

Campus Master 1551

Chapter 1551

“Now you can say it!” Ji Feng looked at Qin Feiyu and said indifferently.

The bomb detonators and poison teeth in Qin Feiyu’s mouth had been cleaned by Ji Feng, and after that, Qin Feiyu’s mouth gradually regained consciousness.

Now, it was time to have a good talk.

“Qin Feiyu, I don’t have a lot of time, so I’m not going to dwell on it too much with you, tell me everything you know!” Ji Feng said indifferently.

Qin Feiyu’s face twitched a few times, after a long period of paralysis, now that it had snapped back, he was more or less still not quite comfortable with it.

But in reality, Qin Feiyu was still deliberating on what to say.

Originally, he had come to save Yan Hong, but he hadn’t thought that even he himself was now involved, which made Qin Feiyu mess up for a while, as both he and Yan Hong had been arrested, leaving him without the capital to negotiate with Ji Feng!

“Mr. Ji, I can tell you anything you want to know, as long as I know it.” Qin Feiyu said, “But, I want a guarantee from you.”

“Oh? What guarantee?” Ji Feng asked.

“Promise not to hurt Yan Hong!” Qin Feiyu said, “Even though you have once before acted like your words don’t count, I am still willing to trust you this time!”

“Hehe, that’s a lot of thanks for your trust!” Ji Feng shook his head with a smile, and then he said with a sunken expression, “Qin Feiyu, let me tell you very clearly that I am not one of you professional killers, and as long as you cooperate, I certainly won’t go about hurting you easily. However, if you guys don’t cooperate, I won’t be stupid enough to most to kill my own have overly friendly!”

“I understand!”

Qin Feiyu nodded, “Then, I’ll take that as a promise.”

“You can understand it like that!” Ji Feng nodded his head.

“Then, what do you want to know?” Qin Feiyu asked.

Ji Feng said in a deep voice: “Who hired you guys, tell us the before and after of this mission you received, and where you and Yan Hong came from”

“Mr. Ji, you should know that as an assassin”

“Don’t tell me so much axiom, now you are just my captives, you are not qualified to say this to me again!” Ji Feng’s face immediately sank, “Or, must I give Yan Hong some pain before you are willing to speak honestly?”

After tossing and turning for half the night, Ji Feng's patience had long since run out, and he now only wanted one thing, answers!

Qin Feiyu gritted his teeth, looking at Ji Feng's determined expression, he could only sigh.

He believed that if he didn't cooperate again, Ji Feng could really do anything, at least, make Yan Hong suffer a little bit that was for sure.

"Yan Hong why do you have to provoke such a ruthless person!" Qin Feiyu sighed darkly in his heart.

"Say!"

Ji Feng's voice was low and laden with anger.

"Yan Hong and I are professional killers!" Qin Feiyu closed his eyes, let out a long sigh and finally spoke, "The two of us are partners, strictly speaking, she can only be considered half a killer, her other identity, she is my agent!"

Ji Feng just stood there, listening quietly.

"About half a month ago, Yan Hong took a mission to come and assassinate you!" Qin Feiyu was blunt, since it had come down to this, there was nothing left to hide, "The employer gave extremely detailed information, including your habits, the relationships around you, and a suggested plan to deal with you"

According to Qin Feiyu, he and Yan Hong had actually been operating abroad and would only come back to China when they were not on assignment.

Of course, they were not out of touch with China, and even when they were abroad, they often lived in Chinatown abroad, which was also more convenient to hide themselves.

This time, it was also Yan Hong who took on the task of assassinating Ji Feng. Not only that, Yan Hong had also obtained extremely detailed information from his employer, including Ji Feng's photos, as well as photos and information of his friends around him, etc.

What was particularly important was that the employer had also formulated an assassination plan based on his knowledge of Ji Feng.

The reason why Qin Feiyu and Yan Hong attacked Rong Suyan first was because the assassination plan provided by the employer stated that the relationship between Ji Feng and Rong Suyan was quite close, and as long as Rong Suyan was in danger, Ji Feng would definitely appear.

As expected, not long after Rong Suyan was shot, Ji Feng appeared.

What happened next was known to Ji Feng.

Ji Feng listened quietly with his arms around him, no matter what Qin Feiyu said, he was calm and unmoving.

"That's all I know." A few moments later, Qin Feiyu ended his narration.

"Hmm!"

Ji Feng smiled faintly, but his eyes were cold, "Qin Feiyu, I see that you are really challenging my patience! Are you done here?"

Qin Feiyu knew what Ji Feng meant by that, and he said, "Since I've already spoken, there's no need to lie to you. You want to know who the employer is, but unfortunately, we take assignments only on the internet as well, and it's impossible for us to know if the employer doesn't identify himself!"

Ji Feng glanced at him, "How did you come to China?"

"Just came like that!" Qin Feiyu said.

"Your files in China, who helped you arrange them?" Ji Feng asked again.

"Yan Hong and I's files were originally in China, and to add to that, we are both Chinese!" Qin Feiyu said, "There is also a deadline for us to operate abroad!"

"Alright!"

Ji Feng nodded, "Since you're not willing to talk about it, then I'll just have to ask Yan Hong, and I'm curious to know how she'll answer me to the same question!"

"What did you promise me!" Qin Feiyu said angrily.

"What did I say to you?" Ji Feng asked with a cold smile, "If you don't cooperate, don't blame me. The kind of treatment Yan Hong will receive depends on one hand on her, but more importantly, it still depends on your answers!"

"Ji Feng!"

Qin Feiyu stared coldly at Ji Feng and said angrily, "If you want to know who hired us, go and find out for yourself, if I say I don't know, I don't know!"

"Then Yan Hong must know!" Ji Feng said in a cold voice.

"She doesn't know!" Qin Feiyu roared.

"Then can only blame your bad luck, if you don't know anything, it's useless for me to keep you!" Ji Feng snorted coldly, turned around and headed out.

"It's Yanjing's!" Qin Feiyu shouted.

"Eh?" Ji Feng turned around.

"Because this time the employer's performance was a bit unusual, not only did he give a very high commission, but he also provided very detailed information, I felt that something wasn't quite right, so I secretly checked the other party's IP address, and the result of the trace showed a certain address in Yanjing, China!" Qin Feiyu gritted his teeth, "But who exactly the employer is, I really don't know."

He grunted, "Ji Feng, if you were the one who hired the assassin to assassinate someone, would you be stupid enough to tell the assassin your identity? That's all I have to say, you love to believe it or not!"

Yanjing's?

Ji Feng nodded indifferently and said, "I think you need to calm down a bit, maybe, you can remember more information!"

After saying that, he walked straight out.

"Ji Feng, if you dare to hurt Yan Hong, I will come up and fight you even if I have to go to hell!" Qin Feiyu roared.

"Heh!"

Ji Feng smiled indifferently and quickly walked to the office where Yan Hong was again.

"Humph!" Once he saw Ji Feng, Yan Hong once again let out a cold snort.

"Knowing that you don't want to speak to me, then let's make it simple!" Ji Feng said indifferently, "In one word, tell me everything you know, or else you will see Qin Feiyu with your own eyes in front of you, slashed to death, and if you don't believe me, I can show you right now!"

"If you have the guts, you can kill us all!" Yan Hong looked at Ji Feng, but those eyes were spiteful.

"You don't care about Qin Feiyu's death?" Ji Feng asked.

"....."

Yan Hong then stopped paying attention to Ji Feng.

Ji Feng looked deeply at Yan Hong, nodded, and then whirled and walked out.

.....

"Ji Feng? Why did you remember to call me at this moment?" Suddenly receiving a call from Ji Feng, Xiang Yongzhan was a little surprised.

"Old Xiang, to cut a long story short, I need to bring two people to your place and need to borrow your interrogation room there!" Ji Feng said, "Any questions?"

"You want to interrogate?" Xiang Yongzhan was stunned, and then said, "No problem, when are you coming over?"

"I'm going over there now!" Ji Feng said, "Also, I might need you to check something for me when the time comes"

Ji Feng was not willing to dwell on anything more with Qin Feiyu and Yan Hong, since both of them were so strong, then Ji Feng would see how long these two could last in the military, which was good at interrogation, and in that eerie interrogation room!

If he didn't want to know some details, Ji Feng would simply use bio-current to simulate a neurotoxin and inject it into Qin Feiyu's and Yan Hong's bodies; no matter how tenacious these two were, they definitely wouldn't be able to hold on.

However, since there was something else behind this assassination, Ji Feng did not intend to use this method.

Neurotoxin, it could not be used lightly. But anyone who was poisoned, there were really not many who could stay awake again. Whether it was a warrior, or that henchman of Qian Bin's, Boss Huang, as long as they were poisoned, they would all end up becoming idiots!

Of course, there was also that son of a bitch who once approached his sister Li Yantong with ill intentions, and he likewise did not escape the fate of idiocy.

And then there was Zheng Yuxiu and her cousin!

Although Qin Feiyu and Yan Hong were both assassins and both had good skills, when faced with neurotoxins, they might not be any better than those people!

This time, Ji Feng didn't just want to find out who was behind this, he also wanted to know the details of what happened!

Therefore, he would take these two killers and bring them to the military camp.

Ji Feng had seen with his own eyes how terrifying the interrogation room at the Special Operations Brigade's compound was, and it wouldn't be so easy for the two Qin Feiyu to keep their mouths shut once they got there!

"Old Du, Wang Hu, take all of them with you and come with me to a place!" Ji Feng called up Du Shaofeng and Wang Hu and drove towards the Jiangzhou Military District compound.

However, Ji Feng would not have expected that the result he got from this trip would shock and enrage him!

On top of that, there was an unexpected gain!

Chapter 1552

"BANG!"

In this silent dark night, the sound of the iron door being heavily closed was so ear-splitting.

Qin Feiyu looked at the formation in front of him and subconsciously frowned, but he could not feel his frown He then remembered that Ji Feng had also only restored his face and mouth, just being able to speak, other than that, his entire body was still in a very peculiar state of paralysis, unable to exert any semblance of strength.

At this moment, Qin Feiyu's whole body was tied to a cross-post, and his very hands were held in place by an extremely strong steel buckle, not to mention that he could not use any strength at all, even if he was extremely strong, he would not be able to break free of this two-way buckle made of steel!

Therefore, Qin Feiyu could only maintain such a position on the cross pillar, and if it wasn't for the fact that he could now exert force on his neck, then his head would be hanging down and he would look no different from the crucified Jesus of Western legend!

But also because Qin Feiyu's neck can use force, so when he blankly twisted his head and looked around, he saw a scene that made him extremely angry.

..... On one wall of this interrogation room, there was a piece of glass that took up almost half of the wall, and when he looked over here, he could see very clearly that there was also an interrogation room on the other side of the glass.

What annoyed Qin Feiyu the most was that in one of those two outer interrogation rooms, Yan Hong was also tied to a cross post just like him!

“Yan Hong! Yan Hong!”

Qin Feiyu yelled twice, but he didn't get the slightest response, and when he looked through the glass, he found that Yan Hong hadn't heard him at all, as she didn't even react at all, but was just staring at the front with extreme anger, those were two men in military uniforms!

Bad!

Qin Feiyu couldn't help but stutter in his heart at once.

This interrogation room looked like it was specifically for interrogating prisoners, I believe even those police stations did not have such interrogation rooms with all kinds of professional tools, so it was obvious that he and Yan Hong must have been taken to some special place!

If you look at the people in uniform, Qin Feiyu understands that they have probably been brought to the army!

Only among military camps would there be such interrogation rooms.

Moreover, this was definitely not a normal army!

Look at the various instruments of torture used in the interrogation in front of them, there was really a wide array of them!

Qin Feiyu once again turned his head towards the interrogation room where Yan Hong was, and found that it was the same there, with all kinds of torture instruments on the shelves around, and one of the soldiers, had already started to take the torture instruments, obviously this was to do something to Yan Hong.

“Ji Feng! Ji Feng you bastard!” Qin Feiyu roared in anger, he wanted to struggle, but his body had no strength at all, he couldn't even move his fingers.

Seeing that Yan Hong might be about to be tortured, Qin Feiyu was so anxious that he cursed!

“If you guys don't tell the truth, I guess there's nothing more I can say!” Ji Feng faintly shook his head and said, “Go ahead and curse!”

After saying that, Ji Feng turned around and walked out of the interrogation room.

“Ji Feng! Ji Feng!” Qin Feiyu roared, “I've told you everything I know, what else do you want!”

“.....”

Boom!

The door of the interrogation room closed once again, Ji Feng had already walked out and couldn't hear what Qin Feiyu was yelling at all.

Xiang Yongzhan and Ji Feng walked side by side in front, Du Shaofeng and Wang Hu followed behind, and the four of them walked out in big strides. In fact, Wang Hu and Du Shaofeng were not supposed to come in, because according to the regulations, such places were military important places, and Du Shaofeng and the two of them had no such qualification to come in.

This time it was still Xiang Yongzhan who helped give the green light!

"Old Xiang, I'll have to trouble you with the next thing." While walking forward, Ji Feng said, "This duo should be very close, at least, to that man"

Ji Feng generally told Xiang Yongzhan what he knew, especially Qin Feiyu's importance to Yan Hong, and some other details, Ji Feng said in great detail, because the more these details were, the more they might have a great impact on the outcome of the interrogation.

Sometimes, it is often a small, unconscious detail that may be the key point that opens up the defenses of their hearts.

This point was understood by Ji Feng and equally clear to Xiang Yongzhan, so when Ji Feng was talking, Xiang Yongzhan listened very carefully and asked from time to time about some of the things he wanted to know.

"..... That's the general idea, the next one is up to you!" Ji Feng finished his introduction and couldn't help but say.

"Don't worry, we'll wait in the lounge at the front first!" Xiang Yongzhan smiled and nodded.

"Forget it!"

Ji Feng waved his hand and said, "It's getting a bit late now, so I should go back too. How about this, I'll give you twenty-four hours, by this time tomorrow, I'll come back, and by then, if there are no more results, I'll use my last resort to interrogate!"

Even if he wanted to know exactly who had hired Qin Feiyu and Yan Hong to assassinate him, Ji Feng wasn't in too much of a hurry, since the other party had thought of hiring an assassin, in fact, when all was said and done, it was just that much.

If the other party was really capable and competent, how could they have pinned their hopes on a hitman?

Ji Feng felt that if he wanted to kill someone, he could either do it himself or pick someone from the battle group to carry out the task, which couldn't be simpler.

To hire a killer would be a sign of one's incompetence!

So although Ji Feng attached importance to this matter, he wasn't too worried about it.

"Ji Feng, if you say that, it's an insult to our military's ability!" Xiang Yongzhan, however, shook his head.

Ji Feng was instantly startled: "No need to say it so seriously, right? How dare I insult the military!"

Xiang Yongzhan laughed: "It seems that you don't know much about the military's set of interrogation methods and means, put it this way, as long as these two people are really as close as you say, then I can guarantee you that in an hour at most, they will honestly tell you whatever you want to know!"

"Oh?!"

Ji Feng couldn't help but be stunned, "That fast?!"

"Hehe!"

Xiang Yongzhan laughed: "You shouldn't ask me that, in fact you yourself know better than anyone that this intimacy of theirs is exactly what is best to exploit! I'm afraid the reason why you brat sent them to me is because you don't want to have blood on your own hands, right?"

"I just think that using this intimate relationship between them to interrogate them is a bit shameless!" Ji Feng gave a sarcastic laugh.

"Fuck!"

Xiang Yongzhan burst out foul, "You feel shameless? Then why did you send people to me?!"

"Because I think you must have done this kind of shameless thing often, and it's no big deal to do it one more time now!" Ji Feng said.

Xiang Yongzhan: "....."

Taking a deep breath, Xiang Yongzhan only felt the corners of his eyes twitch.

Ji Feng, this son of a bitch, was speaking too hatefully!

"Just kidding!" Seeing Xiang Yongzhan's gloomy face, Ji Feng spread his hands, "Your pettiness and shamelessness are certainly not proportional, don't you think?"

"Just wait in the lounge!" Xiang Yongzhan grunted, he didn't want to talk to Ji Feng anymore, if he said any more, God knows what else could come out of this bastard's mouth that would make people jump to their feet!

Xiang Yongzhan did some rough calculations in his heart, anyway, from the time he met Ji Feng until now, he was always at a disadvantage in front of Ji Feng, whether in words or in substance, if he wanted to take advantage of him, it was really too difficult.

Therefore, Xiang Yongzhan then ended the topic very wisely.

The last time the white spider matter was resolved, he and Xiang Yongzhan seemed to have less of a sense of cooperation between them, and were often more like a pair of detrimental friends.

Of course, cooperation still exists, but in everyone's mind, it's just a formality.

In simple terms, it is no matter whether Ji Feng still wants to, when dealing with each other, their hearts are left with a trace of caution, and no longer like the old kind of no-nonsense talk.

Easily, they are not going to touch on some substantial topics, except when there is really important things to do. So usually, often the vast majority of the time, they would talk about seemingly non-nutritious topics, and the result of this was that there was much more verbal banter between them.

Soon, the four of them arrived at the lounge, and Xiang Yongzhan said, "You guys sit down first, I'll go over and take a look!"

"Make yourself at home!" Ji Feng nodded his head.

It was said to be a lounge, but it was actually a place like a meeting room or something like that, with chairs, a coffee table, a TV and so on.

Ji Feng and the three of them hadn't seen each other for a while, so they had quite a lot to talk about, so they didn't feel bored sitting here.

"Boss, do you think that officer just now said that there would be results in an hour, would that be a bit exaggerated?" Wang Hu suddenly asked, in his opinion, Ji Feng's skills were already great, but Ji Feng had not gotten any results even after interrogating him for so long, yet this officer promised results in an hour, isn't that a bit

The first thing you need to do is to wait here. An hour, it will pass quickly!"

Wang Hu then nodded his head and stopped talking.

In fact, Wang Hu didn't know that if Ji Feng was serious, he could make Qin Feiyu and Yan Hong tell the truth in 20 minutes, not to mention an hour, but he didn't know what was going on, because Qin Feiyu's act of sacrificing his life to save Yan Hong made Ji Feng more or less admirable, so from the bottom of his heart, Ji Feng didn't want to do it himself!

The fact that he is shameless is not a problem.

Time passed quickly, minute by minute, and in the blink of an eye, more than half an hour had passed.

Ji Feng thought about it and was ready to take out his mobile phone to call Rong Suyan to tell her that the trouble had been solved, but before he could reach out, he heard a bang and the door of the lounge was pushed open.

Ji Feng and the three of them immediately looked at the sound

Chapter 1553

Ji Feng and the three of them immediately followed the sound and saw that Xiang Yongzhan was striding in with a strange look on his face.

"What's wrong?"

Ji Feng couldn't help but frown at the sight: "Old Xiang, is there a problem?"

"You'd better come with me for a while!" Xiang Yongzhan said, "Well, it's best if you come alone!"

Ji Feng then understood that there was something he couldn't let Du Shaofeng and Wang Hu know, so he nodded and stood up, following Xiang Yongzhan out the door, but in his heart he was still muttering, what was it that made Xiang Yongzhan so weird?

"Boom!"

After the door of the meeting room was closed, Ji Feng immediately asked in a low voice: "Old Xiang, what's going on?"

"A big problem has come out of the trial!" Xiang Yongzhan said in a low voice, "I can't tell in a sentence or two, just come with me and take a look!"

"Did you find out the results of the trial?" Ji Feng immediately asked.

"Yes!" Xiang Yongzhan nodded and let out a bitter smile helplessly, "Not only has the trial produced results, it has also produced problems!"

Ji Feng became even more curious, to be able to be described as a problem by Xiang Yongzhan, it was obvious that there was really something odd in between, but saying that at the moment Xiang Yongzhan would not say anything, Ji Feng would not make a wild guess, so he followed behind Xiang Yongzhan and walked forward.

They stopped in front of the door of a room in front of the interrogation room, then Xiang Yongzhan opened the door and the two of them walked in.

"This is" Ji Feng was stunned when he first entered, there were more than a dozen displays in this room, forming an oversized screen, and on each of them was the same image, it just seemed to be taken from a different angle.

"This is a surveillance room, of course, just a surveillance room set up for the interrogation room!" Xiang Yongzhan briefly said, then changed the subject: "Let's not talk about that, Ji Feng, you can watch a video first!"

With that, Xiang Yongzhan sat down in front of a computer and tapped his fingers on the keyboard a few times.

"Tick tock"

A video appeared on the computer screen.

"Take a look!"

Xiang Yongzhan pointed at the screen, "You'll understand after watching it."

Ji Feng frowned and casually pulled a swivel chair to sit next to Xiang Yongzhan and watched it carefully. Since Xiang Yongzhan was being so cautious, Ji Feng couldn't help but pay attention to it... Perhaps, there might really be something shocking in this video!

"If you guys dare to hurt a single hair on my friend's head, I will definitely not let you go!" As soon as he started, the image of Qin Feiyu tied up appeared on the computer screen, and he was furious because

he could clearly see through the glass on the wall that a man had pulled out a wire and hung it on the iron frame behind Yan Hong in that interrogation room next door.

Qin Feiyu then began to roar in anger, he couldn't stand by and watch Yan Hong get hurt.

As Ji Feng watched without moving, he noticed that Qin Feiyu's face had turned pale because his roar could not reach the interrogation room next door, and the two soldiers he was with simply turned a deaf ear to his roar, as if they had not heard it at all.

Zizi~~!

At this time, sparks were already rising from the iron frame behind Yan Hong, who was also struggling continuously, with a look of fear on his face.

"Stop it!"

Qin Feiyu roared angrily, but he couldn't move a muscle, but also the more anxious he became, "Ji Feng! You get out of here! What kind of skill is it to deal with a woman, have the guts to come at me!"

"Zizi~~!"

The sight of sparks shooting out from the iron frame behind Yan Hong was so intense that it made her struggle violently, as if she was an ant on a hot pot, it looked very disturbing, not to mention Qin Feiyu, who just took a look and immediately compromised!

"I say!"

Qin Feiyu shouted, "Ji Feng! If you still want to get answers from me, stop it right now!"

Zizi~!

The sparks behind Yan Hong immediately disappeared, and she struggled a few more times, which gradually calmed her down, looking like it wasn't too uncomfortable for her anymore.

Ji Feng then turned his head to look at Xiang Yongzhan, who smiled faintly and said: "Just a little trick. In order not to get a shameless reputation, it was the sparks from that iron frame just now that didn't do much damage to the human body!"

"Then how did Yan Hong struggle so much?!" Ji Feng asked.

"That wire is only used to conduct heat, when the iron frame is hot, people naturally don't dare to lean on it, of course they will struggle!" Xiang Yongzhan said.

Ji Feng was then relieved, he originally thought that Xiang Yongzhan was using electricity to deal with Yan Hong!

Dare I say, it was only because the iron frame was glowing hot, which made Yan Hong's heart fearful and afraid that he would be scalded, so he kept struggling. And in this way, Yan Hong's struggle looked through the glass in the eyes of Qin Feiyu in the next interrogation room, it became that Yan Hong was being tortured in pain, so he immediately went crazy

“Interrogation, does not necessarily have to be rough, especially if you know that the relationship between the two of them is intimate, anyone knows how to interrogate.” The actual fact is that you’ll be able to get a lot more than just a few of these. You should understand these principles better than I do, right?”

Ji Feng laughed and was just about to speak when he was suddenly interrupted by a voice coming from the stereo.

“Ji Feng! I originally thought how you were considered a person, but now it seems that you are just like that, using such tactics to deal with a woman, what kind of skill is that?!” Qin Feiyu roared, “Don’t you just want to know who the employer is? Well, I’ll tell you, the employer is from Yanjing, his name is Zheng Yuanhe!”

“Zheng Yuanhe?”

In the monitoring room, Ji Feng frowned slightly, “This name is a bit familiar, huh?”

Xiang Yongzhan smiled bitterly, but didn’t say anything more.

“I told you before, when taking this assignment, I actually secretly checked the other party’s IP address, and also found out the name registered on the other party’s account, and also based on the IP address, found out the employer’s residence address” Qin Feiyu said all the information he knew, but ended with a cold laugh.

“Ji Feng, I have checked before, the one who lives there is a big shot, I would like to know, you are so anxious to track down information about your employer, and finally you know who it is, but you don’t dare to take revenge, isn’t that ridiculous?” Qin Feiyu asked with a sneer.

“Heh!”

Ji Feng smiled faintly, Qin Feiyu was provoking himself, deliberately making himself angry and then going for revenge.

Or, Qin Feiyu this could also be a way to humiliate himself, after all, if the employer he was talking about was really something big, wouldn’t it be humiliating if he didn’t dare to go for revenge?

..... According to this view, no matter which possibility it is, it is enough to show that the person who hired Qin Feiyu and Yan Hong is definitely not a simple person!

While Ji Feng was thinking, he did not notice the odd look on Xiang Yongzhan’s face next to him.

“Ji Feng, if you’re still a man, don’t go and make things difficult for my friend, everything is coming at me!” Qin Feiyu said angrily, “I know everything she knows, and I know what she doesn’t know, it won’t do you any good at all if you make things difficult for her!”

“That Yan Hong, to have a man who is so devoted to her, she’s worth it in her life!” Ji Feng saw Qin Feiyu’s shocked expression, and he couldn’t help but shake his head in emotion.

Xiang Yongzhan also nodded in silence, indeed, true love can be seen in the midst of hardship, the more you can see a person’s true feelings in such a situation.

Qin Feiyu's performance made both Ji Feng and Xiang Yongzhan secretly nod their heads.

"This guy is not bad at all!" Xiang Yongzhan also gave a more pertinent comment, "It's a pity!"

Ji Feng nodded and after a moment of silence, he asked, "There's nothing down there, right?"

"Mm!"

Xiang Yongzhan nodded and said, "That woman hasn't had time to be tried yet, I see that what Qin Feiyu said is very important, so I informed you first!"

"It's quite important more important?" Ji Feng nodded casually, but before the words were finished, he suddenly realized something and immediately asked, "Old Xiang, what does that mean?"

"You don't know?" Xiang Yongzhan asked in surprise.

"What do I know?"

Ji Feng was also surprised, he frowned and said, "Don't stammer unlike a man, what's going on say it quickly!"

"The employer Zheng Yuanhe that this person is talking about, and Zheng Yuanshan, the deputy director of the Jiangzhou City Police Department, are brothers!" Xiang Yongzhan looked at Ji Feng oddly, "Did you really not even know about it?"

"You, what did you say?" Ji Feng instantly changed his expression and frowned tightly, "This Zheng Yuanhe, the one called Zheng Yuanshan, is a brother to Zheng Yuanshan?"

That was a possibility!

Ji Feng also noticed it now, just now he felt that the name Zheng Yuanhe was somewhat familiar, as if he had heard it before somewhere, and now that he thought about it, wasn't it, it was just one word away from Zheng Yuanshan's name, of course it would feel familiar!

And, not only do they have similar names they are actually family, brothers!

The fact is that the people who hired Qin Feiyu and Yan Hong were actually Zheng Yuanshan's brothers!

He was now so full of shock that he didn't even know what he was thinking anymore.

Zheng Yuanshan's brother hired an assassin to assassinate himself

Why is this?

He didn't even have any grudges with Zheng Yuanshan, right, so how could he have grudges with his brother?!

Ji Feng was really a bit confused, he had the feeling of being stabbed viciously in the back by one of his own people, making him so shocked and angry that he was almost about to storm out!

Heh!

This was a huge irony!

Just a short while ago, Ji Feng had been talking and laughing with Zheng Yuanshan, and had even been drinking and having a good time, but now, in the blink of an eye, Zheng Yuanshan's brother had hired a killer to take his life!

How nice!

How fucking great!

An intense anger filled Ji Feng's chest, he took a few deep breaths before he could barely calm down, however, his face was very ugly.

"They are indeed brothers, but strictly speaking, they can't be considered family." Seeing Ji Feng's expression, Xiang Yongzhan guessed what he was thinking and introduced Ji Feng.

"What does that mean?" Ji Feng immediately tasted the ulterior meaning in Xiang Yongzhan's words and asked at once.

Chapter 1554

Xiang Yongzhan's words made Ji Feng unbelievable!

It was actually Zheng Yuanshan's brother who hired the assassin!

This is really

Now Ji Feng didn't even know what to say, frankly speaking, in the past, Zheng Yuanshan also had times when he swayed from side to side, but no matter what, Ji Feng never thought that Zheng Yuanshan would do such a thing.

If Zheng Yuanhe hired a killer, to say that there was no shadow of Zheng Yuanshan in this matter, Ji Feng would not believe it to death. Because he really didn't know Zheng Yuanhe, he had never even heard of this Zheng Yuanhe, why would he want to deal with himself?

But now, Ji Feng heard something else from Xiang Yongzhan's words.

"Old Xiang, if you have anything to say, just say it directly and know what to say." Ji Feng said in a deep voice, since even Zheng Yuanshan could have something to do with the killer, was there anything more unacceptable?

"Actually, everyone knows about this in Yanjing, Ji Feng, I guess it is because you are not often in Yanjing that you have misunderstood, well let me put it to you this way, Zheng Yuanshan, is considered a relative of the Tong family, or you can say it is a side line." Xiang Yongzhan said, "But this Zheng Yuanhe, is a member of the Zheng family in Yanjing!"

"Zheng family?!"

Ji Feng was stunned, "Is it the Zheng family where Zheng Yuxiu is from?"

"That's right!" Xiang Yongzhan nodded and said, "By the way, the Zheng Yuxiu you mentioned is Zheng Yuanhe's daughter! This Zheng family's situation is actually quite complicated, how can I put it, what happened at the beginning can't be explained in one sentence, simply put, Zheng Yuanshan's mother actually left the Zheng family later"

“I know!”

Ji Feng nodded and said, “I’ve also heard some things about the Zheng family.”

About the feud between Zheng Yuanshan and the Zheng family, Ji Feng not only knew about it, but he was also very clear about it. At the beginning, because of this matter, Zheng Yuanshan had never been treated well in the Zheng family, and later on, also because of the awkward relationship between Zheng Yuanshan and the Zheng family, his son had even been beaten up by a few boys from the Zheng family.

So at this moment, when Xiang Yongzhan mentioned it so much, Ji Feng immediately remembered, and he couldn’t help but ask: “Old Xiang, you just said that this Zheng Yuanhe, is actually a member of the Zheng family!”

“Yes!”

Xiang Yongzhan nodded, “He is a member of the Zheng family, and although he and Zheng Yuanshan are brothers, it seems that the relationship between them is not too good

At this moment, Ji Feng understood completely, he nodded and said, “So that’s the case

“Go!”

Ji Feng stood up, “Go to the interrogation room!”

Xiang Yongzhan also followed and stood up, asking while walking, “Ji Feng, you kid don’t mess around, although I can interrogate here, but if you want to do it, it’s better to take the person out

“What are you thinking?” Ji Feng glanced at him and smiled, “Don’t worry, I know the rules on your side, I definitely won’t give you any trouble.”

“Saying that is out of line.” Xiang Yongzhan said.

Ji Feng then smiled.

He certainly knew that for Xiang Yongzhan to be able to borrow the interrogation room for him was actually very meaningful.

He knew that the army was not an ordinary place, there was very strict discipline here, and a situation like Xiang Yongzhan’s was actually a case of favouritism.

Naturally, Ji Feng would not do anything excessive, if he took out Qin Feiyu and Yan Hong here, whether or not it was the right time to do so is not to say, the key here would be to cause trouble for Xiang Yongzhan, and might even make him fall into disrepute!

What’s more, Ji Feng never intended to do away with Yan Hong and Qin Feiyu, not to mention whether the two of them still have something to say, even if they all explained, they don’t necessarily have to die, ah.

“Let’s go to the interrogation room where Qin Feiyu is!” Ji Feng said.

“No problem!”

Xiang Yongzhan led Ji Feng to the interrogation room where Qin Feiyu was and said, "Do you want me to go in?"

"No, I'll just go in myself!" Ji Feng said.

Xiang Yongzhan nodded and called the two soldiers in the interrogation room out, leaving Ji Feng alone in there.

"Ji Feng!"

As soon as he saw Ji Feng enter, an extremely angry look shot out of Qin Feiyu's eyes, "You're still a man? How dare you take a woman's word for it, humph!"

Ji Feng smiled faintly and didn't argue, he just stared at Qin Feiyu.

"What are you looking at?!"

Qin Feiyu, however, had already given up at this moment, he sneered, "If you want to kill me, just do it, as long as I frown, my name is not Flying Fish!"

"Qin Feiyu, all that you said before, is it true?" Ji Feng asked.

"If you think what I said is false, then I can also say something else." Qin Feiyu sneered and said.

"Huh"

Ji Feng smiled, "The IP address you found out about, the head of the household is called Zheng Yuanhe, right?"

"That's right!" Qin Feiyu nodded his head.

"Then apart from the address and name, what else did you find out?" Ji Feng asked, "Since you can trace the other party on the internet, that proves that you still have some skills in computers, right? Did you look up anything else? For example, is there any special information in Zheng Yuanhe's computer or something like that?"

"No! I'm not interested in anything else!" Qin Feiyu said coldly.

"Then is there anything else to add?" Ji Feng asked.

"Humph!"

Qin Feiyu just gave a cold snort.

Ji Feng smiled, at this point Qin Feiyu was the same as Yan Hong's habit, both liked to grunt coldly

"It's a pity!"

Ji Feng shook his head and sighed softly, "What a pity!"

By saying this just now, Qin Feiyu was also admitting to himself that he was the legendary master of the assassin world, nicknamed Flying Fish!

However, what Ji Feng appreciated the most was still the affection Qin Feiyu had for Yan Hong.

Although Qin Feiyu didn't look too strong or sturdy, he was a man, that was true.

Just in the way he treats his woman, he is much stronger than many people!

As the saying goes, couples are birds of the same feather, but they fly apart when they are in trouble, and this is not an exaggeration at all, there are only a few who can really stay together, but Qin Feiyu did.

The fact that he had a bomb strapped to his body to save Yan Hong shows that Qin Feiyu was really intent on sacrificing his life to save her.

Such a man, at least, does not let people hate him.

What's more, from the way Qin Feiyu behaved, it could be seen that he was a man of principle.

Coupled with Qin Feiyu's own strength

"Phew~!"

Ji Feng couldn't help but shake his head and let out a light sigh, putting aside mutual positions and personal disgust then, Qin Feiyu was definitely considered a relatively good man.

Frankly speaking, Ji Feng couldn't help but feel the love of talent. Even if Qin Feiyu is still sneering at him at this moment, it doesn't stop him from admiring him.

But it's a pity that such an outstanding person has become an assassin and has come to assassinate himself!

This kind of person, the better he was, the greater the threat to himself, how could Ji Feng let the other person go just because he was good, it was absolutely impossible!

Ji Feng wasn't stupid enough to that extent!

"Qin Feiyu, what do you think, what should I do with you?!" Ji Feng held his arms and looked at Qin Feiyu, who was tied to a rack in front of him, and suddenly opened his mouth to ask.

"Humph!"

Qin Feiyu sneered, "If you're saying this to scare me, then I have to tell you that you're too naive!"

Ji Feng couldn't help but shake his head and laugh, "If that's what you think, then I also I have nothing to say, but I do want to ask, since you've said everything, is there any need for me to scare you?"

Qin Feiyu's face instantly changed: "What do you mean by that? Ji Feng, if you're still a man, you'll come at me! I've already said it, what Yan Hong knows, I know, and what she doesn't know, I know too! Ji Feng, is it fun to embarrass a woman?!"

Ji Feng shook his head, Qin Feiyu this still didn't understand what he meant, in fact, Ji Feng was now considering what to do with Qin Feiyu.

Looking at Qin Feiyu whose eyes were incomparably angry, Ji Feng couldn't help but shake his head, "What a pity!"

After saying that, he turned around and walked out.

Behind him, came Qin Feiyu's angry roar, "Ji Feng, if you dare to hurt Yan Hong, I won't even let you go as a ghost!"

.....

"What about it?"

As soon as Ji Feng went out, Xiang Yongzhan, who was waiting in the corridor, asked, "What are you going to do next?"

"Old Xiang, I have to trouble you next, send someone to continue interrogating that woman." Ji Feng said with deliberation, "Try to be as gentle as possible, and don't use some drastic methods."

"What? Have mercy on the jade?" Xiang Yongzhan asked.

Ji Feng shook his head and laughed: "Qin Feiyu is also a man."

Xiang Yongzhan smiled back, "Ji Feng, you also have a soft heart at times?"

"My heart has always been soft!" Ji Feng said without good humour, "Don't think of everyone else as being like you!"

Xiang Yongzhan laughed, he could understand Ji Feng's approach.

This kid Ji Feng had always been like this, he was fond of people who were capable. For example, back then, the white spider was extremely capable in all aspects, and this guy managed to get the person away from his side by all means.

Now that he sees that Qin Feiyu is capable and a man of character, I'm afraid that Ji Feng has moved to love talent again.

The first thing you need to do is to get a good idea of what you're getting into.

After a pause, Xiang Yongzhan asked again, "Then the Zheng family side, you plan to"

"Since people already want my life, I can't just stand here and be passive and beaten, right?" Ji Feng laughed: "It's nothing more than returning the favor with a tooth!"

Xiang Yongzhan then nodded his head, and it was not convenient for him to continue asking what exactly Ji Feng was going to do.

But frankly speaking, Xiang Yongzhan was feeling incredulous.

The Zheng family is crazy, right? How dare they attack the first grandson of the Ji family?

Chapter 1555

The Zheng family actually dared to make a move against Ji Feng, and Xiang Yongzhan couldn't figure it out no matter what.

Not to mention that there was a great disparity between the two families' strength, just this approach of the Zheng family alone was beyond everyone's bottom line.

It is normal to know that many powerful families in Yanjing have their own interests, either divided or united, or fighting openly or secretly, because after all, interests come first.

For the sake of the interests of their respective families, some of them may use some extremely insidious means to make people defensive, which is normal.

However, there is an unwritten rule between these families, a tacit agreement between them – no matter how they fight, no matter how they use evil tactics, they must not directly aim to kill people!

For example, if two families are fighting with each other to the point of death, but even if they are fighting with each other, they must not send someone to kill each other directly!

While fighting with each other, the families are actually trying to move society forward as much as possible, and even when they fight, they try to use means that are acceptable to everyone.

If each family, for the sake of their own interests, went out of their way to kill the people of the rival family, then all would be in chaos?

In that case, it would not be a competition of means. Whoever has the money, just hire the most powerful killers in the world and exterminate the other family?

If a certain family is in control of the state's violent organs or some special departments, then they can directly use the experts of these departments to strike at their opponents.

If you're not in the mood, you can just screw the other party to death, and that's it.

But the point is, that's not how you fight!

Anyone who dares to do so will undoubtedly have touched everyone's bottom line.

You can kill this family today, but if another family offends you tomorrow, you'll have to eradicate them too?

This is a joke!

What's more, since a family can be called a powerful family, it means that someone in the family has already reached a certain position, and some have even become giants!

Since they have already stood at such a high level, their attitude towards seeing and solving problems is already extremely different from those below them.

When a person has really reached that height, he will no longer think about greed, but will want to leave something behind for this society, such as the old iron-fisted chiefs back then, such as the leaders of all generations.

If anyone really dares to run amok, not to mention the other families' disapproval, even these bigwigs in their own families will never agree.

It is for this reason that there is also this tacit understanding between the various families.

If you want to fight, there is no problem at all, as long as you can catch the other side in the act, then you can go straight to the legal route. It may not be possible to guarantee anything else, because there

may be a difference in strength between the families, but it is possible to guarantee a fair trial, because everyone is watching, and no one dares to risk the world.

In today's world, it is not just a matter of which two families have the say anymore!

But what the Zheng family is doing now has really touched the bottom line of each family, hiring an assassin to assassinate Ji Feng?

If the people of the Xiang family accidentally offended the Zheng family, would they also find a few powerful assassins to exterminate the Xiang family as well?

Then in the future, if the chief implements some system that offends the Zheng family's interests, will the Zheng family even directly have to revolt?!

"This is simply"

Until Ji Feng had left for a long time, Xiang Yongzhan was still vaguely angry: "No, this matter cannot just be let go!"

He picked up the phone and dialed his father's number directly, "Dad, there's something I think is very important"

When he finished the matter, only a faint reply came from the other end of the phone, "I know, just keep a good relationship with the Ji family's boy and don't forget to do your own thing!"

"I know!" Xiang Yongzhan nodded his head.

Hanging up the phone, Xiang Yongzhan couldn't help but secretly shake his head, the Zheng family had done this thing really badly, this Zheng Yuanhe was either crazy or his brain was in water.

Now, not only was Ji Feng not assassinated, but he also caught the killer, and as a result, he caught the Zheng family in the act. Although there was no direct evidence yet, but since Qin Feiyu had already spoken up, I thought it would be difficult to find evidence below, and it would definitely not be difficult for Ji Feng.

"This time, I'm afraid the Zheng family will be unlucky" Xiang Yongzhan shook his head mockingly, "I also don't know, how this kid Ji Feng will play!"

.....

The Zheng family sent someone to assassinate Ji Feng, Xiang Yongzhan is a bit incredulous, but, Ji Feng is more or less understandable.

Zheng Yuxiu and her cousin had both become idiots, how could the Zheng family swallow this anger?

Moreover, not long ago Zheng Yuanshan had reminded Ji Feng that someone from the Zheng family had already put down harsh words, so he thought that since the other party dared to put out words like that, it was definitely not just talk.

Otherwise, who would be foolish enough to go around and tell people that I'm going to deal with so-and-so, the key to deal with someone who is too much more powerful than him, This is not shouting for people to fix him? No one would be so stupid!

So from the time Zheng Yuanshan spoke to Ji Feng, he was on board.

The only thing is that Ji Feng did not expect that the Zheng family's means and behavior would be so drastic. Originally, Ji Feng thought that even if the Zheng family wanted to retaliate, they would start from other aspects, such as from the second brother, Ji Shaolei, to check whether he had corrupt practices, or to check the specific relationship between the Tengfei Group and himself and so on.

But the Zheng family is coming up with such a drastic retaliation, even trying to hire an assassin to directly kill him!

–The key problem is that the Zheng family should have no direct evidence to prove that Ji Feng was responsible for turning Zheng Yuxiu and her cousin into idiots!

According to Zheng Yuanshan, the reason why the Zheng family suspected him was because Zheng Yuxiu's cousin was a loudmouth who told a friend that he was going to Jiangzhou to clean up after Ji Feng, but within a short time of arriving in Jiangzhou, Zheng Yuxiu and her cousin had become idiots

The Zheng family is naturally to suspect him, but no matter how suspicious, in the absence of evidence to directly hire a killer, and thus take such a fierce retaliation, the Zheng family this is to go crazy ah?

“Knock knock knock!”

Suddenly, someone knocked on the car window outside.

“Young Ji!”

Bai Spider's delicate face appeared in Ji Feng's sight, and Ji Feng immediately smiled faintly and opened the car door to get out.

At this time, not only Bai Spider, but also Rong Suyan and Rong Peng, as well as several members of Yi Xingchen's battle team with him were standing outside the car.

“Young Ji!”

Rong Suyan looked at Ji Feng and couldn't help but say softly, “Thank you!”

“Yes, young Ji, if it wasn't for you, I don't know how much longer this old man of mine would have to live in fear!” Rong Peng also said with great gratitude.

After leaving the Jiangzhou Military Region Special Operations Brigade's premises, Ji Feng, Du Shaofeng and Wang Hu drove directly to the office building of Rong's Ventures and followed it. At the same time, Ji Feng had already informed Rong Suyan and Yi Xingchen separately on the way, telling them that the killer had been caught.

Because there was a lot to say on the phone that was inconvenient, so Ji Feng didn't say exactly what had happened, but simply said that the killer had been caught and that they all didn't have to worry anymore and could sleep well at night!

So now Rong Peng thought it was Ji Feng who had specifically gone to catch the killer

He could not have imagined that the fact that Rong Suyan had been shot at was also due to Ji Feng's involvement, and that the two professional killers, Qin Feiyu and Yan Hong, were simply going straight for Ji Feng!

Therefore, Ji Feng could only shake hands with Rong Peng with a bitter smile and said, "Uncle Rong, to say the least, it's still me who dragged you and Suyan into this."

"Oh?" Rong Peng was stunned, then he waved his hand and said, "Young Ji, let's not talk about anything else, go up and have a seat first, if you have anything to say, let's sit down and talk slowly!"

As soon as Ji Feng said that, Rong Peng immediately realised that there must be something else inside this matter.

But no matter what, the killer was caught by Ji Feng, which meant that his daughter, Suyan, was definitely safe, and for that, Rong Peng had to thank Ji Feng.

However, Ji Feng could only shake his head and politely decline, "Uncle Rong, forget about it today, when I'm done, I'll come over and have a few drinks with Uncle Rong."

"Alright then, but let's make a deal, we must have a good drink then!" Rong Peng guessed that Ji Feng might be busy with something, so he stopped holding back.

Rong Suyan likewise had a quiet smile on her face as she looked at Ji Feng.

Whatever the cause of the matter was, she didn't want to delve into what Ji Feng meant when he said that she was implicated by him, anyway, somewhat she knew very well that Ji Feng had caught the killer and solved her own troubles!

"Then let's leave it like this for now, Uncle Rong, it's getting late, I'll send someone to send you back to rest first?" Ji Feng asked.

"Forget it!"

Rong Peng shook his head, "I'll still stay at the company tonight."

Ever since the shooting incident, Rong Peng's father and daughter hadn't dared to go back home to stay, and had been staying in the break room of the office, but even then, they hadn't slept well.

Today, they can finally get a good night's sleep!

"Ji Shao see you later." Rong Suyan's pair of beautiful eyes looked at Ji Feng, and after a long time, he said softly, before turning around and leaving.

"Bye." Ji Feng looked at Rong Suyan's back and also said in a soft voice.

"Old Yi, you guys should also go back, you've all worked hard!" Ji Feng patted Yi Xingchen's shoulder.

Afterwards, White Spider acted as the driver and the four of them rushed to Tengfei Network Company.

On the way, Ji Feng took out his mobile phone and dialed Zheng Yuanshan's number. This time it involved Zheng Yuanhe of the Zheng family, so Ji Feng had to give Zheng Yuanshan a call first, and what to do afterwards would need to be carefully considered.

However, Ji Feng would not have imagined what kind of uproar would be caused with his phone call!

He was once again thrust into the limelight!

Chapter 1556

“What?!”

Zheng Yuanshan’s stunned voice came over the phone, “Ji Feng, you, what did you just say?!”

Zheng Yuanshan couldn’t believe his ears, the news that Ji Feng said made Zheng Yuanshan even think that Ji Feng was joking!

Ji Feng had been assassinated by a killer, and the mastermind behind it was actually Zheng Yuanhe!

And it wasn’t just Ji Feng who was assassinated, the other day Rong’s venture capital boss Rong Suyan was assassinated and it was actually Zheng Yuanhe who was behind it!

This is really

“Ji Feng, are you sure?” Zheng Yuanshan took a deep breath, tried to calm himself down and asked in a deep voice. Zheng Yuanshan knew very well how much of a ripple it would cause if what Ji Feng said was true!

For someone from the Zheng family, and also Zheng Yuanhe, the second generation main figure of the Zheng family, to hire an assassin to assassinate Ji Feng, was tantamount to a blatant provocation!

No!

This could no longer be considered a provocation, strictly speaking, this should be the Zheng Family’s reckless provocation of the Ji Family!

Hiring an assassin to assassinate Ji Feng, this was tantamount to laying a deadly hand on the third generation of the Ji Family!

This was a deadly vendetta!

Once the people of the Ji family knew about this, what would be the consequences, even a fool would be able to think about it, the consequences, it was unimaginable!

“It’s basically certain, but we’re still interrogating the two killers to find out if there’s anything else useful, and who else is involved in this matter, we don’t know now!” Ji Feng said.

The subtext in Ji Feng’s words he heard, Ji Feng was telling him that it was now certain that Zheng Yuanhe was involved in this matter, but, besides him, who else, that was unknown

The actual fact is that you will be able to find out more about this.

It could only be someone from the Zheng family!

..... Moreover, even if Zheng Yuanhe really did not tell anyone, but now since those two killers have fallen into the hands of Ji Feng, who is involved in the end, I’m afraid it depends on Ji Feng’s intention!

Zheng Yuanshan believed that since Ji Feng was making this call to him, it meant that he already had sufficient evidence in his hands.

If Ji Feng did not have evidence in his hands, he would not have made this call. He would not be so stupid as to go around spreading the word before he had the evidence, which would only give his opponent time to destroy the evidence!

Now he is calling himself, on the one hand, to inform himself in advance, as a way to give himself face, on the other hand, I am afraid he also wants to hear his opinion

The actual fact is that you can't be too sure that you're going to be able to get the best out of this.

But now it's different!

By doing this, Zheng Yuanhe had simply violated everyone's bottom line, and at this time, how fierce the Ji Family's revenge would be, even one could think of it with one's toes!

"Ugh!"

Zheng Yuanshan couldn't help but let out a secret sigh in his heart, although he no longer had much affection with the Zheng family, but, seeing Zheng Yuanhe do such a muddled thing, he could only let out a long sigh in his heart, this was the sky wanting to kill the Zheng family!

"Ji Feng, what are you going to do?" After a long time of silence, Zheng Yuanshan couldn't help but ask.

"I haven't really thought about it yet, I'm just informing Uncle Zheng first and telling you that the case of Rong's venture capital can be closed!" Ji Feng smiled, "Also trouble you to tell Li Ruo Nan about it"

"Mm! I will inform Xiao Li!" Zheng Yuanshan nodded, he opened his mouth to ask something, but in the end he couldn't open his mouth.

Zheng Yuanshan originally wanted to ask Ji Feng himself how he planned to handle this matter, but after thinking about it, he dismissed the idea of asking Ji Feng.

Although it was now Ji Feng who had been assassinated, I'm afraid that Ji Feng couldn't completely decide what to do in the end, as it had now involved a fight between two families, so I'm afraid that it would still depend on Ji Zhenhua or even Ji Lao's wishes.

"Then let's leave it at that, I'm sorry to disturb Uncle Zheng at this late hour!" Ji Feng laughed.

"Little Feng, that's out of line for you, isn't it?" Zheng Yuanshan laughed.

Ji Feng smiled, and then the two of them ended the call.

"Pop!"

Ji Feng put the phone away and his face returned to a calm expression as he looked out of the car window at the rapidly receding scenery and couldn't help but shake his head slightly and sigh lightly.

It was really hard to have a peaceful life for two days!

Before there were the two brothers Wu Zhiyong and Wu Zhihe, and after that there was Zheng Yuxiu and her cousin, and now the whole Zheng family is actually involved

And outside, there's still the dynasty watching, the young duke, the king, and that mysterious phone call, the boundary tent people are afraid that they hate him Ji Feng to the bone as well

"It looks like this is really going to be a fight all the way down!"

Ji Feng's eyes grew cold: "Since that's the case, there's nothing more to say, just let it go!"

When he raised his hand to look at his watch, he found that the time had already passed twelve o'clock. Ji Feng had wanted to call his second uncle first, but seeing that it was so late, he planned to do so in the morning.

However, to be on the safe side, Ji Feng decided to call his second brother, Ji Shaolei, first.

"Third child? Why are you calling so late?" When he received Ji Feng's call, Ji Shaolei looked a little surprised, however, his voice was mid-air.

"Aren't you still awake at this late hour?" Ji Feng laughed, he knew from listening to Ji Shaolei's voice that second brother must still be awake, otherwise, his voice should be rather bewildered and there should be some nasal sounds as well.

"Heh! I just finished drinking with a friend and am about to go to bed." Ji Shaolei laughed, "San'er, calling at this late hour, is something wrong?"

"I almost died, and you're still in the mood to drink with someone?" Ji Feng hummed.

"Lived without a life?"

Ji Shaolei was instantly shocked, "What's going on?"

Originally, Ji Shaolei hadn't drunk much, and when he was so shocked by Ji Feng, his alcoholic feelings disappeared without a trace, and his whole body was incomparably sober.

"It's like this, a few days ago, Rong's venture capital's boss Rong Suyan was shot by a killer" Ji Feng quickly described what happened before saying, "I wanted to call second uncle, but seeing that it's too late now, I had to call you first"

"Son of a bitch!"

Ji Shaolei's voice was icy cold as he gritted his teeth and said, "I think his Zheng family has eaten his heart and leopard's guts! Zheng Yuanhe? Hmph!"

"Third son, don't worry, I'm going to tell your second uncle, this matter will definitely not just be forgotten!" Ji Shaolei said conspiratorially, "This time, we must make the Zheng family shed their skin without dying!"

"It's not good to disturb second uncle at this time, is it?" Ji Feng asked.

"That also depends on what the matter is!" Ji Shaolei said, "Let's do this first, and wait for my news later!"

"You"

Ji Feng's words had not finished, Ji Shaolei hung up the phone, he could only shake his head and laugh bitterly, the second brother is such a hot temper, also thanks to him to be able to be the boss of Jian'an Group, usually when managing the group's staff I'm afraid that there is no other way but to split the head and scold, right?

"Ding"

Just a few minutes later, Ji Feng's phone suddenly rang, seeing that it was his second brother Ji Shaolei's number, he couldn't help but smile slightly, his second brother's action was really fast, it seems he was living at home.

Ji Feng immediately picked up the phone, "Second brother"

"Little Feng, it's me!" What came from the phone was a man's low voice, it was Second Uncle Ji Zhenguo!

"Second uncle!"

"Little Feng, what your second brother said is all true?" Ji Zhenguo asked in a deep voice.

"Yes!" Ji Feng nodded, "Only that the two killers are still being interrogated, but what is certain at the moment is that the matter is definitely related to the Zheng family!"

"Is there any definite evidence?" Ji Zhenguo asked in a deep voice.

"..... No!" Ji Feng told the truth, in front of Ji Zhenguo, he had no need to hide.

"Then, can we find evidence?" Ji Zhenguo asked.

"I don't know!" Ji Feng shook his head, he understood what Second Uncle meant, if there was no definite evidence to prove that those two killers were hired by Zheng Yuanhe, then the Zheng family could completely deny it.

Without evidence, it would be impossible to deal with the Zheng family in an open and honest manner.

But what made people helpless was that Ji Feng indeed had no substantial evidence to prove Zheng Yuanhe's actions, and Qin Feiyu had no evidence in his hands either!

It wasn't that easy to find evidence either.

There was still one Yan Hong left to be tried, and if it was true that she knew nothing, as Qin Feiyu said, then I'm afraid it would be very difficult to find evidence.

"There is no evidence" Ji Zhenguo pondered for a moment before saying, "I already know the matter, take care of yourself, if there is nothing, stay in school and don't go around!"

"Yes!" Ji Feng nodded his head.

"Also, don't tell your father and your grandfather about this matter for the time being, to save them from worrying." Ji Zhenguo admonished again, "Wait until we find the evidence."

"Mm, I'll remember!" Ji Feng nodded his head.

“You shouldn’t be afraid either, this is still a society under the rule of law, no matter who commits a crime, they will get the trial they deserve!” Ji Zhenguo’s tone suddenly intensified, his nephew had been assassinated, his heart was obviously harbouring fire too, it was just that there was no substantial evidence now, he was in the way and could not say anything more due to his status.

However, these two simple words were enough to explain his attitude.

Ji Feng then felt a warmth in his heart, no matter how treacherous the situation was outside, at least, he still had the support of his family!

Chapter 1557

Yanjing, Beijing Mountain Villa Area.

Perhaps for the general public, Yanjing is most famous for those famous monuments, such as the Great Wall, Tiananmen Square, the Forbidden City and other ancient buildings. These ancient buildings from all dynasties and generations make this place of Yanjing full of a rich and noble atmosphere, and at the same time, possessing an extremely high level of majesty.

Many people who see such atmospheric buildings for the first time may even have to breathe carefully for fear of accidentally offending something.

But for those who are familiar with Yanjing, especially those who are familiar with the Yanjing system, this place cannot be considered too unusual, and it is not too much to say that it is a rarity.

For them, it is not these places that represent power and status in Yanjing, but other places that are rarely heard of, such as the courtyard on East Sixth Street, which is where the Ji family’s old man spent his days, and which is also a place that is difficult for ordinary people to approach.

For example, in some old courtyards at the foot of the Imperial City, there are also old people living there, people whose names are seldom heard by ordinary people, but if they say something, even the highest leaders have to think carefully

Of course, these places, even in the system, belong to the legend, very few people can enter these places.

But when it comes to another place, that is not a stranger to many people.

One of these places is the Villa District in Jingshan!

Most of the people who live here are high-ranking cadres, and there is no shortage of powerful families.

For ordinary people, the people who live here are high ranking and powerful, and the families here can definitely be regarded as powerful families!

The Zheng family is one of them!

After finishing his day’s work, Zheng Yuanhe put off his social engagements and returned home. All day today, he had felt his eyelids jumping all the time, and he had a vague feeling in his heart that something might be going wrong, so he went home early.

But after washing up, Zheng Yuanhe was unable to sleep.

I don't know how it happened, but as time passed, the feeling of uneasiness in his heart became stronger and stronger. Although he had reached such a stage that his connotation would not show on his face just because of this uneasiness in his heart, the fact that he was still awake late into the night was enough to show how apprehensive his heart was.

I don't know what it was, but he just felt restless!

"Could it be that something is going to happen again?" Zheng Yuanhe sat on the sofa in the living room, smoking hard and couldn't help but frown darkly, "Could it be that something has happened to Yuxiu again?!"

The moment he thought of this, Zheng Yuanhe felt his heart leap with fear.

Yuk Soo must not have another accident!

Zheng Yuanhe's breathing sharply for a few moments, and then he hurriedly took a few deep breaths to calm his emotions a little, and only then was he somewhat calmer.

However, there was still a vague feeling of panic in his heart.

"It mustn't be something related to Yuxiu!" Zheng Yuanhe muttered darkly in his heart, thinking of his daughter, he could not help but feel a pang of heartache.

Just a short while ago, his daughter Zheng Yuxiu was still a living, breathing human being, and was even on the verge of marrying the second young master of the Wu family, Wu Zhihe.

But then, Wu Zhihe suddenly died!

It was said that he was scared to death by Ji Feng!

Zheng Yuxiu was so devastated that she almost didn't go crazy. If her mother hadn't hurriedly flown to Northern Shaanxi Province to take care of her daughter, she might have had to go to an insane asylum if she wanted to see her daughter again!

Zheng Yuanhe, despite knowing that Wu Zhihe's death actually had little to do with Ji Feng, and that what really drove him to his death was most likely Wu Zhiyong.

But this is something Zheng Yuanhe is unable to say, he can only kindly comfort his daughter and tell her not to think too much.

However, at this time, Zheng Yuanhe could never have imagined that after only a short period of time, he would receive news that would be like a bolt from the blue – his daughter had become an idiot in Jiangzhou!

Zheng Yuanhe was furious!

He almost rushed to Jiangzhou himself, to arrest Zheng Yuanshan, who was still related to him, and ask him how his daughter had gotten into trouble in Jiangzhou!

But Zheng Yuanshan didn't say anything, he just excused himself and said he was investigating If it wasn't for his identity, Zheng Yuanhe would have wanted to curse!

And while angry, Zheng Yuanhe was also puzzled.

What is it about this Jiangzhou that can make his daughter come well but return demented?

Zheng Yuanhe's doubts didn't last too long, after just a few days, he got the news that it turned out, the reason why his daughter had become like this, might have something to do with Ji Feng!

However, without proof, mere speculation could not move Ji Feng at all!

In addition, the situation of the Zheng family is not very good today, and the Wu family because of the previous series of counterattacks by Ji Feng, not only their own wretched, but also even Wu Zhihe died After thinking about it again and again, Zheng Yuanhe suppressed the anger inside himself and just sent his daughter to the best hospital for medical treatment.

And this, however, does not mean that Zheng Yuanhe just stop.

He was waiting for an opportunity, as long as he caught any handle of the Ji family or Ji Feng, he would definitely not let go!

Zheng Yuanhe had been waiting for such an opportunity, and he was also secretly building up his strength, just ready to deal a fatal blow to Ji Feng!

However, today, Zheng Yuanhe had a bad feeling in his heart, he always felt as if something was going to happen.

Zheng Yuanhe was a bit restless, he couldn't help but panic, if something else happened to his daughter, it would really be fatal!

After trying to calm himself down and thinking, Zheng Yuanhe took out his mobile phone and dialled his daughter's attending physician to enquire about his daughter's condition.

"Minister Zheng, your daughter's condition is still the same, although it has improved through a period of treatment, but this will take time, after all, your daughter's condition is very special"

"Thank you, let you take the trouble!" Zheng Yuanhe couldn't help but sigh in relief.

Fortunately, the attending physician's answer could not satisfy Zheng Yuanhe, but at least it was not too bad.

Having received an affirmative answer, the uneasiness in Zheng Yuanhe's heart was not reduced at all, and he had to light up a cigarette and smoke it fiercely.

"Zap!"

The bedroom door was pushed open and a middle-aged woman in a robe came out, seeing that the living room was dark, with only a red dot flickering on and off, and that there was a pungent smell of smoke in the living room, the woman could not help but sigh.

“Old Zheng, upset about your daughter again?” The middle-aged woman came to Zheng Yuanshan and poured him a glass of water and said comfortingly, “Since Yuxiu is like this now, it’s no longer helpful for you to be upset, you can only hope that the doctor will cure Yuxiu You should also stop smoking so much, your own body is also important! ”

“Don’t worry, I’m fine!” Zheng Yuanhe shook his head.

“Humph!”

The middle-aged woman then couldn’t help but snort coldly, “It’s all that little brute Ji Feng’s fault, I don’t know what tricks he used, but he actually made Yuxiu look like this, he really deserves death by a thousand cuts”

“What’s the use of talking about this now? Without evidence, we can’t do anything with Ji Feng!” Zheng Yuanhe was also very unhappy, but there was a kind of helplessness, not to mention that the Ji family was very powerful, even if the Ji family was not as powerful as the Zheng family, to take action against Ji Feng without clear evidence, it would not work.

Because there were other families watching!

This world is not just the Zheng family’s, but everyone’s!

“No evidence? I think it’s because that dragger Zheng Yuanshan and the Ji family are wearing the same trousers, that’s why he’s not willing to provide evidence, he’s the powerful deputy director of the Jiangzhou City Police Department, if he wants to investigate such a case, can he not find evidence?!” The middle-aged woman said angrily, “Zheng Yuanshan has long since embraced the thighs of the Ji family and is only following the Ji family’s lead, he can’t even remember his own surname!”

“Shut up!”

Zheng Yuanhe frowned, “In the future, it’s best not to say such strange words more often!”

Although he was reprimanding, his tone was not harsh, for he knew that what Madam said was actually somewhat true.

Perhaps others didn’t quite understand, but Zheng Yuanhe knew very well that the powerful deputy director of the Jiangzhou Police Department was equivalent to a deputy director of a provincial department, and he couldn’t be clearer about how much power was in his hands.

How much power was in his hands? Would it be difficult for such a powerful deputy director to investigate a case?

“Am I wrong?” Mrs. Zheng, however, was indignant, “If Zheng Yuanshan had contributed more or less, our daughter would have been more or less compensated even if she had become an idiot, and that Ji Feng would have paid the price, but what about now? Our daughter is demented and in the hospital, but Ji Feng is still there to get away with it”

Zheng Yuanhe then couldn’t help but be silent, the lady’s words actually spoke to his heart.

“Ugh!”

After a moment of silence, Zheng Yuanhe couldn't help but let out a long sigh and forcefully put out his cigarette, "Let's just leave it at that, first find a way to ask a famous doctor to cure Yuxiu, other things, let's wait for the opportunity!"

"Wait, wait! You just know to say wait for the opportunity, how long do we have to wait?" Mrs. Zheng was furious, she snorted coldly, "You can watch your daughter living in a hospital like a human being, but I can't! I'm telling you, if you don't move, then I'll avenge my daughter myself!"

"What are you going to do?" Zheng Yuanhe frowned, "Don't you dare act recklessly!"

Zheng Yuanhe was taken aback by the lady's words, he knew very well what kind of temper this wife of his was, when she was still a yellow flower girl, she was an arrogant and spirited temper, an unbeatable young lady, if she was hot-headed, then she could really do anything!

"What's messy?" But Mrs. Zheng said defiantly, "Tell you what, I've already spent money to find someone, Ji Feng turned my daughter into an idiot, didn't he say he couldn't find any evidence? That's good then, I'll give him one too that can't find any evidence, I'll make him die!"

Chapter 1558

"What did you say?!"

Zheng Yuanhe stood up with a swish, the cigarette in his hand fell on his trousers because of the excessive shock, but he was oblivious to it, he just stared at Madam with a deadly stare.

"What have you done?!" Zheng Yuanhe asked in a deep voice.

"Why are you so fierce? What can I do, just avenge my daughter's death!" Madam Zheng rolled her eyes and looked as if she was taking things for granted.

The first thing was that her daughter, Zheng Yuxiu, had been harmed by Ji Feng, and the Ji family was so powerful that the men of the Zheng family did not dare to say anything, so naturally she had to find a way to avenge her daughter!

The reason why Ji Feng was so cruel to Zheng Yuxiu was because what Zheng Yuxiu had done had violated Ji Feng's bottom line, and the fact that Zheng Yuxiu had targeted someone close to Ji Feng had enraged Ji Feng, so of course he had to deal with him!

Even if the strengths of the Ji family and the Zheng family were to be completely switched, Ji Feng would still have dealt with Zheng Yuxiu, and he would never have shown any mercy!

This point, Mrs. Zheng will not think about.

In fact, even if she had thought about it, she would not have thought it was her daughter's fault. Ji Feng had forced her daughter's fiancé to death, so it was only natural for her daughter to deal with Ji Feng!

Of course, Mrs. Zheng would not even think about what was wrong with her daughter Zheng Yuxiu's actions, nor would she think about what was wrong with the Wu family's people!

There is such a kind of person in this world, no matter how much he goes overboard, that is rightfully so, but, you can't go overboard. If you go too far, then it's not like that, he's going to jump, he's going to get mad, he's going to get upset!

Mrs. Zheng is such a person.

Back then when she was a yellow girl in her mother's house, Madam Zheng was never one to take a loss, and even less so now.

She didn't care who was right and who was wrong, anyway, now that it was Ji Feng who had turned her daughter into an idiot, Madam Zheng couldn't tolerate it, Ji Feng, the little brute, must die!

If Ji Feng didn't die, Mrs. Zheng would find it hard to dispel the hatred in her heart!

"You!"

Zheng Yuanhe was angrily pointing at the madam, his face grim with anger: "Say! What exactly did you do!"

"It's nothing, but I just found a few powerful people to go and teach that little brute Ji Feng a little lesson!"

Seeing that her husband was really angry, Mrs. Zheng was still more or less timid in her heart, and as a result, she didn't dare to tell the truth and could only argue, "What's wrong, my daughter has become like that, can't I take it out for my daughter? If you, as a father, are not willing to avenge your daughter, can't I do it?"

"Can! You can!"

Zheng Yuanhe grunted heavily in anger, "But have you thought about how much trouble it would cause for the Zheng family if it was known that our Zheng family had sent someone to teach Ji Feng a lesson!"

"You can rest assured of that, the person I found is completely trustworthy, no one will know about it!" Madam Zheng said with confidence.

"Humph!"

Zheng Yuanhe grunted, "I'm telling you, if you cause trouble, you'll take care of it yourself!"

"Ding"

Just at this moment, a piercing phone ring suddenly rang.

Mrs. Zheng let out a sigh of relief and hurriedly turned around to answer the phone, if she said any more, she was really afraid that her husband would know that she wasn't just looking for someone to teach Ji Feng a lesson, but that she was directly looking for someone to go and take Ji Feng out!

Look at Zheng Yuanhe, if he knew, he wouldn't know how angry he would be!

Look at that little outburst!

Madam Zheng couldn't help but snort coldly in her heart, a big man was cowering, he didn't even dare to speak up even though his daughter had been made to look like this!

Madam Zheng didn't care about the first grandson of the Ji family, what was wrong with the first grandson of the Ji family? He was just a bastard!

Her own daughter had been made to look like an idiot by a bastard, so how could she stop there?

As she muttered in her heart, Mrs. Zheng went to the corner of the living room and prepared to pick up the phone, her eyes inadvertently swept over the phone's display, and her face suddenly changed.

"Bah! How dare you have the nerve to call!" Madam Zheng couldn't help but curse, "Just like that little beast from the Ji family, one is a wild child and the other is a dragger, neither are any good!"

As soon as Zheng Yuanhe, who was sitting on the sofa, heard this, he instantly realised what was going on and couldn't help but ask, "Who was it that called?"

"Who else could it be, of course it's your good brother, Zheng Yuanshan!" Mrs. Zheng hummed, "I hate talking to this ungrateful and unrecognizable procrastinator, come and answer it yourself!"

"That mouth of yours, when are you going to curb it a bit!" Zheng Yuanhe glared at her before he got up to answer the phone.

"Hello, this is Zheng Yuanhe!" When he answered the phone, Zheng Yuanhe's voice immediately became very majestic, as if the leader was answering the phone of his subordinates, and that feeling of being above him was really obvious.

"....."

Zheng Yuanshan on the other end of the phone was a little angry, and this one sentence from Zheng Yuanhe immediately showed the Zheng family's attitude towards him

Zheng Yuanshan took a deep breath before he said, "I am Zheng Yuanshan!"

"Oh! It's Yuanshan, what's the matter?" Zheng Yuanhe asked.

"....." This sentence, again, made Zheng Yuanshan angry and almost didn't drop the phone, he gritted his teeth and tried to calm himself down as he said, "Just now Minister Zhenhua's son Ji Feng called me, he told me about a situation that I feel the need to talk to you about."

"Hmm?" This time, Zheng Yuanhe, however, just made a nasal sound.

"Heh"

Zheng Yuanshan sneered, he was also a dignified figure, how could he be humiliated like this again and again?

"It's like this, there were two assassins who wanted Ji Feng's life this evening, but they missed and were caught by Ji Feng." Zheng Yuanshan's tone also cooled down, "According to the information obtained from the interrogation, those two assassins confessed that they were hired by someone to come and assassinate Ji Feng!"

"Oh?"

Zheng Yuanhe became a little more interested and asked, "There's still such a situation?"

“That’s right!”

Zheng Yuanshan said, “According to one of the assassins, when he accepted the hire, he kept an eye out and followed the internet to find out the IP address of his employer, and in turn found out some information about his employer

“What do you mean by telling me this?” Zheng Yuanhe felt that something was wrong, and his heart jolted, because at this moment, he had realized something.

“The IP address that that killer is talking about is your home!” Zheng Yuanshan didn’t want to talk too much nonsense to Zheng Yuanhe, “And the head of that household, is you!”

“What?!”

Zheng Yuanhe was stunned, “What did you say?”

“Didn’t you hear me?” Zheng Yuanshan asked, “Then I’ll repeat it again

“No need!”

Zheng Yuanhe directly interrupted him and said, “Zheng Yuanshan, are you joking with me in the middle of this night?”

“Now Ji Feng has tangible evidence in his hands, whether it’s a joke or not, I think we will soon see what will happen, I’ve finished my words, you can see for yourself!” Zheng Yuanshan said indifferently.

And after that, he simply hung up the phone!

“Hey! Hey hey!”

Zheng Yuanhe shouted anxiously a few times, but he only got a few busy tones.

“Snap!”

Zheng Yuanhe hung up the phone, his breathing was a bit rapid and his face was changing, it was really because the news Zheng Yuanshan had told him had shocked him too much.

When had he hired a hitman to assassinate Ji Feng?

Zheng Yuanhe knew he hadn’t done it!

Then

Zheng Yuanhe couldn’t help but slowly turn back and stare at his wife not far away as he remembered what she had just said

Needless to say, it must have been his own wife who did it!

“This is really his own good wife!”

“Old Zheng, what did that dragger say?” Seeing Zheng Yuanhe’s strange expression looking at herself, Mrs. Zheng couldn’t help but ask strangely, “Did that towler say something unpleasant to you again? This is really funny, a grease trawler, I am afraid he has even forgotten who his ancestor is, right? How dare he say nasty things to you

“Shut up!”

Zheng Yuanhe suddenly bellowed, his expression shocked and angry as he stared at his wife, “Say! What the hell did you do!”

“Sh, what?” Madam Zheng was taken aback, and immediately, she screamed, “Zheng Yuanhe, what are you mad about, what can I do? Didn’t I just say a couple of words about Zheng Yuanshan being a drag, you actually yelled at me”

“I asked you what you did to Ji Feng!” Zheng Yuanhe said angrily.

Mrs. Zheng’s heart suddenly thumped and jumped wildly a few times, she said with strong composure, “I didn’t do anything, just looking for someone to teach Ji Feng a lesson, what’s wrong with that”

“Just to teach him a lesson?” Zheng Yuanhe sneered, “Just now Zheng Yuanshan called to tell me that Ji Feng caught two killers this evening, after interrogation, one of the killers explained that he was hired by someone, moreover, the person who hired him is in our house!”

“Ah?!” Mrs. Zheng immediately shrieked, “Old Zheng, you, what do you mean by that?”

“What do you mean?!” Zheng Yuanhe was really angry to the extreme, seeing the lady’s appearance he understood everything, this matter must be her doing, decades of husband and wife, the other party slightly what colour change can also be seen.

“I tell you what it means!” Zheng Yuanhe gritted his teeth, “Ji Feng now has tangible evidence, if he wants to go through the formal legal process, the relevant authorities will come to our house to investigate, by then whoever did it will be taken away, this is murder! It’s murder! And it’s the murder of the first grandson of the Ji family! What will happen, don’t you know clearly?”

“Ah?!”

Madam Zheng was dumbfounded, and her face changed, “Old, old Zheng, are you telling the truth?!”

“How dare you do this!” Zheng Yuanhe really didn’t know what to say, “You, you! Just watch, the Ji family will definitely not give up, I’ll see how you’ll end up when the time comes!”

Mrs. Zheng was frozen

Chapter 1559

“Old, old Zheng, is everything you said true?” Looking at her husband’s shocked and indignant face, Mrs. Zheng finally felt real panic in her heart.

“It’s come to this point, do you think I would still joke with you? Or say something unreliable to scare you?” Zheng Yuanhe looked at his wife with a face of hatred, his heart was really mixed, he could not wait to give her a few slaps right now to completely wake her up.

This woman, when she was young, was a domineering, domineering, domineering woman. If that was all she had been, he had learned after spending more time with her that she had not only an arrogant and domineering personality, but also a large number of flaws.

The most obvious flaw was that this woman liked to be clever!

She has no real wisdom at all, but when it comes to playing small tricks and playing smart, she is better at it than anyone else!

The actual truth is that the small amount of cleverness that she has will not be of any use, and there is even a saying that cleverness is misplaced by cleverness, and this is the saddest end of cleverness!

“Eh!”

Zheng Yuanhe couldn't help but let out a long sigh of indignation, but in his heart he was angry and hateful, shocked and angry at the same time.

His shock was, of course, because of that phone call from Zheng Yuanshan just now, talking about how Ji Feng had already captured those two killers and grasped substantial evidence.

Then, the next step would definitely be to usher in the most violent revenge from the Ji family, and by then, not only this woman, including himself, but also the entire Zheng family, would be implicated by her!

Although Zheng Yuanhe knew that sending a killer to assassinate Ji Feng was his wife's foolish act, however, the people of the Ji family might not believe it!

His anger and hatred were naturally also due to his wife's foolish act, and the intense feeling of oppression that came before knowing that the Ji family's revenge was imminent, which almost made him feel suffocated.

“How could I have found such a woman!” Zheng Yuanhe was so angry that he almost jumped to his feet!

If it wasn't for the fact that she had coaxed her family with her flowery words at that time, if it wasn't for the fact that she was really pretty at that time and was considered a numbered beauty in the entire Yanjing

Zheng Yuanhe couldn't help but secretly snort, if it wasn't for that, how could he have married her!

“Old, old Zheng, you can't just stand by and watch me get taken away!”

Seeing her husband's ever-changing expression, Madam Zheng could be described as terrified, and perhaps it was only until this moment that she realised just how serious what she had done was.

“Old Zheng, now that Yuxiu has been made into an idiot by Ji Feng, we're about to lose our daughter!” Mrs. Zheng began to wipe her tears, “Our daughter is about to be lost, do you still want me to be made an idiot by him too? Or are you going to watch me get thrown into jail by them? What's the big deal about the Ji family, our family is on the verge of being ruined by them!”

“All right!”

Zheng Yuanhe's head was about to explode from the noise she was making, and he instantly roared, “Is there any end to this? How am I supposed to figure out what to do if you're being so noisy?!”

“Hey! Hey hey! I won't talk anymore, you think, you think quickly” Mrs. Zheng hurriedly said.

“Humph!”

Zheng Yuanhe glared at her fiercely and cursed, "You woman, this family will be destroyed by your hands sooner or later!"

As he spoke, Zheng Yuanhe quickly grabbed the clothes on the hanger and headed out.

Mrs. Zheng was instantly anxious, "Old Zheng, where are you going?"

"Where can I go? After such a big incident, I have to go to the old man to discuss it? Do I have to wait until you've been thrown into prison before I can think of a solution?" Zheng Yuanhe glared at her and grunted in no good mood.

Boom!

The door to the room was closed.

Looking at the empty living room, Madam Zheng froze, her mind going blank.

"Flop!" In a flash, Madam Zheng sat down on the sofa with her buttocks.

Only after a long time did Madam Zheng grunted coldly and couldn't help but curse angrily, "Damn Ji Feng, little beast! Count yourself lucky this time, but don't be too complacent, it's not certain who will die in the end!"

Although Madam Zheng was also flustered in her heart, that was only because the strength of the Ji family was really too strong, but for Ji Feng, she hated him to the bone and was not even half afraid.

"That's just a little beast that the Ji family found from nowhere, a little wild child, it's still not clear if it's Ji Zhenhua's son, what can be the big deal?!" This was what Madam Zheng thought, as long as Zheng Yuanhe could talk the old man into it, then this matter would not be a big deal, at most she would just be scolded by the old man, what could it be?

As for hiring an assassin to assassinate Ji Feng

Just now she was shocked by this sudden news, so she didn't have time to think about it, but now after calming down slightly and thinking carefully, she felt that there was something fishy about it.

That's right!

The killer was indeed sent by her, but to say that Ji Feng had not only caught the killer, but also had tangible evidence, Mrs. Zheng did not believe it in any way.

She could not be clearer about who the assassins were, not to mention that they definitely did not have any concrete evidence in their hands, and even if they did, they would never tell Ji Feng, and no matter how much Ji Feng interrogated them, he would never get any concrete evidence!

Mrs. Zheng is almost certain!

It's just that

The actual fact is that you will be able to find out more about the actual actual facts about the actual facts.

If Ji Feng did not have tangible evidence, then how could he know that the killer was sent by himself? How could Zheng Yuanshan's phone call come directly to the house?

What was this all about?

Mrs. Zheng forced down the doubt in her heart and could not help but comfort herself, "It's okay, that little brute definitely won't have any evidence, he might have heard about this from somewhere or that girl might have leaked out, but it's impossible for him to have tangible evidence! Nothing! The Ji family can still wipe out the Zheng family outright?!"

Thinking about this, gradually, Mrs. Zheng's emotions stabilized again, and she even thought that after this matter had calmed down, she must find the most reliable and powerful assassin to kill Ji Feng directly!

At that time, I am afraid that no one will suspect the Zheng family anymore.

Why?

Because the Zheng family had just sent someone to assassinate Ji Feng, so they wouldn't be stupid enough to push themselves into the limelight again, right?

It must be someone else's doing to frame the Zheng family!

That's what everyone must be thinking

"Giggle" Thinking of the happy part, Madam Zheng couldn't help but giggle with glee.

However, it probably wouldn't occur to Madam Zheng now that this matter was much more serious than she had imagined, and that Ji Feng was definitely not that good of an assassin!

.....

When a new day came, and the sky in the east was glowing with the white of a fish's belly, in the city of Yanjing, another piece of news suddenly circulated.

Someone from the Zheng family had actually sent an assassin to assassinate Ji Feng, but the assassin was caught by Ji Feng and, moreover, important evidence was interrogated and the target pointed directly at Zheng Yuanhe's wife!

This news, to Yanjing City, which had been calm for some time, was like throwing a boulder into a calm lake, instantly stirring up a lot of waves!

The entire Yanjing City was in an uproar!

Sending an assassin to assassinate the first grandson of another family had undoubtedly touched everyone's bottom line, and it could even be said that this was unscrupulous!

Many people were secretly unashamed of what the Zheng family had done, and even some of the old masters who had already retired could not help but sneer when they heard about this matter.

In particular, one of the old men who had the same seniority as the Zheng family's old man, when he heard that the Zheng family had actually dispatched an assassin to assassinate the first grandson of the

Ji family, he just laughed twice before saying mockingly, "It seems that this old man Zheng's bones are really old, actually allowing a stupid woman to stir up trouble in his family, shame on him!"

"The Zheng family is about to turn the sky upside down!" Another old man said so, the faint look of mockery on that face was enough to show his disgust and sneer at the Zheng family for acting in such a manner, "It seems that that old thing of the Zheng family, is thinking that the Zheng family has not fallen fast enough!"

.....

Just imagine, even these older generations are getting concerned, so you can imagine how much the Zheng family has gone too far this time. Then the younger lifelong disciples underneath were naturally even more concerned.

For a while, the Zheng Family became the focus of attention for the entire Yanjing City!

But half a day had passed without any change in the news, and many people couldn't help but stare in awe, ready to watch the action!

Everyone knew that when it came to something like this, the Zheng Family should have been the first to dispel the rumours or take any action, but the fact that no news had come in yet proved that the Zheng Family hadn't taken the slightest action, or at least, they hadn't made contact with the Ji Family yet!

It looked like the Zheng Family was going to put up a hard fight!

At this time, the youngsters of the various families were ready to watch the fun, while the elders of the second generation of the families were all on edge.

If the Zheng family did this, the greatest possibility was to completely anger the Ji family, especially the old master of the Ji family, once his old man was angry, then the whole big faction of the Ji family would concentrate their firepower and strike hard to deal a thunderous blow to the Zheng family!

Although now development and stability is the overriding premise, everyone even the game between the big factions is played within the limits of what is acceptable to each other and everyone else.

But what kind of person is Elder Ji, once he gets angry, who can stop him?

But as one of the old masters said the Zheng family, this is going to turn the sky upside down!

The Zheng family, the Ji family, have all become the focus of everyone's attention.

What action will the Zheng family take, either to clear themselves or, of their own accord, to bow to the Ji family Neither of these two options has been seen by everyone.

Then what will be the move of the Ji family?

Will they hold their breath, or will they simply engage in thunderous action?

Almost everyone is staring and holding their breath, afraid that because of a cough of their own, it will cause a violent conflict between the two families!

At this moment, Ji Feng, however, received a call from his father.

Chapter 1560

As for everything that was happening in Yanjing city at this time, Ji Feng still knew nothing about it. After he returned home last night, he followed his usual routine and slept for a few hours, then got up early in the morning to move his body and did a simple set of boxing in the backyard before preparing to go out to buy breakfast.

“Ding”

At this time, Ji Feng’s mobile phone suddenly rang, but just after two rings, before Ji Feng could take it out to see who was calling, the phone ran out of battery.

Ji Feng shook his head helplessly and had to go back to the living room to charge it.

After turning on the phone, he checked the caller record and found that it was actually from Ji Shaojun, so he was a bit puzzled as to why Ji Shaojun would call so early in the morning.

Ji Feng was about to dial Ji Shaojun, but before he could press the button, the phone rang once again, this time it was his father Ji Zhenhua calling.

“What’s going on, all discussed to call so early?” Ji Feng secretly said, and hurriedly picked up the phone, “Dad”

“Brat, do you have to wait for someone to put a knife on your neck before you are willing to call me for help?” As soon as the phone was connected, Ji Zhenhua’s majestic voice came through.

“Hmm?”

Ji Feng was stunned, he really didn’t react for a moment, how could he sound a bit angry from his father’s tone?

“Zheng family’s people sent assassins to assassinate you, why didn’t you tell me?” Ji Zhenhua asked in a deep voice, “Did you have to wait until that assassin’s knife was all the way to your heels before you could think of telling me?”

“.....”

Ji Feng was stunned, he didn’t expect that his father was actually calling for this matter.

“So what, there’s nothing going on on my end, and that killer was caught by me anyway, so I didn’t tell you!” Ji Feng said, “Besides, just those killers want to kill me? They aren’t that capable!”

“It was your second uncle who didn’t allow it to be said, right?” Ji Zhenhua said, “Your second uncle is just a bit too stable!”

Ji Feng could only laugh, his father criticized his second uncle, but it was not good for him, a junior, to follow suit and say anything. Besides, from Ji Feng’s point of view, he didn’t think there was anything wrong with what Second Uncle had done.

If it was him, he would have done the same thing. Anyway, the danger was over now, the killer had been caught, and before he had any substantial evidence, what did it matter if he told his father or not?

“Got any evidence?”

Listening to his son’s heated and silly laugh coming from his mobile phone, Ji Zhenhua was not in a position to say anything else, except that he had some regrets in his heart. The two guards he had sent to Jiangzhou at first were withdrawn over his son’s objections, but now it seemed that it was still very necessary to send guards to his son.

There are always people in this world who don’t want you to live too comfortably, and no one can say when the next time something like this will happen, and if you really wait until it happens, then the anger will be useless.

However, these words Ji Zhenhua will not say to his son, or the old rules, this time Ji Zhenhua also plans to send guards to secretly follow Ji Feng.

But before that, for those who dare to assassinate his son, Ji Zhenhua will not forgive lightly.

“There is no tangible evidence yet!” Ji Feng said, “At the moment, we have only interrogated those two killers, although we have gotten information from them, but to say that the evidence is nowhere to be found, unless we break into the Zheng family directly”

Ji Feng described the general situation, especially explaining the information that Qin Feiyu had explained – he had only traced the IP address of his employer through the internet, which in turn led to the Zheng family, and the head of the Zheng family’s household, Zheng Yuanhe. But beyond that, Qin Feiyu didn’t know anything else.

The scope of this would be huge.

With so many people in the Zheng family, God knows who used the computer, and unless there was direct evidence that Zheng Yuanhe had hired the murderer through the internet, there was no way to hold him accountable!

Zheng Yuanhe could have excused himself by saying that there were many guests at the house and he didn’t know who had used the computer, etc.

What’s more, without tangible evidence, it simply won’t go that far, and with Zheng Yuanhe’s status, who would easily investigate him?

“Without tangible evidence, you dare to put the news out?”

Ji Zhenhua frowned slightly and asked, “Are you trying to put pressure on the Zheng family to make them make a mistake?”

“It’s not just that!”

Ji Feng said, “Dad, in fact, now if nothing unexpected appears, it’s basically impossible to find evidence that Zheng Yuanhe hired a murderer, if he really did it, I’m sure he would have cleaned up all the traces and definitely wouldn’t have left any scourge behind. What’s more, there’s no excuse to investigate Zheng Yuanhe”

Without evidence, there is no way to move Zheng Yuanhe.

As for deliberately bluffing, or silently gathering evidence, that's not very feasible.

If you can't move Zheng Yuanhe, then you can't hit the Zheng family, so in Ji Feng's mind, he was going to swallow this anger.

There was no way out if you didn't swallow it!

Although the Zheng family is not as strong as the Ji family, it is a powerful family after all, and it is not something that can be touched by anyone who wants to. As long as the foundation of the Zheng family could not be hurt, the Zheng family would not fall.

The company's main business is to provide a wide range of products and services to its customers.

It was precisely because of this that Ji Feng deliberately released the news that he had captured the killer through Zheng Yuansan, and he went to Zheng Yuansan for this purpose.

I believe Zheng Yuanshan also understood this, but what exactly he would do, Ji Feng did not bother about.

Ji Feng's purpose was to let the Zheng family know that he already had tangible evidence in his hands and was now continuing to interrogate and continue to look for evidence, to make the Zheng family panic, to make them sit up and take notice, while Ji Feng just wouldn't start.

"Are you trying to give the Zheng family the illusion that you can move them whenever you want to, and thus take the initiative on many things and reap the benefits?" Ji Zhenhua asked.

"Mm!"

Ji Feng nodded, "That's what I'm thinking! Dad, do you think it's good for me to do this?"

"Is it good?"

Ji Zhenhua said, "There is no longer any good or bad, the whole Yanjing City has already known about this matter, and it is now spreading all over the place, if you just want to reap benefits, it can be done with just a lift of the hand. However, if you want to take revenge in the future, you will have to think about it, because once you still strike out at the Zheng family after reaping the benefits, when the time comes, it will be us who are at a disadvantage!"

"The whole city knows about it?" Ji Feng was stunned, "This news is spreading too fast, isn't it? Who spread it out?"

"Humph! There's no impervious wall in this world!" Ji Zhenhua was not surprised by this situation, his life experience was so rich that he could see through the essence of the slightest wind and grass movement, "Those who spread this news must be people with a heart!"

Once the Zheng family and the Ji family go to war, the Zheng family will definitely be at a disadvantage and may lose their armour when the time comes, and then the Ji family will get a lot more benefits.

But now that everyone was focusing on this matter, the Ji family, even if they were angry, even if they were the justified party, had to restrain their actions.

This is that some people don't want the Ji family to gain too much!

“Dad, I understand what you mean, then you see, let you worry about the next thing!” Ji Feng said. He wouldn’t bother with these matters, how to operate, how to hook up, Ji Feng didn’t want to get involved, just have his father and the others go about their business.

“You brat!” Ji Zhenhua scolded with a laugh, after a pause, he added: “Little Feng, if you are tired of being out there alone, come home or go to your second uncle’s place, you are not alone, behind you there is your old man supporting you, and your mother is also thinking of you!”

“..... Mmm!”

Ji Feng nodded vigorously and said, “Dad, I remember!”

“Then let’s do that for now!” Ji Zhenhua didn’t say anything more, and then hung up the phone.

Although Ji Zhenhua didn’t say much, Ji Feng felt very warm. Strictly speaking, his father was definitely a strict father, just because Ji Feng had already become an adult by the time his father and son met, plus he had been drifting outside for more than ten years and had suffered a lot along with his mother, so Ji Zhenhua felt guilty for him and loved him twice as much, which was why he didn’t sink his face at him.

However, Ji Zhenhua’s character is determined, even in the face of his son, he will not say too much, as long as the meaning to the line.

This is a very different character from his mother, Xiao Sumei!

But the same thing is that they both genuinely care for Ji Feng, and this is what makes Ji Feng feel the warmest.

Of course Ji Feng understood what his father meant.

According to Ji Feng’s intention, it was to keep the Zheng family in a state of constant tension and make their hearts weak, then, at this time, as long as the Ji family launched an offensive, the Zheng family would subconsciously give in, their strength would be further compressed, and the Ji family, in turn, would be able to achieve certain results.

For example, the placement of people in certain important positions can be replaced with people from the Ji family.

Even, it might be possible to get one or two strategic positions from the Zheng family – such as secretary of the provincial party committee of a certain province, governor or something like that!

However, Ji Zhenhua said that it was not difficult for the Ji family to obtain such benefits under the current circumstances, but once the Zheng family gave up these benefits, the matter would be brought to an end.

If you want to deal with the Zheng family in the future to avenge yourself, you will be at a disadvantage.

After all, the matter is already finished, you then take out the old account to attack others, this is a bit of intentional fault finding suspicion, this is not good.

The fact is, Ji Feng doesn’t care too much about this.

And in fact, Ji Feng likewise knew that his father was satisfied with the way he had handled this matter. The father's only anger was that he could not avenge his son!

However, for Ji Feng, it was not too important whether he could take revenge immediately or not.

Because he was still young and had plenty of time later, but Zheng Yuanhe was a whole generation older than him, and there were plenty of opportunities to take revenge if he wanted to!

What's more, is this matter really over?

Ji Feng smiled coldly, of course not!
