

Campus Master 1561

Chapter 1561

“Little Feng, this is the situation, Uncle Zheng won’t be polite with you, there’s nothing I can do about this next matter!”

“Uncle Zheng, I understand!”

Listening to Zheng Yuanshan’s apologetic voice over the phone, Ji Feng smiled and said, “Uncle Zheng, this matter was already very difficult for you, it’s already very good that you can help up to this point.”

“Little Feng, there’s no need to say so many polite words between you and Uncle Zheng, right?” Zheng Yuanshan laughed harshly.

“Mm!”

Ji Feng also smiled.

At this moment, it was only just after breakfast. After receiving a call from his father, Ji Feng switched off his phone to charge it and waited until after breakfast before turning it on, then he received a call from Zheng Yuanshan.

Zheng Yuanshan didn’t say much on the phone, he just told Ji Feng about his call with Zheng Yuanhe.

Ji Feng also understood that there was actually no need for Zheng Yuanshan to make this call at all, because Ji Feng had told Zheng Yuanshan the news after it happened, and although the purpose was for him to reveal it to Zheng Yuanhe, Ji Feng did not state it, and Zheng Yuanshan did not ask about it either.

It could be said that it was just a tacit agreement between the two.

There was no need to say so much with a smart person!

But the change in the situation was beyond the expectations of Ji Feng and Zheng Yuanshan, not to mention the others, just in the middle of the night, the entire Yanjing City actually already knew all about the news that the Zheng family had sent an assassin to assassinate Ji Feng, almost everyone was concerned about this matter!

This took Zheng Yuanshan a bit by surprise, and he immediately realized that this must have been a deliberate release of news by someone.

Its purpose, then, must be to keep everyone’s attention focused on the Zheng and Ji families, to put pressure on them, or perhaps there was a deeper reason

But no matter what, this was certainly not Ji Feng’s original intention.

Therefore, Zheng Yuanshan then immediately called Ji Feng, he first had to explain that this kind of news was not spread out by himself, otherwise, it would be serious if Ji Feng had any further misunderstanding.

Because this was no ordinary matter, if it was done by Zheng Yuanshan, it would be like stabbing the Ji family in the back!

Of course, Ji Feng knew that this news would definitely not be spread by Zheng Yuanshan, because it was too obvious, but anyone with a bit of brain would not do something so obvious!

As for the question of who actually spread this news

“Hey”

Ji Feng couldn't help but shake his head and smile, from last night to now, the people who knew he was assassinated only added up to a few, Xiang Yongzhan, Zheng Yuanshan, the Zheng family, and second uncle

The Xiang family is a military family, for this kind of thing should not interfere too deeply, so the Xiang family's suspicion is very small, the second uncle is certainly for his own good, so his suspicion can also be completely ruled out, in addition to, Zheng Yuanshan's possibility is not very big

There is only the Zheng family!

It's just that we don't know if this is a collective act of the Zheng family or if it's the work of one or two people with bad intentions!

In fact, no matter who spread the news, it is now irrelevant, this seems to be a very clever means, in fact, the impact on the Ji family is not very big, Ji Feng will not even bother!

What Ji Feng was most concerned about now was the two killers.

Qin Feiyu had already given an account, but there was still one Yan Hong left who was hard pressed to talk.

It had been almost nine hours since last night when Ji Feng had sent Qin Feiyu and Yan Hong to the interrogation room of the Special Operations Brigade.

If from the time he left the barracks, Xiang Yongzhan began to organize manpower to interrogate Yan Hong, it should have been half a day by now, if Yan Hong opened his mouth to confess, then Xiang Yongzhan would definitely inform himself.

If he hadn't heard anything by now, that means Yan Hong must not have spoken up yet!

“Dead or not open your mouth?” Ji Feng could not help but sneer, it seems that this woman really intends to resist to the end, “However, there is really no good way to interrogate Yan Hong now, what is her weakness?”

To deal with Qin Feiyu, one could use his feelings for Yan Hong

Although Qin Feiyu had always said that Yan Hong was his friend, the kind of affection he had, even a blind man could see it, and Ji Feng would naturally not be fooled by him.

But, whether Yan Hong had that kind of affection for Qin Feiyu, it was hard to say, at least, Ji Feng didn't see from Yan Hong's words and actions that she had special feelings for Qin Feiyu!

“That's a bit of a problem!”

Ji Feng couldn't help but stroke his chin and ponder with interest, “If Yan Hong only treats Qin Feiyu like an ordinary person as well, then this would make it a bit difficult to find Yan Hong's weaknesses!”

It would have to be Yan Hong who spoke up!

Ji Feng had a few things in mind, not to mention that Qin Feiyu knew a lot and had provided very important information to find out that the mastermind behind it was the Zheng family.

However, Ji Feng suspected that Qin Feiyu might not know as much as Yan Hong did!

The reason was simple, according to Qin Feiyu's description, this mission was taken by Yan Hong – although Yan Hong was also responsible for taking on all the previous missions, this time was obviously different, the employer actually provided very detailed information, even including Ji Feng's living habits, and the relationships around him, and even the assassination plan, etc. –Even Qin Feiyu felt strange, could it be that Yan Hong did not feel strange?

But from the beginning to the end, Yan Hong didn't seem to raise half a doubt, whether in Qin Feiyu's description or in what Ji Feng had seen and heard, Yan Hong didn't seem to have any doubts.

Moreover, there was another point that made Ji Feng most suspicious – Yan Hong seemed to be very hostile towards him!

Ji Feng could swear that he had never done anything excessive to Yan Hong before this, and he had never even heard of Yan Hong, let alone met her!

Why should Yan Hong hate him?

..... There was obviously something wrong with this!

Therefore, Ji Feng then suspected that this Yan Hong might know more than Qin Feiyu, or even, she might know something very important!

“Humph!”

Ji Feng coldly snorted and after deliberating for a moment, he casually picked up his mobile phone and dialed Xiang Yongzhan.

“Calling me early in the morning, aren't you a bit too anxious?” Having just received Ji Feng's call, Xiang Yongzhan knew what this guy was up to.

Ji Feng laughed, “Captain Xiang, this is past midnight, you're that inefficient?”

“Or else you come to the trial?!” Xiang Yongzhan said without good humour.

“What, is this going to be put down?” Ji Feng asked, “I remember you Xiang Yongzhan is not such a character, playing the coward is not your strong point!”

“.....”

The corners of Xiang Yongzhan's eyes jumped wildly a few times, and he hummed, “Ji Feng, you didn't call here early in the morning just to talk to me, did you?”

Ji Feng laughed: “Okay, okay, no more jokes, this time it's your hard work, I'll buy you a drink later Lao Xiang, how's the situation?”

“How can it be, the men have all been put down, I personally interrogated them three times and got the same answer, so the men should have no problem. The key is the woman, she is very stubborn, she won’t talk to me, so I almost gave her a little help!”

Ji Feng immediately asked, “Old Xiang, you didn’t use torture, did you?”

“How could that be!” Xiang Yongzhan said, “Since you’ve said it, I definitely won’t mess around, however, I suspect it’s also because my interrogation method is too gentle that this woman dares to be so stubborn, if you want me to say so, just use torture, if she still doesn’t say anything by then, then I’ll really be convinced!”

Ji Feng shook his head slightly and said, “Don’t move the torture for the time being, Qin Feiyu cooperates, I can’t say nothing like this, you first send someone to interrogate slowly, don’t move the torture anyway, and don’t let anyone go, just spend time with her, I’ll think about it again on my side and then get you as soon as possible!”

In fact, to interrogate Yan Hong, why do we need to use means?

Just inject the neurotoxin simulated by bio-current into Yan Hong’s body directly, and she would no longer have any secrets.

At least, Qin Feiyu was a man, and if he could, Ji Feng would like to respect him for once.

Even if he was a rival, he deserved respect!

“Then let’s do this for now!” Xiang Yongzhan nodded his head and agreed very dryly and wrongly.

Ji Feng couldn’t help but smile slightly, this guy Xiang Yongzhan was a smart guy ah, but whenever he was asked to help, he never complained, because he knew very well that by helping himself once, he owed him a favor

After ending the call with Xiang Yongzhan, Ji Feng could not help but shake his head and smile, it seems that his guess was correct.

The more Yan Hong refuses to explain anything, the more it proves that there is a ghost in her heart!

Hmm!

Even if Yan Hong was stubborn, she would definitely not be able to survive the interrogation of the Special Operations Brigade, and Ji Feng had enough patience to wait for Yan Hong to open up.

When the time comes, he might be able to get some important information out of Yan Hong’s mouth!

Ji Feng closed the phone, but before he could put it away, the ringtone suddenly rang.

The call was from Ji Shaojun!

Ji Feng picked up the phone and asked with a smile, “Brother Shaojun, good morning.”

“Why couldn’t I get through to your phone this morning?” Ji Shaojun asked.

“The phone ran out of battery this morning Why, is there something wrong?” Ji Feng asked after exchanging a few pleasantries with him.

“Ji Feng, you still don’t know, right? Now the whole Yanjing can be circulating your story!” Ji Shaojun immediately said, “Brother, you’re famous again this time

Ji Shaojun described the situation in Yanjing in a colorful manner and said, “Now many people are waiting to see how you deal with the Zheng family, and there are even people waiting for you to fight with the Zheng family for real, so they can watch the fun. I say old brother, this time you should pay attention, never Can’t be impulsive ah!”

Ji Feng laughed: “Brother Shaojun, don’t worry, I have it in my heart.”

“That’s good.”

Ji Shaojun nodded and cursed again, “Damn it, the Zheng family has really eaten their guts, they dare to do anything! Older brother, we can’t be impulsive, but we can’t do nothing either, right? Otherwise, people will think we’re afraid of the Zheng family, and those boys from the Zheng family will be jumping up and down again by then!”

Ji Feng smiled, “Brother Shaojun, thank you for your concern, I know what to do. How about this, when I return to Yanjing, let’s have a good drink!”

“Okay!” Ji Shaojun happily agreed.

Chapter 1562

“Elder brother Ji, the Zheng family is about to turn the sky upside down?”

On the phone, He Hongwei asked with a smile, “How’s it going, you’re not shocked, are you?”

Ji Feng laughed, “Nothing much, just a little problem, I don’t know who’s making a scene all over town!”

“Older brother, I won’t say much else, if there is anything you need to help, just ask, as long as I can help, I will be obliged to do so!” He Hongwei said.

Now that the matter had involved the two families, the Zheng family and the Ji family, He Hongwei, as a member of the He family, was not in a position to say anything, let alone take a position easily, so He Hongwei only slightly mentioned the matter of Ji Feng’s assassination and then skirted the topic.

But from a personal point of view, He Hongwei’s promise was absolutely valid, the Zheng family and the Wu family are wearing the same trousers, there is a saying that the enemy of an enemy is a friend, not to mention that He Hongwei has a good relationship with Ji Feng, if Ji Feng needs help, He Hongwei will definitely not resist!

“Brother Hongwei, thanks a lot!” Ji Feng nodded his head.

“That’s all for now then, I know you must be very busy right now, so I won’t say much more!” He Hongwei said with a smile.

With something like this happening, Ji Feng, the person in question, must have a lot to do.

“Okay” Ji Feng also smiled.

And then, the two of them ended this call and each hung up the phone.

Ji Feng couldn't help but shake his head and smile bitterly, things had really gone too far.

Counting this call from He Hongwei, Ji Feng had already received seven or eight calls, all from people who were concerned about this matter.

For example, Ji Shaojun, Ji Shaohong, He Hongwei, including big brother Ji Shaodong and second brother Ji Shaolei, all called to ask about Ji Feng's situation.

Even, Ji Feng received a call that he was not expecting Warmth actually called and asked with concern if Ji Feng was injured or something like that, which made Ji Feng quite surprised.

He hadn't been in touch with Warmth for a long time, strictly speaking, since he saved her at the Royal Club in Yanjing last time, Ji Feng returned to Jiangzhou, and they had little contact since then, but she actually called this time.

However, it can also be seen that this matter has indeed caused a lot of commotion, but almost everyone whom Ji Feng knows has called.

It would not be an exaggeration to say that the eyes of the entire Yanjing City were focused on the Zheng and Ji families, as well as on Ji Feng's body.

But the more this happened, the more alert Ji Feng became.

As Ji Shaojun said, the bigger the commotion, the more impulsive he could not be, because everyone was watching. If Ji Feng impulsively did something out of the ordinary, someone would definitely be secretly happy!

But how could Ji Feng fall for this?

No matter what the outside world was doing, he wouldn't be overly concerned, no matter how messy the situation was, there was naturally a father and his family to worry about.

The only thing that Ji Feng is waiting for is for Yan Hong to speak up, the best way to get hold of substantial evidence, the rest, no need for him to get busy!

.....

Finally, after taking four or five consecutive phone calls, Ji Feng finally considered to have temporarily subsided.

He shook his head, raised his hand to look at the time and couldn't help but shake his head, it was already half a morning, it seemed that nothing could be done today.

Fortunately, Tong Lei had no class in the morning and was reading a book in the study, so Ji Feng wouldn't be bored at home.

"By the way, there's Yao Yao!" Only then did Ji Feng notice that he hadn't seen this little girl's figure since morning today.

He immediately stood up and headed upstairs. Last night, it seemed that Yao Yao slept with Yu Xuan, so Ji Feng went straight to Xiao Yu Xuan's bedroom.

But just as he reached the bedroom door, he heard someone talking inside.

“Yaoyao, why aren’t you up yet, it’s almost time for lunch oh!” It was Tong Lei’s voice.

Ji Feng couldn’t help but smile, it seemed like it was Yao Yao sleeping in and Tong Lei was telling her to get up.

“Sister Lei Lei, why did you only come to wake me up, I’m going to be late!” Yaoyao’s tender voice was a little complaining.

“You little girl!”

Tong Lei suddenly puffed out a laugh, “Who was the one who was afraid of the cold in the morning and why didn’t they even want to get up? Now you’re blaming it on your sister?”

Outside the door, Ji Feng was dumbfounded, this little girl was actually playing a scoundrel with Tong Lei?

“And ah, but I know that you have kept your eyes open from morning till now, still waiting for me to wake up?” Tong Lei said amusedly.

The corner of Ji Feng’s mouth twitched a few times: “.....”

What was going through this little girl’s little head?

Ji Feng could completely imagine the scenario that Tong Lei described – the little girl was unwilling to get up because she was afraid of the cold, so she was lying in bed with her eyes slithering around, and her little mouth was muttering, “It’s almost late, why hasn’t anyone come to wake me up yet?

I’m afraid only a child like Yao Yao, who is both witty and cute, can do such things that make people feel funny and cute at the same time!

Ji Feng smiled and walked in, “Yaoyao, let’s not go to kindergarten, wait for mommy to come back and let her help you find a better kindergarten!”

“Ah!”

Yao Yao was the one who suddenly screamed, “Daddy, you go out, I’m getting up!”

“.....”

Ji Feng didn’t react for a moment: “It’s to get up, what’s wrong?”

“Daddy you’re nasty!” Yao Yao said in an exasperated voice, “You get out, mommy said that a girl’s body is not for boys to look at casually!”

Ji Feng: “.....”

Only then did he see that at this moment, Tong Lei had already lifted the cup off of Yao Yao’s body, this little girl was wearing cartoon pajamas and was preparing for Tong Lei to change her clothes

“Little girl!” Ji Feng’s forehead was filled with black lines, “People are little kids! You’re not wearing pajamas here!”

“But, mum said that girls are the ugliest when they just wake up, they can’t let boys see them!” Yao Yao stood on the bed, crossing her arms with one hand and pointing at the door, “Daddy, get out or I won’t like you anymore!”

“Puff!”

Tong Lei couldn’t help but laugh, even with her cool nature, she almost burst out laughing.

“Yaoyao, you know all these things, huh?” Tong Lei asked with a smile.

“Of course!”

Yao Yao raised her head proudly, “Mum taught me so many truths, I remember them all!”

Tong Lei smiled even wider as she asked, “Yaoyao, yesterday you still let him hug you, why are you so serious today?”

“That’s different!”

Yoyo explained perkily, “Yesterday he was daddy, but now I’m a girl! Dad, get out or I really won’t like you anymore!”

“..... Okay, I’ll go out!” Ji Feng really cried and laughed, Yao Yao, this little girl is really a big kid!

This Qin Shujie is also, how does she even educate her children, what girl’s body can’t just let boys look at it, what girls are the ugliest when they just wake up what a mess, is there such a way to educate children?

With a bitter smile on his face, Ji Feng went downstairs.

Afterwards, the sound of Tong Lei and Yao Yao talking came from the bedroom, followed by Yao Yao’s giggling, listening to Ji Feng laughing and shaking his head.

A child as old as Yao Yao was just starting to understand things and was still in a state of puzzlement and ignorance about many truths, so at this time, the education of children was the biggest problem and must be taken seriously.

Strictly speaking, this is the time when a child is starting out in life, and the environment around him or her, as well as the teaching of adults, is the most important.

No, Yoyo’s behaviour says it all.

How Qin Shujie taught her, how she behaved!

“It seems that it’s time to find a better kindergarten for Yao Yao!” Ji Feng secretly said, but there was no rush for this matter, it had to be discussed after Qin Shujie returned.

Ji Feng also couldn’t help but feel that raising a child was really not easy, it wasn’t even his own child yet, and all these stages from when Yao Yao was born to when she could talk and walk Ji Feng didn’t experience, if he had a child in the future really didn’t know what it would be like!

However, remembering what Yaoyao said, Ji Feng suddenly couldn’t help himself again.

This little girl!

“Ding”

Just at this moment, Ji Feng’s phone rang again, he suddenly shook his head helplessly and secretly said, “Shouldn’t it be better to turn off the phone for the next two days?”

Ji Feng took out his phone and when he saw the caller ID, he was stunned that the call was actually from He Hongwei.

Just now, He Hongwei had called himself, how come he was calling again now?

“Brother Hongwei”

Ji Feng picked up the phone, “Is there something else? What do you mean?”

“It’s not a big deal, it’s just that a friend found me just now and wanted to help me make a connection and wanted to meet with you!” He Hongwei laughed, “When do you think you’ll have time?”

“Whether I have time or not is not to be said first, I would like to know, what kind of person wants to meet me and has to go through you, Young Master He?” Ji Feng asked.

This He Hongwei was good, he came up and asked if he had time, even if he had time, he had to know who he was meeting with, right?

What’s more, is it hard to meet with yourself, and you still have to ask He Hongwei to pull the strings in the middle?

“Oh”

He Hongwei laughed: “Who exactly is it, I will not say for the time being, let me first sell a shut, you just directly say whether there is time!”

“There’s definitely time!” Ji Feng said, “But Young Master He, you don’t want to cite some people who are not trivial, that’s not enough to turn your stomach!”

“You brat” He Hongwei shook his head helplessly, “In your eyes, all the people I befriended are some misfits? Don’t worry, it’s a beautiful woman, you definitely won’t regret meeting her!”

“I don’t have much interest in beautiful women, but you, Young Master He, have asked, so I dare not disobey.” Ji Feng smiled, “You set the time.”

“Alright then, I’ll take a flight to Jiangzhou today, if nothing else, let’s sit together in the evening!” He Hongwei said.

“No problem!” Ji Feng said.

After ending the call, Ji Feng couldn’t help but shake his head and smile. It seemed that the person He Hongwei wanted to introduce had some ulterior motives, moreover, this person seemed to be extraordinary, otherwise, He Hongwei wouldn’t be so generous and actually had to fly over on the same day!

Chapter 1563

At six o'clock in the evening, Ji Feng and White Spider arrived near the Spring River Flower Moon Night Club.

It said it was evening, but in fact it was already dark now, and the street was full of people coming and going from work, making it look very lively. Because it was already dark, the cars were not going very fast, and the white spider also slowed down the car, which made the street look a bit congested.

At this moment, not far behind, there was a car honking its horn continuously.

Ji Feng frowned slightly and said, "White Spider, lean the car to the side and let others pass first!"

"Yes!"

White spider nodded, anyway, it was about to reach the entrance of the club, so there was no need to fight for this momentary length.

As soon as the BMW X6 leaned to the side, a car behind it whistled past, rushing past with the violent roar of its engine.

The two of them could not help but shake their heads at the same time, it seems that this is another rich generation or a rich man, now the road traffic is so dense, actually dare to put the speed so fast, indeed some rampant.

Soon, this Cayenne turned a corner in front of him and entered the Spring River Flower Moon Night Club.

Ji Feng couldn't help but shake his head.

He chose the Spring River Flower Moon Night Club only because among the clubs or hotels he was familiar with in Jiangzhou, this Spring River Flower Moon Night Club was the one he came to the most.

However, he didn't expect that there were all kinds of people from all kinds of religions here.

It seems that if he receives guests again in the future, he will have to choose a better place to go.

In Ji Feng's contemplation, the white spider also drove the car into the Spring River Flower Moon Night Club.

When he came to the car park, Ji Feng happened to see that the Porsche Cayenne from before was parked not far in front of him, and at the moment a young man was getting out of the car and striding towards the clubhouse.

"Hm?!"

Ji Feng raised his eyebrows, vaguely he felt that this young man seemed somewhat familiar, although he did not see the front of this young man, but looking at the side face and his figure, Ji Feng felt as if he had seen this person somewhere.

But before Ji Feng could take a closer look, the young man had already strided into the clubhouse, and Ji Feng didn't care, he just waited for the white spider to park the car, and the two of them entered the clubhouse together.

“Two, how can I help you?” Ji Feng and the two of them had just entered the front door when a waiter came over with a smile on his face.

“I booked a box by phone earlier,” Ji Feng said.

“Okay, please follow me!” The waiter led Ji Feng and White Spider to the front desk, “Please show your ID card, sir,”

Ji Feng nodded, he had used his ID number when he booked the box before, so now he naturally had to verify it.

However, to Ji Feng’s surprise, after the person at the front desk verified Ji Feng’s ID card, the waiter said, “Sir, please follow me, someone is already waiting for you in the box!”

Ji Feng was stunned: “There’s already someone waiting?”

This box was booked by himself, he hadn’t even come yet, who would enter the box?

“Yes, that gentleman said he was your friend, out of respect for our guests, we then decided to let him wait in the box first, please understand!” The waiter’s attitude was very nice, perhaps he knew that what they did was a bit not quite right, so he had to use a better attitude to ask for the other party’s forgiveness.

Ji Feng frowned slightly, this Spring River Flower Moon Night Club’s practice was indeed a bit wrong, and this waiter’s statement Ji Feng didn’t quite agree with.

The company’s main business is to provide a wide range of products and services to the public.

What if it’s someone with bad intentions?

That’s a joke!

“Who is the other party?” Ji Feng frowned and asked.

“It’s a young man around thirty years old!” The waiter also realised that what he did might have made Ji Feng a little less than satisfied, so he explained in a rather nice tone and attitude.

In reality, this waiter was secretly screaming in his heart.

The main reason why he had let that young man into the box that Ji Feng had booked was actually because that man had an extraordinary bearing and was not an ordinary person at first glance.

Moreover, the man also claimed to be a friend of the person who booked the box, so the waiter thought that such a person could not possibly lie, right?

Besides, from the time the other party entered the box to now, it seems to have only ordered a pot of tea, which is only a few hundred yuan, even if it is a liar, it would not come here to cheat a few hundred yuan, right?

So the waiter subconsciously thought that the man was really Ji Feng’s friend.

For those of them who were open for business, it was naturally not good to offend some guests who looked uncommon, and it was for this reason that the waiter let the man enter the box first.

But now it seems that something is not right

“Sir, I thought he was your friend, so” the waiter hurriedly explained.

Ji Feng, however, waved his hand: “Forget it!”

This is not a big deal, and he will not bother a waiter, even if he wants to find trouble, he will directly find trouble with the owner of this Spring River Flower Moon Night Club.

Only, such a small matter Ji Feng wouldn't make a big deal out of it.

He just said to the waiter, “In the future, don't judge people by their appearance, if the other party has bad intentions, if you casually put people into the box like this, in case they do something inside, such as put some miniature camera, or some bug or something, so that we leak the business secrets, who will be responsible for this?!”

The waiter was in a cold sweat, he hadn't thought of that possibility before!

In fact it was quite understandable, what this waiter usually came into contact with was just those customers who consumed, he naturally wouldn't have thought about how many enemies Ji Feng had and how vigilant Ji Feng usually was in his behavior.

“Yes, I'm sorry”

“All right, hurry up and take me up!” Ji Feng waved his hand.

“Hey, hey hey!”

That waiter hurriedly nodded and led the way.

Ji Feng and White Spider followed behind, the two of them glanced at each other, then White Spider immediately understood, she asked, “In which compartment?”

The waiter immediately said so, and Bai Spider then took the stairs directly upstairs, walking separately from Ji Feng and the two of them.

If there were insiders present, they would immediately understand that this was Ji Feng and the White Spider getting suspicious, and to be on the safe side, the White Spider was doing reconnaissance on the outside first, while ambushing them on the outside.

“Sir, this is it!” After a while, led by the waiter, Ji Feng arrived outside the box.

“You go first!” Ji Feng waved his hand.

The waiter had to retreat with apprehension, but he didn't know what kind of relationship the person inside this box had with Ji Feng, he could only pray that nothing would happen, otherwise, he would have a great responsibility!

Although Ji Feng did not intend to hold him responsible, the waiter was judging people by their appearance, and Ji Feng would not pay much attention to him.

At this moment, Ji Feng was standing at the door of the box, urging the biological current to act on his eyes, the door of the box was transparent in front of him.

“It’s actually He Hongwei?!” Ji Feng couldn’t help but be stunned.

When he looked clearly at the person in the compartment, he shook his head. In this compartment, there were already four people seated at the moment, and among them, the one sitting in the middle was He Hongwei.

Looking at the ones sitting on either side of He Hongwei, one of them was again a familiar face – Fei Fei Zhou!

“This kid!” Ji Feng couldn’t help but shake his head, how could He Hongwei be in such a hurry? They had agreed to meet here at 7pm, it was only 6pm and He Hongwei was already here waiting!

Moreover, what was Zhou Fei Fei doing here?

..... What made Ji Feng even more curious was what exactly did Zhou Fei Fei have to see himself about that he actually had to specifically go through He Hongwei in the middle to make the connection?

There was another guy next to He Hongwei, who Ji Feng had also seen before, and had just met in the car park at the entrance of the clubhouse.

This guy was none other than one of the so-called Five Young Men of Jiangsu and Zhejiang – Song Mingyuan, with whom Ji Feng had once had a chance to meet.

When Xiao Yuxuan’s father, Xiao Changhe, was cheated in Jiangsu and Zhejiang, Ji Feng rushed over to help, and incidentally discovered the evil deeds of Zhou Fei Fei’s brother, Zhou Shilin, and as a result, at the original stone fair, the so-called five young men of Jiangsu and Zhejiang came to ask for punishment, so we had a one-sided encounter.

So technically speaking, this Song Mingyuan and Ji Feng had a little bit of a problem!

Ji Feng was relieved at this time, no wonder the figure he saw in the car park at the entrance was familiar, it turned out to be this Song Mingyuan!

Apart from He Hongwei, Zhou Fei Fei and Song Mingyuan, there was another person in this box. Only, this person was sitting with his back to the door, so Ji Feng could not see his face, but from this person’s back it was possible to tell that this was a man, and he should not be very old, and was probably a young man.

Ji Feng then took out his mobile phone and sent a message to Bai Spider to come over, then he directly pushed the door and walked in.

“Yo-ho, I say, Young Master He, you’re trying to make a racket, aren’t you?” Ji Feng walked in with big steps, not even looking at the others, his gaze just landed on He Hongwei’s face, “You came in before I came, what, are you planning to treat today?”

Everyone’s eyes fell on Ji Feng’s face, and Zhou Fei Fei immediately stood up and shouted, “Young Ji!”

The man with his back to the door, and that Song Mingyuan, these two were the ones who didn’t react much, they just looked at Ji Feng, and then at He Hongwei.

He Hongwei let out a bitter smile, perhaps no one else here knew Ji Feng, but he knew that at this moment, don't look at Ji Feng with a smiling look, but he was waiting for him to give a reasonable explanation, otherwise, Ji Feng would definitely have turned around and left, not giving face to anyone!

Chapter 1564

The atmosphere in the box was a bit strange, although Ji Feng seemed to be smiling, the look in his eyes was definitely not like he was joking.

He Hongwei should be the one who knew Ji Feng the best, and he knew very well that he had to give Ji Feng an explanation about this matter, otherwise, Ji Feng would definitely dare to throw his face at them!

In fact, it was nothing, but they had entered the box before Ji Feng arrived, that's all.

But in reality, He Hongwei knew that what Ji Feng cared about was definitely not this. What Ji Feng wanted was that the other three people had also suddenly appeared in the box, and Ji Feng knew nothing about it.

He Hongwei knew that this was what Ji Feng cared about.

It was fine if Zhou Fei Fei came, but the other two people appeared, but He Hongwei did not greet Ji Feng. Moreover, that Song Mingyuan had a small conflict with Ji Feng once, so for Ji Feng, Song Mingyuan was an unwelcome person.

There was another guy, Ji Feng didn't even look at him, but it was certain that this person was definitely not Ji Feng's friend, otherwise Ji Feng would be able to recognize who it was just from his back.

Since this was the case, then He Hongwei had to give an explanation, how Ji Feng felt as if he had been tricked into coming here, as if he had fallen into some kind of trap, and this feeling made him very uncomfortable.

"Ji Shao, this is not to blame for He Shao, it's mainly"

Zhou Fei Fei just wanted to explain, Ji Feng's gaze swept over, and that feeling of authority immediately brought Zhou Fei Fei's following words to an abrupt halt.

"Ji Feng, I'm to blame for this, I'll punish myself with a drink later!"

He Hongwei laughed, "Sit down first and listen to what I have to tell you."

Ji Feng frowned slightly and glanced at He Hongwei, but saw him giving himself a wink, Ji Feng didn't understand what He Hongwei meant for a while, so he didn't say anything for the time being.

"Ji Shao, right, this is the second time we've met, nice to see you again!" The man who had been sitting with his back to the door was the one who suddenly spoke up.

He stood up with a faint smile on his face, appearing somewhat reserved, or rather, a sign of self-respecting status.

That is to say, this man considered himself to have a certain status, so his smile was not too enthusiastic, even when greeting Ji Feng, that flavor of enthusiasm was very light, as if it was a kind of equal-to-cordial, or even condescending exchange.

“Hello, young Ji!” This person smiled and extended his hand to Ji Feng.

“Hehe

Ji Feng smiled faintly, he thought who was it, but it turned out that this person was also someone he had met before.

This person is known as the five young men of Jiangsu and Zhejiang along with Song Mingyuan, and is also the boss of these five young men of Jiangsu and Zhejiang – Hu Yujin!

It is said that Zhou Shilin is the closest to him and listens to him the most. Putting aside his status as the young master of the Zhou family, Zhou Shilin is almost obedient to Hu Yujin and usually does a lot of things with him, but he has not heard of any good things!

In fact, not only Zhou Shilin, including several other people in the five young men of Jiangsu and Zhejiang, such as this Song Mingyuan in front of him, is also almost obedient to Hu Yujin’s words.

These information were all heard by Ji Feng from Zhou Fei Fei before, but after Ji Feng’s trip to Jiangsu and Zhejiang, he and Hu Yujin had no more encounters, and the power of the Ji family in Jiangsu and Zhejiang was very weak, if not for Zhou Shilin’s case being turned up by Ji Feng, the power of the Ji family would not have been able to enter Jiangsu and Zhejiang.

Therefore, Ji Feng had not paid much attention to this Hu Yujin.

But I never thought that this time I would actually meet him here!

Ji Feng was in silence, these information flashed quickly in his mind, however, in Hu Yujin’s eyes, this is a `naked contempt for him, seeing that he stretched out his hand ready to shake hands with Ji Feng, but Ji Feng only has a smile at the corner of his mouth, but not even look at his outstretched hand, this is not ignorance is what?

“Ji Shao, what, not giving this face?” The smile on Hu Yujin’s face suddenly brightened up.

When He Hongwei heard this, he frowned slightly, this Hu Yujin seemed to be very arrogant.

Zhou Fei Fei, however, cackled in her heart, originally when she saw Ji Feng’s expression, she knew that Ji Feng was probably a bit dissatisfied with what He Hongwei and herself had done, and now Hu Yujin was saying this, wasn’t this pouring oil on the fire?

She could not help but secretly slander that this Hu Yujin was used to being a top gentry in Jiangsu and Zhejiang, and thought that no matter where he went, others would have to give him face, but he did not want to think about it, what was Ji Feng’s status, was he able to sneer at him with impunity?

The first thing he did was to notice that Hu Yujin was going to shake hands with him, and he looked at Hu Yujin’s posture and couldn’t help but laugh.

At this moment, Hu Yujin's upper body was slightly leaning back and his feet were standing slightly apart, at the same time, his waist was slightly held forward, which made him seem to have some belly.

The first thing you need to do is to take a look at the actual situation.

The upper body is leaning back, the chin is slightly raised, this is a kind of arrogant posture.

And Hu Yujin stretches out his hand to shake his own, and his waist is slightly thrust forward, which is another gesture to make a movement but with self-respect and arrogance!

The human body is really very wonderful, for any person, any activity in his heart, any change of emotion, will be very clearly expressed through his identity, this is a state of subconscious activity.

It is also because the mental activity of a person will be expressed through his body. For example, for an ordinary person, if he encounters something very frightening, his eyes will widen, his face will wear a look of fear, and he will even shout in panic, these are the most realistic reflections of emotional expression in the body.

This is why for some excellent agents, special training in this area is carried out, otherwise once they are caught by mistake while on a mission, these physical reactions alone will betray his inner self.

Ji Feng had received training in this area in the training space, so as soon as he saw this gesture of Hu Yujin, he knew what was probably in his heart.

This gesture of Hu Yujin's showed his arrogance.

Perhaps it was because of a matter of politeness, or perhaps because he knew his status, so Hu Yujin extended his hand to shake his own, but the fact that he was leaning back slightly indicated that in his heart he did not want to shake hands, and that he, who respected his status, was giving himself a chance.

A chance to shake hands with Hu Yujin!

This, it was like a boon!

How could Ji Feng not smile?

"It seems that young Ji is really unwilling to give this face?" Seeing that Ji Feng never responded, Hu Yujin's brows furrowed, the faint smile on his face disappeared, and his voice became somewhat lower.

Zhou Fei Fei immediately tensed up, Hu Yujin's words were full of provocation, with Ji Feng's temper, how could he possibly put up with it?

She was just about to speak when she heard Ji Feng speak.

"If I remember correctly, this is Jiangzhou, isn't it?" Ji Feng asked indifferently.

"How about that?" Hu Yujin slightly lifted his chin, which was another display of arrogance.

"What I'm standing under my feet is the box of the Spring River Flower Moon Night Club, moreover, this box is still booked by me, right?" Ji Feng asked.

"What are you trying to say?" Hu Yujin frowned slightly.

“Isn’t it a bit impolite for you to come uninvited in the box I booked?” Ji Feng grinned, “To put it bluntly, isn’t that a bit unknowledgeable and unaware of the rules?”

“Isn’t that a serious statement from young Ji?” Hu Yujin’s tone was low, his heart was very unhappy, this Ji Feng was too also arrogant, saying these words, but to be more aggressive?

“For a person who doesn’t know the rules and doesn’t know how to advance, why should I give face?!” Ji Feng asked indifferently and rhetorically.

Swish!

Hu Yujin’s face immediately turned gloomy, a cold light flashed in his eyes and he was about to have a fit.

“Young Ji!”

Just at that moment, a voice rang out at the door, followed by White Spider quickly entering and standing to Ji Feng’s side, one hand touching his waist with a wary expression.

White Spider had just arrived at the door when she sensed that the atmosphere in this compartment was not right, so she immediately rushed in.

“Huh!”

Being interrupted by Bai Spider, Hu Yujin didn’t have a fit, he suddenly laughed, “It seems that Ji Shao is really arrogant, before I just heard people say that Ji Feng, this person is arrogant, arrogant and unbeatable, originally I thought that this was someone else’s nonsense, blackmail, how could the son of the titled Ji family be so arrogant, isn’t this uneducated? Now look, but I can not not believe it

Ka~~!

White Spider instantly drew his gun and quickly loaded the bullets.

Hu Yujin’s face instantly changed and said sharply, “What are you trying to do? What, want to kill someone?”

“Can’t you see that my gun is pointing downwards? Why are you so nervous?” White Spider said in a cold voice. Her eyes were aflame with murderous intent, this guy actually dared to insult Young Ji, he deserved to die!

“Fine! Bravo! I’ve seen a lot today, Ji Feng, you’re really arrogant as hell! Although I, Hu Yujin, am not an important person, but how can I say that I am also an official in the system, my family’s old man, is also the governor of Jiangsu and Zhejiang, but you are wild, you actually dare to let your men point guns at me!”

Hu Yujin sneered, “I’d like to know, once this thing gets out

“All right!”

He Hongwei suddenly spoke out and interrupted Hu Yujin, he said in a deep voice: “Hu Yujin, if you still want to do your business, you’d better curb your posture!”

He turned his head to look at Ji Feng again and said with a bitter smile, "Ji Feng, there's no need to get to this point, tell your men to put their guns away!"

In fact, at this moment, He Hongwei was shocked out of a cold sweat.

He originally did not open his mouth because he was unhappy with Hu Yujin, this guy was also glancing arrogantly in front of him, so He Hongwei wanted to let Ji Feng teach Hu Yujin a lesson, he believed that Hu Yujin would definitely not be put in Ji Feng's eyes.

But He Hongwei didn't expect that Ji Feng's reaction would be so fierce, a word disagreed and this was going to draw a gun!

He was absolutely sure that as long as Ji Feng nodded his head, the white spider would definitely shoot Hu Yujin, without any ambiguity at all.

Chapter 1565

"Hu Yujin, you're not here specifically to make enemies today, are you?" He Hongwei asked indifferently with a sullen face.

"Yes, Hu Yujin, what you did today was a bit too much!" Zhou Fei Fei also said next to him, "I think how about this, let's all sit down together and talk"

The first thing that happened to her was that she realized that it was not the right time for her to speak up and she could only shut up.

He Hongwei also could not help but secretly shake his head, today just by looking at what Hu Yujin did, it was very unappealing to him.

However, he did not expect that Zhou Fei Fei, who is usually very smart, would be confused today.

Even if she had to be a peacemaker, it was definitely not her turn to be a peacemaker, not to mention that her status alone made her unfit to say such things.

The first thing you need to do is to get a good idea of what you're doing. Not everyone's word is good in front of Ji Feng!

Besides, usually the people who act as peacemakers are those who are highly respected or have higher status and ability than the two conflicting parties, if we talk about it purely, this Zhou Fei Fei can't be counted as anything!

"Humph!"

Hu Yujin's face was not too good, for no reason he was taunted by Ji Feng, which made him feel very uncomfortable, especially, no one had ever dared to talk to him like this before, and now that there was suddenly someone like Ji Feng who did not give him the slightest bit of face, Hu Yujin naturally held a grudge even more.

But thinking about the purpose of today's visit, this is Jiangzhou, plus He Hongwei has also spoken, he can only hold back and slowly sit down.

However, at this moment, Ji Feng was playfully holding his arms, his eyes slightly narrowed as he glanced at He Hongwei.

When the latter noticed Ji Feng's gaze coming over, he smiled and raised his eyebrows.

"Ji Feng, give me face, why don't you sit down and listen to someone else say a few words!" He Hongwei laughed.

"Fine!"

Ji Feng said indifferently, then turned around and went to sit down on the sofa in the lounge area next to him, casually lighting a cigarette, "Just say what you have, I'm listening!"

"Humph!"

Hu Yujin gave another cold snort, this arrogant attitude of Ji Feng made him very unhappy.

However, Hu Yujin had not thought about the fact that the reason why Ji Feng actually had this posture was still because of his previous rudeness, only that not everyone in this world could find fault in themselves, what many people liked most was still to accuse others, and Hu Yujin was exactly one of them.

Hearing Hu Yujin's cold snort, the white spider just had a cold face and swept over with a chilling gaze.

"Ugh!"

Zhou Fei Fei looked but let out a long sigh in her heart, if she had known that this would be the result, she should not have brought Hu Yujin over before.

However, she did not expect that Hu Yujin would be so arrogant and simply did not put anyone in his eyes.

Before this, Hu Yujin had a sense of self-respecting status in front of He Hongwei, that was the seeds of arrogance, and now after seeing Ji Feng, it was more and more intensified.

"This time, Ji Feng doesn't know how he will look at himself!" Zhou Fei Fei secretly shook her head, this matter today will definitely leave an extremely bad impression on Ji Feng, really

Zhou Fei Fei glanced at Hu Yujin, very helpless.

On the contrary, He Hongwei was old and calm, not caring in the least about Ji Feng's coldness. The thing that happened today had little to do with him, just explain it clearly to Ji Feng afterwards, he was only an introducer, the rest had nothing to do with him.

Seeing the different expressions of several people, Ji Feng frowned slightly, he raised his hand to look at the time and said indifferently, "Since there is nothing to say, then that's it!"

After saying that, he was about to get up and leave.

He didn't have the time to be in all this ink with Hu Yujin and the others, wouldn't it be better to go home and spend time with Lei Lei if he had this time?

Seeing that Ji Feng was about to leave, Hu Yujin wanted to open his mouth, but he and Ji Feng had already become very bad, at this moment, even if he wanted to open his mouth, he couldn't pull this face, so he just swept his gaze across to Song Mingyuan.

"Ji, young Ji!" Song Mingyuan spoke up in a panic: "It's like this, today I invited Ji Shao here because I want to ask a favor from Ji Shao."

Ji Feng looked at him with a calm expression, waiting for his next words.

"Some time ago, that unworthy cousin of mine offended Young Ji, I still ask that Young Ji can forgive him." Song Mingyuan said.

"Who is your cousin!" Ji Feng asked indifferently.

"Oh, it's Tian Xiaodong, that bastard doesn't know whether to live or die and offended Young Ji, here I'll make amends to Young Ji on his behalf!" Song Mingyuan hurriedly said, then, he opened the bottle of wine on the table at once, "Ji Shao, you decide how much to drink, stop when you say so!"

Saying that, Song Mingyuan tilted his head and was about to pour it into his mouth.

Ji Feng didn't even pay attention to him, lifted his feet and walked out.

Tian Xiaodong!

Ji Feng sneered in his heart, the moment Song Mingyuan spoke about his cousin, Ji Feng already knew that he was talking about Tian Xiaodong. At the beginning, Tian Xiaodong was afraid of being beaten up, so he moved out Song Mingyuan and threatened that his cousin was one of the five young men of Jiangsu and Zhejiang, not much time had passed, Ji Feng would not be so forgetful.

However, on what basis should Ji Feng forgive Tian Xiaodong?

Just because that kid once gathered a few guys to break Zhang Lei's legs?

..... Bullshit!

"Young Ji, Young Ji please stay!"

The first time I saw Ji Feng actually did not even pause, as if he did not even hear it, and kept walking out in big steps, Song Mingyuan suddenly panicked, he hurriedly called out, "Ji Shao also please stay!"

But Ji Feng ignored him, and the white spider only gave Song Mingyuan a cold glance before following Ji Feng out the door.

"Boom!"

Hu Yujin violently slapped a slap on the table as he coldly shouted, "Ji Feng, don't you think you're too arrogant like this?"

"I think you're the one who's arrogant!" Ji Feng didn't even turn his head back, he just sneered, while his feet didn't stop, and he looked like he was about to walk out of the box.

“Even if Ji Shaolei came, he wouldn’t dare to speak to me like that!” Hu Yujin said angrily, “What are you, do you really think you are the young master of the Ji family? I, Hu Yujin, have already given you face by coming here today, yet you are giving shame!”

Swish!

Ji Feng’s footsteps immediately stopped, and he slowly turned around, his eyes slightly narrowed as he frowned at Hu Yujin.

He really wanted to know, where did this Hu Yujin get the courage to be so arrogant here, or was Hu Yujin’s brain squeezed by the door to say such arrogant and cocky words?

“Hu Yujin, if you don’t want to get yourself into a big trouble, I advise you to stop saying similar words!” He Hongwei, however, had a sullen face and his words were full of warning.

He also did not expect that Hu Yujin would actually be arrogant to this extent, and that he would dare to say such words when he knew Ji Feng’s identity, which was simply a contempt for the entire Ji family, and even more so, a thick humiliation for Ji Feng.

If He Hongwei had been Ji Feng, he would not have been able to endure it. By saying these words, Hu Yujin was simply punching him in the face, which was like directly tearing his face off.

The first thing you need to do is to get rid of your family history, and if you are just a person, you are actually nothing, what capital do you have to be wild?”

“Hehe

Ji Feng laughed, but directly turned around and walked towards Hu Yujin, the sound of snapping footsteps, but made He Hongwei change his face.

The company’s business is a very important part of its business.

He Hongwei opened his mouth to try to persuade him, after all, he was the one who called Ji Feng here, so he was helpless in the middle once the trouble started. But after thinking about it, He Hongwei didn’t know what to say.

Hu Yujin was too wild, and no one else would be able to resist.

As for Song Mingyuan, he dared not say anything. Hu Yujin could be arrogant because he had the capital to be arrogant, but not Song Mingyuan.

Don’t look at the Song family as a powerful family in Jiangsu and Zhejiang, but if compared to the Ji family, it was really nothing!

Amidst the stunned and apprehensive eyes of the crowd, Ji Feng arrived in front of Hu Yujin and asked indifferently, “What did you say?”

“Humph!”

Hu Yujin sneered and said proudly, “Ji Feng, don’t think you’re crazy because you’re a son of the Ji family, let me tell you, even if the Ji family is strong, it can’t cover the sky with one hand, and you, Ji Feng, are even less scary in my eyes, I just wonder, even if I say it again, what can you do to me?”

“Is that so?” Ji Feng asked with a smile.

“What do you say

“Snap!”

As soon as Hu Yujin opened his mouth, he only felt a blackness in front of his eyes, and the next moment, he received a hard slap on his face.

There was a thump.

Hu Yujin flung himself straight to the ground!

“Well” Ji Feng didn’t show any mercy with this slap, even though Hu Yujin was young and strong, he was still hit by this slap, and his eyes were sparkling.

“What can I do to you?”

Ji Feng said indifferently, “Now you know?!”

“Ah” Hu Yujin curled up on the ground, covering his face with one hand and shaking his head vigorously, but he still didn’t come to his senses.

Ji Feng’s slap had hit him so hard that he only felt his ears were roaring.

“Say what you just said again!” Ji Feng said indifferently.

“Ji, Ji Feng!” Hu Yujin gritted his teeth in annoyance and struggled a few times but didn’t even stand up.

“Boom!”

Ji Feng kicked out, heavily hitting Hu Yujin’s stomach, surprisingly kicking him up hard and flopping, smashing the chair in front of him in a heap.

“Ah...!”

Hu Yujin screamed even more miserably, the intense pain causing his whole body to twitch.

Ji Feng smiled faintly, “Look, family history aside, I can beat you up like a dead dog, I can just step on you”

Chapter 1566

Hu Yujin was beaten by Ji Feng and had no power to fight back, he didn’t even have the strength to stand up, he really looked like a dead dog!

Ji Feng’s gaze was incomparably cold, and his heart was even more murderous.

This Hu Yujin had really gone too far in his arrogance.

Of course, if it was just arrogance, that would be fine, but the most crucial thing was Hu Yujin’s condescending attitude, and the fact that he spoke out of turn, even directly insulting people!

I came here to invite people to dinner, not to find insults!

Ji Feng's eyes grew colder and colder, and his complexion grew gloomier and gloomier.

"Young Ji!"

Ji Feng turned his head to look at Bai Spider, and saw that Bai Spider was inviting him with his eyes, while moving his fingers twice.

Ji Feng then understood, and he shook his head slightly. The reason for this is that he was asking him if he wanted her to do it, after all, if she did it, at that time, even if things went wrong, she would only be held responsible for it, and Ji Feng would at most only have some collateral responsibility by the way.

However, if Hu Yujin was beaten up by Ji Feng, then Ji Feng might have a handle in the hands of others.

This was what the white spider was planning to do!

But Ji Feng refused, it was no big deal if he beat up Hu Yujin.

It was just a Hu Yujin, not to mention him, even if Wu Zhiyong came, as long as he dared to speak out against him, Ji Feng would still beat him up as usual!

"Say!"

Ji Feng stared at Hu Yujin and said indifferently, "As long as you dare to say it again, I'll let you stay here forever!"

Hu Yujin's body subconsciously trembled, he looked at Ji Feng, but his gaze flickered a little, and he didn't dare to say half a word more. He could hear that although Ji Feng's tone was calm, the murderous intent contained in his words was something that even a fool could feel.

Once Ji Feng really got angry, Hu Yujin really didn't dare to confront him hard.

"Humph!"

Ji Feng stared at Hu Yujin for a long time, then, with a cold snort, he turned around and left.

Hu Yujin was lying on the ground curled up, hard and daring not to say half a word.

As for the others, they didn't dare to say anything, especially Song Mingyuan. Seeing that Ji Feng didn't even put Hu Yujin in his eyes and beat him up whenever he said he would, how could he dare to be reckless?

Zhou Fei Fei is also white in the face, this Hu Yujin is following her to Jiangzhou, Ji Feng can certainly see, but, Ji Feng is not even asked her, directly beat Hu Yujin.

This is certainly a factor that angered Ji Feng because Hu Yujin was too arrogant, but who can say that it was not because Ji Feng was really angry and was deliberately trying to make her lose face, which was a disguised warning to Zhou Fei Fei that there were things that she could not do on her own!

Zhou Fei Fei naturally did not dare to speak.

Perhaps the Ji family was not scary, because the Ji family would not put a woman like her in their eyes, and even if they wanted to deal with her, they would at most deal with the Zhou family. However, Ji Feng was terrifying!

Zhou Fei Fei could never forget that night in Jiangsu and Zhejiang, Ji Feng had destroyed Xu Long, who had been running rampant for years, with just a small tactic, and had also used this incident to successfully bring the power of the Ji family into Jiangsu and Zhejiang, a tactic that Zhou Fei Fei could really admire and fear.

“Don’t know whether to live or die!”

He Hongwei glanced at Hu Yujin and dropped these words, then turned around and walked out of the box as well.

It was only at this time that Song Mingyuan hurriedly ran to Hu Yujin’s side and asked with concern, “Brother Hu, are you alright?”

.....

“Older brother! Older brother!”

Ji Feng hadn’t gone far when he heard He Hongwei shouting behind him, he didn’t turn around, but slowed down his pace.

“Old brother, you’re not too angry!” He Hongwei caught up with him and said with a smile.

“Young Master He, I think that you should give me a reasonable explanation for this matter, don’t you think?” Ji Feng turned around and looked at He Hongwei with a smile.

“Hey!”

He Hongwei shook his head and smiled, “Actually, when I first came here, I knew that eight out of ten `nine times today I would make you angry, but I didn’t expect it would actually be so soon!”

“I really didn’t know before that you, Young Master He, could actually do some calculations?” Ji Feng said derisively.

“Hehe!”

He Hongwei did not mind, he knew Ji Feng must be upset at the moment, and that Hu Yujin and Zhou Fei Fei they have something to bring themselves, it is strange that Ji Feng does not target himself, if he does not let him sarcastic two words, I am afraid that Ji Feng may play some tricks to give himself a ‘wake up call’ next!

“Older brother, let’s see, anyway, it’s time to eat, let’s find a place to eat and talk, what do you think?” He Hongwei asked with a smile.

“Forget about eating, I don’t have an appetite!” Ji Feng said.

He Hongwei nodded with a smile, indeed, what Hu Yujin did just now was indeed disgusting enough, anyone who encountered this would feel no appetite.

“Then how about this, I’ll buy you a coffee!” He Hongwei laughed, “I saw a cafe not far ahead when I came just now, let’s go there!”

“No need, there is an elegant room in this club, go there!” Ji Feng waved his hand.

The private rooms in this Spring River Flower Moon Night Club were also divided into three, six and nine classes, and Ji Feng remembered that in the building inside, it was a special place for VIPs to enjoy.

“Young Ji!”

At this moment, Zhou Fei Fei also caught up, perhaps because of running a little fast, Zhou Fei Fei is now breathing a little sharply, her face is also flushed, especially the two groups of high soft flesh in front of the chest, but also trembling, very eye-catching.

However, Ji Feng didn't even look at her, he just said to He Hongwei: “Don't want to drink coffee?”

“Go away!”

He Hongwei hurriedly nodded his head, but in his heart, he was laughing bitterly.

Oh, come on!

Let's be a grandson for once today, who let Hu Yujin piss Ji Feng off so much, and it just looks like Hu Yujin brought it on himself, deserves to be unlucky!

He Hongwei also ignored Zhou Fei Fei, and the two of them just walked towards the building inside, with the white spider following vigilantly behind, and looking back from time to time, he saw that Zhou Fei Fei was following with a distressed look on her face, while the pace of Ji Feng and He Hongwei was too fast to take care of others, so Zhou Fei Fei could only trot along behind.

With his VIP card, Ji Feng was immediately treated differently here. The waiter before him had not only arranged elegant rooms for Ji Feng, but also special lounges, entertainment rooms and so on.

Perhaps he was still muttering in his heart, since Ji Feng had a VIP card, why did he choose the box in front of him before?

.....

“Older brother, still annoyed?” All the way to the elegant room, after a few people sat down, He Hongwei asked with a smile, “A jumping clown is just a clown, no need to put it in your heart.”

“If a fly spoils your appetite, even if you swat him to death, you won't be immediately comfortable!” Ji Feng said indifferently.

These words, bull!

Zhou Fei Fei couldn't help but smile bitterly next to him, given Hu Yujin's status, he dared to describe him as a fly, and he also dared to say that he would slap him to death, I'm afraid that only Ji Feng would dare to say that!

However, He Hongwei nodded in agreement and said, “Indeed, flies have no other skills, but spreading viruses and disgusting people are two things that are unbelievably powerful.”

“Then just swat them to death when you see them in the future!” Ji Feng said.

“.....”

The two of them were really more bullish than one another. It was ridiculous that Hu Yujin still valued his status and thought he was the top gentry in Jiangsu and Zhejiang Province and thought he could be on par with Ji Feng and the others, but he didn't know that in the eyes of Ji Feng and He Hongwei, they were just hawks buzzing around in their ears and disgusting people.

At this time, a waiter served coffee.

Ji Feng was still a bit upset in his heart, so he just drank his coffee and waited for He Hongwei to explain to him.

"Older brother, I have to apologise to you first for this, I really didn't expect things to come to such a head before coming here!" He Hongwei spoke up.

"Ji Shao, in fact, this matter is not to blame for He Shao, it is because I did not make it clear to him and asked him to pull the strings in the middle, that's why" Zhou Fei Fei said apologetically, "Ji Shao, this matter is entirely my fault, it's all my fault for believing Hu Yujin's words, thinking that he could get connections so that Zhou Shilin could suffer less in prison, so that's why"

Ji Feng then gave her a look, "Just like that!"

Zhou Fei Fei immediately nodded and said, "That's it, young Ji, I can swear"

"Then you're really stupid!" Ji Feng said.

"Huh?" Zhou Fei Fei was stunned, she didn't understand what Ji Feng meant.

Ji Feng glanced at He Hongwei, but saw that He Hongwei only had a faint smile on his face and didn't say anything. Ji Feng then understood that his guess was correct.

In fact, the reason why Ji Feng said that Zhou Fei Fei was stupid was simple. If it was just to make Zhou Shilin suffer less in prison, Zhou Fei Fei could have fought up and down through the Zhou family's connections or tried to use money to smooth things over, which was all understandable.

However, this was not what Fei Fei Zhou did. Just for this matter, she actually asked He Hong Wei.

And what she shouldn't have done was to take a plane to Jiangzhou immediately after He Hongwei agreed to do so, but Zhou Fei Fei didn't stop it, which is the most stupid thing about Zhou Fei Fei.

If Ji Feng is not wrong, He Hongwei is definitely not showing goodwill to Zhou Fei Fei, let alone befriending the Zhou family, At least, there are really not many people in China worthy of being befriended by He Hongwei.

He Hongwei most likely owed Fei Fei Zhou a favor before, and now that he's working so hard, he's returning the favor to Fei Fei Zhou!

It was not that easy to make He Hongwei owe a favour.

More importantly, how valuable this favour that He Hongwei owed was, until the most critical moment, Zhou Fei Fei could not understand.

Just because she may not understand, she thinks it is very comforting for her that He Hongwei is working so hard to help her, but she does not know that this is where she is most foolish.

In the end, He Hongwei might not owe the Zhou family anything anymore, and by then, it would be too late for Fei Fei to react.

A favor that can be used to save lives, actually used by Zhou Fei Fei to sell good to others, and still around the circle in order to help her brother Zhou Shilin, and not necessarily help

That's why Ji Feng said Zhou Fei Fei was stupid!

Chapter 1567

"Wh, what?" Zhou Fei Fei was dumbfounded.

Ji Feng actually said she was stupid?

Zhou Fei Fei didn't quite understand what Ji Feng meant, it wasn't that she wasn't smart enough, but she didn't know much about He Hongwei's character, or, she hadn't realized how important the favor He Hongwei owed, really was!

"Oh, it's nothing!" Ji Feng just shook his head and smiled, not continuing.

Whether or not Zhou Fei Fei was stupid or not, it didn't have much to do with Ji Feng. At least, since He Hongwei was so quick to help Zhou Fei Fei, he obviously meant to return Zhou Fei Fei's favor, in which case, it was not good for Ji Feng to say anything more.

However, Ji Feng did glance at He Hongwei, only to see that the latter was smiling and gesturing to himself, so he understood.

Although Ji Feng did not know how He Hongwei, the youngest of the He family, could still owe Zhou Fei Fei a favour, there was no doubt that He Hongwei was now returning the favour to Zhou Fei Fei.

This also means that He Hongwei seems to be distancing himself from the Zhou family!

Since this is the case, then even if Ji Feng could see it, he absolutely could not say anything, otherwise not only would Zhou Fei Fei be embarrassed and embarrassed, but He Hongwei would also be uncomfortable.

There are some things that one still needs to understand.

If one day Zhou Fei Fei figured it out herself, she would naturally understand He Hongwei's intentions, and as long as she was smart enough, she would naturally keep a certain distance from He Hongwei, instead of bothering him for such a trivial matter as she is doing now.

Because at that time, there would be no saying who owed who to whom between them.

If Zhou Fei Fei didn't know how to advance and retreat again, and had to bother He Hong Wei with everything, at that time, He Hong Wei wouldn't be so forthcoming!

"Young Ji, that's how things are, so it's really not He's fault for this, if you want to blame it, blame me!" Zhou Fei Fei saw that Ji Feng still didn't say anything and thought that Ji Feng was still angry.

Ji Feng waved his hand and said, "It's all in the past, so let's not talk about blaming anyone! But there's one thing I'm curious about"

“What?”

Zhou Fei Fei was stunned and asked.

He Hongwei also looked at Ji Feng, waiting for his next words.

“Actually, that Tian Xiaodong that Song Mingyuan talked about is just a dude, and the crime he committed is not too serious” Ji Feng briefly told Tian Xiaodong’s situation, except that he ignored the part about Peng Guangqi trying to molest Shen Jingyi, and focused on Tian Xiaodong gathering people to break Zhang Lei’s legs, and the two experts with guns.

“Even if I follow Song Mingyuan’s request and don’t hold Tian Xiaodong responsible, he will likewise be sentenced.” Ji Feng said, “So reasonably speaking, there’s absolutely no need for Song Mingyuan and Hu Yujin to come over here and beg me! But they still came, why is that?”

“This” Zhou Fei Fei couldn’t help but hesitate.

He Hongwei laughed, “It’s simple, if it wasn’t because the kinship between Song Mingyuan and that Tian Xiaodong is so deep that for Tian Xiaodong’s sake, it would make Song Mingyuan willing to do anything, either that or, if Tian Xiaodong continues to be tried, I’m afraid it won’t be good for Song Mingyuan!”

Ji Feng then raised his eyebrows and smiled faintly, “I think so too!”

The first thing that he could do was to ask for a job.

This time they had something to beg themselves, Hu Yujin even dared to be so arrogant, so it could be seen how bad his character was!

So, such a person, yet he came all the way from Jiangsu and Zhejiang to say that he was begging himself might be a bit exaggerated, but at least Hu Yujin this is also coming to his door to ask for help This is not an easy thing for a person with a high and arrogant character!

But Hu Yujin and Song Mingyuan still came!

This means that Tian Xiaodong is afraid that he really knows something, and once he gives an account of all these things, I’m afraid that Song Mingyuan and Hu Yujin will also have a headache, which is why they have put themselves down to find themselves!

“In that case, dare I say that I didn’t pay enough attention to this Tian Xiaodong before?” Ji Feng asked with a smile.

“Then you can interrogate him again!” He Hongwei said.

Ugh!

Originally, he and Song Mingyuan had come to Jiangzhou so that Ji Feng could raise his hand and simply punish Tian Xiaodong, but Hu Yujin’s arrogant personality had immediately angered Ji Feng.

This time, not to mention let Ji Feng’s hands up and let Tian Xiaodong go, they have made Ji Feng angry, Ji Feng will not be strange to clean up Tian Xiaodong.

What’s more, after Hu Yujin angered Ji Feng, he was caught by Ji Feng instead.

From the fact that Hu Yujin and Song Mingyuan had run from Jiangzhe to Jiangzhou, Ji Feng could see that they were afraid that Tian Xiaodong would say something against them in the detention center!

I'm afraid Hu Yujin and Song Mingyuan wouldn't have thought that they would have come to beg Ji Feng, but because of Hu Yujin's arrogance and because they couldn't put down their stature completely, the result was the exact opposite of what they expected!

Looking at Ji Feng's face full of smiles, it became clear in Zhou Fei Fei's mind that Ji Feng must have already known that Tian Xiaodong should have something in his hands that would be detrimental to Hu Yujin and Song Mingyuan.

If you think about the conflict between Hu Yujin and Ji Feng today, then what Ji Feng would do next, even a fool could figure it out.

To put it in a bad way, Hu Yujin is totally stealing chicken and losing rice, which makes people feel ridiculous!

However, Zhou Fei Fei could not laugh.

This time Hu Yujin had a fierce conflict with Ji Feng, and was even beaten like a dead dog by Ji Feng, he would definitely not be willing. And in that case, his own matter would be

Zhou Fei Fei gritted her teeth and was just about to speak when she heard Ji Feng suddenly speak, "Zhou Fei Fei, there's a question I still want to ask you!"

Zhou Fei Fei's heart immediately trembled and she said in a panic: "You speak, young Ji."

"If I remember correctly, when I was in Jiangsu and Zhejiang, you told me that you would never interfere with Zhou Shilin's affairs, not only you, but the entire Zhou family was not allowed to interfere with Zhou Shilin's affairs, did I remember correctly?" Ji Feng asked.

Once she heard this, Zhou Fei Fei's heart suddenly thumped, bad!

It was because of Zhou Fei Fei's promise that Ji Feng did not take Zhou Shilin's life, but only let him live on his own in prison.

Originally, Zhou Fei Fei still kept this promise in mind, but once Hu Yujin found her, he threatened and pleaded again, and said something about what happened to Zhou Shilin in prison, so that Zhou Fei Fei's heart also softened.

In addition, since Zhou Shilin's incident, Zhou Fei Fei felt that her relationship with Ji Feng was already considered good, perhaps even if Ji Feng knew later that he was secretly excusing his brother, he would turn a blind eye and even if he was unhappy in his heart, he would not say anything.

After all, in Zhou Fei Fei's opinion, Ji Feng is not a person who turns the other cheek and is ruthless.

But now, after hearing what Ji Feng said, Zhou Fei Fei suddenly realised that what she had done was really too presumptuous.

Even if Ji Feng was as generous as he was, he would never tolerate Hu Yujin's unbridled provocation of him, and how did Hu Yujin get here? Of course, she followed her, Zhou Fei Fei, here.

So, why did she bring Hu Yujin here?

It's because Hu Yujin might help Zhou Shilin get off the hook and make him more comfortable in his cell or so he could get out early, so Zhou Fei Fei entrusted He Hongwei with the job of brokering the deal in the middle, and then she brought Hu Yujin and Song Mingyuan to meet Ji Feng.

..... By doing so, Zhou Fei Fei was undoubtedly not taking Ji Feng's warning into account!

To put it bluntly, this is a bit of a bully.

What, you just promised before that you would never interfere with Zhou Shilin's affairs, and now you dare to do this hook in front of me?

"Young Ji, I" Zhou Fei Fei's face was red and she was embarrassed.

At first, Zhou Fei Fei did promise Ji Feng that she would never interfere with Zhou Shilin's affairs, but, after all, that was her own brother, so how could she really not interfere?

But now that she was questioned by Ji Feng to his face, Zhou Fei Fei was really embarrassed and didn't know how to answer.

She didn't know how to answer. Did she want to tell Ji Feng: "I didn't ask questions before because I was afraid of provoking you, which would lead to more harsh tactics from you. But this has been a long time, my mind has been active"

This is simply a slap in Ji Feng's face!

Zhou Fei Fei didn't have the guts to do that, and she wasn't that stupid!

"Zhou Fei Fei, is it because you think I'm too gullible, or do you think I look like a foolish person who can just be fooled?" Ji Feng frowned and asked.

"No, no, young Ji, you must not misunderstand", Zhou Fei Fei hurriedly waved her hand.

"Heh! Then you tell me how I misunderstood!" Ji Feng asked with a non-committal smile.

"This"

How could Fei Fei Zhou say it?

The reason why she dared to do so was not because she thought that Ji Feng was good at fooling around, but because she felt that her friendship with Ji Feng was still okay, and besides it had been so long, even if Ji Feng knew about it, he wouldn't pursue it too much

But these words were only speculations in Zhou Fei Fei's heart, so how could she say them out loud?

"All right, let's do this first!" Ji Feng waved his hand, "Let's not talk about these things, let's drink tea."

Zhou Fei Fei's heart then began to sink, Ji Feng wasn't even willing to listen to her explanation?

"That's right, don't let a fly or two disgust you, let's have some tea!" He Hongwei also said with a smile.

This made it impossible for Zhou Fei Fei to speak even if she wanted to explain, she could only sigh lightly in her heart, perhaps, this time she had really done it wrong!

“Mmm!”

He Hongwei took a deep breath and nodded his head, “This tea is not bad”

Boom!

Before he could finish his words, the door of the compartment was violently pushed open, several police officers walked in with big strides, and a voice roared, “It’s that son of a bitch sitting in the middle, he’s the one who did it!”

Chapter 1568

“Yoo-hoo!”

He Hongwei couldn’t help but laugh as he teased, “Who did I think it was, so rude, barging in without even knocking, It turns out you police gentlemen, eh? And Mr. Hu?”

The few people who barged in, other than the few police officers, the remaining ones, were Hu Yujin and Song Mingyuan.

At this moment, a bright red slap mark on Hu Yujin’s face was so obvious that he was walking with his back bent, and as he moved, he bared his teeth from time to time, obviously in pain.

There was a look of resentment in Hu Yujin’s eyes, he could not wait to cut Ji Feng into pieces right now, even as a child, no one had dared to hit him like this, but Ji Feng dared to do so, not only did he hit him, but he also hit him as hard as he wanted!

What a bully!

Now Hu Yujin was full of anger, not to mention Ji Feng, even if it was He Hongwei and Ji Feng together, Hu Yujin would dare to retaliate!

In this circle of dudes, what everyone fights for is whoever has the hard fist, whoever has the advantage. No matter what the outcome was, we could talk after the fight first.

For example, today, if Hu Yujin does not retaliate, he Ji Feng beat Hu Yujin, then afterwards, even if it is pursued, Hu Yujin this loss also ate, and then pursued can not make up for the trauma in his heart, and the pain of being beaten on his face!

In addition to the fist, the rest, that is a fair trial.

We are all dudes, even if the power of the family has its own strengths and weaknesses, but that does not matter much, it will not cause a showdown between families because of a fight between children, right?

It’s just a fight, it’s not like it’s going to kill each other!

This is why Hu Yujin was not afraid of Ji Feng, even if he had beaten him up, what was the point? What could he do when he was finally pursued?

However, Hu Yujin was also clear that he was definitely not a match for Ji Feng, so he called for helpers.

Not to mention what the consequences would be after these helpers beat up Ji Feng, let's talk about the fight first.

What's more, what's the point of beating up?

If they beat up Ji Feng, at most, those people would be held accountable, and as long as it wasn't a matter of human life, the result would at most be a prison sentence, even if it was serious.

For Hu Yujin, this is nothing at all, there are plenty of scapegoats, he only needs to say one word, there is no telling how many people are willing to stand up for him to take the blame.

Therefore, this time Hu Yujin was simply reckless, he just wanted to get Ji Feng!

On the contrary, Song Mingyuan, who was next to him, was very apprehensive and had a hint of panic in his eyes.

He was so scared that he had to make a move against Ji Feng, but Song Mingyuan did not have enough courage in his heart, knowing that Ji Feng was the grandson of the Ji family in Yanjing.

If Song Mingyuan wanted to move Ji Feng, what was it if he was looking for death?

However, when Hu Yujin insisted on moving Ji Feng, Song Mingyuan did not dare to strongly oppose it, as his Song family had to rely on Hu Yujin's help in Jiangsu and Zhejiang.

"Hu Yujin, what do you want?" Zhou Fei Fei snapped to her feet and stared angrily at Hu Yujin.

The situation right now was very wrong, and Zhou Fei Fei was not stupid, so how could she not see that Hu Yujin was trying to take action against Ji Feng?

"Hu Yujin, are you crazy, do you know what you are doing?!" Zhou Fei Fei said angrily.

"It's not up to you guys to decide whether I'm crazy or not!" Hu Yujin said coldly, "Zhou Fei Fei, I think you've forgotten how your brother Zhou Shilin went to prison, right? Or is it that your Zhou family has been out of Jiangzhe ever since?"

"Hu Yujin!"

Zhou Fei Fei scolded angrily, "I'm telling you, everything you do today, I will tell Governor Hu truthfully!"

"Humph!"

Hu Yujin said proudly, "Fei Fei Zhou, you don't need to press me with this, if my old man knew that his son was actually beaten up in Jiangzhou, he would also approve of what I did"

"Comrades police, this is the guy who hit me with his hands, now I have to go to the hospital to have my injuries examined, please take him back first!" Hu Yujin said.

"This gentleman you can rest assured, we will definitely punish the murderer severely and give you justice!" A policeman said loudly.

"Huh!"

He Hongwei couldn't help but laugh and glanced at Ji Feng as both of them shook their heads.

Such a little tactic by Hu Yujin was nothing rare in He Hongwei's eyes, it seemed that this Hu Yujin, being the son of the governor of Jiangsu and Zhejiang, was just like that!

"Shao He, what are you laughing at?!" Hu Yujin's face sank. He Hongwei's smile fell on his ears, it really sounded like a great insult, looking at that He Hongwei and Ji Feng's demeanor, it was as if these two guys were watching a few little kids pissing and playing with mud, and then laughing at their lack of understanding

And he, Hu Yujin, was like the three-year-old kid who peed and mud!

What an asshole!

"Hu Yujin, since you asked, then I might as well tell you, just this point of your tactics, in the circle of Yanjing's gentry, children in their early teens would be playing, you're only playing now, that's just picking up people's wisdom, I advise you to use some superior tactics!" He Hongwei said indifferently, "Of course, you can also use the most direct and simplest method, beat up Ji Feng violently!"

"Humph!"

Hu Yujin's face instantly sank as he coldly snorted, "Younger He, I appreciate your kindness, but I think I still have the ability to act on my own as an adult!"

Saying that, Hu Yujin glanced at the few policemen, the meaning of which was self-explanatory.

"You, stand up and come with us." The two policemen came in front of Ji Feng and drank in a deep voice.

"Hey! What a great authority!" Ji Feng was laughing coldly, "Comrade police, before you arrest people, can't you show your documents first?"

"Where did you get all this nonsense!" A policeman shouted, "Do you still think we are fake police officers? You're out of your mind!"

"No? Then don't blame me for not cooperating!" Ji Feng said.

"You" The policeman's face was blue and he was about to come hard.

"Stop!"

Zhou Fei Fei shouted, "I'm warning you, if you are real police officers, as long as you dare to make a move, you will definitely be held responsible for today's actions! If you are fake police officers, then I can assure you that the rest of your lives will not be easy!"

She swept a cold glance at those few policemen and said in a deep voice, "If you don't believe me, just try it!"

Several policemen obviously hesitated, and for a moment, they didn't know whether to enter or retreat.

"Comrade police, are you all not accepting reports anymore?" Hu Yujin said in a deep voice.

"Hu Yujin, will you stop it!" Zhou Fei Fei's eyebrows knitted together, and in her heart she couldn't help but curse, "Why is this Hu Yujin so ignorant of good and bad!"

He didn't think about what this place was, this was Jiangzhou!

If you move Ji Feng here, even if Hu Yujin has three heads and six arms, he will never be able to return to Jiangzhe safely even if Jiangzhe is only a two-hour drive from Jiangzhou!

The actual fact is, not only will Hu Yujin suffer, but she, Zhou Fei Fei, will also be no better off.

"Don't do anything yet!" Seeing that everyone was helping Ji Feng, and even those few policemen were too scared to do anything easily, Hu Yujin became furious and couldn't help but roar out.

"Hu Yujin!"

Ji Feng shouted lowly.

"What for?!" Hu Yujin roared.

"Do you have to ask me to arraign Tian Xiaodong right now, and the guys with him?" Ji Feng asked indifferently.

"What?" Hu Yujin was stunned.

Next to him, Song Mingyuan's face changed drastically and snapped to look at Ji Feng, then hurriedly looked at Hu Yujin again, the anxiety on that face was overwhelming.

"By the way, your name is Song Mingyuan, right?" Ji Feng, however, no longer paid attention to Hu Yujin, but looked at Song Mingyuan.

"Ji, Ji Shao I'm Song Mingyuan!" Song Mingyuan nodded his head.

"I heard a message earlier, originally I didn't intend to tell you about it, but now since you guys have bullied your way to the door, I think it's still necessary to talk about it!" Ji Feng picked up his cup of tea and took a sip before saying, "I heard that it seems like that cousin of yours, Tian Xiaodong, and a few of his associates, seem to have been interrogated for some important information, and it seems to be about you"

"Ah?" Song Mingyuan exclaimed in shock.

"If the circumstances are serious, I'm afraid there's no point in going back if you've come to Jiangzhou this time!" Ji Feng said.

When Song Mingyuan heard this, his face changed dramatically, what do you mean there is no need to go back?

Does this mean that he will also be arrested?

"Ji Shao"

Song Mingyuan instantly panicked a little.

Hu Yujin's face, however, immediately turned gloomy and stared coldly at Ji Feng, and only after a long time did he coldly snort, "Ji Feng, count on you, this time you win, we'll see!"

After saying that, he fiercely turned around and walked out, but perhaps because he was exerting too much force, his figure paused violently and his cheeks twitched a few times before he left.

Song Mingyuan gave Ji Feng a somewhat fearful glance, then only then did he hurry to follow Hu Yujin and leave with quick steps. It looked like his steps were a little messy and he was obviously a little panicked.

“Your masters have left, and you are still staying here? Waiting for tea, huh?” He Hongwei looked at the few policemen and asked with a smile.

“Yes, I’m sorry, this might be a misunderstanding” How could the few policemen dare to stay here, they immediately hurriedly left.

He Hongwei couldn’t help but smile lightly and asked, “Older brother, congratulations!”

“Don’t talk about it!” Ji Feng waved his hand with a smile, “Have some tea!”

He Hongwei then nodded with a smile, but in his heart he was sighing, this Hu Yujin, stupid!

If Hu Yujin hadn’t come to Jiangzhou, Ji Feng certainly wouldn’t have been so annoyed, but at the same time he wouldn’t have noticed that there was something wrong with the arrested Tian Xiaodong and the others.

In fact, even if Hu Yujin had come and lowered his stance a bit, he would likewise not have angered Ji Feng.

But the funny thing is, Hu Yujin wanted Ji Feng to let Tian Xiaodong and the others go, but he felt that he couldn’t pull his face off, so as a result, he was beaten up and came over in a rage to take revenge, but he was beaten up by Ji Feng’s two light words, as if he was hit with a few stifling blows, and could only leave in a mess.

What’s even more speechless is that it was Hu Yujin himself who sent the stick to Ji Feng!

Chapter 1569

Hu Yujin came with his men in an aggressive manner, but eventually left in disarray, in a mess and losing face.

But for Ji Feng, it was a windfall.

The fact that Hu Yujin and Song Mingyan attach so much importance to Tian Xiaodong’s problems undoubtedly means that Tian Xiaodong must have something in his hands that can threaten them, or that Tian Xiaodong knows something related to them.

If Hu Yujin had taken the initiative to go soft or talk nicely, perhaps Ji Feng would not have pursued the matter too much, but this Hu Yujin was also really too arrogant, so Ji Feng had nothing to be polite about.

Since we already know that Tian Xiaodong and the people he was arrested at the same time are in possession of some important information or something, how could Ji Feng let go of this opportunity?

Just take your time to interrogate them!

As for the fact that it is not yet known whether Tian Xiaodong has this information or the people who were arrested at the same time as Tian Xiaodong, but there is no need to rush, it will always be interrogated.

So Ji Feng also acted very indifferent, just leisurely drink tea, while the sky and the South China Sea chatted with He Hongwei, Zhou Fei Fei two a few.

He Hongwei is not the slightest psychological burden, originally he came here is to give face to Zhou Fei Fei, as to say Ji Feng is what attitude, or Zhou Fei Fei what they want to find Ji Feng to do, this has nothing to do with him He Hongwei.

But that Zhou Fei Fei, however, was apprehensive in her heart.

Although Ji Feng spoke to her from time to time, she could tell that Ji Feng's attitude was already somewhat cold and when he spoke, he also carried a sense of distancing.

It would be strange to say that Ji Feng didn't have any opinion about her!

But Zhou Fei Fei didn't know how to explain, she could only try to hope that Ji Feng could understand her!

"It's getting late, I think we should stop here today!"

Soon, after the pot of tea was finished, He Hongwei looked at the time and also stood up, "Ji Feng, thank you for your hospitality today"

"Bullshit!"

Ji Feng laughed and shook his head, saying, "Young Master He, you're hitting your face. Does this count as hospitality?"

He pointed to the teapot on the table, and the two plates, which were the fruit plate and the snack plate, respectively, and that was all they had for dinner.

If this was considered hospitality, then this was a very generous meal!

"It's already enough!" He Hongwei laughed, "After being disgusted by the flies, it's better to have some tea instead, I couldn't eat even if you asked me to! I'm just afraid that Fei Fei hasn't eaten enough, right?"

"I've eaten enough too!" Fei Fei Zhou laughed, "I've been on a diet recently too"

"Then use the Kang Yuan slimming powder made by Xiao's Pharmaceutical Factory!" Ji Feng picked up, "The effect is good oh!"

"Ji Feng, in order to make your girlfriend's business even bigger, you are sparing no effort to help sell it!" He Hongwei teased.

Several people burst out laughing.

"Alright then, that's it for now, I'll take my leave first!" He Hongwei left first.

"Mr. Zhou, let's go too then!" Ji Feng said to Fei Fei Zhou with a smile.

“Well” Zhou Fei Fei’s smile was a bit forced, from the way Ji Feng addressed her, one could hear that between them, they were probably really estranged.

The two walked outside, not very fast, but no one spoke.

Ji Feng secretly shook his head in his heart, Zhou Fei Fei was indeed very smart, however, she liked to play small, which made Ji Feng a bit disgusted.

For example, today, if Zhou Fei Fei had greeted herself in advance and said she was bringing Hu Yujin and Song Mingyuan over, she might not have agreed, but Zhou Fei Fei went to such great lengths to first find He Hongwei and then bring them over so suddenly without even saying hello to herself

“Ji Shao”

Zhou Fei Fei suddenly spoke up, “I’m sorry for what happened today.”

Ji Feng waved his hand, “It’s nothing, it’s not your fault, it’s Hu Yujin who is too arrogant.”

Zhou Fei Fei said softly, “Young Ji, I know what I did today was a bit inappropriate, but Hu Yujin is after all Governor Hu’s grandson, he found me and asked for my help, there was no way I could not agree.”

Ji Feng smiled, “No need to say anything, I can understand it all.”

“Young Ji, please listen to my explanation!” Zhou Fei Fei’s charming face was covered with bitterness, “Although my Zhou family is considered a bit powerful in Jiangsu and Zhejiang, but Shi Lin is in prison, our family can hardly reach it, so I can only give Hu Yujin this face”

“Then why didn’t you say hello to me in advance?” Ji Feng asked.

“It was all at Hu Yujin’s request, he said, after all, he had clashed with you before, and if I had said in advance that he was coming, you might not have met him, so” Zhou Fei Fei shook her head and laughed bitterly, “If I had known there would be this situation today, I wouldn’t have brought him in any way!”

Ji Feng nodded his head, he understood what Fei Fei Zhou meant.

As Hu Yujin was the son of the governor, it was needless to say how much energy he had.

In the end, it was Zhou Fei Fei who wanted Zhou Shilin to have a better life in prison, or to be released early.

Ji Feng couldn’t help but shake his head, and when all was said and done, it still turned to the original issue – Zhou Fei Fei had broken her initial promise to interfere with Zhou Shilin’s affairs!

“Then why did you still call on He Hongwei?” Ji Feng suddenly asked.

“I-I was worried that after you saw Hu Yujin, you might not give face!” Zhou Fei Fei said.

“Hehe! Now you see, it’s not that I don’t give face, it’s that Hu Yujin doesn’t give me face!” Ji Feng laughed lightly.

Zhou Fei Fei then became embarrassed and couldn’t say anything.

“General Zhou, I still have a question I want to ask you.” Ji Feng suddenly said.

“Please speak, young Ji!” Zhou Fei Fei’s heart jumped wildly a few times, Ji Feng was so polite, obviously he was already very distant from her ah.

“The video of your brother trashing that girl, I remember that you also watched it at first, didn’t you?” Ji Feng asked.

“..... Yes!” Zhou Fei Fei nodded her head.

“Should your brother die?” Ji Feng asked.

“.....” Zhou Fei Fei didn’t dare to answer.

“Does it mean that your family is rich and powerful, so if you get someone killed, you will only be slightly punished and it will be fine?” Ji Feng asked again.

“Ever thought about what your family would think if this kind of thing fell on your head?”

“Do you want me to take you to that girl’s parents and ask them if they agree with Zhou Shilin’s early release from prison?”

.....

This series of questions from Ji Feng left Zhou Fei Fei speechless, her face red and embarrassed, not knowing where to put her hands.

“That’s it for today!” Looking at Zhou Fei Fei’s embarrassed look, Ji Feng shook his head and dropped a sentence, before striding out.

White Spider followed closely behind.

“Young Ji!”

Zhou Fei Fei hurriedly shouted at Ji Feng, but only saw a back view of Ji Feng.

“He really did something wrong!”

Looking at Ji Feng’s back, Zhou Fei Fei was despondent, she felt that maybe her presumptuous behavior today would completely estrange her relationship with Ji Feng, and perhaps could never return to the previous state of togetherness.

“Young Ji, are you all right?”

It was not until she walked out of the Spring River Flower Moon Night Club that White Spider asked softly.

“What can happen to me?” Ji Feng asked with a smile.

“But I see that you seem a bit unhappy,” said Bai Spider, somewhat embarrassed.

“Don’t worry, I’m fine!” Ji Feng waved his hand and laughed, “White Spider, what would you say is really smart?”

“Really smart?”

The white spider was slightly stunned and said hesitantly, “It should be a great intellect that is really smart!”

Ji Feng couldn’t help but brighten his eyes and laughed, “Hmm! That’s a pity, some people just don’t understand this truth and take their small wisdom as great wisdom, ridiculous!”

The white spider looked back inside the clubhouse and nodded thoughtfully, she seemed to have some understanding of who Ji Feng was talking about.

“Ding”

Just at this moment, Ji Feng’s mobile phone suddenly rang, it was actually He Hongwei calling.

Ji Feng couldn’t help but be stunned, hadn’t this guy left, why was he calling?

“Mr. He, what’s up?” Ji Feng picked up the phone.

“I didn’t eat just now, I’m a bit hungry, I’ve opened a private box at a restaurant near the clubhouse, come and sit down!” He Hongwei laughed, “Let’s have a couple of drinks together!”

Ji Feng laughed, “I think you, Young Master He, are also bored with nothing, net playing these false games!”

“Oh, I’ll see you later then.” He Hongwei laughed.

“Mm, see you later!” Ji Feng smiled and hung up the phone.

“White spider, let’s go, let’s go eat!” Ji Feng said with a smile.

The white spider nodded slightly and followed Ji Feng very meekly.

.....

“Older brother, let’s go one first!” In the restaurant box, He Hongwei lifted his glass of wine and clinked a glass with Ji Feng.

Tilting his head back and drinking the wine in the cup, Ji Feng asked, “Younger He, which exactly is your game here?”

“Heh!”

He Hongwei smiled and put his cup down, saying, “Older brother, just now there was Zhou Fei Fei around, a lot of things were not very good to talk about, so it’s just as well that we talk while eating.”

Ji Feng nodded and stopped asking, it looked like He Hongwei had something to say.

The two of them drank a few glasses, and then He Hongwei lit a cigarette and took two puffs before saying, “Older brother, I have to thank you for not breaking the news in the clubhouse just now. Otherwise, it would have been embarrassing!”

Ji Feng laughed, “I’m not a long-winded woman!”

Of course he knew that He Hongwei's words were referring to the matter of Fifi Zhou.

He Hongwei smiled and nodded, "Luckily you're not, otherwise we wouldn't even be able to drink tea just now."

Just now in the clubhouse, Ji Feng actually directly said that Zhou Fei Fei was too stupid, which made He Hongwei's back go cold. If Ji Feng pointed out on the spot that he had flown all the way to Jiangzhou to return a favor, then not only would Zhou Fei Fei be embarrassed, but he would also be embarrassed beyond measure.

"Mr. He, I'm curious, doesn't your Tianyao Group work very well with the Zhou family? Why do I see that today you seem to be going your separate way from the Zhou family?" Ji Feng asked.

Chapter 1570

"Young Master He, I'm curious, didn't your Tianyao Group work well with the Zhou Family? Why do I see that today you seem to be going your separate way from the Zhou family?" Ji Feng asked.

This made Ji Feng feel strange, the Zhou family was definitely considered a giant in the shopping malls around Jiangsu and Zhejiang, although it was inferior to the original Rongpeng Group's status in Southern Guangdong, it was still considered a giant among private enterprises.

Therefore, for Tianyao Group, the Zhou family is also a very good arm, but how could He Hongwei suddenly want to return the favour to Fei Fei Zhou?

Hearing Ji Feng's question, He Hongwei only smiled slightly and said, "What do you think?"

Ji Feng smiled and just glanced at him before sipping his own drink.

"You kid, those who don't know think you're already an old fart, how come you're so calm at such a young age?" Seeing Ji Feng's calm and steady temperament, He Hongwei couldn't help but shake his head and sigh.

For a person of Ji Feng's age, and who came from a folk background, to suddenly become the first grandson of the Ji family, if it were anyone else, without a few years of sedimentation and accumulation, it would be difficult to have such a connotation and temperament, much less such a calmness.

Even if a person is born with a calm and steady character, but suddenly experiencing such a big change, from a wild boy growing up in Minjiang to suddenly becoming a young master of a big family, then even a calm and steady mind will not be able to hold on, right?

Normally, after entering the Ji family, Ji Feng would have to go through at least four or five years of sedimentation and incubation before he could become a standard son of the family and have enough deep connotation.

But Ji Feng was different, from the first time He Hongwei met him, this guy was just like that, calm, wise, and with extraordinary force!

He Hongwei has known Ji Feng for quite some time, and Ji Feng has never changed much, so if his previous composure and wisdom were all faked, no one could fake it for a year or two, right?

He Hongwei couldn't help but feel that Ji Zhenhua's wife was really a strange woman, who could teach Ji Feng to be so good in the private sector.

However, if he sat with Ji Feng, He Hongwei was more or less depressed.

Anyone who was with such a shrewd guy would be more or less stressed in his heart, and it was the same now.

He Hongwei shook his head and laughed: "Let's put it this way, the Zhou family is indeed very influential in Jiangsu and Zhejiang, but that doesn't mean that the Tianyao Group has to cooperate with the Zhou family all the time, one family is the only one, it's not in line with the laws of the market!"

Ji Feng frowned: "That's not right, right? I think that it's always better to support some giant enterprises, so that they can become multinational enterprises and become the leaders of private enterprises, so that they can improve their competitiveness?"

At this stage, what China lacks most is this kind of conglomerate that has great influence internationally and can become a leader at home.

This is true whether it is in national brands or in various trade and operations, which are extremely lacking on the part of China.

For example, in the retail industry, there are several retail giants such as France's Home X Fortunes, while in the light industry, especially in textiles, clothing, and already many electronic products, Chinese companies have almost all been reduced to being the wage earners of foreign companies, the patents are owned by others, the brands are owned by others, and the Chinese side has nothing more than cheap labour.

Under such circumstances, if we do not support the giant enterprises, do we want all the enterprises in China to become the wage earners of foreign enterprises?

"Of course giant enterprises should be supported, private enterprises should also be supported, however, if a giant enterprise becomes the personal tool of some people, this is not right." He Hongwei said.

Ji Feng frowned: "What do you mean?"

He Hongwei sighed lightly and said, "You understand the national situation in China, it's not really difficult for private enterprises to survive, but if they want to grow bigger and stronger and eventually become a giant enterprise, it's not that simple. In the eyes of many people, private enterprises are a piece of fat meat, no matter who wants to come and take a bite."

Ji Feng nodded slightly, indeed, what He Hongwei said was true.

In particular, many officials, for the sake of face, point their fingers at private enterprises, outsiders guide insiders, visit them today, guide them tomorrow, how can private enterprises still develop?

In Ji Feng's impression, there was once an extremely famous enterprise in China that wanted to build a building as an office building, which, at once, could be considered to have touched the sensitive nerves of local officials.

As a result, the officials went over to do the thought work of the person in charge of the enterprise for three days, asking them to build the building as high as possible, and even wanted to build the tallest building in the country, and even promised to provide loans and give various preferential policies.

But later, the loan was delayed, and the efficiency of these public servants in our country is naturally imaginable. As a result, that enterprise's capital chain broke, and eventually it could only bear to cut its flesh, and that building eventually became a bad building, and that enterprise also went bankrupt.

It was a very dynamic and promising business, but in the end, it ended in failure.

This is a long sigh of relief.

The reasons for this are many, but the encouragement of the officials and the frequent work of those in charge of the enterprise definitely account for a large part of the reasons.

It was all about saving face!

Although some people did not blatantly ask for favours from the enterprises, the act of forcing the enterprises to build the tallest building was a disguised way of eating meat from the enterprises.

Not to mention the countless things that are being done to try to get benefits out of the business.

"So, at this stage, if you want to support private enterprises, the best way is to turn them into state-controlled enterprises! Or, to have the state take a stake in them!" He Hongwei said.

"Wouldn't that make it easier for certain people to reach out and reap the benefits?" Ji Feng asked.

"Even if someone is corrupt, how much money can they corrupt?" He Hongwei waved his hand and laughed: "Besides, even if certain people are corrupt, then there must always be benefits to be corrupted with them, and that would require the proper development of the enterprise to be corrupt! If the business itself can't even run, how can we still be greedy?"

"You are open-minded!" Ji Feng laughed.

"This is actually very simple, greed, that is because there is oil and water." He Hongwei laughed, "Let me give you an example, you say, a rich city or a poor area, which place produces more corrupt officials?"

"Makes sense!" Ji Feng smiled and nodded his head.

After a pause he asked, "Then according to you, the top also intends to make the Zhou family a state-controlled enterprise?"

"Mm!"

He Hongwei nodded, "The top already has this intention."

Ji Feng asked, "So you're just going to keep your distance from Fei Fei Zhou and keep your distance from the Zhou family to prevent yourself from being involved in the trouble of the Zhou family's restructuring?"

He Hongwei shook his head and laughed, "I'm the kind of person who tears down bridges over rivers? Let's put it this way, the Zhou family has also got wind of it, so they want to take more advantage of this

restructuring, but this is not in line with the original intention of the restructuring from above. Of course, that's not the most important thing."

Ji Feng lifted his wine glass and clinked it with him, smiling as he asked, "Then what is the most important thing?"

"I once owed a favor to the Zhou family, that's true, but the Zhou family does things a bit" He Hongwei shook his head and smiled, "Forget it, let's not talk about that, it's not enough to make people angry when I mention it. "

"Then let's drink!" Ji Feng laughed.

The two of them drank a few more cups and a hint of wine flushed on He Hongwei's face, so he dared not drink more and just smoked.

After a moment, he said, "By the way, Ji Feng, the business delegation from the Kerry country has come to Jiangzhou, right? If the Tengfei Group wants to cooperate with them, they'd better keep an eye out."

"Hmm? How?" Ji Feng immediately asked.

"Those sticks from Kerry are no good, I think that 3D TV set that the Tengfei Group is launching will attract a lot of people, so be careful when the time comes and don't fall into their trap!"

He Hongwei said, "If you want to cooperate, especially when signing contracts you must pay attention, especially, you can't just use foreign words, because foreigners have many habits of speech, as well as the grammar of some foreign languages, as well as technical terms and so on, which are very different from ours in China!"

"In the past, I don't know how many times our Chinese companies have suffered such big losses, especially the two countries, Rice and Kaitou, which are even more cunning and have screwed over many of our companies." He Hongwei snorted coldly, "Now, the sticks have also learned this trick, you should be careful!"

"Sticks?" Ji Feng snorted coldly, "They're just picking up on others too!"

Those Kerry people were like that, often doing ridiculous things, their narrow national borders and their rapidly expanding national pride seemed to have made the character of their countrymen a bit twisted.

In Ji Feng's view, if the Mi Guos are a hungry tiger and the Boundary Tent people are a hungry wolf, then this Kree, in fact, is just a woebegone, or a fox.

In front of the Mi Guoshu and the Cavemen, the Kree could only be a wolf with them, or a fox with a tiger. But to say that the Kree themselves are strong" Ji Feng shook his head, they are really not enough to worry about!

"But then again, whether it's the Krebs or the Boundary Tent, or the Micronesians, they all deserve to learn from China in terms of fostering private enterprise!"

Ji Feng frankly acknowledged their merits, "Especially the Kree, their country is not strong, but they have a few super giants, like the Four Star Group, like the Daewoo Group" In this regard, China is inferior to them!"

“Yes!”

He Hongwei nodded and said, “By the way, old brother, I heard that you clashed with the boundary tent people? Or is that something Sumida Group?”

“Well, there was a little conflict!” Ji Feng nodded his head.

“Then good, I have some conflict with them too, when you want to take a shot, call me together!” He Hongwei slapped the table, “Fuck those brats!”
