

Campus Master 1481

Chapter 1481

“What the hell is this gang?” Zhang Lei was instantly alert.

“It looks like they’re here to find us!” Ji Feng’s mouth was tinged with a smile as he said derisively, “This gang is probably in cahoots with Peng Guangqi, who was beaten up by us, so they naturally want to come and take it out on us!”

“Hey!”

Zhang Lei grinned, “I happen to still be holding my anger, since they’re here, that’s perfect!”

As he spoke, Zhang Lei had already pulled up his sleeves, and he lifted his trousers again, “Relax a bit, madman, no grabbing from me later, I’ll take care of all these!”

Ji Feng lost his smile, nodded his head and made a please gesture, “Don’t be polite, it’s all yours now!”

“Damn it! Wasn’t it you guys who just beat up Lao San?!”

“It must be them!”

“Who’s Zhang Lei?!”

“Sure enough, they’re here for us!” Zhang Lei stepped forward and said in a loud voice, “I am Zhang Lei, you are here to avenge that beast Peng Guangqi, right? Fine, let’s go together, save time!”

“Fuck! Fuck him!”

A man shouted, and was the first to pounce on him.

At the same time, the others also shouted angrily and pounced on them, looking at their vicious looks, as if they wanted to tear Zhang Lei into ten or eight pieces before they were willing to do so.

Ji Feng reached out with both hands and took Tong Lei and the girls back a few steps and said loudly, “We are not with Zhang Lei, go and beat him up, don’t come and beat us up!”

Puff~~!

A few girls lost their laughter at the same time, they had never thought that Ji Feng would still be so spoofed, however, the way Ji Feng looked now was really funny.

On the other hand, Zhang Lei had already let go of his hands and fought.

Perhaps because he was holding back in the security section just now, now Zhang Lei came up with a wide open action, his leg was raised high and he backhandedly chopped down.

Boom!

The guy who was leading the group was smashed to the ground with a leg right then and there, he screamed in agony and his whole body was directly stepped on by Zhang Lei.

Zhang Lei stomped on him with one foot, but his other foot was swinging in place, coming to beat one another!

It was also fortunate that the very mention quality of these people seemed to be very good, probably all of them were from the sports team, which made them react quite a bit faster than ordinary people, and their strength and speed were fast.

So once they saw that the one with zero head had been knocked down, the others braked in time and prepared to wrap themselves around Zhang Lei.

But even so, one guy rushed too fast and was hit by Zhang Lei's fierce knee to the small of his back, when he fell to the ground bent over like a shrimp, his face rising red and his eyes rolled outward, almost becoming dead fish eyes.

The first time I saw him, I was afraid that if his kidneys were not good, he would have to piss himself.

The man fell to the ground, and then he fell.

After the guy fell to the ground, his crotch obviously changed colour, even if the trousers themselves were dark, but the colour change was obvious.

This guy had really been hit by Zhang Lei's knee and ..... was incontinent!

"Fuck!"

Having two guys put down in one glance, the remaining three or four guys were extremely annoyed.

These sports team guys were used to rampaging around the school, they were probably more arrogant than even those punks on the street, but it just so happened that they didn't have the eyesight of those punks, so when they saw how arrogant Zhang Lei was, they were instantly furious!

If it was the street punks who saw this situation, they would immediately think that they had met a master.

At this time, they would weigh up the situation and see if they should continue to attack, it would be bad if they were also beaten up.

In the streets, anything can happen, and it is not uncommon to see people get their arms and legs broken or even hacked to death, so all those punks have their eyes open and they know how to judge the situation and know who they can and cannot mess with.

However, these sports team guys do not know, they have not experienced the kind of vicious environment in society, they all think that in school so strong and powerful fighting, so no one dares to mess with, plus they may have a rich Tian Shao behind them in support of them, more let them lawless, wildly do not know what their surname is.

Seeing that Zhang Lei came up and took down two men, the remaining three or four men roared out and pounced even more frantically.

One of them even took out a simple finger tiger from his pocket and ran up to hit Zhang Lei's vital parts.

"Seeking death!"

A cold light flashed in Zhang Lei's eyes, not to mention a sports team wearing a finger tiger attacked over, even an ordinary person with this thing, hitting a person's body would be no big deal, especially those few iron claws, hitting a person's body would break their bones at every turn, and might even lead to more serious injuries.

It was not impossible to beat a person to the point of being bedridden!

Zhang Lei's heart suddenly rose with murderous intent.

He shouted loudly and attacked with a fierce pad step like lightning.

Boom!

Zhang Lei clasped the guy's wrist and brought it backwards violently, then his whole body charged forward and his shoulder slammed directly into the guy's chest.

"Ugh ....."

An odd groan escaped from there throat, only to feel a burst of pain in his chest.

The next moment, his eyes rolled over and he directly passed out.

Boom!

Zhang Lei, however, did not even look at him, casually put the man down then kicked out, the man immediately slid out a few meters away.

Once Zhang Lei got real, the rest of the men had no power to resist at all.

With one punch and one leg, Zhang Lei knocked all the remaining men to the ground with three punches and two kicks, and added a kick to each of them, sending them sliding far away on the ground, each one miserable.

"Fuck! Still wearing finger tigers?" Zhang Lei couldn't help but sneer, "What the fuck!"

"Make way!"

At this time, Ji Feng arrived with a mobile phone, "Lei Zi, let me give this guy wearing a finger tiger a close-up!"

Zhang Lei couldn't help but be stunned: "What are you doing?"

"Recording!"

Ji Feng laughed: "Fighting and brawling on campus is punishable by a demerit, and in serious cases, expulsion, so we have to be reasonable!"

"....." Where did Zhang Lei think about this, he only cared about the fight, this rest was best handled by Ji Feng, so he wisely stepped aside and let Ji Feng video it properly.

And at this time, Zhou Li was standing at the door of the security section, watching what was happening outside.

The bitter smile and shock in Zhou Li's heart ah, really don't know how to describe it.

Zhang Lei really had too much guts to do it right at the entrance of the Security Section, not caring about anything at all, those sports team people were hooligans, rude, and would directly fight with people at every turn. However, Zhang Lei used a method that was even more rude than theirs, beating those people so badly that all of them were screaming on the ground!

Zhou Li was equally shocked at Zhang Lei's kung fu, the fight just now was actually not that long, in just a few breaths, Zhang Lei had taken down all those people, this tactic was simply more powerful than those from the martial arts association.

In fact, this was still because Zhou Li was not too proficient in kung fu, otherwise, he would have known that Zhang Lei's kung fu was no match for those from the Martial Arts Association.

Perhaps, even if Han Zhenfeng, the president of the Martial Arts Association, fought with Zhang Lei, it was hard to say who would win and who would lose!

"Ah ....."

"Holy shit, it hurts like hell ....."

"Ugh!"

.....

A few guys were screaming in pain on the ground, especially the guy who was pissed by Zhang Lei's knee, he was even rolling on the ground holding his stomach, looking in agony.

"Zhang Lei you wait, you hit Lao San and you hit us, Tian Shao won't let you off!" A guy's face was pale with pain and his forehead was covered in cold sweat as he gritted his teeth and said.

"Young Tian again?"

Zhang Lei couldn't help but snicker, "I don't care what Tian Shao is or isn't, today is just a little lesson for you guys, if we meet again next time ..... hey! By then you will know the consequences!"

"You, you wait!"

"That's right ....."

Slap!

Zhang Lei answered them directly with a slap, whoever had more words and whoever cursed the most, was the one who received the most slaps.

Slap slap slap .....

Zhang Lei also did not use his hands to hit directly, but took off his shoes and used the soles of his shoes to hit them hard on their faces, hitting them with mud all over their faces, so that they swelled up high .....

After everyone had stopped making noise and only the sound of snapping soles hitting against their faces remained, Zhang Lei then stopped.

He put on his shoes and sneered, "If you give your faces away, then let's smash all of your faces!"

He glanced at those people disdainfully, "Those who want revenge can come directly to me, I am always welcome!"

After saying that, he turned around and left in a breezy manner.

Behind him, a few guys were so dazed from the beating that their heads were buzzing.

A few people shook their heads to try to clear them up, however, what they saw in their eyes was a pig's head .....

"Holy shit!"

"Zhang Lei, I'm going to get you to death!"

.....

Hearing a few roars from behind him, Zhang Lei, who had already left some distance away, turned around with a sharp glare.

Those roars came to an abrupt halt!

"What the heck!"

Zhang Lei coldly snorted in disdain before turning around and leaving.

Ji Feng also laughed and shook his head, these people, just because they were strong and powerful, they often bullied people in school and ordinary students were afraid of them, so they thought how great they were and that no one dared to mess with them.

But these people don't know that they are really just dogs and dogs.

Once they meet the real tough guys, they are nothing. The really tough guys won't take them seriously.

Unfortunately, these people are used to being arrogant, they can't recognise themselves clearly, they are unbeatable, and sooner or later they will suffer a big loss.

What happened today is the best lesson for them!

Chapter 1482

Zhang Lei beat up those few sports team guys hard at the entrance of the United University's security section, leaving behind only a group of pig-headed guys and a Zhou Li who was shaking his head and laughing bitterly in the security section, and then he took off.

"Damn it! These guys came just in time, otherwise, I'd be holding my breath a bit!" Sitting in Ji Feng's BMW X6, Zhang Lei couldn't help but say excitedly.

"Hmph!"

Ji Feng couldn't help but laugh: "Getting carried away! If Lei Lei was also in this car, would you dare to open your mouth and use dirty words?"

"You dare, huh?"

Zhang Lei subconsciously glanced at the rearview mirror and saw the Audi behind him, so he was slightly relieved: "It's all because of those kids at school, this mouth is full of swear words!"

Ji Feng lost his smile and said, "It mainly depends on one's nature, look, you've had this foul language constantly since high school, but we've both been at the same table for so long, how come I haven't learned it?"

"Holy shit!"

Zhang Lei was instantly displeased, "What do you mean by that, crazy? Are you saying that I'm bad by nature?"

Ji Feng instantly laughed.

"Do you want me to tell Lei Lei that you're saying her brother has a bad nature?" Zhang Lei glared.

Ji Feng laughed, "You can go ahead and say that and see if she will say anything!"

As soon as he mentioned this, Zhang Lei couldn't help but feel a little deflated, he was also helpless, they say that girls are extroverted, this is really true, as long as he was with Ji Feng, Lei Lei never turned towards him, it was all towards Ji Feng.

What's all this about!

"Alright, no more jokes!" Zhang Lei waved his hand with a smile and said, "Crazy, let's get down to business, I won't just let this matter go today!"

Don't look at Zhang Lei and Ji Feng joking and laughing, as if they had forgotten about the previous incident.

In fact, the more Zhang Lei was like this, the more he had taken it to heart.

Zhang Lei was really angry.

Anyone who looked at someone who wanted to molest his girlfriend, and the other party turned out to be arrogant and unbearable, would be absolutely furious.

Although Peng Guangqi's hand didn't touch Shen Jingyi's body, his action caught Zhang Lei and Shen Jingyi red-handed, and Peng Guangqi's lewd look simply made Zhang Lei feel like eating flies, disgusted and annoyed.

If he really felt disgusted after eating a fly, it would be fine to brush his teeth or vomit for a while.

However, now Peng Guangqi is a living, breathing person, he not only wanted to molest Shen Jingyi, after being caught, he was actually so wild, threatening what Tian Shao will not let Zhang Lei go .....

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

The more you are cross with him, the more cross he will be!

If after the incident, Peng Guangqi honestly admitted his mistake and apologized honestly to Zhang Lei and Shen Jingyi, perhaps the matter would have passed, and at most, with Zhang Lei's temper, he would have just pushed him a few times or scolded him, and it would have been fine.

However, Peng Guangqi was very aggressive, and even threatened Zhang Lei.

As such, how could Zhang Lei swallow his anger when Peng Guangqi was so arrogant again?

What's more, after they came out of the security section, there were a few guys who rushed over aggressively and wanted to beat them up!

This is really bullying!

If Zhang Lei was able to put up with this, it would be strange!

Ji Feng asked, "So ..... what are you going to do?"

When Zhang Lei asked Zhou Li to help keep an eye on that Tian Shao's movements and traces, as well as the traces of that Peng Guangqi, Ji Feng knew that Zhang Lei did not intend to give up on this.

"That Peng Guangqi, as long as he doesn't give me an apology, I'll make it impossible for him to stay in this school!" Zhang Lei said coldly, "This matter itself is his fault, and it's so outrageously wrong and shameless! If I just let him continue to get away with it like this, I should just eat shit!"

Ji Feng nodded and said, "What exactly are you going to do?"

"That Peng Guangqi, I'll see him once and beat him up once!" Zhang Lei said coldly, "I'll ask Zhou Li to ask around for me, which dormitory and which department that guy is in. Whenever I'm free, I'll go to his dormitory and beat him up, and when I'm not happy, I'll go kick him twice, isn't he shameless? That's great, as long as he doesn't apologize, I'll make him lose face in this school, I'll see how thick his skin can be!"

Ji Feng couldn't help but be dumbfounded.

With Zhang Lei's temper, this kind of thing this guy was definitely capable of doing.

In fact, in a way, Zhang Lei was also a guy who liked to take the bull by the horns, especially when it came to competing with people.

However, Ji Feng also admitted that Zhang Lei's approach could indeed make that guy Peng Guangqi stay in school, no one wants to live such a life, not knowing when they will be beaten up, they may be beaten when they eat, and they may be beaten when they sleep .....

There is something really thrilling about this kind of life. But as if living in such an environment every day, no one can stand it.

Ji Feng suddenly remembered those primary school students, and junior high school students.

In Ji Feng's impression, when he was in primary school and junior high school, there were little bullies in the school, the kind of little bullies who did not do well in their studies, were tall and had powerful families.

They took pleasure in bullying their classmates all day long. Sometimes, there were many students who were so beaten up that they dared not come to school, but they did not dare to tell their families, so what could they do? They went out from home after dinner and then dared not go to school, so they had to run to other places to play.

You know, children were still afraid to go to school because they were bullied by their classmates, and at that age there was not so much of a problem with saving face.

Now it was different, people nowadays were all very respectful, if Zhang Lei really did that, then Peng Guangqi would definitely end up in disgrace in the United University!

However, Ji Feng did not feel that Zhang Lei had gone too far in doing so, if he were in his place, he might not have done so, but the means would definitely be more drastic than this.

Any normal man would never tolerate another man shamelessly molesting his girlfriend, and then being caught and then being arrogant and unbearable, and even threatening himself with words.

It's like walking down the road or being in a certain environment and suddenly a stranger opens his mouth and curses at you for no reason, just to bully you, just to cuss you out!

At this point, at least nine out of ten people will be furious, and at least half of them will not be cursing at each other, but will just kick them in the face.

"Fuck you! Why should I be scolded by you for a good reason?"

This was of the same nature as Zhang Lei's situation, he and Shen Jingyi were walking on the playground for no good reason, and for no reason, Shen Jingyi was almost molested, and the other party was so rude, it was not hard to understand why Zhang Lei did this.

"And that Tian Shao!" Zhang Lei suddenly said.

Ji Feng nodded and said, "As long as that guy dares to stand up for Peng Guangqi, teach him a lesson!"

Zhang Lei immediately said, "That's right, beat it up!"

What background or not, now it was a conflict, as long as he stood up for Peng Guangqi, then it proved that he hadn't considered his background at all, so why should Zhang Lei consider it?

Let's see who is more two hundred and fifty!

"When we return from your uncle's place, I'll check the background of this young Tian, as long as he dares to flaunt his teeth and claws, we'll directly knock out the background he relies on!" Ji Feng said indifferently, but these words were filled with the aura of killing and destruction.

The reason why that Peng Guangqi dared to be so arrogant was that, on the one hand, he thought he was tall and big and was on the sports team, so no one dared to mess with him in the school. On the other hand, it was also because he thought he had the backing of Tian Shao, so he dared to be so arrogant.

Ji Feng was like that, you are wild? Then I will directly knock out the thing you are relying on, I will see how you can still be wild!

The first time Chang Chong Wei was very wild?

As a result, Ji Feng directly attacked the Zhao family. If you want to fight, beat them to death with a single blow, not giving them a chance to turn around!

“Let’s do it!” Zhang Lei nodded his head.

“Alright, don’t think so much, we’ll be at your uncle’s house soon, don’t pull such a long face!” Ji Feng laughed: “Tell us what bad luck you had at school, let’s all have fun!”

“..... Why don’t you go to hell!” Zhang Lei scolded with laughter.

“Haha!”

.....

The BMW X6 was in the front and the black Audi was in the back, one in front and one in back, two cars that sped across the highway.

They were going to Zheng Yuanshan’s house for a visit.

Since Zheng Yuanshan had personally gone to the Tengfei Group, Ji Feng had discussed with Tong Lei and Zhang Lei, then called Zheng Yuanshan and said he wanted to pay him a visit.

The visit by Tong Lei and Zhang Lei was naturally a purely junior visit to an elder, and when Ji Feng visited, Zheng Yuanshan naturally understood what it meant, so he readily agreed.

So the two sides made an appointment, which was today.

Ji Feng got up in the morning and first looked up the information about the botanical garden, then bought gifts with the white spider and went to pick up Tong Lei and Zhang Lei from school.

As a result, such a thing happened.

Seeing that it was almost noon, the two cars could only speed up, making people wait, that was not very polite.

.....

The first thing you need to do is to get a good idea of what you are getting into.

These guys, each with a face as swollen as a pig’s head, their eyes almost swollen to a slit.

“I don’t put on purple potion, can I still have my face if I do?”

“Damn, do you doctor know how to cure, smear me with some swelling potion!”

.....

A few guys screamed in agony and were arrogant enough to curse the doctor with their mouths open.

The doctor was angry and furious, but did not dare to say anything, these guys are just gangsters in school, all of them are bullying, really not worth being beaten up by them!

“All right, shut up!” A low voice suddenly rang out.

At once, everyone shut up.

A young man in his early twenties walked over with his hands in his pockets, “Who beat you up like this?”

“Young Tian?!”

Chapter 1483

“Uncle Zheng, no disturbance, right?”

Looking at Zheng Yuanshan who opened the door, Ji Feng couldn't help but laugh.

“You kid, are you still so polite with your Uncle Zheng?” Zheng Yuanshan laughed, “Come in quickly, Zhang Lei, Lei Lei, you all come in quickly too.”

Because he had known that Ji Feng and the others were coming, Zheng Yuanshan had even put off a rather important dinner today and was waiting at home specifically for Ji Feng and the others.

“Knowing that you are coming, the family has prepared a lot of dishes, Ji Feng, I heard Shao Lei say that you are a good drinker, so let's have a good drink today?” Zheng Yuanshan said with a smile and led Ji Feng and the others into the interior.

Ji Feng laughed, “Uncle Zheng you shouldn't listen to my second brother's nonsense, it's his poor drinking capacity that makes it seem like I'm a good drinker!”

“Don't be modest, you kid, everyone knows that you are a good drinker.” Zhang Lei laughed heatedly, “Second uncle, you may not know, I've been drinking with Ji Feng quite a few times, but I've never seen Ji Feng drunk! In fact, let alone drunk, not even when he was passed out from drinking.”

“Then it's even more important to have a good drink today!” Zheng Yuanshan said smilingly, “Your Uncle Zheng's place is not big, but it's still a good place to sleep away, so if you get drunk today, you can sleep here!”

Ji Feng smiled lightly and didn't say anything more.

The fact that Zheng Yuanshan could have this attitude was enough to show that his mentality had completely changed in this matter, and this was what Ji Feng wanted to see the most. As for whether to drink or not, that was all secondary.

However, Chinese people are also like this, especially the northerners, they have this habit – as long as there are guests at home, then there will definitely be wine and meat to entertain, and how to be considered well entertained, that is to drink the guests unconscious, or even drunk!

Food culture, in China, occupies an extremely important place.

For example, when people meet and greet each other, they like to ask – hey, what are you doing, have you eaten yet?

This is the Chinese food culture.

And the counterpart to the food culture is the wine culture, which is also a major characteristic of China!

Although in recent years, with the increasing encroachment of foreign cultures, many people are now beginning to learn from foreign countries, engaging in some kind of petty, wine tasting and so on, but in China, food culture and wine culture still occupies a very important position.

So Ji Feng is not averse to drinking, and he was mentally prepared to come to Zheng Yuanshan's house, and wine is a must!

"Uncle Zheng, let me introduce to you, you should know Lei Lei by now, right? My girlfriend!" Ji Feng said with a smile.

"You kid, I can't not know my niece?" Zheng Yuanshan cursed with a laugh.

Several people laughed, and Ji Feng also laughed, "Then this one you definitely don't know, guess, who is this little beauty!"

Ji Feng pointed at Shen Jingyi who was standing next to Zhang Lei, his pointing made Shen Jingyi more or less embarrassed, after all, on this occasion of meeting parents, unless one was a very tough girl, it was still hard to let go.

"Well, if my guess is right, this child should be Zhang Lei's girlfriend, is her name Shen Jingyi, right?" Zheng Yuanshan asked with a smile.

"Uncle Zheng, hello!" Shen Jingyi's pretty face blushed slightly as she greeted in a small voice.

"Wrong name, right?" Ji Feng asked.

"Mmm!"

Tong Lei also nodded and said, "My brother is called uncle, but how come you're called uncle? That's not right!"

"Lei Lei!"

Shen Jingyi didn't expect even Tong Lei to follow suit and tease her, and was quite embarrassed, but she still squirmed and called out, "Second uncle!"

"Well!"

Zheng Yuanshan nodded with a smile at once, "Good! Good!"

He glanced at Zhang Lei, his face straightened and he said in a deep voice, "Zhang Lei, I think Xiao Shen is a good kid, I can tell you ah, you can't bully others, do you hear me?"

"Sweat! It's good that she doesn't bully me!" Zhang Lei said.

Zheng Yuanshan then smiled and nodded, and turned to Shen Jingyi and said, "Xiao Shen, if Zhang Lei dares to bully you, just tell me, see if I don't fix him!"

"Mm!" Shen Jingyi nodded her head, a little embarrassed.

Ji Feng, however, gave Zheng Yuanshan a meaningful glance, just now Zheng Yuanshan looked at Zhang Lei with that look, but there was some deep meaning.

The first time I saw him, I thought he was going to be a good friend.

The company's main business is to provide a wide range of products and services to the public.

But now is not the time to talk about this, Ji Feng smiled again and introduced Bai Spider and Han Zhen, and several people sat down.

At this time, Zheng Yuanshan's two children also came out and helped make tea.

"They're all here, you guys sit down for a while, there are still two more dishes to be eaten!" Zheng Yuanshan's wife also came out and said with a smile on her face.

"Auntie!"

Zhang Lei and Tong Lei both ran over to greet them, and it could be seen that they were very close to Zheng Yuanshan's family.

"Little Feng, come to the study!" Zheng Yuanshan whispered next to Ji Feng.

Ji Feng then nodded his head, Zheng Yuanshan should have something to say.

He followed Zheng Yuanshan to the study, sat casually on a chair, took out a cigarette and handed it to Zheng Yuanshan.

Zheng Yuanshan immediately waved his hand and said, "Little Feng, now that Madam is outside, let's not smoke, okay!"

Ji Feng then couldn't help but smile as he nodded, "Good!"

He remembered that Zheng Yuanshan was a smoker, and looking at his teeth, it was estimated that he had been smoking for a really long time, but now, like this, he was afraid that his wife would stop smoking, which was something that Ji Feng had not expected.

Zheng Yuanshan coughed dryly and seemed to have some embarrassment on his face, so he immediately changed the topic, "So what, Little Feng, there are two things I need to tell you."

"What?" Ji Feng immediately asked.

"What about the first one, it's about Zheng Yuxiu and her cousin." Speaking here, Zheng Yuanshan's eyebrows seemed to have some angry intent, "The case was qualified and their families have also been informed."

"They said strange things?" Ji Feng asked.

"Two people suddenly became demented in Jiangzhou for no reason, it's only normal for the family members to have strange words then!" Zheng Yuanshan waved his hand and said, "However, Zheng Yuxiu's cousin's family reacted to a situation, they heard a friend of the victim say that this time the victim came to Jiangzhou just to deal with you ....."

"What?" Ji Feng frowned.

According to Zheng Yuanshan, it was that cousin of Zheng Yuxiu's who seemed to be bragging to one of his friends before he came to Jiangzhou, saying something about going to Jiangzhou to deal with the Ji family now, the arrogant Ji Feng!

“..... That’s roughly what it means!” Zheng Yuanshan said, “So two days ago the victim’s family came again, they asked me if I had found any clues and said they suspected that this matter might have something to do with you, but I blocked it back.”

“Not a tight mouth!” Ji Feng shook his head, it was obvious that Zheng Yuxiu’s cousin was treating himself as the number one enemy, so that’s why he went around bragging about it.

But .....

The first thing you need to do is to get a good idea of what you are doing.

Is it true that everyone is proud of stepping on themselves?

Otherwise, what is there to show off about coming to Jiangzhou to deal with oneself?

This is just like a person who had dinner with a certain big star, then surely he will have the capital to brag to his friends when he goes back, I had dinner with xxx!

But now what’s wrong with that, stepping on yourself as an honor!

Ji Feng naturally will not know, just this one or two years, in his hands planted the heel of the gentry, do not know how many, Wu Zhiyong, Wu Zhihe, Chang Chongwei, Zhou Shilin ..... especially the two brothers of the Wu family, in the hands of Ji Feng that really is planted a big heel!

The name of Ji Feng is now even louder than that of Ji Shao Lei, especially in Yanjing’s dude circle.

But no matter whether they were afraid or not, Ji Feng’s name was made known anyway!

If that wasn’t the case, Zheng Yuxiu’s cousin wouldn’t have gone to show off to his friends as soon as he heard that his cousin was asking him to go to Jiangzhou together to deal with Ji Feng, and this was one of those who were not convinced by Ji Feng.

“What did the Zheng family’s people say?” Ji Feng pondered for a moment and asked.

“What can they say!”

Zheng Yuanshan snorted coldly, “What good words can come out of those people’s mouths? But you don’t have to worry, this matter was not involved with you in the first place!”

Ji Feng then nodded and smiled.

Of course he understood what Zheng Yuanshan said, it was a warning for him to never divulge his relationship with Zheng Yuxiu, so that he could always remember that it had nothing to do with him!

“Pay some attention to it in general.” Zheng Yuanshan added another sentence.

Ji Feng’s eyes were astonished, this was a statement, even Zheng Yuanshan reminded himself to be more careful in general, so it was clear that the Zheng family must have put down some harsh words, such as: “You tell Ji Feng to be more careful, don’t get hit by a car when he goes out!” Something like that.

“I was afraid they wouldn’t come!” Ji Feng said indifferently.

“You just be careful yourself.” Zheng Yuansan said, a lot of things he was not convenient to say too thoroughly, after all, that side involved the Zheng family, and this side was Ji Feng, Zheng Yuansan in the middle is not very good to talk.

As long as what he said, Ji Feng could understand it!

Ji Feng nodded with a smile and said, “Thank you Uncle Zheng for reminding me, I will pay attention.”

“Well, it’s good that you can understand.” Zheng Yuanshan said, “Also, you tell Lei Lei and the others to be safe, this person can really do anything if he is desperate!”

Ji Feng raised his eyebrows, it looked like the other party had put down some really ruthless words, moreover, the one who said this was definitely not an ordinary person, otherwise, Zheng Yuanshan wouldn’t have admonished himself so repeatedly.

“I know!” Ji Feng also nodded seriously.

“Mm! As long as you take it seriously, then I’ll be relieved.” Zheng Yuansan nodded and said, “Now for the second thing .....”

Chapter 1484

Ji Feng then sat up straight and listened carefully to Zheng Yuansan.

The first thing he already knew was that it was because Zheng Yuxiu and her cousin had been made into idiots, so the two families were angry and suspected themselves.

There was even the possibility that someone had put down harsh words to deal with himself!

The only thing that Ji Feng did was to have a good idea of what to do, and he would not say anything here.

The first thing you should do, how to prevent and so on, all these can wait until you go back and then slowly study, after all, outside Tong Lei and Zhang Lei they are still there, now themselves and Zheng Yuanshan hiding in this study to talk, will not say too long.

So Ji Feng still intended to seize the time first and listen to what the second thing Zheng Yuansan said was.

“This second thing is what you asked me to inquire about last time.” Zheng Yuansan said.

“Silly Biao?”

Ji Feng immediately remembered that last time at the headquarters of the Tengfei Group, Zheng Yuanshan had brought someone to deal with the conflict between himself and the people of the Sumida Group, and at that time, he had asked him to help investigate the details of Silly Biao.

“That’s him!” Zheng Yuanshan nodded his head.

“What was the result?” Ji Feng asked.

“No different from the average Daoist, none of them have done anything good!” Zheng Yuanshan hummed, “The name Silly Biao is just his nickname, his real name is Lv Biao, he’s still a veteran, came to

Jiangzhou six or seven years ago, then did a few jobs and clashed with people, then he organised himself a group of people and started to go against a Daoist guy at that time, he actually made some name for himself! ”

“Veteran?!”

Ji Feng was slightly stunned, he hadn't thought here that Silly Biao was actually an ex-soldier, thinking about his stout and tall body, he really did look like a soldier.

Only, the impression that Silly Biao had given Ji Feng before was just the kind of gangster on the Dao, so he didn't think of Silly Biao in the direction of a veteran soldier and overlooked this point.

“That's right, this guy is a veteran, that's what it says on the file!” Zheng Yuansan said, “This guy's profile is better investigated because he's in the police station and a few precincts, and he's kept a case record.”

“According to reason, as an ex-soldier, even if he later got mixed up in the Dao, Silly Biao shouldn't be too bad, right?” Ji Feng asked with some confusion, “Uncle Zheng, what did you mean when you just said he hadn't done anything good? This guy is as bad as smoke?”

“Gathering people to fight and brawl, collecting protection fees from normal operators, are these all good things?” Zheng Yuanshan grunted, “More than that, in many fights and brawls, Silly Biao has cut and injured people, enough to constitute a serious crime.”

“Then how come he wasn't arrested?” Ji Feng asked.

“You think less arrests have been made?” Zheng Yuanshan said, “Know when I checked his file, how many case files and interrogation records did he leave behind alone? It took three or four folders to fill up!”

Sweat!

Ji Feng knew that the folder Zheng Yuanshan was referring to was not the kind of folder used by students to hold their exam papers, but the kind of large file box that was two or three times thicker than the folders used by students alone.

“But one also has to admit that this guy is very righteous, so every time something happens, someone will come out and take the blame for him, or if there is no way to catch evidence of his direct crime, he has not been touched!” Zheng Yuanshan said.

“So that's how it is!” Ji Feng smiled and nodded, in that case, this silly Biao was not bad at all.

A boss who was unpopular would not have junior brothers come out to take the blame for you.

However, Ji Feng did not know that the police did not move Foolish Biao not only because he was well supported by the junior brothers below, but also for the sake of checks and balances.

This is not a unique feature of a country like China, it is the same all over the world, no matter where you are, even under the sun, there are still shadows!

It is not surprising that people from the Dao exist in Jiangzhou.

Before the rise of Biao, the area around the university town was still very chaotic, and it looked like someone was about to dominate the area, so at this time, the police were actually semi-acquiescent to the rise of Biao.

In order to rise to power, he had to fight with the original forces and seize the territory from them, so naturally both sides had to fight to the death.

In this way, the police would naturally take the initiative.

That's why Biao has risen so quickly and has not been severely cracked down by the police. It's only when they go too far that the police will go out and arrest people from both sides, and on the surface it looks like they are each being beaten 50 times, but in reality, the police are still very lenient towards Biao.

This information, Zheng Yuanshan didn't even need to go to the branch below for proof, jokingly, he had been a police officer for decades, he could see the foul play in this at a glance.

However, even though many people knew these things, it was different when they were spoken, especially not from him, the branch chief of the Jiangzhou Municipal Bureau!

Otherwise, what should this taste like when it hears Ji Feng's ears?

What, is this how you police crack down on people in the Dao?

"Apart from fighting and brawling with other forces, and collecting protection money, has this silly Biao done anything else?" Ji Feng asked, "Such as bullying men and women, or wreaking havoc on ordinary people or something like that?"

This was what Ji Feng was most concerned about.

Zheng Yuanshan said, "Little Feng, what you're saying is a bit wrong, whether it's the common people or those guys, they all have human rights too ....."

"Fine, fine!" Ji Feng nodded and laughed: "Uncle Zheng, you don't need to snicker in front of me, frankly speaking, I might use this silly Biao, that's why I asked you to look up his information."

"Oh ..... so that's how it is!" Zheng Yuanshan nodded with a smile and said, "All in all, this person isn't bad through and through."

This was what Ji Feng wanted!

Since Zheng Yuanshan had said this, it proved that Silly Biao had at least not done that kind of harmful things, that was why Zheng Yuanshan said that he was not yet bad to the core, but bad was for sure.

After all, they are in the road, to ask them to learn from Lei Feng and do good all day long, that can only be a joke!

For people like them, if they don't do things that hurt the world, then they are good people.

Ji Feng naturally understood this, so he just nodded and smiled, "Uncle Zheng, with your words I'm relieved, I know what to do."

Zheng Yuanshan, however, asked, "Little Feng, what do you want to do?"

Ji Feng smiled, "Find a little brother to wield the power!"

"....." It was strange that Zheng Yuanshan could believe it, unless Ji Feng was sick from idleness, he would certainly not do such a stupid thing.

Ji Feng looked at his expression, just smiled and did not explain.

Because Ji Feng and Zheng Yuanshan were standing in different positions, their perspectives on issues were also very different, many of Zheng Yuanshan's actions Ji Feng might not quite understand, then conversely, Ji Feng's thoughts, Zheng Yuanshan might not understand either.

"Little Feng, don't be reckless, or when your second uncle criticizes you, don't say I didn't warn you beforehand!" Zheng Yuanshan said.

Ji Feng smiled and nodded, "I'll make a note of it, Uncle Zheng!"

Only then was Zheng Yuanshan relieved, he felt that Ji Feng wouldn't go and do something stupid, since he was asking about Silly Biao's details, he should have his intentions, and if Zheng Yuanshan had reminded him, he would be considered to have done his duty.

More than that, he couldn't quite say anything.

Although Ji Feng's temperament was not quite the same as that of other magistrate princes, and he did not have the feeling of being overbearing from on high, he was after all a genuine prince, and who knew if there was a hint from Secretary Zhen Guo behind what he was doing? Or, was it a hint from the entire Old Ji family?

Zheng Yuanshan naturally had to take this layer into consideration, so he didn't dare to say too much.

"Knock, knock, knock!"

At this time, the door to the study was suddenly knocked on, and Zheng Yuanshan's wife walked in, "Old Zheng, the meal is already ready, so don't pull Xiaofeng to talk ....."

"Let's eat first!" Zheng Yuanshan smiled and stood up.

When they arrived at the restaurant, Ji Feng realized that there were quite a few people today, Zheng Yuanshan's family of four, plus the six on Ji Feng's side, a total of ten people. Fortunately, Zheng Yuanshan's restaurant was big enough and the size of the table was okay, otherwise these people would not be able to sit.

The meal was also very cordial, especially Shen Jingyi, the new daughter-in-law, who was naturally the focus of Mrs. Zheng's attention, giving her and Tong Lei dishes from time to time.

Zheng Yuanshan was chatting with Ji Feng and Zhang Lei, asking them how they were doing at school, a kind of elder's concern for his juniors.

Perhaps because he was in a good mood, Zheng Yuanshan also drank two more glasses and his face became a little flushed, and when he spoke, that mouth was not so smooth.

“Little, little Lei, little Feng this kid is good, you get along well, I am also happy .....

Mrs. Zheng then hurriedly kicked Zheng Yuanshan under the table, look what he all said, in front of so many people, just directly address Ji Feng as a kid, also not afraid of people have any idea.

But Ji Feng was smiling and said, “Uncle Zheng, if you praise me like that, I’ll be proud!”

A few people burst into laughter, and only then was Mrs. Zheng relieved that it seemed that Ji Feng really wasn’t an arrogant worldly son.

When she saw that Zheng Yuanshan had drunk a lot, Mrs. Zheng did not dare to let them continue to drink, knowing that Ji Feng and Zhang Lei were not even a little drunk, especially Ji Feng, whose face was not even red.

At this time, Tong Lei and the girls had also finished eating, so Mrs. Zheng hurriedly let them eat.

And not long after that, the meal was over.

Zheng Yuanshan talked to them for a while, anyway, that was to the effect that Ji Feng was a good person, and the Tong family and the Ji family were also family friends, and the relationship between the two sides would definitely get better and better and so on.

Ji Feng and Zhang Lei just listened next to each other, nodding their heads uncontrollably.

Zheng Yuanshan repeated even though continuously, and then staggered off to his bedroom to rest, while Ji Feng and the others got up and prepared to say goodbye.

“Jing Yi ah, come, child!” At this time, Mrs. Zheng was the one who called Shen Jingyi to the side.

“It’s time to give the red packet!” Ji Feng said in a low voice.

Chapter 1485

As expected!

Ji Feng and Zhang Lei peeked over and saw that Madam Zheng was taking out a red envelope from her pocket and shoving it into Shen Jingyi’s hand.

“Guess how much will be given?” Zhang Lei asked in a low voice.

“A thousand?” Ji Feng said.

“Can you be a little bit out of your depth!” Zhang Lei said with no good grace, “Without three or four thousand, second aunt would be embarrassed to take it out, right?”

Ji Feng was immediately amused: “You’re crazy about being poor, aren’t you? You want this money too?”

Zhang Lei’s face instantly collapsed and he said helplessly, “Brother, you don’t know my brother’s suffering!”

Ji Feng looked at him with squinted eyes and said disdainfully, “Do you want me to pooh-pooh your face?”

This guy actually dare to call him bitter, brat ..... this guy still dare to shamelessly not?

The company has a girlfriend in school, the course in the university and easy, basically nothing hard work for him to do, at most is usually read a book to attend class, of course, if the company girlfriend is also considered hard, then Zhang Lei is indeed hard bad.

This kind of guy, how dare he call it hard work?

Zhang Lei said helplessly: "Brother, brother is really suffering, you do not know, my old man is so stingy that I do not know how to describe it, he only gives me 800 yuan a month for living expenses, I do not even have the heart to say. Think about it, I have to go out with Jing Yi from time to time, right? Your Audi is still at my place and it costs money to refuel it, right? How do you think I'll have enough for eight hundred dollars a month?"

"So you're hitting on this red packet idea?" Ji Feng asked, holding back his laughter.

"Don't say it so hard, okay, what do you mean hitting on the idea of the red packet, my girlfriend's and mine, is there a difference there?" Zhang Lei said, "Crazy, don't blame brother for eating badly, the key is starving too hard!"

Ji Feng gave a thumbs up and said with an expressionless face, "I've now finally found out what I'm not as good as you."

"What?" Zhang Lei asked. Immediately he reacted and immediately said, "Forget it, you'd better not say anything, coming from your kid's mouth that's definitely nothing good!"

"You're more shameless than me!" Ji Feng said.

"....."

I knew it!

Zhang Lei couldn't help but roll his eyes and said in no good mood, "Crazy, I think you'd better take that car of yours back, I can barely afford to keep it here with me."

Ji Feng laughed, "Don't worry, the money for money and maintenance is on me, you just drive it!"

"Does buddy look like someone who has to rely on others?" Zhang Lei asked.

"Don't know what's good for you!"

Ji Feng shook his head and said, "Then you go live off your eight hundred dollars!"

"Don't!"

Zhang Lei hurriedly put his head over and said, "Crazy, you won't just stand by and watch your brother starve, will you? Besides, it's fine for me to starve, but there's still your sister-in-law, you can't let her starve with me, right?"

"Alright, alright, don't play tricks!" Ji Feng pushed him away.

"Hey!" Zhang Lei then laughed, "Crazy, I'm talking to you seriously, is there any way to make money, tell me about it, at least don't make my life so difficult!"

Ji Feng then heard out that Zhang Lei was being serious.

In fact, for these situations of Zhang Lei, Ji Feng knew very well, what kind of friendship the two of them were, as soon as Zhang Lei opened his mouth Ji Feng knew he had a few yellow teeth.

However, it was true that Zhang Lei only had eight hundred dollars a month to live on.

In the Tong family, the concept of educating a poor son and a rich daughter was not improved until Zhang Lei went to university, but this improvement was extremely limited, which could be seen from Zhang Lei's monthly living expenses.

What is Jiangzhou? It is the economic centre of the country, an international metropolis!

Although it is more economical to go to school here, with food and accommodation at the school, but is Zhang Lei a person who can sit still? He would definitely be running out a lot.

But it's not that easy to get out, just taking the underground or taking a taxi will make you feel the pain, not to mention the occasional meal or drink outside.

Zhang Lei's predicament can be imagined.

However, Ji Feng never offered to help Zhang Lei, because he knew Zhang Lei's temper too well, if he dared to give him money, he could even turn his face.

It is okay for Zhang Lei to take a few hundred thousand Audi cars and drive them as if they were his own.

However, Ji Feng just couldn't give him money.

Driving Ji Feng's car was because Zhang Lei treated Ji Feng as his brother.

But, spending Ji Feng's money, that's not something Zhang Lei can do.

Therefore from the time he started university, Zhang Lei was actually not living too well.

Of course, the actual situation was certainly not as miserable as Zhang Lei had said, so how would Ji Feng watch his brother mix so badly?

This guy was just playing a trick!

The reason is that Ji Feng knows very well that Tong Lei gives all her living expenses to Zhang Lei every month!

So in reality, this guy Zhang Lei was spending two people's living expenses by himself.

Moreover, Tong Lei's living expenses were almost twice as much as Zhang Lei's!

If not for that, with Zhang Lei's few hundred dollars a month, he would still want to drink? Still want to drive? And still want to take Shen Jingyi out for some fun?

Dream on!

So hearing Zhang Lei say how miserable he was, Ji Feng didn't give him a good look at all.

However, now that Zhang Lei had actually proposed to make money, Ji Feng was a bit surprised, it seemed that Zhang Lei's life was indeed a bit tight.

"Life is tight?" Ji Feng asked with a frown.

Zhang Lei nodded with a bitter smile, "Not so much, last month bought a dress for Jingyi, and went out twice with a few guys in the dorm, well, this time the cost of living is almost gone."

The first thing you need to do is to get a good idea of what you want to do.

The only way he could think of to make money was the Tengfei Group, other than that, he had quite a bit of knowledge of the Gamma Galaxy's technology in his head, but that had to be used to make money, or at least invested in first.

On this point alone, Zhang Lei was blocked.

Ji Feng laughed: "Lei Zi, there are ways to make money, but none of them are suitable for you."

"Saying that is out of line, right? We are brothers, what suits you must suit me!" Zhang Lei said with a big grin.

"....."

Ji Feng then looked at him helplessly, this guy was shameless again.

"How about this, you stay up for a while longer, I'll help you think about it, if there is any good way to make money, I'll let you know!" Ji Feng said.

"This is not good, right?" Zhang Lei gritted his teeth and whispered: "Crazy, if you stay up any longer, buddy may have to move those red envelopes received in the New Year ....."

"How much money do you receive in red envelopes?" Ji Feng asked, but was not at all curious about Zhang Lei's receipt of red envelopes.

Like their kind of family, as long as they have not yet graduated from university then they are all considered children, when they visit some elders in the New Year, they are also able to receive red envelopes.

"The ones I received as a child were all taken away by the old man, and only since I started high school have I saved some, about 50,000 to 60,000!" Zhang Lei said.

"....." Ji Feng just ignored him.

To have that much money and still come crying about poverty, this guy is really good at playing tricks!

However, Ji Feng's heart is also paying attention, it seems that it is really necessary to find the people around himself to make money, although Zhang Lei does not value money, but can not let him have urgent needs but can not get money, right?

The actual fact is that you can find a lot of people around you that are not as good as you think.

Ji Feng secretly mulled it over .....

On the other hand, Shen Jingyi was too embarrassed to accept Mrs. Zheng's red envelope, but could not resist her and finally had to accept it.

A few people stayed at Zheng Yuanshan's house for a while longer, then got up to say goodbye.

Mrs. Zheng sent them to the door before turning around and returning to the house.

At this time, Zheng Yuanshan had already come out of his bedroom.

When he saw his wife return, he asked with a smile, "Have they all left?"

"Well, they've all gone!" Mrs. Zheng nodded, she seemed to remember something and added, "Old Zheng, weren't the words you said to Ji Feng today a little ..... inappropriate? Ji Feng is, after all, the first grandson of the Ji family!"

Mrs. Zheng was a bit worried, Zheng Yuanshan said to Ji Feng that the two families were family friends and that the relationship would get better and better, which was fine, but calling Ji Feng directly as a kid and speaking in a completely elder to junior manner was not very good.

Even if Ji Feng was generous, it was inevitable that he wouldn't have any thoughts in his heart.

"Don't worry, I'll behave myself!" Zheng Yuanshan said.

Having been immersed in the officialdom for all these years, how could Zheng Yuanshan get drunk that easily?

When he said those words, he was actually saying them through the strength of alcohol, but he believed that Ji Feng should be able to understand what his words meant.

And at this moment, Ji Feng, who had already left, was likewise thinking about this matter.

"Zheng Yuanshan is making his attitude clear!" Sitting in the car, Ji Feng leaned back on the seat with his arms wrapped around his head and closed his eyes, but in his heart he was thinking about what Zheng Yuanshan had said at the dinner table.

Zheng Yuanshan said that the Tong family and the Ji family were family friends and that the relationship would get better and better in the future, which was undoubtedly telling himself that he, Zheng Yuanshan, wanted to have a good relationship with himself and believed that the relationship would get better and better in the future.

This was the same as Zheng Yuanshan's kind reminder in the study before, both of which were Zheng Yuanshan making his attitude clear.

Ji Feng could not help but smile slightly, Zheng Yuanshan as the deputy director of Jiangzhou Municipal Bureau, to be able to reach this step, that is already very difficult, this is also enough to show his sincerity.

Perhaps, from today onwards, all the suspicion and alienation towards Zheng Yuanshan will no longer exist!

Ji Feng secretly said.

Zheng Yuanshan, on the other hand, must have already made up his mind as well.

It was also like he said, there was no doubt that the relationship between the two sides would definitely get better and better in the future.

Sitting in the car, Ji Feng smiled faintly, one more friend was better than one more enemy, what's more, this friend was also Zhang Lei and Tong Lei's second uncle, and also second uncle's subordinate!

Chapter 1486

Jiangzhou United University, Medical Office.

A tall, handsome young man with his hands in his pockets had a gloomy look on his face.

On the hospital bed in the room, there were a few guys who had been beaten up like a pig's head, these guys were none other than Peng Guangqi and a few others from the sports team.

Peng Guangqi was even worse, he was also lying on the hospital bed, grimacing in pain and sucking in cold air.

"That one called Zhang Lei, did he really say that?" The young man with his pockets stuck out looked at Peng Guangqi and the others and couldn't help but ask in a cold voice.

"That's right!"

"Yes, Young Tian, that son of a bitch Zhang Lei said just that!"

"We have all said that we are following Young Tian's gang, if he dares to hit us, Young Tian will definitely not let him go, and he still did it!"

"He didn't just beat us up, he also said that he would do the same even if Tian Shao was there!"

"He also said some other unpleasant things, Tian Shao, I won't repeat them, they were particularly unpleasant anyway."

.....

Several guys spoke in a variety of ways, each looking righteously indignant, as if they were incomparably annoyed because Zhang Lei had scolded Tian Shao.

They were indeed furious, but not because Zhang Lei had scolded Tian Shao ..... In fact, Zhang Lei hadn't really scolded.

These people were just angry because they had been beaten up by Zhang Lei severely, and that kind of extremely humiliating punch to the face, making them so furious that they could not wait to get Zhang Lei killed now, but once they remembered Zhang Lei's terrifying body strength, they immediately lost that courage.

So, Peng Guangqi and the others could only hope for Tian Shao, hoping that they could say something hard and make Tian Shao teach Zhang Lei a lesson.

The young man with his pockets in his pocket was no other than the guy Peng Guangqi called Tian Shao – Tian Xiaodong!

Hearing Peng Guangqi and the others talk about Zhang Lei's arrogance one sentence at a time, Tian Xiaodong's face could not help but look even more gloomy, and he could not help but snort coldly, "Humph! This is really the first time I've heard such arrogant words, and they dare to beat me up?"

"Young Tian, you can't be careless!"

Seeing Tian Xiaodong's angry look, Peng Guangqi was secretly happy in his heart, but his mouth said, "Young Tian, that bastard Zhang Lei is not only very powerful in kung fu himself, but he also has very good connections in the school, I heard that he has a very good relationship with the people in the school's martial arts association, and he is even buddies with the president Han Zhenfeng!"

"Not only that, it's said that Peng Guangqi has quite a good relationship with that Ji Feng, the two are iron buddies!"

"Yes, Young Tian, I think we might as well leave it at that!" A man said, "That Ji Feng is not to be messed with, up to now anyone who dares to look for trouble with him has been cleaned up badly!"

"That Ji Feng you guys are talking about, what is he? How come I haven't heard of it?" Tian Xiaodong frowned and asked in a deep voice.

"This Ji Feng is a ruthless person, his kung fu is very powerful, it is said that in the exchange group that came from Kepong back then, there were several very powerful ninjas, and karate masters, they were all beaten up by him like dead dogs!" Another man said, "And he's also very rich, he usually drives a BMW X6, this guy is not to be messed with!"

"BMW X6?"

The corner of Tian Xiaodong's mouth pulled up a slight curve as he sneered, "Not a bad car at all, well, another million or two more and you can buy my sports car too!"

A BMW?

Tian Xiaodong couldn't help but snicker, only those who had no money but had to pretend to be fat would drive a BMW, those who were really rich, who didn't drive a better car?

The only people who drive BMWs are those who have no money but want to be fatuous.

Once he heard that the car Ji Feng drove was actually a BMW X6, Tian Xiaodong was very disdainful in his heart.

The person who drives such a poor man's car, how good can he be himself, is still not a deflated man with a swollen face from a fat man?

"Ji Feng's kung fu is very good?" Tian Xiaodong asked again.

"Yes, young Tian, look at a few of us, we were together, but in the end, we were still beaten up by him like a pig's head!" A guy cried out.

"Young Tian, just forget it, this Ji Feng really isn't very good, don't let you offend an enemy for no reason just for a few of us!" Peng Guangqi also hurriedly said.

However, as he spoke, Peng Guangqi's gaze was always watching Tian Xiaodong's face closely.

In fact, Peng Guangqi had some regrets in his heart at this moment.

At that time in the playground, he only saw that Shen Jingyi was very pretty, so he had lusted for her and wanted to touch her from behind.

When Zhang Lei and Shen Jingyi caught him red-handed, Peng Guangqi immediately became furious.

As a member of the sports team, they were always the ones who bullied others in school, when did it become someone else's turn to bully him?

This made Peng Guangqi furious, but he couldn't beat Zhang Lei, but the fierceness in his heart made him fight with him, and he ended up being beaten up by Zhang Lei.

Peng Guangqi was so angry that he made up his mind that he would take revenge afterwards.

However, when he arrived at the Security Section, as soon as the captain of the school's escort team, Zhou Li, called Zhang Lei's name, Peng Guangqi's heart thudded.

He immediately knew that something was wrong!

Peng Guangqi had heard of Zhang Lei's name, because the most famous thing this guy had done was to steal the girlfriend of the former Taekwondo Association's main general.

And that master general, actually didn't even dare to let out a fart, and the matter just passed?

This made Zhang Lei famous in the school, and there was even a special post on the forum, not knowing whether it was to promote Zhang Lei or to humiliate the taekwondo association's master general.

No matter what the reason was, there was one thing that Zhang Lei was famous for anyway.

So as soon as Zhou Li said Zhang Lei's name, Peng Guangqi was a little scared in his heart, and he had some regrets about how he had messed with such a guy.

Can a guy who can remain unscathed after robbing the Taekwondo Association's main general's girlfriend, and even make that Taekwondo main general not even dare to squeal, can he be a good guy to mess with?

But because of the face problem, in front of so many people in the security section, Peng Guangqi could not pull his face to apologise. Besides, he was usually used to being tough, who did not give him some face in the United University, but now he was actually beaten up, how could he swallow this anger?

So he was even more assertive.

As a result, Zhang Lei gave him a good beating!

When he thought of this, Peng Guangqi was so hateful that he gritted his teeth, but when he thought of Zhang Lei's horrible hand, and then looked at the other few companions who had been beaten into a pig's head, Peng Guangqi's heart trembled a little.

"Forget it?!"

Tian Xiaodong laughed loudly and coldly, "Can this matter be forgotten? You all said you were with me, and you even gave my name, and they still dare to make a move, that means they don't take me into consideration at all!"

"Young Tian, it could be that we misheard you, don't take it personally!" Peng Guangqi was overjoyed in his heart, but his face was flustered, "We all know that you are very powerful, but aren't all your forces in Jiangsu and Zhejiang, but Ji Feng is different, he is most likely a local ground snake ....."

"All right! None of this needs to be said!" The first thing you need to do is to get rid of the problem. Damn! In all my life, no one has ever dared to talk to me like that!"

"Then ..... what is young Tian going to do?" Peng Guangqi's heart was overjoyed, but his face didn't show it at all – in fact, even if he was asked to show it now, he couldn't, because his face was almost beaten into a pig's head, and it was hard to make any expression.

"How?"

Tian Xiaodong laughed coldly, "It's simple, aren't they rampant? Didn't they say they would beat me up even if they saw me? Well then, I'll see how capable they really are!"

Tian was finally angry, this was great!

As soon as Peng Guangqi heard this, his whole body suddenly relaxed, and he couldn't help but secretly grit his teeth: "Zhang Lei! Aren't you rampant? Fine, I'll see how you can still be wild in front of Tian Shao! This time, even your friend Ji Feng will be unlucky along with you, I'll see how you die!"

"Young Tian, they know kung fu, you must be careful!" Peng Guangqi hurriedly reminded again.

He was worried that Tian Shao would be too careless and end up not only failing to clean up Ji Feng and Zhang Lei, but being cleaned up by them instead, that would be bad.

"Know kung fu?"

Tian Xiaodong snorted, "These days, there are still things that money can't buy? There are as many kung fu masters as there are, even if they have three heads and six arms, they can't jump up and down!"

"Just wait and see!" Tian Xiaodong waved his hand and said confidently, "When the time comes, I'll let you see with your own eyes how I'll clean them up! Dare to jump in front of me, Tian Xiaodong, and even dare to stomp on their noses, it's really against them!"

.....

At this moment, Ji Feng and Zhang Lei still didn't know that they had been targeted by Tian Shao, and the two of them were sitting in their car, heading back from Zheng Yuanshan's house.

"Lei Zi, I suddenly thought of a way to make money!" Ji Feng, who had been resting his eyes with his eyes closed, suddenly opened them, "However, you first need to have a certain amount of money too!"

"What way?" Zhang Lei's interest immediately came up.

Ji Feng smiled, "Ways aside, can you raise the money?"

“As long as there is a way to make money, money is definitely needless to say, it can definitely be raised.” Zhang Lei said confidently, “The big deal is that I’ll go ahead and borrow it, and then return it with interest when I’ve made money. But crazy, the way to make money you have to think well, do not then in case the loss of capital, let me blood money, then buddy will have to jump off the building!”

“Oh .....

Ji Feng couldn’t help but laugh: “Don’t worry, since I said I have a way, then I can definitely make money, but now this idea is not too mature, you can raise money now, the more the better, when I consider the mature, we can directly on the horse!”

Chapter 1487

After returning from Zheng Yuanshan’s home, Ji Feng drove straight back home, it was already after 4pm and not very far from evening.

Zhang Lei, on the other hand, took Shen Jingyi and drove back to United University.

Of course, in order to ensure safe driving, Shen Jingyi sat in the driver’s seat, leaving Zhang Lei, who had wanted to take advantage of the good traffic conditions to have a wild ride, to sit helplessly in the passenger seat, watching his girlfriend drive and dry.

The first thing is that you can’t let Zhang Lei drive, he’s not completely drunk yet, so if he gets hot-headed, something might happen on the road!

After returning home, Tong Lei’s pretty face still had a smile on it.

Although her smile was very light, it was still very different from her usual cold appearance, which naturally could not be hidden from Ji Feng’s eyes.

He couldn’t help but secretly shake his head and laugh lightly, Tong Lei this girl usually doesn’t talk much, but this heart is certainly more than anyone understands. The fact that he had alienated Zheng Yuanshan some time ago must have been seen by Tong Lei, which is why she told herself not to make things difficult for Zheng Yuanshan, because it wasn’t easy for him either.

Ji Feng believed that this was definitely not what Zheng Yuanshan told Tong Lei, after all, what Zheng Yuanshan himself had done, he had to know better than anyone else, it was he himself who was swaying from side to side in the middle, especially in the matter of Chang Chongwei, Zheng Yuanshan chose to protect himself, which would be very wrong, he naturally could not have called Tong Lei to say.

Ji Feng didn’t think Zheng Yuanshan’s cheek was that thick yet!

All this should have been seen by Tong Lei.

And now, seeing that her relationship with Zheng Yuanshan had been restored and that the two might even get closer, Tong Lei was naturally happy in her heart.

In fact, Ji Feng was also helpless about this matter.

If Zheng Yuanshan had always chosen to sway left and right or to protect himself, Ji Feng would never have gotten too close to him, not even for the sake of Tong Lei, for no other reason than the fact that what Ji Feng had done was impossible for Zheng Yuanshan to know.

Otherwise, there was no telling how many pairs of eyes were watching Ji Feng now, and once Zheng Yuanshan revealed some information that was unfavourable to Ji Feng, then Ji Feng would immediately face the attack of a large number of opponents.

They may be in the open or in the dark, and those who dare to lay hands on Ji Feng are definitely not ordinary people, no matter who faces such a group of opponents, I'm afraid it won't be too good!

Although Ji Feng now has a certain amount of power, he is not a god, and with his current strength, he is not able to withstand the attacks of so many opponents.

Not to mention others, just the Wu brothers alone. Of course, now that Wu Zhihe is dead, but the remaining one, Wu Zhiyong, is not that easy to deal with, this guy is ruthless and specialises in hiding behind people's backs, he is definitely a dangerous guy!

That's to say nothing of the other opponents hiding in the shadows.

Under such circumstances, as long as Ji Feng was caught by the other party's fatal grip, the severity of the consequences could be thought of even with his toes.

The only way to get closer to him would be if Zheng Yuanshan was still swaying from side to side!

The actual fact is that you will be able to find out the actual truth of the matter.

So as long as Ji Feng distanced himself from Zheng Yuanshan, he couldn't hide it from her at all.

This is the reason why Ji Feng will be so helpless, so ice and snow intelligent a girl, cheat and can not cheat her, but not cheat it, and will make her heart hurt Zheng Yuanshan .....

"The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet. Ji Feng secretly said.

And when he said this in his heart, in fact Ji Feng had already made up his mind, even if Tong Lei was sad at that time, he absolutely had to alienate Zheng Yuanshan, which could be seen from his words!

Now is not the time to talk about face, at this level of the competition, at every turn may be a defeat, will not even have a foothold again.

In fact, once you fall from grace, you may end up far worse than a beggar on the street, and you may not even have the chance to be a beggar.

Your opponents will never leave themselves a hidden problem, so they definitely won't give you the chance to rise again!

Regarding this point, Ji Feng saw it very clearly.

He believed that if he fell into Wu Zhiyong's hands, he would either die or be worse than dead!

In the evening, there was nothing more for Ji Feng to do. He had drunk a lot of wine at noon, and although there was bio-current in his body, Ji Feng would not feel drunk at all, but Tong Lei was still a bit uneasy, and she pulled Ji Feng, sitting on the terrace on the first floor, and made him drink the soup she had specially made.

The sunshine today is very good, it's already late in the evening, the air is still a little warm, sitting on this terrace blowing the wind is not cold.

The fact that there was Tong Lei next to her, the beautiful and pure she just made Ji Feng feel a sense of refreshment.

The soup was naturally tasty.

Looking down from upstairs, Bai Zhu was skating back and forth in the courtyard, wearing simple jeans, a white shirt and a small waistcoat, she looked very sharp and gave people a sense of valiant posture.

Han Zhen did not come out and was not sure what she was busy with in her room.

The whole home, in this peaceful atmosphere, makes one's heart involuntarily calm, willing to stay just like that, preferably with time staying in this moment and not going any further .....

.....

The two of them, Zhang Lei and Shen Jingyi, who had returned to school, were sitting in a gazebo at the school chatting.

The two of them are sitting there against the pillar of the gazebo, while Zhang Lei is lying on a chair without any image, with his head resting on Shen Jingyi's thighs, this guy does not feel embarrassed at all, but instead has a face of enjoyment.

This big grin of his made the few men and women who were originally talking in the gazebo a little embarrassed and left.

Zhang Lei couldn't help but laugh badly, and Shen Jingyi hit him in anger.

This guy, sometimes he was indeed very bad!

"Jingyi, there's something I need to tell you." Zhang Lei pillowed on her thighs, his two eyes narrowed in enjoyment.

"What is it?" Shen Jingyi asked.

"The red envelope that second aunt gave you, just buy yourself something you like, I see that you haven't added any clothes for a while recently, right?" Zhang Lei said, "Now that the day is turning cold too, hurry up and buy some winter clothes."

"You haven't added any clothes either, have you?" Shen Jingyi said, "I'll buy them for you first, it's the weekend tomorrow, let's go to the street together?"

"I don't need to!" Zhang Lei laughed, "You still don't know me, a piece of clothing can be worn for years ..... It's a deal, that's not what I want to talk to you about."

Shen Jingyi also did not argue with him, Zhang Lei's temper she knows, and Zhang Lei in the food and clothing this convenience is never the kind of person too picky, unless you buy him the clothes, he may wear, but if you say you let him go to buy his own clothes, then forget it!

"When you call home, you can talk to Uncle Shen and borrow some money from him first." Zhang Lei said.

"Borrow money?"

Shen Jingyi was stunned, and then asked, "Zhang Lei, is it that your family needs money? How much do you need?"

"If it's my family that needs money, then it's not just a star and a half!" Zhang Lei laughed. Although the Tong family was not a first-class family in Yanjing, it was already considered a powerful family for those local families. If such a family needed money, it would not be a small amount.

"I want you to raise money, not to use it, but to invest it!" Zhang Lei said.

"Invest?"

Shen Jingyi was a little surprised, Zhang Lei had never been interested in this, why was he suddenly talking about investment today?

"Yes, today I asked Ji Feng for an opportunity, I think your family should be able to use it, I'm not talking about your whole Shen family, it's your parents." Zhang Lei reminded Shen Jingyi and then told her what he had discussed with Ji Feng today.

"You're really capable of making things up!" Shen Jingyi couldn't help but purse her lips and laugh lightly, "Tong Lei even gave you her living expenses, and you're still crying poverty?"

"This poverty is crying for you!" Zhang Lei said, "I don't need to say much about my relationship with Ji Feng, I guess you can't understand the affection between men even after saying it, however, this opportunity is specifically for you to ask for."

Zhang Lei's life was not too generous now, but after Tong Lei gave him all her living expenses, it wasn't too hard for this guy to make a living.

He asked Ji Feng for a chance to make money, and it was for Shen Jingyi.

"You know very well the situation of your family, it's such a big family and it's still uncooperative, in the future once your family's old man goes, there will definitely be a split!" Zhang Lei said, "Uncle Shen is only a managerial role in the Shen Group, I think it is better to come out and work alone, follow Ji Feng, he will certainly not let you suffer ....."

This was Zhang Lei's real intention!

Now, he also began to think about the future road, after all, this is still about a year to graduate, now it is also time to consider the future road how to go.

One of the first problems Zhang Lei had to solve was his current worry – the Shen family's problem.

The last time he went to the Shen family, he saw the messy scene, and then he looked at the arrogant and unbearable Shen's children, and those pussies ..... Zhang Lei knew that as long as he let it go on, the Shen family would have big problems sooner or later, and he might even involve himself in it, and even the Tong family!

The company's reputation as a leading provider of products and services to the public is very clear, and he knows his own weaknesses.

This fault is naturally good if it is for one's real relatives or real friends, only if you treat others sincerely will they treat you sincerely.

However, this temperament can also be easily exploited!

Moreover, those sons and daughters of the Shen family were so unpleasant that something would go wrong sooner or later, so Zhang Lei did not want to get involved with them.

He wanted to solve these hidden problems in advance!

Chapter 1488

In the whole Shen family, Zhang Lei only cared about Shen Jingyi, for her sake, and of course he treated her parents as elders.

But outside of the three of them, Zhang Lei didn't have the heart to care about other people, especially when those people were so unpleasant, which made Zhang Lei feel even more disgusted, not to mention taking care of those people, and to give them a smile was also for the sake of Shen Jingyi's parents.

Otherwise, with Zhang Lei's temper, it would be strange for him not to scold those untalented but arrogant guys!

So, Zhang Lei had an idea in his mind to treat Shen Jingyi's family separately from the Shen family, so that he could solve the worries and take care of Shen Jingyi's parents at the same time, which was the best of both worlds.

As for what Shen Jingyi's parents would think of the rest of the Shen family and how they would be treated, that was not something Zhang Lei should be concerned about, and he did not want to ask about it.

"..... Oh!"

Shen Jingyi was also a smart girl, and with a little thought, she understood what Zhang Lei meant.

This was Zhang Lei's way of solving the hidden problem in advance!

The two brothers, Zhang Lei and Ji Feng, are not to mention their abilities, but simply the aggravation that their parents have suffered in the Shen family over the years has made Shen Jingyi somewhat unhappy.

At that time, because the Shen family was so powerful and because of the family ties, her parents could not leave the Shen family, but now it is different.

With Zhang Lei as the backing, how dare the Shen family say anything?

Wasn't it bad enough that Zhang Lei had beaten up those people when he went to the Shen family?  
Wasn't it enough for them to lose face?

I believe that no one would dare to oppose my parents leaving the Shen family!

Besides, the parents were only leaving the Shen family to develop outside, it wasn't like they were completely detached from their family ties, this shouldn't be a problem.

"Then I'll call and discuss it with my parents." Shen Jingyi deliberated for a moment, and then said.

"Hmm! You have to make it clear to them what I mean, if something happens to your parents, I'll put my life on the line, but if it's someone else from the Shen family who gives me a hard time ....." Zhang Lei didn't continue, but his meaning was clear enough.

"I understand what you mean!" Shen Jingyi nodded, she also wanted her parents to come out and develop, "However, how much money do you think is appropriate to prepare?"

"Of course, the more the better!" Zhang Lei laughed, "You know what Ji Feng is capable of, the more you invest, the more generous the return you'll get for sure."

"They probably can't get much money!" Shen Jingyi said, "You also know my family's situation, my dad can't actually earn much money."

"That doesn't matter, anyway, if you guys put your money into Ji Feng, you definitely won't end up losing out." Zhang Lei said, "Besides, even if your parents net out the family then so what? Could I still let my future in-laws starve?"

Shen Jingyi blushed slightly and gave him a white look, but did not deny it, but only said, "You're starving yourself, and you're still saying such big words!"

"Hey!"

Zhang Lei grinned and didn't retort. Although he was a man with a big grin, he was not in the habit of showing off in front of women, and whether he had that ability or not, it would naturally become clear when he did, and the facts were better than words.

"Well, look at that smug look on your face, I know you have the ability!" Shen Jingyi's small white hand cupped Zhang Lei's face, "This is what you said, if my parents can't eat in the future, I'll bring them all over and let you cook for them every day!"

"You should, you should!" Zhang Lei harrumphed, this was about to bring her parents over? Doesn't that mean that in the future, they are definitely just going to get married?

"So what ....."

Once he thought of this, Zhang Lei's heart was a bit hot and fiery, he laughed heatedly, "Jing Yi, look ha, we're both adults now, should I rent a house outside and we move out?"

"Yuck!"

Shen Jingyi spat lightly at once and snapped, "What are you thinking! I'm telling you, don't even think about it until you graduate!"

“Fuck me!”

Zhang Lei immediately became anxious, “Don’t do that, right? Look at Ji Feng, that kid, he’s hugging everyone left and right, he’s already living outside when he’s only a freshman, his little life is making people blush!”

“You want to follow his example too?” Shen Jingyi’s eyes widened.

“I want to follow his example and live outside!” Zhang Lei laughed heatedly.

“That person bought his own villa, if you can buy a villa on your own .....

“If I can really buy a villa on my own, you’ll move in with me?” Zhang Lei immediately asked.

“Wait until you do!” Shen Jingyi’s face burned a little.

“It’s a deal!”

Zhang Lei was instantly energized, he sat up at once and said excitedly, “Jingyi, just watch, within a year, if I can’t buy a villa, I’ll quit my job and become a monk straight away!”

“I don’t care about you!” Shen Jingyi gave him a white glance, this guy is good at everything, but he usually does not have a proper shape when he talks and acts, he is always grinning, which makes people love and hate him at the same time.

“Hey, if you don’t deny it, I’ll take it as your default!” Zhang Lei heatedly laughed: “Wait for it, see how brother can create a miracle!”

Shen Jingyi did not reply, if she continued, this guy might say something humiliating, she had learned how thick Zhang Lei’s skin was.

At this time, Zhang Lei was full of enthusiasm and was looking forward to the time when the two of them would live together.

The two of them have been doing this for a long time, but it is difficult to break through to the last step, not only because Shen Jingyi does not cooperate, but also because the outside conditions are not suitable.

The two of them live in their respective dormitories, and they can usually get together after school, but they don’t have the opportunity to do so at other times.

Although Shen Jingyi was able to enter Zhang Lei’s dormitory, however, Shen Jingyi’s cheek was certainly not that thick, besides, if Xie Zhao and others in the dormitory knew about it, they wouldn’t go out even if they kicked them.

Those guys weren’t human, they were wolves!

They were all shameless guys, and with them, Zhang Lei felt so noble and pure!

And to say to go to Shen Jingyi’s dormitory ..... think about guarding the girls’ dormitory downstairs as if a temper is out of menopause can roar the dormitory glass, Zhang Lei felt his eardrums some uncomfortable.

The first thing you need to do is to get a room, and Shen Jingyi won't agree to that, let alone get a room.

The two people in love, certainly can not use force, Zhang Lei is not that kind of person.

However, as a young man in his twenties, he was at the age when he was in his prime, and every time he made out with Shen Jingyi, his heart was on fire.

It was hard to hold back!

Now that Shen Jingyi had given the go-ahead, how could Zhang Lei still hold back?

He could not wait to go out and make money right now, earn a lot of money, buy a villa, and then he could hold Shen Jingyi and live in it ..... ha!

Looking forward to it!

Looking at Zhang Lei's fist-pumping look, Shen Jingyi was shy and amused, this guy .....

"Ah-choo!"

Suddenly, Zhang Lei violently sneezed.

"Catching a cold, right? Let's go back then!" Shen Jingyi said.

"It's not a cold!"

Zhang Lei waved his hand and said suspiciously, "As far as my body is hard and solid, I really don't know what it's like to catch a cold... No, someone must be bad-mouthing brother behind his back!"

"Come on you!" Shen Jingyi giggled, "Look at your virtue!"

"Someone is really talking about me behind my back!" Zhang Lei said.

Shen Jingyi just ate and laughed, she didn't believe in this, where's the evil in that?!

.....

In Jiangzhou University City, about a few kilometres away from Union University, there was a three-star hotel.

Setting up a star hotel here might seem like a very silly act, as the neighborhood was basically full of students, and beyond that it was just businessmen doing business, and very few people needed to stay in star hotels.

But in fact, it was a very wise move.

Since the hotel opened, business has been booming and those rich and pretentious students often bring different women to get a room, so the hotel doesn't have to worry about business!

So in a short time, this place became a famous rooming house in the university city.

And it was a mecca for those students whose families had money to get a room.

Whenever you see a young man with a beautiful girl, it goes without saying that it must be a rich and handsome guy from a nearby university who has picked up another girl and brought her over to have a good time!

But this evening, there were a few different people at the entrance of the hotel.

They were three men, two of them were big and burly, and the other one was a good-looking guy, who looked like a very handsome young man.

What was even more startling was that these three men were hooked up, with the young, handsome young man in the middle, hugging the shoulders of the two big, burly men as they walked into the hotel.

The people around couldn't help but take a breath of cold air as they watched, boy, three men coming to this rooming house? And it looks like the handsome young man is also a young man?

It's a great thing!

It's definitely heavy!

Soon, some gossipy people took out their mobile phones and secretly filmed the scene.

Those three men walked into the hotel.

After getting a room, the three of them went to the hotel's restaurant, sat in a seat against the corner and started talking about something.

"Young Tian, what's the matter with calling us here in such a hurry?" A big, burly man asked.

"It's like this, I've encountered a bit of trouble at school, so I need to trouble you two." The clean-cut young man who was called Tian Shao said, "I know that you are both experts by my cousin's side, so it would be most appropriate for you guys to handle this matter."

"Someone is looking for trouble with Young Tian?" A man asked.

These two big men knew Tian Shao's identity very well in their hearts, especially since they were by Tian Shao's cousin's side, they could better understand how huge the power and wealth of their family really was, and there was actually someone who dared to find trouble with Tian Shao?

Chapter 1489

"More than looking for trouble, the other party didn't even put me in their eyes." The young man known as Tian Shao took out a photo, "This is the guy, his name is Zhang Lei, he's a student at our school, but he seems to be a bit powerful, and most importantly, he's very good at kung fu!"

The two big men looked down and saw that it was a very formal, bareheaded photo of a young man with a bad smile on his face, not an honest man at first glance.

"This is the photo I got from the school, it's almost indistinguishable from him in person, and over here is his information ....." Tian Shao took out another stack of information from the bag he was carrying and handed it to the two big men, "Actually, these things you It doesn't matter whether you read them or not, the key is to identify the person in the photo clearly, so that you don't get it wrong when the time comes!"

“Young Tian is right!”

One of the big brawny men nodded and said, “We don’t care what background this person has, there’s only one thing anyway, since Tian Shao has instructed us, then we’ll definitely try our best to do a good job!”

The other big man also followed suit and nodded in agreement, that was the truth, they didn’t care what background the person Tian Shao was getting had, no matter how big the other person was or what background he had, it wasn’t something they needed to worry about, they had Tian Shao to solve all these problems, they were only responsible for the action.

Besides, even if Tian Shao can’t handle it, isn’t there still Tian Shao’s cousin?

I believe that if Tian’s cousin is involved, there is really nothing he can’t handle.

At least, they had never seen Tian Shao’s cousin get defeated. Although this was not Jiangzhe, I believed that Tian Shao’s cousin’s hand could come here, and this thing of power was applicable everywhere.

“Good point!”

Tian Shao instantly laughed, “That’s so right, you guys don’t need to worry about anything else, you just need to do what I say.”

He couldn’t help but envy his cousin, no wonder his cousin attached great importance to these two guys, not only were they excellent in kung fu, but they were also very nimble, having two gold medal fighters like this by his side was really quite good!

No wonder cousin has never suffered a loss, with such people by his side, who could make him suffer a loss?

“So ..... how does young Tian intend to get it?” A big man asked.

“It’s very simple, this guy doesn’t put me in his eyes, relying on his great kung fu to actually beat me up, then you guys let him know know know what exactly is called kung fu!” Tian Shao gritted his teeth and said with hatred, “By the way, I heard from my cousin that both of you are quite powerful, so can you guys nullify a person’s kung fu, just like what is shown on TV? Turn him into an invalid?”

The two looked at each other and nodded at the same time.

“Young Tian, we can definitely do it, in fact, what is staged on TV is all fake, the real masters who can nullify a person’s martial arts are almost always Xiantian masters, or even the kind of super-class masters who can do it.”

A big man explained, “Of course, what we are talking about here, are all martial artists. And if the other party is just an external expert, the kind of martial artist we usually talk about who doesn’t know internal power, then it would be easy to nullify them, just break their shoulder blades, and other vital joint parts, so that even if they heal in the future, they won’t be able to do strenuous exercises anymore, let alone practice martial arts!”

“So now it depends on what level of expert this person that young Tian wants us to deal with is!”

Another big man added, “If he’s just an ordinary external expert, then we’ll have absolutely no problem

nullifying him, but if the other guy is an internal expert, then the most we can do is to injure or kill him, but we don't have that ability to nullify him!"

"That guy should be an external master!" Tian Shao said.

"Oh?"

A big man asked, "Is Tian Shao so sure?"

"I'm not going to lie to you two, in this society nowadays, there are fewer and fewer people who know kung fu, let alone any internal masters, masters like you two can't be hired even with money, and that guy is just a college student, how can he be any internal master?" Tian Shao analyzed, "So I'm sure that guy didn't know who he learned a couple of kung fu hands from, and he dares to pretend with me!"

"Then he's just looking for death!" The two big men laughed.

"That's right, that's so true, he's just looking for death!" Tian Shao laughed.

"Then we have no problem, as long as Tian Shao gives us details of his whereabouts, we can strike at any time!" A big man said.

"Good!"

Tian Shao slapped his thigh, "Then you guys will wait for my news!"

At this time, Tian Shao could be said to be in high spirits, and he seemed to have already seen the sight of Zhang Lei being beaten beyond miserable and trampled on the ground.

"Zhang Lei, I'll see how you can still be arrogant!" The corner of Tian Shao's mouth pulled up in an arc as he sneered, "Or is he my senior? Fuck your senior, I'll see how you die!"

This Tian Shao was no other than the one who had taken in Peng Guangqi and the others as his juniors, Tian Xiaodong.

Ever since he was instigated by Peng Guangqi and the others from the sports team in the United University's infirmary, Tian Xiaodong had been furious, and he didn't even think about whether what Peng Guangqi and the others said was true or not.

Because Peng Guangqi and the others are Tian Xiaodong's little brothers, they usually do whatever he says, and they are constantly horseshit, and they are very well behaved in front of him, so Tian Xiaodong subconsciously thought that Peng Guangqi and the others absolutely could not lie to him.

In other words, Zhang Lei must have said those words and even wanted to beat him up!

How could Tian Xiaodong not be angry?

But Tian Xiaodong still had some brains, he knew from seeing the miserable look of Peng Guangqi and the others that Zhang Lei was indeed an expert, and it was said that Zhang Lei also had a friend who was also an expert and had defeated the Boundary Peng people, Tian Xiaodong immediately took it seriously.

He had once met a real Kepong master, a Kepong man who had been practising karate for more than ten years, and he was the bodyguard of a Kepong boss.

When that boss came to Jiangsu and Zhejiang to discuss business, he once had his expert bodyguard show his hand – four or five bricks stacked on top of each other, and that expert had broken them all with a single palm strike.

Even the incredibly hard bull's horn was broken by that expert with a sweep of his palm!

It was an incredibly hard bull's horn, much harder than human bones, but that expert broke it as easily as tearing a piece of paper.

Imagine what would happen if that slap hit a human body.

From that time onwards, Tian Xiaodong knew how terrifying the people of Kepong were, so as soon as he heard that Zhang Lei's friend had actually defeated a Kepong expert, Tian Xiaodong became a bit psychologically frightened.

He then immediately called his cousin in Jiangsu and Zhejiang and asked his cousin to transfer these two experts around him.

These two masters were hired by his cousin at great cost, and it was said that they were top masters of martial arts sects, each one of them powerful.

With these two experts, Tian Xiaodong's confidence was immediately boosted. He believed that as soon as these two experts came out, Zhang Lei or his expert friend would be beaten like a dead dog!

Tian Xiaodong felt relieved just thinking about it, when he was in Jiangsu and Zhejiang, whoever met him was always calling him Tian Shao Tian Shao?

Now, when he came to Jiangzhou, there were still people who dared to jump in front of him, and they even said that they would beat him up even when they saw him.

“Wait for it!”

Tian Xiaodong snorted coldly, his face full of chill.

Since that son of a bitch called Zhang Lei dared to talk about beating him up, he would just send Zhang Lei to the hospital and even make him lie in bed for the rest of his life!

As for saying that it was a crime to do so .....

Tian Xiaodong wouldn't even think about that, if someone dared to say that to him, he would definitely spray the other party in the face.

What else is said about crime?

Would anyone dare to convict him Tian Xiaodong?

Bullshit!

.....

“Ji Feng, take your goddaughter to play tomorrow, do you know how to take care of small children?”

In Ji Feng’s villa, Tong Lei was preparing food and drinks for Ji Feng, of course, these were not meant for Ji Feng, but for that little girl Yao Yao.

Perhaps because of the natural motherly nature of girls, Tong Lei and Xiao Yuxuan actually took the initiative to help Ji Feng prepare things to bring to Yao Yao, which made Ji Feng quite surprised.

However, when he saw Xiao Yuxuan’s face that had a slight hint of expectation, he was suddenly struck in his heart.

What was Xiao Yuxuan looking forward to?

Was it because she knew that Yao Yao was coming to the house tomorrow?

Or was it .....

Ji Feng had a vague guess, but he didn’t know if his guess was correct, nor was it good to ask.

Because Tong Lei was beside him!

“Or else both of you should follow too!” Ji Feng suddenly had a thought in his mind and said with a smile.

It was indeed a good idea to let Xiao Yuxuan and Tong Lei go, because Qin Shujie’s flight was this evening, so even if they went to pick up Shake from Qin Shujie’s house tomorrow, Xiao Yuxuan and Tong Lei would not meet up with Qin Shujie. Besides, Tong Lei and Xiao Yuxuan were girls after all, and might be more experienced in taking care of Shaky, although neither of them had ever brought up a child either, but at least they were better than themselves!

“It’s better to forget it!” Xiao Yuxuan laughed lightly, “Look at how many of us there are, it’s just going out to play with the kids, don’t make it look like a group tour, making a big troop that’s not too eye-catching ah?!”

Ji Feng couldn’t help but laugh, “No need to go to many people, just the three of us plus Bai Zhu will do, Xiao Ying and Han Zhen stay at home.”

He knew what Xiao Yuxuan meant by that, indeed, if they all went, there would be six of them, and that was indeed a bit too big a gesture.

“I won’t go, there’s a business mission from Kerry tomorrow, I have to show up!” Xiao Yuxuan said, “Lei Lei go, she hasn’t met that Yaoyao girl yet, right? I’m sure she’ll like it when she sees it too!”

“Kerry’s expedition?” Ji Feng asked, “What are they doing here?”

Chapter 1490

“Of course I’m here to inspect the investment!” Xiao Yuxuan laughed.

“Is it specifically for our Tengfei Group?” Ji Feng asked.

Previously, Ji Feng hadn’t heard Han Zhong say anything about Kerry’s business mission coming, so that meant that it shouldn’t have been an appointment in advance, but only an impromptu notification.

That's why he asked this question. If this so-called Kerry business mission was specifically aimed at the Tengfei Group, then the other party was too impolite, as if it was a leader coming to inspect, coming whenever he wanted to, without even greeting in advance.

Xiao Yuxuan said: "It's not aimed at us either. Recently, the city is engaged in investment promotion activities, first it invited a delegation of enterprises from Kepong, and now it's Kerry again. However, there are a few companies from Kerry that are interested in our Tengfei Group, so they raised the idea with the city leaders, and the city informed us to participate in this event as well."

"Good man, this foreign enterprise is the meat and potatoes, cooperation between enterprises and enterprises, and you still need an official to act as an intermediary?" Ji Feng frowned at once.

The city was engaged in investment attraction activities, Ji Feng was aware of this, and some time ago, the Sumida Group and other boundary puff enterprises were invited by the officials, hoping that these enterprises could invest and build factories in Jiangzhou, so as to help boost the economic development of Jiangzhou.

This kind of behavior is also very normal, the economic development will need business to drive, every city in the country is engaged in this way.

But the question is, just because a company in Kerry is interested in the Tengfei Group, then the Tengfei Group has to participate in this event?

Generally speaking, if two companies want to cooperate with each other, then they should negotiate directly, if they feel a bit presumptuous, then they may find a middleman to mention it in the middle, if both sides have the will to cooperate, then both sides will negotiate directly, the middleman will not be involved in the negotiation.

After all, business is all about making money, so it is not appropriate to find a middleman.

However, this is not the case now, this Kerry business is interested in the Tengfei Group, Jiangzhou official directly acted as a middleman, but also let the Tengfei Group people involved in this event ..... on the surface said to participate in activities, but in fact is also the past to meet the Kerry business mission to the road.

This thing how to think how not to taste.

It seems .....

The company's business is a very important part of the company's business.

This is not a good way to go.

"No way, the city inside notice, this face must always be given!" Xiao Yuxuan said.

In fact, she also did not want to participate in the so-called delegation's greeting activities, how to make it like welcoming leaders to inspect, the problem is, even if the two sides want to cooperate, it should be the two sides on an equal footing to cooperate, not a party groveling to beg the other party to cooperate ah!

However, in doing business in China, if you don't have a good relationship with the officials, then you shouldn't do this business, otherwise you're just looking for trouble for yourself.

So Xiao Yuxuan could only agree to it.

Originally, she did not want to say these things to Ji Feng, just because she was afraid that this temper of Ji Feng would be unhappy after hearing it, and just now, she also said it subconsciously, if it was not because of Yao Yao's matter, she would not have said it.

"Kerry's business is interested in the Tengfei Group ....." Ji Feng shook his head, really a big frame, how to look like a leader to inspect.

This is like a leader who arrives at a place and occasionally mentions, "Eh, I remember you have a so-and-so thing here, I heard it tastes good."

Then at that time, the local leader would immediately hoof it to get such a thing and make sure to give it to the leader to taste.

When you think of the current situation of the Tengfei Group, isn't that the case?

"What the hell!" Ji Feng frowned and said with dissatisfaction, just to attract investment, he could make local enterprises lose their dignity?

Or is it that foreign monks are good at chanting scriptures?

"Let's not talk about that, anyway, it's already been promised, you can't just not go!" Xiao Yuxuan said, "Besides, if we can cooperate, that's naturally better, this time there are said to be Kerry's large multinational enterprises, such as Four Star Electronics, Kerry Modern Group, etc., to be able to cooperate with these enterprises is also beneficial to our Tengfei Group."

Ji Feng couldn't help but hum: "I don't think that's right! How about this, Yuxuan, since the top has spoken, then you will go there tomorrow, however, you are a girl after all, don't rush in the front, I will call Han Zhong later and ask him to pay attention."

Xiao Yuxuan was the boss of the Tengfei Group, it was always bad for her to rush to the forefront rashly.

"OK, OK, OK."

Seeing that Ji Feng's expression was not too good, Xiao Yuxuan hurriedly nodded her head and agreed, otherwise, she believed that Ji Feng would definitely call Secretary Ji Zhenguo directly, and it was not good to bother Second Uncle for such a trivial matter.

"You guys pack up first, there's no need for too much water, it's not good for children to drink so much cold water." Ji Feng said, "Prepare more food, Yao Yao eats less, but she's hungry fast ....." I'll call Han Zhong!"

Xiao Yuxuan and Tong Lei could only look at each other and smile bitterly, Ji Feng was good at everything, except this character, too tough.

He and Zhang Lei were really good brothers, the two were really similar in this aspect of their personalities.

Besides, Ji Feng, he walked back to the living room with big steps, casually picked up the phone on the coffee table and dialed Han Zhong's number.

"Beep beep beep ....."

The phone went through, but no one answered.

Ji Feng frowned slightly, and after a moment's pause, he called again.

"Hello, Ji Feng!" This time it was connected and Han Zhong's voice came through, "I was just reading the information, what did it say?"

"What's the deal with the Kerry Business Mission?" Ji Feng opened the door and asked, "I heard that they just mentioned that they were interested in the Tengfei Group, and then the city informed us to go over to meet them?"

"Mm!"

Han Zhong nodded and said, "I knew you would definitely call as soon as you heard the news. It was General Xiao who told you that, right?"

"It's not a joke!" Ji Feng said in a low voice, "It's understandable that Yu Xuan's character is a bit weak, how come you're confused and agreed to it too? We're an independent enterprise, not anyone's tool, we can't be treated like a doormat just because we're attracting investment, right?"

Han Zhong immediately laughed bitterly, "Blame me, it's indeed my fault for not keeping a good watch."

"How can I say this? It's true that enterprises must have good relations with government departments, but do you see that one enterprise that has become big and strong has only risen by being a doorman for someone?" Ji Feng shook his head helplessly.

"This time it's all promised, so how can we go?" Han Zhong said, "If you didn't promise beforehand then it's fine, now you promise if you don't go, then you're not offending people! Ji Feng, take it easy, peace makes money!"

"You are also too soft, I tell you ah, other groups may have to play nice with the relevant departments, but we are not the same, just don't dump them, who dares to give you a look, just slap him with a big ear!" Ji Feng coldly snorted, "We don't bully people, but we definitely can't be bullied either, especially not as a doormat for foreigners!"

If it was Kerry's company that called and wrote directly, saying that they wanted to discuss business matters, then the boss, general manager or even the entire leadership of the Tengfei Group stood at the door to greet their arrival, that was fine, it was a sign of respect and importance to others, at most it was just a low posture, no big deal.

But now it's different. Kerry's company is treating Jiangzhou's officials like servants at their beck and call, and the Tengfei Group has no regard for them.

To go there now is to go up and bend people over!

“Ji Feng, calm down!” Han Zhong laughed: “This matter is my failure to do a good job, I’ll review it, but I still have to go tomorrow, the king of hell is good to see the little kids, you can’t bring out your second uncle for everything, right?”

“What are all these things!”

Ji Feng couldn’t help but curse, for the sake of attracting investment, he didn’t treat his own business as a business, he was completely using it as a tool.

Han Zhong laughed bitterly, when he and Xiao Yuxuan agreed to the invitation for this event, Han Zhong knew that Ji Feng would not be too happy about it, but he did not expect Ji Feng’s reaction to be so strong, which made him recognize Ji Feng’s character even further, this guy was really too tough!

In fact, Han Zhong did not fully understand what Ji Feng meant, the reason why he was angry was not because of his tough character, nor was it because he could not put up a fight to greet people.

If it was legitimate business, that was perfectly fine, and Ji Feng wasn’t someone who liked to disregard people on the basis of his status.

But the problem now was that the way Jiangzhou officials as well as Kerry Enterprises were acting made Ji Feng feel that the entire Tengfei Group was not being respected, and that was what was irritating him.

“Let’s put it this way, since you all as well have agreed to go down, then you should still go tomorrow.” Ji Feng shook his head helplessly, just like what Han Zhong said, the king of hell is good to see the little kid is hard to endure, there are not many officials who know that Tengfei Group has a relationship with himself, if this time Tengfei Group misses the appointment, it would be like sweeping the face of certain leaders, when the time comes, in case a small shoe is given, it would be troublesome enough.

“But you remember!”

Ji Feng added: “When you go, you’re not going to be the doorman, nor are you going to be the pioneers of the rush! Since it’s a welcoming event, there will definitely be a banquet, so you’ll just go and dabble in the food and drink. As for what cooperation, what investment and so on, the sky won’t collapse with less of us! If the other party comes to invest with such a lofty stance, then I think it’s better not to attract investment!”

Han Zhong can only nod with a bitter smile, it seems that Ji Feng is really on fire!

“Also, ask tomorrow which of Kerry’s enterprises is so bullish, come back and tell me about it!” Ji Feng coldly snorted.

“I got it!” Han Zhong said with a bitter smile.

Chapter 1491

It was only when he had collected the phone that Ji Feng took two deep breaths to calm his emotions.

He was not angry at Han Zhong just now, but he was dissatisfied with the official arrangement, and also the bullishness of Kerry Enterprise, which made Ji Feng very annoyed too.

For Han Zhong's approach Ji Feng also understands, Han Zhong has lived in a businessman's family since he was young and is used to seeing the kind of situation where a sesquicentennial official can bully a big enterprise out of hand, so he can't stiffen his back when dealing with officials.

Officials and business, officials and business!

Since ancient times it has been the officials in the front and the businessmen in the back.

From this we can also see the position of businessmen in front of officials.

Some are often just a small section head, or even just a team leader, and they can make the boss of a business have to smile and send gifts so that they can get things done.

If you want to get things done without your 'manners' in place?

Hey!

Kiss, you should not dream!

These things Han Zhong has seen a lot, that's why he said that the king of hell is good to see the kid difficult to deal with, this is also a very emotional sentence, especially those who have experienced it know, really feel a lot of emotions.

For example, the leaders above really want to develop the economy well, but the people underneath think this is an opportunity to make money, and their hands are blacker than anyone else!

That's why Han Zhong will not offend if he can, God knows who are the leaders who are really willing to improve the economy and business?

God knows who is really willing to improve the economy and business leaders? Maybe the vast majority of them are the ones who are willing to make money!

This is Han Zhong's mentality, and it is also the most realistic approach at present. To put it nicely, it's called making money out of peace, but to put it badly, it's called swallowing your anger.

However, this is not the way to go!

There are countless enterprises that have been ruined by the hands of officials and finally closed down in disgrace.

There are also some enterprises that have just made some achievements, and as a result, the leaders often come to visit, not only the local leaders to visit, but also often invite leaders from abroad, and each time, the enterprises have to take out twelve points of spirit to treat.

However, if you look at it, but all those enterprises that have been visited by leaders more often, especially by those leaders who are not really aiming to support the enterprises, basically end up going bankrupt in the end.

Ji Feng is definitely not willing to see the Tengfei Group, which he has worked so hard to create, end up in this ghostly state!

This kind of thing is definitely not an exception!

Ji Feng heavily placed the phone on the coffee table and turned around and went to the kitchen again.

“What bullshit Kerry Enterprise, don’t let me come across it in the future!” Ji Feng secretly snorted coldly, what kind of cats and dogs come to China and treat themselves as masters.

Fuck you!

.....

The next morning, Ji Feng habitually got up early, he first bought breakfast, and instructed Xiao Yuxuan, when attending the event must not be out of the limelight, push all the things to Han Zhong, he is a man, there is something better to say.

Xiao Yuxuan pursed her lips and nodded her head in agreement, and only then did Ji Feng give up.

He also knew that for this kind of large event, there shouldn’t be too many people who would go too far, and those Kerry people would at most be arrogant and forget it, and not to be ordinary with them.

As for Han Zhong’s place, Ji Feng believed that after he had explained to him, he should know what to do.

In fact, it was kind of sad, Han Zhong was such a smart guy, but now, he was forced by reality to take out part of his intelligence and use it to deal with the officials!

This is really fucked up!

After breakfast, Ji Feng took Tong Lei and Bai Zhu and rushed to Qin Shujie’s house in the Lake District. The person who opened the door was a woman of about thirty years old, wearing glasses and looking very intellectual.

After her self-introduction Ji Feng learned that this was Qin Shujie’s secretary, Qin Shujie left yesterday evening, because the original stone trade fair will soon begin, before that, all must go ahead to buy a batch of original stones privately first, otherwise the good ones are snatched away in advance.

This secretary is the one who stays behind to take care of Yao Yao, and later she has to take a flight to rejoin Qin Shujie.

He already knew that Qin Shujie was going to go to Yanjing yesterday evening, but he had forgotten to pick up Yao Yao in advance, and it was fortunate that this secretary seemed to be okay, otherwise, Yao Yao might have to suffer.

All by the Kerry people and that what greeting event to be angry confused!

“Daddy~~!”

Yaoyao came out from the bedroom, her little face was immediately happy, she stomped two quick steps and jumped into Ji Feng’s arms, “Mommy said that today is Daddy’s day to take me to play, I’m so happy!”

“Oh .....” Ji Feng couldn’t help but laugh.

“This is Yao Yao, right? It’s really cute!” Tong Lei laughed lightly next to her.

Today's Yao Yao indeed looked cute, she was wearing a pink little cotton jacket, little white trainers on her feet, and a little pink hat on her head, the whole person was dressed up like a toy doll, I believe whoever saw it, would say one sentence.

How cute!

"I'm Yoyo, ee? Pretty sister, who are you?" Yaoyao was surprised to see Tong Lei and couldn't help but ask.

Even with Tong Lei's cool nature, he was defeated by Yao Yao's cuteness, he couldn't help but pinch Yao Yao's rosy little face and laughed, "Just call me Sister Lei Lei."

"Call me Auntie!" Ji Feng corrected from the side.

"But she is sister!" Yao Yao was wondering, "Mum said that pretty girls who are older than me are all sisters!"

"She's dad's girlfriend, would you say she's a sister or an aunt?" Ji Feng asked.

"Ee?"

Yao Yao became even more surprised, "This pretty sister is also daddy's girlfriend?"

"Yes!" Ji Feng then sweated a little, a girlfriend is a girlfriend, why do you have to add the word also in front of it?

"That pretty sister was also daddy's girlfriend last time!" Yao Yao said.

Sweat!

Ji Feng glanced at Tong Lei and couldn't help but sweat a little, "Yes, didn't you call her Auntie Yu Xuan last time? How come it's sister again?"

"Daddy is so stupid, I've just answered this question ooh!" Yoyo said.

"....."

"Sister Yuxuan is daddy's girlfriend, and Sister Lei Lei is also daddy's girlfriend ....." Yao Yao broke her little white fingers, calculating for half a day, and her little eyebrows were all wrinkled together, she looked really embarrassed.

After a while, Yao Yao suddenly said, "Ya! Daddy has two girlfriends!"

"..... Yoyo is so smart!"

"And a wife!" Yoyo said again.

"....."

Ji Feng was sweating, this Yaoyao girl is not usually this smart, right? Today she talks so much!

Little girl, talking too much!

Ji Feng was just about to speak when he heard Tong Lei ask with a smile, "Yao Yao, how come Daddy has two girlfriends and a wife? You didn't miscalculate, did you?"

"No miscalculation!"

Yao Yao shook her head with certainty and said, "Sister Lei Lei, let me do the math for you, one for sister Yu Xuan and one for you, that's two girlfriends, right? Or mum, she is dad's wife, right? You see, two girlfriends, one wife!"

"....." Ji Feng's face turned green.

"Ahem!"

Ji Feng cleared his throat and said, "Yao Yao, little kids can't discuss this, go, dad and ..... sister Lei Lei take you to kindergarten and be a collection of little kids!"

"Oh!"

Yaoyao nodded her head.

"Yaoyao, why is mummy Daddy's wife?" Tong Lei asked.

Ji Feng stumbled violently on his feet, almost dropping Yao Yao as well.

"Because that's what they say on TV, other children's dads, are called mummy's wife!" Yao Yao said.

"Alright, alright, what do you little girl know!" Ji Feng said, "Hurry up and go, it's almost an hour from here to the kindergarten!"

Ji Feng didn't dare let Yao Yao say any more, otherwise, she might say something shocking.

Tong Lei, however, smiled faintly and didn't ask any more questions.

Bai Zhu was beside her, but she was secretly happy, rarely could she see Ji Feng in such a mess.

The three of them took Yao Yao with them and drove to the kindergarten in the university town.

On the way, Tong Lei didn't ask any more questions and only accompanied Yao Yao to chat, and Yao Yao didn't dwell on the issue of his wife and girlfriend, which made Ji Feng let out a long sigh of relief.

However, soon Ji Feng noticed that Tong Lei also seemed to be talking a lot today, she actually managed to chat with Yao Yao, the little chatterbox, and looking at the smile on her face, Ji Feng knew that she wasn't perfunctorily talking to Yao Yao, but really enjoyed chatting with Yao Yao.

This made Ji Feng a bit surprised, Tong Lei actually liked children a lot?

This was the first time he had noticed this, and he suddenly thought that Tong Lei had said before that her interest was to teach Chinese language to children, and now it seemed that Tong Lei really liked being with children.

Ji Feng secretly took it to heart that since Tong Lei liked children so much, he would set up a school for her immediately after she graduated, so that she could work according to her interests.

It was an absolute blessing to be able to make a career out of one's interests.

“Sister Lei Lei, you look so pretty?” Yaoyao asked with a crooked little head as she sat between Ji Feng and Tong Lei.

“Yaoyao is just as pretty when she grows up!” Tong Lei laughed.

“But it will take a long time to grow up .....” Yao Yao then lost a little, “Sister Lei Lei, how did you grow up?”

“.....”

Ji Feng and Tong Lei looked at each other and both couldn't help but have a laugh, children's thoughts are sometimes really strange, yet they make people unable to help but laugh.

On the way, this girl Yao Yao could be said to have found someone to chat with, chattering and talking to Tong Lei non-stop, many times being amused by Tong Lei giggling, that crisp laughter, let Ji Feng know why many people describe a good laughter, will say it is a silver bell-like laughter.

Yaoyao's laughter was just like silver bells!

#### Chapter 1492

At mid-morning, Ji Feng and the others took Yao Yao and gathered at the kindergarten with the other small children.

When they arrived at the kindergarten, there were already many small children and their parents waiting here, and one after another, many more parents were rushing over with their small children.

However, soon Ji Feng noticed that something was wrong.

Because the vast majority of these parents, like them, had come in their cars. However, the kindergarten grounds were only that big, and the open space outside could not accommodate so many cars!

What made Ji Feng feel that something was wrong was that these parents, all wanted to park their cars towards the front, because it was near the intersection and in a more conspicuous position .....

“What is this?!” Ji Feng couldn't help but frown slightly, although it was said that it should be easy to park near the intersection and wait to pick up the car, but the problem was that, looking at these parents, they might not just make the effort to park towards the front just for convenience, as if there was more of a strange psychology in it.

“The ones parked towards the front are good cars!” Tong Lei suddenly said.

Ji Feng was stunned, then he couldn't help but shake his head, the situation was just as Tong Lei said, these cars that wanted to park in front were all good cars.

The first thing you can do is look at those cars, what Audi and so on that are too embarrassed to squeeze forward, but all the cars that want to park in front are Mercedes Benz BMW Porsche and so on, there are even a few sports cars also come over to join the fun.

The cars were almost blocking the intersection, but none of them were willing to back up, and the situation was so stagnant.

As a result, a strange sight appeared in the open space outside the kindergarten – a large number of good cars were parked crookedly, as if a hurricane had suddenly come from a good car park and blown all the neatly parked cars out of shape!

“Climbing heart!”

Ji Feng looked at them for a while and said indifferently.

Climbing on each other, no one wants to be left behind, they all feel rich and powerful, so willing to follow behind others?

“They are not afraid to bring down the children like this!” Tong Lei also frowned a little as she watched.

If they were just strangers to each other, it would be fine, but they were all parents of the children in this kindergarten, and they all had children with them, so what would the children think if they acted like this?

Maybe kindergarteners don’t think about these things yet, but they can always imitate them, right?

They don’t know what is right and what is wrong, but they are very good imitators and it can take them only a short time to learn something.

What these parents do is easily imitated by their children .....

“Hey! Maybe they think this isn’t wrong!” Ji Feng shook his head and laughed.

“Daddy, it’s not right for them to do that!” Yao Yao said next to her, “The teacher said to be modest, they are all very disobedient.”

Ji Feng was instantly amused, what do you know, you little girl!

“Alright, let’s not bother about these problems, it’s none of our business anyway, we can’t care!” Ji Feng said, “Let’s go, I think the one in front of that is the kindergarten teacher, right? Let’s gather there!”

“Daddy, line up!” Yao Yao admonished.

Ji Feng then couldn’t help but smile, it seemed that these parents grabbing good parking spaces had made Yao Yao a little wary, she was afraid that her dad would follow suit and make a mistake.

This girl!

Ji Feng laughed, “Okay, there’s a queue!”

“Lei Lei, let’s go over there!” Tong Lei held Yao Yao’s little hand.

They arrived in the kindergarten and by this time a teacher came to take them to the queue, while waiting for the other children and parents who hadn’t come.

“Qin Yunyao, Qin Yunyao!”

At this time a few shouts suddenly came from the side, Ji Feng knew that Qin Yun Yao was Yao Yao’s big name, he immediately turned his head to look at the side and saw a fleshy little fatty was in another line not far away, waving to this side.

This little chubby boy was just three or four years old, and he was cute with his tiger head.

“Daddy, this is my classmate, called Pei Xiaohu.” Yao Yao introduced her classmate to Ji Feng in a serious manner.

“Mm!”

Ji Feng smiled and nodded, but his gaze fell beside the child named Pei Xiaohu, a man with some belly, about thirty years old, wearing a designer brand as well, who also looked like a successful person.

When Ji Feng looked at him, he couldn't help but look at him.

This Pei Xiaohu and that man were too much alike, and the two were not like a son and his father, but so similar that even with Ji Feng's eyesight, he almost thought that the man was an enlarged version of Pei Xiaohu, and that they were really carved out of the same mold!

It was rare to find a father and son with such a resemblance.

It's normal for children to look like their parents, but there are differences, after all, children inherit genes from both parents, so some differences are bigger and some are smaller, but there are differences in the end.

But this pair in front of you, you don't have to look at them, you don't even have to think, this little chubby boy is that man's child, no one can say otherwise!

That's how alike they are!

The two of them standing together, one adult, one child, would make anyone look at them and laugh.

Of course it wasn't mockery, it was amusement, it was as if they were two twins who were dozens of years apart!

“Hey!”

Seeing Ji Feng sizing them up, the man grinned back, “Brother, doesn't my son look a lot like me?”

“Couldn't be more alike!” Ji Feng nodded and laughed.

“Hey!” The man instantly grinned and he laughed, “Brother is also a straightforward person, my name is Pei Shou, here is my business card .....”

“Ji Feng!”

Ji Feng took the business card with a smile and took a glance at it, only to see that the card read, Jiangzhou Big Picture Construction Company, General Manager, Pei Shou.

“So it's Mr. Pei!” Ji Feng smiled and said.

“Hi! Older brother call old Pei if you give face, what Pei chief, that's all a bluff!” Pei Shou waved his hand and said with a big grin.

“Then I’ll take the liberty.” Ji Feng nodded with a smile, after just a couple of pleasantries, he had a good impression of this Pei Shou, at least this guy wasn’t an arrogant person, he seemed very straightforward, which was very different from the local image of a small man in Jiangzhou.

“Older brother, this is your daughter, right? The little girl is really cute, a look is a little beauty .....” Pei shape is very talkative and smiling and straightforward when he speaks, which is quite a good feeling for Ji Feng.

It wasn’t long before the kindergarten was full of people, and the cars outside were getting more and more parked, and at this time, the kindergarten’s director started to come to the roll call.

After confirming that all the children had arrived, the kindergarten director led everyone onto the school bus. Pei Shou seemed to have a good chat with Ji Feng, so they sat together when they got on the bus.

These parents plus the children, there were ten school buses to fit, and Ji Feng and the others got on the school bus that was further back.

As for that front .....

It seems that some parents even had to fight to sit on the bus, did they think that being able to sit in the front would give them face?

“What the hell!”

Pei Shou saw this situation and couldn’t help but curse.

Ji Feng smiled faintly, this is how it is in China, as long as there are many people, then everything will look chaotic, and also, there are always people who want to be in the limelight, or want to show that they are different, or above the rest.

“Older brother, I see that you have not brought much food, I happen to have brought quite a lot, why don’t we join you at lunch?” Pei Shou asked.

Ji Feng smiled and said, “Let’s talk about it then, we don’t know what’s going on over at the botanical garden yet.”

“Hey! What can be the situation, it’s not just that!” Pei Shou shook his head and said, “I’ve been to this kind of event twice already, every time before I used to take it outside to have fun, we all ate together and then played games and so on, nothing unusual. This time if my wife hadn’t been unable to leave, I wouldn’t have come.”

“So that’s how it is!” Ji Feng smiled and nodded his head.

“Actually, ah .....”

Pei-like suddenly lowered his voice and said, “I even think that it might really be beneficial for the kindergarten to organize such an event, but in fact, it also makes the kindergarten teachers and the director of the kindergarten know all about us parents!”

“What do you mean?” Ji Feng was stunned.

“Older brother, still don’t understand, huh?” Pei Shou lowered his voice and said, “What does this kindergarten rely on to make money? Do you think they really only think about earning that much in tuition fees?”

Looking at Ji Feng’s thoughtful expression, Pei Zhuan couldn’t help but sneer and said, “Nowadays, in kindergartens, a child may spend more a year than a college student, why, it’s by this kind of collective activity .....

Ji Feng frowned and couldn’t help but ask: “Old Pei, I still don’t quite understand what you mean, say it clearly.”

“You think, these of us who are parents come, we are together will not have some understanding of each other, at least on the surface have to have understanding, right?” Pei said, “For example, if I drove an Audi and you drove a small QQ, wouldn’t the teacher have an idea in his mind?”

“And then what?” Ji Feng asked.

“Then it’s simple.” Pei shaped his hand and said, “Then the teacher will definitely do my job first, saying that our kindergarten has started another so and so course, and that we need to buy so and so, or that we need to pay money or something like that, because they know that I have money, and they also know that it’s better to open a breakthrough from me, I have money, then I’m definitely willing to spend it on the children, old brother, don’t you think so? ”

“That’s right!” Ji Feng nodded, parents will not lose money to their children even if they are suffering, all parents in the world are like that.

“That’s good, once I pay the money to enroll my son, then at this time, the kindergarten teacher will give you parents, that whoever has enrolled, what have they bought, will your children learn?” Pei Shou heatedly smiled, “Older brother, do you think you should give or not give this money?”

Ji Feng then understood a little.

#### Chapter 1493

“In fact, ah, there are too many fishy things in this, old brother I see you so young may not understand too well, when you really know, by then you are afraid that you even have the heart to smash the kindergarten!” Pei Shou said.

Ji Feng nodded, any place, any industry will have fishy things, it’s just that Ji Feng didn’t expect that this kindergarten would also be so dark.

“Parents all have climbing hearts, but the most important thing is that parents would rather suffer themselves than let their children be looked down upon in school, especially by the teachers!” Pei Zhuan hummed, “Many teachers just catch this mentality of parents and deliberately play little tricks in the middle. For example, the children are asked to buy something in the kindergarten, in fact, that is optional, some families are not too good, and they are not willing to buy it, then well, your children don’t want to get good care in the kindergarten!”

“Older brother you can think about it, if parents know that their children are in kindergarten, even the teachers do not give a good face, even the little children fall down, no one to help a hand .....” Pei shape face showed a meaningful look, did not continue to say further.

But his meaning, is expressed very clearly.

Ji Feng couldn't help but rub the corners of his eyes, he really knows these situations for the first time today, of course he had heard before that the schools were all very dark, however, such details were never told to him either.

“Of course, if your family is an official or a powerful one, then the teacher will simply treat your children as if they were his own, or even more dear!” Pei Shou said.

“According to you, then the kindergarten might have organized the event today with this purpose in mind as well?” Ji Feng frowned and asked.

“That's hard to say, old brother, I'm just saying this to you casually, so don't take it to heart.” Pei Shou said, “In fact, there is nothing you can do even if you are angry, can you still not let your own children go to school? It's the same everywhere else, just look on the bright side.”

Ji Feng smiled and didn't say anything more.

“In fact, ah, no matter what the kindergarten's purpose is, anyway, if the child plays well and is happy, then we are also happy, isn't that the truth!” Pei Shou said.

“You are looking at it very openly, huh?!” Ji Feng laughed.

“What can I do if I don't look at it openly, it's not like I'm making myself uncomfortable?!” Pei Zhuan said.

Ji Feng then laughed, but he had little hope for this excursion, he made up his mind that if the kindergarten teacher really went too far, then he would take Yao Yao alone to play.

When he arrived at the botanical garden, it was almost ten o'clock in the morning, and the weather had started to warm up by this time, so it was the right time to play.

And then, several teachers from the kindergarten organised the start of the tour.

Tong Lei held Yao Yao and followed behind the group, explaining to the little girl what plants were around.

The little chubby boy called Pei Xiaohu was also following next to her, and the two little ones were still chattering about something that wasn't.

“Older brother, you are really lucky!” Pei Shou couldn't help but say.

“How so?” Ji Feng asked with a smile.

“Look, the little girl is so cute and her wife is so pretty, I don't know how many people will be envious of her.” Pei Shou laughed.

Ji Feng then smiled.

"I wonder what kind of profession old brother is in?" Pei Shou asked with a smile.

He felt that Ji Feng had an extraordinary temperament, and Tong Lei was also clear and beautiful, and the two of them were so young, so Pei Zu was a bit curious.

"A little business, not worth mentioning!" Ji Feng said with a smile.

"Oh?"

Pei Shou was a bit surprised, he said, "With old brother's talk, I'm sure the business must be not small, right?"

"It's just like that, just making a living!" Ji Feng laughed.

"Oh ....." Pei Zu stopped asking, it was obvious that Ji Feng didn't really want to talk about it, but he was still secretly surprised in his heart, a person like Ji Feng, that business should not be small, but how come he hadn't heard of this person in Jiangzhou?

He could tell that Ji Feng was definitely not an ordinary person, if he was a businessman he should be a big boss or a senior member of some company.

Because in front of Ji Feng, Pei Shou would unconsciously have a pressure, which made him amazed.

In the shopping mall that is natural to make more contacts, that is why Pei Shou wanted to get close to Ji Feng, but seeing that Ji Feng did not show much enthusiasm, Pei Shou also had a good idea, it seems that Ji Feng is still wary.

So for the rest of the journey, Pei did not talk about Ji Feng's identity anymore, but rather talked about current affairs, or about any interesting insights and so on, and the two of them had a good conversation.

"Hey, old brother, take a look!" Pei Shou suddenly said.

"What?"

Ji Feng asked casually, while following Pei Shou's gaze towards the front, "What's wrong?"

"See the head gardener, right?" Pei Shou said, "We are still a relatively good kindergarten here, but look at what that pussy of a head gardener is doing, and she's not afraid of losing face!"

Ji Feng immediately laughed, it turned out that Pei Shou was talking about the kindergarten's director!

The director of the kindergarten was a woman of about forty years old, although she was already middle-aged, but she was still quite attractive, so she was still charming.

But what Ji Feng was interested in was not the charm of the kindergarten director, but the scene that Pei Shou said.

The two of them seemed to be talking about something, with smiles on their faces. A young man beside her was also saying a few words from time to time, but that was with a great deal of pep, pacing with his head held high, looking as if he was a leader.

Behind them was a female teacher, holding a little girl in her hands, who was talking to her with a smile on her face.

Because the kindergarten teachers were wearing uniform clothes today, Ji Feng could recognize that it was the kindergarten teacher, and as for the head teacher, he had seen her before during the kindergarten roll call.

“See?”

Pei Shape sneered with a face full of disdain, “These people just know how to collect money, but they don’t care enough about the little children, now once they see the leader, then they welcome him with a smile on their face, such a person is actually the head of the kindergarten .....”

“What kind of leader is that one next to you?” Ji Feng asked.

“It is also a deputy director of the Wanjiang District Education Bureau, the little girl behind is his daughter, I met him once last year, at that time, that garden director even face are smiling squeezed together, that look I am too embarrassed to say.” Pei Shou said.

Ji Feng couldn’t help but lose his smile, he looked at the man again and couldn’t help but ask: “That man is only about thirty years old, right? So young to be a deputy director, that must be a promising future, and the Education Bureau is a superior leadership unit, it’s normal to be a bit enthusiastic!”

“Hey! Older brother, you’re talking in condescending terms!” Pei said, “In fact, that deputy director does not have much real power, I heard that he was assigned to a post from above, so I guess he just came down to gild the lily.”

“Oh!” Ji Feng nodded his head.

The two of them stopped talking about these disgusting things and talked about something else instead.

After walking for a while, they were almost at the gazebo where they were resting.

Just at this time, the people in front of them suddenly stopped and there was also the sound of arguing.

“What’s wrong?”

Ji Feng couldn’t help but ask.

“Ji Feng, something seems to have happened up ahead.” Tong Lei said, “Should we go over and take a look?”

“It’s better for me to go!” Ji Feng said, “Bai Zhu, you stay here and watch them.”

“Young Ji, I’ll just go and take a look.” Bai Zhu said.

“Alright then, go and return quickly.” Ji Feng nodded his head.

Bai Zhu nodded and went around from the side of the crowd and quickly disappeared, while at this time, Pei Shou, who was at the side, suddenly jumped twice at the corner of his eyes.

He had just heard Bai Zhu’s name for Ji Feng – Young Ji!

Pei Shou's heart immediately jumped. If he could be called XX young, then he was at least the son of a big boss, and there might even be a bigger one.

The thought of this made Pei Shou's heart flinch and he hurriedly recalled what he had said before to see if he had said anything he shouldn't have said.

Ji Feng didn't notice Pei Zu's difference, he just frowned at the front, how could he encounter problems even if he came out to play once, he really didn't know how this kindergarten was organized!

Not long after, Bai Zhu came back, she whispered, "Young Ji, there was a quarrel between the parents of two children in front, and there were many people gathered around, blocking the road."

"There was an altercation?" Ji Feng frowned and immediately found a place with higher ground and looked out in front of him.

Sure enough, he only saw that there were two groups of people in front of him who seemed to be arguing fiercely, and to his surprise, one of the parties was actually the deputy director of the Education Bureau that Pei Shuo had said, and on the other side was an old man, and next to him were small children crying in fear .....

What is all this about!

Ji Feng shook his head and saw that Yao Yao's little face was already red and puffy, so he said, "Let them argue, let's go to the gazebo in front to rest first!"

Tong Lei held Yao Yao's little hand and asked, "Yao Yao, tired, right?"

"Mmm! But I'll be fine after a rest!" Yaoyao said, "I can still play!"

"Little girl just knows how to play!" Ji Feng laughed, "Come on, let's go over first. Old Pei, I think your son is almost tired too, why don't we go and rest together?"

"Fine!" Pei Shou nodded his head repeatedly.

Ji Feng then picked up Yao Yao and then walked forward with big steps.

Pei Zhuan also hurriedly picked up his son and followed him.

Soon they arrived at the front of the line and saw a group of people standing here, with two groups of people arguing in the middle.

"Children are young and don't know what to do, so I will criticise them if they do something wrong, but you are all adults and you still beat children, don't you have children yourselves? Would you like it if your children were beaten?" The old man with white hair, full of anger, glared at the other man, and beside him, a small child cried out in fear.

What was most frowned upon was that there was actually a very clear slap mark on that little child's little face!

Chapter 1494

“And thanks to the fact that you have children of your own, you are actually so inhumane!” The old man’s face was red with anger, one hand holding the child in his arms, gently touching the child’s battered face, his face furious to the core.

“Old thing, watch your mouth!” The middle-aged woman on the other side of the table did not want to let up, she said in a cold voice: “You can’t look after the child with your own old arms and legs, but you still come to take a rap on the back? Didn’t you see that your wild boy knocked my granddaughter off her feet and almost fell to the ground?”

“Stumbled?” The old man was furious, he pointed at the little girl opposite and said angrily, “My grandson hadn’t even touched her before this woman pushed her away, your granddaughter didn’t even lose a single cold hair, yet you hit my grandson!”

As he spoke, the old man also angrily glared at a young woman next to that little girl, a kindergarten teacher, it was this woman who just now, violently you pushed the old man’s grandson to the ground, which made the middle-aged woman grab and slap him!

“This female teacher just now did not have good intentions, the teacher can have done so?”

“That’s right, children like to have fun, it’s normal for them to run and jump around, when they see that he is about to hit someone, instead of helping him, the teacher pushed him to the ground.

“I really wonder whose family owns this kindergarten!”

“With a teacher of this quality, this kindergarten is no better!”

“Yes .....

.....

The people around were all talking and looking at the female teacher with a somewhat less-than-stellar gaze.

The first thing you should do is to look at the woman’s eyes and see that she has gone a little too far.

However, these people also seemed to know that the middle-aged woman’s son was a leader, so even if they couldn’t see it, they didn’t dare to say that the leader had done anything wrong, and just pointed the finger at the kindergarten and the female teacher.

The female teacher’s face was red with anger and she wanted to get angry but didn’t dare to, she seemed to be a bit stern. However, there was a look of extreme anger in her eyes.

She didn’t dare to get angry with the others, but took advantage of the fact that the big pride wasn’t paying attention and plucked a fierce glance at the old man with white hair.

“The wild boy has no upbringing, he should be properly disciplined!” The middle-aged woman didn’t care so much, she didn’t care what the people around her were talking about, anyway, that wild boy had almost rushed her granddaughter, and that was not right.

She didn’t care what the people around her said.

What’s more, now that he had hit her, who could do anything to her?

“You are unreasonable!” That old man was furious, his face was red with anger, no one would want to let someone call their child a wild boy.

“Old man, it’s time to come out and have fun, don’t make things unpleasant for everyone!” At this time, the girl’s father, the young deputy director of the Education Bureau, spoke up, and the moment he spoke it was with an air of superiority, and although it didn’t show on the surface, the meaning in those words, and that tone of voice, was palpable.

“That’s all there is to it, it’s just a little conflict, it’s no big deal!” That young deputy director of the Education Bureau said indifferently as he waved his hand, “Just take care of your grandson next.”

“You beat up my grandson and you want to just let it go?” The old man’s face was full of anger and was very resigned.

“I say this parent, since Director Huang has already said so, you should not dwell on it, after all, both of you are at fault in this matter, but the main cause of the matter is still because your grandson rushed someone, don’t you think so?” At this time, the kindergarten director stepped forward, with a look of concern for the old man and his grandson, she said, “Let’s leave it at that, I’m sure we’re all tired after such a long walk, let’s go to the pavilion and rest for a while, we’ll have lunch later .....

“You guys are ganging up on people!” The old man said sadly.

He pointed a finger at the kindergarten director: “You are the kindergarten director, but you don’t set an example, you look at people as officials and you suck up to them, it’s obvious that they beat up my grandson, yet you say the main fault is still ours .....

My grandson is wrong, but it’s not as bad as slapping him with a big slap! Aren’t you afraid of retribution for saying these things?!”

“Bullshit!”

The kindergarten’s director was immediately chilled with anger, she coldly snorted: “In that case, then you can deal with it however you like, I don’t care, I want to see, this is just a small conflict, what else can you do? Do you want to fight back again?”

“Fine! Fine!” The old man nodded in anger, “I’ve seen it all today, this is what they call a high quality kindergarten! I will definitely file a complaint!”

“Then go ahead and file a complaint!” That Director Huang was a bit impatient, “It’s playtime, don’t keep chirping and affecting others here!”

“What a thing, you really think you’re a person, and you’re complaining about .....” that Director Huang’s mother also said with disdain.

“You! You .....” That old man pointed at Director Huang and the others, his hands were shaking with anger.

His grandson had been beaten, but he, an old man, could not go up and fight back to take revenge for his grandson, and that was fine, but to be met with the other side’s sneers, and even after the other side had beaten someone, they were still condescending and contemptuous of themselves, no one else could stand it.

“This is the high quality kindergarten ah!” Ji Feng shook his head, this old man still sees things very clearly and understandably, perhaps that kindergarten director thinks she has done a fair job, but onlookers are seeing clearly that she has been biased towards that Director Huang’s family.

As for whether what Director Huang’s family did was right or wrong, Ji Feng doesn’t judge, but at least from the kindergarten director’s body, we can see how this kindergarten really is!

And that female teacher, she wasn’t great either.

When you see another child bumping into you, wouldn’t it be better if you held him up? How old was that child, only three or four years old, and they were all about the same age as Yao Yao.

They are not afraid to bury their conscience when they do something!

“Old Pei, I believe what you’re saying now!” Ji Feng turned his head and said.

“Believe what?” Pei Shou was, however, stunned.

“The upper beam is not right and the lower beam is crooked, from the director to the teachers are all of this ghostly virtue, then how good can this kindergarten be?” Ji Feng shook his head slightly and said, “Now you don’t say anything about reckless charges, you just tell me that this kindergarten is hiding dirt and even doing even worse things, I’ll believe it!”

“Oh .....

Old Pei grinned, but did not dare to say anything else, he had realized that Ji Feng was definitely not an ordinary person, especially now that he had this sunken face, immediately Pei Shou felt a pressure come over him.

Ji Feng looked at the conflict in the middle of the field and couldn’t help but secretly shake his head, look at what kind of people these are, with this kind of character, how can they educate their children well?

There was also that Director Huang’s family, who were also masters of bullying!

Although Chief Huang did not look arrogant on the surface, his every word and action carried the feeling of being above the law.

Looking at Director Huang’s mother, although she looked somewhat wealthy, she had high cheekbones, thin lips, and her eyes were often slanted to look at people, which made her a mean and ungrateful person.

To put it bluntly, she was a sarcastic and critical person!

A parent with this kind of character will not be able to bring up humble and gentle children. Of course, if they are not good, then at most they will bring up their family’s children badly.

However, with a kindergarten teacher and director like that, all the children in the kindergarten would be brought up badly.

At this time, the parents around the school were also whispering, we all understand, who does not know what is going on?

It's just that no one is willing to say it directly and explicitly, that is, they don't want to offend anyone.

What's more, the other party was a leader!

"All right, all right!" The kindergarten's director seemed to have heard some of the surrounding parents' chattering, and she couldn't help but hurry up and say, "This is just a small conflict, it will be fine if we each take a step back, everyone is tired, so take your children to the gazebo in front to rest first!"

Chief Huang's mother was the first to move forward.

"You can't go!" The grandfather of that beaten child was the one who wouldn't do it, he blocked Chief Huang's mother at once and said loudly, "Today you must apologize to my grandson ....."

She pushed the old man away and sternly reprimanded, "Old man, have you been given face? There's still no end to it, get lost ....."

There was a thud.

The old man, however, fell to the ground at once, and immediately afterwards his body twitched slightly, his face was red and he seemed to be having extreme difficulty breathing.

This scene instantly made the entire scene silent, as if everyone was stunned.

"Old, old thing, what are you doing, are you trying to blackmail!" Chief Huang's mother was also startled.

"It seems to be an attack, right?"

"I guess so, after all, not young and stimulated ....."

The people around began to murmur.

"Call an ambulance quickly!" One man hurriedly said.

"If you want to call you guys call, this old thing is pretending to be dead to deceive people!" She didn't want this trouble to come back to her, even though she was the one who had pushed the old man to the ground.

It was Chief Huang who frowned slightly, as if considering his own status, it would be a bad influence to have such a thing happen, so he squatted down to see how the old man was doing.

"Don't touch him, this has nothing to do with us!" Chief Huang's mother, however, stopped him.

Chapter 1495

"This is outrageous!" Tong Lei's pretty face was clear and cold as she couldn't help but say, and after that, she was ready to take out her mobile phone to call an ambulance.

Not to mention who was right and who was wrong in this conflict, but now that the old man was pushed to the ground, the mother of Director Huang not only did not want to take responsibility, but also did not even let her take charge of this matter, his son wanted to go up to see the situation but she stopped him, which made Tong Lei very unhappy.

The mother of Director Huang did go too far, she has a son who is the deputy director of the Education Bureau, which is good, but no matter what, this matter is her fault, the old man was also pushed to the ground by her.

The old man was also pushed to the ground by her. In particular, there were so many people watching, yet she dared to shirk her responsibility so recklessly, this is too much!

Everyone could see that this woman was arrogant because her son was a leader and she did not care about the lives of ordinary people!

“Since you look down on ordinary people so much, don’t let your granddaughter go to school with other children!”

“That’s right, why don’t you just open a kindergarten in your own home and teach her granddaughter exclusively alone, that’s how you really have status!”

“What a person, people say that the older you are the more kind and amiable you should be, but today I met this other person!”

.....

Listening to the whispering of these students’ parents around, that Director Huang’s mother’s face turned blue for a while, she glared and said sternly, “Shut up all of you!”

Director Huang’s face was also gloomy as he waved his hand, “Some unnecessary gossip is unnecessary, otherwise, you are slandering and are legally liable!”

The others snickered in their hearts, but no one really said anything else.

The other people snickered in their hearts, but no one really said anything else. Not to mention that the director is the deputy director of the Education Bureau, and he will be in charge of children’s schooling in the future.

So although everyone didn’t really look at it, it was not good enough to offend this Director Huang directly to his face.

“Duu~duudu~~”

At this time, everyone stopped talking, and that old man’s grandson was so scared that his little face was pale, wanting to cry but not daring to, when suddenly the sound of a mobile phone button rang, and many people looked over.

Only to see a clear and beautiful girl was dialing with her mobile phone, “Hey, someone has fainted in the botanical garden, detailed address .....

Other people might not want to offend that Director Huang, and they were also afraid of getting into trouble, so they knew that the old man had fainted and that something might go wrong, but now there wasn’t even someone to call for an emergency vehicle.

But Tong Lei is regardless of this, she thinks this is what she should do, then she will do it.

After making the call, Tong Lei thought again, and then she raised her phone and took some pictures of the old man who had fainted on the ground.

“Hey! What are you doing!?” Chief Huang’s mother took a look and was furious, walking over in a few steps and reaching out to snatch Tong Lei’s phone.

Swish!

Tong Lei fiercely took a step back and said in a cold voice, “It’s not your turn to be in charge of what I’m going to do!”

“Little bitch, bring the phone over!” Director Huang’s mother, however, cursed shrilly.

Ji Feng’s face was fiercely cold!

The white spider even had a cold light in her eyes, and threw her hand and slapped him.

Slap!

That Director Huang’s mother was instantly slapped on the ground.

“If you dare to fart again, I will kill you!” White Spider’s voice was cold, and the cold light in her eyes was like a knife.

Director Huang’s mother was dumbfounded by the blow, she fell to the ground, not knowing whether it was because she had never been treated like this before or because she had been hit too hard, she covered her face, surprisingly not reacting for a while.

“You, you dare to hit me?” Director Huang’s mother looked at Bai Spider in shock and disbelief, her tone trembling a little.

“So be it, what can you do?”

White Spider said in a cold voice: “If your mouth is not clean again ..... hum!”

When they were at home, Bai Spider had the best relationship between Han Zhen and Xiao Ying and the two of them, and could also talk to Xiao Yuxuan, only to Tong Lei, Bai Spider was more respectful and had a kind of respect in it.

Don’t look at Tong Lei, she didn’t usually speak much, but her words carried a lot of weight.

But now, this old woman actually dared to scold Tong Lei, it was strange that the white spider didn’t take action, if it wasn’t because Ji Feng hadn’t opened his mouth, the white spider just slapped her, if Ji Feng had spoken, the white spider would have wanted to leave her with some dark wounds, let her go back and lie in bed for a year and a half!

“Bullshit!”

At this time, Director Huang, who had just come back to his senses, was furious, he hurriedly ran over and pulled his mother up, before staring at Bai Spider angrily and said in a cold voice, “What’s wrong with you woman, why are you casually hitting people?!”

“This old woman casually curses people, so naturally I have to beat them up!” White Spider said in a cold voice.

“Bastard!” Director Huang’s face was cold as he came up and slapped her across the face, “I’ll let you fight!”

White Spider didn’t give way, only to see her body side, a hand clasped Chief Huang’s wrist, a fierce belt, Chief Huang’s body suddenly fell on his heels!

“Ouch~~!”

Director Huang was not lightly fallen, White Spider hit his mother, but for the sake of that was a middle-aged woman, did not lay heavy hands, but hit this Director Huang, she naturally had to give him a lesson.

“You, how dare you do it .....” Director Huang was dropped as if his body was falling apart, he said angrily, “Do you know who I am?”

“Lao San, hurry up and call someone, these few people are really revolting, they must be arrested, immediately!” Chief Huang’s mother screamed.

White Spider couldn’t help but snort coldly and simply ignored her, this matter was originally her fault, now she actually dared to sue the evil one first and even arrest people, where did she get such great ability!

When she took the photos, she had already considered that this woman might interfere, so she only took photos of the old man who had fallen to the ground and not the others.

This woman was a bit too bossy!

“Daddy~~!”

Yao Yao was however so frightened that her little hand tightly grabbed the corner of Ji Feng’s coat and her lips were tightly pursed.

Ji Feng patted her little head and smiled, “It’s alright, Yao Yao doesn’t need to be scared, daddy will go check on that uncle, we’ll leave later!”

“Mm!”

Only then did Yao Yao let out a faint sigh of relief and her little face eased up.

“You guys, you guys wait .....” Director Huang was hurt by that fierce fall from the white spider, he couldn’t help but bare his teeth and grin, he was getting angrier and angrier, who dared to treat him like that for such a long time? Who would dare to do this to him? Usually, anyone who saw him would call him “Director Huang”, not to mention who would dare to hit him!

Director Huang gritted his teeth and took out his mobile phone, and was ready to call someone.

At this time, Ji Feng had already arrived in front of the old man, he took out a special effect current and fed it to the old man.

He checked the old man's health again and found that it wasn't too bad, at least after the special effects current was taken, this old man's body would definitely not continue to deteriorate and could completely last until the doctors sent him to the hospital for treatment.

And then, Ji Feng just turned his head to look at that Director Huang, and then at his mother, and his face suddenly turned cold.

That middle-aged woman scolding Tong Lei, that made Ji Feng intolerable!

As for the fact that that Director Huang was already calling people, he didn't care, but he wasn't going to let this matter go!

Ji Feng took out his mobile phone and dialed a number.

"Young Ji?" The voice on the other end of the phone was a little surprised, "Why did you suddenly remember to call me, do you have something to order?"

"I wouldn't dare to command you!" Ji Feng smiled faintly, "But there is something that I need to ask you to help me with."

"Please tell me, Mr. Ji!"

"I'm having some trouble over here, someone wants to call and mess with me, and he happens to be the leader of your Wanjiang District, do you think you can take the time to come over and help make some peace?" Ji Feng asked smilingly.

"Where are you?"

"Botanical Garden ....."

"Then I'll go over right away, I'll be there soon!"

.....

After hanging up the phone, Ji Feng looked at a little guy next to him whose little face was a little white with fear, that still had tears in his eyes, just because he was scared and didn't dare to cry out.

"Little one, don't be afraid, your grandfather will be fine soon." Ji Feng patted his head.

"Really?" The little guy seemed to have found something to rely on and his voice was tinged with tears.

"Of course it's true, you count to ten and your grandpa will definitely wake up!" Ji Feng laughed.

"Oh!"

The little guy listened and hurriedly counted, "One, two ....."

"Ahem ....."

Just then, that old man but suddenly coughed, the little guy froze, he saw that old man sitting up somewhat bewildered: "I, what's wrong with me?"

"Grandpa ....."

The little one was instantly overjoyed and squatted down beside the old man, rejoicing, "This uncle said you would be fine, he was so right."

This little guy is small in age, but the old man is very understanding, he knew as soon as he heard it that it must have been this young man who saved him, he couldn't help but feel grateful, "This little brother, thank you so much."

Ji Feng waved his hand with a smile and said, "It's okay, it's okay ....."

"Old thing, I knew you were pretending to be dead to deceive people!" Chief Huang's wife looked even angrier, just because of this old man, she was not only accused but actually slapped by that little bitch, she hated this old man as well as Ji Feng and the others in her heart.

"Lao San, did you see that, make sure you arrest all these people!" Chief Huang's mother said in a shrill voice.

"That's really funny!"

A cold laugh suddenly rang out as Pei Zhuan walked out and sneered, "Not reflecting on your own mistakes, but also arresting others, is this police station run by your family?"

"That's right, this is too bullying!"

"Leaders can't bully people like this ....."

#### Chapter 1496

People have the mentality of blind obedience, especially for Chinese people, as long as they are not allowed to be in the limelight and there is someone in front of them, then they dare to follow suit.

As soon as Pei stood out, the others began to murmur, and some of them spoke louder.

He just stood up with a gloomy face and gritted his teeth, raising his hand from time to time to check his watch. Originally, if he hadn't been beaten, he would have cared about his prestige and influence, but now, as a leader, he was actually offended and beaten, which made him unable to swallow this anger.

It must be dealt with!

Even the leader dared to beat him up, how could this be worse?

"Everyone, we have all seen what this family is like, later on if he dares to bully others with his power, then we will complain privately and write an anonymous letter to the leaders of the district!" Pei Shou said loudly.

"Everyone, everyone, these children are all classmates, we must testify later." At this time, that kindergarten's director hurriedly stood out, she said in a panic: "What just happened was just a small conflict, and everyone saw it, it was that old man who pretended to be dizzy and wanted to blackmail others, and Director Huang and his mother were both beaten up, when the police come later, please follow us all as witnesses!"

"You, you're talking nonsense!" The old man who was still sitting on the ground was furious at his words, and his body was shaking with anger.

“Whether I’m talking nonsense or not, everyone can see that!” The director of the kindergarten was dismissive, “You were dying just now, how can you sit up now? If some money fell on this floor, you’d be running faster than anyone!”

“Bastard, bastard!” The old man was shaking with anger, but he couldn’t say anything to the sharp-tongued and sarcastic kindergarten director.

“Hmph!”

The kindergarten director said loudly again, “You have all seen what this old man is like, right? Everyone must help testify later, and .....”

“Do your head!”

Pei Shou sneered and interrupted her directly, “You’re not a nice person either, is that old man really pretending to be faint just now? We all know it clearly in our hearts, don’t talk such nonsense here in an old shameless way!”

“You .....” The kindergarten’s director instantly blushed, and immediately scolded loudly, “Why are you such an uncultured person?”

“Upbringing also distinguishes the target!” Pei Zhuan sneered, “I am the owner of a large construction company in Jiangzhou, called Pei Zhuan, I will definitely give this testimony today, this bitch, and how that leader is bullying everyone has seen, think about it, your own children go to school in this kindergarten, can you feel at ease? Anyway, I can’t feel at ease!”

Yes!

As soon as he said this, everyone else snapped to attention and then nodded their heads in agreement.

It was clear what was going on here, we were not stupid, and we could all see clearly what was going on, and when we thought that our children would have to go to this kind of kindergarten in the future, the parents were all a bit worried.

What’s more, with Pei Zu taking the lead, everyone had some confidence in their hearts, as there was a big man in front of them anyway, so they just had to follow the testimony.

This time, the kindergarten’s director could not face up to it, all things are afraid that someone will take the lead, and the leader is also a very important person, then it is even more difficult to do.

She gritted her teeth, came to Pei Shou and said, “Boss Pei is in big business, maybe there is still business to discuss with my husband .....”

“Stop it!”

Pei Shou but fiercely waved his hand: “Don’t set me up, I don’t know you!”

You’re kidding!

Pei Zu is a businessman, smooth is his nature, generally he will not easily offend people, but now he jumped out, openly reported his name and occupation, clearly is not afraid of people retaliation.

However, he did not do so lightly. Now he was so righteous, but because, he could see that Ji Feng was definitely not an ordinary person.

Not to mention that from the very beginning, Pei Zu looked at Ji Feng with an extraordinary aura, and when he added that the pretty girl called him 'Ji Shao', Pei Zu was even more certain in his heart that Ji Feng was definitely not an ordinary person, and most likely had a great deal of influence!

And later on, when he saw that Ji Feng didn't put that Director Huang in his eyes at all, and was even laughing and talking to someone on the phone, Pei Zu knew that this was an opportunity!

If he could seize this opportunity, plus his own son and Ji Feng's daughter were classmates ..... although there was not yet any classmate friendship between children, but this was after all a reason to take advantage of this opportunity to make good relations with Ji Feng!

Then at this time, Pei Shou's keen sense of smell as a businessman came into play, and with his heart in his mouth, he made up his mind to side with Ji Feng.

It didn't matter what Ji Feng's origins were, anyway, Ji Feng was certainly not smaller than that Director Huang's. Besides, Pei Shou might not be that afraid of Director Huang's retaliation, so this was a better deal any way you slice it.

The first thing you need to do is to get closer to the director of the kindergarten.

The kindergarten's director was almost choked to death by Pei Shou, and his face was even more blue and white for a while.

"Big picture construction company, right? Good, I'll remember!" Director Huang looked at Pei Shou and nodded his head, unable to help but sneer.

"It's an honour for me to be remembered by Director Huang!" Pei Shou was calm and just smiled slightly.

Wooooooooooooo~~!

Just then, the emergency vehicle came over and a few doctors and nurses helped that old man into the car.

"This little brother, thank you really!" Before the old man got into the car, he couldn't help but thank Ji Feng again.

Ji Feng smiled and waved his hand, "The old man is too polite, there's nothing serious wrong with your health, but there might be a period of weakness, that's not a big deal!"

"Thank you, thank you!" The old man nodded his head repeatedly.

On the contrary, there was a doctor, but he gave Ji Feng a look, was this person a doctor, how dare he be so sure that the old man's health was not a big problem?

However, Ji Feng did not have this awareness, according to his examination, there was no doubt that there was indeed no major problem with the old man's condition.

Soon, the old man was taken away by an emergency vehicle.

However, just as the emergency vehicle left, two police cars arrived and a few policemen came down:  
“Chief Huang, what’s going on, who is committing murder here?”

Good guys!

Ji Feng couldn’t help but sneer, these officials really know how to put a label on people, they came up to define the incident, committing murder, this is a criminal case!

Once it was confirmed, it would be a criminal case!

Ji Feng looked at that Director Huang, his eyes couldn’t help but be a little cold.

At this moment, that Chief Huang didn’t know what he said to a few policemen, and those few policemen walked over with big strides, and one of them shouted coldly, “You were the one who committed the murder just now, weren’t you?”

“It wasn’t me, and no one committed the murder!” Ji Feng said indifferently.

“How dare you slyly argue!”

The policeman shouted, “Arrest them!”

“Yes, yes, arrest them all, not just that person, but those two little bitches too, arrest them all together!”  
When Chief Huang’s mother saw that help had come, she gritted her teeth and said, “Arrest them all!”

Swish!

Ji Feng’s eyes were cold as he stared at Chief Huang’s mother and said in a cold voice, “I advise you to keep your mouth clean, otherwise, you might get your son into a lot of trouble!”

“Bullshit!”

Chief Huang’s mother sneered, “To this day, you still dare to charge a big tail in front of me, what kind of a thing are you, little beast!”

“Good for you!” Ji Feng nodded and smiled.

“Please come with us!” A few policemen surrounded Ji Feng and one of them was about to handcuff him.

Snap!

Ji Feng grabbed the man’s wrist and said in a cold voice: “You guys just arrest people without asking, is this how you act as police officers?”

“We don’t need you to teach us how to do things!” The policeman shouted, “Let go!”

“Fine!” Ji Feng nodded his head and didn’t say anything else.

The policeman snorted coldly, forgive this guy for not daring to confront the police, he then wanted to continue handcuffing Ji Feng.

Boom!

The next moment, that policeman suddenly flew out.

Next to a few policemen, White Spider appeared there at some point, and it was she who kicked that policeman away.

“Whoever dares to touch Young Ji, I want his life!” White Spider shouted delicately.

“You want to resist?!”

CLACK~~!

The policeman at the head of the group directly drew his gun and aimed it at Ji Feng.

Click~!

White Spider similarly drew her gun and pointed it at the policeman, “Put the gun down, want to seek death!”

“Wow!” Everyone was shocked, they didn’t expect this girl to carry a gun, and those few policemen were even more shocked.

“Wow .....

Not far away, Yao Yao was so frightened that she cried out, “Daddy! Daddy ..... police uncle, you don’t arrest daddy, he’s not a bad guy .....

“Little girl, shut up!” Chief Huang’s mother but sternly reprimanded, “They are carrying guns, if they are not bad people or what!”

“Old thing, you’re the one who should shut up!” Ji Feng’s face was cold as he shouted low.

He had been reluctant to clash with these people head on before, just because he didn’t want to scare Yao Yao, but the white spider did it because he was afraid that people would hurt him, which was also kind.

But what that Chief Huang’s mother did was to make Ji Feng angry.

“Comrade police, you all saw it, this man is carrying a gun, they must be triad members, you guys arrest them immediately and follow the regulations if you dare to resist!” Chief Huang was even colder, what he was saying was that if Ji Feng and the others dared to resist, it was possible to shoot them dead!

“And you’re not afraid of retribution?” Tong Lei asked coldly. She picked up Yao Yao at the same time, this little girl was really given a fright.

“Daddy~~~” Yao Yao cried out in fear.

“White spider!”

Seeing Yao Yao crying so hard, Ji Feng didn’t want to drag it out any longer, he waved his hand, “Show them your papers!”

He gave Chief Huang and his mother a cold look and nodded heavily, “You’re looking for death!”

Chapter 1497

“Put down your gun, do you hear me, put down your gun immediately!” The policeman at the head of the group saw that the white spider’s hand was going into his pocket, so he became extremely nervous and kept shouting.

The other policemen were even more nervous, because the only one with a gun at the scene was the policeman in charge, the other policemen only carried a baton at most, none of them had a gun, now when they saw that White Spider actually had a gun, they were immediately nervous, this was a big deal, if the policeman in charge couldn’t handle it, then someone might die at any time!

White Spider sneered, how could she be intimidated by anyone?

She ignored the policeman’s shout, took out her papers from her pocket and threw them in the policeman’s face: “Read it yourself!”

The policeman hesitated for a moment and gave a wink to his companion next to him.

The companion looked at the white spider warily, and then carefully bent down and picked up the document, opened it and looked at it.

“Huh?!”

The man snapped, and immediately, his eyes widened, “Team, captain, look at .....”

“Look at what, what’s written straight away!” That captain said annoyed, but now there is a gun pointing at him, if he is a little distracted, may be more than one hole in the head, this is not a joke thing!

“Jiang, Jiangzhou Military District Special Warfare Brigade .....”

“What?!”

The police officer had not finished reading, the captain shouted in shock, the special combat brigade of Jiangzhou military district, of course these police officers have heard of it, that is the country’s famous special forces, although they have not seen it, but always heard of it.

As for the weight of this special battle brigade, but everyone who has heard of it knows, this captain has naturally also heard of it, but he could not imagine that the document given by this woman is actually the special battle brigade!

This woman was from the Special Combat Brigade, not to mention what kind of officer, even if it was just a small warrior, that was too scary. Not for anything else, because from the scene, Ji Feng was the leader, then this woman should be this bodyguard!

That .....

What kind of person could it be that could be protected by a warrior of the special combat brigade?

With a swish, cold sweat came down on this captain’s forehead, and he suddenly realized that he might have gotten into a big trouble today!

“Have you seen clearly?” White Spider asked coldly, “Drop your gun immediately!”

“Ah!”

The captain shrieked in shock, and immediately nodded his head repeatedly, “Fine, I, I’ll put it down now, don’t shoot, don’t ever shoot!”

At this time, Pei Shou’s eyes couldn’t help but widen as a look of ecstasy flashed across his face.

Sure enough!

This Ji Feng was really something, just a document of the person beside him could make the police so nervous, then Ji Feng’s identity was even more needless to say, it must be not small.

Ji Feng ..... Ji Feng .....

The last name is not too common, but he remembers that there are several more famous people in Jiangzhou with the surname Ji.

The secretary of the municipal party committee, Ji Zhenguo, and the number one young man, Ji Shaolei!

So, could this Ji Feng be .....

Once he thought of this, Pei Shou barely even had to think further, looking at Ji Feng’s aura, he knew that Ji Feng was most likely related to Ji Zhenguo, the secretary of the municipal party committee.

“Comrade police, why aren’t you arresting them yet, they could all be criminals!” Chief Huang’s mother couldn’t help but say loudly when she saw that those police officers still didn’t do anything.

She had been slapped by White Spider and could be said to hate it so much that she could not wait to see both Ji Feng and White Spider being thrown into jail right now.

“Comrade police, when dealing with such criminals, you must not be merciful, you must act fast!” Chief Huang also said.

“We can all testify that it was these few people who committed the murder, comrade police, you must remove the evil for the people!” The kindergarten’s director also hurriedly came forward to testify.

“Bullshit!”

Pei Shou, however, said in a cold voice: “It’s obvious that you guys have been bullying people .....”

“Shut up, all of you!” That captain roared.

“You .....” Chief Huang choked, he looked at that captain in shock, as if he couldn’t believe that captain was actually talking to himself like that.

Chief Huang’s mother was similarly startled, and she turned her head, bewildered, “Lao San, they are ..... aren’t you the leader? How dare he talk to you like this?”

Chief Huang’s lips moved, but he didn’t know how to answer his mother’s question, but his intuition told him that things seemed to be a bit troublesome today, looking at that captain’s appearance, it seemed like he didn’t quite dare to mess with those few people?

Wow~~!

Yao Yao was however frightened and cried again.

Ji Feng's face was cold and he said in a cold voice: "It's you who should shut up, can't you see that you're scaring the child?"

"Yes, yes, yes!"

Cold sweat broke out on that captain's forehead and he nodded repeatedly, "Sorry, I think today is all a misunderstanding, we must have received a fake police ....."

"Give me your papers when you've finished reading them!" White Spider said in a cold voice. She was not willing to listen to the bullshit of these police officers.

"Yes, yes!"

That captain hurriedly put his gun away and handed over his papers with both hands.

In reality, if they were just facing a Special Combat Brigade warrior, this policeman would never be so scared, the military and the police were two completely different systems, even if the other party was of a higher rank than themselves, then they couldn't control themselves.

But the problem was that the main character today was not the White Spider, but this young man whom the White Spider was responsible for protecting!

This captain didn't know exactly who this young man was, but one thing was clear to him, he was not qualified to be protected by a special forces warrior anyway, not to mention him, even his chief didn't have that qualification.

This young man's origins were terrifyingly big!

It was also because of this consideration that this captain was particularly scared.

"This gentleman, it has now been confirmed that there is nothing more going on here, in that case, then we will go ahead and ....."

"Want to leave?" Ji Feng turned his head to look at that captain.

"..... No, not really." That captain smiled with difficulty.

"I gave you guys a chance just now!" Ji Feng said coldly, and then he stopped paying attention to these people, but walked a few steps quickly to Tong Lei, hugged Yao Yao over, and smiled, "Yao Yao, don't be afraid."

"Daddy, the police uncle is going to arrest you .....,," the little girl flattened her mouth, tears swirling in her eyes, those eyelashes were stained with teardrops.

Ji Feng wiped her tears and said smilingly, "That's their mistake, daddy is not a bad guy."

"Mmm!"

Yao Yao nodded her head vigorously, there was nothing else in her little mind, she just thought that daddy must be a good man, although teachers often said that police uncles were also good men, but compared to them, daddy was definitely better.

“Who is this young man? Does he look like he’s from a big family?”

“I don’t know, but he doesn’t look very ordinary.”

“Yeah, don’t you see those cops are scared?!”

The scene in front of them was really surprising, originally they all thought that after offending Chief Huang, this young man would definitely be unlucky, but no one expected that those policemen seemed to be a bit timid.

At this time, Chief Huang’s face also changed, and he also felt that this young man might really have a great deal of influence, and that he might be asking for trouble today.

He was tempted to go up and ask what was going on, but when he saw the captain’s ugly face, he didn’t dare to go forward.

In fact, he must have known the captain, otherwise he wouldn’t have called him over to help.

But now that he looked so scared, Chief Huang’s heart was pounding.

“Stomp, stomp, stomp ……”

A rush of footsteps suddenly came, followed by someone saying from outside, “Make way, please make way!”

Soon, a young man squeezed inside, he saw at a glance Ji Feng who was holding Yao Yao, hurriedly walked over and said with a bitter smile, “Young Ji, who is it again who doesn’t know whether to live or die?”

“Again?” Ji Feng gave him a look, “Young Qiu, from what you’re saying, it seems like I’m always causing trouble!”

“No no!” The young man laughed, “Just kidding, young Ji, what’s going on, who did you have a conflict with?”

“It’s said to be a director of something in Wanjiang District!” Ji Feng glanced at that Director Huang.

The young man immediately followed suit, he frowned and shook his head, “Who is this? Forget it, Ji Shao, let’s ignore him first, we’ll talk about it slowly later …… This child is ……”

“I’m daddy’s daughter!” Yao Yao said.

The young man was stunned: “Young Ji, you don’t give a cup of wedding wine even if you get married?”

“Hehe! If there’s wedding wine then surely I wouldn’t dare not give it to Qiu Shao!” Ji Feng laughed, “This is my goddaughter.”

“So that’s how it is!” It was then that the young man dawned on him.

This young man was no other than Qiu Pengfei who had been called over by Ji Feng to help ‘make peace’.

Since Pei Zhuan said that that Director Huang was the deputy director of the Wanjiang District Education Bureau, then Qiu Pengfei, who was the son of the secretary of the Wanjiang District Committee, was the most suitable to be this mediator, and Ji Feng thought of him.

At this time, Chief Huang was stunned.

Qiu Pengfei, the son of the district party secretary, was certainly known to Director Huang.

He would never have imagined that Qiu Pengfei would be talking and laughing with this young man, and it even seemed that Qiu Pengfei's tone of voice and demeanor even carried a kind of respect!

It was over!

Director Huang's heart thudded.

Even Qiu Pengfei had to treat him politely, so how could he possibly mess with him?

He wanted to go up and ask Ji Feng and Qiu Pengfei for forgiveness, but he knew that he couldn't intervene at all, and they wouldn't take him seriously!

Originally, Director Huang did not put the other parents in his eyes, because he was the deputy director of the Education Bureau, a middle-level cadre at a young age, and was down for gold-plating, and would be promoted to deputy division when he returned, but now he realized that in fact, he was not even a dog's ass in the eyes of many people!

The young man and Qiu Pengfei were just talking and laughing, and they only gave him a glance from the beginning to the end without paying any attention to him, that means they didn't consider him as a person at all!

Chapter 1498

"Lao-san, aren't you the leader, why are you still watching those people walking around here? Quickly call the police to arrest them all!" When Chief Huang's mother saw that those people were actually still talking and laughing, but her own face was still on fire from the beating, she couldn't help it.

If she wasn't afraid of being beaten again, she would have wanted to go up and arrest those two little bitches and that little beast herself, but with the lesson from the previous beating still in her mind, she wouldn't have dared to do it easily, so she had to urge her son.

"Mom ..... don't say anything." Chief Huang's face changed and he lowered his voice.

He wanted to go up and apologize, but knew that people would not put themselves in their eyes at all, and could not pull this face, after all, there are so many parents of students around here, and his own mother is still watching, if at this time he nodded his head and went to apologize, so that the old mother's face also can not hang.

But Director Huang also knew very well that these young people must be very powerful, otherwise, how could Qiu Pengfei be so full of smiles talking to that young man?

Moreover, Qiu Pengfei's attitude seemed to have some respect in it, which made Director Huang's heart even more worried.

Now hearing his mother say this, he hurriedly stopped her.

If he pissed off the other party again at this time, I was afraid that this matter would not end easily.

“What’s wrong, Lao-san, the other party is just a few kids, why are you afraid of them?” Chief Huang’s mother couldn’t help but say.

Her own son had graduated from a prestigious university, and had married a wife with a very powerful background, and was now a leader, so she thought that no one would dare to speak to her voice anymore, and that it was only right for anyone to flatter her son.

But now when she saw her son’s face, Director Huang’s mother couldn’t help but be very puzzled, how come it looked as if her son was afraid?

“Mom, you quickly stop talking.” Chief Huang hurriedly lowered his voice and said, “Things ..... are a bit troubling!”

“Could it be that those police officers are in cahoots with them?” Chief Huang’s mother asked suspiciously, “Aren’t these police officers all called by you? Why are they still helping them?”

Chief Huang opened his mouth, but he couldn’t explain to his mother.

He couldn’t say, “They are more powerful, those policemen I called are no longer helping us at all, maybe your son is now being cleaned up by others!

As the pride of the family, this was something that Chief Huang could not say.

He was unaware, however, that it was because he was in the way and hesitated for such a moment that the next thing suddenly took a turn for the worse.

“Hey! You police officers, the bad guy is right in front of you, and you don’t know who to arrest, do you?” Chief Huang’s mother suddenly yelled loudly as she pointed at Ji Feng and White Spider and the others and shouted, “Arrest them all, quickly!”

“.....”

Several policemen looked at her with stunned expressions on their faces, each speechless.

What was she trying to do here?

Asking herself to arrest the district secretary’s grandson? Or to arrest his friend?

The police captain’s heart jumped wildly, “My God, you’re really mentioning the pot.

The captain was so frightened that he winked at Director Huang, hoping that he would control his own mother and not say anything serial, or else the consequences .....

But before Chief Huang had time to speak, his mother was suddenly furious: “What are you looking at, didn’t you hear? What’s the matter? What’s wrong with what you said, Chief Huang? Do you still have leaders in your eyes?”

The police captain’s face turned black and he turned his head away, as if he didn’t know the middle-aged woman.

He really didn't dare to give Chief Huang another wink, who knew what this bitch would say next, in case she said anything else that would make Qiu Pengfei furious, he wouldn't want his own skin anymore!

He hurriedly pulled his mother and said in a lowered voice, "Mom, don't say anything, that young man across the street is the son of the district party secretary!"

"The district party secretary's son?" The middle-aged woman was stunned, and then said, "What's wrong with the district party secretary's son? Lao-san, you are a cadre in the city, and you are only down to hang out, what can he, the district party secretary, do to you? Not to mention a second generation ancestor!"

Holy shit!

Director Huang's face turned black and he yelled, "Mom! Stop it!"

"You ..... Lao San, do you know who you are talking to?!" This middle-aged woman was however angry.

"You're right!"

At this time, a faint voice came over, "The secretary of the district committee is unable to do anything to your son, and I, the second generation, am even more useless and simply not as powerful as your son!"

Director Huang's face changed drastically, and he saw Qiu Pengfei striding over with a cold smile on his face, "I've seen Director Huang's official authority today, it's really impressive, huh, a deputy director of the Education Bureau can actually command people from the police system to arrest the common people, hmm, remarkable!"

"Young Qiu misunderstood, I didn't command them, it's just that I called the police because someone was committing murder here." Chief Huang said, "But now it looks like it was a misunderstanding."

Chief Huang actually had some thoughts in his mind.

No matter what, he had only offended someone, but he hadn't done anything excessive, and besides, both he and his mother had been beaten, so he couldn't be jerked out of his official position because of that, could he?

The reason is that he is a cadre who came down to hang out, and his organizational ties are actually still in the city, not in Wanjiang District.

However, offending the leaders is not a good thing after all, especially offending the biggest boss of the whole Wanjiang District, that will be even more troublesome, for example, write a few bad comments in his final work summary, then after his posting is over, I am afraid that he will not be promoted when he returns to the city.

And then, for example, directly change the division of labor in the bureau, so that their own deputy director is only an empty shelf .....

The leader wants to give you small shoes to wear, that method is really too much.

But to apologise, he couldn't face it.

He would not admit to the big hat Qiu Pengfei had thrown at him!

In the end, if it doesn't work out, the big deal is to go back to the city!

It doesn't have to be that humble!

When he thought of this, Director Huang's heart calmed down again, just now he was terrified, but because he suddenly saw Qiu Pengfei talking to that young man with a respectful attitude, he was overwhelmed with panic for a while, now once he talked to Qiu Pengfei, he calmed down instead.

"Misunderstanding?"

Qiu Pengfei smiled faintly and nodded, "Good, good! This is a better statement!"

Director Huang said, "Young Qiu, this is the truth, it was just a misunderstanding in the first place, perhaps the mother of the family spoke a bit more vehemently, but after all, she was afraid that the child would be hurt ....."

"Then I wonder if Director Huang could be so generous as to spare my friend?" Qiu Pengfei asked with a smile on his face.

"Young Qiu has spoken too highly, this was originally a misunderstanding, besides it's still Young Qiu's friend, then everyone is a friend ....." Director Huang waved his hand.

"Hehe ....."

Qiu Pengfei smiled brightly, "In that case, then thanks a lot Director Huang."

Director Huang's face then looked a bit unsightly, Qiu Pengfei was so polite, how he sounded like he was being sarcastic.

But in reality, Director Huang did not know that at this moment, Qiu Pengfei was already extremely annoyed.

This Director Huang really thought of himself as a person.

He believed that Ji Feng would not lie ..... for such a small deputy director.

But this Director Huang actually refused to even apologize and put on the air of a director, this is simply arrogant!

"Since that's the case, then I'll take my leave." Qiu Pengfei nodded heavily, turned around and left.

"Young Qiu!"

Director Huang hurriedly called out to Qiu Pengfei, "Please help Qiu Shao to tell your friend, my mother might have spoken inappropriately just now, I'm sorry!"

"Oh, it's fine, it's fine, the chief's mother can't scold the unruly people a few times? Then where is the prestige of our officials? My friend he wouldn't dare to say anything, otherwise Director Huang would have cleaned me up!" Qiu Pengfei waved his hand and left with big strides.

"This ....." Director Huang opened his mouth, and then had a resentful look on his face.

This young Qiu, his words just now were sarcastic!

And to clean him up .....

Can he clean up after himself!

“Lao San, what did you just say, when did I overstate my words?” As soon as he saw Qiu Pengfei leave, Director Huang’s mother was not happy and couldn’t help but glare at her son.

“Mom, you should stop following and causing trouble!” Chief Huang said helplessly.

Now it seemed that Qiu Pengfei’s relationship with that young man didn’t seem too good, otherwise, I’m afraid Qiu Pengfei would have pestered him for a while, maybe even hitting himself directly.

But now, Qiu Pengfei just said a couple of words and left, maybe he also had to come because of face, but actually did not want to manage this matter.

After all, you are a cadre down inside the city, the top must be some background, Qiu Pengfei will not consider this point.

.....

“The actual fact is that you can find a lot of people who are not able to get a good deal on this. The actual fact is that you can find a lot of people who have been in the business for a long time.

“How was the rapprochement?” Ji Feng asked with a smile as he hugged Yao Yao.

“People’s Director Huang is generous and said that this matter today is just a misunderstanding and won’t be pursued anymore.” Qiu Pengfei laughed, “I’ve also begged him to forgive .....”

Ji Feng then smiled, “Very good!”

Qiu Pengfei couldn’t help but shake his head, still snickering a bit at the thought, he said, “Ji Shao, I’ll make a phone call first! People don’t pursue the matter anymore, we always have to show our gratitude, right?”

Chapter 1499

Having ‘begged’ for Chief Huang’s understanding, Qiu Pengfei wanted to express his ‘gratitude’ and went off to the side to make a phone call.

Ji Feng, on the other hand, casually hugged Yao Yao and, together with Tong Lei and Bai Spider, went to the gazebo and sat there to rest.

Pei Shou also hurriedly took his son, Pei Xiaohu, and followed him over.

“Ji ....., Ji Shao.” Pei Shou sat on the bench with his son in his arms and greeted Ji Feng, but his title had changed and he was more polite in his demeanor.

Ji Feng laughed: “Old Pei, why are you so polite? Don’t listen to their nonsense, just call me Ji Feng, or call me Ji Laozi, it’s fine. It’s not like you to be so polite, didn’t we have a good talk before?”

For this Pei Shou, Ji Feng still has a good feeling, not to mention other things, this person at least dares to say and do, and for some things and phenomena that he is not used to, he dares to point out, which is very valuable.

Many businessmen have long since smoothed out their edges and have no sharpness left in them, and are only profit-seeking, which makes Ji Feng more or less dislikeable.

A businessman like Pei Zhuan is what Ji Feng values after all.

Not to mention whether he was successful as a businessman or not, but at least, it was okay for such a person to be a friend.

“Hehehe .....”

Pei Shou just couldn't help but scratch his head and laugh, at this moment he also didn't have the appearance of a business boss, just a little embarrassed.

Just kidding!

Other people might be able to say something, but Qiu Pengfei Qiu Shao, Pei Shou is acquainted with.

The son of the secretary of the district committee of Wanjiang district, at the time in the Jiangzhou playboy, that is also considered a number of people, although far less than Ji Shaolei Li Weidong, the top son of Jiangzhou famous, but at least that is also a considerable amount of government officials.

However, when Qiu Pengfei saw Ji Feng, he wore a hint of respect, which was not too obvious, but could not escape Pei's eyes.

Then it was obvious that Pei Shou immediately knew that his previous guess was correct and that he already had a number in his mind as to where Ji Feng was coming from.

It's not because Ji Feng is so high and mighty, but before this, Pei Shou felt that he was saying too much, pouring out what he should and shouldn't say, and maybe Ji Feng would have something in mind when he heard it!

“Old Pei, just now I am very grateful that you can stand up for what is right.” Ji Feng said with a smile, at the same time, he took the tissue handed over by Tong Lei and wiped away all the tear marks on Yao Yao's smiling face.

“I should I should!” Pei Shou hurriedly said.

After a moment's hesitation, Pei Shou asked again, “Ji Shao ..... that, Ji Lao Di, today's incident was originally because they were too bullying, is it really just going to be forgotten?”

“Forget it?”

Ji Feng sneered, looking down at Yao Yao's crying red eyes, he said indifferently, “It's not that easy!”

It didn't matter if you did something wrong, however, after knowing that you were wrong, you still didn't apologize and actually put up an official stance, this was not right.

Besides, this middle-aged woman who opened her mouth to scold people was only more disgusting to Ji Feng.

Opening her mouth to scold Tong Lei for such unpleasant words and not putting anyone in her eyes, it seems that she really treats her son like an emperor and thinks she can scold whoever she wants?

If it was just bullying, Ji Feng could still stop there, after all, that old man was fine, and snobbish people were everywhere, so he couldn't manage it.

However, scolded Tong Lei so ugly words but not apologize .....

Ji Feng thought to himself that he was not that good at bullying!

When Pei Shou saw his expression, he couldn't help but feel a sense of awe in his heart, it seemed that Ji Feng was definitely not going to give up, moreover, he was still sitting here with a smile on his face holding his child, this didn't look like a person who was in the middle of a rage.

But the more this was the case, the more Pei Shou thought that this meant that Ji Feng had made up his mind and, moreover, he was probably sitting here, waiting for things to change!

Regarding Ji Feng's temper, Pei Shou gradually got to know something about it.

This was also a person with a strong character!

Pei Shou secretly said, he secretly cautioned himself that he should never be too arrogant in doing things already, today's incident was a perfect example and a good lesson.

That Director Huang is the best example of the opposite!

Thinking of this Pei Zu couldn't help but glance back at that official-looking Director Huang, seeing him standing in the middle of the field, his face changing, seemingly deliberating on something, Pei Zu couldn't help but be a little bit aghast.

This was seeking death!

Thinking that he was great, not knowing that the best way to solve things was to come over and sincerely apologise, but instead putting on his official authority and trying to talk to people on an equal footing, this was just looking for death!

Pei Shou secretly learned a lesson, if he were in the position of that Director Huang, he must know how to put down his stature and not take into account that little matter of saving face or not, as long as he was wrong, face no longer existed.

If one's strength is inferior to others, and as a result, one is bullied by others, then although stifled, but there is no shame in asking.

But now, like Chief Huang, he is seeking death himself!

People who don't have eyes!

Pei Shou couldn't help but secretly shake his head, he mustn't be like him in the future!

"Ee?"

At this time, Yao Yao wasn't too scared anymore, she slid down from Ji Feng's lap on her stomach, didn't know what she was attracted to and squatted on the ground to look at it.

Pei Xiaohu, Pei Shaped's son, was also attracted to it, curiously squatting next to it, and the two little ones just studied it.

Ji Feng turned his head to take a look and instantly noticed that the two little ones were actually looking at a few ants that were carrying something.

Only, these ants are different from the ones we usually see, these ants are very big and at this time they are all biting on something and are dragging it back hard .....

The world of children is now a little difficult for him to understand.

Thinking about his own childhood, I am afraid he was also like this, so curious about everything around here.

However, Ji Feng couldn't help but admit that children were really forgetful.

Just now Yaoyao was still scared and crying, but now she is all focused on the ants, so people can really cry and laugh, they can only say that the little one is too cute.

.....

The situation is thus stagnant.

The first thing you need to do is to get a good idea of what you're doing.

The director, Huang, was standing under a tree, also smoking a cigarette, looking at his face as if he had encountered something difficult or hesitant.

Next to him, Director Huang's mother, the middle-aged woman who spoke harshly, was saying something, and Director Huang frowned as he listened, but looked helpless.

On both sides, no one dared to go.

Everyone was just standing elsewhere watching the action, no one wanted to get into trouble easily.

More importantly, the reaction of those police officers was what scared these parents.

Look at those policemen, they were so proud and proud before, they even handcuffed the young man, but now look what happened.

The policemen, as if they had lost their souls, were standing there, neither leaving nor staying, and their faces were very ugly, especially the lead policeman, who looked as if he had lost his mother!

Even the policeman was frightened like this, and even if the others didn't understand what was going on, they knew that it was out of their hands!

"Does it look like it's okay?"

"How can it be okay, can't you see that only those few young people are the most relaxed? Look how scared everyone else is!"

“That’s right, look at that chief, he was so proud of himself before, but now he’s all sad?”

“You can’t be arrogant, you don’t know your own name when you have a bit of power, now you’ve got it, I think he must be in trouble!”

.....

The people around them all whispered.

They are not stupid, naturally they can see at a glance, the most fearful may be those few arrogant police officers, followed by that Chief Huang, look at his face must also be in trouble, only those few young people, seems not to take this seriously at all, or rather, they do not take these few police officers and Chief Huang seriously.

So who was better, naturally, at a glance!

It turned out that the young men who had been at a disadvantage before were the ones who were more skilled.

And that official-looking Chief Huang had probably fallen behind!

The people around were talking, and they couldn’t help but feel a little excited or secretly envious of these young people.

Everyone fantasised that they were a hero, or that they would suddenly explode when they were being bullied, even if some rich and powerful relative came along and could make the other party nod and admit defeat, that was a very cool thing to see.

And today, they had witnessed such a scene.

Director Huang, who had been posing as an official, and the middle-aged woman who was arrogant on the grounds that her son was an official, were the targets of the hostility of the crowd.

This kind of hostility is not without reason, although Director Huang and his mother did not bully others, but only the old man before, but even so, the crowd can not stand it.

There are many things that people can’t see, not just because they sympathise with the weak, but they subconsciously put themselves in the position of a weak person too.

For example, in today’s case, the old man was the one who was bullied, but everyone had a subconscious thought in their mind – what if it was themselves who were bullied today? What should we do?

Naturally, the parents of those students who thought they could not defeat Director Huang began to sympathise with the old man and were hostile to him and his mother.

Now, on the other hand, everyone was feeling very relieved.

They were all very happy!

The arrogant Director Huang was now defeated too?

Chapter 1500

The arrogant Director Huang is now also defeated?

Everyone was secretly sneering, so arrogant before, bullying people so much, pushing people down and falling unconscious, still wrongly accusing people of faking it, and trying to shirk responsibility, now well, not arrogant anymore?

Although they haven't seen Director Huang bow his head and admit his fault, they believe that Director Huang's heart will definitely not feel good either, otherwise he wouldn't have to be that dead face!

At this time, the onlookers all seemed as if they were being bullied by Chief Huang, and they were so relieved to see that Chief Huang might be unlucky.

Many of them subconsciously let out a long breath!

See how arrogant you are!

The kindergarten director's face did not look too good, as she realised that she had offended someone today.

She wanted to apologize, but when she looked at the youngsters, she didn't even look at her, and when she thought that she was old enough to be the mother of those youngsters, and yet she had to apologize to them, she couldn't face it.

She was in the same state of mind as Director Huang.

"Ding ....." at this time, a mobile phone ringing is so ear-splitting.

The crowd immediately looked, only to see that the young man who arrived later answered a phone, and after saying a few words, he hung up the phone with a smile on his face.

And after that, he strode out into the gazebo.

Things were about to change!

This thought immediately came to the minds of the crowd, originally everyone knew that things would not be like this, otherwise those police officers would not have been too scared to leave, and now it was finally going to be the time for something to change.

"Ji Shao ....." Qiu Pengfei came to the gazebo, sat down next to Ji Feng and lowered his voice to say a few words.

Ji Feng turned his head to look at him and laughed, "You're being too cruel, aren't you?"

"Since he likes to show off his official stance so much and has so much official authority, then just beat up his reliance directly!" Qiu Pengfei said.

The first thing you need to do is to get rid of your arrogance, but once you've gone too far with me, then I'll just knock off your arrogant capital and see how you can still jump around!

This concept, Ji Feng likewise agrees with, and it has always been his way of doing so.

However, he did not expect that Qiu Pengfei was quite ruthless!

Ji Feng couldn't help but glance at that Director Huang, he shook his head slightly, people, when they have some power, when they have some ability, they don't know what their last name is.

The company's main business is to provide a wide range of products and services to the market. The first thing that happened today was that Director Huang's family did something wrong, as well as the kindergarten teacher and director, who also did something wrong.

There are no children who do not make mistakes, and all children are lively, like to run, like to make trouble, this is the cute thing about children.

But the mother of Director Huang regarded her own granddaughter as a glazed treasure, and before anyone else had even touched her, she had slapped her across the face, hitting a three- or four-year-old child!

If Director Huang and his mother could have apologized later, even if they had seen the old man faint and they could have helped him, Ji Feng would have taken it as not seeing it.

How could there be no conflict between people, it was a common occurrence, and teeth could often bite their tongues, let alone between people?

However, Director Huang's family had gone too far.

What Ji Feng especially couldn't tolerate was that they actually verbally abused Tong Lei when they had clearly done something wrong!

What a bullshit chief!

Ji Feng was instantly furious, such people, keeping them was a curse!

Whether other rich and powerful people were like this or not, Ji Feng still didn't care, but since he had come across them today and had even provoked them, he had to beat this bastard up!

"Just wait, I'm afraid there will be results soon." When Qiu Pengfei saw Ji Feng's face, he knew that young Ji was really angry, so he said with a smile, "Young Ji, I think it's better not to join this excursion, let's go for a drink together later?"

Ji Feng shook his head and said, "Forget it, he still has the kid with him!"

"Then take them along, it's more lively with kids around, so what, sister-in-law think I'm right?" Qiu Pengfei smilingly asked Tong Lei.

"Just don't be too annoyed when the time comes, Qiu Shao." Tong Lei said.

"Ha!"

Qiu Pengfei laughed, "If you guys aren't worried, I'd be willing to help you look after this little one and feel what it's like to bring up a child in advance too!"

"What do you mean?"

Ji Feng turned his head to look at Qiu Pengfei and asked with a smile, "Getting married? Or are you going to have a child?"

"It's just a matter of time!" Qiu Pengfei laughed as he called out to Yao Yao, "Yao Yao, come home with me, okay?"

"....."

Yao Yao just squatted on the ground, looking at the ants crawling around very seriously, as if she didn't hear Qiu Pengfei's words.

Tong Lei couldn't help but laugh, "Yaoyao, why are you ignoring people?"

"Mum said that you can't talk to strangers." Yao Yao said.

Sweat!

Ji Feng shook his head and laughed: "This little guy, knows quite a lot ..... Pengfei, I think this way, anyway, it's almost lunch time, we'll go over here, it's time to eat when we get to the place ..... Lao Pei, let's go together! "

"Me? I won't be going!" Pei shape laughed.

"You just don't have to be polite, there are no outsiders, besides the two little ones are playing quite well, so having them together can also be a companion." Ji Feng waved his hand and smiled, "Let's go!"

"That's ..... fine!" Pei Shaped smiled and nodded.

In fact, he wanted to go, after all, whether it was Qiu Pengfei or Ji Feng, both of them were not small, and being able to get on with either of them was something that could not be bought with money, but, after all, he had only met them today, and he didn't know if it was too abrupt to go over there rashly.

However, seeing Ji Feng's sincere invitation, Pei Shou was naturally happy in his heart.

It seemed that by daring to stand up and testify before, he had already gained Ji Feng's approval, or at least, he was looking at it in his eyes!

"It's too hasty to go now, isn't it?" Qiu Pengfei, however, raised a different opinion.

"How so?" Ji Feng asked with a smile.

Qiu Pengfei also did not turn around, just so backhandedly pointed at that Director Huang and sneered, "If we leave like this, he still thinks we are afraid of him, I would love to see with my own eyes what will happen to this Director Huang, whose official authority is greater than the sky, in the end!"

"Hehe ....." Ji Feng shook his head and laughed: "What's the point of seeing him? It's not enough to make people sick."

"That won't work, since he's so arrogant, I want to see how he'll behave after he doesn't have the capital to be arrogant." Qiu Pengfei said, "That's my hobby, I like to see such pretentious people unlucky."

"You still have this hobby?"

Ji Feng shook his head and said with great certainty, "Pengfei, I advise you not to stay and watch, otherwise, I'm afraid you'll regret it!"

“Why do you say that?” Qiu Pengfei was stunned.

“Ding .....

Just at that moment, another mobile phone rang, and immediately afterwards, he saw that Director Huang took out his mobile phone.

Qiu Pengfei didn't wait for Ji Feng to answer before he said sharply, “Look, look, the results should be out, hey! Watch it .....

Ji Feng couldn't help but smile and shake his head, he had a not-so-good feeling, but his gaze fell on that Director Huang's face.

He was also curious to see if this Director Huang would have the backbone to go with it after he had no more arrogant capital and was stripped of his official frame!

Not only Ji Feng, but also those people around him shifted their gaze to that Director Huang.

The kindergarten where these children were staying was originally branded as a high quality kindergarten, and that fee was naturally not low, so these people present were at least middle income families, and their insight was naturally extraordinary.

They had seen the whole thing from the beginning to the end, and when Director Huang's phone rang, they had guessed that the matter had finally come to a head.

Now, it was up to them to see who was more skilled and who would have the last laugh!

But psychologically, everyone still wanted to see those young people win, because this Director Huang and his mother were really too overbearing, and that kind of feeling made people very uncomfortable.

And at this time, Director Huang's heart thumped, because he saw the caller ID on his mobile phone, it was actually the phone number of the Organization Department of the district party committee!

The Organization Department manages the official hats of cadres, and generally calls people either for promotion, transfer, or even demotion.

What's more, today is the weekend, the organization department should also be on holiday ah.

Is it some kind of emergency to call yourself now?

Then it's definitely not a promotion, there's no such urgency to give someone a promotion, it's not in line with the organisation's process!

So, Director Huang's heart had a bad feeling.

“Hey .....

Director Huang took a deep breath and just as soon as he picked up the phone, he heard a majestic voice coming from inside: “It's Comrade Huang Wei sent, right? This is the Second Section of Cadres in the Organization Department of the Wanjiang District Committee .....

“..... It’s me.” Director Huang’s heart suddenly jumped wildly, this second section of cadres, is the main management of organizational relations, but his own organizational relations in the city, ah, now the second section to call himself what?

“Comrade Huang Wei sent, there is something to inform you, just received the city comrades, your organizational relations have been transferred to our Wanjiang District!” The person on the phone said.

“Ah?!”

Director Huang immediately shouted in shock, what did this mean? He was no longer a member of the city?

Then .....

How could he still go back after he was gold-plated? How else could he be promoted?

Director Huang only felt his heart burst into a frenzy, and at this moment, an extremely bad feeling began to hit him, leaving him at a loss for what to say.

“Comrade Huang Wei sent if there are still any questions, you can wait until Monday to come to the Organization Department to ask .....,” the caller said, and then simply hung up.

“Hello, hello .....” Director Huang then woke up with a start and shouted several times, but unfortunately, all that came from the phone was a busy tone.

How could this happen?
