

Campus Master 161

Chapter 161

After returning to the dormitory, Ji Feng's face was still very unpleasant, and he took a deep breath, and only after a long time did he manage to calm down.

"Forget it, let's not think about these things." Ji Feng faintly shook his head and comforted himself, "As long as they don't mess around anymore, don't ask such things in the future, it's just too distracting."

Ji Feng couldn't help but shake his head slightly, in his opinion, that Wu Ling'er was simply a spoiled underage girl, brash, arrogant, but whatever flaws those dudes had in them, she almost had them. Of course, unlike some boys, women fopped up in a different way, but it was just as much of a headache.

"I don't know how Yu Xuan got together with this kind of person and became good friends?" Ji Feng shook his head and smiled, remembering Xiao Yuxuan, his heart was on fire again.

Especially Xiao Yuxuan's charming and flirtatious style, as well as her seductive 'seduction' if any, I'm afraid that any man with blood and vitality would not be able to remain indifferent.

The fact is that the woman who is so charming is her girlfriend, and she is one of them!

As soon as he thought of this, Ji Feng gave a heated, bad smile in his heart, very pleased.

"Ding ....."

Suddenly, the phone rang, and Ji Feng took out his phone, only to find that it was Xiao Yuxuan calling.

I guess it should be about what happened in the cafe just now, right?

Ji Feng picked up the phone, "Yu Xuan, you miss me so soon?"

"Screw you!" Although Xiao Yuxuan had already broken through that layer of window paper with Ji Feng, she was not in that mood to joke now, "Ji Feng, what you said about Little Spirit just now was a bit too heavy, Little Spirit is still crying all the time even now!"

Ji Feng frowned, "Are you still in that cafe?"

"Of course not, how could I possibly let Little Spirit cry in the cafe, we've already returned to the flat." Xiao Yuxuan sighed lightly, "Little guy, although all those things you said are very reasonable, but, you don't know Little Spirit, maybe she did wrong before, but there is a reason for it."

Ji Feng snorted, "What's the reason? I'd like to hear what the reason is that can make her not even care about other people's lives, and she's even excited to ask me to help her race!"

"You little fellow, why are you talking so chokingly!" Xiao Yuxuan couldn't help but scold, "Didn't I say that Little Spirit already knows that she's wrong."

"Just know that it's wrong." Ji Feng nodded slightly, and then he remembered something and couldn't help but ask in annoyance, "What did you just call me? Little guy?!"

"Giggle .....", Xiao Yuxuan lowered her voice and smiled charmingly, "Why, didn't I call you little guy the same before? Why don't you want to now?"

Ji Feng gritted his teeth in hatred and viciously said, "You wait, one day I will let you know that not only am I not a 'little guy', but I will be so big that you will be surprised!"

"Bah!" Xiao Yuxuan was shy and spat lightly, "You're just a little rascal!"

Even through the phone only listening to the voice, Ji Feng is enough to imagine that at this time Xiao Yuxuan must be full of red face, eyes containing spring, a flirtatious look of a million kinds of charm.

"Little guy ..... Ji Feng," Xiao Yuxuan just took the three words 'little guy' out of her mouth, and then remembered what Ji Feng had just said, and changed her name at once. "In fact, Xiao Ling's nature is not bad, you just don't be general with her for now, I'll persuade her to stop racing, and you don't send people to deal with her, okay?"

Ji Feng heatedly smiled and said, "Since Lord Wife has given her word, that's naturally no problem, don't worry, as long as she doesn't do that kind of thing again that doesn't put other people's lives in her eyes, I'm not going to bother with people like her in general, you can just pass on my original message to her directly."

"Screw you, who's your wife now!" Xiao Yuxuan said slightly shyly and then hung up the phone.

Ji Feng laughed heatedly, simply washed up, turned the electric fan on, and then lay down on the bed again, entering his mind.

"Master, welcome back!" The intelligent brain said.

Ji Feng couldn't help but be a little surprised, "You never used to say that, why are you getting more and more human today?"

"Back master, according to the program setting of the Wisdom Brain, it can collect external data and information on its own and thus learn." The intelligent brain explained.

Ji Feng couldn't help but be surprised, "Then you mean that if you continue to learn, you will become more and more like a human being?"

"It depends on the ultimate growth limit of the program." The intelligent brain said.

Ji Feng thought for half a day but didn't understand what that meant, he couldn't help but shake his head and said, "Well, then you'll continue to grow, now, we're going to start training."

The course on communication and network technology, the most basic things Ji Feng had already memorised in his head, what he wanted to learn most now was how to create that magical light curtain from before, if that thing was created, it would definitely take the world by storm!

The intelligent brain immediately nodded, "Yes, master."

"Apart from continuing to practice the second set of movements today, are we continuing to learn about communication and network technology?" Ji Feng asked expectantly.

"According to the tutorial, master will be learning today, indeed, but add the word basic at the end." Once again, the intelligent brain said humanely.

“Communication and Network Technology Fundamentals .....” Ji Feng couldn’t help but roll his eyes, what a joke, isn’t this still the most basic knowledge?

“Could it be that I haven’t learned the basics solidly enough?” Ji Feng asked discontentedly, he really wanted to create that light screen earlier, even if he couldn’t mass produce it, even if he could create one and keep it for himself to watch as a TV, it would definitely look much better than whatever 3D movie in the cinema!

“What the master learned before is only the basic knowledge of communication technology, and if the master wants to complete the goal of manufacturing the light screen, he must learn the network technology at the same time, because that light screen that the master sees, not only has the function of playing stereo video and audio, but also comes with powerful communication and network functions ..... “The intelligent brain explained a bit.

Only then did Ji Feng understand that he had looked at the future technology too simply. Dare I say, that light screen actually had multi-function, whether it was used as a TV, or as a computer, or any other function, it had it all.

“In that case, let’s get started!” Although a little disappointed, but after all, there is still hope well, Ji Feng’s enthusiasm does not diminish, said with great enthusiasm.

.....

In the United University staff flat, Xiao Yuxuan hung up the phone and came to Wu Ling’er’s room, looking at Wu Ling’er who was lying on her bed and crying, she couldn’t help but let out a soft sigh.

“Xiao Ling, don’t worry about it, I have just called Ji Feng, he has already forgotten about it, I think, you should forget about it too.” Xiao Yuxuan said softly.

“Humph!” Wu Ling’er whimpered in anger, “Who is he to forget? Didn’t he say he wouldn’t let me go! What a big mouth!”

Xiao Yuxuan immediately let out a bitter laugh, “Little Spirit, how can I say this, if Ji Feng wants to deal with you, I’m afraid that just one phone call will be enough.”

“What?” Wu Ling’er was stunned and stopped crying, “Xuan Xuan, what did you just say? Ji Feng can deal with me with a single phone call?”

“Although this sounds a bit exaggerated, ..... it really is, because you don’t know Ji Feng’s identity, so you don’t understand how much energy he has, otherwise, you would definitely be convinced!” Xiao Yuxuan smiled bitterly, Ji Feng’s identity, she was not willing to say much, after all, her own name with him was originally a rather awkward existence, if people knew about it in the future, they would inevitably say that they were climbing up the ladder of power.

Wu Ling’er couldn’t help but sit up, “Xuan Xuan, what exactly is Ji Feng’s identity?”

She knew that Xiao Yuxuan would never lie, and since she said this, it proved that Ji Feng’s identity must be extraordinary. Wu Ling’er knew very well that although her own parents were not considered very powerful in Jiangzhou, they were not something that ordinary people could deal with with a single phone call, unless they were those who were really big shots.

Ji Feng would be a big shot? Given his age, it was definitely impossible. Then, there was only one possibility, Ji Feng had a relationship with some big shot.

Xiao Yuxuan shook her head slightly and said, "Little Spirit, don't ask what his identity is, but I can tell you that what I said is true!"

At once, Wu Ling'er's heart stirred and she secretly pondered.

Xiao Yuxuan didn't notice her expression and still said softly, "Little Spirit, the racing matter, let's not mention it again, right?"

"Yes, I promise you!" Little Spirit smiled cheerfully.

Xiao Yuxuan was stunned, but she did not expect that Little Spirit would agree so readily. However, since Little Spirit had already agreed to it, she was relieved.

Otherwise, if Little Spirit continued to go to that dangerous racing game, Xiao Yuxuan would have been worried.

"Xuan Xuan, you go back, I'm already fine." Wu Ling'er smiled, "I want to be alone for a while, can you go out first?"

Xiao Yuxuan hesitated for a moment before nodding slightly, "Alright then, Little Spirit, you can rest for a while, call me if there's anything."

After Xiao Yuxuan went out, Wu Ling'er sat up from the bed with a jerk, her eyes dripping a few times, and picked up the phone, "Xiao Guang, it's me ....., please inform Sun Zixiong immediately that the date of the race has been changed, it's set for today... . no nonsense, it's today!"

Hanging up the phone, Wu Ling'er's eyes couldn't help but reveal a rebellious look, "Hmph, Ji Feng, don't you want to deal with my reliance? Well then, I'll give you this opportunity ..... Giggie, I've always wanted to deal with them but didn't have the ability, now you can help me deal with them, then it's even better ....."

Saying that, Wu Ling'er couldn't help but mutter, "If you didn't have that huge wealth and weren't so busy with work, then would you still be so indifferent and apathetic to me?"

If Ji Feng knew that his words were actually counterproductive to Little Spirit, the expression on his face must have been very exciting .....

## Chapter 162

"The so-called network technology, unlike that of Earth where the Master is located, the network technology of the Gamma Galaxy, known as the Empty Network, is thought to envelop the entire sky. Throughout the Gamma Galaxy, the Empty Network is unified and is controlled by the most advanced and most powerful central computer in the Gamma Galaxy, the Goddess."

In Ji Feng's mind, the intelligent brain was talking endlessly about the network technology of the Gamma Galaxy era for Ji Feng, "The biggest advantage of this kind of empty network, is that it achieves the most

timely and also the most extensive sharing of information, and humans are simply unable to tamper with the programs in it. Because according to the joint regulations of all countries, in order to change the Goddess' program, one must have the fingerprints of all the heads of state in the entire Gamma Galaxy as the key to open the Goddess, and only more than half of them can modify the program. This fundamentally avoids the possibility of the empty network being mastered by a particular person or a particular country, and therefore, the empty network has become the most secure network in the entire Gamma Galaxy, because everyone has to use it, and no one will be the first to destroy it."

"If everyone can use the empty network, in that case, why would there still be a war? You know, in that case, the two sides that go to war don't have much of an advantage in terms of information intelligence." Ji Feng asked suspiciously, war is fought over money and intelligence, this is already a common knowledge, the vast majority of people know this, the Gamma Galaxy's technology is so advanced, there is certainly no reason for them not to know, since this is the case, why would there still be a war in the end?

"This brings us to the issue of access to the null network." The intelligent brain explained, "According to the agreement, each country in the Gamma Galaxy will have its own section of the network, which belongs to the empty network but has a separate place, this is the right given by the Goddess, according to the words on Earth, this is called a local area network."

"What does that mean?" Ji Feng was still puzzled, he couldn't be blamed for being too stupid, it was because he could still only be considered a rookie when it came to these high technologies, he simply didn't know how much difference there was between the LAN and the empty network that the intelligent brain was talking about, and as for the deeper intent of it, he knew even less.

Fortunately, although the intelligent brain is now becoming more and more human, it has not caught the viciousness of human beings, not to mention the half-hearted impatience, but patiently explained: "The meaning is that every country in the Gamma Galaxy has been given a certain authority by the Goddess to use a certain section of the null network alone, while others want to use it, either by modifying the Goddess' program or by obtaining the password, so, to get more information than others, all you really need to do is steal each other's passwords, and that's enough."

Ji Feng was suddenly enlightened and couldn't help but feel a little embarrassed. Now it seemed that it wasn't that the knowledge of the Gamma Galaxy was too profound, or that the intelligent brain hadn't said it in enough detail, but that he had never been exposed to this aspect before, so he was obviously very uncomfortable and slow to react.

"The network technology of the Gamma Galaxy is based on communication technology, and the master has already learned the basics of communication technology during this time, so he can start learning the basics of network technology at the same time as he learns communication technology." The intelligent brain said.

Ji Feng nodded slowly: "Isn't it a bit too difficult to learn two technologies at the same time? I'm afraid it's too much to chew."

His worry was not unreasonable, as he was very clear about his strengths and weaknesses. The advantages were that he had a superb memory and good comprehension, but the disadvantages were

equally obvious, as he did not have any foundation in this area, and learning it, even if his comprehension was strong, seemed to be a struggle.

Ji Feng is not willing to deceive himself, because this is not a test-based education, but a real skill that he has to learn. If he got lucky in this area, treating this as a joke and heckling it all day long. Then, one day, he himself will become the joke!

“Master, judging from your understanding and memory ability, learning these two technologies at the same time won’t seem too overwhelming, because they are interrelated, and Master already has a certain foundation in communication technology, so if you learn networking technology again, you will get twice the result with half the effort.” The intelligent brain explained.

“Since that’s the case ..... then let’s learn!” Ji Feng clenched his teeth, it’s not just learning, it’s no big deal. If you want to become a super agent like character, if you can’t even bear this hardship, then don’t mention anything about being a super agent.

“Okay, master, then from now on, we will learn all the fundamentals of communication and network technology .....” while Ji Feng practiced the second set of movements with his legs crossed, the intelligent brain began to explain.

Time flew by, and Ji Feng, who was completely immersed in his studies, didn’t notice the time change at all until the intelligent brain came to remind him.

“Master, there is a phone signal for you from the outside world.” The intelligent brain said.

Ji Feng was stunned, a phone signal? Someone was calling?

He immediately retreated from his mind and casually picked up the phone by his pillow and found that it was actually Xiao Yuxuan’s phone.

“Something’s wrong?” Ji Feng subconsciously thought of this possibility, it was impossible for Xiao Yuxuan to call him continuously within a very short period of time.

He immediately picked up the phone, “Yu Xuan, what’s wrong?”

Xiao Yuxuan’s eager voice immediately came over, “Ji Feng, it’s not good, Xiao Ling left a note saying that she went to race with Sun Zi Xiong, what should we do?”

Ji Feng’s eyebrows immediately furrowed, “Deadly!”

He did not expect that Wu Ling’er was so bold, he had just warned her and Xiao Yuxuan would definitely reveal his identity to her vaguely, but to think that she would turn a blind eye to it and still do what she wants, she is simply incorrigible.

“Don’t bother with her, since she’s looking for death herself, no one can stop her, so you don’t have to worry about that.” Ji Feng said indifferently, “Yu Xuan, you must not go to her, do you hear me? Racing is really too dangerous, especially at night, and it’s still underground racing, there’s no regular track at all, something could happen at any time .....”

Just said here, Ji Feng regretted, he was really stupid, how did he say the danger of racing, if not, Xiao Yuxuan might still be just worried and would not go to Xiao Ling. But now since Xiao Yuxuan knew that racing was so dangerous, she would most likely go to Xiao Ling.

For Xiao Yuxuan's character, Ji Feng couldn't be clearer.

"Ji Feng, is it really that dangerous?" Xiao Yuxuan's voice was trembling a little, she only had one friend like Xiao Ling, so naturally she couldn't bear to watch her fall into great danger.

Ji Feng immediately said, "Actually, it's not, the danger I'm talking about is only relative. You can see that Xiao Ling has participated in so many racing events, but isn't she fine? As long as there are no big accidents, basically there won't be much danger."

Xiao Yuxuan, however, was ice-clever and immediately understood Ji Feng's thoughts as she asked, "Little guy, are you afraid that I will go to her, that's why you said that?"

Ji Feng let out a bitter smile, finding a girlfriend who is too smart is sometimes not a good thing.

Xiao Yuxuan said, "Little guy, you should accompany me to find Xiao Ling, I really can't watch her in danger and do nothing, when I used to go to university, once I was in danger, it was Xiao Ling who stepped forward and I was saved ....."

"There is still this matter?" Ji Feng was stunned, he hadn't really heard Xiao Yuxuan talk about it, "Okay, Yuxuan, you wait for me at the school entrance right now, I'll be down there."

"Little fellow, sister thanks you." Xiao Yuxuan was immediately overjoyed and broke the rules by giving Ji Feng a kiss over the phone, "Boo!"

Ji Feng hung up the phone in tears and laughter, his face gloomy again. This trip was simply to look for Xiao Ling, and he definitely would not help Xiao Ling racing.

Quickly putting on his clothes and going downstairs, Ji Feng was shocked to find that it was actually dark at this time!

He had been in the training system for more than seven hours? Ji Feng was astonished, how could it have gone by so fast?

Without having time to think about it, Ji Feng quickly arrived at the entrance of the school and saw Xiao Yuxuan pacing back and forth at the entrance with an anxious look on her pretty face.

"Yu Xuan!" Ji Feng walked over, "Let's take a taxi over, do you know where Wu Ling'er is racing?"

"I just called her phone and it didn't get through. But I think I heard her talk about it, her territory seems to be in that area of the Panshan Highway leading to the military camp, according to her, this time she is competing with Sun Zixiong for territory, so I think that's where she will be racing." Xiao Yuxuan said anxiously.

"Alright then, let's take a taxi over there immediately." Ji Feng was about to go up to the road to stop a car.

"No need, I'm driving over." Xiao Yuxuan pointed to a red Volvo in front of the school.

Only then did Ji Feng remember that Xiao Yuxuan's background wasn't bad, her family ran a company, and it was normal for her to have a car.

"Give me the keys!" Ji Feng reached out and took the keys, sat in the driver's seat, started the car for a few tries and said, "Yu Xuan, fasten your seat belt."

Xiao Yuxuan nodded and fastened it as she was told.

The next moment, the car was like an arrow that had left the string and shot out like lightning, into the rolling traffic and disappeared.

Xiao Yuxuan's eyes widened in shock, the speed of the car was just a little too fast. The car's speed was really too fast. You know, it was only eight o'clock in the evening, a time when cars are crowded, especially with the traffic situation in Jiangzhou, it was like cars crowding cars and people crowding people.

The company's main business is to provide a wide range of products and services to the market.

However, soon, Xiao Yuxuan understood why Xiao Ling kept wanting Ji Feng to help her race.

On this road where the two of them were now, there was a car about every four or five metres, and from time to time, there were cars that did not follow the traffic rules. However, Ji Feng was unmoving, just moving his two hands quickly between the steering wheel and the gear stick, the movements were as fast as lightning and dazzling.

Decelerate, shift gears, accelerate, shift gears again .....

The movement of Ji Feng was like flowing water, making Xiao Yuxuan almost unable to move her eyes away for a while, her heart was in awe, she didn't know where the little guy's car skills were learned from, just in the fast movement, it was not something that ordinary people could do.

However, when Xiao Yuxuan's eyes looked out of the car, she finally realised just how superb Ji Feng's car skills really were.

A simple Volvo S40, in Ji Feng's hands, was simply played to the realm of the best performing sports car. In the gap that was only four or five meters apart, Ji Feng actually brought the car's speed up to over 120 mph, and the car was like an incomparably nimble swimming snake, drilling straight in when it saw the gap, narrowly and narrowly brushing against other cars, almost touching them.

The roar of the engine grew louder and louder, and the thrill of it was so overwhelming that Xiao Yuxuan's face turned white, almost without a trace of blood. She subconsciously glanced at the speedometer, and her mind was suddenly dizzy.

Xiao Yuxuan couldn't help but scream in her heart, "Little guy, are you driving? It's like flying a plane!"

The car was still speeding up, Ji Feng had transformed driving into almost an art, not long after, the car broke out of the dense traffic and entered a quiet side road.

"Whew!" Xiao Yuxuan finally couldn't help but let out a long breath, "Little guy, do you know how dangerous it was just now?"

Ji Feng drove the car without looking away as a smile appeared on his face, "Hey, if I didn't even have this skill, how would Wu Ling'er beg for me to help her go racing?"

"Just brag about it you!" Xiao Yuxuan laughed lightly, while the tension in her heart eased a lot.

Ji Feng smiled faintly as he continued to increase the throttle and continued to increase the speed of the car.

Xiao Yuxuan was surprised and asked, "Little fellow, how can you drive so fast, although this car of mine doesn't run slow in theory, it has never been this fast. In the past, Xiao Ling also drove my car with the fastest gear and throttle up to the maximum, but it couldn't reach this speed!"

Ji Feng laughed: "In theory, the numbers marked on the speedometer are all attainable by the vehicle. Only, because the person driving is a person, not a machine, almost no one can maximize the performance of the vehicle, and even, a lot of useless work is used in the consumption between the machinery, the speed of the vehicle naturally cannot be raised."

Xiao Yuxuan nodded as if she understood, and remembered something else and asked, "Where did you learn to drive?"

Ji Feng laughed: "In my dreams."

"Nonsense again!" Xiao Yuxuan glared at him and followed closely with a laugh.

For the road to the barracks, Ji Feng had already walked it twice and was considered familiar with it, from the school to now, it was only twenty minutes or so before the two of them arrived at the Panshan Highway.

"There are lights ahead!" Xiao Yuxuan pointed to a hill in front of them, with dozens of lights on it.

"Let's go over!" Ji Feng nodded and drove over in that direction.

When the two of them drove to that hill, they found a group of people there wailing and waving their clothes and hats towards the bottom of the hill. Some other people, on the other hand, were gathered around and were looking at something nervously.

Ji Feng and Xiao Yuxuan got out of the car and walked over, he swept a glance and did not find Xiao Ling's figure.

"Please ask, where is Wu Ling'er?" Ji Feng tapped a man on the shoulder and asked.

"Hey, I say brother, you can't see for yourself, Wu Ling'er is racing with our boss right now, but I won't be able to call Wu Ling'er later, it'll be time to call her sister-in-law, haha ....." the man laughed harshly.

"Are racing?" Ji Feng frowned and quickly squeezed through the crowd of onlookers, and instantly found that in a car in the middle, a large screen laptop was lighting up, showing a road with two dots, one red and one blue, that were constantly moving.

"Which one is Wu Ling'er?" Ji Feng asked in a deep voice.

"The red dot is Wu Ling'er who drives a Maserati, the blue dot is Brother Xiong who drives a Lamborghini, kid, which side are you on?" A man asked.

Ji Feng hummed and asked again, "You are here, you can contact them both directly, right?"

"Kid, who the hell are you?" These people sensed that something was wrong and looked at Ji Feng with an unkind face.

"Snap!" The man who spoke just now only felt a blur before his eyes, and immediately his face was on fire, and his whole body flew out and fell heavily on the ground.

"Say, can you contact them?" Ji Feng's voice was as plain as ever, but in the ears of the crowd, it was incomparably cold.

"D, waste him!" A yellow hair shouted and lunged up.

Bang!

In the next moment, this yellow hair was kicked away and fell equally heavily to the ground, unconscious.

In a flash, everyone dared not move any more and just looked at Ji Feng in a daze.

"Don't make me ask a third time!" Ji Feng said coldly.

"Yes, yes!" When Ji Feng's gaze swept towards a girl with an exploding head, the girl immediately panicked, "Use the wireless intercom device, it's fine."

Saying that, the girl hurriedly handed over an intercom.

Ji Feng frowned, "Can an intercom connect that far?"

"This is a specially made walkie-talkie, specifically connected to the radio channel in the car they were driving, the connection is clear." The girl said in a panic.

Ji Feng nodded and turned on the intercom, "Wu Ling'er, this is Ji Feng, can you hear me?"

"Zizi!"

A noisy sound came over the intercom, followed by the sound of an engine roaring, and Wu Ling'er's voice rang out, "I can hear you, Ji Feng, you're finally here."

"I now order you to return to this hill where you converged immediately, I only give you fifteen minutes, more than one minute and you will suffer the consequences!" Ji Feng said coldly.

However, before Wu Ling'er could say anything, another arrogant man's voice came over the intercom, "D, who are you, how dare you talk like that? Wu Ling'er is racing with me, don't disturb us, hurry up and get lost!"

Ji Feng's face suddenly turned gloomy and he sneered, "Sun Zi Xiong, is it? You'll regret that statement!"

"Haha, playing rough with Laozi? In all these years, no one has really dared to talk to Laozi like that, kid, you're dead!" Sun Zixiong laughed harshly, "When I win the race, I will definitely get you killed!"

"Huh ....." Ji Feng laughed, "Winning in a race? Good, I'll see how you win."

Saying that, he swept a glance around and saw a blue sports car.

“Whose car is this, bring me the keys!” Ji Feng arrived in front of the car.

A kid handed over the keys in a panic and Ji Feng and Xiao Yuxuan got into the car together.

“Ji Feng, you’re going to race with Sun Zi?” Xiao Yuxuan asked in surprise, “Let’s call Xiao Ling back straight away, I don’t want you to take any chances!”

Ji Feng instantly smiled, “With your words, that’s enough, don’t worry, watch how your husband I create an extreme legend!”

As soon as the words left his mouth, the blue sports car seemed to rocket out with a roar!

## Chapter 163

Put it in gear, step on the gas, accelerate .....

Amidst the roar of the engine, Ji Feng skillfully and incomparably maneuvered the blue sports car, as if it was a cheetah running at a fast pace, and disappeared on the highway with unparalleled speed.

“Ji Feng, you’re going to race with them?” Xiao Yuxuan asked incomparably stunned, “Why don’t we just go back to the hill and wait for Xiao Ling to finish racing with that Sun Zi Xiong and then we’ll take her back.”

Xiao Yuxuan did indeed want to bring Little Spirit back, but if she were to put Ji Feng in danger along with her, she would definitely not agree.

Between Little Spirit and Ji Feng, although Xiao Yuxuan was extremely worried about Little Spirit, she decisively chose Ji Feng.

“Oh, it’s not necessary, since we’ve come here, we naturally have to ‘play’ properly.” The corner of Ji Feng’s mouth pulled up a slight curve, but a cold glint shone in his eyes.

She had already warned Little Spirit, but the other party had turned a blind eye to it. What made Ji Feng even more intolerable was that Little Spirit had left a note for Yu Xuan before the race.

Naturally, Ji Feng could see that the reason why Little Spirit would do this was actually to attract Xiao Yuxuan’s attention and deliberately make Xiao Yuxuan come looking for her. In this way, if Xiao Yuxuan wanted to come to her, she would definitely notify herself and put a request for her to accompany her.

This is simply deliberate. Ji Feng coldly snorted in his heart, to put it more seriously, this is using Xiao Yuxuan’s relationship with herself to force herself to help her race.

When he thought of this, Ji Feng’s heart moved again. If this was the case, why did Xiao Ling have to race with Sun Zixiong herself? She just needs to wait here for herself and Xiao Yuxuan, and when she arrives, she will then ask Xiao Yuxuan to help intercede, and it is still possible for her to let herself help her race.

Since this is the case ..... then there are only two possibilities, firstly, Xiao Ling is indeed trying to use herself, so her current race with Sun Zixiong is not the final, or, it is just one part of the race, so it doesn’t matter much if she comes later.

Secondly, Little Spirit was not trying to use Xiao Yuxuan and herself, so although she had left a note, she was really just trying to inform Xiao Yuxuan of her whereabouts. It was also because of this that Little Spirit personally raced Sun Zi Xiong.

Ji Feng guessed that both possibilities existed, except that it was still the first one that was more likely. Because from the fact that Xiao Ling was willing to put down her face to beg herself to help with the race, she valued this race, so how could she easily race herself in a race that was so important to her?

“Humph! It’s really a deep-hearted woman, Yu Xuan with this kind of person .....” Ji Feng shook his head slightly and said, “Yu Xuan, after stopping Xiao Ling and the others later, you should not say anything, understand?”

Seeing Ji Feng’s gloomy face, Xiao Yuxuan couldn’t help but nod her head.

“Alright then, we’ll go after them now!” Ji Feng said in a low voice, and then, he slammed the accelerator to the bottom, and the car roared away, cutting a perfect straight line in the air.

“Wu Ling’er, who is that kid you just spoke to? You’re my intended wife, when I win you, you’ll be my woman, you can’t hook up with another man.”

On the mountain road, two sports cars were driving rapidly one behind the other, and Sun Zixiong, who was one step ahead, was full of lustful smiles as he said through the intercom, “If I find out you’re having an affair with another man, I’ll kill that man.”

Wu Ling’er, who was also driving at a brisk pace, grimaced as she snorted coldly, “Sun Zixiong, where did you get all that bullshit? Trying to disturb me? There’s no way!”

Sun Zixiong laughed loudly, “I’m Sun Zixiong, do I need to disrupt you to win? I could easily beat you even if I drove with my eyes closed. Tell me, who is that kid?”

“He’s someone you can’t afford to mess with.” Wu Ling’er hummed and said.

Sun Zixiong laughed loudly, “There are many people I can’t afford to mess with, but I’m afraid there aren’t many people in the whole of Jiangzhou who dare to say I can’t afford to mess with them, right? Little Ling Ling, you should stop covering up for your man, for your sake, I won’t be ordinary with him. Of course, this is only if he stops asking for trouble.”

When Wu Ling’er saw that he didn’t believe her, she snorted coldly and stopped talking, just concentrating on driving. In her heart, she was laughing coldly, according to Xiao Yuxuan, even her parents’ power in Jiangzhou could not withstand a single phone call from Ji Feng, in Wu Ling’er’s mind, there was only one possibility, and that was, Ji Feng’s parents were definitely people of great power, and were probably even in the officialdom.

Although Sun Zixiong was a big name on the road in Jiangzhou, the more he was, the more he was afraid of offending people in the official circles. Perhaps Sun Zixiong was still a figurehead in Jiangzhou, but if he met a real big shot, I was afraid he wouldn’t even know how to die.

Wu Ling’er believes that Xiao Yuxuan will definitely come looking for herself, and by then, whether or not it is possible to bring Ji Feng, it will undoubtedly involve Ji Feng in this matter, and by then, Sun Zixiong will have indirectly offended Ji Feng.

The first thing you need to do is to get the best out of it.

And more than that, Ji Feng will definitely resent himself for involving Xiao Yuxuan, and he might really take action against his own parents, which is exactly what Wu Ling'er wants to see.

She was very parental and hated her parents for their indifference to her, and if she could use Ji Feng's hand to destroy all their careers, Wu Ling'er would be incredibly happy. She would love to see if they would still be so indifferent to themselves after losing their careers!

In fact, this was Wu Ling'er's real purpose for involving Xiao Yuxuan in this.

It was just that she also knew that after experiencing this matter today, from then on, I was afraid that there was going to be a huge rift in the friendship between her and Xiao Yuxuan, no one would tolerate being used by their friends, and although Xiao Yuxuan had a soft personality, she would definitely not allow such a thing to happen.

"I hope she can understand me, if she wants to blame me, it's only natural, after all, it was me who used her!" Wu Ling'er let out a soft sigh.

However, Wu Ling'er did not expect that at this time, Ji Feng had already moved with shocking anger, and the consequences, were not that easy to bear.

"Let's see how far we are from them!" Ji Feng casually opened the navigator and asked softly, "Since there is a tracking display in that computer on the top of the hill, then this car should have a tracker installed just like the other two cars."

Ji Feng found that the car had been refuelled and was performing quite well, obviously having been carefully tuned. Therefore, Ji Feng guessed that the car he was driving now should also be a vehicle prepared for the competition, so it must have been fitted with a tracker as well.

Sure enough, Xiao Yuxuan tapped the navigator a few times and instantly found that there were indeed two bright spots on it that were constantly moving.

"There are four turns away from us, about ..... forty kilometres or so." Xiao Yuxuan looked at the conversions and displays on the navigator and said softly.

Ji Feng nodded: "Four turns is it ..... Well, that's quick, sit tight!"

The words just fell, Ji Feng jerked up the throttle and continued to pick up speed.

And at this time, in the eyes of the group of people on the top of the hill, there was a completely incredible scene.

"Oh my god, what is this?" A man looked at the computer screen and exclaimed, "How could that kid be driving the car that fast?"

"What?" A group of people all gathered around and looked at the computer screen, their eyes suddenly widened, "That fast?"

On the computer screen, in addition to the two bright spots, one red and one blue, there was an additional purple bright spot. On the map displayed on the screen, that purple bright spot was still far

away from the red and blue bright spot in front of it, however, the purple bright spot was moving at a surprisingly fast speed, far exceeding the speed of the two bright spots in front of it!

“Convert it to the real speed of the car immediately!” A man hurriedly warned.

“Right, right!”

Only then did the crowd wake up, and one man hurriedly converted the speed at which the purple bright spot was moving into the actual speed at which the car was moving, only to come up with a dizzying figure – two hundred and thirty!

“Hiss!” Everyone couldn’t help but suck in a breath of cold air, two hundred and thirty per hour, it was unbelievable!

It wasn’t difficult for a sports car with excellent performance to reach two hundred and thirty per hour, as long as it had a good track and an excellent driver, it could actually reach this speed easily.

But what shocked the crowd was the condition of the road, it was a mountain road!

And it was the first time that kid had driven that blue sports car!

The external environment, the state of the car, the performance and the familiarity of the car are all factors that are essential for a good driver to be able to bring his skills to the limit.

And that kid, not only was it his first time driving that blue sports car, but it was also on a mountainous road, so both the driver’s skills and the car’s performance would be greatly affected in such a situation.

Under such circumstances, that kid could actually reach a speed of two hundred and thirty per hour, which was simply impossible, yet it happened right in front of everyone’s eyes, how could this not make people shocked?

“Two hundred and thirty?” Cold sweat broke out on everyone’s forehead, and one man turned around and asked his companion, “What is Brother Xiong’s highest speed record on this highway on a plate?”

“Two, two hundred and two!” The companion stammered somewhat in reply.

“So, that kid’s speed right now is already exceeding Brother Bear’s highest record?”

“..... Who says otherwise!”

“What exactly is that kid’s origin?” A man asked.

The crowd shook their heads slightly as one said, “It seems like ..... that kid is here to find Wu Ling’er, but I never thought that he would be an absolute expert!”

Everyone couldn’t help but look at each other, and the words popped into their heads, tonight, Brother Xiong might be in danger!

Chapter 164

“Tick-!”

Sun Zixiong, who was driving, suddenly heard a beeping sound, which was the sound of an intercom requesting a call, he couldn't help but frown and picked up the intercom, "What's going on, don't you know I'm driving?"

On the top of the hill, a yellow-haired man stammered, "Brother Xiong, the situation is not, not too good."

"What do you mean?" Sun Zixiong froze, "It's Huang Gang, isn't it? Since when did you become a stutterer? If you have something to say, say it quickly, if you have a fart, say it quickly!"

Huang Gang was instantly aggrieved and couldn't help but rub his small stomach. Before this, the first person who had been kicked away by Ji Feng was him. Until now, his stomach still hurt badly.

After seeing the terrifying speed of Ji Feng's driving, Huang Gang wanted to immediately inform Sun Zi Xiong, but he didn't expect to be scolded.

"Brother Xiong, that kid who came to look for Wu Ling'er, he, he ....." Huang Gang couldn't help but stutter once he saw the speed of the purple bright spot moving displayed on the computer screen, it was just a little too fast.

"What's wrong with him? If you kid don't say anything, I'll turn around and scrap you!" Sun Zixiong said angrily.

Huang Gang immediately winced and said in a panic, "Brother Xiong, that kid drove off to chase you guys, he, he's so fast!"

"Fast?" Sun Zixiong froze, then laughed out loud, "Hahahaha ..... Huang Gang, you've got water in your head, haven't you? How dare you say someone's speed is fast in front of me? This is a big joke, get lost immediately and don't disturb me from driving again!"

Huang Gang wanted to say something else, but found that the intercom had been switched to another channel and could not be connected.

He immediately put down the walkie-talkie with a bitter smile on his face and said to his companion, "Brother Xiong doesn't believe that kid is faster than him."

His companions also all showed bitter smiles, "That's right, saying that someone else was driving faster in front of Brother Xiong, he definitely wouldn't be happy."

At this moment, several people belonging to Wu Ling'er's faction burst into giggles, in their opinion, since Ji Feng had come to look for Wu Ling'er, that meant that Ji Feng and them were on their side.

"Right, remember that Audi car we saw on the Panshan Highway a few days ago?" A man suddenly remembered something and couldn't help but ask, "At that time, Sister Xiao Ling said that she would find this person and help us race with Sun Zi Xiong. But there was no more news after that."

"That's right, the speed of that Audi car was just too terrifying, now that I think about it, I still find it incredible, and even now, I still think that's still impossible." Another person said with an incredulous face, "Moreover, when Sister Xiao Ling came today, she seemed to have said that someone might come for her today ....."

“Are you saying that the owner of the Audi we saw the other day is the kid from earlier?” The man from before asked in unbelievable shock, and then a look of wild joy appeared on his face, “If that’s the case, then the terrifying speed of the purple bright spot is not hard to understand. That kind of speed, I’m afraid, can only be achieved by him.”

“That’s right, this time, Sun Zixiong is in big trouble!” The people next to him were overjoyed, “What we bet with Sun Zixiong, but the land, if Sun Zixiong loses, he has to give up all his land, hey, Sun Zixiong has been entrenched on the coastal highway to the east of Jiangzhou, if it goes to us, then we can pan the mountain highway and the coastal highway, if other people want to come here to race, just the fees charged, that’s a big figures!”

All at once, the crowd was overjoyed.

At that moment, Sun Zixiong was staring at the rear view mirror with a shocked face and a look of disbelief in his eyes!

“This, how is this possible!” Sun Zixiong muttered incomparably shocked, a cold sweat couldn’t help but emerge from his forehead, “How could someone be so fast?!”

It wasn’t just him, Wu Ling’er’s pretty face likewise revealed an incomparable look of shock, “So fast, even faster than that day!”

In the rear view mirror of the two, a blue sports car was chasing after them with lightning speed. Both Sun Zixiong and Wu Ling’er immediately knew who was in that blue sports car.

However, what shocked the two was Ji Feng’s terrifying speed.

It was no wonder that the two were so shocked, they had already set off for more than twenty minutes, with their speed, they would have to run at least a distance of tens of kilometres, yet, Ji Feng could catch up in a very short time, this was simply unbelievable.

One must know that the two of them were only on the first lap, and, from the top of the mountain to here, there was no other fork in the road at all, which meant that there was no possibility for Ji Feng to take a shortcut, so it would have to be a direct chase from the top of the mountain.

It was unbelievable that he had caught up in just ten minutes, and that too on a mountain road. However, the fact was right in front of their eyes, and it was impossible for Sun Zixiong and Wu Ling’er to disbelieve.

Xiao Yuxuan also widened her big beautiful eyes and looked at Ji Feng from the side, “Little fellow, you, you really caught up with them!”

Ji Feng hemmed and hawed, “Small meaning.”

“Virtue!” Xiao Yuxuan gave him a blank look and pursed her lips as she laughed lightly.

Ji Feng hummed, “Since they like racing so much, today I’m going to let them know that racing isn’t that fun, and that their racing skills are really far from good!”

“Tick-!” Just at this moment, the intercom in the car suddenly rang, Xiao Yuxuan looked at the screen, “Little guy, Xiao Ling and Sun Zi Xiong request a call.”

Ji Feng frowned and nodded slightly.

Xiao Yuxuan immediately picked up the intercom, "Little Spirit, is that you, stop the car immediately and come back with us, don't continue such a dangerous game."

Xiao Ling hummed, "Yu Xuan, you don't need to persuade me, this mountain road is our territory, there is no way we will just give it up to Sun Zi Xiong. Humph! Didn't that little boyfriend of yours, Ji Feng, put out a bold statement that if I race again, he would have to deal with my reliance? I'll see how he'll deal with my dependents, anyone can brag!"

Xiao Yuxuan's face instantly changed, she hurriedly glanced at Ji Feng and found that he had no expression on his face, as if he hadn't heard Xiao Ling's words, she was then slightly relieved and hurriedly said, "Xiao Ling, don't say silly things, hurry up and stop the car, don't fool around anymore."

"Yu Xuan, just leave me alone, I will definitely not give up this road to Sun Zi Xiong." Wu Ling'er's voice was resolute, "Yu Xuan, I'm going to turn off the intercom ..... snap!"

Wu Ling'er's voice disappeared.

Xiao Yuxuan's face turned red with anger, "This little spirit, it's so unlike her!"

Ji Feng smiled, "There's no need to be angry, it's really not worth it to be angry with this kind of uneducated person. Yu Xuan, sit tight, since they dare to be so angry at my girlfriend, I will definitely teach them a lesson!"

Xiao Yuxuan was stunned: "What lesson?"

Ji Feng laughed, "Just sit tight."

Buzz!

Ji Feng's face fiercely gripped as he pushed the accelerator to the bottom, accelerating, accelerating, accelerating!

The three cars, with Sun Zixiong at the front, were in the lead, followed by Wu Ling'er, who was slightly behind, but without reaching the finish line, the little advantage Sun Zixiong had in the lead was nothing.

Ji Feng's car was at the end, pressed by Sun Zixiong's and Wu Ling'er's cars and unable to overtake them. The three cars were charging forward at an extremely fast speed, but the two cars in front of them seemed to have a heart to heart, constantly moving back and forth to the edge of the road, suppressing Ji Feng to death.

"Humph, kid, don't you want to overtake me? If you have the guts, just come straight up!" Over the intercom, Sun Zixiong's voice suddenly came out, "You must be very nervous about your woman, right? I'm not afraid to tell you, I've got my eye on Wu Ling'er too, she'll be my woman! Haha ....."

Ji Feng chuckled, "Don't laugh this happily now, there will be time for you to cry later!"

After saying that, the blue sports car suddenly accelerated, just at the moment when Wu Ling'er pressed the car to the left side of the highway, Ji Feng drove over violently.

When Wu Ling'er reacted, Ji Feng's car was already close to her car and rushed ahead.

“Damn it!” Wu Ling’er couldn’t help but curse under her breath, although she hadn’t wanted to fight with Ji Feng to win, but it was still uncomfortable in her heart to be overtaken so easily.

At this time, Sun Zixiong’s heart was shocked, although Wu Ling’er’s driving skills were not as good as his, they were not weak either, but she was so easily overtaken by Ji Feng?

But Ji Feng’s face was expressionless as he continued to accelerate, accelerate, accelerate!

If you look at it from the outside, Ji Feng’s car had almost reached the limit speed, the whole car was flying across the highway, surprisingly pulling out a phantom shadow, no doubt, this was left by the extremely high speed of the car.

“I won’t let you overtake me, for sure!” Sun Zixiong’s forehead was sweating a little as he moved the car back and forth, squeezing Ji Feng to death so that he could not easily overtake him.

However, Ji Feng kept accelerating, not caring at all about Sun Zixiong’s suppression.

“I just don’t believe it, you dare to crash into it, at this high speed, everyone will die if you crash into it!” Sun Zixiong laughed coldly, he thought that Ji Feng was scaring him, “Your trick is okay to scare newcomers, but it’s too inadequate for me.”

“Scaring you?” Ji Feng smiled faintly, “Do I need to scare you?”

After saying that, the car accelerated violently, and in the next moment, Ji Feng’s car, surprisingly, hit the corner of Sun Zixiong’s car trunk at once.

ZHI!

The sound of the wheels rubbing against the ground was incomparable, and Sun Zixiong’s car, surprisingly, was rammed open.

Swish!

Ji Feng’s car overtook.

“How can this be!” Sun Zixiong’s shriek came over the intercom, “How could you possibly run me over?”

“It’s just a simple matter of the angle of mechanics!” Ji Feng smiled faintly, then started to slow down, making Sun Zixiong only forced to slow down as well.

“Since that’s the case, then I’ll ram through you too!” Sun Zixiong roared reluctantly.

However, no matter how he moved the car, it was as if Ji Feng was able to judge his direction and would be right in front of him every time, making it impossible for Sun Zixiong to ram through.

Slow down, slow down!

Sun Zixiong and Wu Ling’er, who were behind him, were also forced to slow down, until finally the car came to an almost complete stop and neither of them could overtake Ji Feng’s car.

“The real limit is not just speed, but treating the whole car as a part of Chen’s body and making it like an arm, that, is the limit of car skills, not what you foolishly think is speed.” Ji Feng sneered and stopped the car, looking at Sun Zixiong and Wu Ling’er who looked dumbfounded in the car behind.

## Chapter 165

Looking at the two pale faces of Sun Zixiong and Wu Ling'er, Ji Feng stood side by side with Xiao Yuxuan in front of the car and said in a cold voice, "Get down immediately!"

Sun Zixiong and Wu Ling'er froze at the same time, looking at Ji Feng's face that was devoid of the slightest emotion, the two of them couldn't help but feel a little apprehensive. After hesitating for a moment, Wu Ling'er still took the lead in opening the car door and stepped down.

"You get down too!" Ji Feng's gaze fell on Sun Zixiong and said in a cold voice, "Otherwise, I will personally ask you to come down!"

Sun Zixiong's eyes were flickering, he wasn't willing to walk down like this, if word got out, there was no way he would be able to mix in this circle in the future. His hand quietly moved to the car keys, his mind recalling the move he had done countless times long ago, starting the car and making a quick getaway!

Because he knew very well that there was only one chance, there was Ji Feng's car blocking in front of him, unable to move forward, and behind him was Wu Ling'er's car, also blocking the way, and if he wanted to leave, there was only one way, that was to back up and reverse directly, ramming Wu Ling'er's car raw, in which case, he could escape directly backwards.

As long as he was not caught outright, what could illegal racing be considered a big deal? What's more, with his Sun Zixiong's connections in Jiangzhou, he was still afraid of a small charge of illegal racing?

However, Ji Feng's face was expressionless and he only stared coldly at Sun Zixiong. For his every move, Ji Feng saw it all in his eyes, but did not say anything.

"Xuan Xuan!" After Wu Ling'er got off the car, she came to Xiao Yuxuan's side with some guilt and said in a low voice, "I'm sorry ah Xuan Xuan, this matter has implicated you as well."

Xiao Yuxuan sank her face and did not say anything, this time she was really angry. With her intelligence, it was not difficult to imagine that by leaving the note, Wu Ling'er was actually deliberately luring herself over, and I'm afraid that the ultimate goal, was to lure Ji Feng over.

No matter what kind of purpose Wu Ling'er had, but the fact that she had done so already made Wu Ling'er extremely angry.

Xiao Yuxuan was in a great dilemma, she was worried that Wu Ling'er would be in danger and that Ji Feng would deal with Wu Ling'er, at the same time, she was almost in danger because Ji Feng was involved in this matter. What Wu Ling'er did made Xiao Yuxuan very unhappy.

Therefore, when she saw Wu Ling'er greeting her, Xiao Yuxuan didn't even respond with half a word.

"Xuan Xuan, I know I'm wrong!" Wu Ling'er took Xiao Yuxuan's small hand and shook it slightly.

"Shut up!" Before Xiao Yuxuan had the chance to speak, Ji Feng said coldly.

Wu Ling'er choked and her face turned red, but she couldn't say anything.

Ji Feng pointed at Sun Zixiong in the car and said coldly, "Sun Zixiong, I only give you ten seconds, if you still don't get out of the car, don't blame me for personally going to invite you!"

Although Sun Zixiong's car windows were all closed, Ji Feng's voice was unmistakably transmitted into his ears, and his face instantly changed again.

Subconsciously, Sun Zixiong started the car in a panic, put it in gear, and then backed up violently.

Bang!

Sun Zixiong drove his car raw and crashed through Wu Ling'er's sports car, squeaking!

The next moment, Sun Zixiong drove away.

"Ah!" Both Wu Ling'er and Xiao Yuxuan let out a shriek at the same time, panicking and pulling Ji Feng to dodge.

Ji Feng's face however wore a faint smile, "Don't worry, let him run, I'll see where he can run to!"

Saying that, Ji Feng pulled Xiao Yuxuan and headed for the blue sports car he was driving, just two steps away, he looked back at Wu Ling'er, "I forgot to say one thing, you will pay for today's period, first of all, your parents' company will go out of business, then ..... you will go to jail for illegal racing, as for how long you will be in how long you will stay in jail, it will depend on the judge's verdict."

Wu Ling'er's body suddenly shook and looked at Ji Feng in disbelief. How could she have ever imagined that Ji Feng's methods would be so ruthless, not only against her parents, but also to send her to jail as well!

She wanted to argue something, but after opening her mouth, she couldn't say anything. Because, this result, she had asked for it and could not blame anyone at all.

Xiao Yuxuan wanted to plead for Wu Ling'er, but, remembering what Wu Ling'er had done, she wanted to say something but stopped: "It's just that Ji Feng is still angry right now, so it's better to wait for him to calm down and then plead for Xiao Ling, we can't just watch her go to jail like this."

Buzz!

The engine of the blue sports car immediately roared up, Ji Feng skillfully started the car, put it in gear and stepped on the accelerator .....

Watching the blue sports car seemingly rocketing out, Wu Ling'er thought about it and immediately gritted her teeth and also got into her car and followed.

"Ji Feng, be careful, don't chase too closely, these people who play racing are all after the thrill of extreme speed, they are all a bunch of lunatics, if they push too hard, I'm worried they will jump to the wall!" Xiao Yuxuan sat in the passenger seat and warned in a low voice.

"Don't worry, if they don't want their lives, they don't want their own lives, if they want my life, he doesn't have the ability to do that yet!" Ji Feng smiled faintly and continued to accelerate.

The two sports cars, under the dark night sky, began a frantic chase along the Panshan Highway.

Not long after, the car driven by Sun Zixiong, had appeared in Ji Feng's line of sight, he sneered, "On this Pan Shang Highway, I'll see how much you can do!"

Xiao Yuxuan tightly gripped the handrail above her head, but her heart was beating fiercely, this kind of high-speed movement was really disturbing to the heart.

Buzz!

The blue sports car continued to accelerate.

And at this time, the group of people on the top of the hill, all of them were tense is looking at the computer screen that showed the trace of the three cars, one by one, their mouths were wide open handle, full of disbelief.

“How is this possible, that’s a curve, how dare you accelerate?!” One man exclaimed in disbelief.

On the computer screen, the purple bright spot was moving fast, and just now, this purple bright spot had passed a curve, but instead of slowing down, he continued to accelerate, and accelerated dramatically!

This defied the most basic common sense!

Everyone had a look of disbelief in their eyes, this was unbelievable!

Whether it was those on Sun Zixiong’s side or Wu Ling’er’s side, they were all filled with shock. Even because of the shock, no one had actually noticed that the direction of Ji Feng and Sun Zixiong was actually the opposite of what they were doing before.

“Look! It’s accelerating again, the bend is ahead, and he’s actually accelerating again!” A man pointed at the computer screen and exclaimed.

“Yeah, what a pervert, how can he still be accelerating under these road conditions? Is this a desperate attempt?” Another man also exclaimed, “You know, that bend ahead is going into the big mountain, where the road condition is not too good!”

“This kind of driving skills ..... is enough to dominate Jiangzhou!”

Everyone was silent, just looking at the computer screen nervously, but their hearts were like cat’s claws, they could not wait to be the one sitting in the passenger seat of Ji Feng’s car, only then could they see Ji Feng’s operation while driving, this kind of car skill, is simply divine!

Accelerate, accelerate, accelerate!

The speed of Ji Feng’s car was constantly increasing.

“Oh my god, drifting!”

A person exclaimed loudly, under such road conditions, he actually played drift, did he not want to die?

However, when everyone saw that purple bright spot drifting almost directly through the curve, and in the middle of it, it was still accelerating, and in the end, it was not affected by anything at all, everyone’s heart couldn’t help but float two words – pervert!

What a joke, how could someone with such driving skills not be a pervert?

At this time, Sun Zixiong was also already in a cold sweat and in a state of shock.

Thought you he had seen that Ji Feng was actually driving fast from behind and was about to overtake him!

“How can he be so fast?!” Sun Zixiong was full of shock, although he had likewise been caught up and intercepted by Ji Feng before, in Sun Zixiong’s opinion, it was because he was under the influence of Wu Ling’er and had been intercepted by Ji Feng driving behind him.

But now, he had already raised his car to the maximum speed, and that kid still caught up so easily, which was simply unbelievable.

Bang!

Just a moment after Sun Zixiong had just been dazed, Ji Feng’s car once again crashed into the trunk of Sun Zixiong’s car.

SQUEAK—!

The tyres created a violent friction with the ground, causing Sun Zixiong to instantly lose control of his car, and the next moment, he saw Sun Zixiong’s car violently lose control and instantly crash into a large rock on the road.

Buzz!

Ji Feng stopped the car and Xiao Yuxuan asked with a pale face, “Ji Feng, is he alright?”

“It’ll be fine.” Ji Feng smiled faintly and walked out of the car with Xiao Yuxuan, saying, “A sports car of this class is equipped with advanced airbags inside, even if it crashes, it will save his life, it won’t be a big deal!”

Sure enough, when the two of them arrived at Sun Zixiong’s car, they instantly found that all four airbags inside the sports car had burst open, keeping Sun Zixiong dead in the middle, and he was struggling violently.

Pop!

Ji Feng opened the car door and yanked Sun Zixiong out with one hand, “Kid, it seems that you really are toasting the wine, since that’s the case, then I’ll give you a good bit of punishment!”

Bang!

Ji Feng threw Sun Zixiong to the ground in one go.

“Little, kid, who the hell are you?” Sun Zixiong’s face was full of cold sweat from the pain, although the crash just now was not life-threatening, however, his leg was stuck in the car, and just now he was cut by this violent tug from Ji Feng.

“What I am, you don’t need to care, what you should care about now is what happens to you!” Ji Feng sneered, “Congratulations, you’ll probably spend time in jail in the future.”

“Kid, let me go to jail? Haha .....” Sun Zixiong laughed out loud, “You don’t have that ability yet, do you?”

“It’s not up to you to say whether you have that ability or not!” Ji Feng smiled faintly and gently nodded at Sun Zixiong’s neck, the latter then immediately blacked out and passed out.

When Wu Ling’er arrived, Ji Feng had already thrown Sun Zixiong into the car and drove the car to the top of the mountain.

“His driving skills ..... I’ll never be able to catch up!” Looking at the crashed sports car, Wu Ling’er sighed softly, “I hope this time, Ji Feng will really deal with my parents!”

## Chapter 166

When Ji Feng returned to the top of the mountain with Sun Zixiong, who looked like a dead dog, everyone looked at Ji Feng with an extremely complicated look, there was adoration, respect and a hint of resentment in the middle of it, to name a few.

Ji Feng didn’t care about these people’s gazes, he just casually lifted Sun Zixiong out of the car and threw him on the ground with a ‘bang’.

The still unconscious Sun Zixiong didn’t even have the time to scream as he was thrown to the ground like this.

“Ji Feng, what now?” Xiao Yuxuan couldn’t help but feel nervous in her heart when she saw so many people at the top of the hill, although she wasn’t afraid of these punk-like guys, because she knew very well that these people looked mostly strange and weird, but in reality, they were definitely not ordinary punks, and should all be from wealthy backgrounds.

Otherwise, they would definitely not have the time, let alone the spare spare money, to play racing.

What Xiao Yuxuan was really afraid of was whether these people would all get angry and besiege Ji Feng because he had arrested Sun Zi Xiong. If that was the case, it would be a big trouble. These people, because of their wealthy backgrounds and their love of seeking excitement, were afraid that once they became angry, they would do anything.

However, Ji Feng only shook his head slightly and smiled, “No what to do, just wait here for the police to come.”

On the way back, Ji Feng had already called Ji Shaolei and told him what had happened here. At the same time, he got the number of the chief of the nearby Economic Development Zone Branch from him.

Ji Feng looked down at the time, it was just before 9:30 pm, almost ten minutes had passed now since he had called. If nothing unexpected happened, the police would arrive within twenty minutes at most.

Xiao Yuxuan couldn’t help but want to say something.

Ji Feng pretended not to see it as he pulled the keys out of the blue sports car and threw them to the yellow-haired kid from before, “Here you go, well, this car of yours is quite good.”

The yellow-haired kid hastily took the keys, and a hint of joy appeared on his face. Everyone had just seen Ji Feng’s fabulous car skills, enough to be called a superb expert.

To be praised by such an expert was obviously a very dignified thing.

However, when the yellow-haired boy saw Sun Zixiong lying on the ground, he couldn't help but turn pale again. After all, he was also from Sun Zixiong's faction, and seeing Sun Zixiong being thrown to the ground like this by Ji Feng, if word got out in the future, I'm afraid they wouldn't have any face to continue mixing.

Although the Yellow Hair Boys were all from wealthy backgrounds and not the same as Sun Zixiong's. However, they were all passionate about underground racing. However, they are all lovers of underground racing and enjoy the pursuit of excitement. If Sun Tzu Xiong had not taught them to race, I am afraid that up to now they would not have found such fun.

Therefore, although they came from different backgrounds, they were able to play together and were considered to have the same interests.

Now that Sun Zixiong had been caught by Ji Feng, they would have a lot less fun in this area in the future.

Huang Mao could guarantee that if the person who caught Sun Zi Xiong today was not Ji Feng, but a person from two outside, I'm afraid that by now he would have been rounded up and beaten up by these people, where would it be Ji Feng's turn to flaunt his power here?

However, this person was Ji Feng.

His amazing driving skills were simply mesmerising, and even more so, they made people worship him.

In such a situation, the crowd would have to think twice if they wanted to make a move, especially for these people who were into underground racing.

Ji Feng didn't care what these people had in mind, he took Xiao Yuxuan's small hand and sat right on the bonnet of Xiao Yuxuan's red Volvo, quietly waiting for the police to arrive.

"Buzz-!"

Not long after, a roar of the engine gradually came, followed by Wu Ling'er driving the sports car to the top of the hill. Only, compared to before, the current Wu Ling'er's pretty face was somewhat pale and looked far from the big grin she had before.

When Wu Ling'er got out of the car, she saw Xiao Yuxuan and Ji Feng sitting on the bonnet. She opened her mouth, wanting to say something, but in the end, she wanted to say something, and could only gloomily look away and shift her gaze elsewhere.

"Ji Feng ....." Xiao Yuxuan couldn't help but feel a little softer, and her small hand grabbed Ji Feng's arm and shook it slightly, "Otherwise, today's matter... let's forget it!"

"Today's what?" Ji Feng asked with a smile as if he pretended not to understand.

"It's the matter of Wu Ling'er sneaking out to race with Sun Zixiong today, since you've already caught Sun Zixiong, let's forget about it." Xiao Yuxuan said softly, "Anyway, when the police come later, they will take Sun Zixiong away, and by then, they won't be able to race even if they want to."

“Mm!” Ji Feng nodded, “This matter can indeed end here, and all these remaining people can be left alone, as long as we let the police inform their families of today’s events.”

“Really? That’s great.” Xiao Yuxuan said in surprise, “In that case, Xiao Ling is also fine, right?”

“How is that possible!” Ji Feng laughed, “Yu Xuan, what makes you think so?”

Xiao Yuxuan asked strangely, “Ji Feng, didn’t you just say that this matter had come to an end? Little Spirit is naturally fine too!”

Ji Feng shook his head and laughed, “When I said so far just now, I was referring to the matter of the racing today, just like you said, we have already arrested Sun Zixiong, so this matter is naturally so far. But that’s just the racing thing.”

“Hardly, is there something else?” Xiao Yuxuan stammered and asked.

Ji Feng looked at her with a wry smile, “Of course. I have already said before that if Wu Ling’er dares to race plan again, she will be responsible for the consequences, but her matter is not over. Also, she deliberately left a note for you to pester me to come along, this kind of thing that has taken advantage of a friend, how could it end so easily?”

Xiao Yuxuan was instantly silent, in the end, Ji Feng really still had no intention of letting Wu Ling’er go. She couldn’t help but let out a soft sigh and wanted to plead for Wu Ling’er, but after thinking about it, the words still didn’t come out at the end of her mouth.

She knew that if she repeatedly pleaded for Ji Feng, she was afraid that it would provoke Ji Feng’s anger, because even a blind man could see that Ji Feng was now angry and had not yet subsided at all. It would be better to wait until the police took Sun Zixiong away, so that Ji Feng’s anger could be lessened, and then it might be much better if he pleaded for mercy.

“What do you want to say?” Ji Feng naturally noticed Xiao Yuxuan’s expression, and he couldn’t help but ask lightly, “Is it that you want to plead for Wu Ling’er?”

Xiao Yuxuan was stunned and was just about to speak when she heard Ji Feng say, “Now she can use your relationship with me to get you to pester me to come out, while this time, however, it is just a matter of racing with someone else, it is simply a trivial matter of no importance. If something big comes up again in the future, what will she do?”

Xiao Yuxuan opened her mouth, wanting to say something, but unable to do so.

“You might think I’m a bit one-sided, but that’s the truth.” Ji Feng shook his head slightly and sighed lightly, “What Wu Ling’er is doing now might only make you a little angry, but if you don’t pay attention to it, she might do something that will make you feel shocked in the future!”

“But, I can’t just watch her go to jail like this, can I?” Xiao Yuxuan said helplessly.

Ji Feng shook his head and laughed: “Jail would not be necessary, a girl going to jail ..... huh, how to say it is a bit too much. However, a deadly crime can be spared, but a living crime is hard to escape! She will definitely pay the price for her capriciousness today.”

“What price?” Xiao Yuxuan asked in a hurry.

Ji Feng shook his head and said, "Since she likes racing so much, let's hope she can stick to it to the end!"

After saying that, no matter how much Xiao Yuxuan pursued the question, Ji Feng just shook his head and smiled.

A few moments later, a sound of police sirens gradually approached, and soon, a dozen police cars quickly arrived at the top of the hill.

This time, those fops couldn't help but panic, being arrested by the police was a small matter, however, if the police told their parents about these things they had done, it would be a big trouble. They might be grounded for it, or they might be sent abroad in a fit of anger by their parents, or, perhaps, there would be an even harsher punishment.

"May I ask which one is Mr Ji?" A policeman asked loudly.

Ji Feng waved his hand, "I am."

The man immediately walked over and saluted, "Mr. Ji, I'm the captain leading the operation this time, my name is Wang Qiang. According to the chief's orders, we will be completely under Mr. Ji's command!"

Because Xiao Yuxuan already knew Ji Feng's true identity, it was not a surprise for her to see this scene in front of her.

However, when Wu Ling'er saw this scene, she was shocked beyond belief. Ji Feng was just a student, yet, these police officers were actually listening to his command, this was simply incredible.

Come to think of it, were there still fewer such unbelievable things? From the fabulous car skills Ji Feng had shown in the previous race to the huge origin he had shown now, it was enough to show that this man's background was simply unfathomable!

"Take all these people to the police station, they all have something to do with illegal racing, as for this man on the ground, and that woman, they are direct participants in illegal racing, the nature of these two people is extremely bad, it is recommended that they be severely punished!" Ji Feng said indifferently.

"Yes, Mr. Ji!" Wang Qiang said loudly, and then with a wave of his hand, those police officers instantly brought everyone under control.

"May I ask if Mr. Ji has any more orders?" Wang Qiang asked.

"No more, you guys go back." Ji Feng waved his hand and his gaze fell on Wu Ling'er again, "It doesn't matter if you play smart, but, Yu Xuan is your friend, you even counted her together, I will make you remember this day well!"

Wu Ling'er couldn't help but blush as a look of shame appeared in her eyes.

On the top of the mountain, all the dozens of rich kids were taken away, and Ji Feng and the two of them got back into the red Volvo and drove towards the bottom of the mountain.

“Ji Feng, didn’t you say before that you wouldn’t let Xiao Ling go to jail?” Xiao Yuxuan asked in an urgent voice.

#### Chapter 167

“Ji Feng, didn’t you say before that you wouldn’t let Xiao Ling go to jail?” Xiao Yuxuan asked in an urgent voice.

Ji Feng smiled faintly, “Even if he doesn’t go to jail, there must be a bit of a tangible lesson, otherwise, he won’t grow a memory in the future, and that’s not good.”

Although there was a smile on his face, a cold aura flashed across Ji Feng’s eyes. In fact, what he really wanted to say was that if he didn’t teach Wu Ling’er a deep lesson, with Xiao Yuxuan’s character, it was possible that he would still be used by Wu Ling’er in the future! This, was what Ji Feng minded the most, he would definitely not allow, Xiao Yuxuan to be used again and again.

And, even if it was just once, it would definitely not do!

Looking at Ji Feng’s expression, how could Xiao Yuxuan not know what was going through his mind? With a slight sigh, Xiao Yuxuan couldn’t say anything, after all, Ji Feng was thinking of himself. However, looking at her boyfriend and having to deal with her roommate, it made Xiao Yuxuan’s heart feel a little bad.

“Well, Yu Xuan, you should leave this matter alone.” Ji Feng laughed, “Didn’t Wu Ling’er want me to help? Since I’ve intervened, then I will naturally help to the end.”

Xiao Yuxuan hesitated for a moment, but still said, “Ji Feng, is it possible, it’s better not to bother with Little Spirit in general, after all, she may also have other reasons for doing so .....”

Ji Feng was stunned: “What reason?”

After a moment of deliberation, Xiao Yuxuan said, “Actually, it’s like this, when Xiao Ling was very young, her parents got divorced and formed their own families again. She was very unpopular with both new families, and was only given a little bit of money every year to live on, and never cared for again. When she grew up, she saw that her parents were not caring for her, so she sued them, and her annual living expenses increased. And her parents’ attitude changed somewhat. However, her parents each had children with their new partners, and their children were extremely unfriendly to Little Spirit.”

Ji Feng was immediately moved in his heart, but he did not say anything.

Xiao Yuxuan continued, “I remember that I once heard Xiao Ling talk about how she would prefer her parents to have nothing if it was possible, that way, although life was a bit tougher, compared to now, there was still the care of her parents, and it was at least considered to be a happy relationship.”

Ji Feng smiled faintly, “Yu Xuan, what exactly are you trying to say?”

Xiao Yuxuan couldn’t help but choke and gave him a white look, snapping, “You guy, you know exactly what I’m talking about, but you’re pretending to be confused!”

Ji Feng smiled faintly, “No matter what her motive was for doing this, but, in the end, she did it.”

“But .....” Xiao Yuxuan wanted to say something else, but was immediately cut off by Ji Feng.

“Yu Xuan, ask you a question, if Wu Ling’er killed her parents’ current spouse because she wanted them to get back together, but her starting point might be good, in that case, do you think the police will spare Wu Ling’er and thus not hold her criminally responsible?”

“How can this be compared to killing someone!” Xiao Yuxuan said with dissatisfaction.

“Why can’t it?” Ji Feng looked at Xiao Yuxuan strangely with a matter-of-fact look, “Yuxuan, you wouldn’t think that her using you is much lighter than killing someone, would you?”

“Don’t you?” Xiao Yuxuan asked.

Ji Feng couldn’t help but shake his head and said in a deep voice, “Killing someone and putting her heart to death! If she killed her parents’ spouse, that would be murder. However, she used you and used me through you, which may not count for much legally, but in reality, this is an act of killing your heart. Killing and putting to death. What is the difference between these two acts of badness, the former of which is to get someone killed, and the latter of which is to kill the heart?”

For a moment, Xiao Yuxuan was silent.

“Don’t worry, I will take care of this matter, for your sake, I won’t make things too difficult for you. However, this friend of Wu Ling’er, I suggest you give up and forget about it, if she can use you the first time, she can use you the second time, some people, once is enough to see her true nature clearly.” Ji Feng slowly shook his head, “What’s more, it’s someone like Wu Ling’er who has had a twisted mind since she was a child?”

“Twisted mind?!” Xiao Yuxuan lost her voice and exclaimed.

“Isn’t it?” Ji Feng drove towards the school while turning his head to look at Xiao Yuxuan’s delicate face and smiled, “If your parents treated you badly, would you think of suing them, and even try to use your friends to take on their company?”

Xiao Yuxuan thought for a moment and eventually shook her head as if in silence.

“That’s not it!”

Ji Feng harrumphed, “For a person, the most important person in this life is one’s parents. Because our parents gave us life, without them, we still don’t know where we would be. You shouldn’t watch those sad dramas on TV about illegitimate children or children who have a hard life, and when they finally identify with their parents, they shout something like ‘why did you give birth to me’, but in fact, that’s all bullshit made up by idiotic scriptwriters.”

“Don’t talk dirty!” Xiao Yuxuan couldn’t help but giggle, yet she couldn’t help but nod her head, because she knew that Ji Feng’s words were correct.

“Our parents have given us life and have actually been a great gift just by letting us live. Just because they usually don’t have much money to live on and treat themselves badly, they go and sue their parents, this kind of thing, huh .....” Ji Feng laughed with a mocking face, “People, it’s not that they can’t make mistakes, it’s said that no one is born perfect, there will always be times when they make mistakes. However, making mistakes, also depends on what exactly the mistakes are!”

Xiao Yuxuan could not say anything for a while, before she might still think that there is nothing wrong with going for one's own interests, but if one loses one's humanity because of this, even if one fights for even greater interests, it is still inexcusable!

"In that case, you should have realized that Wu Ling'er's mind is actually distorted, and there is a big difference between her and a normal person." Ji Feng said smilingly, "Of course, I've never discriminated against such people either, because it's all due to certain reasons, and, turning out like this, her parents actually have certain reasons as well. It's just that it's so much more difficult to make friends with people like that than it is to be friends with regular people. See, what happened today is a perfect example, using one's friends for a little thing, it's just bullshit!"

Ji Feng snorted, his face full of disdain, "If you hadn't told me that Wu Ling'er and her parents didn't get along, I would have just thought that Wu Ling'er was just a spoiled child of a rich family. Nowadays, it seems that she is simply a person with an abnormal heart, cherish life and stay away from Little Spirit!"

Listening to Ji Feng's pungent sarcasm, Xiao Yuxuan felt her face burning hot. Previously, it was because of sympathy for Little Spirit that I didn't notice it, but now that quite Ji Feng said so, it dawned on Xiao Yuxuan that no matter what the reason is, it is treacherous for children to deal with their parents, not to mention, Little Spirit's parents just don't care much about Little Spirit .....

"If you can, it's better to let Little Spirit go!" After a long time of silence, Xiao Yuxuan couldn't help but say softly.

"Yes, of course you can!" Ji Feng smiled, "Wanting to use me, to deal with her parents' company, I naturally can't let her get what she wants. Oh ..... Yu Xuan, you should apply to the school to switch flats, when you move out, Wu Ling'er can come back."

"You're letting me move out?" Xiao Yuxuan was surprised.

"Of course!" Ji Feng nodded rightfully, "I don't feel comfortable with you living with someone who is not normal in his heart, the consequences of that are really unpredictable."

"..... Okay!" Xiao Yuxuan was silent for a moment and finally nodded her head.

Ji Feng laughed, "Yu Xuan, why don't ..... we rent a house outside."

"Screw you!" Xiao Yuxuan suddenly turned red with shame, "You little rascal, your mind thinks of bad things all day long, I'm not going to rent a house outside with you!"

Ji Feng instantly laughed heatedly, "Yu Xuan, I'm not thinking like that, I'm just worried that if you live with Wu Ling'er, will you be influenced by her, or, when she gets fierce and hurts you."

"The hell I believe you!" Xiao Yuxuan gave him a blank look.

Looking at Xiao Yuxuan's charming appearance, Ji Feng couldn't help but have a stir in his heart. If he wasn't driving, he really wanted to take Xiao Yuxuan in his arms and kiss her fiercely a few times.

Seeming to see the evil thoughts in Ji Feng's heart, Xiao Yuxuan couldn't help but blush, gave him a flirtatious white glance and hurriedly looked away, not daring to look at him again. Otherwise, God knows what this guy would do. Xiao Yuxuan could still remember clearly that when she was at the cafe, Ji Feng had forcibly kissed herself without any regard to the fact that it was still in public.

“Ji Feng, what exactly do you plan to do?” After a moment of silence, Xiao Yuxuan finally couldn’t help but ask.

“Let’s see how the police handle it, as for Wu Ling’er’s parents ..... forget it, there’s really no point in bothering with someone who’s not normal at heart!” Ji Feng faintly shook his head, “Wait until you move out from is that flat, don’t contact her again in the future, this matter will just pass .....

At the end of the sentence, Ji Feng couldn’t help but let out a light sigh, encountering such a thing, it really made his heart sigh. Unless the parents were ten evil villains, then there was no reason for anyone to blame their parents, and obviously Wu Ling’er was not thinking this way.

There was really no point in dealing with such people.

Xiao Yuxuan opened her mouth to say something, but in the end, she also let out a light sigh and was silent.

Because she knew that Ji Feng’s statement was correct, Xiao Yuxuan was originally an extremely filial person, when she thought about it, Wu Ling’er was trying to use Ji Feng to deal with her parents, it was really hard for Xiao Yuxuan to accept it.

“There will be friends, people who are like-minded, not many but definitely not many either.” Ji Feng laughed, “There’s no need to affect yourself for someone who’s not normal at heart.”

Xiao Yuxuan nodded silently.

“Alright, let’s go back.” Ji Feng picked up speed, the engine hummed and disappeared at the end of the highway.

The air left behind the soft whispers of the two.

“Xuan Xuan .....

“Little one, call me Yu Xuan!”

“Okay ..... Yu Xuan, you’re the only one staying in the flat today, right, isn’t that too dangerous? It’s better for me to stay with you!”

“Don’t even think about it, I’m too bold to need someone else’s company!”

“Am I someone else? I’m your boyfriend!”

“An underground boyfriend ..... is just that.”

“That’s a boyfriend too, it’s a deal.”

“You’re a bummer, you little villain!”

“Haha, men aren’t bad .....

Chapter 168

Union University, in Xiao Yuxuan’s flat.

Sitting in the living room once again, Ji Feng felt quite a sense of long absence. Although it had only been ten days since he last came here, for Ji Feng, a lot of things had happened in between. For example, when Tong Lei finished her military training, Ji Feng started to learn the second set of movements, as well as learning communication and network technology, and for example, the racing incident this evening.

“Little one, what do you want to drink?” Xiao Yuxuan pulled open the fridge door and asked with a pursed smile, “For the record, no alcohol first.”

Ji Feng instantly hummed in displeasure, “What, afraid that I’ll drink and then become disorderly? Yu Xuan, but I warned you, no more calling me little guy, otherwise, I will show you what a big guy really is!”

“Yuck!” Xiao Yuxuan spat lightly, her pretty face was scarlet, although she was untouched, she also understood what Ji Feng meant by that, “Little rascal, don’t say these rascal words to me in the future, otherwise, I will ignore you.”

Ji Feng harrumphed, “You’ve called me a little rogue, wouldn’t it be normal for me to say a couple of rogue words?”

Ji Feng suddenly stood up at once, came behind Xiao Yuxuan, fiercely hugged Xiao Yuxuan from behind, his mouth went against Xiao Yuxuan’s tender white as snow neck and gently kissed it.

“Oooh!” Xiao Yuxuan immediately let out a soft cry, her delicate skin immediately raised a small layer of goose bumps, her pretty face immediately reddened to the roots of her ears, and she was extremely shy.

Ji Feng grinned badly, Xiao Yuxuan’s body was really too sensitive, just a little stimulation could cause her to react extremely fiercely.

“Ji Feng, no, don’t make a scene .....” Xiao Yuxuan struggled feebly and softly whispered.

Xiao Yuxuan, however, did not expect that her shyness and flirtatiousness would cause a sudden fire to rise in Ji Feng’s heart, and he wrapped his arms tighter around her, and his mouth could not resist kissing Xiao Yuxuan on her round and crystal earlobe, and blew a breath in her ear.

Whew!

“Ah!” Xiao Yuxuan shrieked, “Ji Feng, stop it, I, I .....”

Seeing how shy she was, Ji Feng was unable to resist teasing her even more, “Scream nice, and I’ll let you go!”

Good sound again!

Xiao Yuxuan instantly thought of the time when she was in the cafe before, Ji Feng also asked herself to scream nice. She shyly whispered, “Husband .....”

Ji Feng immediately laughed, “Really my good wife, Boo!”

He couldn't help but kiss Xiao Yuxuan on her pretty face again, and suddenly his nose was filled with the refreshing smell of Xiao Yuxuan's body.

"Little rascal!" Xiao Yuxuan's pretty face was scarlet as she gave him a white glance, but she didn't have any rejection of this behavior of his, on the contrary, her heart was still somewhat secretly happy. The fact that Ji Feng was so infatuated with himself meant that he was still very attractive.

Ji Feng laughed heatedly, "Yu Xuan, Sprite is about to fall on the floor."

"Ah!" Only then did Xiao Yuxuan react and hurriedly put the listening Sprite in her hand into Ji Feng's hand, and ran away in a panic of incomparable shyness.

Looking at Xiao Yuxuan's panicked fleeing back, Ji Feng couldn't help but heave a smile, smelling the ethereal smell in his hand, the corners of his mouth pulled up a slight curve.

"Ji Feng, you drink your drink first, I'm going to take a shower and change my clothes!" Xiao Yuxuan's voice came from the room.

"Take a shower and change clothes?" Ji Feng brightened up and smiled heatedly, "That's really something to look forward to ..... Yu Xuan, do you want me to accompany you to take a bath?"

"Get lost, stinky rascal!" Xiao Yuxuan smiled shyly and scolded.

Ji Feng rubbed his chin and muttered, "I've really become a bit bad, but if I'm still that serious when I'm with my own girlfriend, is that still a man?"

"Phew!" Xiao Yuxuan hid in her room and sat on the soft bed, her hands gently patting her face, her face was red, but her beautiful eyes were watery.

"It's so humiliating!" Xiao Yuxuan's legs unconsciously clenched, the hot and wet feeling at the root spread all over her body, making her even more shy, "You're really shameless, tightly wrapped in his arms and kissed a few times, and you've become like this!"

"But ....." another sweet smile flashed in Xiao Yuxuan's beautiful eyes, "So, this taste is actually so wonderful ..... hum, that little bad egg, with such skilled movements, must have practiced on Tong Lei's body for an unknown number of times."

"I definitely won't be that easy for that bad egg to get his way!" Xiao Yuxuan secretly waved her small fists a few times, "If he dares to mess around, I'll beat him up!"

With another cheeky smile, Xiao Yuxuan picked up her pajamas and the clothes she was about to change into, then opened the door to her room and headed for the bathroom.

When she passed by the living room, she saw that Ji Feng was half lying on the sofa, crossing his legs, watching the TV with a comfortable face, Xiao Yuxuan couldn't help but hum, this little bad guy, besides being able to bully himself, he was also so good at enjoying ..... looking at his appearance, he really looked like a rich young master, really bad.

Ji Feng squinted his eyes and saw Xiao Yuxuan walking into the bathroom, he couldn't help but heave a smile, for such a scene, he felt very warm, as if he was really home.

Ji Feng couldn't help but think of his mother Xiao Su Mei again, in the past when mother and son were dependent on each other, whenever school was over, his mother would always be waiting at home, this kind of scene made Ji Feng's heart feel very peaceful.

Clatter!

Listening to the sound of water flowing from the bathroom, Ji Feng's eyes suddenly widened as he suddenly saw that the door of the bathroom in Xiao Yuxuan's flat was actually a kind of woolen glass. Although it was impossible to cleanly see the inside, however, Xiao Yuxuan's shadow that was illuminated by the light on the door was so full of seduction.

The shadow on the door accurately showed her every move, that wonderful figure, the style of tilting her hair when she tilted her head to shower, immediately made Ji Feng's heart flutter.

Ji Feng couldn't help but swallow his saliva, and after thinking about it, he still didn't go over. Although men should be bad, they should also be bad in some measure. Otherwise, it would really be a rogue.

After fantasising in his mind about wrapping Xiao Yuxuan in his arms and loving her with abandon, Ji Feng smiled heatedly and retreated again. The first thing you need to do is to take a look at the situation.

One should know that the relationship between Ji Feng and Xiao Yuxuan was already different from that of ordinary people, so if he were to look like a pig again, it would undoubtedly be very inappropriate.

Ji Feng went back to the sofa and laid down there for a moment, sighing, "Well, it's really comfortable but lying down!"

Although now Ji Feng could feel that he was getting stronger and stronger, but it was the common nature of all people to be good and bad, and it was also considered a bad human nature that simply could not be changed.

Ji Feng couldn't help but shake his head slightly, the inferior nature of human beings, ah, no matter whether it was ordinary people or the so-called big shots, they couldn't erase this inferior nature.

Compared to the ancient 'Three Character Classic' which says 'At the beginning of man, nature is good', Ji Feng is more in agreement with Xunzi's 'At the beginning of man, nature is evil'.

However, Ji Feng did not know that while he was lamenting here, Xiao Yuxuan in the bathroom could not help but let out a long breath at this time, and her beautiful eyes were tinged with a faint smile.

"This little guy ....." a sweet smile flashed through Xiao Yuxuan's eyes.

Ji Feng did not notice that when he saw Xiao Yuxuan's shadow being shone on the door, at the same time, his shadow was likewise shone on the bathroom door by the living room etc.

Xiao Yuxuan likewise saw Ji Feng's shadow approaching, and she naturally understood that what Ji Feng wanted to do.

Seeing Ji Feng gradually approaching, Xiao Yuxuan couldn't help but feel some sadness in her heart. In the end, Ji Feng wanted to get close to her, but in fact, he wanted to get her body.

“Just give it to him!” Xiao Yuxuan sighed lightly in her heart, not to mention that she already had a good feeling for Ji Feng, moreover, Ji Feng had also once got her out of Li Weidong’s clutches, which was a near-recreative kindness to her, using her body to repay Ji Feng was better than being spoiled by that beast Li Weidong.

However, just as Xiao Yuxuan had made up her mind, she suddenly noticed that Ji Feng’s figure was gradually moving away.

Xiao Yuxuan immediately cursed lightly: “Little rascal ..... even his own girlfriend bathing also want to peep ..... is a little rascal!”

Having said that, Xiao Yuxuan’s eyes revealed a gratifying smile.

Because she already knew that Ji Feng definitely wouldn’t want to take advantage of the opportunity to molest her, but just want to peek at her bathing, which was far more comfortable than the former.

“Brat, not a bad performance this time, but ..... still have to examine again whoo!” Xiao Yuxuan laughed lightly, took off the towel to wipe her body clean and walked out in her nightgown.

Hearing the movement, Ji Feng slowly turned back, and when he saw Xiao Yuxuan, who had just come out of the bathroom, his eyes widened.

“It’s so beautiful!” Ji Feng looked at Xiao Yuxuan in a daze and muttered to himself.

At this moment, Xiao Yuxuan’s wet hair was draped behind her, and wearing a halter dress, Xiao Yuxuan’s snow-white thighs were exposed, and the exposed piece of snow-white on her chest made it almost impossible for Ji Feng to look away.

What attracted Ji Feng even more was the fact that the halter dress Xiao Yuxuan was wearing was still vaguely transparent!

Through the light, looking faintly from the front, one could see that Xiao Yuxuan’s underwear was hidden and seductive.

“Goo dong!” Ji Feng’s breath caught, and he couldn’t help but swallow his saliva.

“Giggle .....” Xiao Yuxuan giggled at once, but a scarlet look flashed across her pretty face, “Little rascal, what kind of look is that, do you want to see it very much?”

“Want to see!” Ji Feng nodded without hesitation, but when he saw the teasing look in Xiao Yuxuan’s eyes, he instantly understood that he had been tricked.

“Fine, since you dare to fool me like this, see how I will clean you up!” Ji Feng suddenly stood up violently and pounced viciously, “If you dare to call me a rogue, then I’ll really be a rogue for once!”

“Ah! Help!” Xiao Yuxuan giggled and was pinned under Ji Feng .....

Chapter 169

“Ji Feng, don’t .....” a soft whisper resounded in the silent living room, a voice filled with a seductive rhythm that would make any normal man unable to resist his blood boiling and his body filled with impulses.

At this moment, in the living room of Xiao Yuxuan's flat, was a scene that would make anyone's breath catch in their throat when they saw it.

Xiao Yuxuan was pressed under Ji Feng's body, her clothes in disarray, the silky smooth halter dress, which had been lifted above her chest by now, piled up in her neck. Xiao Yuxuan's hot \*\*, tightly covered only by a tiny pair of snow-white panties, covered the most hidden parts.

Because she had just taken a shower, she was not wearing a bra, and the halter dress had just been lifted up, exposing those two snow-white masses to Ji Feng's sight, almost dazzling his eyes. What was especially blood-splattering was her devilish figure and her two snow-white, slender and elastic legs, which were coiled around Ji Feng's waist.

Ji Feng buried his head into Xiao Yuxuan's chest, and his big hands, too, couldn't help but roam over her body, feeling the slippery skin, and a faint smell of ghostly fragrance came from his nostrils.

"Wow!" When Ji Feng's hand finally ripped open the small snow-white panties and explored inside, Xiao Yuxuan could no longer hold back and let out a soft cry.

It was this cry that made Ji Feng snap awake and the movement of his hand jerk to a halt.

"Yu Xuan, don't you like it?" Ji Feng pressed against Xiao Yuxuan's body and couldn't help but ask.

"No, no, I just want to ..... I want to leave my first time on my wedding night ....., " Xiao Yuxuan said in a soft voice.

All of a sudden, Ji Feng's body stiffened, looked at Xiao Yuxuan for a few moments, finally couldn't help but sigh, then sat up, fished out a cigarette from his pocket, lit one up and smoked it.

Newlywed night!

The first thing you need to do is to get a good idea of what you're getting into. Unless ..... he and Tong Lei broke up. However, that was definitely not possible.

Xiao Yuxuan's face was scarlet, and when she saw Ji Feng get up, she hurriedly sat up, put her halter dress down, and put all her clothes in order.

Looking at the look on Ji Feng's face, Xiao Yuxuan smiled shyly and gave him a white look, "What, are you angry?"

Ji Feng shook his head slightly and sighed lightly, "No, I just feel ..... a little sorry for you."

"Fool, what are you talking about, this is my decision, if you keep having a psychological burden, then what happiness do we have together to speak of?" Xiao Yuxuan smiled tenderly, took Ji Feng's arm and laughed lightly, "Husband, I know you might have misunderstood, what I just said about the wedding night, I didn't mean that you must marry me ....., "

"What did you just call me?" Ji Feng was stunned and then asked in surprise, "By the way, what do you mean when you say it's not that you want me to marry you?"

"Of course I'm calling you husband!" Xiao Yuxuan wrinkled her cute nose and couldn't help but rant, "What, you've just treated me like that, are you still planning to not want me?"

“Yes! Of course I want it!” Ji Feng was instantly overjoyed and nodded fiercely, “How could I possibly not want you? Even if you want to run away, I will definitely not let you leave me.”

“That’s more like it, otherwise, I won’t be able to spare you and will have to tell Tong Lei that you forced me!” Xiao Yuxuan said with a cheeky smile.

Ji Feng instantly said with a bitter face, “Hey, you’re being too cruel, aren’t you?”

“Can’t you?” Xiao Yuxuan hummed.

“OK, of course it’s OK!” Ji Feng hurriedly raised his hands in surrender, “By the way, what exactly did you mean when you said just now that it was your wedding night and that you weren’t going to marry me?”

“Humph! It’s still not to be cheap for you, this brat!” Xiao Yuxuan couldn’t help but glare at him before she let out a soft sigh and said in a soft voice, “I don’t know if I owed you in my last life, and God is letting me use this lifetime to pay back. Hubby, I know you will definitely marry Tong Lei, right?”

Ji Feng let out a sarcastic laugh and nodded awkwardly. Indeed, talking about marrying Tong Lei in front of Xiao Yuxuan was just too awkward.

“So yeah, I’m not asking to be able to get married to you, just like you and Tong Lei got married and had to have a formal wedding. But, for me to follow you, at least give me a ceremony, right? Even if ..... it’s just a private ceremony, it’s fine!” Xiao Yuxuan ranted, “Do you still want me to follow you without any name, ah?”

When Ji Feng heard this, he was immediately moved in his heart. He knew that Xiao Yuxuan just wanted to have a heavier weight in her heart, what with the so-called private ceremony, at most it was just two people in a room, pretending to hold a wedding without any outsiders.

The first thing you need to do is to get a good idea of what you are getting into.

Thinking about this, how could Ji Feng not be moved?

“Yu Xuan, thank you!” Ji Feng embraced Xiao Yuxuan’s soft and elastic body and said softly.

“Thank me for what? I was forced by you, a little rascal, not of my own free will!” Xiao Yuxuan hummed softly and swirled to lean on Ji Feng’s shoulder, a faint sweet smile in her beautiful eyes.

“No, don’t make a scene.” Xiao Yuxuan’s body suddenly trembled and she couldn’t help but tremble, “Honey, don’t make a scene, if you make a scene again I won’t be able to stand it .....”

Ji Feng could not help but resentfully pull back the hand that was climbing on Xiao Yuxuan’s plump buttocks, but then sniffed it in front of his nose.

This action instantly made Xiao Yuxuan’s pretty face flushed red, her big watery eyes flirtatiously white glanced at him and cursed with a smile, “Little rascal, how come I found you such a rogue husband?”

Ji Feng heatedly smiled: “Am I rogue? If you dare to call me a rogue, you’ll be served with the family law!”

With that, Ji Feng fiercely picked up Xiao Yuxuan and made her lie on her lap, then against her arse, he fiercely hit her twice.

Slap! Slap!

“Oooh!” Xiao Yuxuan immediately couldn’t help but let out a soft cry, her pretty face bombarded almost dripping blood, her body tensed up, and her legs couldn’t help but clench .....

Ji Feng immediately smelled a strange smell, exactly the same as the smell he smelled in the cafe before, and he immediately understood what this smell was.

“So, Yu Xuan was actually ‘pleasured’ once again in this situation .....” Ji Feng’s heart was on fire and was about to make a move when Xiao Yuxuan had already struggled up and sat down beside Ji Feng in a panic.

“Little rascal, no more teasing sister!” Xiao Yuxuan cried out softly, shy beyond belief.

Ji Feng smiled heatedly, “Yu Xuan, your body is still really sensitive .....”

Xiao Yuxuan’s pretty face suddenly swished red again, she fiercely glared at Ji Feng, however, that big watery eyes glaring at people, but how not to make people afraid, but full of endless charm, so that the fire in Ji Feng’s heart almost rose up again on the spot.

“By the way, Yu Xuan, that fragrance on your body, what exactly is that smell? Why do I feel that it doesn’t seem to be the smell of shower gel, there’s no shower gel that has this very fresh and ethereal aroma!” Ji Feng suddenly remembered the smell he had smelled on Xiao Yuxuan several times, and couldn’t help but ask.

Swish!

Xiao Yuxuan’s pretty face, which had just recovered a bit, suddenly became red again, “Which, which has any fragrance .....”

“It’s really strange!” Ji Feng couldn’t help but be a little puzzled, “That kind of ghostly fragrance, is the smell without any chemicals, it’s purely a fresh and light fragrance, just like a natural flower fragrance .....

..... It can’t be?!”

Just said here, Ji Feng suddenly remembered something, full of surprise looking at Xiao Yuxuan, “Yuxuan, just now that kind of smell, can’t be .....

..... body fragrance right?!”

That light and elegant fragrance, without the smell of any chemicals, was purely the most natural fragrance, absolutely impossible to be the smell of shower gel or other cosmetics or something like that. In that case, this smell could only be emitted by Xiao Yuxuan’s body, so there was only one possibility, Xiao Yuxuan’s body fragrance.

Sure enough!

As soon as she heard Ji Feng’s words, Xiao Yuxuan’s pretty face instantly blushed and nodded imperceptibly.

“Ha!” Ji Feng was instantly overjoyed, “I’m really lucky, Yu Xuan, you’re simply a natural born beauty!”

Not only was her body very sensitive, but also, she possessed a body fragrance, such a woman, I'm afraid, is one in a million, Ji Feng thought to himself that he was incredibly lucky to have been able to get such a natural beauty!

"Don't say that!" Xiao Yuxuan said shyly.

Ji Feng laughed: "Yu Xuan, there's nothing to be ashamed of, having body fragrance, others can't wait to envy you."

Xiao Yuxuan gave him a white look and snapped, "You still say that! It was because of my body fragrance that I was harassed so much at the university. There were already a lot of people pestering me, and I don't know who spread the word about it, so there were even more people pestering me, and I was so annoyed."

"Haha, fortunately you didn't accept anyone else, otherwise, I would have regretted it!" Ji Feng laughed.

"Nasty!" Xiao Yuxuan laughed lightly, then frowned again, "Don't smoke."

She snatched the aromatic from Ji Feng's hand and threw it into a water cup next to her, "You don't learn at a young age, who did you learn to smoke from?"

"For men, there's no need to learn this stuff, you're born with it!" Ji Feng laughed heatedly.

"Virtue!" Xiao Yuxuan gave him a blank look and then giggled, she would always be particularly happy when she was with Ji Feng.

"Yu Xuan, I'll sleep here at night, right?" Ji Feng laughed heatedly.

"You can, but, at night, I'll condemn you to sleep in the living room and be the director for once, giggle ....." Xiao Yuxuan laughed.

Ji Feng couldn't help but hum, "For a husband, just give this treatment, huh?"

"This treatment is already very good, you know, no man has ever entered our flat before." Xiao Yuxuan finished speaking and hurriedly jumped up to escape, "Hubby, I'm going to sleep, ah, good night!"

Bang!

Looking at the closed room door, Ji Feng could only smile bitterly helplessly and gave a few false scratches to Xiao Yuxuan's room door as he hummed, "The revolution has not yet succeeded, comrades still need to work hard ah!"

## Chapter 170

Early the next morning, Ji Feng got up, and unlike yesterday, today's Ji Feng had two more dark circles under his eyes.

In fact, it was no wonder that anyone would wake up the next day after lying in the living room all night while his girlfriend was in the room not far away and making a few harassing phone calls from time to time in the middle of the night.

Even, if it were an ordinary person, I am afraid that not only would there be dark circles under the eyes, but there might even be mental depression. Fortunately, it was Ji Feng, who not only had a superior physique, but also because he had insisted on practicing the next day's movements during this period of time, which only made him appear to have dark circles under his eyes, but his spirit was not affected in any way.

Ji Feng couldn't help but feel more confident about that super agent training system in his head. Obviously, this training system was far from just making him stronger, but more importantly, persistently practicing the movements in this training system could also make him refreshed, which was simply the same as the martial arts masters practicing on TV.

Ji Feng recalled the scene he saw in the light screen in his mind earlier, and he couldn't help but secretly suspect, could it be that this super agent training system of the Gamma Galaxy was not the same as what he had imagined, and that the super agents trained by the Gamma Galaxy were even more powerful than the martial arts masters on TV.

This also means that if one keeps practicing, sooner or later one can become a master like those two men who appear in the light screen!

"It's really something to look forward to!" Ji Feng tidied up his clothes and smiled heatedly.

At this time, Xiao Yuxuan's room door also opened, and she walked out of the room wearing a halter dress and sleepy eyes, as if she hadn't woken up yet.

Looking at her adorable appearance, Ji Feng immediately laughed and bailed on Xiao Yuxuan's delicate body in a flash, giving her a fierce kiss on her small mouth that had just finished yawning.

"Ah!" Xiao Yuxuan's pretty face flushed and she softly said, "Little rascal, I haven't washed my face and brushed my teeth yet!"

Ji Feng chuckled and said, "It's not like I kissed your little tongue, I just kissed your little mouth, what does that have to do with brushing your teeth or not? Did ..... you drool in your sleep?"

"You're the one drooling!" Xiao Yuxuan wrinkled her cute little nose, and couldn't help but puff out a smile and take the initiative to kiss Ji Feng, "Honey, I'm going to wash up."

Ji Feng hemmed and hawed, Xiao Yuxuan already really considered him as her man, which was a good sign.

After both of them finished washing up, Xiao Yuxuan asked, "Ji Feng, there are still four days left in this holiday, what are you going to do with it?"

Ji Feng deliberated for a while before saying, "Yuxuan, I'm not too familiar with Jiangzhou yet, otherwise, how about you accompany me for a stroll around downtown Jiangzhou today?"

"Sure, I'm planning to do the same, as the host, I naturally have to take you to get familiar with the fun places in Jiangzhou." Xiao Yuxuan winked playfully and smiled again, "If I don't let you get familiar with it like this, you'll get lost if you take Tong Lei's sister shopping in the future!"

Ji Feng suddenly snapped a smile, what he was most afraid of, was Xiao Yuxuan mentioning Tong Lei in front of himself, that really made him feel a little embarrassed, and even had a ..... feeling of being a thief.

That's right, is to be a thief's weakness.

Before Tong Lei knew about his relationship with Xiao Yuxuan, the two of them could only be sneaky, which is not being a thief's weakness, right?

It seems that unless he waited until Tong Lei knew about their relationship, he and Xiao Yuxuan would only be able to maintain this sneaky state, which was indeed a bit aggravating for Xiao Yuxuan.

Ji Feng stroked his chin and secretly thought, it seems that it is necessary to let Tong Lei know earlier. However, it could not be said so directly, otherwise, God knows how Tong Lei would react, and if it caused her great harm, Ji Feng would definitely not forgive himself.

"Looking at your appearance, you must be having a headache on how to tell sister Tong Lei about our relationship, right?" Xiao Yuxuan's pair of beautiful eyes seemed to see through Ji Feng's heart as she asked with a playful smile.

Ji Feng didn't hide anything and honestly nodded his head.

"Then when we were in the cafe before, you still promised so quickly, saying something about letting Tong Lei know about our relationship within three months, it seems that you are really clueless!" Xiao Yuxuan said with a wry smile.

Ji Feng instantly coughed lightly in embarrassment, in front of Xiao Yuxuan, his cleverness was really useless, she was just too smart.

"A woman who is too smart is not attractive to men!" Ji Feng said in a sullen voice.

"Giggle ....."

Xiao Yuxuan suddenly laughed delicately and nudged Ji Feng with her slender finger, "You, you really make people angry. Alright, don't think too much, just leave this matter to me."

"Hand it over, hand it over to you?" Ji Feng was stunned, "Can you have any good ideas? Yu Xuan, don't mess around, the two of you are equally important in my heart, if either one of you gets hurt, I will die of heartache."

Xiao Yuxuan's beautiful eyes couldn't help but flash a touching look, she smiled softly and said softly, "Don't worry, leave this matter to me, I won't let Tong Lei get hurt ....."

Before she finished her words, Ji Feng immediately said, "Not only her, but also you, I can't let you get hurt either!"

Xiao Yuxuan smiled sweetly, "Don't worry, I won't be so stupid as to go and find myself in trouble."

"Then what do you plan to do?" Ji Feng asked in amazement, "I really can't think of any way to let both of you know about this matter while no one gets hurt, sigh ....."

Once this matter was mentioned, Ji Feng felt a bit of a headache and he couldn't help but shake his head.

Xiao Yuxuan laughed lightly, "Don't worry, if I say it's okay, it will definitely be okay. I'll leave this matter to me, so you shouldn't ask too much."

Ji Feng couldn't help but shake his head slightly and laughed, "Alright then, go ahead, you have to keep a good handle on it anyway."

"Alright, rambling like an old woman, let's hurry up and go." Xiao Yuxuan pushed Ji Feng into the bathroom and laughed, "Look at your clothes are wrinkled, you had a restless sleep yesterday, didn't you?"

Saying that, Xiao Yuxuan tenderly tidied up Ji Feng's clothes, the scene was like a gentle wife tidying up her husband's clothes.

Looking at the gentle look on Xiao Yuxuan's pretty face, Ji Feng couldn't help but shake his head and smile bitterly, "If you hadn't kept calling my harassing phone number yesterday, how would I have slept restlessly? You, you're simply too naughty."

Xiao Yuxuan smiled cheekily, "Alright, you go wait in the living room for a while while I go prepare breakfast."

"You're still preparing breakfast?" Ji Feng was stunned, then he asked with a smile, "Yu Xuan, I can't imagine that you are really a virtuous wife and mother type beauty who can go out of the hall and into the kitchen, I'm really blessed."

"That's right, I told you a long time ago, what a bargain for you!" Xiao Yuxuan giggled and ran into the kitchen.

Looking at Xiao Yuxuan's alluring back, Ji Feng smiled heatedly, "What a blessing!"

A simple lion's head, a few spring rolls, plus some soy milk that he had made himself, this became the breakfast for both Ji Feng and Xiao Yuxuan. Among them, the one that made Ji Feng feel the most delicious was the stack of noodle skins that Xiao Yuxuan had made with her own hands.

Rolling the noodle skins with squash was very simple, but eating it and taking a sip of soybean milk, it simply seemed absolutely delicious.

"Mmm," Ji Feng gave a thumbs up, "Yu Xuan, your handiwork is really beyond words, it's very good!"

"Hee hee, now you know I'm good, right?" Xiao Yuxuan smiled proudly, "There are still some dumplings in the kitchen, wait a minute, I'll bring them over!"

Ji Feng was stunned, "Don't people in Jiangzhou not eat dumplings?"

"But there's someone here who isn't from Jiangzhou." Xiao Yuxuan gave him a blank look, "Just wait a minute."

“Well, delicious but dumplings, fun but sister-in-law ..... ah, no, it’s the dumplings that should be delicious!” Ji Feng snorted, couldn’t help the cold sweat on his back, he just spoke smoothly and gave out a jingle that was circulating in Mang Shi County.

Because Ji Feng’s mouth was still eating pasta crust and his speech was slurred, so Xiao Yuxuan didn’t quite get it right and went to the kitchen with a smile.

After eating breakfast, the two of them drove Xiao Yuxuan’s red Volvo directly towards the city of Jiangzhou. Only, this time it was Xiao Yuxuan who was driving.

For Ji Feng’s kind of driving skills, Xiao Yuxuan did admire, but she could not stand that kind of extremely exciting wild ride any more, and decisively deprived Ji Feng of the right to drive, only letting him sit on the passenger seat.

In response, Ji Feng could only laugh bitterly.

Xiao Yuxuan directly brought Ji Feng to the most prosperous Jinling Road in Jiangzhou, shopping in Jiangzhou without coming to these three places, Jinling Road and Chenghuang Temple and Dajiang, would be tantamount to not having been to Jiangzhou.

“Honey, this way.” Xiao Yuxuan pointed to a shop in front of her, which was a watch shop, “The watch you are holding is too ordinary, I want to give you a new one.”

“No need, right?” Ji Feng basically didn’t have much requirement for these extraneous things.

“How can you say no need, cut the crap and follow me!” Xiao Yuxuan seemed to be very familiar with this area and pulled Ji Feng towards the shop with a series of foreign language letters written on it.

Ji Feng didn’t care much about any of these so-called famous brands, so naturally he didn’t recognize the sign, but when he saw that the people going in and out of this place were all well-dressed, he immediately understood that this was definitely a famous brand shop.

“What’s this brand called?” Ji Feng asked in a low voice.

Xiao Yuxuan smiled lightly and said, “vacheronconstantin.”

Ji Feng was surprised and asked, “What does that mean?”

“Vacheron Constantin!” Xiao Yuxuan laughed softly, “Swiss watch.”

“Shit!” Ji Feng couldn’t help but burst out a foul mouth, “Just write Vacheron Constantin directly, why write a string of bird words ..... Right, how much is this watch?”

“The price varies, generally several thousand to several tens of thousands, more expensive ones are also quite a few, there are also some limited editions or collector’s editions, but I can’t afford to buy oh.”

Xiao Yuxuan smiled cheekily, “What I’m going to buy for you today is a couple’s watch that I’ve had my eye on for a long time, and the price is not very expensive.”

Saying that, Xiao Yuxuan pulled Ji Feng to one of the counters, pointed at the pair of watches inside, and said to the attendant, “Please take out these two watches and take a look at them.”

The attendant had a sweet smile on her face, “This lady is really discerning, this couple watch, which is the last pair we have here, is selling very hot, if you come later, it might not be available.”

Ji Feng took the watch and put it on, and put it on with Xiao Yuxuan’s small hand to look at, reflecting each other very well.

“How much is it?” Ji Feng asked directly.

“Two pieces together, a total of thirty-five thousand.” The waiter said softly.

“Good then, wrap it up for me .....” Xiao Yuxuan immediately nodded and said.

However, before she finished her words, a woman’s voice that was so coy that it made people’s bodies break out in cold sweat suddenly came from the side: “Hold on, forty thousand, we’ll take these two watches!”
