

Heart shocked beyond measure, the two sisters Hu Xuehui's emotions were directly and thoroughly expressed on their faces, especially when they saw that Qin Shujie had not even used to negotiate the price before directly ordering people to carry the jadeite to the car, they were even more taken aback. Go to see the net .

The two of them were surprised to see that the price was between \$45 million and \$50 million, which was a difference of \$5 million.

Not only were the two sisters Hu Xuehui stunned, even some of the merchants next to them, as well as the disoriented Wu Changqun, were equally astonished, at what price this piece of superb jadeite was sold, many people were incomparably curious.

Qin Shujie drove a Mercedes SUV today, a cardboard box with foam padding provided by the organizer of the fair, containing the jadeite was placed in the car, only then did Qin Shujie come in style, took out a cheque book from the bag she carried, wrote a number and handed it to Ji Feng.

“What?!”

When Ji Feng saw the number on the cheque, he immediately frowned. The others were instantly curious, did it mean that Qin Shujie didn't keep her promise and gave a lower price? If that was the case, one could consider paying a higher price to buy the jadeite over. In normal business activities, bidding is allowed after all. It cannot be said that Qin Shujie's Shu Yao Jewellery Company does not allow other companies to compete because of its strong background.

On the premise of equal prices, other companies were not willing to compete with Shu Yao Jewellery Company, but if it was Qin Shujie who deliberately lowered the price and wanted to bully Ji Feng, they naturally wanted to follow suit to get a share of the pie.

However, Ji Feng's next words dashed the slightest hope that had just risen in everyone's hearts.

Only to see Ji Feng frowning, looking at Qin Shujie, shaking his head and saying, “Chief Qin, this is a bit wrong, isn't it? Just now Uncle Hai said that the jade should be around forty-five million, and we all agreed on that price. After deducting the one million or so you lent me before, you actually only need to give me forty-three million. However, you gave me \$50 million instead. This is deliberately letting me take advantage of it. It's a bit bad for you to do that, isn't it?”

When the other merchants heard this, they felt the urge to vomit blood. How could there be such a person who didn't want to give you more money?

Ji Feng, on the other hand, was very insistent that no matter what the friendship was, the price was something that could not be fooled around with. He knew very well that if Qin Shujie hadn't lent him the million dollars, he would never have been able to buy this piece of rough stone immediately.

Of course, at that time he already had more than one million seven hundred thousand in his hand, and with the ability of his penetrating eye, although he could continue to buy other mao stones and make a solid profit, he would always be able to raise the three million. Yet there was one thing that could not be

disregarded, and that was, in the process of him buying other rough stones and raising the money, would this rough stone, which contained a superb jadeite, be bought by someone else?

Although it might be a bit of a coincidence to say so, this is what is called luck, and it is not an exaggeration to say that it might also be just a matter of time before or after that someone might buy this piece of rough stone. .com

You know, there are just too many rich people who come to this fair.

There is a jingle in Jiangzhou that illustrates just how many rich people there really are in Jiangzhou. The saying goes like this: There are as many big money as dogs, and the rich are walking all over the place!

Therefore, considering all these factors, Ji Feng decided on the price of forty-five million that Uncle Hai had said. He did not expect Qin Shujie to give it at the price of fifty million, and he did not even use the million or so that he had borrowed to count, which made Ji Feng a bit dissatisfied.

If Ji Feng accepted this price, he would feel that he owed Qin Shujie a favor.

It's good to pay back money, but it's not so good to pay back a favor.

Seeing Ji Feng's dissatisfied expression, Qin Shujie's heart stuttered and she immediately knew that she had underestimated this young man. Although Qin Shujie had already thought highly of Ji Feng in her heart, she now realised that she had far underestimated him.

A young man who could be unfazed in the face of millions definitely deserved the highest rating she could give him.

Originally, Qin Shujie had given a few more millions because, on the one hand, she wanted to thank Ji Feng for selling her the jadeite, which had eased the company's tight supply of goods. On the other hand, she did want to make Ji Feng owe herself a favour.

Not for anything else, just because of Ji Feng's good luck.

One should know that in the business of gambling stones, both eyesight and experience were far less important than luck. A person with good luck is enough for everyone to become befriended.

Qin Shujie was likewise using a businessman's mindset to measure Ji Feng, and she thought that since Ji Feng had tasted the sweetness, he would definitely participate in stone gambling again in the future. As long as she had a good relationship with Ji Feng, she would be able to buy his jadeite on a priority basis when the time came.

But now, it seemed that Ji Feng was definitely not the kind of person who could be easily moved in the face of a few million.

Qin Shujie decisively changed her strategy of interaction in her mind, but she did not rush to show it, otherwise it would deepen Ji Feng's misunderstanding even more.

So Qin Shujie just smiled sweetly: "Mr. Ji, just now Uncle Hai said that the price of the jadeite was between forty-five million and fifty million, that was without considering the value after engraving, besides, having such a piece of jadeite would be enough to ease the company's tight supply of goods, so I think that fifty million is a very reasonable price."

Ji Feng shook his head and said, "Mr. Qin, there is no need to say more, let's stick to the price of forty-five million, and by the way, there is also the one million three hundred thousand that I borrowed, which should also be deducted from it."

Seeing Ji Feng's firm look, Qin Shujie immediately nodded her head slightly and smiled sweetly, "Since Mr. Ji insists, then I will take advantage for once."

"It's only me who takes advantage of it!" Only then did Ji Feng reveal a smile.

Qin Shujie then took the cheque and tore it up, reissued a cheque for forty-four million, and smiled, "Mr. Ji, this time you can't refuse again!"

Ji Feng looked at it and didn't count it too much.

"By the way, Mr. Qin, you can just call me Ji Feng, the title Mr. Ji sounds awkward to me!" After the deal was done, Ji Feng was naturally in a good mood, in fact, no matter who else it was, suddenly turning from a kid from a kid to a rich man with more than half a billion dollars all of a sudden, he would be in a good mood.

Qin Shujie was naturally happy to have a good relationship with Ji Feng, she smiled and nodded, "Then you shouldn't call me General Manager Qin, if you don't mind, just call me Sister Qin."

Ji Feng nodded slightly and smiled, "Sister Qin."

Qin Shujie immediately had a strange feeling in her heart; Ji Feng's eyes were clear and bland, and his body also had an inexplicable aura that made people feel very at ease when they stood next to him.

The more she came into contact with Ji Feng, the more Qin Shujie felt an inexplicable sense of closeness.

Moreover, Ji Feng had a steadiness that people of his age did not have, which made Qin Shujie a little curious. It was said that at his age, all should be hot-blooded, what exactly had this young man experienced to become so calm and steady?

"I feel happy to have you as a brother, Ji Feng, let's have lunch together at noon." Qin Shujie extended an invitation.

Ji Feng looked at the time, it was already after eleven o'clock, he shook his head and laughed, "Forget it this time."

Having earned over forty million in one morning, Ji Feng was already satisfied, he didn't want to make himself look too solid, it wouldn't be good to draw attention to himself.

However, Qin Shujie was not happy, her face sank and she snapped, "What, sister invited you to dinner and you still don't give face?"

Seeing Qin Shujie's appearance, Ji Feng could only smile and nod, "Alright, sister invited, how dare I not give face!"

"That's more like it!" Only then did Qin Shujie turn angry to happy.

Suddenly having an extra sister, Ji Feng felt strange in his heart, but happy. He couldn't help but think that perhaps, having a sister was also quite good.

There were four people in the group, and a Mercedes SUV was just right for them to sit down. Old Wang was still acting as the driver, but in Ji Feng's opinion, apart from being a driver, Old Wang should also be a bodyguard.

Sitting on the leather seats inside the Mercedes, Ji Feng looked around. There was no doubt that this was a luxury car. The leather seats, the car TV, the remote phone, what made Ji Feng feel rare especially, were the countless dense small holes on the seats, the slightest cold air emanated from the small holes, making his whole body cool.

Moreover, when Ji Feng sat in the car, if he didn't look out, he could hardly feel the car moving, and even when he was turning, he didn't feel anything, the name of zero centrifugal force is really not a cover.

Ji Feng couldn't help but secretly sigh, this kind of famous car, he used to only be able to fantasize about it when discussing it with others, but never thought that now he was really sitting in it.

"What a great car, the car the big boss is in, it's just different!" Ji Feng said with an envious smile on his face.

When Qin Shujie heard that Ji Feng was flirting with her, she immediately gave him a white look and snapped, "You, that cheque I gave you, I don't know how many cars you can buy, you're a big boss too!"

"Oh" Ji Feng shook his head and laughed.

What Qin Shujie took Ji Feng to, was a leisure club called Spring River Flower Moon Night, the name was very tacky. However, as soon as he walked in, Ji Feng felt that the interior was exquisitely decorated and in a classical style. If he did not see the interior ceiling fitted with chandeliers and the like, he almost citrus himself into an ancient tavern.

The atmosphere in the clubhouse is very good, quiet and elegant, and you feel very relaxed when you walk in.

Ji Feng nodded secretly, this clubhouse was indeed well decorated, especially in this hot season, it was nice to have such a relaxing place.

"Whatever you want to eat, feel free to order!" Several people were led by the waiter to a private room, and when several people sat down in turn, Qin Shujie handed the menu to Ji Feng.

"I'm not polite then!" Ji Feng laughed and had just opened the menu when he heard a mid-toned, loud laugh from outside the box, "Shu-jie is here? Why didn't you inform me when you came here?!"

Immediately afterwards, Ji Feng saw that Qin Shujie's brow was slightly frowned.

Chapter 132

Qin Shujie didn't like this talker! This was Ji Feng's first impression. Go to see the net . If not, Qin Shujie wouldn't have frowned slightly when she first heard this voice.

Although Ji Feng had not been in contact with Qin Shujie for a long time, he could tell that Qin Shujie was a very cultured person, and usually even if she didn't like it, she would definitely not show it easily.

This time, however, she was doing it so obviously, which meant that she was very impatient with the owner of that voice just now.

Still, her good upbringing had prevented Qin Shujie from showing too much impatience, and she only frowned slightly before regaining her composure.

Old Wang, who was next to her, on the other hand, snorted coldly and did not say anything. Apparently, he also knew the owner of this voice and didn't have much good feeling towards that person.

Ji Feng picked up the tea on the table and gently took a sip, without speaking.

Soon, the door of the compartment was opened, and a young man of about twenty-five or twenty-six years old walked in with a dragon stride, laughing loudly and looking very cheerful.

"Mr. Qin, I saw your car downstairs just now, and I realised you were here too." The youth was not polite, and pulled out a chair and sat down directly, "If my guess is right, Mr. Qin should be here for this jadeite rough trade fair, right? How was it, did you make any catches?"

Qin Shujie smiled faintly and acted politely, "It's fine, more or less some gains."

"That's good, if Mr Qin encounters any difficulties in this area, just ask, I will definitely help if I can." The youth had a cheerful smile on his face, and it was easy to make people's hearts feel good as soon as they looked.

Especially Ji Feng, when he saw this youth's face, he only felt a shock in his heart, what a familiar face!

If it wasn't for the fact that this youth was dressed in a brand name and was a bit older, Ji Feng even had the feeling that he was looking in a mirror.

Ji Feng secretly took a look at this youth, and he found that this person looked very similar to himself.

Of course, if one did not look carefully, one would never be able to tell the difference. This was because the two had completely different temperaments; Ji Feng was a kind of calm, introspective, while his eyes were sharp.

This youth, however, is a kind of openness, but does not let people resent him, as if he does everything as a matter of course. It was like an innate feeling of nobility.

So, just because of these two completely different temperaments, the few people here didn't use to find any similarities between Ji Feng and this youth. In fact, if they looked closely they would have noticed that these two were very similar.

Qin Shujie smiled elegantly, "I appreciate Mr. Ji's feelings, thank you for your concern!"

The young man waved his hand and smiled, "There's no need to be polite, Mr. Qin. Frankly speaking, I want to help you, not actually for Hao Yu's sake, but because we're all old classmates. In fact, recently Haoyu was even talking to me about how about we all get together if we have time?"

Only then did Ji Feng realize that this youth and Qin Shujie were classmates, only, he didn't know what the 'Haoyu' he was talking about was.

When Qin Shujie heard this, but her eyebrows knitted slightly, "Ji Shaolei, if you are here today as a classmate, I welcome you to have a few drinks here, but if you are here as a lobbyist, I think there is no need for you to stay here."

Ji Shaolei!

So it was him!

Only then did Ji Feng understand why he felt that this man resembled himself, it turned out that he was the second son of his second uncle, the oldest president of Jian'an Group, Ji Shaolei.

Ji Feng suddenly remembered that previously in the kindergarten Qin Shujie's daughter had a conflict with that son called Zhou Dayong, when it seemed that Qin Shujie was very scornful of Ji Shaolei and only put up a desperate stance for the sake of her daughter, but never thought that it turned out that Qin Shujie and Ji Shaolei were actually classmates.

It seems that there seems to be a very complicated relationship here.

Ji Shaolei slapped his forehead and laughed bitterly, "Shujie, the number of people who dare to speak to me like this in the whole of Jiangzhou can be counted on one palm, and you just don't give face like that?"

Qin Shujie's expression cooled down, "Ji Shaolei, you have a big family, so how dare we from a small family not give you face. However, in the matter between Zheng Haoyu and me, can you stop following and getting involved?"

"No!"

Ji Shaolei's face also sank and said, "Shujie, let me tell you this, everyone makes mistakes, but after making a mistake, you have to give people a chance to correct it, you can't beat them to death with a stick, right? I don't want to see you two separated, so you should think about it again!"

"What if I don't think about it?" Qin Shujie seemed to have anger. .com

"I owe Hao Yu a favour!" Ji Shaolei said indifferently, "If Hao Yu has a request, I will try to help."

Qin Shujie was instantly enraged, "You mean to say that if Zheng Haoyu asked you to deal with me, you would do the same?"

"That's right!" Ji Shaolei nodded his head without denying it.

"Humph!"

Old Wang coldly snorted and looked at Ji Shaolei with an unkind gaze, as if he was going to storm up and throw Ji Shaolei out as soon as Qin Shujie gave the order.

Ji Shaolei was not afraid, but said indifferently, "Old Wang, you're just a driver, you'd better not get involved in this kind of thing, otherwise, no one can protect you!"

“Puff!” Ji Feng was drinking water from a cup, when he heard these words, a mouthful of tea suddenly spurted out, he coughed several times in a row before sitting up with a red face, but in his heart, he was dumbfounded and laughed.

This guy, is he a businessman or a triad, why does he always speak with such a loud tone?

Ji Shaolei glanced at him and asked with a smirk, “This little brother seems to have some different opinions?”

Seeing that Ji Shaolei had finally turned his attention to himself, Ji Feng could only help but shake his head and smile bitterly, how could he not have expected that his first meeting with his cousin would be under such circumstances?

And when Qin Shujie saw that Ji Shaolei seemed to be very unkind to Ji Feng, she immediately panicked and said immediately, “Ji Shaolei, this is my friend, if you have any ability to come at me, don’t find trouble with my friend!”

Ji Shaolei shook his head slightly and said, “Shujie, listen to my advice, as long as Hao Yu is not willing to let go, you will not be able to live in Jiangzhou without fear, it’s better to give him a chance!”

It seemed that Ji Shaolei was discussing with Qin Shujie, yet his unwavering tone was telling Qin Shujie in no uncertain terms that if he didn’t give this chance, it would be absolutely impossible to live in Jiangzhou without worries.

Ji Feng’s brow couldn’t help but frown, it seemed that this relationship was too complicated, moreover, Ji Shaolei was most likely in a dishonourable position. Helping a friend bully a weak woman was indeed not very honorable.

“In that case, is this even your ultimatum?” Qin Shujie forced herself to hold back her anger and asked in a cold voice.

Ji Shaolei shook his head slightly and said, “Shujie, actually I am just a middleman, there is no such thing as an ultimatum or not. But, even if you don’t forgive Hao Yu, you should always think about the child, right?”

“This is not for you to worry about, my child, I will naturally take care of it.” Qin Shujie said indifferently, “Mr. Ji, I still have friends here today, so I won’t say much more, please!”

Ji Shaolei shook his head slightly, and did not get angry at being driven away, he just smiled and said, “Well, my persuasion today is considered a failure. I’ve tried all of them, coercion, bait and switch, and I couldn’t get you to change your mind, and I even acted as a big bad guy in the middle, huh Shu-jie, I won’t ask about you and Hao Yu’s affairs anymore in the future, so I’ve disturbed you more today.”

The company’s main business is to provide a wide range of products and services to the public. I appreciate your feelings, but Hao Yu and I have really come to the end of the road, there is no point in continuing, it’s a torture for both parties and it’s not good for the child either.”

Ji Shaolei nodded and said, “I can understand this, but after all, watching the two of you split up like this, there is something in my heart that I don’t like. Those classmates back then, nowadays, because of the

change in status, the relationship between classmates has also changed. By now, only a few of us are still in regular contact, it would really be a pity if the two of you were to separate again!”

Only now did Ji Feng’s few people understand that the original fierceness and domineering of Ji Shaolei just now was actually all pretend. It could be seen that his relationship with Qin Shujie wasn’t too good, but it wasn’t to the point of turning the other cheek either.

However, from Qin Shujie’s point of view, Ji Shaolei is undoubtedly a very scary character, even if they are classmates, but as Ji Shaolei said, after going into society, because of status and other reasons, the relationship between classmates has also changed, making this classmate friendship is not so pure.

“Ji Shao Lei, you know that person Hao Yu, he has become too powerful in recent years, which makes me a bit scared. We no longer have anything to talk about, and even if we did, it was before, or at least it certainly won’t be in the future. Please pass this on to him, and don’t come to interfere with my life in the future.” Qin Shujie’s tone was a little sad, “His own wife can be given away as a price, what else is there for me to hold on to in this kind of man?”

Ji Shaolei shook his head helplessly and said, “I can’t say that, to say that, it’s better for you to say it to him yourself!”

Qin Shujie nodded and said, “If I’m not wrong, he must be in this clubhouse right now, right? He’s always like this, no matter what he does, he’s always talking about tactics. If he relied on you to pressure me into giving in just now, he would have come to pick up the pieces by now! I don’t know what he’s given you for hiring you as a lobbyist, but he’s not giving you his lover, is he? That’s his favourite tactic.”

“Mr. Qin, that’s a bit too much!” Ji Shaolei’s brow furrowed, “I said that I owe Hao Yu a favour.”

“Hehe, I’m afraid this favour you owe is something he created as well.” Qin Shujie’s tone was disdainful.

“Qin Shujie, you are slandering me again?!”

Just at this moment, an angry voice suddenly came from outside the box. Immediately afterwards, the door of the compartment was opened and a greasy man walked in, swept a glance at Ji Feng and said smilingly, “Shu-jie, is this your new concubine?”

“Zheng Haoyu, you’re shameless!” Qin Shu-jie was instantly furious.

“Talking nonsense, but you have to pay the price!” Ji Feng said indifferently and glanced at that Zheng Haoyu, through the conversation between Qin Shujie and Ji Shaolei just now, Ji Feng vaguely heard that it seemed like for a piece of business, Zheng Haoyu gave Qin Shujie to the other party as a bargaining chip, this kind of man’s shamelessness was really hard for Ji Feng to believe.

And at this moment Zheng Haoyu opened his mouth with such shameless words, and even involved himself, how could Ji Feng let him slander him?

The first thing that he did was to say that he was a friend of his, but he had already made it clear that Zheng Haoyu was his friend.

Zheng Haoyu, however, didn’t think so much about it, as soon as he heard that Ji Feng dared to speak to him like that, he became angry: “Brat, you’re looking for death!”

“Bang!”

Qin Shujie angrily slapped the table at once and stood up violently, “Zheng Haoyu, what kind of prestige do you come here to play?!”

Zheng Haoyu sneered and said disdainfully, “Qin Shujie, what, you dare to keep a little white boy and you still don’t allow me to say it?”

Qin Shujie looked at him and slowly shook her head, “Zheng Haoyu, I’m afraid you’ve changed so much now that you don’t even recognize yourself, right? Look at what you have become now!”

“Don’t forget, legally we are still husband and wife, you are protecting this little white boy in front of me, and you still have the face to talk about me?” Zheng Haoyu laughed coldly and pointed at Ji Feng, “Kid, you’re dead.”

“Zheng Haoyu, if you dare to hurt my friend, I won’t let you go!” Qin Shujie was instantly furious.

“Your friend? Oh ……” Zheng Haoyu scoffed disdainfully, “It’s easy to want me to let him go, as long as you take the divorce papers back and never mention the divorce again, I’ll let him go!”

“Don’t even think about it!” Qin Shujie coldly refused, “It’s a shame for me to live with someone like you. I’m really blind, how could I be fooled by you before!”

“Since that’s the case, then don’t blame me for being ungracious. In the future, if this kid gets hit by a car while walking or has some other kind of accident, don’t blame me for not warning you!” Zheng Haoyu sneered, “If you insist on getting a divorce, the property should be at least half for each person, so that I can likewise spare this brat!”

“You really have the nerve to say that!” Qin Shujie looked at him incomparably disappointed, “Zheng Haoyu, get the hell out of here right now.”

“Can you two calm down and sit down to talk slowly?” Ji Shaolei sank his face and said indifferently.

A flattering smile immediately appeared on Zheng Haoyu’s face as he sat down and said, “What Ji Shao said is right, let’s sit down and talk.”

“Who gave you permission to sit down?”

Ji Feng slowly spoke, “Zheng Haoyu is it? According to what you just said, if General Qin doesn’t agree to your terms, you want me to have an accident? What nerve!”

“Kid, if you dare to have half a word of nonsense again, believe it or not, I’ll let you go out sideways!” Zheng Haoyu was afraid of Ji Shaolei, but he wasn’t afraid of Ji Feng, being mocked by such a brat, a chill flashed across his eyes.

“I don’t believe it!” Ji Feng said indifferently, “I think that it won’t be me who goes out sideways, but you!”

“What a death wish!” Zheng Haoyu was so angry that he almost went mad, a kid, how dare he talk to himself like that.

Ji Feng, however, looked at Ji Shaolei and took out his ID card from his wallet and handed it over.

Ji Shaolei frowned slightly and hesitated for a moment, but still took the ID card. When he saw the words on the ID card, his face changed and he gave Ji Feng a deep look, then he laughed bitterly: "You kid recognized me a long time ago, right? Dare I say that you brat has been here to see brother's joke?"

At these words, everyone was startled and looked at Ji Feng and Ji Shaolei with incomparable surprise.

I'm afraid that there were not many people in Jiangzhou who could make Ji Shaolei speak so intimately and call himself his brother.

Ji Feng, however, smiled faintly, "He's trying to get me killed!"

He pointed at Zheng Haoyu.

Ji Shaolei let out a light sigh and shook his head with a bitter smile, "You, this is forcing brother to slap his own mouth. It's just that, who made me so unlucky to run into you kid. Hao Yu, apologise immediately!"

With the last sentence, Ji Shaolei's tone steeped in severity.

"Young Ji!" Zheng Haoyu was instantly shocked, asking himself to apologize to that brat, did not Ji Shao use to eat the wrong medicine?

"Didn't you hear my words? I want you to apologize to him!" Ji Shao Lei's face sank down.

Zheng Haoyu instantly just trembled, his lips moved, but he finally reluctantly said, "This, this little brother, you are too kind to forgive me this time!"

Ji Feng chuckled, "I was afraid that you would let me have some accidents!"

Ji Shaolei's face was just chilly: "Zheng Haoyu, this is my brother, if you dare to touch him even a hair, not to mention that we classmates don't have to do, I will also throw you into the Huangpu River to feed the fish, I'll do what I say!"

Being reprimanded by Ji Shaolei in front of so many people, Zheng Haoyu's face was incomparably ugly, but he didn't dare to have the slightest retort and could only nod his head.

"Get out!" Ji Feng said indifferently, as if he didn't care.

Zheng Haoyu's body instantly just stiffened, glanced at Ji Feng with resentment and gritted his teeth as he walked out of the box.

"Qin is always my friend, if there's anything, it's better to let her solve it herself, right?" Ji Feng looked at Ji Shaolei.

"You kid has said that, what else can I say?" Ji Shaolei gave a bitter laugh and turned his head to Qin Shujie, "Shujie, no wonder you're so tough, it turns out that you know my oldest brother. It's just that I made a mistake today, I shouldn't have gotten involved in this, I will definitely make amends later."

Qin Shujie's heart was amazed, to be able to make Ji Shaolei soft, this brother she recognized, what was his origin!

“Older brother, let’s go, let’s both have a good drink!” Ji Shaolei patted Ji Feng’s shoulder and took the lead in walking out.

Chapter 133

Looking at the extremely surprised eyes of Qin Shujie and Uncle Hai and Old Wang, Ji Feng could only shake his head and smile bitterly, “That, I’m somewhat related to Ji Shaolei, but I’ve never met each other before, today is the first time I’ve seen Sister Qin, I’ll go first, let’s contact each other often in the future. Go to see the net .”

Qin Shujie a few people then relieved, she nodded and said, “So it’s like this sister owes you a favor, it’s all because of that Zheng Haoyu, a good meal was ruined by him like this”

Her speech seemed a little confused, even if she was a strong woman, seeing Ji Shaolei in front of Ji Feng with such an attitude, she was also shaken.

Ji Feng, however, understood what she meant and smiled, “Sister Qin is polite.”

After greeting Uncle Hai and Old Wang again, Ji Feng walked out of the clubhouse.

Just after leaving the door of the club, Ji Feng saw Ji Shaolei and Zheng Haoyu standing in front of a black BMW X6. Zheng Haoyu was nodding to Ji Shaolei with a bitter face, not knowing what he was saying, while Ji Shaolei was also helpless, spreading his hands from time to time, showing that there was nothing he could do.

Seeing Ji Feng come out, Ji Shaolei waved his hand at once: “Older brother, this way.”

“Hmph!”

Ji Feng laughed indifferently and walked over with big strides, teasing, “This Jian An Group’s old boss is just different.”

“How so?” Ji Shaolei asked with a smile.

“Public money is more comfortable to spend than your own, Mr. Qin works so hard to make money and the car he drives is still not as good as yours” Ji Feng said with a smile, not even looking at Zheng Haoyu, for this kind of scum, he really couldn’t bring himself to talk to him half-heartedly.

If I don’t have this car to support my face, no matter what my status is, I may not be useful in the competition for some big projects. With this car, others will believe that you have the strength”

Ji Feng glanced at him with a wry smile, and when this was said, only a three-year-old child in a kindergarten would believe it.

“Oh that what, old brother, let me introduce to you, this is Zheng Haoyu, you’ve already met just now.” I don’t know what happened, but Ji Shaolei was actually a little uncomfortable by that glance from Ji Feng, this feeling only appeared in front of his old man, Ji Shaolei couldn’t help but be amazed and hurriedly changed the subject.

“Young Ji, just now I didn’t know your identity, I have offended you a lot, please forgive me.” Zheng Haoyu seemed to have adjusted his mind long ago and nodded his head and came up, wanting to reach out to shake hands with Ji Feng, but he was a bit afraid to do so.

Ji Feng glanced at him indifferently and stood right in front of the car without saying anything.

Zheng Haoyu’s back was immediately soaked with cold sweat, his heart was even more drumming, this Ji Feng Ji young man refused to forgive him ah, this will be a big trouble.

It was not because Zheng Haoyu was timid, but what Ji Shaolei said to him just now really scared him.

He was kicked out of the box by Ji Feng without any mercy, Zheng Haoyu was extremely angry, but he was a bit confused, he didn’t know why Ji Shaolei suddenly made a 180 degree turn in his attitude after just looking at that kid’s ID card, from being slightly towards himself at first, to suddenly and completely siding with that kid, that was a complete change of colour.

Although his heart was irritated, Zheng Haoyu could not get angry, either Ji Shaolei or that ordinary but somewhat masculine and handsome boy was not something he could mess with.

The son of the secretary of the Jiangzhou municipal party committee, and rumored to be the third generation of the Yanjing Ji family, is definitely a TZD with the right roots, which is definitely not something that a small businessman like Zheng Haoyu can mess with. What’s more, Zheng Haoyu was able to get to this point, and Ji Shaolei’s occasional promotion has a great relationship, how dare he go to blame Ji Shaolei? He has to work hard to maintain his relationship with Ji Shaolei!

Even if the heart how to resent, Zheng Haoyu in front of Ji Shaolei, but also absolutely do not dare to show a hint, otherwise, Ji Shaolei just a word of the matter, is enough to make Zheng Haoyu all these years of efforts instantly ashes.

As for Ji Feng, in Zheng Haoyu’s mind, he seemed to be a guy who didn’t have much to come by. Of course, apart from the guy’s clean-cut looks, coupled with the fact that his exposed arms appeared to be robust and his sharp eyes, made Zheng Haoyu subconsciously think of Ji Feng as a young white guy who was adopted by Qin Shujie. .com

..... is not a white boy, why does he look so clean-cut and masculine and handsome?

However, when Zheng Haoyu saw how Ji Shaolei later treated Ji Feng, he was so surprised that he almost screamed out, and only at this time did he realize that he had inadvertently seemed to have offended a big shot.

Only, what could be the origin of the character who could make Ji Shaolei treat him with such an attitude?

With this doubt in his heart, Zheng Haoyu was driven out by Ji Feng’s faint ‘get out’ and left the box in such a sorry state, not even daring to say a harsh word.

Fortunately, not long afterwards, Ji Shaolei also followed him out, and Zheng Haoyu immediately greeted him as if he had grabbed a straw to save his life.

After being severely reprimanded by Ji Shaolei, Zheng Haoyu only asked with a frightened heart, “Ji Shao, is that man just now?”

“You mean Ji Feng?” Ji Shaolei sneered and gave him a look, “Ah Zheng Haoyu, you’ve really grown in ability, even my cousin you dare to threaten to get him killed!”

“Ah!”

Zheng Haoyu was dumbfounded in place, for a moment he only felt the sky spinning, his eyes almost falling to the ground as his eyes went black.

How could he not turn around, how could a little white boy in his eyes become some cousin of Ji Shaolei? Besides, how could you, the nephew of the titular municipal party secretary, be dressed so plainly and even mix with Qin Shujie, this was too good at playing with people, right?

No!

Zheng Haoyu suddenly reacted, although Ji Shaolei came from a great deal, but his cousin might not be of any huge origin, otherwise, he would not be dressed so ordinary, otherwise, this Jiangzhou was afraid that there would have been one more less long ago.

If that was the case, perhaps a little bloodshed and a good apology would be enough to gain forgiveness.

With such an attitude, Zheng Haoyu cautiously asked, “Ji Shao, that cousin of yours seems to have a big temper, I wonder what his preferences are, Ji Shao you must give my little brother a lift, otherwise, I will really be dead this time!”

Ji Shaolei was such a shrewd person, he saw through his thoughts at a glance and sneered disdainfully, “Zheng Haoyu, don’t say I haven’t warned you, this cousin of mine is not a countryman as you think, he is my own cousin, if it is in front of the elders in the family, I as an elder brother have to respect his words, even, his opinion is more important than my elder brother’s, you say you should what to do?”

There was a thud!

Zheng Haoyu’s legs went limp and he sat down on the ground, feeling dizzy and almost unconscious.

If Zheng Haoyu could not guess what he was from, his brain would simply be replaced with a pig’s brain.

“So, although that guy is dressed in ordinary clothes, as if he is a student, yet, his real identity is actually a son of the Ji family! And he’s still so highly regarded in the Ji Family.” Ji Shaolei’s words undoubtedly made Zheng Haoyu think about everything, and at the same time, he also felt a chill in his heart.

One had to know that if Ji Feng was determined to deal with him, Zheng Haoyu, even Ji Shaolei would not be able to stop him. Didn’t you hear Ji Shaolei say just now that in front of his elders, even he had to respect Ji Feng’s opinion.

Zheng Haoyu almost fell into despair, since Ji Feng’s identity was so important, Ji Shaolei would definitely not stand on his side, which could be seen from Ji Shaolei’s expulsion of himself in the box just now.

In desperation, Zheng Haoyu begged, hoping that Ji Shaolei could help him, but he knew that a businessman like himself, in the eyes of the big man, it was nothing.

Ji Shaolei could not bear to see Zheng Haoyu being ruthlessly cleaned up by Ji Feng, so he said, "If you want to get out of this, you only have one way out, when Ji Feng comes out later, you admit your mistakes properly, I will plead for you beside him, and hope that he will be relieved of his anger."

Zheng Haoyu immediately nodded his head in a panic as if he had grabbed a straw to save his life.

Because of this, there was this scene of Zheng Haoyu apologizing now.

As Ji Shaolei watched Ji Feng's sullen face without saying a word, he knew that this cousin of his was not going to forgive Zheng Haoyu. And Ji Feng did not have many connections available in Jiangzhou, so if he wanted to deal with Zheng Haoyu, he could only use the power of his third uncle or his eldest uncle, and if he alerted their two elders, I'm afraid the commotion would be too big by then.

Thinking of this, Ji Shaolei smiled and said, "Older brother, I'm also at fault for today's incident, how about just letting it go?"

Ji Feng shook his head slightly and said, "Second brother, why do you need to follow and get involved?"

Ji Shaolei laughed bitterly, "After all, he and I were classmates, and as I said, I owe him a favour."

"Since that's the case, then let's forget about today's matter, but it's best not to harass General Manager Qin in the future, she's my friend!" Ji Feng said indifferently.

How could Zheng Haoyu dare to have the slightest objection, being able to save his little life was already considered lucky for him, so he nodded his head in a panic and said, "Thank you, Young Ji, thank you, Young Ji!"

"Get lost!" Ji Feng waved his hand as if he was driving away a fly, "If you let me know that you harass General Manager Qin again in the future, you will know the consequences!"

Zheng Haoyu's face froze and a look of resentment flashed in his eyes, but then, he nodded in a panic and left in a wretched state.

"This Zheng Haoyu" Ji Feng looked at his back as he left, his eyebrows slightly wrinkled, wanting to say something, but when the words came to his mouth, he wanted to say something but stopped. After careful thought, Ji Feng shook his head again and did not say anything more.

When Zheng Haoyu left just now, the look of resentment in his eyes did not escape Ji Feng's eyes, especially after the training in the super agent training system, Ji Feng was always very sensitive to the killing aura, although Zheng Haoyu did not have a killing aura, but that kind of unintentional gaze, it could not escape Ji Feng's eyes.

However, Ji Feng did not intend to explain this to Ji Shaolei. Perhaps, Ji Shaolei himself knew that Zheng Haoyu was not a good person, which could be seen from the way Ji Shaolei treated Zheng Haoyu. What's more, Ji Feng didn't need to greet anyone if he wanted to deal with anyone, even if this person was Ji Shaolei's friend, as long as he dared to have ill intentions towards him, Ji Feng would be equally polite.

"Older brother, don't think so much about it." Ji Shaolei seemed to have seen Ji Feng's thoughts and opened the car door, pushing Ji Feng into the car as he himself sat in the driver's seat and started the car.

Ji Feng slightly closed his eyes, leaned back on the backrest of the seat and asked, "Second brother, where are you planning to take me?"

"Where? Does it even need to be said? Ever since we knew you would be coming to Jiangzhou to attend university, your second uncle has been instructing us to try not to bother you, but it's obvious that he wants to see you very much." Ji Shaolei shook his head and laughed as he drove the car, "I'll call my father here, he'll definitely be happy to know that we're together."

Ji Feng nodded slightly, he then realised that he would never be able to hide the matter of his arrival in Jiangzhou from his second uncle. The reason why no one had ever come looking for him, and second uncle had never asked about himself, I think it was all because father had instructed second uncle to not let anyone bother him as he had requested, otherwise, I'm afraid that once his identity was exposed, I'm afraid that those who wanted to come close to him alone would have crowded the door of the dormitory.

"Find a place with a supermarket to stop!" Ji Feng smiled and nodded, "Going to pay a visit to second uncle, you can't bring nothing with you, right?"

"You kid, what else does a family need to bring? Just go straight away!" Ji Shaolei said with a smile, while stepping on the accelerator, a huge push-back force came quickly, and the BMW X6 quickly drove into the traffic.

In the end, Ji Feng still did not buy a gift, although the first time to visit the second uncle, but under the persuasion of Ji Shaolei, Ji Feng also think that the family does not need to be too polite, not to mention, the second uncle as the secretary of the Jiangzhou municipal party committee, what good things have not seen, Ji Feng can not think of what he bought to be more meaningful.

After thinking for half a day, Ji Feng didn't come up with anything, so he just closed his eyes as if he was asleep.

Ji Feng's second uncle, Ji Zhenguo, lived in the Jiangzhou Municipal Party Committee's family compound, which was in the downtown area of Jiangzhou, but the family compound was not noisy at all, but had a rare clarity in the middle of the downtown area.

At a place about a few hundred meters away from the family courtyard, Ji Shaolei parked the car on a side road and then walked with Ji Feng to the house.

"Can't we park in the family compound?" Ji Feng asked with a frown.

Ji Shaolei shook his head and laughed, "Your second uncle is the secretary of the Jiangzhou Municipal Party Committee, I am the boss of Jian'an Group, my elder brother is just under two years older than me and is already a division-level cadre, which is already eye-catching enough, if I drive a BMW to wander around the family courtyard again, there is no guarantee that no one will say anything."

Ji Feng nodded slightly at once: "Trees attract the wind!"

"That's the truth." Ji Shaolei nodded and said, "Just now I spoke to your second uncle on the phone, he happened to be at home today and said that there was some kind of divine doctor coming over to treat him, usually you can't see him at this time."

“A treatment?” Ji Feng was stunned, “Is second uncle’s health not good?”

“Yes, there’s a problem with the lumbar spine, it’s been an old problem for many years, it’s said that when grandpa was criticized in the past, eldest uncle and the others didn’t like it, and youngest uncle’s age was small, so my father and eldest uncle both fought with those people, and they both ended up getting beaten up, that’s when your second uncle’s problem fell down.”

Ji Feng frowned slightly, he couldn’t comment on the previous matters, after all, he hadn’t experienced it himself, and he didn’t want to say anything bad about it.

The two arrived at the family courtyard, the gatekeeper knew Ji Shaolei and did not say anything to stop them, only that many people greeted Ji Shaolei. After all, it is the son of the secretary of the municipal party committee, who all want to get on good terms with him.

“These people are like this, from what your second uncle said, when they were being criticized in the past, everyone stayed away, afraid to have half a relationship with our Ji family, huh” Ji Shaolei had a look of disdain in his eyes, apparently for this kind of worldly phenomenon is very The world is a very uncomfortable place.

The company’s main business is to provide a wide range of products and services to the public.

Such a person is, in the end, sober.

“Perhaps, this is the reason why he didn’t enter politics!” Ji Feng said darkly.

“This is it.” Ji Shao Lei stood in front of the door and knocked on it.

“Little Lei.”

The person who opened the door was a woman in her forties, looking very amiable, “You’re just in time, your big brother is bringing a miracle doctor to treat your father, your father doesn’t really believe in it and is unwilling to cooperate with the treatment, go and do your father’s job!”

Ji Shaolei smiled at once, “Mom, you take it easy for now.”

He put his hand on Ji Feng’s shoulder and asked with a smile, “Mom, look who this is?”

“This is” The woman’s gaze fell on Ji Feng’s body, and her eyes snapped open, “Little Feng?”

“Second Aunt!” Ji Feng instantly revealed a smile and said respectfully.

“It’s really Little Feng?” Second Aunt was surprised and said in a panic, “Hurry up and come in, Little Lei, why didn’t you bring your brother earlier, you kid is really something.”

Faced with his mother’s complaint, Ji Shaolei could only smile bitterly, “Mom, you don’t know my father’s temper, how dare I!”

The second aunt didn’t bother to pay attention to her son, she just greeted him warmly, “Little Feng, you sit down first, I’ll go get your second uncle and your big brother.”

Ji Shaolei laughed, “My mother is like that.”

Ji Feng laughed, “It’s a blessing to have such a mother.”

“That’s right, I think so too!” Ji Shaolei nodded with deep conviction.

Soon, footsteps sounded and three people walked out, the first one was a middle-aged man, about forty or fifty years old, with majestic eyebrows and a very awe-inspiring look, Ji Feng instantly recognised that this was second uncle Ji Zhenguo.

Behind the second uncle, followed by a young man with a calm demeanor, his eyebrows resembled the second uncle, this should be the second uncle’s eldest son, Ji Shaodong.

Behind the two, followed by a man of about forty years old, this man seemed to have a transcendent feeling, the whole person appeared to be mysterious, while his face, however, had a high and superior look, which made Ji Feng frown slightly.

This man, I think, was the so-called divine doctor, right?

Chapter 134

Ji Feng’s surprise visit made both Ji Zhen Guo and his wife very happy, especially Ji Zhen Guo. Go to see the net . All along, the elder brother’s family had been a matter of utmost concern to the elder Ji family and Ji Zhenguo. After all, Ji Zhenhua’s identity was simply too important, and the fact that he had been single to such a high position would likely be used by others to make an issue of this matter.

Later on, the oldest brother, Ji Zhenping, suddenly sent word that he had found his sister-in-law, and only then did Ji Zhenguo learn that his elder brother still had a son in exile, and the brothers were immediately ecstatic, and Ji Zhenguo was also very pleased, especially when he knew that his elder brother’s son was not only calm and steady, but also had extraordinary skills.

He knew that Ji Zhenhua was the eldest son of the Ji family and his son was the first grandson of the Ji family, although he was not the eldest grandson, his status was still extremely important. If being stranded in the folklore made his character become petty, or if he suddenly felt arrogant and arrogant and turned into a fop because of his ancestral recognition, this was not what Ji Zhenguo wanted to see.

Fortunately, Ji Feng’s calm and steady demeanour, as well as the shrewd light that flashed in his eyes from time to time, all indicated that this youngster was not only shrewd, but also had a gully in his chest.

“Second Uncle!”

Ji Feng smiled and stood up.

“You must be Little Feng!” The always imposing Ji Zhenguo revealed a rare smile and walked over quickly, looking Ji Feng up and down with a fond look in his eyes, “Little Feng, you’re finally here!”

Ji Feng was immediately a little embarrassed and said slightly awkwardly, “Second uncle, I should have come to visit you long ago, it’s just that hehe!”

Ji Zhenguo patted Ji Feng’s shoulder and laughed, “It’s good that you’ve come, it’s good that you’ve come!”

Ji Shaolei, who had been standing next to him and had not spoken, opened his mouth and laughed, "Ji Feng, let me introduce to you, this cool guy who looks like your second uncle, is big brother Ji Shaodong."

"You brat!" Ji Shaodong glared at Ji Shaolei, seeing that their brothers were very close and seemed to joke around together a lot.

"Little Feng, you're at Union University, right?" Ji Shaodong smiled and steered the conversation back to Ji Feng, asking with a smile.

"Well, majoring in Economics and Management at United University." Ji Feng smiled and said.

Ji Shaodong nodded and said, "Let's sit down and talk, Little Feng, you can't be restrained when you come here, we're all family!"

Ji Feng instantly felt good about himself, it was obvious that Ji Shaodong and Second Uncle were very much alike, blood relations aside, both of them had an extremely strong affinity that made people unable to resist getting close to them.

Ji Feng was originally unrecognizable, he just didn't talk much. .com He nodded and smiled, and then sat down on the sofa.

At this time, the divine doctor who had not spoken suddenly opened his mouth and said, "Mr. Ji, it's almost past noon, if it's any later, the treatment won't be very effective, I'm afraid we'll have to wait until tomorrow."

Ji Zhenguo frowned slightly at once and was just about to speak when Ji Shaodong hurriedly said, "Mr. Lu, please wait a moment, wait a moment."

"Second Uncle's back is not good?" Ji Feng asked pretending that he had no intention of doing so.

"Yes, this is an old problem of your second uncle, this divine doctor Lu is very skilled in medicine and is very famous in the Central Plains, this time I have specially invited Mr. Lu here to treat your second uncle." Ji Shaodong said with a smile, and then turned to Ji Zhenguo and said, "Dad, let Shaolei and Xiaofeng sit here for a while, we will go up for treatment first, it will be quick!"

Ji Zhenguo deliberated for a moment before saying, "Little Feng, then you can wait here for a while, Second Uncle will be down soon."

"I'd better follow along, Second Uncle, it's rare to see a miracle doctor, I'd like to observe from the sidelines." Ji Feng smiled as he stood up.

Ji Shaodong hurriedly winked at Ji Feng, his heart was a bit anxious, this divine doctor Lu was very difficult to invite, and Ji Zhenguo did not allow his children to bully others, Ji Shaodong had made this appointment for more than a week before he could invite divine doctor Lu to his home, if Ji Feng angered divine doctor Lu with such rash words, his father would have to suffer more.

Who knows, Ji Feng just seemed to be unable to read his eyes and just turned his head and smiled, "Divine Doctor Lu, I am also just a little curious, I wonder if it is convenient for the divine doctor to let the kid observe the treatment process?"

The divine doctor Lu had the look of a master and smiled, "What's wrong with that, only that you may not understand it even if you watch it, it's all related to Daoist health care and ordinary people can't understand the reasoning behind it."

Ji Feng smiled and said, "As long as the divine doctor doesn't think the kid is in the way, huh"

Seeing that the divine doctor agreed, Ji Shaodong also breathed a sigh of relief and busily said, "Divine doctor, dad, let's go up!"

Ji Zhenguo's house was a duplex structure, almost equal to half a villa, the attic upstairs was where Ji Zhenguo usually worked, and next to it was his bedroom.

The second aunt pulled Ji Shaodong out and said worriedly, "Shaodong, is this miracle doctor reliable, your father's lumbar spine is a bit serious, he has been to many hospitals over the years but he has not been able to cure it.

Ji Shaodong said, "It's not a bad thing to try, right? If he is cured, that's good, but if not, it's just one more visit to the doctor. As long as he is cured, it doesn't matter if he spends some money."

Second Aunt nodded, "That's true."

Ji Shaodong smiled, "Mom, don't worry, I'll be watching over him."

Only then did Aunt Er feel relieved and said, "Then hurry up and go watch, I'll go and cook, it's Little Feng's first time here, make something delicious."

Ji Shaodong smiled and nodded his head, turning around and walking into the bedroom.

By this time, Ji Zhenguo had already changed into his pajamas and was lying on his bed.

Divine Doctor Lu said, "Mr. Ji, my treatment method is somewhat unique compared to the usual treatment, there may be some pain later, I hope you can bear it."

Ji Zhenguo nodded and said, "Don't worry, I can endure it."

Divine Doctor Lu took out a short, wide belt from the bag he carried with him, which was filled with dense silver needles.

Subsequently, Divine Doctor Lu took out another bottle of alcohol and soaked a pinch of silver needles in it, and pressed both hands on Ji Zhenguo's waist. Ji Zhenguo's face immediately froze and his eyebrows frowned slightly, obviously, Divine Doctor Lu had pressed him painfully.

But Ji Zhenguo did not say anything, after all, pain was inevitable in the treatment process, and he was not a delicate person.

However, after a few more presses, Ji Zhenguo's body stiffened and a cold sweat immediately broke out on his forehead, obviously in severe pain.

Divine Doctor Lu frowned and said, "Mr. Ji, your illness is very serious, one treatment definitely won't do, I'm afraid it won't even be able to alleviate your pain, I think it will take at least two months of continuous treatment."

Ji Zhenguo was in so much pain that he was unable to answer him, but next to him, Ji Shadong hurriedly said, "Divine Doctor Lu, as long as my father's back can be cured, feel free to mention any conditions you have."

Divine Doctor Lu shook his head and said, "I walk in the world and offer help to the world, so I don't need to ask for any conditions. It's just that I have been studying medicine with my master in the mountains since I was a child, but I don't have a license to practice medicine, so I often don't dare to call myself a doctor at all. If it's convenient for Mr. Ji, this license to practice medicine"

"This" Ji Shadong is also in a difficult position, the license to practice medicine is easy to do, with his status, at most a phone call can be done, and there is no trouble. However, this is not a question of whether it can be done, but simply can not do so, this is undoubtedly a violation of the principle of things, he is in the system, the principle is very strong, if he takes the lead to violate the principle, he has a guilty conscience.

However, if this delayed his father's treatment, he would be equally ashamed.

Ji Shadong was still in a difficult position, but Ji Zhenguo, who was lying on the bed, had slowed down and let out a stifled cry, "Mr. Lu, don't mention this matter anymore, if you want to get a license to practice medicine, I can write you a letter of recommendation, as long as you have real skills, you can definitely get it."

"In that case, there is no way for me to practise medicine now, sorry, I see that I have to leave." Divine Doctor Lu shook his head and said, "It's just that Mr. Ji's back is very troublesome"

"If it's not troublesome, I won't bother Divine Doctor Lu!" Ji Feng, who had been standing by the side quietly watching, suddenly opened his mouth and said, "Divine Doctor Lu, I think what you should be concerned about now is how you should spend your time in prison in the future."

When these words came out, everyone was shocked.

Divine Doctor Lu was even more furious as his face turned red with anger and said, "What did you say?"

Ji Shadong hurriedly pulled Ji Feng's arm and said softly, "Little Feng, don't talk nonsense."

Ji Zhenguo, however, looked at Ji Feng thoughtfully and asked out loud, "Little Feng, why would you say that?"

Ji Feng looked at that divine doctor Lu and sneered, "You're right, you indeed don't have a license to practice medicine, if people like you had a license to practice medicine, then I don't know how many patients would have to be killed by you!"

He turned his head to look at Ji Shadong and asked, "Big brother, this so-called divine doctor Lu, his name of divine doctor, must not be too loud, right?"

Ji Shadong gave a beat and thought for a moment, he nodded slightly, "Indeed, it was only my secretary who told me before that there was a divine doctor there in his hometown who was very skilled in healing all this information. Why, is there any problem with that?"

“Is there a problem? Hmph! Of course there’s a problem, and it’s a huge problem!” Ji Feng’s face turned cold as his harsh gaze stared at that divine doctor Lu: “Let me ask you, how do you plan to treat my second uncle?”

“Do I have to tell you? Even if I tell you, can you understand?” Divine Doctor Lu grunted in exasperation, “Since you don’t believe me, then please ask another person for higher education, goodbye!”

After saying that, Divine Doctor Lu was about to walk out, but Ji Feng took a step to the door, and his sturdy body immediately blocked Divine Doctor Lu’s way: “You want to bail out after things have been exposed, you are too naive, right?”

Chapter 135

Ji Shaodong instantly reacted, “Little Feng, you mean to say that this divine doctor Lu came to the house for another purpose?”

He was already extremely intelligent, and as a person in the officialdom, how could his mind not be meticulous? It was only because he was worried about his father’s illness and his concern was confused that he had overlooked many important things, allowing Divine Doctor Lu to exploit the situation. Now that he suddenly recalled it, many things were clear to him. Looking at Ji Feng’s performance and the flash of panic in Divine Doctor Lu’s eyes, he instantly understood that this so-called Divine Doctor Lu was not only a fake divine doctor, but more importantly, he probably had ill intentions.

“What kind of divine doctor is Lui, I think he is clearly a Lui liar, no, it should be a Lui criminal!” Ji Feng shook his head and laughed coldly, and said to Second Uncle, who was still lying on the bed with cold sweat on his forehead, “Second Uncle, from the few strokes this so-called divine doctor gave you just now, you can tell that he doesn’t know how to cure at all, or even if he does know how to cure, he definitely doesn’t know anything about your lumbar spine problems. Otherwise, you definitely wouldn’t be in that much pain.”

Ji Feng walked over in two steps, reached out and gave several consecutive presses on the second uncle’s waist, and kept pushing back and forth.

Immediately afterwards, Ji Zhenguo had to tighten his teeth, and Ji Shaodong immediately frowned, clearly able to see that Ji Feng was treating his father, but did Ji Feng know the means of treatment?

However, after a few moments, the cold sweat on Ji Zhenguo’s forehead gradually dissipated, and his face gradually eased up, no longer suffering as much as before, obviously, his pain was rapidly easing.

At this moment, that divine doctor Lu’s face suddenly changed.

After giving Ji Zhenguo a few nudges again, Ji Feng raised his body and gave that divine doctor Lu a cold look: “Is this the effect of the treatment you gave to my second uncle? You simply have evil intentions!”

At this moment, even Ji Shaodong understood that this divine Doctor Lu was not only posing as a divine doctor, but more importantly, he seemed to have done something to his father that he shouldn’t have done.

Ji Shaodong’s face instantly turned iron blue as he immediately took out his phone and dialed a number: “Young Uncle, this is Shaodong

A pleased smile appeared on Ji Zhenguo's face, as he watched his son properly handle these matters, his heart pleased, watching his son grow up, this was happier than anything else.

"Dad, I" Ji Shaodong looked at Ji Zhenguo who had already stood up, a guilty look appeared on his face, just because of his recklessness, not only did he fail to cure his father's illness, but he even made him suffer, which made him sad.

Ji Zhenguo patted his son's shoulder and smiled, "It's no big deal, just remember, don't trust any miracle doctors again, and do your job with peace of mind, that's enough."

Ji Shaodong nodded and turned his head to look at the so-called divine doctor Lu again, a harsh light shooting out from his eyes.

Divine Doctor Lu trembled in fear and lowered his head in trepidation, afraid that Ji Shaodong would pounce on him and tear himself apart. However, Ji Shao Dong did not make the slightest move, but merely stared at him with a gloomy expression, as if he wanted to see into his heart.

After a few moments, Ji Shaolei walked up, "Dad, mum has already made the meal, let me come up to see if you are ready"

Just as the words came out, he noticed that something seemed wrong with the situation, and immediately asked, "What happened?"

Ji Shaodong said with an iron face, pointing at Divine Doctor Lu, "This man, posing as a divine doctor to treat father, ended up not knowing what tricks he had gotten up to, causing father to sweat coldly in pain, if Xiao Feng wasn't here, father would definitely have to suffer even more."

"D!"

When Ji Shaolei heard this, he was instantly on fire, that dude's nature immediately exploded, and he violently kicked over, knocking Divine Doctor Lu to the ground, "Whoever you dare to count, I'll get you killed today!"

"Shao Lei, it's just that!" Ji Zhenguo waved his hand, stopping the furious Ji Shaolei, "I'm not sure about this matter, Shaodong has already called your little uncle, someone will come later, give this person to your little uncle, there will be a way to make him tell the truth!"

"Tell the truth?"

Ji Shaolei was stunned, "Dad, you mean to say that this guy was instructed by someone?"

Ji Zhenguo didn't answer, he just turned around and patted Ji Feng's shoulder and walked out of the room.

Ji Shaolei pointed at that divine doctor Lui, and his gloomy eyes made the latter couldn't help but shiver, not a trace of blood on his face.

"You're dead!" Ji Shaolei said coldly with a gloomy face.

Ji Feng sat quietly beside him and stopped speaking. He knew that Second Uncle would definitely handle this matter properly, and all he needed to do now was to watch this impostor divine doctor and not let

him take advantage of the opportunity to escape or act inappropriately, and even, prevent him from committing suicide.

Suddenly, Ji Feng's brow furrowed. He noticed that the divine doctor's mouth seemed to have opened slightly.

Whew~~~!

Ji Feng jerked forward two steps, and before Ji Shaodong, Ji Shaolei, and that divine doctor could react, he instantly bullied his way forward, snapped the jaw of that divine doctor Lu, and with a twist of his wrist, that divine doctor's jaw was dislodged.

"Older brother, what are you doing?" Ji Shaolei asked in astonishment.

"I didn't see him well and wanted to beat him up!" Ji Feng said with a smile, he didn't want to tell Ji Shaolei how powerful his body was, moreover, he didn't want to bring up the possibility about Divine Doctor Lu possibly hiding poison in the crevices of his teeth, these were things that people in general wouldn't think of, unless they had gone through special training.

Once Ji Shaolei heard this, but he was instantly interested and laughed out loud, "Older brother, this is more energetic, that's how it is, when you don't like him you have to beat him up."

As soon as the words left his mouth, Ji Shaolei gave a fierce punch.

Bang!

Divine Doctor Lu's face twisted as he bent down, his abdomen was fiercely punched by Ji Shao Lei, causing his body to tremble in pain. However, at this time, Ji Shaolei didn't stop there, but proceeded to kick Divine Doctor Lu on his leg.

"Ah...!"

Divine Doctor Lu rolled on the ground clutching his calf, screaming in agony.

Ji Shaodong frowned slightly and said, "Shao Lei, don't fight, when Little Uncle's people come, just hand the man over directly!"

"It's cheaper for you!" Ji Shaolei said with hatred, and couldn't help but kick Divine Doctor Lu again.

"Ah!" Divine Doctor Lu screamed miserably and rolled on the floor continuously.

Perhaps it was because Ji Zhenguo had already explained downstairs, so although Divine Doctor Lu's miserable screams were extremely loud, no one came up again.

Ji Feng frowned slightly while quickly pulling all the curtains closed. Originally, because Divine Doctor Lu had to treat Ji Zhenguo, most of the curtains around the house were closed, and what Ji Feng could do now was to try to close all the windows.

Although the house was well soundproofed and most of the surrounding tenants were also far away, however, there was still a chance that Divine Doctor Lu's screams could be heard.

Therefore, Ji Feng closed all the windows as quickly as he could, and at the same time swept a glance out through the gap in the curtains, not finding anyone watching this way, before he retreated.

Looking at what Ji Feng had done, a surprised look appeared in Ji Shaodong's eyes at once, then, he seemed to think of something, his eyes immediately widened and he looked at Ji Feng in a daze.

"Big brother, why are you looking at me like that?" Ji Feng asked with a smile.

"Little Feng, did you think of something?" Ji Shaodong asked in a deep voice, "Could it be that someone outside here is spying on our family?"

"Big brother, you're thinking too much!" Ji Feng smiled and shook his head, "Whether or not someone is spying on this place, I don't know, except that letting this guy scream miserably just like that will probably be heard"

Ji Shaodong heard Ji Feng's meaning and nodded and laughed, "Yes, this guy screaming like this will indeed affect other people's rest!"

About half an hour later, Ji Zhenguo came up with two men in black suits, and those two men directly handcuffed Divine Doctor Lu and brought him down.

The room was left with Ji Zhenguo, father and son, as well as a bemused Ji Feng.

"Shao Dong, what do you think about this matter?" Ji Zhenguo still once again resumed his previous calm and steady demeanour, only that there was still some heaviness between his eyebrows.

Ji Shaodong hesitated for a moment before saying, "Dad, I think that this matter might not be simple."

"Tell us what you think!" Ji Zhenguo lit up a cigarette and took a drag before saying indifferently.

Ji Shaodong said, "According to what Xiao Feng said, that divine doctor Lu is not a divine doctor at all, moreover, he may not even know the most basic medical skills. Then, naturally, all those reputations of his are also false. However, what I have heard is all true, and it was all told to me by my secretary, which means that my secretary is lying to me, and of course, it is also possible that someone has lied to my secretary."

After a pause, Ji Shaodong added, "No matter which possibility it is, it means that someone is trying to beat me up and eventually beat up our Ji family or you."

"Then who do you think is actually beating us up?" Ji Zhenguo asked again.

Ji Shaodong shook his head and laughed, "This is really hard to guess, Little Feng, what do you think?"

Ji Feng was stunned, not expecting Ji Shaodong to suddenly come and ask himself.

After deliberating for a moment, Ji Feng said, "I think that the first thing to consider is the divine doctor Lu. Since they were able to get Divine Doctor Lu to approach our Ji family by posing as a doctor, that means that first of all, he knows that Second Uncle you have a bad backbone, and the person who knows this news and has the motive to deal with us, so to put it this way, the scope should be much smaller, right?"

A pleased look appeared on Ji Zhenguo's face as he nodded and said, "Yes, the scope is indeed much smaller, Little Feng, you are very good!"

"Second uncle has over-appreciated me, I'm just guessing wildly." Ji Feng smiled and said, "However, Second Uncle, we can't rule out the possibility that Divine Doctor Lu deliberately pretended to be a figurehead and actually just wanted to make a little money, although the possibility is very small."

Although the words were said like this, in reality Ji Feng knew that the possibility was not only small, but pitifully small.

Chapter 136

"Little Feng, if you hadn't been there today, not only would your second uncle's waist have been messed up by that divine doctor Lu, but also, I'm afraid our family would have been in quite a bit of trouble, you are truly a blessing. Go see the net."

After several people finished discussing the matter, Ji Shao

Then, after he came to the municipal party secretary's house, knowing that he had no solution for Ji Zhenguo's illness, yet he still acted as if he had a clear idea of what to do, what did this mean?

Even if you think with your heels, you can figure out that this so-called miracle doctor is definitely not here to treat Ji Zhenguo's illness. However, he was likewise not here specifically to scam money, and no one would scam a municipal party secretary's home.

So, what had he come for?

During this time, the few people in the living room were silent, as they had all guessed that this matter was very uncomplicated.

Half a long time later, Ji Zhenguo eased his expression and waved his hand, "You young people should go talk together, the first time the brothers met, they should exchange more feelings, you don't have to worry about my affairs, I will handle it myself."

Ji Feng then nodded his head, to be able to sit on the throne of the municipal party secretary, such a small means can not deal with Ji Zhenguo? Today, it was only because of Ji Shaodong's filial piety that he was taken advantage of. After this time, who could deal with Ji Zhenguo?

"Little Feng, let's go over there." Ji Shaodong smiled and patted Ji Feng's shoulder.

Ji Shaolei seemed to laugh heartlessly, "Right, Little Feng, you should be in military training right now, how did you have time to come out?"

"I met an ungrateful regiment leader, so I called my little uncle,," Ji Feng smiled.

"Haha, good job, that's how people from our Ji family should be, whoever dares to find trouble with us, just beat him up!" Ji Shaolei laughed, then remembered something and carefully turned back to find that his father seemed to have connected the phone and returned to the study, he was then relieved.

Seeing this comical look of his, Ji Feng couldn't help but laugh dumbly, dare I say this guy also had someone he was afraid of.

"Little Feng, your second brother is just like this, don't pay any attention to him." Ji Shaodong laughed, "By the way, Shaoyun is still in school right now, since he is living in school, so you might not be able to see him for the time being."

"Never mind, big brother, let's drive straight to Xiao Yun and also let him get to know Xiao Feng, we can't make a joke like I did again." Ji Shaolei suggested.

"What kind of joke are you making?" Ji Shaodong asked with a smile.

"....." Ji Shaolei was instantly choked up, and with a rare blush on his thick skin, he smiled and said, "That what, big brother, let's hurry over, I'll call Xiao Yun now, this kid will definitely be happy to know that Xiao Feng is here Of course."

Ji Feng nodded, in fact, he also wanted to meet this infamous Ji Shaoyun. When Ji Feng first came to Jiangzhou, he had a conflict with Wu Junjie and his cousin Wu Qijian, and at that time, this Wu Qijian claimed to be Ji Shaoyun's iron buddy.

"Let's go, I would love to meet this little cousin, hehe, you guys might not know, I just came to Jiangzhou and met Shaoyun's men, that man claimed to be Shaoyun's buddy" Ji Feng smiled and told them about Wu Qi Jian, so that they would know what kind of notoriety Ji Shaoyun really had out there, and also to remind them that the reputation of the Ji family in Jiangzhou was not very good, or even, one could say, very bad.

After hearing Ji Feng's words, both brothers, Ji Shaodong and Ji Shaolei, couldn't help but feel a little embarrassed and looked at each other with a bitter smile.

"Little Feng, Little Yun is still a child, don't be ordinary with him" Ji Shaolei said with a bitter smile, "In fact, your second uncle also has a headache for this kid, and has exhausted all methods, but as a result, this guy still doesn't show any signs of repentance."

Ji Feng laughed: "Well if you guys hand him over to me, I can make him repent."

Seeing the cold aura dancing in Ji Feng's eyes, Ji Shaolei was instantly startled, "Little Feng, don't do anything reckless."

Ji Feng looked at him with a smirk, "Can you make him repent with such an attitude?"

Ji Shaodong and Ji Shaolei were instantly a little embarrassed, in fact, their father, Ji Zhenguo, was rather strict with all three of them, especially with the younger son, Ji Shaoyun, who was very strict. The two brothers, Ji Shaodong, on the other hand, were more affectionate towards their younger brother, Ji Shaoyun, so they would protect their younger brother once he was chastised on a regular basis. It was also because of this that they had developed Ji Shaoyun's domineering personality.

"Little Feng, what are you going to do?" Ji Shaodong pondered for a moment and could not help but ask out loud. He also knew that if he let Ji Shaoyun continue to be domineering like this, it would definitely not work, and he would definitely become a super dude in the future, which would definitely not work.

Whether it was Ji Zhenguo or Ji Zhenhua, or the Ji family's old man, there was no way they would allow a super dude to appear in the Ji family.

Ji Feng smiled: "Two ways, first, directly send Ji Shaoyun to the army, first wrestle for six months before letting him come back to school, I believe that under the arrangements of little uncle, he will definitely get the 'most special' care in the army, if half a year can't change, then one year, if one year doesn't work, then two years, the army is the best place to train people."

The bitter smile on the faces of Ji Shaodong and Ji Shaolei had not yet fully blossomed when they heard Ji Feng say again, "The second method, it is even simpler, in the future, whenever I see Ji Shaoyun doing bad things, I will beat him once I see him, and none of you should protect him, and then I will finally train him, I believe that in half a year's time at most, I will let this kid turn his fop character around."

The two brothers, Ji Shaodong, looked at each other and laughed bitterly at the same time.

"Little Feng, undeniably, what you said is indeed a very good way, but little Yun is still young after all, only fifteen or sixteen years old, isn't this a bit too much for him," Ji Shaolei said with a bitter smile, Ji Feng's words, they had to pay attention to, they had to know that in the Ji family, Ji Feng's status was the first grandson of the eldest family, if it was in ancient times, he was the future heir to the family head.

Although it was no longer ancient times, many of the traditional rules of China had been kept intact, especially among some large families. This was how the two brothers, Ji Shaolei, had been educated since they were young, and it was impossible for them to ignore Ji Feng's words in this regard.

If Ji Feng told these things to the old man, then not only would Ji Shaoyun be reprimanded, but I was afraid that even their father, Ji Zhenguo, would be reprimanded by the old man. If this caused the old man's thunderous anger, it would be a big trouble.

Therefore, when Ji Shaolei spoke to Ji Feng, he could only try to speak in a consultative tone.

But Ji Feng shook his head: "Isn't it better to be younger and more malleable? Big brother, second brother, we have to do this while Xiao Yun hasn't turned into a real dude yet, unless you guys want him to become a vicious young man that everyone will have a headache in the future."

Both Ji Shaodong and Ji Shaolei fell silent, obviously, Ji Feng's words had touched them very much, they both loved and felt a great headache for Ji Shaoyun, their little brother.

"Forget it, let's not talk about this for now, wait until we meet Shaoyun and ask him about his wishes before we talk!" Ji Feng saw that Ji Shaodong and Ji Shaolei were unable to make a decision, so he said with a smile, "Maybe, this kid himself knows how to get ahead, even if we don't say anything, he still wants to go to the army!"

"Fine, then let's go now!" Ji Shaodong couldn't help but shake his head and smile helplessly, obviously there was nothing he could do about this younger brother either.

The three of them once again arrived at the hutong not far from the family compound, where Ji Shaolei's BMW6 was quietly parked.

Ji Shaolei just wanted to open the car door, but he was suddenly grabbed by Ji Feng's wrist, "Wait a minute first."

"What's wrong?" Ji Shaolei was stunned.

Ji Feng frowned and stared at the car door, then looked near the door handle and said, "If I'm not wrong, this car should have been opened after we left."

"What?!" Ji Shaolei's eyes suddenly widened and his brows furrowed, "Someone got into the car?"

Ji Feng nodded and said, "That's right, do you still remember? When we came, we came straight out of the clubhouse, perhaps you didn't notice when it was your hands that were stained with tea!"

He pointed to the handle on the car door, "Look here, are there some traces of tea stains? Look at the handprint on the closed car door, it's very complete, and then look at the handprint on the handle, it clearly has traces of being wiped!"

Ji Shaolei's face was gloomy, obviously, everything Ji Feng said was reasonable, moreover, when he closed the car door was already to the family courtyard side, the tea stains on his hands were almost dry, still left a complete handprint, and at that time just came out from the clubhouse, the handprint left would obviously be more obvious.

But now, the handprint on the car door handle is obviously much blurred, there are traces of being wiped, which means that someone has really opened the car door, if just a casual touch, the alarm will automatically alarm, thought the alarm and Ji Shaolei's handheld computer connected together, Ji Shaolei will certainly be the first to know.

However, in reality, Ji Shaolei did not hear the alarm, which meant that someone had rendered the alarm inoperative.

"Bang!" Ji Shaolei kicked the tyre fiercely, his face was blue: "Someone has actually moved on my head, damn it!"

Ji Shadong also said with a stony face, "I think this matter should not be a coincidence, I hired a fake divine doctor, and your car was moved, all this, is it really just a coincidence?"

Ji Shaolei's face was iron blue: "Someone wants to deal with our Ji family!"

"To use such underhanded tricks, it's simply lawless!" Ji Shadong's face was gloomy as he said coldly, "If this matter is really done by our family's rival, then it is simply heartless, they will end up miserable if they do this, no matter if they can succeed or not!"

From top to bottom, everyone followed a rule that no matter how they fought, no one would make a direct attack on each other, that would not be allowed by anyone. One must know that everyone was a person of status and position, moreover, Ji Zhenguo was a senior leader, if someone were to attack him, it would simply be going against the whole country, no one would be so stupid.

So, who was actually trying to deal with them?

The three brothers of the Ji family looked at each other, and all saw an extremely puzzled look in each other's eyes, this matter was very abnormal.

“No matter who the other party is, we must find out, otherwise, the entire Ji family will never have peace!” Ji Shaodong said through clenched teeth.

Ji Feng and Ji Shaolei both nodded as well, “That’s right, we must find out.”

“Alright, let’s not talk so much for now, let’s go find Shaoyun first, they will definitely find out the rest.” Ji Shaolei had great trust in his youngest uncle Ji Zhenping, being the captain of the Red Arrow Brigade, doing this kind of thing was simply too big for him.

“Here is no problem, right?” Ji Shaodong pointed to the car and asked.

“We won’t know until we get up there, but after we get up there, none of us should talk.” Ji Feng said, while gesturing for Ji Shaolei to open the car door, then Ji Feng quickly stepped into the car and carefully observed it, while saying with his mouth shape, “Second brother, bring the toolbox!”

At once, Ji Shaolei got out of the car and brought the toolbox from the trunk.

Ji Feng quickly took a screwdriver and opened one of the pieces of the dashboard and fished out a black thing the size of a beetle from inside, and when he looked carefully, the small thing was actually a pocket-sized mobile phone, only that it was really too small.

Ji Shaolei’s face immediately changed, he knew this thing, it was a bug.

Ji Feng searched a few other places until he was sure he hadn’t found anything, then he said softly, “Second brother, you’d better give all these things to little uncle as well!”

Ji Shaolei nodded, such a small wiretap and looking so cash, this should belong to the military. Moreover, to be able to crack off the alarm of the BMW and not alert anyone, this was obviously not something that ordinary people could do.

Ji Shaolei got out of the car and went back to the house. Only Ji Shaodong and Ji Feng were left in the car, both of them were silent, seemingly thinking about something on their minds.

Ten minutes later, Ji Shaolei came back, his face with a touch of odd look: “Big brother, little Feng, just now when I returned home, little uncle has called over. Well who did this matter has been found out clearly.”

Chapter 137

Seeing the odd expression on Ji Shaolei’s face, Ji Shao

But Ji Shaoyun’s performance is not like what Ji Zhenguo had imagined at first, now he is a standard dude. The only thing is that because Ji Shaoyun is still young, he hasn’t done anything out of the ordinary yet. if he is not disciplined, when he is older, I am afraid that the Ji family will really have to produce a super dude.

When Wu Junjie proudly bragged that his cousin and Ji Shaoyun were firm friends, Ji Feng heard that this Ji Shaoyun was most likely a fop.

As it turns out, Ji Feng wasn’t wrong, although he hadn’t even met him yet, Ji Feng already pretty much knew what Ji Shaoyun was like.

“First, give Shaoyun a call and ask him to wait for us at the school gate.” Ji Shaodong said.

Ji Shaolei nodded and dialed Ji Shaoyun’s number, however, after dialing several times in a row, there was no answer.

Ji Shaodong looked at his watch and said, “It should be class time now, perhaps Shaoyun is in class and has put his phone on silent, let’s go straight to the school!”

“Okay!” Ji Shaolei smiled faintly and blew the throttle to the floor with one foot, the BMW6 suddenly shot out like a rocket and disappeared at the end of the road in the blink of an eye.

.....

“Not at school?”

When they arrived at the entrance of the 13th Middle School, the three of them asked the doorman to help them call Ji Shaoyun, only to have the doorman put down the phone a few minutes later and the answer they got was that Ji Shaoyun was not at school and didn’t know where he had gone at this time.

Ji Shaodong’s face immediately sank, he originally thought that his little brother was just greedy for some fun, not really a dude, but now it seems that this kid is not even at school during the school day, it’s simply not like that!

“A few of you, I don’t think you are Ji Shaoyun’s friends, right?” That doorman couldn’t help but ask when he saw the look of the few people.

Ji Feng laughed, “How does this big brother know?”

That doorman said with a smile, “Ji Shaoyun is greatly famous in our school, since he first came to this school, he has hardly come to class, but all the students in the school are afraid of him, but there are also many people who flatter him. Usually at this time of the day, he would be playing in the nearby casino, and if you were his friends, you would definitely know this habit of his.”

With every word the doorman said, Ji Shaodong’s face turned a shade darker, and by the time the doorman finished, Ji Shaodong’s eyes widened and his breathing sharpened, obviously suppressing his anger strongly.

“Where is the casino nearby?” Ji Shaolei also asked with a sullen face.

The doorman also seemed to see some clues and asked cautiously, “That, you guys wouldn’t be Ji Shaoyun’s family, would you? I didn’t say anything, and you guys shouldn’t ask me.”

“That’s not what you said just now, oh!” Ji Feng laughed.

The doorman immediately laughed bitterly, “A few of you, you don’t know how Ji Shaoyun fixes people, some of the punks in this neighborhood all listen to his orders, if he knew I was talking about him behind his back, not only would I lose my job, I’m afraid even my family would be harassed!”

“Lawlessness!”

Ji Shaodong roared in anger and kicked the wheel fiercely, his whole person was like a raging lion that might storm out at any moment.

“This big brother, don’t be afraid, I assure you that Ji Shaoyun will definitely not come to take revenge on you, you just need to tell us where there is a casino around here and where Ji Shaoyun is most likely to be.” Ji Feng said with a smile.

“Really?” The doorman was still a bit skeptical, after all, being a doorman at the school was not only an easy job, but the salary wasn’t low either, the doorman didn’t want to lose this job because he talked too much.

“It’s definitely true.” Ji Feng said, “Anyway, you’ve already said so many bad things about Ji Shaoyun behind his back, if we tell him this, you’ll definitely be out of luck too.”

“This little brother, you’re asking for my life!” The doorman instantly laughed bitterly, hating himself in his heart for being cheap-mouthed, why couldn’t he keep his words, now it was better, maybe this job would really be lost.

“Don’t worry, as long as you tell us honestly where exactly Ji Shaoyun is now, we will definitely not let Ji Shaoyun know that it was you who said that.” Ji Feng laughed.

Coercion and enticement, these were the most basic means of interrogation, and Ji Feng had long been skilled to the point where he could do it with ease.

As expected, the doorman had to choose to believe Ji Feng and said helplessly, “I’m afraid of you, Ji Shaoyun seldom attends classes at school, the vast majority of the time he plays outside, I heard that recently he has been hanging out well with the nearby Brother Long and often plays in the Blue Sky Casino two blocks away, I guess he should be there now too!”

“Blue Sky Casino? Okay, thanks a lot!” Ji Feng laughed, seeing that the doorman still looked sad, he couldn’t help but laugh, “Don’t worry, we won’t tell Ji Shaoyun what you said, because we’re here to get him in trouble!”

The doorman then breathed a sigh of relief: “I told you so, I was in a cold sweat. I told you, that kid doesn’t learn at a young age, he hangs out with those small gangsters and other characters all day long, relying on his family background, no one dares to mess with him, he runs amok all day long, one day he’ll get into big trouble, now it seems that’s exactly what happened!”

Ji Feng looked at the two brothers, Ji Shaodong, whose faces were ironic, and immediately laughed, “That’s fine, thank you very much.”

Afterwards, Ji Feng got into the car and said, “Big brother, second brother, this time, are you still against my proposal?”

“Shao Lei, drive!” Ji Shaodong’s voice turned icy cold, “I want to see just how far this brat can be an asshole.”

The words of that doorman just now, each sentence was like a knife, stabbing fiercely into Ji Shaodong’s heart. Relying on his family background, he was rampaging around and hanging out with small-time gangsters and big gangsters This was really his good brother!

The same is true for Ji Shaolei, who stifled a cry: “Big brother, I think what Xiao Feng said is right, we should send that kid to the army and drill him hard, and if he doesn’t make it, don’t ever let him come back. Our Ji family can’t afford to lose this man!”

As one of the largest families in China, it was no big deal to have one or two dudes.

However, the Ji family was different. The old man had a distinguished war record, ruled the family well, several uncles and young aunts were so stable, although they might not all be talented, but at least they did not do anything wrong.

But this bastard, Ji Shaoyun, has ruined the reputation of the old Ji family to almost nothing. If the old man or his father knew about it, he could simply die of anger!

There is a saying that if one house is not swept, how can one sweep the world?

If you can’t even control your own son, how can you convince the people and convince them?

The first thing you need to do is to have a good idea of what you are doing.

When he was a dude, he was also hanging out with other family members, and he never had such a bad reputation!

The irritated Ji Shaolei slammed down on the accelerator and the BMW6 flew away from the school and headed for the Blue Sky Casino two blocks away.

Chapter 138

It seems that because it was already mid-afternoon, but not at the peak of the closing time, there were not many vehicles on the road. The company’s main business is to provide a wide range of products and services to the public.

The so-called Blue Sky Casino, from the outside of the door, is actually just a relatively large video game city, the hall is all kinds of video game machines, what dance machines, basketball machines and so on, and some girls like to play the game of gopher. Ji Feng parked the car and as soon as they walked into the arcade, the deafening sounds came out from the stereos of the various game machines, crackling and banging to make people’s skulls tingle.

However, the place was so crowded that it could almost be described as overcrowded. In particular, the boys and girls with red and yellow hair and dressed in strange shapes were all frantically playing various game machines. Most of these youngsters were 16’s and 7 years old, and some of them even looked no more than 13’s and 4 years old.

These people, most of the boys have a cigarette in their mouths, while swallowing clouds, but from time to time shouting, playing very crazy.

The girls, on the other hand, were even crazier, hugging the boys next to them every time they passed a level, and some were even more open, kissing them mouth to mouth directly.

What made Ji Feng feel stunned was that he saw one of the girls standing in front of a game machine, and on either side of her stood two boys. This girl, for every success, actually hugged and kissed the boys on each side, and that kind of slutty look, I'm afraid even the street girls on the street could not compare to her.

Ji Feng was really an eye-opener.

However, Ji Shao

Ji Feng concentrated his mind and tried not to look at the things that he couldn't help but frown over, but just paid attention to the teenagers around him. Although he didn't know Ji Shaoyun, he knew that if he looked closely, Ji Shaoyun would definitely have some resemblance to himself, so he would still be able to tell them apart if he looked closely.

Ji Feng's eyesight was undoubtedly much better than Ji Shao Lei's, but he swept through those teenagers in the casino almost one by one, going without finding any of them that looked like himself.

"Not here?" Ji Shaolei frowned slightly.

Ji Feng smiled faintly, "I think we've gone off on a tangent from the start. There's actually a very simple way to find out about this, just go and ask the owner directly."

In fact, even the school's doorman knew of Ji Shaoyun's great reputation, so it was clear how well-known Ji Shaoyun was, then, as long as Ji Shaoyun came here often to play, the owner of this place must be Ji Shaoyun, and would definitely do everything he could to flatter him, otherwise, with the filthy and dirty environment in this casino, it would definitely not be possible to continue to open.

The most direct way is to ask the owner of the casino.

The reason why Ji Feng didn't think of this method at first was actually just that when he first came in, the environment and the behavior of those teenage boys and girls made him disgusted, so he didn't think towards this aspect.

Ji Shaolei instantly lit up and nodded, "That's right, ask the boss!"

The two immediately returned the way they came and found the boss who was playing with his computer in the casino by the door. Ji Shaolei was about to go up to him with a grimace and ask him about it, but Ji Feng opened his mouth first: "Boss, is Ji Shaoyun here? I'm his cousin, something has happened to his family and he needs to be let back in immediately!"

The owner of the casino was a middle-aged man around forty years old, and he was taken aback when he heard Ji Feng's words. He was until Ji Shaoyun's identity, that young man was the youngest son of the Municipal Party Secretary, something had happened to his family, did that mean that something had happened to the Municipal Party Secretary's family?

The owner of the casino had always wanted to befriend Ji Shaoyun, and this was a good opportunity.

However, once he thought of where Ji Shaoyun is now the owner of the casino could not help but hesitate a little, not knowing whether he should take Ji Feng and the two of them to find Ji Shaoyun now.

However, this boss's reaction speed was also fast, perhaps because he usually dealt with this kind of thing a lot and had experience. He said at once: "Two, the Ji Shaoyun you are talking about, I really don't know much about it, because I am not usually in this shop, I am just here to help look after the shop today. You two please wait a moment, I'll go to the back and ask around for you to see if the person you're talking about is here!"

Ji Feng nodded slightly, "Thanks a lot boss."

With a nod, that boss hurriedly squeezed into the crowd, his obese body was incredibly nimble, and he was gone in the blink of an eye.

"Little Feng, it seems that Shao Yun is really here." Ji Shaolei's face was ugly, how could those disguises of the casino boss fool him, knowing that as the boss of Jian'an Group, the people he came into contact with were all those really big businessmen, which one of them was not shrewd?

Ji Feng smiled faintly and said, "We didn't come here to make trouble, let's find Shao Yun first."

Ji Shaolei nodded and took another glance at the messy casino, the crazy young boys and girls made him frown: "It seems that it's time to tidy this place up properly."

At this time, Ji Shaodong also walked over and when he saw Ji Feng and the two of them standing at the door, he couldn't help but say, "What, you haven't found it either?"

"It's inside!" Ji Shaolei pointed to the innermost part of the casino and said, "There must be something else in here, I just don't know what it is."

Ji Shao Dong sighed lightly and did not say anything. How could he not know that such casinos were all other places? It was just that most places like this had a connected background, so he couldn't say much about it. Moreover, he knew in his heart that the entertainment inside was definitely even more unpleasant than the one outside, and he didn't want to go in, for fear of seeing Ji Shaoyun doing something unpleasant and making everyone's face look bad.

However, Ji Shaodong's heart was already furious, and he had already made up his mind that even if his mother could not let him go, this time he would send Ji Shaoyun to the army and train him hard for a year, and if he did not improve his body, he would stay in the army for the rest of his life and never want to come out!

About a moment later, I saw Ji Shaoyun running out in a panic, and when he saw Ji Shaodong and the three of them, his face became even more anxious and he immediately said, "Big brother, second brother, what happened at home?"

Only then did Ji Feng have a chance to take a closer look at this cousin, who had been known for a long time but had never met him, although this boy was only fifteen or sixteen years old, he was not short, he was 5'8", but the boyish look on his face revealed his true age.

Ji Shaodong snorted coldly, "You still know how to care for your family?"

Ji Shaoyun was instantly embarrassed and said noisily, "Big brother"

"What are you doing in there?" Ji Shao Lei asked with a sullen face.

Ji Shaoyun lowered his head, not daring to speak.

“Humph!” Where could Ji Shaodong not understand, he asked in a cold voice, “Is it a casino or something inside?”

“It’s a casino!” Ji Shaoyun replied cautiously.

Ji Feng and Ji Shaolei looked at each other and simultaneously said in a dark voice.

“Follow me back!” Ji Shaodong’s face was iron blue, he didn’t even have the heart to scold Ji Shaoyun, it could be said that he was already too lazy to scold Ji Shaoyun, a serious illness needed a strong medicine, nothing he said now would work, the only way was to send him to the army and drill him ruthlessly, otherwise, he would definitely not know how to repent.

Everyone knows that gambling is just like drug addiction, there is an addiction. At Ji Shaoyun’s age, his self-control is already poor, if he only relies on a few words of education, it would be strange if he could repent.

“Big brother! Can, can we not go back?” Ji Shaoyun said in a panic.

“Fine, as long as you announce that you have disassociated yourself from the Ji family, no one will ever let you go back from now on, by then even if you want to go back, you won’t have this chance!” Ji Shaodong said indifferently.

At once, Ji Shaoyun no longer dared to speak, he knew that his big brother was really angry, and immediately said obediently, “Big brother, I’ll just go back with you.”

The four of them got back into the BMW and Ji Shaodong picked up the phone and dialed Ji Zhenguo’s number, “Dad, it’s me

As soon as he heard that Ji Shaodong was calling his father, Ji Shaoyun suddenly trembled, the one he feared most was his father, Ji Zhenguo, his pleading gaze looked towards Ji Shaolei, only to find that his second brother also had a gloomy face, Ji Shaoyun suddenly became even more helpless.

“Second brother, I, I was wrong.” Ji Shaoyun said in fear.

“Humph!” Ji Shaolei snorted coldly, ignoring Ji Shaoyun’s pleading, and even turned his head directly to look out the window, not even looking at Ji Shaoyun anymore.

“Uncle Du, this is Shaodong, yes, I’m near a Blue Sky Casino near the thirteenth high school, there is gambling going on here, you should send someone over directly, try not to leak,” Ji Shaodong finished and hung up the phone.

Ji Shaoyun is shaking even more, how could he have imagined that big brother would send people to seal the casino, so that, those things they did, I’m afraid that the family will know ah!

Chapter 139

This time, Ji Feng has finally seen the strength of the Ji family in Jiangzhou. Go to see the net .

From the time Ji Shaodong had called, it was only twenty minutes before a dozen police cars came roaring in and stopped at the entrance of the casino. The company's main business is to provide a wide range of products and services to the public.

This was obviously explained by Ji Shaodong beforehand, otherwise, under normal circumstances, the police would never make such a big fuss when clearing entertainment venues, unless they received a report that there was something seriously illegal going on in a certain place.

For example, if Ji Shaodong hadn't called Ji Shaoyun out, and it happened to be someone else who called the police to seal the venue, then, without a doubt, Ji Shaoyun would have been blocked from coming out.

If that had happened, it would have been hilarious.

In fact, if according to the rules of the circle, Ji Shaodong did this today, in fact, has been a bit out of order, we are out to play, anyone may be trapped in it, if not moving to call people to close the venue, that is too playful.

However, Ji Shaodong is to show everyone with this kind of action that it's not that people from the Ji family can't play, they can play anytime if they want to, and that any rules are useless to people from the Ji family. The key issue is not to try to bring the Ji family down.

It was true that Ji Shaoyun should be punished severely for becoming a dude, that was true. However, if it was without someone deliberately trying to pull him down, it would be strange if he could fall so fast!

If Ji Shaoyun was said to be a felon, those other people who pulled him down would have to be at least implicated in order to do so.

What's more, Ji Shaodong has always loved his younger brother more, and seeing him in this state now, it would be strange for Ji Shaodong not to be angry. In Jiangzhou, in the whole of China, I am afraid that anyone would have to weigh in the face of Ji Shaodong's monstrous anger.

"Little Feng, this is how our family acts, and you must also remember that we do not take the initiative to provoke others, as an official, we do our best for the welfare of the people, as a businessman, we make money honestly and do not provoke more right and wrong. However, if it is someone else who takes the initiative to provoke us, fight back without mercy, no one can live freely after offending our Ji family members!"

Ji Shaodong looked at the situation at the entrance of the Blue Sky Casino on the one hand, and urged Ji Feng on the other, "Perhaps you have just come to Jiangzhou and are still a bit uncomfortable, but it doesn't matter, this doesn't prevent you from becoming the crown prince of the Ji family, and also the most important person in the Ji family, on this point, all of us hold the same view. "

Ji Feng was instantly shocked, he had never thought of himself as any kind of prince or not, he laughed bitterly, "In fact, I have never thought of relying on the power of the family to make money, of course, if someone were to deal with me, I think my counterattack would certainly be fresh in his mind!"

Ji Feng's smile had full confidence in it, causing both Ji Shaodong and Ji Shaolei to smile with relief, this crown prince who had grown up since the countryside was not as cowardly as he had originally feared, in fact through this short half day's contact, the two Ji Shaodong brothers had discovered that Ji Feng

was not only calm and steady, but also very wise, and his vision was equally sharp, such a person, once he understood the strength of the Ji family in its entirety, would certainly do remarkable things.

Ji Feng smiled and said, "Big brother, second brother, let's not discuss this issue for now today, shall we? Let's go back, it's almost settled here!"

Ji Shaodong nodded, "Let's go!"

The car had just started when Ji Shao Dong's mobile phone rang, he picked up the phone and said a few words, and then he smiled.

Hanging up the phone, Ji Shaolei asked, "What's going on, are things a bit troublesome?"

Ji Shaodong laughed, "Just a few clowns jumping on the bandwagon, father has already started to ask about this, some people are going to be out of luck."

Ji Shaolei laughed and stepped on the accelerator fiercely, the engine suddenly spun rapidly and the car flew away.

"Big brother, I have something I need your help with." Ji Feng suddenly remembered something and said, "I'm going to buy a car, but I don't have a driver's licence."

Ji Shaodong pointed at Ji Shaolei, who was driving, and laughed, "Don't look for me for this kind of thing, look for him."

Ji Shaolei immediately cried out injustice, "I say, big brother, don't always involve me in such matters, right? You can do it with just one phone call, why do you have to push things onto me?"

"Hmph, I am in the system, there are many things that are still not very convenient, or rather, obviously I can do it, but I can't, I have to control myself." Ji Shaodong said without good humour, "You, however, are different, is, is there anything you can't do? Don't you have your hands full with this kind of thing?"

Ji Shaolei was at a loss for words and could only smile bitterly, "Alright, alright. I'll take care of it then... Little Feng, you just said that you hit on buying a car?"

"Yes, what do you need a driving licence for if not to buy a car?" Ji Feng laughed.

Ji Shaolei nodded, he was curious to know, where did Ji Feng get the money to buy a car?

Seeming to see what was in Ji Shaolei's mind, Ji Feng smiled and said, "Big brother, how about this, you and Shaoyun go home, I'll go with second brother to buy a car now, school starts tomorrow, I don't have a lot of time."

Ji Shaolei shook his head and laughed, "Don't even think about it. If the two of us leave now, maybe big brother might not be able to keep an eye on Shaoyun by himself, the kid might just sneak away."

Ji Feng was stunned and looked at Ji Shaoyun, who had not spoken at all, "You kid still has this? It's really something!"

Ji Shaoyun's face instantly changed and he said proudly, "And who are you?! How dare you talk to me like that."

“Slap!” Ji Feng slapped Ji Shaoyun’s head fiercely, “I’m your brother, who do you think I am?!”

“You!” Ji Shaoyun suddenly stared up, who usually met him wasn’t respectful and deferential, now Ji Feng not only didn’t care about him at all, he even dared to hit him, this was unbelievable.

“Slap!” Another slap, “You what you!”

Ji Shaoyun was instantly furious, “Kid, if you dare to hit me again, I’ll throw you down ah!”

Before he could finish his words, he felt his whole body suddenly leave his seat.

Ji Feng grabbed Ji Shaoyun’s belt with one hand and surprisingly sent him out of the car’s window alive, just hanging in the air.

“Little Feng!” Both of the two brothers, Ji Shaolei, exclaimed in surprise at the same time, however, when they saw that Ji Feng was just grabbing Ji Shaoyun and hanging him in the air, they said nothing more. However, they were all very surprised in their hearts that Ji Feng’s strength was so great, Ji Shaoyun was 1.8 meters tall and his whole body was not a light weight, but Ji Feng just lifted him with one hand, this kind of strength was too terrifying.

“Kid, do you know who I am now?” Ji Feng asked indifferently as he carried Ji Shaoyun.

“Bastard, how dare you do this” Before Ji Shaoyun could finish cursing, Ji Feng suddenly let go of his hand and Ji Shaoyun plummeted downwards, screaming in fright, “Don’t ah-! –!”

With a flick of his wrist, Ji Feng once again grabbed his belt and snorted coldly, “Kid, do you know who I am now?”

“.....” Ji Shaoyun still clenched his teeth and ignored Ji Feng, he just turned his head to Ji Shaodong and shouted, “Big brother, who is this kid, he’s going to kill me.”

“He’s your brother!” Ji Shaodong snorted coldly and stopped talking.

Ji Feng smiled faintly, “Now, do you know who I am? Kid!”

Saying that, Ji Feng lowered Ji Shaoyun down some distance, so that Ji Shaoyun could only hold his head high, and as soon as he lowered his head a little, his face would rub on the ground. This position was extremely uncomfortable. Although Ji Shaoyun was tall, he was actually just a child, so when he was tortured like this, he was trembling all over, wanting to struggle but not daring to move.

“When you know who I am, I’ll pull you back, you’ll see for yourself!” Ji Feng said indifferently.

Ji Shaoyun was still gritting his teeth and didn’t say a word. Ji Feng didn’t care, he just lifted him up and the car roared on.

The passing cars made Ji Shaoyun scared, knowing that the speed of the cars now was extremely fast, even if he was touched a little, he would definitely be pulverized.

Ji Shaoyun was finally scared, and he gritted his teeth and said, “I know who you are now, let me up.”

“Who am I?” Ji Feng asked indifferently.

“You” From the beginning to the end, all Ji Feng and Ji Shaodong said was that Ji Feng was Ji Shaoyun’s brother and didn’t say his name at all, so that if Ji Shaoyun wanted to answer Ji Feng’s question, he could only call him his brother, which was simply more unbearable than killing Ji Shaoyun.

“From here to your house, it’s estimated to be half an hour, if you don’t say anything, stay like this the whole time!” Ji Feng sneered.

Ji Shaoyun gritted his teeth and finally shouted, “Brother!”

With this cry, he shouted with gritted teeth, almost engraved in his heart.

Ji Feng, however, nodded in satisfaction and smiled, “That’s right, remember, my name is Ji Feng, I’m your cousin.”

After saying that, Ji Feng took Ji Shaoyun back and casually put him on the seat as if he was putting a toy or a Muppet.

Ji Shaoyun was so frightened that his face turned white, his chest heaving violently, but his gaze was amazed at Ji Feng, he really didn’t know where he got another cousin from, was it from his younger uncle’s family? Or was it the eldest uncle’s family?

“Kid, remember, if I see you being such an asshole again in the future, it won’t be as simple as throwing you off the car” I’ll just throw you under the car!” Ji Feng said coldly.

Chapter 140

After being taught a lesson by Ji Feng, Ji Shaoyun finally became honest, and although there was still a hint of indignation on his face, he didn’t dare to speak any more nonsense. Go to see the net –.7-K–o-m. When Ji Feng’s gaze swept over, Ji Shaoyun hurriedly averted his gaze, obviously, his heart had developed fear of Ji Feng.

The first thing that happened was that the two of them were sulking, so naturally they would not take the initiative to talk to Ji Shaoyun, and Ji Feng was happy to be free, so he simply closed his eyes and rested his mind.

When he returned to second uncle Ji Zhenguo’s house, Ji Feng did not stay too long, just left Ji Shaoyun at the disposal of Ji Shaodong and Ji Zhenguo, and he and Ji Shaolei left the family compound. Ji Feng believed that with his second uncle’s wisdom, he would definitely handle this matter well, he couldn’t possibly stand by and watch his son turn into a super dude.

“Little Feng, what type of car are you planning to buy? I happen to have a company car here, basically no one drives it, you can just take it, everything can be counted on the company’s account, as for the driving licence, I have already called, I guess someone will send it to you by evening. ”

Ji Feng shook his head and laughed, “Second brother, you’re using your power for personal gain, that’s not good.”

“You guy, I’m kind enough to give you a car and you still say that, well, I knew a good person couldn’t do that, since that’s the case, then you should buy your own car!” Ji Shaolei shook his head and laughed, “What kind of car do you plan to buy?”

Ji Feng thought about it and said, “You can introduce me to one, the performance should be good, the price should be moderate, the key is that the appearance should not look too solid, ordinary, just these requirements, nothing else.”

He bought a car, only for transportation, as long as the performance is moderate, the other does not matter.

He usually buys the most expensive and best cars, so he has never thought about these issues, and he can’t think of any suitable models.

“Forget it, let’s wait until we get somewhere!” Ji Shaolei shook his head, “Right, it’s better to buy Audi, good performance, and not too eye-catching, what do you think?”

Ji Feng nodded indifferently and said, “Whatever you want!”

“Shit!” Ji Shaolei couldn’t help but burst out a foul mouth, thinking, “Who the hell is buying a car here!

Ji Shaolei was extremely familiar with Jiangzhou, and soon, he drove to an Audi 4S shop.

As the two of them walked towards the shop, Ji Shaolei said, “This shop is owned by a friend, so if we come here, the price will definitely be more fair, but the difference with other shops will not be too big, so it is better than nothing. The key issue is that it’s more convenient to entrust the shop here to go through some procedures and number plates.”

Ji Feng instantly understood that, it seemed that the owner of this shop was also a relatively powerful person, otherwise, Ji Shaolei would not have said this.

However, Ji Feng also knew that what Ji Shaolei said about the price aspect not being too different was actually true. The profit in terms of car sales is not too big, and the price difference will not be too big because the price of cars is transparent. What is really profitable is the maintenance and repair of the car after it is sold, which is the real source of profit.

As the saying goes, cars can be bought but not driven, and therein lies the reason for this.

The two had just walked into the sales hall when they saw a group of young and beautiful girls chatting in front of the main desk. When they saw Ji Shaolei and Ji Feng enter, a few girls just glanced at them and continued chatting.

Ji Shaolei’s brow furrowed and wanted to speak, but he saw Ji Feng just shaking his head and smiling, “Forget it, it’s human nature.”

“Humph!” Ji Shaolei’s face was unpleasant and he just coldly snorted, “I say, Little Feng, it’s time for you to change into a nice outfit, save these people from still looking at people with dog eyes in the future.”

It was not the fault of those girls’ snobbery, Ji Feng’s outfit was too ordinary, ordinary casual leather shoes, casual jeans and a simple shirt, no one would give it a second glance if it was placed in the crowd. In the eyes of those sales ladies, how could such a person afford to buy a car?

Ji Feng laughed: "It's no big deal, they also have to earn money, looking at us may not be able to afford a car, then, naturally, they will not waste their time on us, if it were me, maybe I would do the same."

"You're really thinking out of the box!" Ji Shaolei shook his head and laughed, saying, "Let's go, let's go straight there, I want to see just how far these women will be snobbish."

Ji Feng shook his head with a smile and followed.

"Really, two more dirt bags have come." In front of the main desk, a salesman muttered in a low voice. Because Ji Feng was dressed in ordinary clothes, as a result, these salesmen didn't even have the heart to look closely, and they didn't notice that Ji Shaolei, who was with Ji Feng, was wearing a whole lot of famous brands.

Of course, those clothes on Ji Shaolei's body, even if those ladies looked closely, they probably wouldn't be able to recognize them.

"That's right, look at that guy's rustic appearance, and he still wants to come and buy an Audi? What a laugh!" A sales lady snorted.

Among these people, there was just one young girl, about twenty years old, who didn't open her mouth to sarcastically describe Ji Feng and the two of them, but only said, "Maybe they're here to take a look and might buy it later!"

"Che!"

A sales lady next to her said disdainfully, "Xiao Liu, you just came out of school, you don't know how shameless people are in this society, there are a lot of people, ah, who are obviously dirt bags, but still have to want to come and buy a car."

"Yeah, there are too many of these people!" Another sales lady said, "By the way, have you heard the joke about an old man from the countryside who went to the city and found a 4S shop with a sign on the door saying: New Arrival, Santana 2,000. The old man was so happy that he took out two thousand to buy a car, but the salesman was speechless and said, "Old man, you'd better go across the street to buy it, the opposite side sells Mercedes six hundred giggle"

As soon as her words fell, several sales ladies burst out laughing, while glancing at Ji Feng and Ji Shaolei.

These few sales ladies did not deliberately lower their voices at all when they spoke, so Ji Feng and Ji Shaolei heard them all clearly, Ji Shaolei's face was iron blue, his eyes almost spewed fire, this kind of naked contempt, he had really never encountered it before.

"A few shameless women!" Ji Shaolei snorted coldly and was about to go forward, but was pulled back by Ji Feng, "Second brother, pay attention to your status, you are the old boss, be cultured and calm down!"

"Xiao Liu, go and entertain them!" A slightly older sales lady said. These two people were not likely to buy a car at all, so of course the new one should be allowed to entertain such a waste of time.

Each of these sales ladies made sarcastic remarks, and the young one, Xiao Liu, who was looking at them with a heart of gold, had to walk over at this point when he heard the older sales lady's words.

Little Liu's face wore a somewhat shy smile: "Two, what can I do for you?"

Looking at this girl with a slightly shy smile, Ji Shaolei's mood was then better and he couldn't help but smile, "This young lady, you're not bad, much better than those few women who look down on people with dog eyes."

Xiao Liu looked a little embarrassed and forced a smile, "Don't be angry, you two, it's just that the weather is too hot lately and they're not in a good mood."

Ji Feng nodded slightly, this girl was really nice, at least, she had basic manners, which many people didn't have anymore.

"This lady, give my brother an A6! Well, it has to be the most luxurious version." Ji Shaolei smiled and turned his head to Ji Feng again, "The A6's appearance is not eye-catching, and the luxury version has a good configuration, and its performance meets your requirements."

Ji Feng nodded slightly and smiled, "Well, that's it!"

That Xiao Liu couldn't help but open his mouth wide, these two people didn't even look at the car and settled on it straight away, this was just too unexpected.

Several other sales ladies who were waiting to see the joke of those two people were stunned when they heard the conversation between Ji Feng and the three of them, and the words came to all of their minds: How is it possible!

How could two dirt bags, how could they just offer to buy a car?

The next moment, those few sales ladies' brains raced and began to calculate how much commission they would get for selling this luxury version of the Audi A6 car.

Almost all the sales ladies couldn't help but look at Xiao Liu jealously, especially the sales lady who had asked Xiao Liu to entertain the two Ji Feng, and was even more jealous if she had been the one who had just gone

A few moments later, all of them couldn't help but think in secret, these two dirt bags shouldn't be pretending, right? This must be the case, how can a dirtbag afford a luxury version of an Audi, which is several hundred thousand dollars?

Xiao Liu, however, did not think that much, she just smiled and said, "Two, there is exactly one luxury version of A6 in the shop at the moment, do you plan to pick up the car today, or"

Ji Shaolei looked at Ji Feng and said in a low voice: "Little Feng, do you have enough money? But then, this car is for you. I haven't given anything to you when we met as brothers!"

Ji Feng shook his head and laughed, "No, I have enough money!"

Ji Shaolei was a little surprised, it was said that Ji Feng used to live in a small county with his eldest aunt and make a living by selling vegetables, how could he come up with hundreds of thousands of dollars without batting an eye? Could it be from uncle?

Ji Feng laughed: "This morning, gambling on stones, just happened to make a small profit, buy a car is also relatively loose."

Ji Shaolei was suddenly dumbfounded, he had heard of gambling on stones, but had never played. However, since Ji Feng had money to buy a car, he didn't say anything, although the two were close, sometimes a little thing was related to a man's dignity.

"Miss, I'll pick up the car now, direct bank transfer!" Ji Feng said with a smile.

At this moment, everyone was surprised. In fact, if it was a big tycoon who came to buy a car, even if he bought ten cars at once it would definitely not be surprising. But these two people were 'dirt bags' in their eyes, so how could they buy a car without blinking an eye!

It's really too shocking!
