

Campus Master 1581

Chapter 1581

The next step is to check the details of the so-called Hao Tai Hotel.

In order not to alert the snake, Ji Feng would not make such a big deal about it yet, but just let Wang Xin investigate in secret, and after the preliminary results, it would not be too late to consider the next action.

After handing the matter over to Wang Xin, Ji Feng then focused on Qin Feiyu and Yan Hong, who had been dragging their feet for several days.

So after he contacted Xiang Yongzhan, he drove to the Special Warfare University's compound with White Spider.

"Ji Feng, you're just in time, I was just about to arraign them again, so since you're here, let's go together!" Xiang Yongzhan said.

After thinking for a moment, Ji Feng nodded, it was good to have a look around first, maybe we could find something wrong.

The duo arrived at the interrogation room of the Special Operations Brigade and prepared to arraign Qin Feiyu and Yan Hong.

Seeing these two again, Ji Feng could not help but frown slightly.

He found that neither Qin Feiyu nor Yan Hong had changed much from a few days ago, they didn't look like imprisoned prisoners at all, they seemed to be in good shape both mentally and physically, and showed no signs of being interrogated at all.

"These two people have very tough nerves, and without getting rough, ordinary interrogation won't do much for them."

Seeming to see Ji Feng's doubts, Xiang Yongzhan said, "Even if we take one of them and threaten the other, they only show a certain degree of anger, especially that woman!"

Although she also showed anger when she took Qin Feiyu as a hostage to threaten Yan Hong, in reality, Xiang Yongzhan was able to see that she was not much annoyed in her heart.

It was Qin Feiyu who, whenever he saw that they were going to torture Yan Hong, would get very agitated and even swear at the top of his lungs.

However, after using this method more than once, they all seemed to have realised that Xiang Yongzhan would not really carry out the torture, so Qin Feiyu, who was originally furious at the sight of Yan Hong about to be tortured, had now become quite calm.

"Looks like they've caught the pattern!" Ji Feng laughed.

"That's why I think we still need to move the torture, to let them know that our patience is limited, and at that time, they will give an honest account." Xiang Yongzhan said, "Move to torture!"

He was confident that even if the other party's nerves were as tough as they were, they would definitely not be able to withstand all the interrogation methods of the Special Operations Brigade, and the reason why they had not been interrogated until now was entirely because Ji Feng was too soft-hearted.

But Ji Feng shook his head and said, "Don't move the torture first, let's see."

Xiang Yongzhan then couldn't help but shake his head, "No torture, I'm afraid there won't be any results this time"

The two soldiers then began to interrogate Qin Feiyu and Yan Hong.

Ji Feng watched carefully.

As expected, it was really like Xiang Yongzhan said, without using torture, it still did not yield any results.

Whether it was threats or inducements, or taking one of them to threaten the other, the result was the same.

"It seems that these two are determined not to cooperate!" Ji Feng frowned slightly.

"What are you going to do next? Still not going to move to torture?" Xiang Yongzhan asked.

"Don't rush yet, let me think about it!" Ji Feng waved his hand and pondered.

Ji Feng thought back carefully, he found through observation that during this interrogation, although both Qin Feiyu and Yan Hong did not say a word, however, the two of them behaved somewhat differently.

Qin Feiyu, for example, replied, "I have already said everything that needs to be said, you will still be the same even if you interrogate me ten thousand times more, I advise you not to waste your efforts."

And after that, he did not say a word.

Yan Hong was acting in a different way, seeing Qin Feiyu tied to the iron frame and about to be tortured, but she didn't say a word and put her head away.

Anyway, she just ignored it!

Do whatever you like!

"Old Xiang, do you think the two of them are really lovers?" Ji Feng suddenly asked.

"They didn't say they were a couple to each other either, these two made it very clear a long time ago that they were partners!" Xiang Yongzhan said, "Maybe they have that kind of interest in each other, but at least they're not really together."

"Or maybe it's more appropriate to say that the falling flowers are interested in each other?" Ji Feng said.

"Eh?" Xiang Yongzhan was stunned.

"Do you see, Qin Feiyu seems to be in love with Yan Hong, but this Yan Hong's heart may not be in Qin Feiyu!" Ji Feng and Xiang Yongzhan both stood in the monitoring room, looking at the two people's

expressions on the screen, Ji Feng analyzed, "I see that this woman is not only not that interested in Qin Feiyu, I'm afraid, she is also a thin-skinned woman!"

"Hmm!"

Xiang Yongzhan nodded deeply, he had interrogated these two so many times, how could he not see it?

Every time he saw that Yan Hong was going to suffer, Qin Feiyu would be furious, even if he later knew that it was impossible for him to move the torture, Qin Feiyu would still be agitated for a while all the same before he would keep his mouth shut.

But Yan Hong was different. Even when Qin Feiyu was really sunk into the water and was about to drown, she didn't even beg for mercy, and although she was also cursing, the look on her face and in her eyes was an unmistakable indication of what she was really thinking inside.

She didn't particularly care about Qin Feiyu's death!

"Wouldn't this be more trouble?" Xiang Yongzhan said with a frown.

"Yes, it's a bit troublesome, but if it's used well, there might even be unexpected gains!" Ji Feng said thoughtfully.

This was indeed troublesome!

Qin Feiyu cared about Yan Hong, so when he caught Yan Hong and threatened him a little, Qin Feiyu would confess all, and there was no way he wouldn't, unless he could just watch Yan Hong suffer.

However, the trouble was that Qin Feiyu didn't know much. According to Ji Feng and Xiang Yongzhan's estimation, I'm afraid that the information Yan Hong had was the most important.

But the problem was that Yan Hong didn't seem to care much about Qin Feiyu, and using Qin Feiyu to threaten Yan Hong wouldn't be very useful at all!

It might as well be that the two of them were lovers who were very much in love, in that case, the trial would have been over long ago, why drag on for so many days?!

This was what Xiang Yongzhan said about the trouble, and Ji Feng agreed.

However, in everything there are disadvantages, there are advantages, who could tell if this trouble would turn into an advantage?

"How can I make use of it?" Xiang Yongzhan asked, "I just can't understand, Ji Feng, why don't you just let the sentence be moved? I can understand that you appreciate Qin Feiyu, but appreciation is not the same as accommodating him! If you really love talent, with your ability, you can train a group of experts within a few years, why do you need to get so entangled in a killer?"

"A few years to cultivate a group of experts, but what about practical combat experience?" Ji Feng asked.

He added, "Qin Feiyu was able to create a prestigious name in the assassin world, so whether it's his experience or ability, how can he be compared to an expert trained indoors? Besides, the reason why I did not allow the torture was not because I expected to take Qin Feiyu, but because I felt that, as he was

a man, who valued his feelings and righteousness, there was no reason why I should have to torture such a person!”

An expert who has not experienced real combat might be okay against ordinary people, but to compare with a real expert, it's scum!

Even against those punks who often fight on the street, I'm afraid they are not even as good. Don't look at those thugs, some of them are also brave and ruthless, just the guts alone are not comparable to ordinary people!

This is one of the reasons why so many ordinary people are afraid of punks, because they don't have the courage to go out on a limb in the first place!

But ordinary people can't afford to mess with them but they can hide, but the masters that are trained are supposed to carry out missions, so it would be too funny if they hide.

Xiang Yongzheng shrugged, “Whatever you want, but have you thought about what to do?”

“Let me think, let me think about it,” Ji Feng stroked his chin and frowned as he pondered.

“Don't be in a hurry, smoke a cigarette and think slowly!” Xiang Yongzhan smiled and handed him a cigarette, then lit the fire for him.

Ji Feng took a few strong puffs, and then worked it out in his head.

How should he make use of this newly discovered situation?

Ji Feng vaguely felt that if he used it well, there would really be unexpected gains, but exactly what to do, for a while he didn't have a perfect plan, so he had to deliberate on it.

“There it is!”

Suddenly, Ji Feng's eyes lit up as he directly extinguished his cigarette with his fingers and said, “Old Xiang, it seems that we first need to make Qin Feiyu realize the true nature of Yan Hong!”

“Eh?” Xiang Yongzhan was stunned.

“How about this immediately interrogate Qin Feiyu, to make Yan Hong see clearly, at the same time, also let Qin Feiyu be able to see Yan Hong's reaction, and also be able to hear her voice but don't let the two of them meet, can you do Can it be done?” Ji Feng asked.

“.....”

Xiang Yongzhan was speechless: “Ji Feng, aren't you being a bit whimsical? The two interrogation rooms are separated by a layer of special glass, and you want them to be able to see each other in the opposite interrogation room, but not allow them to meet Do you think they are robots that can be controlled by you?”

“Couldn't you have adjusted it so that Yan Hong could only hear the sound of Qin Feiyu being interrogated? Or, turn off all the audio in the interrogation room where Yan Hong is, so that she can't hear Qin Feiyu's voice, so that even if they meet, they will mistakenly think that the other party can't see them, such a simple problem, how can you think so complicated?” Ji Feng asked.

Xiang Yongzhan: “.....”

Ji Feng waved his hand, “Let’s begin!”

Xiang Yongzhan then depressingly began to give orders to the soldiers in the interrogation room through the internal communication device.

Soon, Ji Feng’s plan began.

Qin Feiyu was once again tied to a rack by two soldiers, various torture instruments were already prepared, this time, Ji Feng was planning to do something real!

“Go! Let’s go over there!” Ji Feng said.

Xiang Yongzhan nodded, since Ji Feng had taken over, he would just run along behind him, he didn’t want to interrogate in the first place, according to his intention, he would just use torture and use all the means, even an iron man would have to talk!

The fact is that the company is not interested in using soft tactics like Ji Feng.

Ji Feng, however, secretly sneered: “Yan Hong, I hope you can still be so tough-mouthed this time!”

Chapter 1582

“I advise you not to waste your time, I’ve already said everything that needs to be said, you’re still asking the same things, other than that, I don’t know anything!” Yan Hong said indifferently.

At this moment, Yan Hong was also once again tied to the iron frame, she who had already been interrogated for an unknown number of times immediately knew that these big soldiers were going to interrogate her again.

It was the same old story!

Yan Hong looked at the torture instruments in the interrogation room, and then at the iron frame to which these men had tied themselves, which was no different from the previous interrogations, so she subconsciously let her guard down and didn’t worry at all.

However, when Yan Hong habitually turned her head to look at the interrogation room next door, she immediately found that Qin Feiyu was indeed also tied to the iron frame, as if the gang of soldiers were going to torture him.

But Yan Hong knew that this was just another trick of these silly soldiers, they were only scaring people, they would not really torture them.

Of course, as to why these foolish soldiers did not torture him, Yan Hong was a bit puzzled.

Is it because these soldiers are strictly adhering to certain rules?

For example,..... they are very civilized interrogation?

Or is it because they are very humanitarian?

The first thing you need to do is to get a good idea of what you are getting into.

In Yan Hong's memory, it seemed that there was really no country where the soldiers would be so civilised.

They were not even civilised, and it would be polite not to say that they were tyrannical and murderous.

Therefore, Yan Hong would not think that these soldiers were being polite to her or civilised, for the reason that they did not dare to do anything, Yan Hong felt that it must have something to do with her employer, who was behind it, and that was why she did not suffer much.

And Qin Feiyu, of course, did not suffer even with it.

This was what Yan Hong thought, and she was convinced of it, because she knew how vast her employer's energy was!

"Boom!" The sound of a bang.

Suddenly, the door of the interrogation room was pushed open, and immediately afterwards, two people walked into the interrogation room, one after the other, and it was the duo of Ji Feng and Xiang Yongzhan.

"Yan Hong, but we meet again." Ji Feng said with a smile.

As soon as she saw that the visitor was actually Ji Feng, Yan Hong was instantly on fire, her face turned icy cold in passing and her eyes stared at Ji Feng with resentment, "It's you?!"

"What, do you hate me that much?" Even though Ji Feng knew that Yan Hong had no good feelings towards himself, he felt a little incredulous when he saw Yan Hong's expression at this moment.

He and Yan Hong had never met before, so how come the more he looked at her now, the more she looked like she had an unbreakable grudge against himself?

"Humph!"

Yan Hong snorted coldly and looked away, not even giving Ji Feng a glance.

"If I remember correctly, I don't seem to have offended you, rather it was you who wanted to stab me for no reason, how come it looks as if I stabbed you?" Ji Feng didn't mind, he just smiled noncommittally and asked.

"..... hum!"

Ji Feng then shook his head, it seemed this was still the same as before, as long as it was his own question, Yan Hong must have just answered with a cold snort.

"Since you're not willing to answer, then you can't blame me!"

Ji Feng said indifferently, then he waved his hand, "Old Xiang, have someone do it!"

Yan Hong was immediately stunned, Ji Feng said he would do it, do what?

But next, Yan Hong was truly stunned.

Only to see that both Ji Feng and Xiang Yongzhan turned their heads and looked at the interrogation room next door, and then at Qin Feiyu, who was also tied to the iron frame, his entire body was now submerged into the water, leaving only the top of his neck still exposed, but he was still slowly sinking, seeing that his entire body was about to be sunk

“My patience is limited, I won’t keep consuming with you guys like this!” Ji Feng said indifferently, but his gaze was looking at Qin Feiyu on the arm through the glass on the wall.

“Frankly speaking, since you have come in here, your thoughts of getting out alive can be put to rest.” Ji Feng said, “The question just lies in how you will die, whether you will be shot and die cleanly, or whether you will taste all the punishments here and then die a slow and torturous death!”

He turned his head to stare at Yan Hong, “The key, it depends on your own choice!”

Yan Hong smiled, her face couldn’t help but change slightly, but soon, she didn’t know what had occurred to her, her gaze was even more resentful, and her face was even more gloomy, staring at Ji Feng with a deadly gaze, not saying a word.

“What, you can just stand by and watch your good partner being tortured like this?” Ji Feng asked indifferently.

Yan Hong, however, still had a cold face and didn’t say a word.

“It seems you have more backbone than your partner!” Ji Feng said with a smile, and then waved his hand.

In the next moment, he saw Qin Feiyu in the next interrogation room, his whole body was directly sunk into the water, that water was directly above his head, but he didn’t have any breathing tools, he could only rely on himself to grit his teeth by closing his breath.

Yan Hong was also watching with a cold face, his face changed a little, but he was even more furious.

“Still not going to say anything?” Ji Feng asked.

“Humph!”

Yan Hong coldly snorted.

Ji Feng nodded: “Well then, I’d like to see who of us can outlast who!”

After saying that, he simply lit a cigarette separately with Xiang Yongzhan and just sat casually on the table and started swallowing clouds.

As for whether or not Qin Feiyu would drown in the water, they didn’t care at all!

“Ugh! What do I have to say about you guys!” Xiang Yongzhan spat out a string of smoke rings, but looked at Yan Hong with great contempt, “I think ah, you are all cheap bones, you don’t know what your surname is when you are given some good looks. Do you really think that just because you weren’t tortured some time ago, you’ll remain untouched later?”

He laughed coldly, “I didn’t do anything before because I was polite to you, but I didn’t think you’d really consider yourselves to be somebody!”

Yan Hong still didn't say a word, but his face was even more ugly.

"Yo? Your good partner can't hold it in any longer!" Xiang Yongzheng laughed badly a few times, "Aren't you going to see for yourself how he drowned?"

Yan Hong snapped her head around and was immediately shocked to find that Qin Feiyu, who was sunken in the water, was currently shaking his head vigorously, and his mouth was constantly spitting bubbles out It seemed that he really couldn't hold it in anymore!

However, Yan Hong, who saw this scene, only frowned a few times and her face changed, but she hard not to say a word.

She did not say anything, then Ji Feng and Xiang Yongzhan naturally will not bother about Qin Feiyu's death or life, Ji Feng even coldly snorted: "Whether he dies or lives today, it's all in your hands, you see what you can do!"

"Bastard!"

Yan Hong cursed angrily, "You abuse lynchings like this, do you really think that no one can control you?"

"I know, your master is not small and very powerful!"

Ji Feng smiled indifferently, "But I still advise you, don't put your hopes on your master, you are here, no one in the outside world will know, even if I get you killed here, it will be similar to crushing two ants See, your partner this is about to fail! "

Qin Feiyu's body began to struggle violently now, even the bubbles are rarely vomiting, it is obvious that he really can't hold on anymore.

"Still not going to say?" Ji Feng asked.

"I won't say anything even if I die!" Yan Hong gritted his teeth and said, "What kind of ability do you have to torture people like this?"

"Oh that's too naive!" Ji Feng smiled faintly.

Since Yan Hong was not in a hurry, then Ji Feng and Xiang Yongzhan naturally were not in a hurry either, they just watched Qin Feiyu being sunk in the water, from the initial spitting of bubbles, to the later violent struggle, but gradually, Qin Feiyu could not hold on, after the desperate struggle, Qin Feiyu gradually did not move.

This process, Yan Hong saw in her eyes, she looked very angry, and even cursed: "You have no humanity, how can you kill people like this, beasts!"

Ji Feng acted as if he hadn't heard, and only said indifferently, "Bring the man up, it's too cheap to drown him like that!"

He glanced at Yan Hong and said indifferently, "Don't worry, he won't die, this is just a small punishment, as long as you don't speak up, your good partner is going to be tortured like this, there will be more later!"

Yan Hong stared at him with resentment, wanting to tear him alive.

Ji Feng smiled, not caring at all.

On the other side of the interrogation room, after Qin Feiyu was brought up and laid flat on the floor, a soldier pressed a few times on his chest and abdomen, and he immediately spurted out a few mouthfuls of water and coughed.

Although he couldn't hear the sounds over there through the glass, Yan Hong was still visibly relieved to see that Qin Feiyu hadn't drowned. However, what struck Ji Feng as strange was that a look of gratitude actually flashed across Yan Hong's eyes, which didn't escape Ji Feng's eyes, and the corners of his mouth instantly pulled up in a slight curve.

It seemed that his guess was correct, and that plan should also work!

Next, after Qin Feiyu had recovered slightly, Ji Feng continued to interrogate Yan Hong, but the answer he received was still a few cold grunts, and Qin Feiyu was similarly afflicted once again.

A few times in a row, it seemed that everyone had lost their patience, whether it was Ji Feng or Xiang Yongzhan, or Yan Hong, they all started to get impatient and stand up.

Yan Hong even cursed from time to time, and she was heartbroken at Qin Feiyu's suffering.

After another interrogation, Qin Feiyu was once again brought up from the water, and Yan Hong even cursed angrily.

"Alright, don't pretend!" Ji Feng said indifferently, "No matter how angry you act, it's not enough to cover up the celebration and indifference in your heart, you're not really hurting for Qin Feiyu, and you can't pretend to be!"

The originally angry look on Yan Hong's face froze, and her angry curses paused for a moment.

But the next moment, she continued to curse.

However, she did not know how stupid her performance was in Ji Feng's eyes.

Chapter 1583

Yan Hong was stunned by Ji Feng's words, and immediately cursed, "Bastard!"

Ji Feng sneered, "Go ahead and curse, I'll write down every word you curse now, let's settle this score slowly!"

Yan Hong stared at Ji Feng with resentment, gnashing her teeth and hating to tear him apart.

But to Yan Hong's gaze that wanted to eat people, Ji Feng didn't care at all, he just said mockingly, "You don't need to look at me like that either, I can tell you very clearly, no matter what tricks you play, and no matter how powerful your master is, you won't be able to get out of here!"

"The big deal is a death, what do I have to fear?!" Yan Hong stared at Ji Feng with resentment, "What I hate the most is that I wasn't able to kill you!"

Ji Feng spread his hands, "Then I can only regretfully tell you that you'll never have that chance!"

Yan Hong shouted grimly, "I won't let you go even if I'm a ghost!"

"Be a ghost?"

Ji Feng snorted, "It's not that easy to be a ghost either! Yan Hong, you don't have to come with me either, don't think you can fool everyone with that little ploy of yours! I didn't see eye to eye with you before, that's because I didn't have time to deal with you, but now hum!"

"A brute is a brute, never forgetting to slander others!" Yan Hong sneered, "You said I played a ploy, what ploy did I play?"

"There's no need to rush, even if you don't ask, I intend to have a good exchange with you!" Ji Feng shook his head and smiled, "I have to say, this little bit of cleverness of yours is quite useful, it really almost fooled us all, but alas, ah, pretending is pretending, it can never become real!"

He shook his head mockingly, looking at Yan Hong's angry look, he couldn't help but snicker, "You hate me a lot, I can see that, although I don't know why you hate me so much, but, I guess there should be some kind of hatred between us! However, there is one thing I want to tell you, you have failed Qin Feiyu's love for you!"

Yan Hong gave him a contemptuous glance, but did not say anything.

Ji Feng didn't mind either, he just smiled lightly, "You hate me, so you would rather die than speak up, which I can completely understand, if I were to similarly fall into the hands of someone I particularly hate, I would probably make the same choice as you. However, there is one thing I am curious about, do you really not care about Qin Feiyu's death at all?"

Yan Hong's face fiercely changed, and immediately she screamed, "Don't you talk nonsense here!"

"Is it really me who's talking nonsense?"

Ji Feng sneered, "Qin Feiyu has you in his heart, so I only slightly threatened him with you and he immediately gave in, but in my opinion, his doing so does not mean that he is a soft-hearted person, rather it shows more about his affection for you, however, I would not dare to agree with what you did."

Yan Hong just stared at Ji Feng angrily, but did not answer the question.

Ji Feng didn't care about her either and just said to himself, "But it must also be said that you do have some small intelligence. Perhaps, from the time I first used Qin Feiyu to threaten you, you already guessed that I must have known that the two of you were not just partners, but should also be lovers. So from that time onwards, you started playing small."

"Every time when we threatened you with Qin Feiyu, you acted very angry, so that it did seem like there was deep love and affection between the two of you, which also gave us the illusion that as long as we caught this common weakness of the two of you, you would both succumb sooner or later."

Ji Feng shook his head and sneered, "However, none of us thought at the time that this was your little scheme."

"Humph!"

Yan Hong laughed coldly, "That's all you've got, apart from talking out of your ass."

"You're flattering!"

Ji Feng snorted, "I think you should know best in your heart whether I am a liar or not, but don't you want to hear the end of my analysis?"

"Humph!" Yan Hong sneered, "What good can come from the words of an animal?"

"You are afraid to listen!" Ji Feng sneered, looking at Yan Hong's slight change of colour as he continued, "You deliberately made an angry face just to give us the wrong impression, but in reality, more than half of your anger is probably faked, in fact, in your heart, you're still glad instead!"

"I'm glad for what!" Yan Hong asked angrily.

"You are glad that we have determined that the two of you have deep feelings for each other, and I am afraid you have guessed that we have probably tested this method on Qin Feiyu's body and should have tasted the sweetness, so this is why we are repeating the same technique on you."

Ji Feng said, "Because you know that since you are going to be interrogated, it is definitely necessary for both of you to give an explanation. Moreover, you also have a reliance on the fact that Qin Feiyu doesn't know much about this mission, and you're the only one who knows a lot of important information, so you're pretty sure that we must make you talk in order to do so, and then you'll definitely be interrogated continuously."

"It's useless for you to interrogate me anyhow, I don't know anything." Yan Hong sneered.

"You know, it's just that you won't say anything." Ji Feng smiled faintly, "You don't dare to say anything, and you can't say anything!"

"Humph!"

Yan Hong don't look away, no longer looking at Ji Feng at all.

"Vain heart?"

Seeing this demeanor and action of hers, Ji Feng was already completely sure of his suspicions as he continued, "You can't say anything because you know how much trouble it will bring to your master once you do! Maybe there are other reasons, this I haven't thought of yet."

Ji Feng admitted his limited guess very frankly, "And it's a bit interesting that you don't dare to say anything."

The smile on his face thickened considerably, "You know very well that as soon as you open your mouth, then you will soon become useless to us, and your downfall must not be that wonderful. And this time, it just so happens that you have found out that we have created a misconception again, so here is your chance!"

"Every time Qin Feiyu was tortured, you got angry and even cursed, and the more emotional you got, the more we would think that the bottom of your psychological defences was about to be reached and that you were about to hold on and give an account."

Ji Feng chuckled: “But in fact, this is exactly what you want to see, since we have created the illusion, we will definitely threaten you with Qin Feiyu, in this way, no matter how the interrogation goes, the one who will end up being tortured is definitely Qin Feiyu anyway, while you, on the other hand, can be safe and sound, you are using Qin Feiyu to protect yourself!”

“Bullshit!” Yan Hong cursed angrily.

“Whether it’s bullshit or not, you know it in your own heart.”

Ji Feng said indifferently, “All these factors combined, I’ve found something rather interesting – first of all, you should know that your master is very energetic, once he knows that you’ve been caught, he will probably actively try to save you from getting out, of course this will take time, then all you can do is naturally is to stall for time!”

Ji Feng sneered, “So you have to act angry when Qin Feiyu is being tortured, because you know very well that once you act indifferent about Qin Feiyu being tortured, then we will realise that the path of using Qin Feiyu to threaten you won’t work.”

“In that case, it might be time to interrogate you directly, and when that happens, the methods won’t be so gentle. You might even be dead before your master can get you out.”

Ji Feng shook his head, “And that’s precisely why Qin Feiyu has become your shield. In fact, not to mention that Qin Feiyu was just flooded, even if I shot him to pieces, I’m afraid you wouldn’t even frown. Yan Hong, am I right?”

“What a load of nonsense!” Yan Hong said angrily, “Don’t you think it’s too despicable for you to use such tactics for interrogation?”

“You don’t need to answer the question, it’s useless to change the subject!” Ji Feng smiled coldly, “Since I’ve seen through your little ploy, I definitely won’t use this method to interrogate you again, and the next tactic will definitely make you feel satisfied!”

“You

Yan Hong finally changed her face, and a flash of fear passed through her eyes.

“Just, there is one thing I would like to know” Ji Feng stared at Yan Hong and asked, “You and Qin Feiyu have been together for so many years, even if you are just partners, you should more or less have some feelings, right? What’s more, Qin Feiyu is still deeply in love with you, even going so far as to sacrifice his life to save you, and he has fallen to this point today solely because of you!”

“But how could you bear to watch him suffer and not do anything about it, and even dig in your heels to calculate him, just so that you wouldn’t be tortured?” Ji Feng was really a bit puzzled.

It is said that people are not grass and trees who can be heartless, not to mention people, even a small cat or dog, if you treat it well, it will also have feelings.

The two of them had been partners together for so many years, so no matter how you put it, they should have more feelings than those of small cats and puppies, right?

How could Yan Hong do such a thing?

Especially when Qin Feiyu was so in love with her!

“Don’t tell me that you don’t know that Qin Feiyu likes you!” Ji Feng sneered, “If you can’t even notice that, then you’re too retarded.”

Yan Hong no longer had the same indifference and composure that she had just had, her breath caught, and her eyes were red as she stared at Ji Feng, her eyes were resentful.

“I really feel bad for Qin Feiyu.” Ji Feng shook his head and sighed softly, “A man with love and righteousness, yet you let down his affection for you and even took advantage of it! I just don’t understand, just how cold-blooded are you that you can be indifferent every time you see Qin Feiyu suffer like this?”

“Or is it that you hate me too much?” Ji Feng asked indifferently, “How exactly did I offend you?”

“Yes!”

Yan Hong suddenly screamed, “I just hate you too much! I can’t wait to eat your flesh and skin you! I can’t wait for you to die right now!”

Yan Hong broke down!

Don’t look like it was Ji Feng all the time, she appeared indifferent, but in reality, every word of Ji Feng’s seemed like a pair of invisible hands, stripping her hypocrisy, her pretense, cleanly, making her infuriated.

Chapter 1584

Seeing Yan Hong who lost her voice and screamed, Ji Feng couldn’t help but smile slightly, “You finally admitted it!”

“You hate me, then there must be a reason, although I don’t know what that reason is, but I can understand it.”

Ji Feng shook his head and sighed lightly, “But I just wonder, Qin Feiyu treats you well enough, right? How can you bear to take advantage of this deep love and affection he has for you? How could you even take advantage of it so comfortably? Haven’t you ever thought that if I lose my patience one day, I’ll just shoot him dead?”

There is some truth in the saying that couples are birds of a feather, but they fly apart in the face of disaster.

But the problem was that even if they flew separately, there would definitely be some guilt in each other’s hearts. What’s more, Ji Feng felt that no matter how cold-blooded a person was, he would not stand by and watch his better half suffer next door, while he was still playing smart and deliberately diverting the trouble to the other party!

Well!

Let alone a couple or lovers, even if they are just the most ordinary friends, don’t they feel guilty when doing so?

Ji Feng felt that if Yan Hong were himself, if Xiao Yuxuan or Tong Lei were next door, not to mention finding ways to be clever and divert the trouble to them, instead, he would have to find ways to divert the attention of these soldiers to himself, so as to try to keep them safe!

Even if it even involves ordinary people, Ji Feng feels that he would be over the moon.

Although people are selfish, that is only to a certain extent.

If one knew that the people next door were being dragged into this because of oneself, and one had to watch them suffer, then even the most selfish person would be upset.

But Yan Hong was able to do it with such peace of mind, which really made Ji Feng admire!

“What, don’t you have the face to answer? Or is your heart weak?” Seeing Yan Hong just staring at himself with resentment, Ji Feng couldn’t help but sneer, he felt more and more that this Yan Hong, was definitely one of the most cold-blooded people he had ever seen, he really didn’t have any good feeling towards this kind of thin-skinned and ungrateful woman.

“What do I have to be weak-minded about?” Yan Hong screamed, her body struggling a few times from the excitement of Duo, causing a clattering sound on the iron frame, but with her strength, it was impossible to break free.

“You’re not weak-minded?”

Ji Feng looked at her in amazement and asked incredulously, “You’re just so at peace with yourself?”

Yan Hong gave a fierce laugh, “Humph! Peace of mind? That’s for sure! When facing you beasts, if I didn’t think of something, wouldn’t I have to suffer myself? Why shouldn’t I have peace of mind, any pain Qin Feiyu suffers is inflicted on him by you brutes, especially you, Ji Feng, you are a brute!”

“Shut up!”

Xiang Yongzhan shouted lowly, “If you dare to curse one more time, I’ll make sure you know what it means to regret!”

Yan Hong opened and closed her mouth as a brute, listening to Xiang Yongzhan’s brow furrowed and the corners of his eyes jumped wildly, if he hadn’t seen that Ji Feng wasn’t even angry yet, he would have let this woman know what would happen to her if her mouth wasn’t clean!

What is Ji Feng’s status?

How could he allow such an assassin to insult him like this?

Even Xiang Yongzhan felt indignant!

“Humph!”

Yan Hong, however, had no fear as she sneered, “Regret? Of course I regret it! What I regret most is that I didn’t just shoot this beast in the head! You underestimate me if you want to scare me with such a little tactic! If you have the guts, kill me now!”

Clack~~!

Xiang Yongzhan directly drew his gun and took a few steps forward to put it against Yan Hong's head, "Then I want to see whether your head is hard or my bullet is hard!"

Xiang Yongzhan's voice was not high, but that feeling of murderous intent brought Yan Hong's voice to a screeching halt.

He had experienced many bloody battles and had killed many people with one hand. It might be an exaggeration to say that he had crawled out of the pile of the dead, but to say that he had experienced hundreds of battles and killed countless people was definitely a conservative statement!

Once such a person was enraged, how intense was the murderous aura in his body, and how could Yan Hong resist it?

"Shout, keep shouting one for me to hear!" Xiang Yongzhan said coldly.

Yan Hong's face changed drastically, perhaps because she felt that icy cold killing machine coming from Xiang Yongzhan's body, causing Yan Hong's face to turn a little pale.

However, she still gritted her teeth and said, "Shoot if you have the guts!"

Ka~~!

Xiang Yongzhan snapped the hammer and sneered, "Say it again!"

Yan Hong's face then turned a few more shades whiter and subconsciously swallowed her saliva.

Ji Feng laughed: "Old Xiang, don't be in a hurry, she scolded me before, I'm keeping all these scores for her, so I'll settle them slowly later!"

Xiang Yongzhan snorted coldly, "I don't have such a good temper as you do, this woman! If you let me hear one more expletive, hey! If you're not afraid of bullets, that's no problem, I'm holding an unknown number of felons here, they haven't seen a woman in years, when the time comes, I'll throw you in the middle of them"

Swish!

Yan Hong's face was instantly scared without a trace of blood, and her body couldn't help but tremble.

"You, you guys are so shameless!" Yan Hong screamed.

"There's no need for any bright and shameless means against you!" Xiang Yongzheng laughed coldly.

"All right!"

Ji Feng waved his hand and said indifferently, "Don't pretend!"

Xiang Yongzhan and Yan Hong were stunned again.

Ji Feng looked at Yan Hong very playfully and snorted, "This little bit of cleverness of yours had better be put away, since I was able to see through your previous disguise, the way you are pretending to be afraid now will not be able to conceal it from me as well, your playing like this all the time will only make me think that there is something wrong with your intelligence!"

Yan Hong was indeed in fear!

Ji Feng could tell that with a single glance, however, her fear wasn't that strong, it wasn't at all like what she was showing, being scared and bloodless and trembling.

By acting like this, she was only trying to make herself and Xiang Yongzhan think that she was frightened and that her guts were small, then she would not be easily tortured and would only intimidate her.

This was how people were, once they developed inertia, it was easy to overlook other things.

This was the same as before when Xiang Yongzhan thought that Qin Feiyu and Yan Hong were deeply in love with each other, so he used Qin Feiyu to threaten Yan Hong, it was all the result of inertial thinking.

Ji Feng could only say that this woman, Yan Hong, was really somewhat clever, and she seemed to have a good understanding of human psychology.

But the funny thing was, she was a bit over the top!

So, Ji Feng saw through her!

A look of shame and anger flashed across Yan Hong's eyes, and Ji Feng's words made her feel both humiliated and alarmed at the same time.

Ji Feng's eyes were too poisonous, as if nothing could escape his eyes, so that the disguise that Yan Hong usually relied on the most could not be of much use.

"It's hopeless!" Ji Feng shook his head, "Still disguising yourself even now, you're only living on this little cleverness!"

"....."

Yan Hong's face turned red and even turned a little purple as she stared at Ji Feng with resentment.

At this time, she had no more pretense and no longer hid the intense and incomparable hatred she felt for Ji Feng in her heart. Because Yan Hong had already realised that her tactics were really useless in front of Ji Feng.

Ji Feng simply wouldn't eat her anymore!

"You haven't answered my question!" Ji Feng reminded, "You're using Qin Feiyu like this, don't you feel guilty?"

"What do I have to feel guilty about! How much better can we both end up when we're caught?" Yan Hong sneered, "It's better for him to suffer alone than for two people to be tortured together!"

"Tsk"

Xiang Yongzhan sneered, "You really have the nerve to say that!"

Ji Feng's previous analysis, coupled with Yan Hong's performance, where would Xiang Yongzhan not be able to see that what Ji Feng said was true!

This woman was really using Qin Feiyu, who was deeply in love with her, as a shield!

Yan Hong's behaviour was so bad that Xiang Yongzhan couldn't even stand to watch it!

Ji Feng, however, laughed mockingly, "Don't let her fool you! She's trying to use Qin Feiyu as a shield in the hope that she can hold out until her master comes to her rescue, and up to now she's still playing tricks!"

Yan Hong's face instantly changed, and immediately, she snorted coldly and looked away, no longer speaking.

Xiang Yongzhan then gave Yan Hong a contemptuous glance, this woman ah, is really like what Ji Feng said incorrigible.

Ji Feng lightly laughed: "See, this woman actually has no guilt at all after using Qin Feiyu, this kind of person, is also really extremely good!"

Xiang Yongzhan nodded deeply, in fact, as a soldier, his feelings were instead the deepest.

Between soldiers, the most trustworthy thing is comrades, in critical moments, all can die instead of comrades, can block bullets for comrades!

Therefore, Xiang Yongzhan despised this kind of behaviour of Yan Hong, who used his partner, and also the man who was deeply in love with him, to suffer instead of himself.

What's more, this woman, Yan Hong, actually didn't have any guilt after using Qin Feiyu, and she was still playing tricks until now, how cold-blooded must she be to do such a thing?

If this kind of person was in the army, they would have been kicked out long ago!

"Well, it seems that people like you only think about yourself, about Qin Feiyu, I'm sure you won't say anything." Ji Feng shook his head, "Then, let's change the subject, why do you hate me so much?"

Yan Hong's previous behavior and performance had undoubtedly made it clear that she was using Qin Feiyu, there was no doubt about that.

By this point, Ji Feng's purpose had actually been achieved.

And now all he had to do was to start interrogating.

"You are an assassin, always operating abroad, apart from this assassination, you shouldn't have much dealings with me, so how come you hate me so much?" Ji Feng asked indifferently.

Chapter 1585

"You're an assassin, always operating abroad, apart from this assassination, you shouldn't have much dealings with me, so how come you hate me so much?" Ji Feng asked indifferently.

This was something that had always been strange to Ji Feng, he thought back carefully and couldn't recall where he had offended Yan Hong, he didn't even know when he had seen Yan Hong before, yet Yan Hong hated him so much, this was indeed very strange.

"We haven't crossed paths?" Yan Hong smiled grimly, with a resentful look in his eyes, "You know what you have done yourself!"

Ji Feng frowned, "What have I done?"

But Yan Hong gritted her teeth and stared at Ji Feng, and said in a cold voice: "Don't think about it, I won't tell you, if you can, you can kill me!"

A cold light flashed in Ji Feng's eyes, "Do you really think I don't dare to kill you?"

Yan Hong slightly raised her chin, that look was clearly a display of arrogance, it was obvious that she was not going to answer.

Ji Feng couldn't help but smile: "Don't put on such a resolute and unyielding look in front of me, it won't work on me! Since you're not willing to answer, then I won't force you, here, there are plenty of means to make you submit, this time without Qin Feiyu as a shield for you, I'd like to see if you can still be that hard-headed!"

After saying that, he shook his head and gave Yan Hong a pitying glance, before turning around and heading out.

Yan Hong's face remained unchanged, but her heart subconsciously trembled.

If you look closely, you will see that Yan Hong's eyes are flickering a little. It is obvious that her heart is filled with fear and she is not as strong as she appears to be.

In fact, Yan Hong had always had fear in her heart.

If she had really been fearless, she would not have used Qin Feiyu as a shield.

Now, however, there was nothing that could protect her, and her little scheme might have been somewhat useful before, but once it was said through, it was actually worthless.

"Ji Feng! You shall not die a good death!" Seeing that Ji Feng was about to walk out of the interrogation room, Yan Hong shrieked.

"Whether I die a good death or not, you don't need to care, at least, you definitely won't see it!" Ji Feng said indifferently.

And then, he walked straight out.

Xiang Yongzhan coldly swept a glance at her and suddenly grinned, "Enjoy your last rare leisurely moments! Next, it will be good for you!"

Yan Hong subconsciously shuddered, Xiang Yongzhan's cold and dense murderous intent had given her a deep impression.

She believed that once Xiang Yongzhan made his move, he would definitely not show mercy to her.

So in her eyes, Ji Feng was rather less frightening than Xiang Yongzhan.

She would rather exchange words and swear at Ji Feng than face Xiang Yongzhan's tactics.

This performance of hers, however, fell into Ji Feng's eyes without a trace, and he sneered, leaving the interrogation room completely, and in the corridor, he couldn't help but shake his head.

“Ji Feng, well done!” Xiang Yongzhan also walked out and couldn’t help but give a thumbs up.

He had to admit that Ji Feng’s observation was very careful, which was how he saw that Yan Hong was deliberately using Qin Feiyu as a shield, this power of observation was indeed extraordinary. At least, the few soldiers in this interrogation room, who had been interrogating those two people for a few days, had not seen it.

But Ji Feng shook his head and said, “I’m only using a stupid method, if I used your method, I’m afraid she would have already given an explanation. Do you see, this woman is actually not that brave, she looks tough as hell, but in reality she is strong on the outside.”

“That’s sticking your nose in the air!”

When Xiang Yongzhan smiled, he sneered, “It’s also you, who won’t allow the torture, that’s why she’s so emboldened, because she saw it long ago and thought we wouldn’t do anything to her. Now you see, this hasn’t even been done yet, and she’s getting scared, that’s all this woman is, I’ve seen this kind of person a lot!”

Ji Feng nodded, what Xiang Yongzhan said was indeed reasonable.

This woman was just too stubborn and liked to play smart, which was disgusting.

“However, I’ve never seen anyone who can be so thin-skinned and ungrateful as this woman!”

Xiang Yongzhan stammered and lamented, “I’ve met many people who left their companions to run away before, but that’s because they might not see each other anymore after running away, so their psychological burden might be less, but this is the first time I’ve seen someone like Yan Hong, who not only watched her partner being tortured, but even led the trouble towards him! What a cool natured person!”

Ji Feng smiled and nodded, not to mention that he had never seen Xiang Yongzhan before.

To actually have such a cool disposition, it was evident how selfish this woman really was, and it was also enough to see how hypocritical she was.

If Qin Feiyu had found out what kind of person Yan Hong was, would he still be so infatuated with this thin-skinned and ungrateful woman?

Ji Feng thought it was unlikely!

It was evident that for so many years, Yan Hong had been disguising herself.

To be partnered with such a person, it was a miracle that Qin Feiyu still had a life to survive until now!

Of course, this was a side note that Qin Feiyu must be extremely strong and had never missed an action, otherwise with someone like Yan Hong as his partner, once Qin Feiyu missed an action, he would definitely not be able to survive.

It’s really hard for Qin Feiyu too!

Ji Feng shook his head and smiled: “Let’s go, let’s go to the interrogation room next door!”

Xiang Yongzhan smiled heatedly, "I must go and take a look, I'm sure that guy must have a wonderful expression on his face right now."

By this time, Xiang Yongzhan had fully understood what Ji Feng's plan was, and knew his intention in doing so. Before coming to interrogate Yan Hong, according to Ji Feng's arrangement, the interrogation room where Qin Feiyu was, the sound was fully turned on, and any sound from this side, Qin Feiyu could hear.

In this way, the conversations between Yan Hong and Ji Feng were certainly all in Qin Feiyu's ears.

This was why Ji Feng had said so much. Xiang Yongzhan originally knew that Ji Feng was not a person who liked to talk nonsense, and now he understood it all.

Dare I say, Ji Feng was trying to make Qin Feiyu realize the true nature of his good partner through this way!

What a pity, yo!

At this time even Xiang Yongzhan had some sympathy for Qin Feiyu, this guy had obviously been pitted quite lightly, and, moreover, by the person he loved most dearly, for many years which made it even more pitiful.

The two came from the corridor to the interrogation room where Qin Feiyu was, and as soon as they pushed open the door, they saw Qin Feiyu mixed dripping wet, and his hair dripping down.

However, what was most conspicuous was Qin Feiyu's demeanour.

At this moment, Qin Feiyu was not tied to the iron frame, because just now he had almost drowned, and in order to bring him to his senses, the two soldiers in charge of interrogating him had flattened him on the ground after lifting him out of the water, and now, after waking up, he was sitting on the ground with his body leaning against the iron frame.

However, at the moment, Qin Feiyu seemed to have lost his soul and was leaning there loosely, as if all the bones had been taken out of his body.

His whole body looked lost and lifeless!

Ji Feng and Xiang Yongzhan glanced at each other, while secretly shaking their heads, this time, Qin Feiyu had really been hit hard.

"Qin Feiyu, we meet again!" Ji Feng slowly walked over, then handed over a cigarette and asked, "Do you want one?"

Qin Feiyu slowly raised his head, and in this moment, his eyes were filled with bewilderment, and an extreme pain.

Ji Feng smiled, "Hmm?"

Qin Feiyu nodded vigorously, "Then let's have one!"

Saying that, he took the cigarette from Ji Feng's hand, and at this time, Ji Feng clearly saw that Qin Feiyu's hand was trembling as he took the cigarette.

It was evident that his heart was definitely not as calm as it appeared on the surface, and his ability to conceal his true inner thoughts was obviously far inferior to Yan Hong's.

Lighting the fire, Qin Feiyu took two strong puffs, but because he smoked too quickly, he ended up choking and curing his cough.

"Cough cough"

But even so, he was still smoking hard.

Ji Feng is also not eager to speak, the same and Xiang Yongzhan two people respectively lit a cigarette, pulled over the chair in the corner and sat down leisurely smoke.

The two soldiers in the interrogation room were standing straight, their eyes alertly looking at Qin Feiyu, as if to prevent him from getting up and hurting people.

The two men immediately sat down cross-legged and rested.

Ji Feng smiled: "You're very good to the soldiers under you!"

"That's how it is in the army, especially the combat troops." Xiang Yongzhan said, "There is no difference between noble and vulgar here, they are all comrades in arms, if being noble is all it takes to win big battles, then what is the point of having soldiers?"

"That makes sense!"

Ji Feng nodded deeply, indeed, troops are also divided into three, six and nine grades, and in combat troops, discipline may be the strictest, but the officers who can really stay in combat troops must also be the most popular.

Because no one can say, one day on the battlefield someone will take a bullet for you, so what's the reason not to treat the soldiers below you better?

"I have also taken bullets and blocked knives for her, why can't I get this kind of treatment in return?"

Suddenly, a voice came out.

Ji Feng and Xiang Yongzhan immediately looked at the voice, but it was Qin Feiyu who spoke.

He slowly raised his head and his face was full of water, unable to tell whether it was water running down from his head or tears emerging from his eyes, "Ji Feng, I know you deliberately let me overhear your conversation, right?"

Ji Feng smiled faintly and nodded very frankly, "That's right!"

"Why?" Qin Feiyu asked.

"What I want, you should understand." Ji Feng said, "I respect you as a man, so I've never used torture, especially not touching half a finger of Yan Hong! But I don't have time to keep going on with you guys like this, I have to get what I want!"

"So you let me hear your conversations, so that I would be disheartened and then tell you everything?" Qin Feiyu asked.

“That’s right!” Ji Feng nodded his head.

Qin Feiyu was silent.

After a long time, he suddenly asked, “What do I have to respect?!”

Chapter 1586

“You were willing to lay down your life to save Yan Hong, isn’t that enough?” Ji Feng asked.

In this materialistic society, there might be people who were infatuated, but there were definitely not many.

The majority of friends, basically, are involved with interests, even between husband and wife, and I’m afraid that it’s all too normal for them to go their separate ways because of interests.

This is why Ji Feng said that Qin Feiyu was a man of character.

Of course, probably in the eyes of many people, such a man was a love child, or even thought he was a fool!

But Ji Feng didn’t see it that way!

“Yeah, enough is enough!” Qin Feiyu smiled mockingly, “It’s enough, but why did I sacrifice my life to save her and all I got back was deception?”

Ji Feng stretched his hands, this question, he would not be able to answer.

It was clear that Yan Hong did not have Qin Feiyu in her heart at all, and even used him as a shield.

Besides, with Yan Hong’s selfish and cold-hearted nature, she would not be grateful even if she gave her life to her, not to mention giving up her life to save her, right?

Qin Feiyu also realized this point, he said self-deprecatingly, “In fact, you don’t have to answer I know why, the funny thing is, I actually almost died several times for her, that night when she went to assassinate you, I already had the thought of certain death

Thinking back to those days he spent with Yan Hong in the past, Qin Feiyu could not help but grin, only, his smile was filled with bitterness.

Thinking about it, all the effort he had put in over the years and all he had gotten was this kind of result, Qin Feiyu’s heart was really mixed.

If Yan Hong had been sincere to him, even if she had no feelings for him and was only based on her status as a friend, instead of deliberately using him and making him a shield, or even leading the trouble towards him, then Qin Feiyu would not have been so miserable.

Even more so, Qin Feiyu would rather be tortured to death himself than to utter a single word of complaint, as long as Yan Hong was safe and sound!

However, the reality was so cruel that Ji Feng’s conversation with Yan Hong seemed to be a vicious blow to his head, hitting him with stars in his eyes and making him lose his mind!

“Ridiculous!” Qin Feiyu let out a long sigh.

“What, do you really believe what you heard?” Ji Feng asked with a smile, “Couldn’t it be that I deliberately led Yan Hong to say those words, or, that what you heard was all faked by me?”

“You don’t need to provoke me!”

Qin Feiyu shook his head, “I’ve been with Yan Hong for all these years, I can tell if it’s her voice or not. Moreover, it’s not that I don’t notice what kind of person she is at all, I can tell if the things she says are true or not. Likewise, I can also tell if what you say is true or not!”

When he said this, he couldn’t help but shake his head with a self-deprecating smile, “It’s just that your analysis has woken me up.”

Ji Feng nodded and smiled, it seemed that this Qin Feiyu was not too stupid, in his daily dealings with Yan Hong, he finally still perceived the character of Yan Hong as a person, only, I am afraid that at that time, Qin Feiyu was also overwhelmed by his feelings, he did not analyze carefully at all, and ended up in this situation.

“Alright! Let’s leave it at that!” Qin Feiyu shook his head and made another effort to smoke, only to find that the cigarette in his hand had long been wet with the water dripping down his face.

“Here!”

Ji Feng threw another one over.

After Qin Feiyu lit it up, he took a big puff.

Ji Feng was not in a hurry, now was the time when Qin Feiyu’s emotions were at their highest, even if he talked to him, nothing could be asked, it was better to let him calm down properly, when his emotions had calmed down, it was not too late to talk again.

Qin Feiyu smoked quickly, and perhaps because he had calmed down a bit, there was a hint of blood on his face, which was much better than the miserable white face he had just had.

After a pause, Qin Feiyu then opened his mouth and said, “Ji Feng, I know that you let me see Yan Hong’s true face clearly, and you actually want to get what you want from me, right?”

“Right!” Ji Feng nodded, “I said that just now.”

“But unfortunately, I might let you be me now.” Qin Feiyu said, “But whatever I know, I’ve already explained, so it’s useless for you to ask again.”

“That’s okay, I’m not just putting my hopes on you alone either.”

Ji Feng smiled faintly, “Isn’t there another one next door? The reason why I want you to know what kind of person Yan Hong is is not all about getting something from you, more, I want you to understand that people like her are not worth working for her. Well, that’s generally it. I believe that once you know that, you won’t stop me from doing what I’m going to do next, right? This is also a little tribute from me to you!”

As Ji Feng had said, he hadn’t originally held much hope for Qin Feiyu.

With Qin Feiyu's affection for Yan Hong, after so many repeated interrogations before, what he should have explained was believed to have been explained, so there was actually not much point in further interrogation.

However, by letting Qin Feiyu know the true nature of Yan Hong, Ji Feng would have peace of mind if he tortured her again afterwards.

As for the remaining one, Qin Feiyu, then he should be locked up and killed, there is nothing to say!

Although Ji Feng heartily valued Qin Feiyu's character, he would not let Qin Feiyu go because of this, he would never do such a stupid thing as letting a tiger go back to the mountain.

"You're going to make a move?" Qin Feiyu but his face changed, then nodded: "Yes, you also gave us so long, now it's time to make a move, if it were me, I wouldn't be any more merciful Ji Feng, in fact, you can tolerate us for such a long time, I'm already very grateful. "

Ji Feng nodded slightly: "Since you can understand, that's best."

"Ji Feng, I want to ask you for one thing, and I hope you can agree." Qin Feiyu suddenly said.

"Tell me!"

"Let me go and persuade Yan Hong to cooperate with you." Qin Feiyu said, "If I can persuade successfully, you can save yourself a lot of heartache, don't you think?"

Ji Feng stared at him and frowned slightly, "I originally thought that you were just sentimental, but I didn't expect that you were also infatuated to excess, Qin Feiyu, being infatuated to excess can be foolish."

As soon as Qin Feiyu said this request, Ji Feng immediately understood his intentions.

If he could persuade Yan Hong to lower his head and give an explanation, then naturally, there would be no need to use torture, but in the final analysis, this Qin Feiyu still couldn't let go of Yan Hong in his heart.

This is a bit stupid!

Qin Feiyu smiled to himself, "Yes, but I want to be stupid this time, I hope you can give me this chance!"

Ji Feng nodded noncommittally and said, "That's fine, I hope the result won't let you down!"

"Thanks!" Qin Feiyu nodded gratefully.

He knew that Ji Feng had already tolerated and re-tolerated him, if it was anyone else, I'm afraid he would have been tortured beyond recognition, not to mention that he could still make requests now.

Soon, led by the soldiers, Qin Feiyu was taken to the interrogation room where Yan Hong was. Ji Feng and Xiang Yongzhan did not follow him in, but stood outside the door and waited.

Xiang Yongzhan asked, "Ji Feng, don't you think it's too much trouble to do this?"

Ji Feng smiled and said, "A good man does what he has to do in the end!"

Xiang Yongzhan then shook his head and stopped talking. He knew that since Ji Feng had already made his decision, it was useless to say anything else.

Time passed quickly, and in the blink of an eye, ten minutes had passed. During this time, Yan Hong's hysterical screams seemed to come from the interrogation room.

"This woman is truly superb!" Xiang Yongzhan laughed coldly, "Ji Feng, do you think Qin Feiyu's going over to persuade her will yield any results?"

"Yan Hong's character has long predestined her to be an incomparably selfish person, if Qin Feiyu goes over to persuade her, she will definitely think that Qin Feiyu has betrayed her, so do you think that she will compromise?" Ji Feng laughed.

"Hey!"

Xiang Yongzhan said mockingly, "Qin Feiyu betrayed her?"

"In the eyes of someone like her, no matter how she treats others, it's only natural and has her reasons. However, if others treat her slightly badly, she will be extremely indignant and even develop resentment!" Ji Feng said.

There was such a category of people in this world who were never self-centered and never cared about others no matter what they did.

However, if others did the same to her, it would make her jump to her feet!

This is the nature of such people!

Only, Yan Hong was the ultimate in this category, she was especially selfish!

"Just wait and see, Qin Feiyu will definitely return without any success." Ji Feng said.

Snap!

As he was speaking, the door of the interrogation room was opened and Qin Feiyu was escorted out by two warriors, only to see his face ashen, with an extremely painful look in his eyes.

Obviously, Qin Feiyu's persuasion had failed.

Seeing Ji Feng, Qin Feiyu couldn't help but sigh and shook his head.

"What else do you have to say now?" Ji Feng asked indifferently.

Qin Feiyu shook his head, "I have nothing more to say."

Ji Feng nodded slightly, "Then so be it, take him back and we'll go meet this extreme woman again!"

"Ji Feng!"

Qin Feiyu called out in a panic and looked at Ji Feng with a hint of expectation in his eyes.

"What?" Ji Feng asked indifferently.

"I have one more request!" Qin Feiyu said.

Xiang Yongzhan frowned, "Qin Feiyu, don't use other people's tolerance as your bargaining chip, you are not qualified to make any requests here!"

"I know!"

Qin Feiyu nodded and just looked at Ji Feng, "Mr. Ji, I know that once you lay your hands on Yan Hong, she will definitely be a dead end. I implore you, can you spare her life?"

Ji Feng's brows furrowed, "Qin Feiyu, you're going a bit too far. If you were in my place, would you agree?"

Yes!

Yan Hong obviously hated Ji Feng to the bone, and to spare her would be irresponsible, and no one else would have done so.

Qin Feiyu gritted his teeth, "How about trading my life, for her life, one life for one life!"

Chapter 1587

Qin Feiyu gritted his teeth, "How about trading my life for her life, one life for one life?!"

"One life for one life?" Ji Feng was stunned, "You want to use your life to exchange Yan Hong's life?"

This request from Qin Feiyu was out of Ji Feng's expectation, he meant to say that he wanted to use his life, in exchange for Yan Hong's immortality.

"That's right!" Qin Feiyu nodded his head.

"That's what you're asking for?" Ji Feng looked at him and asked with a frown.

"Yes!"

Qin Feiyu nodded, "You can do whatever you want to do to me, I only beg you to spare Yan Hong from death and not to torture her excessively"

"On what basis?" Ji Feng asked.

"Sh, what?" Qin Feiyu was stunned, not understanding Ji Feng's meaning.

"On what basis should I promise you?" Ji Feng asked.

"I'm more powerful than her, so I must be a bit more of a threat to you, and it's always better for you to take my life than hers, right?" Qin Feiyu said.

"Joke!"

Ji Feng couldn't help but snicker, "Qin Feiyu, it seems that Old Xiang was really right in that statement, you're just using the tolerance others give you as a bargaining chip! Let me ask you, since according to you, then both of you are a threat to me, why do I still have to kill one and spare the other, wouldn't it be better if I killed both?"

"This" Qin Feiyu could not help but be stunned.

In fact, he knew that his request was so feeble that there was basically no chance of Ji Feng agreeing to it, yet, he couldn't stand by and watch Yan Hong being tortured to death, so he had to plead with Ji Feng.

"Mr. Ji, do you have to drive all the people to death?" Qin Feiyu gritted his teeth and pleaded, "As long as you spare her life, you can keep her locked up and not let her out As long as you can promise me, you can even kill me now, I have nothing to say!"

"Ridiculous!"

Ji Feng's face instantly sank as he let out a low shout, "Qin Feiyu, you are simply stupid!"

"Yes! I am stupid, but, I really can't just watch her die" Qin Feiyu couldn't help but smile to himself, of course he knew how stupid he was being, but, what could be done about it?

The company has been in love for so many years, can it just give up?

Not to mention, to watch her die?

"You think I'm saying that you're acting stupidly by going to die for Yan Hong?" Ji Feng looked at him in amazement and sneered, "It seems that you are still really stupid!"

Qin Feiyu was bewildered, he didn't understand what Ji Feng meant.

"Yan Hong came to assassinate me and you threatened me with a bomb strapped to your body, now that you are both caught by me, then both of your lives are in my hands, so to speak, your lives are mine!" Ji Feng smiled coldly, "Who are you to take your life in exchange for Yan Hong's?"

"....." Qin Feiyu froze.

Yes, now that both his own life and Yan Hong's life were in Ji Feng's hands, who was he to ask for a life for a life?

Wouldn't that be the same as, one would have to take a chip from someone else's hand and come to trade with them?

No wonder Ji Feng said he was stupid!

Qin Feiyu smiled bitterly, he was indeed too stupid, he clearly had no more chips in his hands and still wanted to negotiate with Ji Feng, how was this possible?

As Xiang Yongzhan had said, just because Ji Feng was lenient with himself, it didn't mean that he could be arrogant!

"Humph!"

Ji Feng snorted coldly and waved his hand violently, "Take him away!"

"Wait a minute!"

Qin Feiyu suddenly exclaimed, "Mr. Ji, I have another chip!"

Ji Feng frowned, "A chip? ooh! Then tell me what other bargaining chip you have to talk to me!"

Qin Feiyu gritted his teeth and said, "Mr. Ji, you're right, my life is indeed in your hands, if you want me to die, I definitely won't survive. But then, I wouldn't be able to create any value for you, don't you think?"

Ji Feng said noncommittally, "What do you want to say, go on!"

"Let me serve you!"

Qin Feiyu gritted his teeth, as if he was giving up all at once, and said, "Use this life of mine to serve you! I think that with my skills and abilities, I must still be of some use to someone like you, Mr. Ji, right? As long as I'm still alive, I'll serve you, I just beg you to spare Yan Hong's life!"

Ji Feng couldn't help but look moved, he frowned and said, "Do you know, what do your words represent?"

"Of course I know!"

Qin Feiyu nodded very frankly, "It means that I may have to follow your orders for the rest of my life, I will kill if you tell me to, I will kidnap if you tell me to!"

"Then you are willing too?" Ji Feng asked.

"Willing!"

Qin Feiyu gritted his teeth, "As long as you can spare Yan Hong's life!"

"But I can't trust you!" Ji Feng said.

"What?" Qin Feiyu was stunned.

"How can I trust you?"

Ji Feng asked indifferently, "You're quite good at it, and, being a professional assassin and proficient in all kinds of assassination techniques, you're a supreme master of the dark night. If, after letting you out, you kidnap my family and threaten me to release Yan Hong, what should I do? Or, if you were obedient at first, but if I asked you to do something you didn't want to do, and you rebelled, even going so far as to kill yourself with me, then what should I do?"

"I have no reason to trust you!" Ji Feng said in a deep voice: "Therefore, I refuse your request!"

"I can swear!" Qin Feiyu said sharply.

"Do you think I believe in oaths?" Ji Feng asked rhetorically.

"....." Qin Feiyu froze.

Only after a long time did he grit his teeth and asked, "Mr. Ji, what exactly will it take for you to believe me?"

"Pop!"

Ji Feng lit another cigarette and then handed one to Qin Feiyu and said with a smile, "Qin Feiyu, you shouldn't ask me this, but you should ask yourself. What do you think, what should you do to make me believe you?"

Qin Feiyu was silent.

What should I do to make Ji Feng believe?

"Do you have one of those potent poisons, the kind that will kill you immediately if you drink it for a period of time without an antidote, and if the antidote is in your hands, you can believe me, right?" Qin Feiyu asked.

"No!"

Ji Feng shook his head, "I'm worried that you will burn the jade, if you hold the heart of certain death and hurt my family before you die, then it will be too late for me to regret."

"Then so be it, I have heard that there is a way to implant a bomb into a person's body in foreign countries, if you can get it, I am willing to accept it." Qin Feiyu said, "That's always okay, right?"

"You're talking about transforming people, right?" Ji Feng shook his head, "Sorry, there's no such technology here."

Qin Feiyu could only shake his head, "Mr. Ji, I can only think of these methods, other than that, there's really nothing I can do to make you believe me."

Ji Feng smiled, "Then there's no way to take it away!"

"Mr. Ji!" Qin Feiyu pleaded, "Couldn't you just reconsider?"

"It's because I've considered it, that's why I can't believe you." Ji Feng said indifferently.

Qin Feiyu said helplessly, "Then how will you be willing to believe me?"

"It's back to this question again!" Ji Feng smiled faintly.

"Mr. Ji, " Qin Feiyu pleaded.

"Let's put it this way, as you know, I will definitely not trust you completely. However, I can also give you a chance." Ji Feng suddenly said.

"What chance?" Qin Feiyu was overjoyed and immediately asked.

"Put on this watch." Ji Feng took the watch off his own hand and handed it to Qin Feiyu, "Without my permission, you can't leave Jiangzhou half a step, and you have to wear this watch twenty-four hours a day, so that your every move will be under my control."

"Good! I'll wear it!" Qin Feiyu practically snatched the watch away and then hurriedly put it on his hand.

"Mr. Ji, is that enough? What else do you want?" Qin Feiyu asked.

“There are no other requests!” Ji Feng said indifferently, “But I have to remind you beforehand, this watch, at any time, can monitor your every move, even every detail of your life, if you regret it now, you can still take it off!”

“I will never regret it!” Qin Feiyu said immediately.

“Good then!”

Ji Feng nodded and glanced at Xiang Yongzhan, “Old Xiang, unlock his handcuffs.”

Xiang Yongzhan waved his hand, “Open it!”

The two soldiers next to him immediately opened all of Qin Feiyu’s handcuffs and leg irons, allowing him to regain his freedom.

“Mr. Ji, then Yan Hong,” Qin Feiyu asked hesitantly.

“She can keep a life, but that’s all!” Ji Feng said indifferently.

Qin Feiyu nodded heavily, and he certainly knew very well that Yan Hong must know a lot of things, and Ji Feng was certain to get what he wanted from her, and if he couldn’t get it, Ji Feng would not rest.

Then the kind of treatment Yan Hong would receive next could be imagined.

“Mr. Ji, you can lock Yan Hong up for the rest of her life, I only beg you, be hurt her life, in addition, if you can, don’t let her suffer excessive humiliation,” said Qin Feiyu hesitantly.

Ji Feng nodded slightly: “Don’t worry, even if she doesn’t cooperate, at most she will suffer physically, and won’t do anything else excessively!”

He understood Qin Feiyu’s subtext, interrogating a woman was actually the easiest, as long as she was subjected to enough abuse, then she would naturally break down mentally and answer whatever she was asked.

However, Ji Feng would not be that cold, interrogating Yan Hong, he naturally had his methods.

Seeing that Ji Feng had agreed to do so, Qin Feiyu gritted his teeth and knelt down: “Mr. Ji, for you to agree to these demands of mine, I know that this is already the greatest forgiveness. I have no way to repay you, I can only swear to the heavens that I will be a knife in your hands for the rest of my life!”

Ji Feng pulled him up, “That’s it, listen to his words, but also observe his actions, and finally remind you once more that this watch is your biggest restriction, other than that, I won’t give you any constraints.”

“Yes!” Qin Feiyu nodded his head.

Chapter 1588

“Next, it’s time to find that Yan Hong who likes to play smart once again and have a good talk!” Ji Feng said indifferently.

Qin Feiyu’s face changed and he just wanted to speak, but he suddenly saw Ji Feng’s gaze sweeping over, the latter’s gaze was extremely harsh and his body was filled with a murderous aura, which for a moment, unexpectedly made Qin Feiyu unable to speak.

At this time, Qin Feiyu couldn't help but feel awe in his heart.

"Mr. Ji" Qin Feiyu opened his mouth and just wanted to speak, but he was directly interrupted by Ji Feng.

"I said I would leave her alive, that's what I promised you and I will do it, but I also hope you will realize your position!" Ji Feng said indifferently.

Qin Feiyu was stunned, then he nodded: "Yes!"

"There's nothing more for you here, go wait at the end of the corridor!" Ji Feng said indifferently.

"..... Yes!" Qin Feiyu took a deep breath and nodded his head.

And then, without saying another word, he just turned around and went to the end of the corridor.

Because at this moment, Qin Feiyu knew very well that Ji Feng had already made the biggest concession to him, and could even be said to be tolerant of him.

He had to know that back then, Yan Hong was going to assassinate Ji Feng, and if Ji Feng hadn't been super strong, Yan Hong might have succeeded at that time.

Anyone else, after catching Yan Hong, would never have been so tolerant.

But Ji Feng was tolerant.

According to Ji Feng, this was because he respected himself for having love and justice for Yan Hong. Although Qin Feiyu did not quite understand what he had to respect, at least, Ji Feng had really tolerated them.

However, this does not mean that Ji Feng does not have a bottom line, and it does not mean that Qin Feiyu can make demands over and over again.

In that moment just now, Ji Feng's stern eyes swept over, telling Qin Feiyu not to take an inch in everything, what should be tolerated, Ji Feng will tolerate, but if it's an excessive demand, it's better not to say a word!

After thinking about this, Qin Feiyu could only let out a long sigh in his heart, hoping that Yan Hong could realize this, otherwise, I'm afraid she would have to suffer.

Ji Feng could tolerate it, that was because he had tolerance. But that didn't mean he would be indifferent to the people who wanted to kill him!

Especially with Yan Hong's attitude, if you want Ji Feng to be pleasant to her, there is basically no such possibility.

Looking at Qin Feiyu's departing figure, Xiang Yongzhan couldn't help but look at Ji Feng strangely.

"What's wrong?" Ji Feng asked.

"Ji Feng, you're bull!" Xiang Yongzhan gave a thumbs up and sighed in praise.

"Bull what?" Ji Feng couldn't help but ask.

“It’s not difficult to make someone who had assassinated himself fall into line, but it’s the first time I’ve seen someone who can do it as lightly as you!”

Xiang Yongzhan said with emotion, “There is one thing I just can’t understand, since you want to take him in, why did you let him know that Yan Hong was using him? If you don’t let him know and directly use Yan Hong to threaten him, wouldn’t that achieve the same effect?”

If he hadn’t seen it with his own eyes, Xiang Yongzhan really didn’t quite dare to believe it.

From the beginning to the end, Ji Feng had never said that he wanted to take Qin Feiyu in, yet in the end, Qin Feiyu had become his subordinate. The process in between, Xiang Yongzhan is from the beginning to the end to see in the eyes, although the middle of the reasoning he understands, but, can do like Ji Feng such a handy, he thinks he still can not reach.

Ji Feng, however, shook his head and said: “For these two people, using one to threaten the other is only a means of interrogation at first. If you use this method to make them submit and submit to yourself, even if they do submit, do you dare to use them?”

“Then how do you dare to be sure that Qin Feiyu, after knowing that Yan Hong is using him, will not be disheartened or even become resentful and vindictive towards Yan Hong, or be bent on death, and in the end, you won’t be left with a basket full of empty water?” Xiang Yongzhan asked, “Is it that you counted from the beginning that Qin Feiyu would fall into line?”

Ji Feng smiled, “What am I asking to calculate?”

“What do you mean?” Xiang Yongzhan asked.

“The reason why I wanted to let Qin Feiyu know Yan Hong’s true attitude towards him was, on the one hand, because I saw that he valued love and justice and was still a man. On the other hand, it is also because I want to use this method to make Qin Feiyu no longer have anything to hide and tell what should be said.” Ji Feng smiled faintly, “As for whether or not he is subservient to I haven’t thought about it!”

“Haven’t thought about it?” Xiang Yongzhan was stunned.

“Let’s go and meet that thin-skinned woman again!” Ji Feng smiled faintly and turned towards the interrogation room where Yan Hong was.

“Didn’t think about it?”

Xiang Yongzhan repeated again, he still didn’t quite believe it, “Really didn’t think about it?”

Xiang Yongzhan felt that this Ji Feng guy must not have told himself the truth. He knew that from the very beginning, Ji Feng seemed to appreciate Qin Feiyu, and when he spoke, his words showed his love for talent.

To say that Ji Feng had not thought of recruiting Qin Feiyu, Xiang Yongzhan would not believe it.

If it were him, he would definitely be moved too!

Frankly speaking, a professional killer like Qin Feiyu is often more powerful than a special forces soldier in many cases.

Of course, if it was said to be a face-to-face fight, Qin Feiyu should not be as powerful as those special soldiers whose bodies were made of iron, but if not face-to-face, Xiang Yongzhan believed that Qin Feiyu was definitely more powerful than a special soldier, or at least the one who survived in the end would definitely be Qin Feiyu.

Especially those special forces soldiers who had empty kung fu but no real combat experience were far from being a match for someone like Qin Feiyu.

This Qin Feiyu, just like the White Spider, is a real expert with good hands and full experience in fighting and killing, definitely a talent!

When he saw such a person, with Ji Feng's domineering nature of wanting to grab talent when he saw it, could he not be moved?

Anyway, Xiang Yongzhan didn't believe it!

However, the more this happens, the more Xiang Yongzhan wonders, is Ji Feng really not afraid that Qin Feiyu will be discouraged and then it will be difficult to recruit him again?

The first thing you need to do is to get a good idea of what you're doing.

However, one thing was certain, Ji Feng must have wanted to recruit Qin Feiyu in his heart, otherwise, how could he allow a person who had assassinated him to stay by his side?

This is not to make yourself uncomfortable!

Since he couldn't figure it out, Xiang Yongzhan stopped pondering over the issue and he took a few quick steps to follow Ji Feng.

"By the way, Ji Feng, if you just leave him around, are you really not afraid that he will do something with the attitude of burning the jade stone?" Xiang Yongzhan suddenly asked.

This worry was also mentioned by Ji Feng before, but then, Ji Feng suddenly agreed to Qin Feiyu's request and also just gave him a watch for him to wear twenty-four hours a day, but what purpose could this serve?

Even if that watch really contained a remote-controlled bomb, he wouldn't be afraid at all if Qin Feiyu decided to kill himself with jade.

"If I was afraid, I wouldn't have agreed to his request." Ji Feng said.

"Then what are you prepared to do?" Xiang Yongzhan asked, "This is a dangerous man!"

"The moment he kneels down, he won't be dangerous anymore!" Ji Feng smiled faintly, "Especially for someone like him!"

"What does that mean?" Xiang Yongzhan asked.

“If a person is affectionate and righteous, then he will naturally be more faithful to his promises, especially, if he was once a professional killer, I believe he will be more faithful than the average person.” Ji Feng laughed.

“You trust him that much?” Xiang Yongzhan asked with a frown.

“I’m going to trust him for once!”

Xiang Yongzhan couldn’t help but shake his head, “This criterion of your judgment is too simplistic, I can warn you, don’t get hot-headed for a moment, the result may bring you unexpected consequences!”

Ji Feng smiled and nodded, “Thanks for the reminder.”

Xiang Yongzhan then shook his head helplessly and stopped talking, he kind of saw that this guy Ji Feng was determined, no matter what he said, it was useless.

However, seeing that Ji Feng was so confident, Xiang Yongzhan could only assume that he should have some kind of precautionary measures.

Of course, it would be really good if Ji Feng could really take in that Qin Feiyu.

With such a strong professional killer hiding around, plus Ji Feng’s skills, I’m afraid that he would be able to walk around everywhere.

The fact that he had the guts to use someone like Qin Feiyu, and that he had the guts to do it so openly, was something only Ji Feng could do.

Perhaps, this is also the so-called using people without suspicion, suspicious people without use?

As they spoke, they arrived at the interrogation room where Yan Hong was.

Seeing Ji Feng once again, Yan Hong’s face became particularly ugly, and his eyes were filled with resentment.

“Despicable!”

Yan Hong cursed angrily.

Ji Feng couldn’t help but be dumbfounded, Xiang Yongzhan was absolutely right, this woman really was extremely despicable.

Of course he knew why Yan Hong scolded herself so much, obviously, just now when Qin Feiyu came to Yan Hong, she had already let her know that she had played a little trick in the middle, thus making Qin Feiyu see her true face clearly and embarrassing her.

But she hadn’t thought about who the truly despicable person really was!

If she hadn’t used Qin Feiyu as a shield first, then no matter how Ji Feng played his tricks, it wouldn’t have shaken the relationship between the two of them. The fact that Qin Feiyu was able to sacrifice his life to save Yan Hong was enough to show that this person valued love and righteousness.

“After scolding for so long, isn’t it time to say something nutritious?” Ji Feng asked indifferently, “Tell us, who hired you, the process and details, and why you hate me so much!”

“Humph!”

Yan Hong snorted coldly and looked away, not answering at all.

“Fine!”

Ji Feng, however, was not annoyed at all, just smiled faintly and turned his head to ask Yong Zhan, “If I hand her over to you, no matter what means you use, by this time tomorrow, I want her to talk, it should be no problem, right?”

Chapter 1589

“Fine!”

Ji Feng, however, was not annoyed at all, he just smiled slightly and turned his head to Yong Zhan, “If I give her to you, no matter what means you use, by this time tomorrow, I want her to talk, there should be no problem, right?”

“You

Before waiting for Xiang Yongzhan to answer, just as soon as she heard Ji Feng’s words, Yan Hong’s face instantly changed dramatically.

Ji Feng’s words were tantamount to asking Yan Hong to hand over to Xiang Yongzhan and let him do as he pleased.

Yan Hong had actually felt the murderous aura of Xiang Yongzhan’s body, and she knew very well that once Xiang Yongzhan wanted to dispose of himself, it would definitely not end well!

In fact, during this period of time, Yan Hong has also seen, whether it is the interrogation torture equipment here, or the building here, more importantly, these warriors here, all like tigers and wolves, this is not at all ordinary soldiers, they are proficient in interrogation, sharp eyes, look at people without thinking will bring a murderous aura

So Yan Hong can be sure that this is definitely not an ordinary place.

The original time when there was Qin Feiyu as a shield, Yan Hong wasn’t too worried, at that time, even if these warriors were as fierce as they were, they would only use their tactics on Qin Feiyu, but they couldn’t hurt her!

Even if she used Qin Feiyu to stall for time, as long as the people behind her could get the news, she would definitely be able to find a way to rescue herself.

No matter what this place is, with the energy of the person behind them, as long as they get the news, they will be able to rescue themselves.

But now

“Ji Feng, you dare to do this to me!” Yan Hong screamed, “I won’t let you off the hook!”

“How about old Xiang, not much difficulty, right?”

Ji Feng didn't even bother with Yan Hong screaming there, he just turned his head to look at Xiang Yongzhan and asked indifferently. Now Yan Hong was just meat on the chopping block in their eyes, she was flailing about and was simply struggling to die!

"There's a bit of a problem!" Xiang Yongzhan smiled faintly.

"How so?" Ji Feng asked.

"When you say that, you're looking down on people a bit!" Xiang Yongzhan laughed lightly, "By this time tomorrow, it's more than twenty hours! How dare you ask me to use more than twenty hours to deal with such a woman who only plays smart?"

He raised his hand and looked at his watch, "It's almost evening now, so here's the deal, you come over tomorrow morning and if nothing comes of it, then I've been a soldier for all these years for nothing!"

"That's it then!" Ji Feng nodded his head and gave a laugh.

"You, you guys" Seeing Ji Feng and Xiang Yongzhan in front of him, talking about how to dispose of themselves as if no one else was around, but it was as if they didn't even see themselves, it was simply too deceptive.

What's more, this approach of Ji Feng and Xiang Yongzhan made Yan Hong feel a sense of fear in her heart.

They were really going to take action against themselves!

"In that case, then let's go!" Ji Feng said, then turned around and headed out.

"I'll leave it to you two!" Xiang Yongzhan ordered the two soldiers who remained in the interrogation room, "You heard what I said to Ji Feng just now, right? By tomorrow morning, I want her to talk, can you do it?"

"Please don't worry Captain!" The company of warriors stood up straight and responded loudly, "Promise to complete the task!"

"Good!"

Xiang Yongzhan smiled harshly and nodded in satisfaction.

"You guys, you stop right there!" As soon as she saw the two warriors' murderous appearance, Yan Hong immediately shrieked in alarm.

Xiang Yongzhan glanced at her and sneered, "Don't know whether to live or die, do you really think your master can save you? I see you still don't know Ji Feng's true identity, do you?"

"How come I don't know!" Yan Hong sneered.

"You know and still dare to do this? Then you're really just looking for death!" Xiang Yongzheng snorted and walked out with big steps.

"Stop right there!" Yan Hong shouted sharply.

But how could Xiang Yongzhan pay any attention to her? He just walked forward with big strides and walked out of the interrogation room in a few steps.

Soon, only Yan Hong was left in the interrogation room, as well as those two wolf-like Special Combat Brigade warriors.

Looking at the sharp and cold eyes of those two warriors, Yan Hong subconsciously winced as a wave of fear began to spread from her heart and instantly swept through her entire body.

Qin Feiyu knew her true purpose and would no longer be tortured in her place, while Ji Feng and Xiang Yongzhan would not even put her in their eyes, not even interested in interrogating her personally anymore, just handing her over to the two wolf-like warriors

God knows how these unbelievably rude moundbuilders would treat her?

It's not going to be easy for her anyway!

Looking at the rows of torture instruments in this interrogation room, and then looking at the cold expression of those two warriors, Yan Hong was really scared.

At this moment, she hated Ji Feng so much.

It was because Ji Feng had broken her cover that Qin Feiyu was no longer being tortured for her!

Yan Hong, however, would not have thought to look for the problem in her own body

"Oh, right!"

Suddenly, a man walked in from outside again, but it was Ji Feng who had just left.

He looked at the two soldiers and said, "Two soldiers, I forgot to emphasize that your mission is not for interrogation, but only to let her know exactly what will happen to her if she is so determined to die and not talk, I will not come over until tomorrow morning, until I come, you don't have to listen to anything she says. Just put her through the wringer!"

"Yes!" The two warriors nodded their heads.

"Then I'll trouble you guys!" Ji Feng smiled faintly.

Yan Hong's heart was horrified as she listened, damn Ji Feng, he was so venomous!

The meaning of Ji Feng's words could be telling those two warriors that before he came over tomorrow morning, even if she opened her mouth, just ignore it, just make the best of the tactics anyway!

This beast, this is to screw himself to death!

"Ji Feng! If you dare to do this to me, then someone will definitely do this to you!" Yan Hong screamed, struggling violently against the iron frame, but unfortunately, her hands and feet were chained to the frame, so she couldn't move at all, and her struggle could only be in vain!

"Then I'll wait!" Ji Feng glanced back at her and sneered, "If necessary, I can also let you speak to your master, I'd like to see if they dare to treat me like this!"

“Bastard!” Yan Hong was shocked and angry, but despite her anger, the fear in her heart was like a tidal wave that washed her anger back and forth.

Yan Hong was truly afraid.

“Go ahead and curse!” Ji Feng smiled coldly, “If you curse one more time, I’ll come half an hour later tomorrow, if you can keep cursing, then I’ll come back in a few days, I’ll drag it out for as long as I can curse! Keep cursing!”

Yan Hong’s face was bloodshot and her heart was flooded with fear.

She didn’t dare to curse a single word.

Although her heart was resentful and she wanted to tear Ji Feng apart right here and now, but at this moment, when Yan Hong heard Ji Feng’s words, she hardened her voice and just stared at Yan Hong in anger.

But underneath that angry look, there was an unconcealed panic.

“Look forward to it, you don’t have much time left anyway!” Ji Feng harrumphed and left with a big stride.

“Ji Feng! Ji Feng~~” once Ji Feng left, Yan Hong immediately shouted, but Ji Feng simply ignored her and left straight away, leaving only a terrified Yan Hong behind.

“A woman like that can be a killer?” Ji Feng had just left the interrogation room when he saw Xiang Yongzhan shake his head and snicker.

Ji Feng also laughed and nodded, this Yan Hong, too, was indeed a bit too disgraceful, she liked to play small and selfish, and could even calculate the man who was in love with her without moving, and this man, too, had been her partner for such a long time.

In reality, this woman is a typical strong woman on the outside, who looks smart on the surface, but in reality, is timid and cowardly, except for that face, which is still passable, but other than that, she is simply useless!

“But then again, the more Yan Hong is this unbearable, the more she can spit out Qin Feiyu’s toughness and excellence!” Xiang Yongzhan said, “Ji Feng, this time you took in Qin Feiyu, perhaps you picked up a treasure!”

“Red-eyed?” Ji Feng harrumphed, “Then let Qin Feiyu stay in the barracks and follow you, and you transfer another expert over to me?”

“It’s better to avoid it!” Xiang Yongzhan gave a heated laugh and waved his hand, “Every one of my experts here is a treasure, my heart is dripping with blood after you took two of them, and you still want one?”

Ji Feng harrumphed, “Alright! I won’t talk to you anymore, that woman is yours to interrogate, I’ll come back tomorrow morning.”

Xiang Yongzhan nodded and said, “Fine! I was born with a life of toil!”

Ji Feng smiled at his words and just gave Xiang Yongzhan a punch, but didn't say anything more. He certainly knew that during this period of time, Xiang Yongzhan had helped out quite a lot, which was considered to be quite enough. It is reasonable to say that even if the relationship is good, one should do something to show it, but Ji Feng has nothing to return now, so he just smiled and just took these things to heart.

If there was an opportunity in the future, Ji Feng would naturally be obliged to help out.

This, is the so-called courtesy!

"Right, those two warriors interrogating Yan Hong won't do anything excessive, right?" Ji Feng suddenly asked.

"What do you mean? What excessive things can be done?" Xiang Yongzhan frowned: "At most, they will use various interrogation methods, what else can they do other than that? I'm in a military camp here, not a bandit's den!"

"That's good!" Ji Feng nodded, interrogation was interrogation, but if he did anything too excessive, it wouldn't be good, instead he might as well just use bio-current to simulate neurotoxin and turn Yan Hong into an idiot a bit better.

"Let's go!"

When he saw Ji Feng come out, Qin Feiyu immediately greeted him, but Ji Feng ignored him for the time being and just walked outside with Xiang Yongzhan.

Afterwards, Xiang Yongzhan sent a car to see Ji Feng off.

When he arrived at the entrance of the barracks, Ji Feng also said goodbye to Xiang Yongzhan.

It was the white spider, seeing that Qin Feiyu was actually following Ji Feng's side, a calendar mane flashed in her beautiful eyes, all alert, the whole person was like a female leopard about to pounce on her prey, at any moment she might tear Qin Feiyu to pieces

Chapter 1590

Qin Feiyu was instantly and secretly alarmed.

The white spider gave him an extremely dangerous feeling, even though he had already seen it once last time in the cafe opposite Rong's Ventures and knew that it was strong.

But this time, his sense of danger was even stronger than before.

It was clear that once the White Spider had developed hostility, it made Qin Feiyu feel a great deal of pressure.

It seemed that last time in the cafe, the White Spider had not revealed its true strength!

Qin Feiyu could not help but feel a sense of awe in his heart. With such an expert by Ji Feng's side, plus his own strength, if he wanted to assassinate him, he would be lucky not to be caught by him unless he had gone through a thorough planning process and ensured that not even a single accident occurred during the assassination.

At this moment, Qin Feiyu had also realized that it was a wrong decision for him to take up this mission from the very beginning.

Ji Feng pulled open the car door and was just about to get in when he immediately saw that White Spider was confronting Qin Feiyu.

“White Spider, drive!” Ji Feng said.

“Young Ji, this person!” White Spider’s eyes were sternly fixed on Qin Feiyu, preventing him from making any moves, as long as Qin Feiyu made the slightest movement, White Spider would immediately strike.

“It’s okay, he’s not the same killer now.” Ji Feng said.

White Spider gave Qin Feiyu a deep look and said in a deep voice, “Flying Fish, I don’t know how you managed to obtain Young Ji’s forgiveness, but since Young Ji has asked you to follow, that’s trust in you, if you fail to live up to that trust I will definitely finish you off with my own hands!”

Qin Feiyu frowned fiercely, “How do you know the name Flying Fish?”

The white spider snorted coldly and did not answer him, just pulled open the driver’s door and got straight in, starting the car.

Qin Feiyu touched his nose, but he only smiled bitterly.

He certainly knew that with his status, even if Ji Feng trusted him, these people around him would definitely not trust him so quickly, and would even be hostile because of his previous behaviour.

So Qin Feiyu didn’t mind White Spider’s indifference and threats, he just nodded and said, “Please don’t worry, I know what to do!”

“Alright, get in, you take the passenger seat!” Ji Feng said.

“Yes!”

Qin Feiyu nodded and pulled open the car door and sat in the passenger seat. But soon, Qin Feiyu felt a little uncomfortable.

Although the white spider was concentrating on driving and didn’t even look at him, he didn’t know what was going on, but Qin Feiyu felt a sense of danger hanging over him, a pressure brought by the white spider!

Qin Feiyu’s heart was aghast, the white spider was really strong!

Moreover, at this moment, Qin Feiyu was also a bit confused, the white spider actually knew his nickname?

However, if the White Spider did not speak, Qin Feiyu could only sit in the driver’s seat and keep his mouth shut, in fact, at this time, Qin Feiyu was not in the mood to speak either.

Although he had used his own life to exchange for a way out for Yan Hong, he knew very well that even if Yan Hong lived, she would definitely not live too comfortably unless she could give an account of what Ji Feng wanted as soon as possible.

“I just hope that she will understand her situation and stop playing those little smart tricks,” Qin Feiyu secretly shook his head.

Originally, Qin Feiyu thought that he still understood Yan Hong’s character, but since Ji Feng had revealed her true nature, Qin Feiyu knew that what he had known before was all false, what Yan Hong was really a person of character, there was no need to say more, those notes of her behavior said it all.

If she dares to play those little tricks again, I’m sure Ji Feng won’t show any mercy.

Don’t ask for trouble!

Qin Feiyu couldn’t help but sigh lightly in his heart, he knew she was that kind of person, but he still couldn’t help but worry about her, it was really

It’s just that!

The actual fact is that you will be able to get a lot more than just a few of these.

So be it!

Qin Feiyu looked back at the gate of the military district again, sort of giving a complete goodbye to the past experience!

.....

On the road, Ji Feng sat on the back seat of the car, holding his arms and closing his eyes to recuperate. The actual fact is that he has been observing Qin Feiyu, from a person’s unconscious actions, is able to probably infer what is in the mind of this person at the moment, the so-called look at the colour, in fact, is also such a meaning.

The first thing you need to do is to look back at the barracks, and then the look on your face gradually becomes firm, Ji Feng can’t help but smile slightly, it seems that Qin Feiyu is not as indecisive as he appears to be, this is also considered a more courageous person.

In fact, this is normal, after all, Qin Feiyu is a killer, if he does not have a bit of decisive decision, he will not be a killer for a long time.

The reason why Qin Feiyu was so indecisive before was probably because he was too deeply in love with Yan Hong.

“White Spider, pull over in front!” Ji Feng suddenly said.

“Yes!”

Bai Spider reacted extremely fast, Ji Feng spoke very suddenly, if it was a normal person he would have been stunned, but Bai Spider reacted immediately.

The car slowly stopped at the roadside and White Spider said, “Young Ji, what’s wrong?”

Ji Feng waved his hand and didn't say anything, he just took out his cheque book from the bag he had with him, then filled out the cheque with a swish, tore it off and handed it over.

"Qin Feiyu, this is for you, take it!" Ji Feng said.

Qin Feiyu subconsciously took it, "What?"

When he looked clearly at the cheque in his hand, he was instantly stunned: "Mr. Ji, you are"

"As I said before, for the time being I can't trust you, so you can't keep following me around!" Ji Feng said very frankly.

Qin Feiyu nodded his head, he naturally understood Ji Feng's concerns.

No matter who else would have done this, letting a killer who had tried to assassinate himself follow him around and holding him hostage would definitely hurt his family if the other party wanted to kill him with jade.

If Qin Feiyu was Ji Feng, his wariness might be even greater than Ji Feng's, or at least, he should have given the other party some poison, or some more means of control to be sufficient.

"So, my request is simple, without my permission, you can't leave Jiangzhou, take this money, it's enough for you to live for a while." Ji Feng said.

"Then what do I have to do?" Qin Feiyu asked.

"First, find a place to settle down so that I can find you at any time, otherwise, make your own arrangements!" Ji Feng said.

"I understand!" Qin Feiyu nodded, "I still have some savings, so this money"

"Want to be self-reliant?" Ji Feng asked.

Qin Feiyu choked for a moment before nodding and putting the cheque in his pocket, "Alright then, thanks a lot Mr. Ji."

"That's it then, if there's anything in the future, I'll contact you!" Ji Feng said, "If you have any urgent matters, you can also contact White Spider directly."

"Yes!"

Qin Feiyu nodded his head.

And then, Qin Feiyu got off here at the roadside, watching White Spider drive away, he couldn't help but let out a light sigh.

From today onwards, he would have a different life.

However, this was good, it would save him from wandering around, and he would be considered settled.

As for Ji Feng's arrangement, Qin Feiyu understood it very well, he knew that Ji Feng would not really trust himself until he had used actual actions to surface his heart.

Now that Ji Feng was able to let himself go with confidence and just gave himself a watch, this was actually considered enough trust.

You know, even if this watch contained a miniature bomb, if Qin Feiyu wanted to, he could take the watch off at any time, and even if Ji Feng found it, it would take some time until he detonated the bomb, which was enough to escape himself.

So this watch was not a constraint at all, and Ji Feng had shown enough trust and tolerance towards him.

I am afraid that the reason why Ji Feng did not allow himself to follow him around was also for the sake of his family.

Qin Feiyu had no opinion on this, whether Ji Feng trusted him completely or not, he didn't care too much, as far as it was concerned, it was just a deal.

The only thing is that Qin Feiyu's bargaining chip is that he will work for Ji Feng for the rest of his life.

There would always be opportunities for him to perform in the future, and besides, he only had to do what he needed to do.

In fact, at this time, neither Ji Feng nor Qin Feiyu had a good position on this relationship between them.

Now Ji Feng also will not think that in the future Qin Feiyu will become his right arm, Qin Feiyu will not think that from this time onwards, his life has changed a way of living

.....

This day, just like this, passed.

When Ji Feng arrived at the barracks again the following morning, Xiang Yongzhan was already waiting for him.

Xiang Yongzhan didn't let him down, and as soon as they met, they told him a good news: "That woman is willing to recruit!"

"Is that so?"

Ji Feng smiled, "Go over and take a look."

The duo once again went to the interrogation room and met Yan Hong.

This time Yan Hong seemed to have become much more honest, her hair was a bit messy and her body was wet, and that was not all, her face was even paler, barely a bit of blood could be seen, and her eyes were full of blood.

Yan Hong's eyebrows were even more haggard and tired, and she indeed looked like she had been tortured quite badly.

As soon as she saw Ji Feng enter, a strong hatred flashed in her eyes, but more than that, it was still fear.

When he saw her stern look, Ji Feng smiled faintly, he was right, this woman could at most play a little smart and play a little trick on her own people. She is not as tough and stubborn as she appears to be.

She's not as tough as she seems.

"Willing to talk now?" Ji Feng asked indifferently.

"Ji Feng, if I say it, can you stop torturing me?" Yan Hong said through clenched teeth.

Ji Feng immediately frowned, looked back at Xiang Yongzhan and snorted, "Old Xiang, she still knows how to talk about conditions, it seems that your work has not been done properly!"

Xiang Yongzhan's face darkened and he glared at the two soldiers, "Is this how you do your job?"

The two soldiers instantly looked at Yan Hong with a fierce glint in their eyes.

The latter's body trembled and she hastily shouted, "I'll tell you! I'm willing to talk!"
