Chapter 1331

“Well! I think that’s good enough!” Fang Ming nodded his head.

“Fang Ming, have you really completely fixed Li Yantong?” The middle-aged woman asked, “Let me remind you, don’t underestimate women, they may act ignorant a lot of the time, but that doesn’t mean they’re stupid, don’t let her see any clues!”

“Don’t worry about that!” Fang Ming smiled faintly, “We’ve worked together not once or twice, I’m sure you all know very well what kind of character I have, I won’t do anything that I’m not sure of!”

The pair of middle-aged men and women both nodded at his words, Fang Ming’s words were true, they had worked together so many times, but they had never seen Fang Ming miss a trick.

“You two can rest assured, everything is under my control, Li Yantong is even more devoted to me, there won’t be the slightest change of heart, let’s proceed according to the normal plan!” Fang Ming said confidently.

The pair of middle-aged men and women nodded, “Good then, let’s proceed!”

“But” Fang Ming suddenly said, “There is one thing that is worth noting, or maybe I’m just being paranoid.”

“What is it?!” The pair of middle-aged men and women couldn’t help but look tightened up.

Fang Ming said, “It’s like this, yesterday I was visiting Li Yantong’s mother at her home, but it turned out that many guests suddenly came to their home, and a few of them said they were her brother and younger brother, and it seemed that they were not ordinary people, and they were all dressed very well. I was relieved to learn later, when I deliberately side-stepped them, that they were all ordinary working people and one was a student.”

“So what do you mean” the man asked, “that there was something wrong with those people?”

“Now I can’t be sure, but, now that I think back, but I think they might really not be ordinary people, I remember when I went to pick you up from the station yesterday, Li Yantong once said that those few brothers of hers were very powerful, but exactly how, she didn’t say!” Fang Ming said, “If those few guys really have some origins, I’m worried that it might cause a problem!”

“Then what do you say?” The woman immediately asked.

“How about” I go and get rid of them!” The man’s face clouded over and he whispered.

“What are you talking about, we are not killers!” The middle-aged woman, however, said in a panic, “Besides, the gold owner didn’t pay for the killings!”

“Murder is definitely not okay!” Fang Ming shook his head and said, “We still don’t know if Li Yantong is still in contact with them, so if we do it rashly, we might alert them. Besides, I only have preliminary suspicions, and I don’t have any proof.”

“Then what do you mean” the middle-aged woman asked hesitantly, “What should we do better?”

“Let’s put it this way, we’ll stick to the original plan, but be ready to execute the second set of plans at any time!” Fang Ming said, “This way, we can be sure that nothing will go wrong. At least, even if we reveal a flaw, we can still divert the other party’s attention and we can get out of it!”

“Yes!”

“No problem!”

The middle-aged man and woman couldn’t help but nod their heads.

“Good then, we are going to continue, but before we continue, I do have a few words to explain to you two!” Fang Ming looked at the middle-aged man and woman and said in a deep voice, “In our line of work, although what we earn is not money for playing with our lives, the risks are actually not small, and this is something we all know very well in our hearts. This time, the owner has given us a large commission, yet he only asked us to do such a small job.

The middle-aged man and woman nodded along, Fang Ming’s words were very reasonable, the commission given by the golden master this time was really generous, they had never seen such a generous golden master in all their time in this business.

However, high rewards must also come with high risks, there is no free lunch in this world, with so much money to do such an easy job, to say that there is no significant interest involved in the middle, no one would believe it, of course, they can’t say it to anyone!

“Since both of you understand the risks involved, I won’t analyse it any further.” Fang Ming said in a deep voice with a sullen face, “Then what I want to tell you is, don’t forget our rules, or else no one will be able to protect you! Don’t forget, since the golden master can come up with so much money, then if he wants our lives, it’s as easy as pie!”

The middle-aged man and woman immediately looked aghast and hurriedly nodded their heads.

“Hm!”

Fang Ming nodded in satisfaction, “I also want to emphasize that after this job, we will go our separate ways, no one will know anyone in the future, you will continue to be your wild lovebirds, while I will go about my life, no matter how much profit there is, you are not allowed to contact me again in the future, got it?”

“No problem!” The man immediately said, “The golden master has given us so much money this time, it’s enough for the rest of our lives, and none of us will do it again!”

“That’s right, I’ve been wanting to wash my hands of this business for a long time, I haven’t been able to save enough money for my coffin!” The woman also giggled, “This is good, the owner is so generous, we will have everything after this job, who will be foolish enough to take the risk again?”

“Very good!” Fang Ming nodded, “That’s it then, let’s make it official this afternoon, and then we’ll go our separate ways at night!”

His words had just fallen when the phone suddenly rang.

“Shhh ……”

Fang Ming raised his index finger in a silent gesture, and then looked at the number, his face changed slightly and he carefully picked up the phone, "Hello"

"How's your operation going?" A gloomy voice came over the phone.

"It's going well, the operation will be official this afternoon!" Fang Ming said in a lowered voice.

"Your operation should be quick!"

Fang Ming asked at once, "Has there been some kind of change of heart?"

"No, but today I got news that someone is investigating your file at Jinling University of Aeronautics and Astronautics, fortunately it's during the November holidays, the staff are almost all off work, the other party doesn't seem to have found anything, but there's not much time left for you guys!"

Fang Ming's face suddenly changed dramatically, but his voice was as calm as ever: "Yes! I will complete the task as quickly as possible!"

"Well! Remember, if something goes wrong"

"We're liars!" Fang Ming said immediately, "Or die"

"Very well!"

The call was hung up at this point, but Fang Ming was standing in place, not moving for a long time.

"What, what's wrong?" The middle-aged man asked.

"Someone is investigating us now, I think it should be the ones I saw yesterday!" Fang Ming said in a deep voice.

"Huh?"

The middle-aged woman was immediately taken aback, "Then what do we do?"

"We follow the second plan!" Fang Ming said, "Now safety comes first, we'll execute it this afternoon, I've got quite a lot of information now anyway"

.....

"Ji Feng, let's go back, it's too hot in the afternoon, I don't want to stroll around!" After strolling around another attraction and having dinner at a nearby restaurant, Xiao Yuxuan proposed to go back.

"That's no more strolling?" Ji Feng asked with a smile, "Lei Lei, what about you?"

"I'm planning to go back too." Tong Lei said.

Ji Feng nodded and smiled, "Good then, let's go back!"

Afterwards, several people drove back to the hotel, however, just halfway, Ji Feng received a call from his elder brother, Ji Shaodong.

“Third child, Fang Ming’s parents have arrived in Jinling, but I’ve checked and there’s something wrong with their identities as well.” Ji Shaodong said, “I suspect that they are the ones who are meeting with Fang Ming!”

“Can we do it?” Ji Feng immediately asked.

“It’s ready!”

Ji Shaodong said, “The line should not be placed too long, otherwise if something changes in the middle, it might cause unnecessary harm to Auntie Li and Yan Tong and the girls! As long as we catch Fang Ming and his parents, we can get some clues from their mouths, with three mouths, it’s always impossible to say exactly the same thing, there will always be a breach!”

“I got it!” Ji Feng said.

“I’ll arrange the specific actions, but you and Shao Lei should stand guard nearby, just in case.” Ji Shaodong said, “You wait at the hotel first, I’ll call you for the exact time and address of the operation!”

“I understand!” Ji Feng finished speaking and hung up the phone, “White Spider, speed back to the hotel!”

As he spoke, he called up his second brother Ji Shaolei’s number and dialed it, “Second brother, get ready to start the operation, we’ll rendezvous at the hotel

When Ji Feng and the others returned to the hotel, they found that Ji Shaolei was already waiting at the hotel.

“Third child, about to start the operation?” As soon as he saw Ji Feng, Ji Shaolei lowered his voice and asked, “Did you find out something?”

Ji Feng shook his head and said, “No, but Fang Ming’s accomplice has appeared.”

“Then it’s time to arrest someone!” Ji Shaolei nodded and said in a cold voice, “Son of a bitch, his accomplice has appeared, maybe he’s about to make his final move after hiding for so long, the fox’s tail has finally revealed itself, let’s see how I’ll clean him up!”

Originally, there was only Fang Ming, Ji Feng and the others did not dare to make an arrest. Because they did not have any evidence in their hands, and once there was a change of heart during the arrest, such as Fang Ming’s direct suicide, then their trail would be completely broken and there would be no way to investigate any further.

That’s why Ji Feng and the others hadn’t moved.

But now it was different, Fang Ming’s accomplices had appeared, and by catching them all, someone would always be pried open!

“When will we do it?!” Ji Shaolei asked in a low voice.

“We don’t know yet, big brother is making arrangements, waiting for his notice!” Ji Feng said.

Ji Shaolei then nodded, “I’ve put up with it all day, it’s time to clean up that son of a bitch!”

When he thought of Fang Ming, Ji Shaolei wanted to slap him to death, what the hell, if not for the presence of Li Yueqin and Li Yantong, that bastard could have walked out of the hotel standing up, Ji Shaolei would have taken his surname!

Now it's finally time to do something about it!

Chapter 1332

In the suite of the Jinli Hotel in downtown Jinling, Ji Feng was sitting upright on the sofa with his eyes closed.

The clock hanging on the wall was ticking away, time passing by, Ji Shaolei looked up from time to time to check the time, almost a little impatient to wait.

"What the hell is the arrangement on the boss's side, does it take that long to catch a person in that row?" After waiting for another ten minutes, Ji Shaolei finally got a little impatient and couldn't help but frown.

Ji Feng said, "Second brother, there's no need to rush, we don't need to do the arresting ourselves, what the boss means is that we pick up the pieces on the side to prevent a sudden change of heart and let Fang Ming escape."

"Can I not be in a hurry?" Ji Shaolei shook his head, "You saw how arrogant that son of a bitch really was at lunch yesterday, if he was just having a normal relationship with Yan Tong, then it would have been fine, now since it's confirmed that he has a problem, then we have to take him down with thunderous measures and then slowly interrogate him, I'll see how arrogant he still is!"

The corner of Ji Feng's mouth pulled up a slight curve and laughed, "Why bother with him so much, after you catch him, everything will be fine!"

"Hey, brother I don't have such a good connotation, even Wu Zhiyong wouldn't dare to be so arrogant in front of me, yet that son of a bitch Fang Ming is so rampant!" Ji Shaolei coldly snorted.

Ji Feng laughed and didn't say anything else.

Although big brother and second brother were two brothers, their personalities were really quite different.

Big brother was calm and steady, but second brother was quick-tempered and did things in a thunderous manner, so now he wasn't even willing to wait a minute.

"No, I have to call the boss to ask about the situation, I can't keep waiting like this foolishly!" Ji Shaolei took out his mobile phone and was about to dial his boss Ji Shaodong's number, but he was stopped by Ji Feng.

"Don't call, the boss is probably busy right now too, otherwise he would have called us already, if you rush him now, it might make his hands busy instead!" Ji Feng said, "I reckon that the boss is delaying his move, probably because Fang Ming is with my sister, it's not good to make a move!"

"That son of a bitch is quite good at finding amulets!" Ji Shaolei smiled and couldn't help but say in a cold voice.

.....

Ji Feng's guess was correct, at this moment, Fang Ming was, indeed, with Li Yantong.

Not only him, but also his mother, the two of them were chatting with Li Yantong's mother and daughter. Since they had come to visit their future daughter-in-law, they would naturally not just have a meal and leave it at that.

After lunch they agreed to go shopping in the afternoon, and Fang's mother even suggested that since she had come in a hurry, she hadn't brought any gifts with her, so she would give Li Yantong a gift when she went shopping in the afternoon.

Although Li Yueqin didn't intend to ask for anything from the others, she still wanted to be polite.

As the four of them walked out from their neighbourhood, Li Yantong could not help but ask, "Is Brother Fang busy?"

This time, only Fang's mother and Fang Ming were on the street, and Fang Ming's father did not appear, so out of courtesy, Li Yueqin asked.

"Oh, he's a bit busy with something, he'll be over soon!" Fang's mother said with a smile.

"So that's how it is!" Li Yueqin nodded her head.

"Yan Tong, Auntie came in a hurry this time, so she didn't bring any decent gifts, don't be offended, later on when we get to the street, Auntie will pick out a present for you properly!" Mother Fang said.

"No need Auntie." Li Yantong hurriedly said, "I don't need any gifts."

"Yes, sister, you don't have to pay for it, it's reasonable for Yan Tong to visit you, how can she still ask for something from you?" Li Yueqin also said.

She didn't want to be looked down upon, and even more so, she didn't want Fang Ming's mother to think that her daughter was just dead set on asking for money, although they were poor, they didn't lack ambition.

"Let's talk about it in the street, okay?!" Fang's mother said with a smile, "Fang Ming, you go and stop a car on the road."

"Hey!"

Fang Ming nodded his head and agreed, jogging all the way out of the district quickly, ready to go and hail a taxi.

Squeak—!

Suddenly, a sharp and ear-piercing sound came over, which was the sound of sharp braking caused by the tyres rubbing against the ground.

Li Yueqin immediately looked, but the scene that met their eyes caused them to be terrified.

At the entrance of the district, Fang Ming, who had just run out of the district to stop a taxi, was now on the ground, his body twitching continuously, while in front of him, there was a blue taxi Fang Ming had a car accident!

“Fang Ming!” Li Yantong exclaimed, and immediately ran towards the entrance of the district.

“My son~~~” Fang’s mother likewise cried out in grief, running forward frantically as if she were mad, shouting, “My son, my son, don’t let anything happen to you!”

Li Yueqin was also stunned, how could this happen, Xiao Fang only went out to stop a taxi, how could he be in a car accident!

SQUEAK—!

The next moment, the blue taxi suddenly started up and dashed off like an arrow, disappearing in the blink of an eye into the traffic.

Only Li Yueqin, her mother and daughter, and Fang’s mother were left here, all three were women, not to mention running after the taxi, they were all in a panic at the moment, not knowing what to do.

Fang’s mother and Li Yantong had already run to the entrance of the district, they saw that at this moment, Fang Ming had already fallen to the ground, blood was all around his head and body, his face was also covered with blood, his body was still twitching, the person had already passed out that scene, it was really a bit tragic.

“My son -!” Fang’s mother screamed miserably, “What should I do, what should I do!”

“Fang Ming! Fang Ming!” The first thing you need to do is to get a good idea of what you’re doing.

“Quick! Call an ambulance!” Fortunately, Li Yueqin was still slightly calmer, she said while taking out her mobile phone to call an ambulance, her hands were still shaking when she dialed the emergency number

“What should I do, what should I do” Fang’s mother was completely panicked at this moment, shivering continuously.

“Auntie take it easy, take it easy, take Fang Ming to the hospital first” Li Yantong said in a panic.

“But I don’t have much money on me, how can Fang Ming be resuscitated without money, sob~~~” Fang’s mother cried out, grieving, “I can’t just watch Fang Ming die, Fang Ming-! ”

“Sister, don’t think about the money first, take him to the hospital first, we can think of a way to save him if we don’t have enough money, the hospital won’t see him die!” Li Yueqin said, “If it is not possible, I still have some savings here, when the time comes, first take out to save Fang Ming, save the person is important!”

“Hey, sister, thank you so much, I don’t even know what to say” Fang’s mother was incredibly grateful.

“What’s the point of talking about this, Little Fang is a kid I quite like too ugh!” The company’s main business is to provide a wide range of products and services to its customers.

The fact that Fang Ming was covered in blood, he was hurt so badly that he didn't know how to save himself in the hospital.

Thinking of this, Li Yueqin immediately said, "Yan Tong, you stay here with your aunt first and wait for the ambulance, I'll go back for a while!"

"Mm!" Li Yantong nodded, she was also in a panic, so she could only listen to her mother's command.

Back at home, Li Yueqin lifted the bed and took out a passbook from under the mattress, after looking at the numbers on it, she gritted her teeth and turned around and quickly went out.

The money in the passbook was all the savings she had after she had sold out the small shop in the Yunshan tourist area.

This money was intended to be used as a dowry for her daughter, for example, if the man had difficulties when buying a house, then she could also subsidize some of it, but now, it's important to save lives!

.....

Ji Shaolei still didn't hold back and called his elder brother Ji Shaodong, but the news he got surprised him.

"There's been a car accident?!"

Ji Shaolei was so surprised that he almost didn't throw the phone in his hand, "Boss, you mean that son of a bitch Fang Ming had a car accident? Or in front of Yan Tong's neighborhood? Did he die?"

"What, Fang Ming had a car accident?" Next to him, Ji Feng, who had been resting his eyes closed, also snapped open his eyes.

"..... Okay, I got it, we're leaving now!" Ji Shaolei hung up the phone after talking to Ji Shaodong a few more times, "San'er, Boss just said that that son of a bitch Fang Ming was hit by a car in front of Yan Tong's neighborhood, his life and death are unknown, and he has currently been sent to the hospital!"

"What are the details?" Ji Feng immediately asked.

"At the moment, we only know that it was a traffic accident case, the hit-and-run driver has fled, the traffic was very busy at the time, the officers sent by the boss to monitor it, there was no way to stop it, but the license plate has been taken down, now the boss has asked the relevant departments to intervene!" Ji Shaolei said, "Now Fang Ming has been sent to Zhongshan Hospital, the boss told us to go over and meet up with him!"

"This car accident is too opportune, isn't it?" Ji Feng, however, frowned slightly, "Is there really such a coincidence?"

"What, you suspect that Fang Ming had an inside story about his car accident?" Ji Shaolei immediately asked.

Ji Feng nodded, "I do have this suspicion, but it's still too early to say, let's go over and take a look first!"

"Go!"

Several people quickly packed up and walked out in big strides, before getting into the car, Ji Feng suddenly asked, "By the way, when Fang Ming had the car accident, did Aunt Li Yueqin and my sister know about it?"

"Boss didn't say!" Ji Shaolei said, "I'm not too sure about the specifics!"

Ji Feng's eyebrows tightened up, and he waved his hand, "Let's go, let's speed up and rush over there!"

"Surprisingly, there was a car accident at this time?!" Sitting in the car, Ji Feng's heart quickly deliberated, he always felt that there should be some situation here, because this car accident of Fang Ming's was too coincidental, this time they were about to arrest someone, and then Fang Ming's car accident happened!

There must be something wrong!

Chapter 1333

"Boss, what's going on?"

In the car park of Jinling Zhongshan Hospital, Ji Feng met his elder brother Ji Shaodong who was already waiting here.

Ji Shaolei, who was even more of a hothead, came up and asked, "Boss, how come it's such a coincidence that we were just about to arrest Fang Ming and then he had a car accident over here? Could there be something wrong in between?"

"We don't know yet, but it's true that Fang Ming was in a car accident. According to the people I sent to keep an eye on him, when Fang Ming was brought to the hospital, he was covered in blood, and it looked like he was injured, and it was not a light injury!" Ji Shaodong said, "The details, or let Captain Zhang talk about it."

Ji Shaodong looked at a man in a police uniform next to him, a man around thirty years old, looking very competent, and judging from his police uniform, he should belong to the traffic system.

"This is Captain Zhang, the brigadier of the Jinling Road Jiang District Traffic Police Detachment." Ji Shaodong said.

Ji Feng and Ji Shaolei then nodded at that Captain Zhang, being able to stand next to Ji Shaodong and get involved in this matter, it was obvious that this Captain was one of Ji Shaodong's people.

"The thing is, according to our investigation, at that time the injured just out of the district, from the road out of a blue taxi, directly knocked him to the ground, and then, the taxi driver drove away, the injured was then sent to Zhongshan Hospital, is still in the rescue!" Captain Zhang said, "From the current situation, this is obviously a traffic accident case, and we have already intervened in the investigation!"

"How is the injured person?" Ji Shaolei immediately asked, "Are there any life-threatening injuries?"

"The specifics are not known yet, as the injured person has been in resuscitation and we have not seen anyone, however, according to the information provided by the informant, the situation of the injured person is the same as what Secretary Ji said." Captain Zhang said.

Ji Shaolei then nodded, he knew that the 'informants' that Captain Zhang was talking about were actually the people that Big Brother had sent to keep an eye on Fang Ming, and they should have seen the crime scene before and after at that time.

"So, how did this traffic accident case happen? Was it really just an accident, or was it premeditated in itself?" Ji Feng listened for a moment beside him and suddenly asked.

Captain Zhang said, "After the incident, we immediately retrieved the CCTV footage of a dozen intersections before and after the accident section, and at the same time, also continued to track along the direction in which the blue taxi fled, but we haven't caught the perpetrator yet. Because the other party is very cunning, after fleeing for a period of time, they entered the fork in the road, where there is no surveillance, and want to find out can only rely on the police officers to conduct visits and investigations, so the progress is not very fast."

"Hmm!"

Ji Feng nodded thoughtfully and said, "Captain Zhang, you're only talking about tracking that blue taxi forward, so from which direction did that blue taxi drive past the entrance of the incident neighborhood? Did you investigate the opposite direction when this taxi came?"

Captain Zhang then gave Ji Feng a surprised look before nodding his head and saying, "We have investigated, this taxi started to depart from the entrance of the incident district two junctions back, and further back, there was no surveillance video to capture this car."

"Then, is it possible to say that this taxi, itself, should not have come from the main road, it should have taken a side road and waited until it was only two intersections away from the district where the incident occurred before it got onto the main road." Ji Feng mused, "Subsequently, when the injured person came out of the district, this taxi immediately drove out and then hit and injured the injured person, and in turn fled?"

"From the current situation we can say that for now!" Captain Zhang nodded, his heart was even more amazed, this young man in front of him seemed very professional, and asked questions that were on point.

In fact, Captain Zhang himself had this suspicion that this might be a case of a deliberate traffic collision, or a criminal case, so to speak!

Because according to the analysis of the situation of the road around the incident community, the taxi to conceal the surrounding surveillance cameras, directly appeared in only two intersections from the entrance of the incident community, either, the taxi is that intersection near the community or a certain unit of vehicles, has been parked there, and then suddenly came out, so some of the road further back did not capture the taxi.

Either that, or the taxi had taken some side roads and that's how it had hidden from those surveillance cameras at the road junction. However, there are very few vehicles on the side roads around the area, and most of the side roads are for pedestrians, so it is difficult for vehicles to get through, and they have to be very careful.

According to the police investigation, no one had seen the blue taxi in the neighbourhoods near the junction.

The reason is that these neighbourhoods are closed and vehicles cannot get in without a permit.

So there is this to see that the blue taxi, which must have come from one of the surrounding side roads, is very suspicious.

A car that would rather take a side road like that, which is difficult to navigate, to hide from the cameras and thus create this traffic collision I'm afraid no one would believe it if they said that none of this chain of actions was deliberate!

"So it's someone who doesn't want Fang Ming to live" Ji Feng's hands clasped his arms as he mused, "Brother, make sure you find that blue taxi as soon as possible!"

"The police are already working on it, this is after all a vicious hit-and-run traffic case that has to be solved!" Ji Shadong said, "It's just that it happened so suddenly and there aren't enough police officers now, so they can only take their time to visit and investigate, but I believe there will be results soon!"

"Mm! That's the best!"

Ji Feng nodded and said, in fact, he already had a guess in his heart, since the other party has been plotting for a long time to run over Fang Ming, or, even if they don't want to run over him, but also don't want him to speak up then, that taxi driver will definitely have a follow-up escape plan after hitting someone, and it happens to be on holiday now, the police force itself is seriously insufficient, wanting to catch the perpetrator, it's probably difficult!

Maybe

It's possible that the perpetrators have all fled Jinling by now!

It should not be difficult to escape the city now if there is someone to pick them up. At least if the perpetrator was Ji Feng, he would have many ways to escape easily and comfortably.

Because the key problem was that no one had seen who the perpetrator was!

Everyone just knew that the guy was driving a blue taxi, and although he knew the license plate number, that wasn't really very useful, and if he wanted to escape, with a little preparation, then the other party could change cars at any time during his escape, and it would be as difficult as heaven to catch him then!

So, for catching the perpetrator, actually Ji Feng no longer held much hope.

"Big brother, catching the perpetrator who drove the blue taxi, this is actually just one aspect of the operation." Ji Feng said, "The key issue now is still focused on Fang Ming!"

"You're right!"

Ji Shadong was also deeply convinced as he said, "Now that the police have placed police forces around the hospital, any wind or movement can be under control!"

“This will provide some more protection, but it’s still far from enough!” Ji Feng shook his head and said, “If someone really wants Fang Ming’s life, then just placing manpower around the hospital will definitely not be able to prevent it, there are so many people coming and going in this hospital, how can we prevent it?”

“Then what do you mean” asked Ji Shaodong, he was not an insider in this area and was only following the police’s arrangements, now that Ji Feng had raised his doubts, he naturally had to give it some thought.

“Arrest people!” Ji Feng said.

“Arrest someone? Arrest who?” Ji Shaodong was stunned.

Ji Shaolei and that Captain Zhang also looked at Ji Feng, who to arrest now that the person hadn’t even been checked?

“Arrest Fang Ming’s parents!” Ji Feng said in a loud voice, “Since we can conclude that they are not really a family, then his now so-called parents must be his accomplices, they must know something, in the name of assisting in the investigation of this traffic accident case, take them away and control them! Since they can’t catch Fang Ming, catching them would be the same!”

“You mean, just start interrogating the two of them?!” Ji Shaodong asked.

“That’s right!”

Ji Feng said, “Actually, it’s a two-pronged approach now. On the one hand, the operation to track down the taxi driver has to continue and be accelerated. On the other hand, by interrogating Fang Ming’s parents, we might also get some clues, which can also help in the investigation of Fang Ming’s case, which can be considered as killing two birds with one stone.”

“More importantly, Fang Ming has already had an accident, so we absolutely can’t let anything happen to his parents again now, otherwise, our leads will all be cut off!” Ji Feng said in a deep voice.

Ji Shaodong was also a decisive person, and he only pondered for a moment before immediately nodding his head and saying, “Hm! This solution of yours is feasible! Captain Zhang, I have to trouble you with this matter, you can see to it exactly how to do it, I only have one request, not to make the parents of the injured suspicious, but also to bring them to the police station!”

“Secretary, don’t worry, assist the police in their investigation, catch the perpetrator early, and also give his son and their family an explanation, I believe they will understand!” Captain Zhang said immediately.

“Well! This is best!” Ji Shaodong nodded his head.

“Also, Captain Zhang, don’t show any cracks because there are still our relatives inside, don’t let them worry along with you!” Ji Feng added, “Please!”

“The police won’t cause trouble for others in handling the case!” Captain Zhang said.

And then, after he thought of Ji Shaodong again and greeted him, he led the few police officers around him and entered the hospital in stride.

Looking at their backs, Ji Feng couldn't help but frown slightly, he always felt that there was still something wrong somewhere, but exactly what it was, he couldn't tell, it was very strange!

Chapter 1334

"San'er, what do you think should be done next?" After Captain Zhang had led the men into the hospital, Ji Shaodong asked again.

In this matter, the composure and calmness Ji Feng showed, as well as that meticulous thinking, made Ji Shaodong sidelined, while he was not much experienced in such matters, so he took it as it came and wanted to listen to Ji Feng's opinion.

"Big brother, I actually think things are pretty clear now." Ji Feng pondered for a moment and said, "Fang Ming suddenly got into a car accident, which is eight`nine times out of ten because someone didn't want him to live or didn't want him to say anything, so that means that it's likely that someone has already noticed our actions"

"I also think so, if someone did not detect our actions, then they would not have suddenly attacked Fang Ming, this is clearly a desire to kill to silence!" Ji Shaodong said.

"Who could it be that has detected it?" Ji Shaolei asked with a frown, "Could there be someone behind Fang Ming?"

"We don't know this yet, it's all still an unknown!" Ji Shaodong nodded, "Perhaps, after Captain Zhang brings Fang Ming's parents to the police station, we will be able to ask something out of their mouths."

"Motherfucker!"

Ji Shaolei grimaced and sneered, "What kind of cats and dogs jump out when the old man doesn't give off his authority, if there really is someone behind Fang Ming, then no matter who it is, I won't let him off this time!"

"In fact, you guys are also responsible for this matter, at that time you went to Yuncheng to look for Aunt Li Yueqin and Yan Tong, their mother and daughter, it made too much of a fuss in Yunshan, at that time I'm afraid quite a few people knew about that matter, the reason why there wasn't any big fuss was probably because someone wanted to use this matter to make a fuss!" Ji Shaodong said, "The first signs may have been seen by now!"

"Investigate!"

Ji Shaolei gritted his teeth and said, "At that time in Yunshan, there were quite a few people who knew about the matter, but not many were really able to spread the word! We have to catch aspects of things, and whoever noticed it, then there must be something wrong with them! The person behind the curtain must be uncovered!"

"For now, it doesn't matter who has detected it, it's still too early to say all this!"

Ji Feng said, "But there is one important point, since some people took one look at us investigating Fang Ming, or sensed that we were going to arrest him, they immediately wanted to silence him, then it is obvious that Fang Ming should be an extremely crucial person, or at least, he can threaten the people behind him, otherwise he would not have been exterminated!"

“Right on the money!” Ji Shaodong nodded his head and said.

“So, the key issue now still lies with Fang Ming! As long as Fang Ming is guarded, then the other side will be jumping for joy!” Ji Shaolei also smiled, “At that time, the other side will definitely have a breach revealed!”

“Mm!”

Ji Feng nodded, “That’s it, so even if we catch Fang Ming’s parents now, we definitely can’t relax our investigation of Fang Ming, and of course, Fang Ming’s safety will have to be protected even more!”

“Protect him, my ass! And protect him?!” Ji Shaolei sneered, “It’s not bad enough to have him in the hospital right now, how can you protect him? Why don’t we just let the word out that Fang Ming is about to wake up, then if some people can’t sit still anymore, they will definitely send someone to act, then let them finish off Fang Ming and we will catch the person who did it, isn’t it better than waiting here foolishly now?”

If it wasn’t for Li Yueqin and Li Yantong, he would have taken care of that son of a bitch Fang Ming.

Now it’s a good thing that you have to protect him?

..... is bullshit!

Ji Shaodong, however, said, “San’er is right, we must keep a close eye on Fang Ming!”

“The actual truth of the matter is that as long as we hold on to this key point, then nothing will change.” Ji Feng said.

Now there is no doubt that Fang Ming is that key point, that Fang Ming is close to his sister Li Yantong, that Fang Ming’s parents are most likely fakes, and that someone wants to silence Fang Ming

Everything now revolves around Fang Ming.

Then, by recognizing this, the rest of the things done will be very purposeful!

“That’s right, San’er is right about that.” Ji Shaodong nodded soberly.

“The key question is, how do we seize this key point!” Ji Shao said.

“Have the police send someone to protect it!” Ji Shaodong said immediately, “We can make this case a criminal case for the time being, and the police will send someone to protect Fang Ming twenty-four hours a day, so that it can be justified!”

“Mm!”

Ji Feng nodded, “This is a good idea!”

If the police came to the rescue, it would completely dispel Li Yueqin’s and Li Yantong’s wariness and make them feel more at ease, while at the same time, when the police said they were protecting Fang Ming, it actually meant monitoring, depending on how each person interpreted it anyway!

This way, if anything goes wrong with Fang Ming, Ji Feng and the others will be able to know about it at the first opportunity, and they’ll be in complete control of the initiative!

“Let you guys do as you please! Don’t look for me about protecting that son of a bitch, I want to incite him when I hear his name!” Ji Shaolei shook his head helplessly, the mention of protecting that son of a bitch Fang Ming made him very upset, but he also knew that this was the best way to go, so he could only shake his head, not seeing is not bothering him!

Both Ji Shaodong and Ji Feng couldn’t help but smile, Ji Shaolei was such a temper.

“Big brother, I want to go to the hospital!” Ji Feng deliberated for a moment and suddenly said.

“Go see what?!” Ji Shaodong asked.

“I want to see how Fang Ming is doing.” Ji Feng said, “I always have to check it out personally, so that I can have a good idea.”

In fact, until now, Ji Feng still felt that there was something wrong somewhere, but what exactly was wrong, he couldn’t say, he just had a very strange feeling, so he had to go over and check it out in person, otherwise, he always felt unsure in his heart.

“The doctor is rescuing Fang Ming, so you won’t be able to see anyone if you go. Ji Shaodong said, “It’s better to wait a little longer!”

“..... is better!”

Ji Feng thought for a moment and nodded his head.

“San’er, do you really want to go in?!” Ji Shaolei said, “I do have an idea!”

“What solution?!” Ji Shaodong and Ji Feng both looked at Ji Shaolei at the same time.

“It’s very simple, didn’t Lei Lei call Yan Tong and ask her out on a date earlier? Now let her call Yan Tong again, this way, we know that Fang Ming had a car accident, it will be logical!” Ji Shaolei said, “Then you can visit Fang Ming, even Auntie Li Yueqin won’t be able to say anything!”

“That’s a good idea!” Ji Shaodong’s eyes lit up.

“Let’s do that!” Ji Feng nodded, “Second brother, not to mention, you can really have unexpected ideas at critical moments!”

“Not critical moments, brother, I’ve always been so unexpected!” Ji Shaolei said.

“.....”

.....

Zhongshan Hospital, outside the emergency room, Fang Ming’s mother, Li Yueqin and Li Yantong were sitting on a bench in the corridor outside, waiting anxiously.

Looking at the operating lights on the wall, Fang’s mother couldn’t stop wiping her tears.

Although Li Yueqin and Li Yantong were also very anxious in their hearts, they could only comfort Fang’s mother at the side, “Auntie, don’t worry for now, Fang Ming will definitely be fine.”

“Yes, sister, Xiao Fang is not a short-lived person, he will definitely be fine!” Li Yueqin also said.

“God damned bastard, such a wide road, why did it just hit my son!” Fang’s mother cried bitterly as she kept cursing the blue taxi driver, “Why didn’t he run himself to death, why did he run out to harm people!”

“Sister, don’t worry, the police will definitely find that taxi driver, he won’t be able to get away!” Li Yueqin said comfortingly.

“But if we can’t find that murderer anytime soon, what will my son do!” Fang’s mother said in pain, “Old Fang and I came out this time, we didn’t bring much money with us, we just paid the deposit, what can we do about this next rescue and hospitalization, Old Fang went out on an errand and hasn’t come back yet, I’d rather it was me who is lying in the emergency room now, sob~~!”

As Li Yueqin and Li Yantong listened, they couldn’t help but have a difficult look on their faces and hearts.

A few moments later, Li Yueqin suddenly said, “Sister, don’t worry about the money, I know you came in a hurry and probably didn’t bring much money with you, no, I have already prepared the money, you can take it first, it’s important to save the person!”

As she spoke, Li Yueqin handed her bag to Fang’s mother, “This is a little bit of my savings, it’s not much, you can use it first!”

“This, how can this work, no no no, how can I use your money” Fang’s mother was stunned and then hurriedly excused herself, “It’s not easy for you and Yan Tong to live, Yan Tong is still in school and also needs to spend money time no no no!”

“Sister you don’t have to be polite, first save the life is important, if it is not possible, when Xiao Fang is discharged from the hospital, you can return it to me!” Li Yueqin said.

“Then that’s really thankful sister, thank you so much!” Fang’s mother took the bag and ran her fingers over it without a trace, an imperceptible joy flashed in her eyes

“Just don’t say these polite words, Little Fang is a kid I like quite a lot too,” Li Yueqin said.

Just then, a few policemen walked over with big strides and arrived in front of them.

“Excuse me, are you all the families of the injured?” The policeman at the head of the group asked politely.

Li Yueqin and Fang’s mother were slightly stunned at once.

“This is the injured person Fang Ming’s mother!” Li Yantong asked, “You guys are”

“Oh, it’s like this, after our investigation, we believe that this is a premeditated car accident, so we would like to ask the family of the injured Fang Ming to come back with us to explain the situation so that we can also conduct an investigation!” The police officer in charge said.

Chapter 1335

A shock flashed through Fang’s mother’s eyes, and some hesitation, “Can’t I ask here?”

“This lady, there are many people in the hospital, if you ask here, you will inevitably not be disturbed!”
The policeman in charge smiled.

“You, you want to arrest me? My son has been hit by someone and is dying, but instead of arresting the bad guys, you are coming to arrest me? What kind of reason is that? To the police officer’s surprise, not only did Fang’s mother refuse to cooperate, but she immediately shouted, causing many people to look over here!

Li Yueqin couldn’t help but say, “So what, comrade police officer, you see the injured person is still being resuscitated in the emergency room, his mother is waiting here, how can she leave in peace? How about this, let’s wait until the person is rescued and then we can talk about the questioning, is that okay?”

“Yes!”

Li Yantong also helped to plead, “Yes, comrade police, please be considerate!”

The policeman in charge shook his head and laughed: “I say, how can you all misunderstand, we are not trying to arrest anyone, we just want to catch the perpetrators, so we want to ask this lady to cooperate with the investigation. If so, you will also have to explain the situation. Only with your cooperation can we catch the bad guys!”

“Yes!”

A policeman next to him also followed, “Three, let’s say something bad, the injured person inside this emergency room is still being resuscitated, right? If we can get through it safely, then naturally it would be best, but if if something happens, then naturally we have to catch the bad guys even more, right?”

“Besides, after this injured person is resuscitated, where does the money for this rescue and treatment come from? The perpetrators are definitely going to be compensated, but if you can’t catch the perpetrators, isn’t this more trouble?!”

“This is true!” Li Yueqin and Li Yantong listened, this police officer does have a point, catching the perpetrators will certainly be beneficial to Fang’s mother and Fang Ming, now just cooperate with the investigation, not to be caught in the bureau, but also understandable!

“If you are worried about the injured, we will leave two people here to keep watch, and we will contact you in time if anything goes wrong. The policeman in charge said, “You see, this is okay, right?”

“This”

Li Yueqin hesitated for a moment and turned her head to Fang’s mother, “Sister, you can see that what the police comrade said is quite reasonable, we are all doing it for Fang, right?”

“But our old Fang is on his way here, so if he can’t find me and Fang Ming’s condition is unknown, he’ll be anxious to death!” Fang’s mother said, “Anyway, I’m not going to the bureau, I’ll stay here with my son and wait for my old Fang!”

“This lady!” The police officer in charge said, “We are here to catch the perpetrator, and according to all the signs, the perpetrator should have planned to hit someone for a long time, if you don’t cooperate with the investigation, we can’t guarantee anything will happen below!”

“What?!” Li Yantong was instantly shocked, “You mean, someone wants to kill Xiao Fang?”

“Nothing can be said right now, we only have preliminary suspicions, we still need your cooperation to investigate clearly!” The policeman in charge said.

“This” Li Yantong and her mother Li Yueqin looked at each other, they both felt that the situation seemed a bit serious and beyond their imagination, Fang Ming was just an ordinary graduate student, how could someone want to kill him!

“This lady, I must remind you that it is no longer a matter of whether you report the case or not, since we suspect that it is a criminal case, then, we must investigate to the end!” The policeman in charge looked at Fang’s mother and said in a deep voice, “If you still want your son to spend the rest of his days in peace, this case must be solved, otherwise, we police can’t protect you twenty-four hours a day!”

Fang’s mother’s face changed slightly and her eyes changed even more, but she just kept her head down and didn’t say anything.

“Well then, since this lady doesn’t agree to cooperate with the investigation, then we can only investigate this case in our own way!” The policeman at the head said, “Xiao Liu, Xiao Zhao, you two stay here, you have to take turns on duty, protect the injured person twenty-four hours a day without leaving your sight for half a step, if anything goes wrong again, you two will be waiting to be disciplined!”

“Yes!”

The two policemen at the back immediately shouted, “Don’t move an inch, try to protect the injured!”

“We don’t need to!” Fang’s mother immediately said, “We don’t need anyone to protect us, who would dare to do anything in broad daylight? Is there any king’s law left?!”

This was a double entendre, she was talking about both the ‘murderer’ in the shadows and the policemen in front of her.

The policeman in charge said, “This lady, we are doing this reasonably and legally, if you feel that it is inappropriate, you can go and file a complaint against us, we are always welcome!”

After saying that, he gave Fang’s mother a deep look, “That’s all, if you remember anything, you can always talk to the two of them, until the murderer is caught, the two of them will protect your son every inch of the way!”

“No, there’s no need!” Fang’s mother said in a panic, “I, I’ll go with you to the police station to assist in the investigation, but it can’t take too long, because my family’s old Fang can’t find me, and seeing my son like this, he’ll definitely be anxious”

“It won’t take too long!” The policeman in charge smiled faintly, “Since you agree, please come with us, let’s try to get a quick conclusion!”

Fang’s mother’s face changed, but she still hesitated to go with the police.

“You two, are you also coming with us, just take a statement.” The policeman in charge looked at Li Yueqin and Li Yantong again.

“It’s fine for the two of us to go one, right?”

Li Yueqin said, “Whoever says it is the same anyway, besides, we can’t leave no one in this hospital!”

Li Yueqin didn’t want to let her daughter go into the police station, on the one hand she didn’t want this matter to affect her daughter’s future life, going into the police station was not a good thing after all. And on the other hand, she also does not want her daughter to say anything that she should not say after she arrives at the police station, and then raise Ji Shaodong out, then it is even more involved

“Yes!” The policeman said.

“Okay then, I’ll go with you guys!” Li Yueqin nodded, and handed over to Li Yantong: “Yantong, you stay here and contact mum in time if anything happens, got it?”

“Yes!” Li Yantong also knew that going to the police station would be fine, so she nodded reassuringly.

“Ding”

Li Yueqin and Fang’s mother had just followed the police and left when Li Yantong’s phone suddenly rang, but it was Tong Lei calling

.....

“Sister!”

Ji Feng walked into Zhongshan Hospital with big steps and immediately saw Li Yantong sitting in the corridor, he quickly walked over: “How is Xiao Fang’s condition?”

“It’s still being resuscitated!” Li Yantong let out a bitter smile, “It was Lei Lei who told you, right?”

“Yes!”

Ji Feng nodded with a smile and sat next to Li Yantong, “How long has the resuscitation been going on? The problem isn’t very serious, right?”

“It’s been a few hours, I don’t know what the result is yet!” Li Yantong shook her head.

Ji Feng frowned slightly, “It’s been so long? I’ll go take a look!”

He immediately stood up and took a few steps to the door of the emergency room, Li Yantong shouted from behind, “Little Feng, don’t mess around, the door is locked, you can’t get in!”

Ji Feng, however, stood still at the door, he stared at the door of the emergency room and frowned.

“There’s no sound inside!” Ji Feng turned back and said, “Sis, I guess there might be a problem inside!”

“Sh, what?!” Li Yantong was instantly shocked.

Without saying a word, Ji Feng viciously kicked the door of the emergency room.

Clang!

That sturdy door was surprisingly kicked open by Ji Feng, and the scene inside was one that left Li Yantong stunned.

Inside the emergency room, several doctors and nurses were lying on the floor, motionless, as if they had all passed out.

The lights on the operating table were still on, but there was no one on it, and there was no sign of Fang Ming.

Looking at the vent in the emergency room, the fan blade had been removed, revealing a broken hole

“Little Feng, what’s going on!?” Li Yantong asked in shock, “Where’s Fang Ming? I saw him being pushed into the emergency room with my own eyes, but now what”

“These doctors and nurses were all knocked out!” Ji Feng squatted down and checked the physical condition of those doctors and nurses, and found that they were not dead, only that all of them had been knocked unconscious, and a few seemed to be quite seriously injured.

Ji Feng came to the operating table again and looked at the patch of blood on it and touched it with his body.

“Sister, these aren’t blood!” Ji Feng snapped back.

“What?!” Li Yantong asked in shock.

“It should be some kind of paint or something, but it’s definitely not human blood!” Ji Feng said.

Li Yantong’s face changed dramatically, “Then, this, what does this mean?”

“If the last person resuscitated on this operating table was Fang Ming, then he must not have been injured, and even if he was, he definitely wasn’t injured as badly as you guys seem to be!” Ji Feng said with great certainty, “He used this blood red paint to deceive you guys! That means he is still alive, but has run away!”

“What are you saying?! Fang Ming is fine?” Li Yantong asked in shock and disbelief.

“At least the moment he was pushed into the operating room, he was fine. And judging from the situation at the scene, Fang Ming should have taken the initiative to escape” Ji Feng said.

Li Yantong’s face changed and her mouth muttered, “He’s fine, why did he run away again? What the hell is going on here?!”

Ji Feng frowned slightly, things were still going in the direction he didn’t want to see, Fang Ming had run away, and his sister still knew something in this situation, which was not what Ji Feng wanted.

But now, Ji Feng was too late to say this, he could only pick up the phone first and call Bai Spider and his second brother, Ji Shaolei!

Chapter 1336

Fang Ming had run away!

In fact, as soon as Ji Feng entered Zhongshan Hospital, once Li Yantong said that Fang Ming had been sent to the emergency room for so long, Ji Feng immediately realized that something was definitely wrong.

Because before that, Ji Feng had already suspected that there were a lot of problems in between, because he always felt that something was very wrong.

Therefore, he immediately walked to the door of the emergency room and urged in the bio-current to act on his eyes, and immediately saw the situation inside the emergency room, all the doctors and nurses had fainted on the floor, but at the same time, there was no figure of Fang Ming.

Fang Ming must have run away, Ji Feng immediately made a judgment, that's why he kicked open the door of the emergency room without any fear.

If not, Ji Feng would never have been so reckless even if he was more arrogant, because if he didn't know that there was definitely no Fang Ming in the emergency room, then if he kicked open the door of the emergency room, he might have disturbed the doctor's resuscitation of Fang Ming, and when something really went wrong, Li Yantong would definitely have a knot in her heart.

Now that Fang Ming had run away, and in this way, it made Ji Feng's previous doubts suddenly become clear to him.

No wonder he always felt that there was something wrong in the middle, not just because they had just tried to catch Fang Ming and then Fang Ming had a car accident, he always felt that there seemed to be something wrong in the middle, but he couldn't tell what it was.

Now he realised that the problem lay in Fang Ming's body!

"Sister, don't worry, since Fang Ming could escape, that proves that he must be safe, at least, his life is not in danger, don't you think so?" Ji Feng comforted, "You wouldn't have to worry so much."

"But why did he have to escape?" Li Yantong asked.

"Maybe he ran into some kind of trouble, or, he sensed some bad signs, so he fled!" Ji Feng said.

"Then that means that there is actually something wrong with Fang Ming?!" Li Yantong asked.

"..... Don't think about it so much, just tell the police about this situation first now and let them deal with it!" Ji Feng said vaguely, he didn't expect his sister's thinking to be so sharp and found out the crux of the problem at once.

"Little Feng, tell sister the truth, did you already know that Fang Ming had problems?" Li Yantong suddenly asked.

"..... Why would you ask that?" Ji Feng was stunned.

"Yesterday at lunch, your attitude towards Fang Ming was a bit strange, moreover, Fang Ming seemed to reject you ruthlessly, and now after such a matter, you ended up coming so soon I remember you were staying at the Jinli Hotel, right? From the hotel to Zhongshan Hospital, it would take nearly an hour by car, but how long has it been since Lei Lei called me?"

Ji Feng opened his mouth, but he didn't know what to say.

In fact, after Tong Lei had called Li Yantong, Ji Feng deliberately waited in the hospital's car park for a long time before coming over to but he didn't expect that he would still be seen through, the reason being that he had forgotten to calculate how long it would actually take to get here from the Jinli Hotel.

Moreover, he did not expect that his sister would have such a keen mind.

"Tell me, what exactly is Fang Ming's problem!" Li Yantong asked.

"Sis, there's nothing really, it's just that his identity might be fake, exactly what's going on, I'm not quite sure"

Before Ji Feng could finish his words, he was interrupted by Li Yantong.

"Little Feng, although I don't know exactly what's going on, I still have the basic ability to judge." Li Yantong said, "Besides, although my character is a bit weak, I'm not someone who can't withstand anything... when I was bullied like that at Yunshan, wasn't I just fine?"

Ji Feng could only nod with a bitter smile, only then did he realize that his sister still had a strong side.

"Alright!"

Ji Feng secretly sighed lightly and said, "This person, Fang Ming, is a fake from his file to his identity, he should not have been a student of Jinling University of Aeronautics and Astronautics in the past, and his admission to the graduate school of Jinling University might have been arranged with the help of others, but who exactly is it, I haven't found out yet"

Since Li Yantong had already said it to this extent, Ji Feng could only tell the truth, he told all that he knew.

"Sister, are you, are you okay?" Ji Feng asked with some hesitation when he finished.

Li Yantong shook her head and said, "It's fine."

"..... really fine?" Ji Feng asked again.

"Little Feng, what do you think Fang Ming's purpose for approaching me is?" Li Yantong didn't answer Ji Feng's question, instead she asked.

Ji Feng spread his hands, "I'm afraid that I'm still dragging you and auntie down with me, I think that you and auntie have a very poor life, there should be nothing that others can covet, except of course, sister your looks they should be targeting me!"

Li Yantong nodded silently and didn't say anything else.

Ji Feng watched and didn't know what to say, he really wasn't very good at comforting people.

"Little Feng, you don't have to worry, I'm really fine."

Seeing Ji Feng's expression, Li Yantong turned to comfort him instead, "Of course, it would be a lie to say that there is no sadness in your heart at all, but what's the use of being sad, things are already like this

..... Besides, I also thought from the beginning that Fang Ming was honest and reliable, a thick-skinned person, but now Since we already know his nature, it's really not worth it to be sad for him!"

"....." Ji Feng could only nod his head with a bitter smile.

"Little Feng, instead of being careful to stay with me here and not even dare to speak loudly, you should settle this matter as early as possible!" Li Yantong suddenly snickered, "Also, you look really cute when you're comforting people!"

"Cute"

"Alright, sis, I'll send you back!" Ji Feng said.

Li Yantong nodded, "Okay, but can you promise me one thing?"

"It's about Fang Ming, isn't it?" Ji Feng asked.

"Yes." Li Yantong nodded, "If you catch Fang Ming, try to treat him a little better."

Ji Feng immediately nodded his head and agreed without even thinking about it, "No problem!"

It was something that Ji Feng had not expected when things had come to this state, he could fight hard with the enemy you and I, and he could also fight to the death, but he did not know how to solve Li Yantong and Li Yueqin's problems.

Therefore, after sending Li Yantong home, Ji Feng first called Xiao Yuxuan and Tong Lei and asked them to accompany Li Yantong, while he himself went out with a gloomy face.

Wang Xin once again received orders from Ji Feng, who asked her to do everything she could to track down Fang Ming, and the blue taxi. At the same time, Ji Shaodong had also told the police station to run at full speed and do all the research, in order to find Fang Ming in the shortest possible time!

Of course, Ji Feng also knew that giving such an order to Wang Xin was a bit too difficult, because even if a satellite was mobilised for tracking, there had to be a signal to do so.

Now there was not even the slightest reference, and it was really difficult to track.

But Wang Xin agreed to do so, no matter if he could track it down, he had to try it to find out.

Once the state machinery was really working, it was ridiculously efficient.

In particular, when Fang Ming escaped, he didn't even have time to clean up his body. Although he had thrown all his bloodied clothes in the emergency room and probably changed into the clothes of one of the doctors, there was one thing he couldn't clean off, and that was the paint on his head.

The red paint was really blinding and the police had a much easier time lining it up.

The blue taxi, after the number plate had been written down, and with electronic eyes all over the street, it was not that difficult to find the taxi.

The first to be found was the blue taxi!

But to everyone's surprise, the driver of this blue taxi was actually Fang Ming's father!

When Ji Feng saw this middle-aged man in the Lujiang District Police Station, this guy was still wearing his overalls and a duck-tongue cap, a sneaky outfit.

“There’s still one short of Fang Ming!” Ji Feng said in a deep voice as he looked at the middle-aged man inside from outside the door of the interrogation room.

Both of Fang Ming’s impostor parents had fallen into the net, but Fang Ming was still at large.

“Catching Fang Ming is the key!” Ji Shaodong nodded, “However, it’s also time to conduct surprise interrogations already. These two guys must know quite a lot too, interrogation!”

“Ding

Just at this moment, Ji Feng’s phone suddenly rang, but it was White Spider calling.

“White Spider, what’s the word?” Ji Feng picked up the phone.

“Young Ji, Fang Ming is ready to be caught by me, but I don’t know where this place is now,” White Spider spoke a little hesitantly over the phone, seemingly looking embarrassed.

“What did you say?!” Ji Feng was stunned.

“Young Ji, I’ve been following Fang Ming from Zhongshan Hospital, and after that, I went through the wilderness for a long time, and now I’ve caught him, but I don’t dare to go to a place where there are people, and I can’t go back,” said the white spider.

“Ha!”

Ji Feng gave an odd laugh, not sure if he was happy or something else, “Don’t hang up, I’ll call someone to find your location immediately.”

He then made a gesture with Ji Shaodong, got the phone from the latter and quickly dialed it to Wang Xin, “Wang Xin, immediately check the location of a number

With the signal location, Wang Xin wanted to find out a person’s location, that was really handy, after just a few minutes, the address of the white spider was found out.

.....

When Ji Feng arrived at the location as Wang Xin said, along with the officers from the Jiang District Branch of Jinling Road, he was instantly happy.

It was a field, filled with water fields, and the white spider was standing in the water field with one hand clasped around Fang Ming’s wrist, making him unable to move a muscle.

About a few hundred metres away from them, there was a field path with signs of struggle and fighting beside it, while behind them about three or four fronts away was the main road

“Young Ji!”

Seeing Ji Feng arrive, White Spider immediately said, “This guy tried to escape through the path and I caught him, in order to avoid him taking advantage of the confusion to escape, I couldn’t take him into the city, so I had to wait here

“You did a good job!” Ji Feng nodded with satisfaction, “Really good!”

Ji Feng really did not expect that the white spider had actually given himself such a big surprise in a silent manner.

Chapter 1337

“Bang!”

Ji Shaolei smacked Fang Ming to the ground and laughed fiercely, “Kid, arrogant, keep being arrogant!”

“Mmm~~!” Fang Ming was lying on the ground and shook his head hard, Ji Shaolei’s strength was too great, this slap hit Fang Ming’s head, and his ears were ringing, he could not react for a long time.

He didn’t react for a long time.

Ji Shaolei tugged Fang Ming by the collar and lifted him up, throwing him towards the table. After that, Ji Shaolei unbuttoned his short-sleeved shirt, revealing his small fitness vest and his lumpy muscles, which looked incredibly strong.

“Kid, I’m not afraid to tell you, I’m not here to interrogate you today, I just want to give you a good beating!” Ji Shaolei stared at Fang Ming, gritting his teeth and smiling fiercely, “You’re dead, you’re dead whether you say so or not, this is what I, Ji Shaolei, said, no one can protect you!”

“Ahem~~!” Fang Ming was in immense pain from the fall, he couldn’t even scream out if he wanted to, he could only cough continuously, rubbing his neck and leaning against the wall with difficulty.

“Pheh~~!”

Ji Shaolei directly jerked his belt off, holding it in his hand as if it was a whip.

He shouted violently, “Get over here!”

Fang Ming’s body couldn’t help but tremble, Ji Shaolei was just too domineering, not even saying any reason, he just wanted to hit him!

“Pa!” Ji Shaolei flung his hand and struck him with a belt.

“Ah!”

Fang Ming immediately screamed miserably and was whipped to the ground. This November long holiday was already hot and he was wearing less clothes, so Ji Shaolei was so strong that this belt went down and Fang Ming was simply whipped as if he was in pain to his bones.

What frightened him even more was that Ji Shaolei’s fierce look, which made Fang Ming’s heart tremble!

“Motherfucker! I’ll let you not grow eyes, how dare you go and mess with my sister!” Ji Shaolei smiled fiercely and walked over step by step, “Since you’re looking for death, I’ll be sorry for your death-seeking energy if I don’t get you killed!”

“Yes, I’m sorry” Fang Ming’s body was shaking from the whip, and his heart was even more fearful.

He really did not expect that the ordinary office worker Ji Shaolei, whom he originally despised, was actually so tough and vicious, moreover, just from the fact that Ji Shaolei was able to enter the interrogation room at will and abuse him here without any police officer coming to ask a single question, it was enough to see that Ji Shaolei was not an ordinary person at all!

“Sorry?”

Ji Shaolei was instantly infuriated, and he laughed fiercely, “What do you think I am? You cheat on my sister, and an apology is all you need? Fuck! What do you think if I sent someone to get your mother and say sorry to you?”

Fang Ming was so scared that he didn’t dare to say a word, he could see that Ji Shaolei would never let him go, no matter what he said, this beating would be inevitable!

“Pa!”

Ji Shaolei smacked his belt again, “Bastard! I’ll beat you to death!”

“Ah...!” Fang Ming let out another miserable scream and hid himself in the corner, shaking from the beating, unable to protect his hands from anywhere, that kind of painful jumping but not daring to resist at all, it was almost driving him crazy!

“PAP PAP PAP!” The first time I saw him, I was able to get a few more spleens and a few more whacks, which caused Fang Ming to jump.

“Help—! Help...!” In the end, Fang Ming could not hold back any longer and screamed miserably, “Someone has been killed, help!”

“How dare you scream?!” Ji Shaolei let out a fierce laugh, “It’s more fun to fight like this, scream! I’ll make you scream!”

Every time he said something, he hit him with a belt.

Fang Ming was beaten up and screamed incessantly, but no one came to his rescue, as if the large police station had not heard him, only the sound of Fang Ming’s screams and the sound of Ji Shaolei’s belt beating on Fang Ming’s body echoed continuously in the interrogation room!

Ji Feng and Ji Shaodong were sitting in the office not far from the interrogation room, along with the captain Zhang and the head of the city bureau’s branch, who were also here.

The sounds coming from the interrogation room could be heard here, and even if the interrogation room had good soundproofing equipment, it couldn’t stop Fang Ming’s unbearably harsh voice from coming out, after all, his screams were too loud!

However, it was as if Ji Feng and the others hadn’t heard him and were just chatting away.

Of course, in Zhongshan Hospital, Ji Feng had promised Li Yantong that if he caught Fang Ming, he would treat him well and not give him much torture.

But Ji Feng had only promised to do so. If he had to talk to Fang Ming nicely after catching him, without even lifting a finger, that would be a joke, and it would be great if he didn't kill Fang Ming, and still talk to him nicely?

What's more, now Ji Feng isn't torturing Fang Ming much, it's not like he's hitting him with his own hands

Well, in fact this is Ji Feng playing the fool, he inwardly wants to crush that bastard to death with one finger, only now the second brother Ji Shaolei is fighting in the heat of the moment, he will not go to the hustle.

Otherwise, if he and Ji Shaolei had gone up to clean up Fang Ming at the same time, I'm afraid they would have killed that son of a bitch in a few blows!

"Those two middle-aged men and women, we need to seize the time for a surprise interrogation!" Ji Shaodong was instructing the head of the Lujiang District Branch, "Also, this matter should be conducted in secret, don't publicize it!"

"Yes!"

The head of the branch immediately nodded his head.

"This matter today is definitely a violation, you can put it on record!" Ji Shaodong added.

"This is fine!" The branch chief hesitated for a moment and also nodded his head and agreed to do so.

Of course, it was one thing to agree to it, but it was another thing to actually go and not do it. I believe that as long as this branch chief is not stupid, he will certainly not record this matter, to forget in a hurry is not too late

In fact, this society is like this, saying that everything is open and transparent, but in fact backroom operations and subterfuge are everywhere.

Ji Shaodong seldom does this kind of thing, but this time he also really moved with anger, Fang Ming's behavior, not just want to deal with them, or have mischief in mind, in fact, Fang Ming's biggest mistake, is to cheat Li Yantong's feelings!

This was the reason why Fang Ming had ended up in this situation today!

"Ah..." Another miserable scream came, but the sound was much smaller, and Ji Feng and the others still turned a deaf ear to it.

"Another thing, these three people, they have to be interrogated separately, in addition to that, pay attention to their safety I remind you that someone may not want them to talk, you have to pay attention!" Ji Shaodong said, "Those who are able to conduct overnight raids for interrogation must be taken down at once, even if they can't be taken down at once, they must be strictly guarded, there must not be any incidents of negligence!"

"Yes!"

The head of the division shouted in response.

Ji Feng had no worries about this, he had already decided to use neurotoxin for interrogation, even if he made these guys into idiots, he would not hesitate.

As for being silenced

As long as someone comes, Ji Feng can't wait to welcome it!

Another miserable scream came, the voice was much weaker, and from what I could hear, the owner of this voice was already very weak.

"Big brother, I'll go take a look!" Ji Feng stood up, Second Brother should have vented a lot of his anger by now after the fight, but he couldn't let him beat Fang Ming to death.

Now, it was Ji Feng's turn to interrogate Fang Ming.

.....

When Ji Feng arrived at the interrogation room, he saw that Ji Shaolei was holding a belt and whipping Fang Ming furiously, cursing as he did so: "You son of a bitch, I won't be able to relieve my hatred until I kill you! I'll let you be arrogant again, I'll let you act naive again, I'll let you cheat my sister again!"

At this moment, Fang Ming had been beaten to rags, his body was covered with a blood streak everywhere, he just used his hands to protect his head, his screams of misery were very faint, but that body was constantly twitching, almost to the point of spasms of pain.

From this, it could be seen how painful Fang Ming was being beaten, it was almost painful to the bone marrow! Ji Shaolei, however, was still incredibly energetic, such a small movement was nothing to him, moreover, he had already made up his mind to beat Fang Ming to death, and had no intention of showing the slightest mercy.

Pah!

Another fierce belt was smacked across, and Fang Ming's body trembled violently as he was hit.

"Second brother, stop fighting!" Ji Feng walked over with big steps and stopped Ji Shaolei who was about to continue thrashing, "He'll die if you hit him again."

"What's the point of keeping such a son of a bitch if you don't beat him to death?" Ji Shaolei stared at Fang Ming and said in a cold voice.

Ji Feng said, "Even if we have to get him killed, we still have to ask what we want to know, otherwise, he won't have died for nothing, and we'll have arrested him for nothing!"

"Then you ask!"

Ji Shaolei waved his hand, "I'm going out first, I want to beat this bastard just by looking at him, call me later if he doesn't answer the questions honestly!"

After saying that, Ji Shaolei took the belt again, pointed at the miserable Fang Ming who was hiding in the corner, sneered, "Count yourself lucky, you escaped death for the time being, but don't worry, I'll come again, we'll have fun then, if I don't beat you to death today humph! "

He picked up his own shirt and walked out in stride.

Twenty-seven or twenty-eight years old Ji Shaolei itself is in the right age, not to mention that he also practiced aerobics, his body is even stronger to the extreme, that body muscles, containing explosive power, and then with his ruthless words, Fang Ming are almost desperate

Ji Feng laughed and took a few steps to Fang Ming, lifted him up and casually threw him onto the chair next to him.

"Well!"

Fang Ming was thrown, almost even the rice he ate the night before had to be vomited out, his internal organs were even more tossed, painful, but was not even the strength to scream loudly and miserably, could only muffle his words.

"Fang Ming is it!" Ji Feng smiled faintly and sat directly across from Fang Ming, "Frankly speaking, you are dead, really, this time whether you answer my questions honestly or not, you must die. However, if you answer honestly, you can suffer less before you die, otherwise"

Chapter 1338

"Those two people are not my parents, and they are not really a couple, but they are lovers"

"That man's name is Qu Gang and the woman's name is Wu Yanru, the three of us are just ordinary partners that is, we often join forces to do things and work together quite tacitly"

The interrogation room, Fang Ming curled up, shivering, but he was directly thrown into the chair by Ji Feng, not even dare to move, otherwise, Ji Feng that ruthless means Fang Ming is really afraid to appreciate.

Although Ji Feng did not hit him, and even from the beginning to the end, apart from lifting him up and throwing him onto the chair, he never touched a finger, it seemed that Ji Feng was the most gentle one. The previous one, Ji Shaolei, on the other hand, was fierce and tough, beating him without any mercy, using his belt to whip him, using as much strength as he could, beating him so much that he almost wanted to crash headlong to death here, but he didn't have that courage or that opportunity!

Fang Ming would even think in his heart that he was only in love with Li Yantong and hadn't had time to do anything else, so how could Ji Shaolei be so vicious and have to beat himself to death?

Compared to the vicious and tough Ji Shaolei, Ji Feng was much milder and looked much kinder.

But in fact, Fang Ming has a vague feeling that I am afraid that the most terrifying thing is still Ji Feng, this may belong to the type of ruthless and spicy, although he is smiling and does not put out many ruthless words, nor does he take action, looks gentle. But once he makes a move, it could be a direct fatal blow!

Especially when Ji Feng finally said those words, Fang Ming was even more sure of his suspicions.

“Frankly speaking, you’re dead, really, this time whether you answer my questions honestly or not, you have to die. However, if you answer honestly, you can suffer less before you die, otherwise

..... This is what Ji Feng said, in a calm tone, as if he was talking to a friend, without the slightest hint of fire at all!

However, these words in Fang Ming’s ears, but reveal the slightest chill.

He felt that Ji Feng was definitely not joking with him. As long as he dared not answer honestly, Ji Feng could definitely make him beg for his life and beg for his death!”

Therefore, after Ji Feng smiled faintly at him, Fang Ming began to give an account.

..... Not to give an account was to end up in pain!

As a wise man, Fang Ming naturally understood, and he also knew that from the moment he was caught, there were only two choices, either to give an account or to die!

But for Ji Feng to not even give him the chance to die was terrifying!

“What is the purpose of you approaching my sister and her mother?!” Ji Feng propped his hands on the table and asked in a calm tone.

Fang Ming said, “Just, just to cheat some money

“Don’t make me ask again!” Ji Feng said indifferently, “And I’m not afraid to tell you, in fact, even if you don’t give an honest account, I still have a way to pry your mouth open and ask you any questions you will answer honestly! However, if you do that, you may not be able to withstand it, and you may not be able to live after the means are applied, your body is too poor

Ji Feng faintly smiled: “I also said just now, as long as you do not answer honestly, I will definitely not let you go, and, will make your life worse than death!”

“So, want to die painfully, this idea you’d better dispel it, don’t have any more illusions!” Ji Feng finally said.

Fang Ming’s face changed drastically, he could see that Ji Feng didn’t believe his answer at all, and didn’t move his fire at all, just telling him clearly not to think of fooling around, either choose to answer honestly, or, the downfall would be death!

“Your file at Jinling University of Aeronautics and Astronautics is fake, your identity is fake, your family is also fake

I’m curious, how did you manage to do all this? Trying to insert a file at a regular university like this that is fake enough to be authentic can’t be done without a little energy, right? Do you think I would believe you if you said no one helped you?”

Pop!

Ji Feng casually lit a cigarette, took two puffs and smiled, “No need to rush, you can take your time to think and talk, I have plenty of time to spend with you, and

have plenty of means!”

Fang Ming’s heart immediately trembled, especially when he saw Ji Feng’s eyes that did not carry a half smile, but even more chills in his heart.

"I, we really just want to cheat some money, the three of us are doing this for a living" Fang Ming said carefully, "that fake files and so on are paid to find someone to get, now the university is also not much pure, those leaders also need money, as long as you give them money, anything is good"

"Want to insert the file, just, just spend money." Fang Ming said.

"Forget it!"

Ji Feng shook his head and stood up, "It looks like you're really bent on death, then there's no way I'll have to fulfill you and let you experience what it's like to live worse than death"

"I said all, all is true, all is true, you have to believe me!" Fang Ming was instantly scared to death and couldn't help but shout.

"How much money do my sister and her mother have in total? The three of you spent so much time to get close to her, step by step, just to cheat money? With a scammer like this, I doubt you'll starve to death!" Ji Feng sneered as he yanked Fang Ming up from his chair, "Can you give me a reasonable explanation?"

"The house!"

Fang Ming was so frightened that he immediately shouted, "We want to cheat the house!"

Looking at Ji Feng's increasingly gloomy expression, Fang Ming shouted in panic, "Your sister's family has a house, and the house prices in Jinling are so expensive, as long as I can trick them into mortgaging the house, then I can get a lot of money"

Slap!

Ji Feng smacked Fang Ming away, he propped himself up on the table with one hand, his whole body flipped over directly, and stepped on Fang Ming's face with one foot.

"Since you're giving shame, then don't blame me!" Ji Feng picked Fang Ming up with one foot and threw him directly onto the table, smashing that steel tabletop with a loud thud.

Only then did he suddenly realise that, don't look at Ji Feng smiling and appearing to be very kind, but he couldn't rub sand into his eyes, and it was undoubtedly very foolish to take any chances in front of him. Ji Feng is simply a man who is determined to kill and ruthless!

In particular, Fang Ming was just a little bit dishonest, in fact, he just wanted to stall for time to think about how to answer next, and then he provoked Ji Feng's anger.

This could make Fang Ming really scared, panicking and shrieking, "I'll say, I'll say everything, I'll say it here"

"Don't worry, of course I will give you a chance to speak" Ji Feng grinned.

But this smile fell in Fang Ming's eyes, but it made his body chill and his heart tremble, how it looked as if Ji Feng was going to clean him up

"I said, I said everything"

Snap!

Facing Fang Ming who begged for mercy, Ji Feng simply answered him with a slap on his face.

And then, a bio-current was injected into Fang Ming's body, this was a neurotoxin simulated by Ji Feng using bio-current, although it wasn't a real neurotoxin, but at least it was definitely not a problem to use against Fang Ming!

"Umm~~!"

Being smacked in the face by Ji Feng, Fang Ming's body suddenly shook, and immediately, his two eyes snapped open with an odd expression.

A moment later, Fang Ming's eyes started to become confused, and Ji Feng knew that his tactic had succeeded, and after only a few more moments, Fang Ming would be completely in a state, and he could be interrogated at that time.

Ji Feng, however, stared at his eyes that were gradually becoming dazed and said indifferently, "Just now, I gave you the opportunity to speak, just to hear some details of what you said, otherwise, why would I have bothered to interrogate you so much? You are finished!"

If Ji Feng wanted to interrogate, he would have directly injected neurotoxin into Fang Ming's body using bio-current simulation, and Fang Ming would have been at his mercy and would have said whatever he was asked.

But at first, Ji Feng did not do so, because the neurotoxin was too harmful to ordinary people, and once Fang Ming was poisoned, Ji Feng might not even be sure that he could help him lift it, then it was very likely that Fang Ming would not be able to return to normal, and naturally he would not be able to tell Ji Feng some detailed questions.

Using neurotoxin to interrogate can only make Fang Ming answer questions in a targeted manner, but if Ji Feng raises questions that have nothing to do with certain priorities, then a certain focus may be missed

It is for this reason that Ji Feng has given Fang Ming the opportunity to speak, just in the hope that he will take the initiative to tell the details of what happened, where he came from, what his identity is, who he works for, why he wants to approach his sister Li Yantong and so on.

Ji Feng has clearly told Fang Ming that the end result is death whether he says it or not, but, a different way to die!

In fact, this means that the killing machine in Ji Feng's heart is already unstoppable, only in order to investigate the person behind the curtain, Ji Feng is forcing down the anger and killing machine in his heart.

Unfortunately, Fang Ming was still lucky and wanted to stall for time.

Ji Feng's patience was soon exhausted, so he didn't give Fang Ming any more chances and directly injected a neurotoxin simulated by bio-current into his body.

Fang Ming's mouth opened slightly, his eyes became completely vacant, and his body went limp on the table as if he was a demented child.

He has completely entered the state!

Ji Feng then began his interrogation, "Fang Ming, let me ask you, what is your real name?"

"..... is called Fang Ming!" Fang Ming replied smittenly and honestly.

Ji Feng frowned slightly and asked again, "Those two middle-aged men and women who were with you, what were they both called respectively?"

"Qu Gang, Wu Yanru"

Ji Feng asked several questions in a row, confirming that Fang Ming had indeed been controlled by the neurotoxin, and this time, he was finally relieved and began his formal interrogation!

Chapter 1339

"The one who sent us here is a big boss, he calls himself Boss Huang"

In the middle of the interrogation room of the Jiang District Branch of Jinling Road, Fang Ming's two eyes were hollow and listless as he slumped on the table, just talking breathlessly, Ji Feng stood in the interrogation room with his arms in his arms, listening quietly.

However, as Fang Ming spoke, Ji Feng's brow became more and more furrowed, and his eyes became more and more stern!

The truth of the matter was really not what Ji Feng had expected, Fang Ming and the two guys called Qu Gang and Wu Yanru were really not professional crooks, in fact, they belonged to the kind of Jianghu Thousand Sects.

The so-called Thousand Clans, in the minds of modern people, are people who belong to the category of con artists, specialising in making a fortune by various means of deception.

But in fact, this is a biased view. The real Qianmen were in fact a place for cultivating talents, and there are many legends of people from the Qianmen stirring up the storm in history.

Of course, in modern times, all Jianghu sects have gradually degenerated, like the martial arts sects, and have gradually fallen into decline, although there are still people in the trade, but there are very few such people left, and Jianghu is much more chaotic than before.

Even the people of the Thousand Clans do most of their work by cheating and deceiving, so gradually people's opinion of the Thousand Clans has changed, thinking that they are no good and specialise in cheating to make a living.

But it is undeniable that the people in the Thousand Doors are much more powerful than those social crooks. The Thousand Doors are well organised and have a clear division of labour, with eight generals, each doing their own job to get the job done in the end.

If ordinary crooks just rely on trickery to make some money, not to mention the clumsy methods, and the danger is extremely high, and they may also be dismantled at any time, then, the people of the

Thousand Doors have a clear division of labour, cooperate with each other, and specialise in exploiting various human weaknesses to make their layout, and their methods are more professional.

So, while ordinary crooks might only be considered as a rabble, the people of the Thousand Doors are the elite of crooks!

The three of them, Fang Ming, however, were not really from the Thousand Clans either.

All three of them were specialised in this line of work and had all learnt skills in this area from people in the Thousand Clans, but they did not strictly follow some of the traditions and rules of the Thousand Clans and never considered themselves to be members of the Thousand Clans.

However, these guys have gradually made a name for themselves in the jianghu because they work well together, and many people in the jianghu know about them.

This time, someone found them and asked them to come to Jinling to investigate Li Yantong and Li Yueqin, and to find a way to get close to them and get enough detailed information.

As for what exactly the information was, the man called Boss Huang did not say, anyway, as long as it was information about the two of them, all of it was required, and the more detailed the better.

Later on, when he was on his mission, Mr. Huang would contact Fang Ming through his mobile phone, asking him step by step to find a way to get certain information, for example, Li Yantong's family situation, and then, for example, what kind of people around him were close to Li Yantong and her mother and daughter.

Later on, Fang Ming also received an order from Boss Huang to get Li Yantong's blood test report and blood samples as much as possible Although this order was very strange, Boss Huang was generous, so Fang Ming was energized to do his job.

As for Fang Ming's daring and information, of course, it was all arranged by Mr. Huang, and Fang Ming did not ask about these things, he just memorized all the 'information' that belonged to him and did not reveal any flaws.

But apart from that, Fang Ming didn't know anything else.

For example, Fang Ming didn't know who the mysterious boss Huang was who was hiding behind the curtain, and what he wanted Fang Ming to do.

Even Fang Ming had never even seen the real face of that Boss Huang, who was wearing a mask and hat and an overcoat when he approached Fang Ming, so there was no way to identify him.

In fact, this time, Qu Gang and Wu Yanru, Fang Ming's two impostor parents, came to Jinling just to further facilitate Fang Ming's relationship with Li Yantong and at the same time take the opportunity to pry out some information, but when they arrived in Jinling, Fang Ming suddenly received a call from that behind-the-scenes Boss Huang, telling them that someone had noticed them.

In fact, before the mission, Fang Ming had already thought of two sets of plans, the first set was naturally for the mission, while the second set was for the escape!

The second plan they devised this time was for Qu Gang to drive the car and hit Fang Ming to create the illusion of a car accident, and then use the excuse that the situation was urgent and there was no money, to get a sum of money from Li Yueqin first by hand, and then the three of them could take this money, and the commission paid by Boss Huang before, and leave quietly to live a life of spending and drinking, or disappear without a trace

In other words, Fang Ming's car accident was entirely a play that he directed himself!

.....

"In that case, you have been deceiving my sister from the beginning to the end?" Ji Feng asked in a calm tone, but his face was incomparably gloomy, and a murderous intent welled up in his eyes.

"..... Yes." Fang Ming, however, was not even aware of it, just said with hollow eyes.

"Very good!" Ji Feng nodded, gave him a few pats on the body, and gave him another cold look before turning around and leaving.

The ones that were asked from Fang Ming's mouth made Ji Feng's heart rage, that boss Huang is in fact what is sacred now there is no need to guess, know the existence of Li Yantong's mother and daughter, and can use this method to investigate, also can contact a cheat like Fang Ming, such people's energy is definitely not small, then it is obvious that their purpose is also extremely strong.

..... The other party is coming for the Ji family!

"Hmph" Ji Feng laughed coldly and nodded heavily, "Good, really what kind of bulls and snakes can pop out to flaunt their power"

Ji Feng's heart was overflowing with anger, it seemed that it was still the Ji family's tactics that were too mild to have so many people jumping up and down behind the scenes!

After returning to the office of the head of the branch, Ji Feng whispered the interrogation in detail to Ji Shaolei and Ji Shaodong, who burst into a rage.

Bang!

Ji Shaolei slammed his fist on the table and said in a fierce voice: "Motherfucker! Find out who the hell it is, I'll kill them alive!"

Ji Shaodong's face was also very gloomy, and he pondered for a long time before asking, "Third son, can you ask for more details? Now even if we want to find out who that behind-the-scenes Boss Huang is, it's hard to find out, there are too few clues!"

"What Fang Ming knows is also very limited." Ji Feng shook his head, "I got Boss Huang's phone number from him, that should be considered a clue. Also, the fake files from Jinling University of Aeronautics and Astronautics, this is likewise a clue. Also, according to the time Fang Ming said, in fact, as soon as we investigated Fang Ming's background, that Boss Huang knew about our movements, which must have gone wrong somewhere in the middle!"

Ji Shaodong's eyes were awe-inspiring, and he immediately said, "When I sent people to investigate, not many people knew about it, to say that someone on my side leaked the information, this is not very

likely. Then, there is only the side of Jinling University of Aeronautics and Astronautics..... investigation was during the holidays, not many faculty members were at work, it is not too difficult to find out who is leaking the news!”

“But we have to investigate secretly, we can’t alert the snake!” Ji Feng said.

“Mm! This time, we can’t let the news slip out again either!” Ji Shaolei said in a deep voice, “No matter who is involved, we have to find out!”

“Then how about this”

Ji Feng pondered for a moment and said, “Big brother, this side of Jinling University of Aeronautics and Astronautics, you check, I got the phone number from Fang Ming, I’ll check this line! Let’s work in tandem, maybe we’ll get a big harvest!”

“Well, let’s do that!” Ji Shaodong nodded, “If you encounter any obstacles, don’t be reckless when the time comes, let’s discuss it and then decide what to do!”

Ji Feng nodded, “I know.”

“What about those few bastards?” Ji Shaolei suddenly asked, “Should we just spare them?”

“How is that possible!”

The cold light in Ji Feng’s eyes flashed, “It’s too easy to fix a few hustlers in the guardhouse, even if we don’t do it, Fang Ming won’t live much longer”

Before leaving the interrogation room, Ji Feng had tapped on Fang Ming’s body a few times in succession, and had already decided Fang Ming’s future end.

“Actually, what I am most distressed about now is how to face Aunt Li Yueqin, and my sister.” Ji Feng shook his head, “Having something like this happen is something that no one wants to see, but as you all know, Auntie Li Yueqin’s attitude even if we really care about them, she might misunderstand it as us going to see them as a joke!”

“That’s because she doesn’t want to put a scribbled down side, for us to see!” Ji Shaodong said, “In her heart, she actually still resists contact with us.”

“Yes!”

Ji Feng also let out a light sigh, “And my sister, she also doesn’t know how deep her feelings with Fang Ming really are, no, it’s that she doesn’t know how deep her feelings for Fang Ming are”

“It can’t be helped, if we hadn’t found out in advance, maybe she would have been hurt more deeply in the future!” Ji Shaolei said, “Only, when a girl encounters this kind of thing, that heart will always heck, thinking about it I want to get Fang Ming that son of a bitch to death!”

Ji Feng rubbed his forehead and sighed, “Forget it, no matter what always have to face, fortunately my sister and Fang Ming are not developing too fast yet, nothing happened between them, otherwise I will definitely cut Fang Ming alive inch by inch!”

“Ding”

Just at this time, Ji Feng's mobile phone suddenly rang, he took it out and saw that the caller ID was from Tong Lei.

Ji Feng immediately picked up the phone, "Lei Lei, what's up?"

"Ji Feng, just now Sister Yan Tong called me and asked where you were, I said you were probably at the police station, then she hung up the phone" came Tong Lei's voice.

Chapter 1340

After receiving Tong Lei's call, Ji Feng immediately drove to Li Yantong's home. They had to stay behind to take care of things at the police station. After all, they had beaten people up in the police station so recklessly, and Ji Feng had finally made Fang Ming look like that, so they had to take care of the aftermath.

The company has always been steady in what it does, not falling short of the truth, and this time is no exception.

And Ji Shaolei, in fact, there is no need to stay in the police station, here Ji Shaodong alone clean up is enough, can not leak the aftermath, this matter for Ji Shaodong that is really handy, otherwise, he can not in the ups and downs of the career, go so steady!

In fact, the reason why Ji Shaolei was reluctant to go with Ji Feng to meet Li Yueqin and Li Yantong was because he was afraid that when he got there, he wouldn't know what to say and it would be very awkward.

With Ji Shaolei's jumpy and fiery personality, he naturally couldn't stand such an awkward feeling, so he stayed behind with Ji Shaodong and only let Ji Feng go to Li Yueqin's house alone.

Both Ji Shaodong and Ji Shaodong could not go, but Ji Feng could not not not go.

He had to go to give Li Yantong an explanation, and at the same time, the gap between him and Li Yantong had to be removed as soon as possible, so now Ji Feng didn't care whether Li Yueqin treated him or not, he had to go anyway, after all, Li Yantong already knew about it.

In fact, Ji Feng also knows that no one can be blamed for this matter, if he wants to blame, he can only blame Fang Ming, that son of a bitch.

At that time, Ji Feng was ready to make an arrest, but Fang Ming came out of nowhere and caused a farce in which a taxi hit and injured him and then fled.

As a result, it was impossible for Ji Feng to make a secret arrest.

In turn, the following things became somewhat uncontrollable, Li Yantong knew, Li Yueqin also knew

As soon as he thought of this, Ji Feng wanted to get Fang Ming killed right now!

The actual fact is that you can't be a part of the world, but you can't be a part of the world.

The most important thing is that it is the most effective way for people to attack him.

Besides, there were still Ji Shaodong and Ji Shaolei present, once the incident happened, none of the three brothers would be able to escape!

Ji Feng wouldn't do such a stupid thing, as long as he could kill Fang Ming, what could he do if it was a day early or a day late?

Now even if Fang Ming escaped from prison immediately, Ji Feng was not worried. In his eyes, Fang Ming was already a dead man, nothing worth paying attention to!

Now Ji Feng's biggest headache is what he should say after meeting Li Yueqin and Li Yantong!

If no one else knew that her daughter had been cheated on by a man, then perhaps Li Yueqin would at most curse Fang Ming in private and just hold her nose and admit it, as neither she nor her daughter had seen the nature of that man, Fang Ming.

But the problem was that Ji Feng knew about it!

This is not good, Li Yueqin's heart will definitely be extremely uncomfortable, because she has always kept her body straight, just do not want to be looked down upon, moreover do not want to bend down in front of Ji Feng's Even if Li Yueqin knows that Ji Feng is actually not a bad person, he has not even been around his father for more than ten years, also suffer over the children.

However, now Ji Feng has, after all, claimed his ancestors.

Then psychologically, Li Yueqin was inevitably somewhat repulsed, not to mention this kind of humiliating thing.

She naturally didn't want Ji Feng to know, it was too humiliating and made it almost impossible for her to be a human being

In the face of this situation, Ji Feng felt that whatever he said was very hollow and also all very inappropriate.

In the end, Ji Feng could only shake his head helplessly and sigh lightly: "Forget it, it's useless to think any more now, let's wait until we see them, let's take one step and see"

This kind of thing, Ji Feng is really inexperienced in dealing with it, and this is all he can do.

.....

Soon, Ji Feng arrived at the neighborhood where Li Yueqin's house is located, after he parked his car downstairs, he went upstairs, but when he walked to the door of Li Yueqin's house, he hesitated for a long time and didn't raise his hand to knock on the door!

"Phew~~!"

Ji Feng let out a long breath, he made up his mind, later on, no matter what Auntie Li Yueqin said, he listened, even if he was scolded by the head, he also admitted it.

Anyway, Li Yueqin was an elder, so scolding him could not be considered wrong. What's more, Li Yueqin must be in a bad mood after such an incident at home, so it's not impossible to let her scold him to vent her anger!

With this in mind, Ji Feng felt a lot more at ease as he lifted his hand and was about to knock on the door.

“Pop!”

However, before his hand reached the door of Li Yueqin’s house, he saw a slight flash of light in the cat’s eye, and then the door opened, and Li Yantong was standing behind the door, seeing Ji Feng’s stunned expression, she couldn’t help but slightly purse her lips and smile lightly.

“Why are you still standing there, come in!” Li Yantong said.

Ji Feng looked at her in amazement, “Sister, how did you know I was coming? What if it’s a bad guy if you open the door so rashly?”

“Just now I heard footsteps outside the door, but they disappeared when I reached my door, so I looked through the cat’s eye and found that it was really you!” Li Yantong laughed lightly, “Come in quickly and sit down, I’ll make you some tea!”

“..... Good!” Ji Feng nodded his head and gave Li Yantong a somewhat strange look, feeling that the scene he saw in front of him seemed somewhat unreal.

Li Yantong’s voice was just too calm, as if nothing ever seemed to happen, nor did this person Fang Ming ever appear, or even anything else.

In short, Li Yantong was too normal, but in Ji Feng’s eyes, it looked a bit abnormal!

How come she wasn’t sad?

Nor was there the kind of anger and self-deprecation that comes after being cheated, and even, from her face and words, all that could be felt was the kind of familiarity and warmth between relatives, and beyond that, there was little else

“Why are you looking at me like that? Think it’s strange?” Li Yantong looked at Ji Feng’s expression and asked with a smile.

“Uh is a bit strange.”

Ji Feng nodded and smiled, “I just think aunty is good!”

While the two were talking, Ji Feng arrived in the living room and saw Li Yueqin sitting on the sofa, her face not looking very good, so Ji Feng hurriedly greeted her and politely bowed slightly.

“Little Feng is here, have a seat!” Li Yueqin reluctantly smiled and pointed to the sofa in front of her.

Ji Feng faintly stared, Li Yueqin’s voice had an unconcealed tiredness in it, but more importantly, Ji Feng felt a kindness from Li Yueqin’s words!

That’s right, it’s kindness.

Although this emotion was not obvious, but Ji Feng clearly felt it.

This is indeed very complicated, Li Yueqin’s face is not good, but to himself but kind?

Ji Feng was a bit puzzled.

“Little Feng, have a cup of tea!” Li Yantong walked over with a cup and then sat down next to Ji Feng, “I called Lei Lei earlier, she said you were at the police station, so I didn’t call you.”

Ji Feng retrieved his thoughts and nodded, “Yeah, I was in the police station at that time.”

Li Yantong nodded and didn’t say anything.

The living room then went quiet, or rather, it fell into a cold place, and Li Yueqin didn’t speak either, just sitting on the sofa, not knowing what she was thinking.

“How is Fang Ming doing?” After a long time, Li Yantong still spoke up.

“He’s not too good!” Ji Feng said.

Li Yantong nodded and didn’t ask how exactly Fang Ming was not well, she also seemed to have forgotten that Ji Feng had promised her that he would try not to make things difficult for Fang Ming.

“..... Sister, I have to confess to you that Fang Ming’s current bad condition is my doing!” Ji Feng said frankly.

“What will he end up with?” Li Yantong asked.

Ji Feng laughed bitterly twice, not knowing how to answer, now Li Yantong is already annoyed enough, can’t tell her that Fang Ming is dead no matter what

However seeing Ji Feng like this Li Yantong also understood that Fang Ming would definitely not end up any better.

“What do you care about that bastard?!” Li Yueqin, however, grunted, “A bastard like him is not worth you feeling sorry for him, forget it if you should!”

Thinking about the kind of simplicity that Fang Ming had shown before, Li Yueqin became angry in her heart.

That bastard had fooled her and her daughter by pretending to be so honest, but she had never imagined that he was not only a liar, but also had no good intentions in approaching her daughter.

As a mother, Li Yueqin was naturally very distressed for her daughter, and she could not wait for Fang Ming to go out and crash to death right away!

“Little Feng, you’ve done a good job!” Li Yueqin suddenly said.

“..... eh?!”

Ji Feng didn’t react for a moment and froze.

“Yan Tong is your sister, but she’s a girl and has a weak personality, so she can easily suffer.” Li Yueqin, however, ignored Ji Feng’s surprise and said, “In the future, if possible, you and your big brother should take more care of your sister and not let her be bullied again!”

Ji Feng immediately sat up straight and said aloud, “Auntie, don’t worry, in the future, no matter who it is, don’t even think about bullying my sister again!”

“Mm! That’s good, you two siblings should support each other in the future, after all blood is thicker than water!” Li Yueqin nodded her head and spoke as if with emotion.

When she said this, Li Yueqin’s expression was very complicated, there was a kind of relief of putting down the burden, there was also a faint resignation, and some satisfaction!

The fact that Li Yueqin said this is tantamount to approving of his sibling relationship with Li Yantong, acknowledging that there is inseparable blood between them, which means that Li Yueqin’s attitude has changed and she has started to accept herself!

This was really great news!

Ji Feng’s eyes lit up as he fiercely turned his head to look at Li Yantong and said, “Sister, from now on, with me here, I won’t let you suffer any more, let alone let anyone come and bully you! If anyone dares to do so, I’ll break his legs!”
