Chapter 1371

Something is happening in Yuezhou!

But anyone who was still living the night life had realised that something extraordinary must have happened.

Many junctions leading from the city to the outskirts of the city were set up and strict checks were carried out on any passing vehicles, whether they were SUVs or small cars, the traffic police near the junctions were strictly checked and even, even large trucks had to undergo strict checks before they could pass through the junctions.

Not only that, all hotels and guesthouses were also notified to keep an eye out for a few dangerous elements entering Yuezhou, and were given some basic characteristics and numbers of these dangerous elements, telling hotels to call the police immediately if they found any suspicious people, or to find ways to delay them until the police arrived.

For a while, the whole of Yuezhou was in a bit of a state of panic.

However, no one knew that Ji Feng and the others, who were called dangerous elements, were staying peacefully in the suburbs and were interrogating Huang Yuanxing.

.....

“What? The abandoned police car was found? And the owner?”

Inside a villa in Yuezhou, the young man received the call and his eyes immediately lit up as he exclaimed, “Good! Very good! You guys immediately continue to follow that road and I’ll immediately notify the Zhen Yang police to come this way from that direction to intercept them, you two work together and try to apprehend the target as soon as possible!”

“..... Good, I’ll be waiting for your celebration wine!” The young man said with a harsh smile.

Although he was not very old, both his tone of voice and that kind of demeanor were exactly like a superior person beating energy for his subordinates!

After ending the call with this person, the young man immediately dialed another number: “Hello, it’s me”

.....

“Pop!”

After hanging up the phone, this young man’s face couldn’t help but ease up a lot, and even brought on a slight smile.

“Great, finally we’re going to get someone!” The young man sat on his butt on the sofa and let out a long sigh of relief, as if a big stone in his heart fell to the ground at once, “No matter how powerful you are, you can’t escape my palm, and in the end, you can only be caught and wait for disposal obediently”

“Awaiting disposal?”

The young man couldn't help but be slightly stunned, he sat up straight, his eyebrows wrinkled slightly, a thoughtful look in his eyes, and he said to himself, “Isn't this not quite right? That guy's identity is not ordinary, if we just catch him, it might lead to a big disaster! But”

This young man could not help but hesitate, he shook his head with a bitter smile, “This is really originally had not been able to find out their traces, but only worried about whether we could catch them, but now we see that we are about to catch the person, but we are struggling with what to do with them.”

There was no one else in this living room besides him, and he spoke to himself as if in discussion.

“What should I do?”

“It seems to be troublesome no matter what to do.”

The young man shook his head slightly, and finally, he slapped his thigh: “It is better to make a phone call to young Wu first, and follow the command of everything, instead of taking matters into our own hands, it might be bad!”

And then, he dialed a phone number.

“Xiao Bin, how's the situation?” A slightly authoritative voice came over the phone, “Has the man been found yet?”

“They will be found soon, the other party is now on the road between Yuezhou and Zhenyang, I have already informed the Zhenyang police to intercept them there, I believe we will have news soon.” The young man known as Xiao Bin looked somewhat respectful, “Younger Wu, the only thing that is a bit troublesome now is what to do with the person after they are really caught?”

“Hmm! That's fine! We have to capture the people as soon as possible, and we have to take all those people down as soon as possible after the other side's reinforcements arrive!” The voice on the phone said faintly, that tone was not very fast and sounded rather calm and unhurried, “As for what to do with this is very simple, these bandits kidnapped the famous entrepreneur and, when the kidnapping for ransom did not succeed, they killed the hostages in a heartless manner, however, the the joint efforts of the Guangdong police and the Zhen Yang police, fought for a whole night, and eventually all the bandits were killed in one go”

“Killing hostages?” Xiao Bin was stunned.

What did Young Wu mean by this, Xiao Bin immediately understood.

Those bandits had kidnapped the famous entrepreneur, referring naturally to Huang Yuanxing, who had industries in Yuezhou and Zhen Yang as well as Chuzhou, and in general, could be considered a famous entrepreneur.

And the so-called bandits killed the hostages in a heartless manner, in fact, to take advantage of the confusion to kill Huang Yuanxing

This is the extermination ah!

Xiao Bin's heart couldn't help but chill as he hesitantly said, "Young Wu, this"

"I don't think the hostage should be because he knows something, so it makes those bandits have to kill him, it is also possible, therefore, I think, in fact, it is not good to know too much, especially when you don't control your own mouth do you think?" The young Wu on the phone said indifferently.

"..... I understand." Xiao Bin nodded his head.

Wu Shao's meaning couldn't be clearer, Huang Yuanxing knew too much, he had to be gotten rid of because he was taken away, under that one's means, I'm sure Huang Yuanxing's mouth wouldn't be that tight, the only way to get rid of him was to die!

"Those bandits are really dog stupid too, they think that if the hostage is dead, there is no proof of death?" Once again, the unhurried tone of Wu's voice came over the phone, "Whether or not there's no proof of death, that's for the police and the court to judge, those bandits don't have that right!"

Xiao Bin's heart suddenly jumped, no proof of death?

That's right!

As long as he took the opportunity to finish off Huang Yuanxing, then it would indeed be a case of death without proof, then not only would he be able to prevent Huang Yuanxing from talking nonsense, but also, he could put the blame on that person, this was indeed a matter of killing two birds with one stone.

However, isn't Young Wu's tactic a bit too ruthless?

It was not a problem for Xiao Bin to carry out silencing or to kill a few people.

But the key problem is that Huang Yuanxing has made a great contribution to the Lake Gang, especially the funds of the Lake Gang, many of which were obtained by Huang Yuanxing by making some investments, and now just as soon as this situation arises, the result is to end up being silenced, is this not some too chilling?

The actual fact is that you can find a lot of people who have been in the market for a long time.

No one can say clearly

"Young Wu, I understand!" Xiao Bin nodded vigorously, as if he had made a great determination.

"Well! That's it then, if you still need to use resources such as satellites, you can call me again, if not, just call me when you have the results!" After Young Wu said that, he hung up the phone.

"Phew~~!"

Putting down the phone, the young man who was addressed as Xiao Bin, could not help but sigh, only targeting Huang Yuan Xing to silence him, instantly creating some trouble for that person, so that he could not even jump into the Yellow River, but, he could not be touched, that was what Younger Wu meant.

Xiao Bin also thinks that this arrangement is the most reasonable, when you think about it, that one really can't be touched for the time being, once that one dies in Yuezhou, by then the whole of Southern Guangdong will be turned over first by that family whose power overshadows the sky, the powerful old

man, and the two brothers who are walking step by step to the core of power Once that family really gets mad, no one can stop it!

And no one dares to stop it!

The extermination and the frame-up not only prevented possible future misfortunes, but also allowed that one to get into trouble and even plant a big heel as a result.

But

This kind of misfortune of being exterminated at the first inadvertent step, will it happen to you one day?

The fact is that you should be worrying about nothing, no matter what, with your status and position, there is no way this will happen!

He picked up the phone again, "Old uncle, it's me, after you find someone, do something while it's still messy"

.....

"Is there anything else to say?" Ji Feng asked.

"....." The answer to his question was Huang Yuanxing's vacant eyes, with a muddled look.

Ji Feng couldn't help but shake his head, he was a bit hasty, Huang Yuanxing had been poisoned with neurotoxin, and the poisoning seemed to be a bit deep, being able to answer questions was already quite good, as for actively communicating with himself through, that could only be a delusion.

It was already the middle of the night and it was time to leave.

What should I do with Huang Yuanxing?

Looking at Huang Yuanxing's muddled appearance, Ji Feng deliberated for a moment and suddenly asked, "If the youngest asked you to send someone to kill Ji Feng, would you still go?"

"Will go!"

Marshal Huang replied mechanically.

"..... Very good!" Not only did Ji Feng not get angry, but he grinned as he patted Huang Yuanxing's shoulder and laughed, "It seems that you really want me to die, then, I can only wish you good luck!"

After saying that, Ji Feng turned off the phone recording and put it back into his pocket. And then he never looked at Huang Yuanxing again, turned around and left in a big stride.

"All gather, let's get out of here!" Ji Feng said loudly, the time he had spent here was not short, it was time to leave.

Yi Xingchen and the others immediately rushed over and Liu Xin asked, "Little Chief, where are we going next?"

Ji Feng was silent for a moment and asked, "Is there any interest in having another big fight?"

“No problem.” Yi Xingchen nodded and smiled.

Liu Xin also laughed, “We were just moving our muscles and warming up before, another battle is the main meal to savour.”

Liu Zejun and Lu Gang also nodded their heads, and it went without saying that Bai Spider was following Ji Feng closely.

“Good then!”

Ji Feng smiled coldly, “We’ll have another battle! Let’s go, to Zhen Yang!”

“Having been bullied by others, if you don’t fight back, you wouldn’t be considered a man!” Ji Feng said forcefully, “Go to Zhen Yang, just the few of us, and wipe out the Lake Gang! Capture the Lake Gang’s leader, Ma Bu Zhou, alive!”

“Yes!” Yi Xingchen and the others instantly responded.

Faced with the impending great battle, several people did not hesitate in the slightest.

Ji Feng smiled and nodded, “Good job, let’s go!”

Since they had reached this point, they should make a good mess, don’t look at the other side putting up such a big front to catch them, who will die in the end is still an unknown!

Chapter 1372

The city of Zhenyang in Southern Guangdong is very close to the provincial capital of Yuezhou, so its development is also influenced by Yuezhou, not to mention that it is only a small city, but its population is two to three million.

Of this, the local population is less than one million, which is less than half of the foreign population.

After all, with a large and mobile foreign population, the quality of the foreign population varies, so it is very unrealistic to try to keep a strict control over all of them.

The locals live happily here, because they are rich enough to live a modest life, or at least a well-off life, on the basis of compensation for demolitions.

Some of them are even engaged in ‘lowly’ occupations that are despised by the locals, such as scavenging and so on.

Because of these complex factors, it is impossible to raise the level of law and order in Zhen Yang, and this has led to the creation of gangs.

It is more convenient for gangs to manage certain areas than for officials to deal with disobedient ‘pricks’ and not give the impression that local officials are bullying migrant workers.

The Lake Gang is not too big in this area, not too many horses, not too many halls, and it is said that a few years ago, several halls announced that they had left the Lake Gang and formed their own system, so they are not taken too seriously here. But in fact, some well-informed people know very well that the Lake Gang is actually extremely powerful.

Those who have scattered out are not really separated from the Lake Gang, but are using this as a way to cover their ears.

If you add up all of the halls together, the overall strength of the Lake Gang is definitely among the best!

Therefore, the Lake Gang was still very well known among the people of Zhen Yang.

This was just convenient for Ji Feng and the others, they didn't even need to deliberately ask around, just chatting with people for a few minutes, they would be able to know quite a lot of news about the Lake Gang.

.....

After interrogating Huang Yuanxing, Ji Feng and the others decisively abandoned the car and walked instead.

The reason is that the place they were at that time was not very far from Zhen Yang, and only a few dozen kilometres away, and the target was too big and easy to be discovered, plus the interrogation of Huang Yuan Xing delayed a lot of time, if they were driving to catch up, they would be more likely to be discovered, and on such an isolated road, the possibility of being rounded up was even greater.

Therefore, abandoning the car was the best option.

The group, led by Ji Feng, spent less than half the night and travelled through the wilderness on foot for dozens of kilometres, and they arrived at Zhen Yang when the sky in the east was glowing with the white of a fish's belly.

And then, several people came to a very humble shantytown in the suburbs and found a breakfast shop said shop, in fact, it is just a large shed near the road, set up a few road outside, so a simple breakfast shop became.

The actual fact is that the actual people are not only the most effective, but also the most effective.

The people living here are all migrant workers, who can't afford to buy a house here and don't want to rent it, so they simply build shanty towns here.

If the city police or gangs came to evict them, they would move out again, and they were bullied, so to speak.

This is very similar to the shantytowns in Jiangzhou.

Therefore, the people here are very united, but when they see people with foreign accents, they are also very enthusiastic everyone is a foreigner and are the type of people who are bullied.

So when Ji Feng and the others chatted with the breakfast shop owner, the owner was very enthusiastic and said a lot about Zhen Yang.

Pretending not to think about it, Ji Feng talked about the gangs here and also mentioned the Lake Gang, as a result, the boss talked endlessly about where Zhen Yang was fun, where it was prosperous, where it was dangerous, what gangs there were, where the Lake Gang headquarters were etc. It was almost

like a free guide, and when Ji Feng and the others left the breakfast shop, they simply became old people who had lived here for many years

Ji Feng and his party did not rush to the city, but in this shantytown, looking for a shantytown hotel without any license to stay, running around all night, even the white spider are a little tired, Liu Xin and Lu Gang naturally more tired.

Only when they were well rested first could they have the strength to fight, so Ji Feng decided to stay for the time being.

“Now we have the general situation of Zhen Yang, but it’s daytime and we can’t move.” Ji Feng said with a smile, “Today’s task is to rest, only when we are well rested will we have the spirit to fight when we start to move at night.”

“Boss, this shantytown is really a good place to hide, hidden here, even if you send all the police officers of a police station over to search, they may not be able to find it!” Yi Xingchen laughed.

“That’s the characteristic of shantytowns, extremely mobile and with so many people, there’s no way for each run to check!” Ji Feng nodded and said, “Old Yi, now that we have arrived at Zhen Yang, then it’s still the same old rules, you arrange the next actions, treat me as an ordinary junior soldier under you too!”

The general direction Ji Feng grasped, such as coming to Zhen Yang to prepare to deal with the Lake Gang, this was the idea taken by Ji Feng.

However, since he had come to Zhen Yang, then how to fight next, where to start fighting, all these specific issues had to be left to Yi Xing Chen to arrange.

The breakout battle in Yuezhou was proof enough of how skilled Yi Xingchen was in commanding the battle, it could almost be said that he could do it with ease, and the same would not be much of a problem now.

“Well then, since the boss has handed over the command to me, then I will talk about my arrangements!” Yi Xingchen nodded upon hearing this, now was not the time to be polite, everyone had to work together to complete the mission, any one person in the middle who had a problem could drag the whole team down with them!

“White Spider, although you’re a lady, it’s still going to be hard for you now.”

The first thing Yi Xingchen did was to give White Spider the nod, “We can’t just listen to what the shantytown people say, we have to see it with our own eyes, so after you take a short break, you have to head downtown and check out the situation on the ground, it’s best to look around the city, and after that, you have to head to the Lake Gang’s territory to check out the situation, it’s very important for us!”

“No problem, no need to rest, I’ll go now!” White Spider said.

“Don’t try to be brave, keep your strength up to be able to complete your mission better!” Yi Xingchen said, “That’s an order!”

“..... Yes!” The White Spider nodded his head.

“Other than the White Spider, everyone else’s task is to rest, and after getting refreshed, we will start moving at night!” Yi Xingchen said again.

“Yes!” Everyone, including Ji Feng, nodded their heads and answered.

“Another thing I want to remind you all is that since the Lake Gang has halls in both Yuezhou and Zhenyang, the situation in Yuezhou will definitely reach Zhenyang, and the two places may even link up, so when you are resting, you should not let your guard down, and always be careful that there will be enemies coming to attack you!” Yi Xingchen added, “Rest as much as you can while remaining alert!”

“Yes!”

.....

Just when Ji Feng and the others were resting in the shantytown, the road between Yuezhou and Zhen Yang was a busy scene.

Ji Feng and his group had actually disappeared halfway, which made the pursuers in Yuezhou, as well as the people from Zhen Yang who were in charge of intercepting them, incomparably depressed; they had been running around for most of the night, but they only saw two abandoned cars and Huang Yuanxing who seemed to be scared silly, other than that, there was nothing else to gain.

Originally they were hoping to get some information about Ji Feng and the others from Huang Yuanxing’s mouth, but in the end they were disappointed, they didn’t know if he was possessed or what, Huang Yuanxing’s soul seemed to be lost and he didn’t know what to say!

But even though Huang Yuanxing had become like this, those people still sent Huang Yuanxing to hell in accordance with the task set out from above

Poor Huang Yuanxing, Ji Feng did not take his life, but he died in the hands of his own people.

Because, it was not someone else who did it, but someone from the Lake Gang

And next, the police made a new discovery by surveying the scene. They found footprints near the abandoned car, and looking at the direction, it was heading towards Zhen Yang City.

The robbers were heading towards Zhen Yang!

At the same time, they all had a fire in their hearts. The robbers were so rampant that they had tricked them all.

Even if they went to jail, they would not let them get away with it!

In prison, it’s too easy for gang members to take care of someone.

Both the police and the gang members are full of confidence. Although Zhen Yang has a large population, the city is pitifully small, as Zhen Yang is only a county-level city.

To find a gang of bandits in such a small city, if the police and the gangs joined forces, it would be like a turtle in a jar, so to speak!

Ma Bu Zhou, the leader of the Lake Gang, was also full of confidence, and at this moment, he was talking to his nephew Qian Bin on the phone.

“Don’t worry, my men followed their footprints all the way and said they were sure they had all entered Zhen Yang.” Ma Bu Zhou said with a smile, “It would be too easy to catch a few people here, just watch how I deliver them to you!”

“..... Good, don’t send them over, just hand them over to the Zhen Yang police!” Ma Bu Zhou nodded, “Wait for my good news!”

After closing the line, Ma Bu Zhou couldn’t help but sneer, “Humph! To say anything about bandits is all self-deception That gang is also, how dare they come to South Guangdong, isn’t this a way to send them to their death?”

However, Ma Bu Zhou did not know whether those people had come to send him to his death or to send him to his death

Time passed quickly, gradually, the sky began to darken

Chapter 1373

Night has long since fallen.

The time has come to the early hours of the evening, but the small town of Zhen Yang is still noisy, the prosperity of the day has not diminished in the slightest, people who originally went to work or worked all day have come out to relax, while those in the shantytowns have started to come out to set up their stalls, they operate a variety of small businesses in certain specific streets, some sell some small accessories, some sell some cheap clothes and shoes.

Many others, on the other hand, are engaged in some of the special snacks of their old homes, such as dumplings, chaos and vermicelli

These outsiders living in the shantytowns, although seemingly insignificant, do in fact make a huge contribution to the prosperity of the city, yet in the eyes of many people, these outsiders are the source of some instability, with them, the market is difficult to manage, tax revenue is difficult to collect, the city is not beautified

For some people, the existence of these shantytowns is very necessary and they welcome these outsiders, these people are some local gangs!

From these outsiders, the gangs can collect a considerable amount of protection money, and some miscellaneous fees, a few shantytowns are enough to give a hall a very objective income every month.

Moreover, these gang members would often come to the stalls set up by the shantytown people, to eat and take, and have a good time!

Right now there were a few guys dressed up in drippy clothes, walking lazily to a big barbecue stall and sitting down, several of them couldn’t help but sigh, seemingly exhausted.

“Boss, serve lamb skewers and grilled fish”

“First a few bottles of beer, motherfucker, it’s been a day of running, I’m tired and my legs are swollen!”

“I think it’s your two legs that are soft and the middle one is hard, right?”

“Haha

A few people burst out laughing as if no one else was around, while those who were eating next to them were not willing to mind their own business, and although these few people spoke foully, the other guests pretended not to hear them.

This is the way it is in this small town, there are gang members everywhere and if you want to do business here, you can’t do business unless you learn to put up with these people.

The owner of the barbecue stall hurriedly greeted him with a smile and first brought over a case of beer: “Take your time, talk to me if you don’t have enough

“No need!”

One guy waved his hand, “I can’t drink much today, just one bottle of beer for one person to relieve the boredom.”

“That’s right, we’re out with a mission today.” Another punk also said.

The boss immediately nodded with a smile and hurriedly went about his work.

If these punks could cause a little less trouble, then the boss would make more money, and he was naturally very happy about it.

“Motherfucker, I really don’t know what kind of people those bastards are, how come the bosses up there are all paying so much attention to them, just asking for information is not enough, we have to go through all the streets one by one and keep an eye out for anyone with similar features as much as possible

“Fuck!”

A gangster cursed, “There are so many people coming to Zhen Yang to do business, and they are basically foreigners, can we still look out for each and every one of them? This is trying to tire us out!”

“What do you think those bastards did to piss off the bosses? Could it be a blackmail?”

“You want to know? Ask the bosses directly!”

“Fuck! That’s like asking me to get my ass kicked? I’m not that stupid!”

There was another burst of laughter from the other guys.

“Boss, hurry up and serve the barbecue, we have to finish eating and continue working, damn it, I’m the one who has to suffer

The fact that none of these punks dared to come out and accuse them of anything made them even more unscrupulous and they simply didn’t put others in their sights.

Likewise, they were unable to notice that there were several people sitting at each of the other two tables a dozen metres away from them.

“Did you hear that, the other party already knows that we’ve come to Zhen Yang.” Ji Feng sat at the table, looking at the few unscrupulous punks out of the corner of his eyes, and said in a low voice.

Yi Xingchen nodded, “That’s right, and from the looks of it, it’s the entire Zhen Yang gang that’s acted up, and they’re investigating quite closely!”

“Will this affect our operations?” White Spider asked.

“No!”

Ji Feng shook his head and said in a low voice, “All these small punks are not enough to worry about, they pose no threat to us, the problem we are facing now is not whether we will be discovered by the other side, but where to hit first!”

Yi Xingchen nodded, pondered for a moment, and said, “I think we should hit the key parts of the other side first, and capture the leader of the other side, or take him out. If we want to hit the periphery first, with just a few of us, we won’t be able to do much damage to the other side in a short time, and it will also cause extremely bad effects, after all, this is not abroad, and it’s not during a war!”

“That’s right, that’s what I thought too!” Ji Feng nodded his head and thought deeply about what Yi Xingchen said.

They had come to Zhen Yang this time, not to subvert this place, but to fight against the Lake Gang and capture Ma Bu Zhou, the ultimate goal then was to find out the ultimate mastermind behind this, and at the same time, to use this harsh attack to let the other side know that don’t think that this is in Southern Guangdong, Ji Feng has no room for resistance, he Ji Feng is not someone who can be bullied whenever he wants!

He was not someone who could be bullied just because he wanted to! At the same time, he was looking for evidence of his opponent’s crimes, and dealt a heavy blow to his opponent with a two-pronged approach!

This is the main reason why Ji Feng felt like coming to Zhen Yang in the first place!

And the situation now was that the Lake Gang’s people should have scattered and were all looking around for them, because those people must have learned through some kind of channel that Ji Feng and the others had arrived in Zhen Yang.

Then in that case, the Lake Gang’s forces were scattered, and it would be difficult to deal a heavy blow to the Lake Gang again.

After all, Ji Feng and the others were just a few people, and they couldn’t keep spending time waiting for the Lake Gang to get together, which was why they were faced with a choice, to gradually eat away at the members and various halls of the Lake Gang, or to just carry out a decapitation operation and capture the leaders of the Lake Gang in one fell swoop!

“Now let’s not bother about whether the Lake Gang is scattered or concentrated, I think that there is a scattered way to fight and a concentrated way to fight.” Yi Xingchen whispered, “Boss, the key to this is to see, exactly which step you want to reach and what kind of effect you want to cause!”

Ji Feng immediately said, “Capture the main leaders of the Lake Gang, especially Ma Bu Zhou.”

“Mm!”

Yi Xingchen nodded and said, “Since that’s the case, then let’s forget about those halls and ponies for now, and directly carry out a decapitation operation to capture Ma Bu Zhou. As long as Ma Bu Zhou is in our hands, then we will completely take the initiative next. If we want to circle the Lake Gang, take out their thugs, or if we want to surround them, everything is up to us!”

Ji Feng immediately whispered, “Then we will execute the decapitation operation!”

“In that case, White Spider, the first-hand information you got from your investigation during the day will come in handy!” Yi Xingchen said.

White Spider’s gaze glanced at the few punks who were eating and drinking, and asked in a low voice, “What about them?”

“You can follow them up later, find an unoccupied place to take them down and ask them about the situation!” Yi Xingchen said, “We’ll meet directly at the square in front of us and then we’ll start moving, you’ll be the guide then!”

“Yes!” White Spider nodded.

About twenty minutes later, those few punks left, and White Spider followed silently at once.

A few moments later, she came back.

“Figured it out, those few punks are from one of the Lake Gang’s halls, they are in charge of this area” White Spider gave a general account of what she had asked.

Of course, to say that she asked those few punks is a bit inaccurate, strictly speaking, it should be that White Spider slightly used a little tactic to make those few punks tremble in pain and almost give an account of their ancestors!

Ji Feng nodded and asked again, “Then what did you do with them?”

“I knocked them all out and threw them into the bushes!” White Spider said, “They won’t be able to wake up in a short time!”

“Well then, let’s forget about this matter, Old Yi, you’ll still be in command of the next operation!” Ji Feng looked at Yi Xingchen.

“White Spider will be our guide, we’ll go to the Lake Gang’s headquarters first, and try to figure out the detailed location of the gang leader Ma Bu Zhou” Yi Xingchen began to lay out the next operation, based on what White Spider had scouted during the day, he had already formulated a plan of action, and after Ji Feng and Liu Xin’s additions, it was now very sound, with very few breakdowns.

One is that they are in the dark, while the Lake Gang is in the open. In this way, they will attack them unawares and have the effect of surprise, making the Lake Gang defenceless.

The second advantage is that the combat power of Ji Feng and his group is too strong. If we talk about surprise operations, I believe that even if we pull out the first-class domestic special forces like the Special Warfare Brigade and the Red Arrow Brigade, their combat power is definitely not as strong as Ji Feng and his group!

The two advantages, wanting to carry out a beheading operation against the Lake Gang in Zhen Yang, to catch Ma Bu Zhou already the other leaders of the Lake Gang, can almost be said to be in hand to hand!

..... However, there is still a prerequisite for all this, to find out the exact location of the Lake Gang's leader Ma Bu Zhou!

So Yi Xingchen and Ji Feng decided to go to the headquarters of the Lake Gang first, to find a way to find someone there to ask, the punks outside here are basically small ponies of the various halls, they may not even know the whereabouts of their own hall master, let alone know the whereabouts of Ma Bu Zhou!

"Is all understood?" Yi Xingchen asked in a deep voice as he finished his plan of action.

"Understood!" Everyone nodded their heads.

"Very well, then start acting according to the plan immediately!" Yi Xingchen nodded and waved his hand, "Set off!"

Chapter 1374

Under a large tree by the side of the road, a few people stood there, looking up across the road at a dozens of storey building on the opposite side.

"Lakeside Mansion?" Looking at the building in front of him, Ji Feng read out the few large words that flashed on the building.

"That's right! But everyone in Zhen Yang knows that this Lakeside Mansion is a rather classy office building with several companies inside, most of which are in the trade business and are well known in Zhen Yang." White Spider said in a low voice, "The most important thing is that this Lakeside Mansion is actually the location of the Lake Gang's headquarters, moreover, the whole building is actually the Lake Gang's"

According to the information that White Spider had inquired, the Lake Gang was very famous in Zhen Yang, don't look like the Lake Gang was just a small gang, in fact, the Lake Gang had quite a lot of assets, this Lakeside Mansion was one of the assets of the Lake Gang.

However, the Lake Gang is not so arrogant as to treat the whole building as their headquarters. They have either sold or rented out the office building, leaving only the first, second and third floors, as well as the basement, as the headquarters.

And in name, the Lake Gang is called the Lakeshore Security Company, which undertakes all kinds of security services for the outside world, but in reality, it is also called collecting protection fees to keep you safe from trouble but if you don't pay, then it is the Lake Gang who will cause trouble!

This is the gang!

Apart from the Lakeside Building, the Lake Gang has many other properties, but the gang leader, Ma Bu Zhou, comes here almost every week because he is the legal representative and owner of the Lakeside Security Company!

“When I came to investigate today, I waited for a day but didn’t see Ma Bu Zhou’s whereabouts. I heard people say that Ma Bu Zhou has many industries in Zhen Yang, and also has many mistresses, but the specific location is unknown to people outside. In order not to alert the snake, I didn’t enter the Lakeshore Security Company to ask!” White Spider said in a low voice.

“You are right to do so!” Yi Xingchen said.

“However, there are administrators and security in the Lakeshore Building, and at the same time, there are people on duty at the Lakeshore Security Company, so from their mouths, we should be able to know where Ma Bu Zhou is going!” White Spider said in a low voice.

“But there must be surveillance cameras in this building!” Yi Xingchen frowned slightly and said in a deep voice, “We have to avoid these cameras, we can’t leave any leverage

Ji Feng looked up at the Lakeside Building across the street, deliberated for a moment and said, “I’ll go, I’m better at doing this!”

“No way!”

Yi Xingchen flatly rejected Ji Feng’s suggestion, “Liu Zejun, you go around the back of the building and find a way to enter it, remember, the three floors, one, two and three, plus the basement, all belong to the Lakeshore Security Company, you have to grab someone from within this area and ask for clarification.”

Among those present, Ji Feng was undoubtedly the most skilled at sneaking, not to mention this kind of office building, in the training space, even many extremely heavily guarded military bases, as long as he was given enough conditions and time, he would be able to get in.

Although Yi Xingchen did not know about these situations, he was clear about Ji Feng’s ability, yet he would not send Ji Feng over there.

Apart from Ji Feng, the other person who was the best at sneaking and assassination was Liu Zejun!

Therefore, it was most appropriate to send him over.

“Yes!” Liu Zejun immediately nodded his head.

“Remember, pay attention to your own safety!” Yi Xingchen admonished again.

Ji Feng also said, “If there is any danger, evacuate immediately, your life is more important than the mission!”

“Yes!”

Liu Zejun nodded, and then, he walked quickly, bypassing the intersection in front of him and going past the road, before disappearing into the shadows of the large trees on the opposite side of the road.

“Actually, it’s most appropriate for me to go!” Watching Liu Zejun’s figure disappear, Ji Feng couldn’t help but say.

However, Yi Xingchen shook his head and said, “Everyone present, anyone can go but you, you are the most unsuitable one!”

Ji Feng raised his eyebrows.

“We are now conducting an armed operation, but in reality, this is fundamentally different from war, besides, you are the backbone of this team, the core, if something goes wrong with you, then this team will also lose its reason and motivation to fight on, so no one can be sent to send you!” Yi Xingchen said.

Ji Feng couldn’t help but be silent, he had to admit that what Yi Xingchen said was very reasonable.

This was not a war going on right now, and the reason why this battle group had rolled from Jiangzhou to Zhen Yang was not because of any combat mission or any reason why they had to come.

They had only come to Zhen Yang because they were going to carry out a decapitation operation against the Lake Gang themselves!

In other words, this team was their own private army, a private war party!

This is different from the country’s army, if the chief officer of the army dies, but as long as the orders received by this army are still there, the mission is still there, they will keep on carrying it out, for example, if the chief dies, the deputy chief below will then lead the men to do it, if the deputy chief dies, up comes a stronger battalion commander and continues to lead the men!

Unlike private warbands, private warbands don’t have such a legacy!

The reason for the existence of this team is that they originally existed to serve themselves, so if something happens to them, who will they serve?

..... will only end up being disbanded!

“Therefore, if there is a more dangerous operation next, boss you should not compete to go on, it is not good for the whole battle team, and it is equally not good for you!” Yi Xingchen said, “As the core of a team, you have to play the role of the anchor!”

“..... is right!” After a long time of silence, Ji Feng couldn’t help but nod and laugh, “Old Yi, you’re right, it’s me who didn’t think it through!”

Yi Xingchen then nodded and smiled, “That’s right, only if you stand behind us, we will have the courage and motivation to fight and kill, otherwise, wouldn’t we simply get out of this dangerous circle of right and wrong?”

Ji Feng nodded and smiled, although Yi Xingchen’s words were very direct, they were the big truth, he nodded and said, “Don’t worry, I’ll step in at the critical moment!”

Yi Xingchen couldn’t help but nod his head, he felt that Ji Feng already possessed the best quality of a person who was in a superior position.

Ji Feng was calm and very intelligent.

Ji Feng had a great sense of the big picture and had the guts and insight.

He also had patience, a clear mind and a well-organised plan.

He knew what people to put in what positions and was very good at using people.

Ji Feng also follows good advice, and for any correct advice, he listens to it immediately, takes it to heart, and makes corrections as fast as he can

These are the qualities that are necessary to be a top person, to be a good and successful top person.

You can not be smart, but you must learn to use smart people to serve you, you can not have professional knowledge, but you must have the big picture and long-term vision, otherwise, even if there are really professional talents come to you, you can not keep people!

These conditions Ji Feng has almost all of them.

And to say, is there any shortcomings, Yi Xingchen feels that Ji Feng's biggest flaw lies in the fact that he is too strong in his body!

Being physically strong, for others it might be a condition that they would dream of having, but for Ji Feng, that was the biggest flaw, because, Ji Feng was a superior!

Who had ever seen a superior person still holding a sword to rush to the front line and fight with the enemy one by one?

What a superior person has to do is to command the whole situation, to reasonably arrange people to do things and to charge!

But having extremely strong hands makes Ji Feng probably subconsciously want to have to use his fists to solve problems first, which is bad. Because if something went wrong for him, then probably all the achievements he had built up would come tumbling down!

However, Yi Xingchen also knew that this was not something that could be changed overnight, and it was very difficult to change how a person's character was.

So, these words did not come out from Yi Xingchen, he just felt that if he waited a bit longer for Ji Feng to grow older, like when he entered his prime, perhaps he would really mature, and by then, he would be an excellent top man!

Yi Xingchen was looking forward to that day, because he was eager to see how far Ji Feng, who had so many unique conditions and was so good himself, would be able to go!

"Back" Suddenly, Lu Gang's voice came from above, he didn't know when he got up the tree and was holding his sniper rifle looking across the street, "Old Liu is back and is crossing the road!"

A few people immediately looked and saw Liu Zejun crossing the road with his hands in his pockets, looking like a vagrant wandering the streets in the middle of the night!

But as soon as he crossed the road, Liu Zejun instantly came to life and disappeared behind a big tree.

A few moments later, Liu Zejun arrived in front of Ji Feng and the others.

“Boss, Captain, I’ve asked around, Ma Bu Zhou is in this building at the moment, but it’s unclear exactly which room he is in!” Liu Zejun said.

“He’s still here?” Yi Xingchen frowned slightly, “Is the information accurate? This is an office building, and it’s already so late, and Ma Bu Zhou still hasn’t gone back? What is he staying here for?”

“The news is accurate!” Liu Zejun said, “I caught the security guard who is in charge of the duty, he said that when he was inspecting an hour ago, he also heard Ma Bu Zhou’s voice coming from his office, seemingly talking to someone on the phone! And, his car was still there!”

“Where is his office?” Yi Xingchen immediately asked.

Liu Zejun was a bit hesitant: “I hit a bit hard, that security guard didn’t hold on and passed out”

“.....” The others were stunned.

Yi Xingchen also cried out a bit, but now was not the time to joke, so he waved his hand, “Since we are sure that Ma Bu Zhou is in this office building, let’s start moving immediately! Boss, you’re a good shot, so you’ll take Lu Gang’s place and set up a cover point in the big tree outside, White Spider, you’re going to get the car, and you have to use the shortest time to get a vehicle that can be used for us to leave comfortably, everyone else, follow me in!”

Chapter 1375

Ji Feng was half crouched in a tree, holding his sniper rifle, the muzzle moving back and forth near the entrance of the Lakeshore Building, observing all movements there.

At the same time, Ji Feng had been hyping up his bio-current, and his vision was even more needless to say, as long as there was any movement in the entrance and periphery of the Lakeshore Building, it could not be hidden from his eyes!

The white spider was not by his side, but had gone to steal a car.

This Zhen Yang is only a small coastal town, it is not easy to hide here, don’t look at the many shanty towns, just hide anywhere and no one will know.

This is true if it is only for the officials, on the one hand because those police and city police will never come to check too hard or too carefully, but on the other hand, it is also because the people in this shanty town have a lot of problems with the official police and city police, and if it were not for these police and city police, they would not police be driven away.

So, if the police alone came to search, even if they went door-to-door, it would be very difficult to find the people hiding here.

Because these squatters are very resistant to them!

But it’s not just the official forces here, gangs also play a pivotal role here.

If the gangs came to inspect the area, the residents would be very cooperative, and some of them might even take the initiative to report the case, and then Ji Feng and the others would have nowhere to hide!

It was because of these considerations that Ji Feng and Yi Xingchen, after discussing the matter, agreed that whether they could catch Ma Bu Zhou or not, they had to leave Zhen Yang immediately after the operation.

Of course, it would be better if they could catch him, but if they couldn't, they definitely couldn't continue to circle with them here.

Imagine, the boss was almost caught, the people of the Lake Gang would go crazy.

I'm afraid there will be some mass incidents!

Even, it would affect the development and order of the whole Zhen Yang City, and when it comes to really pursuing the matter, he would also be responsible!

This is not a time of war, and Ji Feng is not a mercenary who has no scruples, so he must be careful about the way he does things, he cannot just mess around!

Therefore, if he could carry out a decapitation operation and directly capture Ma Bu Zhou, the leader of the Lake Gang, that would naturally be the best thing.

If he couldn't, he could only find another way. After all, Ji Feng already knew that the person standing behind Ma Bu Zhou was Qian Bin, the son of Qian Hongda, the Party Secretary of Yuezhou.

This Qian Bin is also Ma Bu Zhou's nephew! As to whether he was a distant relative or had a very close blood relationship, this was unknown, as Huang Yuanxing did not know either.

Now, Ji Feng was staring closely at the entrance of the Lakeside Mansion, as long as he saw the signal they had agreed on before, it meant that Yi Xingchen and the others had succeeded.

But in reality, whether it was Ji Feng or Yi Xingchen, they did not anticipate that things were actually not that smooth

.....

"Boom!"

Ji Feng was holding his sniper rifle half-crouched in a tree and was looking at the surroundings of the Lakeside Building and the main entrance with full attention and vigilance when he suddenly heard a gunshot!

In the silence of the night, the sound of the gunshot was so ear-splitting that Ji Feng instantly opened his eyes wide and looked through the scope at the lower three floors of the Lakeside Building, the sound of the gunshot seemed to be coming from the first floor, but it was all dark inside, so he couldn't see anything at all.

Even though Ji Feng had activated the bio-current, he couldn't see it because the distance was too far.

"Boom! Boom!" Two more gunshots came, and Ji Feng immediately saw that on the first floor of the Lakeside Building, through the window, he could see that in the dark room, two flashes of fire suddenly flashed, that was the light from the bullets being fired, which was not obvious during the day, but was very obvious at night.

“Boom!”

Another gunshot sounded, accompanied by a flash of fire, watching Ji Feng’s face sink abruptly!

Ka ka ka~~!

Ji Feng immediately pulled up the bolt of his gun, the whole person’s vigilance was raised to the highest he realized that something was wrong!

From the beginning to now, a total of four gunshots rang out, while these were three guns shot out, one of which fired two bullets This was at least two parties exchanging fire!

BOOM! BOOM! BOOM! Boom

Suddenly, the sound of gunfire from upstairs intensified all of a sudden, with fire shooting out in all directions and gunfire incessantly, it was almost as if firecrackers were being set off, and the glass of that lakeside building was clattering downwards, with glass scraps splattering in all directions.

The fact that this has happened is not at all necessary to understand that Yi Xingchen and the others have missed, perhaps they didn’t catch Ma Bu Zhou at all, they may have been discovered before they did, or of course it is possible that they caught Ma Bu Zhou, but after they did, something may have happened, such as encountering the interception of Ma Bu Zhou’s men

These are all possibilities!

However, there was one thing Ji Feng found strange, listening to the intensive gunfire upstairs, both sides should have been quite a few people, and at least with a powerful weapon like an automatic rifle!

In such a high-class office building as Lakeside Mansion, Ma Bu Zhou dared to discharge such weapons so rampantly?

Ji Feng shook his head imperceptibly, it was too late to think about that now, he had to closely observe the situation upstairs and prepare to cover Yi Xingchen and the others!

Ji Feng was tempted to rush over and see how Yi Xingchen and the others were really doing, but he knew that he absolutely could not do that.

If it was really dangerous inside, he might not be able to play much of a role if he went there, nor would he be able to change the situation, after all, no matter how strong one person was, they couldn’t stop bullets, right?

In case they got trapped again, when the time came, Yi Xingchen and the others’ only way out would be gone!

Now, he was their back road!

Ji Feng once again calmed down, his face strained as he watched the fierce firefight on the first floor, his brows furrowed as he pondered a way to crack this situation before him.

Something was definitely wrong inside, there was no doubt about that, the key was, what was going on inside that there would be such a fierce gun battle?

Ji Feng's hand tightened around his sniper rifle as he tried to calm himself down, but he was incomparably worried.

Yi Xingchen and the others had followed him to South Guangdong to fight, if they were all accounted for here, Ji Feng's guilt alone would be forgotten for the rest of his life, and it would even become a piece of his heart!

Moreover, Yi Xingchen and the others were also such excellent talents, and they all had quite a good relationship with Ji Feng, if they died here

The hand of Ji Feng holding the rifle tightened, a cold light flashed in his eyes, if something really happened to Yi Xingchen and the others, then he, Ji Feng, even if he had to risk his life, would have to slaughter all those who were even half related to this matter, leaving no one behind!

However, no matter how anxious he was in his heart, Ji Feng could only wait here, because he was the last way for Yi Xingchen and the others, and he had to make sure that Yi Xingchen and the others' back way was safe!

"Now whether they can escape or not, it all depends on them!" Ji Feng secretly gritted his teeth, in fact even he didn't notice that he used the word 'escape', in fact he had realized in his heart that Yi Xingchen and the others had been ambushed!

Only, Ji Feng was unable to go to the rescue right now, so he could only hope that they could escape on their own.

"Boom!" With a bang, a window on the first floor of the Lakeside Building was smashed, and then, several figures jumped down from it with unbelievable speed.

It was Yi Xingchen and the others!

Ji Feng's heart was overjoyed when he saw that Yi Xingchen and the others were all fine, and it seemed that only Lu Gang, who seemed to have a coloured shoulder, did not look too serious.

The only one who seemed to be okay was Lu Gang, who seemed to have a stained shoulder.

Ji Feng couldn't help but let out a long breath, Yi Xingchen and the others had all escaped!

"That's good! That's good!" Ji Feng clutched his sniper rifle tightly and watched Yi Xingchen and the others run quickly this way, it was as if a big stone had suddenly fallen to the ground in his heart.

At this time he realized that on Liu Xin's back, it seemed that he was still carrying a person But, no one on his own side was missing, who was this person?

Ji Feng's mind immediately came up with a name – Ma Bu Zhou!

It was Yi Xingchen and the others who captured Ma Bu Zhou, and because of that, it caused Ma Bu Zhou's men to go on a wild goose chase. It looked like that should be it. Ji Feng couldn't help but nod his head, it looked like his fears didn't come true

Boom!

Suddenly, another gunshot came, but not from the Lakeside Building, but from across the road. Ji Feng drove away sharply and saw that many vehicles were rushing to surround the Lakeside Building, and a large number of men got out of the vehicles, each one carrying a weapon.

It was really a big battle!

Yi Xingchen's reaction was extremely swift, and when they saw this, they immediately made a violent turn behind a big tree and took cover behind the corner of the Lakeside Building.

Buzz~~!

There were dozens of cars surrounding the Lakeside Building, blocking Yi Xingchen and his group's retreat to death.

"Haha"

Suddenly, a teasing laughter came from the entrance of Lakeside Mansion, "Little bastards, or our boss is wise, we have been waiting for you here for a long time, for a whole day, and only then did we get you here" Don't hide, hurry up and come out and surrender, or, be beaten into a sieve Or be blown to pieces, your choice!"

"....." The answer to him was only silence. None of Yi Xingchen and the others spoke, and Ji Feng crouched in the tree, likewise without speaking, as he watched in silence.

The most feared thing had finally happened, Ma Bu Zhou had been prepared and had ambushed people in the area.

It seems that when Ma Buzhou knew that he and the others had come to Zhen Yang, I'm afraid he guessed that these people were going to make a move against him, and that's why he had taken precautions.

Or maybe it was just out of prudent nature, but he didn't expect it to be a crooked move!

But no matter what, now Yi Xingchen and his men were in an extremely unfavourable situation, being surrounded so tightly that there was no way to break out!

Chapter 1376

Outside the Lakeside Building in Zhen Yang City, the situation was in a stalemate. Yi Xing Chen and the others were hiding behind the corner, no matter what the other side said, he just didn't make a sound, not even the slightest movement, and because the corner of the building was in the way, they couldn't see what they were doing at all, and the same couldn't be seen from upstairs, because although there were windows on the side of this building, they were all small windows at the entrance of the stairs, and there was a small balcony above each window, which was then used to keep out the rain.

But now, this small balcony was just enough to prevent someone from looking down from the small window upstairs.

It must be said that one can put aside how talented Yi Xingchen is in command, but his command experience and ability to improvise is really something to be admired!

They were ambushed once they entered Lakeside Mansion, and then, they had to capture Ma Bu Zhou before escaping.

As a result, as soon as they escaped from the Lakeside Building, it so happened that the other side's vehicle responsible for the pursuit came again.

In an emergency, Yi Xingchen directed to the back of this corner, with a big tree blocking the side and the wall of the Lakeside Building on the other side, with a corner in front and a dead end behind

Yi Xingchen and the others were hiding in such a place with their weapons, even if there were dozens or hundreds of people, they would never be able to attack!

The place where they were located was definitely a perfect place most conducive to defense.

Without extremely rich command and combat experience, how could Yi Xingchen have brought them here at once?

If we compare this place with the other places around Lakeside Mansion, this place can be said to be as safe as it can be. As far as we can see, unless one hides in the sewers, there is no place safer than this place!

This kind of command ability and command experience made Ji Feng couldn't help but give a secret praise when he looked at it. If it wasn't because this was Zhen Yang and the situation was special now, Ji Feng really wanted to praise it loudly, just this one evasive action was extremely eye-catching and could be considered a divine move, enough to show how exquisite Yi Xingchen's command ability was!

"Still not coming out, are you?"

Seeing that a few minutes had passed since the warning was given, but there was still no movement, the voice in the Lakeside Mansion suddenly looked a little impatient, "Don't think that just because you have captured our gang leader, you think that you can be unscrupulous just because you have a hostage in your hands? I'm not afraid to tell you that the person you've captured is not my gang master at all, but a guy who has offended our gang master!"

He laughed heatedly, "Now that guy has a bomb strapped to his body as a gift for you guys, Hey hey, think about it, either put down your weapons, get out for me, and obediently get a few kicks from me before I arrest you, or, you're going to be blown to bits, don't think I'm lying to you!"

Swish!

As soon as this man said this, Ji Feng's face instantly turned gloomy, the person Yi Xingchen and the others had arrested was not Ma Bu Zhou, but a stranger with a bomb strapped to him!

Bastard!

Ji Feng was secretly angry, but not because Yi Xingchen and the others had failed to complete their mission, but because of Ma Bu Zhou!

Just because he had offended him, he had ended up strapping a bomb to someone else's body, and moreover, he had actually deliberately made Yi Xingchen and the others think that this person was him, thus carrying the bomb on his back all the time?

If something happened to Yi Xingchen and the others because of this

Ji Feng clenched his fist and grimaced without saying anything, but his mind was thinking fast, while he was also closely observing the situation outside.

In particular, Ji Feng was most concerned about where exactly Ma Bu Zhou was, and this person who spoke was definitely not Ma Bu Zhou, so who was he?

The person who spoke was hiding inside the door of the office building of the Lakeside Building until now, even Ji Feng couldn't see his real face, and he didn't know if this guy was worried about someone putting a cold shot, and actually didn't even dare to show his head.

"Still not coming out, right? I'll give you one more minute, if you don't come out by then, don't blame me" the voice said smugly, as if everything was under control!

The first thing you need to do is to take a look at the situation.

Looking around, Ji Feng's gaze was stern, looking around any corner very carefully, and his mind was even thinking quickly, this situation in front of him seemed to be somewhat worth pondering.

The other party was trying to catch him alive!

Ji Feng accurately grasped the other party's thoughts, if the other party just wanted to take out all the troublemakers, then they would have just detonated the bomb when Yi Xingchen and the others came out with that 'live bomb', and it would have been enough to pulverize all of them!

Now not only did the other side not do that, but instead they shouted over and over again, undoubtedly trying to catch them alive!

But

Who are they trying to catch?

Ji Feng's eyes couldn't help but narrow slightly, I'm afraid that what the other side wanted to catch wasn't Yi Xingchen, nor would it be Liu Xin, then there was only one person who could arouse their interest other than them.

"Huh" Ji Feng coldly smiled, the other party was trying to catch him!

Just a slight turn of thought, Ji Feng understood the other party's intention, after catching him and handing him over to the police, just based on what happened in Yuezhou and Zhen Yang, he himself would definitely be in trouble, at that time, if someone with a mind to use this again, he would likewise be able to strike his father, Ji Zhenhua.

This is the same reason that Fang Ming went to approach Li Yantong to get the details of her identity, both wanting to use the mistakes of their children to implicate their father, and likewise both done by the same group of people, thinking that the idea should also come from the same person or persons!

Only, the only difference between the two things, catching yourself, and approaching your sister Li Yantong, is that the former is the other party's initiative, and the latter is the other party's passivity!

"Trying to catch me"

Ji Feng nodded, raised his eyebrows and sneered, "The calculation is quite loud, but whether or not you can catch it depends on whether or not you have the ability to do so!"

And then, Ji Feng put on one headset and dialed Yi Xingchen's phone number.

"Boss, we've been tricked, Ma Bu Zhou isn't in this Lakeside Mansion"

"I know all about it."

Ji Feng nodded and said, "Old Yi, the one you brought out, tie him to a tree, don't let him escape first, then, let's play grown up!"

"Good!"

Yi Xingchen agreed without even asking Ji Feng what he planned to do.

"Also, if you guys know how to defuse bombs, try to defuse the bomb on that guy, it might be of great use later!" Ji Feng added.

"Okay, let's try!" Yi Xingchen nodded his head.

.....

One minute

Two minutes

Ten minutes passed in the blink of an eye, far beyond the time frame given by the man in the Lakeside Mansion, the man finally became impatient, "Damn it, since you all must seek death, then I will fulfill you all"

Hoo~~!

Suddenly, at the corner of the building, a black object was thrown out.

Everyone's eyes were drawn to this black object, not because it was so good looking or odd, many people didn't even get a clear look at what it actually was.

The reason why their eyes moved after this black object was but a subconscious reaction.

Bang~~!

The next moment, a sudden gunshot was heard from across the road, and everyone jumped.

However, before they could react, all of a sudden, a loud, earth-shattering bang came out, and all of a sudden, flames splashed everywhere, instantly lighting up the night sky.

"Boom!"

It was a frightening boom, and the black thing that had originally flown out, after the gunshot had sounded, instantly exploded away, as if it was a bomb, rattling the sky and causing the earth to tremble a little.

The glass wall on that lakeside building even exploded with a loud bang, and I don't know how many windows were shattered and glass shards flew.

Everyone was so scared that they subconsciously fell to the ground, clutching their heads, afraid that the fireball that exploded in the air would kill them!

Clap, clap, clap~~!

The glass wall of the Lakeside Building was still shattering, and the whole wall seemed to be crumbling!

At the main entrance, it was even more of a mess, the ground shining brightly under the streetlights, it was dense with glass shards!

“BOOM!!!”

The sudden sound of a gunshot rang out.

A man's body instantly stiffened, and immediately twitched a few times, without a sound.

Ji Feng was clutching his sniper rifle, his eyes were cold as he stared at those people with weapons on the ground, he first detonated the bomb that was thrown out by Yi Xingchen with one shot, after leaving everyone in a state of shock and panic, he aimed his gun at those gunmen on the ground again.

“Boom! BOOM! Boom”

Ji Feng looked cold, his finger kept pulling the trigger, shooting at the vital points!

There were too many opponents, while he only had two bullets, which was only about twenty rounds, it was absolutely impossible to nullify all of them, so he could only take a strong deterrent!

Peng!

A man's head instantly appeared with a bloody hole, being shot in the head!

“Ah!” One of the gunmen next to him instantly trembled in fear and cried out in terror, and immediately, he turned around and ran in terror.

Peng!

Another gunman who was lying on the ground was shot in the head, but the one who ran away was not in the least bit hurt, and professionally ran away without a trace

“Everyone listen, leave immediately, can bypass you not to die, otherwise, all prepare the coffin!” A violent shout came from a high place across the road and spread throughout the whole place, majestic and cold, full of a strong murderous spirit, so that all those who heard it could not help but have chills in their hearts.

Peng!

Another person's head was blown off!

“Run!”

“Help!”

Suddenly, several cries of alarm rang out violently, appearing mournful.

The others were instantly horrified in their hearts, and under extreme fear, they didn't know where they got the strength to jerk to their feet and shout in panic, "Run!"

Hula~~!

Almost all of the gunmen who had driven to intercept them turned and ran like mad, and behind them, gunshots were fired and screams rang out.

Chapter 1377

"Come back! Get back here!"

A shrill, harsh voice rang out behind the men, "You've all been fooled, get back here!"

But where would anyone listen to him?

The gunshot after gunshot and the harsh screams behind them were enough to make anyone's scalp tingle, not to mention that although these men were all gunmen, they had only learnt to shoot and aim from the senior members of the gang, but nothing else.

This is the most common characteristic of gang members, close to the coast, guns and other things are easy to get, but there are not many who are really good at shooting.

What's more, watching a fellow gang member being shot in the head, that look of disbelief and that look of horror on his face before he died, would be a huge shock to anyone!

Would these gunmen have stayed here?

It would be strange if they didn't run!

"Run! Run!" A wretched scream came from around the corner of the Lakeside Building, only to see several men with guns in their hands, striding over, their faces wearing crowing expressions and loud screams of misery on their lips.

"Ah-!"

"Help -"

"Run!"

.....

Looking at the gunmen who were running faster than rabbits, Lu Gang laughed loudly, "Run! Hurry up and run!"

Liu Xin and Liu Zejun were likewise full of laughter, but they didn't expect that the originally perilous situation was actually solved by Ji Feng in this way!

Yi Xingchen stood long, raised his hand and gave a thumbs up to a tree on the opposite side of the road.

Swish!

Liu Xin and Lu Gang saluted at the same time, this was their way of showing respect!

In fact, just before when Ji Feng had mentioned this plan, although neither of them had expressed any doubts in their minds, yet they had never thought that this plan, when executed, would actually be so perfect and the result so shocking!

From the corner of the Lakeside Building, the bomb was thrown out, and from the tree across the road, Ji Feng used a sniper rifle to hit the bomb, which in turn detonated This was the plan that Ji Feng had discussed with Yi Xingchen.

At that time, Ji Feng thought that if he could successfully execute this plan, then the immediate situation would immediately crack away and there would be no more obstacles in front of them.

However, Yi Xingchen and the others did not have any bottom in their hearts.

There was a distance of dozens of metres across a road, eight lanes in both directions, plus the green belt and trees, from Ji Feng's position to the corner of the Lakeside Building, that was a distance of nearly 200 metres!

With such a distance, the bomb was thrown out randomly, how could it hit so coincidentally.

One had to know that one had to detonate the bomb in the air to achieve the envisaged effect, otherwise it wouldn't be much of a deterrent to any of those gunmen.

However, Ji Feng insisted on doing so, and Yi Xingchen agreed to this proposal of Ji Feng's in the absence of a better solution.

And this plan was executed successfully, with unexpectedly good results!

After detonating the bomb, Ji Feng struck while the iron was hot, and after taking out a few gunmen with just a few shots, he scared the remaining ones so much that their psychological defences completely collapsed.

Yi Xingchen and the others then cooperated by letting out a few miserable screams, and then those gunmen were scared to death and ran away, not even having the courage to look back

"Well done!" Yi Xingchen made a hand gesture.

Boom!

Ji Feng in the tree across the street responded to Yi Xingchen and the others with a gunshot that hit the doorway of the Lakeside Building.

With a crash, another piece of glass was shattered, and a cry of shock came from inside.

"Ah!"

Yi Xingchen smiled faintly, he understood what Ji Feng meant, there was still someone inside this building, it should be the guy who was so arrogant just now.

He waved his hand, "Go!"

Liu Xin, Lu Gang and Liu Zejun immediately set up a zig-zag attack formation and assaulted towards the Lakeside Building.

Not long after, an obese guy was dragged out by Liu Zejun and Liu Xin, he was so frightened that his face turned pale and he screamed in shock, "Don't kill me, don't kill me!"

"Fatty, you're smart!" Lu Gang gave him a slap on the head, this fatty had long sent people to ambush them in the office building, just waiting for them to throw themselves into the net, and just now, all the gunmen thought they were about to be shot, only this fatty was still screaming that they had fallen for it

"Cut the crap, where is Ma Bu Zhou and who are you, tell us everything that needs to be said." Yi Xing Chen said, "Since you are a smart person, you should know that we kill a handful of people, that is not a problem, if you are smart enough, don't force me to be angry, otherwise, look at them, this is your example!"

Yi Xingchen pointed at the corpses of the gunmen on the ground who had been shot in the head by Ji Feng, and that fatty burst into a cold sweat.

"I... I'm the military master of the Lake Gang." The fatty was indeed a smart man, "Ma Bu Zhou was worried about accidents and refused to stay and take command, he just left me behind, I'll tell you where he is, I'm not asking you to be able to spare me, but just give me a pain, I'll be satisfied!"

"Oh you pitted children?" A voice suddenly came over.

The fat man immediately turned his head to look, only to see a stout young man with a rifle striding in, his face with a teasing smile: "Just now you were loudly begging for mercy, and now you're acting like a tough guy and a real man? And give you a pain to make him tell where Ma Bu Zhou is hiding and give him a pain!"

"Yes!"

Liu Zejun said in a deep voice.

"Ah!"

The fat man immediately shrieked, "No, don't kill me! I'm wrong, I won't pretend anymore! I know a lot of things about Ma Bu Zhou, I'm useful to you, really useful!"

"How do you know what we want?" Ji Feng looked at him indifferently, "You know who we are?!"

"I can roughly surmise who you guys are!" The fatty was sweating coldly and didn't even dare to look at Ji Feng, "This this boss, I know a lot of things about Ma Bu Zhou, some he doesn't want me to know, I know them all spare my life, I'll say everything! "

"Then still nonsense?" Ji Feng gave a glare.

"Yes, yes, no nonsense, no nonsense Ma Bu Zhou is now at Lakeside Villa, with his mistress"

“Take him with you and let him lead the way!” When the fatty finished, Ji Feng pointed at him and said to Liu Zejun, “If it turns out then that what he said is false, don’t get him killed, try to take him away, when the time comes I will personally kill him alive!”

Liu Zejun replied loudly, “Yes!”

However, instead of being afraid when he heard this, the fatty seemed to be relieved, and his whole body immediately relaxed.

Ji Feng and Yi Xingchen exchanged a quick glance through their eyes and could see that what the fatty said should be true.

“Go! Go to Lakeside Villa!” Ji Feng said in a deep voice.

.....

“Xiao Bin, don’t worry, I’ve just called to ask, the Lakeside Mansion is all set up over there, just waiting for them to throw themselves in the net!”

In a villa on the outskirts of Zhen Yang City, a middle-aged man was sitting on the sofa in his pajamas, talking to someone, a woman without a stitch on her body ambling under his crotch, her head constantly rising and falling

This middle-aged man is no other than the leader of the Zhen Yang Lake Gang, Ma Bu Zhou.

“Don’t worry, since they have come to Zhen Yang, they must be trying to deal with me, or, trying to implicate you from my side otherwise, what are they doing here in Zhen Yang?” The most important thing is that you can’t get rid of the problem.

“Good, I’ll be waiting for your good news!”

“No problem, there will be good news for you, haha” Ma Bu Zhou laughed loudly.

The company’s main business is to provide a wide range of products and services to the market. I’m still playing around with you? What? Zhen Yang is not like Jiangzhou or Yanjing, when you come here, you have to be a dragon to me, a tiger”

“How about being a tiger?” An unfamiliar voice, very abruptly, sounded at the stairway on the first floor.

“..... ah!” The woman who was burying her head in Ma Bu Zhou’s crotch and stammering suddenly reacted to the fact that there was an additional person in the room, and she suddenly screamed in terror.

Swish!

Ma Bu Zhou also jerked to his feet and turned to look over, only to see a tall, handsome and masculine young man standing at the stairway on the first floor of the villa with a long body.

“Who are you and how did you get in here?!” The woman screamed in horror.

“I saw that the window on your first floor was left open, so I came up through there.” The young man smiled faintly, “As for my name, I suppose Master Ma knows it, right?”

“You, you are” Ma Bu Zhou’s face changed dramatically as he stared at the young man, his pupils dilating as if he thought of something!

“You what? Don’t you think I look familiar? Didn’t you guys still take my picture and look at it over and over again some time ago?” This young man looked at Ma Bu Zhou with a smirk, “If you really can’t remember, then introduce yourself, my name is Ji Feng, the first grandson of the eldest family of the Yanjing Ji family, also known as the over-river dragon as Master Ma said.”

The smile on his face suddenly earned a cold, cold smile, “However, I wonder, what method is Master Ma going to use to make this dragon of mine coiled?!”

Ma Bu Zhou’s face changed and changed again!

Hearing Ji Feng’s arrogant tone that was not polite or even hiding his identity at all, Ma Bu Zhou realised that he was in big trouble!

Of course he recognised Ji Feng, as soon as he got a good look at him, he recognised him.

As Ji Feng had just said, at first, Ma Bu Zhou had taken Ji Feng’s photo and looked at it over and over again, so how could he not remember what Ji Feng looked like?

Only, how could Ma Bu Zhou not have expected that Ji Feng could actually find his way here?

The visitor was not good!

Chapter 1378

He walked down the stairs step by step, with a smiling expression on his face, and when he arrived at the living room, he sat down on the sofa casually.

Ma Bu Zhou subconsciously stepped back, but then he seemed to realise that he looked too weak, so he straightened up again and stood still.

But Ma Bu Zhou was unaware of it, because the sudden sight of Ji Feng had stunned him to no end, thus making him not even notice that his crotch was still hanging out, looking very ugly.

“Old Ma, who are they?” Seeing Ji Feng sitting down in a grand manner, with that arrogant look that simply did not put them in the eyes, the woman was immediately a bit displeased, “There’s an outsider barging into our house, hurry up and tell someone to throw him out! He’s seen my body”

“Hehe”

Ji Feng suddenly laughed, he sat on the sofa and looked at Ma Bu Zhou, and then looked at the woman, he couldn’t help but shake his head slightly and said, “Ma Bu Zhou, if I were you, I would tell this woman to shut up right now, and then honestly go upstairs and sleep!”

“Bullshit!”

The woman immediately cursed in a sharp voice, “You dead thing, what are you, how dare you talk about me like that!”

Ji Feng shrugged his shoulders and gave Ma Bu Zhou a smirking look.

“I think you’re impatient to live!” The woman was furious, not only did this yellow-haired boy suddenly barge in, he actually dared to be so reckless, who dared to talk to her like that in Zhen Yang? Who in Zhen Yang would dare to talk to her like that? How dare he tell her to get lost

“Someone! Someone! Throw this son of a bitch out and chop him up and feed him to the dogs!” The woman shouted.

“Shut up!”

Ma Bu Zhou suddenly roared low, his face very ugly, “You go upstairs first!”

“Sh, what?” The woman didn’t seem to react for a moment, “Old Ma, you’re letting me go upstairs?”

“Get lost!”

Ma Bu Zhou suddenly growled, “Didn’t you hear what I said? Do I have to send someone to throw you out before you can understand? Get your ass up there right now!”

“..... Oh!” The woman instantly reacted and hurriedly panicked as she headed upstairs, she didn’t even dare to pass Ji Feng, but went around the sofa and went upstairs without daring to turn her head back.

“Ah!”

Suddenly, the woman let out another scream.

Ma Bu Zhou jerked his head up and saw two stout and gloomy looking young men standing at the entrance of the stairs, it was obvious that these should be Ji Feng’s men.

“Young Ji, you wouldn’t give a woman a hard time, would you?” Ma Bu Zhou looked at Ji Feng.

“Let her go up.” Ji Feng waved his hand.

Only then did the two young men move aside, but the woman was a bit afraid to go upstairs. She looked back at Ma Bu Zhou and then at Ji Feng, and seemed to understand something, and her face suddenly became ugly.

In the end, she gritted her teeth and went upstairs.

In the living room, only Ji Feng and Ma Bu Zhou were left. Neither of them spoke first, and Ma Bu Zhou stood there, motionless and not saying a word, not knowing what he was thinking.

Ji Feng, on the other hand, lit up a cigarette and leisurely took two puffs.

It was only after a long time that Ma Bu Zhou could not help but sigh lightly and said, “Young Ji, you are really good. I thought my methods were thorough enough and the arrangement was very secure, but I did not expect that you would still take the initiative in the end.

Ji Feng smiled: “I didn’t come here today to listen to your flattering words.”

He stared at Ma Bu Zhou and said straightforwardly, “Since I have found this place, you should also understand that you will definitely not be able to run away, unless, you can come up with something that will interest me in exchange for your life!”

“Hehe”

Ma Bu Zhou laughed brightly, “Young Ji, you are a young master of a big family, that is indeed true. However, how can I, Ma Bu Zhou, say that I am also a person of status and position, not something you can dispose of just by saying so”

Peng!

In a flash, a bright light suddenly flashed and landed in Ma Bu Zhou’s mouth with unmistakable accuracy at once.

Zizi~~!

The kind of sound of a firework dipped in water being forcibly extinguished was so clear in this silent villa living room that it brought Ma Bu Zhou’s voice to an instant and abrupt halt.

The next moment, one could see Ma Bu Zhou’s eyes suddenly widen and stare in death. One of his hands suddenly clenched into a fist, his forehead veins rose high, his head even tilted up violently, and a hiss of pain issued from his mouth.

“Ah...!”

The vocal cords in Ma Bu Zhou’s neck rose high, and in that instant, it was as if his entire body jerked as he roared in extreme pain.

“Ah bah bah bah bah” After Ma Bu Zhou’s painful scream, he hurriedly bent down again and kept spitting, an already wet cigarette butt was spat out of his mouth.

Ma Bu Zhou’s face was twisted almost beyond recognition!

It turned out that just now, Ma Bu Zhou was talking eloquently, but the result was that Ji Feng was flicking his finger, instantly flicking the cigarette that he had just lit in his hand and had not yet taken a few puffs, into Ma Bu Zhou’s mouth.

In turn, Ma Bu Zhou was burned and jumped straight to his feet, almost not being driven mad!

“Ji Feng!”

Ma Bu Zhou roared in anger, a face twisted almost completely out of shape, rising red, and his body was shivering, not knowing whether it was from pain or anger!

Ji Feng had actually used his mouth as an ashtray!

“If you keep hissing like that, maybe the next thing you throw into your mouth won’t be a cigarette butt, it might just be an ashtray!” Ji Feng said indifferently.

“.....” Ma Bu Zhou’s voice came to a screeching halt.

“In front of me, the most good to pose as a big shot, Qian Bin’s uncle, Qian Hongda’s brother-in-law, these identities are useless in front of me! The only difference between you and a dog and a pig in my eyes is that you can talk and can answer my questions, but that’s all!” Ji Feng took out another cigarette and lit it with a snap, not even looking at Ma Bu Zhou.

“..... Ji Feng! You are too rampant!” Ma Bu Zhou roared low.

Bang!

A bright light suddenly flashed, the next moment, a muffled sound, Ma Bu Zhou covered his head and fell straight down!

This time, Ji Feng really picked up the ashtray on the coffee table and smashed it over.

“Ji Feng” Ma Bu Zhou fell to the ground covering his head and shamefully roared in anger, but before he could finish his words, he heard Ji Feng’s cold voice ring out.

“If you haven’t understood what I mean, I don’t mind making you understand completely at the cost of a leg or an arm!” Ji Feng said coldly.

“.....”

Ma Bu Zhou’s roar came to an abrupt halt, like a duck that was quacking and screaming, but was instantly choked, unable to make a sound at all!

“The leader of the Lake Gang? Qian Bin’s uncle?”

Ji Feng stared at him coldly, “What are you? Do you really think you’re a person of status and position? I think you’re just a dog!”

“You”

Ma Bu Zhou was instantly furious, he had never been so humiliated by anyone before, how could he swallow this anger?

Boom!

Suddenly, the entire coffee table in front of Ji Feng flew up and blasted Ma Bu Zhou’s body without reservation, instantly smashing him to the ground

“Ummm”

Ma Bu Zhou groaned in pain, luckily he actually hadn’t been smashed unconscious yet, he still needed to continue to suffer this pain!

“Something that doesn’t know the sky is high!” Ji Feng coldly cursed, “What bullshit gang master, not to mention that you are Qian Hongda’s brother-in-law, even if you are his uncle, you are nothing in my eyes! If I want to kill you, no one can stop me, I’ll crush Qian Hongda even if he comes!”

Ji Feng’s cold voice echoed in the living room, causing Ma Bu Zhou’s painful moans to diminish!

This moment, Ma Buzhou suddenly felt a stabbing coldness, he suddenly understood, Ji Feng came to this villa this time, not to chat with him, also has no intention to talk to him as an equal!

..... In fact, whether it is in the capacity of Qian Bin’s uncle, or in the capacity of the Lake Gang’s leader, in front of Ji Feng, can be said to be insignificant.

And now, Ma Bu Zhou finally understood that the gap between him and Ji Feng did not change just because he was Qian Hongda's brother-in-law!

Even this time, Ji Feng had not come here specifically to deal with him, in Ji Feng's eyes, he was nothing at all!

This time Ji Feng was to come, in fact, to fight Qian Bin and Qian Hongda and the others through him, or even the people behind them!

As for him, Ma Bu Zhou, in fact, it really is just like what Ji Feng said, that is a dog a pig, other than that, nothing!

"Stand up yourself if you don't want to be slapped to death right now!" Ji Feng stood away from the sofa, looked at Ma Bu Zhou and said indifferently, "We are not too familiar with this Zhen Yang, we still need to trouble you to be our guide and take us away"

Ma Buzhou's face changed abruptly, Ji Feng was taking him away from Zhen Yang!

Once taken away by Ji Feng, it would be difficult to come back, it was no longer a question of whether Ji Feng would let him go, but how exactly he would die!

..... was dead anyway!

"Let's go!" The reason for this is that the company's business is not a business.

The reason why Ji Feng is not hitting himself hard now is only because this place is not suitable for interrogation, or he has other plans

Chapter 1379

The broken glass fell off his body with a crash!

Ma Buzhou's face was pale and he used all his strength to push the coffee table away from his body, the broken glass clattered and fell down from his body.

Ji Feng's strength was so great that he smashed the coffee table with his hand, but the force was frightening.

The consequences could naturally be imagined!

Therefore, Ji Feng had been merciful just now, otherwise Ma Bu Zhou would still be able to get up now? It would be great if he wasn't seriously injured and sent to the hospital!

"Well~~!"

His face was white, his breathing was rapid, and gradually his face flushed red, but the excessive pain had caused his blood and Qi to surge.

But Ma Bu Zhou didn't say another word, because Ji Feng's unforgiving words had made him realise the reality – in Ji Feng's eyes, he, Ma Bu Zhou, was nothing!

Moreover, Ma Bu Zhou also understood that just now his woman had shouted for someone to come, but there was no movement inside or outside the villa, which meant that the people he had left outside

the villa to protect himself must have been ambushed by Ji Feng's men, or even, the possibility of all of them being killed off was not small!

So Ma Bu Zhou could only be honest now, it really wasn't too hard for Ji Feng to get rid of him!

"Prepare the car! Let's leave!" Ji Feng didn't even look at Ma Bu Zhou, he just turned around and said to the two youths at the stairway.

"Yes!"

This duo was no other than Liu Zejun and Liu Xin. During the fierce battle at the Lakeside Mansion earlier, Lu Gang was slightly injured, so he was left outside by Ji Feng to stand guard with Yi Xingchen and White Spider.

Within this small space, Ji Feng himself was near invincible, so bringing Liu Zejun and Liu Xin in was enough.

"Ji, Ji Shao" Ma Bu Zhou spoke hesitantly, "Can I make some arrangements, after all, my parents are old and my children are still"

"After leaving Southern Guangdong, you will be given the opportunity to arrange the afterlife!" Ji Feng said indifferently.

For Ma Bu Zhou, he did not hide anything, the words were very clear to tell him that this time is to his life, this robbery he Ma Bu Zhou can not escape!

The reason is that this person is also a smart person, he knows very well what will happen if he resists!

As expected, Ma Buzhou was silent at once!

The moment he was woken up by Ji Feng he also understood that this time, he should not be able to avoid it.

What Ma Buzhou had done, he knew better than anyone in his own heart, and naturally he knew that once he fell into the hands of these people, even Qian Hongda might not be able to save him.

What's more, now it's Ji Feng himself who has come?!

..... is definitely finished!

"Can I change my clothes?" Ma Bu Zhou asked helplessly with a soft sigh in his heart.

Ji Feng coldly swept him a glance and asked indifferently, "Does it mean that you think I won't do anything to you? So you dare to chirp in front of me?"

"....." Ma Bu Zhou then stopped talking.

Ji Feng couldn't help but coldly snort, he was on the verge of death and still dared to put up a show!

Just based on the things he Ma Bu Zhou did in the past, Ji Feng simply wanted to stomp him to death right now, if not to bring Ma Bu Zhou back and make him an important witness, would he still be able to live until now?

“Just put your ugly peanuts away!” Ji Feng glanced at him again and said coldly.

Ugly peanut rice?

Ma Bu Zhou was slightly stunned as he followed Ji Feng’s gaze and looked down.

Swish!

Ma Bu Zhou instantly blushed red, he then realized that his thing was actually still drooping outside his robe, in fact, to say it was drooping was an exaltation of him, strictly speaking, it was just probing his length too!

This is just now Ma Bu Zhou and his mistress making out when Ji Feng suddenly barged in, startled Ma Bu Zhou have forgotten this matter, naturally even more can not remember to take back his lifeblood!

However, being mocked by Ji Feng in such a tone, Ma Bu Zhou immediately felt humiliated beyond measure.

Ugly Peanuts

Ma Bu Zhou’s hands were trembling as he pulled his robe tighter, so you can imagine how humiliated he was in his heart.

The titular leader of the Lake Gang and a relative of Qian Hongda, the secretary of the municipal party committee of Yuezhou, usually walked around in Zhenyang, and even in Yuezhou, there was no telling how many people wanted to please him, and even some of the big brothers on the road were very respectful

When has he ever been treated like this?

However, in front of Ji Feng he had no temper at all.

This person didn’t take him seriously at all, said hitting, and even Ji Feng didn’t even bother to hit him with his hands, just casually whatever he picked up, he just smashed it over

The most humiliating thing is that Ma Bu Zhou can only be humiliated because he has no ability to change the situation!

The fact is, Ji Feng is simply not something he can fight against!

At least not now, unless Ma Buzhou wanted to die, otherwise the combat power that Ji Feng had just displayed had said it all.

Just imagine, who can hold a coffee table as a weapon and just smash it at someone?

“.....” Once he remembered Ji Feng’s pugnacity and dominance, Ma Bu Zhou was so humiliated that he felt like crying!

“Little chief, the car is ready, everything is safe outside, we can leave now!” Liu Xin walked down quickly from upstairs and said in a low voice.

Ji Feng nodded slightly, very satisfied with Liu Xin’s performance, the latter had been paying attention to all the details during the operation, and did not let up just because the big picture was in hand In

fact, although Ma Bu Zhou's villa was not small, but in this late night, Liu Xin could have reported directly from upstairs, but then there would be the possibility of exposure during the usual operation.

Liu Xin's move was enough to show his carefulness and caution, and Ji Feng was satisfied.

"Go!"

Ji Feng said resoundingly, and then he took a big step towards the villa's front door.

Several people pushed open the villa's living room door, and Liu Xin snapped Ma Bu Zhou's neck, as if he was carrying a chicken, and carried him by the collar towards the outside.

Liu Zejun, on the other hand, coldly swept the living room and then looked outside, before he turned his head and had to go back upstairs.

"Ah..."

Suddenly, a woman's startled scream came from upstairs.

"Young Ji! You" Ma Bu Zhou, who had just walked out of the living room door, burst into a rage: "Aren't you afraid of degrading yourself by doing this?! Are you still a man!"

Ji Feng glanced at him and said indifferently, "Shut up!"

"Young Ji, if you want my life, I can give it to you, but won't you go too far by doing this?!" Ma Bu Zhou's face was red with anger, and he didn't care about the pain on his body, he said stiffly.

No man would watch his woman being insulted, and Ma Bu Zhou wanted to fight it, despite his heart pounding with fear.

For no other reason than the thought of his woman being ravaged at will by another man, any man would be furious!

Stomp

Suddenly, a light sound of footsteps came, only to see Liu Zejun walking out of the villa with quick steps.

"How's it going?" Ji Feng asked.

Liu Zejun made a hand gesture, so Ji Feng nodded and waved his hand, "Go!"

"You, you guys" Ma Bu Zhou was stunned.

He was a little confused, it didn't look like Liu Zejun had gone up to do something to his mistress to go, he must have had something else to do.

"You're this"

"Pop!"

Ji Feng fiercely turned back towards Ma Bu Zhou and flung his hand over, a loud slap fiercely slapped Ma Bu Zhou's face.

Boom!

Ma Bu Zhou was cleanly slapped out and fell heavily on the ground.

Liu Zejun and Liu Xin both couldn't help but be shocked, just now they were holding onto Ma Bu Zhou, but Ji Feng whipped Ma Bu Zhou out of his hands with a slap, and now in their hands, there was only a piece of rag left, that was ripped off from Ma Bu Zhou's robe

Terrifyingly powerful!

"Ah" Ma Bu Zhou groaned in pain on the ground, his body twisted slightly as he struggled several times without getting up.

Under Ji Feng's vicious slap, it was already very good that he didn't immediately pass out!

Ji Feng swept him a cold glance and clenched his fist, as if he wanted to get him killed!

"Young Ji, slow down! Slow down!" At this time, a chubby figure ran over, and while he was running, he also shouted in a low voice, "Young Ji, don't be impulsive, it's easy to kill Ma Bu Zhou, but don't let your impulsiveness spoil things for you!"

Ji Feng snapped back and looked at him with a slight frown.

That fatty hastily raised his hand: "Young Ji, I am not intentionally trying to save Ma Bu Zhou, I betrayed him, if he dies, then the one who is most at ease is definitely me, so the one who hates him the most must also be me" I advised you, just from your point of view!"

"You are honest!" Ji Feng smiled indifferently and snapped around again, looking coldly at Ma Bu Zhou who was moaning in pain on the ground, and said in a cold voice: "Don't put your nasty thoughts on my people, or else" humph!"

He didn't say anything further, but that cold hum was enough to say everything.

"Whew~~!"

That fatty then let out a sigh of relief and said, "Young Ji, wait a moment, I'll go and persuade Ma Bu Zhou to cooperate with you!"

"Let's talk as we go!" Ji Feng said indifferently.

"Hey hey!"

That fatty nodded his head repeatedly.

"Fatty Jane, you really aren't trying to save Ma Bu Zhou?" Yi Xingchen also walked over with big steps and asked in a deep voice.

"Hehehe"

Fatty Jane smiled heatedly, "Boss Yi, I have seen your might, so you must be clear that I don't dare to play tricks in front of you, saving Ma Bu Zhou is not for me, but for Ji Shao"

CLICK!

Yi Xingchen didn't know when a silver-white revolver appeared in his hand, the large caliber muzzle was placed against Fatty Jane's forehead, "Fatty Jane, don't say I haven't warned you, Ji Shao has given you the opportunity, if you can't grasp it yourself"

"Then you'll blow my head off!" Fatty Jane said immediately!

"..... Let's go!" Yi Xingchen gave him a deep look before saying.

Chapter 1380

That night, Ji Feng, together with White Spider and the others, and Fatty Jane as their guide, took the path out of Zhen Yang.

He was also the deputy leader of the Lake Gang and also Ma Bu Zhou's dog-headed military advisor.

After being captured by Ji Feng, Fatty Jane judged the situation and very wisely surrendered to Ji Feng. At least, from Fatty Jane's point of view, he had submitted to Ji Feng, but it was not up to him to decide whether Ji Feng treated him as a subordinate or whether he approved of him.

It was for this reason that Fatty Jane behaved very well and told the truth about everything he knew, without hiding anything.

Ji Feng listened to the story and did not comment on it, but he took Fatty Jane with him.

The company's main business is to provide a wide range of services and services to the public.

For example, when he was about to leave Zhen Yang, Fatty Jane volunteered to go to a supermarket on the roadside to buy something, saying that he wanted to prepare food for the road.

Ji Feng just gave him a deep look and then let him go.

"Little Chief, letting him go like that?" Lu Gang was a bit uneasy.

Ji Feng, however, smiled and said, "This Fatty Jane is a smart man, he won't do anything stupid!"

"Boss, do you have your eye on Fatty Jane?" Yi Xingchen asked with a smile.

"What words!" Ji Feng shook his head and laughed.

"This Fatty Jane is indeed a character, his eyes are more alive, he is also very resourceful in doing things, and he has a good head on his shoulders." Liu Xin said next to him, "This person is not bad if he is used well. However, now is not sure what exactly he is an idea"

This fatty Jane can be the deputy leader of the Lake Gang and Ma Bu Zhou's dog-headed military advisor, naturally he is a bit smart and intelligent. Only, whether this clever mind is really clever or fake clever is still unknown now, so Liu Xin does not dare to say too much, otherwise it might cause misleading to Ji Feng.

Ji Feng turned his head and looked at Fatty Jane who had already walked into the supermarket, he couldn't help but shake his head slightly and said, "Let's not talk about this for now, be vigilant and don't create any extra problems"

"Yes!"

Everyone immediately responded.

They were in a business car, which Yi Xingchen had gotten from the villa area where Ma Bu Zhou was, after getting it, he first placed a small instrument in the car to shield all the signals, and only after that did he drive out with confidence.

This is a small detail that must be noted, otherwise it may not even go beyond Zhen Yang and be followed.

Now this business car is a big role, a car, let them all sit down, so that the target is much smaller, but also convenient for them to leave quietly.

Perhaps the only thing wrong with it was the presence of Fatty Jane.

This man was obese and had a very pleasant look, but as soon as he sat down in the commercial vehicle, he immediately looked a bit cramped!

For this reason, Fatty Jane was careful even when sitting

“Lu Gang, how’s the wound?” In the process of waiting for Fatty Jane, Ji Feng suddenly asked.

When they had attacked the Lakeside Mansion earlier, because they had been ambushed by the Lakeside Gang’s people, Lu Gang had injured his shoulder, but because of the urgency of the situation and the limited conditions, they had set off immediately after a simple treatment.

“A small wound, nothing serious.” Lu Gang said with a carefree voice.

“Look guys, what is Fatty Jane doing?!”

Liu Zejun suddenly said in a deep voice.

Several people immediately looked, only to see Fatty Jane standing in the supermarket, not knowing when he had an extra mobile phone in his hand, he was talking to someone on the phone, not knowing what he was saying, with a face full of smiles

“He’s contacting someone else!” Lu Gang said immediately.

“I’ll go and take him down!” Liu Xin said in a deep voice.

“No need!”

Ji Feng shook his head and said, “Zezun, lift the car a bit further ahead, find a more secluded place first and see what happens.”

Although this Fatty Jane seemed a bit slippery, if he wanted to leave Southern Guangdong Province in the fastest and safest way, he believed that Fatty Jane should be able to play a role.

After all, Fatty Jane is the local snake here, how the Lake Gang is set up, which is the safest way to go

these things Fatty Jane should know very well.

The key depends on how he chooses!

“Not moving him?” Lu Gang was stunned, “What if he sells us out?”

“There’s no need to rush.” Yi Xingchen also said, “Ma Bu Zhou is in our hands, a fatty Jane can’t make waves just get the guy ready!”

He was looking at Fatty Jane in the supermarket with stern and vigilant eyes, one hand already touching the sniper rifle next to him, as long as Fatty Jane made the slightest movement, or if there was anything wrong with the situation outside, Fatty Jane’s head would be his target!

Liu Zejun brought the car a distance ahead and stopped in the shadow of a big tree, but the car was not turned off, ready to speed away at any time.

The necessary vigilance, is necessary!

Liu Xin and the others even loaded all the guns in their hands and opened the safety, ready to shoot at any time!

Time passed quickly and after a while, Fatty Jane pushed open the door of the supermarket and walked out quickly. He was carrying two large bags in his hands, and his fat body looked a bit strained.

However, as soon as Fatty Jane came out, he froze.

The business car he was originally riding in had disappeared in the blink of an eye!

Fatty Jane ran to the road and searched anxiously, but he just couldn’t find the business car, his face suddenly changed, Ji Feng was abandoning him?

“It’s really fucking” Fatty Jane was on the verge of tears, “It’s over, this is where my life, Jane Marten, is going to end up!”

He betrayed the gang leader, and Ji Feng didn’t want him, if this matter was spread by Ma Bu Zhou’s mistress, then I don’t know how many people would be against him, I’m afraid some would hate him so much that they would tear him alive!

Qian Bin is definitely one of them!

The shopping bag in Fatty Jane’s hand fell.

The shopping bag in Fatty Jane’s hand fell to the ground, he stood frozen in place, thinking of his impending downfall, his whole body was in despair!

“Ji Shao” Fatty Jane sat down on his butt, crying, originally he thought that he would rely on his own efforts to win Ji Feng’s trust, even if he couldn’t get reappointed, but at least he would be considered to have climbed a high branch, believing that with his intelligence and hard work, he would at least not have to be a dog-headed military advisor to that megalomaniac Ma Bu Zhou in the future!

But to his surprise, Ji Feng didn’t even dump him!

Fatty Jane suddenly stood up, he walked back and forth anxiously and said to himself, “No, I can’t just stay here and wait for death, Ji Feng doesn’t want me, I always have to make my own way out of this”

Tick-tock—!

Suddenly, a car horn sounded.

“.....” Fatty Jane was stunned as he jerked his head towards the direction where the horn sound came from and instantly noticed that two or three hundred meters ahead, there seemed to be a car listening as there were parking lights flashing there

“It’s Young Ji!?” Fatty Jane was instantly overjoyed as he picked up the shopping bag on the ground and ran wildly over with his legs.

“Ji Shao, how are you guys I thought you guys had left!”

Sure enough, it was Ji Feng and the others, Fatty Jane was so excited to see Ji Feng and the others from outside the car that he was on the verge of tears.

“Get in the car!”

Ji Feng said indifferently.

“Hey hey!” Fatty Jane nodded his head repeatedly, then, he suddenly remembered something and couldn’t help but say, “Young Ji, I just took the opportunity to buy something and had someone prepare a slightly larger business car, that car is also safer, and more spacious and inconspicuous”

Looking at Ji Feng’s eyes that were staring straight at him, the cold sweat on Fatty Jane’s forehead sprang up and the following words hardened without a word coming out.

He suddenly realized that he had overstepped his bounds somewhat.

Self-assertion!

This was something that no one in authority liked to see, and Fatty Jane was in a cold sweat as he realised that in his efforts to behave, he had ended up not paying attention to these details.

It was over!

Fatty Jane cackled in his heart, he was being clever.

“When will the car you arranged arrive?” Ji Feng didn’t show his anger, he just asked indifferently.

“Great, about ten minutes,” Fatty Jane stammered.

“Okay then, we’ll wait for ten minutes!” Ji Feng said.

Fatty Jane nodded somewhat apprehensively, and did not dare to get into the car outside, but his heart was a little uneasy, wondering what impression Ji Feng had of him.

A few minutes later, a black business car slowly drove up the road in front of them. Yi Xingchen and the others immediately grabbed their weapons, looking extremely alert and with cold eyes, that was a sign to enter into a combat situation!

Fatty Jane’s heart jumped as he watched, and he suddenly realised that the mistake he had made was not just self-initiated, but had caused Ji Feng and the others to misunderstand!

They suspected that he was communicating with the outside

The first thing you need to do is to get a good idea of what you are doing.

However, fortunately, after that business car stopped, the driver in the car got down, and after that, he just turned around and left.

“Ji Shao” Fatty Jane looked at Ji Feng blearily.

“Liu Xin, go check it out!” Yi Xingchen said in a low voice.

Liu Xin then immediately complied, he quickly got out of the car and went to the business car not far away, a few minutes later, he brought it over, proving that the car was fine!

“Change the car!” Ji Feng said.

Several people immediately got out of the car, and as they passed by Fatty Jane, Yi Xingchen said in a cold voice, “Next time if you dare to do this again your head will definitely be blown off!”

Yi Xingchen’s words were filled with a thick killing spirit.

Fatty Jane’s back was cold and silky and her face was white!

Ji Feng, however, just glanced at Fatty Jane, then led the others to change cars, and after that, they drove away quickly.

They all knew very well that perhaps they could not even wait until dawn, everyone would know that Ma Bu Zhou, the leader of the Lake Gang, had been captured by them, and by then, there was no telling how many people would be shaken
