Chapter 13

Time went back to the morning of that day, when Xu Mo saw that Ji Feng actually met eyes with Tong Lei and smiled at each other, he became furious and cursed in his heart. Go to see the net .

“****, how dare Ji Feng treat Laozi’s words like a deaf ear!” Seeing this scene, Xu Mo became furious in his heart and secretly decided that he would make sure Ji Feng knew what he was about!

When Xu Mo arrived at the entrance of the school after school ended in the afternoon, a bald and burly man with sunglasses stepped down from the BMW X6 and greeted Xu Mo, saying slightly respectfully, “Young Xu, what do you want to order in such a hurry to find me here?”

Xu Mo snorted coldly and said, “Brother Chao, help me clean up one person!”

The bald and strong man named Chao immediately cursed, “****, which one of you dares to mess with young Xu, you are simply tired of living. Xu Shao, if you say who you want to clean up, I, Bald Chao, will definitely not say anything!”

Xu Mo said, “It’s a student in my class, damn it, he’s very cross with me in school, I’ll make sure he learns his lesson this time!”

“No problem, young Xu, how are you going to deal with him?” Bald Chao immediately nodded his head and asked.

Xu Mo pondered for a moment and said, “If we move him in school, he will know that I did it, and it won’t be good for my dad to make a scene then, so that won’t be appropriate! We have to wait for the end of the school day, we’ll wait on his way home, you get some of your men to pretend to be robbers, that’s a poor kid, he definitely won’t be able to get the money, when the time comes, give him a hard time!”

Bald Chao immediately nodded and said, “Don’t worry, Young Xu, I’ll beat him up so badly that he won’t even recognise his mother!”

“I’ll be watching from the sidelines when the time comes, let’s see how long that kid can bounce around!” A grim look shot out of Xu Mo’s eyes, and the corners of his mouth pulled up in a smug smile.

.....

Looking at the three young men in front of him, Ji Feng was instantly alert.

The security of Mang Shi County is not too good, because of the backward development, many roads do not have street lights, and there are fewer police cars on patrol, so robberies and other criminal activities are more rampant. .com

Obviously, the three people who stopped the road in front of me would definitely not be intending to kindly lead the way home for themselves, they were most likely the ones who stopped the road to rob.

Ji Feng's eyes flashed as his mind quickly thought of countermeasures. At the same time, he started backing up to prevent himself from being surrounded by these three people, in which case he wouldn't be able to run away if he wanted to.

"Snap!"

A sound of a branch being broken suddenly came from behind him, and Ji Feng jerked back, only to find that, at some point, three more people had appeared behind him.

This time, Ji Feng had no way back and was blocked by these six people.

"Xu Mo wants to take revenge on himself!" Ji Feng instantly understood that to say robbery, there would be at most one or two people, and even if it was a gang operation, it would not be possible to focus only on himself.

Therefore, Ji Feng quickly concluded that there was no other possibility than Xu Mo finding someone to take revenge on himself!

Ji Feng's gaze wandered as he quickly thought of a countermeasure.

These six people blocked the front and back, and there was housing on both sides, so it was definitely impossible to run away, unless one could have the ability to fly like in the movies. But obviously, that was just a fantasy.

Ji Feng did not notice that a BMW X6 was quietly parked in an alley not far behind him. By the moonlight, one could see that there were two people in the car smoking cigarettes!

"Damn, it's better to smoke soft Chinese, at home the old man allows everything but smoking, it's really suffocating me!" The one who spoke was none other than Xu Mo.

The bald-headed Chao sitting in the driver's seat laughed and said, "Young Xu, if you want to smoke, there's no need to worry, just give me an order and I'll send someone to bring it to you immediately!"

"You're too polite, Chao, haha!" Xu Mo said with a smile as he took a strong puff beautifully.

“How can this be polite!” Bald Chao smiled and said, “Last month, County Party Secretary Tong Kai De ordered the Public Security Bureau to conduct raids on entertainment venues and game halls throughout the county, and during this operation, if it wasn’t for Governor Xu informing me in advance, I’m afraid my venue would have been closed down.

Xu Mo was very comfortable with this ass-kissing, he waved his hand and said, “What’s wrong with that, you don’t forget to pay your filial respects every quarter, how could my old man not help you!”

“It’s only right to pay filial respects to Governor Xu, I don’t want to ask for anything in return!” Bald Chao immediately said with a smile, “However, young Xu, two more superb beauties have recently arrived in my bathhouse, when are you going to play at my place?”

Xu Mo was instantly interested, his eyes lit up and he said, “Sure, let’s do it tonight, we’ll go there after we teach Ji Feng a lesson, ee, why haven’t they done anything yet?”

Bald Chao smiled heatedly and said, “Don’t worry young Xu, my men will teach him a good lesson!”

.....

As he watched the six people in front and behind him gradually approach, Ji Feng’s heart continued to sink.

What should I do? Ji Feng’s mind turned rapidly.

“Master, have you encountered something critical?” Just at this moment, Ji Feng’s mind suddenly resounded with the voice of his intelligent brain.

Ji Feng was startled and asked in a panic, “Wisdom Brain, why did you come out?”

The Wise Brain said, “Master, your mental concentration was high and the bio-current was enhanced, so it automatically communicated with me.”

Only then did Ji Feng understand and said, “Go back immediately now, don’t distract me, I’m in trouble now!”

The intelligent brain immediately asked, “Master, what kind of trouble are you in?”

Ji Feng then gave a quick account of the scene in front of him and was about to order Wisdom Brain to go back.

“Master, Wisdom Brain can help you!” Wise Brain suddenly said, “Master did you forget that Wise Brain was originally a super agent training system, with special courses on combat fighting!”

Ji Feng laughed bitterly, “Those courses are useless to me now, can you make me learn them instantly?”

The intelligent brain said, “Master, according to the system, if the master has not completed the course training and is in a critical situation, the intelligent brain can use bio-current to help the master get out of the dangerous situation. However, this requires the master’s cooperation!”

Ji Feng was overjoyed at his words and asked in a panic, “How can I cooperate?”

“It requires the master to provide sufficient bio-current.” The intelligent brain said.

Ji Feng immediately said in exasperation, “What is bio-current, where am I going to get it!”

The intelligent brain said, “Master, bio-current is the current generated by the activity within the organism, it is unique to the organism, the master only needs to exercise vigorously, it will generate strong bio-current!”

“Strenuous movement?” Ji Feng was stunned, then, he violently began to bounce violently in place, his body constantly swaying, from a distance, it looked as if he was having a lamb mad attack, very strange.

This strange movement of his caused the six people who had already approached to freeze at the same time, while the voice of the intelligent brain continued to ring out, “Bio-current received Bio-current sufficient Start attacking! ”

The next moment, Ji Feng felt as if his legs were suddenly on fire, he instinctively jumped up and kicked out with both feet at the same time.

Bang! Bang!

The two men who had just walked in front of Ji Feng were instantly kicked in the jaw and fell on their backs to the ground, their bodies twitching twice before they remained still.

The other four men froze at the same time and were just about to make a move when they saw Ji Feng, who had fallen, bend down fiercely and kicked out a few quick kicks with his two feet on the ground.

Bang! Bang! Bang! Bang!

These four kicks, ruthless and accurate, hit the knees of the remaining four men, only to hear the sound of 'click' ringing out continuously as the four men screamed miserably at the same time and fell to the ground.

Ji Feng stood up with a gasp and was startled to hear the harsh screams on the ground, hardly believing that he had done it.

He quickly reacted, and before the six men could get up, he panicked and ran wildly away, burrowing into the small alley, turning seven times and disappearing.

Chapter 14

Looking at the direction where Ji Feng disappeared, Xu Mo and Bald Chao in the BMW suddenly stared in disbelief with a look of disbelief on their faces. Go to see the net — .7-K-o-m.

"This, this kid is actually so powerful?" Xu Mo swallowed his saliva with difficulty, his face full of shock.

Bald Chao's face was incomparably gloomy, his six men were all fighters in his own bathhouse, usually used to seeing all kinds of fights, their skills were all very good, usually a few big men might not be their opponents.

But yet, they did not expect that they would all be knocked down by Ji Feng without even having the chance to fight back.

"Young Xu, we've met a tough guy this time, but don't worry, next time I'll bring a few more men with me, all with guys, no matter how good he is, he will go back sideways!" Bald Chao felt that he had lost face in front of Xu Mo, so he couldn't help but grit his teeth and say.

He had to know that his bathhouse depended on Xu Fu to cover him, so if he pissed off Xu Mo, he would be the one who would be unlucky when the time came.

"Hoo! ***, I really didn't expect this kid to be so powerful!"

Xu Mo slowly exhaled a breath, pondered for a moment, shook his head and said, "Chao, since we didn't intercept Ji Feng this time, next time he'll definitely be on guard and it won't be easy to strike."

"Then we'll go straight to his home, call up a few brothers and beat his parents together!" Bald Chao gritted his teeth and said.

Xu Mo immediately shook his head and said, "No, right now Tong Kai De is looking for an opportunity to deal with my dad, if things get too big, it won't do us any good!"

Speaking of this, Xu Mo's eyes suddenly lit up and said, "Right, let's give him official means!"

"Official means?" Bald Chao was a little puzzled.

Xu Mo smiled grimly and nodded his head, "That's right, it's official means. Those six of your men were beaten by Ji Feng, weren't they all injured?"

Looking at Xu Mo's gloomy smile, Bald Chao immediately understood and said with a sudden realization, "Young Xu, you mean, let those few boys go to the police?"

Xu Mo sneered, "Fighting and causing serious injuries to others is a violation of the law, not only will the school expel Ji Feng, I will also say hello to the police, and he will definitely not be spared!"

Bald Chao nodded happily and said, "That's right, that's a good idea, young Xu, it's high! This time, even if that kid has great skills, he won't be able to escape from the palm of Xu Shao's hand. .com"

Xu Mo laughed coldly, "He asked for it, damn it, he dares to make love to the woman I like, he's just looking for death!"

He paused here before saying, "Brother Chao, is there nothing wrong with those few men of yours?"

Bald Chao immediately said, "Don't worry, Xu Shao, those few boys will pay 100,000 each for the settlement, break one of their legs, they'll be eager to do it!"

Xu Mo deliberated for a moment and shook his head, "Don't want them all to go, just one will do, otherwise, when they get to the police station, they won't believe that Ji Feng can beat six people by himself!"

"It's still Xu Shao's thoughtfulness, then we'll go to the police immediately!" Bald Chao said with a nod.

Xu Mo looked at the direction where Ji Feng disappeared and sneered in triumph: "Ji Feng, I will let you know what will happen if you go against me!"

.....

All along the way, Ji Feng didn't stop and ran wildly towards the nearest police station.

The situation he encountered halfway made Ji Feng still couldn't help but have palpitations until he reached the entrance of the police station.

Fortunately, he had accidentally obtained the intelligent brain, otherwise, he would have been beaten half to death by those six people now.

As soon as he thought of this, Ji Feng couldn't help but clench his fists and a cold light shot out from his eyes.

"Xu Mo, you're really vicious!" Ji Feng hated in his heart, he originally thought that we were all students, even if there was a conflict, we would only use student means to solve it.

But from today's situation, it was obvious that Xu Mo was not that kind of good man and woman, this deputy governor's son was definitely a ruthless dude, just one word of disagreement, and he even found six people to deal with himself!

"With money and power, can you be so reckless?" Ji Feng sneered twice, "Since that's the case, then I'll see how long you can run wild!"

Glancing at the police station duty room that was still lit up, Ji Feng walked in with big steps.

Ji Feng was not stupid, since he knew that those six people were probably the ones Xu Mo had found to deal with him, Ji Feng naturally would not stop there, because it was not himself who was beaten, but those six people.

If the other party bit back, he would not be able to say anything.

Therefore, Ji Feng did not go home after running away, but chose to come straight to the police station to report the case.

The person on duty at that moment was a middle-aged policeman, and when he saw Ji Feng, he immediately asked, "Young man, what do you want?"

Ji Feng immediately said, "This police officer, I want to report a crime. I met a mugger just now after school!"

The middle-aged policeman was startled and stood up sharply, asking, "Where is it?"

Ji Feng immediately said, "I can take you there!"

The middle-aged policeman immediately said, "Okay, I'll call someone immediately."

Immediately after that, the middle-aged policeman rang the alarm, and within a few moments, a group of policemen immediately rushed out from the police station. One of the policemen was stout and about thirty years old.

He came to the duty room and immediately asked, "Old Wang, what's wrong?"

The middle-aged policeman said, "Team Yan, this young man came to the police, saying that he had encountered a robber."

Captain Yan immediately looked at Ji Feng and asked, "Where did the robbery take place? Take us there immediately!"

He said, without allowing Ji Feng to explain, he took him to a police car outside, followed by a dozen police officers who got into several police cars respectively and sounded their sirens to leave the police station.

.....

After the police cars left the police station, Ji Feng immediately said, "This police brother, those bad guys are on the people's road, they took advantage of the fact that we were out of school at night and it was rather dark, so they came to rob me!"

"What? The person who was robbed was you?" In the police car, Captain Yan looked at Ji Feng and asked in amazement, "Then how did you come to the police station to report the crime?"

Ji Feng scratched his head in embarrassment and said, "I don't know, they were going to hit me and I got scared, but it seems that I hit them in the jaw and then they fainted, so I ran to the police station in fear!"

Captain Yan had learnt fighting in the police academy, naturally he knew that there was a stun nerve on a person's jaw, once he was hit, no matter how strong he was, he would faint on the spot, so there was no doubt in his mind, he just thought that Ji Feng had accidentally hit him in a panic!

"How many of them are there in total?" Captain Yan asked again.

Ji Feng thought for a moment before pretending to be hesitant and said, "It seems to be six, I'm too scared, I can't remember clearly!"

That Captain Yan looked at Ji Feng and nodded his head slightly. In his opinion, Ji Feng was still just a little kid who naturally panicked when he encountered a robbery.

.....

“Damn, you few useless things, you can’t even beat a student, what did I raise you for?!” Bald Chao looked at the six men on the ground and couldn’t help but curse a few times.

Xu Mo said beside him, “Brother Chao, leave one person at the scene, the others follow you immediately to report the incident, say that you don’t know this man, you just happened to pass by and saw a man wearing a second high school uniform knocking this man out, you can then describe Ji Feng’s appearance, those police officers will definitely find him!”

Bald Chao immediately nodded and was just about to speak when he suddenly heard the sound of sirens coming from not far away.

Xu Mo and Bald Chao’s faces changed at the same time, and Bald Chao immediately said, “Not good, we definitely can’t let the police find us now, or we definitely won’t be able to tell.”
