

Campus Master 1441

Chapter 1441

After noting down the car that Ichiro Tanaka was riding in, it didn't take long for Ji Feng to see Kato in the video again, and he was riding in a Hishita sedan automobile and machinery industry, which is one of the pillar industries of the Kaitopan, and it just so happens that these several big groups in the Kaitopan have their own automobile companies, and they came to this business salon, so naturally they had to ride in their own cars.

Ji Feng likewise made a note of the car that Kato was riding in, and after that, he began to fast forward the video, and finally, he saw a few more people from Kaitou, which should be the people from Sanyo Bank.

After watching the video, Ji Feng nodded slightly and said without moving, "That's it, thanks a lot."

"No, you're welcome!" The security guard hurriedly said.

Ji Feng then turned around and walked out, Li Weidong somewhat held his breath and glared at the security guard before helplessly following him out, leaving the security guard confused, had he done something wrong?

"Ji Shao, you want to see this surveillance video, I wonder if it's for" Li Weidong asked with some curiosity.

"If I tell you, can you help me keep it a secret?" Ji Feng asked without looking back while striding outside.

"Of course, I'm not a loud-mouthed person!" Li Weidong laughed.

Swish!

Ji Feng jerked his footsteps and turned his head to look at Li Weidong.

"Young Ji, what, what's wrong?" Li Weidong asked as he was looked at with some hair on his heart.

"Do you think I will believe you?" Ji Feng asked.

"....." Li Weidong almost collapsed.

He couldn't help but let out a sarcastic laugh, "Young Ji, that's not the right thing to say, right, no matter what, I, Li Weidong, am not that untrustworthy, right?"

Slap!

Ji Feng seemed as if he hadn't heard his words, and had already walked away in big strides.

"....."

Li Weidong stood in place and froze for a long time before he couldn't help but say hatefully, "This guy, he's actually so tuggy even in front of me..... thanks to the fact that Ruo Nan still likes you! Damn, no, I must destroy you!"

But on second thought, Li Weidong was deflated again, frankly speaking, he was really afraid that Ji Feng would clean him up. At that time, Qiao Gakai and his brothers were so powerful, but they were still cleaned up by Ji Feng with three punches and two kicks?

If Ji Feng beat him up, I'm afraid that when the time comes, whether it's big brother or father, they will criticize him and not blame Ji Feng.

Besides

Ruo Nan that girl's character Li Weidong also understands, once she has decided something, even the old man can't change it, it would be even harder for him to try to sabotage it.

"Ji Feng, this bastard, was he born to be my nemesis?!" Li Weidong was on the verge of tears.

.....

Ji Feng quickly arrived outside the clubhouse, gestured to Guo Tao to keep waiting, and waved to the white spider, then the two of them went straight to the head of the car park.

Previously in the clubhouse monitoring room, Ji Feng had memorised the camera positions and angles in the car park, so it was easy for him to avoid all the cameras when he entered the car park at this point.

Ji Feng and the white spider slipped through the car park, and not long after, he saw Kato and Tanaka Ichiro's car from afar, the two cars were not very far away, but Ji Feng noticed that there seemed to be someone else in the car now?

"White spider, do you see the person in the car?" Ji Feng pointed at Tanaka Ichiro's car in front of him and said, "Find a way to lure them away, remember, don't expose yourself to the cameras."

"Yes!"

White Spider nodded and answered.

"Go no!" Ji Feng said with a nod.

White Spider walked out from the back of the car and she followed what Ji Feng said and walked towards Tanaka Ichiro's car.

When Bai Spider walked about a few meters away from Tanaka Ichiro's car, her pace suddenly softened, her body swayed, and her long hair that was originally tied into a ponytail was pulled down, she changed from a pretty girl to a gorgeous girl all of a sudden.

Snapping

The white spider swayed her body and walked over with one step and three twists.

However, just as she was about to walk up to Tanaka Ichiro's car, she only saw her take a deep look at Tanaka Ichiro's car, and then turned around violently and was about to leave.

The people in the car immediately noticed the White Spider's action and saw two men in black shirts and trousers quickly get out of the car and then quickly chased after her, while shouting, "Miss, can I help you?"

The white spider turned a deaf ear to their questions and instead quickened her pace even more, this time in the direction of Kato's car.

Ji Feng was watching from behind a car not far away and couldn't help but shake his head and laugh, the white spider was really worthy of being a former assassin, when it came to mobility, apart from Yi Xingchen, it was probably the white spider.

The white spider was so thorough in carrying out Ji Feng's meaning that sometimes all Ji Feng needed was a look and the white spider would understand exactly what he wanted.

At this moment, the two men dressed in black were about to catch up with Bai Spider, but Bai Spider suddenly increased her speed and arrived at Kato's car. She looked very panicked and hurried to Kato's car and knocked on the window.

"Knock, knock, knock!"

"Sir, please help me, someone is chasing me!" The white spider shouted, "HELP!"

Bang, bang!

Two men likewise got out of Kato's car and they hurried to help the White Spider, "#\$%#%....."

"HELP!" the white spider shouted, turning her head in panic to look at the two men coming after her and running off to the side in a panic.

"%.....# ¥# ¥#....." The two men in Kato's car hurried after them, their mouths saying something unknown, and the two men who got out of Ichiro Tanaka's car sped up even more and chased after them, all the while shouting something out of their mouths.

Immediately afterwards, Kato's men and Tanaka Ichiro's men seemed to be communicating, while the white spider was running even faster.

"This guy really has a talent for acting!" Ji Feng couldn't help but shake his head and laugh, at the same time, he had already arrived at Tanaka Ichiro's car and calmly placed a bug under his car seat.

At this time, the four men seemed to have communicated and chased towards the white spider at the same time, shouting something under their breath.

"Hey! These Kepong people are really cooperative, good job!" Ji Feng sneered and took a few quick steps to Kato's car and similarly put up two bugs.

After taking out the receiving device and adjusting the frequency to make sure there was no problem with the reception, Ji Feng nodded in satisfaction and took a look at the two cars again before turning around to leave.

Looking at the white spider at this time, it had already turned left and right, and disappeared in the blink of an eye into the sea of vehicles, disappearing.

"#\$#@%....." The four Kepong men looked around, but could not find the White Spider's shadow, so they couldn't help but gabble something, looking very angry.

“Son of a bitch, what the hell are you talking about!” Ji Feng cursed, and then left the car park with big steps. All that was left behind were the four bewildered and angry KAI Peng people, who were still looking around for the white spider.

They did not know that at this time, White Spider had already left the underground car park of the clubhouse through the emergency escape route and arrived at the roadside in front of the clubhouse. After making sure that no one was following her, she calmly entered the business car driven by Guo Tao.

.....

“White spider, good job!” Ji Feng sat on the passenger seat and said with a smile.

“It’s all because of the good arrangements made by young Ji!” White Spider pursed her lips and smiled lightly.

“Bullshit!”

Ji Feng waved his hand and laughed, “Even if I had arranged it well, without your perfect execution, it wouldn’t have worked. Planning only accounts for a very small part of the factor, the real power is you!”

White Spider then pursed her lips and smiled, and said nothing more. Her heart was sweet, being able to receive Ji Feng’s praise was the greatest reward for her.

“Guo Tao, you adjust it, from now on, record every word they say, and we’ll get a translator later!” Ji Feng said.

“Yes!” Guo Tao nodded and answered.

Ji Feng couldn’t help but shake his head and laugh, “What an asshole, to get to this point, it’s actually the Kepong language that’s putting us in a difficult position, do we still have to learn Kepong language?”

“Actually, the Kepong language is very easy to learn, just a few syllables over and over again, anyway, it’s as difficult as it sounds.” Guo Tao laughed, “Besides, I think many of the words in Kepong are traditional Chinese characters, they are just called in different ways, so you will know what they mean.

“That’s easy for you to say!” Ji Feng laughed, “You say one sentence and I’ll listen?”

Guo Tao then laughed heatedly.

“All right! Hurry up and get to work!” Ji Feng laughed.

Guo Tao then got busy, he quickly adjusted the frequency, and then opened the memory, ready to record all the conversations of the people in those two cars.

Ji Feng suddenly stabilized, “By the way, how long can this memory be stored?”

“Don’t worry, this memory is enough!” Guo Tao said.

Ji Feng then nodded, now everything was ready, just waiting for Ichiro Tanaka and Kato, the two old demons of the KAI Peng, to come out!

Time passed, and after an hour or so, people started to come out of the clubhouse.

Not long after, Ji Feng saw Kato's figure, and he immediately said, "Guo Tao, give me a receiver, I'll go follow Kato!"

"Yes!" Guo Tao nodded his head.

Before Ji Feng could get out of the car, he saw that Tanaka Ichiro had also come out of the clubhouse with his men, and unsurprisingly, the man with the gold-rimmed glasses was a complete lapdog, following beside him with a flattering look on his face.

"Young Ji, I'll follow them!" White Spider immediately said.

"To be on the safe side, you and Guo Tao follow them together, let's split up!" Ji Feng said.

When Kato and Tanaka Ichiro and the others left in the car, Ji Feng immediately got out of the car and quickly went to the car park and drove his own car, while using the intercom to talk to Guo Tao and Bai Spider.

"Be careful when following them, we don't know their details yet, don't expose them rashly in case you get into danger!"

Ji Feng admonished, "Set off!"

Chapter 1442

Buzz~~!

The BMW X6 sped past on the road, Ji Feng had one hand on the steering wheel and the other on the window, tapping on the window one by one, his gaze, however, never left the car in front of him.

Kato was sitting in the car in front of him.

For Kato, Ji Feng was extremely wary of this person, who was probably a formidable enemy.

Ji Feng's car drove fast and slow, at one time very close to Kato's car, and at another time not a short distance behind, with Ji Feng's driving skills, in the midst of this shuttle traffic, can be said to be extremely comfortable.

At the same time, Ji Feng was secretly wondering in his heart what was going on between the Hishita Group and the Brilliant Group!

Since the Lingxia Group was in contact with the Brilliant Group, and now it was coming to Jiangzhou to attend some business salon, now that I thought about it carefully, it was indeed a bit strange.

The company's business is a very important part of its business.

Or is it that the Lingxia Group itself has other intentions?

The actual fact is that you will need to think about it, at the very least, it seems that the behavior of the Lingxia Group is a bit hard to understand.

"Lingxia Group, Brilliant Group" Ji Feng couldn't help but mutter, what the hell are they up to?

"And I don't know if second uncle has already investigated it!" Ji Feng secretly said.

When he first asked Qian Hongda to tell Second Uncle about the secret contact between Lingxia Group and Brilliant Group, how exactly did they negotiate and what did Second Uncle consider, all of which Ji Feng was completely unaware of, and he didn't ask because he believed that Second Uncle would definitely make some arrangements.

However, when he met the Hishita Group again today, Ji Feng became somewhat curious in his heart.

Nowadays, the Hishita Group's influence in China was getting bigger and bigger, and it was also involved in more and more industries, from the automobile industry, to electrical appliances, to machinery and various light industries simply everything!

Wait a minute!

Ji Feng's eyes suddenly stared, electrical appliances?

He seemed to have thought of something.

The first thing that came to mind was that Kato was really after Tengfei Electric? Or in other words, he was coming for Tengfei Group's 3D TV sets!

..... is very likely!

In the past, the Zero Group's electrical appliances were sold so hot in China that they could not hold up their heads in many European and American countries, and that was also indisputable.

But it is undeniable that now in the electrical industry, technology is constantly developing, and can be described as a rapid development day by day, new products dazzle people, and other countries' electrical products are also not at a disadvantage in terms of technology, compared to the products of Kepong is also no less.

Moreover, more and more people now prefer to buy products from Europe, America or Kerry, such as Kerry's 'Four Star' electronics, whose products sell quite well in China.

With such a large market in China and frighteningly high sales every year, there is no reason for other countries not to pay attention.

Therefore, many mega multinational companies have also started to tilt towards the Chinese side, either by giving preferential policies on prices or by giving more rebates to sellers in terms of money, which makes consumers on the Chinese side, too, gradually prefer products from other countries more.

I believe that the Hishita Group will not fail to see this serious situation, especially as the Kepong people are so smart that they will pay attention to this aspect early.

The 3D TV set launched by Tengfei Electric is a pioneer in the industry, especially because the audience does not need 3D glasses at all, and the picture is completely three-dimensional, the audience in front of the TV set, as if they can touch the characters in the three-dimensional picture, the full sense of realism, even more realistic than the 3D picture in the cinema, more shocking.

It's a real punch in the gut for the world's electrical industry!

There is no reason why the Hishita Group should not take it seriously!

Then, if one thought about the somewhat strange actions of the Hishita Group, Ji Feng felt that the recent speculation was probably true, and that the Hishita Group had come for Tengfei Electric's 3D TV sets in eight out of ten `nine cases.

Otherwise, Kato would not have seen Li Xin's business card with the words General Manager of Tengfei Electric, his eyes suddenly lit up, and then revealed that extremely greedy gaze.

Now, it seems that Kato was just a reflex, because he himself was extremely eager for Tengfei's 3D TV sets!

Previously, Ji Feng had suspicions in this regard, because Kato's performance in that moment made Ji Feng believe that he was coming for the 3D TV of Tengfei Electric, however, at that time, he only drew this guess from Kato's performance.

Now, after a slight analysis, Ji Feng was almost certain.

Kato had come for the 3D TV set!

"Wanting Tengfei Electric's 3D TV?" The corner of Ji Feng's mouth couldn't help but pull up a cold smile, "Does he want the agency rights for 3D TV sets, or does he want the technology in this area?"

If I were Kato, I would want to get my hands on the technology. If I wanted the agency rights, I would be no different from a sales agent, and the bulk of the profits would still be taken away by the manufacturer.

No one would be happy about that!

As to say, coveting people's technology is not a little less honorable this is not a problem at all, in the mall is also the same deceitful, compared to the fierce battlefield, the competition in the mall is also not calm, this is completely a war without smoke.

It's a war without smoke and mirrors. It's all about the end result, not the process!

What's more, when have the people of Kepong ever been disciplined? When have they ever felt dishonoured?

Even the war that took place half a century ago could be found ways to embellish, or even deny, and completely disavow the evil deeds committed by the Kepong military in China, so what else is there that they cannot do?

"Buzz~~!"

Suddenly, Ji Feng's mobile phone vibrated, and he casually picked it up to see that it was a message from White Spider.

"Young Ji, we followed Tanaka Ichiro to the hotel, Guo Tao is trying to figure out how to sneak in and install a wiretap!" The white spider reported their whereabouts.

Ji Feng then smiled faintly, it seemed that everything was going well on the White Spider's side, just wait for Guo Tao to install the bug into Tanaka Ichiro's room, then the task would be completed.

In fact, it was a rather helpless way to install a bug in the room.

The reason for this is that Guo Tao is not good at tracking and sneaking, and in fact the best way is to put the bug on Ichiro Tanaka's bag, or directly on his body.

But in order to avoid being discovered, Guo Tao decided to put the bug in the hotel where Tanaka Ichiro was staying after discussing with Ji Feng.

Although that guy was the vice president of Sumida Group, it wasn't worth paying too much attention to. The key was Kato of Zero Down Group, this guy was the character that Ji Feng valued the most, that's why he chose to follow Kato personally, and, he had to find a way to put the bug on Kato's body!

"Maybe it would be better if Liu Zejun was there!" Ji Feng secretly said.

When it came to sneaking around, among these people around Ji Feng, it was Liu Zejun and White Spider, if the two of them wanted to sneak out, it was simply impossible to defend against them.

But now White Spider cannot make a move, because Tanaka Ichiro and Kato, both of whom have seen White Spider, will definitely be on guard once they find her.

In fact, Kato and Tanaka Ichiro had likewise seen the White Spider and it was believed that they were still very impressed.

Therefore, the difficulty of Ji Feng's side of the operation was more difficult than that of Guo Tao and the White Spider duo.

"The time for the test has come!" The corner of Ji Feng's mouth pulled up a slight curve, without the slightest bit of tension.

Knowing that Kato knew him, and having to find a way to get close enough to him to let his guard down, and to successfully place the bug on Kato's body, was a big challenge, but Ji Feng had the confidence to do it well.

Before he followed Kato, Ji Feng already had a complete plan.

Seeing Kato's car gradually slowing down in front of him, Ji Feng couldn't help but smile heartily, it was time.

So, he picked up his phone, called up Kato's number that he had asked for from Li Xin, and dialed it.

"Beep~~beep~~beep~~" The call came through.

"Moshi Moshi" Kato's voice came through.

Ji Feng smiled, "Mr. Kato is it? I'm Tengfei Electric's General Manager Li Xin's assistant, we met before at the business salon at the Linjiang Club."

"Li Sang's assistant?" Kato was stunned for a moment, then his voice lowered, "Hello, may I ask what's the matter?"

As soon as he heard that it was Li Xin's assistant, Kato's voice immediately changed, which made Ji Feng sneer in his heart, it seemed that Kato really did have an intention for Tengfei Electric.

He said without moving his voice, "It's like this, about the matter of Tengfei Electric, I want to talk to Mr. Kato, I don't know if it's convenient for Mr. Kato?"

"What do you want to talk about?" Kato did not immediately agree, but asked.

Ji Feng's eyes flinched, this guy looked wary.

"It must be something that interests Mr. Kato!" Ji Feng smiled faintly, "I just don't know if Mr. Kato is willing to give me a chance!"

Kato did not answer immediately, but was silent, as if he was trying to figure out how credible Ji Feng's words were, or was considering something else.

Ji Feng was not in a hurry, he believed that as long as Kato was interested in Tengfei Electric, he would definitely agree.

As expected, after a while, Kato's voice finally came through, "Alright then, I'm at the Xin Yi Hotel, call me back when you come, but you have to be quick, I have other arrangements for the evening!"

"Sure sure!" The smile on Ji Feng's face got even wider.

Pop!

Hanging up the phone, Ji Feng's eyes glowed coldly and he couldn't help but sneer, "You really do have plans for Tengfei Electric!"

Chapter 1443

When Ji Feng arrived at the Xinyi Hotel, before he parked his car, he saw a man sitting inside the hotel's main entrance through the car window, Ji Feng knew this man, he was Kato's bodyguard, Ji Feng had seen this man when the white spider was deliberately creating commotion in the underground car park.

Ji Feng couldn't help but sneer, once Kato heard that it was about Tengfei Electric, he really couldn't sit still and sent his bodyguard to sit in the lobby and wait.

Even a blind man could tell how eager Kato was for Tengfei Appliances!

With a secret sneer, Ji Feng parked his car in front of the hotel, he did not rush to get out of the car, but took out his mobile phone and dialed Kato's number again.

"Mr. Kato, I've arrived at the entrance of the Xinyi Hotel, may I ask how I can find you?" Ji Feng asked.

"Wait at the entrance, I'll send someone to pick you up!" Kato's voice came over the phone.

"Okay!" Ji Feng smiled faintly.

And then, he got out of the car and walked towards the front entrance of the hotel.

At this time, Ji Feng saw that Kato's bodyguard, who was sitting in the lobby of the hotel, immediately got up and walked towards the outside, so Ji Feng was even more sure of his suspicion in his heart that this person was Kato's bodyguard, and he was not wrong.

Ji Feng and Kato's bodyguard met at the door, the man stared at Ji Feng for a moment and asked in a very hard tone, "Ji Feng"

His pronunciation was very awkward, apparently hardwired to remember Ji Feng's name, but himself was unable to speak Chinese.

This was a Kepong person.

"It's me!" Ji Feng nodded and smiled.

"Please, a me up", the bodyguard said in a very awkward manner.

Ji Feng, however, immediately understood what he meant, he was saying – please follow me.

And then, Ji Feng followed behind this bodyguard and went up the lift of the hotel to the outside room of a suite.

"Knock to the sack!" The bodyguard spoke a bird language.

Ji Feng, however, understood it and nodded his head. What this bodyguard said should be wait a little, this simple vocabulary, Ji Feng still had some exposure to it.

After that, the bodyguard went into the inner room, while Ji Feng stood alone in the outer room and looked around at the suite's environment.

The suite was very ordinary, and at first glance, it did not deserve the name of Kato, the manager of the Hishita Group in China, but when you think about the style of work of the KAI Peng people, this is understandable.

Frankly speaking, if we put aside the ethnic feud and look at it from a comparative perspective, there is a lot for the Chinese to learn from the Kepong people. But it is this kind of stubbornness that makes them so research-minded that they will not give up until they have achieved their goal, and this is something that the Chinese should learn from.

The Kepong people also have another thing to learn from the Chinese, and that is their simplicity.

The more accomplished the Kepong people are, the less they will be wasteful, which is in stark contrast to many of China's great tycoons and bigwigs.

In particular, the leaders of some state-owned enterprises in China even hate to waste the whole enterprise at once as if.

Ji Feng had once read a news story where it was said that the boss of a state-owned enterprise in a certain city had gone to Macau and ended up losing a whole year's profit of that enterprise in just one week!

And this matter actually waited until half a year later, the deficit of the enterprise was really too big, and finally the hole could not be plugged anymore, which was only exposed, and later, because of this matter, a large number of leaders of state-owned enterprises who lost public money were investigated.

There was even a boss who actually kept a dozen lovers, some of whom had villas worth over a hundred million dollars abroad, so you can imagine how wasteful those high and mighty lords really were.

Compared to the simplicity of the Kepong people, these people really put all Chinese people to shame.

But on the flip side, the more the Kepong people possessed these excellent qualities, the more difficult they were to deal with as enemies, which made Ji Feng even more wary.

“Zap!”

The door to the inner room suddenly opened, and the sound pulled Ji Feng’s thoughts back, and he turned his head just in time to see Kato coming out of the inner room.

“Mr. Kato, hello!” Ji Feng immediately greeted Kato with a smile on his face.

However, at this moment, Kato did not have the same kind of chutzpah that he had before at the Linjiang Club, instead, he looked very dignified and had a feeling of being on top.

“You’re Risan’s assistant?” Kato looked at Ji Feng for a moment before asking.

“Yes, Mr. Kato, hello hello” Ji Feng was all smiles as he enthusiastically went forward to shake hands with Kato, “I took the liberty to visit you, sorry to bother you!”

Kato, however, after a second or two, then extended his hand, shook hands with Ji Feng, and said lightly on his lips, “You came to see me, what’s the matter?”

He didn’t even let go of his seat, just shot a harsh gaze from both eyes, staring intently at Ji Feng.

Ji Feng, however, did not care about Kato’s attitude and just smiled and said, “It’s like this Mr. Kato, I want to cooperate with you on a personal basis.”

“Oh? Is that so?”

Kato said noncommittally and then asked, “Then how do you want to cooperate with me?”

Ji Feng smiled, “I can give Mr. Kato all the information about Tengfei Electric, while I, on the other hand, would like to get a sum of money.”

“Nonsense!”

Kato’s face, however, sank, “What do you take me, Kato, for? You’re insulting me!”

With that, Kato violently shook off Ji Feng’s hand. He, however, did not notice that just because the magnitude of his movement suddenly increased, it made Ji Feng pull away from him very easily, and in the process, Ji Feng had already placed the wiretap on Kato’s body.

Even Ji Feng didn’t expect it to go so smoothly, and it was all thanks to Kato’s cooperation.

“Mr. Kato, are you not interested in Tengfei Electric’s 3D TV sets?” Ji Feng let out a slight sigh of relief in his heart, but his face was showing great eagerness.

“I do hope to cooperate with Tengfei Electric, but it is through the formal way, signing a cooperation agreement with Tengfei Electric, not using such despicable means, which is not something a decent businessman should do!” Kato said in a deep voice.

“Mr. Kato!”

Seeing that Kato had rejected him, Ji Feng was 'anxious', his voice raised quite a bit and he said urgently, "Even if we are talking about cooperation, it would be useful to be able to learn more about the other party, right? We have an old Chinese saying that if you know yourself and your enemy, you will never be in danger in a hundred battles! I can provide Mr. Kato with the situation of Tengfei Electric, especially the thoughts and intentions of our general manager Li Xin, in that case, I believe Mr. Kato can also take the initiative when negotiating, can't he?"

"That's enough!"

Kato waved his hand and said, "You know what? What you are saying to me now, if your general manager finds out about it, it will be the end of the line for you."

Swish!

Ji Feng stood up at once and said loudly, "Mr. Kato, are you threatening me? In that case, I see no need for our negotiations to proceed! Goodbye!"

With that, Ji Feng was about to leave.

"Hehe"

Kato, however, suddenly laughed and pressed his hand downwards, "Young man, don't be so impulsive, things always need to be talked about, sit down!"

"Then you have to promise me that you won't tell our general manager about what happened today!" Ji Feng said in some panic, "And not to tell anyone!"

"It depends on how we talk!" Kato said, "You probably don't know it yet, there are surveillance videos in all the suites of this hotel, moreover, I have also asked my people to turn on the recorder, there is a complete record of what you said, and the video of you coming here, you say, if I give all these records to your general manager"

"Kato! You are so despicable!" Ji Feng said angrily.

"Despicable? No no! There is no meanness or nobility in the business world, only success and failure!" Kato's face was not the least bit embarrassed, as if he was doing something for granted, "Of course, you Chinese people won't understand, that's why your China is far behind our sector Peng, both in terms of economy and technology."

"You" Ji Feng was furious and pointed at Kato, unable to speak in anger.

"Getting angry won't solve the problem!" Kato said indifferently, "Of course, if you are willing to sit down and talk, maybe we can find a solution to the problem together, don't you think?"

Ji Feng's face changed, but in his heart he was angry and amused, this Kato was really not as simple as he appeared to be.

Now it seems that Kato sees his arrival as an opportunity, and he wants more than a simple cooperation.

But to be able to say such despicable things so lightly, one really needs to have a certain thickness of skin to be able to do so.

It was ridiculous that Kato had not even got his own name yet, and he thought he could eat him up.

“Come with me to the inner room to talk!” As if he didn’t see Ji Feng’s face, Kato just turned around and walked towards the inner room after saying a faint sentence.

Just as he turned around, the corners of Ji Feng’s mouth twitched a few times and he almost didn’t laugh out loud, but when Ji Feng’s afterimage glanced at Kato’s bodyguard sitting next to him, he immediately tensed his face and forced himself to hold back his laughter.

I’ll play with you slowly first and see what tricks you can come up with!

Ji Feng said secretly.

Kato was very keenly aware that this was an opportunity and he wanted to catch Ji Feng, but Ji Feng was equally moved in his heart and also thought that this was a rare opportunity and he also wanted to seize it, now it was up to each other who was smarter and who was the one who really had the last laugh!

“Kato, this time I will definitely make you fall on your face!” Ji Feng said coldly in his heart.

Chapter 1444

Following Kato to the inner room, Ji Feng still looked indignant with a huffy look.

“Have a seat!” Kato, however, looked at ease, completely looking as if he had Ji Feng in his sights.

If Ji Feng hadn’t seen Kato’s wise and humble appearance at the business salon at the Linjiang Clubhouse before, Ji Feng almost couldn’t believe that this Kato in front of him could actually have that kind of wise and humble performance, the current Kato was a complete contrast to the kind of polite and courteous Kato at the clubhouse, it was unbelievable!

“Humph!

Ji Feng coldly snorted and sat down on the sofa with a buttock, he said in a deep voice: “Mr. Kato, I hope you don’t have the idea of threatening me in mind, it won’t do you any good!”

“Oh?”

Kato laughed, “No good for me? How is it not good for you? Tell me.”

When he spoke at that moment, the Chinese language he spoke was even more fluent than when he was in the Linjiang Club, if one just listened to him speak, I’m afraid anyone would think that this was a Chinese person.

“Kato you should not forget that this is China, this is our territory, you’d better restrain yourself here or else” Ji Feng stared coldly at Kato, he didn’t continue with the rest of the words, but that extremely unkind look, it was a good indication of what he wanted to say.

The first thing you need to do is to get a good idea of what you’re doing.

“Can I understand that you are threatening me?” Kato stared coldly at Ji Feng.

“If we cooperate, it will be beneficial for everyone, but if we fight each other, I believe it will definitely be a lose-lose situation, so I think it is better for us to talk.” Ji Feng said without answering Kato’s question positively, but his tone had softened considerably.

“Humph! Cooperation?”

A sneer appeared on Kato’s face, “Young man, it seems that you haven’t recognized your situation clearly. Let me tell you, from the moment you arrived here, you have lost the qualification to negotiate. Here, you have only to obey, or else you will lose your name! Think about it, if I were to make the video and recording all public, what other company would want you? As far as I know, although all Chinese people are soft-hearted, they also hate people who eat out of their own pocket

Doggone thing!

Ji Feng couldn’t help but cursed, this Kato was really cunning, he had made a setup after receiving his call, when he came, he would immediately fall into his trap, and it was impossible to get out of it.

As Kato said, if he made the video and the recording public, there would be no place for him in China, no matter how big it was. No company would use such a man who eats from the inside, and even if he started his own company, no other company would be willing to work with him.

Who would be afraid of being screwed!

If it was a different person, there was definitely a chance that he would be trapped by Kato. One had to admit that this person’s tactics were really old-fashioned, and this person was extremely sinister.

The first thing you need to do is to show that you’re angry at being tricked. If you’re smiling after being tricked, you’re clearly telling people that I’m not afraid of your trick

“Kato, what exactly do you want!” Ji Feng asked in annoyance.

“Young man, don’t be so angry, in fact, I am doing this for your own good.” Kato said indifferently, “I have just said that you Chinese people are all slippery and soft-headed. How can I trust you if I don’t catch you in the act?”

“Ha!”

Ji Feng snorted, “According to you, you counted me out or to create conditions?”

“That’s right!”

Kato nodded without blushing and said, “It’s because I caught you in the act that I would later trust that you would never betray me, and because of that, I haven’t even asked your name or identity until now, I just know that you’re Li Xin’s assistant, you say, is that still not trust?”

“That’s fucking bullshit trust!”

Ji Feng couldn’t help but sneer and said angrily, “You’re trying to control me!”

“Young man, it’s no longer wise for you to say these words now, in your Chinese words, it’s called a log that has become an ark, the raw rice is already cooked, there’s no use for you to say anything, it’s better to accept the reality!” Kato said indifferently.

“I day!”

Ji Feng froze for a long time and couldn't help but curse, “I'm cooking rice with you? Don't talk nonsense if you don't know Chinese, Kato, just say it plainly, what exactly do you want!”

“I want you to be my inside man in Tengfei Electric!” Kato said directly, “As for your mission, you have already arranged it for yourself before you came here, you have to keep me informed of the movements of Tengfei Electric, as well as the thoughts and intentions of your general manager Li Xin, these are very important to me, and to you, even more important.”

“What if I don't agree?” Ji Feng laughed coldly, “You're trying to wolf down an empty glove!”

“Young man, think about your future, don't end up in a one-two punch, that won't be good for you and me.” Kato said indifferently, “Besides, you provide me with that information, from now on we are friends, you will get the salary that Tengfei Electric will pay you every month in addition to the money I will give you, this money is not a small amount, I believe it is still very attractive to you, might as well consider it?”

Ji Feng's face was cloudy and uncertain, as if he was having a violent struggle in his heart.

Only after a long time did Ji Feng grit his teeth and said, “I want to know how much money you can give me?!”

“That's right!” As soon as he heard this, Kato immediately laughed: “Young man, don't mess with your future, let alone with money!”

“Cut the crap, how much can you give!” Ji Feng said impatiently.

“One hundred thousand!”

Kato held out a finger, “One hundred thousand a month, how about that, that's quite a good salary for you, right? On top of that, you'll be a friend of the Hishita Group from now on, if one day you can't stay at Tengfei Electric anymore, you can always come to the Hishita Group, and by then, your salary will be even higher!”

“Also, if Tengfei Electric is acquired by the Hishita Group in the future, you might be the vice president of Hishita Electric!” Kato smiled faintly, “Think about it?”

Ji Feng was instantly silent.

His heart, on the other hand, was flooded with layers of ripples. This Kato was indeed a formidable person, this soft and hard hand, slapping and then giving a sweet date, was an irresistible temptation for anyone.

First, he had evidence that he had 'betrayed' Tengfei Electric and its general manager Li Xin, and threatened them, then he used a high salary and a high position to coax them, and with this combination of moves, if he really came to make a deal with Kato, I believe he would have raised his hand and surrendered.

Unfortunately, Kato was facing Ji Feng. He could never have imagined that the high salary and position he had promised would not mean anything to Ji Feng, which not only could not move Ji Feng, but also strengthened his determination to deal with Hishita Group and Kato!

If this man stays in China, he will be a huge threat, both to China and to the Tengfei Group.

The way Kato behaved today made Ji Feng determined that he must find a way to get rid of Kato, and he must not reveal any traces of it.

After all, no matter what kind of person Kato was, he was always a Kepong man, if it was known that it was Ji Feng who got rid of him, the impact would be too bad, and the Kepong side would not rest in peace

“Young man, how’s the consideration going?” Kato asked.

Ji Feng’s face instantly changed and he stood up with a jerk: “Sorry, Mr. Kato, your threats don’t work on me. I’d rather have nowhere to stand, and I definitely won’t be a lapdog, otherwise, my ancestors will be cursed!”

After saying that, Ji Feng coldly said, “Farewell!”

And then he walked out with big strides, the light of his eyes glancing over the sofa opposite Sato, seeing that he could not see the slightest difference in the cracks of that sofa, he was completely relieved.

“Young man, I advise you to think it over and not to be impulsive!” Kato said.

Ji Feng couldn’t help but admire this KAI Peng brat, this man was old and deep-witted, and had his mind made up, he was definitely a tricky fellow, strictly speaking, he should be a difficult bastard!

“No need to think about it, goodbye!” Ji Feng snorted coldly and left the room with big steps.

Looking at Ji Feng’s leaving figure, Kato, however, did not fluctuate in the slightest, and only smiled slightly, looking very confident.

A few moments later, a young man walked in, this was Kato’s assistant.

He looked at the door and couldn’t help but ask, “Mr. Kato, he’s just going to leave? Do you want me to deal with him?”

“No need!”

Kato waved his hand and said, “This man is already considered one of my dogs, so be nice to him and make him do his best for us!”

“But he hasn’t agreed to Mr. Kato’s request!” The aide said in great confusion.

“No!”

Kato waved his hand and said chestily, “In fact, he has already agreed, he just can’t pull it off on his face yet, and his mind hasn’t changed over for a while, he still needs time. But I believe that eventually he will give in, that’s the way the Chinese are, they have no hard bones. Back then our predecessors could

conquer half of China and have given us good illustrative teaching material, nowadays we just need to follow the book and it will be enough to deal with the Chinese!”

The assistant was somewhat puzzled, but nodded and said, “Then let’s wish Mr. Kato success in advance!”

“Hey!”

A very ugly smile appeared on Kato’s face, “More than success? I want Tengfei Electric to eventually become an industry of the Hishita Group, to make the Chinese people continue to work for us, we, KAI Peng, are the ones who should be the world leaders in advanced technology no matter what industry we are in!

Chapter 1445

Ji Feng maintained a calm and collected pace until he walked out of the doors of the Xinyi Hotel, when he couldn’t help but sneer.

“Son of a bitch, you really are a wolf!”

Kato’s behaviour in the hotel was completely different from his behaviour in the Lin Lin Jiang clubhouse. In the hotel, Kato’s treachery and cunning was really on full display, so that Ji Feng couldn’t help but feel awe in his heart.

It was not because of anything else, just the person Kato made Ji Feng’s heart wary.

If it was only because of the Hishita Group, Ji Feng was not too worried, because Kepong’s enterprises were considered a threat to the word, and almost all of them wanted to annex China’s enterprises, especially many of China’s cutting-edge technologies, which were almost imperative for Kepong.

The key is Kato, for Ji Feng, Kato is the one he is most wary of, because Kato is too cunning, one could even say that he is a wolf!

For such a person, Ji Feng was really extremely wary.

It was not surprising that KAI Peng’s companies had designs on China, that was well known. However, the fact that the Hishita Group had such a person as Kato gave Ji Feng a great sense of crisis.

Kato was a dangerous person!

It was because of this feeling that Ji Feng was instead more cautious. When dealing with a person like Kato, what you need is not just shrewdness, but also caution and the kind of vigilance that others don’t have, and only then can you guard against that old fox Kato.

The latter is the kind of person who is so cunning that if one is not careful, he may be schemed and fall into someone else’s trap without realising it.

However, more than Qian Hongda, Kato made Ji Feng wary and more frowned upon. Kato wasn’t just treacherous, there was that cunning, and more than that, there was shamelessness!

This person, Kato, could threaten others without regard to his status or face, but not Qian Hongda, so Ji Feng liked Kato a bit more than Kato.

The most fearful thing about people is contrast. As the saying goes, people are more angry than others, and it is not only oneself who are angry, but also the onlookers.

Now Ji Feng is a bystander, but in his opinion, Qian Hongda is simply not worth many times better than Kato, this person, Kato, makes Ji Feng's body sweat all the way up.

"Just wait, we'll see who is counting on who!" Ji Feng secretly sneered.

He arrived outside the hotel and hesitated slightly in his mind for a moment, after which he walked straight to the roadside, asked the hotel porter to help him stop a taxi, got in and set off.

Ji Feng did not drive his own car, even though he had driven here, but since he was acting now, he had to act realistically.

If Kato found out that he had actually driven a BMW X6, then the other party would definitely be suspicious of his motives.

One should know that when Ji Feng approached Kato, his purpose was for money. But if Kato found out that he himself was not short of money, with Kato's shrewdness and cunning, it would be strange for him not to be suspicious.

Once Kato found out, then the previous efforts made by Ji Feng would be meaningless.

.....

"Pop!"

The window of the room was closed.

Kato's face wore a smile of realization as he hummed, "It's true, this person is very short of money, as the assistant general manager of Tengfei Electric, this person actually doesn't even have his own personal car, in a city like Jiangzhou and engaged in business activities, having a car is already considered a necessity."

Yet, this young man still took a taxi to leave, so it was evident that this person must be living in extreme distress.

Kato couldn't help but smile confidently, "Tengfei Electric, it's about to be mine!"

The assistant whispered next to him, "Mr. Kato, when are you going to take on Tengfei Electric?"

"Hmph, there's no rush on that!"

Kato smiled and waved his hand, looking like he had a clear plan, smiled and said, "A bite back, things have to be done step by step, right now our focus strategy is still on the Brilliant Group in Southern Guangdong, that is a big piece of fat meat, we must grasp it tightly, we have to eat it in our belly before we can start the next strategy, because the resources that the Brilliant Group has, even is very attractive even for the Empire."

"As for Tengfei Electric, of course, we have to do it too, but not now." Kato nodded his fingers as if he had the taste of pointing to the mountains, "This young man, he can be treated as a secret son, for now we can make contact with Tengfei Electric, but there is no hurry, after the 3D TV sets have been

promoted in China for a period of time and have an effect, then we can formulate a strategy This young man may seem like a villain, but he is the key to our acquisition of Tengfei Electric!”

“Haa! Mr. Kato is very thoughtful.” The assistant immediately nodded his head and said with great admiration, “With Mr. Kato’s planning, I believe that not only the Brilliant Group, but also Tengfei Electric will be an asset of our Hishita Group!”

“Humph!”

Kato grunted very proudly and said, “The Empire’s strategy in China will have our Hishita Group, with me, Kato, taking the lead in reaching it, and I believe that our name will be in the credit book of my KAI Peng Empire!”

“Haj!”

The aide bowed vigorously and nodded, exclaiming, “I am willing to follow Mr. Kato and contribute my part to the advancement of the Empire and the expansion of the group!”

“Haha” Kato laughed in amusement at these words.

.....

“Son of a bitch, what are you talking about!” Ji Feng listened to the voice coming from the recorder, he couldn’t help but frown slightly and cursed.

This recorder kind, the Kato duo speaks in KAI Peng language, and they two KAI Peng people talk to each other, the speed of speech is particularly fast, Ji Feng can be said to be unable to understand a word, at most, can understand a few words, but once it is connected with other words, he can not understand a word.

“Buddy, are you listening to the programme of KAI Peng?”

The taxi driver sitting in the driver’s seat couldn’t help but ask with a smile, “Kepong is just bird language, it’s normal to not understand it.”

“Yeah, listening to a Kepong programme.” Ji Feng laughed.

“If you want me to say it, the words spoken by the Kepong people, that’s bird language, normal humans definitely can’t understand it, and only those bird people of his can understand it.” The taxi driver said.

Ji Feng couldn’t help but laugh, “Master, I didn’t expect you to be a cynic too.”

“Hi!”

The taxi driver laughed: “That’s not really cynical, anyway, I just don’t like Kepong people, usually when I meet Kepong people, I’d rather get complaints than pull”

The taxi driver couldn’t help but talk about all the bad things about Kepong, which made Ji Feng laugh as he listened.

However, Ji Feng was also very relieved that at least, there were people who were the same as him, all disliked Kepong and even more disliked Kepong people. Then Ji Feng felt that what he was doing now was actually very meaningful.

Time flew by as he chatted with the driver, and an hour later, Ji Feng met up with Guo Tao and White Spider on a street.

“Did you guys find anything when you followed Ichiro Tanaka?” Ji Feng asked.

“It’s all unintelligible anyway.” Guo Tao laughed.

White Spider also pursed her lips and laughed lightly, “They speak too fast too, I can’t quite understand them either.”

“It doesn’t matter, find someone who knows the Kepong language to translate for me.” Ji Feng laughed.

Saying that, he took out his mobile phone and dialed Li Weibing’s number.

“Elder brother Ji Feng, what are your instructions?” As soon as the phone was connected, Li Weibing’s voice came through the phone.

Ji Feng smiled and said, “Brother Li, help find a translator who knows the Kepong language?”

“Of course it’s no problem, but what do you need a Kepong translator for?” Li Weibing asked, and he suddenly flinched and asked in a panic, “Older brother, you’re not doing anything to the Kepong people attending the business salon today, are you?”

Li Weibing was instantly frightened, he didn’t quite understand Ji Feng’s character yet, he just knew that this guy could dare to do anything, even Chang Chongwei dared to deal with, even the Wu family’s people he didn’t care about, what else did he not dare to do?

Maybe, he really did something to the Kepong people today, you know, those Kepong people’s attitude is not very good.

Ji Feng laughed, “Don’t worry, I just recorded what those few Boundary Pontiffs said and wanted to know what they were talking about.”

“Then I’m relieved.” Li Weibing laughed, “Being in the system, old brother is more understanding!”

“Totally understand.” Ji Feng laughed.

“Good then, come to the Linjiang Clubhouse, several translators will be staying here at night.” Li Weibing couldn’t help but let out a sigh of relief and said with a smile.

Ji Feng looked at his watch and smiled, “Half an hour.”

Sure enough, it hadn’t been half an hour before Ji Feng and the three of them arrived at the Linjiang Clubhouse.

Li Weibing was personally waiting at the entrance, and Li Weidong was also accompanying him. It was not known whether it was because he was afraid of Ji Feng, or because there was Li Weibing there, which made Li Weidong only greet him honestly at the entrance.

After a brief exchange of pleasantries, Li Weibing introduced the two Kepong interpreters to Ji Feng, both of whom were Chinese nationals, only that they had studied Kepong in university, which was exactly what Ji Feng wanted.

Ji Feng then took out the two recordings he had prepared long ago and gave them to him for translation.

However, the phrases they translated made Ji Feng's face look very ugly, one could even say it was gloomy.

"Chinese people are all soft-headed?" Listening to the interpreter say what Kato said, Ji Feng sneered, "I do know that the people of Kepong are all soft-headed, you just have to be tough, beat them painfully and fearfully, the people of Kepong are more full of servility than anyone else."

After a pause, Ji Feng asked again, "So what did Ichiro Tanaka and the others say?"

"They" The two interpreters looked at each other, and both had a look of hesitation on their faces, looking a little embarrassed.

It was obvious that Tanaka Ichiro had certainly not said anything good.

"You guys say it directly, no need to have any worries." Ji Feng said.

Chapter 1446

"They" The two interpreters looked at each other with a hint of hesitation on their faces, looking a little embarrassed.

It was clear that Tanaka Ichiro had certainly not said anything nice.

"You guys say it directly, no need to have any worries." Ji Feng said.

"Yes!"

That interpreter hesitated for a moment before saying, "The conversation in this recording is talking about Chinas pigs!"

"That's a good point!"

Ji Feng smiled at his words and immediately grinned, this interpreter had managed to stir up his anger instantly by just saying three words.

Chinas pig!

This was a very insulting word that any Chinese would not be able to resist the urge to kill after hearing it, and it was a disgrace to the Chinese!

This is a disgrace to the Chinese people, especially when it comes from the mouths of the people of the border tent, it is more likely to remind people of the war decades ago.

At this moment, in Ji Feng's heart, it could be said that he was already flooded with a monstrous rage. If Tanaka Ichiro was in front of him at this moment, Ji Feng would definitely trample Tanaka Ichiro to death on the floor in a fit of rage!

“Tanaka Ichiro, well, I remember this person!” Ji Feng nodded his head very seriously.

Both those two interpreters, as well as Guo Tao and White Spider, all felt very clearly the kind of extreme anger that Ji Feng was suppressing.

Obviously, just this one sentence from Tanaka Ichiro had completely pissed off Ji Feng.

“What else did he say next? You guys keep translating!” Ji Feng looked at the two translators with a somewhat timid look on their faces, so he couldn’t help but waved his hand and said.

“This” One of the translators was in a difficult position, not knowing what to say.

“What, is there something you can’t say?” Ji Feng asked.

“This gentleman, in fact, it’s better not to translate the words below this, they are all, they are all cursing words, there is nothing substantial!” The other editor was slightly resourceful and hurriedly explained.

“Ho!”

Ji Feng couldn’t help but sneer, “It looks like that Mr. Tanaka Ichiro hasn’t cursed much, I’m afraid!”

The two translators then couldn’t help but smile awkwardly, in fact, their situation was very awkward, now it was obvious that the boundary tent people had offended this gentleman in front of them, while those words, however, were still translated over to them

Especially, even the district chief Li and the owner of this club, are personally greeted, it can be seen that the identity of this young man in front of him is also certainly not simple, so that the two translators are even more restrained, even the following words are not translated to Ji Feng!

“Since you guys are not good at talking, then forget it!” Ji Feng waved his hand and said, “Give you two a job, don’t bother with those cursing words inside the recording for now, you just need to put aside those, but whatever words that are not cursing, you translate them, okay?”

“No problem!” When the two heard this, they couldn’t help but breathe a sigh of relief, in fact they were really afraid that if they translated any more harsh words, when this young man in front of them became furious, he would even blame them together.

You know, sometimes it’s not too uncommon for a fire at the gates to affect the fish in the pond, especially for the big shots, and if the translated phrases annoy them, then they might think badly of the translator, and that would be wrong!

For example, some people might think, “What, can’t you translators translate more euphemistically? Do you have to use those awful words to show your standard?”

But those people would not remember that they actually asked the translators to translate the original words!

The two translators were afraid that Ji Feng would do the same, although they were district staff, according to Ji Feng could not control them, but, the previous attitude of Li Weibing Li district chief towards Ji Feng, the two translators could see in the eyes, once Ji Feng had a bad opinion of them, when

the time came, Li district chief was afraid that he would also be distant to them, then their future in the system, it is really not easy to say

The two of them are naturally relieved and more attentive to translation.

The two translators took a lot of effort to translate the two recordings of Ichiro Tanaka and Kato because there were still a lot of murmurs in the recordings, plus the fact that the people of the border tent were speaking a series of birds, and their own conversations were spoken quickly.

When Ji Feng heard the recordings, he couldn't help but be silent for a moment before he said, "Gentlemen, thank you for your hard work, this is a little something from me, I hope you will accept it!"

Saying that, Ji Feng took out a cheque book from his pocket and gave them some money for their hard work.

The two of them were still going to push back, but Ji Feng waved his hand and smiled, "That's all, this is also a kind of affirmation of what you all have learned, it turns out that learning the tent language is actually very useful, especially when you're up against them!"

Those two translators then accepted with a smile.

And then, Ji Feng took Guo Tao and Bai Spider and left the Linjiang Club, only in the car, he called Li Weibing and explained that he had left.

"Guo Tao, you get out of the car first!"

When the car had been driving for ten minutes, Ji Feng instructed Bai Spider to stop the car at an intersection and said, "Guo Tao, you still have to go to the Xinyi Hotel, my car is still in the car park in front of that hotel, it's not convenient for me and Bai Spider to show up anymore, it's better for you to go there."

"Then I'll send the car to your home?" Guo Tao asked.

"No, just drive it straight to the company, I'm definitely going to make a trip to the company in a few days anyway." Ji Feng said, "That's it, call me again if there are any problems."

Guo Tao then nodded, he knew that Ji Feng was definitely not in a good mood right now and could even be said to be forcing himself to suppress his anger, so he didn't say anything more and just took a taxi and rushed to the Xin Yi Hotel that Ji Feng had mentioned.

Ji Feng and the white spider started to rush towards home.

On the road, looking at Ji Feng who was leaning against the back seat of the car with his eyes closed, Bai Spider couldn't help but say, "Young Ji, at those two boundary tent people, do you want me to keep an eye on them?"

"No need for now."

Ji Feng shook his head, still with his eyes closed, and said indifferently, "That would be a waste of time and energy for nothing, since the bug has now been placed by their side, there is no problem."

The white spider then stopped talking, in fact she only wanted to talk to Ji Feng to distract him and make him less annoyed.

But in reality, Ji Feng was indeed extremely angry in his heart, but he wasn't angry enough to lose control!

Of course he would be very angry after being scolded, but if he was so angry that he lost control after being scolded by Tanaka Ichiro, a realm tent man, such a thing would not happen to Ji Feng.

Not to mention the unknown number of times he had received emotional training in the training space, just being despised as a child because he came from a poor and single-parent family had already made Ji Feng's nerves many times stronger than those of ordinary people.

How could a person like him be so angry that he didn't know what to do just because he was scolded twice?

What Ji Feng was thinking about at the same time was the purpose of the Lingxia Group's visit to Jiangzhou, and what kind of foul play existed between it and the Brilliant Group.

These were what Ji Feng wanted to know the most at this moment.

Ji Feng took out a few more sheets of paper from his pocket, on which were written the words of Kato and Tanaka Ichiro translated by the two translators from the recording. To be on the safe side, the two translators carefully translated the recording twice, once also recording it, and the other time, writing it down on paper.

This is why Ji Feng gave them a substantial reward in the end. Since they were so serious about their work, there was no reason why they couldn't get something in return!

Ji Feng first put away Tanaka Ichiro's copy and began to look carefully at their translation of the recording of Kato.

In his eyes, the Chinese seemed to be greedy and soft-headed, plus some small intelligence, or what Kato called cunning!

Ji Feng couldn't help but shake his head slightly, the Chinese were really rubbish in Kato's eyes, probably even more than rubbish.

Chinese people are scum!

Ji Feng's eyes flashed with a cold light, ignoring all of Kato's arrogant words and just watching those conversations between Kato and another person talking about Tengfei Electric and Brilliant Group.

Suddenly, Ji Feng's gaze, fell on one of the paragraphs.

"You have to eat rice one bite at a time, and things have to be done step by step, right now our focus strategy is still on the Brilliant Group in Southern Guangdong, that is a big piece of fat meat, we must grasp it tightly."

"You have to eat it in your belly before you can start the next step of your strategy, because the resources that the Brilliant Group has, even for the Empire, are very attractive now."

Looking at this paragraph, Ji Feng realised that the Lingxia Group had not actually taken control of the Brilliant Group yet, or rather, they were still working on it and might be close to succeeding, but it would take a bit of time and a process.

“This also means that there is still a chance” Ji Feng secretly deliberated, he suddenly thought again, second uncle asked himself to go to South Guangdong to expand his industry once the Tengfei Group had stabilized, did second uncle also know that there was still time to stop the Lingxia Group?

“It looks like, in the end, there will be a battle between the Tengfei Group and the Lingxia Group in eight`nine out of ten!” Ji Feng said in a dark voice.

When he thought about having to confront a giant like the Hishita Group, Ji Feng couldn’t help but shake his head and smile; reality would always force him to confront opponents who were so powerful that they far surpassed him.

Originally, Ji Feng’s heart was still a little beaten up, after all, the Hishita Group was too huge, but once he remembered Kato’s arrogant performance, Ji Feng’s heart was suddenly filled with fighting spirit!

From the beginning when he was at a disadvantage, after struggling hard, he was able to surpass his rivals step by step and trample them under his feet, that’s what gives him a sense of achievement!

The Lingxia Group will eventually be defeated by itself!

Ji Feng was full of confidence!

Chapter 1447

For the next few days, Ji Feng did not have any more contact with the boundary tent people, he believed that, with Kato’s character, this person would definitely make some moves, but not necessarily against himself, especially after the wiretapping, Ji Feng knew that Kato’s attention was still mainly focused on the Brilliant Group in Southern Guangdong at this time, and now that they came to Jiangzhou, they should be aiming at the Tengfei Group, or rather, at the Tengfei Electrical Appliance!

However, Ji Feng still had some doubts, the 3D TV set launched by Tengfei Electric was really so attractive to the Hishita Group?

He always felt that Kato, or the Hishita Group, should have other intentions, but what exactly they were Ji Feng didn’t know yet, but since he had already placed the wiretap on Kato’s side, Ji Feng waited patiently, as long as the fox would definitely reveal its tail!

So Ji Feng put this matter down for the time being, and instead considered another thing – those few remaining members of the Cobra Mercenary Regiment had not given the real news.

Ji Feng told his guesses to his little uncle.

But after hearing the news, little uncle Ji Zhenping didn’t look surprised, instead he just said indifferently, “It seems that those guys still have something to dig in their stomachs, well, I’ll give you news when I have some!”

Ji Feng then smiled, it seemed that those guys were going to be unlucky, with Little Uncle's temper, now that he called him himself, this was a loss of face for him, it would be strange if he didn't take care of those few Cobra Mercenaries guys.

As expected, after only two days, Little Uncle Ji Zhenping called.

"Kid, the situation has been asked, tell me your email address, I'll send the stuff directly to your email address." Ji Zhenping said, "This time we got a very important news, you must take a good look at it!"

"What important news?" Ji Feng immediately asked, then he laughed, on the phone little uncle would definitely not say anything, it was himself who was a bit anxious.

"Go and see for yourself! You know the password!"

As expected, Ji Zhenping said in no good mood. And then he hung up the phone, causing Ji Feng to shake his head and laugh bitterly as he listened.

After hanging up the phone, Ji Feng went straight to his study and opened his computer, and indeed he saw an email from his younger uncle, Ji Zhenping, with a document attached, which was encrypted.

After entering his password, Ji Feng opened the document and he found that it was a text version of the interrogation records.

Moreover, it was also a primitive interrogation record.

It was also the kind of question-and-answer format, rather than a summary of the final interrogation results.

Ji Feng couldn't help but smile, it seemed that Little Uncle was afraid of getting it wrong again, so he sent the entire interrogation process, and there was no shortage of intent to let himself judge the truth or falsity of the information given by those few guys.

Ji Feng then looked at it carefully, but, just after scanning a few eyes on the document, Ji Feng's brow couldn't help but frown slightly, good man, there really was important information!

"The Cobra Mercenary Corps, was hired by two employers at the same time, but the target of these two sides is the same person" Just as soon as he saw this, Ji Feng couldn't help but be stunned, he didn't expect that the one who hired the Cobra Mercenary Corps, actually had two people!

"One of the employers I'm not too sure, because this is a mission taken by the top, the other employer, I've met, but I don't know what his name is but he asked us to call him sir."

"Sir"

Ji Feng looked at the document and muttered to himself, "How come there's another mysterious 'sir'? One little male is not enough, now there's actually another one?"

He then looked down and a sentence caught his eye, "I really don't know who this mister is, but I overheard the headmaster say something like he addressed him as the king"

The king master!

Ji Feng's eyes snapped up, what a familiar name!

In a flash, Ji Feng recalled, this king master, he had once heard He Hongwei mention it, when He Hongwei came to Jiangzhou, he went to the appointment himself, and as a result, he had just arrived near the Taste and Fragrance House on Jiangzhou's Jinling Road, when he encountered the incident of He Hongwei being assassinated.

After saving He Hongwei himself, he had said that it must be the work of the King!

Moreover, it was at that time that one came into contact with the Dynasty!

And also came into contact with the Transformer!

This memory surfaced very clearly in Ji Feng's mind, and he couldn't help but frown, there hadn't been any direct conflict between himself and the king, so how could the king strike at himself?

"Could it be because he had already drawn out a heavyweight by going against the dynasty?" Ji Feng secretly pondered, but for a while he couldn't get a clue yet.

It was really because he didn't know this king at all, and didn't even know exactly what position the king was in in the dynasty, so he had no way to guess the other party's intentions.

But one thing was certain, the king's actions could definitely represent the dynasty, which meant that the dynasty had played a very unsavoury role in the last attack, and could even be said to be one of the masterminds!

So, now the events were clear, there were two masterminds behind the attack on himself at that time, one was the Wu family, or rather Wu Zhiyong, and the other, was the Dynasty's prince!

"Hiding really deep!" Ji Feng sneered, "But no matter how deep it is hidden, it's still the same saying, as long as it's a fox, it's definitely showing its tail!"

Ji Feng continued to look down, there was nothing important below, it was all a few side issues.

For example, according to the three guys' explanation, they had actually been informed by the top to stay at the Royal Club in Yanjing, but it was the King who had secretly assisted them.

Another example is that the reason they didn't dare to give an account the first time was because they all had biological bombs in their bodies that had been implanted by the king's people

After browsing through the entire document, Ji Feng's mind could roughly imagine the scene when those three guys were interrogated, and he felt that this time they should not be lying.

The first thing you need to do is to get a new one.

Because as far as the current situation was concerned, the situation could be said to be getting clearer and clearer.

Previously he had felt that there was a heavy fog, that the enemies were hidden so deeply that he could not see them clearly, or even guess at them. But now, it was clear who the enemies were.

The Martial Family, and the Dynasty!

These are the two most important enemies.

Apart from that, there are many other business rivals, but anyone with a conflict of interest is an enemy.

In the business world, it's normal to have enemies, it's nothing to be alarmed about.

Therefore, the most important thing that should be paid attention to now is the martial family and the dynasty.

"Ding"

Just as Ji Feng was contemplating, the mobile phone on the table suddenly rang, he casually picked it up and found that it was a very familiar number, but no name was recorded.

Ji Feng thought back for a moment and couldn't help but smile as he picked up the phone, "Hello"

"Daddy!"

A sweet voice came from the phone, brittle and childish: "Daddy, it's Yao Yao!"

Ji Feng laughed, "Yao Yao, why are you calling at this time? It's time to go to bed."

"Yes oh, Yao Yao wants to sleep too, but mommy isn't home, and Zhang mommy isn't here either, I'm scared!" On the phone, Yao Yao's voice was tender, but very cheerful.

"Mummy's not at home? Call her and ask her to come back to stay with you." Ji Feng said.

"Mummy has gone to work, be a good girl, Yaoyao, you can't disturb mummy." Yao Yao said crisply, "Daddy, are you working too?"

"No." Ji Feng secretly shook his head, Qin Shujie, this mother is doing a really good job, he couldn't help but coax the little girl, "Yaoyao, go to sleep, when you wake up from your nap, you can see mommy."

"Ee?"

Instead, Yoyo looked surprised, "Daddy, are you really not working?"

"Yeah." Ji Feng laughed, "What's wrong?"

He guessed that Yao Yao should want to chat with him, which was good, he also liked this little girl a lot.

"Daddy, you're not working, so you have time to see Yao Yao?" Yoyo asked.

"..... now?" Ji Feng was stunned, but he did not expect that the purpose of the little girl was not to let him chat with her, but to let herself go and see her.

"Yeah yeah, the last time daddy just came to see Yao Yao in the evening." The little girl said, "Daddy is not busy now, so he must have time to come and see Yao Yao, right?"

Ji Feng couldn't help but shake his head and laugh, this little girl, she would actually still block him with words.

However, it could also be seen that the little girl was actually very lonely in her heart, if she was usually happy, how would a three or four year old child think of saying these words?

Thinking of this, Ji Feng felt a little heartbroken, this girl Yao Yao was really very lovable, but unfortunately she was born in a single-parent family, the love and care that other little children should get, she rarely got.

There is no child who does not like to snuggle in the arms of her parents, and a child like Yao Yao actually deserves more than being held by her parents and sitting on the sofa at night watching TV while she is put to sleep

Ji Feng felt that if he had a child like this, even if it was not so endearing, he would still love her.

“Daddy, don’t you want to come and see Yaoyao?” Seeing that Ji Feng didn’t answer, Yao Yao’s voice couldn’t help but drop, and it even had some crying in it, “Daddy

“Yao Yao don’t cry!” Ji Feng hurriedly said, he raised his hand to look at his watch and found that it was already after eight o’clock in the evening, the time needed to go from home to Qin Shujie’s home was not short, this round trip, I’m afraid it would take until the latter half of the night.

Ji Feng clenched his teeth, “Yao Yao, be good and wait at home first, Daddy will go over to see you.”

“Really?!” Yao Yao’s voice snapped up quite a bit, very surprised.

“Of course it’s true, daddy hasn’t lied to you, right?” Ji Feng laughed, “But you have to be good before you do.”

“Mmm!”

Yao Yao nodded vigorously, “Daddy, I’m very good, but it’s so dark at home, I’m really scared

As she said that, Yao Yao was crying again.

Chapter 1448

After hanging up the phone, Ji Feng was a little hesitant as he deliberated on what to tell Tong Lei and Xiao Yuxuan.

The fact that he had a goddaughter was known to both Tong Lei and Xiao Yuxuan, but they also knew that their goddaughter had a single mother and was a young and charming young woman.

If he went out to find them this big night, to say that Lei Lei and Xiao Yuxuan had nothing in their hearts, even Ji Feng himself would not believe it.

However, thinking about the little girl’s pitiful voice before hanging up the phone, Ji Feng couldn’t help but feel a little heartbroken.

The family is only the little girl alone, the nanny is not there, Qin Shujie is also not there, think about the little girl is only so small, at night alone not scared is strange.

Ji Feng still remembers when he was very young, following his mother to pick up rags outside, when it was dark, he was a bit scared and couldn't help but want to lean on his mother, even pestering her to carry him.

As a result of this, my mother could no longer continue to collect rags and could only drag the things she found that could be sold for money with one hand, while carrying herself with the other, and rushing towards home.

Although these difficult experiences are now unforgettable memories for Ji Feng, but because of this, he feels the same way about the panic and fear of the little girl Yao Yao.

This is especially true when the little girl has no father, she is usually lonely and isolated, and even has a kind of panic and longing. At this time, what she hopes for most is to have someone to keep her company, so that she will no longer panic and be afraid.

With these thoughts in his head, Ji Feng arrived downstairs, where Tong Lei and Xiao Yuxuan, as well as White Spider, Xiao Ying and Han Zhen, were all sitting on the sofa watching TV, which seemed to be a concert, and Ji Feng didn't have the heart to watch it in detail.

"Finished?" Xiao Yuxuan saw Ji Feng come down and asked casually.

"Oh, it's almost done."

Ji Feng said, "But I have to go out."

Tong Lei immediately turned her head over and asked, "Ji Feng, you still have to go out? Is there some emergency again?"

Ji Feng shook his head and laughed, "Not really, just going to check on Yao Yao, her mother and nanny are not at home, she is terribly scared at home alone, when she called me just now, she was crying with tears."

After thinking for half a day, Ji Feng couldn't come up with any good ideas, in fact, he didn't want to lie to Tong Lei and Xiao Yuxuan and the others, otherwise, with his intelligence, not to mention just telling a lie, even if there were more lies, Ji Feng would be able to make up a very successful one.

However, if you play tricks like this with your family, then there is really no point in living.

A well-intentioned lie is also a lie, and there are many good intentions that do bad things.

Therefore, Ji Feng chose to tell the truth.

"Yao Yao?"

Tong Lei was slightly stunned and then asked, "Is it that goddaughter of yours?"

"Mm! That's her!"

Ji Feng nodded, "I was busy just now when she suddenly called me over, and I saw that she was scared, so I planned to go over and take a look."

"Wow!"

Tong Lei smiled and nodded her head, saying, "Then be careful on your way, let the white spider drive you there."

Ji Feng couldn't help but be stunned, but he didn't expect Tong Lei to be so quick, not even asking if it was appropriate to go to a single mother's house so late at night.

"Don't worry, what can happen?" Ji Feng laughed, "I'll go first then."

"Mm!"

Tong Lei nodded her head.

Ji Feng then smiled and beckoned towards White Spider, saying, "White Spider, the driver's seat is still yours."

"Yes!" White Spider nodded and replied.

"Let's go!" Ji Feng's hand was propped up on the backrest of the sofa and kissed both Tong Lei and Xiao Yuxuan on their pretty faces respectively before leaving.

Watching Ji Feng's back walk out of the villa door, Xiao Yuxuan suddenly frowned slightly and whispered, "Lei Lei, this guy went out to see his goddaughter in the middle of the night, why didn't you say anything?"

"Say what?" Tong Lei asked.

"My big young grandmother!" Xiao Yuxuan shook her head helplessly and said, "Lei Lei, you are the first young grandmother of our family, while I, on the other hand, am the second house, so it is not convenient for me to say anything in this matter, but you have to speak up. Think about it, how many women are staring at this bad guy's side, if you watch a little looser, maybe there will be three, four, or even five, six or seven houses in our family!"

"Eldest Young Grandmother, aren't you in the least bit anxious?" Xiao Yuxuan asked.

Xiao Yuxuan was full of doubts, Tong Lei's character really made her helpless, for Qin Shujie's situation, they more or less understood some, although they didn't know how far Ji Feng and Qin Shujie had actually reached between them, but at least going to a single woman's place so late at night, it was always not good, right?

But Tong Lei didn't say a word, it looked as if Ji Feng was going to meet an ordinary friend, now Xiao Yuxuan was even a bit anxious for Tong Lei.

Originally, if Tong Lei was not there, Xiao Yuxuan would have at least flirted with Ji Feng a couple of times to give him a heads up and let him know that she just didn't say anything, but she had something in mind. But now that Tong Lei is here, it is not good for her to say anything.

The fact that Tong Lei is the first young grandmother is not just a matter of words. With her around, it would be a bit of an overstep if Xiao Yuxuan said anything more about Ji Feng.

Although their relationship is very good, but this is also the result of common maintenance, so any action that may lead to bad relationship between the two, Xiao Yuxuan will not do it.

In fact, Xiao Yuxuan knew very well in her heart that Tong Lei's character was such that even if she really overstepped the mark, Tong Lei would not say anything.

However, everything started with small details, and prevention was most important, especially in such matters.

"Eldest Young Grandmother, that bad guy hasn't gone out yet, as long as you give the word, I'll drag him back here!" Xiao Yuxuan said.

But Tong Lei pursed her lips and laughed lightly, "What am I going to say? Tell him not to go?"

"Yes!"

Xiao Yuxuan nodded, "Lei Lei, in fact, that Yaoyao girl is indeed very cute and inviting, but the question is whether that bad guy Ji Feng is really just going to see Yaoyao?"

Sweat!

At this moment, was standing in the courtyard Ji Feng but word for word heard Xiao Yuxuan and Tong Lei's conversation, his heart that sweat ah.

It seemed that in Xiao Yuxuan's heart, he really did not have any character to speak of.

Ji Feng couldn't help but mutter darkly, "Could he really have been that bad in the past? It doesn't seem like it"

Originally, Ji Feng wanted to defend himself in his heart, but once he thought that there was still a Xu Yuan in the Xiao Pharmaceutical Factory, Ji Feng was immediately speechless.

Looks like himself is really a jerk?!

At this time, Tong Lei's voice came over again, and Ji Feng immediately perked up his ears and listened carefully.

"Yu Xuan, I know Ji Feng best, both his character and his habits, I am familiar with them all." Tong Lei said, "In this kind of matter, in fact, the result will be the same if we block or not block."

"Then how can it be the same!" Xiao Yuxuan said, "If we block it, he won't go, I'm sure of it."

"But if he is stopped from going by us, will we be happy?" Tong Lei asked.

"....."

Xiao Yuxuan couldn't help but be stunned.

"Sister Yu Xuan, still, I know Ji Feng's character, it doesn't really matter if he's blocked or not." Tong Lei said.

"Then"

Xiao Yuxuan lowered her voice: "What should we do if he really leads another one back?"

"That depends on how he should explain to us!" Tong Lei said.

“..... Lei Lei, you’re still great!” Xiao Yuxuan couldn’t help but laugh delicately at once.

Ji Feng was outside listening to that, his scalp was tingling, he had long known that although this girl Tong Lei was rather cold in nature, she was extremely ice-cold smart, and now was the best proof of that.

If you really lead one back, how should you explain to Tong Lei and Xiao Yuxuan?

This can be how to talk yo

This is where Tong Lei’s cleverness comes in!

It really has to be said that Tong Lei’s cleverness is what really makes her clever, she has a spirituality that makes Ji Feng love her so much.

“Young Ji!”

White Spider drove up to the front and said, “Are we leaving now?”

She couldn’t help but glance at Ji Feng, how come now Ji Feng looked completely different from his usual self, there was a strange feeling, like he was nervous?

“Go! Hurry up and set off!” Ji Feng hurriedly got into the car and waved his hand.

With doubts, the white spider drove away from the villa.

“Giggle” At this time, the villa hall was the sound of a charming and moving laughter, which was Xiao Yuxuan’s voice: “Eldest young grandmother, this time it scared that bad egg quite a bit, right?”

Tong Lei pursed her lips and laughed lightly, “Let him learn a lesson, or else this family won’t be able to live here.”

The young lady and Han Zhen also snickered at the side, this time, the young man was scared, right?

.....

The more he thought about the conversation between Tong Lei and Xiao Yuxuan, the more scared he was in his heart, if he really led home one, how sad would Tong Lei be?

The more he thought about Xu Yuan, the more torn Ji Feng became.

Fortunately, White Spider’s voice interrupted his thoughts, so that he didn’t have to continue to dwell on it: “Young Ji, we’re here.”

Ji Feng looked up, but wasn’t it Qin Shujie’s home in the Lake District right in front of him!

“You wait here for a while.” Ji Feng finished speaking and then walked towards Qin Shujie’s home.

Thinking about how cute and pitiful that little girl Yao Yao was, the apprehension in Ji Feng’s heart was a little less, he didn’t come here to meet his lover, he really just came to see his goddaughter, that cute little girl.

Taking the lift outside Qin Shujie’s house, Ji Feng rang the doorbell: “Dingdong”

“Who is this, please?” A delicate voice came from the intercom by the door, who else could it be if not that Yaoyao girl?

“Yao Yao, it’s me!” Ji Feng said.

Pop!

The intercom was hung up and immediately after that, the door to the room was opened and a snow-white figure rushed out at once and jumped into Ji Feng’s arms.

“Daddy~!”

“You’re finally here, I’ve missed you!”

Chapter 1449

“Daddy~!”

“You’re finally here, I’ve missed you!”

These two childish voices, filled with childishness, caused the softest place in Ji Feng’s heart to be touched at once.

The kind of affection and dependence that the little girl contained when she called out the word ‘daddy’ really made anyone’s heart soft, and Ji Feng was not a cold-blooded person, so naturally he was also touched.

Ji Feng hugged Yao Yao’s petite body and couldn’t help but smile, “Yao Yao, you’ve been waiting for such a long time? Why don’t you go to sleep first?”

“Can’t sleep!”

Once Yao Yao heard this, she hurriedly shook her head and said, “If she falls asleep, then when daddy comes, he might just sneak a look at Yao Yao and then leave, then Yao Yao won’t be able to see daddy.”

Ji Feng couldn’t help but feel a pang of compassion in his heart, this girl could really touch the depths of other people’s hearts with every word.

Perhaps this is just the most real thoughts of a small child of her age, but the more so, the more it will give people a very deep feeling and will touch their hearts.

If an adult had said this in front of Ji Feng, I am afraid that Ji Feng would have kicked him out with a vicious chill, but this came out of this girl Yao Yao’s mouth, but it was such a tremor to people’s hearts.

Ji Feng stuck his two hands under Yao Yao’s armpits and lifted her up, “Yao Yao, let’s go in first, okay?”

“Okay~!”

Yao Yao’s little head nodded twice.

Ji Feng laughed and carried the little girl inside.

Only when he came to Qin Shujie’s house did Ji Feng realize that almost all the lights in the house were on, the bedroom, the second bedroom, the living room, the dining room and the kitchen and bathroom

..... even the decorative lights on the ceiling were turned on, the living room was brightly lit and the bedroom was similarly so.

Ji Feng could not help but smile slightly, children are like this, once at night if there is no one with them, they will not dare to sleep, even if all the lights are turned on, they may feel scared at the sight of a shadowed place, the slightest movement will be startled.

Obviously, Yoyo is even less timid.

Perhaps, on the one hand, this was due to the nature of a child's heart, but on the other hand, it was also due to the environment in which Yao Yao grew up, without the love of her father, which made her little mind full of fear of her surroundings, the kind of fear and loneliness of having no one to rely on, which only someone like Ji Feng, who came from a single-parent family, could truly appreciate.

It was a bleakness!

And now, this kind of emotion, which would originally be chilling to the heart for adults, is filling the heart of this little girl, Yao Yao.

How could one not let one's heart ache?

Ji Feng put Yao Yao on the ground, he then realized that Yao Yao was actually barefoot, that pair of little feet, although very cute, but at this moment has also frozen a little red Now early in the late autumn, the weather is very cold in the morning and night.

"Yao Yao, how come you're not wearing socks?" Ji Feng asked.

"I can't find them, " Yao Yao said very pitifully.

Ji Feng was dumbfounded as he said, "Forget it then, it's time to go to bed anyway, but make sure you wear socks when you wake up tomorrow, remember?"

"Mm, I remember!" Yao Yao nodded her head vigorously.

Ji Feng smiled, patted her little head and said, "Good then, it's time to go to bed now, "

"Daddy, can we sleep later?" Before Ji Feng finished, Yao Yao hurriedly climbed up from the sofa, grabbed Ji Feng's arm with one pair of small hands and said pitifully, "I will only see daddy once in a long, long time, can I sleep later today?"

"..... Okay!"

Listening to Yao Yao speak, Ji Feng felt as if his heart was aching a little, he nodded and smiled, saying, "But you can only play for a little while, tomorrow is not the weekend, right? There's school, you know?"

"Mm, just play for a little while!" Once Yao Yao heard that, she nodded happily, "Daddy is the best."

If he hadn't come into contact with Yao Yao, Ji Feng really didn't know that he had a talent for coaxing children, but listening to Yao Yao's tender childish voice now, it was something that made even him smile.

“Yao Yao, I remember that there was a nanny looking after you at home, wasn’t there? Where did she go?” Ji Feng asked.

Ji Feng remembered that Qin Shujie had said that usually when she left, the family would arrange for a nanny to take care of Yao Yao, and, since Yao Yao liked to get up at night to eat, there was no shortage of nannies at home.

Last time Ji Feng had seen that nanny when he was here, she seemed to be a very generous middle-aged woman, how come she hadn’t seen it now?

“Nanny?” Yao Yao was a little confused, she bit her little finger that looked like a white onion and said in doubt, “Daddy, what’s a nanny?”

“..... that who, is that seems to be called Zhang Ma, where did Zhang Ma go?” Ji Feng asked.

Ji Feng remembered that the nanny in Qin Shujie’s house seemed to be called Zhang Ma, because he didn’t pay attention at the time, so he didn’t remember too clearly.

“Oh, Zhang Ma went out!” Yao Yao said.

Ji Feng couldn’t help but smile, seeing that Qin Shujie was still good about Yao Yao’s family education, not even telling Yao Yao that Zhang Ma was the family’s nanny, which was to make Yao Yao not develop the concept of respect and inferiority from a young age.

However, Ji Feng still frowned slightly, Zhang Ma went out and just left Yao Yao, a young child of only three or four years old, at home?

“Went out?” Ji Feng asked again, “What about mommy? Did mommy tell you when she’ll be back?”

“No!”

Yao Yao’s emotions seemed a bit lost, in fact, a child of her age could already feel many emotions, but she quickly cheered up, “It’s the same to have daddy with you, I’m very happy!”

Ji Feng immediately lost his smile and pinched her little nose. However, he couldn’t help but secretly frown. Qin Shujie was really something, it was already past nine and almost ten o’clock, and she was still not back!

What business was more important than taking care of Yao Yao?

Ji Feng couldn’t help but shake his head slightly, it seemed that Qin Shujie was a bit less likeable this time Wait a minute, Ji Feng was suddenly stunned, his heart suddenly remembered something.

“Qin Shujie she wouldn’t be in love, right? Or has she found another man she can rely on?” Ji Feng secretly said.

As soon as this thought popped up, Ji Feng felt that his guess was most likely true, Qin Shujie was very caring and loving towards Yao Yao, which Ji Feng knew very well.

Even if the business was busy, Qin Shujie would try to come back early to keep Yao Yao company, but today was so abnormal, to say that she met with an accident, that was not very likely, it couldn’t be that every time an accident happened to Qin Shujie, right?

Rather, Ji Feng's speculation was really likely.

Qin Shujie might really be looking for a boyfriend?

I don't know what was going on, but once I remembered that my guess might be true, Ji Feng suddenly had an uncomfortable feeling in his heart.

Yao Yao was beside her and sensed Ji Feng's change in mood very keenly, she couldn't help but ask childishly, "Daddy, why aren't you saying anything?"

"Daddy is wondering if he should call your mother, it's too late and it won't be safe for her to be outside alone!" Ji Feng said.

"Mm, hurry up and call then!" As if she was a little adult, Yao Yao hurriedly urged Ji Feng.

"You little girl!" Ji Feng laughed and scratched her nose, then took out his phone while pondering what to tell Qin Shujie.

"Duh~duh~duh~" The phone went through, but no one answered for a while.

After a few more rings, the phone was connected and Qin Shujie's voice came through, "Ji Feng?"

Her voice seemed a little surprised, but apart from that, the sound on the other end of the phone was noisy and Ji Feng seemed to hear the sound of music and people talking.

"It's me, Shu-jie, where is it?" Ji Feng asked.

"Me? I'm at home!" Qin Shujie was stunned and then said, "What's wrong, calling me so late, is there something going on?"

"Ooh"

Once Ji Feng heard Qin Shujie's words, he couldn't help but let out a laugh, "It seems like I really shouldn't have called on this phone."

"What, what's wrong?" Qin Shujie asked.

"Nothing's wrong!"

Ji Feng said with a smile, "I'm calling to tell you that your family's Zhang Ma went out in the middle and Yao Yao is the only one at home, it's dark and she's too scared to sleep, so she called me to come over"

"You, you're at my house?" Not even waiting for Ji Feng to finish, Qin Shujie's voice immediately panicked.

"So you can rest assured, Yaoyao here I will stay with her, you can be busy at ease!" Ji Feng said.

"No, no, that what" Qin Shujie was in a rare panic, almost to the point of incoherence, for a moment she didn't even know what she was saying.

"You're too excited, it's better to wait and talk later!" Ji Feng said with a smile, and after that, he hung up the phone.

“Daddy, what did mommy say?” Yao Yao knelt on the sofa with a pair of small legs and snuggled beside Ji Feng with a sweet and happy face.

“Mom is busy working, let’s play for a while, then you should go to bed.” Ji Feng said.

“Mmm! Yaoyao is a child who keeps her word!” Yao Yao nodded her head vigorously.

Ji Feng was dumbfounded as he sent a message to Bai Spider, telling her that it might take a while.

Next, Yao Yao was like a little adult, chatting with Ji Feng, this little girl was simply a curious baby, wanting to ask everything, and Ji Feng was very patient in answering her one by one.

In the course of this conversation, Ji Feng also got the information he wanted to know in general.

For example, Qin Shujie had come back very early before, and just today, she hadn’t come back until now.

Also, before Zhang’s mum left, she seemed to have taken a phone call.

And there is also in the kindergarten, the teachers like Yoyo very much, but there is a little fatty who often bullies her, and then he was disciplined by the teacher, and then he became honest, and now they are good friends

Time flew by and just as you were saying one thing to another, an hour passed.

“Okay Yao Yao, it’s time to go to bed!” Ji Feng looked at his watch and said.

“..... Wow, okay then!” Yao Yao was still a bit reluctant, but after thinking about it, she nodded her head and agreed.

Snap!

Just then, the door of the room was suddenly opened, and immediately after that, Yoyo shouted in surprise, “Ee? Daddy, mummy’s back!”

Chapter 1450

Snap!

Just then, the door to the room was suddenly opened, and immediately afterwards, Yoyo shouted in surprise, “Ee? Daddy, mommy’s back!”

Ji Feng immediately turned his head to look, but he saw Qin Shujie standing at the door, her pretty face slightly red, seemingly somewhat restrained.

As soon as he saw how Qin Shujie was dressed, Ji Feng subconsciously frowned.

Today, Qin Shujie was wearing an evening gown with her hair up high, revealing her snow-white neck and knife-sharp rounded shoulders, plus a jewellery necklace around her neck with a brilliant emerald dangling above her two snow-white soft flesh, which gave her a graceful and elegant yet flirtatious feeling.

If this outfit was at a party, it would definitely make all the men look at it, especially when this outfit matched Qin Shujie's soft and feminine beauty.

However, it was now at home, and it was also late autumn, or even early winter, so it would be somewhat inappropriate to dress like this again.

The fact that Ji Feng can feel a hint of coolness, Qin Shujie dressed like this, is not cold?

At this moment, Qin Shujie, who was standing at the door, looked at Ji Feng's strange gaze, her pretty face could not help but blush, and her whole body was even very restrained.

She stood there, holding her other arm with one hand, quite a bit at a loss for words, and she didn't even know where to put her hand.

Qin Shujie almost didn't dare to look at Ji Feng, she just froze at the door, neither entering nor retreating.

"Mummy!"

The little girl was very happy to see Qin Shujie come back, she directly slid off the sofa and ran towards Qin Shujie with her bare feet, "Mom, you're back!"

"Yes, mum, mommy is back!" Qin Shujie hurriedly took two quick steps and picked up Yoyo in her arms.

"Daddy, mommy is back!" When Yao Yao saw that Ji Feng was still sitting on the sofa indifferently, as if he didn't see Qin Shujie, she spoke out to remind her, "Mommy is so pretty today!"

"Swish!"

Qin Shujie's face turned even redder.

Children talk like children, but Qin Shujie was afraid of what Ji Feng had in mind, especially when she was still dressed like this and left Yao Yao alone at home

"Ji, Ji Feng, you're here." Qin Shujie stammered and greeted Ji Feng.

"Mom, stuttering is not good!" Yao Yao's pair of white arms wrapped around her mother's neck and said in a small voice.

Qin Shujie's pretty face reddened even more as she couldn't help but pinch her daughter's little nose, "Yes, stuttering is bad, don't learn to stutter in the future."

"Wow! Yaoyao won't learn!"

Qin Shujie then hurriedly closed the room door and walked over with Yao Yao in her arms, "Ji Feng, it's so late and I'm still bothering you to make a trip, I'm really sorry, it's all because Yao Yao is small and doesn't know much about things"

"Yaoyao is young and doesn't understand things, I can understand that." Ji Feng nodded and smiled, "However, as an adult who doesn't understand things again, it's a bit hard to understand, right?"

"....."

Qin Shujie was instantly blocked from speaking by Ji Feng, and stood there for a moment, pausing in her tracks and coming to a raw stop.

“Daddy, Yao Yao is very understanding!” Yao Yao was a bit aggrieved, she had always been obedient, how come both dad and mum said she didn’t know how to behave?

“Yaoyao is right, you know how to behave, more than many adults!” Ji Feng smiled and nodded his head.

Qin Shujie then became even more embarrassed.

Ji Feng glanced at her and said, “Alright, hurry up and come sit down, this is your home, how come it’s like I’m taking over your home By the way, I came straight to your home without greeting you, you don’t mind, right? I don’t mean to take away from you!”

“Ji Shao

Qin Shujie’s pretty face was red from his words and she was on the verge of begging for mercy.

“Come, Yao Yao, come to daddy!” Ji Feng patted the sofa next to him and said with a smile, “Mom is working outside, it must be very hard, let’s not disturb her anymore!”

“Yes!”

Yao Yao then struggled to get down from Qin Shujie’s arms and stomped to Ji Feng’s side, holding him with her little hands, climbing onto the sofa, and honestly pulling up the pillow on the sofa herself, just to cover herself up, leaving only a little head snuggled next to Ji Feng.

That sequence of actions was so cute that Ji Feng couldn’t help but laugh dumbly.

“Mummy, you come and sit down and rest too!” Yao Yao saw that Qin Shujie was still standing in the living room, so she couldn’t help but also follow Ji Feng’s example and patted the sofa beside her, shouting.

Qin Shujie reluctantly smiled, but did not move her feet, only subconsciously glancing at Ji Feng.

“Alright, hurry up and sit down!” Ji Feng waved his hand, in fact, if it was according to his intention, he really didn’t want to take care of Qin Shujie, or at least, let her understand what she had done wrong.

But now, after all, there was Yao Yao present, so he couldn’t say anything more. Don’t look at the little girl’s age, she actually understands a lot of things in her heart. If Ji Feng said more about Qin Shujie at this time, the little girl might also be uncomfortable in her heart.

If not for Yao Yao

Ji Feng glanced at Qin Shujie and shook his head.

“Thank you, young Ji!” Qin Shujie sat down next to Yao Yao, one hand gently patting on Yao Yao’s body one by one while saying to Ji Feng with both shame and gratitude.

From the way she addressed Ji Feng, one could hear that there was a change in her heart. Originally, when she first entered the door, she had directly addressed Ji Feng by his name, but now, she was

addressing him as 'Ji Shao', which showed that her heart was showing cowardice, or rather, she realized that she had made a mistake.

When people are weak in heart, they will either put themselves in a very high position, be moral and a righteous person, or, they will put themselves in a very low position, bow their heads and admit their mistakes, and be cautious.

Qin Shujie was clearly the latter.

Ji Feng shook his head and said, "Forget it, let's not talk about that now."

He raised his hand to look at the time and said, "Yao Yao, it's not early now, you have to get up early for school tomorrow, it's time to go to bed and rest!"

He had been about to send Yao Yao to bed just now, but Qin Shujie had suddenly arrived, so he had let Yao Yao play for a while longer.

But now children were at the age of growing up and needed sufficient rest, which Ji Feng still knew in his heart.

"Is it okay if I play a little longer?" Yao Yao said pitifully, "Daddy only comes once in a long, long time, I'm afraid I won't be able to see him again tomorrow~"

"No way!"

Ji Feng's face was tense, "Yao Yao, be obedient, daddy will come to see you again soon, but if you don't behave, daddy won't even come in the future."

"Wow~~"

Yao Yao's little face was full of reluctance, but she was afraid that Ji Feng would really not come to see her in the future, so she had to agree.

"Go and send Yao Yao to bed." Ji Feng said to Qin Shujie.

"Daddy, I want you and mommy to sleep with me together" said Yao Yao, "All the other kids are like this."

"Yao Yao!"

Qin Shujie's face swished red, "Quickly stop talking nonsense, mommy will send you to bed, you have to get up early to go to kindergarten tomorrow, behave!"

"No!"

Yaoyao but pouted, "Little Fatty is a boy, every day his mum and dad will put him to bed, I'm still a girl~~"

Sweat!

Ji Feng almost didn't fall off the sofa, he coughed lightly, "Yaoyao, this" boy and girl are different, having mommy with you is" well, go together!"

Ji Feng's words had not finished, Yao Yao's eyes were red, this time, Ji Feng had to raise his hands in surrender.

"Great!"

Yao Yao immediately clapped her little hands happily, and then she got down from the sofa in a bone-jarring manner, and ran towards the room with her bare feet, while running, she also turned back: "Mom and Dad, you guys come quickly!"

Ji Feng shook his head helplessly and smiled bitterly, glanced at Qin Shujie, but found that she was already red in the face and didn't even dare to turn her head to look at herself.

"Let's go!" Ji Feng shook his head and laughed.

"Mmm!"

Qin Shujie's voice was even lower, and if it wasn't for Ji Feng's excellent ear, he almost wouldn't have been able to hear it.

The duo followed behind Yao Yao towards the room and when they arrived at Yao Yao's bedroom, Qin Shujie carried her to the bed, covered the little girl with the blanket and gave her a kiss.

"Go to sleep now!"

Qin Shujie gave her daughter a loving look.

"Mummy wants to sing!" Yao Yao made a new request.

Qin Shujie blushed just a little as she said, "It's too late today, so I won't sing, tomorrow mommy will sing for you, okay?"

"Mummy~~" Yao Yao then started to pout.

Ji Feng looked dumbfounded and laughed, but in his heart, he was also sympathetic, Yao Yao was obviously very happy today, perhaps, this was the time she was most fastidious.

Thinking of this, Ji Feng couldn't help but say, "Shu-jie, sing, it's rare for Yao Yao to be so happy."

"This is fine!" Qin Shujie nodded with a red face and couldn't help but pinch Yao Yao's little nose again, "You yo~~!"

"Heehee~~" Yao Yao then laughed joyfully.

Qin Shujie sat on the edge of the bed, cleared her throat, and then started to hum lightly.

Ji Feng didn't know what she was humming, but it was undeniable that Qin Shujie had a very nice voice, especially when she was singing, her voice had a unique rhythm that was easy to get people hooked.

Her voice was not quite sweet, nor was it as shrill as other women's voices, but it was just nice to listen to.

Especially the strong look of love in Qin Shujie's eyes when she stared at Yao Yao, which made Ji Feng couldn't help but secretly nod his head.

Whether what Qin Shujie did tonight was right or wrong, but at least, she loved Yao Yao.

This alone made Ji Feng forgive her in his heart. Perhaps, the reason why she had left Yao Yao alone at home tonight was that she had no choice but to suffer.

Thinking about it again, it was indeed not easy for a woman to bring up a child.

No matter how wealthy a family is, if there is no man to support it, it will not be as easy as it should be, especially in a family with children.

Because there are many things that money cannot buy, and this is something that Ji Feng knows very well.

Of course, apart from that, Ji Feng also noticed something different – between Qin Shujie's eyebrows, there was some sadness and the smell of alcohol on her body.

She seemed to have run into some kind of trouble.
