

Campus Master 1511

Chapter 1511

“An old man, and two other young relatives with weapons,” standing in front of the door of the box, Ji Feng frowned at the door of the box and made a few gestures to the white spider.

The white spider nodded imperceptibly, and then she quickly retreated backwards, turned around the corner in front of her, and disappeared.

Li Ruonan then couldn't help but be surprised, the hand gesture that Ji Feng made just now seemed strange, Li Ruonan remembered that she seemed to have seen it somewhere or heard of it, but she just couldn't recall it for a while.

“Lost in thought?” Ji Feng looked at Li Ruonan's strange look and couldn't help but extend his hand and shake it in front of her eyes.

“Huh?”

Li Ruonan was busy coming back to her senses, she instantly blushed slightly on her pretty face and gave Ji Feng a vicious glare, this guy was always so hateful.

“Pout!”

Ji Feng nudged towards the door of the compartment, that meant for Li Ruonan to knock on the door.

“Why don't you go?” Li Ruonan then glared.

“..... Okay!” Ji Feng nodded helplessly and raised his hand and knocked on the compartment door, “Knock knock knock!”

“Pop!”

The door of the compartment was immediately opened, a man stood at the door looking at Ji Feng and Li Ruo Nan duo, Ji Feng's eyes immediately narrowed slightly.

This man was about thirty years old, with a sturdy figure and a straight stance, what made Ji Feng pay attention especially was that this man's eyes were very sharp, the moment he just looked, he gave people the feeling as if he was a falcon staring at you.

High hand!

Ji Feng immediately understood what the white spider meant, this man was, indeed, not simple.

Now, although he didn't know how skilled this man was, but having this kind of look was enough to prove that this man was definitely not simple.

Especially, at that moment when the door was opened, this man's right hand was hidden behind his back.

And at this moment, when this man saw Ji Feng and Li Ruo Nan, he couldn't help but frown slightly, especially when he looked at Li Ruo Nan, he even flickered his gaze and a look of displeasure flashed across his eyes.

He asked in a deep voice, "Who are you and what are you knocking on the door for?"

The man's tone was very stiff, not at all the kind of dismay that ordinary people feel when they see a policeman, as if he was looking at two complete strangers.

Ji Feng then took note, but his face was motionless, he just said indifferently, "We are the police, and we have some questions and would like to ask you to cooperate with the investigation."

As he said that, he glanced at Li Ruonan.

Fortunately, Li Ruonan was very sensible and did not fight with Ji Feng at this time, she took out her documents from her jacket pocket and flashed them in front of the man, "This gentleman, we want to go in and take a look, and we also ask you to cooperate with the investigation."

"What do you want to investigate?" The man did not even move his body, but only asked in a deep voice.

"Where did you get all that nonsense?!" Ji Feng's eyes glared, "The police must keep the case confidential, do I have to tell you what to investigate?"

"Swish!"

A cold light flashed in this man's eyes as he stared at Ji Feng and said in a deep voice, "This compartment is booked by us, until the time is up, this compartment is our private property, even the police can't just enter whenever they want!"

"Joke!"

Ji Feng sneered and said in a deep voice: "Now I suspect that your identity is also suspicious, take out your ID card and let me check it, hurry up!"

"Get lost!"

The man's face sank, "Don't get yourself into trouble, there's no one you're looking for here, if there's any problem, let your chief come over personally!"

"Say another word if you have the guts!" Ji Feng said in a cold voice.

Li Ruonan was stunned, she gave Ji Feng a stunned look, when did this guy become so cross?

However, now Li Ruo Nan could not break Ji Feng's stage, she also said in a deep voice: "Please speak politely, we are on official duty, please cooperate!"

"Sorry, I'm also on duty, you guys please go back!" The man said indifferently.

"You"

Li Ruonan was also blocked by this unsavoury tone of the other party, she took a deep breath and said in a deep voice, "This gentleman, we are now investigating a very serious case, if you don't cooperate then we will have to take coercive measures!"

"Whatever!"

The man said indifferently and was about to close the door with his hand.

“Boom!” Ji Feng directly kicked the door open, and he directly slammed his fist over, “I’ll let you go wild!”

Swish!

The man turned around violently and slammed his fist over in the same way.

Boom~~!

Ji Feng and the man’s fists clashed together, yet both of them were equally motionless, causing Li Ruonan beside him to watch with her eyelids popping.

“Xiao Zuo, don’t be rude, let people in!” At this time, a slightly old voice came from inside, only, it was calm and steady, as if it carried an aura.

Ji Feng made a mental note of this voice, and he coldly snorted, “Don’t move aside yet, you dare disobey your master’s command?”

The man stared coldly at Ji Feng for a while, before taking a slight step back and opening the door.

“Humph!”

Ji Feng gave a proud hum and turned his head to Li Ruonan, “Captain, let’s go in!”

Li Ruonan then touched Ji Feng without a trace and blinked twice, as if meaning to say, “What are you up to?”

Ji Feng, however, just smiled smugly and didn’t answer.

Li Ruonan had no choice but to follow him into the box, only that, in her heart, she had the feeling that she had been sold out by Ji Feng.

This guy had clearly said that he was here to investigate, but after arriving here, all the actions were dominated by him, and she had the feeling that she was being led by the nose instead!

The two of them walked into the compartment and immediately saw that a woman dressed in a very simple manner was staring at them with incomparable vigilance, seemingly ready to strike at any moment.

In the compartment by the window, an old man was sitting cross-legged at the table, sipping his coffee very leisurely. This old man’s head was already full of silver threads, but his spirits looked good, and when he saw Ji Feng and the two of them enter, he smiled faintly.

“I wonder what the two of you have arrived for?” The old man asked with a smile.

“Old man, don’t drop the book with me here!” Ji Feng snorted coldly, “I asked you guys, where are you from? From your accent you shouldn’t be locals of Jiangzhou, right? Show me your ID cards!”

“Unbridled!”

The man next to him immediately shouted, while the woman likewise stared at Ji Feng with a stern look in her eyes, looking at her, she simply wanted to tear Ji Feng alive!

“What are you yelling at?” Ji Feng also glared up, “Show me your ID card!”

“Huh

The old man, however, laughed as he looked at Ji Feng with amusement and said with a smile, “This little brother, I think you’re not a policeman, right?”

“I’m not a policeman?” Ji Feng snorted, “Old man, are you too old and therefore blind?”

In his heart, he was secretly surprised, this old man had such great eyesight!

“Being old, my eyes are definitely a bit blurry, but these old eyes of mine are still very accurate in reading people!” The old man said with a smile, “Although I don’t know what purpose you have in pretending to be an evil policeman, but you are not a policeman, this is still something that I, an old man, will not be wrong about!”

Ji Feng couldn’t help but smile, “Old man, what a good eye!”

“Oh

“I took some liberties just now, so I hope the old man won’t take offense!” Ji Feng bowed slightly as an apology, “However, I’m still a bit curious about the identities of a few people, to be honest, a few days ago someone attacked my friend in this cafe, so I came here today especially to take a look!”

“So that’s it!” The old man nodded and said, “How about this, this old man of mine doesn’t like to carry ID cards when he goes out, but I can assure you that none of the few of us are bad people, do you think this will dispel your doubts?”

Ji Feng laughed: “Sure, since the old man said so

“Go well!” The old man nodded his head with a smile.

Ji Feng nodded and smiled before he turned around and walked out.

Li Ruonan hurriedly followed out, with a face of bewilderment and dismay, until now, she had not understood what was going on when Ji Feng barged in with some vicious words and now retreated with alacrity.

“Boom!”

The door of the compartment was viciously slammed shut.

Ji Feng looked back and couldn’t help but shake his head and smile.

But Li Ruonan’s eyebrows knitted slightly: “Ji Feng, why did you do that just now, but you’ve ruined the reputation of our police!”

“But no. You heard it just now, that old man has already recognized that I am not a police officer!” Ji Feng laughed: “I believe that old man should have seen clearly and would not have wronged you police officers!”

“Then you were still like that just now?” Li Ruonan asked.

“Don’t worry, that old man just now is definitely not an ordinary person, those two young men should also be soldiers, think about it, how bad can an old man protected by soldiers be?” Ji Feng asked with a smile.

“Soldiers?!” Li Ruonan couldn’t help but be stunned, and then she slowly nodded, “Indeed, that man has a straight back, he looks like a soldier.”

Ji Feng smiled and didn’t say anything. In fact, Li Ruonan was still only looking at people from their appearance, but Ji Feng was able to tell that the man was a soldier from other aspects.

When that man made his move just now, he struck out in a moment of desperation and used a military fist that only the special forces used, which should have been his subconscious reaction. On the other hand, the man’s eyes were sharp, and he had that unique aura about him.

He must be a soldier!

“The people in this compartment should be fine!” Ji Feng said, “Below, we’ll go to the box in front!”

In fact, the box in front was the one that Ji Feng attached the most importance to.

Because he saw from Rong Suyan’s office that White Spider did it in the front compartment, and White Spider also said that there was a young man in the front compartment who was not simple.

It was too strange for a very ordinary cafe to have not only an old man who was protected by the military, but also young men who were not simple.

There was a good chance that there was a connection to the shooting.

“Go!” Ji Feng waved his hand, “Go over and take a look!”

Chapter 1512

“Chief, those two people just now were too rude, why didn’t you let me take them down!”

After Ji Feng and Li Ruonan left the first compartment, the stout man couldn’t help but be a bit indignant and said in a low voice.

After spending so much time by the chief’s side, it was the first time he had seen someone dare to speak to the chief like that, and the other party was still behaving so domineeringly that if the rules were followed, it would be perfectly fine to take that arrogant and domineering young man down on the grounds of the chief’s safety, or even throw him into prison.

“Yes, Chief.”

The woman who had been cold-faced next to him couldn’t help but say, “Those two people are too ignorant of the sky, they should really be taken down!”

“Hehe

The old man with a silver head smiled, but he chuckled, "According to you guys, that young man is unaware of the high ground, so if I were to behave with him in general, wouldn't I also be unaware of the high ground?"

"No, no, chief, we don't mean that", the two hurriedly shook their heads.

The old man smiled and waved his hand, saying, "Forget it, today's incident is just a small episode, it's not worth making a fuss about, since we've come out for a trip, it's interesting to run into something."

"..... yes!"

The two nodded, but that heart was also very resentful, they had always respected the old head very much, but those two young people were reckless, if not for the old head, just because of their arrogant and domineering appearance, they would have been thrown into prison.

The old man, on the other hand, acted as if what had just happened had never happened, just smiling and sipping his coffee with a bemused look on his face.

After a long time, he smiled faintly: "Good boy, he's a match for that stubborn old man of the Ji family, really worthy of being the grandson of that old devil! However, this kid is much more interesting than that stubborn old man, well, he is also much more cunning, very difficult to deal with!"

.....

"Captain Li, be careful!"

Ji Feng, however, did not know what comment the old man had given him earlier, much less the fact that the old man had probably recognized his true identity.

At this moment, Ji Feng was leading Li Ruonan, to the box next door.

Ji Feng made a few quick hand gestures.

"What?"

Li Ruonan's eyes were a little blank, as if she didn't understand what Ji Feng's gestures meant.

Ji Feng couldn't help but secretly shake his head, he was used to the white spider following him, that's why he subconsciously took Li RuoNan for the white spider and gave her the hand gestures.

Li Ruonan is only a police officer, there are many unique hand signals used by the military that she can't understand.

Ji Feng then whispered, "Captain Li, when we go in, you still have to watch my eyes as you did in the box in front of us just now, if I don't make a move, don't say anything, got it?"

"Understood!"

Li Ruonan nodded her head.

"Good then, you have to pay attention to safety after you go in later, if the other party really has problems, I may not have the energy to take care of you." Ji Feng lowered his voice to an extremely low

level, "Also, remember to be ready to flash your weapon at all times, don't be soft if necessary, just shoot the other party whenever you see that they might threaten your safety."

"I don't need you to teach me that!" Li Ruonan glared at him, this guy thought guns were that easy to fire? She was a police officer, not a habitual murderer and arsonist, as a police officer, she had to write a report for shooting!

But now Ji Feng obviously didn't have the time to listen to her explanation, and directly raised his hand and knocked on the door.

"Knock knock knock!"

"Who is it?!" A man's voice came from inside the box.

"Police!" Ji Feng said aloud, "There are some things that need to be asked, please open the door!"

There seemed to be silence inside the compartment for a moment, then the sound of footsteps came and the door of the compartment was opened, and a young man appeared in the sight of Ji Feng and Li Ruonan.

This was a young man in his twenties, looking very ordinary, and at first glance, his figure did not seem too strong and somewhat thin.

This man's clothes were also ordinary, and his hair was slightly curly, looking as if it was naturally curly.

A very ordinary person!

This was the first impression that this young man gave to others.

"Two police comrades, may I ask what is the matter?" This man saw Ji Feng and Li Ruonan, and with a somewhat surprised look in his eyes, he couldn't help but ask.

"It's like this, a few days ago, in that office building across the road, there was a shooting case, and according to our investigation, that gunman should have been shooting in this cafe at that time." Ji Feng smiled faintly and said, "Just now, I heard the lobby manager downstairs say that the boxes upstairs here are basically all familiar customers who come in frequently, so we were going to come up and ask to see if there was anything noteworthy going on!"

"So that's how it is!" The man nodded his head and realized, "Then I'm sorry, I'm afraid I can't help you guys, we've only been to this cafe twice, and we're not too familiar with the place."

Ji Feng nodded and smiled, "That's nothing, by the way, the window of this box of yours is directly opposite the office building across the street, can we go in and have a look?"

"What else can you tell now?"

The man asked in surprise, "Several days have passed, even if there were any traces, I'm afraid they've all disappeared, right?"

Ji Feng smiled faintly, "That's not necessarily true, there might be an unexpected discovery! Take you, for example."

“Me?”

The man was stunned: “What happened to me?”

“Did I just tell you what day the shooting took place? How do you know that several days have passed?” Ji Feng asked with a smile.

“Wasn’t it you who said a few days ago that there was a shooting in the office building across the street,” the man said, “What, you don’t suspect me, do you?”

“I did say a few days ago, but listening to your tone, you seem to know exactly when the shooting happened!” Ji Feng stared at the man’s eyes, “Can you explain it to me so that I don’t suspect you?”

“Sure.” The man, however, said calmly and indifferently, “It might be a matter of personal habits of speech, a few days, several days actually it makes no difference because I’m used to generalizations, is this explanation okay?”

“Mm!”

Ji Feng nodded and said, “Your answer, barely explains it, however, I have another question that I need you to answer”

“Is it necessary to answer?” The man, however, interrupted Ji Feng, “I know a little bit about the law, and as far as I know, if you just want me to assist in the investigation, I have the right to choose not to answer your question, Comrade Police, am I right?”

“Quite right!”

Ji Feng nodded with a calm face and smiled, “However, I think you have to answer this next question before you can answer me!”

He stared at the man and asked in a deep voice, “If I remember correctly, I just said that I wanted to go into the box to take a look, because the window of your box is facing the opposite office building, so please tell me, how did you know that there were traces in this box?”

What did this man say just now, it’s been several days, even if there were any traces, they’ve all disappeared

Just because of these words, Ji Feng began to feel curious about this man.

“Maybe I didn’t hear it clearly!” The man smiled, “If my words have caused confusion to the two police comrades, then I can only say sorry!”

“Pah!”

Ji Feng nodded indifferently before pushing open the door of the compartment, and without even asking the man’s permission, he directly walked in with big strides.

“You”

The man’s face changed and he hurriedly followed him in, but he didn’t dare to stop Ji Feng and Li Ruonan.

“Who are you people, how can you just barge into other people’s compartments?!” As soon as Ji Feng and the two of them entered the compartment, they heard a woman’s voice shouting a rebuke.

Ji Feng then raised an eyebrow as he looked at the voice and saw a very stylishly dressed woman sitting on the sofa, crossing her legs and interlocking her fingers as she looked at them with a cold face.

This woman was not very old either, just between 20 and 30 women’s ages are not very good to judge, especially at this age, the quality of life is slightly different, it may look quite different.

For example, a twenty year old woman, if she has been working long and hard and winded, I’m afraid she will also look like she’s in her thirties.

Therefore, Ji Feng’s gaze did not linger on this woman’s face for too long, he just gave this woman a glance and said in a deep voice: “You two, take out your ID cards!”

“Who are you to ask for our ID cards!” The woman said with a glare.

“If you don’t want to go back to the police station with me to explain, behave yourselves and get your ID cards now!” Ji Feng said indifferently, “I’m afraid you two don’t know that when I came here, the bureau just gave a notice that if you encounter a vicious guy, you are allowed to shoot!”

As he spoke, Ji Feng looked back at Li Ruonan.

Click~~!

Li Ruonan immediately understood, and directly pulled out her pistol from her waist and loaded the bullets.

“You

The pair’s faces turned pale at the same time.

“ID! Don’t make me repeat it!” Ji Feng’s face went cold and he said in a deep voice.

“We’ll definitely file a complaint!” The man stared at Ji Feng while taking out his ID card inside his wallet, but said angrily, “This is completely barbaric law enforcement on your part!”

“Do you want me to give you the number of our chief?” Ji Feng glanced at him, took the ID card over, and after a glance, he also knew the man’s name, Qin Feiyu.

Afterwards, Ji Feng handed the ID card to Li Ruonan.

ID cards can also be forged, and regarding this knowledge, Li Ruo Nan was obviously more professional than him.

Ji Feng looked at the woman sitting on the sofa again, “Take out your ID card as well, hurry up!”

“Swish!”

A murderous look flashed in that woman’s eyes, and it passed in a flash.

Ji Feng, however, snapped, he felt it in a tangible way, and he immediately concluded that there was definitely something wrong with this woman!

Chapter 1513

A woman, although dressed in a fashionable and beautiful way, is only an ordinary person no matter what.

When faced with the police, but anyone without any background would involuntarily feel a hint of nervousness, thanks of course to the usual authority of the majority of police comrades, which makes the common people a bit scared to mention it.

However, the woman in front of her was different, not only did she not show any fear when facing the police, but she even showed a hint of murderous intent!

How dare she turn on the police!

This was really good nerve!

Although Ji Feng was pretending to be a policeman, but this woman didn't know that.

Even if this woman really had a background and was a person of great influence, but to move against a policeman with a murderous intent, this was a bit unbelievable.

Not to mention the police, even when facing an ordinary person, no one can kill them just because they want to.

You know, this is not the ancient times when the great families held the power of life and death over ordinary people!

From this, one could see how ruthless this woman was.

It would be strange if such a person didn't have problems!

Ji Feng stared coldly at this woman and said in a deep voice: "I repeat, show me your ID card immediately, or else, please talk to me at the police station!"

"I advise you better not talk to me with such a tone!" The woman's face was cold and she said coldly, "If you want to arrest me, you have to produce evidence, otherwise, even if the director of the Jiangzhou Municipal Bureau comes, I will still not get rid of him!"

"Very good!"

Ji Feng nodded and smiled, "It seems that you are non-forcing me to move my gun"

"Yan Hong, speak politely, since these two policemen have to check their ID cards, just take them out and show them." Qin Feiyu, who was standing at the side, suddenly said.

The woman snorted coldly and was silent for a moment before she took out her ID card from her kun bag.

Li Ruonan took two steps forward and picked up the ID card, then looked down and checked Qin Feiyu's and the woman's ID cards.

A moment later, Li Ruonan looked up and asked, "Your name is Qin Feiyu?"

“Yes!” Qin Feiyu nodded his head.

“You are from Chang’an as shown on your ID card, what are you doing here in Jiangzhou?” Li Ruonan asked.

“Work!”

Qin Feiyu smiled faintly, “Comrade police, if you think I’m a foreigner and you have to question me, then more than half of the whole Jiangzhou is foreigners, that’s a busy enough job!”

Li Ruonan gave him a look, then returned the ID card to him.

She then looked at the woman again and asked, “Your name is Yan Hong?”

“It’s written on the ID card!” The woman said indifferently.

Li Ruonan’s eyebrows knitted slightly as she asked, “You are from South Guangdong and Qin Feiyu is from Chang’an, what is the relationship between the two of you?”

“Comrade police!”

The woman’s voice immediately raised as she sneered, “Don’t you think this question of yours is retarded? Can’t two people from different places just sit together and have coffee? I’m sorry, we’re not in a room, we don’t need you to cross-examine like that!”

“.....”

Li Ruonan glared at the woman named Yan Hong, her eyes blazing.

Of course, Li Ruonan knew that her question was retarded, but she had a reason for asking it. From the moment she first entered the box, Li Ruonan felt that the atmosphere was very wrong, and then looking at Ji Feng’s behavior, she realized that there might be something wrong with these two people.

That’s why Li Ruonan interrogated in some detail, but she didn’t expect this woman to be so arrogant and speak in a very unpleasant manner.

At this moment, Ji Feng was laughing coldly in his heart and secretly shaking his head.

This woman was indeed a bit too arrogant, even if she was not in trouble, it would make people think that she was some kind of fierce and vicious character.

What’s more, this woman obviously had a problem and she still didn’t know how to restrain herself, did she really think that no one else could see it?

Ji Feng shook his head.

Suddenly, Ji Feng’s gaze was frozen.

His gaze inadvertently landed on Qin Feiyu’s hand

“Comrade police, there’s nothing wrong with our ID cards, right?” Qin Feiyu asked, “If there’s no problem, can we continue drinking coffee?”

“Of course you can!”

Ji Feng nodded with a smile, extended his hand and said, "I'm sorry for my somewhat rude attitude just now, I hope you two won't take offense!"

"You're welcome!" Qin Feiyu also nodded slightly and shook hands with Ji Feng.

"That'll be all for now then, I won't bother you two." After shaking hands with Qin Feiyu, the smile on Ji Feng's face became even better.

"Take care, you two!"

Qin Feiyu's face also wore a faint smile as he nodded to Ji Feng.

Li Ruonan once again glanced at the woman called Yan Hong, and then, she turned around and followed Ji Feng out of the box.

"Boom!"

The compartment door was closed.

The smile on Ji Feng's face instantly disappeared without a trace and was replaced by a touch of gravity as he waved his hand at Li Ruonan and then left with quick steps.

Li Ruonan immediately followed him closely and only when she reached the corner of the corridor did she ask in a low voice, "Ji Feng, why are you walking so fast? Did you find something wrong?"

"There's definitely something wrong with these two people!" Ji Feng's tone was very certain, "I'm not too sure about that woman called Yan Hong, but that Qin Feiyu must not be an ordinary person."

"How so?" Li Ruonan immediately asked.

"The reason I shook hands with Qin Feiyu just now was that I saw that his hands were very rough and somewhat incongruous with his whole person." Ji Feng said.

Qin Feiyu, a person who was not strong in stature, instead appeared somewhat thin, generally such a person had never done any physical work, and probably rarely even did some strenuous exercise.

But Qin Feiyu's hands were covered with calluses. Once Ji Feng shook hands with him, he felt that his hands were quite rough, and what caught Ji Feng's attention was that the calluses on Qin Feiyu's right tiger mouth and his index finger were particularly thick.

Obviously, Qin Feiyu was using these two places a lot!

But it was rare for ordinary people to have such obviously offset calluses even when they were working.

Ji Feng could only think of one possibility – only someone who often shot guns would have such thick calluses on his tiger mouth and on the joints of his index fingers!

A soldier!

..... or a killer!

Or a shooter or some other profession that would leave such obvious features.

But looking at Qin Feiyu's physique, the likelihood of him being a soldier was not very high, and as for the athlete

Ji Feng told Li Ruonan about his guesses and findings.

Li Ruonan immediately show eyebrows tightly knitted: "Ji Feng, you mean to say that the man called Qin Feiyu, is a person who often plays with guns? You suspect that the case where the boss of Rong's venture capital was shot at is related to him?"

Frankly speaking, Li Ruonan thought that this was unlikely, after all, several days had passed since the shooting, and if it was really Qin Feiyu who had fired the gun, his best option now would be to find a place to avoid the wind, because the police would definitely come to the cafe to investigate, and if he was exposed, it would be a prison sentence then!

So Li Ruonan thought that Qin Feiyu should not have much to do with the shooting case.

However, it was only a subjective judgment now, so Li Ruonan couldn't tell Ji Feng, moreover, she also wanted to hear what Ji Feng had to say first.

The first thing that I want to do is to get to know the person who is in danger. Check him out! And that woman called Yan Hong, that woman should also be investigated!"

"I'll go back and investigate their origins and detailed identities!" Li Ruonan nodded.

Ji Feng smiled faintly, "Check it out, maybe you'll find out something that will surprise you!"

"Oh?" Li Ruonan was stunned.

Ji Feng smiled and pointed ahead before striding over, with Li Ruonan's teeth itching with anger behind her back.

There was actually one thing Ji Feng didn't tell Li Ruonan, Bai Spider had said before that she seemed to have fought with Qin Feiyu before, and in Bai Spider's words, that person was very strong, a master!

What does this mean?

A person with a thin body is actually a master, how could such a person be simple?

If we investigate, we might be able to catch the big fish!

"In addition, I hope that the police can also do their best to investigate the case of the boss of Rong's venture capital being shot, such as tracing the source of the gun through the bullets and so on, you are certainly more professional than me in this regard. Also, if there are any results from the investigation, or if there is anything you need help with, please tell me in the first place!"

"Don't worry, as long as it's within the rules, I'll do my best!" Li Ruonan said.

"Can the regulations put food on the table?" Ji Feng asked, "Regulations are dead, people are alive, they have to live and learn!"

"Do I still need you to teach me?" Li Ruonan said.

Ji Feng stretched his hands and shook his head and smiled.

After a moment, Ji Feng said with a straight face, “Ruo Nan, let me tell you seriously, those two people just now are really suspicious, if necessary, I advise you better find two experts to secretly keep an eye on their tails, it’s best to keep a close watch on them!”

“This needs approval from above before we can do that!” Li Ruonan was a little hesitant, “But I will definitely consider your suggestion seriously.”

Ji Feng smiled and said nothing more.

What should be said he had already said, what Li RuoNan would do next was out of his hands, with regard to the police, Ji Feng always had this attitude – one could expect, but don’t expect too much, let alone rely on it.

Therefore, no matter what Li Ruo Nan and the others do, Ji Feng will use his own methods to get to the bottom of the matter of Rong Suyan being shot and finally solve it.

.....

At the same time, in the box where the two of them had been, Qin Feiyu and Yan Hong were looking at a tablet computer, looking at a photo.

If Ji Feng was here, he would have been very surprised to find that the photo these two people were looking at was actually his!

It was a very modest, bareheaded photo that looked like the kind used on ID cards and files, and the Ji Feng on it looked very young and slightly different in appearance, but not very different from him personally.

“Is that him?” Yan Hong looked at the computer screen and asked.

“It should be him!” Qin Feiyu nodded his head.

Yan Hong could not help but smile coldly, “The right person has finally appeared, it seems that the one who said that was indeed good”

Chapter 1514

Yan Hong couldn’t help but smile coldly, “The right person has finally appeared, it seems that the one who said it was indeed good”

Qin Feiyu nodded and mused, “Yan Hong, I think we should be cautious about this matter, I always feel that that person just now is not simple!”

“Not simple?!”

Yan Hong could not help but sneer and said, “Feiyu, I find that you are getting less and less brave lately, that is just a small policeman who thinks he has some power and is acting like a bully outside, what is so uncomplicated about it?”

She turned her head to glance at Qin Feiyu and said derisively, “I think you think that female police officer is very pretty, so you are starting to mutter in your heart, right?”

"If you're willing to think that way, then there's nothing I can do about it!" Qin Feiyu said indifferently, "Don't forget, we are only partners, what I want to do outside of the mission is my freedom, I hope you won't meddle in it!"

"Humph!"

Yan Hong sneered, "Of course I won't mind your business, and of course I know we're partners, so I don't need you to remind me! However, Qin Feiyu I have to warn you, we are now in the middle of a mission, if any mistake on your part makes us fail in this mission, you will be held fully responsible!"

"I've said it before, as long as it's within my part I'll do it right!" Qin Feiyu's voice also cooled down.

Yan Hong glared at him, snorted coldly, turned her head away and stopped talking.

The police officer is indeed not simple, I feel an aura of danger from his body, I believe my intuition is right, moreover, the information given to us by the proprietor shows that our target this time is not a police officer, but a university student in school Look at that guy just now, what part of him looks like a student apart from his age?!"

"What do you mean by that?" Yan Hong was also attracted by Qin Feiyu's words and couldn't help but turn her head to ask.

At this moment, she also suddenly realized that she seemed to have made a mistake, because from the very beginning she knew that the young man was not a policeman, but subconsciously, she still took him for a policeman.

Was he pretending too much?

Or had his own memory regressed?

Yan Hong's heart could not help but feel a tinge of alarm.

"It's simple!"

Qin Feiyu said, "According to the information given to us by the proprietor, that little policeman just now was our target, but he wasn't actually a policeman, yet he was with a first class police inspector, do you think the target could be a simple character?"

"That can only mean that this person has a good relationship with the police, what can it mean beyond that?" Yan Hong asked rhetorically.

Qin Feiyu said, "Yan Hong, we've worked together not once or twice, you should know my temper, I take on missions with a purpose, I don't take on all missions, those with ties to the police, I don't take them!"

"Humph! Don't you think it's a bit too late for you to say that now?" Yan Hong sneered, "Don't forget that you've already started this mission, moreover, you've also taken a deposit from Dongjia!"

"The deposit can be returned to the proprietor, and I will follow the rules and refund double." Qin Feiyu said, "The next operation is cancelled off, and this matter will end here."

"Qin Feiyu!"

Yan Hong's eyes glared as she said in a cold voice, "Have you asked for my permission to withdraw?"

Qin Feiyu was silent for a long time before he let out a soft sigh and said, "Yan Hong, please trust my intuition, our target this time is definitely not simple, I don't know if you have felt that he carries an aura of danger, it is best for us to stop immediately, otherwise, it is likely that situations beyond our expectation will occur next!"

"What situation can there be!"

Yan Hong did not take Qin Feiyu's words seriously as she said in a cold voice, "According to the information given by the proprietor, as long as we lay hands on that woman from Rong's venture capital, the target will definitely appear. Now it has been proven that the information given by the proprietor is completely correct, the target has already appeared, next we just need to choose the right moment, aim the gun at the target and then gently pull the trigger Our mission is complete!"

"Is it that easy?" Qin Feiyu asked, "What if there is a change in the middle?"

"What change of heart?" Yan Hong asked.

"For example, the other side preempts us!" Qin Feiyu said.

"Heh! Jokes!"

Yan Hong sneered disdainfully, "You think a college student would be that powerful?"

"Then why did he seem so domineering just now?" Qin Feiyu asked, "Didn't you see that he was extremely wary of both you and me, so what does that tell you?"

Yan Hong gave him a look and said sarcastically, "Qin Feiyu, I think there is a saying that could not be more appropriate for you."

Qin Feiyu raised his eyebrows and asked, "What saying?"

"The longer you've been in the jianghu, the smaller your guts become!" Yan Hong snorted, "What kind of dangers have we not experienced before? Now that you are facing a student, you are actually afraid, how ridiculous!"

"It's only because I know more about this jianghu that I feel scared!" Facing Yan Hong's ridicule, Qin Feiyu's tone was calm, "Only a newborn calf will not even be afraid of a tiger, but in the end, it is the tiger that will eat it"

"So you are definitely going to quit?!" Yan Hong's tone was a little impatient.

Qin Feiyu was silent for a long time before he nodded and said, "That's right!"

"Good!"

Yan Hong was instantly furious, "In that case, then the two of us will disband from today onwards, don't you want to quit? That's fine! I can still complete this mission without you, but the commission will all go to me, don't even think about it!"

"Yes!"

Qin Feiyu nodded, he hesitated for a moment before saying, "Yan Hong, listen to my advice, call it quits, we already have enough money to spend for the rest of our lives, don't take this risk again!"

"Thank you for your kindness, I appreciate it!" Yan Hong said indifferently.

When Qin Feiyu saw that she was not moved at all and insisted on continuing, he could not help but sigh and said nothing more.

The two had been partners for so many years and knew each other's character very well, he knew that since Yan Hong was so insistent, it would be useless for him to persuade her any further, it would only be a waste of words and would even cause the two to turn against each other, so it was better not to say anything instead.

"That's right!"

Yan Hong suddenly turned his head and said, "Since you're quitting, then I hope you'll keep to the rules, any news about this mission, you'd better let it rot in your stomach, or else"

Qin Feiyu suddenly felt a sigh of relief, he never thought that Yan Hong would actually say something like this, he smiled slightly and nodded, "Don't worry, I am the most disciplined person, even if there is any news out there, it will definitely not come from me!"

"That's the best!" Yan Hong said.

"Then let's leave it at that, goodbye!" Qin Feiyu nodded his head and got up to leave.

"Wait a minute!"

Yan Hong hurriedly called out to him, "Where are you going?"

"First time in Jiangzhou, I always need to see this prosperous metropolis, don't worry, I won't interfere with your actions!" After Qin Feiyu finished speaking, he opened the door and walked out.

"Boom!"

A cup was dropped on the floor, even with the soft carpet as a cushion, that cup was still shattered.

Yan Hong's face turned red with anger, and her chest rose and fell violently.

Only after a long time did she grit her teeth and say, "Bastard! Traitor!"

"Quit, just quit, what's the big deal!" Yan Hong mumbled to herself in anger, "It's just a college student with some connections to the police, what's so scary about that?"

"I can still do the mission perfectly without you!"

"Heartless thing"

.....

"Young Ji!"

Seeing Ji Feng and Li Ruonan, White Spider immediately greeted them, "How's it going?"

“Go back and talk!”

Ji Feng lowered his voice and said, “White spider, you go to the general manager office of Rong’s venture capital first, I will ask Rong Suyan to send someone down to pick you up, when you arrive, remember to pay attention to the situation here, especially the situation in these two boxes, understand?”

“Understood!”

White Spider nodded, “I’ll leave first then!”

Ji Feng sent into the lift first, while he was with Li Ruonan, waiting outside the lift, not in a hurry to leave.

“Ji Feng, aren’t we leaving?” Li Ruonan asked.

Ever since he came to this cafe, Ji Feng’s behavior has been very abnormal, for example, before he pretended to be arrogant and domineering, and actually posed as a police officer to threaten others, and even moved his gun

The actual fact is that you can’t get a lot of money from the company.

Ji Feng nodded and said, “No need to go so fast, we are here to buy time for you and the white spider.”

“Buy what time?” Li Ruonan asked with some confusion.

“Didn’t I say that the two young people inside the second box we checked have problems.” Ji Feng said, “Naturally, we want to give the White Spider time to return to Rong’s Ventures and keep an eye on them from across the street!”

“Then what if they leave?” Li Ruonan asked.

“.....”

Ji Feng gave her a look and shook his head, seemingly with a very helpless look.

“What’s wrong! Why are you acting like such a ghost?” Li Ruonan suddenly hated it, the expression this guy was looking at her was like a teacher looking at a student with an unenlightened head, was she that stupid?

“What did you just ask me?” Ji Feng asked.

“I said that the white spider had gone to the upper floor opposite to keep an eye on the place, but what if those two people left? This is a cafe, not a hotel, they can’t stay here all the time, right?” Li Ruonan huffed.

“Then what do you need to be for?” Ji Feng asked, “Don’t you remember what I just said about buying time for you and the White Spider?”

“.....”

Ji Feng looked at Li Ruonan with a complete look of hatred, he said helplessly, "Now that we are standing here, if those two people were to leave, wouldn't we be able to keep track of their whereabouts?"

"So what if is!" Li Ruonan said without good humour.

"Then can't you inform your people to follow them?!" Ji Feng asked again.

"....."

Li Ruonan's face suddenly froze.

Only then did she understand what Ji Feng meant, that the white spider was responsible for keeping an eye on those two people upstairs, while she, on the other hand, was going to send someone to follow them from behind

This guy couldn't make it any clearer?!

Li Ruonan was embarrassed and angry!

Chapter 1515

"Ji Feng, you're a bastard!" Li Ruonan's beautiful eyes stared at Ji Feng and gritted her teeth.

Ji Feng: "....."

"Well, it doesn't matter what I am, but you, Captain Li, are you going to call your people and tell them to wait downstairs now?" Ji Feng laughed, "White Spider will keep in touch with me, and you keep in touch with your people, before we get back to Rong's Ventures, if the other side is ready to leave the cafe, your people can follow them in time"

As he spoke, his voice trailed off.

It was because he noticed that Li Ruonan wasn't listening to him at all, instead she just took out her phone and started calling her people.

"You've actually been ignored yourself?!" Ji Feng couldn't help but heave a smile, of course he knew that Li Ruonan was retaliating for his previous flirtation, he did find it amusing.

I don't know what happened, as soon as I saw Li Ruo Nan, seeing her straightforward and somewhat hot-tempered appearance, Ji Feng couldn't help but want to flirt with her, especially now, Li Ruo Nan was in a police uniform, looking like she was working on a case, and Ji Feng found it even more amusing.

He flirted with Li RuoNan, Li RuoNan also occasionally flirted with him, but more often than not, he was angry and gritted his teeth, and in the end could only ignore it, or was angry and did it directly

Seeing Li Ruonan's exasperated look, Ji Feng couldn't help but laugh in his heart.

The strange thing is that Ji Feng knew he was definitely not laughing at Li Ruo Nan, but, when he met her, he just wanted to flirt a couple of times, which seemed to be a very strange state of mind that made him wonder a bit about himself.

“Weijian, you immediately find ordinary clothes to change into and wait for me under that cafe opposite the office building where Rong’s Ventures is located!” Li Ruo Nan said into the phone, “What? Where do I get the clothes?”

“Tell him to go to the boss of Rong’s Ventures immediately, and say that I said to provide a set of clothes.” Ji Feng said from the side.

Li Ruonan then glared at him, but did as he said.

After hanging up the phone, Li Ruonan said, “Alright, everything is according to what you said, I don’t know what other orders do you have next, Mr. Ji?”

“I wouldn’t dare to give orders!”

Ji Feng heatedly smiled: “But I think, you should call back to the bureau now, have someone check the details of those two people just now, such as whether they have any previous cases, or there is something suspicious and so on, if there is, we can take action to arrest them now, and save the need to follow and change clothes and so on, what do you think?”

“Why don’t you go check!” Li Ruonan said in a bad mood. This guy really didn’t blush at all when he was making people do things!

Ji Feng instantly laughed as he stretched his hands, “If I were a police officer, I would have gone to investigate long ago!”

Li Ruonan suddenly blushed, she was so confused by Ji Feng that she said such a retarded thing, she was the police.

“Didn’t you act quite like it just now?” Li Ruonan hummed.

Ji Feng was dumbfounded and laughed.

Li Ruonan’s pretty face became even redder, she gave Ji Feng a fierce glare before she let out a delicate hum and turned around to call the bureau.

Ji Feng shook his head and smiled, Li Ruo Nan’s temper was straightforward and fiery, but it did not let people hate her.

Suddenly, Ji Feng’s eyes stared.

“Hello, this is Li RuoNan ……” Li RuoNan’s side had already picked up the phone.

“Pop!”

Ji Feng, however, took a step forward seemingly accidentally and hit Li Ruo Nan’s body at once, and her hand was so coincidentally closed.

“Ji Feng, what are you doing!” Li Ruonan snapped back in anger and snapped, “I just got through ……”

Her words came to an abrupt halt.

Because she saw that a man was coming from the opposite corridor, this man’s figure was a bit thin, it was the suspicious character, Qin Feiyu, who was investigating in the box before.

Li Ruonan immediately understood why Ji Feng suddenly bumped into her, but at this time, her reaction was extremely quick and she immediately said to Ji Feng with a huff, "Why are you so careless, you didn't get fainted by the scent of coffee, did you?"

Ji Feng instantly laughed, her reaction was quite quick.

Li Ruonan's pretty face reddened slightly as he laughed, and she glared at him in exasperation before turning her head and seeing Qin Feiyu who was walking over.

The two of them immediately became serious, as if they had to pay attention to their image in front of others.

Qin Feiyu also saw Ji Feng and Li Ruonan at this time, but he did not have any expression, as if he directly treated both of them as if they were air, and just walked straight to the lift and waited for it.

Seeing that Qin Feiyu did not say anything, Ji Feng was not going to give up so easily, he asked indifferently: "Qin Feiyu, right? I forgot to ask just now, where is your workplace? Where do you live now?"

Qin Feiyu gave him a look, "I forgot to ask just now as well, before asking me, shouldn't you show your documents first?"

"Huh" Ji Feng then laughed, now he could already be sure that this Qin Feiyu definitely had a problem.

"Can't take it out?"

Qin Feiyu looked at Ji Feng and asked indifferently.

Ji Feng nodded quite frankly: "That's right, I can't take it out!"

A look of consternation flashed in Qin Feiyu's eyes, of course he knew that Ji Feng was a fake police officer because he had Ji Feng's information in his mind, but he did not expect that Ji Feng would actually admit so frankly that he was a fake.

"Then this"

Qin Feiyu's gaze landed on Li Ruonan's body.

"She does have documents, do you want to see them?" Ji Feng asked.

Qin Feiyu's brow then furrowed as he asked suspiciously, "This police comrade, since you know someone is impersonating a police officer and is right in front of you, you don't even care?"

"She can't control me!" Ji Feng said indifferently.

Qin Feiyu's brow then frowned slightly.

"Dingdong"

Just at that moment, the lift came.

Qin Feiyu smiled faintly, "Sorry, I'm not interested. I'm going down, bye."

“You won’t be able to say that until after a while!” Ji Feng also smiled faintly and said, “It just so happens that we are also going down.”

“After you two!” Qin Feiyu made a gesture of invitation.

“Together!”

Ji Feng said indifferently, “It just so happens that my friend has a few words to ask you.”

“..... is fine!” Qin Feiyu nodded and followed into the lift.

Ji Feng stared at Qin Feiyu’s face and suddenly asked, “Qin Feiyu, the shooting case a few days ago, was it something to do with you. Don’t use those platitudes to perfume me, to tell you clearly, I don’t believe you!”

Li Ruonan was stunned, how could Ji Feng ask this, wasn’t this meant to alarm the snake?!

“Oh, your Excellency thinks too highly of me!” Qin Feiyu’s eyes also suddenly narrowed, but then he shook his head, seemingly finding it amusing, “Let’s not mention whether I have that ability, even if the police ask me, if I don’t want to answer, they can only stare in disbelief, or, they can also find evidence first and then come and arrest me!”

“That’s true!” Ji Feng smiled and nodded his head.

At least procedurally, if the police wanted to ask someone to assist in the investigation, it would also depend on whether the other party was cooperative or not, because at this time, the person being asked to assist in the investigation was still a good citizen who had not broken the law.

Of course, the police must have an unknown number of ways to get you to ‘willingly’ cooperate with the investigation, but at least procedurally speaking, Qin Feiyu was right.

“There’s one thing I want to clarify with you beforehand though.” Ji Feng smiled faintly, “I’m not a police officer, so I don’t have to follow that set of rules. Moreover, even if I arrested you now, the police wouldn’t dare to ask questions and would even help me out!”

He chuckled, “I have countless ways to get you to talk, and believe me, those ways you won’t want to know, so it’s best for you to answer my questions honestly.”

Qin Feiyu’s brows then furrowed, “You seem to be very domineering!”

“You’re not the only one who says so, that old man in the box next to yours thinks so too!” Ji Feng said indifferently.

“What if I don’t answer?” Qin Feiyu’s voice lowered and seemed to be full of warning.

“Then you can try, you only have three seconds!” Ji Feng said in a deep voice.

“.....”

Qin Feiyu stared at Ji Feng, and the two of them just stared at each other.

“Dingdong”

The lift stopped for a moment on the third floor.

Whew~~!

The moment the lift door opened, Ji Feng took a step forward, a fierce and powerful aura roared out, causing Qin Feiyu to pale.

The people outside originally wanted to enter the lift, but when they saw the scene inside, they didn't know how, they just felt that the atmosphere was very wrong, and they just stood at the door of the lift, until the lift door closed, they didn't dare to take a step.

The lift continued to descend, but Ji Feng's eyes were getting more and more murderous.

"If I say that the shooting case has nothing to do with me at all, do you believe me?" Qin Feiyu finally spoke up because he had already seen that Ji Feng's left foot was standing on tiptoe, that was clearly a precursor to an attack.

This guy really dared to make a move, he was so reckless.

Because there was still Li Ruonan, a real policeman, next to him, Qin Feiyu was not willing to clash with him here, so he took a step back and softened slightly.

"You better not have done it!"

Ji Feng pointed at Qin Feiyu's nose very arrogantly and said in a cold voice, "The person involved in the shooting case is my friend, if I find out that you did it, I will make your life worse than death! If you did it, you'd better turn yourself in before I find out it was you!"

"Thanks for the reminder, I appreciate your good intentions!" Qin Feiyu was disgusted beyond belief in his heart, but kept a smile on his face.

Ji Feng gave him a cold look, before taking a step back, but no longer talking to him.

Qin Feiyu also curbed his smile and leaned crookedly on the handrail of the lift car, seemingly looking unhappy. But this expression of his seemed normal in this atmosphere; no one would be too comfortable being threatened by someone pointing at their nose.

Chapter 1516

"Dingdong"

The lift reached the ground floor, and as soon as the door opened, Qin Feiyu left with big strides, his face was not too good, just now in the lift car was Ji Feng pointed at his nose and lectured, making him feel a bit suffocated.

Looking at Qin Feiyu's back, Li Ruonan couldn't help but say, "Ji Feng, did you go too far just now?"

"Excessive?"

Ji Feng turned his head and asked.

"I think there is a little bit." Li Ruonan was a little hesitant, "And, and you actually asked him directly just now if it was related to the shooting case, would that alert the snake?"

“Do you think Qin Feiyu and Yan Hong won’t suspect if you don’t ask like that?” Ji Feng asked rhetorically.

Li Ruonan was stunned, then nodded thoughtfully.

Indeed, what Ji Feng said was correct.

Even if Ji Feng hadn’t asked the question so directly, Qin Feiyu and Yan Hong would have been equally suspicious.

Because at that time in the box, Ji Feng’s performance was already very direct, he first arrogantly intimidated Qin Feiyu and Yan Hong, and then, he asked for their ID cards, and even looked at them with that suspicious gaze, anyone else would have been uncomfortable in their hearts.

What’s more, if Qin Feiyu and Yan Hong really had something to do with the shooting, then they would all have been wary in their hearts, because it was already very obvious that Ji Feng was acting suspicious of them!

So, it didn’t make much difference whether they asked or not in the lift.

Perhaps if Ji Feng had pressed Qin Feiyu that much in the lift just now, it would only make him even more wary, other than that, it wouldn’t make much of a difference.

The two of them walked out in silence, and Li Ruo Nan thought about this and said nothing more.

After all, things had come to this point, and the following was to think about how exactly to investigate so that the shooter and the mastermind behind it could be uncovered as soon as possible.

“Actually, if I ask Qin Feiyu like that, it might even dispel his doubts.” Ji Feng suddenly spoke up.

“What?”

Li Ruonan was slightly stunned, Ji Feng’s thinking jumped so fast that she was a little unable to follow.

“As you know, before we came to the cafe, I had asked the white spider to come over and check out the situation.” Ji Feng said.

Li Ruonan nodded, it was indeed true, the White Spider had already made a trip and had briefed them on the situation of this cafe in general.

“At that time, what the white spider mainly checked was actually the two compartments we checked before.” Ji Feng said, “Moreover, White Spider also had a small clash with them, only that it was in the way of this occasion and White Spider didn’t have a police identity, so once the other party stopped her she didn’t continue to insist and quickly retreated.”

“What does that mean?” Li Ruonan asked.

“The White Spider made a trip and then we came again, in fact at this time whether we came for the shooting or not, as long as those two people were really related to the shooting, they would think they had in fact been exposed because the time gap between us and the White Spider’s arrival was too short.”

Ji Feng gave Li Ruonan an analysis, "You can think about it from a different perspective, if you were the shooter in the shooting case and were scouted twice in a row, what would you think?"

"I would think that the people who came to probe the first time had already become suspicious of themselves, but couldn't be sure yet, so they came back for a second batch!" Li Ruonan said immediately.

"That's the truth!" Ji Feng smiled faintly, "The first time the white spider came, she originally just found out that someone was secretly watching us, so she came over to actually catch someone, but to our surprise, the other party was not simple, and the white spider returned without success. In fact, by this time, it had already made the other side start to suspect, so that means that it didn't really have much impact for us to come over later."

"Mm!" Li Ruonan nodded slightly and asked again, "Then what did you mean when you said just now that you pressuring Qin Feiyu in the lift might dissuade the other party from this idea?"

"That's pretty simple too." Ji Feng laughed, "Why did Qin Feiyu suddenly come out?"

"He wanted to escape?" Li Ruonan immediately asked, but soon she shook her head again and said, "That's not right either, if it's a desire to escape, then it would be better for two people to come out together!"

Putting themselves in their shoes, if Qin Feiyu and the two of them really thought that the police had confirmed their identities and therefore wanted to escape, then they should have left as fast as they could before the large number of police arrived.

But now there was only one Qin Feiyu, and Yan Hong was still in the cafe, so Yan Hong would probably be blocked in, because they didn't know how fast the police would move, so of course the quicker they left the better, which is a human instinct.

So from this point of view then, Qin Feiyu should not be running away.

"My guess is that Qin Feiyu came out, most likely to see how we react." Ji Feng said, "This possibility is not small, of course, perhaps he has other purposes, but from the current point of view, we can only make such a guess."

"Mm!"

Li Ruonan nodded her head.

"That's why I pressed him like that!" Ji Feng laughed, "I asked him straight out if there was a connection to the shooting and threatened him, which would give him an illusion"

"He will think that we can't actually conclude that he and Yan Hong are connected to the shooting case!" Li Ruonan's beautiful eyes lit up as she blurted out, "Or even, may have already ruled them out of suspicion, the reason you warned him in such a vicious voice may just be to rule out that last bit of suspicion from them as well, simply put, it should be colorful!"

"Right on!"

Ji Feng smiled faintly and said, "The more vicious and domineering we act, the more he will look down on us inwardly and think that we are actually only a little suspicious of them, just in case, that's why we warned them or even directly think that we have already to be eliminated."

"So that's how it is!" Li Ruonan couldn't help but realize, she looked at Ji Feng and said with a grimace, "You, this person, are also too cunning."

"This is treacherous?"

Ji Feng cried and laughed and said helplessly, "I'm just thinking of myself as a gunman and thinking of things from a different perspective... The really cunning ones are the ones who hire those gunmen!"

"I will definitely catch the person behind the curtain!" Li Ruonan said firmly.

"Oh"

Ji Feng laughed, "It's better for a girl not to be flamboyant all day, it's better to be gentle."

"I want you to care!" Li Ruonan glared at him.

Ji Feng laughed.

A moment later, Li Ruo Nan still couldn't help asking, "Ji Feng, do you think that Qin Feiyu will fall for it? Your performance just now was very realistic, so you should be able to fool him, right?"

Ji Feng laughed, "It's hard to say, it's not like we know what kind of person Qin Feiyu really is, but I think that whether he really fell for it or not, now you should inform your people to follow him, and not let him find out, don't you think?"

"Ah!"

Li Ruonan immediately shrieked, she was so focused on talking to Ji Feng that she had forgotten such an important matter.

Li Ruonan couldn't help but give Ji Feng a fierce glare, this guy would just look at his own jokes.

Looking up, Li Ruo Nan found that Qin Feiyu hadn't gone far.

She hummed indignantly, then hurriedly took out her mobile phone to call Ding Weijian.

Ji Feng couldn't help but shake his head and laugh

.....

"What an arrogant brat!" Qin Feiyu couldn't help but grunt coldly, his face was very unpleasant.

However, this was not all because of Ji Feng's arrogance, but more so, because of a move Ji Feng made in the lift.

At that moment when the lift stopped at the middle floor, Ji Feng thought he was going to escape and then jerked a step forward to make a move.

In that instant, the kind of aura that emanated from Ji Feng's body caused Qin Feiyu to be extremely alarmed.

He immediately realised that Ji Feng was definitely an expert, and at that moment, he had a feeling that his heart was pounding.

Of course, if he were to sneak in from behind, it would be a different story.

But even so, the strength of Ji Feng's strength, that was also very frightening to him.

Qin Feiyu didn't care if Ji Feng was suspicious of him, because he had already made up his mind to call it quits and not continue with this mission.

But Yan Hong was still going on!

If she had to face such an expert, with Yan Hong alone, Qin Feiyu really doubted that she would end up planting herself in it.

Thinking about that person Yan Hong

Qin Feiyu couldn't help but shake his head, but still took out his mobile phone and dialed Yan Hong's number.

"Regret it? Want to come back?!" As soon as the phone was connected, Yan Hong's voice pierced through, but it was one that seemed unpleasant and seemed to carry a hint of ridicule.

Qin Feiyu smiled helplessly, he had been partnered with Yan Hong for many years, of course he knew her temper, so he just pretended he didn't hear it and said directly, "Yan Hong, just now I ran into those two people again when I went downstairs, I found out that the target this time has very strong hands, and must have experienced real combat, listen to my advice, stop, you may not be his opponent!"

"Joke!"

Yan Hong, however, sneered, "Although I am a woman, I am a person with a beginning, an end and integrity, since I have taken this mission, I will do it to the end. Besides, it's not like I haven't done away with experts before, I've lost track of how many experts who are more powerful than me have fallen at my hands."

"What kind of expert was that in the past!"

Qin Feiyu shouted in a low voice, he almost roared out, "The so-called experts in the past were all vain, even if there was a real expert, it was the two of us who did away with it together, but this time is different, you have to believe me, the target is really strong!"

"Thank you for your kind words, but I won't back down." Yan Hong said, "If the other party is really ridiculously strong, the big deal is a death!"

"You"

Qin Feiyu took a few deep breaths and said angrily, "Why are you such a stubborn person, why do you have to do it this time?! What the hell is the reason?!"

Chapter 1517

"You"

Qin Feiyu took a few deep breaths and said angrily, "Why are you such a stubborn person, why do you have to do it this time?! What exactly is the reason?!"

"The reason when I finish this mission, you will know!" Yan Hong said, "If you are really worried about me, then come over and give me a hand, if you are trying to persuade me to quit, don't say that, I am definitely not going to quit, that's all!"

After that, she simply hung up the phone.

"Stupid woman!"

Qin Feiyu couldn't help but curse as he listened to the busy tone coming from the phone receiver, but there was nothing he could do about it.

"What the hell is this woman thinking! She wasn't this stubborn before!" Qin Feiyu shook his head helplessly, this time Yan Hong was really perverse, it wasn't like the duo hadn't retreated before when they encountered experts, the only thing that mattered was to stay alive.

But this time, this woman insisted on going through with it, she was even thinking of doing away with the woman from Rong's venture capital, and the main target all together!

This is really

Qin Feiyu was full of anger, but he didn't know who to send it to.

"This time, it might really be the final end", Qin Feiyu said secretly only after a long while as he calmed down.

This mission was full of weirdness everywhere, first, a very powerful woman suddenly barged into the box to come, Qin Feiyu and that woman just simply passed a move, but he found out that the woman was quite powerful, even if he went all out, he was not sure that he would win.

And then the real target appeared, which was the same as what the information given by the proprietor said, as soon as the boss of Rong's venture capital was attacked, the main target would definitely appear.

But what Qin Feiyu did not expect was that the main target did appear, but his body was incredibly strong, just that aura alone was already very frightening, I really don't know what level the other party would reach if he exerted his strongest fighting power!

A strong mysterious woman, a strong target, this would have been tricky enough, generally when encountering this kind of situation, one would basically stop for the time being, either by simply withdrawing, or by waiting until one had considered carefully and determined a good course of action before making a move.

But what was even stranger was that Yan Hong had suddenly become very strange too, unwilling to quit!

All these strange phenomena added up to give Qin Feiyu a bad feeling in his heart, he felt that if this mission continued, there was a good chance that something would happen!

"It seems that it is time to properly check the identity of that main target!" Qin Feiyu said secretly.

.....

“Ding Weijian has already followed him, and he called me just now, saying that the target has been walking and seems to be very leisurely or somewhat aimless.” Li Ruonan said.

At this moment, Ji Feng and Li Ruo Nan had returned to the general manager’s office of Rong’s Ventures, and Ji Feng told the father and daughter duo, Rong Peng, about his findings and some brief information.

When the two heard that Ji Feng had probably found the shooter, they both couldn’t help but be a little happy.

As long as the person was found, it would be good. Even if the other party was as powerful as they were, as long as they knew where they were, there was always a way to prevent them.

The most fearful thing is not knowing where the gunman is hiding, then you have to be on your toes all the time, and you can’t even sleep well at night, which is what they have been doing these past few days.

In fact, Rong Peng and Rong Suyan did not know that Ji Feng only chose good news to tell them.

The fact that Ji Feng didn’t tell them, he couldn’t be 100% sure if Qin Feiyu and Yan Hong were the gunmen who shot at Rong Suyan, although the possibility was high, but there was another point Ji Feng couldn’t figure out.

..... Since they were the shooters, why were they still around here by now? And right across the street from the cafe, wouldn’t that be easy to expose?

If it was him, Ji Feng would have chosen to disappear with a hit, or at least find a place to hide first, to avoid the wind, and wait until the target relaxes his guard before making his move.

Or, choose another place to strike.

But no matter what, he wouldn’t choose to go to the cafe across the road, it would be too obvious a target.

It would only take a little attention for someone to become suspicious of them.

For example, today the white spider had burst in and then learned that they had good skills, so who else could they suspect if not them?

It was because he couldn’t figure this out that Ji Feng didn’t dare to say with certainty that Qin Feiyu and Yan Hong were the gunmen that day!

However, he also didn’t want to let Rong Suyan’s father and daughter be so on edge again, giving them a hope so that their hearts would be more at ease.

As for the matter of investigation, Ji Feng would naturally do his best.

“Have you asked the police department to help investigate the identity of those two people?” Ji Feng pondered for a moment and asked.

Li Ruonan nodded: "I've already called back the bureau, and now both the household registration section and the records section have started their investigations, but the results may have to wait a bit longer before they come out."

"As soon as possible!" Ji Feng said, "After all, I'm afraid it's just a coincidence that we were able to come across them today, it's just luck, maybe they'll run away at some point."

"Don't worry, Mr. Rong and the two of them are well-known people in the business world, and this case also involves a weapon like a sniper rifle, the police take it very seriously." Li Ruonan said, "We've all been working hard on the investigation these few days."

"Mm!"

Ji Feng nodded his head.

"It's been hard work for you guys." Rong Suyan softly said thanks.

"That's very kind of you, Mr. Rong, it's what we should do." Li Ruonan said.

Ji Feng didn't bother to listen to such polite words, he asked directly, "By the way, were you guys able to find out anything from the bullets?"

Li Ruonan shook his head and said, "I did find out the results, but it's not very helpful to solve the case. According to our investigation, this bullet should belong to a very common ordinary sniper rifle in Tsarist Russia, this kind of firearm began to serve in the bureau of Tsarist Russia since a long time ago, so in recent years when Tsarist Russia was updating its equipment, this kind of gun entered the black market in large numbers."

"So that's how it is!" Ji Feng faintly nodded his head.

Since it was a gun that had been eliminated from the Saudi-Russian military's change of equipment, it must have been in large quantities, and it was normal for it to enter the black market.

But then, it would be difficult to find out the exact source of the firearms, because there were too many of them and they were available on the black market.

"If we could find the source from the bullets, we would have continued to follow the line long ago." Li Ruonan said, "In fact, it is against the rules for me to say this now, however, today I met the duo of Qin Feiyu and Yan Hong, this is a new discovery, I feel the need to keep Mr. Rong informed so that you guys don't have to be too scared"

Ji Feng couldn't help but smile, Li Ruonan is not so deadheaded, know know know how to be flexible.

"Thanks a lot Captain Li!" Rong Suyan and Rong Peng both nodded their heads and said thanks.

Li Ruonan waved her hand, "You guys are too polite!"

"Ding"

Li Ruonan's phone suddenly rang, and she walked to the side to answer it.

"What? Found out?"

Li Ruo Nan's voice immediately caught Ji Feng's attention, he immediately earned his head, he saw Li Ruo Nan make a silent gesture, then directly turned the phone to the hands-free state, "I'm listening, go ahead!"

"Captain Li, after we investigated the file, we found that the information you provided to us is all true, the information of Qin Feiyu and Yan Hong is the same as what is shown on their ID cards." A woman's voice came over the phone, "In addition, the two of them have no criminal record."

"That means everything is normal?" Li Ruonan asked.

"There's just one thing that's strange, this person called Qin Feiyu, there's no record of his file since he graduated from high school, while Yan Hong's record is all normal!"

"So?"

Li Ruonan seemed a little disappointed, "Other than that is there anything else?"

"No more!"

"Thanks a lot"

Li Ruonan hung up the phone and said to Ji Feng, "You heard everything, right? That's roughly the situation, now they don't have a record, and it's not good to make an immediate arrest"

In fact, Li RuoNan is very hope that those two people have a record, so that even if there is no evidence now can first bring them back to the police station to ask the situation, as long as in, and then slowly investigate is not too late, then also not afraid that they run away.

But now her hopes are dashed, which makes her a little disappointed.

Ji Feng smiled and waved his hand: "It's okay, there's no rush to catch them, as long as they're in Jiangzhou, they can't escape. The most important thing now is the safety of Uncle Rong and Suyan Captain Li, are you police also sending someone to protect them?"

"That"

Li Ruonan hesitated for a moment before saying, "It's not impossible to send someone for protection, but it shouldn't take too long, and it would also require an application from Mr. Rong."

"Police protection won't be needed, it's not good to make such a big show for me." Rong Peng said.

Ji Feng couldn't help but laugh, "Uncle Rong, now that we've only just gotten somewhere, your safety becomes even more important, save the other party from jumping over the wall. Besides, even if you don't think about your own safety, you still have to think about Suyan, don't you?"

"So well then." Rong Peng nodded his head.

"That's good!" Ji Feng smiled and said, "Now that the gunmen can probably be identified, next, we have to think about how to catch them!"

Actually, it wasn't impossible to arrest the two Qin Feiyu directly, as long as they were said to be assisting in the investigation, no one would be able to say anything. After all, the police had done this kind of thing a lot.

But the key problem was that after arresting them, nothing could be found out and they would still have to be released in the end.

They couldn't just kill the two of them in the detention center just because they were suspected!

So, Ji Feng was thinking about how to make Qin Feiyu and Yan Hong reveal their original identities!

"Young Ji, what did you guys say just now, what were the names of those two gunmen?" White Spider, who hadn't spoken, suddenly asked.

"The man's name is Qin Feiyu and the woman's name is Yan Hong." Ji Feng said.

"Qin Feiyu Qin Feiyu, " White Spider repeated twice in a thoughtful manner.

Ji Feng immediately asked, "What, you know them?"

Chapter 1518

"Qin Feiyu Qin Feiyu, " repeated the white spider thoughtfully twice.

Ji Feng immediately asked, "What, you know about them?"

The white spider didn't answer in a hurry, but repeated it in a broken voice in her mouth, she seemed to be pondering, and also like she was remembering.

A moment later, White Spider couldn't help but shake her head and said, "Young Ji, the name you mentioned, I always feel a bit familiar, as if I've heard it somewhere, but where exactly I heard it, I can't recall it right now for a moment."

"Which name do you think you've heard before?" Ji Feng immediately asked.

"It's that Qin Feiyu you mentioned. This name, it sounds a bit familiar to me, so that should be something I've heard before!" White Spider said.

"Oh?!"

Ji Feng's eyes instantly lit up, Bai Spider said that, so that meant she must have heard of it before.

Regarding Bai Spider's previous manager, although Ji Feng had heard of some of them, he was not too sure about the more specific ones, but one thing was for sure, Bai Spider had first worked as an assassin before, and after that, she joined Dynasty, had a biological bomb implanted in her body, and became the head of Dynasty's Xixia branch.

Moreover, White Spider hadn't been in the country for very long!

This also meant that it was likely that Bai Spider had heard of Qin Feiyu when she was abroad.

Based on this point alone, Ji Feng could completely conclude that there must be something wrong with Qin Feiyu.

Since Qin Feiyu had heard of him, it proved that he was probably involved in these businesses.

The fact that he had been involved in these businesses was proof that he was probably involved in these businesses. Then you can imagine what good things he was doing.

For this reason, Ji Feng could have arrested Qin Feiyu directly, and he didn't even need an excuse to arrest and interrogate him first!

But to be on the safe side, this thought only flashed through Ji Feng's mind, and he soon settled down the impulse to arrest him.

As long as he could ensure that Qin Feiyu and the woman named Yan Hong would not be out of surveillance, the rest could be done slowly.

As for the safety of Rong Suyan and Rong Peng, now it seems that as long as the identities of Qin Feiyu and Yan Hong can be determined, nothing else is a problem.

Ji Feng wouldn't let Qin Feiyu and the two of them strike at Rong Suyan's father and daughter under his nose, right?

"Miss Bai, please think carefully, make sure you think!" Li Ruonan was however a little eager, now there was nothing at all to find out from the file what was wrong with Qin Feiyu, and Bai Spider seemed to know something, this could be the opportunity for their police to open a breakthrough.

"I'll do my best!" Bai Spider nodded.

Ji Feng, however, waved his hand and smiled, "White Spider, you don't need to think deliberately, sometimes the more eager you are to make something happen, the more you will mess things up instead, take your time, there is no rush."

"You are in no hurry!"

Li Ruonan glared at him and said, "We are still waiting for the clues to solve the case, if we can solve the case one day earlier, we can give an explanation to Mr. Rong and the others, and you can also rest assured!"

"You have to take things one step at a time, if you rush, you might make a mess." Ji Feng said, "Let's see, Uncle Rong, you and Su Yan first write an application report to the police, let them send a few elite soldiers to protect your safety, you don't have to worry about the rest, I'll take care of it."

"Ji Feng, it's really some trouble for you," Rong Peng couldn't help but feel a bit overwhelmed, given Ji Feng's status, but he would still come and personally work for them, this thing is quite generous.

The first thing I did was interrupt him with a wave of my hand and said, "Uncle Rong, if you're so polite to me again, I'll leave now and won't come back to your place in the future!"

"Good" Rong Peng smiled and nodded, but in his heart he was grateful, Ji Feng was giving him face, completely treating him as an elder.

Although he knew that it was probably because of his daughter that Ji Feng was so enthusiastic about himself, it was good that Ji Feng could go this far, not to mention that Rong Peng could not see any half-hearted hypocrisy in Ji Feng's smile, and that every word he said was his true thoughts.

Li Ruonan was staring at Ji Feng with her beautiful eyes right next to her, quite speechless.

This guy, he had always been so grand, and now was no exception, she, the junior captain of the CID, was still here, yet this guy took direct command!

But seeing that Rong Peng all smilingly nodded in agreement, not at all upset by Ji Feng's command, Li Ruo Nan was not good enough to say anything, the owner of this place did not object, she was naturally even worse, this was not a police station!

"White spider, you don't need to rush, think slowly, if you can think of it then naturally better, if you can't think of it it's actually not a big deal!" Ji Feng said with a smile.

The two of them should be related to the shooting incident that happened to Rong Suyan a few days ago, and if he had tangible evidence in his hands, he would have made an arrest by now!

It was because there was no conclusive evidence that Ji Feng did not take action.

And now, the white spider said that she seemed to have heard the name Qin Feiyu somewhere, so with a simple analysis, it was almost possible to conclude the identities of Qin Feiyu and Yan Hong!

Of the two of them, one of them must have been the gunman that day, or both of them, only that they had different divisions of labour!

Now that this conclusion has been made, it doesn't matter whether or not the white spider can remember what happened to Qin Feiyu, because the combination of all the doubts before and after can form a nearly complete chain.

This is called a chain of evidence if we are talking in legal terms!

Of course, in Ji Feng's case it was still only a suspicion, but that was enough, as long as Ji Feng felt the need, he could arrest Qin Feiyu and Yan Hong at any time!

The only thing that Ji Feng still couldn't figure out right now was Qin Feiyu and Yan Hong's actions today.

The only thing that Ji Feng still couldn't figure out was how Qin Feiyu and Yan Hong had acted today, or that, since they had made a move on Rong Suyan and missed, how could they have avoided the limelight?

But the two of them were sitting in a cafe across the street, drinking coffee in a casual manner, and the shooting point was in the cafe across the street!

If they weren't out of their minds and trying to get themselves caught, then they were up to something else!

It was because of this speculation that Ji Feng did not make a move!

He had to wait for a while to see what else those two people were planning!

“In addition

Ji Feng deliberated for a moment and looked at White Spider, “White Spider, you’ll work hard these few days, stay at Rong’s Ventures and be responsible for protecting Su Yan’s safety closely, is that okay?”

“Huh?”

Both White Spider and Rong Suyan couldn’t help but be startled at the same time.

Bai Spider asked in a panic, “Young Ji, if I stay, what about your safety?”

“Yes, Young Ji, I have enough protection here with the people sent by the police, Miss Bai is your guard, you’d better take her with you!” Rong Suyan also said in a panic.

“Eh!”

Ji Feng waved his hand with a smile and said, “Bai Spider, you don’t have to worry about my safety, ordinary people can’t hurt me! If you’re not sure, then let’s do this, I’ll first transfer Guo Tao or Liu Zejun over and let them protect me, so you’re always at ease, right?”

Letting White Spider protect Rong Suyan, Ji Feng had this intention just now.

When Rong Suyan was shot, don’t look at the fact that Ji Feng was always smiling on the surface, seemingly not taking this matter seriously and showing an appearance of complete indifference to those jumping clowns.

But in reality, when he saw the bullet hole in his desk, his heart was violently tightened!

And after Rong Suyan was briefed on what happened a few days ago, Ji Feng had already made up his mind that he had to keep Rong Suyan safe!

White Spider was the most suitable candidate.

She was a girl, and it went without saying that she was skilled enough to protect Rong Suyan without any problem at all!

“Young Ji, no need, I have the police to protect me

For Ji Feng’s act of leaving his personal guard behind to protect himself, Rong Suyan really had some ripples in her heart, she was both touched and embarrassed, and there was a hint of fear.

Why do you have to be so nice to me?

Rong Suyan’s heart is really a little afraid, she is afraid that she

Ji Feng’s voice interrupted Rong Suyan’s thoughts as he waved his hand and said, “Just listen to my arrangements this time! Even if the police will send someone to protect you, it will have to wait until after you have submitted your application, even if it is at the earliest until tomorrow daytime, right? What if someone else does something to you in the meantime?”

“But

Rong Suyan still wanted to say something else, but she was directly interrupted by Ji Feng.

“Alright, alright, don’t say so much, just do as I say!” Ji Feng settled the matter once and for all, no longer giving Rong Suyan a chance to rebut.

“Then okay!” The first time I saw Ji Feng’s attitude was very resolute, so I could only agree to it, but her heart had a strange feeling, as if there was such an extra involvement between the two of them, as if there was a hint of indefinable feeling?

And at this time, Li RuoNan looked at Ji Feng and Rong Suyan again, that look was a little strange.

She couldn’t help but secretly mutter, what exactly is the relationship between these two people?

Why would Ji Feng be so nice to Rong Suyan?

Although Ji Feng did not realize what exactly he was representing by sending the white spider to protect Rong Suyan, but as girls, both Li Ruo Nan and Rong Suyan were extremely sensitive.

Bai Spider was Ji Feng’s personal guard, and in the eyes of outsiders, she represented Ji Feng. And now that she’s staying to protect Rong Suyan, it’s almost as if Ji Feng himself is staying, asking Ji Feng to specifically protect someone who is not particularly close, would he do this?

Chapter 1519

“Su Yan, Uncle Rong, you’ve all seen how things are progressing, we’ve identified the general targets, we’re just waiting for them to make their move or find evidence, then we can just arrest them!” After everything was arranged, Ji Feng couldn’t help but say with a smile, “The most important thing now is your personal safety. White Spider is very powerful, she can definitely protect you guys.”

“Young Ji, you really made your Uncle Rong not know what to say when you did this, anyway, there is only one word, thank you!” Rong Peng said with emotion.

Since coming to Jiangzhou, Rong Peng had really felt what the world was like.

Those who used to be close to him immediately changed their attitude when they found out that the Rong family had fallen out with the Wu family. In the past, Rong Peng Group would also do business with some enterprises in Jiangzhou, and even the personal relationship between Rong Peng and them was quite good. In the past, several bosses in Jiangzhou would call and invite Rong Peng to come as a guest, or fly to Yuezhou, and drink tea with each other, go to the clubhouse to relax, and sort of exchange feelings.

However, since he came to Jiangzhou, those bosses seemed to have suddenly evaporated. Originally, Rongpeng had not realised that he was settling down in Jiangzhou, so he called several bosses in Jiangzhou, wanting to ask them to come out for a get-together and consolidate their relationship.

But what he didn’t expect was that when he called, he could hardly find anyone.

Either that or the secretaries of those bosses answered the phone and told him very politely that the bosses were not in and had gone out, saying that they had gone to do something or other.

When Rong Peng called those bosses’ personal mobile phones, they were either switched off, or they got through but no one answered.

Of course, he could occasionally find one or two people, but the incoherent and ambiguous attitude of those people, as well as the sense of alienation, Rong Peng is clearly experienced.

It was only at this time that Rong Peng came to understand.

It turned out that the word “coldness of the world” could be applied to him as well.

Or perhaps it would be more accurate to say that it was cooler for people to leave.

All those bosses were intentionally avoiding him, not wanting to meet with him, not even wanting to answer his phone calls.

The reason for this is not because he, Rong Peng, has offended the Wu family, which is a huge power, and others are afraid that being with him will be followed by the Wu family’s grudge, or even direct retaliation?

In all fairness, Rong Peng can understand the choice of those bosses, so he does not blame those people, yet he is also not ashamed of the attitude and method of those people to behave.

Since you don’t want to go out with me, then we can just die together, it’s no big deal!

Rong Peng is very open-minded.

However, the fact that people leave is a real experience for him.

What Ji Feng did today was really thoughtful, especially when Ji Feng’s status was still there, the first grandson of the Ji family, Ji Zhenhua’s son!

It was indeed very comforting for him to be so welcoming.

Never mind whether Ji Feng was deliberately showing his poise, just the fact that he could do this was enough to make Rong Peng’s heart grateful.

What’s more, Rong Peng could naturally see that Ji Feng was definitely not deliberately putting on an act, he really wanted to help himself and his daughter, so how could Rong Peng not be grateful to Ji Feng?

“Young Ji, your Uncle Rong is a straightforward person and will not say anything nice, but there is one thing I must say, everything you have done, Uncle Rong has seen it in his eyes, in the future, if there is anything you need from Uncle Rong, you can just ask!” Rong Peng patted Ji Feng’s shoulder and said with emotion.

If it was in the past, Rong Peng would never have been so casual with Ji Feng.

These big youngsters sometimes had quite a few strange tempers, they could treat you as an elder, but you should never treat yourself as an elder, because there was no blood relationship between each other after all.

A tap on the shoulder like this, that is undoubtedly always done by elders to juniors, or by superiors to subordinates.

Rong Peng used to be concerned about Ji Feng's reaction, but today, he was the one with emotions stirring in his chest, and he was grateful, so he didn't have that much concern.

Ji Feng smiled and nodded, saying, "Uncle Rong, we are supposed to be friends, let's not talk about that!"

"Right!"

Rong Peng heavily patted Ji Feng twice, while glancing at his daughter, and laughed: "Young Ji is right, we are a family not talking about two families!"

Ji Feng smiled and nodded, "That's right!"

Swish!

Rong Suyan's face turned red as she hurriedly turned away, pushed open the office door and walked out.

Ji Feng couldn't help but stare, "Suyan, what are you doing there?!"

"To wash my face!" Rong Suyan said.

"Wash your face?"

Ji Feng was a bit puzzled, what was the point of washing your face at this time of day?

"White spider, you follow her!" Ji Feng said.

"Yes!"

Bai Spider nodded and walked out quickly, only her heart was still wondering, the atmosphere just now seemed a bit wrong, did Ji Shao really not see it?

.....

"Phew~~!"

Coming to the washroom, Rong Suyan received the water and washed her face, before she let out a long breath.

In her heart, she couldn't help but blame her father, why did he suddenly say something like that just now, in case we couldn't speak together, how awkward would it be?

What's more, since when did father and Ji Feng become a family?

It's really

The first thing you need to do is to take a look at yourself in the mirror, your face is red, and there are still water droplets, but there is a hazy feeling.

For a moment, Rong Suyan seemed a little out of it.

She looked at herself in the mirror in a daze and couldn't help but feel a little melancholy in her heart.

“What are you thinking about, really!” Rong Suyan hurriedly shook her head and looking at her face which was even redder, she hurriedly washed her face again.

She raised her head just to take a look at her blush, but the light of her eyes suddenly noticed that a figure had appeared at the bathroom door at some point.

Rong Suyan was startled, when did this person come over, how come she didn't hear any sound?

She turned her head in a panic, but found that the person standing at the door was actually White Spider.

“Ouch~~ I was startled!” Rong Suyan said with some embarrassment.

“It was me who should have greeted you in advance, sorry!” White Spider said blandly.

Rong Suyan shook her head with a smile and said, “Miss Bai, you don't need to be so polite, we're all friends with Ji Feng, so in that case, we're all friends too!”

“Friends?” White Spider asked.

“Yes, could it be that Miss Bai is not willing to make me a friend?” Rong Suyan asked.

White Spider shook her head, “Of course not.”

“That's not all, since we are friends now, then don't be so polite in the future!” Rong Suyan smiled.

White Spider, however, shook her head and said, “There are still rules that should be in place, please take care of Mr. Rong in the future!”

“I can take care of what” Rong Suyan shook her head and smiled, but the next moment, her expression was stiff and she looked at Bai Spider in surprise, “Miss Bai, why did you say that?”

White Spider smiled and did not say anything.

Rong Suyan's pretty face then turned even redder, her eyes suddenly became a little flustered, and she didn't dare to look at the white spider.

She had suddenly reacted when she spoke just now, how the meaning of Bai Spider's words sounded so wrong.

Let yourself take more care of her in the future

She is Ji Feng's person, how can she take care of her?

Unless

Rong Suyan's pretty face turned red.

Unless White Spider thought of her as Ji Feng's woman as well and that's why she said that, but that's not true!

Rong Suyan argued in her heart, she wanted to explain to Bai Spider, but she didn't know what was going on, at this time, it was as if she, a former businesswoman, didn't have the courage to explain.

“Is it that you don’t want to explain? Or do you feel that the more you explain, the more confusing it gets?” Even Rong Suyan herself is not quite sure

It had been a while before Rong Suyan came back, and at this time, her pretty face was still a bit red and flushed.

At this time, Ji Feng and Rong Peng were talking in detail, the two of them were talking and laughing, the original depressing atmosphere in the office had long disappeared without a trace.

The two of them were talking and laughing, and the depressing atmosphere in the office had disappeared.

The rest is easy as long as you protect your personal safety first, those gunmen won’t be able to get away with anything as long as they dare to do it!

Besides, even if they didn’t make a move, Ji Feng would still want to leave them behind!

“Young Ji, are there any good projects lately?” As he was talking, Rong Peng suddenly asked with a smile.

“Is Uncle Rong well rested?” Ji Feng asked.

Since arriving in Jiangzhou Rong Peng hadn’t made any moves, he had only invested in a light industrial factory and placed all the personnel brought in from the Rong Peng Group, he hadn’t done much else, overall he had been resting recently.

I think the loss of the Rongpeng Group has dealt Rongpeng a big blow. Although Rong Peng acted very relaxed, it was after all his half-life’s work, so it would be a lie to say that he was not distressed.

But now that Rong Peng has taken the initiative to work on the project, he is obviously ready to let go and do something big!

“You can’t rest any longer, if you keep idling, whatever cats and dogs will be riding on your Uncle Rong’s neck to shit and piss!” Rong Peng couldn’t help but give a cold snort.

Ji Feng then smiled faintly, it seemed that Rong Peng had been stimulated.

“Uncle Rong, there are no good projects lately, however, I have an intention and am now considering the feasibility, so if Uncle Rong is not in a hurry, just wait a little longer.” Ji Feng said.

“Oh?”

Rong Peng couldn’t help but brighten his eyes, “Which aspect of the plan?”

“The industrial aspect!” Ji Feng said.

Rong Peng was immediately intrigued, he couldn’t help but ask: “The industrial field is too vast, say something specific, which area is the main one, light or heavy industry?”

“It’s mainly in machinery!” Ji Feng said.

“You want to enter the automobile industry? Or construction machinery? Or is it something else?” Rong Peng’s eyes were getting brighter and brighter, he could tell that Ji Feng shouldn’t be just talking, maybe there was really a big project coming up!

Chapter 1520

“Are you going into the automotive industry? Or construction machinery? Or is it something else?” Rong Peng’s eyes were getting brighter and brighter, he could tell that Ji Feng shouldn’t be just talking about it, maybe there was really a big project coming up!

Ji Feng laughed and said, “Uncle Rong, don’t be in a hurry, right now I only have a preliminary idea, the specific plan is not available yet, I can only play a belly draft first. But you can rest assured, Uncle Rong, as long as there are projects on the table, you will definitely not be missing out on a share!”

Saying that, he couldn’t help but tease, “Uncle Rong, I’m still thinking about that large sum of money you’re holding!”

“Hehe

Rong Peng instantly laughed, “I’m relieved to have you say that, however, I don’t have much money in my hands

“This has only just begun Uncle Rong is crying poverty?” Ji Feng laughed.

The two of them burst out laughing.

Ji Feng knew that Rong Peng said this is naturally just a joke, Rong Peng’s hands actually how much funds, that specific number Ji Feng is not quite clear, but the general range, but Ji Feng still know.

The actual figure is not very clear, but the general range, Ji Feng still knows. Not to mention other things, just the shares that Rong Peng used to take in Rong Peng Group, plus Rong Peng over the years to continue, anyway, at least according to a billion units.

Even, tens of billions that is not impossible!

In fact, the reason why Ji Feng wanted to talk to Rongpeng about machinery was that he was playing with the idea of the huge amount of money in Rongpeng’s hands.

If he wanted to enter the industrial field, especially the heavy industrial field, relying on the one to two billion dollars of the Tengfei Group alone would be far from enough, even if he mortgaged the entire group to the bank for a loan, it might not be enough!

What’s more, these funds cannot all be taken away, because the Tengfei Group also needs to develop, and there is always a need for liquidity, as well as a back-up fund in case of any unforeseen circumstances.

Therefore, it is particularly important to bring in foreign capital at this time.

However, it is even more important to know whether this foreign capital is reliable and from where it should be introduced.

The reason is that Ji Feng can determine that as long as the introduction of foreign funds, it will certainly be a large sum of money, and may even exceed the amount of money invested by the Tengfei Group itself, so if the foreign funds appear to be repeated, or are suddenly taken away, then it will really be fatal!

So Ji Feng had to find reliable people to cooperate with, and Rong Peng was a more reliable candidate!

“Young Ji, just now it was just a joke!” Rong Peng said with a smile, “Let’s do it this way, you choose the investment project, we will do the rest of the work together, just ask for the amount of money you need, anyway, my money is depreciating in the bank, it hurts my heart to see it!”

Ji Feng could not help but smile and nod his head, although Rong Peng’s words were also a joke, however, what he said was also true.

Everyone often says that money is worthless nowadays, but this is actually just a colloquial expression.

If we were to put it more professionally, we could say that the Chinese currency is now depreciating in value!

To take the simplest example, what could be bought for a hundred dollars ten years ago, would now cost two hundred, three hundred or even more to buy!

The interest rate on money in the bank is simply not enough to keep up with the devaluation of the Chinese currency, so many people with spare money are trying to invest as much as they can to keep their hard-earned money from depreciating in value.

The money he has in his hands is an astronomical amount, and the money he loses every year just by putting it in the bank would be too much for most people to earn in a few lifetimes.

It is strange that Rong Peng is not anxious!

Ji Feng laughed: “Uncle Rong, let’s leave this matter like this for now, as soon as there is a suitable project, I will inform you immediately!”

“Then I’ll wait for your good news!” Rong Peng laughed.

Ji Feng smiled and nodded, feeling that the light shining in through the curtains was a little darker, he raised his hand to look at his watch.

“In that case, then I won’t stay here much longer, it will be dark soon.” Ji Feng offered his farewell.

“Young Ji, stay and have dinner together tonight!” Rong Suyan said.

Ji Feng smiled and waved his hand, “There’s plenty of time for dinner, when this matter is settled, we can eat however we want, it’s better to pay some attention now!”

“What Ji Shao said is right!” Rong Peng nodded and said, “That’s it then, young Ji, I’ll send you down.”

“Then I’ll trouble Uncle Rong!” Ji Feng didn’t politely excuse himself, but nodded his head and agreed to go down.

“I’ll go too!” Li Ruonan said.

Ji Feng then smiled and glanced at her, "Aren't you afraid that I'll bully you again?"

Li Ruonan's pretty face reddened slightly, "How dare you! See if I don't break your legs! Besides, it's not certain who is bullying who between the two of us!"

"Ha!"

Ji Feng couldn't help but lose his smile.

"Young Ji, I'll go too." Rong Suyan said, "It's not like there will be any danger in this building anyway, I'll just walk you downstairs."

"Alright!"

Ji Feng nodded his head.

Several people then left the office, in the corridor, Ji Feng and Rong Peng walked in front of them, the others all consciously took a few steps behind, they naturally could see that Ji Feng and Rong Peng had something to say.

"Young Ji, machinery is not that good." Rong Peng said in a low voice.

Just now in the office in front of so many people Rong Peng couldn't afford to throw cold water on Ji Feng, after all, he had to take care of Ji Feng's face, but now that it was just the two of them talking, Rong Peng also told the truth and said some of what he knew.

"Nowadays, our domestic machinery industry is actually very profitable, such as automobiles, special vehicles, or some other engineering vehicles, etc., as well as some windows, production lines and so on, are all very profitable! However, to say that the domestic brand, making money is really not much, and even if there is, earn not much, the vast majority of the market, or in the hands of foreign enterprises."

Rong Peng introduced in a low voice: "At the beginning, I also considered entering the machinery industry completely, ready to take the road of independent brands and enter the automotive field. But our domestic situation, for a private enterprise like us, is not very optimistic, so after repeated consideration, I still dismissed the idea."

Ji Feng nodded: "Uncle Rong, I understand all these situations you mentioned."

"That's why you should think twice before you act!" Rong Peng said, "Right now, the Tengfei Group is in a period of rapid development, at this stage, one must not make mistakes, otherwise, the upward momentum will definitely be set back, and it will be difficult to have such rapid development again in the future."

This is how it is in business, especially in large enterprises.

In the course of running a business, mistakes are bound to occur, because it is normal for people to make mistakes. However, mistakes must not be made in terms of the big strategic picture, which can be fatal.

A large scale enterprise is actually like a huge ship, when this huge ship is sailing at a very fast speed, the direction must be correct, once there is a mistake, it is not easy to brake, it is also difficult to adjust, and in the process of adjustment, no one can guarantee that there will not be other problems in the middle.

Ji Feng listened attentively, what Rong Peng said was all from experience, he had spent half his life in the mall, his experience was invaluable, it could never be learned in classrooms or books!

“Uncle Rong, don’t worry, I haven’t decided yet, but as long as I decide to do it, it proves that I’m at least 90% sure and won’t be reckless!” Ji Feng said.

“That’s good!” Rong Peng nodded his head.

Ji Feng’s steadiness Rong Peng saw it in his eyes, so he believed in Ji Feng’s words.

“However, when the time comes, I’ll have to trouble Uncle Rong to send out all those elites under you, we have to work out a development strategy together, relying on me alone, I’m sure I won’t even be able to lose my trousers!” Ji Feng laughed.

“It’s a matter of words!” Rong Peng patted his chest and said, “Other aspects you Uncle Rong dare not guarantee, but there are two things, I dare to say this big words, talents, and funds, these two aspects are absolutely no problem!”

Rong Peng is not bragging, he would rather spend so much money to keep so many idle people, just to keep all those talents, may need to use them one day, so although not doing any projects now, he has given his men a good salary.

This alone is a large sum of money, but Rong Peng didn’t even blink before investing a large sum of money.

Isn’t it coming in handy now?

“So be it! Uncle Rong stay!” Coming to the lobby on the ground floor, Ji Feng shook hands with Rong Peng and said with a smile.

“Young Ji

Rong Suyan hesitated for a moment before whispering, “Then take your time and be safe on your way.”

Ji Feng made a very casual hand gesture, that was a sign to reassure her.

“White spider, Suyan’s safety can be entrusted to you, also if your energy allows, try to look after Uncle Rong, save the gunmen from not being able to get at Suyan, and then in turn, turn against Uncle Rong!” Ji Feng instructed White Spider as he was leaving.

“Don’t worry, young Ji, I know what to do!” Bai Spider immediately assured.

“Mm! You work hard first.” Ji Feng nodded and then said to Li Ruonan, “Then the rest of the matter can depend on you!”

“I’m a police officer, this is what I should do!” Li Ruonan said very proudly.

Ji Feng then smiled and walked out with big steps.

White Spider, however, kept sending him to the door and watched him get into the car, then only then was she ready to turn around and leave.

Just then, Bai Spider suddenly changed her face because she saw a bright light that flashed across the window of the cafe across the street

The next moment, the white spider sprinted outwards because she saw that the bright light had actually swept past Ji Feng's body!

Could there be a sniper going after Ji Feng?!

This thought caused a sudden and furious jump in Bai Spider's heart, and the next thing she knew, she was outside and was ready to pounce on Ji Feng to the ground!
