Chapter 1201

For the information about Chang's Group sent by Wang Xin, Ji Feng kept it, but the accounts of Chang's Group, Ji Feng sent it directly to Han Zhong.

Coming to the headquarters of the Tengfei Group, Ji Feng found Han Zhong.

"Boss, that account you sent me, what's going on? I see how it is the accounts of Jiangnan Chang's Group, you want to take on Chang's Group?" Han Zhong asked.

"Han Zhong, find the group's accounting staff and see if there's anything wrong with this account!" Ji Feng said, "Remember, must find trustworthy people, under or not to lay hands on the now can not say, but at least, to find the problem first before!"

Han Zhong then understood that Ji Feng was obviously going to take action against the Chang Group, there are many things that do not need to be said so clearly, he had known Ji Feng for two years, for Ji Feng's character, he also understood some.

He nodded and said, "Alright then, I'll directly ask Tian Nan, the head of the finance department, to review it, she's also an old employee of Xiao's pharmaceutical factory, she's definitely trustworthy!"

"Well, you see to it, anyway, there is only one criterion, keep it confidential!" Ji Feng said.

Behind this Chang Chongwei, there was obviously a very powerful person standing behind him, if he wanted to move the Chang Group, secrecy was a must, otherwise, it would probably be stopped.

"Don't worry, I have it in my heart." Han Zhong said, "By the way, there is something to tell you, the bosses of several big groups in Jiangzhou have organized a business salon, the time is set for the night after tomorrow, the venue is the Linjiang Club. They sent me an invitation yesterday, why don't you come along too?"

"A business salon?" Ji Feng was stunned, "At the Linjiang Clubhouse?"

Back in Yanjing, Ji Feng had also attended such a salon, but at that time, he had only accompanied Ji Shaolei to attend. It was also at that salon that Ji Feng met Wu Zhihe for the first time, and also met Zheng Yuxiu.

At that salon, Ji Feng saw the desirability of this so-called business salon, some people in the business circle, communicating with each other, sometimes revealing some caution, or talking about some cooperation intentions at the salon, which was a more relaxed atmosphere than the usual kind of negotiation, and also to have more goals with, which was a good form.

However, what interested Ji Feng was the location of the salon party that Han Zhong had mentioned, which was actually the Linjiang Clubhouse.

For this Linjiang Clubhouse, Ji Feng was still familiar with it.

The owner of this Linjiang Club was none other than Li Weidong, the son of Jiangzhou Mayor Li Baoyuan, who was also Li Ruonan's brother.

Ji Feng couldn't help but shake his head and smile, back then in this Linjiang Clubhouse, he had even made a big fuss, now that he thought about it, it all seemed like something that had happened a long time ago.

"If I have time, I can go and see it!" Ji Feng laughed, "It's still hard to say right now."

"That's fine, if you have time give me a call, preferably a bit earlier so that I can also be prepared." Han Zhong said.

"By the way, there is one more thing." Han Zhong said, "A new company formed by the group in joint venture with Mingguang Electric, now the staff, the framework, all the preparations are ready, just waiting for you to name it."

"The name is not simple, just see Tengfei Electric!" Ji Feng laughed.

Han Zhong then laughed, the moment Ji Feng opened his mouth, he revealed his intention to win Li Xin and his Mingguang Electric over, in fact Han Zhong also wanted to work with Li Xin, but this was something that could not be rushed, it needed to be slowly transported.

"It's better to change the name." Han Zhong laughed.

Ji Feng shook his head and smiled, "Then you can just look at a random name, I'm not good at this and I'm not that particular about it."

"Then I'll discuss it with Li Xin and we'll pick one together." Han Zhong laughed, "After all, this is a joint achievement, we can't not consult others, right?"

"If you want me to say it, you should put in more effort and try to take Li Xin in the shortest possible time, if such a talent can join the Tengfei Group, on the one hand, your pressure can be reduced a lot, on the other hand, our group can definitely develop faster, what do you think?" Ji Feng laughed.

"I also want to win him over, but the key problem is that he hasn't thought about it yet, and I think he still can't let go of that factory of his." Han Zhong said, "Take your time, don't rush."

Ji Feng nodded and said, "That's the only way to go, people don't want to come, you can't just tie them up. Just name the new company as you see fit, but remember to call me when it opens, I'll be there to join in the fun!"

"I'm sure I'll have to call you." Han Zhong laughed.

Between the two of them, there was very little of the kind of separation between superiors and subordinates, but more of the kind of rapport between friends. So they spoke in a very casual manner.

Afterwards, the two of them chatted for a while.

Ji Feng learned that there was no problem at all with the 3D TV in terms of technology now, with the trigger for the Unreal Stereo Technology provided by Ji Feng, the Mingguang Electric side only needed to improve the production line, make the trigger into an integrated block and add it to the motherboard, and then change the display, and that would be it.

Of course, such a small change is easy to say, but it is still very difficult to do.

And that's why it took so long to complete. However, now that all the preparations had been made, the next step was to start precisely into the marketing process.

Han Zhong raised his eyebrows and said excitedly, "Marketing wise actually we don't have to worry at all, this 3D technology on TV, although it has already started to appear, but that's particularly troublesome, not only does it require 3D glasses, it also requires special 3D TV compared to ours, there is absolutely no any competition, just wait and see, once our product starts to hit the market, it will definitely cause a sensation!"

"Still need to be steady, seek victory in stability, never be blind!" Ji Feng reminded.

Han Zhong made an 'OK' gesture and smiled, "I'll do my job, don't worry!"

"You kid" Ji Feng shook his head and laughed, he casually took two packs of cigarettes from his bag and threw them onto the table, "Take them and smoke them, keep them for yourself, don't let anyone run away with them!"

Han Zhong instantly lit up, "Special offer? Hey, hey, then I'll be polite."

He knew that Ji Feng was able to get good stuff, and besides, this was something to take home to the old man in a pack, which was just like an imperial sword.

It hadn't been long since he first met Ji Feng, but Han Zhong got two packs of the special offerings from him, and after he took them home, the old man was so happy, not to mention that it was a long time later, and the old man was still saying that the special offerings had helped him a lot, and had helped him negotiate at least two major deals.

Ji Feng smiled, "I don't have much in my hand now, so when I go to Yanjing next time, I'll smooth some back from the old man, you can keep these two packs and smoke them without worry."

Han Zhong then nodded, there was no need to say so much between brothers, he knew very well that Ji Feng was telling him by saying this that these two packs of cigarettes were reserved for him to smoke, as for his old man's place, Ji Feng would give them again.

"You guy, taking these two packs of special offerings and wanting me to help you sell my life for the rest of my life, huh? That won't do!" Han Zhong said, "At least two packs every month!"

"No problem!"

The two looked at each other and both laughed.

.....

Leaving the headquarters of the Tengfei Group, Ji Feng, together with Zhang Lei, went straight to the Jiangzhou Municipal Bureau.

"After giving Zheng Yuanshan three days, he should have thought of the most suitable excuse anyways, right?" Looking at the office building of the Municipal Bureau in front of him, Ji Feng couldn't help but say something in secret.

He didn't think Zheng Yuanshan would tell him everything, if he could, Zheng Yuanshan would have told himself over the phone just after the attack and killing incident.

"Lei Zi, let's go!"

The two of them walked into the office building with big steps and arrived at Zheng Yuanshan's office.

"Little Feng is here!" Seeing Ji Feng and Zhang Lei, Zheng Yuanshan came around from behind the back of his desk, "Hurry up and sit down!"

Afterwards, Zheng Yuanshan locked the office door again and personally made tea for the two of them, Zhang Lei hurriedly stood up and snatched the teapot from Zheng Yuanshan's hands to take over.

He was a nephew, so he couldn't let his uncle make tea for him so openly.

Zheng Yuanshan also let him go, just handed Ji Feng a cigarette before smiling, "Little Feng, these two days have been uncomfortable, right, there are grievances in your heart, right?"

Ji Feng shook his head and laughed: "There's nothing uncomfortable about it, I got busy and forgot about it."

"It's the summer vacation period, what have you been busy with?" Zheng Yuanshan couldn't help but be a little surprised and asked with a smile.

"I was attacked and killed for no reason, and you police don't give me the go-ahead, not even the minimum right to know, so I had to figure it out myself!" Ji Feng laughed: "You have to do a good job of self-protection first, otherwise, I don't know which day I'll be thrown into the gutter, and there's no one to make a decision!"

As soon as he heard this, Zheng Yuanshan could not help but smile bitterly, but in his heart he was secretly astonished, Ji Feng's words were even a demoralization.

Zheng Yuanshan knew very well that Ji Feng's words were all for his own ears.

First of all, Ji Feng said that he was hiding many things from him, and he didn't give the result, nor did he say why, this was undoubtedly complaining, one could even say that he was complaining!

In particular, Ji Feng laughed to himself that he might have been thrown into the gutter

How bad should the law and order be in this Jiangzhou, even the nephew of the secretary of the municipal party committee has to be blackmailed, this is undoubtedly a slap in Zheng Yuanshan's face!

What made Zheng Yuanshan's heart flinch even more was Ji Feng's later words.

Since the police would not give the go-ahead, he would think of his own way What could Ji Feng think of?

Obviously, Ji Feng wants to investigate on his own, and then use his own methods to retaliate and get a statement for himself!

If it really came to that, with Ji Feng's character, no one would dare to guarantee what he could do, but with all those things Ji Feng has done in the past, Zheng Yuanshan even guessed that this whole Jiangzhou would be turned over by Ji Feng I'm afraid!

"Little Feng, in this matter, it's true that your Uncle Zheng did something unethical!" Zheng Yuanshan nodded with a bitter smile and said, "However, you should also understand Uncle Zheng."

"Uncle Zheng, I'm not talking about you." Ji Feng said with a wry smile, "Besides, how am I supposed to understand you?"

Chapter 1202

"Uncle Zheng, I'm not talking about you." Ji Feng said with a wry smile, "Besides, how am I supposed to understand you?"

"Crazy person, how to talk!" Zhang Lei touched Ji Feng.

In response to Ji Feng's half-mocking, half-ridiculing question, Zhang Lei was afraid that his second uncle Zheng Yuanshan would look too bad, so he came out to make a roundabout statement. With his status, he could only say Ji Feng.

Zheng Yuanshan, however, waved his hand and smiled, saying, "Little Feng, I can understand your feelings. The reason I asked Zhang Lei to call you here is to brief you on the progress of the case and some of the results that came out of the investigation."

"There are results?" Ji Feng asked.

"Of course, the shooting case happened in broad daylight, the entire city bureau has attached great importance to it, and after our raid review in the past few days, we finally got some preliminary results." Zheng Yuanshan nodded and said, then he got up and took out a document from his desk drawer and handed it to Ji Feng.

"This is the result of the preliminary review, take a look." Zheng Yuanshan said.

Ji Feng waved his hand and said, "Uncle Zheng, I'm not from inside the police station, so reading this document is out of order, right? I just want to know three questions. First, what are the origins of the three groups of criminals who attacked me a few days ago. Secondly, why did they attack me. Third, did Chang Chongwei have anything to do with this matter?"

Zheng Yuanshan then couldn't help but smile bitterly, these three questions that Ji Feng asked seemed to be just normal enquiries about the case, but in reality, these three questions could be said to have pinpointed the problem.

The characters, the events, the causes, all of them were covered.

In particular, Ji Feng's last question made Zheng Yuanshan smile bitterly. It seemed that Ji Feng had already decided that the assault and killing incident was closely related to Chang Chongwei.

After a moment of deliberation, Zheng Yuanshan said, "Little Feng, you are right about one thing, those people who attacked and killed you that day did belong to different forces."

“Then please tell me Uncle Zheng, I would like to know what exactly did I offend these people that made them put up such a big battle against me and had to put me to death!” Ji Feng said.

“Actually, although there were quite a few people captured at that time, not much useful information was obtained from their mouths.” Zheng Yuanshan said, “As I told you on the phone before, the suspects that were caught in front of the amusement park, a few of them were local punks, and to put it more seriously, they were also just organized crime gangs that belonged to a small leader called Ah Peng.”

Ji Feng nodded, this was something Zheng Yuanshan had already said before, “Those two guys with guns outside the two, what were they?”

This was what Ji Feng was concerned about.

When he stopped Zheng Yuanshan before and said that these two people belonged to the special department, Ji Feng got on his mind, what kind of people from the special department would come against him? They eat up ah, they are so patriotic, and hardly ever do any serious bad behavior

“I have no right to talk to you about those two people.” Zheng Yuanshan shook his head, “You can understand, right?”

Ji Feng couldn’t help but frown slightly, “So bullish? Their superiors have stepped in?”

Zheng Yuanshan nodded his head in an inscrutable manner, as an answer to Ji Feng.

Ji Feng then understood, no wonder Zheng Yuanshan didn’t say anything, if it was really those special departments, don’t look at Zheng Yuanshan as the deputy director of Jiangzhou Municipal Bureau, then he really didn’t have the right to ask questions.

For example, when the Rong family was attacked in Southern Guangdong, the offender was seriously injured instead, and according to the rules, it should have been verified that it was not overly defensive.

After arriving at the police station, the white spider just flashed her papers and those police officers naturally stopped asking questions.

If there was anything, there would naturally be the Jiangzhou Military Region Special Operations Brigade to explain it to them.

The same is true now, if those two people are really from the special department, people put their documents towards Zheng Yuanshan here, and then say, today’s matter belongs to our official business, if there is any problem, XX department will give you an explanation

The only thing Zheng Yuanshan can do is to let people go!

Even if they are to be dealt with, it is also the person’s superior to deal with them, Zheng Yuanshan does not have the right to do so.

“Alright, we can let the matter of these two guys go for now, what about the remaining two groups of people?” Ji Feng first put those two guys in his mind, and then asked, “Those two remaining groups of people, they wouldn’t all be from the special department, right?”

“You kid never forget to tease your Uncle Zheng!” Zheng Yuanshan couldn’t help but give a bitter laugh.

Ji Feng heatedly laughed: “Uncle Zheng, this is not ridicule. Besides, I wouldn’t dare to ridicule you even if I were ridiculing anyone, would I!”

Zheng Yuanshan directly filtered out Ji Feng’s words, he knew that Ji Feng had anger in his heart, so he laughed, “Alright, alright, let’s get back to business. Little Feng, those two remaining groups of people, indeed neither belong to the same set of forces, according to the investigation, they each belong to a small gang in a foreign country, and another, to

“Belong to what?!” Ji Feng frowned and asked.

“Mercenaries!”

“Swish!”

Ji Feng’s eyes snapped up and he frowned, “Uncle Zheng, what did you say? Which group is the mercenary army?”

In fact, Ji Feng already had the answer in his heart.

“Which set” Zheng Yuanshan shook his head and said, “To say which set, I really don’t know because when we interrogate them, we classify them according to gangs. ”

“Then put it this way, the gang that I took out the most people, was it the mercenaries?” Ji Feng asked.

“Little Feng, actually this matter is quite complicated, no matter which gang it is, the people inside are from different origins, just the two groups you mentioned, each one has snipers inside, and also, both have professional fighters, it’s very hard to differentiate, and can only be categorized through interrogation.” Zheng Yuanshan said, “So, if we classify them according to what you said, the group with the most dead is the mercenaries, and the one with the most wounded is a small gang from outside the country.”

Speaking here, Zheng Yuanshan couldn’t help but shake his head and said, “To say that you kid is also really ruthless, I also personally went to see those corpses in the morgue, tell me yourself, how many of those were shot in the head!”

Ji Feng shook his head and laughed: “No way, at that time I was also killed red-eyed, mainly because of the successive attacks, the fight I was really annoyed, the fire in this heart was not suppressed, the result was to lay a heavy hand Uncle Zheng, even so, there is a large number of bastards have escaped! ”

“This I also received the news.” Zheng Yuanshan nodded and said, “By all rights, you should be allowed to make a statement, even though the nature of this case is very serious, and can even be said to be extremely bad, fortunately, the shootout occurred in the suburbs, so it did not cause any bad effects, and you were notified a few days late Later when we finish talking, the transcript you still have to do!”

Ji Feng nodded and said, “That’s as it should be!”

The most important thing that Ji Feng is concerned about now is how those mercenaries came to attack him, and that small gang from the field, just by the fact that those people cooperated well and were obviously well-trained elites, to say that it was a small gang with no climate is a bit unjustified.

Ji Feng then asked this doubt out, "Uncle Zheng, why did those people attack me?"

"Instructed by someone!"

Zheng Yuanshan pinpointed the problem, "Whether it was that small gang in the field or those mercenaries, they were all instructed by someone."

"Instructed by who?" Ji Feng immediately asked.

Zheng Yuanshan, however, shook his head and said, "That's unknown, those mercenaries are all from abroad, they were just following orders, after they came to the country, they were placed under a mysterious person, that person is known as Mr. More, they don't know either. As for that small gang, after we interrogated the news, we immediately contacted the local police and went to arrest their leaders precisely, but as a result, before our men could get there, we heard the news from the local police that those leaders had escaped."

"Escaped?!"

Ji Feng frowned tightly, this was a bit too much of a coincidence, right?

"Uncle Zheng, could it be that someone from the local police had leaked the news?" Ji Feng asked in a deep voice.

Zheng Yuanshan naturally understood what Ji Feng meant, he shook his head and said, "Even if there is such a possibility, it's actually irrelevant to the big picture. Because after we arrived in the area, we found the exit records of a few of the main people in charge of that help at the airport, and they left the country half a month ago"

"The arrangement was really well thought out!" Ji Feng smiled coldly.

When the attack was launched, the gang's leaders had already fled abroad, and it was obvious that the other party had made all the preparations to break the path of tracing.

"That means" Ji Feng's brow was furrowed as he mused, "Now, other than those two special departments, even if we know where they came from, we can't find out who's behind it?"

"We are looking into it, but it's very difficult!" Zheng Yuansan said.

Ji Feng nodded and asked again, "That one called sir, who is he? Is he one of the group of people who escaped from my gun in the first place?"

"I think so, according to those mercenaries' account, that gentleman was in the car when they launched the attack at that time!" Zheng Yuansan nodded, "Only, they, however, didn't know where that gentleman landed, which made it impossible for us to find out if we wanted to arrest him."

Bang!

Ji Feng directly put the teacup down on the table and coldly snorted, wanting to say something, but in the end, he didn't say anything at all.

Zheng Yuanshan also couldn't help but have some embarrassment on his face, the anger in Ji Feng's eyes, he naturally could see it.

"Your police investigated and investigated, and covered up so tightly, and investigated for days and came up with such a result?" This was what Ji Feng wanted to say, but Zheng Yuanshan was not one of his men after all, so he couldn't be so direct and not give Zheng Yuanshan any face at all.

"What's the name of that mercenary group? And what's the name of that local gang? Where is it?" Ji Feng was too lazy to continue listening as he asked directly.

Since the police couldn't find out, then he would find out himself!

Campus Master Chapter 1203-1204

Chapter 1203

"The mercenary army is called Cobra Mercenary Corps, the headquarters is located in Africa, but there is no specific location, you also know the nature of this mercenary, they are wherever they go, wherever is home."

Zheng Yuanshan said, "Moreover, even if there really is a headquarters, then only the few heads of the mercenary corps can know it, like the small minions below this, they simply do not have this qualification to access it, the location of the headquarters, that is the core secret of the mercenary corps."

"Well, I've also heard of it, understandable." Ji Feng nodded his head.

Those who were in the mercenary business were brave enough to do anything, especially in some areas that were often war-torn, that was where they made their fortune.

The location of the headquarters would not be disclosed easily, otherwise, it would be an absolute disaster, and there was no telling how many countries hated them!

Moreover, although these mercenaries sent to China were all very tough, it was obvious that they were cannon fodder, especially in the eyes of that gentleman, and their status was definitely not much higher.

It was naturally difficult for these small minions to get access to the core secrets of the mercenary corps.

The reason why Ji Feng knew this information was, on the one hand, because he had heard a lot and seen a lot. On the other hand, it was also because when he had chatted with Yi Xingchen in the past, he had also talked about this aspect out of curiosity.

Yi Xingchen himself could be the head of a mercenary group, he knew a lot, and a lot of news about mercenaries, Ji Feng had also heard from him.

"Cobra Mercenary Regiment" Ji Feng repeated, taking the name into his mind, and then he asked, "So, where is that small gang and what is its name?"

“That small gang has basically disappeared nowadays, since the attack and killing incident, the local police also took it extremely seriously and arrested a large number of them, however, the heads of those gangs have never returned to China, it seems that they are planning to go into exile abroad.” Zheng Yuanshan said.

“No matter which gang still exists or not, there must be an address, right?” Ji Feng asked.

“There is indeed an address, it’s in Dongyang City in Southern Guangdong.” Zheng Yuanshan said.

“Dongyang in Southern Guangdong?” Ji Feng raised his eyebrows and couldn’t help but smile, “So it’s from Southern Guangdong, that’s quite a coincidence.”

Zheng Yuanshan immediately said, “Little Feng, this can’t be a wild guess, if there is no evidence, some things are better not to say, everything needs evidence!”

As soon as he saw Ji Feng’s expression, Zheng Yuanshan knew what he had thought of.

In fact, when the interrogation revealed that those people were all members of a small gang in Dongyang, South Guangdong, Zheng Yuanshan also immediately realized something.

Only as a police officer, without evidence, he naturally wouldn’t jump to conclusions haphazardly, where the case was investigated, that’s where it would go, those who should be arrested, but those without evidence, he couldn’t arrest any of them!

“This I understand!” Ji Feng nodded his head, but there was a cold light flickering in his eyes.

Nan Yue ah that’s really a good place!

Next to him, Zhang Lei also suddenly reacted and frowned, “Crazy, Nan Yue is not a martial

“Zhang Lei!”

Zheng Yuanshan directly interrupted him and reprimanded, “Just have it in your heart, don’t say anything without evidence, especially after going out, your words may cause misunderstanding, understand?!”

Zhang Lei nodded helplessly, “Understood.”

“Alright, Little Feng, I’ve told you everything that needs to be said, the rest of the matter still needs to be carried out by the police through formal procedures.” Zheng Yuanshan stood up, “How about this, you and Zhang Lei go and take a statement first, I’ll arrange for someone to receive you

“Wait a minute!”

Ji Feng said with a smile, “Uncle Zheng, there’s still one question you haven’t answered, that Chang Chongwei, who exactly is he? That man called Peng, and those two people from the special department, what exactly is the relationship with him?”

As soon as he mentioned this, Zheng Yuanshan was slightly stunned, then he laughed and said, “You are talking about Chang Chongwei, we have investigated, this person is from Tongzhou City in Jiangnan Province, a businessman, and nothing else. If we want to say whether the attack and killing incident a few days ago had anything to do with him, we do not have any evidence in this regard yet. You can rest

assured that as long as there is evidence, no matter who is involved, we will deal with it strictly in accordance with the rules!”

“Really, then I’m relieved!” Ji Feng smiled.

“You can be completely at ease!” Zheng Yuanshan chuckled, “Other than that, is there anything else?”

“Well, you reminded me when you said that, there’s really something I need to trouble Uncle Zheng about.” Ji Feng smiled, “It’s like this, given that I’ve been in danger one after another recently, I’ve also started to worry about my girlfriend’s safety, and of course, the safety of her company, so

“You want the police to send someone for protection?” Zheng Yuanshan asked.

Ji Feng shook his head: “No, my girlfriend told me that she wants to form two more security teams, but considering that the potential opponents may all be armed, so she intends to equip these two newly formed security teams, both with weapons, of course, it is definitely necessary to file at the police station beforehand, and all guns will be registered in strict accordance with the regulations, I also ask Uncle Zheng to be able to help. ”

“..... form a security team?” Zheng Yuanshan was stunned, immediately, he seemed to think of something, his face could not help but change slightly, “Little Feng, your girlfriend’s two security teams, how many people and how many guns?”

“The two security teams together, about twenty people!” Ji Feng laughed: “One pistol per hand, a number of bullets, long guns maybe too, not sure yet.”

“.....” Zheng Yuanshan stared at Ji Feng for a long time, for a moment, he didn’t know what to say!

Forming two security teams?

I’m afraid only a ghost would believe this!

Many people knew what kind of relationship Ji Feng had with the Tengfei Group, and Zheng Yuanshan was one of the most well-informed ones. Therefore, what Ji Feng said about his girlfriend wanting to form a security team was just an excuse.

What’s more, how many elites does Ji Feng have around him?

Does he still need to form a security team?

Look at the lineup of the security team, long guns and pistols are all there

The one he wants to form is not a security team, it is simply a small war team!

Ji Feng is going to form a battle group!

This was the conclusion Zheng Yuanshan came to, and the purpose of his forming this battle team was definitely not just to protect his security and protect the company, as Ji Feng said.

One should know that the security guards of the Tengfei Group already had a few with guns and had all been filed with the city bureau.

If you add in other ordinary security personnel, it would be enough to guarantee the security of the Tengfei Group, unless an army came to attack!

But now Ji Feng wants to form two more battle groups, so his intentions are already self-evident.

Ji Feng was starting to form his own squad and was going to take a blatant shot at some people!

When others blocked and Ji Feng had no one available in his hands, he started to form his own battle team, and it came up to be a twenty man battle team, this battle team placed in Ji Feng's hands, is definitely a terrifying force, and later

"Little Feng, do you want to reconsider this?" Zheng Yuanshan asked with a bitter smile. He is the deputy director of the municipal bureau, has experienced and seen too much, has a lot of experience.

So as soon as Ji Feng finished speaking, Zheng Yuanshan knew that Ji Feng was playing a roundabout strategy.

However, he didn't even know how to dissuade Ji Feng, despite knowing full well that Ji Feng was obviously not really going to form a so-called security team, but a war team, but Ji Feng was using a sensible and grand excuse, just a mere security team, and that Ji Feng had indeed been attacked and killed by armed elements again a few days ago

This just gave him an extremely good reason!

It would be difficult to stop Ji Feng just through the officials alone, unless he was not given approval to allow the security team of the Tengfei Group to have guns!

But if it was just for an ordinary person, this might still work, but in the face of Ji Feng

"Uncle Zheng, if you're really embarrassed then forget it." Ji Feng laughed: "If it doesn't work, I'll suggest to my girlfriend that she take the security team to the military for the record, or it shouldn't be too difficult to put a name directly in the military district!"

Zheng Yuanshan then couldn't help but smile bitterly as he shook his head and sighed, "..... Little Feng, you're forcing your Uncle Zheng!"

"But I wouldn't dare!"

Ji Feng smiled: "Uncle Zheng, you can't misunderstand, it's indeed because I've encountered too many dangers recently, and I obviously feel that my own power is not enough to protect myself, besides, the size of the Tengfei Group is not small anymore, so I always need a few security guards who can hold down the scene, right? You see"

"Allow me to reconsider, can't I?" Zheng Yuanshan said.

He really had no choice, Ji Feng was clearly trying to force the issue. If you agree, I will file with you, if you don't agree, then I will go directly to the military district, titling or filing can be done, then, don't blame me for not giving face to the police.

As long as these two security teams are titled under the military zone, it will be difficult for the police to investigate!

The reason is that Ji Feng's excuses are so good that you can't even say anything even if you are picking bones from eggs.

So, with no choice, Zheng Yuanshan had to take a step back first.

He has to report this matter to the municipal party secretary Ji Zhenguo first, what should be done, or let a hand to get an idea, this Ji family's little TZ in front of him, usually respect him when called him an uncle Zheng, can give him this face, but if really Ji Feng to the fire, he may not give himself this face

It seems that the only way to stop Ji Feng is to have Ji Zhenguo or Ji Zhenhua step in, or at least, there is no one down here who can stop him!

Chapter 1204

In the end, Zheng Yuanshan could only say with a bitter smile, "I still need to look into it a bit more on my side, you should also not make a decision in a hurry first, think about it again, okay?"

Ji Feng didn't press too hard either, he nodded and said, "Thanks for your concern Uncle Zheng, I will think it over."

"That's good." Zheng Yuanshan was finally slightly relieved, no matter what, it was finally okay now, if Ji Feng forced him to give an answer now, then Zheng Yuanshan really didn't know whether he should refuse or agree.

According to some regulations in Jiangzhou City, as well as the relevant laws, like some large group companies, or organizations that have reached certain standards, are allowed to apply for gun security.

As it happens, the Tengfei Pharmaceutical Factory under the Tengfei Group is indirectly cooperating with the military, and as a result, the entire Tengfei Group is a bit different. Therefore, strictly speaking, the Tengfei Group is really qualified to apply for gun security, which does not violate the rules, as long as all guns and weapons are strictly registered and kept, and all relevant systems are strictly followed, then there is no problem.

In other words, if Ji Feng insisted, in principle Zheng Yuanshan really had no reason to refuse.

If Zheng Yuanshan had to stop it, it would undoubtedly completely offend Ji Feng, which was something Zheng Yuanshan did not want to see, even though he was one of Ji Zhenguo's people, it would not be a good thing if he offended the little TZ of the Ji family.

What is more crucial is that Zheng Yuanshan is also a ghost in his own mind.

The progress of the case that he introduced to Ji Feng was both true and false, and many times he was avoiding the seriousness of the case, especially when some people were involved, he was even carrying some cover-up.

Zheng Yuanshan did this, on the one hand, because Ji Zhenguo gave him a big greeting. And on the other hand, it was also because other parties had also put pressure on him.

In this way, Zheng Yuanshan was somewhat tougher in front of Ji Feng.

Not to mention the fact that Ji Feng had helped him a lot in the past, not to mention the fact that he had stood up to the robbers in the Jardine House robbery a year or so ago and restrained the robbers.

So in this respect, Zheng Yuanshan still owed Ji Feng a favour.

However, many things are often not as simple as people think, it's not that you have to pay back how much you owe me, nor is it that Zheng Yuanshan is a person of Ji Zhenguo's, so he doesn't have to care if other people are happy

This official matter, cover up, a lot of disturbance, is really complicated!

So although Zheng Yuanshan is also helpless to help certain people cover up, but, he is still somewhat ashamed in his heart, and, in the face of Ji Feng, Zheng Yuanshan will not be able to be tough.

Besides, no matter which way he looked at it, he didn't have that qualification to be tough.

Of course, Ji Feng also understood Zheng Yuanshan, although he didn't get all the answers he wanted, but at least he got some, so Ji Feng didn't blame Zheng Yuanshan, everyone had their own starting point and concerns in doing things.

"Uncle Zheng, then I'll come back to visit you in a few more days!" Ji Feng shook hands with Zheng Yuanshan and smiled.

Zheng Yuanshan nodded: "No problem, you are always welcome here, what I'm afraid of is that you won't come, hahaha"

"I'll definitely come often when I have time OK, Uncle Zheng arrange for us to take a statement!" Ji Feng smiled and nodded his head.

"Alright then."

Making a statement would be easy, just need to tell what happened at that time, in detail.

Of course, there had to be some techniques when speaking.

For example, at that time, Ji Feng had deliberately lured people to the suburbs, but when he made his statement, he said that it was because he was afraid and hoped that he could take the less crowded suburbs and drive fast to get rid of them, but he ended up being chased and eventually had to get out of the car and run for his life.

However, in the case of not escaping, had to fight back

The first thing you need to do is to get rid of the problem.

The two of them only need to exchange a look with each other to know what each other means, so their statements are similar.

.....

On the way back, the white spider took on the role of driver, with Zhang Lei and Ji Feng sitting in the back.

Zhang Lei saw that Ji Feng's face was not too good, and he rarely saw a smile all the time, so he naturally understood that Ji Feng was in a bad mood because of something, so he spoke up and said.

"Of course I can see that!"

Ji Feng nodded and smiled, "Lei Zi, don't worry, your second uncle has already provided us with a lot of information."

He raised an index finger and smiled faintly, "In fact, right now, there is only one thing that your second uncle is hiding. That is, what exactly is Chang Chongwei's identity, in other words, who is actually speaking for Chang Chongwei and begging for mercy!"

"..... Yes, you're right, when you think about it, my second uncle did say everything he could." Zhang Lei couldn't help but nod his head.

Ji Feng was really right, mercenaries, gangs, even snipers, and the one known as 'sir', but whatever Zheng Yuanshan could find out, he had said it all.

The only thing he didn't say was the detailed identity of Chang Chongwei.

As soon as Ji Feng mentioned this question, Zheng Yuanshan would vaguely pass over it or muddle through it with a harrumph, anyway, there was no detailed answer.

"Now there's only this Chang Chongwei left, without a single investigation result!" Ji Feng shook his head and smiled, "Think about it, the Jiangzhou police have even found out about gangs, they will not be able to find out a single thing about a person?"

"My second uncle is hiding it!" Zhang Lei said.

"Mm!" Ji Feng nodded his head.

"Since they are all intent on hiding it, how can we find out the identity of this Chang Chongwei?" Zhang Lei rubbed his nose, "Crazy, can you use your connections over there to find out?"

"Can't use it!" Ji Feng shook his head, "I don't know many people originally, moreover, some of the information found through official channels, that's not much use, and I already know it all What we need to check is the person hiding behind Chang Chongwei's curtain, I think that guy must be the one giving Chang Chongwei an escort person!"

"Dog days, just that rogue a look of pretentiousness, there is actually someone to escort him?" Zhang Lei couldn't recognize a snort, "Crazy, do you think it could be that this rogue has evidence of a certain guy in his hands, forcing the other party to protect him?"

"..... Maybe so!"

Ji Feng smiled indifferently, and after a moment of contemplation, he suddenly said, "Actually, there is another way we can easily investigate the detailed identity of Chang Chongwei."

"What method?" Zhang Lei instantly came to life and immediately asked.

Ji Feng shook his hand and smiled faintly, "Just wait and see, the mountain man has a good plan!"

“..... Shit!” Zhang Lei laughed and cursed, “You’ll sell it, then I’ll wait and see, but don’t let it come to pass that not only you didn’t find out about the others, but instead you’ll get a dusty face yourself.”

“Hmph do you think it’s possible?” Ji Feng laughed.

“It’s hard to say.” Zhang Lei laughed.

Ji Feng laughed, and did not continue to say, the mouth is no use, the key is to work well, and when it is done, naturally everything will be understood.

“Ding” Ji Feng’s mobile phone suddenly rang, he swept a glance and found that it was He Hongwei calling.

“It doesn’t seem to be an urgent matter!”

Ji Feng smiled faintly, He Hongwei called himself three days ago, but his phone ran out of battery, and then he never received his call, Ji Feng also did not call back because he was not in a good mood, and he suspected the relationship between He Hongwei and Chang Chongwei, the two ‘Wei brothers’, so he did not call back, unexpectedly, now He Hongwei called again.

This is two or three days after the call, obviously not will be any urgent matter.

After a moment of hesitation, Ji Feng still picked up the phone, “Hey, Grand Duke He, what can I help you with?”

“You kid, coming up and flirting with me?” He Hongwei’s voice came over and he said with a smile, “Older brother, you’ve been making a lot of money lately.”

“It’s not much, I’m just making a living!”

Ji Feng said indifferently, “Mr. He, tell me, what do you want from me.”

“So what, I’m here in Jiangzhou, do you want to come out and sit down?” He Hongwei asked with a smile, “Right, I also happen to have a friend on my side who wants to get to know you, I’ll introduce you to him when the time comes.”

“Oh?”

A thoughtful look immediately flashed across Ji Feng’s eyes as he smiled and asked, “What kind of friend?”

“Just a friend from Jiangnan who wants to come to Jiangzhou for development, this has to come to worship your dock!” He Hongwei said smilingly, when he said this, he seemed to have remembered something that Chang Chongwei had said, the corners of his mouth twitched a few times, finally forcing himself not to laugh out.

“Hehe”

Ji Feng instantly laughed: “A friend from Jiangnan? Mr. He, with your energy, where can’t you eat? I’ll just not see it!”

“Don’t, in Jiangzhou you’re the local snake!” He Hongwei said smilingly, “No way, I am also entrusted by others, old brother, just give me a face, is to come out and sit, get to know each other, and so on back also I also say some.”

Ji Feng asked indifferently, “Of course I can give you face, but you also have to let me know who to meet, right?”

“It’s a boss from Tongzhou in Jiangnan, a friend in the business world, and the elders in the family used to have that kind of friendship.” He Hongwei said, “I can’t push it off on my side, so I can only come to trouble you, old brother!”

“Jiangnan Tongzhou’s ah that would not just trouble me, it would kill me!” Ji Feng said meaningfully, in his eyes, the cold light became more intense.

“You kid will bullshit, to what life ah, is to help at the right time, that’s all.” He Hongwei, however, did not hear Ji Feng’s words, but laughed, “How about it, when do you think it’s appropriate?”

Chapter 1205

“You kid is just bullshitting, what do you want for your life, just a helping hand at the right time, that’s all.” He Hongwei, however, did not hear Ji Feng’s words, but laughed and said, “How about it, when do you think it’s appropriate?”

“I don’t have time these days, there are too many things to do, after I’m busy these days, it seems that I have to attend a salon of some kind, let’s wait until I’m done with this period.” Ji Feng said indifferently.

“A business salon? Is that the salon held at the Jiangzhou Linjiang Club?” He Hongwei asked somewhat strangely instead.

Ji Feng nodded with a smile, “Yes, I heard it was there What, you buddy are also going to attend?”

“That’s right, I’m also planning to go and join in the fun!” He Hongwei laughed, “Since that’s the case, that’s fine, let’s wait until the day of the business salon and we’ll see each other, I’ll introduce that friend to you then, there’s no rush for this one or two days anyway.”

“That’s true!” Ji Feng nodded and smiled, “With your status as the youngest He, as long as those people know that you have come to Jiangzhou, then they are definitely going to give you an invitation”

Not to mention that He Hongwei is not only the leading figure of the third generation of the He family, but also the boss of the Tianyao Group. These two identities, whichever one it was, would make the organizers of this business salon find ways to invite him, not to mention that He Hongwei was indeed a talent in business, and the Tian Yao Group was becoming more and more glorious in his hands, so he would naturally be an important person to be invited.

“Haha, you kid never had a proper conversation anyway.” He Hongwei shook his head and laughed, “Let’s leave it at that then, see you then.”

“I’ll see you then!” Ji Feng said with a smile.

After closing the line, Ji Feng thought for a moment and couldn’t help but shake his head with a smile, “A friend from Tongzhou in Jiangnan, a good friend, huh?”

Although Ji Feng wanted to go and meet that friend of He Hongwei's from Jiangnan Tongzhou right now, he would not do so. Obviously, this friend that He Hongwei was talking about should be the Chang Chongwei who had once had a conflict with Ji Feng. For this person, Ji Feng did not have half a good feeling.

Moreover, through the investigation in the past few days, Ji Feng had already discovered some problems with the Chang Group and, moreover, deduced a lot of problems, such as the fact that the rise of the Chang Group was bizarre and that behind Chang Chongwei, there must be a big shot standing behind him.

What's more, Ji Feng deduced that there was at least one set of people, who had nothing to do with this Chang Chongwei, in the attack and killing incident that happened to him a few days ago.

Therefore, Ji Feng had already made up his mind that as soon as he was sure of his suspicions, he would immediately strike against Chang Chongwei.

In this situation, Ji Feng naturally had to be prepared for everything first.

The company's main goal is to make sure that the company's customers are able to get back on their feet.

It can be said that this guy is a rogue. To deal with a rogue, one must have the means and vigour to deal with a rogue!

Therefore, Ji Feng would use these two days to collect some more information about the Chang Group, and it would be best to find some more evidence to hold the other party's handle in his hands first, so that whether it was in or out, the initiative was in his hands.

"He Hongwei's call?" Zhang Lei asked from the side.

Ji Feng nodded and said, "Yes, He Hongwei's phone call, listening to his tone, the words were quite relaxed!"

"What do you mean?" Zhang Lei couldn't help but be stunned, somewhat not understanding what Ji Feng meant.

"Oh, I just said that casually." Ji Feng shook his head.

In fact, in Ji Feng's heart, he was even more puzzled about the attack and killing incident a few days ago. Chang Chongwei was in all probability '9 involved in the assault and killing, this hardly needed to be doubted anymore, the only thing Ji Feng lacked now was strong evidence.

However, Ji Feng had not seen that Peng, and even more so, he had not seen those two special department people. And Zheng Yuanshan did not say the results of the interrogation of Ah Peng, in fact, Ji Feng did not intend to ask, pressed tightly, perhaps it will make his relationship with Zheng Yuanshan stiff, this is not good.

However, Ji Feng could not say how much He Hongwei was related to this matter.

The reason why he took this call from He Hongwei just now was to listen to He Hongwei's tone of voice to see if he had any fluctuations.

The result was that he didn't hear anything, He Hongwei was still the same as before, talking and laughing, without the slightest difference, which made Ji Feng a bit uncertain.

If we didn't know the relationship between He Hongwei and Chang Chongwei, then Ji Feng wouldn't even suspect in this regard, but all the signs show that the rise of the Chang Group definitely has the credit of He Hongwei in it, which is not very good to say.

"He Hongwei between you and Chang Chongwei, what exactly is the relationship?" Ji Feng frowned slightly and secretly said.

After a long time, he couldn't help but shake his head slightly and suddenly said, "Lei Zi, now there are still more than half a month before the start of the school year, have you thought about going on a trip somewhere?"

"..... I say crazy, how come your mind jumps so fast?" Zhang Lei looked at Ji Feng in amazement and couldn't help but suck in a breath of cold air, "Just now I was thinking about being attacked and killed, and now I'm turning to travel you're not being stimulated to have your brain broken, are you?"

"Your brain is broken I won't even be broken!" Ji Feng directly plucked away Zhang Lei's claws and said, "Lei Zi, you're bored anyway if you're idle, give you a task."

"What mission?" Zhang Lei asked.

"You immediately go to Jiangnan Tongzhou, find some well-informed people or not, find some triads or not, inquire as much as possible about the Chang Group, and how Chang Chongwei rose to power, what background he has, and so on and so forth But anything that has something to do with the Chang Group and Chang Chongwei, all of it Write down!" Ji Feng said: "Anyway, you kid a little dressed up, that is a standard little rascal, and the three religions and nine streams can be connected, and only you go the most suitable!"

"You're the one who's a hooligan, buddy is at least a kingpin!" Zhang Lei bristled, but soon he reacted again and asked in surprise, "You know Chang Chongwei's background?"

"It's because I don't know, that's why I asked you to ask around!" Ji Feng said, "After you get to Tongzhou, try to be more careful, Chang Chongwei is likely to have started with dishonorable means, so keep your eyes peeled when the time comes!"

"Really?" Only then did Zhang Lei realise that Ji Feng was serious.

"Nonsense!"

Ji Feng said, "You go back and discuss it with Shen Jingyi, it's best for you two to go together and take a trip along with you."

"Then when do we go?"

"The sooner the better, the better, the better to leave today!"

"Okay then"

.....

Inside a hotel in Jiangzhou, He Hongwei ended his call with Ji Feng in his room and couldn't help but shake his head and smile, this kid Ji Feng, didn't talk a lot, but his words were always so sharp.

However, He Hongwei always felt, Ji Feng today said some strange words ah, what do you mean will kill

When he first started listening, He Hongwei did not feel how, but, now that he turned to think about it, He Hongwei still felt a little strange.

Ji Feng seems to have words in his words ah!

He Hongwei shook his head and was just about to turn around when he suddenly heard a voice coming from the doorway, which immediately startled him.

"This kid's spectrum is quite big?!" Chang Chongwei skimmed his lips, "Hongwei, you said that Ji Feng is not the boss of Jiangzhou, but how can I look at him more than the boss, he doesn't even give you face ah, dragging very much!"

He Hongwei immediately frowned slightly, but quickly stretched out, with a smile on his face, he asked, "When did you come in?"

"Just now, I saw that your door was unlocked, so I came in." Chang Chongwei casually sat down on the sofa with a butt, lit a cigarette and said, "Hongwei, I'm a bit curious now, you say this Ji Feng, what kind of person is he in the end na?"

"He ah last time did not tell you, he can definitely be considered a number of people, specific who is, later you will know!" He Hongwei smiled and said.

Although Ji Feng's identity was not a secret, however, He Hongwei still had to keep something to himself.

He Hongwei knew very well that not anyone liked to be known exactly, moreover, not everyone liked to be bragged about, and Ji Feng was not a person who liked to pretend.

If he had told all the things about Ji Feng, Chang Chongwei's character, I'm afraid it wouldn't take much time to spread everywhere, and by then Ji Feng would probably be furious because of it.

But He Hongwei did not know that Ji Feng had already been on fire in his heart.

The first time I saw him, I was able to see him.

"Chong Wei, instead of meeting you don't mess around!" He Hongwei's face straightened, "When you get to know this person, you will also know that I am right."

"Fine, fine, for your sake, I won't give him a hard time when the time comes, okay?" Chang Chongwei laughed, "By the way, two more days is the business salon, right? A few of Jiangzhou's gentry will be there by then, right? I'll get to know the people in the circle too."

"..... should be there!" He Hongwei rubbed his forehead and said.

In his heart, he was a bit helpless, it seemed that he had really taken on a very hot potato

He Hongwei could even now imagine how Ji Feng would laugh at him once he introduced Chang Chongwei to Ji Feng, there was really no place to put this face!

“Hong Wei, don’t always hold back in the hotel, look at Hong Qiang, he knows how to play, he slipped out a long time ago, let’s go out and have some fun too!” Chang Chongwei laughed, “This little girl from Jiangzhou is just watery, not bad!”

“.....” He Hongwei felt that his smile was certainly no better than crying.

Chapter 1206

He Hongwei has always felt that although Chang Chongwei may have come from a reckless background, making his body carry a very strong reckless atmosphere, appearing to be somewhat out of step with some people who are used to the rhythm of life in big cities, but no matter how he came from, that how to say is also a person who has been in society for so many years, there should not be anything in itself.

At least, he should be able to handle a lot of things in a way that he can be praised, even if he speaks with a bit of bravado and a strong recklessness.

A reckless lord!

This is not a derogatory term, if you look at the history of China, which one of those who can be called reckless lord is not a famous person?

There are definitely not a few who have gone down in history and even established great achievements.

However, He Hongwei found that he was wrong.

This person, Chang Chongwei, was indeed a guy with a strong reckless aura, but he was extremely different from the people he imagined to be from a reckless background.

This was a completely spoiled rogue!

Of course, that might still be a bit inaccurate, strictly speaking, this guy was a rogue first and foremost.

He also heard others mention that Chang Chongwei’s family was not too well off when he was a child, and his contacts were all hooligans, so his hooliganism was very strong, which did not matter.

However, He Hongwei found that Chang Chongwei was now a big hooligan!

The aura on Chang Chongwei’s body was very sinister, which had a few similarities to some of the characters on the Dao that He Hongwei had met. And He Hongwei was even more well-behaved and violent than those characters in the Dao!

Generally speaking, those people who are in the Dao, although each one of them has blood on their hands, they all know very well that everyone has to grow old at some point, and that, even if a Daoist is powerful, he should never be so blatant, but should keep a low profile and be modest, only then can he survive in peace.

Otherwise, once the state machinery is activated, whatever this gang or that faction, no matter what the Taoists are, they will all be torn to pieces!

Therefore, if you look around in society, you will see that those who are really powerful and have reached a certain level of influence are often very modest. And the more petty thugs, hooligans, or people of the mob type, the more arrogant they are, almost not even knowing what their surname is!

The more arrogant a person is, the more arrogant he or she is.

In any case, Chang Chongwei is definitely a big rogue now.

However, his body is completely devoid of that big rogue's low profile and modesty, instead, he is very flamboyant, and even some dude!

That's why He Hongwei commented that he was a spoiled rogue!

He Hongwei could not help but shake his head slightly, this Chang Chongwei, who had lived in a rather narrow environment since childhood, suddenly received help from a nobleman, and all of a sudden, his mentality began to change, swelling rapidly, and the whole person also changed from the original kind of repression and caution, to an arrogant arrogance that was unstoppable and untouchable at once!

He Hongwei had heard about it, but since he hadn't seen it with his own eyes, he wouldn't believe it.

But from what Chang Chongwei had done since he arrived in Jiangzhou, he could not help but frown.

Listen to some of the things he said, to meet the secretary and mayor of Jiangzhou's son in law, put himself directly into this circle as well

After coming to Jiangzhou, he started to present himself as a grandson, and also put himself in a high position, of course, this is just as well, probably for the sake of face or some other mentality, this is all understandable.

However, after this guy came to Jiangzhou, he often clashed with people, and there were three or four times that He Hongwei knew of alone.

He Hongwei couldn't help but shake his head slightly, if others had such a status, they would not be able to feel more than blushing, how could they possibly go around and proclaim it?

What's more, this guy didn't even have the slightest intention of restraining himself.

When he thought of introducing this guy to Ji Feng and a few other gentry in a day or two, He Hongwei couldn't help but have a bit of a headache. He was now certain that he had really taken over a hot potato, and those guys might not be able to laugh at him in the future!

When He Hongwei thought of Ji Feng again, he couldn't help but shake his head and smile bitterly.

It was reasonable to say that Ji Feng also came from grassroots, and he had also heard that Ji Feng's living environment as a child was definitely not much better than Chang Chongwei's, and even worse.

But look at Ji Feng's performance, even without Ji Shaodong and Ji Shaolei, Ji Feng alone could have lifted the entire third generation of the Ji family!

The same grassroots background, one became arrogant and unbeatable after knowing his background. The other one, on the other hand, has a clanking pride, standing up to the sky and standing on the ground, even if it falls on the ground, it is still a river and a mountain!

..... how can the gap be so big!

The company's main business is to provide a wide range of products and services to the market.

The actual fact is that you will be able to get a lot more than just a few of these.

.....

"Boss, I've sent you another email, also encrypted, with the same password as last time"

"I saw it."

Ji Feng sat in his study and looked at the email on his computer, "I've opened the email, what did you send this time?"

"This is Chang's Group's internal transaction records, some of them look suspicious to me, these transaction records, they don't match up with the previous accounts, so I suspect" Wang Xin hesitated for a moment before saying, "I suspect that Chang's Group has very serious tax evasion, of course, this is only my personal speculation, how specific, but also more professional people to review to know!"

Ji Feng then smiled: "Well, Wang Xin, hard work for you!"

"Where's the hard work in that, it's just that, right now, we can't find the most direct evidence of Chang's Group, and we haven't done what the boss explained!" Wang Xin was embarrassed.

Ji Feng shook his head and laughed: "Don't worry, you've done a good job."

If you want to control Chang's Group and Chang Chongwei, just having the circumstantial evidence at hand now is enough, why do you need such conclusive evidence?

All that was needed was a reason to prove that there was indeed a huge problem with the Chang Group, and that would be all that was needed to enter the investigation process.

As for more concrete evidence, that is something to be found in the investigation.

So now, all that was needed was to prove that the current internal transaction records of the Chang's Group did not match up with their accounts, and that would be enough to prove that there was indeed a problem with the Chang's Group, and then the investigation process could be entered.

What Ji Feng is waiting for now is for Tian Nan to find out the problem with the Chang's Group's accounts, and when combined with the current transaction records, Ji Feng can be said to be in absolute control of the initiative.

To check or not to check, how to check, all these initiatives are in Ji Feng's hands.

After ending the call with Wang Xin, Ji Feng sent the email directly to Han Zhong again, and let him arrange for the reconciliation of the transaction records and accounts, these professional things are better left to the professionals, as for the rest, Ji Feng will naturally have the arrangements.

"Ding"

Ji Feng was deliberating when his mobile phone suddenly rang, he casually picked up the phone, "Hello"

"Crazy, Jingyi and I just got off the plane and have arrived in Tongzhou." Zhang Lei's voice came through, "I'll find a hotel and settle down first, then go and ask around for information."

"Know where to ask around, right?" Ji Feng asked.

"Crazy, you kid don't underestimate me, I tell you, when my buddy was in junior high school, he had contact with all those people of the three religions and nine streams in Mang Shi County, asking for information, there is really no one like me!" Zhang Lei hey laugh, "Okay, let's do this first, I have to go first to adapt to the accent and environment here, can't come up and give people the appearance of asking for information, that will be chopped directly into seventy to eighty pieces!"

"Oh" Ji Feng laughed at once.

Yet he also put his heart down, sending Zhang Lei to pry for information was indeed the most appropriate. This kid had indeed been hanging out with those people since he was a kid, and if it wasn't for Tong Kai De's strict tutelage, Zhang Lei could really have developed into a big punk and a big hooligan.

Putting down the phone, Ji Feng couldn't help but shake his head slightly, his own start was still a bit late.

If it wasn't for the attack and killing incident, Ji Feng wouldn't have thought of forming his own battle team. Originally, he thought that with Yi Xingchen and others, plus White Spider and Little Shadow and their female guards, there would be enough people around to use.

But the attack and killing incident a few days ago had made him realise that the force around him was still not enough, and that he had to have a force that could deal with any unexpected incident in order to fully guarantee the safety of everyone around him. At the same time, it could also make any opponent only look away and not dare to be so reckless.

"However, it's not too late, as long as we increase our efforts to train those team members, they will soon grow up, and by then, it will be a resounding battle team!" Thinking of the excitement, Ji Feng couldn't help but wave his fist.

He couldn't help but sneer, "The battle team can be developed gradually, but right now, first, we have to meet this Chang Chongwei for a while!"

Ji Feng's eyes were cold, this Chang Chongwei, was really disgusting, at the first word, he sent his men to attack, and even moved his gun!

What's the difference between this kind of behavior and those hooligans?

He was even more ruthless than those on the road!

"At the salon party, I'm going to meet you again and see how ruthless you can be!" Ji Feng snorted coldly!

Chapter 1207

The time came in late August, and a business salon would be held tomorrow at the Linjiang Club in the western suburbs of Jiangzhou. Some prominent figures in Jiangzhou, as well as some important and significant figures in the business world, had basically received invitations.

According to Ji Feng's understanding, those responsible for raising funds to hold this salon party are several heavyweights from the Jiangzhou Chamber of Commerce, and of course, there are also several new generation of business upstarts, some of these people, who have been up and down for decades in Jiangzhou's shopping malls, have gone through trials and tribulations, and finally relied on their superior ability and wisdom to recognize people, creating a brilliant, and also holding up the business development of Jiangzhou and the whole country. The development of the whole country.

The rising stars, on the other hand, have created their own glory in this prosperous metropolis with their keen insight and their boldness and courage to fight!

These are people who, in their own business kingdoms, are a source of pride.

Therefore, when these people gathered together, it was definitely considered a grand event in the shopping malls of Jiangzhou, attracting the attention of many people.

And soon Ji Feng learned that in the Tengfei Group, apart from Han Zhong, Xiao Yuxuan, who was the boss, as well as Liang Chunhui, the general manager of Tengfei As Long As Cai, and Xu Yuan, the general manager of Xiao's Pharmaceutical Factory, had all been invited.

When he was informed of this news, he soon laughed bitterly.

As soon as Kang Yuan Slimming Powder was launched, it became a sensation throughout the country, and even abroad, they had heard of this Kang Yuan Slimming Powder with its miraculous effects, which could be considered a big name.

Although Kang source slimming powder so big fame, and Xiao's pharmaceutical factory at the beginning of the kind of marketing strategy has a great relationship, but, there is absolutely no denying that Kang source slimming powder is really effective, and is extremely magical effect, otherwise, how to hype, but also absolutely not fire to this extent.

As the saying goes, real gold is not afraid of fire.

Xu Yuan and Xiao's Pharmaceutical Factory are definitely up-and-coming, even better and more outstanding than many other industry up-and-comers!

After the acquisition of Xiao's pharmaceutical factory, Tengfei Group was immediately evaluated by many media and industry insiders as the most promising group of companies. As the general manager of the Tengfei Group, Han Zhong was also invited.

Xiao Yuxuan, as the boss of the Tengfei Group, had to be invited.

So this round, the whole Tengfei Group had three people invited, and moreover, they could also bring their family members. Of course, according to the rules of not becoming, usually in this case, people who attended the salon either brought their friends or their assistants.

What gave Ji Feng a headache was that he himself was going to this business salon, and Xiao Yuxuan and Xu Yuan would likewise be there, which gave him a bit of a headache.

When the time comes, if the two women face each other and there is a little something in between that can be really hilarious.

Ji Feng couldn't help but scratch his head and let out a light sigh.

He came to the door of the living room and looked at the crashing rain outside and couldn't help but shake his head with a bitter smile.

It seemed that this God knew about his distress and was feeling helpless on his behalf, so he could only show comfort by raining a bit to make the weather cooler.

"Forget it, if it really doesn't work, just pick the words out directly when the time comes!" Ji Feng shook his head helplessly and secretly said, "It's going to be said sooner or later anyway"

The rain outside is still pouring down, from this period, every rain, the weather will be cooler, just now, there are still gusts of cool wind blowing, but Ji Feng but also just wearing beach trousers, flip-flops, the upper body is only wearing a vest, the fine muscle a piece of bulge, contains explosive power.

Because he was standing too far out, the rain hit his body, making his short hair a little wet, but it made him even more spirited, his whole person full of masculinity, and a handsome and unrestrained feeling.

Bai Spider looked at him in the living room for a few moments before her face became a little unnatural, and in turn took a deep breath and asked, "Young Ji, how are we going to eat for lunch?"

"Whatever." Ji Feng said, "I don't have many requirements for the meal, simple is good."

"I know, then I'll simply fry two dishes." Bai Spider nodded.

Ji Feng, however, slightly turned his head sideways and gave her a glance, after a moment, he smiled and nodded, saying, "That's it then, hard work."

"What's so hard about it, it's all, it's all what I should do!" White Spider spoke more or less unnaturally, although she tried her best to pretend as if nothing was wrong, she still showed some of it more or less.

Ji Feng looked at her strangely, and Bai Spider had already turned around and went to the kitchen to prepare the meal, so Ji Feng just shook his head and smiled, without saying anything else.

Now that Ji Feng saw Bai Spider cooking in the kitchen, Ji Feng was no longer so surprised.

In fact, these days, Xiao Yuxuan and Xiaoying would eat at the company at noon, and it was just Bai Spider cooking at home. Of course, it wasn't that Ji Feng naturally never entered the kitchen, but he was worried that his cooking, I'm afraid, was no better than the nutritious meals in the army, so he was too embarrassed to offer it up.

This is a good thing!

Ji Feng smiled slightly, now that Bai Spider had adapted to this kind of life, she would no longer be so constrained and feel out of place in this family.

Now, White Spider already considered her as a member of this family.

Just

Ji Feng turned his head to look at her again, secretly wondering why Bai Spider looked a little unnatural just now.

He looked down at his own body all over, and didn't find anything special ah.

The beach trousers were up to his knees and very loose, and he was wearing a tank top on top, so such a dress should not be considered revealing, right?

However, Ji Feng naturally did not know that there was nothing wrong with his dress, but there was something wrong with his figure.

In a word, the way Ji Feng was dressed made his body full of masculinity, if you didn't look at his face, you couldn't tell that this was still a university student, but rather like a man who had experienced the vicissitudes of life.

In fact his face was equally rigid and powerful looking.

Such a man is actually still very attractive to women, and it is from here that the unnaturalness of the white spider comes.

The first time she saw Ji Feng's brawny body, her mind subconsciously recalled the soul-crushing moans she had heard coming from upstairs, and she would be surprised if she could be comfortable.

For girls between the ages of 17 or 18 and 20, what they like is the kind of boy who acts out and has a strange personality, which is called personality.

When they are a little older, they start to like 'handsome' men who are so handsome that some film stars have to hide their faces, and at the age of the white spider, men who have experienced the vicissitudes of the world have an even greater impact on them.

The modern society has some girls who like men who are 36 or 37 years old, successful and attractive.

Men who have gone through the vicissitudes of the world exude a mature masculine charm that makes women's hearts flutter the most.

Although Ji Feng has not yet reached that point in age, he has experienced quite a lot, so naturally the white spider was embarrassed to look at him more!

After eating, it was still raining outside, so Bai Spider went to her bedroom after saying hello to Ji Feng.

She had to stick to practicing aerobics.

The task that Ji Feng had given her to lead a small team made Bai Spider feel some pressure.

Especially after understanding Ji Feng's true intentions, Bai Spider worked even harder. It went without saying that Ji Feng's requirements for this squad were definitely very strict, and Bai Spider didn't want the whole squad's fighting ability to drop because of herself.

..... This is simply priceless!

Such a good opportunity, the white spider would naturally grasp it tightly!

The only person left in the villa was Ji Feng, who had nothing to do. Under boredom, he did not go to practice body-building exercises like Bai Spider, because at his level, hard work in a short period of time no longer plays much of a role, step by step, to solidify the foundation, which is the most important.

Therefore, Ji Feng simply put the recliner under the terrace outside the door, and casually picked up a magazine, reading it while watching the rain that kept falling in the courtyard, which was something else.

“It’s rare!”

Ji Feng slightly rocked his deckchair, a leisurely time like this was a long time coming for him.

He couldn’t help but think that perhaps when he was old, just lying on a rocking chair, together with Xiao Yuxuan and Lei Lei, watching the sunset, chatting a few words, and then remembering the storms of the year, is really a beautiful beauty, is a kind of enjoyment

.....

In the blink of an eye, another day had passed.

The time has come to the afternoon of the next day, only a few hours before the evening business salon event.

Ji Feng and Xiao Yuxuan and others were having an early dinner. To attend this kind of salon event, they usually go to talk and communicate with people, and it is more or less bad to sit there and eat and drink, so usually people who go to attend will eat something in advance to pad their stomach.

At this time, Ji Feng received a phone call from Zhang Lei.

“Crazy, I’ve heard an important piece of news, but I don’t know if it’s true.” Zhang Lei said, “It’s about Chang Chongwei’s life”

Chapter 1208

Ji Feng’s original action of chucking vegetables stopped at once, he put down his chopsticks and got up and went outside the living room door, at this time it was still drizzling outside, Ji Feng stood outside the door and did not go to the courtyard.

“Lei Zi, say in detail, what is going on? What’s the news?” Ji Feng asked.

“I heard that Chang Chongwei is the illegitimate son of some big shot!” Zhang Lei said in a low voice: “This son of a bitch has a very bad reputation in Tongzhou, as long as we talk about him, people below are all cursing, saying something about doing wrong and so on, I also heard that Chang’s group designs the real estate industry, but once because of forced demolition, smashed several people to death, and finally lost some money and it was over... ..”

“It’s really formidable!”

Ji Feng said indifferently, the expression on his face could not be seen whether he was happy or angry, however, there was a cold light flashing in his eyes.

After a moment's pause, Ji Feng said, "Lei Zi, you should write down all these information first, be careful and investigate clearly. Let's start with the life of that Chang Chongwei you heard about, whose illegitimate son is he anyway?"

"I don't know this yet, time is too short, I can't get in touch with people at a higher level in Tongzhou for the time being, so I just heard people say that he is the illegitimate son of a big shot, but who exactly that big shot is, I'm not too sure yet." Zhang Lei said, "I'll go out for a stroll later and get in touch with those little rascals"

"Lei Zi, since even the general public doesn't know who that big shot is, what's the use of you getting in touch with the little rascals?" Ji Feng asked with a frown.

"Of course it's useful. You may not know yet, I heard that this Chang Chongwei used to be a rogue bully when he was in Tongzhou, and there were many punks who originally called him brother and brother, but he later looked down on them, and those people either had to hang around with him and become his thugs, or, they had to live an honest life. I've also heard that quite a few people who had problems with Chang Chongwei in the past were eventually forced to go far away from home, and there were even people who were crippled by him"

Zhang Lei said, "These people must know a bit more, and from them, they will definitely be able to get some useful information!"

"In that case"

Ji Feng pondered for a moment before he shook his head and said, "Lei Zi, forget it, you should not investigate any further, it's a bit dangerous."

If we go by Zhang Lei's statement, then almost the entire Tongzhou is Chang Chongwei's sphere of influence. What about those people who used to fight against Chang Chongwei, it was inevitable that they would not be under the attention of Chang Chongwei or his men, if Zhang Lei rashly contacted them, he would definitely get into trouble in time.

In this world, there are not many other people, but there are certainly a lot of villains who rely on falling on the well to help the tiger to curry favour with others.

I'm afraid that often times, Chang Chongwei forgot about those who were against him, but some of his men would go and clean up after people from time to time in order to kiss their asses, and then run to Chang Chongwei to ask for credit and reward.

Under such circumstances if Zhang Lei rashly went to those people, he might be held up or even mobbed when the time came.

If it was just him then it didn't matter, with his skills he would be able to run away anyhow.

But, after all, Shen Jingyi was still following.

"They're still against the sky?!" Zhang Lei snickered and said, "Don't worry crazy, those people are just clowns, even if they are wild, Jing Yi and I know kung fu, they can't make any waves!"

“You’d better” Ji Feng wanted to say something else, but he was interrupted by Zhang Lei.

“Come on, when did you become such a mother-in-law.” Zhang Lei said, “I’m going to find those people, if I’m in time, maybe I can still make it to the business salon tonight” That’s it for now, maybe I’ll see you tonight!”

“Hey, hey” Ji Feng shook his head helplessly, this guy has always had this temper, but hopefully he has his heart in the right place and won’t take Shen Jingyi with him to one of those trivial places.

After hanging up the phone, Ji Feng returned to the restaurant.

“Was it Zhang Lei who called just now?” Xiao Yuxuan asked.

“Yes”

Ji Feng was stunned, this restaurant was a full one to twenty meters from the door, and the sound of his own voice speaking was not very loud, how did she hear it.

But on second thought, Ji Feng was relieved.

With the gradual improvement of Xiao Yuxuan’s aerobics practice, her hearing was also much more sensitive than normal people, so it was not surprising that she could hear.

However, the white spider was stunned, and she glanced at Xiao Yuxuan in amazement.

Ji Feng smiled and said, “Bai Spider, you don’t need to envy Yu Xuan, as long as you keep practicing aerobics, you will definitely be able to reach her level too, and it won’t take long.”

Bai Spider nodded slightly, pursed her lips and smiled, but did not say anything.

Although her relationship with Xiao Yuxuan had eased up quite a bit, frankly speaking, she still hadn’t learned to let go of everything openly in front of Xiao Yuxuan until now.

Of course, she was already trying to change.

“Yes, White Spider, Ji Feng didn’t hide anything when he taught you, you have to work hard too!” Xiao Yuxuan said, “From now on, Ji Feng’s safety can be entrusted to you.”

“..... Thanks a lot for trusting me!” White Spider hesitated for a moment, but still nodded her head and said.

“Alright, let’s eat!” Ji Feng smiled.

The relationship between the two women was now greatly easing, which was indeed a good sign, and he didn’t have to worry so much.

Since it was simply not time to eat, the few people simply ate some and then stopped. Ji Feng did eat quite a lot, no matter what kind of environment he was in, as long as he needed to, his meal size would not decrease, he had been trained to do so back in the training space.

Afterwards, Xiao Yuxuan started to go to the bedroom to choose clothes, while Ji Feng stood on the balcony looking at the drizzling rain outside.

After watching for a while, Ji Feng took out his mobile phone and dialed Han Zhong's number.

"Han Zhong, have the results come out yet?" Ji Feng asked.

"It's out, I was about to call you, but I didn't expect you to call first Is it so urgent?" Han Zhong asked.

"I guess I can use it this evening, always have to be somewhat prepared to do it!" Ji Feng said.

"This evening?" Han Zhong was stunned.

Ji Feng smiled and said, "Well, we might meet some nasty people tonight, and we always need to hold something powerful in our hands, so that this slap can be loud and painful to hit people!"

"..... Chang's Group?" Han Zhong immediately realized something, "The business salon this evening, people from the Chang Group will also attend?"

Those information and accounts that Ji Feng had given him were all from the Chang Group, so Han Zhong immediately realized that it was the Chang Group that Ji Feng was going to deal with. Besides, Ji Feng had also said that he would be able to meet the other party in the evening, so that meant that the people from the Chang Group should be there to attend the business salon this evening.

"I think they will!" Ji Feng said, "I'm not too sure, but after all, it's better to be prepared."

"That's true!"

Han Zhong couldn't help but heave a smile, "Ji Feng, what you gave is indeed powerful, this slap on the face would definitely make his eyes pop and his skin split open!"

The information and accounts of the Chang's Group were all given to Tian Nan for review through Han Zhong's hands, and it was Han Zhong who was the first to see the final results of that.

He naturally understood what the information represented.

Some of the problems in that information were enough to shake a large group, or even shake the foundation of a group directly!

Even if the Chang Group was as powerful as it was, it would be hard for them to hide when Ji Feng got hold of so much evidence.

Han Zhong couldn't help but feel sad for this Chang's Group, these people didn't know how to be so clueless, they had obviously offended Ji Feng so badly that the downfall of the Chang's Group and certain people could basically be predicted.

"Han Zhong, what's the problem found?" Just as Han Zhong was muttering darkly, Ji Feng's voice came over.

"Oh, the problem is very serious, the transaction records and the accounts do not match at all, it can be proved that the Chang Group is committing serious tax evasion, the circumstances are very serious, if reported, the relevant authorities can completely investigate their finances and business thoroughly, they can definitely still find out a lot of problems!" Han Zhong said, "Let's do it this way, it's not too convenient to talk about it over the phone, I'll send it to you directly to the email."

“Alright then, I’ll go turn on the computer right now.” Ji Feng said.

Who knows, as soon as Ji Feng closed the line, his mobile phone rang again, but it was the second brother, Ji Shaolei, calling.

“Look at how busy I am with this business, ten to twenty seven or eight calls a day ……” Ji Feng shook his head and picked up the phone again, “Second brother, what’s up?”

“Third child, there is a business salon at Linjiang Club this evening, you heard about it, right?” Ji Shaolei asked.

“Well, there’s this, I’m planning to go over there.” Ji Feng nodded his head.

“Good then, let’s talk about it when we meet, I will also go.” Ji Shaolei said, “I wasn’t planning to go over, that boy He Hongwei called me, saying something about introducing a friend ……”

“Huh ……” Ji Feng was instantly happy, “He Hongwei wants to introduce a friend to you too?”

“What’s the problem?” Ji Shaolei heard Ji Feng’s tone was a little off and couldn’t help but ask, “Hearing your tone is a little off!”

“Is there still a problem? The problem is big ……”

Ji Feng shook his head and smiled, saying, “Forget it, one or two sentences can’t tell you clearly, let’s talk about it when we meet!”

“How mysterious, then okay, I’ll wait for you at the car park of Linjiang Club, give me a call when you arrive!” Ji Shaolei didn’t ask much and said directly.

After closing the line, Ji Feng couldn’t help but shake his head and smile: “This thing, it’s really getting lively, He Hongwei this is wanting to play big ah, actually also want to introduce Chang Chongwei to the second brother …… that time but to see, that guy can actually jump to what extent!”

Chapter 1209

In the evening in Jiangzhou, it was the peak time to get off work, the traffic became extremely congested, a BMW X6 was blocked on the overpass for a whole hour, moving forward less than ten meters.

The car was occupied by Ji Feng and Xiao Yuxuan, as well as Xiao Ying and the White Spider. Only, Xiao Yuxuan and Ji Feng were sitting in the back seat, while Little Shadow and White Spider were sitting in the front. White Spider was still acting as the driver, she sat in the driver’s seat, looking at the traffic jam in front of her that was more crowded than ants, but her face was not the least bit anxious, she just quietly waited.

“Ji Feng, this Linjiang Club ……” Xiao Yuxuan said hesitantly.

Ji Feng nodded with a smile and said, “That’s right, it’s that Linjiang Clubhouse of Li Weidong, don’t worry, that’s all in the past, now even if you give him ten guts, he definitely wouldn’t dare to hit you!”

Xiao Yuxuan shook her head, rubbed her forehead helplessly and said, "It's hard to say what's going on in this business. It turns out that they all still have some beefs, and now they actually have to sit and drink together."

"Oh, actually a lot of things are like that." Ji Feng nodded and laughed, "What's more, that kid Li Weidong is not a thing, but that also depends on with whom. In the past, he thought you were a good bully, but that's not the case anymore. Not to mention Li Weidong, no one else, or I'll break his legs!"

"Yes, you're great!"

Xiao Yuxuan pursed her lips and smiled lightly, "This salon starts at nine o'clock, right? It's already past eight o'clock and we're still stuck here, so it looks like we won't be able to reach the Linjiang Club before twelve o'clock today."

Looking at the car in front of him, Ji Feng could only shake his head and laugh bitterly.

The traffic jam on this overpass was too great. In other places where there was a traffic jam, the traffic would still move forward from time to time, but here it was completely blocked, and it was not moving at all. Now even if you want to find a junction to turn around, it is impossible, you can only wait patiently.

"Take your time and wait, it's not a big deal if you really can't get there." Ji Feng smiled.

This kind of business salon, go is long knowledge, more communication with other peers, but if not, there is not much loss, especially for the Tengfei Group, now rely on outsiders almost no place, if we talk about intelligence, Tengfei Group also does not lack, especially the Tengfei Group are developing products independently, rarely need to cooperate with other companies.

On the contrary, all the other companies have to come up with ways to have a good relationship with the Tengfei Group.

Xiao Yuxuan nodded, this is the only way to go now, after all, the traffic jam is here, can't move forward, can't move back, unless there is a helicopter to pick up the people directly, otherwise, it can only wait here.

The first thing you can do is to get a good idea of what you're doing.

The time just passed by, the sky gradually darkened completely, only the bright street lights on the overpass, and the lights of the distant skyscrapers, making Jiangzhou, a prosperous big city, become more charming.

Especially when standing on the overpass and looking into the distance, that distant road, a car with its lights on driving by quickly, or blocking the road, that contrast of one movement and one stillness, is really beautiful.

"This one movement and one stillness, it's like representing the two poles of this city, the fast paced life, so we don't even have time to take a few deep breaths properly, yet there are still some people who find it hard to move" Xiao Yuxuan couldn't help but let out a soft sigh.

Ji Feng laughed: "What's with all the emotion?"

“Can’t be considered sentimental, just think, a person can’t always be in a fast-paced life, always have to stop and think slowly!” Xiao Yuxuan said.

Ji Feng then could not help but frown slightly: “Yu Xuan, why do I feel that your mood is not too high? Sentimental?”

“You ah” Xiao Yuxuan leaned her head on Ji Feng’s shoulder and said softly, “I am thinking that you are really too tired from working so hard all the time. In fact, I know that you don’t like this kind of life, but you are forced to fight, I just hope that when you are fighting, you can stop and take a break once in a while”

“Who said I didn’t like it?” Ji Feng asked with a smile, “I’ve always found it quite enjoyable, haven’t you heard Tai Zu say that fighting with others is a joy!”

“If others don’t understand you, don’t I understand you? Although there are definitely some things you haven’t told me as well, but I know what kind of character you are as a person.” The most important thing is that you have a lot of time to think about what you want to do.”

“.....” Ji Feng’s eyes widened and looked straight at her.

“What, am I wrong?” Xiao Yuxuan asked.

“..... I’m going to buy worming medicine!” Ji Feng covered his stomach and said with some pain.

“What’s wrong?” Xiao Yuxuan immediately got a little worried and asked in a panic.

“I’ve got roundworms in my stomach!”

“..... Fuck you! You’re the roundworm, how disgusting!”

“Haha”

.....

At this time, the Linjiang Club was already booming with people, and one by one, red-faced guests walked into the clubhouse.

These people, either in suits, or sexy and fabulous, glamorous, or calm, although their attire was different, all of them had a faint smile on their faces.

Of course, the smiles were not all the same.

Some had a bland smile on their faces, such that, at first glance, they were a very confident person.

Some, however, had a restrained look on their faces, their hands were tied, and they simply could not let go.

Others, on the other hand, had their eyes darting around, wondering what they were thinking.

For those who like to study people, it is a great reward just to spend the night here.

And the most open-minded of them all was naturally the very Chong Wei.

He looked around and said with a frown, "Hong Wei, who actually organised the salon party today, and how come no one came to entertain? There are only a few attendants at the door"

Next to him, He Hongqiang turned his head straight away, "So what, I seem to have seen an acquaintance, go and say hello."

He really didn't know how to deal with this guy and had to go first.

"They're all from the circle, let's all say hello to each other and get to know each other first when we come, the organiser will come out later!" He Hongwei explained with a smile.

"Staged" Chang Chongwei shook his head and asked, "By the way, Hongwei, where is the person you are going to introduce me to? It's that guy named what's his name, yes, Ji Feng! Oh, there's another one called Ji Shaolei, right? They're two brothers?"

Swish!

A lot of people around turned around at once, Chang Chongwei's voice was not small, and a lot of people next to him heard it and looked at him at once, that expression looked very strange.

He Hongwei nodded his head and said, "That's right, they are two brothers!"

"Heh! That's still two brothers from one clan!" Chang Chongwei didn't care at all about the gazes of those people next to him and said with a smile, "How does it compare to you and Hongqiang?"

"..... So what, let's go over first, there are a few acquaintances in front of us!"

.....

Buzz~~~!

The BMW X6 sped down the road, even in the midst of that traffic, the speed of this car was not slowed down at all, even if there was a car wide distance between two cars, the X6 was able to pass through in an instant and continue to overtake.

"Whew~~!"

Ji Feng sat in the driver's seat, his hands quickly manoeuvring the steering wheel, a pair of sharp eyes fixed on the road ahead as he drove the vehicle through quickly.

After being stuck on the overpass for a full hour and a half, he finally considered to be moving, and when he got off the overpass, Ji Feng replaced the white spider and brought his driving skills to the forefront, and that congested road suddenly became unobstructed. On the overpass, the traffic was so jammed that it was useless even if Ji Feng's driving skills were good. But now it was different, unless the red light allowed him to stop, otherwise, no complicated traffic conditions could stop him!

The originally bulky car became nimble under his operation.

Xiao Ying and Bai Spider in the car, however, were in awe. Although this was not the first time they had seen Ji Feng's driving skills, it was only when they felt it again that they could appreciate how exciting and exhilarating it was to be in the middle of dense traffic.

Especially Bai Spider, she felt that Ji Feng was really too mysterious, with his superb body and such sharp driving skills, each of which could not be achieved so easily.

However, Ji Feng had done it at such a young age.

What's more, White Spider had never heard of anyone similar to Ji Feng at his side, which meant that no one knew exactly where he had learnt these skills from.

One could only say that he was mysterious!

With Ji Feng as the driver, the rest of the journey was unhindered. With no speeding or violations, it took Ji Feng less than an hour to reach the Linjiang Club, and by this time, it was already 9:30 pm!

In other words, Ji Feng was half an hour late!

Ji Feng drove straight to the car park, but he saw Ji Shaolei leaning against the car door, smoking and raising his hand to check his watch from time to time.

"Second brother!" Ji Feng quickly stopped the car, got out of the car and greeted Ji Shaolei with a smile, "Waiting anxiously, right?"

Ji Shaolei raised his hand and pointed at his watch, "What do you think?"

"Oh, there's traffic on the road Let's hurry in, it's going to be a busy night!" Ji Feng laughed.

"What do you mean?" Ji Shaolei was stunned.

"Talk as we go!" Ji Feng waved his hand, "It has to do with the person He Hongwei is going to introduce!"

Chapter 1210

"..... things are probably like this, I suspect that that matter is absolutely unrelated to Chang Chongwei!"

As the group walked towards the clubhouse, Ji Feng briefly described the encounter he had a few days ago, however, he was focusing on the grudge between him and Chang Chongwei, and even included his own speculation!

"Chang Chongwei?!"

Ji Shaolei frowned slightly at once and hesitantly said, "I seem to have heard of this fellow from someone."

"You've heard of it? Who is this guy?" Ji Feng immediately asked.

"I can't remember too clearly, but I've definitely heard someone mention it to me." Ji Shaolei said, "Let's do this, whether he did it or not, ask him directly later, if he really did it, I'll make him not be able to leave Jiangzhou!"

As he spoke, a stern look flashed across Ji Shaolei's eyes.

Ji Feng had been attacked and killed, and he, as a brother, had not received any news at all, which made him feel ashamed and annoyed.

“Let’s find out first!” Ji Feng said indifferently, “Now that I have some information about this guy in my hand, it’s just a matter of the opposite if I want to move him. However, this guy’s origins seem to be unusual, Zhang Lei went to Tongzhou to investigate, I heard that this Chang Chongwei, seems to be the illegitimate son of some big shot

Then, Ji Feng took some of the information he had investigated and briefly told Ji Shaolei about it, especially his speculation about Chang Chongwei’s identity and the bizarre rise of the Chang Group, all in some detail.

After all, it was very likely that he would have to clash with Chang Chongwei next, so it was very necessary for Ji Shaolei to understand the situation.

“An illegitimate child?!”

Ji Shaolei kicked his feet, frowned, and said austerely, “Is it the seed of the He family?”

As soon as Ji Feng said that, Ji Shaolei immediately thought of the Yanjing He family.

If what Ji Feng said was true, then this Chang Chongwei’s relationship with He Hongwei was definitely not ordinary, helping him introduce friends and helping the Chang Group rise again, this He Hongwei’s love was a little too overwhelming, right?

So there is only one possibility, Chang Chong Wei and He Hong Wei must have an extremely close relationship with each other, or even, they are most likely brothers!

Only brothers could help each other out like that!

Ji Feng shook his head and sighed lightly, “It’s still impossible to be sure, but that’s what I suspect.”

“Motherfucker!”

Ji Shaolei’s face suddenly turned gloomy as he coldly snorted, “This He Hongwei, usually seems to be a bit sinister, but his actions are still okay, I didn’t expect that this guy is actually more sinister than I imagined. San’er, I’ll help you investigate this matter, if it’s really related to He Hongwei, I won’t let you suffer for nothing!”

Ji Feng smiled, but a warm current welled up in his heart.

No matter how many people wanted to set him up and hated that he would die suddenly and unexpectedly right now. However, he always had a few caring people around him, Han Zhong, Yi Xingchen, Xiang Yongzhan these friends, and Zhang Lei, Ji Shaolei these brothers, with them, Ji Feng is not afraid of anything!

But in fact, until now, in addition to the suspicion of Chang Chongwei, that the remaining two groups of people, Ji Feng do not know where they came from, no clue, just know is a small gang, and a mercenary, but the person behind the curtain is actually who, he is two eyes, no idea.

This also made him helpless, now he could only wait for news from Xiang Yongzhan, but this guy still has no news so far!

“Second brother, let’s see what happens later, don’t be impulsive yet.” Ji Feng said as a few people had arrived at the door of the clubhouse.

Ji Shaolei handed the invitation to a waiter at the door while turning his head and said, “San’er, I really didn’t know about these things happening to you, and your second uncle didn’t tell me about it either. If I had known, how could I have waited until now to attend this business salon? I would have sent someone to clean up this bastard on that day, whether he did it or not, as long as he is suspected, he will not get away with it!”

“Second Uncle didn’t tell you, so I’m sure he must have his intentions.” Ji Feng laughed, “Go inside, let’s not talk about that for now.”

“Let’s go! I was in a good mood, and I’ve got a belly full of fire!” Ji Shaolei couldn’t help but coldly snort, “If you do it later, remember not to be so quick with your hands and feet, save two for me too, I won’t be able to get this out without giving that son of a bitch a good beating!”

Ji Feng was dumbfounded and laughed, and Xiao Yuxuan and the others behind him also pursed their lips and laughed lightly.

Xiao Yuxuan felt very affectionate towards the straight-tempered Ji Shaolei, and she knew that Ji Shaolei was really treating Ji Feng as his younger brother, which was why he was so angry.

But in fact, Ji Shaolei was not just angry, he was simply incomparably annoyed.

There were actually people in Jiangzhou who dared to lay hands on Ji Feng, and that was even better, they actually used guns and snipers were simply too rampant, they didn’t even put them in their eyes!

Being a younger brother actually to be killed by someone, Ji Shaolei how can not be angry?

What’s more, Ji Shaolei already didn’t have any good feelings towards the two He Hongwei brothers, and now that this matter is actually involved with them again, Ji Shaolei is even more annoyed.

If it was really the He family’s doing, then Ji Shaolei would definitely not let those two bastards, He Hongwei and He Hongqiang, go even if he had to risk causing a violent dispute between the two families. If you don’t resist when you are bullied, that’s not his temper.

Even though Ji Zhenguo was suppressing it, that wouldn’t do!

Ji Shaolei had never been a good boy who obeyed, even if his legs were broken afterwards, he was willing to do so!

As several people were talking, they had already walked into the Linjiang Clubhouse. As soon as they entered, they saw that the lobby of the clubhouse was empty, with only a few attendants busy with something.

“..... Why aren’t there any people coming to the salon? Is it over?” Ji Feng was stunned.

At this time, a waiter hurried over and asked, “Excuse me, are the few of you here for the business salon event?”

“Yes, where did everyone go?” Ji Shaolei asked.

The waiter immediately said politely, “The venue for the party is in the lobby on the third floor, please follow me, a few of you!”

“Seeing that there’s no one in this hall, I thought everyone had left.” Ji Shaolei muttered, “Luckily there’s still a chance to beat up that bastard!”

The waiter was instantly shocked, “You guys are here to

Ji Feng immediately laughed: “He’s joking, don’t misunderstand, miss, so what, we’ll just go up ourselves, so we don’t need to bother you.”

That waitress was then relieved, hearing Ji Shaolei say that, she thought that these few people were here to cause trouble. But on second thought, she felt a bit funny, this was the clubhouse owned by Li Shao, who dared to come and cause trouble?

In fact, she did not know that if these two young people in front of her really wanted to cause trouble here, not to mention Li Weidong, even if Li Weibing, Li Weidong’s elder brother, came, they would not be able to stop them.

A group of people took the lift to the lobby on the third floor, an elegant and lively atmosphere immediately came over them, the melodious sound of violins flowing slowly, a group of people holding glasses of wine, or standing in twos and threes talking together, or sitting in the lounge area, whispering something

A stylish party atmosphere was created.

Just then, a waiter walked past the stairway with a tray, Ji Feng casually brought over two glasses of wine from and handed one to Ji Shaolei.

The waiter was stunned, and Ji Shaolei immediately said, “Can’t you see that there are a few ladies over here? Bring the drinks over immediately!”

Ji Feng then laughed, “Second brother, you don’t have to be angry at anyone if you have fire in your heart.”

“All right!” Ji Shaolei said to the waiter, “Sorry, can you please bring the drinks, please?”

That waiter hurriedly went, so Ji Shaolei spread his hands with an innocent look on his face.

Ji Feng then smiled bitterly and said, “White spider, it’s better for you to get it.”

“San’er, don’t worry about drinking first, look for that Chang what’s-his-name guy you mentioned and see where he is!” Ji Shaolei said, “Let’s get the problem sorted out first, then it’s not too late to sit down and have a good drink.”

“Hmm, I’ll look for it!” Ji Feng nodded his head.

“Young Ji?” At this time, a voice suddenly sounded next to them, several people turned around to see a middle-aged man enthusiastically shaking hands with Ji Shaolei and said, “Ji Shao, it’s really been a long time, I heard that Jian’an Group has been working on a few not-so-small projects recently?”

"It's just a little bit of trouble." Ji Shaolei laughed.

Ji Feng then led Xiao Yuxuan away, it looked like the second brother had met someone he knew, so he would find it himself.

However, without taking a few steps, Ji Feng saw that Xu Yuan and Han Zhong were walking over quickly with their glasses of wine, because Ji Feng and the two of them were standing at the entrance of the stairs just now, their target was too obvious and they were seen by the two of them.

Ji Feng subconsciously glanced at Xiao Yuxuan beside him, and then looked at Xu Yuan who was carrying the juice and walking with a smile on her pretty face.

"Ji Feng, if you have something to do, go ahead and get busy, it's just that I'm talking to General Manager Xu." Unexpectedly, Xiao Yuxuan suddenly said these words.

"Say, say what?" Ji Feng stammered and asked.

"The topic between women, are you going to stay and listen to it?" Xiao Yuxuan gave him a blank look, "Go and do your business!"

Ji Feng was weirded out, he looked at Xiao Yuxuan in shock and didn't respond for a long time.

"Alright, don't you still don't worry about me?" Xiao Yuxuan pursed her lips and laughed lightly.

"Then okay!" Ji Feng nodded, only his heart was still a bit strange, and he took another look at Xu Yuan before he moved his feet.

After walking a few steps away, Ji Feng looked back again and found that Xiao Yuxuan and Xu Yuan were already standing together talking and laughing, the two of them looked like good sisters they hadn't seen in a long time, appearing both warm and intimate.

Ji Feng could not help but secretly shake his head, women ah

Subsequently, he began to enter the crowd, walking slowly, looking for He Hongwei and Chang Chongwei.

He already had quite a bit of evidence in his hands, and now it was time to come face to face with that arrogant Chang Chongwei directly!
