

Campus Master 1531

Chapter 1531

“Son of a bitch!”

Zhou Li was the first to curse angrily, an extremely angry look on his face.

At the front of the group were two boys.

They had been badly beaten at first glance – their clothes had been ripped off their bodies, their faces were bruised and blackened, their eyes were blackened, and their hair was even more dishevelled.

One of the boys had a trail of blood hanging from the corner of his mouth!

The faces of these two boys, however, wore a look of shame and annoyance, and helplessness.

“Let them go!”

Zhou Li was incomparably angry, he came up and yanked those two guys over, then stared coldly at the group, “You guys wait!”

Not being able to talk nonsense to them, Zhou Li hurriedly went to check the two boys’ injuries.

Looking at the group of people, they didn’t care at all and just looked at Zhang Lei and the others with a smug look on their faces.

“Yo-ho, what’s this all about? Such a big welcome ceremony?” Zhang Lei was holding a cigarette in his mouth, looking at those people like a gangster, “Peng Guangqi, I think you didn’t get beaten up last time, so you’re looking for a beating again this time?”

“Bullshit!”

Peng Guangqi cursed angrily, “Fuck! If it wasn’t for your sneak attack last time, could I have been hit by you? Zhang Lei, you’re a bully, fine, I’ll see how bully you are today!”

Ever since he was beaten up by Zhang Lei last time, Peng Guangqi had always regarded that incident as a great shame.

Now when he saw Zhang Lei, this bastard actually brought up that incident again, how could Peng Guangqi not be annoyed?

“Peng Guangqi, I advise you to keep your mouth clean, just because your mouth is full of foul language, your teeth will never be saved!” Zhang Lei’s face turned cold as he stared at Peng Guangqi and said coldly.

Zhang Lei’s character was like this, usually no matter how to say he can, joking between friends, also often say what bitch ah, shameless ah and so on, it does not matter.

However, as long as he insulted his parents and relatives, Zhang Lei would immediately turn his face up.

Other people are free to call people names, such as \*\*\*\* mother and so on, but Zhang Lei is not in the habit of doing so, he will not make fun of his parents and relatives.

Parents didn't give birth to their children just to be scolded!

What's more, this Peng Guangqi sentence an old son, immediately angered Zhang Lei.

"Good boy, still so mad even now!" Peng Guangqi sneered, "I'm telling you, if I don't break your legs today, I'll take your surname!"

Hoo~~!

Zhang Lei was instantly furious, he no longer spoke any more nonsense to Peng Guangqi, he went up and smashed a fierce punch, so fast that Peng Guangqi did not even react.

Boom!

Zhang Lei's fist was blocked by a man.

A big, sturdy man stood in front of Peng Guangqi, blocking Zhang Lei's fist at once and staring at him coldly.

Zhang Lei frowned, this guy could actually block his punch, he immediately took it seriously.

Ji Feng also gave the guy an extra look, he could tell as soon as the other guy made a move, this was a practitioner, his kung fu under his hands was not bad.

He couldn't help but turn white and was a bit scared. He had experienced Zhang Lei's power and now he only dared to talk tough because of the number of people.

Thinking about Zhang Lei's fists, Peng Guangqi's heart could not help but feel a little drummed.

However, seeing that the burly man had actually blocked Zhang Lei, Peng Guangqi was immediately energised, and he immediately laughed smugly, "What, is it blocked? Zhang Lei, you continue to be a bully, come on, I'm standing here, come and hit me!"

"I've never seen such a cheap bastard!" Zhang Lei sneered, "I'll remember that from you, you definitely won't get away with this beating, don't worry."

"Joke!"

Peng Guangqi laughed disdainfully, "Zhang Lei, you haven't even seen the situation clearly until now, have you? Do you know who they are?"

He pointed at the two big, sturdy men next to him and sneered, "These are the experts invited by Young Tian, you're dead today!"

"Hmph!"

Zhang Lei sneered, but his gaze swept over the bodies of those two stout strong men.

Just now he could tell that these two guys should not be simple, that's why he didn't come up and make a move, if not for these two guys, with just Peng Guangqi and the others, how would Zhang Lei talk nonsense to them?

"You are Zhang Lei?"

At this moment, a boy who had not said anything suddenly spoke up, he looked at Zhang Lei with an overlooking look, sizing him up, and could not help but shake his head: "I thought I was some kind of person, I don't look like much!"

"And what are you?!" Zhang Lei asked with a frown.

"Hmph!"

The boy, however, gave a disdainful laugh and glanced at Zhang Lei, but ignored him.

"Young Tian, this boy is Zhang Lei, he's arrogant as hell!" Peng Guangqi immediately said.

"Tian Xiaodong, Peng Guangqi, you are the ones who beat up my people?!" Zhou Li, however, asked in extreme anger, just now he had checked, these two escort team members were both injured quite badly, one of the male vividly all at once was covered in cold sweat, covering his ribs and baring his teeth, appearing to be in unbearable pain.

It was clear that his ribs were most likely broken.

The other one, however, was also limping and his leg had been beaten up quite badly.

"Zhou Li, you can't talk nonsense, we didn't touch a finger on them, they fell down on their own!" Peng Guangqi sneered, "You can ask them if you don't believe me, I think, instead, you have to thank us, if we hadn't helped your men out, they might all be choking to death in the shithole now!"

"Fuck!"

Zhou Li was furious, gritting his teeth and glaring at Peng Guangqi, if there weren't too many people on the other side, he would want to go and fight for his life right now.

As the captain of the escort team, seeing his own men being beaten up like this was like a few hard slaps on his face.

"Peng Guangqi, if you have the guts to come out, let's fight one on one!" Zhou Li said angrily.

"Die aside!"

That Tian Xiaodong, however, frowned and said disdainfully, "What bullshit captain, don't bother me! I'm here to find them today!"

Tian Xiaodong's gaze fell on Ji Feng and Zhang Lei's bodies.

"You ....." Zhou Li was extremely angry.

"Zhou Li, don't be in a hurry." Ji Feng waved his hand, frowned at Tian Xiaodong and Peng Guangqi, and then looked at the two sturdy men, he frowned, "Say, what do you want, draw the line, I'll take it!"

"You're Ji Feng, right? Hmph! I'm warning you, don't play hard to get in front of Laozi!" Tian Xiaodong sneered, "I'm not afraid to tell you, I heard that you once made a wild statement that you wanted to beat me up together? Well then, today I am here to let you guys beat me up!"

"Very good!"

Zhang Lei nodded heavily and pointed at the two burly men, "Tian Xiaodong, right, you're relying on them? Well then, you two go together, let's finish you off first!"

"Zhang Lei ....." Zhou Li was startled, these two guys were not to be messed with at first glance, he was afraid that Zhang Lei would suffer if he was impulsive.

"Come here!"

Zhang Lei roared low.

Ji Feng then waved his hand at Zhou Li, signaling him to stop persuading.

Zhang Lei had obviously been enraged, and with that violent temper of his, it was useless to persuade anyone.

What's more, the other party's arrogance made Ji Feng furious too, and even if Zhang Lei didn't do anything, he would still teach these guys a lesson!

"To deal with you, I alone will be enough!" A big burly man took two steps forward and stood still two meters away from Zhang Lei, "Do it!"

He was the one who had blocked Zhang Lei's punch just now, he also knew that Zhang Lei knew kung fu, but looking at Zhang Lei's body, he was still a bit far away from him, so he didn't pay much attention to Zhang Lei at all.

In his opinion, to solve Zhang Lei, it would only take a bit of effort at most.

"You two come together and save yourselves the trouble!" Zhang Lei said coldly, "I'll send both of you to the hospital at the same time today!"

"Arrogant!"

The man sneered.

"Two, since he is so eager to find death, let's make him whole!" Tian Xiaodong, however, sneered.

He could not help but snicker secretly, this Zhang Lei was really desperate to find death, and to deal with these two people at the same time, who did he think he was?

Tian Xiaodong could not be clearer about the skills of these two men.

It was as if he could see Zhang Lei's arms and legs being broken!

"You all go together and teach him a hard lesson!" Tian Xiaodong said triumphantly, "Break his legs and throw him into the cesspit in front!"

Another stout, strong man nodded and also stepped forward.

He stared at Zhang Lei and said coldly, "You will pay the price for your arrogance ....."

"Zhong!"

Zhang Lei didn't even talk to him, he shouted violently and his man had already attacked, that fist, swift as the wind, before his voice fell, his fist had already reached one of the strong men's chest.

The strong man was taken aback and hurriedly crossed his arms to block.

“Boom!”

Zhang Lei’s fist ruthlessly smashed into that man’s arm, and all of a sudden, a dull sound came out, and that man’s face suddenly changed, his body shook violently, and he was smashed back several steps.

High hand!

This man was instantly shocked, Zhang Lei had actually shaken him back with a single punch!

However, Zhang Lei didn’t even give him time to react, taking two consecutive padding steps and following closely behind the man as a pair of fists blasted out in lightning speed.

“Give me a hit!”

“Zhong! Zhong Zhong!”

Zhang Lei shouted violently a few times, that pair of fists smashed into the opponent’s body without reservation, no matter how much the man blocked, he was knocked back one after another.

Hoo~~!

Zhang Lei turned around and swung his leg!

Boom!

The man raised both hands to block, but was smashed by Zhang Lei’s leg and fell to the ground at once with both legs going limp.

“Get lost!”

The other man looked shocked as he immediately shouted out violently and suddenly attacked from the side.

Swish!

Zhang Lei quickly took two or three steps back and dodged past, a cold smile on his face.

“What kind of bullshit expert is no more than that!”

Chapter 1532

Swish!

Zhang Lei quickly took two or three steps back and dodged it, with a cold smile on his face.

“What kind of bullshit expert, it’s just like that!”

Zhang Lei laughed coldly, with a disdainful look on his face, quite a bravery that was unstoppable in a cloak-and-dagger manner, causing those two burly men to change their faces drastically.

In particular, the burly man who was still standing was even more shocked and suspicious.

He was naturally aware of his companion's strength, although he said that the kid called Zhang Lei had not even greeted him and had come up to make a move, which was considered a sneak attack – at least in this stout man's opinion, Zhang Lei's behaviour was definitely a sneak attack – but in any case, his companion's strength was there, and ordinary practitioners would not be able to take advantage of him even if he sneaked up on them.

But the fact at hand was that Zhang Lei's series of vicious attacks had left his companion in such a mess that he could only passively defend himself and even ended up being smashed to the ground with a leg.

These two then immediately realised that this kid called Zhang Lei should be quite strong!

“Hoo~~!”

The burly man on the ground jerked himself up, standing up with a carp, staring at Zhang Lei warily and angrily, “What kind of skill is it to come up and sneak attack without even a greeting!”

“Fuck!”

He sneered, “Make it clear to me, I'm not here to spar with you, the reason I said all that nonsense just now was to find out what you were doing here and who beat up my two friends!”

He pointed his hand at his opponent and said in a cold voice, “Now that you've figured it out, then stop talking nonsense, I'll tell you clearly that today, I'm going to teach you a lesson, and those who don't accept it, you can go together!”

“Kid, you're too arrogant!”

The burly man who was beaten shouted violently, “Don't think that because you know two strokes you're so arrogant that you don't even know your surname, I'm telling you, you haven't seen the real kung fu yet, or else .....”

“Cut the crap, show your real kung fu and let me see!” Zhang Lei snorted, “If not, then all of you kneel down for me, let me break one of your legs, then all of you get as far away from me as you can, and don't even show up in Jiangzhou in the future!”

“Hey!”

The other burly man laughed coldly, “Kid, I think you're really crazy! Let me tell you, don't think that your fancy fists and legs are the so-called kung fu, now I'll show you what kung fu is!”

As he spoke, those two burly men looked at each other, then nodded at the same time and stood on either side of Zhang Lei, one left and one right, staring at him coldly.

“Something that doesn't know the sky is high, and really thinks he's an expert?” Tian Xiaodong said disdainfully from the side, “Zhang Lei, these two are real experts, you'll know how powerful they are later.”

“Gentlemen, don't be merciful, you can see that, this motherfucker just owes a fuck!” Tian Xiaodong shouted at the two big men again.

Ji Feng immediately had a cold glint in his eyes and glanced at that Tian Xiaodong.

“Tian Xiaodong, you’ll have to suffer later!” Zhang Lei laughed back in anger and pointed at Tian Xiaodong.

“Hey! You think of how to escape first!” Tian Xiaodong said disdainfully.

“Kid, take it .....” A sturdy and strong man had already made his move, he suddenly took two steps forward and kicked towards Zhang Lei’s side waist.

“Hoo~~!”

Not only did Zhang Lei not dodge, but he directly met it, the cold light in his eyes flashed as his body surged, instantly bullying his opponent’s body and slamming his shoulder directly into the burly man’s chest.

The next moment, Zhang Lei’s right hand curled up and his elbow struck the man’s armpit fiercely, while at the same time, his furious attack began.

Shoulders, elbows, fists, knees .....

His body all seemed to turn into the sharpest weapon, his attacks were so severe that the man had no room to even fight back, he was beaten backwards but could not fall down, because as soon as his legs went weak, Zhang Lei kicked the man’s knee hard, instantly straightening the man’s legs and holding him up.

The man was knocked backwards and looked about to fall, but Zhang Lei snapped his neck and jerked him upwards, and the moment his body stood up straight, Zhang Lei’s fist landed on his ribs again.

At this moment, the burly man looked like a sandbag being hung up, and Zhang Lei was the boxer who was hitting the sandbag furiously.

If you look at the surface, Zhang Lei’s attacks were not really that furious, as his movements were all very small, almost like his limbs and body were attacking in a very small range.

However, in reality, the intensity of Zhang Lei’s attacks was appalling.

It was not like a normal fight between ordinary people, where Zhang Lei would throw a punch and I would kick him, and he did not know how to hit the vital parts.

Zhang Lei’s continuous and rapid strikes, on the other hand, used the hardest parts of the body, such as the elbows, such as the knees .....

Joint attacks!

This type of attack, in the mouths of some martial artists, is also known as a joint technique!

It is a very unique type of attack where the attacker will use the hardest part of the body to deliver the biggest blow to the enemy at the smallest range and cause the most visible damage.

If a punch is thrown towards the chest, it may make a “bang!” A muffled thud might have knocked the opponent out of breath, or he might have coughed a few times, or it might have caused serious internal injuries.

However, Zhang Lei's knuckle attack was aimed at immediately injuring the opponent.

For example, if his elbow struck the opponent's ribs, it must have instantly broken the opponent's ribs, but it was hard to say whether it would cause internal injuries.

For example, if his knee hit the thigh of the big man, it would instantly cause pain to the thigh of the opponent, especially if the muscles of the thigh were hit, the pain would be unbearable even for some practitioners, and it might be more painful than a broken bone!

From this, one could see why Zhang Lei had to choose this type of joint attack.

The behaviour of Tian Xiaodong, these two big men and Peng Guangqi had already angered him, especially since they had opened their mouths and cursed, and even brought Zhang Lei's parents and relatives along with them, how could Zhang Lei put them down so easily?

They must be beaten to the point of making them cry their father and mother in pain, so that they would never forget today's scene in their lives!

"Ooooooooooooo ....."

Under Zhang Lei's stormy attack, that stout strong man was instantly dumbfounded, while the extremely painful feeling on his body kept coming, he was unable to fight back, he couldn't even dodge, and his mouth subconsciously let out this series of odd sounds, which showed how badly he was beaten!

"Son of a bitch!"

"Fuck!"

"I told you to curse! Let me hear one more curse!"

.....

Zhang Lei shouted one after another, and finally he clasped the neck of the burly man with one hand, and then the whole man actually pulled himself up and flipped over the head of the burly man.

This was a very amazing scene – Zhang Lei was holding the burly man's neck with one hand, but he himself flipped straight over the other man.

Then immediately afterwards, Zhang Lei's body plummeted downwards.

At the same time, he used the force and inertia of his body's violent fall, his arms exploded with force, and then intended his body just landing as a fulcrum, like a lever ..... to fling the burly man away!

It was really flying!

Zhang Lei himself is tall and strong, and his body is sturdy and strong, the force of his fall is great, plus he used his own body to carry it, and instantly threw the other party out, and it was a real throw out.

Peng!

The burly man was thrown seven or eight metres and landed in a heap of rubbish, sending up a cloud of smoke and dust, with a lot of juice in between, not knowing whether it was rotten tomatoes or leftovers.

However, the people present were oblivious.

Everyone looked at the cold-faced Zhang Lei in disbelief, unable to react for a long time.

He didn't even know that his companion had been beaten up by Zhang Lei and thrown out!

It was because Zhang Lei's movements were too fast.

From the time he started his attack to the time he threw his opponent out, there was only about ten seconds in between, because the joint attack itself was a small movement, which was all about speed and ruthlessness, because the attack had to be close to the opponent's body, striving to achieve the maximum effect within a small area.

If you dragged your feet for a second before throwing a punch, the person would have quickly retreated long ago, and you would still be able to let you hit them?

"Real kung fu?" After Zhang Lei had done this, but he clapped his hands and said disdainfully, "And kung fu ..... fuck!"

That remaining sturdy strong man but froze looking at Zhang Lei, he was stunned by Zhang Lei this hand of harsh and ruthless attack, as well as that terrifying body, he had a face of shock and uncertainty, his face was blue for a while, hearing Zhang Lei that cursing, he stiffly did not dare to speak, just vigilantly looking at Zhang Lei.

Ji Feng, however, frowned slightly and took two steps forward to Zhang Lei, whispering, "Lei Zi, something is not right, right?"

Zhang Lei nodded imperceptibly and whispered, "Don't look at that guy being beaten up by me, in fact he must not have been hurt much, I felt the internal force from his body ....."

Chapter 1533

"Sure enough!"

Ji Feng secretly said in his heart, when Zhang Lei attacked that sturdy man just now, Ji Feng felt that something was wrong.

Because this move of using joint attacks was taught to Zhang Lei by Ji Feng, then Ji Feng was more than familiar with this kind of attack.

When that stout man was hit, it was different from what Ji Feng had expected.

An ordinary person, even a so-called practitioner, would have an involuntary body reaction when hit by such a move that attacked sharply in a small range.

For example, if an opponent is hit by an elbow to the ribs, the kind of intense pain will definitely make him bend over involuntarily, and both hands will subconsciously protect the ribs, this kind of action is not something that can be controlled just by thinking about it, this is the natural reaction of the body.

This is the body's natural reaction. If you are in pain, you will naturally dodge!

Although the burly man also looked like he was in immense pain from the beating, in reality, his pain level was limited.

With Zhang Lei's stormy attack just now, even a person who was even more physically fit would have been beaten to the point of convulsions all over his body in the end.

Because Zhang Lei's movements were too fast and his attacks too vicious, in a very short period of time the opponent's entire body was hit in almost all the vital parts, the pain in the chest was just coming up, the ribs were hit, and before the opponent could react, he might be hit again in the armpit .....

This kind of intense pain is superimposed, being attacked more than once, in the end, it can only be the whole body twitching, simply do not have the strength and no time to do other movements.

But Ji Feng saw very clearly that the strong man's reaction was not like this, he had the strength to dodge in the moment before he was finally thrown out by Zhang Lei.

Especially in the moment when Zhang Lei snapped his neck, an extremely shocked look appeared in his eyes before his hands tried to move Zhang Lei's arm that was snapped around his neck .....

This also proved that the damage he suffered wasn't too great and that he still had some strength at the end!

Now that Zhang Lei said so, Ji Feng was instantly relieved.

That's right!

Zhang Lei's attack was extremely sharp, and I believe that even an ordinary martial arts expert could only be beaten like a puddle of mud, but now the other party still had the strength to fight back, which meant that on the one hand, he definitely hadn't suffered too much damage.

And on the other hand, it also showed that his body was strong enough to withstand part of Zhang Lei's attack.

If this guy didn't have something like a steel plate strapped to his body, then there could only be one explanation – internal strength!

Other than internal strength, Ji Feng really didn't know of any other way to be able to barely defend himself under the kind of raging attacks Zhang Lei was capable of .....

Except for reformers, of course.

But that guy was obviously not a reformer, so it could only be the presence of internal force within him.

"These should be two ancient martial arts masters." Zhang Lei said.

His tone seemed a little excited, it had been a long time since he had exercised so intensely, and now that he had suddenly encountered two ancient martial arts masters, Zhang Lei was instantly interested, his heart rising with wariness.

"Be careful." Ji Feng reminded him.

"It's alright, just watch the others for me, leave these two guys to me!" Zhang Lei said.

He wasn't afraid of any ancient martial arts experts, he had even barged through a place like the Tan family that had a few innate experts sitting in it back then, what did he care about these two guys?

This was the reason why Zhang Lei had dared to stand here and wait before, knowing full well that he didn't have such a sturdy cousin.

He wasn't afraid at all!

Even if he didn't know kung fu, he had never been afraid!

Ji Feng swept a glance at the one remaining sturdy man, then looked at the shocked Tian Xiaodong and Peng Guangqi and the others, he nodded slightly, "Take care of yourself, such people usually have watchful kung fu, don't get hurt!"

Generally speaking, ancient martial arts masters would have one or two suppressed kung fu moves, it was a habit.

Of course, the suppressed kung fu mentioned here is not some forbidden big move as they say in movies, but the opponent's counterattack when he is in a desperate situation.

For example, if the opponent is defeated, it may look like his arms and legs are broken and there is no way he can do any more damage to himself, but at this time, if you are careless, you may suffer a big loss.

Because the physical quality of these people is excellent, they tend to suddenly storm back when you are slightly inattentive, and the moves also make you defensive, if you are slightly careless, you may be hit and be counted by the other party!

So Ji Feng had to remind Zhang Lei, because this guy's strength was there, but his actual combat experience in this area was still insufficient.

Zhang Lei nodded confidently, pointed at the remaining burly man and sneered, "Come here! It's your turn!"

The man's face suddenly changed, and his eyes even drifted, and he didn't even say anything for a while.

That attack by Zhang Lei just now had indeed stunned him.

This man naturally knew very well how strong his companion was, they were just about the same, but in Zhang Lei's hands, he was actually beaten into that state in just a few breaths ..... This was too shocking!

In fact, not only was this sturdy man shocked, but also Tian Xiaodong and Peng Guangqi were even more shocked.

Especially Tian Xiaodong, when he saw that one of the experts he had hired was actually thrown out so far by Zhang Lei in a few glances, his eyes almost protruded out.

This .....

How is this possible!

How could Zhang Lei be so powerful?

Or was the expert he had hired too weak and just an impostor?!

But, the kung fu of these two experts, he had seen them before, they were indeed very powerful, even cousin praised them, they were usually treated very courteously, how come today .....

The first thing you need to do is to get a good idea of what you're doing.

As soon as he thought of this possibility, Tian Xiaodong only felt a thud in his heart.

He stood there dumbfounded, surprisingly frozen in fear for a moment.

An expert who was even more powerful than these two supreme experts, how terrifying would that have to be, if it was him who had just been thrown out .....

Tian Xiaodong could not help but swallow his saliva, his heart suddenly jumping wildly.

"Get over here, do you hear me!" Zhang Lei bellowed.

That stout strong man immediately frowned and wanted to get angry, but I don't know if he thought of something, the anger on his face flickered away, but his feet didn't move.

However, that Tian Xiaodong and Peng Guangqi were startled by this Zhang Lei's voice, their bodies could not help but tremble, and their feet even subconsciously took a step backwards, but no one felt ashamed.

Zhang Lei's furious attack just now had stunned the whole crowd.

"This brother, today's matter might be a misunderstanding, I don't know which sect you are from, maybe we are still of the same kind ....."

The strong man did not immediately go forward, but clasped his hands together and said aloud.

Zhang Lei, however, was not moved at all, but only stretched out his hand and slightly hooked his finger:

"Either come over and fight me one-on-one, defeat me and you can leave, or, today, I will waste your kung fu and choke you to death in the shit pit .....

choose yourself!"

The strong man's face changed and he said in a deep voice: "Your Excellency, we are disciples of the small Wu Sect in Ruanan, looking at your skills you should also be a member of the Jianghu, today we admit our defeat, please give your face, we will not turn around in the future ....."

"Hoo~~!"

Zhang Lei's legs lashed out, his body surged, and he charged directly towards that stout man, "Shut up!"

Now you want to stop fighting?

What a joke!

If he hadn't been so arrogant earlier, if he hadn't been able to handle himself, he wouldn't have walked out of here today, and now he wants to reconcile when he sees that his kung fu is inferior to his own.

Dream on!

"Your Excellency ....."

The big man's face suddenly changed and he sharply tried to speak, but he was blocked back by Zhang Lei's fist.

He instantly dodged in a panic and stepped back, while his mouth shouted, "Please, please be merciful, our brothers admit it ....."

"Admit your mother!"

Zhang Lei cursed angrily, "Beat me and let you go! Otherwise don't talk so much!"

"Do you really want to be merciful?" The big man roared. While Zhang Lei was talking to him, the attack didn't stop at all, but became more and more violent, it seemed that he had to take him down.

"Spare your mother!" Zhang Lei replied to him with a not-so-standard Chinese curse, and those fierce fists!

No comment, hit!

The big man retreated one after another, Zhang Lei's attack was too severe, he was already panicking in his heart, now since he was fighting back, he definitely couldn't beat Zhang Lei either, he just secretly cried out in his heart, where the hell did such a young expert appear from, looking at his strength, he was afraid that he had a mid to late Houtian cultivation level, right?

"Quick, run!"

On the other side, that Tian Xiaodong hurriedly retreated backwards, just ready to bolt.

He was really terrified.

These two supreme experts he had invited had originally wanted to teach Zhang Lei a severe lesson, or even break his arms and legs, so that he would have a lifelong memory.

But now, these two experts were actually beaten by Zhang Lei, one without the strength to fight back, while the other was thrown out right after he came up.

If they didn't run now, what else were they waiting for?

Are they waiting for Zhang Lei to free up his hands to clean up after himself?

"Tian Xiaodong is running!"

Zhou Li had been staring at Tian Xiaodong and Peng Guangqi and the others, two of his brothers had been beaten up by them like that, he could not wait to go up and kick those guys to death.

But Zhou Li was the one who knew he didn't have that strength, so he could only keep an eye on them.

Now seeing Tian Xiaodong about to slip away, Zhou Li immediately shouted.

"Tian Xiaodong! Peng Guangqi!"

Zhang Lei didn't even turn his head back, he just shouted violently, "As long as you dare to run, I definitely won't spare you lightly!"

Tian Xiaodong and the others were so scared that their legs went limp and they didn't dare to run forward even one step.

Their legs were shaking with fear, and in their hearts they even said, "It's over!"

“Peng~~!”

At that moment, a sudden chaotic sound came, only to see a figure suddenly leaping up from the rubbish pile in the distance, and then running wildly towards this side.

“Lao Er, that kid just has more strength, he has no internal strength, he shouldn’t be a jianghu player!”  
The man shouted as he ran, “Let’s put our all into it together and get him!”

Finally!

Ji Feng couldn’t help but snicker .....

Chapter 1534

It’s finally here!

Ji Feng couldn’t help but snicker .....

He knew that the guy who was thrown out by Zhang Lei wouldn’t be too badly injured, after all, Zhang Lei didn’t use bio-currents when he did it, and the guy had internal strength to protect his body, so he definitely wasn’t so bad as to say he couldn’t get up from the beating.

However, Ji Feng could also be sure that that guy definitely didn’t suffer too well either.

Even if he had internal strength to protect his body, but under Zhang Lei’s violent and sharp attack, the guy’s body was almost being used as a sandbag to wreak havoc, so it could be seen that the guy’s internal strength should not be very deep.

Otherwise, if the opponent was really a martial arts master, a top powerhouse, why would he have been beaten by Zhang Lei without the ability to fight back?

Even if Zhang Lei had struck suddenly, once there was a sufficient gap in strength, a sneak attack would not have been effective, not to mention that Zhang Lei was not considered a sneak attack!

So, all in all, that guy must be a martial artist who has practiced martial arts for a while, but his strength is limited!

In that case, being hit by Zhang Lei’s furious attack so many times in a row .....

Hey!

I’m sure that feeling wasn’t too pleasant!

Ji Feng has experienced the feeling of being attacked by a joint, being hit by a move that contains incomparable explosive power and attacking power within a very small area, and also hitting a vital part of the body, or a soft and defenceless area .....

The pain is simply unbearable!

When Ji Feng was first hit by that cold-faced instructor in the training space I don’t know how many times, the muscles in his body still subconsciously tense up when he thinks about it now.

You know, at that time, Ji Feng's body strength was already quite good, and as a result, he didn't even want to recall that feeling, let alone such a martial artist whose cultivation level wasn't very high?

As expected!

Ji Feng looked up and saw the figure rushing out of the rubbish, and although he was fast, his figure was obviously a bit uncomfortable, running in a very awkward manner, whether it was his footsteps or the amplitude when he waved his hands, it was all very strange.

This was a good indication of how badly he had been beaten.

The pain in his body had not dissipated until now, and before that, this guy had taken a good 'rest' on his back in the rubbish pile!

However, the fact that this strong man came out of the rubbish pile lifted the spirits of his companions!

Especially once the guy said that Zhang Lei had no internal strength, the remaining strong man was emboldened, no internal strength, so that was good.

It seems that this guy is just a fancy guy, relying on the fact that he has some strength and moves a little faster, he dares to be so rampant, and just now he actually dared to call out to himself and scold him for not even daring to talk to him .....

Once he thought of this, that remaining strong man was instantly enraged, and he yelled, "Let's all go together, make the ultimate move and kill this bastard!"

"Humph!"

Zhang Lei sneered, "Not a small mouth, you can all go together, I'll see how you get me killed!"

"You're dead!"

The strong man who rushed out from the rubbish pile roared, at this moment he looked really wretched, the white shirt originally worn inside the black suit was now a black, his body was even a piece of stains, his face actually carried a piece of juice, looking at the red and black, really do not know what kind of liquid.

What was most frowned upon was the smell of his body, which was so foul that when the wind blew, almost everyone present cringed.

The rubbish pile hadn't been collected for days, and the smell was really .....

The strong man himself was even more hateful, he was actually beaten by a hairy boy without the strength to fight back, and in the end he was actually thrown into the rubbish!

It was unbearable!

"Motherfucker, I'll tear you up today!" The strong man looked at Zhang Lei and roared.

Zhang Lei snickered, "How dare you curse? Oh, I'll let you curse enough later, as long as you can still curse at that time!"

"Fine! Your mouth is still so hard!" That strong man looked at Zhang Lei with resentment and sneered.

The other strong man also immediately stood aside, two of them were facing Zhang Lei diagonally, the three of them stood together in a hand-to-hand position, they were obviously trying to pinpoint Zhang Lei.

At this time, Tian Xiaodong and the others were so nervous that they did not even dare to breathe.

Anyone could see that the most crucial situation was the confrontation between Zhang Lei and the two strong men, if the two strong men won, then Zhang Lei and the others would be at their mercy and they could fight as they wished.

However, if those two strong men lost .....

They would be the ones being abused!

So Tian Xiaodong and the others couldn't help but start praying in their hearts, if there really was a god, then at this time they would definitely kowtow eighteen times in a row in front of the gods, praying for their blessing so that those two strong men could win!

"Ji Feng, let's go up and help too!" Zhou Li picked up two bricks from the side and handed one to Ji Feng, "The two of them are fighting one another, we can't just stand here and watch, we have to help Zhang Lei!"

"Old Zhou, put your heart at ease and watch patiently!" Ji Feng laughed, "Also, tell those two brothers of yours to get in the spirit and prepare for revenge later!"

"Revenge?!"

Zhou Li smiled bitterly at his words, he was ready to fight for his life, and he was still taking revenge .....

The two strong men on the other side are obviously experts, although Zhang Lei seemed to have the upper hand just now, but listening to their tone, it seems that they did not use their full strength just now, now I'm afraid Zhang Lei will not be able to ah!

"Just wait and see!" Ji Feng smiled faintly and patted Zhou Li's shoulder.

There are some things that Zhou Li wouldn't believe even if he said them now, he still needs to let him see with his own eyes to understand that the truth is actually very simple .....

More people may not necessarily mean more powerful!

On the other side, the two stout strong men were exchanging low voices between them, seemingly discussing how to attack Zhang Lei.

"Lao Er, be careful, this kid is faster and his little stance is more powerful ....."

"Boss, don't worry, I ..... son of a bitch, you sneak attack again?!"

Just when they were still discussing, Zhang Lei was already moving, his speed was extremely fast, and instantly leaned on that remaining strong man .....

In the case that the other party knew that he was fast and liked to use this kind of small attack, even if he made a defense in advance, he still couldn't dodge it, so we can see how fast Zhang Lei's speed really was!

“Ah...!”

The strong man was so shocked that he couldn't even speak in shock, he could only instinctively yell out and then had to dodge.

However, how could Zhang Lei give him this opportunity?

“Boom!”

Zhang Lei's fist directly imprinted on that strong man's chest, this man was also considered an expert, in this instant he actually slightly side his body, barely allowing his chest to avoid Zhang Lei's fist, however, his shoulder was hit.

He instantly staggered.

However, his body just swayed like that, only for Zhang Lei to seize the opportunity.

A small range joint attack, hitting again!

“Boom! Boom boom boom!”

“Bang bang bang bang bang .....”

“Ooohhhh .....”

Zhang Lei's furious and intensive attack struck instantly, accompanied by the burly man's almost unconscious miserable scream.

A miserable scream indeed!

Because this time Zhang Lei did not show any more mercy, he used bio-current.

Since he already knew that his opponent had internal strength, he naturally had to deal a heavy blow. The reason why he hadn't used bio-current originally was that he had only taken the other party as an ordinary expert, if he had used bio-current, he might have killed the person with a single miss.

The two sides had clashed, but it wasn't so bad that they had to be killed!

But now, Zhang Lei had no qualms about using it. Since the opponent had internal strength to protect his body, it was alright to hit him harder!

Boom!

With a final muffled sound, one of Zhang Lei's legs suddenly lifted up high, he had only been attacking in a small range and in small margins, but now he suddenly opened up so widely that he suddenly gave off the aura of a fierce tiger pouncing on people.

“Boom!”

Zhang Lei's leg smashed into that strong man's shoulder.

Just heard a “click!” A sound was heard, and the strong man instantly fell to the ground, and the next moment, a miserable scream shouted out from his mouth.

“Ah...”

The crowd was numbed by this miserable cry, and when they looked, they saw that the strong man was lying on his back on the ground, with his two legs flared outwards, showing an abnormal twist, especially the head-on bone on the calf, which was even sunken, his leg, hard and fast, had been broken.

What was even more shocking was that the man’s shoulders, however, were visibly drooping, and then remembered the clicking sound of the bones breaking just now .....

Gulp!

Everyone couldn’t help but gulp down their saliva, especially Tian Xiaodong who was moving and almost didn’t dare to look at Zhang Lei!

“Swish!”

Zhang Lei, however, fiercely turned around and stared at the other brawny man, sneering, “Since you don’t stay in the rubbish properly and have to run out to get beaten up, then fine, I’ll make it happen ..... Come here!”

With his final bellow, the strong man subconsciously took a step back, but because his face was also stained with something, it was impossible to see the change in his face too clearly.

However, Zhang Lei was no longer indifferent to him, as he shouted, “If you don’t come, then I will go!”

In a whirlwind, he reached the strong man in a few steps, turned around and kicked him over.

The strong man was still in pain from the beating, and now Zhang Lei was as strong as a rainbow, so that the strong man didn’t even have the heart to fight, so he was kicked to the ground by Zhang Lei.

Hoo~~!

Zhang Lei followed him, his knee pressed directly into the man’s back, while one hand clasped the other’s ankle, padded with his body, and lashed out.

The action was clean and swift!

From the time the strong man fell down to the time Zhang Lei completed this move, it was only a blink of an eye!

“Thud!”

The crisp sound was clearly heard by those present.

“Ah...”

This strong man let out another miserable scream as his leg, surprisingly, was broken hard!

Chapter 1535

“This is a master?”

After breaking that burly man’s leg in a raw manner, Zhang Lei stood up as if nothing had happened, as if he had done something extremely insignificant.

He squinted at the two men and snickered, "How can you break my leg with such little ability? And you want to throw me into a cesspit?"

The two strong men didn't care about anything else at that moment, and they were all screaming on the ground.

Even though it was common for martial artists to break their arms and legs, they were trembling with pain after being hit by Zhang Lei, and even though they could normally use their internal energy to relieve the pain, it didn't work today!

The two of them were in pain and fear, that feeling was really painful!

Zhang Lei, however, did not care, he did not have the slightest sympathy for these two, because he knew very well that if he did not have kung fu today, or if he could not do kung fu and could not beat them, then it would definitely be himself who would end up in this situation.

Even more so, after his limbs were broken, these people would throw themselves into the cesspit!

When it comes to enemies, Zhang Lei never knows what sympathy means!

And at this moment, both Zhou Li, Tian Xiaodong and Peng Guangqi and the others were terrified, and they stood there frozen, only feeling a little shiver all over their bodies.

Zhang Lei was simply too terrifying!

Not only was his kung fu powerful, but most importantly, the cold look on his face when he struck was like a cold-blooded killer, which scared them all!

"Hey!"

Zhang Lei grinned coldly as his gaze fell on Tian Xiaodong and Peng Guangqi and the others.

This smile instantly made Tian Xiaodong and the others tremble, especially Peng Guangqi, who was tall and strong from the sports department, but Zhang Lei's smile made his legs go weak and he almost didn't sit on his butt on the ground!

The others were also terrified and their feet subconsciously moved backwards, trying to escape.

"No one is going to run!"

Zhang Lei looked at those people coldly, "As long as you dare to run, I will let you know the consequences!"

In a flash, those people stiffened up and didn't dare to take a single step!

In fact, they didn't know how much they wanted to run away from this hellhole, preferably far away from Zhang Lei's sight, this guy was just too scary.

However, just Zhang Lei's light words made these people's feet not obey, they couldn't even take a step, their bodies stood there stiffly, they didn't dare to leave!

"Hehe ....."

After all, Tian Xiaodong had seen the world, and although he was at a disadvantage at this moment, he still wanted to save his face. So he grinned, squeezed out a smile on his face that was worse than crying, and opened his mouth.

“Zhang Lei, you, you see ha, today might be a ..... misunderstanding.” Tian Xiaodong said with difficulty, “Yes, it’s a misunderstanding! We have no grievances between us, the reason why there was a conflict was because of Peng Guangqi and these guys’ sowing discord, and again, besides, you are a senior, how should you not see things in general with us, don’t you think so?”

“Misunderstanding?!”

Zhang Lei was instantly exasperated, “Is it my ears that are faulty, or is it your brain that is in the water?”

“..... ah?” Tian Xiaodong’s face was very ugly, even though he tried his best to put on a smile, that miserable white face betrayed his inner thoughts, it was obvious how scared he was!

“Impersonating my cousin and calling me here, and preparing to break my legs and to throw me into a cesspit, you call that a misunderstanding?” Zhang Lei laughed coldly, “Two brothers from the escort team came to look for me and ended up getting beaten up by you guys like this, and this is also called a misunderstanding? If this is all a misunderstanding, then it is really a big joke!”

“Zhang, Zhang Lei, it’s none of my business, I’m just an errand boy, and I heard someone looking for you, so I kindly ran over to call you, I didn’t want to harm you!” At this time, a boy said in a panic.

Zhang Lei glanced at him, “You’re the one who called me out, right?”

“..... Yes! But .....”

“What are you standing on now?” Zhang Lei asked bluntly.

“.....” The boy opened his mouth, but he didn’t know how to answer.

“Just now they surrounded a few of us, didn’t you see that the situation was not right?” Zhang Lei said indifferently, “But you were still on their side, and now you’re telling me that you’re just an errand boy ..... When do I look stupid?”

“.....”

The boy looked at Zhang Lei with a fearful face, but there was no way to argue, because what Zhang Lei said was the truth, indeed he was the one who called Zhang Lei from the school to here, and ..... the reason why he didn’t leave in a hurry was because he thought that Zhang Lei and the others were definitely no match for Tian Shao!

“You few, get your asses over here!” Zhang Lei pointed at Tian Xiaodong and Peng Guangqi and the others, “Let’s settle the score slowly today!”

“As for the few of you .....”

Zhang Lei's gaze fell on a few other people, these were people he hadn't seen before, last time when he clashed with Peng Guangqi and the others at school, he hadn't seen these few people either, so he wasn't going to be ordinary with these few people.

"Among the few of you, whoever hit the brothers of the escort team with their hands, automatically stand in front for me, the rest, get lost!" Zhang Lei said in a cold voice, "You can't leave!"

He was talking about the boy who had called him out, the man who knew full well that he would definitely be mobbed after being called out, but he was still talking and laughing with himself, as if nothing had happened along the way, it was too abominable!

"Zhang Lei, I was wrong!" The boy was trembling from Zhang Lei's cold gaze, his voice was tinged with tears, "It's all, it's all the idea of Tian Shao and Peng Guangqi and the two of them, they said that by calling you out and beating you up, I could follow them in the future and no one would dare to bully me anymore ....."

"Fuck!"

Zhang Lei cursed angrily, "No tears until you see the coffin!"

He violently surged in stature and rushed directly to those people, "In that case, let's all stay!"

"Boom!"

Zhang Lei instantly blasted one away with his fist, and that guy let out a miserable cry as he heavily flew out backwards and fell to the ground, his eyes rolling over as he fainted.

Swish!

Zhang Lei grabbed another guy's hair and slammed a fierce punch on his ear door.

"Ugh ....."

The guy was instantly smashed unconscious.

Bang Bang Bang Bang!

Zhang Lei's movements were fast and fierce, even though he was deliberately controlling his force and didn't activate the bio-current, just that wasn't something these guys could withstand, these tall and big gym students were just hit without even having time to react, apart from screaming, it was just a dizziness!

In just a few breaths, a large number of people fell on the ground, and the only ones left standing were Tian Xiaodong and Peng Guangqi, and that was because Zhang Lei didn't move them.

He was going to save these two bastards for last and take his time to clean them up!

"Hey!"

Zhang Lei stared coldly at Peng Guangqi and laughed fiercely, "Last time I wanted to waste you, that time was in school, count yourself lucky, but this time ....."

"Let's see how I can fix you!" Zhang Lei laughed coldly.

Ta-da-da .....

Peng Guangqi's teeth were chattering in fear, and his face was even paler.

This reaction of his seemed to be a bit exaggerated, but it showed even more how much this man was playing strong.

Peng Guangqi was a bully in the school, just because he was on the sports team, physically fit, tall and big, and didn't have to bury his head in his studies, he gave people the impression that he was a jerk, so those students feared him.

He then feels great about himself.

But in reality, he probably doesn't have the guts of the usual timid students, he's a bastard without any commitment!

He's a bastard who doesn't have any responsibility!

On the surface, he appears to be a brave man, but in reality, he is as timid as a mouse, and if he meets someone who has a harder fist than him, he will become a soft egg.

This is what Peng Guangqi is like now, and his expression is the best reflection of his smaller-than-a-rat guts!

This man is just looking at many people who are afraid of him and are spoiled!

In other words, he was so arrogant that he didn't even know what his surname was good for, but now that he saw that Zhang Lei was so terrifying that even the people invited by Tian Shao were no match for him, the fear in his heart was immediately magnified infinitely .....

"Zhang, Zhang Lei, look, my people have been beaten by you, you are also out of breath, is this the way to forget about today's matter?" Tian Xiaodong, however, swallowed his saliva with difficulty and said reluctantly.

"Pah!"

A fierce slap hit Tian Shao's face, instantly slapping him to the ground, a bright red slap mark immediately appeared on his fair face.

"Why didn't you say forget it just now, and now that you see your man is not working, you want to forget it?" Zhang Lei smiled fiercely, "Call yourself an old man again for me to hear, hmmm, didn't you have a good time cursing before? Continue!"

"Phew~~!"

Tian Xiaodong was dizzy from Zhang Lei's slap, his ears were even buzzing and his eyes were blurred, he almost didn't pass out from the blow.

Tian Xiaodong only felt a fishy taste in his mouth, he spat out a mouthful and immediately saw that the saliva was tinged with blood.

His face immediately changed: "You dare to hit me?!"

“Slap!”

Zhang Lei came up and gave another slap, instantly knocking Tian Xiaodong’s body askew, “How dare you pose, it’s you I’m hitting!”

“Well .....

This time Tian Xiaodong was really hit hard, his head hit the ground at once and he didn’t react for a long time.

Zhang Lei sneered and his gaze turned to Peng Guangqi again, “Kid, it’s your turn!”

“I, I .....

Peng Guangqi stammered as he gritted his teeth, “Big brother, this time it was my mistake, again, give another chance, I’ll set up a fight, today you spare me, from now on you are my big brother .....

Snap!

What he got in return was still a big slap!

He still recognized himself as his big brother?

Zhang Lei almost did not die of anger by him, who wants to have such a little brother, that is simply a shame, to this kind of shameless people, Zhang Lei has no other way, only to serve with a big slap!

Chapter 1536

Peng Guangqi was instantly knocked to the ground, and he screamed in agony, covering his face and groaning in pain.

Zhang Lei had no intention of showing mercy when he hit him, and even though he hadn’t activated the bio-current, the strength of Zhang Lei’s body alone was enough for Peng Guangqi to suffer.

Boom!

Zhang Lei, however, showed no mercy and kicked Peng Guangqi in the ribs again, this kick actually kicked him up hard and dropped him a few meters away at once.

“Ah...”

Peng Guangqi screamed in agony, but in this place where almost no one passed by, his screams were not heard by anyone.

Perhaps even Peng Guangqi himself could not have imagined that they had originally chosen this place where there was no one to teach Zhang Lei a lesson, but in the end, the place they had chosen was the one they had chosen for themselves, and now he was hoping that someone would pass by and call the police after seeing the situation.

But this place is full of household rubbish and stinks to high heaven, who would normally come here?

Peng Guangqi had the heart to die.

Ji Feng held his arms and watched with cold eyes, he didn't feel that Zhang Lei had hit too hard, when dealing with people like Tian Xiaodong and Peng Guangqi, one should hit hard and teach them a good lesson, if someone else fell into their hands today, Ji Feng believed that this gang would definitely hit much harder than Zhang Lei!

"Good fight!"

Zhou Li, however, was so excited that his face turned red as he waved his fist vigorously and shouted, "Hit harder, motherfucker!"

Looking at the two boys next to that Zhou Li, they also had a look of relief on their faces.

They had been beaten up severely by this gang earlier, and their bodies still hurt unbearably, and one of the boys' bones might have been broken, and they had long hated to beat up this gang. However, they knew that they were no match for them, and Tian Shao's family was said to be rich and powerful, so even if they were beaten up, they could not touch Tian Shao.

When the two boys were being beaten, Tian Shao had already said: "It's useless to beat you, can you bite me? I'm telling you, I have connections here at Union University, so if I beat you up, you'll be the ones expelled! Motherfucker, how dare you stand up for Zhang Lei, it's not bad if I don't beat you to death!"

At that time, these two boys hated each other, but there was nothing they could do.

If Tian Shao really had a backstage, then they might have received the beating for nothing!

Now that they suddenly saw Tian Shao and Peng Guangqi being taught a lesson by Zhang Lei, they felt incomparably relieved and could not even wait to go up and help themselves!

When Ji Feng saw their expressions, he couldn't help but smile slightly, turned his head and looked around, then picked up two thicker branches from the ground not far away, shook his hand and cut off the top branches, then handed them to the two boys.

"Just watching from the side can't be enjoyable, come on, go up and fuck them!" Ji Feng laughed, "Whoever hit you just now, go and hit them back now, and pay them back ten times a hundred times!"

The two were stunned, but hesitated, Zhang Lei dared to fight, but they had concerns, after all, it was not easy to get into university, and it was not easy for their families to pay for their studies, if the young Tian pursued them later, they would be expelled .....

"What, don't dare ah?" Ji Feng asked.

"Who said he didn't dare! Motherfucker, even if I get expelled, I'll take revenge back!" One of the boys gritted his teeth, reached out and took the wooden stick, and walked towards that Tian Xiaodong and the others.

Despite the fact that he was still limping when he walked because he had been beaten earlier, he had a fierce look on his face. Remembering the humiliation of being beaten earlier, and then looking at the quickness and ruthlessness of Zhang Lei's beating, the bloodlust in this boy's bones was also aroused.

He didn't care about the rules and regulations of the school, and he didn't care if he would be expelled from the school, he just beat him up!

If he couldn't return the favour, he wouldn't feel comfortable for the rest of his life!

"Swish!"

The other wooden stick in Ji Feng's hand was also snatched away, but it was the second boy, who followed closely with a wooden stick in one hand and a hand covering his ribs.

The duo walked up to one of the sports team and cursed angrily, "Didn't you guys have a good fight just now? Now go on and fight!"

"You ....."

"Bang!"

The wooden stick landed on his head with that dull hitting sound that instantly interrupted the man's words.

"Ah..." That sports team boy immediately clutched his head and screamed miserably, the human head was not really the most afraid of pain, but the wooden stick that these two escort boys took was not smooth, and there were pits and irregular shapes on it, that hit on the head was really painful to the core.

"Scream! I told you to scream!"

They caught a guy and swung the wooden stick and hit him, looking like they wanted to beat him to death!

Zhou Li was watching from a distance, his heart jumping, when did these two boys become so bold?

He was afraid that a fight would result in death, so he hurriedly shouted, "You two, don't catch one person fighting, whoever else has beaten you, get this back!"

Upon hearing this, those two boys nodded their heads and grabbed another guy and hit him fiercely.

"Snap!"

"Slap ....."

.....

On the other hand, Zhang Lei was slapping Peng Guangqi's face one after another, hitting his face red, one side of his face was high and swollen, the whole person was even beaten and kept falling on his heels, just when he stood up, he was slapped on the ground by Zhang Lei, falling with a woop, so miserable!

"Slap!"

A slap ruthlessly hit Peng Guangqi's face.

"Doggone it, don't you like molesting women, molest one more for me to see!" Zhang Lei sneered.

“Slap!”

“Keep on being wild, let me see how you break my legs!”

“Snap!”

.....

Peng Guangqi was so beaten that he wanted to die, he had just stood up when he was knocked down, Zhang Lei's strength was tremendous, moreover, the slap hit Peng Guangqi so dizzy that he couldn't even dodge it, he could only watch the slap hit his face so openly.

What's more, Zhang Lei only used one hand to hit him, and he only hit half of Peng Guangqi's face, while the other half of his face was normal in colour, this side was already swollen!

This humiliation made Peng Guangqi want to die, but in front of Zhang Lei, he didn't even have the slightest room to resist, and as for wanting to die ..... it wasn't that easy!

“Please, please don't hit .....” The left side of Peng Guangqi's face was swollen beyond recognition, and that eye was left with only a very thin, thin slit, if not known beforehand, no one would have thought this was a real person!

..... real person who could be grown to look like this?

With this ugly look, it could totally go for a Guinness World Record!

“No more fighting?”

Zhang Lei smiled coldly, “Fine!”

“Boom!”

Zhang Lei was very quick to fulfill Peng Guangqi, he just gave him a kick that made Peng Guangqi fly backwards directly, falling to the ground and moaning in pain, but he was unable to get up again.

..... did not know whether he was really unable to get up or he was afraid to do so!

But whether Peng Guangqi was scared out of his wits or not, Zhang Lei had stopped paying attention to this son of a bitch, and his gaze, turned to Tian Xiaodong.

As soon as Tian Xiaodong saw Zhang Lei's gaze looking towards him, he was instantly shaken and almost didn't open his mouth to scream out in shock.

“Zhang, Zhang Lei, there's, there's something to talk about, let's talk about it!” Tian Xiaodong hurriedly said, “This matter is really a misunderstanding, it's all because of Peng Guangqi and the other bastards who are stirring up trouble in the middle, you see there is no wrongdoing between the two of us, why would I have a problem with you, it's all their fault .....”

“How did they stir things up?!” Zhang Lei asked indifferently. As he spoke, his footsteps did not stop.

Tian Xiaodong was scared, and he said in a panic: “They said that you were going to clean up with me, so I'd better make the first move .....”

“Then you believe it?” Zhang Lei snickered, “Are you really stupid, or do you simply not put Laozi in your eyes, knowing that what they said was false and you don’t care, because in your eyes, Laozi is just an ordinary student you can play with as much as you want, is that right?!”

“Ah!”

Tian Xiaodong was instantly shaken and shook his head in a panic: “No, no, no, how is that possible .....”

Boom!

Zhang Lei kicked him backwards and sneered, “Impossible?”

Even if Tian Xiaodong didn’t say anything, Zhang Lei knew exactly what was going on in the middle, everyone knew that Peng Guangqi and the others were following Tian Xiaodong, so when Peng Guangqi and the others were beaten up, Tian Xiaodong naturally had to step in.

So whether or not Zhang Lei said those words, whether or not he was going to beat up Tian Xiaodong along with him, that no longer mattered.

What mattered was that Tian Xiaodong wanted to move Zhang Lei!

Since this was the case, then Zhang Lei naturally had nothing more to say, others had bullied him, there was only one word, fight!

Not only should he hit, but he should hit back fiercely!

The first thing you need to do is to be reasonable before you do anything, and you need to be able to stand up for your reasoning.

“Well .....”

Tian Xiaodong fell to the ground, moaning in pain, his face, which still looked sunny and handsome, was also being hit with clear slap marks surfacing on it.

This is not all, his jaw was even more painful, as if it had been shattered by Zhang Lei’s kick just now!

“Holy shit!”

Tian Xiaodong was really in pain, his body was subconsciously twisting in pain, but he saw a burly man not far in front of him, who was also moaning in pain, but Tian Xiaodong’s concern was not this, but the burly man’s waist, there seemed to be a black object .....

Pistol!

Tian Xiaodong immediately lunged over and fiercely took the pistol from the burly man’s body and immediately aimed it at Zhang Lei: “Fuck! Stop right there for me!”

Chapter 1537

A pistol!

Tian Xiaodong immediately lunged forward, fiercely took the pistol from the burly man’s body and immediately aimed it at Zhang Lei: “Fuck! Stop right there!”

With the pistol, Tian Xiaodong seemed to have the strength, and he shouted, "Fuck! If you dare to take one step forward, I'll shoot you!"

Zhang Lei's face sank, he had come to this point, but this son of a bitch still dared to be so wild.

"I think you really want to die!" Zhang Lei said coldly, and immediately stepped forward, looking like he actually wanted to continue beating Tian Xiaodong.

Tian Xiaodong's face instantly changed drastically, he was scared by Zhang Lei's beating, even though he was now holding a gun in his hand, but when he saw Zhang Lei walking over so intimidatingly, his heart was still a bit afraid.

"Stop, I'm shooting!" Tian Xiaodong shouted anxiously, and in his anxiety, his hands even trembled a little.

At this time, the two escort boys were also a bit frightened, they were all students, usually they were already nervous when they saw the machete-wielding gangsters, where had they ever seen a pistol?

When they saw Tian Xiaodong holding a gun in his hand, how could they not be frightened?

Zhang Lei, however, sneered and casually took the wooden stick from a boy next to him, and then continued to walk towards Tian Xiaodong!

"Fuck! I told you to stand still, did you hear me! I'm really shooting!" Tian Xiaodong yelled.

This is what they call a cross man who fears a rash man, and a rash man who fears a desperate man!

Tian Xiaodong thought that if he had a gun, Zhang Lei would definitely not dare to fight him again, but he did not expect that Zhang Lei would not be afraid of shooting himself.

But Zhang Lei looked at him with a mocking face: "You still want to shoot? Kid, do you know how to play with a gun?"

"Do you know how to play, come up and try!" Tian Xiaodong said angrily.

"The gun's safety is not even on, how can you shoot?" Zhang Lei snickered, but his footsteps did not stop and his eyes grew colder.

"Huh?!"

Tian Xiaodong was stunned, immediately he hurriedly looked down at his pistol, but found nothing like a safety, he immediately reacted, "You lied to me?!"

"The bullets aren't loaded either, are they?"

Zhang Lei had already arrived in front of Tian Xiaodong and said coldly, "You fire a shot and I'll see!"

Tian Xiaodong was stunned, and under Zhang Lei's cold gaze, he was sweating coldly and did not dare to shoot.

Zhang Lei, however, had already swung the wooden stick, and he raised it high with both hands, looking like he was about to smash it down viciously, Tian Xiaodong immediately shrieked in fear, and subconsciously pulled the trigger!

“..... ah?”

The next moment, Tian Xiaodong froze, the trigger actually wouldn't pull?

“Boom!”

Zhang Lei hit Tian Xiaodong's wrist with a fierce wooden stick, “Stupid, told you the safety wasn't on!”

Click~~!

That crisp sound was so clear that everyone present heard it clearly, and the next moment, the pistol in Tian Xiaodong's hand fell to the ground at once.

“Ah...!”

Tian Xiaodong's wretched, miserable scream instantly traveled a long way.

His hands were curled up and he kept rolling on the ground screaming, both his wrists were broken, and that kind of pain was almost about to make him faint, the pain was incomparable.

Zhang Lei, however, smiled coldly, “Don't rush to scream first, there are still two legs left!”

“Ah .....”

Tian Xiaodong was in pain and fear, he rolled on the ground screaming miserably, but his eyes were filled with a strong look of shock, and he shouted miserably, “Don't, don't hit me anymore .....”

“Don't hit you? Want to die you!” Zhang Lei sneered.

“For the sake of my cousin, let me go, I beg you .....” Tian Xiaodong actually cried out and begged.

“Boom!”

What he got in reply was a fierce wooden stick!

One of Tian Xiaodong's legs, however, was broken by Zhang Lei in a raw way.

“.....”

At this time, Tian Xiaodong could no longer scream out, his eyes were staring deadly, his body was constantly trembling, his mouth was wide open, but he could not even scream out, he could only look like a dead fish, miserable.

“Your cousin is none of my business!” Zhang Lei then sneered.

“Hu~~hu~~”

Where did Tian Xiaodong have the strength to answer now, he was just breathing heavily, afraid that he would be killed alive just like that.

The cold light in Zhang Lei's eyes flashed, but there was no sympathy at all in his heart.

Ever since the last time Shen Jingyi was almost molested, Zhang Lei had been holding his anger in his heart, but because it was in the school, he couldn't let it out and could only hold it in.

But now it's different, these people are still not determined, they don't even reflect on their mistakes, but they have even found a practitioner to deal with him, this is simply overbearing!

Given Zhang Lei's temper, it would be strange if he could swallow this anger.

Since these people had said that they would break his limbs and throw him into a cesspit, it would be a shame if Zhang Lei didn't give them back what they had intended!

Zhang Lei once again raised his wooden stick .....

"Don't hit! Please don't hit, my cousin is Song Mingyuan, my cousin is the Song Mingyuan of Jiangzhe Hang City ah ....." Tian Xiaodong was frightened and afraid, and shouted in panic: "For the sake of my cousin spare me, I won't let him pursue you... .."

"Huh?"

Zhang Lei was immediately stunned, "Did I hear correctly? He's going to pursue this?"

Song Mingyuan?!

Ji Feng, who was standing not far away, was slightly stunned, this name, seemed very familiar, ah, must have heard it somewhere, just couldn't recall it for a while.

However, Ji Feng knew that Tian Xiaodong was really miserable this time.

The first thing you need to do is to get a good idea of what you're getting into, but now that Tian Xiaodong has said this, I'm afraid Zhang Lei's temper will get even more violent.

What is this?

It was your fault and you were beaten up for trying to pull a dirty trick, so that's fine, but from Tian Xiaodong's point of view, they won't pursue the matter anymore and this is like a gift!

Do we deserve to be beaten?

Ji Feng knew Zhang Lei too well, he knew that Zhang Lei must have been stirred up again.

As expected, Ji Feng saw that Zhang Lei's face had turned gloomy.

However, Tian Xiaodong hadn't noticed yet, he seemed to think that his reporting his cousin's name had worked, so he said in a panic, "Yes yes, you heard me right, my cousin is Song Mingyuan of Hang City, Jiangsu and Zhejiang, one of the five young men of Jiangsu and Zhejiang ....."

The next moment, Tian Xiaodong's words came to an abrupt halt.

Zhang Lei had directly interrupted his words with a wooden stick, and at the same time, broke his remaining leg!

"Ah..."

Accompanied by Tian Xiaodong's once again wretched scream, all of his limbs were broken.

Immediately afterwards, the heart-breaking pain made Tian Xiaodong unable to support himself any longer, only to see his eyes roll over and he directly fainted to death.

“Fuck!”

Zhang Lei cursed and threw away the wooden stick, then lifted Tian Xiaodong with one hand, took a few quick steps and flung his hand violently.

Whew~~!

Tian Xiaodong was thrown away directly by Zhang Lei as if he was a bag of rubbish.

Peng~~!

Tian Xiaodong fell straight into the rubbish!

But Zhang Lei didn't stop, he immediately lifted the next few guys and threw them one by one.

At this time, Peng Guangqi and the others were terrified, they were limp on the ground, almost fainting from fear, not even willing to open their eyes and wake up, preferring to believe that it was just a nightmare.

But the sensation of their bodies soaring through the air came over them, letting them know that this was not a dream.

The next moment, they fell into a rubbish heap.

Just in that one moment of being thrown into the rubbish, a trace of remorse rose in Peng Guangqi's heart, how could he be so cheap-handed, why did he have to molest this horrible guy's girlfriend .....

And at this time, Zhou Li and the two escort team members were equally terrified.

Zhang Lei was too scary!

The thought rose up in their minds, usually looking at Zhang Lei's figure was not too tall, but he was actually so terrifying, not to mention that so many people were beaten by him alone, just this last, he broke Tian Xiaodong's limbs without even blinking, and even faced a pistol without changing his face, this was really amazing!

Ordinary students, even those from the Martial Arts Association, weren't this fierce, this was simply a bogeyman, more fierce than even the legendary Special Forces!

But Zhang Lei, who had done this, did not feel anything, the reason he had to lay down a hot hand today was to express his anger.

If not, he would have used the power of his second uncle Zheng Yuanshan to put these kids in the bureau for a few days, and that would have been enough for them to suffer.

Those whole tricks in the detention center could definitely make these bastards suffer \*\*\*\*\*.

But Zhang Lei didn't care to do that, since he wanted to take out his anger, it was best to teach them a hard lesson with his own hands!

“Dangling~~!”

Zhang Lei casually threw the wooden stick on the ground, took out his mobile phone and dialed a number: "Second uncle, this is Zhang Lei ....."

After the work was done, the rest of the sweeping work naturally had to be handed over to the second uncle.

And then, Zhang Lei walked over with a smile on his face.

He first came to the two injured escort team members and said, "Two brothers, I'm really sorry, because of my matter also let you guys get beaten up, this way, I first send you to the hospital, the rest of the matter, we will talk about it later!"

Zhang Lei was a generous person, and he was very sincere when he spoke, so he usually had a good relationship with the escort team, so these two people were also polite and did not push back.

Zhang Lei also did not say anything more, no matter what, today these two brothers were also injured because of him, for no reason, being beaten up, if anyone else would be very depressed, this is not a word of apology or a thank you can solve.

Moreover, Zhang Lei rarely owed people favours, so this next time, he would definitely have another arrangement, but it would have to wait until the two of them had recovered from their injuries.

Of course, there was also Zhou Li, who had also helped out this time.

As for whether or not it helped, this needs to be said separately, after all, there are sizes of people's abilities, but this heart Zhang Lei received.

The first thing you need to do is to take a look at the garbage.

He turned his head to look at Tian Xiaodong, who was struggling in pain in the rubbish pile, and frowned slightly.

Because Ji Feng remembered what Tian Xiaodong said about Song Mingyuan, what exactly is the sacred .....

#### Chapter 1538

Ji Feng, together with Zhang Lei and Zhou Li, accompanied the two escorts to the school's infirmary.

Because there were many students at the university, the school's infirmary was well-equipped, and the level of treatment was not bad.

Zhang Lei first paid the deposit for them with his card, and then called the school supermarket to send them some necessities.

At the same time, since the two boys had girlfriends at school, Zhou Li also called them to come over, so that they could also take care of them.

After arranging for these two boys, Zhang Lei and Ji Feng then let out a sigh of relief.

Not to mention, these two escorts were injured because of Zhang Lei's matter, and with this alone, Zhang Lei would have taken the initiative to take full responsibility.

However, Zhang Lei's initiative to take responsibility and pay off the deposit and so on, still made Zhou Li and the two boys feel a lot more comfortable. No matter what, Zhang Lei had this attitude, and they felt that their injuries were worth it.

It was always good to be able to be friends with such people.

"Two brothers, you guys should rest here for a few days first, everything has been arranged, you don't even need to worry." Zhang Lei said with a smile, "I won't say any more polite words, you will know my character when we get along for a long time in the future, anyway, in a word, I'll take note of today's matter!"

"Zhang Lei, you're too polite." A boy said, "Protecting our school students from bullying is also the duty of our escort team!"

"Haha!"

Zhang Lei laughed, "Alright then, you guys rest first, I'll see you tomorrow!"

The three of them walked out of the infirmary and looked at each other, and couldn't help but laugh at the same time.

"There's only one word to describe what happened today – cool!" Zhou Li couldn't help but say, "What a fucking pain in the ass!"

Zhou Li was really relieved, not just because he had also been scolded before, so he felt relieved watching Tian Xiaodong and Peng Guangqi and the others being beaten up.

In fact, Zhou Li felt relieved because in the past, this Tian Xiaodong, on account of his wealth and power, had acted like a bully in the school, never putting the student union guard team in his eyes.

The three of them often eat and drink together.

If Zhou Li hadn't deliberately befriended the two police officers, I'm afraid they would have suggested that the school let Tian Xiaodong become the head of the escort.

For example, today, originally Zhou Li had intended to have those two civilian police officers tag along in the hope of protecting Zhang Lei, but those two civilian police officers found reasons not to go, and that was enough to explain the problem.

Now it's good!

Tian Xiaodong was so rampant, now he has finally met his nemesis, right?

He even said he wanted to break Zhang Lei's limbs, but he probably didn't anticipate that his own limbs were broken by Zhang Lei first!

"Old Zhou, you think so too?" Zhang Lei asked with a smile.

"What, do you find it offensive?" Zhou Li asked in return.

"Sweat!"

Zhang Lei scratched his head and said, "Old Zhou, you're asking me if it's cool for such a big man ..... it's not very nice, is it?!"

Zhou Li: "....."

Next to him, Ji Feng couldn't help but shake his head and lose his smile.

Zhou Li also laughed, Zhang Lei usually but easily do not open this kind of joke, it can be seen, he should be very painful in his heart.

"By the way, what happened to Tian Xiaodong and their pick up?" Zhou Li asked.

"What else can they do?"

Zhang Lei smiled slightly: "Colluding with the society to beat up the students, and even used a gun, this is a very serious criminal case, the city bureau will definitely take it very seriously, and will even treat it as a typical case to arrest, what do you think they can do?"

Zhou Li then understood, it seems that Tian Xiaodong and the others will not be able to get a good deal, moreover, I am afraid that this jail sentence will be inevitable.

Thinking about it, Zhou Li felt pity for Tian Xiaodong and the others, these people were really blind, they had no choice but to mess with Zhang Lei and Ji Feng!

Especially that Peng Guangqi, that son of a bitch was really cheap, he even molested Zhang Lei's girlfriend!

That's like looking for death!

This is good, not only did he get beaten up, but he also had to go to jail to experience life.

"It's okay!"

Ji Feng laughed: "Old Zhou, thank you for what happened today, I won't say too much, let's have a few drinks after those two brothers are healed!"

Zhou Li laughed, "Well, that's more reliable. Ji Feng, I'll take note of your words!"

"Make a note, of course I want a few!" Ji Feng laughed.

"So that's it for now?" Zhou Li laughed, "I still have to go and report this matter to the General Office!"

"You're busy!"

Ji Feng and Zhang Lei nodded their heads at the same time.

After that, Zhou Li quickly left, today's matter was not small, not only did it involve so many students, but the other side also moved their weapons, he, as the captain of the escort team, was obliged to go and report the situation to the school first.

"This guy is not bad!" Looking at Zhou Li's back as he left, Zhang Lei said.

"Mm!"

Ji Feng nodded and said, "Although he's a bit slick, but he's still reliable at critical moments!"

"He's slick, that's because he was exposed to society earlier than other students, that's not a flaw!" Zhang Lei laughed.

Ji Feng then gave him a look and laughed, "It seems that you and he are very close!"

Zhang Lei said, "It never hurts to have more friends, look, this matter today is thanks to Zhou Li, I definitely have to keep this favor in mind!"

"That's right!"

Ji Feng nodded his head.

To be a human being, the most important thing is to know how to return the favor, although today Zhou Li actually did not play any role, even without the help of others, Zhang Lei could have handled it alone, but, again, Zhou Li did not know Zhang Lei's ability, so this favor is very obvious!

"This Zhou Li, it's worth a friendship!" Ji Feng said.

"Yes!"

Zhang Lei nodded and said.

"By the way, madman, before Tian Xiaodong said something about the five young men of Jiangsu and Zhejiang and Song Mingyuan, I see you seem to look a bit wrong!" Zhang Lei suddenly asked, "Have you heard of what Tian Xiaodong said about the five young men of Jiangsu and Zhejiang?"

"The Five Young Men of Jiangsu and Zhejiang?"

Ji Feng raised his eyebrows and laughed, "Not only have I heard of it, but I've also seen it with my own eyes!"

"Oh?" Zhang Lei became interested, "Who are they?"

"Are they ....."

When Tian Xiaodong reported his cousin Song Mingyuan's name, Ji Feng felt very familiar, he knew he must have heard it somewhere, perhaps because he didn't take it to heart at the time, or he didn't listen too carefully, so he was still a bit unable to recall it now for a while, but he could be sure that he must have heard the name.

Because Ji Feng knew very well that his own memory should not be confused.

And when Tian Xiaodong later said the Five Young Men of Jiangsu and Zhejiang, and also said that Song Mingyuan was one of the Five Young Men of Jiangsu and Zhejiang, Ji Feng immediately remembered what the hell this Five Young Men of Jiangsu and Zhejiang was.

This so-called five young men of Jiangsu and Zhejiang, Ji Feng not only heard of them, but also had dealt with them.

There are five of them, namely Hu Yujin, Song Mingyuan, Peng Kuanqi, Tao Senjun, and ..... Zhou Shilin!

This five, is the so-called five young people of Jiangsu and Zhejiang!

Ji Feng remembered very clearly that when Xiao Yu Xuan's father, Xiao Changhe, and the general manager of Changhe Pharmaceutical Company, Lin Shengping, were in a hurry to expand the company's business, so they planned to go to Jiangsu and Zhejiang to explore the market.

But it didn't occur to them that they had just arrived in Hangzhou, the provincial capital of Jiangsu and Zhejiang, within a few days, when they were tricked by someone who had made a trap!

Ji Feng then personally went to Hangzhou, Jiangsu and Zhejiang to help Xiao Changhe.

It was also at that time that Ji Feng met the grandson of the Zhou family of Jiangsu and Zhejiang, Zhou Shilin, with whom he had once clashed in Yanjing, in Hangzhou.

And, it was also during that trip to Jiangsu and Zhejiang that Ji Feng caught Zhou Shilin in the act.

Zhou Shilin was thrown into prison, but when Ji Feng was about to leave Jiangsu and Zhejiang, four people barged in aggressively in the management office of the Original Stone Fair, and all of them looked arrogant and arrogant, and a few of them even spoke rudely directly!

These four people, naturally, were Hu Yujin, Song Mingyuan and others, and thus Ji Feng knew about the so-called Jiangzhe Five Young Men.

At that time, Ji Feng did not pay too much attention to them. At that time, those people looked like the so-called fop kids, plus Xiao Changhe was also in Jiangsu and Zhejiang, so Ji Feng did not have a general understanding with them, not to mention not having a direct conflict with them.

However, when Ji Feng met with Zhou Fei Fei, Zhou Shilin's sister, later on, he casually asked about the origins of these five young men of Jiangsu and Zhejiang, and got a general idea of the situation of these people.

Later, Ji Feng did not hear about them again, after all, Ji Feng was not in the same place as them, and he did not care too much about these people, so it was not surprising that he did not know about them.

Ji Feng, however, did not expect that he would actually hear the name Jiangzhe Five Young Boys here once again.

What was even more surprising to him was that this Tian Xiaodong, was actually the cousin of Song Mingyuan, one of the Five Young Men of Jiangsu and Zhejiang!

"The Five Young Men of Jiangsu and Zhejiang ....." Ji Feng couldn't help but shake his head and smile, originally he thought that he was in Jiangzhou and should have very little dealings with people from Jiangsu and Zhejiang, but he never thought that this Tian Xiaodong was the one who took the initiative to jump out.

One could only say that this world was really too small.

"Ho! So that's how it is!" After listening to Ji Feng's introduction, Zhang Lei couldn't help but sneer, "According to you, then we are really a bit of an ingrate this time, huh?"

"You could say that too!" Ji Feng smiled and nodded his head.

But isn't that the case!

Previously, Song Mingyuan had stomped on Ji Feng, but now his cousin had fallen into the hands of Zhang Lei and Ji Feng, what was this if not a narrow path of injustice?

Chapter 1539

"Madman, in that case, do you think we can give Tian Xiaodong some hard news?" Zhang Lei asked conspiratorially.

"What kind of fierce material?" Ji Feng asked with a smile, in fact he had already guessed what Zhang Lei was going to do.

"It's very simple, the matter of Uncle Xiao's deception in the past was more or less involved with their Jiangzhe Five Youngsters, right? Besides, didn't that Jiangzhe Five Youngsters still have some problems with you before?" Zhang Lei heatedly laughed: "The two burly men Tian Xiaodong invited here, could they be related to that Song Mingyuan?"

Ji Feng then laughed: "Are you trying to use Tian Xiaodong to burn this fire on Song Mingyuan?"

"Even if Tian Xiaodong is a bully, he's still just a student, how could he possibly invite two martial artists who know internal martial arts? And with weapons too?" Zhang Lei smiled coldly, "There must be an article behind this matter! Maybe ..... Song Mingyuan is the one behind the scenes!"

"This is not a good idea!" Ji Feng, however, shook his head and said, "Since Song Mingyuan can be called the five young men of Jiangsu and Zhejiang, then his Song family must also have some energy in Jiangsu and Zhejiang, planting evidence and framing such means can't move them!"

According to Zhou Fei Fei's previous statement, this Song Mingyuan's family seemed to have a very close relationship with the underworld, as if they belonged to a giant family on the road in Jiangsu and Zhejiang.

In anything, one cannot look at just one side, there is black and there is white, there is light and there is dark, there is no doubt about it.

Ji Feng can be sure that since the Song family can become a giant family on the road in Jiangsu and Zhejiang, they must have a very hard backstage in the officialdom, otherwise, they would definitely not be able to develop to the present state.

This was evident from the relationship between Song Mingyuan and Hu Yujin!

According to Zhou Fei Fei, Hu Yujin is the son of the second-in-command of Jiangzhe. Strictly speaking, he can be considered the second son of Jiangzhe, which is actually equal to Li Weibing of Jiangzhou!

Since there was Hu Yujin's support behind him, it was almost impossible to use planted evidence to deal with Song Mingyuan.

Moreover, it was not Ji Feng's habit or style to use such tactics!

"Hey! I was just saying that." Zhang Lei laughed. In fact, he knew that this tactic was not bright enough, although Jiangzhou and Jiangsu and Zhejiang were close to each other, they were provinces and cities

that were independent of each other, so Ji Feng's hands could not reach Jiangsu and Zhejiang, so Zhang Lei was a little anxious in his heart.

"Lei Zi, there is no need to rush some things, the so-called mountains don't turn around, maybe one day we will bump into each other, there is always a chance!" Ji Feng patted Zhang Lei's shoulder, "However, your mentality should not be crooked!"

Jiangzhou and Jiangsu and Zhejiang are so close to each other, and Ji Feng believed that unless the five young men of Jiangsu and Zhejiang were to cultivate themselves from now on, they would run into each other again sooner or later, and at that time, it would be very simple to play. The most important thing now is Zhang Lei's mentality. If a person is used to using some vicious and despicable means, his character may also change, and sooner or later, he will suffer in this regard.

Zhang Lei laughed: "I understand what you mean, don't worry, I have it in my heart!"

Ji Feng smiled and nodded, he was still relatively at ease with Zhang Lei.

"Lei Zi, actually you don't need to rush!" Ji Feng smiled again, "Just like you said, Tian Xiaodong is just a thing that can't hold up the stage, with him alone, he can invite two martial artists who know internal martial arts and have guns? There are obviously some problems in between, maybe ah, there really is some connection with Song Mingyuan!"

Zhang Lei's eyes suddenly lit up, "Didn't you just say that you couldn't use this method?"

"What I said was that we can't plant evidence to frame him, because Song Mingyuan has a deep background behind him, maybe the number two person in Jiangsu and Zhejiang Province is standing behind Song Jia, if we do that, we might be lifting a stone to smash our own feet." Ji Feng said, "But, if this matter is really just related to Song Mingyuan ..... hey!"

Zhang Lei also couldn't help but laugh: "This is the difference between conspiracy and yang conspiracy, right?"

Ji Feng nodded with a smile, "Sort of!"

Conspiracy, in fact, from the surface word meaning, is to do bad things. Yang conspiracy, on the other hand, is to perform a means in an open and honest manner, and these two are already extremely different in terms of pattern!

"So ah, just expect this matter to really be related to Song Mingyuan!" Ji Feng patted Zhang Lei's shoulder and laughed, "Go back, don't wait for Shen Jingyi to hear about it before you go to her, save her the worry!"

"I know!" Zhang Lei nodded his head.

.....

Since there was no problem with Zhang Lei, Ji Feng naturally drove back.

As for how Tian Xiaodong and the others were doing, Ji Feng wouldn't care about them, since the gang had fallen into Zheng Yuanshan's hands, I thought Chief Zheng wouldn't let his nephew be aggrieved.

It's a bit funny to think about it!

Strictly speaking, this matter of Tian Xiaodong could only be considered a minor incident, which had little impact other than allowing Zhang Lei to vent his anger.

But ..... it does feel good!

The actual fact is that you can find a lot of people who have been in the business for a few days, and they have not been able to find the opportunity to vent their anger.

However, from Tian Xiaodong's words and behaviour, it was clear that this guy was no good, and he must have done this kind of thing a lot in the past.

So for Tian Xiaodong's fate, Ji Feng had only one comment – he had it coming!

Half an hour later, when Ji Feng drove back home, Yao Yao immediately jumped over happily, the little girl was very dependent on Ji Feng, her two white and tender little hands tightly wrapped around Ji Feng's neck, chattering and talking to Ji Feng.

"Yao Yao, look what Daddy brought you!" Ji Feng smiled and took out a bag from the car, which he had bought on the way, a cartoon doll from a cartoon.

Yao Yao immediately said happily, "Thank you, Daddy!"

She beamed her little mouth and kissed Ji Feng's face hard, but she was so happy.

Ji Feng then laughed, in fact, he had seen many dolls at Qin Shujie's house, Yao Yao was so happy, I'm afraid she had never received a gift from her dad.

"Come back!"

Tong Lei said softly when she saw Ji Feng carrying Yao Yao in.

Ji Feng nodded his head and was just about to speak when he heard his phone suddenly ring.

"Daddy, someone is calling you!" Yao Yao hurriedly reminded Ji Feng.

"Yes, then you go play at sister's place first, and daddy will answer the phone, okay?" Ji Feng smiled and said.

"Mmm!"

Yao Yao nodded her head vigorously, very well behaved.

"So good!" Ji Feng then smiled and put her on the ground, the little girl immediately stomped to Tong Lei and showed off the toys Ji Feng bought for her.

Ji Feng took out his mobile phone and found that it was Zhang Lei calling, he picked up the phone and smiled, "Lei Zi, what's up?"

"Crazy, good news." On the phone Zhang Lei laughed: "Just now second uncle called and said that Tian Xiaodong had explained everything, that the two big men were the ones he asked for from Song

Mingyuan, and that the guns were also provided by Song Mingyuan ..... Hey! The first time I saw you, I was able to tell you that this matter was really related to Song Mingyuan!"

Ji Feng was stunned: "So quick to explain?"

This is more or less out of Ji Feng's expectation, according to reason, a person like Tian Xiaodong should not be so afraid of the police, and his body is still injured, his limbs are broken, he should be in the hospital at this time, how come he gave an account so quickly?

"Hey!"

Zhang Lei said with a bad smile, "It's feasible not to give an explanation, right? The injuries on that kid's body are not light, but if he doesn't give an account, it will be a bit difficult to get medical treatment. You also know that our Jiangzhou hospitals are rather tightly staffed. .... He dares not to give an account?"

The first thing you need to do is to get a good idea of what you're doing.

The police have the power to decide when to send him to the hospital and how to treat him.

Under such circumstances, if the police wanted to know something, Tian Xiaodong would indeed not dare not say anything.

However, Ji Feng also guessed that the police were afraid that they had also received Zheng Yuanshan's authorization to do so, as it was against the rules to compare.

From this, it could also be seen how annoyed Zheng Yuanshan was about his nephew being besieged, otherwise, how would he, a deputy director of the Jiangzhou Municipal Bureau, have the leisure to do such a thing!

"Zheng Yuanshan is the mastermind?" Ji Feng asked.

"It doesn't matter if he's the mastermind or not." Zhang Lei said, "Anyway, we already have the confession over here, that Song Mingyuan will definitely be in some trouble, but madman, you shouldn't get your hopes up, if Song Mingyuan really has as much background as you say, someone will definitely come out and take the blame, trying to move him down, this alone won't work!"

"I understand that!"

Ji Feng nodded, of course he knew that it was obviously unrealistic to try to move Song Mingyuan just based on Tian Xiaodong's statement. In fact, Ji Feng had never thought that he could deal with Song Mingyuan by relying on a single Tian Xiaodong either.

A person like Song Mingyuan must have very rich experience in dealing with the police, which Ji Feng had expected.

What Ji Feng needed was just such a handle.

As for when to move Song Mingyuan, this will depend on the situation.

I believe that as long as the two of them still have conflicts in the future, this handle will definitely come in handy, this is not urgent.

The most important thing right now is to get rid of Rong Suyan's matter, and also the matter of Tengfei Group's entry into the industrial field, and also to confront one of the giant enterprises ..... such as the Sumida Group of the boundary tent. As for Song Mingyuan, it is still only a side issue.

In fact, what Ji Feng is really keeping an eye on is still the five young men of Jiangsu and Zhejiang!

Technically speaking, it should be the four youngsters!

After chatting with Zhang Lei for a few more minutes, Ji Feng hung up the phone, but before he could return to the living room, the phone rang again.

This time, it was White Spider calling.

"Young Ji, the target has lost track, I suspect that the other party is about to make a move!"

Chapter 1540

Ji Feng immediately frowned, "When did the target go missing?"

Of course he knew that the target that White Spider was referring to was the woman, Yan Hong, who was in the cafe opposite Rong's Ventures' office building that day.

As for this woman's companion, Qin Feiyu, who could possibly be the famous professional assassin 'Flying Fish', was being followed by Li Ruonan's men, so the target White Spider was referring to could only be Yan Hong.

"It's today!" White Spider said, "I couldn't feel the other party's presence anymore, but the feeling of danger was getting stronger and stronger. So I called Captain Li Ruonan, and she said that the other party had indeed disappeared!"

Ji Feng then understood that in the past, White Spider was also a professional killer, and her experience had made her have a very keen sense of danger, since she felt that the danger was getting stronger, then obviously, she decided that the other party might be about to make a move.

Although this judgment carried a very strong subjective sense and there was not the slightest basis to prove her claim, Ji Feng was willing to believe it.

A professional killer's intuition might be a stronger indication than evidence would be!

"White Spider, since you have sensed that the other party is about to make a move, you must not slacken off at this time." Ji Feng admonished, "Whether it's Rong Suyan or you, the safety of both of you is very important, while you protect Rong Suyan, you must also pay attention to protecting yourself, you hear me!"

"..... Yes!"

White Spider's voice became a little softer.

Ji Feng then said, "You have a weapon on your body, you can just shoot when necessary, don't bother with that much, I'll take the consequences if there are any!"

Ji Feng knew that sometimes White Spider liked to think too much, which was an advantage, but sometimes it was also a disadvantage.

It was a good habit to think twice before doing anything, but if you thought too much, you would instead be looking ahead and might put yourself in an extremely unfavorable position.

"I'll remember." White Spider said softly.

Ji Feng's concern for her was very genuinely felt by her, which made Bai Spider's originally somewhat cold and pretty face, when she was on the phone, take on an extra blush, and her beautiful eyes took on a more complex look.

..... There was shyness, hesitation, and seemingly some ..... bewilderment.

"Then let's do this for now, contact in time if anything happens!" Ji Feng didn't say anything more and then hung up the phone.

"Yan Hong has disappeared ....." Ji Feng frowned slightly as he pondered Bai Spider's words.

Bai Spider had been protecting Rong Suyan at Rong's Ventures, then she would not have time to follow Yan Hong, so what she said about Yan Hong's disappearance could very well be that Yan Hong had scouted out the environment and gotten certain information that she wanted, and indeed it was possible that she was going to start making her move.

Once he thought of this, Ji Feng immediately picked up the phone again and called Li Ruonan.

"Ji Feng?!" Suddenly receiving a call from Ji Feng, Li Ruo Nan seemed a little surprised, "Why did you suddenly want to call me?"

"If I said I missed you, would you believe me?" Ji Feng asked.

Li Ruonan: "....."

A blush flashed across her pretty face, but her mouth said, "I believe it, but I know that even if you miss me, you're only thinking of me now, right?"

"What do you mean?" Ji Feng asked with a smile.

"Because according to what you mean, you only call me when you think of me, so let me ask you, how many times have you called me after we've known each other for so long?" Li Ruonan asked.

"Ahem ....."

Ji Feng then coughed lightly and laughed, "This is all my fault! So what, Ruo Nan, didn't you send someone to keep an eye on Yan Hong? Where is she now?"

Hearing that Ji Feng had stopped talking to her and even directly changed the topic, Li Ruonan's heart became a little disappointed.

But soon, Li Ruonan gathered her mood and said, "Actually, I was just about to call you, the cadre of police officers sent to follow Yan Hong came back, they lost the man ..... pissed me off, two big men following a woman, and they actually lost her!"

“Many men are inferior to women!” Ji Feng said with a smile, “Especially a woman who is too powerful, it’s not surprising to compare men to each other, and you don’t need to get angry .....”

Li Ruonan’s heart then stuttered, a woman who was too powerful?

Is he talking about Yan Hong, or is he talking about .....

“By the way, where did those two policemen lose the person? What did that woman do before she was lost?” Ji Feng’s voice interrupted Li Ruonan’s thoughts again.

She hurriedly shook off her head, what was wrong with her, why did she always seem to be lost in thought today!

Li Ruonan took a deep breath and said, “It was in a rural courtyard in the suburbs that we lost the person, at that time the woman took a taxi there, because it was rather remote, our cadres were not good at following too close, so they were a bit further away. At that time they witnessed Yan Hong get out of the car and go into the courtyard, and only after a while did they let what seemed to be close from behind, and one of the cadres got out of the car directly and went to the back of the courtyard for surveillance .....”

“Then what?” Ji Feng asked.

“And then?”

Li Ruonan said somewhat helplessly, “Then they two idiots waited there for most of the day, and finally they couldn’t stand it anymore, so one of the cadres climbed up a tree to look into the courtyard, only to find that all the doors were locked, and no one seemed to have been inside at all!”

“They immediately broke in, only to find no one inside!” Li Ruonan said, “Yan Hong just disappeared into thin air like that!”

“So that’s how it was!”

Ji Feng nodded slightly, but in his heart, he couldn’t help but feel emotional, Li Ruo Nan only knew that Yan Hong had lost track of her from their surveillance after sending someone to follow her, while the White Spider, on the other hand, realized that something might be wrong just by her own intuition, this alone could show the ability of the White Spider, and also how right it was to put the White Spider by Rong Suyan’s side!

However, Ji Feng was also a little curious, since there were people blocking the front and back of that courtyard, how did Yan Hong disappear out of thin air?

She couldn’t have the ability to fly and disappear, could she?

Ji Feng couldn’t help but shake his head and laugh, he didn’t believe in this speculation, at least in Ji Feng’s impression, he hadn’t heard of anyone in this world who could fly into the sky and disappear into the ground!

Not to mention flying, dare to jump straight down from the plane without bringing anything, Ji Feng has not heard of ....., except suicide!

And also to jump down from the helicopter to do so!

Then it also means that Yan Hong must have used some unexpected method to leave the courtyard, such as makeup to leave, or there was a secret passage in that courtyard, and Yan Hong left through that secret passage.

“Apart from finding out that Yan Hong got rid of your men, is there anything else you found out?” Ji Feng asked again.

“What do you guess?” Li Ruonan said.

“..... That means there’s something found?” Ji Feng was tempted to just hang up the phone, he was most helpless who told him when he was on the phone, guess .....

He can’t even see the person, how can he guess?

Besides, unless one is too bored with idleness, who would call and play with someone guessing a dumb riddle?

“You’re smart!” Li Ruonan nodded with great satisfaction and said, “Let me tell you this, although those two guys lost Yan Hong, however, in that suburban house where Yan Hong disappeared, they found something.”

“What kind of stuff?” Ji Feng immediately asked.

“It’s a very clear oil that feels very comfortable when touched inside the hand .....

“Gun oil?” Ji Feng immediately asked.

Ji Feng knew that generally for some of the more special guns, they would rub on something that was a very clear gun oil, which was also a kind of maintenance.

You know, usually, special firearms are not easily used, but as long as they are used, then they must be used to carry out some very special tasks.

Therefore, it is most important to ensure the normalcy of the firearms, and the kind of clear gun oil that Li Ruonan mentioned is a kind of top grade gun oil, general pistols, revolvers and the like, will not use this kind of gun oil.

If Yan Hong was really the sniper who shot at Rong Suyan, then it’s not surprising that she had gun oil. Because Ji Feng had long known that the one shooting at Rong Suyan was a sniper rifle, rubbing gun oil on a sniper rifle, that was too normal!

“That’s right, it’s gun oil!” Li Ruonan said.

At once, Ji Feng could be sure that this Gao Hong, who had suddenly disappeared, should also be a gunman, and Ji Feng was even more sure of his previous deduction.

“Ji Feng, your judgment is correct, that Yan Hong could really be the gunman who shot at Rong Suyan.” Li Ruonan’s tone was full of admiration, “I really didn’t see it, not only are you still good with your hands, you actually have a way of reading people this way, tsk .....

Li Ruonan really did not expect that Ji Feng's vision was actually so poisonous, he and Qin Feiyu and Yan Hong should also meet for the first time, and the scene of the meeting at that time Li Ruonan still saw it with his own eyes.

"..... other than that, what else is found?!" Ji Feng ignored her flirtation and asked directly.

"Aren't these discoveries enough?" Li Ruonan said, "Based on the stickiness of that gun oil you can tell that it should have been used recently, probably not even a day old ..... so I guess it was after Yan Hong entered the courtyard and wiped down the sniper rifle and then this just disappeared!" Li Ruonan said.

"That is to say, Yan Hong was carrying a weapon immediately!" Ji Feng said in a deep voice.

"That's right, that's why I feel that Yan Hong might be about to make a move ....." Li Ruonan's voice was a bit gloomy, "but we still don't know right now, when and where Yan Hong is actually planning to make a move on Rong's Ventures' Rong The main reason for this is the fact that it is not possible to guess."

"Since we can't guess, then we'll be the ones to make the call!" Ji Feng laughed.

"Sh, what do you mean?" Li Ruonan was stunned.

"Then think of a way to make Yan Hong take the initiative to jump out ....." Ji Feng said indifferently, "Don't forget, there's also that Qin Feiyu!"
