

Campus Master 1241

Chapter 1241

Ji Shaolei immediately laughed loudly, "I told you, a small Zhao Guosheng is just, give face to be good, but he just gives face to be good, now it's good, I see how he can cope, hahaha"

"No wonder your family didn't make the slightest movement before, this is not moving, one movement shakes the four directions!" He Hongwei ignored Ji Shaolei's kind of smug look, but could not help but lament. But he didn't know whether this was Ji Zhenguo's idea or Ji Feng's father, Minister Zhenhua's idea.

But no matter whose handiwork it was, one thing was certain, this time Zhao Guosheng was in trouble.

Don't look at Zhao Guosheng's usual smugness, but, in terms of struggle, ten or twenty Zhao Guoshengs are no match for the Ji family, it's not a matter of energy laughing, but a huge gap in insight, experience and means.

"That's right, originally I also had some difficulty understanding how the family could just watch Xiao Feng being arrested by that son of a bitch Zhao Guosheng?" Ji Shaolei nodded approvingly and laughed harshly, "Now I realise that they had a follow-up tactic, ah, if I had known that, I wouldn't have come, causing me to worry for nothing!"

He Hongwei shook his head and smiled, said: "That may not be, everything is subject to accidents, no one can guarantee, what will happen next, if in case some people want to fight for their lives"

Ji Shaolei then couldn't help but look astonished, then nodded slightly, he knew that He Hongwei was right, he could never accurately judge the other party's behavior, there might be something wrong in the middle. For example, if Zhao Guosheng's first reaction after knowing that his son had been beaten and seriously injured was not to take his son to the hospital, but to directly shoot him to kill Ji Feng, it would be useless for the family to have the means to do so now.

Fortunately, a person like Zhao Guosheng can still think normally, if he went crazy, then wouldn't Ji Feng be dead?!

Once he thought of this, Ji Shaolei couldn't help but look at the door, Zheng Yuanshan had only gone out from here not long ago, Ji Shaolei could already be very upset with him. The only thing is, now it is just a matter of saving face.

If Zheng Yuanshan hadn't wanted to save his own life, then Ji Feng wouldn't even have had the chance to experience danger, and how could Zhao Guosheng have had the chance to get Ji Feng killed?

All of this is still related to Zheng Yuanshan.

Zhao Guosheng wanted to make a move on Ji Feng, and as a result, Chang Chongwei was severely injured by Ji Feng, and even his entire body was invalidated. Moreover, what to play next, the old Ji family really hasn't been afraid of anyone!

However, this Zheng Yuanshan

Ji Shaolei dragged his chin and pondered.

And at this time, He Hongwei, the same is also deeply saddened, this Ji family no wonder can become a top family, these people's means, really is not ordinary people can speculate.

This is like two people playing chess, or you can say it's a war, in addition to the frontal encounter, there are various strategies, such as detour, such as attacking its must save and so on The Ji family this time adopts, is the detour strategy.

The first thing you need to do is to avoid Zhao Guosheng and then go straight to his vitals to take down the Chang Group and Chang Chongwei in one fell swoop, so that the Ji family will immediately change from being passive to being active. Whether or not to take on the Zhao family, that aside, at least one thing is for sure, how and when to fight this time, that's all up to the Ji family!

Awesome!

He Hongwei had to let out a sigh of relief. Although many people would use such a roundabout tactic, it was the first time that He Hongwei had ever seen one that was so clever and so appropriate.

However, whether it was He Hongwei or Ji Shaolei, neither of them realised that this detour really had very little to do with the Ji family, and that the one who was in control of it all was Ji Feng, who was now locked up in the interrogation room!

"Shao Lei, this time, I think things should be coming to an end soon, why don't we go together to see Ji Feng?" He Hongwei suggested.

"I think it's better to forget it!" Ji Shaolei shook his head, "It's still a special time after all, certain people are saying that Ji Feng is guilty and have locked him up, so it's better if we don't break the rules!"

He Hongwei then nodded and smiled faintly, "Well then, we'll just wait here, I believe it won't take long for the latest news to come in!"

Ji Shaolei couldn't help but be slightly stunned, "You're that sure?"

Of course he knew what He Hongwei meant by this statement, the so-called latest news coming in was, in fact, news from Zhao Guosheng's side.

Now that the Ji family has taken the initiative, then how this matter should be handled, can it be resolved, to what extent etc etc, all these issues, are all up to the Ji family to say.

However, when the Ji family makes a decision, it also depends on the performance of Zhao Guosheng and the Zhao family.

If they are willing to take a step back, then I believe that the Ji family will definitely not drive them to extinction, after all, the influence of the Zhao family in Yanjing is there, but if Zhao Guosheng still wants to be tough

"Don't worry, things have become very clear at this point." He Hongwei laughed, "Just wait and see!"

"Huh?"

Ji Shaolei gave a bad laugh at once, "I'm afraid Zhao Guosheng is going to freak out now, right?"

.....

Zhao Guosheng had indeed gone mad, as he was in close contact with that leader in Jiangnan Province, he had learned that the joint investigation team had made great progress, first arresting a large number of people, and then, in front of a large amount of evidence, these people had to admit their guilt.

What's more, it is said that the Joint Investigation Team has found a safe in Chang Chongwei's villa in Tongzhou, which contains a lot of private books, on which are recorded a large number of accounts with many leaders in Tongzhou city, economic and other aspects of the transaction, shocking, once this book out, the whole Tongzhou shake, Jiangnan Province location shake!

The officialdom of Jiangnan, because of this account book of Chang Chongwei, thus occurred a big earthquake!

This time, Zhao Guosheng immediately in an extremely passive situation, Chang Chongwei is his son, which can not be concealed, and his son is involved in so many leaders, then how others look?

I don't know how many people are poking their backsides in the back, even the chief, once again, called to inquire about the situation, and the tone of his voice was no longer so harsh, but the more this happened, the more panicked Zhao Guosheng became in his heart. This is like a parent to a child, if the parent scolds the child, it is in discipline, maybe a little more intense means, but the heart is for the good of the child.

However, if parents don't even want to ask their children when they see them making mistakes, then it means that they don't love the child anymore.

Obviously, because of the Jiangnan incident, the head had become extremely dissatisfied, and even, when talking to him, his tone was also very flat, which was a precursor to abandoning him.

If it wasn't for Ji Feng, how could it have come to this?

Especially, just now the doctor had given the news that his son Chang Chongwei's bones were completely comminuted fractures, plates had to be added, and, even with the most advanced treatment, he could not recover as well as a normal person, and had to rely on crutches and a wheelchair to be able to live

The first time I thought of this, the hatred in Zhao Guosheng's heart was incomparably strong, and he wanted to let Ji Feng die now!

However, seeing this increasingly bad situation, Zhao Guosheng really had bitterness to say.

"Ji Feng, Ji Feng" Zhao Guosheng gritted his teeth and repeated Ji Feng's name over and over again, the anger in his eyes could not be more obvious, "With the help of the family, you won this time, you little beast, but I I won't stop here, we'll see!"

He snorted coldly and took a few deep breaths before he turned his head and said, "Let's go!"

The guard next to him immediately asked, "Director, where to?"

"To the Jiangzhou Municipal Bureau!" Zhao Guosheng's face was incomparable, gritting his teeth, the voice almost bursting out from his teeth, "Go and release that little beast!"

“Chief!” Ji Feng had seriously injured Chang Chongwei, and he would definitely be disabled in the future, and it was impossible for him to stand up again.

Moreover, there are still three brothers lying in the ward, two of whom are still in danger, while the other one is blinded by the explosion!

Yet the director said that he wanted to let Ji Feng go?

“Do you think I want to let him go? But, if we don’t let him go, Chong Wei won’t be able to get out of it, and” The rest of the words, Zhao Guosheng didn’t continue, in fact he knew too well that if he didn’t let Ji Feng go again, then the Ji family would definitely see an even stronger counterattack, and at that time, the whole Zhao family might be dragged into it, and he, Zhao Guosheng, would also be abandoned by the head

These hardships, to whom could he say it?

“Go!” Zhao Guosheng clenched his teeth in pain and left with big strides.

.....

Bang, bang, bang!

There was a knock on the door of the reception room and Zheng Yuanshan pushed the door in, an incredulous look still on his face, “Shao Lei, Mr. He, Director Zhao from the Central Office Department is here”

“Oh?!” Ji Shaolei stood up at once as he laughed harshly, “Don’t tell me that his old bastard is here to settle accounts with us, I think if his brain hadn’t been kicked by a donkey, he wouldn’t be so ****!”

He Hongwei couldn’t help but shake his head and smile bitterly, there really weren’t many people who dared to talk like Ji Shaolei.

“He took a guard with him and was about to go to the interrogation room!” Zheng Yuanshan said.

“A guard?”

Ji Shaolei immediately exchanged a glance with He Hongwei, and the two of them immediately laughed, it was obvious that Zhao Guosheng was definitely not here to take revenge, otherwise, with just one guard and Zhao Guosheng’s old arms and legs, that would definitely be seeking death!

Zhao Guosheng had come to let people go!

He had finally bowed his head!

Ji Shaolei and He Hongwei instantly guessed Zhao Guosheng’s intention!

Chapter 1242

“It’s already afternoon?”

Inside the interrogation room of Jiangzhou Municipal Bureau, Ji Feng raised his hand and looked at his watch, the time had reached 3pm, seven or eight hours had passed since he was arrested, he couldn’t

help but smile slightly, "It's about time, I guess, the Jiangnan side should have officially entered the review process by now?"

For these seven or eight hours, Ji Feng had just been sitting in the interrogation room, with his eyes closed, recuperating. I don't know if it was because the food at Jiangzhou City Bureau was already very good, or because those police officers saw that Ji Feng had been so powerful in the morning, defeating four people with one, beating Chang Chongwei and others so badly that he himself had to use up energy, so the meal at noon was very generous.

Ji Feng was not polite either, he only cared about filling his stomach, as for the reaction of Zhao Guosheng and the others in the police station, that was all an afterthought, it was not even in his scope of consideration right now.

Since things were already arranged, there was nothing to worry about. What's more, he was now locked up in the interrogation room, so even if something unexpected happened outside or something like that, Ji Feng had no way to deal with it, he could only wait here for the results or wait and see what happened.

Of course, Ji Feng was not very worried, because if there was anything outside, the white spider would naturally handle it, because last night, Ji Feng had already told the white spider about many of the changes within the plan, and at the same time, told her what to do.

"Zhao Guosheng" Ji Feng held his arms, couldn't help but shake his head slightly and smiled disdainfully, "Although you are in a high and powerful position, but, you don't know how to behave, much less how to educate your own son, such a person Such a person is even worse than the most ordinary ordinary people!"

At least, ordinary people know to let their children follow the right path, and even if they are protective, they will not go so far. However, it was because Zhao Guosheng was in a high position that made his protection of shortcomings even stronger and brought more harm to others!

What Ji Feng was most curious about now was how his father and second uncle would react when they found out what he had done.

Would they be furious, or would they praise themselves?

I'm afraid they would reprimand themselves!

Ji Feng couldn't help but shake his head and smile, thinking that what he had done must have put the family in a passive position, at least nominally.

A son of the Ji family had actually dealt with a benefactor's son

However, if given another chance to choose, Ji Feng will likewise make such a choice, after experiencing so many things, Ji Feng has become how he no longer wants to endure, with people who cannot reason, speak fist!

The first time I saw him, I was afraid of him.

It was as simple as that!

Ji Feng's habits of dealing with people in the world had changed tremendously, his personality had become tougher and people were more forceful, which was not a good thing for those opponents of his.

But for Ji Feng, such a character would make him stronger and stronger in the huge waves that were gradually coming, and no matter how big the storm was, it would definitely not knock him down.

"The dynasty, the young duke, and that mysterious person hiding in the shadows" Ji Feng's mind flashed back to that one or more bright or shadowy enemies, and he couldn't help but sneer and secretly said, "No matter who you are, I will definitely I will find you all out!"

Especially the other two groups of people who attacked and killed him this time, until now, he still didn't know who exactly they were, let alone where they came from, but Ji Feng had never forgotten.

"Bang! Bang! Bang!"

The knock on the door suddenly sounded, especially, the door of this interrogation room was still made of metal, knocking that was even more loud.

The corners of Ji Feng's mouth couldn't help but turn up slightly, and a mocking smile flashed in his eyes as he laughed out loud, "Yoo-hoo, the sun has come out of the west? There are actually police officers who have to knock on the door first when arraigning suspects! Since when did the police become so polite?"

At once, Ji Feng could keenly hear that the breathing outside the door seemed to have sharpened. After a few violent gasps, the other party calmed down again.

Ji Feng then couldn't help but frown slightly, this person outside, actually reacted to his mockery?

Then needless to say, it was either Zheng Yuanshan or Zhao Guosheng.

There were only these two people, one was supposed to have some guilt towards himself, while the other one, on the other hand, must have hated himself so much that he was afraid he would want to kill himself outright!

"Snap!"

The door of the interrogation room was opened, and when Ji Feng looked up, he saw a guard walking in, staring at himself coldly.

"Ji Feng, you can go out now!" This guard said in a cold voice, and his eyes looked at Ji Feng with extreme ill will, obviously harbouring an extremely deep hatred.

Ji Feng, however, did not care, as if he did not see the hostility in this guard's eyes, he laughed and said, "Let me out? Are you doing this on your own, or is it Zhao Guosheng's idea?"

"No matter whose idea it was, you can go now!" The guard said coldly.

Ji Feng shook his head and smiled, staring at that guard, but his mouth spat out one word: "Get out!"

"You"

That guard couldn't help but be furious, he coldly stared at Ji Feng, a thick anger emerged from his eyes, "Humph! I'm telling you, if you don't go out, don't even go out in the future!"

"Scaring me?!" Ji Feng glanced at him, "Remember your identity, you're a guard, not anyone's dog!"

"You" The guard was instantly furious.

"You what you, get out!" Ji Feng suddenly shouted lowly, "Want me to go out, it's not that easy, let Zhao Guosheng come to see me personally!"

"....." The guard stared coldly at Ji Feng for a long time before he snorted fiercely and turned around to walk out.

Ji Feng shook his head and couldn't help but snicker, "This Zhao Guosheng is really quite alright, even at this point, he's still dead set on saving face, he's simply causing people to laugh!"

As soon as that guard came just now and said for Ji Feng to go out, Ji Feng understood that the matter of Jiangnan had been taken care of.

Chang's Group and Chang Chongwei's matter, even more how can not be concealed, even, if Ji Feng is not wrong, I'm afraid that this matter has been all over the city

The pressure that Zhao Guosheng is under in this situation, Ji Feng can imagine.

I think, now Zhao Guosheng are already burnt out, at this time he actually dare to pose, Ji Feng can dump him is strange!

"Arrest me if you want to and release me if you want to?" Ji Feng shook his head and laughed, "It's not that easy, I've long said that it's easy to arrest people, but hard to release them!"

"He won't come out?!" Zhao Guosheng looked at the guard with an angry face, and a coldness flashed in his eyes, this little brute, actually took it up with himself?

Of course Zhao Guosheng understood that Ji Feng refused to come out, so it was clear that he wanted to personally go over and 'ask' him to come out.

How could that be possible!

Zhao Guosheng was furious in his heart, this little beast was simply bullying people too much!

He hadn't even settled the score with him for beating his own son, and now that he had taken a big step backwards, Ji Feng still wouldn't stop?

He still wanted to ask himself to go and invite him out personally? He was dreaming!

But Zhao Guosheng had never thought that if he hadn't indulged Chang Chongwei too much, and even later let Chang Chongwei bring his guards to deal with Ji Feng in the interrogation room, then how could Chang Chongwei have been beaten so badly? There would not have been anything that happened later.

Unfortunately, many people are like that, whenever something happens, the first thing they will do is to look for mistakes from others, and they will not even look down to see if they are wrong. In their minds, they are never wrong, the fault is always someone else's.

Zhao Guosheng is also such a person, so he thinks that all the mistakes are on Ji Feng, now let him bow down to Ji Feng, beat him to death, he can't do it!

The guard stood by the side, quietly waiting for Zhao Guosheng's decision.

"Ding" At this time, Zhao Guosheng's phone rang once again, and that guard keenly noticed that the moment the phone rang, Zhao Guosheng's hand, suddenly shook a little.

This guard was instantly stunned, Director Zhao was afraid?

.....

"Young Master He, guess if Zhao Guosheng will personally go over there?" Just a short distance away from the interrogation room, there were several people standing, namely the two brothers He Hongwei, Ji Shaolei, Zheng Yuanshan, and Li Ruonan who was also very concerned about Ji Feng.

When they saw that guard come out, they immediately laughed, it was obvious that Ji Feng wouldn't come out!

"Definitely!"

He Hongwei said with unparalleled certainty.

"Why would you be so sure?" Ji Shaolei asked.

"As long as Zhao Guosheng still wants to continue to maintain the Zhao family, continue to be his Director of the Central Office Department, and even go further in the future, then he will definitely have to get through this hurdle!" He Hongwei said.

"Then Zhao Guosheng will have to be embarrassed!" Ji Shaolei said with a heated laugh.

"Could it be that he's not embarrassed now?" He Hongwei shook his head without emotion and said, "This hand, powerful!"

It was not clear who he was praising.

"Quickly look, Zhao Guosheng seems to be going over." Li Ruonan suddenly said.

Several people immediately turned their heads to look, and saw that Zhao Guosheng had finished answering the phone and was walking slowly towards the interrogation room with an iron face.

"Hurry up and go, watch the good show!" Ji Shaolei harrumphed and took the lead in striding over.

He Hongwei and the others couldn't help but shake their heads and laugh bitterly, going over now would undoubtedly be another slap on Zhao Guosheng's already very ugly face. Only Ji Shaolei could do such an unethical thing as dropping stones on a well!

"Are we going?" Li Ruonan asked hesitantly.

"Go!"

He Hongwei nodded, "But it's better for us to go later!"

By this time, Zhao Guosheng was already about to walk to the entrance of the interrogation room.

Indeed, Zhao Guosheng's face was on fire, feeling embarrassed beyond measure, while in his heart, he was even more annoyed and suffocated.

They were coming to take Chang Chongwei back, to be precise, to escort him back, or at least, back to the hospital in Jiangnan, where he would be monitored until he was discharged.

This was going to be a real move!

At this moment, Zhao Guosheng finally gave in, he had to remove the impact of this matter as soon as possible, otherwise, he would also be implicated.

So, Zhao Guosheng pushed open the door of the interrogation room and immediately saw that Ji Feng was sitting on a chair with a playful smile on his face.

Chapter 1243

Ji Feng was sitting on a chair in the interrogation room, holding his arms, relaxed.

Zhao Guosheng, on the other hand, was standing at the door with an extremely complicated look in his eyes, staring at Ji Feng, and the two of them just stared at each other, neither of them speaking.

Finally, after a while, Zhao Guosheng gritted his teeth and said, "Ji Feng, you can go out now!"

All of a sudden, a strong sense of humiliation flowed through Zhao Guosheng's heart, and at this moment, he deeply felt the humiliation his son had suffered in front of Ji Feng.

Both of them, father and son, had suffered great humiliation in front of Ji Feng, which made Zhao Guosheng's body tremble a little.

However, Ji Feng only smiled blandly: "Go out? Zhao Guosheng, you should not have amnesia, right? Remember what I told you when you arrested me this morning? It's easy to arrest me, but it's not that easy to release me!"

A look of anger flashed across Zhao Guosheng's face, "Ji Feng! Don't get ahead of yourself, my son was beaten up by you like that, I haven't even settled the score with you yet, but you're taking advantage of it?"

"Bullshit!"

Ji Feng's face instantly sank and he cursed angrily, "Zhao Guosheng, has your brain been kicked by a donkey?! If your son hadn't come to Jiangzhou to attack and kill me for no reason, how would I have come into conflict with him? If he hadn't insulted my girlfriend in the club, would I have beaten him up? Also, if you hadn't connived your dog son to come here in the morning to get me killed, would he have become what he is now?!"

"Also use your pig brain to think about who caused this!" Ji Feng sneered, "I'm telling you, don't put on this bullshit look in front of Laozi, as if you've suffered so much!"

He jerked out a finger, "In a word, if you want me to get out, there's no way! You don't deserve to act like a big tail in front of me!"

Boom~~!

Ji Feng's words were like a burst of thunder that suddenly exploded in Zhao Guosheng's ears, causing his body to shake and his entire body to freeze on the spot.

However, he did not come to his senses, but rather a strong feeling of humiliation welled up in his heart.

To think that he, Zhao Guosheng, the Director of the Central Office and the head of the Zhao family, was being scolded by a little kid pointing at his nose!

This humiliation made Zhao Guosheng simply want to go crazy!

"You, you" Zhao Guosheng's body was trembling, pointing at Ji Feng, unable to speak in anger.

Ji Feng shook his head and sighed lightly, seeing the look on Zhao Guosheng's face he understood that his words just now were all a waste of words to a cow!

"What a waste of words!" Ji Feng shook his head.

"Phew~~!"

Zhao Guosheng couldn't help but let out a long breath, which was an effort to calm himself down, but he was still very angry: "You beat up my son like that, you still have a point?"

Ji Feng spread both hands: "Zhao Guosheng, if you're coming here now and want to debate with me, then I'm sorry, I'm too lazy to talk nonsense with you, please go back! Whenever you realise your mistake, come back."

"You" Zhao Guosheng was furious.

Ji Feng, however, ignored him and closed his eyes, hugging his arms and resting his eyes.

Zhao Guosheng's face was blue for a while, standing in the interrogation room, looking at Ji Feng, he hated almost gnashing his teeth, but, at this time, he was also unusually embarrassed, really neither leaving nor staying.

It was absolutely impossible for him to apologise to Ji Feng. He could not wait to eat Ji Feng alive, so how could he possibly apologise to him?

However, if he did not apologise, Ji Feng would definitely not go out.

Zhao Guosheng couldn't turn around and leave either, if he dared to do that, he believed that at most by evening, the police officers coming from Jiangnan would take Chang Chongwei away, and at that time, it would really be impossible to undo everything.

"Haha, I'm not late, am I? Did I miss the best part?" Just then, a loud and resounding laugh suddenly came, but it was Ji Shaolei in a suit, that short hair was also messed up into a small parting, combed neatly, and the whole person presented a spirited look.

He looked at Zhao Guosheng, then at Ji Feng, and laughed: "What's going on, did the talks fall apart?"

Zhao Guosheng's face then couldn't help but twitch a few times, a flash of anger in his eyes, Ji Shaolei had actually come to humiliate him too!

"Humph!"

Zhao Guosheng gritted his teeth, turned around and left!

He really had no face to continue staying here, yet two juniors from the Ji family could humiliate him wantonly, this made Zhao Guosheng want to headbutt him to death, if he stayed any longer, he would only bring shame on himself!

Zhao Guosheng decided that he would go and beg the chief for help.

“Haha” Seeing Zhao Guosheng leave in such a mess, Ji Shaolei burst out laughing, he gave Ji Feng a thumbs up and said, “San’er, it looks like you’ve grown in your mouth too, look at Zhao Guosheng’s face, he was He didn’t even dare to put down a harsh word when he was leaving, he was scared out of his wits!”

Ji Feng couldn’t help but shake his head and laugh: “What I said was the truth, but once you came, he was so ashamed that he hid his face and left.

“Haha, just average!” Ji Shaolei laughed loudly, his mood was very relaxed, “However, if you want to say that you’re good, then I’d have to say Eldest Uncle and your Second Uncle, they’re the ones who are good.”

“Oh?” Ji Feng was slightly stunned.

“You still don’t know, right, Chang’s Group and Chang Chongwei were reported, the whole Jiangnan officialdom had a big earthquake, and a task force was set up” Ji Shaolei said excitedly, but before he could finish his words, he was interrupted by Ji Feng.

“Second brother, what did you say?” Ji Feng asked in amazement, “Father and Second Uncle, they are also out in Jiangnan?”

“Yes, how else would such a big reversal have come?” Ji Shaolei asked with some confusion, “Third child, did you just say too? Did you also make a move?”

Ji Feng nodded and said, “It turns out that both father and second uncle also made a move Originally, I just had Zhang Lei and Xiao Ying go to Jiangnan, and sent someone to collect the evidence of the Chang Group, and agreed with them to launch it today, only I didn’t expect Zhao Guosheng to arrest me”

He gave a brief account of his plan.

As his words fell, he was stunned to find that Ji Shaolei was already full of shock, not only him, but even He Hongwei and the others who had just entered, were likewise full of shock, their eyes were all wide open, as if they had seen something incredible.

Ji Feng immediately asked, “What are your expressions? What’s wrong with all of you?”

“Ji Feng, you just said that you set up the bureau in Jiangnan?” He Hongwei looked at Ji Feng and asked with some hesitation.

“If the situation in Jiangnan is similar to what I said, then it should be me who laid it out, if it’s too far off, then it must be father and second uncle who made the move” Ji Feng nodded and frankly

admitted to his layout, there was no secret to it, either. The first thing you need to do is to investigate, and Zhang Lei and Xiao Ying are not secret people!

However, Ji Feng did not know how much his words had shocked and stunned Ji Shaolei, He Hongwei and others.

The fact that it was only based on the layout of Ji Feng alone, such a small and seemingly insignificant means, actually caused an earthquake in the officialdom of Jiangnan? Even forced Zhao Guosheng to force himself to endure the grief of his son being beaten like that to come and bow down to Ji Feng!

This is not a small tactic, but an incomparably brilliant one!

It was true that it also looked like a small tactic, but that also depended on who it was for. If it was for people like Ji Zhenhua and Ji Zhenguo, it was indeed a small tactic, and they could achieve such an effect with a single word.

But for Ji Feng, that would be too shocking!

You know, collecting evidence and intelligence from the Chang Group, and also being able to carry out such an accurate layout, and, accurately calculate a series of reactions and changes behind, while Ji Feng himself can still sit in the interrogation room, can be said to be sitting on a steady fishing platform.

This, cannot not let people shock!

"I holy shit!" Even He Hongqiang, who was somewhat 'foolish', was shocked, and he couldn't help but burst out a foul mouth, looking at Ji Feng in astonishment, and couldn't help but feel some fear in his heart.

Who could play such beautiful tricks as an ordinary young man?

This guy is too powerful, can't play with him ah

After such an interruption by He Hongqiang, both Ji Shaolei and He Hongwei also came back to their senses, both of them could not help but let out a bitter laugh, from the beginning they both thought that this was a game laid by the elders of the Ji family, but now Ji Feng said that this was a tactic he played, the two of them were really shocked and did not know what to say.

Zheng Yuanshan, who was standing at the door, was even more shocked in his heart, and the way he looked at Ji Feng had changed a little.

Previously, because he knew about the Zhao family's influence in Yanjing and also vaguely knew something about the relationship between the Zhao family and those few families, after the conflict occurred, Zheng Yuanshan just received a hinting phone call from Zhao Guosheng and chose to protect himself in a clear manner.

Zheng Yuanshan then knew that from that moment on, he had caused Ji Feng's displeasure.

And while Chang Chongwei and those guards came to the interrogation room in the morning to deal with Ji Feng, it had something to do with Zheng Yuanshan's retreat.

Fortunately, Ji Feng's strong hands made this safe, otherwise

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own.

A thought of this, Zheng Yuanshan heart can not help but sigh lightly

.....

"Ji Feng, Ji Shaolei bastard, bastard!" Zhao Guosheng's face was iron blue, his entire person was in a near trance-like state, the intense and incomparable anger was so strong that he was about to explode with anger.

However, the dire situation in front of him was something he could not ignore.

Gritting his teeth, Zhao Guosheng had no choice but to call the chief, and the only one who could come out and de-escalate this situation right now was the chief who carried enough weight!

"Ding~~!"

However, before Zhao Guosheng could make the call, his mobile phone rang first, and when he looked at the caller ID, it was the office director's phone.

He immediately picked up, "This is Zhao Guosheng"

"Director, you should hurry back, a notice has been sent down from above that you have been removed from the position of director"

Boom!

These words were like a thunderbolt, instantly exploding in Zhao Guosheng's ears, he only felt a blackness in front of his eyes, then the sky spun, and his whole body fell forward headlong

Chapter 1244

Removed from office!

As soon as this decision came out, a staff member of the Central Office Office who was also Zhao Guosheng's confidant called him and told him the news.

Zhao Guosheng was immediately dumbfounded, his eyes went black and he almost passed out at once.

Although he had only been removed from the post of director of the Central Office, the other posts he held were still retained, and his rank and status had not changed much.

However, in Zhao Guosheng's eyes, it was like a thunderbolt out of thin air, making him dizzy and almost unable to stand.

The removal of a director's post was not much of a problem, in fact, he was also holding other important posts, and his ranking had not been moved. However, Zhao Guosheng knew that, don't look at this simple removal, but it was significant, for him, it was like a maximum punishment!

The reason is that his original position as director can be said to be dedicated to the chief, one of the most caring departments around the chief, so as the director of the Central Office, he must also be one of the most caring people to the chief!

But now this position had been removed, which meant that the chief was extremely dissatisfied with him, and had already started to punish him!

He left this position, even if his rank remained the same, but he had lost his most sought-after power, the trust of the chief, and more importantly, he had lost his way up the ladder in the future!

If nothing goes wrong, Zhao Guosheng's career will stop here!

This is what Zhao Guosheng fears the most, for him, this is a huge disaster.

Those who have never enjoyed the benefits of power will never be able to understand how painful it will be to lose it, compared to when he was in power.

"Defeat! A complete defeat!" Zhao Guosheng's face was ashen as he muttered to himself.

He knew that his political life had come to an end. From now on, the Zhao family would no longer have a flag bearer, and more importantly, he, Zhao Guosheng, had also become a man who had fallen on hard times.

And all of this was obviously because of offending the Ji family!

"Ji Feng, Ji Zhenhua I am not united with you!" Zhao Guosheng couldn't help but roar in anger, and then his eyes went black and he fainted.

"Director, Director!" The guards beside him were instantly shocked and panicked as they helped him and rushed to the hospital.

.....

Meanwhile, Ji Feng and the others were still waiting patiently, they believed that if Zhao Guosheng still wanted to get through this smoothly, if he still wanted not to be implicated too much by the Chang Group and Chang Chongwei, then he would definitely come back and ask Ji Feng to go out.

But the crowd waited one minute, but never waited for Zhao Guosheng.

Ji Shaolei's eyebrows immediately furrowed: "What does that son of a bitch want? Does he really want to kill the fish?"

He Hongwei, however, also shook his head slightly, not quite understanding.

Ji Feng pondered for a moment before saying, "Zhao Guosheng should be thinking of ways to salvage the situation, after all, even if he releases me, he will also be implicated in the Chang Group and Chang Chongwei's case, there is no doubt about it. Releasing me would, at most, be used as a quid pro quo, enabling him to bear less guilt or allowing Chang Chongwei to escape the law as much as possible"

"I don't think so, the wisest option now is to completely admit it!"

He Hongwei said, "If it were me, I would definitely just admit defeat, with the Zhao family's influence in Yanjing, no one would want to drive them to extinction anyhow. As long as this matter has passed and stabilised, we can then slowly think of ways to take revenge. If we fight to the death now, it won't do anyone any good!"

“Who’s as sinister as you!” Ji Shaolei couldn’t help but mock, “You, Big Shao He, are notoriously sinister and cunning in Yanjing, but you can still act like a gentleman

“Ji Shao Lei, what are you talking about!” He Hongqiang immediately quit, he already had a grudge against Ji Shaolei, this guy stole Xiang Yurou not to mention, now he actually came to mock He Hongwei, He Hongqiang had long since seen it.

“Kid, go skulk around if you’re not convinced!” Ji Shaolei’s face sank.

“Slip away, just slip away, who’s afraid of who!” He Hongqiang’s rash temper also flared up and he said through clenched teeth.

“All right!”

He Hongwei waved his hand and said, “You two together are over fifty, aren’t you, and you still act like children, aren’t you afraid that others will laugh at you?”

“It was this errand boy who started the trouble!” He Hongqiang grunted.

“Who are you talking about, Er Rangzi?!” Ji Shaolei was also good at not giving in, back in Yanjing they didn’t deal with each other, the two had fought with each other for an unknown number of times, making a mess of the Yanjing dude circle, it was only after Ji Shaolei came to Jiangzhou that the situation got a little better.

Now that Ji Shaolei had practiced aerobics, his physical skills had improved by leaps and bounds, and when he saw He Hongqiang, he couldn’t help but feel a little itchy.

“Stomp, stomp, stomp

Just then, a rush of footsteps came quickly, but it was Zheng Yuanshan, whose figure was obese, who came running quickly to the interrogation room, with a mobile phone in his hand.

“Little Feng, just now Secretary Zhen Guo called and said for you to answer the phone” Zheng Yuanshan said eagerly, with an extremely complicated look on his face.

Just now Ji Zhenguang called, and as soon as he heard that Zheng Yuanshan had answered, his tone was subdued and he appeared very dignified.

Obviously, Ji Zhenguang is also expressing his dissatisfaction

How could Zheng Yuanshan be at ease?

“Second uncle’s call? Did he say something?” Ji Feng picked up the phone and found that it wasn’t on the line, so he couldn’t help but ask.

“Secretary Zhen Guo said, things are over, let, you get the hell out of here!” Zheng Yuanshan said.

Ji Feng was stunned, and He Hongqiang and Ji Shaolei and the others were equally stunned.

Get lost?

What does this mean?

Ji Feng couldn't help but shake his head and quickly dialed his second uncle's number, and as soon as he got through, he said, "Second uncle, this is Little Feng"

"You kid, you've got a lot of guts!"

Ji Zhenguo's voice came over, "You've been having a lot of fun these days, haven't you? You've been having fun these past few days, haven't you?"

"Second uncle, you've really wronged me." Ji Feng couldn't help but smile bitterly, "I'm not to blame for this, it's all because of what Chang Chongwei has done, and you guys didn't help me out, so I had to take matters into my own hands. Besides, it's also because Chang Chongwei and the Chang's Group were not standing up for themselves that I got a hold of them"

"All right, all right, don't be sophomoric, hurry up and pack your things and go home!" Ji Zhenguo said, "Now that the matter has come to an end, you should not ask the rest."

"What do you mean?" Ji Feng couldn't help but ask.

"A decision has just been made, Zhao Guosheng has been removed from his post, the case in Jiangnan is still under investigation by going through the formal procedures, so don't ask about the specific things." Ji Zhenguo said.

"Zhao Guosheng has been removed from his post?!" Ji Feng was instantly stunned.

What?!

Ji Shaolei and He Hongwei and the others in the interrogation room were shocked beyond belief at the same time, how could they not have thought that the punishment for Zhao Guosheng would be so heavy, that he would be removed from his post?

This was tantamount to saying that Zhao Guosheng's political future was thus ended.

How could this decision be made?

Ji Shaolei and He Hongwei were both full of shock, Zhao Guosheng was the director of the Central Office Department, that was the person in front of the head, almost like a secretary in general. To get rid of him, that would undoubtedly require the consent of the chief, and, moreover, the consent of several other families.

So, who actually made this decision?

Everyone present was very puzzled, Ji Feng was just about to ask, when he heard Ji Zhenguo say, "Let's do this first, I'm going back to Jiangzhou tomorrow, you'll come home then, your aunt also misses you"

"Hey!" Ji Feng nodded, his whole body was still in shock when he heard a busy tone coming from the phone.

Second Uncle had already hung up the phone.

After closing the line, Ji Feng and the others looked at each other, and only after a long time did Ji Shaolei say, "Playing a big game, San'er, this time it wouldn't be you who made the trick too, right?!"

“Do you think I have that much energy?!” Ji Feng laughed bitterly, this civil affairs, Ji Feng can still rely on his contacts and helpers to do things unnoticed, but, this high-level pattern change or not, or how the change, is not something Ji Feng can interfere with?

At least, he doesn't have that qualification yet!

“I also think also” Ji Shaolei nodded and asked again, “Then who would this be done? The chief? Or”

Ji Feng looked at He Hongwei, the three were all at a loss, this change was so big that it was almost like giving the Zhao family a direct hit on the head, hitting them with stars in their eyes and dizziness, it was just too hard!

No one could guess who had done this, at least not these few juniors of theirs.

“Whatever, anyway, it's good for us that that son of a bitch Zhao Guosheng is out of luck!” Ji Shaolei haha laugh, can't figure out don't think about it again well, “go go go, San'er, hurry up and pack up, let's go to the hotel to eat, it's almost dark”

“You foodie!” He Hongqiang couldn't help but mutter.

Ji Shaolei snapped his eyes, “What did you say?”

“I didn't say anything!” He Hongqiang snorted coldly.

“Humph!”

Ji Shaolei sneered, and then he smiled heatedly, “By the way, Yu Rou and I will be getting married soon, so don't even forget to come over for the wedding banquet then!”

The moment these words came out, He Hongqiang's face immediately darkened

Ji Feng and He Hongqiang can't help but shake their heads and laugh bitterly, these two people together, that is really

And at the same time, in Yanjing's East Sixth Street quadrangle, the two brothers, Ji Zhenhua and Ji Zhenguo, were sitting together, quietly sipping tea.

“I really didn't expect that Little Feng actually has such a hand, it really has a brightening feeling!” Ji Zhenguo said with admiration, “At such a young age, to have such tactics is really rare!”

“I didn't anticipate this either, making some of the tactics I had originally prepared, not even used!” Ji Zhenhua shook his head and smiled, “This kid is also crooked, he actually just put the Zhao family directly into an extremely passive situation”

Chapter 1245

“I also did not anticipate this, making some of the means I had originally prepared, not even used!” Ji Zhenhua shook his head and smiled, “This kid is also crooked, actually just like that, he put the Zhao family directly into an extremely passive situation”

Ji Zhenguo also could not help but nod his head, indeed it was so that neither he nor Ji Zhenhua had expected that this kid Ji Feng had actually laid out a backhand early on, and without realizing it, had actually mastered a great deal of evidence regarding the Chang Group, and even direct evidence of Chang Chongwei's crimes.

These alone were enough to make Ji Feng and the Ji family invincible!

What's more, Ji Feng himself had never been to Tongzhou, and it had only been half a month since the assault and murder incident, and Ji Feng had actually collected so much evidence, and moreover, no one had actually noticed it.

This energy alone is enough to make everyone, including Ji Zhenhua and Ji Zhenguo, take a fresh look at Ji Feng!

"It looks like we didn't let Ji Feng do anything, this kid didn't listen!" Ji Zhenguo laughed, "Originally I only thought that even if he couldn't hold back, the most he could do was to find trouble for the Chang Group through other means, or to directly beat up Chang Chongwei, children, they all like to move their fists and feet but I never thought that this kid would actually come straight to the bottom of the pot and The Chang Group will be unable to turn around with a single stick."

"Yes, this character of his, also do not know when it was developed, before but did not notice." Ji Zhenhua was also quite impressed.

As a father, seeing with his own eyes that his son had grown to such a point that he could single-handedly fight the Zhao family, and the Chang Group, without relying on the power of the family, was really a very happy thing.

This is especially true because behind Ji Feng's unassuming calmness, he has the means to shock the whole world in one fell swoop, and that makes Ji Zhenhua, as a father, feel very happy.

However, when he thought about what Ji Feng had experienced since he was a child, how he had developed such a harsh style that was usually stoic, but when he struck, it was a killing blow, but Ji Zhenhua knew nothing about it, and he did not know how many times Ji Feng had gone through trials and tribulations in the process of developing such a character, before he was worn down and became so deep The sufferings in between, Ji Zhenhua can imagine.

When you think of this, Ji Zhenhua can't help but feel some heartache again.

The gradual growth of his son, but not under his watchful eye and care to complete this transformation, Ji Zhenhua heart of guilt and a few more points.

"To say, this time, it is also considered that Xiao Feng has made a credit, his conflict with Chang Chongwei has become a trigger, and those evidences he has collected have made us not so passive, this kid is good!" Ji Zhenguo said with a smile.

Ji Zhenhua shook his head and said, "He is still a bit reckless, he did not find out the background of the Zhao family beforehand, if a bad operation, he might fall into someone else's trap and become a target, this time, it can only be said that it was a fluke for him, it was his tactics, plus this timing of his conflict with Chang Chongwei, all the factors combined together, only now there is a The favorable situation, but this kind of victory, is one that can't be repeated, it can't be replicated!"

“Yes, there is also the factor of Zhao Guosheng’s small intelligence, and the Zhao family’s usual openness and domineering!” Ji Zhenguo couldn’t help but shake his head with a smile, “Zhao Guosheng’s petty cleverness has harmed the entire Zhao family! They don’t know how to restrain themselves, ah, and have finally incurred the resentment of everyone, which can be described as self-inflicted!”

Ji Zhenhua then nodded his head slightly, this was indeed the case.

The fact that the Zhao family had received this head-butt was not all due to Ji Feng.

Strictly speaking, the impact of Ji Feng’s actions on the overall situation was not really very great. Those actions of his could only be said to have given him the upper hand in his own fight with Chang Chongwei, and with the Zhao family.

However, if the several major clans in Yanjing all backed the Zhao family, then even if Ji Feng had mastered the evidence of Chang’s group and Chang Chongwei’s crimes, he would definitely not be able to fight Zhao Guosheng, or even Chang Chongwei. Because at that point, it was no longer just a matter of evidence or not, but a power struggle was involved!

Fortunately, Ji Feng had struck at a really opportune moment!

Ever since the old man of the Zhao family had gone, the Zhao family had always been flighty and domineering, especially the children of the Zhao family, that could be considered a bully in the dude circle!

In fact, this is nothing, it’s just kids playing around, it doesn’t affect the big picture.

However, the second-generation children of the Zhao family were also domineering. For example, Zhao Guosheng and the other second-generation Zhao sons of his generation were really domineering.

This domineering behaviour was not only reflected in their language and behaviour, but more importantly, these second-generation children of the Zhao family were very keen to fight for power.

For example, if a very good position becomes vacant, as long as a son of the Zhao family sees it, then without much ado, they will directly bring up the kindnesses that the Zhao family’s old man showed to several other families back then and start to grab the position from others.

Not only that, if the other party was strong and much higher than the Zhao family’s scion, then Zhao Guosheng and the other Zhao family’s scion, would communicate with these few big families and let them be the backers, or let them step in to mediate and dissuade the Zhao family’s scion’s rival, or arrange for his rival to go elsewhere.

Anyway, there was only one thing to say, as long as the Zhao family’s son had his eye on the position, they had to get it!

As for whether the Zhao family’s son is suitable for the position or not, and whether he is capable of taking it, then they definitely don’t care, as long as the position can bring them benefits and enable them to succeed in the position anyway, then they must fight for it!

The Zhao family has been kind to all of those big families, this is something that many people know, especially the second generation of some families or the elderly.

So generally whenever the Zhao family contested for a certain position, the others would either back off a little for the sake of those few great families, or, accept the new position that a certain family had arranged for them.

But in this way, those families owe more and more favours, and more and more of the Zhao family's sons and daughters enter the political arena!

This phenomenon is really too bad.

Bullying and arrogance!

This is the truest portrayal of the Zhao family, relying on their family's old man's favours to several other clans to intervene in everything and fight for everything, making it impossible to know how much gossip there is in Yanjing.

And in this way, if the Zhao family messes around so much, first of all, those few big families won't agree!

The country belongs to everyone, not to any one or two families, so it was okay to do this once or twice, because the positions that the Zhao family people were fighting for were critical, but they were not the top positions, but even so, so many of the Zhao family's sons and daughters came to fight for good positions, making a mess of things, and other people were quite critical.

Some people are even saying in private that that great family is the Zhao family's punching bag, so what might be done, who let the family's senior son be so discerning and give those families help in the first place?

.....

Some gossip like this, that is really countless.

What's more, messing around like this for a long time has caused the nature of the political arena to change almost all the time, and that makes it intolerable for several of the big families.

It is understandable that your Zhao family wants power and a good position, and we can help you when necessary. After all, it is your family's old man who has been kind to us, which no one can deny, and we are all very much obliged.

If your sons want to make money, of course they can, even if there are some unseemly means, then they can still manage to get by. As long as you don't go too far, you can pretend not to see it.

But the problem is, this is governing the country, not playing house again, moreover, the country is not the decision of one or two people, we all stand in this position, that have a common goal, is to govern the country well, make the country's development more prosperous and stronger.

If the Zhao family is making a mess of things, how can the people live?

It is because of this that the several clans have become discontented and everyone knows that they cannot let the Zhao family continue to run amok, otherwise they will lose the hearts of the people and cause them to complain.

But the question is, how to move the Zhao family?

This is an iron-clad fact that no one can change. If you want to move the Zhao family, you will have to bear the reputation of being ungrateful and unrighteous, and this is what the Zhao family people often talk about.

Sometimes when the junior children of the Zhao family clashed with the children of other families, all they had to do was ask, "What, you want to be ungrateful and unrighteous?"

The other side would naturally turn around and leave, as we were all in this circle and no one wanted to carry such a reputation.

And so the conflicts gradually accumulated.

The conflict between Chang Chongwei and Ji Feng suddenly happened against this general background.

All the families realised that this matter involved Zhao Guosheng's son, so this was an absolutely perfect opportunity to beat this arrogance of the Zhao family and, at the same time, to make the Zhao family understand that if you just want to be a rich family man without any worries, that's absolutely fine, and if you have the ability, you can also come up, but if you want to be indiscriminate, that's absolutely impossible!

It was also because of this that when the clash between Ji Feng and Chang Chongwei took place, all the clans did not say a word publicly, because at that time, no one had figured out how to deal with the Zhao family.

And with Ji Feng's kettle strike, it made Zhao Guosheng the focus of all the clans' strikes at once!

By knocking out Zhao Guosheng, it was tantamount to giving the Zhao family a severe blow to the head, and the other sons and daughters of the Zhao family would not be able to become anything.

The next thing that will happen is natural, Zhao Guosheng was removed from his position, the Zhao family no longer has a flag-bearer, Chang Chongwei and the Chang Group were thoroughly investigated, so the Zhao family will be under heavy pressure, I believe that if the Zhao family is smart, there will be many people who occupy important positions to apply for transfer out.

Otherwise

Chapter 1246

In the nearest hotel to the Jiangzhou Municipal Bureau, Ji Shaolei and Ji Feng and the others were all in a private room, having a good time.

After a small twist, things had finally come to an end.

Zhao Guosheng was removed from his post, could not bear the blow, fainted and was sent to the Jiangzhou Third People's Hospital for treatment, and his son, Chang Chongwei, was in the same hospital, a pair of difficult father and difficult son.

But I don't know if this is because Zhao Guosheng has no more scruples and has semi-disclosed the father-son relationship between him and Chang Chongwei.

But I guess it wasn't his idea to go to the Third People's Hospital when he passed out.

Whether it was Zhao Guosheng's intention to publicly announce that he had a son, or some other figure reason, Ji Feng would not be asking questions now, because after Zhao Guosheng was removed from office, the Zhao family had already started to decline.

In fact, the Zhao family was not strong in the first place, if not for the care of several big families, the Zhao family would have fallen to nowhere!

The rest of the matters did not require Ji Feng to worry about. All he had to do now was to fill his stomach first, and then go back to treat Zhang Lei and Xiao Ying, who had made a great achievement, and of course, Wang Xin, who had gathered a lot of information!

At the dinner table, several people talked and laughed, and also all began to combine some of the news they had heard to analyse what was going on when Zhao Guosheng was removed from his post, while the other families were not saying a word about it.

It has to be said that these guys are all very smart young handsome people, with the exception of course of He Hongqiang.

They had guessed a rough idea after just a simple analysis. They didn't understand it before because they hadn't seen the result, but now that they had the result, and when they compared it with all the previous doubts, they were able to guess more or less the inside story in between.

"So that's how it is!"

Ji Shaolei couldn't help but feel, "The Zhao family is completely asking for it!"

"Yes, even if there was no conflict between Ji Feng and Chang Chongwei this time, then there will definitely be other things in the future!" He Hongwei nodded and said, "As long as the Zhao family is involved, then it goes without saying that the Zhao family will definitely be unlucky!"

"Then is this considered ungrateful?" He Hongqiang asked.

"As long as we keep the Zhao family safe and somewhat wealthy, isn't that enough?" He Hongwei laughed, "Letting those sons and daughters of the Zhao family rise to power, that's not only irresponsible to them, but also irresponsible to this country, to the common people!"

Ji Feng and Ji Shaolei both couldn't help but nod their heads, He Hongwei was indeed right in what he said.

Although many officials were problematic, and even made people mention them, they couldn't help but gnash their teeth. But what is undeniable is that those big shots who really stand at the highest level, their vision has long since transcended the realm of personal self-interest or even that of a family or a faction.

What they are looking at is the whole country!

They may have flaws, but they cannot conceal their breadth of mind and ambition!

This is undeniable!

“In fact, ah, it would only be irresponsible to let the Zhao family bounce around up there, now it’s just jerking off one Zhao Guosheng, the others can all be transferred away to unimportant positions and do what they can do. If they continue to bounce around, maybe one day something big will happen, and then they will just have to bounce around in jail!” Ji Shaolei couldn’t help but sneer.

“Well, although Shao Lei’s words are not very nice, they are true!” He Hongwei nodded, “However, the one I’m most interested in is Ji Feng.”

“Me?!” Ji Feng waved his hand, “It’s better to dispense with it, I’m not interested in men!”

Ji Shaolei immediately laughed out loud, while He Hongqiang also had an odd look on his face, there were not many people who dared to flirt with his big brother like that.

But He Hongwei just shook his head and laughed, saying, “I’m curious, no matter how Shaolei and I advised you not to move Chang Chongwei, at least, after beating him up in the clubhouse, don’t be so impulsive again, but you didn’t listen, instead, you were bent on going your own way, and even set up a backhand long ago, collected a lot of evidence... ..Could it be that you already knew that those few big clans were already dissatisfied with the Zhao family and wanted to deal with them?”

This was the question that Chang Chongwei was most curious about, Ji Feng’s attitude at that time could be described as resolute, even if he knew about the Zhao family’s relationship with several other families, he still insisted on cleaning up Chang Chongwei, and the means were still so harsh and well thought out, that was not something that a simple dullard’s character could do.

So there was only one possibility, Ji Feng might have known about the environment the Zhao family was in long ago.

But this made He Hongwei feel strange, knowing that at that time, Ji Feng had not even heard of the Zhao family, so how could he know the situation of the Zhao family?

This was really too strange.

Looking at He Hongwei’s inquiring gaze, Ji Feng smiled, “Whether or not he knew about the Zhao family’s situation, cleaning up Chang Chongwei, that’s for sure!”

What Chang Chongwei had done had gone beyond Ji Feng’s bottom line, especially since he had provoked one after another and even tried to kill himself, it was absolutely impossible for Ji Feng to keep him.

“However, last time you guys said something about the Zhao family, I guess, the Zhao family should not be too popular in Yanjing!” Ji Feng laughed.

“Why do you think so?” Both He Hongwei and Ji Shaolei couldn’t help but look at Ji Feng with a slight bewilderment.

“Actually, I’m just guessing casually, at the very least, if it were me, if a person was kind to me, then I would definitely repay him. However, if this person who is kind to me often makes unreasonable demands that are becoming more and more excessive, and the person is becoming more and more domineering, treating me only as a tool to move up the ladder or as a punching bag” Ji Feng

shrugged, “Based on what you guys are saying of the situation, I think that the Zhao family is such a character

“Since we have to clean up Chang Chongwei left and right, then now we guess that the Zhao family is such a character, of course we have to do it even more!” Ji Feng laughed.

Hearing Ji Feng finish, Ji Shaolei and He Hongwei and the others were silent, they looked at each other, they all couldn’t help but feel quite a lot of emotion.

“What’s wrong? Is there something wrong?” Ji Feng saw their expressions and couldn’t help but ask.

“Nothing is wrong!”

He Hongwei shook his head and laughed bitterly, “Only, I’m rather impressed, Ji Feng, your grasp of human nature is really too accurate.”

People are like this, even if you are kind to me, if you don’t mention it, I will definitely be grateful and will repay when appropriate, or if people are a bit better, then I will find ways to repay.

However, if you keep talking about this kindness all day long, then I will certainly not feel comfortable in my heart, and I will always feel short of you in front of you.

This feeling is still true for a single person, let alone for a family.

What’s more, the one who has done the other families a favour is the old man of the Zhao family, and now his descendants are still in the shadow of their ancestors, which is something the other families may not be able to accept.

The only reason they still gave in to the Zhao family was that they didn’t want to bear a bad name!

At least, this aspect accounted for a huge part of the reason!

This is human nature!

Ji Feng had a keen grasp of human nature, which was why he was able to take the most correct action to crush the Zhao family in one fell swoop, making it impossible for Zhao Guosheng to emerge from now on, leaving the Zhao family to gradually decline.

This was only against a small family, so what if it was against a huge power?

In fact, as long as one grasps human nature, no matter what the opponent is, it’s all the same!

Ji Feng had such a profound understanding of this human nature at such a young age, which made He Hongwei have to admire.

This Ji TZ, who came from grassroots but rose quickly, was truly extraordinary!

“I say, you guys don’t all need to look like this, right?” Ji Feng shook his head and laughed, “As long as you are usually more attentive to observe the people around you, you will naturally be able to understand line, don’t talk about this, eat and eat!”

He Hongwei but deeply looked at Ji Feng, this age than their own younger guy, but to be properly examined, really not seen for a period of time, let people impressed ah!

.....

Several big families in Yanjing were silent at the same time, which was considered an agreement. Zhao Guosheng was removed from his position, and the people of the Zhao family were finally woken up with a blow to the head.

In the meantime, all those who held important positions in the Zhao family had to apply for transfer, but for various reasons, such as physical reasons, mental state, etc.

If they did, they could still sit in less important positions, but if they didn't, they would be in jail, not to mention their positions!

Over the years, they knew very well what the Zhao family members had done.

If all those things were found out, they would definitely have to go to jail.

Of course, not all of the Zhao family will be transferred, after all, there are a few capable members of the Zhao family, and for such people, the state still has to use them, just that they won't be as indulgent as before!

Such a scenario was naturally what everyone wanted to see, otherwise, the chief would not have agreed to remove Zhao Guosheng from his post.

For a while, all circles in Yanjing were talking about this wave, which came too suddenly and, moreover, the process was very simple, but the result was beyond everyone's expectation.

And in this process, there was one person's name that entered the eyes of those senior management.

The TZ of the Ji family, Ji Feng, this young guy in his early twenties, but with his own strength, beat Zhao Guosheng, the director of the Central Office, did not have the strength to fight back, so that people could not help but be sidelined.

The outside world does not know Ji Feng's methods, but they are very clear that this matter must be led by the Ji family, and for a time, those shrewd people also once again realize that the Ji family, really is not that easy to provoke!

Chapter 1247

To say that the biggest loser in this seemingly brief, but in fact lengthy, fiasco was naturally the Zhao family. Zhao Guosheng was removed from his post, and key members of the Zhao family were transferred out.

What's more, in the end, Zhao Guosheng failed to save his son, Chang Chongwei, who was taken away by the police from Jiangnan and transferred to a hospital in Jiangnan province.

As for how it will be handled in the future, Ji Feng doesn't care, Chang Chongwei, even if he is alive, is still an invalid

What's more, although the Zhao family has fallen, but after all, it is still there, can beat the arrogance of the Zhao family, but can not be driven to extinction, otherwise it would really be ungrateful.

So, as Ji Feng left the interrogation room of the Jiangzhou Municipal Bureau, this fiasco, at last, came to an end!

What awaits Ji Feng next is to investigate the other two groups of people who attacked him, where they came from, what their purpose is, and their masterminds behind the scenes, etc.

In addition, there are many things waiting for Ji Feng to do, such as the Tengfei Group's cooperation with Mingguang Electrical company is about to officially open, and then again, the first results of the intelligence team, there is a more important point, and also a point that Ji Feng once neglected, which makes him a little scared when he thinks about it.

..... Wu Zhihe is still in the Jiangzhou First People's Hospital!

What's more, the bio-current lurking in his body had reached its expiration date! In the next few days, it could explode at any time and kill Wu Zhihe with his life!

It was after the meal that everyone dispersed, and the two brothers, He Hongwei, also said goodbye to the two Ji Feng and returned to the hotel they were staying in first.

Ji Shaolei, on the other hand, hung out with Ji Feng for a while and chatted for a few minutes.

It was at that time that Ji Shaolei inadvertently mentioned: "Third son, you are really something, first you cleaned up that son of a bitch Wu Zhihe, and made both the Zheng and Wu families ashamed, and Wu Zhiyong even made you gnash your teeth, yes, you actually stole Wu Zhihe's girlfriend! And now, you easily cleaned up the Zhao family who no one dared to mess with tsk, really let brother admire you!"

Ji Feng, however, was immediately stunned: "Wu Zhihe?"

He seemed to remember something, as if he had something important to do, but if he thought back carefully, he couldn't catch the point for a while.

"Yes, you wouldn't have forgotten, would you? It was last time, it seems to be at the Spring River Flower Moon Night Club, that bastard Zheng Haoyu worked as a pimp, pimping for Wu Zhihe, the woman was Qin Shujie" Ji Shaolei said, "As a result, you were thunderstruck and sent Wu Zhihe directly to the hospital with three punches and two kicks! "

"He is still in the hospital?" Ji Feng was stunned, "It's been two months, hasn't it?"

"Two months is still a long time, huh? It takes a hundred days to break a bone, I think that kid is planning to stay in the hospital for a long time!" Ji Shaolei laughed.

But Ji Feng couldn't laugh anymore, he realised that he had made a very serious mistake, actually leaving Wu Zhihe behind, forgetting that he had once left a bio-current in his body, and that the incubation period was only about two months!

That meant that Takeshiwa could die at any moment now!

"Wu Zhihe isn't dead yet, is he?" Ji Feng suddenly asked.

Ji Shaolei was stunned, and then he gave a thumbs up, "San'er, I found out that you're even more ruthless than me, if he dies in Jiangzhou, can we get away with it? Don't forget, he was hospitalized because we beat him up!"

Ji Feng couldn't help but want to cover his face, "Of course I want him to live, at least wait until he leaves Jiangzhou before he dies Forget it, we'll discuss this later, I still have something to do, I have to go first, by the way, do you know which ward Wu Zhihe is staying in?"

"What are you doing?!" Ji Shaolei's face suddenly changed, "San'er, it's fine to injure Wu Zhihe, but if you want his life"

"I am going to see the patient!" Ji Feng said.

"....." Ji Shaolei looked at Ji Feng strangely and incomparably, "San'er, are you alright!"

"See you later!"

Ji Feng helplessly shook his head, now really can't say a word or two, can only find Wu Zhihe first, otherwise, once Wu Zhihe died in the hospital, this will definitely be a big storm in the sky!

.....

Jiangzhou First People's Hospital, a young man walked into the inpatient department with big steps.

"Hello Miss Nurse, may I ask a patient called Wu Zhihe, what ward is he in?!" This young man came across a small nurse and asked with a smile.

By now night had fallen, and the street lights and the lights in the buildings, had all been lit up. The young man's back was turned to the light and he was very tall. The little nurse tilted her head and could only see two rows of snow-white teeth, but she could not see what he looked like because the light was too blinding.

The young nurse couldn't help but freeze in her tracks.

The young man shook his head and struck off, and only then did the little nurse react, her pretty face flushing.

"Mr. Wu is in the intensive care ward!" The little nurse said in a panic.

The young man turned back with a bright smile on his face, "Thank you, can you please take me there?"

"No, you're welcome", the little nurse blushed and nodded her head.

She had even forgotten that there were rules in the hospital, if someone wanted to visit the intensive care ward, they first had to register and then they had to ask the patient or the patient's family for permission before they were allowed to visit, that was the rule.

The little nurse just kept her head down all the way, shyly hurrying quickly ahead, while the young man followed her unhurriedly, with a smile on his face.

Soon, the two of them arrived at the intensive care ward area, and as soon as they walked in, the environment suddenly became very quiet, and it was only then that the little nurse snapped to attention and let out an ah.

“Bad, the hospital has a rule that when you come to visit a patient in the intensive care ward, you have to register,” the little nurse said in an instant anxiety.

At this time, that young man but directly took the record board in the hands of the young nurse, which is used to make records when the young nurse checks the room.

This young man swish wrote a few words on it and handed it to the little nurse, “If your hospital wants to punish you, just call this number and say that San’er told you to call, so that he can help you out!”

“This,” The little nurse looked down at the record board, the words ‘Ji Shao Lei’ were written on it, and there was a string of phone numbers underneath.

Looking again at the smile on the young man’s face, which looked handsome at the moment, the little nurse blushed and nodded her head.

“Then, thank you very much!” The young man said.

“No, there’s no need to be polite.” The young nurse pointed to a ward in front of him, “Mr. Wu is in that ward.”

“Okay, please, you go back first!” The young man smiled.

“..... Oh!”

Looking at the little nurse’s slightly apprehensive back, the young man shook his head and smiled, this girl was also quite interesting.

Needless to say, this young man was naturally Ji Feng, he certainly knew that in the First People’s Hospital’s intensive care ward, in order to visit a patient it was necessary to register and also seek the patient’s or family’s consent, so he could only ask a small nurse to help lead the way.

If he asked Wu Zhihe’s opinion directly, I’m afraid that guy would immediately lock the door when he heard it was himself coming, not to mention agreeing to go over for a visit.

Bang Bang Bang!

Ji Feng arrived at the door of the ward where Wu Zhihe was and knocked on the door.

“Who is it?!” A man’s voice came from inside, appearing to be very unkind.

Ji Feng couldn’t help but raise an eyebrow, he heard that it was Wu Zhihe’s voice, only that this guy could still be so angry when he was hospitalised?

Shaking his head, Ji Feng directly pushed the door and went in.

As soon as he entered, he saw that Wu Zhihe was sitting bored on the sofa next to the hospital bed, with a gloomy face, and was looking at the computer not knowing what he was high on.

"It's you?" When Wu Zhihe saw Ji Feng enter, he was stunned, and then his face snapped, "Get out of here!"

"Speak more politely!" A cold light flashed in Ji Feng's eyes, "Are you trying to break a bone again?"

"You"

Wu Zhihe was furious, but didn't know what to say, he knew Ji Feng's methods, if he really pissed Ji Feng off, maybe he would have to continue living here, and, where to break this time, it's hard to say!

"Don't be so angry, Rong Suyan didn't come with me!" Ji Feng smiled faintly.

Wu Zhihe instantly turned blue, Ji Feng, this son of a bitch, which pot is not to mention, "What are you doing here? If you just want to come to disgust me, that's too low, if you want to play, we can play slowly later!"

"Don't be so nervous, I'm here to see if you've repented!" Ji Feng smiled faintly, "I really feel bad for beating you, but then again, you bastard is so undeserving of a beating, so I'm helpless!"

"....." Wu Zhihe's forehead was green and the corners of his eyes jumped wildly a few times, "Ji Feng, what the hell do you want?!"

Ji Feng smiled faintly, "What do you think!"

"Fuck!"

Wu Zhihe was furious and could no longer hold back the anger in his heart, he came up and picked up the computer and smashed it directly at Ji Feng, while kicking it over, "I told you to come and look for trouble!"

Although he was afraid of Ji Feng, he was a dude himself, and his family's background was not ordinary, so he had long since developed that domineering character, so he was never ambivalent when he moved his hand.

Snap!

Ji Feng slightly turned sideways, dodging the flying computer, and then grabbed Wu Zhihe's ankle with one hand.

"Be careful, don't break your leg again!" Ji Feng said with a smile.

"Well" Wu Zhihe felt a sharp pain coming from his leg, he suddenly let out a stifled cry, and the anger in his eyes almost seemed to spurt out: "Ji Feng, if you have the guts, you can get me killed! I'll see if you can run away!"

"Why would I kill you?" Ji Feng smiled faintly and directly shook off his leg, "Alright, that's it for today, see you later!"

With that, he turned to leave, and when he reached the door, he snapped back, "By the way, I'll see you again next time!"

“.....” Wu Zhihe’s face was blue, but in his heart he was furious, next time he will come again, damn it, how many more times will you come and not play me to death?

At this moment, Wu Zhihe suddenly gave birth to the idea of leaving Jiangzhou in a hurry!

Chapter 1248

“Hey, big brother, this is Zhihe”

In the intensive care ward of Jiangzhou First People’s Hospital, Wu Zhihe was holding his mobile phone, talking to his elder brother Wu Zhiyong who was far away in Northern Shaanxi Province, “Big brother, I want to leave Jiangzhou”

“Leave Jiangzhou?” Wu Zhiyong couldn’t help but be stunned, “Where do you want to go?”

“I want to go to Yanjing.” Wu Zhihe said.

“Now you still dare to go to Yanjing? Aren’t you afraid that the old master will break your legs?!” Wu Zhiyong snorted coldly at once, if it wasn’t for the stupid things that these two fellows, Wu Zhihe and Zheng Yuxiu, had done, how could the Wu family have been so passive before?

“Then, then it’s fine to go to Northern Shaanxi, I just don’t want to stay in Jiangzhou anymore anyway!” Wu Zhihe said in a hurry.

“Did you run into any trouble in Jiangzhou?” Wu Zhiyong instantly realised what was going on and asked at once, “Did you go out and cause trouble again?”

“Where did I!”

Wu Zhihe said at once, “I was too bored staying in the hospital, I don’t even have anyone to talk to here, and I have to be ridiculed” Besides, my injuries have basically healed, and I should have been discharged already.”

“Well then, you wait patiently for now, I’ll send someone to get you transferred!” Wu Zhiyong said.

“Transferred to the hospital?” Wu Zhihe was stunned.

“That’s right, you can’t be discharged from the hospital, you can only be transferred!” Wu Zhiyong said, “You have to stay in the hospital until we’re sure you won’t be left with any after-effects! As long as anything goes wrong during this process, the Ji family will not be able to live in peace!”

“Big brother, I understand, just send someone to transfer me to the hospital quickly!” Wu Zhihe hurriedly said.

“Just wait!”

Wu Zhiyong said and hung up the phone.

Now when he thought of both Wu Zhihe and Zheng Yuxiu, his heart was still full of anger, so naturally he did not want to say anything more to Wu Zhihe.

But Wu Zhihe didn’t care, as long as he could leave Jiangzhou, it didn’t matter if he received two scoldings.

The reason is that Wu Zhihe really wants to leave Jiangzhou, especially when Ji Feng came and said that when he was leaving, it made Wu Zhihe's legs even more vaguely weak.

Nima!

You want to visit me more often in the future?

This son of a bitch, Ji Feng, was simply bullying people too much, just because he was better than himself, he just came over to look for trouble.

Originally, even if he had been sent to a small place in Northern Shaanxi Province, he would still be considered a young master of the Wu family, with women to keep him company and people to flatter him.

However, in this hospital there was no one.

This is Jiangzhou, everyone knows the relationship between the Wu family and the Ji family, and even more so the relationship between Ji Feng, Ji Shaolei and Wu Zhihe, so how could anyone risk offending Ji Shaolei to visit him?

But anyone with a little bit of brains would choose to hide far away at this time, this level of fight, simply not anyone can participate.

The result is that Wu Zhihe can only stay in the ward all day, at most just surfing the internet and watching TV, usually there is not even a person to talk to, this kind of day, is not what he can endure as a playboy.

The result was that Ji Feng came looking for him, which made Wu Zhihe angry!

At the same time, Wu Zhihe had a strong sense of crisis, because he knew very well that others were afraid of him, but Ji Feng was not afraid of him at all.

On the contrary, he was actually more or less afraid of Ji Feng!

This caused some humiliation in Wu Zhihe's heart, but more than that, he was still timid and afraid.

For some people, humiliation and self-respect are often not so important, their own safety is often the most important, the rest, can be ignored.

This can be seen in many people, for example, when someone is bullied and the other party is very powerful, he can only hold his tongue, not even daring to put up any resistance for fear of attracting revenge from the other party.

In fact, very often, those bullies may not be really vicious, they are just bluffing!

If Wu Zhihe was really that tough, Ji Feng wouldn't be able to go to the hospital and bully him so often, after all, Wu Zhihe is a son of the Wu family anyway, and if Ji Feng went too far, the Wu family wouldn't give up.

However, Wu Zhihe was really scared.

Now that he was finally leaving Jiangzhou, let's see how Ji Feng would come back to harass him!

When he thought of Ji Feng again, Wu Zhihe still hated him so much that he couldn't help but curse angrily: "Ji Feng, that son of a bitch, just wait, sooner or later I'll break all your limbs! And Rong Suyan, and Qin Shujie I won't let you guys have a good time!"

.....

"Ji Feng, I'm going to Jiangzhou tomorrow, you come to the airport to pick me up oh!"

"That's of course, the wife is coming, I am a husband, how can I not go to pick it up!" Ji Feng laughed, listening to Tong Lei's brittle voice over the phone, his mood was so good that the smile on his face was unbroken.

The first time she heard that Ji Feng had been locked up by Zhao Guosheng in Yanjing, her heart immediately lifted, and she couldn't get through to Ji Feng's phone.

When she called Xiao Ying and Zhang Lei, no one knew the details either, so she became very anxious.

Fortunately, it was only a day before Ji Feng's phone number could be reached and she was relieved to know that Ji Feng was safe and sound.

When Ji Feng was not in trouble, Tong Lei only missed it a little, and usually talked to Ji Feng, but she was still in peace, but once she heard that Ji Feng was in trouble, Tong Lei could no longer calm down.

Although now Ji Feng is fine, but that feeling of heart palpitations is still there, Tong Lei then decided to immediately go to Ji Feng's side

"I've been gone for so long, did you miss me?" Tong Lei asked in a soft voice.

"Of course I miss it, don't you see I call you almost every day." Ji Feng laughed.

"Really?"

"Of course, if you don't believe me, come back and you'll know how much I missed you!"

"....."

After playing on the phone with Tong Lei for more than an hour, the two of them closed the line, yet they both still looked a bit unfulfilled.

The two of them are not as passionate as other couples, but this kind of faint longing has turned all of Tong Lei's coldness into a watery tenderness that is refreshing.

This is Tong Lei!

She is completely different from other girls, many of her emotions are somewhat light and not that strong, this is due to her personality.

However, when facing her relatives and Ji Feng, Tong Lei's cloudy and light-hearted character is often more endearing.

"Crazy, hurry up, we're waiting for you alone!" Outside in the living room, Zhang Lei's shout suddenly came.

“This guy”

Ji Feng couldn't help but shake his head and laugh, striding out of the study and coming downstairs.

The villa is bustling with activity today, Zhang Lei, Shen Jingyi and Xiao Ying have returned from Jiangnan, those who testified against the Chang Group, naturally have Tongzhou City and Jiangnan Province to give proper arrangements, now that the matter has exploded, do not know how many pairs of eyes watching it, they can not be properly arranged.

In this way, but all the people involved in the matter of the Chang Group, basically all gathered.

Zhang Lei, Xiao Ying, White Spider, and Shen Jingyi, these four people are naturally needless to say, Zhang Lei and Shen Jingyi, and Xiao Ying, the three of them are in the vanguard in Jiangnan, can be said to be the vanguard, directly found the evidence about Chang Chongwei crime, the credit!

The white spider, on the other hand, was in the middle of the coordination, especially after Ji Feng was put into the interrogation room, it was the white spider in the middle of the dispatch, also has a great credit.

Of course, there was another big contributor that Ji Feng would definitely not forget, and that was Wang Xin!

Ji Feng felt that putting Wang Xin in charge of the intelligence work was simply his most wise decision!

The detailed and confidential information that Wang Xin had was like a library book that could be flipped through at will, and he could know it whenever he wanted.

It was because Wang Xin provided a large amount of evidence about the Chang Group that Ji Feng took the absolute initiative and was completely invincible!

Wang Xin and Zhang Lei, when it comes to the two great merits that go hand in hand!

At this time, Ji Feng is even more unfortunate, this time in the operation, Zhang Lei's ability that has been completely proven, there is no need to say more, if he is allowed to lead the upcoming war team

Ji Feng shook his head and put this thought aside, it's not realistic!

Next, Ji Feng also no longer think about these, today is the gathering time, everyone just happy to eat well and drink well, as for other things, then let's talk about it later.

At the dinner table, Zhang Lei told the story of his trip to Tongzhou and what he had seen and heard in Jiangnan, with Shen Jingyi adding to the story from time to time, while Ji Feng and the others listened attentively and smiled from time to time, because Zhang Lei was too funny.

The gathering went on for about half an hour, Ji Feng got up and prepared to go out for a cigarette, he had just arrived in the courtyard when the white spider followed him out.

“Ji Shao” shouted the white spider, somewhat wanting to say something.

When Ji Feng saw Bai Spider's appearance, he couldn't help but smile and ask, “Why did you come out too? What do you have to say, just say it.”

“Yes, it’s about Captain Xiang’s” said the white spider.

“Oh?!”

Ji Feng instantly laughed and asked, “What, seeing that things are finished, Xiang Yongzhan has come back? He’s well-informed!”

“No, young Ji, you misunderstood Captain Xiang”

Ji Feng shook his head and smiled, “All right, no need to reconcile in the middle, you’re caught in the middle also difficult go back and eat.”

“Ji Shao, you really misunderstood Captain Xiang!” The white spider was instantly anxious!

Chapter 1249

“Young Ji, you’ve really misunderstood Captain Xiang!” White Spider was instantly anxious!

“Misunderstood?!” Ji Feng frowned slightly, immediately, he asked indifferently, “Did Xiang Yongzhan hide out immediately after he knew that things were involved with Chang Chongwei?”

“..... Yes.” White Spider nodded, “But”

Before she could finish her words, she was interrupted by Ji Feng, “Right? Then, by doing so, is it the same as he doesn’t care about what happens here? As for who actually died and who lived between Chang Chongwei and me, it wouldn’t have anything to do with him, would it?”

“..... Yes and no!” White Spider said urgently, “Young Ji, things are not what you think. It’s true that Captain Xiang went out, but, he was still thinking about you!”

“Hmph! I think it’s better to dispense with it!” Ji Feng smiled faintly, “I wouldn’t dare to take that, I can’t afford Captain Xiang’s concern!”

“Ji Shao”

“No need to say it, everyone is waiting inside, go in!” Ji Feng laughed.

Seeing that Ji Feng wasn’t going to continue on this topic at all, Bai Spider could only nod helplessly and turn around to enter the living room.

Ji Feng glanced back at her, shook his head slightly, and slowly walked towards the backyard, he usually went to the yard when he smoked, if there were girls in the house.

At this time, Xiao Yuxuan happened to come out of the living room to look for Ji Feng, and when she saw the complicated look on Bai Spider’s face, she couldn’t help but be a little stunned: “Bai Spider, what’s wrong? Did Ji Feng bully you?”

Bai Spider hurriedly shook her head and said, “No, it’s just”

“Just what?” Xiao Yuxuan asked.

“It’s still about the Chang Group and Chang Chongwei, Captain Xiang originally promised to help Ji Shao investigate, but as a result, after it happened, he handed all the people over to the city bureau, and after that, he led the team out” said White Spider.

“Hid out?” Xiao Yuxuan is such a smart woman, she immediately saw the fishy nature of this and asked at once.

“No no no, Captain Xiang really isn’t hiding out” When she said this, the white spider herself was a little short of breath, indeed ah, at that critical moment, what could Xiang Yongzhan not push a little? The actual fact is that you have to go out at that time, that is not hiding out, what is it?

White spider is also a smart woman, she knows that if she insists on arguing, it will only make Xiao Yuxuan look down on her. So she stopped saying anything else and simply stated the matter.

“It’s just that, once Ji Shao heard it, he seemed to get angry!” Bai Spider said somewhat helplessly, Ji Feng didn’t even give a chance to explain, which made her helpless.

In fact, Bai Spider was the last person who wanted to see a conflict between Ji Feng and Xiang Yongzhan, Ji Feng had saved her life twice in a row and, also, had saved Xiang Yongzhan. Likewise, Xiang Yongzhan had also helped Bai Spider.

So, if there was a conflict between Ji Feng and Xiang Yongzhan, the White Spider would really be in a dilemma!

Who knew that after hearing this, Xiao Yuxuan couldn’t help but shake her head with a smile and said, “White Spider, in fact, in my opinion, it’s not that Ji Feng is throwing a wild tantrum, but that there’s something wrong with the way you do things!”

“How” Yu Xuan, what do you mean” White Spider was a little puzzled.

“Isn’t it still simple?”

Xiao Yuxuan faintly shook her head with a smile and said, “You, this is the authorities who are confused. White spider, let me ask you, did Ji Feng know that Xiang Yongzhan was hiding out before this?”

“Not hiding” yes, Ji Shao knew about it a long time ago.” The white spider nodded.

“Then did he get angry at that time?” Xiao Yuxuan asked again.

“This” White Spider revealed a reminiscent look, she thought for a moment, finally shook her head and said, “I don’t think so, although at that time he spoke with some curses after hearing it, but it wasn’t too hard to hear, almost it was all laughing and swearing, he shouldn’t have been angry!”

“Isn’t that right?!”

Xiao Yuxuan said, “He wasn’t even angry when he knew about it at that time, so why did he get angry now when you said it?!”

“Why?!” Xiao Yuxuan gave her a meaningful look, “Because, you were pleading with Ji Feng for the sake of Xiang Yongzhan, and not talking peace. Just now, when you spoke to me, you did the same thing,

coming up and defending Xiang Yongzhan, saying that he wasn't avoiding it What do you think, what would Ji Feng think?!"

"This"

The white spider froze at once and looked at Xiao Yuxuan in consternation.

"Think about it yourself!" Xiao Yuxuan smiled faintly, and then, turned around and went to the living room. Needless to say, Ji Feng must be in a bad mood at this time, so it was better not to disturb him.

In the front yard, only the white spider was left standing in place, in deep thought!

Ji Feng was actually angry because of himself?

This statement from Xiao Yuxuan left Bai Spider stunned beyond belief. Frankly speaking, he had never really thought about this reason. How could Ji Feng be angry for himself, wasn't that a joke?

"Could it be that" Suddenly, Bai Spider thought of a possibility, which made one of her hearts flutter and beat rapidly, but with some apprehension and very complicated emotions.

"Could it be that young Ji likes himself?!" This was the first possibility that came to White Spider's mind when she knew that Ji Feng had actually gotten angry because of her.

But very quickly, she shook her head and dismissed this guess of hers.

The number of girls around Ji Feng that Bai Spider knew of alone was unknown, Xiao Yuxuan, Tong Lei, Xu Yuan, Rong Suyan, Xiao Ying, Wang Xin

Which one of these girls is not the most beautiful?

Or cute, or charming, or smart and capable, or cold or charming Either one of them is much better than White Spider, a woman who used to be an assassin and only knows how to fight and kill and nothing else!

These are also the white spider know, do not know how much more is she does not know, can be sure that there must be, but the specific who is not known.

So, in this case, why would Ji Feng look at the white spider?

So this thought just flashed through Bai Spider's mind before it was dismissed by her because it was simply impossible.

Since it wasn't because Ji Feng liked her, then why would Xiao Yuxuan say that Ji Feng was angry because of her?

All the time after half an hour, Bai Spider was still a bit puzzled, she came to the dining room and sat down at the table, listening to Shen Jingyi discussing fighting techniques with Xiao Ying, Zhang Lei had also gone out, and only a few girls were left at the table.

Seeing that White Spider still looked a little puzzled, Xiao Yuxuan asked, "Still haven't figured it out?"

"Mm!"

White Spider nodded, looking quite a bit embarrassed. Xiao Yuxuan was really too shrewd, and in front of her, Bai Spider felt as if she was a wild girl who could only dance with swords and guns and fight and kill seemingly Despite the fact that they were of similar age, Bai Spider just had this feeling.

The two of them are similar in age, but the white spider feels this way.

The reasoning behind this is that it couldn't be simpler, and it all boils down to one thing: What Ji Feng wants is loyalty, not a middleman or a peacemaker. Just one simple question, whose bodyguard are you?!"

"Young Ji's!" White Spider blurted out, and immediately, she froze.

At this moment, it dawned on White Spider, she finally understood why Xiao Yuxuan had said that Ji Feng was angry because of herself, but it was just like that!

As Xiao Yuxuan said, what Ji Feng wanted was an absolutely loyal bodyguard, not some peacemaker.

If Ji Feng wanted to ease the relationship with Xiang Yongzhan, he could have found a peacemaker or just run over and beat up Xiang Yongzhan, there were many ways.

However, it was not her turn to be the peacemaker, was it?

Bai Spider was Ji Feng's bodyguard, but she always spoke for others. Who is she loyal to? Who could feel at ease if they put such a person by their side?

This was the real reason why Ji Feng was furious!

What Ji Feng wanted was a truly loyal bodyguard, not someone who was always caught in the middle, because a bodyguard was the most personal person around, and the last layer of security. However, if even this layer of security is not safe anymore, who can feel at ease?

The white spider repeatedly spoke for Xiang Yongzhan, how could Ji Feng not be annoyed?

"So that's how it is" Bai Spider couldn't help but be stunned, and her face couldn't help but look embarrassed beyond words. Indeed, she was Ji Feng's bodyguard, and strictly speaking, the two were considered master and servant, not friends.

She was completely unqualified and had no reason to help Xiang Yongzhan and defend him in front of Ji Feng, making it seem as if she had become Xiang Yongzhan's spokesperson!

"Whose person are you anyway?!"

The white spider knew that this was obviously what was in Ji Feng's mind, "If an extremely violent conflict occurs between me and Xiang Yongzhan in the future, or even if only one of the two of us can survive, who will you help?!"

"Figured it out, right? This is actually a very simple truth, only that you are in the middle of the situation, so you can't perceive it."

Xiao Yuxuan said in a low voice: "If you still want to stay by Ji Feng's side, you must not do such a stupid thing again in the future, otherwise, Ji Feng no longer trusts you not to mention, originally there may be

nothing between him and Xiang Yongzhan, by you so much, maybe both of them will become enemies! In the middle of this, there is actually a question about loyalty involved!”

The White Spider was horrified, indeed, any person in power would never tolerate his men turning their hearts towards someone else, even if that person was his friend!

Loyalty is the most important thing!

You can't see, whether it's the official world or the workplace, or many of the ancient dignitaries, emperors and generals, they would often let a lot of talented people just not use them, but rather use some people who don't seem to have much ability!

This is not because he is confused, but those who have talent do not have the loyalty required by those in power!

Chapter 1250

“So, what should I do then?” The White Spider couldn't help but be a little anxious.

The White Spider knew that what Xiao Yuxuan said was indeed very reasonable. The reason why White Spider didn't know before wasn't because she didn't understand, but rather she didn't realize these issues, but now that Xiao Yuxuan had faintly pointed out, White Spider understood.

Just like what Xiao Yuxuan said, originally there might really be nothing between Ji Feng and Xiang Yongzhan, but if because of her own haphazard meddling, and as a result Ji Feng began to be scrupulous or wary of Xiang Yongzhan, the gap between the two would grow deeper and deeper, and this was not what Bai Spider wanted to see!

“What can be done?” Xiao Yuxuan's cicada shook lightly, “Do nothing, it's best that way!”

“Don't I need to go and apologise to Young Ji?” White Spider asked.

Xiao Yuxuan laughed lightly, “Even if you go to apologize now, what do you think Ji Feng will think?”

Bai Spider was silent at once.

When she thought about it, what Xiao Yuxuan said was really right, if she went to apologize now, Ji Feng would undoubtedly think that she was trying to cover up, isn't there a saying that an explanation is a cover up

So, the best thing to do now is to do nothing, what should be done or what should be done.

“White spider, tell me the truth, do you want to stay as a bodyguard or not?” Xiao Yuxuan suddenly asked.

The white spider was slightly stunned, only slightly hesitant, then nodded, “Yes!”

“I understand.” Xiao Yuxuan faintly nodded her head.

The moment she saw Bai Spider's hesitation, Xiao Yuxuan also understood that Bai Spider still didn't really consider herself a member of this family in her heart, and perhaps, she had other thoughts in her heart as well.

I'm afraid that this was also a factor in Ji Feng's anger.

Xiao Yuxuan couldn't help but shake her head and smile, but didn't say anything further. The actual solution to this matter, whether the white spider will stay or go, Xiao Yuxuan does not intend to ask.

I think, Ji Feng's heart must have a number!

.....

And at this time, in the backyard of the villa, Ji Feng and Zhang Lei were squatting under a tree, swallowing clouds of fog.

"Crazy, that bastard Chang Chongwei will definitely not get a light sentence this time, right?" Zhang Lei asked.

"Now we can't even say, after all, Zhao Guosheng went down, and as compensation, I'm afraid Chang Chongwei's life was saved!" Ji Feng said.

"Motherfucker!"

When Zhang Lei heard that, he couldn't help but curse, "What a bargain for that son of a bitch! Crazy, you don't know, the things that son of a bitch did, it would be enough to shoot him ten times!"

Ji Feng shook his head and laughed, "I think that shooting him would be really cheap!"

"What do you mean by that?" Zhang Lei was slightly stunned.

"Because his limbs have all been ruined by me, even if he is cured, he will still be an invalid!" Ji Feng smiled faintly, "Do you think that it would be too cheap to just shoot him dead!"

"That's true!"

Zhang Lei instantly laughed heatedly in excitement, "Let that kid also experience what it's really like to become a wastrel! Crazy, you still don't know what that son of a bitch Chang Chongwei actually did in Tongzhou. There was a guy who was also a former junior high school classmate of Chang Chongwei, and because he had beaten Chang Chongwei up at school, Chang Chongwei took it personally, and guess what happened in the end?"

"Chang Chongwei killed him?!" Ji Feng asked.

"That's not true!"

Zhang Lei shook his head and said, "But, as I see it, it's better to kill him directly. That son of a bitch, Chang Chongwei, forced his wife to do that, and picked up the person's tendons and hamstrings. A few bearings as a small wheel, so slide in the street to beg for food!"

"Is that so!"

Ji Feng shook his head and laughed, but an imperceptible cold light flashed in his eyes: "It seems that I really hit lightly, if I had known, I should have broken all the bones of Chang Chongwei's whole body, so that he could only be a flesh worm, not only could he blink and breathe, but he couldn't even open his mouth!"

“.....” Zhang Lei was immediately numbed by his words, half a long time later, only then stunned, “Holy shit, originally I thought I was tough enough, did not expect, you are even tougher than me, this is not worse than a vegetable, ah! ”

“A vegetable is at least unconscious, that’s not called suffering, the one who really suffers is the one who serves the vegetable.” Ji Feng said, “Looks like it’s time to find another opportunity to definitely beat that son of a bitch up again! I thought he must have seen blood before, and thought he was a Taoist, but I didn’t expect that he had actually done all these bad things, he’s simply lost his conscience!”

“Remember to call me when the time comes!” Zhang Lei immediately said excitedly.

The two of them laughed and laughed, even though they both knew that the possibility of beating up Chang Chongwei was very small, but it did not stop them from hating Chang Chongwei and feeling the joy of relief as they spoke.

That day, Zhang Lei, who had been running around in Jiangnan for two days, rested early. He had worked hard for the past two days and was ultimately a bit tired, and now he was finally able to let go of everything and rest properly.

Ji Feng also went to the bedroom with Xiao Yuxuan early to rest, except for the white spider, lying in bed, some tossing and turning difficult to sleep

The next morning, a few people had breakfast, Ji Feng and Zhang Lei were going to pick up Tong Lei, and Xiao Yuxuan was taking Xiao Ying to work at the group.

But before she left, she turned around violently and spoke to Ji Feng: “By the way, Ji Feng, there is something I almost forgot to tell you The new company that Tengfei Group is cooperating with Mingguang Electric, because it is controlled by Tengfei Group, so the name is Tengfei Electric, is scheduled to open in two days! ”

“So soon?!” Ji Feng was stunned.

“That’s still fast, how long has it been!” Xiao Yuxuan said, “You’ve been a good handyman, you don’t remember anything and you don’t care about anything.”

Ji Feng laughed, “That’s still because you’re all very capable!”

Xiao Yuxuan’s face instantly burned and she gave him a white look, dropping a sentence, “Go and pick up Lei Lei, you’re just a poor talker!”

After saying that, she turned around and walked away.

Ji Feng was stunned, did he say something wrong?

When he thought carefully, he immediately pinpointed some questions and couldn’t help but sweat furiously.

It turned out that it was the phrase he said ‘that’s still because you are all very capable’..... Chinese language is really profound, a word placed in different occasions and in different contexts, that has a very different meaning.

But to blame can only be blamed on Ji Feng, he occasionally jokes with Xiao Yuxuan in private, and will also talk about these jokes, it is no wonder that Xiao Yuxuan will misunderstand.

Ji Feng immediately turned his head to look and found that several other people did not care, he was then slightly relieved.

In fact, it was no wonder that Xiao Yuxuan was so shy, after all, it was not in the bedroom now, and there were other people there, if they misunderstood, it would indeed be a bit embarrassing, with Xiao Yuxuan's status and character, naturally she would not make such jokes in front of others.

After coughing lightly, Ji Feng said, "So what, it's almost time, we should leave."

"Let's go." Zhang Lei nodded his head.

Originally, Ji Feng had intended for him and Zhang Lei to go, but, since White Spider and Shen Jingyi had also gotten into the car, then simply the four of them would go together.

"Ding"

Not long after several people set off, Ji Feng's mobile phone rang, it was the second brother Ji Shaolei calling.

"Hey, second brother, what's up?" Ji Feng picked up the phone.

"Third son, you kid went to look for Wu Zhihe?" Ji Shaolei's words seemed a little surprised.

"Oh, that little nurse called you?" Ji Feng asked with a smile.

"What little nurse?" Ji Shaolei was slightly stunned.

Ji Feng couldn't help but ask, "Didn't that little nurse call you? Then how did you know that I went to look for Wu Zhihe?"

"You really did go to", Ji Shaolei crowed, "I got news early this morning that someone came to transfer Wu Zhihe to the hospital, so I had someone keep an eye out and ask about it, and it turned out that it was because someone went to I found out that it was because someone went to find Wu Zhihe yesterday, and it was said that there was an argument, and that boy was transferred to the hospital today the whole of Jiangzhou, who else but you could scare Wu Zhihe like this!"

Sweat!

What kind of words are these, how come they don't sound like good words!

Ji Feng laughed: "It's a good thing that he's gone, otherwise staying here will be a curse sooner or later, if you hadn't reminded me before, something big would have almost happened"

"What do you mean?" Ji Shaolei could not help but be stunned.

Ji Feng smiled: "It's nothing, by the way, if a little nurse in the first hospital calls you, you help her out, she was the one who took me to Wu Zhihe's ward yesterday, don't drag people into it!"

“You kid just show mercy everywhere line up, I’ll keep an eye on it!” Ji Shaolei finished, also couldn’t help but laugh: “Really laughing, Wu Zhihe was actually scared by you into this, really damn he also scared away?!”

Ji Feng also can’t help but shake his head and laugh, he went to find Wu Zhihe, on the one hand, to extend the duration of that biological current lurking in his body, on the other hand, but also intended to scare him, so that he can leave Jiangzhou earlier, and also be considered to end a heart early.

But I never thought that he would be so cowardly as to leave Jiangzhou in such a frightened manner!

The company’s main business is to provide a wide range of products and services to the public.

..... what a thing!

“Let him go, besides even if he wants to stop, we can’t stop him!” Ji Feng laughed.

The first thing you need to do is to get a good idea of what you’re doing.

Wu Zhihe is the best example of this!

“Ding” Ji Feng hadn’t had time to put the phone back into his pocket when it suddenly rang again, he looked down at the caller ID and couldn’t help but frown slightly.

The call was from Xiang Yongzhan
