

Campus Master 1421

Chapter 1421

“Do you have anything else to say?”

Looking at Zheng Yuxiu, whose face was terrified and whose body was constantly trembling, Ji Feng asked indifferently, “For example, what other plans do you have that you haven’t said, or, what plans do you know others have? For example, Wu Zhiyong?”

“No, nothing more,” Zheng Yuxiu was so frightened that he was already stuttering when he spoke.

“Hmm!”

Ji Feng nodded and said calmly, “Since you have nothing more to say, then let’s leave it at that!”

Saying that, he walked towards Zheng Yuxiu with big steps.

Zheng Yuxiu was immediately terrified, she screamed in shock: “No, don’t, Ji Feng, I beg, please bypass me let me go, I won’t dare again, oooh”

Under Ji Feng’s calm look, Zheng Yuxiu was really frightened, she wanted to escape, but her body was not able to move except for trembling, that kind of panic, people who have not experienced it first hand, can never understand it.

The first thing you need to do is to get rid of the problem.

But Ji Feng walked up to her with a firm pace, squatted down, looked at the terrified Zheng Yuxiu and said: “If I remember correctly, this is not the first time you have said this, at least, just to apologize, you seem to have apologized to me three times, or four times? I wonder if you still remember?”

Zheng Yuxiu, however, did not care what Ji Feng was saying, she was really frightened, what with all those thoughts in her head about revenge against Ji Feng, what with all those thoughts about hating Ji Feng to death and having all his girlfriends trashed had long since disappeared without a trace, and in its place, there was only a strong sense of panic.

“You, this person na, if just born in an ordinary family, perhaps can live a happier life, because at that time you have no ability to harm people even if you have a harmful heart.” Looking at Zheng Yuxiu, Ji Feng shook his head and sighed softly, “But now, you have money and power in your hands, if you want to harm people, it’s really too easy, you are a living time bomb that could blow others to pieces at any time!”

“Of course I myself am not afraid, not to mention you as a bomb, even if it is Wu Zhiyong that nuclear bomb, I am not afraid! Besides he’s not really a nuclear bomb, is he?” Ji Feng couldn’t help but shake his head and said, “But the people around me are afraid, and I’m also afraid that you’ll bring them harm, so”

“No, don’t, Ji Feng I beg you, as long as you let me go, I’ll stay in Yanjing for the rest of my life and never come out, I’ll go to Northern Shaanxi, I’ll go abroad as well” Zheng Yuxiu begged bitterly.

“If I hadn’t been there today, my girlfriend might have been seriously harassed, maybe even molested, something like that, I don’t want it to happen a second time.” Ji Feng said in a deep voice, “I don’t want, even more, to suddenly hear bad news about the people around me one day!”

“No, I definitely won’t deal with you again, please let me go!” Zheng Yuxiu begged in horror.

“If I let you go, it would be irresponsible to myself, because what you say is too untrustworthy, you’ve never been a person who forgets his scars, maybe if I let you go today, you can bring someone to kill me tomorrow!” Ji Feng shook his head firmly and said, “I rarely deal with women, you should be an exception!”

After saying that, Ji Feng’s hand reached towards Zheng Yuxiu.

“No – don’t ah -” Zheng Yuxiu shouted in horror.

But Ji Feng was not half hesitant, his palm pressed on Zheng Yuxiu’s head and a strong bio-current was injected.

“Well

Zheng Yuxiu’s body froze violently, and immediately afterwards, her entire body shook a few times, her eyes rolled over, and she passed out.

“You becoming an idiot should be a blessing for others, especially for those who have been scourged by you!” Looking at Zheng Yuxiu, who had passed out, Ji Feng said indifferently.

“Young Ji, what should we do next?” White Spider asked.

“No need to deal with it, clean all the traces on their bodies, then send them back to the hotel, make sure no one finds out!” Ji Feng instructed, “Also, Guo Tao, after sending the people back to the hotel, you can then sneak into his hotel’s surveillance room to take a look, make sure not to leave a trail!”

“Yes!”

Guo Tao nodded his head.

Looking at Zheng Yuxiu and her cousin who had turned into idiots on the ground, Ji Feng couldn’t help but shake his head and smile, “Why do I feel that now I’m like one of those big villains played in movies, those triad bosses in movies, or villainous big bosses, they all drag people into the wilderness to get them killed, and then dispose of them... ..Do you guys think I look like that?”

Liu Zejun was stunned, and luckily they all knew Ji Feng’s character, so after a slight stunned look, all three of them laughed.

“Get to work!” Ji Feng waved his hand with a smile, “Pay attention to cleaning up all the traces, don’t leave any trails, otherwise, we won’t be doing a thorough job as the bad guys!”

“Yes!”

Liu Zejun and Guo Tao laughed at the same time.

Soon, the two cars left the wilderness one after another. Ji Feng sat in the back of the car, silent for a long time, then suddenly asked, "White Spider, do you think, am I really becoming a big villain?"

"Why did young Ji say that?" Bai Spider asked in consternation.

"Isn't it? If you think about it, from the day I got well, from the day I woke up in the hospital in Mang Shi County, I'm afraid the number of people who have been injured or killed at my hands, or imprisoned, have been countless, I think even those great villains in movies may not have such a glorious record as mine, right?" Ji Feng said.

Thinking back carefully, it was really true.

From the time Ji Feng got the wise brain, first Xu Mo and his son planted themselves in his hands, and next, it was a spirited fight all the way, and the number of people who had fallen in front of Ji Feng was already unknown!

"Ever feel that I seem to have become even colder than before now?" Ji Feng asked again.

"Does young Ji want to hear the truth?" Bai Spider drove on and opened the overhead rear view mirror, she saw that Ji Feng had closed his eyes and seemed a little tired between his eyebrows, and she couldn't help but feel a little heartbroken.

This feeling made her blush a little, but she was indeed heartbroken.

"Of course I'm listening to the truth, if you tell lies too, then there's no point." Ji Feng said.

Bai Spider's face was slightly red, she didn't even know what she should say, her mind didn't know what she was thinking, it was blank, even to the extent that she didn't hear Ji Feng's words either.

"Bai Spider, what's wrong with you?" Ji Feng asked.

"Ah?!"

White Spider was slightly stunned, and then said, "No, nothing, I was just thinking about something."

"It's thinking about how to answer me, right?" Ji Feng laughed, "I was just asking casually, see how difficult it is for you."

"No, no, I just think there's something wrong with your statement!" White Spider shook her head in a panic.

"Oh? What's the problem?" Ji Feng asked.

"Young Ji, to be honest, I actually don't think you've done anything wrong."

White Spider said, "I'm not too sure about your previous affairs, let me just say that from the time I followed you until now, all these things you have experienced, from the beginning you should have never wanted to put others to death, but sometimes it was a matter of accidentally rushing together, sometimes, it was others who wanted your life and you had to fight back, anyway, as far as I remember, you seem to have never taken it upon yourself to deal with anyone who didn't have something to do with you!"

“And what does that mean?” Ji Feng shook his head and laughed, “Why would I want to deal with people who are not related to me?”

“But, those people who are related to you are either your friends or your enemies.” White Spider said, “For your enemies, if you don’t deal with them, then they will deal with you in turn, I don’t see anything wrong with that!”

Ji Feng’s eyes snapped open and his body shook, “What did you say?”

“Sh, what?”

White Spider was a little taken aback, “I mean, if you don’t kill others, others will kill you!”

Ji Feng couldn’t help but be silent, and after a moment, he asked again, “Then do you think that I’ve become more and more cold-hearted? For example, just now, how Zheng Yuxiu begged me, I didn’t even let her go, isn’t that a bit cruel?”

“I don’t think so!”

When I first started working as an assassin, I was too weak to hit my targets, and I missed the first few times. Then an old-timer in the assassin world told me that in fact, people who are assassins are cold but not unforgivable, because when you are up against your target, if you don’t kill him, he will kill you!”

“Young Ji, I think this is equally appropriate to apply to you. If you let your enemy go and leave a hidden problem behind, then maybe everyone around you will be dragged into it in the future, and at that time, I’m afraid you’ll feel even more guilty. Besides, as you go higher and higher, the enemies you face are becoming more and more powerful.” The white spider said, “At this time, you will have to use even more cruel means to deal with your enemies, otherwise, the one who loses will be you!”

“So I think that when it comes to this level, there is no more right or wrong, there is only losing and winning!” The White Spider said.

Yes!

If you don’t kill others, others are going to kill you, at this time, how do you choose?

The enemy is getting stronger and stronger, and the other party’s methods are getting colder and colder, at this time, if you don’t get even colder, how can you survive?

A sudden attack by a mercenary group, sniping from the political world, a secret hand from the private sector, and a secret tiger eye from the dynasty..... facing so many enemies, one can only become more ruthless!

If Zheng Yuxiu is spared, Ji Feng is almost certain that this woman will definitely retaliate!

After a moment of silence, Ji Feng looked deeply at the white spider and smiled, “White spider, thank you, after listening to you, my whole body suddenly relaxed!”

“That was originally the truth, it’s just that you might have thought too much about it, so you’re a little bit in the bull’s eye!” Bai Spider smiled sweetly.

Ji Feng laughed and didn’t say anything.

Perhaps it was the relief in his heart that made Ji Feng's whole body relax, leaning lopsidedly on the soft and comfortable backrest and gradually falling asleep.

White spider glanced at the rear view mirror, a flash of scarlet on her pretty face, her beautiful eyes with shyness, put the car speed more smoothly

Chapter 1422

More than an hour later, Ji Feng rejoined Liu Zejun and Guo Tao, who were now sitting in a very ordinary hotel box, just a kilometre or two away from the hotel where the incident took place.

"Are things all done?" Ji Feng asked.

"Mm!"

Guo Tao nodded and said in a low voice, "The person has been put in the room and no one has found out. Also, the tail has been cleaned up and no traces were left behind."

Doing this kind of thing Guo Tao and Liu Zejun were not considered experts, but they were definitely not strangers either, it was not a difficult task for them.

"That's good."

Ji Feng nodded and asked again, "By the way, do you know how the hotel side was handled?"

When he came back from the field, he passed by the entrance of that hotel, Ji Feng saw that calm had returned to the hotel and there were no more onlookers at the entrance, only a few police cars were parked at the entrance, so I guess someone had already found out that the fire in the hotel was actually just a false alarm and that there was no fire.

However, the specifics Ji Feng still wanted to find out, after all, there was so much chaos in the hotel at that time, so maybe something could have gone wrong.

"The police are investigating." Guo Tao said, "I also inquired, nothing went wrong, only a few guests twisted their feet because they were in a hurry to escape, but none of them were any big problems."

"The emergency exit doors were all opened too." Liu Zejun added from the side.

Only then did Ji Feng feel relieved, after all, his purpose was only to find out the guy hiding in the shadows and playing tricks on himself, it would not be good if he dragged other people down as a result. Now that he heard that there was no major problem, he was relieved.

"Let's eat, after working for so long, it's finally easy." Ji Feng laughed.

Guo Tao and Liu Zejun were not polite either, and swept the dishes on the table, this was also their habit, in fact, being a mercenary had something in common with the regular army in many places, such as eating very quickly, because no one knew what would happen in the next moment, and one had to keep plenty of energy at all times.

The fact that Xiang Yongzhan was from a wealthy family, he was no better when he ate, and Ji Feng had seen it all before.

It was the white spider who was more or less reserved when eating, basically just eating the plate of shredded fish and meat in front of her, and the amount of food was not very big.

Soon, Guo Tao and the two of them ended their fight, wiping their mouths, Guo Tao said in a low voice, "Boss, there's a problem I don't quite understand."

"What?" Ji Feng asked.

"Since those two people have become idiots, then why not throw them out into the wild and let them fend for themselves?" Guo Tao asked hesitantly, "Sending them back now will definitely attract the attention of the police"

Ji Feng smiled and nodded, saying, "Sending them back is definitely useful! Anyway, as long as you don't leave traces, the police won't be able to find out about us."

"Definitely didn't leave a trail!" Guo Tao said.

"Then there's no problem!" Ji Feng laughed.

"But" Guo Tao was slightly hesitant, "Ji Shao, there is one more thing that I feel the need to talk about."

"If you have anything to say, just say it, no need to stammer!" Ji Feng laughed: "This is not like your character, say it, what is going on!"

"Boss, it's like this, that woman said the name of a mercenary group today, right?" Guo Tao asked.

Ji Feng nodded and said, "That's right, it seems to be called something like Green Anaconda Mercenary Group."

Liu Zejun said, "That's the problem."

Ji Feng's face instantly straightened and asked, "What does that mean? Is this Green Anaconda mercenary group very originated? Or is there some other reason?"

"Boss, I remember that Boss Yi once said that you were suddenly attacked and killed before, and later after interrogation, it was learned that the other party was a mercenary and came from the Cobra Mercenary Group, is that right?" Guo Tao asked.

Ji Feng nodded, "That's right, it was the Cobra Mercenary Regiment."

"If I remember correctly, this green boa mercenary group, should be a branch of the Cobra Mercenary Group." Guo Tao said.

"What did you say?"

Ji Feng immediately frowned at his words, "A division? Could a mercenary group still be called by several names?"

"Boss you might not know too much about mercenary corps, actually it's like this, although mercenary corps are legalized in many countries outside the country, there are many countries that hate mercenary corps to the bone, such as some countries that are attacked by mercenary corps, some countries in

Africa and the Middle East are like that. There are many mercenary corps that join the civil wars in these countries or are hired by a certain leader to deal with their political enemies, so they make quite a lot of enemies.”

Guo Tao explained in a low voice, “Therefore, those forces that had suffered blows from the mercenary corps would naturally come down on them in secret. Moreover, the world of mercenaries is not so peaceful, the big mercenary groups want to eat up the smaller ones, and the smaller ones likewise want to take out the big ones, which is a shortcut to gaining fame and growing their own!”

Ji Feng nodded slightly, he understood all these situations in general, indeed, the life of mercenaries was very hard, not that their living conditions were hard, but they could be in danger at any time, and fighting was like a daily routine.

Except in the case of the mega-mercenary groups, which have very modern weapons and are so powerful that the average country would not dare to mess with them.

The lesser mercenary groups are at risk of enemy retaliation at any time, and those mercenaries have to keep one eye open even in their sleep, so that danger may come at any time.

This threat is not only from those countries and forces that have been attacked by them, but also from other mercenary groups.

“What does this have to do with the Cobra Mercenary Corps?” Ji Feng asked, “And that green boa mercenary group?!”

“In order to avoid a sudden blow and being completely wiped out, and of course to make it more convenient when carrying out missions, so many mercenary groups will have branches.” Guo Tao said, “Some mercenary corps would adopt different names when setting up branches, this is mainly to facilitate access to those hostile forces to carry out their missions.”

Ji Feng’s heart immediately stirred, “You mean this Green Boa mercenary group, and Cobra mercenary group are actually the same mercenary group? One of the two is a branch?”

“That’s right, the Green Anaconda Mercenary Group, is a branch of the Cobra Mercenary Group.” Guo Tao nodded and said, “Actually, the Cobra Mercenary Corps has many branches, and quite a few of them have another name, Green Boa is just one of them.”

“..... Understood! Everything is understood!”

Ji Feng nodded and sneered, “Before, there were people from the Cobra mercenary group to attack and kill me, and now there is the Green Boa mercenary group huh, really brilliant!”

Wu Zhiyong!

After listening to Guo Tao, Ji Feng immediately came to a realization.

The last time he was attacked and killed by the Cobra Mercenaries, it was absolutely inseparable from Wu Zhiyong. Although he had not found out who had hired the Cobra Mercenaries until now, Ji Feng was certain that it was Wu Zhiyong.

Even if it wasn't him, the person who hired the Cobra Mercenaries was at least very closely related to him!

Zheng Yuxiu knew the contact information of the Green Boa mercenary group from Wu Zhiyong, who revealed to her that something about a few people from the Green Boa mercenary group had been captured over in Southern Guangdong

The actual fact is that you can't get a lot of information about the actual situation.

What caught the green boa mercenary group's people that is all an excuse.

Wu Zhiyong is the mastermind of this matter, only Zheng Yuxiu that woman has no brain, was led by Wu Zhiyong step by step, spent money to hire the Green Boa mercenary group.

Ji Feng believed that the person who hired the Cobra Mercenaries to attack and kill himself the first time was, in all probability, Wu Zhiyong!

He could even be sure that it was Wu Zhiyong!

However, Ji Feng had not seen Wu Zhiyong hire the Cobra Mercenaries with his own eyes, nor had he heard him admit it himself, so he could not be 100% sure.

The actual fact is that you can't be sure that you're going to be able to get a lot more than just a few of these.

The fact is that the company's fiancée, Zheng Yuxiu, is also considered to be Wu Zhihe's fiancée. Now that Wu Zhihe's bones are not yet cold, Wu Zhiyong is actually using her to find a mercenary group to attack and kill himself

The viciousness of this person really makes people shudder!

The actual fact is that you will be able to get a lot more than just a few of these.

You know, Wu Zhihe is his own brother!

Now it's just Wu Zhihe's fiancée, so use it.

Perhaps for Wu Zhiyong, there is no one he can't take advantage of. From his behaviour, one can see that this man is absolutely vicious and cold.

"What a good Wu Zhiyong!" Ji Feng couldn't help but feel some chills in his heart.

I'm afraid that the most important things in life are family, friendship and love, while power and money are all secondary. However, Wu Zhiyong does not care about family love, as for friendship Ji Feng has not heard of Wu Zhiyong having any friends until now.

..... like him, dare to be friends with him, I'm afraid to be more sinister than him!

As for love, I don't know which woman is in over her head to follow him!

Ji Feng suddenly didn't have a bit of mental burden anymore.

Originally, Ji Feng still had more or less a lump in his heart about Bai Zheng Yuxiu turning into an idiot, but now he realized that when fighting with Wu Zhiyong, a slight softening of tactics could lead to ruin!

“Since you’re so eager to let me die, how can I not have a good time with you?”

Snap!

Ji Feng slapped his hand on the table not too lightly but not too heavily and secretly said, “I can be softer with others, but how can I not be heavy-handed with you? This is all taught to me by you!”

Chapter 1423

“This is a big deal

Jiangzhou Municipal Bureau, in the deputy director’s office, Zheng Yuanshan couldn’t help but shake his head with a bitter smile and rubbed his temples.

“This is putting the wool over my eyes!” Zheng Yuanshan shook his head and looked down at the stack of information on his desk again, unable to help but smile bitterly to himself.

If there were acquaintances present, they would definitely be shocked to find that Zheng Wonsan, who had always been calm and majestic, actually had a helpless expression on his face, which was very rare.

In fact, there are not many things that can make Zheng Yuanshan feel helpless, and this case at hand is one of them!

It all started at the beginning.

In the morning, someone in a hotel in Jiangzhou had falsely reported a fire, which was only a minor security case, so it was not necessary for him, the deputy director, to personally take action.

Inside a certain room, there was a man and a woman who seemed to be in trouble.

These two were full of blank faces and empty eyes, as if they were stupid..... looked like two idiots!

But obviously, fools don’t check into hotels on their own initiative.

The police officers in charge of the case were very keen to spot this suspicion, they then retrieved the check-in records in the hotel and found that the room was registered under the name of the young man, and according to the hotel receptionist’s recollection, they had not received any guests with intellectual problems.

The police immediately noticed that something was wrong and they immediately retrieved the hotel’s CCTV footage.

The CCTV footage showed that the two men were normal people when they checked in!

Moreover, there was no record of the two leaving the hotel in the footage afterwards.

This means that the two must have become like this in the hotel and they must have been in some kind of accident in the hotel.

Was it something to do with the false fire alarm?

Because this hotel is not low class, it is also a star hotel, and there are many guests staying here who are of high status, plus the previous incident of false fire report has made the police alert a lot higher.

What happened to these two people was treated as a special case and a case was eventually opened for investigation!

Naturally, through the identity cards of the two, their origins were found out.

One of them, the woman, was actually a member of the Zheng family in Yanjing.

The police officer in charge of the case knew that things were in trouble, this case was no longer something they could interfere with, or at least, they had to ask their superiors what to do.

The people above them understood better what the Zheng family was up to, and they could only continue to report it.

Eventually, the case fell into Zheng Yuanshan's hands, as the criminal investigation was under his control as deputy director.

When he heard the report from his men, Zheng Yuanshan's heart thumped. He had never thought that the one in trouble was actually Zheng Yuxiu, who was still Zheng Yuanshan's junior if we go by seniority!

They were relatives!

Of course, the kinship between them was already almost negligible, there was really nothing intimate about it.

But no matter what, Zheng Yuxiu was a member of the Zheng family, which made Zheng Yuanshan's mind quite torn as to what to do about this case.

Whether or not the results are found, I'm afraid the Zheng family will be even more displeased with him because Zheng Yuxiu was killed in Jiangzhou, in his Zheng Yuanshan's territory.

The Zheng family will not consider whether Zheng Yuanshan wants something to happen to Zheng Yuxiu, but anyway, something has happened to Zheng Yuxiu!

Zheng Yuanshan knew all about the Zheng family's unreasonableness!

But this is not the most important thing, the Zheng family's unreasonable people can't do anything to Zheng Yuanshan, at most, they will give him a headache and make him a scold.

What matters is the state that Zheng Yuxiu and her cousin have shown!

Based on careful consideration, Zheng Yuanshan personally went to the hospital to visit Zheng Yuxiu and her cousin, and when he saw their dazed appearance, his heart stuttered.

Zheng Yuanshan's scalp tingled a little!

How could the two Zheng Yuxiu look so familiar?

Zheng Yuanshan's heart was sinking, and he suddenly remembered exactly where he had seen people in this state

It was in the Jiangzhou military district!

The city bureau was going to organize a big military training, borrowed a field in the Jiangzhou military district, and Zheng Yuanshan and Xiang Yongzhan are also considered familiar with each other, just take this opportunity to contact with Xiang Yongzhan, after all, no one knows if they will use others in the future, it is always right to make more friends.

The two of them were sitting together, and they had the opportunity to get to know each other.

In this way, the two of them sat together, drinking and chatting to bond.

As they had been in contact before over the handing over of prisoners, they talked about this aspect during the casual conversation.

Xiang Yongzhan then talked about Ji Feng's tactics that could easily turn people into demented Zheng Yuanshan suddenly remembered that he had seen such a person once before when he was helping Ji Feng clean up the mess. That seemed to be at night, when Ji Feng had a fierce battle with someone on the road, and, it seemed that the warriors under Ji Feng were out

And then, Zheng Yuanshan also associated with, before Qiao Rong and a few of the people she brought, it seems to have also appeared this problem at that time those people look like, is not now Zheng Yuxiu duo like this!

..... At once, Zheng Yuanshan understood everything!

The reason for this is that it is not a problem, but it is not a problem.

The reason why Zheng Yuxiu and the two of them had become so demented was most likely the handiwork of Ji Feng!

Immediately afterwards, Zheng Yuanshan investigated Zheng Yuxiu's whereabouts, including their phone records, as well as the video surveillance at various intersections, especially the surveillance footage at various intersections around the hotel during the period when someone falsely reported the fire.

Zheng Yuanshan specifically looked for Ji Feng's car, or a car related to Ji Feng!

As expected, he soon found the BMW X6 of Ji Feng.

At this moment, Zheng Yuanshan laughed bitterly, or bitterly.

"It's really Ji Feng's doing!" Zheng Yuanshan confirmed his suspicions, but he was not happy at all, what could he do if it was confirmed?

Knowing that Ji Feng did it, then to arrest, or not to arrest?

To arrest someone, there was no evidence at all.

From Zheng Yuxiu's body, no traces could be found, not even fingerprints, no subtle clues, and the same was true for her cousin's body.

Speculation alone would not do!

More importantly, why would Ji Feng do this? What exactly had happened in between?

Also, since Ji Feng had already done this to Zheng Yuxiu and the two of them, why didn't he do it more thoroughly and leave such a tail behind so that he could speculate that he did it?

After much hesitation, Zheng Yuansan still picked up the phone, found Ji Feng's number and dialed it.

.....

At this moment, Ji Feng was sitting cross-legged on the bed in his bedroom, his hands on both knees, his upper body straight and his eyes slightly closed.

He was stimulating the bio-current, running through his body.

At this point in his life, there was no longer any need to practice body-building exercises.

Strictly speaking, there was no need to practice those movements in the first two stages of bodybuilding gymnastics. What he needed to do most now was to consolidate his realm and do his best to absorb the energy from the outside world to make the bio-current in his body even more dense.

According to what the intelligent brain said, he was still a bit reluctant to continue with the next level of practice now, because he had not accumulated enough, the bio-current was strong enough, but the storage capacity was still a bit lacking.

By the time he reached this third stage, it would be somewhat more difficult to practice, so Ji Feng had to try to take time to accumulate.

Because once he reached the late third stage, further on, the intelligent brain couldn't even guide him in his cultivation, the cultivation method behind was crippled!

Ji Feng urged the bio-current, following the original route, allowing the bio-current to run through his body over and over again, thus gradually absorbing the energy from the outside world and converting it back into bio-current.

In fact, Ji Feng had another goal.

Right now, it was still a bit difficult for his eyes to see through walls, so he wanted to continue to accumulate, hoping that one day, there would no longer be any object that could block his vision, no matter what was in the way in front of him, he could look through!

"Ding"

The phone placed at the bedside suddenly rang.

Ji Feng, however, didn't bother with it, he was still sitting cross-legged on the bed and didn't even open his eyes.

The ringing continued.

"Pop!"

The bedroom door was opened and Tong Lei, who was dressed in a casual home outfit, pushed the door and walked in: "Ji Feng, why didn't you answer the phone when it rang? Such a strange ringtone, who's calling?"

Tong Lei knew that Ji Feng's cultivation was not like what was said on TV or in novels, one disturbance could cause his practice to go off the rails, and in serious cases, he could go off the rails.

Ji Feng could withdraw from the cultivation state at any time.

"Who knows who's calling, I'm practicing to a critical point and am trying to find that feeling so I don't want to answer!" As expected, when he heard Tong Lei come in, Ji Feng opened his eyes.

Saying that, he was about to turn around to get the phone, but Tong Lei had already walked up to the front.

It's bad!

Ji Feng secretly said.

"My uncle is calling? Then why didn't you answer it?" Tong Lei picked up the phone for him and was stunned when she saw the caller ID on the phone, and then asked, "Ji Feng, you're talking about my second uncle? Did he offend you?"

Sweat!

The corner of Ji Feng's mouth twitched, he knew that this was how Tong Lei would react if only he had known to answer it!

In fact, Ji Feng already knew that the phone call was from Zheng Yuanshan, for some important people, Ji Feng specially set a different ringtone, with his memory, he knew who was calling as soon as he heard the ringtone.

He just didn't expect that Tong Lei actually heard it outside

Ji Feng coughed lightly, "I don't know what your uncle is calling about, I'll answer the phone first"

Chapter 1424

"Just answer the phone!"

Tong Lei gave Ji Feng a blank look, before turning around and walking out.

But in reality, she was aware that there might be some misunderstanding or conflict between Ji Feng and his second uncle.

Otherwise, Ji Feng would definitely not not answer his second uncle's calls.

I'm afraid that even Xiao Yuxuan doesn't know Ji Feng as well as she does, because she has been with him since he met her, until he rose to prominence, and then step by step to where he is now, she has been by his side, and she has the deepest feelings about his changes!

Moreover, some of Ji Feng's habits were well known to Tong Lei.

When Ji Feng was practicing aerobics, although he didn't like to be disturbed, he was at least not that squeamish, not that once someone disturbed him he might go off the deep end or something like that, which didn't exist in Ji Feng's case!

But now Ji Feng is not answering his second uncle's calls, so he obviously has a discontent

Ji Feng secretly smiled sardonically and brought the phone over, he did not think that he originally intended to air out Zheng Yuanshan, but ended up alerting Tong Lei.

How can this be good

Ji Feng was a bit sweaty!

This girl is usually cold and does not like to interact with people, but it does not mean that she does not have a number in her heart. If she treated Zheng Yuanshan like this, she would naturally have some grievances in her heart.

It's okay to make Zheng Yuanshan uncomfortable, but you can't make Tong Lei unhappy because of it, otherwise it's not worth the loss.

So Ji Feng decided that he would have to explain to Tong Lei later.

But now he couldn't afford to think about these things any more, looking at the phone that was still singing, he shook his head helplessly and secretly said, "You finally called.

And then, Ji Feng picked up the phone.

"Uncle Zheng, why are you calling me at this time, is there anything you want to order?" Answering the phone, Ji Feng acted politely, his face almost piled up with smiles, as if he had never smiled so brightly before.

When Zheng Yuanshan on the other end of the phone heard this, he felt a little strange in his heart, when did Ji Feng become so polite?

"Hehe"

Although he couldn't understand it in his heart, Zheng Yuanshan was equally polite on the surface as he laughed, "You kid, just know how to give your Uncle Zheng a high hat, you're not a soldier under me, how can I command you?"

"Khan! Uncle Zheng, that's an insulting thing to say, you're an elder, it's perfectly proper to order me to do things." Ji Feng laughed, "Just tell me what you want me to do, Uncle Zheng!"

"....."

Ji Feng showed such enthusiasm, making Zheng Yuanshan feel even more strange, he hesitated for a moment before saying, "Little Feng, there is no such thing as commanding, however, there is one thing that I would like to ask you for confirmation."

"Uncle Zheng, please speak!" Ji Feng said immediately.

"This morning, did you go to a hotel and meet someone?" Zheng Yuanshan asked.

If it was an ordinary person who heard such a question, they would definitely be a bit confused, going to a hotel and meeting someone, these things were not much strange and appeared to be very uncommon.

What's more, with Ji Feng's status, I'm afraid he would often run to the hotel to entertain some friends.

Therefore, this question from Zheng Yuanshan was really vague.

But when Ji Feng heard it, he immediately understood what Zheng Yuanshan meant, and he actually didn't feel half surprised, he just smiled.

"Uncle Zheng, I did go, just to see what that guy who threatened to disgust me to death really looked like! But I wasn't too lucky, after I went there I saw a mess over there, as if something had happened, so I turned around and came back again Uncle Zheng, you're asking this for" Ji Feng asked suspiciously. "Is something wrong?"

What has gone wrong you would not know?!

As soon as he heard what Ji Feng said, Zheng Yuanshan didn't even need to guess anymore, he could immediately affirm that things must be done by Ji Feng, there was absolutely not the slightest doubt about it!

Otherwise, how did Ji Feng know which hotel he was asking about?

How come he didn't say what kind of person he was going to meet at the hotel?

This is clearly to not leave a handle, that's why he said so vague, this kid is really careful, even in the phone, he never mentioned anyone's name!

Although he knew that it was Ji Feng who did it, Ji Feng just wouldn't admit it and there was nothing Zheng Yuanshan could do about it.

"Little Feng, this time when something happened to them, it really gave me a problem!" Zheng Yuanshan rubbed the corners of his eyes and said, "You kid is also too nonsensical!"

Ji Feng smiled: "With Uncle Zheng's wisdom, I'm sure there won't be any problem that can be difficult for you, I believe that no matter how to deal with anything, Uncle Zheng certainly has more than one way, for Uncle Zheng, it's just a multiple choice question, it's to choose the most suitable method that's all! "

Swish!

Zheng Yuanshan's eyebrows immediately wrinkled, he clearly understood Ji Feng's meaning, Zheng Yuxiu and her cousin became this way, and things happened in Jiangzhou, this is definitely not a coincidence.

"Little Feng, you're" Zheng Yuanshan's face gaped up.

Ji Feng smiled: "Uncle Zheng, if there is anything you need me to do, just ask, I will definitely do it and will do my best. But right now, there is still something on my side, do you see"

Zheng Yuanshan was silent for a long time before he slowly nodded and said, "Alright, I understand your feelings, so let's do that first."

"Goodbye Uncle Zheng!"

Ji Feng smiled faintly and closed the line.

He looked up at the closed bedroom door and smiled, "Lei Lei, are you still out there?"

Tong Lei then walked in, sat next to him on the bed and asked, "Ji Feng, did my second uncle upset you?"

"That's too bullish of you to ask!" Ji Feng instantly laughed and said, "Your second uncle is an elder, it can only be a junior who has upset an elder, there is no reverse"

"No digressing!"

Tong Lei wrinkled her nose, looking very cute, she suddenly stretched out her hand, respectively left and right pinching Ji Feng's face, pouting: "You have to be honest, is it that you have a problem with my second uncle? Don't lie to me!"

Ji Feng was pinched by her left and right, and a face was almost deformed.

He hugged Tong Lei in his arms and laughed: "To say that I have some opinions about your second uncle, I definitely have some, but it's impossible to talk about who is right and who is wrong. But it's okay now, because of me, your second uncle might have run into another rather difficult case, so we're even between us!"

"Cheapskate, calculating!" Tong Lei gave him a blank look, but didn't pinch him again.

A cheapskate himself?

Ji Feng couldn't help but chuckle, ever since he met Zheng Yuanshan, there had been too many times they had dealt with each other, but in general, Ji Feng asked himself that he hadn't been ashamed of him.

Even when Zheng Yuanshan was forced by the Zheng family's people and his son was beaten up by the Zheng family's people, Ji Feng also helped out. Of course, at that time, Ji Feng didn't think about asking for anything in return, but just making good relations with each other was necessary.

As for some other things, as well as the promotion of Zheng Yuanshan by his second uncle and even the entire Ji family, it was all real, and strictly speaking, Zheng Yuanshan should owe Ji Feng a favor.

However, when Ji Feng clashed with Chang Chongwei and involved the Yanjing Zhao family, Zheng Yuanshan's choice made Ji Feng frown greatly.

He had kept this matter in mind until now!

If this was considered petty, then he would admit it!

However, Tong Lei naturally didn't know the hidden story, and looking at her cute look of hugging for her uncle, Ji Feng couldn't help but laugh out loud.

"Ji Feng, if my second uncle has done anything wrong, will you forgive him?" Tong Lei nestled in Ji Feng's arms and said softly, "If they have done something bad, then you should not use them, let them all go home, but don't strike against them, they can't withstand your tactics"

"No problem, I promise you!" Ji Feng smiled and nodded his head.

However, these issues are not as simple as Tong Lei said, who to use or not to use, now is not Ji Feng can say, moreover, even if it is really his say, can not just do things on the spur of the moment also.

However, Ji Feng naturally did not want Tong Lei to get tangled up in these matters, so he readily agreed.

If it really involves Tong Lei's relatives in the future either turn a blind eye to it, or, as Tong Lei said, just get rid of the people!

These things, most annoying!

"The next time will not be an example!" Ji Feng secretly said, and then hugged Tong Lei tightly and chatted with her in a small voice.

.....

"This is putting the wool over my eyes!" Zheng Yuanshan put down the phone, his face could not help but look a little odd, and his brows were slightly furrowed.

Zheng Yuanshan understood that this case, Ji Feng did not do carelessly, leaving a tail, nor was it that he did not clean it up but deliberately sent to him.

Just now on the phone, Ji Feng has plainly told him, this is a choice!

It was up to Zheng Yuanshan to choose!

Once he thought of this, Zheng Yuanshan couldn't help but sigh. Ji Feng, a person who is not moving on the surface, is actually a person who is extremely smart.

He knew very well why Ji Feng had given him this choice, because he had made a choice once before in that matter of Chang Chongwei, only that time he had chosen to be clear-headed, because of the existence of the Zhao family

And this time, Ji Feng had given him such an opportunity, an opportunity to choose!

Zheng Yuanshan had two choices.

First, he could still continue to choose to protect himself with a clear conscience by privately revealing the case to the Zheng family and directing the Zheng family's attention to Ji Feng. In that case, he, Zheng Yuanshan, would not be affected because everyone knew that he was a member of the Ji family, and he could not go and investigate the TZ of the Ji family, right?

The people of the Zheng family, too, would understand him! And the people of the Ji Department would likewise understand him, after all, the Zheng Family is also Zheng Yuanshan's family, and it would be justifiable for him to reveal the case over.

Chapter 1425

However, apart from protecting himself, Zheng Yuanshan had another option – to resist the pressure from the Zheng family and eventually treat this case of Zheng Yuxiu as a headless case, and to suppress the case despite knowing that this matter was done by Ji Feng!

These were the two options Ji Feng gave Zheng Yuansan.

Ji Feng deliberately left a bit of a trail, but left no substantial evidence, then in this case, he both plainly told Zheng Yuanshan that he did the thing, but left him helpless, just to give him the chance to make a choice!

“This multiple choice question is not easy to answer at all!” Zheng Yuansan couldn’t help but shake his head.

In his heart, he also had a further understanding of Ji Feng’s character.

Although Ji Feng wasn’t very short-tempered, he was definitely not a person with a gentle personality either, and his behaviour right now was enough to illustrate this!

Was he venting his anger, or was he taking revenge on himself for making a clear-cut move before?

Zheng Yuansan was still a little puzzled right now, not really understanding too much.

However, on second thought, Zheng Yuanshan’s heart suddenly moved Why did Ji Feng suddenly give himself such a hand?

The actual fact is that the matter of Chang Chongwei has already passed for a long time, and even if Ji Feng is overly hateful, he shouldn’t come so suddenly to give himself an eyeball ah, if this is the case, then Ji Feng’s tone is more or less low.

As a person who has been immersed in the officialdom for decades, Zheng Yuansan also does not just look at a matter in a simple way, and this matter is no exception, what he sees is the real intention of Ji Feng behind the incident.

What did Ji Feng want to do?

The first thing you need to do is to get back at yourself, or to give yourself a hard time?

Zheng Yuansan felt that neither was then what would be the motive?

For a time, Zheng Yuansan was a bit puzzled.

But it is undeniable that this choice question given by Ji Feng is really a bit difficult to answer, leaving him with a dilemma, really a kind of rat in the wind box – the feeling of being angry at both ends!

If he chooses to make this case a headless one, the pressure on the Zheng family will definitely not be too small, and he, Zheng Yuanshan, will have to fall into disrepute in eight out of ten `9 times. There might even be an even more serious aftermath.

For a person, especially for a person who loves his feathers, many times reputation is more important than anything else

But if the circumstances of this case were revealed to the Zheng family, then he, Zheng Yuanshan, would not have to mix.

This kind of behavior, in any industry, anywhere, is an act of eating out of the bag, and no one at the top would tolerate it, and the Ji Department would be no exception!

For a time, Zheng Yuanshan was caught in a dilemma.

He felt that he was now the pig in a blanket that he was about to look in the mirror – one wrong move and he would be in trouble both inside and out!

“A tiger’s father has no dog’s son!”

Dean Zheng couldn’t help but smile bitterly and shake his head in emotion, don’t look at Ji Feng’s youth, but he wasn’t that easy to bully, his counterattack, even for someone like himself who could already be considered ‘in a high position’, felt a bit tricky.

This is a multiple choice question given by Ji Feng, and how is it not a warning from him?

And the question now was – what to choose?

“Lei Lei, why are you so happy?” Xiao Yuxuan, who returned home from work in the evening, saw Tong Lei, who was sitting on the sofa watching TV, and couldn’t help but ask with a smile, “Is there something happy about our family’s youngest grandmother?”

“Sh, what?” Tong Lei was slightly stunned.

Xiao Yuxuan put her bag on the coffee table, and then sat beside Tong Lei, smiling delicately, “My Eldest Young Grandmother, look in the mirror yourself, where is this still you, with a smile on your face, completely devoid of the kind of coldness you had before, hasn’t something good happened to you?”

“No, not really!”

The only thing that I figured out just now was that there was something.”

“It’s about Ji Feng, right?” Xiao Yuxuan asked.

“How do you know?” Tong Lei couldn’t help but ask in amazement.

“Still, who else can make you so happy other than Ji Feng?” Xiao Yuxuan laughed delicately, “He said that the person who had the greatest influence on him was you, but in fact, I think that his influence on you is equally not small!”

“Sister Yu Xuan, you’re laughing at fifty steps!” Tong Lei suddenly said.

“How can you say that? What’s wrong with me again?” Xiao Yuxuan asked with a smile.

Tong Lei casually pulled open Xiao Yuxuan’s bag, took the make-up box out from inside, opened the mirror and placed it in front of Xiao Yuxuan, saying, “Look at you inside the mirror, once you mention Ji Feng, you are still full of smiles, right?”

Xiao Yuxuan couldn’t help but blush slightly and hurriedly closed the makeup box, saying, “Forget it, let’s not talk about it. By the way, what exactly have you figured out to be so happy? Did that bad guy do something again?”

Tong Lei nodded her head slightly, a sweet smile on her pretty face.

Her gaze, however, landed on a newspaper on the coffee table.

There was a piece of news on that newspaper, saying that a certain province was conducting a law and order clearance campaign for gangs of a triad-like nature, as well as the umbrella of the triads hidden in the police force.

Just before that, Ji Feng told her that in fact, making things difficult for Zheng Yuanshan was not all about deliberately causing him trouble, but maybe it was also giving him a chance!

At that time, Tong Lei didn't quite understand, she just listened in a bit of a daze, the only thing she knew was that Ji Feng wouldn't lie to her.

However, she was a little confused about what Ji Feng said about giving Zheng Yuanshan a chance.

However, when she inadvertently saw this newspaper, she vaguely understood the meaning of Ji Feng's words, that he was giving second uncle trouble, but it might not really be trouble.

This could be an opportunity!

Of course, Tong Lei was not happy because of this, in fact, she did not care too much about the position of her family members, whether they were promoted or demoted, what she cared most was Ji Feng's attitude towards her.

The first thing you need to do is to take a look at the actual situation.

Now that the road has been paved, the next step is to see how Zheng Yuanshan will choose, and Ji Feng hopes that he can make the right choice.

At least, it should also be the choice that he expected!

"Ding"

The phone suddenly rang, once Ji Feng heard the ringing, he immediately picked up the phone and connected it, "Hey, little uncle, why did you want to call me?"

"Third brother, it's me"

A somewhat familiar voice came from the phone, but it was definitely not that of little uncle Ji Zhenping, the voice belonged to another person.

Ji Feng was instantly stunned, "Shaoyun?"

"Hey!"

Ji Shaoyun immediately said happily, "Third brother, you heard my voice?"

"That cockney voice of yours, I can't hear it?" Ji Feng said.

"....."

Ji Feng then couldn't help but laugh, the person on the other end of this phone was really Ji Shaoyun.

In fact, when Ji Feng first heard Ji Shaoyun's voice, he was really a bit stunned and almost failed to recognize it, because Ji Shaoyun has just passed puberty and his voice has changed, so it was a bit difficult to recognize him after not seeing him for a long time.

However, Ji Feng's reaction was extremely fast, as soon as he heard this particular voice, he immediately remembered Ji Shaoyun, the only person he knew who had not completely gotten rid of that cockney voice.

As expected, it was really him!

"Third Brother, just don't laugh at me." Even on the phone, Ji Shaoyun was still a bit terrified when talking to Ji Feng, really because the impression Ji Feng had left on him in the past was too deep.

"Oh how come you're using little uncle's phone to call me?" Ji Feng asked with a smile.

"It's like this, I was granted a few days of family visitation leave and was going to return to Jiangzhou, so little uncle asked me to bring you something, so I took the opportunity to call from here, " Ji Shaoyun said.

"What kind of stuff?" Ji Feng asked.

"I don't know, I'd better let little uncle tell you!" Ji Shaoyun said, then handed the phone to Ji Zhenping who was next to him.

Ji Feng couldn't help but be a bit puzzled, what did little uncle have for himself?

"Little Feng, it's me." Ji Zhenping's voice came over the phone, "The interrogation video of the remaining members of the Cobra Mercenary Group that we caught last time, as well as a few other key criminals, I'll have Shaoyun bring it to you, so take a good look at it yourself."

Ji Feng was immediately startled, "Little Uncle, is there any important information?"

"Just take a look for yourself." Ji Zhenping didn't answer him, but said, "Also, Xiao Yu is in school, keep an extra eye on her, don't let her fall in love early, "

Sweat!

Ji Feng coughed dryly, "Little Uncle, at Xiao Yu's age, it can't be considered early love, right?"

"What the hell do you know!"

Ji Zhenping scolded without mercy, "You brat is a typical representative of early love, still have the nerve to speak for others? I tell you, keep an eye on Xiao Yu, your little aunt has picked out some boys for her at home, they are said to be quite good, when the time comes Yan Tong will also take a look, they are all her own children, "

"Wait!"

Ji Feng suddenly reacted, his originally stretched eyebrows, immediately piled up together: "Little Uncle, you guys aren't thinking of taking Xiao Yu and my sister and their marriage, are you? To join in marriage?"

As soon as he heard Ji Zhenping say this, Ji Feng was not happy.

Even if they weren't allowed to have early love, they shouldn't use their marriage as a bargaining chip for a marriage union, right?

"Little Uncle, let me make my attitude clear first, I am firmly against this, and if they don't like the person you help pick, I will go and break those men's legs!" Ji Feng said nonchalantly, "I'm not going to stand by and watch Xiao Yu and my sister live that kind of staged life, that's better than letting them live the most ordinary life!"

Although Ji Feng had never seen the so-called marriage between families, he could imagine it. He knew that not everyone could get along as well as his second brother and Xiang Yurou, especially after seeing more of those family sons, Ji Feng had no good feeling towards them at all.

That's a bunch of shit that can't hold up the wall!

The marriage with them can't even be considered as a flower in a cow dung, but a bad luck!

Chapter 1426

"In short, I am firmly and resolutely against it!" Ji Feng said in a deep voice.

"Kid, what are you talking about?!" Ji Zhenping was crying and laughing at the comment, "You kid has eaten gunpowder, right?"

"Hey! Little Uncle, in this matter, it's not enough for me to just take gun pills, if necessary, I can even eat missiles!" Ji Feng sneered.

"Hehe"

Ji Zhenping, however, suddenly laughed: "Well, it seems that usually Xiao Yu clings to you, and not without reason, kid, you're doing a good job as a brother!"

"What do you mean?"

Ji Feng bristled, "Little Uncle, don't digress, you have to give me a clear answer on this matter, or else I'll call the old man now and ask him what he really means! You can't single-handedly push your own granddaughter into the fire, can you?"

"Oh I originally thought that you kid could be calm and collected no matter what, but it turns out that you also have times when you are anxious!" Ji Zhenping laughed.

This is not nonsense!

The mud man still has three points of fire, let alone a big living person?

Ji Feng's heart suddenly stirred as he listened, and he immediately asked hesitantly, "Little Uncle, what exactly do you mean, you have to make it clear!"

"Did you give me the chance to say it clearly? As soon as you heard the news you were angrier than anyone else, do I have time to explain to you?" Ji Zhenping asked.

"....."

“Kid, I’m telling you, even if it’s a marriage union, that depends on whether they like it or not, if they don’t like it, then it’s a no-brainer!” Ji Zhenping said, “What’s more, do you think that with our family’s current situation, there is still a need for a marriage union?”

“Really?!”

Once Ji Feng heard this, his heart then breathed a sigh of relief, but then he said, “Then what did you say about having Little Aunt help introduce them to”

“It’s better for the elders to introduce them than for you to find them yourselves, right? No matter what, elders are people who have come through and can keep an eye on things for you!” Ji Zhenping said.

“So that’s the way it is” Ji Feng heatedly smiled, “Little Uncle, I think you’re worrying for nothing, just those sons of the family, how many of them are successful? Every one of them is a fop, not as good as the ones they find on their own outside!”

“You don’t know shit!”

Ji Zhenping said in an unpleasant manner, “You’ve only been in love a few times, what do you know?”

“I”

Ji Feng wanted to say I’ve also been in love twice, okay?

But on second thought, his two relationships went relatively smoothly, both Tong Lei and Xiao Yuxuan, are good women in a thousand miles, such experience is too unique and indeed cannot be shared with others.

As for Ji Feng’s former first love Hu Xuehui was automatically ignored by him, the first love may not know what love is, moreover, Hu Xuehui’s behavior once, has personally cut off the relationship between the two of them, things have become very light and faint in Ji Feng’s heart.

It is said that the past is like old wine, the longer it is, the more precious it becomes, and it does not fade away with the passage of time.

But Ji Feng does not think so, time is the best medicine to dilute memories, anything under the wash of time will eventually disappear without a trace

“You kid don’t need to think much, I, as a father, won’t push my daughter into the fire!” Ji Zhenping said, “Let’s do this first”

Ji Feng scratched his head and laughed, “See you later, little uncle!”

After closing the line, Ji Feng couldn’t help but smile sarcastically, he was a bit sensitive himself, once he heard that his family was going to introduce a boyfriend to Xiao Yu and his sister, he thought it was a political marriage, but after taking a step back and thinking about it, it was really a bit of a fuss.

Little Uncle was right, with the status of the Ji family today, there really wasn’t any need for a political marriage.

Too large a family would have no successor if there was no good heir, and when problems arose, it would definitely be a dangerous situation for the building to tumble.

What's more, if the family grows too big, it is easy to be jealous, and it would be better to do the opposite.

Ji Feng believed that the elders of the family definitely saw this point more clearly than he did. What's more, he was most fortunate that the people in the family did not have any taste of affection at all like other families, there were only interests.

At least, there was still kinship among those who were close to each other.

For example, between my father's three brothers, and between a few of my own cousins there is a kinship that exists.

This is really more than the kind of indifferent kinship of the Wu family, which makes Ji Feng feel that he is lucky enough. At least, Ji Feng believes that if something really happens to someone in the Ji family, he or she will never put the blame on someone else, whether it's the first or the second line, at least Ji Feng can't do such a thing.

I believe that big brother and second brother likewise couldn't have done it!

This was what Ji Feng was most thankful for.

"Bah!"

Ji Feng subconsciously shook his head and secretly said, "He's crazy, what's the point of comparing himself to the Wu family? Is that a family where people stay!"

What Wu Zhiyong did, and the default attitude of the Wu family, made Ji Feng despise them from his bones!

However, now Ji Feng was not willing to bring it up again, he felt a bit spoiled.

For now, as long as he could be sure that the family was not thinking of getting Xiao Yu and his sister married to someone, that would be enough. As for whether the boys that the family helped to choose were really good, it would depend on whether they liked it or not when the time came.

Once he thought of this, Ji Feng didn't worry anymore.

Besides, when the time comes, even if they don't have a good grasp of the situation themselves, they still have themselves, their elder brother and second brother! With so many people, they can always help them keep a good eye on them!

"Actually, as a girl marrying an ordinary person may not necessarily be bad!" Ji Feng muttered darkly. As far as his own viewpoint was concerned, he would prefer that Xiao Yu and her sister marry ordinary people, as long as the man could treat them well, that would be enough, family background really wasn't too important.

But

Ji Feng shook his head, take your time, as long as the family doesn't mean to force them, then there's no need to rush.

So soon, Ji Feng's mind turned to the content of the phone call from his younger uncle to himself.

The guys that were caught in the Royal Club in Yanjing last time were said to be the remnants of the Cobra mercenary group, and were related to the attack and killing that he encountered last time, and now Little Uncle specifically asked Ji Shaoyun to send them over to him, compared to what was going on in between that was not convenient to talk about over the phone, did it involve some important situation?

Ji Feng thought that those guys didn't look too important, they were just a few mercenaries who got away with it, what important information could they know?

To know the exact details, it seemed that we would have to wait for Ji Shaoyun to send over the interrogation video to find out.

"Pop!" Ji Feng casually threw the phone on the quilt next to him, and his thoughts turned back to Zheng Yuanshan.

I don't know how this guy will choose, I hope I won't let myself down again, otherwise, when the time comes, I will really have to follow what Tong Lei said and ignore him, and come out of sight, out of mind.

As for the future, there will be no more cooperation between the two sides!

Now it's up to Zheng Yuanshan's choice!

Ji Feng shook his head and prepared to get up and get out of bed, going to the living room to keep Tong Lei company, but as soon as he got up slightly, the mobile phone at the bedside rang once again.

"Ding"

Ji Feng picked up the phone and saw that it was an unfamiliar number calling, and it was a landline number.

He guessed in his mind who was calling, while his hand had already picked up the phone, "Hello, this is Ji Feng, who is this"

"Young Ji, long time no see, this is Li Weibing." A very charming man's voice came from the phone.

Li Weibing?

When Ji Feng just heard this name, he couldn't help but be slightly stunned, frankly speaking, he really didn't remember who this Li Weibing really was for a while, he just thought the name was very familiar

"Oh, so it's Mr. Li, it's been a long time!" Ji Feng said with a smile, "Calling here at this time, I wonder what instruction Mr. Li has?!"

As he spoke, Ji Feng's mind was spinning rapidly.

The name Li Weibing was familiar, he must have heard of it somewhere, but who exactly was it, he couldn't recall it for a while.

"You're welcome, Ji Shao, I wouldn't dare to instruct you. It's like this, during this period of time, several districts below Jiangzhou are holding a joint recruitment meeting, Ji Shao should have heard of it, right?" Li Weibing laughed and said.

"Chamber of Commerce?"

Ji Feng's heart seemed to recall something, suddenly, his eyes lit up and he instantly remembered who this Li Weibing was. This guy, was the eldest son of Jiangzhou Mayor Li Baoyuan, Li Weidong and Li Ruonan's elder brother!

At the beginning, at his second uncle's house, Ji Feng had a one-sided encounter with him, and it was also at that time that he had heard of Li Weibing's name.

In Ji Feng's impression, it seemed that Li Weibing was serving in a district below Jiangzhou, what was he suddenly calling him now about the business recruitment?

"Ji Shao, it seems that you don't know much about this beckoning How about this, if Ji Shao has time, I'll pay a visit, what can you do?" Li Weibing asked with a smile.

When he spoke, he was very gentle and had a kind of gentle and elegant feeling, which was really many times better compared to the kind of openness of his brother Li Weidong.

I really don't know how two brothers who are both from the same father and mother can be so different from each other!

Ji Feng muttered a little.

But on the surface he laughed: "You'd better tell me what you need me to do first, so that I can prepare myself mentally!"

Li Weibing naturally wouldn't call for no reason, obviously there was something wrong.

Ji Feng had never dealt with him, so he didn't know how his character was, so naturally it was better to make anything clear beforehand.

"It's like this, a few foreign investors have come from my side and are ready to invest in Jiangzhou." Li Weibing said, "However, they haven't chosen a good investment target yet, they just heard that the drugs produced by Tengfei Pharmaceutical Factory are selling very well in the market, so they have the intention to do so"

"Foreign investors?!"

Ji Feng asked, "Do they want to cooperate, or do they have any other plans?"

Chapter 1427

Li Weibing said, "It's not too clear over the phone, so"

Ji Feng deliberated for a moment and said, "Then let's do this, let's find a time to meet tomorrow."

“That’s good, that’s good!”

Li Weibing immediately nodded and laughed: “Cooperation is not the second thing, the key is that we have not seen each other for a long time, but we should communicate more in the future!”

Ji Feng nodded and smiled, “Yes!”

“Then let’s follow what Ji Shao said and meet tomorrow, but what time do you think is more appropriate?” Li Weibing asked with a smile.

“Let’s do it tomorrow night, you decide the place!” Ji Feng said.

“Alright then, let’s go to the Linjiang Club in the west of the city.” Li Weibing laughed and said.

“It’s a deal!”

The two exchanged a few more pleasantries before hanging up the phone. Ji Feng couldn’t help but be puzzled, what kind of foreign businessman was this that made Li Weibing personally call to invite himself?

It was not surprising that Li Weibing knew about his relationship with the Tengfei Group, Ji Feng would be surprised if he did not.

It was just that this foreign businessman wanted to cooperate with the Tengfei Group, and they didn’t go directly to the Tengfei Group instead to come to him?

Based on these circumstances, Ji Feng guessed that there should be two possibilities.

First, the foreign businessman was extremely important, or at least, big enough to make Li Weibing take it extremely seriously.

Secondly, the so-called foreign businessman that Li Weibing spoke of must not only be for the purpose of cooperating with the Tengfei Group, in other words, what they were scheming for should not be an ordinary cooperation, otherwise they would certainly have made direct contact with the Tengfei Group through the normal channels.

It’s not like they are looking for a job, they can get a good position if they go directly to their boss. This is not the way business is done, only if you can make money, but if you can’t, it’s useless to go to anyone.

Of course, if you look for the staff underneath you may be more effective than looking for the boss, after all, this company is the boss’s, he can’t corrupt his own money, right?

The employees can instead

Ji Feng faintly shook his head, these guesses are only a flash in his mind, Li Weibing and his mouth of foreign businessmen is the specific purpose, must wait until tomorrow after meeting to know, now the guesses, but also just to let their own mind a spectrum, also considered a psychological preparation.

“Foreign businessmen”

The first thing you need to do is to get a good idea of what you’re doing.

The child Lei and Xiao Yuxuan were watching TV on the sofa, Ji Feng then asked, “Yuxuan, recently several districts below Jiangzhou, there seems to be a joint business recruitment, have you heard of it?”

“That’s right, there seems to be such a thing.” Xiao Yuxuan nodded slightly and said, “But I didn’t pay too much special attention to it, because the main target of this invitational meeting is foreign businessmen, and our group doesn’t intend to expand too fast now, so I didn’t bother to find out more about it specifically!”

Ji Feng nodded and asked, “Then in recent times, have there been any foreign enterprises that have come into contact with the Group?”

“Foreign enterprises?”

Xiao Yuxuan said very naturally, “There are almost every week, why?”

“Every week?”

Ji Feng asked in surprise, “What’s going on?”

“How fresh is it?” Xiao Yuxuan pursed her lips and smiled lightly, “Kang Yuan Slim Powder’s sales are so hot, those foreigners aren’t stupid, of course they won’t have money and not earn it! Just this, or because many companies do not have medicine and health care products as a business in their business scope, otherwise, I’m afraid there would be foreign companies coming to negotiate every day!”

“Hehe”

Seeing Xiao Yuxuan’s proud look, Ji Feng couldn’t help but smile slightly, he could tell that Xiao Yuxuan had a sense of accomplishment, and she could now talk about the things of the company with an open mouth, she had obviously adapted to this kind of life and was gradually gaining enthusiasm.

That’s good!

Ji Feng was really afraid that Xiao Yuxuan would work hard just to prove herself useful, knowing that when she first entered the Tengfei Group, that kind of crazy work attitude made Ji Feng look a bit jaw-dropped.

But now, well, you could tell from the smile on Xiao Yuxuan’s face that she really liked the job!

“Is there anything particularly noteworthy among these guest businessmen from abroad?” Ji Feng deliberated and asked, “For example, which one of them is acting very eager, or, very greedy”

“Ji Feng, this question of yours, in itself, is problematic” Tong Lei suddenly picked up next to him and said, “Every single one that can come to talk about cooperation is greedy! Businessmen are driven by profit, otherwise why would they still be doing business?”

Xiao Yuxuan said, “Lei Lei’s words hit the nail on the head.”

Ji Feng couldn’t help but nod and smile, “Yes, although Lei Lei doesn’t talk a lot, she has insight into a hundred states.”

Tong Lei’s personality was cold, but was full of spirituality and saw things very clearly, sometimes Ji Feng could be alerted from her.

“How else would you be a great young grandmother!” Xiao Yuxuan said with a delicate smile.

Tong Lei’s clear and peerless pretty face then slightly surfaced a blush, but did not say anything more, she had already gotten used to Xiao Yuxuan and their jokes, besides, they were not really laughing at her and no one dared!

Ji Feng smiled and sat down in the middle of the two women, but was pushed away by Xiao Yuxuan: “Sit over there!”

Ji Feng shook his head and smiled, came to sit next to Tong Lei and said, “Yu Xuan, when working with foreigners, you have to be more careful. It is said that we Chinese people are the old ancestors of mind games, in fact, other foreigners are not bad either, don’t lose out in this area.”

“I understand!”

Xiao Yuxuan nodded her head.

She naturally understood that those foreigners looked like they were full of talk about fairness and justice all day long, about democracy and freedom, rigor and so on, but in reality, if they did nasty things, ordinary people couldn’t compare to them!

When dealing with such people, Xiao Yuxuan would naturally be careful and on guard.

During the night, Ji Feng smilingly pulled Tong Lei and Xiao Yuxuan into the bedroom. Since it was a rare moment of leisure anyway, Ji Feng dragged the pretty-faced two girls away on the pretext of checking their practice of aerobics.

Han Zhen and Xiao Ying were already used to this situation, except for a slight shyness and blush, the three girls acted as if nothing had happened, and only dutifully checked the guards inside and outside the villa, and only then did they return to their bedrooms.

At this point, a thousand chirps were heard from upstairs, leaving them alone in their bedrooms, their faces burning and their hearts beating

The next day early morning.

The next morning, Ji Feng sent off Xiao Yuxuan and Xiaoying with red faces, and after that, he took Tong Lei to class with him.

Tong Lei also looked extraordinarily beautiful today.

Despite being tossed around for most of the night, she had practiced aerobics for more than an hour afterwards, but her spirit had recovered quickly, and now her white and tender pretty face had a faint blush on it, and her beautiful eyes were still a bit embarrassed to look at Ji Feng, only looking sideways, out of the window.

Look at her watery, beautiful eyes, but she didn’t know what she was thinking about.

The daytime hours were very uneventful, just classes, classes, going to study rooms to read books and so on. For students who have long been used to this kind of life, this kind of day is really too boring.

Luckily, you can pass the time freely in this university, as long as you don’t get named by the teachers.

After spending the day like this, around late afternoon, Ji Feng received a call from Ji Shaoyun.

“Third brother, I’ve arrived in Jiangzhou, where are you, I’ll send you the stuff!” Ji Shaoyun said over the phone.

Ji Feng laughed, “You go home first, you’ve been in the army for so long, second uncle and second aunt, they must have missed you.”

“Oh!”

Ji Shaoyun didn’t dare to disobey a single word of Ji Feng’s words now, he could only honestly agree, however, in his heart, he also hoped to see Ji Feng soon, this third brother he didn’t put in his eyes before, but now, it was his idol.

Especially the battle in which Ji Feng led them all the way to save Xiang Yongzhan and the others from the deserted island, Ji Shaoyun felt his blood boiling when he thought about it.

Third Brother was too good!

Seemingly hearing Ji Shaoyun’s disappointment, Ji Feng laughed, “Kid, go home honestly first, and I’ll come see you tomorrow!”

“Hey!” When Ji Shaoyun heard this, he instantly came to life and immediately answered loudly.

After closing the line, Ji Feng couldn’t help but shake his head and smile, this kid had finally matured quite a bit, no longer the kind of dude and unpleasant when he first met him.

The current Ji Shaoyun can be of great use.

However, I have to see for myself how far this kid has grown to be sure.

About half an hour after speaking with Ji Shaoyun, school was over.

The first thing that Ji Feng did was to send Tong Lei home, then he took the white spider with him and went to Li Weidong’s Linjiang Club in the west of the city for his appointment with Li Weibing!

In fact, Ji Feng hoped that Tong Lei could go with him, after all, he might not have time to accompany Tong Lei and Xiao Yuxuan if he had a lot of social engagements, but Tong Lei did not like such social engagements at all, and going home to read books and watch TV was a kind of enjoyment for her.

The actual fact is that you will not be able to force her.

.....

A few people were sitting in the rest area in the lobby of Linjiang Club near the entrance. One of them, about thirty years old, was sitting there, looking very calm, and next to him was a young man who looked six or seven percent similar to him, and a pretty girl.

These three people, it was none other than the three siblings of Li Weibing, the young man was naturally Li Weidong, and as for the pretty girl who else could it be if not Li Ruonan!

Some of the staff in the club, when passing by, will be curious to take a look, really do not know who is going to come, actually can afford to boss personally at the door waiting to greet.

Although Li Weidong knew who was coming, he was equally not too convinced about waiting here.

“Brother, why don’t you and Ruo Nan go up first, and I’ll wait here as well!” Li Weidong said, “It’s not like Ji Shaodong is coming, it’s just a Ji Feng, where can I make you wait here?!”

Chapter 1428

“Big brother, why don’t you and Ruo Nan go up first, I’ll wait here just the same!” Li Weidong said, “It’s not like Ji Shaodong is here, it’s just a Ji Feng, where can I make you wait here?!”

“What, condescending to you?” Li Weibing glanced at him.

“That’s not” Li Weidong gave a sarcastic smile, “I just think that it’s just one Ji Feng and big brother is sitting here personally waiting to greet him, isn’t that too flattering to him? It would be more like it if his big brother came.”

“Humph!”

Li Weibing glanced at him and said, “If it was his big brother coming, then there would be no need for you to sit here.”

“Sh, what do you mean?” Li Weidong stammered and asked.

“I’m afraid you’ll be too much of a disgrace!”

Li Weibing glanced at him and hummed, “You can talk to Ji Shaodong?”

“.....”

Li Weidong then did not speak, he spoke with Ji Shaodong on Ji Shaodong that look, to that stand Li Weidong have a kind of see their own father’s feeling, also speak, tube is standing there all over the body is a little uncomfortable.

“Do not always see the shortcomings of others, to see the strengths of others!”

Li Weibing somewhat hates iron to steel looks at this brother of his: “Ji Feng is also just in his early twenties, but what has he achieved? He started with nothing, and created a large group with assets of over a billion dollars, and the drugs he produces are so hot that I’m sure you haven’t heard of it! But you, you’re almost 30 years old, right? What else do you have besides a clubhouse?”

“That’s not the way to put it!” Li Weidong muttered somewhat unconvincingly, “Isn’t there a rule that immediate family members of leading cadres can’t be in business, right”

“Then what does this clubhouse count as?” Li Weibing asked.

“.....”

“Ji Feng can do this step, naturally other people can not compare to the place, this point you have to see!” Li Weibing said, “Young, is not shallow seniority, but rather more of a capital, because people have more time than you!”

“..... Okay, okay, I was wrong!” Li Weidong could barely hold up his head after being said, and could only hurriedly admit his mistake.

“Big brother is right, even if second brother doesn’t do his job properly himself, he’s still judging people!” Next to him, Li Ruonan said, “Only you can say that about him, big brother!”

“Little girl! What are you talking about!” Li Weidong glared at her.

Li Ruonan then hid next to Li Weibing and sniggered.

“You girl still have the nerve to talk about me?” Li Weidong hummed, “You’ve secretly liked Ji Feng yourself for a long time, haven’t you?”

Swish!

Li Ruonan’s pretty face instantly turned red, as if she was drunk.

“Second brother, what are you talking about!” Li Ruonan whispered.

“If you want to keep me from opening up, that’s fine, you’re not allowed to attack me either!” Li Weidong said heatedly.

However, Li Weibing’s heart moved and he looked at Li Ruonan: “Ruonan, do you like Ji Feng?”

“Which, where is it, big brother, don’t listen to second brother’s nonsense” Being stared at by big brother Li Weibing, Li Ruonan could barely even have the strength to speak, his heart was full of shyness.

Li Weibing smiled and didn’t say anything else. Only, his eyebrows were slightly furrowed, and a thoughtful look flashed in his eyes.

“Brother Dong, someone is coming.” Just then, a voice suddenly came from the headset Li Weidong was carrying. He immediately stood up and said, “Big brother, Ji Feng is here, I’ll go over and take a look!”

“Let’s go over together!” Li Weibing also immediately stood up, “Since we’re here, then identity and rules may not be the most important thing, but actions must be in place”

“Yes!” Li Weidong nodded, in fact he couldn’t quite understand.

Li Ruonan also stood up to follow her two brothers, her pretty face was still red, the original spirited and pugnacious look disappeared without a trace, now hearing Ji Feng coming, her heart was even a little timid, she didn’t even know if she should follow to greet him.

“He hasn’t arrived at the door yet, how do you know he’s here?” Li Weibing suddenly remembered something and turned his head to ask.

“Business, some key people’s license plate ah, look ah and so on, all need to get clear, otherwise one day to mess with what people still do not know!” I’m very concerned about this, so the surveillance at the entrance saw it as soon as Ji Feng arrived, so we could be prepared!”

“A crooked way!” Li Weibing gave this comment after hearing it.

“.....” Li Weidong was speechless, daring to get such a comment for his efforts and creativity?

At this time, two people walked in at the entrance of the clubhouse, it was a man and a woman, the man was wearing simple casual clothes, but he looked tall and heroic, at a glance, he was not an ordinary person.

The woman was also very beautiful, but she didn't dress up deliberately, so she wasn't too dazzling.

These two were none other than Ji Feng and White Spider.

"Young Ji!"

Li Weibing greeted them with big steps and said with a smile on his face, "Thank you for giving me this face Ji Shao"

"Brother Li is too polite." Ji Feng also smiled and shook hands with him.

"Brother Weidong, good to see you again." Then, Ji Feng's gaze looked at Li Weidong again and his hand was extended, looking at him with a smile on his face.

"That's what ha, we've met a lot, no need to be so polite!" Li Weidong was somewhat flattered by Ji Feng's formal attitude, and actually didn't even react for a while, seeing Ji Feng extend his hand over, before he hurried over to shake hands with Ji Feng.

The company's main business is to provide a wide range of products and services to the market.

In fact, Li Weibing has more or less wronged Li Weidong.

Strictly speaking, this matter really can't be blamed on Li Weidong's slow reaction, mainly because, usually, Ji Feng had never been so polite to him!

From the first time the two met, it was with a conflict as the beginning.

For the sake of Xiao Yuxuan, Ji Feng made a big mess of the Linjiang Club, almost not this entire club overturned.

Because Qiao Gakai's brought people to Jiangzhou, Li Weidong wanted to get out on good terms with Qiao Gakai, but as a result, Ji Feng beat Qiao Gakai to the ground with three punches and two kicks, as well as several of Qiao Gakai's division brothers, who were also the same, and were put down after just walking in front of Ji Feng for a few shadows.

Since then, Ji Feng had almost become Li Weidong's nightmare, and every time they met afterwards, something was definitely going to happen, and it certainly wasn't going to be too good for Li Weidong.

And this latest one was that business salon held in his clubhouse.

At the salon, Ji Feng once again went on a rampage, leaving Li Weidong in a difficult position, his head almost not dropping down to his trousers.

This Ji Feng was his nemesis!

How had Li Weidong ever seen Ji Feng be so polite? How could he react for a while?

"Young Ji, let's go up there." Li Weibing laughed.

Ji Feng nodded with a smile and added: "Brother Li just call me Ji Feng directly, wasn't that what you used to call me, you're too polite, it makes me a little uncomfortable all over!"

"Haha, that's good, I also hate too polite words!" Li Weibing said with a smile.

Ji Feng nodded and smiled again as he greeted Li Ruo Nan: "Ruo Nan, you're getting prettier and prettier these days."

Swish!

Li Ruo Nan's pretty face turned red and she gave him a somewhat flustered look and said, "I think it's your mouth that's getting better and better at talking!"

Several people burst out laughing, but Ji Feng was more or less amazed in his heart, when did Li Ruo Nan become so fond of blushing?

Where was that feisty temper of the past?

But I have to admit, this evening's Li Ruo Nan, in fact, is really quite beautiful.

The last time I had a meal with Li RuoNan alone, her sudden transformation was not that of a traffic cop, but a beautiful and attractive city fashion girl.

At the last business salon, Li Ruonan was equally beautiful and moving, and today was no exception.

Although it is only a simple dress, but Li RuoNan's slender body is with the beauty of the clothes, it is very let people side eye.

However, Ji Feng was only holding an attitude of appreciation, and had no other thoughts.

What's more, today he wanted Li Weibing to talk about business, so he naturally wouldn't go thinking about it.

The five of them arrived at a private room upstairs and sat down separately, and by this time, cold dishes were already served on the table.

"Young Ji, what kind of wine are you drinking?" Li Weibing asked with a smile.

Ji Feng waved his hand and said, "Feel free, anyway, we can only mean a little today, we dare not drink more, otherwise, we will be scolded at home!"

"Haha"

Li Weibing laughed, "I heard that old brother's girlfriend can be described as a beautiful woman, this is old brother's blessing!"

"I think so too!" Ji Feng nodded his head and said.

Li Weidong was a bit stunned, wasn't this guy's cheek a bit too thick? When people praise your girlfriend, you should be modest and not accept it so openly, right?

The first thing you need to do is to be more open-minded, and he nodded his head and said: "If you have a girlfriend who is so charming, you should take good care of her. If it were me, I'm afraid I would rarely

go out to socialize and just stay at home with my girlfriend! Coming out for a meal wouldn't even be peaceful."

"Oh?"

Ji Feng asked with a smile, "What does that mean?"

Li Weibing then laughed: "Think about it, leaving such a beautiful girlfriend at home, coming out to eat by yourself, and being afraid of leaving her out in the cold, and being afraid that she will run away with someone else Can you eat in peace?!"

Several people burst out laughing.

Ji Feng but a slight movement in his heart, Li Weibing this is words, what does he want to say?

Several people chatted a few more words, Ji Feng then opened his mouth and asked, "Brother Li, the foreign businessman you said on the phone, what is it about?"

"It's like this, that is, there are two companies from the boundary tent that are very interested in Tengfei Group's Kang Yuan slimming powder, and want me to make a connection and come to ask the person in charge of Tengfei Group what he thinks first." Li Weibing laughed.

"Boundary tent people? What do those brats want?" Ji Feng frowned and asked, "Brother Li, are you helping the little boundary tent people as a lobbyist?"

Chapter 1429

"Boundary tent people? What do those little brats want?" Ji Feng frowned and asked, "Brother Li, are you helping the little boundary tent people as a lobbyist?"

Ji Feng's gaze stared straight at Li Weibing, his eyebrows slightly furrowed.

Originally on the phone, Li Weibing only said that there were a few foreign businessmen who were interested in the Kang Yuan slimming powder produced by the Tengfei Group, but he didn't say much about what specific foreign businessmen they were, so Ji Feng didn't ask much, after all, in Ji Feng's opinion, no matter what, Li Weibing was also the son of Jiangzhou Mayor Li Baoyuan, and it was said that his ability and character were quite good, and his second uncle had praised him more than once.

It was reasonable to say that such a person would naturally be at ease in his work and would not do anything outrageous even if he was not good enough.

Therefore, Ji Feng believed Li Weibing and agreed to come out and sit down without even asking a single question. The actual fact is that you can't get a lot of money from the company.

..... Ji Feng is also very surprised!

The foreign businessmen that Li Weibing was talking about were actually the people of the boundary tent!

What they are interested in is not necessarily cooperation. Listening to that meaning conveyed in Li Weibing's words, how does Ji Feng feel that the people of the boundary tent are trying to merge and acquire the Tengfei Group?

“Young Ji, words can’t be said carelessly, right?” As soon as he heard Ji Feng say this, Li Weidong next to him was somewhat displeased.

Ji Feng usually bullied him and that was fine Of course, in Li Weidong’s opinion it was always Ji Feng who bullied him in the past But this time was different, big brother Li Weibing was present, and Ji Feng still had no qualms about charging his big brother with such a straightforward statement, so Li Weidong could not sit still any longer.

“My big brother he also has good intentions and wants to help that small group of yours to grow bigger, it can even go out of the country and become a multinational company, isn’t that good?”

Li Weidong said rather unconvincingly, even though he was a bit afraid of Ji Feng in his heart, but now, he put his head on the line: “Besides, my big brother is only helping you with the bridge, he doesn’t take any benefits, how can he say he is a lobbyist for those little kids? I think that’s a bit ill-considered of you.”

“Finished?”

Ji Feng looked at Li Weidong and asked with a calm and light expression.

“Said, finished.” Li Weidong’s heart immediately jumped when he was looked at, but he could only hold on stiffly, only that slightly panicked look still betrayed his inner fear.

Li Weidong was afraid of Ji Feng from the bottom of his heart, this was all a shadow accumulated from the previous events, even if Li Weibing was here, there was no way for him to completely eliminate this fear.

There was no way, Li Weidong was afraid to his bones.

However, Ji Feng had no intention of scaring him, he just said, “Now that you’ve finished, shut up.”

“You”

Li Weidong’s face suddenly turned red and he was quite indignant.

What’s wrong, buddy is at least considered a top gentry in this Jiangzhou, right? How come you always just get called around like this and don’t give any face?

“Ji Feng, don’t be so impulsive in your tone of voice!” Li Ruonan was the closest to Ji Feng, and she touched him with her foot under the table with a little plea in her eyes, “My big brother hasn’t finished his words yet, so listen to what he means first and then say it, okay?”

Just as a few people were talking, the smile on Li Weibing’s face was unchanged in the slightest, even when Ji Feng said that he was a lobbyist for the boundary tent people, he just smiled.

However, when Li Ruonan spoke to Ji Feng with a hint of pleading, Li Weibing’s expression changed slightly, a look of displeasure flashed across his eyes extremely quickly, and his eyebrows were slightly furrowed.

“Oh”

Li Weibing shook his head and laughed, "Older brother, before it was just your second brother who was more straightforward, but after meeting you today I realized that, as it turns out, you are even more straightforward than your second brother!"

"I've always been like that!" Ji Feng said.

"Hmm! I'll be generous, it's really nice to be straightforward like this, at least, I've rarely met anyone as straightforward as you!" Li Weibing laughed.

"Then, is Brother Li going to give an explanation?" Ji Feng asked.

"I understand what you mean, however, I can tell you very frankly that I am definitely not a lobbyist for whatever boundary tent people you are talking about, I, Li Weibing, will definitely not help the little kids bully our Chinese people!" Li Weibing stared at Ji Feng and said firmly.

"Then you are today," Ji Feng frowned slightly.

"Today I'm just pulling the strings!" Li Weibing laughed: "I've said it before, I represent the district, since I want people to invest, it's always necessary to create some necessary investment conditions for people, and, the service always has to keep up, so, for some of the requirements of the businessmen, we will also try to meet."

"For example,..... like today's matchmaking?" Ji Feng asked.

"Yes."

Li Weibing nodded and said, "It's hard to attract business nowadays, especially in a city like Jiangzhou. But you can rest assured, old brother, I've made it very clear, I'm just pulling the strings, as for the final success or failure of your negotiations, that has nothing to do with me, I definitely won't say a word in the middle."

Ji Feng gave him a deep look and slowly nodded.

It seemed that Li Weibing was indeed not the kind of official who helped foreigners to oppress Chinese people as he had imagined, but of course, from the beginning Ji Feng had not thought that Li Weibing would use his power to oppress himself, unless Li Weibing's brain was broken.

Ji Feng had previously thought that Li Weibing was here to act as a lobbyist.

Now, it seemed that he had been paranoid and had somewhat overlooked a gentleman's belly with the heart of a villain.

"In fact, inviting old brother out today to talk about this cooperation is just a side issue, the key is for us to get together and bond." Li Weibing said with a smile.

Ji Feng pondered for a moment, and then asked, "Brother Li, what kind of enterprise is the other party from the boundary tent? How do they plan to cooperate?"

"There are a total of three companies that are interested in Tengfei Group's Kang Yuan Slim Powder, these three companies are Sanyo Bank, Sumida Corporation, and Hishita Corporation." Li Weibing said, "Among them, the most eager are the two companies, Sanyo and Sumida."

“Well! They’re all big guys!” Ji Feng lost his smile at once.

The three companies that Li Weibing was talking about, Sanyo Bank was a world bank with extremely large assets, and focused on overseas investments, and especially liked to transfer domestic risks by way of overseas investments and loans, so it could be considered a behemoth.

Sumida Corporation is also a group of companies with huge assets, and some people call it the Sumida Group.

As for the last company, the Hishita Group, it goes without saying.

At least two to three out of ten cars running on the road are made by the Hishita Group, or are produced in joint ventures between the Hishita Group and Chinese companies.

And even if it is a joint venture, the Chinese side is actually only a working man’s role, using Chinese employees, using Chinese resources, but in the end, the profits earned by the Chinese company only account for a very small part

However, the sales are huge!

Don’t forget, there are too many brands in the car market to count, and the market share of Lingxia Group’s cars is so high that the sales volume can be imagined!

Any one of these three companies is not something that the current Tengfei Group can look up to, but now they are all coming at the same time, isn’t that a bit scary?

“If it wasn’t for the fact that these three companies are extremely powerful, I wouldn’t have agreed to make a match!” Li Weibing said, “Old brother, if we can use their channels and strength to sell the products of the Tengfei Group abroad and open up the market of the boundary tent, this is a huge leap!”

“Then there must be some price to pay!” Ji Feng laughed.

“That’s natural, we can’t take advantage of everything in this world, people aren’t stupid!” Li Weibing nodded and laughed: “However, the most crucial thing now is, how can we cooperate with them at the same time as paying the least price and creating the most profit”

Ji Feng shook his head and laughed: “It also depends on what they are thinking, but frankly speaking, these boundary tents are very cunning, it’s not that easy to take advantage of them!”

“It depends on how you guys talk, I won’t be asking about the rest!” Li Weibing laughed.

He had said just now that he was only a middleman and a matchmaker, as for how to negotiate and whether the negotiation would be successful, that had nothing to do with him.

This was quite in line with his words.

Ji Feng nodded slightly and said, “Well then, in that case, I’ll trouble Brother Li to tell those people that they can go directly to the Tengfei Group to talk, and I’ll say hello!”

“Older brother, I don’t think that’s too appropriate.” Li Weibing said with a smile, “After all, Tengfei is not a small company either, it can easily be a billion or two billion dollars, and the other party, is a giant,

the cooperation between you is definitely not something that can be reached in a day or two. So at the beginning, don't rush to talk first, we need to make an intentional contact first, what do you think?"

"How to make contact?" Ji Feng asked.

"This is very simple, our following several districts of the recruitment chamber will soon be finished, then there will be a business salon After all, those foreign enterprises came, always can't Ran to them just go, can establish cooperation with domestic enterprises that is also good!" Li Weibing laughed: "If old brother has time, come and join us then, you can make contact at the salon."

"Another business salon?" Ji Feng was stunned.

While Li Weidong, who was next to him, had the corners of his eyes jumping sharply and wildly a few times, this business salon for Ji Feng to attend?

Big brother is not afraid that this kid will smash this salon?

And at this time, Ji Feng was vaguely understanding that Li Weibing had not come to be a lobbyist for the enterprises in the boundary tent, but to show goodwill.

At least, this seemed to be the case now.

Chapter 1430

"This business salon, when is it held?" Ji Feng asked.

Li Weibing smiled, "Just three days later, the venue is here in the Linjiang Clubhouse."

"The old place!" Ji Feng said. If he remembered correctly, the last business salon was also held here, where he had beaten up Chang Chongwei!

"....."

Li Weidong opened his mouth, but not a word came out, while in his heart, he was wailing, Ji Feng was coming to the business salon again?

It's over, it looks like we'll have to find someone else to decorate again then!

..... Fuck him, don't let anyone be unenlightened again and look for Ji Feng's business then, otherwise, it would be strange if the floor of this club is not stained with blood!

Then think about the fact that Ji Feng is on his own turf and is not putting himself in the eyes at all, Li Weidong's face turned green.

"Older brother, frankly speaking, to be able to create such a large family business from nothing, without even relying on the family at all, and, in just over two years, this performance, really makes me admire it!" Li Weibing lifted his glass, full of smile, said.

Ji Feng laughed: "Brother Li, that's an overstatement."

Li Weibing shook his head with a smile, although his words were somewhat complimentary in them, in reality, they were also his sincere words.

More than two years, created a large group, more than a billion or two billion in assets, and the huge sales potential of its Kang Yuan slimming powder, as well as the kind of intangible assets

The actual fact is that you can find a lot of people who have been in the business for a long time.

Even the most outstanding business wizards, as using the same power as Ji Feng, may not be as good as what he did.

The most crucial thing is that Ji Feng found that miraculous remedy that can make Kang Yuan slimming powder sell incomparably in the market, allowing the Tengfei Group to rise rapidly as a result.

In any industry, only a small percentage of people are able to make a real achievement, but Ji Feng has proved his ability with his practical actions, which cannot fail to make people admire him!

What's more, Ji Feng's achievements are not just in business, but all-round.

Alone, he held off the Wu family's sniping, leaving Wu Zhiyong and Wu Zhihe in the dust, to the extent that Ji Feng was able to force Wu Zhiyong to only grit his teeth and put the blame on his own brother, Wu Zhihe

The first thing you need to do is to get a good idea of what you're doing.

But Ji Feng did it!

Apart from that, there were many other examples of Ji Feng, and all of these, however, Li Weibing had studied carefully. The more he studied them, the more he felt that Ji Feng's tactics were brilliant, and some of them could even be called a miracle!

Li Weibing thought that Ji Feng was a person worth making friends with, because he was very different from those other sons of the family, and even at home his father often praised Ji Feng.

Therefore, Li Weibing's invitation to Ji Feng also had the intention of releasing a signal of goodwill in it.

It is naturally advantageous to have more friends, and what's more, this friend is also Ji Feng!

It was believed that if because of this invitational meeting, an opportunity was created for the Tengfei Group to be able to go out of the country as a result, it was believed that this would be a rare opportunity for the Tengfei Group, and between him and Ji Feng, it would naturally be better to talk about it.

Next, several people did not continue to talk about this matter, since they were out to eat, it was natural to drink and eat mainly, interspersed with small talk.

Ji Feng found that Li Weibing was a much stronger person than Li Weidong.

This person is very humorous and has a keen eye, and when talking about some things, he and Ji Feng easily find common topics.

..... Li Weibing is very mature!

This is Ji Feng's most intuitive feeling for now.

As for the character and personality of Li Weibing, it is not easy to say yet, after all, they are only meeting for the second time, the first official contact, naturally do not know much.

I believe that if there are opportunities for contact in the future, Ji Feng will slowly get to know him.

After about an hour or so, Li Weibing very sensibly proposed to end the meal, the first contact, moderate and stop.

Ji Feng also nodded readily.

When it was time to leave, Li Weibing insisted on seeing him off, and Ji Feng could not resist, so he let him go.

Li Ruonan and Li Weidong, on the other hand, followed a few metres behind.

“Older brother, today’s first contact, although we don’t know each other too well yet, I can tell that you’re a straightforward person.” As he walked outside, Li Weibing said.

Ji Feng then smiled, but his heart moved, Li Weibing seemed to want to say something?

“Brother Li, there is no need to say polite words, if you have anything to say, just say it straight.” Ji Feng said with a smile.

“Alright then, since that’s the case then I won’t beat around the bush.” Li Weibing nodded, seemingly because he had drunk a lot of wine earlier, making Li Weibing’s face a little red, seemingly with a little bit of alcohol, “Older brother, I believe you can also see that I like straightforward people as well, but as a big brother, I also love Wei Dong and Ruo Nan and the two of them more ”

Ji Feng nodded, just straightforward personality, and love younger siblings, what is the inevitable connection between this?

The straightforward character of the people, unfilial is also quite a lot, with brothers to fight a death, there are also a lot of people, so he felt that Li Weidong this logic has a problem, but this is after all in the drink, occasionally say a few words of logic confusion, then there is no need to make a fuss.

So Ji Feng just listened with a smile on his face.

“That’s what I’m afraid of is the two of them getting hurt, of course, that brat Wei Dong, he often doesn’t do his job, I even want to teach him a lesson, it’s good to let him get frustrated.” Li Weibing laughed, “However, Ruonan is a no-go. Although she seems to have a big boyish temper, but in reality I, as an older brother, know best, she is very vulnerable”

“.....”

Ji Feng gave him a look.

What did Li Weibing mean by saying this to himself for no reason?

Is he saying well to himself that he is a good big brother and a good person?

Or was he reminding himself not to hurt Li Ruonan?

Once he thought of this, Ji Feng immediately understood. There is no doubt that Li Weibing is telling himself that Li Ruonan is vulnerable, but he, the big brother, does not want to see his sister being hurt, so

“Ruo Nan and I are just ordinary friends!” Ji Feng laughed.

As expected!

Once Ji Feng’s words came out, the smile on Li Weibing’s face immediately brightened up a lot, and he nodded: “It’s Ruo Nan’s honor to be friends with old brother”

“Hehe” Ji Feng laughed.

Li Weibing then couldn’t help but smile bitterly, he forgot where he heard that if you talk to a person and the other person just smiles skinned back at you with a ‘huh’, it means that you are actually on the verge of being equated with a stupid ‘cunt’ in his heart. It’s just that people can’t refute you directly, and they want to save face, but they don’t agree with what you say.

So, can only return a sentence, huh

In other words, just because of this ‘huh’ of Ji Feng, the meal they ate before, the so-called friendship that came from the exchange, all of a sudden disappeared without a trace, which was not what Li Weibing wanted to see.

But Li Weibing couldn’t help it, when he was waiting for Ji Feng in the lobby of the clubhouse just now, the demeanor that Li Ruonan displayed made Li Weibing have a feeling that this little sister of his, seemed to really like Ji Feng, and this was what made his heart jump the most.

Not to mention, Ji Feng already had two girlfriends, what would Ruo Nan be if she got mixed up with them again?

A third wife?

Or a side room?

So Li Weibing still gritted his teeth and said that, and Ji Feng gave an affirmative answer that they were just ordinary friends.

However, the friendship that was exchanged before was gone in this way.

“Brother Li stay!”

After leaving the gate, Ji Feng turned around and shook hands with Li Weibing and smiled, “Thanks to Brother Li for coming all the way to match up the Tengfei Group, I won’t say any more words of gratitude, let’s contact each other often in the future!”

“No problem no problem” a few days later business salon, old brother must attend ah, by the way, then your second brother must also come!” Listening to Ji Feng’s incomparably polite official set of words, Li Weibing laughed bitterly in his heart, but he still couldn’t show it on his face.

“Definitely!” Ji Feng smiled and nodded his head.

Watching Ji Feng and White Spider drive away, Li Ruonan opened his mouth to say something, but he didn't have the chance. After all, with big brother and second brother following her, she could only wave to Ji Feng with a smile on her face.

Only, seeing the white spider beside Ji Feng, and then thinking about the two men's previous reckless bickering and quarrels Li Ruo Nan's heart, floated some loss.

Li Weibing will see all this in his eyes, but it is not good to say anything, can only try to reduce the chances of two people meeting it.

Or, hopefully, Ji Feng would listen to his own advice.

"Ruonan, don't look, we should go back too." Li Weibing said.

"Mm!"

Li Ruonan nodded.

"I'm afraid that Ruo Nan doesn't want to go back, right?" Li Weidong looked at Li Ruonan's somewhat despondent look and could not help but laugh.

"Second brother! What are you talking about!" Li Ruonan's pretty face suddenly turned red, "Big brother, you're not helping me either?"

"Weidong, go about your business, don't be an eyesore here!" Li Weibing glared at him and said to Li Ruonan, "Don't pay attention to him, he's so grown up and still has no sense of decency!"

Li Weidong scowled and hurriedly left, but in his heart he was muttering, "I can't tell, ever since Ji Feng came in, that girl's eyes have been on him, it's strange that she doesn't like him!"
