

Campus Master 1521

Chapter 1521

“Young Ji, be careful!”

The white spider leaped up high and put both hands on Ji Feng’s shoulders violently, trying to pounce him to the ground.

However, just at this time, Ji Feng turned around violently, instantly grabbed both hands of the white spider, moved his feet horizontally with a few quick steps, and just like that, steadily held the white spider and moved horizontally to the back of the marble pillar at the entrance of the office building.

“Don’t be in a hurry, let’s see clearly first!” Ji Feng lowered his voice and said.

“Ka ka ka~~!”

The white spider, however, broke away from Ji Feng’s hand the moment he landed, then drew his pistol from his waist and leaned against the marble pillar, looking sideways at the cafe across the street.

“Young Ji, don’t move, I’ll go out and take a look!” White Spider slowly moved his feet and held the pistol in both hands, ready to strike.

Ji Feng, however, shook his head and said, “Don’t move yet.”

“What?”

Bai Spider’s eyebrows knitted together, “Young Ji, I can feel my way through here and go straight to the cafe and take the man down!”

“Remember the equipment I asked you to bring?” Unlike White Spider’s vigilance, Ji Feng was not the least bit nervous, and even smiled.

White Spider, however, froze, “Remember!”

“Go up.”

Ji Feng laughed: “Now that there are police present, it’s not our turn to arrest people, just go up and help keep an eye on them!”

Bai Spider then understood what Ji Feng meant, and she immediately nodded, “Yes!”

At that time, she didn’t quite understand why Ji Feng had asked her to bring her equipment when she came out, but she didn’t think that she would actually use it now.

“Young Ji, it’s okay for me to go up there, but you must not force your way out!” White Spider was still a little uneasy and couldn’t help but admonish. She was aware that with Ji Feng’s character he would definitely not be so idle.

Ji Feng smiled and nodded: “Don’t worry, I’m not stupid, I definitely won’t go out and look for death!”

Only then did the white spider feel slightly more at ease and turned her head to quickly enter the inside of the office building.

At this time, Li Ruonan had already told Rong Peng and Rong Suyan to hide, while she rushed out with the other two policemen and headed straight for the cafe opposite.

However, in order not to cause the gunman across the street to jump to his death, they only pretended to check and did not rush over.

Ji Feng, however, leaned behind the marble pillar and stretched out his head from time to time to take a look.

He couldn't help but shake his head, it seemed that his speculation should be wrong, Qin Feiyu and Yan Hong were not the gunmen, the real gunmen were someone else.

Because he knew that Qin Feiyu had already left, and he and Li Ruonan had checked Yan Hong's ID card just before, if she had done it at the cafe across the street, then everyone would know it was her, and I believe she was not that stupid.

"If it's not Qin Feiyu and Yan Hong, then who could it be?" Ji Feng couldn't help but be a little puzzled, and suddenly, he frowned: "Could be the old man in the box next to Qin Feiyu? Or is it the two people he brought with him?"

But now Ji Feng couldn't be sure, everything could only be guessed.

Originally, he was still nine percent sure that Qin Feiyu and Yan Hong were the secretly hidden gunmen, but now

"Ding"

Ji Feng's mobile phone suddenly rang.

He took it out and found that the phone was from White Spider, so he immediately picked up the phone, "White Spider, can you see the other party?"

"Young Ji, I'm the one who's too nervous,," said Bai Spider, somewhat embarrassed.

"How so?" Ji Feng asked with a smile.

"That bright light just now was the light reflected from the lens of the telescope,," said the white spider. At this moment, White Spider was standing in front of Rong Suyan's office window, holding a telescope in her hand and looking at the cafe across the street.

In her line of sight, a woman was looking this way with a telescope, except that the other woman's telescope was pointed at the office building's front door.

Obviously, it was definitely not the light reflected from the scope of the sniper rifle just now, but the lens of the telescope.

The other party was spying on this office building!

Or, this woman was spying on Ji Shao and the others

"Hehe"

Ji Feng couldn't help but chuckle, so that was the case, then his own deduction was still correct, only that there was such a hiccup in the middle.

"Then let's do this for now, now that Li Ruonan and the three of them have gone over, you keep an eye on the people on the other side up there and we'll keep in touch!" Ji Feng said with a smile.

"Don't worry, young Ji, I'll keep a close watch on the other side, as soon as this woman shows signs of making a move, I'll snatch her up and finish her off!" White Spider immediately said, "Young Ji, be careful when you leave, I'll cover you from above!"

Ji Feng smiled and hung up the phone.

And then, he called Li Ruonan, "Captain Li, there's no need to go, it's just a misunderstanding!"

"What?!"

Li Ruonan, who was still a bit unsure, couldn't help but be stunned.

"You'll know when you come back." Ji Feng laughed, "That's all!"

He hung up the phone, and then quickly walked out from behind the marble pillar before striding towards the car park outside the door.

At this moment, the white spider standing in Rong Suyan's office was tense, her eyes staring deadly at the opposite window, afraid that the other party might suddenly snap.

Buzz~~!

Ji Feng started the car and drove peacefully into the street. He glanced at the rear view mirror and could not help but smile slightly, although the false alarm just now had also made him nervous, but since he was sure that his judgment was not wrong, it was still worth being happy.

Ji Feng finally left, the expected attack didn't happen, but he didn't take it lightly, later on Qin Feiyu was still out there, who knew when he would show up.

"Humph! That's all he's got!"

At this moment, Yan Hong, who was standing in the cafe box, put down her binoculars and could not help but sneer.

She was the one who was staring at Ji Feng with the binoculars just now, so naturally, she saw Ji Feng's wretched appearance of hastily dodging, and of course, in her eyes, Ji Feng's dodging appearance was just wretched.

"But the reaction is quite sharp, it really seems like a good escape artist!" Yan Hong sneered.

If Ji Feng knew that his quick reaction actually looked like a wretched escape to Yan Hong, and was praised as a good fleeing hand, I wonder how he would feel!

"So what if you react quickly?" Yan Hong smiled coldly again, "No matter how good you are at fleeing for your life, you definitely can't escape my palm, just wait, sooner or later I'll have to kill you!"

.....

On the way back, Ji Feng unexpectedly received a phone call, which was from Wang Errongzi.

“Young Ji, this is Wang Errongzi, I’m not disturbing you, right?” Wang Errongzi’s tone was respectful, and he was also smiling a little.

Ji Feng smiled faintly, “No, looking for me for something?”

“It’s something, that young Ji, today Lu Biao came to my place again.” Wang Errong said, “He said that you told him to come?”

“He went to you only today?” Ji Feng frowned.

This Lu Biao was the little leader on the university city road, Silly Biao.

“He came once a few days ago, he didn’t say anything when he came, he just came to the bar to drink, and I didn’t have anything to say to him.” Wang Errong said, “I didn’t expect him to come again today, and said that you had told him to come”

“I was the one who told him to!” Ji Feng nodded and said.

“Then,” Wang Errong asked hesitantly, “What does young Ji have to order?”

“You don’t have to do anything either, just tell him what I told you.” Ji Feng said.

Wang Errong then understood that young Ji was planning to support another big brother in that area of the university city, so he immediately nodded, “Young Ji, I understand!”

“Well! Remember, what you should say can be said, but what you shouldn’t say, don’t say anything nonsense!” Ji Feng said, “If you don’t understand what you’re saying, then let Jane Maoteng go and talk to him!”

“Hey!”

Wang Errong immediately nodded his head, “Yes!”

“Is there anything else?” After admonishing him, Ji Feng asked again.

“Nothing else!” Wang Errongzi said.

“Then that’s it for now, if there’s anything else, you can call me directly!” Ji Feng said.

Naturally, Wang Errongzi was full of promises.

After closing the line, Ji Feng couldn’t help but frown slightly, this silly Biao is still quite reserved, he actually didn’t go to Wang Errongzi until today, it seems he still has concerns in his heart!

But when I think about it, I think it’s normal, after all, if I suddenly put forward such a request, Silly Biao will definitely be muttering in his heart, it’s the same for anyone else.

Ji Feng is not worried, I believe that as long as he is a smart person, he will definitely know what to choose.

As long as Silly Biao has made his choice, then I believe that he will receive a call from him soon.

Of course, if he wasn't willing to do it, Ji Feng wouldn't feel sorry, it would be too easy to find such a person.

"Ding"

Just at this time, Ji Feng's phone rang again.

He put on the headset directly without looking and picked up the phone, "This is Ji Feng, who is it?"

"Young Ji, it's me!" White Spider's voice came through the headset, "There are two things to tell you, just now, that woman has left the cafe, took a taxi and left, Captain Li has arranged for someone to follow, where exactly she went is unknown at the moment."

"Is she following me?" Ji Feng asked. His gaze drifted over the rear view mirror, but he didn't find any suspicious vehicles either.

"I don't think so, you had already been gone for about twenty minutes when she left." White Spider said.

"Hmm! Then I'll contact Captain Li directly." Ji Feng said, "By the way, what was the second thing you were going to say?"

"Young Ji, I suddenly remembered something after you left, and I feel it's necessary to tell you about it." White Spider spoke quickly, "Earlier when you guys talked about that gunman called Qin Feiyu, I felt familiar when I heard it, as if I had heard it somewhere before."

"And then?"

Ji Feng couldn't help but feel a stir in his heart, "You remembered?"

"Yes!"

White Spider nodded and said, "Young Ji, I remembered that when I used to work abroad, I once heard of a relatively famous assassin, I don't know exactly what his name was, but he had a nickname, Flying Fish."

Chapter 1522

"Flying fish?" Ji Feng frowned.

"Yes, a flying fish is a fish of warm waters, characterized by speed, and that killer happens to have this characteristic, so everyone calls him a flying fish." White Spider said, "I think that the name, Qin Feiyu, is very similar to flying fish, and"

"And they're both killers?!" Ji Feng asked.

"Yes, Flying Fish is a very famous assassin and is said to be very powerful, if this Qin Feiyu is the gunman in the shooting case, then they might be the same person!" White Spider said.

"Can you be sure?" Ji Feng asked.

"Can't. Because those in this line of work basically have very few people who know their true faces, except for his agent and some of his more intimate friends, and I haven't seen them either." White

Spider explained, "However, I have heard a rumour from the outside world that Flying Fish is supposed to be a Chinese."

White Spider spoke very vaguely and stammered when she spoke, but Ji Feng could understand that she must be worried about people hearing that she was a killer before.

"In that case, this Qin Feiyu, might be the professional killer Flying Fish?" Ji Feng asked.

"It's very possible!"

Ji Feng then remained silent for a moment before asking again, "What about that woman beside him? Her name is Yan Hong, have you heard of her?"

"No, she might be Flying Fish's manager, or she might be his partner!" White Spider said, "Because I them who are killers, generally people can't be trusted, usually when they carry out a mission, they will work with their partner or agent, and some killers, their partner might also be his agent."

Ji Feng then understood, since White Spider had given him this call, it meant that, in fact, White Spider already had a high degree of certainty in his heart that Qin Feiyu was the flying fish, the professional killer!

Only, probably because of the surrounding environment, she couldn't say it directly.

"I know!" Ji Feng nodded his head.

After closing the line, Ji Feng couldn't help but smile faintly, this information given to him by the white spider made him even more sure that Qin Feiyu and Yan Hong were definitely going to strike again!

Professional killers, taking on missions and killing people, this was their profession, since their aim had not been achieved, then they would definitely strike again, this was determined by their nature!

Since this was the case, Ji Feng was in no hurry to make his move, he wanted to see what else these two daring professional killers had in mind!

When they failed to kill someone, they actually dared to stay where they were, this kind of behaviour was indeed a bit perverse, and Ji Feng had never been able to figure it out.

Apart from that there was another reason that made Ji Feng decide not to make a move first. It was because since the other party was a professional killer, they must have been specially trained, and if they were slightly negligent in making a move to catch them, they might seize the opportunity to commit suicide without hesitation.

One had to be on guard in this regard, so when there was no absolute certainty, Ji Feng did not intend to make an arrest!

"Take your time to play"

Ji Feng smiled faintly, parked his car at the roadside, picked up his mobile phone and dialed a number

.....

.....

By the time Ji Feng returned home, it was already late afternoon.

Just driving into the yard, Ji Feng saw a tiny figure running over at a fast pace, with two other people chasing after it.

Ji Feng hurriedly stopped the car and saw this little girl, Yao Yao, stomping over, with her mouth shouting, "Daddy is back, Daddy is back"

"Yao Yao, don't run towards the car, it's dangerous!" Han Zhen followed behind and hurriedly caught up with her, pulling her along, otherwise, this little girl would have to lunge towards the car.

"Buzz~~!"

Ji Feng lowered the car window and laughed, "Yao Yao, wait here first, daddy will go and park the car before coming to keep you company ah!"

"Wow!"

Yao Yao nodded her head in a good manner.

"Little girl!" Ji Feng shook his head and smiled, drove the car to the garage in the backyard and parked it, then quickly walked over.

Yaoyao immediately ran over, opened her little hands and pounced on Ji Feng: "Daddy, what did you go for?"

Ji Feng laughed, "Went to find a friend, little girl, you're still so young and you want to be a housekeeper?"

"What's a housekeeper?" Yao Yao asked.

"This housekeeper ah, is" Ji Feng couldn't help but chuckle, picked Yao Yao up, pinched her little nose and laughed: "When you grow up, you'll know what it means to be a housekeeper. But ah, I wonder which kid is so lucky to have you as his housekeeper's wife!"

"Ji Feng!"

A pout came from the living room doorway, and Tong Lei was amused and angry, "How old is Yao Yao, and you're telling her this! Don't bring the little kid down!"

"No no!" Ji Feng laughed, "Yaoyao is very smart, she definitely won't learn badly!"

"Daddy's right, I'm very good~~" said Yao Yao.

"Yes, you're good!"

At this time Xiao Yuxuan also came out from the living room, "Little girl, you like to praise yourself, didn't the teacher praise you in kindergarten?"

"The teacher did, I even got a big red flower!" Yao Yao said proudly.

Everyone laughed, with such a little girl in the house, there was a lot more laughter, no wonder it was said that families with children were the happiest, and now it did seem to be true.

Ji Feng carried Yao Yao into the living room and put her on the sofa, who knew that this little girl could not sit on the sofa at all, she rolled over and slid off the sofa, tilted her little face and asked Ji Feng, "Daddy, when is Mommy coming back?"

Ji Feng couldn't help but be stunned, and he secretly said, "Oh no.

No matter how cute Yao Yao was, she was still a little kid after all, she had been away from Qin Shujie for a long time and she was starting to miss her mum.

Ji Feng turned his head to look at Xiao Yuxuan and Tong Lei, but found that the two women also just shook their heads and laughed bitterly, Ji Feng could not help but feel a little helpless, it seems that they also have no good solution.

In fact, if you think about it, Tong Lei and Xiao Yuxuan didn't have any children, so they naturally didn't have any experience in bringing up children. But now that she wanted her mother, everyone was at their wits' end.

"Daddy, just now sister Yu Xuan said that you know when mommy will be back, so when can Yao Yao see mommy?" When Yao Yao saw that Ji Feng didn't answer, she couldn't help but ask.

Ji Feng then glared at Xiao Yuxuan, not that he blamed her for lying to the little kids, the key was to find a reason that would be difficult to fulfill within a short period of time, now that he was back, how should he answer Yao Yao?

"Yaoyao, is it not good to be here with daddy?" Ji Feng asked with a smile.

"Good~~ But it would be better if mommy came too." Yao Yao said.

"Yaoyao, mum has work to do, she will be back in a few days." Ji Feng said, "Why don't we give mum a call, okay?"

Just as he finished speaking, he saw Xiao Yuxuan giving him a wink one after another.

"Hm?"

Ji Feng raised his eyebrows.

Xiao Yuxuan sat down next to him and lowered her voice, "You, a little kid hearing her mother's voice, wouldn't that make her miss it even more? You're looking for trouble over nothing!"

Sweat!

Ji Feng had never brought up a child either, so how could he think of this, he lowered his voice and asked, "Then what should we do?"

"You've already said your words, what else can you do?" Xiao Yuxuan gave him a blank look.

"Cough"

Ji Feng coughed lightly, looking at Yao Yao's fluttering eyes, he could only take out his mobile phone, ready to give Qin Shujie a call.

"It's good to make a call, and by the way, ask Yao Yao's mother what to do with the child." Tong Lei laughed lightly.

"Alright!"

Ji Feng nodded helplessly and turned his head to look at Yao Yao again and said, "Yao Yao, let's call mommy here, happy?"

"Happy!"

Yao Yao immediately nodded her head, then her little hand was feeling and feeling in her neck.

Ji Feng smiled and asked, "Yaoyao, what are you looking for?"

Soon, Yao Yao pulled up a thin red rope in her neck, and then pulled out a small sign that looked like a work permit from her clothes pocket.

She handed it to Ji Feng with her small white hand, "Daddy, this is mommy's number."

Ji Feng took a look and couldn't help but laugh.

It was a work card, except that it had a few words written on it and a string of numbers: "Mom Qin Shujie, phone"

Ji Feng then understood that this was Qin Shujie's worry that Yao Yao had forgotten her number, and now she had gotten such a small sign for Yao Yao, so that she could call home in case she got lost at any time. Of course, if she met a kind-hearted person, she could also get in touch with Qin Shujie.

This is the difference between those who have children and those who do not.

Ji Feng gave Qin Shujie a call, and Yao Yao, the little girl, was holding the phone with her two little hands, talking to her mother for a while, her little head nodding from time to time.

The phone reached Ji Feng again and Qin Shujie's voice came over, "Ji Feng, is Yao Yao still obedient? It hasn't caused you any trouble, has it?"

Ji Feng couldn't help but laugh, "It's fine, Lei Lei and Yu Xuan both like Yao Yao a lot, the little girl is very cute!"

Of course he understood what Qin Shujie's words meant, she was worried that Yao Yao's appearance would give Tong Lei and Xiao Yuxuan something to think about.

"That's good", Qin Shujie then let out a sigh of relief.

Because she was worried about causing trouble for Ji Feng, Qin Shujie didn't say a few words before hanging up the phone.

Only, her pulsating warmth was transmitted very clearly through the phone, making Ji Feng smile faintly.

Having spoken to her mother, Yao Yao played happily once again.

Perhaps it was the first time the little girl had come to this strange environment and there were so many people with her, which made her look exuberant, running around on the sofa with her bare little feet,

talking to Xiao Yuxuan for a while and pestering Ji Feng for a while to ask about things, not knowing how happy she was.

And for Ji Feng, Tong Lei and Xiao Yuxuan, the addition of such a little elf-like dot in the house also felt much more interesting, and Tong Lei's face had a lot more smiles than usual.

But this happiness lasted until bedtime, when a new problem arose.

Chapter 1523

"Daddy, will you put me to sleep?"

Yao Yao asked with an expectant face as she tilted her little face and grabbed Ji Feng's pant leg.

"Yes!"

Ji Feng nodded, but in his heart, he quietly let out a sigh of relief, coaxing a small child to sleep that was certainly no problem, as long as this little one didn't make a scene and didn't clamor for her mother, then everything was fine.

Since she had spoken to Qin Shujie on the phone, Yao Yao's mood had improved and she no longer asked when her mum would be back, probably because Qin Shujie had told the little one on the phone that she was busy and would not be back until a while later.

In fact, originally, Yao Yao was not the one making trouble, only, Ji Feng was afraid that her emotions were getting thicker and thicker, and when she really cried, he didn't know how to coax her.

So the next thing he saw was that the little girl was having fun, the living room was filled with her giggling sounds, and in general, Yao Yao still knew how to behave.

This might also have something to do with her upbringing.

Because Qin Shujie was usually busy at work and she was the only one at home who was busy, she had no choice but to leave Yoyo to the nanny at this time.

Like Zhang's mother in the past!

Of course, there were only two of them in Qin Shujie's house now, and she hadn't hired a nanny yet. After what happened to Zhang's mother, Qin Shujie's guard was still up and she didn't dare to hire a nanny easily, even someone who had been with her for so long could end up doing something like that, so who would dare to trust a new nanny?

Therefore, usually Qin Shujie had even less time to spend with Yao Yao, and when she was busy with work, she had to send the little one to the kindergarten.

So Yaoyao was much quicker to adapt to this kind of absence of her mother than any ordinary little child, and she could easily understand the meaning of the phrase that her mother was too busy working to come back.

Seeing this kind of Ji Feng is also quietly relieved, and now well, it is just easy to put a small child to sleep.

However, the next sentence made Ji Feng's feet stumble and he almost didn't take off his hand to drop Yao Yao on the floor.

"Yaoyao also wants Sister Lei Lei and Sister Yu Xuan to accompany her!" Yaoyao said again.

"Good, let the two sisters put you to sleep too, right?" Ji Feng asked with a smile.

He knew that Yaoyao liked it most when people coaxed her to sleep, when she was at her home, the little girl had asked to let herself and Qin Shujie coax her to sleep together.

"I want to sleep with them!"

Who knows, but Yao Yao came with this sentence.

"..... eh?"

Ji Feng was still a bit unresponsive for a moment, what do you mean sleep with them?

"I want Sister Lei Lei and Sister Yu Xuan to sleep with me!" Yao Yao looked at Tong Lei and Xiao Yuxuan who were sitting on the sofa with expectation in her eyes.

"What?" Ji Feng was stunned.

Immediately, he became angry, this little girl, actually wanted to steal his position?

Sleeping with Tong Lei and Xiao Yuxuan was his own right, okay, so what was this little girl doing?

So he immediately face a tense: "No, sister are tired, they need a good rest, only tomorrow have the spirit to play with you, otherwise, tomorrow can only you play alone!"

"Daddy is lying, tomorrow is Sunday, sister has time" Yao Yao said.

Ji Feng then got a headache: "Even if you have time, you don't necessarily have the spirit, Yao Yao, be obedient, daddy will send you to bed now, okay?"

"....."

Yao Yao then pouted her little mouth and looked at Ji Feng with a pair of eyes full of aggression, and didn't say anything.

Puff~~!

Xiao Yuxuan immediately couldn't help but laugh, and Tong Lei also couldn't help but purse her lips and laugh lightly.

At this moment, Yao Yao, that little face can really look incomparably aggrieved, beaming her little mouth, from time to time look up at Ji Feng, those eyes are secretly turning

This look is really too cute!

Ji Feng couldn't help but lose his smile: "This little girl, she's only this old and she's already learned to act?"

Of course he could see that this aggression of Yao Yao was faked, this little girl could really leave people speechless, Ji Feng found that besides being cute, she also had a kind of ghostly character.

“Well, my daughter is remarkable, she will definitely be a good hand at fooling people when she grows up!” Ji Feng laughed harshly.

“But Yaoyao really wants Sister Lei Lei and Sister Yu Xuan to accompany her!” Yao Yao was really aggrieved this time, she didn’t do that because she wanted her dad to be soft-hearted

But now Yaoyao’s little mind is incomprehensible, children can be three years old to see the old, see how a child is when he is young, basically can determine what kind of character he will have when he grows up.

Although a child’s personality may become more complex when he grows up and has social experience and experience, the character he had as a child has been incorporated into his bones and cannot be changed; at most, he can only hide it.

At most, she can only hide it. If Yao Yao knows how to play the pity game to achieve her goal now, what will happen when she grows up?

“I really don’t know how devilishly clever you’ll be when you grow up!” Ji Feng couldn’t help but shake his head and laugh.

“Alright!”

Xiao Yuxuan stood up and said, “Ji Feng, don’t tease Yao Yao either, since she wants me and Lei Lei to keep her company, then let her sleep with me at night.”

“Don’t you be ridiculous!” Ji Feng glanced at her, “You don’t have any experience with children, so you’ll be busy with your hands and feet when the time comes? Don’t you think about sleeping at night!”

“It’s alright~!”

Xiao Yuxuan said with a smile.

“..... Okay.” Ji Feng then stopped saying anything more because he realized that Xiao Yuxuan was actually not opposed to taking Yao Yao to sleep with her, and it seemed that she was kind of jumping at the chance.

Ji Feng then seemed to realize something, he wanted to ask, but thought about it and felt it was inappropriate, so he didn’t ask.

“Yao Yao, how about sister taking you to bed?” Xiao Yuxuan carried Yaoyao over from Ji Feng’s arms and gave her a kiss on her small white cheek, and asked with a smile.

“Mmm!”

Yao Yao nodded her head vigorously and looked at Tong Lei again.

“Go to sleep!” Tong Lei smiled faintly.

Her nature was such that she knew that Yao Yao was trying to get her to come too, but she didn't explain anything more.

"Wow!"

Yao Yao was then a little disappointed and could only be carried upstairs by Xiao Yuxuan, only that she was lying on Xiao Yuxuan's shoulder the whole time she was upstairs, her eyes still looking at Tong Lei.

That little look made Ji Feng laugh dumbly.

When we played together during the day, Yao Yao was very close to Tong Lei, and Ji Feng didn't even know why that was, it was reasonable to say that Tong Lei didn't like to talk, and children shouldn't like to be with her, how come Yao Yao was so close to Tong Lei?

Perhaps, it was the clear and beautiful feeling of Tong Lei's body that made Yao Yao like it.

Ji Feng could only explain it this way, in fact, he didn't know why Yao Yao just liked Tong Lei a lot. Of course, it wasn't that Yao Yao didn't like Xiao Yuxuan anymore, but Ji Feng could tell that Yao Yao liked Xiao Yuxuan, but was a bit closer to Tong Lei, like the kind of uninhibited feeling she had when she was with her mother.

"Human kids!"

Ji Feng couldn't help but laugh and curse, shook his head and came to sit on the sofa.

"This goddess of yours is not just a big kid~" Tong Lei said softly, "This little one is very smart, and that little mind is also very sharp, she knows a lot of things, you should not underestimate her!"

Ji Feng laughed: "She's not even the size of a cat, what can she know?"

"That's what you don't know, kids nowadays know everything." Tong Lei pursed her lips and laughed lightly, "Last time I talked to people in our dormitory, one person talked about her little niece, who is also only four or five years old, that is, about the same age as Yao Yao."

"What?" Ji Feng asked with a smile.

"According to my roommate, that little girl often watches romance dramas at home, and as a result, once when she saw the grand finale, that little girl actually cried tears all over her face." Tong Lei laughed.

"Is it that you can't bear to finish watching it?" Ji Feng laughed. He understood this feeling very well, just like when he was a kid if he came across something delicious, he just couldn't let go of it to finish it, but in the end he would definitely finish it, and that was a little sad in his heart, that feeling is still fresh in his mind even now.

"My roommate asked the same thing, and guess what that little girl said." The smile on Tong Lei's pretty, clear face became even stronger.

"Say what?"

Ji Feng's curiosity was also aroused enough, looking at Tong Lei like this, it seemed that that little girl's answer would be some laughing matter.

“That little girl crying tears answered that the male lead finally found his true love, they are really not easy

“.....”

Ji Feng’s mouth opened wide and didn’t close for a long time.

Xiao Ying and Han Zhen, who had been sitting next to him without speaking, however, also glanced at each other and laughed lightly at each other.

“..... good boy!”

The look on Ji Feng’s face was incomparably odd, and he reacted only after a long time, “This isn’t right, a little kid that big, what do they know?”

“That’s why I told you not to underestimate children~~” Tong Lei laughed lightly, “Children nowadays really know everything.”

“It’s all the fault of the TV!”

Ji Feng shook his head helplessly, what Tong Lei said about this matter, definitely the fault is not on the children, they are just born but they don’t know anything, everything is learned from the outside world.

I’m afraid the main way of absorption is the education of parents and the programs shown on TV.

Even the cartoons that children love to watch have a lot of bad elements in them.

Imagine turning on the TV, there is lovemaking everywhere, and there are scenes of making out, how can children not follow the bad example?

“If I have children in the future, whether they are sons or daughters, I will never allow them to watch human-acted programmes, and cartoons should be watched selectively!” Ji Feng said, “It’s best, ah, to put them in the countryside for a few years to raise them, the entertainment programs in the city are too scarce.”

This is something that Ji Feng knows very well. In the city, it’s just a casino, watching TV and playing games, occasionally going out for excursions and so on. But in the countryside is different, children in the wilderness plowing sweet potatoes, down the river to catch fish, pond stabbing frogs these games can be really too much, and not much harm to children’s body and mind.

“Little children, in fact, are the same as small animals, captive, never better than free-range!” Ji Feng concluded with a smile.

Next to him, Tong Lei glanced at him and wanted to say something, but in the end, she wanted to say something but stopped.

Chapter 1524

Eventually, Yao Yao was taken to bed by Xiao Yuxuan and nothing seemed to happen afterwards, the little girl didn’t cry and everything was peaceful.

Ji Feng embraced Tong Lei and chatted idly on the bed.

“Ji Feng, my second uncle called a few days ago and said that he wanted you to go to the house to play when you have time.” Tong Lei leaned into Ji Feng’s arms, her head resting next to his neck, and said softly.

“Mm, I’ll go over when I have time.” Ji Feng nodded and said.

“Ji Feng, do you think my second uncle is in some kind of trouble?” Tong Lei asked, “In the past, when he called me, he basically just asked me about my work and life, and although his tone was also amiable, this time it was a clear sense of cover-up”

“Hehe”

Ji Feng couldn’t help but smile, he wrapped his arms around Tong Lei’s soft and slippery delicate body in his arms and laughed, “Don’t worry, what your second uncle is suppressing, should be joy.”

“Joy?” Tong Lei couldn’t help but ask, “Why? Ji Feng, do you know something?”

“I just guessed something, I don’t know the specifics yet! But one thing is for sure, your second uncle is definitely not in trouble!” Ji Feng laughed: “Think about it, if a matter is troublesome for your second uncle, then do you think it’s useful for him to tell you about it? It can only make you worry along with it!”

Tong Lei couldn’t help but nod, Ji Feng was right, if he wanted to help, he would also be looking for his father, which was better than second uncle going directly to him.

Otherwise what would father think?

You’d rather entrust my daughter than come to me personally, that’s how out of touch you are? Not treating me as a relative?

That would instead give father a misunderstanding in his mind.

“Then how do you say it is joy?” Tong Lei asked curiously, “It’s not trouble, then it’s joy?”

“Exactly!”

Ji Feng smiled and nodded his head.

Being an official to Zheng Yuanshan’s level, basically he had rarely shown his joy and anger, even if the expression in his heart was hanging on his face, I guess that was still faked.

Now since Zheng Yuanshan is not in trouble and is suppressing his emotions, he must be happy.

In fact, before this, Ji Feng specifically called and communicated with second uncle once, talking about Zheng Yuanshan’s position and attitude as a person.

Ji Feng went over all of Zheng Yuanshan’s actions all along, and finally also talked about Zheng Yuanshan’s attitude and approach in handling this case of Zheng Yuxiu and her cousin.

Although at that time, Second Uncle only said, “I know, read your book at ease!”

Then Second Uncle hung up the phone.

But Ji Feng was aware that it was enough for Second Uncle to know, the rest of the matters, he would definitely arrange properly, and would definitely consider more thoughtfully than himself.

Now when Tong Lei said that Zheng Yuanshan had called, Ji Feng immediately thought that I was afraid that Second Uncle had made arrangements for Zheng Yuanshan's whereabouts.

And, this going to be the case, Zheng Yuanshan should also feel satisfied.

Hearing Ji Feng's explanation, Tong Lei was then reassured.

Second uncle's situation at home Tong Lei was very clear, the Zheng family side treated him as a white-eyed wolf, thinking that he disowned his ancestors and actually ran to Tong Lei to acknowledge his father, a rebellious son.

And in the Tong family, the second uncle's heart I'm afraid there are also some pimples, after all, he is not Grandpa's own, although the Tong family's people treat him as a relative, but it is difficult to say that he does not have any ideas in his own heart

So Tong Lei has always been more defensive of this second uncle.

"Ji Feng, there's something not quite right with Sister Yu Xuan today, do you see it?" Tong Lei suddenly asked.

"Not right?" Ji Feng was stunned.

"She might want to have a baby!" Tong Lei said.

Ji Feng then froze.

"You should have seen that Sister Yu Xuan loves Yao Yao, you can even say that she is a bit spoiled." Tong Lei said.

"That's normal, that child Yao Yao is indeed very inviting to be loved." Ji Feng said.

"But there's something abnormal about the way Sister Yu Xuan looks at Yaoyao, when she sees Yaoyao when she comes back from work, her eyes can't help but light up." Tong Lei said, "Can't you see that?"

Ji Feng fell silent.

In fact, he had also noticed that Xiao Yuxuan was very affectionate towards Yao Yao, especially when Yao Yao was playing, Xiao Yuxuan was looking at Yao Yao with a somewhat out of focus gaze.

At that time, Ji Feng didn't think about it in this regard, but now, after hearing Tong Lei say so, he felt that perhaps there was really such a possibility.

Yu Xuan, might really want a child!

"Ahem"

Ji Feng coughed lightly and said vaguely, "That what, Yu Xuan might also just like little kids, it doesn't necessarily mean that she wants a child"

"I don't mind!" Tong Lei said.

“..... ah?”

Ji Feng did not react for a while, just looked at Tong Lei dumbly, “Lei Lei, what did you just say?”

“You~~”

Tong Lei couldn't help but give him a white glance, then leaned close to his embrace and just whispered, “Now we eat together, live together, and what difference do you think there is between this and a family? Sister Yu Xuan is older than me, she always has to give an account to her family, right?”

Ji Feng couldn't help but be silent, he knew that Tong Lei was right, but the key question was

“Perhaps, Sister Yu Xuan can make up a lie to trick both Uncle Xiao and Auntie, and that would be a way to give them an account.” Tong Lei moved her body slightly and whispered, “But shouldn't you give Sister Yu Xuan an account?”

“Give up, give up what?” Ji Feng stammered and asked.

“You know it well in your own heart, you still want to pretend to be confused, huh?” Tong Lei couldn't help but slap Ji Feng on his chest and pouted, “It's not like you don't know Sister Yu Xuan's feelings, you also saw it, when Sister Yu Xuan looked at Yao Yao, that eyes were in a bit of a trance, she must be treating Yao Yao as her own child Can you just be indifferent ah? ”

“No, no, that what”

Ji Feng was suffocated, his heart had words hard to say, especially Tong Lei said these words to him, but also let his heart stirred with emotions, even the usual articulate talk at the moment also became incoherent, it can be seen how nervous he was.

This is the first time Ji Feng is so nervous, because he understands what Tong Lei said, in fact, as Tong Lei said, he also saw the kind of look in Xiao Yuxuan's eyes, although Xiao Yuxuan is trying her best to hide herself, but that kind of subconscious look is how can not be hidden.

Especially, it was in front of Ji Feng and Tong Lei, who were incomparably familiar with her, and her concealment was very unsuccessful.

If others saw the look in Xiao Yuxuan's eyes, they might have thought that she liked Yao Yao's little girl very much, and from the bottom of her heart, because the shaky head was cute, and very witty and intelligent.

However, Ji Feng and Tong Lei understood that the reason why Xiao Yuxuan had that look in her eyes was that apart from being fond of Yaoyao, she had something else in mind

She wanted a child!

At least in that one moment, this thought must have arisen in her mind.

Only she quickly covered it up and didn't say anything about it.

Ji Feng and Xiao Yuxuan had been living together for so long, and the two of them had always had a good relationship, and were so familiar with each other that they really couldn't be more familiar, and often with an unconscious glance from the other party, the other party could understand their feelings.

In this situation, how could Ji Feng see what Xiao Yuxuan's kind of look meant?

There was fondness, or doting, in her gaze, but there was also a hint of longing, or longing!

The fact that Ji Feng could see it at a glance when he looked at it!

But the problem is, even if he could see it, it's not good to mention it now.

As for the reason

"Ji Feng, but I have to remind you, Sister Yu Xuan's current age is still in the best age range for women to give birth, if it's another two or three or four years later, it will be a bit difficult to give birth again, and the risk will be greatly increased" Tong Lei whispered in Ji Feng's ear.

"You still have research on this?" Ji Feng couldn't help but ask in amazement.

"Pa!"

Tong Lei slapped him and pouted, "No interruptions, no digressions, listen to me finish my sentence!"

Ji Feng then smiled sarcastically, that was indeed what he was aiming for, it was normal for girls to know all this knowledge, it was nothing to make a fuss about.

"Ji Feng, listen to me carefully!" Tong Lei frowned.

Ji Feng then immediately laughed, "Fine, fine, I'm listening carefully."

Tong Lei would rarely get angry and didn't like to get angry, but Ji Feng knew that as long as she frowned, it proved that she was a little upset.

It could be seen that Tong Lei took this matter very seriously.

But what Ji Feng cared about was the importance that Tong Lei attached to this kind of thing, ah, otherwise, why would he be so distressed?

"..... Although Sister Yu Xuan didn't say anything on the surface, but you saw that look on her face when she carried Yao Yao to rest, don't you still understand?" Tong Lei asked.

"Understand, but", Ji Feng shook his head with a bitter smile.

"It's because of me, right?" Tong Lei asked.

Her tone was flat, but what Ji Feng heard was a jolt, and he turned his head to look at her in astonishment.

"I know you're not a heartless and heartless person, if you could, you'd do anything for me, for Sister Yu Xuan." Tong Lei said in a soft voice.

"Hehe" Ji Feng grinned, not admitting or refuting, but in reality he knew that he was indeed willing to do anything for them if necessary, but it wasn't by the words of his mouth, actual actions were the best indication.

"But then you don't want the child to be a problem between us and thus make something bad in your heart, do you?" Tong Lei asked again.

Ji Feng: “.....”

He originally wanted to comfort and reassure Tong Lei, saying that this is not a matter, you and Yu Xuan’s relationship is so good, I certainly believe that you both certainly will not have any bad thoughts, you are both generous and other nonsense.

But the words came to his lips, and he swallowed them back.

The reason is that this is indeed the thing that he is most worried about, in case because of the child, makes the child Lei and Xiao Yuxuan heart appear goose bumps, there is no telling how many years it will take to unravel ah

Chapter 1525

The first thing you need to do is to look at Ji Feng’s appearance, and Tong Lei knew she was right.

It’s not that Ji Feng didn’t see what was in Xiao Yuxuan’s mind, but this guy was pretending not to know because he hadn’t thought of a solution

This is the only way to get the most out of your life.

The more she thought about it, the angrier she became, so she couldn’t help but pinch Ji Feng.

“Hiss...!”

The two eyes of Ji Feng suddenly glared, and he was immediately pinched and bared his teeth, looking very painful.

“Come on, still pretending~!” Tong Lei gave him a blank look.

Just this guy with such thick skin and flesh, let alone pinching him, even if that stick smashed hard on his body for a few sticks, it might not bring him any pain, the reason he had to make this painful appearance was not to match himself!

“Hey!”

Ji Feng grinned, at this time he could be described as dumb, careful not to open his mouth carelessly, afraid that because he said something wrong, it would add to the hurt feelings in Tong Lei’s heart.

The first thing you need to do is to get to know what kind of personality Ji Feng has, and how could Tong Lei not understand that?

When she saw his appearance, Tong Lei knew that this guy would not take a position easily unless he had thought about his response.

She couldn’t help but shake her head slightly and whispered, “Ji Feng, have you remembered all those words I said to you just now?”

“Those words?”

Ji Feng immediately nodded, “That’s right, remembered them all.”

“Then what are you going to do?” Tong Lei asked.

“What to do?”

Ji Feng froze, “What, what do you want to do?”

“You’re asking me, huh?” Tong Lei said without good grace, “Of course you have to ask yourself what to do, have you thought about it yet?”

“Ahem” Ji Feng coughed lightly and said, “So what, I haven’t thought about it yet” hiss”

Ji Feng was pinched again.

He laughed bitterly, “Lei Lei, when did you become so violent too? Did you learn it from Yu Xuan? Such a cute girl like you can’t be brought down by her, no, I’ll definitely say a few words to her tomorrow.”

“No digressing!” Tong Lei once again exposed Ji Feng’s little ploy and she pouted, “Ji Feng, you still said you remembered what I said? Is that how you remember?”

Ji Feng then laughed bitterly.

Lei Lei was really too smart, it was really not easy at all to fool around in front of her.

“Ji Feng, let me tell you again, right now Sister Yu Xuan is at the right age to give birth, if it takes a few more years, it will add a certain amount of danger then, and you also saw today, the kind of look Sister Yu Xuan gave Yao Yao!” Tong Lei said very seriously, “I’ve already said what I should say, the rest, you can see for yourself!”

“No, not” that what, Lei Lei, you suddenly talk about this, I’m not prepared at all!”

“What kind of preparation do you need for a big man?” Tong Lei said without good humor.

“Hehe” Ji Feng then stopped answering and just giggled.

“You ah~~~”

Tong Lei shook her head helplessly and said, “I told you before, I don’t mind.”

Of course she knew that Ji Feng had been so vague and hard to not talk to her on this topic, in fact, he had a concern in his heart, and it was not good to say it.

This concern, in fact, is the fear that she will have any idea

“You really don’t mind?” Ji Feng frowned and asked.

He secretly muttered, how does this sound like it’s not true!

What kind of a woman goes and encourages her man to have a child with another woman?

And her heart didn’t mind at all?

Ji Feng stared at Tong Lei’s beautiful eyes, wanting to see from her eyes whether her words were from her heart or whether her mouth was not true to her heart.

“What do you think?” Tong Lei but asked rhetorically, “Do you think I mind?”

“.....”

Ji Feng was then dumbfounded.

In fact, Tong Lei's meaning he could not understand better, very simple, Tong Lei is telling him that Xiao Yuxuan is likely to want a child, and now for Xiao Yuxuan is still the best age for childbirth, if a few years later, the birth of a child may have to take certain risks, let Ji Feng make early preparations.

If you can give Xiao Yuxuan a child!

This is what Tong Lei meant.

Ji Feng understood it at first, but the point is, the problem is not so simple.

If Xiao Yuxuan had a child, then at this time, would Tong Lei's heart really have no thoughts at all?

From the look in Tong Lei's eyes, Ji Feng got the answer in her heart.

Tong Lei minded!

As said before, I'm afraid no woman can be so generous as to look at another woman having her man's child and still be indifferent, even in ancient times when three wives and four concubines and five or six wives were legal, these women were still jealous of each other.

Let alone now?

So Ji Feng could say with certainty that Tong Lei minded!

"Lei Lei, if that's the case, then why are you still" Ji Feng asked hesitantly, if he was uncomfortable in his heart, why did he say this to himself?

"Ji Feng, I really don't know if I owe you in my last life, how come my heart is all set on you!" Tong Lei didn't answer this question from Ji Feng positively, instead, her beautiful eyes looked at Ji Feng in a fascinated way and asked gently.

Ji Feng did not know how to answer this question, frankly speaking, this question at first he also could not understand.

"Lei Lei"

Ji Feng's heart also had some guilt, but opened his mouth, but did not know where to start.

"Ji Feng, if I ask you to get rid of Sister Yu Xuan and never have any half-hearted dealings with her again, would you be willing to do so?" Tong Lei suddenly asked.

"What?" Ji Feng couldn't help but be stunned, "Lei Lei, you"

"You just have to answer me, willing or unwilling?" Tong Lei interrupted his words and asked directly.

"..... not willing!" Ji Feng gritted his teeth and said the truth with a stiff upper lip.

That's right, Ji Feng just wasn't willing.

Asking him to drive Xiao Yuxuan away and never see each other again, this kind of thing Ji Feng couldn't do, and he couldn't do it, let alone would do it!

Even if it was Tong Lei who made this request, Ji Feng could only refuse.

“Then if I say, if Sister Yu Xuan stays, then I will leave, and only one of us two can stay, who will you choose?!” Tong Lei asked.

“.....” Ji Feng then got even more of a headache.

What was wrong with Rei Lei today? Why does she always ask such questions that he doesn’t even know how he would fight?!

“This question must be answered oh!” Tong Lei’s tone seemed very relaxed, but Ji Feng had to be cautious, this was really not a good question to answer.

In the end, Ji Feng gritted his teeth and said, “I’ll choose both! None of you are going to run away!”

“Lol”

Tong Lei puffed a little, then she immediately curbed her smile and asked again, “Since you are so domineering, then we will have to follow you, but, you always have to give us an explanation, right?”

“Sh, what explanation?” Ji Feng was stunned again.

“Do you just want Sister Yu Xuan to follow you so unexplained?” Tong Lei asked.

“Of course not”

“Then what can you give her?” Tong Lei asked, “A name?”

“.....” Ji Feng was silent, he could probably give anything to Xiao Yuxuan, but not the name, because of Tong Lei.

“For a woman, the greatest comfort is a husband and a child.” Tong Lei whispered, “For Sister Yu Xuan, her husband is not hers alone, shouldn’t she have a child?”

Ji Feng instantly smiled bitterly, this big detour by Tong Lei eventually came back around, this topic still came back to the issue of children.

However, what Tong Lei said was not nonsense.

When she went around like this, it dawned on Ji Feng’s mind that Tong Lei was telling him in this way that she had actually figured out these issues a long time ago.

“Ji Feng, since we are already inseparable from each other, what else do you have to worry about?” Seeing the change in Ji Feng’s expression, Tong Lei knew that he had about figured it out in his mind, so she said persuasively, “As a woman, I would definitely mind, but, as Sister Yu Xuan’s sister, I can completely understand her feelings, and even more so my own I also know your concerns! ”

“You deserve what you’re getting into now, it’s all because you asked for it!” Tong Lei added another sentence.

Ji Feng then gave a sarcastic laugh, but it was not good to answer.

“You should think about it.” Tong Lei said.

“Lei Lei in fact, I understand what you said, but you” Ji Feng suddenly lowered his voice: “There is no problem to have children, or else this, simply you and Yu Xuan at the same time to have a child, what do you think?”

“Dying you!”

Tong Lei’s face suddenly turned red and she pouted in disobedience, “I’m not having a baby!”

“Oh” Seeing her shy look, Ji Feng couldn’t help but laugh, it’s not often you see such a shy look from Tong Lei.

At the same time, Ji Feng’s heart was as if a stone had fallen to the ground.

In fact, from the time he accepted Yao Yao as his goddaughter, he thought of this problem in his heart. He would have children himself in the future, but he had Xiao Yuxuan and Tong Lei and Xu Yuan with him.

He had always struggled with this problem, after all, for children, a woman’s mind can be too sensitive.

In fact, Ji Feng later figured out that, as Tong Lei said, there was no way to separate them from each other, and having come this far, it was impossible for Ji Feng to let go of anyone, and they had already gotten used to this way of getting along, and there was a very deep feeling between Tong Lei and Xiao Yuxuan.

At this time, there was actually no way to change things.

Since this was the case, then why couldn’t there be a crisp and clean explanation?

He was a man, he always had to take some initiative!

But Ji Feng didn’t expect that it was actually Tong Lei who enlightened him in the end!

Ji Feng was secretly touched in his heart, it was really not easy for Tong Lei to make it this far, she had really tolerated too much.

He held Tong Lei tightly in his arms and whispered, “Lei Lei”

“Hmm?”

“Thank you”

“Mmm!”

“Hehe!” Ji Feng smiled faintly, after saying so many words just now, the child Lei now turned back into that cold and clear look from before.

“Ji Feng, why don’t you find a chance to ask Sister Yu Xuan, or, give her a surprise?”

“Khan! How can I give this surprise?”

Chapter 1526

In the end, Ji Feng didn’t even understand the meaning of Tong Lei’s statement that something like giving birth to a child could also be given to Xiao Yuxuan as a surprise?

“Isn’t this a typical case of getting on the train first and then filling the ticket?” Ji Feng muttered darkly.

Although this kind of first get on the train and then fill the ticket thing Ji Feng has done more than once, but related to the birth of a child, this is really a first for him.

“Then what, let’s wait until tomorrow to take time to ask Yu Xuan!” Ji Feng said vaguely.

It was better not to talk about such things in depth, even though Tong Lei had been as accommodating as possible, but this was not that comfortable for any woman either, so Ji Feng had to take care of Tong Lei’s emotions.

In fact, I’m afraid that if it were a different person, this kind of thing would not be so accommodating.

In terms of this, Tong Lei has done a really good job, even the most critical people, absolutely can not say anything, and even, there may be some people ridicule her, is not a brain problem

How could Ji Feng not be moved?

Then at this moment he is naturally unwilling to talk more about this matter, with the decision is enough.

“Ji Feng, do you like boys or girls?”

Ji Feng was not willing to talk too much on this issue, but Tong Lei seemed to be very interested and always mentioned children without thinking when she spoke.

“Both like it!” Ji Feng laughed.

“You also like it if it’s a girl?” Tong Lei asked.

“..... It’s something for later, so it’s better to wait for this question to be discussed later!” Ji Feng laughed.

“I knew you would say that!” Tong Lei gave him a blank look.

“Huh.” Ji Feng could only giggle, otherwise what else could he say?

Discussing with Tong Lei about him having a child with Xiao Yuxuan, Ji Feng couldn’t really say it with such peace of mind, although he thought he was shameless, he felt that he wasn’t shameless to that extent.

Even if he didn’t consider his own feelings, he still had to consider Tong Lei.

Tong Lei, on the other hand, bit her lips and gave him a look before leaning her head on Ji Feng’s shoulder nest, slightly closing her eyes and breathing evenly as if she was asleep.

“Pop!”

Ji Feng casually turned off the bedside lamp, the room was plunged into darkness, only a few faint rays of light peeked through the cracks in the curtains, giving this bedroom an extra hazy feeling.

“Ji Feng

Tong Lei suddenly raised her head slightly and was about to speak.

“No talking, sleep!” Ji Feng directly interrupted her, while pressing her head down, making her sleep honestly.

“Nasty~~~” Tong Lei pouted.

Ji Feng just pretended not to hear it and closed his eyes.

He knew that whenever Tong Lei spoke today, it would definitely be to talk about having a baby with Xiao Yuxuan, so Ji Feng could only give her an absolute no answer and wait until he woke up tomorrow.

“Ji Feng, I want to talk to you about something else!” Tong Lei suddenly said quickly.

“Oh?”

Ji Feng smiled, “What is it?”

“It’s something inside the school, isn’t it about to be final exams, I happened to hear someone say that the counterpart training course that the Tengfei Group is cooperating with the United University is also an exam to be taken, right?” Tong Lei asked. She moved her body, trying to find a position that was most comfortable.

“Yes!”

Ji Feng nodded slightly and turned over, embracing Tong Lei a little tighter, he asked with a smile, “Lei Lei, you never cared about these things before, why did you suddenly think about the Tengfei Group today?”

“I only heard about it inadvertently,” Tong Lei laughed.

“Then what did you hear?” Only then did Ji Feng come back to his senses, normally Tong Lei would definitely not bring up the matter of the company, now that she had mentioned it, it proved that there must be something wrong.

“I overheard a classmate say last time that those students who trained with the Tengfei Group counterparts are great, not only do they get living expenses, the training conditions are also the best in the whole school, and they don’t have to worry about finding a job in the future, they can directly join the Tengfei Group.” Tong Lei imitated the tone of other people’s speech, and her comical look made Ji Feng want to laugh.

However, the next thing that Tong Lei said caused Ji Feng’s brows to immediately furrow.

“They also said that those people, ah, not only have good food and shelter, and find jobs in the future, but more crucially, they are the best in school, even in exams!” Tong Lei said.

“What does that mean?” Ji Feng was stunned, “Aren’t students all most afraid of exams? How come even exams are cool?”

Ji Feng didn’t quite understand this, I believe the vast majority of students can be said to have a deep hatred for exams, how come there are still people who can have a good time in exams?

“They said that all those students who were selected for the counterpart training seemed to have gotten the answers to the test papers in advance!” Tong Lei said.

“You what are you saying?” Ji Feng are a little unbelievable, asked in a deep voice.

“I also just heard, exactly what is going on I do not know yet, so I will mention it to you!” Tong Lei said, “I think this matter is very important, after all, these talents are the future blood of the enterprise, the source of talent, if something goes wrong here, then the vitality of the enterprise will definitely go down with it.”

Ji Feng didn't comment on this, he just frowned and asked, “Lei Lei, where did you hear about this matter?”

“Just occasionally when I was talking to my classmates in the dormitory, I heard them say it!” Tong Lei said.

Ji Feng nodded slightly, he knew that whenever there was a course in school, Tong Lei would try to arrive early, she would either go and sit in the dormitory and have a few words with a few close ones, or go to the library to read for a while.

So it was normal for Tong Lei to hear news from her friends in the same dormitory.

The speed at which news spreads is definitely not much worse than that of the paparazzi, and some tabloids may not even be as fast as them.

That's why some people say that if you want to make something known to the whole world in the shortest possible time, it's easy – just tell a random woman what you want to spread, and that's enough.

This is an exaggeration, but it shows the ability of girls to spread the news.

Yet from this, it was possible to see that this should have been passed on by word of mouth, and that the real news might not be the case.

That was why Ji Feng asked Tong Lei where exactly he had heard this news from.

But even so, Ji Feng took it seriously.

This news wasn't afraid of being false, it was afraid of being true. In case it was really like the rumors, those students from the counterpart training course had all gotten the answers to the exam in advance, then what was the point of this exam?

“Lei Lei, tomorrow you can ask around for me again to see if this news is true or not.” Ji Feng pondered for a moment and said to Tong Lei.

“Mm!” Tong Lei nodded her head.

“It's getting late, get some rest early!” Ji Feng gave her a kiss on her bare forehead.

Tong Lei pursed her lips and leaned into his arms and stopped talking.

After a moment, Ji Feng suddenly asked in a low voice in Tong Lei's ear, “Lei Lei, we will get married when we graduate, do you think it's okay?”

Just the moment Ji Feng finished saying these words, he felt very keenly that Tong Lei's body just stiffened for a moment, but soon after, her body softened slightly.

“Don’t you think it’s too early?!” Tong Lei asked.

“Early?!”

Ji Feng hummed, “What a joke! To be able to marry such a big beautiful wife, I would have preferred to set up a baby marriage since I was a child, and now that I’m about to run into three, I still think it’s too early?”

“Puff!” Tong Lei couldn’t help but laugh.

“So there’s still a year to go, can you get ready?” Tong Lei asked again.

“What’s there to prepare for?” Ji Feng was stunned, and immediately, he froze, looking at the ceiling with both eyes, and did not speak for a long time.

He suddenly realised that he actually needed to prepare himself properly.

This kind of preparation was not just for himself, nor was it a psychological preparation for God, but he had to think about Tong Lei.

He could be beside himself in silence, and he could also prepare for her carefully, for once in his life, no matter how much he prepared!

If it’s an engagement, then we should prepare a most chic engagement ceremony.

If it’s a marriage, Ji Feng has decided to give Tong Lei a wedding she will never forget, or a proposal ceremony!

This was what Tong Lei deserved!

“What’s wrong?”

Tong Lei sensed Ji Feng’s difference and couldn’t help but look at him sideways and ask.

Ji Feng was silent for a long time, and then slowly shook his head and said, “Nothing, nothing!”

He held Tong Lei in his arms, just stared at her beautiful eyes and asked, “Lei Lei, leave everything else to me, whether it’s preparation or any other formalities, I’ll take care of it all, I just want you to say one thing, we’ll get married after we graduate from college, will you?”

“Yes!” Tong Lei nodded her head slightly.

Ji Feng then smiled, he embraced Tong Lei, and after a long time, he said, “Go to sleep.”

.....

“Hu~~hu~~”

Ji Feng was lying on his bed, snoring loudly, the sound was so loud that it could be heard in the living room on the ground floor.

At the side of his bed, a tiny little guy was lying there, holding his head high and looking at Ji Feng’s face with great curiosity, this little guy was no other than Yao Yao.

At this moment, a puzzled look filled Yaoyao's little face, she seemed to be wondering, how could Daddy make such a loud sound when he wasn't talking?

Daddy was snoring!

This was something Yaoyao still knew, what she wondered was how could Daddy make a sound without opening his mouth?

"Ee?" Yao Yao looked at Ji Feng with great curiosity as if she had discovered some new continent.

But she didn't notice that the corner of Ji Feng's mouth, who had been snoring, was pulling up a slight curve, he was teasing this little girl, and this snoring, naturally, was also something he pretended to do.

Originally he only wanted to pretend to sleep to tease Yao Yao, but did not expect that the little girl actually rarely seen snoring.

When Ji Feng thought about it, it dawned on him that the little girl hadn't seen her father since she was very young, so naturally she didn't know this.

This little girl, in fact, is also very pitiful.

Just thinking about it, I saw Yao Yao stretch out her small onion-white hand to pinch Ji Feng's nose
