Chapter 1351

“Cut the crap!”

Han Zhong interrupted him directly, “Don’t stand up there pretending to be a pussy! I’ve given you face for coming here! Get the hell down!”

At these words, the whole room fell silent, and even a pin dropped on the ground could be heard.

No one had expected that this young man called Han Zhong would be so nonchalant, simply arrogant and cocky to the extreme, really thinking that because his companions had knocked out two of Wang Er Rongzi’s men, he thought that Wang Er Rongzi only had such a little strength and was no match for them?

But Han Zhong and Ji Feng and the others all looked bland, strictly speaking, with their status to settle accounts with Wang Errongzi, that was really giving him face.

Not to mention Ji Feng, even Han Zhong was not comparable to Wang Errong, as he was the son of the chairman of Han Style Group and the general manager of Tengfei Group himself, his influence in status alone was not something that someone like Wang Errong could understand.

What’s more, Han Zhong was originally a gentry, and his network of connections was really that bad?

If he wanted to deal with Wang Errong, there were too many ways to do so, and he could have played him to death in any way he wanted, but Han Zhong still came in person because Wang Errong had gone too far and made Han Zhong hold a fire in his heart, and he had to beat Wang Errong up personally to relieve his anger.

However, the staff member of the Tengfei Group did not know this, and when he saw how reckless Han Zhong and the others were, he could not help but tremble in his heart and hurriedly said in a low voice, “Mr. Han, isn’t this a good idea?”

“Afraid of what?!”

Han Zhong didn’t hide his voice, he sneered, “I’m here today to clean up Wang Er Rongzi, do you really think that after a few days on the road, with a few little ponies, you are unscrupulous? If Wang Errong doesn’t bow down and admit his mistakes to me today, I’ll tear his bones apart!”

“..... your mother!”

All the people who heard this were speechless, who was the one who was unscrupulous?

First, he came to the bar and killed one of Wang Errongzi’s ponies without a word, then he openly hit Wang Errongzi’s face in such an arrogant manner, but he still said that he was reckless?

This guy couldn’t be a fool, could he?

For a while, the crowd was a bit speechless, but there were a few sharp-eyed people who were thoughtful.

Is he really a young man who dares to come to the Shengshi Bar and cause trouble like this?

There were people in this Jiangzhou who were even more rash than Wang Errong?

Moreover, there were a few people who were even staring at Han Zhong, they vaguely felt that the name Han Zhong seemed familiar, as if they had heard it somewhere before!

“Wang Errongzi, get your ass down here!” Han Zhong shouted, he didn’t care what the others thought, he had come here today to cause trouble, he was not willing to let out the anger he had in his heart!

He had to take out his anger!

Wang Errong’s face was even more blue as he nodded heavily, “Good! Very good!”

He pointed upstairs at Han Zhong who was sitting below him, and then turned around and walked towards the staircase.

On top of that, there was also a woman with short red hair, who also followed behind Wang Errong.

“It’s the Four Great Vajra!” Someone recognized the three pagoda-like men, as well as the red-haired woman, and could not help but exclaim.

“It’s really them, now those few guys who came to pick a fight are in trouble .....”

“Yes, I heard that they all have human lives on their hands, some people have been killed alive by them .....”

“Hurry up and back off, it would be bad luck if you get hurt by mistake this time!”

.....

The three men and one woman appeared, the guests below who were watching the action suddenly seemed to explode, buzzing and talking, while they all involuntarily stepped back, with either a grave or fearful look on their faces.

It was clear how powerful these four men were!

Stomp! Stomp! Stomp! .....

The five men walked over, looking very imposing, causing the guests in the ground floor hall to involuntarily step back, and those watching the action even hurriedly separated, subconsciously giving them a way out.

Wang Errong’s face was incomparably gloomy as he slowly stepped in front of the seats of Han Zhong and Ji Feng and the others.

“I’m rolling down, what’s the instruction?!” Wang Errongzi asked indifferently, his tone was calm, but the more this happened the more the people around him had drums in their hearts, obviously Wang Errongzi was already extremely angry, there might be a big fight coming next!

But even though their hearts were pounding, these people wanted to watch.

All of them did not dare to breathe much, but just stared at the five Wang Errongzi and the four young men in the seats, to see how they would develop next and whether they would fight .....

Han Zhong coldly stared at Wang Errongzi and asked, "Why would someone go to our group's studio to cause trouble? Aren't you going to give me an explanation?!"

"How do you want me to give an explanation?!" Wang Errong asked teasingly.

"Hehe ....."

Han Zhong couldn't help but shake his head and laugh, and then he stared at Wang Errongzi and said, "Frankly speaking, as soon as I saw this smile of yours, I thought of the tone you used when you talked to me on the phone, and then I wanted to tear your mouth apart and stomp you to death one foot at a time!"

"Unfortunately, I'm afraid that you won't have that ability and end up getting stomped to death by me instead!" Wang Errongzi's tone remained calm.

"Hehe ....." Han Zhong shook his head and laughed.

While Han Zhong was conversing with Wang Errongzi, Ji Feng was also observing this guy who was said to be very famous in this generation.

Wang Errongzi was about thirty years old and not very tall, just over 170 centimeters, and compared to the three pagoda-like men behind him, his stature was considered short.

However, this man's two eyes were extraordinarily stern, and his face looked sinister, and he was a ruthless fellow at first glance.

In his body, there was also an indescribable aura of slaughter. Ji Feng's eyes narrowed slightly, this Wang Errongzi had probably seen blood, and was definitely a ruthless person!

The first time I saw him, I could tell that he was a practitioner. It was hard to say whether he knew internal kung fu, but he knew kung fu for sure, and his kung fu was probably pretty good!

A practitioner, and a Taoist leader, coupled with a ruthless heart, it was no wonder that this Wang Errongzi was able to make a name for himself in the Tao and had such a big reputation in this generation.

This was not without reason!

Apart from that, what also caught Ji Feng's attention were the four men behind Wang Errongzi.

Three of them were wearing denim waistcoats, with sturdy bodies, and their exposed arms were lumpy muscles that appeared to be extremely explosive and powerful, and at first glance, they were guys that were not to be messed with.

The other one was a woman, the exact age Ji Feng couldn't really tell, however, looking at the woman's posture, it was obvious that she was also a practitioner, and she was playing with a multifunctional military knife in her hand, the knife which was not light in weight was like a small toy in her hand, constantly turning over and over, almost playing with it.

"The Four Vajra!"

Ji Feng shook his head and smiled, "What a formidable name!"

Wang Errong then gave him a look, "A mighty appellation is not as mighty as the punch and kick your Excellency just gave, say, what do you want?"

"First, give me an explanation for the beating of my company's employees today, those bastards who beat people up, you guys will deal with it, if it's handled to my dissatisfaction, you will know the consequences!" Han Zhong coldly stared at Wang Er Rongzi, "Second, after handling it, let me beat you up, and this matter can be left at that."

"Huh ....." Wang Errongzi laughed playfully, "Mr. Han, you are really arrogant, not to mention beating up my people, but you still want to come and beat me up? Aren't you afraid of getting ....." beaten when you go out in the future?"

Bang!

Ji Feng flung his hand and smashed a plate on the table, smashing it on Wang Errongzi's face, bringing his playful yet threatening words to an abrupt halt!

"So what if I beat you up?" Ji Feng asked indifferently.

Wang Errongzi was instantly hit and stumbled, hitting the body of his men at once, which prevented him from falling over, so it was clear how powerful that plate that Ji Feng threw was!

Everyone was frozen, Ji Feng had actually hit Wang Errong?

These people were finished!

This was the view of the majority of the people, even if these young men's skills were strong, they were definitely finished.

The fact is that Wang Errongzi has been able to make it this far, so he can be said to have mastered both the black and white worlds.

Ji Feng stood up and looked coldly at Wang Errongzi: "Beating you is no different from beating a pig or a dog, if you don't do what Mr. Han says, it won't be as simple as just getting beaten up!"

"After receiving my protection fee, instead of doing something, you dare to tease me?" Han Zhong stared coldly at Wang Er Rongzi, "Let me also tell you this, you are also the first one who dares to do this! So, I'm really going to beat you up today!"

Hoo~~!

As soon as Han Zhong's words fell, he kicked Wang Er Rongzi violently.

"You're looking for death!"

A pagoda man behind Wang Errongzi shouted violently and slammed his fist towards Han Zhong, while at the same time, the other two strong men also attacked Ji Feng, they had also seen Ji Feng's good body skills before, so they attacked him together with two men.

“I’ll kill you!” Wang Errong also reacted, he let out a low roar and fiercely punched straight at Han Zhong’s vitals.

Swish!

The red-haired girl also struck at this time, the saber was incomparably harsh in her hand, attacking directly at Ji Feng’s vitals, leaving him no time to save Han Zhong.

“Hoo~~!”

However, just then, only a white shadow flashed violently, and in the next moment, all that could be heard was a ‘pop’ crunching sound, followed by a fierce kick from Han Zhong to Wang Errong’s stomach, instantly knocking him to the ground!

Wang Errong’s face was covered with a bright red five-finger mark!

Chapter 1352

“I just beat you up, what’s the matter?” Looking at Wang Errongzi who was kicked to the ground by himself, Han Zhong sneered, “Do you really think that with a little power you can be so dominant that you don’t take anyone into account? I’ll see that you don’t suffer until you’re dead!”

He turned his head to the White Spider standing next to him and said, “Thank you!”

Bai Spider nodded slightly and said, “You’re welcome!”

Although she was Ji Feng’s bodyguard, she couldn’t watch Han Zhong get beaten up, moreover, since Ji Feng had made his move, she naturally had to strike even more.

Hoo~~!

Wang Errong, who had fallen to the ground, stood up with a carp and stared coldly at White Spider and Han Zhong.

“Damn it! How dare you pretend to be a pussy?!” Han Zhong took one look at him and was instantly enraged, he went up and hit, “I’ll let you pretend!”

“Go to hell!” Wang Errong was even more irritated, he shouted angrily and rushed towards Han Zhong with unparalleled ferocity. Then before he could reach Han Zhong, he suddenly saw a white shadow flash before his eyes, and the next moment, he felt a blackness before his eyes, as if something had hit his face.

Bang!

The White Spider’s sideways whip leg struck Wang Errongzi’s face so hard that the tremendous force caused him to fall to the ground instantly, unable to hold back a muffled cry.

The White Spider’s leg struck Wang Errongzi’s face, causing his eyes to glaze over and his ears to buzz, and he was unable to get up for a while.

But Han Zhong seized the opportunity, and snapped forward and punched and kicked Wang Er Rongzi, who had fallen to the ground, cursing angrily as he did so.

“Doggone thing, pretend! Pretend again!”

“How dare you tease me after receiving protection money, I’ll let you tease, I’ll let you talk to me in a teasing tone!”

“Beat you, what’s wrong with beating you? It’s you that I beat up!”

.....

All the onlookers were stunned, no one would have expected that Wang Errongzi, who had come down with his four villains in a raging manner, would instead be caught by this young man and beaten to death, and even beaten to the point that he could only hold his head to protect his vitals and couldn’t even get up!

“Stop it!”

The two men and one woman who were fighting with Ji Feng saw this situation and immediately bared their heads, their boss was actually being pinned to the ground and beaten to death, this was simply unbearable for them.

The two pagoda-like strong men then lunged towards Ji Feng, while the red-haired woman was trying to bypass Ji Feng to save Wang Errongzi.

Swoosh!

Suddenly, Ji Feng clasped the wrist of one of the strong men, and then fiercely threw a crashing fist at the other’s stomach.

“Well!”

The strong man’s eyes widened at once, and the veins on his forehead rose high.

In the next moment, he was blown away by Ji Feng’s punch, and his whole body rolled on the ground for an unknown number of times in succession, twitching a few times before he passed out.

In Ji Feng’s hand, however, was an extra belt, which he had untied from the burly man’s body when he had blown him away.

Phew!

Ji Feng flung his hand and jerked the belt over.

Snap!

The belt thunderously smacked the red-haired girl’s face, as if it was like smacking a fly, in an instant.

“Ahh...!”

She screamed in pain, being smacked with a belt on her face, it was not that pleasant.

Ji Feng smiled at the last burly man who attacked, and directly blasted his fist at him.

Bang!

That strong man was hard hit by Ji Feng's punch and took a few steps back, and then his body wobbled a few times and sat on his butt on the ground, unable to stand up anymore.

Ji Feng shook his head and laughed, what Four Great Vajra, even the senior reformers of the dynasty couldn't fight him hard, let alone these few guys?

They were all just a little bit of kung fu, full of strength and strong physique, that's all.

But compared to the dynasty's reformers, Wang Errongzi's so-called Four Great Scriptures, that's really a far cry, even the most ordinary reformers can deal with the four of them, not to mention Ji Feng.

Instead, that woman .....

Ji Feng glanced at the red-haired woman who had been sent flying by his belt, this woman's body was quite okay and her body was quite soft, even though she had been sent flying, she hadn't actually suffered much damage, at most she had only sustained superficial injuries.

Now she fell to the ground screaming ..... Ji Feng smiled, it seems that Wang Errongzi's four vajra, not all are so loyal ah.

After collecting this so-called four vajra, Ji Feng then turned his attention to the other side, Han Zhong was catching Wang Errongzi, beating all over his body, and one kick was more vicious than another, and it didn't matter where it kicked Wang Errongzi, it was a dream kick anyway!

"Bang!"

Han Zhong kicked hard before stopping, he himself was gasping for breath from exhaustion, and Wang Er Rongzi was even holding his head on the ground and not moving.

"Motherfucker! I'll make you tug again!" Han Zhong panted and cursed angrily.

Ji Feng smiled, it was time for Han Zhong to exercise, the aerobics he had been taught must not have been practiced consistently, otherwise he wouldn't have been so tired.

"Had enough of beating?" Seeing that Han Zhong didn't move, Wang Errong gritted his teeth and slowly stood up from the ground.

Bang!

Han Zhong had all but dissipated his anger, but hearing this from him, he went up and kicked him again, "Still tugging?!"

Wang Errong was instantly kicked and stumbled again, but did not fall down.

In fact, although Han Zhong hit him fiercely just now, he didn't let Wang Errongzi suffer much damage, moreover, he protected all the vital parts.

"I'll remember this beating today ....., " Wang Errong's face was incomparably gloomy as he gritted his teeth and said.

However, before he could finish his words, he suddenly felt a blackness before his eyes.

Slap!

A slap viciously slapped Wang Errongzi's face, instantly knocking him to the ground.

"Ugh!"

Wang Errong let out a muffled cry as his body shook violently!

"Cough ....." He coughed and spat out a mouthful of fresh blood, with two teeth in between.

This slap, which knocked out all his teeth, was so powerful that it simply made people's scalps tingle. Wang Errongzi was even more shocked and annoyed in his heart, and fiercely turned his head to look, and saw the young man with the powerful body from before standing in front of him, staring at him coldly.

"Remember this slap of mine as well!" Ji Feng said indifferently.

Wang Errong stared at Ji Feng in shock and anger and said through clenched teeth, "I'll write it down!"

"Mm!"

Ji Feng nodded and raised the belt in his hand high again, "You'll also have to remember this severe beating below!"

"Wait a minute ....."

Pop!

Ji Feng flung his hand and struck down, immediately jerking back all of Wang Errongzi's following words.

Pop~pop~pop!

Ji Feng continuously pumped on Wang Errongzi's body, in this weather, clothes were not wearing much, Ji Feng's strong strength pumped out the belt, no one else could bear it, Wang Errongzi likewise couldn't carry it.

At first he could still grit his teeth and hold on, but not long after, he screamed miserably, "Ah...!"

At the end, Wang Errong's voice was mute and his body just kept twitching, he didn't even have the strength to dodge.

"Did you take note of this beating?" Ji Feng asked.

Wang Errong's body was shaking from the pain, he gritted his teeth and didn't say a word.

"Very well!"

Ji Feng raised the belt once more.

"Don't hit, don't hit ....." Wang Errongzi was finally afraid, he could see that Ji Feng didn't talk nonsense to him at all and wasn't afraid at all, as long as he dared to be half hard again, he would definitely still get a severe beating!

"I admit it!"

Wang Errongzi said with an ugly face, "Today, I, Wang Errongzi, admit it, you two tell me what to do! As long as I can do it, I will do it!"

"What should I do?"

Ji Feng sneered, "Didn't you hear what Mr. Han said before?"

"Those ponies who beat people up are not my people, I don't have the right to dispose of them!" Wang Errong said with an ugly face, "However, it's my fault for not working after collecting protection money, I will compensate ....."

"Laozi is short of your little money, huh?!" Han Zhong said angrily, "Say! Who's idea was it for those people to break into Film City and beat people up? Why did they beat up my employees?!"

"I can't tell you that, in the world, you have to follow the rules ....."

"Rules?!"

Han Zhong was enraged, he kicked over, "Fuck! You're still taking protection money and not working? You're still talking about rules?!"

"Tell me, who ordered those punks to beat people up?" Ji Feng asked in a deep voice, "Don't find yourself uncomfortable!"

As soon as Wang Errongzi said earlier that those punks who beat people up were not his men, Ji Feng understood that someone was really behind this matter, otherwise, Wang Errongzi would not have said that.

Besides, this was Wang Errongzi's territory, someone broke into Film City and beat people up, and he actually didn't care about it, which was very telling.

"If I don't say anything, the most I'll get is a beating from you guys, you can't get me killed, can you?" Wang Errong said very patronisingly, "But if I speak up, I'll be breaking the rules, and then either my hand will be chopped off or I'll be killed and thrown into the Pu River to feed the fish! If you were me, which would you choose?"

"Then I'll get you killed first now!" Han Zhong was furious.

"Stomp, stomp, stomp ....."

Suddenly there was a rush of footsteps, followed by a loud shout, "Stop! Stop!"

Ji Feng immediately frowned slightly and turned his head to look, but saw several police officers walking over with big steps.

"Who is committing murder?!" The policeman in the lead shouted as soon as he entered.

"Oh ..... the police are here!" Wang Errong looked at Ji Feng and Han Zhong and smiled smugly, "You two, I know you may both be people of status, but so what? The process of your murder today was clearly captured on my camera here, so I guess the law is just as valid for you, right?"

"Holy shit!"

Han Zhong cursed angrily, "What the fuck do you know about the law?"

"When it's time to use legal weapons to protect yourself, you have to learn to use them, I'm a legitimate businessman!" Wang Errongzi laughed in triumph, then the smile on his face disappeared and he stared at Ji Feng and Han Zhong with gritted teeth, "I'll remember what you did to me just now! Really! There's something to tell you guys, in the detention center, I, Wang Errongzi, have plenty of ponies, when the time comes, someone will take good care of you!"

Chapter 1353

Wang Errongzi was dressed in rags, and the high-grade shirt he was wearing was torn and tattered by Ji Feng's belt, and the skin that was exposed was even bloodied and blurred, and in some places even the skin was directly smashed, with the bright red flesh turning outwards, making people's hearts beat rapidly just by looking at it, frightened and with their scalps fried.

Wang Errongzi himself was trembling with pain, and almost every inch of his skin and muscles were trembling involuntarily.

It was said that the ten fingers were connected to the heart, but in fact, when the body was beaten like this, the pain that penetrated the heart was definitely not much lighter than the ten fingers being broken, which made Wang Errongzi almost feel the extreme pain of being lynched!

But now, Wang Errongzi was shivering in pain all over again, while still baring his teeth and grinning.

An educated rascal!

The so-called cultured hooligan, according to Wang Errongzi's understanding, is that in front of civilized people, when others talk to him about politeness, education and manners, he will play hooliganism with others and fight with them because he is a hooligan, as the saying goes, a barefooted man is not afraid of a shoe-wearer, that's what it means!

However, if he meets someone who is more rascal than him, his rascal tactics will not work in front of them. This time, he will have to talk to others about the law and civilization .....

The scene in front of me is like this.

The ruthlessness of Ji Feng's methods really made Wang Er Rang scornful, just now Ji Feng's blistering and furious pumping, hitting Wang Er Rang simply painful, especially Ji Feng's cold and ruthless look, but also let Wang Er Rang's heart constantly beat drums!

Even ..... fury was appalled!

This young man is really too ruthless, his methods are also too cold, Wang Errongzi believes that just now, if he had been tough, this young man would definitely not hesitate to take the belt one by one to whip himself to death!

From the bottom of his heart, Wang Errongzi was scared of this young man!

Although the young man in front of him was not a real desperado who did not want to die, he was here to kill others!

Wang Errong was scared by Ji Feng, and had a strong fear, even fear, in his bones!

Now, the police had come!

Since playing hooliganism was no match for others, he had to be civilized and use legal means to deal with the other side.

This was Wang Errong's usual rule of survival.

As long as these few people were put in jail, then everything would not be a problem. As long as they went in, they would never walk out alive again.

Wang Errongzi would send people in the prison, treat them well, let them sleep and die, hide and die, wash their faces and die ..... Anyway, there were just too many ways!

"You guys wait!"

Wang Errong gritted his teeth and stared at Ji Feng and Han Zhong, those eyes were incomparably cold.

Ji Feng, however, just shook his head and smiled: "It seems that just now, he still hit too lightly and did not beat you afraid!"

Han Zhong even sneered, "Of course we'll wait, just in case you don't have that kind of ability!"

"How dare you be arrogant?!" The policeman at the head of the group walked over and bellowed, "How dare you threaten people in front of the police? How dare you! Take them all back!"

"Slow down!"

Ji Feng stared coldly at the policeman and asked indifferently, "Have you gone through the investigation? Have you asked? Who gave you the right to come up here and arrest people?"

"Humph! Talking to me about rights?" The policeman's face instantly sank.

"Can't we talk?!" Han Zhong's face was also unsightly, he had long heard that Wang Er Rongzi was a master of both black and white, and now it seemed to be true, this policeman didn't even ask questions after arriving, he came up and wanted to arrest people, it was strange that he wasn't Wang Er Rongzi's lapdog!

"Good! Since you want to talk, come with me to the police station to talk!" The policeman in charge sneered and waved his hand, "Take them away!"

"I'll see which one of you dares to do it!" White Spider bellowed, took out her ID from her pocket and handed it to the policeman in charge, "These two are important people, you'd better ask for the facts before you do!"

"What else to ask?!"

Wang Errong suddenly sneered, "Want proof? I have surveillance cameras all over this bar, from the time you came in until now, every move you made was captured by the cameras, if you want proof, I can convince you anytime!"

The policeman at the head of the group had a slight change of expression, because he saw clearly the documents in the hands of the white spider, and they were actually the documents of the Special Warfare Brigade of the Jiangzhou Military Region!

“This matter ..... still needs further investigation!” The policeman hesitated for a moment and finally eased his tone, “Boss Wang, these are people with special status, since you have called the police, you have to provide enough evidence, otherwise .....”

Wang Errongzi couldn't help but change his face, “What .....”

The policeman in charge nodded imperceptibly and gave Wang Errongzi a hint.

Wang Errongzi's face then sank, he realized that these few people were not that easy to catch, but, thinking about that miserable look he had been beaten with, he immediately gritted his teeth again.

“Fine! Want evidence is it?!” Wang Errong said in a hateful voice, “Someone, go get the video from the surveillance room and give it to the police! I really don't believe it, is Jiangzhou still a city where the rule of law prevails, can some people with special status treat the law like a child's play?”

“It's not up to you to decide whether or not you treat the law like a child's play! Since you want to talk to me about the law, then let's talk!” Ji Feng coldly swept a glance at him, and then directly took out his mobile phone and dialed Zheng Yuanshan's number, “Uncle Zheng, it's me!”

“Little Feng? Are you calling at this time ..... for something?”

Zheng Yuanshan received Ji Feng's call and seemed a bit surprised, ever since the last time Ji Feng clashed with the Zhao family, Zheng Yuanshan could clearly feel that Ji Feng was gradually distancing him, at least, no longer treating him as an elder like before, that kind of distance, Zheng Yuanshan could naturally feel it.

Now that Ji Feng suddenly called, Zheng Yuanshan immediately realised that Ji Feng must be up to something.

“Uncle Zheng, I'm at a Shengshi bar near Jiangzhou Film and Television City, I'm here to clean up Wang Errong, but the police are coming over and want to take me away, tell them about it!” Ji Feng said indifferently.

“You're there?” Zheng Yuanshan was slightly surprised, “The Wang Errongzi ..... you're talking about isn't a small punk in that area?”

“That's him!”

Ji Feng said, “Now the police are right in front of me, you talk to them!”

“Humph! Pretending!” Seeing that Ji Feng didn't know who he was talking to on the phone, Wang Errong couldn't help but laugh mockingly, he didn't think that Ji Feng was some big shot, at most, he would know a few official people and that would be great, otherwise, he would just run over and beat himself up?

Wang Errong guessed that at most, Ji Feng would be like Han Zhong, a bit of status, but not so much energy, otherwise, how could Brother Long possibly want to clean them up?

So at this time, when he saw that Ji Feng had actually called someone, Wang Errongzi despised it.

At this time, however, Ji Feng frowned slightly, but not because of Wang Errong, but because of what Zheng Yuanshan said on the phone.

“Little Feng, with your status, how can you go directly to clean up those punks? Wouldn’t you just send someone for this kind of thing?” Zheng Yuanshan said, “How about this, you leave there first, I’ll check out that punk .....

“No need, you just transfer these police officers away, no one is allowed to ask questions about this matter today, otherwise, I will even beat them together!” Ji Feng said indifferently.

“How dare you!”

When the policeman in charge heard this, he immediately shouted, “You’re the one who’s wrong! Arrest him!”

“Uncle Zheng, did you hear that? Should I send them all to the hospital, or should you transfer them away?!” Ji Feng asked indifferently, not even paying attention to the policeman.

The white spider next to him blocked all the policemen, so that they didn’t dare to go forward easily.

“..... Then fine, you give the phone to the policeman leading the team!” Zheng Yuanshan said at once.

He heard out that Ji Feng’s tone was firm, and it seemed that it must have been the punk who had angered Ji Feng.

Zheng Yuanshan didn’t bother to ask more about the exact reason, he only knew that if he didn’t help with such a small matter, I’m afraid that in the future he and Ji Feng would be two parallel lines, in the future .....

Ji Feng handed the phone to the policeman in charge and said indifferently, “A loud voice is not necessarily useful, pick up the phone, your boss’s .....

The policeman looked at him with a gloomy face, extremely angry.

“You’d better answer it!” Ji Feng said indifferently, “I believe you won’t regret it.”

When the policeman saw how certain Ji Feng was, he hesitated for a moment before he took the phone and looked at Ji Feng again before saying, “Hello, who is it?”

“I’m Zheng Yuanshan from the Jiangzhou Municipal Bureau, which branch are you from?!” Zheng Yuanshan’s majestic voice came over the phone.

“Zheng Yuanshan?”

The policeman was a bit stunned, he just felt that the name sounded familiar, but he couldn’t remember who it was for a while, “Who knows you are ....., Zheng, Chief Zheng?!”

In a flash, the policeman reacted and instantly his face changed dramatically, “Yes, sorry Chief Zheng, I didn’t know it was you!”

“Now you know?” Zheng Yuansan’s voice could not be heard with joy or anger, “If you still want to wear this skin, go back to wherever you came from immediately!”

“Yes!”

The policeman immediately answered loudly, but his eyes were very panicked, bad, Chief Zheng knows about himself ..... he didn’t do anything out of the ordinary today, right? Did he?

Pop!

The phone hung up.

That police officer’s face changed and changed, panicked, returned the phone to Ji Feng, opened his mouth, but did not know what to say.

“What, not going to follow the instructions?” Ji Feng asked.

The policeman instantly gave a jolt and bellowed, “There is an urgent mission, close the team immediately!”

“..... Yes!”

Several other policemen were stunned, and then they answered at the same time.

“What?!” Wang Errong froze once again as he looked at the policeman in charge in shock, “I say, you’re .....”

“Sorry Boss Wang, there is an urgent task issued from above, you are here .....” He glanced at Ji Feng who had a calm face and said with difficulty, “Try to negotiate to solve anything, business should be harmonious to make money! ..... farewell!”

After saying that, the policeman in charge no longer dared to stay longer and hurriedly led his people away.

Chapter 1354

“You, you guys this .....”

Seeing the police officers, who usually worked very closely with him, suddenly cave in and leave in the dust today, Wang Errong was so shocked that he was almost incoherent.

What the fuck is going on here?!

“Oh .....” Han Zhong looked at Wang Er Rang’s stunned look and couldn’t help but laugh grimly, “Wang Er Rang, don’t you want to talk about the law? Come on, talk to me again!”

Wang Errongzi instantly dawned on him, what the fuck there was an urgent mission, all fucking lies, the real reason that made that cop leave in such a hurry was the phone call that this young man had just told him to answer, that cop must have known that this young man couldn’t afford to mess with him, so he didn’t dare ask!

By the way .....

The brain of Wang Errong suddenly got better, he remembered that when the policeman was leaving, he seemed to say something to himself ..... to try to negotiate a solution, saying that business is to make money through peace .....

He was telling himself not to get into conflict with the young man in front of him and to try to find a way to settle the matter so that the young man would be satisfied .....

Fuck him!

Wang Er Rongzi really wanted to spray him with shit!

Motherfucker, still negotiating a settlement, can't you see that I've been beaten up like this?

The actual fact is that they are not going to be able to get a good deal on this.

But no matter how irritated he was in his heart, the matter was now in front of him, Han Zhong and that cold young man were staring at him, and this matter always had to be resolved .....

"Oh ....." Wang Errongzi's body was trembling slightly as he looked at Ji Feng and Han Zhong and struggled to squeeze out an ugly smile, "Two, today this matter I, Wang Errongzi, admit to it ....."

Swish~~pop~~!

Before Wang Errongzi's words could be spoken, he saw the cold young man instantly whip over with a belt fiercely.

"Pah!" With a sound, Wang Errong only felt that his face might have been smashed open, and his whole body flew up and fell heavily to the ground with a thud, only feeling dizzy and dizzy, his eyes and ears ringing.

He was dumbfounded by the belt!

"Well ....."

Wang Errong struggled a few times without getting up, his head was even buzzing, but in his heart he knew that he was definitely going to be unlucky today, and if not, he might not even be able to save his life!

"Using the law to protect yourself!?" Ji Feng coldly stared at him, two steps came to him, a foot on his face, "Laozi is bullying you today, you call the police to protect you to see?!"

"Well ....."

Wang Errongzi's limbs were struggling, how strong Ji Feng's strength was that was self-evident, don't look at Wang Errongzi's strong body, in front of Ji Feng he was no different from a chicken, even if he used all his strength he couldn't break free.

"Forgive, forgive me ..... I'm wrong!" Wang Errong finally begged for forgiveness, he felt Ji Feng's foot on his head, the strength was getting stronger and stronger, if he didn't beg for forgiveness, I'm afraid his head would be stomped on!

"Forgive you, why?!" Ji Feng asked indifferently.

“I, I can tell you who is going to deal with the Tengfei Group .....” Wang Errong said in a muffled voice, being stomped on the head by Ji Feng, he couldn’t say it clearly.

Ji Feng lifted his foot and stared at him coldly: “Say! As long as there is one false word, I will let you taste what it is like to be whipped to death alive!”

Wang Errong suddenly winced as he gritted his teeth and struggled to get up from the ground, his body was shaking, the intense pain and his head that was a little dazed from the beating made it almost impossible for him to stand still.

“It was Brother Long who ordered this!”

Wang Errong finally gave an explanation, he bared his teeth and grimaced, cold sweat from the pain, “Brother Long said that your Tengfei Group had offended him, told me to make way and then tell him where your studio was located ..... Those ponies who beat people up really weren’t my men, I only told Brother Long about you and also, didn’t send anyone to protect .....”

“Who is Brother Long!?” Ji Feng asked, “Why would he want to move the Tengfei Group?”

“Brother Dragon is a big brother in western Jiangzhou, called Hu Long. He has a lot of people, and he’s a master of both black and white, so when he gives the word, I dare not disobey!” Wang Errong said with difficulty, the pain in his body was too great, “As for why, I don’t know .....”

“Very well!”

Ji Feng nodded and asked, “He gave the word you dare not disobey, our Tengfei Group and General Han gave you face and came specifically to pay the protection fee, so you can turn a blind eye and receive the money and not do anything?!”

“.....” Wang Errongzi’s expression was embarrassed, he cursed in his heart, damn if I had known that your Tengfei Group was so powerful and had such a perverted expert, I would have dared to just take money and not do anything? I don’t have shit in my head!

But this he did not dare to say, otherwise ..... Wang Errong subconsciously glanced at the belt in Ji Feng’s hand and could not help but shiver.

“Where is Hu Long?!” Ji Feng asked again.

“Him?”

Wang Errong shook his head in a panic: “I don’t know him too well, and he’s a person whose whereabouts are said to be erratic. This time I listened to him, I also hoped to hook up with him as a line, but I didn’t expect .....”

“Can reach him, right?” Ji Feng directly interrupted him, “Call him and ask where his exact location is!”

“..... you, you’re asking me to set him up?” Wang Errong asked in shock.

If he did that, then he would be betraying Brother Long, and what would Brother Long do to him then?

Swish!

What answered him was a belt whip that instantly knocked Wang Errong to the ground again.

"I don't have time to listen to your nonsense!" Ji Feng said coldly.

"Hiss...!"

Wang Errong's eyes went straight with pain, this time he couldn't get up anymore and just sat on the ground in a panic and said, "I'll do it, I'll do it!"

He shivered and took out the phone, only to find that the phone screen was cracked ..... just now he didn't know how many blows he had received, I'm afraid that was when the phone was broken.

When Wang Errong saw Ji Feng's face sink again, he hurriedly rolled and fished out a mobile phone from one of his men who had been knocked unconscious next to him, and hurriedly shivered and dialed a number.

"Brother Long, it's me, Er, Er Rongzi ....." Wang Er Rongzi took a few deep breaths and tried to calm down his speech, "Brother Long where are you, I have a very urgent matter to see you... . it's not very clear over the phone."

"It's like this, someone came to my place today to cause trouble ..... they are from the Tengfei Group, they seem to have some background, they said they also want to deal with you ..... they have hired killers!"

"..... fine!"

Hanging up the phone, Wang Errong cried and said to Ji Feng, "He said he was at the Gold Coast on the second ring road ....."

It's over, after selling out Brother Long this time, he knew he was definitely going to be unlucky!

"Gold Coast? Where is that?!" Ji Feng didn't have the time to pay attention to what Wang Errong thought, but asked in a deep voice.

"It's an upscale bathing centre .....", said Wang Errong.

Ji Feng gave him a cold look, "If I find out that you lied to me, you know the consequences yourself!"

"How dare I!" The first thing you can do is to get a good idea of what you're doing. That's like looking for death!

"Of course, you can also continue to retaliate against the Tengfei Group afterwards!" Ji Feng smiled faintly.

"Big brother, I wouldn't dare even if you gave me ten guts!" Wang Errong was stunned beyond belief and said in a panic, "The conscience of heaven and earth, if I dare to do so ....."

"If you don't dare, you have to protect the studio of the Tengfei Group in the future!" Ji Feng said.

"Big brother, I wouldn't dare to agree to this, if I sell Brother Long today, I might have to run away tomorrow ....."

“The Brother Dragon you are talking about will not appear in Jiangzhou in the future!” Ji Feng said indifferently, and then, together with Han Zhong and the others, he walked out in big strides, “Remember what I said!”

“.....”

Looking at Ji Feng and the others’ backs disappearing at the entrance of the bar, Wang Errong was full of consternation and bitterness, being beaten into this dog-like state, but he didn’t even dare to say a hard word, what the hell is this all about .....

However, thinking about Ji Feng’s ruthless methods, Wang Errongzi couldn’t help but feel hairy in his heart, he deserved to be beaten up when he went up against such a pervert!

But .....

What did the young man’s words mean? What do you mean, Brother Long will not appear in Jiangzhou in the future .....

He wants to drive Brother Long out of Jiangzhou?

Wang Errong was shocked beyond belief, fuck him, someone has challenged Brother Long, but who is Brother Long, his men even have long and short guns, these young men are going to send them to their death?

“Second Brother, Second Brother, how are you?!” At this time, a few junior brothers ran over and hurriedly tried to help Wang Errongzi up, “Shall we take you to the hospital?”

“Fuck the hospital, hurry up and help me upstairs, after selling Brother Long today, I have to run away .....”

“But didn’t they go to deal with Brother Long?” A little brother asked with some hesitation.

“Is Brother Long that easy to deal with? They’re sending them to their deaths! But I can’t die with them, hurry up and help me up!” Wang Errong cursed with his teeth bared.

But Wang Errong would not have thought that in the eyes of many people, Brother Long, who in his mind was so powerful that he could take over both black and white, was just a small flea – he could be crushed to death with one finger if he was caught!

At this time, those customers in the bar were still immersed in the shocking scene just now, staring blankly at it all, all feeling incredulous.

–Ernie Wang, actually being cleaned up like this?

.....

“Old Yi, this is Ji Feng, you gather your team immediately and meet me at the entrance of the Gold Coast Bathing Center on the West Second Ring Road, just bring a few short guns just in case .....”

Ji Feng, who got into his car and was heading for the West 2nd Ring Road, gave Yi Xingchen an order on the way.

The powerful Brother Long?

Ji Feng is having fire in his heart not to set off, this guy crashed into it, that's just right, clean it up all together!

After thinking about it, Ji Feng still dialed Zheng Yuanshan: "Uncle Zheng, I'm going to clean up Hu Long now, you look at the arrangements ....."

And at this time, Yi Xingchen, who had received Ji Feng's order, used the shortest time to gather everyone in the battle group and quickly rushed to the West Second Ring to start their second campaign .....

Chapter 1355

This is the best time of the year for the Gold Coast Bathing Centre to open.

This kind of high-class bathing centre does not only provide bathing services, but also everything from bathing to catering to chess and card entertainment, and even accommodation, which is a one-stop service.

So many people who come out to play but don't have that much money in their pockets will mostly choose this kind of bathing centre.

In addition to this, if a customer requests special services, this bath centre will also accommodate them.

With such special offers and special services, the business of the bath centre is getting better and better, and the owner, Hu Long, is also making a lot of money.

Although Hu Long has many industries and most of them are very profitable, he still attaches great importance to the bathing centre.

It is not that easy to have access to both black and white, and it is not something that can be achieved just by having money.

The people on the road are naturally very good, as long as you have money, can provide them with a place to enjoy, and have the strength, those people will naturally submit to you, but the official people, not so good to serve.

With power in their hands, those people will naturally think of ways to enjoy themselves, and, for general enjoyment are somewhat indifferent.

Hu Long has opened such a bathing centre, which has a lot of special treats inside. This was copied by Hu Long after he heard about the tactics used by a tycoon in the southeast to enlist official people.

It was said that the tycoon had built a building where, starting from the ground floor, each floor was a different entertainment programme to enjoy. And depending on the position and rank of the people coming in, they were allowed to enter the floor corresponding to it respectively.

It is said that but there is not a single person who enters there who is not pulled in because they don't want to come out again after they enter, there are just too many enjoyable items inside .....

The company's main business is the development of a new business, which is the development of a new business.

Hu Long also considers himself to be a tycoon, a rogue tycoon, on the beaches of Jiangzhou.

At this moment, in a bedroom upstairs of the Gold Coast Bathing Centre, there was a large soft bed, and Hu Long was on this bed, pressing a snow-white body, galloping wildly, and the room was full of spring light.

It was only after a long time that the room fell into peace as a delicate cry rang out.

Pah!

Hu Long lit a cigarette and leaned back on the bed while holding the flushed body in one hand, smoking it beautifully, while his hand was still roaming back and forth on the woman's body in his arms, with a smug look on his face.

So what if you're a big star?

Those big stars, who are usually so high and mighty, are now still being pressed under my body and played with at will?

Hu Long was very proud of himself and felt that this was the kind of life a tycoon should have.

At first, the woman was still squirming, but after being forced into bed by Hu Long, he gave her many advantages, and the woman still submitted.

Look at her now, she is even more 'slutty' in bed than those women who are out for sale, daring to play with any position .....

"Brother Long, you are getting more and more powerful ....." a lazy voice rang out, followed by the woman leaning towards Hu Long's arms, revealing a flushed face, if Ji Feng and others were here, they would have recognized at a glance that this woman was no other than the high-flying star, Xu Weiwei.

"Hahahaha ....." Hearing Xu Weiwei's enchanting words, Hu Long let out a loud laugh in triumph.

"Knock knock!"

A sharp knock on the door suddenly sounded, and Hu Long's face suddenly sank, "Who is it?!"

Anyone who was disturbed at this time would be quite unhappy, not to mention, Hu Long thought he should be a tycoon in all his status, so how could he tolerate such rudeness from his subordinates?

"Brother Long, outside, there is someone outside to cause trouble ....." came the voice of a junior disciple from outside the door.

"Whoever dares to come and cause trouble, throw them out, is it necessary to come and tell me such a trivial matter? What is Ah Hu and Ah Bao doing for food?" Hu Long shouted lowly.

"But ....." Brother Dragon, Brother Tiger and Brother Pao have both been beaten up ....."

"What?!"

Hu Long was stunned, immediately he sat up violently and asked loudly, "What the hell is going on, come in and talk!"

"..... Yes!"

A little brother pushed the door and came in, as if he didn't see the scene on the bed, he just lowered his head and said respectfully, "Brother Long, a dozen people came outside to cause trouble, they are very powerful, none of our people here are their opponents, Brother Tiger and Brother Pao were also injured, now they, they told you to go down ....."

"There are more than a dozen people on the other side?"

Hu Long's face suddenly turned gloomy, "You go out first, I'm coming!"

"Son of a bitch, dare to come to my place and cause trouble, no matter who you are, you won't be able to get out in one piece!" Hu Long cursed angrily and directly extinguished the still burning cigarette with his fingertips, he quickly put on his clothes and was about to head out.

"Brother Long, where are you going ....." Xu Weiwei on the bed was on her side, her two snow-white thighs clamped to the towel blanket, half of her snow-white, round \*\*\*\* body was exposed, her whole body was full of temptation, "Come stay with me for a while longer, women need the most comfort after pleasure oh ....."

"Little slut, wait for me here, after I finish my business outside, then I will come back and continue to do business with you ....." Hu Long laughed heatedly, he said the latter one 'do business' very heavily, obviously it is not interesting.

The first thing you need to do is to make sure that you have a good idea of what you are doing.

Not long after, she didn't know what had occurred to her, but she suddenly let out a giggle and said to herself, "I'm afraid the Tengfei Group will have a headache now, right? That Han Zhong, I don't know where he's hiding in a nook and cranny is crying with a headache, with Brother Long sending someone out, they still want to have a good time?"

"Wow ....."

Xu Weiwei chirped, one hand slipping under the small of her back .....

.....

Not to mention Xu Weiwei's debauchery, just Hu Long, who walked out of the bedroom with a gloomy face, but did not go down immediately, but came out into the corridor and reached down through the window to look down.

This was Hu Long's habit, he had made his fortune from the road, so he knew that he had offended many people in the past few years, and he didn't know how many people wanted him dead.

Therefore, he was very careful in what he did, he just didn't want to die horizontally himself.

There was a story that Hu Long remembered very well. It was said that when the World Cloak invaded China, a super master defected and became a traitor.

However, such a super expert was drugged by a shopkeeper in a tavern and fell unconscious because of a careless act.

His head was then carried by the shopkeeper to collect his reward .....

Hu Long considered himself not a traitor, but a big shot, so he didn't want to die so unexpectedly and horizontally.

But Hu Long was not too nervous, because he had a lot of good men in the bathhouse, and he also had a few personal bodyguards who were very strong and had weapons, not to mention a dozen people who came to cause trouble, even if there were a dozen more, he was not afraid.

They would not be able to make a fuss!

However, when Hu Long poked his head out of the window, he was stunned by what he saw.

Instead of the scene where he had expected his men to quickly restrain all the troublemakers and throw them out, there were a dozen stout strangers, incredibly strong, attacking his men!

What's more, this group of men were just outrageously strong!

With their bare hands and fists, they beat up the bathtub's stick and machete wielding fighters, who were unable to find their way to the ground.

With so many fighters in the bathing centre, they were so defeated that they were on the verge of a total collapse!

What was even more shocking and unbelievable to Hu Long was that in the corner of the hall, there were two men sitting on the floor, looking depressed – they were his two best men in the bath centre, Tiger and Pao!

These two men were extremely strong, how could they have been taken down like this?

At this time, Hu Long hurriedly beckoned towards the side, and at once, two men came out from the corner of the corridor and called out, "Brother Long!"

"Bring your weapons and follow me down!" Hu Long said with a grim face.

"Yes!"

The two men nodded their heads. They were Hu Long's most personal bodyguards, the ones who could get the closest to him, the others were a little less.

Hu Long's bedroom was on the fifth floor, and there were two bodyguards guarding every stairway entrance below, as well as the lift entrance on every floor, to prevent people from coming up to assassinate him. This way down, there were six or seven more bodyguards behind Hu Long, and everyone was armed.

.....

"Bang!"

When everyone in the hall was put down, Ji Feng casually found a seat and sat down, waved his hand towards Yi Xingchen and said, "Keep fighting until you get Hu Long out!"

"Oh ..... it seems that this brother has come specifically for me, Hu, this is really an honour for me, I wonder what I, Hu Long, have done wrong to offend Your Excellency?" A voice suddenly came over.

Ji Feng immediately turned his head to look, only to see a man of about forty years old striding over, followed by half a dozen bodyguards behind him, each of them looking very tough.

"You're Hu Long?!" Ji Feng stared at him for a moment, and then he waved his hand violently, "Take it down!"

"Do it!"

Hu Long also shouted at the same time.

Ka ka ka~~!

The bodyguards behind him instantly pulled out their guns and pointed at Yi Xingchen and the others who pounced over.

Bang Bang Bang Bang Bang~~!

A dense burst of gunfire rang out, and the hall was silent for a moment, and then a harsh scream rang out, "Ah...!"

The few bodyguards behind Hu Long were all hit, some by the wrist, others by the shoulder, and unsurprisingly, the guns in their hands fell to the ground.

Clack~~!

And at this time, Yi Xingchen and the others had also pulled out their guns and pointed them at Hu Long's head.

Chapter 1356

The moment the black muzzle of the gun pointed at his head, cold sweat came down on Hu Long's face. He had never thought that these people, who originally had bare hands, were actually so tough and vicious, and what's more, they actually had weapons in their hands too!

What's more, they actually dared to shoot!

This was in the city!

Shooting at random, even he, Hu Long, wouldn't dare, who the hell are these ..... people?!

Could they really be the killers that Wang Errong had mentioned?

Swish!

Liu Zejun grabbed Hu Long's hair and yanked him over directly, "Get the hell over there!"

"Well!"

Hu Long let out a stifled cry as he was yanked, stumbling as he was dragged in front of Ji Feng, stiffening his neck and saying in a deep voice: "Everyone, who are you? Has someone Hu done anything wrong?"

"You are Hu Long, right, I heard that it was you who sent people to Jiangzhou Film and Television City, smashed the studio of the Tengfei Group and beat up the employees of the Tengfei Group?" Ji Feng stared at him coldly, without any half-hearted nonsense at all, and asked straight to the point.

Hu Long's face instantly changed: "Are you really the assassins hired by the Tengfei Group?"

"Yes, or no?!" Ji Feng stared at him and asked coldly.

"Hehe ....." Hu Long's face changed, then he suddenly laughed, "Guys, I think this is a misunderstanding, what Tengfei Group, I don't even know ....."

Bang!

Ji Feng's hand did not know when a gun appeared, he directly pulled the trigger and instantly shot through one of Hu Long's feet, "Yes, or no?!"

"Ah...!"

Hu Long shrieked miserably and whirled around, clenching his teeth and letting out a whimpering low growl in his throat, but he just stopped screaming miserably.

"Tough guy!" Ji Feng smiled faintly and raised his hand. This time, the gun in his hand was aimed at Hu Long's other foot, but soon, Ji Feng's hand began to gradually move upwards until the gun was aimed at Hu Long's head, and only then did he stop moving.

The black muzzle of the gun was just pointing at Hu Long's head.

Hu Long's face finally changed once more, his face twisted and his eyes involuntarily widened, a perfect display of his inner fear.

"Originally, I already knew that you had sent someone to beat up the employees of the Tengfei Group and did those things. Now I'm asking you, not so that you can give me a sloppy excuse, but just to give you a chance to defend yourself, otherwise, I'm sure you wouldn't be willing to die, right?" Ji Feng stared at him coldly, "But now, I don't see the need for that, you're not going to see the coffin and not shed a tear!"

As soon as the words left his mouth, his finger moved, ready to pull the trigger to finish off Hu Long.

"No!"

Hu Long immediately exclaimed in shock, he had already been shot through the top of his foot, at this moment, when he was shocked again, his legs suddenly went weak and he fell to his knees with a thud, "No, don't shoot, it was me, I sent the men ....."

"Why?!" Ji Feng coldly stared at him, "Tengfei Group and you have no grievances in the past, why did you go to make trouble and break the bones of the group's employees?!"

“Because, because of that bitch Xu Weiwei, she said for me to teach the Tengfei Group a lesson ..... It’s all because of that bitch Xu Weiwei, she has caused me misery ah!” Hu Long roared low in anger, as if he was a trapped beast.

“Xu Weiwei?!” Ji Feng and Han Zhong looked at each other and both saw the surprise in each other’s eyes.

How could they not have imagined that in the end, it was actually the woman who had never been looked at by them that was responsible for the current situation, causing the studio to be destroyed and the employees to be broken. In turn, Ji Feng cleaned up Wang Errong and Hu Long in succession in a fit of rage.

I never thought that the person who started all this was actually just a woman!

“That’s right, it was that bitch Xu Weiwei, if she hadn’t cried to me, how could I have sent someone to cause trouble? We who are in the Dao are also about rules .....” Hu Long nodded his head repeatedly.

“Bullshit!”

Ji Feng directly interrupted him, “You are the Hu Long who is known as the rogue tycoon in the west of Jiangzhou City? Is this the kind of virtue you have? Look at your bearish appearance, I think you’re even worse than Wang Errong!”

Hu Long’s face changed, but he didn’t dare to retort, there was more than one gun pointing at his head, as soon as the young man opposite gave the order, his head might be shot into a sieve!

“You beat up the employees of the Tengfei Group and smashed the studio, what do you think, what should be done?” Ji Feng asked indifferently.

“What does Your Excellency say to do? As long as I, Hu Long, can do it, I will definitely not discount .....” Hu Long said through clenched teeth.

“Oh, still consider yourself a big shot .....” Ji Feng couldn’t help but shake his head, these people can really ..... have reached this point and still consider themselves as a big shot when they speak, but on the contrary, none of them have the true spirit and backbone of a big shot, and they can only be ridiculed.

“Brother Long~~!”

Just then, the lift door on the ground floor suddenly opened and a woman walked out from inside, who else could it be if not Xu Weiwei?!

“Xu Weiwei?!” Ji Feng frowned slightly, he never expected to see this woman here.

Han Zhong’s face was also gloomy at the same time, at first they only terminated the contract with this woman, at most he said two unpleasant words, but this woman is not without fault, but it did not occur to him that she actually let Hu Long send people to smash the studio and injure the staff!

It was simply abominable!

“Brother Long, you guys are ..... Han Zhong?” Xu Weiwei finally looked clearly at the scene in front of her, and she was immediately shocked, “You, you guys .....

“Bitch, old man has let you get me into trouble!” Hu Long couldn’t help but curse angrily.

Xu Weiwei’s body trembled with fear and she said in a panic, “Brother Long, how can you say that, how dare I harm you!”

“Fuck you! Look at me, I’m in such a state, and you still say you haven’t harmed me?” Hu Long was furious and cursed, “I’ll kill you right now!”

Slap!

Guo Tao slapped Hu Long across the face, “Be honest!”

Immediately, he grabbed Hu Long’s wrist and twisted it with his backhand, Hu Long immediately screamed miserably, and a black object fell from his hand.

It was a pistol!

“What a deadly nature!” Yi Xingchen shook his head.

Ji Feng, however, shook his head and smiled, stood up, and was about to arrange what happened next when he heard the sound of a siren woo woo woo woo coming from outside.

“Ask him how many floors the surveillance room is on, and take away all that surveillance footage!” Ji Feng said immediately.

No need to ask at all, Hu Long hurriedly said, “On the fourth floor, in the office on the fourth floor .....

“Go get it!”

Yi Xingchen looked up and shouted.

“Okay!” A voice came from above, and Ji Feng could hear it, it was Yao Zhijian’s voice.

In fact, those few bodyguards of Hu Long’s who were hit on the wrist and shoulder just now were the ones that Yao Zhijian and Lu Gang had teamed up to accomplish, and the duo had achieved quite a good result in their first match, even though they were not facing an opponent of the same level, but it was still a good match!

Not long after, Yao Zhijian came running down and made an OK gesture.

“It’s time to go!” Ji Feng said indifferently, and then, without even looking at Hu Long on the ground or Xu Weiwei in the distance, he just waved his hand and said to Yi Xingchen and the others, “Let’s go, someone will take care of the rest!”

Yi Xingchen nodded his head and waved his hand violently.

The team members at the back immediately started to close up, but instead of all leaving in a huff, they kept their formation, backing up two by two, with their pistols still pointed at Hu Long and the others, until they were out of the gate of the Gold Coast Bathing Centre, which then turned around and left quickly.

.....

“Uncle Zheng, the job is done .....” When he walked out of the Gold Coast’s front door, Ji Feng dialed Zheng Yuanshan’s phone number, “I heard the sirens too, I’ll trouble Uncle Zheng with the rest.”

“Don’t worry, I’ll arrange the rest!” Zheng Yuansan said, “But how far do you want to go?”

“Hu Long has been running rampant for the past few years and has done a lot of bad things I guess.” Ji Feng smiled faintly, “slowly investigate, investigate and deal with the same to sue him once, if enough to shoot the crime, then do not show mercy .....” In fact, I think, I’m afraid not even wait for him to talk, I’m afraid in the detention center will be silenced!”

Hu Long dared to call himself a rogue tycoon, the so-called black and white all-powerful, if he was not ‘good friends’ with several officials, how could he dare to be so arrogant?

But, being friends with officials, this friend is not so easy to do, one has to know how to maintain the relationship, one has to know that one should make a fortune together .....” In short, there are a lot of ways in between!

In this situation, if Hu Long opens his mouth and bites people indiscriminately in the bureau, I wonder how many people will be anxious to jump to their feet.

In fact, even if he didn’t open his mouth, I’m afraid many people would be too frightened to sleep, so how could he be allowed to live?

“You can rest assured, until the matter is clearly investigated, Hu Long’s safety is still guaranteed, as for what to do after the investigation is clear, we still need to report it afterwards!” Zheng Yuansan said with a smile.

Ji Feng smiled and nodded, he understood Zheng Yuanshan’s meaning.

By reporting it, that meant digging up something useful from Hu Long’s body, seeing who all was involved in the end, and then reporting it to Second Uncle.

When the time comes, who should be hammered and who should be brought in, it would all be up to second uncle to look at the situation and decide.

“Uncle Zheng, thanks a lot!” Ji Feng said with a smile.

“That’s a bit out of the ordinary for you, it’s all for the people, come and play at home when you have time!” Zheng Yuansan said with a smile.

“Sure!”

Ji Feng agreed with a smile, and after that, he hung up the phone.

This matter, Zheng Yuanshan did a pretty good job, so that the knot in Ji Feng’s heart is indeed lifted a lot, the previous things, perhaps can be ignored .....

The actual fact is that you can find a lot of people who are not able to get a good deal on the subject.

Seeing Ji Feng and the others leave the Gold Coast, Hu Long was furious: "I'll fuck the fuck up! Motherfucker ....."

There was no telling who he was actually cursing at!

"Long, Brother Long ....." Xu Weiwei saw Hu Long's anger and was immediately frightened and shouted cautiously with some trepidation.

"Calling for mourning, what are you shouting for!" Hu Long opened his mouth and cursed, "You cheap woman, it's all because you put me in this situation, still don't help me call an ambulance ....." ah ....."

Stomp stomp stomp .....

Just then, a group of police officers rushed in.

Hu Long took one look at the situation and immediately shouted, "Help, police, help, we are being attacked ....."

"Are all these firearms yours?" A policeman asked in a cold voice.

Hu Long took a look at the guns on the ground and was stunned, then he hurriedly said, "No, no, no, those are not ours, they are all those killers' ....."

"Take them all away!" The policeman in charge bellowed, "Hu Long, this isn't the first time we've dealt with each other, is it? There should be fingerprints on this gun, I'll see what you have to say this time?"

Hu Long took a look and his heart sank, this police officer leading the team had always been against him and had been unable to catch him if he wanted to.

But now .....

Chapter 1357

Time, didn't even wait until the next morning, that night, the whole of Jiangzhou's road spread the word.

Hu Long had fallen!

The Tengfei Group's men had struck and beaten Wang Errong so badly that he could only bow down and admit defeat, and in the end was even forced to sell Brother Long in Xicheng.

And then, the Tengfei Group once again sent men to directly attack Hu Long's lair in Xicheng, beating him to his knees and begging for mercy.

According to some customers who had not come out of the bathing centre, the one who took Hu Long was the most famous black-faced tiger in Xicheng, a policeman who everyone on the road was scared of.

Some people even said that the top had already given the word that Hu Long would not get out this time!

And it all started because Hu Long listened to Xu Weiwei's pillow talk and sent someone to the workplace of the Tengfei Group to cause trouble, thus annoying the top management and the man behind the Tengfei Group!

The name of Tengfei Group once again resounded throughout Jiangzhou. Everyone realized that Tengfei Group was not only able to produce the nationwide popular slimming pills, but also had an extremely profound background that even Hu Long could not afford to mess with, let alone others.

All the bosses hurriedly sent out a message to strictly restrain their men, no matter who they were, they could not go to Tengfei Group to cause trouble, and they had to go around when they saw people from Tengfei Group, otherwise, they would be responsible for the consequences!

The Tengfei Group became a taboo subject on the road, no one would talk about it easily, and no one dared to mess with it.

The reason is that those bosses have made many enquiries, but they don't even know where the background of Tengfei is, nor do they know who is behind the Tengfei Group.

Under such circumstances, who dared to mess with it?

When Wang Errong heard the news, he was already in his car and ready to run away, betraying Hu Long.

He had no choice but to run away!

However, before the car could leave Jiangzhou, Wang Errong received a call from his men, telling him that Hu Long had fallen on his face, and Wang Errong was once again shocked!

He instantly realised that the background of the Tengfei Group was somewhat terrifyingly strong!

However, he also realised that he might not have to run away, as he had already been beaten up, and looking at Han Zhong, he didn't seem to be in general agreement with him .....

Wang Errong's face changed, and finally he gritted his teeth and said, "Turn around immediately and go back!"

Since Hu Long had planted, Wang Errongzi intended to gamble, although the people of the Tengfei Group were fierce and vicious, they were also considered to be disciplined, and maybe ..... this was an opportunity!

The first thing you need to do is to get back to the bar and call a doctor to come over and treat his injuries.

However, as soon as Wang Errong returned to the Shengshi Bar, he got a piece of news from the mouth of the little brother guarding the door that made his heart skip a beat.

— The men who had beaten him up earlier were back and waiting for him in the office upstairs!

Wang Errong's face instantly cried out, were the people from the Tengfei Group still not going to let him go? He had only given way to Hu Long's men and provided them with information, but he had done nothing else!

Do they have to kill them all?

"Damn it, it's just a matter of dying!" Wang Errong gritted his teeth, "Go on, I'm going up there!"

Hoo~~!

Wang Errongzi took a deep breath, glanced upstairs, and walked up step by step with his teeth bared, feeling as if he was a prisoner awaiting trial, Wang Errongzi really had no bottom in his heart.

When he arrived at the office door, Wang Errong gritted his teeth and knocked directly on the door:  
“Knock, knock!”

“Come in!”

A faint voice came from inside, the tone was calm, but Wang Errongzi could not help but hear his body tremble, he immediately heard it, this voice was the same young man who took a belt and whipped him furiously before.

Wang Errongzi pushed open the door of his office with some apprehension, and immediately saw that Han Zhong, that young man, and that beautiful woman were sitting in his office.

“Really become rash?” The young man said, “Come in!”

“..... hey!”

Wang Errong nodded honestly and limped in, “Two big brothers, I don’t know what you’re here for this time .....”

“Beating you today, not convinced in your heart, right?” Ji Feng asked.

“No, no, no! Good fight, good fight, I am not a fighter .....,” Wang Errong said hurriedly.

“If I give you a task to monitor the activities of the Daoists in this area of West City, are you willing to do so?” Ji Feng didn’t even talk nonsense to him and asked directly.

“Ah?!”

Wang Errong didn’t react for a while.

“You’re not a bad person, you’re a man of sorts!” Ji Feng said, “Don’t dabble in anything unclean in the future, Han will always give you a job, your task in the future is simple, continue to mix in the Dao, but, the main task is to spy on some major figures in the Dao, of course, there are some other minor tasks, can you do it?”

“Let, let me be an informer?” Wang Errong asked hesitantly.

“You can also refuse!” Ji Feng said.

Wang Errong, however, did not answer immediately, but deliberated seriously for a moment before asking, “Then ....., what kind of work do you give me? I also have quite a few brothers under my hands, if all those unclean things are not done, they will all starve to death .....”

“Tengfei Group is so big, it shouldn’t be hard to give you a job where you can eat.” Ji Feng said.

“Then, what else do I have to do besides spying on those bosses?!” Wang Errong asked.

“It’s simple, you continue to run your bar and other properties, it’s fine, and you can charge protection fees as usual, but less.”

Ji Feng said, "Here are the key points, listen to me carefully. First, you have to monitor the other bosses. If anyone dares to go too far, beat him up for me, or, contact General Manager Han. Secondly, no woe to the people, and do your best to keep others from woe to the people!"

Wang Errong instantly understood: "You, you ..... you want me to integrate the underworld in Jiangzhou?"

His eyes suddenly widened, this, this plan was too shocking, integrating the mafia in Jiangzhou, was this possible?

"That's right, that's what it means!"

Ji Feng nodded, "I will only provide you with funds, and of course, a certain amount of official help, the rest of the things, all need to be done by yourself, as long as you don't harm the common people, I don't care how you do it, I just want the result, that is, the Dao in Jiangzhou is not allowed to be so filthy anymore, like drugs` and some other things that are too much, purge it for me, or at least, press it to the minimum!"

Wang Errong was silent, he lowered his head and was thinking seriously. Because he knew that once he agreed to do so, what he faced next, could be one life and death struggle after another, and he could get killed at any time, or even be taken out in one fell swoop by the other bosses combined!

Ji Feng also did not rush him, but stood up and said, "You can take your time to think about it, and when you figure it out, contact General Manager Han ....."

"If I die in battle because of this, can you help take care of my family? I need a settlement money!"

Wang Errong suddenly said, "I need a settlement payment that will allow my family to live in peace for the rest of their lives! If you can give it, I'll do it!"

"Ten million, is that enough?!" Ji Feng asked directly.

"It's enough!"

Wang Errong immediately nodded his head.

Ji Feng turned his head to look at Han Zhong and nodded his head.

Han Zhong then smiled, took out his cheque book from his pocket, swished and wrote a cheque and handed it to Wang Errongzi: "Check it, ten million, cash cheque!"

Wang Errong took the cheque and froze for a long time, then, he threw himself on his knees: "I, Wang Xiao, swear to the heavens that from now on, I will follow the words of Mr. Han and ..... and big brother, if I go back on my word, let me die by a thousand cuts, and the same goes for my family!"

Ji Feng said indifferently, "Wang Xiao, right? Although I think this oath thing is unreliable, I am willing to believe you for once. However, I hope you can keep it yourself, otherwise ..... believe me, the oath will really be fulfilled!"

He patted Wang Xiao's shoulder, "From tomorrow onwards, you have to think about what you should do to meet my requirements ..... Be good to yourself!"

“Yes!”

Wang Xiao said loudly.

Ji Feng smiled, “If you are a man, then you have to do what a man should do.”

After saying that, he took a big step out.

Han Zhong also came to follow Wang Xiao and said, “If you get into trouble in the future, you can contact me, but don’t let me know that you yourself are doing wrong, as well as your men .....”

After saying that, Han Zhong also walked out of the office, leaving Wang Xiao alone.

“Definitely not!” Wang Xiao said as if to himself, but also as if to Ji Feng and Han Zhong who had already left, “I believe this is a rare opportunity, I will seize it!”

Wang Xiao himself didn’t even think that because he had seized this opportunity, there would be an additional godfather of the underworld on the beaches of Jiangzhou in the future.

Only, this godfather of the underworld is to fight crime as the main purpose and mission, with the intention of purging the underworld as much as possible ....., which is more or less ironic!

.....

“Ji Feng, do you think this person is reliable?” On the way back, Han Zhong couldn’t help but ask, “10 million is lost, but if he pulls on the skin of a tiger and in turn does wrong himself, then .....”

“He is a smart man and a man of integrity, so he wouldn’t dare, nor would he do so!” Ji Feng said, “Of course, even if he really did, I still have a way to clean him up, it won’t come to the end of the day to form that kind of tailspin situation.”

After a pause, Ji Feng added: “I just don’t want to see the Dao in Jiangzhou, so tainted again, then in the end, the only ones who suffer are ordinary people, sometimes it’s not enough just to rely on the police to fight crime .....”

To cultivate a godfather of the underworld, and thus unify the underworld, as a way to reduce crime as much as possible and make the air in Jiangzhou a little fresher!

This was Ji Feng’s intention.

Especially after learning about the history of Hu Long’s fortune and some of the officials who were involved with him, this thought of Ji Feng’s became even stronger!

Crime could not be completely banned, yet, Ji Feng hoped that he could make the city a little better through his power, or at least, not let ordinary people suffer too much.

That was all he could do .....

Chapter 1358

Choosing Wang Errong ....., also known as Wang Xiao, choosing him, Ji Feng still went through some consideration.

First of all, the people around Ji Feng is never considered, even if someone mentions advice to him or a hairy recommendation, he definitely does not consider.

None of the people around him were in the underworld!

Zhang Lei may be suitable because he is righteous, courageous and capable, but his identity determines that he is definitely not a suitable person to be in the underworld, even the formation of the war team, Ji Feng did not even let him be the commander, because of his identity!

Han Zhong couldn't do it, because the Tengfei Group still needed his control, and Du Shaofeng couldn't do it, because he was too naive, and it wouldn't do to just talk about righteousness on the road, otherwise he would be eaten up without even a bone left!

Apart from them, everyone else is even more unsuitable.

Moreover, even if someone was really suitable to be in the underworld, Ji Feng would never let them go, what is the underworld, it is a road of no return, moreover, the underworld is not for everyone!

So you can only pick from the outside!

In Ji Feng's opinion, as of now Wang Xiao was the most suitable candidate.

This person is very hard-headed, knowledgeable, has eyes for the times, and is not lacking in fierceness and righteousness.

These characteristics of Wang Xiao were discovered during Ji Feng's fight against him.

Hu Long was a much more powerful man than Wang Xiao, right?

But then, Ji Feng just shot him in the foot and made him beg for mercy on his knees, such a person was far worse than Wang Xiao!

Of course, there is another very crucial point is that Ji Feng is sure that he can control Wang Xiao, so that he will not end up training him out, but he will be more ambitious and form a tailspin, which is not good.

Wang Xiao meets all the requirements in all aspects, only that his current power is a bit small, but this is not a problem, Ji Feng believes that all Wang Xiao lacks is a chance, as long as there is a chance, he will be able to mix up.

The next thing to do is just to occasionally pay attention to Wang Xiao, so that he does not get killed when he encounters powerful enemies and can have a chance to breathe ..... Ji Feng will only provide him with this help, otherwise, Ji Feng would simply take the knife and go into the underworld himself, why let Wang Xiao do this spokesman?!

The trouble with the Tengfei Group was solved, the advertising shoot went smoothly, and Han Zhong was once again busy.

It is worth mentioning that Xu Weiwei, a woman who was also arrested by the police, including her agent Yan, because Hu Long had reported Xu Weiwei at the bureau and that he had been entirely instigated by Xu Weiwei in sending people to injure Tengfei Group's employees.

At the same time, Xu Weiwei had spent a lot of money on Hu Long, and most of that money was stolen money!

So in this way, Xu Weiwei was at least jointly and severally responsible, and as for the final outcome of the trial, it would take some time before it came out, as the case was still under investigation.

But some journalists heard the news, and they immediately flocked to the scene like sharks smelling blood, wanting to interview some of the police chiefs, hoping to get the latest developments about Xu Weiwei's case.

Some people in the know revealed that Xu Weiwei's problem was not too serious, but not light either, at least the sentence was enough.

At once, entertainment news and gossip magazines were flooded with reports, making Xu Weiwei, a second-tier star, a real star known to everyone ..... Unfortunately, Xu Weiwei can only go to prison to be a star, and now she can be described as a real loser!

This would be tragic!

If Hu Long hadn't bitten her on this, perhaps she could have taken advantage of the hype and her popularity would have risen again, but unfortunately, once she was in prison, everything would have been a bust for her.

Xu Weiwei's manager, Yan, was no better, and was said to be equally responsible, as if she had been involved in something else.

"You did it, didn't you?!" Looking at the newspaper in hand, there is a column that is writing how Xu Weiwei how, Xiao Yuxuan could not help but ask with a smile, "This informed person specifically just reveals Xu Weiwei's involvement with this case, and some spots of bad deeds, it must be your handiwork!"

Ji Feng spread his hands: "I can't help it if you think so, but I can tell you responsibly that it really wasn't my doing. There are so many people in the know, how would I know who it is!"

"Alright!"

Xiao Yuxuan pursed her lips and laughed, "Whether it's you or not, Xu Weiwei really stinks this time anyway! It's really ..... a woman to say the least, what's wrong with being a woman, why does she have to do these unpleasant things?"

Ji Feng said, "If she did this, then she must have an interest to claim!"

"Mm!"

Xiao Yuxuan nodded and said, "Let's not care about that, anyway, punishing Xu Weiwei like this, compared to what she did, can't be said to be light, but definitely not heavy. However, is this the only bit of luggage you're bringing? Do you want to bring two more sets of change of clothes?"

"You ah ....." Ji Feng laughed and said, "I'm not going on a trip, what's the point of bringing so many clothes? If I move fast, I might be back in two days, and if I move slowly, I won't be delayed too long, these clothes will be enough."

In front of Ji Feng was a small luggage bag, just a little bigger than a woman's satchel, inside were just some simple carry-on items, as for toothbrushes and towels and the like, Xiao Yuxuan originally intended to bring them for Ji Feng, but they were all taken out by him, if he went out he would definitely stay in a hotel, there was everything there, there was no need for these.

And if you don't stay in a hotel, then it's proof that you're in trouble, so you won't need these things even more, so you don't need to bring them at all!

It's off to Nan Yue!

Because of the matter of the smashed studio of the Tengfei Group, there was a day's delay, and now that Yi Xingchen's side was all ready, Ji Feng also mused that the delay was not too short, and it was time to go over.

In fact, when he had agreed to deal with the mysterious owner Huang in Chuzhou, Ji Feng had no intention to go there immediately.

Now the initiative is in his hands, the more he acts smug and rampant, the less suspicious Boss Huang will be, and the more anxious he will be, when he can't take it anymore, that's the best time to contact him, and then it will be much easier to catch him.

Now it's been three or four days since Fang Ming's calling card, which Ji Feng has kept switched off, so I believe Boss Huang must be anxious to get going.

As for Yi Xingchen's side, he only took Liu Xin, Liu Zejun and Lu Gang along.

These three people, Liu Xin has a big picture view, Liu Zejun is good at sneaking around in the dark, has a ruthless personality and even more severe methods, and Lu Gang is an extremely skillful sniper, so bringing them along can be considered a good match!

In addition, Ji Feng's side is also followed by a white spider, plus Ji Feng's own battle power .....

Such a combination, I'm afraid that even if a gang of people go together, they may not be able to keep them, especially if the others also have weapons at their disposal when Ji Feng is at full strength, that battle power is what is appalling.

"Go without much delay and come back early." Xiao Yuxuan put down the newspaper in her hand, came to Ji Feng, helped him straighten his shirt and said softly, "You should always think, there is still Lei Lei and me at home, we are all waiting for you to come back, always think more for us, don't take any risks ....."

Originally before going out, it was a bit inappropriate to say all these words, but Xiao Yuxuan was trying to let Ji Feng know that when he took a risk alone, it was actually the same as the whole family taking a risk, because now he wasn't alone anymore, he was already a family man with a home!

Ji Feng wrapped his arm around her slender waist, kissed her on her bare forehead and laughed: "Don't worry, Yuezhou is not a mountain of sword and fire, it's not that scary. What's more, it's unlikely that we'll use force this time, it's mainly a battle of wits with the other side, depending on who is smarter and whose overall strength is stronger, who will be the winner in the end!"

“Then you should also be careful and cautious, how many things that are certain end up being ruined by not being careful and serious, you should bear that in mind!” Xiao Yuxuan tenderly admonished.

Ji Feng smiled: “Don’t worry, I know what to do, I definitely won’t be careless!”

It is said that with a family and a tender home, a man loses his fighting spirit and will look ahead and back at everything, but Ji Feng does not think so.

He thinks that having a family will only make men more full of fighting spirit, the so-called looking ahead and back is actually just an excuse given by people who are not strong-minded, a really strong man will not look ahead and back, but will be careful for the sake of his family, this is old and mature!

Ji Feng now feels that he has matured quite a bit, at least, in many cases, he will choose a more prudent way to solve things.

This time he likewise did not intend to take any risks and would be back in two or three days as long as things went well.

“Remember to go and talk to Lei Lei before you go, she’s a great grandmother!” Xiao Yuxuan blinked her beautiful eyes and joked about Ji Feng again.

“She’s a great grandma, so what are you?” Ji Feng asked with a smile.

“Me, I’m a partial house!” Xiao Yuxuan pursed her lips and smiled lightly, “Actually it’s quite good to be a paramour, I heard that usually paramours and concubines are more favored ..... Well .....”

Before she could finish her words, she was kissed by Ji Feng on her red lips ..... A deep kiss caused Xiao Yuxuan’s beautiful eyes to immediately become lost.

The white spider immediately turned her head away and pretended not to see it.

“In fact, you are all the same in my heart!” After the kiss, Ji Feng said.

“We? How many people are we referring to? Including Xu Yuan? And that goddaughter’s mother of yours? Does it also include her?” Xiao Yuxuan asked with a wry smile, “Right, there’s also Li Ruonan, but people call me every few days and talk about you .....”

Sweat it out!

“Then what, it’s too late, I have to go!” Ji Feng suddenly snorted and fled with his bag.

The corner of White Spider’s mouth twitched and she also hurriedly followed.

“Flowery-hearted ghost!” Looking at Ji Feng’s back, Xiao Yuxuan puffed out a laugh, “It seems like there really is a ghost, otherwise he wouldn’t be scared like this .....”

Chapter 1359

“Boss, Liu Zejun, Lu Gang and Lao Yi have already left early, half an hour ago, they have arrived in Yuezhou and settled down in a big hotel, just waiting for us .....,” Liu Xin said in a low voice outside Jiangzhou Airport.

Ji Feng asked while striding towards the airport waiting hall, “Staying in a big hotel? How did that weapon get in?”

Yi Xingchen, with Liu Zejun and Lu Gang, didn’t go with Ji Feng, but drove ahead and headed directly to Yuezhou, even so, they didn’t even take the highway, but followed the country roads and the national highways along the way to South Guangdong, because they had a certain amount of weapons in their car – a few pistols, a certain amount of magazines, all loaded, a few rifles, and the obligatory sniper rifle for Lu Gang!

These things would be too conspicuous if they took the highway, although it was said that the people on the toll booths were only concerned with collecting money and might not bother to test them, but there were always some things that one was afraid of being careless about, so Yi Xingchen decided to take the side roads, but definitely not through other counties or the urban areas of small cities, which would be more risky.

In this regard, Ji Feng fully agreed with Yi Xingchen’s opinion.

Yi Xingchen’s practical experience was much richer than Ji Feng’s, and in this case, although Ji Feng was not considered an amateur, Yi Xingchen’s arrangement was already quite well thought out and the safety was the highest, so Ji Feng naturally would not object.

There was really nothing wrong on this journey, but when Ji Feng heard that Yi Xingchen’s trio had actually stayed in the grand hotel, he was puzzled, and the weapons were all brought straight in too?!

You know, those weapons together can be quite a lot, I’m afraid two or three suitcases won’t fit, so isn’t it a bit conspicuous to bring them directly into the hotel?

“Old Yi and the others didn’t say anything about the weapons, just that they had arrived safely and settled in, and everything was safe ……” Liu Xin said in a low voice.

Ji Feng then nodded, it seemed that Yi Xingchen had found a way to properly place these weapons, since that was the case he had nothing to worry about, so he waved his hand and walked into the airport’s waiting hall with big steps.

While waiting to board the plane, Ji Feng asked again, “What are the arrangements at home?”

“Guo Tao is in charge of the whole situation at home for the time being, besides being in charge of security for the Tengfei Group, he also has to lead those boys in training.” Liu Xin said.

Ji Feng then smiled, this arrangement was the best.

If we were to say that apart from Yi Xingchen and Liu Xin, who had the most big picture and was most capable of taking charge of the whole situation, it was undoubtedly Guo Tao.

Guo Tao, who is usually not too hot, is actually quite a talented person, only that usually his talent is covered up by the calm and atmospheric light of Yi Xingchen, so it is not obvious, and, at that time, it looked like Guo Tao was in charge of the whole situation by himself, which might seem a bit thin.

But in reality, after this period of exercise, Guo Tao can still do this kind of work and oversee the whole situation, no problem at all.

This is what Ji Feng is most pleased about, as the Tengfei Group is vigorously training all kinds of talents, whether in management or technical aspects, or in security, according to the elite!

Moreover, Guo Tao's outstanding performance was also the reason why Ji Feng could safely take away both Yi Xingchen and Liu Xin, the two front and vice captains.

The whole team together, including Yi Xingchen, had a total of fourteen people, of course, if you include Yang Yu, there should be fifteen people, now Ji Feng took away three, two of them are responsible for the overall situation, but the family left one Guo Tao, it is enough to deal with the usual scheduling and command.

Even if an unexpected event occurs, I believe Guo Tao can handle it. Even if he can't handle it because of his inexperience or lack of judgment, he can still contact Yi Xingchen and Liu Xin in time.

Therefore, Ji Feng took Yi Xingchen and Liu Xin all away, in fact, there is no lack of intention to exercise Guo Tao.

In fact, Guo Tao is a very stable person, and is also very suitable for controlling the whole situation. If he could be trained out, it would be very beneficial to both the Tengfei Group and the entire battle team.

Of course, once again, when he went to Southern Guangdong, Ji Feng went with the intention of winning.

He was not going to compete with someone, but to directly capture that mysterious Boss Huang, and to pry open his mouth and uncover the people hiding behind his curtain.

If he dares to put the idea on Li Yantong's mother and daughter, then he must be prepared to pay the price, as well as be prepared to bear Ji Feng's wrath!

The other party's identity is obviously not ordinary, I believe that Boss Huang is definitely not the ultimate mastermind behind the scenes, there must be another person's existence behind him, and what Ji Feng is looking for is this guy who is ultimately hiding behind the scenes!

.....

When the plane landed on the runway of the airport with some slight vibrations, Ji Feng saw the familiar tarmac and the two big words on the building far away – Nan Yue!

“Once again, I've set foot on the land of Southern Guangdong!”

Getting off the plane and striding out of the airport exit, Ji Feng looked at the already familiar received and building and couldn't help but say with emotion, “This Southern Guangdong is the land of right and wrong for me, every time I come here, I have to make trouble .....”

The white spider next to her could not help but purse her lips and smile lightly, she understood the meaning of Ji Feng's statement best.

The last time he came to Yuezhou, Ji Feng pried away a large number of management and technical personnel from the Rongpeng Group, as well as the duo of Rongpeng and Rong Suyan, and even used Yuezhou as a breaking point, making the Wu and Zheng families suffer a stifling loss!

Of course, Rong Suyan and Rong Peng didn't work under Ji Feng, but their departure cost Rong Peng Group a lot, plus the loss of those talents, even though White Spider didn't know anything about shopping malls, he knew how heavy a blow it would be to a company to lose so many talents!

And this time Ji Feng had come to Guangdong, God knows what people would suffer again!

"Boss, should we go to the hotel where Old Yi and the others are staying?" After leaving the airport, Liu Xin asked.

Ji Feng shook his head and said, "No need for now, it's better to act separately ..... Let's do it this way, let's find a hotel to stay in first, just find a place near Old Yi's hotel where they are staying, rest for now, when everything is ready, we'll start making our move!"

"Yes!"

Liu Xin nodded, went to the roadside and stopped a taxi, the three of them got into the car and headed straight for the direction of the hotel where Yi Xingchen and the others were.

However, they did not directly stay in the hotel where Yi Xingchen and the others were staying, but instead, they found a more upscale hotel near there and settled down.

The reason for choosing a high-class hotel is that there are very few pro-inspections here, and high-class hotels are very well connected in all aspects, so there will be no fishing for law enforcement or rogue gangsters to pick a fight, which will reduce a lot of unnecessary troubles, avoid extra problems, and guarantee the safety and confidentiality of the operation.

After checking into the hotel, Ji Feng then instructed, "Liu Xin, you contact Lao Yi and the others, explain that we have arrived, let them have a good rest, and after that get ready ..... I will go and prepare, after we have a good rest we will start the action!"

"Yes!" Liu Xin nodded and answered.

Ji Feng then went back to his room ..... They stayed in a high-class suite, which is the kind with several rooms in one room ..... Ji Feng arranged for the white spider and Liu Xin, and then he closed the door and took out his mobile phone.

After a moment of slight contemplation, Ji Feng finally dialed Zheng Yuanshan's phone.

In fact, if it was before this, Ji Feng really did not want to contact Zheng Yuanshan, not only because he had a conflict with Chang Chongwei and Zheng Yuanshan chose to protect himself, which made Ji Feng have an opinion of him, but also because from this matter, Ji Feng smelled a crisis.

If Ji Feng did not have the means to deal with the Zhao family, then Zheng Yuanshan's sudden and clear-cut choice to save his own life at that time would most likely have caused Ji Feng to fall on his face.

— No matter what, joining forces may be a win-win situation, but when it comes to the critical moment, it's still up to you!

Since then, Ji Feng has gradually distanced himself from Zheng Yuanshan. He hates false pretences, so he prefers not to get in touch with people he is not used to.

However, in the matter of Ji Feng cleaning up Hu Long, Zheng Yuanshan's performance made the lump in Ji Feng's heart somewhat smaller, plus Ji Feng gradually figured out a lot of things, so he gradually started to have contact with Zheng Yuanshan again.

In fact, if Ji Feng wanted to use the power of the police, he did not necessarily have to go through Zheng Yuanshan, there were too many people he could use.

If he gets too stiff with Zheng Yuanshan, it may affect the relationship between Ji Feng and Zhang Lei and make it difficult for Zheng Yuanshan to be caught between him and his second uncle, Ji Zhengguo.

So this was why Ji Feng intended to ease the relationship with Zheng Yuanshan ..... He dialed the phone.

"Hello, Little Feng?" Zheng Yuanshan's voice came over.

"Uncle Zheng, how are you!" Ji Feng's face did not have a smile on it, and his tone was also very flat.

Zheng Yuanshan didn't mind either, but asked smilingly, "Is there something wrong?"

"It's a bit of a matter."

Ji Feng said, "Do you still remember the last time I was intercepted and killed one after another in Jiangzhou? At that time, Chang Chongwei even sent someone to be involved in it!"

"..... Of course I remember, why, what do you mean?" Zheng Yuanshan's tone was slightly choked, at that time, that matter he had done was not very honorable after all, so it was a bit embarrassing.

However, so much time had passed and Ji Feng suddenly rehashed this matter, what did he intend to do?

"It's like this, I just want to ask you, at that time you said that those people who were involved in attacking and killing me, some of them were from a small gang in Southern Guangdong Province, what was the name of that gang and which city in Southern Guangdong was its exact location?" Ji Feng asked.

"You're asking this for ....."

Chapter 1360

"You're asking this for ....."

Zheng Yuanshan's voice suddenly gelled, he thought that Ji Feng was calling to ask about the progress of the case concerning Hu Long, going without thinking that Ji Feng was actually asking about the interception and killing of him by that gang at the beginning.

After such a long time, Ji Feng suddenly brought up this matter, causing Zheng Yuanshan's heart to thud, he instantly realized that Ji Feng had not forgotten that matter!

"Little Feng, are you planning to make a move against that gang?" Zheng Yuanshan frowned slightly, pondered for a moment and asked, "If I remember correctly, I told you back then, that gang no longer exists and the leader had already left the country many days before the incident, you're bringing it up again now ....."

"Oh, I'm just casually asking." Ji Feng laughed, not admitting or denying Zheng Yuanshan's question.

Ji Feng was naturally not going to reveal his intentions now, not that he didn't trust Zheng Yuanshan, but just in case, no one knew what would happen in the next moment.

"Okay ....."

Zheng Yuanshan nodded slightly, he also heard that Ji Feng did not want to say, so he said, "The address where that gang was located at the beginning was Zhen Yang City in South Guangdong Province, of course, that small gang was not only active in that one city, there were also traces of them in other cities, but now those people have all disappeared, the gang members either fell apart and went back to their own families, or turned to other gangs, you want to find them, I'm afraid it's difficult, but it's still easy to inquire about the original gang ....."

Zheng Yuanshan gave a general overview of that gang, including the location, name, and size of that gang and some of its members.

"Thanks, Uncle Zheng." Ji Feng had an idea in his mind after hearing this, and he nodded with a smile.

"There's no need to be so polite with me." Zheng Yuanshan chuckled, "But Little Feng, I have to remind you that the situation over in Southern Guangdong is very complicated, if you want to do anything, you should still think twice before you do it there!"

"I'll remember." Ji Feng nodded and smiled.

"It's best to discuss it with Secretary Zhen Guo again, after all, we have very few people over there, our connections may not be able to reach, if something really happens, it won't be as timely as you want to handle it, don't you think?" Zheng Yuanshan said.

"Uncle Zheng you are very right, I will remember what you said and will definitely keep it in mind!" Ji Feng said.

"That's good, is there anything else?" Zheng Yuanshan asked with a smile.

Ji Feng shook his head, "No, just a casual question, thanks for your concern Uncle Zheng, when I find time on my side, I will go visit you with Lei Zi."

"That's great, you haven't been here for a long time either, right? Try your aunt's cooking when the time comes!" Zheng Yuanshan said with a smile.

Ji Feng also couldn't help but smile as the corners of his mouth tugged, and exchanged a few more pleasantries with Zheng Yuanshan before hanging up the phone.

He then took out the two maps he had purchased outside the airport, which were maps of South Guangdong Province and Yuezhou City respectively. To work in a place that you are not too familiar with, you must first get a clear picture of the geographical situation, otherwise, when the time comes, you won't even know where to run for your life!

Ji Feng first opened that map of Southern Guangdong Province, and his eyes quickly searched for it.

Soon, Ji Feng found the city of Zhen Yang that Zheng Yuanshan had mentioned, and then, Ji Feng's gaze began to spread around Zhen Yang, gradually spreading outwards.

“Yuezhou, Chuzhou, Dongshan .....” One by one, the names of the cities quickly flashed through Ji Feng’s eyes, and when he saw these, the corners of his mouth couldn’t help but pull up a slight curve, as he found a very interesting phenomenon.

–The city of Zhen Yang, where that small gang is located, is not very far from Yuezhou and Chuzhou, and is almost adjacent to each other, especially to the two cities of Yuezhou and Chuzhou, which are in a zigzag shape, just one step away from both cities.

If, according to Zheng Yuanshan, the members of Zhen Yang’s small gang were active in other cities or involved with any city, it would definitely include Yuezhou and Chuzhou!

Ji Feng suddenly had a vision ..... that mysterious boss Huang told Ji Feng to go to Chuzhou, while he himself was in Yuezhou, and the small gang that had been involved in the attack on Ji Feng was in Zhen Yang, which is one step away from these two cities ..... in between if one says there is no The actual fact is that you can be able to get a lot more than just a few of these.

At least Ji Feng does not believe it!

The mysterious boss Huang, or the party represented by this boss Huang, is the mastermind behind the small gang that was involved in the attack on him, a party that sees him, or even the entire Ji family, as a thorn in its side!

Therefore, for a long time, the other side had been trying every possible way to kill Ji Feng!

For example, this time the other party Fang Ming and others approached Li Yantong and her daughter, just to get the connection between them and the Ji family, intending to snipe the father Ji Zhenhua .....

“Humph!”

The corners of Ji Feng’s mouth pulled up a slight arc, couldn’t help but sneer, if these things weren’t looked at backwards and forwards together, how could one not think that there was actually such a connection in between!

“It’s really something big!” Ji Feng laughed coldly, to be able to have such a gesture, to organize manpower to try to strike at himself and the Ji family one at a time, and even to have such accurate intelligence, even a fool wouldn’t believe it if he said he didn’t have a big source!

“We must catch Boss Huang, catch him so that we can ask who the person behind the curtain really is!” Ji Feng slapped his palm on the map, his eyes glowing coldly.

Taking a deep breath, Ji Feng tried hard to calm himself down, he pondered for a moment before picking up his phone again and dialing Wang Xin’s number.

“Boss!” As soon as the phone was connected, Wang Xin’s voice came through.

“Wang Xin, help me check out a gang in Zhen Yang, South Guangdong .....” Ji Feng said, “Find out as much as you can about this gang’s activities, who the leader is, who they are in contact with, and so on.”

Wang Xin deliberated for a moment and said, “Boss, it might be a little difficult to investigate like this because I don’t have any channels to investigate, I can only try to get into the Zhen Yang City Bureau’s

network to see, but it's hard to say if there's anything to find. I suggest that if you want to investigate the background and more details of this gang, you should still conduct an investigation on the ground .....

Ji Feng couldn't help but slap his head and said, "Sorry, I was too eager, mainly because your previous performance was too outstanding, making me think that you were omnipotent!"

When Wang Xin said that, Ji Feng reacted, indeed, Wang Xin wasn't a know-it-all, and that small gang wouldn't always have their own website stating who their boss was, who they were in contact with and so on, that was something only a fool would do!

Without the internet, Wang Xin would not be able to do anything even if her technology was great, but Ji Feng was a bit confused.

Once she heard Ji Feng's words, Wang Xin couldn't help but giggle.

"Oh ..... then let's do this for now, let's put this matter aside for a while, Wang Xin, you have to be ready, we may act at any time." Ji Feng no longer joked, but seriously admonished.

"Boss please don't worry, my side is ready to proceed at any time!" Wang Xin said immediately.

Ji Feng, however, shook his head and said, "No need to be so nervous, you just need to get ready first, we'll act when I give you the call ..... The initiative is in our hands now, it's up to us to decide when to talk to the other party!"

"Yes!"

Wang Xin answered.

"Good then, you take a rest first, we'll wait until the evening to act ....., " Ji Feng said.

After hanging up the phone, Ji Feng's gaze fell back on the map, and he couldn't help but sneer, "Mysterious Boss Huang, I'm really looking forward to meeting you!"

.....

The next step was for Ji Feng to rest in his room, while White Spider and Liu Xin also spent time in their respective rooms to adjust their state. They were both very clear that there would be a very important operation next, even though Ji Feng had told them that as long as nothing unexpected happened, this operation would be very simple and smooth.

However, neither Liu Xin nor White Spider relaxed themselves.

As long as the mission was not completed, they would treat it as an extremely important and very difficult operation, a lion fighting a rabbit would also use all its strength, and they would naturally be no exception!

Every mission was considered to be the most difficult, and this was the reason why they were able to become elites.

Time passed quickly and it was soon after 8pm, night had fallen and the whole of Yuezhou was shrouded by the night, the high-rise buildings were lit up and the streets were full of traffic, a prosperous scene.

At this time, Ji Feng picked up the phone and dialed Wang Xin: "Wang Xin, the action is starting, get ready, let's start in sync ....."

And then, he kept one of the phones in the middle of a conversation with Wang Xin, and took out another phone from his pocket, which contained Fang Ming's calling card.

Tic tac .....

The first time Ji Feng turned on the phone, the phone rang, and when he looked, there were a dozen text alerts, all saying that a phone number had called this phone in the past few days.

Look at that number, whose was it if not Boss Huang's?

"Anxious about waiting?"

Ji Feng looked at the number displayed on his phone screen, sneered and dialed that mysterious Boss Huang's number.

"Beep~~beep~~beep!" The phone went through.

"Hey, Fang Ming, you're finally calling?!" The voice of that Boss Huang came over the phone, although this person tried his best to hide it, Ji Feng could still clearly hear that there was some urgency in his voice, a person's emotions, how could they not really be hidden, would definitely reveal some clues.

"How come I haven't been able to contact you in the past few days?" Boss Huang asked.
