

Campus Master 1501

Chapter 1501

The city inside how not even to inform himself, this will be his own organization relations to transfer?

The director's head was confused, and he had a strong sense of foreboding in his heart.

Could there be a mistake?

Director Huang still had a hint of fantasy in his heart.

"Ding"

Before Chief Huang could react, his phone rang again.

"Hello, this is Huang Weisheng"

"Comrade Huang Weisheng, just now the district committee issued a temporary notice asking some comrades to go to poor areas to support local education, naming you"

Boom!

Director Huang's head exploded, as if it had exploded.

His head went blank, his eyes went black, and he was almost about to fall headlong to the ground.

"Lao-san, what's wrong with you Lao-san!" Chief Huang's mother immediately became anxious, she hurriedly supported her son and shouted in panic.

It was over!

At this moment, Chief Huang only had this thought in his head, he was finished!

Going to a remote and poor area to support education, this sounded very grand, but what going to a poor area represented, but anyone who was in the system knew.

It was a reassignment!

Moreover, his own organizational ties had been transferred to Wanjiang District, and he had offended Qiu Pengfei and his friends

The company's main business is to provide a wide range of products and services to the public.

However, if you think about the fact that your organizational ties have been transferred to Wanjiang District and your backers have not even informed you, this is enough to explain the problem.

He had offended someone he couldn't afford to mess with!

Director Huang only felt that all his strength had been instantly drained out of his body, he only felt black before his eyes, and he couldn't stand at all.

"Lao San! Lao San" Chief Huang's mother was terrified, "What happened to you?"

"I... I've been sent away!" Director Huang's mouth was filled with a bitter taste, he sat on his butt, his eyes were filled with a desperate look, he was the deputy director of the Education Bureau at a young age, he originally had a bright future, but now, he had been sent out!

"Lao-san, how could you have been sent, who in the end is trying to deal with you?" Director Huang's mother was desperate, her son had been sent away?

"Who wants to deal with me? Yes who is trying to deal with me?" Chief Huang's eyes gradually turned from the original desperation to confusion.

"See?"

Ji Feng raised his chin at Qiu Pengfei and said faintly, "I said I wouldn't let you stay, but you didn't listen, now you know why, right?"

"I'm really disgusted!" Qiu Pengfei shook his head helplessly, "In ancient times, there was Fan Jin who became insane at once, and today, just being sent out with such a disgusting stance, I really regret staying."

This Director Huang's performance is really disgusting, this is another official fan, and not a light one at that.

Now he was only asked to go to a remote area to support the education cause, it wasn't like he was removed from his post, but he couldn't even stand it, he couldn't even stand up, this kind of person, what could he do?

"Let's go!"

Ji Feng shook his head, cracking down on people like this didn't give him any sense of achievement at all, and he never took pleasure in bullying others, but giving this kind of guy who was bullying others a lesson, Ji Feng was still happy to do so.

But there was no point in continuing to stay here now, seeing Director Huang wasn't disgusting enough, so it was better to leave early.

"Go!"

Qiu Pengfei was also regretting staying, he could not wait to leave right now.

However, before they could turn around and leave, they suddenly heard a harsh cry.

"Young Qiu!"

The next moment, a man was seen running over like a madman.

"What are you doing!" Qiu Pengfei was taken aback, he thought this person was going to commit murder and took a violent step backwards, being careful and on guard.

Ji Feng, however, held Yao Yao in his arms and a cold light flashed in his eyes.

Swish!

White Spider took a fierce step forward and stood in front of Ji Feng.

“Young Ji, be careful!” Qiu Pengfei also shouted, “Back off!”

However, the scene that happened immediately afterwards caused Qiu Pengfei to be greatly stunned.

“Flutter!” A sound.

Director Huang knelt down in front of Qiu Pengfei and Ji Feng.

“Young Qiu, this gentleman I was wrong!” Director Huang’s face was filled with a pleading expression, “It was my eyes that offended Young Qiu and this gentleman, I beg you to forgive me!”

“.....”

This scene, not only stunned Ji Feng and Qiu Pengfei, but even, all the parents of the students present, couldn’t help but be stunned.

Was this still the same deputy director of the Education Bureau who had posed as an official from on high just now?

Even an ordinary citizen would not easily kneel down with someone, right?

Yet, this Director Huang was kneeling so neatly!

“Old Third, are those two the ones who want to harm you?” The moment Chief Huang’s mother saw her son kneeling to someone, she was furious, she quickly walked over, pointed at Ji Feng and Qiu Pengfei, and angrily scolded, “You two little brutes, where’s your conscience? My son has worked so hard to reach the position of director, is it easy for him? Why do you guys want to harm him?”

“Ma”

Director Huang was terrified, he yelled, “Stop talking nonsense, I’m going to be killed by you!”

“Lao San, you don’t have to be afraid, no one would dare harm you with mum around!” Director Huang’s mother crossed her arms, pointed one hand at Ji Feng and the two of them, and opened her mouth to curse, “You two little brutes who are born and not raised, I’m here today to see which one of you dares to harm my son! See if I don’t run over him head on!”

Swish!

Qiu Pengfei’s face turned green, his eyes flashed with anger as he turned his head to look at Ji Feng, “Young Ji, I finally understand why you won’t let me stay!”

He gritted his teeth, “Let’s go!”

Being scolded so harshly by a middle-aged woman pointing at his nose, Qiu Pengfei was really furious. If the other party wasn’t a woman, or a middle-aged woman, Qiu Pengfei would have slapped his face!

But now, he could only grit his teeth and turn around to leave.

“Young Qiu!”

Seeing that Qiu Pengfei was about to leave, Director Huang hurriedly lunged over in fear, protecting Qiu Pengfei's leg: "Young Qiu, I was wrong, please forgive me! I don't want to go to a remote and poor area!"

"Get lost!"

Qiu Pengfei kicked him away, "You're a disgrace, you disgust me to death!"

"Lao-san!"

Chief Huang's mother screamed and lunged at once, "I'll fight you!"

"Fuck!"

Qiu Pengfei's scalp suddenly tingled, how could he not want to be pestered by a middle-aged woman to fight for his life, he hurriedly dodged.

"And you guys, I'll fight you to the death!" Chief Huang's mother took one look at Qiu Pengfei dodging, and in a flash she pounced on Ji Feng and Tong Lei again.

Slap!

A slap smacked past, instantly knocking her into a stumble.

"Slap! Slap!"

Several consecutive slaps ruthlessly slapped over, and Director Huang's mother was knocked backwards one after another.

This time, even Ji Feng was extremely surprised, because the one who did it was Tong Lei!

"To teach your son inappropriately, and to spill your guts here, is this how you are a mother?!" Tong Lei reprimanded with a cold face.

"You you" Director Huang's mother was dumbfounded by these slaps, she didn't cry or make a scene, she just looked at Tong Lei in shock and with a hint of fear.

"Your granddaughter is the apple of your eye, and someone else's child is not a child? You are the reason your son is where he is today, who else do you want to fight for?" Tong Lei's voice wasn't very loud, but it had a kind of majesty that left no room for doubt, "You don't have the qualifications to fight for your life with anyone, you have no right to hurt anyone!"

Director Huang's mother just stared at Tong Lei dumbfounded, even forgetting that she had been beaten.

"Let's go!" Tong Lei shook her head, not wanting to say anything more, there was an old saying that one person gets the right to have a chicken and a dog rise to heaven, to put it nicely, it was called a mother with a son.

However, Director Huang's mother was so bad that it made even Tong Lei extremely angry.

"Fighting for your life with someone? Fight for your life with yourself!" Qiu Pengfei sneered, turned around and left, he didn't want to see this woman anymore either, it was disgusting.

Ji Feng and Pei Shou also shook their heads and didn't say a word.

This woman, really already let people don't know what to say, seen a calf protector, but never seen such a domineering woman!

Looking at the backs of a few people, Director Huang and his mother both stood there in a daze, forgetting to even speak.

When the others watched this scene, they couldn't help but shake their heads, having such a mother and then having such a big-headed chief's son, they were really worthy of being mother and son!

Especially the scene where Chief Huang knelt down just now, it was even more amazing.

Is it that spineless?

It's not like it's going to kill you, at most you'll be removed from your position, there are plenty of ways to earn money in this world, just so shy?

"Ding"

Suddenly, a shrill ringing sounded, but it was the phone of the kindergarten director who was frozen on the sidelines.

"Hello?"

"Received a notice from the higher-ups that your kindergarten is to undergo renovation and re-approval, who have you offended?"

Barf!

The kindergarten director's phone dropped on the floor

She looked blankly at Director Huang, who was limp on the ground, and then at the middle-aged woman who was dumbfounded that her son, who was the deputy director of the Education Bureau, had fallen to this state.

However, she had only ingratiated herself with him, and had not done anything excessive!

All this time, she still doesn't know exactly what she did wrong, or even what was wrong with her behaviour!

What is the point of keeping such kindergartens if they are not reformed? What's the point of keeping them if they don't rectify the situation?

"It's over!"

Those few policemen saw this scene and their bodies trembled as they realised that they were afraid that everyone would not get away with it today, and that they, themselves and the others, would not be able to escape responsibility!

Only at this time did they realise that bullying wasn't actually that fun, and once they kicked the iron, then they might just mess up and break their own bones!

Chapter 1502

This scene, which seemed like a farce, came to an end amidst shameful laughter and shaking of heads, but all those who saw this incident will not easily forget it.

If you have the power, don't bully people easily, think about it from another angle, maybe there will be another solution to the matter.

Especially the parents of these students at the scene, most of them are a bit rich and some of them are a bit powerful, for them, this scene today is the most vivid lesson.

They will never forget what will happen if they are too arrogant.

Just because ordinary people don't have the ability to deal with you, doesn't mean that everyone doesn't have the means to cure you, there's always someone more powerful than you.

The fact that Ji Feng would not have thought that his actions today would inadvertently teach so many people a lesson, and that so many young children would be watching, was an unexpected gain.

At this moment, he had already joined Qiu Pengfei and Pei Shou, and took a taxi to a nearby restaurant.

"Young Ji, Mr. Pei, and sister-in-law, all please have a seat!"

Arriving at the private room in the restaurant, Qiu Pengfei greeted everyone with a smile, "Young Ji, we're so familiar, I won't greet you, I'll mainly greet my younger sibling, you don't mind!"

"Hey!"

Ji Feng laughed.

Tong Lei also pursed her lips and laughed lightly, of course she knew that Qiu Pengfei was joking, so naturally she wouldn't mind.

But someone else was not happy about it.

"Uncle, there's still me!" Yaoyao couldn't help but give her opinion, "I'm also a guest oh, you have to know how to be polite and greet guests!"

Sweat!

Qiu Pengfei was sweating, he was actually despised by a little girl, don't I know how to be polite?

"So what, it's uncle's fault." Qiu Pengfei hurriedly admitted his mistake, "Little beauty Yaoyao, please sit down too!"

"Thank you~!"

Yao Yao nodded her little head as if she was a little adult and said, "That's right, didn't your teacher teach you that?"

Sweat!

Another lesson!

Qiu Pengfei helplessly surrendered, “Yaoyao, uncle is wrong, will you forgive uncle?”

“Well okay, I forgive you!” Yao Yao nodded, “Uncle, you have to learn your lesson oh.”

“Yes, yes, yes!”

Qiu Pengfei hurriedly nodded his head repeatedly.

“What Yaoyao said is right, uncle, learn your lesson!” Pei Xiaohu also said from the side.

“Brat, what are you talking about!” Pei Shou hurriedly said.

Many things Yao Yao could say, but others could not, after all, Yao Yao said these things Qiu Pengfei was not angry, that was because of Ji Feng’s face.

“Chief Pei!”

Qiu Pengfei waved his hand and said, “What are you nervous about the kid talking, it’s not fun for you to be like this ah, we are all friends together, you are too constrained, right?”

Pei Shou smiled and nodded, but mentally he was much more relaxed.

But at this time, when they looked at Yao Yao and Pei Xiaohu, the two of them were already kneeling on the chairs, not knowing what they were exchanging.

Their childish voices really made people laugh.

“Old Pei, this big picture construction company of yours is mainly engaged in construction, right?” Ji Feng asked with a smile, since they were out to eat together, the children’s words were just a laugh, a spice, it was really still an exchange between them, the adults.

But to Ji Feng’s surprise, Pei Shou shook his head and said, “Hey! I’m ashamed to say that this construction company of mine has actually just started less than half a year ago, and I’ve only just entered this business.”

“Oh? Then what line of work did Pei always work in before?” Qiu Pengfei asked.

“I used to trade in construction machinery, because I often dealt with the bosses in the construction business, and then I did it in partnership with someone!” Pei Shou said with a smile.

“Construction machinery?”

Ji Feng’s heart slightly moved and he couldn’t help but ask: “Which aspect of construction machinery? Is it for the construction industry?”

“Yes, it’s excavators and construction trucks and such!” Pei Shou said.

“That should be very profitable!” Qiu Pengfei was a bit puzzled, “I know a few people who are in this industry, they are doing very well, how come Mr. Pei is not doing it?”

“Mr. Pei is also doing very well now.” Ji Feng laughed.

In the current domestic environment, if you want to do real estate sound without money, it's not too easy. Like those who played empty-glove sleight of hand, they were basically the sons of certain big officials, and this rule was not suitable for Pei Shou's case.

So that means that Pei Shou is actually still very rich.

Pei Shou shook his head and laughed, "Elder brother Ji is overpraised, in fact, I couldn't go on in that industry anymore, that's why I changed my career, otherwise, who would want to change careers all of a sudden."

Ji Feng nodded slightly, this was indeed the case, changing careers meant starting from scratch.

Everyone likes to do the industry they like, if it is not really unsustainable, no one would be willing to switch careers.

"The main thing is that the mechanical impact of the boundary canopy is too great!" Pei Shou said with emotion.

Ji Feng immediately raised his eyebrows, "The boundary tent's machinery?"

Why did he bring up the boundary canopy again in a good way?

Pei Shou said, "I used to be in the domestic machinery trade, to be frank, that is, what we call those domestic miscellaneous brands, of course, this is for those foreign machinery brands, in fact, in our country, also already belong to the giant enterprises."

Ji Feng and Qiu Pengfei nodded at the same time, it is indeed true, domestic heavy industry enterprises are indeed state-run giant enterprises, but many people do not recognize the domestic brands, especially this construction machinery are so expensive, a machine can easily cost about a million, some may be more expensive.

In this case, many owners of engineering companies will choose foreign brands.

"Boundary tent's machinery sells well in China?" Qiu Pengfei asked.

Ji Feng then gave him a look, "One look and you just haven't learned anything about this, fortunately there are no outsiders now, otherwise you would make people laugh if you said that!"

"Khan!"

Qiu Pengfei let out a sarcastic laugh, he indeed hadn't understood the industry.

"The extent to which the machinery of the boundary canopy sells well in the country, well how to describe it to you, by the way, think about the extent to which foreign cars sell well in the country, then you can understand!" Ji Feng said.

"Holy shit!"

Qiu Pengfei immediately froze: "So hard?"

To understand what foreign cars are selling in the country, it's easy to go stand on the road for half an hour and see how many of the cars passing by are domestic brands and how many are foreign brands, and which of the two is worth more when added up?

This is a clear-cut matter!

Qiu Pengfei, however, did not expect that the sales of heavy machinery of the boundary tent within China had actually reached this level!

"It's that ruthless!" Ji Feng nodded and asked again, "Old Pei, but I still have one more question, the heavy machinery of the Boundary Tent, the impact on China's heavy machinery, has it really reached this level?"

"Yes!"

Pei Shou nodded and said, "I'm not too sure about other companies, anyway, at that time my company represented a brand that was considered between first and second class in China, the sales of these years are declining year by year, and it's not the problem of our marketing strategy, in the end, there are only a few old customers who still insist on using our products, other customers are frankly telling us that Boundary Tent's products are of good quality, rarely have problems, and the price is not too expensive, so we had to use Boundary Tent's!"

Ji Feng nodded and couldn't help but fall silent.

One had to admit that Boundary Tent's industry, in China, really had a great influence.

At this moment, Ji Feng suddenly remembered Chuanzi of the Sumida Group, the day she made her grand words at the Tengfei Group, although Ji Feng already took them seriously in his heart, he still thought that she was somewhat talking big.

But now he knew from Pei Shuo's mouth that the matter was even more serious than he had imagined!

"So in that case, the other construction machinery companies in the country are now almost equally hard hit?" Ji Feng asked with a frown.

Pei Shou nodded and said, "As far as I understand the situation anyway, that's indeed the case!"

"Those brats are so powerful?" Qiu Pengfei asked with a frown.

"Yeah, there are two places that have hit Chinese industry the hardest, the first is the boundary tents, their products are at a good price and, I have to admit, the quality is really overwhelming." Pei said, "The second is Germany, the Germans are incredibly rigorous and serious, their products are of better quality than the Boundary Tent's, however, the prices are more expensive than the Boundary Tent's, so the Boundary Tent's products sell better! Of course, I'm talking about heavy machinery."

"Phew~~!"

Ji Feng nodded, "I didn't expect that the situation had become this dire!"

Ji Feng was now almost certain that companies like Pei Shou's closing down and switching to other businesses was definitely not an isolated case, and this was only in Jiangzhou, there were definitely companies like this closing down, or even going bankrupt elsewhere too!

In fact, Pei Zhuan is only talking about heavy machinery, in other areas, such as the automotive industry and so on, the impact of foreign brands is actually greater, on the surface does not seem to see anything, but if you think about it carefully you can understand the seriousness of the matter.

Now so many joint ventures have sprung up in the country, a certain brand name car has started to be domestically produced, etc.

In fact, in this kind of cooperation, the Chinese side has suffered a big loss, on the surface it looks like cooperation, but in fact in the end, China has only become someone else's wage earner!

The actual fact is that the actual brand-name car is indeed domestically produced, however, the engine is shipped directly from abroad, and what can be produced in China is only a car frame, at most a chassis or something.

At the end of the day, China might not even have the industrial technology!

At that time, China's industry will be truly in decline.

"The industrial of the boundary canopy," Ji Feng mulled it over again in his mouth before nodding heavily, "Good!"

"Old Pei, if there is a chance, want to think about doing the machinery industry again?" Ji Feng suddenly asked.

"Hmm?"

Pei Shou was stunned, he didn't expect Ji Feng to ask that.

"Oh, I just asked casually, don't care!" Ji Feng smiled and waved his hand, "Let's drink, let's not talk about that!"

Chapter 1503

"Old Pei, if a better domestic machine than the Boundary Canopy brand appears, are you still willing to re-copy your old business?" When it was time to part, Ji Feng shook hands with Pei Shou and suddenly asked.

"Hmm?"

Pei Shou was stunned.

"Oh, just a casual question, old Pei, you don't have to mind too much!" Ji Feng laughed.

Pei Shou then paid some attention, because at the dinner table, Ji Feng had similarly asked such a headless question, and now he was asking it again.

It seems

Ji Feng was really attached to this aspect?

“Elder brother Ji, frankly speaking, if I didn’t have no choice, I wouldn’t be willing to switch careers.” Pei Shou spread his hands and said, “I’m sure you know that engaging in real estate in China, especially a slightly smaller scale real estate company, faces a variety of problems in most cases. Compared to engaging in trade, engaging in real estate is very lucrative, but it is much more troublesome!”

Ji Feng nodded slightly, engaging in real estate is indeed profitable, this is common knowledge that everyone knows, but any industry that can be related to real estate is very profitable.

However, engaging in real estate also involves a lot of problems.

“In fact, my biggest headache is demolition!” Pei shook his head and sighed lightly: “To those demolition households compensation, pay more, I am not happy, pay less, they are not happy, in fact, money is a small matter, but once involved in forced demolition this is a matter of burial conscience, is will be poked backbone!”

Ji Feng then laughed, rare Pei shape so frank.

“So if I wasn’t really unfamiliar with other industries, I wouldn’t have come to partner with someone in real estate!” Pei said with a bitter smile, “Right now, once people hear that I’m in real estate, the first thing they say is, “You’re making a lot of money, right? Then behind the scenes they must be talking, this person is probably not a good person, forced demolition and so on have not been engaged in.”

“Oh

Ji Feng couldn’t help but lose his smile.

“Seriously, if we really have the ability to a construction machinery brand in China, not to mention the ability to suppress the boundary tent’s machinery, even if it can just compete with the boundary tent’s machinery, I will absolutely immediately transfer the shares of this construction company and go back to the machinery,” Pei Shou said with a straight face.

Ji Feng nodded slightly, after a moment of silence, he suddenly said, “Old Pei, wait and see, there will definitely be such a mechanical product out, perhaps, there is more than one!”

“Really?”

Pei Shou’s eyes lit up, he suddenly remembered that Ji Feng’s identity was not simple, so he couldn’t help but ask: “Could it be that Old Brother Ji has some inside information?”

“There is no insider information, but I am very confident that we in China will not always lag behind other countries, whether in industry or in other fields!” Ji Feng said with a smile.

Pei Shou could not help but feel a little strange, although Ji Feng was smiling when he spoke, yet, he heard an incomparable firm confidence in Ji Feng’s tone.

Could it be that Ji Feng really had some insider information?

Pei Shou secretly kept an eye out.

Although he didn't know much about industrial matters, he knew that there was still a big gap between China and other developed countries in terms of technology, and the gap could be as long as ten years or even decades.

In other words, it was possible that China might not be able to catch up with those developed countries in a few decades.

Where did Ji Feng get such strong confidence?

"Just wait and see!" Ji Feng repeated once again, his tone even more firm!

"That's good, if this day really comes, I, Old Pei, won't do anything else, I'll go into machinery!" Pei Shou said with a smile.

Ji Feng then nodded his head and did not continue on this topic.

"Let's leave it like this for now, you two, let's meet again some other time!" Ji Feng said with a smile.

Qiu Pengfei and Pei Zhuan also smiled and nodded their heads.

And then, each of the three separated. Ji Feng took Tong Lei and Yao Yao and directly took a taxi home, while Bai Spider went to pick up the car from the kindergarten where Yao Yao went to school.

On the way back, Yao Yao did not chatter her little mouth incessantly anymore. After playing for half a morning and later worrying about her dad being taken away by the bad guys, the little one was already tired. So since finishing lunch, the little one had fallen asleep in Tong Lei's arms.

Now Yao Yao was being carried across the car by Tong Lei and was sleeping soundly.

Her eyes were closed, her long eyelashes looked like two little fans, and her little nose and mouth were so cute that she looked like a little person from a cartoon.

Especially, when Yao Yao was sleeping, she looked like a baby, her hands were clenched in fists, and her little white fingers were moving from time to time, so it was hard not to love her.

Ji Feng's gaze looked at Yao Yao's little girl's face for a while and couldn't help but shake his head and smile, and then his gaze fell on Tong Lei's body again.

Today's Tong Lei is still the same as before, is as clear and beautiful as ever, even if she is now sitting in the car, also gives people a feeling that does not belong to the mortal world, Ji Feng can not help but think, if Tong Lei wears ancient costumes, or in a hazy and dense place, say that she is a fairy, certainly some people believe.

I should say, not many people would not believe it!

This is Tong Lei.

This girl was just so clear and beautiful, her body seemed to be a collection of the most beautiful things in the human world, full of spirituality.

Ji Feng couldn't help but secretly feel that he really didn't know how many lifetimes he had been blessed to be able to have such a beautiful to the extreme girlfriend and other women at the same time.

Thinking about this, Ji Feng couldn't help but blush a little.

Just when Ji Feng was a little embarrassed and wanted to move his gaze away, Tong Lei suddenly turned her head to look at him, "What are you looking at?"

"Not looking at anything!"

The corner of Ji Feng's mouth was tinged with a slight smile, which was truly unbearable to look at.

Even though he knew that Tong Lei was already his own woman now, Ji Feng still had an almost unreal feeling, as he looked at Tong Lei's appearance that was still full of spirituality, his mind could not help but recall the time when he first met Tong Lei.

At that time, Tong Lei was the goddess in the hearts of the whole class and even the whole school, and there were many people secretly in love with her, and he was one of them.

At that time, Tong Lei was also the same as she is now, not saying much, but just that pair of beautiful eyes was enough to express what she wanted to say.

Those were truly eyes that spoke.

That was also a goddess.

When he thought that he had managed to get together with Tong Lei, Ji Feng felt like he was in a dream.

But thankfully, this dream was real.

Now that Tong Lei was sitting beside him, Ji Feng couldn't help but hold Tong Lei's small hand.

Tong Lei also seemed to feel Ji Feng's heart, the corner of her mouth with a sweet smile, leaning her head on Ji Feng's shoulder, this moment, like a warm and sweet first love couple no, it should be a family of three, Tong Lei's arms with a little one in it.

"Who would have thought that this beauty, who seems like a goddess, would actually hit someone?" In Ji Feng's mind, the previous scene in the botanical garden suddenly came back to mind.

Facing the shrew of Director Huang's mother, who seemed to have gone crazy, Tong Lei used her slap to beat up the shrew, who no longer dared to spill her guts, thinking about that scene, the corner of Ji Feng's mouth couldn't help but pull up a curve.

"What are you laughing at!"

Tong Lei didn't even look up to know that Ji Feng was laughing.

The two had been together for a long time, and even the other only needed a look to know what each other wanted to do or say.

Moreover, Tong Lei's progress in aerobics was also very fast, and her six senses were also very sharp, so Ji Feng's expression changed just slightly and Tong Lei was able to sense it clearly.

Ji Feng laughed lightly and said, "I was just thinking, our Lei Lei can actually hit people too!"

Tong Lei's face reddened slightly as she whispered with some embarrassment, "At that time, I was also furious, how could a mother be like that? That's just as well, but she still blamed it on others, and insulted you"

Ji Feng's heart then couldn't help but be flooded with a warm current.

The most important thing is that Chief Huang's mother insulted herself, and the words she said were all very unpleasant.

Of course, the fact that Director Huang's mother was spilling the beans and being unreasonable, which made Tong Lei angry, also had a factor in this regard, but in the final analysis, if it wasn't for herself, Tong Lei certainly wouldn't have taken action, she might not even have bothered with this matter!

Ji Feng also remembered the time when he was in high school, Xu Mo in his class bullied himself, but Tong Lei was trying to protect himself and today's matter compared, how similar they are!

Ji Feng couldn't help but say, "Lei Lei, how deeply do you think I should love you in return for how good you are to me?"

Tong Lei pursed her lips and smiled gently, and didn't say anything.

The taxi just calmed down, except for the sound of car horns and engines roaring from time to time outside, there was nothing else.

"%..... ¥ # ¥ "Suddenly, Yao Yao, who was lying in Tong Lei's arms, said something in her small mouth.

Ji Feng and Tong Lei looked at the same time, and saw this little girl, her little mouth moved a few times, as if she was eating something delicious, and there was a trace of saliva flowing down the corner of her mouth.

The two of them were dumbfounded and laughed.

Dare I say, this little girl was raving, maybe she had dreamt of something delicious.

Tong Lei took out a tissue and wiped the little girl's saliva, that action was very different from her usual cool appearance, it looked especially gentle.

Ji Feng's heart couldn't help but move as he watched, he said softly, "Lei Lei, do you like children?"

"Mm!" Tong Lei gently nodded her head.

"Why?" Ji Feng asked with a smile.

"I think that children are the most innocent, they don't have any pressure, they are carefree, and have the simplest yet most direct ideas." Tong Lei said, "I envy them."

Ji Feng nodded and suddenly asked, "Then do you want to have a child?"

"....."

Where would Tong Lei's words be so well set?

She gave Ji Feng a blank look, pursed her lips and smiled lightly, but did not answer.

Chapter 1504

When Ji Feng, Tong Lei and the others returned home, it was only just after three o'clock, and the white spider had already arrived home before them.

Yao Yao, who had shaken her head and slept the whole way, woke up when she arrived home instead.

She curiously surveyed everything in the villa, standing alone in the doorway, looking left and right, looking curious.

Ji Feng, on the other hand, sat on the sofa in the living room, casually picked up a copy of the Jiangzhou Evening News that had been delivered in the morning and sat there reading the newspaper.

He didn't like watching TV, and although he usually browsed the internet for news, a lot of the news on the internet was so false that he didn't know whether to believe it or not, so the newspaper became his best choice.

It was a slogan to read the evening newspaper at noon.

Ji Feng, on the other hand, because he rarely had time at noon, basically read the newspaper after he got home in the evening, and today he had a rare moment to clear his head.

In fact, there was another reason that kept Ji Feng from doing anything else for the time being.

During the lunch time today, Pei Shou's words made Ji Feng's heart more or less heavy.

China's industry was actually facing such a predicament!

According to Pei Shou, his trading company actually represented several brands of construction machinery at that time, among which was a second-rate top brand in China, and it was a product of an old state-owned enterprise, mainly excavators, of course, there were other brands of forklifts, forklifts, etc. The scale of his trading company was not small.

In fact, if Pei had opened just a small trading company, he would not have had so much money to go into real estate later.

However, it was such a second-rate top brand in China that was actually squeezed by the construction machinery of the boundary tent and could not be sold!

And those forklifts and forklifts and so on, the sales were also pitifully small.

In the end, Pei ended his business as a trading company and switched to the real estate sector.

This clearly shows what kind of situation China's heavy industry is in!

The impact of the construction machinery of the boundary tent on Chinese enterprises is actually so powerful!

This made Ji Feng feel a little uncomfortable in his heart.

Everyone wanted to see their country's products being sold all over the world, to be snapped up by all the consumers in the world, and to feel absolutely immensely proud as a part of this country.

But they don't want to see that their country's industries are being hit by other countries and they can only operate miserably, which is a kind of sadness.

The so-called support for national products, this slogan is actually an extremely helpless expression of emotions.

Imagine if China were to reach or even surpass the most technologically advanced countries in the world in all fields, both in terms of technology and quality of products, then who would be foolish enough to go and buy foreign products?

It is only when they cannot compete with others that they can only shout the slogan of supporting national products.

But right now, it seems that in the heavy construction machinery industry, let alone shouting the slogan of supporting national products, even if you grab people's collar and drag them to the domestic brand shops, I'm afraid that those bosses will turn their heads and leave.

It is the nature of businessmen to seek profit.

Under such circumstances, I believe that the majority of people will choose the machines from KAI Tent, which have excellent performance, advanced technology and are more competitive in terms of price.

This is not a matter of love or patriotism, people are also in business, so if they are asked to lose money, no one will be willing to do it, and no one will even be willing to earn less.

There is money why not earn?

..... What's more, how many experts and scholars are still advocating that something is good between the two countries of China and the boundary tent!

So at the end of the day, it's because China is lagging behind in the industrial sector, other than that, no one can be blamed!

"Industry"

Ji Feng's gaze was fixed on the newspaper, but his heart was not on the newspaper, instead, he kept deliberating in his heart, this China's industry, just how far behind has it fallen?

Look at these news reported in the newspaper, almost all of them are in a great situation!

..... If it's really so good, why can't China's machinery be sold?

Ji Feng couldn't help but be distracted for a while, he casually threw the newspaper onto the coffee table next to him, slightly closed his eyes and deliberated.

"Something has to be done!" Ji Feng secretly said.

Originally, he had the intention of entering the industrial field, because he had a huge amount of knowledge about machinery in his mind, so naturally he couldn't just leave it there unused for nothing.

Later, Ichiro Tanaka and Kawako of the Sumida Group came to the Tengfei Group and provoked them unscrupulously, which made Ji Feng incomparably annoyed, so he was determined to let the Tengfei Group enter the industrial field.

At the very least, he would have to crush the Sumida Group before he could stop!

Although this was a difficult goal to accomplish, Ji Feng was determined to reach it no matter what.

And only after hearing Pei Shou say so today, did Ji Feng realise that he might have thought a little too much about it.

Because from Pei Zhuan's words, it can be heard that the general environment in the industrial field is very bad now, and the reputation of domestic heavy construction machinery among users is not too good, and furthermore, it should be very poor.

This is like, once mentioned domestic mobile phones, we will certainly subconsciously think, domestic almost all are cottage machines, foreign such as what motorbike, four stars, what fruit and other brands, is good mobile phones.

Now the domestic industrial sector, especially heavy construction machinery, is like this.

Even, it is not as good as the mobile phone industry.

Because although the quality of the domestic cottage machine is not good, and the function is not too powerful, but after all, cheap ah, use a half a few months can be thrown away, also does not hurt.

But not for heavy construction machinery, which can cost tens of millions or even millions of dollars, so you can't just throw them away.

Naturally, people have to choose branded products that they can be sure of.

Therefore, the general environment alone makes Ji Feng frown.

It's not something that can be created by advertising alone. Apart from creating momentum, there has to be real quality and word of mouth among users.

What's more, it's not too easy to change this general environment.

It is almost impossible to change it in a short period of time.

Therefore, Ji Feng immediately put away his arrogance and realised that he had thought of things too easily before.

Things had to be taken one step at a time!

"But it will always get better, it will!" Ji Feng said to himself secretly in his heart, "The Boundary Tenters will never be the only one, and they won't always be ahead"

Stomping

Just at that moment, a footstep sounded, and it was very light.

It was Yoyo coming in.

This little girl had watched the door for a while, and I don't know if she had seen something famous, but now she ran in.

She originally wanted to climb onto the sofa to play with Ji Feng, but when she came to follow and saw that Ji Feng's eyes were closed, she was amazed.

"Ee? Daddy's asleep?" Yao Yao stared at Ji Feng curiously and after looking at him for a while, she couldn't help but cock her little head and make a silent gesture to Han Zhen who was following her from behind.

"Shhh"

Yao Yao cautiously opened her mouth, as if she was speaking, but no sound came out.

Han Zhen couldn't help but laugh lightly, of course she could tell that Yoyo's muzzle was saying, "Don't make a sound sister, daddy is asleep!"

"Stomp~!"

Yaoyao trotted over to Han Zhen, tugging on the corner of her coat and whispering, "Sister, let's go and play with Sister Lei Lei."

"She's coming down!" Han Zhen said, holding back a smile.

"Ee?"

Yaoyao turned around and instantly noticed that Tong Lei had changed into a looser and softer housecoat and was heading down the stairs.

Yaoyao's eyes instantly lit up as she stomped over and bailed out of Tong Lei's legs at once, with a naughty look on her face.

"Yaoyao, from now on, no running around at the entrance of the stairs, it's easy to fall that way, do you hear me!" At this time, Ji Feng opened his eyes.

"Daddy's awake?" Yaoyao was instantly happy, she pulled Tong Lei's clothes and walked towards the living room, "Sister Lei Lei come quickly, Daddy is awake, let's play together!"

"Little girl, you're still quite playful!" Ji Feng said with a smile, and then explained, "Yao Yao, did you hear what I told you just now, don't run off again."

"Yaoyao remembered!" Yao Yao ran to the sofa and looked up at Ji Feng with her little face.

"Good if you remember!"

Ji Feng smiled and pinched her little nose.

"Daddy is bad~" Yao Yao was furious and pushed Ji Feng's hand away, saying very reluctantly, "People said pinching your nose will make you ugly!"

Sweat!

The little girl even knows that she loves beauty?

Ji Feng couldn't help but shake his head and lose his smile, "That's a lie, little kids who get their noses pinched a lot will only be prettier when they grow up!"

"Really?" Yao Yao's eyes opened wide, those eyelashes flickering like little fans.

"Yao Yao, come play with sister over here!" Tong Lei carried Yaoyao to the single sofa next to her and casually gave her her mobile phone, "Sister will play cartoons for you, okay?"

"Lei Lei, is it okay for kids to play with their phones?" Ji Feng asked.

"Just give her a moment to play, it doesn't matter!" Tong Lei said, "There are no toys at home for children to play with, so if we don't find something for her to do, I'm afraid she'll get bored in a while."

Ji Feng nodded his head and didn't say anything else.

However, he knew that Yao Yao was not an ordinary child, she usually had no one to accompany her when she was at home, at most there was a nanny to take care of her, and she had nothing to play with, and she didn't get tired of it either.

Thinking about what happened to Yaoyao before, Ji Feng did feel that it was right to be kinder to her now.

Besides, no matter who saw such a cute child, they would always love it too.

"Buzz"

The mobile phone on the coffee table suddenly vibrated.

"Ee? Daddy, it's calling!" Yao Yao said, about to slide down from the sofa and prepare to take the phone to Ji Feng.

Tong Lei laughed lightly, "Don't follow and add to the mess if you're a little one."

Ji Feng also shook his head and laughed, he casually picked up the phone and was slightly stunned when he saw the caller ID.

Chapter 1505

What Ji Feng didn't expect was that the call was actually from Rong Suyan.

He came outside and picked up the phone, "Suyan. This is Ji Feng."

"Young Ji, taking the liberty of calling you, I'm not disturbing you, right?" There was some hesitation in Rong Suyan's voice and she seemed to appear embarrassed.

Ji Feng laughed: "Where are these words, we are all friends so there is no need to be so polite, right, you are calling me suddenly, is there something going on?"

He listened to Rong Suyan's tone, although it also sounded like there was just some hesitation, other than that there was nothing unusual, but Ji Feng was able to keenly feel that Rong Suyan seemed to be pretending to be relaxed?

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

“The actual fact is that you’ll be able to get a lot more than just a few of these. The first thing I want to do is to ask you for a favor!” Rong Suyan said, “Young Ji, you are very knowledgeable and you know a lot of people, I don’t know if there are any powerful people among the people you know?”

“Powerful people?”

Ji Feng faintly shook his head and said, “Su Yan, don’t stammer when you speak, I don’t quite understand what you mean.”

There are quite a few powerful people Ji Feng knows, like He Hongwei, Xiang Yongzhan, and so on

These people are all very powerful.

And there is also Wu Zhiyong who makes Ji Feng feel a bit grim when he mentions it, he is also very powerful, I just don’t know which one Rong Suyan is talking about?

Rong Suyan said, “Young Ji, the kind of person I’m talking about who is powerful is the kind who is very good at fighting, preferably a veteran with superb hands!”

Ji Feng then immediately understood what she meant and couldn’t help but say, “Su Yan, I understand what you mean, however, usually such people are either as bodyguards or fighters, you are looking for such powerful people for”?

“..... even if it’s to be a bodyguard!” Rong Suyan said.

Ji Feng then a little less understanding, looking for a bodyguard just directly said looking for a bodyguard, what do you mean is considered to find a few people to be a bodyguard?

“Suyan, are you you encountering any problems?” Ji Feng immediately realized that there might be some problems on Rong Suyan’s side.

Otherwise, with Rong Suyan’s shrewdness and intelligence, let alone the fact that she stammered strangely when she spoke, even the meaning she expressed was very vague, which didn’t quite match Rong Suyan’s character.

Then there is only one possibility – Rong Suyan is in some kind of trouble and it’s not convenient to talk about it over the phone!

Ji Feng couldn’t help but feel tight in his heart, and without waiting for Rong Suyan to answer, he immediately asked, “Suyan, you’re in the company, right?”

“Yes, I’m at the company!” Rong Suyan nodded her head.

“Then don’t go out for the time being, wait for me at the company, I’ll be right over!” Ji Feng said.

“Don’t want to, right? You just don’t have to make another trip”

“Since we’re all friends, you shouldn’t be so polite, wait for me!” After Ji Feng finished speaking, he simply hung up the phone.

He stood in the courtyard and deliberated for a moment, guessing what kind of trouble Rong Suyan had encountered, and actually had to hire a bodyguard, guessing that Rong Suyan felt that the problem was tricky.

Thinking of this, Ji Feng immediately turned around and returned to the living room.

“Lei Lei, you take Yao Yao to play first, I have to go out for a while.” Ji Feng said.

“Mm! You take care of safety!” Tong Lei nodded her head.

“Dad, are you going out? Is it to play?” Yoyo asked curiously, “Will you take Yoyo with you?”

“You little girl just knows how to play!”

Ji Feng smiled and pinched her little nose, laughing, “Daddy is going out for business, so don’t follow and make trouble, follow Sister Lei Lei properly at home, be obedient and don’t make Sister angry, you hear me!”

“Yes!”

Yao Yao nodded vigorously and said obediently, “Daddy, I remember.”

“Good boy!”

Ji Feng smiled, patted her little head and said, “Bye Yaoyao!”

“Mmm! Bye Daddy~~” Yao Yao waved her little hand vigorously a few times.

“Hehe”

Ji Feng smiled, waved his hand at White Spider and said, “White Spider, let’s go” By the way, take the things I gave you last time with you!”

“Yes!”

White Spider nodded her head, and in those beautiful eyes, there was a hint of astonishment.

Of course she knew what Ji Feng was talking about, but the fact that Ji Feng had asked her to bring it with her this time when she went out somewhat surprised her.

However, White Spider was not going to ask anything, especially in front of Tong Lei.

Soon, White Spider drove the car out of the villa courtyard, and in the car Ji Feng asked, “White Spider, you brought all the things you were told to bring, right?”

“Yes, I’ve brought everything!” The white spider nodded.

As he spoke, White Spider handed over a small bag, and Ji Feng took it and unzipped it, before nodding slightly.

Bai Spider hesitated for a moment, but still asked, “Young Ji, is there some kind of mission to be carried out this time? Should I prepare for it?”

“No need!”

Ji Feng waved his hand, "It's enough to bring something with you."

White Spider then nodded and stopped talking.

.....

Rong's Venture Capital Company, in the general manager's office, Rong Suyan put down the phone.

At this moment, Rong Peng, who was sitting on the sofa, immediately asked, "Suyan, what did Ji Feng say over there? I heard you say just now that he seems to be coming over in person?"

"Mm!"

Rong Suyan nodded, thinking that as soon as Ji Feng heard that she was in trouble, he was going to come over immediately without saying a word, a strange look flashed through Rong Suyan's beautiful eyes, but it was just a flash, not letting her father see it.

But what kind of person is Rong Peng?

Even if he didn't see Rong Suyan's expression, he knew just by listening to Rong Suyan's words that Ji Feng definitely didn't treat Rong Suyan as an ordinary acquaintance, or at least, a very good friend.

If Ji Feng wasn't nervous about Rong Suyan, wouldn't he have rushed over as soon as he heard that Rong Suyan might be in trouble?

Even when treating a friend, there is a priority.

"Oh"

Rong Peng then couldn't help but laugh, he picked up his cup of tea, gently took a sip and said with a smile, "Suyan, it seems ah, this Ji Feng is still very nervous about you ah!"

"Dad, you shouldn't be making fun of me!" Rong Suyan laughed bitterly helplessly.

The two of them might not see each other for a month or two in a row, and they rarely even sent a text message, not to mention the usual phone contact.

Moreover, the two would have been friends, or even the kind that transforms from enemies to friends.

To say that Ji Feng is interested in her

The first thing you need to do is to think about it.

"Dad, you should stop talking about this, to save people from hearing jokes, or think about how to solve the problems we are experiencing!" Rong Suyan shook her head, putting all these thoughts aside, and said softly.

Rong Peng, however, looked relaxed as he waved his hand and said, "Suyan, there is no need to worry too much about everything. Think about it, what could be more difficult to accept than losing the Rong Peng Group? Such a small matter, no need to worry too much!"

"Dad, this time is different!" Rong Suyan said, "Losing the Rongpeng Group, although it made us all angry and hard to accept, but that was after all just something out of body, but this time"

“How about this time?”

Rong Peng couldn't help but coldly snort and proudly said, “Suyan, your father has no other achievements in this life, but when it comes to guts, I'm no less than anyone else's! No matter what kind of clowns they are, they can't scare me!”

Rong Suyan shook her head helplessly, she knew that her father was good at everything else, but he had a stubborn temper, once he got stubborn, no one could stop him.

In the past, when the relationship between the Rong family and the Wu family was still quite good, her father did not even give face to Wu Zhihe, at most, when Wu Zhiyong spoke, her father would consider it, but whether he would accept it or not was still up in the air, now there was really no one who could control him.

In fact, Rong Suyan also knows that the reason why her father has such a fierce reaction now is actually because he is holding his anger in his heart.

Ever since he had lost the Rong Peng Group, his father had been holding his anger in his mouth and had not been able to get it out. This time, he encountered this troublesome matter again, and the fire in his heart was aroused.

Just

Rong Suyan couldn't help but shake her head, this matter wasn't too easy to solve, either.

Moreover, the distress caused by this matter was definitely not small.

“Suyan, don't worry!” Seeing his daughter shaking her head, Rong Peng couldn't help but say with relief, “We can't be frightened by these jumping clowns, besides, since Ji Feng is coming over, I believe he must have a solution”

“And we can only hope so!” Rong Suyan nodded her head.

“Ugh!”

Rong Peng let out a long sigh and said in a hateful voice, “To think that I, Rong Peng, have actually ended up in this situation, it's really unbelievable to say it out loud!”

Rong Suyan couldn't help but feel a little bit sad in her heart, her father didn't know when he would be able to get out of this anger.

The company's business is not a good one, but it is a good one.

Under such circumstances, although Rong Peng's life is not under any pressure, he is not happy in his heart.

What's more, now that he has actually fallen to this state, even his own safety has received a threat.

If it was before, who would dare to call the shots with the Rong family?

There was no telling when the Rong Peng Group would be crushed. Looking at her father's furrowed brow, Rong Suyan couldn't help but sigh lightly in secret.

She found that after she came to Jiangzhou, it seemed that she could not see any hope

“Knock knock knock!”

There was a knock on the office door.

A girl pushed the door in and said, “Chief Rong, there are two people outside to see you, one of them said his name is Ji Feng and he is your friend, Chief Rong!”

“Ji Feng is here?” Rong Peng instantly laughed.

“Quickly invite them in!” Rong Suyan said.

At this moment, Ji Feng, however, was standing below the office building of Rong’s Ventures, frowning and looking at the layout of the place.

As soon as he stepped into the place, he sensed a hint of something wrong.

Chapter 1506

Ji Feng frowned slightly, and then he swirled and stretched.

The arrangement of this office building did seem a bit odd.

First of all, this lobby, under normal circumstances, there might be people from the property company in the lobby of the office building, such as leaving a few service staff, so that if any problem arises, these people can help solve it.

Of course, generally when problems arise, it must also be the company inside this office building that has the problem, for example, a certain company may have some big clients visiting, then they will explain the property company service staff in the lobby and ask them to keep an eye on them, or help to receive them beforehand, which is all very common.

Simply put, these property company personnel are the ones who serve the various companies in the office building.

In addition to the service staff of the property company, there are also several security guards in the lobby, who say that they maintain law and order in the office building. In fact, it is rare for law and order cases to occur in the office building, in fact, the vast majority of the time, these guards are patrolling from floor to floor to see if the lights in the stairways are broken or to see if the emergency fire escape is clear

Of course, this is all talking about the normal situation.

And right now, Ji Feng has noticed something not quite normal.

For example, right now, the situation here looks a little less than normal. There were seven or eight security guards in the lobby, and that was just what could be seen, if there were still people patrolling between floors, that meant that there were more than a dozen security guards here!

What was even more strange to Ji Feng was that these security guards were all equipped with the kind of long batons, such batons were normally only used by police officers, ordinary security guards used the very ordinary kind of batons.

Moreover, these security guards all had an incomparably alert look on their faces, looking at the people passing by, they all seemed to be tensing their nerves and scrutinising these people.

Just now, Ji Feng was standing at the entrance of the lobby, and although these security guards all seemed to be busy with their respective things, the afterglow that they secretly glanced over from time to time made Ji Feng feel that they were spying on him.

“That’s strange!”

Ji Feng couldn’t help but wonder in his heart, how come he looked so much like a bad guy?

He touched his face and secretly shook his head, he looked okay, right?

“Young Ji, something isn’t quite right!” White Spider had also sensed a hint of tension a long time ago, she quietly took two steps back and stood a meter or so to the right rear of Ji Feng’s body.

This position she was standing at, this distance, was the most appropriate position, where she could have the maximum range of vision, without any dead ends of sight. Moreover, a distance of more than a metre, which could be crossed in just one arrow step, would allow her to be able to make the quickest reaction and movement in the shortest possible time!

However, if an insider saw this scene, he would definitely be secretly surprised in his heart.

For only the most elite of guards would react in this way, and that too, because they sensed danger

It was indeed not right.

Ji Feng agreed with the white spider, there would never be such a tense atmosphere in a normal office building, and this alone was worth being wary of.

But exactly what was going on, Ji Feng was unable to say yet.

After Ji Feng’s gaze swept around the lobby, he said in a low voice, “White Spider, you wait here.”

After saying that, Ji Feng immediately turned around and walked out.

Bai Spider, however, would not stay here, she had to follow Ji Feng closely, because the space outside was much wider, maybe the danger was hidden somewhere.

Ji Feng arrived outside the office building, quickly stepped down the steps and stopped about 40 or 50 metres away from the office building.

And then he turned around and tilted his head to look up.

“Sure enough!”

Ji Feng’s eyes flinched, he had felt that something was wrong before he came in just now, and now that he took a look, it was true.

Looking around, the windows of this office building actually had all the curtains drawn on them!

It was broad daylight, and everyone was working, so why were the curtains all drawn?

Is it going to be a subterfuge?

An evil thought flashed through Ji Feng's mind, but immediately, he laughed, even if it was to be a subterfuge, then not all the curtains would be drawn, right?

"White spider, see, there's a problem with this office building!" Ji Feng said in a low voice.

"Hmm! Something is very wrong!"

White Spider said, "It's like"

Ji Feng couldn't help but ask, "Did you think of something?"

"Young Ji, this might be because of my professional habits, anyway, in my opinion, this drawing of the curtains in broad daylight has only one purpose." White Spider's eyes were sharp as he said, "The first thing I would think of is to prevent someone from seeing inside the office building!"

"To prevent surveillance!"

Ji Feng nodded, "I was thinking the same thing!"

"But why are all the windows with curtains drawn?" White Spider was a bit puzzled.

"That's unknown!" Ji Feng shook his head, he had been to this office building more than once, when Rong's Ventures had just listed for business, he had come here, only at that time he did not come in, but sat in the cafe across the road with his second brother, Ji Shaolei.

At that time, he also saw Wu Zhiyong.

But back then, everything was normal in the office building, so how long had it been since then, and how had it become like this?

"Swish!"

Suddenly, Ji Feng's body suddenly tightened up.

White Spider also had a cold glint in her eyes, she lowered her voice: "Ji Shao"

"No need to be nervous!"

Ji Feng smiled and waved his hand.

He smiled as if nothing was wrong on the surface, and then turned his head to look at Bai Spider and smiled, "Alright, we can't guess blindly here, so we'd better go in and wait."

"Mm!"

White Spider immediately understood and followed Ji Feng into the office building.

As soon as he entered the lobby of the office building, Bai Spider immediately said in a deep voice, "Young Ji, just now I felt someone was staring at us in the dark!"

“Do you know in which direction?” Ji Feng asked with a smile.

White Spider shook her head slightly, she could detect danger, it was a habit developed from countless life and death trials, and then gradually became an instinct.

However, she could not yet tell exactly which direction this watcher was in.

“Go to the cafe across the street and take a look, on the sub-top floor, the specific location well should be in the middle of a few windows, you keep an eye out, more specific I can’t grasp.” Ji Feng said.

“Yes!”

White spider immediately nodded, “However, Ji young your safety”

“You don’t need to worry about me, the other party may not be coming for us!” Ji Feng waved his hand, “Maybe the other party is just spying, if it’s not necessary, you shouldn’t alert the other party!”

“Then okay!” White Spider nodded and turned her head to go out.

“Be careful!”

Ji Feng admonished from behind.

“Yes!”

“Stomp~~!”

Just then, the lift of the office building opened and a girl quickly walked over, “Mr. Ji, our General Manager Rong invites you in.”

“Thanks a lot.” Ji Feng faintly nodded his head.

He followed this girl quickly into the lift and couldn’t help but ask with a smile, “This little lady, I would like to ask, why are there so many security guards in this office building of yours? The property fees you pay are all being used casually like this?”

“Mr. Ji, this is not something that a clerk like me can manage.” The girl said.

Ji Feng shook his head and said, “You should talk to your General Manager Rong later, these property companies just like to charge casually, you can’t spoil them, otherwise the company will be bankrupted by them in the future with this and that fee!”

The girl pursed her lips and laughed lightly, thought for a moment, but was a bit reluctant to say anything.

Ji Feng knew that this girl was very tight-lipped, so he couldn’t ask anything from her mouth.

“Mr. Rong, Mr. Ji is here!” The girl pushed open the door and gestured to Ji Feng, “Mr. Ji, please come in.”

“Many thanks!”

Ji Feng nodded his head and walked into the office.

“Ji Feng!” Rong Suyan and Rong Peng both stood up, seeing Ji Feng coming, this father and daughter both had very bright smiles on their faces, Rong Suyan was still a bit more subtle, just pursing her lips and smiling, but Rong Peng laughed out loud.

“Young Ji, it’s been a long time!” Rong Peng smiled and shook hands with Ji Feng.

Ji Feng laughed: “Uncle Rong, you’re blaming me for not visiting you more often, really sweating, this is indeed my fault!”

“I wouldn’t dare to do that!”

Ji Feng’s low posture made Rong Peng feel more than dignified, he said with a smile, “Young Ji, please sit down quickly, Su Yan, make tea for Young Ji!”

“Young Ji, I’m sorry to make you come all the way here!” After the two of them sat down, Rong Peng said with a smile.

“Uncle Rong, that’s too polite, it’s only right to come and see you and Suyan!” Ji Feng said with a smile, “What’s more, now that it seems that Suyan has something to look for me, that’s all the more reason for me to come.”

“Hi! It’s not really a big deal, it’s just some clowns jumping on the bandwagon, it’s not worth making a fuss about!” Rong Peng waved his hand.

“Dad, just don’t make it sound so easy.” Rong Suyan put the teacups on the coffee table in front of the two of them and couldn’t help but say, “Young Ji, I’m really sorry for making you make a special trip this time, but we’re much more relieved that you’re here.”

Ji Feng couldn’t help but ask, “Su Yan, Uncle Rong, at the risk of asking, what kind of problem did you guys encounter?”

“Hehe ……”

Rong Peng laughed, and his demeanor was not as relaxed as it was just now.

Rong Suyan also shook his head helplessly and said, “Young Ji, in fact, to say exactly what problems we have encountered, we can’t say too clearly, but there is no doubt that we have truly encountered problems.”

“Oh?”

Ji Feng asked in surprise, “What does that mean?”

Rong Suyan exchanged glances with her father and couldn’t help but let out a soft sigh as she said, “Young Ji, in fact, you should have seen when you came here that the atmosphere in this office building is a bit off, right?”

“Yes!” Ji Feng nodded his head.

Chapter 1507

Rong Suyan exchanged glances with her father and couldn't help but sigh lightly as she said, "Young Ji, in fact, you should have seen when you came here that there's something not quite right about the atmosphere in this office building, right?"

"Yes!" Ji Feng nodded his head.

The situation in this office building, as soon as Ji Feng arrived, he felt that something was greatly wrong, not just wrong, strictly speaking, it was very wrong.

It was as if

The first thing that happened was that everyone had a feeling of being on the brink of an enemy!

"Young Ji, what actually happened, I still haven't figured it out until now." Rong Suyan shook her head and said, "However, there is one thing that you can see."

Saying that, Rong Suyan pointed to her desk, "Ji Shao, please come and see."

"Oh?"

Ji Feng stood up, he came to the desk, looked in the direction of Rong Suyan's finger, and immediately his brows furrowed.

On the solid wood desktop of that desk, there was a small hole, and there were some scorch marks around that small hole.

A bullet hole!

This was definitely a bullet hole!

Ji Feng could tell at a glance that this was not an ordinary bullet hole, and by looking at the size of the small hole, he could conclude that the bullet that had pierced the desk was definitely larger than the bullet fired from an ordinary gun.

This should be a rifle with a slightly larger calibre.

Ji Feng immediately thought of a type of gun – a sniper rifle!

Immediately, Ji Feng suddenly understood why this office building would look strange, not only had there been a lot more security guards in the lobby, but they all looked alert, and the windows on that upper floor were all curtained up

It turned out that they had been shot at here!

"This should be a sniper rifle!" Ji Feng stared at that bullet hole for a long time before he said, he was familiar with firearms that's true, but he couldn't be considered too familiar with realistic firearms, models, and the size of bullets and such.

But judging from the scene in front of him, this would be the sniper rifle.

"What the hell is going on?" Ji Feng's face gaped and he couldn't help but ask with a frown.

Rong Suyan had actually been shot at, which was something Ji Feng hadn't expected, who could she, a girl, have offended?

Who would use such ruthless means to deal with Rong Suyan?

"Five days ago, I was working in this office when I suddenly felt that there seemed to be a blinding light from upstairs opposite, so I got up to check, only to hear a gunshot across the room just as I stood up, and when I looked back, I found an extra bullet hole in this desk!" Rong Suyan said, "The glass on that window, also had a small hole punched in it!"

"For no reason, it was shot at?" Ji Feng asked.

Rong Suyan nodded with a bitter smile and said, "Whether it was for no reason or not, you have to ask the person who fired the gun, anyway, as far as I remember, I didn't do anything that would make people angry in heaven!"

"So the person who shot the gun got caught?" Ji Feng asked.

"No!"

Rong Suyan shook her head and said, "We reported it to the police, and the police even came over specifically to investigate, but they didn't find any clues, they just found a few footprints on the roof of the building opposite, but they didn't even find any bullet casings"

"What about the bullets?" Ji Feng asked.

"The bullets were found, but we didn't understand them, so they were taken away by the police!" Rong Suyan said.

Ji Feng nodded slightly and said, "It's good that it was taken away by the police, maybe the police can find out something."

Since it was a sniper rifle, it must be regular military equipment, and not modified by some weapons expert who came from the wild, in which case the police could find out where the gun came from through the bullets.

This is a clue, and following this clue, we may be able to follow the trail and find the source of this gun, and finally find out who is using this gun now.

Of course, exactly how to find it, Ji Feng is not too sure, he does not know much about the police's way of handling cases and their ability to handle cases, so he can only say 'maybe', but not for sure.

But if you can find it, it's better!

Ji Feng paced slowly and came to the window, he pulled the curtain open a slit and looked towards the opposite side.

"Hey!"

Rong Suyan hurriedly said, "Young Ji, be careful!"

“Don’t worry, unless someone’s gaze can still penetrate the curtain from that far away, the other party won’t be able to see me.” Ji Feng smiled and waved his hand, but his gaze fell through the gap to the cafe across the street, looking at the top floor and then at the one window on the cafe

Soon, Ji Feng found a bullet hole in the window in front of him.

The bullet hole was already full of cracks all around, but the glass was not completely broken, it looked like it should be tempered glass, and the quality was very good.

“Since we know there’s a sniper, why didn’t we change all this glass to bulletproof?” Ji Feng turned his head and asked.

“The police said that ordinary bulletproof glass may not be able to protect against sniper guns either!” Rong Suyan said, “Besides, bulletproof glass isn’t that easy to buy.”

Ji Feng nodded slightly as he casually took off the sunglasses hanging on his jacket’s breast pocket and then placed them in front of his body.

A bright light reflected onto Rong Suyan’s face, and she immediately took her hand to cover it up.

“It was such a bright light then, wasn’t it?” Ji Feng asked.

“Yes, it was this kind of bright light!” Rong Suyan immediately nodded her head, “Young Ji, did you find something?”

“That’s definitely the sniper rifle!” Ji Feng said with a nod, “What you saw should be the light reflected from the scope during the other party’s aiming, and it’s also lucky that you saw it, otherwise”

Generally more professional snipers, they actually have a very short time from raising the gun to the process of aiming, often just put the gun to the side of the chest, finger to the trigger, a short one or two seconds to aim.

Therefore, even if the sight reflects light, people who are not careful will not notice it.

It was because of this action that the sniper had no time to stop, and had to pull the trigger immediately.

It was also because of Rong Suyan’s carefulness that she saved her life.

The sniper’s level was also evident from this point, as Rong Suyan only saw a light reflecting and then got up to look, which was definitely not a long time in between!

This means that the sniper was not an average one, or at least not a mediocre one!

When the police came to investigate, they didn’t tell them that it was the light reflected from the scope!

They could naturally hear what Ji Feng meant by those words he didn’t say, at that time Rong Suyan was really in danger, she almost had a brush with death!

“Son of a bitch!”

Rong Peng cursed through clenched teeth. When he thought of how close his daughter had come to losing her life, Rong Peng gritted his teeth in hatred.

When did he, Rong Peng, actually end up in this situation too?!

“Suyan, you continue.” Ji Feng looked outside again before he said.

“After the shooting incident, the whole building was a bit frightened, and as you can see, the property company sent a lot of extra security guards, so people who weren’t from the building had to be led by someone from the building if they wanted to go upstairs.” Rong Suyan said, “You also saw it, right, almost all the windows in the building have drawn the curtains, just in case that bullet doesn’t grow eyes and hits itself at some point”

“Hehe,” Ji Feng couldn’t help but laugh.

“What’s happening now is that the whole building has become a little nervous, all day long they are careful, to put it bluntly, it can be said that they are on strict guard!” Rong Suyan said, “But since that time, yet there have been no more attacks.”

“Well, go on.” Ji Feng nodded his head.

“Actually, what I’m more distressed about now is not just that shooting incident.” Rong Suyan said, “I don’t know if I’ve become nervous too, I always feel as if someone is watching me”

“What did the police say?” Ji Feng asked.

“They haven’t heard anything yet, my father also went to ask, and they said they are continuing the investigation!” Rong Suyan said.

“Humph!”

Rong Peng seemed to have a strong opinion, “If we just counted on them, we don’t know how many times we’d die!”

Ji Feng smiled, “You can’t say that either, in fact, the police are still very intimidating.”

“Anyway, I don’t count on them now!” Rong Peng hummed, “If you can’t count on others, then you can only rely on yourself! Young Ji, this time when Su Yan called you, she was actually hoping that you could help introduce a few more powerful bodyguards.”

“Just having bodyguards won’t work, right?” Ji Feng said, “There are a thousand days to be a thief, but there is no thousand days to defend against a thief, even if the defense is perfect, there will always be times of negligence, no one knows when the other side will attack, just one small oversight caught by the other side, may be killed!”

“But what can be done?”

Rong Suyan’s cicada head shook lightly, “We are not capable of checking it out ourselves, we can only be careful and on guard!”

Ji Feng frowned and asked, “Uncle Rong, Suyan, think back carefully, did you offend someone somewhere, or did you have a conflict with someone? For example, in life, in work, think about it all!”

There are two ways to solve this matter.

The first is to investigate directly from the source. If Rong Peng and Rong Suyan could remember who was more suspicious, then go straight to him. Anyway, one thing was certain, there would never be a sniper who would just go after Rong Suyan for no reason, someone must have hired him.

The second method is more passive.

The second method is more passive, we can only wait for the sniper to reappear, catch him, and then follow the trail to catch the mastermind behind it!

Ji Feng preferred the first method, but this required the cooperation of Rong Peng and Rong Suyan, who had better be able to figure out who was more suspicious, otherwise, Ji Feng might not be able to help even if he wanted to!

The sniper who hides in the shadows is really no different from a viper, and it's disturbing to think about.

Chapter 1508

Inside the general manager's office of Rong's Ventures, the atmosphere was a little depressing.

Ji Feng stood in front of the window, his gaze fell through the gap in the curtain to the building across the road, which was a cafe, but because the distance was not too close and there was sunlight reflection, he could not see too clearly, but he could also shadow and see someone in that window, but who exactly it was, he could not see too clearly.

On the sofa, Rong Peng's face was gloomy, with a hint of anger between his brows.

He was furious that his daughter had been attacked and killed for no reason, and that a sniper rifle, a rare weapon, had been used, apparently to kill Rong Suyan in one blow.

But what made him even angrier was that up until now, he didn't know who was behind the attack and who wanted Rong Suyan's life, so they could only live in fear all day long, and they didn't even dare to open the curtains in broad daylight.

A man like Rong Peng, who has spent half his life in the market, has seen what kind of scenes? What has he not experienced?

He had gone from nothing to a giant through his own hard work, and even when people mentioned the Rong family, they had to weigh it up, but now, anyone dared to step on his head and even wanted his daughter's life!

It is strange that he is not angry!

This disparity alone was hard for him to accept.

But even if he was angry now, it would be useless, because at this time, Rong Peng was no longer the giant of private enterprises in Southern Guangdong, nor was he the spokesman of the Wu family in the business world.

At this time, he was just a small business owner and did not even have any official background.

After this incident, it was inevitable that he would feel tied up and did not even know who to ask for help.

But Rong Peng has no regrets. If he could turn back time and make a choice again, he would still choose to break with the Wu family, because what he wants is not just that feeling of authority, but more importantly, he has to value his daughter's happiness.

What's more, the people of the Wu family were so despicable in their actions that Rong Peng was somewhat grateful to be able to part with them.

If he was still entangled with them now, God knows what would have happened!

Especially with that woman Zheng Yuxiu interfering and constantly squeezing his daughter, separating, might be the best option.

In one's life, one can either strive for advancement or go off the beaten track to make a fortune, but no matter what one does, the ultimate goal is to have a good life for oneself and one's family.

The reason why he worked hard in the market was to prove himself and make a career, but on the other hand, he also wanted his family to have a good life and to be able to feed and clothe themselves.

Now, although there is no need to worry at all in terms of money, personal safety is threatened

"Phew~~!"

Rong Suyan exhaled gently.

At this moment, she was half sitting at the edge of her desk, her two long and slender legs crossed together, her two hands propped up on the edge of the desk, and her upturned hips were not completely pressed against the desk.

Her face wasn't looking too good either.

"Su Yan, Uncle Rong, calm down first, carefully and then carefully, think about it, during this period of time, did you offend anyone, for example, did you have a verbal altercation with anyone? Did you have a conflict with someone in business or something like that?" Ji Feng picked the curtain with one hand, raised the other hand and looked at his watch, then said, "Since the other party has used a sniper rifle, it proves that the grudge between you is definitely not small, so it should not be that kind of insignificant and trivial matter, you guys think about it!"

Usually when there is a conflict between two people, even if it is between two bosses, they don't come up and kill each other without saying anything. Usually, the stronger party will first give a warning to the weaker party.

If the other side doesn't heed the warning at all, it's not so uncommon to see any action taken later.

But now it was different. According to Rong Suyan, she didn't seem to have offended anyone, which was strange.

Killing someone is not that fun!

If it was just an ordinary criminal case, it might be easy to settle, but if it's a murder, and if it's someone as influential as Rong Suyan, it's not going to end well.

Moreover, the other party was using a sniper rifle!

This kind of case would definitely attract a lot of attention from above, but anyone with some brains would not do that.

So Ji Feng guessed, was it possible that Rong Peng and Rong Suyan had actually had a conflict with someone else, but they just didn't think about it for a while?

Or, did they think of it, but for some reason, they were unwilling to talk about it?

If it was the former, then Ji Feng could still try his best to help.

But if Rong Peng and Rong Suyan remembered but were unwilling to say, then even if Ji Feng was capable, he couldn't catch them out of thin air!

Rong Peng and Rong Suyan looked at each other, and both of them shook their heads at the same time.

"Young Ji, in fact, before you came, and even in the past few days since the shooting incident, my father and I have been thinking about this question, who on earth could be so bitter towards me? To actually shoot and kill me!" Rong Suyan shook her head lightly, "But no matter how I think about it, there's no one suspicious, except"

"Except what?"

Ji Feng's expression moved and immediately asked.

"Except for the Wu family!"

Rong Suyan said, "To say that people who hate me and my father, perhaps there are quite a few, after all, in the past in Southern Guangdong, Rong Peng Group is doing so big, there must be competition there, then there are also people who are dissatisfied with our Rong Peng Group, this is all inevitable. However, they wouldn't hate me enough to kill me!"

"What Su Yan said is very right!" Rong Peng took over and nodded, saying, "Young Ji, this is actually just a common sense, we can all understand it when we think about it. Rong Peng Group was founded by me, from the beginning until Rong Peng Group became a private enterprise giant in Southern Guangdong, there will definitely be struggles from all sides in between, and the game in the shopping mall is equally fierce, I won't deny that."

Ji Feng nodded slightly, Rongpeng's words were more truthful.

There is a saying that says – what goes on in the mall is a war without smoke and mirrors, that's how it is.

"But even if someone really hates me to the bone, then most likely, they should be going after me, how could they go after Su Yan first?" Rong Peng was puzzled and said, "Besides, after thinking and thinking, although I, Rong Peng, have done quite a few excessive things over the years, but I have never done anything that would make people angry in heaven!"

Ji Feng's eyebrows furrowed slightly, indeed, there was some truth in what Rong Peng said.

Even if someone hated Rong Peng, they should have gone straight for him, how could they have gone for Rong Suyan?

Moreover, how much hatred should it be to make the other party actually want to shoot and kill someone?

"This is really" Ji Feng shook his head.

"Ugh!"

Rong Peng sighed, "Could it be that this person in the shadows is trying to kill my family because he hates me? So as to make me suffer even more? Is the other side really that insidious?!"

"Dad! Just stop imagining things, how is this possible!" Rong Suyan saw that her father's spirit was a bit depressed, she couldn't help but say, "Ji Shao, there's no need to think about it either, we really can't think about it, I just thought, if Ji Shao knows those powerful bodyguards, can you introduce me to them"

If you can't catch the person who is secretly striking, you can only choose passive defense.

Anyway, we can't just stand here and wait for death!

Rong Suyan also did not want to make her father feel guilty, after all, this matter has not even been investigated clearly, what exactly is the reason for inviting the enemy, that is still not easy to say.

Ji Feng, however, frowned slightly: "Suyan, finding a few more powerful bodyguards may keep you safe for the time being, but if the root of the trouble is not removed, it may be that one day" this is treating the symptoms but not the root cause!"

"Then what can be done!" Rong Suyan shook her head and sighed softly.

"You take it easy first, let me think of a solution!" Ji Feng said, and at this time, his eyes narrowed slightly.

In that cafe across the road, in the middle of a few windows, Ji Feng vaguely saw that there seemed to be some commotion inside, as if something was going on.

Ji Feng then knew that the white spider had made a move.

It was just that there was no way to know if the white spider had discovered anything yet, but thought that since she dared to do it, it meant that she felt that there should be a need to do it.

Ji Feng also stopped looking, he put down the curtains, turned around and sat on the sofa and said, "Su Yan, I do know quite a few excellent bodyguards, let me think about it and see who would be more suitable to protect you!"

"Young Ji, thank you!" Rong Suyan said softly.

Ji Feng smiled and waved his hand, "It's out of place to say that."

However, in his heart, he had another thought, the words Rong Suyan had just said – the Wu family!

Could it have been done by someone from the Wu family?

This thought just popped up in Ji Feng's mind, and it never lingered. Now he suddenly felt that this kind of speculation was really possible.

Maybe, it was really the Wu family who did it!

This was not a wild guess on Ji Feng's part, it was because before this, Ji Feng himself had been attacked and killed several times, and, moreover, had an inextricable relationship with the Wu family!

Even, Ji Feng was almost sure that the attack he suffered was done by the Wu family, but he had no proof.

And now Rong Suyan has also been attacked

Ji Feng just couldn't help but wonder, this matter, was it related to the Wu family or not?

"Suyan, do you think it could have been done by the Wu family?" Ji Feng deliberated for a moment before asking, "For example, let's assume right now that this matter was done by the Wu family, what do you think, how likely is it?"

"....."

Rong Suyan didn't answer immediately, her face was calm and silent for a moment before she said, "Nine points!"

Chapter 1509

For the Wu family, Rong Suyan probably knew more than Ji Feng, especially that person Wu Zhiyong, through Wu Zhihe, and some previous contacts, Rong Suyan could more or less see some character traits of this person.

This was a person who was extremely vicious!

If it was said that the Wu family had done the shooting this time, Rong Suyan would definitely not bother to suspect.

That was why Rong Suyan had given this answer.

Ji Feng could not help but be silent, indeed, if someone told him that this incident was done by someone from the Wu family, then Ji Feng would also believe it. Moreover, he would think of one person at first – Wu Zhiyong.

This kind of thing, Wu Zhiyong could do it!

A person who could even casually tarnish the reputation of his dead brother, what else was there that he couldn't do?

Ji Feng suddenly thought that instead of actively looking for the mastermind behind the shooting incident, Rong Suyan had called herself to find powerful bodyguards to protect herself, I'm afraid that she had also guessed that it was probably someone from the Wu family who had planned the incident!

Rong Suyan was powerless to resist the Wu family, so she could only find someone to protect herself.

This was her way of avoiding the situation!

This should also be considered a very helpless choice.

Ji Feng couldn't help but secretly let out a soft sigh, he somewhat understood Rong Suyan's suffering.

Faced with such a huge behemoth as the Wu family, Rong Suyan was able to defend herself, not to mention fight against it.

Ji Feng's heart could not help but feel a trace of pity, a woman like Rong Suyan, on the surface looks very strong, but in reality she is afraid that her heart is also full of uncertainty and helplessness.

After breaking up with the Wu family, Rong Suyan is like a floating duck that has lost its foundation. Even if she comes to Jiangzhou, I am afraid that she does not have the peace of mind that she has found a place to belong to.

She is, after all, only a woman!

"If"

Ji Feng looked at Rong Suyan and slowly spoke up, "If it's really the Wu family that did this, I will definitely make them pay the price!"

"This is all an afterthought, young Ji, if you can, please help find a few more powerful bodyguards." Rong Suyan said in a soft voice.

Making the Wu family pay?

How easy was it to talk about that!

If the Wu Family was really that easy to deal with, it wouldn't be still so prosperous even now.

A family would definitely have countless enemies, and there would definitely be rivals similar to them, but with so many enemies surrounding them, the Martial Family still prospered to this day, which was enough to show how difficult the Martial Family was to deal with.

Rong Suyan didn't ask that the Wu family would pay for this, she only asked that she wouldn't be killed by a cold shot that came out of nowhere, not to mention that she didn't want to see her parents being dragged into it!

"Don't worry!"

Ji Feng nodded, he knew that Rong Suyan didn't have much confidence in fighting with the Wu family, he didn't force it, he just said, "I will definitely find the most powerful people to protect you!"

"Thank you." Rong Suyan said softly.

Ji Feng waved his hand and laughed, "If you're always so polite, I'll feel like I'm here as a guest."

Rong Suyan then laughed.

"Oh"

Ji Feng turned his head and looked at the gloomy looking Rong Peng and laughed, "Uncle Rong, you weren't scared by that one bullet, were you? That's not like you!"

"Joke! How could I possibly be frightened by this jumping clown?" Rong Peng said, "Ji Shao, I just feel suffocated ah, for no reason, Su Yan was put a cold shot, but this not only do not know who did it, but also have to be careful everywhere"

"These days won't be too long, Uncle Rong can rest assured!" Ji Feng immediately said.

Rong Peng then nodded his head and said, "Young Ji, with this word from you, I can also rest assured."

"Ding"

Ji Feng's phone suddenly rang, it was White Spider calling.

"White Spider, what's the situation?" Answering the phone, Ji Feng calmly asked.

"Young Ji, I'm sorry, I didn't catch anyone." White Spider said.

Ji Feng smiled, "That's normal, why?"

"I paid special attention to the boxes you mentioned and found nothing special, later I entered the boxes and didn't see any suspicious people either." White Spider said.

Ji Feng frowned slightly: "It's not right, I just saw you seem to have made a move"

"Yes, I entered the box and also met an expert." White Spider said, "But the other party is just a bodyguard, it doesn't look like the person we are looking for!"

"An expert?!"

Ji Feng raised an eyebrow and laughed, "When did experts become so worthless? You can see a few experts at random What's the other party's origin?"

"The other party is arrogant and I'm not really comfortable asking, so" The white spider was a bit apologetic, the mission wasn't completed well this time, strictly speaking it wasn't completed.

Ji Feng smiled: "In that case, then you don't have to come up first, wait for me downstairs."

After closing the line, Ji Feng couldn't help but shake his head and smile, it was strange to casually meet an expert in a cafe.

Ji Feng understood in his heart that since even White Spider said the other party was a master, then it must not be an ordinary person. The reason was that Ji Feng knew very well the skills of the white spider, and if he could be evaluated as an expert by the white spider, then at least his skills would not be too much worse than hers.

This cafe across the road was just of that class, not too upscale.

An expert as a bodyguard, that owner must be that much more, but yet he went to that cafe across the road It's not that people with status can't go to this cafe, but the time and place where the other party appeared, were too much of a coincidence.

Isn't it a bit too much of a coincidence that Rong Suyan was shot at just a few days ago and now an expert appears at the cafe across the street?

It had to make people think deeply!

Of course, Ji Feng was only slightly suspicious now, after all, he had only heard a brief description of the situation from the white spider, but more specifically, he didn't know, he hadn't even met the other party face to face, so it wasn't good to jump to conclusions easily.

"Su Yan, you guys wait here for a while, I'll go out and take a look!" Ji Feng stood up.

"Is there something going on with Young Ji?" Rong Peng immediately asked.

"You don't want to take any chances, I think it's better to just call the police!" Rong Suyan, however, was worried about Ji Feng's safety.

Ji Feng waved his hand and smiled, "It's just that a friend of mine has found something, there's no danger."

"Knock knock knock!"

There was a knock on the office door, the girl from before pushed the door and walked in, just in time to meet Ji Feng who was going out, she couldn't help but be startled.

Ji Feng smiled kindly and took a step back to let her in first, "Not scared, are you?"

"No thanks!" The girl's pretty face flushed and she hurried in, "Mr. Rong, those police officers who came last time are here again"

"Invite them in!" Rong Suyan said immediately.

Ji Feng waved his hand with Rong Suyan and went out of the office first.

He took the lift downstairs, and when he got to the ground floor and just got out of the lift, he saw several people in police uniforms standing in the corridor not far from the lift.

"Li Ruonan?" Ji Feng was stunned.

He was not expecting to actually foresee Li Ruo Nan here.

The few police officers opposite this one, the one standing at the front, was Li Ruo Nan.

At this moment, Li Ruo Nan was in a police uniform, the shoulder badge carried on her shoulders was a bit shiny, and that wearing a big brimmed hat, she also looked heroic.

Next to her, are three male police officers, one of whom Ji Feng also kind of knows, seems to be called Ding Weijian.

Ji Feng and this person also dealt with, at that time in the Red Sun Furniture City and people clash, it happens to be also Li Ruo Nan present, and at that time, Ding Weijian also came, so Ji Feng still remember him.

In Ji Feng's impression, Ding Weijian should be a very cheerful person, however, he was a bit afraid of Li Ruo Nan.

Hmm!

I think with Li Ruo Nan's character, I'm afraid there are very few people in the police force who aren't afraid of her!

As for the two remaining male policemen, Ji Feng didn't recognize them, but looking at their shoulder patches and police numbers, they should be Li RuoNan's men.

"Ji, Ji Feng?"

Li Ruonan couldn't help but be stunned, she also didn't expect that the one who came out of the lift was actually Ji Feng, "Why are you here?"

"I'm here to find a friend Wait a minute!" Ji Feng suddenly moved in his heart, he lowered his voice and asked, "Big traffic cop Li, can't it be that you were in charge of this case where the boss of Rong's venture capital was shot?"

"How do you know about this case?" Li Ruonan immediately asked, "Ji Feng, you wouldn't have anything to do with this matter, would you?"

"I go!"

Ji Feng was speechless, he was so much like a bad guy?

He stared at Li Ruonan for a moment, shook his head helplessly and said, "I finally know why this case has been happening for four or five days, but up to now there are still no results Originally I still thought if the police were too incompetent, but now that I see you, I suddenly understand that Normal! This is too normal!"

"Ji Feng!"

Li Ruonan suddenly shouted, "What do you mean!"

"Don't misunderstand, I'm complimenting you!" Ji Feng said, "I'm saying that you're handling cases steadily and using quality over speed, it's worth learning from all police officers!"

"I'll kick you to death!"

Li Ruonan came up and gave a kick, this bastard was really lacking in virtue with smoke, how dare he sarcastic her like that.

Swish!

Ji Feng just turned sideways and dodged Li Ruo Nan's attack, he grabbed Li Ruo Nan's hand and said in a low voice: "I need your help with something, come with me!"

After saying that, he directly pulled Li RuoNan and walked quickly outside.

“..... Hey! What are you doing, let go of me now!” Frankly speaking, Li Ruo Nan’s hands were very good and her attack speed was also fast, but in front of Ji Feng, she was like a weak woman with no hands, she didn’t have the ability to resist at all, she was just pulled by Ji Feng and walked out in big steps.

“Don’t say anything, I might have found someone involved in the shooting incident!” Ji Feng lowered his voice and said.

“..... really?” Li Ruonan snapped.

“I’m not sure either, that’s why I need your help.” Ji Feng said.

“..... Go!”

In a twinkling of an eye, Li Ruonan was instead more proactive than Ji Feng.

“.....” At this moment, Ding Weijian and the others who were standing in front of the lift but their mouths grew, full of consternation as they looked at the two figures who were walking away side by side, several of them couldn’t help rubbing their eyes.

Chapter 1510

“.....” At this time, Ding Weijian and the others who were standing in front of the lift but their mouths grew up, full of consternation as they looked at the two figures who were walking away side by side, several of them couldn’t help but rub their eyes.

Ding Weijian was better off, he had seen Ji Feng before and knew that Ji Feng was very casual when talking to Li Ruo Nan, it seemed that Ji Feng had a good relationship with Li Ruo Nan.

However, the two policemen next to him were stunned, they had never seen anyone actually dare to talk to Li Ruo Nan like this, and even dare to pull Li Ruo Nan’s hand?

You are tired of living, right?

How dare you pull the captain’s hand?

Is her hand that easy to pull?

The first thing you need to know is that there was once the son of a deputy director of a branch who saw that Li Ruo Nan was pretty and once tried to make a move on her while he was drunk, but he was directly sent to the hospital by Li Ruo Nan’s foot.

The deputy director even brought his son to apologise to Li Ruo Nan!

This time, no one in the police station dared to mess with Li Ruo Nan anymore, and in everyone’s mind, the word Li Ruo Nan was followed by a label – dangerous!

But now, they saw a scene that they couldn’t even imagine, Li Ruonan, who was so dangerous in their eyes, was actually being dragged outside by a man.

How could this be possible!

The two policemen present were full of disbelief, they looked at the backs of Ji Feng and Li Ruo Nan, and then at Ding Weijian, they couldn’t help but open their mouths, but they didn’t know what to say.

“Ding, Brother Ding, that guy just now is our captain’s boyfriend?” A policeman stammered and asked.

“Yes, I can’t believe it... Brother Ding, you have the best relationship with the captain, tell us about it?” Another policeman also asked with a face full of curiosity.

“You’re asking me? Then who am I asking?” Ding Weijian said, “If you want to know, you can just ask the captain, maybe she’s in a good mood and will talk to you!”

“.....”

The two policemen shrank their necks in fear at the same time.

Are you kidding, to ask Li Ruonan?

They weren’t stupid, how could they be so foolish as to go looking for death?

However, these two policemen were unaware that at this moment, this Brother Ding they were talking about was likewise muttering in his heart, “I really didn’t expect that the captain and Ji Feng’s relationship was actually so good, are they really boyfriend and girlfriend?”

.....

“White spider, tell us what the situation is!” Ji Feng asked as he walked outside.

“Yes, Young Ji.”

White Spider nodded and said, “There are two compartments in the middle of the sub-penthouse across the street that are very suspicious, look, the one on the left, there are three people inside, one of them is an old man and two young men, that old man doesn’t seem to be an ordinary person, his gaze is very sharp, I wanted to go in and ask about them, but those two young men are very wary, and they are also armed”

“Oh?”

Ji Feng immediately frowned, this was the first time he had heard of this situation from the white spider, “They were carrying weapons?”

“Yes!”

White Spider nodded with a somewhat grave expression, “Although those two young men didn’t show their weapons, I can tell that they must be carrying weapons on their bodies.”

Ji Feng nodded slowly in thought, he believed in White Spider’s eyesight.

“An old man, two young men with weapons” Ji Feng repeated, and then shook his head, without seeing each other now, there was no way to guess.

However, there was one thing that could be seen, since this old man had two young men carrying weapons with him, it meant that this old man was not an ordinary person either, he must have come from some sources as well.

“The other compartment, there are two people inside, they are both young men in their twenties and thirties.” The white spider said, “The man should be a bodyguard, he’s very good at it, as for what the woman is, it’s not too clear yet.”

“You did a good job!” Ji Feng nodded, in his mind, he had gradually sketched out the overview of the two boxes, and the people in those two boxes.

Li Ruonan, on the other hand, looked at Bai Spider with some amazement, through this simple introduction of Bai Spider, Li Ruonan felt that this girl was not simple!

“Li Da traffic police, later when we arrive at the cafe across the street, if necessary, we still need you to help ah!” Ji Feng said.

“First of all, I have to correct your mistake, the Li Ruo Nan standing in front of you now is no longer the little traffic cop from the past, but the captain of the ninth squad of the Jiangzhou Municipal Bureau’s Interpol brigade, please make sure you remember it clearly!” Li Ruonan glared at Ji Feng, “Secondly, if you want to do something bad, I will definitely not help.”

“.....”

Ji Feng couldn’t help but lose his smile, “Fine! Captain Li, that’s okay to address you like that, right? As for you saying that you want to do bad things Captain Li, do you think I would have the guts to do bad things in front of you, the righteous chief of the criminal police? You are also too much of a lift for me!”

“It’s good that you don’t do anything bad!” Li Ruonan nodded her head.

“Right, since you’re a police officer and an interpol chief, then if some bad guys want to bully me, then will you help me?” Ji Feng asked.

“Let’s see what happens!”

Li Ruonan was very ungrateful as she said indifferently.

“For what?” Ji Feng couldn’t help but stare, “Why should you stop me when I do something bad, but you won’t help when the really bad guys want to bully me?”

“Because in my opinion, you’re the bad guy!” Li Ruonan said, “I don’t think there’s anyone else who could be worse than you.”

“.....”

Ji Feng turned his head directly to look at the white spider, “Let’s go!”

He really didn’t want to care about Li Ruo Nan, this woman was completely misunderstanding him, he was a bad person?

Is there anything more ridiculous than that?

“Yes!”

White spider looked at Li RuoNan in amazement, this woman really dared to talk to Ji Shao like this, I don't know if it was because she had such a temper, or if she was deliberately disgusting Ji Shao

The two women's eyes both carried a hint of curiosity and, it seems, a faint hostility?

Ji Feng didn't pay attention to the difference between Bai Spider and Li Ruo Nan, he took the two women in stride and walked into the cafe opposite the Rong's Ventures office building, took the lift directly and pressed the button for the sub-top floor.

"Ji Feng, you've been to this place before?" Li Ruonan looked at Ji Feng's breezy appearance and couldn't help but ask.

"I can't help it, my friend was almost shot dead, but it's been four or five days and there are still no results, then we don't dare to bother the police anymore, so we can only come here to investigate in person!" Ji Feng said.

"Ji Feng!"

Li Ruonan glared at her beautiful eyes and gritted her teeth, "You stop for a minute and don't sarcastic me, it's hard to hold it in, isn't it?"

"Ee? Did I say something wrong?" Ji Feng asked in surprise, "Could it be that Captain Li has found some spider traces? Or did the investigation yield results?"

"....."

Li Ruonan was furious, she grunted, "This case is still under investigation, and any information is confidential, so I'm sorry, I can't answer these questions you're asking!"

"Then forget it!"

Ji Feng waved his hand, leaned on the lift handrail and said indifferently, "I just hope that Captain Li can lead the majority of police officers to fight day and night to try to find the mastermind behind the shooting case as soon as possible, so that my friend can live his life in peace!"

"....." Li Ruonan glared at Ji Feng, her teeth itching with anger.

If she could, if she could beat Ji Feng, Li Ruo Nan believed that she would have just slammed Ji Feng to the ground and then stomped on his face with her own leather boots, rubbing it hard, rubbing his face all over and stomping on it until it was a bloody mess, especially his broken mouth, and then stomping on it even harder, trying to get his mouth full of teeth out.

Let's see if he dares to talk nonsense again!

"Dingdong!!!"

When the sub-top floor arrived, Ji Feng gave a gesture to the white spider without a trace.

The next moment, White Spider nodded imperceptibly, and then, she exited the lift first, quickly turning around and leaning against the wall, her gaze stern and alert.

Li Ruonan's face instantly changed slightly, and the way she looked at the white spider became different.

As the saying goes, a connoisseur can tell the difference when he or she makes a move. Don't look at this simple turning movement of the White Spider, but in the eyes of a connoisseur like Li Ruo Nan, it's not simple.

The white spider's movement was so swift that Li Ruonan asked himself if his own speed could only be as fast as that. But looking at the White Spider, she still seemed to be very relaxed, obviously she still had some strength left in her, and Li Ruonan thought she might not be able to do it.

This alone showed that the White Spider should be stronger than herself!

"Captain Li, please!" Ji Feng made a gesture of invitation and said with a smile.

"Humph! Count on your good sense!" Li Ruonan glanced at him and took the lead with big steps in front.

"White Spider, you follow behind and try not to need to show your face later!" Ji Feng instructed White Spider in a low voice, just now White Spider had already been here, if the other party saw her again, I'm afraid they would be wary.

"Yes!" White Spider nodded slightly, "But Ji Shao, is this appropriate for her?"

Ji Feng glanced at Li Ruonan and saw that her police uniform was quite heroic, he laughed, "Don't worry, she's more unlikely to attract attention if she looks big like this instead!"

Rong Suyan had been shot at, and it would be strange if no police came to investigate.

Now that a beautiful police officer like Li Ruonan is here, it would be more likely to paralyse him if there was someone involved in this case.

After all, Li Ruonan is a girl, and such a police officer is definitely not as intimidating as a male police officer, so it won't spook the police.

Of course, this is assuming that someone involved in the shooting is present, if there is no suspicious person present, then naturally, it will not alarm the other party even more.

"Young Ji, this is the place!" The three of them arrived at the door of a box in the middle of the floor, and White Spider whispered, "In this box is an old man and two young men, and in the box further ahead, are two young men"
