Chapter 1599

Li Zaimin and his party finished visiting the factory production workshop, and after that Li Zaimin did not act too excessively, but when he spoke, he still called Yu Xuan in one breath, which made Xiao Yuxuan's eyebrows frown slightly from time to time, but it was not good to say it explicitly, and could only politely remind.

But this Li Zaimin seems to be unable to understand the general, when speaking or directly address Yu Xuan, so that several staff members of the Tengfei Group are slightly displeased.

However, Li Zaimin had a gentle smile on his face as he spoke, appearing gentle and elegant, making it difficult for people to get angry. Coupled with the fact that he himself was a Kerry man, to outsiders this was probably because he was not too proficient in the Chinese language, so no one took offence to him in general.

Xiao Yuxuan herself, after politely reminding him a few times, found that Li Zaimin did not seem to understand, so she could not say anything more directly and had to leave it at that.

The first thing you need to do is to get a good idea of what you are getting into.

The actual fact is that you will be able to find out more about the actual actual situation.

However, this Li Zaimin seemed to know how to advance and retreat, and did not act excessively at all next!

Ji Feng laughed, he was sure that there must be a high level person behind this Li Zaimin.

The person who instructed Li Zaimin knew the habits and character of Chinese people very well, for example, the other party knew that Chinese people would definitely not be angry over a name, but might be upset by other excessive actions, therefore, Li Zaimin grasped this critical point very precisely.

Not only did he succeed in bringing Xiao Yuxuan closer to him in terms of name calling, but he also used his gentle manner to make everyone in the Tengfei Group unable to feel ill-will towards him.

This is the level!

At this time, Ji Feng wanted to meet this high level person who had instructed Li Zhaimin.

It was very likely that this person was a Chinese, and if he was a Kerry, then he must also be a Kerry Chinese Tong.

If he hadn't lived in China for many years, he wouldn't have been able to grasp the character of the Chinese people so accurately.

After sitting in the meeting room for a short while, it was already time to eat. Xiao Yuxuan had already arranged for lunch in advance, so the party took a car and went directly to the restaurant, ate and drank to their heart's content, and then the Four Star Group party also proposed to say goodbye.

This was out of Xiao Yuxuan's expectation, given Lee Jaemin's previous behaviour, how could he have left so quickly?

Li Zhaemin said with great regret, "Yuxuan, this time it is also because the schedule is too tight and the time is too hasty, otherwise, I really can't afford to part with you so soon"

"Tengfei Group welcomes your group's visit anytime!" Xiao Yuxuan made a polite remark. What she said was to welcome the Four Star Group instead of welcoming Li Zhaemin, which was actually a euphemism for telling Li Zhaemin that she had to keep a certain distance.

However, Lee Jae Min did not seem to understand, but nodded his head very happily and said, "That's really great, Yuxuan, then I will definitely come often in the future."

"....."

Xiao Yuxuan smiled and did not say anything.

After that, Li Zhaemin and his group left in a car, and Ji Feng and Xiao Yuxuan stood on the steps at the entrance of the office building, watching their group leave.

"Finally gone"

Xiao Yuxuan couldn't help but sigh in relief and shake her head slightly.

Li Zemin's behavior really makes Xiao Yuxuan some headache, you have to say he is excessive, he prefers not too excessive, but, he bites a Yuxuan, but the call is angry and helpless.

For a while, Xiao Yuxuan really had no way to deal with this.

Now that Li Zemin and the others had finally left, Xiao Yuxuan was relieved. If she could, she really didn't want to deal with it like this, but she couldn't help it, in business, she definitely needed to entertain, not to mention that the Tengfei Group was getting stronger and stronger, and now there were many companies begging the Tengfei Group for cooperation.

Under such circumstances, Xiao Yuxuan could appropriately send some of the group's senior executives to receive them directly.

But in reality, dealing with a mega group like the Four Star Group, Xiao Yuxuan or Han Zhong would have to step in, and now that Han Zhong was not feeling well, this task would have to fall on Xiao Yuxuan's shoulders.

Ji Feng, however, looked at the gate thoughtfully and could not help but shake his head and smile.

"What are you laughing at?"

Xiao Yuxuan asked.

Ji Feng couldn't help but laugh, "This Li Zaimin has really worked hard to learn to speak Chinese!"

Xiao Yuxuan was slightly stunned and asked, "What do you mean?"

"Think about it, when he normally speaks in Mandarin, he is still more or less stumbling and often uses the wrong words, but once he speaks to you that is different, his words are fluent and his diction is magnificent, he is almost like a poet!" Ji Feng said with a heated smile.

Xiao Yuxuan also could not help but lightly shake her cicada head, she naturally also felt that Li Zaimin must have repeatedly practiced those words before coming, and even Xiao Yuxuan guessed that it was estimated that Li Zaimin had memorized some of the words and sentences that might be used, repeatedly before!

“He’s coming specifically for you!” Ji Feng said.

Li Zhaimin came here to visit, of course, to cooperate with the Tengfei Group, but after he came, he seemed to be aimless, even when he visited the production workshop, he was not too serious, as if he could look at it or not.

This means that he did not attach much importance to the visit, and even at the end, he only mentioned in general terms about cooperation, but he did not say anything about how to cooperate, or whether to cooperate in the electronic products or pharmaceutical industry.

It was a bit unlikely that he really wanted to cooperate.

What does it mean when you come all the way here and don’t want to cooperate?

If Li Zhaimin had come all the way over, he could only be here for Xiao Yuxuan.

“The first thing I can think of is that this Li Zaimin is after you. Well, that’s a good idea. The first thing you need to do is to discuss it behind closed doors.” The corners of Ji Feng’s mouth pulled up a slight curve, “That’s a good idea!”

“Fuck you, what are you talking nonsense about!” Xiao Yuxuan gave him a white glance.

“Don’t believe it yet, eight out of ten`nine of my guesses are right!” Ji Feng said with a heated smile.

“Then you just watched your girlfriend being chased by someone and you were indifferent instead?” Xiao Yuxuan asked.

“You wouldn’t look at these Kerry sticks even if you looked at anyone, OK!” Ji Feng laughed.

Xiao Yuxuan then shook her head, “You~!”

The two joked and laughed as they returned to Xiao Yuxuan’s office, while several other staff members of the Tengfei Group were a little curious and looked at Ji Feng a few more times, they were indeed rather curious.

Although they had seen Ji Feng a few times in the office building before, no one had ever thought that he would actually be the boyfriend of General Manager Xiao.

Chief Xiao was so beautiful, and everyone would usually quietly talk occasionally about who would be so lucky to find a woman like Chief Xiao as a girlfriend, but only now did they realise that this young man who would occasionally come to the office was Chief Xiao’s boyfriend.

“See, Chief Xiao’s boyfriend is really a handsome guy eh!”

“Yeah, I think he’s much more handsome than that Lee Jae-min just now, that Lee Jae-min, he’s purely a white boy, looks like he’s malnourished”

Puff~~!

A few other people couldn't help but laugh.

"The other guys couldn't help but be impressed. Nowadays, it's all the rage to be a pseudo-girl!"

"What kind of showiness is that? A little white boy is that!"

"Hey, have you noticed, this boyfriend of Mr. Xiao's seems to be a bit soft in character, that Lee Jae Min is so over the top, he actually didn't say a word"

"What can he say? Could he just go up and beat Lee Jae-min up? The company's business is not wanted?"

"That's true"

.....

The discussion of these few staff members outside did not affect Ji Feng and Xiao Yuxuan, they naturally had a good idea of what kind of person Li Zaimin was.

In fact, not to mention that Li Zaimin is a showy and handsome man, even if he is so handsome that people dare not look at him directly, Xiao Yuxuan will not have any moving thoughts, she has long passed the kind of nymphomaniac age where her eyes go straight at the sight of a handsome man, not to mention, what kind of mind this Li Zaimin is playing, Xiao Yuxuan may not be unaware of.

How could she possibly be fooled by a Kerry man?

That would be too ridiculous!

The main consideration now was whether to cooperate with the Four Star Group or not, and how to cooperate.

This was an important strategic step in relation to the Tengfei Group's push into the international arena, and Xiao Yuxuan had to be cautious and consider it carefully, not even the slightest bit of negligence.

Because this is really too important for the Tengfei Group.

Today's Tengfei Group, with total assets adding up to more than two and a half billion dollars, has not been listed so far.

But in the eyes of a giant like the super 100 billion Four Star Group, twenty five billion is really not too much, and they can be completely out of sight.

Therefore, in order for the Tengfei Group to achieve leapfrog development and go international, this step is really important.

Only when it is pushed internationally will the Tengfei Group have the capital to compete with those giants!

Because Han Zhong's body has not yet fully recovered, so Xiao Yuxuan and Ji Feng only briefly discussed a few sentences and stopped talking about it, anyway, now there is only such a preliminary strategy, to the specific operation there is still a process to go, for the time being, there is no need to rush too much.

“Ding

The phone on the desk rang, Xiao Yuxuan casually connected: “Tengfei Group, who is it?”

After hearing the person on the phone say a few words, Xiao Yuxuan’s eyebrows knitted together, “Manager Li, you’re looking for my boyfriend?”

Chapter 1600

“Looking for me?”

Ji Feng couldn’t help but raise an eyebrow next to him, listening to what Yu Xuan called him, this person who called should be Li Zhaemin, and he seemed to be looking for himself?

Sure enough, after Xiao Yuxuan said a few words into the phone, she hung up the phone and said, “Ji Feng, Li Zaimin wants to see you.”

Ji Feng smiled, “How can I see him? Let me go to him?”

Xiao Yuxuan nodded and said, “He said he’s waiting outside.”

“Bullshit!”

Ji Feng snorted and said mockingly, “What, he’s waiting outside and I have to go over there? If you want to see me then come straight here!”

This Li Zaimin, he really doesn’t know what’s good for him, he really thinks he’s one of his men?

One phone call to summon him, and he has to go over there like a bolt out of the blue?

What a load of crap!

Xiao Yuxuan was also a bit dissatisfied, Li Zaimin was really excessive, not to mention that the two sides only had an intention to cooperate, but otherwise there was not even a tangible move, even if the two sides had really cooperated, they could not call Ji Feng over with just one phone call!

“Then don’t go!”

Xiao Yuxuan said somewhat angrily, “I’ll call him right now and tell him you’re not available!”

Ji Feng waved his hand and said, “Just ignore him, if he’s willing to wait, then go ahead and wait.”

Xiao Yuxuan lightly shook her cicada: “It’s better to make a phone call, if we let him wait there empty, it will be awkward to meet again in the future, we can’t let the relationship fall apart because of this matter.”

“That’s true.” Ji Feng gave a smile.

This meal should have been eaten and money spent, even if he really wanted to flip with Li Zhaemin, it would have to wait until he got his money back.

Xiao Yuxuan picked up the phone and called Li Zaimin, telling him that Ji Feng was very busy and did not have time to go out, although her words were still euphemistic, but the meaning was clear.

Hanging up the phone, Xiao Yuxuan said, "Alright, I'll talk to him."

Ji Feng shook his head and said, "This Li Zaimin, really treats the Four Star Group as his own family, see, this is the Kerry people!"

Xiao Yuxuan then pursed her lips and laughed lightly, she had always known that Ji Feng was upset with both the boundary tent people and the Kerry people, to hold out until now today without having a fit, that was already very dignified.

"Also I think ah, this time the cooperation is also a bit hanging." Ji Feng suddenly said, "For the time being, we still need to focus mainly on the domestic market, first firmly grasp the domestic market, as for foreign countries, we can slowly look for partners, never rush into anything."

Xiao Yuxuan nodded her head, she also meant the same thing.

In fact, whether it was to cooperate with domestic companies or those big multinational giants abroad, the Tengfei Group had the capital to negotiate.

Leading-edge technology, this alone is enough for the Tengfei Group to take the initiative.

With leading-edge technology, the Tengfei Group would be able to work with any company on an equal footing with them and would definitely not be begging for cooperation.

However, since there are other companies visiting, they should be entertained, this is a tradition in China.

But today, these people from the Four Star Group did not behave too well, which made Xiao Yuxuan's enthusiasm take a blow. Just imagine, she had welcomed the other party with a warm and hospitable attitude, but as a result, the other party still had a feeling of being superior, and even did not appreciate it too much.

That's a bit much.

So now Xiao Yuxuan's interest in working with foreign giant companies has diminished considerably.

These giant companies all have that sense of superiority from on high, even a small employee in the other company actually has a feeling of looking down on her when she faces them.

How could she say that she was also the boss of the Tengfei Group, right?

Even if the Tengfei Group was not as good as those multinational giants, how could she be better than a small employee?

If it wasn't for her good connotation, Xiao Yuxuan would be pissed off enough now.

"Don't think so much, it's naturally good if we can cooperate, if we can't, it's not much loss to us, it's not like the Four Star Group is the only one doing electronic products, we're the one taking the initiative now, don't get this position backwards." Ji Feng said, "If we can't, we will develop the international market ourselves, as long as we have products, we are still afraid of not having a market?"

Xiao Yuxuan nodded, "That's what I said, but if we develop the market ourselves, it will take a long time."

The reason why she wanted to open up the international market as soon as possible, preferring to cooperate with other companies and share some of the benefits out as well as find a way to promote the products internationally, was actually still because of Ji Feng's desperate desire to make the Tengfei Group bigger as soon as possible.

And Xiao Yuxuan also knows that don't look at Ji Feng now looks very relaxed, but in reality, he is under a lot of pressure.

During a casual conversation at home Ji Feng had told her that there was now some movement in South Guangdong, the Brilliant Group, and second uncle Ji Zhenguo hoped that Ji Feng could take the project into South Guangdong when conditions allowed, which meant that he hoped that Ji Feng could go there and do something.

But if he didn't have enough strength, it would be useless even if Ji Feng went there. He couldn't stop the cooperation between the Brilliant Group and Boundary Tent Enterprises just by himself?

It is now a market economy, and as long as both parties are willing to cooperate, no one can stop such a purely commercial act.

In a word, to beat iron, one needs to harden oneself.

If you want to go to Southern Guangdong and stir up the rain, you must have the ability to stir up the storm clouds, otherwise, it will only be Ji Feng who will suffer in the end.

"This can't be helped!" Ji Feng shook his head and smiled, "We are limited in our ability, we may not be able to manage it, what's more, the earth is spinning the same without anyone, if we don't intervene, there may be others who will step in, the country will definitely not stand by and watch the Brilliant Group hold so many important strategic resources in their hands, all falling into the hands of the boundary tent people."

Xiao Yuxuan nodded slightly.

"What's more, if we want to mind our own business, we always need to be strong ourselves first, and this is not something that can be rushed." Ji Feng said, "I've discussed this issue with Han Zhong before, now our strategy is to develop steadily and seek speed again in stability, don't expand blindly."

Xiao Yuxuan nodded thoughtfully and asked again, "But second uncle's side"

"You don't have to worry about second uncle's side, he sees it more thoroughly than we do." Ji Feng laughed, "Yu Xuan, I feel that you may have walked into a misunderstanding, you are the boss of the Tengfei Group, then the first thing you have to consider is how to develop and grow the Tengfei Group and make more money, other than that it is all unprofessional!"

"I'm still not doing my job?" Xiao Yuxuan cried and laughed.

"Then what do you say!"

Ji Feng chuckled, "You develop the company well before you can consider the rest, not for the sake of doing other things, which is why you are desperately trying to develop the company, this order must not be messed up."

Xiao Yuxuan was thoughtful.

“Okay, don’t think so much, after being busy for so long, take a rest first.” Ji Feng patted the sofa beside him.

Xiao Yuxuan pursed her lips, came to sit next to him and asked with a smile, “You weren’t angry when Li Zhaemin spoke to me like that just now, were you?”

“What do you think?”

Once this was mentioned, Ji Feng couldn’t help but sneer, “If that kid was actually pursuing you, this I can understand, but hum!”

Ji Feng remembered that greedy gaze in Li Zhaemin’s eyes again, and he sneered in his heart.

“Okay, just don’t be ordinary with him.” Xiao Yuxuan giggled.

“You just laugh!”

Ji Feng gave her a scratch on her nose.

After staying at Tengfei Group for a short time, Ji Feng received a phone call from Li Ruo Nan, saying that she had found out information about Hao Tai Hotel, but since her status was that of a police officer, it was a bit inappropriate for her to help Ji Feng to investigate others privately, so this information could not be sent to Ji Feng directly through email, instead, she had to let Ji Feng go and get it directly.

Ji Feng then wondered if Li Ruonan was deliberately making herself run.

Not to mention that she was a police officer herself, but with her status alone, who would even bother to vet her?

Of course, Li Ruonan was so cautious in her actions, and Ji Feng appreciated it. It is always good to be cautious, not to be afraid of one thing.

It’s just that since Ji Feng came to the company, he always wanted to spend more time with Yuxuan, but now it seems that it’s necessary to go.

Once Ji Feng told Xiao Yuxuan about the matter, she was very supportive: “Go ahead and pay attention on the way. Han Zhong can’t be backstabbed for nothing, and you, as his friend, should indeed take this out for him.”

“With your encouragement, I am full of energy, well, the person who assassinated Han Zhong is out of luck!” Ji Feng harrumphed.

“Virtuous!”

Xiao Yuxuan gave him a blank look.

Ji Feng chuckled and left the office, taking Han Zhong with him to drive to the city bureau.

“Young Ji, look~!” The car had just driven out not too far when White Spider suddenly said, “Isn’t that the Kerry man who came just now in front?”

“Where?”

Ji Feng jerked his head up and followed the white spider’s gaze and looked over, and immediately found that a commercial vehicle was parked on the roadside not far ahead, and a young man was leaning against the side of the vehicle smoking a cigarette.

At this time, Li Zaimin also saw Ji Feng from the car window, he jerked forward two steps and waved his hand vigorously, signaling Ji Feng to stop.

Ji Feng couldn’t help but frown slightly, just now Yu Xuan had made it clear to him, why hadn’t he left yet?

“Young Ji, should we stop the car?” White Spider asked.

“Pull over!” Ji Feng nodded, since Li Zaimin was still waiting here, let’s meet him, Ji Feng would like to hear what this guy wants to say.

White Spider nodded and complied, pulling the car over to the side of the road not far from Li Zaimin, then he stared at him warily.

“Mr. Ji, you’re here.”

Ji Feng opened the door and got out of the car, and Li Zhaemin still had a gentle smile.

Just

Ji Feng frowned slightly, Li Zaimin’s tone, but how did he sound like he was receiving his own men?
