Chapter 1221

“Hey, hey hey”

Ji Feng shouted several times without any echo, immediately after that, a busy tone came from the phone receiver, he couldn't help but be stunned: “What is this girl up to, still such a windy nature, talking and hanging up”

This is a big stall not far from the Linjiang Club, Ji Feng, Ji Shaolei and He Hongwei, three people, are sitting in front of the table, in front of them, there are two big plates of mutton skewers, and some other grilled vegetables and other food, and under the table, are two cases of beer.

Although it is now early autumn, the weather is still very hot, so in the evening, everyone likes to have a barbecue and some beer, and the price is not very high, and the atmosphere is very good when a few people get together.

Especially when you get excited about drinking, you might even take off your T-shirt and talk and shout naked, which is much more fun than eating in some elegant restaurant.

Of course, especially the northerners love this kind of eating more, in contrast, not too much in the south.

When Ji Feng came here, the three of them also happened to see this roadside stall by chance, and there weren't many people here.

So the three of them got out of the car directly and came to the stall, choosing a seat inside, so that even if they spoke a little louder here, there would definitely be no one deliberately listening.

What's more, there was a white spider sitting at another table to prevent anyone from trying to eavesdrop or anyone with ill intent.

The three of them could talk here with great confidence.

“San'er, who is it?” Looking at Ji Feng's very stunned expression, Ji Shaolei couldn't help but ask.

“Li Ruonan, that's Li Weidong's sister who is a police officer.” Ji Feng said.

“Who?!”

Ji Shaolei was stunned, he looked at Ji Feng in amazement and asked with a surprised face, “San'er, when did you kid hook up with Li Ruo'nan again? Didn't you say before that you were just ordinary friends? How come you're still calling in the middle of the night?”

When he thought of Li Ruonan blocking Ji Feng's way at the Linjiang Club, Ji Shaolei had an idea.

This kid, San'er, is really quick and accurate, that Li Ruonan, if she had a better temper, she would really be a beauty, and she's really attractive to men!

“Come on, second brother, how can I be in the mood to pull that right now!” The most important thing I’m concerned about now is the Zhao family you guys are talking about, what exactly is the origin of the family? Just one of their sons can kill me at will, but I can’t even retaliate?”

“Let’s not talk about that, have some wine to cool down first.” He Hongwei said smilingly, “Anyway, we have already come out, then whatever is left to say, we can talk slowly.”

He Hongwei first picked up the wine bottle and poured wine for Ji Shaolei and Ji Feng respectively, before he smiled, “I’m not good at anything else, but I think there is one thing that is still very good. No matter how big things happen, my reaction is always a beat slower than others, so that way then, I seem more laid back.”

“That’s atmospheric of you!” Ji Feng said.

“Well, it’s barely!” Ji Shaolei gave his own assessment, discounting Ji Feng’s words.

He Hongwei then smiled, he knew very well that it was really rare to hear words of praise for himself from Ji Shaolei’s mouth, so he didn’t even care if what Ji Shaolei said was good or not.

“Atmospheric or not, let’s put this aside for now.” He Hongwei smiled and lifted his wine glass, clinked a glass with Ji Shaolei and the two of them, and laughed, “Anyway, I think that after reacting a beat slower than others, when something happens, instead, you can think calmly and do things more thoughtfully.”

“That’s what you’ve learned?” Ji Feng tilted his head and drank down a glass of beer, and then asked with a smile.

“It can barely be considered my insight, but it’s actually just a way of dealing with people in the world!” He Hongwei laughed, “I used to be very quick-tempered, but ever since I had a setback at university, I’ve become like this, and slowly, I’ve come to realise that this way is still beneficial.”

Ji Feng then smiled as he nodded and said, “Indeed, each way has its own unique benefits.”

He understood the meaning of He Hongwei’s words very well, the so-called setback he had received at the university was actually when he was counted once by Wu Zhiyong because of the matter of women.

Of course, what exactly happened in between then, Ji Feng didn’t know.

But now it seems that He Hongwei has been still nostalgic until now, it is obvious that that incident at the beginning did not give him a small damage, otherwise, with He Hongwei’s level, his realm, how else could he be nostalgic all the time?

“Alright, the wine has been drunk, it’s time to talk, right?” Ji Feng asked after clinking another glass with He Hongwei, tilting his head and drinking it down, before putting down the glass again.

“Actually, ah, not only do I know about this matter, but Shao Lei should also know about it, right Shao Lei?” He Hongwei nodded and asked Ji Shaolei again, “The elders at home should have told you about it too, right?”

“Indeed they did, but I was away from Yanjing for a long time and almost forgot all about it.” Ji Shaolei shook his head and said, “Besides, you are also a few years older than me, so you should know more than me, so it’s better for you to speak.”

“Fine, then I will speak!”

He Hongwei nodded slightly and said, “Actually, what I know isn’t very clear, especially the exact story of what happened, I don’t think anyone other than the generation that experienced it first hand will ever know it better than them, so I’ll just briefly talk about it, okay?”

Ji Feng frowned slightly, “I haven’t found you to be so full of crap before!”

“You kid,” He Hongwei then couldn’t help but shake his head and said, “The reason I’m talking all this nonsense is because I want you to be mentally prepared first. Well, actually things have to start from decades ago,”

“Wait a minute, you’re telling stories to coax children?” Ji Feng frowned: “I don’t have that much time right now to keep you guys company with this nonsense, if you don’t have something that can impress me, then I have things to do!”

Ji Feng was a bit anxious, now that Chang Chongwei had been beaten by him. If Chang Chongwei really had any powerful background, then once the other party knew about this matter, they would definitely make some moves overnight. Naturally, Ji Feng could not lag behind, he had to use the shortest time to let the leaders of Jiangnan Province know that there was a huge problem with the Chang Group, causing them to pay great attention to it.

In this way, Ji Feng first of all has the initiative, and it is a complete initiative, in this way, he will also be invincible.

However, if he foolishly wasted his time on such idle bullshit, that would be foolish.

Therefore, Ji Feng did not save face with He Hongwei at all, but said directly.

In fact, after experiencing this matter, his friendship with He Hongwei had become closer instead, and all those face or no face had become secondary, although in other dude circles, maybe face was the most important, and many people couldn’t live without it. But, for him, it was all unimportant.

“Can’t you kid have some patience!” He Hongwei shook his head and laughed bitterly, “I was just saying that I’m all half a beat slower than others in my reactions and can’t be considerate?”

“Pah!”

Ji Feng directly took out a few banknotes from his pocket and slapped them on the table.

“San’er, don’t be anxious, Old He is just rubbing your nerves, so that you can get your anger down first!” Ji Shaolei said.

“I’m not angry, say something quickly!” Ji Feng said somewhat helplessly. Even if he had fire in his heart, he was still thinking about how to vent that fire, like how to stomp Chang Chongwei to death without losing his mind.

“Things really have to start decades ago, remember the turmoil’s upheaval, right?” Seeing that Ji Feng’s character was really too tough, He Hongwei also gave up his intention to drag it out any further and finally started talking.

“The turmoil’s decades ago?” Ji Feng was stunned, then nodded his head. Of course he knew what He Hongwei was talking about, it was a big movement that swept the whole country, no one would not know about it.

“At that time, during that big movement that swept the whole country, many people were criticized and sent to the frontier or to certain places where the conditions were very hard, to labor and reform, to receive some kind of baptism” He Hongwei said. “I don’t know how many people died in the labor camp, anyway, the situation at that time we have not seen with our own eyes, but only through imagination

Ji Feng frowned, how is this thing still linked to something so long ago?

“In fact, this is the crux of the matter, because at that time there was a head of the labor camp, to the then several old generals are very respectful, so then, he had successively in the dark respectively to those several old generals quite a lot of help, only to let them all survive, and finally had a frightening without danger to survive that calamity!”

“The person in charge of that labor camp, surnamed Zhao?” Ji Feng immediately realised what was going on and asked at once.

He Hongwei looked at Ji Feng and nodded his head, “Now, you understand, right?”

“Understood!”

Ji Feng nodded slightly, “That person in charge surnamed Zhao, I guess, is someone from the Zhao family?”

This was the only explanation that made sense, why an unknown Zhao family would have so much influence in Yanjing, even the He family was afraid of them, and He Hongwei had such a good relationship with Chang Chongwei!

There was only one reason for this, someone from the Zhao family had given some help to many big shots who were in trouble, although the help might not be great, it was very rare and valuable, because that little help might have caused those big shots to be helped through the difficult times and survive when they were about to be killed or starved to death.

This is a great favour!

Chapter 1222

After listening to He Hongwei finish the reason for this, Ji Feng couldn’t help but be silent, his brow furrowed.

The people of the Zhao family had a kindness, or rather, an indirect kindness, to certain old generals, and this reason alone was enough to give the Zhao family full influence, even if the Zhao family was nothing, but as long as those old generals gave face, everyone had to give face!

Obviously, since those old generals from decades ago have survived, their influence, prestige, and even the power of the family today is simply overshadowing.

And in that case, if Ji Feng moved the Zhao family's people, that would undoubtedly be tantamount to having a problem with those several families!

"Hehe"

Ji Feng couldn't help but shake his head and smile, but there was no hint of laughter in his eyes, "It's really a big deal, actually so many old generals protecting them, no wonder the Zhao family's people dare to be so reckless and can mobilize people from the special department"

The first thing you can do is to take a look at the situation.

If you really dare to do that, not to mention the several old generals at the same time, even if one of them said a word, it would be enough for you to suffer!

Such consequences really had to be considered.

It was also with this in mind that He Hongwei stopped Ji Feng in every possible way, telling him not to be impulsive and never to act recklessly, which would only make things worse and even put Ji Feng in an extremely passive situation, after all, no matter how powerful the Ji family was, it could not overshadow the sky with one hand.

The first time he did it, he was going to kill him. Fortunately, it was in the Linjiang clubhouse, in public, so Ji Feng was not able to kill him, so he only broke two of Chang Chongwei's arms, otherwise, Chang Chongwei would have become a nameless corpse in the gutter!

This kind of thing, Ji Feng can definitely do, don't look at him all day long smiling and laughing, launch ruthlessly everyone must be afraid of a little bit!

"The first thing you need to do is to call your second uncle" Ji Shaolei saw that Ji Feng was silent, so he knew that Ji Feng had some scruples. The actual fact is that you will be able to get a lot more than just a few of these.

If he couldn't even protect his own brother, then he wouldn't have to be an elder brother, he could just go home and hug his children!

"Second brother, what are you talking about!"

When Ji Feng heard what Ji Shaolei said, he frowned and waved his hand violently, interrupting him, "What's the point of calling second uncle? Take the initiative to take responsibility and say that you started it all, that Chang Chongwei was also beaten up by you, and that it has nothing to do with me at all?"

"This is the best way, brother my bad reputation is already known to everyone, adding it to me is no big deal", Ji Shaolei said smilingly.

"Bullshit!"

Ji Feng snapped and swept his palm across, the beer bottle was cut off raw by him, the fracture was smooth as a mirror, neater and smoother than a glass knife cut.

The company's main business is to provide a wide range of products and services to its customers.

..... Is this still a human hand?

Ji Feng, however, did not think so, he took the bottle and poured wine for Ji Shaolei and He Hongwei, before he said indifferently, "I have said long ago, no matter who he Chang Chongwei is, even if he is the king of the heavens, I will beat him up, some things can be compromised, but, there are many things that I will not compromise even if I die!"

He lifted his glass and grinned, "Being bullied but not being able to fight back, that's not my character, unless I die, otherwise, no one will be able to bully me and insult my girlfriend at will again!"

After saying that, he tilted his head and drained the wine in his hand in one gulp.

He Hongwei and Ji Shaolei looked at each other with some oddity in their eyes, did Ji Feng really know so little about lightness?

"Ji Feng, do you know who those old generals were who had been helped by the Zhao family back then!" Seeing that Ji Feng didn't buy it at all, and even stirred up that high and unyielding fighting spirit in his heart instead, He Hongwei couldn't help but ask.

"Tell me." Ji Feng said.

"At that time, the person in charge of that labor camp was the old man of the Zhao family, and at that time, there happened to be several old generals who had been in that labor camp for a period of time for labor reform, the names of these people, name them, you must be familiar with them!" He Hongwei said, wiggling his finger in his glass, and then wrote a few words on the table.

武、向、何、刘.....

He Hongwei erased one after writing one, then wrote again, and in the end, he wrote a total of eight words.

Ji Feng then understood, obviously, each of these words, are surnames, that is to say, this old man of the Zhao family, had helped the Wu family, Xiang family, He family, Liu family and so on, which means that once Ji Feng moved Chang Chongwei, that is undoubtedly going against so many families!

This is really stirring up the sky!

The fact that these families, which almost covered the top few families in Yanjing, as well as some second and third-rate families, almost covered all of the influential families in the whole of Yanjing!

"There's still one more family!"

He Hongwei glanced at Ji Feng and wrote down another word on the table – Ji!

Again, the Ji family was included!

As He Hongwei wrote out these words one by one, Ji Shaolei's face couldn't help but change a little, and a cautious look appeared in his eyes, but Ji Feng couldn't see the slightest change on his face, as if he didn't even realize what these words represented, or rather, it was as if he didn't see these words at all!

"Zhao Guosheng is the old man of the Zhao family?" Ji Feng suddenly asked.

“..... is not!”

He Hongwei was stunned, then shook his head slightly and said, “The old man of the Zhao family left early, Zhao Guosheng is the eldest son of the Zhao family, and is also the current head of the Zhao family, now he is the director of the Central Office Department, Chang Chongwei is his son.”

“So that’s how it is” Ji Feng nodded thoughtfully and suddenly asked again, “Then, when inside the labor camp, how did the oldest son of the Zhao family help those old generals? ”

“This I’m not too sure, after all, that era has passed decades ago, I wasn’t even born then, so how could I possibly know?!” He Hongwei shook his head, “What I know now is only what I heard from the elders in my family.”

“I’m the same, I’m afraid that only those involved back then know exactly what happened.” Ji Shaolei said, and then, he asked strangely, “San’er, why are you asking this? Could it be that you suspect that the matter of the Zhao family’s old man helping those old generals is a fake?”

Ji Shaolei still knew this cousin of his very well, this kid seemed very polite, but in fact, he had a skeptical attitude towards many things in his heart, and it was hard to approve of a person, or a thing.

Just look at him from the time he came to Jiangzhou until now, how many people can really make him consider as friends?

Even Duan Peng, Ji Feng still for his own sake, only to accept him, but usually can never contact with Duan Peng, he still did not take Duan Peng as a friend.

With a personality like his, it was normal to suspect this matter, so the first thing that came to Ji Shaolei’s mind was that it was likely that Ji Feng didn’t quite believe in this matter.

“That’s not very likely, is it?!”

He Hongwei smiled and was immediately surprised, “This is absolutely impossible, but it’s not just our family, Shao Lei has likewise heard about it, I believe the Wu family, Xiang family and other families should have heard about it, so many old masters can’t all be lying, right?”

“I didn’t say they were lying!” Ji Feng shook his head and asked again, “Then are there any other reasons besides that?”

“..... What reason?!” He Hongwei was slightly stunned.

“The reason you stopped me.” Ji Feng said, “It can’t be because the Zhao family has helped so many families before that I can’t go against the children of the Zhao family?”

“Isn’t this reason enough?!” He Hongwei asked in surprise, “Older brother, you have to get it right, this is not an ordinary small favour, the madness of that era is something we have no way of understanding, at that time, losing your life was just a matter of minutes, so this is definitely not a small favour, do you understand?”

“Understood!”

Ji Feng nodded his head and asked again, "Then how do you know it must be a life-saving grace? Did your family elders say it to you personally? Or did your family's elder say it himself?"

"This is not true." He Hongwei was suddenly slightly stunned, "But"

"Don't but not but!"

Ji Feng shook his head and said indifferently, "No matter how the Zhao family has helped other families, that's their business and has little to do with me. The things that Chang Chongwei has done, I likewise won't count on the Zhao family. However, whoever wants to use the Zhao family to oppress me is wrong!"

He had a very bright smile on his face, however, there was not even a hint of laughter in his eyes, it was very cold: "I have said long ago, no matter who the other party is, they can't attack and kill me and then insult my girlfriend and end up doing nothing at all instead, I still can't move him such a thing, in me doesn't hold up!"

"Ji Feng, you can't be impulsive, things have been made clear to you, how can you still"

"No need to say more!"

Ji Feng directly interrupted Chang Chongwei's words, and he said forcefully, "Chang Chongwei, this bastard, I must move him, and I'm determined to do so! If you are a friend, then help out with ideas on how to beat him to death with a stick without causing widespread strife, as for words of dissuasion, there is no need to say anything, I don't want to hear words from my own friends' mouths that stand in my way!"

Chapter 1223

Hearing Ji Feng's words, both He Hongwei and Ji Shaolei could not help but look at each other, and then they could only look at each other and smile bitterly, but they could not say anything else.

Ji Feng's words had already come to this point, if they said more, I'm afraid Ji Feng would not even sit down here. Only, what neither Ji Shaolei nor He Hongwei had expected was that they had said so much and even focused on the origin of the Zhao family and the influence of the Zhao family in Yanjing.

Likewise, they also focused on the consequences if Ji Feng really moved Chang Chongwei.

But what they didn't expect was that after hearing all this, not only did Ji Feng not have the slightest intention to retreat, but he became even more energetic and combative!

The company's main business is to provide a wide range of products and services to its customers.

This is really

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

The actual fact is that you can't get a good deal on a lot of these things.

"All right, don't all look like that!" Ji Feng waved his hand and said, "Whatever happened to the Zhao family, let's leave it at that for now and talk about Chang Chongwei. Mr. He, you've been dealing with Chang Chongwei for a few years, right? The first thing you can do is to tell me what's going on with this

guy. Wasn't Chang Chongwei originally a hooligan, but how come he turned out to be a member of the Zhao family? He even fought with you in a frenzy, the rise of Chang's group, the military medal has half of yours, right?"

He Hongwei was suddenly slightly stunned, and then he couldn't help but feel awe in his heart.

Obviously, Ji Feng had already done a thorough and detailed investigation before this, and even, I'm afraid the information he had was much more than that.

Especially when he thought of the underground car park of the Linjiang Club, he heard that Ji Feng was talking to a person who wanted to report the Chang's Group, and at that time, Ji Feng said conclusively that he had very precise information in his hands that could prove that the Chang's Group had violated the rules!

Now that he thought back carefully, He Hongwei's heart was even more astonished. I'm afraid that a long time ago, Ji Feng had already started investigating Chang Chongwei, only that at that time, he was suspicious of his relationship with Chang Chongwei, and that was why he hadn't moved.

But before that, Chang Chongwei had done another stupid thing that finally angered Ji Feng so much that he would no longer hold back and exploded!

However, if you take a step back and think about it, He Hongwei simply felt a little chill down his back.

How much evidence did Ji Feng have in his hands regarding the Chang Group? And in addition to that, is there any other evidence in his hands?

He Hongwei felt that there must be more evidence in Ji Feng's hands, otherwise, Ji Feng would not be so calm and relaxed. More importantly, this guy was sure that his relationship with Chang Chongwei was not too close, and that the assault and murder really had nothing to do with him, that's why Ji Feng didn't take a shot at him, otherwise

"What are you looking at me for?!" Seeing He Hongwei's strange eyes staring at himself, Ji Feng instantly frowned slightly, hummed and said, "Still embarrassed to say that? You think you're working for the tiger?"

He Hongwei couldn't help but shake his head and smile bitterly, saying, "I likewise don't know too much about Chang Chongwei's affairs. The matter of Zhao Guosheng having a son outside was also something I once heard from an elder in my family, but since I was still in college at the time, I didn't care about it."

"Then how did you two get together?!" Ji Feng asked.

"What do you mean by getting together" He Hongwei suddenly laughed bitterly, sometimes when Ji Feng spoke, a single word could choke people to death.

"Then I entered the Tianyao Group, one day Zhao Guosheng asked me out, anyway, the general idea was to ask me to take care of the Chang Group in Jiangnan Tongzhou", He Hongwei said, "After discussing it, I took the Tianyao Group in Jiangnan Tongzhou some business, are given to the Chang's Group to do, it is also considered that there is money for everyone to earn together!"

Ji Feng nodded, although what He Hongwei said was very vague, for example, how Zhao Guosheng asked him out, the background of the two sides and some details of the time, He Hongwei did not

mention. Even, even how they discussed it, or, who exactly did He Hongwei discuss it with before giving part of the business of the Tianyao Group to the Chang Group, these he did not say clearly, very vague!

But even so, Ji Feng still heard and understood.

Zhao Guosheng had found He Hongwei and asked him to take care of the Chang Group, and the reason, well, that was naturally because back then, the old man of his Zhao family had been kind to the old man of the He family!

This is needless to say!

Ji Feng gave He Hongwei a deep look, the corners of his mouth flashed a smile, he seemed to have discovered something, only, he couldn't be sure yet.

"From that time on, I was able to determine that Chang Chongwei was Zhao Guosheng's son, because the two looked very much alike. Moreover, that fool Chang Chongwei has always thought of himself as a top gentry!" He Hongwei said.

"Oh" Ji Shaolei snorted beside him, "Just that bear of a man, he's still a top gentry? Don't fucking put gold on your own face."

He Hongwei couldn't help but shake his head and laugh, some of Chang Chongwei's performance was really laughable, but he himself was still oblivious, thinking he was such a noble top male brother, even higher than He Hongwei.

Now that I think about it, He Hongwei reads that this matter really has something to do with himself.

If at first as soon as they met, they were not so casual in front of Chang Chongwei, Chang Chongwei would not have dared to go so far, much less be so reckless.

Now well, messing with Ji Feng, which is apparently also an equally unscrupulous guy, this is really hilarious!

"Zhao Guosheng, how did you get to know Chang Chongwei's mother?" Ji Feng, however, suddenly asked.

"This where I know", He Hongwei was stunned, then shook his head and laughed, "The things between them that must have happened decades ago as well, I'm not too sure!"

Ji Feng then nodded thoughtfully, and a moment later, he asked, "There's another thing that I'm curious about."

"Tell me about it!" He Hongwei couldn't help but say.

"According to reason, the elder of the Zhao family has been kind to the elder of these big families, so this background of the Zhao family is really bullish to the extreme!" Ji Feng looked puzzled and curious as he asked, "But, I've been to Yanjing so many times too, how come I rarely hear the Zhao family's name, it seems they are very low-profile!"

"Low-profile my ass!"

As soon as the matter of the Zhao family was brought up, Ji Shaolei beside him directly took the words over, he sneered, "You can ask He Hongwei, in this Yanjing, which family's sons and daughters are the most arrogant!"

"What does that say?" Ji Feng smiled and looked at He Hongwei.

"Oh when it comes to this, it's justifiable for Shao Lei to be angry." He Hongwei also laughed: "What kind of virtue your second brother is you must be clear, in Yanjing as long as the small words in this circle, almost all have been beaten up by him, but, only a few sons of the Zhao family, but more arrogant than your second brother, on the contrary, your second brother can not say a single hard word" "

"So that's how it is!" Ji Feng couldn't help but laugh, "It seems that this Zhao family's sons and daughters aren't any good birds either. By the way, what about the adults of the Zhao family?"

"You mean their second generation, right, Zhao Guosheng is the second generation, isn't he now the director of the Central Office Department, he's doing quite well, and several other second generation sons and daughters, they all hold no small amount of power." He Hongwei said.

"What a good mix, it's all because of the charity!" Ji Shaolei was very unimpressed, "If it was by their own ability, now Zhao Guosheng can get a deputy provincial cadre as a job, that's very good!"

"What does that mean?" Ji Feng asked.

"It's not because the old man of the Zhao family has been kind to these few families, they all want officials one by one!" Ji Shaolei bristled, "That's good, the old man Zhao went early and hasn't been rewarded, but instead, these second generations below, each and every one of them has been benefited. This is not to mention that they are all very domineering, the third generation and the younger generation are even more domineering, what bad things have they not done? I know of several third-generation members of the Zhao family who have done a lot of bad things, and a few of them are good enough to be shot!"

"Then no one cares?" Ji Feng asked, frowning.

"Who cares? Knowing that they're from the old Zhao family, who wouldn't give face to everyone? Even your second brother me, once I almost didn't get beaten up by a kid from the Zhao family, and couldn't fight back so everyone hides when they see someone from the Zhao family, no one wants to get involved!" Ji Shaolei bristled and said somewhat speechlessly.

I think he is in Yanjing city, that is definitely a big dude, but it is because he has to eat defeat in front of those boys of Zhao family, not because of inferior skills, just they are shaded by their ancestors, how can Ji Shaolei not be depressed?

I can only not play with them!

Ji Feng then drifted off, the corners of his mouth pulled up a slight curve, it seemed that things might not really be like what He Hongwei and the others said, there might be something else inside. At least, Ji Feng had a different feeling.

And Ji Feng also knew that this time, his chances of winning had increased by a few more points!

Only, right now, he couldn't be too sure, he had to test it out before he could know if he was right or not!

Thinking of this, Ji Feng then directly stood up and said, "Alright, that's it for today, I've memorized what you guys said and will contact you again!"

Saying that, Ji Feng was about to walk out, but he was stopped by He Hongwei.

"Ji Feng, what are you doing here?" He Hongwei asked.

"To clean up Chang Chongwei, and the Chang Group!" Ji Feng turned his head and grinned, "Even if the Zhao family is rampant, I'll clean him up just the same!"

"How are you going to clean up at this late hour? Is there anything you can't do tomorrow?" He Hongwei asked with a frown.

"It's better to do it at night, it might be too late to wait until tomorrow morning!" Ji Feng said indifferently, "That's all for now, see you tomorrow!"

.....

Chapter 1224

"This kid"

Watching Ji Feng stride out of the large stall, both Ji Shaolei and He Hongwei couldn't help but shake their heads and laugh bitterly.

"Hoo~~!"

At this moment, the white spider, who was sitting at the table next to him, also stood up violently, and after throwing down a few dozen dollars, he quickly followed him, as Ji Feng's guard, and because Xiao Yuxuan personally explained that she should take care of Ji Feng's safety, the white spider naturally had to stay close to him every step of the way.

"What should we do?" He Hongwei asked with a bitter smile.

Ji Shaolei shook his head and said, "What else can we do? Cool it! Young Master He, this time it's really to your liking, you'll wake up laughing in your dreams at night, right?"

He Hongwei's face instantly darkened and he hummed, "Shao Lei, what kind of words are you saying!"

"Isn't it?"

Ji Shaolei spread both hands and asked rhetorically, "This person, San'er, definitely can't stand people riding on his head and shitting on him, his character is that fierce, this time that bastard Chang Chongwei definitely won't be able to get away, I'm afraid that our family's troubles will start from this time, isn't this what you kid wants to see the most?"

Once Ji Feng really moved Chang Chongwei and word got out, it would definitely cause a huge uproar, especially within those few families that had been taken care of by the Zhao family, it would cause an extremely strong reaction, which was conceivable.

Under such circumstances, the Ji family would undoubtedly have become a target, and at that time, the entire family would appear to be passive, and would even be sniped at in many matters.

No matter how powerful the Ji family was, it would definitely not be able to counteract so many families at the same time. Of course, originally, these families would not have joined hands against the Ji family in any way. However, now it was different, as the Zhao family acted as a fuse in the middle, in which case the Ji family would be completely passive.

Of course, if Ji Feng had only beaten up Chang Chongwei, such as the skirmish tonight, it would have been fine.

The young man, who does not have a time to be capricious?

The fact is, it's normal for young people to fight and get into trouble with each other, so no one will make a fuss.

The problem is, Ji Feng just wants to beat up Chang Chongwei and that's it?

Even if you think with your heels, you know that it is definitely not. The fact is that if you're not a fan of the game, you're not going to be able to get away with it.

In that case, the Ji family would really be in the limelight!

He Hongwei glared at him, shook his head, lit a cigarette and slowly smoked it, and ignored him.

Ji Errongzi!

This is the evaluation that He Hongwei gave to Ji Shaolei a long time ago, this guy is a dumbass, he is not afraid of anything, he dares to say and do anything, but sometimes he can make you breathless with what he says!

Now He Hongwei is not in the mood to grind his lips with Ji Shaolei, what he is most concerned about is what Ji Feng will do next, which is the most important.

The most important thing is that you have already said what you need to say, and if Ji Feng can listen to it, then it's better to say that today's matter is just a misunderstanding, and what Chang Chongwei did before, then we will sit down together to discuss what to do to solve it, in fact, the negotiation is originally such a meaning.

However, if Ji Feng is simply bent on

He Hongwei immediately stood up and said, "Shao Lei, you immediately send me to the hospital."

"What for?!"

Ji Shaolei's face instantly sank, "To go to the hospital to get circumcised, huh?!"

He knew as soon as he heard it that He Hongwei wanted to go to the hospital to visit that bastard called Chang Chongwei, which made Ji Shaolei very upset with He Hongwei, and he didn't know which side this guy was on, he was simply an asshole!

In this way, he could speak a bit badly.

“.....” He Hongwei was choked and almost lost his breath, giving back his back as he turned around and walked out.

Ji Shaolei looked at him, also can only stand up and leave, now there is only one of his cars left, this is still the suburbs, not good for a taxi, he can't let He Hongwei run back, right?

Although the relationship between the two families wasn't very good, and Ji Shaolei wasn't too fond of this fellow He Hongwei, but in the end, face had to be saved!

“I just hope, Ji Feng can be calm about it, otherwise, there's really no way to end this matter!” Sitting in Ji Shaolei's car, He Hongwei couldn't help but let out a bitter smile, “I believe that by now the Zhao family's people already know, and even if Ji Feng starts operating, I'm afraid it's already too late. If Ji Feng insists on going his own way, then I'm afraid he'll fall on his face, and he'll drag the Ji family down with him”

“.....” Ji Shaolei opened his mouth, but was unable to say anything in rebuttal.

“You kid don't think I'm gloating, I'm telling you, I really take Ji Feng as a friend, naturally I don't want to see my friend unlucky!” He Hongwei waved his hand, “Forget it, I really have nothing to say to you kid, when your big brother comes back, let him find me”

The first thing you need to do is to get a good idea of what you're doing.

He was also worried that Ji Feng would be as bent as He Hongwei had said and end up in a situation that was simply unmanageable!

But this kid wouldn't listen to advice at all!

Ji Shaolei shook his head helplessly, he also knew that it would be hard for anyone else to accept when encountering something like this.

What the hell, first he was attacked and killed before, and then his girlfriend was almost molested and scolded, as long as a man encountered such a thing, he would be furious, let alone Ji Feng, who was already very fierce in character?

Of course, he couldn't stand it any more!

But the people involved in this matter are different from those in the past, so what to do must be carefully considered.

It was nothing to be scolded by the elders, there was no shame in that. The point is, if the family is involved just because you want to vent your anger, that's not quite right

What would the third child do?

The first thing you need to do is to take a look at the car.

.....

Ji Feng was indeed bent on having his own way!

“Big brother, still disturbing you at this late hour That’s right, it’s the report material about Chang’s Group in Tongzhou City, Jiangnan Province, I can confirm that there is serious tax evasion in Chang’s Group, and there is more than that, there are some problems that need to be discovered through investigation

The first thing you need to do is to get back to your home.

As the saying goes, there is no turning back, let alone the fact that Ji Feng doesn’t want to turn back at all!

“Little Feng, are all these questions you said true?” Ji Shaodong on the other end of the phone was a bit surprised when he heard Ji Feng’s words, “Aren’t you in Jiangzhou, why are you still fighting with the enterprises in Tongzhou?”

“Of course it’s all true!”

Ji Feng said, “Big brother, what’s going on, it’s not convenient to get into details over the phone now, anyway, I have a problem with the Chang Group, my side of the information has been sorted out, you arrange for someone to hand it over for me this way, you tell me the Jiangnan Province reporting email, I’ll send it directly to their email, and Also take you out!”

“What, even I can’t get involved?” Ji Shaodong smiled and asked, “Is it serious?”

“It’s not too serious, but, big brother, you’re ultimately a person within the system, and you can’t personally go out and do many things, so it’s better for me to finish this!” Ji Feng laughed.

“Is it really alright?” Ji Shaodong still asked with some unease, knowing that in the past, Ji Feng rarely asked him to do anything, and when he called before, Ji Feng’s tone was not too good, so obviously something must have happened.

“Big brother you can rest assured, it’s really nothing!” Ji Feng laughed, “It’s just some business stuff that you’re definitely not interested in knowing about!”

“Then well, in that case, I’ll send you the reporting email and phone numbers for both Tongzhou City and Jiangnan Province, to prevent anyone from covering up, you can report at both levels at the same time!”

“That’s great!”

Ji Feng instantly laughed: “Big brother, as expected of someone who is in the system, it’s just more thoughtful.”

“Come on, you kid!” Ji Shaodong laughed: “Right, you should come to Jinling to have fun when you have time, that girl Yan Tong is in Jinling, shouldn’t you take time to come and visit? Not that I’m talking about you, this is something you’re not doing right!”

Sweat!

The actual fact is that you will be able to get a lot more than just a few of these. will live very well

“Little Feng, you can’t do this.” The first thing you need to do is to come. Take a step back, even if you treat Li Yueqin as your own mother in filial piety, wouldn’t that be okay? If you can think of it that way, things will be simpler. When a mother is a little distant from you, even if she holds a little grudge, is that not an old mother? It doesn’t make sense!”

“..... Brother, I understand, when I’m done here, I’ll definitely go over!” Ji Feng listened attentively at this end of the phone, but his heart was touched in many ways.

Indeed, what big brother said just now really made sense.

No matter what kind of thoughts Auntie Li Yueqin had about herself, as long as she didn’t see her as someone hostile to herself, but as her sister’s mother, or even her own mother, then everything would be fine.

All human hearts are made of flesh, and no one is hard-hearted, unless that kind of beast!

“That’s right, that’s good, I’ll send you the reporting phone number and email address, come to Jinling when you’re done!” Ji Shaodong said with a smile.

“Thanks a lot big brother!” Ji Feng said seriously, he knew that Ji Shaodong was really caring about him.

“Brat, where’s all the politeness!” Ji Shaodong scolded with a smile.

After closing the line, Ji Feng looked at the phone number and email address sent on his phone, he couldn’t help but smile coldly, “Chang Chongwei, Zhao family Let’s get started! I’ll see how you guys can stop me!”

Chapter 1225

This night, no matter who it was, was very busy, and the one who played a leading role was undoubtedly Ji Feng.

To put it politely, he dominated a lot of things that happened tonight, and even, for a long time to come, how the situation in Yanjing would be related to Ji Feng’s actions tonight.

He was not afraid to do what he had to do, and he would not leave a single thing behind.

For some time now, Ji Feng had been holding a fire, and being attacked and killed one after another, coupled with Chang Chongwei’s provocation, had long ago ignited Ji Feng’s fire right out!

No matter what consequences were brought about because of his actions, Ji Feng didn’t care.

If this time he had to shrink his head and even apologize to Chang Chongwei, then Ji Feng would rather die headlong!

What’s more, now that Ji Feng has a large amount of materials in his hands, it’s strange that he can bow down to Chang Chongwei!

“Hey, Han Zhong” As soon as Ji Feng picked up Han Zhong’s phone, he heard the urgent voice of Han Zhong, coming from the phone.

“Ji Feng, are you alright?” Han Zhong asked.

“I’m fine, you don’t have to worry!”

“Phew~~!”

Han Zhong couldn’t help but let out a long breath and said, “Then I’m relieved, it’s good that you’re alright, it’s good that you’re alright!”

Previously, when the incident happened in the Linjiang Club, Han Zhong and Xu Yuan were both at the scene, only, the situation at that time was not something they could interfere with at all, so they could only watch anxiously from the side, fortunately, Ji Feng did not suffer any losses, so they were only slightly relieved.

But then, after Ji Feng and the others had left, Han Zhong heard that the matter seemed to have something to do with the He family in Yanjing, and there were two brothers from the He family present, and the eldest son of the He family, He Hongwei, had even directly blocked Ji Feng.

At this moment, Han Zhong and Xu Yuan immediately became worried, fearing that Ji Feng might encounter any problems.

However, because the scene was very chaotic, plus the fact that Ji Feng went out later, no one knew what he had gone for, so neither Han Zhong nor Xu Yuan dared to call him, for fear of disturbing him.

Xu Yuan was so worried that she complained many times that she should have come forward and testified on Ji Feng’s behalf if he had been taken away by the police.

Han Zhong was also very worried, although he knew that with Ji Feng’s status, even if he was taken away by the police, it would not be a big problem, after all, the police station was not a scary place for Ji Feng. What Han Zhong was mainly worried about was whether the opponents that Ji Feng had offended would be too powerful, making him subject to strikes from the officials!

Now that he had received a call from Ji Feng, Han Zhong put his mind at ease.

“Ji Feng, is it something for me to do?!” Han Zhong immediately asked, Ji Feng was calling him at this time, so it was obvious that he had something to instruct him.

“It’s a bit of a small matter!”

Ji Feng nodded and said, “Han Zhong, still remember the information I asked you to compile before?”

“Information?!”

Han Zhong was slightly stunned, then he nodded and said, “I remember, it’s Chang’s Group’s internal transaction records and transaction accounts, right? I’ve asked Tian Nan to sort it all out, one transaction against one account, and in the end there are still large amounts of transaction records that don’t even match up, this is ironclad evidence!”

“Well done!” Ji Feng gave a praise and said, “Han Zhong, I’ll immediately send you two email addresses and the reporting phone number, you arrange for someone to anonymously report the problems of Chang’s Group

He explained in detail all the specific steps of the matter to Han Zhong, before finally saying, “Han Zhong, no mistakes can be made in these intermediate steps, in addition, you have to contact the media, find the most trustworthy media, as long as the relevant departments in Jiangnan Province and Tongzhou City do not take action, then you let the media start reporting

“..... No problem, I understand.” Han Zhong said, “I will make sure to make this matter look great!”

“Then it will be hard work!” Ji Feng laughed.

“There’s no need to be so polite with me, right?” Han Zhong laughed.

“Well, that’s it then!” Ji Feng said with a smile, and after that, he hung up the phone and pondered again.

After deliberating for a moment, Ji Feng took out his mobile phone again and dialed Zhang Lei’s number.

Soon, the call was answered.

“Hey, crazy, I was just about to call you!” As soon as the phone was connected, Zhang Lei’s voice came through.

“How?” Ji Feng asked, “How’s the investigation going?”

“It’s almost done, I have quite a lot of evidence of some things that bastard Chang Chongwei did. Apart from that, there are some witnesses, I’m going to arrange for them to get on a plane tomorrow and send them all to Jiangzhou.” Zhang Lei said, “Those things that Chang’s group did, I also bought a lot of photos from a reporter from a newspaper

“What photos?!” Ji Feng asked.

“When Chang’s Group was developing a building to carry out demolition, they knew that someone was in the house and insisted on forcibly demolishing it, resulting in the death of the person!” Zhang Lei said, “I remember I told you about this happened to be present in a hurry at the time and took many photos, which is very crucial evidence!”

“Lei Zi, well done!” Ji Feng instantly showed a happy face, “Those people you don’t send over first, in the suburbs or in some remote place, find a hotel and settle all those people down you work hard for a few days first!”

“This is all a small problem, the key is how you arranged it over there, when do you plan to do it?” Zhang Lei asked.

“Already doing it!” Ji Feng said, “It is estimated that it is just a few days’ time, things should come to an end, you should be careful in these few days to prevent certain people from jumping to the wall in a hurry!”

“You can rest assured on my side, with me and Jingyi around, there will definitely be nothing wrong!” Zhang Lei laughed, then, he lowered his voice and said, “Crazy, there is something I need to tell you, I thought carefully, it seems that this Yanjing Zhao family is very influential, I remember hearing someone say it before, if you make a move, it is better to investigate beforehand, be cautious

Ji Feng couldn't help but smile: "Don't worry, I have it in mind."

"Then let's do this first, today has been running, now I want to gather all these people and place them in the hotel, you'd better move fast!" Zhang Lei said.

"Sure!"

Ending the call with Zhang Lei, Ji Feng's eyes couldn't help but flash a cold intent, Zhang Lei's side had got hold of evidence again, good!

This time, whether it was against Chang's Group or Chang Chongwei, Ji Feng's hands held certain evidence, Ji Feng wanted to see how Chang Chongwei could still turn around under such circumstances!

"As long as you have the guts, you will turn black and white upside down as soon as possible, I am still afraid that you will not do so" Ji Feng secretly cold hum, his hands, he still holds a bottom card that has not been used, if he does not use it, I am afraid that few people will notice!

After a moment of slight contemplation, Ji Feng suddenly opened his mouth and said, "White spider, from tomorrow onwards, you can be a guard for Yu Xuan for the time being."

"What?!" White Spider, who was driving, was suddenly slightly stunned.

"There is a matter that is very important, and after I have thought about it for a while, it is more appropriate for Little Shadow to handle this matter." Ji Feng said, "After Little Shadow leaves, there will be no one by Yu Xuan's side, so I can only bother you first. Of course, it's fine if you don't want to"

"Yes! I'll do as you say!" White Spider, however, agreed readily, making Ji Feng more or less surprised.

"Don't force it, I want to hear your thoughts." Ji Feng said.

"Young Ji, if I can't handle such a small matter, then I don't have the face to continue staying by your side anymore." White Spider suddenly turned her head and smiled sweetly, "Besides, protecting Yu Xuan, that's what I should do, it's not forced at all."

Ji Feng was suddenly slightly stunned, and then stunned.

A moment later, he couldn't help but shake his head and smile, the white spider had finally accepted Yu Xuan, and now, it wasn't far from her complete integration into this family.

.....

As Ji Feng sent out one order after another, it could be concluded that the entire Tongzhou, and even the entire Jiangnan, would no longer become calm.

The private enterprise giant Chang's Group in Tongzhou City has been reported, and the Chang's Group is involved in many illegal and criminal acts, and the foul play behind this is enough to shake the entire Jiangnan. Especially important is that this Chang's Group has an extremely deep background, but was reported, this is clearly directly against the Chang's Group, this will definitely make the Jiangnan's high level are shaken.

In fact, no one knows that the scope of this storm is far more than just the two places in Jiangnan and Jiangzhou, the most important, or above, in Yanjing.

This was the most determined, well-prepared and longest-planned attack by Ji Feng.

At the same time, it was also the confrontation in which he had the least confidence!

The reason for this lies in the fact that Ji Feng is most likely using his own strength to confront the entire Zhao family, perhaps, including the covert interference of several other families, and even the obstruction of the Ji family!

Despite the many obstacles, Ji Feng is righteous, and can even be said to be bent on doing so!

Not for any other reason, just because of his fierce character and Chang Chongwei's insults to Xiao Yuxuan, which Ji Feng could not stand.

As a man, Ji Feng would never allow himself to be weak, especially when he was watching his girlfriend being verbally abused by another man, but he didn't even dare to say a word, in that case, living in this world would really be meaningless at all!

Xiao Yuxuan was his girlfriend, his family!

How could he possibly watch his loved ones being abused?

No matter who the opponent really was, whether it was a male son of a big family or an illegitimate son, even if it was the King of Heaven, he would have the same attitude!

Ji Feng tilted his head sideways and looked out of the window at the dark and lightless sky, his eyes slightly narrowed.

"As the darkness fades, when it's light, the attack, it will officially begin!" Ji Feng murmured softly, "This night, I'm afraid it won't be that peaceful"

Chapter 1226

As Ji Feng had predicted, the night, which seemed so uneventful, with no stars or moon in sight as usual, and even the slightest breeze hard to feel, was secretly so uneventful!

The clash that took place in the Linjiang Clubhouse at night was spread by word of mouth by the excited onlookers, and in a very short period of time, the clash spread almost all over Jiangzhou. In particular, the two parties involved in this conflict were both of great origin.

First of all, the two brothers, Ji Shaolei and Ji Feng, naturally needed no further explanation.

Even if many people don't know who Ji Feng is, but Ji Shaolei is a living signboard, and with him around, others will naturally put him in Ji Zhenguo's lineage.

The secretary of the Jiangzhou municipal party committee, that is definitely an extremely powerful number one, not to mention, Ji Zhenguo himself is very majestic, in Jiangzhou mention his name, do not know how many people will not even sleep peacefully, and now his son has a conflict with others, how can outsiders not pay close attention?

The other party in conflict with Ji Shaolei is the Yanjing He family, which is a shock to people, the collision of two major forces, it's really a Mars collision ah!

Especially those businessmen, they are keenly aware that there might be some opportunities in between.

Of course, this is only limited to those who are qualified to access this level, like those small bosses or companies that are a bit smaller, they are still running around for their livelihood tomorrow, so naturally they will not pay attention to these things.

Even if all the people in the clubhouse were dead, it would only be something to talk about after tea time.

But for many people who have access to this level, they are concerned.

Perhaps the outcome of the fight between the two sides will directly affect the interests of many people, so they cannot help but pay attention.

But their concern is only about their interests. However, there are many others whose focus is on what lies behind the conflict. Because some people know very well that behind this conflict, there may be a game involved!

Such a violent conflict is enough to attract the attention of anyone!

But, in fact, many people did not know that this conflict was not just as simple as behind the scenes, just as Ji Feng had predicted, the game behind the scenes was not to be considered first, just the conflict between him and Chang Chongwei was far from over!

“Bang!”

In the Jiangzhou Third People’s Hospital, in a high-class ward, Chang Chongwei kicked over the water bottle brought by the nurse and shouted angrily, “Get out! Get the hell out of here!”

The nurse was so frightened that she couldn’t help but scream and took a few steps back with a face full of panic, wanting to clean up the kettle on the floor but not daring to, that look was truly pitiful. Perhaps because of the intense fright, tears were welling up in her eyes, but she was biting her lips, not daring to speak.

He Hongqiang couldn’t bear to look at him and said with a frown, “Chong Wei, it’s not very nice of you to do that, is it? Don’t take it out on the nurse if you have anger, it was Ji Feng who hit you, what does it have to do with the nurse?!”

“You don’t have to lecture me!”

Chang Chongwei was instantly furious, “You scolded me just now, I haven’t settled the score with you yet! He Hongqiang, I think you’ve grown in stamina, you dare to lecture me?!”

Earlier, He Hongqiang had cursed at him, and that uncouth scolding had immediately confused Chang Chongwei!

Especially after seeing He Hongqiang’s fierce and fierce appearance, Chang Chongwei was really a bit timid for a while, and the feeling of weakness in his heart could not help but rise up. But now, Chang Chongwei has come back to his senses, this He Hongqiang actually dared to scold himself like that?

In the past few years, who dared to scold himself like that?

Now when he heard that He Hongqiang actually dared to lecture himself, Chang Chongwei, who had almost reached the point of suffocation in his heart, burst out.

However, when Chang Chongwei roared up so angrily, He Hongqiang instead stopped bullying him and just frowned and gave him a disgusted look, unable to help but shake his head.

“Do what you like, I’m too lazy to care about you!” He Hongqiang shook his head, turned around and pulled open the ward door, about to go out.

“Leave the phone for me!” Chang Chongwei roared.

He Hongqiang suddenly turned to look at him and sneered, “Leave the phone for you, do you have the hands to fight?”

“.....” Chang Chong Wei’s face instantly turned red and he roared, “If you dial the phone for Laozi, won’t Laozi be able to call?”

“If you dare to call yourself Laozi in front of me again, believe it or not I will break both your legs right now?!” He Hongqiang said coldly at once, “Don’t give shame!”

“You” Chang Chongda was furious and opened his mouth to curse, but when he saw the cold look in He Hongqiang’s eyes, his heart trembled slightly and he swallowed back the curse that had reached his mouth.

In the final analysis, he was still just a hooligan, even though he had become a big boss and a gentry, but his essence had not changed at all!

He Hongqiang shook his head disdainfully, what a thing!

He laughed disdainfully, and then pushed the door and walked out, but as soon as he went out, he almost collided head-on with someone, and he fixed his eyes on him, but it was his elder brother, He Hongwei. Behind him, there was also a man who was actually Ji Shao Lei?!

“Big brother!”

He Hongqiang shouted, but ignored Ji Shaolei behind He Hongwei.

“What’s going on inside?” He Hongwei asked, “As soon as I arrived, I heard you guys bickering, what are you talking about?”

“What else could it be? That guy went nuts and wanted to call Ji Feng to arrest him, and said he wanted to get him killed in prison!” He Hongqiang said honestly, seeing that there was Ji Shaolei there, he really spoke as honestly as he could.

If necessary, He Hongqiang could very smoothly repeat almost word for word the bold words that Chang Chongwei had said earlier about getting Ji Feng killed.

In this way, Ji Shaolei’s expression must have been very exciting!

Of course, if after listening to those grand words, Ji Shaolei's temper could be even more irritable and he could simply push open the door of the ward and grab that bastard Chang Chongwei and beat him up again, that would be the scene He Hongqiang wanted to see the most.

However, this could only be thought about, if he said it so obviously, I believe that big brother and Ji Shaolei would be able to see it, and then he would have to be lectured!

It was because of these considerations that He Hongqiang only 'nodded' a little.

"Arresting people?! And get someone killed in prison?" Ji Shaolei's face sank as he sneered, "Think this Jiangzhou City Bureau is run by the Zhao family? Or is it run by someone from his Chang family? He can arrest people whenever he wants to? Whoever he wants to kill? Even if it's the Zhao family, he can't be so lawless!"

"Shao Lei, take it easy for now!" He Hongwei glared at his younger brother, He Hongqiang, before turning to Ji Shaolei and saying, "You guys wait here first, I'll go ask what the situation really is and find out what Chang Chongwei's opinion is. One thing I can guarantee, as long as there is me in, what he said can never happen, at most, it is just to go through the formal procedures to understand how and why the conflict occurred and so on"

"Or forget it!"

Ji Shaolei shook his head and said indifferently, "I'd better not stay here, don't let some people think they can have one hand on the sky and arrest me directly too by then"

Without even finishing his words he turned around and left, He Hongwei hurriedly called out to him, "Shao Lei, where are you going?"

"People are going to get us killed, do I still stay here and wait for death?" Ji Shaolei's face was very gloomy, "Since that son of a bitch is stepping on my head and shitting on me, then I can't care about that much, you tell him for me, use whatever tricks you have, I'll take it all!"

"So you want to kill San'er in prison?" Ji Shaolei grinned, "We'll see! We'll see who dies in the end!"

With those words, he flung his sleeves and left with a big stride.

He Hongqiang looked at Ji Shaolei's back as he left in a rage, and couldn't help but heave a smile, "Big brother, this is a good show, a dog bites a dog!"

"Shut up!"

He Hongwei glared at him, "If I hear such words again, see how I will fix you!"

"Fine, fine, I won't say anymore, okay?!" He Hongqiang shrank his head, but in his heart, he was overjoyed, this was good, Ji Feng and Ji Shaolei had completely confronted Chang Chongwei, on one side, there was an ignorant fool, but on the other side, there were two wolf-like guys with extremely deep backgrounds, the fight between them, hey, that would be absolutely hilarious to the extreme!

How could He Hongwei not know what was in this guy's mind, he didn't have the effort to pay attention to it, so he hurriedly pushed the door and entered the ward.

As soon as he entered the ward, He Hongwei found that Chang Chongwei was lying on the hospital bed, gnashing his teeth and cursing at something, and at the end of the bed, stood a small nurse who was at her wits' end.

Seeing this scenario, He Hongwei's face instantly turned gloomy. He walked over in big strides, picked up the kettle directly and handed it to the little nurse.

"Go on, there's no need to clean up here for now, please!" He Hongwei said gently to that little nurse.

That little nurse was instantly pardoned, and took the already broken kettle and hurriedly opened the door and went out. But before she left, she turned her head to look at He Hongwei, her beautiful eyes filled with gratitude.

These bottom-level service workers, in fact, often do not expect to be praised and commended by the people they serve; what they want may just be an equal treatment. As long as those high and mighty lords could treat them like human beings, they were already respecting them.

"Hong Wei, you're just in time, dial my old man's number for me immediately, I'll get that bastard to death today!"

Chapter 1227

"Hong Wei, you're just in time, immediately dial my old man's phone for me, I'll make sure to kill that bastard today!"

As soon as he saw He Hongwei come in, Chang Chongwei said angrily, "Since you guys won't help, then I'll think of my own way and stop begging you!"

He could not help but be stunned, he shook his head slightly and said, "Chong Wei, don't be impulsive, who said we wouldn't help, it's just that this is not a simple skirmish after all, and the fault is not all on the other side, so we have to think of a foolproof plan! If word gets out, I'm sure it won't be too good for your reputation either, don't you think?"

"Reputation, my ass! I don't have a reputation anymore!" Chang Chongwei snorted coldly, "I don't care about that anymore, dial my old man's number now, I want to speak to him and ask him to send someone to protect me first!"

"Protect you!?" He Hongwei was even more slightly stunned, "Now that you're in the hospital, who would dare to come here to deal with you?"

"And what do you think?"

Chang Chongwei said without good humour, "Just that bastard of a brother of yours, thinking that I'm lying in bed injured now, he dares to shout at me and even swear at me, and even wants to break both my legs! What, you think I can't touch him now, do you? What a disgrace!"

He Hongwei instantly understood what was going on here, that brat Hongqiang hadn't held back in the end and had still clashed with Chang Chongwei.

But this was not important now, the most important thing was to calm down this conflict between Ji Feng and Chang Chongwei as much as possible, so as not to cause any bad influence, not to mention not to cause any big ripples as a result!

The most important thing is to solve the conflict between you and Ji Feng, after all, let's open the windows to the sky and talk about it, tonight's conflict in the wrong person, I believe you also have a number in mind, I will not go into details, we mainly talk about how to take care of the problem."

"Stop!"

The company's main goal is to provide the best possible solution to the problem. Why do I hear that the fault is all on me? That son of a bitch beat me up, don't get me wrong!"

He Hongwei frowned slightly and said, "Let's not go into details about who's right and who's wrong, we all know what's going on in our hearts anyway! What I mean to say is that today's conflict must be put to rest as soon as possible"

"No!" Before He Hongwei could finish his words, he was interrupted by Chang Chongwei.

"Hongwei, I don't like to hear you say these words." Chang Chongwei's face was a bit unpleasant, "Look at my body carefully, two arms were broken, and I was just stepped on by that bastard, and my face still hurts when I speak now..... I, Chang Chongwei, have ever been beaten like this? You think I can just simply let it go?"

Since he had enough status, he had always been the only one to bully others, but had never been bullied like this before.

Now he was being stepped on and trampled on in front of so many people, the feeling of humiliation simply made him explode, he hated to kill those two bastards alive, how could he just let it go?!

"Hong Wei, don't say anything, if you still consider me a friend, you should just call my old man and let me speak to him, and don't ask about the rest of the matter!" Chang Chongwei said, "No one has ever dared to treat me like that, if I don't get this back today, I really won't be able to make a living in the future!"

"What the hell!"

He Hongwei suddenly let out a low roar and burst out foul in anger.

"You" Chang Chongwei jumped in shock, barely able to react for a moment.

"Phew~~!"

He Hongwei couldn't help but wave his hand and take a few deep breaths in an effort to calm himself down.

A moment later, he said, "Chong Wei, this matter is indeed too much for you, if I have to say something fair, the fault is all on you, Ji Feng and Ji Shaolei are not responsible at all!"

"What do you mean by that?!" When Chang Chongwei heard this, he couldn't help but turn pale and looked at He Hongwei with great displeasure, "Are they the Ji Feng you're going to introduce me to, and

what kind of bullshit Ji Shaolei? Hong Wei, I know you know them, but even so, you can't turn your elbow to the outside, right? I'm at fault? What's wrong with me?"

"What else is wrong with you"

As soon as He Hongwei opened his mouth, he was once again interrupted by Chang Chongwei, "Alright, alright, no need to say more, just call my old man directly, don't worry about the rest."

"....." the corner of He Hongwei's eyes jumped a few times, he almost couldn't help but go up and kick this bastard Chang Chongwei a few times, it's already too late, he still looks so arrogant and unbeatable, he really thinks that the Zhao family can cover the sky in Yanjing?

The original He Hongwei also wanted to first give Chang Chongwei an analysis of today's conflict, then, then Ji Feng and Ji Shaolei's identity with him a brief introduction, so as to help Chang Chongwei make the most wise and accurate judgment.

But now

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

The first thing you need to do is to think about the conflict between Ji Feng and Chang Chong Wei, He Hong Wei can only shake his head helplessly, it doesn't matter whether this bastard is dead or alive, but Ji Feng is different, if he becomes a target because of this matter, it will be more than worth it.

He had no choice but to help Ji Feng, so he could only say, "Chong Wei, don't say I didn't remind you, maybe you think you've done a lot of things very secretly, think no one knows, but you mustn't forget that you're not the only powerful person in this world, what you've done, others know exactly what you've done!"

Chang Chongwei suddenly said angrily, "He Hongwei, watch your words, what have I done?"

"A few days ago, at the entrance of the amusement park in Jiangzhou, did you mobilize two people from the special department to arrest Ji Feng and the others?" He Hongwei asked coldly.

"You" how do you know?" Chang Chongwei suddenly lost his voice and asked.

"At that time, did you also find people from the Jiangzhou Road to lay hands on Ji Feng? Also, this evening, did you fancy Xiao Yuxuan's beauty, so you wanted to make a move on someone and exploded foul language?" He Hongwei did not answer Chang Chongwei's question, but continued to ask.

But Chang Chongwei's face remained unchanged and said, "So what? It's just a small star, it's her luck that I fell for her!"

"Fortunate, my ass!"

He Hongwei's face turned blue, all these things were really done by Chang Chongwei, Ji Feng really didn't suspect anything wrong!

For a moment, He Hongwei was so angry that he could barely speak.

How had he gotten involved with such a stupid person? It was a big stain on his life. He Hongwei looked around with an ugly face, he really wanted to find something at hand and smash this stupid bastard to death!

“Hong Wei, what the hell do you mean by that? That kid is cross with me, it’s only natural that I move him!” Chang Chong Wei said.

“Yes, it’s only natural!” He Hongwei nodded and laughed coldly, “You actually sent someone from the special department to deal with the first grandson of the Ji family, that’s only natural? Not only that, you even molested someone’s girlfriend, and that’s also justifiable? Your justification is a bit too much!”

“The Ji family?” Chang Chongwei was slightly stunned, “The one that is quite famous, but second to our family, the Ji family?”

“..... The Ji family is second to your family?” He Hongwei was almost all exasperated, “Chongwei, I don’t want to say anything more, I just want you to know what exactly you have done”

“I don’t want to know anything!” Chang Chong Wei once again interrupted He Hong Wei, one after another being lectured by the two brothers He Hong Wei, Chang Chong Wei finally got impatient, “I want to call my old man, now, immediately! He Hongwei you bring my phone over here immediately, since you won’t dial the number for me, I’ll call the nurse to help!”

“Good!”

He Hongwei roared low as he gave Chang Chongwei a cold look, “I’ll dial it for you, but I hope that in the future, you won’t regret your actions this evening!”

After saying that, He Hongwei then turned his head directly and bellowed, “He Hongqiang, He Hongqiang!”

“I’m here!” Hearing his big brother’s shout from outside, He Hongqiang immediately pushed the door in, “Big brother, what’s up?”

“Give me your phone, besides, go and call the nurse” He Hong Wei said with a grim face, now that Chang Chong Wei’s hands were broken, he had to have someone hold the phone for him to talk, He Hong Wei wasn’t going to serve the stupid bastard on the phone, he could only call the nurse!

He Hongqiang hesitated for a moment, then nodded and first took the phone out and quickly called the nurse again.

“Beep, beep” He Hongqiang quickly pressed a few buttons and dialed a number.

“Hello” came a man’s voice from the phone.

“Director Zhao, this is He Hongwei” As soon as He Hongwei opened his mouth, he heard Chang Chongwei, who was lying next to him on the hospital bed, suddenly scream miserably, “Old dad, help, old dad, your son I’m dying, someone is trying to kill me!”

Pop!

He Hongwei directly threw the phone to the bed, turned around with a gloomy face and left the ward, he almost exploded with anger: "Make it up, just make it up, you have to make the whole Yanjing treacherous before you are willing to stop? I'll see how you'll end up!"

"Idiot!"

He Hongqiang also looked at Chang Chongwei, who was being served by the little nurse, and gave his own comment as he cried out in pain and nonsense into the phone.

Seeing this series of extremely stupid actions of Chang Chongwei, He Hongqiang only felt that there was still such a stupid person!

He had only thought that he was very stupid, but he had never thought that someone was even more stupid than him!

At this moment, a feeling of intellectual superiority rose in He Hongqiang's heart!

What could be expected was that with this call from Chang Chongwei, a violent wave had begun to build up, and I was afraid that the next moment would be the start of a shocking wave!

Chapter 1228

For many people, it was probably the longest night and, again, a night of mixed emotions. For Zhao Guosheng, who was far away in Yanjing, the same was true!

The call from Chang Chongwei had left Zhao Guosheng furious!

Someone was actually trying to kill his son?

Zhao Guosheng had a chill in his heart, no matter who had hurt his son, they would have to pay a heavy price!

No matter who hurt his son, he would pay a heavy price!

Zhao Guosheng and his current wife had only two daughters, and he was the only one in the family who had no male children, which made him feel very unhappy and more or less unable to hold up his head in the family.

For this reason, Zhao Guosheng was very fond of his son, Chang Chongwei, and was very proud of him. He was really afraid of melting in his mouth, and was afraid of touching in his hands. If it wasn't for the fact that Zhao Guosheng's current status was too sensitive, he would have even wanted to bring Chang Chongwei directly to Yanjing and even take care of him by his side.

But now, such an only child was actually beaten up, and from the tone of Chang Chongwei's voice, the other party not only beat him up, but also seemed to want to kill him.

This time, Zhao Guosheng could not sit still!

He was such an only child, but someone wanted to kill him, how could this be?

"Son, don't worry, don't be afraid, tell me the details of the situation, don't worry, no matter who is involved, my father will do the job for you!" Zhao Guosheng said at once. Subsequently, Zhao Guosheng

asked about the situation in detail, and when he knew that the people who beat Chang Chongwei were actually Ji Feng and Ji Shaolei, but he couldn't help but hesitate.

"..... Chong Wei, tell me the truth, what the hell is going on here?" After listening to Chang Chongwei's account, Zhao Guosheng instinctively sensed that something was wrong.

After all, Zhao Guosheng was able to achieve the position of director of the Central Office Department, that is naturally not an ordinary mind, otherwise, even if the Zhao family is even more kind to several other families, if Zhao Guosheng himself is not able to, those people will at most give him an idle position for him to retire.

Obviously, Zhao Guosheng still has his merits!

So at this time, once he heard Chang Chongwei's account of what had happened, Zhao Guosheng knew that Chang Chongwei had lied, or at least, his words were not all true!

Because Zhao Guosheng knew very well that Ji Feng and Ji Shaolei were both third generation sons of the Ji family, even if they were a bit more fancy, they couldn't really want to kill Chang Chongwei, at most it would be a fight and brawl between fancy sons, nothing more.

"Old dad, what I said is true ah, now both my arms are broken, my face is also disfigured, if not come to the hospital in time, I'm afraid are dead on the road they this is simply not put you in the eyes ah, old dad, you must do justice for me ah!" Chang Chongwei howled.

Both arms were broken?

Zhao Guosheng was immediately distraught, and the anger in his heart was getting thicker and thicker, the Ji family, bullying people too much!

"Look, old dad!"

This is, Chang Chong Wei asked that little nurse to take two pictures of him and sent them to Zhao Guosheng, "This is what I look like now, I'm about to be killed, old dad, if you don't come to save me, you'll never see me again!"

"Chong Wei, don't be in a hurry, Pops will contact the Jiangzhou Municipal Bureau and ask them to send someone to protect you first, I will bring someone there as soon as it's light tomorrow!" Zhao Guosheng hurriedly said.

"You must come quickly, otherwise I will die!" Chang Chongda shouted, "Right, remember to bring those bodyguards you sent to protect me last time, they are very powerful, only they can protect me!"

"Don't worry, you are my son, how could I stand by and watch you being bullied?" Zhao Guosheng said.

After hanging up the phone, a cold light flashed in Chang Chongwei's eyes and he said through gritted teeth, "Ji Feng, and that whatever Ji Shaolei, you two sons of bitches, I'll get you to death!"

"Right, there's also that stinking bitch, think I Chang Chongwei in Jiangnan, what women haven't I played with? What woman has ever dared to disrespect me like that?!" Chang Chongwei was secretly hideous.

At the same time, Zhao Guosheng also began to call the Jiangzhou Municipal Bureau.

Soon, the entire Jiangzhou official hierarchy was alarmed, and they all got the news that Ji Feng and Ji Shaolei had beaten up Chang Chongwei, the 'relative' of Zhao Guosheng, the director of the Central Office Department!

The relationship between Zhao Guosheng and Chang Chongwei was not known to everyone, and very few people in Jiangzhou knew about their relationship anymore. Therefore, the news that many people heard was that Chang Chongwei was a relative of Zhao Guosheng.

But even so, it was enough to shake up the Jiangzhou location.

Zhao Guosheng is the director of the Central Office Office, while Ji Feng and Ji Shaolei, however, have an extremely close relationship with Ji Zhenguo, which is something that simply goes without saying.

In this case, this conflict on Jiangzhou's officialdom what impact, how to deal with, have become the focus of everyone's thinking. Some people are worried for Ji Zhenguo, although the director of the Central Office is not as high as Ji Zhenguo, but the position is very sensitive, can reach the sky, and a lot of contact with the giants.

In this way, it is hard to say who will win and who will lose.

There are also some people who have secretly moved their minds and are ready to go to Mayor Li's office early tomorrow morning to 'report on their work'.

But no one knows that, in fact, the hope in their eyes, that Mayor Li, is the hardcore direct descendant of Ji Zhenguo!

Of course, the reactions of these outsiders are no longer that important, their concerned gazes can only add some audience to this matter, but cannot change the outcome and course of things. What can really affect these is still the game between the two sides.

However, Zhao Guosheng's phone call was not as effective as it should have been. According to the feedback from the Jiangzhou City Bureau, the reason why Ji Feng and Ji Shaolei were beating up Chang Chongwei was because Chang Chongwei was molesting their former's female companion, and the fault lay with Chang Chongwei, so although someone was injured in this matter, it wasn't enough to warrant an arrest, or even a case!

This reply was given to Zhao Guosheng by the deputy director of the city bureau, Zheng Yuanshan, personally!

He decided to take his men to Jiangzhou first thing tomorrow morning!

Zhao Guosheng wanted to see if the Ji family really wanted to be ungrateful, even though they had beaten his son, they had hit him so hard, breaking both arms and, more importantly, breaking his face.

At the same time, several other families in Yanjing also knew about what had happened in Jiangzhou. The first to know was undoubtedly the He family. As soon as he came out of the hospital, He Hongwei called home, he had to discuss with his family how this matter should be handled.

If he didn't handle the matter properly, he might have a bad relationship with the Ji family, or offend the Zhao family and end up with a reputation for being ungrateful and unrighteous.

He Hongwei recounted the matter in detail to his father, and then he quietly waited for his father's instructions. His heart was more or less apprehensive, fearing that his father would ask him to side with Chang Chongwei and antagonise Ji Feng. If that was the case, then he was afraid that he would have to argue with his father, even if he was scolded, to elaborate on his point of view.

However, to He Hongwei's surprise, after listening to his account, his father only gave him one instruction.

"Don't do anything, just wait and see what happens!" He Hongwei's father said, "Also, if Zhao Guosheng comes south, entertain him well, and of course, you can also pay a visit to Secretary Zhen Guo by the way."

He Hongwei couldn't help but be stunned, what his father meant was for him to remain neutral and silent at the same time!

How could this be?

He Hongwei was somewhat puzzled In fact, he was not the only one who could not understand.

When all of these reacted, they realized in an open manner that Ji Feng's gaze was so sharp, and his methods, moreover, were alarming. However, that was all for later. As for now, Zhao Guosheng was about to go south to Jiangzhou in a raging manner, while the Jiangzhou side was silent, as if nothing had happened.

The other families were also silent, no one said anything, as if they hadn't heard the news at all.

Even the Martial Family, which has a deep grudge against the Ji Family, did not speak up, let alone react to this conflict. They likewise acted as if they didn't know.

But this was obviously impossible, even if the clash took place late at night, news spread at an astonishing speed, but who among those who were concerned about these few clans, or who were well-informed, did not know that a clash had taken place at the Linjiang Clubhouse that was not too violent, but had a very wide impact?

Only, the reaction of these families was a bit bizarre.

"Perhaps it happened at night and involved the Ji family, so all the major clans needed to think about their response, which is why they didn't make a decision easily, much less take the risk of coming out and taking a stand?"

This was the initial thought of many people who knew what was going on, and when they thought about it, it was probably the most likely scenario.

Those who did not know the inside story were still waiting with anticipation to see what would happen.

At this time, Ji Feng received a call from Li Ruo Nan: "Ji Feng, you're fooling me, aren't you? I've arrived at the big stall you said, where is your person?"

Sweat!

Ji Feng slapped his forehead, Li Ruo Nan did say she was coming to find herself, but because she was busy arranging things regarding the Chang Group, she ended up forgetting

“That what, it’s too late now, you should go back early and rest, if there’s anything, let’s talk tomorrow, okay?” Ji Feng said somewhat awkwardly, just forgetting Li Ruonan, appearing to not take her seriously as if she was, was indeed somewhat embarrassing.

But now Ji Feng did have to go back, if it was any later, Xiao Yuxuan would definitely be worried.

“Ji Feng!”

As soon as she heard this, Li Ruonan was instantly fired up, “In vain, I was so worried about you and came to look for you in the middle of the night, and this is how you treat me? Are you a man!”

Chapter 1229

“Ji Feng!”

Upon hearing this, Li Ruonan was instantly on fire: “I wasted my time worrying about you so much, and came to look for you in the middle of the night, and this is how you treat me? Are you a man!”

“.....” Ji Feng couldn’t help but sweat and laughed bitterly, “You asked that, of course I’m a man, if you don’t believe me then what, you’re at the big stall Wait there, I’m coming over!”

The first thing you need to do is to get a good idea of what you’re getting into.

But after thinking about it, Ji Feng shook his head again, this is not something to say, especially to a girl who is not married, that is undoubtedly molesting people.

The first thing you need to do is to make sure that you have a good idea of what you are doing.

Now that he had enough women around him, he couldn’t mess with another girl.

In fact, Ji Feng also found it strange, as long as it was an outsider, he would be a serious person no matter who he was in front of, and usually even his jokes were very measured and would definitely not go too far. But as soon as he dealt with Li Ruonan, Ji Feng wanted to tease this straightforward female police officer.

This is not the case, it’s been so long since we’ve seen each other, and now that we’ve just spoken, Ji Feng’s ‘old habits’ have come to a head!

“Twenty minutes, if I don’t see you within twenty minutes, the consequences will be on your own!” Li Ruonan didn’t say any more nonsense to Ji Feng, after she finished, she hung up the phone straight away!

“Hey” Ji Feng listened to the busy tone coming from the phone and couldn’t help but shake his head: “This woman is still so windy and hot-tempered, twenty minutes Twenty minutes to get there would be exceeding the speed limit!”

He shook his head helplessly and could only rush to the big stall again.

Fortunately, it was already late at night and there were no vehicles on the road, so the car speed was put at a fast pace. Twenty minutes short of that, Ji Feng finally arrived at the door of the big stall near the Linjiang Club, only to find that it was all closed.

Ji Feng turned his head to look, but saw a police SUV parked across the road, the car had not been turned off and was still emitting a buzzing sound.

Ji Feng immediately shook his head with a smile and walked over quickly. Not to mention, Li Ruonan's alertness was quite high!

In a place like this, and late at night, if one encountered a bad guy, someone else would just smash the car window open and it would be enough to restrain the person inside. So, in this situation, the best thing to do is to leave the car running, so that once you encounter a situation, you can rush out as soon as you step on the gas, or at least, you are safe.

As far as Ji Feng knows, I don't know how many cases like this there are!

Especially some couples sitting in their cars talking about love in and out of the park, or some cars parked on the roadside, were the most likely to be attacked by bad guys.

"Knock, knock, knock!" Ji Feng came to the police SUV and knocked on the window.

Swish!

The next moment, Ji Feng saw that Li Ruonan, who was sitting in the driver's seat, fished out her pistol and pointed it out the window. He immediately made a sideways turn, dodged the direction of the gun, grinned at Li Ruonan inside and pointed at himself, telling her that he was the one knocking on the window!

For this kind of reaction speed of Li Ruonan, Ji Feng couldn't help but secretly nod his head, worthy of being a police officer!

Buzz~~!

Li Ruonan lowered the car window, but her face was cold and frightening: "You still know how to come, why don't you just run home and sleep?"

"I wanted to come, but you didn't call me to come over!" Ji Feng said.

"You're still reasonable?" Li Ruonan was like an enraged cockatoo, her beautiful eyes swished up and her eyebrows rose, "Didn't we agree before that I would come here to look for you and ask you to wait for me here, what did you do, you ran off alone first?"

Ji Feng instantly surrendered, "Fine, fine, it's my fault, this matter is my fault, okay!"

"It was your fault in the first place!" Li Ruonan coldly snorted.

Ji Feng nodded and laughed: "Li Da Traffic Police, you didn't call me here at this late hour just to teach me a lesson, did you? Say it, what exactly is it!"

"It's not because of you!" Li Ruonan said in no good mood, "Ji Feng, do you know what kind of person you beat up today? Also, who was that person who pulled you, do you know?"

Ji Feng nodded, "I know, what's wrong?"

"Knowing that you still dare to do it? Aren't you afraid of getting yourself into big trouble?!" Li Ruonan looked at Ji Feng in surprise, "I can tell you, I had already called the police, but the other party said it was just an ordinary skirmish and they stopped me, I saw their stance, they wanted to fight you in private, you should be careful."

"I will!"

Ji Feng nodded and said, "Ruo Nan, thank you so much for your concern!"

"Who cares about you!" Li Ruonan couldn't help but give him a blank look and said, "I just don't want to see you get killed when you're so young, in that case, both Yu Xuan and Lei Lei would be sad!"

Ji Feng laughed and didn't fight with her, he just asked, "Other than that, do you have anything else going on?"

Li Ruonan shook her head and said, "Originally I wanted to come and tell you that the other party is very big, they are from the Yanjing family, and that guy you guys beat up, he is not an ordinary person either, I haven't had time to investigate the specifics, I will tell you tomorrow when I have news"

"Ruonan, thanks!"

The first thing you need to do is to get a good idea of what you're doing.

It was so late at night that Li Ruo Nan made a special trip here just to tell him what the identity of the person he had a conflict with was and to urge him to be careful

Not to mention anything else, just this thought alone, Ji Feng was very touched.

"Also, it's nothing more, I'm a police officer, it's only natural that I do this!" Li Ruonan couldn't help but say somewhat shyly.

Perhaps it was because it was too dark to see if her face was reddening. But in fact, Ji Feng could clearly see that Li Ruo Nan's face was covered with redness and she looked embarrassed. This was a huge difference from her previous breezy and feisty personality.

After such a long absence, this girl has changed her nature?

Ji Feng smiled and did not refute Li Ruo Nan, but in fact he understood that no police officer would reveal the other party's information, especially some private information, to one of the parties in conflict, which is against the rules!

However, Ji Feng did not dare to continue to say anything, he just smiled: "Ruo Nan, it is already very late, hurry back to rest, today's matter really thank you!"

"It's nothing, it's what you should do!" Li Ruonan nodded, "..... then, I'm going back!"

"See you later!" Ji Feng waved his hand with a smile.

“By the way, there is something to tell you, I am now a criminal police officer, not a traffic police officer!” Li Ruonan suddenly turned her head and said, and then, as soon as she stepped on the accelerator, the car sped off, leaving only Ji Feng with an odd smile on his face

.....

This seems to be a very long night, finally passed, when the sky in the east rose the white of the fish belly, Ji Feng habitually woke up early, brush teeth, wash face

Before that, Xiao Ying had already gotten up early and driven to Tongzhou, and she had, on her person, a pistol, as well as two magazines, which were loaded with bullets.

Little Shadow was going to assist Zhang Lei, to collect evidence of Chang's group and Chang Chongwei's crimes directly, and at the same time, to report them!

Since we already have to fight, then simply fire on all cylinders, the lion fights the rabbit still has to use all his strength, what's more, this Zhao family is still so influential, Ji Feng certainly will not take it lightly even more.

At this time, in Jiangnan province, which is adjacent to Jiangzhou, there was a big shock.

The relevant departments of Jiangnan province received anonymous reports of material, someone reported the existence of serious irregularities and illegal business operations of the Chang Group in Tongzhou, even, this can no longer be considered reporting material, can already be done as direct evidence.

At the same time, the relevant departments in Tongzhou City also received an identical report.

Jiangnan Province and Tongzhou City were shaken at the same time!

The shock in Jiangnan Province was because some leaders knew about the relationship between the Chang Group and the Zhao family, and this matter had to be handled carefully. The reason for the shock in Tongzhou City is that there are many leaders in Tongzhou who are connected to the irregularities in the business affairs of the Chang Group, and the foul play in between is not enough for outsiders to understand.

But now, it has been stabbed out, unmistakably!

Especially the detailed and conclusive reporting materials, can be used as evidence directly, this is immediately like a spark fell into a pile of gunpowder, instantly set off the entire Tongzhou officialdom, at the same time, also made the top of Jiangnan frown.

The matter was serious, and it was a big deal!

In a flash, the top leaders of Jiangnan Province held an emergency meeting to consult and discuss exactly how this matter should be resolved.

The officialdom of Tongzhou, on the other hand, was in a state of flux and almost everyone was in danger!

However, at this time, Jiangzhou appeared to be calm and quiet, except for some people waiting to see what was going on, there were no more ripples.

The only person who arrived in Jiangzhou early in the morning was Zhao Guosheng, who went directly to visit the home of Ji Zhenguo, the secretary of the municipal party committee, but was told by Mrs. Ji that Ji had already gone to a neighbouring province yesterday for a study tour and was not in Jiangzhou.

Undeterred, Zhao went to Jiangzhou Mayor Li Baoyuan's home, but was also told that Mayor Li was not at home. It is said that Mayor Li, who is diligent and loves the people, had gone on a visit yesterday, and no one knows exactly where he went, because Mayor Li likes to quietly go on 'private visits' to examine public sentiment and the implementation of some national measures.

This time, the two leaders of Jiangzhou were not present, so Zhao Guosheng was completely out of luck!

However, Zhao Guosheng didn't care at all, he coldly snorted: "All hiding? Hmph, two old foxes, do you really think you can hide like that? The children of the Ji family tried to kill my son, how can I just let this account go? I'd like to see how ungrateful you really are!"

He glanced back at the two tough young men behind him and said at once, "With your status, you have the right to arrest people, come with me and we will go directly to arrest the murderer who tried to kill my son!"

Chapter 1230

"Little Chief, I've already met Zhang Lei, we're following your instructions and have chartered a bus to take people directly to the provincial capital!" Ji Feng had just finished his breakfast when he received a call from Xiao Ying, in which she detailed the course of action before finally saying, "Boss, to be on the safe side, I made another copy of all the evidence, the photos were made by Zhang Lei in advance"

Ji Feng nodded straight as he listened and laughed: "Good, Little Shadow, when you arrive in Jinling, you can show your identity, if there are any accidents, just go and call that number I gave you, that's my big brother, he will definitely help you then, remember?"

"Little Chief please don't worry, I promise to complete the mission!" Little Shadow immediately said loudly.

Ji Feng then smiled and said, "Hard work!"

After closing the line, Ji Feng couldn't help but ponder for a moment, then shook his head and smiled, this time, let's not mention how he and the Ji family would be criticized because of this matter, anyway, if the Zhao family wanted to keep Chang Chongwei, it would definitely be a handful and a headache!

At least, with those materials in Ji Feng's hands, neither Chang's Group nor Chang Chongwei would be able to escape!

As long as the Zhao family dares to take action to protect Chang Chongwei, then the Zhao family would be taking the initiative to send the handle to Ji Feng's hands, at that time, the initiative is also not in the hands of the Zhao family, and, at that time, it will not only be the problem of Chang Chongwei, the entire Zhao family will be implicated.

Of course, as to how much the Zhao family will be involved, it depends on how much effort the other families will put in.

But at least, Chang Chongwei will definitely not be able to be saved!

When he thought of that arrogant bastard, Ji Feng couldn't help but sneer. These fools, one by one, were so self-righteous, with a little background and identity, they thought they could just cover the sky.

But they didn't know that some of their stupidity would only get them played to death, and even drag their families down with them!

Thinking of this, Ji Feng couldn't help but choke slightly, and he suddenly thought of himself.

If it is said that those fools are relying on the most background in the wrongdoing lawlessness, can even be said to be reckless, and eventually be cast means to take out, and also dragged down the family.

..... So, what about yourself?

Now these actions of their own, is not in because of a Chang Chong Wei, and several other families against, and even, also brought their own family into the situation of unkindness and injustice?

Wouldn't that make one stupid?

"Hehe"

Ji Feng couldn't help but shake his head and laugh, "Stupid is stupid, just based on those things that Chang Chongwei has done, even if he really is a stupid person himself, he still has to do away with him!"

What's more, there's another sentence Ji Feng didn't say exactly who is the stupid one, it's not certain yet!

He turned his head to look at the day outside which was already quite hot, and couldn't help but smile slightly, I guess Jiangzhou has become very lively now, right?

Ji Feng was sure that since He Hongwei was so nervous to block himself, that meant that Zhao Guosheng must have taken very good care of Chang Chongwei, so, now Zhao Guosheng must not be idle, he was either operating around or, thinking of ways to deal with himself and the Ji family!

However, Ji Feng didn't care.

Even if Zhao Guosheng really had a way to deal with him, Ji Feng would rather pay some price and beat up this beast, Chang Chongwei!

The attack some time ago, coupled with his insults to Xiao Yuxuan last night, had already moved Ji Feng to kill.

Only, what Ji Feng was most puzzled about now was that there seemed to be no movement at home!

It's already eight o'clock in the morning, reasonably speaking, the family must have already gotten the news, if he did something wrong, then how should second uncle or father call to scold him, and then teach himself how to do it, or just stop him from doing it

But not now!

Whether it was second uncle, father, or second brother, none of them called themselves.

At this time, Ji Feng's heart could not help but feel a little apprehensive, but instead of being afraid, he was apprehensive about whether his judgment was accurate or not.

But now Ji Feng couldn't say, whether he was doing the right thing or not, he could only wait for the final result to come out to see!

"Ding" Just at this moment, Ji Feng's phone suddenly rang, it was He Hongwei calling.

"Ji Feng, Zhao Guosheng has come to Jiangzhou, take care of yourself!" He Hongwei said, "I don't expect to go over to see you, if you can, you'd better go out and hide, or simply lower your head, this thing may also pass!"

"Thanks a lot!" Ji Feng said with a smile, and then he hung up the phone without making any comments on He Hongwei's opinion.

Since it was all done now, he had never wanted to bow down, let alone run!

Just

"Zhao Guosheng is coming from a bad place!" Ji Feng said to himself.

"Ji Feng, nothing will go wrong, right?" Xiao Yuxuan asked with concern beside her, "If something really goes wrong, you should go out and hide, anyway, I'm a woman at home, they can't do anything to me"

"What are you talking about!"

Ji Feng was touched and amused, "It's not like the sky is falling, do I need to run away? You ah, go to your class in peace, I have everything else, no matter what happens, you should not be anxious, things will always be fine!"

"Really?!" Xiao Yuxuan was still a little unsure.

"Of course it's true, after going through so many things in the past, see when I've ever lied to you!" Ji Feng said.

"How many times have you lied to me?" Xiao Yuxuan gave him a blank look.

"....." Ji Feng suddenly smiled sarcastically, he couldn't really take that on because he had really cheated Xiao Yuxuan, the key was to see exactly on what things he had cheated her!

"Bang Bang Bang!"

Suddenly, the villa's front door rattled violently as if something had slammed against it.

Xiao Yuxuan's face instantly changed slightly and was just about to look for it when she saw that the white spider had already got up and walked out with quick steps, "I'll go and see what's going on!"

"Ji Feng, is everything alright?" Xiao Yuxuan asked in a somewhat worried whisper.

Ji Feng patted her small hand and smiled, "It's fine."

Buzz~~!

At this moment, Ji Feng's mobile phone suddenly vibrated, his eyebrows immediately raised, a chill flashed in his eyes, but he sat still and didn't even look down at his phone.

In fact, his phone vibrated, but it was a signal that the alarm had been triggered!

Now that the phone was vibrating, it was obvious that the white spider had triggered the alarm device to alert himself that there was a situation outside.

Naturally, it went without saying that the people who came to the house at this time were either killers or people who came to stand up for Chang Chongwei, apart from these two types of people, nothing else would be enough for the white spider to send out an alarm.

As expected, not much time passed before the White Spider walked in with three or four young men.

These young men, each of them stout and very fit, and they looked like they had a stern aura about them, so obviously these were not ordinary people!

The corner of Ji Feng's mouth then hooked up a cold smile, really bold enough, actually using people from the special department again!

He could tell at a glance that these young men, and the two guys who held guns at his and Zhang Lei's heads at the entrance of the amusement park last time, must all be from the same place, because the aura on them was just too similar!

"You're Ji Feng, right? Please come with us!" One of the young men came to the restaurant and said coldly to Ji Feng.

"What crime did Ji Feng commit, why should he go with you?!" Before Ji Feng could speak, Xiao Yuxuan stood up with a swish and asked angrily, "Are you still being reasonable, arresting people for no reason and without any formalities?!"

"This is my document!"

The young man who spoke first took out a document from his pocket and showed it to Xiao Yuxuan and Ji Feng.

The Central Police Station!

These few young men, they were all from the CPS! Moreover, they weren't just guards, it was also written on that ID that they were from the Operations Division!

Ji Feng then smiled: "Zhao Guosheng sent you, right? Where is he, why doesn't he dare to come and see me in person? I'd like to ask him face to face, if he dares to do this, isn't he afraid of retaliation from others?"

"What do I have to be afraid of?!" Just at that moment, a low voice, containing anger, came from outside.

Ji Feng and the others immediately looked at the sound, only to see a middle-aged man of about fifty years old, walking in step by step from outside, his face very gloomy, with a hint of coldness in his eyes, looking extremely unfriendly!

“Your Excellency is” Ji Feng asked indifferently.

“You don’t need to know who I am, you’ve seen the documents, follow them, otherwise, it won’t be good to let them get rough!” The middle-aged man said indifferently.

As soon as his words fell, those few young men suddenly made a move to grab Ji Feng, and the next moment, only a bang was heard, and one young man was seen, his body directly lopsided, flying across the room and falling in the living room at once.

The white spider blocked in front of Ji Feng, her face glowing coldly: “You want to arrest people casually without telling us where they come from and without formalities? I’ll see which one of you dares!”

Ji Feng, however, had a faint smile on his face as he looked at the middle-aged man and asked derisively, “Zhao Guosheng, are you so impatient to teach me a lesson? You are a little too protective of your shortcomings, aren’t you? Or do you think I won’t know who you are if you make a smart ass out of yourself and don’t declare your family? Stupid, next time you want to conceal your identity, don’t answer other people’s words!”

Just now, this middle-aged man’s phrase ‘what do I have to fear’ had instantly revealed his identity, and Ji Feng immediately concluded that this person was Zhao Guosheng!

The words that Zhao Guosheng said later were even less reassuring, on the surface it sounded like he was trying to persuade Ji Feng to cooperate and not force those few people to get rough, but in reality, it was a hint that those few tough young men could get rough!

He was making it clear that he was going to give Ji Feng a hard lesson here first!

Ji Feng’s eyes gradually went cold!
