Chapter 1211

In the hall on the third floor of the Jiangzhou Linjiang Club, there was a lively and tranquil atmosphere, with glasses and chips staggering around.

Although there were dozens of people talking to each other in the hall, the hall did not seem noisy at all, but rather staggered, and the people present were all very conscious of themselves, and no one shouted as if they were in a food market when they were talking.

They were all dignitaries, and even if they were in a food market, they would be embarrassed to shout!

In the middle of these people, there were quite a few waiters walking back and forth, dragging their plates and walking around with great insight, seeing whose glasses were empty, or who needed a drink, or an ashtray or whatever, those waiters would walk over and take care of these needs and troubles for them.

Seeing this scene, Ji Feng couldn't help but secretly nod his head. Not to mention, it had only been a year or so since he had been here, and Li Weidong had done a really good job. At least, the quality of these waiters, as well as the organisation of this venue, were all very good.

I'm afraid this is not Li Weidong's doing!

Ji Feng couldn't help but shake his head and smile, the Li Weidong he saw might not have the ability to do this, that guy would be very good if he didn't manage the clubhouse in a mess.

It seemed that someone was helping Li Weidong.

But soon, Ji Feng put this thought aside, what Li Weidong's clubhouse had become really didn't have much to do with him, the most important thing was to find that Chang Chongwei first!

However, Ji Feng had one more plan.

He felt that it might not be a good idea to find Chang Chongwei first. If he could separate the two people, He Hongwei and Chang Chongwei, and find them separately, then he could hear something different from the mouths of both of them.

Even can also find some clues or something.

The fact is that this is not too important, no matter how much Chang Chongwei has to do with the attack a few days ago, this person, Ji Feng are moving fixed.

The reason is that he can be sure that the group of people at the entrance of the amusement park definitely had a great relationship with Chang Chongwei. Especially those two people from the special department, either Chang Chongwei mobilized them or He Hongwei did it, anyway, there was definitely one of the two of them.

So, apart from moving Chang Chongwei, what Ji Feng is most concerned about now is how deeply connected He Hongwei is to this matter!

There were only a few dozen people in the whole hall, and the hall was so large that people were standing very sparsely, so it wasn't hard to find a person. Soon, Ji Feng saw two familiar figures.

The man was probably less than thirty years old, and from his appearance he did look like a talented man, or at the very least, he was well groomed.

The woman, on the other hand, was also a little over twenty years old and looked a little younger than the man.

This was likewise a beautiful woman, with a very distinguished appearance. Especially when she was wearing a purple and black backless dress, that made her whole person full of stunning feeling and attracted the eyes of many men.

This duo was no other than the owner of this club, Li Weidong, and his sister, Li Ruonan!

"Tsk" Ji Feng couldn't help but shake his head, it was really hard to see, the Li Ruo Nan that he had called a female tyrant back then, had a remarkable change every time he saw her.

As she grows older, this woman is also becoming more and more feminine, while the kind of fiery flavor in her body is a little less.

Of course, Ji Feng also kind of wondered if it was because she and Li Weidong were the hosts of this venue today, so she had to make this elegant yet stylish ladylike appearance to entertain the guests, when in reality, at her core, she was still that hot-tempered female explosive dragon!

At this time, Li Ruonan was together with Li Weidong, smiling and greeting some people around her, that that moved elegantly and looked bashful but not lacking in enthusiasm, really no sign of the old days could be seen at all.

Ji Feng couldn't help but feel that everyone was changing rapidly, even Li Ruo Nan, who was so hot-tempered, could actually become so ladylike!

Ji Feng faintly shook his head with a smile, moved his gaze away and continued his search in the hall, he saw a few more acquaintances, among them Han Zhong's father, and a few other company bosses who had business dealings with Xiao's Pharmaceutical Factory.

As Ji Feng did not often show up in the company, those old bosses did not recognise Ji Feng, and it so happened that Ji Feng was also looking for He Hongwei and Chang Chongwei.

However, as Ji Feng's eyes wandered around the hall, he still didn't see Chang Chongwei and He Hongwei, it seemed like these two were not here at all. However, Ji Feng did see He Hongwei's younger brother, He Hongqiang, who was laughing and joking with a woman dressed in a very sexy outfit, and seeing that the woman was also in a position of wanting to be welcomed back, He Hongqiang was even smiling badly.

Ji Feng couldn't help but raise his eyebrows, isn't this a business salon party? When did it turn into a matchmaking session?

Moreover, he felt that the woman who was flirting with He Hongqiang looked very familiar, as if he had seen her somewhere before, but on second thought, he couldn't remember.

He shook his head and strode over.

“He Hongqiang!” Ji Feng arrived in front of He Hongqiang and called his name directly. The latter was stunned and turned his head sharply, realizing that the one calling him was actually Ji Feng, and an odd look flashed on his face.

“You looking for me?” He Hongqiang barely managed to squeeze out some smile and asked.

Ji Feng also did not care about his look, in his heart, He Hongqiang, despite being older than him, was only a junior, Ji Feng was friends with He Hongwei as a friend, on an equal footing, this He Hongqiang, was still just a child

He asked directly, “Where is your brother?”

“In the elegant room upstairs.” He Hongqiang pointed to the ceiling.

Ji Feng was slightly stunned, this salon was also divided into two floors, based on status?

“Go and call him down, just tell him I’m looking for him!” Ji Feng said.

“.....” When He Hongqiang heard Ji Feng’s tone as if he was instructing a child, his forehead veins jumped wildly a few times, but seeing Ji Feng’s look of taking things for granted, and then thinking about Ji Feng’s unbelievably strong kick that sent people flying straight away at the Wanli Club He Hongqiang stiffened the anger in his heart and held it back.

“Go on!” Ji Feng frowned.

“..... Ji Feng, you’d better go upstairs, it’s all elegant rooms there, it’s quieter.” He Hongqiang hurriedly took a few deep breaths, afraid that he might accidentally get angry, this guy in front of him is a bastard, haven’t you heard, the three sons of the Ji family, like wolves and tigers, in case he was also kicked by this bastard, that would really be a grievous death!

This is the first time I’ve ever seen a fight between dudes, and whoever has the hardest fist on the spot will get the advantage, and usually the family won’t step in, so He Hongqiang wisely chose to back off.

A good man doesn’t want to lose in front of his eyes, that’s what the old ancestors said, no shame!

He Hongqiang comforted himself in his heart.

“No need, go and call your brother down first, I have something to talk to him alone, go!” Ji Feng waved his hand.

“Hey, which one of you is it? It’s not good to talk to Younger He like that, is it?” Before He Hongqiang could say anything, the character-dressed woman next to him spoke up, only the tone of that voice trailed off and her tone was full of warning.

Ji Feng instantly smiled faintly and ignored her.

“You” The woman was just about to speak when she was interrupted by He Hongqiang.

“Shut up!” He Hongqiang roared low, “If you talk nonsense again, get the hell out of my way, you hear me!”

“Shao He” The woman was stunned and baffled, she was defending Shao He’s majesty, why was he reprimanding her? The woman couldn’t figure it out a bit.

“Do you want me to repeat it again?” He Hongqiang asked.

“All right, don’t play intimidating towards a woman, hurry up, don’t delay here by being inquisitive!” Ji Feng frowned and said.

He Hongqiang instantly looked like a defeated rooster and nodded helplessly, “You wait a moment!”

And then, he said to the woman, “Watch what you say!”

After saying that, he quickly turned around and went upstairs.

The woman’s face turned blue and white for a while, changing, but the way she looked at Ji Feng was no longer so condescending, obviously, she realized that Ji Feng’s identity was not ordinary.

“This handsome man, my tone of voice just now was a bit not too good, please don’t mind.” The woman became quick and said at once with a coquettish smile, “I wonder what handsome brother’s name is?”

Ji Feng smiled and didn’t say anything. With this kind of woman, he really didn’t have anything to say.

The woman was not discouraged, as if she did not see Ji Feng deliberately keeping his distance, she pursed her lips and said, “Handsome brother, I have a concert at the Jiangzhou Stadium in a week’s time, if you are free, I hope you can go to the concert.”

As she said that, she also fished out a business card from somewhere and handed it to Ji Feng.

Out of politeness, Ji Feng still took it, only to see that it was written on it: Tianfeng Entertainment, Liu Mei. Below it was a string of numbers.

“You” are a singer?” Ji Feng asked hesitantly.

“..... Yes, it seems that handsome brother doesn’t care much about things in the entertainment industry!” Liu Mei’s expression was a bit odd, there were people who didn’t know about themselves?

“If handsome brother can spare the time, just call me, there will definitely be good seats reserved,” Willow eyebrows said.

“Well, I’ll check it out sometime!” Ji Feng said.

Ji Feng did not expect that this woman would actually be a singer. This commercial salon, there was actually a female star to support the show?

Thinking about the way this woman was flirting with He Hongqiang just now, Ji Feng couldn’t help but secretly shake his head, the stars nowadays, why have they all become such a ghost

As he was talking, Ji Feng saw the two brothers He Hongwei coming down the stairs, he said sorry to Liu Mei and turned to go.

“Dirtbag!” Looking at Ji Feng’s back, Liu Mei couldn’t help but curse.

But the next moment, she was stunned.

Only to see that the dirtbag she was talking about reached the staircase entrance and met up with the duo of He Hongqiang and He Hongwei who were walking down. Immediately afterwards, she saw that He Hongwei had a big smile on his face and first shook hands with that dirtbag, and then, hugged him warmly, looking at them like they were very good friends

Is he really a bumpkin?

Willow eyebrows feel hot face, perhaps, people simply do not put them people in the eyes, that's why they do not pay attention, in fact, the real dirt bag, is they are the right

Chapter 1212

If Liu Mei was just an ordinary star or struggling to survive in this circle with difficulty, then Ji Feng might still look at her differently.

People who are brave enough to struggle, even if they have used some dishonourable means, Ji Feng would have a feeling of appreciation.

People who have firm beliefs in their hearts and move towards their goals step by step are worthy of admiration, and Ji Feng has always thought so.

However, a person who would do anything to achieve his goal, this kind of person, would not invite Ji Feng's attention.

Especially when Liu Mei was talking to He Hongqiang just now, that kind of gesture of wanting to reject and welcome, made Ji Feng frown. A woman should have the appearance of a woman, using her body as capital, perhaps in some people's opinion that is not wrong, but Ji Feng is very uncomfortable.

The fact is that his mother, Xiao Su Mei, was also extremely beautiful.

But how come she didn't take the wrong path back then?

So this is the difference in the concept of being a person, and what Xiao Sumei has always taught Ji Feng, and these are concepts that Ji Feng has always kept firmly in his mind and has never forgotten.

And for people like Liu Mei, Ji Feng doesn't despise, but wanting to be friends with him, that's absolutely impossible.

Everyone has their own way of living and opinions, but there is another saying that goes.

—Doing things differently, don't make plans for each other.

“Older brother, it's really hard to see you, you don't answer the phone, I don't know where you live, and then I simply can't get through to you” He Hongwei asked jokingly, “What, brother What did I do wrong? I've offended old brother?”

Ji Feng immediately raised his eyebrows and laughed: “Young master He, you have words in your mouth, don't you?”

“Oh” He Hongwei couldn't help but shake his head and smile, “Older brother, why don't we go up first and sit down and talk slowly?”

“Or don’t, it’s better to say what you have to say here first, why do I feel that young master He, you are a bit suspicious of raising a charge!” Ji Feng’s eyebrows were slightly wrinkled, and his heart was more or less displeased.

“Older brother don’t misunderstand, I’m just curious, you’ve been hard to contact lately!” He Hongwei laughed.

“Hard to get in touch?”

Ji Feng couldn’t help but shake his head and laugh, “Younger brother He, that’s not right, I see, there are no hard to contact people, only people who don’t want to contact!”

“Perhaps.” He Hongwei nodded slightly, casually beckoned a waiter, picked up two glasses of wine from the tray, handed one to Ji Feng and smiled, “Let’s not talk so much first, it’s been a long time since we sat together! , have a drink first!”

“..... either!” Ji Feng nodded and laughed: “It’s rare to have a drink, maybe there won’t be many opportunities in the future

“Oh? Why do you say that?” He Hongwei was stunned, looked at Ji Feng in surprise, and made another gesture, indicating that Ji Feng should go and sit in the rest area over there.

After a slight deliberation, Ji Feng still nodded his head and followed him over.

Seeing this subtle change in Ji Feng, He Hongwei was even more surprised in his heart, but the smile on his face remained unchanged.

He Hongwei is not a fool, although Ji Feng’s performance also looks very natural, but what kind of person is He Hongwei, he has been in the shopping mall for so many years, he still has his own way of reading people.

The company’s main business is to provide a wide range of products and services to the market.

Now take advantage of this opportunity to say it in a joking manner when it is true or not, not only will it not hurt the friendship between the two, but also has the meaning of questioning in it.

The first thing that I want to do is to say that I am a brother, right?

You are tougher than Ji Feng, but if we are talking about status alone, at least you should be polite.

However, what did Ji Feng do?

First, he hung up on him, and later he simply turned off his phone, not answering his calls at all.

The first thing you need to do is to get a good idea of what you’re doing.

The fact that he is the leading figure of the third generation of the He family, but now he is being knocked by Ji Feng one after another, he is also a bit unhappy in his heart.

But now he found out that he had only asked Ji Feng as if he was joking, but he immediately drew a strong rebound from Ji Feng, especially when a cold light flashed in Ji Feng’s eyes, and He Hongwei’s heart immediately cackled.

Ji Feng's reaction was fierce!

This was He Hongwei's first feeling, and he immediately realised that there must be something going on in between that he didn't know about, otherwise, Ji Feng definitely wouldn't have reacted in such an overly aggressive manner.

He knew that they had a good friendship in the past, and although their cooperation had a family element in it, not just a personal friendship, He Hongwei still had a very good feeling about the wise and strong Ji Feng, who was definitely a dragon among men!

And such a person would never easily bring his emotions to the outside.

Now when he saw how Ji Feng reacted, He Hongwei immediately took a slight step back and softened his tone of voice. Now that Ji Feng's tone was obviously hard, if He Hongwei himself was any tougher, then I was afraid that there would be an immediate conflict between the two of them.

You know, both of them are not very soft personalities, on the contrary, they are both extremely strong personalities!

In the end, it was He Hongwei who chose to back down, on the one hand because he really did not want to clash with Ji Feng. On the other hand, it was also because he owed Ji Feng a huge favour, and it would be unjustifiable to clash with him for no reason at all!

In the lobby of the third floor of the Linjiang Club, there was an area divided into sofas and tables, which was specially provided for those guests who came to the business salon to rest.

At this moment, there were already quite a few people sitting in this rest area, and Ji Feng even saw some people he had met before, or some old bosses who were very outstanding in business that he had seen in the newspapers and news, or some girls who were dressed in sexy and somewhat revealing clothes, and these girls, too, felt familiar to Ji Feng.

Obviously, there were a few girls who were stars, or at least, they were stars that Ji Feng had seen on TV before.

I can't imagine that those stars who usually look unattainable are here, but there are a lot of them, and they don't have that kind of aura or pure look on TV, instead, they are all the kind of flirtatious postures that are either introverted or reluctant to welcome.

This kind of change is really saddening.

Ji Feng couldn't help but think of the star who was very close to Xiao Yu, the so-called pure Jade Girl school master, the popular singer Cozy.

That huge gap between her on stage and in reality, also really makes all those who see this contrast, will be saddened by it, if not see it with their own eyes, no one will believe that they actually have such a demeanor, and such a huge contrast

"How about it, old brother want to call a few beautiful women to accompany and talk?" When He Hongwei saw that, Ji Feng's gaze lingered on those female celebrities for a while, he couldn't help but ask with a smile.

Ji Feng shook his head and smiled, "I am not blessed to accept it, I am afraid of breaking my life!"

He Hongwei immediately shook his head and lost his smile, Ji Feng's words had a meaning, but no matter how one interpreted them, it was a kind of sarcasm to these female stars.

What kind of person can make Ji Feng unable to afford it and has to break his life?

Obviously Ji Feng was cursing!

However, there was still another reason why He Hongwei was shaking his head, how Ji Feng had been talking lately, and how he was completely devoid of his previous straightforwardness, which was not good.

The two of them sat down at the heel of an empty table, He Hongqiang had already left with good sense, here if Ji Feng instructed him again, then he really couldn't refuse, on the contrary, he didn't want to listen to Ji Feng's instructions, so it was better to hurry up and leave.

"Older brother, what have you been up to lately?" After sitting down, He Hongwei also stopped questioning Ji Feng and made small talk instead.

However, Ji Feng gave him a reply that left him incomparably stunned.

"What else can I be busy with, running for my life!" Ji Feng said.

"Fleeing for your life?!" He Hongwei was stunned, "Older brother, your joke is not funny at all."

"What I said is true!"

Ji Feng's gaze stared straight at He Hongwei and said with a smirk, "A few days ago, at an amusement park in Jiangzhou East, I was intercepted and killed by a few people, then I was attacked and killed by two sets of desperadoes in a row, if it wasn't for my good luck, I wouldn't be able to sit here and talk to you now."

"What?!"

He Hongwei was filled with a stunned look, he looked at Ji Feng in astonishment, "You're not joking?"

"You can go to the Jiangzhou Municipal Bureau now, or you can go to the morgue, those guys, I've left a few behind, and a few corpses!" Ji Feng said.

"....." He Hongwei just didn't know what to say, this news was too impactful, so that He Hongwei couldn't believe for a moment that Ji Feng had been attacked and killed, and he had left a few corpses behind... ..

One could imagine how fierce the battle was!

He Hongwei knew something about Ji Feng's skills, not to mention the fact that when Dynasty's men attacked and killed He Hongwei, Ji Feng drove straight into him... an ordinary person would never have the guts to do that!

"What kind of person did that!?"

Only after a long time did He Hongwei ask in a deep voice.

Someone actually dared to lay a hand on Ji Feng, who had eaten the guts of an ambitious leopard?

“Who did it?!” Ji Feng looked at He Hongwei with a smirk, and asked indifferently, “What, do you, Mr. He, not know?!”

Chapter 1213

“Who did it?!” Ji Feng looked at He Hongwei with a smirk and asked indifferently, “Why, don’t you young master He know?!”

He Hongwei’s face instantly changed, his gaze fixed on Ji Feng, and he said in a deep voice: “Ji Feng, this is not something that can be said or joked about, and you kid can’t identify it indiscriminately.”

Ji Feng had been talking in words, He Hongwei naturally heard it, and neither of the two was a fool.

Later, when he heard that Ji Feng had actually been attacked and killed, He Hongwei couldn’t help but be surprised and at the same time very curious as to who had the guts to actually dare to do this to Ji Feng?

The first thought that came to He Hongwei’s mind was Dynasty!

In China, I am afraid that there was no one who would be so bold as to dare to lay a hand on Ji Feng, even if the other party did not know Ji Feng’s identity, they would definitely not dare to do so.

Just by listening to Ji Feng’s tone, one could hear that the battle must have been very fierce, and there were definitely quite a few people on the other side, or else how would Ji Feng have said that he had left a few behind, and a few corpses?

But, never forget, this is Jiangzhou, here in broad daylight actually dare to send out so many people, to attack and kill Ji Feng, this is also a bit too wild, right?

And if the other party hadn’t laid a deadly hand on him, Ji Feng certainly wouldn’t have been so angry that he actually took out several of the other party directly.

Through all this, He Hongwei was able to imagine that the person who attacked and killed Ji Feng was definitely not ordinary.

Guts, intelligence, and also people, one was missing.

People who could possess these energies were definitely not ordinary gangs ah, hooligans ah or the like could possess.

Therefore, He Hongwei immediately thought of Dynasty.

That organization, which was hidden in the shadows, not only made He Hongwei deeply afraid of it, but, after such a long time of fighting, it also made He Hongwei have a certain understanding of Dynasty. According to his view, if Ji Feng had really offended the dynasty because of something, that dark organisation would definitely have the guts and possibility to deal with Ji Feng in this way.

However, how could He Hongwei not have thought that Ji Feng would actually question him!

Could it be that Ji Feng was doubting himself in his heart?

“Ji Feng, did you hear something from someone?” He Hongwei asked, frowning.

“That’s not true!” Ji Feng shook his head and laughed, “Even if I had heard who said something, it was from you!”

“Me?!” He Hongwei was stunned.

“What is your relationship with Chang Chongwei?!” Ji Feng asked directly.

“Chang Chongwei?!”

He Hongwei was stunned, and immediately asked, “Ji Feng, how do you know Chang Chongwei? Not what the hell is going on here? How come you’ve been talking all quirky these past few days, and now you’re still talking like this?”

“A few days ago, in the playground, because of a little matter, I had a conflict with a guy.” Ji Feng smiled and said, “That guy was very arrogant, and he told me that that incident would not just be forgotten. Moreover, he also told me that everyone else called him Brother Chong!”

“Swish!”

He Hongwei snapped to his feet, “Chang Chongwei?!”

“After I took my goddaughter out of the amusement park, I started to be intercepted and killed, and moreover, two of them were from the special department!” Ji Feng didn’t answer He Hongwei’s words, but said to himself, “I remember, Chang Chongwei said, Jiangzhou is really a crouching tiger hiding a dragon really didn’t expect, so the real dragon is here!”

He Hongwei’s face then changed, and he hesitantly asked, “Are you sure?”

But it was not clear what exactly he was asking Ji Feng to be sure of.

“I’ve been thinking left and right, but I can’t figure it out.” Ji Feng shook his head, “You said, who exactly in the special department is able to mobilize, who is Chang Chongwei? Only later did I accidentally find out that that true dragon Chong, actually within just a few years to rise quickly, in Jiangnan Tongzhou, that is really evil, but this time, I am even more strange!”

Ji Feng looked at He Hongwei with a smirk, as if he was talking about someone else’s business.

“According to reason, a guy like this, that should only be arrested, so how can he still mobilize people from the special department?” Ji Feng shook his head and smiled, “Young Master He, do you know what’s going on here?”

“On Chang Chongwei’s side, the only person who can mobilize people from the special department and who can have that much energy is me, right?” He Hongwei spoke up.

“What do you think?”

Ji Feng asked indifferently and rhetorically, “I think that no matter how powerful that Brother Chong is, it would be impossible to mobilize people from the special department in such a short period of time, of course, to say that it would be possible to find a few punks. As long as there’s a bit of money, or the person is a few people, then it’s all possible for a person.”

“Ji Feng, I understand what you mean.” He Hongwei sighed lightly, nodded his head and said, “I also finally understand what’s going on here.”

“However, I am a bit confused.” Ji Feng shook his head.

He Hongwei smiled and asked, “Then if I say that this matter really doesn’t even have anything to do with me at all, do you believe me?”

“If you really said that, then I would believe it!” Ji Feng laughed.

“..... Older brother, thank you!” He Hongwei was stunned by Ji Feng’s words, immediately, his heart welled up and he lifted up his glass of wine, “How about drinking this glass of wine first, and then I’ll tell you everything I know, all over again?”

“You watch out!” Ji Feng didn’t have the slightest intention of lifting his glass, he just said indifferently.

“That’s fine!” He Hongwei directly put down the wine glass, and then, he picked up the wine bottle, refilled the glass, tilted his head and drank it down in one gulp.

Afterwards, He Hongwei drank two more glasses in a row before he smiled, “How about this, is that sincere enough?”

Ji Feng smiled, “I can’t tell that you can’t hold your liquor too well!”

“Ji Feng, talk about seriousness!”

He Hongwei’s face straightened and said, “I know what’s in your mind, but I can tell you with great certainty that what happened to you really has nothing to do with me at all. As for what you said about people from the special department, I can also explain to you that I have never mobilised people from the special department, whether before or now, even when I was being chased by the King, I never used any people from the special department!”

“This explanation, I’m not quite satisfied!” Ji Feng said.

“Well me and Chang Chongwei, we should be considered ordinary friends.” He Hongwei said, “Some time ago, I was entrusted by an elder to come to Jiangzhou to help introduce a few friends to Chang Chongwei to facilitate his development in Jiangzhou How about this, I’ll go get that guy now and let him explain to you!”

“No need!”

Ji Feng refused outright as he smiled faintly, “I want to hear your explanation.”

He Hongwei shook his head and laughed bitterly, “Ji Feng, I really don’t have anything to explain, since I came to Jiangzhou, I’ve met a few friends and a few clients, other than that, I’ve been in the hotel, this matter really has nothing to do with me at all!”

Seeing Ji Feng’s smiling expression, He Hongwei finally raised his hands in surrender: “Alright, let’s get serious, what you want to know, I have no way to tell you, because this matter involves the face of an elder after all.”

He Hongwei knew very well that Ji Feng had come with a murderous aura today, and what he wanted to know was not his whereabouts in the past few days!

Indeed it was.

As long as Ji Feng knew that He Hongwei really had nothing to do with this matter, that would be enough, and the rest, he was not interested in He Hongwei. What he was really interested in, on the other hand, was that Chong brother!

Why was Chang Chong Wei so arrogant, how did the Chang Group rise so bizarrely, and also, whose bastard son this guy really was!

“Since that’s the case, then forget it.” Ji Feng said indifferently.

He Hongwei just couldn’t help but have a bit of a headache, for no other reason than the fact that Ji Feng’s state this evening was clearly not to attend a salon party. This kid was clearly here to settle scores with himself and Chang Chongwei.

“Ji Feng, I think you’d better” He Hongwei felt that he had to persuade Ji Feng, this guy really wants to be ruthless, that can’t be stopped by anyone, in the Wanli Club he dared to strike without any scruples, without any regard for the repercussions, so now, what else would he not dare What else would he not dare to do now?

Even the Qiao family, which Elder Ji had always defended, had been beaten by Ji Feng and had fallen into oblivion.

“Ji Feng, think twice!” He Hongwei said.

Ji Feng asked with a smile, “Young Master He, this matter has nothing to do with you, I’m glad. However, can you be sure that this matter has nothing to do with you?”

“Sh, what?” He Hongwei couldn’t help but be stunned, “Of course it’s not related, although I, He Hongwei, have tried underhanded tricks, but, in this matter, I haven’t had to lie! Besides, if I really want to make a move, I won’t stop until I get what I want!”

“So ah!”

Ji Feng said indifferently with both hands, “Since this matter has nothing to do with you, then you shouldn’t ask too much.”

“.....” He Hongwei couldn’t help but smile bitterly, so Ji Feng was waiting for him here.

“Hoo~~!”

Ji Feng directly stood up and said indifferently, “Alright, which box is Chang Chongwei in?”

“Ji Feng, no more thinking about it?” He Hongwei was still a bit uneasy, if Ji Feng went up like this, it would really be impossible to close the deal, at least with Ji Feng’s character, I’m afraid it would be difficult for Chang Chongwei to get out of this club today!

“How about this, I’ll go and bring Chang Chongwei down right now, the truth of the matter is what’s going on, we always need to hear him explain first!” He Hongwei immediately stood up, “Ji Feng, wait for a moment, I’ll be here in a moment!”

Saying that, he hurried all the way to the upper floor at a near trot.

Something big was going to happen!

He Hongwei felt that his head was all over the place, this Chang Chongwei was really a talent, originally he had wanted to give Chang Chongwei Ji Shao to Ji Feng, but now he realized that Chang Chongwei had actually offended Ji Feng to death long ago!

Chapter 1214

He Hongwei had no doubt about what Ji Feng said.

He knew that the matter might be more serious than what Ji Feng said, otherwise, Ji Feng would not have come up and questioned him, and even he was suspicious.

If it was really that serious, then this matter would really not end well.

He Hongwei was aware of Ji Feng’s character, don’t look at this guy who was usually all smiles and aloof, rarely making enemies with people. But in fact, Ji Feng’s ruthless methods, although He Hongwei has not personally experienced, but, he has seen.

Not to mention the Qiao family, just the things he did in Southern Guangdong and some of his actions against the Wu family, Ji Feng had used his actual actions to let others know that this was definitely not a guy to be messed with.

However, Chang Chongwei had gotten into trouble with this guy!

He Hongwei believed that the incident in which Ji Feng was attacked and killed might have really been done by Chang Chongwei, what kind of quality and temper that guy had, He Hongwei still knew something about it.

However, remembering Chang Chongwei’s identity, He Hongwei got even more of a headache.

The company’s business is not only a good one, but also a good one.

Thinking about that elder’s commission, He Hongwei could only shake his head with a bitter smile, and his feet involuntarily quickened as he prepared to go upstairs and hurry to find Chang Chongwei to ask for clarification. If the matter was really done by Chang Chongwei, He Hongwei could only hurry to find a way to send Chang Chongwei away, even if it made Ji Feng unhappy as a result, then there was nothing he could do.

He Hongwei couldn’t just stand by and watch as Ji Feng cleaned up Chang Chongwei here, otherwise, he really wouldn’t be able to give an account to that elder.

The first thing you need to do is to get a good idea of what you are getting into.

.....

Time, back to shortly after He Hongwei had just been called out by He Hongqiang.

After accompanying He Hongwei downstairs, because he was worried that Chang Chongwei was alone in the box, He Hongqiang, despite his dislike for Chang Chongwei, went back to the box with a stiff upper lip to accompany Chang Chongwei to talk.

“Hongqiang, what has Hongwei been doing?” Inside the elegant box on the fourth floor, Chang Chongwei was idle with his glass of wine left and right, so he couldn’t help but feel a bit bored, so he opened his mouth and asked.

“There’s someone downstairs looking for him, he should be up soon.” He Hongqiang said.

As he spoke, the smile on He Hongqiang’s face was hard to see, and it was just a tiny bit better than crying.

If he had a choice, He Hongqiang would not want to come upstairs to keep Chang Chongwei company, this guy is simply an idiot, but in many ways, he tends to think he is very smart, how should I put it

The first thing you need to do is to get a good idea of what you are doing.

He Hongqiang remembered a word – ignorance!

The first thing you need to do is to get a good idea of what you are getting into. But compared to Jiangzhou, Tongzhou is not worth mentioning.

Even those from Jiangzhou and Yanjing may not be local people, but a large part of them are from outside the city, or have settled down in the metropolis after making a fortune in business. Or they may have gone to a good university, found a good job in the area, and stayed in this prosperous metropolis.

So, strictly speaking, there is no one who looks down on anyone, although there are now many ignorant people who often look down on those who are inferior to them, those who are of questionable character and upbringing.

However, those foreigners who come to the metropolis are very upwardly mobile. They will study carefully and ask questions about things they don’t know in these metropolises, trying to integrate themselves into the metropolis in the shortest possible time and stop letting others look down on them.

That’s good!

As long as one is motivated, one will eventually make progress.

However, this guy, Chang Chongwei, is very different. He is also from a small place, but the problem is that this guy has put himself in an extremely high position from the very beginning, and even, he has the impression of looking down on Jiangzhou!

What’s more, Chang Chongwei definitely didn’t admit that he was less knowledgeable than people in a big city like Jiangzhou, so some things he didn’t know himself, he didn’t ask others, he just messed around anyway.

He Hongqiang knows, a few days ago Chang Chongwei took his son to the underground, but did not know how to sit, but he refused to admit that he did not know, so he forced to barge in, and the result

made a big joke, more excessive is that the infuriated Chang Chongwei, actually directly smashed the ticket machine to

The company's main business is to provide a wide range of products and services to the public.

The actual fact is that you can see what kind of character this person is.

There is no shame in asking questions if you don't understand, right?

Why did he put himself in a high position right away? Where did this extremely inflated vanity come from?

Even He Hongqiang, who has always been a man of the world, found it a little hard to understand, what the fuck is this extreme ah, he couldn't help but groan in pain in his heart, why did big brother have to take such a job next, and also introduced to Ji Feng and Ji Shaolei

This is definitely going to be a disgrace!

The two brothers of the He family might become the laughing stock of this circle!

He Hongqiang shook his head painfully, he propped both elbows on the table and rubbed his forehead, sighed lightly in his heart, he should not go down later, too humiliating!

When he remembered that Ji Shaolei had snatched Xiang Yurou away from him, and then let him see that he actually knew such a stupid person, He Hongqiang felt the urge to hit the wall, even if he was sarcastic by Ji Shaolei, he didn't even have the courage to punch and kick him, it was really because this guy he knew was indeed a stupid person!

He Hongqiang felt that out of courtesy, he did not want to see Chang Chongwei left alone in the box, so he came up to keep him company, how wise was this decision!

No need to go down later, ah, and as for something so humiliating, it seemed that he would have to let his big brother take it down alone.

—who let him take on such a job!

“Then who, Hongqiang, there's no point in us sitting here all the time, let's go, go down and have a look!” Chang Chongwei stood up, a cigar in his mouth, “Your big brother even said he would introduce me to some friends, I can't see anyone just hiding here!”

The corners of He Hongqiang's mouth twitched a few times and he forced a smile, “So what, I won't go down, but my big brother is down there, you can go down and have a look!”

“You really don't want to go down together? It's really no hanging fun to be up here bored with gross things,” Chang Chongwei shook his head and pushed the door out with his cigarette in his mouth.

“Whew~~!”

He Hongqiang let out a long breath, forgiveness is with him this what scene has seen the big dude, also really feel very tired, in front of Chang Chongwei, he is forced to yield soft, have to heartily say: “extremely good ah!”

But after thinking about it, He Hongqiang still stood up, Chang Chongwei so extremely good guy, God knows what he will get up to.

.....

The actual fact is that things went a bit sideways, when He Hongwei hurriedly went upstairs to find Chang Chongwei, Chang Chongwei had already come down from upstairs.

And He Hongqiang had also headed down

So now in that box on the fourth floor, there was simply no one left.

The first thing you need to do is to get a good idea of what you are getting into.

However, He Hongwei had just gone up the stairs when he suddenly heard a fierce argument and the sound of a woman's angry rebuke coming from the hall below.

He Hongwei subconsciously turned his head to look, however, when he saw the scene in the hall below, all of a sudden, he only felt his hands and feet go cold and his eyes go black, almost not falling headlong down the stairs.

Only to see that in that hall, there were two groups of people facing each other.

One of them was the person whom He Hongwei wanted to go upstairs to find, Chang Chongwei!

And the other side that was confronting Chang Chongwei was actually

"Oh" He Hongwei felt that his smile must have been very ugly, "This motherfucker Chang Chongwei"

He Hongwei rubbed his forehead, couldn't help but burst out a foul mouth, turned around and ran down the stairs, he had to curse, Chang Chongwei this motherfucker, this son of a bitch, this unbearable bastard who didn't know the sky was the limit

The one who confronted Chang Chongwei was actually Xiao Yuxuan, along with two other girls!

He Hongwei was acquainted with said Xiao Yuxuan, not to mention that Xiao Yuxuan was explicitly the boss of the Tengfei Group, she was just Ji Feng's girlfriend alone, and He Hongwei would definitely be concerned.

Therefore, he recognized at a glance that the one confronting He Hongwei was Xiao Yuxuan!

As soon as he saw this scene, He Hongwei couldn't help but curse in his heart, seeking death doesn't come with such accuracy, right?

Chang Chongwei, that son of a bitch!

If it weren't for the fact that it was a public place, He Hongwei would have cursed out loud, this son of a bitch is a real piece of work, he will do whatever is dangerous and whatever is disgusting!

But if you're looking for death, don't be so precise as to run into the muzzle of a gun!

Almost subconsciously, He Hongwei turned his head to take a look as he trotted all the way over there.

He then saw that Ji Feng, who was originally sitting in the rest area, had walked over at some point, and his face was wearing a smiling look, as if he was teasing, and seemed to be teasing.

However, He Hongwei saw a killing intent on Ji Feng's face.

Chang Chongwei was in big trouble!

He Hongwei secretly said in his heart, and he almost subconsciously quickened his pace, hoping that he could pull He Hongwei away before Ji Feng became angry

Chapter 1215

"Hey, this beauty, your tone of voice is a bit impolite!"

A strange laugh rang out in the otherwise warm and elegant salon venue, immediately causing many people to be stunned and turn their heads to look, and they instantly found that there were two groups of people facing each other, one of which, was a man in his thirties, while on the other side, were three very beautiful girls.

Obviously, the one who spoke was the man in his thirties.

At this moment, this man had a kind of bad smile on his face, and, moreover, there was some indefinable taste. And his words seemed to have some implication of saying threats, and together with that cold aura on his body, one could not help but feel a little uncomfortable.

On the contrary, the three girls all had cold expressions, and even had a hint of disdain in their beautiful eyes, it was obvious that the three of them did not put this man in front of them at all.

"Women, they should be gentle and soft in their speech, otherwise, they would not be worthy of the name lady!" Chang Chong Wei looked at the three women opposite Xiao Yuxuan, his tone was very gloomy, "Don't learn from that kid last time, learn from him, you will suffer in society!"

Chang Chongwei's heart pounded, once again seeing Xiao Yuxuan, he was moved and had a very strong interest.

The last time he took his son on a trip to the playground, Chang Chongwei had likewise met Xiao Yuxuan once. Only at that time, it was because of a conflict with Ji Feng, so although he was also attracted to Xiao Yuxuan, his attention was not on her body, at most, it could only be considered a glimpse.

Later on, Chang Chongwei still had some regrets in his heart. With his status and power in Tongzhou, he had played with a lot of beautiful girls in Jiangnan, and he was not too interested in them.

However, after seeing Xiao Yuxuan in the amusement park that day, Chang Chongwei's heart suddenly jumped wildly a few times, like Xiao Yuxuan such a stunning woman, that is still the first time to see ah. Especially Xiao Yuxuan's flirtatious and elegant temperament, but also fiercely stimulated Chang Chongwei, let him have a strong desire to conquer, in the heart of the rapid rise and rise.

But unfortunately, because of those two little bastards messing up at that time, Chang Chongwei missed the opportunity to meet such a stunning woman, and after having a one-sided encounter, he could only pass by.

So after returning from the amusement park that day, Chang Chongwei regretted that he could no longer see such a beautiful woman when he went to those entertainment venues or those commercial buildings.

But, he could only reminisce.

Jiangzhou is so big, it's really hard to find one.

However, Chang Chongwei had never thought that today, when he came to such a business salon party, he would unexpectedly see this stunning woman again.

All of a sudden, his heart suddenly thumped, also forgot to go to He Hongwei, even forgot what he came for, his eyes, completely attracted by Xiao Yuxuan that charming and stunning figure!

Moreover, seeing Xiao Yuxuan in an evening gown, dressed in a really attractive and charming way, immediately ignited the evil thoughts in Chang Chongwei's heart!

He had to get this woman!

Having made up his mind, Chang Chongwei immediately went up to her and struck up a conversation. In fact, he thought that Xiao Yuxuan was just like the other women in the venue, and should be one of those beautiful stars who came to help out.

Although these two women were not wearing evening dresses and were dressed casually, even so, these two women were extremely attractive.

One was pure and moving, the other, however, was cold and beautiful, plus a stunning looking Xiao Yuxuan These three women were simply three different types of women that any man could only dream of.

They are all so beautiful!

However, Chang Chong Wei did not expect that after Xiao Yuxuan saw him, her eyebrows were furrowed and a look of disgust flashed across her beautiful eyes, then she turned around and was about to leave.

Of course, Chang Chong Wei could not just let them go, since he had taken a fancy to them, they would not be able to run away. He knew that all these years, the women he had taken a fancy to, no matter what kind of star or what kind of young lady, or someone else's wife or someone's daughter, but whatever he had taken a fancy to, it was definitely in his pocket, and it was useless to stop them.

So as soon as he saw Xiao Yuxuan and the three of them wanted to leave, Chang Chongwei immediately stepped forward to stop them from leaving.

However, he was angrily rebuked by Xiao Yuxuan, and even Xiao Yuxuan was extremely rude when he spoke, not treating him as a grandson at all, and not giving him any face at all.

How could Chang Chongwei stop there?

It was precisely because of this that the scene became stagnant, and the scene that everyone saw happened.

“All right, all right, I’m exchanging feelings with this beautiful woman, don’t look, do what you need to do!” Chang Chong Wei saw that many people around were looking this way, he immediately frowned and waved his hand impatiently.

What kind of bullshit metropolis people, they don’t know the rules at all. In the past, when Chong was screwing women in Jiangnan, who dared to gather around and watch?

Xiao Yuxuan glanced at Chang Chongwei in disgust, turned around and left. With this kind of person, Xiao Yuxuan did not want to say a word more, she was afraid of being disgusted with herself.

“Beauty, it’s not polite for you to leave like that.” When Chang Chong Wei saw that Xiao Yuxuan was not shrugging him off at all, his face sank: “You can ask around in Jiangnan, no one has dared to disrespect my brother Chong so much, those who dare to do so have either disappeared into obscurity or, in the end, ended up on their knees begging for mercy in front of me ……”

As he spoke, Chang Chong Wei had already taken a few quick steps and stopped the three Xiao Yuxuan once again.

“Get out of the way!”

Xiao Yuxuan stared at him coldly.

“Which company are you a star of? Are you a movie star, or a singer?” Chang Chong Wei didn’t seem to hear Xiao Yuxuan’s angry rebuke, instead he asked in a deep voice, “Give me your boss’s phone number, I’ll talk to him personally, and, if you know my identity, I think, a smile should appear on your face ……”

With that, Chang Chongwei was about to reach out to pick Xiao Yuxuan’s chin.

“Hoo~~!”

The white spider fiercely stepped forward and clasped Chang Chongwei’s wrist, “You’d better pay attention and don’t find yourself in trouble!”

“I’m looking for trouble?” Chang Chongwei was stunned, and then laughed, “Ha! I’m still looking for trouble, all these years, I really don’t know what trouble looks like!”

“Hoo~~!” The white spider’s face sank as he flicked his wrist and sent it fiercely forward, Chang Chongwei instantly felt a strong force coming from him, his whole body instantly stomped back a few steps, his face suddenly changed and he looked at the white spider in astonishment.

“If you dare to move again, the claws will be chopped off for you!” The white spider said coldly.

“Fine! Bravo!”

Chang Chongwei stood firm and looked at Xiao Yuxuan’s three women sorrowfully, giving a thumbs up at the same time, “You guys are amazing!”

His face sank furiously as he shouted coldly, “Motherfucker! I don’t care who you are, if I don’t let you three smelly bitches kneel down and lick for me today, I’ll ……”

“Chong Wei, don’t talk nonsense!” Before Chang Chong Wei could finish his words, he heard an urgent bellow suddenly coming from not far away, yet before Chang Chong Wei could react, he suddenly felt a strong wind sweeping past his ears.

“Slap!”

A slap fiercely slapped Chang Chongwei’s face, and in a flash, Chang Chongwei only felt a sudden, hot and painful sensation coming from his face, and his ear door even rattled, and his whole body did not even have a half-hearted reaction, so he just instantly fell to the ground.

“Ugh!” Chang Chongwei’s eyes were sparkling from this blow, and his whole body was dizzy, struggling on the ground for a while, but he actually didn’t get up!

With a gloomy face, Ji Shaolei stepped on Chang Chongwei’s face, just like that, stepping on him under his feet and said coldly, “You don’t know what you’re doing, you want to die, right? Then I’ll make you whole!”

The power of his slap was harder than an average person’s kick, and Chang Chongwei was lucky that he was not knocked unconscious after being hit by a cold blow.

Now that he was being stepped on by Ji Shaolei, Chang Chongwei could only push his feet with both hands, but he could not push at all and could only make a whimpering sound from his mouth.

At this time, the people around him were already in an uproar.

Originally, the people present had been very uncomfortable with Chang Chongwei’s arrogance, but now they suddenly realised that the person this grandson had offended was actually Ji Shaolei!

Obviously, Ji Shaolei had a relationship with those three girls, although I didn’t know what the relationship was, but since Ji Shaolei had stood up for them, it naturally went without saying that this grandson on the ground was going to be unlucky.

He deserved it!

The other people could not help but say, but they were all worldly and dignified people, so they did not talk like those city folk, but looking at the strange eyes of these people, they knew that in their hearts, they must have been slandering a lot!

This man was really looking for death, he had no choice but to mess with Ji Shaolei!

What was he doing? Flirting with the woman beside Ji Shaolei?

He was really looking for death!

“Shao Lei, Shao Lei, this is a misunderstanding” At this moment, He Hongwei quickly came over, with a bitter smile and anxious look on his face, “Shao Lei, stop first!”

“Stop?!”

Ji Shao Lei looked at him with a smirk and asked, “Why?”

“Ah” Chang Chongwei, who was lying on the ground, immediately let out a miserable scream, it turned out that when Ji Shaolei was talking with He Hongwei, that leather shoe twisted on Chang Chongwei’s face, violently, and immediately that face became bloody and miserable.

And Chang Chongwei’s scream was equally miserable!

The corners of He Hongwei’s eyes jumped wildly a few times as he watched, and said in a panic, “Shao Lei, stop first, have a good talk, don’t do it!”

He said, He Hongwei hurriedly pulled Ji Shaolei, pulled him away and whispered, “Shaolei, this man is just a pig brain, don’t behave with him, just beat him twice to get rid of his anger”

“Two hits?!”

A voice suddenly sneered, “Easy for you to say!”

Chapter 1216

As soon as he heard this voice, He Hongwei couldn’t help but smile bitterly, the one who spoke was no other than Ji Feng!

Not only did Chang Chongwei want to molest Ji Feng’s girlfriend without knowing what he was doing, but after being rejected, he actually spoke out of turn and insulted Xiao Yuxuan.

Putting himself in his place, He Hongwei felt that if this matter were to be his own, Chang Chongwei’s legs would definitely not be saved. What’s more, it was now Ji Feng who had an even fiercer temper and character?

What could be done about this!

“Ah” Chang Chongwei groaned in pain and got up from the ground with difficulty, one side of his face was already covered in blood, the other side was also in a mess, and his head, which was originally combed like a dog lick, was also messy.

Chang Chongwei stared at Ji Shaolei and then at Ji Feng with resentment, and said in a hateful voice: “Good, good! How dare you make a move against me! If I can let you guys live past three days, I, Chang Chongwei, am a son of a bitch!”

“Duh, duh”

Without saying a word, Ji Shaolei directly took out his mobile phone and started dialing the number.

He Hongwei took a look and his face changed, he panicked and pressed his hand on Ji Shaolei’s phone, smiling bitterly, “Shaolei, don’t do it first, give me face, there’s some misunderstanding in the middle, okay?”

“He Hongwei, with your face on, my brother’s girlfriend can just be molested? We can just be scolded?” Ji Shaolei’s face sank as he said coldly, “Now I’m already giving you face by not killing him on the spot, Young Master He, if you know what’s right, you’d better not ask about this matter, and if you have to stand in the way, I’ll even clean you up!”

“Ji Shao Lei!”

He Hongwei's eyes glared at once, "Watch what you say, I'm not just protecting him because I can't save my face, it's for your own good too!"

"I don't need to!" Ji Shaolei snorted coldly, "Get out of my way immediately!"

He Hongwei was instantly anxious in his heart as he gritted his teeth, "Ji Shaolei, if you move him, your family will definitely be somewhat passive, you know?!"

"I'm telling you, even if the King of Heaven comes today, I don't care!" Ji Shaolei sneered.

"Hong Wei, let go of him, I'll see what they can do to me!" Chang Chongwei said with gritted teeth beside him, and then, he looked at Ji Shaolei and laughed fiercely, "Kid, grandpa I have also been in the road, if you don't get me killed today, I will definitely exterminate your whole family ah"

Before he could finish his words, the whole man suddenly let out a miserable and incomparable scream, and immediately, he saw a foot raised high and smashed directly on Chang Chongwei's shoulder.

In an instant, a click was heard, and Chang Chongwei's whole body immediately fell to the ground, his shoulder blade was broken!

Along with Chang Chongwei's miserable scream, his face was completely distorted, while at that moment, Ji Feng's face, however, appeared in his line of sight.

"I've put up with you for a long time!" Ji Feng said coldly.

"Well~~!"

Chang Chongwei fell to the ground, his shoulder blade was smashed and broken, his body was even more painful as he kept shaking, he looked at Ji Feng with even more resentment, "You're dead, you, you're really dead!"

"Fuck!"

Ji Shaolei immediately cursed angrily and went up to make a move: "Son of a bitch, at this point in time, you still dare to talk tough"

"Shao Lei! Calm down Shao Lei!" He Hongwei hastened to hold him, panicked, "Li Weidong, where is Li Weidong, can't you see that it is already impossible to end the scene, you still don't send someone to carry the injured away! Waiting to see the fun!"

He Hongwei knew that once Ji Shaolei's temper flared up, no one could stop him, and no one dared to do so.

But now there was another Ji Feng to add to the mix, so there was no way to stop him.

Once these two brothers get into trouble, even many people of the older generation will have to think twice before they dare to speak up, so the best thing to do now is to take Chang Chongwei away so that Ji Shaolei and Ji Feng can't find a target even if they want to make a move, so that they can temporarily cool off!

And at this time, Li Weidong who was standing in the crowd was laughing bitterly, what the hell is that son of a bitch, how did he mess with Xiao Yuxuan, he really thought that the two brothers of the Ji family were dead people!

But now, when the matter came out, it was still his business as the host!

Helplessly, Li Weidong immediately ordered the waiter and was about to help Chang Chongwei away, but he was abruptly stopped by a stout figure, it was Ji Feng.

At this moment, Ji Feng took a fierce step forward and came to the front of Chang Chongwei, and also happened to block those waiters. One of the waiters wanted to go around Ji Feng and help Chang Chongwei, but was swept by Ji Feng's cold gaze and was so scared that he didn't even dare to move.

"I'll see if any of you dare to move!" Ji Feng was like a vicious tiger before he was about to pounce on his food, his gaze swept over, and everyone couldn't help but subconsciously back up.

"Pop!"

Ji Feng stomped on Chang Chongwei's chest, and immediately stomped him directly to the ground, muffling a painful sound, but his eyes looked at Ji Feng with even more resentment, as if he would rather die than give in, "If you have the guts, you can kill me now!"

"Chong Wei, stop talking nonsense!" He Hongwei shouted anxiously and wanted to go over, but now it was Ji Shaolei who was pulling him back, so that he didn't even have the chance to go over and stop him. How strong was Ji Shaolei's strength, and how could He Hongwei resist it?

"Ji Feng, Ji Feng must show mercy, he's a bastard, but his old man, his grandfather, that's all from Yanjing!" Helplessly, He Hongwei could only shout, "Ji Feng, let go of him first, let's find a quiet place, I'll slowly tell you about this matter again, there will definitely not be the slightest concealment, okay?"

In his heart, he was even more anxious and angry, this Chang Chongwei was still acting as a hero at this time, did he really think that Ji Feng didn't dare to kill him?

This is Jiangzhou, Ji Feng is a small TZ of the Ji Department, not the ordinary people who are bullied by Chang Chongwei, others do not dare or have the ability to move him, but if Ji Feng wants to kill him, it is really not much more difficult than crushing an ant!

But at this moment, Ji Feng, as if he did not hear He Hongwei's words, he stared straight into Chang Chongwei's resentful eyes, and a cold light flashed in his eyes.

Ji Feng said indifferently, "You said this, originally I was going to put up with it, since you're so eager to die, then I'll make it up to you"

As soon as the words left his mouth, one of his feet was violently raised high and kicked straight down at Chang Chongwei, "Laozi has put up with you for a long time, today I will send you to hell!"

Hoo~~!

In a flash, a horrified look flashed in Chang Chongwei's eyes, and his face even showed a shocked expression, opening his mouth wide to call for help, but Ji Feng's action was too fast and too harsh, so that he even forgot for a moment that he still had to make a sound to call for help.

“Ji Feng, don’t!” Suddenly, an urgent shout came from the side, but it was Xiao Yuxuan who called out to him in the heat of the moment.

“Hoo~~!”

Ji Feng’s speed was really too fast, when he heard the sound it was already too late to retract his foot, so he could only hurriedly shift his direction and finally kicked Chang Chong Wei in the arm.

“Crunch!” A sound, before anyone could react, Chang Chongwei’s arm was instantly broken by Ji Feng’s kick, and from the position of the elbow, it showed a completely abnormal twist, as if it had been snapped off by someone, it really made one’s scalp tingle at the sight!

The whole meeting room was silent for a moment.

“..... Ah...!” The next moment, a miserable scream of pain to the extreme, issued from Chang Chongwei’s mouth, making his whole body tremble in pain, one side of his face was twisted by Ji Shaolei with a leather shoe, bloody flesh, his arm was broken by Ji Feng’s kick, the whole person was really in a mess to the extreme.

It was like one of those pigs that had their hair removed!

Looking at Chang Chongwei, who was limp on the ground, screaming in pain and misery, there was not the slightest sympathy in Ji Feng’s eyes, instead, he was still walking forward step by step, with a murderous intent emerging in his eyes.

This scene, looking at everyone present could not help but the scalp tingling, body cold, goose bumps!

“How, how did this guy become so terrifying?” Li Weidong’s scalp tingled as he looked at the fierce and vicious Ji Feng, and he couldn’t help but subconsciously swallow his saliva.

At this time, he did not dare to go out and save Chang Chongwei, in case he angered Ji Feng, it would not be fun.

Some of the other businessmen were even more frightened and their legs were trembling.

It was not that they cared about Ji Feng’s viciousness and ruthlessness, but part of them knew Ji Feng’s name, and seeing him so angry, those people naturally trembled in their hearts, while the other part, however, knew Ji Shaolei, so they naturally understood approximately what was going on, and were afraid that the son of the secretary of the municipal party committee would vent his anger on their heads, especially those who were watching around just now, were a bit uneasy in their hearts.

“Ji Feng, that’s enough!” He Hongwei shouted, “Do you really want to put your family in complete passivity?! Your family is in such a good situation now, you don’t want to ruin it single-handedly!”

Ji Feng finally looked back at him and said with a smirk, “I can’t do that when I’m being ridden over and shit on, and I still don’t even move a bit!”

“You’ve already beaten him, look at the way he is now, you can’t beat him to death, can you?” He Hongwei said anxiously, “Ji Feng, I’m only advising you like this because I consider you a friend, if I want you to be unlucky, then I’d be happy if you beat him to death, Ji Feng, you really can’t fight anymore, or else something will go terribly wrong!”

“Can’t fight anymore?”

Ji Feng raised his eyebrows and nodded, “Yeah, listen to you”

Bang!

Before the words could fully fall, he instantly kicked, once again stepping on Chang Chongwei’s other arm, directly breaking his other arm as well.

“Ah...”

Chang Chongwei almost fainted from the pain, his entire body was constantly trembling and rolling on the ground, so it was clear how much pain he was in.

Chapter 1217

With Chang Chongwei’s miserable screams, He Hongwei closed his eyes helplessly, he could see that even if Ji Feng knew that he, He Hongwei, was not lying and was doing it for Ji Feng’s good, Ji Feng would not stop.

This was Ji Feng’s real anger!

It was as if He Hongwei could already see Ji Feng kicking Chang Chongwei to death one foot at a time!

“Shao Lei, hurry up and persuade this brother of yours, let’s not talk about anything else, just in case he kills someone here in front of so many people, then no one will be able to protect him! What do you think?” He Hongwei said eagerly, “Besides, behind Chang Chongwei, there are figures that you and I both need to be afraid of!”

Ji Shaolei frowned slightly, but didn’t say anything.

“Hurry up!”

He Hongwei drank, “Do you really want Ji Feng to be arrested and killed just like that!”

Ji Shaolei shook his head and said, “Then you still don’t know San’er very well, once this kid gets angry, no one can stop him, unless the old man can come!”

“.....” He Hongwei couldn’t help but smile bitterly as he gritted his teeth, “The two of us go over and hold him in place to keep him from messing up, we mustn’t let him mess up, otherwise, there’s really no way to end things!”

Ji Shaolei frowned slightly and gave He Hongwei a deep look.

“What are you looking at, I can still lie at this time?!” He Hongwei was furious at his look and shouted.

“Go!” Ji Shaolei finally nodded and agreed to He Hongwei’s proposal. No matter what, he couldn’t kill the man here, even if this beast on the ground had done something no longer human, he couldn’t die in Ji Feng’s hands. Not for any other reason, just because of a word of law, no!

The reason couldn’t be simpler – Ji Feng wasn’t an enforcer, so he still had to pay for killing someone!

It would not be worthwhile to put Ji Feng's life on the line again for such a dog-like thing, and it was with this in mind that Ji Shaolei agreed to He Hongwei's proposal.

However, before the two of them could go up, the crowd suddenly saw a human figure fiercely scurry out and stop Ji Feng.

"Stop, no more fighting, you're breaking the law!"

In front of Ji Feng, a woman wearing an evening dress and with a very beautiful face was staring closely at Ji Feng and shouted.

This woman was no other than the sister of the owner of this club, Li Weidong, Li Ruonan, the female Tyrannosaurus policeman who once had a very deep encounter with Ji Feng!

"Ji Feng, you're not allowed to hit again, it's already a minor injury now, if you hit again, you'll break the criminal law, you'll be sentenced to jail!" Li Ruonan shouted delicately.

Ji Feng frowned at her and said in a deep voice, "Get out of the way!"

"I'm a police officer, I can't possibly watch you hurt people in front of me!" Li Ruonan said firmly.

"Hoo~~!"

Without saying a word, Ji Feng directly stepped forward and punched towards Li Ruonan with a harsh punch.

"Ji Feng, don't do it!" Xiao Yuxuan hurriedly shouted.

Li Ruonan, however, closed her eyes, but did not step back, and had no intention of getting out of the way.

Swish!

Ji Feng's fist stopped in front of Li Ruonan's heel, only a few centimeters away from her face, the wind of the fist blew Li Ruonan's hair up, as long as his fist was a little further forward, Li Ruonan's face would be deformed.

The venue was silent as all eyes were fixed on Ji Feng and Li Ruonan, especially He Hongwei, who was even more nervous.

Whether this conflict could continue or not depended on whether Li Ruonan could stop Ji Feng.

However, just at this time, Xiao Yuxuan came to Ji Feng's side, pulled his arm and said softly, "Ji Feng, forget it, you've already beaten him, let's leave it at that, it's not good to continue"

Ji Feng was silent for a moment before he withdrew his fist, gave a cold glance at Chang Chongwei who was lying on the ground, turned around and left.

"You, you wait" Chang Chongwei gritted his teeth and said with resentment, "I will definitely not let you go!"

"Chong Wei, shut up!" He Hongwei bellowed.

This fool, couldn't he see that Ji Feng was simply in a fit of anger, if he provoked him again at this time, it would be strange if Chang Chongwei could save his little life!

Swish!

A cold light flashed in Ji Feng's eyes, he snapped back, stared at Chang Chongwei and sneered, "You're right, this isn't over, and I will definitely not let you go!"

After saying that, Ji Feng took Xiao Yuxuan with him and walked out with big strides.

"Humph! Don't know how to live and die!" Ji Shaolei also snorted coldly and quickly followed.

"Bastard!" Chang Chongwei gritted his teeth and cursed angrily.

He Hongwei glanced in disgust at Chang Chongwei, who was still talking tough, took a deep breath and turned his head, "Li Weidong, please arrange for someone to take him to the hospital immediately, Hongqiang, you also follow along."

"Oh!"

At this time, He Hongqiang, who was hiding in the crowd, hurriedly came out and hurriedly lifted Chang Chongwei, who had been beaten miserably, together with Li Weidong, and rushed to the hospital.

Seeing Chang Chongwei's miserable appearance, He Hongqiang was really happy in his heart.

He deserved it!

He Hongqiang laughed in his heart, this Chang Chongwei usually looks like he thinks he is all powerful, he thinks he has an identity, he looks at this and that all day long, who dares to offend him, this will take action to clean up others.

He even has a feeling of being above the law, even in front of the two brothers He Hongwei, he actually looks like a big brother, and is not even modest at all.

Moreover, sometimes he even gave He Hongqiang a lecture from time to time.

Now it's good, great!

He had messed with this and that, and now he had messed with the wrong person.

The corners of He Hongqiang's mouth twitched violently a few times, forcing himself not to laugh out, and together with Li Weidong, carried Chang Chongwei out.

"..... fuck! What the hell!"

Seeing this scene, He Hongwei couldn't help but curse, and after looking at the door, he still hurriedly chased after him. The matter today must be explained to Ji Feng as soon as possible, otherwise, it was likely that an extremely deep misunderstanding would arise between him and Ji Feng, and it would be difficult to unravel it at that time.

It is possible that the two of them may be strangers from now on, and even the cooperation will fall apart, and that will really have a big impact.

Even if these things are not taken into account, such as making money, family and so on, but there is one thing that He Hongwei cannot forget, when he and Ji Feng first met officially, he was attacked and killed by Dynasty's assassins, but Ji Feng sacrificed his life, recklessly drove over, which saved his life.

If it wasn't for Ji Feng, I'm afraid that He Hongwei would have gone to the ground to meet the King of Hell.

Moreover, in that situation, Ji Feng drove his car into him, that was completely reckless, which contained great risks, really sacrificed his life!

He Hongwei would never forget this life-saving grace alone, let alone return the favor.

However, if Ji Feng really misunderstood him, then even if he wanted to repay the favour, he would not have the chance to do so!

Thinking of this, He Hongwei hurriedly quickened his steps and hurried towards the outside.

"What a mess this is, what a bastard!"

While walking outside, He Hongwei couldn't help but shake his head and laugh bitterly, this damned Chang Chongwei, who don't you want to mess with, you want to mess with Ji Feng, do you really think you can compare with Ji Feng just because you have some status?

Even if we put aside the status, just talking about personal ability and energy, those ten Chang Chongwei are still no match for one Ji Feng!

Chang Chongwei was able to rise quickly in just a few years and make a name for himself in Jiangnan because someone was helping him behind the scenes. Moreover, there was also a certain elder who asked for connections and gave up his face to find someone to help Chang Chongwei, so that this fool could transform from a small hooligan to a business tycoon!

How could he compare with Ji Feng?

The more He Hongwei thought about it, the angrier he became, and his footsteps couldn't help but speed up, it wasn't worth it to fall out with Ji Feng just for such a stupid bastard!

When He Hongwei chased him to the car park and saw Ji Feng standing by his car on the phone, he hurriedly stopped and approached slowly. However, when He Hongwei heard what Ji Feng was talking on the phone, he instantly stared in astonishment.

"What did you say, Lei Zi? Chang Chongwei is he has a relationship with the Yanjing Zhao family?" Ji Feng asked in consternation.

"That's right, I have inquired into the news that Chang Chongwei has a very close relationship with the Yanjing Zhao family and is most likely the illegitimate son of someone in the Zhao family, this is what I heard from the few guys who were cleaned up by Chang Chongwei, based on what I have learned, this news is very credible!" Zhang Lei said.

"The Zhao family" Ji Feng couldn't help but frown: "This family doesn't seem to be very big!"

Ji Feng had vaguely heard that there was indeed a Zhao family in Yanjing, but it only belonged to a third-rate family, barely able to be considered second-rate, whether there were any outstanding representatives in the specific family, at least, Ji Feng had not heard of them.

“It’s true that it’s not a big family, however, the influence of the Zhao family is not small at all, I’m not too sure about the details, you can check it out first, I can’t go back today, stay here and ask around again, if I have more definite news, I’ll go back!” Zhang Lei said.

“That’s good, you be careful!” Ji Feng said.

After closing the line, Ji Feng couldn’t help but shake his head slightly and said to himself, “The Zhao family Chang Chongwei is the illegitimate son of the Zhao family? Heh, how impressive!”

In fact, Ji Feng’s heart, on the other hand, is somewhat convinced, Yanjing’s family in the eyes of certain people at the local level, that are unattainable, at least, that is also straight to the hearing of the sky, the foot of the son of heaven.

That’s why people from Yanjing are often superior to others, and some of the local leaders are very respectful and give face. If Chang Chongwei was really developing with the power of the Zhao family, some of his deeds would all be understandable.

A stern look could not help but flash across his face as he sneered, “I don’t care what Zhao family you don’t have

After saying that, he immediately dialed a number.

“Big brother, this is Xiao Feng, I have something to trouble you I have a report material about the Chang Group in Tongzhou, find someone to pass it directly to the leaders of Jiangnan Province

He Hongwei, who was not far away, suddenly had a big shock in his heart!

Chapter 1218

Ji Feng wanted to move Chang Chongwei!

He Hongwei’s heart suddenly shook sharply and he was so shocked that he almost made a sound.

At this time, He Hongwei couldn’t help but recall the words Ji Feng had just said in the meeting hall

You’re right, this is not over, and I will definitely not let you off the hook.

Now He Hongwei can truly be sure that in the meeting place, Ji Feng did not put harsh words, but was really telling Chang Chongwei, boy, you are dead!

Obviously, Ji Feng must have a lot of evidence in his hands, and with Ji Feng’s style of acting, he would definitely not take the initiative to give people the blame, so it was obvious that this time Ji Feng was doing the same, he was going to come to the bottom of the barrel, directly slap Chang Chongwei to the ground, and definitely would not give him any chance to turn around!

“This is the end!” He Hongwei couldn’t help but secretly smile bitterly, Ji Feng had already started to make his move, the possibility of getting him to stop at this time was really pitifully small.

However, He Hongwei absolutely couldn't just stand by and watch Ji Feng directly kill Chang Chongwei in one go, no matter what his thoughts were, he couldn't just stand by and watch, otherwise, this matter would make Ji Feng extremely passive. At the same time, it would also bring shame to both Chang Chongwei and a certain elder.

If things went on like this, it would definitely end in a lose-lose situation.

Therefore, He Hongwei clenched his teeth and was ready to hurry over to stop Ji Feng, but just then, he heard Ji Feng continue to say into the phone: "That's right, it's the Chang Group in Tongzhou, Jiangnan. I have accurate information and can confirm that the rise of this Chang Group definitely has very dirty insider secrets. Investigated, it is definitely enough to be shot ten times"

The actual fact is that if the matter really becomes a fait accompli, then there is really no way to stop it.

Therefore, He Hongwei couldn't think much about it and hurriedly ran over while shouting, "Ji Feng, Ji Feng!"

Ji Feng immediately frowned and looked back, but found that it was He Hongwei, who immediately spoke into the phone before shaking his head and hanging up the phone.

"Young Master He, you're here to stop me from absconding from my crime?" Ji Feng looked at He Hongwei, who had rushed all the way over, and asked indifferently.

He Hongwei instantly smiled bitterly, Ji Feng was classifying him as an undesirable person as well. But he couldn't back down because of this, he had to stop Ji Feng, otherwise this matter would get bigger and bigger, and he would end up in real trouble.

"Ji Feng, don't get angry first, I know you're in a bad mood, how about this, let's just find a place to sit and I'll tell you the details of what happened, can't we?" He Hongwei said, "You're so impulsive now, that's because you don't understand the inside story, take your breath away first, calm down, wait for you to figure things out, then decide what to do, that's not too late, what do you think?"

"There's still inside information?" Ji Feng hummed, "What inside information? Isn't Chang Chongwei the illegitimate son of someone from the Zhao family in Yanjing? What, could he be your He family's"

"How is that possible!" He Hongwei shook his head and laughed, "How can he be related to our He family" Of course, it can't be said that there is no relationship at all, but there is definitely no blood relationship, the matter in between is a bit complicated, let's find a place to sit down and talk slowly, can't we?"

"Yanjing Zhao family?"

At this time, Ji Shaolei walked over from the side, he frowned at He Hongwei, "You're talking about the Zhao family that Zhao Guosheng is from?"

"Aigoo, finally a man of understanding has come, Shaolei, tell Ji Feng, is this matter very troublesome!" Once He Hongwei saw Ji Shaolei, he let out a slight sigh of relief and said, "Ji Feng, since you're not often in Yanjing, it's normal that you haven't heard about these inside stories, but if you don't believe me, you can ask Shaolei and see if I'm right!"

Ji Feng's brow furrowed, and in fact, in his heart, he had long sensed that something was wrong.

If Chang Chongwei was really the illegitimate son of the He family, then He Hongwei would have given himself a hint and definitely wouldn't have been so bitterly persuaded.

What's more, with He Hongwei's status, he wouldn't be so low as to beg himself. So obviously, this matter is definitely not ordinary, maybe there is really something else inside, if not, He Hongwei would certainly not be so indulgent to Chang Chongwei.

Although He Hongwei is usually a bit shady, but it is undeniable that in front of the big principles of right and wrong, this guy is still a character, no matter what he does, he can't let people say anything.

So, Chang Chongwei is definitely not the illegitimate son of the He family, and, there must be something else in between.

Only, exactly what kind of inside information is unknown now.

The more important thing is that Ji Feng doesn't want to know at all, no matter what Chang Chongwei is, he has to pay for what he has done.

He only knew that his mother was Xiao Su Mei, a woman who was not very capable but loved him immensely, and that was all.

But even so, Ji Feng was still not afraid of Xu Mo, who had bullied him so much, except that when he was not as strong as others, Ji Feng would choose to back off for a while and then look for an opportunity to deal a fatal blow, which he did to Xu Mo at first.

However, the situation changed later, when his father, Ji Zhenhua, and his younger uncle, Ji Zhenping, suddenly came to his door, giving Ji Feng a home and a backer, and giving him the capital to confront Xu Mo and his son head-on.

But now, it's not the same as back then.

In terms of family history, Ji Feng felt that there was really no family that could completely suppress the Ji family, and that was enough.

Ji Feng did not need to use his family's power to do too much, all he wanted was that the Ji family could withstand the pressure from the other side, and he would do the rest on his own.

As long as the other party does not rely on the family background and dares to fight with Ji Feng with his own power, then Ji Feng is absolutely not afraid of anyone!

..... No matter who it was, he was fearless!

So, don't look at what He Hongwei said so serious, Ji Feng also only slightly hesitated, then once again appraised the confidence.

The actual fact is that you can't get a lot of money from the company.

However, Chang Chongwei insulted Xiao Yuxuan, so how could Ji Feng stop there?

"It's not necessary to sit down, Young Master He, if you have anything to say here, I see that this underground car park is quiet enough, there shouldn't be anyone eavesdropping, right?!" Ji Feng said indifferently.

He Hongwei then shook his head helplessly, he knew that it would be hard to convince this stubborn donkey.

“Ji Feng, don’t be impetuous” He Hongwei said immediately, at the same time, he handed Ji Feng a cigarette and said, “Have a cigarette first to cool down, we’ll talk about it when it calms down.”

Ji Feng shook his head, “Smoking is not necessary, just say what you have to say.”

“He Hongwei, that bastard just now, really has something to do with the Yanjing Zhao family?” Ji Shaolei, however, frowned and asked in a deep voice, “He’s the illegitimate son of the Zhao family? Who is his father?”

“Well, things have come to this point, Ji Feng will know sooner or later anyway Yes, Chang Chongwei really has a relationship with the Zhao family!” He Hongwei nodded, “Of course, this is specific, no one is too sure, but it is indeed true that Chang Chongwei is Zhao Guosheng’s illegitimate son.”

“Zhao Guosheng’s son?” Ji Shaolei’s brow furrowed, “I think it’s also him, other than him, no one else can instruct you He Hongwei, right, humph, the origin is really not small, actually Zhao Guosheng’s son really damn!”

He Hongwei nodded with a bitter smile, “Otherwise, why would I be in such a hurry? Fortunately, Ji Feng didn’t lay a deadly hand, otherwise, there would really be no way to end this matter today!”

“Bullshit!”

Ji Shaolei snorted coldly, “The Zhao family is really living back more and more now, damn it this is a weasel giving birth to a mouse, one generation is worse than another, one nest is worse than another! What the hell! The Zhao family has actually produced such a species”

Listening to Ji Shaolei cursing, He Hongwei could only shake his head and laugh bitterly beside him. Throughout Yanjing, there were indeed many people who resented the Zhao family, especially these sons and daughters of the younger generation, many of whom looked down on the Zhao family. There were not a few who dared to swear so unconcernedly.

However, among the few top families in Yanjing, there were almost none who dared to swear at the Zhao family like that, especially among the younger generation.

Even He Hongqiang, who was such a fop, didn’t he have to put up with it?

Even if that Chang Chongwei is such an asshole, He Hongqiang can only pretend not to see it, there is no way.

The only person who is not afraid of the world is Ji Shaolei, who dares to curse so much without the slightest scruple, but no one else has the guts to do so!

And Ji Feng was the only one who heard something, he frowned and asked, “Second brother, this Zhao family is very bullish?”

In the past, if he was aggrieved by something, when did Ji Shaolei ever break into such a tirade? He was always action-oriented, as long as you dared to stomp on his nose, he would dare to slap you with a big slap, no nonsense at all!

But now, Ji Shaolei was just cursing, but not saying how to deal with Chang Chongwei, which was not his style!

So things were obvious, Ji Feng immediately became clear, this Zhao family should be very some sources, at least, even the second brother Ji Shaolei did not dare to easily say deal with the Zhao family, deal with Chang Chongwei!

Chapter 1219

Ji Feng became somewhat curious.

When did another Zhao family emerge from Yanjing? It was so cowardly that it made the second brother, who was not afraid of anything, hesitate!

In the past, when he was in Yanjing, it seemed that Ji Feng had heard someone mention the Zhao family, and when he thought back carefully, it seemed to be during one of the New Year's celebrations, when he was having dinner at the old man's quadrangle on East Sixth Street, and both the sons and daughters of the side and the direct line were together, and at that time, it seemed that there were two brats at the table chatting idly, and the Zhao family was mentioned.

Because at that time, Ji Feng did not have the slightest intercourse with the Zhao family, so he did not care.

But now it seemed that this Zhao family was really not that simple!

"San'er, I think, let's get in the car first, some things are not good to talk about here, find a quiet place and talk about it in detail!" Ji Shaolei did not directly answer Ji Feng's words, but changed the topic.

Ji Feng just couldn't help but frown, what could be so complicated?

It was just a Yanjing family, if the other party was stronger than the Ji family, then find a way to fight it, if the Zhao family was inferior to the Ji family, then Ji Feng didn't have any scruples, he definitely wouldn't let go of Chang Chongwei. If the Zhao family does not intervene, then it is fine, if they do, Ji Feng is not a vegetarian!

The two sides are already hostile and have reached this point, so there is nothing more to say.

..... is nothing more than that!

Why do you have to make it look like the sky is falling, does it need to be so exaggerated?

"Ji Feng, the Zhao family is not as simple as you think, of course, the Zhao family is not powerful, however, there are many things that can't be said in a sentence or two!" He Hongwei keenly noticed the change in Ji Feng's expression, he immediately said, "So what, let's find a place and talk about it slowly, then you can decide what to do then, that's not too late, what do you think?"

"..... That's fine!" Ji Feng nodded his head.

"That's good!" He Hongwei suddenly let out a long breath and turned his head, "Shao Lei, you're the host here, you're so familiar with Jiangzhou, what's a quieter place around here, you lead the way in the front!"

“You’d better take my car!” Ji Shaolei gave him a look.

He Hongwei nodded and said, “Fine, then I’ll also bother you to be my driver for a while.”

“This is a blessing that you can’t cultivate in several lifetimes!” Ji Shaolei snorted coldly and said in an unkind tone.

He Hongwei did not mind Ji Shaolei’s attitude, he just shook his head and smiled before directly getting into Ji Shaolei’s car.

He is now very remorseful, he really ignored the bad character of Chang Chongwei. If he had understood the conflict between Ji Feng and Chang Chongwei earlier, He Hongwei would not have allowed them to meet at all, and then today’s incident would not have occurred. But to take a step back, this matter is still, in the final analysis, Chang Chongwei’s fault!

He Hongwei couldn’t help but secretly shake his head and cursed angrily in his heart, “Chang Chongwei, this son of a bitch, this fool, you’re relying on your old man’s status to do whatever you want outside, I’ll see how you end up this time! If the Zhao family’s reputation can subdue Ji Feng, then there is still room to manoeuvre in this matter, but if Ji Feng doesn’t buy it at all, then things will be really troublesome, and when the time comes, the first one who can’t escape will be you, this second-rate ancestor!”

“Yu Xuan, let Xiao Ying take you back first, I still have some things to do.” Ji Feng also came to the side of the car and said in a low voice.

“What else are you going to do?”

Xiao Yuxuan asked at once, “That’s all for today, don’t make any more noise.”

Ji Feng couldn’t help but shake his head with a smile and said, “Actually, I don’t want to make a scene either, but just because I don’t want to, doesn’t mean the other party will give up in peace, today’s matter must have a result before rest assured, I won’t suffer any losses.”

“Then you take care of yourself, no matter what the outcome is, always protect yourself first!” Xiao Yuxuan said in a soft voice.

“Don’t worry, I have it in my heart!” Ji Feng smiled and nodded his head.

Xiao Yuxuan’s gaze fell back to the white spider, “White spider, from now on, I’ll leave Ji Feng’s safety to you, remember your duty, if anything really happens to Ji Feng, then you shouldn’t go back either. Do you hear me!”

“Please don’t worry, I will definitely protect Young Ji’s safety!” White Spider immediately nodded her head and said. Now she no longer felt any antipathy towards Xiao Yuxuan’s almost commanding tone and acted very calmly.

“Tick tock”

The vehicle in front of him suddenly sounded its horn, followed by Ji Shaolei driving out first. This was his way of reminding Ji Feng to follow him!

After that, White Spider drove behind.

After leaving the underground car park of Lin Jiang Club, Ji Feng then stopped a taxi for Xiao Ying and Xiao Yuxuan, and watched the two women leave before he turned around and got into the car, following Ji Shaolei's car with Bai Spider, and drove past in a hurry.

.....

“Fuck! Fuck that motherfucker, motherfucking son of a bitch! I'll fuck him ah”

From time to time, such vicious and frowning curses were heard from the wards of Jiangzhou Third People's Hospital, accompanied by the occasional screams of misery.

At this time in a ward, Chang Chongwei's face was clutching gauze, both arms were clamped with wooden boards and in plaster, simply becoming a mummy-like. But even so, he couldn't stop himself from cursing.

“What's that bastard's name? He, his name is Ji Feng, right?” Chang Chong Wei cursed furiously, “I won't let him go, I'll make sure he dies, I want him dead!”

Chang Chong Wei had fallen into a rage, his intense anger had almost made him lose his mind.

The encounter this evening had really infuriated Chang Chongwei.

Over the past few years, when had he ever suffered such humiliation, when had he ever been beaten up so badly?

However, just this evening, he was beaten by Ji Feng and could not get up on the ground. Not only was it Ji Feng, he was first intimidated by a woman, and then, he was slapped on the ground by a bastard who appeared from nowhere, and as a result, before he could recover, he also just cursed twice before he was slapped on the ground again, and even, both of his arms were broken.

It had been years since Chang Chongwei had been beaten in this way. In Tongzhou, he was always the only one who beat others, who dared to beat him?

But tonight he was beaten, and moreover, he was beaten in turn, like a dead dog, being kicked around on the ground! Anyone who was unhappy with him could have kicked him, which made him ashamed to live!

This kind of humiliation had not been experienced by Chang Chongwei for five or six years, but now that he had been beaten up by Ji Feng and Ji Shaolei, it was as if Chang Chongwei had gone back to the feeling he had five or six years ago.

The hatred in Chang Chongwei's heart!

He had originally come from a time when he was bullied and looked down upon by others, so he really hated those days and hated them with a passion!

Under such circumstances, Ji Feng's unforgiving slap seemed to instantly bring Chang Chongwei back to those humiliating days. So just in a flash, the humiliation and all the past experiences of being humiliated and beaten in Chang Chongwei's heart kept coming out, which made him so hateful that he was going crazy!

But at this moment, he could not do anything, he could not even move, both arms were broken, and his face was even bloodied by the hard leather sole of Ji Shao Lei's shoe.

"Fuck! Son of a bitch, motherfucker"

Under the extreme anger, Chang Chongwei could only keep cursing, as a way to vent his anger and resentment.

At this time, on the chair in the corridor outside the door of the ward, He Hongqiang was looking away from the wall, his shoulders constantly shaking, his face so red that it was almost red even to his neck.

He was almost laughing out loud!

It was so painful!

He Hongqiang covered his mouth and laughed as hard as he could, but he just didn't make too much noise. But that kind of laugh really made anyone who saw it unable to stop laughing, he was really having too much fun!

There was nothing better than laughing at the moment, the unstoppable and untouchable Chang Chong Wei, but you are finally being punished!

Great!

He Hongqiang could barely hold back his laughter.

The best part was that Chang Chongwei was actually screaming that he would not let Ji Feng go, which made He Hongqiang even happier, but in his heart he was despised.

He was not going to let Ji Feng go? He said such big words, not afraid that the wind would blow his tongue out!

What a laugh!

The fact that Chang Chongwei's dog days look, he still does not intend to let go of Ji Feng?

Haha

The actual fact is that you can't be able to get a good deal on your own.

If you get Ji Shadong again, hey really at that time, Chang Chongwei should no longer think about how to deal with Ji Feng, but to think, how to save his life!

Really think there is a family background of full influence, you can not put anyone in the eye?

He Hongqiang snorted in his heart, not to mention that you, Chang Chongwei, were only the illegitimate son of the Zhao family, even if you were really the child born to Zhao Guosheng's wife and did such a thing, it would not pass so easily.

The Zhao family does have influence, but that also depends on who it is to! To someone like Ji Shadong He Hongwei might still be useful, but He Hongqiang felt that Ji Feng was not someone who would be easily restrained by anyone, and in that respect, Ji Feng was just like him, He Hongqiang.

“I’m a pugnacious person too!” He Hongqiang said in his heart, “Old me doesn’t put the Zhao family in my eyes either!”

Chapter 1220

He Hongqiang’s heart was so happy that he could hardly express it.

Even if it was his cousins, they would treat him like their own brother, and when they reprimanded him, they did so with good intentions, and no one would dare to lecture him so harshly.

This Chang Chongwei, however, just recognized an old son, and has no qualms about treating himself as a member of the circle, opening and shutting his mouth to the clouds of our circle

The most important thing is that you can get a good idea of what you’re doing.

Although that is a mantra, but, if there is a person who often in front of you how the old me how, heck what so and so, I believe that whoever heard the heart will definitely not be comfortable.

He Hongqiang can’t stand this any more!

But with He Hongwei suppressing him, he couldn’t say anything, so he could only pretend that he couldn’t hear.

But Chang Chongwei is not a bastard who knows how to restrain himself, it’s enough that this guy lectures him from time to time, but sometimes he even lectures He Hongwei!

Does he really think he’s a big shot?

He Hongqiang had long wanted to find a chance to teach Chang Chongwei a lesson, even if he was scolded by his big brother later, he would still accept it.

Before he went to the Linjiang Club, He Hongqiang had made up his mind that he would find a chance to make a big fool out of Chang Chongwei, to make him lose face, to see if he still dared to talk to him with that tone of voice, thinking that he was TZ!

Now, someone had finally taught this bastard a lesson, and He Hongqiang was overjoyed!

“Hongqiang, Hongqiang!”

Chang Chong Wei’s suppressed painful screams came from the hospital room.

“What for?!” He Hongqiang was snickering, and when he heard Chang Chongwei’s screams, he yelled impatiently.

“..... call your brother immediately and get him over here, and also, call the police for me, get that son of a bitch to jail, I’ll get him killed inside!” Chang Chongwei roared.

He Hongqiang couldn’t help but shake his head and stood up, pushing the door into the hospital room.

Looking at Chang Chongwei lying on the hospital bed, wrapped up like a white dumpling, the corners of He Hongqiang’s mouth twitched a few more times and he almost didn’t laugh out loud.

He hurriedly took a deep breath and said, "Chong Wei, take it easy for now, my big brother has already gone after Ji Feng, so you should bear with him for a while, and we'll deal with anything when my big brother returns, okay?"

"Fine, my ass!"

Chang Chong Wei said angrily, "I've been beaten up like this, why is He Hong Wei still chasing him, arrest him immediately and find someone to kill him!"

Idiot!

He Hongqiang gave him a sympathetic look, this bastard was already an idiot, and now that he had been beaten up again, he wouldn't be so angry that he really turned into an idiot, would he?

If that were the case, that would be really great!

"Chong Wei, Ji Feng can't be arrested that easily, besides, if you want to arrest him, you have to think about it!" He Hongqiang stretched his hands, "In a case like yours, the most that can be done is a minor injury, people will pay some money and nothing will happen"

"Bullshit!" Chang Chongwei immediately cursed angrily, "He Hongqiang, you son of a bitch is with who side? I've been beaten up and you're still here talking shit? What the fuck are you! Call He Hongwei immediately"

"Shut up!"

He Hongqiang was furious, and he glared, "Chang Chongwei, who are you cursing? You don't know your last name when you're given some face, do you? Who the hell are you to talk about me, don't be so shameless! I'm telling you, I've put up with you for a long time too!"

"You you, " Chang Chongwei looked at He Hongqiang in shock, not uttering any words for a long time, holding his face red.

"You what you!"

He Hongqiang glared at him, "I'm even telling you, don't feel aggrieved that Ji Feng beat you up, don't think you are great just because you are the seed of the Zhao family, Ji Feng is ten thousand times better than you, and you still want to arrest him? Do you know who he is? The first grandson of the Ji family, the nephew of the secretary of the Jiangzhou Municipal Committee, the son of Minister Ji Zhenhua! What do you have to compare yourself to others?!"

"The Zhao family has influence, but that's also the Zhao family's business, it has nothing halfway to do with you, you're no shit yourself!" He Hongqiang sort of scolded away, "Usually when I give in to you, you think you're something? I'm telling you, if you dare to say one more dirty word to me, I'll scrap you!"

"You"

"Shut up!"

He Hongqiang roared angrily, stiffly making Chang Chongwei hold back from uttering half a word.

“Giving face to shame, and still keep mouthing off to me all day long gave you face, right?” He Hongqiang looked at him with contempt, turned around and walked out.

In his heart, on the other hand, he roared out, cool!

This was a great scolding, even if he came back and was reprimanded by his big brother, it would be worth it, this feeling is too good for words!

“I hope Ji Feng will never be intimidated by the Zhao family, otherwise that would be meaningless.” He Hongqiang said secretly in his heart, “Everyone has taken care of the Zhao family enough over the years, they all have to act like grandsons when they see them, even a wild child dares to scold himself that Ji Feng kid must be tougher, it’s time to give the Zhao family some credit too!”

He glanced back at the ward and secretly said, “It’s up to Ji Feng how this will end, I hope the kid is tougher!”

“Shao He!”

At this time, two people were quickly running over from the corridor, but it was Li Weidong, the owner of Lin Jiang Club, and his sister, Li Ruonan.

“Young Li, what’s the word?!” When He Hongqiang saw the two, a smile immediately appeared on his face.

Although he was the second youngest of the He family, this Li Weidong’s status was not much lower, the son of the mayor of Jiangzhou, his status was also high enough.

Besides, Li Weidong was accompanied by the incomparably beautiful Li Ruonan, so He Hongqiang’s heart started to come alive, so he naturally had to maintain the demeanour of a modest gentleman, this kind of beauty is really a rare sight, much more beautiful than those socialites and celebrities!

Especially, now that Li Ruonan has changed out of her evening gown and put on a police uniform, it is even more heroic and beautiful, which really makes Li Weidong’s heart flutter.

With Li Ruonan’s figure, wearing a police uniform

He Hongqiang’s breathing was a little shortness, and the smile on his face was even brighter.

“Shao He, all the things have been taken care of, the hospital deposit I also paid on behalf of the first, now come to see the injured!” Li Weidong said very apologetically, “I’m really sorry, it’s our security work that wasn’t done properly, that’s why something like this happened”

If people who were familiar with Li Weidong were present and heard these words from him, I’m afraid they would have been so shocked that they wouldn’t have recognized him.

When would the always foppish mayor’s son apologize to others?

In fact, Li Weidong had no choice but to do so. He naturally didn’t want to apologize to others, but he couldn’t help it, the person who was injured now was certainly not an ordinary person, and the guy who could make both He Hongwei and He Hongqiang so nervous, could his head be simple?

Don't look at Li Weidong usually is a dude, but he is not a fool, just a little bit wild, when encountering such things, his mind is still very clear.

"It's hard for young Li, this matter originally has nothing to do with you, it's all because that kid Ji Feng suddenly went crazy" He Hongqiang said smilingly, only, his gaze never left the valiant Li Ruonan, who was dressed in a police uniform.

"Mr. He, what is the condition of the injured person now?" Li Ruonan asked.

He Hongqiang immediately grinned and said, "Nothing, just a broken arm and a little skin on his face, nothing serious. By the way, you are"

"My name is Li Ruonan, I'm a police officer!" Li Ruonan said, "I was at the scene when today's clash happened, now I've reported it to the police, a policeman will arrive soon"

"There's no need to bother the police with this little matter, right?" He Hongqiang smiled, "It's just a little matter, we'll settle it privately."

"This" Li Ruonan was a bit hesitant, she knew what kind of virtues these gentry were, and they were talking about solving it privately, what they called solving it privately was to compare whose energy was greater and whose fist was harder, however, one of the parties was Ji Feng, and this side But this side is not small, she does not want Ji Feng to suffer.

"Older sister, I think He Shao is right, let them settle this matter privately, after all, even if this matter is handled by the official, it is not a serious matter, it mainly depends on the opinions of both of them, and in the end it is definitely mediation, don't you think so?" Li Weidong hurriedly said.

Li Ruonan couldn't help but glare at him, this guy just wanted to see Ji Feng unlucky, his little thoughts, how could Li Ruonan not know?

However, what Li Weidong said was not without reason, and after a moment of deliberation, Li Ruonan could only nod and said, "Be sure to try to negotiate a solution, don't do it again, it's not good for both of you!"

"No problem, no problem!" He Hongqiang said with a smile, "Miss Li, you are really a good and serious police officer, I think this way, this matter must have follow-up problems, why don't you leave me a phone number, when the time comes, I can also inform you, what do you think?"

"..... Okay!" Li Ruonan casually took out a small notebook from her pocket, wrote a number and handed it to He Hongqiang, and after that, she said, "Sorry ah, I still have some business over there, if there is anything you can call this number!"

After saying that, she hurriedly turned around and walked away.

"Hey" He Hongqiang still wanted to speak, but when he saw Li Ruonan's back, he could only shake his head helplessly.

Li Weidong, who was watching next to him, was smiling faintly

At this time, Li Ruonan, however, had already dialed Ji Feng's phone number, "Hello, Ji Feng, this is Li Ruonan, where are you?"

“At the big stall!” Ji Feng said, “What’s wrong?”

“Where’s the big stall? Where exactly is the location?” Li Ruonan asked.

“Just a few kilometres south of the Linjiang Club, there’s a big stall” Ji Feng hadn’t finished his words before he was interrupted by Li Ruonan.

“I know that place, wait for me there, I’ll be right over!” Li Ruonan finished speaking and hung up the phone straight away.
