

Campus Master 1541

Chapter 1541

Not long after he returned home, Ji Feng drove out again.

He did not go directly to Rong's Ventures. After receiving a call from Bai Spider and speaking to Li Ruo Nan, Ji Feng had an idea in mind.

This might be a good opportunity!

Ji Feng also realised that there might be something to be gained this evening.

However, before that Ji Feng had things to do.

He called Han Zhong and asked him out, and the two of them ate and talked at a restaurant near the Tengfei Group.

"Ji Feng, why did you suddenly remember to call me to dinner?" Han Zhong picked up his glass of wine and was ready to have a drink with Ji Feng, but he was turned down by Ji Feng.

"I drove here, so I won't be drinking today!" Ji Feng waved his hand.

"It's fine, leave the car here and take a taxi back directly after the meal." Han Zhong smiled and said.

"Fine!"

Ji Feng smiled and nodded, then he picked up his glass of wine and drank with Han Zhong.

After a few glasses of wine went down between you and me, Han Zhong asked the same question he had just asked, Ji Feng suddenly called him out and said that he wanted to have dinner together, which made Han Zhong feel a bit strange, it looked like Ji Feng had something he wanted to say to him.

Could it be that Ji Feng had fallen out of love and wanted to find someone to talk about the bitterness in his heart?

Han Zhong thought badly.

The fact that Ji Feng had two girlfriends who looked like flowers was really the envy of the brothers around him, so everyone would occasionally joke with him about it.

But Ji Feng shook his head and laughed: "Han Zhong, I knew what you wanted to shit when you pouted! Let you down, I've always had a good relationship with my family Yu Xuan and Lei Lei, something like drinking to relieve boredom will definitely not happen to me!"

"Don't say things so absolutely!" Han Zhong gave a heated smile.

"Mind your own business before you say anything!" Ji Feng hummed, "I heard that quite a few girls have been chasing you recently?"

Ji Feng was really not flirting with Han Zhong, but it was indeed true.

Hearing from Xiao Yuxuan, Han Zhong attended a banquet of some sort a few days ago, and when a few girls heard that he was the general manager of the Tengfei Group, they all had beautiful eyes, and some even took the initiative to approach Han Zhong.

It seems that it was this morning that there were girls who specifically went to the office building of the Tengfei Group to look for Han Zhong, when they happened to be seen by Xiao Yuxuan.

“You kid .....

As soon as he heard Ji Feng talk about this, Han Zhong was immediately a little embarrassed: “Don’t bring you to bully people like that!”

“How can this be bullying you!” Ji Feng laughed: “We have one more year to go before we graduate, so it’s not too early for you to find a girlfriend at this time.

The first to have a girlfriend was him and Zhang Lei, except for Han Zhong, Du Shaofeng and Zhao Kai, and a few other guys in Zhang Lei’s dormitory, who were all still bachelors.

This is the first time I’ve seen a couple of guys who are still young and vigorous, and some of them have even rented a house outside the school and are living a sweet life with their girlfriends.

The fact is that the girlfriends they find are of good character, which may directly affect their relationship with each other.

You can’t see how many good brothers just because of their girlfriends, and then we all gradually drifted apart, or even fell out directly!

Especially since Han Zhong is still the general manager of the Tengfei Group, and he himself also has shares in the Tengfei Group, I’m afraid I don’t know how many pairs of eyes are watching Han Zhong.

So when it came to women, Ji Feng was worried that Han Zhong might get hot-headed or fall into someone else’s trap.

Especially when he heard today that there was actually a girl chasing Han Zhong backwards, Ji Feng immediately took note.

Frankly speaking, if one were to evaluate Han Zhong fairly from an outsider’s point of view, this kid is definitely not handsome, strictly speaking his looks can only be considered below average.

His body was a bit fat and he was not tall. Although he was not too ugly, he was not a handsome man after all.

To put it in a bad way, if a man like Han Zhong were to be thrown out into the crowd, women would not even look at him.

But now, someone is chasing after Han Zhong, and it seems that there is more than one woman .....

Isn’t this a bit strange?

The only two possibilities for these women to look at Han Zhong are either that they are blind or that they have ulterior motives.

The fact is, they don't know much about Han Zhong, and they don't know that his real charm is actually his superior talent in business, so why do they look at Han Zhong?

"Ji Feng, I understand what you mean, don't worry, I'm not one of those little boys who has never seen a woman before." When Ji Feng mentioned this matter, Han Zhong knew what was going on, it was obvious that Ji Feng was not at ease with himself.

Ji Feng nodded with a smile and said, "I'm still relatively at ease with you, let's see, you don't have to stay in the company all the time, you can often go to classes over at the school, you might be able to meet a girl who is most suitable for you, relatively speaking, students are still relatively innocent now!"

"I haven't thought about it yet, let's just let nature take its course anyway, it's not good to force it." Han Zhong laughed: "It's not that brother is talking big, if it's just for the sake of a relationship, you can find any kind of woman you want!"

Ji Feng was dumbfounded, but he had to admit that what Han Zhong said was true, just with those girls' pursuit of material conditions nowadays, with Han Zhong's status and position, he could indeed find any kind of girl he wanted.

"Take your time, maybe one day I will meet someone who is more suitable for me, people's fate is predestined by the heavens, so is fate!" Han Zhong laughed.

Ji Feng then nodded and smiled, "If you can think like that, then it's even better."

Since Han Zhong thought clearly, Ji Feng didn't say anything more. Regarding the personal matters of his friends and brothers around him, the most he could do was to give an opinion, and the final decision on how to make it was still their personal matter.

Even if Ji Feng is strong, he will not be overbearing and interfere with his brothers' private affairs.

Otherwise, I'm afraid there would be no more brothers to be brothers in the future.

"By the way, I heard one more thing." Ji Feng quickly changed the topic, "I heard that someone has got the answers to the exams of the counterpart training course that Tengfei Group cooperated with the United University, have you heard about this?"

"Answers?"

Han Zhong couldn't help but be slightly stunned, "What answers? Is there any exam? How come I don't know?!"

"It seems to be the answer to the final exam!" Ji Feng said, "I just heard about it too, I'm not too sure about the details."

"What a joke!" Han Zhong couldn't help but laugh, "This is not a short time before the final exams, I'm afraid even those teachers themselves don't know what questions they are going to give yet, where did those students get the answers from?"

"If the wind comes from an empty cave, there may not be no reason!" Ji Feng said, "What if someone really got the answers?"

Han Zhong's face then frowned as he frowned and asked, "Who did you hear that from?"

"It was Lei Lei who heard it from someone in her dormitory, it seems to be a student from the counterpart training course who said it to someone else .....,," Ji Feng briefly described which situation Tong Lei was talking about.

Han Zhong's brow then furrowed: "Is this all true?"

Ji Feng said, "It's because I'm not sure that I came to ask you."

"Son of a bitch!"

Han Zhong immediately cursed through clenched teeth, "I don't know anything about this matter at all, don't worry, I'll go back and find out what's going on! If someone really got the answer ..... hum!"

Han Zhong couldn't help but feel a bit humiliated, he was the general manager of the Tengfei Group, and this matter of counterpart training courses was a very important project, but it turned out that after the problem arose, instead it was Ji Feng who found out first, but he still knew nothing about it.

The general manager himself was a bit incompetent!

Han Zhong felt his face burning hot, he gritted his teeth and said, "I'll definitely find out everything!"

"Just investigate in secret, don't alert the others!" Ji Feng said.

"Don't worry, I have it in my heart!" Han Zhong nodded his head and said.

After that, the two of them stopped talking about these things and just concentrated on drinking and eating, the brothers hadn't drank together for a long time, and this time they certainly couldn't point to the end!

.....

As night fell, Jiangzhou was gradually enveloped in darkness.

Right now the chill can already be felt, gusts of cold wind blowing, so that people who come out for leisure after work can't help but put on their winter coats, some even put on their cotton jackets.

However, many girls who love beauty still care about their image, even in this cold winter night, they are not willing to let those thick clothes make them bulky, so when you look around, many girls on the street are still wearing skirts, and some are even wearing shorts with only a pair of stockings underneath, which looks very eye-catching indeed.

Of course, there are also girls who are not this kind of girl who just likes to show off and will still wear what they should.

Right now, there was a tall girl wearing a big trench coat that completely covered her beautiful figure.

As the street lights were not too bright, the pedestrians on the road could not see the girl's face clearly, except that she had long hair and a large trench coat that reached down to her calves, which gave her a cool feeling when she walked.

Of course, the most unusual thing was the large guitar case she was carrying behind her.

This must be a singer who has a residency in a bar or something like that, people have speculated so, because there are many girls like her in Jiangzhou, perhaps to make a living, or perhaps for their own musical dreams, hoping that their singing talent will one day be discovered .....

What made everyone curious was that there was still a big difference between this girl's dress and the resident singer that everyone remembered.

If we just look at her appearance and dress, this girl is a fashionable girl, very different from those resident singers who dye their hair colourful and dress up in strange and weird ways.

With even strides, the girl walked unhurriedly into the dark shadows along the side of the street as everyone looked on curiously.

There was no longer anyone in sight and everyone's gaze was withdrawn, only their hearts were a little curious, was this girl really the resident singer?

Perhaps it was only from the occasional cold glint in the girl's eyes that one could be sure that this girl was indeed not a singer.

At this moment, the girl stopped at the entrance of a shady alleyway, and her gaze, fell on top of a car parked in front of a restaurant across the road.

It was a BMW X6 .....

Chapter 1542

The woman in the trench coat carried a large guitar case on her back and came up to the BMW X6. She cocked her head and seemed to be staring at the car with great interest!

After about ten seconds, the trench-coated girl shook her head slightly, then turned away with her guitar case on her back, only that at that moment of turning around her foot suddenly slipped, as if her high heels had broken violently.

She squatted on the ground and rubbed her ankle vigorously for a moment before she got up and left .....

This scene, which fell in the eyes of the security guard at the entrance of the hotel, was somewhat amusing.

"See, just now that woman even looked at that BMW for a while, I guess she is also a gold-digging girl, she is crazy to want a good car!" A security guard whispered.

"Or maybe it was a thief oh, probably wanted to see if there was anything in that car before ....." another security guard guessed.

"Oops!"

The previous security guard slapped his head and instantly said, "Look at my brain, why didn't I think of this, I should have known I would have gone up and asked!"

"What are you asking? It's not like they did anything, you're going to get slapped if you ask?"

“Hey .....

This winter night is very cold, although not to the extent of the freezing cold, but two security guards so stupid standing outside but also very uncomfortable, so find any topic, the two can chat a few words, as a distraction, but also to pass the boring time.

After all, in a restaurant like this, no one would normally come to cause trouble, and as for the people on the road around here, I believe the owner had already taken care of it at the beginning, so there was no need for them to ask questions.

However, the two security guards would never have thought that they were lucky not to have gone up to question the woman, otherwise, I'm afraid they would have been out of luck .....

.....

“All right, Han Zhong, go home at night and have a good rest first, the matter of the examination will be investigated slowly later, anyway, there is still some time before the examination, there is no hurry!”

The two of them had drunk a lot this evening, especially Han Zhong, he did not have the kind of strong physique that Ji Feng had, so now when he walked out of the restaurant his steps were a bit light and his face was red from drinking.

Han Zhong laughed and said, “I can't go home today, I'll definitely be scolded when I get home after drinking like this, I'll just find a hotel around here and stay the night!”

Ji Feng nodded and said, “That's fine, let's go! I'll go with you to find a hotel.”

“No, no need!” Han Zhong waved his hand and said, “I'm passed out from drinking, but I'm not drunk yet, it won't be a problem!”

Ji Feng persuaded him a few more times, but Han Zhong insisted that he didn't let Ji Feng send him.

“You've had a lot to drink tonight too, so don't worry about me. Han Zhong pointed to the front, “But you can't drive .....”

Seeing Han Zhong's insistence, Ji Feng said no more, he first stopped a taxi from the roadside and let Han Zhong sit on it before he himself stopped another car and left as well.

“Damn!”

Just as Ji Feng stopped a taxi and left, in the dark corner across the road, there was a voice cursing in a low voice, “You actually went to do a taxi when you had a good car to drive .....”

Soon, a trench-coated woman carrying a guitar case, quickly came out of the dark shadows, also stopped a taxi at the roadside and followed.

“Master, see that taxi in front of you? Follow that car!” The woman said, “I'll pay you double the fare!”

“Okay .....”

.....

In the taxi, Ji Feng was faintly closing his eyes.

It was true that he had drunk a lot this evening, and even with his physique he was slightly dizzy. So, Ji Feng had to activate the bio-current to dissolve all the alcohol in his body.

After a long time, Ji Feng opened his eyes and a brilliant light flashed through his eyes.

He subconsciously craned his neck.

“Hmm?!”

Ji Feng suddenly frowned.

The moment he turned his head just now, he inadvertently saw from the car window that there seemed to be a car following them behind.

In fact, there were quite a few cars behind this, but Ji Feng intuitively thought that the car was suspicious, there was no basis for this, it was just a feeling.

Ji Feng immediately turned his head to look behind him, and after observing carefully for a while, his eyebrows tightened up.

It was true!

If the other party is really just coincidentally walking on the same road, then there will definitely be some changes in the distance between the cars, for example, if the other party is anxious, they may overtake the car and go first, if they are mild, then they will drive at a speed that is not too slow, and the distance between the car they are sitting in will be further and further away.

The most important thing to know is that Ji Feng is in a taxi. For taxi drivers, of course, they want to pull more and run faster, so the speed of taxis is generally very fast, and they are the most active when they see the seams, and they are generally stuck in traffic.

But in Ji Feng's line of sight, there was a car behind him that had been speeding up and down, but the distance between it and the car he was riding in was basically not much of a change, probably staying at 40 or 50 meters, neither out of sight nor too close.

The company's experience and eyesight naturally saw at a glance that this was definitely following itself!

“It seems that there is someone who is specifically watching himself!” Ji Feng secretly said.

He had come here today to have a drink with Han Zhong, which was impromptu, so reasonably speaking, no one should know about it, but now there was someone following him, so it could only be someone watching him.

“Did the other party see himself temporarily and decide to follow him, or was he watching him all along?”

Ji Feng deliberated for a moment and couldn't help but say, “Master, please drive faster!”

“No way, little brother, it's the peak traffic period, it's easy to have an accident if you drive fast!” The driver master was helpless.

“Hehe .....”

Ji Feng smiled, indeed, don't look at the sky is dark now, but in fact the time is not too late, just winter, the sky is dark earlier, now the road can be all cars.

After thinking about it, Ji Feng took out his mobile phone and dialed a number: "Old Yi, what's the situation over there?"

"There is nothing yet, everything is normal!" Yi Xingchen's voice came through.

"Good then, you tell Liu Zejun and Lu Gang to go to a place ....."

After closing the line, Ji Feng said to the taxi driver again, "Master, I'm not going to Rong's Ventures, please turn around in front ....."

He glanced back at the car behind him again, his eyes narrowed slightly, he wanted to see what the other party was and why he was following him!

Now looking at the speed of that car, the person in the car should not yet know that Ji Feng had found out that someone was following him!

That would be good!

But soon, Ji Feng suddenly frowned, he suddenly thought of something, he once again looked back at the car that was following behind him, after a moment of deliberation, he immediately took out his mobile phone and dialed Yi Xingchen's number again, "Old Yi, don't let Liu Zejun and the others come over, I'm counting on you for the safety of Rong's Ventures, make sure you are alert!"

"Boss, are you in some kind of trouble?" Yi Xingchen asked.

"A small matter, I can handle it!" Ji Feng laughed.

"Alright then, contact in time if anything happens!" Yi Xingchen said.

After ending the call with Yi Xingchen, Ji Feng dialed a number again and arranged a few words before he put the phone away.

The reason why he suddenly changed his plan was because Ji Feng noticed that the car following behind him was actually a taxi!

The LED roof light on the roof of the car was the best proof of this!

The reason why Ji Feng had not noticed that it was a taxi was because he had been a bit negligent, but now that he saw this, it suddenly occurred to him that this could be a tactic adopted by the other party to move the tiger away from the mountain.

After speaking with Li Ruonan, Ji Feng believed in the judgment of the white spider, that Yan Hong, who was hiding in the shadows, should be planning to make a move, so Ji Feng immediately asked Yi Xingchen to take a part of his war team and go to Rong's Ventures, and a part of his men were ambushing around, just waiting for the killer to appear.

The other side found out about Yi Xingchen and the others, and was clear about the relationship between themselves and them, so this is why they deliberately sent people to follow them, in fact, just to get themselves to transfer Yi Xingchen and the others away .....

Although this possibility is not very likely, it cannot be ruled out either!

Therefore, to be on the safe side, Ji Feng still let Yi Xingchen and the others stay at Rong's Ventures while he had his master rush off to another place – Tongzhou Road!

Ji Feng was confident that even without the assistance of Yi Xingchen and the others, he could still handle the usual unexpected situations on his own.

Especially, at the Tengfei Network Company on Tongzhou Road, there were still Wang Hu and Du Shaofeng around!

They could also be of great help!

Soon, the car left the busiest part of the city, and the speed was obviously increased, especially when the car got onto Tongzhou Road, the traffic was even more convenient.

Although the road had been repaired, the occupancy rate of the surrounding buildings was very low, so the road was dark except for the occasional light coming from some floors, which made the street lights even dimmer.

And at this time, the car behind was likewise still following, just a lot farther away, probably a few hundred meters apart, but on this road with almost no vehicles passing by, the other side would be too obvious.

Ji Feng got out of the car in an open area, then leisurely walked along the road towards Tengfei Network Company.

From the corner of his eye, he saw that the taxi behind him had likewise turned around and returned, and, with a flash of a figure, entered the dark area beside the road.

The corners of Ji Feng's mouth could not help but pull up a slight arc, a good show is about to begin .....

#### Chapter 1543

The office building where Rong's Ventures is located is locked at the moment, and only a few rooms are still lit up inside, other than that, it is all dark.

If you look carefully, you can see that on this floor, behind the pillars in the corridor, there seems to be a dark shadow, which looks like someone is standing there.

However, these dark shadows were motionless, and if one did not know in advance, one might not be able to detect them even if one came up to them.

Guo Tao walked through the corridor and checked once, seeing this situation he was satisfied, this time the whole battle team came down to nearly half of the manpower, obviously Ji Feng attaches great importance to this matter, then he naturally must try to do the best, otherwise if in addition to the poor, disgraceful or not to say another, perhaps will miss Ji Feng's big event!

After confirming again that there is no problem, Guo Tao gestured to a dark corridor.

"Knock ....."

There was a very subtle ringing sound in the darkness.

Guo Tao smiled slightly, with Liu Zejun here there shouldn't be any problem, he then entered the general manager office of Rong's venture capital.

At this moment, Yi Xingchen had just put the phone down.

"Boss Yi, who's calling?" Guo Tao casually asked, "Is it the boss calling?"

Swish!

Rong Suyan and White Spider in the office both turned their heads to look at Yi Xing Chen at the same time.

Yi Xingchen was stunned, and then he seemed to understand something, and his heart couldn't help but realize that it looked like their hearts were filled with the boss.

The boss is really good!

Yi Xingchen couldn't help but secretly say, admiring in his heart, to say that in terms of kung fu, Ji Feng's strength that was naturally needless to say, countless times of fighting had proved how strong he really was.

I didn't expect that when it came to women, Ji Feng was still so strong!

The boss was a multi-faceted person!

"Manager Yi, was that Young Ji's call just now?" Rong Suyan couldn't help but ask.

Yi Xingchen nodded and said, "That's right."

White Spider immediately asked, "Why did I hear that it sounded like Young Ji wanted to transfer someone from here, did he run into some kind of trouble?"

Rong Suyan also tensed up, while Rong Peng, who was at the side, also frowned.

"Don't worry, there shouldn't be any problem, don't you guys still know well about Young Ji's strength!" Yi Xing Chen laughed, "If there was really a problem, he definitely wouldn't have just transferred two people over!"

"Is there really no problem?" Rong Suyan, however, asked again with uncertainty.

Yi Xing Chen smiled, but did not answer.

In fact, he didn't know how to answer this question, he wasn't too sure what situation Ji Feng was in, he just heard Ji Feng's tone from the phone was very relaxed, so he thought he shouldn't encounter any big problems.

But seeing Rong Suyan and Bai Spider's concerned expressions, Yi Xingchen didn't dare to speak up, God knows what kind of relationship Ji Feng has with these two women respectively.

If you speak up, you might attract trouble for Ji Feng!

The first thing you need to do is to take a look at Rong Suyan and the white spider, and you can't help but secretly admire Ji Feng, he really admires!

.....

In fact, at this time, Ji Feng did encounter a little problem.

When he was about to walk to the entrance of Tengfei Network Company, he suddenly only felt a chill on his back, and then his heart was immediately tightened.

The next moment, Ji Feng pretended to cover his mouth and bend over to cough, then took two quick steps and went straight past the building where the Tengfei Network Company was located and went around into the darkness.

Whew~!

As soon as he entered the shadows next to the building, Ji Feng let out a faint sigh of relief.

Don't look at this as just a few seconds, but the level of danger in this was more dangerous than any mission in the past.

The reason is that the moment Ji Feng felt the coldness in his back just now, he immediately knew that the other party was definitely not trying to play a ploy to transfer the tiger away from the mountain, but was coming directly at him.

The coldness he felt just now was actually his intuition of the other party's killing chance!

The other party's target was indeed him, and, moreover, wanted to kill him directly!

How could Ji Feng not be alert?

Ji Feng probably estimated that the other party was almost a hundred meters away from him, but the killing machine just now seemed to be in front of him, so he guessed that the other party must have a gun in his hand, and that moment just now was probably the moment when the other party aimed at himself .....

"Humph!"

Ji Feng couldn't help but sneer and glance back from the darkness, "This is getting interesting, someone is actually starting to make a move towards me too! Let's see who can have the last laugh!"

"Damn it!"

A low curse rang out in the darkness.

A woman in a trench coat couldn't help but jerk her head up, a cold light flashed in her eyes.

If there was light at this time one would have seen that in her arms, she was holding a sniper rifle!

The woman immediately opened the guitar case as fast as she could and took out the sniper rifle.

Because of the unique shape of this guitar case, the assembled sniper rifle could not fit completely inside and some parts had to be removed to fit this guitar case.

So as she took out the sniper rifle, the woman quickly assembled it again in the dark.

And then, she set up the sniper rifle and aimed at Ji Feng.

But at that very moment, Ji Feng unexpectedly bent down and coughed, causing her aim to fall short for a moment, and by the time she tried to shift her gun, Ji Feng actually entered the dark shadows .....

“What a bad year!” The woman couldn’t help but curse, “Did you forget to read the yellow calendar when you went out?”

When she was in front of the hotel earlier, she pretended to almost fall down, then stuck a tracker on the bottom of Ji Feng’s car and put a small bomb on it.

But to her surprise, Ji Feng didn’t actually drive, but took a taxi straight away.

Her plan had fallen through, which was why she followed him.

And that good opportunity just now, she had likewise missed it again, which more or less made her a bit furious.

“Phew~!”

The woman took a few deep breaths, trying to calm herself down, the most taboo thing for snipers was to be impatient, that would not be accurate and would lose the accurate judgment when they were calm.

The woman’s eyes were open, and she had to come back to the road first, whether she wanted to enter the building in front of her or go home.

The woman thought about this point and was in no hurry, waiting patiently there.

However, time passed, and after five or six minutes had passed and no Ji Feng had been seen, the woman’s brow furrowed.

Buzz~~!

A few more cars passed by on the road, and the noise was making this woman a little distracted.

“What’s going on?” She muttered, “Did a wild dog get it?”

“Miss, are you looking for me?” Suddenly, a low male voice rang out behind her.

The woman was instantly dead, her hair almost standing on end.

When had a man appeared behind her that she didn’t even know about?

Swish!

The woman didn’t even turn her head back, but the gun in her hand was instantly turned around, but the next moment, her movements froze.

A splash of coldness began to spread from her neck.

“Miss, you’d better not move around, this dagger of mine is too sharp, maybe if you turn your head and your neck rubs against the blade, it’s like you’re wiping your own neck oh!”

“You .....

The woman was instantly furious, but really didn’t dare to move any more. She could clearly feel how sharp the dagger that was on her neck was, the cold blade that made her neck gas a small lump .....

“I wonder if you could put the sniper rifle down in your hand for now?”

“It’s just too dangerous to move a knife and a gun like that!”

.....

Listening to the man’s voice, the woman gritted her teeth in hatred, it was so hateful, this warning was said in a flirtatious tone, the words were full of teasing, but she had to comply.

“What are you!” The woman asked in a cold voice.

“Tsk!”

The man’s voice behind her was teasing, “You’re holding a sniper rifle and you’re about to shoot me, and you’re actually asking me what I am .....

“So it’s you!” This woman gritted her teeth in hatred, as soon as the other party said so, she immediately knew who this son of a bitch who was restraining herself really was, he was her target this time, Ji Feng!

“It seems that you are really coming for me!” Ji Feng smiled faintly.

That’s right, the one who restrained this woman was indeed Ji Feng.

The moment Ji Feng felt the danger just now, he understood that the other party wasn’t playing any ploy, and since that was the case, he naturally couldn’t just let the other party get away so easily.

Moreover, Ji Feng did not have that patience to play any cat and mouse game with the other party, the situation was already a bit complicated now, Qin Feiyu and that Yan Hong side, still did not know exactly who had sent them, nor did he know exactly when they were going to make their move, and now suddenly there was another person who was ready to make a move on himself!

Ji Feng then immediately decided to capture the other party and interrogate them to find out their identity and origin first.

When it comes to playing such tricks in the dark, it’s all child’s play in front of Ji Feng, he’s the expert in dark attacks!

As expected, Ji Feng easily subdued the other party!

He couldn’t help but smile slightly, this assassin’s level was also very limited, it looked just like that.

However, Ji Feng was still a bit strange.

Because he heard this woman’s voice, it seemed a bit familiar.

Could it be an acquaintance?

“I say, are you still going to hold this gun all the time? It’s quite heavy, put it down!” Ji Feng smiled and said.

“Humph!”

The woman gritted her teeth and snorted coldly, but still bent down and prepared to put the gun down.

“Just throw it directly on the ground!” Ji Feng’s hand that grabbed her shoulder was violently forced, instantly causing the woman to let out a stifled cry and both hands suddenly let go, and the sniper rifle fell to the ground.

Swish!

Ji Feng pushed hard and turned the woman’s body around, “I’d like to see what you are!”

Chapter 1544

“So it’s you!”

Ji Feng stared at this woman and sneered, “I said I heard your voice sound so familiar before, I didn’t think it was really you!”

This woman was wearing a stand-up collar trench coat, so it was impossible to tell who she was from behind.

But after she turned around, Ji Feng recognized it at a glance, this woman was no other than the woman who was with Qin Feiyu in the cafe opposite Rong’s Ventures before – Yan Hong!

Moreover, this woman was most likely a female assassin!

Now naturally, there was no need to doubt that this woman was indeed a killer, and the sniper rifle on the ground was already enough to explain her identity.

The sniper rifle on the ground was a good indication of her identity. Even those on the road who had regular access to firearms, or even those policemen in the criminal police force, might not know how to play with a sniper rifle, and even if they did, they certainly wouldn’t play it too well.

Only professional killers would like to use this particular weapon!

So now it was absolutely certain that Yan Hong was a professional killer, that was definitely true.

“It’s me, so what?” Yan Hong sneered.

Ji Feng didn’t say anything, he just held the dagger with a slight force, Yan Hong’s heart suddenly flinched, the coldness on that dagger made her involuntarily shiver.

“How did you see mine?!” Yan Hong immediately changed the subject.

“Who exactly was captured between the two of us?” Ji Feng snorted, this woman didn’t seem to have a clear picture of the situation, did she? Now that she was the one who had fallen into her own hands, how come it was made to seem like she was the one who had been captured by her?

Ridiculous!

“Why are you alone? Where did that Qin Feiyu you were with go?” Ji Feng looked at Yan Hong and asked in a cold voice.

“Humph!”

Yan Hong snorted coldly, “Since I’ve fallen into your hands now, kill or be killed as you wish, I won’t say anything you ask, so just give up your heart!”

“I think it’s better for you to answer honestly!” Ji Feng said indifferently, “Don’t forget that you are a woman, and for someone like you, there really are too many ways to get you to talk, and, each of them will make you feel so ashamed that you’ll want to die, but you just can’t!”

“You .....

Yan Hong stared angrily at Ji Feng and said in a cold voice, “Don’t you think that’s too shameless?”

“Shameless?”

Ji Feng couldn’t help but snicker, “You’re ready to take my life, do I have to be a decent man?”

“Humph!” Yan Hong couldn’t help but snort coldly again, but she directly turned her head away and stopped paying attention to Ji Feng.

“Very good!”

Ji Feng nodded slightly and said, “It seems that you really don’t intend to cooperate, then fine, I have nothing more to ask, goodbye!”

“Goodbye?”

Yan Hong was immediately stunned in his heart, he was letting himself go so easily?

But soon Yan Hong reacted, no matter what Ji Feng had in mind, since he wanted to let himself go, when else would he wait if he didn’t leave now.

This thought flashed through Yan Hong’s mind, and the next moment, she was ready to bend down to pick up the sniper rifle.

However, in a flash, Yan Hong’s eyes went wide.

She saw that a cold light flashed in front of her eyes, and immediately afterwards, she felt a sharp chill on her neck, and the piercing chill made her heart instantly jump wildly.

“Wait a minute!”

Yan Hong instantly shrieked in alarm.

Swish!

The dagger then stopped steadily on Yan Hong’s neck, if it advanced just a little bit more, her neck might have been pierced.

“Phew~!”

Yan Hong couldn't help but take a deep breath as a look of panic flashed across her eyes.

It was only at this moment that Yan Hong finally realized that Ji Feng wasn't really going to let her go just now, when he said goodbye, that actually meant never to see her again.

He was going to finish himself off!

She originally thought that Ji Feng had lost his mind and was just going to let her go after asking her a few questions, but now she realised that Ji Feng didn't want to talk nonsense to her at all, but was ruthlessly trying to finish her off!

At this moment, a wave of fear rose in Yan Hong's heart, if she had reacted a little slower, I am afraid that she would have become a cold corpse lying on the ground!

Ji Feng, this person, was too cold!

“Let me wait, do you still have something to say?” Ji Feng asked indifferently.

His tone was still that flat with a hint of flirtation, but, in Yan Hong's ears, it was something she needed to be cautious about and then cautious again, God knows if she would just flick her wrist and wipe her neck off because her answer didn't satisfy him!

“Ji Feng, you, you can't kill me!” Yan Hong once again took a deep breath and said.

“Oh?”

Ji Feng chuckled, “Why can't you? Are you only permitted to kill me, but you can't let me kill you?”

“If you kill me today, you will definitely be in big trouble!” Yan Hong said in a deep voice.

“Nonsense!”

Ji Feng sneered and directly waved his arm, about to kill Yan Hong: “Keeping you, I'm the one in big trouble! Killing you is no different from killing a chicken!”

“Wait a minute!” Yan Hong shrieked in fright once again.

Swish!

Ji Feng's hand once again retracted as he frowned, “What the hell are you shouting for! If you have something to say, say it, if you have a fart, let it out! If you're just going to say something that's not nutritious, then there's no need to say it!”

As he spoke, Ji Feng slightly moved his feet and stood directly opposite Yan Hong.

At the same time, his gaze, however, glanced at the road not far away without a trace, and a wary look flashed in his eyes.

“If you kill me, you will definitely be in great trouble!” Because it was too dark, so Yan Hong didn't notice that Ji Feng was changing his expression, she just said in a deep voice: “You don't need to know my

identity, but there is one thing I have to tell you, the person behind me is someone you can't afford to mess with .....

Snap!

Ji Feng turned his palm into a knife and slashed at Yan Hong's neck in one go, directly knocking him out.

Immediately, Ji Feng carried Yan Hong in one hand and the sniper rifle in the other, and quickly rushed towards Tengfei Network Company from the dark wilderness.

There were still people on the other side, hiding in the shadows across the road!

Ji Feng sensed just now that there was still a killing machine hidden in the shadows, so he pretended to take an unintentional sweeping glance and immediately saw that behind a thick utility pole across the road, half a gun barrel was revealed, along with the black muzzle of the gun!

The other party was aiming at himself!

So without hesitation, Ji Feng directly knocked Yan Hong unconscious and prepared to take her away first.

No matter if the person hiding behind the pole was the professional killer Qin Feiyu who was with Yan Hong, at least, Ji Feng wanted to make sure that he had someone in his hands before he grabbed them, so that he could at least get some useful information from Yan Hong's mouth.

Just now, for example, Yan Hong had already revealed quite a lot of information, such as that she was indeed sent by someone else, and it looked like the person who sent her seemed to be very powerful, otherwise she wouldn't have said something like if she was killed, there would definitely be a big disaster afterwards.

Moreover, just now, Ji Feng had only scared Yan Hong twice and instantly made her panic, so it could also be seen that this woman wasn't as fearless and brave as she said she was!

She was afraid of death!

Otherwise, she would have protected herself and begged for mercy!

Although she was threatening Ji Feng to save her life, this was begging for mercy!

Boom!

A dull gunshot sounded out a long way in the silent dark night, while Ji Feng suddenly quickened his pace and then hid behind a telephone pole on this side of the road.

His brow was furrowed.

The other party was definitely a sniper expert!

The shot just now was aimed at Ji Feng, and it was not known if the other party had missed on purpose or because the other party had other plans, but anyway, Ji Feng could clearly see that the bullet hit right in front of him.

And when he quickened his steps and ducked behind the pole, he immediately realised that this was a warning from the other side to stop him from going further!

Because he could clearly feel the sensation of being targeted!

You know, it was pitch black in the night, the other party could actually aim so accurately, this was really no ordinary expert.

“Could it be that the other party also had penetrating eyes?” Ji Feng couldn’t help but raise an eyebrow.

A master is good!

Ji Feng sneered and casually dropped Yan Hong on the ground, then turned around and set up his sniper rifle and flung his hand and fired a shot.

Boom!

A spark burst from the opposite pole \*\*\*\* and the bullet hit that pole with unerring accuracy, behind which was the hiding gunman!

“Boom!”

Ji Feng shot again.

Once again, a burst of sparks rose from that telephone pole.

Ji Feng then saw that the other party’s exposed muzzle jerked back a little, it seemed that the other party was stunned.

Ji Feng then smiled faintly, if that was the level of the other party, if he wanted to finish himself off today, or if he wanted to save Yan Hong, it would not be that easy.

“Boom boom~~!”

Just at this moment, the sound of gunshots suddenly wore across the road.

Ji Feng immediately let his eyes look and saw that two figures were encircling from both sides, targeting the gunman hiding behind that heel telephone pole.

It was Wang Hu and Du Shaofeng!

They had been waiting for Ji Feng outside since they received his call, and at that time, Ji Feng was still in the taxi.

Against Yan Hong, Ji Feng had taken it easily, because Yan Hong didn’t even know that Ji Feng had found her.

But not now, this gunman hiding in the shadows was aiming at Ji Feng all the time, and at this time, it was a bit difficult for Ji Feng to rush over and restrain the other side, and the two sides were at a standstill.

At this time, Wang Hu and Du Shaofeng had to make a move.

Taking advantage of this time, Ji Feng lifted Yan Hong and also rushed onto the road, moving quickly on his feet and rushing towards the opposite side.

This guy hiding in the shadows was obviously a master, this person was a much bigger threat than Yan Hong, now it happened to be another good opportunity that had to be seized, otherwise if the other party was allowed to escape, it would be a constant threat.

Chapter 1545

Under the dim streetlights, Ji Feng was carrying Yan Hong in one hand, but his speed was frighteningly fast.

If one looked from across the road, one could only see a shadow lightning-like dash across the 40 to 50 meter wide road, crossing it.

What was particularly shocking was that when Ji Feng crossed the green belt on both sides of the road, he didn't pause at all, his movements were just like flowing water, as if he was gliding, directly gliding over the green belt.

At this moment, he was still carrying a big live person in his hands!

Fortunately, there were no people around, otherwise, this running movement of Ji Feng would have caused a big shock!

Swish!

Ji Feng crossed the road and his figure immediately disappeared into the darkness of the night, out of sight.

In fact, at this time, Ji Feng had already seen the expert who was hiding in the darkness.

At this moment, this person was holding a sniper rifle, lying on the ground, with the muzzle of the rifle pointing in the opposite direction from Ji Feng, which was where Wang Hu and Du Shaofeng were.

Because both sides had guns, Wang Hu and Du Shaofeng were confronting this mysterious expert.

To Ji Feng's more or less surprise, he saw that this expert, who was lying on the ground, was actually wearing a very strange mask on his head and a very prominent frame type glasses on his eyes!

Ji Feng immediately recognised that this should be a night vision device!

No wonder this guy could pinpoint his target even in the darkness of the night, it turned out that he was wearing a night vision device!

Ji Feng secretly said, he originally thought that the other party also had a penetrating eye, but did not expect that the other party would actually have a night vision device, which ordinary people rarely come into contact with.

From this, it could also be seen that the other party was indeed a highly professional killer, because even an ordinary expert would not think of using night vision devices.

At least, Ji Feng had never thought about this, and he had never seen Yi Xingchen and the others wearing night vision devices!

Ji Feng slowly approached the other party, he was not in a hurry, he was just being gentle to prevent being discovered by the other party.

Now that this gunman had shown himself, it would not be so easy for him to escape. Anyway, it was only just nightfall, it was still early before dawn, and there was plenty of time if he wanted to catch the other party.

Even if this guy has a night vision device, it is no big deal.

Normal night vision devices use infrared sensing to show the outline of the target through temperature difference, but it is impossible to see the surrounding environment as clearly as daylight.

Therefore, in this dark environment, Ji Feng still had an absolute advantage.

Ji Feng slowly approached, and in his line of sight, the guy who was lying on the ground wearing a night vision device was looking for the former Du Shaofeng and Wang Hu, and did not look back.

Click~~!

Suddenly, the guy wearing the night vision device surprisingly got up from the ground at once, then carried his gun and leaned towards Du Shaofeng and Wang Hu's direction with a cat's back and fast steps.

Ji Feng instantly frowned and followed suit.

"Well ....."

Just at this time, Yan Hong, who was carried in Ji Feng's hand, was unconsciously muttering, as if she was about to wake up.

Bad!

Ji Feng secretly said, then fiercely turned around to dodge.

As expected, only at the moment when Yan Hong made the sound, the guy in front of him wearing a night vision device suddenly fell to the ground and turned around to point his gun at the back.

The next moment, he saw the figures of Ji Feng and Yan Hong.

But before he could aim, Ji Feng similarly ducked, holding Yan Hong's neck with one hand, while he himself was bent over and half-crouched on the ground, carefully on guard.

It must be said that the replacement of cold weapons such as swords by hot weapons such as firearms is indeed a result of the development of the times. Even with Ji Feng's current skills, he had to be careful when facing firearms.

But now Ji Feng could only dodge, he didn't have the ability to be invulnerable to swords and guns!

But the scene that appeared immediately afterwards left Ji Feng stunned.

Only to see that the other party was slowly standing up and raising his hands ..... that person actually surrendered!

“Guys, I don’t mean any harm and I don’t want to antagonize you, I came here today only because of the situation .....” the man said aloud, “Can you please come out and talk?”

Joke!

Ji Feng could not help but sneer, it was strange that he could believe the other party.

Saying that there was no malice?

Then who fired the gun just now?

Ji Feng didn’t think that a man with a gun ambushed in the shadows would have no malice.

He slowly set up his sniper rifle and aimed at the other party.

No matter whether the other party was telling the truth or not, and no matter what his purpose for coming here was, let’s first hit him with little ability to attack and settle the potential threat!

“Mr. Ji, if I’m not wrong, the person who was behind me just now is you, right!” Ji Feng had just aimed at the other party when he heard the other party’s voice come again, “I also know that there must be more than one gun pointing at my head right now, please believe in my sincerity, I just want to come and make a deal with Mr. Ji!”

Ji Feng’s eyebrows could not help but frown slightly as he said in a deep voice, “What kind of deal do you want to make?”

As he spoke, Ji Feng was still holding Yan Hong’s neck tightly with one hand, while with the other hand, he was holding up his sniper rifle, still aiming at the guy.

The other hand was holding the sniper rifle, still aiming at the guy. It was dangerous for him to make a sound at this time, God knows if there were any snipers ambushed nearby.

Therefore, whenever Ji Feng sensed danger, he would immediately use Yan Hong to block the bullets!

Since you want to play this trick of luring a snake out of a hole, be prepared to pay a price, just in case that price is one that you can’t afford!

“Mr. Ji, you are really here!” The man had a sense of relief, “Mr. Ji, can you come out and talk?”

“Just say what you want to talk about directly, no need to play so many tricks!” Ji Feng said indifferently, “First take off the night vision device, throw the gun aside, and then talk about the rest!”

“..... No problem!” The man hesitated for a moment, then nodded and cleanly took off the night vision device and threw it away as hard as he could, before throwing the gun in another direction.

“Mr. Ji, is this alright?” The man asked.

“Alright, say it, what do you want to talk to me about!” Ji Feng carried Yan Hong and his body surged, in the blink of an eye, he changed his position, but his voice didn’t change in the slightest, it was still as calm and steady.

Such a little movement was nothing to him.

However, the voice sounded a little bewildered to the man's ears, because in this wilderness, Ji Feng's voice seemed to be fluttering, and it was obvious that it was no longer in its original position, and the other person didn't even know from which direction Ji Feng's voice was actually coming.

So the man turned his head and looked around, unable to find Ji Feng's position, so he could only stand still and said loudly, "Mr. Ji, I'm here today just to ask you to let my friend go."

"Your friend?"

Ji Feng sneered, "Who is it?"

"It's the woman you caught, Yan Hong!" The man said, "Mr. Ji, I have no intention of antagonising you, I believe my actions are enough to show my sincerity, my friend has offended you, I apologise on her behalf, as long as Mr. Ji releases her, we will go far away from now on and will never appear in front of Mr. Ji again!"

"Do you think that's possible?" Ji Feng sneered.

"If you add a little more information, does Mr. Ji think it's possible to make a deal?" The man asked.

"What intelligence?!" Ji Feng asked in a deep voice.

"Mr. Ji, please forgive me for being blunt, although I am willing to trust Mr. Ji's character, but after all, you can't be too defensive, I have to keep a bit of leverage for myself!" The man said, "However, I can give Mr. Ji a little hint, it's about Mr. Ji's rival!"

"My rival?"

Ji Feng couldn't help but smile slightly, what this person was talking about was actually their employer.

Moreover, Ji Feng already knew who this mysterious expert actually was. In fact, from the beginning when this person spoke, Ji Feng already had a good idea of who he was, and by the time he took off his night vision later, Ji Feng recognized him right away.

This person was indeed the same group as Yan Hong, the professional assassin who was suspected by the White Spider to be a flying fish, Qin Feiyu!

So as soon as Qin Feiyu said it was information about Ji Feng's rival, Ji Feng immediately understood that Qin Feiyu was talking about the person who had hired him and Yan Hong.

That was something to talk about!

Ji Feng secretly deliberated, although now right now there is already a Yan Hong in the hands, but Ji Feng is not sure, Qin Feiyu actually grasp how much information .....

The actual fact is that you can't get a lot of information about the actual situation.

This thought flashed through Ji Feng's mind, then he dismissed the idea, it should not be difficult to catch Qin Feiyu, but, now that he looks so calm, he must have some kind of backstab.

So, Ji Feng decided to go for a prudent option!

Ji Feng raised his head and was just about to open his mouth when he suddenly noticed that Du Shaofeng and Wang Hu had actually approached Qin Feiyu with their cats at their waists.

CLICK~~!

Ji Feng immediately pulled the bolt of his gun and stared at Qin Feiyu with a deadly gaze.

As long as this person dared to turn on Wang Hu and Du Shaofeng, he would definitely send the other party straight to Hades!

“Mr. Ji, is this your sincerity?” Qin Feiyu also saw Wang Hu and Du Shaofeng, and he could not help but ask angrily, “I have come to negotiate with you in good faith, do you have to drive them to extinction?!”

Although it was in the dark, there were two people approaching him, and Qin Feiyu, as a professional killer, was able to sense it.

Moreover, he was not completely invisible in this darkness, otherwise, he would not have made a name for himself in the assassin world!

Ji Feng said in a cold voice: “No need to say more nonsense, of course you can talk if you want to, but only if you ensure the safety of our side, right now, the initiative is in my hands, it’s good enough to give you a chance to negotiate, you don’t have any extra chips to negotiate the terms!”

Qin Feiyu was silent, if you were close to him you would have seen, in his eyes, a shining light!

Chapter 1546

“Ka ka ka~!”

The two guns pointed at Qin Feiyu’s head, the black muzzle of the guns seemed to emit an endless chill, as if it was a symbol of death, even though Qin Feiyu was already used to seeing death, at this moment, being pointed at by two guns, he still frowned a little.

It was because the two men with the guns at the moment put Qin Feiyu under a lot of pressure.

Du Shaofeng, who was tall and powerful, was like a black tower in the darkness of the night, which was very oppressive.

The man is not like the bluff of those punks, once he is provoked, it is only a matter of moving his fingers to shoot, there is absolutely no ambiguity.

“You two, no need to be so nervous, right?” Qin Feiyu put both hands on top of his head, indicating that he had no intention to resist, reassuring Wang Hu and Du Shaofeng, “I’ve already said that I’m here to negotiate, if I were to make a move, wouldn’t that be the best time to do so with a gun in my hand just now?”

“I advise you better not to talk so much nonsense!” Wang Hu’s voice was low and full of threat, “It’s for your own good!”

Qin Feiyu shrugged his shoulders, then turned his head and said aloud, “Mr. Ji, you should see my sincerity now, right? Isn’t it time to come out and talk?”

“How do you want to talk?!” A voice rang out just behind Qin Feiyu.

“I’ll trade information, in exchange for my friend!” Qin Feiyu said.

Don’t look at his voice as calm, but in reality, at this moment, Qin Feiyu’s heart was filled with shock.

When did Ji Feng arrive behind him?

Just a moment ago, it seemed as if his voice was still far away. Although Ji Feng’s voice was somewhat erratic, Qin Feiyu could still distinguish the distance of that distance.

This also meant that in just a few breaths of time, Ji Feng had silently arrived behind him!

This was simply too amazing!

Qin Feiyu knew that he had been distracted by the two big men in front of him, Wang Hu and Du Shaofeng, but even so, Ji Feng’s movements were too fast and, moreover, too stealthy.

Thinking about his nickname, Qin Feiyu couldn’t help but feel awe in his heart, if those people had seen Ji Feng’s moves, I’m afraid he wouldn’t have gotten that nickname at all!

“I can tell you everything I know, I’m sure there’s something you want to know about it!” Qin Feiyu forced himself to suppress the shocked emotions in his heart and said calmly, “And my condition is simple, let my friend go!”

“Is it that simple?” Ji Feng asked indifferently, “If you were assassinated for no reason, would you let this killer go so easily?”

“Of course not!”

Qin Feiyu nodded rightfully and said, “However, there is a prerequisite, it depends on whether the other party can pay conditions that satisfy me!”

“In that case, you can pay conditions that satisfy me?” Ji Feng asked noncommittally.

“Of course!”

Qin Feiyu said very confidently, “Mr. Ji, let’s speak plainly, I believe Mr. Ji is still very interested in the information in my hands, otherwise, Mr. Ji would not have walked out, but would have just shot me out or sent someone to catch me ..... am I right? ”

That’s a smart man!

Of course, in general smart people are very difficult to deal with.

Ji Feng smiled faintly, “That’s right! I do feel curious about some of the things you know! How about it, tell me about it?”

In fact, Ji Feng was indeed curious.

Qin Feiyu and Yan Hong, the two professional killers, were originally targeting Rong Suyan, so why did they suddenly turn their guns around to assassinate themselves now?

The two professional assassins would not make any extra problems when they were on a mission, but now they were acting out of Ji Feng's expectation, which made Ji Feng curious, did they also receive orders to kill themselves as well?

"Mr. Ji, counting this time, we should be considered to have met for the second time, right? I think I'm afraid that before today Mr. Ji had a guess in his mind that you should have thought that my friend and I came to Jiangzhou to target Rong Su Yan, the boss of Rong's venture capital." Qin Feiyu said confidently and calmly, "However, I can tell you very clearly that we came to Jiangzhou, in fact, mainly to assassinate you!"

"Oh?!"

Ji Feng chuckled and said, "If that's the case, then why did you guys strike out at the old boss of Rong's venture capital? Scaring a weak woman, that's not like what a professional killer would do, right?"

"If you don't scare her, it will be hard to find your breakthrough!" Qin Feiyu said very frankly: "We have got detailed intelligence that proves that you have a very unusual relationship with the boss of Rong's venture capital, as long as you strike at her, you will definitely appear and will be in disarray, revealing the breach ....."

"At that time, it will be the result of all of you two!" Qin Feiyu said.

"Damn it!"

Du Shaofeng's eyes instantly glared and he went up and gave a kick.

Boom!

Qin Feiyu was kicked in the stomach and staggered back two steps in stomps, but he looked indifferent and just said confidently, "Mr. Ji, this doesn't look like a negotiation, does it?"

"Old Du!"

Ji Feng waved his hand.

Only then did Du Shaofeng snorted coldly and gritted his teeth, "Kid, let's play slowly later!"

Qin Feiyu laughed and didn't argue with him.

"You go on!" Ji Feng said.

Qin Feiyu nodded and continued, "I'm sure Mr. Ji knows what happened next, the old boss of Rong's venture capital was in shock and soon you appeared, all of this, is just like what our employer speculated, except for a little nuance in the timing of your appearance!"

"So, after the shooting, you remained in the cafe opposite Rong's Ventures, in fact, just to wait for me?" Ji Feng asked.

"That's right!"

Qin Feiyu nodded and frankly admitted it.

“Since that’s the case, then what else are you talking to me about?” Ji Feng asked, “Your mission is to assassinate me, and I’m bound to take you out in order to protect myself ..... This is already an overwhelming relationship, I’m a little curious, how come you want to get up and negotiate with me?!”

“Because, ever since I met you at the cafe, I have cancelled this mission!” Qin Feiyu said.

“You’re lying to hell?!”

Wang Hu gave a glare, “Canceled the mission? What was that you just threw? Who is this again?”

He pointed at Yan Hong that Ji Feng was carrying in his hand.

These two guys had come here, and were fully equipped, and had even fired a shot, which clearly wanted Ji Feng’s life, and now this guy actually said that this mission had been cancelled long ago?

Thinking everyone else was a fool?

Qin Feiyu, however, shook his head and sighed lightly, “That’s why I’m here today!”

Ji Feng frowned, he seemed to understand, what Qin Feiyu meant was that he had cancelled this mission, but it seemed that Yan Hong had not cancelled it, but had come over to assassinate himself single-handedly!

“Rather a love child!” Ji Feng said indifferently, but not in a sarcastic way, Qin Feiyu.

In fact, if what Qin Feiyu said was true, then Ji Feng would still have some appreciation for Qin Feiyu instead.

Knowing that this place was dangerous, without a plan and without accurate information, knowing that Yan Hong was in danger, he came to her rescue regardless of everything, and even just now risked being shot at any time and asked to negotiate with himself ..... If what Qin Feiyu said was true, then this person could still be called a hanyou!

“She .....”

Qin Feiyu, however, paused for a moment before saying, “Mr. Ji misunderstood, she is not my girlfriend, she is just my partner .....”

“Tell me about your employer!” Ji Feng said.

No matter what the relationship between Qin Feiyu and Yan Hong actually was, it was irrelevant to Ji Feng.

Since Qin Feiyu was now defying the odds to save Yan Hong, it meant that this woman was important to him, and that was enough!

“Can you let go of her first?!” Qin Feiyu was the one who made the request, “Now that you both have weapons in your hands, the two of us can’t pull any tricks, right?”

Ji Feng, however, shook his head, “Tell us about your employer!”

“I’ve already said quite a lot, Mr. Ji, at least you should also show your sincerity!” Qin Feiyu said in a deep voice.

“What you said is insignificant to me, you should know very well, what I want, is information about your employer!” Ji Feng, however, was unmoved, he knew what information was useful to him and what information was insignificant.

“You put my friend down first!” Qin Feiyu, however, insisted.

“Then there’s nothing to talk about!” Ji Feng shook his head, “Originally, you should not have been arrested since you had already quit, but you know a lot of information that I want, so, for the time being, I can only condescend to you!”

Ji Feng stared at Qin Feiyu and said forcefully, “But I can assure you that if you are willing to cooperate, you will be treated with courtesy!”

“Hehe .....

Qin Feiyu, however, suddenly laughed, “In that case, Mr. Ji is going to use force?”

“I don’t have much time and can’t afford to delay, so please understand if the means are a bit rude!” Ji Feng waved his hand, “Take it away!”

“Ho ho ho!”

Seeing Ji Feng being so overbearing, instead of being furious, Qin Feiyu even oohed and aahed, “To be able to capture my friend so easily, I originally thought that Mr. Ji should be a heroic man anyway, but now it seems that he is just a villain who eats his words .....

“Bullshit!”

Du Shaofeng and Wang Hu shouted violently at the same time.

“Kid, if you don’t want to die too quickly, these nonsense better stop talking!” Du Shaofeng said coldly.

“Let him say whatever he wants!” Ji Feng, however, waved his hand and gave Qin Feiyu a sidelong glance, “I don’t know anything about the rules of the jianghu, but there’s a truth I understand, I won’t be so pedantic as to let go of someone who wants to kill me so easily with my own hands just because of some big righteous words from someone else! Especially, this person has a strong helper!”

Chapter 1547

“It’s a joke!”

Ji Feng couldn’t help but sneer, staring at Qin Feiyu with an unkind gaze, this Qin Feiyu seemed to really take himself for a fool!

It was too easy to get rid of Yan Hong with just a few words!

No matter what else, the message from Qin Feiyu’s words alone made Ji Feng determined that no matter how to negotiate next, Yan Hong was a woman that could never be released!

Why?

The reason is actually very simple!

Just now Qin Feiyu himself said, in fact, after he met with himself at the cafe, he decided to cancel this mission, that is to say, he withdrew!

Whether it was because Qin Feiyu realised that this operation might fail, or whether it was because of other personal reasons on his part, one thing was certain anyway..... this mission, there was no longer any part for Qin Feiyu!

If that was the case, this would also mean that Yan Hong was unwilling to cancel this mission, she was unwilling to quit!

I can think with my heels to understand that since Qin Feiyu and Yan Hong were in cahoots, then it was absolutely impossible for Yan Hong not to know when Qin Feiyu withdrew.

Ji Feng even more boldly guessed that Qin Feiyu might have even persuaded Yan Hong not to take the risk alone, or to wait for Qin Feiyu to free up his hands for them to join forces again, or that Qin Feiyu felt that the mission itself could not be taken up and therefore persuaded Yan Hong!

..... Whatever the reason, Qin Feiyu had persuaded Yan Hong before, that's for sure!

Yet, today Yan Hong still came here and was even ready to kill Ji Feng, that was enough to say something!

In other words, to Ji Feng, this Yan Hong was definitely a diehard, and it could be seen from her actions that this woman absolutely had to put Ji Feng to death before she was willing to do so!

For such a woman, since Ji Feng had caught her, how could he easily let go of her?

What's more, there was an unclear relationship between Qin Feiyu and Yan Hong, God knows what kind of relationship the two of them had!

Therefore, Ji Feng would never let go of Yan Hong. This might not be too big a threat to him, but to the other people around him, this is definitely a huge threat!

After experiencing so many things, Ji Feng had already understood one thing, and it was also the same thing that everyone often said – a potential threat, it's better to kill it directly in the cradle and not let it have the chance to threaten you!

Now that Ji Feng has managed to get this threat in his hands, he wants him to let the person go again ..... Hey! Still don't dream about it!

If you apply one of the more popular flirtations with nowadays, then Ji Feng would say to Qin Feiyu, "Kiss, don't be naive!"

"Your Excellency, I'm sorry for your condescension!"

Du Shaofeng stepped forward and clasped Qin Feiyu's wrist with a backhand twist, about to tie him up.

"Huh ....." Qin Feiyu, however, smiled and waved his hand, stopping Du Shaofeng.

"Mr. Ji, I'm afraid that if you do this, you will make everyone die by fish, aren't you going to reconsider?" Qin Feiyu stared at Ji Feng and asked.

“A fish to death?”

Ji Feng couldn't help but shake his head and laughed, “I see, whether it's you or your employer, you don't know me too well! You know, what I'm not afraid of the most, is to fight with people to the death! Don't think you're ruthless just because you're a professional killer, the people you've killed, I'm afraid, are not even a fraction of what I've ..... taken away!”

At the end of the sentence, Ji Feng let out a low bellow, sort of ending this negotiation and no longer giving Qin Feiyu a chance to speak.

It was absolutely impossible to get Ji Feng to let Yan Hong go, especially after Qin Feiyu told what had happened.

So there was no point in going ahead with this negotiation, and as for who had actually hired Qin Feiyu and Yan Hong, there would be plenty of time for interrogation after Qin Feiyu and Yan Hong were taken away.

Anyway, once these two were caught, there would be no threat to Rong Suyan there, and the rest would naturally be up to Ji Feng to do!

“Hehe .....”

Qin Feiyu was not nervous at all, he twisted his head to look at Du Shaofeng and Wang Hu who were clasping his arms, he couldn't help but smile slightly, “Mr. Ji, your men are a bit too rude, this is not good!”

Ji Feng's eyebrows furrowed, but he ignored him.

“Cut the crap!”

Du Shaofeng slapped Qin Feiyu on the head and said in a cold voice, “If you don't want to be beaten and carried back like a dead dog now, you'd better cooperate honestly!”

Qin Feiyu did not resist either, allowing Du Shaofeng and Wang Hu to hold himself back, but he said in a light-hearted manner, “Mr. Ji, don't you want to know why I dare to stand here and negotiate with you so fearlessly, instead of choosing to rescue my friend secretly?”

Ji Feng stood still, turned his head, and looked Qin Feiyu up and down for a moment.

“No wonder you're emboldened!” Ji Feng suddenly laughed as he shook his head and said, “I didn't expect that as a professional assassin who always hides in the darkness, you actually have such a forward-looking spirit!”

Qin Feiyu also laughed, “It can't be helped, from the first time I met Mr. Ji, I knew that Mr. Ji was tricky and a difficult opponent, so I've been making preparations since then .....”

At this moment, Du Shaofeng and Wang Hu, who had grabbed Qin Feiyu, then realized that something was wrong and the two of them immediately clasped Qin Feiyu's arms tightly to prevent him from playing any tricks.

“Mr. Ji, is it possible for these two to release me now?” Qin Feiyu asked.

“Of course you can!” Ji Feng smiled faintly and waved his hand at Wang Hu and Du Shaofeng.

“Boss!”

Wang Hu said in a deep voice, “Why talk nonsense to this kind of person, just send him to the police station and forget about it!”

“Oh, this person can’t be sent to the police station, otherwise, I’m afraid the whole police station building will be razed to the ground!” Ji Feng laughed, “Let him go!”

Wang Hu and Du Shaofeng were instantly shocked, what was going on?

Although the two were puzzled, they obeyed Ji Feng’s order and let go of Qin Feiyu.

“To be so calm in this situation, Mr. Ji is really not an ordinary person, it seems that this time he shouldn’t have taken this mission in the first place!” Qin Feiyu couldn’t help but say something when he saw Ji Feng’s self-effacing and relaxed look.

Ji Feng laughed: “Even you can be so relaxed, of course I have to do the same and make a show of it!”

Qin Feiyu could not help but laugh, but in his heart he admired Ji Feng, this man, indeed, was bold and more difficult to deal with than anyone he had encountered in the past.

It looked like it was still a bit difficult to save Yan Hong today!

But Ji Feng waved his hand, “Wang Hu, Old Du, you two go back first, I’ll be fine here!”

“Ji Feng!”

“Boss!”

Wang Hu and Du Shaofeng spoke out at the same time.

Ji Feng, however, did not let them say anything further and just said, “Go on!”

“Wait a minute!”

Qin Feiyu, however, suddenly spoke out, “Mr. Ji, it’s better to let them stay!”

Ji Feng’s gaze instantly turned icy cold as he sneered, “Qin Feiyu, do you really think you can threaten me like this? Old Du, you guys go back first!”

“Two, I advise you that it’s better for you to stay!” Qin Feiyu said aloud, and at the same time, he violently untied his overcoat, only to reveal a bloated stomach, and looking at his shadow in the darkness, he seemed to have no small belly.

However, when a bright piece of light suddenly appeared on his stomach, Du Shaofeng and Wang Hu could see clearly that this guy had a ring of explosives strapped to his waist .....

The piece of bright light, but a display-like thing, seems to be the detonation device of the bomb .....

Wang Hu and Du Shaofeng frowned at the same time!

No wonder Ji Feng suddenly asked himself to let Qin Feiyu go, no wonder Qin Feiyu was so emboldened!

As Ji Feng said, they indeed did not expect that a professional killer who was used to hiding in the darkness would actually come to such a fish out of water!

At this moment, the two Wang Hu also understood why Ji Feng had just told them to go first.

Later, if a negotiation did not work out, Qin Feiyu might really detonate the explosives ..... For an outlaw like him, he would definitely be able to do something as ruthless as fighting for his life!

“Mr. Ji, from the first time I met you, I knew you were a ruthless man, I believe that such a little childish trick of mine must be useless to you too!” Qin Feiyu said in a deep voice, “However, you always have to consider these two brothers beside you!”

“Bullshit!”

Wang Hu sneered, “You can scare people just because you have a bomb? Do you dare to detonate it?”

“I still dare to if necessary!” Qin Feiyu smiled.

“Then let’s detonate it and see?” Du Shaofeng said, “I suspect that the bomb is fake, how about proving it?”

Qin Feiyu smiled slightly, naturally he would not be angered by Du Shaofeng and Wang Hu, however, the audacity of these two people still surprised Qin Feiyu’s heart.

It was really true that things were gathered in groups. Ji Feng himself was quite tricky, but he didn’t expect the people around him to be so bold, not even the slightest bit of panic when they saw the bomb.

Qin Feiyu couldn’t help but let out a soft sigh in his heart, Yan Hong shouldn’t have insisted on this mission ah!

“Mr. Ji, let my friend go and I promise we won’t be seen in Jiangzhou in the future!” Qin Feiyu gathered his mood and said in a deep voice.

Ji Feng’s eyes narrowed slightly, “What if I don’t agree?”

“Stand still!”

Qin Feiyu suddenly bellowed, “Mr. Ji, don’t come any further, I know you’re very skilled and I’m ashamed of myself! However, you may not know that the bomb on my body, has two detonators, one in my hand and the other ..... Mr. Ji doesn’t have to fight to the death, right?!”

Ji Feng nodded: “If it is not necessary, I do not want to fight a fish death net.”

We all understand, there would be no need to play tricks, and Ji Feng is naturally telling the truth.

However, Ji Feng was the one who had to admit that now that the situation had reached this point, it was indeed him who had neglected to do so before.

Chapter 1548

However, Ji Feng is the one who must admit that now that the situation has come to this point, it is true that he was negligent before.

After controlling Qin Feiyu, Ji Feng was so focused on noticing whether there were weapons in Qin Feiyu's hands, and whether there were still people around in ambush, but he forgot to look to see if there was a bomb on Qin Feiyu's body ..... In fact, no one else would have thought that a professional killer would actually use such a move, which was indeed too unexpected.

"Then let my friend go and from now on we will all be at peace with each other and the well will not offend ....." Qin Feiyu had not finished his words when he was interrupted by Ji Feng.

"You know very well that this is absolutely impossible, I will never leave myself that big of a hidden problem!" Ji Feng's voice wasn't very loud, but it was resounding and his determination was unmistakable.

Admittedly, now that Ji Feng wanted to restrain Qin Feiyu, it was really simple. At this moment, the distance between Ji Feng and Qin Feiyu was only four or five meters, and with such a short distance, Ji Feng could have passed in the blink of an eye, and it would have been easy to subdue Qin Feiyu.

But the problem was that, in the process of restraining Qin Feiyu, Ji Feng was not sure that Qin Feiyu would not have the chance to detonate the bomb!

That was the big problem!

As for whether Qin Feiyu had the guts to detonate the explosives, Ji Feng wouldn't even think about that.

Given Qin Feiyu's style of action, he definitely had the guts to do so!

Hearing Ji Feng say this, Qin Feiyu's voice also sank: "Mr. Ji, this is not the attitude you have to solve the problem!"

"That's my attitude!" Ji Feng said in a deep voice: "Qin Feiyu, frankly speaking, you strapped a bomb on your body, which I didn't anticipate, but that doesn't mean I'm subject to you, and I have plenty of ways to restrain you! However, I'm not willing to take any chances until I have to, so you can leave, but this woman has to stay here!"

"There's no negotiation?" Qin Feiyu asked.

"You tell me!" Ji Feng asked rhetorically, "If it was you instead, would you agree?"

Ji Feng's words were spoken with sincerity, and the resolute tone of his voice made Qin Feiyu believe that this was already Ji Feng's bottom line. However, this was not the result Qin Feiyu wanted, he had to save Yan Hong, otherwise, this trip would have been a waste of time for him.

"Release them!"

Qin Feiyu gritted his teeth, seeing that Ji Feng was so resolute, not even afraid of bombs, Qin Feiyu knew that even with his own clever tongue, he would not be able to convince Ji Feng through negotiations this time.

Then, the only way to do it was to do it the hard way!

Even if the fish dies, the net will be broken and Yan Hong will be saved no matter what!

“Qin Feiyu, do you know that it’s been a long time since anyone has dared to shout at me like that!” Ji Feng said in a deep voice.

“Heh!”

Qin Feiyu couldn’t help but snicker, he suddenly realized that in fact, Ji Feng was just like that, even now Ji Feng actually still cared about this, now it was clear that he wasn’t afraid of Ji Feng at all, yet Ji Feng still spoke threats, this could only make people laugh!

“Mr. Ji, let people go! Otherwise, everyone will die together!” Qin Feiyu said in a cold voice, “To put it bluntly, I only have a rotten life, the barefoot one is not afraid of the one wearing shoes, since I can’t save my friend, instead of letting her fall into your hands, it would be better if we all go to hell together!”

“Qin Feiyu, you don’t have to threaten me like this!” Ji Feng sneered, “I’m telling you, since I said I won’t release her today, I definitely won’t. If you have the guts, you can detonate the explosives now, but anyone who frowns is not a man!”

“That’s what you said!”

Qin Feiyu’s face turned cold as he gritted his teeth and said, “In that case, then let’s all die together!”

As he said that, Qin Feiyu’s hand moved violently, looking like he was really ready to detonate the explosives .....

However, just then, a scream suddenly rang out, “Qin Feiyu, stop!”

Swish!

Qin Feiyu’s movements came to an abrupt halt as he looked at the source of the voice in shock, which appeared to be halfway up Ji Feng’s waist ..... It was the sound made by Yan Hong, who was being carried in Ji Feng’s hands.

“Yan Hong, you’re awake!” Qin Feiyu immediately said in a deep voice: “Don’t be afraid, today either I save you back or, we will die together with this Mr. Ji!”

When he saw that Ji Feng was holding Yan Hong in one hand while the latter did not react, Qin Feiyu guessed that Yan Hong must have been knocked out by Ji Feng, and now when he saw that Yan Hong had woken up, Qin Feiyu’s heart thudded.

What he feared most was that Yan Hong would say something inappropriate and ruin his plan.

In fact, no matter which person it was, who would be willing to die if they were not pushed to a certain point?

Qin Feiyu was equally unwilling!

But the situation at hand forced him to tie a bomb to his body to negotiate with Ji Feng, and he had even made the decision to simply detonate the explosives as a last resort if he really couldn’t come to terms.

It’s just a death, no big deal!

It's better to be blown to pieces by the bomb than to fall into Ji Feng's hands!

Qin Feiyu knew that Ji Feng was a ruthless person, once he fell into his hands, if he didn't cooperate, he believed that Ji Feng's methods were definitely not that easy to bear.

Since this was the case, it would be better for everyone to die together!

As a professional killer, Qin Feiyu had already seen death!

However, this was the last option, and only in a truly desperate situation would he choose to detonate the explosives.

However, Yan Hong's waking up was likely to make Qin Feiyu's mind wary, something he knew very well.

Therefore, as soon as he heard Yan Hong speak, Qin Feiyu immediately spoke up.

However, Yan Hong immediately shouted, "Qin Feiyu, don't be impulsive, you can talk slowly about anything!"

"What's there to say!"

Qin Feiyu roared lowly, "Ji Feng, let people go immediately! Otherwise, everyone will die together!"

Ji Feng, however, could not help but smile slightly, Yan Hong was really cooperative, just waking up and seeing the scene in front of him, he immediately started shouting and screaming.

This was the best, the best way to distract Qin Feiyu.

Ji Feng's heart could not help but sneer secretly!

Although on the surface it appeared that Yan Hong had woken up on her own, only Ji Feng himself understood that if he hadn't wanted to, Yan Hong might not have been able to wake up in her lifetime!

It was naturally useful to let her wake up now!

However, Yan Hong was breathing heavily, she was being carried in Ji Feng's hand as if she was carrying a small chicken, which made her humiliated and angry, but, remembering Ji Feng's previous coldness, Yan Hong did have a hint of fear in her heart, even though she didn't want to admit it.

At this moment, seeing that Qin Feiyu had actually gone out of his way to save himself by using this kind of fish death net, she was moved and anxious in her heart.

She had to know that Ji Feng was really a ruthless master, not the kind of person who would be easily threatened.

If this was not done properly, it might really end in a fish death!

"Mr. Ji, make a decision, things can't drag on like this indefinitely!" Qin Feiyu's voice was low, "Let people go, or do we all die together as a fish?!"

Whew~~!

Yan Hong's breathing fiercely sharpened a lot more.

The corners of Ji Feng's mouth then couldn't help but pull up a slight curve, things had come to a head here!

Staring at Qin Feiyu, Ji Feng was silent for a moment before he couldn't help but shake his head slightly and said, "Qin Feiyu, can you really detonate the bomb before I restrain you?"

"If you don't believe me, you can try!" Qin Feiyu said in a deep voice.

"I do somewhat not really believe it!" Ji Feng smiled faintly and said, "Of course, I believe you have the guts to detonate the bomb, I never doubted that. However, as you said to me just now, don't you also have to think about the people around you?"

He lifted the hand that was carrying Yan Hong, "Since you were able to sacrifice your life to save her, it proves that she is important to you, so why don't you give it some more thought, you can't let her die with you too ....."

"Ah!"

Yan Hong subconsciously screamed, but then she tightly closed her mouth, her heart was humiliated and angry, but in Ji Feng's hands she was unable to even half resist, which increased the anger in Yan Hong's heart.

"Stop!"

Qin Feiyu shouted lowly, "Mr. Ji, what kind of skill is it to take a woman and talk about her?"

Ji Feng smiled, "Qin Feiyu, in fact, even if you had bombs strapped all over your body, even if there were countless detonators, if I really wanted to restrain you, it wouldn't be impossible, I would just have to take some risks!"

As he watched Qin Feiyu's face change, he continued, "Perhaps you may have doubts about what I'm saying, but that's because you don't quite know that in this world, strictly speaking in our China, there is an ancient form of kung fu called internal strength! All I have to do is come around behind you as fast as I can and hit you in the back of the heart with internal force, and it will kill you in an instant! And if it hits the centre joint of your spine ....., Hey! You but then your whole body will be paralyzed and I don't know of any other place to move except your eyes!"

Swish!

Ji Feng lifted Yan Hong up with a jerk: "Now I'll give you a choice! Either you detonate the bomb and we all play out together, of course I promise you that the moment you detonate the bomb, I will do my best to throw Yan Hong out, but in the future, she will also be a wreck ....."

"Well!"

Being jerked up and down by Ji Feng, Yan Hong immediately let out a muffled cry.

"Ji Feng!"

Qin Feiyu was instantly furious as he said in a deep voice, "This is not how you negotiate ....."

However, before his words even fell, in a flash, a soreness and numbness instantly rose from the back of his waist, and immediately spread throughout his body.

“Fell for Ji Feng’s trick!”

This thought immediately flashed through Qin Feiyu’s mind, he wanted to detonate the bomb immediately, but the numbness was such that he didn’t even have the strength to move his fingers ..... really only his eyes could move!

“The central joint of the spine is it?”

Qin Feiyu’s body collapsed limply and at the same time, a gruff voice reached his ears, it was Du Shaofeng.

“Fortunately, I’ve been practicing diligently and finally developed a bit of internal strength, otherwise I wouldn’t have been able to restrain him!”
