Chapter 1571

“You have a grudge against those brats?” Ji Feng asked.

“You’re asking this

He Hongwei shook his head, “It’s too unlevel!”

“How so?” Ji Feng asked.

“You go out and ask random people to see if they have a grudge against the little kids?” He Hongwei said, “If they don’t have a grudge, they can’t hate the brats?”

“That’s true!” Ji Feng was deeply impressed.

“The Tian Yao Group is involved in a number of industries, all of which have business dealings with companies in the boundary tent, and I couldn’t be clearer about the faces of those brats.” He Hongwei said, “As a businessman, I can cooperate with the enterprises of the boundary tent because the products of the boundary tent are cheap. However, as a Chinese, I hope that companies from other countries are scrambling to work with us!”

Ji Feng nodded and smiled.

“Ji Feng, you are in Jiangzhou, so you probably see things more clearly than I do.” He Hongwei said, “You can go to the port terminal in Jiangzhou and take a look, our cargo ships, they all ship the goods out one whole ship at a time, but every time they come back, maybe only one container of foreign products is exchanged back, that kind of feeling, it’s really not good!”

“It can’t be helped, foreigners hold the core technology, they are using patents and technology to exchange for our Made in China!” Ji Feng said indifferently.

“So, to change this situation, we must first learn to surpass each other!” He Hongwei said, “If one day you go up against the companies in the boundary tent, as long as you need help just ask, I will do my best!”

“No problem!” Ji Feng nodded with a smile and suddenly asked, “So, what if it’s not the Boundary Tent’s enterprises, but Kerry, or the enterprises of countries like Rice or England?”

“If it’s a business from another country, it’s the same!” He Hongwei said, “Anyway, just that one sentence, as long as it is something beneficial to our country, you inform me, I am definitely obliged to do so!”

“Then I’ll remember that from you!” Ji Feng laughed.

When the words came out here, He Hongwei suddenly frowned, he seemed to have remembered something.

However, He Hongwei did not open his mouth immediately, but deliberated for a moment before he said, “Ji Feng, there is something I need to remind you of.”

“Go ahead.” Ji Feng immediately nodded his head.

“The 3D TV set launched by the Tengfei Group, I think it’s a bit too solid, the security and secrecy must be done well, just what I heard, not only people from two sides have been interested in this 3D TV set!” He Hongwei said.

“Which side of the people?” Ji Feng immediately asked.

“There are both domestic and foreign ones!” He Hongwei said, “Moreover, what they are interested in is not to cooperate with the Tengfei Group, but”

“Rather, it’s the technology for 3D TV sets, right?” Ji Feng asked.

“That’s right!”

He Hongwei said, “If they can’t get it through regular channels, then they will send people to steal it, and if they can’t steal it, they might just resort to more drastic means.”

He lowered his voice and said in a deep voice: “Ji Feng, you must not underestimate the fierceness of business competition, every new product will be coveted by countless people. And this, too, will bring about an extremely frightening impact on other TV production companies!”

“You can imagine, once this 3D TV set comes out, it’s almost like bringing the TV set to a new generation.”

He Hongwei said, “In this way, those TV manufacturers, the inventory in their warehouses, the stock they have spread to the major electrical stores, and the TV sets purchased by their directly-managed shops and agents, the vast majority of them will be smashed in their hands!”

“Think about it, how could they be willing to do that?” He Hongwei said in a deep voice.

“It’s not that serious!”

Ji Feng shook his head and said, “Now that the production capacity of Tengfei Group’s 3D TV sets is not high, there is definitely still room for ordinary TV sets to survive, at least for a certain period of time, ordinary TV sets will still be the mainstream, and only after the production of 3D TV sets comes up will the two types of TV sets coexist, and in the end, it will be the 3D TV sets that will completely replace ordinary TV sets!”

In between, there will be a process.

It is absolutely impossible for 3D TV sets to take over the market all at once, not to mention that Tengfei does not have such a strong production capacity, but also that consumers’ perceptions will not change all at once.

There are those who like 3D TV sets, and there are definitely those who like traditional TV sets, even if the 3D TV sets are advanced and excellent, they can’t make everyone like them!

That’s the law of the market!

“But what about for those TV set manufacturers?” He Hongwei asked.

“Older brother, don’t you still understand what it means for a company to have an outdated product?” He Hongwei said, “That means that the company will be eliminated from the market, and what it produces in the future may not be sold at all. Do you think that those people can’t be in a hurry?”

Ji Feng’s brow furrowed then.

“And those international electrical giants, for them, the current Tengfei Group is just like a small sheep that can be slaughtered at any time!” He Hongwei said in a deep voice: “Ji Feng, if they can’t develop the technology for 3D TV sets, then they will definitely turn their attention to the Tengfei Group next, you have to have this in mind.”

Ji Feng nodded his head, this was inevitable.

The so-called bright morality, the so-called decent people, in the shopping mall, these were all just jokes.

Only one thing mattered in the shopping mall – profit!

As long as the Tengfei Group got in the way of their interests, they were capable of doing anything.

“Alright, let’s not talk about that, let’s drink!” Ji Feng laughed.

He Hongwei also nodded with a smile and said nothing more, he believed that Ji Feng must be able to understand these things at a glance, so it would be meaningless to say more.

“Drink!”

.....

When Ji Feng and the white spider returned home, it was almost late at night.

Xiao Yuxuan and Tong Lei had also fallen asleep, so Ji Feng did not disturb them and went back to the bedroom to sleep after washing up. I just didn’t know who Yao Yao’s little girl was sleeping with.

When he thought of Yao Yao’s little girl, Ji Feng couldn’t help but shake his head and smile.

Early the next morning, Ji Feng called Zheng Yuanshan and asked him to send someone to focus on interrogating Tian Xiaodong and the others.

Since Hu Yujin had come to Jiangzhou all by his lonesome, Ji Feng naturally had to pay attention to it as well.

As long as Tian Xiaodong and the others really had any important information, Ji Feng would definitely not let Hu Yujin get away with it!

This was just a trivial matter to Zheng Yuanshan, and he naturally agreed to it with alacrity.

Ji Feng also waited for his news.

In the next few days, there was no more situation.

Since we met that night, Zhou Fei Fei called once and wanted to ask Ji Feng out, but was politely declined by Ji Feng. Since then, Zhou Fei Fei has not called again.

He Hongwei also called the next day to inform Ji Feng that he had gone back to Yanjing.

In this way, Ji Feng was also free. He did not go to school during the day and simply stayed home to read books and play with Yao Yao during his breaks, a rare moment of relaxation.

A few more days passed and in the evening of this day, Ji Feng received a call from Qin Shujie.

“Shu-jie, you’re back in Jiangzhou?” Ji Feng asked.

“Mm!”

Qin Shujie nodded her head and said, “Ji Feng, I’m back.”

“These few days in Yanjing have gone well, right?” Ji Feng asked with a smile.

“It was okay”

The two chatted for a few moments, and then Qin Shujie asked, “Ji Feng, I miss Yao Yao and want to pick her up.”

“That’s fine, you can come directly to my home, the address is”

“Ji Feng, I... I won’t go!” Qin Shujie was a bit hesitant, “They are all at home, right, it’s not good for me to go some”

“Then I’ll send Yaoyao over to you!” Ji Feng said.

“Mm!” Qin Shujie nodded her head.

At this time, both Xiao Yuxuan and Tong Lei had also returned, and when they heard that Ji Feng wanted to send Yao Yao away, the two women were more or less reluctant to do so.

“Ji Feng, how about this, you ask Yao Yao’s mother to come and stay at our house for one night as well, and then let them go tomorrow.” Xiao Yuxuan said.

“Then” I’ll ask!” Ji Feng nodded, but in his heart he was smiling bitterly, Xiao Yuxuan was not letting go of Yaoyao, but she was a bit too bold to let Qin Shujie come to the house.

“Sister, I think it’s better to forget about it, why don’t we let Yao Yao go back first, and wait for some time before we bring her here for a few days!” Tong Lei persuaded beside her.

“Alright then!”

Xiao Yuxuan nodded her head, she also knew that her request was a bit forceful, after all, it was normal for Yao Yao’s mother to want to see her daughter.

After spending a few days with Yao Yao herself, didn’t she also miss the cute child, not to mention the mother of the child, she must miss Yao Yao even more!

“Don’t rush first, I’d better give Qin Shujie a call to ask first!” Seeing Xiao Yuxuan’s face full of sadness, Ji Feng couldn’t help but feel soft in his heart, and at that moment, he couldn’t care less about that, he felt like calling Qin Shujie.

If he sent Yao Yao away today, Xiao Yuxuan was afraid that she wouldn't be able to sleep at night, and her heart would definitely be empty.

"Sister, is it that Daddy doesn't want me anymore?" Unexpectedly, Yao Yao also heard what was going on next to her, and her little face instantly collapsed, her little mouth turned up, "Daddy, I don't want to go!"

"Then don't go!" Ji Feng smiled and patted her little head.

"But, I miss mommy too" Yao Yao said, that little mouth tilted up, and tears started to well up in her eyes.

This is how children are, emotions come extremely fast, these few days without seeing her mother, although Yao Yao also misses it, but with Xiao Yuxuan and the others with her, she had a very happy time, there was also Xiao Yuxuan hugging her at night, so she did not miss her mother too much.

But now, when she talked about her mother, the little girl instantly missed it so much that she couldn't stand it a bit.

"Don't cry, don't cry, I'm going to call mum and ask her to come over too!" As soon as he saw that the little girl was about to drop her golden beans, Ji Feng hurriedly said.

In his heart, however, he was laughing bitterly, once this Qin Shujie came, how could it be a hilarious yo

Chapter 1572

Let Qin Shujie also come over, this family will be really lively!

Ji Feng secretly smiled bitterly in his heart, with Xiao Yuxuan and Tong Lei's intelligence, when the time came, as soon as Qin Shujie came, they might see the problem, this point, Tong Lei had already proved her eyesight to Ji Feng before.

The day Yao Yao first arrived, Xiao Yuxuan only acted like she loved this little girl, but said nothing else, but as a result, Tong Lei could see at a glance that Xiao Yuxuan wanted a child of her own!

This kind of eyesight, Ji Feng is not without, just that he rarely pay attention to such details, but Tong Lei has noticed.

Then, if Qin Shujie came to the house today, with her relationship with Ji Feng, how could she not reveal some breakage?

It was not that easy to conceal from Tong Lei's eyes.

What's more, there's also Xiao Yuxuan who is no less smart than Tong Lei. With the two of them around, there's really no way to conceal anything from them.

However, looking at Xiao Yuxuan's beautiful eyes full of reluctance, and then look at Yao Yao skimming her small mouth, small hands grabbing Xiao Yuxuan's clothes snuggled next to her, can not leave, but also miss Qin Shujie

Ji Feng could only smile bitterly in his heart, even if he knew that he might be seen by Tong Lei and Xiao Yuxuan, he could not refuse!

Call!

Ji Feng gritted his teeth and made a decision.

Even if the relationship between him and Qin Shujie was really seen by Tong Lei and Xiao Yuxuan, it could not be helped, at least, at the moment Ji Feng did not want to see Xiao Yuxuan's kind of empty and lost look.

What's more,.....

Things may not be that bad!

"You guys wait here, I'm going to call Qin Shujie!" Ji Feng said, then quickly walked out of the living room to the courtyard, pulled out Qin Shujie's phone number from the call log and dialed it.

"Ji Feng, what's wrong?" When she received Ji Feng's call, Qin Shujie was a bit strange, they had only spoken on the phone before, was something wrong now?

"That" Ji Feng was a little hesitant, he was thinking about what to tell Qin Shujie.

After deliberating for a moment, Ji Feng coughed lightly before saying, "So what, Shu-jie, it's like this Yao Yao has been with me for a long time, so she got a bit used to it, now once she heard that she had to leave that little mouth turned up"

"This child is really", Qin Shujie also laughed when she heard that. Her daughter is a character, of course, she knows very well, she can't help but say: "Yao Yao this child is this point bad, like to cling to others Ji Feng, you don't fear her cry, children forgetful, once you coax her, she will forget, wait until we get home I take her!"

Sweat!

Ji Feng couldn't help but sweat.

What Qin Shujie said was indeed true, children were forgetful, if he carried Yao Yao in the car and then coaxed her a few times to divert this little girl's attention, she would definitely stop crying too.

But the problem is, now is not only Yao Yao this little girl a matter of ah, Yu Xuan also equally can not let go of Yao Yao, although she did not say it, but whether it is Tong Lei or Ji Feng, are a glance can be seen.

"That Shujie, why don't you still come to my house!" Ji Feng weighed his words and said, "Yu Xuan is also particularly fond of Yao Yao, this girl is really endearing and one can't let go of her!"

"Ah?"

Qin Shujie was taken aback.

Ji Feng's words immediately made sense to Qin Shujie, Xiao Yuxuan actually couldn't let go of Yao Yao either?

Qin Shujie's heart was really joyful and apprehensive at the same time.

She was happy that Xiao Yuxuan liked Yao Yao so much that she couldn't even let Yao Yao leave her side, which was of course a good thing and a blessing for Yao Yao.

However, Qin Shujie was also apprehensive in her heart.

Xiao Yuxuan couldn't let go of Yao Yao, and Ji Feng's meaning was clear, wanting to let himself go to his home Did this mean that he would have to meet directly with Ji Feng's two girlfriends?

This is too sudden!

Qin Shujie suddenly had some panic in her heart, and, she also felt particularly awkward, when she went to Ji Feng's home, was she going as Ji Feng's friend, or was she going to Ji Feng's home in the capacity of Yao Yao's mother?

"Ji Feng, it's a bit inappropriate for me to go, right?" Qin Shujie said hesitantly.

"It's fine!"

Ji Feng waved his hand and said, "Come on, save Yao Yao and Yu Xuan and the two of them from giving up!"

"Then, then do I really have to go?" Qin Shujie was still a bit hesitant.

"Come on!" Ji Feng nodded his head.

Qin Shujie: "....."

Why did that sound so awkward!

However, after further consideration, Qin Shujie finally agreed.

"Phew~~!"

After hanging up the phone, Ji Feng couldn't help but let out a long breath, Qin Shujie had agreed to come, but what would happen after she came, God only knows!

"Ji Feng, is Yao Yao's mother willing to come?" Seeing Ji Feng return to the living room, Xiao Yuxuan immediately asked.

"Don't worry, Qin Shujie heard that you like Yao Yao a lot, she is also very happy, I guess she will arrive in an hour or so." Ji Feng said with a smile.

Xiao Yuxuan immediately said happily, "That's good."

"Great! Mum is coming!" Yao Yao also clapped her little hands happily next to her and cheered.

"You little girl!" Xiao Yuxuan smiled and pinched her little nose.

"I can't let go of sister's either!" Yao Yao immediately hugged Xiao Yuxuan's arm, her little face filled with joy.

Ji Feng and the others couldn't help but smile, this little girl was really cute and smart, that little mouth was still as sweet as if it was smeared with honey, knowing that Xiao Yuxuan liked her, the little girl actually knew to take care of Xiao Yuxuan's emotions when she spoke!

.....

Since they knew that Qin Shujie was coming, Ji Feng and the others were no longer in a hurry to start the meal, but sat in the living room chatting and waiting for Qin Shujie in the meantime.

During the small talk, Xiao Yuxuan did talk about Han Zhong, which caught Ji Feng's attention.

"Ji Feng, Han Zhong is sick, let's go see him together tomorrow!" Xiao Yuxuan said.

"You said Han Zhong is sick?" Ji Feng frowned, "What kind of sickness?"

"He didn't come to work for the past two days, and as a result, there were a few documents that he needed to sign, and since he wasn't here, he had to send them to me I then gave him a call, and that's how I found out that he was sick." Xiao Yuxuan said, "You are so close to him, we should visit him for reasons of reason!"

"It's the right thing to do!" Ji Feng nodded, but he was a bit puzzled, "But isn't this illness of Han Zhong a bit too sudden? We were drinking together two days ago, so how come he suddenly fell ill?"

"People get sick at different times, huh?" Xiao Yuxuan gave him a blank look, "Besides, if you drink too much, you'll get sick just the same, so when you few drink together, it's better to drink less!"

Ji Feng smiled and nodded his head, agreeing repeatedly.

Only, he was still muttering a bit in his heart, how could Han Zhong suddenly get sick?

In Ji Feng's impression, when he and Han Zhong were drinking together two nights ago, Han Zhong was still red and glowing, and after drinking, Han Zhong was only slightly swaying when walking, but he still felt a bit strange to say that he was sick just like that.

He knew that although Han Zhong did not have any kung fu, but under the driving force of Ji Feng and Zhang Lei, Han Zhong usually insisted on exercising and rarely got sick.

Since he couldn't figure it out, he didn't think about it!

Ji Feng shook his head and smiled, "Then, I'll call Han Zhong tomorrow morning, then we'll go visit him together!"

"Mm!"

Xiao Yuxuan nodded her head, then went to talk to Yao Yao again.

.....

About an hour later, Ji Feng received a call from Qin Shujie, and after that, he brought Qin Shujie to his home.

"Ji Feng, is everything okay?" Qin Shujie looked a little nervous and spoke a little cluelessly.

But Ji Feng was aware of what she meant, she was asking if her coming would have any effect on how Ji Feng should answer her?

If it's true, then Ji Feng definitely doesn't want Qin Shujie to come to the house right now, at least, for now, the time is not quite ripe!

However, now Ji Feng can only nod and smile: "Don't worry, it's definitely fine. Lei Lei's nature is a bit cold and she doesn't usually like to talk much. Yu Xuan's personality is a bit warmer, but regardless of their personalities, it's still easy to get along"

Ji Feng smiled and relieved her.

Qin Shujie was then slightly relieved as she patted her chest and said softly, "That's good that's good."

With this look on her face, Ji Feng looked dumbfounded and laughed.

Today's Qin Shujie was wearing a white down jacket, high-grade winter trousers underneath, and a pair of leather boots on her feet, especially, that long hair dyed a light chestnut colour, wavy curls resting on her shoulders, her body was full of charming and noble aura.

This woman, completely a ripe peach, no matter how she dressed, was so charming and attractive.

"What are you looking at!" Qin Shujie's pretty face reddened slightly as she was stared at by Ji Feng, and she was very uncomfortable. If it was just the two of them but standing outside of Ji Feng's villa, inside the villa was Ji Feng's girlfriend, Qin Shujie only felt a little less than energetic all over.

"Go in!"

Ji Feng chuckled and squeezed Qin Shujie's small hand, wanting to relieve her, but found that her palm was full of sweat, so it was obvious how nervous she was.

"Phew~~ Let's go!" Qin Shujie took a deep breath, "Come on, give a hand and take the stuff in!"

"What?" Ji Feng was stunned when he saw Qin Shujie open the car door and carry out a lot of things from the car in big bags, which all seemed to be gifts.

Ji Feng shook his head helplessly and smiled, but didn't say anything, he just picked up all the things in Qin Shujie's hand and then led her into the living room.

"Mum~~!"

Yao Yao's little girl knew that Qin Shujie was coming and had been standing at the door of the living room waiting for a long time, at this moment when she saw Qin Shujie come in, she immediately shouted happily and ran and pounced over.

Qin Shujie picked up Yoyo with one hand and kissed her on her little red face, causing Yoyo to giggle.

"Ahem"

Ji Feng cleared his throat and said in a fake manner, "So what, let me introduce to you guys"

Chapter 1573

"Giggle"

In the villa living room, a burst of laughter came out from time to time.

In the middle of this, there were also the silver bell-like voices of small children, which sounded really lively.

In fact, the living room was indeed lively, and if one walked in, one would find that in the living room on the ground floor of the villa, Xiao Yuxuan and Qin Shujie were talking at length.

Perhaps because they were both girls, it only took them a short while to get acquainted with each other.

In between, perhaps there was Qin Shujie's deliberate closeness, but there was also Xiao Yuxuan's fondness for Yao Yao.

In fact, what was more important was that these two had a lot in common.

Both Qin Shujie and Xiao Yuxuan have very good taste in many aspects, and in many aspects they are both quite sophisticated people, for example, in terms of food, they do not like the kind of big fish and meat or the rich life like mountains and sea food, they both have some small taste, such as like candlelight dinner, or wine tasting and so on.

Of course, the occasional trip to the lively and noisy food street is also a good choice for a change of mood.

They also have similar interests when it comes to clothing.

For example, both of them do not like to buy some luxury brands, the more advertised the brand, the more they will not go to buy, at most, when they are too busy, they will buy some slightly more expensive ones for the time being.

..... After all, you get what you pay for, and if they wear poor quality clothes, it's not only a disgrace to themselves, but also to the company.

But in fact, they still like to go shopping when they have nothing to do, to find some clothing of their own that is of the best quality and style to their liking.

So when it comes to taste in life, Xiao Yuxuan and Qin Shujie share a striking similarity.

And this, in turn, allowed them to get acquainted very quickly and even to have a good conversation.

Coupled with the fact that Yao Yao, the little girl, was bouncing around in the middle, creating some questions from time to time, it made the living room look incredibly lively.

Of course, even though Tong Lei didn't say much the whole time, just quietly listening to Xiao Yuxuan and Qin Shujie, Qin Shujie didn't mind at all, because before this Ji Feng had already given her a precautionary shot, telling her in advance that Tong Lei's nature was cold, but that people were very kind.

Perhaps because of the guilt in her heart or the ghost in her heart, Qin Shujie also showed considerable enthusiasm for Tong Lei.

With Qin Shujie's years of experience in the business world, it is really easy for her to get on well with someone. For example, right now, she is able to chat warmly with Xiao Yuxuan on one side, while on the

other side, she can still say a few words to Tong Lei from time to time, without making Tong Lei feel cold.

Not to mention how sociable Qin Shujie was, just this attitude of hers alone made Ji Feng very relieved.

That's good!

Ji Feng couldn't help but secretly wipe a cold sweat, before this, his heart was always hanging, afraid that after Tong Lei and Xiao Yuxuan saw what was going on, they would embarrass Qin Shujie on the spot.

Although he knew that Xiao Yuxuan and Tong Lei were definitely not of this character, and even if they were angry, they would definitely save face for Qin Shujie and would not do such a thing, but he could not help but feel nervous in Ji Feng's heart!

Ji Feng even felt that even if he were to go up against the dynasty single-handedly, he wouldn't be so nervous!

That feeling as if he was waiting for a verdict was just too bad.

Luckily!

Everything that Ji Feng was worried about in his heart didn't happen.

Looking at Xiao Yuxuan and Qin Shujie talking in detail, and Tong Lei listening next to them with a serene smile on her face, Ji Feng finally breathed a sigh of relief.

"Young Ji, dinner is ready." Soon, Little Shadow and White Spider came over to inform.

"You guys have worked hard." Ji Feng nodded, Xiao Yuxuan and Tong Lei were both chatting with Qin Shujie, so the task of cooking fell on Xiao Ying and the three of them.

Xiao Ying was however a little embarrassed: "No hard work no hard work, it's just that it might not be too tasty!"

Sweat!

Ji Feng harrumphed and said, "It's fine, everyone is not too picky."

Little shadow is also quite interesting, their job is but a guard, not a chef, to be able to cook is already good, as for this taste should not be so picky!

"You few just don't just talk, it's time to eat!" Ji Feng shouted.

"Wow!"

Yao Yao's little head nodded, and pulled Qin Shujie and Xiao Yuxuan, saying nervously, "Mom, sister Yuxuan, I'm hungry"

Then, Yao Yao ran Tong Lei again and plopped down on Tong Lei's lap at once, shouting, "Sister Lei Lei, let's go eat, I'm hungry!"

“Sure, let’s eat!” Tong Lei smiled sweetly and picked up Yao Yao in a flash, “Sister, Miss Qin, let’s talk while we eat.”

Naturally Qin Shujie readily agreed, Xiao Yuxuan was much more casual, her relationship with Tong Lei didn’t need so much courtesy, often she didn’t even need to say the word thank you, she was a member of her own family, there was no need to be so polite.

It was Qin Shujie who winked at Ji Feng as she followed him towards the restaurant.

The meaning was as if to say, “How about it, no trouble for you, right?”

“Hehe!”

Ji Feng laughed heatedly.

In his heart, however, he was feeling very emotional, this was good.

The scene in front of him was something Ji Feng had not expected in any way, so he was extraordinarily happy and relieved.

Even so, Ji Feng was thinking, how good it would be if it could go on like this forever?

It was a pity that this scene in front of him was only possible because Tong Lei and Xiao Yuxuan did not yet know about his relationship with Qin Shujie, if they did, even Ji Feng did not know what would happen, let alone what the consequences would be!

Alas!

He couldn’t help but let out a soft sigh, it wasn’t good to have more love debts.

The first thing you need to do is to get a good idea of what you’re getting into.

.....

Dinner was actually not much for everyone to eat, and several girls were very careful about what they ate, so soon dinner was over.

Being invited by Xiao Yuxuan and Tong Lei’s kindness, Qin Shujie finally nodded her head and agreed to stay overnight, and Yao Yao, the little girl, was even happier and cheered loudly, making a lot more laughter in this villa.

“Hoo~~!”

At night, after washing up, Tong Lei sat in a corner of the living room reading a book, while Xiao Yuxuan and Qin Shujie took Yao Yao in the living room chatting in a small voice and teasing her from time to time, a cozy scene.

Ji Feng, on the other hand, went to the backyard alone and casually sat on a stone under a tree, looking up at the dim sky with a faint smile on his face.

The bad weather could not affect Ji Feng’s mood, and he was indeed very happy.

Qin Shujie was able to chat so happily with Xiao Yuxuan, and Tong Lei was also very happy, which looked very gratifying to Ji Feng.

In particular, no matter if it was Qin Shujie, his own mother, or the two daughters, Tong Lei and Xiao Yuxuan, they all liked Yao Yao very much, and this little one had simply become the happy one in the family!

Ji Feng even wished that everyone could really be called a family and live together so happily, then he would definitely treat Yao Yao like his own daughter and would love her twice as much.

It was just a pity that this was just Ji Feng's extravagant hope.

He knew very well in his heart that Xiao Yuxuan did like Yao Yao very much, and Yao Yao was indeed very cute, making it difficult for people not to love her. But, in fact, what Xiao Yuxuan longed for the most was that she still liked the fact that she could have a child like this.

"Perhaps, it's time to have a child!" Ji Feng lit a cigarette and took a few puffs, exhaling a few smoke rings in the dark In fact, Ji Feng felt that it was still a bit too early to have a child, but, Xiao Yuxuan did like children, and, after thinking about what Tong Lei said, Ji Feng had an idea in his mind.

In fact, Ji Feng's greatest hope is to wait until he becomes a real super agent, so that his genes reach the best and top level, and then have a child.

In that case, the children born to either Tong Lei or Xiao Yuxuan would definitely be extremely good.

But now that I think about it, Ji Feng feels that this point is not that important anymore.

The children!

What do you need to be so good for?

If he had a child in the future, Ji Feng would want him to live a happy life, preferably as an ordinary person, even if he was bullied occasionally.

However, if he was like himself in the future and made enemies everywhere, that might not be the happiest.

"Hmm?"

Suddenly, a slight sound of footsteps came, and Ji Feng looked up, only to see a graceful figure approaching.

"Why are you out, not in the living room with Yao Yao?" Ji Feng asked with a smile.

"Yaoyao is playing with sister Yu Xuan, I see you are here alone, are you not happy?" The person who came was no other than Qin Shujie.

Before she arrived, a faint fragrance wafted over.

When Qin Shujie reached Ji Feng, she didn't even look at the stones to see if they were dirty, so she sat down next to Ji Feng and whispered, "Ji Feng, thanks."

"Hmm?"

Ji Feng was stunned, "Thanks for what?"

"Ever since Yao Yao was born, she's never been this happy, but today, she's going crazy playing." Qin Shujie said.

"What about you, are you happy?" Ji Feng asked.

"Of course I'm happy." Qin Shujie said softly as she leaned her head on Ji Feng's shoulder, "I really hope that we can live together like this forever."

"....." Ji Feng could only laugh awkwardly, this was a question that he really didn't know how to answer.

"You shouldn't think too much, I just said it casually." Qin Shujie seemed to sense Ji Feng's embarrassment as she softly said, "I won't cause you any trouble, as long as you can come and see me and Yao Yao once in a while, I'll be content."

"Shu-jie" Ji Feng was a little moved, but he was just about to speak when he heard a snap next to him.

It seemed that someone had stepped on a tree branch?

Chapter 1574

"Shujie" Ji Feng was a little moved, but he was just about to speak when he heard a snap next to him.

It seemed that someone had stepped on a tree branch?

Qin Shujie's heart suddenly jolted, as if electrocuted a moment sat up straight, pretending as if nothing had happened, gathered her hair, only, if this was in the daytime you could see, Qin Shujie's eyes flickered a little, obviously panic in her heart, that's why she covered up like this.

Sweat!

The first thing you need to do is to get a good idea of what you are doing.

The first thing that happened was that he felt like he was having an affair with Qin Shujie, but he could not help but feel aggrieved.

The company's main business is to provide a wide range of products and services to the public.

Ji Feng couldn't help but shake his head and smile, he thought who was there, but it turned out to be this girl, Xiao Ying.

It seemed that it should be Little Shadow who had inadvertently seen herself and Qin Shujie sitting here when she was checking the guard devices and making her rounds in the courtyard.

Although everything looked safe and unexceptional at home now, in reality, Ji Feng had never let his guard down. So every night he would take turns to patrol the house once with White Spider, Little Shadow and Han Zhen, even when it was pouring rain or even worse outside, he never stopped.

Because the more the weather is like this, the more negligent people are, and the more time there is for some shady hook-ups to take place.

And today, it looked like it would be Little Shadow who would be in charge of the patrol.

“Don’t worry, it’s Little Shadow.” Ji Feng whispered.

“Huh?”

Qin Shujie, however, panicked for a moment, “There’s really someone? Then, what should we do then?”

She didn’t know what kind of relationship Xiao Ying had with Ji Feng, anyway, she only knew one thing, just now she touched the scene and snuggled up to Ji Feng’s side, and she happened to be seen

If this let Tong Lei and Xiao Yuxuan know, today they will be embarrassed to death, how can I face them yo!

Not only that, if they knew, then they would definitely blame Ji Feng, and then it might be a family storm!

“Hmm? What’s wrong?” Ji Feng immediately sensed that something was wrong with Qin Shujie and couldn’t help but ask.

“Ji Feng, just now we were seen here, Miss Tong and the girls will definitely know about it too, what can we do?” Qin Shujie asked eagerly.

“Then what do you think should be done?” Ji Feng asked with a smile.

“This is really” Qin Shujie was a bit at a loss for words in her anxiety, finally, she clenched her silver teeth and said, “Since I really can’t hide, then I will go and tell them that I seduced you”

“Khan!”

Ji Feng burst into tears and laughter, but his heart was moved.

He shook his head, took Qin Shujie’s small hand and sighed lightly, “Don’t worry, Xiao Ying won’t say anything.”

“How come you won’t say anything?”

Qin Shujie said anxiously, “Ji Feng, even if Xiao Ying is very close to you, but there is always a time when people will say something, instead of letting them blame you again when the time comes, it would be better to”

“You can rest assured!” Ji Feng smiled and squeezed her small hand, laughing, “I know Xiao Ying’s character best, she definitely won’t say anything by omission.”

What kind of person was Little Shadow?

She was originally a guard of the Security Bureau, and her strength was naturally needless to say, but in reality, her strength was not her best skill, because as a guard, protecting the target was the first priority.

Therefore, what Little Shadow is best at is security, reconnaissance and escaping.

In these areas, Little Shadow has undergone special training.

Not only that, but Little Shadow was also trained to be extremely strict in terms of secrecy. Imagine what would happen if a guard was not strict in her mouth, often talking around and not keeping her mouth shut?

If this is the case, I'm afraid that no matter who she protects, anyone will be in danger, right?

So Ji Feng is extremely relieved about Xiao Ying, more importantly, Xiao Ying is not only because of the strict training she has received, but also, because he understands Xiao Ying's character, although this girl is very hot when it comes to making a move, she is actually very gentle and not very aggressive, such a character is actually more suitable for the job of a guard.

And this kind of personality likewise dictated that Little Shadow would definitely not talk too much.

"And ah, Little Shadow and I are very close, no matter what she saw tonight, she won't say much!" Ji Feng laughed, "Shu-jie, you don't need to be so nervous"

"Really?"

Qin Shujie asked hesitantly.

"Even if they know about it, it's fine!" Ji Feng said firmly, "No matter which one of you, I won't give up!"

"You" Qin Shujie sighed lightly, but her heart was sweet.

Even though Ji Feng was very blunt in telling her that he wouldn't give up on either of them, instead of sweet-talking her and coaxing her by saying that she was the one who cared the most or something like that, the more this happened, the happier Qin Shujie actually was.

Because from the very beginning Qin Shujie knew that her position in Ji Feng's heart was definitely not as good as Tong Lei's and Xiao Yuxuan's.

It might even be inferior to Ji Feng's other women – even though Qin Shujie did not know if Ji Feng had women outside, but with Ji Feng's excellence, it would not be surprising in the slightest if he had other women – but Qin Shujie was content that Ji Feng was not willing to lie to her when he said that.

If Ji Feng was really the kind of person who relied on flowery words to please girls, Qin Shujie really couldn't see it, even if Ji Feng was a son of the Ji family, Qin Shujie didn't care.

The two of them chatted for a while more before Qin Shujie said, "Ji Feng, I'll go in first, it's not good to be out for too long"

"Well, go ahead." Ji Feng smiled and nodded his head.

Qin Shujie didn't ask him if he was going in, and it was better for the two of them not to go back together, or else they would indeed be a bit solid.

The cold wind blew by and the fragrance around him gradually dissipated, Ji Feng couldn't help but sigh lightly, Qin Shujie was also a very smart woman, but would this be awkward if we all got to know each other well together in the future?

A light footstep sounded behind him, followed by a low voice, "Ji Shao, I just" I didn't mean to eavesdrop just now."

"I know, it's fine." Ji Feng laughed.

"Really?" Little Shadow asked, "Young Ji, you're not angry?"

"You're making the rounds, right?" Ji Feng asked.

"Mm!" Little Shadow nodded, "Now that the weather is getting colder, I'm worried that many of the guard devices will be frozen, so I'm checking them out!" Little Shadow nodded and said.

"Then why should I be angry?" Ji Feng laughed, "You're out on patrol for the safety of the house, do I have to be angry about that?"

"No, no, no!" Xiao Ying hurriedly waved her hand, "That's not what I'm talking about"

"Alright!"

Ji Feng said with a smile, "It's okay, hurry up and go back, it's quite cold outside!"

Xiao Ying saw that Ji Feng really wasn't angry, and only then did she put her heart down slightly, she thought about it and dropped a sentence, "Don't worry, Ji Shao, I won't say anything to anyone, no, I didn't see anything just now"

After saying that, Little Shadow turned around and left at a trot.

Ji Feng could not help but shake his head and lose his smile.

That night, Qin Shujie stayed at Ji Feng's house. Perhaps Qin Shujie also saw that Xiao Yuxuan especially loved Yaoyao, so she coaxed Yaoyao to go sleep with Xiao Yuxuan at night, resulting in the little girl jumping and dancing with joy.

She knew that when she was at home, Yao Yao often slept alone, and now she was happy to sleep with sister Yu Xuan.

This made Qin Shujie's eyes red, and she realised that she owed Yao Yao a lot because she was too busy with her work and didn't have a man at home.

But now it was good that there were others who loved Yoyo too.

Qin Shujie untraceably glanced at Ji Feng who was all smiles, and a sweet feeling flooded her heart.

Early the next morning, Qin Shujie received a call from the company staff, so she had no choice but to take Yao Yao away with her. When she was leaving, the little girl wailed and cried, grabbing Xiao Yuxuan's sleeves and just wouldn't let go, making Xiao Yuxuan's nose turn a little sour.

It was only when Xiao Yuxuan finally promised that she would pick her up when she was free to come over and play that the little girl followed her mother and left.

When Tong Lei saw this, she could only smile and comfort Xiao Yuxuan.

"Sister Yu Xuan, since this is the case, then why don't you have a child too!" With one sentence, Tong Lei made Xiao Yuxuan smile in embarrassment and also quickly shifted her emotions.

"You nee-san, if you want to have a baby, it's also your husband!" Xiao Yuxuan scolded with a laugh.

“.....” Tong Lei’s pretty face then turned red.

“Alright, stop it all, let’s go visit Han Zhong together.” Ji Feng was rounding up the situation, God knows what would come out if they were allowed to continue talking.

Taking Xiao Yuxuan and Tong Lei out, Ji Feng smiled and shook his head. Not only the three of them, but also the three guards of the White Spider, this was a bit of a big row.

But that was all that could be done, Xiao Yuxuan, as the boss of the Tengfei Group, definitely had to visit Han Zhong, so naturally, he couldn’t leave Tong Lei at home alone, so he simply went with the six of them.

On the way, Ji Feng gave Han Zhong a call and learned that this guy was in his newly bought house, so several people rushed over directly.

Han Zhong’s new purchase was a small two-bedroom house, and it was very remote, almost close to the border of Jiangnan Province. However, the air here was not bad.

When Ji Feng arrived, Han Zhong was still wearing a pair of pajamas and was still sleepy-eyed when he opened the door.

“Han Zhong, what’s going on? What kind of illness do you have?” As soon as he saw Han Zhong, Ji Feng was shocked, but he was not surprised by Han Zhong’s outfit, but rather that this guy’s physique was really too bad.

At this moment, Han Zhong’s originally spirited three-sevenths haircut had become a mess, as if some bird had built a nest on his head, and his face was even yellow, his eyes were dull and hazy, as if he hadn’t woken up.

His face was yellow and his eyes were dull and hazy, as if he hadn’t woken up. He even walked with a fluttering sensation, as if he had been very ill.

Chapter 1575

The appearance of Han Zhong was really a shock to Ji Feng, but he remembered clearly, two days ago they were still drinking and chatting together, at that time Han Zhong was red and glowing, can not say that the spirit is glowing, but at least in good condition.

But it had only been two or three days since they had seen each other, and Han Zhong had actually become ill in this state.

It would be understandable if Han Zhong had had some kind of accident, such as a car accident, or if he had suddenly suffered some huge blow, but now

“You guys are here, come in and sit down!” Han Zhong yawned and waved his hand, taking the lead and turning to the living room.

“I say you this”

Ji Feng couldn't help but be stunned, something was wrong, Han Zhong was acting really wrong, how did he look at this moment not at all energetic, being able to open his eyes all seemed to be using up all his strength ah!

"There are drinks in this fridge, and beer, you guys can get whatever you want to drink!" Han Zhong pointed to the fridge in the corner of the dining room, then he himself sat down on the sofa, shaking his head vigorously, "I can't greet you guys."

"I still don't dare to drink when you take the drinks!" Ji Feng shook his head helplessly, "Just have a good rest there, I'll just do it myself."

"Suit yourself!"

Han Zhong waved his hand helplessly and laughed bitterly, "I'm so limp that I'm afraid I can't even step on an ant anymore."

Ji Feng shook his head and let Xiao Yuxuan and Tong Lei sit down before he went to the dining room and opened the fridge to get some drinks.

When he came to the living room, Ji Feng casually opened a drink and handed it to Han Zhong, "Have some."

Looking at Han Zhong's appearance, his lips were dry and cracked, his face was waxy, and he looked as if he was dehydrated.

"Ji Feng, are you helping him?" Xiao Yuxuan gave Ji Feng a blank look and said, "You need to drink more boiled water when you're sick, how can you drink drinks Forget it, it's better for me to get it."

She Yao Yao head got up and went to the kitchen, this kind of caring thing, or a woman is the best at it.

Han Zhong has a good relationship with her and is even more of a brother to Ji Feng, it is only right that she help take care of it.

"I'll go too!" Tong Lei also stood up and followed Xiao Yuxuan to the kitchen.

Only Ji Feng and Han Zhong were left in the living room, as well as the three White Spider women.

Ji Feng gave the three of them a wink, and the three women immediately understood what Ji Feng meant, so they each turned their heads away.

Han Zhong shook his head and said, "There's no need to ask them to turn back, it's not like there's anything I can't say."

Ji Feng gave him a smiling look and asked meaningfully, "Really?"

Han Zhong's face reddened instantly, and his originally waxy face actually had a blush on it, and he looked so embarrassed that he couldn't help but scratch his head, subconsciously glancing at the three White Spider women and finding that they weren't paying attention to his side, he was only slightly relieved.

And then, Han Zhong looked at the direction of the kitchen again.

“Alright, just stop looking around and say what you have to say!” Ji Feng said helplessly. This guy was really something, his originally hard and healthy body had turned into this ghostly appearance, he looked as if someone had taken away his essence, his life was half gone, he actually had the energy to care about how others looked at him!

“It’s hard to say!” Han Zhong said with a bitter smile.

“Not to say, huh?”

Ji Feng’s face straightened, “Then fine, I won’t ask yet, but I can tell you, I won’t ask about this matter anymore, no matter what trouble you encounter, don’t look for me

“Say! I say it!” Han Zhong said with a bitter smile, “You kid really have no sympathy at all, I am in such a state, you don’t ask me how my body is first!”

“Your body doesn’t look sick to me!” Ji Feng hummed, “Tell me honestly, what is going on, did you hit an evil spirit?”

When he first entered the door and saw Han Zhong, Ji Feng was indeed startled by his appearance, but when he looked back carefully, Ji Feng was muttering in his heart again.

Han Zhong did not look like he was sick.

Ji Feng really didn’t know what kind of illness was so bizarre that it emptied a person’s essence in just two or three days, and even seemed to take away half of his life.

If it was a sudden illness, it would be fine, but the key problem was that Han Zhong was still sitting here, which meant that he was definitely not suffering from a sudden illness like heart disease or cerebral haemorrhage, and as for some chronic diseases, it was even more impossible to cause such a result.

This is why Ji Feng felt that Han Zhong’s illness was very strange!

The actual fact is that you can find out that Han Zhong is not sick, but rather like a hysterical outburst after which the essence of the body is lost.

Could it be that Han Zhong had really struck an evil spirit?

However, who knows, once he heard Ji Feng say this, Han Zhong’s eyes snapped open wide and looked at Ji Feng in astonishment.

“What for?” Ji Feng was stunned.

“Ji Feng, can you really tell that I’ve been struck by an evil spirit?” Han Zhong asked with wide eyes. Perhaps it was because he was too nervous, causing Han Zhong’s face to be slightly distorted, and fear was even written in his eyes.

“What do you mean?” Ji Feng sensed that something was wrong.

“Ji Feng, you” Han Zhong was just about to speak when he saw Xiao Yuxuan and Tong Lei walking out from the kitchen, and he immediately shut up and didn’t say anything.

Ji Feng's eyebrows immediately wrinkled, Han Zhong not only his face and body were not right, even his speech and mannerisms and demeanor were all wrong, Han Zhong seemed to be very scared!

"It looks like there's something wrong here, huh?" Ji Feng said secretly.

"Han Zhong, drink some hot water." Tong Lei handed Han Zhong a cup of hot water.

Han Zhong immediately felt flattered, the always cold Tong Lei had never been so pleasant to anyone.

He hurriedly got up to take it, but perhaps his body was too weak, so he stood up and swayed a few times, then sat back down again.

"Don't you get up." Tong Lei laughed lightly.

Sweat!

Han Zhong sweated and laughed embarrassedly, "Today, I made a fool of myself in front of my sister-in-law, I didn't compete!"

Tong Lei pursed her lips and laughed lightly, placing the cup on the coffee table in front of Han Zhong before sitting down.

Since Xiao Yuxuan and Tong Lei were here, Han Zhong was naturally embarrassed to talk about his condition, and seeing his vague tone, people didn't ask too many questions.

After sitting in Han Zhong's house for about half an hour, they saw that Han Zhong was yawning and in poor spirits, so they didn't stay any longer and offered to say goodbye.

"You guys go down first, I'll wait for the next lift!" Han Zhong sent Ji Feng and the others to the door, but Ji Feng told Tong Lei and the girls to go down first.

"Okay then, we'll wait for you in the car!"

They then knew that Ji Feng and Han Zhong probably had something to say.

Only after Tong Lei and the girls went down in the lift did Ji Feng turn his head and ask, "Han Zhong, what's going on?"

"It's better to come in and talk!" Han Zhong pulled Ji Feng into the living room.

"What's going on, and mysteriously" Ji Feng said with amusement, "You kid can't really be possessed, right?"

"Ji Feng, maybe you're right, I might really be possessed!" Just after arriving in the living room, Han Zhong said with a gloomy face.

"..... what?"

Ji Feng didn't react for a moment, "Han Zhong, when I said you were possessed, it was just a joke!"

"No, Ji Feng, I'm serious with you." Han Zhong waved his hand vigorously and said very seriously, "Ji Feng, I really feel like I've been possessed"

"Are you crazy?" Ji Feng looked at Han Zhong in amazement.

"I want to be crazy too, but the key is I'm not crazy, I'm just possessed!" Han Zhong helplessly sat on the sofa, casually picked up a cigarette from the coffee table and handed one to Ji Feng, then lit it himself and took two strong puffs, choking and coughing a few times.

"What the hell is going on here?" Ji Feng felt that Han Zhong didn't look like he was joking and couldn't help but ask.

"Ji Feng, I can't actually say what's going on put it this way, remember when we were drinking together three days ago?" Han Zhong asked.

Ji Feng nodded: "Remember, what's wrong?"

Han Zhong immediately said, "It was that day after drinking, I felt a little dizzy, so I planned to walk alone, blow the cold wind, and then take a taxi after I sobered up As a result, I was walking, as if the wine was getting to me, I felt dizzy, and then, I hazily seemed to feel that I ran into a beautiful woman"

The first time I saw a woman, I was stunned, I ran into a beautiful woman after drinking?

"It can't be that you ran into a street girl, right?" Ji Feng asked.

Han Zhong: "....."

Ji Feng waved his hand and laughed: "You say, you go on!"

Saying that, Ji Feng also lit his cigarette, ready to slowly listen to Han Zhong continue.

Han Zhong said, "Actually, I'm not sure if I met a beautiful woman that day, it was just hazy and then I don't know if it was a feverish mind or what, anyway, it was like I had a dream"

"A spring dream?" Ji Feng asked with a smile.

"Can it not be so blunt?" Han Zhong smiled sarcastically.

"Go on and say it!" Ji Feng said with a forced laugh.

"That night, I did have a spring dream, and it was very special"

According to Han Zhong's account, Ji Feng roughly understood what had happened to Han Zhong.

It turned out that that night Han Zhong, in a daze, only felt that he met a beautiful woman, then he had an aphrodisiac dream, in the dream, it seemed that Han Zhong just pressed that woman underneath him, galloping around with unparalleled bravery, it was almost as if he had eaten ant vigor pills, messing with that woman panting, it could be said that he was spirited

"..... Shit!"

Ji Feng could not help but laugh oddly and burst out a foul mouth, immediately, he asked: "Then what then? What does this have to do with being evil?"

Chapter 1576

Ji Feng could really feel funny and odd at the same time.

Han Zhong actually fussed about telling him that he was possessed by an evil spirit, which made Ji Feng laugh and cry, after all, it was a bit too ridiculous.

What demons and devils and such, Ji Feng had never believed in.

So when Han Zhong said that he was really possessed, Ji Feng just thought that this kid was talking nonsense, especially when Han Zhong actually said that he met a beautiful woman that night, and the two of them had a fierce tumble Ji Feng thought that this kid must have met a street warbler or some street girls after he got drunk that day, which made him have an illusion, right?

“You go on!” Ji Feng said as he forced a smile.

Even if he had met a street girl, he wouldn’t have gotten into this state, right?

This is too outrageous!

“Ji Feng, don’t disbelieve me, I really think I’m possessed!” Looking at Ji Feng’s derisive look, Han Zhong couldn’t help but say seriously, “Let me tell you, that morning, I woke up in a hotel, at that time I also thought I was dreaming, think about it, how could it be that good, I was drunk and met a stunning beauty by chance ”

“It’s not impossible, once a person’s luck comes, it’s really unstoppable!” Ji Feng laughed.

“But I asked the hotel attendant and learned that I just went to the hotel alone that night, without anyone accompanying me, nor did any strangers enter my room because when I woke up in the morning, I found that the hotel room door was unlocked from the inside!” Han Zhong said, “The room card was in my room, how could anyone else have gotten in?”

“That’s the dream!” Ji Feng said.

“It would be good if it really was a dream!” Han Zhong shook his head helplessly and said, “Let me ask you, if it was a dream, then how did I become this way?”

Yes!

If it was just a spring dream, how did Han Zhong get into this state?

Ji Feng was also a bit puzzled.

At their age, they were at the stage where their blood and vitality were at its peak, and it was normal for them to have spring dreams if they didn’t come into contact with women for a long time. However, how could it be that they lost half of their lives because of a spring dream?

This was indeed somewhat unexplainable, at least, Ji Feng couldn’t think of anything that could make Han Zhong go from a refreshed young man to such a frail state in just two or three days’ time.

“After I woke up that morning, I felt dizzy and felt no strength at all, and I felt that something was not quite right.” Han Zhong said, “So I wondered if this was some kind of trick played by someone in the hotel, so I asked to see the hotel’s CCTV footage.”

“What was the result?” Ji Feng asked.

“No results!” Han Zhong shook his head helplessly with both hands, “I forced myself to endure my dizziness and nausea, and watched the CCTV footage of the floor where the room I was staying on carefully from start to finish, but I didn’t find anything strange, no one had entered that room of mine, and no one had come out except for me!”

“Oh?”

This time, Ji Feng was moved, he looked at Han Zhong in surprise, “In that case, you were really dreaming that night?”

“What do you think?”

Han Zhong stared straight at him, “A spring dream turned me into this, do you think I was possessed?”

“It seems to be right?” Ji Feng was also very unsure and somewhat half-hearted.

To say that he was possessed by an evil spirit, Ji Feng had never believed it.

However, this look on Han Zhong’s face now was unexplainable, and it would be logical to understand it as being possessed by an evil spirit!

“Ah hoo~~!”

Han Zhong yawned again, just now he was all in strong spirits, but now he was a bit unsupportive.

“No!”

Ji Feng’s heart snapped, seeming to think of something, and he frowned, “Han Zhong, something is very wrong with you!”

Han Zhong’s eyelids could barely open, he nodded casually and said, “Of course it’s not right, Ji Feng, let’s go here first, I can’t, I’m going to take a nap.”

“You take it easy for now!” Ji Feng slapped Han Zhong on the back of his heart.

“Ah!”

Han Zhong’s eyes suddenly opened wide and he shrieked. His entire body stood up in a flash as if he had been electrocuted.

“Ji Feng, why is your hand as if it is electrically charged?” Han Zhong looked at Ji Feng in astonishment.

“Better spirit?” Ji Feng asked with a smile.

“Ee? You don’t say, it’s really better, huh?” Han Zhong looked around and moved his body a few more times, “Ji Feng, what’s going on, why am I suddenly much more refreshed?”

Ji Feng’s face, however, did not have much of a surprised look on it, quite the opposite, his brow furrowed instead.

“Han Zhong, if I’m not wrong, you’re definitely not suffering from an evil spell!” Ji Feng said.

“Then what is it?” Han Zhong was startled, “Ji Feng, did you see something? What the hell is going on here?”

“I don’t know exactly what’s going on yet, however, one thing is certain.” Ji Feng said in a deep voice, “Han Zhong, pack up, let’s go to the hospital!”

“To the hospital?”

Han Zhong was stunned, “What’s the point of going to the hospital?”

“We’ll find out when we go!” Ji Feng said, “Hurry up, while you’re in better spirits, grab the time to change your clothes, this spirit of yours will only last for an hour or two at most, after that you’ll be even weaker, so grab the time.”

“Good! Wait for me!” Seeing Ji Feng speak so deeply, Han Zhong didn’t ask more questions, he immediately took out his determination as an old boss, turned around and went to the bedroom to change his clothes.

At this moment, Ji Feng, on the other hand, was tightly frowning, and a chill flashed in his eyes.

Han Zhong was definitely not possessed!

Ji Feng suddenly remembered just now that when he was receiving special training in the training space of his intelligent brain, there was once a training, which was about drugs.

If he was caught by mistake while on a mission, the other side would definitely use all kinds of interrogation methods, of which, using drugs for interrogation was definitely not an uncommon thing.

In Ji Feng’s memory, there were dozens of drugs that could make people’s brains produce all kinds of hallucinations, and when they came to their senses, the side effects would gradually show up.

Some, on the other hand, can make a person weak and drained

Although this is on Earth and not in the Gamma system where the intelligent brain was originally located, according to Ji Feng’s understanding, it seems that this same means of interrogation with drugs is also available in the military.

Ji Feng had once heard Xiang Yongzhan mention that in Rice, in which country, which boasted itself as an advocate of human rights, there were countless kinds of interrogation methods, each of which was terrifying.

For example, throwing a person into water and only giving him a slim habit to hold in his mouth to breathe such cold and cruel means, was invented by the Rice people, so it can be seen what kind of face this country that upholds human rights really has!

And among other things, using drugs for interrogation has long been a rare tactic in Rice

Once he thought of this, Ji Feng couldn’t help but feel in his heart that Han Zhong’s appearance at this moment was really similar to those who had gone through drug interrogation!

So Ji Feng immediately guessed that Han Zhong was not heavy, but was most likely drugged!

And sure enough!

Ji Feng used bio-current to stimulate Han Zhong for a while, and as a result, the latter was immediately refreshed, which meant that the reason he was originally so weak and depressed was only because something was wrong with his body, not because he was possessed by an evil spirit!

Soon after, Han Zhong changed his clothes and walked out quickly.

Ji Feng and the two of them came downstairs, and he said to Tong Lei, "Lei Lei, I'm going to take Han Zhong to the hospital, you guys go back first, just let White Spider follow me."

"Only the two of you, isn't there too little manpower?" Tong Lei asked, "Why don't we go with you too?"

"No need!"

Ji Feng waved his hand and said, "I'm just taking Han Zhong to the hospital for a check-up, two people are completely enough."

Only then did Tong Lei give up, just urging Ji Feng to call her immediately if there was anything.

Since the bio-current was also very limited, Ji Feng didn't delay any longer and drove away with White Spider and Han Zhong.

"Ji Feng, you suspect that I've been drugged?" On the way, Ji Feng told Han Zhong about his suspicions, resulting in Han Zhong being shocked, "That's not right, I went to the hospital before and the doctor just said I might have a cold or overworked myself."

"Then did the doctor cure it with you?" Ji Feng asked.

"..... No!" Han Zhong smiled bitterly.

"Then that's it, it's not a hassle to go and check again." Ji Feng said, "White spider, drive faster."

"Yes!" The white spider nodded.

Han Zhong asked again, "By the way, which hospital are we going to here?"

"Not going to the hospital!" Ji Feng waved his hand, "We're going to the Jiangzhou Military Region's compound."

A test like this may not be given in the hospital, and even if the hospital had this test item, it may not be able to check it out. Therefore, Ji Feng then decided to go directly to the Special Combat Brigade's compound, for things like this, it was more convenient to find Xiang Yongzhan.

.....

"Ji Feng, what's going on?"

When he arrived at the Special Operations Brigade's compound, Xiang Yongzhan was already at the door to greet him, "Just now you said on the phone that someone had been drugged? Who?"

Ji Feng pointed at Han Zhong next to him and said, "You should have seen him before, right? Don't talk too much nonsense, hurry up and give him a check-up!"

“Then let’s do a blood test first! Just listen to the doctor for the rest of the tests!” Xiang Yongzhan waved his hand, and at once a few soldiers took Han Zhong to a jeep, while Xiang Yongzhan and Ji Feng got into another jeep.

“Ji Feng, since the situation is urgent, let’s go straight to the military medical clinic.” Xiang Yongzhan said.

“The infirmary?” Ji Feng frowned.

“Oh!”

Xiang Yongzhan smiled and said, “Don’t be confused by the name, I guarantee that the medical clinic in our military district is definitely more well-equipped than any of the garrison hospitals outside, and the experts are also more highly skilled!”

Ji Feng then understood that this medical clinic should be the special hospital for cadres in the military district.

This is just like a local guest house, for example, the guest house of a certain city government, which is specially to entertain the officials, and the environment inside is probably better than a star hotel, but just hearing the name, I’m afraid you will only think of this guest house as an ordinary small hotel, but do not know that there is something else inside!

Chapter 1577

Han Zhong was taken to the infirmary at the Special Combat Brigade’s premises for a blood test.

Ji Feng and Xiang Yongzhan, on the other hand, went to the latter’s office to wait for the results. While waiting, Xiang Yongzhan suddenly asked, “Ji Feng, this friend of yours doesn’t look like there’s anything wrong with him, you kid wouldn’t come here specifically to amuse me, would you?”

“Do I look like such a boring person?” Ji Feng glanced at him.

“Then how come he looks more spry than those brats in our military district?” Xiang Yongzhan asked.

“Let’s not talk about this nonsense, let me ask you, are there any results from the interrogation of Qin Feiyu and Yan Hong?” Ji Feng asked.

Xiang Yongzhan shook his head and said, “There’s no useful information yet, I think ah, those two really don’t have any goods in their stomachs, I think you should change your thinking and see if you can find evidence from other aspects.”

“There’s no other useful information?” Ji Feng asked, frowning.

“So far, other than the results after the interrogation we had together that day, everything else is pretty much the same.” Xiang Yongzhan said.

“Has Yan Hong spoken?” Ji Feng asked.

“Opened up, and what she said and what Qin Feiyu said can basically be the same.” Xiang Yongzhan said, “I sent people to interrogate them repeatedly, especially for the duo’s confessions, and compared them rigorously, but the results didn’t yield much.”

What result Ji Feng wanted, Xiang Yongzhan couldn't be clearer, he wanted direct evidence that the Zheng family's people had hired Qin Feiyu and Yan Hong, so as to really hold the Zheng family's sore feet.

However, Xiang Yongzhan felt that there was not much hope of getting tangible evidence on Qin Feiyu and Yan Hong.

After the interrogation in the past few days, Xiang Yongzhan found out that Qin Feiyu and Yan Hong had already told him everything they knew, and Xiang Yongzhan was more than satisfied with the results of the interrogation.

Xiang Yongzhan believed that under their interrogation methods, even a special soldier would find it hard to hold out, so it was even more impossible for Qin Feiyu and Yan Hong to hold out.

Therefore, Xiang Yongzhan believed that what Qin Feiyu and Yan Hong had said should be true.

"It looks like it's time to look for evidence from other sources." Ji Feng mused, in reality, he was not quite sure whether Qin Feiyu and Yan Hong had tangible evidence or not, it was only from Yan Hong's attitude towards him that made him suspicious.

However, since Xiang Yongzhan had sent his men after repeated interrogations without getting any useful results, then it was estimated that they really had nothing to account for.

"Ji Feng, otherwise, let's do this, let's interrogate them again." Xiang Yongzhan deliberated and said, "Before, because you asked for it, so no torture was used, this time"

"There's no need for torture!" Ji Feng waved his hand and said with a smile, "Since we have already said that we won't use torture, then we will never need to. Well, I see it this way, you also continue to send people to interrogate, repeatedly, as long as the two of them have the slightest inconsistency in their statements, pursue them exhaustively. When I'm done here, I'll come over and interrogate them once more myself!"

"If I still don't have any results after the interrogation" Ji Feng shook his head and said, "Old Xiang, maybe you'll need to help with the aftermath!"

The first thing you need to do is to get the best out of it. The two people you sent to me have never gone through the formalities, so if you do anything out of the ordinary, it's not a good idea."

The so-called aftercare matters Xiang Yongzhan how can not understand?

After the interrogation of those two guys is over, those two people will be useless, and at this time, it is time to consider what to do with them.

This is not a good job!

Ji Feng laughed: "Don't worry, I definitely won't make it difficult for you."

It was good enough that Xiang Yongzhan could help up to this point, and Ji Feng naturally understood that he had sent Qin Feiyu and Yan Hong here so that Xiang Yongzhan could send someone to interrogate them, and that Xiang Yongzhan had to take the risk!

“Yan Hong

Ji Feng secretly deliberated, he always felt that there should be something more to dig in this Yan Hong’s body, because Yan Hong’s attitude towards him, very hateful, especially when Yan Hong saw him, that kind of look, it felt as if he had seen an unholy enemy seemingly, which was really strange.

According to common sense, Ji Feng felt that this Yan Hong should have met himself before, or even, she had some serious beef with him!

It was time to interrogate!

Ji Feng made up his mind, since Xiang Yongzhan’s people could no longer get any useful information out of them, Ji Feng would personally conduct the interrogation.

“Right, Old Xiang, when you interrogate Yan Hong, you can also make use of the two of them.” Ji Feng said, “Judging from Qin Feiyu’s attitude towards Yan Hong, the two of them must have a very close relationship, and since Qin Feiyu doesn’t want Yan Hong to suffer, then Yan Hong must not be able to bear to see Qin Feiyu suffer, right?”

“It’s all been tried!” Xiang Yongzhan said, “Apart from torture, as long as it’s any means you can think of, I’ve tried them all.”

“Yan Hong didn’t buy it?” Ji Feng asked.

“More than just not buying it, she saw through the glass that Qin Feiyu was tied to an iron frame and was about to sink into the water, she just cursed a couple of times and then didn’t say a word.” Xiang Yongzhan stretched his hands, “I see, the two of them may not really be that close, it could very well be that the boy has a love for the girl and the girl doesn’t!”

“They are partners!” Ji Feng said in a deep voice.

“So what if they’re partners? At this time, she’s still bothering about Qin Feiyu’s death?” Xiang Yongzhan sneered, “I reckon that if Yan Hong really still knows something, then she definitely won’t say it easily, especially, she definitely won’t give an honest account just because Qin Feiyu is suffering!”

Ji Feng nodded, he understood Xiang Yongzhan’s meaning.

Since Yan Hong hadn’t given an account, it proved that in her eyes, Qin Feiyu wasn’t that important!

In that case, Yan Hong would be even less likely to give an account.

In fact, even if Qin Feiyu was considered an important person to Yan Hong, then Yan Hong would still try not to reveal the flaw.

In fact, this would have been done by anyone else, because once they let Xiang Yongzhan and the others see that Yan Hong was throwing in the towel because of Qin Feiyu, then needless to say, Yan Hong would definitely be led by the nose next.

Therefore, Ji Feng could also understand Yan Hong’s insistence and stubbornness. Moreover, it was also with this in mind that he thought Yan Hong should still have things to explain.

“Good!”

Ji Feng shook his head and smiled, "Since she's so stubborn, then I'll have no choice but to do it myself!"

Originally, he hadn't planned to use torture, let alone neurotoxin, but now it seemed that this Yan Hong was really too stubborn, so it would be necessary to interrogate her in a different way.

Once he had finished his other chores, Ji Feng decided to come and interrogate Yan Hong himself. If she dared to be stubborn again, then Ji Feng wouldn't mind using some tactics!

Time passed quickly, and in a flash, it was lunch time.

Han Zhong had returned from the infirmary, but the results of the examination had not yet come out for the time being, the test needed a process and time.

Therefore, Xiang Yongzhan planned to take Ji Feng and Han Zhong to the troop's canteen for a small stove, but as a result, Han Zhong could not hold it up, after the time period of being stimulated by the bio-current, Han Zhong's body became so weak that even when he walked his body was trembling and his legs were shaking.

There was no choice but to let Han Zhong stay in Xiang Yongzhan's office to rest first.

And at this time, when Xiang Yongzhan saw this scene, he also understood why Ji Feng had to bring Han Zhong to the military district for a checkup. A young man who was alive and kicking had actually turned into this state.

Of course, why Han Zhong had behaved like a normal person before, Xiang Yongzhan also understood, it should be because Han Zhong had taken special effects current!

"Ji Feng, what's wrong with this friend of yours?" On the way to the canteen, Xiang Yongzhan couldn't help but ask.

Han Zhong's odd situation had made Xiang Yongzhan curious as well.

"He ran into a female ghost!" Ji Feng said.

"....."

"Let's put it this way, he got drunk and then felt like he met a beautiful woman" Ji Feng briefly told Han Zhong's encounter, but of course, Ji Feng only brought up one sentence about Han Zhong's overlapping with that mysterious beautiful woman he met.

"Then he suspected that he was possessed by an evil spirit!"

"Struck by evil?"

Xiang Yongzhan was stunned, and then he laughed, "He was drugged, right?"

"Right on the money!" Ji Feng was deeply impressed, "You think so too? Looks like my guess was right!"

"No wonder you brought him over for a check-up!" Xiang Yongzhan mulled over the taste, he smiled, "Don't worry, if your friend was really drugged, then it will definitely be checked out, we'll just take our time and wait for the results."

Ji Feng nodded: "That's the only way to go."

.....

The time came to 2pm when Xiang Yongzhan received a call from the medical office.

“Ji Feng, the examination results are out.” Putting down the phone, Xiang Yongzhan said.

“Go! Go and take a look!” Ji Feng immediately got up.

When the two of them rushed to the office of a specialist in the infirmary, they were immediately told that Han Zhong’s test report showed that there was indeed something wrong with his body.

“What exactly is going on, please also tell us in more detail!” Ji Feng politely handed over a packet of cigarettes, the words ‘Special Offer’ on that packet were so obvious that an enthusiastic smile immediately appeared on that expert’s face.

“It’s like this, according to the test report, the patient’s blood contains a very unique ingredient” The expert gave a general overview of the situation and said a very strange name that sounded like some kind of chemical ingredient

“Isn’t this the main ingredient of the red spider?” Xiang Yongzheng was stunned.

“Red Spider?” Ji Feng was a little puzzled.

“It’s a high-intensity potent aphrodisiac`”

Chapter 1578

“A potent aphrodisiac?”

“That’s right!”

Xiang Yongzhan nodded and said, “As long as there are no mistakes in this test report, then it is basically certain that this should be the potent aphrodisiac Red Spider.”

“How are you so sure?” Ji Feng asked.

“I have been exposed to this drug before you don’t have to look at me like that, what I mean by exposed is not that I have taken it, but that I have learned information about it!” Seeing Ji Feng looking at himself very oddly, Xiang Yongzhan instantly glared up.

Did a man as strong as him still need to take drugs?

This was an insult to him!

Ji Feng then nodded, as the captain of the Special Combat Brigade, Xiang Yongzhan had to have a wide range of knowledge, he knew that Red Spider was a potent aphrodisiac, which wasn’t a very unusual thing.

“Captain Xiang is right, this red spider, is a potent aphrodisiac.” That expert nodded and said.

Rather, it was this test report that Ji Feng was more or less incredulous.

“The test report is definitely not wrong!” The expert next to him immediately said.

Ji Feng nodded slightly, of course he knew that although the test report was also made by people, even if it was a computer test, there would definitely be times when mistakes were made, but this kind of blood test, the probability of making mistakes was really too small.

What's more, with Xiang Yongzhan here, these experts will naturally be a bit more serious.

So now it was basically certain that there was no problem with the test report, and Ji Feng was just incredulous about it, but not unconvinced.

"This red spider you guys are talking about is just an aphrodisiac, even if it's potent, that's not so terrible!" Ji Feng frowned, "You guys also saw Han Zhong's appearance, that's not like being hit by any aphrodisiac, it's like eating poison!"

This is where Ji Feng was confused, because according to common sense, after taking this kind of drug, a person would indeed experience symptoms of excitement, but after the excitement, he would only be slightly weak at most.

But Han Zhong's weakness was a bit severe, it wasn't weakness, it was just half a life taken away!

"That's right, as you said, the effect of a drug like Red Spider, if it was just taken alone, although the effect would be strong, the reaction wouldn't be so strong!"

That expert nodded and explained to Ji Feng, "However, if the red spider is taken along with other drugs, the two drugs interacting with each other will produce an extremely strong reaction in the human body, even causing the person's consciousness to blur, suffocation, shock, and in serious cases, death!"

"Which drug will produce a strong reaction when the red spider is mixed with it?" Ji Feng immediately asked.

"That's a lot of kinds!" That expert said.

"What about alcohol?" Ji Feng asked in a deep voice.

"The same will have a strong reaction!" That expert immediately nodded his head and said.

"No wonder."

Xiang Yongzhan suddenly realized, "I just said it, why do so many people like to take these drugs after drinking alcohol, so this has an effect-boosting effect!"

"That's no wonder!" Ji Feng hummed with a sullen face, and a moment later, he asked, "Apart from the red spider, were there any other drugs detected?"

"That's not true!" That expert shook his head and said, "But"

"But what?" Ji Feng immediately asked.

"According to you, it's possible that the patient took the drug three days ago, but from this test report, even now, the drug level in the patient's blood is very high" This expert couldn't help but stammer, "It's really I can't imagine how many drugs this patient took three days ago! That's really desperate!"

Obviously, this expert most likely didn't know that Han Zhong didn't take the drugs voluntarily, in his opinion, it was probably just Xiang Yongzhan's friend who took too much drugs and ended up having an accident, that's why the person was now sent to the army's medical clinic for treatment.

These youngsters nowadays!

The expert shook his head, these youngsters really don't even want to live for the sake of a momentary pleasure, to take so much Red Spider!

"This expert, if we just look at the data from this test report now, would you give an analysis of how many red spiders that friend of mine has taken?" Ji Feng asked again.

"I can't say the exact amount because everyone's physique is different and their body's ability to purify itself is also different, right now it's already been three days, so there's no way to speculate, unless we conduct another detailed test and experiment!"

The expert said, "However, judging from the data on the test report, according to the physique of an ordinary person, the medicine your friend took at that time would have made even an elephant too weak to stand up! If I may say so, your friend is still alive and kicking, which is definitely a very outstanding physique!"

When Ji Feng heard this, his face suddenly turned cold, and immediately, he became furious.

Sure enough!

Han Zhong had been drugged, and the other party didn't care about Han Zhong's body at all, didn't care what would happen to him after taking so many red spiders!

Although this expert didn't know much about the details, but Ji Feng knew that the reason why Han Zhong seemed to be alive and kicking like nothing happened before was because Ji Feng had stimulated him with bio-current, which had nothing to do with Han Zhong's physique!

Ji Feng believed that if this expert had seen Han Zhong's condition before he came to the barracks, he would not have said that again!

Even now, Han Zhong is still lying in Xiang Yongzhan's office, I'm afraid he doesn't even have the strength to stand up, he's not an outstanding physique!

But the person who drugged Han Zhong didn't know if he had an outstanding physique, I'm afraid that in the other party's eyes, Han Zhong was just an ordinary person, but even so, the other party still drugged him in such a large dose, this is simply wanting Han Zhong's life!

"Humph!"

Ji Feng couldn't help but snort coldly, anger rising in his heart, yet he regretted it.

He really shouldn't have let Han Zhong go back alone that night, he should have sent him off anyhow, or at least, he should have arranged a hotel nearby and opened a room In that case, maybe Han Zhong wouldn't have met any mysterious beauty, much less been drugged.

Now we can only say that we are thankful that although we were given such a large dose of medicine, but fortunately Han Zhong was only weak for a few days and his life was not in danger.

If Han Zhong really had something happen to him because of this matter

Ji Feng didn't even dare to think about it.

At the same time, a strong anger rose up in his heart, that person who drugged Han Zhong, damn him!

"Other than that, is there any other information?" Although Ji Feng was shaken with anger in his heart, he didn't show half of it, he just asked calmly.

"There's also about the properties of the drug Red Spider." That expert said.

"Oh?" Ji Feng immediately asked, "Isn't this a potent aphrodisiac, what other properties are there?"

"Of course there are! Any drug has its characteristics!"

That expert said, "This red spider also has a characteristic, once poisoned, usually have to be detoxified by injecting drugs that can neutralize it, or through body fluids, and then combined with the characteristics of aphrodisiacs, we will also be able to learn that, but all poisoned people, usually the brain will be full of desire, at this time he can not afford to think about going to the hospital to detoxify, then, there is only one way left"

Exactly what the pathway was, that expert did not go on, but Ji Feng did understand.

Other than through a hearty vent, what other method could there be for body fluids to detoxify?

"Then how is my friend's condition now? Does he still need detoxification now?" Ji Feng immediately asked.

"Of course he needs it!"

That expert nodded and said, "This drug is strongly toxic, according to the test report, the patient took too large a dose of the drug, there is still a part of the drug remaining in his body, normally, this residual drug, is also a factor that causes the poisoned person to be extremely weak, but this patient is obviously a special case, he is still alive and kicking"

Where is Han Zhong alive and kicking!

Ji Feng shook his head with a bitter smile and said, "Expert, then please arrange for you to interpret my friend!"

"That's somewhat not quite in line with the rules, after all, the patient is not from the army"

"When the time comes, if anyone inquires, let them go to me!" Xiang Yongzhan said immediately.

"Alright then!"

Since there was a guarantee from Xiang Yongzhan, this expert would naturally not be the villain.

Xiang Yongzhan then sent someone to send Han Zhong over, and that expert was shocked when he saw Han Zhong's appearance. This kid was still alive and kicking just now, why was he so weak now?

Soon, Han Zhong was arranged to be detoxified, while Ji Feng and Xiang Yongzhan waited outside the infirmary.

“Assassinated?” Xiang Yongzhan asked.

“Obviously, it can’t be that he’s too old for his own life!” Ji Feng snorted coldly, he believed that Han Zhong had definitely been drugged by someone, to say that he had taken the drug himself was absolutely impossible.

No matter what, Han Zhong was only in his twenties and was in his strongest years, so he might not be able to do it seven times a night, but under normal circumstances, he definitely did not need drugs to support his manhood.

He must have been drugged!

“So what are you going to do?” Xiang Yongzhan asked.

“Investigate!”

Ji Feng’s words were loud and resolute, “No matter who did it, I must find out!”

To lay hands on Han Zhong, this was equally intolerable to Ji Feng!

Han Zhong was the top pillar of the Tengfei Group, and at the same time, he was also Ji Feng’s friend, so no matter which point he looked at, Ji Feng would never tolerate such a thing.

“I can instead provide you with a clue!” Xiang Yongzhan said.

“What kind of clue?” Ji Feng asked at once.

Chapter 1579

“I can give you a clue instead!” Xiang Yongzhan said.

“What kind of clue?” Ji Feng asked at once.

“There’s one thing I want to clarify first, this clue I’m providing is just for you to consider following this line of investigation if you really can’t find out who’s behind the blackmailing of Han Zhong.” Xiang Yongzhan said, “When you first start investigating, you’d better start with something else first, because this clue I’ve provided is a bit troublesome to investigate.”

“You said!” Ji Feng nodded, he didn’t ask why, Xiang Yongzhan must have his reasons for saying so.

“The clue is where the Red Spider came from!” Xiang Yongzhan casually threw a cigarette to Ji Feng, and the two of them lit it before he continued, “If you mention aphrodisiacs, the first thing that comes to mind for many people is Viagra, and then stronger ones, and some other drugs, while this red spider, in the country is not very common!”

“If I hadn’t come into contact with it when I was on a mission, I’m afraid I wouldn’t know anything about it!” Xiang Yongzhan laughed, “Who would have nothing to do with researching that stuff!”

“That’s true!” Ji Feng laughed and nodded his head.

“This drug, Red Spider, although it’s also sold in China, but it’s basically fake in general pharmacies or inside those adult shops, because as far as I know, there’s no approval to introduce this drug in China yet.” Xiang Yongzhan said, “However, I have heard that in a certain few cities along the southeast coast, there are people who specialise in this aspect of the business!”

“Smuggling?” Ji Feng asked.

Xiang Yongzhan nodded as a response to Ji Feng’s question, after all, when it came to things like smuggling, it wasn’t too good for him to go into detail.

“Usually for things like this, the sales channels are not very fixed, but it’s still easy to find out the source.” Xiang Yongzhan said, “If we start from the source, we just need to follow the vine and it will be easy to find the buyer!”

“And then from this buyer, we can filter out suspicious people and investigate again?” Ji Feng picked up the conversation.

“This method is a bit dumb, but it’s not a bad way to go!” Xiang Yongzhan said, “Of course, if you can find out from other sources now, that’s naturally better.”

“How do I find the source?” Ji Feng asked.

“I don’t know about that, but I think if you look for people in the Dao, it shouldn’t be difficult to find the source.” Xiang Yongzhan said.

Ji Feng nodded thoughtfully, “That’s a solution!”

As the saying goes, chicks don’t pee, each has their own path.

Officials have official ways, and people in the underworld, likewise, have their ways.

There are a lot of things that the officials may not know about, but the people on the road know all about it.

The same is true for the red spiders. Whoever is in the business and how big it is, as long as they are acquainted with the people on the road, they will definitely know.

The company’s main business is to provide a wide range of products and services to the public.

The way Xiang Yongzhan said, Ji Feng also felt that it was feasible.

Although this method is a bit dumb, it is easy to alert the dark hand, but if it is in a situation where there is really no other way, this method can only be used.

However, who exactly would strike at Han Zhong?

And with this kind of means!

This really made Ji Feng feel a bit incredible, if he wanted to harm people, then he could simply use poison, why did he have to make such a big detour and use aphrodisiacs?

The actual fact is that you can find a lot of people who have been in the business for a long time, and that is why you should be able to get a good deal on your own.

..... If the mysterious beauty that Han Zhong met was real, and he then had a wet dream and had a good fight with that beauty, wouldn't that mean that the person who secretly poisoned Han Zhong, while harming Han Zhong, also hitched a ride with a beautiful woman?

This makes Ji Feng a little suspicious, which is such a good thing, to harm a person, when harming people also send a beautiful woman to him first Anyway, if it were Ji Feng, he is certainly not so stupid!

This is the reason why this matter is odd in every way and makes Ji Feng have a very twisted feeling.

The actual fact is that you can find a lot of people who are not able to get the best out of the company.

The detoxification process did not take long, and was over in about an hour. After that, the expert gave Han Zhong another bottle of IV, and then finished.

By the time the drip was administered, Han Zhong's complexion was much better, and his originally waxy face had a few more hints of blood, so it looked like he had started to recover.

However, according to the experts, although they had already detoxified Han Zhong, because the dose of medicine he had taken before was too large, plus the interval of three days, his body had absorbed a lot of it, so it could be said that he was deeply poisoned, and this detoxification would not have an immediate effect.

In order to completely remove the toxins from Han Zhong's body, it would require him to insist on taking an IV for a few more days, and then combined with his own purification ability, recuperate properly for a period of time and supplement more nutrients, which would allow him to recover as before.

He couldn't wait to recover. He didn't want to spend another second of his life as if he was a walking corpse.

At that time, his whole body was so weak that it was difficult for him to stand up, and his legs were shaking when he walked, a feeling that really caused him immense pain.

"Old Xiang, for Qin Feiyu and Yan Hong's interrogation, we have to continue, especially Yan Hong."

On the way back, Xiang Yongzhan saw them off.

Ji Feng said, "She's not talking, that's because she still has patience, when will her patience be worn out, you can't even keep her from talking if you want to."

"How can I have so much time to spend with her?" Xiang Yongzhan laughed bitterly, "I see that you are not interrogating her, but torturing me!"

"It won't take you too long, I'll take over those two when I'm done with the matter at hand." Ji Feng laughed, "But it's still going to be hard for you these few days."

"Alright! Who let me stumble upon such an irresponsible friend like you, count me unlucky!" Xiang Yongzhan said in a good-natured manner.

Ji Feng waved his hand with a smile, and then left together with Han Zhong.

.....

Because Han Zhong had not fully recovered and still needed to recuperate, Ji Feng directly sent Han Zhong back home.

“Han Zhong, is it better now?” Ji Feng asked.

“Much better!” Han Zhong nodded and said quite happily, “I really have never felt that being healthy is so soothing, it seems that I need to strengthen my exercise in the future!”

“Then seriously practice that body-building exercise I taught you, as long as you can stick to it, your physique will definitely be much stronger!” Ji Feng laughed.

“Don’t worry, after this lesson, I’ve grown a memory.” Han Zhong said, “You just don’t understand, that feeling of your body all seeming to be emptied out is just too unbearable.”

“Like?”

Ji Feng gave a heated laugh, “Brother, your body is almost emptied!”

Han Zhong was stunned and asked, “What do you mean? By the way, what’s wrong with me?”

During the examination and treatment at the military infirmary, Han Zhong was all listless, so up until now he didn’t know exactly what was going on with him.

Ji Feng laughed, “If you took enough aphrodisiac`s to drive an elephant crazy and then went on a hysterical rampage, how do you think it would feel?”

“That hard? Even a man of iron can’t take it” Just as he said this, Han Zhong suddenly realized something and couldn’t help but blush as he asked, “Ji Feng, do you mean that I took aphrodisiacs?”

“Not just aphrodisiacs, but also the most potent kind, the portion is enough to make an elephant go crazy!” Ji Feng said.

Han Zhong’s face turned green: “Is this true?”

Ji Feng didn’t answer either, he just hemmed and hawed, a smile that made Han Zhong’s heart go straight to his chest.

“So, I wasn’t dreaming that night?!” Han Zhong asked hesitantly, “And there was no evil spell?”

“What do you think?” Ji Feng asked, forcing a smile.

“.....” Han Zhong was left speechless.

Only after a long time did he hold in one word: “Fuck!”

When Ji Feng said that, Han Zhong immediately understood that he was definitely not possessed by an evil spirit, but drugged! Besides, if it was an evil attack, there was absolutely no way that it could be over with just a few bottles of IVs.

“According to the tests, you took an overdose of drugs and then had a crazy fit, after which the toxins in your body were not expelled, making you too deeply poisoned” Ji Feng described the situation to Han Zhong.

“Who gave me the drugs?” Han Zhong asked, gritting his teeth.

“That’s something to ask you.” Ji Feng said.

Han Zhong’s face was gloomy, his teeth clacking.

If Ji Feng hadn’t taken him to the barracks’ infirmary for a checkup, the toxin would have remained in his body for an unknown period of time, and the toxin would have exploded at the slightest external cause.

This was a big fall!

Han Zhong gritted his teeth and recalled, from the time he separated from Ji Feng to the time he woke up in the hotel in the morning, he carefully recalled all the process in between, but other than remembering meeting a beautiful woman, he really didn’t remember anything else.

“That’s not right, you said I had a crazy fit, but I even watched the hotel’s CCTV footage, and there was no one who had entered my room, right? No one has come out either, and from the timing of the CCTV footage, there’s no time for me to do anything else, it can only be a dream!” Han Zhong was puzzled.

“Then there’s only one explanation”

Chapter 1580

“Then there’s only one explanation,” Ji Feng mused.

“What?” Han Zhong immediately asked.

“That hotel you stayed in, there’s probably something wrong with it!” Ji Feng said in a deep voice.

“There’s something wrong with the hotel?” Han Zhong frowned, “I see that hotel isn’t too upscale, but it’s a regular hotel, what could be wrong with it?”

Ji Feng shook his head and said, “A regular hotel may not be without problems, let’s do this, let’s analyse it.”

“You say it, I’m listening.” Han Zhong sat up straight, ready to listen to what Ji Feng had to say.

This encounter had indeed made him a bit hairy, if what Ji Feng said was true, then he had really come close to dying this time, so he was very eager to know exactly what had happened to him and how he had been drugged!

“First of all, one thing has been established beyond doubt, and that is, you were drugged, right?” Ji Feng asked.

“That’s right!”

Han Zhong nodded.

He had not only been drugged, but he had been drugged with a dose of potent aphrodisiacs strong enough to drive an elephant crazy, and even thinking about it made Han Zhong's scalp tingle.

Seeing him nod, Ji Feng smiled a little: "Then that means that the time of drugging was after we had finished drinking and separated that day, until you woke up from the hotel room the next morning, right?"

Han Zhong was nodding, "Right! That's it!"

Ji Feng added: "You also said that you blew the wind while walking on the road, then you didn't know how you got into the hotel, woke up with a dizzy head, you felt that something was wrong, then you immediately investigated the hotel's check-in records, as well as the CCTV footage in the corridor, right?"

Han Zhong nodded: "That's right."

Ji Feng asked, "Then did you find anything wrong?"

Han Zhong shook his head, "No. If we look at the check-in time, I went into the hotel to sleep shortly after I finished drinking that day. According to the hotel's check-in record and the video, I went to the hotel alone. And no one entered my room or went out of my room for all of that night."

"Yes, you entered the hotel shortly after we separated after drinking, and in between you met a beautiful woman and had a fling So let me ask you, from the time you met that beautiful woman to the time you checked into the hotel, how long was it in between?" Ji Feng asked.

"About half an hour or so."

Han Zhong said, "I'm not too sure of the exact time, I was drunk and dizzy at the time after all."

"Half an hour is enough for what?" Ji Feng hummed, "At that time you were also only a little dizzy from drinking but not drunk, if someone rashly gave you something to eat or a drink, even if that person was a beautiful woman again, you would have a defensive mind, so first you must have a few words first, right? Does that take time?"

Han Zhong nodded thoughtfully.

"And after you've taken the red spider without realising it, you'll have to let off some steam, right? That takes time too, right?" Ji Feng said, "So I don't think you actually had too deep a contact with that mysterious beauty you met during the time after we separated and before you checked into the hotel."

Han Zhong's face instantly changed, "Ji Feng, according to you, something actually happened after I entered the hotel?"

Ji Feng spread both hands, "What do you say then?"

"Damn it!"

Han Zhong slapped his thigh and cursed angrily, "Doggone it! After hearing you analyse it like that, it's true that there's something wrong with that hotel!"

Originally, Han Zhong was just a bit confused because he had been poisoned too deeply, so he hadn't thought it all through, but now, after listening to Ji Feng's analysis, he immediately realised that the erotic dream he had, the scene in which he was having an affair with that mysterious beauty, should all be true, and he was almost certain that all those things had happened inside the hotel!

But according to the hotel's check-in records, as well as the CCTV footage, there was nothing wrong with it. This is a bit of a contradiction.

"The time we were separated is there, and the time I checked into the hotel is clear, so the problem can only be on the hotel's side!" Han Zhong nodded slightly.

There was a contradiction in comparing the two sides, and one of them was definitely true, so needless to say, something was definitely wrong with the other!

It seemed that there was a real problem with that hotel.

Of course, as for why the hotel's CCTV footage looked normal, Han Zhong felt that the only way to figure this out would be to ask the hotel in person.

"Son of a bitch!"

Han Zhong cursed through gritted teeth, "Who the hell is backstabbing me? Where did Laozi offend him?"

Originally, when he didn't know, Han Zhong thought that he was possessed by an evil spirit, he thought that the beautiful woman he met should be a female ghost or something but now he realized that he had been fed an oversized dose of a potent aphrodisiac that could almost kill him!

What's even more depressing is that he still doesn't know who was behind the attack, and even if he wanted to seek revenge, he couldn't find anyone!

Obviously he had been backstabbed, but he couldn't find anyone, this feeling really made Han Zhong have a desire to go crazy

"Ji Feng, let's go to that hotel now, we must find out in the shortest possible time who is actually backstabbing me!" Han Zhong said through gritted teeth.

"It's better for you to recuperate at home first." Ji Feng laughed, "It's already been a few days anyway, if people wanted to hide it, they must have already cleaned up all the traces, the fact that you didn't find any clues that day already speaks volumes."

Ji Feng couldn't help but shake his head and laugh, now Han Zhong was overwhelmed with anger, not to mention the rest, if that hotel was involved in the assassination of Han Zhong, then naturally they would try their best to cover up the traces, and even try hard to write themselves off.

If he went to investigate in such a fury now, the result would surely be nothing.

"How can I sit still now!" Han Zhong shook his head, if it was anyone else who encountered such a thing, he wouldn't be able to hold back, not to mention being assassinated properly, almost even lost his life, and as a result, he still didn't know who had done the poisoning, Han Zhong had only slapped the table and cursed his mother even now, which was already considered to have a good connotation.

“You always need to be refreshed before you have the strength to investigate!” Ji Feng laughed.

“That’s what I said, but” Han Zhong was still a bit reluctant.

“Don’t be, how about this, you take care of yourself first, when you are sure there is nothing wrong with your body, we will start the investigation immediately, what do you think?” Ji Feng said.

“That’s all we can do!” Han Zhong nodded helplessly, in fact, he also knew that his body was still very weak right now, he had to recover for a few days before he could start investigating this matter, if he just tried to be strong, it would definitely do no good.

“Actually, you don’t need to rush, I feel that this matter is not over yet.” Ji Feng said.

“How so?” Han Zhong was stunned.

Ji Feng smiled, “It’s very simple, who is that mysterious beauty you met? Where did that drug called Red Spider that you took come from? If someone wanted to harm you, why did they send a beautiful woman to you?”

This series of questions made even Han Zhong come back to his senses a bit, and he couldn’t help but ask, “Are you saying that the other party has another purpose?”

Ji Feng shook his head and said, “I’m not sure if the other party has another purpose, but there is one thing you should firmly believe, since the other party wants to harm you, it just means that your existence is getting in the way of the other party’s interests! So, if you want to take revenge, you don’t necessarily have to do anything to the other side yourself. The better you live, the harder it may be for the other side. If their aim is not achieved”

“Then they will definitely strike again!” Han Zhong immediately took over.

Ji Feng smiled and nodded, saying, “That’s why I said that this matter might not be over yet, and that if you want to investigate, there will be plenty of opportunities later!”

Han Zhong was also suddenly enlightened, thinking about these truths made him feel much more relaxed.

“Well then, since some people are so impatient to get rid of me, then I really must live well, I’ll piss him off!” Han Zhong laughed coldly.

Ji Feng smiled and nodded, “Besides, I just called Old Yi on the way, he will send someone to protect you as an old boss, it’s also the right to accompany you as a driver cum bodyguard!”

Han Zhong also did not refuse and nodded his head to agree.

After experiencing this incident, Han Zhong also realized that sometimes, speaking about platitudes is also necessary, if he could have had a bodyguard by his side last time, then how would he have ended up in this situation now?

After a while, the bodyguard Yi Xingchen had tapped arrived. This was not a member of the war team, but relatively speaking, he was an elite member of the security department of the Tengfei Group.

Since Han Zhong had someone to accompany him, Ji Feng did not delay any longer and was ready to get up and leave.

On the way out, Ji Feng casually asked, "By the way, what was the name of the hotel you were staying at?"

"Hao Tai Hotel!" Han Zhong said.

Ji Feng nodded with a smile, and then drove away from Han Zhong's residence.

Only, on the way back, Ji Feng dialed Wang Xin's phone number: "Wang Xin, check a hotel for me, as detailed as possible, from the owner's identity, to the business situation below"

There was something wrong with that hotel in all probability!9!

Although he was not 100% sure, all signs indicated that Han Zhong was assassinated this time, and that hotel was definitely unrelated.

As for why Han Zhong did not find anything wrong after checking the hotel's check-in records and the CCTV footage of the floor where the room he checked into was located, Ji Feng felt that this was not unusual.

Since the other party wanted to backstab Han Zhong, it would be easy to clean up all the traces afterwards.

Moreover, there was another point that made Ji Feng suspicious

The hotel's occupancy records and surveillance video, although it can not be said to be absolutely confidential, but under normal circumstances will not easily give guests to see, but Han Zhong seems to have easily found out, who knows this is not the other party deliberately let him find out?

This hotel, must be investigated!
