

Campus Master 1311

Chapter 1311

Although he didn't get much important information from Tan Tianfeng's mouth, Ji Feng wasn't disappointed because he had his own judgement.

From Tan Tianfeng's mere words, Ji Feng's understanding of the dynasty deepened considerably, and, based on the fact that he had fought with the young duke, he could tell that the dynasty was catching on to research in the area of force.

Ancient martial arts combined with technology!

This should be the current research direction of the Dynasty, or rather, one of the research directions.

And from the looks of it now, Dynasty has already achieved considerable results, with Tan Tianfeng and Little Duke being the best examples of this!

"Dynasty ....."

Ji Feng pondered for a long time and couldn't help but shake his head, if the dynasty was allowed to continue to develop, it definitely had the potential to become a major problem in the heart, for any country or power!

But unfortunately, the dynasty now seemed to be developing in the boundary tent, and with Ji Feng's current power, it was simply not enough. One could only wait for the dynasty to come and attack, and only then did Ji Feng passively counter-attack and defend.

Although it sounded helpless, it was true.

And in response to this situation, Ji Feng was not willing to sit back and wait for death, having to wait for others to bully him to his doorstep before he started to fight back.

If that was really the case, then it would be really hard to sleep peacefully.

Because the dynasty sends out reformer masters, or armed warriors, they might just touch your doorstep at some point, and by then you might lose your life in your sleep, and even your family wouldn't dare to go out, walking down the street for fear of being attacked out of the blue!

I believe no one would want to live in fear and nightmare all day long.

Ji Feng didn't want to!

In fact, Ji Feng didn't really care too much about living in fear for the time being, because this was China after all, and the dynasty really had to think twice if they wanted to spill their guts here.

What Ji Feng is most worried about is that as the dynasty's infiltration deepens, they may even dare to take away people who are against them in broad daylight, in some official capacity, or take other forms of measures.

Don't look at Ji Feng's constant immobility, but in reality, he knew better than anyone in his heart that the power of the dynasty in China was, in fact, still very strong, and that the dynasty's infiltration of China was also gradually deepening!

For example, how did so many armed men from the dynasty, several dozen of them, come to China?

Where did their sophisticated weaponry come from?

You know, it may not be possible to get just those fine weapons and equipment on the black market, let alone get such a large number of them, but Dynasty's people got them!

Also, why didn't anyone call the police when Zhang Lei fought with those young men in the Shengshi KTV? Did no one really call the police, or did the police get the call but didn't come out?

Also, when Little Duke finally fled, he was originally being chased like a dog in distress, fleeing in fear, but then when he was about to catch up, why did he suddenly block the signal?

If he had been able to block the signal from the very beginning, he would have done so long ago, and would not have been chased until the end, when he suddenly blocked the signal.

So obviously, someone is helping the young duke, who is this person?

Is it one person or is it a force?

.....

There are simply too many questions like this, and the fact that Ji Feng usually doesn't say anything doesn't mean he doesn't know, in fact he just hides these questions in his heart and then slowly goes about solving them and investigating.

If you make a fuss at the very beginning and let the other party know that you are suspecting him, then whatever clues there are would have been swept away long ago, and who would leave you with a handle?

Therefore, Ji Feng in between the motionless, set out to start preparing and setting up .....

.....

Yi Xingchen, Liu Xin, and the other warriors of the battle group, were all present. It is worth mentioning that on the oval conference table, there was also a computer with a video image on it, but it was Wang Xin who was participating in this meeting via video.

Looking at the reactions of the people present, Ji Feng could not help but secretly nod his head.

Yi Xingchen's face was calm and appeared to be very composed, quite a kind of great general's demeanor, which was very rare and valuable.

Liu Xin, on the other hand, had a cold face and looked very serious. At first glance, this is a serious and serious habit that has been developed over a long period of time in the army, which is also very good.

Besides, Yao Zhijian, Guo Tao, Liu Zejun, and Lu Gang were all quite good, then.

At least other than in the military, Ji Feng really hadn't seen anywhere else that there would be such an elite war team in any group company, even if it was some special department above, their people might not be as good as the warriors in this war team, only that there were specialties in the field, what Yi Xingchen and the others were more good at was just special combat missions in a small area... ..

The more Ji Feng looked at them, the more satisfied he felt. Even the most critical person could no longer say anything wrong about such a battle group.

Even if their combat power still needs to be enhanced and there is still room for improvement, this cannot hide their brilliance, these people are really too good, they are the elite of the elite!

However .....

Ji Feng's gaze looked around the week and swept past everyone's faces, taking in everyone's expressions and reactions.

And only after that, he opened his mouth and said aloud, "Everyone, I have called this meeting for you today, not to sing your praises, nor to have a celebration or a recognition meeting, so first of all, I want to throw a pot of cold water on you!"

Many people were slightly stunned, and Ji Feng noticed that it was Yi Xingchen and Liu Xin, on the other hand, who nodded thoughtfully, as they seemed to have thought of something.

"Everyone, the operation last night, all thanks to your full cooperation and hard work, to achieve quite good results, for this, I am grateful to all of you!" Ji Feng stood up and gave a bow to all those present.

The others scrambled to get up, no matter what, Ji Feng was the boss, and this bow was still something they couldn't bear openly.

Ji Feng sat down again, tapping his fingers on the table in a rhythmic manner, and pondered for a moment before he said: "But there is one point to clarify, last night's action was indeed very stern and clean, without the slightest delay, which showed your strong combat power and high combat quality, but the problem is, have you found that you have great problems in cooperating with each other? But the problem is, have you noticed that there is a huge problem in the way you work together?"

The others were stunned.

Yi Xingchen and Liu Xin also glanced at each other and nodded slightly.

"Think about it, if I didn't need to coordinate from me at all yesterday, you guys could have interoperated, well, in simple terms, you could have obtained accurate intelligence, and the information team would have focused on gathering information on a certain aspect according to your needs .....

If you worked together like this, would it be more efficient be a bit higher?" Ji Feng gestured and pointed to the laptop on the table, "This is the head of the information team, you can address him as Wang team leader."

The others greeted Wang Xin one after another, looking very enthusiastic. Because they knew very well that in the future, they would have to rely on this Wang team leader in many aspects of intelligence.

Don't look at what Ji Feng said about the information team, but anyone who understood knew clearly in their hearts that this was just a rhetoric to cover people's ears, but in reality, the so-called information team was the intelligence team under Ji Feng!

"Boss, what you mean is ....." Yi Xingchen seemed to think of something and asked hesitantly, "Let's unite?"

"It's not just a matter of joining forces!" Ji Feng nodded and said, "I am thinking that there should be a minimum set of joint action equipment between us that would allow us to communicate with each other without the need to go through walkie-talkies or mobile phones, while others would not be able to know ....." Simply put, it's like a LAN-style communication network. But this network is only limited to those of us who are confined to each other!"

Through the joint operation last night, Ji Feng discovered this problem, between the battle group and the intelligence team, it was difficult to communicate in a timely manner, and even when they did, it was through mobile phones, while the walkie-talkies simply did not have that long of a transmission distance.

This was also the reason why the battle group was slow to act at some times, because if the intelligence could not be transmitted, they would be without ears and eyes and would not be able to act at all.

Therefore, the first thing that Ji Feng called this meeting to address was about the joint communication aspect!

"Such a device ....." Yi Xingchen and Liu Xin looked at each other and nodded at the same time.

"Boss, the kind of equipment you are talking about does exist, and it is very common!" Yi Xingchen said, "When the mercenary corps is in action, they take a kind of long distance radio and wireless network and other kinds of contact methods, to say the least, it is more convenient than mobile phones, and the caller can be set to more than one ....."

"At the time of action, everyone can be booked in advance, all on the same frequency band, then in this way, there will be no crosstalk, and no one else will be able to know!" Liu Xin also followed, "Of course, this is only the simplest means of communication, including wireless network communication, it is also the same, if there is a person with high technology, it is not too difficult to break into this network, think Wang team leader is definitely an expert in this area!"

"Captain Liu is overly praised, but it is indeed not very difficult to break such a network!" Wang Xin's voice from the computer came through.

"Other than that, it's also the military's encrypted communication device, but that device is banned, it's hard to get it!" Yi Xingchen added, while he glanced at Ji Feng, that thing was not too easy for others to get, but if Ji Feng wanted to get it, it shouldn't be difficult, right?

Chapter 1312

"Military encrypted communication device ....."

After listening to Yi Xingchen and Liu Xin's introduction, Ji Feng pondered for a moment before snapping his head up and saying, "Let's see, you guys use radio and wireless network contact for the time being ..... Radio contact can only support short range, right?"

"That's right! At this stage, if you want to carry around a small and convenient radio device, you can only make short-range contacts!" Yi Xingchen nodded his head.

"Then, together with the wireless network, these two ways work together, at least the communication problem within a short period of time, should be solved!" Ji Feng said in a deep voice.

"These two ways can indeed work with each other, and if they just communicate with each other, that would be perfectly sufficient!" Liu Xin nodded, but then he raised a question, "But the confidentiality of the calls, how is that guaranteed? If someone really wants to eavesdrop, they can easily break through the local network of communication!"

"That is indeed a problem!" Yi Xingchen nodded, and then turned his head to ask, "Team Leader Wang, do you think that if you want to break this kind of local communication network, an average level person can do it?"

"It should be possible!"

Wang Xin nodded and explained, "Actually, it's easy to crack this kind of local network, especially for radio communication. All you need is a special receiver and a software that specialises in frequency band analysis, and it's easy to get the results you want! Of course, wireless network communication may be slightly more difficult, but it's not impossible to do ....."

"I have already taken this problem into consideration, that's why I said earlier, let you use these two ways to communicate for the time being!" Ji Feng naturally understood the reasoning behind this, he said, "At present I have already greeted the company below, they will conduct research on a new type of communication device, of course, this is only research and development on a small scale, after not too long, we will all use this new type of communication device, at that time, no matter who wants to crack it, they will need to think about it properly before they can do so ....."

"That's good!" Yi Xingchen nodded his head.

"That's right, in secrecy work, eighty percent of leaks are caused by negligence in communication and weak technical links." Liu Xin said, "It would be much safer if there was really communication equipment that was extremely secretive!"

"This point you can rest assured, this latest communication equipment, will use the most advanced technology, of course, we do not know exactly what is going on, but in a short time, no one should be able to crack!" Ji Feng smiled and said.

The new type of communication equipment he was talking about was actually the same kind of communication equipment he was developing himself, never forget that Ji Feng had once taken a course in the training space of the intelligent brain.

..... Fundamentals of Communication and Network Technology!

Even just the most basic course has great potential.

After discovering that the battle team was greatly lacking in communication and cooperation, Ji Feng began to think about synchronized communication, and developing an encrypted communication device was not difficult for him.

“Apart from the unsynchronised communication, the biggest problem at the moment is that you are all a bit ineffective in cooperating with each other!” Ji Feng added, “Old Yi, Liu Xin, you two should lead the team to bond as soon as possible, otherwise if any more emergencies occur, you will all still be fighting separately and unable to form a joint force!”

Liu Xin and Yi Xingchen nodded at the same time, this was indeed a big problem, and they had both discovered it during the course of the battle team’s actions.

However, the battle team had only just been formed at the moment, and it would always take a process to gel, it was simply impossible to achieve it overnight, so both Yi Xing Chen and Liu Xin were a little stressed.

“You guys shouldn’t be under much pressure, you are all elites and all have experience, it should be easy to grind it out.” Ji Feng smiled and said, “In a word, form a fighting force as soon as possible, I believe there will be a series of vicious battles later!”

Yi Xingchen and Liu Xin nodded at the same time, although neither of them said any grand words or promised anything, it could be seen from their expressions that they would definitely do their best.

Next, Ji Feng had a chat with Yi Xingchen and Liu Xin about the training of the battle team, asking them if they still needed any equipment or other forms of support .....

This is the first meeting after the formation of the battle group, although it also seems to be a simple meeting, but in fact, this meeting is the beginning of the journey of the battle group formalization, from today onwards, this battle group will speed up the pace, have a more perfect communication system, more powerful combat power .....

Although in the view of Xiang Yongzhan and others, this time in the operation, the battle team showed a strong combat power, but in fact Ji Feng is aware that this time Yi Xingchen and others did not play a strong strength.

However, once the team had finished bonding and formed a unified command and tacit understanding, the combat power would really be impressive!

After leaving the Tengfei Group, Ji Feng began to develop the communication equipment for the battle group.

As for those captured armed men and reformers, they were all left to Xiang Yongzhan, anyway, the military camp was well equipped with interrogation facilities, and they were all proficient in interrogation, more so than Ji Feng himself, then he was naturally happy to be free.

However, Xiang Yongzhan and the others did not get any substantial information either.

Whether it was Tan Tianfeng, or the Transformer who was later captured, even the Transformer who was captured during the final chase of Little Prince, they didn’t have too deep an understanding of Dynasty, not even as much as Xiang Yongzhan knew about Dynasty.

Apparently, Dynasty's secrecy was quite good, and the people sent out each time were almost always peripheral members, the core members of Dynasty were very mysterious, even Xiang Yongzhan had never heard of any core members participating in the operation!

Even, how many core members does the dynasty have, how is their hierarchy divided, how is the structure .....

This series of questions were all still a mystery.

When Ji Feng learned of this information, he only shook his head and smiled, this was what he had expected, if the dynasty was not so mysterious, I am afraid that it would have been destroyed long ago, and would not have survived until now.

Moreover, according to all the signs, the dynasty may now be entangled with quite a few countries, growing in strength and penetrating deeper and deeper in certain countries.

It seems that there is still a lot of work to be done and a long way to go in the battle and contest with the dynasty.

Ji Feng is not in a hurry, now is not the time to fight with the dynasty, to grow their own power first, as long as a fox, the tail will always show.

One day, the dynasty will be completely exposed.

There are no eternal secrets in this world, especially for those who are alive .....

"Communication devices ....."

Ji Feng looked at those small parts on the table in front of him and couldn't help but ponder, "These things, who should I get to make them?"

Developing a communication device, this was not a difficult task for Ji Feng, however, how to explain where these things came from, that was a lot of thinking.

Ji Feng still remembered the reminder that Second Uncle had given to him, that if the communication device was developed, those who had a mind to ask the question, "Where did this thing come from? Who invented it?"

Ji Feng really wouldn't be able to answer.

Therefore, he had to find a reasonable origin for this soon-to-be-developed communication device, as well as a reliable 'inventor'!

.....

In the blink of an eye, two more days had passed.

In these few days, Xiao Yu's mood was much better and she was not so scared, and she was also quite familiar with Tong Lei and Xiao Yuxuan, usually calling them sister-in-law after sister-in-law, and that little mouth was so sweet that it made Tong Lei, who had always had a cool personality, have a smile on her pretty face from time to time.

Seeing this situation, Ji Feng was naturally also full of joy, what he feared most was that Xiao Yu was frightened that time, which would have an impact on her future studies and life.

Now it seems that all these fears are completely gone, so it is naturally worth being happy.

On the third day, September finally passed and the long November holiday, which everyone had been eagerly waiting for, finally arrived.

Freedom!

This was the voice of all the students. Of course, for Ji Feng, it really didn't make much difference whether he had a holiday or not, but seeing that Xiao Yu was all visibly relieved, he couldn't help but shake his head and smile, he really didn't look like a student anymore.

"Xiao Yu, it's eleven, have you seen the TV shoot?" Ji Feng asked with a smile.

"Filming TV?" Xiao Yu was stunned.

"Want to watch it? How about Third Brother taking you to see the stars?" Ji Feng asked. Xiao Yu had been holding it in at home for three or four days, and now that her mood had finally stabilised, Ji Feng decided to take her for a break.

"Sure, I haven't been to the set either, anyway, now that we're on holiday, it just so happens that the spokesperson star invited by Tengfei Electric is shooting a commercial, how about going to see it together?" Xiao Yuxuan suggested from the side.

"Let's go together then!" Tong Lei nodded her head.

"Look, Great Grandma has nodded her head, what else is there to say, go!" Xiao Yuxuan giggled.

Tong Lei just pursed her lips and smiled lightly, and didn't say anything more.

Xiao Yu, however, could tell that sister-in-law Lei Lei didn't usually talk much, but as long as she opened her mouth, no one would definitely sing against her, especially sister-in-law Yu Xuan, who would not deny sister-in-law Lei Lei's opinion.

Obviously, Sister-in-law Yu Xuan is right, Sister-in-law Lei Lei is the great grandmother!

So when she saw that Tong Lei had nodded, Xiao Yu nodded and said, "Good, I haven't been to the TV shooting scene either, I heard it was interesting."

"Good then, pack up, we'll leave now!" Ji Feng laughed, and then asked, "By the way, who is the spokesperson star that Tengfei Electric has hired? Is it Xinxin?"

"Is it Xinxin?" Ji Xiaoyu was delighted, "Then let's go quickly."

Xiao Yuxuan, however, shook her head lightly with a cicada: "Not quite sure, I didn't ask who exactly was invited, it was Li Xin and the people in the office of Tengfei Electric who were working on this ..... No matter who it was, we'll know when we go and see."

Chapter 1313

SQUEAK—!

The sound of tyres scraping against the ground rang out as a BMW X6 and a red Volvo, one after the other, pulled up in the car park.

Not far away was a large area of very grand old buildings – at least from the surface, it looked ancient, all in the ancient Chinese style, with palaces, pavilions, and red bricks and green tiles ..... stretching out over an extremely wide area at a glance!

“This is it!”

After the white spider pulled the handbrake, Ji Feng said with a smile, “You guys get off first, I’ll call Han Zhong and ask him to see where exactly they are!”

Inside the BMW X6 sat Bai Spider, Ji Feng, as well as Xiao Yuxuan and Tong Lei, and Xiao Yu, a total of five people.

In the red Volvo at the back were Xiao Ying and Han Zhen.

Several people got out of the car separately, while Ji Feng dialed Han Zhong’s phone number: “Han Zhong, we’ve arrived outside Jiangzhou Film and Television City, where are you guys?”

“Come inside, we are shooting outside, in the northeast corner of the pavilion ..... ask the staff at the gate, they will tell you the exact location, I won’t tell you more, the big star over here seems to be a bit upset, I have to hurry over to deal with it!” Han Zhong said.

“In a mood? ..... Alright, we’re on our way over there!”

“It’s not much of a problem, it’s just that this weather is too hot .....,” Han Zhong said.

“It’s too hot ..... OK, then, let’s do this, let’s talk about it when we arrive!” Putting away the line, Ji Feng said to a smile, “Let’s go in now, Han Zhong and Li Xin and the others are already waiting inside.”

“Is this the Jiangzhou Film and Television City? It’s really imposing!” Xiao Yu’s beautiful eyes widened as she looked at the rows of ancient buildings in front of her and couldn’t help but be quite amazed, “This is really the first time I’ve seen a film and television city of this scale!”

“The largest film and television base in the country, the scale is certainly not small!” Ji Feng smiled, “Alright, don’t just look outside, go in and talk!”

A group of people leisurely walked inside and arrived at the main entrance.

Jiangzhou Film and Television City, is a large film and television shooting base, and at the same time is also a national 5A level tourist scenic area.

Every year, I don’t know how many TV series or movie production crews come here to shoot their films.

Anyone in Jiangzhou knows that if you want to be a big star, it is indeed very, very difficult, but if you want to see a big star, without a doubt, go to Jiangzhou Film and Television City!

Maybe you’ll take a few steps and find that some big star you’ve admired for a long time is not far away from you.

Of course, if those stars want to make a pro-people gesture, or really don't have any stance, then maybe they can even take a picture with you .....

Now Ji Feng and the others are here because the stars invited by Tengfei Electric will be endorsing Tengfei Group's new 3D TV sets, and they are now shooting a short commercial in this film city.

When they arrived at the gate, Ji Feng and the others showed their work permits for the Tengfei Group, and the gatekeeper opened the door and let them in.

Although this film and television city is also a film and television base, it is also a tourist attraction. If ordinary people wanted to enter, they would need to buy tickets.

However, as the Tengfei Group had a film crew shooting a short commercial here, Ji Feng and the others pretended to be staff members and entered without buying tickets.

Soon, under the guidance of the gatekeeper, Ji Feng and the others arrived near the filming location rented by Tengfei Electric.

They were filming outside, just setting up a studio, and since Ji Feng and the others were now considered unrelated, they could only watch from the outside and could not enter at all.

One by one, Ji Xiaoyu and the others had a sun umbrella and stood outside the studio sticking their heads out to look in, but the scenes they could see were very limited, their vision was blocked, and the sun outside was so toxic that they could barely open their eyes.

"Let's go and wait in the back corridor, we'll go over when they're done!" Ji Feng turned around and looked, and found that a temporary resting place had also been set up in the corridor a hundred metres or so away, and the door behind it said something like changing room, so I guess that should be the resting place.

Ji Xiaoyu nodded repeatedly. Seeing the stars was certainly a novelty, but if she was exposed to the sun as a result, it would be more than worth it.

It wasn't as if she had never seen a star before, and even Warm was a good friend of hers.

What's more, if she really wanted to see stars specifically, there was no telling how many of them would be lining up to meet her .....

"On your marks, all ready, we're about to start shooting the next shot!" The group sat down in the rest area and from a distance, they heard someone shouting out, it was a slightly slim youth who was holding a megaphone and shouting something to a group of people.

And then, the youth was saying something to the person next to him, seemingly directing.

Ji Feng couldn't help but be stunned: "This person couldn't be the director of this commercial, could he? This is a bit too young?"

"Third brother, people are ambitious, look, aren't you only in your twenties, and you've created such a big group of companies!" Xiao Yu said from the side.

"Right!"

Ji Feng smiled, stroked Xiao Yu's head and said, "You're right, ambition is not as high as age, I shouldn't look at people with tinted glasses, maybe this young director is more creative and daring to innovate than those old men with bald heads and full white beards!"

"Nasty, it's messing up my hair!" Xiao Yu was very dissatisfied and pushed Ji Feng's hand away.

Ji Feng then couldn't help but chuckle.

Xiao Yu huffed and puffed and complained towards Tong Lei and Xiao Yuxuan, "Sister-in-law, look at him!"

Ji Feng was immediately amused, this girl!

Xiao Yu knew that this was outside, so when she called her sister-in-law, she didn't specifically call Tong Lei or Xiao Yuxuan, anyway, her eyes just fell on the two of them and directly called her sister-in-law.

They all know that Xiao Yu this sister-in-law call is the two of them, while outsiders but do not know!

"You, how old are you, why are you always bullying little girls!" Xiao Yuxuan then gave him a white look, "Xiao Yu, come sit over here, don't sit next to him."

"Mm!"

Xiao Yu wrinkled her nose at Ji Feng and sat next to Xiao Yuxuan.

Ji Feng couldn't help but laugh, "You girl is really ..... emboldened now that you have someone to back you up, right?"

Xiao Yu then smiled cheekily.

"Dong, chairman?" At this time, there was suddenly a person next to him, hesitantly shouting.

A few people turned around and saw a middle-aged man looking hesitantly at Xiao Yuxuan, seemingly a little unsure, "Are you the chairman?"

"You are from the Tengfei Group?" Xiao Yuxuan asked.

"Chairman, it's really you!" The middle-aged man immediately nodded his head and said, "I'm the office director of Tengfei Electric, Guo Binqiang! I really didn't expect to run into the chairman here, are you here to check the progress of the commercial shoot?"

Xiao Yuxuan shook her head and smiled, "No, it's just that my sister wanted to see the big star, so I brought her here to take a look!"

"Oh, so that's how it is!" Guo Binqiang nodded, "Chairman, it's too hot here, our company has rooms and seats inside, why don't you and your friend go inside and sit?"

Xiao Yuxuan waved her hand, "No need, it's fine here."

Guo Binqiang said nothing more, he didn't know Xiao Yuxuan's temperament and was still a bit restrained in his speech.

Don't look at Xiao Yuxuan is only in her twenties, but to be able to take up the chairmanship of such a large group is not a simple matter, so Guo Binqiang has reached middle age and is still somewhat restrained in front of Xiao Yuxuan.

"By the way, Director Guo, which star are we inviting here?" Xiao Yuxuan suddenly asked.

"Oh, it's the famous movie star Xu Weiwei." Guo Binqiang said.

"Xu Weiwei?"

Ji Feng was slightly stunned and looked at Xiao Yu, he really didn't know anything about stars, and Tong Lei that naturally didn't need to be said, so he could only count on Xiao Yu to give him the answer.

As expected, he heard Xiao Yu say, "This Xu Weiwei is not a famous movie star, right? She is only a second-tier actress in China."

Guo Binqiang was slightly stunned to see Xiao Yu, a very pretty girl, talking, and he didn't know what exactly the relationship with the chairman was, so he didn't dare to say anything nonsensical and could only smile.

"However, this Xu Weiwei has a good reputation, I haven't heard of any negative news like scandals, and the ratings of the few dramas she starred in were good!" Xiao Yu said.

Ji Feng couldn't help but smile: "Xiao Yu, you know quite a lot!"

"That's right, when there's nothing to do in the dormitory, they all like to talk about the stars, so I've heard a lot along with them." Xiao Yu said.

"Then do you like this Xu Weiwei?" Ji Feng asked with a smile, "When she comes out later, why don't you go get a few autographs and take a picture with her, it will be a capital to show off in the dormitory!"

Xiao Yu suddenly nodded: "Well, it is necessary to ask for a few more autographs and group photos, third brother you do not know, the few close friends in our dormitory, the stars can simply worship crazy, if I can get them a few autographs ..... hehehe, they are indebted to me oh!"

The first thing you need to do is to get a few autographs.

And at this time, the next Guo Binqiang heard the conversation between Ji Feng and Xiao Yu, opened his mouth, wanted to say something but wanted to say but stopped.

"What, Director Guo has something to say please speak directly!" Xiao Yuxuan said without moving her voice.

"Nothing really, just ....." Guo Binqiang smiled and said, "Just now I heard this little girl say that she wants Xu Weiwei's autograph, I think how about this, later... ..Well, later on you can say that it's my relative, or the chairman's sister."

"Why?!" Xiao Yu asked.

"This Xu Weiwei is a bit ..... that what, it's just that maybe it's because the weather is too hot, so she's in a bit of a bad mood and her temper is just slightly grumpy!" Guo Binqiang said politely.

“What, Director Guo, you say this Xu Weiwei, she likes to get angry a lot?” Xiao Yuxuan asked, “Or does she like to play a big game?”

Chapter 1314

“What, Director Guo, you say this Xu Weiwei, does she like to get angry a lot?” Xiao Yuxuan asked, “Or does she like to play a big game?”

“This ..... how should I put it, it is indeed a bit!” Once Xiao Yuxuan asked, Guo Binqiang did not dare not to tell the truth and spoke much more sharply.

“What is the reason for her playing a big game?” Xiao Yuxuan’s eyebrows knitted slightly as she asked, “Is it because the endorsement fee given to her by the company is too little, or is it because the treatment is too poor? Or is it something else?!”

“This .....” Guo Binqiang looked at Xiao Yuxuan and was a bit not too good at answering.

He was after all a middle-aged man now, and talking badly about others behind their backs always had a feeling of moving right and wrong.

In fact, if he hadn’t seen that the pretty little girl had come with the chairman, Guo Binqiang certainly wouldn’t have said anything to remind him, a big man, in case he might end up with a reputation for fouling up, it would really be more than worth it.

He still has a face!

“Say, Director Guo, I am just understanding the situation, besides you as the office director, the task is to do a good job of logistics, coordinate the operation and relationship between the various departments of the company, this advertising endorsement is also a very important part of the company’s business activities, if it is messed up, you are also responsible, do you still do not understand this point?” Xiao Yuxuan said.

“Yes, yes, yes!” Guo Binqiang hurriedly nodded his head, Xiao Yuxuan’s words were so reasonable that he was unable to argue even if he wanted to.

“Then tell me, is there something wrong with this advertisement shooting?” Xiao Yuxuan asked.

Ji Feng and the others all looked at him as well, wanting to understand.

“Actually, none of us are too clear about exactly what’s going on, what exactly the matter is that Miss Xu Weiwei is the only one who knows!” Guo Binqiang said, “However, when she was filming these two days, she was always complaining about the weather being too hot, saying that the director was not up to standard and should not have chosen to shoot in the studio, but should have gone out for scenes, probably also because the weather was too hot, so she was somewhat fond of getting angry ..... ”

“Is that all?!” Xiao Yuxuan asked.

“That’s pretty much it, it’s all just some trivial things that weren’t worth talking about originally.” Guo Binqiang said, “But I’m worried that Miss Xu Weiwei is in a bad mood and this little girl is looking for her autograph and a group photo, which might make her lose her temper, so that’s why I’m reminding her!”

Xiao Yuxuan nodded thoughtfully and said, "Very good, Director Guo, you are very attentive in what you do, please continue to keep it up. And, put this attentiveness into your work, I believe you will be able to do better!"

She encouraged Guo Binqiang a few more times, and the latter immediately nodded his head repeatedly.

In front of Xiao Yuxuan, not many people dared to be arrogant, not because Xiao Yuxuan was rich, but because she was capable.

Imagine, a girl in her twenties can support such a large group, but a big man, but also to work for others, this is just the momentum, first short head, not to mention, Xiao Yuxuan itself temperament elegant, calm, obviously is not ordinary people.

So it's understandable that people in general are restrained in front of her.

However, now Ji Feng look but not Guo Binqiang restrained not restrained, he cares is, this never heard of Xu Weiwei ..... of course, is he never heard of, in fact he really heard of the stars, there are only a few ..... so a The female star who is not very good-tempered, let her to be the endorsement of Tengfei electrical appliances, whether this is appropriate or not?

It doesn't matter what a star's image is like, anyway, even if the most private photos or the most unpleasant videos are released, the more attention people will really pay and the more fame they will get.

In any case, as long as you are shameless, you can make money!

Many celebrities have no news at all, and they even deliberately create scandals to gain attention, which is not a bad thing for them, but a great thing.

They are not afraid of bad news, they are not afraid of good news, they are most afraid of no news!

These stars are certainly not afraid of any negative news, but the businessmen are. If the image of these stars in the minds of the audience stinks, what about the products they endorse?

The people don't know the truth, their opinion is very simple, the star who advertises for you is like this, so how good can your product be?

Now how the people think Ji Feng is not quite sure, because he rarely comes into contact with other people anymore. When he was in middle school and high school, he lived in the slums and was surrounded by people who lived at the bottom of the social ladder.

If the star's image goes wrong, then for the products they endorse, it's not so optimistic, a little lighter may be sales affected, and in the eyes, for the businessman may be like a disaster!

Ji Feng consider is, is this problem!

"Xiaoyu, how is this Xu Weiwei's usual reputation?" Ji Feng turned his head and asked.

Xiao Yu was stunned: "It's okay, didn't I say just now, I haven't heard of any scandals about her usually ah, that is, she can't be considered a first-tier popular movie star, but her popularity is still very high!"

Ji Feng couldn't help but nod and laugh: "You, you call this star-chasing?!"

He was able to see that Xiao Yu also had a half-understanding of these stars, what she knew was the surface of people, but she couldn't see what kind of people were behind those stars, and at that time, they were actually the real face!

Like some star-crazy ones, they can even investigate what colour people's stars' underwear are ..... that's the master!

"Bang!"

Just at this moment, a muffled sound suddenly came from the direction of the studio.

Ji Feng immediately turned his head to look and saw that Han Zhong was striding in with an iron face, and at his side, a chair was crooked on the ground.

"Something's wrong?" Ji Feng was stunned.

"He seems to be angry." Xiao Yu whispered in Ji Feng's ear, "I just saw him kick the chair over."

Ji Feng frowned slightly, it really looked like something was wrong, otherwise Han Zhong wouldn't have lost his temper so much.

"Han Zhong, this way!" Ji Feng beckoned.

Han Zhong walked over with big steps, sat down on his butt next to Ji Feng, casually picked up a bottle of mineral water from the table and gulped it down, and then he unbuttoned his shirt collar as well, with a slightly unattractive face.

"What's wrong?" Ji Feng handed over a cigarette and asked with a smile.

"It really fucking pisses me off!" Han Zhong lit his cigarette and took a few strong puffs, "I'm just now realising that hiring such a star to come over as an endorsement, that's a mistake!"

"What, playing a big card?" Ji Feng asked.

"Not really!"

Han Zhong pointed to the studio, "Shouldn't we listen to the director on how to shoot the commercial? I do whatever the director says, I give him whatever he wants, I just want to get the commercial done, but she's good, one minute she thinks the studio is too hot, the next she thinks the smell of dry ice is too bad ..... There are many actors who are more popular than her, which one doesn't shoot like this?"

Ji Feng couldn't help but laugh: "Then it's not worth getting so angry, right?"

"What I'm angry about is not that she played a big card you know, the point is that this person is not moral!" Han Zhong hummed, "Before she signed the contract, she and her agent seemed normal, and they were able to talk and act in a reasonable manner, although they were a little bit big and made a lot of demands, but I think stars are like that. ..."

"And then what?" Ji Feng asked.

“As a result, who knew that when the signing was done, her attitude was getting more and more arrogant!” Han Zhong said, “Before that shooting plan of the director, Xu Weiwei also read it and agreed to it, and now she’s saying something about how it’s better to shoot on location, that it’s too hot in the studio, and all this is fine, but she’s not moving, she’s losing her temper, and she’s not cooperating anymore .....

Ji Feng frowned slightly: “Since she is too hot in the studio, then install an air conditioner over there is not okay?”

“It won’t work!”

Han Zhong shook his head, “There are a lot of people in the studio, and a lot of equipment and props will be used inside, such as dry ice and so on, with the air conditioner blowing, the shooting effect will not be ideal!”

“So that’s how it is!” Ji Feng drifted off, he didn’t know much about filming, so he was pretty sure that Han Zhong was doing everything to listen to the director.

“If she had such an attitude before signing, I wouldn’t have used her for anything, what the hell!”

Han Zhong grunted: “But not now, if she doesn’t cooperate, the commercial can’t go on, now the 3D TV sets are already being shipped at a rapid pace, in a month or two at most, the goods will be laid down, that’s when the commercial should cooperate, if the commercial is not shot well now, what will cooperate then? This is not a delay in business?!”

“Then tell her directly that if she doesn’t cooperate again, she can simply cancel the contract, and we’ll pay for the breach of contract as usual!” Ji Feng was exasperated and sneered.

“The key now is to shoot quite a lot, then want to hire someone to endorse, there are still negotiations, sign, and also to re-shoot, by then I’m afraid that time is too late!” Han Zhong shook his head and suddenly laughed out loud, “It’s also our fault that our 3D TV sets are moving too fast, leaving us too little time to shoot commercials.”

Ji Feng laughed, “You’re not happy that the TV sets are selling fast?”

“It’s all because of that woman!”

Han Zhong shook his head and laughed: “Just now Xu Weiwei’s agent also said something like, if this happens again, they will go on strike, and when the time comes, the big deal will be a lawsuit, or because we didn’t provide the right conditions .....

What’s even more outrageous is that she also said something like, few people in the entertainment industry dare not give Xu Weiwei face, and the company she signed the company’s background is very deep, then we even hire people again are very difficult, I really was almost angry, just simply left Li Xin alone there!”

“So powerful, huh?!” Ji Feng raised his eyebrows, “Then cancel the contract, find a new star to endorse, I’ll take care of it, as for this Xu Weiwei, ignore her, pay as much money as you should, why get angry with her about this!”

“No more filming!”

Ji Feng’s words had just fallen when a shrill voice came from the studio .....

## Chapter 1315

“No more filming!”

Ji Feng’s words had only just fallen when a shrill voice came from the studio.

“.....” Ji Feng was stunned, this voice was coming from ..... Xu Weiwei? That shrill voice, as if there was a hysterical feeling, how to hear how like a scolding shrew ah.

“Hear that? This is that agent of Xu Weiwei’s, called what sister Yan, that look real spirited can!” Han Zhong shook his head and said.

“It’s spirited enough!” Ji Feng also shook his head and smiled.

Only now did he realise what a wise and wise decision he had just made, to have such a star endorsing him would be an insult to Tengfei Electric’s 3D TV set.

In fact, Ji Feng was only thinking from a business point of view that if this Xu Weiwei was really as big and dainty as everyone said she was, and her personal image was not too good, then if anything happened in the future, it would be a huge impact for Tengfei Electric.

Therefore, Ji Feng planned to cancel the contract with Xu Weiwei, even if he had to compensate for a breach of contract, it would be better than remedying the problem later on!

Moreover, once something goes wrong in the future, it might be a big problem, and there might not even be a chance to remedy it by then.

Therefore, Ji Feng made the decision to cancel this advertising endorsement contract with Xu Weiwei, and according to the contract, the compensation should be as much as the compensation.

By the same token, the Tengfei Group would not let its products and the image of the group suffer because of a celebrity!

“See?” Han Zhong pointed in the direction of the studio, “Even I admire myself that I can put up with this for so long. If it was my old temper, I would have slapped it long ago, what the hell! What demands can’t you make before signing the contract, if you can negotiate well, forget it. This is unethical!”

“Just don’t work with her!” Ji Feng smiled.

Han Zhong looked at Xiao Yuxuan again and asked, “Chairman, how do you think this matter should be handled?”

Xiao Yuxuan was also unable to look at it, so she said, “This matter has always been handled by you and Li Xin, it’s better for you guys to discuss it!”

Han Zhong was the general manager of the Tengfei Group, and this face Xiao Yuxuan would naturally give. What’s more, she herself was also very dissatisfied with this Xu Weiwei. It’s fine to play big, and it’s understandable to be petulant, but you can’t put others out of your mind and do everything according to your ideas just because you yourself are bent on losing your temper and playing big!

What's more, if what Han Zhong and Guo Binqiang said is true, then Xu Weiwei is not just being unethical, she might even be taking the opportunity to make more excessive demands, which is to raise the price!

No matter which business owner is in business, as long as they can make their business big, at least on the surface, they are all honest.

People like Xu Weiwei are really displeasing to many people, especially those who are in business, and they can't see such people who don't speak with integrity and take the opportunity to raise prices, no one is willing to deal with such people.

"Director Guo, go and inform them, tell everyone to pull back first!" Han Zhong said.

Guo Binqiang was stunned, "Mr. Han, are you really not going to shoot? Then all those investments we made in the early stages, as well as the human and material resources ..... will all be for nothing!"

"More than those things will be in vain? The breach of contract, the deposit paid to Xu Weiwei, and the rent for the land, all of that would have to go into it!" Han Zhong laughed coldly and waved his hand, "Go ahead, cut it off when you have to, otherwise the damage will be even worse."

"Hey!"

Seeing that Han Zhong had said so, that Guo Binqiang could only nod his head and agree.

Only, thinking about the investment these days, one couldn't help but feel the pain, which of the things here were not bought with money?

"Looks like the plan to see the big star today is kind of a bust!" Ji Feng shook his head and smiled, "Xiao Yu, later on when the day is cooler, let's go around, maybe we can meet big stars shooting movies, then we can also be mass actors and get close to those big stars!"

Today, I brought Xiao Yu out to see the stars, but it turns out that the stars are not that easy to meet!

Xiao Yu raised her head and shook her head, "Third brother, I suddenly don't want to see stars anymore."

"Why?!" Ji Feng asked with a smile, "Is your mood affected by this Xu Weiwei? It's no big deal, don't be normal with her, how can you let outsiders decide your mood, right?"

Xiao Yu, however, shook her head and said, "Third Brother, I'm not being affected by my mood, but I've suddenly realized that stars are actually human beings, and, moreover, may be villains. To think that when I was in Yanjing, those stars would talk to me as much as possible, but when they are outside they have such a face, and I still like them, then I am not liking the villain?!"

"Xiao Yu is right, that's the truth!" Han Zhong laughed, "These people weren't noble in the first place, it's just that a lot of people are blinded by their outward image, they're actually ordinary people, no, maybe they've been spoiled to the point where they're even worse than ordinary people, a lot of stars probably don't know how to behave!"

"That's where you're wrong!" Ji Feng laughed, "It's because they know how to behave that they can both make the audience like them and make a lot of money!"

Han Zhong smiled and nodded, this was indeed true.

Xiao Yu, however, shook his head, his interest was a bit low: "Originally, he still came out to see the stars, who knew that ....."

Ji Feng spread his hands, this but also can not be helped, the so-called stars, originally there are several faces, who does not know which one is the real, but now certainly, because no one does not like money, in the face of their favorite things, will not help but to reveal the real ideas .....

Xu Weiwei did so, obviously wanting to add money, which made Ji Feng not even interested in negotiating with her.

"Really, should have come out long ago to rest, such a hot day, still have to drill into the studio to shoot, outside so many natural scenery do not know to use, really do not know how the director think, brain is broken, right? No wonder he's still a small director with no name and no fame, he can only shoot commercials ....."

Ji Feng and the others immediately turned their heads to look and saw that Li Xin was walking over with a man, hearing that woman's voice, Li Xin couldn't help but shake her head and laugh bitterly.

And not far behind them were two women, who had also come out of the studio and were coming to this side of the resting place.

These two women, although they were a bit far away, could still tell that one of them must be Xu Weiwei, because she was dressed in an ancient costume, as if she was an ancient princess ..... beside her, which should be her manager, Sister Yan!

"The chairman? Young Ji? Both here!?" Li Xin came to the resting place and saw that Ji Feng and Xiao Yuxuan were also there, so she couldn't help but smile bitterly, "You guys came at a bad time, the shooting was very uneventful!"

"I've heard all about it!" Ji Feng nodded with a smile, "It seems that Xu Weiwei said she didn't want to shoot in the studio, it was too hot?"

"Who's not hot? She's the only one who's complaining about the pain?!"

Li Xin said, "She's clearly throwing a tantrum now, playing a big game and looking for a fight!"

"Wasn't there a filming plan designed to take scenes outside before?" Xiao Yuxuan asked from the side, "Don't you have to have a backup plan for filming?"

"Oh, yes, let me introduce to you, this is the director we hired ....." Li Xin pointed to the man next to him, "Director Xue, this lady is our chairman, you introduce the situation to our chairman! !"

"Hey, hey!"

That director Xue hurriedly said, "In fact, we do have a plan for location shooting, but, later on, I have carefully thought about it and found that the shooting can be done in the studio, the location only needs

to send the photographer out to collect some scenes and then process it, this not only saves costs, but also saves time and the effect is also very good .....

“What effect is good, it’s obvious that you are not up to par!” That Yan’s voice came over again, interrupting Xue’s words at once, “Such a hot day, having to shoot in this film city, and having to drill into the studio, any director with a level would not do that!”

Ji Feng immediately frowned slightly and looked at the person who spoke.

Sister Yan, who had been hearing her voice but not seeing her person, finally walked closer to Ji Feng’s line of sight.

This is a woman of about thirty four or fifty years old, slightly fat ..... and not too fat, is the kind of after thirty women have a kind of fattening phenomenon ..... hair curly, wearing a purple T-shirt, high heels, smeared lipstick, makeup is also a little thick.

..... just looks like a spunky woman!

“You, you are talking out of your ass!” As soon as director Xue heard this, his face turned red and he said in an exasperated voice.

“What do you mean by taking it at face value?” Xu Weiwei suddenly spoke up, “Do you know that this is a personal attack? I think you’re the one who’s talking out of your ass!”

“.....” Director Xue opened his mouth, but didn’t say anything.

Ji Feng’s gaze fell on that Xu Weiwei again, and only when he saw her did it dawn on him that this was Xu Weiwei!

Xu Weiwei was wearing an ancient costume, with a head covering and wig on her head, and also wearing heavy make-up ..... but also some classical beauty.

If I remember correctly, Ji Feng should have seen a drama she played, of course, that was idle boredom with Tong Lei and Xiao Yuxuan, sitting on the sofa to watch it, and just watched that episode without head or tail.

However, Ji Feng still remembered very clearly the costume and character of Xu Weiwei in the TV series.

In that TV series, Xu Weiwei seemed to be playing a very progressive Cinderella type of girl, but I never thought that there would be such a big gap between TV and reality.

#### Chapter 1316

“Your chairman is here too isn’t he?” Yan spoke up again, “I think we should revise the shooting schedule! The director you’ve hired is so bad, what kind of shooting schedule is this? Not only is it time-consuming and labor-intensive, but it doesn’t care about the feelings of the crew.”

She pointed at Xu Weiwei’s face and said in a sharp voice, “Look at this, Weiwei’s face is covered with thick paint and she is in a stuffy and unventilated place like a studio, the heat alone is unbearable to the average person. What a lack of consideration for anything, you guys don’t know anything and you’re all being fooled by the director!”

“Even if you’re going to pay for a commercial, you always need someone who knows what they’re doing, right?” Sister Yan gave a hammer blow to the Tengfei Group’s actions, “What’s the use of just burning money like you guys do? Don’t be stupid and let people fool you!”

“Huh ……” Ji Feng couldn’t help but be happy.

“You, you’re talking nonsense!” Director Xue roared low in anger.

But Sister Yan glanced at him and snorted, “I’m talking nonsense? Am I not right?”

“Watch what you say, Director Xue, I don’t know what means you’ve used to make the people of the Tengfei Group think you’re a qualified director, but I have to remind you that a director has to know how to be flexible, wait until you have the right to speak, and then shoot what you want!”

“That’s right, a little billboard director is just that, he doesn’t know anything and he’s still rambling here!” Yan added, “There’s no need to say anything, revise the shooting plan, or we won’t be able to shoot Wei Wei!”

“The shooting plan was set a long time ago and you all agreed to it in the first place, besides if all of us go out on location it will be another big expense and by then the budget won’t be enough!” Director Xue’s face was red with anger, but he didn’t dare to get angry with Xu Weiwei, so he could only say to Sister Yan.

“Cut!”

Sister Yan even snorted, “Not enough budget? You have to know how to adapt to impromptu situations, do you understand? It just so happens that the investor is also here, so let’s modify this shooting plan, lack of budget, this is something you have to discuss with the investor, it has nothing to do with us, understand?”

“You …… you’re being unreasonable!” Director Xue was furious and his face turned red, but he didn’t dare to say anything excessive.

After all, Xu Weiwei still had some status in the entertainment industry, especially compared to a small director like him who had little fame, that was not on the same level, so he did not dare to offend Xu Weiwei excessively, and at most, he could only argue with Sister Yan a few times.

“How dare you!”

Sister Yan’s eyes glared, “You don’t know your own surname just because you’re shooting a small commercial, do you? How many people dare to talk to me like that, not to mention in Jiangzhou, even in the entire entertainment industry? You’re just a small commercial director, and you’re still acting like a cow!”

“Then what, Sister Yan, right?” Ji Feng suddenly spoke up, and he asked with a smirk, “Then if it’s according to you, how do you plan to change it?”

“What? You said to change the shooting schedule?” Sister Yan was slightly stunned.

“Yes!” Ji Feng laughed, “Didn’t you say you were going to change the shooting plan? We all want to hear it, how do you plan to modify it? If your opinion is reasonable, then we might even be able to discuss it .....

“Wouldn’t that be easy?” I have an idea, don’t you want to shoot a TV commercial? Then shoot it like this, the family is watching TV in the villa and then a big beautiful woman walks out on the TV .....

“That idea has been around for years!” Director Xue said sullenly from the side.

“Shut up!” Sister Yan instantly glared, “I’m communicating with the investor, what’s your business?!”

Director Xue gritted his teeth and didn’t say anything.

“Then if we shoot all the exterior scenes according to you, not only will it be time consuming, but it will also cost a lot indeed!” Ji Feng said with a wry smile, “You’re not going to think about it for the group?”

“Hey hey hey ..... our Wei Wei’s schedule is very full, if it wasn’t for the fact that your 3D TV set is a novelty this time, with this amount of money you are offering, do you think we would have agreed to it?” Sister Yan said in a sharp voice, “Forget it, in that case, we can’t work together, and if the shooting doesn’t turn out well, the responsibility won’t be on our side!”

“Alright then!”

Ji Feng nodded and said, “Let’s follow your idea, change all the scenes to exterior scenes and revise the filming plan!”

The eyes of the others suddenly showed a look of surprise, Ji Feng is crazy, right?

Why did he agree to change the shooting schedule to a different location, knowing that it would take time and effort and be a waste of money?

What’s more, who is this kid from .....

The staff in the room did not know Ji Feng, so if he could just agree to it, where would he put the chairman and general manager?

The first thing you need to do is to get a good idea of what you are getting into.

Xiao Yuxuan and Tong Lei’s mouth corners twitched slightly, they and Ji Feng know each other too well, obviously, Ji Feng doesn’t know what kind of ghost idea he’s thinking of again .....

“All changed to location shooting? Then we’ll have to rest for a few days!” Sister Yan was slightly stunned and immediately said, “Our Wei Wei is tired enough these days and has not rested well, also, the conditions you provide here are too poor and the treatment is not good .....”

“How much do you want to add?” Ji Feng asked directly.

“.....” Sister Yan was stunned again, she gave Ji Feng a suspicious look, “What did you say?”

Ji Feng’s promise was really too quick, which made Sister Yan even a little unsure if what her ears heard was true.

Next to her, Xu Weiwei likewise had a flash of surprise in her eyes, the Tengfei Group was very wealthy, they had also heard of it, especially the Kang Yuan slimming powder, Xu Weiwei was still using it, that effect was quite good ..... such a big group, taking out a few hundred thousand more that was obviously not a problem!

“Don’t want to add money ah? Then forget it!” Ji Feng said.

“Of course you have to add money!” Sister Yan immediately said in a sharp voice, “How much hardship did our Wei Wei suffer during this shooting? The conditions you’ve given are so bad, it would be too unreasonable if you don’t raise the money! How about this, I think we’ll base it on the current market price .....

“But it’s useless if I say so!” Ji Feng said.

“..... what?!” Sister Yan was stunned again.

“I said, my words don’t count!” Ji Feng smiled faintly, “I’m just here for pleasure, I’m not from the Tengfei Group, it’s useless to promise to add a million dollars to you!”

Puff~~!

Next to them, Tong Lei and Xiao Yuxuan both couldn’t help but laugh, Xiao Yu even giggled, “Third brother, you’re so bad!”

“What I said is true!” Ji Feng said in a serious manner.

But Sister Yan and Xu Weiwei were furious, their faces were green for a while ..... Fortunately, Xu Weiwei’s face was painted with thick makeup, so the change in her face could not be seen, but the anger in her eyes was clearly conveyed.

“Bastard!” Xu Weiwei snarled.

“Who are you and how did you get mixed in?!” Sister Yan was even more irritated, “Where’s the security, how can you let such a rascal in? Hurry up and have someone throw him out!”

“All right, all right!” Han Zhong held back his laughter, waved his hand and said, “Miss Xu Weiwei, and Sister Yan, right? This is my friend, he was just joking around with you guys, there wasn’t much malice, so please forgive me.”

“Mr. Han, it’s not for me to say that having such a friend is really a disgrace to your status and face!” Xu Weiwei’s voice was filled with thick anger, “I don’t know how many big bosses I’ve met who wouldn’t tolerate having a friend like that, he’s joking about your face!”

Ji Feng laughed and didn’t say anything.

Han Zhong, however, shook his head and laughed, “It’s not up to you to bother with how I make friends.”

“Well then, for the sake of General Manager Han, I’ll pretend I didn’t hear what he said just now, or I’ll let Sister Yan talk to you about the treatment!” Xu Weiwei said.

“There’s no need to talk, we’re terminating the contract!” Han Zhong said.

“.....sh, what?!” Xu Weiwei froze, so did Sister Yan, “Mr. Han, what did you just say?”

“I said, we’re terminating the contract!” Han Zhong said.

“Terminate ..... what gives you the right to terminate the contract? We have signed a contract!” Sister Yan shouted shrilly at once, “Think you can bully people just because you’re a big group? There are many companies in Jiangzhou that are bigger than your group, and they have never bullied people like you do!”

“Bullying people?!”

Han Zhong shook his head and laughed, “It’s not bullying, is it? Rather, it’s you guys, you’re all uncooperative, picking and choosing and playing big names ..... and saying we’re bullies?”

“You nonsense!” Sister Yan immediately jumped in anger, “I tell you, you want to break the contract with us, it’s not that easy!”

“It’s simply a rogue act!” Xu Weiwei also rebuked angrily.

Ji Feng shook his head beside him and exchanged a glance with Tong Lei and Xiao Yuxuan, and couldn’t help but say, “Let’s go, there’s really nothing to see here!”

Look at these two people, Xu Weiwei and Yan, how shallow they are, everything they did before was to increase the money, after that when they heard that the money was going to be increased, they were overjoyed, but when they heard that Ji Feng was teasing them, the kind of huge difference that came with that was anger and hysteria.

People like ..... also just have an empty body and actually have no half substance, making them disgusting to look at.

“Go?! Where are you going!?” Sister Yan, however, shouted shrilly, “Want to leave after teasing us? It’s not that easy! Let me tell you, no one in this entertainment circle has dared to treat us Wei Wei like this, since you are unkind, don’t blame us for being unjust, you can’t make this commercial, and you have to pay for it!”

“It’s money again .....” Ji Feng shook his head and smiled.

## Chapter 1317

From the very beginning, Xu Weiwei and Yan’s aim was to raise money!

It was obvious and there was no need to doubt it at all.

Of course, it is possible to say that the heat in the studio was unbearable and might be bad for the skin, after all, this October weather, in that almost airtight studio, would definitely be very hot.

And sometimes there’s not even a bit of breeze, not even an electric fan to blow, in order to get the desired effect, so it’s strange that it’s not hot.

But that’s what actors do, they have to adapt to all kinds of conditions in order to act realistically. And the most crucial point is that actors have to be dedicated to their work!

Like Master Star used to say over and over again – I am an actor!

But it was obvious that Xu Weiwei did not have this kind of dedication, she picked and chose, just to ask for more money!

By proposing to shoot all the exterior scenes instead, Xu Weiwei doesn't want to suffer in this studio, and by proposing to increase the money, it goes without saying that it is obviously to make more money.

So in short, Xu Weiwei has only one purpose for these actions – to earn money comfortably!

As for what kind of advertisement the Tengfei Group can shoot, whether it has any effect, whether it will produce economic benefits and advertising effects, these are issues Xu Weiwei will not think about!

For such a person, Ji Feng doesn't even know what to say ..... actually can't blame anyone else, who let Han Zhong and Li Xin have to find Xu Weiwei?

"I tell you guys, we signed a contract in black and white before, want to cancel the contract, not that easy!" Yan, however, looked angry and agitated, "Don't think you can bully people just because you have more money and power ....."

"This is simply a rogue act on your part!" Xu Weiwei said with a cold face.

"And what big group of companies, saying that the contract can be terminated? I really don't know how you guys run your company!" Sister Yan mocked, quite a bit unforgiving, "And I'm not afraid to tell you guys, if you still want someone to endorse, you have to learn to behave, not to mention the company that Wei Wei signed with, just our personal influence alone ....."

"We will compensate you for breach of contract as agreed in the contract!" Han Zhong could not listen to some of this anymore, if we let her go on, I'm afraid the whole of Jiangzhou is hers, "Go back and wait for news, when our side is smoothed out, we will send you the breach of contract money!"

Han Zhong waved his hand, a little impatient.

"What do you mean? You guys reason to pay out the breach of contract?" Sister Yan was a little stunned.

"Don't want it? Then we can also not pay out!" Han Zhong said.

"..... who said don't!" Sister Yan's face was ugly, "It should be ours, and you guys broke the contract first, you should pay double the breach of contract!"

"Bullshit!"

Han Zhong was instantly exasperated, "And double ..... I think you guys are crazy for money! Let's do everything according to the contract, no one wants to play rogue, after you two change your costumes, you can leave!"

"You ....."

Sister Yan was furious, "Why should we leave? Does this Film City belong to your family?"

Han Zhong shook his head helplessly and turned his head, "So what, everyone pack up, let's stop here for today for now, we'll start work again when we've contacted a new spokesperson, all of you will be at the company!"

"Yes!"

The staff of the Tengfei Group responded, they all couldn't help but snicker on their faces, anyone could see that Xu Weiwei and Sister Yan were playing a big game and were trying to find ways to ask for money, this kind of big star, they had really seen it all before, so everyone snickered.

Sister Yan's face was ironic, and Xu Weiwei's eyes were almost spitting fire.

"Wait for it, you guys!" Sister Yan was infuriated beyond measure and gritted her teeth.

But no one paid any attention to them. Don't look at how big stars they usually looked, but in the eyes of many people, they were actually nothing. Not everyone would care about their happiness, anger and sadness, and not everyone would be emboldened by their anger and heartbroken by what had happened to them ..... as long as they were slightly more mentally sane.

The people of the Tengfei Group were all packing up their things, while Ji Feng and the others were gossiping while heading out, and no one paid any attention to them at all.

This encounter made Sister Yan and Xu Weiwei even more furious.

"Sister Yan, what about me?" Xu Weiwei turned her head and asked, "Do we really just give up?"

"Give up? How is that possible!" Sister Yan said with an ironic look on her face, "What was originally hundreds of thousands of dollars in endorsement fees is only a breach of contract in the blink of an eye ..... It's not that cheap!"

Sister Yan was very upset, not to mention the encounter and so on, just this monetary loss alone was a considerable amount of money.

The spokesperson for Tengfei Electric's 3D TV set, ah, this endorsement fee alone is a large sum of money, not to mention, in the future, as the cooperation deepens, it may also become the spokesperson for other products of the Tengfei Group, or even the entire Tengfei Group, this is an astronomical amount!

But now, this fortune that should have been in hand, has just flown away .....

"Sister Yan, why don't we discuss it with them again?" Xu Weiwei lowered her voice, "Isn't what we're doing a bit too much?"

"What's too much? It's because they're too draggy!" Sister Yan snorted coldly, but her tone was not so firm anymore.

"I don't think they look like those dirtbag bosses, or else we can think of a way to salvage them again?" Xu Weiwei whispered, "After all, there's still more cooperation down here, and the other party is also generous with their money ....."

Sister Yan was silent, but she was a little shaken.

In fact, there are many celebrities who come out to do endorsements, or attend some event, and take the opportunity to play big and ask for more money, and Sister Yan and Xu Weiwei are obviously very proficient at this trick, and this time is also the same, they know that the Tengfei Group is very rich, so naturally they are moved.

So, what with the air being too stuffy in the studio, bad for the skin and so on, these were all side issues, their real aim was to raise the money.

Of course, it would be great to be able to shoot without being in the studio.

Anyway, in Xu Weiwei and Yan's opinion, as long as the companies looking for celebrity endorsements are not the big old conglomerates, they are all old hats, so they can definitely get it done after a few times of fooling around.

But they didn't expect that the general manager of the Tengfei Group would be so crisp and straightforward as to cancel the contract!

"Sister Yan, it's better to go and talk about it, there weren't many films we took on this year ....." Xu Weiwei whispered, "And there will definitely be follow-ups from the Tengfei Group, we have to seize the opportunity."

"..... Alright then, I'll go talk about it!" Sister Yan hesitated for a moment, but still nodded her head and agreed, "Alas, who made me your agent, it's better for me to do this cheeky thing!"

Xu Weiwei however disagreed with her, "What cheeky thing, I'm giving them an endorsement, it's good for them too! It's not us begging them, it's cooperation!"

"That's right!"

Sister Yan nodded and hesitated for a moment, but still walked quickly in the direction of Han Zhong and the others.

At this moment, Han Zhong had already walked a long way and was chatting with Ji Feng as they walked.

"These stars ah ....." Han Zhong shook his head helplessly, "What kind of people am I looking for here, dragging like two fifty thousand, really think the world can't work without her?"

Ji Feng laughed: "Didn't you guys say you were looking for a warm endorsement before? Why did you find such a star you've never heard of before? What effect can such a person's endorsement have?"

"You're the only one who doesn't know, right?" Han Zhong laughed, "Xu Weiwei is still quite popular, in fact, strictly speaking, it's because the fame of our 3D TV set is so great that with a little bit of advertising, it could completely explode the market."

"Isn't the 3D TV set's fame big enough now? Need advertising to trigger the market?" Ji Feng frowned and asked.

"The situation we are facing now is actually very delicate, even without advertising, the market will still be hot!" Li Xin laughed next to him, "But then, we don't just want to make big-name products, there's also a classy, high-end market to prepare to enter, and now that we're the only one in 3D TV, it's a good time to enter on a large scale ....."

When it comes to marketing strategies, Li Xin that can be described as a handful, and every sentence is to the point, not a word is nonsense!

“So advertising is essential, and is also a powerful tool to impact the high-end market, advertising bombardment!” Li Xin laughed, “combined with the fame of the 3D TV set, as well as the cost and other factors, so in the end chose to be in the second line of Xu Weiwei, but did not expect, in the end is actually such a result .....”

The first thing you need to do is to get the best out of it.

He must be pulled over completely!

“General Manager Han, General Manager Han .....”

Suddenly, a shout came from behind them, and several people turned their heads to look, but it was that Sister Yan, Xu Weiwei’s manager, who was quickly rushing over.

“Mr. Han, just now I discussed with Weiwei, after my persuasion, she agreed to take a step backwards, the contract continues to be in effect, but the issue of the studio has to be discussed again .....”

“You didn’t understand what I said just now?” Mr. Han interrupted her and looked at Yan strangely, “We’re breaking the contract, there’s nothing left to talk about!”

“Mr. Han, I had to persuade for a long time before Wei Wei agreed to give in .....”

“Stop deceiving yourself and others, will you?” Han Zhong shook his head helplessly, “I’ll tell you again, it’s not a matter of whether Xu Weiwei gives in or not, but we want to cancel the contract and pay for the breach of contract as usual, everything is not a problem, I just don’t want to see you guys .....

anymore. Is that clear enough? Why do you have to force me to say it so bluntly?”

Han Zhong is really speechless, and said what Xu Weiwei gave in, and also after her persuasion .....

This is to fool who?

It was a contract dissolution between them, not a breakdown in negotiations!

Up until now, both Xu Weiwei and Yan are still deceiving themselves!

..... really pathetic!

Chapter 1318

“Huffing~~huffing~~”

Sister Yan was furious, she was staring at Han Zhong with a deadly gaze, her eyes almost spitting out fire, she wanted to eat Han Zhong alive right now!

Ever since she had become Xu Weiwei’s agent, no matter what business tycoon or world-famous young man, or what big conglomerate’s boss, no one had ever spoken to her like this before!

Even if some people didn’t take her seriously, they at least had an education!

But this Han Zhong was simply the most shameless rogue who dared to talk to her like that, he was so crazy!

If she could, she would like to slap Han Zhong's mouth so hard that he would never speak to her like that again, not putting anyone in his eyes!

Too arrogant!

"No more questions, right?" Han Zhong but with a bland face, "In that case, go back and wait for our lawyer, that's all ....."

"Stand still!"

Sister Yan screamed, "You just insulted me, apologize to me!"

"Insult you?!"

Han Zhong instantly snorted, "I think you're crazy, aren't you? If we're talking about insulting, then you asked for it! All right, I don't have that much time to talk nonsense with you, as usual, we will definitely pay for what should be paid, as for the rest, let's not talk about it anymore, okay?"

"..... Count on you!" Sister Yan glared at Han Zhong with a deadly glare and said through clenched teeth.

She knew that there was nothing she could do to Han Zhong, at least nothing she could do against him right now, but she was the one who already hated him to her heart!

But she was still a little unwilling, and finally couldn't help but say in a hateful voice, "I hope you won't regret the decision you made today!"

But Han Zhong smiled and waved his hand: "Don't say such harsh words, you can't threaten me, it only makes me feel that you are ridiculous ....." Besides, as a former partner, I will give you a piece of advice, money is indeed very important, it is understandable to want to make money, but, it is better not to treat everyone else as fools, and don't think that you are indispensable, or you will definitely still suffer in the future!"

"Are you saying that I don't count for anything?!" Xu Weiwei huffed and strutted over, glaring at Han Zhong.

"Alright, that's it!" Han Zhong shook his head helplessly, he wasn't really good at arguing with women either, especially when the other party was clearly being unreasonable.

"Shameless rascal!" Seeing that she was being ignored, Han Zhong actually didn't even look at herself, as if she didn't exist, Xu Weiwei was furious, "Don't think that just because you have a few stinking dollars, you're something, I'm telling you, this matter is not over today!"

"I don't know what to do!" Han Zhong glanced at her, turned around and left.

"How dare you!"

Xu Weiwei was furious, and snapped forward, slapping Han Zhong in the face.

"Slap!" Xiao Ying, however, from the side, grabbed Xu Weiwei's arm, "Please behave yourself, don't blame me for being impolite!"

Everyone else was stunned, Han Zhong even turned his head with a face full of shock and suspicion, looked at Xu Weiwei and asked hesitantly, “Just now you were going to ..... hit me?!”

“To teach you a lesson, don’t be so arrogant in the future!”

Xu Weiwei said in a cold voice, “Wait, I will settle accounts with you for this matter today!”

“.....” Han Zhong was completely fucked, he stared at Xu Weiwei for a long time and finally shook his head and laughed: “So this is the big star ..... Alright. Feel free to retaliate however you want, I’ll wait!”

Ji Feng and Li Xin and others looked even more straight shaking their heads, this is the star ah!

Not to mention their behavior and character how, the key problem is, deliberately with the director and the Tengfei Group, dead demand for money failed, instead of shame and anger, a slight altercation will have to slap people ..... a person, actually can be arrogant to such an extent!

The sad thing is that even now Xu Weiwei and Yan still don’t know where they are wrong, or, they don’t even think they are wrong, they just feel that it is the failure to ask for money and instead they are insulted by Han Zhong that makes them unable to bear such an encounter.

She, Xu Weiwei, was a big star, who would dare to treat her like that?

So after encountering such a thing, Xu Weiwei was furious and felt offended ..... with her position and status, it seemed that Han Zhong was offending her by talking to her like that!

She then was about to hit someone straight away and threatened to take revenge!

“What kind of people are these na!” Li Xin shook her head and snorted.

“What kind of people? A big star!” Han Zhong also couldn’t help but shake his head and laugh, “Aiya, today I’ve seen the style of a big star .....”

Xiao Yuxuan and Tong Lei also can’t help but shake their heads, such stars .....

“I really didn’t expect that, so they are all doing this, it’s disgusting!” Xiao Yu even said with a huff.

“Okay, let’s not talk about that, it’s not enough to make people spoil their fun!” Ji Feng shook his head and laughed, turned his head to Han Zhong and said, “How about this, I’ll help you guys find a spokesperson, the ad has to continue filming, you guys wait for the news!”

“Third brother, find warm and fuzzy, as long as she hears that you are looking for her, then she will definitely be willing to come, and her fame is also much bigger than this Xu Weiwei!” Xiao Yu said.

“What, Ji Feng, you and Wen Wen know each other?!” Han Zhong asked at once.

“We’ve dealt with each other before.” Ji Feng nodded his head.

“No wonder you didn’t let us get warm and fuzzy to endorse .....” Han Zhong instantly laughed.

“Third brother, you don’t use cozy?” Xiao Yu grabbed Ji Feng’s arm, “Actually, she’s still very nice, just some habits that aren’t so good, she’s changed a lot .....”

Ji Feng smiled, "But what I see is not what you say, you have seen her bossy before, right? Remember when we first met?"

Xiao Yu's little face suddenly flushed: "She knows all about being wrong ....."

"Alright, alright!" Ji Feng laughed and patted her little head, saying, "Who to find to endorse, this is to be considered through and through, you should not follow the blind involvement!"

Xiao Yu then couldn't help but wrinkle her nose, but also stopped persuading Ji Feng.

If she wanted Ji Feng to treat her as an ordinary friend, I'm afraid it would take a lot of time, and if she kept raving in Ji Feng's ears, I'm afraid his impression of her would be even worse!

Xiao Yu actually hopes that warmth and third brother will be friends, ordinary friends will do .....

"Let's do this, I'll contact you first and let you know when there's news!" Ji Feng said.

"That's the only way to go, but do it as soon as possible!" Han Zhong said, "Now that the 3D TV sets are being rolled out so fast, the advertising must keep up in a timely manner, otherwise it will be difficult to break into the high-end market, and the efforts we made earlier will not have the desired effect!"

"Don't worry, we will definitely find a reliable person to endorse!" Ji Feng laughed.

The incident of the big star playing a big card and even trying to hit someone did not affect them at all, after experiencing so many big storms and even walking on the edge of life and death a few times, Ji Feng had long developed a tough nerve, how could he possibly put such a small matter in his eyes?

Han Zhong and others also did not care, they do not know how many people they have to deal with every day, what kind of people they have not seen?

The reason why they were shocked at Xu Weiwei and Yan's performance just now was because they did not expect that the seemingly kind and personable big star would have such an ugly side.

Once they got used to it, then it was nothing worth making a fuss about!

Ji Feng and the others were walking and laughing, while Xu Weiwei and Sister Yan, who were still standing not far from the studio at this time, had ugly faces, and fire was almost spewing out of their eyes.

"Sister Yan, it seems that this contract is definitely lost." Xu Weiwei said, "Damn the Tengfei Group, they're too tractable!"

"These people are temperamental, they're simply perverts!" Sister Yan cursed angrily.

Naturally, they would not admit that this incident actually started because they were greedy for enjoyment while wanting to make more money, so they played big names to deliberately make things difficult for the director and the Tengfei Group, and as a result, they angered Han Zhong and the others, which led to them being released from their contracts.

Some people, never like to put the fault on others, will not think about what mistakes they have, such people, one called unreasonable, one like to be self-centered .....

Xu Weiwei and Sister Yan are both of them!

“Sister Yan, what should we do next?” Xu Weiwei asked. Just like this, she was released from her contract, and seeing that she could not earn the large endorsement fees below the Tengfei Group, Xu Weiwei’s heart was really unwilling, and even had a strong hatred!

“Humph!”

Sister Yan coldly snorted, “Wei Wei, I see that this Teng Fei Group’s advertisement doesn’t want to be filmed anymore!”

“Sister Yan, do you mean that ..... is using its connections to stop them from continuing filming?” Xu Weiwei was stunned and quickly understood Sister Yan’s meaning.

“That’s right, isn’t this Tengfei Group arrogant? Fine, then let’s make it impossible for them to continue filming their advertisement, I’ll see who will suffer in the end!” Sister Yan laughed coldly, “Since you’ve just put out your harsh words, we have to show them some colours!”

“Hmm! Then we’ll still use the old way!” Xu Weiwei immediately nodded, “You go contact people in the road, I’ll go find people in the official circles, a two-pronged approach, in the end, we have to have the Tengfei Group beg me to go and give them an endorsement!”

“That’s right, this method has not been used once or twice, in Jiangzhou, there is no one who dares to go against Brother Long yet, I’ll go to him!” Yan said, her eyes filled with excitement, not sure if it was as if she saw Han Zhong and the others coming to beg them, or if it was because ..... was going to go to Brother Long!

“We must rectify the Tengfei Group properly, and that Han Zhong, he’s simply reckless!” Xu Weiwei sneered.

.....

Ji Feng and the others all drove back.

The first thing you need to do is to take a picture with the star, but instead you see the ugliest side of the star, which is somewhat of a spoiler, so the next few people were not interested in continuing to shop in the film city, so they all drove back.

On the way back, Ji Feng called his second brother, Ji Shaolei, to ask him to help find a more reliable star for endorsement, and Ji Shaolei readily agreed to do so.

But then Ji Shaolei turned his words around and asked, “Third son, it’s eleven, go to Jinling and see?”

Ji Feng was stunned.

Chapter 1319

“To Jinling?!” Ji Feng couldn’t help but be slightly stunned.

“Yes, it’s the eleventh month long holiday, it’s just time to have some fun, go to Jinling to see the boss, and Aunt Li Yueqin, and Yan Tong .....” Ji Shaolei said, “San’er, it’s not that I’m talking about you, in the

first place, after all the effort The two of them were found, and then they were placed in Jinling, and you didn't care about the rest, right?"

Ji Feng couldn't help but smile bitterly, "Second brother, how do you think I can ask? Sending money, not to mention Aunt Li Yueqin, even my sister will definitely not want it, before when they were in Yunshan, their attitude was already very clear, they were not willing to accept my financial support at all, at first if not for the intervention of big brother, I am afraid they would not even want the house ....."

Ji Feng could remember very clearly that at that time, when he received Aunt Li Yueqin and Li Yantong's mother and daughter duo from Yunshan to Jinling, they were simply strongly opposed to Ji Feng arranging their future lives for them, and they didn't even need any arrangements.

In fact, all they had at that time was a small shop of less than thirty square metres in the tourist area of Yunshan, and the shop had not yet been sold out at that time, so how much money could they have?

But even then, they were still unwilling to accept Ji Feng's help, let alone go to Yanjing or Jiangzhou.

Later on, it was fortunate that their elder brother, Ji Shaodong, did the work and persuaded Auntie Li Yueqin that even if she herself did not want the help of the brothers, she still had to think about Li Yantong.

It was because of this that Li Yueqin reluctantly agreed to live in the house that Ji Shaodong had arranged for her ..... In fact, that house was still paid for by Ji Feng, only up until now, they were afraid that they didn't know about this, they just thought that the house was temporarily for them to live in, it was arranged by Ji Shaodong, so they didn't need to pay rent!

In fact, they did not know that in order to make them accept it without hurting their self-esteem, the three brothers Ji Feng had taken great pains to make such an arrangement, and the name on the property certificate had already been changed to Li Yantong's!

The only thing is that these things do not need to be explained, so that Li Yueqin and Li Yantong mother and daughter can also be at peace with .....

The first thing you need to do is to make sure that you have a good idea of what you are doing.

"How, how to say?" Ji Feng couldn't help but be stunned.

"Aunt Li Yueqin is not willing to accept our help, of course, especially yours ..... but that doesn't stop you from visiting her as a junior, right?"

Ji Shaolei laughed, "What's more, no matter how you say it, you and Yan Tong are also siblings, your own siblings, even if Aunt Li Yueqin is more impersonal, she won't stop you from visiting your own sister, right? What's more, Auntie Li Yueqin is not the kind of person who is unreasonable in the first place!"

"That ..... is true!" Ji Feng understood somewhat.

"I'm telling you, you went, in fact, it's best, like you are now, after arranging people to Jinling and then not asking anything, instead, it will make people think that you are high and mighty, what, thinking that by arranging a house for them, it's equivalent to a kind of gift, right? Maybe Yan Tong won't think so, but will Aunt Li Yueqin?" Ji Shaolei said.

Ji Feng couldn't help but be silent, and only after a moment did he smile bitterly, "Second brother, I've actually thought about these issues before, but after thinking about it, I still think that if I go, it will make Auntie Li Yueqin nervous and uneasy, and it will also disrupt their normal life, so it's better not to go. Anyway, I often hear about their situation from my elder brother, and I feel relieved to know that they are doing okay!"

"You don't know shit!"

Ji Shaolei cursed and said, "I think you don't understand the human condition. What is your relationship with them? Can this be the same?!"

"Then what you mean ....." Ji Feng asked hesitantly.

"My meaning is simple, since it's now the eleventh month long holiday, while we all have time, take those two girlfriends of yours over together and go to Jinling to see them!" Ji Shaolei said, "San'er, don't think that just because big brother is taking good care of them there, that it's all right! It's only right for big brother to take care of them, but when you go to visit, that's easing the relationship, it's expressing your feelings, understand?"

"I seem to have some understanding .....", said Ji Feng.

"That's right? As a younger brother, you should be concerned about Yan Tong's studies and life, but don't go as a young master of the Ji family, you are Yan Tong's younger brother, you have to have the appearance that a younger brother should have!"

Ji Shaolei said, "In fact, do you really think that Aunt Li Yueqin would be willing to see Yan Tong alone and lonely, without even a sibling to talk to? I'm afraid she's the one who would most like to see you get along well with Yan Tong just as a sister and brother, you kid should learn to understand the old man's mind ....."

Ji Feng couldn't help but be silent, what Ji Shaolei said really touched him.

Indeed, now that I think about it carefully, don't look at the fact that Aunt Li Yueqin had always refused to let Ji Feng help them, but in reality, she might have been scared because of her inner fear or because she didn't want to owe Ji Feng any favors, so she would rather accept the help of her elder brother Ji Shaodong than Ji Feng .....

The reason for this is that, from Aunt Li Yueqin's point of view, Ji Shaodong helps them, and that's because Yan Tong is his cousin, and that's something that no one can change!

However, if Ji Feng helped them, it would be different.

Who was Ji Feng?

Xiao Sumei and Ji Zhenhua's son, and furthermore, that was the son of Li Yueqin's love rival. Of course, it might be a bit funny to say that now, but that was the truth.

That's why Li Yueqin was unwilling to accept Ji Feng's help, but that didn't mean that she wasn't willing to see her daughter identify with Ji Feng!

Ji Feng felt that it was now understandable that no matter what kind of relationship was tangled between Aunt Li Yueqin and her mother, Xiao Su Mei, one thing was undeniable, he and Li Yantong were, indeed, blood siblings!

“Second brother, I understand what you mean.” Ji Feng finally nodded his head and said, “Then we’ll hurry up and leave for Jinling tomorrow! If you have time, go along too!”

“Kid, finally think about it? That’s good! Of course I have time, and the car is all ready, it’s still the same Mercedes business car .....” Ji Shaolei laughed.

Ji Feng smiled and suddenly asked, “Second brother, since you understood these truths a long time ago, then why didn’t you tell me earlier? You should know that I am the one in authority and you are the one on the sidelines! So many times I may not be able to think so clearly, why didn’t you remind me?”

“..... That what, isn’t it the same to remind you now?!” Ji Shaolei snorted and laughed.

Ji Feng frowned slightly and suddenly laughed, asking, “Second brother, these truths .....” wouldn’t have been told to you by big brother or second aunt, right?”

According to Ji Feng’s understanding, second brother Ji Shaolei actually knows all about these human courtesy’s though, but for this kind of entangled relationship, he is also a bit confused, not to mention his character itself is big-hearted, not too fond of thinking about these.

But this time he was so sober and sharp-eyed.

Especially for Li Yueqin’s aunt’s mind, that is very accurate, this is not like his style ah!

Ji Feng then guessed that I was afraid that this was also who had told him.

“Brat, brother is much better than you, if you can’t think of it, don’t think others can’t think of it too!” Ji Shaolei cursed with a laugh, “..... Well, it was your second aunt who said that.”

“..... Hahahaha!” Ji Feng was stunned, then burst out laughing, “Second brother, dare to say that you are also learning now, ah, and also in front of me to act like how great .....”

“Brat, tomorrow morning at seven o’clock sharp, don’t be late!” Ji Shaolei’s face was a little embarrassed, “That’s it!”

Pop!

After saying that, the phone was hung up.

Ji Feng laughed loudly and also put away the phone by hand.

“Third brother, what’s so funny? The phone call just now was from Second Brother?” Seeing Ji Feng laughing, Ji Xiaoyu couldn’t help but ask curiously.

“Well, it was Second Brother who called.” Ji Feng held back his laughter and said, “Xiao Yu, do you want to go to Jinling?”

“Go to Jinling? Want to, want to!” Xiao Yu immediately nodded straight, “Third brother, do you want to go to Jinling?”

Xiao Yuxuan and Tong Lei also looked at Ji Feng.

“I’m going to Jinling tomorrow, do you guys want to go together?” Ji Feng asked.

“It’s to see Auntie Li Yueqin and Yan Tong, right?” Xiao Yuxuan immediately understood, she nodded and said, “It just so happens that I have nothing to do on my side, let’s go together.”

“I’ll go too!” Tong Lei nodded her head.

Ji Feng then smiled, in this kind of matter, Tong Lei and Xiao Yuxuan never pull their leg, although because of their age and experience, they are not too practiced in human affairs, but they never do less than what they should do.

“Third brother, I’ll go too I’ll go too!” Ji Xiaoyu said, “Big brother seems to be in Jinling too, I’m going to see my sister-in-law!”

“Sister-in-law?!” Ji Feng was stunned.

“Yes, when I came at the beginning of the school year I heard my dad say that my sister-in-law has also transferred to Jinling, and then they might be getting married at the end of the year!” Xiao Yu said.

Only then did it dawn on Ji Feng, his heart was more or less sweating, because not being in the same city, he really didn’t know much about his big brother, which more or less seemed a bit rusty.

“It seems that it’s time to go around more.” Ji Feng secretly said.

That evening, Ji Feng called his elder brother Ji Shaodong, since he was going to Jinling, he always had to say hello to look polite, even if he was close again, what he should do still had to be done.

“It’s time for you kid to come and visit, otherwise you won’t even know when you have a brother-in-law!” Ji Shaodong laughed over the phone.

“What?” Ji Feng was stunned, “Sister is in love?”

“You still don’t allow it, huh?” Ji Shaodong laughed, “This time you guys came over, it’s just as well to meet together, in fact I only just found out about it, also haven’t even met yet .....”

## Chapter 1320

Early the next morning, Ji Feng and his group drove to the ancient city of Jinling.

Jinling is not far from Jiangzhou, it would only take about two hours by car, if the road was slower, it might take longer, but it would only take three hours.

Despite its proximity, the status of Jinling is not affected by Jiangzhou in any way.

By definition, as the economic centre of China, Jiangzhou can be considered unique, or at least, the surrounding cities, which would all be under the aura of Jiangzhou, would hardly be able to surpass it.

But Jinling is very special. As the most dazzling first-tier city in Eastern China, the ancient capital of Jinling is definitely considered a city of great weight.

Especially in the eyes of some businessmen, Jinling’s status is even more special.

If you want to carry out strategies in East China, Jinling is the first choice.

Ji Feng and the others went to Jinling this time, on the one hand to visit Li Yueqin and Li Yantong's mother and daughter, and on the other hand, they also had the intention of exploring the market.

Xiao Yu seldom travelled far, even when she came from Yanjing to Jiangzhou for school, she came by plane and rarely had the chance to enjoy the scenery along the way. So this time Xiao Yu was the most excited and kept asking Ji Feng along the way what this place was and where that was .....

"Xiao Yu, you like to see the scenery so much?" Tong Lei asked.

"Yes, I like traveling the most, but I don't dare to go anywhere alone, sister-in-law, if you guys want to go somewhere to play in the future, you must remember to take me with you!" Xiao Yu grabbed Tong Lei's hand and said in a curt manner.

Tong Lei then smiled lightly and nodded her head.

"You little girl, why do you want to go out with her? Being a light bulb?" Ji Shaolei laughed.

"You're the one who's the light bulb!" Ji Xiaoyu wrinkled her nose.

Ji Feng and the others then laughed, this girl Xiao Yu was still like a little child, very cute.

Because Ji Feng, Xiao Yuxuan, Tong Lei and Xiao Yu, were all riding in Ji Shaolei's Mercedes Benz business car, so it was very convenient for a few people to talk.

White Spider and Little Shadow and Han Zhen, that naturally drove Ji Feng's BMW X6, driving in front, they would not come to disturb Ji Feng and the others to talk.

"Xiao Yu, since you like travelling so much, then find a boyfriend who treats you well in the future, you can travel by car, and then you can go anywhere you want." Ji Shaolei laughed, "Time flies, in a flash Little Yu, the little snotty girl, has become a big girl!"

"Second brother, you're the worst!"

Ji Xiaoyu was greatly displeased, "You're the little snot!"

"Hahahaha ....." Ji Feng and the others lost their laughter, and Tong Lei was so moved by Xiao Yu's cuteness that she couldn't help patting her head.

Ji Feng suddenly remembered something and asked, "Xiao Yu, did you fall in love at school?"

"No, I didn't!" Xiao Yu said at once, "Those boys are like children, they just think about how to play and spend money all day long, they all look like they are very capable, but in fact they don't know anything. I want to find a boyfriend like Big Brother and Third Brother in the future!"

"Bad!" Ji Shaolei said, "Then your chances of finding one are almost zero."

"Why?!" Ji Xiaoyu was instantly furious.

"You think guys like big brother and San'er are everywhere, I wonder how many years it takes to come across one!" Ji Shaolei laughed, "Xiao Yu, why don't you consider lowering your standards and find someone like second brother who is already pretty good!"

"I don't want one!" Ji Xiaoyu hummed, "Someone like you, if I bring him home, he'll definitely get his legs broken by my dad!"

"You girl, what are you talking about!"

Ji Shaolei was instantly exasperated, "Is second brother that bad in your eyes?"

"Look, still so petty, I can't even say a word ....." Ji Xiaoyu wrinkled her nose at Ji Shaolei, who was so angry that Ji Shaolei almost didn't crash the car into the guardrail on the side of the highway.

Xiao Yuxuan and Tong Lei couldn't help but laugh lightly, only Xiao Yu dared to talk to Ji Shaolei like this, and didn't have to worry about whether he was angry or not.

With Xiao Yu in the car, the atmosphere would not be cold.

"Xiao Yu, are you still in touch with Kuang Wei?" Ji Feng suddenly asked.

"Ah?!"

"Ah what, you guys are still in contact?" Ji Feng asked.

Ji Xiaoyu shook her head in a panic, "No, no, we haven't been in contact since you got mad at his cafe last time!"

Ji Feng laughed and didn't say anything.

In fact, in his impression, that Kuang Wei had originally been alright, apart from having an extremely snobbish mother, that young man was alright. But now it seemed that he didn't even dare to look for Xiao Yu, and in the future, even if they did get together, I'm afraid they wouldn't even dare to enter Xiao Yu's house.

"San'er, who is this Kuang Wei you guys are talking about?" Ji Shaolei asked.

"It's a young guy who used to have a crush on Xiao Yu." Ji Feng laughed, "At that time, Xiao Yu used her vacation to work odd jobs at that lad's family's cafe, and the two got to know each other, how far it developed I don't know, but that guy's mother was too snobbish and was scared ....." by me."

Ji Feng briefly told what happened at that time, and did not say anything specific, just a brief description of the cause and result.

Ji Shaolei then shook his head: "Such a family ....." later even if they really become, it is estimated ....."

He laughed and did not continue.

Xiao Yu, however, said in a panic: "You all misunderstood, Kuang Wei and I are just friends!"

Several people were immediately happy, between children, also do not know what love is yet, maybe they really are just friends with each other.

However, having said that, it was a wake up call for Ji Feng.

Xiao Yu has become a big girl, and there will definitely be boys pursuing her at school in the future, so it seems that she needs to be properly groomed, otherwise it would be impossible to explain to her little uncle.

The first thing you need to do is to make sure that you have a good idea of what you are doing.

.....

Just after ten in the morning, Ji Feng and others entered downtown Jinling, according to the location Ji Shaodong said, several people settled in a place called Jinli Hotel in Jinling, which is only a few stops away from the Jinling Road Jiang District office building where Ji Shaodong is located, which is very convenient.

So very quickly, Ji Shaodong rushed over.

“Big brother!”

Seeing Ji Shaodong, Ji Feng and the others greeted each other, Xiao Yuxuan and Tong Lei also greeted Ji Shaodong politely, but since they were not too familiar with each other, they didn't talk much.

“Good, good!” Ji Shaodong gave Ji Feng's chest a thump, “You've gotten quite fit again, you're taller than me!”

Ji Feng laughed, “I haven't even grown for over a year!”

“You kid .....” Ji Shaodong couldn't help but laugh, “Yu Xuan, Lei Lei, you two sit down, we brothers talk, you don't need to be restrained.”

Tong Lei then nodded slightly and sat on the sofa.

When Xiao Yuxuan saw how natural Tong Lei was, she couldn't help but be slightly startled, and then also followed suit and sat down.

On this occasion, Xiao Yuxuan still watched Tong Lei's movements come.

Their movements naturally fell into the eyes of Ji Shaodong, who gave a thumbs up to Ji Feng without a trace, San'er is really good!

“Big brother, let's sit down and talk too!” Ji Feng saw Ji Shaodong's expression and couldn't help but give a sarcastic laugh.

Several people took their seats, and Bai Spider hurried over to pour water. Ji Shaodong couldn't help but look at him a few more times, seemingly a bit puzzled, but now that there were many people, he didn't say anything.

The first thing I noticed was that Ji Feng had not seen him for a long time, his elder brother had become even more stable and more majestic, sitting there there there was a natural flow of authority that could be said to be unruffled.

This was a kind of aura cultivated from a long period of time on top, so it could be seen that in this Jinling, big brother still had a lot of power of speech!

“Big brother!”

At this time, Xiao Yu had also cleaned up his room and ran over, “Big brother, you’re even more handsome.”

Ji Shaodong smiled widely, “Little girl, when did you learn to have such a sweet mouth?”

Xiao Yu then smiled cheekily and sat down between Tong Lei and Xiao Yuxuan.

“Big brother, things are still going well over here, right?” After exchanging pleasantries, Ji Feng asked about Ji Shaodong’s work again. Some time ago, because of the matter of Chang Chongwei, he asked his big brother to help reveal the news, and wondered if it had affected him.

Ji Shaodong smiled and said, “How can I say this, nothing is smooth sailing, especially when it comes to the career path.”

“This Jiangnan belongs to the more weighty provinces in East China, and Jinling is even the capital of Jiangnan, which has always been a place where soldiers have to fight, and this should be the case in the career path as well.” Ji Feng nodded, “Such an important position, there’s no reason for the major factions not to fight for it, I think it’s also a place where the forces are intertwined!”

There are several places in China that have traditionally been places of contention, both for the military and the major factions.

For example, Jiangzhou, Southern Guangdong, the heavyweight province of Jiangnan in Eastern China, etc. These places are indeed intertwined and entangled with each other, and can be quite tricky, involving one hair but moving the whole body!

Ji Shaodong then nodded approvingly and said, “Yes, it’s hard to get results here, but it’s too easy to make mistakes, there’s no telling how many eyes are watching you around, it’s a place to train people!”

It looked like Big Brother’s side had also encountered a tricky problem, otherwise he certainly wouldn’t have said that. Ji Feng looked at it in his eyes and secretly said.

Ji Feng laughed: “I believe that with big brother’s wisdom, these small winds and waves will definitely not be difficult for you.”

“You brat has also learned to patronise!” Ji Shaodong laughed.

Ji Feng heatedly laughed and asked, “Right, big brother, where is sister-in-law, why didn’t you bring her along?”

“She’s still working, she’ll definitely come over when we have dinner tonight!” Ji Shaodong said, “San’er, are you guys planning to rest first now, or should we go to Auntie Li’s place first?”

“I’m not tired now, let’s go visit Auntie Li first, otherwise it’s a bit rude to wait until this afternoon!” Ji Feng said.

“That’s right, it’s not quite appropriate to go in the afternoon.” Ji Shaolei also nodded his head and said.

“Good then, let’s go there together now, I’ve already prepared the gift, it’s in the car.” Ji Shaodong said.

“It’s still big brother who is considerate!” Ji Feng then smiled, he was still very impressed in his heart, when it came to this aspect of doing things and human courtesy, big brother was really more thoughtful than any of them, they were obviously not on the same level, Ji Feng had learnt a lot.
