close by.

“Mum is away on a business trip, it’s just me and Mum Zhang at home, I want to sleep with Mum”
the little girl’s voice got a little lower.

“On a business trip?!”

Ji Feng then couldn’t help but shake his head and said, “Then how about this, Yao Yao, wait until tomorrow when daddy goes to see you, then we’ll take you to where exactly we’re going, we’ll talk about it then, okay?”

“Really?!” The little girl’s voice snapped up quite a bit, looking very surprised, “Daddy, is it true what you said?”

“Hehehe” Suddenly, a low laugh came out.

Ji Feng looked up, but found that Han Zhong was lying in front of the computer and secretly laughing. Obviously, this guy heard that Ji Feng was coaxing a child, so he got a little funny, and as a result, he couldn’t hold back his laughter.

Seeing that Ji Feng was looking at him, Han Zhong immediately waved his hand, indicating that he was going to play with the computer single-mindedly, and then he was tapping away at the keyboard, not knowing what he was working on.

Ji Feng glared at him, covered the phone microphone and said, “Kid, go play with yours!”

Han Zhong immediately raised his hands in surrender.

“Dad, Dad~~~!” Just as Ji Feng was glaring at Han Zhong, there came the eager voice of the little girl on the phone, “Daddy, why aren’t you talking? Did you lie to Yao Yao?”

Sweat!

Ji Feng hurriedly said, “No no, daddy was thinking about where to take you to play before you go.”

“Then has daddy thought of something?” The little girl immediately asked expectantly.

“Still haven’t thought of it, there are just too many fun places, let’s talk about it tomorrow, okay?” Ji Feng asked with a smile.

“Mmm!”

The little girl gave a heavy mmm, I’m afraid that at the other end of the phone, she was nodding like a chicken pecking at rice.

“Okay then, let’s say it’s a deal.” Ji Feng smiled.

“Well, daddy, remember to come tomorrow.” The little girl gave another uneasy admonition before she said in a clear and crisp voice, “Daddy, you’re busy, goodbye Daddy!”

This little girl said ‘daddy’ in one breath, it seems that she also really thought of Ji Feng as her daddy who had forgotten his appearance long ago.

“Mm, bye Yaoyao!” Ji Feng also said with a smile.

After closing the line, Ji Feng took his phone and played with it without thinking. But in Ji Feng's heart, there was something not to like.

Although the little girl had no shortage of food and clothing and had a special nanny to look after her, it was obvious that the little girl wasn't happy. There was a lack of parental care at home, and no other playmates, and even seeing her parents was a luxury.

To be so eager at such a young age was a bit saddening.

"Ji Feng, hey" Han Zhong hemmed and hawed and giggled at Ji Feng.

"What for?!" Ji Feng was slightly stunned, and when he came back to his senses, he snapped his eyes, "Look at your bad smile, there must be nothing good, say it, what's wrong!"

"I'm not up to anything, I'm just a bit curious." Han Zhong heatedly laughed, "Ji Feng, how come I heard that the one who called you just now was your daughter? Did I mishear?"

"You guy!" Ji Feng then couldn't help but lose his smile and said, "You didn't hear wrong, the little girl who just called me is my daughter, but it's my goddaughter You kid think this is my own daughter?"

"No no, absolutely not!" Han Zhong hurriedly said, "However, it's just that I haven't heard you mention it before, and now I'm just a little surprised to hear a little girl calling you dad all of a sudden. By the way, do Xiao Yuxuan and the girls know that you have a goddaughter?"

"Don't know yet!" Ji Feng shook his head and waved his hand again, "Forget it, let's not talk about it. How about this, you contact Li Xin now, and let's go out for a sit-down in the evening."

"I'll ask him if he's available first." Han Zhong said casually, then picked up the phone and dialed.

"You make the call first, I'm going out for a while."

Ji Feng stood up, turned around and walked out of Han Zhong's office and went to the outer room. This office was divided into an inner and outer room, the outer room was slightly smaller, this was supposed to be the office of the assistant or secretary, but because Ji Feng had come, so that assistant had the good sense to find an excuse to go out.

At this moment, the white spider was sitting quietly on a chair in the outer room, with a thoughtful expression on her face, as if she was thinking about something.

"Young Ji!" Seeing Ji Feng come out, White Spider immediately stood up.

"White Spider, there's something you should remember for me, I have to take my daughter to play tomorrow, if I forget it, just remind me." Ji Feng said.

"..... Yes!" The white spider was slightly stunned, but she only hesitated slightly before nodding her head immediately.

"It's my goddaughter!"

Seeing the look on White Spider's face, Ji Feng couldn't help but give a secret bitter smile as he explained.

“Mm!” White Spider nodded without saying anything too much, but a look of relief flashed in her eyes, obviously, she was also wondering just now, where did Ji Feng’s daughter come from when he was so young?

Ji Feng didn’t say anything more, the reason he asked the white spider to write it down was because he was afraid that once he got busy, he would forget about it. The little girl was not deceitful, if Ji Feng let her off the hook this time, she didn’t know how disappointed she would be and must be devastated.

So to be on the safe side, Ji Feng also told the white spider.

Back in the office, Han Zhong had already hung up the phone.

“How did it go?”

“No problem for the night, let’s go over together then.” Han Zhong said, “Right, let Xu Yuan go too, what to do about the cottage products, in the end, we still need Xu Yuan to implement it.”

“I’ll inform her later!” Ji Feng nodded his head.

The way Han Zhong looked at Ji Feng changed a little, he asked in a low voice, “Ji Feng, tell me honestly, what is your relationship with Xu Yuan?”

“Why do you ask that?” Ji Feng asked.

Han Zhong whispered, “Ji Feng, as a brother and also as your employee, I am going to remind you in a good way

“What do you mean?” Ji Feng couldn’t help but be slightly stunned.

Han Zhong looked around before saying in a low voice: “A few days ago, Xu Yuan came to the group’s headquarters, just specifically to report on the matter of Kang Yuan’s slimming powder being copied, after the report that day, I thought she had left, but when I intended to go to Xiao Yuxuan to discuss it, I walked to the door of her office and heard Xu Yuan and Xiao Yuxuan talking in the office!”

“What did they say?” Ji Feng immediately asked.

“Hey

Han Zhong laughed in a low voice: “These two can be ice-cold women, ah, I only heard your name at the door, then I knocked on the door and went in, you are did not see that scene at that time, ah, really harmonious, but the two of them move, are somewhat guarded

“Mentioned me?” Ji Feng was stunned, “What did they say about me?”

“That’s not known.” Han Zhong shook his head.

“You brat! You listen to the unimportant ones with more interest than anyone else, this important thing, why don’t you listen to it?!” Thinking of when he was on the phone with Qin Yunyao just now, Han Zhong’s head was sticking out longer than a hoe, he was furious.

Han Zhong, however, spread both hands and laughed bitterly, “Brother! What am I, the general manager of the group? Do you want me to go outside the boss’s office and eavesdrop? Even if I could, if

I were found out, would I still have to lose my face? I still have to continue to work in the group, brother!”

Chapter 1165

“Look at you!”

Ji Feng was exasperated, “You still want to continue to mix? I’ll call you a brother, okay? You’re standing outside the door, what can the other employees do when they see you? You’re the boss, brother. What’s a boss? You’re always telling people what to do, always bullying them, that’s what you call a boss! Can’t you just listen for a little longer!”

Han Zhong laughed bitterly, “Even if I dare to stand outside the door and eavesdrop, then let me ask you, what if that bodyguard of Xiao Yuxuan’s finds out? Don’t look at that girl, she’s very powerful, I reckon I’ll be discovered after standing outside the door for at most ten seconds or so, and when they find out, I won’t have to stay on, I’ll just quit!”

“.....” Ji Feng was then speechless.

It was indeed the same, that girl Xiao Ying looked quiet, but, her kung fu and vigilance was definitely not a cover, Han Zhong did not say that he was eavesdropping here, even if there was the slightest movement outside the door, he could not escape Xiao Ying’s ears.

If Han Zhong really wanted to eavesdrop, he would definitely be caught by Xiao Ying.

“Then what do you think they can say to each other?” Ji Feng asked again, “You said they talked about me? Only my name was heard?”

“Why are you so nervous?” Han Zhong looked at him oddly, and then, he smiled badly, “Ji Feng, there can’t really be any relationship between you and Xu Yuan the two of you, right?”

“Would I be so nervous if there wasn’t a relationship?” Ji Feng couldn’t help but scratch his head, “This time things are a bit troubling ah, but how come Yu Xuan didn’t tell me about it? Could it be that I’m being paranoid?”

“I shit!”

Han Zhong looked at Ji Feng in consternation, and only after a long time could he not help but say, “Ji Feng, three of them, three of them!”

“Tsk what should I say about you, admire, admire!” Han Zhong couldn’t help but give a thumbs up and said, “Ji Feng, you said that this tactic of yours in picking up girls, little brother I really can’t even catch up, really!”

“Get lost!”

Ji Feng said without good humor, “You kid can’t stop talking about the wind, huh?”

“I truly admire you, it’s definitely not cool talk.” Han Zhong immediately said, “Besides, you shouldn’t be so anxious now, I only heard a little bit, sort of heard your name occasionally, maybe it was taken out of context, don’t you think so?”

“What’s my hurry!” Ji Feng casually took out a cigarette and lit it, thought about it, threw another one to Han Zhong and said, “I’m not in a hurry, I’m worried. I’m worried that if I hurt Yu Xuan and Tong Lei at an inadvertent moment, or even hurt Xu Yuan as well, then I’ll really die a million deaths!”

“Understood, understood!” Han Zhong nodded, “However, Ji Feng, I think that since they haven’t even told you, then you should pretend that you don’t know about this matter for the time being, and now quietly think about what to do next!”

“The next step?”

Ji Feng took two strong puffs of his cigarette and couldn’t help but shake his head and laugh bitterly, “You’re still playing the art of war here? Now we don’t want anything, let’s just use an analogy, for example, Yu Xuan and Xu Yuan they know about each other, but they didn’t say anything to me, at this time, it doesn’t matter what they think anymore, the key thing is, I must have told them.”

“Tell me about it, so what, I haven’t had any relationship experience yet, so I’ll learn from you too!” Han Zhong said.

Ji Feng said, “Originally I was planning to find the right opportunity to talk to Yu Xuan and Tong Lei, thinking that finding the right opportunity would make it easier for them to accept. But now it seems that these are all bullshit excuses, just to justify their philandering!”

“Aren’t all men like that, as long as they can have fun, not to mention finding two girlfriends, even if they find ten or eight, what can they do?” Han Zhong said somewhat carelessly, and then he lowered his voice, coughed lightly and said, “So what, my old man, you’ve met him, right?”

“Yes!”

Ji Feng nodded, of course he had met Han Zhong’s father, at the launch ceremony of the Tengfei Pharmaceutical Factory back then, many people had come over to support the event, including Han Zhong’s father.

In Ji Feng’s impression, that was a very elegant man. The company’s father is much more handsome than Han Zhong, even though he is now middle-aged, but this middle-aged man still has full charm, his body is tall, wearing a suit, he is full of red light, except for some general belly, other than that, it is really nothing to say, is definitely a full charming man.

The most important thing is that a man’s life is the most golden age, forty or fifty years old, is the age of wealthy and successful career and has a full life experience, they have seen the wind and waves, struggle, but also the achievement of

“I’m telling you, my old man is like that, behind my mother’s back, there are several women outside.” Han Zhong said.

“Fuck off!”

Ji Feng glared, “What are you talking about you, that’s your old man, is that something you can just say?! Brat, you’re really no big deal, I think you brat just needs a beating!”

“Look, I’m telling the truth and you’re still saying that, but the thing is it’s the truth.” Han Zhong laughed, “My mother knew it too, and she made a fuss at first, but then she stopped, and just turned a

blind eye anyway. But there is one thing, at home my father instead listened to my mother on everything, and before the quarrel, but now instead of quarrel

“What exactly do you kid want to say?” Ji Feng asked with a smile.

This kid is really bullish, talking about his old man’s affair, and he can actually talk about it with such relish!

“That’s what I’m trying to say, ah, the key to maneuvering among women is still to rely on your tactics!” Han Zhong laughed, “The same goes for you, I think your tactics are definitely not bad, and besides, having a lot of women isn’t much of a disadvantage.”

“Alright, alright, there’s no need to talk to me about this theory of yours.” Ji Feng smiled and waved his hand, “I will have my own considerations on this matter, forget it, let’s not talk about that, so what, you get ready, let’s go out tonight and discuss with Li Xin about the cottage products.”

“No problem, remember, ah, means, be means!” Han Zhong said.

“Fuck off, just now you said you wanted to learn from me, now you’re here to teach me” Ji Feng shook his head and cursed with a smile.

He couldn’t help but shake his head slightly, but his brain was spinning quickly.

Although what Han Zhong heard was only a few words, only heard his name, and did not know what exactly was talked about between Xiao Yuxuan and Xu Yuan, but one thing was for sure, they were definitely talking about themselves.

And there was another point that Ji Feng agreed with. Han Zhong said, Xiao Yuxuan and Xu Yuan, that are both ice-cold and intelligent women.

If they were talking about themselves together, even just a little, I’m afraid that the other side would be able to see what was going on. Moreover, Xu Yuan should know that Xiao Yuxuan is her girlfriend, so it would be really awkward for them to talk about themselves together.

Xiao Yuxuan should see something, Xu Yuan should also know something

This time, it’s really troublesome!

“Phew~~~!”

Ji Feng couldn’t help but let out a secret sigh and exhaled that stifled breath in his heart, now they might just find out something between them as well, there was just some squirming. However, if it continued, it might cause harm to them.

Ji Feng sat there, smoking silently, pondering in his heart how he should explain these problems to Xiao Yuxuan and Tong Lei.

A cigarette was just finished here, and Han Zhong immediately handed one over.

“Pop!”

Subsequently, Han Zhong then had the good sense to light up a cigarette with Ji Feng

In the evening, Xu Yuan drove to the headquarters of the Tengfei Group, this time it was still Guo Tao who drove, Xu Yuan and her female assistant sat in the back.

The first thing you need to do is to take a look at Ji Feng, who is standing outside the car and smoking with his head down.

“This guy, he’s in trouble now too, right?” Han Zhong looked down at his somewhat rounded body and he bristled, “Brother is not handsome, but he doesn’t have that much trouble either!”

In fact, Ji Feng did have a headache.

Now that Xiao Yuxuan was working in this upstairs behind him, and Xu Yuan had also arrived at the headquarters, it should be reasonable to go and talk to Xiao Yuxuan at this time. After all, there must be many opportunities for them to meet each other in the future, and there would always be a day when they would reveal themselves.

However, once he thought of Xiao Yuxuan’s sad face if he said it now, Ji Feng hesitated.

In the end, he considered for a while and still did not make up his mind to say it.

Ji Feng casually extinguished his cigarette on the lid of the bin next to him and threw it in, before he sighed and sat down in the car, “White spider, let’s go!”

He couldn’t help but secretly shake his head, he was so decisive in other things, but in dealing with women, he couldn’t be decisive at all, it was really a headache!

The two cars left the headquarters compound one after the other, but no one noticed that in the office building of the Tengfei Group, Xiao Yuxuan was standing on the glass-enclosed balcony, looking down from the window, and of course, she saw Ji Feng leaving one after the other.

Xiao Ying was standing right next to Xiao Yuxuan, looking at her and then turning her head to look at Ji Feng who was already leaving in the car, she couldn’t help but secretly spit out her tongue.

“This time, Little Chief seems to have made Sister Yu Xuan angry” Little Shadow was secretly worried, she didn’t want to see a conflict between Xiao Yu Xuan and Ji Feng, but she didn’t know what to say.

“This brat!”

Xiao Yuxuan looked at the already empty compound, she couldn’t help but to give a petulant hum: “Still not saying anything now, I’ll see how long you can keep it to yourself! When Lei Lei comes back, let’s see how we’ll settle the score with you”

Chapter 1166

In the evening, Ji Feng, Han Zhong and others came to the hotel they had booked before, as promised, to discuss with Li Xin the problem of Kang Yuan Slim Powder being copied.

“Li Xin, how do you think this problem should be solved?” Han Zhong asked.

“Divide the Kang Yuan slimming powder into parts and take the high-end route, but of course, the cost can be raised slightly in terms of raw materials and other aspects, and the pricing should be high.” Li Xin said directly.

“Well, that’s indeed a solution, can you be a bit more specific?” Xu Yuan asked.

“This requires a detailed plan, and also in collaboration with the R&D department, we can’t just work on the packaging, and in the use of raw materials, it also has to be better than the ordinary Kang Yuan slimming powder before we can. All these, are the foundation.”

Li Xin said: “As long as the basic problems are solved, then the rest is the marketing strategy, when the time comes, you can divide the products into hardcover version, couple version, special for the elderly and so on, of course, this also needs to be done step by step, you can’t launch so many kinds of products at once, so as I said just now, we have to make a detailed plan to do so.”

Ji Feng nodded slightly and thought about it.

A few moments later, he asked, “What about the copycat products? For example, those cottage products are somewhat similar to our products from their names to their outer packaging, and even to their formulas, how should this be handled?”

“If it’s according to my idea, in fact, as long as these copycat products don’t infringe on your interests, there’s no need for you to pay attention to them at all.” Li Xin said, “As of now, it would be like a nightmare to put an end to copycat products in our country, whether from the protection of property rights or from other aspects, our system and laws are still not sound.”

“To use an analogy, there are many celebrities whose names have been registered as trademarks, while I am still powerless to solve this kind of thing, this is a loophole in the law, but it is also the most real problem now.”

Li Xin said, “In fact, the reason why copycat products are able to flourish is because they have formed a kind of interest chain, and there is also this kind of market demand, if you have to force a solution, it will be busy and you will end up making a lot of effort!”

Ji Feng then laughed and said, “That’s right, it’s out of your depth!”

“So what, as long as you are always ahead of the market, ahead of other companies in the same industry, then the business itself will be fully dynamic, besides, the market share is so big, it is not at all swallowed by one company, sometimes more cottage products, but will add a certain publicity effect ”

“Bullshit!”

Ji Feng shook his head and laughed: “You’re just comforting yourself with that, whenever a copycat product is a scourge to a genuine product, that’s a scourge. It’s only when there’s no way to solve the situation of copycat products that you can only take a step back and find a way to occupy the market as much as possible.”

Li Xin also smiled, "So, since there is no way out, we have to find ways to increase sales as much as possible. Just to be clear, I'm not defending myself, although my Mingguang Electric produces miscellaneous brands as well, it's definitely not a cottage product!"

As soon as he said this, the crowd burst into laughter.

"How about this, Li Xin, you work hard during this time, get a plan out first, it won't delay the work of our electrical company, what do you think?" Han Zhong asked with a smile.

"You guy,," Li Xin shook his head and laughed bitterly, "Mr. Han, you have to drag me to the Tengfei Group."

"I just want you to do me a favor, as for whether to come to Tengfei Group, we can discuss it slowly!" Han Zhong laughed and said, "It's a deal, Li Xin, work hard for a while and help out."

"You've asked for it, that's all you can do!" Li Xin nodded helplessly.

His friendship with Han Zhong was quite good, and now that Han Zhong had come in person, Li Xin naturally could not refuse any further.

In fact, Li Xin could not be clearer about the mindset of Han Zhong and the others.

Today he will ask him for a favour, tomorrow he will ask him for an idea, and after a long time, a subtle rapport will be formed, and by then, I am afraid that he himself will consider himself to be a member of the Tengfei Group.

Han Zhong and the others are still working hard to get themselves into the Tengfei Group!

Li Xin couldn't help but shake her head slightly and smile bitterly, knowing their purpose, but she didn't know how to refuse, it seems that she really has to join the Tengfei Group

Ji Feng also looked at each other with Han Zhong and could not help but smile slightly at the same time.

In fact, if it was just about solving the cottage products, having Han Zhong out would have been enough. The reason why they had to bring in Li Xin was so that this talent in business could have a sense of subtlety and truly join the Tengfei Group in the end.

Such a talent, whether it was Ji Feng or Han Zhong, was highly desired.

Now Li Xin agreed to do so after only a slight hesitation, which made both Ji Feng and Han Zhong couldn't help but feel happy in their hearts, which means that Li Xin is not averse or too repulsive about making suggestions for the Tengfei Group, which is a good sign!

After finalizing the development plan of Kang Yuan slimming powder, the next step was naturally a casual conversation, and the atmosphere was much more relaxed.

After eating, Ji Feng and the others also left separately.

The first thing that Ji Feng did was to drive Han Zhong back to the headquarters of the Tengfei Group. This kid now hardly goes to school except for exams, and now that it's the summer vacation period, he naturally doesn't go even more, so he simply lives directly in the company.

It is also fortunate that he is the general manager of the group, not only is his office large, but he also has all the necessities of life, and living here is patrolled by security personnel outside, so it is very comfortable.

After that, Ji Feng took the white spider back.

When he returned home, Ji Feng found that Xiao Yuxuan had finished washing up and was wearing extremely loose clothes, sitting cross-legged on the sofa watching TV, while Zhang Lei and Shen Jingyi were sitting on the chairs next to him, both of them were playing something on the computer.

Ji Feng hesitated for a moment, but still walked in with big steps.

“Back?!” When Xiao Yuxuan saw him, she smiled sweetly.

Ji Feng then walked over and sat next to her and smiled, “Have you eaten? What are those two guys doing?”

Xiao Yuxuan pursed her lips and smiled lightly, “What else can they be doing, it seems like they are watching some kind of video.”

“A video?”

Ji Feng was slightly stunned, then he nodded and asked, “How did you eat at night?”

“Just simply ate some outside, and when I came home Miss Shen made another meal, I ate some more” Xiao Yuxuan said.

Ji Feng could not help but glance at Zhang Lei and Shen Jingyi who were sitting on the chair fiddling with the computer, did not expect that Shen Jingyi, a thousand-year-old lady, would actually cook.

After hesitating for a moment, Ji Feng then intended to go upstairs with Xiao Yuxuan and talk to her about Xu Yuan. But before he could open his mouth, Zhang Lei’s voice suddenly came through.

“Crazy!”

Zhang Lei suddenly turned around and shouted, “Come and take a look!”

“What?” Ji Feng asked.

“You’ll know if you come over and take a look!” Zhang Lei laughed heatedly, “It will definitely give you a surprise!”

“What is it?” Ji Feng got up and walked over, but found that a somewhat shaky video was playing on the computer, and when he looked clearly at the content on the video, he was stunned.

“Lei Zi, isn’t this our at the Shen family,” Ji Feng was a little surprised, but the content of this video was the scene of the fierce battle between him and Zhang Lei and the people of the Shen family, although the filming wasn’t too clear and the picture was a little shaky, but his and Zhang Lei’s appearance could still be seen. It was not too clearly filmed and the picture was a bit shaky, but his and Zhang Lei’s appearance could still be seen.

“This was sent to her by one of Jing Yi’s cousins, the day we were at the Shen family, beating up those few guys who didn’t open their eyes, it was filmed by Jing Yi’s cousin with her mobile phone ……” Zhang Lei laughed.

“Such a coincidence?” Ji Feng also became interested and watched carefully for a few minutes. The movements of Ji Feng and Zhang Lei in the picture were extremely fast, and they were filmed with too much shaking, so there were many movements that could not be seen clearly, but the whole process appeared to be very intense, and that kind of scene, really made people’s blood boil.

“See, this is just like filming a movie!” Zhang Lei was full of excitement, “If we were to act in an action movie, we would definitely be kung fu superstars, what with all the iron-blooded tough guys and such, it’s just weak!”

“Fine, then you can go and shoot!” Ji Feng laughed.

“I’m talking about if!” Zhang Lei shook his head, “If it’s real, I won’t go and shoot it, it’s too fake, or this kind of real combat fight is wonderful.”

Ji Feng couldn’t help but shake his head and smile, this guy, still the same temper.

“Then you should keep this video well, it’s all about your glorious battle!” Ji Feng laughed.

……

When Ji Feng had finished washing up and returned to the bedroom, Xiao Yuxuan was already lying on the bed, leaning against it and seriously reading a book.

Wearing a nightgown, Xiao Yuxuan wore a pair of black-framed glasses, and her whole temperament suddenly underwent a huge change, her fair skin exposed, her long hair all tied up behind her head, her whole person was full of a kind of intellectual beauty, which was extremely different from her usual flirtatious style.

Ji Feng couldn’t help but look a little dazed, this was really a beautiful to the extreme female demon, a hundred different demons, just a little dress up, that style is completely different.

“Ji Feng, where have you been today?” Xiao Yuxuan suddenly asked after reading a book for a while.

Ji Feng was then slightly stunned, and immediately laughed: “There was no place to go, just a trip to Xiao’s Pharmaceutical Factory and the Tengfei Group, and then went out to sit with Mr. Li of Mingguang Electric …… That what, Yu Xuan, I have two things to tell you.”

“Two things?” Xiao Yuxuan glanced at him and asked, “Go ahead, what is it.”

“The first thing is that I have previously recognized a goddaughter, a friend’s child …… that I have mentioned to you before.” Ji Feng said, “This little girl is very cute, but also very pitiful, so I plan to take her out tomorrow, if you’re okay, let’s go together, what do you think?”

“God-daughter?”

Xiao Yuxuan was however slightly stunned, “Then what’s the second thing?”

She secretly said in her heart, "It's time for the brat to talk about your affair outside, right? You're not going to hide it anymore?"

Chapter 1167

"This second thing is about Xu Yuan, the general manager of Xiao's pharmaceutical factory, that what"

Who knows, Ji Feng's words had not finished, he had just said Xu Yuan's name, he heard Xiao Yuxuan suddenly said, "All right, let's not talk about that, or talk about that goddaughter of yours!"

"....." Ji Feng was then a bit stunned, "Yu Xuan, you"

In fact, originally, just now Ji Feng really wanted to bite the bullet and explain Xu Yuan was the matter, but Xiao Yuxuan suddenly interrupted him, which could make him astonished beyond words. Generally when he said something, Xiao Yuxuan shouldn't interrupt, but now, her reaction was somewhat abnormal.

Then, there was only one explanation: Xiao Yuxuan was afraid that she had already known about it.

Thinking about what Han Zhong had said to him before, Ji Feng understood in his heart that Xiao Yuxuan must have known about his affair with Xu Yuan.

As for why she interrupted herself and didn't let herself go on, Ji Feng didn't quite understand.

"Why are you looking at me like that?" When Xiao Yuxuan saw Ji Feng's stunned look, her heart was both angry and amused, but she tensed her face and said in a serious manner.

"No, it's nothing, I just think you're a bit strange!" Ji Feng hurriedly said, but in his heart was puzzled, why did she not let herself say?

"What are you talking about, you're the one who's weird!" Xiao Yuxuan smiled, but she gave Ji Feng a white look, "What's with that goddaughter of yours, when did you recognize her? How old are you and you already have a goddaughter?"

Ji Feng laughed bitterly, "You're asking so many questions at once, which one do I have to answer first?"

"Just answer them one by one!" Xiao Yuxuan asked, "Well, let's start from the beginning, how did you and that goddaughter of yours meet, and what are her parents like?"

"This would be too long if I were to tell it from the beginning." Seeing that Xiao Yuxuan didn't even pull on the topic of Xu Yuan, Ji Feng, who was already a bit vain, didn't continue, but smiled and talked about that little girl Qin Yunyao: "The first person I met was actually that little girl's mother, at that time I had just started my freshman year, and for some reason, I ended my military training early, and as a result, when I came back, I was on a bus"

Ji Feng smiled and told the story of how he and Qin Shujie met, in detail.

"Later I went to gamble on stones and ended up bumping into Qin Shujie again, by the way, my first bucket of gold came from her" From the time he met Qin Shujie, to the subsequent development,

until he recognized Qin Yunyao as his goddaughter, all the various passages in between, Ji Feng detailed. The story was told in detail.

Ji Feng would not even mention that Qin Shujie put her and his picture together and was mistaken by Yao Yao that he was the father

Originally Xu Yuan's matter Ji Feng still didn't even know how to tell Xiao Yuxuan, now if he let Xiao Yuxuan detect some ambiguity between him and Qin Shujie again, then Ji Feng really didn't know how things should end up.

"That little girl even forgot her father's appearance, sleeping in a haze, she mistook me for her father, I saw that girl was cute and pitiful, so I recognized her as my goddaughter!" Thinking of that little girl's dumbfounded look at that time, Ji Feng couldn't help but shake his head and smile, the little girl was really too cute.

"So that's how it is." Xiao Yuxuan then drifted off and said, "I thought this goddaughter of yours was just a cover up."

"Sh, what do you mean?" Ji Feng was stunned.

"Nothing, it was just that casual." Xiao Yuxuan said, "Since you said that little girl is so cute, then I'll also go with you guys tomorrow."

"That would be best!" Ji Feng laughed, "That little girl is indeed very cute, you will definitely like it when you see her too."

Xiao Yuxuan pursed her lips and smiled lightly as she asked, "What, do you want to have children?"

Ji Feng smiled and nodded, but soon shook his head again and didn't say anything more.

Only after a long time did he suddenly say, "Even if I want to, I can't have one now. To have a child is not just a word, that always need to do all the preparatory work to do, and I am still in college forget it, don't talk about it now."

Xiao Yuxuan then looked at him with a somewhat complicated expression, opened her mouth, but wanted to speak again.

Ji Feng put his hands behind his head, did not notice the change in Xiao Yuxuan's expression, but he was in deep thought.

Xiao Yuxuan knew about Xu Yuan's affair with Ji Feng, this should already be certain, but the problem was that Ji Feng was all set to tell her, but in the end, she interrupted her again.

"Was it because she didn't want to get upset with herself over this matter, so she pretended not to know, or was it because of some other reason?" Ji Feng was a little puzzled.

And more than anything, he was still worried about hurting Xiao Yuxuan.

But after turning his head to think about it, Ji Feng felt that he was quite shameless, since he was afraid of hurting Xiao Yuxuan, then he should not have any more relationship with Xu Yuan, but now, in

addition to Xu Yuan, he also had an ambiguous relationship with Qin Shujie, if Xiao Yuxuan knew about it, how could he not be sad?

At least, Ji Feng has not really seen any woman who would be so generous as to see her man looking for another woman and not only not feel sad, but rather smiling.

Even if there really was such a woman, it would be absolutely superb.

Either they have bad intentions or they are missing a string in their head!

Even if it was a cold and uncontested personality like Tong Lei, when he developed feelings for Xiao Yuxuan, Tong Lei was very torn, which Ji Feng could see!

So sometimes, Ji Feng would also curse himself a few times in his heart, and many times he was gritting his teeth and restraining himself.

For example, when he was in Hangzhou, Jiangsu Province, Zhou Fei Fei, the Zhou family's golden girl, had already stripped naked and leaned into his arms.

Of course, at that time, there was also a part of the reason why Ji Feng felt that Zhou Fei Fei, the woman, was too purposeful and utilitarian, plus he was really holding on and restraining, so he didn't make a mistake.

But there is a saying that is very true, sometimes when feelings come, you can't stop them no matter how hard you try.

This was the case with Ji Feng and Xu Yuan.

That's why Ji Feng had been thinking about finding a chance to talk things over with Xiao Yuxuan and Tong Lei, only that this kind of dilemma left and right was giving Ji Feng a headache.

"In a word, Ji Feng is a bastard!"

Ji Feng secretly shook his head and cursed himself in his heart, yet, he didn't think about which one to give up. Whether it was Tong Lei and Xiao Yuxuan, or Xu Yuan, he would not let go. Anyway, a bastard was a bastard, and shameless was shameless, so he couldn't let go of them just because of the word bastard.

That wasn't Ji Feng's character!

Of course, as to whether this was appropriate, Ji Feng had never thought about it.

Ever since he was young, Ji Feng had been discriminated against, even after he returned to his family, he never had that real sense of belonging, the kind of person who was adrift could best appreciate this feeling, because he had no roots since he was young and didn't know where his home was.

Under such circumstances, Ji Feng was inferior, diligent yet observant, not daring to overstep the mark for fear of causing trouble to his mother!

Later, he gradually rose to prominence and likewise tried to abide by the rules

But now, Ji Feng doesn't want to be a good boy who follows the rules when it comes to relationships, he wants to trample on the rules for once!

And at this time, Xiao Yuxuan, likewise, was also in a rather complicated mood.

However, she had no intention of telling Ji Feng about breaking Xu Yuan, knowing that the great grandmother in this family was not her, but Tong Lei. Xiao Yuxuan could make up her mind about the group's affairs without consulting Ji Feng, but she still needed Tong Lei to come back and make up her mind about the family's affairs.

Xiao Yuxuan had not forgotten that she had been able to live in this house after Tong Lei had given her the nod.

Xiao Yuxuan is smart and naturally knows how to get along with Tong Lei. When it comes to how to handle Xu Yuan's affairs, it is natural for Tong Lei to make the decision.

As for the rest

Xiao Yuxuan turned her head sideways and gave Ji Feng a white glance, then she was angry and helpless, this guy, she didn't even know what to say about him!

"Ji Feng, you just said that your goddaughter's name is Qin Yunyao?" Xiao Yuxuan suddenly asked.

"Yes, what's wrong?" Ji Feng was stunned.

"The little girl is so cute looking, her mother must be very pretty, right?"

"..... is pretty, but there's still a gap compared to you." Ji Feng knew that Xiao Yuxuan wouldn't suddenly ask for no reason, and it was obvious that she had thought of something here as well.

Xiao Yuxuan's beautiful eyes gave him a blank look, "It's too late to kiss ass now, when Lei Lei comes back, let's see how we can clean you up!"

Ji Feng couldn't help but smile bitterly, but he didn't hear it, Xiao Yuxuan's words were a double entendre, not just talking about Qin Yunyao's mother Qin Shujie, but also, she was referring to Xu Yuan's matter.

"There is another thing I want to tell you." Xiao Yuxuan suddenly said, "That little girl must hold a lot of weight in your heart, right? Along with her mother, she should also have a certain place, right?"

"What do you mean?" Ji Feng felt a little hairy all over his body.

"You didn't mention this little girl to me, but from the tone of your voice, you should have told someone else, but you remembered it wrongly" Xiao Yuxuan's tone was very unkind, "With your memory, this kind of thing shouldn't remember wrongly, which means that at that time you must have been happy and forgetful in your heart, why don't you call Qin Shujie out tomorrow as well and meet together?"

"....." Ji Feng was speechless, had he not mentioned Qin Yunyao's matter to Xiao Yuxuan?

Come to think of it, it seems

After a while, Ji Feng then secretly laughed bitterly, he did mention it, but not to Xiao Yuxuan, but he casually mentioned it to his second brother Ji Shaolei that night, really he had misremembered it.

Chapter 1168

Fortunately, Xiao Yuxuan didn't seem to have any intention of pursuing the matter to the end, she just gave Ji Feng a blank look and said, "I won't talk to you now, when Lei Lei comes back, let's see how she'll clean you up."

And then, she closed the book, turned off the desk lamp, and turned over to sleep.

Ji Feng opened his mouth, but did not know what to say, he knew that Xiao Yuxuan was uncomfortable in her heart, otherwise, with her temper, she had never been like this before.

In fact, Xiao Yuxuan, this person, and other women are very different, even if she is angry, she does not have the habit of scolding people, and even do not like to quarrel, even if they are being bullied, she either put up with it, avoid it and pass. And if the other party is really too much, then she will use her actual actions to let the other party know that she is angry.

Now Xiao Yuxuan was not yet at the point of being angry, or rather, she was not too angry, but at least, she was so uncomfortable in her heart that she stopped talking.

Ji Feng's heart was full of apologies, but he couldn't say anything. Because he had already decided that he would definitely not let go of any of them, and now instead he didn't know how to go about explaining to Xiao Yuxuan.

He can't always say, "Yu Xuan, don't be angry, I'll go and break up with said other people"

Now Ji Feng's wisest choice is not to mention this matter again, only to change the topic, diverting Xiao Yuxuan's attention, other than that, will only make her more angry, Ji Feng naturally will not do such a silly thing.

So, Ji Feng also turned over and hugged Xiao Yuxuan from behind, and then an arm was placed on the side of her head, and Xiao Yuxuan then cooperated by raising her head and letting him hug her.

Ji Feng then secretly breathed a sigh of relief in his heart, since Xiao Yuxuan was still willing to be close to him now, it proved that she was not too angry, which meant that there was still room for manoeuvre in this matter, and it had not become too stiff.

"Yu Xuan, when you see that little girl Yao Yao tomorrow, don't be mean to her, I believe you will definitely like her very much after you see that little girl!" Ji Feng whispered in her ear, "In the future, ah, we also give birth to such a cute little girl, fleshy, how hard to knead her will not resist"

"Fuck you, that's a child, you think it's a toy!" Xiao Yuxuan couldn't help but giggle, her plump **** arching him a little.

"A child is much more fun than a toy, especially from the time she learns her teeth to the time she goes to kindergarten, this period is the most adorable." Ji Feng laughed harshly, "Yu Xuan, do you want to have a child?"

"Want a child?"

Xiao Yuxuan couldn't help but be slightly stunned, "Want what kind of child?"

"Of course our child, I am asking you, do you want to have a child now?" Ji Feng laughed.

"No!"

Xiao Yuxuan said dryly.

"For, why?" Ji Feng asked in consternation, "Do you hate children?"

"Of course I don't hate it, but, now I've just started working not long ago, things in the group are only on the right track, it's the right time to start working hard, if I have a child now, then in the future, I'll have to stay at home with the child all the time, and I won't be able to do anything No!" Xiao Yuxuan said, "You can't let me do nothing at home, right?"

Ji Feng then smiled, "Yu Xuan, I do think we should have a child."

"Cut it out!" Xiao Yuxuan said at once, "Ji Feng, you can't instigate me, I will definitely want a child, but certainly not now!"

"Huh"

Ji Feng immediately lost his smile, but, he was slightly frowning, his heart was thoughtful.

"No children for now" Ji Feng could not help but shake his head, this is not a good phenomenon, Xiao Yuxuan is now more and more a kind of workaholic trend, all day is early to leave and late to return, and usually after work, she also took time to study economics and management She has no free time at all.

Moreover, she usually has to get up in the morning to make breakfast and come back in the evening to make dinner

Thinking of all this, Ji Feng couldn't help but hug Xiao Yuxuan's soft body tighter and said softly, "Yuxuan, don't work so hard, how many times have I told you, learn to use a professional manager, don't always think about doing it yourself, otherwise, even a body of iron can't carry it."

"I'm much more relaxed now!" Feeling Ji Feng's care, Xiao Yuxuan couldn't help but feel sweet in her heart as she said softly, "Ji Feng, finding a professional manager to manage the company, this is of course the most reasonable. But before giving the company all to a professional manager to take care of, you should always cover all aspects yourself first, at least what the people below do, you can see, otherwise, won't others treat us as fools playing around?"

"Oh" Ji Feng couldn't help but laugh: "This is your concept is a bit narrow, in fact, knowledge is incomplete, there is always someone who is more proficient than you in certain aspects, you learn more, it's not very useful, but will make you more tired."

"Then what do you think should be done?" Xiao Yuxuan asked.

"Just one point, grasp the big picture, you are the one at the helm of the group, in which direction the group goes, you give an order and the people below you have to do it, this is a virtuous system and group!" Ji Feng laughed.

“Then according to you, wouldn’t I be the same as those officials who just know how to eat and drink everything all day long? When something happens, they push it down below, and if they do a good job, it’s because the leaders are leading well, and if they don’t do a good job, then it’s because the people underneath only know how to eat and nothing else!” Xiao Yuxuan said, “I feel sick even thinking about it.”

Ji Feng suddenly lost his smile: “It is originally like this, only, of course, you can not learn from those fat-headed guys, but, this way of doing things is actually the same.”

“I try it!” Xiao Yuxuan said.

Ji Feng then laughed: “That’s right, you see why a company needs to hire so many people, ah, and, the same thing, all need so many departments to coordinate, the factory to produce a product, but also need assembly lines, are this reason.”

“Fine, fine! I do as I’m told, why are you more nagging than my mother now” Xiao Yuxuan said helplessly.

Ji Feng then laughed heatedly and stopped talking.

The corners of Xiao Yuxuan’s mouth twitched slightly for a few moments, and then her pretty face tensed up again. She knew that this brat would be able to make her laugh with a few words, and now she is chattering so much, just to divert her attention and not let her bring up that Qin Shujie thing again.

Even this Qin Shujie, that is Ji Feng this active account of this brat!

Xiao Yuxuan is such a smart person, not to mention she has been with Ji Feng for such a long time, and how can she not understand Ji Feng’s character? When this guy opens his mouth, she knows how many yellow teeth he has!

“Little guy, it’s getting late, go to bed!” Xiao Yuxuan said, she was really afraid that Ji Feng would make another seven turns, not knowing when he would be pulling the wool over her eyes again.

In fact, what Xiao Yuxuan was most afraid of was that, being pulled in three different directions by Ji Feng, she would then have a soft heart and forgive Ji Feng before Tong Lei had returned, then there would really be no way to explain to Tong Lei at that time.

In this kind of matter, it is necessary to keep in line with the great grandmother.

In fact, when you think about it, this way of getting along is quite interesting, usually at home Tong Lei does not speak easily, basically she is the kind of quiet and clear appearance, who likes her. Xiao Yuxuan, on the other hand, likes to frolic with Ji Feng, and she is the one who takes charge of many things.

However, when it comes to things at home, Xiao Yuxuan is careful to follow the bottom line in her own heart and never easily makes decisions for Tong Lei, so that the two can get along more and more, as if they were close sisters.

This is Xiao Yuxuan’s way of getting along.

And at this time, when Ji Feng saw that Xiao Yuxuan no longer mentioned other things, he was slightly relieved in his heart and also nodded, "Okay then, sleep!"

Xiao Yuxuan then wanted to pinch him hard!

And then, the two of them just lay on the bed, both breathing steadily and seemingly evenly. However, neither of them was asleep, both were thinking about their respective thoughts.

What Ji Feng was thinking about was how he should confess to Xiao Yuxuan and still make her not too excited and sad. And what Xiao Yuxuan was thinking about was how she should tell Tong Lei, and then when Tong Lei came back, how the two of them would clean up after Ji Feng together.

Even

Xiao Yuxuan also subconsciously thought, if Xu Yuan and that woman called Qin Shujie, really came into their lives, how should they be treated?

Should they despise them, try to make them look bad, then drive them away from Ji Feng's side and make them leave him, or should they use some other way to defend their rights and fight alongside Tong Lei

For a while, both of them had a lot on their minds.

"Almost forgot!" Ji Feng suddenly said, "Yu Xuan, get up and practice calisthenics!"

"Forget about it today, we'll practice tomorrow, okay?" Xiao Yuxuan smiled and instantly collapsed, asking somewhat helplessly.

"You say it's okay!" Ji Feng asked rhetorically.

"....." Xiao Yuxuan then had to sit up and insist on practicing gymnastics under Ji Feng's instruction.

.....

The next morning, Ji Feng habitually woke up early, first ran out, bought breakfast at the soy milk shop, and called Zhang Lei and Shen Jingyi up.

He couldn't help but shake his head slightly, "These two people still occupy two guest rooms, so just stay together"

"You think I'm like you, huh?"

Zhang Lei bristled, "Dude is a pure kid, not as nasty as you."

Ji Feng directly filtered out this sentence, Zhang Lei pure? This is not afraid of other people's jokes, just such a rogue-like guy, still pure?

"Lei Zi, let's go out and play later, let's go together." Ji Feng said.

"Where to?"

"Take my daughter to the zoo!"

"..... who?!"

Chapter 1169

“Dad~~!”

In the Lake District, at the entrance of Qin Shujie’s neighborhood, Ji Feng and the others drove two cars and waited at the entrance.

Zhang Ma sent Yao Yao out, and Ji Feng, holding his arms, leaned against the side of the car and waited.

When the little girl saw Ji Feng, her eyes lit up and she immediately gave a cheerful shout and ran over in a stomp.

A bright smile suddenly appeared on Ji Feng’s face as he picked up this cute to the core little girl and smiled, “Yao Yao, have you eaten breakfast yet?”

“Yes, Zhang Ma made me the eight-poached porridge!” The little girl nodded and patted her little tummy with her little hand, then her two white and tender little arms wrapped around Ji Feng’s neck again, “Daddy, you really didn’t lie to me, Daddy is so nice~~!”

Ji Feng instantly laughed, “Say, where do you want to go today, the zoo, or the playground, or the Children’s Palace?”

“I want to go to the beach!” The little girl said, “I want to see the sea”

“.....” Ji Feng looked at his watch and found that it was already after eight o’clock, he smiled bitterly and said, “Yao Yao, the sea is too far away from us, let’s change the place and wait for the next time to see the sea, okay?”

Although Jiangzhou was also adjacent to the sea, in reality, if we drove from the lake area to the sea, with the traffic situation in Jiangzhou, it would take at least more than two hours, which was nearly five hours for a round trip, and if there was only one day, there wouldn’t be much time to play in between.

“Really?!” Instead of being the least bit frustrated by the rejection, the little girl was suddenly happy.

“..... Of course it’s true, Yaoyao, what’s that look on your face, why are you still so happy?” Ji Feng couldn’t help but ask in a strange manner.

“Because daddy promised to take me out again next time!” Yao Yao said.

Ji Feng was suddenly silent, never imagining that just such a simple request would make Yao Yao so happy for her. One could imagine how much she longed for her parents to take her out to play in her heart.

“Then, apart from seeing the sea, where else would Yaoyao wish to go?” Ji Feng asked with a smile.

“Well go to the playground!” Yao Yao said, “You can fish for small fish in the playground, and you can also row a boat”

The little girl’s mouth was chattering and she talked about many recreational items in a row, basically all of them were water related, which made Ji Feng quite surprised, it seems that the little girl especially likes water!

“Alright then, let’s go to the casino.” Ji Feng laughed, “Come on, let’s get in the car, I’ll introduce you to some uncles and aunts.”

Ji Feng smiled and carried Yao Yao over, Xiao Yuxuan and several of them were waiting by the roadside, Ji Feng carried the little girl to the front and introduced several of them to the little girl.

“Auntie Yu Xuan, Auntie Jing Yi, Auntie White Spider, Auntie Xiao Ying, Uncle Zhang Lei, hello, my name is Qin Yun Yao, this is my father” As a result, the little girl but as if she had introduced herself, all of them called once, and also introduced Ji Feng.

This little girl was wearing a pink dress today, with cartoon sandals on her feet and a tiny sun hat on her head, looking adorable.

As soon as Xiao Yuxuan and Shen Jingyi saw Yaoyao, they couldn’t help but have their beautiful eyes light up, this little girl was just too cute, almost no girl could resist this kind of temptation, anyone who saw her would want to give her a couple of kisses and a hug.

“Yao Yao, right? Come, sister hug!” Xiao Yuxuan immediately picked the little girl up from Ji Feng’s arms.

“It’s auntie, not sister!” The little girl was the one who gave her a correction.

Xiao Yuxuan immediately giggled, kissed her hard and said, “Okay, it’s auntie, not sister.”

“This girl is so cute.” Even Zhang Lei, who was always big-hearted, couldn’t help but say that, so it was clear how cute Yao Yao really was.

“I’m not a maid!” Yao Yao immediately said.

“Fine, fine, not a maid!” Zhang Lei did not dare to argue with this little girl and immediately raised his hands in surrender.

“Let’s go!” Ji Feng laughed, “Let’s go to the playground.”

Bai Spider then nodded and sat in the driver’s seat, searched for the nearest playground on the navigator, and then drove straight there.

“Yao Yao, how old are you this year?” Sitting in the car, Xiao Yuxuan kept hugging Yao Yao and asked in a soft voice.

Qin Yunyao stretched out four white and tender fingers and said in a tender voice, “Four years old.”

“Three and a half years old, right?” Ji Feng laughed in front of him.

“About to turn four!” The little girl said.

The others burst out laughing, although this little girl was young, she was cute and spoke like a little adult, so she was really attractive.

“Come on, let’s go to the playground to fish for small fish!” Ji Feng said with a laugh.

But an hour later, Ji Feng’s smile turned into a bitter one. The fishing for small fish that the little girl was talking about turned out to be a group of various small goldfish stocked in a pool, and a good group of small children were just sitting by the pool, using small hooks to hook them somewhere.

And what was even funnier was that there were actually a lot of electric little goldfish inside these little goldfish, and the group of little kids were all smiling from ear to ear as they fished, so happy.

"I say, just watching a group of kids fishing like this foolishly?" Zhang Lei sat next to him and asked in consternation.

Ji Feng laughed, "You and Jingyi can go play with something else, it's not like the playground is just for kids, adults can play as well."

Zhang Lei turned his head and said, "Okay then, I'll go play on the roller coaster, that thing is exciting. Call me if there's anything."

After saying that, Zhang Lei turned his head and went elsewhere with Shen Jingyi.

Ji Feng and Xiao Yuxuan watched from the side, and a smile couldn't help but spread across their faces. White Spider and Little Shadow were watching Yaoyao from the side, the little girl was having a really good time, telling Ji Feng about her fishing results from time to time.

Xiao Yuxuan's eyes were likewise very soft, after watching for a long time, she suddenly turned her head and said, "Ji Feng, you're right, this little girl is really very cute, I'm afraid that no matter who sees it, they will like it a lot."

"Then we have one too?" Ji Feng asked in a low voice.

"Screw you, don't even look at the occasion, what are you talking nonsense about!" Xiao Yuxuan's pretty face reddened slightly and gave him a white glance, yet she was only a little shy but did not explicitly refuse, which was quite an improvement compared to her previous clear indication that she did not want to have a child for the time being.

Ji Feng couldn't help but smile secretly, it looked like Xiao Yuxuan was also attracted by this cute appearance of Yao Yao, and she wanted such a cute child in her heart.

Fishing, boating, riding the carousel

The two of them even had the illusion that if this little girl was their child, it would really make people fall in love with her!

And accompanying such a little girl to play like crazy, no one felt bored or boring.

In fact, a lot of times, just watching such a cute little girl playing was already a kind of enjoyment, because this kind of childishness was actually the most valuable.

The whole morning, in the company of Ji Feng and Xiao Yuxuan and others, the little girl could be said to have played almost all those items suitable for children, and every one of them was played very happily, and some items that needed to be accompanied by adults were also accompanied by the White Spider or Little Shadow.

During this process, the white spider's original expressionless face gradually softened, and even let out a heartfelt smile from time to time.

Finally, when it was time to eat, Ji Feng and the others decided to have lunch in the amusement park.

Although the prices of the restaurants in the amusement park were high, almost three or four times higher than outside, some even ten times more, but on the one hand, it was inconvenient to run back and forth, on the other hand, it required tickets to enter this kind of amusement park, and if you went out and came in again, it was not allowed, so Ji Feng did not look for this trouble, and simply ate directly in the amusement park.

Because all the seats in the restaurant were already full, they had to choose to eat in an open-air restaurant, where there were basically some snacks, that is, two tables side by side, with a sunshade placed in the middle, which was not too hot.

“Daddy, I want to eat ice cream” said the little girl.

“Buy!” Ji Feng nodded his head.

He then got up and went to the kiosk next to him and bought one for the little girl, “Eat slowly, or you’ll have diarrhea!”

“Daddy, I want to eat ice cream too!” At this moment, a voice suddenly came from behind Ji Feng, he turned his head to see that the one who spoke was a little fatty about seven or eight years old, beside this little fatty, there were also two men and a woman following, one of them looked like a husband and wife, and the other looked like a man in the shape of a bodyguard.

“OK, young master, I’ll go and get it now!” Only when the little fatty’s words fell, the bodyguard-like man immediately nodded his head and said.

“What ice cream, it’s filthy, it’s only eaten by little people and poor people, no eating!” But the woman stopped the bodyguard and said to the little fatty, “Let’s eat, okay?”

“I want to eat his!” Who knows, but the little fatty pointed at Yoyo, “I’ll have the ice cream!”

“Hey! You guys, throw that little girl’s ice cream away, can’t you see that our young master is being seduced!” The bodyguard instantly glared at Ji Feng and shouted lowly.

“You’re the bad guy!” Yao Yao, however, said in an exasperated voice.

Ji Feng instantly laughed as he patted the little girl’s head and said, “Eat slowly and ignore them!”

“Kid, didn’t you hear what I said?” The bodyguard’s face instantly sank, “Your eyes had better shine brighter and see who is talking to you, don’t invite disaster for yourselves, do you hear me!”

“Heh! What a domineering reason!”

Xiao Yuxuan couldn’t help but sneer, “It’s just as well that you can’t discipline your own children, but you’re actually bullying others, you’re really arrogant!”

“What did you say?!” The bodyguard immediately stood up and stared angrily at Xiao Yuxuan, “I see you still don’t know who you’ve messed with!”

Chapter 1170

“What did you say?!” That bodyguard instantly stood up and angrily stared at Xiao Yuxuan, “I see that you still don’t know who you’ve messed with!”

This bodyguard spoke with unparalleled arrogance, however, he was not the kind of arrogance that was done on purpose, as if he himself felt that he was above the rest and was reprimanding those who were lower in status than him. It was as if, if these few people dared to talk back to him, they were offending the tiger's authority!

"What a joke!"

Xiao Yuxuan couldn't help but sneer and said angrily, "I don't know who I've provoked? You guys are the ones who provoked us first!"

This bodyguard's arrogant attitude instantly angered Xiao Yuxuan.

In particular, the other party's kind of look as if they were looking at a few pariahs made Xiao Yuxuan furious, how could people nowadays, after having a few dollars, not know what their surname was anymore? They could even directly not treat people as human beings anymore, reprimanding them as much as they wanted, it was simply ridiculous!

"Bang!"

The bodyguard slapped the table and shouted lowly, "Stinky bitch, what did you say? Have the guts to say it again?!"

Ji Feng snapped his head back at his words, a cold light flashed in his eyes as he said in a deep voice, "You, get over here immediately and apologize!"

"What did you say? I apologize?!"

When the bodyguard heard Ji Feng's words, he was stunned, and then he became furious, "Little bastard, I think you want to die, right? Do you know who you're talking to?"

Ji Feng's face suddenly became completely gloomy, staring coldly at this arrogant and unbeatable bodyguard, with a cold glint in his eyes. This look fell in the eyes of the nearby White Spider and Little Shadow, and they instantly knew that Ji Feng was really angry!

In fact, originally, this was only a small conflict, so naturally, Ji Feng would not be ordinary with them, and at most, he would just forget about a few verbal arguments. But he did not expect that this bodyguard would open his mouth and swear at someone, and he was swearing at Xiao Yuxuan, which was simply unforgivable.

What Ji Feng hated most in his life was when people casually scolded others, and he hated it even more when people caused any harm to those around him.

Very often, a curse word was often more powerful than grabbing someone and beating them severely, especially the kind of guys who made a meal out of cursing, their words could simply make one's scalp explode.

Such people deserve to have their mouths smashed!

"What are you looking at! Didn't you hear what I said, throw the ice cream away immediately!" The bodyguard saw that Ji Feng was glaring at him and became furious, "You're not throwing it, are you? Damn it, if you guys don't throw it, I'll throw that little girl away"

“Bastard!” Xiao Yuxuan saw that the bodyguard came over aggressively, she was instantly infuriated, this person was really planning to come over and make a move, this is simply bullying without any reasoning at all, she couldn’t help but cursed angrily.

She couldn’t help but curse angrily.

The white spider stood up, her beautiful eyes coldly staring at the bodyguard, her hand had already grasped a sharp dagger backwards, blocking the back of her white arm, but as soon as the bodyguard dared to take another half step closer, her dagger would be on the other side’s throat!

“Stop!”

Just then, a low bellow suddenly rang out, and that bodyguard stood still at once.

Only to see that little fatty’s father stand up, a man in his thirties, not too stout in stature, but with somewhat stern eyes, and a special aura about his whole person, which looked very attention-grabbing.

At this moment, this man was also dressed in a suit, only that he did not wear a jacket because of the hot weather, and the whole person looked as if he was dressed as a successful person.

This man’s gaze, fixed on the body of the white spider and Xiao Yuxuan, could not help but flood his eyes with a strange light, the corners of his eyes twitched a few times, the whole person in that instant, as if there was an aura flowing out. It was like a poisonous snake that had seen its prey

“Hehe” Who knows, but that man stood up with a smile and said, “It’s just a little misunderstanding, my man doesn’t know too much and has caused trouble to a few of you, I apologize on his behalf, and please I apologise on his behalf and ask for your understanding. Especially this beautiful lady, be more understanding!”

This man looked towards Xiao Yuxuan, obviously the last sentence was for her.

“Hmph!” Xiao Yuxuan naturally noticed the man’s gaze, and she said with a cold face, “We can’t afford your apology, just stay away from us!”

“This lady, that’s not right, since we ran into each other, that’s naturally fate, I don’t know” Before this man’s words could be spoken, he suddenly saw a man standing in front of him and was looking at himself with a smirk.

“You think I’m a dead man?” Ji Feng looked at him with his arms clasped and said indifferently, “Either I give a sincere apology and sit down to eat your meal, or, get the hell away from me now and don’t get yourself into trouble!”

This man was really bullish, he dared to talk to Xiao Yuxuan in front of himself, so it could be seen to what extent this guy was domineering, that bodyguard was so domineering, he must have learnt it all from him too!

“Kid, cut the fucking crap here, do you know who you are talking to

ah” that bodyguard opened his mouth to curse once he saw Ji Feng talking like that.

However, before he could even finish his words, he suddenly let out a miserable cry and his entire body flew straight out sideways and fell heavily on the ground, with a woosh, his body twitched a few times, then he rolled on the ground and groaned in pain, obviously the fall was not a light one!

This sudden turn of events caused the man to be stunned, and the little fatty shrieked in terror.

“Motherfucker, you’ve grown up eating shit!” Zhang Lei had come over at some point and was standing right where that bodyguard was originally standing, and it was obvious that he was the one who had just kicked that bodyguard away.

“What are you!” The man’s face from before instantly turned gloomy as he stared coldly at Zhang Lei and then at Ji Feng, “You’re looking for death!”

“Get lost!”

Ji Feng shouted lowly, “It’s not too late for you to get lost!”

Now Ji Feng was already forcing down the fire in his heart, if it wasn’t for the presence of the little girl, he would have kicked this human five and six thing out, now that Zhang Lei had kicked that bodyguard away, it had slightly relieved him.

Now if this man knows what he’s doing, he should get lost immediately and this matter will be put to rest.

Ji Feng was only planning to take the little girl for a good time today and did not intend to cause any extra trouble, otherwise

“Kid, don’t think you’re pretending to be a pussy in front of old me just because you have some skills!” Zhang Lei coldly stared at the man and smiled fiercely, “If you are not convinced, let’s go out and skulk? I specialise in curing all kinds of disobedience, especially from bastards like you!”

The man’s face was incomparably gloomy as he stared at Ji Feng and Zhang Lei with grim eyes, and then looked at Xiao Yuxuan and White Spider who had a cold look on their faces, an angry look flashed in his eyes, as well as that grim coldness.

“Very good! Jiangzhou is really a crouching tiger hiding a dragon, good!” The man nodded with a cold smile, “Remember, my name is Chang Chong Wei, everyone else calls me Chong

“Get the hell out of the way!”

Zhang Lei interrupted him impatiently, “What the fuck is Brother Worm and Brother Bird, don’t pretend to be someone in front of me, you’re not qualified enough for that! Get lost!”

The man named Chang Chongwei gave him a cold look, then looked at Ji Feng and said sorrowfully, “I’ll get lost, but believe me, we’ll meet again in the future, and today’s matter will never be forgotten!”

“If you keep talking so much nonsense, you don’t have to leave!”

Ji Feng said indifferently, his tone, however, was filled with an ice-cold murderous spirit as he coldly said, “I, for one, hate people threatening me!”

As he spoke, he saw that the little girl was so frightened that she was holding the ice cream in her two little hands, leaning tightly in Little Shadow's arms, her little face full of fear, and Ji Feng's expression suddenly became even more gloomy, and a cold light flashed in his eyes.

"Die, or get lost, your choice!" Ji Feng lowered his voice and said in a cold voice, "I don't have time to play with you!"

Chang Chongwei nodded heavily before giving Ji Feng a deep look, then pulled that little fatty and turned around and left without even saying a word. That woman's face instantly changed and she also hurriedly followed, and the bodyguard who fell on the ground, also instantly looked at Ji Feng and the others with resentment and limped away with great difficulty as he got up.

"Crazy, how did you invite such bastards?" Looking at the back of Chang Chongwei and the others, Zhang Lei couldn't help but ask.

"Nothing, it's just because these people are too domineering." Ji Feng said indifferently, "By the way, didn't you and Jingyi go to play, why did you suddenly come over again?"

Zhang Lei laughed: "Didn't you say today that you mainly came to play with your daughter, what's wrong with just me and Jingyi running over to play..... little one is scared, right, look at that little face all changed."

Ji Feng turned his head to look over and found that the little girl was holding the ice cream and didn't dare to eat it.

"Yao Yao, why don't you eat it!" Ji Feng asked.

"Those bad guys are going to bully daddy, if they come back, I'll give them the ice cream" the little girl said timidly.

This little guy, but also really a piece of filial piety ah.

Ji Feng instantly smiled: "Yao Yao don't worry, those bad guys won't come back."

"Really?!" Yao Yao's eyes were still a bit skeptical.

"Of course it's true, if you don't believe me, ask your Auntie Yu Xuan, those bad guys are afraid of daddy and won't come back." Ji Feng smiled and stroked her little head, "Hurry up and eat, let's continue playing this afternoon!"

"Mmm!"

The little child's worries came and went quickly, in the blink of an eye, she forgot about it, holding the ice cream in her two little hands, eating it in small bites, and handing it to Xiao Yuxuan and Xiao Ying from time to time, "Auntie, you guys eat it too"

Looking at her cute look, Ji Feng gave a wink to Zhang Lei and the two walked to the side.

Ji Feng said, "Lei Zi, I see that guy just now is not simple, he has a kind of yin and stern aura on him, I guess he has also seen blood, when we go back, you pay more attention to it, Yao Yao's safety is the

most important, so if anything happens, I will send her home first, and you will solve the rest don't scare scare the child!"
