

Campus Master 151

Chapter 151

How did a poor boy who sold vegetables suddenly become a young master that even Li Weidong had to scorn? This is a question that He Dong could not understand, and he even wondered why Li Weidong would be afraid of Ji Feng.

The first and foremost of these is the fact that they are not the only ones in the world. How come there was someone he was afraid of? Moreover, it seemed that the young man who suddenly appeared seemed to be even younger than him, yet he appeared to be even more arrogant than him.

He Dong couldn't help but shake his head vigorously, all this, making him unable to think about it at all. But one thing was clear to him, as long as Li Weidong could not withstand the pressure from the other side, he was sure to follow the bad luck.

As expected, he only heard Ji Feng say indifferently, "Is that right, Li Shao? I'm here today just to tell you that Yu Xuan is my woman, you'd better not hit on her, otherwise, you know very well the consequences!"

Li Weidong's face instantly turned blue, no one had ever dared to threaten him directly like this when he was growing up, and he was almost about to have a fit on the spot. However, remembering the other party's identity, Li Weidong could only take a deep breath and suppress the anger in his heart, but did not take a stand easily. Because he knew that in this Linjiang Club, in front of so many people if he bowed his head to Ji Feng, he would never be able to hold his head up again in the future.

If it was in private, it didn't matter how he bowed his head and apologized, but not now.

What a dude wants is a face.

The company's main business is to provide a wide range of products and services to the public. Otherwise, his prestige in Jiangzhou will definitely drop sharply in the future, because by that time everyone will know that a more powerful eunuch has come to Jiangzhou.

Thinking of this, Li Weidong hesitated, how to find this suitable stepping stone, this is a problem.

There is also the question of whether this step found will be acceptable to Ji Feng and Xiao Yuxuan, which is likewise another question.

Li Weidong was caught in a dilemma for a while, but the more he was at this time, the more calm he was. After all, he was a playboy and had seen a lot of such scenes, so he knew that he just had to find that step as soon as possible.

Just then, Li Weidong saw He Dong who was pale and shivering on the side, Li Weidong's eyes suddenly lit up, "That's him!"

He coughed lightly and took two steps forward to look at Ji Feng, "Young Ji, I'm very happy that you can come to my birthday party today, but now it seems that there seems to be some misunderstanding between the two of us, and it's all because that dog He Dong who is moving right and wrong is stirring things up in the middle ..... bring him up! "

He snapped, and the few security guards behind him instantly grabbed He Dong, who was shaking like chaff underneath, and brought him to the centre of the field.

“No, it’s not my business ah, this is all Li Weidong ..... ah!” Before He Dong could finish his words, he was kicked in the mouth by Li Weidong, and the rest of his words were swallowed back, “Dog, dare to move between me and Ji Shao, I think you are impatient to live!”

Saying that, he lifted his head and looked at the bemused Ji Feng, and couldn’t help but laugh, “Young Ji, look, it’s because of this dog thing between us that we have caused today’s misunderstanding. How about this, today is my birthday party, I have to be busy, wait for another day, come out together and have a seat, let’s have a drink and talk, what do you think?”

He Dong was kicked in the mouth by Li Weidong, his teeth didn’t know how many had fallen out, his mouth was full of blood flowing outwards, his mouth was ‘umming and ahing’ not knowing what he was saying, his body was trembling with fear, and his pleading eyes looked at Xiao Yuxuan.

That pitiful look made Xiao Yuxuan couldn’t help but turn her head away, but in her heart she finally let out a long breath and secretly said: Self-inflicted!

Ji Feng said indifferently: “Drinking is not necessary, as long as you, Grand Duke Li, listen less to other people’s slanderous words and do less things that harm others, that will be enough. That’s all I have to say, goodbye!”

After saying that, Ji Feng pulled Xiao Yuxuan and walked out of the clubhouse, leaving only an embarrassed Li Weidong looking at their backs, although his heart was extremely annoyed, but his face didn’t dare to show it too obviously, knowing that there was a Ji Shaolei next to him, which was also not an oil lamp.

“Someone, throw this dog out for me.” Li Weidong looked at He Dong, whose mouth was full of blood, in disgust and shouted coldly. China .

Several security guards immediately rushed over like wolves and tigers, grabbed He Dong and dragged him out.

The lively atmosphere in the hall immediately returned, as if what had just happened had never happened at all. However, all the people present knew clearly in their hearts that, apart from those few powerful gentry, there was another gentry in Jiangzhou who needed special attention, the son of Ji Shaolei’s eldest uncle, but everyone who knew Ji Shaolei’s real identity could not help but suck in a breath of cold air when they thought of that family whose power was so huge that it almost made people suffocate.

Li Weidong’s father had support from above, however, when compared to the Ji family, he was far from adequate.

The real people who have a heart are starting to pay attention, and when they go back, they must quietly investigate the woman beside the young man, and if they can’t get close from the normal way, then they should take the lady’s route!

At the same time, a number of people began to approach Ji Shaolei with glasses of wine, side stepping any news about Ji Feng. The first time I saw him, I was able to get to him.

Walking out of the Linjiang Clubhouse, Xiao Yuxuan's whole body was still a bit dumbfounded.

She had not yet recovered from that shocking atmosphere and was still immersed in it.

"What's wrong?" Ji Feng looked at Xiao Yuxuan's pretty face and couldn't help but ask with a smile, "Was she shocked?"

Xiao Yuxuan nodded blankly, and only after a long time did her eyes take on a glow as she looked deeply at Ji Feng, "You, you're really from the Ji family?"

"Not only are you a member of the Ji family, but your status in the Ji family is not low at all!" Ji Feng said with a smile, looking at her cute look, he couldn't help but scrape a little on her small look of yaoi nose.

At once, both of them were like being electrocuted and their bodies shook at the same time.

Swish!

Xiao Yuxuan's pretty face turned red and she couldn't help but shyly lower her head, but she didn't say anything, let alone raise any objection or dissatisfaction with Ji Feng's action.

After making this move, Ji Feng also felt that he was too reckless, or rather, that he was too frivolous, after all, Xiao Yuxuan was not an ordinary girl. However, after he saw how Xiao Yuxuan behaved, he was immediately overjoyed in his heart, it was obvious that Xiao Yuxuan was not angry, let alone displeased in any way, which meant that she accepted this action.

However, on second thought, Ji Feng just felt a bucket of cold water suddenly pouring down on him, making him snap awake. If Xiao Yuxuan accepted herself so quickly, could it be that she had thoughts of repaying her kindness in it?

Sure enough, he only heard Xiao Yuxuan ask softly, "Ji Feng, why are you so nice to sister, are you trying to chase her?"

Ji Feng let out a soft sigh in his heart, he did not want the relationship with Xiao Yuxuan to be involved with things like revenge. He couldn't help but shake his head and said, "Sister Yuxuan, didn't I say that we are friends, of course I will help you and treat you well as I should. You don't have to think so much, otherwise, it's easy to get old with a sad face all day long!"

Xiao Yuxuan suddenly pursed her lips and smiled lightly, "Ji Feng, thank you."

Ji Feng smiled and asked, "Thank me for what? If it is to thank me for helping you set things right with Li Weidong, that's not necessary, for reasons, I've already mentioned earlier."

Xiao Yuxuan laughed, "You know that's not what I'm talking about!"

Ji Feng then couldn't help but laugh, "Forget it, let's not talk about that."

Saying that, he took a few quick steps, "I'll go to the car park to get the car, you wait for me here!"

Looking at his back, Xiao Yuxuan's beautiful eyes could not help but flash a sweet smile. With her icy intelligence, she naturally understood what Ji Feng meant, he didn't want his relationship with him to involve the matter of repayment of gratitude. In other words, he wanted the relationship between the two to be pure.

Xiao Yuxuan couldn't help but whisper softly to herself, "Little fellow, you think sister wants to get involved with other things, only, sister can't pull her face off for a while, moreover, there's still Tong Lei around, how can I compete with her?"

.....

On the way back, both Ji Feng and Xiao Yuxuan did not speak again. Both of them seemed to think of Tong Lei, and their hearts couldn't help but feel a little heavy. If there was no Tong Lei between the two of them, they both knew each other's feelings and had even vaguely picked them out, and when the time came, the result must have been very good.

However, the presence of Tong Lei made both of them not dare to cross the thunderbolt by half a step, and that would undoubtedly be sorry for Tong Lei.

Once he thought of this, Ji Feng forced himself to put away all the thoughts in his mind that he shouldn't have. Although Xiao Yuxuan and Tong Lei have the same status in his heart, but, after all, there must be a first come first served, what's more, Ji Feng is not that kind of negative hearted person, and he will not like the new even more than the old.

"Sister Yu Xuan, after we go back, you don't have to worry about it, Li Weidong definitely won't dare to hit on you again." Ji Feng smiled as he drove, "Not only that, if he knows how to behave, he will even invite us to dinner. Of course, whether we go or not will have to be said separately."

Xiao Yuxuan nodded slightly, knowing clearly in her heart that all these changes had been brought about by Ji Feng. If it wasn't for Ji Feng, she and her family would have fled Jiangzhou by now.

In reality, Xiao Yuxuan did not know that even if she chose to escape, she would definitely not be able to succeed. Because before that, Li Weidong had already sent people to watch her parents and family, making it impossible for her to escape.

"Ji Feng, thank you, if it wasn't for you, I don't even know what would have become of me now!" Xiao Yuxuan said gently as she turned her face sideways and looked at Ji Feng as he drove seriously. In her heart, she was glad that perhaps it was really fate, in order to escape from He Dong, she went to Mang Shi County and met Ji Feng on her first day there, and now, it was Ji Feng who helped her solve a big trouble, it seemed that in the underworld, there was a destiny.

Ji Feng smiled faintly: "You don't need to thank me, if you want to thank me, it's better to thank He Dong. It was his actions that made you recognize his true nature early on so that you wouldn't be fooled, don't you think so?"

At the mention of He Dong, Xiao Yuxuan could not help but frown a little. In the Linjiang Club, He Dong's fawning posture as if he was a dog made Xiao Yuxuan feel disgusted.

"I was really blind in the past to look at him!" Xiao Yuxuan shook her head and laughed bitterly.

Ji Feng laughed: "Everyone has times when they are young and don't know what to do, it's nothing. The key is, after knowing that you are wrong, knowing how to repent in time."

When he said this, Ji Feng couldn't help but think of the stupid things he had done. Wasn't he similarly blinded and fell for Hu Xuehui in the beginning? What was the result?

Xiao Yuxuan laughed lightly, "Listen to your tone, why do you sound like a seventy or eighty year old man!"

Ji Feng was dumbfounded and lost his smile.

"Right, you help me apologize to that roommate of yours, I won't be able to come out in person!" Ji Feng suddenly remembered Xiao Yuxuan's roommate called Xiao Ling, he had inadvertently molested someone with his eyes in the first place, so he had to apologize after all.

Xiao Yuxuan suddenly covered her mouth and laughed lightly, giving him a white look, "Why don't you go and apologize in person?"

"How dare I!" Ji Feng immediately laughed bitterly, "That roommate of yours is so spirited, just by looking at her personality, I can tell that she is windy and fiery, if I appear in front of her now, he will definitely kill me!"

Xiao Yuxuan suddenly laughed delicately, "What, you are so afraid of death even though you are a young master of the Ji family?"

Ji Feng was speechless and said, "How come the young master of the Ji family can't be afraid of death?"

"Alright, not teasing you anymore." Seeing that Ji Feng was silent, Xiao Yuxuan couldn't help but laugh, "Although Xiao Ling has a strong character, she is not petty, you were indeed heartless that day, she shouldn't blame you. I'll just bring the words of apology for you."

"That Little Spirit is also a teacher in the United University?" Ji Feng asked, with a teacher with such a personality, then her students would still be speechless?

"Not really, Xiao Ling is a junior in the foreign language department, but because she is also the coach of the school's martial arts club and is also one of the vice presidents of the student council, therefore, she is also staying at my place." Xiao Yuxuan shook her head and said, "Ji Feng, don't underestimate Xiao Ling oh, although she has a big personality, her family background is very good and she is also very kind. If you try to get along with her in the future, you definitely won't hate her!"

"Let's talk about it!" Ji Feng smiled and said.

"Phew! It's finally settled!" Xiao Yuxuan let out a long breath and couldn't help but lean back against the backrest, slightly closing her eyes. She didn't know what was wrong, as long as she had Ji Feng by her side, she felt very relieved.

.....

After returning to United University, Ji Feng separated from Xiao Yuxuan.

The two of them already had each other's phone numbers and it was easy to get in touch, so they didn't show that kind of hard-to-part scene. What's more, with Tong Lei around, Xiao Yuxuan didn't think she had the qualifications to be attached to her.

If she had to compete with Tong Lei, she couldn't do that kind of treacherous thing. Although she was a woman, she had her own principles and insistence.

However, if she and Tong Lei were to share the same man, she would not be able to do the same. Because, her heart was not willing.

Therefore, Xiao Yuxuan could only act indifferent.

Ji Feng likewise had a bit of a headache, not knowing how to face Tong Lei. Although he did not have a substantial relationship with Xiao Yuxuan, both of them understood in their hearts that if we go by the current popular saying, Ji Feng was already considered to have cheated on his wife mentally.

“Alas, let’s take one step at a time and find a suitable opportunity to confess to Tong Lei.” Ji Feng shook his head and sighed, of course, when was the right time, it was still too early to say, in Ji Feng’s opinion, maybe this opportunity would never come.

When he returned to the dormitory, Ji Feng simply did not think about these things. He went straight to the depths of his mind and shouted, “Wisdom Brain, come out for me!”

“Wisdom Brain is here, master!” Wisdom Brain obediently appeared in front of Ji Feng.

“Let’s start training immediately.” Ji Feng shouted.

“Yes, master!” Wisdom Brain replied meticulously.

Ji Feng was trying to get rid of the worries in his mind through this kind of dedicated training. And the second set of movements taught by the wise brain happened to require the trainer to be fully focused and not have other thoughts in his mind, which was exactly what Ji Feng intended to do.

Moreover, since practising this second set of movements, Ji Feng could feel the most obvious change, he now even vaguely felt that he was moving towards being a martial arts master, although he didn’t know how long it would take before he could become a real martial arts master, but that feeling of being full of great power was tangible.

It was because he had discovered this that Ji Feng had trained even harder. Although the wise brain was hidden in his mind, but, as he made products that surpassed Earth’s technology in the future, God knows how many people would come to beat him up?

To prepare for a rainy day, to have the ability to protect himself before the crisis comes, and even, to have the ability to protect his loved ones around him. Obviously, Ji Feng didn’t even have the ability to protect himself now, because even the best kung fu was no match for a bullet from someone else. Therefore, he had to use the fastest speed to reach the strength of the two people who appeared in the light screen at the beginning, the kind of strength that could shatter a mountain with one punch and fly hundreds of meters with two stomps of his feet.

Ji Feng once again began to practice his second set of moves, while the intelligent brain began to instill the course of communication and network technology in him on the side, making Ji Feng’s days full once again.

For the next week or so, Ji Feng was immersed in this crazy training, and his strength, too, had grown significantly. Even more so, he faintly felt that a warm energy mass seemed to have appeared in the small of his stomach!

Dantian!

Based on the movies or that he had seen in the past, Ji Feng instantly understood that this location, which was the legendary Dantian of human beings on Earth, had never thought that it really existed!

“So, I have internal energy?” Ji Feng was a little surprised, “It can’t be? Inner strength shouldn’t be so easy to practice, otherwise, wouldn’t there be a lot of experts on Earth?”

If there were really experts in this world, those people could probably die of anger when they heard him say that. In fact, it was indeed difficult to cultivate internal strength, and although Ji Feng felt relaxed, however, his cultivation process was not easy at all.

Because this Super Agent Training System, starting from the first set of moves, all the way to the last set of moves, was actually a whole set of cultivation methods, and Ji Feng seemed to have forgotten what he had been tortured by the bio-current when he was practicing the first set of moves.

## Chapter 152

Time flew by, and before we knew it, half a month had passed.

Early this morning, Ji Feng drove directly to the military camp, because today was the end of military training, at the same time, it was also the last day of the military training exercise, the morning exercise collection is completed, basically there is nothing more, all the students who participated in military training can return to school.

A month after not seeing Tong Lei, Ji Feng missed her, especially since he had an ambiguous and hazy relationship with Xiao Yuxuan half a month ago, which made Ji Feng feel guilty about Tong Lei and wanted to see the delicate girl who looked like a porcelain doll as soon as possible.

It was just after five in the morning when Ji Feng was travelling, and there was still some time before the rush hour, plus he was taking the more remote roads, so basically he didn’t encounter any traffic congestion.

In Jiangzhou, whenever you go out, you have to think about one thing first, and that is the traffic!

Unless you’re flying, you have to think about what time you should leave, which road you should take and how you should go before you go out, and if you don’t think about this, there is only one outcome, a big traffic jam, and there is absolutely no second possibility.

This, too, is a feature of Jiangzhou, right?

When he thought about this, Ji Feng couldn’t help but laugh dumbly. It was with these considerations in mind that he got up early and casually bought a few buns and some pot stickers at a breakfast shop in a small hutong not too far from the school, and bought a cup of soy milk, which he put in the car and ate while driving.

Because he didn’t have a Union University meal card, not only could he not buy food in the canteen, he couldn’t even buy it in the shops. Because this meal card seemed to be some kind of ‘one card’, as long as one held this card, it was said that it could be used as cash anywhere in the school, which was very convenient.

However, Ji Feng didn't have it now, and what would have been very convenient became inconvenient. Therefore, when he ate every day, he either got together with Xiao Yuxuan and asked her to treat himself to a meal in the canteen, or, he had to run to a big stall or a small restaurant outside the school to scrape together some food on his own.

He could not buy this breakfast in the canteen, so he had to go outside the school to buy it.

When he thought about eating with Xiao Yuxuan these days, a warm feeling welled up in Ji Feng's heart.

The two of them are two very different styles, the youthful and beautiful, cute, clear and beautiful, just like a fairy from heaven, people can't help but love and pity.

Xiao Yuxuan's youthfulness is much lighter, but she has a charming and mature charm, especially her eyes that look like autumn water, which makes people's hearts flutter and can tug at men's heartstrings without even thinking about it.

It would be a great blessing to have either of these two girls, let alone having both at the same time, which, I reckon, would be a thunderbolt!

Ji Feng couldn't help but scratch his head a little, dealing with Tong Lei and Xiao Yuxuan, it was really troublesome!

What's even more troublesome is that Xiao Yuxuan is actually a teacher in the foreign language department!

In fact, Ji Feng had already guessed that if Xiao Yuxuan was a teacher in the United University and she was studying English, then where else could she go but the Foreign Language Department?

But the problem was that Tong Lei was also in the foreign language department!

I hope the two of them wouldn't bump into each other, otherwise, it would be hilarious. On Ji Feng's face, he couldn't help a bitter smile appearing.

Regarding the matter of Xiao Yuxuan, Ji Feng still decided to hide it from Tong Lei for the time being, and as for the future, then he could only take one step and see what happens. What's more, there was no substantial relationship between him and Xiao Yuxuan at the moment.

As the Audi sped down the road, the sun gradually came out and it got hot inside the car. Ji Feng did not turn on the air conditioning, but directly lowered the window, put his left hand on the car door, took out a cigarette and lit it.

He didn't smoke in the past, but now he had a headache for Xiao Yuxuan and Tong Lei, so he couldn't help but light one up.

Just at that moment, the low roar of the engine came faintly from the distance, that low and powerful sound that made Ji Feng's mind immediately outline the appearance of the vehicle. If he wasn't wrong, this should be the sound from a sports car. Moreover, the engine of this sports car was quite good, although it was much worse than the kind of engine simulated in the super agent training system, but I'm afraid that none of the vehicles that Ji Feng usually saw on the road could compare to this car. China

Ji Feng listened to the sound coming from the vehicle and couldn't help but frown slightly. He could hear that the car was still accelerating now and was approaching this way.

"There's someone else racing wildly at this hour?" Ji Feng looked at the sun overhead and couldn't help but shake his head slightly as he pulled the Audi to the side of the road and drove along the safest route, "I don't know which dude it is, in this hot weather, the tyres and motor have to endure severe tests, and if the speed is too fast, the car can easily go wrong... ..simply don't want to die!"

Ji Feng couldn't help but shake his head and laugh bitterly, thinking to himself that he couldn't be dragged down by this kind of dude, so he should just make an effort to lean to the side.

The roar behind him was getting closer and closer, but Ji Feng's brow suddenly furrowed, "Holy shit, how did this happen?"

As far as his eyesight could see, about four or five kilometres away, it looked as if it was a bend in the road. Ji Feng was startled and immediately looked down at the car's navigation system, and sure enough, there was a big bend ahead.

What made Ji Feng frown most was that the roar of the motor behind him was getting closer and ..... more and more intense!

There was definitely more than one car!

Ji Feng immediately looked into the rearview mirror and frowned tightly. Sure enough, about two or three kilometres behind, a line of vehicles, all seemingly sports cars, seemed to have appeared and were roaring towards this side. Ji Feng roughly counted almost twenty to thirty sports cars, all of them looking insane.

"A bunch of bastards!"

Ji Feng couldn't help but curse, further down this road, there was a small mountainous area, and this road became a mountainous road, and it was rather narrow, on this kind of road, to have 20 to 30 cars roaring together? What was that if not a death wish?

"These bastards don't bring others with them even if they are looking for death!" Ji Feng shook his head slightly, these 20 to 30 cars were racing together, given the road condition of this road right now, unless he could overtake them and find a fork in the road before they arrived and dodge through first, otherwise, he would definitely be hit by them.

Just because these guys were so desperate to get to the end of the road, they wouldn't stop just because they had their own car driving.

"! These bastards wouldn't have come to race again this morning after having a hangover somewhere last night, would they?" A few black lines appeared on Ji Feng's forehead, this group of bastards were too crazy.

Especially the racing skills, Ji Feng was in a cold sweat.

In the Super Agent Training System, driving various vehicles was one of the skills that Ji Feng learned, so he just took a glance at the speed and road conditions of those sports cars behind him, and immediately saw that this group of people were afraid that there were no experts.

But the more this happened, the more Ji Feng laughed bitterly. No expert meant that when the car was speeding at high speed, the driver would not be able to control it flexibly and might just crash into his own car when the time came.

A bunch of reckless guys who didn't know how to live or die!

Ji Feng cursed in his heart, then hurriedly clicked on the map of the navigation system and took a closer look at the route and road conditions ahead, when he saw a fork in the road ahead about fifty miles from here, his eyes suddenly lit up.

"That's good!" Ji Feng breathed a sigh of relief and a smile resurfaced on his face, "Since you bastards dare to race so recklessly, then I'll let you know today to know what it is to really race. Just within these fifty miles, I'll make you all dare not to drag race again in the future!"

Squeak—!

Ji Feng applied a sharp brake and stopped the car at the side of the road, waiting for the group behind him.

A hot blood gradually began to boil within his body, a feeling that only appeared when he was trained in the Super Agent Training System. It was the thrill of pursuing extreme speed, with all the blood in his body constantly boiling and throbbing, bringing out the passion to its limits.

"Buzz~~!"

Those sports cars behind them were getting closer and closer, and Ji Feng could even already see the faint shadows of the people in the cars through the rear view mirror.

Those people in the sports cars also seemed to have seen Ji Feng's Audi parked by the roadside, and there was still a long distance to go before the horn was already sounding, obviously urging Ji Feng to hurry up.

However, Ji Feng did not have any intention of leaving in a hurry, he still stopped there and waited for those people behind him to catch up.

Buzz~~~!

As those twenty or so sports cars drove closer and closer, Ji Feng jerked on the Audi.

His hands slowly turned the steering wheel as he sped towards the front. His speed was not very fast, and as those sports cars behind him approached, the difference between the two sides was at most a few hundred meters away.

"Shit, what's that car in front of us doing?" At the back, a yellow-haired man in one of the sports cars couldn't help but curse, the Audi wasn't fast or slow, yet it was swaying back and forth at the front of the convoy, as if it was demonstrating to the crowd.

The others heard the voices coming from the intercom equipment and cursed, "That's right, what the hell is this? Not afraid to die?"

“Overtake him!” A man shouted lowly, and then continued to add fuel to the accelerator, and with a huge roar of the engine, he quickly crashed towards the Audi.

Ji Feng looked at the rear view mirror and couldn't help but smile slightly as he increased the throttle slightly.

Ji Feng drove very easily, even if the sports car behind him roared even louder, it could not make overtake Ji Feng's car, let alone crash into it, how would Ji Feng give them this opportunity?

Buzz~~!

Ji Feng's car just swayed back and forth in front of those sports cars, just pressed them dead on and just wouldn't leave. This time, the owners of those sports cars were enraged.

“Angry? Not bad!” Ji Feng smiled faintly, his foot continued to press down on the accelerator, and the car gradually picked up speed.

Speed up, speed up, speed up!

Whether it was Ji Feng or the 20 to 30 sports cars behind him, they were all constantly speeding up. However, after a few dozen miles had passed, those sports cars were surprisingly getting further and further away from the Audi.

“MD, the person in that car in front of us has hit the chicken blood, right? A broken Audi, but it's even faster than my Lamborghini?”

“Is that still an Audi? How can it be so fast?”

These cars had already reached over two hundred miles per hour, but, surprisingly, they were still unable to catch up with the Audi, and were even getting further and further away, which really made the owners of these sports cars very unhappy.

“Everyone pay attention, a dozen miles ahead is a big bend, be careful!” A crisp, pleasant voice came out of everyone's intercom device, causing the crowd to take note with a sudden lift in their spirits.

In a red Ferrari in the middle, a delicate beauty was driving at full attention, looking at the Audi in front of her with some confusion in her eyes.

That Audi, she seemed to have seen there before, and she brought the car up to speed some more, almost to the limit, before she looked at the license plate clearly and made a secret note of it.

If Ji Feng had seen this delicate girl, he would have been astonished. This beautiful girl was no other than Xiao Yuxuan's roommate who he had looked at her body, Xiao Ling!

However, Ji Feng couldn't see it now, he was continuing to step on the accelerator and continued to frantically increase the speed of the car.

“What does that car in front want? The bend is coming up, how dare he accelerate?” A car shouted in alarm. It's not that you can't accelerate on a bend, but that kind of bend is a regular track, like this ordinary road, you can't accelerate at all, otherwise it's very dangerous.

And the man in the Audi in front of him would definitely not have been unaware of this, otherwise he would not have been able to drive the car at such a fast speed. Who has ever seen an ordinary car outrun a sports car at full speed? And that too, with a group of amateur racers driving a sports car?

Therefore, the owners of these sports cars can only conclude that the guy driving the Audi in front of them is crazy, even if a world-class racing driver comes here, he wouldn't dare to do this, right? He didn't even slow down when he came around this big bend, he even continued to speed up, he simply didn't take the bend seriously!

"What should we do?" A man asked.

"Let's follow him and see if that guy is really capable or if he's just bluffing!" Little Spirit said after a little thought.

"Good, follow him!" Everyone shouted, excitedly pushing the accelerator right to the floor and speeding off towards the front.

Soon, the men were dumbfounded to see that the black Audi was accelerating all the way above this big bend, no matter if there was a sharp turn or a small bend ahead, without any pause! Acceleration! Acceleration!

Whoosh—!

The men didn't even react until the Audi disappeared at the end of the road.

"What, how is this possible?!"

"Yeah, it's still accelerating all the way around this bend, is this a human being?"

"The one sitting in that Audi, it can't be any international racing master, right?"

Xiao Ling, however, stopped the car and stood at the corner, looking at the Audi that had disappeared at the end of the road, her eyebrows knitted slightly, "That Audi, I seem to have seen it somewhere, where is it?"

After thinking for half a day and not coming up with an answer, she couldn't help but shake her head slightly, "Anyway, I made a note to take a picture, I'll have to check back and see who he really is! This guy's racing skills are really scary!"

"Sister Little Spirit, this man is just too good!" A young man in his early twenties also came down and said with a shocked face, "Sister Little Spirit, if we can hire this man when we fight Mourning Dog next month, we'll definitely win!"

"Let's talk about it!" Little Spirit shook her head slightly, "Let's go, it's getting late."

The crowd got into their cars, the loud roar sounded again, and soon the sports cars disappeared at the end of the road.

.....

Ji Feng's Audi car stopped a few hundred meters from the barracks gate, he touched his hair and couldn't help but shake his head with a smile, "Luckily I kept my hair short, otherwise, I'm afraid it would have turned into a crazy person's general head shape by now."

He had forgotten to raise the window when he was racing earlier, so the wind was blowing hard on the way, if he had long hair, he would have been blown into something.

Looking at the time, it was only eight o'clock and the big military training exercise had not yet started, he stepped out of the car, took out the access permit he had once obtained and walked in with great strides.

Because he had already trained here for a week before, Ji Feng was no stranger to the place and after asking a few people, he saw the squad where Tong Lei was.

He had known before he left the barracks that Tong Lei and Zhang Lei's brother and sister were in the same squad, so when Ji Feng saw all those students sitting on the grass in camouflage uniforms talking and laughing, he dialled Zhang Lei's number.

The phone went unanswered, and only then did Ji Feng remember that it was forbidden to bring a mobile phone during military training.

Having no choice, he had to go straight to the square where Tong Lei was, and looked for her next to him.

"Tong Lei, military training will be over today, and everyone has a rare break, how about I invite you downtown for a stroll? I heard that a new special pastry shop has opened on Jinling Road, why don't we go and try it together?"

Ji Feng had just driven to Tong Lei's back and was about to walk over to call her when he saw a tall and rather handsome looking boy was extending an invitation to Tong Lei.

Hearing this, Ji Feng couldn't help but stop, he believed that Tong Lei could handle this matter well.

In fact, Ji Feng could understand what these boys were thinking, after all, Tong Lei was just too pretty. Wearing camouflage clothes, she had a mesmerizing beauty.

It was as if all of heaven's favors were given to her, and her tall figure was even more evocative under the camouflage uniform, and with that military cap on, her pretty face was even more beautiful, especially the clear eyes, which made people unable to move away from looking.

The fact that she was in the same squad meant that she was close to the water, so if other guys weren't tempted, Ji Feng wouldn't believe it.

However, if he was tempted, whether he could get it or not, that was a different story.

Sure enough, only to see Tong Wei slightly to head, softly said: "Sorry now, my boyfriend will come to pick me up today, I can't promise you!"

Although the words spoken were raw, Tong Lei's voice was brittle and pleasant to the heart, and the corner of Ji Feng's mouth could not help but pull up a slight arc.

## Chapter 153

Seeing that Tong Lei had decisively refused the invitation of others, Ji Feng was in a good mood and secretly nodded his head. He knew Tong Lei's nature, and it was not that easy for ordinary people to get close to her. Although this guy was tall and handsome, even before Tong Lei met herself, she might not accept such a person, at least Xu Mo was an example, Xu Mo was not worse looking than this guy and came from a good background, but he was equally unfaithful to him.

However, when he saw that Tong Lei had rejected him without hesitation, the boy's face was a little embarrassed, his face changed slightly, and then returned to normal, with a smile back on his face: "Tong Lei, your boyfriend is also a student of United University? Is he a freshman this year?"

Tong Lei was in the way and couldn't just ignore it, so she could only nod casually and said, "Yes, Zhang Wei, my boyfriend will come to pick me up, I appreciate your kindness, sorry!"

This was yet another refusal, the firmness in her tone was already unquestionable, telling Zhang Wei in no uncertain terms that I would not agree to your invitation.

Zhang Wei's brow furrowed: "Tong Lei, since your boyfriend is also a freshman at United University, he must also have to attend military training, right? He shouldn't be able to find the time to pick you up. If you want, I can take you out of the barracks right now, my family still has some connections in this barracks and I can say something."

Tong Lei Xiu Mei frowned slightly, "Sorry, Zhang Wei, I already have a date with my boyfriend."

Zhang Wei was about to say something else when he heard a girl next to him take Tong Lei's arm and say quickly, "Oh, Zhang Wei, don't chase after him. If you keep pestering her, her boyfriend will find you in trouble!"

"Oh, in this part of Jiangzhou, I'm really not afraid of who will find me in trouble!" Zhang Wei said proudly as soon as he heard that.

"Talking big, you're not afraid of the wind blowing your tongue." The girl disdainfully brushed her mouth.

"You-!" Zhang Wei was instantly furious, but when he saw Tong Lei frowning, he couldn't help but force his anger down again, took a deep breath and said with deep emotion, "Lei Lei, don't you really understand my feelings?"

"Please call me Tong Lei!" Tong Lei got a little impatient, "Also, I already said that I have a boyfriend, he treats me very well, I don't need to understand your heart."

After saying that, Tong Lei pulled the girl beside her and turned to leave, "Bing Bing, let's go!"

Just as he turned around, he saw a familiar figure standing under a big tree not far away, who else could it be if not Ji Feng?

With a faint smile on his face, Ji Feng looked at Tong Lei's expression of surprise that was hard to conceal, and he immediately walked over with big steps. Only Ji Feng could have the deepest feeling of Tong Lei's innocence and her loveliness.

Tong Lei's small hands clutched Bing Bing beside her, seemingly looking both happy and nervous.

While beside him, Zhang Wei was looking at Tong Lei with a face full of anger, he had never had anyone dare to sweep him off his feet like this in all his life, even if any girl refused him in the past, they would at least be polite and would not dare to be so direct at all.

"When I get you into bed, I'll see how you still pretend to be noble!" Zhang Wei looked at Tong Lei's devilish figure that was still hard to conceal under the camouflage uniform wrapping, and could not help but say in his heart.

However, the next moment, he saw an image that left him dumbfounded.

He only saw a tall boy dressed in casual clothes walking quickly. He opened his arms, and Tong Lei then quickly threw herself into his arms like a bird returning to its nest, with a face full of sweetness.

"Ji Feng, you're finally here!" Tong Lei's pretty face was overflowing with a thick look of sweetness and happiness as she murmured in a low voice.

"Silly girl, I promised you that I would come to pick you up, so naturally I will definitely come!" Ji Feng gently stroked Tong Lei's back and said with a smile.

At this time, everyone else just reacted, in this military camp where the rules were rather strict, such scenes of men and women making out were not very common.

"Oh~~!" The crowd immediately followed suit, with a couple of hundred students in a single squad, shouting together, making it a lively and boisterous scene.

When the crowd shouted, Tong Lei's face turned red with shame and she hurriedly broke away from Ji Feng's arms and took two steps back. The only thing is that her eyes are filled with a strong sense of shyness and happiness. China .

"Lei Lei, this is your boyfriend, right? He's quite handsome!" Bing Bing walked over to the side, holding Tong Lei's arm, and couldn't help but laugh lightly and tease.

Tong Lei couldn't help but blush and said in a low voice, "You've got your eye on him? Then let you have it!"

Bing Bing said with a smile, "Look at the way you talk, you don't really mean it.

Tong Lei knew that Bing Bing was such a joking and big-hearted person, she couldn't help but shake her head and laugh, "You, stop it, let me introduce to you, this is my boyfriend, Ji Feng."

"Ji Feng is it? Hello, I'm Lei Lei's roommate and her best friend, I'm Yang Bing." Saying that, this girl named Yang Bing stretched out her small white hand and was about to shake hands with Ji Feng.

Ji Feng couldn't help but smile, "Hello, it's nice to meet you."

Saying that, the two shook hands.

Yang Bing, however, giggled: "Handsome, you're happy, but someone else is not!"

As soon as she said that, she heard a frowning voice from next to her, "Lei Lei, this is the boyfriend you were talking about, right? Well, I guess that's all there is to it. How about this, since this is the first time we've met, after the military training exercise is over, I'll be the host and we'll have a meal together, how about that?"

"Zhang Wei, as I said, please call me Tong Lei!" Tong Lei couldn't help but have her pretty face sink.

"Oh, that's not all the same, besides, they're all friends, why is there a need to make such a clear distinction?" Zhang Wei said playfully, while looking at Ji Feng, a provocative look flashed in his eyes.

Ji Feng gave a non-committal smile, "Lei Lei, let's go first, there's nothing to see in this final military training exercise."

"Mm, but if you don't participate, you'll be deducted points!" Tong Lei was a bit worried.

Ji Feng laughed, "Let your brother make a phone call, won't that be enough? By the way, where is Lei Zi? Why did that brat leave you alone and run off somewhere?"

When he left the barracks, Ji Feng specially arranged for Zhang Lei to keep an eye on Tong Lei, not to let others bully her, let alone let anyone harass her, but now when he came here to take a look, he was still in such a situation, and that guy Zhang Lei had disappeared, Ji Feng was furious and gritted his teeth, thinking that when he saw that guy, he would have to fix him severely.

The first time I saw Ji Feng's face, I knew what he was thinking, so I couldn't help but purse my lips and smile lightly: "You don't know yet, do you? My brother is the captain of this squad, and now that the drill is about to start, my brother has been called over by the instructor to unify the tasks."

"This kid actually became an officer?" Ji Feng couldn't help but laugh dumbly, he could remember that this guy Zhang Lei was the most afraid of trouble, usually not to mention being a captain, he was not even willing to be a class leader in his class, unexpectedly he had such a big change in this month of military training.

"This friend, I wonder what to call him?" Zhang Wei on the side saw that Ji Feng and the others simply ignored his presence, his face suddenly became very unattractive, he couldn't help but sink his face and asked in an unkind tone.

"Zhang Wei, what do you want?" Before Ji Feng and Tong Lei could say anything, Yang Bing said discontentedly, "Chasing girls isn't like you, is it? People's boyfriends have already found them, and you still want to stick your nose in the middle, that's a bit unreasonable, isn't it?"

"Yang Bing, that's not right. You can even get divorced if you're married, let alone now when they're still just in love?" Zhang Wei shook his head full of concern and looked at Ji Feng, "Friend, do you have the guts to compete with me fairly?"

"Where's the stupid bastard from?!" Ji Feng snorted disdainfully, this person was really stupid, he had the nerve to say out what fair competition, Tong Lei was originally his girlfriend, why should he have fair competition with others?

The person who said that was really a fool!

If Tong Lei and Yang Bing were not here, Ji Feng would have wanted to greet Zhang Wei with a question: "Or else call your father and ask him if he is willing to compete with me for your mother on a fair basis? Didn't you say that all married people can get divorced?"

Only, because there were Tong Lei and Yang Bing around, he naturally couldn't say such words, but that snort of laughter also completely showed his disdain.

"Lei Lei, let's go, after a month of military training, you've gotten quite a tan." Ji Feng ignored Zhang Wei and just took Tong Lei's little hand and said with a smile.

Tong Lei spat out her cute little tongue and said softly, "You're not allowed to wear makeup during military training, you're not even allowed to apply sunscreen or anything like that, it's weird if you don't get a tan."

"If you put it on, the instructor can still tell?" Ji Feng was greatly surprised, could it be that the instructor usually did not do his job and just stared at girls' faces all day long?

Tong Lei giggled at once, "Where are you thinking of! It's so hot, if you put something on and then train, the sweat will be left behind and it will make your face blossom. Unless you're blind, everyone would know you've put something on!"

Indeed, in summer, sweat was just like money, and it flowed too hard during military training. Even if you put a hundred layers of cosmetics on your face, you can't avoid the fate of being washed away.

"Oh, then let's hurry up and go, we can't continue to be exposed to the sun here!" Ji Feng took Tong Lei's small hand and said to Yang Bing next to him, "Yang Bing, right? Let's go together, you don't have to worry about the military training exercise, Zhang Lei will take care of it for you!"

In fact, Ji Feng had no idea whether Zhang Lei would be able to take care of it, because he didn't know whether the Tong family had any connections in the military camp or not. However, he didn't count on Zhang Lei either, instead, he planned to wait until he got out of the barracks and make a call to the division commander that Second Uncle had introduced to him, so that he could help him out. It was just that now, in front of so many students, he couldn't say much.

Yang Bing, however, shook her head: "Forget it, you guys go, it's not easy to meet once, I won't go with you guys to act as a light bulb, giggle ....."

Ji Feng also can't help but have some good feelings for this bright girl, he nodded and said, "That's fine, if you need help with anything, you can contact Tong Lei directly."

With that, he pulled Tong Lei and was about to leave.

At this moment, Zhang Wei, who had been hung out to dry, became furious, from the moment the three Ji Feng spoke they didn't even square him in their eyes, which made him become ashamed and angry.

"Hey, kid, you're arrogant!" Zhang Wei said in a cold voice.

Ji Feng glared at him in disgust and was just about to speak when Tong Lei said, "Let's go, don't be ordinary with him."

If she really provoked him, the matter would be a big deal, and then she would become the same as she was in high school in the foreign language department, and everyone would know that she was not a small person, so I'm afraid that not many people would really be friends with her.

Ji Feng smiled faintly and patted her little head lovingly, "You, forget it, let's go!"

"Stand still!" Seeing that Ji Feng and Tong Lei were so uncaring, Zhang Wei immediately roared, "Now that the military training exercise is about to start, are you going to take our squad away when you come? And you, Tong Lei, do you have any sense of organisation and discipline in your eyes?"

"Go away and leave me alone here!" Ji Feng's face instantly sank, some people really don't know the sky is high, seeing that they can't stop themselves, they even come up with something about organization and discipline!

"You-!" Zhang Wei's face sank, "Kid, you're the first person who dares to tell me to get lost!"

"Stupid bastard!" Ji Feng couldn't help but sneer, pulling Tong Lei with him as he was about to turn around and leave.

"Do you know who I am?" Zhang Wei took a few quick steps to stop Ji Feng and the two of them and asked with an arrogant face.

"Oh?" Ji Feng was really intrigued, he could kind of see that if he didn't take care of things today, Tong Lei would inevitably still be harassed in the Foreign Language Department in the future, since that was the case, then he would settle things once and for all.

"I'd really like to know, who are you?" Ji Feng asked indifferently.

"Have you heard of the Han Group? My father is a shareholder of Han's Group, there is nothing I can't do in this Jiangzhou yet, let alone anyone who dares to offend me!" Zhang Wei said proudly.

"Big talk!" Ji Feng sneered, and suddenly his heart moved and he asked, "Which Han's Group are you talking about?"

"Kid, you don't even know about the Han Group, do you?" Zhang Wei had a contemptuous look on his face, "At a glance you're just a bumpkin, how can you be qualified to be Lei Lei's boyfriend? Let me tell you, there's only one famous Han's Group in Jiangzhou, the one that does textiles."

"So that's how it is ....." A smile suddenly appeared on Ji Feng's face, "Then do you recognize Han Zhong?"

"Who?" Zhang Wei was stunned.

"Han Zhong." Ji Feng said indifferently, "He's my friend."

Zhang Wei's face became a little ugly, "Kid, you're bluffing me, right? How could you possibly know Young Han?"

"So it's really him!" Ji Feng shook his head and smiled, casually took out his mobile phone and dialed a number, but there was no answer. He then remembered that it was about to be a military training exercise, so it was naturally impossible for Han Zhong to bring his mobile phone.

Once he saw that Ji Feng didn't get through, Zhang Wei snorted with laughter, "Hahahaha, you dirtbag still dare to pretend to be a big shot to bluff Laozi, and you dare to say you are Han Shao's friend, you are simply shameless, what, you can't pretend now, can you?"

Ji Feng was too lazy to be ordinary with him, and after thinking about it, dialed Du Shaofeng's number. Other students were not allowed to bring their mobile phones, but Du Shaofeng, as the captain, should be able to do so.

"Ji Feng, why did you remember to call me?" The phone was connected and Du Shaofeng's loud voice came from inside.

"Old Du? This is Ji Feng, you put Han Zhong on the phone." Ji Feng didn't make any courtesy and said directly. With Du Shaofeng and the others, there was no need to be so polite.

"Hey, pretend, I'll see how long you can pretend!" Zhang Wei said disdainfully.

Next to her, Yang Bing was a little surprised and looked at Ji Feng, she could tell that Ji Feng looked subdued and a little impatient, obviously this could definitely not be pretending, perhaps, he was really annoyed by Zhang Wei.

Rei Lei's boyfriend, what exactly was he?

"Old Ji, what is it?" Han Zhong's voice finally came over and asked with a smile.

"The son of one of your group's shareholders, what's-his-name Zhang Wei, is here and forbids me to leave and wants to chase my girlfriend, so I'm not here to sue you!" Ji Feng said with a smile.

As soon as he said this, Han Zhong's face on the other end of the phone changed. Of course he knew what kind of character that bastard Zhang Wei had, and he couldn't help but curse in his heart, "Damn dog, who's wrong to chase, why did you go after Ji Feng's girlfriend? Is that girl something you can chase?"

Think about the energy of Tong Lei's elder brother Zhang Lei, that was a person who could call the chief with just one phone call.

"Old Ji, you give the phone to that bastard." Han Zhong said in a low voice as he forced himself to hold back his anger.

Ji Feng smiled faintly and handed the phone over, "Young Master Zhang, pick up the phone!"

"Humph, how dare you pretend with me!" Zhang Wei didn't believe that Ji Feng really knew Han Zhong, he disdainfully took the phone, "Hello, this is Zhang Wei, who is it?"

"I'm Han Zhong, you've really grown up, how dare you mess with anyone?" The Han Zhong on the phone was furious and cursed angrily.

Swish!

Cold sweat sprang up on Zhang Wei's forehead, how could he not hear Han Zhong's voice? His face changed drastically and he glanced at Ji Feng in fear, how did this kid really know Han Zhong?

Although Zhang Wei's father was a shareholder of Han's Group, he was far from being compared to the young master who was the head of Han's Group ah, it couldn't be easier for people to take advantage of this opportunity to kick his father out.

"This matter, you have to settle it to my brother's satisfaction, otherwise, you know the consequences!" Han Zhong hung up the phone after saying these words.

Zhang Wei's face was pale, and he even trembled a little as he handed the phone over, "This, this big brother, today is all because I didn't know any better and offended big brother and sister-in-law, can, can you give a chance to make amends?"

What?

At this moment, the surrounding spectators all stared in disbelief at the scene in front of them, was this still the arrogant Zhang Wei?

In the past month of military training, Zhang Wei had never looked at anyone with his nose in the air, but now he was scared to death because of a phone call from Tong Lei's boyfriend?

#### Chapter 154

Ji Feng sneered and took the phone, and said indifferently, "Forget about today, Tong Lei is my girlfriend, I hope you won't harass her again in the future, or else ..... hum!"

He this cold hum, Zhang Wei suddenly can't help but fight a cold war, just now Han Zhong's phone call he can hear clearly, this guy in front of him is not only Han Zhong's brother, moreover, it seems that even Han Zhong has to be careful with him, we are all people who have seen the world, Zhang Wei from Han Zhong's tone has heard out, this Tong Lei's boyfriend in front of him, must come from not small.

"This, this brother please don't worry, in the future I will definitely not harass Tong Lei again, and if someone else harasses her, I will definitely help stop it." Zhang Wei saw the wind and made the rudder, the wind shifted really fast.

Ji Feng instantly smiled faintly, "In that case, thanks a lot."

"You're welcome, you're welcome!" Zhang Wei waved his hands in a panic, "Since you're a friend of young Han, that's ..... what I should naturally do, huh!"

He was going to say, "Since you're Young Han's friend, that's my friend too. But then he thought, even Han Zhong has to be careful with his friend, and he has just offended him, it's already good that people will give him a good look, and he has to presume to be friends with him?"

Although Zhang Wei is arrogant and likes to brag, he knows what to do and knows how to choose and how to talk to make people happy.

Ji Feng waved his hand, "In that case, then I'll trouble you in the future, goodbye!"

With that, Ji Feng took up Tong Lei's small hand and left in big strides.

Behind them, a crowd of students sat on the grass, staring blankly at the duo's backs, their hearts astonished.

With just one phone call, Tong Lei's boyfriend had intimidated Zhang Lei, who was usually as tugged as two-fifty thousand people? Look at him, just now he looked so imposing, but when he saw that Tong Lei's boyfriend was bigger than him, he immediately nodded his head and fawned over him, not feeling ashamed.

Zhang Wei did not care at all about the stares of these students, he was even laughing coldly in his heart, these children who have not seen the world, what do they know?

This is only among the students, who do not like who they see, they can just show it or do not approach them. This is the nature of the students. To put it nicely, they are hot-blooded and full of a sense of justice.

If you put it more harshly, you don't know how to live or die, you can't see the situation, or you simply don't know the hardships of survival.

Zhang Wei secretly despises these people in his heart, you look down on me, but none of you have a better life than me, I use my dignity for a moment, but in exchange for the possibility of making friends with a big and powerful person, in this way, I will have a better life in the future.

But what about you all? Hot-blooded? Can hot-bloodedness be a meal?

Zhang Wei knew the hardships and frustrations of those university students who went out to look for jobs after graduation. He would sometimes go to Han's group to have a stroll, and he often encountered the situation where he was looking for a job and could not find a place to die.

Now when he looks back at these students, Zhang Wei only feels pity for them.

For Zhang Wei and the other students' thoughts, Ji Feng was naturally unaware of them, and at this moment he was helping Tong Lei finish packing her traveling gifts.

"Ji Feng, I'm part of the squad, it's not very nice for me to leave like this, is it?" In the makeshift dormitory, Tong Lei asked in a low voice while packing up her traveling rituals.

"What, still want to go back for the military training exercises?" Ji Feng asked with a smile.

"There's always a beginning and an end!" Tong Lei pouted, looking adorable.

"Haha!" Looking at her cute look, Ji Feng couldn't help but nod and smile, "Alright then, I'll make a phone call for you and ask."

A few moments later, Ji Feng hung up the phone.

"Okay." Ji Feng carried all of Tong Lei's big bag of household goods and other traveling gifts on his shoulders and smiled, "I've just greeted the leader in charge of your military training, since your squad is the first squad to come out, so we can leave later after you've participated in the first batch of military training drills."

The so-called military training rehearsal is actually the last day of the military training, where all the squads walk along the playground in various steps, such as marching and so on.

As most of the foreign language students were girls, the head of the training department let them walk at the front of the line, which was a beautiful sight.

After getting all the things ready, Ji Feng carried Tong Lei's salute and sent her to the military training squad again. Then Ji Feng sat down on his butt and waited for Tong Lei to finish her military training before leaving together.

"Hey, big brother Ji Feng is it?" As soon as he saw that Ji Feng was back, Zhang Wei lit up and hurried over, he didn't know where he heard Ji Feng's name from and called him big brother in one breath.

Ji Feng looked at him with a smirk, thinking that although this kid was cheeky, he was also a guy who knew how to advance and retreat, it seemed that this had a lot to do with the environment he came from.

"It's too awkward to call Ji Feng big brother, or else this way, I'll call you Brother Feng from now on?" When Zhang Lei saw that Ji Feng didn't resent his approach, he got into the spirit and said with a smile.

"Suit yourself!" Ji Feng smiled indifferently, "Your name is Zhang Wei?"

"That's right, that's right." Zhang Wei laughed heatedly, "So what, Brother Feng, I was blind before, don't take offense, just now I called Young Han, he already scolded me, and I know I was wrong."

Ji Feng nodded and said, "It's nothing, they're all young people. By the way, your father is a shareholder of Han's Group?"

"Just a small shareholder." Zhang Wei smiled shyly.

"That's also remarkable." Ji Feng nodded and said, he had also heard some about Han's Group from Han Zhong, it was very powerful, to be a small shareholder in it, his connections and financial power must also be too much stronger than ordinary people.

In front of Ji Feng Zhang Lei did not dare to be proud of himself, this young man opposite who seemed to be even more handsome than himself was a character that even Han Shao had to be careful in his dealings, to be proud of himself in front of him, Zhang Wei was not stupid enough to do that.

"Brother Feng, I really envy you, to have a girlfriend as beautiful as your sister-in-law." Zhang Wei smiled heatedly and whispered again, "Then what, Brother Feng, I suddenly remembered something, it is said that quite a few people are hitting on sister-in-law's idea again ....."

Ji Feng glanced at him, "How do you know? Who all are there?"

Zhang Wei suddenly smiled sarcastically, "Brother Feng, to be honest, I know a few of those people, most of them are people with some family history or some origins, but you can rest assured, Brother Feng, as long as I am in the Foreign Language Department, I will never let sister-in-law be harassed."

Ji Feng looked at him and deliberated slightly before saying, "Bring your mobile phone."

Zhang Wei was stunned and said in a panic, "Brother Feng wants to use a mobile phone? No problem, I just bought this phone at the beginning of the school year, Brother Feng will take it first, and I will prepare a better one for Brother Feng when the military training is over."

"What are you talking about!" Ji Feng was immediately made to cry and laugh at his words, dare this guy think he was asking for his phone?

Ji Feng took the phone from Zhang Wei's hand with a good-natured and amused look, glared at him and casually dialed a few numbers, "Remember, this is my number, if someone harasses Tong Lei and you can't stop it, either call Tong Lei's brother, or, call me directly, remember?"

Only then did Zhang Wei suddenly realize, I told you, since Ji Feng was a powerful person, how could he covet a mobile phone for himself?

"Brother Feng, don't worry, I will definitely do what you said." Zhang Wei was instantly excited, not only did he not have a grudge against Ji Feng this time, but he had even gotten closer, this was really something to gain and something to lose.

"Alright, as long as you keep an eye on it." Ji Feng said, "But I can tell you, first of all, you can't harass Tong Lei, remember?"

He was not willing to let this guy Zhang Wei take a chicken feather as an arrow and approach Tong Lei in the name of protecting her and play himself as an ingrate when the time came.

Zhang Wei hurriedly said, "Brother Feng, how dare I. I swear to God, if I have second thoughts about my sister-in-law again, let me be struck by lightning!"

"Come on, talking so loudly, are you trying to invite everyone over?" Ji Feng glared at him, for this person who could casually hang an oath on his lips, Ji Feng did not quite dare to trust his oath. But one thing was still clear to Ji Feng, and that was that this guy was definitely a man of vision, the only way to see the wind is to have a good vision, obviously, Zhang Wei would never dare to easily throw his words to the wind.

This way Ji Feng will be much more at ease, at least, in the future, even if both himself and Zhang Lei are not around, Tong Lei can have one more person to look after her even if she encounters any trouble.

"Alright, not much else to say, call up Han Zhong sometime and have a drink together." Ji Feng patted Zhang Wei's shoulder and said with a smile.

Zhang Wei was indeed a villain, but in Ji Feng's opinion, sometimes a true villain was far cuter than a hypocrite, and when interacting with this kind of person, as long as you grasp the right proportion, you might be able to play a big role at critical moments.

Soon, the time came to 9:30 am, and the military training exercise was about to start. The squad that Tong Lei was in had already started to assemble, and Zhang Lei had also returned from his instructor.

"Crazy?!" When he saw Ji Feng, Zhang Lei obviously froze, then a smile appeared on his face, he quickly came to the front and punched Ji Feng fiercely on the chest: "When did you kid come over, why didn't you contact me?"

Zhang Lei's punch on Ji Feng's body was not even a scratch, and Ji Feng glared at him with no good grace, "Contacting you? Why should I contact you?"

"Crazy man, taking gun pills?" Zhang Lei was surprised and asked, "Why are you talking so impulsively?"

"Hmph, I have to ask you, what did I tell you before? Let you protect your sister, how did you do it?" Ji Feng told what had just happened between him and Zhang Wei.

Zhang Lei's eyes instantly widened, "Zhang Wei that son of a bitch I've seen him in a bad light for a long time, I'm going to beat him up."

"It's already settled." Ji Feng hummed.

"Solved?" Zhang Lei couldn't help but chuckle, "Crazy, I never thought you would be jealous too!"

"Get lost!" Ji Feng scolded in no good humour, "Forget it this time, Tong Lei wasn't hurt, if there's a next time, I'll beat your brat to a pulp!"

Zhang Lei brushed his mouth, disdainful. But remembering Ji Feng's skill, he could only shut up, who made him unable to beat Ji Feng?

"Alright, the military training drill is about to start, hurry up!" Ji Feng also knew that Zhang Lei, a person who was usually big-headed, mainly wanted to give him a warning today, otherwise, if he continued to be so careless in the future, something might happen.

Zhang Lei was also more or less apologetic, he scratched his head and said, "Then I'll go over first, I'll talk more about it later."

Looking at the somewhat demoralised back of this good brother, Ji Feng couldn't help but smile slightly.

The military training drill went well, and with the Foreign Language Department being the one at the front of the line, the duo of Tong Lei and Zhang Lei came down very early.

"Ten minutes, I'll only give you ten minutes." Ji Feng looked at his watch and laughed heatedly, "Lei Zi, after ten minutes, we're leaving."

"Crazy, you take me for a superman, huh?" Zhang Lei was furious, "Ten minutes to pack your luggage, buddy it would take at least five or six minutes to even change clothes, right?"

"Then I don't care!" Ji Feng said with a bad smile.

Tong Lei giggled on the side and didn't speak up to help Zhang Lei.

"You guys are ruthless!" Zhang Lei said through gritted teeth and hurriedly ran to the dormitory to pack his things.

When the three of them arrived at the place where Ji Feng had parked, Zhang Lei couldn't help but rub his eyes, "I say crazy, is this your car?"

Although they had long been aware of Ji Feng's origin, seeing Ji Feng suddenly drive over in an Audi was more or less difficult to adapt to. One should know that in the past, Ji Feng had said that he would not rely on his family, let alone ask for a single cent from them.

"I bought this car on my own, although I asked for a relationship for the driving licence, but the money is still my own." Of course Ji Feng knew what Zhang Lei was thinking and explained.

Zhang Lei was immediately even more surprised, "Where did you get so much money?"

"Picked it up!" Ji Feng laughed heatedly, put his luggage in the trunk, opened the car door and sat in.

"Lei Lei, you take the passenger seat, I'll sit in the back." Zhang Lei hurriedly opened the car door and allocated the seats, then he got into the back seat and directly laid down, with his two feet up on the car door.

"Aiya, it's really comfortable but lying down, it's too comfortable!" There was air conditioning in the car, compared to the hot weather outside, it was a world of difference, Zhang Lei immediately shouted out in comfort.

"Brother, can you have some decency?" Tong Lei complained discontentedly.

Zhang Lei laughed heatedly and didn't correct himself, but forked off the topic, "So what, crazy, you haven't said anything yet, where did you get so much money to buy a car?"

Ji Feng laughed: "I was in the military training camp for a week before, but something went wrong and I left the camp, then I happened to attend a jadeite raw stone trade, I was quite lucky, I actually won the bet and made a small profit."

"A small profit? How much did you earn?" Zhang Lei instantly came to life and asked after him.

"More than forty million!" Ji Feng shook his head slightly and said 'indifferently', while the corners of his mouth pulled up a slight curve, secretly smiling badly in his heart.

"More, how much?!" Zhang Lei sat up at once, his head banged against the car, he hurriedly covered his head and rubbed it for a while, "Crazy, how much did you just say?"

"Ji Feng, you made over forty million?" Tong Lei was also surprised, her small face was full of shock, forty million plus ah, that's not four thousand dollars, how many people, even if they spend their whole life, can't earn that much money!

Ji Feng nodded and said, "Well, more than forty million, I bought a relatively large raw stone, and it turned out to be an extremely fine jadeite, so I sold it for these money ....."

He told a detailed account of the trade fair at that time, of course, naturally omitting the transgressions with Hu Xuehui and her sister and brother-in-law in between.

Even so, Zhang Lei and Tong Lei both listened with their eyes glazed over and stared blankly at Ji Feng.

"Crazy, are you saying that you just bought a stone for a few hundred dollars, then sold it for millions, and borrowed money to buy another stone and sold it for tens of millions?" Zhang Lei asked, baffled.

Ji Feng nodded: "This business of gambling on stones is actually like this, there is a saying that one slice of heaven and one slice of hell, if you win the bet, you might make a fortune, but if the bet collapses, you might not be able to turn around for many years."

"Then you still dare to gamble?" Zhang Lei stammered.

Ji Feng laughed, "Why not go and gamble since I'm bored anyway? Even if I lose, it's only a few tens of thousands of dollars at most, and it's naturally better if I win."

"You're bull!" Zhang Lei gave a thumbs up, indeed, a mindset like Ji Feng's was the mindset that was truly suitable for gambling, to fight for a small amount and dare to fight, it would be strange if such a person did not achieve anything.

At this time, Zhang Lei couldn't help but feel that he really wasn't wrong in setting up his old sister and Ji Feng together in the first place.

So, my eyes are still very good! Zhang Lei thought beautifully.

The performance of Tong Lei was much better, she was not very attached to money. For her, as long as she had enough money to spend, she never pursued a luxurious life like other girls, but she was still sincerely happy that Ji Feng had earned tens of millions of dollars, which was a huge sum of money.

This was also what Ji Feng liked most about her, not being ostentatious and not worshipping gold.

"Crazy, since you suddenly have tens of millions of dollars, are you going to lend me some?" Zhang Lei didn't know what ghost idea had occurred to him again and suddenly asked.

Ji Feng was stunned, "Are you short of money?"

"Of course I'm short of it!" Zhang Lei immediately shouted, "Crazy, you don't know my buddy's situation, the old man at home is too strict with me, although he can't do anything about it now, but he doesn't give money, Lei Lei still has at least a thousand yuan a month to live on, but me, I only have six hundred, how do you think I should live!"

Looking at Zhang Lei's bitter look, Ji Feng and Tong Lei simultaneously laughed dumbly.

"Don't worry, you won't be able to starve!" Ji Feng laughed.

"I knew it, I didn't make you a buddy for nothing." Zhang Lei was instantly happy and smiling.

.....

Bang!

Xiao Ling threw the kun bag onto the table and sat down on the sofa with a huff.

Xiao Yuxuan was watching TV in the living room, and when she saw her roommate in this state, she couldn't help but ask, "What's wrong? Who pissed you off again?"

"Don't mention it." Xiao Ling said glumly, "I'm going to race against my rival next month, and this morning I went to practice with my friend, but I met an eccentric guy on the way, that racing skill is simply perverted, never slowing down in big corners and small turns, my companion was all blown away."

"You, a girl, why do you have to play any racing!" Xiao Yuxuan couldn't help but feel amused, everything else was good about this roommate, but her personality was too much like a boy, and she also liked to race cars.

“Can’t girls just race cars?” Xiao Ling shook her head slightly and sighed, “This time, the opponent is very strong, if we fail, I’ll be in big trouble. Alas, if only we could find the owner of that Audi, if only that person could represent us in the race, we could definitely win.”

## Chapter 155

Xiao Yuxuan really didn’t know what to say to her friend, she could only shake her head and laugh bitterly, “You, I really don’t know what to say about you, a girl, you have to follow others to go racing, and it’s not a regular race, you have to engage in some underground racing, the danger is so great, if you really can’t, just admit defeat, isn’t it?”

“Xuan Xuan, that’s easy for you to say.” Xiao Ling immediately shouted, “Do you know that if we admit defeat, it means that we will never be able to play cars over the Panshan Highway again, moreover, we have to lose the lottery to Sun Zi Xiong, I am not going to admit defeat!”

“So you’re just praying that you can find the owner of that Audi?” Xiao Yuxuan couldn’t help but say in a good-natured manner, “You don’t even know who he is or what his name is, and you still want him to help you race?”

“That’s for sure!”

Xiao Ling immediately said, “Although I don’t know who he is and I have never met him, I have seen his car skills. With his skills, I’m afraid that no one in the whole of Jiangzhou can surpass him, no, it should be in the whole of China, there are not many people who can surpass him, Xuan Xuan, you have not seen his terrifying skills ah .....

Once talking about technology, Xiao Ling’s eyes immediately glowed, but was immediately interrupted by Xiao Yuxuan: “Stop! About the racing thing, you’d better take your time to think about it yourself, even if you tell me, I don’t understand it. Anyway, I do know that Jiangzhou is so big, a big city of tens of millions of people, it’s not that easy to find someone you’ve never seen or even heard of.”

“Don’t worry, I’ll find him for sure!” Little Spirit said with certainty.

“You’re that sure, huh?”

Xiao Yuxuan seemed to think of something and said at once, “Xiao Ling, you can’t be reckless, although your family is very powerful, but if you rely on your family to force people to help you race, this is ultimately bad.”

“Where are you thinking, how would I do that!” Little Spirit immediately said, “I definitely won’t rely on my family, and I’m afraid that if my family know that I’m still racing, they’ll confiscate my car again.”

“Good that you know that!”

Xiao Yuxuan laughed, she remembered those things that her friend used to do, she couldn’t help but giggle, “Then take your time to find me, I have to go prepare for class, so I won’t play with you.”

“Alas, who exactly is the owner of this car, Jiang Axxx.....? It’s indeed not easy to find him out without using the power of the family.” Xiao Ling shook her head and said to herself, “But I won’t give up, I’ll definitely find him out.”

At this time, Xiao Yuxuan, who had just gotten up to prepare for her class, heard this but stiffened violently, she immediately turned back, "Xiao Ling, what was the license plate you just said?"

"Jiang Axxx ah." Xiao Ling looked at Xiao Yuxuan's strange reaction and couldn't help but ask in surprise, "Xuanxuan, what's wrong with this license plate?"

"Problem?"

Xiao Yuxuan's eyebrows knitted slightly as she said hesitantly, "I can't say right now, but it seems like I've seen this license plate somewhere, it feels familiar ..... Well, I must have seen it before, otherwise, I wouldn't have such a deep impression... ..Gosh, it can't be him, can it?"

Xiao Ling was stunned and asked in a panic of surprise, "Xuan Xuan, you know that car owner? Do you know who he is right? Tell me quickly."

Xiao Yuxuan hesitated for a moment before she slowly said, "I can't be sure yet, I'll have to make a phone call and ask to find out."

In her mind, she couldn't help but think of the new Audi A6 that Ji Feng had bought, and her heart thumped, Xiao Ling said the same thing about an Audi, and the license plate she said, some time ago Xiao Yuxuan had driven with Ji Feng to Li Weidong's birthday party, and she remembered that it seemed to be the same license plate.

Could it be that ..... was really Ji Feng?

"Hit it, hit it!" Xiao Ling shouted happily at once, "Xuan Xuan, I really love you to death. If I can find that car owner, how about I treat you to a month's worth of great meals?"

"It's better to wait until I find it!" Xiao Yuxuan said, but a bitter smile flooded her heart, if that car was really Ji Feng, I'm afraid that with his character, he wouldn't help Little Spirit in the race. What's more, even if he had agreed to do so, it would be for his own sake.

Xiao Yuxuan herself, on the other hand, did not want Ji Feng to participate in such a dangerous game, which was really not fun.

However, looking at Xiao Ling's expectant eyes, Xiao Yuxuan couldn't help but let out a bitter smile, this was good, she was caught in the middle of a difficult situation.

With a light sigh, Xiao Yuxuan took out the phone and said to Xiao Ling before dialing the number, "Xiao Ling, let's make a deal first, if the owner of that Audi is really the one I know, when you go to invite him to the race, you can't use my name, let alone have anything to do with me, do you promise?"

"Promise promise!" Little Spirit said in a hurry, "As long as we can find the owner of that car, the rest, I'll take care of it."

"I was afraid you wouldn't be able to manage it!" Xiao Yuxuan secretly said in her heart, before Xiao Ling and Ji Feng could still have a misunderstanding, if she didn't step in, Ji Feng didn't know what kind of attitude he would have.

Xiao Yuxuan still dialed the phone.

“Ji Feng, or ..... let me try my hand too?”

The Audi car was flying on the road, this section was a mountain road, a road that led directly to the military camp outside Jiangzhou and other cities, secluded and almost few vehicles passed here, Zhang Lei saw Ji Feng driving steadily, he couldn't help but have some itchy hands and asked with a smile.

“Brother, do you know how to drive? Don't follow and mess up!” Tong Lei glared at him.

“That's right, Lei Zi, this can be all mountain roads, although it's not exactly rugged and dangerous, it's still dangerous if you don't know how to drive.” Ji Feng was also a bit uneasy.

“Shit!” Seeing the pair's unbelieving eyes, Zhang Lei was instantly anxious: “I say, old sister, did I often steal and drive dad's special car in the past? Moreover, I've specially learnt to drive from dad's driver, it's very simple, you have to testify to me.”

“You know how to drive?” Ji Feng asked in amazement. If what Zhang Lei said was true, then it was a possibility, as Tong Kai De, as the secretary of the county party committee, naturally had a special car. Zhang Lei took the opportunity to steal and learn, and it would be easy to learn. The actual fact is that it is easy to drive, as long as you are not too dumb, basically you can learn to drive a few times.

However, learning and being proficient are two different things. On this mountainous highway, if you don't drive well in case you drive down the mountain, the three people's lives will be in danger.

“Ji Feng, he's right, he really used to steal and drive a lot in the past, and he was taught a few times by my dad for that.” Tong Lei also remembered and nodded, “However, he doesn't have a driving licence, so it's better not to let him drive.”

“A driving licence is something that is bought with money, it doesn't really matter if you have one or not.” Zhang Lei disdainfully bristled, “Crazy, I've never seen you drive a car before, you dare to say that you got your license personally.”

Ji Feng instantly laughed bitterly, this guy knew his own bottom line, and he also knew that he definitely did not have the time to take the driving test, he obviously decided that this driving license was bought by himself through his own connections.

“Alright, you'll drive then, but only for a little ways. When we're almost in the city, we'll switch over again, otherwise it'll be a problem if the traffic police check it up.” Ji Feng said and pulled the car over to the side of the road.

Zhang Lei immediately ran down from the back seat, hurriedly changed places with Ji Feng, skillfully ignited the car, started it, and stepped on the gas .....

“Not bad, your skills are not bad.” Ji Feng nodded his head and said.

“That's!” Zhang Lei said smugly.

“Ding .....” Just then, Ji Feng's mobile phone suddenly rang, he looked at the caller ID and couldn't help but smile as he picked up the phone, “Hello.”

I don't know if it was because of a weak heart or for some other reason, Ji Feng didn't shout out Xiao Yuxuan's name, he just subconsciously glanced at Tong Lei who was sitting on the passenger seat.

“Ji Feng, what’s your license plate number?” Xiao Yuxuan asked directly over the phone.

Ji Feng was stunned and asked, “Why are you asking this?”

“Oh, nothing, just a casual question.” Xiao Yuxuan said.

For this answer from her, Ji Feng naturally would not believe it, but since it was Xiao Yuxuan who asked, and there was nothing unseemly about it, he said, “It’s Jiang Axxx .....”

His words had not yet fallen, he was interrupted by Xiao Yuxuan’s surprised voice: “It’s really you?”

“What is it me?” Ji Feng asked strangely.

Xiao Yuxuan smiled bitterly and explained the cause of the matter before saying, “This is how it is, right now Xiao Ling is looking for you all over the world and wants you to help her with her racing, I occasionally heard her mention your license plate before calling to ask you about it.”

“You want me to help her too?” Ji Feng asked.

“Of course not, help her or not, it’s your freedom, no need to consider me at all, really, I’m actually very much against racing .....” Before Xiao Yuxuan finished her words, Ji Feng heard a girl’s grumbling voice coming from the phone, then Xiao Yuxuan spoke to the girl for a few moments, then giggled again.

“Ji Feng, I won’t talk to you first, I’ll contact you later!” After Xiao Yuxuan finished speaking, she hung up the phone.

“Inexplicable!” Ji Feng listened to the busy tone and couldn’t help but shake his head and laugh. In his heart was strange, he could not have imagined that the gang of racing guys he met in the morning, among them was Xiao Yuxuan’s roommate Xiao Ling, and it seemed that Xiao Ling was also the head among those people.

However, remembering Xiao Ling’s fiery appearance, Ji Feng wasn’t surprised to hear that she was racing.

Just that, wanting him to help with the racing, that was still exempted, although he had mastered those skills, that didn’t mean he would use them freely, much less do those boring things.

“Crazy, I heard the voice, the one calling you is a girl?” Zhang Lei had sharp ears and said with a smile, “Crazy, I can warn you, you can’t do anything wrong to Lei Lei, or else I’ll be the first to not forgive you.”

“Brother, what are you talking about!” Tong Lei glared at him, “I trust Ji Feng.”

“Come on, I won’t say it, so early to start protecting.” Zhang Lei muttered, his attention shifted back to driving.

Ji Feng, however, was sweating a little, and he couldn’t help but feel a little guilty about Tong Lei’s trust in his heart.

After a moment of hesitation, he still said, “Lei Lei, the one who called me just now was Xiao Yuxuan.”

“Who?”

“Teacher Xiao?”

Zhang Lei and Tong Lei asked in surprise at the same time.

“Well, that’s right, it’s Teacher Xiao ……” Ji Feng told the story of his reunion with Xiao Yuxuan at the entrance of the university, and then went to Li Weidong’s birthday party together and what happened afterwards, listening to which the two of them, Tong Lei, immediately frowned.

“That He Dong is too much of a bad thing, isn’t he? Just for a small profit, he gave away his girlfriend?” Zhang Lei disdainfully brushed his mouth, “I’ve long said that that fellow He Dong doesn’t treat Teacher Xiao sincerely at all and is no good, and now it seems that it’s true.”

Tong Lei was even more furious, “That Li Weidong is likewise no good, he even bullied people with his power and forced people to be his lover, it’s really abominable.”

Ji Feng laughed: “It’s all in the past, you two should stop being angry.”

“Ji Feng, why don’t we ask Teacher Xiao out and have a meal together.” Tong Lei suddenly proposed, “When we were in high school, Teacher Xiao was not bad to us, and when we came to Jiangzhou, we should take care of each other!”

Ji Feng smiled and said, “No problem. However, Lei Lei, you will have more chances to meet with Xiao Yuxuan in the future, she is also a teacher of your foreign language department.”

“Really?!” Tong Lei and Zhang Lei asked happily at the same time.

“I say Lei Zi, why are you so very happy?” Ji Feng asked in amazement.

Zhang Lei laughed, “Think about it, since Miss Xiao is a teacher in our foreign language department, this means that she must know many single beautiful female teachers, if she introduces me to one …… tsk, teacher-student love, I like it the most, haha… …”

Several black lines sprang up on Ji Feng’s forehead, this guy’s idea, it was really ……

While Tong Lei was glaring at him, she said in no good mood, “Then why don’t you just go after Teacher Xiao!”

Zhang Lei immediately shook his head: “Older sister, don’t you see that? Even if I chase her, she won’t be attracted to me.”

“Why?” Tong Lei asked strangely. Ji Feng also paid attention and listened.

“Think about it, before she got into such big trouble, who helped her out? It was Ji Feng.” Zhang Lei spoke eloquently as if he was an expert in love, “It is said in the book that when a woman is in the most difficult time, it is the softest time in her heart, and at this time, even the slightest touch can trigger ripples in her heart, so I am 80 percent sure that Miss Xiao must like Ji Feng in her heart. Reilei, you should be careful, maybe you will have another love rival.”

“Where did you hear all this from?” Ji Feng asked with a tearful smile, but in his heart he secretly sighed that this was 80% right.

“Of course it’s from the book!” Zhang Lei bristled, “In the past, my buddy had been holding back in that small county of Mang Shi County, so I could only obtain this knowledge from books, moreover, even if I wanted to practice, I didn’t have that opportunity.”

“Lei Lei, you can’t listen to his nonsense, between Xiao Yuxuan and I really .....” Ji Feng instantly broke out in cold sweat and explained to Tong Lei in a panic.

“You don’t need to explain.” Tong Lei gave him a gentle glance with a sweet smile in her eyes, “I know that you definitely won’t mess around behind my back. Besides, if no one else likes you besides me, wouldn’t that mean I have a poor eye, huh?”

“Huh?”

Zhang Lei and Ji Feng were dumbfounded at the same time, there was still this logic?

“Giggle .....” Looking at Ji Feng’s somewhat dazed appearance, Tong Lei suddenly laughed delicately as the vehicle drove by, spilling a series of silver bell-like laughter on the road.

.....

The company’s main business is to provide a wide range of products and services to the public.

Because of the hot weather, Xiao Ling was wearing a tiny halter top and shorts underneath, while Xiao Yuxuan was wearing a slightly loose halter skirt, and as the two of them frolicked, the spring light was suddenly exposed, a piece of snow-white skin was exposed, and any normal man who saw it would not be able to help but have his blood boil.

“Alright, alright, stop it!” When Xiao Yuxuan’s two hands probed into Xiao Ling’s armpits, the latter immediately laughed and raised her hands in surrender, “I’m most afraid of itching, Xuan Xuan, I’m wrong.”

Only then did Xiao Yuxuan stop her hands and couldn’t help but hum, “Who made you not count on your words.”

Before calling Ji Feng just now, the two of them had already agreed that Xiao Ling would ask Ji Feng for help, not in Xiao Yuxuan’s name. However, after Xiao Yuxuan called Ji Feng and confirmed that the owner of that Audi car was Ji Feng, Xiao Ling begged for Xiao Yuxuan’s help.

For this girl’s tricks, Xiao Yuxuan naturally understood and, moreover, she also had a weapon to restrain Little Spirit – tickling.

Thus, there was also that aromatic scene just now.

“Xuan Xuan, you also know, since you and that big pervert are friends, then your words must work, help me!” Xiao Ling saw that she couldn’t beg, so she changed her stance and pouted again.

Xiao Yuxuan gave her a good and funny look, “What do you mean I’m friends with the big pervert? Xiao Ling, we had agreed before that you would handle this matter on your own, I was just helping you to find out who that person really is, now my mission has been accomplished, as for whether or not I can invite him, that will depend on your ability.”

Saying that, Xiao Yuxuan stood up, "I'm going to go prepare for class, you can figure it out yourself."

Xiao Ling's little face instantly turned bitter: "Xuan Xuan, if you don't help me, I'll be miserable, you won't watch your good sister being cheated of her money and sex like this, right?"

Xiao Yuxuan said with a tearful smile, "What cheating money and sex, what are you talking about?"

"This is the bet we made with that Sun Zi Xiong, I'll explain it to you in detail when the time comes. Xuanxuan, you just have to help me ask that big pervert out and I'll ask for the rest, how's that?" Little Spirit hurriedly said.

"Ugh, I'm really scared of you!" Xiao Yuxuan couldn't help but shake her head slightly and glared at her best friend, "Just this once, it won't happen again." "Don't worry don't worry, there definitely won't be a next time." Little Spirit smiled cheekily.

"It's weird that I can trust you!" Xiao Yuxuan shook her head helplessly and secretly decided that she would just ask Ji Feng out and let Little Spirit talk to him about the rest, she would just play the role of a thread.

However, she understood in her heart that she wanted to ask Ji Feng out, not just for Little Spirit, it seems, she also wanted to see him .....

## Chapter 156

In a quiet and elegant grove at Union University, Ji Feng and Tong Lei were sitting on the lawn, leaning sweetly together.

Tong Lei's pretty face, with a touch of shyness, was more sweet, her clear and incomparable pretty face looked delicate and incomparable, so that people could not help but thump their hearts.

The first thing you need to do is to get a good look at the skin and the slim and soft waist of Tong Lei. Because the weather is still hot, Tong Lei is only wearing a simple pink T-shirt today and a pair of sky blue denim shorts underneath.

Ji Feng's hand couldn't help but move up a bit, stroking the tender skin, and his heart couldn't help but stir.

"Mmm!" Tong Lei shyly let out a nasal sound, that soft voice, causing a fire to rise in Ji Feng's heart.

In the next moment, his arm made a strong effort and wrapped Tong Lei completely in his arms, his other hand picked up Tong Lei's round and tender chin and looked at her shy and shy pretty face.

Tong Lei's pair of beautiful eyes narrowed slightly, a misty hazy look flashed in her eyes, that kind of moving beauty and charm, so that Ji Feng could no longer resist, and kissed down towards Tong Lei's delicate and lustful red lips.

"Oooh!"

Tong Lei whimpered, her body suddenly tensed up, feeling Ji Feng's large hands full of heat moving back and forth on her waist and back, Tong Lei was shy, but did not resist, just obediently leaned into Ji Feng's arms, allowing Ji Feng to do what he wanted.

As if Ji Feng had received great encouragement, one hand continued to move down and touched the round and elastic arse .....

"Ah!"

Tong Lei's body stiffened violently, before she could react, she felt that her sensitive parts were being stroked by Ji Feng, her heart was shy, nervous and shy, all at the same time.

"Hey, over here!"

Just at this time, not far away suddenly came the voice of talking, Ji Feng and Tong Lei at the same time a shock, Tong Lei is like a frightened deer, hurriedly broke away from Ji Feng's embrace, sitting aside, panic to organize their own clothes.

"Really ....." Ji Feng was tempted to curse, who was shouting nonsense at this critical time?

"Pfft ....." Seeing Ji Feng's indignant look, Tong Lei, who was originally shy and uncomfortable, couldn't help but puff out a smile, her pretty face flushed red as she gave him a flirtatious white glance.

Ji Feng licked his lips and gave Tong Lei a heated smile, this girl's little mouth was so soft, it felt good.

"You're bad." Tong Lei was even more shy and pouted, wrinkling her cute little nose at Ji Feng, at this moment, she was completely like a young girl immersed in a sweet relationship, where was there any semblance of a clear and high-minded look? If those who are used to seeing her clear, beautiful and cold and arrogant see her appearance at this moment, they will definitely be surprised and drop their jaws to the ground.

Ji Feng heatedly smiled: "How can this be bad, my wife is so beautiful, am I not allowed to react a bit?"

"Who's your wife, shameless!" Tong Lei scolded with a laugh, but her eyes carried an unconcealed shyness and joy, obviously very flattered.

Tong Lei quickly put her clothes back together, and Ji Feng wrapped her in his arms again as the two of them whispered.

Today was the first day of the eleventh month long vacation, after the month-long military training, just in time for the eleventh month long vacation, but Ji Feng did not choose to go to Yanjing to visit his mother, he had already talked to his mother Xiao Su Mei on the phone the night before, from her joyful voice she could hear that during this time, his mother was doing well, so he was relieved.

Only, Ji Feng did not want to go to that family for the time being, not because there was still a lump in his heart, but because, he decided that he would go back after he had made a career.

There is a saying that a mother is worthy of her son.

Although the father had an absolute position in the whole of China or in the family, it did not mean that others would see the mother in the same way.

Therefore, Ji Feng decided that he must fight for his mother's glory.

Because of this, this November long vacation Ji Feng did not go anywhere, he was going to stay in school, it was also easier to enter the super agent training system every night, compared to the dormitory where his roommates had all gone out and there were not many people left in the school.

The first thing you need to do is to stay here with Ji Feng for one more day before returning to Mang Shi County tomorrow, and so there was that scene just now.

The most important thing is that there will be a breeze blowing here all day long, and in this hot summer, such an environment is definitely not easy to find.

Therefore, in the United University, this grove has the reputation of being a 'holy place for love'.

Ji Feng had also heard about it occasionally from Han Zhong, which was why he brought Tong Lei here, and the environment was indeed very nice. If it wasn't for that sudden speaking voice that disturbed the two of them just now, it was uncertain what would have happened.

Thinking about this, Ji Feng couldn't help but sweep around again, but he also didn't find the person who had just made the sound. He couldn't help but secretly speculate maliciously that the person who had just spoken must have been unable to find a girlfriend and couldn't see himself and Tong Lei making out here.

"Ji Feng, what are you going to do with the remaining six days?" Tong Lei asked softly as she leaned into Ji Feng's arms.

"Haven't thought about it yet, well ..... I'm going to look for a house around the school first, and if possible, rent one or just buy it." Ji Feng deliberated for a moment before saying.

"You want to buy a house?" Tong Lei was a little surprised, "Houses in Jiangzhou are very expensive!"

Ji Feng smiled and nodded, "Silly girl, did you forget what I said before, I'm now a rich man with tens of millions of dollars."

"Virtuous!" Tong Lei gave him a blank look and couldn't help but ask again, "What did you buy a house for? Can't you live inside the school?"

Ji Feng laughed, "It's not convenient to live inside the school, for example, now, if we are inside our own house, surely no one will bother us, right?"

"Screw you!" Tong Lei's pretty face turned red with shame, but a look of anticipation flashed in her eyes. In fact, there was no girl who would not like to have her own love nest, and Tong Lei was naturally no exception.

The reason why she usually showed that kind of coldness and arrogance was, on the one hand, because she knew that those who approached her had some kind of purpose, and on the other hand, it was also because she hadn't met anyone she liked.

Now that she was with Ji Feng, she was sweet in her heart and naturally wanted to have the space that belonged to the two of them.

Seeing the flash of heart in Tong Lei's eyes, Ji Feng instantly smiled heatedly.

Thinking to himself, if it was in a house that belonged to him and Tong Lei .....

The first thing that came to his mind was the scene when he first mastered the perspective function, and with the help of his intelligent brain, he inadvertently saw Tong Lei\*\*, and his breath couldn't help but rush up a bit again.

The first time Tong Lei sensed Ji Feng's change, she instantly turned red on her pretty face and hurriedly stood up, dropping a sentence in a panic: "Big bad egg, just thinking about bad things all day long."

Then she fled, making Ji Feng laugh bitterly.

Early the next morning, Ji Feng drove his Audi car early to a place not far from Tong Lei's dormitory building. Today, Zhang Lei would go back home to Mang Shi County with Tong Lei, and because of Zhang Lei's strong request, Ji Feng could only let him drive the car back.

For Zhang Lei's skills, Ji Feng no longer had the slightest worry, when he returned from the barracks a day ago, Zhang Lei had already demonstrated his skilled skills, apparently without any problems.

The only trouble is the driving licence. Although Zhang Lei can drive, he does not have a driving licence.

This matter Ji Feng can not help, jokingly, from the time Zhang Lei proposed to drive back, until now it is only less than two days, he has a great ability, but can not turn out a driving license for him ah.

"Crazy!"

Zhang Lei burst out from nowhere, threw his luggage directly into the back seat of the car, and hurriedly came outside the driver's seat, knocking on the car window.

Ji Feng opened the car door and stepped down, smiling and asking, "What's the hurry, you don't have a driving licence, we made a deal, if you can't get a driving licence, you can't drive this car, I have to be responsible for my wife."

"Shit!" Zhang Lei couldn't help but roll his eyes, "Dare I say, Lei Lei is your girlfriend, but not my sister?"

He took out a small book from his pocket and waved it in front of Ji Feng, "See, the driving licence, buddy has got it in hand."

Ji Feng asked with a wry smile, "How about it, for this driving licence, it's not easy, right?"

It's definitely not that easy to get a driving licence in less than two days, and even if you have strong connections it definitely won't go that smoothly.

As soon as this was mentioned, Zhang Lei's face instantly fell and he laughed bitterly, "Don't mention it, I was almost scolded by my uncle for this matter, but fortunately, the license was finally issued."

There is no man who doesn't like cars, and Zhang Lei is no exception. For the sake of driving, being scolded a few times is nothing to him, not to mention, he has been scolded since he was a child, he has long been used to it.

"Lei Zi, be careful on the road, don't drive fast, remember!" Ji Feng was still a bit uneasy.

“Why are you kid so nagging like a woman now, don’t worry, when the November long vacation is over, I will bring Lei Lei to you intact and unharmed, so is that okay?” Zhang Lei rolled his eyes.

“Do women have to be naggy?”

Before Ji Feng could say anything, he heard a brittle voice suddenly ring out next to him, Tong Lei came at some point and glared at Zhang Lei.

“Hey hey, our Lei Lei is naturally an exception.” Zhang Lei laughed heatedly.

“Ji Feng, we’re leaving.” Seeing that they were about to part, Tong Lei’s heart was a little upset, she hadn’t seen each other for a month before the military training, and now she had to leave again after just two days together, Tong Lei’s mood couldn’t help but be a little low.

Ji Feng pinched her tender face and smiled, “It’s only a few days, it will soon pass.”

“Mmm!” Tong Lei’s pretty face reddened slightly as she nodded slightly.

“I say, don’t you guys treat me like a transparent person, okay?” Zhang Lei grumbled at once, “It’s time to set off.”

Tong Lei couldn’t help but glare at him, and her small hand squeezed Ji Feng’s arm before she got in the car and gradually left.

“Ding .....

Ji Feng hadn’t had time to be despondent when his phone suddenly rang.

“Sister Yu Xuan?” Ji Feng looked at the caller ID and an inexplicable feeling rose up in his heart.

Chapter 157

“Ji Feng, do you, do you have time, I want to ask you to come out and sit down.”

Ji Feng had just picked up the phone, and Xiao Yuxuan’s slightly hesitant voice came from inside.

“Of course you can, just say the place!” Ji Feng laughed.

“Then let’s meet at the Riverbank Coffee next to the school.” Xiao Yuxuan said.

After hanging up the phone, Ji Feng couldn’t help but scratch his head, his own mentality seemed to have a problem ah, knowing that there was a hazy ambiguity with Xiao Yuxuan, and that doing so must be a shame to Tong Lei, but he couldn’t give up.

Once he thought that if he gave up, Xiao Yuxuan might be lying in another man’s arms in the future, Ji Feng’s heart felt as if it had been viciously seized and hurt badly.

“Boring!” Ji Feng shook his head and walked towards the outside of the school.

Jiang An Coffee was not far from Union University, about one or two kilometres away, and it would probably take Ji Feng twenty minutes to get there on foot.

In fact, if it wasn't for the fact that he was so unfamiliar with the environment of Jiangzhou and had bought a detailed map of Jiangzhou shortly after the trade fair, I'm afraid that even if it was next to the school, Ji Feng wouldn't have been able to find the place.

When Ji Feng arrived at the Riverbank Coffee, Xiao Yuxuan had not yet arrived, so Ji Feng directly booked a window seat, sat there and ordered a cup of coffee, waiting quietly while absently observing the surroundings.

Because he had always been trained by the intelligent brain according to the standards of a special agent, Ji Feng would unconsciously observe the environment first wherever he went, and this had almost become an instinctive reaction for him.

It has to be said that the interior of the Riverbank Café is still very good, and the decoration is very well thought out. Fresh and elegant, simple and warm, this was Ji Feng's first impression.

Because it is located in a university town, the environment here is beautiful and the air is very fresh, which is something that cannot be compared to those shops in downtown areas. On top of that, the atmosphere was also very well created.

Ji Feng couldn't help but secretly nod his head, seeing that the owner of this Riverbank Coffee was also considered a person with a heart.

However, when Ji Feng's gaze swept towards the window again, he was suddenly stunned for a moment.

"Is that ....." Ji Feng's brows were slightly furrowed as he looked out through the glass. On the opposite side of the cafe, he saw the figure of Xiao Yuxuan, but next to Xiao Yuxuan, there was also a woman with a wonderful figure following, that woman he had likewise seen before, was Xiao Yuxuan's roommate, Xiao Ling.

"Why is she following too? Is she here to settle a score with me?" Ji Feng whispered softly to himself, in fact, although Ji Feng was more or less embarrassed about inadvertently seeing Xiao Ling's body that day, he actually didn't feel guilty in his heart.

Because in the final analysis, this matter could only be considered a misunderstanding, after all, it was not like he intended to look, and Little Spirit was too big-headed, and started to undress after entering the living room, not even noticing if there was anyone else in the living room.

But Ji Feng also knew that this kind of thing was indeed a bit difficult for a girl to swallow, and no matter who was right and who was wrong, in the end, the fault would definitely be put on the man.

So for Xiao Ling, Ji Feng chose to try to forget. Since this matter can't be said clearly, it's always okay for me to pretend that I don't know you, right? If I can't afford to mess with you, can't I afford to hide?

It was with this attitude that Ji Feng was a little upset when he saw that Xiao Yuxuan had actually come over with Little Spirit at this time. This time, Xiao Yuxuan was somewhat suspicious of preempting the others.

"No!" Ji Feng suddenly remembered something and shook his head slightly, "She wouldn't be ..... coming to find me to help her race, right?"

Previously, Xiao Yuxuan had once talked to Ji Feng on the phone about how Xiao Ling seemed to be asking him to race. Only, at that time, he had just received Tong Lei, where he was in the mood to think about this matter, so he also gave it to the back of his mind, now it seems that this possibility is not without ah.

Ji Feng wanted to stand up and leave immediately, but if he went out now, he would definitely meet up with Xiao Yuxuan and the two of them, so he couldn't help but wave at a waiter.

"What can I do for you, please?" The waiter's attitude was quite good.

Ji Feng asked, "Do you have, here, a back door? I mean, a few people I don't want to see are about to come in through the front door, and I want to slip out through the other door."

The waitress looked out the window and happened to see Xiao Yuxuan and Xiao Ling, and instantly pursed her lips.

In her opinion, it was obvious that one of Xiao Yuxuan and Xiao Ling should be Ji Feng's girlfriend, and it was estimated that Ji Feng was somewhat involved with both girls, and now that the two girls were walking together, Ji Feng was afraid that he was being a thief.

It has to be said that women have a talent for gossip, and their imagination is not to be underestimated, and this waiter is obviously such a person.

If Ji Feng knew what was going through this waiter's mind, I'm afraid he would have cried and laughed.

"Sorry, sir." The waitress slightly asked for her head, "We have a back door here, but the keys are in the owner's hands, and now that the owner is not in the shop, there is no way for you to go out through the back door."

She thought to herself, "You men, you go around playing with women when you have a bit of money, even if there was a back door, I wouldn't tell you!"

"It seems that slipping away is impossible." Ji Feng didn't know what was going on in her head, hearing that there was no back door, he could only shake his head and sit down with a bitter smile, waiting for Xiao Yuxuan to come in.

"No matter what they say, as long as it's not serious, just shake your head plus wave your hand." The corner of Ji Feng's mouth pulled up a slight curve, and a decision was secretly made in his heart.

A few minutes later, Xiao Yuxuan and Little Spirit both walked into the cafe together. Xiao Yuxuan saw at a glance Ji Feng who was sitting there in an old-fashioned manner, drinking coffee with a face full of enjoyment, she couldn't help but purse her lips and smile, thinking that the little guy knew how to enjoy himself quite well.

On the other hand, when Little Spirit saw Ji Feng, her face was not so nice. When she thought about the day her body was looked at by this guy, even though she was still wearing her underwear, but after all, in that environment, it was not much different from not wearing any clothes.

The thought of this made her grunt darkly.

However, when she realised that she still had something to ask of that brat, she could only swallow her resentment and secretly endure it until she had the right opportunity to teach that brat a lesson later.

Thinking like this, Xiao Ling's face barely managed to squeeze out a smile as she walked up to Ji Feng with Xiao Yuxuan.

In fact, Ji Feng had seen them a long time ago, but he was just sitting there drinking coffee and looking out of the window, as if he knew nothing about the two big beauties coming to follow him.

Xiao Yuxuan didn't care, thinking that Ji Feng really didn't see her.

"Ji Feng, what are you thinking about, so lost in thought?" Xiao Yuxuan asked with a smile as she sat across from Ji Feng with Xiao Ling.

This time, Ji Feng couldn't keep his mouth shut as he laughed, "I was just thinking, what is Sister Yu Xuan's sudden need to invite me for coffee for? Is it because I haven't seen her for a few days and she misses me so much that she can't think about tea?"

"Screw you!" Being teased by Ji Feng in front of Xiao Ling, Xiao Yuxuan's pretty face couldn't help but blush, she also heard Ji Feng's meaning, which was blaming herself for bringing someone casually without saying hello to him.

"You're Ji Feng?" Xiao Ling was quick to speak and asked directly.

"Huh ....." Ji Feng smiled faintly, picked up his coffee and took another sip, but didn't reply, even as if he hadn't heard it, without any indication at all.

Xiao Ling's eyes widened at once and her anger came up. You looked at my body and I haven't even settled the score with you yet, and now you're actually posing in front of me?

When Xiao Yuxuan saw that it was going to be bad, she hurriedly changed the subject and said, "Right, let me introduce to you, this is my friend, Ji Feng. And this, is my best friend and also my roommate, Wu Ling'er."

"Nice to meet you." Ji Feng nodded his head and said indifferently.

"Humph!" Seeing Ji Feng with this attitude, Wu Ling'er's fire could not be suppressed, "Ji Feng, what kind of attitude is that!"

Ji Feng was full of surprise and looked at Xiao Yuxuan and couldn't help but ask, "Where did you bring such a wild girl from? Who is she, do I know her?"

"You!" Wu Ling'er was extremely angry.

Xiao Yuxuan hurriedly pulled her back and glared at Ji Feng, "Ji Feng, haven't I introduced you, this is my roommate and my good friend."

"I've already said it's a pleasure to meet you too." Ji Feng smiled and said.

Xiao Yuxuan was choked, but she didn't know what to say, except that her heart was a little sour. She had merely brought a friend over without greeting, and Ji Feng treated herself in such a nonchalant manner, so I guess her position in his heart was not that important.

“Ji Feng, it’s like this, Xiao Ling has some things she wants to discuss with you, why don’t ..... you guys talk about it?” Xiao Yuxuan took a deep breath and asked in a soft voice.

“Sure, talk about what?” Ji Feng asked with a smile, he noticed Xiao Yuxuan’s change but didn’t say anything.

“It’s like this, Ji Feng, I want to ask you to help us go racing, feel free to mention any conditions, as long as we can do it, we will never be ambiguous, what do you think?” Wu Ling’er said directly.

Ji Feng smiled lightly, “Coincidentally, what I want, you don’t have and can’t do.”

“If you don’t say it, how do you know we can’t do it?” Wu Ling’er said as she held back her anger.

Ji Feng glanced at her and smiled, “Since that’s the case, then I can say it. Well ..... what I want most now is for you guys not to mention racing to me in the future, can you do that?”

Wu Ling’er: “.....”

Taking a deep breath, it was hard to suppress that fire in her heart, Wu Ling’er stood up and said, “I’m going to the washroom.”

After saying that, she hurriedly left. If she stayed any longer, she was really afraid that she wouldn’t be able to resist standing up and pouring coffee on Ji Feng’s head, this person was just too hateful.

After Wu Ling’er left, Ji Feng and Xiao Yuxuan sat opposite each other.

Xiao Yuxuan smiled to herself in her heart, it looked like she was just that much in his heart .....

“Is it psychologically uncomfortable?” Ji Feng asked indifferently.

Seeing his indifferent look, Xiao Yuxuan’s heart instantly sank and she stood up violently, picking up the bag by her side to leave.

However, in the next moment, her arm was steeply grabbed by Ji Feng, followed by a violent carry, and Xiao Yuxuan fell into Ji Feng’s arms with a startled cry.

“What are you doing ..... Well!” Before Xiao Yuxuan could finish her words, her beautiful eyes suddenly widened as her small, crimson mouth was kissed by Ji Feng.

## Chapter 158

Time seemed to stand still in this instant, Xiao Yuxuan’s whole body stiffened and her mind went blank. Her nostrils were filled with the masculine scent of Ji Feng’s body, making her forget to think and even forget where she was.

Ji Feng, however, did not stop in the slightest, as he wrapped his arms tightly around Xiao Yuxuan’s elastic waist and kissed her hot red lips tightly, his tongue easily prying open her teeth and sucking on the silky lilac tongue.

“Mmm!”

Xiao Yuxuan couldn't help but let out a nasal sound, and immediately reacted, he was kissing himself?

However, soon, Ji Feng's gentle kiss made Xiao Yuxuan forget about her situation, and her heart sighed, filled with sweetness and complicated emotions, then, she slightly closed her eyes and allowed Ji Feng to kiss her.

At a later stage, Xiao Yuxuan even gradually responded, and although the movements of her little tongue were very rusty, they gave Ji Feng great encouragement and made his enthusiasm rise even higher.

Some guests not far away could not help but smile slightly when they saw the two men's actions, thinking to themselves, "Young people nowadays, they are really too open.

Some young people, on the other hand, had a sour taste in their hearts. In particular, Xiao Yuxuan's arrogant figure was truly astonishing.

"A flower stuck in cow dung!" Some people couldn't help but secretly slander.

Ji Feng, however, didn't care what the others thought as his big hand stroked back and forth on Xiao Yuxuan's slender and elastic waist, tasting her tantalizing red lips to his heart's content and sucking on the sweet juices.

"Phew!"

Half a long time passed before Ji Feng let go of Xiao Yuxuan, who was almost out of breath by this time.

Looking at Xiao Yuxuan's bewildered eyes and reddened pretty face, Ji Feng couldn't help but heave a smile.

"Ah!" Xiao Yuxuan suddenly came to her senses, she let out a soft cry and was about to break away, however, Ji Feng's strong arms made her struggle simply futile and in the end, she could only helplessly continue to stay in his embrace.

"Brat, why are you treating me like this?" Xiao Yuxuan asked, ashamed and annoyed.

"Because I like you, don't you?" Ji Feng said, and his big hand gave her waist another gentle squeeze.

"Ah!"

Xiao Yuxuan's body went soft and she couldn't help but let out a soft cry, her pretty face almost dripping blood.

She glared at Ji Feng with incomparable shyness, as if she was chiding him for his rude actions. However, her eyes, which were full of affection, did not look like a rebuke in any way, but rather full of endless temptation, causing Ji Feng's body to instantly react.

At once, Xiao Yuxuan found something against her arse, and being an adult, although she had never experienced such a thing, she knew what it was, and her pretty face turned even redder.

"Bad egg!" Xiao Yuxuan cursed lightly, "Don't let go of me yet, everyone else is watching!"

“Letting go of you is fine, but you haven’t told me if you like that feeling just now?” Ji Feng asked with a heated smile.

“No!” Xiao Yuxuan said without hesitation, suddenly being kissed by Ji Feng in his arms, and in public, even if she liked it, she had the instinctive shyness of a girl, so naturally she would not admit it.

“Don’t like it?” Ji Feng didn’t think anything of it and hummed, “I just like to do things that others don’t like, since you don’t like it, then I have to do it again.”

Saying that, he was about to lower his head to kiss Xiao Yuxuan’s red lips again.

“Don’t!” Xiao Yuxuan’s small hand hastily blocked Ji Feng’s mouth and said shyly, “Why are you such a cheeky person? You’re molesting me, it’s against the law you know?”

“Of course I know, but if you don’t tell the truth and break the law I’ll admit it.” Ji Feng hummed.

“Alright, alright, can’t I still like it?” Xiao Yuxuan, seeing that Ji Feng was about to continue, suddenly said shyly and hurriedly.

“Really?” Ji Feng stared at Xiao Yuxuan’s eyes that looked like autumn water and couldn’t help but ask.

“Really!”

Ji Feng grinned, “Did you like that just now?”

“Yes!”

“If I let go of you, would you like it?”

“Mm.”

“Like it or not?”

“..... like it.”

“Like me?”

“Like ..... no, I don’t know!” Xiao Yuxuan had just finished speaking when she instantly reacted and shook her head in a panic.

Ji Feng looked deeply into Xiao Yuxuan’s eyes until she was almost a little flustered from looking at her, before asking, “You really don’t like me?”

“Do you have to ask me to say so?!” Xiao Yuxuan’s mood was extremely complicated.

“Of course!” Ji Feng said without hesitation. There were not many opportunities like this, so if he didn’t let Xiao Yuxuan tell the truth now, I was afraid it would be even harder in the future.

“I like you! Alright?” Xiao Yuxuan gave a delicate hum, “But what can you do if you like you? You already have Tong Lei? And she was once my student, do I have to compete with a student for a boyfriend? It’s impossible between us.”

Hearing these words, Ji Feng finally laughed.

“What are you laughing at?” Xiao Yuxuan became a little ashamed and angry, thinking that Ji Feng was laughing at himself.

Ji Feng smiled and asked, “If you think so, then why did you respond to me when you kissed just now?”

Swish!

Xiao Yuxuan’s pretty face was so red that it was almost dripping blood, and she said in shame and anger, “Who, who responded to you!”

“Haha ……” Ji Feng burst out laughing.

“Brat, you dare to fool me!” Xiao Yuxuan was so ashamed that she couldn’t help but pound on Ji Feng’s shoulder a few times, her eyes showing a look of aggravation, “Since you’re fine with Tong Lei, why did you come to provoke me again? Why?!”

Ji Feng couldn’t help but smile at once, “Because I like you.”

A soft place in Xiao Yuxuan’s heart seemed to be touched, but remembering her status, she couldn’t help but shake her head, “You like me, what about Tong Lei?”

“I like Tong Lei too, my heart is the same for both of you.” Ji Feng said seriously.

“Shame on you!” Xiao Yuxuan said angrily, “Are you men all the same, eating from the bowl and looking at the pot? So you are no exception!”

Ji Feng shook his head slightly and said, “I am not an exception, but my starting point is different from theirs.”

“What’s different?!” Xiao Yuxuan grunted in exasperation, “The same lustfulness, the same rushing for a woman’s body.”

“They are going for a woman’s body, while I, for you as a person.” Ji Feng said.

“So what’s the difference?” Xiao Yuxuan stood up and prepared to leave, “At the end of the day, it’s still about the woman’s body.”

“For you, the body too, and the heart, I want it too!” Ji Feng said seriously.

“You ……” Xiao Yuxuan didn’t know what to say anymore, just hesitated, and was pulled by Ji Feng to sit down at once, “Ah, what are you doing?”

Ji Feng smiled, looked at the blushing Xiao Yuxuan and said seriously and solemnly, “Yuxuan, I really like you.”

“Humph!” Xiao Yuxuan hummed, but didn’t say anything.

“Huh ……” Ji Feng couldn’t help but laugh lightly twice.

“What are you laughing at?!” Xiao Yuxuan glared at him and asked indignantly, obviously she was still a bit angry or, perhaps, a bit shy about being ‘bullied’ by Ji Feng just now.

“Didn’t laugh at anything.” Ji Feng faintly shook his head and said with a smile. At this moment, Xiao Yuxuan’s face was scarlet and her eyebrows contained a hint of shyness and anger, which was very cute, so Ji Feng couldn’t help but lose his laughter.

However, this was not something he would say to Xiao Yuxuan explicitly.

Xiao Yuxuan seemed to understand what was going on and couldn’t help but give him a blank look, but she didn’t look angry in the slightest, only a complicated look flashed across her beautiful eyes.

Between her and Ji Feng, there was always this barrier of Tong Lei.

The sudden kiss before had made Xiao Yuxuan understand that she had already burned Ji Feng’s mark in her heart and it was impossible to forget this person in her life. However, thinking of Tong Lei, she had to barely hide her emotions and could only sigh tersely.

“Little guy, there’s no denying that I like you too!” Thinking for a long time, Xiao Yuxuan finally admitted it.

Ji Feng’s face instantly revealed a bright smile, from the initial coldness of Xiao Yuxuan, to the sudden forced kiss later, to now, Xiao Yuxuan finally admitted her true heart.

“Don’t be too happy first, liking doesn’t necessarily mean being together!” When Xiao Yuxuan saw Ji Feng’s appearance, she immediately became angry in her heart, and once she remembered that Tong Lei was his real girlfriend, Xiao Yuxuan felt aggrieved in her heart.

Ji Feng was stunned and said, “You have admitted that you like me, shouldn’t I be happy about it?”

Xiao Yuxuan pouted, “Let me tell you, I like you as I like you, but, it’s not that easy to want me to follow you!”

“How?” Ji Feng asked in a hurry.

“If you want me to follow you, how can there be a process to do so? I, Xiao Yuxuan, am not a woman that no one wants, who has to pester you with her dead skin, I’m not that cheap!” Xiao Yuxuan said indignantly.

Ji Feng laughed bitterly, “Then what process do you want?”

“You want to pursue me, formally!” Xiao Yuxuan hummed, “I know, in this way, Tong Lei will definitely know about the relationship between the two of us, but how to convince her, that’s your business, it has nothing to do with me, anyway, you have to let people know that it was you who pursued me, not me who was dead set on following you!”

Ji Feng was immediately moved in his heart, how could he not understand Xiao Yuxuan’s feelings?

Because there was Tong Lei in between, Xiao Yuxuan was not willing to be that bad woman who steals other people’s boyfriends, however, she could not reject herself, so she could only let herself pursue her, in fact, to make Tong Lei accept her.

Xiao Yuxuan’s affection for Ji Feng, and he in would not be moved.

“Yu Xuan, thank you.” Ji Feng said seriously, a warm current tripping through his heart.

“Three months, I only give you three months.” Xiao Yuxuan deep three slender and tender white fingers, waved in front of Ji Feng, “If within three months, your pursuit touches me, then I will agree to be your girlfriend. But if it’s more than three months, there’s no need to talk about it later, and if you force me again, I’ll leave Jiangzhou and never come back.”

“Good! I promise you!” Ji Feng nodded solemnly.

Xiao Yuxuan could make such a condescending decision for him, why couldn’t he go cheeky once for her?

As for Tong Lei ..... Ji Feng had a bit of a headache again, but, anyway, there are still three months to go, so hopefully there will be a turnaround!

## Chapter 159

Hearing Ji Feng if he readily agreed to do so, Xiao Yuxuan could not help but be a little surprised, and even ..... a little disbelieving.

To know, if Ji Feng did what she said, then it would inevitably let Tong Lei know what happened between them, in which case, how could Tong Lei tolerate it?

However, when Xiao Yuxuan saw the sincerity in Ji Feng’s eyes, her heart couldn’t help but be rattled a little. At this moment, she believed without reservation that what Ji Feng said was absolutely true.

“Alas .....” Xiao Yuxuan sighed lightly in her heart, in reality, how could she really let Ji Feng pursue her openly and honestly? Wouldn’t that be clearly and unmistakably telling Tong Lei that I’m stealing your boyfriend?

Of course Xiao Yuxuan wouldn’t do such a thing, otherwise, what else would she have had to be embarrassed about before? The reason she had to make such a condition to Ji Feng was just to test how much Ji Feng really meant to her, not to make things difficult for him.

Who would deliberately make things difficult for the person they like? At least not Xiao Yuxuan.

But Xiao Yuxuan did not expect that Ji Feng’s answer would be so crisp, which moved her to the core.

She knew that before she met Ji Feng, Xiao Yuxuan had almost been forced into a corner by Li Weidong, and the fact that Ji Feng was able to stand up for her without reservation had already touched her.

Now when she saw this determined look on Ji Feng’s face, Xiao Yuxuan felt as if she was seeing the scene again when Ji Feng stood up for her when he heard that she was being embarrassed by Li Weidong.

Without Ji Feng, I am afraid that she would have been Li Weidong’s forbidden woman by now, right?

After experiencing He Dong’s shameless betrayal, seeing the kind of people who approached her with various purposes during her university days, and almost being forced to the brink by Li Weidong, Xiao Yuxuan had already seen clearly the coldness in the world. If she could meet someone like Ji Feng who treated her well without reservation, how could she have any more excessive demands?

Looking at Ji Feng's resolute and handsome face, Xiao Yuxuan's heart became soft and she almost couldn't help but jump into Ji Feng's arms like this.

However, Xiao Yuxuan still held back, not only because this was a public occasion, but also because of a girl's reserve.

"What a silly boy." Xiao Yuxuan said with love and hatred in her heart, and a look of affection flashed in her eyes, "This life is kind of ruined by your hands, how did I meet you!"

However, although there was a decision in her heart that she would not leave Ji Feng in this life, but seeing his somewhat expectant look, Xiao Yuxuan still intended to tease him.

Raising her head slightly, Xiao Yuxuan's red lips lightly opened, "You promised so quickly, aren't you afraid that Tong Lei will know?"

A look of bitterness flashed across Ji Feng's face as he nodded honestly, "Of course I'm afraid, how can I put it, you and Tong Lei are equally important in my heart, losing either of you would make me ache for life."

"Then you still promise me?" Xiao Yuxuan blinked her eyes twice, flashing in a flirtatious manner.

"Since you gave me this opportunity, I naturally have to grasp it." Ji Feng said rightfully, if he said yes, he would have a 50 percent chance, if he didn't, there was no chance at all, Ji Feng certainly knew how to settle this account.

The actual can't, then tell Tong Lei explicitly, just like to Xiao Yuxuan, let them know their own feelings, as to how they will choose in the end, although Ji Feng has no bottom in his heart, but one thing he is very clear, if he does not try to fight, will certainly regret for life.

If he fought for it, but still didn't keep them ..... this might not be within Ji Feng's consideration, no matter what method he used, he would definitely not let Xiao Yuxuan and Tong Lei leave.

"You!" Xiao Yuxuan looked at Ji Feng's firm eyes and could only sigh lightly, "Alright, I won't make things difficult for you, the previous condition is cancelled."

"Why should it be cancelled?" Ji Feng was instantly anxious, "Yu Xuan, words can't be uncountable."

"Pfft!" Seeing Ji Feng's anxious look, Xiao Yuxuan finally couldn't help it and let out a giggle, then she tensed her face and hummed, "Can't I change my mind?"

"No!" Ji Feng's face instantly sank, fiercely wrapped Xiao Yuxuan in his arms once again, and viciously said, "Dare to keep your word, see how I will clean you up!"

Xiao Yuxuan's smile just now, how could he not understand, dare to say, Xiao Yuxuan is deliberately teasing himself.

At the same time, Ji Feng couldn't help but hate his teeth, his headache was killing him, but she still had the time to tease him, he should be spanked!

Xiao Yuxuan suddenly lost her colour and said in a panic: "I'm wrong, I'm wrong, can't I? Ji Feng, come on, stop it, everyone else is watching!"

Ji Feng heatedly smiled, "It's okay to stop, scream something nice, otherwise, the family law will be served!"

"Sh, what's nice?" At this moment, Xiao Yuxuan was tightly held in Ji Feng's arms, her plump buttocks were high up, seeing that Ji Feng's big hand might fall at any moment, a strange excitement surprisingly rose in her heart, and she felt shy beyond measure, her mood was complicated.

"Like, what should you call me? Hubby, good brother, dear ..... whatever you choose!" Ji Feng said with a bad smile.

"Bah! Luckily brother ..... is disgusting!" Xiao Yuxuan's shy pretty face turned red.

"Pah!" Just as Xiao Yuxuan's words fell, Ji Feng's big hand slapped her arse hard.

"Oooh!" Xiao Yuxuan subconsciously let out a trembling moan, her delicate body shook violently, and a hot stream of water unexpectedly flowed out of her lower body.

Xiao Yuxuan was dying of shame, how could she have imagined that her body would react in such a situation, was she born to be a s\*\*t?

"Ji Feng, please let me go, I was wrong." Xiao Yuxuan was ashamed and shocked, and her delicate body was still trembling slightly.

Ji Feng immediately smelled a strange smell, the kind of smell with the ghostly fragrance of Xiao Yuxuan's body, making him understand what that smell was, he couldn't help but widen his eyes, he didn't expect Xiao Yuxuan's body to be so sensitive!

"Hey, it's fine for me to let you off, still the same words, scream nice." Ji Feng also did not dare to continue to make a scene, this was in public, he naturally could not let Xiao Yuxuan make a fool of herself, she was his girlfriend, if she was seen by others, he would be at a big loss.

"Old, husband ....." Xiao Yuxuan's voice was like a mosquito and she was so shy that she could barely lift her head.

"Well, that's more or less the same." Ji Feng nodded in satisfaction, wrapped one hand around Xiao Yuxuan's small waist, held her elastic thighs with the other hand, and with a fierce effort, Xiao Yuxuan sat in his arms.

"You're really a big bad egg, you have to watch me make a fool of myself to be happy, don't you?" Xiao Yuxuan buried her head at his neck, her heart was shy and uncomfortable, but at the same time there was a hint of vague anticipation, that slap just now had given her an unprecedented stimulation.

Ji Feng smiled heatedly and did not say anything, but his heart was incomparably surprised. He just found out that Xiao Yuxuan's body was actually so sensitive, if it was in bed .....

Ji Feng hurriedly shook his head, his own thoughts seemed to be a bit over the top.

But I don't know why, every time I was with Tong Lei, seeing her clear and beautiful appearance, although Ji Feng also thumped his heart, but he would not frequently have aromatic thoughts. However, when he was with Xiao Yuxuan, Ji Feng would always involuntarily associate himself with that aspect.

“Could it be that it’s because Yu Xuan is more mature and more flirtatious than Tong Lei?” Ji Feng thought for half a day and could only come up with such a reason.

The two women, to be able to have one is already a lifetime of luck, if two have at the same time, it is simply a blessing that can only be cultivated in several lifetimes.

Ji Feng couldn’t help but scratch his head, he seemed a bit too optimistic, if Tong Lei knew about this, he might not know how much he would react.

“Ji Feng, hurry up and put me down, Xiao Ling went to the bathroom and might be coming out soon.” Xiao Yuxuan’s soft Wu Nong soft words made Ji Feng come back to his senses, he then remembered that today’s topic was not him and Xiao Yuxuan talking about love, but Xiao Ling asking for his help in racing.

Knowing that Xiao Yuxuan’s face was overwhelmed and afraid of his friends’ jokes, Ji Feng could only give a fierce squeeze on Xiao Yuxuan’s plump buttocks, causing Xiao Yuxuan to yelp softly, before releasing her.

“Little bad egg.” Xiao Yuxuan hurriedly sat back in the opposite seat and gave him a flirtatious white glance, her soft little tongue licking her lips without a trace, with a look full of endless temptation`.

“Simply a demon spirit!” Looking at her flirtatious look, the fire in Ji Feng’s heart rose up, wanting to grab her over again and love her fiercely, but Xiao Yuxuan seemed to have gotten defensive and was sitting a bit far away, making it inconvenient for him to do it, so he could only give up unhappily.

“You must have done it on purpose!” Ji Feng grunted.

“So what if it was?” Xiao Yuxuan flirtatiously threw a winks, “Anyway, you’ve already let me go, what can you do to me now?”

“Hmph, when I catch you, I’ll see if you still dare to say that.” Ji Feng said viciously, yet he couldn’t do anything, after all, his skin wasn’t thick enough to molest a woman in public.

Xiao Yuxuan just ate up this point of his and gently crossed her beautiful legs, deliberately tempting him without a trace, making him itch with hatred, but there was nothing he could do about it.

However, Ji Feng’s heart was completely relieved, Xiao Yuxuan’s attitude had undoubtedly indicated that she was willing to follow herself along with Tong Lei.

At the thought that he could have such a flirtatious girlfriend, Ji Feng’s heart was on fire.

Both seemed to understand what was in the other’s mind, smiling at each other, Xiao Yuxuan threw a wink, and Ji Feng’s fiery gaze was on Xiao Yuxuan’s body, the neckline was the object of his focus, this ambiguous and sweet game made them happy.

It wasn’t until Xiao Ling returned in the spirit of her face that the two were considered to have put an end to this ambiguous \*\* and became serious again.

“Ji Feng, I am solemnly inviting you, I hope you can help us go on a racing trip, the reward or whatever, you can mention whatever you want, I have already said that as long as we can do it, we will definitely not be ambiguous.”

After sitting down again, Wu Ling'er looked much more composed, although the anger was still obviously forced between her eyebrows, but at least it was much better than the big grin she had when she first arrived here.

Ji Feng glanced at Xiao Yuxuan, but saw that Xiao Yuxuan's pretty face was slightly red and she averted her gaze, not meeting his eyes at all.

The corners of his mouth pulled up a slight arc, Ji Feng understood that Xiao Yuxuan did not want her words to influence his decision.

After a moment of deliberation, Ji Feng nodded slightly and asked, “I want to ask you a question, it might be a bit presumptuous, I hope you don't mind.”

“Go ahead, what kind of question?” Wu Ling'er was a little surprised, she was keenly aware that Ji Feng's attitude seemed to have changed a little compared to just now, could it be that Xiao Yuxuan had persuaded him again after she left? A good sister is a good sister, although she says she won't help, she actually still helps herself secretly.

Thinking about this, Wu Ling'er couldn't help but feel anxious in her heart, and wondered if Ji Feng would agree.

“What I want to ask is, who are you going to race with and why, and also, why must you invite me to ..... well, just these questions.” Ji Feng picked up his coffee and took a sip, asking indifferently.

Wu Ling'er was stunned, not understanding why Ji Feng would suddenly ask these questions, but on second thought, if he agreed to race, these questions were indeed all closely related to him, and it wasn't strange for him to ask.

So, Wu Ling'er said truthfully, “If you agree, no surprise, the person you are racing with should be Sun Zixiong, the king of underground black cars in Jiangzhou, this person's driving skills are very powerful, very few people in the whole Jiangzhou are his opponents, so we can only look for you.”

“Why do you want to race with him?” Ji Feng asked.

“Ji Feng, since your racing skills are so good, I believe you must have often shown your skills in underground racing, there are only so many places in Jiangzhou that are suitable for racing, and they each have their own turf, but this Sun Zixiong has recently been trying to steal that road that we race on, so naturally we can't tolerate it, so both sides have set up a competition next month, and if we lose would give up that road, but if we won, Sun Zi Xiong's road would also be ours.” Wu Ling'er said.

“A bunch of fops who have nothing better to do!”

After listening to this, Ji Feng frowned and cursed, “If I remember well, there is only one regular racing road in Jiangzhou, and the so-called underground racing you are doing now is actually illegal.”

Wu Ling'er's eyebrows knitted slightly and she was about to get angry, but when she saw Ji Feng's look of disgust and disdain, somehow she managed to hold back her anger.

“So what if it’s illegal? Everyone plays like this, as long as there are no major problems, the police won’t care.” Wu Ling’er grunted.

“It’s not that they don’t care, it’s that they don’t dare to care!” Ji Feng disdainfully brushed his mouth, “I want to ask, Wu Ling’er, how much is your salary a month? Five thousand? Or seven thousand?”

“Why are you asking this?” Wu Ling’er hummed.

“I’m afraid that your salary for a year put together is not enough to cover the amount of money you consume in one race, right? Where did you get that much money?” Ji Feng snorted, “All day long you think you’re great, you think you’re so capable, playing racing .....

As Ji Feng’s snicker kept ringing out, Wu Ling’er’s face became increasingly ugly, and in the end, her eyes were filled with anger, almost as if she wanted to eat Ji Feng.

Zap!

Ji Feng’s leg was kicked, needless to say, it must have been Xiao Yuxuan who couldn’t look away.

Ji Feng, however, just sneered and asked, “Miss Wu Ling’er, if I remember correctly, the reason why you knew that my driving skills were good was because we met on the morning of the 29th of September on the Pan Mountain Highway, wasn’t it?”

“So what if I did?” Wu Ling’er asked in an unkind tone.

Ji Feng sneered, “So what? Ha! You’re really justified! Let me tell you, if it wasn’t for my driving skills, with the speed of those dozens of sports cars of yours, if any ordinary person was driving a car, they would have been hit by you guys long ago, and when the time comes, car destruction and death would be light, once a chain rear-end accident happens, what kind of consequences would it cause, have you thought about it? Of course, if you guys die, then you deserve to die, but what about the people who were innocently hit?”

Wu Ling’er’s face instantly changed, she bit her lips tightly, and her delicate body couldn’t help but tremble a little.

However, it was undeniable that Ji Feng’s words were right.

The night before she met Ji Feng on the Panshan Highway, it was because she had just made an agreement with Sun Zixiong, and someone had proposed to go to practice overnight.

As a result, that practice was overnight, and it was only after they met Ji Feng the next morning that they were all deeply shocked, and only then did they each go home.

Looking back now, the situation at that time was indeed as Ji Feng had said. With the exhausted state they were in after practicing all night, if the person driving at that time was not Ji Feng but an ordinary person, the probability of having an accident would have been too great.

“How can you behave like this and still have the face to come and ask me to help you with your racing? It’s simply a travesty of the world! Miss Wu Ling’er, please remember that I will never, and will never, help a group of dudes who never take other people’s lives seriously to go racing!”

Here, Ji Feng was already stern, "Also, if I ever find out that you guys still dare to act like this, the police may not dare to control you, then I will do it for the police, what you are relying on, I will find out exactly what you are relying on and deal with it together with your reliance at that time!"

"Bang!" Ji Feng slapped the table fiercely, "If you don't believe me, just try it!"

"Ah!" Wu Ling'er was violently startled and immediately lost her colour. Although she was a bit big-hearted, but since she grew up, no one had ever dared to talk to her like that.

"Ji Feng, why did you get angry for a good reason, don't get angry!" Xiao Yuxuan saw this and hurriedly persuaded Ji Feng. Other people might not know, but Xiao Yuxuan was very clear, with Ji Feng's status, if he really wanted to deal with Xiao Ling and her friends, not to mention that they were defenseless, even the family they relied on, I'm afraid that in a minute, they would be destroyed in smoke and cease to exist.

Originally, Xiao Yuxuan still had some blame in her heart for Ji Feng being too hard to talk to, but when she listened to those words just now, she realized that Xiao Ling Racing was actually in such danger, which was not only dangerous for herself, but also very dangerous for others, no wonder Ji Feng was furious.

However, just such a good sister, Xiao Yuxuan could not bear to watch Xiao Ling being scolded like this, she could not help but say softly, "Xiao Ling, actually Ji Feng is right, it is really too dangerous for you to play racing, how about, forget it?"

Wu Ling'er was silent, just tears welling up in her eyes.

Xiao Yuxuan then couldn't help but let out a soft sigh, she knew this good sister's temper the best. In fact, Little Spirit was not bad in nature, only that since she grew up with divorced parents, although she never lacked in terms of money, she did not have the love of her parents.

In order to attract her parents' attention, she had been very rebellious since she was young, and as a result, she had gradually developed such a big personality. Because of this, when Xiao Yuxuan was forced by Li Weidong, Xiao Yuxuan did not tell Xiao Ling the details because she did not want Xiao Ling to beg her parents because of her own affairs.

Xiao Yuxuan knew best how antipathetic Little Spirit was to her parents.

"Wu Ling'er, these words of mine are not just for you, but also for those fox friends of yours, and that whatever rival of yours, Sun Zi Xiong, please tell them that if you dare to mess up again, I will let you know what regret means!"

Ji Feng stood up and directly took out two notes and put them on the table, "Yu Xuan, that's it for today, I'll leave first."

"Wait a minute!" Wu Ling'er suddenly called out, instantly drawing the eyes of the other customers towards this side, "Ji Feng, who are you to lecture me? Aren't you likewise a racing expert yourself? Do you dare to guarantee that you've never participated in underground racing?"

A person with such superb car skills, if she said she had never participated in real racing, Wu Ling'er would not believe her to death, such car skills could only be honed by real intense racing, and could not be practiced normally.

Ji Feng frowned and shook his head in disappointment: "Really unrepentant, you still don't know to review your mistakes now, instead you still come to question me? Oh, there's no harm in telling you, I have indeed never participated in a single match, not even half a match!"

"That's not possible!" Wu Ling'er obviously didn't believe it.

Ji Feng gave her a disgusted look, "You love to believe it or not, but you'd better take my words to heart, otherwise, there's no pill of regret for sale in this world."

After saying that, Ji Feng left the cafe without looking back.

Whether he heard about it or saw it with his own eyes, there were too many incidents of such rich kids racing cars causing harm to ordinary people, and Ji Feng's heart had long been filled with anger. In the past, he was powerless to change this status quo, so he couldn't say anything.

But now it was different, his status and position made him capable of changing things around him, and if he still turned a blind eye to it at this time, he absolutely could not do it.

Not to mention that Wu Ling'er was Xiao Yuxuan's friend, even if it was Xiao Yuxuan, as long as she dared to do such a thing, he would definitely not show any mercy when he reprimanded her.

If you don't take other people's lives seriously, what respect do you get from them?
