

Campus Master 1461

Chapter 1461

Swish!

Ji Feng, who was all set to get into the car, turned around abruptly and looked at Wang Lixiang strangely and incomparably, he really wanted to see just how far a person could be an asshole brute to say such words!

When he saw that Wang Lixiang actually looked very aggrieved and angry after he had said those words, Ji Feng couldn't help but be stunned. Even though he had seen a lot of things, he could only say, "Admirable, what an animal to the point of no return!"

Ji Feng couldn't help but shake his head, feeling a lot of emotion, this is really a forest where all kinds of birds can be found.

"Who are you talking about!" Wang Lixiang immediately turned his head to glare at Ji Feng and roared.

Ji Feng didn't deliberately lower his voice when he said that just now, and he wasn't afraid that Wang Lixiang would hear it, and sure enough, Wang Lixiang really heard it.

"Says you!" Ji Feng said indifferently.

"Bastard, you have the guts to say it again!" Wang Lixiang was furious and rolled up his sleeves to come over and hit Ji Feng, but he was hurriedly pulled back by Zhang Ma.

"Little Sheng, what are you doing, are you crazy!" Zhang Ma shouted, "You were saved by someone else, even if you don't thank them, how can you still talk to them like that!"

"That's not because you're not capable!" Wang Lixiang said angrily, "If you were rich and powerful, would I have been arrested for losing money? Would I still be under so much pressure?"

"Holy shit!"

Ji Feng was all a bit speechless, he stared at Wang Lixiang for half a day before finally shaking his head.

"What are you looking at! Get lost!" Wang Lixiang was annoyed by Ji Feng's look.

Ji Feng's face sank and he immediately walked over with big steps.

Zhang Ma was instantly frightened, she hurriedly pulled Wang Lixiang and scolded, "Xiaosheng, hurry up and apologise to the gentleman, hurry up!"

"I don't need his apology!" Ji Feng walked over with big steps and stared coldly at Wang Lixiang, saying, "I've seen many beasts, but I've really never seen one more beastly than you, you scolded me just now, right?"

"So what if I scolded you? Who are you talking about!" Wang Lixiang said angrily.

"Boom!"

Ji Feng kicked out, fiercely kicking Wang Lixiang in the stomach, instantly sending him flying backwards.

“Woah~~”

Wang Lixiang fell heavily to the ground, an odd sound coming out of his mouth, obviously broken by the fall.

“What about it? What do you think will happen if you scold me?” Ji Feng asked indifferently.

“Well .....” Wang Lixiang, but he was broken by the fall, opened his mouth and vomited with a wow.

“Curse me again to hear?” Ji Feng, however, walked over with big steps and said coldly, “If you dare to curse again, I dare to get you killed here!”

“Sir, sir beg you to forgive him, he’s still a child!” Zhang Ma was terrified and hurriedly ran over to beg Ji Feng.

“He’s a kid? I think he’s older than even me, right?” Ji Feng sneered, “He treated you like that just now, aren’t you sad? Don’t you want to teach him a lesson?”

“He, he’s just a kid, and what he said was also angry .....,” Zhang Ma said with a twinkle in her eyes for fear that Ji Feng would strike again.

“Hehe .....”

Ji Feng shook his head with a smile, spread both hands and said, “Forget it! Originally I wanted to help you teach him a lesson and make him understand some sense, but since you said so, forget it, for Shujie’s sake, I’ll remind you of this, today he can force you to sell your blood, tomorrow he might make you sell your kidney, in the future, maybe he’ll just sell you, such a son, I think it’s better not to have him, not only will he spoil your whole life, but, in the end, he might also He will not only spoil your life, but, in the end, he may also kill you!”

“Ugh!”

Zhang Ma’s face was full of tears at Ji Feng’s words, how could she not understand this truth? Just by looking at Wang Lixiang’s performance, that was a conscienceless goods, who knew what he could do in the future.

But, after all, that was her own child!

“Oh, maybe I’m being nosy, that’s all, we probably won’t see each other again either!” Ji Feng smiled faintly, waved his hand, turned around and left in big strides.

“Fuck you .....” Wang Lixiang covered his stomach in pain and was about to curse when he saw Ji Feng snapping back, his curse hardened.

“If you dare to curse half a sentence again, I’ll get you killed!” Ji Feng said coldly.

Wang Lixiang opened his mouth, but in the end, he didn’t dare to look at Ji Feng, and panicked and looked away, no matter how indignant he was in his heart, but he didn’t have the courage to face Ji Feng.

Such people never have any courage, they will only be tough, domineering and unbeatable in front of those who don't spare them, while in front of those vicious people, they are smaller than the guts of a mouse!

These were the legendary unfilial sons, and they were the kind of guys who were extremely brutal!

Ji Feng shook his head helplessly, since ancient times, filial sons come out from under the whip, this Wang Lisheng is the best negative example, it's just a pity that even now, Zhang's mother still pampers him too much, I'm afraid that this will be the case for him for the rest of his life.

Of course, there are no absolutes in everything.

Many children who have grown up under the pampering of their parents may not be so unfilial, and this has a great deal to do with a person's temperament.

If a person is good-natured, then his or her parents' favour will only make him or her arrogant at best, but he or she will not turn into a beast, but if a person is bad-natured, even if he or she is disciplined, he or she will not go in the right direction.

This Wang Lixiang, I am afraid, is the kind of person who is born with extremely bad roots, and even if Zhang's mother disciplines him strictly from childhood, it may not have any effect.

If anyone has such a son, it would be better to cut him off. Although this is a vicious statement, it is an indisputable fact.

Originally, Ji Feng also wanted to discipline Wang Lixiang for Zhang Ma, letting him know that Zhang Ma had even gone to sell blood for him. But Zhang Ma blocked him and he was helpless.

One can only say that a person is a creation, the path is chosen by himself, no one can be blamed.

Even if Ji Feng wanted to help Zhang's mother, he couldn't just pay to support her for no reason, right?

The actual fact is, even if you do keep her, I believe Wang Lixiang will be more aggressive, now just gambling, I'm afraid that in the future may be rape and pillage, murder and arson, this may not be impossible.

Because at that time he knew that he had a mother who could help him and would certainly be more reckless.

Ji Feng shook his head and smiled, putting all these thoughts aside as he opened the car door and got into the car, "Let's go, go home!"

"Yes!"

.....

Not long after leaving the Windy City, Ji Feng dialed Wang Errong's phone number.

"Young Ji?" Wang Errong received the call and his tone was very respectful.

"Have you heard of Wang Ruohui?" Ji Feng asked.

“Wang Ruohui?”

Wang Errong was stunned, and after thinking about it, he hesitantly asked, “Young Ji, you’re talking about, but Brother Hui from the east?”

“He’s active around the Wanjiang District, and I heard that his power is not small.” Ji Feng said.

“Then it’s him!”

Wang Errong immediately said, “Young Ji, has he offended you?”

“It doesn’t really matter if he’s offended me or not, but I think this is a good opportunity, you might want to consider it?” Ji Feng said.

“What does Ji Shao mean is ..... for me to go to the east?” Wang Errong asked.

“You can think about it.” Ji Feng said, “This is just a suggestion from me, you and Jian Chang Teng will have to discuss the exact development.”

Of course he knew that Wang Errongzi’s power was in the west, and it wasn’t very powerful right now, so it would be difficult to come to the east to develop. Moreover, once Wang Errongzi came to the east, then his original territory would probably be eaten up by other forces.

That’s why Ji Feng just told him to think about it.

“What does young Ji mean?” Wang Errong asked.

“I have no opinion, you guys discuss it.” Ji Feng said, “If you can take care of the east side then naturally it’s better, but if not, forget it. But there is one premise, the territory you guys are currently operating on cannot be lost.”

“Then .....” Wang Errong hesitated.

“Let’s put it this way, you can discuss it with Jian Chang Teng afterwards.” Ji Feng said.

“Young Ji!”

White Spider suddenly shouted.

Ji Feng immediately looked ahead and saw several cars this whizzing past, and looking at that direction, it was heading towards the University City Commercial Street.

What’s more, the car at the front, the license plate was very familiar.

“Wang Ruohui’s car?” Ji Feng’s eyes immediately flinched, when Ding Dali was giving an account of Wang Ruohui’s information, he had told almost all the information he knew, including the models and license plates of several of Wang Ruohui’s cars.

The one at the front of this was one of Wang Ruohui’s cars.

“Follow it up immediately and take a look!” Ji Feng said immediately, he gave the white spider an appreciative glance, he didn’t expect that the white spider’s memory was also so amazing and was so alert that he could recognize Wang Ruofui’s car at a glance in this dark night.

“Wang Xiao, you can rest first, I still have things to do, I’ll talk later!” Ji Feng said into the phone and then hung up.

At this moment, the white spider had already made a quick U-turn and trailed Wang Ruofui’s convoy.

“This Ding Dali still has Wang Ruohui’s trust, so late in the evening, all in a hurry to go over .....” Ji Feng said secretly.

The car once again entered the university city and quickly headed towards the commercial street.

At this time, the corner of Ji Feng’s eye, suddenly glanced at a signboard on the side of the road, he could not help but heart.

“White Spider, no need to follow, let’s turn around and go back!” Ji Feng suddenly said.

“Go back?” The white spider was stunned.

“That’s right, go back home!” Ji Feng nodded and smiled, “It’s too late, it’s time to go back and rest too.”

“Yes!”

White Spider immediately answered. Despite the doubts in her heart, she still strictly carried out Ji Feng’s orders.

At this moment, Ji Feng, on the other hand, was deliberating his sudden idea, which, when he thought about it, should have a few points of feasibility.

Very quickly, Ji Feng put these messy thoughts aside, what he was most torn about now was what to tell Tong Lei and Xiao Yuxuan after he returned home?

Chapter1462

“Phew~~!”

Ji Feng let out a long breath and lay down on the bed for a moment, his heart was apprehensive and lost: “Back .....”

At this moment it was already early in the morning.

On the way back, Ji Feng’s heart was very apprehensive.

It wasn’t that he didn’t know how to explain to Tong Lei and Xiao Yuxuan, but he didn’t know how to face Tong Lei and Xiao Yuxuan. This might sound like a nonsense, but in reality it was not.

If Ji Feng wanted to talk, then naturally he could tell Tong Lei and Xiao Yuxuan everything that had happened tonight, including what had happened between himself and Qin Shujie.

If he didn’t want to say anything, then no one could force him. I believe that as long as he doesn’t say anything, Tong Lei and the two women will certainly not be the most fierce to break the sand pot to the end, that is not their character, especially Tong Lei, will not pursue the question. And Xiao Yuxuan, at most, will only flirt a couple of times.

They are both very smart and know how to get along with each other and how to get along with Ji Feng.

Therefore, there was actually no pressure for Ji Feng to come back, even if he never mentioned what happened this evening, nothing would happen.

On the contrary, if he had said it, perhaps something would really have happened.

So from the time he came back Ji Feng had already made up his mind that he would not talk to Tong Lei and Xiao Yuxuan about his affair with Qin Shujie for the time being. But this does not mean that he is at peace in his heart, in fact, he is more apprehensive instead.

It is because Tong Lei and Xiao Yuxuan are so open-minded and definitely do not pursue the issue, Ji Feng's heart instead feels even more guilty, in the face of them, they clearly do not know about his affair with Qin Shujie, but Ji Feng's heart is feeling, somewhat ashamed of Tong Lei and Xiao Yuxuan.

But things still happened.

So, Ji Feng was thinking in his heart, when he returned home and saw Tong Lei and Xiao Yuxuan, would he feel even more guilty in his heart?

But he didn't want to deceive Tong Lei and Xiao Yuxuan, but he couldn't say .....

It was this complicated state of mind that made Ji Feng very torn, and after that, he came back.

When he returned home, Tong Lei and the two girls had already fallen asleep.

This time, Ji Feng's originally hanging heart, immediately fell, but after his heart settled, he was apprehensive again, after all, deceived them ah .....

"Pop!"

Ji Feng lit a cigarette, took two strong puffs, and took a few deep breaths, and he was only slightly calmer.

He couldn't help but shake his head with a bitter smile, "They say that this thing of emotions torments people, and there are still many people who want the red flag at home to stay up and the colorful flag to fly outside ..... They don't know that this torments people even more!"

"Forget it!"

Ji Feng put out the cigarette he had just lit shortly after, and sat up from the bed in a flash, steadying his mind as he prepared to continue practicing aerobics.

"Master!"

As soon as he entered the training space, the Wisdom Brain came floating over, the Wisdom Brain, which had only been emitting a faint light, now had a much softer light, but was much more dense. At first glance, the Wise Brain was now like the sun that had just appeared in the eastern sky, with a glow, but not blinding.

Ji Feng was sometimes curious about how this wise brain looked like a mass of light, what kind of structure was inside it?

He had also asked the wise brain this question, and even said that if he had the chance, could he not take the wise brain apart and see what was inside .....

“Miso!” At that moment, the intelligent brain was so frightened that it ducked to the side, refusing to come near Ji Feng in any way.

That extremely humane look froze Ji Feng in his tracks.

If he hadn't known that the Brain was only an artificial intelligence, he would have thought that the Brain was a very humane pet.

It was also from that time that Ji Feng discovered that the Wise Brain was becoming more and more human.

In other words, the Smart Brain was becoming more and more human.

At this moment, seeing Wise Brain floating over and seemingly happy, Ji Feng couldn't help but ask with a smile, “Wise Brain, now that you are becoming more and more human, could it be that you will still grow?”

“Humanity .....”

The intelligent brain wavered twice and seemed to be tilting its head in thought, looking at Ji Feng again.

“Master, according to the information, as the master's cultivation level increases, the wise brain will also absorb more pure energy and will operate more smoothly.” The intelligent brain said.

Ji Feng frowned and said, “You mean that you are now becoming more human because as my cultivation level increases, the bio-current in my body has become more pure, and that's why you are more human?”

“According to the information, it's like that.” The intelligent brain said.

“Then in that case, is it considered that you are growing?” Ji Feng asked.

“The ..... database doesn't have any instructions on that.” The intelligent brain was silent for a long time and came to this conclusion.

“Then, in the Gamma Galaxy, are there any such examples, such as an intelligent brain like you, that might eventually grow into a very advanced existence?” Ji Feng asked again.

“..... The information is incomplete and cannot be displayed.” The intelligent brain said.

“Forget it then!” Ji Feng shook his head and said, “If you can grow that's not bad, maybe, in the future, you can really become a very advanced existence .....”

Ji Feng couldn't help but be a little curious, he was curious to know if the wise brain could really grow. Although there are no instructions on this in the data base of the intelligent brain, but from all indications, the intelligent brain is indeed growing, because it is much more human than it already is, and even, occasionally, it will imitate its own demeanor and movements .....

This is growth, at least that's what Ji Feng thinks!

If this is really the case, then with the passage of time and the deepening of his cultivation, will the intelligent brain really possess full human nature?

Just like a small child gradually growing into an adult?

“Master, do we start training now?” Wise Brain’s voice pulled Ji Feng’s thoughts back.

Ji Feng couldn’t help but look at the Wise Brain a few more times, and the more he looked at it, the more he felt that the Wise Brain was growing.

“Start training!”

Ji Feng nodded his head and asked, “Can I break into the next level now?”

“Master is advised to continue to consolidate the accumulation.” The intelligent brain said.

“I haven’t reached the criteria to break into the next level?” Ji Feng asked.

“Yes, master.” The intelligent brain nodded its head.

Ji Feng’s heart then flinched a little, he felt that he had been practicing very hard, although practicing bodybuilding exercises was now far less painful than it was back then, yet he hadn’t been training any less, and there were rarely any interruptions unless there were special circumstances.

After all this time, he hadn’t even reached the standard to break the next level, so it was clear how difficult the next level should be.

“Then let’s continue to break into the fierce beast forest!” Ji Feng said.

The obstacle ball exercise, that was mainly to train the precise and fine control of bio-current, while the training of breaking through the fierce beast forest was the one that could best exercise one’s perseverance and the accumulation level of bio-current.

The first time Ji Feng broke through the fierce beast forest, he was completely exhausted.

He later broke through a few more times, still in excruciating pain, but each time there was a noticeable effect, so now he decided to break through once more.

“Yes, master!” The intelligent brain said.

“Swish!”

With that, Ji Feng only felt the scenery change in front of him and he arrived at the edge of an extremely dense forest, breaking through this was about to begin.

“Phew~~!”

Ji Feng took a deep breath and without hesitation, he walked into the forest in big steps .....

.....

Time flew by, and when Ji Feng opened his eyes again, it was already early the next morning. The sunlight spilled in through the curtains, and a ray of sunlight shone right on Ji Feng’s face, reflecting a sharp light in his eyes.

Having succeeded in breaking through the barrier once again, Ji Feng had made another considerable gain.

His entire essence had improved a little, and his feeling was obvious.

“It looks like it’s not far from breaking into the next level.” Ji Feng said secretly, and the scene that the intelligent brain had shown him at the beginning ..... came back to his mind

The two people in the light screen were fighting against each other, and one of them could actually knock down a small mountain with one punch, that was the real shock!

Perhaps one day, one can reach that kind of level, although it’s still far away, but it’s not impossible!

Ji Feng clenched his fist!

Breakfast was something Ji Feng went out to buy, he had already made it a habit, there were too many people in the house in the morning to cook, and it was a bit more convenient to buy breakfast.

As expected, when Ji Feng was eating breakfast, Xiao Yuxuan and Tong Lei had smiles on their pretty faces, as usual, without the slightest difference.

They also didn’t ask Ji Feng why he stayed out for so long last night, they just asked him, as usual, if he was going to school.

“Go!” Ji Feng nodded his head.

In fact, he had no intention of going, but seeing the hint of anticipation flashing in Tong Lei’s beautiful eyes, Ji Feng nodded decisively.

Sure enough, Tong Lei’s beautiful eyes curved up and her smile made her pair of beautiful eyes into a pair of crescent moons.

Ji Feng then smiled.

If Tong Lei could smile this happily all the time, he would be willing to do anything.

Xiao Yuxuan also smiled gently, although she had always considered herself the second wife, she treated Tong Lei as a sister. Looking at Tong Lei happy and sweet, she herself was also happy.

Ji Feng couldn’t help but feel secretly emotional, this kind of scene, I’m afraid no one would believe it if I said it out loud, but it was true, and this, this was his greatest luck.

After breakfast, Ji Feng drove Tong Lei to school. On the way, Ji Feng suddenly received a call from Zhao Kai.

“Ji Feng, I have to go home for something, please ask for a leave of absence for me.” Zhao Kai said.

“So urgent?” Ji Feng asked, “Is there something at home?”

“There’s something, but it doesn’t matter, just ask for a leave for me.” Zhao Kai said.

“..... Alright then, if there’s anything you need help with, just talk.” Ji Feng could vaguely hear that Zhao Kai’s tone was a bit heavy and was now just pretending to be relaxed.

But if Zhao Kai didn't say anything, he couldn't ask much.

"Don't worry, I'll definitely look for you if I need help." Zhao Kai laughed, "Let's leave it at that for now, I'm getting in the car."

"Take care!"

After closing the line, Ji Feng pondered for a while, there was nothing good he could do, if Zhao Kai didn't say anything others wouldn't know what was going on, but Ji Feng believed that if it really couldn't be solved, Zhao Kai would definitely speak up.

Chapter 1463

In the morning, Ji Feng was honestly in school.

However, he was a bit uncomfortable.

As far as he could see, he didn't know many of the students in the classroom, whether they were in front of him or behind him, or whether they were boys or girls. At most, he felt familiar when he saw them and knew that they might be his classmates or students of the same major, but he didn't know who they were or what their names were.

He could feel that those people looked familiar also because he had seen them before when he came to class, but had rarely spoken to them.

"I call this a student?" Ji Feng couldn't help but shake his head with a smile.

He flipped open the textbook in front of him and started reading.

Throughout the morning, Ji Feng barely paused, his eyes were fixed on his textbook, ever since he had his intelligent brain, he couldn't be considered a good student, and it would be good if he could come to class for half of the semester at most.

In this way, his textbooks all seemed like new, and even if he had read them, he only read them once, memorised them, and then repeated them again, and that was it.

As for whether or not he really understood it, Ji Feng didn't really care.

The course of economics is incomplete because the society is developing so fast and new economic courses appear every day, so it is almost impossible to fully understand.

Moreover, the more people who have a high level of understanding in economics, the more they will be tied up in practice. As soon as they do something, they think about applying what they have learned, which becomes comfortable instead. Moreover, Ji Feng never intended to learn this course too deeply, as long as he could understand this aspect, it would be enough.

As for the real execution, there were naturally more professional talents.

Ji Feng had always believed in the truth that a real person at the top might not necessarily know much expertise, all he needed to do was to put more professional people in the most suitable position and make the most of their talents, and that would be enough.

In the blink of an eye, the morning passed, and when the bell rang for the last class, the campus immediately became lively.

Ji Feng also put away his textbooks and went downstairs to meet up with Tong Lei.

“Lei Lei, we’re not going to the canteen today.” Ji Feng said, “Let’s go out to eat!”

“Mmm!”

Tong Lei nodded her head, “I don’t have any classes this afternoon either, where are we going?”

“Jiangnan Fishing Village!” Ji Feng said.

“There?” Tong Lei remembered that place and couldn’t help but say, “Is it good to go there? Will we run into any more trouble?”

Ji Feng laughed: “You mean the gangsters there, right? Don’t worry, they won’t dare to come and cause trouble.”

The location where Jiangnan Fishing Village was located belonged to a relatively prosperous area and was not too far from the commercial street of the university city, so there were more punks there, and moreover, Jiangnan Fishing Village itself belonged to one of the head destinations.

Ji Feng was going there to find that ringleader!

“Let’s go!” Ji Feng said.

He took Tong Lei, along with Bai Spider and Han Zhen, and rushed to Jiangnan Fishing Village together.

When they arrived, there were no more seats in the lobby of this hotel, and it looked like the sound was very good.

“Is there a private room?” White Spider asked the hotel’s front desk attendant.

“Sorry, the private rooms are also full, we need to book in advance here .....” the waiter said.

“Call your manager here.” Ji Feng said.

“Sir, our box is really full .....” The waiter saw that Ji Feng’s few people had an extraordinary bearing and spoke more politely, “It’s the same when our manager comes. If a few of you are not in a hurry, you can wait for a while in the lounge area, there might be a seat soon .....”

“Ee?”

Just then, a surprised voice suddenly came from the side, “Is it ..... Ji, Ji Shao?”

“Manager!” That front desk attendant called out.

Ji Feng turned his head to look and immediately saw that at the entrance of the passage leading to the back room, a person was standing there in surprise, it was the manager of Jiangnan Fishing Village, who appeared to be surnamed Yan?

Grim!

Ji Feng remembered this manager's name.

"Is young Ji here for dinner, or ....." that manager Yan asked hesitantly. His heart was thumping, how did this bogeyman come, the waiter at the bottom of this didn't say anything excessive, right? If Ji Feng made a scene here, he couldn't afford it.

At the beginning, Ji Feng made a big scene here and seemed to have directly beaten up their school teachers and the student union, that kind of pugnacity, Grim felt a little scared when he thought about it, because at that time he also made a fool .....

"It's to eat, but I heard that there seems to be no room?" Ji Feng smiled faintly.

"How is that possible!" Upon hearing this, Manager Yan hastily said, "So what, there are still the best private rooms upstairs, a few of you please follow me, and please give me face, all the spending today is on me ..... then who, immediately explain the back kitchen, serve the best dishes and send them to the private rooms upstairs."

"Manager, that private room is reserved for Brother Biao .....,," the waiter reminded in a whisper.

Grim's eyes instantly glared, "Do as I instructed, even if Brother Biao is here, he will still affirm what I did, go!"

With that, a smile appeared on his face again, "Young Ji, and a few others please follow me."

"Then I'm welcome." Ji Feng laughed.

"Don't be polite, don't ever be polite, you're giving me face for coming!" Grim was full of smiles and hurriedly led the way in front, "A few of you please follow me."

The receptionist's eyes immediately went straight, unless he was meeting Brother Biao, when had Manager Yan ever been so polite to anyone?

Could it be that these few people were even more important than Brother Biao?

Naturally, she did not know that even Brother Biao had to be careful when he saw Ji Feng, not to mention Manager Yan, who was working under Brother Biao to make a living.

Under the guidance of Manager Yan, Ji Feng arrived at a private room on the top floor. This box was not an ordinary box, the area alone was two or three times the size of an ordinary box, not to mention that there was a stereo inside and even a small gym!

Even if it was placed in a star hotel, it would be of a luxury level.

"Young Ji, do you see this place, are you still satisfied?!" A hint of triumph flashed across Grim's eyes, I believe that even with Ji Feng's status, such a private box must be enough to satisfy him, right?

"I can't afford to spend on such a nice box!" Ji Feng laughed.

"Where, where, where, all the spending today is on me, it's an honor for me that Ji Shao can give face." Grim immediately said with a smile, "Please sit down first, I'll go and rush the back kitchen."

After watching Grim retreat, Ji Feng smiled and said, "Sit down, let's have some luxury today."

“Ji Feng, why is this Manager Yan so enthusiastic?” Tong Lei asked.

She was worried that Ji Feng had fallen for someone else’s trap, after all, Ji Feng’s identity was known to many people, seeing that this Yan manager was so enthusiastic, Tong Lei couldn’t help but be a little wary.

Ji Feng waved his hand with a smile and said, “It’s alright, I came here today to give them a chance to perform.”

Tong Lei didn’t quite understand, but seeing that Ji Feng had a good idea of what to expect, she didn’t ask more questions.

Four people, sitting in this luxurious box, but none of them felt excited. Ji Feng and Tong Lei had seen all kinds of scenes, and this level of luxury, although they had rarely experienced it, could not subdue them.

And the same was true of White Spider, as for Han Zhen, he was used to being calm, and although there was some curiosity in his eyes, he was not too shocked.

However, Grim did not think of using such tactics to subdue Ji Feng, he, who was in business, could be said to be versatile, how could a person of Ji Feng’s status not have seen such scenes?

This is a very good way to make Ji Feng feel satisfied, that’s all.

Of course, if this could be used to make good relations with Ji Feng, then of course it would be perfect.

Since he had the intention to get on good terms with Ji Feng, Grim’s efficiency was evident. Just ten minutes later, he led several waiters to start serving dishes, and all of them were specialties of Jiangnan Fishing Village.

“Young Ji, you and a few others enjoy your meal, I’ll leave you alone for now.” After serving the dishes, Grim said with a smile while retreating out.

Ji Feng smiled and said, “Let’s eat.”

But Tong Lei’s eyebrows knitted slightly and said, “Ji Feng, I see that this consumption is not low, if the cost is too high when we check out later, then we’d better pay for it ourselves, otherwise it won’t be good to talk later.”

Ji Feng laughed: “Don’t worry, if I guess right, someone will definitely come to pay the bill later.”

“Who?” Tong Lei asked curiously.

“Let’s eat first, we’ll know then.” Ji Feng laughed.

Tong Lei didn’t ask any more questions, since Ji Feng had said so, then it would definitely be fine.

“Let’s eat.” Tong Lei said to White Spider and Han Zhen.

Ji Feng couldn’t help but be in a bit of a trance, at this moment, what Tong Lei was showing was completely the style of a big sister, although the words were still as crisp as ever, and there weren’t many words, but that feeling, it was very obvious.

He smiled faintly, this is a good sign .....

A meal was eaten quickly, Tong Lei and their three women's meals are not large, the table moved very few dishes, but Ji Feng ate a few more bowls of rice.

The first thing you need to do is to take a look at the website.

After a few more moments, a knock sounded on the door outside the private room.

"Knock, knock, knock!"

"The person paying the bill is here!" Ji Feng laughed.

The door of the room was pushed open and a stout man appeared at the door, his face full of smiles as he enthusiastically said, "Young Ji, you've come in a hurry, I don't know if I'm intruding?"

Ji Feng smiled faintly, "Brother Biao, but we meet again."

"Young Ji is slapping me in the face, just call me Silly Biao." The man outside the door was no other than Silly Biao, who had a small conflict with Ji Feng and was also the head of the Dao in this area.

At the beginning, when Ji Feng, together with Zhang Lei and others, beat up the two brothers of the student union, Wei Chuanling, and Qin Shujie's elder brother in the fishing village in Jiangnan, and when Grim was a bit unforgiving, Silly Biao stepped in.

This is also considered a non-fight.

"Brother Biao, since you're here, come sit down and have a drink?" Ji Feng smiled.

"Yes! Ji Shao has asked then I won't be polite, hehehe!" Silly Biao laughed heatedly and walked in.

Tong Lei then vaguely understood, guessing that Ji Feng had come here to eat just to wait for this Silly Biao to come over.

She then said, "You guys talk, let's go over there and rest!"

Chapter1464

He was a bit stunned by the beauty of Tong Lei, and the heroic posture of Han Zhen and White Spider.

However, it was the first time he had seen a woman like Tong Lei.

He felt that even those stars on TV were far from being comparable to Tong Lei and the three women.

They were the kind of women that one couldn't take one look at without losing one's gaze, but he was only slightly amazed for a moment, and then he hurriedly sat upright and didn't look away.

The first thing you need to do is to look at a woman, but you need to know whose woman it is. If you can't figure out the situation, I'm afraid you won't even know how to die.

Don't look at Ji Feng sitting in front of himself with a bland smile, looking harmless, but silly Biao is aware of how scary this young man really is.

Although Jiangzhou is not small, but the Dao is only that big, and there are no secrets to speak of in itself.

In the past one or two years, how many bosses on the road had been cleaned up by Ji Feng?

In the west of the city, Hu Long is a big brother, known as Brother Long and Master Long in the Dao. Even in the whole of Jiangzhou, he was a well-known figure, and it was said that behind him stood some big official figures, with many men and huge industries.

But what happened?

In one night, Hu Long completely disappeared from Jiangzhou, and from then on, there was no more Master Long in this cosmopolitan city.

This was Ji Feng's tactic!

He had even heard a joke that after that, all the people in Jiangzhou who were called Dragon used to like to be called Brother Dragon, but since they heard that Hu Long had offended a big shot and was exterminated by someone with a raised hand, they were so scared that no one dared to ask others to call them Brother Dragon.

He was well-informed after all. Besides, Ji Feng did not deliberately try to hide this kind of thing, so he knew some of it.

When he thought about this, a cold feeling could not help but rise in his heart.

The first thing you need to do is to get a good idea of how much you want to do.

Since you are a member of the Dao, then we will just beat you up and slowly investigate your problems afterwards.

I believe none of them are clean.

Then, the next investigation will be accurate, absolutely no one will be wronged.

The next investigation will be accurate and there will be no one who is wrongly accused.

If the latter had wanted to deal with him in a fit of rage when he clashed with Ji Feng, he would not have been able to resist even if he was capable of doing so, because the two sides were not on the same level at all.

Every time I think about it, I feel scared, it was so close!

Although the relationship between the two sides had later eased up, Foolish Biao was still a bit uneasy. God knows when Ji Feng was having dinner with some big shot, he casually mentioned, "I heard that there is a Foolish Biao who is on the road and is very restless, so mess with him!"

That would be the end of it!

And this time, when he heard the grim report that Ji Feng had actually come to dinner again, Silly Biao was simply ecstatic in his heart. He didn't want to have a good relationship with Ji Feng, at least he didn't want Ji Feng to have ill feelings towards him, to be able to have well water and not offend each other, Silly Biao was already very extravagant.

Therefore, Silly Biao immediately put off all his business and hurriedly came here.

“Young Ji, let me toast you, I’ll drink up, make yourself at home!” Silly Biao picked up his glass and tilted his head and drank.

Ji Feng smiled faintly and drank some too.

Silly Biao poured another glass and then said, “Young Ji, this glass of wine is my way of making amends to you, I was too reckless and not too understanding in the past, I hope you won’t take it to heart.”

Ji Feng waved his hand with a smile and said, “I’ve forgotten all about the past, but let’s not rush to drink the wine first, since you’ve come over, I happen to have something to ask you.”

“Please speak, young Ji.” Silly Biao said immediately.

“Have you heard of Brother Hui?” Ji Feng asked, “It’s said to be very powerful in this area and a big brother on the road.”

“Brother Hui? Wang Ruohui?” Silly Biao asked.

“That’s him!” Ji Feng nodded, glanced at Silly Biao and asked with a smile, “Brother Biao, you wouldn’t be following him too, would you?”

“How is that possible!” Silly Biao shook his head and laughed, “We belong to that state where well water doesn’t interfere with river water, he has his power, I also ..... Hey, anyway, we are all doing it to make a living, let Ji Shao laugh at us.”

“You’re not just mingling for a living, are you?” Ji Feng asked with a smile.

Silly Biao then he hedged and laughed, but it was no good to talk, he couldn’t figure out what Ji Feng meant.

“Tell me about this person Wang Ruohui.” Ji Feng said.

Silly Biao was then slightly stunned, but he didn’t know what to tell Ji Feng.

Ji Feng asked, “What’s wrong?”

Silly Biao deliberated for a moment before saying, “Young Ji, I’m an old coarse man, rather straight, if you have any orders, just say, as long as I can do it, I, Silly Biao, absolutely have no second thoughts.”

“Then what if I ask you to exterminate Wang Ruohui?” Ji Feng asked.

“.....”

Silly Biao froze as he stammered and asked, “Ji, young Ji, you’re not joking, are you?”

“Are you afraid, or do you have other difficulties?” Ji Feng did not answer him, but asked directly.

Only then was Silly Biao sure that Ji Feng was talking to himself very seriously, he was not joking, it seemed that this Wang Ruohui had offended Ji Feng somewhere.

However .....

The first thing you need to do is to get rid of Wang Ruohui, and then you’ll be the boss of this university town.

Don't think that the people who spend money in this area are poor students and don't have much money, it would be a big mistake to think that way.

Perhaps in society, students are poor compared to other people's income, but don't forget that they are also very rich and spend money that is not their own, so they never feel any pain when they spend.

Moreover, the number of students is so large that in a university town, there are seven or eight universities alone, plus some high schools, junior high schools ..... and public schools, and the number of students in these schools combined is absolutely frighteningly large.

The benefits that come from the consumption of these people in a year can be extremely substantial.

"How about it, think about it?" Ji Feng looked at Silly Biao's face changing, and knew that this guy's heart was moved.

"Young Ji, frankly speaking, if there is a chance, anyone would want to dominate this area of the university city, and so would I!" Silly Biao said frankly, "But, me and Wang Ruohui are actually just half a catty ....."

"I think you're mistaken!" Ji Feng interrupted, "Letting you destroy Wang Ruofui isn't just about letting you monopolize this area of University City, nor is it about all the benefits going to you."

"That ....." Silly Biao was stunned at once.

"Have you heard of Wang Errong from the west of the city?" Ji Feng asked.

"Hu Long's men? I heard that he had offended Young Ji before as well?" Silly Biao asked.

"If you have time, why don't you go and talk to him, say that I asked you to go, listen to what he tells you, and then you can think about it." Ji Feng smiled and said, "When you've thought about it, you can come to me. Of course, if you think it won't work, then just pretend that I haven't come today."

Without looking at Silly Biao's stunned and somewhat confused eyes either, Ji Feng stood up, "That's it for today."

"Young Ji, I'll see you off!" Silly Biao hurriedly stood up.

When the group arrived downstairs, White Spider was about to walk to the front desk to pay the bill, Silly Biao hurriedly said, "Young Ji, I've already paid the money."

Ji Feng also didn't make niceties with him, he just nodded and said, "Thanks a lot then, I'll treat you some other day!"

"You're welcome, young Ji!" Silly Biao said, "Take care of yourself, Ji Shao."

Watching Ji Feng leave with Tong Lei and the others, Grim whispered next to him, "Brother Biao, Ji Shao wouldn't have come specifically to look for trouble, would he? Did the people underneath offend Young Ji again?"

"Hey! Old Yan, it's possible that I'm going to be rich!" Silly Biao suddenly said.

"Huh?"

Grim froze at Silly Biao's brainless words.

"Old Yan, watch this, I have a feeling that maybe this is an opportunity for me, maybe from now on, we might take a different path." Silly Biao said.

"What Biao means is ....."

"This matter should definitely not be spread outside, you keep an eye on the shop first, I still have something to go out!" Foolish Biao finished speaking and hurriedly walked out in a hurry.

Ji Feng arranged for him to find Wang Errong in the west of the city, there must be a deep intention, and he felt that this was an opportunity, so he must seize it.

.....

"Ji Feng, don't get too close to those kinds of people, they are not good people!" Tong Lei said.

Ji Feng smiled and nodded, "Lei Lei, now in your mind, it's still purely good guys and bad guys?"

"Not really!" Tong Lei said, "I just think that such people have a lot of uncertainties, if I get too close to them, will someone with an ulterior motive catch a hold of them?"

Although Tong Lei's personality is cold, she is not a little girl who does not eat the fire and smoke of the world, of course she knows that in this world there are no simple good or bad people, the good and bad of people are all relative.

Even if Ji Feng is a good person, Tong Lei thinks he is a good person, but there are many people who want him to die on the spot right now!

What she was worried about was just that Ji Feng was getting too close to people like Silly Biao and thus being used by Ji Feng's rivals.

"Don't worry, I have it in my heart." Ji Feng nodded and smiled.

Suddenly, he remembered something else and smiled, "Lei Lei, would you like to go see your uncle?"

Chapter 1465

"My uncle?"

Tong Lei nodded, "Think so, but should I say hello before I go over there?"

"Let's forget it!" Ji Feng shook his head and smiled, "Your uncle is so busy with work, let's make an appointment in advance before we go!"

"Mm!"

Tong Lei nodded and said, "Then call my brother, and Shen Jingyi when you go."

Ji Feng couldn't help but smile faintly, who said that Tong Lei didn't know how to deal with people?

Everyone went to see Zheng Yuanshan together, taking Shen Jingyi with them, that was undoubtedly the junior going to pay respect to the elders, in fact it was the same as treating Zheng Yuanshan as his own uncle, thinking that he had nothing to do with the Zheng family, he was grandfather's son!

This was undoubtedly very heart-warming.

Ji Feng scratched her little nose and laughed, "That's for sure!"

"Ji Feng, will you not make things difficult for my uncle in the future?" Tong Lei said in a soft voice, "My uncle is actually not easy, he has been suffering from the Zheng family, even the juniors of the Zheng family look down on him, he only has us as relatives ....."

Ji Feng laughed, "Your uncle is not a weak person!"

Just kidding, Zheng Yuanshan's heart is weak?

If Zheng Yuanshan had a weak heart, he wouldn't be able to walk to the position he is in now.

In fact, Ji Feng did think that Zheng Yuanshan was quite strong as a person, otherwise, facing that kind of situation since childhood, being despised by his own family, and in the child family the father was not his own, this had a kind of dilemma of grandma not loving uncle not loving.

However, Zheng Yuanshan managed to pull through, how could this be achieved by ordinary people?

Only, there was no need to say these words to Tong Lei.

"Let's go back!" Ji Feng said, "There's no class in the afternoon anyway, let's go straight home!"

"Mm!" Tong Lei nodded her head.

The four of them drove back, on the way, Ji Feng thought of Silly Biao again, he couldn't help but smile slightly, if there was no accident, Silly Biao would be the second Wang Errongzi.

Last night when he followed Wang Ruofui's convoy past the Jiangnan fishing village, Ji Feng suddenly had a thought in his mind, since Wang Errongzi was developing in the western part of Jiangzhou and was temporarily unable to come to the east to deal with Wang Ruofui, then why not train another person?

In this way, on the one hand, it would prevent Wang Errong from losing his tail, and he could find someone to fight against Wang Errong, on the other hand, it would also allow Wang Errong not to lose sight of the other.

Silly Biao!

He was Ji Feng's second candidate, and as far as he was concerned, he was the most suitable candidate.

Because Ji Feng had dealt with him, he knew what kind of person this was, and he also had a general idea of what Silly Biao was like as a person.

Although he didn't know Silly Biao too well yet, at least from what he knew now, Silly Biao was not bad and could be relied on.

Of course, Ji Feng would not have decided that Foolish Biao was the most suitable person just based on a little subjective judgment, which is why he wanted to go to Zheng Yuanshan to get a more detailed understanding of Foolish Biao's background and situation.

This was also the reason why he proposed that he should go with Tong Lei to see Zheng Yuanshan.

However, Ji Feng suddenly remembered that there was still a pending choice on Zheng Yuanshan's side, and he hadn't given a prepared answer yet!

The case of Zheng Yuxiu and her cousin had not really been resolved by Zheng Yuansan yet.

This also meant that Zheng Yuansan was still indecisive.

Since this was the case, Ji Feng immediately dismissed the idea of going to Zheng Yuansan. Many things did not necessarily have to be solved by looking for Zheng Yuansan. The current Ji Feng was no longer the brat he was back then, and he could also investigate on his own.

When Zheng Yuansan made a decision, Ji Feng made a decision with it.

"Ding ....."

Suddenly, Ji Feng's phone rang, and he took it out to find that it was Li Xin calling.

Ji Feng immediately picked up the phone and smiled, "Li Xin, what's up?"

"Young Ji, there's a bit of a situation over here, someone from the Sumida Group is here, and Mr. Han is making arrangements, so I'll take the time to call you." Li Xin said, "Do you want to come and take a look?"

"Sumida Group?" Ji Feng's brow immediately furrowed, "Aren't they a machinery group, what are they doing here in our Tengfei Group?"

"It's not quite clear yet, so I thought I'd talk to you about it." Li Xin said.

"Alright then, I'll go over there!" Ji Feng nodded and said, "I'd like to see what this Sumida Group can come up with!"

"Okay, then I'll arrange for them to wait a bit longer, and we'll talk when you come." Li Xin said.

After hanging up the phone, Ji Feng couldn't help but deliberate.

This Sumida Group, whose main business was in the machinery industry, was especially famous for its heavy machinery.

For example, the excavators, forklifts and so on used in engineering in China now, the mining machinery used in mines, and some special machinery, many of them are from the Sumida Group.

In addition, the Sumida Group also possesses considerable technology in the light industry. For example, many of the machines used in the production lines of some domestic light industry manufacturers, textile and garment industries are also from the Sumida Group.

It can be seen that, in terms of industry, the Sumida Group is actually far ahead of many Chinese companies.

It is also an undeniable fact that the industrial technology of the KAI tent is indeed superior to that of China, and the gap between the two sides is not small.

In fact, this is not only true for industry, but also for many other aspects.

To take the simplest example, the Chinese side discovered a very famous tomb of an ancient emperor, but surveyed that it was very complicated and, moreover, it was said to be filled with mercury and other means of defence.

With China's technology, it knew that the tomb was underground, but it did not have enough technology to develop it.

However, the Kaitou side offered to jointly develop that emperor's tomb with China, and could provide the technology and machinery, only that after the development, the results would need to be shared between China and the Kaitou.

The ancient history of our own country, the ancient emperor, needs to be developed by other countries and shared with them!

I believe that any Chinese would not feel too comfortable after hearing this news.

Later, the Chinese side rejected the boundary tent's offer, but until now, the tomb of that emperor is still sitting there, and the Chinese side is hard pressed to develop it.

Although the official claim is that the tomb of this great emperor is a valuable treasure and is not going to be developed for the time being, it is actually a kind of helplessness. If there was sufficient technology to develop it, and if it could be properly preserved afterwards, how could it not be developed?

This is mainly a lack of technology!

From this it is possible to see the technological perception between China and the boundary tent.

This is an indisputable fact, although it makes people feel stifled in their hearts.

The Sumida Group is a prominent group of companies in the industry, and is considered a representative enterprise in the heavy industry of the Kaitou.

However, what makes Ji Feng feel strange is that what does such an industrial group as the Sumida Group have to do with the Tengfei Group?

The Sumida Group has nothing more than pharmaceuticals and 3D TV sets, that's all.

Could it be that the Sumida Group wants to move into the pharmaceutical field?

I don't know what's going on, as long as it involves the people of the border, Ji Feng feels uncomfortable in his heart. He always feels that these border kids are all sneaky and not good people at first glance, and he doesn't know what they are thinking in their hearts all day long.

It seems that I was born to be in conflict with the people of the tent!

Ji Feng secretly felt funny.

He shook his head and couldn't understand what the reason for the Sumida Group to contact the Tengfei Group was, but only after he arrived at the Tengfei Group and met those Canopy people could he be clear.

"Doggone boundary tent people!"

Ji Feng couldn't help but curse again, "One day sooner or later, I'll beat all these groups of yours to death, so that all your proud technology will turn into scrap metal and be worthless!"

Pondering on the way, they soon arrived at the headquarters of the Tengfei Group.

Ji Feng thought about it and said, "White spider, I'll get off at the front first, you drive the car with Lei Lei to the office building of the Tengfei Group, so don't follow!"

He had posed as Li Xin's assistant to meet Kato before, now he had to be more cautious, God knew if Kato had any connection with Sumida.

Even if Kato knew his identity, it would be no big deal, but it would always be beneficial to keep a secret move, who knew what would happen later.

"Ji young, those boundary tent people ....."

"It's okay, this is our place, no matter how arrogant the boundary tent people are, they have to restrain themselves a bit." Ji Feng waved his hand and laughed.

"That's ..... fine." White Spider nodded and responded.

"Ji Feng, be careful, don't be impulsive when you encounter things." Tong Lei admonished.

"Don't worry!" Ji Feng smiled and said.

After passing the gate guard post at the headquarters of the Tengfei Group, Ji Feng got out of the car and started walking, heading towards the office of Tengfei Electric.

Although part of the office of Tengfei Electric was on the office building of the Tengfei Group headquarters, the two were not related and did not use the same staircase, so Ji Feng separated from Tong Lei and the girls and went up the stairs from the other side.

When Ji Feng arrived at the office building level of Tengfei Electric, he first went to look for Li Xin.

But before he reached Li Xin's office, when he passed the middle meeting room, he heard a gibbering sound coming from inside.

Ji Feng immediately frowned and immediately activated the bio-current to act on his eyes, his gaze penetrated the door of the parlour and saw the situation in the room very clearly.

"It's those guys again!" Ji Feng secretly said.

In this parlour, there were four people, none other than Ichiro Tanaka, whom Ji Feng had met in the Linjiang Clubhouse before, and his two assistants. Of course, there was another person who was definitely missing – it was that man with gold-rimmed glasses, a translator.

The voice just now was made by the man with the gold-rimmed glasses, who at the moment was looking indignant and muttering something under his breath.

Chapter1466

Ji Feng frowned and listened at the door for a while, but he couldn't understand a single word, this boundary tent language was simply bird language to him, speaking in gibberish, and he didn't know what they were saying.

However, although Ji Feng could not understand their words, he was able to read their demeanour.

Especially the man with the gold-rimmed glasses, he hated his hands and feet when he spoke, and he was gesturing at something while speaking, the expression on his face was one moment indignant and the next contemptuous.

Ji Feng then guessed that this guy obviously did not say anything good.

What made Ji Feng feel even more disgusted was that the fawning expression on this man with gold-rimmed glasses' face when he was talking to Tanaka Ichiro really made one's scalp tingle.

How did a Chinese person adapt to the kind of nodding and bowing at every move of a boundary tent man, with his mouth constantly saying 'Haj! ' 'Haj! ' ?

This man with gold-rimmed glasses was really a talent!

Ji Feng couldn't help but give a cold laugh.

"I hope you're not talking about the Tengfei Group, nor are you talking about Huaxia!" Ji Feng once again gave him a cold look before he turned around and left to go to Li Xin's office.

Ji Feng could guarantee that as long as this man with gold-rimmed glasses was discussing how bad China was with Ichiro Tanaka and the others today, or saying something that was against his conscience, he would definitely make this bastard unlucky!

If outsiders say bad things about their own family, then let's do it with them!

But what Ji Feng hated the most was that everyone in his own family looked down on his own people.

Of course, Ji Feng was not willing to be any of his own people with this man with gold-rimmed glasses, but it was helpless, this guy was a Chinese.

When he came to Li Xin's office, Ji Feng found that both Li Xin and Han Zhong were there, one of them was talking about something with a cigarette in his mouth, both of them had a bad smile on their faces, and they didn't seem to be saying anything good.

"What's up?" Ji Feng asked with a smile.

"Coming!"

Han Zhong and Ji Feng that was indifferent, he just smiled and threw over a cigarette and laughed, "Li Xin and I were just talking about if you didn't come in another half an hour, would that gang of boundary tent brats just be pissed off!"

After this period of time, Li Xin and Ji Feng had become quite familiar with each other, and he nodded casually and laughed, "Yeah, these guys had been hung out to dry for a full half hour before you came."

Ji Feng lost his smile, “Then why don’t you guys go and keep company? Even if you guys didn’t like it, then you should have sent someone to entertain them.”

“Bullshit!”

Han Zhong couldn’t help but sneer and said, “It’s lucky you’re the boss and not my subordinate, otherwise, just for saying that, I’d have to scold you.”

Ji Feng was stunned.

Han Zhong grunted, “My employees of the Tengfei Group are all solid Chinese, so it would be reasonable to have them greet them when we are talking about business, but we haven’t officially started talking yet. Why should I send someone to entertain them? I’m a Chinese to greet people, right?”

“What kind of reasoning are you making!” Ji Feng cried and laughed, “This is business, not a competition, the proper manners and courtesy should still be there.”

“Hey!”

Han Zhong sneered, “Ji Feng, you’re talking about manners with a boundary tent?”

Ji Feng also ignored him, he just smiled and said, “Li Xin, don’t listen to Han Zhong, arrange for someone to bring some tea to those few boundary tent people, you two guys are really excessive, people are here, just give them a few magazines, not even a cup of tea!”

Just now he was observing from the doorway of the meeting room, he saw that Tanaka Ichiro several people did not even have a cup of tea next to them, just a few magazines, thinking about it made him cry and laugh, Han Zhong also had such a cynical time!

Li Xin smiled and nodded, picked up the phone on the table and went to make arrangements.

Ji Feng casually pulled over a chair and sat down, asking, “How did you say just now that the people from the Sumida Group came straight over without an appointment?”

“Yes!”

Han Zhong nodded and said, “It’s not that they didn’t have an appointment, it’s just that they called the marketing department before coming and said they wanted to come and negotiate, so I gave it some thought and nodded my head in agreement.”

“That was also very hurried!” Ji Feng nodded his head.

Usually for negotiations between big clients like this, or between large companies, basically, appointments were already made a long time in advance. Some even two or three months in advance, or even longer, because it would be rude to visit very hastily, even for a visit of a personal nature!

“They’re a big multinational group!” Han Zhong said sarcastically, sitting up straighter and saying, “I’m actually wondering, didn’t they say that all the people in the sector tent are very polite? How come all the people I’ve met in the Canopy look like this?”

“Hey!”

Li Xin put down the phone and couldn't help but laugh, "Mr. Han, they're ghosts, so naturally they have a ghostly look."

"That's a personal attack!" Ji Feng laughed.

"Sorry!" Li Xin stretched her hands.

"Alright, alright, let's all cut the crap!" Ji Feng smiled and waved his hand, he could see that not only Han Zhong was alone, Li Xin also hated the boundary tent people, this was good, the two guys gathered to a sentence, it was strange to be able to give the boundary tent people a good look.

It was no wonder that when he arrived, he saw the man with the gold-rimmed glasses in the parlour, jabbering to Ichiro Tanaka about something, probably complaining about the Tengfei Group's negligence towards them.

It was indeed a bit of negligence, and as much as Ji Feng would have liked to do so, it was undeniably a bit rude as a business.

"Do you know what the Sumida Group's people are doing here?" After joking around, Ji Feng asked.

Han Zhong shook his head and said, "Who knows, they only called to say they had something to discuss, but what exactly it was, they didn't say, and the people in the marketing department didn't ask."

"You didn't even know what the matter was that people came for, so you agreed?" Ji Feng asked with a smile.

"It's a big group!" Han Zhong laughed.

Ji Feng couldn't help but cry and laugh, he understood Han Zhong's thoughts, this guy actually also valued the strength of the Sumida Group, but what made people squirm was that the Sumida Group was a Kaitou enterprise, and the people who came were all Kaitou people, that's why Han Zhong was upset in his heart.

His attitude now is that if he can work together, it's better, if not, it's no loss to the Tengfei Group, but if he doesn't make the Kaito people uncomfortable, he'll be uncomfortable himself!

What kind of mentality is this!

Ji Feng shook his head and said, "Alright, let's not leave them hanging for too long, let's go to the parlour and see what they want to say."

"Should I ask General Xiao to come along?" Han Zhong asked.

"Let's listen to what Tanaka Ichiro and the others are up to first." Ji Feng said.

"Then ..... let's go!"

The three of them then walked out of the office laughing and joking, remembering these things that Han Zhong and Li Xin had done, Ji Feng still had a feeling of crying and laughing, these two guys were too bad.

However, it was also soothing to the heart!

Of course, those who were comfortable in their hearts certainly did not include people like Tanaka Ichiro.

A few moments later, Ji Feng and the three of them arrived at the meeting room just in time to hear the man with the gold-rimmed glasses saying something loudly.

"I'm very sorry, our boss had some urgent business that he couldn't leave at the moment, a few of you wait a little longer, he will come over soon." A receptionist was explaining patiently.

"Joking, making us wait here for more than half an hour, and actually saying there's something urgent?" The man with the gold-rimmed glasses sneered, "I think the boss of your Tengfei Group really doesn't know what his surname is, have you heard of the Sumida Group? Do you know how strong the Sumida Group is?"

"Fuck!"

Han Zhong couldn't help but sneer, "Whether the Sumida Group is strong or not, it doesn't matter to me until we cooperate, right? I don't need to bashfully run to lick someone's ass, do I?"

"You ....."

The man with the gold-rimmed glasses was furious when he heard that, how could he not hear that Han Zhong was being sarcastic?

"@#%\$\$ ....." He turned his head angrily and said something to Tanaka Ichiro.

"Baka!"

Tanaka Ichiro gave a low shout and glanced at Han Zhong.

Ji Feng's eyebrows instantly furrowed, he understood the words, this son of a bitch was cursing.

"Then who, tell this son of a bitch that if I hear him swear again, I'll throw him down from here!" Ji Feng looked at Tanaka Ichiro coldly, but his finger was pointing at the man with the gold-rimmed glasses.

"What did you say?" The man with the gold-rimmed glasses said angrily.

"You want to be thrown down too?" Ji Feng's eyes narrowed as he asked coldly.

"....." The man with the gold-rimmed glasses opened his mouth and stiffly did not dare to speak again.

"Humph!"

Han Zhong coldly snorted, sat down opposite Tanaka Ichiro and the others and said indifferently, "If you want to talk business, then do it properly, don't put on a show in front of me like I'm the best in the world, although my Tengfei Group is not big, it's hard to go bankrupt, there's no need to hug anyone's thigh!"

"You!"

Han Zhong raised his chin at the man with the gold-rimmed glasses and said, "Ask him what you want to talk about here?"

Another angry look flashed across that gold-rimmed glasses face, but Han Zhong didn't even put him in his eyes, so he could only grit his teeth and said, "Mr. Tanaka said that the Sumida Group thinks that the 3D TV set produced by your company, is not bad, but it is still lacking in technology, and that both of us can cooperate and work together to bring the product to the world ....."

"Hmm!" Han Zhong just nodded and asked again, "Then how do you want to cooperate?"

"What Mr. Tanaka means is that we contribute the capital while developing the technology with your company, and at the same time use the Sumida Group's great strength to promote the 3D TV set overseas, while you are responsible for the market in China!" The gold-rimmed glasses said very smoothly, it was obvious that Tanaka had already explained him before.

Han Zhong immediately looked at each other and Li Xin, then at Ji Feng, and suddenly smiled.

Chapter 1467

"He's dreaming, isn't he?" Han Zhong said with amusement, "Is he out of his mind, or did we mishear?"

"You're making a personal attack!" The man with the gold-rimmed glasses said angrily.

"Bullshit!"

Han Zhong instantly said angrily, "If you dare to say such a way of cooperation, then you are out of your mind!"

He was really pissed off, especially after hearing what the man with the gold-rimmed glasses had said about the Sumida Group's intended method of cooperation, Han Zhong wanted to kick the bastards out of the room!

It was a joke, Ichiro Tanaka and the others were treating the Tengfei Group like fools!

"What the fuck are you talking about? The Tengfei Group is lacking in 3D TV technology, and this is the technology that is lacking. Han Zhong laughed coldly.

This Sumida Group was clearly coveting the 3D TV technology, and they were talking about cooperating to develop it, but in the end, the Tengfei Group could only have the Chinese market while the Sumida Group had a huge overseas market.

Let's not talk about which is bigger, the Chinese market or the overseas market, just the impact of the 3D TV set is an immeasurable amount of money, compared to the profit from the sale of the product alone, the two are not even close to the same weight.

What's more, the 3D TV technology is not that simple, and Han Zhong even knows that even the military research institute has come to ask for this technology, the importance of which even a fool can surely understand, let alone a person as shrewd as Han Zhong.

At this moment, Han Zhong suddenly felt that he had been too kind to Tanaka Ichiro and the others, giving them a place to rest and magazines to read.

He should have given them nothing and let them cool off outside in the cold, so that they could calm down and not look so arrogant and think that everyone else was stupid, which made people angry!

What the hell!

They are treating the people of the Tengfei Group like fools.

A few sons of bitches! Han Zhong stared coldly at Tanaka Ichiro and the man with the gold-rimmed glasses, his breath coming in sharply, obviously his anger was about to get out of control.

The man with the gold-rimmed glasses was stunned, and then he became furious: "If you make any more personal attacks, we can sue you!"

"I say, brother, which country are you from?" Han Zhong looked at him strangely, this bastard didn't know his surname, did he? He was so defensive of the Kaitou people!

"Of course I'm from the Canopy!" The man with the gold-rimmed glasses smiled and immediately straightened up, saying with a proud face.

"You're ..... you're a Boundary Tent person?" Han Zhong was stunned, he didn't expect this guy to speak Chinese so fluently, he was actually a Boundary Tent person, no wonder he defended the Boundary Tent people so much, it turned out that they were a gang themselves.

Ji Feng and Li Xin were also stunned, they both thought that this guy was a Chinese translator, but now they realized that they had thought wrongly, this guy was a Boundary Caveman himself.

"Of course!"

The man with the gold-rimmed glasses said proudly, "I have been a member of the Kaitou nationality for more than five years, and I am now called Inoue Heiji."

"....."

At this moment, Ji Feng's three people froze, even with their reaction speed and intelligence, they didn't even react for a moment.

"Inoue ....."

"Heiji?"

Han Zhong, Ji Feng and Li Xin each looked at each other, and they all wondered if they had heard wrong.

What did this guy just say?

He had joined the Boundary Tent nationality for more than five years and was now called Inoue Heiji ..... Did that mean that this guy was actually a Chinese before and only joined the Boundary Tent nationality later?

"Don't think I'm still a Chinese, this country is too dirty, the quality of people is low, like you guys, you don't move to make personal attacks, and the officials are corrupt and short-sighted, how can you compare to the Kaitou ....."

"Holy shit! I really can't help it!"

Han Zhong cursed angrily, stood up violently, came up and lifted his foot to kick: "If I don't beat you today, I won't be able to swallow this anger!"

Hoo~~!

This man with gold-rimmed glasses was so unbearable that even with his cultivation, he was about to get violent.

Swish!

However, at this moment, a strong wind suddenly came from the side, Ji Feng was instantly astonished and backhandedly blasted over.

Bang~~!

Ji Feng's fist collided with a person, the two of them touched each other, but Ji Feng was frowning fiercely, the other party was so strong, he actually didn't get sent flying by his punch.

"Boom!" With a sound, Han Zhong's kick was on the body of the man with gold-rimmed glasses, kicking him to the ground at once, "Fuck you Inoue Heiji!"

"Ah...!" The man with the gold-rimmed glasses screamed out, "Murder!"

"Stop it!"

At this time, Tanaka Ichiro suddenly roared, and what he spoke, was actually Chinese, although the tone of his voice was strange and seemed very raw, it was indeed Chinese without a doubt.

"What are you ..... doing ..... to ..... beat people up?" This sentence, Tanaka Ichiro stumbled very incoherently, obviously because his Chinese language skills are still very limited, but the meaning was clearly expressed.

"If you can understand Chinese, then you should know why we beat him!" Li Xin said coldly.

"I think what Heiji said is right." Tanaka Ichiro said, "What you did is against the law, I'm going to sue you, you'll be waiting to go to jail!"

"Sit your ass down!" Han Zhong cursed, "I should have known that it's strange that I could agree to your coming, damn it, running here to give me a belly full of fire, I tell you, beating him is still a small matter, if you dare to repeat what he said, I will beat you together!"

"You ..... hum! Barbarian!" Tanaka Ichiro's face turned red.

"I'm barbaric, so what?" Han Zhong said angrily with a cold face, "With civilized people old me speaks civilized, with animals, old me is barbaric!"

"# ¥ % ¥ ..... " Tanaka Ichiro's Chinese was not good enough, he could only speak a few simple sentences, and when Han Zhong squeezed him, he immediately switched to KAI tent language and muttered something in gibberish.

Han Zhong frowned, what the hell is he talking about?

At this moment, Ji Feng's eyes were cold, staring at the woman beside Tanaka Ichiro, alert as ever.

This is a beautiful woman of about twenty-six or seven years old, although it is already early winter, but she is still wearing a pair of black professional trousers, the upper body wears a white shirt, very simple with, hair is burgundy wavy, painted with light makeup, the neck also carries a sharp cross below.

How to look at it is a very fashionable workplace white-collar, looks absolutely any man will fantasize about, and no one will be defensive about her.

But Ji Feng, looking at her was cold-eyed, his gaze constantly sweeping back and forth over her body, but not violating her with his gaze, let alone surveying her vital parts, but observing this woman's physique!

He wanted to prevent this woman from making a move!

Because, the one who had just made a move to stop him was this gorgeous woman who appeared to be just a white-collar worker in the workplace.

Ji Feng was surprised in his heart because this woman was very strong, and although his punch hit this seemingly soft and beautiful woman, even though it was only a hasty counter-attack and he only used fifty percent of his force, it was definitely not something a woman could withstand.

However, the beautiful girl only took a few steps back, but did not fall down.

Obviously this was a master!

Ji Feng recognized that this woman was the gorgeous woman who followed Ichiro Tanaka at the Linjiang Club last time, and appeared to be his assistant, but to his surprise, she was also an expert.

"Ah ....." At this time, the man with gold-rimmed glasses, the so-called Inoue Heiji, who was kicked to the ground by Han Zhong, but struggled to get up, he gritted his teeth and looked at Han Zhong, angrily saying, "I'll sue you guys. I will sue you all! You're all waiting to go to jail!"

"If you offend us, the Sumida Group, your company will not be able to move forward!" Inoue Heiji gritted his teeth and snapped, "See how your Chinese industry is destroyed by our Sumida Group, and you can cry!"

"And you want a beating?" Li Xin's face clouded over as he asked coldly.

Ji Feng, however, just glanced at him and stopped looking at him, this was just a jumping clown, although very disgusting, but now was not the time to deal with him, this woman in front of him was the master.

If he hadn't struck back in time just now, he might have been hit by this woman.

"Your kung fu is not bad." Ji Feng looked at the gorgeous woman, her figure was tall, her legs were long and slender, and she appeared plump, in fact, this was yet very confusing and made people overlook her strength, "But, if you come to spill your guts in China just because you have good kung fu, then you are wrong, China is not a place where you can spill your guts, I advise you to go back to where you came from!"

As he spoke, Ji Feng's gaze was firmly fixed on this woman's eyes.

Sure enough!

He saw a touch of disdain in this woman's eyes, and a hint of mockery.

Ji Feng then knew that this woman could understand Chinese.

Moreover, Ji Feng also noticed a detail that when Tanaka Ichiro was talking, the rest of his eyes would occasionally glance over this woman's body, seemingly paying a lot of attention to her.

As for the man with gold-rimmed glasses on the ground, Tanaka Ichiro did not even look at him.

This was strange!

Ji Feng then paid even more attention to this gorgeous woman.

"You guys are responsible for what happened today!" Suddenly, the gorgeous woman spoke up, and she could actually speak fluent Chinese as well, "You started today's incident, we will send a note to China through the embassy, just you wait!"

Chapter1468

"You will be responsible for what happened today!" Suddenly, the gorgeous woman spoke up, she was surprisingly fluent in Chinese too, "You started this today, we will send a note to China through the embassy, just you wait!"

"That's right! Miss Kawako is right, this matter is definitely not over, you are too barbaric, we are foreigners!" Inoue Heiji, the man with the gold-rimmed glasses, yelled back.

"Ugh!"

Han Zhong sighed and couldn't help but rub the tips of his eyebrows and the corners of his eyes as he said, "What should I do, I can't help it again, this son of a bitch is talking too much!"

Don't look at Han Zhong's tone when he spoke, it could even be said that he was a bit playful, in fact, at this moment there was a hostility in Han Zhong's eyes, he was really enraged.

He was really enraged. This damned Inoue Heizi, who opened his mouth and shut up, said that he was a foreigner and a Kaitopan, and the meaning of his words was close to pointing his nose at Chinese people.

For this kind of person, even if I met him normally, I would still want to beat him up, let alone now this guy is still shouting in the office building of Tengfei Group?

"I think he's just forgetting the pain after getting well!" Li Xin's face was also very unpleasant.

No one in China would want to hear someone say how bad their country is. Of course, it is possible to listen to advice that is contrary to the ear, but the problem is that the person who is speaking has a strong sense of contempt, and is even speaking from a condescending posture.

I believe that the majority of people would not be able to accept it.

But in reality what this man with the gold-rimmed glasses, Inoue Heiji, did was far, far more outrageous than that!

It would be strange if they weren't annoyed!

"Then let's beat him up again!" Han Zhong immediately snorted coldly and fiercely stepped forward to grab the man with the gold-rimmed glasses and beat him up again, without beating him up, this anger could not be smoothed out.

"Swish!"

The gorgeous girl took a step forward with a fury in her eyes, staring deadly at Han Zhong, while her gaze glanced over Ji Feng and said coldly, "Inoue Heji is now a member of my Boundary Tent Empire, none of you have the right to beat him, whoever dares to move, I will make you pay the price!"

"Yoo-hoo?!"

Han Zhong snorted, "I'd like to see how you're going to make me pay for this in the land of China! Little girl, don't say that a few of us grown-ups are bullying you, take your lapdogs and get out of my Tengfei Group immediately, I get angry when I see you!"

"We will definitely leave, but, please speak politely!" The gorgeous girl said in a cold voice, "Looking at your stance and manner of speaking, you should be the person in charge here, or the boss of Tengfei Electric? I have a few words of advice that I hope you remember."

"And advice ....."

Han Zhong smiled coldly and waved his hand, "Go ahead, I'm all ears."

"Your Excellency, your actions today have broken the law, I think it is a crime to hit someone for no reason whether it is in our boundary tent or in your China, so you must take full responsibility for today's incident, please be prepared!" The gorgeous woman said in a cold voice, her pretty face covered with frost, her whole person looked like a cold beauty.

However, the words that came out of her mouth were so off-putting.

"It's not up to you to decide whether or not to take responsibility." Han Zhong shook his head noncommittally, and of course he knew that, regardless of whether this son of a bitch Inoue Heiji used to be a Chinese or not, he was now a Boundary Tent man, and beating him up was going to be a bit of a problem after all.

But what's done is done, and if he doesn't beat him up, Han Zhong is afraid he'll die of anger.

As for taking responsibility and such .....

With Ji Feng around, I believe things won't be too much trouble, not to mention that even if it is trouble what can it be? The most serious punishment is to detain a person, and this is already the most serious punishment, he Han Zhong is not afraid of this!

However, this woman's feeling of being overbearing all over her body made Han Zhong very unhappy.

"Humph! You guys beat someone up and you still want to not take responsibility?" That man with gold-rimmed glasses, Inoue Heiji, looked at Han Zhong with resentment and sneered, "We all know very well what your officers are like, so this time, just wait for your bad luck!"

To Inoue Heiji, Chinese officials were all the kind of people who immediately went soft when they met foreigners, and they were afraid of causing any international incident, so Inoue Heiji was almost certain that this time, these guys in front of him would definitely be unlucky!

Han Zhong glanced at him and almost went to beat him up again.

Shaking his head, Han Zhong said, "This ..... man is called Whatzi, if that's your advice, then I guess there's nothing more to talk about between us, take your lapdogs and get lost!"

"Your Excellency, what you are doing now is making a powerful enemy for yourself and for your country!" The gorgeous woman said coldly, "The Sumida Group is more powerful than you can imagine, and your making enemies with us will forever cut you off from entering the industrial field in the future, and will make your industrial field in China, usher in a cold winter."

"Holy shit!"

Han Zhong was immediately exasperated, "Why don't you say you are God? It's true that the Sumida Group is very good at industry, but does that make it great? You think you're the only industrial group in the world? Think about what you're saying, don't be so crazy that you don't even know your own name!"

Han Zhong was really laughing at this, and he couldn't even get angry.

This woman's words were just too funny!

Offending the Sumida Group was tantamount to cutting off the path to enter the industrial sector?

And what's all this talk about .....

Even the entire industrial sector of China will be hit and a cold winter will be ushered in?

..... This is fucking bullshit!

Do you really think the Sumida Group is the only industrial group in the world?

Germany, Rice, and France ..... are not much worse in terms of industry than the world tent, not to mention, how do they know that China's industry will not develop?

Who knows, that beautiful woman but some pity glanced at Han Zhong, shaking her head disdainfully said: "You Chinese have an old saying, called the frog at the bottom of the well does not know how big the sky is, today I finally understand the meaning of this saying."

"I also understand what the phrase "the frog at the bottom of the well does not know how big the sky is" means!" Han Zhong said.

"You don't know how many companies in China are working with the Sumida Group and are relying on its technology, its products." The woman said in a cold voice, "Remember, without you, Tengfei Electric, the Sumida Group can enter the electrical industry just as well, and, your market will eventually be ours!"

“That’s right, Miss Kawako is absolutely right!” The man with the gold-rimmed glasses, Inoue Heiji, said smugly, “We came here today to give you a chance, but not only did you fail to take it, but you committed an unforgivable crime, and you will pay for it!”

“I can kind of see that!”

Han Zhong rubbed the back of his head and frowned, “You’ve come to give us a hard time today, well done, you’ve succeeded!”

“Get lost! Don’t force us to use security to throw you all out!” Li Xin said with a frown as well.

“Wait for it!” Inoue Heiji gave Han Zhong’s trio a spiteful look.

“You’ll see that day!” The gorgeous girl also looked overbearing and said in a condescending manner, “Tanaka, let’s go!”

“Hmph!”

Tanaka Ichiro hadn’t spoken much because he wasn’t proficient in Chinese, but that didn’t stop him from having ill feelings towards Han Zhong and Ji Feng and Li Xin.

He gave the three a cold glare before striding away.

Looking at their backs, Han Zhong’s face was incomparably gloomy, Li Xin’s face was similarly unpleasant, and in Ji Feng’s eyes, there was a cold glint.

Seeing that Tanaka Ichiro and the gorgeous girl were about to leave the meeting room, Ji Feng suddenly spoke out, “Hey, you guys, don’t rush off yet, wait a minute!”

Ichiro Tanaka and the others immediately turned around to look at him, and Inoue Heiji even gloated and asked, “What, are you regretting it? I’m telling you, it’s too late to regret now, after offending our Sumida Group, you’ve lost your chance forever .....

“Will you die if you don’t say something?” Han Zhong scolded.

“.....” Inoue Heiji was choked for a long time, unable to say anything.

Ji Feng, however, swept his gaze over the gorgeous woman, and Tanaka Ichiro, he smiled slightly and said, “Listening to you all blabbering here, I feel that it is necessary for me to say a few words as well. It’s true that the Sumida Group is strong, but if you hold yourself too high, you’ll fall hard in case you fall!”

“Ha!”

Inoue Heiji shouted strangely at once and said playfully, “What did I hear? Are you going to bring down the Sumida Group? What a laugh, ha .....

**BOOM!**

A chair flew straight out and hit Inoue Heiji hard, instantly sending him straight to the ground, his body twitching a few times and then he didn’t move.

“It’s really not over if I don’t see eye to eye with you!” Ji Feng said indifferently.

“You .....

Tanaka Ichiro and the gorgeous girl were furious at the same time, and the young man who was following them stared at Ji Feng with the same anger, wanting to pounce on Ji Feng and beat him up right now.

“See, only such scum from my China would think of joining your Realm Tent.” Ji Feng said aloud, “However, he was right about one thing, I really want to bring down the Sumida Group!”

“Arrogant!”

“Ignorant brat!”

The gorgeous girl and Tanaka Ichiro laughed coldly at the same time, bringing down the Sumida Group?

That’s just a joke!

“You don’t believe me? Well then, if I really bring down the Sumida Group in the future, I hope I can still see you guys!” Ji Feng’s eyes flashed with a cold light as he said aloud.

“In another life!” The gorgeous girl gave Ji Feng a contemptuous look, “You Chinese people are just good at daydreaming and nothing else!”

Chapter 1469

The Chinese people can’t do anything except daydreaming?

Ji Feng couldn’t help but sneer, the words, he had already said, superfluous he didn’t want to say anything, but there was one thing Ji Feng was convinced, he said these words, absolutely not daydreaming!

“Humph!”

The gorgeous girl named Chuanzi coldly snorted, her eyes filled with contempt.

At this moment, the young man who was following them, however, had already taken out his mobile phone and called the police.

“#\$#%.....” the young man rattled off a string of words that no one could understand what he was saying.

Probably because the operator on the other end of the phone also didn’t understand, so the young man then subconsciously tried to hand the phone to the man with the gold-rimmed glasses, but it turned out that the guy was still pressed under the chair and was still unconscious .....

“Give me that!”

The gorgeous woman took the phone and said in a cold voice, “We are representatives of the Sumida Group and we were murdered in the office of Tengfei Electric .....

“Fuck!”

Han Zhong was instantly furious, this woman was really good at adding fuel to the fire, just beating up that lapdog, but in this woman's mouth, it actually turned into a murder?

But at this time, the woman had already finished speaking quickly, and then hung up the phone.

However, Ji Feng also shook his head, when he called the police to exaggerate the matter, this woman's approach was actually very smart.

In fact, although the officials in China also have these problems that they say, for example, when they see foreigners, they will unconsciously be a bit unsure of themselves, but in reality, it is not that outrageous.

Moreover, the number of foreigners in Jiangzhou has been increasing in recent years, so the officials are getting used to it and have experience in dealing with foreigners, so they generally know how to deal with such matters.

This woman, named Kawako, obviously knew this very well, so when she called the police, she directly made the matter very serious, just to make the police pay attention to it.

"This is a Huaxia Tong ah!" Ji Feng's eyes narrowed slightly, a foreigner wasn't scary, what was scary was that a foreigner who was well versed in the Chinese environment and national conditions, they knew how to deal with Chinese people, and that was a bit troublesome.

What's more, this boundary tent woman named Chuanzi was also a master, at least compared to many practitioners, she was definitely considered a master.

Such a person was extremely troublesome.

In addition, Ji Feng's heart actually had a suspicion that this woman, who seemed to have a higher status than Tanaka Ichiro, especially when she was talking to Tanaka, that unconscious feeling of superiority that came out, but did not escape Ji Feng's perception.

I'm afraid that among their party, this woman is the one who is really in charge!

Ji Feng couldn't help but secretly say, it seems that last time at the Linjiang Club, he was really fooled by this woman, at that time she was wearing a dress, very sexy and hot, Ji Feng originally thought that she was just an assistant of Tanaka Ichiro.

Now it seemed that he had misread the situation!

This woman was not only the main person in their party, but also, most likely, had a very high position in the Sumida Group, otherwise, she wouldn't have spoken with such arrogance, sounding as if she could completely represent the Sumida Group in general.

You know, the Boundary Tent people are generally very strict in their work, and if they are not sure of something, they will rarely say it, and this woman should be very well placed in the Sumida Group.

"So she's the one who's dangerous,....." Ji Feng glanced at her, and remembering what this woman said, he couldn't help but sneer, even if she had a high position in the Sumida Group, so what?

Even if the entire Sumida Group was added, could it really destroy China's industry?

It's a fool's dream!

China is a huge country, and although its industrial base is weak and its technology is not as advanced as others', it cannot be destroyed by just one or two groups, and even if the entire KAI Tent were to go into battle, they would not dare to say such big words, right?

However, from this, we can also see how contemptuous these people of the sector tent are when they look at China, and how arrogant they are!

Just because they are more technologically advanced than China in certain aspects and their economic development is better than China's, just any one of these people can disregard China in their eyes. Even within China, I don't know how many people dream of emigrating to the Boundary Tent and becoming a Boundary Tent .....

I just hate that China is lagging behind others!

If China's technology was more advanced than Rice's, and was at the top of the world, how dare the Kaitopians be so arrogant?

The Kaitou people, who have always been the most typical character of bullying the soft and the hard, back in the world war, the Rice people made two of their cities into ruins, but when they turned around, they went and hugged the thigh of the Rice.

And what about the Chinese side?

Back then, after the war, China did not ask for war reparations, but what did China get in return for its friendliness?

It was the disdain of the Kaitou people and their condescension!

That's what the Kaitou people are!

"You are being mouthy and arrogant, but you don't know that what I am saying is very serious!" Ji Feng said secretly in his heart, "You want to destroy the industrial system of China, that's a fool's dream, but I, on the other hand, must destroy the Sumida Group! Not for any other reason, just because of your lofty position today, just because of your contempt for China!"

Ji Feng's hand, which was hidden in his sleeve, tightly clenched into a fist as he said in his heart, "Chinese people, will not always be despised!"

Ji Feng was fierce!

At this time, Tanaka Ichiro and the others were standing at the entrance of the parlour with a wary face, preventing Ji Feng and the others from storming up and hurting people again.

On the contrary, the gorgeous girl, who had already retreated to the corridor, was looking out through the window, from time to time.

Ji Feng frowned slightly, this woman was a real nuisance!

.....

The first thing you need to do is to get a report from the emergency police line that a person is being murdered at the Tengfei Group.

The police would have attached great importance to any case that involved foreigners, and now they heard that there were still people from the border tent who were being murdered, so how could that be?

So the head of the emergency police line realised that the matter was too serious for them to handle and had to be reported to the city council. A matter like this involving foreigners could only be left to the City Bureau.

So very quickly, the Jiangzhou City Bureau got the news.

They didn't just take the case seriously because it involved foreigners, but because they saw a name – Tengfei Electric!

Other people might not know, but the heads of the Jiangzhou Municipal Bureau knew very well that the 3D TV sets that had been so hot in the market for some time were from Tengfei Electric, a subsidiary of the Tengfei Group.

Of course, this is not a secret, almost everyone knows this news.

What really makes the heads of the Jiangzhou Municipal Bureau pay attention is the background of the Tengfei Group. They all vaguely know that the Tengfei Group has a deep relationship with Ji Zhenguo, the secretary of the municipal party committee, and several heads know that the owner of this Tengfei Group seems to be the girlfriend of Ji Zhenguo's nephew .....

This time, they can't afford not to pay attention.

On the one hand, foreigners are being murdered, while on the other hand, it is the nephew of the municipal party secretary who is involved. For a while, the gazes of several heads fell on one person – Deputy Director Zheng Yuanshan.

Everyone knew that Zheng Yuanshan was a member of Ji Zhenguo, the secretary of the municipal party committee, and since this was the case, it would be most appropriate for him to handle this matter.

Seeing the gazes of several colleagues falling on himself, Zheng Yuanshan, who had already prepared for this mentally, could not help but give a bitter smile, it seemed that he could not run away from this errand, and in fact he did not want to run away.

"I'll take charge of it!" Zheng Yuanshan said dryly.

When he said this, naturally no one objected.

So, Zheng Yuanshan became the main person in charge of this case as a matter of course, and after that, he immediately led his men to Tengfei Group.

At the same time, Zheng Yuanshan also informed the police station in the industrial area to immediately dispatch the police, asking to rush to Tengfei Electric first and make sure to stop any serious and vicious cases from happening.

He was worried that Ji Feng might do something unmanageable in a fit of rage.

“I don’t know what the boundary tent people have done that would make Ji Feng so irritated that he actually went after them right in the Tengfei Group!” Zheng Yuanshan sat in his car and couldn’t help but shake his head with a bitter smile.

For Ji Feng, Zheng Yuanshan knew a little bit about this person, this kid’s character could be described as resolute but ruthless and decisive, when it was time to strike he was absolutely not soft.

Not only is Ji Feng’s tactics severe, but he is also extremely bold, there is nothing he dares not do, and there is no one he dares not kill!

This is not the case, Zheng Yuxiu and her cousin are still lying in the hospital, isn’t it?

When he thought of this, Zheng Yuanshan still had a bit of a headache.

So to say that Ji Feng dared to take out a few people from the boundary tent, Zheng Yuanshan absolutely believed it!

He had no choice but to call Ji Feng, hoping that this kid would be more sensible and wouldn’t really take out the people of the border tent.

The phone was dialed, and it soon got through, but no one answered.

Zheng Yuanshan shook his head with a bitter smile and could only shout, “Speed up and get to Tengfei Group as soon as possible!”

He knew that Ji Feng wasn’t answering his calls, and it was still because he hadn’t finished that multiple choice question before.

About half an hour later, Zheng Yuanshan arrived at the Tengfei Group with his men. When he arrived at the meeting room where the incident took place, he found that Ji Feng was sitting there with a calm expression on his face, and people from the police station had arrived early, and people from the other side were also there, so I think they should be the boundary tent people.

Seeing Zheng Yuanshan arrive, Ji Feng’s face could not help but reveal a smile as he stood up and walked over to shake hands with Zheng Yuanshan: “Chief Zheng!”

“You kid ah ..... ugh!”

Chapter1470

“These people must pay the price, arrest them, arrest them all!”

“Mr. Policeman, don’t think that because they are all Chinese that you are all biased towards this gang, I tell you, if we don’t have a result that satisfies us today, I will not stop there, and then our embassy will send you a note!”

“That’s him, that chubby guy, he’s the one who hit me, and that one, the one in the stand-up jacket, he hit me too, and he did it to Miss Kawako!”

.....

In the meeting room of the office building floor of Tengfei Electric, Inoue Heiji kept screaming, pointing at Han Zhong one moment, pointing at Ji Feng the next, with resentment and a hint of smugness in those eyes.

At this moment, Inoue Heiji had white gauze wrapped around his forehead, and a bruise on his face, which was smashed by Ji Feng with a chair just now.

“This son of a bitch, why didn’t you hit harder just now and just smash him to death.” Han Zhong looked at Inoue Heiji’s arrogant touch and couldn’t help but turn his head and say to Ji Feng.

Ji Feng shook his head and said, “Beating him to death would be dirtying my hands. He’s just a clown, it’s not worth making a fuss about. What we should really pay attention to is that woman .....

Han Zhong followed Ji Feng’s gaze and looked over, only to see that the beautiful woman named Chuanzi was currently sitting on the sofa, her face was cold, her eyes said to be equally cold, she sat motionlessly as if no one existed around her, the whole person gave off a feeling of being high above the world.

“This woman is not simple.” Han Zhong also saw it.

In fact, apart from not being able to do kung fu, Han Zhong was very accurate in reading people and had a shrewd mind, so he could naturally see that this woman called Kawako was very unusual, at least, it could be seen from certain attitudes, and Tanaka seemed to listen to her.

“Originally, she didn’t say a word, just listened to our conversation, and let that guy called Inoue Heiji scream here. This way, our attention is focused on Inoue Heiji, and Tanaka Ichiro, and we pay the same attention, but for this woman, it’s something that we subconsciously ignore.” Ji Feng whispered.

“Yeah, who knows, this woman might be the one in charge!” Han Zhong said, “She seems to be deliberately hiding her identity?”

“Her position in the Sumida Group should not be low.” Li Xin also whispered next to her, “Could she be a certain senior executive at Sumida Group headquarters, or, the lover of a certain director?”

“It’s hard to say!”

Ji Feng and Han Zhong were both amused when they heard this.

Li Xin laughed, “All the people in the boundary tent are horny, and, almost many executives keep a few lovers, even in the upper class of the boundary tent, it’s a very dignified thing for whoever has more lovers and whoever keeps a beautiful and famous woman.”

“Li Xin, how do you know so well?” Han Zhong asked.

Li Xin said, “I used to deal with a businessman in foreign trade, that guy is the one who often flies between the Boundary Tent and China, he knows something about the situation in the Boundary Tent.”

“But I don’t think it’s quite like that!” Han Zhong said, holding his arm with one hand and rubbing his chin with the other, pondering, “Look ha, this woman is sitting there with her legs crossed, but her body is straight, and the width of her hips is not too pronounced, this looks obviously virgin ah, it shouldn’t be a lover kept by some executive!”

“From my research experience, I found that this woman must not have been nourished by a man, or, perhaps, she herself is an executive of the Sumida Group.” Han Zhong finally gave his conclusion.

Ji Feng looked at Han Zhong in consternation, “When did you kid become so knowledgeable about women?”

“With the internet these days, what can’t you learn?” Han Zhong was a little uncomfortable by Ji Feng’s look, “What, I can’t even study it when I’m bored?”

Ji Feng and Li Xin were happy at the same time, “Hmm! Yes, of course you can!”

“If this woman is really an executive of the Sumida Group, then it’s really not simple.” Li Xin whispered, “Seriously, although these people are arrogant, we can’t deny that the Sumida Group is still extremely powerful, and to be an executive in the Sumida Group, their abilities naturally go without saying.”

Ji Feng and Han Zhong nodded their heads at the same time, Li Xin was right, although they looked at the boundary tent people with displeasure, their judgement was still very fair.

Frankly speaking, the people of the Realm Tent were indeed very strong, especially those large groups of the Realm Tent.

Moreover, the Boundary Tent people were rigorous and serious in their work and had a great sense of resilience. Then, if this Kawako wanted to be a senior executive within the Sumida Group at her age, she would not be able to do so without two brilliance.

“Keep an eye on her in the future!” Ji Feng said, “I always feel that this behavior seems a bit strange for this group of people to suddenly come to visit. With a group of companies as big as the Sumida Group, even if they wanted to come to negotiate, they would definitely have greeted them in advance, now they are coming so hastily, why is it like a child playing house?”

Han Zhong and Li Xin nodded at the same time, indeed, they also had this feeling. Just now in the office, they had talked about this, they just didn’t know what exactly the boundary tent people wanted to talk about, so Han Zhong agreed to do it.

The more they thought about it now, the stranger they felt!

“Is there a way to find out about them?” Han Zhong asked.

“It’s best to find out what they’re here for, I always feel that they’re not here to talk so simply.” Li Xin said.

Ji Feng deliberated for a moment before saying, “Don’t worry, I’ll check this matter, no matter what this group of boundary tent people want, we have to be careful. Han Zhong, Li Xin, the company’s security force must be strengthened during this period of time, not just for Tengfei Electric, but for the entire Tengfei Group.”

“Are you saying that the boundary tent people might have ulterior motives?” Han Zhong asked, frowning.

“No matter what they’re up to, we can’t let them get away with it!” Ji Feng coldly snorted, “Even if this gang is here to acknowledge their godfather, we have to be careful if we receive an unfilial son!”

“Understood!” Han Zhong nodded, “I’ll arrange for the security department to have them step up patrols and vigilance!”

“We should also pay attention on the lab side!” Ji Feng said, “It’s still unclear what they’re doing here, but no matter what, there’s no harm in being careful, if the other side catches on because of a carelessness, it’ll be a big loss for us!”

“That’s right!”

Han Zhong nodded and said, “Our stuff, even if we throw it away and feed it to the dogs, we definitely won’t give it to this gang of boundary tent people!”

“Then I’ll also arrange for Tengfei Electric’s side!” Li Xin also said.

While Ji Feng and the three of them were whispering over here, in the corridor at the entrance, Zheng Yuanshan was also listening to the report of the police officers from the Industrial Park Police Station who had arrived at the first opportunity.

“Chief, actually the matter is not too serious, it’s just that the two sides clashed over words, and thus made a move, a boundary tent man was injured, but the injury is not serious, just a little superficial injury, now the doctor from the Tengfei Group infirmary has given them a simple bandage!” The civilian police said.

“Who made the first move?” Zheng Yuanshan asked.

“It was ..... Tengfei Group’s side!” The civilian police said, “However, it seems that it was because those boundary tent people said something excessive that angered the people of the Tengfei Group!”

“I tell you, if you dare to take sides with your Chinese people, our Sumida Group will cancel our cooperation project with you and tell the whole world about your poor investment environment here!” Inoue Heiji’s shouting continued, “Arrest all these people immediately!”

Zheng Wonsan then couldn’t help but frown slightly, this bastard was really making some noise that made his head spin.

He waved his hand and said, “Alright, you guys go back first, the City Bureau is taking over this case.”

“Yes!” The civilian police nodded and responded.

Zheng Yuanshan went back into the parlour, and as soon as that Inoue Heji saw him enter, he immediately said, “Arrest them, quickly!”

“All right, the details of this matter need to be further investigated.” Zheng Wonsan said with an expressionless face, “The most important thing now is to get the injured to the hospital for treatment, in addition, both of you need to go to the police station to assist in the investigation .....”

“What?!”

Inoue Heiji immediately shouted, “We need to go to the police station too? What’s wrong with you guys? This matter was entirely instigated by these barbarians from the Tengfei Group .....”

“Watch the video!” Ji Feng said indifferently.

“What?” Zheng Yuansan asked.

“There are several angles of surveillance footage in this parlour, since these boundary tents entered the parlour, their every move, every word and action has been recorded by the surveillance cameras.” Ji Feng pointed to the top, “As for what happened during the conflict, once you watch the footage, it will naturally be crystal clear!”

“That would be perfect!” Zheng Yuanshan smiled faintly, “In that case, I guess no one will say that I am biased towards anyone, right?”

The faces of the people in the boundary tent didn’t look too good, especially that Inoue Heiji’s face changed dramatically.

And the woman named Kawako, likewise, had her eyebrows furrowed.

Ji Feng then watched with a twitch in his heart, was the surveillance video really that useful?

He suddenly realised that before he came, these boundary tent people might have said something in the parlour that they shouldn’t have, or, they didn’t want it to be known what they had said before!

“Of course, you can also go private!” Zheng Yuansan smiled faintly again.

With his eyesight, he could naturally tell that these boundary tent people seemed to be afraid of looking at the surveillance footage.

Sure enough, the woman named Chuanzi immediately said, “Private settlements are fine, however, in order to ensure our privacy, the surveillance footage from today must be completely handed over to us!”

“Don’t dream about it!” Ji Feng said indifferently.

“Either go through the officials, or, you will all get the hell out of here!” Han Zhong said coldly.

.....

Chapter 1471

The scene was frozen.

The gang of boundary tents stared coldly at Ji Feng and the others with a mixture of anger and shock in their eyes.

It seemed that .....

they hadn’t expected that Ji Feng and the others would dare to provoke them like that, like the kind of anger a lion feels when it’s provoked by an ant!

In their view, these Chinese people were not worthy of their eyes at all; they had come to China to make them work for them and make money for them.

But now, this group of people actually dared to go toe-to-toe with them like this, this was simply a provocation!

Ji Feng and the others were equally expressionless, there was really nothing left to say between them and this gang of boundary tents now, if it wasn't for the fact that they were in the way and that they were in the Tengfei Group, it would be strange if he could let these people go!

I believe that if they were in the wilderness or in the deep forest, these people would have been left with their limbs broken and left to fend for themselves!

"Get lost!"

Slowly, Ji Feng gave a low roar.

The woman named Chuanzi gave a deep look at Han Zhong and the three Ji Feng, as if she wanted to memorize their appearance to death.

And then, she said coldly, "Believe me, in the future, you will definitely regret what you did today because of the stupid things you did today, and at that time you will know how stupid your actions were today!"

Ji Feng frowned: "Get lost!"

"Humph!"

The woman named Chuanzi coldly snorted, "Go!"

"Wait for it you guys!" Inoue Heiji gave them a resentful glare and a cold snort before he turned to leave, "Mr. Tanaka, after you ....."

"It's fucking disgusting!" Han Zhong shook his head straight as he watched, this guy called Inoue Heiji was simply a brute, if moreover they hadn't seen it with their own eyes, how could they have thought that there were really such people in this world.

This was a time of peace!

If it had been during the war, it might have been understandable to have such a soft-headed person, because if they resisted, they might have been killed. But not now, right? Why would there be such animals who would rather be dogs for others?

Han Zhong didn't quite understand.

"They are worse than those traitors!" Han Zhong shook his head and cursed.

Ji Feng felt that this was normal, as the most important thing in modern society was no longer weapons, but banknotes. And for many people, banknotes were often more difficult to resist than swords, guns and bullets.

So it's not unusual to have people like Inoue Heiji. In fact, it's not just about joining the KAI Tent nationality, just look at how many people come back from overseas nowadays and bring a few words of foreign languages with them when they open their mouths, if they don't speak a few words of foreign languages it seems to mean they don't have enough class!

There are even people who often open their mouths and say things like "What's up with our country, Rice?" or "What's up with England?" .....

It's so normal!

"Okay, don't think so much, next time if you come across this bastard alone and alone, just get rid of him!" Li Xin grunted.

"Cough cough ....."

Zheng Yuansan coughed lightly twice beside him, these guys really had the guts to be so reckless as to get someone killed in front of a deputy director of the municipal bureau, where would he put this face of his?

"Ha!"

Li Xin laughed, "Chief Zheng, don't misunderstand ha, I'm just joking."

Han Zhong also smiled slightly and gave a wink to Li Xin, the two of them greeted Zheng Yuanshan and sat down, handing him another cigarette, and then they left the parlour, leaving only Ji Feng and Zheng Yuanshan behind.

"Uncle Zheng, I've troubled you again this time." Ji Feng first lit a fire for Zheng Yuanshan, and then sat down again and said with a smile.

Zheng Yuansan shook his head and said, "Compared to other things, this is no longer a trouble."

Ji Feng then smiled, he could hear that Zheng Yuanshan was saying something in his words.

"By the way, Little Feng, I wanted to call you specifically to say something, but now that I'm here, I'll tell you by the way that that last case was closed." Zheng Yuansan said.

"Which case?" Ji Feng was stunned.

"You kid ....." Zheng Yuanshan laughed, "Who could it be, of course it's the case of Zheng Yuxiu and her cousin!"

So it was them!

Ji Feng was immediately relieved, and he couldn't help but ask with a smile, "Then how was it handled?"

"An accident!" Zheng Yuansan said indifferently.

"Heh!" Ji Feng laughed, "This accident is really something!"

"You kid, ah, you really make me not even know what to say about you!" Zheng Yuansan shook his head with a bitter smile, what happened to Zheng Yuxiu was an accident?

Both of them knew what was going on, but no one had explained it.

There were many things that everyone obviously knew, but whether or not they said it out loud, then the nature was different again.

Now Zheng Yuanshan was saying this to tell Ji Feng that you gave a multiple choice question and I made a choice and have answered it!

Ji Feng couldn't help but smile slightly and said, "I've given Uncle Zheng a lot of trouble!"

“It’s alright!”

Zheng Yuansan waved his hand and stood up, “That matter has passed anyway, so don’t mention it again in the future. However, there is one thing that I also need to remind you, when dealing with foreigners, especially with the people of the Boundary Tent, try to exercise restraint, you also know our relationship with the Boundary Tent, it’s very sensitive and troublesome to deal with!”

Ji Feng smiled and nodded, “Thanks for the reminder Uncle Zheng!”

“There’s no need to be polite with me.” Zheng Yuansan said with a smile, “Alright, that’s it.”

Ji Feng also stood up, “I’ll see you off!”

At this moment, the relationship between the two suddenly became close again, Ji Feng smiled, the entire gesture of a junior to an elder, and kept sending Zheng Yuanshan to the door.

Zheng Yuanshan couldn’t help but feel in his heart that Ji Feng hadn’t even graduated from university yet, but this kind of maneuver, and this kind of natural change of mentality, even among many old oilmen in the officialdom, couldn’t reach this level.

This is how Ji Feng’s mentality is, as long as you express your attitude, then we are friends, otherwise, then we are strangers, at least certainly not very close.

Maybe Ji Feng will not be too distant from Zheng Yuanshan because of Tong Lei’s relationship, but I’m afraid it won’t be that easy to get too close.

The fact is that the company’s business is not a good one.

However, it was often this kind of calmness that was the rarest of all.

“Uncle Zheng take care!” Ji Feng smiled and said.

“Can’t go slow, I guess those heads in the bureau are waiting for news from me!” Zheng Yuansan waved his hand and walked out with big steps.

Ji Feng watched Zheng Yuanshan walk out with a smile on his face, he was very happy.

Zheng Yuanshan had finally made a choice, and I believed that from now on, he would no longer have that kind of mentality of swaying from side to side, and even if he did, it could basically be ignored.

This way, if he encountered anything in the future, Ji Feng could also look for him with confidence.

Ji Feng knew very well that in fact, Zheng Yuanshan personally rushed over today, not necessarily specifically to deal with the case, I’m afraid, to talk to himself about his options, this is also one of Zheng Yuanshan’s purposes!

Suddenly, Ji Feng thought of something and he hurriedly chased after him, “Uncle Zheng!”

Zheng Yuansan, who hadn’t gone far, jerked to a halt, turned his head and asked, “Something else?”

“A little something!” Ji Feng jogged over and said, “Uncle Zheng, there’s a guy called Silly Biao who is in the road near the university town, have you heard of him?”

“Silly Biao?” Zheng Yuanshan frowned and pondered for a moment before he shook his head, “Never heard of him. What’s wrong?”

“It’s nothing, I just want to know the details of this person, since Uncle Zheng doesn’t know then forget it!” Ji Feng laughed.

“How about this, I’ll check it out for you after we go back!” Zheng Yuansan said.

Ji Feng smiled and said, “Then it will be hard for Uncle Zheng.”

“Just give me less trouble, you kid.” Zheng Yuansan said with a smile.

Ji Feng laughed heatedly and said, “I can only promise to cause as little trouble as possible.”

Zheng Yuansan immediately laughed out loud. With a wave of his hand, he left with big strides.

After Zheng Yuanshan left, Han Zhong and Li Xin walked over again, and Han Zhong smiled and asked, “Didn’t get you into trouble, did you?”

He was asking whether the fact that he had just hit the boundary tent man would cause any trouble for Ji Feng.

Ji Feng waved his hand and smiled, “It’s fine, it’s just as well to have hit.”

“That’s good.”

Han Zhong said with a smile, “By the way, I just took the time to pull up the CCTV footage from the parlour, I couldn’t understand what the gang of boundary tent people were gibbering about, should we go to the marketing department and get some translators to see what they were saying?”

“Go!”

Ji Feng gave a thumbs up, Han Zhong’s reaction was just fast, the way those few boundary tent people behaved just now had already indicated that they were probably saying something in the meeting room that they shouldn’t, it was still more important to get someone to translate immediately now.

It was still more important to find someone to translate immediately now, at least to know what exactly those Boundary Tent people had said!

The three of them quickly made their way to the office, Han Zhong called for a few translators who were proficient in the Boundary Tent language, and then the three of them waited in the office.

“Knock, knock, knock!” Just then, there was a sudden knock on the door of the office.

“Come in!”

Han Zhong said aloud.

The office door was pushed open, and immediately afterwards, a girl in a professional suit walked in quickly, “Mr. Han, Mr. Li, those people just now came again!”

“Again?” Han Zhong was stunned, seemingly not responding, “Who’s here again?”

“It’s those boundary tent people!” The girl said.

Han Zhong was surprised for a moment, and he exchanged glances with Ji Feng and Li Xin, both seeing the look of surprise in each other's eyes.

Why were those boundary tent people coming over again?

You know, just now they had left in the dust, which could be considered very humiliating, the translator had been beaten and they couldn't even 'seek justice', so now they were coming over, just to take revenge?

Or did they feel that they couldn't swallow their anger, so they came over to curse some more to take out their anger?

"See?" Han Zhong looked at Li Xin and Ji Feng, "I don't want to see them anymore, I get upset when I see that gang."

Ji Feng also frowned slightly, deliberated for a moment and said, "See!"

"That's right!"

Li Xin nodded, "Then who, you go ahead and bring them to the parlour, remember, the same parlour as before! Tell them that we are busy and to wait!"

Chapter 1472

The boundary tent people were back, which was quite a surprise to Ji Feng and the others.

However, after Li Xin instructed them to go down, Ji Feng and Han Zhong immediately smiled knowingly.

Let them wait!

This wasn't just a way to hang the Boundary Cloaks out to dry, nor was it entirely a retaliation against their previous kind of rudeness, Li Xin actually had a deep meaning in arranging this.

No matter what this group of tents came to do, they always had to first pull out the previous surveillance video and translate what they said.

In this way, if the caravans really came for the video, then at least, they could catch the Sumida Group before the two sides met again, so that they could have an advantage.

So in fact, Li Xin arranged for the reception to take the tents to the parlour, just to buy time and to make the tents lose face, which was a few good things in one go.

This was a beautiful move by Li Xin.

"Han Zhong, hurry up and call for another rush!" Ji Feng said, "Have the interpreter come over quickly, those few Canopy people were in the meeting room for a short time before, right? We have to translate all their words and find out the loopholes in them, we have to be quick!"

"Yes!"

Han Zhong nodded and picked up the phone again, urging those translators on.

“These guys are really ..... telling them to get back as soon as possible, as fast as they can!” Han Zhong exclaimed, and then he put down the phone and couldn’t help but say, “The translators are all outside and are heading back now!”

“Didn’t you just say they were coming back soon?” Ji Feng asked.

“Isn’t that because there are only a few of us left!” Han Zhong couldn’t help but laugh bitterly, “I thought we could have a smoke and a chat and unknowingly those translators would come back. Who knew those boundary tenters were back?”

“Huh .....” Ji Feng was instantly happy, “That’s fine, we can smoke and chat just as well now.”

“What about that bunch of boundary tent people?” Li Xin asked.

“Didn’t you just say, we are very busy, so let them wait!” Han Zhong laughed.

Several people couldn’t help but burst into a bad laugh.

“Come, come, come, smoke.”

.....

A few guys were in Li Xin’s office, badly joking and smoking, as if they had completely forgotten about the boundary tent people in the parlour.

“Guess what those boundary tent people will say now!” Li Xin asked with a laugh.

“If they really came back for the matter of the surveillance footage, then this time as they say anything more excessive, then I can only wonder if they’re not in over their heads!” Han Zhong sneered.

Ji Feng stubbed out his cigarette and raised his hand to check the time, twenty minutes had passed.

He frowned slightly, “Han Zhong, call again to hurry up, we still can’t do anything else without that gang of boundary tent people leaving!”

“Okay!” Han Zhong nodded.

“And .....” Ji Feng suddenly remembered something and immediately said, “Li Xin, you immediately arrange someone to go and see what those boundary tent people are doing, arrange a few more people to entertain them and don’t let them move around! ”

“Ji Feng, what you mean is .....” Han Zhong was expansively startled.

“Our Tengfei Group’s headquarters is just this big, that bunch of boundary tent people will only have to turn around for 20 or 30 minutes to finish it!” Ji Feng said, “God knows if they really came back this time for the surveillance footage?!”

“Got it!”

Han Zhong’s expression couldn’t help but look cautious, he hadn’t considered the problem Ji Feng said.

But when he thought about it, what Ji Feng said was really possible, because no one knew how this group of Boundary Tent people suddenly came back after the conflict, and when he thought about the

kind of odd actions that the Boundary Tent people suddenly had to come and visit before, it was indeed a bit puzzling.

“I’ll go and arrange it!” Li Xin also reacted, although there were no secrets in the office building of the Tengfei Group, it was not possible to let everyone else know everything, especially not the Boundary Cloak people.

The two of them realized that they might have been negligent, although it might not have caused any serious consequences, but at least, this matter made them break out in a cold sweat.

This was still something that Ji Feng realised, and there was nothing important in the office building of the Tengfei Group, but what if it was in the laboratory? What about in the production workshop?

Or, was it in the R&D department, the marketing department?

The data and information is also very important, especially the most important technology, and if these things are stolen, then all the advantages of Tengfei Electric will be gone.

Imagine if Tengfei’s 3D TV technology was stolen by the people of the Canopy, and then the companies of the Canopy produced their own 3D TVs under their own brand names and brought them to the market, whose products would the market choose then?

Even if you think with your heels, you will know that consumers will definitely choose the products of Boundary Tent.

The imported ones!

Of course, this is only one possibility, and it is very unlikely.

However, it was a wake-up call for Han Zhong and Li Xin to realise that they may have done a good job in terms of hardware and facilities, such as increasing security forces and security devices, but in terms of security awareness, they still need to strengthen it.

If a large number of people come from the other side, then if one or two people are missing in the middle of the chaos, then no one will find out, and then the consequences will be .....

The same is true for Ji Feng, in fact, he only just realized this problem, because he always felt that there was something not quite right about this group of boundary tent people, especially the woman named Chuanzi, whether it was their behavior, or the kind of tone they spoke in, etc., all gave Ji Feng a very awkward feeling.

It was only that the previous conflict had diverted Ji Feng’s attention and he didn’t think about it.

But now that he thought about it carefully, this feeling of wrongness in the boundary tent was very obvious.

Soon, Li Xin came back and said, “I’ve arranged for three receptions to go to the parlour.”

Han Zhong also came back and said, “Those translators have arrived at the office and are now heading to the office, they will be there in a few minutes. Also, I’ve called security and asked them to confirm that no one has come out of the parlour in the meantime.”

“Not just the people in the parlour, make sure that the gang of boundary tents are all back, and also, how many people were there when they came in, and how many people are sitting in the parlour now!” Ji Feng said, “How about this, Li Xin, please go to the meeting room first and talk to those Boundary Tent people, try to stall for time anyway, when the translation is done over here, Han Zhong and I will go over there immediately.”

“Okay!” Li Xin nodded, and then immediately went to the parlour.

“Han Zhong, we’ve been careless this time!” Ji Feng said cautiously, “Maybe that gang of boundary tent people have already screwed up.”

“Should we conduct a strict investigation throughout the company?” Han Zhong asked.

“It’s useless to investigate now!” Ji Feng shook his head, “There are so many people inside the company, if someone from the other side really followed them in, you won’t be able to find them if he hides anywhere, and it’s easy to cause confusion. Besides, this is just our guess, the boundary tent people might have come for the surveillance footage too.”

“Let’s hope so!” Han Zhong couldn’t help but curse, “How fucking shameless, these Boundary Tent people are really thick-skinned!”

“What’s wrong with that? That’s how it is in the business world, if you don’t have the technology, then find a way to get it, if someone else has it, then steal it, if you can steal it, then it’s yours!” Ji Feng said, “Today’s incident is a wake up call for us, it also shows from the side that our security is still lacking, we need to strengthen it in the future.”

Han Zhong nodded and said through clenched teeth, “Damn it! If that bunch of boundary tent people really dare, as long as I catch them, I’ll have to chop their claws off!”

Ji Feng shook his head and laughed, “Don’t get angry first, let’s see what happens.”

“Stomp .....” A rush of footsteps suddenly came from outside the door, and then, the door of the office was knocked on.

“Please come in!” Han Zhong said in a loud voice.

Two well-mannered young men walked in, “Mr. Han, you’re looking for us?”

“I’ve heard that you two are proficient in the Boundary Canopy language, right?” Han Zhong asked.

“Yes, I studied Business Boundary Tent language when I was in university.” A young man nodded.

“Me too!”

Another also nodded and said.

“Good then, you guys come over and help me translate a conversation from the video!” Han Zhong said.

He then opened the computer on the table and then gave the chairs to the two young men, who were still a bit restrained, so Han Zhong said, “Sit down and translate properly, your work is most important, so don’t worry so much about these small issues.”

Ji Feng also casually pulled over a chair for them, the two people then some not too good to sit side by side, then Han Zhong opened the video: "Attention, it's starting!"

"\$%\$\$ ....." A bird's-eye phrase came from the speaker as soon as the video was opened.

"These Chinese people are too much, they actually left us hanging here without even a greeting!" A young man translated quickly.

However the two young men looked at each other and nodded at the same time, the words confirming that the translation was correct.

At this time, Ichiro Tanaka in the picture said something like.

"The Chinamen have always been so impolite!"

Swish!

It was then that Ji Feng and Han Zhong's faces turned green, these motherfucking boundary tent people!

Chinamen?!

Any Chinese person who heard such an epithet would instantly be on fire, wanting to kill these Kaitou people with their own hands right away!

This is an insulting name for China, even more disgusting than the foreigners calling each other "xx", especially since almost all of them were calling the Chinese this way during the bitter war that China went through, which was extremely insulting!

"Damn it!" Han Zhong slapped his hand on the table.

Chapter 1473

"Fuck him!" Han Zhong slapped his hand on the table.

"This ..... shouldn't be the reason for that gang of boundary tenters to come back, right?" Ji Feng's face was also extremely gloomy, a cold light flickering in his eyes, and he was actually irritated by the name 'Chinaman'.

Such a highly insulting name was absolutely unacceptable to anyone, especially coming from the mouths of the sectarians, which made people's hearts burn with anger and almost explode.

Ji Feng guessed that it was probably because of this surveillance video that these people came back, because after Ji Feng said that he was watching the surveillance video, the attitude of the people in the tent suddenly softened, and there was no doubt that there was something in this surveillance video that they were afraid of, so this must be it.

It seems that it is a bit of an understatement for the Boundary Tent people to go soft just because of such a surveillance video.

Did they just say a few words that were too aggressive?

At most, the words were inappropriate, but it's not like they had much of an impact on the Boundary Tent people, and it's a bit unbelievable that they would return again because of this.

In fact, if you think about it, you can understand that what they care about is not their image, what they really care about is the reaction of the Chinese people.

If the CCTV footage was released by the Tengfei Group, then I'm sure everyone would know what the Tents said.

Moreover, Ichiro Tanaka was also the vice president of the Sumida Group, and even the woman named Kawako, who was also supposed to be an executive of the Sumida Group, and should be a senior executive of the Kaitou headquarters.

Then it would be the Sumida Group that she represented, and with their 'Chinaman' remark, there was no telling how many Chinese people's anger would be stirred up!

It could be a big thing, but it could be a small thing!

If it goes wrong, it could even rise to the level of an international dispute, which would be detrimental to the Sumida Group.

So if that was the reason why these people came back, they wanted to get back the CCTV footage to prevent what they said from getting out, that would make sense, at least that explanation would make sense.

"These guys are amazing, they've managed to rise to the level of making me want to do away with them!" Han Zhong grimaced and said coldly, "Let's see, no matter what they came back for, we have nothing to ask of them anyway ..... just kick them out!"

"Ya yah yah yah, if it wasn't for the fact that the police had just left, I would have had the security guards carry these bastards out horizontally!" Han Zhong had a face of resignation.

For no other reason than the fact that these damned people from the border tent opened their mouths and called them 'Chinamen', Han Zhong wanted to kill them immediately.

The name calling was a real turn-off!

His heart was full of anger but he didn't know how to vent it, which made Han Zhong's face look very ugly.

Ji Feng pondered for a moment, shook his head and said, "No need to be so impulsive first, wait until they finish translating the surveillance footage!"

Han Zhong took two deep breaths to calm himself down, and then he sneered, "If I find anything useful later, I won't be finished until I scrape a few pounds of flesh off that gang of boundary tenters!"

The two translators shrank their necks when they saw that Han Zhong's face was ironic, worrying whether Han Zhong's anger would be implicated in them, knowing that they had translated the words.

Ji Feng saw their worries and couldn't help but say, "You two can rest assured that this matter has nothing to do with you, you just translate it according to the original words, and if you translate it well, it will be considered a credit to you!"

"That's right, try to translate according to the original words!" Han Zhong also nodded his head and said.

The two translators were then relieved, nodded their heads and began to continue playing the surveillance footage and translating carefully.

"Did you see everything clearly?" It was the woman named Chuanzi who was speaking.

"No, there was a bit of a rush along the way and I didn't have time to record it." This was the young man who had followed Ichiro Tanaka speaking.

"Be on your guard, the Chinamen are very cunning, don't fall for their tricks ....." Tanaka Ichiro turned to the young man and instructed him.

"Yes!"

.....

As the two translators translated all the conversations of those few boundary tent people in the surveillance video, Ji Feng and Han Zhong could not help but frown slightly, they knew that their previous guesses were mostly true, those few boundary tent people from the Sumida Group had suddenly arrived, but not just to pay a visit.

They, too, had other purposes.

But exactly what the purpose was could not be said right now, perhaps because they were in the Tengfei Group, so these few boundary tents were very careful and cryptic when they spoke, making it difficult to understand exactly what they meant.

The next time the video was shown, those people in the tent did not say or do anything strange. Only as time went on, the gang of boundary tent people got impatient waiting and then started complaining about the lack of manners of the people from the Tengfei Group, complaining that all Chinese people are like that, they all don't know how to be polite, etc. ....

These words, Ji Feng and Han Zhong just simply ignored, with those arrogant words and actions before, they were almost somewhat immune to these words from the boundary tent people.

"Mr. Han, all the translators are here!" A translator handed Han Zhong a piece of paper filled with dense dialogue, "Do you see any more questions?"

"It's translated according to the original words, right?" Han Zhong asked as he looked at the dialogue written on the paper.

"Yes, perhaps there will be differences in the meaning of certain words in between, this is unavoidable because there are definitely differences between the Boundary Tent language we are learning and some of the habits of their Boundary Tent people's speech." A translator said, "For example, we usually say don't know, and in some places we also say know not, but when translated into a foreign language, it would only translate as don't know ....." There might be this subtle gap in between."

"It's like a big truck, some places are called a truck, some places are called a semi-trailer, is that what it means, right?" Han Zhong asked.

"Broadly speaking ..... can be understood in this way." The translator nodded.

"You two have worked hard." Ji Feng smiled and said, "Your bonuses will be increased this month, this will be considered as a reward for your hard work today."

No matter how much one hated those boundary tent people, at least, treating the company's employees, one could not bring the effort to them.

People had worked so hard to help you translate, not to be bullied by you!

Neither Ji Feng nor Han Zhong had ever wanted to bully their own employees; the two sides were in a cooperative relationship, not a subordinate one, and this was something that the two had discussed and positioned from the very beginning.

"Thank you ....." The duo's faces could not help but show joy.

They didn't know who Ji Feng was, but seeing him speak so steadily and with such poise, they should be executives from the headquarters of the Tengfei Group, so the duo thanked him gladly.

"You guys go ahead and get busy." Ji Feng smiled and said.

Only after the two interpreters left did Ji Feng slap the paper in his hand on the table in one go.

"Slap!"

Ji Feng's face sank, "Han Zhong, go, go beat up the boundary tent people!"

Han Zhong instantly came to life: "Really beat up?"

"Do I look like I'm joking to you?" Ji Feng asked in a deep voice. He sneered, "Today, based on the words and actions of those guys, I'll beat them up and have to make them not dare to say a word, but only break their teeth and swallow them in their bellies!"

"Go!"

Han Zhong's spirit lifted as he listened and immediately pulled open the door, "I'll go first, damn it, I've been holding my fire for a long time and I can't hold it in anymore!"

Ji Feng and the two of them walked towards the meeting room with big steps, they had just reached the door when they saw Li Xin walking towards them with a frown on her face.

"Li Xin, why have you come out?" Han Zhong asked, "How is the situation inside? Do you know what that gang of boundary tent people are back for?"

"They're really here for the surveillance footage!" Li Xin said, "Three of those four guys came, Tanaka Ichiro, that woman, and that young man. After the three guys arrived, only the woman said a few words, the other two didn't say a word and sat in the parlour like a sulking gourd, I really couldn't stand it!"

"That Inoue Heiji must have been taken to hospital, right?" Han Zhong gloated and laughed.

Thinking about that guy who deserved a beating made Han Zhong feel relieved, that son of a bitch deserved to be beaten up so badly that he didn't even feel good about it.

"By the way, have you finished translating the surveillance footage?" Li Xin asked.

As soon as he mentioned this, Ji Feng and Han Zhong simultaneously snorted coldly, and Han Zhong even said, "Go, go beat up the boundary tent people!"

"What?" Li Xin was stunned.

Ji Feng, however, had already taken the lead and walked over in big strides.

In the surveillance video, that boundary tent man didn't know how many times he had said 'Chinaman', and the anger in Ji Feng's heart had long been about to be suppressed.

He directly pushed open the door of the meeting room and immediately saw that Kawako and Tanaka Ichiro, as well as the young man, were sitting on the sofa without saying a word, with cold faces, as if they were waiting for something.

Seeing Ji Feng enter, a strange look flashed across that Kawako's beautiful face as she said in a deep voice: "Where is your boss, please ask him to give me that video of the camera capturing us immediately, you are violating our human rights!"

"@#@\$%\$\$ ....." That Tanaka Ichiro also muttered a few words in gibberish, and finally left stuttering in Chinese: "You guys, especially rude ....."

"You come here!"

Ji Feng pointed at Tanaka Ichiro, then hooked his hand to him, gesturing for him to come over, "You come over so I can give you the video!"

Tanaka Ichiro's heart was immediately pleased, he immediately stood up and took two quick steps and came to Ji Feng: "Where is the video ....."

Ji Feng held out his hand, "Here it is!"

Tanaka Ichiro's gaze immediately looked over, only to see a bushel-sized slap that instantly slapped over.

Slap!

A slap fiercely slapped Tanaka Ichiro's face without reservation, instantly sending Tanaka Ichiro's body shaking, his head jerking backwards, his entire body staggering and sitting on the sofa with his buttocks.

"Want some more?" Ji Feng asked indifferently.

"Baka!"

The young man instantly roared in anger and stood up, about to make a move against Ji Feng.

Boom!

Ji Feng didn't even look at him, and directly reversed his body and kicked over.

“Today, I’m going to let you boundary tent people know what the consequences of being arrogant in China will be!”

Chapter 1474

Boom!

Ji Feng didn’t even look at him as he directly reversed his body and kicked over.

“Today, I’m going to let you boundary tent people know what the consequences of being arrogant in China will be!” At the same time, Ji Feng’s cold words rang out in the parlour and reached the ears of these three boundary tent men with unmistakable clarity.

Boom~~!

The young man was smashed on the shoulder by Ji Feng’s leg, and his whole body was like a scarecrow that was unbearable to hit, and he was instantly smashed backwards, hitting the wall heavily, his eyes rolled over, and he directly fainted.

“Swish!”

At this time, the woman named Kawako had already attacked, and at the same time she shouted sternly, “Damned Chinese! Stop it!”

“Stop your mother’s hands!”

Han Zhong shouted from the doorway, “Ji Feng watch out for this bitch’s sneak attack!”

“Snap!”

Ji Feng, however, directly clasped Chuanzi’s wrist and stared coldly at the woman, “Don’t think I don’t hit women, that also depends on who it’s to, if you dare to move again, you might have to leave here sideways today!”

After saying that, Ji Feng flung his hand and pushed this woman to the side.

“Chinese, this matter must not be finished today, if you dare to make another move, the boundary tent embassy will definitely issue a note, and you will bear all the consequences!” Chuanzi’s voice was icy cold as she stared at Ji Feng with a deadly stare.

How could she have not expected that this guy would act like a madman as soon as he entered the door, coming up to make a move, not even saying more than a few words, not even saying what the reason was, he just wanted to make a move, to beat someone up!

This man seemed to have come here specifically to beat people up, which really made Chuanzi wonder, weren’t Chinese people always cowardly?

When did such a barbaric person come out?

However, Ji Feng didn’t even pay attention to this boundary tent woman, he looked at Tanaka Ichiro who was a bit dizzy from the beating on the sofa, casually picked up a magazine from the table and rolled it up.

“Boom!”

Ji Feng viciously smashed the magazine on Tanaka Ichiro’s somewhat bald head while saying with his mouth, “Don’t you want the video? Come and get it! Come here, come here!”

With every word he said, he hit him hard, finally hitting Tanaka Ichiro so hard that he screamed in agony, holding his head with both hands and trying to protect it, but how could Ji Feng’s strength be something he could stop? He was immediately beaten and screamed miserably but there was nowhere to dodge.

“Hoo~!” Chuanzi couldn’t hold back anymore, ignoring Ji Feng’s warning, she attacked once more.

As a Boundary Tent person, especially as someone from the Sumida Group, she would never stand by and watch Sumida get beaten up, moreover, Sumida was beaten up so miserably by Ji Feng.

“Damned Chinese, stop it immediately!” Kawako shouted, sweeping her leg over.

“Roll!”

Ji Feng roared lowly, “Give me face!”

He threw a fierce backhanded blast, hitting Chuanzi’s knee squarely.

“Boom!” After a muffled sound, the tremendous force of their impact caused Kawako to stagger backwards a few steps, her legs went weak and she sat on her buttocks on the ground.

Ji Feng gave her a cold look and then stopped caring about her, taking the magazine in his hand again and continued to beat Tanaka Ichiro.

He was not beating Tanaka Ichiro to death, the magazine on the head, at most, is only a superficial injury, so many blows down, Tanaka Ichiro is only the scalp was beaten red, the head was beaten dizzy.

However, this kind of beating, as if he was beating a puppy, was something that made Tanaka Ichiro’s heart die of shame.

“Stop it! Baka ..... stop!” Tanaka Ichiro roared in anger, protecting his head with both hands, but both of his hands were hurting badly from the beating, but once his hands were removed, his head was hurting from the beating again, and he tried to reach his leg to kick Ji Feng in front of him, but he was deflected by Ji Feng’s flick.

He could only sit on the sofa in a sorry state and take the beating, there was nothing he could do to Ji Feng at all, which made Tanaka Ichiro almost go crazy.

If he had the slightest chance at this moment, Tanaka Ichiro would rather die here than be humiliated and beaten up like this.

Because this wasn’t just a beating, if it was a beating, then he should have taken a stick or even a knife to him! Yet now, Ji Feng just took a magazine and rolled it up and started beating.

Not only was he going to beat him, but he was only going to beat him on the head, beating him so much that he couldn’t fight back, so much that he couldn’t even run away, so he could only sit there and take a hard beating.

This was simply an extreme humiliation, when had Ichiro Tanaka, as the vice president of the Sumida Group's China region, ever been humiliated like this?

"Ahhhhh ....." Ichiro Tanaka roared in anger, but he could only be pinned down and could not resist at all.

"Damn Chinese, stop it!"

The border-topped woman named Kawako similarly screamed, "Do you want to start a war between the two countries?!"

"Put your mother's ass down!" Ji Feng violently increased his strength, hitting Tanaka Ichiro even more, but how could he not resist, and his situation became even more miserable.

"You're allowed to insult my Chinese people, are you still not allowed to fight back? Doggone thing, give shame!" Ji Feng cursed angrily, "Want to cause a war? Fine, let's hold a press conference today and release today's CCTV footage to the public, I'd like to see who will cause a war!"

He didn't even know what to say, this woman was too arrogant, just beating up on the tent people would cause a war?

Bullshit!

Ji Feng couldn't help but sneer in his heart, now don't look at the Boundary Cloak people bouncing around, if the war really happened again, the real loser would be the Boundary Cloak. Ji Feng even dared to bet that the sector tent would never dare to provoke a war for the first time.

Moreover, a small Tanaka Ichiro was not that powerful to make the entire realm tent start a war for him!

From this, one could see how arrogant this woman really was, it was like a person who was bullied in the field and he yelled to others, "Motherfucker, do you want to cause a war between the two places?"

Others would just treat him like \*\*\*\* and nothing more.

However, this boundary tent people are so quick to scare people with the war between the two countries, does she still think that this is the time of the war of resistance?

Is China still so weak and bullyable?

Bastard!

The more Ji Feng thought about it, the angrier he became, and his hand suddenly became much heavier: "I'll let you go wild, I'll let you go wild!"

"Ahhhhhhh ....." Tanaka Ichiro was beaten up and screamed, his miserable screams became even more shrill, obviously once Ji Feng increased his strength, Tanaka Ichiro immediately became much more painful.

"Scream! I'll make you scream!" Han Zhong also ran over, and casually picked up a magazine and smashed it wildly.

At this time, the woman called Kawako was a gloomy face, staring deadly at Ji Feng with a look of resentment in her eyes.

This Chinese man was really cunning!

Chuanzi shouted, "Stop it all!"

"Stop when you say so, I'm still fighting!" Han Zhong kicked Tanaka Ichiro hard, "Son of a bitch, I've had it in for you ever since you bullied the doorman at the Linjiang Club!"

"Ah!" Tanaka Ichiro let out a painful scream as he was hit, and then his eyes rolled over and he fell onto the sofa with a bar, fainting to death.

"Fuck! That's dead?" Han Zhong sneered, "Playing dead!"

Han Zhong did not know that this Tanaka Ichiro had been humiliatingly beaten by Ji Feng for a while, making him humiliated beyond belief, wanting to escape but unable to do so, just sitting on the sofa and taking the beating, wanting to headbutt himself to death several times, but he could not escape.

Now Han Zhong suddenly joined in and kicked Tanaka Ichiro in the stomach. Han Zhong did not know kung fu and did not know how to control his strength, so after this kick, Tanaka Ichiro lost his breath, his eyes rolled over and he passed out.

It can be said that Tanaka Ichiro was just stunned by the humiliation!

Ji Feng's humiliating beating made Tanaka Ichiro, who had never been treated in this way before, want to die, so how could he have the face to continue sitting here?

Only fainting to death would be the best option for him, right!

"Too bad, I only got a few hits in!" Han Zhong said regretfully, "Old dog, wake up and let me hit you a few more times!"

"Have you guys hit enough yet?!" Chuan Zi stared at Ji Feng and Han Zhong with resentment and asked coldly.

"Didn't you hear what I just said? Laozi didn't hit enough!" Han Zhong said angrily.

"Good! Good!"

Chuanzi nodded straight and said in a cold voice, "Please remember what happened today, this is definitely not over, you will pay for this, for sure!"

"I think so too, today's matter is not over!" Ji Feng said coldly, "Beating you guys, this is just a small matter, you asked for it! The next press conference is the main event, the whole of China will see your Sumida Group and how you judge the Chinese people!"

"You ....." Kawako's face was instantly covered with frost as she stared deadly at Ji Feng, "There is a Chinese saying that if you leave a line in the sand, you will meet each other later, Your Excellency, don't take things too far! "

Ji Feng and Han Zhong looked at each other and laughed at the same time.

Sure enough!

The boundary tent people were afraid that the video from the surveillance footage would be circulated, so they returned.

Ji Feng, on the other hand, guessed exactly what they were thinking, so this was why he seized the opportunity to give these bastards a severe beating, if they didn't get out of this, they didn't know how long they would have to sulk.

This bunch of boundary tent people are really abominable!

Well done for beating them up!

Ji Feng and Han Zhong both saw the smirk in each other's eyes, they should be beaten, they should be beaten hard!

"Give us the CCTV footage, we can no longer pursue today's matter, but you must be responsible for Tanaka-kun's injuries!" Kawako said coldly.

"Then you guys might as well continue to pursue the matter!" Ji Feng sneered, "Of course you can also choose to call the police, we will deal with it via the officials, and we will bear whatever responsibility we should take, we will definitely not shirk our responsibility shamelessly like you boundary tent people do!"

Chapter 1475

"Then you should continue to pursue the matter!" Ji Feng sneered, "Of course you can also choose to call the police, we will deal with it via the officials, and we will bear whatever responsibility we should take, we will definitely not shirk our responsibility as shamelessly as you boundary tent people do!"

Take responsibility?

The fact that Ji Feng had beaten up the people of the boundary tent here with impunity was indeed not very good, and if we were to say take responsibility, then I'm afraid Ji Feng would really have to be detained, and even if Ichiro Tanaka's injuries were serious, Ji Feng might even have violated the criminal law and would have to take criminal responsibility.

But .....

The most important thing to worry about now is that it's Chuanzi!

Surveillance footage, this is the weakness of Tanaka Ichiro and Kawako and others. If they hadn't valued the surveillance footage too much, with the arrogance of this group of boundary tent people, how could they have left and then come over again, even before this they had a conflict between the two sides, and someone from the boundary tent side had been injured.

Although ..... the one who was injured, Inoue Heiji, was in fact just a Chinese lapdog in the Kaitou, but after all, he was following Kawako and the others, and when Inoue Heiji was beaten, it was their face that was damaged.

But Kawagoe and Tanaka Ichiro and the others still came, which meant that they were really afraid that what was on the surveillance footage would get out.

Since he had caught this weakness of theirs, what else did Ji Feng have to fear?

That was why he had beaten up Tanaka Ichiro.

As it turned out, he was right. Kawako did not dare to pursue the matter and could only swallow it with broken teeth and grit his teeth to bear the shame.

But Ji Feng was not going to stop just like that, how could he possibly use the advantage he had in hand, just in exchange for a beating on Tanaka Ichiro?

“That’s it, if you don’t want to continue to be beaten, take your men and get out!” Ji Feng waved his hand impatiently as if he was shooing away flies, “Get lost immediately!”

“You .....

Chuan Zi’s face was iron blue, she had never been as angry as she was today, if it was possible, she even wanted to break Ji Feng into pieces to vent her hatred!

“Your Excellency, you will regret if you do so!” Chuanzi said coldly.

“But at least I won’t now!” Ji Feng sneered, “On the contrary, if I don’t beat you guys, especially that old dog Tanaka Ichiro, then I’m afraid I’ll really regret my guts when I think about it later!”

“Get lost, I don’t even bother beating you guys!” Han Zhong also shook his head and sneered disdainfully, “No matter how you want to handle this matter, we’ll take it.”

Chuan Zi stared deadly at Ji Feng and Han Zhong and slowly nodded, “Good! Very good!”

She took a deep breath, “Alright, for the sake of the friendship between China and the boundary tent, I can take a step back from today’s matter and not pursue it any further. However, you have to hand over the CCTV footage of today to me, or else .....

“Get lost!”

Han Zhong immediately frowned and said impatiently, “Really take us all for fools? I tell you clearly, the surveillance video will never be given to you, today beat you, that is also for nothing, otherwise, we will be dealt with by the official, we take responsibility, you take the blame and also bear the consequences, if you do not dare, then honestly get out, I just want to beat Tanaka Ichiro to take out the anger, that simple!”

“Phew~~!”

Han Zhong let out a long breath, looked at Kawako’s ironic face and said with great certainty, “Just eat you up, do you understand?”

Chuanzi’s breathing was a little shortness, her chest was even more violently bullying, her face was iron blue, the cold light in her eyes flashed, showing how angry she was at the moment.

Han Zhong was being too arrogant, and speaking too bluntly.

It is to beat you all up!

And even if you are beaten up you will have nothing to say but to grit your teeth and bear it, or else it will be dealt with by the officials, we are not afraid of taking responsibility, but you on the other hand should consider how badly the surveillance footage will affect your Sumida Group once it is made public, and how serious the consequences will be among the Chinese people!

Kawako's face suddenly felt hot, and she suddenly realised what a stupid decision it had been for them to wait until the police had left and then return to Tengfei Electric.

Why did it feel as if they had come up to let Ji Feng and the others fling themselves in the face hard?

This is great!

Ji Feng and the others really weren't polite at all, they came up and slapped them several times so loudly that they were dizzy and on fire, but they didn't even dare to retaliate!

Her face turned blue for a while, and she stared at Ji Feng and Han Zhong for a long time, as if she wanted to keep them firmly in her mind.

And only then did Chuanzi take a deep breath and said in a cold voice, "Count yourselves cruel!"

She came to Tanaka Ichiro, turned the fainted Tanaka Ichiro over with one hand, and jerked her knuckles on his rear end.

"Ummm...!"

Tanaka Ichiro suddenly opened his eyes, his body trembled and he sat up at once: "Miss Kawako?!"

The next moment, Tanaka Ichiro realised where he was, his face instantly turned red and he looked at Ji Feng and Han Zhong incomparably angry.

"What are you looking at!" Han Zhong's eyes glared.

Ji Feng's face also sank.

Subconsciously, Tanaka Ichiro only felt a tremor in his heart as he hurriedly averted his gaze, somewhat flustered.

Seeing this scene, Chuanzi's face was even more ugly, how could she not see that Tanaka Ichiro was really scared by Ji Feng and Han Zhong, he didn't even have the courage to stare at them anymore.

"If you're not dead, then bring your men with you!" Chuanzi glared at Tanaka Ichiro, before pointing at the young man on the ground.

This man was still trying to attack Ji Feng, but he was smashed on the shoulder by Ji Feng's leg, and directly crashed into the wall and passed out.

"Haj!" Tanaka Ichiro hurriedly stood up from the sofa and bowed, before helping the young man and leaving in a dusty manner.

"Your Excellency!"

Chuanzi stared at Ji Feng and said coldly, "Believe me, you will regret what you did today, and at that time, you will come and beg me! Please remember my words."

"I will!"

Ji Feng smiled lightly, "But please also remember my words, although the Sumida Group is strong in the industrial field, I will definitely crush it! And the technology of the sector tent, it may not always be ahead of China, please believe me!"

The two looked at each other, both seeing the strong wariness and provocation in each other's eyes.

In fact, from this moment onwards, the two sides were already at loggerheads.

Perhaps in the near future, one of them would definitely fall at the other's feet, either by dying resolutely or by begging for mercy on their knees.

"Goodbye!" Chuanzi dropped a cold sentence, then together with Tanaka Ichiro, they left with big strides.

Ji Feng and Han Zhong then followed them, standing in the corridor and looking down through the window. They found that when Kawako and Tanaka Ichiro walked out into the courtyard, Kawako nodded to the unconscious young man's waist as well.

The next moment, the young man gave an equally violent jolt and woke up as well.

"What kind of tricks did this woman play?" Han Zhong was immediately startled and looked at Ji Feng, "How come this man woke up after a press to his waist?"

"Just a little trick."

Ji Feng said indifferently, "There are many nerves in the waist, if pressed correctly, it can make a person's body react, that kind of feeling is not very pleasant, if you are curious, I can let you feel it!"

When Han Zhong heard that, he immediately shook his head: "That's better!"

As a joke, since Ji Feng had already said it was unpleasant, he naturally wouldn't be stupid enough to feel it himself.

Curiosity could kill a cat, and it could also kill a man!

"This woman is really something!" Li Xin also walked over and looked at Chuanzi and the others who had gotten into the car and left the headquarters of the Tengfei Group, he couldn't help but say.

Although Li Xin did not participate in the action just now, he was in charge of the watchdog at the entrance, and he had watched the situation in the meeting room.

This Chuanzi was indeed very uncomplicated.

In terms of status, she was probably even higher than Tanaka Ichiro's. In terms of physical skills, although she couldn't beat Ji Feng, Li Xin believed that even if he and Han Zhong combined, they were definitely not a match for that Kawako.

This was a woman who could write and fight!

“Could it be the karate that all the people in the boundary tent are practicing? I think this woman must have practiced it for a short time too.” Han Zhong said, looking down at his somewhat obese figure and shaking his head helplessly.

His lack of athletic talent was his biggest drawback. He would not get stronger with exercise, but he would grow fat without it, which made Han Zhong very distressed.

Looking at his growing belly, Han Zhong felt that maybe in the future he would only be able to see his belly and not even his toes when he looked down.

Ji Feng, however, shook his head and said thoughtfully, “Her kung fu shouldn’t be karate, I’ve seen karate tent people who know karate, and they don’t look much like her. However, you guys are right about one thing, this woman is a master, and moreover, she must not have been practicing kung fu for a short period of time.”

“Let’s not talk so much about that!” Han Zhong waved his hand and said, “Let’s talk about something happy! So what, I just beat up that old thing Tanaka Ichiro so hard, it was a good beating, I had a good time anyway, a kick to the head, haha .....

Li Xin also could not help but lose his smile, he saw what happened in the parlor, exactly what Han Zhong said, it was really relieving.

The boundary tent people are arrogant beyond compare, but this time they are the initiative is sent to the door, and the result and cast the mouse, was severely beaten also dare not resist, can only grit their teeth to endure.

The Chinese have never had such a good time in front of the Kaitou people!

What a relief!

It was so enjoyable!

“Beating them is nothing, crushing the Sumida Group, that’s the real addiction!” Ji Feng said.

Chapter 1476

Beating Tanaka Ichiro and Kawako would certainly be a great relief, but for Ji Feng, beating them like this was not enough.

The Kaitou people were too rampant, and today would just be a profound lesson for them, letting them know that Chinese people were not that easy to mess with, and that China was not a place where they could do whatever they wanted.

However, the character of the Kaitou people is so cheap that if they are not beaten and hurt, they will never learn their lesson.

Bring down the Sumida Group!

This is the best way to beat them up and make them remember!

“Ji Feng, let’s have a couple of drinks together tonight?” Han Zhong asked with a smile, “Giving the Boundary Tent people a lesson is worth celebrating.”

“That’s fine, call Yu Xuan then, Lei Lei is coming too, let’s get together!” Ji Feng smiled and nodded his head.

“Tong Lei is coming too?”

Han Zhong laughed, “That’s great, it’s more lively for everyone to eat together in the evening.”

“However, it’s not possible to have dinner now if you want to.” Ji Feng said, “The security aspect of the group must be strengthened, these few boundary tent people today are a wake up call for us, if they still have people hiding in the group .....

Han Zhong and Li Xin’s faces then showed a cautious look, and the two of them immediately nodded their heads.

Indeed, if someone really took advantage of the chaos to enter Tengfei Electric today, it wasn’t impossible, both thought that there might not be thieves coming in during the day, but in reality, the more so, the easier it was to be negligent.

“To be on the safe side, immediately arrange for someone to conduct an inspection in the entire office building of the Tengfei Group, well, let’s say that the building is infested with rats and a major hygiene inspection is needed!” Ji Feng said.

“No problem!” Han Zhong nodded his head.

Li Xin also said, “Then I’ll be in charge of Tengfei Electric, I’m also very familiar with the personnel here, so if a stranger comes, I’ll definitely be able to recognise it.”

“Alright then, I’ll take charge of the Tengfei Group headquarters.” Han Zhong said.

Ji Feng deliberated for a moment and said, “Then how about this, I’ll go find Old Yi and get them all involved as well. But there’s one thing to clarify in advance, right now we only have suspicions, we don’t have any strong evidence yet, so there’s no need to make a big fuss about it and make people panic.”

“Understood!” Han Zhong said with a nod.

“Then this way, we’ll start acting now, first check the CCTV footage at each intersection, if there are unfamiliar people going in and out, find them all!” Ji Feng said, “You two also each go to the security section, let’s start!”

Although the headquarters of the Tengfei Group and the office building of Tengfei Electric were together, in reality, the two were separate.

The headquarters of the Tengfei Group had its own departments, such as the security department, while Tengfei Electric also had its own security section, and the management of both sides were different.

So, strictly speaking, the headquarters of the Tengfei Group and Tengfei Electric are two relatively independent entities.

Han Zhong and Li Xin went to the headquarters and the security department of Tengfei Electric respectively, in order to find out if someone had gotten mixed up, they first had to see who had entered the compound of Tengfei Group.

As long as it was not an employee of the Tengfei Group, then we had to check his whereabouts.

If it was finally determined that someone's whereabouts were unknown, or someone who had nothing to do with the Tengfei Group, then it would have to be properly investigated.

Soon, Ji Feng arrived at the security department of the Tengfei Group, but found that there were only two security guards on duty here.

When Ji Feng asked them, he found out that Yi Xingchen and Liu Xin were leading a training session and only the two of them were on duty here, while two others were in the monitoring room.

Ji Feng then went to the Security Department's activity room. In order to give the Security Department a large enough training ground, Han Zhong had granted them a full floor to use as a training ground.

It was because of the spaciousness of the space that Yi Xingchen usually brought his war team to train here, and would also pull the other security guards of the group over for some degree of military training.

This was the case now, as Yi Xingchen and the others were training those security guards.

"Old Yi!"

Looking at the lively training scene, Ji Feng smiled and walked over, "The security guards have all been pulled over here by you, there aren't enough people outside, right?"

"Boss!"

Yi Xingchen also saw Ji Feng, he immediately stood up, "Why did you come over at this time? Something wrong?"

Normally, Ji Feng would not come to Tengfei Group easily, every time he came there must be something.

"There's a fight going on outside, you guys are hiding here until it's time to get lively." Ji Feng said with a smile, "Old Yi, take someone out, there's something to do."

"What about?" Yi Xingchen immediately asked.

As soon as he said something was being done, Yi Xingchen's expression immediately gloomed, to have Ji Feng personally looking for him, things were obviously not simple.

Ji Feng waved his hand with a smile and said, "No need to be nervous, it's nothing major, I'm just worried that someone has taken advantage of the confusion to enter the Tengfei Group ....."

He gave a general account of what had happened when the people from the Sumida Group came over, of course, he mainly said that the people from the Sumida Group might have bad intentions, and this was just in case, not necessarily that someone had really mixed in.

Only then did Yi Xingchen feel slightly relieved, he said, "That's good, first check the CCTV footage, if it's confirmed that there are strangers, then we have a target, if there are no strangers, then naturally it's better!"

“But if the other party is sitting in the car and mixed in, can the security cameras see it?” Ji Feng frowned and asked.

Yi Xingchen laughed, “Don’t worry, there are surveillance cameras at all the main intersections into the plant and building, and there’s more than one camera at each intersection, remember when I applied for funds to buy the equipment? It was to put cameras at all angles.”

Ji Feng was relieved at this, and he smiled, “Good then, you send someone to check it out immediately.”

“I’ll go and arrange it right now!” Yi Xingchen nodded his head.

“Boss!”

“Boss .....

At this time, Guo Tao and Liu Zejun and the others also came over, especially Yao Zhijian, who was full of smiles and his finger was extended, “Boss, where’s your special offer?”

“You kid .....” Ji Feng couldn’t help but laugh, “Just thinking about my special offerings?”

Yao Zhijian then laughed heatedly.

They were all on good terms with Ji Feng, not like they were subordinates to each other, but were getting along as a kind of friend, so they all spoke very casually.

Ji Feng smiled and took out a packet of cigarettes from his pocket and handed it over, “I only have two packs there, so you guys watch out!”

“Hey! It’s better to have something than nothing!” Yao Zhijian laughed.

“Little Chief!”

Liu Xin also walked over, he was wearing an army green vest and had a towel around his neck, wiping his sweat as he walked over, “Why are you here at this time?”

Ji Feng laughed, “It seems that I came too little, you all asked me this .....”

Several people burst into laughter.

Several other warriors were continuing to train those security guards, and with all the joking and laughing going on over here, those guards got a little curious and wanted to stick their heads out and take a look, only to get a lecture.

Guo Tao and Liu Xin hadn’t seen Ji Feng for a while, they had all fought side by side, so they all felt very close when they saw each other.

And as Ji Feng had nothing to do now anyway, he sat in the rest area and had a good chat with them.

The search outside Ji Feng did not need to worry about, with Yi Xingchen intervening, then there would certainly be no problem, and there were many security guards here Ji Feng did not know, went instead to follow and add to the chaos.

In this way, time passed quickly, until the evening, Yi Xingchen only came back.

He told Ji Feng that he did not find any suspicious people appearing.

And then, Han Zhong and Li Xin also both came back. According to them, they and the staff of the marketing department and the front desk watched the CCTV footage for a few hours, but all the strangers who visited recognized what they were here for, and other than that, nothing suspicious was found.

Ji Feng's side was relieved, after such a search, if no problem was found yet, then it proved that there was not much chance of a problem.

That's good!

Ji Feng directly decided that all the employees who participated in the search today could be taken out by the supervisors of each department to get high, and the expenses would be reimbursed by the company.

And then, Ji Feng and the others likewise went for a get-together.

Of course, the people who participated were Tong Lei and Xiao Yuxuan, as well as White Spider, Xiao Ying and Han Zhen.

The meal was very lively. Han Zhong spoke with humour and straightforwardness, while Li Xin was knowledgeable and had his own opinions and insights.

Both are extraordinary.

.....

Since the clash with the people of the Sumida Group, three or four days have passed, and according to the information received, the people of the Sumida Group have not moved at all after the beating.

Ji Feng then knew that this time the people of the Sumida Group would have to admit their fate. Otherwise, with the kind of wild character of the Kaitou people, there would have been a furore by now, and maybe even the Kaitou Embassy would have sent a note, so how could it be so calm?

How could it be so calm?

"This is just the beginning!"

Ji Feng couldn't help but secretly say, thinking about the arrogant looks of Ichiro Tanaka, Heji Inoue and Kawako of the Sumida Group, and their contempt for Chinese industry, that condescending stance, Ji Feng couldn't help but sneer.

"China's industry, will not always lag behind, I firmly believe that in the near future, China will go from catching up with the world tent in the industrial field, to making the world tent look up to it, not just industry, but any industry that I can relate to, will be like that!" Ji Feng thought firmly.

"Ding ....."

A crisp phone ringing pulled Ji Feng's thoughts back, and he picked up his phone to take a look, only to find that it was Qin Shujie calling.

Ji Feng smiled faintly and immediately picked up the phone, "Shu-jie, what's up?"

"Ji Feng, there's something I need your help with, do you have time?" Qin Shujie's voice came over, soft and obviously different from usual, that tone, like a wife speaking to her husband, gentle and casual.

"Say!" Ji Feng said dryly, not to mention that he was not busy now itself, even if he did not have the time, since Qin Shujie called, he also took the time to do so.

Chapter 1477

Qin Shujie was a bit hesitant, she knew Ji Feng's identity, and she knew even better that Ji Feng was not only surrounded by himself, but also by Tong Lei and Xiao Yuxuan, and there might be other women that she didn't know about.

What's more, Ji Feng wouldn't just surround himself with women, he had a lot of business to attend to.

Therefore, Qin Shujie was a bit uncomfortable to speak up.

She hesitated for a moment before asking, "Do you have time? If you don't have time then ....."

However, before Qin Shujie could finish her words, she was interrupted by Ji Feng.

He laughed: "Shu-jie, you're out of line to say that to me, we're already a family, what else is there not to say? My time is arranged for you guys, the fact that you are asking this is a problem in itself!"

"..... hmm!" Qin Shujie gave a gentle mmm, but some pretty face slightly red.

Ji Feng then 'already a family', let Qin Shujie thought of that night's passionate entanglement, to this day she seems to be able to experience that soul-crushing relief, and that blushing ambiguity .....

"Say it, what exactly is it!" Ji Feng couldn't help but laugh.

Now his mood was quite relaxed, because since Qin Shujie was so hesitant, it meant that it must not be a big deal, as long as there was nothing wrong with Qin Shujie.

"That ..... then, well, it's like this, it's just about to be winter, the kindergarten where Yao Yao goes to school is planning to organize an excursion in this early winter, because if it gets colder, it might be very inconvenient for the little kids to move around ....., " Qin Shujie said hesitantly.

"Oh?"

Ji Feng couldn't help but ask, "Then where does the kindergarten plan to organize a play date?"

The fact is that it is very normal for kindergartens to organize trips for children, and there are even many kindergartens that regularly organize trips for children to go abroad and communicate with children from other countries, but of course, this is what many parents think is a way to collect money, after all, a trip to a foreign country, clothing, food, housing and transportation, and so on, all have to pay money.

In fact, Ji Feng thought that it was good for children to see more of the world, and besides, those kindergartens that could organize children to go abroad usually charged very high fees, and were not affordable for ordinary families.

As for Yaoyao's kindergarten, it is very common for them to organize excursions for their children.

"It's just a trip to the botanical garden to view those anti-seasonal plants, but it needs to be accompanied by parents, I happen to have to make a trip to Yanjing and can't find the time, so ....." Qin Shujie said with some embarrassment, "Can you spare a day to take Yoyo for a bit of fun?"

"You're going to Yanjing?" Ji Feng asked.

"Yes, there will be a raw stone fair in Yanjing recently, I plan to take the experts in the company to have a look, I hope to stock up on some goods, otherwise the company will be out of stock next year." Qin Shujie said, "Moreover, you have to get in early for this raw stone fair, otherwise, the good quality raw stones might all be chosen in advance. This is just the right time to get together, and I can't get away ....."

"The original stone trade fair?"

Ji Feng couldn't help but frown slightly, "You can't get back in a day's time, can you? What about Yao Yao? Have you found a suitable nanny?"

"Not yet, I don't dare to trust the nanny easily anymore without a period of contact, plus the company has been rather busy recently, so I haven't started looking yet." Qin Shujie said.

In fact she was afraid to go looking for a nanny easily after that incident with Zhang's mother, she rather felt like she was afraid of the well rope for three years once she was bitten by a snake. So during this period of time, she would go home early after work, and if Yoyo did not go to kindergarten, she would always take Yoyo to work with her, and would not easily leave Yoyo alone again.

The incident before had really scared Qin Shujie, at that time Zhang's mother had only stolen money, but what if she was trying to have some bad intentions on Yoyo's body at that time?

Even if no one had bad intentions, how would Yoyo take care of herself when she was alone at home and the weather was already so cold?

"There is no nanny ....." then how long will it take for you to go to Yanjing?" Ji Feng frowned and asked.

"The trade fair will be held for half a month, but I definitely won't stay there for that long, I'll be back in a week at most." Qin Shujie said.

"What about Yao Yao?" Ji Feng asked.

"I've discussed it with Yao Yao's teacher, let her stay in the kindergarten for the time being, it should be better with other children as companions." Qin Shujie said.

"The kindergarten allows children to live there?" Ji Feng asked with a frown.

"Mmm! Some children who are far from home, or whose parents are busy at work, put their children in the kindergarten and only pick them up on weekends." Qin Shujie explained, "Originally, I was also worried that Yao Yao would not fit in there, but I think with other kids around, Yao Yao shouldn't make a scene ....."

"Should?"

Ji Feng shook his head and said, "I don't think it's too good for you to make this arrangement, although this girl Yaoyao seems to be very well behaved, but she knows everything in her little mind, I'm afraid she will be sulking during the time you're gone ..... Let's do this, I'll arrange it first, and let Yaoyao stay with me if possible. "

"Ah?!" Qin Shujie was instantly shocked, "Stay at your place? Ji Feng, this ..... is not very good, right?"

Qin Shujie was a bit flustered, letting Yao Yao live in Ji Feng's house, wouldn't that be like telling Tong Lei and Xiao Yuxuan that such a person as herself existed?

"What's wrong with that?" Ji Feng laughed, "Don't worry, Yaoyao is my goddaughter, they all know about this already, besides, Yaoyao is so cute, I'm sure they will all like her a lot."

"Ah! They, they all know about it?" Qin Shujie asked in a panic.

"Mmm! They all know about it." Ji Feng nodded, a smile on the corner of his mouth was thick.

"What happened between us, they all know about it too?" Qin Shujie was even more flustered, at this moment, she no longer had that strong and thundering presence of a company boss, instead she had the panic of being caught cheating on someone.

"What happened between us?" Ji Feng asked with a smile, "What's going on between us?"

"Ji Feng, just stop it, I'm scared to death, tell me quickly, does your girlfriend know about what happened between us?" Qin Shujie asked.

"An la!" Ji Feng couldn't help but laugh, "Tong Lei and Xiao Yuxuan both know that Yao Yao is my goddaughter, as for the rest, they haven't asked, as for whether they know, I'm not too sure, but they didn't say anything, that's for sure."

"Then that means that they might not know yet?" Qin Shujie asked.

"I don't think they know!"

"Phew~~!"

Qin Shujie then let out a long breath, she patted her chest, took a few deep breaths and pouted, "Little man, you scared me to death you know, just now I was almost so scared that I had to hang up the phone."

Ji Feng lost his smile and said, "You have such little guts?"

"Having parted someone's boyfriend, of course I'm faint-hearted!" Qin Shujie said helplessly.

"Don't worry, Lei Lei and Yu Xuan shouldn't know about it." Ji Feng also scratched his head, that said, just now he was also teasing Qin Shujie, in fact he was also very weak-hearted, especially when facing Lei Lei and Yu Xuan, he had a feeling of both guilt and weak-heartedness, I believe it was not much better than Qin Shujie.

"That's good." Qin Shujie couldn't help but breathe a sigh of relief, and after thinking about it, she asked, "So ..... what should you say after you bring Yoyo home?"

“It’s normal for my goddaughter to come and stay for two days, isn’t it!” Ji Feng laughed, “Okay, don’t think so much about it, it’s nothing. By the way, which day is the excursion organized by Yaoyao and their kindergarten?”

“It’s the day after tomorrow, it happens to be the weekend.” Qin Shujie said.

“Alright then, I’ll go over early the day after tomorrow, I’ll take her on the excursion then!” Ji Feng said.

“Then Yao Yao will be very happy, she is now mentioning you with her mouth open and shut, I see that she is immediately more dear to you than to me!” Qin Shujie said with a smile.

“It’s all the same, who are we with?!” Ji Feng said with a smile.

Qin Shujie’s pretty face then couldn’t help but redden.

And then, the two of them chatted idly for a few moments and asked about each other before hanging up the phone.

To bring Yao Yao to the house, it might take a week or so!

Ji Feng didn’t make this decision hastily, he also knew a lot about the original stone fair, or at least what it was like, he had experienced it first hand.

If he wanted to go to the original stone fair, Qin Shujie would definitely not have the time to take Yao Yao with her. Once people went crazy when gambling on stones, they would really not care, and with so many people inside the fair, a careless move might cause Yao Yao to get lost.

If we were to let Yao Yao go to the kindergarten, she would definitely not be used to living there, and she might even cry.

Thinking of that little girl shrinking on her cot alone, secretly wiping her tears, Ji Feng thought that it would be better to bring her to the house.

I believe that both Tong Lei and Xiao Yuxuan would like this girl.

As for the matter between Ji Feng and Qin Shujie, since they didn’t ask before, they must not ask now either, Ji Feng naturally understood their character.

Especially Xiao Yuxuan, she had already met Yao Yao before and had even taken the little girl to play in the playground for a day, so it was obvious that Xiao Yuxuan liked Yao Yao a lot, to the extent that she might even wish she had such a child.

Yaoyao likewise liked Xiao Yuxuan.

Therefore, bringing Yaoyao back to the family was the most appropriate thing to do.

Ji Feng then told this news to Xiao Yuxuan and Tong Lei, and both women acted surprised.

“Yaoyao? That’s your goddaughter, right?” Tong Lei asked.

“That girl is quite cute.” Xiao Yuxuan nodded and said, “However, that girl is so young, after we bring her home, who will take her?”

“Let’s talk about it when the time comes.” Ji Feng thought about it and really hadn’t thought about who would take Yaoyao.

#### Chapter 1478

Because the kindergarten where Yao Yao is staying is organising an excursion in two days’ time, the day after he received Qin Shujie’s call, he looked up the information on the Jiangzhou Botanical Garden.

Although it was already early winter, many plants had already withered and the leaves of some trees had all fallen off. However, the botanical garden is, after all, a gathering of a large number of plants and there is a wide variety of species, and there is still a very nice view.

Information from the internet shows that the entire Jiangzhou Botanical Garden is divided into several categories, such as temperate, cold, tropical and so on, in terms of zones and temperatures.

If you look at the subjects, there are also many categories.

In addition to this, there are also different categories of trees, flowers and plants, and almost every area has an ornamental plant.

In particular, the floor plan of the botanical garden was all memorised in Ji Feng’s mind in a raw way.

In this way, even if there was no one to be a guide tomorrow, Ji Feng would be able to take Yao Yao for a good time.

Before doing something Ji Feng likes to be prepared so that he won’t be overwhelmed when the time comes, and this time was no exception.

Ji Feng couldn’t help but think of the scene when he took Yao Yao to play in the playground, that girl was so happy that she was dancing and waving her two little white hands around.

After checking the information, Ji Feng took the white spider with him and drove to the school.

“Lei Lei, is class over?” On the way, Ji Feng called Tong Lei, “I’ve already bought the gift, just call Lei Zi and wait for me in front of the school.”

“Classes are over on my side, but I can’t leave yet.” Tong Lei said.

“What?” Ji Feng asked with a smile.

“It’s not all because of my brother, he beat up a student and he’s still in the security section!” Tong Lei said helplessly.

“What?”

Ji Feng was stunned, “Lei Zi beat someone up?”

“Yeah, I just got out of class and I’m heading to the Security Section, I’m not quite sure what the exact situation is!” Tong Lei’s words were full of helplessness, she really didn’t know what to say about that violent temper of Zhang Lei’s.

In fact, she was also not good at words and did not like to lecture much, not to mention that Zhang Lei was also the older brother, she really did not know what to say.

The first thing you need to do is to get a good idea of what you're getting into, and you can't help but laugh: "This kid is really something, it's only been a few days, but he's actually gotten himself into the security section! Alright, you go check it out first, I'll be there in about ten minutes."

After hanging up the phone, Ji Feng couldn't help but shake his head and smile, although Tong Lei said that Zhang Lei had beaten someone up and went to the security section himself, Ji Feng didn't think anything of it.

The main thing is that he knows Zhang Lei too well, this guy, that violent temper can be said to be the most explosive people he knows, that is like a barrel of dynamite, as long as a little spark, that instantly explode!

This time it is estimated that he did not know who had provoked him, this guy could not resist and beat him up.

As for Zhang Lei being beaten .....

The first thing you need to do is to get a good idea of what you're doing.

The actual experience of Zhang Lei is even richer, especially since he had a big fuss in the Shen family and Tan family, even a general expert against him has absolutely no chance of winning.

Don't think that Zhang Lei and Ji Feng went to the Tan family to kick the door, just for half a day, but the intensity of the battle was enough to make people who have been through a hundred battles feel their skulls tingling.

Zhang Lei, however, had survived and was honed.

"White Spider, speed up, we need to get to the school as soon as possible." Ji Feng laughed, "This guy Zhang Lei has caused trouble again."

"Yes!" White Spider nodded and answered.

The corners of her mouth pulled up a slight curve, Zhang Lei's straightforward temper was quite pleasing to her, so among these friends of Ji Feng's, Bai Spider was also the most familiar with Zhang Lei.

About ten minutes later, they drove to Union University.

After Bai Spider parked the car, Ji Feng and the two of them immediately went straight to the Security Section, which was located in the guard room at the entrance of the university, so they arrived very quickly.

"This kid needs to be beaten up, this time it's still light to beat him up, next time if he falls into my hands, I'll castrate him!" As soon as he entered the security section, Ji Feng heard Zhang Lei's big grin, "What are you looking at! It's you who's talking! Don't think I dare not beat you up just because you're in the Security Section now, if you piss me off, I'll do the same to you!"

"Zhang Lei!"

A loud shout suddenly came, "This is the Security Section, don't be too arrogant!"

Ji Feng heard it out, it was Zhou Li's voice. This guy was now the captain of the school's guard team, the original one had now concentrated on finding a job, so all the matters of the guard team fell on Zhou Li's shoulders.

"I'm not arrogant because I'm telling the truth, kid, don't glare at me yet, I'm telling you, if you don't believe me, just try it, next time you fall into my hands again, if I don't beat you so much that you can't even recognize your mother, I'll take your name!" Zhang Lei laughed coldly.

Ji Feng shook his head as he listened outside, this guy was as fiery as ever.

"This is the one who spoke, right?"

"That should be him!"

"Let's go in first, identify him, and when he falls alone, get him killed!"

Ji Feng was just about to enter the security section when he suddenly heard a whisper, he immediately frowned and pretended to turn his head to look without thinking, he saw that, at the corner outside the security section, there were four or five tall and strong young men standing, it looked like they were all students of the United University, but Ji Feng had never seen them, so he didn't know which department they were from.

However, the words they were saying caught Ji Feng's attention.

These guys seemed to be talking about dealing with Zhang Lei just now?

At this moment, instead of rushing into the Security Section, Ji Feng gave a wink to Bai Spider and the two of them walked directly past the entrance of the Security Section, then passed by those guys and went to the foot of the wall, Ji Feng took out a cigarette and lit it, smoking while listening to what they were saying.

"Damn it! Dare to beat up Lao San, I think that kid doesn't want to live anymore." A stout guy gritted his teeth and said.

"No kidding, fuck him!" Another man snorted coldly.

"Let's see what happens later, don't do it in front of Zhou Li, that guy is now the head of the school's guard and is quite close to Han Zhenfeng of the Martial Arts Association, try not to mess with him!"

Another guy said, "Let's wait for that kid to come out first and then we'll follow him."

"No matter what, that guy beat up Lao San, so we must get him!"

"That's for sure, not only do we have to get him, we have to get him hard!"

"Or else we'll use the original method and get him to a deserted place at night and beat him up hard!"

.....

A few people were muttering there, they all looked rampant, not the least bit worried about what they were saying being overheard, and ignoring the fact that Ji Feng and the white spider were actually just a few meters away from them.

After a moment, one of the guys seemed to notice Ji Feng and White Spider, and he whispered, "Hey, did you see that, that chick is nice, quite decent!"

"Fuck! Look at that guy next to her, he looks pretty hot!"

"Why don't we go over and say hello?" One guy laughed.

"Come on, don't make any trouble yet, let's wait until we're done with that guy." Another person said.

Ji Feng's brows then frowned slightly as he looked over.

These few guys spoke in a very somewhat unpleasant manner, and if he didn't know that these people were all students, Ji Feng would have thought that they were street thugs.

Where did they even have any semblance of being students!

"Fuck! What are you looking at?" A guy noticed Ji Feng's gaze and instantly cursed.

"Don't get yourself into trouble!" Ji Feng frowned.

"Holy shit! There's still someone who dares to talk to me like that in this United University?" The man was instantly amused and rolled up his sleeves to come over, but was pulled back by his companion.

"This is at the entrance of the Security Section!" His companion reminded him.

The other guy then gave up: "Count yourself lucky today, or else you won't be beaten to death!"

Ji Feng couldn't help but secretly shake his head, these guys were also considered students?

"White spider, let's go." Ji Feng took the white spider and turned around to go to the security section.

However, when the two of them passed by those guys, one of them had a twinkle in his eye and kicked violently, and looking at that direction, he was punching Ji Feng.

Hoo~~!

In the next moment, the white spider fiercely turned around and kicked over.

Boom!

The guy who had done the bad thing was instantly kicked out, like a dead dog being kicked and rolled on the ground a few times in succession, before lying on the ground with a low moan.

This kick instantly subdued several other people, making them all stand there frozen, surprisingly not knowing what to do for a while!

"Let's go!" Ji Feng said indifferently.

He didn't even bother with those guys and directly took White Spider to the Security Section. In his eyes, this bunch of people were just a bunch of trash, parasites, and that was all.

Other than that, they were nothing.

When Ji Feng and the two of them entered the Security Section, they saw a few people talking about something inside, Zhang Lei was sitting on a chair, crossing his legs with a cold smile on his face.

Tong Lei was standing next to Zhang Lei, but she was also frowning slightly.

On the other side of Zhang Lei was his girlfriend Shen Jingyi, who at the moment was staring angrily at a guy across the room.

Ji Feng's gaze moved over again and looked at that person.

It was also a young man, who looked like he was about 23 or 24 years old, with a very different kind of hair, the front handful of hair dyed red, which covered his eyes, but the rest of his hair was very short, especially the other side, so short that he could see his scalp.

If you look at it from behind, you'd think it was a non-mainstream underage guy!

But it was such a guy, but there was a bruise on his face, and the tracksuit he was wearing, also had a few shoe marks, and I guess that was left by Zhang Lei.

The two were staring at each other and both looked angry.

Chapter 1479

"Ji Feng?"

Tong Lei was the first to see Ji Feng and the white spider, and when she spoke, everyone in the security section looked over.

"Crazy, you're here." Zhang Lei greeted and said, "I might not be able to go today, I have to take care of things on my side before I can!"

"Ji Feng, find yourself a place to sit." Zhou Li also said.

Ji Feng nodded, glanced at these people in the Security Section, and casually pulled a chair over and sat down. He didn't say much because up to now, he didn't know exactly what conflict had occurred between Zhang Lei and that guy, nor did he know what the cause was.

So Ji Feng intended to listen first.

"Zhang Lei, don't be so stubborn and reconcile!" Zhou Li sat at the heel of a desk against the wall, he looked at Zhang Lei's icy face and couldn't help but say, "Today's matter is actually clear in your hearts, the fault is definitely not on one person, he misbehaved with your girlfriend and you also hit him, no matter what, both of you are at fault, it's not good if things get big, how about you two just settle down like this?"

"Of course you don't have to worry about that either!"

Zhou Li was worried that Zhang Lei would storm out again, so he added, "Peng Guangqi misbehaved with your girlfriend, he must have violated the school rules, according to the rules, a disciplinary action is not uncommon."

"What can I do by giving him a disciplinary action?" Zhang Lei couldn't help but snort coldly and said in a deep voice, "This kind of son of a bitch is not afraid of disciplinary action, otherwise he wouldn't dare to do so. This matter, absolutely cannot be left like this!"

Ji Feng, who was next to him, had a cold look on his face.

From the crumpled words he heard that the cause of the matter seemed to be because of what that guy called Peng Guangqi had done to Shen Jingyi.

At this moment, Ji Feng also understood, no wonder Zhang Lei had stormed out again.

If it was really Peng Guangqi who did something to Shen Jingyi, then no matter if it was anyone else, they would never swallow this!

“Lei Zi, what’s going on?” Ji Feng lowered his voice and asked.

“That son of a bitch!” Zhang Lei pointed at Peng Guangqi across the street and said angrily, “Jing Yi and I were planning to go wait for Lei Lei, and when we passed by the playground, this son of a bitch actually touched Jing Yi from behind, and when I found out, he was actually arrogant with me!”

“So that’s how it is!” Ji Feng nodded his head.

“Bullshit!”

That Peng Guangqi opened his mouth and cursed, “Fuck you, I accidentally touched that chick’s ass when I was walking, you fuck, with that woman’s ugly face, would I touch her? You think I’ve never seen a woman before!”

He looked at Zhang Lei provocatively, “Besides, if you say that I touched that chick, show me the evidence, without evidence, not to mention the disciplinary action, you should be disciplined for hitting me, right? Fuck!”

“Shit!”

Zhang Lei violently stood up, and was about to grab the chair behind him and smash it, but was hugged by Zhou Li who was next to him in a hurry.

Clang!

However, in a flash, a loud clang suddenly came from the opposite side.

Everyone was taken aback at the same time, especially Zhou Li and several other members of the escort team, who couldn’t help but stare.

They immediately turned their heads to look and saw that Peng Guangqi, who was still arrogant, was now falling to the ground with his head tilted back, with a chair pressed on top of him.

He had been smashed directly onto the ground by a chair!

“To this kind of person, don’t say so much nonsense at all!” Ji Feng’s voice caused the eyes of the crowd to turn over again, but they saw that Ji Feng, who was still sitting on the chair, was now standing up, while the chair under his buttocks was nowhere to be seen.

That chair was smashed by Ji Feng!

Everyone immediately realized that Zhang Lei was going to smash Peng Guangqi with the chair, but he was held by Crumpled, but Ji Feng had struck, and he was ruthless!

“Ji Feng!”

Zhou Li shouted fiercely and lowly, “Don’t do anything reckless!”

As he spoke, he made eyes at Ji Feng and Zhang Lei one after another and pointed his hand surreptitiously at the next door, while his mouth was shouting, “You guys are not so bold, you actually dare to fight here, I think you all want to go to the police station, right?”

Ji Feng nodded imperceptibly, he knew that Zhou Li was hinting to him that that next door was the police station’s police office in the United University, and there were police officers inside.

However, Ji Feng didn’t care about that.

He believed that what Zhang Lei said was true!

Not for any other reason, it was because Ji Feng knew Zhang Lei’s temper.

Don’t look at this guy’s usual big grin, and he was not very good-tempered, looking a lot like those jianghu reckless people instead.

But in reality, Zhang Lei was a very principled person.

What’s more, he would never bullshit about his girlfriend’s reputation!

Since Zhang Lei said that this guy called Peng Guangqi had molested Shen Jingyi, it must be true, even if Zhang Lei couldn’t produce any evidence and everyone didn’t believe him, Ji Feng still believed it.

At this point, Zhang Lei would not joke around with this kind of thing.

Besides, generally when people get close to strangers, they will subconsciously have a sense of wariness, which is a human instinct, so both sides will definitely not get too close.

What’s more, the playground is so big, and it’s not sports time, many people are still in classrooms, how crowded can the playground be at this time?

It was too easy to dodge a person in the playground at this time, so with a simple analysis, it could be seen that the man called Peng Guangqi must have intended to touch Shen Jingyi at the back!

What’s more, Shen Jingyi is not a three-year-old child, can’t he even tell the difference between accidentally touching and intentionally touching?

So without saying much, Ji Feng immediately decided that this bastard called Peng Guangqi deserved to be beaten!

As for the fact that this is the Security Section, and the police room is next door to the Security Section, Ji Feng didn’t even care about it, his own brother’s girlfriend was molested, so he still had to think about it?

The first thing to do is to fight!

The consequences will be borne by all of us!

Therefore, although Ji Feng saw Zhou Li's hint, he still didn't care. After just responding to Zhou Li, he walked towards Peng Guangqi who was smashed to the ground with big steps.

"Ji Feng, don't mess around!" Zhou Li immediately got nervous, he had gotten to know Ji Feng very well and knew something about Ji Feng's character, this guy was capable of doing anything, especially when he was angry, then he had no scruples. When even a woman like Yun Bing was slapped away by Ji Feng, it was clear that Ji Feng's character was still there?

However, Zhou Li did not dare to stop him, he did not know if Ji Feng would still give him face in his anger.

This kind of thing, I believe that no matter which man can not stand, so Zhou Li has been saying to let Zhang Lei and Peng Guangqi private, in fact, is to imply Zhang Lei, this matter first so past, and wait for private, he can fight how he wants.

But I never thought that once Ji Feng came, he was actually even more rampant than Zhang Lei!

"Well ....."

Peng Guangqi was smashed by a chair and fell to the ground, groaning in a low voice, being hit head-on by a chair flying at high speed, that feeling, definitely not pleasant.

To this day, Peng Guangqi's head was still dizzy!

He gritted his teeth and pushed the chair away from him, and just as he tried to get up, he suddenly felt a tightening of his neck, and then his whole body was lifted up at once.

What met Peng Guangqi's eyes was a gloomy face.

"You really like to touch women behind their backs, don't you?" Ji Feng remembered what the guys at the door said and knew what kind of goods these guys were, "That hand touching?"

"My grass ....."

Slap!

A fierce slap instantly slapped all of Peng Guangqi's following words back into his stomach.

"That hand?" Ji Feng asked coldly.

"You dare to hit me ..... Do you know who I am? Tian Shao won't let you go!" Peng Guangqi was choked by Ji Feng, his face was red, but one side of his face was high and swollen, a bright red handprint clearly surfaced.

"You molested my brother's girlfriend, did that young Tian tell you to do that?" Ji Feng asked.

"Fuck ....."

Snap!

Ji Feng didn't even talk to him half-heartedly, as long as Peng Guangqi dared to curse, it was a slap across the face.

“Well ..... my ass .....”

Boom!

Zhang Lei didn't know what rushed over and viciously kicked Peng Guangqi in the stomach, sending him flying straight out and landing heavily on the ground.

The next moment, Zhang Lei was like a leopard pouncing on its prey, rushing straight over and once again lifting Peng Guangqi up with one hand.

“Are your own hands cheap, or did someone tell you to do it?!” Zhang Lei asked coldly.

“Zhang Lei!”

Zhou Li laughed bitterly helplessly, this is still in the Security Section, even if you want to fight, you can go to the entrance of the Security Section and fight, we can also pretend to be invisible, but beating someone here .....

“You can also see that this guy should be beaten!” Ji Feng, however, took two steps back and stopped Zhou Li.

Zhou Li instantly let out a bitter laugh, how can this end well yo.

He lowered his voice and said, “Ji Feng, things can't go too far, otherwise it won't end well.”

“How?” Ji Feng asked.

Beating a hooligan who didn't even look like a student, this shouldn't be a problem, Zhou Li was so cautious, there shouldn't be any complicated background behind this matter, right?

“Is it a complicated matter?” Ji Feng frowned and asked.

Zhou Li shook his head and waved his hand without a trace, signaling the other few members of the escort team who wanted to go forward to block to stay put, and only then did he say, “Ji Feng, just now this guy mentioned Tian Shao, you heard it, right?”

“Ah...!”

Suddenly, a miserable scream came out as that Peng Guangqi was once again smacked by Zhang Lei!

“Stop it, stop it immediately!” Zhou Li turned around while talking to Ji Feng, pretending to shout, but just shouting but not acting.

Ji Feng, however, nodded as if he hadn't heard, “Listen to him, who is this Tian Shao? Where did such a Tian Shao appear again?”

“This Tian Shao, a freshman today, has been very popular lately.” Zhou Li said, “I can't say exactly now, this Peng Guangqi is the one they hang out with!”

Chapter 1480

“This Tian Shao, who is a freshman today, has been very popular lately.” Zhou Li said, “I can't say exactly now, this Peng Guangqi and the others are just hanging out with him!”

Ji Feng immediately frowned, "Is this a university, or a triad society?"

"Ji Feng, it's really not too clear in a few words now, but first you tell Zhang Lei to stop, or else Peng Guangqi is going to be killed!" Zhou Li said with a bitter smile.

"About to be beaten to death?" Ji Feng glanced at Peng Guangqi, who was grabbed by Zhang Lei, and he shook his head and said, "It's not that serious!"

Ji Feng naturally saw that although Zhang Lei was angry and hit harder than once, he was very measured and didn't hit the vital parts, and now hitting Peng Guangqi was actually just to humiliate him, even if Peng Guangqi was beaten into a pig's head, it wouldn't be a big deal, and he would be fine after resting for two days for the bruises on his face to subside.

Zhang Lei was trying to vent his anger and humiliate Peng Guangqi severely!

Therefore, Ji Feng was not at all frightened by Peng Guangqi's blood-covered face, he just asked indifferently, "Zhou Li, this thing that Peng Guangqi did today, was it his own idea, or did that young Tian instruct him?"

"That I really don't know." Zhou Li said, "As you know, I'm only the captain of the escort team, I don't have the right to interrogate, moreover, if it's not too serious, it won't be sent to the police room next door, basically it's all mediated."

Ji Feng then nodded his head and said, "I know."

"Ji Feng, no matter what, now that so many people are watching, let's put this matter aside for a while, what do you want to do later, then we can talk about it later, what do you think?" Zhou Li said with a bitter smile.

If other students knew that Ji Feng and Zhang Lei had beaten up Peng Guangqi in front of the guards, there would be no place for Zhou Li and all the guards to lose face.

And the prestige of the school's escort team would be greatly diminished!

Ji Feng deliberated slightly before he nodded and said, "Alright then, let's have a good chat later!"

And then, Ji Feng walked to Zhang Lei, grabbed Peng Guangqi's hair and yanked his head back, looked at his resentful eyes and said in a cold voice: "Looks like you haven't been beaten to change ah, that's fine, we'll have plenty of time later, remember my words, this matter today is not over, we'll settle the score slowly later!"

"Pa!"

Zhang Lei gave a fierce slap, slapping Peng Guangqi's face once again, "Kid, just wait!"

After saying that, he flung his hand violently, instantly dropping Peng Guangqi to the ground fiercely.

Zhou Li hurriedly waved his hand at the other two team members and said, "Send the man to the infirmary and let him pay for it himself!"

"Fuck!"

Zhang Lei which was still a bit unresolved, he couldn't help but curse angrily, "Wait for it!"

Ji Feng patted Zhang Lei's shoulder and said, "Take it easy first, sit down and talk about what you have to say."

At this time, Shen Jingyi also came to persuade Zhang Lei: "Zhang Lei, don't be so angry, I have nothing to lose anyway, wasn't he stopped by you ....."

Ji Feng couldn't help but be stunned: "Lei Zi, that guy didn't touch it?"

Shen Jingyi instantly blushed slightly on her pretty face and nodded: "His hand hadn't touched it before Zhang Lei and I noticed it, then he hurriedly pretended to walk normally ....."

Ji Feng couldn't help but smile, that's right!

He also felt a little strange before, how with Zhang Lei and Shen Jingyi's vigilance, how could they be so easily molested by a small rascal in general?

It was still the same, everyone had an instinctive vigilance towards people they were not familiar with.

If a stranger approaches, they will naturally be on guard, especially since they also know kung fu and their bodies are much more sensitive than even ordinary people, so it is even more unlikely that they will easily let someone touch their bodies.

Dare I say, that guy didn't touch Shen Jingyi!

Zhang Lei glared, "What, that bastard didn't touch Jing Yi, you look sorry, huh?"

Sweat!

Ji Feng couldn't help but let out a bitter laugh, this guy was so angry that he was spilling his anger on himself.

"Then what, let's talk about some other situation!" Ji Feng hurriedly changed the topic, "Zhou Li, you just said that Tian Shao seems to be someone?"

"It's a freshman from this year's freshman year." Zhou Li said.

"You said he's famous?" Ji Feng said, "Tell me the details."

Zhou Li also listened attentively, just now he also heard Peng Guangqi say that Tian Shao would stand up for him, and he also wanted to hear what this Tian Shao was.

Zhou Li nodded his head and said, "This Tian Shao, his name is Tian Xiaodong. Don't look at him, he's only been here for a few months, but he's made quite a splash, he's been showing off his skills on the basketball court since he arrived, he's mingling with those on the basketball team, and he's rich, so everyone likes to be with him, even a few seniors are following his ass, calling out Tian Shao Tian Shao all day long."

"Good guy!"

Ji Feng laughed and said, "Is that all?"

“More than that!” Zhou Li shook his head and said, “Wasn’t there a sports meet in the school some time ago, Tian Xiaodong entered several events by himself and won them all. Then, he became friends with the sports team, and you know what kind of people they are, many of them are following him.”

“It’s really become a triad!” Ji Feng said indifferently.

“Where is this young Tian from? What’s the family’s background?” Zhang Lei asked again.

“That’s not too clear, but it’s said that the family is very rich, and the cars he drives are two to three million sports cars, but what the specific background is, I don’t know much about it.” Zhou Li said.

Ji Feng nodded, now is only the middle of December, careful calculation, the new semester began this is less than three months, that is, less than a semester, Zhou Li can hear these is good, as for that Tian Shao’s background, certainly also know is not very clear.

However, this Tian Xiaodong can make such a splash in such a short period of time, it doesn’t seem to be a frugal light!

“Peng Guangqi is from the sports team, a few of them are following Tian Xiaodong’s lead.” Zhou Li said.

“Bullshit!”

Zhang Lei couldn’t help but sneer, “Still following him to hang around ..... he’s nothing! If he can take those sports team bastards as his disciples, how far can this Tian Xiaodong go?”

“But they can’t help that they have money!” Zhou Li spread his hands, “Zhang Lei, you should not be careless, the more people like him, the more they dare to do anything, they think they have a background and money, so they have nothing to worry about, and there are so many people willing to flatter him, if he really wants to move you, when will he block you to a deserted place... ..one has to be on guard!”

“They have to have that ability too!” Zhang Lei sneered.

Zhou Li shook his head helplessly, he knew Zhang Lei’s temper, and he had already given him face by not killing him in the Security Section this time.

Once Zhang Lei’s temper flared up, it would be impossible to pull back even nine oxen!

“Zhou Li, how about this, you should deal with this matter how you want to deal with it, disciplinary action or not, it doesn’t really matter now.” Zhang Lei deliberated and said, “A bastard like Peng Guangqi, receiving a punishment or something like that, I guess he doesn’t care either.”

Zhou Li nodded, although Zhang Lei’s words were unkind, they were true.

“As long as you do me a favour.” Zhang Lei said, “Check out Tian Xiaodong for me, keep an eye on his whereabouts, and also, keep an eye on Peng Guangqi’s whereabouts.”

Zhou Li immediately asked, “What do you want?”

“My wife almost got groped, what do you think I’m up to?” Zhang Lei asked.

Swish!

Shen Jingyi's pretty face turned red and she quietly pinched Zhang Lei on his back waist, but she didn't have the heart to speak up.

Zhou Li couldn't help but shake his head and laughed bitterly, "Zhang Lei, this is not a good favor to do, I am at least the captain of the escort team, this hasn't even gone out into society yet, and you want to dye me black, huh?"

"Hey!" Zhang Lei laughed.

"A pack of specials!" Ji Feng took out a packet of cigarettes from his pocket and handed it to Zhou Li.

"No problem!" Zhou Li immediately put the cigarettes in his pocket.

"Shit!"

Zhang Lei immediately cursed, "You son of a bitch, this is you turning black yourself, right? I didn't corrupt you this time, did I!"

"That's what you lured in too!" Zhou Li said.

Ji Feng and Zhang Lei couldn't help but shake their heads, this guy had become shameless now too, at least, this cheek was practiced.

"Then let's leave it at that!" Ji Feng raised his hand and looked at the time, seeing that it was almost eleven o'clock soon, he stood up, "We still have some business, so we won't stay here much longer, if there's anything, just call me directly, and of course call Zhang Lei as well."

"Zhou Li, please see that you don't forget anything." Zhang Lei admonished.

"Don't worry, I'll keep an eye on it!" Zhou Li nodded and smiled.

"That's it then!"

Ji Feng and Zhang Lei a few people stride out, Zhou Li bitterly smiled, "You guys are gone, but you still left a bunch of trouble for me!"

No matter what, Peng Guangqi was beaten by Ji Feng and Zhang Lei in this Security Section, this matter must have an explanation at any rate, otherwise, once this matter got out, it would have a considerable impact on the prestige of the Security Section and the escort team.

"You're also the one who can do more!" Ji Feng laughed.

Zhou Li nodded his head with a bitter smile.

And then, Ji Feng and the others went out of the Security Section, however, they hadn't gone far when they saw five or six people in front of them, who were walking quickly and aggressively towards the direction of the Security Section.

"Young Ji, it's those people!" White Spider said in a low voice beside him.

"I can see it!"

Ji Feng nodded, with his eyesight he naturally saw at a glance that those people were the ones who stayed outside the Security Section chirping and talking just now.

There was a guy who even had a verbal argument with Ji Feng at that time, so he naturally would not be mistaken.

“It’s them?”

“It’s a few of them, right?”

“Fuck them!”

Just then, the guys on the opposite side also saw Ji Feng and the others, and immediately came over in an aggressive manner, looking like they were ready to make a move.
