

Campus Master 1411

Chapter 1411

Not to mention that the entire Brilliant Group is in the hands of others, even if half of the equity is taken away by others, then the Chinese side will no longer have the right to speak.

The company is still holding a part of Brilliant Group's equity!

After pondering for a moment, Ji Feng suddenly smiled: "Secretary Qian, it is undeniable that the information you said is indeed very serious. However, it's not much use for you to tell me, is it? I'm just a student, I can't affect the big picture, you should tell this news to the leaders above!"

"The leaders up there?"

Qian Hongda asked, "Then who do you think I should tell? These contents are only the results I got from my preliminary investigation, one there is no strong evidence to prove my claims, and at the same time there is no reasonably safe channel, what is the use of telling?"

Ji Feng faintly shook his head and spread his hands, "Then it's equally useless for you to tell me. What the Brilliant Group does, that's their business, even if their shares are acquired by companies from other countries, that's still considered normal business activity, there's no reason to stop them, right?"

"That, then, is not something I can manage!"

Qian Hongda said, "I am only telling you this news, as for what to do, I believe that young Ji will naturally have a solution. Besides, whether or not this information has value, this is also something that Ji Shao needs to judge for himself, right?"

Ji Feng's eyebrows tightened up, and he couldn't help but curse, Qian Hongda, the old fox!

This news certainly had value!

As long as one was not a fool, one would know how valuable this news was. As the leader of private enterprises in Southern Guangdong, even if it had been hit hard and hurt some time ago, the Brilliant Group was also a first-class group of companies with great influence.

This is not to mention the fact that the Brilliant Group has a large number of contracts under its name, and these are the most damaging ones!

However, even if the value of this information was great, Ji Feng had to be able to use it.

Even if he knew that Brilliant Group was going to sell its shares, he would not have the ability to stop it.

Even if he knew that the Brilliant Group was going to sell its shares, he would not be able to stop it.

Since the Brilliant Group dares to do so, there is no doubt that someone is behind it. Moreover, the power that is backing the Brilliant Group is also very powerful, and both Ji Feng and Qian Hongda know it very well.

The Brilliant Group has always been the hidden asset of the Wu family, so the one who is backing the Brilliant Group can only be the Wu family!

With the Wu family standing behind them, it was a bit difficult for the Ji Department to meddle in Southern Guangdong, and even in the business sector. This was tantamount to fighting across the region, which was a very unwise choice.

Moreover, in the eyes of those senior bigwigs, what exactly is the nature of this matter, Ji Feng is not even clear yet, what can he do?

However, as Qian Hongda had said, this information was indeed valuable, there was no doubt about it.

Ji Feng had to admit that he was really moved.

Strictly speaking, it was himself who was moved.

Even if the Brilliant Group was no longer the Wu family's private property, it still belonged to China. It was fine for the money to be taken away, but things could not be taken away as well. Ji Feng thought that when he had no choice, he would rather lose money than watch some strategic resources such as China's minerals and cutting-edge technology being taken away!

This was digging into the foundations of China!

It was precisely because of this that Ji Feng scolded Qian Hongda for being an old fox; this old thing must have seen that he would be moved, so he came up with such a piece of information that didn't even have any semblance of evidence to trade with him.

I also have to admit that this old thing is indeed very powerful, ginger is still old and spicy!

Ji Feng's heart was thinking quickly, but his face was half-voiced, he said indifferently, "Secretary Qian, what else, just say it, if necessary, I will definitely try my best to find a way to reduce Qian Bin's sentence."

Since the words had come to this point, Ji Feng was too lazy to beat around the bush with Qian Hongda, so he spoke straightforwardly.

As long as you can provide something more valuable, Qian Bin's side can suffer less, it's as simple as that!

"The one that is currently making intentional contact with the Brilliant Group is the KAI Tent's Hishita Corporation, which can also be called the Hishita Group." Qian Hongda said, "This group is a mega conglomerate in Kaitou, the Kaitou government, the Yamaguchi group, and several civil society organisations, all have shares in it!"

"They are forming a group, coming to our China to rob strategic resources!" Ji Feng said.

This Hishita Group, even for those who were least familiar with the business world, I'm afraid they would have heard a lot about this group.

The Hishita Group was involved in many industries, including automobiles, electronics, light and heavy industries, and so on. In particular, Hishita's automobiles and electronic products, such as cameras, mobile phones and other digital products, are selling like hotcakes in China.

Even in the south, Hishita Group's products completely crushed many domestic brands in China, and even the products of some developed countries such as Europe could not compete with the products of the world tent.

Sometimes Ji Feng wondered how come the national people were so keen on the products of the Canopy?

Even if they buy products from other countries, the products from other developed countries may not be inferior to those from the canopy, right?

But what is inescapable is that, no matter how you think about it, there are people who are keen on the stuff of the boundary tent.

..... is helpless!

"It seems that now the Lingxia Group is no longer satisfied with just dumping civilian products into China, they have set their sights on China's strategic resources!" Ji Feng mused, "Secretary Qian, I've heard that many of the enterprises in the boundary tent are actually the spokesmen for their countries, and many of their plans are made in accordance with their countries' strategic development, is that right?"

Qian Hongda nodded with a smile and said, "Indeed, that's true, otherwise, how else could it be said that the government of the Boundary Tent, down to the yakuza organisation Yamaguchi-gumi, all have shares in large conglomerates such as Lingxia?"

"Doggone thing!" Ji Feng couldn't help but burst out a foul mouth.

The first infiltration from the civilian products, in this area to earn a pot full of money is just as well, after all, the boundary tent products are not bad, although there are often black-hearted products appear, but think about the domestic products ..... is also fifty steps laughing at a hundred steps, really let people have nothing to say.

However, the Lingxia Group is not satisfied with this, but actually thinking of reaching into the strategic resources of China, this is a bit too much!

What a wolf's ambition!

Qian Hongda lost his smile, but in his heart, he also nodded secretly, it seems that he was right, Ji Feng is indeed a hot-blooded young man, surely he will not stand by and watch his family's things being taken away by others, this is something he cannot tolerate.

"Apart from that, what else?" Ji Feng pondered for a moment and asked again.

"In these last six months or so, the companies registered by the boundary tent people in Southern Guangdong have increased geometrically, and moreover, they have also acquired quite a few small companies that are not operating well ....." Although Qian Hongda was the secretary of the municipal party committee and basically did not care about the economy, he was still clear about his The situation under his rule is still clear.

After listening to Qian Hongda's introduction, Ji Feng couldn't help but be silent.

“Apart from these, then again, it is my personal speculation.” Qian Hongda lifted his cup and took two sips of tea before saying, “I suspect that the offshore company that took over the Brilliant Group before has shares in the boundary tent side in it!”

Ji Feng immediately lifted his head and asked in a deep voice, “Why do you suspect that?”

Qian Hongda looked at the cup in his hand, lowered his voice and said, “I once overheard that someone from the Wu family was responsible for an overseas investment, but it failed, thus losing a large amount of money, which was an astronomical amount, and it was said that the big winner of the game at that time was a large group from the Kaitou... ..”

Ji Feng then understood that if the information Qian Hongda said was true, then it would not be difficult to understand why there were shares of Boundary Tent Enterprises in that offshore company.

Likewise, it would also be understandable why the Wu family would watch their private property being acquired by Boundary Tent Enterprises and not do anything about it.

The Wu family is paying back someone else’s debt!

Doggone thing, taking the state’s money and paying off a private debt, even now they’re losing important strategic resources ..... They’ve got some nerve!

“That’s all I know, I hope it will be of help to young Ji!” Qian Hongda seemed to have said an insignificant thing, and after he finished, he concentrated on sipping his tea and said nothing more.

Ji Feng rubbed his temples and was silent for a moment before saying, “Secretary Qian, what you’re saying is either speculation or catching wind, there’s absolutely no evidence to prove whether what you’re saying is true or not, just asking me to believe it, why do I feel a bit silly?”

“Haha .....” Qian Hongda laughed out loud at these words of Ji Feng.

Ji Feng is stupid?

Who would believe this when said out loud?

After entering the room, Ji Feng’s eloquent demeanor and his wise, perceptive response, if anyone said he was stupid, that person would be really stupid!

“If I had tangible evidence, I wouldn’t have time to sit here!” Qian Hongda laughed.

Ji Feng also nodded with a smile, indeed, if Qian Hongda really had evidence in his hands, then judging from the attitude he showed, I’m afraid he would have reacted to this news up through some kind of channel long ago.

After a moment of contemplation, Ji Feng suddenly smiled, “Secretary Qian, this information you mentioned is indeed very valuable, at least I think so. But .....”

Qian Hongda listened without moving, and the words before ‘but’ could be filtered out.

“However, after all, I’m still too young, there are many things that I don’t consider well, so I can’t make an accurate judgment.” Ji Feng said, “Otherwise, how about this, it just so happens that my second uncle

is relatively free recently, if Secretary Qian is interested, I can help introduce you, and if you have anything to say, you can talk directly with my second uncle, can you?"

Chapter 1412

"I think my second uncle will be very welcome to be a guest of Secretary Qian!" Ji Feng said.

He looked at Qian Hongda with a smile on his face. This old fox, who did things without a drop of water and knew how to grasp people's minds, liked to exchange the smallest cost for the biggest benefit.

The company's main business is to provide a wide range of products and services to the public.

This shows how powerful Qian Hongda is.

The first thing you can do is to take a look at the situation and see if you can find a way to get the best out of it.

The fact is, whether or not to go to see the second uncle now, for Qian Hongda is also afraid that it is not a small problem ah!

The old fox always looks as if he is in control of the situation, and it's so annoying to see him dragging his feet!

The first thing you need to do is to get a good idea of what you're doing.

The first thing you need to do is to go and explain the situation to Ji Zhenguo?

He gave Ji Feng a deep look, this son is not simple.

He had to go and explain the situation to Ji Zhenguo directly, which, to put it bluntly, meant that he had to report to his second uncle!

Only when explaining a situation to a leader could the word report be used.

So, now Ji Feng's intention was already obvious!

He was trying to draw himself in.

..... As for how to bring him in and what arrangements should be made after he is brought in, that is not something that Ji Feng should be concerned about, let's leave it to Second Uncle to worry about.

The first thing you can be sure of is that the second uncle will definitely be very happy about the defection of the secretary of the Guangdong Municipal Committee.

Ji Feng and Qian Hongda were each calculating in their hearts, but on the surface, they still looked like they were smiling or not moving, and anyway, when Ji Feng finished these words, neither of them mentioned this matter again.

"Young Ji, this is ....." Qian Hongda's gaze fell on Tong Lei and asked.

"Hi! Look at how stupid I am ....." This is my girlfriend, Tong Lei!" Ji Feng introduced to Qian Hongda.

"Hello, Secretary Qian." Tong Lei greeted Qian Hongda in a clear tone of voice, a polite smile on her clear and unmistakable pretty face.

Although she did not like to interact with people, she did not lack manners.

“So it’s Young Ji’s little girlfriend, Miss Tong, you’re Yanjing Tong Lao’s .....”

“That’s my grandfather!” Tong Lei said.

“Oh .....”

Qian Hongda looked like he had a sudden realization and nodded his head, “So it’s Tong Lao’s granddaughter, how nice. Time has passed so quickly, seeing you all so old, I just realized I’m already old, by the way, how is Elder Tong’s health?”

“Grandpa’s health is still fine, thanks to Secretary Qian for his concern.” Tong Lei said.

“That’s good, that’s good.” Qian Hongda nodded with great relief and said with emotion, “Old Tong is a leader of the old generation, a valuable asset to our country and nation, I hope Old Tong can live a long and healthy life.”

Tong Lei nodded her head to thank him.

This old fox is really worthy of being a veteran who has been immersed in the officialdom for decades, no matter what he says or does, he can never miss a beat.

However, Ji Feng also knows that Qian Hongda is now talking about these non-nutritious topics, not really concerned about the health of Tong Lao ....., God knows if Qian Hongda has met the Tong family, let alone have any friendship!

Qian Hongda is actually stalling for time by saying these topics.

Because, he had to think about his proposal.

Going to visit Second Uncle, especially in a private capacity, here in private, was not a trivial matter, and Qian Hongda definitely had to weigh the pros and cons repeatedly before he could finally make a decision.

“Secretary Qian, then let’s leave it at that for today, I will find a way to investigate the matter you mentioned, and I would ask Secretary Qian to seriously consider my proposal.” Ji Feng stood up with a smile and said, “It’s also late, so I won’t disturb Secretary Qian’s rest.”

“There’s no need to consider it.”

Qian Hongda also stood up and smiled, “It’s just that it’s indeed late, so would it be a bit inconvenient to disturb Secretary Zhen Guo at this time?”

“What’s so inconvenient about it, besides, Secretary Qian is there to report on his work, I believe Second Uncle can’t even welcome him enough!”

Ji Feng forced himself to smile, hardening the shock in his heart, and laughed, “If Secretary Qian is ready, then I’ll call Second Uncle now?”

“Mm! Then, I’ll be grateful if you’ll ask Young Ji to introduce him on your behalf.” Qian Hongda nodded his head.

Ji Feng then smiled meaningfully as he nodded, "Then please wait for a moment for Secretary Qian, I'll go make a phone call!"

Saying that, Ji Feng walked out of the room with big steps, and when he came to the corridor, he couldn't help but let out a soft breath.

Qian Hongda, the old fox, had finally compromised!

Ji Feng quickly dialed his second uncle Ji Zhenguo's phone number, while keeping an eye on the movements around him.

"Little Feng, calling for something?" Ji Zhenguo asked.

"Second uncle, it's like this, right now I'm with Secretary Qian Hongda of Yuezhou City, we just met." Ji Feng said, "Secretary Qian has provided a very important situation, but I think this matter is beyond my ability, so Secretary Qian wanted to make a report with you and asked me to ask if you have time?"

"....." There was suddenly no sound on the other end of the line.

If it wasn't for the earpiece, there was still the sound of breathing if any, Ji Feng almost thought that Second Uncle had hung up the phone.

The corner of Ji Feng's mouth then couldn't help but pull up a smile, Yuezhou municipal party secretary to vote, I'm afraid this is how the second uncle did not expect, right?

In fact, not to mention Ji Zhenguo did not expect it, Ji Feng also did not expect it.

The first is that there is no evidence, and the second is that there is nothing substantial, but the information he said is still valuable.

In this way, Qian Hongda made a deal with Ji Feng with this information, which made Ji Feng's heart very uncomfortable and had a feeling of being held in the palm of his hand.

Ji Feng was not willing to be led by the nose, so he threw out this suggestion for Qian Hongda to report directly to his second uncle and see what exactly Qian Hongda should choose.

If you want to be difficult, let's all be difficult together, no one can run away!

This was Ji Feng's original intention, but what he didn't expect was that Qian Hongda actually agreed to do it!

"Little Feng, treat Secretary Qian well." After a full minute or two of silence, Ji Zhenguo's voice finally came over, "You personally drive Secretary Qian over to ..... No, you guys are somewhere now, it's better for me to go there personally."

"Second uncle, it's better for me to send Secretary Qian over, it's so late, it's not convenient for you to come out, so don't bother the driver." Ji Feng smiled.

"..... is better!" Ji Zhenguo nodded, "Be safe on the way!"

Ji Feng then understood, he smiled and nodded, "I know."

.....

“Secretary Ji, I’ve come to report to you!”

“Welcome, Comrade Hongda!”

Looking at Ji Zhenguo and Qian Hongda shaking hands, Ji Feng raised his eyebrows and smiled slightly, “Second Uncle, Secretary Qian, you guys chat first, I won’t bother you.”

Ji Zhenguo and Qian Hongda nodded at the same time, and the latter said meaningfully, “Secretary Ji, this nephew of yours, he is something.”

“A child’s family doesn’t know what to do, so I’ll need Comrade Hongda to guide him in the future!” Ji Zhenguo laughed.

Ji Feng let out a sarcastic laugh as he listened and hurriedly went out.

He looked back at the closed compartment door and couldn’t help but heave a couple of laughs, this time, the Wu family really lost their money!

Yuezhou is the capital city of Southern Guangdong, and the importance of its status is naturally self-evident.

The significance of Qian Hongda, the secretary of the municipal party committee of Yuezhou, coming to cast his vote, goes without saying.

“Hiss .....

Ji Feng suddenly remembered something, and his eyebrows wrinkled up at once: “This Qian Hongda came, does it mean that everyone is in the same gang? Then, what should Qian Bin do?”

Regardless of how Qian Hongda had talked to Second Uncle, since he had come to report to him, it meant that he already had the determination to defect to the Ji Department, so wouldn’t it be a little too good to lay hands on his son again at this time?

“These are two different things!”

Ji Feng rubbed the corners of his eyes, but his determination was firm: “Qian Hongda is Qian Hongda, Qian Bin is Qian Bin, the two matters cannot be mixed up!”

There was no saying, Qian Bin must be disposed of, there was no doubt about it.

Ji Feng knew very well in his heart that to dispose of Qian Bin was not to carry out the so-called upholding of legal justice, frankly speaking, he was not that great, let alone that just, to be able to do so without trampling on the law was not easy enough.

He wanted to dispose of Qian Bin only because of those residents of that town in the border area between Chuzhou and the Delta who died because of his involvement!

The death of those residents had something to do with Ji Feng.

I didn’t kill Boren, but Boren died because of me.

If he hadn’t gone to Yuezhou to catch Huang Yuanxing, if he hadn’t turned to Zhen Yang to catch Ma Bu Zhou, if ..... himself was responsible, then Qian Bin and Wu Zhiyong were even more responsible!

Ji Feng and how could he let Qian Bin off so much?

“Ji Feng, what are you muttering about?” Tong Lei asked from the side.

“Oh! Nothing.” Ji Feng laughed, “Did you feel bored this time out?”

“It’s not boring when I’m with you.” Tong Lei said.

“.....” The smile on Ji Feng’s face then got even bigger as he embraced Tong Lei and said, “Then you’ll never be bored in the future.”

Because we will always be together.

This is what Ji Feng did not finish saying below, and Tong Lei understood, so with a sweet smile on her pretty face, she snuggled into Ji Feng’s arms.

“White spider, drive home!”

Chapter 1413

I don’t know what Qian Hongda and Ji Zhenguo actually talked about that night, anyway, Qian Hongda then went back to Yuezhou, and Ji Zhenguo didn’t give Ji Feng any greetings because of this matter, as if nothing had happened.

This made Ji Feng more or less baffled, did the talks between them work out or did they fall apart?

Originally, he wanted to ask his second uncle, Ji Zhenguo, but on second thought, since his second uncle hadn’t made it clear to him, he simply had to be confused for once.

Otherwise, if Ji Feng really ran over and asked Ji Zhenguo, did Qian Hongda lean over? Is he now considered a member of the Ji Department?

What if Ji Zhenguo really gave him an affirmative answer and asked him to give a lighter punishment to Qian Bin?

On one side was the things that Qian Bin had done, if he was not punished, Ji Feng was really a bit reluctant and sorry for those residents of the town who were dragged to their deaths.

On the other hand is the current situation that needs to be appeased after Qian Hongda leans over, Qian Hongda is definitely a heavyweight general in both the Wu family line and the Ji line, his face, must be given.

So if second uncle opened his mouth and asked Ji Feng for a favor in order to take care of Qian Hongda’s face, how should Ji Feng agree?

Thinking of all this, Ji Feng simply pretended that he didn’t know anything and that Qian Bin’s side should still be punished in any way, anyway, he couldn’t just let it go.

It is also because of this reason that Zheng Yuanshan mistakenly thought that Ji Feng sent the person over because Qian Bin had angered Ji Feng, and as a result, the case actually immediately entered the procedure and started to be interrogated.

Qian Bin's reaction was also beyond Ji Feng's expectations, he frankly admitted his relationship with Ma Bu Zhou, and also admitted that he had taken a lot of benefits sent by Ma Bu Zhou over the years, as well as some other bad things, and did some things to bully men and women.

"This guy has become so honest?" Ji Feng was surprised to hear this news.

The Qian Bin he had met in the prison before was a person who was a bit clever and liked to play with his heart. But when he thought about it, I was afraid that Qian Bin had listened to his old man's arrangement at that time, and that might not be his nature.

But no matter what, as long as this case entered the judicial process, that would be enough.

But soon Ji Feng learnt that although he admitted the relationship with Ma Bu Zhou and that he had done a lot of bad things in the past, Qian Bin was dead set against admitting to the death of Huang Yuan Xing and the shooting of the town's residents by those gunmen.

There was no evidence!

Apart from a few phone records, the police had no evidence to prove that Qian Bin had anything to do with these serious cases.

The phone records can only show that Qian Bin is a suspect, but cannot be used as tangible evidence to convict Qian Bin, so the prosecution can only charge Qian Bin with assault and other crimes, but because the Lake Gang organized by Ma Bu Zhou is already considered a triad organization, so Qian Bin's charges are not light.

According to Zheng Yuanshan, Qian Bin should have a sentence of about seven to ten years.

For this result, Ji Feng was quite satisfied.

In fact, the mastermind was Wu Zhiyong, which Ji Feng knew very well, and Qian Bin was at most an accomplice, not to mention that, for the sake of Qian Hongda, it would be enough to let Qian Bin go to jail for a few years.

The first thing that I'd like to say is that I don't know if I've been in the wrong place.

Knowing that what he said was false, he still had to stop because of the lack of evidence.

However, there was one thing that was worth mentioning.

During the interrogation of Ma Bu Zhou, this guy was just like pouring beans out of his mouth and explained everything, especially mentioning the mastermind Wu Zhiyong!

The Jiangzhou police immediately launched an investigation into Wu Zhiyong, but because the other party was a cadre, they naturally could not take coercive measures during the investigation, and only went as far as Chang'an to ask Wu Zhiyong to assist in the investigation.

This time, the Wu family's big brand could not stop the police investigation. If you want to say that the waist is hard, Ji Feng's waist is even harder than Wu Zhiyong's. The Wu family could not stop the Jiangzhou police investigation!

They wouldn't dare to, unless they wanted to let the Ji family get a grip on them!

The Jiangzhou police sent someone there without a hitch.

However, this trip by the Jiangzhou police was met with a shocking news.

..... According to the statement given by Wu Zhiyong, he knew nothing about either the Lake Gang or those gunmen, and had never even heard of them. It was all Wu Zhihe who did all this!

When the news came, everyone was silent.

It was Wu Zhihe who had done it!

In the name of his elder brother, Wu Zhihe was out there doing whatever he wanted, and Wu Zhiyong didn't know anything about it.

Even, in order to prove his claim, Wu Zhiyong seemed to have provided quite a lot of evidence, such as the mobile phone used by Wu Zhihe and the duty registration records outside Wu Zhihe's office.

These all corresponded to the call records on Qian Bin's and those gunmen's leader's mobile phones.

As a result, the Jiangzhou police returned without success.

Wu Zhihe was already dead, and even though all the fingers pointed to him in the end, they could not pursue the case any further.

However, when Ji Feng heard the news, he was silent for a long time and did not speak until a few days later when he was drinking with Ji Shaolei, he grimaced and exploded with a foul mouth: "Fuck him!"

The two were drinking at the Spring River Flower Moon Night Club when they brought up this matter and Ji Feng exploded with foul language.

"Good cursing!"

Ji Shaolei was deeply impressed: "Wu Zhiyong is too desperate to do anything, the death of a person is the greatest, he actually put all the blame on Wu Zhihe, this kind of person ..... is too desperate! Also too yin!"

Ji Feng nodded in silence, people died, then everything also dissipated, the dead is big.

Even if it's just an ordinary friend, you wouldn't smear someone after they died, and Wu Zhihe and Wu Zhiyong, but they are blood brothers!

For Wu Zhiyong to do such a thing is really chilling to the heart.

"But one also has to admit that this move by Wu Zhiyong is very effective." Ji Shaolei's face wore a mocking smile, "Putting everything on Wu Zhihe's shoulders, he was instantly skimmed clean, and no one could say anything!"

Ji Feng shook his head and coldly snorted, "Being a brother to Wu Zhiyong, Wu Zhihe is really pathetic."

Anyone who has such a sinister brother would shudder, I'm afraid, and wouldn't even be able to sleep in peace, such a person is simply like a poisonous snake, even his own brother can lay his hands on him, what else can he not do?

“We must be careful of this guy in the future.” Ji Shaolei said, “He put the blame on his own brother, I guess he was forced to do it, I’m afraid there’s not no one in the family to blame, you’ve pushed him to this point, I guess he wants your life in his dreams.”

“I’m just afraid he doesn’t have the ability!” Ji Feng said disdainfully.

“Hey!”

Ji Shaolei grinned, “Don’t be careless, the scariest thing in this world is not true villains, but hypocrites, Wu Zhiyong is definitely the best of hypocrites, being targeted by him will definitely lead to less trouble in the future.”

Ji Feng shook his head and waved his hand with a smile, “Let’s not talk about him, it’s appetizing. Second brother, Qian Hongda’s attitude in this matter makes me a bit confused, help me analyze it.”

Originally Qian Hongda was from the Wu family’s camp, why did he suddenly switch to the Ji family?

If it was just because his son was being held by Ji Feng, this reason was somewhat far-fetched, and if Qian Hongda was determined to keep Qian Bin, it was not impossible.

But then he easily compromised, which made Ji Feng still a bit puzzled until now.

“What is there not to understand about this?”

Ji Shaolei laughed, “To be able to go to that position of theirs, both in terms of vision and thinking, is not something that ordinary people can compare to. Qian Hongda voted over, he must have felt that the Wu family’s side was not suitable anymore, a good bird chooses a tree, this is a very simple reason.”

Ji Feng was suddenly dumbfounded.

He lost his smile and said, “Second brother, don’t really say it, sometimes your straightforward way of thinking makes it easier to see things for what they are.”

“Brat, you’re saying I can’t turn a corner, right?” Ji Shaolei scolded with a laugh.

Ji Feng heatedly laughed: “I’m telling the truth.”

Sometimes thinking too much can add to one’s troubles for nothing, for example, in this matter of Qian Hongda, Ji Feng was tossing and turning and could not understand.

Why did Qian Hongda suddenly turn to the Ji system?

Why did Qian Bin never mention Wu Zhiyong when he was being interrogated?

Wasn’t he afraid that all the charges would fall on him?

But now Ji Shaolei explained it clearly in one sentence, existence must be reasonable, Qian Hongda and Qian Bin must have their reasons and thoughts for doing so.

Anyway, the final result is that Qian Hongda leaned over and Qian Bin was sentenced, that’s enough!

So many times, there is nothing wrong with being straightforward, looking directly through the phenomenon to the essence, instead it may have an unexpected effect.

“You kid just laugh!” Ji Shaolei glared at Ji Feng without good grace, this brat was too noisy.

“Alright, alright, just kidding! Let’s not talk about that.” Ji Feng smiled and waved his hand, “Right second brother, the last time you talked about the matter of little aunt, the phone was incoherent, it just so happens that you have time now, tell me about it?”

“You say this ah .....” Ji Shaolei said, “this matter or some time ago when I talked to big brother, he mentioned a sentence, later I asked your second uncle, he also did not say in detail, only said that if there is time, you can go to the country of rice, to meet the little aunt, also said to call you together .....”

“Why did little aunt leave the country in the first place? And hasn’t come back for so many years?” Ji Feng asked.

“How do I know about that year, but it is said to be related to that \*\*\*\*, and, little aunt and the old man’s relationship is a bit stiff, you also know, the old man that person, right .....” Ji Shaolei coughed twice, it is a bit inappropriate to be a junior to evaluate the elders, so it is not good for him to say.

“However, these years little aunt should not be living too well either.” Ji Shaolei said.

Ji Feng’s brows then frowned slightly.

Chapter 1414

“Didn’t I say that my sister-in-law was doing business in Rice? How come she’s having a bad time?” Ji Feng frowned and asked.

A lot of the equipment of the Tengfei Pharmaceutical Factory was also obtained from abroad only through Xiao Gu, with such energy, how could Xiao Gu’s life be bad?

“Living a good life is not directly related to the amount of money!” Ji Shaolei said.

“The situation you’re talking about has to have a premise, you have to be in a situation where there’s enough money to spend before you can say that having a good time has little to do with money.” Ji Feng added.

For many people, having a good life was directly related to money, and this was something that Ji Feng knew very well.

At the beginning, he and his mother were dependent on each other and were living quite badly. Especially when Ji Feng was still young and could not even remember his early childhood, the life of mother and son was even more miserable.

If the family had even had the money to feed them, they would have had a much better life.

Did it not have anything to do with money?

Unless the family had enough money to spend, they would have dared to say this, because if they had enough money to spend, there would have been other miseries, as the saying goes.

But in this economy-first society, the first thing to talk about is money!

“Even if it is!” Ji Shaolei nodded indifferently, “However, Xiao Gu’s distress should not be brought about by money.”

“What does that mean?” Ji Feng asked.

“I’m not too sure what the exact situation is, and I usually don’t have much contact with my little aunt’s side.” Ji Shaolei said, “I also just heard from the tone of voice of my younger aunt’s old cousin’s speech that the younger aunt’s family didn’t seem to be having such a good time inside.”

Ji Feng nodded slightly, this is true, even if one is rich again, one can’t help but have troubles and troubles.

“In fact, your second uncle’s intention is not to let us go over there to help solve the trouble, we are not familiar with Rice, we can’t help much if we go there, maybe we still need Xiao Gu’s family to take care of us when we get there.” Ji Shaolei said, “We go to Rice, in fact, is to be a pioneer, to probe the mouth of the little aunt, if possible, try to let them come back .....”

“Let them come back?” Ji Feng frowned: “From what you’re saying, it’s because the youngest aunt is not willing to come back?”

“That’s roughly it, little aunt and the old man are having quite a standoff, I’m afraid it’s not good to come back.” Ji Shaolei said, “Although little aunt is in Rice, if she wanted to come back, I’m afraid she would have come back long ago.”

Ji Feng slowly nodded his head.

“Actually, it’s time to come back.” Ji Shaolei shook his head helplessly, “How stiff can there be between father and daughter? The old man is old now, even if his body is hardened, how much time can he have left to wait? I think that although the old man doesn’t say so, he actually still wants Xiao Gu to come back in his heart, but he is not in a position to ask for it, so this matter will have to fall on us.”

“That’s as it should be!” Ji Feng immediately nodded, “If the elders are not good enough to ask, we, as juniors, naturally deserve to do it for them. However, second brother, what did you mean when you said before that this still had to be my turn to go?”

“Don’t you understand? You are Eldest Uncle’s son, so if you go, you represent Eldest Uncle.” Ji Shaolei said, “I heard that in the past, Eldest Uncle loved Little Aunt the most, so Little Aunt and Eldest Uncle were the closest, if you go, won’t it be better to talk?”

Ji Feng then laughed, “So I’m still so important!”

“Look at your virtue!” Ji Shaolei scolded with a laugh, “Cut the crap, I don’t know too much about what exactly is going on with little aunt, if you want to know, you can go ask big uncle. In addition, you see when you have time, we take a few days to go to Rice.”

“There’s time .....,” Ji Feng pondered for a moment and said, “Wait until I’m on winter vacation.”

“So long?”

“Take advantage of going to Rice on the side of New Year’s, if little aunt’s mouth is loosened, we can come back with little aunt, even if we let her just come back for a visit, isn’t it good?” Ji Feng laughed,

“Besides, it’s already November now, and there’s not even a few months before New Year, so I’ll take advantage of this time to take care of all the things on hand, and I’ll be able to pack lightly by then.”

“Well!”

Ji Shaolei nodded, “That’s a good idea, then it’s a deal, I’ve been a bit busy lately too, I might not be able to take time off anytime soon ..... Right, there’s a few friends to celebrate with.”

“Celebrate what?”

Ji Feng asked.

“Wu Zhihe that kid hiccuped, shouldn’t we celebrate?” Ji Shaolei asked.

“..... should!” Ji Feng lost his smile, “By the way, second brother, how are things going with you and Xiang Yurou? It’s time to get married too, right?”

“Let’s talk about it, exactly when we get married, it depends on the family arrangements.” Ji Shaolei said helplessly, “A marriage license can be obtained anytime, but this wedding date ..... is not a matter for two people to get married now, this marriage is all for others!”

The actual fact is that, nowadays, regardless of whether it’s a big family or an ordinary citizen, that marriage is not for yourself, this marriage is for others to see, and many times have to beat a swollen face to fat, even if there is no money again, but also what others have what they have, people get married to get twenty wedding cars, they can’t be less than twenty two, others are Audi, they have to get BMW.

..... can not be worse than others anyway.

And Ji Shaolei wedding, that is obviously more trouble, I’m afraid that when the time comes, just to the elders present at the toast to meet, it is enough to make them dizzy.

Moreover, the different elders who come, how much to drink, these rules that is really a headache.

“Kid, don’t laugh, when you get married, I’ll see if you can still laugh!” Seeing the corner of Ji Feng’s mouth bring up a smile, Ji Shaolei immediately said in no good mood.

“Hahahaha .....” Ji Feng laughed out loud, “I’m definitely later than you anyway, worry about yourself first!”

Ji Shaolei’s face turned green .....

.....

The next period of time was much easier for Ji Feng to live.

The case of Qian Bin has come to an end, what awaits him in the future is the Jiangzhou prison, of course, as for Ma Bu Zhou, I’m afraid it has nothing to do with the prison, the morgue does have his share!

The Lake Gang’s bad deeds and the things they have done are enough to get Ma Bu Zhou shot ten times and not even enough to clear his name.

Ma Bu Zhou is dead!

The Wu family didn't react much either. Wu Zhihe died, and the funeral was said to be very low-key, but because the cause of his death was so strange, it made everyone pay special attention to it, and later on, I don't know where the news got out from, but Wu Zhiyong put all the blame on Wu Zhihe.

This news, which soon became known to everyone, sent a chill down everyone's spine.

Wu Zhiyong was too ruthless! He was also too venomous!

This time, Wu Zhiyong's reputation was completely infamous, so that people did not dare to mess with him. I am afraid that many years later, when people see Wu Zhiyong again, they will all think of this incident.

The matter of Wu Zhiyong aside, Ji Feng's day was very leisurely.

The university campus in late autumn can be considered the most leisurely and romantic place, every day to school, as long as there is no class, Ji Feng will take Tong Lei to the library, or to the study room, Tong Lei bowed his head to read a book, he tilted his head to look at Tong Lei, the days are as leisurely as they can be.

"What are you looking at!"

Tong Lei's pretty face reddened slightly as she was looked at by Ji Feng, and she gave him a white glance.

At the middle of each semester, the freshness of the beginning of the school year was gone, and there was still some time before the holidays, so the students' patience was gone, and at this time, they either came to the study room to read by themselves, or, they went out to play, so there were fewer and fewer students in the classroom.

Today there were more people in the study room than usual, just around Ji Feng and them, there were quite a few students sitting, but Ji Feng was still looking at her so recklessly, which made Tong Lei a little embarrassed.

Ji Feng smiled heatedly and didn't say anything, he just propped his head up with one hand and just looked at Tong Lei.

"You!" Tong Lei's pretty face reddened slightly and she wrinkled her nose, so she stopped paying attention to him and just looked down at her book.

But she didn't know that her unintentional action had caused many boys around her to look straight in the eyes, but when they looked at Ji Feng beside Tong Lei, not many of them dared to mess around, Ji Feng's prestige, even in the school, was known to many people.

Sweeping the taekwondo gym, three punches and two kicks to beat the student exchange delegation from the boundary tent ..... these battle records, is not just a joke.

The fact that even Yun Bing, the daughter of a gangster, was cleaned up by him, and her old son, who is a gangster, didn't do anything, these news, almost all spread throughout the campus, these students, although they are young and bloodthirsty, but no one will take the initiative to look for trouble.

“Go home if you’re flirting, this is a place to read books, not for you to talk about love!” At that moment, a voice rang out abruptly.

It wasn’t loud, and there were other students whispering in the study room, so the abrupt voice didn’t carry much farther. However, all the students near Ji Feng heard it, and all of them looked over in shock, thinking, “Who has the guts to speak so recklessly?”

The two of them were both dressed in sportswear, with oddly colored hair, and their bodies looked very fit.

These two young men were hanging around, crossing their legs, and with nothing on the table in front of them, they didn’t look like they were here to read.

“What are you looking at? Never seen a handsome man before?!” Seeing the other students looking over, one of the young men glanced at them and asked with a grim look on his face.

Another young man chimed in, “All serious about reading, there’s nothing to see!”

“It’s the sports team.” A student whispered, “Don’t look, these guys are not to be messed with, they’re all limber and simple minded guys who say they’ll do it .....

“Ignore them.”

The other students all stood up and walked a little further away, then sat down, still looking over.

Just because they were afraid, didn’t mean they couldn’t watch the action.

Chapter 1415

People from the sports team?

Although the voices of those few students were low in their discussion, for Ji Feng, who had an excellent ear, he could hear it clearly.

According to what those few students had just said, these two people who were dressed like completely unlike students were from the school’s sports team, so they should be students from the sports department.

But, students from the sports department coming over to pick a fight?

Ji Feng was sure that they were looking for a fight!

Because these two people weren’t here to look at books at all, Ji Feng could tell at a glance that they were clearly coming here for himself and Tong Lei.

Why?

“Stop talking and read the book!” Tong Lei said to Ji Feng, she had seen this kind of situation a lot, so she didn’t care about it, besides, her personality was already cold, she didn’t bother to argue with people when they said a word to her.

Ji Feng also smiled and turned his head to get ready to read a book.

No matter what these two people were doing and why they had to come to pick a fight, Ji Feng was too lazy to bother with them.

He had seen a lot of students like this, who thought they had come to university, were physically fit, could fight, or had some strengths, were good at basketball, and so on, and were held in high esteem, and then started to drift away.

Such a person is not worth mentioning!

Besides,..... maybe he just talked to Tong Lei, really disturbed people, that is also the fault of their own, but also do not need to be catty.

Ji Feng opened the book on the table, ready to also take advantage of this opportunity to take this semester's course first rote memorization down, first to cope with the examination, as for the future understanding ..... nothing is better than practice to deepen a person's understanding of the theory.

Usually Ji Feng just study the development of the Tengfei Group, as well as some economic situation, is enough for him to be able to understand these book theories well.

When mentioning the Tengfei Group, Ji Feng could not help but smile slightly.

The development situation of the Tengfei Group now made Ji Feng very satisfied. In particular, the development of Tengfei's electrical appliances was even more rapid.

The 3D TV sets had been officially launched and the sales were so hot that Han Zhong and Li Xin were both so busy that they could not even touch the bench, especially Li Xin, who was running around both Mingguang Electric and Tengfei Electric and was almost busy.

Their busy schedule has brought about the rapid development of Tengfei Electric.

Both Mingguang Electric and the Dexing Electronics Factory in Huahe County are working day and night at full capacity to produce, but they can't keep up with the huge demand from the market.

Orders from agents are simply flying in like snowflakes.

Now that the entire Tengfei Group has stabilised, with both the pharmaceutical and household appliance industries developing at the same time, and both of them still developing so rapidly, the future of the Tengfei Group is predictable.

The next period of time will be a stabiliser for the Tengfei Group. Although the sales of 3D TV sets are incomparably hot, after all, the development is so fast that if one eats too much too fast, there will always be some indigestion.

Therefore, it is necessary to wait until the group has stabilised for a period of time and is running completely smoothly, with all personnel having adapted to the changes brought about by the rapid development, before the expansion can continue.

By that time, the Tengfei Group might start to enter the industrial field, or even the ..... military industry.

"Pop!"

An abrupt ringing sound pulled Ji Feng's thoughts back for a moment, and he only felt a jolt on the backrest.

Ji Feng immediately turned around, only to see the two young men who were originally sitting in the back row, one of them put his foot on the table and stomped right on the backrest of the chair he was sitting on.

"This student, can you please take your feet down, please?" Ji Feng asked.

"What for? Your family's ah?" The boy held his chin up and cocked the corner of his mouth, looking at Ji Feng with a provocative expression.

"Huh ....." Ji Feng shook his head and smiled, turning his head away again.

This caused those around who were watching to be a bit stunned, were the rumors true?

It was said that Ji Feng was not a small force and was never someone who could take a loss, but how come they saw him so timid today?

Those two young men were obviously looking for a fight, and he actually held back?

Ji Feng didn't care what others thought, it was a pleasure to be able to accompany Tong Lei so peacefully and quietly to read a book.

Under such circumstances, he really didn't have the heart to argue with others about anything.

Besides, those two young people were not even put in Ji Feng's eyes, just two jumping clowns, not worth making a fuss about.

"Boom!"

Who knew that before Ji Feng could read a few lines, there was a sudden jolt again behind him, this time so loud that the whole classroom heard it, and quite a few students turned their heads to look back with considerable dissatisfaction.

Tong Lei was also frowning slightly, turning her head and saying, "Please move a little more gently, okay?"

"Move lightly, it's not comfortable, is it?" One of the young men said with a smirk, a teasing smile on his face, "Don't all women like action ....."

Splat!

Clap~~!

Before this young man could finish his words, a crunching sound suddenly rang out, and in the next moment, one could see his entire person violently leaning backwards, and the backrest of the chair that was holding the floor in place all instantly crumbled.

With a thud, the young man fell to the ground with a miserable scream.

Ji Feng stood up with a calm face, lifted that guy from the ground, grabbed the other guy who was scared, dragged him straight out, and walked out of the study room with big steps.

“Hiss...!”

Those students who were watching were stunned.

Especially when they saw that the hard chair backrest, which had actually crumbled in one go, they all couldn't help but suck in a breath of cold air.

How much strength did it take to break the backrest of the chair?

“Boy!”

“Ji Feng went berserk, so terrifying?”

“See? Just now he didn't make a move, it was because he didn't see eye to eye with those two guys, and now well, it's pissed him off!”

For a while, the students who were watching were whispering.

But Tong Lei seemed to have not seen the scene just now, she shook her head slightly and turned around to continue reading.

She shook her head slightly and turned around to continue reading. Tong Lei knew better than anyone what kind of temper Ji Feng had. Tong Lei also had anger in her heart, it was good to let Ji Feng teach him a lesson, after all, that man was already talking with molestation!

“Pop!”

Ji Feng carried those two guys, walked out of the study room, came to the stairway, directly threw his hands, one by one, and threw them to the ground, dropping the two of them with another muffled cry.

“Little, kid, you're looking for death!”

“Do you know what you're doing? I grass .....”

A cold light flashed in Ji Feng's eyes as he squatted down in front of them and said indifferently, “If you guys dare to be arrogant half a word more, believe it or not I'll just throw you off the building now?”

“Who are you bluffing?” A young man said through clenched teeth.

“Hiss .....” fuck! Kid, if you dare to make a move, I'll see you .....”

The man's words came to an abrupt halt, Ji Feng's hand had already choked him, suffocating him so much that he couldn't say half a word and couldn't even breathe.

“You, what are you going to do? Fighting is forbidden in school!” The other young man took a look, his heart trembled and he was busy saying.

“Why are you picking on me?” Ji Feng asked. At the same time, he let go of the guy.

“Cough .....” The guy covered his neck and kept coughing and breathing heavily, he was suffocating just now.

At this time, a pretty figure walked out from the classroom and came to Ji Feng: “Young Ji, give these two guys to me!”

“Mm!”

Ji Feng nodded and looked at Han Zhen, who was dressed in civilian clothes, he said in a deep voice, “Ask them why they are targeting me and see if someone is behind them!”

“Yes!” Han Zhen nodded his head.

Ji Feng coldly glanced at those two people before turning around and entering the study room.

When those students who were watching saw Ji Feng come in, they were all a little timid and pretended to be serious about their books, but their eyes were stealing glances at Ji Feng’s side.

Some curious students, on the other hand, stood up and walked out, and saw a pretty girl, just dragging those two young men who were looking for trouble, into the ..... gents!

That pretty girl, dragging one with one hand, compared to the two young men who were tall and big, this girl was too skinny, but her movements were so formidable, it was really somehow formidable.

Everyone was in disarray!

“Is everything alright?” In the study room, Tong Lei asked in a soft voice.

Ji Feng shook his head and smiled, “Just two little punks, nothing much.”

In his heart, he was a bit puzzled, why did these two guys come over to look for trouble, looking at them, they didn’t look like people with much experience, who ordered them?

Not long after, Han Zhen walked in with big strides and sat down beside Ji Feng: “Young Ji, we’ve asked them clearly.”

“Well?” Ji Feng asked.

“Those two guys are just punks in the school, they usually have contact with people in the society, this time someone gave them a thousand dollars to teach you a lesson! They don’t know who that person really is either, they just met him in the bar.” Han Zhen whispered, “I asked for that person’s phone number.”

Ji Feng immediately took out his phone and asked, “What’s the number?”

Han Zhen reported the number and Ji Feng dialed it.

“Hello, who is it?” A man’s voice came from the phone.

“Ji Feng!”

Ji Feng frankly reported his name and asked, “So, who are you again?”

“Haha .....” Once the person on the other end of the phone heard that it was Ji Feng, instead of being the least bit flustered, he laughed out loud, “Ji Feng, the fact that you can call this number means that the people I sent over there have already done it ..... How about that, disgusted?”

The first thing you need to do is to get a good idea of what you want to do. Can’t you think of some more clever tricks to deal with me?”

"If you can be disgusted, that's a brilliant move!" The person on the other end of the line was also very frank, "I'm glad you called."

"I regret it because I think your IQ is too low, and it's talking to you that really disgusts me!" Ji Feng said.

Chapter 1416

"Whatever you say, it doesn't matter to me!" The person on the other end of the phone said with a grin, "As long as I can disgust you, I'll be happy."

"Who are you?" Ji Feng asked indifferently. As he spoke, Ji Feng took out another mobile phone from his pocket and quickly pressed it twice.

"Guess!" The man was still smiling and talking, completely full of care.

Ji Feng couldn't help but laugh, "It looks like you're planning to spend time with me?"

"That's right, I am planning to spend time with you!" The man's voice gradually turned cold, "Ji Feng, even if I can't kill you now, but, I can disgust you, see, just a mere thousand dollars can disgust you once, maybe when you're not careful, you can even turn over in the gutter, it seems, you have to be careful oh!"

"Huh ....."

The corner of Ji Feng's mouth tugged.

"Oh yeah, and your girlfriend!" The voice on the phone looked worried and tsked, "Think about it, you've been black-hearted and shameless long ago, that's naturally fine, but what about your girlfriend? If she gets a few insults from a guy she doesn't know, even if you beat the guy up, you'll still be uncomfortable in your heart, right? Hehehe!"

"I'm going to use this method to disgust you every day, I'm going to make you and your girlfriend both afraid to appear in public, I'm going to make sure that not a single day is a good day for you guys!"

Ji Feng's eyebrows furrowed slightly as he listened, undeniably, this method of the other party was indeed too vicious.

To be given a disgusting beating right out of the door, this might not cause any harm to the body, but the kind of mushy feeling in the heart was a headache.

If one were to encounter such things on a regular basis, then whoever it was, I'm afraid, would go mad.

"Aren't you afraid that I'll find you?" Ji Feng asked in a deep voice.

In his heart, he was quickly thinking, who was this person he was talking to and why did he hate himself so much?

At the very least, this person must have some spare money, otherwise, even if he wanted to hire someone to disgust himself, he could only stare in disbelief if he didn't have any money.

But if one had money alone, this range was still a bit too large, after all, there were quite a few people with whom one had problems, and on the contrary, there were very few who did not have money, so there was still no way to judge based on this alone.

“You can find me?” The person on the other end of the phone seemed to find it funny and couldn’t help but laugh out loud, “Ji Feng, you are somewhat capable, everyone knows that, but yet, you are not omnipotent, not everything you want to do can be done, if you can find me, then I will admit it.”

“Then we’ll see what happens!” Ji Feng said.

“Get in touch again!” The man said with a smile; “I believe you will feel my sincerity from time to time and will receive gifts from me .....

After saying that, the other party simply hung up the phone.

“Good job!” Ji Feng sighed in praise with a calm face.

And then, he quickly picked up another phone and put it to his ear, “Wang Xin, have you traced it yet?”

“It’s being traced, a range has been found, but it’s not precise yet, it’s currently being searched!” Wang Xin’s voice came over the phone.

Ji Feng frowned and asked, “My call with that person has ended, can we still find out?”

“I’ll do my best!” Wang Xin’s voice was slightly urgent, while crackling sounds were coming from the phone, it was obvious that she was doing her best to trace the call she had just made.

Ji Feng nodded his head and said, “Hard work.”

After closing the line, he raised his hand to look at this phone and couldn’t help but smile, “Do you really think I can’t find you?”

The phone that Ji Feng was holding was a copycat that could be found all over the market, just a few hundred dollars, nothing unusual.

However, this phone had a secret inside.

Ever since the last failed hunt for Little Prince, Ji Feng had realised that the battle team lacked a grind and a unified communication device.

Therefore, he took matters into his own hands and created a communication device specifically for the warriors of the battle group to use to communicate with each other. In the end, he hit some of the techniques he could normally use on a small integrated block, and with the experience of creating the illusory three-dimensional light curtain trigger, this time, the creation of a communication device could be considered a handy thing.

A small integrated block, attached to the mobile phone battery, is inconspicuous in the slightest, but the effect it can have is extremely amazing.

For example, this time, when Ji Feng just dialed Wang Xin’s phone, Wang Xin could clearly hear who Ji Feng was talking to and what the conversation was about.

Then, she would immediately start tracing the call.

Only, now that the call had been disconnected, with no signal, Ji Feng was still not sure if Wang Xin could trace the other party.

But what Ji Feng could do now was to wait patiently, there was no need to have half a doubt about Wang Xin's skills anymore, several operations had proven that she was extremely good, hopefully this time she could also create a miracle.

Ji Feng once again returned to the study room, in front of Tong Lei he did not show half a difference, only, his heart was secretly thinking, this guy in the dark, who could it be.

The other party's voice was unfamiliar, and Ji Feng thought that he should not know him, or at least, had not talked to him. For a voice that he had heard, it was impossible for Ji Feng to forget.

"It's really ....."

Ji Feng couldn't help but secretly shake his head, are these guys all handed over by one master, they all like to play this kind of trick, they don't dare to confront themselves face to face.

The guy hiding in the boundary tent was like this, the little grandson was like this, and now there's this one more guy!

Ji Feng noticed that there seemed to be something strange about this call, the other party did not say how he had offended him, nor did he mention why he was doing this, it was as if he had come to pick a fight for no reason at all, which was very different from the threatening calls in the past.

The guy who was hiding in the boundary tent had said something about threatening himself on the phone and had also said it was because of his son.

So, what was this guy doing because of?

The next step was to arrest him, and once he was caught, everything would come out.

However, if Wang Xin could not trace the other party, then Ji Feng was also unable to guess.

Buzz~~!

Wang Xin moved quickly, and after about five minutes or so, Ji Feng felt his mobile phone vibrating.

"Lei Lei, you stay here and read your book first, I'm going out for a while!" After greeting Tong Lei, Ji Feng went out of the study room again, and it was fortunate that most of the students in this study room were reading books, otherwise, Ji Feng's in and out would have been too noticeable.

"Wang Xin, what's up?" Coming outside, Ji Feng picked up the phone.

"Boss, I've locked on to a range, but I can't determine the other party's exact location because the signal is broken." Wang Xin said quickly, "According to the satellite map, the signal is emitted from a hotel, the location of that hotel is at ....."

"I got it!"

Ji Feng raised his hand to look at the time, and then quickly dialed Yi Xingchen's phone number: "Old Yi, you tell Liu Zejun and Guo Tao to contact Wang Xin immediately, she will tell them what to do!"

.....

Inside a room in a certain hotel, a young man threw his mobile phone onto the coffee table.

"Pop!"

He laughed heatedly, "Sister, how was my performance just now? I'm afraid Ji Feng was disgusted, haha ....."

In the room, there was also a very flamboyantly dressed woman sitting there, and if Ji Feng was here, he would have instantly recognized that this woman was no other than the Qianjin Miss of the Yanjing Zheng Family, Zheng Yuxiu, who had dealt with him more than once.

"Well done!"

Zheng Yuxiu nodded in satisfaction and said, "You stay in Jiangzhou for a while longer, just follow the same method as before, but remember, you have to change hotels every few days, don't get caught, did you hear me?"

"Sis, you're making Ji Feng sound too godly, aren't you?" The young man couldn't help but bristle, "No matter how powerful Ji Feng is, he's still human, not a god. If I don't go out in the hotel, he'll be able to find me?"

"Do you know how advanced technology is now?" Zheng Yuxiu said, "Maybe when you called, people found out about you!"

"I know there is a tracking method in this world called satellite tracking, however, to use the satellite for tracking, that needs special approval from above, moreover, every time I talk to him, I will control the time, I will definitely not let him have the chance to track me! You can rest assured!"

The young man said confidently, "Sister, don't worry, that bastard Ji Feng killed brother-in-law, I will definitely help you take revenge for this!"

"Very good! Sister usually doesn't love you for nothing!" Zheng Yuxiu nodded in satisfaction, a haze flashed across her pretty face, "This time, I'll make Ji Feng and his girlfriend, live in constant panic, if there's a chance, I want him to taste what it's really like to have his other half killed!"

"Sister, if you want me to say so, even if there's a chance, let's not get Ji Feng's girlfriend killed first!" The young man's eyes glowed with a strange light, "I heard that both of Ji Feng's girlfriends are very pretty, but if such a pretty girlfriend is gotten by another man, hehehe ....."

Zheng Yuxiu nodded and said in a hateful voice, "As long as you have the opportunity, do whatever you want! However, the premise is that you can't expose yourself, otherwise, that brute Ji Feng will definitely retaliate wildly, and by then even the family will be implicated, understand?"

"Don't worry sis, I know what to do!" The young man nodded his head excitedly.

"Ding ....."

Just at that moment, the bell suddenly rang loudly outside.

The duo's faces instantly changed and Zheng Yuxiu asked, "What is this sound?"

"It seems to be a ..... fire alarm?"

Chapter 1417

Time went back to half an hour ago.

Wang Xin used the shortest time to lock the range of the other party's mobile phone signal transmission, which was inside a hotel in Jiangzhou. This also meant that the person Ji Feng had spoken to earlier was in Jiangzhou.

Without a doubt, Ji Feng wanted to find out this shady fellow.

Just based on what the other party said, Ji Feng had to uncover him as well.

Otherwise, in the future, if you meet a random stranger, you will have to guard against whether the other party is here to pick a fight, whether he or she is deliberately here to disgust people, and even, you will have to guard against whether the other party will be against you, which is indeed a headache.

But Ji Feng's worry is not only this, he is more worried that since the other party can invite someone to disgust him, will he find someone to deal with Tong Lei and Xiao Yuxuan?

As the guy said, a girl who is disgusted by someone for no reason will not be happy in her heart, right?

Especially if the person who came to pick a fight deliberately said something unpleasant, I believe that with Tong Lei's cold personality, her heart would be very uncomfortable, and Xiao Yuxuan would definitely not be comfortable either.

The price of a thousand dollars to find two punks to do this kind of thing is cheap and cost-effective, moreover, even if both Tong Lei and Xiao Yuxuan have bodyguards by their side, if someone comes to cause trouble Han Zhen and Xiao Ying will arrest them all, but what can that do?

It's just a matter of speaking out against them, it's not like they're going to kill them, right?

Even if the police are called, the most that can be done is to detain them for a few days, and then they can only be released. Those punks have not committed much crime, at most they are just hooligans .....

So, the guy hiding in the shadows must be caught!

The man in the shadows must be found.

In any case, the person must be found.

Therefore, Ji Feng immediately informed Yi Xingchen and had Liu Zejun and Guo Tao rush over to the address Wang Xin had mentioned, while he himself, after saying hello to Tong Lei, rushed there with the white spider.

But before he left, because he was worried that someone would come over to pick a fight while he was away again, Ji Feng explained to Han Zhen: "Han Zhen, if you encounter this situation again next time

and someone comes specifically to pick a fight, don't ask so many questions, first break the leg and throw it aside, I'll take care of the rest, do you hear me?"

"Yes!"

Han Zhen answered.

Ji Feng then nodded in satisfaction, he was still at ease with Han Zhen's work, this girl didn't talk much, moreover, she hadn't done anything out of the ordinary from the beginning to the end, even when the white spider was in close contact with Xiang Yongzhan, Han Zhen was unaware of it.

Of course, now that all of this has passed, Ji Feng is also reluctant to bring up that incident at the beginning.

The address that Wang Xin mentioned was not too far from Union University, and it would take less than half an hour to reach it by car.

When Ji Feng arrived near that hotel, Guo Tao and Liu Zejun had also arrived.

"Boss!"

"Liu Zejun, Guo Tao, I've asked you two to come over because I need you two to help me with something."

"Boss, you say."

"We will do our best!" Guo Tao said.

Looking at the calm Liu Zejun and Guo Tao, Ji Feng was satisfied, he pointed to the hotel across the road and said, "I received a threatening phone call, Wang Xin confirmed that the person who called was inside this hotel, but that was almost half an hour ago, it's not easy to say if the other party is still here now. I mean, do you two have any way of getting the person out in the hotel?"

"In which room?" Guo Tao immediately asked.

".....," Ji Feng couldn't help but laugh, "If I knew which room it was in, I would have just rushed up there, why would I need to ask you guys to come?"

"This ....." Liu Zejun and Guo Tao looked at each other and both couldn't help but frown slightly.

"The other party is calling from a mobile phone, not a landline." Ji Feng said, "But what is certain is that the other party was in this hotel when the call was made! So, think of something, how can we line up the guests inside the hotel and find out the guy hiding inside!"

"Boss, isn't it a bit difficult for us to just venture in and find someone like this?" Guo Tao said, "Not to mention whether this hotel will allow us to harass their guests, just this big hotel, there are so many guests coming in and out, even if we check them one by one, it's impossible to find out the person in a short time."

"If you want to enter the hotel to investigate, this is very simple, impersonate someone from the cleaning company, find a random reason, say it's to disinfect, exterminate insects, this can all be done."

Liu Zejun said, "However, it's still this problem that Guo Tao said, there are too many rooms in the hotel and too many guests, it's hard to line up."

"That's right!"

Ji Feng nodded, what Liu Zejun and Guo Tao said were all objective problems, moreover, it was not even clear whether the person who called was still in the hotel or not, so the chances of finding someone this time were somewhat slim.

"No matter how difficult it is, we must find it, and we must find it too!" Ji Feng said forcefully, "As long as he is still in Jiangzhou, we must find the person even if we dig the ground!"

"That ....."

Liu Zejun and Guo Tao glanced at each other and nodded at the same time.

"Boss, the two of us will go up first posing as the cleaning company, but two people definitely won't do, we need to call the captain and the others, this is also safer." Guo Tao suggested.

"No need to call them for now!" Ji Feng said, "I'll go up with you guys, I remember that guy's voice, as long as I hear it again, I'll recognize it! White Spider, you keep watch outside, if you see anyone suspicious, knock them out and throw them into the car, don't care about the consequences, if there's any trouble, I'll be responsible for solving it when I come out!"

"Yes!"

White Spider answered.

"Then I'll go and get ready!" Liu Zejun said.

"Boss, go and scout around first." Guo Tao also said in a low voice.

They were all warriors, and at most, they could only suggest what to do, but it was Ji Feng who made the final decision. As long as Ji Feng decided, they would strictly enforce it, and try to do their best! Yes

Ji Feng then nodded his head and said in a deep voice, "When carrying out the mission, first of all, pay attention to safety."

"Yes!"

Liu Zejun and Guo Tao nodded their heads at the same time.

"Let's begin!" Ji Feng waved his hand, and the duo of Guo Tao and Liu Zejun immediately began to move.

The duo walked down the street, looking no different from ordinary people and not the least bit noticeable. Soon, they blended into the flow of traffic and people and disappeared.

"White Spider, you take care of your safety too." Ji Feng admonished.

Since the other party dared to talk to him, I believe they must have prepared for it, so safety must come first.

And then, Ji Feng also walked towards that hotel.

Ten minutes later, Ji Feng met up with Liu Zejun and Guo Tao at the back of the hotel.

Liu Zejun's hand was holding a Hoover in general, and three sets of sky blue overalls with the name of a certain cleaning company written on the back of the clothes.

"This was found in the hotel's utility room, this should be the work clothes of the cleaning company responsible for this hotel." Liu Zejun said.

Guo Tao continued, "Boss, I have scouted, the hotel has a total of seven floors, two stairways, four lifts, of which the first to fifth floors are guest rooms, the sixth and seventh floors are offices and staff quarters respectively, the basement is a warehouse, the kitchen is at the back, of which there are two emergency escape exits, and the stairs on each floor are opposite a window ....."

At this time, the duo's abilities came to the fore. In just ten minutes, Liu Zejun accurately found the hotel's utility room and got his work clothes, while Guo Tao even mapped out the hotel's interior, and, they didn't alert anyone!

"Change into your overalls and let's go up!" Ji Feng said.

The three of them immediately changed into the cleaning company's overalls and went in through the window on the first floor of the hotel.

"Check the guest rooms first!" Ji Feng said.

The three of them pretended to be staff of the cleaning company and immediately took action, starting from the hotel's guest room department.

However, in just under ten minutes, Ji Feng found out that this method was somewhat unworkable.

They didn't know which rooms had guests in them and which didn't. Of course, this was the second thing, but the key was that even if there were guests in the rooms, when they knocked on the door, claiming to be the staff of the cleaning company and came to disinfect and clean the rooms, they were met with a cold reception.

There were a few rooms where the guests were not even allowed to enter the door and just politely thanked them.

"Sorry, our room doesn't need cleaning at the moment, please don't disturb us, thank you!" This was still a relatively polite refusal.

Some of the guests, on the other hand, spoke nonchalantly: "Get lost! What bullshit cleaning company, don't bother Laozi!"

Ji Feng stood in front of the door and could only shake his head helplessly.

If he forced open the room door, he would definitely alert the hotel side, while he activated the bio-current and his gaze penetrated the door, but he couldn't see what was going on in the suite.

So, pretending to be an employee of the cleaning company to line up the room, this proved to be unworkable after some guests responded in a rude manner.

“Boss, should we forcefully break the door?” Liu Zejun asked in a deep voice.

Ji Feng shook his head: “No, now the other party should not know that we have found this place, we can’t startle the snake ..... like this, let’s go down first and think of another way, it really doesn’t work .....

If it really doesn’t work, Ji Feng will use the power of the police to invite all the hotel guests out and forcibly conduct a search.

..... If that guy is still in this hotel, he will definitely be able to find out!

The three of them re-entered the road opposite the hotel, and the white spider immediately greeted them: “Ji Shao, how is it?”

Ji Feng shook his head and gave a brief account of the situation inside.

“It seems that we can only use the power of the police!” Ji Feng mused, should he call Zheng Yuanshan or would it be more appropriate to call Xiang Yongzhan?

“Young Ji, I do have an idea, but only if you are sure you can hear that person’s voice!” White Spider suddenly said.

“What solution?” Ji Feng immediately asked.

Chapter 1418

“Young Ji, I do have an idea, but only if you are sure you can hear that person’s voice!” White Spider suddenly said.

“What solution?” Ji Feng immediately asked.

“Create chaos and force everyone in the room to come out!” White Spider said.

Ji Feng’s eyes lit up, “Say something specific!”

“Yes!”

White Spider nodded and said, “When I was working in the past, many times I was able to strike at targets in public places like hotels or clubs, but the targets I was trying to assassinate were often very vigilant or had a lot of guards around them, and it was usually impossible to get close to them, even for their food and drinks and other services, there were people in charge of them.”

“So you created chaos to distract those guards?” Ji Feng asked.

He knew that the previous job that White Spider was talking about was actually when she used to work as an assassin, killing people, that was her job.

“That’s right. Once confusion is created, then even if the target’s vigilance is high, there will be a break, and that’s an opportunity!” White Spider said, “The situation now might be a little easier than when I was on the mission, because the other side doesn’t know that we’ve found our way here, and besides, the other side might not have that many guards around, and the defenses won’t be that tight!”

“Then what do you think, how should we act?” Ji Feng asked.

Guo Tao and Liu Zejun also both looked at the White Spider, if they were battle-hardened and experienced when it came to fighting within a small area, then when it came to operations like assassination, the White Spider was the expert.

“As far as I know, with the security in China, there are two easiest ways to be able to create chaos.” White Spider said, “The first one, is to report a false police report, saying that there are bombs, viruses, and ten evil desperadoes in the hotel ..... Anyway, the more horrible the story, the better, as soon as the news gets out, the guests in the hotel will definitely come out!”

“Report to the false police .....,” Ji Feng pondered for a moment and did not make a decision immediately, but asked, “What about the second method?”

“The second one, ring the fire alarm inside the hotel, once the fire alarm goes off, all the guests will come out, at this time, if we block all the other exits and leave only one exit, all the guests will only be able to escape from this only exit ..... Young Ji, the next one is up to you, as long as the the other party is still in the hotel, as long as you can hear each other’s voices, then you can definitely catch them!”

“Good!”

Ji Feng fistted his palms together and said, “The second method is the best, just follow this method! Liu Zejun, Guo Tao, you two, immediately find a way to lock all the emergency escape exits of the hotel, White Spider, you go and ring the alarm bell, and when you receive news from Guo Tao and the others, ring it immediately. I’ll go to the hotel lobby!”

“Yes!”

The three of them immediately nodded their heads in agreement.

.....

Having decided on a plan, several people acted swiftly.

When she received the message from Guo Tao, White Spider, who had already entered the hotel, chose a dead corner where the cameras could not capture, and then, she cracked the outer cover of the alarm bell .....

Ding Ding Ding .....

The urgent fire alarm bell immediately spread throughout the building, the alarm bells in the hotel were all linked to each other, as long as one alarm rang, the alarms on the other floors would follow, so after a few seconds, the whole hotel was abuzz.

Bang bang bang .....

A series of vigorous door opening sounds, followed by the shrieks of guests, mingled with the panicked footsteps of fleeing, all of whom began to run downstairs as if for their lives.

“Is this the ..... fire alarm bell?”

“Hurry up and pack up your important things and get out!”

And at that moment, Zheng Yuxiu, who was in the hotel room, and the young man, also heard the alarm bell, they looked at each other, and immediately, the two of them panicked.

“Damn it, where is the fire?” The young man cursed angrily as he gathered his wallet and luggage.

“Cut the crap, hurry up and leave, don’t get stuck here!” Zheng Yuxiu exclaimed.

“It’s still fucking evil!” The young man cursed, “We just disgusted Ji Feng and now the hotel is on fire, damn it is Ji Feng disgusted to death by us and turned into a ghost to curse us?”

“If he is disgusted to death, I can turn into a ghost!” Zheng Yuxiu sneered.

“Ugh! Hurry up and go!” The young man said helplessly.

They also knew that Ji Feng was not going to die that easily? What’s more, they had never heard of anyone being disgusted to death either, only scared to death, and now they were scared to death .....

“Ah .....

“Run, there’s a fire!”

“Take the escape route, don’t take the lift .....

Zheng Yuxiu and the two of them had just gone out, when they saw the corridor in chaos, a shrieking sound, each of the guests looked panic-stricken, as if they were running around like headless flies.

At this time, some steady guests were shouting and teaching others about escape.

As if they had a backbone, they all followed the steady guests and ran towards the staircase.

But the fact that they could afford to stay in a hotel only meant that these people had money, but it did not mean that their quality was also proportional to their wealth; in fact, the quality of the country’s people had been left far behind money.

Therefore, after the few stable guests shouted that they wanted to escape by the stairs, even though there were quite a few people following them, there were still many people who rushed straight through, all wanting to go downstairs first, for fear of being burned to death if they ran last!

The large group of escapees was instantly scattered, and those who ran ahead of them simply ignored the guests behind them and tried to get downstairs first.

However, when they reached the stairway, they found that the door to the stairway was actually closed.

“Try pushing hard, or pulling a few times, the doors to the escape routes are usually just closed, not locked!” Someone else was shouting from behind.

“Bullshit! This door is just locked!” A man at the entrance to the stairs cursed angrily.

Several other people also either pushed or pulled, but the door at the entrance of that staircase just wouldn’t open.

“Go to the lobby! Go out through the lobby!” A few calm people said loudly.

Hooray!

Those people instantly turned around and ran towards another staircase, the internal staircase that led to the lobby, the line still in disarray .....

The same scene was being played out on every floor, and if there had been a camera, it would have captured the most spectacular footage of the escape, far more frantic than in some Hollywood disaster movie, where there was no order whatsoever.

The lobby on the ground floor was also in chaos, with guests rushing down from time to time shouting and swearing, asking where the fire was.

However, the hotel staff in the lobby, they also do not know where the fire is, so they can only comfort the angry guests, while rushing to call the fire police, and at the same time to report the situation to the leaders .....

This is a complete mess!

Ji Feng was in the lobby, he chose an inconspicuous corner to ensure that the camera would not capture him, but also to make it easy to observe the location, and then he closely watched the guests running down from the upper floors.

The first group of people running down almost all spoke, some were shouting and ranting angrily at the hotel staff, but Ji Feng could be sure that there was no one he was looking for in there.

The second batch, no.

The third batch ..... was still not there.

The more people gathered in the hotel lobby, Ji Feng's brow gradually wrinkled, running down several batches of people in a row, still no one he was looking for.

Could it be that ..... the other party is no longer in this hotel?

Just at this time, Ji Feng saw that the white spider also pretended to be a fleeing person and rushed down from the upper floor. And the location she chose was also very hidden, she mixed in with those fleeing people, head down, just looking at her feet, but avoided the cameras from capturing her face.

And then, the white spider smoothly arrived in front of Ji Feng.

"Young Ji, have you found it?"

Ji Feng shook his head, "Not yet, I guess the other party hasn't already left ....."

"\*\*\*\*\* , what kind of bullshit hotel is this, Laozi has just stayed here for two days, and such a thing happened, how did you guys run this hotel?"

"That's right, it's not scary enough, check out! Check out!"

"We still have a lot of luggage in the room, if it gets burnt, your hotel will have to pay for it ten times over!"

"Compensation! Compensation!"

.....

The noise in the lobby was getting louder and louder, making it impossible for Ji Feng and White Spider's conversation to continue, yet at this moment, Ji Feng's gaze was steeply blazing.

This was because he heard a very familiar voice, very much like the guy he had spoken to before. Ji Feng's gaze immediately looked over and instantly found that it was a young man in his twenties, all dressed in a designer label, but his face was somewhat pale and seemed to be scared.

Swish!

Ji Feng's eyes snapped shut, and beside that young man, he saw another person.

Ji Feng's gaze locked onto a woman's body, and a cold light flashed in his eyes, and he couldn't help but coldly snort, "So it's you!"

Zheng Yuxiu!

That woman was no other than Wu Zhihe's fiancée, Zheng Yuxiu!

Looking at the distance between Zheng Yuxiu and that young man standing, as well as their demeanor towards each other, in a flash, he understood everything.

This young man, was in cahoots with Zheng Yuxiu!

In other words, this young man's behaviour was probably at the behest of Zheng Yuxiu.

Because Ji Feng could be sure that he did not know this young man and had never heard his voice before, it was obvious that there was not a high probability that the two of them had a problem with each other.

However, between him and Zheng Yuxiu, that's a really big problem.

The relationship between Ji Feng and Zheng Yuxiu could not be described as mortal enemies! The first thing you need to do is to take a look at the actual situation.

This woman, she would definitely do it!

Chapter 1419

"Young Ji, what's wrong?" White Spider, who was beside Ji Feng, was the first to notice the change in his expression and couldn't help but ask. Whirling around, she seemed to suddenly remember something and immediately asked, "Has the target been found?"

As she spoke, the white spider followed Ji Feng's gaze and immediately saw Zheng Yuxiu, and she could not help but change her face slightly, "Young Ji, is that her?"

When she was in Southern Guangdong, Zheng Yuxiu had arrogantly barged into the Rongpeng Group and pointed at Rongpeng and Ji Feng's noses, flaunting her authority, at that time, Bai Spider already had a deep understanding of her.

When she saw Zheng Yuxiu now, she naturally didn't have a good feeling about her.

But yet, it was precisely this that made the white spider wonder if Zheng Yuxiu was the person they were looking for.

The fact is that the person you are looking for is the one you are looking for, so you can't tell if it is because you are the one you are looking for that you have changed your expression.

Or was it because .....

The fact that Ji Feng's heart was disgusted after seeing Zheng Yuxiu is why his complexion changed.

If it wasn't impossible to be sure, I'm afraid the white spider would have acted at this moment.

"White spider, don't move yet." Ji Feng faintly shook his head and said, "The target is too obvious in here. Also, did you notice that young man beside Zheng Yuxiu, the one with the white face ..... I'm looking for is him, I believe this matter is also inseparable from Zheng Yuxiu!"

"Then what do we do?" White Spider asked in a low voice.

Ji Feng pondered for a moment and said, "This way, you come with me, we'll blend in with them, then take advantage of the chaos to restrain them and take them out of the hotel ..... The action must not be too big, don't attract others' attention!"

"Yes!" White Spider nodded.

"Let's go over there!" Ji Feng said without moving a muscle, and then the two of them squeezed through the crowd together.

Luckily, the guests in the hotel lobby were all in a state of agitation right now, some were still cursing angrily, while others were dancing around with their hands saying something unknown, probably complaining about the poor quality of the hotel's service and complaining about their bad luck that they had encountered such a thing right after staying in the hotel.

..... With their help, Ji Feng and White Spider's actions were completely covered up!

"Sister, what should we do?" The young man beside Zheng Yuxiu asked.

Zheng Yuxiu, however, had her eyebrows furrowed and thought quickly for a moment before she said, "Let's stay here and not move, we can't draw attention to ourselves!"

There were quite a few people in Jiangzhou who knew themselves, and the fire in the hotel would definitely alert the police, or at least, the police would intervene in the investigation to see whether it was an accidental fire, or whether someone had deliberately set it.

Then, while investigating the cause of the accident, someone will definitely come to count the property losses of the guests. By then, in case it is noticed that he has also come to Jiangzhou, and then it reaches Ji Feng's ears, no one can guarantee that the treacherous and ghost-like Ji Feng will not suspect him.

The actual fact is that you can't be sure that you're going to be able to get a lot of money for your own business.

In fact, if you want Zheng Yuxiu to fight for her life, she would never dare to do so.

The first thing you need to do is to get a chance to die with Ji Feng, and Zheng Yuxiu would be the first to turn around and run.

She hated Ji Feng and was even more afraid of him.

And more importantly, Zheng Yuxiu had never wanted to really fight with Ji Feng, she lived a more careful life than anyone else, and enjoyment was her true preference.

Now that she is saying that she wants to avenge Wu Zhihe, it is only because of her heart's resentment that she is using some tactics to find trouble for Ji Feng so that her heart can be more or less relieved.

It was really because, in Zheng Yuxiu's eyes, this person Ji Feng was really too odious!

The fact is that Zheng Yuxiu had spent so much effort and means, so much energy, and even went so far as to turn against her own relatives to snatch Wu Zhihe from Rong Suyan's hands.

What she was after was the power of Wu Zhihe, the power of the Wu family, and the astronomical money of the Rong Peng Group!

With power and money, that was the only way to really enjoy it, to do whatever she wanted.

However, all of this was single-handedly destroyed by Ji Feng!

Wu Zhihe was actually scared to death by Ji Feng, which was too humiliating to say out loud, but no matter what, Wu Zhihe's death brought great trouble to Zheng Yuxiu, and her original plans and fantasies were shattered at once.

The elders in the family had looked up to her, but now their attitudes have changed, and the cousins and sisters treat her like a joke!

How could Zheng Yuxiu not feel hatred in her heart?

Hate and fear at the same time!

This is what Zheng Yuxiu really thinks and feels about Ji Feng, so when he mentions Ji Feng, Zheng Yuxiu both gnashes his teeth and trembles in his heart.

Therefore, even if it was just a fire in the hotel now, Zheng Yuxiu was afraid that she would be discovered by Ji Feng here.

This shows what kind of mentality this woman really has!

"What the hell is your hotel up to? How is such a big hotel managed!"

"How come the firefighting hasn't arrived yet? What kind of efficiency is this!"

.....

The hugging and complaining in the lobby was so loud that the noise filled one's eardrums and even if one was talking face to face, one had to speak loudly to be heard clearly.

This just masked the actions of Ji Feng and the White Spider.

The two of them came behind Zheng Yuxiu and the young man, and Ji Feng made a gesture to Bai Spider, that meant, you take charge of Zheng Yuxiu, I'll take charge of this young man, watch my gesture and start moving!

Bai Spider nodded unnoticeably while glancing at the camera above, she was reminding Ji Feng not to be caught on camera and to try to avoid the camera when arresting people.

Ji Feng made an 'OK' gesture, and then, his hand suddenly rested on the young man's shoulder.

"Who is it, watch out!" The young man snarled as he grumpily knocked Ji Feng's hand away.

"Everyone hurry up and get out, this place might be on fire too!" Ji Feng shouted in unbelievable panic behind that young man.

Swish!

When Zheng Yuxiu heard this voice, all of a sudden, she felt that all the sounds around her suddenly disappeared cleanly, except for this voice, which was so familiar that her body couldn't help but stiffen violently.

She remembered who the owner of this voice was, and with a jerk, she turned her head and instantly saw the familiar face, at this moment, this person's face still had a faint smile on it, but looking at Zheng Yuxiu's eyes, it was so terrifying.

"You ....."

Zheng Yuxiu was instantly appalled, and his eyes steeply widened, filled with a look of shock and horror.

Snap!

A white palm rested on Zheng Yuxiu's neck, and before she could even utter a word, her entire body rolled over with both eyes and fainted.

The two of them were leaning together, and it was impossible to tell from the side, as if they were very intimate and could not see anything different.

And at this time, Ji Feng shouted again, "Run!"

At the same time, he ruthlessly threw a fist at the young man's rear waist, and the latter's two eyes instantly widened and his face turned red, obviously in extreme pain.

An odd sound even came out of his throat, that was he wanted to scream but couldn't, and finally his body went limp and he fainted.

Ji Feng held him up while he began to stride out and run: "The fire from above is burning down, everyone run!"

Clatter~~!

As soon as they heard that the fire was about to burn over, at once, no one complained anymore, they all immediately frantically scurried out, some of them even hated their parents for not having two legs, they were almost crowding their heads!

Ji Feng and the white spider walked side by side, they were sandwiched in this crazy crowd, they barely even had to exert any effort, they were pushed out of the hotel.

“Get in the car immediately!” Ji Feng and Bai Spider each held one of them and quickly made their way to the side of the road, where his car was parked, and where an SUV driven by Liu Zejun and Guo Tao was, likewise.

Zheng Yuxiu was thrown into Ji Feng’s BMW X6 by the white spider, while the young man who was with Zheng Yuxiu was thrown into the off-road car driven by Guo Tao.

“Boss, where are we going?” Liu Zejun and Guo Tao had already been waiting here, ready to pick up Ji Feng, and when they saw that Ji Feng and the white spider were safely out, they immediately helped to tie the man up and put him in the car.

“We’ll lead the way, you guys can just follow behind!”

The two cars, in the confusion just silently left the confines of the hotel, the people in the hotel were busy running for their lives, the people on the road were busy watching, no one noticed that there were two cars driving away.

.....

“Slap!”

A slap slapped Zheng Yuxiu on the face.

“Well .....” Zheng Yuxiu’s face twisted in pain, and a slurred sound came out of his mouth as he slowly opened his eyes.

The first thing I saw was a beautiful face, even if Zheng Yuxiu thought she was pretty enough, but in front of this face, she still unconsciously had a feeling of being ashamed of herself.

The company’s main business is to provide a wide range of products and services to its customers.

For the people around Ji Feng, Zheng Yuxiu had known them all by heart.

She was suddenly startled, she seemed to have seen Ji Feng in the hotel itself, and now she saw this woman .....

Zheng Yuxiu was scared to death and was about to sit up in a panic, but as soon as she moved, she felt a sharp burst of pain coming from her body, and she fell down again in a flash.

“Hu~hu~~” Zheng Yuxiu gasped sharply, her heart was even more terrified, trembling voice: “This, what is this place?”

Chapter 1420

“Phew~phew~~” Zheng Yuxiu gasped sharply, her heart was even more terrified as she said in a trembling voice, “This, what is this place?”

But the white spider just gave her a cold look, turning a deaf ear to her question as if she hadn’t heard it.

Zheng Yuxiu became even more frightened as she tried to turn her head to look around her, but she found that she was unable to do anything other than speak and blink, not even to move her fingers.

Her heart pounded so violently that her face turned white and her lips trembled.

“Help her sit up!” A voice reached Zheng Yuxiu’s ears now, instantly causing her body to stiffen again.

It was Ji Feng's voice, and Zheng Yuxiu heard it right away.

She had really fallen into Ji Feng's hands!

Zheng Yuxiu was so scared that she wanted to cry, but the intense fear made her not even cry, she just had her body shake and was helped up by the white spider.

This time, Zheng Yuxiu finally saw clearly where she was.

It was a wilderness, with tall buildings in the distance and a wide, large road about a few hundred metres away on the other side, while she, in turn, was lying on the ground.

Zheng Yuxiu saw a few people, and Ji Feng was among them.

When she saw Ji Feng, her face changed in a swish, her whole face without a trace of blood, and her eyes were filled with intense fear.

"Ji, Ji Feng, how dare you do this to me?" Zheng Yuxiu tried to act calmly, but the fear in her heart still spread unchecked, causing her voice to tremble terribly as she spoke.

"Joke!"

When Ji Feng heard this, he couldn't help but snicker, "How dare I do this to you? Don't you feel blushing for asking this? Xu you have targeted me three times, am I not allowed to fight back?"

"You, you're talking nonsense, when did I target you? It's obvious that you are targeting me at every turn, and you killed Wu Zhihe, what kind of harm have you done to us? Now you're still not going to let us go?" Zheng Yuxiu's heart trembled and she shouted shrilly.

Now she couldn't admit that she was plotting against Ji Feng no matter what, otherwise, she really didn't know what Ji Feng would do to her. However, if she didn't admit it, forgive him for not daring to do anything to herself, no matter how bold Ji Feng was.

Although it is said that the law restrains ordinary people, however, in a situation of equal status, the law also works!

Just like now, if he was harmed by Ji Feng, when the time came, even if the Ji family could cover the sky with one hand, they would not be able to protect Ji Feng, because the Zheng family was not without a half-hearted fight back!

"Oh ..... "Seeing Zheng Yuxiu that is like a fighting chicken holding his head high, Ji Feng can't help but shake his head and laugh, "Zheng Yuxiu, you really have no reason to argue three points, ah, hard to be able to say that your own fault is someone else's fault, you this I'm really ashamed of myself for your kung fu of beating a rake backwards!"

"What I said was the truth!" Zheng Yuxiu shouted shrilly.

Seeing that Ji Feng wasn't too ruthless when talking to her, Zheng Yuxiu's guts couldn't help but get a little bigger as she shouted, "Ji Feng, you're breaking the law by arresting me now do you know that? Don't think that just because you're the TZ of the Ji family, you can do whatever you want, I'm telling you, if you don't let me go now, you'll have to bear all the consequences!"

“You’re crazy, aren’t you?” Ji Feng frowned at her.

“You ..... are the one who’s crazy!” Being looked at by Ji Feng’s stunned gaze, Zheng Yuxiu suddenly felt a sense of humiliation, and she instantly said angrily.

Ji Feng waved his hand and said, “All right! Don’t talk about these useless things, I think you really have reached the point of no return, it’s useless to talk about it ..... Just tell us about your plan! Apart from that little cousin of yours, who else have you ordered to task them to invite people to disgust me?”

“Ah?!”

Zheng Yuxiu’s heart stuttered at the question, and then she said in a shrill voice, “Ji Feng, you don’t have to accuse me, when did I ask someone to disgust you? You quickly let me go or else .....”

“All right!”

Ji Feng’s voice sank and interrupted her directly, “Where’s all this nonsense!”

“You .....” Zheng Yuxiu was horrified in her heart and looked at Ji Feng, stiffly not daring to say half a word more nonsense.

“Zheng Yuxiu, it seems that you still haven’t recognized the situation clearly!” Ji Feng said indifferently: “I tell you very clearly, that little cousin of yours, I have already interrogated, he also all truthfully explained, it is you, gave him a task, let him live in Jiangzhou for a long time, specifically looking for people to disgust me, and my girlfriend, and even, that animal has other ideas... ..”

When he said this, a cold light flashed in Ji Feng’s eyes.

After Zheng Yuxiu’s that cousin was caught, Ji Feng originally just wanted to interrogate him, but unexpectedly, that beast was actually wildly open, and even threatened Ji Feng to let him go immediately, otherwise, the Ji family couldn’t even protect him .....

The actual fact is that you can find a lot of people who are crazy, and he has seen a lot of them, so for these words that they say, Ji Feng can do it automatically.

However, the next words of that brute made Ji Feng’s killing heart rise.

The guy actually said shamelessly that he had arranged several people to specifically disgust Ji Feng, and if Ji Feng dared not let him go immediately, as long as he was rescued, when the time came, he would definitely send hooligans to disgust Ji Feng’s girlfriend, and even, he himself would personally go into battle .....

It was these words that enraged Ji Feng and reminded him of what those two sports team guys said to Tong Lei at school.

The next moment, Ji Feng injected a bio-current directly into the guy’s body, simulating it as a neurotoxin, and then began his interrogation. By now, the guy had become muddled and no longer had any semblance of spirit.

There was no difference between him and an idiot!

And, the kind of idiot that would never recover!

“Bring the man here!” Seeing Zheng Yuxiu’s deadly denial, Ji Feng turned back and waved his hand.

Liu Zejun and Guo Tao immediately carried a man down from the SUV in front of them, this man was Zheng Yuxiu’s cousin, now his eyes were blank, his energy was completely gone, he looked like he could still breathe, otherwise, he was no different from a dead man.

“You, what have you done to him?” Zheng Yuxiu’s eyes instantly widened and he asked in shock.

“Turned him into an idiot!” Ji Feng said indifferently, “Soon it will be your turn, the reason why I haven’t moved you yet is that I just want to talk to you again before you turn into an idiot!”

“Ji Feng, you, how dare you .....” Zheng Yuxiu was stunned, Ji Feng was actually so reckless, he really dared to lay his hands on her cousin!

“Why wouldn’t I dare?!” Ji Feng said in a deep voice, he coldly snorted, his tone returned to flat as he asked, “Zheng Yuxiu, let me ask you, apart from your cousin, who else have you arranged to deal with me?”

“I haven’t sent anyone to deal with you .....” ah .....”

SMACK!

Zheng Yuxiu’s stubborn resistance was rewarded with a fierce slap, the white spider could not hit a person with much less strength than a strong man, Zheng Yuxiu was immediately hit with a buzz in his head, almost did not faint.

“Who else?”

Ji Feng asked indifferently, “Zheng Yuxiu, don’t think of yourself as a person too much, you’re nothing in my eyes! So if you want to turn into an idiot a little earlier, I don’t mind. Even if you want to turn into a corpse, that’s fine!”

“.....” Zheng Yuxiu was really scared, and she looked at Ji Feng incomparably frightened, her face pale once again.

Originally she thought that Ji Feng didn’t dare to touch her, but now she realized that Ji Feng kept her because she might still be of some use, it wasn’t that Ji Feng didn’t have that kind of guts, in fact she was nothing!

“Not going to say?” Ji Feng asked.

“I’ll say it! I’ll say .....” Zheng Yuxiu was terrified, when she realized that Ji Feng could get her killed at any time, she no longer had the courage to be stubborn and her whole person immediately became much more honest.

Some people are like that, when they don’t see eye to eye with him, he always thinks that the other party has concerns in mind and doesn’t dare, but when he finds out that people can crush him to death with the slightest move of a finger, he immediately grovels, fawns and begs for mercy, all appear to him.

Under Ji Feng’s calm gaze, Zheng Yuxiu, however, was so frightened that her body was trembling, and she honestly explained her plan.

As expected, apart from this little cousin, Zheng Yuxiu had actually used the money she got from the Rongpeng Group to buy off a mercenary group outside the country, so that they could deal a fatal blow to Ji Feng and the people around him at the right time.

Only, that mercenary group had not come yet, and they were still waiting for news from Zheng Yuxiu.

In addition, Zheng Yuxiu also secretly contacted the Qiao family, only that the people of the Qiao family did not promise her, but only politely declined .....

The actual fact is that you can find a lot of people who have been in the business for a long time. What is the name of that mercenary group?"

"I ....." Zheng Yuxiu was slightly hesitant.

Ji Feng then pointed to the guy who had turned into an idiot, Zheng Yuxiu immediately winced and said in a panic: "It was big brother Wu ..... he said that some time ago a few foreign mercenaries were caught over in Southern Guangdong because they were illegally in possession of weapons, I listened and found a way to meet those few mercenaries and learned the contact information of that mercenary group from their mouths ....."

"What is the name of that mercenary group?" Ji Feng's face sank slightly as he thought of something.

"It's called the Green Anaconda Mercenary Regiment." Zheng Yuxiu said.

Just as she said just that name, Liu Zejun and Guo Tao behind her, both couldn't help but frown slightly.

"What about the payment method?" Ji Feng asked again, "How did you give them the money?"

"I paid via online transfer, paying the deposit first and then settling the final payment when the matter is completed ....." Zheng Yuxiu became more and more fearful as she spoke, and in the end, her voice was almost inaudible.
