

Campus Master 1601

Chapter 1601

“You’re waiting for me here?” Ji Feng asked indifferently.

Li Zaimin sounded as if he was receiving his subordinates, and Ji Feng asked instead of answering, also as if he was asking in a condescending manner, what, afraid that I wouldn’t see you, so he waited here halfway?

In this way, Li Zaimin had the feeling of being a deadbeat instead.

So, the gentle smile on Li Zhaemin’s face just froze, his brow furrowed as he glanced at Ji Feng, looking somewhat dissatisfied.

“Mr. Ji, I’m looking for you because I have a few words to talk to you.” Li Zhaemin said.

“You’re looking for me?”

Ji Feng couldn’t help but chuckle.

“That’s right, I’m looking for you, aren’t you here now?” Li Zhaemin’s chin was slightly raised and he almost looked at people with his nose, “Come with me, let’s talk.”

Ji Feng raised his hand to look at the time and said, “That’s fine. But I only have ten minutes.”

“.....”

Even though Li Zhaemin was well educated, he could not help but be angry and his face darkened.

He looked at Ji Feng in a condescending manner, wanting to overwhelm him in terms of aura as soon as he came up, but he didn’t expect that Ji Feng was actually more condescending than him, and even, Ji Feng’s just light words were like giving Li Zaimin a blow to the head.

The two kept exchanging words, but Li Zaimin could not get the upper hand. Finally, Ji Feng just casually looked at the time, and with such a move, he pinned Li Zaimin down.

Li Zaimin was then suffocated, but he couldn’t stop talking because it was indeed he who had something to say to Ji Feng.

“Say it!”

Ji Feng raised his hand again and looked at the time.

Li Zhaemin choked again, he almost didn’t break into a cuss, you’re just Xiao Yuxuan’s boyfriend, what’s the point of being busy, can you be even busier than me, the branch manager of a multinational conglomerate?

But seeing Ji Feng’s bland look, Li Zhaemin could only grit his teeth, forcibly suppress his anger and said, “Ji Feng, I want to know what you do for a living!”

Ji Feng frowned: “What for, could it be that all Kerry people are more interested in investigating household accounts?”

“I’m not trying to check your account.” Li Zhaemin said, “I just want to know what kind of work you do, what your future is like, how much income you have, and what step you can make in the future!”

Ji Feng then shook his head, he was saying this to a cow, in the end, this guy couldn’t understand what he meant.

“Well, I also have a question for you” Ji Feng shook his head helplessly and asked, “I am curious to know, what is the purpose of you asking me this question?”

“I just want to tell you that it’s fruitless for you and Yu Xuan to be together!” Lee Jae-min said.

“What the hell?” Ji Feng was stunned.

“Please leave Yu Xuan.”

Li Zhaemin said very seriously, “The two of you together will not have any results, and if you separate, it will be better for you, and for Yu Xuan, especially for Yu Xuan.”

An extremely surprised look gradually appeared on Ji Feng’s face as he looked at Li Zhaemin in consternation and asked with extreme surprise, “Li Zhaemin, did you go out and take the wrong medicine, or did I hear you wrong? Are you all right?”

“Nothing is wrong with me, I just have to tell you that if you have any sense, you’d better leave Yuxuan immediately!” Lee Jae-min said.

“Shit!”

Ji Feng couldn’t help but burst out a foul mouth, he didn’t even know what to say.

Originally, when Li Zhaemin was looking for him, he thought that the other party had something important to do, but Ji Feng could never imagine that this guy was looking for him and was specifically coming to tell him that it was inappropriate for him to be with Yu Xuan?

What kind of fucking international joke was this?

“You’re in a hurry to see me just to talk about this?” Ji Feng asked.

“That’s right!” Li Zhaemin nodded his head.

“So you’ve finished now?” Ji Feng asked again.

“..... is finished.”

“Then that’s it.” Ji Feng finished speaking and turned around to leave.

Li Zhaemin was instantly anxious: “Hey, you, you haven’t given me an answer yet!”

Ji Feng turned around sharply and shouted lowly, “Shut up!”

Lee Jaemin was suddenly taken aback and fiercely set up his fists in an attack stance, “Ji Feng, you better be cooler, I’m a black belt in Taekwondo!”

“Black belt”

Ji Feng glanced at him and almost didn't sneer out loud.

At first in school he beat up a foreign student from Kerry with three punches and two kicks, and that guy was also a black belt. Now Lee Jae-min was actually showing off his taekwondo kung fu, what a

"Li Zaimin, we have a saying in China, today I give it to you where to stay cool!" Ji Feng said indifferently, "Don't play those tactics, it will only make people laugh."

"You are weak-minded!"

Li Zaimin said confidently, "You're ashamed and angry because I was right. You don't have a good future, you don't have the ability, you will only drag her down with you and with your Chinese words, you will be poked and prodded by people even when you walk outside because you are a little white boy!"

Ji Feng looked at Li Zhaemin speechlessly, this guy couldn't be out of his mind, could he?

"Hey! Ji Feng, if I were you, I would definitely make a very wise choice, leave Yu Xuan immediately, as far away as possible, and find a woman that suits you, that's the wisest thing!" Li Zhaemin spoke eloquently, "There is a big difference between you and Yu Xuan, I hope you can think it over."

Ji Feng frowned and stared at Li Zhaemin for half a day before shaking his head helplessly, "I don't need you to worry about what consequences I have with Yu Xuan, do I?"

"Of course I need to care!"

Lee Jaemin said very rightfully, "Because I'm the one who is most suitable for Yuxuan!"

"Fuck!" Ji Feng couldn't help but curse in his heart, this son of a bitch really took him for an onion, and he was the most suitable

"Ji Feng, that's all I have to say. I hope you can recognize yourself clearly and think it over!" Li Zhaemin looked as if he was looking down on Ji Feng, "From today onwards, I will pursue Yu Xuan, I think, the gap between the two of us, I don't need to say more, right? Do you think that you have a competitive edge compared to me?"

"Kid, do some soul-searching!" Lee Jae-min casually took out a cheque from his pocket, "This is a cheque with no numbers filled in, take it and fill it in as you see fit!"

Swish!

The cheque was thrown at Ji Feng's face by Li Zaimin, and Li Zaimin himself looked even more condescending, almost about to look at Ji Feng with his nostrils.

Boom!

As soon as Bai Spider, who was waiting in the car, saw this situation, her pretty face chilled and she quickly opened the door and got out of the car, coming to Ji Feng: "Young Ji, I'll clean him up!"

Li Zhaemin tilted his head, took a step back and pulled back, about to prepare to make a move.

"Forget it!"

To Li Zhaemin's surprise, Ji Feng stopped the white spider, and instead of getting angry, he even grinned.

“Li Zhaemin, now I really want to meet the person who is giving you advice behind the scenes!” Ji Feng smiled faintly, bent down and picked up the cheque from the ground, stepped forward and stuffed it into Li Zhaemin’s pocket.

He grinned: “Want to provoke me, let me hit you, and then use this matter to talk, because you have kung fu, so even if I hit you, it won’t be much more serious, you can completely avoid all the vital points, basically it won’t even be much damage to you you are planning to do, right? ”

Li Zaimin’s face changed at once, but this change only flickered, and then he snorted again in a condescending manner, “You Chinese, you really are a gutless people, it seems that you have also recognized yourself, in that case, then you should leave Yuxuan at once, don’t find yourself humiliated again!”

“Alright, it’s also hard for you to spout off so much Chinese, it’s really hard for you!” The corner of Ji Feng’s mouth, with a thick mocking smile, “That’s all you Kree people have. However, you’re stupid, but don’t think everyone else is that stupid, that will only make people laugh.”

Ji Feng shook his head and turned around with the white spider and walked away, just after two steps he suddenly stopped again and turned back and said, “By the way, there’s something else I forgot to tell you, your ploy fortunately didn’t work, otherwise, once I made my move, I’m afraid you’ll have to go back to Kerry sideways just like that, don’t Don’t stand around, stay where you are!”

“You stand still!” Seeing that Ji Feng was about to leave, Li Zaimin suddenly shouted hurriedly.

Ji Feng’s face sank sharply and he slapped the bonnet of Li Zaimin’s business car.

“Boom~~!”

There was a loud muffled sound, and in the next moment, Li Zaimin was dumbfounded, with an extremely incredulous look in his eyes.

A deep slap mark had actually appeared on the bonnet of the commercial vehicle, and the place where Ji Feng had slapped him was actually deeply dented.

What a horrible slap!

Li Zhaemin subconsciously took two steps back and looked at Ji Feng in shock.

“Is your head hard, or is this bonnet hard?” Ji Feng mockingly asked Li Zaimin, “China is not a place where you can run wild, if you know what you’re doing, then hurry up and pack up your things and go back to Kerry!”

After saying that, he laughed mockingly, took the white spider back to the car and drove away.

“Gulp~~!”

Li Zhaemin swallowed hard, he looked at the deeply dented bonnet, then looked at Ji Feng who had already left in the car, subconsciously, Li Zhaemin shivered.

His ears seemed to ring again with Ji Feng’s mocking words, “Is it your head that’s hard, or is it this bonnet that’s hard?”

Of course it was the bonnet that was hard!

If Ji Feng's slap had really hit his body Chinese people are so barbaric!

Li Zaimin secretly despised a few words in his heart, and only then did he feel slightly relieved. However, when he thought of what Ji Feng had just said, he still felt his face burning hot.

It turns out that this point of his own tactics in the eyes of Ji Feng, actually nothing, people see through this little white face is really quite powerful.

Chapter 1602

"This Kerry man is really cunning!"

The car drove out a long way, Ji Feng still couldn't help but shake his head and say something.

From a distance, he could still see Li Zaimin's silly figure standing by the side of that road from the rear view mirror, he couldn't help but coldly snort, this Kerryman, ah, any underhanded tactics can be used, it's really unconvincing!

This tactic of Lee Jae Min today was even more disgraceful.

However, Ji Feng had really almost fallen for it.

Originally, looking at Li Zaimin's towering mouth and that shouting bastard look, Ji Feng really wanted to kick him to death and stomp his face on the ground, so that he would know what it was like to be stepped on.

However, when Ji Feng thought about it, he was suddenly stunned.

This Li Zhaimin is deliberately provoking him, which is not quite in line with the gentle and elegant appearance of Li Zhaimin when he was in the Tengfei Group a bit perverse.

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

In fact, if you look at it from a different perspective, Li Zemin's intention is very obvious. Imagine, if Ji Feng was really just a white boy and he really hit Li Zaimin today, what would be the consequences?

Go and tell people that it was Li Zaimin who deliberately picked a fight and that he couldn't help himself before he did it?

Just a few simple words of defence from Li Zaimin would be enough to render Ji Feng speechless – he was a sub-manager of the Four Star Group and had such a high social status, would he go looking for trouble with a little white boy?

Who would believe that?

At that time, even if Ji Feng had a hundred mouths, he wouldn't be able to say anything.

The most critical thing is that once Ji Feng does it, it will be a foreign incident, and then not only Ji Feng will be moved, the whole Tengfei Group may be moved.

The next thing you know, Li Zhaimin will eventually have any other purpose, and perhaps it can be successfully achieved.

Ji Feng couldn't help but look back again, he wanted to see who was actually helping Li Zhaimin. If he didn't know anything about Chinese people, he would never be able to come up with such an idea.

The person who gave Lee Jae Min the idea was definitely not in the business car. Just now he slapped the bonnet of the business car and took the opportunity to see the inside of the business car, where there were only two bodyguards and a driver sitting, but no one else.

"What the hell!"

Ji Feng shook his head and couldn't help but curse, this Li Zaimin really thought that he didn't dare to do anything?

Not to mention that this Li Zaimin was only the sub-manager of the Four Star Group, even if the founder of the Four Star Group, who was known as the national hero of the Kerry country, came here, as long as he dared to provoke him, Ji Feng would still dare to fight!

He didn't make a move today, he just didn't want to get entangled with Li Zaimin!

After all, even if he didn't cooperate with the Four Star Group, he didn't have to become a deadly enemy because of this matter, which would be called more loss than gain. What's more, if Ji Feng really made a move today, then maybe he really would have fallen for it.

However, if this Kerry stickman dared to do anything excessive again, Ji Feng would definitely not be soft.

This kind of thing can be done once but not again, and a man of clay still has three parts of fire, not to mention that Ji Feng was not good-tempered in the first place, let alone repeatedly tolerating it.

"Young Ji, do you want me to teach him a lesson?" Seeing that Ji Feng's face wasn't too good, White Spider couldn't help but ask, "If I do it stealthily, the other party won't know that I did it."

Ji Feng waved his hand, "No. This Li Zaimin should not just be the branch manager of the Four Star Group, besides, he has bodyguards by his side, if you do it, you might be discovered by his bodyguards."

This Li Zaimin must have some origins, not just the sub-manager of the Four Star Group, this Ji Feng should be sure.

Not to mention anything else, just the kind of extraordinary talk and gentle mannerisms of Li Zaimin alone, that was definitely not something that just anyone could pretend to be.

The reason why people can mature step by step is related to what they have experienced, related to their experience, but more than that, it is related to the people around them.

After all, Lee Jae-min looks like he is only in his twenties or thirties, he certainly does not have too much experience, so it can only be that he has been nurtured more by his family environment, and the people around him have a greater influence on him.

What kind of family environment and origins would allow him to develop that kind of extraordinary manners?

And then think about the kind of pride that Li Zaimin reveals inadvertently, that result speaks for itself, it must be an extraordinary family origin, so Ji Feng is sure that this Li Zaimin should have some origins.

And Ji Feng looked at those bodyguards around Li Zaimin, should also be considered good, once the white spider made a move, it might be discovered.

“The bodyguards around him?”

White Spider said confidently, “They can’t find me!”

Ji Feng smiled, and suddenly, his heart moved and he said, “White Spider, let’s put aside making a move for now, if we let you spy on Li Zaimin, it should be okay, right?”

White Spider immediately nodded, “Of course it’s no problem.”

“Mm!”

Ji Feng nodded in satisfaction, and then he pondered.

Seeing that Ji Feng had fallen into deep thought, White Spider stopped talking and just concentrated on driving.

.....

Jiangzhou Municipal Bureau, the main entrance.

After Ji Feng got out of the car, he said to Bai Spider, “Bai Spider, you don’t have to wait for me here, I’ll give you a task, go and track down Li Zaimin, see who he usually has the most contact with and who is actually giving him advice!”

“Young Ji, I’m going to follow Li Zaimin, so what about you here” said White Spider, “What are you going to do?”

“Ha! Do you think I will encounter any danger inside the city bureau?” Ji Feng harrumphed, “Go now, I’ll send Li Zaimin’s address to your phone here.”

Just now on the way here, Ji Feng had already called Xiao Yuxuan and asked her to inquire about the hotel where the Four Star Group’s business delegation was staying and figure out Li Zaimin’s address, so that’s why he asked the white spider to go over and follow Li Zaimin.

Ji Feng really wanted to find out who was behind Li Zaimin’s plans. This person knew a lot about some Chinese traditions and knew a lot about Chinese people’s habits of being facetious and so on.

If this person was a Chinese, then it would be fine, after all, it is normal for a Chinese to know a Chinese.

However, if this person is a Kerry, then it is really something to be wary of. Just based on this person’s knowledge of Chinese people, plus the fact that the other party can actually mobilize the branch manager of the Four Star Group If this person is really an executive of the Four Star Group, then

Chinese companies are definitely going to suffer a big loss when they come into contact with the Four Star Group.

Of course, Ji Feng is not a saint, much less a savior, and he would not say that because a very powerful person has come out of another country, he or she should preemptively eradicate the other party so as not to bring any trouble to China.

Then only a superman would do that and be able to do that!

Ji Feng wanted to know who the person behind Li Zhaimin really was, simply because this matter involved himself, and since this person hiding in the shadows wanted to deal with himself through Li Zhaimin, wouldn't it be too polite if he didn't fight back?

To the Kerry people, there is absolutely no need to be so polite!

Ji Feng remembered the origin of the Kree's alias Stick again, and he couldn't help but shake his head again with a cold hum.

Back then, when the Boundary Tent invaded, they organised these Kree too, but they were afraid that they would rebel, so they were not issued weapons and were only given a wooden stick each.

However, what was unexpected was that these Kree with wooden sticks were even more ruthless than the Boundary Crowd when they bullied the Chinese, and they seemed to have forgotten that their homeland was also being invaded by the Boundary Crowd!

When they encountered unarmed Chinese people, they would burn, kill and loot them, and if they encountered Chinese people who resisted, they would do anything and everything!

At that time, many Chinese people hated the Kerry people more than they hated the Kaitou people, and it was because of this hatred that they gave them the unpleasant nickname, the Sticks.

So, Ji Feng was now very upset when he met the Boundary Tent people, and he was no better when he met the Kerry people!

And now, these people started flaunting their power in China again, and even had high ranking people behind the scenes to guide them, really fucking think that Chinese people are so easy to bully?

Thinking about all this, Ji Feng's face was not too good, until he walked into Li Ruo Nan's office, he still carried a little anger.

Li Ruo Nan could see at a glance that Ji Feng seemed to be in a bad mood and she couldn't help but ask, "Ji Feng, why are you still angry when you come to my place, who has provoked you?"

"You provoked it!" Ji Feng said.

"Me? Hey, how did I mess with you?" When Li Ruonan heard this, her beautiful eyes immediately glared up and she stood up and came around from behind her desk, "Tell me, where did I offend you?"

But Ji Feng's eyes suddenly lit up.

How come Li Ruonan looked so beautiful today?

The straight uniform on her body made her look kind of heroic, but what the uniform couldn't wrap was the high bulge on her chest and the beautiful figure with the bump and order.

Mmm!

Li Ruonan was a little fatter and more fleshy than before, so she held her uniform up completely, making it endlessly alluring. Plus, Li Ruonan was also a bit more mature than before, and that knitted brows, a smile, a subtle expression, were all very stunning.

Even though Ji Feng had known Li Ruonan for a long time and had seen her in uniform for an unknown number of times, he still felt a sense of amazement when he saw her this time.

It was indeed a sight to behold!

Today's Li Ruonan could indeed be described as very beautiful!

"What are you looking at~~!"

Seemingly eyeing Ji Feng staring straight at himself, Li Ruonan's heart jumped furiously and she was a little embarrassed, "I'm asking you something, how exactly did I offend you!"

Chapter 1603

"What are you looking at~~!"

Seemingly eyeing Ji Feng staring straight at himself, Li Ruonan's heart jumped furiously and she was a little embarrassed, "I'm asking you something, how exactly did I offend you!"

"You're really pretty today!" Ji Feng blurted out, and when he tried to take back the words again, it was already too late.

"Swish!"

Li Ruonan's pretty face instantly became red, a pair of beautiful eyes filled with shyness, shyness, at the same time there seemed to be a hint of theft, the whole person seemed to become a little squirmy at once: "You, what are you talking about!"

Sweat!

Ji Feng was a little embarrassed, he coughed lightly and casually scratched his head to ease his emotions.

Only then did he laugh, "Tsk, is this still the Li Ruonan I used to know? I just gave you a very casual compliment and you blushed like this? Hey, I say, is it that since you've grown up, people have always called you a wild girl and a female tyrant and so on, and there's rarely been anyone to praise you?"

"Nonsense!"

As soon as Li Ruonan heard this, she snapped her eyes, and the redness on her face and that shy look instantly disappeared without a trace.

She instantly shouted delicately, "You're the one no one is complimenting!"

Ji Feng: “.....”

This contrast between before and after is too big, isn't it?

Just now, she was still shy, and her beautiful eyes had become watery, but still, because of a word, these instantly disappeared without a trace, and turned into a fierce look again.

“..... Look! What are you looking at!” Seeing Ji Feng staring straight at himself with that odd smile all over his face, Li Ruonan suddenly glared with her beautiful eyes and drank fiercely, “Look again and I'll handcuff you!”

“Hey?”

Ji Feng was immediately taken aback, “I said, I didn't even do anything why do you have to cuff me?”

“Who said you didn't do anything!” Li Ruonan's pretty face was a little hot, but she still said forcefully, “You're staring straight at me like that, that's being a hooligan! Catching you, a rogue, do I not have this right?!”

“Yes! Of course there is!” Ji Feng nodded his head repeatedly.

“That's more like it!” Seeing that Ji Feng had finally conceded, Li Ruonan then hummed and tilted her slightly pointed chin in triumph.

“Illusion, it was all an illusion just now!” Ji Feng couldn't help rubbing his temples.

“What illusion?” Li Ruonan was stunned.

“What else could be an illusion, just now I saw a very beautiful beautiful police officer, she has a voluptuous figure and her body is full of style after putting on her uniform, I believe any man would want to get into trouble when he sees her.”

Ji Feng spread both hands and said with great regret, “But now I know that it was all my illusion, it turned out that it was still you standing in front of me, staring at me with eyes that made my arms and legs go a little weak with fear. Wouldn't you say that's regrettable?”

“..... Ji Feng!”

Once Li Ruonan heard this, how could she not know that Ji Feng was talking about herself?

She gritted her teeth in anger, her chest rose and fell violently, and her face gradually sank, almost ready to storm out.

“I'm going to fight with you!” Li Ruonan opened her teeth and claws and was about to pounce on him, “I'll fight you!”

“Alright, alright!”

Seeing this, Ji Feng hurriedly changed the subject, “What about the information you checked about the Hao Tai Hotel?”

“What information, I don't know!” Li Ruonan huffed and stared at Ji Feng, “If you want information, go check it out yourself, I'm a police station here, I don't work for hooligans, I only arrest hooligans!”

Sweat!

Ji Feng was sweating, he just flirted with her a few times, but it turned out to be a rogue in her mouth?

“Hey!”

Ji Feng heatedly laughed and hurriedly came to Li Ruonan and pulled her, “Okay, Captain Li, I was wrong can’t I, what I saw just now was not an illusion, now look you are still so beautiful take it easy, women get angry more quickly when they get old.”

“Humph!”

Li Ruonan was still a little angry, she tilted her chin and ignored Ji Feng.

“Don’t be angry, you need to smile more.”

Ji Feng shook his head helplessly, hurriedly pulled her to the chair behind the desk and sat down, then very attentively gave her a shoulder and back squeeze: “Captain Li, how do you think my hands are, is it still comfortable for you?”

There was no other way, after making someone angry, Ji Feng could only find a way to make amends and apologize.

The corners of Li Ruonan’s mouth twitched a few times, and the expression on her face eased a lot, but she still held back her laughter and strained her face.

Just now, this guy’s words were too infuriating, actually saying that what he saw was all an illusion.

Since a voluptuous figure and a body full of style was his illusion, then obviously his true feelings were the exact opposite, how unpleasant must that be?

Just thinking about it made Li Ruonan angry!

There is no girl who doesn’t like to hear people praise her for being pretty and flirtatious, even Li Ruonan, who usually has a big personality, is no exception, but thinking about what Ji Feng said made her itchy with anger.

Li Ruonan decided to ignore him, if she didn’t give him a show today, he would really turn against her in the future.

He must be taught a good lesson!

“Captain Li, did the little one serve you well?” Ji Feng asked smilingly as he gave Li Ruonan a shoulder squeeze and back rub.

“It’s barely okay!” Li Ruonan’s beautiful eyes were slightly closed, allowing Ji Feng to be attentive, “Give your left shoulder a squeeze too, why are you so dead-eyed, just squeeze one side!”

Sweat!

This woman really thought of herself as a masseuse.

Ji Feng secretly glared at her from behind, but his hands did not stop, who let himself offend others, but also have to beg others, no way, people under the eaves, have to bow down ah.

“Well

Li Ruonan red lips suddenly let out a whisper, her face immediately swished red, all the way to the root of her ears, and even her neck was slightly flushed.

At this moment, Li Ruonan was really embarrassed.

What a shame!

How could that sound come out of her own mouth!

..... blamed that guy for the comfortable massage, yes, it was all his fault!

While Li Ruonan was embarrassed and shy, she very irresponsibly blamed all the fault on Ji Feng, this guy was deliberately trying to make a fool of himself, that must be the case, so he absolutely could not be given the opportunity to be pleased.

One couldn't think of him as Ji Feng, one could just think of him as a masseuse in a massage parlor.

Thinking like this, the shyness and embarrassment in her heart was much less.

“But

Li Ruonan, however, had to admit that Ji Feng's massage was really comfortable, his technique was very special, not like other masseurs, but he used ten fingers to pinch very regularly, his fingers were as if they had some magic power, but wherever he had pinched, he himself would have an incomparable feeling of relaxation, and there would no longer be any fatigue.

“How's that, comfortable?” Ji Feng asked with a smile.

“Mmm!”

Ji Feng's voice pulled Li Ruonan's originally completely relaxed thoughts back, and she said noncommittally, “It's not too bad!”

“Getting by?” Ji Feng raised an eyebrow, “It seems that Captain Li is not too satisfied with the small service, then I have to continue to work hard.”

Saying that, Ji Feng's finger immediately increased its strength.

“Well

In particular, the kind of fatigue and mental tension that arose from sitting for a long time soon all disappeared without a trace.

That soothing feeling is really indescribable.

It was like having a good night's sleep, or inhaling a few puffs of pure oxygen straight away, without a trace of fatigue in her body.

But on the contrary, her spirits were not too invigorated, instead she had a feeling of wanting to fall asleep.

This guy is using tricks again

This was Li Ruonan's last thought, and then, her eyes closed and she just leaned back in her chair and went to sleep.

Ji Feng smiled faintly behind her and looked at the chair she was sitting on and found no switch or button for adjustment, so she couldn't help but shake her head, "No way, it looks like I can only be a porter myself for once."

After looking around, there was nothing to cover her up, so she had no choice but to take off her jacket and put it over Li Ruo Nan's body.

Now it was a cold day, if Li RuoNan just fell asleep without anything to cover her, she would definitely catch a cold.

After doing this, Ji Feng then turned around and sat in front of Li Ruo Nan's desk, casually lit a cigarette, and then opened a folder placed on the desk.

When I asked Li RuoNan how the information was going, Ji Feng keenly noticed that Li RuoNan's eyes glanced at the folder, so Ji Feng naturally knew that the folder must contain information about the HaoTai Hotel and the old boss Cheng HaoTai.

The first choice was to see a biographical information, which was a copy of the file, and the photo on it was none other than Cheng Haotai.

Sure enough, it was Cheng Haotai's profile!

Ji Feng faintly smiled, this kind of thing to find Li Ruo Nan is indeed right, although she sometimes bad temper, but still very reassuring to do things.

Moreover, I don't know what happened, once I saw Li Ruo Nan, Ji Feng wanted to flirt with her and tease her a bit.

But the more this happens, the better the relationship between the two is instead.

Therefore, to poor the Hao Tai Hotel, Ji Feng first thought of Li Ruo Nan.

Thinking about this, he couldn't help but glance at Li Ruo Nan lying on the sofa again and slightly shook his head.

This woman, her biggest flaw was her character.

She was also a bit too tough and seemed to be a workaholic, in this respect she was very similar to the original Yu Xuan.

Don't look at Ji Feng, who had never seen Li RuoNan in office, but his hand just went to Li RuoNan's shoulder and he immediately knew Li RuoNan's usual work and life situation.

Stressful, mentally stretched too tight, physically exhausted!

This was Li Ruonan's problem.

In the past, when Yu Xuan first took over the Tengfei Group, she likewise worked desperately every day, afraid that she wouldn't do well, so at that time, even though Yu Xuan had practiced body-building exercises for a long time, Ji Feng still waited for her to use special techniques to massage and relax her after she returned home every day.

And because of this, Ji Feng was able to immediately identify that Li Ruonan's physical condition was somewhat exhausted

Chapter 1604

As soon as he touched Li Ruonan's shoulder, Ji Feng immediately knew that this girl must have been tense all day, not being able to relax for a moment, and her body was already very exhausted.

Ji Feng then couldn't help but shake his head a little, and also felt a little bit of pain.

If you keep tensing your nerves to work for a long time, even an iron man can't carry it.

Especially, the more you feel good and carry on, for the time being there will be no problems, but when time is long, once your body collapses, you will immediately fall ill, and that can be somewhat serious.

The key is that with Li Ruonan's status, she doesn't need to work so hard at all to live lightly, mainly because of her personality.

Li Ruonan's character is indeed a bit tough, unlike other girls, whiny and bird-like, she seems a bit competitive, but this character of hers also allows her to work hard and be very independent.

As a result, she became what she is now. If Ji Feng had not noticed that her body was tired, I believe that with Li Ruonan's character, she would have continued to work hard, and by then there would have been only one result, namely falling ill.

Thinking about this, Ji Feng couldn't help but shake his head.

Soon, Ji Feng also stopped thinking about these problems, he flicked his cigarette ash and turned his head to look at the information in the folder.

But after a short while, Ji Feng found that what was shown on these information prepared by Li Ruo Nan was similar to what Wang Xin had investigated, the discrepancy was not very big, to say more valuable things, Ji Feng did not find.

He couldn't help but frown slightly, this was Li Ruo Nan's findings?

This is a bit too simple!

If the results of Wang Xin's investigation were simple, it would be understandable, because at most, Wang Xin would be able to steal some information through computers, or by hacking into certain computers, but the key is that not everyone likes to put important information in their computers, especially some very important, or even top secret information, so it would probably be even more difficult to put it in the computer.

You know, not everyone is a Guan Xi brother, put no matter how important things in the computer!

So in many cases, Wang Xin also had more than enough to do.

But Li Ruonan was a very different person compared to Wang Xin. She had very extensive connections in Jiangzhou, and as a police officer, she had access to all three religions and streams, so it should be a very simple matter to investigate a person.

But as a result, Li Ruo Nan's investigation was also very simple.

Ji Feng couldn't help but glance at Li Ruonan, only to see her still lying on the sofa, sleeping soundly.

He opened his mouth, but still didn't have the heart to shout at her to get up.

I should have known better than to give her a massage, sleeping like a little pig

"That's fine!"

Ji Feng shook his head, stood up, closed the folder in his hand and put it on his desk, then he raised his hand to check the time and prepared to leave.

Li Ruonan was so relaxed that she would have to sleep for at least a while, so it wasn't a solution for him to stay here and wait, so he might as well go back first and come back next time. At the same time, this would also give Li Ruonan more time to investigate.

Seeing the results of such a simple investigation, Ji Feng felt that perhaps the time he had given was too rushed.

Shutting the office door behind him, Ji Feng smoked a cigarette while leisurely walking out.

Bai Zhu had taken the car away to follow Li Zaimin, so Ji Feng planned to take a taxi to leave, however, he had just walked out of the office building when he saw a car drive in from the municipal bureau compound, which quickly came to a stop in front of Ji Feng.

"Ji Feng, when did you come over?" The car window was lowered, but it was Zheng Yuanshan sitting inside.

"I just came not long ago, Uncle Zheng, did you just go to work, or did you come back from a business trip?" Ji Feng asked with a smile.

He was undoubtedly flirting with this, after all, it was already half an afternoon, to come to work at this time would undoubtedly be too late to be late, it would be better to just miss work.

As a tang deputy director, deputy department level cadres, Zheng Yuanshan to do such a thing, then it will be Ji Feng laugh.

"You kid two days ago there was a murder case in the east of the city, but the branch over there is late in solving the case, I'm also going over there to check the situation." Zheng Yuanshan asked, "By the way, you suddenly came to the police station for"

"I came to find Li Ruonan." Ji Feng smiled.

Zheng Yuansan then immediately dawned on him, Li Ruo Nan had known Ji Feng before, he naturally knew that, and the two seemed to have a good relationship. But exactly what the relationship was, he was not at liberty to speculate more.

He nodded: "There's no rush, right, let's have a seat in Uncle Zheng's office?"

Ji Feng smiled and shook his head, saying, "Better forget it, I still have some things to do, I'll come visit Uncle Zheng next time."

"If you're not in a hurry, go up and have a seat, I happen to have some good tea there, go over and try some?" Zheng Yuanshan said with a smile.

Ji Feng was a bit surprised, Zheng Yuanshan wanted to let himself go over there so much?

He couldn't help but ask, "Uncle Zheng, do you have something to do?"

A reserved look flashed across Zheng Yuanshan's face and he nodded slightly: "It's not a big deal, why, does Uncle Zheng still have to have something before he can find you? Is your stance too big, is it so difficult to have a chat with Uncle Zheng?"

Ji Feng immediately raised his hands in surrender: "How could that be possible, okay! Since Uncle Zheng has given the word, I'll give you a hand."

Only then did Zheng Yuanshan laugh twice and said, "That's right, that's not like you to be squirming. Come with me!"

Afterwards, Zheng Yuanshan got out of the car and led Ji Feng through the office building in front to a small building at the back, this is where the leaders of the Municipal Bureau work, the building in front is the office for the police and some other sections.

The company's main business is to provide a wide range of products and services to the public.

Ji Feng could not help but shake his head and smile, he could not say much about these phenomena, this society is like this now, it is useless even if he is not used to seeing it.

No matter how capable a person is, he can't change the whole society.

What's more, he is now surrounded by white spiders to protect him, this people, always good and evil, more like to let others to serve themselves, this is also a kind of human inferiority.

"Ji Feng, how about tasting this tea." Zheng Yuanshan smilingly lifted the cup.

"Actually, I don't know much about this." Ji Feng was modest, then he lifted the cup and smelled it, there was a clear aroma, he slightly tasted a small sip, hmm, it was indeed good.

"Uncle Zheng, this tea is indeed not bad." Ji Feng said with a smile, "However, I see that you seem to be in a better mood than this tea, Uncle Zheng, is there any happy event?"

"You can tell this too?" Zheng Yuanshan was a bit surprised.

"The so-called face is born from the heart, how a person's mood is, no matter how deliberately one tries to hide it, it will be written on one's face without even thinking about it!" Ji Feng laughed, "I can see that

Uncle Zheng is glowing red and his eyebrows are glowing, it would be strange if he didn't have some happy event."

"You kid, your eyesight is quite poisonous!" Zheng Yuanshan laughed and placed the tea cup on the tray, after a pause, he lit another cigarette and took two leisurely puffs.

"Looks like Uncle Zheng's joy is not small!"

Ji Feng looked at him with this look and couldn't help but smile, "Did his daughter find a man of her choice? Or is it"

Zheng Yuanshan said with a smile, "Actually, ah, I have to thank you for this matter, to say the least."

"Me?"

Ji Feng was slightly stunned, "What did I do? How come I don't know?"

"A few days ago, a meeting was held above, because the age of the head of the police department over in South Guangdong had reached the line, as a result Zheng Yuanhe took the initiative to propose that a director from somewhere else be transferred over, to transfer people from another place, to strengthen the security and police force in South Guangdong" Zheng Yuanshan said here, could not help but smile haughtily, "Zheng Yuanhe proposed the candidate, it was me."

"Heh!"

Ji Feng instantly laughed, "That's a real congratulations to Uncle Zheng."

Although Zheng Yuanshan's words were modest and reserved, and even a bit vague, the meaning of those words could not be more clear – Zheng Yuanshan was going to be promoted.

From the deputy director of the Jiangzhou Municipal Bureau to the head of the South Guangdong Provincial Police Department, this is not only a formal step from the deputy department level into the ranks of the full department level cadres, but more importantly, this change of position also has a very deep meaning.

It is important to know that Southern Guangdong is the number one economic province in the country, and to be able to assume the role of a provincial department head in this province is undoubtedly a real start to ascend to the top.

Although the economy of Jiangzhou is also very strong, Zheng Yuanshan is only a deputy director here, not the head of the department, which is incomparable to the position of the head of the provincial department in South Guangdong.

Zheng Yuanshan's step is a leap of faith.

I don't know how many people may have stopped at the level below deputy director in their lifetime, not to mention taking up the role of a provincial police chief directly.

From now on, Zheng Yuanshan could also be known as a 'provincial leader'!

"The official document hasn't been issued yet, so it's not completely certain, so it's a bit early to say congratulations." Zheng Yuanshan smiled haughtily and waved his hand.

“Since there has been a resolution at the meeting, then the document must be issued soon.” Ji Feng laughed, “Congratulations, that must be early rather than late, Uncle Zheng, I’ll have to change my name from now on, Director Zheng!”

“You ah

Perhaps Ji Feng’s words poked Zheng Yuanshan’s smugness, he couldn’t help but laugh, but waved his hand and said, “I’ve learned the power of this mouth of yours, in fact, ah, the reason why your Uncle Zheng was able to get this position this time has a great deal to do with you, ah, so strictly speaking, you say congratulations to me, I should say thanks to you instead!”

“Oh?”

Ji Feng couldn’t help but be a little curious: “Uncle Zheng, how do you say this?”

Chapter 1605

“Oh?”

Ji Feng couldn’t help but be a little curious: “Uncle Zheng, how does that sound?”

“Ji Feng, you’re pretending to be confused.” Looking at a puzzled Ji Feng, Zheng Yuanshan couldn’t help but chuckle, he had learned how smart Ji Feng was, now that he had made it so clear, how could Ji Feng still not know what was going on?

“Uncle Zheng, I really don’t understand, I’m not pretending to be confused!” Ji Feng spread his hands, “Before I came here, I didn’t know that you had been promoted, it was a bit sudden.”

In fact, the truth was that Ji Feng had been thinking about the Hao Tai Hotel, and even when he suddenly learned of Zheng Yuanshan’s promotion just now, he was only a little surprised, but he didn’t have time to think about it.

What’s more, what exactly was the mystery in between, Ji Feng really didn’t see it. He hadn’t even thought about why he should thank himself for Zheng Yuanshan’s promotion; Ji Feng didn’t remember doing anything for Zheng Yuanshan’s promotion.

If he really did do anything, it was only that Ji Feng had reported his relationship with Zheng Yuanshan and what Zheng Yuanshan had done before to Second Uncle in great detail.

But at that time, Second Uncle only said ‘I know’, and then there was no more. At that time, when Ji Feng saw that Second Uncle did not object to what he had done, he did not take it seriously, and then he also left it behind.

So when Zheng Yuanshan suddenly said he wanted to thank him so much, Ji Feng was really a bit baffled.

The deployment and use of a department-level cadre, how can it be related to him Ji Feng, need to thank him?

Seeing Ji Feng’s expression, Zheng Yuanshan waved his hand and smiled, “No hurry, drink your tea first and let’s talk slowly.”

Ji Feng was naturally in no hurry, he nodded, picked up the tea cup on the plate and slowly tasted the tea. Although this tea tasting was not his hobby, but with his calm nature, he could still be patient, even if he tasted it for a longer time, he wouldn't have the slightest impatience.

"Actually, ah, when I say it's thanks to you, it's the truth." After tasting the tea for a while, Zheng Yuanshan then spoke with a smile on his face, "Remember I said just now that this time when the top met to study the matter of the candidate for the Southern Guangdong Provincial Hall, it was the Zheng family that mentioned me."

"That's right!"

Ji Feng nodded his head.

"That's it."

Zheng Yuanshan said with a smile, "At first when I heard this news, I couldn't believe it, don't look like I'm still related to the Zheng family, but to get them to mention me, hey, it's not that easy!"

Ji Feng nodded his head thoughtfully.

Indeed, given Zheng Yuanshan's relationship with the Zheng family, although it hadn't reached that point of incompatibility, the relationship between the two sides was definitely not that cordial.

Especially, since the last year or two, first a few boys from the Zheng family had beaten up Zheng Yuanshan's son, and then Zheng Yuanshan had pushed for another lesson to be taught to the Zheng family's children in Jiangzhou.

Then, when Zheng Yuxiu and her cousin became idiots in Jiangzhou, Zheng Yuanshan only gave the Zheng family a reply that he was 'doing his best to investigate' and then never heard from them again, obviously not wanting to make any effort to investigate, or in the Zheng family's view, Zheng Yuanshan was simply deliberately stalling.

Imagine, under such circumstances, how good could Zheng Yuanshan's relationship with the Zheng family be?

But combined with what Zheng Yuanshan had just said, the reason why he was mentioned as the head of the Southern Guangdong Provincial Department this time was actually proposed by the Zheng family on their own initiative, which was indeed somewhat incomprehensible.

However, what did this have to do with himself?

..... This is a bit of a joke, can't you see that the Zheng family hates you so much that they would like to have you run over by a car when you go out, how could they give you face?

"This is mainly because of the phone call I made to Zheng Yuanhe last time!" Zheng Yuanshan revealed the mystery in one word.

"The phone call I asked you to make after I caught those two killers?" Ji Feng immediately reacted.

"That's right!"

Zheng Yuanshan nodded and said with a smile on his face, "How about it, I said that this matter is still thanks to your blessing, this you should admit, right?"

So that was it!

Ji Feng then suddenly realized, no wonder Zheng Yuanshan said this is all thanks to their own clouds

The reason for this is that the Zheng family thought that they had tangible evidence after capturing the two killers, so they were taking the initiative to show goodwill?

"The Zheng family's people are smart!" Ji Feng laughed slightly with some mockery.

Selling a favor to Zheng Yuanshan, then no matter what, Zheng Yuanshan was also surnamed Zheng, no matter how unpleasant it was with the Zheng family, it was still better than letting other cadres of the Ji family get the position, anyway, Zheng Yuanshan was also a member of the Ji family, so by proposing this, he was giving face to the Ji family and selling a favor to Zheng Yuanshan at the same time.

This was a great move to kill two birds with one stone.

Zheng Yuanshan also smiled, but did not answer the question. Of course he understood the mystery of this, but when Ji Feng said it so clearly and unmistakably, it made him not really know what to say for a while.

At this time, it was superfluous for Zheng Yuanshan to say anything, the only thing that was true was to thank Ji Feng.

"In that case" Ji Feng paused before continuing, "The Zheng family is trying to use a position as a provincial hall hand to write off the killer?"

If that was the case, then it would really

give the Ji family a position as the head of the Southern Guangdong Provincial Department as a way to calm the Ji family's anger that had been aroused because Ji Feng had been assassinated by the assassin?

Can such a position be exchanged for the chance of Ji Feng being assassinated once?

In other words, when Ji Feng was assassinated, the Zheng family wanted to exchange the position of the head of the provincial department of Nanyang for

Can there be such a cheap thing in this world?

The Zheng family is also just a member of the national administrative system. Using this in exchange for Ji Feng's assassination is like the Zheng family taking the state's money to pay for their own

How Ji Feng thinks about it is how he feels it's bullshit.

You know, if Ji Feng was really just an ordinary person, under Yan Hong's assassination, he was afraid that he would have gone to meet the King of Hell long ago, where could he still sit here and chat with Zheng Yuanshan?

It was simply absurd!

The Zheng family wanted to let it go like that?

No way!

Seeing the mocking look on Ji Feng's face, Zheng Yuanshan couldn't help but laugh, "Of course it's not that simple!"

"Hmm?"

Ji Feng looked up, looked at Zheng Yuanshan and asked, "Uncle Zheng, what does that mean?"

Zheng Yuanshan laughed, "Previously, Secretary Zhen Guo also approached me to talk, wanting me to fight for the position of the head of the Southern Guangdong Provincial Department, Zheng Yuanhe's proposal at the meeting was actually just pushing the boat along, or rather, it was to sell a favor for the time being, and my job transfer this time was actually just an appetizer!"

Out of modesty and subtlety, Zheng Yuanshan described his promotion as a 'job transfer', however, his meaning was understood by Ji Feng.

Second Uncle also wanted Zheng Yuanshan to take up the post of director of the Southern Guangdong Provincial Department, so at the meeting, even if Zheng Yuanhe didn't mention it, there would definitely be people from Ji's department who would push for Zheng Yuanshan.

Therefore, Zheng Yuanhe's proposal is actually just the icing on the cake. By doing so, he is showing goodwill to the Ji family.

By doing this Zheng Yuanhe should be telling the Ji family, "We did wrong before, now we are sincere to settle that matter, let's show our sincerity first"

Of course the Zheng family also wants to save face, they certainly won't say it so bluntly, but that's probably what it means.

"In that case, the Zheng family will make some moves next?" Ji Feng asked with a frown.

"That's for sure!"

Zheng Yuanshan couldn't help but ooh and aah, "Ji Feng, don't take yourself so lightly, if the Zheng family really dares to treat the incident of your assassination so lightly, as long as they dare to do so, hey, then maybe the next big show to come on is tightly packed!"

Just kidding!

Who is Ji Feng?

The first grandson of the Ji family's eldest house, one of Elder Ji's favorite grandsons, and also the son of Minister Ji Zhenhua, and even putting all that aside, just Ji Feng's own energy was already frighteningly large, and his skills that went without saying, Zheng Yuanshan couldn't even see through him!

The fact that the previous countless facts have proved that not only does Ji Feng have a great mind, and the means is high, ruthless, I'm afraid that those official field veterans are not his opponent!

Not to mention, Ji Feng's hands also holds a potential infinite Tengfei Group, and several new products and drugs, plus he has good relations with the children of the Xiang and He families so combined, Ji Feng also has a trump card in his hands!

The actual fact is that you will be able to get a lot more than just a few of these.

Who would dare to easily provoke Ji Feng with such a clever and terrifying tactic?

All these factors together, unless the Zheng family really wanted to go to full-scale war and attack Ji Feng at the cost of the Zheng family's total downfall, which might be able to cause some trouble for Ji Feng, otherwise, the Zheng family would have to bow down and submit!

If Ji Feng really had tangible evidence of the Zheng family's hiring of assassins in his hands, at that time, not to mention the Zheng family, even if the Wu family stepped in to protect the Zheng family, they would have to pay a great price to do so.

Unless the Zheng family's old man and Zheng Yuanhe were out of their minds, they would certainly not do such a stupid thing.

If they couldn't go to war, then there was only one way to go, which was to make an apology!

After all, they are a powerful family, so they can't just bow down and apologise like the ordinary citizens on the street.

The next move of the Zheng family will be what exactly, Zheng Yuanshan can not guess for the time being, maybe it will be like this time, to give up many important positions, handed over to the Ji family, or, is something else to show

But one thing is for sure – they will definitely pay for this gift! The actual fact is that they will definitely apologize!

Chapter 1606

"Uncle Zheng, when are you going to Southern Guangdong to take up your post?" Ji Feng asked.

"It will be a while yet, it's only just been decided at the meeting now, next there will be an organizational inspection, a talk, and some formalities to go through." Zheng Yuanshan said these words with a hint of a smile on his face, it was obvious that he was very satisfied with this promotion.

"If you just go to Southern Guangdong, it won't be easy for me to come and visit again in the future." Ji Feng laughed.

"That's something for later, let's not talk about that!" Zheng Yuanshan said with a smile.

Ji Feng also smiled and nodded, and stopped continuing this topic.

It suddenly occurred to him that Qian Hongda, the Party Secretary of Yuezhou, seemed to be a member of the Ji Department now, he just didn't know if Zheng Yuanshan knew about this.

But this Ji Feng did not say out, if Zheng Yuanshan knew that was okay, but if he did not know beforehand, Ji Feng might be talking too much if he said it now, he did not have the habit of being a long-winded woman.

"Uncle Zheng, since that's the case, then I'll go ahead and congratulate you in advance on your high promotion with tea instead of wine." Ji Feng grinned and lifted his cup of tea.

Zheng Yuanshan was also all smiles and gladly accepted.

“Let’s do this, after a while, after things are formalized, you and Lei Zi you both come home, then we’ll have a few good drinks.” Zheng Yuanshan said, “You don’t lack anything, so Uncle Zheng won’t talk to you about all the niceties, all thanks are in the glass of wine.”

“That’s great!” Ji Feng laughed, “However, it’s better to drink less.”

“What, afraid that I can’t drink you?” Zheng Yuanshan was in a good mood at this time and joked with Ji Feng, “Haven’t you heard that our cadres are all tried and tested (alcohol tested)!”

Ji Feng laughed: “Uncle Zheng, this can’t dare to say too much, otherwise, when the time comes, once they are drunk under the table, it will be a shame!”

“You brat then, good, then we will try to see who goes under the table!” Zheng Yuanshan waved his hand very proudly and laughed.

Ji Feng also followed and laughed.

After staying in Zheng Yuanshan’s office for less than two hours, it was almost time to leave work, because it was winter and it got dark earlier, so it was almost evening.

Ji Feng did not delay any longer, so he got up and said goodbye.

When he walked out of Zheng Yuanshan’s office, Ji Feng couldn’t help but shake his head slightly.

After talking to Zheng Yuanshan for such a long time, Ji Feng had roughly grasped some information. The first was that the Zheng family was afraid.

This might also be because that phone call Zheng Yuanshan made earlier had worked, and at the same time, it might also be somewhat related to the fact that Yan Hong had been caught and had not been in contact with Zheng Yuanhe’s wife Guo Pei Pei, making Guo Pei Pei think that Yan Hong might have really given an account.

But no matter what, the Zheng family has already started to express their goodwill, then how to operate next, I believe that father and second uncle will definitely have a clear idea, and he should not worry too much about this matter.

Ji Feng was only thinking in his mind when he would find the right time to send those emails and information in his hands to his second uncle, that was a powerful chain of evidence that could convict Guo Pei Pei, and I believe that it would be more effective in his hands than in his own.

Talking with Zheng Yuanshan made Ji Feng feel a lot more relaxed.

Originally, he had wanted to wait and see what would happen on the sidelines, just to see what the Zheng family’s reaction would be, and then to see what the family would do, so that he could learn a trick or two from it.

But now, since the Zheng family has made a move, Ji Feng has to hurry up and give those emails and information to Second Uncle, because once the Zheng family makes a move, the Ji family will definitely

have to respond, and with those emails in hand, father and Second Uncle will be better able to make a judgment.

Of course, in addition to that Ji Feng also saw a little

The first thing is that the Ji family is ready to make a move on the Wu family, or rather, it should be ready to make a move on the South Guangdong Brilliant Group controlled by the Wu family.

First, Qian Hongda's defection made the Ji family's power in South Guangdong greatly increased, as well as adding a cadre.

And now, Zheng Yuanshan will be sent to South Guangdong as the head of the provincial department, which is the same as controlling the entire police force in South Guangdong. Even if Zheng Yuanshan is still unable to fight against some bigwigs such as the provincial party secretary of South Guangdong, at least, with him as the director, things will always be much easier to do.

If we add Qian Hongda, an old fox, and the two of them cooperate with each other, it is really a force to be reckoned with.

With such a force, it would be like stabbing a knife in the heart of the Wu family. Then, I'm afraid it's time to take on the Brilliant Group next.

After all, the combination of Qian Hongda and Zheng Yuanshan is not very powerful, so if they want to fight hard in the political world against those bigwigs of the Wu family in Southern Guangdong, they will definitely be at a disadvantage, and they may not be able to retreat in one piece.

So, the best choice would be to adopt a roundabout strategy and start from the side.

The best entry point is undoubtedly to take action against the Brilliant Group.

Ji Feng could be sure that as long as he was hurting the Brilliant Group, he would have a good point to grab, and he might even grab the economic lifeline of the Wu Department, in which case, the situation could be very different when the two sides engaged in a contest again.

"It looks like the day when the Tengfei Group will go south is not far away." Ji Feng secretly pondered, "When Zheng Yuanshan is sent there, after a period of transition, I believe that with his ability, he should be able to take initial control of the provincial hall, and by then, Qian Hongda and Zheng Yuanshan will cultivate a little more tacit understanding between them, and I believe it will be time to make a move on the Brilliant Group."

However, Qian Hongda and Zheng Yuanshan could only take action against the Brilliant Group from the official side, and to really strike at the Brilliant Group, they would definitely have to do it from the commercial side.

Only the Tengfei Group could also be moved!

"Good!"

Ji Feng couldn't help but wave his fist a few times, it wouldn't be long before it was time to have a head-on collision with the Brilliant Group, this was a battle to the death, whoever fell would become the

stepping stone for the other side, but whoever won would be able to step on the other side's bones and climb to the top!

Of course, there is still a huge gap between the current Tengfei Group and the Brilliant Group, but this is not an insurmountable gap.

As long as it is done properly, it is not yet known who will die!

"Wu Zhiyong, just wait!"

Ji Feng stood on the steps, his entire person freely an extraordinary aura flowing out.

It was as if he could see the fierce encounter coming soon, the suffocation of Rong Peng and Rong Suyan, the suffocation of his being set up three times, and the arrogance of the Zheng family

All of this, perhaps in the not-so-distant future, will have a say.

Ji Feng had his hands behind his back, and his gaze looked at the transport put, as if he was looking out of the world!

"Ding"

Just at this moment, Ji Feng's mobile phone suddenly rang.

He took out his phone and saw that it was actually Li Ruonan calling. He couldn't help but smile slightly, it seemed that this girl had woken up.

"Ruo Nan, awake?" Ji Feng picked up the phone and asked with a smile.

"Well, it's awake that, you went back?" Li Ruonan's voice was slurred, seemingly a bit uncomfortable.

Actually, thinking about it, she was the one who originally called Ji Feng here, but after being massaged a few times by others, she actually fell asleep comfortably, which was indeed a bit out of order.

Ji Feng seemed to be able to imagine Li Ruonan's face full of embarrassment, with a pair of hands that didn't know where to put them

It was indeed very interesting.

"I haven't gone back yet, I just sat down here with Director Zheng, why, something wrong?" Ji Feng pretended not to hear her embarrassment and asked with a forced smile.

"Ah! You haven't gone back yet, so come over now, I'm right here in the office!" Li Ruonan's voice was a little surprised and a little elated.

"It's almost the end of the day, I'm going over at this time but I'm delaying your return home, that's not good, is it?" Ji Feng raised his hand and looked at the time, it was said that these civil servants spent more time on the road than at work, drank tea more often than they thought about business, and read the newspaper more diligently than the editor of the newspaper delayed their off-duty time, how could this be?

"Ji Feng! You don't flirt with me a few times in your heart, do you?" Li Ruonan burst out, "Come here immediately!"

Pop!

The phone was hung up.

Ji Feng couldn't help but shake his head and laugh bitterly, this temper is right, this is what Li Ruo Nan is!

The kind of shy and embarrassed look just now, how can it be Li Ruo Nan's character, anyway, Ji Feng has never seen it.

The first thing you need to do is to go straight to Li RuoNan's office.

When she came to her office, once she saw Ji Feng, her pretty face suddenly turned red and her eyes flickered a bit, not even daring to look directly at Ji Feng.

"You're here, have a seat!" Li Ruonan forced her composure and wanted to get up to make tea for Ji Feng.

"It's better to forget it!" Ji Feng waved his hand, "I just drank tea for more than an hour at Director Zheng's place, and I really can't drink it now."

"That's because you're not blessed, this is a good tea I got by the way from my old man." Li Ruonan said.

"Is that so?"

Ji Feng instantly laughed, "It seems that you are still not enthusiastic, otherwise why didn't you make tea for me when I first came here before?"

"You're still talking about me? Then it wasn't you who came up and made me angry Forget it, let's not talk about it!" Li Ruonan glared at him in anger and changed the subject, she was afraid that she would talk about the massage thing again.

Ji Feng then felt amazed, to know that the previous Li Ruo Nan would never be shy!

"This is the information you asked for about the Hao Tai Hotel!" Li Ruonan put a folder in front of Ji Feng, "These are all the most basic information, you should read it first, and when you've read almost everything, I'll tell you more detailed ones."

"Why don't you put the information all together?" Ji Feng asked, and only then did he realise that it wasn't that Li Ruonan hadn't investigated more detailed information, but that she hadn't put it all together.

"What if someone finds out? It's better to be careful!" Li Ruonan said.

Ji Feng laughed, "Then you can just tell me those details, I've found out all this information myself."

Li Ruonan then nodded, and just as she spoke, she made Ji Feng startled.

"Ji Feng, if it's not necessary, I think you should not mess with this Haotai Hotel!"

Chapter 1607

Li Ruonan then nodded her head, and just as she spoke, she left Ji Feng stunned.

"Ji Feng, if it's not necessary, I think you should not mess with this Haotai Hotel!"

“How do you say that?” Ji Feng frowned, “Could it be that this Hao Tai Hotel is still some kind of dragon’s den? Or, that Cheng Haotai has three heads and six arms, so whoever messes with him will be unlucky?”

Li Ruonan’s words immediately made the fire rise in Ji Feng’s heart, so once he heard these words, his tone of voice was not quite right. Of course, despite how angry Ji Feng was in his heart, he was still trying his best to restrain himself, because he knew that Li Ruo Nan would definitely not harm himself, and she should have her reasons for saying so.

But no matter what, Li Ruo Nan’s words were somewhat inappropriate.

“Ji Feng, why is this person’s temper so violent!” Li Ruonan couldn’t help but say, “Wait for you to hear me out before you comment, okay?”

“Yes, of course!”

Ji Feng shrugged his shoulders indifferently and raised his hand to indicate, “Go ahead, I’ll listen.”

Seeing this, Li Ruonan could only shake her head helplessly.

Having known Ji Feng for so long and having dealt with him many times in between, Li Ruo Nan knew Ji Feng’s character very well.

He had such a foul temper, especially when he was fighting with people, he would not back down even one step, and was unbearably tough.

This kind of character may not suffer in most cases, but as the saying goes, if he is too rigid, he may meet someone who is even tougher than him, and when that happens, both sides will lose, which is not good at all.

However, the words Li Ruo Nan certainly will not be so direct to speak out, otherwise, I’m afraid Ji Feng will immediately blow his beard and glare right, look at him today should be shaved, but the glare is certain.

Li Ruonan shook his head and said, “Ji Feng, this Haotai Hotel is not some dragon’s den, and that Cheng Haotai is not three heads and six arms, but he also has no small amount of energy.”

“Oh?”

Ji Feng couldn’t help but ask curiously, “Dare I say that that person is still a big shot? Tell me, what kind of a character is that?”

Li Ruonan said, “This Cheng Haotai, first of all, he is a successful entrepreneur himself, and has a lot of influence in the society, especially in some specific circles in Jiangzhou. Of course, that’s not the main thing either, what’s most important is those people he’s in contact with and his network of connections!”

Ji Feng couldn’t help but ask with a smile, “That is to say, this Mr. Cheng Haotai has money and power, so to speak, right?”

Li Ruonan couldn't help but spread his hands helplessly and said, "If you have to interpret it that way, then you can't say it's completely wrong, at least you're right in one sentence, he does have money, as for the power this can't really be said in a few words, but it's definitely some trouble right."

Ji Feng said, "Then speak slowly, no need to rush."

Li Ruonan raised her hand and looked at the watch on her white wrist, she cocked her head and thought for a moment and said, "Well now it looks like we are about to get off work, let's do this, give you a chance to treat this captain to dinner."

"Ha!"

Ji Feng couldn't help but laugh, "You're blatantly asking for a bribe!"

When Li Ruonan heard this, she instantly glared, "What's the matter, you're still not happy about it?"

"Happy, of course I am!" Ji Feng said, holding back a smile.

"That's more like it!" Only then did Li Ruonan nod in satisfaction, then she casually picked up the coat on the coat rack, and after thinking about it, her pretty face couldn't help but blush slightly, then she walked behind the desk again and bent down.

Ji Feng asked, "What are you looking for?"

Li Ruonan quickly took out a coat, the very same one Ji Feng had, from the cabinet under the desk.

"That many thanks for the jacket." When Li Ruonan said this, her demeanor was shy, and her voice was even more gentle, almost making Ji Feng think he was blurry-eyed.

This standing in front of himself, is this still the original Li Ruonan?

Why has she been so quirky today?

"What are you looking at! Don't pick up the clothes yet, deliberately hanging me out to dry!" Seeing Ji Feng looking at himself with that odd look, Li Ruonan suddenly blushed and said fiercely.

That's right!

Only then did Ji Feng let out a sigh of relief, this was still the same old hot-tempered Li Ruonan.

"Get going!" Li Ruonan glared at him.

.....

Li Ruonan took Ji Feng and arrived at a restaurant not too far from the city bureau.

The place does not look too high class, nor is it too big, but it is clean, moreover, there are people playing the violin here, and the atmosphere in the restaurant is very good, from the cold wind outside suddenly into here, it is like from the cold winter suddenly walked to spring!

Li Ruonan seemed to be very familiar with the people here, even the waiter knew her.

The two of them sat down in a small compartment, and at Li Ruonan's suggestion, Ji Feng ordered a few of the specialties here, and after just under ten minutes, the dishes began to be served.

Soon, Ji Feng and Li Ruonan were chatting while eating.

“How is it, the dishes here are quite to your taste, right?” Li Ruonan asked with a smile, looking at her demeanor as if she was a child who was offering a treasure, which made Ji Feng stare.

“Mmm! It tastes very good.” Ji Feng nodded his head.

“That’s good!”

Only then did Li Ruonan smile happily, but of course, her smile, however, still did not have the kind of tenderness of an ordinary girl, but a different kind of style.

“I usually come here to eat if I’m tired from work, so I’ll consider it as relaxing.” Li Ruonan said.

Ji Feng said, “With your physical fitness, as long as you keep practicing the aerobics I taught you, after a while, you won’t feel tired easily.”

Li Ruonan couldn’t help but ask, “Isn’t that gymnastics for strengthening the body, if I’m already tired and then practice gymnastics, wouldn’t that be super intense training?”

Ji Feng laughed: “The reason why you often feel tired is because you don’t keep practicing. When I gave you a massage in your office before, I noticed this problem, that you didn’t stick to your exercises.”

“Oh

Li Ruonan nodded thoughtfully, and then, as if she thought of something, her pretty face reddened slightly again.

Ji Feng also realized that it seemed a bit not good to bring up that scene in the office again at this time, so he coughed lightly and quickly changed the topic, “Ruo Nan, you said before that Cheng Haotai, the boss of that Haotai Hotel, is rich and powerful, can you explain it in detail?”

“He’s not just rich and powerful!”

Li Ruonan was really successful in being diverted, she said, “In fact, if we just talk about assets, Cheng Haotai is not considered to have much power at all, there are many people like him in Jiangzhou, I don’t even know how many people are richer than him, by the way, aren’t you! Your assets are at least several times more than his too!”

“Talk about him, don’t drag me into it!” Ji Feng waved his hand, “Since it doesn’t matter what the assets are, what’s the argument?”

“It’s mainly about Cheng Haotai’s social circle, and his influence in that circle.” Li Ruonan said, “Cheng Haotai has very good relationships with many corporate executives and bosses, and more importantly, he especially has very close relationships with some successful people who have returned from abroad, or Chinese from abroad!”

Ji Feng frowned slightly and asked, “What do you mean?”

“You’ll understand if I tell you this.” Li Ruonan said, “For example, many Chinese who came back from abroad, they themselves studied abroad, but stayed abroad after they finished their studies, and the vast majority of them joined foreign nationality directly.”

Ji Feng nodded, he did know this.

He had once read in a magazine that but of all the Chinese students who went abroad to study, at least sixty to seventy percent chose to stay abroad and join a foreign nationality after completing their studies.

The remaining 30 to 40 per cent of foreign students also wanted to stay abroad, and they came back only because of various objective reasons, such as not being able to rest assured about their parents at home, or not meeting the requirements for foreign citizenship, etc.

The only reason why they come back is because of various objective reasons, such as they don't want to worry about their parents at home, or they haven't met the requirements to join a foreign country, etc. Of course, the foreign students mentioned here are those who really go to study, not those rich kids or officials who go abroad to just muddle through with their diplomas.

Those real international students are very capable, they work very hard and earnestly because they don't have good origins, and many of them are able to rise quickly to become managers of foreign companies.

This is a big loss for China, and it does make people a bit helpless.

"Because they used to be Chinese, so when those foreign companies are developing the Chinese market, they will first consider giving this task to them, so you see so many people in Jiangzhou who are obviously Chinese faces but have foreign passports and are executives of foreign companies, right?" Li Ruonan said.

Ji Feng nodded, he agreed with what Li Ruo Nan said, "You mean to say that Cheng Haotai has a good relationship with these people?"

"That's right!"

Li Ruonan said, "Cheng Haotai used to have a few university classmates who went to study in the Boundary Tent, and now almost all of his classmates are in Jiangzhou, and they have all joined the Boundary Tent nationality, not only that, they have also formed a small circle, which includes Chinese people, and those international students, of course, now they are all corporate executives, in addition to that, there are also many significant Boundary Tent people that are also in this circle of theirs!"

"Now, you know why I dissuaded you from messing with Cheng Haotai, right?" Li Ruonan said.

"Yoo-hoo!"

Ji Feng couldn't help but let out a strange laugh, "In that case, they are part of a three-way collusion and then hold a group to run amok in our China?!"

Hearing Li Ruonan say this he immediately understood, no matter if it was the boundary tent people or the Kerry people or any other country, as long as it involved foreigners, it was a foreign-related incident.

When it comes to foreigners, our officials in China, that spine is not hardened, and even both legs go weak.

In such a situation, the only thing they will do is to wave a slap at their own people!

This is one of the reasons why foreigners have become more and more unscrupulous in China in recent years!

Chapter 1608

“Part of the people of the boundary tent, part of the Chinese people, and the Chinese people who studied in the boundary tent. These three parts form a small circle, and the people in this small circle, interchangeably, are like chambers of commerce in various places, and Cheng Haotai is one of those people.”

Li Ruonan introduced, “Although each of them might not be too powerful if they were taken out individually, the energy of their small circle is not to be underestimated!”

Ji Feng smiled and pondered.

Indeed, if it was really like what Li Ruonan had said, then Cheng Haotai’s energy indeed could not be considered small.

In particular, this small circle of theirs was still very powerful.

This form of combination of theirs is actually similar to a chamber of commerce, or it can be called a special kind of business federation, that is, they all get together to meet and exchange ideas, or even worse, when they encounter trouble, they can discuss countermeasures together, or strike out at the same time to fight someone’s enemy

In that case, even if the other party is strong, you will have to think about it before you say anything.

The actual fact is that you can find a lot of people who have been in the business for a long time, and they’ve got a lot of people who have been in the business for a long time.

However, what if Cheng Haotai’s small circle of people were to help him?

Some of the people in that small circle are from the world tent and can exert pressure on the other side through international channels, and some are foreign business executives who can mobilise their resources to help.

These are what Li Ruonan is trying to say, and Ji Feng agrees.

But in fact, there is another point that perhaps Li Ruo Nan did not consider, but Ji Feng thought of Li Ruo Nan just said the situation of Cheng Haotai, Ji Feng immediately realized a point, Cheng Haotai’s small circle, in fact, the biggest role, not in the economy and business.

It was in the political sphere that they could bring their energy into play the most!

For example, if a powerful figure were to come into conflict with someone from Cheng Haotai’s circle, the disputes with foreigners involved would be enough to give him a headache!

You know, this is a small group that involves a combination of people from two countries, which means that no matter which side you deal with, it will involve disputes between the two countries, and if not, it will become a foreign-related incident.

That’s the most problematic part of it all!

“What are you thinking about?” Li Ruonan saw that Ji Feng was not speaking, so she couldn’t help but ask.

Ji Feng shook his head and pondered for a moment before asking, “Ruo Nan, let me ask you a question.”

“Ask me a question?” Li Ruonan couldn’t help but be stunned, then she immediately sat up straight and said, “What kind of question, you ask it!”

“If say, the boundary tent people are doing wrong in our country, do you dare to arrest them? Or would you end up treating them as you treat people from our country?” Ji Feng asked.

“This question

Li Ruonan just choked when she heard that, she thought about it and still didn’t know how to answer, finally she couldn’t help but say, “Why are you asking me this question, don’t you know more than me! Really!”

Li Ruonan felt that Ji Feng was deliberately flirting with her, but when it came to foreign-related incidents, how could a small police officer like her make the decision?

Not to mention that she was only a small captain of a division, even if she was the chief of the division, she couldn’t make the decision on such matters.

How to handle the case would depend on the opinion of the leaders above!

This is something that everyone understands, but when Ji Feng asks this, it’s a bit of a slap in the face, and Li Ruonan can’t help but give him a blank look.

“Then I understand!” Ji Feng nodded his head.

“What do you understand?” Li Ruonan couldn’t help but ask.

“Of course I understand why you don’t let me mess with Cheng Haotai, the old boss of Haotai Hotel, what else could there be?” Ji Feng spread his hands, “You’re trying to tell me that Cheng Haotai has a background of the boundary tent, a huge network of connections, and they all have ties to the boundary tent, so if you go and mess with him, it’s likely to cause a foreign-related incident, right?”

“Yes!”

Li Ruonan nodded and said, “Since you understand, that’s good.”

“Hey!” Ji Feng couldn’t help but grin, but didn’t say anything.

This was the reality!

One should know that Li Ruonan was the daughter of Li Baoyuan, the mayor of Jiangzhou, and Li Baoyuan’s status could not be considered high, or at least, among cadres at his level, he still carried a lot of weight.

Moreover, at his level, he is definitely a senior cadre.

So as Li Baoyuan’s daughter, even if she were to be a well-bred, high-flying, golden girl, it would be an easy task.

As long as Li Ruonan nodded her head, there was no telling how many people would be willing to come and flatter her. Even if she didn't nod her head, there would definitely be many suitors or flatterers around her who couldn't be driven away.

Of course, Li Ruonan is not the kind of whiny and delicate Miss Qianjin, she is not that kind of personality.

But no matter what, Li Ruonan shouldn't be so weak!

With her status, who did she need to be afraid of?

But the fact is that even with her status, she is not willing to easily provoke foreigners, which means that in her heart, she knows that even with her status, once she clashes with foreigners, she will probably end up in trouble and even get into trouble herself.

As a police officer, Li Ruonan must have a clear understanding of this matter in her heart.

However, this kind of words is not so easy to say after all, so Li Ruonan only said so vague

The reason for this is that Li Ruonan advised him not to mess with Cheng Haotai.

The fact that Cheng Haotai is obviously a Chinese, but because he has ties to the world cape, to those Chinese who went to the world cape and then joined the nationality of the world cape and then never wanted to return, even Li Ruonan is a bit afraid!

It's ridiculous!

The more Ji Feng thought about it, the more he felt angry, the people of the realm tent were that scary? They have three heads and six arms? Or is it that anyone who has anything to do with the tent can't be touched or touched?

The actual fact is that they are not able to touch anyone who has anything to do with the real world.

"Ji Feng, what do you think?" Li Ruonan saw Ji Feng silent, could not help but ask.

"What can I think, anyway, I'll take note of your reminder and thank you for your kind words!" Ji Feng said, "This meal today is even a thank you in advance, when this matter is over, I will treat you to a good meal again, by then, except for the dragon meat I can't get, other than that, feel free to order whatever you want, as long as this restaurant has it, you can order whatever you want!"

"Afterwards?"

Li Ruonan was not in a hurry to rejoice, she couldn't help but ask: "What do you mean when you say this matter is afterwards?"

Ji Feng said, "Of course it's after I've finished cleaning up Cheng Haotai!"

Li Ruonan immediately became anxious, she blurted out, "Why are you like this? I've told you that this matter is troublesome, why do you still have to mess with him, don't let people worry about you anymore!"

Ji Feng looked at her blankly: "....."

Swish!

Li Ruonan also realized that there was something wrong with her words, her pretty face became red and her eyes became flustered, she didn't dare to look at Ji Feng at all, she quickly lowered her head and kept fiddling with the spoon in her hand, clinking with the bowl

A kind of ambiguous and somewhat awkward atmosphere quietly spread between the two.

Li Ruonan really did not even dare to raise his head, his heart was even more shy, secretly cursing himself for not being able to compete, how a inattentive to say everything outwardly.

“Cough”

Ji Feng coughed lightly to break this embarrassment, he smiled: “Don't worry, no matter what, Cheng Haotai is still a Chinese, he can't afford to make any waves. Don't say this, even if he really is from the boundary tent, what can he do?”

If it was a Chinese, Ji Feng might have been merciful when he made his move.

However, now that he knew that this Cheng Haotai had such a close relationship with the people of the Cave, he couldn't be merciful even if he wanted to.

The fact that he had to be involved with the people of the canopy was not good enough. Since this guy was now in Ji Feng's hands, it would be unkind of Ji Feng not to deal with him with a heavy hand!

As for that what dispute, what foreign-related incidents and other things

The actual fact is that you'll be able to get a lot more than just a few of these.

That is not with the boundary tent move real, moreover, Ji Feng will not care about these, as long as in the reasoning stand, no matter how to engage he is not afraid!

“.....” Li Ruonan wanted to say something, but opened her mouth and ended up not saying anything.

For Ji Feng's character, she knows more or less, she knows that once this guy has made a decision, it is impossible to pull back even ten cows.

In fact, in Li Ruonan's heart, she was also very uncomfortable to see those people from other countries and other countries flaunting their power in China, but she couldn't help it, she was a police officer, she had to follow orders, in front of orders, rules and laws were sometimes just empty papers.

In that case, it would be better to let Ji Feng teach those boundary tents a good lesson, but only if Ji Feng could not do any damage.

Li Ruonan originally wanted to remind him, but looking at his resolute look, she knew that Ji Feng definitely did not make the decision on impulse, then he would definitely consider it thoroughly, and it really did not matter much whether she said it or not.

What's more, Li Ruonan was still a little shy in her heart up to now, and she was too embarrassed to speak up.

Because of this little episode, the next meal was eaten very quickly, especially by Li Ruo Nan, who almost seemed to run away when she left at the end, making Ji Feng shake his head and laugh.

When he looked down at the flash drive in his hand, Ji Feng was a bit upset. This flash drive was handed to him by Li Ruo Nan when she was leaving, saying that all the information about Cheng Haotai was in it, especially the list of members of Cheng Haotai's coterie, which was also in it.

It seems that Li Ruonan must have investigated with great care, otherwise she would not have been able to find out so much in just a few days.

Watching Li Ruo Nan leave in her car, the corner of Ji Feng's mouth twitched

"Cheng Haotai boundary tent people?" Ji Feng sneered, "I'll see how bullish you can be!"

Chapter 1609

"Young Ji!"

Around eight o'clock in the evening, White Spider drove back to the villa, and after she parked the car, she immediately walked over.

"You're back, come in first to warm up a bit!" Ji Feng stood in the courtyard and said with a smile. When Bai Spider came back, Ji Feng was standing in the courtyard pacing back and forth and was reaching out to look outside from time to time, especially when a car passed outside, he would immediately pull the door open to look outside.

Although White Spider had already called him earlier and said that he was on his way back, Ji Feng was still a bit uneasy.

"Mmm!"

Bai Spider nodded meekly, but there was some emotion in her heart.

This was not the first time she had seen Ji Feng standing at the door waiting for her, in fact, whenever Ji Feng had time, every time Bai Spider went on a mission, Ji Feng would take a walk in the courtyard.

With Ji Feng's physique, there was absolutely no need to take a walk anymore, and Bai Spider knew that Ji Feng's greatest pleasure in his spare time was either to accompany Tong Lei and Xiao Yuxuan, or, to be alone in his study not knowing what he was working on.

Even if he wanted to exercise, he would go to the backyard alone to box, and as for activities like taking a walk, they didn't have much to do with them, the youngsters.

So it was obvious that Ji Feng was definitely not standing in the courtyard at this moment to exercise, and certainly not to have a cold breeze, he was waiting for his return.

The only thing he knew was that the white spider had gone to spy on Li Zaimin, and that would certainly not be a good feeling.

If you're spying in a car, the car can't be started and it's naturally cold inside, so it's really hard to sit inside for a long time. If it's a stalker, it's even more uncomfortable. Often, the stalker has to hide in a tight corner or climb to the ceiling

The actual fact is that when Ji Feng instructed her to carry out such a difficult task, it was not so peaceful.

The two returned to the living room, where both Xiao Yuxuan and Tong Lei were busy with their own affairs, with Tong Lei sitting in a single sofa, reading a book. Xiao Yuxuan, on the other hand, was holding a small computer and didn't know what she was working on.

The two women were both delighted to see Bai Spider back, and as for the bit of unpleasantness between Bai Spider and Xiao Yuxuan, it had long since disappeared without a trace with the passage of time.

Especially after Xiao Yuxuan knew that Bai Spider had once followed Ji Feng through an unknown number of gunfights, her attitude towards Bai Spider had a very obvious change, and now there was no unfriendly atmosphere at all in the family, including Han Zhen and Xiao Ying, several of them had a very good relationship.

Even more so, many times Tong Lei and Xiao Yuxuan were extra nice to Bai Spider!

"Sit down and have a cup of hot tea first!" Ji Feng said with a smile.

"I'll help myself!"

Bai Spider hurriedly went to the kitchen and let Ji Feng pour water for her, she was always a bit uncomfortable all over.

Seeing Bai Spider's dusty appearance, Xiao Yuxuan couldn't help but ask, "Ji Feng, what did you send Bai Spider to do again?"

Ji Feng laughed: "Nothing, I was just curious about Li Zaimin, so I asked the white spider to follow him to see what kind of people he usually has contact with.

Xiao Yuxuan could not help but frown slightly and said, "Ji Feng, you are not planning to go against the Four Star Group, are you?"

"Not for now!" Ji Feng said.

"You!"

Xiao Yuxuan couldn't help but shake her head and said, "I know that Li Zaimin is indeed a bit too much, but, no matter what, we always want to develop and enter the international market, now rashly going against the Four Star Group, it's not good for the group's development! Ji Feng, why don't we hold back for a while?"

Ji Feng laughed: "Don't worry, I won't just run over to the Four Star Group and fight hard in my head! However, it's still necessary to get to know the opponent in advance."

"It's best if you can think like that, I was really afraid that you would directly send White Spider to do something to Li Zhaimin, that would be painful for a while, but it would be very detrimental to the group's development." Xiao Yuxuan said.

For Ji Feng's character, Xiao Yuxuan really knows it too well, this guy's character is always incomparably tough, he has never seen him bow down to anyone, even if he is tolerant, it is only temporary, it won't take long to make the other party pay back with interest.

This was the case with the Qiao family in the past, and the Wu family as well, and I believe he will do the same with the companies in the future, as well as the Four Star Group now.

So what Xiao Yuxuan was most worried about was that Ji Feng would not put the Four Star Group in his eyes and then just blindly and impulsively go straight for Li Zhaemin, which could be really a bit troublesome.

Despite the fact that the Kerry people are really unattractive, you have to admit that the Four Star Group is really powerful, which is an objective fact, and the Tengfei Group is simply no match for them now, so it would be unwise to rashly set up such an enemy.

The two of them were chatting, and the white spider was talking.

The two were chatting when Bai Spider came over with a cup, "Young Ji, I recorded all the several people Li Zaimin met with today, in addition to that, there were several phone calls he made, I heard them all"

Ji Feng waved his hand and said, "There is no hurry first, you should drink some water first to warm up your body."

The white spider then nodded her head.

After a while, White Spider took out a finger-sized black plastic box, which was a miniature recording torch, "Young Ji, I recorded all the proceedings of today, especially Li Zaimin's conversation with those few people, and the few phone calls he made, the recordings are all here."

"Hmm!"

Ji Feng took it and asked, "Did you find anything?"

White Spider immediately nodded and said, "There's a little discovery, but I'm not too sure."

Ji Feng immediately smiled and said, "It doesn't matter, whatever you find out, just say."

"It's like this, the few people I met at Li Zemin today, I listened to their conversations, two of them were Kerry people, I couldn't understand their conversations, but they were recorded. There were also a few bosses from Jiangzhou, they talked about things related to cooperation, however, one of them talked to Li Zemin, I think it's very suspicious!"

White Spider said, "Young Ji, you'd better listen to it yourself."

Ji Feng immediately waved his hand, "Go! Go upstairs and talk."

When he came upstairs, Ji Feng immediately copied the sound recorded by White Spider onto his computer and played it out.

The content of this recording was not much different from what the white spider had said. Li Zemin met about six or seven people, and the front were all normal conversations, even if those Kerry languages Ji

Feng could not understand, but he could hear through the tone of these people's conversations that they should be fine.

However, as the voice of a man talking to Lee Jae-min was released at the back, Ji Feng's spirit was immediately shaken.

"Manager Zhao, that solution you mentioned didn't work, that kid didn't fall for it at all!" It was Li Zhaemin speaking, his voice seemed a little less than happy.

"Oh?"

Another man spoke up, "Looks like that kid is quite clever! Young Master Li, can you tell us the details of the process?"

Lee Jaemin asked, "Is it important?"

He seemed a little reluctant to say it.

The corner of Ji Feng's mouth then pulled up a slight curve, thinking that this Li Zaimin might not be willing to recall the scene, especially the one in which he was stunned.

But

There is one thing that Ji Feng is curious about, this person in the recording, calling Li Zaimin as Young Master Li?

What kind of young master is Li Zaimin?

"Young Master Li, I must know the details of your meeting before I can judge what that boy really thinks, which is very necessary for you to pursue that one!" The man said.

"That is fine!" Once Lee Jaemin heard this, he pondered for a moment and finally nodded his head.

He then told the scene of his meeting with Ji Feng, however, when he got to the end where Ji Feng figured out what he was up to and even dented the bonnet of the business car with a slap, Li Zhaemin said something else.

"That kid figured out your ploy and then went crazy, and I let him off the hook without getting into a fight with him in a public place like that!" Li Zhaemin said.

Ji Feng: "....."

This son of a bitch, he's quite good at sticking it to his face!

It's true that it was a public place at that time, but was it because of that that he didn't make a move with himself?

..... Lee Jae Min was stunned at the time!

"That's right, what kind of status is Young Master Li, how can he behave with a little white boy" the man's voice was a bit flattering as he mused, "So it seems that that little white boy is still an incredibly rude person Young Master Li, allow me to think for a while, I feel that, this little white boy is actually very easy to deal with, I will definitely think of a way!"

“You have to think of a way as soon as possible, I can’t stay in China for much longer, I have already received a call from my father, he asked me to go back to headquarters to report, whether or not I can come back to China next depends on what kind of results I achieve!” Lee Jaemin said, “If I can take down the Tengfei Group you understand, right?”

“Yes, I understand!” The man said repeatedly.

“Then you should seize the time to think of something!” Lee Jae-min gave his expulsion order, “If I can’t be in China, then there’s nothing I can do about your promotion”

.....

SMACK!

The recording ended here, then it was Lee Jaemin jabbering on the phone with someone, Ji Feng paused the recording playback, hugging his arms and frowning.

It was true!

Ji Feng didn’t guess wrong, there was really someone who was advising Li Zaimin, moreover, this person seemed to be someone from the Four Star Group?

That’s right!

Ji Feng’s eyes suddenly lit up, this person who was giving advice to Li Zai Min, Chinese language is very fluent, and very authentic this guy should be a Chinese!

The white spider sat quietly on the side, trying not to disturb Ji Feng’s thoughts.

“White spider!”

Ji Feng suddenly asked, “Do you still remember what this man who last spoke to Li Zaimin looked like?”

White Spider shook his head and said, “Although I still remember, I couldn’t draw it because I was lying on the ceiling and looking down, so I couldn’t draw it because of the angle of observation, but I took a few pictures from above with my phone”

“Oh?”

Ji Feng was pleased: “Quickly take them out and I’ll take a look!”

Chapter 1610

“Young Ji, look!”

White Spider pulled out the photo she had secretly taken on the ceiling from her phone and handed it to Ji Feng to look at.

Ji Feng took a look at the photo and his brow furrowed.

The photo was taken at a very odd angle, the front of Li Zaimin was captured, however, the person Ji Feng wanted to see was sitting facing Li Zaimin, so that his back was turned to Bai Spider’s camera.

So the photo on the phone in front of him was only taken from the right rear of the person, and only the small right side of the person's face could be seen, and it was impossible to see the face completely.

"This is the first one, there are a few more in a row behind it, plus when I realised there might be something wrong with this man, I took a few more on his way out" said the white spider from beside him.

"Swish!"

Ji Feng sniffed and immediately started flipping backwards.

The next few shots didn't show the front, and even if they were combined, it was still impossible to tell what the man looked like. Ji Feng was patient and continued to scroll down.

Suddenly, the next photo made Ji Feng's eyes light up.

This was also not a frontal photo, but this photo was taken from the oblique front, and it looked like the white spider had secretly taken it when this person was about to leave.

Ji Feng stared at it for half a day and could probably make out a blurred look.

"Young Ji, there are two more at the back!" The white spider said.

"Mm!"

Ji Feng nodded and flipped back again, and after looking at the remaining two photos, a blurred image appeared in Ji Feng's mind.

The latter two photos were likewise not too clear, mainly because of the angle, if the angle taken was not good, it would make the person's face look big in the photo, or a certain part would be distorted, to judge what the person really looked like, one had to look at these photos together.

It was in Ji Feng's mind that he went through all these several photos that he saw, and in the end, he came up with a rough image of what the person looked like, although he could not say that it was completely clear, but a clear outline was certain.

"This person seems to look a bit familiar!" Ji Feng said.

White Spider shook her head and said, "I can't say this too well, from the ceiling, again it looks a bit incongruous, however, I also feel that it looks a bit familiar."

Ji Feng was stunned, "Really? You also think it looks familiar?"

White Spider nodded and said, "I can only say that it seems to ring a bell, but if you want me to be more specific, I can't tell you."

She couldn't help but shake her head a little embarrassed, when she used to be an assassin, as long as she had seen a picture of her target, she would not forget the basic mountain, but now she actually couldn't remember where she had seen this person before, it was a little humiliating.

Snap!

Ji Feng snapped his thigh, "I remember now!"

The white spider immediately looked at him in amazement.

“White Spider, do you remember, when Li Zhaimin and the others went to the Tengfei Group, there was a middle-aged man who was also with the crowd, and from beginning to end that man didn’t say anything, remember?” Ji Feng asked.

“Don’t quite remember!” White Spider shook her head.

She usually didn’t bother to deliberately observe people’s looks, she just swept her eyes quickly over others to see if there was anything wrong with that person or if there were any signs of dangerous moves, her main focus was still on Ji Feng’s body.

“It doesn’t matter if you don’t remember, but I remember him!” Ji Feng said with great certainty, “I remember very clearly that when we were in the meeting room, this man sat on the sofa behind Li Zhaemin, and because Li Zhaemin was so dazzling, our eyes were subconsciously focused on him, and instead we ignored this man behind him!”

“..... I remembered that too!” White Spider’s eyes suddenly lit up, “Young Ji, are you talking about the person in charge of recording?”

When Ji Feng reminded him of this, White Spider remembered, at that time there was indeed a person sitting behind Li Zaimin with a book in charge of recording, because he kept his head down and wrote something on the book, so White Spider thought he was just a clerical employee of the Four Star Group and didn’t pay too much attention to it.

But now that I think about it

It really was him!

“It’s him!” Ji Feng nodded, and he couldn’t help but show a cold smile on his face, “This person doesn’t say a word, but I never thought he was the most sinister one!”

This guy is hiding deep!

Ji Feng picked up the phone and looked at it a few more times, now he could be sure that it was this guy!

“Someone from the Four Star Group?” Ji Feng coldly snorted, “I’d like to see what kind of person this is!”

He immediately picked up the phone and called Yi Xingchen.

“Old Yi, it’s me, you’re at the company, right?” Ji Feng asked.

“I’m here, boss, what’s up?” Yi Xingchen’s voice came through.

“It’s good to be at the company, you immediately send someone to pull out the CCTV footage of the Four Star Group’s people when they visited, I will send someone to get it tomorrow!” Ji Feng said.

“No problem!” Yi Xingchen responded, “Boss, is there something wrong?”

“A small matter, you don’t need to worry!” Ji Feng smiled.

After hanging up the phone, Ji Feng looked at the photos again and listened to the recording, he couldn't help but sneer, "Not only do you want to swallow the Tengfei Group, you also want to chase after Yu Xuan? What a big appetite, you're not afraid of chipping your teeth!"

White Spider immediately asked, "Young Ji, do you want me to do something?"

Ji Feng shook his head and waved his hand, "No, what Yu Xuan said is right, we have to be cautious now, we can't make a rash move."

"Then the people from the Four Star Group just let them be arrogant like this?" White Spider asked.

"Of course not!"

Ji Feng's face was somewhat unkind as he sneered, "Since they're looking for death, there's no reason why I can't make them whole! Just wait and see, there will be time for them to cry!"

White Spider nodded thoughtfully

.....

Early the next morning, a small warrior from the battle group delivered the video, followed by a phone call from Yi Xingchen, telling Ji Feng that he didn't need to make a trip.

Ji Feng couldn't help but smile, Yi Xingchen is just old-fashioned and can be described as watertight, it would be perfect to have him as the head of the battle team.

Afterwards, Ji Feng took the white spider with him and rushed to the Jiangzhou Municipal Bureau again.

However, this time, Ji Feng did not look for Li Ruonan again, the embarrassment he felt at dinner last night still seemed to linger in his mind, making Ji Feng pick up the phone several times and dial a few keys, but finally gave up.

The latter was about to be transferred, so it was better to take advantage of his departure to give some residual energy.

When he saw Zheng Yuansan, Ji Feng directly explained his intention: "Uncle Zheng, this person in the video, I want to know his details."

"Oh?"

Zheng Yuansan couldn't help but ooh and aah, "Who are you kid going to deal with again?"

Ji Feng laughed: "No way, people have stepped on my head, if I don't fight back, they will have to take over the Tengfei Group and steal my wife as well"

Zheng Yuanshan frowned: "What's going on?"

He knew that Ji Feng would definitely not joke about his wife, although Ji Feng spoke with a smile on his face, but things were obviously not as easy as he said, I believe Ji Feng had fire in his heart!

As a matter of fact, once Ji Feng told the general story, Zheng Yuanshan couldn't help but slap the table and curse, "Fuck these stick people who bully people too much!"

They want to steal people's property and even take away their wives and daughters, which is simply abominable.

In ancient China, there is a saying that 'the hatred of killing one's father is the hatred of taking away one's wife', so it can be seen that taking away one's wife and daughter is similar to the hatred of killing one's father.

This shows how underhanded and unethical the methods of Li Zemin and the others were!

"Tell me, what do you want to do?" Zheng Yuanshan was very dry, if he didn't even help with this kind of thing, it would really be too sorry for Ji Feng, to know that he could be promoted, he still had a great deal to do with Ji Feng, of course he had to do his best in this matter.

"How about this, Uncle Zheng, you find a few experts to edit this video, in addition, they live in a hotel, that hotel must also have surveillance video, you also send someone to bring it, then edit it together, make a plausible video, use this to directly ask them to come to assist in the investigation, and then investigate each of their identity clearly! "

Ji Feng said, "Your men must be familiar with doing this, this is no problem, right?"

"You brat" Zheng Yuanshan was instantly amused, "You will definitely do this favor for Uncle Zheng, but do you think this is good? Just investigating their identities?"

"With such a little edited video, it is definitely not possible to convict those people, involving foreigners, to do it, we need to have solid evidence, so that no one can say anything, this can be done as an iron case." Zheng Yuanshan said, "So, there is still a need for other evidence ah!"

Ji Feng waved his hand and said, "No need to go to that trouble, instead of that, then I might as well just clean them up. Uncle Zheng, I just need their identity information now, as for how to clean them up, I'll think about it."

"How about I give you an idea!" Zheng Yuanshan suddenly said.

"Hmm?"

"Use the fishing method, first take down that guy who is giving advice to the Kree, and make it public so that he can't get a foothold in the Four Star Group, then it will be much easier to clean him up!" Zheng Yuanshan said, "Those few Kree people will have accomplished nothing without someone to help them with their plans, so you can think of another way to clean up, what do you think?"

"Fishing?"

Ji Feng asked, "Uncle Zheng, you mean to say"

Zheng Yuanshan nodded his head.

Ji Feng shook his head and laughed: "No need, although this person is cunning, but also just the Kerry people's lapdog, just deal with him alone, in fact, not much meaning, clean up after him, there must be others willing to act as a lapdog, to clean up, we have to directly to that Lee Jaemin, or even to the Four Star Group! "

He understood Zheng Yuanshan's meaning, for example, let the street girl to hook up with that person, and then while they are preparing to have sex with fish, the police just happen to appear, that person can not escape the suspicion of 'whoring'.

This is also known as fishing enforcement.

With this alone, once it was made public, I'm afraid he wouldn't be able to get a foothold in the Four Star Group.

However, Ji Feng did not intend to do so, as he said, it was meaningless to just deal with such a Kerry man's lackey, either do not move, or, play a big one!

These scores will be settled with them!
