Chapter 1321

Although the gift was ready and there was plenty of time, Ji Feng still decided to call Li Yueqin before going to visit her.

This proposal of his was approved by his elder Ji Shaodong: "San'er's idea is correct, to visit Auntie Li, you can't make a surprise attack, it's not a raid"

From Ji Shaodong, he asked for Auntie Li Yueqin's phone number, but when Ji Feng called, it was on hold.

"Then call after a while, always say hello before you go!" Ji Shaodong said.

After a while, Ji Feng called Auntie Li Yueqin again and found that it was still on hold and he couldn't get through.

He frowned and said, "Why does it stay on the line?"

"Let's wait a little longer then." Ji Shaodong sat down and looked at his watch and said, "Maybe Yan Tong and the girls have something else going on right now, let's wait."

A few people sat down again, it wasn't too late anyway, so they could easily make small talk.

"Big brother, when did sister-in-law transfer over?" Ji Feng was still curious about Ji Shaodong's marriage, he had only heard that he had a girlfriend before, but had not asked in detail.

"It was only two months ago that she transferred over." Ji Shaodong said, "Why are you asking about this?"

"Curious!"

Ji Feng said very straightforwardly, "I guess, since I can get together with big brother, either this girl is as wise as a demon, or, a girl who is honest and has no heart at all, which one does my sister-in-law belong to?"

"San'er, why do you say that? Couldn't sister-in-law be the kind of woman who is a little smart, but also has a lot of flaws?" Ji Shaolei asked.

"Yes, why does it have to be these two?" Ji Shaodong also asked curiously.

"It's determined by big brother's character!" Ji Feng said.

"How so?" Ji Shaodong asked with a smile.

"It's actually very simple, just now when big brother mentioned his sister-in-law, although his expression was calm and natural, the kind of affection that came out of his eyes was still very obvious, then it's obvious that big brother must be truly sincere towards his sister-in-law, I'm not wrong about that, right?" Ji Feng asked with a smile.

Ji Shaodong nodded with a smile, "Go on."

“Since big brother treats sister-in-law with sincerity, then sister-in-law can only be those two kinds of women, other than that, there won’t be any other possibility!” Ji Feng said with great certainty.

Ji Shaodong stretched out his hand and made a gesture, that was signaling Ji Feng to continue.

“Second brother, you should know big brother’s character very well, right?” Ji Feng smiled, “The girl who can make big brother look at her is either a person who is extremely intelligent and has wisdom such a girl should have a lot in common with big brother and be able to help big brother in his career, this is the first possibility.”

“The second is the kind of girl who is the most most ordinary and honest, the person does not necessarily have to be beautiful, but must have a very kind heart and not much to say Such a girl can likewise fall into big brother’s eyes.” Ji Feng laughed: “In addition to these two, it is those girls who have both some small intelligence and are not completely authentic, I think, big brother will definitely not look at them!”

“Boss, is what San’er said right?” Ji Shaolei looked at Ji Shaodong and asked curiously.

Ji Feng laughed, “Second brother, you don’t know what kind of personality Big Sister-in-law has either?”

“I haven’t even met her a few times” Ji Shaolei said, “Boss has always refused to bring her home, if it wasn’t for your second aunt urging, I don’t know when we’d have to wait to see her! ”

“Big brother, are you and your sister-in-law the story of Cinderella and Prince Charming?” Xiao Yu asked suddenly from the side.

“Little girl, it’s none of your business when adults talk!” Ji Shaolei said.

Ji Xiaoyu then wrinkled her nose, quite unconvinced.

Ji Shaodong laughed, “Not really, it’s just that your sister-in-law’s personality is like this, and I’m busy with work”

“Hey, big brother, you’re not telling the truth!” Ji Shao Lei instantly laughed heatedly.

“Alright, let’s not talk about that.” Ji Shaodong snorted, digressed and added: “Third child, this time to visit Aunt Li, if after meeting Yan Tong’s boyfriend, even if you feel dissatisfied, do not say it directly, it is best to find an appropriate time to say it, after all, you and they are not too familiar, rashly say, some not too good... ..understand?”

Ji Feng nodded his head and said, “I understand.”

Counting up, he and Li Yantong had only met once, and Li Yueqin was even more wary of him. Under such circumstances, if he rashly interfered with his sister’s feelings, it would undoubtedly give people an overbearing feeling, and, if Aunt Li Yueqin thought more, I was afraid that she would think that Ji Feng was superior, as if she was getting along with them in a commanding manner.

If that was the case, I’m afraid that the gap between him and Auntie Li Yueqin’s mother and daughter would be even greater.

“Boss, from the tone of your voice, you don’t seem to think too highly of Yan Tong’s relationship, do you?” Ji Shaolei suddenly asked, “Do you know something?”

Ji Shaodong shook his head and said, “I really don’t know much about this, it’s just that last time I went to visit Aunt Li Yueqin and walked downstairs to them, the whole time I saw Yan Tong walking with a boy talking and laughing, that boy left after dropping Yan Tong off downstairs, looking at their demeanor, they should be boyfriend and girlfriend.”

“You guessed that?!” Ji Shaolei asked in surprise.

“Of course not!” Ji Shaodong said, “Later I found another opportunity to ask Yan Tong, look at her demeanor, and the tone of her voice, should really be in love, but unfortunately, at that time, the distance was a bit far from when I saw them, did not see clearly what the man looked like!”

“Boss, not I say, or you are too subtle!”

Ji Shaolei said, “If it was me who saw it, I would have definitely gone over to say hello to them all first, and then have a good chat with that man. If they are just starting out, we should keep an eye on Yan Tong and see how the man is doing, we can’t let Yan Tong be cheated either!”

“How do you know that the man must be a liar?” The first thing you should do is to go over there and say that it’s a bit inappropriate, right?”

“If you want me to say boss you are just too stable, sometimes you still need my kind of character to not lose out!” Ji Shaolei said, “..... right, from the appearance, how about that man, is he worthy of Yan Tong?”

“What words!”

Ji Shaodong glared at him, “How can you tell from appearances! Don’t judge people by their looks!”

“Eh!”

Ji Shaolei laughed, “Boss, in this kind of thing, we really have to judge people by their looks. The one who looks like a crook can’t be wanted, right? This is not the same as making friends. San’er and I have more experience than you, so we have more say, right San’er?”

Sweat!

Ji Feng glanced at him, “You’re talking about my sister’s boyfriend, why are you bringing it up on me again!”

His gaze involuntarily glanced at the two girls on the sofa next to Tong Lei, and he couldn’t help but cough lightly.

Ji Shaodong was also amused, he shook his head and said, “San’er, call Auntie Li again, it’s been so long, I don’t think she’s still on the line!”

“I’m calling now!”

Ji Feng picked up his phone again and dialed the number Ji Shaodong had given him.

“Hello, the number you have dialed is switched off

“Great, just now it was on a call, now it’s straight off!” Ji Feng spread his hands and stood up, “No more calls, let’s go straight to their house!”

“Why is the phone turned off?” Ji Shaodong also frowned slightly, somewhat puzzled.

“Just go and see, don’t be” Ji Shaolei opened his mouth, but finally swallowed the words back, but everyone knew what he meant by that, don’t let anything happen

“I’ll lead the way in front, you guys just follow behind!” Out of the hotel, Ji Shaodong got into his District Committee No. 1 car, and Ji Feng and others drove behind.

.....

“Little Fang, come and eat fruit!” Inside a suite in a district in Jinling, Li Yueqin carried a plate of fruit and placed it on the coffee table, greeting enthusiastically.

“Hey, aunty you don’t have to be busy, hurry up and sit down and rest

In the living room, a slender and very civilized young man was helping Li Yueqin to sit down.

This young man was about 25 or 26 years old, wearing a pair of black-framed glasses and a simple blue T-shirt, looking civilized yet sunny and handsome, definitely a full sunny big boy, but not lacking in stability

All these advantages, all look Li Yueqin very happy, really the more you look at the more pleasant.

“Little Fang, if you don’t like fruit, have some tea!” Li Yueqin looked at the young man with a smile on her face and said enthusiastically.

“Auntie, you’re really treating me like an outsider like this.”

The young man said sincerely and helplessly, “In fact, my mother is about the same age as you, and when I see you, it’s like seeing my mother. Besides, Yan Tong has told me that you usually work really hard selling some fruits outside, so when I come to the house, I should be the one serving you, how can I still keep you busy, if my mother knew about it, she would definitely break my legs!”

“You really know how to be polite. You’ve been raised so well, and your mother seems to be an honest person.” Li Yueqin could really be more and more happy the more she heard, and couldn’t help but nod her head repeatedly.

“Well, my mother is also very honest and honest, hi! In fact, I’m not afraid of your joke, don’t worry, our mother is honest, but she is really strict with me, whenever I make a mistake, I have to be beaten up, I usually complain to her, as if I am not her own son, and then I get beaten up again”

“Giggle”

Li Yueqin was amused and laughed out loud, “You child, your mother is strict with you, that is for your own good, you talk to her like that, you are definitely going to get beaten up!”

“So ah, I still think you are better auntie, you are as kind as my mother, and you don’t beat me up, hehehe

Chapter 1322

“This is it.”

Under the leadership of Ji Shaodong, Ji Feng and the others drove to the neighborhood where Li Yueqin and Li Yantong’s mother and daughter were.

Since there was no parking space in this community, several people parked their cars on the curb downstairs.

Ji Feng looked at the surroundings, nodded his head in satisfaction and said, “The environment here is very nice, big brother, the property you picked in the first place is still quite good.”

This neighbourhood was not considered a high-class neighbourhood, but because it was close to Jinling University, it should be very convenient for Li Yantong to go to school, and the environment here was very quiet, and the greening of the neighbourhood was well done, so one would feel very clear and clean living here, without too much noise.

It can be seen that Ji Shaodong has taken great care in selecting the property.

Ji Shaodong smiled, “The environment in Jinling is quite good and the air is also very good. If there is any drawback, it is that the planes of the Jinling Military Region often conduct various training sessions, so sometimes the roar of planes can be heard at night, other than that, everything is fine.”

“It can’t be helped, there’s a military zone here, conducting regular military training is a must, and the same goes for Jiangzhou, especially in places close to the military zone, you can often hear the roar even in the middle of the night.” Ji Shaolei said.

Ji Feng nodded: “Don’t stand around downstairs, go up.”

For him, there was really nothing that would make him hesitate, but visiting Aunt Li Yueqin was an exception.

In fact, in Ji Feng’s heart, there is still some apprehension, to visit Li Yueqin aunt, he always feels as if he is here to demonstrate although he never had such a purpose, but he is afraid that Li Yueqin has this kind of idea.

Moreover, Li Yueqin is very wary of him.

Imagine, with a person who has a deep mind about you to take the initiative to communicate, and both sides are still more or less awkward identity, this is indeed a bit difficult.

But Ji Feng couldn’t help but do it, after all, he and Li Yantong were siblings, and thinking about the life Li Yueqin’s mother and daughter used to lead, Ji Feng felt even more the need to do so.

“Let’s go!”

Ji Shaodong seemed to see the hesitation and apprehension in Ji Feng’s heart, patted him on the shoulder and said, “We’ve all arrived here, we can’t go back again, can we?”

Ji Feng smiled and nodded, "Let's go!"

In fact, when he decided to leave for Jinling, he had already thought about it, even if Aunt Li Yueqin was wary of him, but he and Li Yantong were still blood brothers and sisters, after all, blood was thicker than water.

The first thing you need to do is to get a good understanding of the situation, but at least there should be no more barriers between you and Li Yantong.

There were some things that had to be done.

"Hey, you guys, look, is that girl Yan Tong?" Ji Shaolei suddenly asked.

Ji Feng and Ji Shaodong heard this and turned around at the same time. They found that there was a girl who was carrying a rather large plastic handy bag, slightly straining to walk this way, and as she walked, she looked upstairs from time to time.

"Yes, it's her!" Even though there was still a short distance between them, Ji Feng recognised Li Yantong at a glance.

"Well, it's Yantong!" Ji Shaodong also nodded his head.

Ji Feng had already walked over in big strides, he rubbed his hands without a trace in fact he was still a bit nervous, and soon he walked across from Li Yantong.

"Sister?!"

Ji Feng shouted.

Li Yantong was jolted and subconsciously took a step back, and when she saw Ji Feng, she seemed to not react for a moment, only to have a surprised look on her pretty face.

"Ji little brother?" Li Yantong shouted in some surprise.

She should have wanted to call Ji Feng directly before, but probably felt that it was inappropriate to do so after she reacted, so she called him little brother.

Ji Feng, however, nodded as if he hadn't heard her, "It's me. Sister, you don't recognize your brother after not seeing him for a while?"

Only then did a smile appear on Li Yantong's pretty face: "Of course not, it's just that I suddenly saw you and felt surprised, I didn't expect to meet you here ee? Little brother, why are you here? Is here to see me?"

"Yes, I haven't seen you for a long time, and took advantage of the long November holiday to come and see auntie and you" Ji Feng was full of smiles, and walked over to pick up the handy bag directly from Li Yantong's hand, "Auntie is home, right? so heavy, what's inside?"

"My mum is at home." Li Yantong nodded her head, but was in a momentary trance.

Ji Feng just took the handy bag from her hand that move, is really too natural and too casual, as if really their own family members help each other, as if there is really no barrier between the two of them at all, even the relationship has been good to the kind of point where you can say nothing!

“Sister, what’s wrong?” Ji Feng asked.

“Huh?”

Li Yantong froze, then reacted and said in a panic, “Oh, nothing, just thinking about some things.”

“Oh, let’s go over first, big brother and second brother, they are all still waiting downstairs!” Ji Feng laughed, “Sis, I see you have drinks and vegetables and stuff inside this bag, what, ready to learn how to cook from auntie? Or did you know we were coming and wanted to show off your cooking skills?”

“Not really!” Li Yantong blushed slightly, “It’s just that we have a guest at home, and we were out of vegetables, so I went out to buy some.”

“A guest?!”

Ji Feng asked casually, “What kind of guest?”

“Also, there isn’t anyone, it’s just a classmate of mine who came to visit the house.” Li Yantong’s pretty face blushed slightly, “Let’s hurry up, otherwise it will be too late and lunch will turn into dinner.”

Ji Feng smiled and nodded, while walking forward with Li Yantong, he asked, “Right, sister, you have guests at home, so it’s a bit inappropriate for us to come down with so many people now, let’s not go up, we’ll come back when you and auntie are free!”

“How can this be!”

Li Yantong hurriedly said, “He is a guest, but you are not outsiders, you are all family members, what is inappropriate, let’s go up together.”

“It’s really appropriate?” Ji Feng asked with a smile.

“That’s for sure, little brother, what’s that look in your eyes, is there something wrong with what I said?” Li Yantong saw that Ji Feng was staring at himself with a gleaming gaze, and immediately panicked for a moment, did he see something?

Ji Feng then smiled and nodded, “Yes, yes. What you said is all right.”

“That’s more like it!” Li Yantong then laughed, “Let’s go, invite big brother, second brother and all of them up together, by the way little brother, those few girls are”

“Oh, a few of them are my friends, and one is the child of my younger uncle’s family, Ji Xiaoyu”

Ji Feng and Li Yantong came to Ji Shaodong and other people, each other have greeted, Li Yantong only then see clearly, this where is Ji Feng’s friends, obviously his girlfriend Tong Lei and Xiao Yuxuan well.

The last time they met, Li Yantong already knew about their relationship.

Could it be that the other girls, too, were Ji Feng’s girlfriends?

Fortunately, Xiao Yuxuan helped to introduce Li Yantong, saying that the three girls, Bai Spider and Xiao Ying and Han Zhen, were their friends, and in addition to that, she focused on Xiao Yu, so Li Yantong was able to divert her attention.

“Are you Sister Yantong?” Xiao Yu immediately smiled and took Li Yantong’s hand, “That’s great, I’ve always wanted a sister since I was little, but my brother has several but not my sister, now I have a sister too

Xiao Yu’s cuteness and innocence quickly endeared her to Li Yantong, who took Xiao Yu’s hand and walked ahead, greeting Ji Shaodong and the others again as they went upstairs.

Ji Feng and Ji Shaolei walked behind, and the two of them exchanged a look before they both slowed down their pace.

“San’er, it looks like you guys are having a good conversation.” Ji Shaolei said in a low voice.

Ji Feng, however, shook his head and lowered his voice, “What you see is only superficial, I can tell that she is still a bit indifferent to me, the detachment is obvious, it’s not as close as she is to big brother.”

Ji Shaolei patted his shoulder and said, “This is also very normal, after all, we have only met once, besides your identity is also Yan Tong to you have some separation is also very normal, I believe that after you get along for a while, will certainly ease up a lot, you kid is a man, do not care so much! ”

“I understand!” Ji Feng smiled and nodded, “Still need to work on it!”

“Good to know, then why don’t you go?” Ji Shaolei laughed, “By the way, what’s in the bag, I see the weight is very heavy!”

Ji Feng pointed upstairs, “My sister said that she had guests at home, so she went out to buy some food and drinks.”

“Hey!”

Ji Shaolei shook his head and laughed, “Yan Tong is also too polite, what kind of guests are we having there that she still needs to go down specifically to buy food? This also isn’t right, they don’t know we’re coming over today, do they? She has guests at home?”

“Yes, she said it was her classmate, I don’t know exactly.” Ji Feng said.

“It’s not a boyfriend, is it?” Ji Shaolei suddenly said, “San’er, the boss said before but he had seen Yan Tong walking with a boy far downstairs here, and it seems that the man sent her back Auntie Li and the girls don’t have any relatives or friends here, looking at this, it really seems like it could be a boyfriend! ”

“What are you making such a fuss about?” Ji Feng asked with a smile, “Even if it is a boyfriend and what is wrong? My sister is about to graduate from graduate school, it’s normal to fall in love!”

“Nonsense!”

Ji Shaolei glared at him, “What the hell do you know! San’er, isn’t Yan Tong pretty? But she’s a bit weak! It’s not like you don’t know what boys are like nowadays

“Little brother, second brother, what are you guys talking about down there? Why don’t you come up?” Li Yantong’s voice came over.

Chapter 1323

“Little brother, second brother, what are you talking about down there? Why don’t you come up?” Li Yantong’s voice came over. They had already gone upstairs, and both Ji Feng and Ji Shaolei were still at the stairway without going up.

“This is coming!” Ji Feng shouted.

But Ji Shaolei said in a low voice, “San’er, I’m reminding you, when we go in later, if we see that Yan Tong’s friend is a girl, then it’s fine, but if it’s a guy, then eight out of ten `9 times it’s a boyfriend. When the time comes, we have to keep a watch for Yan Tong, otherwise if that guy really has problems, it will be too late to regret later!”

Ji Feng nodded and said, “This is definitely something we have to keep a check on, but second brother, your personality is suitable for communicating with people, when the time comes, if it really is a male, then you can talk to him more, after talking for a while, I think we will have pretty much figured out what kind of personality he has and what kind of heart and temper he has.”

“Why do you let me do this kind of thing?” Ji Shaolei said, “I’m not good at communicating with people either.”

“You’re the one who is the older brother.” Ji Feng said.

“..... count on you kid!” Ji Shaolei held his tongue for a moment and hummed, “Finding a reason that I have no way to refuse.”

Ji Feng laughed heatedly, but his heart was flooded with mutterings.

If Ji Shaolei hadn’t reminded him, Ji Feng wouldn’t really have had any other thoughts, but after Ji Shaolei said so, Ji Feng couldn’t help but feel a stir in his heart.

Second brother is right, Li Yantong is a big beauty, and is a graduate student, highly educated, and has a gentle and kind character. At least in the two times that Ji Feng has been in contact with her, he has not seen that she has any domineering or ruthless side, her character, some weakness.

This kind of girl can be described as talented and relatively good control, I believe that as long as a man, there is no do not want to find such a woman as a wife.

But the problem is that not all men come with the intention of finding a wife.

There was a part of them that had bad intentions, and moreover, this part was not in the minority, which made Ji Feng have to be wary.

The reason why Ji Feng couldn’t think of this before was because he didn’t often hang out in society and saw fewer people or things, but his second brother, Ji Shaolei, was different. He was the boss of Jian’an Group, and in order to do business, he had to attend various social gatherings and some entertainment venues, so he had seen a lot.

Therefore, Ji Shaolei would always keep an eye on everything. In this regard, Ji Feng thought he was not as good as his second brother, which was worth learning from him.

“But isn’t it that both myself and second brother are too paranoid? In case people are not that kind of bad person at all, and they find out that they and second brother are testing him, this is more or less awkward Well, forgive him for not being able to say anything, it’s not a bad thing to keep an extra hand!” Ji Feng muttered in his heart and followed upstairs.

In fact, to say that in normal times, Ji Feng would never be so indecisive, much less so sentimental. Now it was different, coming here, Ji Feng had to pay attention to everything and deliberate on everything he did, afraid that a thoughtless move on his part might bring some harm to Aunt Li Yueqin and his sister Li Yantong, that was the last thing Ji Feng wanted to see!

“I’ll open the door!” Coming to the door of the room, Li Yantong took out the key.

At this time, they only heard a burst of laughter coming from inside the room, and the few people in Ji Feng were a little surprised that it was Auntie Li Yueqin’s laughter, but what kind of guest had come to the house that would make her so happy?

Li Yantong blushed slightly and quickly opened the door, saying loudly, “Big brother, you guys come in quickly, it’s too hot outside, come in and cool off for a while!”

“Yan Tong’s face is red, I’m afraid it’s really her boyfriend!” Ji Shaolei’s face was calm, his mouth was slurred and whispered, if you didn’t listen carefully, you wouldn’t know what he was saying.

Ji Feng nodded imperceptibly and carried the convenient bag in last, and he casually brought the door with him.

By this time, Ji Shaodong and the others had all arrived in the living room.

“Auntie, look who’s come to see you!” Ji Shaodong pointed at Ji Feng and the others behind him and said with a smile.

Ji Feng immediately stepped forward and said politely and sincerely, “Auntie, we’ve come to see you.”

“Ji, Ji Feng?” Suddenly seeing Ji Feng, Li Yueqin was equally startled, and then a forced smile appeared on her face, “What are you guys”

“Hehe is like this, it’s been a long time since I came to visit auntie and sister Yantong, this is not the eleventh long holiday has arrived, so I sought to come over to see you, auntie, are you all okay lately?” Ji Feng said with a smile.

“Good! All good!”

Li Yueqin nodded, “Right, all sit down, hurry up and sit down, I’ll pour water for you guys!”

“Auntie you don’t need to be busy, just let Yu Xuan and the girls do these things.” Ji Feng said.

When he said this, Xiao Yuxuan and Tong Lei were already heading in the direction of the kitchen, Xiao Yu even said, “Auntie, it’s fine for us juniors to do these things, you should rest first.”

“This, how bad is this” Li Yueqin was a little unnatural.

Ji Feng laughed: "Auntie, if you are always so out of touch, you will make us think we are outsiders."

Li Yueqin then smiled a little unnaturally, but did not say anything else.

"Ee?"

Ji Shaolei suddenly made a surprised sound, "Auntie, this gentleman is?"

It was only until this time that Ji Feng noticed that in a corner of the living room, there was a young man sitting Of course, to say that he was young, yet he was also speaking from his age group, which was only about twenty-six or twenty-seven years old.

This man was wearing black-rimmed glasses and was sitting in a corner of the sofa, seemingly because the sight of so many people suddenly coming in had made him not quite comfortable and he looked a little restrained.

"Oh, this is Yan Tong's classmate who came to sit at home, I saw that it was already mealtime, so I didn't let him go!" Li Yueqin said, "Little Fang, these are all Yan Tong's brothers and younger brothers."

"Hello guys!" Xiao Fang nodded honestly and greeted Ji Shaodong and the others with some restraint.

Ji Shaodong nodded and smiled, "Hello."

Ji Feng, however, looked at him twice more and then glanced at Auntie Li Yueqin.

There was something wrong with the introduction that Auntie Li Yueqin gave between them, she didn't introduce the names of both parties at all, nor did she say that they should get to know each other, she only vaguely mentioned each other's identities.

In doing so, she either thought that Li Yantong's classmate was not too important and there was no need to introduce her in such detail, or she did not want to introduce this young man called Xiao Fang to them and did not want Xiao Fang to have too deep a contact with them.

Judging from the fact that Auntie Li Yueqin could keep Xiao Fang for dinner, Ji Feng felt that it should not be that this Xiao Fang was not very important.

Then it could only be the latter possibility – Auntie Li Yueqin didn't want them to get to know each other.

"Xiao Fang, you and Yan Tong were classmates, did you go to university together or are you now following the same tutor?" Ji Shaolei asked with a smile, while taking out a cigarette from his pocket and handing it over, "Here, have a cigarette!"

"Thanks, I don't know how to smoke!" Xiao Fang smiled good-naturedly and waved his hand to decline.

"It's good that you won't smoke, smoking is really not good for your body By the way, did you hear my question clearly just now?" Ji Shaolei turned his words around and asked again.

"Um, yes, I am now following the same tutor as Yan Tong." Xiao Fang nodded his head.

"So you're studying law as well?" Ji Shaodong interjected and asked.

Xiao Fang nodded, "That's right, studying law, but the direction I'm studying is still a bit different from Yan Tong, I'm studying law in the field of finance and economics"

"So that's it, law in economics is not good to learn, right?" Ji Shaolei asked with a smile.

"It's also okay, as long as you are serious and willing to learn, and then practice more, you can basically master it." Xiao Fang said.

Li Yueqin said, "Yes, I heard from Yan Tong that Xiao Fang is very diligent in his studies, and he even won a scholarship last semester, and he is going to work in a law firm next, right Xiao Fang?"

"It's not much, it's mainly because the current policy is better and the scholarship covers a lot of people!" Xiao Fang said.

Ji Shaolei then smiled and nodded, "It seems to be very good!"

Ji Feng listened quietly next to him, not only occasionally skimming the faces of Xiao Fang and Aunt Li Yueqin without a trace, taking in all their subtle expressions, making sure he had a good idea, but not saying anything either.

The reason is that at this point Ji Feng had already seen that Xiao Fang was probably his sister Li Yantong's boyfriend, and even if he wasn't yet, it was close enough.

Moreover, Aunt Li Yueqin seemed to like this little Fang very much

The scene fell into a cold spot.

After everyone exchanged a few pleasantries, there seemed to be nothing more to say. Xiao Fang looked very restrained, just fiddling with his mobile phone with his head down, occasionally lifting his head with a naive smile when he heard a ring.

Ji Shaodong had nothing to say to Xiao Fang, he usually didn't talk much, preferring to observe and ponder in his mind.

"Auntie, have you been all right lately?" Seeing that the room was cold, Ji Feng asked politely.

Caring about Li Yueqin's health was what he should do as a junior, and it was often such words that broke the awkward and cold scene.

"Hey hey, it's all okay." Li Yueqin said.

"Auntie's health isn't too good, is it, I heard from Yan Tong that you got wet when you were out on the stall some time ago and ended up catching a cold for several days" Xiao Fang said as he looked up.

"That's been many days ago, it's fine now." Li Yueqin interrupted Xiao Fang's words.

"Out of the stall?!"

Ji Feng and Ji Shaolei looked at each other and asked at the same time, "Auntie, what kind of stall are you out for?"

"Nothing, just doing a little business when I'm bored." Li Yueqin said, "How come Yan Tong hasn't brought water over yet, this kid moves too slowly"

Ji Feng and Ji Shaolei's eyes then both looked at their boss, Ji Shaodong, before they had heard that the boss had arranged an easy job for Li Yueqin, how come he was still letting her set up a stall now?

Chapter 1324

Although Li Yueqin said something very easy, saying that she was just bored so she went to set up a stall, in reality, neither Ji Feng nor Ji Shaolei would believe it.

"Auntie, aren't you going to do that job?" Ji Shaodong asked.

Li Yueqin saw that she couldn't hide it anymore, so she nodded and said, "It's not that I don't want to do it anymore, I just think, look at me, I'm an old woman, I can do whatever I want, besides, it's better to let young people have such a good position, otherwise it's not delaying them!"

"Someone is talking behind your back?" Ji Shaodong asked.

"No no, auntie just think, that position is not quite suitable for me, Shaodong you don't think too much." Li Yueqin hurriedly said.

"Really?!" Ji Shaodong asked.

"Of course it's true, auntie can't lie to you about this!" Li Yueqin said: "Now I got a tricycle, usually in front of the community market to sell fruit, we also happen to have a garage downstairs, a monthly rent is only four or five hundred, both as a warehouse and can put the car, very convenient, you do not have to worry about it."

"But it's not as easy for you to sell fruit as it is to collect money at the market, is it?" Ji Shaodong said, "Auntie, if there is any problem you speak, I usually work busy may come less, so many things are also not noticed"

"Nothing nothing, really nothing!" Li Yueqin said.

"Then well then, auntie if you have something, make sure to contact me in time." Ji Shaodong nodded helplessly, Li Yueqin was very insistent, and he could not help it.

For example, this time, he clearly gave Li Yueqin arranged a fairly good position, but she secretly quit on her own, and not only that, she actually ran will home to start a small business, to set up a stall herself so insisted, then Ji Shaodong and what can be done?

"Boss, what kind of job did you originally arrange for your aunt?" Ji Shaolei asked, "Is it that job you arranged, where is it bad, but auntie can't say it?"

"No no, Shao Lei you're thinking too much." Li Yueqin hurriedly explained, "Shaodong arranged for me to a vegetable market near the district, as a temporary administrator, usually just need to manage the fair scales, encounter the kind of customers who suspect that they are being short of cattles, give them a re-weighing on the line, so a month's income of more than a thousand yuan, really good."

"Then why do you, Auntie?"

"Okay, Shao Lei, since An Yi doesn't want to do it there anymore, then we'll take our time and figure it out later." Ji Shaodong said, and he turned his attention to Li Yueqin, "Auntie, do you go to the

vegetable market every day now to set up a stall? What about the stall fee and many other issues, how do you solve them all?"

Li Yueqin said with some embarrassment, "The fees are paid very little, after all, I used to be a vegetable market keeper too"

Ji Shaodong then nodded his head and did not ask any more questions.

In fact, now ask will not get too detailed answer, want to know what exactly is the reason, just wait to go back to check, all will be clear.

The headache now is that Li Yueqin's attitude is still the same as before, almost without any change.

She was still treating all three brothers of Ji Shaodong as outsiders, even though to Li Yueqin, they were outsiders in the first place, but such a somewhat indifferent attitude still gave Ji Feng three people a sense of powerlessness.

A person's level of effort is actually directly related to how much hope there is.

If hope can be seen, or even close at hand, then efforts will naturally be more energetic, if no matter how hard you try, you can't see the end, no hope, then you may have to be discouraged.

This was the case with Ji Feng and Li Yueqin's attitude, which left them helpless.

The actual fact is, just before they entered, they heard Li Yueqin's very cheerful laughter, but after they arrived, Li Yueqin didn't say smile, not to mention cold face even is quite good.

..... Such a huge contrast between the two sides made the three brothers of Ji Shaodong's heart only laugh bitterly.

That young man called Xiao Fang also seems to have noticed something, raised his head, from time to time peeked at Ji Shaodong three, and then look at Li Yueqin, vaguely seems to understand what, there is a trace of curiosity in the eyes, it seems, and some indescribable ease?

Ji Feng is likewise sitting on the sofa in observing this Xiao Fang, of course his movements are untraceable, even Li Yueqin and Xiao Fang, did not notice that Ji Feng is observing Xiao Fang.

—in fact, to observe a person, it may not necessarily be necessary to observe from the face or eyes, the human body is a whole, what kind of mood you are in may not show on your face, however, a certain part of your body, will definitely have a reaction corresponding to it.

This was one of some basic skills that Ji Feng had once learnt in the training space.

After Xiao Fang sensed that the relationship between the three brothers, Ji Shaodong and Li Yueqin, did not seem to be that harmonious, his legs were slightly separated and his feet, which were originally slightly padded, were all put down.

The body was also sitting more or less casually.

—All this was a habitual action to lighten the mood.

Obviously, just now Xiao Fang was a little nervous, and then his naive smile made Ji Feng a little suspicious.

It was rather ridiculous to say that, in fact, at this time, Ji Feng didn't even know what to do or say other than to think about these things, and Li Yueqin's attitude made him really feel like he was going up the pole to please her, which was hard to bear.

So, Ji Feng had to shift his attention and observe what kind of character this Xiao Fang called was.

It's not that Ji Feng thinks he's a bad person, although there are many bad people in society now, but as long as you get along with others sincerely, the chances of meeting a bad person are not that great.

In fact, what Ji Feng was observing was what kind of character this person, Xiao Fang, actually had.

After all, it is now certain that this Xiao Fang is Li Yantong's boyfriend, and may all have been approved by Li Yueqin, then Ji Feng naturally has to take a good look at

Fortunately, Li Yantong and others soon came out with tea, which made the slightly awkward atmosphere in the living room all but empty, and everyone was talking and laughing again.

Li Yueqin rarely spoke, and occasionally smiled when she heard a few young people talking about something interesting.

"For Yan Tong, you are almost graduating from graduate school, right, have you thought about where you want to work?" Ji Shaodong asked.

"I haven't thought about it yet, there's still half a year to go before I graduate, let's talk about it then." Li Yantong said.

Ji Shaodong then nodded and smiled, "Do a good job after you come out, studying law is getting more and more attention now, maybe you will be a very famous barrister in the future"

Li Yantong's pretty face reddened and said, "Big brother, don't make fun of me."

"I do agree with that, Yan Tong's academic performance is very good, and she is also very kind-hearted, in the future a will be a very conscientious barrister!" Xiao Fang also said with a smile.

"You're the only one who talks too much!" Li Yantong glared at him.

A few people then all laughed, and Ji Feng also pulled the corners of his mouth.

The time passed quickly, not long after, it was already mealtime, Li Yueqin was about to get up to go cook, but was stopped, so many people naturally can not let her go to cook, not to mention that there is only one small stove in the house, I am afraid that until the evening everyone may not be able to eat.

So in the end, it was Ji Shaodong's decision to go to the small restaurant at the entrance to eat, and not to waste.

When several people left the door one after another, Ji Shaolei came to Ji Feng and said in a low voice, "San'er, what do you think?"

“Are you asking about Auntie Li Yueqin, or that guy called Little Fang?” Ji Feng rubbed the corners of his eyes with his hands, this way of getting along made him feel a bit tired.

“Of course it’s Little Fang!” Ji Shaolei said in a low voice, “Aunt Li Yueqin’s reaction, isn’t it all within our expectation, only today there’s suddenly a little Fang, so she’s even worse off saying anything, and maybe doesn’t want to say this all needn’t be anxious, take your time, hearts are all flesh and blood, you treat them well, they’ll see in the eyes.”

“Can I not hurry!” Ji Feng shook his head.

“What can I do if I’m in a hurry?”

Ji Shaolei stretched his hands, “After all, the barrier between her and us is too deep, wanting to get along like a family all of a sudden, how is that possible? The most important thing now is to improve the relationship between you and Yan Tong, you’re siblings anyway, that can’t be changed!”

“That’s right, that’s true!” Ji Feng nodded his head in a daze, “Second brother, you don’t say it, sometimes your vision is quite good!”

“What kind of words are those!” Ji Shaolei glared, “Then tell me, how about the one called Xiao Fang just now? Xiao Fang Xiao Fang, not even a name ah, the hell himself did not know to make a self-introduction, also looks like an honest kid, a little bit do not understand the world.”

Ji Feng laughed: “How do you know that people don’t know how to behave? Maybe people just don’t introduce themselves on purpose?”

“Sh, what do you mean?” Ji Shaolei froze.

“Let’s go, let’s take a look before we talk and find a chance to talk to him!” Ji Feng said, “I don’t think this guy is too honest.”

“Then let’s try him!” Ji Shaolei said.

When the duo walked downstairs, they saw that Ji Shaodong and the others had already gone far away, and only Li Yantong and the young man called Xiao Fang were waiting for Ji Feng and the duo.

“What are you two doing so slowly?”

Li Yantong asked with a smile, “This going upstairs belongs to you guys who are slow, and you are also the slowest in going downstairs.”

Ji Shaolei laughed, “It’s good to be slower, so you can walk more steadily. No matter what you do these days, it’s better to be steady.”

“Second brother, you’re still saying one thing after another.” Li Yantong pursed her lips and laughed lightly.

While the two of them were chatting, Ji Feng arrived in front of Xiao Fang and extended his hand, “Little Xiao Fang, right, there were a lot of people just now and there was no formal introduction, my name is Ji Feng and Yan Tong is my sister.”

“Oh, it’s Yan Tong’s brother ah hello, also introduce yourself, my name is Fang Ming, I’m your sister’s classmate.” Xiao Fang immediately shook hands with Ji Feng with a smile on his face.

The smile on Ji Feng’s face got even wider.

Chapter 1325

Fang Ming, twenty-six years old, a third year postgraduate student of the Law Department of Jinling University, belongs to the same department as Li Yantong, but with a different major, but follows the same postgraduate supervisor

After a simple exchange, Ji Feng easily obtained this information about Fang Ming.

But from Ji Feng’s point of view, this information is of little value, because what major to study and who the tutor is, this information actually only needs to ask sister Li Yantong, to be able to know.

What Ji Feng really wanted to know was where Fang Ming’s hometown was, what his family did, what his family’s personality was like, how he himself was regarded in the school etc. etc. In fact, these questions were the most important, but Fang Ming hardly said anything at all.

Even if Ji Feng side-stepped the question, “Fang Ming, I heard your accent, it seems that you are not from Jiangnan, where is your hometown?”

“Oh, that’s right, I’m not from Jiangnan, my hometown is from the north!” Fang Ming laughed.

“Where in the north?” Ji Feng asked after him again.

“Hi!”

Fang Ming then shook his head and smiled and said, “It’s a small place, I’m sure you’ve never heard of it even if I told you, by the way, I’m taking the liberty of asking, you’re Yan Tong’s brother, but your accents seem to be a bit different too, huh?!”

Ji Feng then laughed: “Maybe it’s because I’ve been in the field for too long and my accent has changed a bit.”

.....

This is just one of many conversational scenes, whether asking Fang Ming about his home address, family members, or even which province his hometown is in, he didn’t say.

Once Ji Feng pressed the issue tightly, Fang Ming would pull away from the topic or use the same approach to avoid answering.

Because of the presence of his sister Li Yantong, Ji Feng could not be too obvious when asking questions.

Therefore, the initiative of the conversation between Ji Feng and Fang Ming was not all in Ji Feng’s hands, which added to the suspicion in his mind.

To say that Fang Ming was a bad person, that might not be too likely.

But what Ji Feng could be sure of was that this Fang Ming, even if he wasn’t bad, was definitely not much of an honest man.

Moreover, this guy is definitely not as naive as he appears to be, but instead has a kind of oily smoothness that is very disgusting.

For example, the vast majority of guys who go to their girlfriend's house for the first time almost always have to do it with their tails between their legs, even if the other guy is younger than you, and you have to act humble.

So if we go by this conventional situation, Ji Feng asked Fang Ming these questions, he should be very quick to answer.

What, when the woman's family asks you about your situation, you don't even tell the honest truth?

Then how can we be confident in marrying you?

Anyone who knows how to be polite or wants to get married will definitely tell the truth when faced with such questions.

This guy, Fang Ming, however, avoided answering almost all of them, seemingly answering quite a few questions, but in fact, none of them were to the point.

If not for his sister Li Yantong talking to his second brother right next to him, he really wanted to drive Fang Ming away directly.

But thinking about the relationship between himself and his sister Ji Feng could only shake his head in his heart and forcibly suppress the thought.

The place to eat is in a small restaurant in front of the community, is to ask for a large box, a few people simply ate some, noon this meal is also considered to be over.

And after that, a few people talked in the box for a while.

But Ji Shaolei's face was not very good, because he had hinted to Fang Ming several times, but the guy seemed to be unable to understand, and refused to leave.

For example, Ji Shaolei asked Fang Ming, "Fang Ming, you are still living in the school, right? Or have you rented an apartment outside?"

Fang Ming then smiled nervously, "I still live in the school, the houses outside are too expensive and the tutor doesn't pay a lot of salary, so it's more economical to live in the dormitory and more convenient to study."

"Oh!"

Ji Shaolei smiled, "Then how are you going to get back later? It just so happens that we're driving here, do you want a ride?"

"No need, Yan Tong and I are friends, so you guys don't need to be so polite." Fang Ming still grinned nervously, then lowered his head to play with his phone again.

This kind of behaviour, which was obviously looking for a beating, naturally made Ji Shaolei's face look bad. If it wasn't for the fact that Li Yueqin and Li Yantong were present, and this bastard was Li Yantong's boyfriend, Ji Shaolei was afraid that he would have smashed his fist over.

But in the end, he couldn't do it, so he simply stopped talking.

However, in the end, Ji Shaolei still didn't play Fang Ming, because Fang Ming could stay here, but Ji Feng and the others had to leave, they couldn't stay here forever, even if it was for the sake of Li Yueqin not being so bored, they had to leave after sitting for a while.

And Fang Ming's kind of performance, so Ji Feng also can not help but slightly frown, the corners of the mouth pulled up a curve, revealing if not a smile.

Ji Feng's eyes, however, were somewhat cold.

But Fang Ming seemed to be completely unaware of it, just looking down and playing with his phone, occasionally looking up and grinning with two rows of white teeth, smiling nervously.

—He was still the same unbeatable face!

The scene at the dinner table was all watched by Li Yantong, and her beautiful eyes flashed with a trace of worry, glancing at the three Ji Feng brothers and then at Fang Ming.

In this way, the table was cold, and now that the meal was finished again, there was no point in staying any longer.

Therefore, Ji Shaodong stood up and said: "Auntie, I came in a hurry this time, I originally called your phone before, but your phone was always on hold, so I thought Yan Tong was busy too, so I came over early without informing you. I didn't know that it was a coincidence that you had guests at home, so it was a bit inappropriate to come"

"Big brother, don't say such insulting words." Li Yantong heard Ji Shaodong words some wrong, she hurriedly said, at the same time glanced at Fang Ming, see he is still looking down playing with the phone, did not even look up at Ji Shaodong, she immediately show eyebrows slightly frown.

"Shaodong, you are" Li Yueqin is also a bit strange.

"It's like this, it's already afternoon now, Xiao Feng and Shao Lei and their accommodation has not been decided yet, so we can't delay any longer, otherwise I'm afraid they'll all have to sleep on the street tonight!" Ji Shaodong said with a smile, "Then, auntie, we will come to see you and Yan Tong next time, we will definitely call you or call Yan Tong in advance then!"

"You're leaving now?" Li Yueqin froze.

"I can't help it, they came to Jinling and I didn't know beforehand, now I'm a bit caught off guard, huh!" Ji Shaodong laughed.

Li Yueqin nodded, "Then since that's the case, I won't keep you guys."

"Alright then, let's go, we'll send you and Yan Tong back first." Ji Shaolei also stood up and said with a smile, "That who, Xiao Fang, are you going to wait here or follow along?"

"Of course I'll go along, huh" Fang Ming smiled nervously.

Ji Feng keenly saw that at the moment of Fang Ming's naive smile, Ji Shaolei's hand shook and was almost about to clench into a fist

“What else are you guys sending ah, it’s just a few steps.” Li Yueqin said.

“It’s okay, it’s better to send you guys back, it’s a little token of our gratitude as juniors”

In the end, Li Yueqin couldn’t argue, so she had to let Ji Feng and the others send them back.

“Little Feng, today this” On the way, Li Yantong walked beside Ji Feng and lowered her voice to call him, wanting to say something, but in the end, she wanted to say something but stopped.

Ji Feng said with a smile, “Sister, you don’t have to say anything, auntie still has a knot in her heart, I understand, I will come often in the future!”

Li Yantong then nodded and could not say anything else, she could only let out a soft sigh.

“Right, sis, is this Fang Ming your boyfriend?” Ji Feng suddenly asked in a low voice.

“Ah?!”

Li Yantong’s pretty face suddenly blushed slightly, then she nodded and said, “Sort of.”

Ji Feng then laughed: “What do you mean, sort of? This has met the parents, so it must be an official boyfriend, right?”

Li Yantong blushed and didn’t say anything.

Ji Feng then understood that his sister was not quite ready to say it.

“How is he?” Ji Feng chatted idly with Li Yantong, “I was asking how his character was, he wouldn’t usually bully you, right?”

“No, he is very honest and hardworking, he definitely won’t bully me!” Li Yantong said.

“Mm! Then I’ll be relieved!” Ji Feng smiled and nodded, glanced at Fang Ming in front of him without a trace and said in a low voice again, “Sister, no matter if Auntie has a knot in her heart or not, I actually treat you as my own sister because you are originally my sister.”

Hearing these words, Li Yantong’s body suddenly paused slightly, and her heart trembled even more.

“..... Well, I also look at you as a younger brother!” Li Yantong said in a soft voice.

Ji Feng then smiled, as long as there were these words from Li Yantong, then any cold treatment he received from Li Yueqin in Li Yantong’s house before, all seemed so insignificant, as long as Li Yantong was really treating him as a younger brother, even if Li Yueqin split his head and scolded him, Ji Feng would not have any complaints!

He only knew that Li Yantong was his sister, and that was enough!

“Sis, I’m really glad you said that, well” it’s not convenient to say anything more now, anyway, we’ll have to be in touch a lot in the future, and I’ll come to Jinling to see you and auntie a lot.” Ji Feng said seriously and sincerely, “And ah, if that Fang Ming dares to bully you in any way, you can tell me, I will definitely help you out.”

“Sister remembered all of that.” Li Yantong nodded, her heart warmed, she suddenly felt, for the first time, a feeling of having a strong backing and something to rely on

It was only until this time that Li Yantong truly realized psychologically that Ji Feng was her brother and that she was also being a sister!

Chapter 1326

“Sister, because we are usually not in the same city, the distance is a bit far, so usually there is not much communication, so it may still be a bit rusty, but it does not matter, I will definitely definitely come often, I believe we will definitely have more opportunities to meet!” Ji Feng smiled and said, “Otherwise, after you graduate, you can also go to Jiangzhou to work, or maybe I will also come to Jinling in the future”

Li Yantong had a smile on her pretty face as she listened to Ji Feng speak.

The company’s main business is to provide a wide range of products and services to its customers.

But now Ji Feng was rambling on and on about how much he said, which was completely different from his character. Li Yantong naturally understood that it wasn’t because Ji Feng was nagging, it was obviously because he was in front of himself and some of his true feelings were coming out, that’s why he said so much.

“Sister, auntie there, to say there is no heart knot that is impossible.” Ji Feng said, “But how can we say this, it’s not good for us to comment on the things of the older generation, nor can we say who is right and who is wrong. But one thing is for sure, how the relationship between the older generation is, and what they used to do, doesn’t affect the relationship between our siblings, don’t you think so?”

“That’s for sure!”

Li Yantong nodded approvingly and said, “Little Feng, I know what you are worried about, in fact, some of what you said is right, for example, we are a bit rusty with each other because of the distance and the fact that we have only met once in total before and after, these are all correct. However, you also said that we are close siblings, and this is something that no one can change, so there are some things you don’t have to worry about at all.”

Ji Feng then smiled and nodded, “If you say so, I’m much more at ease.”

“In fact, my mother is not an unreasonable person, but maybe because of some things, the knot in her heart has not yet been untied, but don’t worry, I will usually advise her, after all, are already middle-aged, and if you care so much, it will be a piece of heart disease in your heart, it is better to live life lightly!” Li Yantong said.

Ji Feng nodded and said, “That’s so right, sister, that’s how it is, a lot of things are for life if you cling to them, but if you look away, it’s also for life, and it’s better to live in pain than to let go and live more easily.”

“So ah, you don’t have to worry so much, I will find the opportunity to talk to my mother.” Li Yantong said, “But this can’t be rushed, there has to be a process as well. In fact, I’ve seen all the efforts you’ve made today, I understand what you mean.”

“That’s good.” Ji Feng nodded his head and fell into a long sigh of relief.

Li Yantong’s own character was very meek, which Ji Feng knew, but yes, she was able to be so reasonable and even comfort herself in turn, which was something Ji Feng did not expect.

“And ah, I know you must have things to do as well, so you must not come all the way to Jinling just to accommodate me and my mother, finish your own business first.” Li Yantong said again.

Ji Feng then laughed: “What can this world work is never done, money is never earned, these are all extraneous things, compared to family, those things can be thrown away whenever you want, the big deal is that you can start over again, but family is the most precious, once lost Once you lose your affection, I’m afraid you’ll never get it back.”

Li Yantong was stunned and nodded slightly.

“Right Sis, if, I mean if, if it’s possible, will you go to Yanjing with me?” Ji Feng asked in a lowered voice.

Li Yantong immediately blushed slightly, then shook her head and said, “Now is not the time to talk about that!”

Ji Feng nodded, he could see that Li Yantong also had a knot in her heart, just that her knot was not very deep, after all, this was a girl with a good heart.

“Yan Tong!”

Ji Feng was just about to say something when he suddenly heard Fang Ming shout, he was instantly choked and couldn’t help but shake his head with a bitter smile, “Sis, your boyfriend is calling you, hurry up and go over, I won’t see you guys upstairs.”

“Then you guys should be more careful when you go back, be safe.” Li Yantong said.

In fact, her heart was quite apologetic, Ji Feng and the others had come all this way, they must have come to visit their mother, but after coming all this way, her mother didn’t seem much enthusiastic, while Ji Feng and the others had to go back again

Ji Shaolei suddenly walked over in big steps and lowered his voice and said, “Yan Tong, can you do second brother a favor?”

“What kind of favor?”

Li Yantong said, “Second brother, you say.”

“Actually it’s not a big deal, it’s that later on when you guys go upstairs, you try to stall your boyfriend Fang Ming so that he can’t come to the window Also, if he asks any questions about us, you just find a random excuse, don’t say what we do anyway, it’s not hard, right?” Ji Shaolei said.

“Why?!” Li Yantong asked, she somewhat didn’t quite understand what Ji Shaolei meant, not telling Fang Ming about the identity of Ji Shaolei and the others, that was understandable.

However, dragging Fang Ming and not allowing him to come to the window, why was this?

Ji Shaolei laughed: "If he comes to the window, won't he know that we are driving here? And also know what kind of car we drove We didn't expect your boyfriend to come either, so the boss didn't change his car, he just drove over in that District Committee No. 1 car of his."

"You don't want Fang Ming to know your identities?" Li Yantong understood at once, she nodded, "Alright then, I'll try to stall him!"

"Well, it's actually for your own good, if he can be nice to you when you're poor, then this person is truly for you, not for whatever you have, right?" Ji Shaolei laughed.

Li Yantong nodded and gave a hint.

"Yan Tong, we're going up." Fang Ming shouted again.

Ji Shaolei turned his head and grinned at him. Who knows, but Fang Ming also grinned and smiled nervously, and when Ji Shaolei saw this, he smiled even wider

After greeting each other, Li Yantong turned around and went upstairs with Fang Ming and Li Yueqin.

Looking at the stairway where their backs disappeared, Ji Feng couldn't help but shake his head and smile, "This Fang Ming, he's really an honest person, just a little too honest!"

"Humph!"

Ji Shaolei sneered, "I'll have to check this person's background later, what bullshit honest person, I think he is more slippery than anyone else, and has thicker skin than anyone else, how can such a person be an honest person? Aunt Li Yueqin and Yan Tong must have been fooled by Fang Ming's naive appearance!"

Ji Feng nodded: "It's fine to check it out, but don't make much noise!"

"Don't worry, didn't he say that he and Yan Tong are the same tutor? Let's check from that starting point!" Ji Shaolei said, "It's better to let the boss handle this matter, he is the local snake here, it's definitely more convenient to investigate than us!"

"That's the best!" Ji Feng nodded his head and said.

"Motherfucker, it makes me angry just thinking about it!" Ji Shaolei couldn't help but snort coldly, "If it wasn't for the relationship with Auntie Li Yueqin just with Fang Ming's appearance, and he still dared to play tricks in front of me, it would be strange if I didn't smack him to death! I think, he saw the delicate relationship between us and Auntie Li Yueqin, so he dared to play with us like this, thinking that they are afraid of the mouse and do not dare to do anything If you want me to say, this son of a bitch just owes a beating, a complete beating! What a pisser!"

"Don't jump to conclusions first, maybe he is this kind of character, may not be a bad person in essence?!" Ji Feng laughed.

"Do you take yourself for a fool, or do you take me for a blind man who can't even see that he's playing tricks?" Ji Shaolei sneered, "Just wait and see, there must be something wrong with this kid, I can almost deduce that now!"

“It’s too early to say anything, let’s wait until we find out what the catch is.” Ji Feng said, “Let’s go.”

“Don’t rush, wait a few more moments!” Ji Shaolei said, “Right now they’ve just reached the first floor at most, if we start the car and leave at this time, that guy might be able to guess that we’re driving here wait for a while before leaving!”

Ji Feng nodded, let Fang Ming know that they came by car, this is nothing, nowadays there are too many people who have cars, having a car does not necessarily mean that they must be rich, the car is just used to get around may be.

The key problem was that the car they drove here was too conspicuous.

The boss Ji Shaodong drove the district committee No. 1 car, Ji Feng drove a BMW X6, while the second brother Ji Shaolei drove a Mercedes Benz business car

As long as one is not a fool, after seeing such a formation, the first time one would think that their origin must be unusual.

If that Fang Ming really has a plan, when the time comes, he might make a move because he saw their car, or something will go wrong.

For now, let’s not alarm him, after we find out what’s going on, we’ll settle the score with him slowly!

After a few more moments, Ji Shaodong waved his hand, “Get in the car.”

Several people quickly opened the car door and got in, Ji Feng stood by the Mercedes business car, looked up, sighed lightly and also got in, the three cars quickly left the district.

.....

The three of them had just opened the door of their room when they heard the sound of a car starting from outside, and Fang Ming immediately walked into the living room and went straight to the balcony.

“Fang Ming!”

Li Yantong took a look and instantly remembered what Ji Shaolei had explained, so she called out to Fang Ming, “Come sit down over here.”

“I’m going to the balcony to get some air and take a break.” Fang Ming said.

“What are you doing on the balcony? It’s so hot, hurry up and come over and blow on the air conditioning!” Li Yantong said.

“Yes, Little Fang, hurry over to cool off.” Li Yueqin also said.

Fang Ming then smiled and nodded, “Sure! Auntie still cares about me.”

“You!” Li Yantong then glared at him, but Fang Ming just laughed heatedly and casually sat down on the sofa.

“Right, it’s such a hot day, the few of them are just going out, I don’t know if they can get a taxi, it’s noon, it’s probably not very good to get a taxi, right?” Fang Ming suddenly asked.

Chapter 1327

“By the way, it’s such a hot day and they’re just going out, I don’t know if they can get a taxi, it’s noon, it’s probably not very good to get a taxi, right?” Fang Ming suddenly asked.

“It might be a bit hard to get a taxi now that it’s the eleventh long holiday, but it should be okay over here.” Li Yantong said.

“Oh! That’s true.”

Fang Ming nodded, and then suddenly asked, “But I see those two brothers of yours, and your brother and the rest of them, they don’t dress like ordinary people, don’t they have a car themselves?”

Li Yantong’s heart stuttered, how come Fang Ming still asked this question?

Li Yantong also agreed with Ji Shaolei’s proposal, because a person with money and without money, in many cases people look at you differently, moreover, they don’t care where your money comes from, they only look at whether you have money or not!

Li Yantong did not want her relationship with Fang Ming to be linked to money as well, so she wanted to follow Ji Shaolei’s explanation and deliberately make up a lie, or an excuse, to fool Fang Ming.

But the problem was that Li Yantong was not good at lying, and she was afraid that Fang Ming would see it when she lied. At the same time, she also did not want to deceive Fang Ming, so she was in a bit of a dilemma for a while.

Fortunately, at this time, Li Yueqin spoke up, “What’s wrong with you two talking about something else, you have to talk about a few of them?!”

Hoo~~!

Li Yantong immediately let out a slight sigh of relief, this was good, her mother had spoken, this was better than any excuse.

She glanced at her mother, but found that the latter’s face was not too good, so she knew that it was because she had seen Ji Feng, so she remembered what happened in the past again, rather than deliberately relieving herself.

But it didn’t matter anymore, it was good that she didn’t have to make up lies now.

“Mom, we won’t talk about it!” Li Yantong immediately said, “Fang Ming, see, it’s all your fault for talking too much and making my mother angry.”

“Auntie, did I ask something I shouldn’t have asked? Then I’m really sorry, I didn’t mean to” Fang Ming suddenly got a little restrained and flustered.

Li Yueqin shook her head, “It’s not your fault. The two, brothers of Yan Tong’s are usually just attending a class, but they are just older, so they dress better and are more mature, which is actually nothing. Her younger brother, still in school, are nothing, you study well, in the future work hard to advance, will certainly be better than them!”

“Hehe!”

Fang Ming laughed, "I can only do my best, anyway, I think that boys must be motivated!"

"Well, that's right!" Li Yueqin nodded, very satisfied.

Next to her, Li Yantong was dumbfounded, when did her mother become so good at making things up? When did mom become so good at making things up? She didn't even blink when she told a lie, she just opened her mouth.

The other thing is that Ji Shaodong and Ji Shaolei are both working people and Ji Feng is just a student!

This is all what with what ah, Li Yantong some cry and laugh.

However, Li Yantong did not know that in fact, her mother Li Yueqin's heart was only a bit indignant, that's why she said those words.

Even if her daughter was willing to do so, she would strongly oppose it, because her own experience was the best example to warn her daughter!

She would never let her daughter follow in her footsteps!

Therefore, even if her daughter found a Fang Ming from an average or even poor family, Li Yueqin felt that she could live happily without money, so why did she have to be rich to live well?

In the eyes of some people, it has nothing to do with the amount of money they have.

The key issue is that as long as Fang Ming is a good person, that is enough.

Good character is better than anything else!

But when Li Yueqin saw Fang Ming repeatedly asking about Ji Feng and the others, she became somewhat unhappy. Because in her opinion, it was obvious that Fang Ming was shocked by Ji Feng and the others, giving him an inferiority complex.

Li Yueqin was uncomfortable in her heart, she could adapt to a life of poverty, but she could not look at her daughter's boyfriend who was so humble and cowardly, and had to ask what Yan Tong's brother and younger brother were doing, and side-stepped to ask what this was for? The actual fact is that they are not only a good idea, but also a good idea.

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

On the other hand, Li Yueqin likewise has some displeasure in her heart, which is directed at Ji Feng.

What's the matter? For no reason at all, she suddenly came over here and ended up giving her daughter's boyfriend a hard time.

The company's main business is to show off its noble origins and that it is the son of a high cadre or what?

Li Yueqin thought, "Although our family is from an ordinary background, we can still live well as long as we work hard!"

That's why she told Fang Ming that she should work hard to get ahead, and that she would definitely do very well in the future.

However, Li Yueqin did not know that the words she said out of a sense of righteous indignation not only relieved her daughter in time, but also relieved Fang Ming's mind.

It turns out that Li Yantong's brothers and sisters are all pretending to be fat, wearing such good clothes, but in fact they are only pretending to be, maybe they are copycat goods

"By the way, auntie, I have spoken to my parents in the morning, they said they have already taken the car and will probably arrive in the evening." Fang Ming suddenly remembered something, looked up and said, "Your phone seems to have let me run out of battery, originally said to charge it, and then suddenly came the guests"

"Oh?!"

Li Yueqin asked, "Your parents arrived in Jinling in the evening?"

"Yes, they've never been to Jinling before, this time they took advantage of the long November holiday and came over here to have some fun, by the way by the way, they also came to see Yan Tong." Fang Ming said with some embarrassment.

Li Yueqin then said, "Your parents even made a special trip, it should be Yan Tong to visit your parents."

"It's fine, it's fine, they're coming to Jinling anyway." Fang Ming smiled nervously.

.....

"Boss, you need to send someone to check out that Fang Ming, I always think there's something wrong with this guy." Back at the hotel where he was staying, Ji Shaolei's face was still unpleasant, "That guy is very slippery, he definitely doesn't look like an ordinary student."

"Don't worry, I will arrange for this matter." Ji Shao Dong nodded his head.

"San'er, say something too, what do you think should be done about this?" Ji Shaolei looked at Ji Feng.

"We don't know Fang Ming's true identity yet, let's wait until we find out the results." Ji Feng said, "In fact, in my opinion, he is just an insignificant guy, the key issue now is not Fang Ming, but Li Yueqin's aunt's attitude towards me!"

If Li Yueqin didn't care so much about Ji Feng, then everything would be fine, and Ji Feng could stand in his brother's shoes and act as a counselor for Li Yantong, telling her about his views and speculations about Fang Ming.

But the fact is that Li Yueqin does very much not want to talk to Ji Feng, in this situation, Ji Feng really can't do anything, and even if he does, he has to do it secretly.

In fact, even if they really found evidence of Fang Ming's ill intentions, Li Yueqin might not even treat Ji Feng well, instead she might think that Ji Feng was secretly investigating and spying on them, and now he had come to watch the mother-daughter duo's jokes on purpose.

Once people have prejudices and preconceptions, then they will wear tinted glasses in everything they do!

Ji Shaodong nodded and said, "Little Feng is right, in my opinion, we should take our time, Little Feng, if you have nothing to do in the next few days, you can stay here for a few more days and get in touch with Yan Tong more, as long as there is sincerity, I believe Auntie Li Yueqin's attitude will definitely change."

"Boss is right!"

Ji Shaolei nodded approvingly and said, "Third son, as long as your relationship with Yan Tong is really as close as brother and sister, then even if Aunt Li Yueqin is not very happy in her heart, her mouth will not say anything, so now Fang Ming's problem has become secondary. It is very necessary to get along with Yan Tong!"

"How about this, it happens to be a holiday now, San'er you can be Yan Tong accompany you around, anyway, there are many attractions in Jinling, as long as there are more opportunities to exchange, your relationship will naturally be able to quickly get better, blood is thicker than water, this is not going to be easy!" Ji Shaodong said.

Ji Feng nodded thoughtfully.

"How about I go!" Tong Lei, who had rarely spoken, suddenly said.

Ji Feng's three eyes immediately looked over, Tong Lei's pretty face slightly red, said softly: "I think, sister Yan Tong's character is very gentle, the two of us should be able to get along. I'll go ask her out to play and we'll be together then, so Auntie Li Yueqin shouldn't say anything!"

"That's a good idea!" Ji Shaodong nodded, "Lei Lei go and ask Yan Tong, well, Auntie Li Yueqin is actually a very reasonable person, as you all saw, during the dinner, she treated Lei Lei and the girls, differently."

"Well, let's do that!" Ji Feng nodded and said, "Then let's split up, boss, you check out Fang Ming's bottom line, Lei Lei call Yan Tong and ask her out to play Lei Lei, your idea has helped me a lot!"

Tong Lei's pretty face was slightly red, being complimented by Ji Feng in front of so many people, somewhat embarrassed.

Ji Feng's mood was then relaxed, although Lei Lei does not like to talk much, but she is ice-snow smart, when the key time a sentence can be said to the point.

Moreover, Lei Lei did not like to socialize with people, but for Ji Feng's sake, she also took the initiative to get along with Li Yantong, which made Ji Feng very touched as well.

But Ji Feng and the others didn't expect that their plan had only just been implemented when something unexpected happened

Chapter 1328

That night, just after dinner, Tong Lei called Li Yantong and asked her to come out to play, but on the phone Li Yantong was a little hesitant and did not agree to come out immediately.

“She didn’t want to come out?” Ji Feng asked.

Tong Lei nodded and said, “Sister Yan Tong seems to be a bit hesitant, probably because she has something to do tomorrow.”

“Accompanying that guy called Fang Ming?” Ji Feng raised his eyebrows and shook his head again and laughed, “Forget it, in that case, let’s wait another day, we can have some fun here anyway!”

Tong Lei said softly, “Ji Feng, don’t think too much, maybe sister Yantong really has something going on.”

“Yes, Yan Tong is still a very nice person, a girl with a very gentle and kind personality.” Xiao Yuxuan also comforted Ji Feng, “When we met today, we could all see that Yan Tong is still very close to you, although she has some knots in her heart, but the fact that you are blood siblings is unchangeable, this is something she must also know.”

“Mmm!”

Tong Lei also nodded and took Ji Feng’s hand, softly comforting, “Or else this way, I’ll give her another call and ask her what exactly is going on

“No need to call!” Ji Feng waved his hand and laughed: “I’m not that suspicious like this, let’s rest early first, then think about where we’re going to play tomorrow!”

Li Yantong did not agree to come out, which was something that Ji Feng had also expected before.

Not to mention that as long as there was Aunt Li Yueqin and that guy named Fang Ming around, Li Yantong might be affected. From the noon meal, Fang Ming’s often deliberate stirring up of the situation could be seen, that guy is really smooth and has a wrong heart!

With such a person around, it would be strange if Li Yantong’s thinking was not affected.

But it didn’t matter, Ji Feng believed that no matter what kind of person was trying to make trouble, it was actually useless.

The key issue was that he and Li Yantong were blood siblings, a fact that no one could change, so as long as he stayed in Jinling, Li Yantong would come out to meet no matter what.

What’s more, the words he said to Li Yantong when they left Li Yantong’s neighborhood, as well as Li Yantong’s performance, gave Ji Feng enough confidence.

This is a very strange phenomenon, such as between close siblings, who may not have seen each other for many years, but suddenly when they meet, they all have a feeling that this is their own family!

Especially in the absence of any intense conflict, there is simply nothing that can cut off this feeling.

Li Yantong needs a relative, and Ji Feng is equally happy to have such a sister.

This may be what people often say blood is thicker than water!

Therefore, Ji Feng is not at all worried that Li Yantong will alienate him because others say a few bad words, this possibility exists, but it is so small that it is almost negligible.

Ji Feng believed that even if Aunt Li Yueqin controlled Li Yantong and told her not to get in touch with herself, I'm afraid it wouldn't do any good.

Because although Li Yantong has a docile personality, she also has feelings

"For the future, I am full of confidence!" Ji Feng stood in front of the window, looking at the traffic flowing below, could not help but smile faintly, "remember, I once promised the old man, within ten years, the top of the world! And now, it is being approached step by step, along the way, there is pain, there is laughter, there is sadness, there is also anger, but there are a few things that are indispensable!"

"Family, love, friendship!"

Ji Feng held his hands upside down and looked down at the scenery outside the hotel, vaguely, his body seemed to have an aura of looking down on the world: "Along this journey, I am afraid that many people think that I have my hands tied, but they do not know that if they lose these things, even if they reach the top of the world, what can they do?"

Ji Feng's pace of advancement was a little slow, but exceptionally determined, along the way, he had gained a huge amount, which was incomparable to any lord or any side of the power!

And now, Ji Feng is going to harvest kinship again, he walks with even more determination!

.....

At the same time, on a road in downtown Jinling, Fang Ming and Li Yantong were taking a taxi to Jinling Railway Station.

"Yan Tong, after you meet my parents later, you don't have to be much nervous, they are both very nice people to talk to, and you are so pretty and kind, they will definitely like you when they see you!" Fang Ming took Li Yantong's small hand and said with a smile on his face.

"Then it couldn't be better!" Li Yantong said somewhat shyly.

"Don't worry, they will definitely like you." Fang Ming laughed, "However, when the time comes, my mother might say something to you, so you can be a bit more tolerant then."

"What will she say?!" Li Yantong immediately asked.

"Hi!"

Fang Ming laughed heatedly, "As you know, what can a mother say to her future daughter-in-law? It must just be asking when we're getting married, and then saying something about our experiences over here, like, having kids and such"

"Fuck you!" Li Yantong instantly hit him lightly, embarrassed.

"Hahahaha" Fang Ming laughed heartily.

Li Yantong, however, looked out the window with a slightly red face, unable to help but feel a little apprehensive in her heart. The two of them were going to the train station to pick up Fang Ming's parents. The two old men had come to Jinling for a pleasure trip and to see Li Yantong in passing

fact, Li Yantong also understood that I was afraid that their pleasure trip was a lie and that coming to see her was the real purpose.

However, Li Yueqin did not have to go, as she was also an elder and the parent of the woman, so there was no need to be so desperate to come forward.

So, this time it was Fang Ming and Li Yantong who went to the station together.

However, Li Yantong's heart was a little bit on edge. It was not because of anything else, but because of her origins.

She had no father and came from a single-parent family, and her family was not rich either, so she relied on her mother to earn some money from selling fruits, while she herself was working on a project with her mentor and was able to get a little money.

The house she lives in now is also arranged by her elder brother Ji Shaodong. Apart from that, they have no other source of income and are not very capable.

Such a family, I wonder if Fang Ming's parents can look at

"By the way, Yan Tong, those brother's and brother's of yours, they won't come back, right?" Because Li Yantong was turning her head to look out the window, so Fang Ming didn't notice that Li Yantong's face looked different, he suddenly asked.

"What's the problem?" Li Yantong turned her head and asked in surprise.

"It's not that there's a problem, it's just that I always feel that the relationship between those brothers and younger brothers of yours and your family doesn't seem to be that harmonious!" Fang Ming smiled nervously and said, "If that's really the case, then my parents come over and have dinner with Auntie Li us together, that's definitely lively, but in case they come over, when the time comes Auntie Li becomes in a bad mood again this is not very good, you say right? "

"This should be right!" Li Yantong hesitantly nodded her head.

Indeed, if one was having a happy meal with Fang Ming's parents, and at this time big brother, second brother and little brother and the others suddenly came over, old mum would definitely become in a very bad mood, and by then

"So I think it's better for you to call them and say that you have something important to do in the next few days and you won't be able to accompany them They were the ones who called you before, right? Then it seems that there is still a high possibility of them coming to mess up!" Fang Ming said.

"I'll call them when I get back tonight!" Li Yantong nodded, "However, Fang Ming, there's something you said that's not right, my big brother, second brother, and my younger brother, they're not here to cause trouble, they're here to visit my mum and me!"

"..... eh?!" Fang Ming faintly stared.

"Fang Ming, why do I get the impression that you have a problem with my big brother and them?" Li Yantong said, "For example, when we had lunch today, you were deliberately stirring things up, don't deny it, I can tell."

“Hehehe” Fang Ming laughed heatedly.

“Don’t laugh, I am seriously talking to you, it would be very inappropriate for you to do that today, it’s possible that they will all have a problem with you, after all, what you did was a bit too much!” Li Yantong said.

“What’s wrong with that!”

Fang Ming’s face still wore a naive smile as he hemmed and hawed, “Yan Tong, let me ask you, have I ever met your brothers and sisters before?”

“No, right?” Li Yantong said hesitantly.

“Yes, I’ve never met them before, it can be said that we have no grievances in the past and no enemies in the recent past, we don’t have the slightest encounter with each other at all, so why should I stir up trouble?” Fang Ming asked rhetorically as he hemmed and hawed, “Actually, ah, I’m not stirring the pot for my own sake, but for your sake.”

“For me?!” Li Yantong was a bit confused, “Tell me clearly, how come you’re stirring up the game for me? I can’t understand!”

“You’re still a girl after all, you can’t see through many things!”

Fang Ming said smilingly, “In fact, you can’t just look at the surface of many things, for example, today I met with your brothers for the first time, if people didn’t know, they would have thought they were very important and not ordinary people, if Auntie Li hadn’t told me, how could I have known that they were all just ordinary working people, and that your brother was also just a student?”

“They” Li Yantong froze.

“Right?”

Fang Ming smiled and said, “In fact, many things are like that, for example, it looks like those few brothers of yours are here to visit Auntie Li and you, but I can tell that Auntie Li doesn’t like them, or rather, Auntie Li doesn’t want them to come, am I right?”

Li Yantong couldn’t help but look at Fang Ming twice in amazement, “You, how did you know that?”

Chapter 1329

Li Yantong couldn’t help but look at Fang Ming twice in amazement, “You, how did you know that?”

“Isn’t that simple?!”

Fang Ming smiled heatedly, “When you went out to buy food in the morning, Auntie Li was talking to me that was talking and laughing, very happy. However, once the few of them came, there was hardly any smile on Auntie Li’s face and the atmosphere was awkward, isn’t that obvious? So I conclude that Auntie Li must not like them!”

“..... is right!” Li Yantong nodded and said, “You are very accurate and right, my mother indeed does not like them coming, in fact not only does she not like them coming, she probably doesn’t even want to see

them but what does this have to do with you stirring things up? They're all my brothers and siblings anyway, and aren't you offending them all by doing this?"

"So that's what you don't understand!" Fang Ming had a confident look on his face as he laughed, "What's wrong with me offending them? First of all, they are not related to me and have no relationship, even if they did, it would be with you, so how can I not offend them?!"

"But but they are my brother and brother after all, how can they not be related?" Li Yantong asked in amazement, her heart even got a little angry, my brother and brother have nothing to do with you? The reason why I'm going to pick up your parents now is that they are your parents and not mine, do they have anything to do with me?

Only, Li Yantong's character was still a bit weak, so this was something she only thought about in her heart and didn't say out loud.

"Actually the reason is really simple, think about it" Fang Ming's right thumb, pointing at himself, "You and I are boyfriend and girlfriend, right? Your brother's brothers and your family, that's not like a family, they're all your cousins or cousins or something like that, right?"

"..... has cousins!" Li Yantong said.

"That is, in the future, even if we are married, that and they are still two families, and may even drift apart in the future, in the end it is not easy to say whether they are still seeing each other." Fang Ming laughed, "However, we can never be separated from your mother, we will always be a family. If you think about it, it's clear that your mother doesn't like or even loathes them, so why can't I come out and stir things up?"

Looking at Li Yantong's stunned expression, Fang Ming heatedly laughed and said, "Although I may have offended your brothers and sisters by stirring up today's meal, it doesn't matter because we may not have any dealings in the future, so it's not much of a loss. However, by doing so, I am making your mother happy and more satisfied with me than before, so why shouldn't I do that, you say?"

"But" Li Yantong opened her mouth to say something, but in the end she wanted to say something but stopped.

"Don't be a can't, Yan Tong, I just said it, in fact I'm doing this for you ah." Fang Ming said, "Think about it, if it wasn't to make your mother more satisfied with me, if it wasn't to make your mother and you happier, why would I bother to stir the pot? Would I be guilty of that?"

Li Yantong was silent, she let out a soft sigh and couldn't help but shake her head.

Fang Ming, however, did not notice Li Yantong's difference, he still thought that he had deeply won Li Yantong's heart, he could not help but heave a smile and said, "Yantong, to be honest, I actually saw today that your mother does not like those few people, apart from the reasons I do not know, it also has a lot to do with the character of those few people."

"Hmm?" Li Yantong was slightly stunned.

"You've seen them today, right, those guys, the women not to mention the girls' clothes are nice and cheap, basically at a glance it's hard to tell what price point the clothes are, at least I'm not very good at

looking at girls' clothes." The clothes they wore were almost all brand names, especially the one called your sister Ji Feng, the clothes they wore should be considered the cheapest among the three of them, but even that costs thousands of dollars a piece, just a shirt, that much money, how much money can they have, these office workers and students? That's not even a swell face?!"

"They maybe!" An odd look surfaced on Li Yantong's pretty face.

"Generally speaking, people who like to put on a fat face tend to be more snobbish, although I don't know those three guys, but according to this pattern, I'm afraid that eight out of ten`nine of them are that kind of people too." Fang Ming said, "Such a person, with Auntie Li's character, then she definitely won't like it!"

"Fang Ming, don't be ridiculous, they are not that kind of person!" Li Yantong said helplessly, "I used to see you as quite honest, how come I found out now that you also have so many flowery thoughts, moreover, you are also a bit self-righteous!"

"Oh?!"

Fang Ming was slightly stunned, a light flashed in his eyes, and then he returned to his normal self.

He smilingly asked, "Am I not right in my analysis?"

"There are things that are right, and there are things that are not right." Li Yantong said, "If they dress like that, they must have the intention and reason to dress like that, you can't judge people by their appearance, otherwise you will definitely suffer in the future when you go to the society!"

"Oh" Fang Ming couldn't help but laugh when he heard this.

He shook his head slightly, that Ji Shaodong and Ji Shaolei are just ordinary office workers, they actually wear such good clothes, and that Ji Feng, the same is a swollen-faced goods, such a person, can still make him suffer?!

"Fang Ming, listen to my words, don't be like this in the future."

Li Yantong said, "Although my brothers and siblings are not liked by my mother, they are also capable people, you just need to be good and honest, and my mother will definitely like you."

"From what you're saying, a few of them are very good?" Fang Ming asked.

"I can't say exactly what kind, but it's very powerful." Li Yantong said, "Moreover, my mother doesn't simply dislike them, the reasons in between are very complicated, so you should not follow and get involved, don't get involved, I have enough headaches now!"

"It's bothering you? Then tell me, maybe I can also help you think of a solution, if there is any anguish, we will bear it together!" Fang Ming immediately said with concern.

Li Yantong opened her mouth, and then suddenly remembered what Ji Shaolei had explained, she shook her head and laughed again, "I've said I won't let you follow and get involved, and in the blink of an eye I'm guilty again we'd better think about where we should arrange for your parents to stay!"

"Hehehe" Fang Ming then smiled and nodded, "Yan Tong, it's still you who's the best"

“Aiya~~ so fleshy!” Li Yantong’s pretty face reddened slightly.

.....

In the blink of an eye, the night passed like this, very calm and without the slightest ripple.

Early the next morning, Ji Feng received a call from his elder brother, Ji Shaodong.

“Third son, we’ve found out a bit of clues!” Ji Shaodong said over the phone, “That guy named Fang Ming didn’t go to university at Jinling University, according to the information we found, he got his undergraduate degree from Jinling University of Aeronautics and Astronautics and went to Jinling University for his graduate studies. were in the same major, but no one knew this Fang Ming.”

“His file is a fake?!” Ji Feng immediately asked.

“It’s too early to tell, I’m going to send someone to check again!” Ji Shaodong said, “But what’s certain now is that there must be something wrong with this person, because the people I sent there got the graduation group photos of all the classes of that law major, and there was no Fang Ming found in the photos!”

Swish!

A cold light immediately flashed in Ji Feng’s eyes as he said in a cold voice, “It seems that this guy really has some origins?”

If he could arrange a fake file in Jinling University of Aeronautics and Astronautics and enter Jinling University without any mistakes in the middle, and no one even noticed anything suspicious, even a fool wouldn’t believe it if he said this person didn’t have some origins!

“It’s still hard to say if there’s a source, I’m continuing to investigate.” Ji Shaodong said, “However, the most important thing now is not this, you have to find a way to ease the relationship with Auntie Li Yueqin as soon as possible, as we have said before, to solve this matter, the key does not lie in Fang Ming, but in Yan Tong!”

“But the problem is, right now my sister is not willing to come out.” Ji Feng said, “We’ve all been there yesterday, and now it’s no good for me to go there again, otherwise it will only make Aunt Li Yueqin resentful and might make things worse!”

“It seems that Fang Ming is in the middle of it!” Ji Shaodong immediately made a judgement.

“I think so too, but it doesn’t matter, no matter how Fang Ming is playing tricks in the middle, but one thing will not change, Li Yantong is my sister, no one can stop us from seeing each other!” Ji Feng said.

“Well, it’s right if you can think like that.” Ji Shaodong said, “Then, this way, today during the day you will not go far, just play within the city of Jinling, I also continue to send people to investigate this matter, once there is any news, I will inform you in time, and you will react immediately.

You will react immediately we go hand in hand, things will not be difficult to do!”

The first thing you need to do is to get a good idea of what you’re doing.

The first time he joined forces with his big brother to do something. Now, it seemed that big brother usually looked calm and majestic, but when it came to doing things, he was thunderous and thoughtful, and he could do it almost without missing a beat.

As expected, he is one of the three Yanjing Jiejie, and the fact that big brother can get this name is not a vain name!

Shaking his head, Ji Feng stood in front of the window with his hands behind his back and pondered.

Fang Ming was not an ordinary student, this was almost certain by now, having experienced so many storms, Ji Feng had developed a very unique keen sense of smell.

Chapter 1330

Shaking his head, Ji Feng stood in front of the window with his hands behind his back and pondered.

Fang Ming was not an ordinary student, this was almost certain by now, after experiencing so many storms, Ji Feng had developed a very unique keen sense of smell.

In fact, from the first time he saw Fang Ming, Ji Feng had a vague feeling that this guy must be different from ordinary students, only that, at that time, Ji Feng did not know how big a problem Fang Ming had, he just felt that this person was not very reliable, or at least too smooth and not very suitable for his sister Li Yantong.

And now it seems that the problem on Fang Ming is really not small.

If the file was fake, the identity could also be fake, and the possibility of that was high.

So, Ji Feng's biggest doubt now was why this Fang Ming, who was a fake no matter what his file or identity was, wanted to contact his sister?

Did Fang Ming want to have some casual fun or did he have some other purpose?

Now Ji Feng also can't answer this question, all of this can't be relied upon to guess out of thin air, we must wait until the results of Big Brother's investigation are known.

Therefore, now Ji Feng also stopped thinking about this, before things were really clear, all he could do was to wait.

The only thing he can do is to wait until things are really clear. Ji Feng is the one who knows how to regulate his mind.

The only thing that I can see is that there is still room for maneuvering. At least, even if it turns out that Fang Ming really has bad intentions, it won't hurt his sister too much.

The only thing is, Ji Feng still has some worries in his heart.

If Fang Ming was really found to have problems, then what should I tell my sister? In what way to deal with it?

"If you really have a problem, I will make you regret coming into this world!" Ji Feng's eyes glowed coldly, and a cold light flashed in his eyes as he said darkly.

Over the years, his sister had suffered enough, and since they had now recognized each other, Ji Feng would never allow anyone to harm his sister, no matter who the other party was, as long as they dared to do so, Ji Feng would definitely not show any mercy!

“San’er, did the boss call just now?” Ji Shaolei, the second brother, walked in.

Ji Feng nodded: “Well, big brother has investigated some eyebrows, but it’s just that it’s not finalized yet, so we have to wait a little longer.”

Ji Feng briefly repeated what his elder brother, Ji Shaodong, had said.

“Motherfucker! I knew that son of a bitch called Fang Ming wasn’t any good!” Ji Shaolei said in a cold voice, “Third son, I don’t think we need to wait any longer, we don’t need to be so disciplined in what we do, let’s just arrest Fang Ming and pry his mouth open!”

“We can’t do that!” Ji Feng shook his head, “If something happens to Fang Ming, then sister will definitely have an overreaction, it won’t work!”

“That also depends on how we do it!” Ji Shaolei sneered, “Third child, with this kind of person, you can’t talk about gentlemanly tactics! Now we can already be sure that there is definitely something wrong with Fang Ming, we just don’t know what it is yet, is that right? Then fine, just arrest him, and if he doesn’t talk, get him killed!”

Ji Feng frowned slightly, “Get rid of him?”

“He doesn’t deserve to die, huh?” Ji Shaolei said in a cold voice, “Now that we found out in time that he has problems, maybe Yan Tong won’t suffer any harm, what if we didn’t come to Jinling, or if we came but didn’t find out that Fang Ming has problems? What Fang Ming will do to Yan Tong in the future, can you anticipate?”

Ji Feng couldn’t help but be silent.

“If it was just the usual little things, I wouldn’t even be normal with him, but, not this time.” Ji Shaolei said, “Wanting to hit Yan Tong’s idea, no matter how far he goes, he deserves to die!”

Overbearing, tough!

When it came to his family, Ji Shaolei immediately showed his toughest and most ruthless side.

“Others can say I’m unreasonable, or they can say I’m a bully, whatever they say, I don’t care!” Ji Shaolei said forcefully, “I’m just bullying people, I’m just bullying people, what’s wrong with that? No matter who it is, if they dare to bang my family, they must die!”

Ji Feng couldn’t help but nod, these words were very lifted and overbearing, but there was no denying that Ji Shaolei was righteous, but there was no doubt about it!

“Second brother, in fact, I don’t even need you to say it, I want to do it too!” Ji Feng said, “There’s not much else in this world but a lot of people, so it’s not too much to kill one or two of them, especially this kind of bastard, it’s not enough to die! But we can’t do that now, we have to find out what Fang Ming is up to and where he came from first!”

“That’s easy, just arrest and interrogate him and it will be clear!” Ji Shaolei said.

“And what if he dies and doesn’t say anything?” Ji Feng asked, “Or if he kills himself just as soon as we catch him, won’t the trail be cut off later?”

“Then one will come and kill one, two will come and kill a pair!” Ji Shaolei had a murderous look in his eyes and said in a stern voice, “We don’t go out of our way to provoke others, but whoever dares to extend his claws to us, I’ll chop his whole body alive! I won’t even give him the chance to retrieve his claws!”

“That’s not right!”

Ji Feng shook his head and said, of course he understood what his second brother meant – no matter if there was someone behind Fang Ming or not, or whoever that person standing behind him was, anyway, there was only one rule, whoever dared to come and offend, we would finish them off, and finally beat them so that they would never dare to reach out again, or even dare to have that delusion!

There is no denying that this approach of Ji Shaolei is a solution to the problem, but it is not complete.

They are like vipers hiding in the shadows, not knowing when they will suddenly strike and give you a bite.

Ji Feng and the others, however, were in the open, but with a feeling of being defenceless!

“Second brother, we can’t be in a passive defensive position forever!” Ji Feng said, “Moreover, no defence is perfect, there will always be loopholes, and once the opponent catches this loophole, what is given to us could be fatal damage. Therefore, the best solution is to follow the vine, find the root cause of the opponent and directly uproot it, so that we can eliminate the problem forever!”

“What a fucking breathlessness!” Ji Shaolei couldn’t help but curse angrily and kicked the cabinet in the room, with a thud, a hole was kicked out of the cabinet, “If I were to follow my temper, it would be remarkable if he, Fang Ming, could still stand and talk to me now!”

Following the vine to find the root cause of the other party, this was the best solution, and how could Ji Shaolei not understand this?

However, it was hard for him to bear this anger, that son of a bitch Fang Ming had actually gotten his hands on Yan Tong’s body, and this was something that Ji Shaolei could not tolerate for even a moment!

Who was Li Yantong?

She was not just the daughter of Auntie Li Yueqin, she was also Ji Shaolei’s cousin, Ji Feng’s own sister!

No matter who she was, she would never tolerate her own sister being played with by another man like this!

Especially for Ji Shaolei, a man with a fiery temper, even if the other party just looked at her with lewd eyes for a couple more times, he would want to stomp on the other party, not to mention that Fang Ming was still arrogant like that?

“Second brother, just bear with it for a little longer.” Ji Feng said indifferently, “When we find out the results, I will take action myself!”

When it comes to hatred, Ji Feng actually hates Fang Ming more than Ji Shaolei, but now is not the time for a moment’s pain, you know, Li Yueqin aunt is definitely not willing to go to Jiangzhou or Yanjing, they are in Jinling, so far away, even if Ji Feng sent someone to protect, it can not be so well protected.

In case the opponents hiding in the shadows see an opportunity to strike again, the consequences may be unthinkable at that time!

“Of course, if there isn’t any behind-the-scenes promoter behind Fang Ming, then naturally it would be best, and we can deal with him any way we want when the time comes.” Ji Feng said in a deep voice, “But if there really is a push behind him, then we’ll have to hold back for a while!”

“Suit yourself!” Ji Shaolei waved his hand, “I’ll go out for some air, keep me informed if there’s any news!”

Ji Feng nodded, he knew the temper of his second brother very well, he was usually big and cheeky, but once his bottom line was touched, it would definitely be like a volcanic eruption, violent.

“Fang Ming”

Ji Feng looked out the window, a cold light flashed in his eyes: “After you fall into my hands, we will slowly settle the score!”

In the morning, Ji Feng, Xiao Yuxuan, Tong Lei and others went out to the nearby attractions.

Although because of what happened to Fang Ming, Ji Feng was not in the mood to go sightseeing at all, but he did not want Xiao Yuxuan and Tong Lei to suffer along with them, so he did not say anything about these things and just accompanied them around.

Of course, they went to some of the attractions in the city, such as the famous mausoleum in Jinling, and museums, etc. These attractions are all close to the city or within the city itself, and it is easy to drive to and from.

On the other hand, Ji Shaodong was also using a lot of his connections to investigate Fang Ming’s origins.

However, it was not a coincidence that it was the eleventh month holiday period, the teachers and students of Jinling University of Aeronautics and Astronautics were all on holiday, leaving only a few staff members on duty, who were either in low positions and could not find out anything, or did not have the power to find out some of the information needed for the files and so on.

Therefore, the progress on Ji Shaodong’s side was rather slow.

Meanwhile, Fang Ming was accompanying a middle-aged couple, smiling as they sent off Li Yueqin and Li Yantong’s mother and daughter, and then, in the hotel room they were staying in, they were discussing something in a low voice.

“Dad, Mom!” With a smirk, Fang Ming looked at the middle-aged couple in front of him.

“Mmm! Good son!” The middle-aged woman giggled.

The man, however, asked in a low voice, "I see that you and Li Yantong have progressed to a rather intimate point? The next step of the plan can begin, right?"
