

Campus Master 1621

Chapter 1621

“Boom!”

Han Zhong’s kick landed squarely on Cheng Haotai’s body, leaving him no chance to even dodge, and he was staggered by the kick, stomping backwards a few steps before stabilizing himself.

Liu Jing let out a cry of alarm and hurriedly went over to hold Cheng Haotai, asking in a panic, “Boss, how are you?”

Cheng Haotai stood up straight with an iron face, he looked down and saw that on his stomach, but there was a very obvious footprint, which made his face look even more ugly.

“Han Zhong! You dare to do it?”

Cheng Haotai’s voice was not high in tone, but that tone contained a strong anger: “You will regret your actions, I will make you pay for it!”

Han Zhong gritted his teeth and said, “Don’t fucking bullshit here! You want me to pay the price? Cheng Haotai, that’s exactly what I want to say to you, I won’t let you calculate me for nothing, just wait!”

Cheng Haotai stared conspiratorially at Han Zhong and said in a cold voice, “Good! Very good!”

“How dare you be arrogant?”

When Han Zhong took one look at him, he was instantly on fire again, this son of a bitch, even now, he still dares to be so arrogant, he should be damned!

Han Zhong was really furious, this bastard Cheng Haotai had set himself up, but now he was still acting like he was very resentful?

What the fuck, only allowing Cheng Haotai to set himself up, but not allowing himself to fight back?

“If you dare to look at me with such a look again, I’ll kill you now!” Han Zhong shouted coldly.

“Fine! Bravo!” Cheng Haotai gritted his teeth and looked at Han Zhong, nodding heavily, “I’d like to see if this Jiangzhou is still a place where the law is spoken!”

He picked up the phone again and dialed another number.

After the call was answered, Cheng Haotai only said one thing: “This is Cheng Haotai, now the Haotai Hotel is about to be smashed, start immediately!”

“..... has started already? Good! Then I’ll wait for news!” After Cheng Haotai finished speaking, he simply hung up the phone.

Han Zhong, however, frowned and exchanged a glance with Ji Feng, what was this son of a bitch up to?

Cheng Haotai finished the phone call, but as if he had completed something major, he let out a long sigh of relief, and the look on his face was quite relaxed, except that when he looked at Han Zhong and Ji Feng, there was still a hint of coldness.

Ji Feng stood there with his arms clasped, but his expression was calm.

No matter what tricks this Cheng Haotai wanted to play, he was not worried because if Cheng Haotai wanted to fight back, there were only two means, one was through the formal way and the other was to use force directly.

Just .....

Who could he get?

Ji Feng couldn't help but shake his head, now the only person Cheng Haotai could find, I'm afraid, was only the boundary tent people!

"Ding ....."

Just at this moment, Ji Feng's mobile phone suddenly rang, he took out his phone to take a look, but found that it was Second Uncle calling, he immediately picked up the phone.

"Second Uncle."

"Did you make another mistake?" As soon as he picked up the phone, Ji Zhenguo asked.

"It's just a small problem, it will be solved soon." Ji Feng said.

"Just a little problem?" Ji Zhenguo couldn't help but hum, "Just now the ambassador of the Boundary Tent embassy in Jiangzhou has protested to the municipal committee, saying that the investments of the Boundary Tent proper businessmen in Jiangzhou have been maliciously sabotaged by man, causing the assets of the Boundary Tent businessmen to be lost, demanding that we immediately stop this behavior ....."

Ji Feng laughed: "They're bullshitting!"

Ji Zhenguo said, "Whether it's true or not, you can't fool around, if there's anything, you can solve it through other channels."

Ji Feng smiled and nodded, saying, "I know."

"That's it then! You don't have to worry about the back end, I'll send someone to investigate. As for your problems, wait until we come back." After Ji Zhenguo finished speaking, he hung up the phone.

"Investigation?"

Ji Feng shook his head and smiled, what could be the result of an investigation into this matter? It was nothing more than a fight and brawl, destroying other people's property, at most, it would only cost money.

And the boundary tent side, certainly will not be satisfied with this answer, then the next is definitely another bullshit!

Hanging up the phone, Ji Feng looked at Cheng Haotai and found that the latter was staring at himself with an arrogant look on his face, as if he had guessed what call he had answered.

“Heh!”

Ji Feng couldn't help but shake his head with a smile and turned his head to ask Han Zhong, “That kick just now wasn't enough to take out your anger, was it?”

“Of course!” Han Zhong blurted out, “How can one kick be enough, I almost lost my life!”

“Then let's go get some more air out of it!” Ji Feng laughed.

“Eh?” Han Zhong was stunned and looked at Ji Feng in surprise.

Ji Feng, however, raised his eyebrows and nodded slightly.

Han Zhong instantly came to life and came up with a kick. This kick was so sudden that Cheng Haotai, who had a hint of arrogance on his face, didn't even have time to react before he was instantly kicked in the eye of his waist and flung to the ground with a thud.

“Ugh!”

Cheng Haotai let out a muffled cry, perhaps because the fall was too painful, or perhaps because it was too humiliating, his face turned red, his forehead was even bruised, and his teeth were clenched.

“Ah!”

That Liu Jing let out a startled cry and hurried over to help Cheng Haotai, while exclaiming, “Boss ..... Haotai, are you alright?”

“Phew~~!”

Cheng Haotai clenched his teeth and stood up with one hand on the ground, he himself was not very old, his body bones were not yet old, plus Han Zhong was not a practitioner, so his kick actually did not cause much damage to Cheng Haotai.

However, being kicked to the ground by Han Zhong in public was humiliating enough for Cheng Haotai!

You know, when he first came here, Cheng Haotai had a majestic face, especially his Chinese face and his dragon walk, which seemed to give him a kind of aura of non-anger.

But now it was different, being kicked by Han Zhong two times in succession, although he did not suffer much damage, but these two kicks were the ones that trampled Cheng Haotai's majesty, or even his dignity, under his feet.

The red face and bloodshot eyes gave Cheng Haotai a feeling of madness, and he seemed to be in hysterics.

In particular, before, Cheng Haotai was still pretending to be a senior in the jianghu, and when compared with his current image, the contrast was indeed a bit too great.

How could Cheng Haotai, who was so proud and high-minded, stand it?

“Han Zhong! You're looking for death!” Cheng Haotai stared deadly at Han Zhong, a low growl escaping from his throat.

“Fuck you!”

Han Zhong was not afraid at all, he cursed angrily, “You dare to count on me, I think you’re the one who’s looking for death!”

An icy look filled Cheng Haotai’s eyes as he nodded heavily, “Good, very good! Han Zhong, I hope you’ll always be this arrogant and never give in to weakness!”

“I yield to you?” Han Zhong looked at Cheng Haotai in amazement, “Have you been kicked in the head by a donkey? I really want to fucking crash to death here for you, I’ll never give in to you even if I die!”

“Then you can wait for death!” Cheng Haotai roared lowly.

“It’s not certain which one of us will wait for death!” Han Zhong sneered.

“Hmph!”

Cheng Haotai didn’t even bother to argue with Han Zhong anymore, he just coldly snorted and stared at him with a deadly stare. It was only the cold glint in his eyes that showed how indignant he was in his heart.

Ji Feng was even more serious when he saw a cold light in Cheng Haotai’s eyes.

Cheng Haotai was motivated to kill!

He wanted Han Zhong’s life?

Ji Feng’s face also gradually turned gloomy as he stared at Cheng Haotai and said in a deep voice: “Cheng Haotai, I believe you know better than anyone what you have done yourself. Of course, you also know that we can’t do anything to you today ..... but if you think that this is the end of the matter, then you are too naive!”

He took a sharp step forward, and Cheng Haotai’s face instantly changed and he backed up in a panic.

Liu Jing even couldn’t help but subconsciously shriek, “Ah!”

A mocking smile then appeared on Ji Feng’s face as he stared at Cheng Haotai and sneered, “Is that all you have the guts to do? That’s all you dare to calculate Han Zhong?”

A trace of shame and anger flashed across Cheng Haotai’s face as he coldly snorted and didn’t say anything.

Ji Feng didn’t care about Cheng Haotai’s attitude either, he just brushed aside his mouth and said, “Cheng Haotai, I can tell you clearly, today’s matter is not finished! How you counted on Han Zhong, I want you to pay me back ten times over, remember my words!”

Cheng Haotai sneered, “What a big mouth! If you have the guts, kill me now!”

“If you really piss me off, what can I do if I get you killed now?” Ji Feng’s face turned cold as he lowered his voice and said coldly, “Cheng Haotai, don’t think you can be reckless just because you have a few Boundary Canopy friends, even if the Boundary Canopy Heavenly Emperor came, he wouldn’t be able to save you!”

“Do you dare to say that in front of the people of the Realm Canopy?” Cheng Haotai looked at Ji Feng mockingly.

“Heh!”

Ji Feng patted Cheng Haotai’s shoulder and laughed lightly, “What wouldn’t I dare to do? However, I think you might not have the chance to see it if you are still so reckless .....

Cheng Haotai’s face suddenly changed, not because of what Ji Feng said, but because of his actions.

Ji Feng reached out to slap Cheng Haotai’s shoulder, in fact, Cheng Haotai wanted to step back and dodge, but he didn’t know what was going on, Cheng Haotai found how he couldn’t dodge Ji Feng’s hand, and in the end, before he could make any reaction, Ji Feng had already slapped his shoulder.

If just now Ji Feng was trying to wipe his neck .....

Cheng Haotai could not help but have a cold sweat on his back.

On the contrary, what Ji Feng said, Cheng Haotai automatically gave it a filter, Ji Feng dared to say the Boundary Tent Emperor in front of the Boundary Tent people? Cheng Haotai thought it was bullshit, Ji Feng was simply arrogant beyond his limits!

Now even though the Boundary Canopy’s imperial power was already just a symbol, no one dared to talk about their spiritual leader in front of the Boundary Canopy people, and once the Boundary Canopy people became angry, would it be that easy to bear?

When Ji Feng saw the look on Cheng Haotai’s face, he vaguely guessed what he was thinking, this Boundary Tent’s lapdog!

This made Ji Feng shake his head and sigh lightly, when did this boundary tent people all become supreme in the minds of some Chinese people?

Can’t even say a word about it anymore?

Was it really that good to have the Boundary Cloak people as their masters?

Are they still Chinese?

Chapter 1622

In the end, Ji Feng did not continue to argue with Cheng Haotai, he took Han Zhong and Liu Xin and the others and left.

Since Second Uncle had already called, there was no need for Ji Feng to stay any longer, and in fact, his purpose had been achieved.

Second Uncle called to say that the boundary tent people had lodged a protest.

On the contrary, Han Zhong, when he left, was still a bit reluctant, because now things were clear, and from the way Cheng Haotai behaved, it could be seen that the matter of his own being set up was definitely not unrelated to Cheng Haotai.

But even though he knew that this was the case, he could not do anything about Cheng Haotai, and this was what was most annoying.

The most Han Zhong could do was to kick Cheng Haotai a few times, and if Ji Feng wasn't there, he wouldn't even be able to kick him a few times, let alone smash his hotel.

But that was all that could be done now. It was useless to stay at the Hao Tai Hotel all the time, and Han Zhong could see that Ji Feng was under pressure too, so they had to leave.

Anyway, they couldn't beat up Cheng Haotai in full view of the public and had to beat him up, or even send him directly to the hospital, which would be the most stupid thing to do, after all, Cheng Haotai wasn't something that could just be moved.

Only, this result Han Zhong is how can not be willing, it is really too let people nasty.

"What, still thinking about what just happened?" On the way back, Ji Feng saw that Han Zhong's face hadn't been too good, so he couldn't help but ask.

"Can I not think about it!"

Han Zhong sullenly said, "Ji Feng, your guess is right, I can be sure that the matter of me being set up must have something to do with Cheng Haotai!"

Ji Feng nodded, he certainly knew that this matter had something to do with Cheng Haotai.

Han Zhong gritted his teeth and said, "This matter absolutely cannot be left like this, Cheng Haotai must pay the price!"

Ji Feng smiled and asked, "Then what do you plan to do?"

Han Zhong was silent for a moment before saying, "I haven't thought about it yet, but I won't just admit it anyway!"

Ji Feng nodded and said, "Don't worry, this matter is certainly not over! Of course, I know you must not be willing in your heart, but it is just right to stop here today, the purpose we came to find Cheng Haotai has been achieved, so we will deliberate on the rest."

"What purpose?" Han Zhong was stunned, "To vent my anger, or to verify whether Cheng Haotai had something to do with the reckoning of me?"

"Both of these!" Ji Feng said, "And, it's more than that ....."

In fact, when he came to find Cheng Haotai today, Ji Feng had two main purposes. The first is to let Han Zhong take his revenge, this is the second, Ji Feng's main purpose, one is to verify whether Cheng Haotai is really related to Han Zhong's matter. The second purpose was to see how deep the relationship between Cheng Haotai and the people of the boundary tent really was.

As expected, both of these objectives were achieved.

It was now certain that Cheng Haotai was definitely involved in the plot against Han Zhong, and secondly, Cheng Haotai's relationship with the Boundary Cave People was extremely deep, perhaps he was the spokesperson of the Boundary Cave People.

The phone call from Second Uncle was enough to explain this.

Moreover, from today's incident, Ji Feng could also see a very important point – that the boundary tent people were also involved in the scheme against Han Zhong, otherwise, Cheng Haotai could not have just made a phone call and then the boundary tent people protested, this was obviously something they had prepared long ago, just waiting for Cheng Haotai's phone call.

This is the most important thing!

A single Cheng Haotai may not dare to blatantly count on Han Zhong, who, no matter what, is no worse than Cheng Haotai in terms of influence or in other aspects.

Moreover, Cheng Haotai was running a hotel and a club, as well as a resort, which had nothing to do with the Tengfei Group or even Han Zhong, so why would he want to count on Han Zhong?

There was no reason at all!

The actual person who really wants to plan Han Zhong is actually someone else.

..... Then, it could only be the Canopy Man!

"Boundary tent people?" Han Zhong's face sank, "You're saying it's the Boundary Tent People who are scheming against me? Motherfucker, what did old me offend them?"

"I'm afraid I'll have to ask the Boundary Cloak people!" Ji Feng said.

"....."

Han Zhong said in exasperation, "I don't even know which Boundary Tent people are actually setting me up, how else can I ask?"

Ji Feng laughed, "Just because you don't know, doesn't mean others don't know either."

Han Zhong's heart immediately twitched and hesitantly said, "You mean ..... Cheng Haotai?"

"That's right, it's him!"

Ji Feng nodded and said, "This trip today wasn't in vain."

Han Zhong frowned slightly and nodded thoughtfully, he vaguely understood Ji Feng's meaning.

Today's visit to the Hao Tai Hotel was indeed a great harvest, not to mention that kicking Cheng Hao Tai a few times was a tentative way to get rid of his anger, in addition to that, there were significant discoveries, especially the depth of the relationship between Cheng Hao Tai and the boundary tent people, which made Han Zhong feel very surprised.

At the same time, he was also very annoyed.

This damned Boundary Cloak people, I haven't offended you guys in any way, have I, and you're actually using this method to set me up?

"Then how will today's matter end?" After getting depressed, Han Zhong asked again.

Today, although he had made a scene at the Hao Tai Hotel and kicked Cheng Hao Tai a few times, it was indeed very enjoyable at that time, but these few kicks were not for nothing, and that hotel could not just be smashed, and after it was over, he had to be responsible!

“How else can we end up, pay for it!” Ji Feng said, “Smashed someone’s hotel, and they moved the boundary tent people here, of course, we can only pay for it.”

“What about the people who beat them up?” Han Zhong asked, “Those security guards could have been beaten up quite badly, as well as the few kicks that Cheng Haotai received .....”

“Cheng Haotai should not pursue the matter, unless he wants to make a stalemate on both sides now, otherwise, this matter will just be treated as if it never happened!” Ji Feng said.

“It didn’t happen?” Han Zhong was surprised and asked, “He’ll eat this dumb loss?”

“As long as he still has plans, he won’t make things completely deadlocked right now!” Ji Feng said with great certainty.

“Have an agenda?”

Han Zhong was slightly stunned, and then he fell silent, revealing a thoughtful expression, as if he had thought of something. Only a moment later did he suddenly raise his head and asked, “Ji Feng, do you think that they are calculating me for the sake of the Tengfei Group, or for my family’s group?”

Ji Feng smiled, “Then you have to think about what Han’s group has that can attract Cheng Haotai and those boundary tents, and what attracts them to the Tengfei Group, so think about it and you should understand.”

Han Zhong’s eyebrows immediately wrinkled up, his brain was not stupid, but he was almost overwhelmed by anger before, so he did not think about this, but at this moment, Ji Feng reminded him of this, Han Zhong’s heart could not help but be astonished.

He opened his eyes wide: “The people of the world tent want the technology of the Tengfei Group? Is it a 3D TV set, or a Kang Yuan slimming powder? Or maybe ..... is the special effect current?”

As soon as Ji Feng reminded him, Han Zhong immediately figured it out.

Han’s group’s business should not have any conflict with the boundary tent people, and as for the scope and situation of his own group’s business, although Han Zhong was not personally involved, he was still able to learn something from his family members.

Then, I am afraid that what can really attract the people of the boundary tent are a few of the technologies of the Tengfei Group.

The 3D television set, or rather, the illusionary three-dimensional technology that Ji Feng mentioned, and the special effects current. 3D television sets naturally need not be mentioned, as even the military has sent experts to the Tengfei Group to ask for this technology, which is enough to show how important this technology is.

The special current produced by the Tengfei Pharmaceutical Factory is a special medicine for the military, so even a fool would understand its importance!

In addition to these two, there is also the Kang Yuan slimming powder that is selling extremely well in the market, this thing may not have too important uses, but how it is also an advanced technology, moreover, the profits generated by this hot sales, is also very amazing .....

Any one of these three technologies has the credentials to attract people from the sector tent!

“..... I’ll fuck the fuck up!” Thinking about this, Han Zhong couldn’t help but curse angrily, “Dare I say, those motherfuckers went to all the trouble of scheming me just to seek out the technology of the Tengfei Group? Could they be any more shameless?”

“That’s probably it!” Ji Feng nodded his head.

“But what the fuck is the crime!” Han Zhong was so angry that he didn’t even care about his image anymore, “If they wanted the technology of the Tengfei Group, they could have gone through the regular channels .....

Well, even if they sent someone to steal it, as long as they had that ability, but look at what they did! They’re out of their minds, aren’t they?”

It’s understandable that these people would go to such lengths to calculate themselves for the sake of those few technologies, but you should at least calculate more cleverly and not let people see it at a glance, okay?

Moreover, just for the sake of calculating oneself, they even involved a woman?

Han Zhong doesn’t even know what to say. ....

Ji Feng laughed: “If you want to know the details, you’ll have to wait until later to ask Cheng Haotai and the boundary tent people directly!”

“What do you mean?” Han Zhong immediately caught the message in Ji Feng’s words, “You’re saying to ask them directly later?”

“Don’t worry, the boundary tent people will definitely follow up, the text message you received is the best proof of that.” Ji Feng laughed, “Didn’t I say that this matter isn’t over, I believe this is what Cheng Haotai wants to say to us, there will be plenty of opportunities to have fun with them later!”

Han Zhong’s eyebrows then tightened up, and with this reminder from Ji Feng, he instantly had a feeling of sudden realization, but his mood was not at all relaxed.

This series of events, coupled with the text message he received, Han Zhong understood that the other party was trying to get a hold of him!

Damned tent people!

Han Zhong couldn’t help but gnash his teeth, this time, he might be in some real trouble.

“All right, go home first and get some rest, think about what to do next by the way.” Ji Feng said with a smile, “I won’t send you back, I have to hurry up and explain to second uncle, it’s not easy to pretend to be a dude for once, but it ended up going international, it’s not an international joke!”

Han Zhong grinned.

Chapter 1623

“Knock, knock, knock!”

Ji Feng arrived outside Ji Zhenguo’s office, first greeted the second uncle’s secretary, and then knocked on the door.

Ji Zhenguo’s secretary said, “Young Ji, the secretary said to let you go in directly when you arrive.”

Then, he took two steps closer and lowered his voice, “Young Ji, be careful yourself, I see that the secretary is not in too good a mood.”

“Thanks!”

Ji Feng nodded his head in acknowledgement.

That secretary then smiled and waved his hand before returning to his own office at the door.

Because Ji Zhenguo’s office was a large suite, this outside room was the one the secretary was using, and all visitors would definitely have to go through the secretary first.

Ji Feng had come here not once or twice, so he was familiar with the secretary.

However, what was strange to Ji Feng was that after he knocked on the door, there was no response or sound inside.

“Knock knock knock!” Ji Feng knocked on the door again.

“There’s no need to knock, come in.” This time Ji Zhenguo’s voice finally came from inside, it was impossible to hear whether he was joyful or angry just from this voice.

Ji Feng, however, shook his head and smiled, he could hear that second uncle was a bit angry.

But Ji Feng didn’t have anything to be nervous about, because he knew what second uncle was angry about, and he wasn’t justified in this matter, so he directly pushed the door and walked in.

Ji Zhenguo was reading documents behind his desk, when he saw Ji Feng come in, he pointed to the chair opposite and said, “Sit down, after making a fuss in someone’s hotel and brushing up enough prestige, don’t get tired!”

Sweat!

Ji Feng was sweating furiously, Second Uncle was really capable of being sarcastic.

He hedged and laughed, “Second Uncle is really well-informed, you knew about it even after I just returned.”

“I would have liked not to know.” Ji Zhenguo hummed and said, “But there’s no way, the calls from below to sue have all come straight to me, and the boundary tent people have also lodged a protest, so it’s hard for me not to know!”

“Who’s suing?” Ji Feng immediately asked.

“What, you still want to retaliate against people?” Ji Zhenguo’s face sank.

Ji Feng waved his hand with a smile and said, "Of course not. No matter how much I am mixed up, I won't be so confused. I just want to know who is actually doing the work for the boundary tent people!"

When Ji Zhenguo heard Ji Feng say this, he immediately knitted his brows, "Nonsense! How can you just say that? What do you think you're doing?"

Ji Feng then nodded and smiled, not minding Second Uncle's reprimand.

In fact, he knew very well that Second Uncle did not deny his words, but was only cautioning himself not to make casual comments about cadres in the system.

This was indeed true, after all, Ji Feng was not from within the system, and without any evidence, he had overstepped the mark by casually saying that someone was doing something for the boundary tent people like this.

"Tell me, what is going on, why did you run into someone's hotel and make a scene, I heard that you even smashed their hotel?" Ji Zhenguo glanced at Ji Feng and asked.

"Mm!"

Ji Feng frankly admitted his actions.

Ji Zhenguo frowned: "Then tell me, why did you do that? Trying to be a dude?"

"Of course not!"

Ji Feng said, "Second uncle, actually this is a bit complicated to say, and it happened very suddenly, at first, it was the general manager of the Tengfei Group, Han Zhong, who was set up ....."

He quickly told the general story of what happened, of course, he asked Wang Xin and Li Ruonan to secretly investigate Cheng Haotai's information, he only passed over it in a single sentence, only saying that he had asked someone to check it out.

After all, this kind of thing is not quite on the table and it is better not to talk about it.

After hearing Ji Feng finish, Ji Zhenguo's tightly furrowed brow stretched instead, and he nodded, saying, "So you went to someone else's hotel to cause trouble?"

"Yes." Ji Feng nodded, "I felt that since the other party dared to calculate Han Zhong and played it so precisely, they must have investigated Han Zhong's situation, so some of the circumstances of the Tengfei Group, as well as my identity, they must also know about it. Since that's the case, then I'll simply be a dude and go to the Hao Tai Hotel and make a big mess."

"Is it useful for you to do that?" Ji Zhenguo asked.

"At least through this big fuss, I can conclude that Cheng Haotai is closely related to the Boundary Tent people, moreover, the Boundary Tent people are also involved in the matter of calculating Han Zhong, and I even speculate that the mastermind of this matter might be the Boundary Tent people, because if it was just Cheng Haotai, he wouldn't have the motive!" Ji Feng said.

"Why not conduct the investigation in the dark first, and then take it down in one fell swoop when the investigation is almost complete?" Ji Zhenguo asked.

“Because just this morning, Han Zhong received a threatening blackmail text message, which should have been sent by that woman!” Ji Feng said, “So I think that since the other party has already started acting, it means that they have everything planned, since that’s the case, I’ll just make a big fuss, so that I can also disrupt their rhythm, and at the same time, I can also probe some situations .....

This is the reason why Ji Feng suddenly wanted to go to the Hao Tai Hotel to make a big mess, he was not fed up and suddenly wanted to be a dude.

The reason for this is that the company’s business is not just about being a dude.

The same is true of going to the Haotai Hotel and making a scene.

One cannot always be led by the nose in everything, especially in this matter, now that there is no more evidence in their hands other than the medical report that Han Zhong got from his examination at the Special Combat Brigade infirmary, so knowing that Han Zhong is being set up, there is nothing they can do about it.

In that case, it was necessary to disrupt the other side’s plan and make a move to knock the mountain out of the tiger.

It was to let the other side know that we suspected you!

Moreover, through this disturbance, it would also let those boundary tents behind Cheng Haotai know how tough their attitude was, so that they would have to be scrupulous and curb their behaviour.

Only by disrupting the other side’s rhythm and making them reveal their weaknesses could Ji Feng grasp the initiative.

This was Ji Feng’s plan, a plan that he believed was feasible.

A super dude with great energy, this just found out that his brother was being set up, and he already stormed out and directly smashed the Hao Tai Hotel, then if the other party acts any more excessively, once Ji Feng starts to go crazy, I’m afraid he can do anything!

The Chinese playboy is not that easy to mess with!

This is the impression that Ji Feng wants to give to Cheng Haotai and those people in the boundary tent, the worse the better, just to scare them and make them not dare to be so reckless.

The only thing that he couldn’t be sure of now was the attitude of the Boundary Tent side, and that was something that couldn’t be helped, what the others were going to do, Ji Feng could only speculate.

“Hmm.”

After listening to this, Ji Zhenguo nodded noncommittally, neither offering any opinion on Ji Feng’s approach nor opposing it, he just asked, “Then what do you plan to do next?”

Ji Feng immediately said, “Wait for the other side to make a move, while secretly investigating. Also, I think if it’s possible, it’s just the right time to take advantage of my going to make trouble this time and have the relevant departments investigate the Hao Tai Hotel to give the other side the feeling of bullying.”

“Nonsense!”

Ji Zhenguo glared at him, “You think this government is run by your family?”

Ji Feng scratched his head with a bitter smile.

“This matter today, you have done something reckless!” Seeing that Ji Feng no longer spoke, Ji Zhenguo then spoke up. At this time, his eyebrows were completely stretched out. Originally, when he heard that Ji Feng had run off and smashed someone’s hotel, he was displeased... Had he not seen Ji Feng for a few days and this kid had become a fop?

Or is it that once he left the sight of his elders, he became arrogant and domineering on the outside?

Although Ji Zhenguo understands Ji Feng’s character, but anyone who is constantly complimented by others will also drift, and occasionally encounter one or two who do not buy it, may be a hothead, and really can do something out of the ordinary.

What’s more, this matter also involves the people of the boundary tent, and Ji Zhenguo also knows that Ji Feng’s attitude towards the people of the boundary tent is not that friendly, that’s why he has this concern.

However, after listening to Ji Feng’s explanation, Ji Zhenguo knew that this was true, Ji Feng was still the same brat, but his character was just a bit more mellow, which was not a bad thing.

Of course, Ji Feng still had some immature things to do, and Ji Zhenguo decided to teach him.

Ji Feng immediately sat up straight, ready to listen to what his second uncle had to say.

“Did you investigate that coterie of Cheng Haotai’s before you did it? Do you know which boundary tent people are involved in that small circle of his? What are the identities of those boundary tent people?” Ji Zhenguo asked.

“They are all executives from some of the boundary tent companies, and some Chinese students who have returned from the boundary tent .....

“What about their specific identities? What about their details?” Ji Zhenguo asked.

“That ..... is not something I have investigated.”

“You should know that the relationship between our country and the boundary tent people is very sensitive now, and it can even be said that the relationship is very tense, so as long as the boundary tent people are involved, you should first be cautious and investigate carefully before deciding what action to take.”

Ji Zhenguo said, “If, say, the boundary tent people behind Cheng Haotai are more powerful than you think, and they are not afraid of you as an arrogant dude, but instead they are on pins and needles with you, what should you do?”

“I have a way to deal with it!” Ji Feng said.

“Have you considered all the possibilities?” Ji Zhenguo asked.

“No.” Ji Feng admitted frankly, “I think that as long as one is human, there will definitely be negligence, so I don’t bother to consider all possibilities and just grasp the general direction. They say that the devil is in the details, but in reality, if you focus too much on the details, you don’t have the energy to take into account the big picture instead, I think as long as the general direction is good, it’s fine if you miss some moves once in a while.”

“Hmm!”

Ji Zhenguo nodded and said, “You have some truth in that, but don’t forget that you are fighting a group of people on your own, are you sure of yourself?”

Chapter 1624

“Hmm!”

Hearing Ji Feng say this, Ji Zhenguo just nodded noncommittally and said, “You have some truth to that, however, you should not forget that you are fighting a group of people on the other side by yourself, or even, it might be you fighting several large groups by yourself, are you sure?”

Ji Feng deliberated for a moment before saying, “All I can say is that I will be cautious.”

“Since you have this confidence, then so be it.”

Ji Zhenguo nodded and then stopped continuing the topic and said, “Next, the police will officially intervene in your conflict with Hao Tai Hotel, you smashed someone’s hotel, you have to pay for it and beat up someone, deal with it as you see fit!”

“Yes!”

Ji Feng immediately said, “Second Uncle, don’t worry, even if it’s detention, I’ll admit it.”

Before going to Hao Tai Hotel, Ji Feng had already prepared for this kind of thing, he had even thought about whether he would have to scrap a few of the other party if Cheng Hao Tai had brought boundary tents with him and wanted to make a move, but it turned out that Cheng Hao Tai hadn’t brought anyone with him, so he didn’t make a move.

Ji Zhenguo nodded and said: “Well! It’s good that you’re mentally prepared for this. Remember, don’t think you can act well behaved and domineering just because you have a special status. The more special your status is, the more you have to control yourself. I remember, in the past, when you watched those fops bullying people, you would come out and say something fair when you couldn’t stand it, right?”

Ji Feng subconsciously nodded his head.

“Yes! You will still come out and say something when you see something unfair because you have more energy than others.” Ji Zhenguo said, “Then, if you start being reckless, then you’ll be no different from those fops, and at this time, the same people will come out and say something fair!”

Ji Feng couldn’t help but be solemn, he sat up straight for a moment, nodded very seriously and said, “Second uncle, don’t worry, I can never be a dude!”

“Well!”

Ji Zhenguo nodded and said, “Then so be it.”

Ji Feng was then a bit stunned, hearing this meaning from second uncle, the conversation ended here?

According to Ji Feng’s thoughts, although his reasons were good this time, what he did was a bit too much after all, he was prepared to be criticized, but he didn’t expect that Second Uncle just asked himself some questions, and then the conversation ended!

What did Second Uncle mean by this?

For a while, Ji Feng didn’t quite understand.

But looking at Second Uncle’s intention, he did not intend to say more, so Ji Feng could only nod his head and got up to leave Second Uncle’s office.

When he went out, Ji Feng’s mind was still full of the words that Second Uncle had said and the questions he had asked, and he didn’t even react to Second Uncle’s secretary greeting him.

“What exactly does Second Uncle mean? Does he approve of what he’s doing, or does he disapprove?” Ji Feng mulled it over for a while, but couldn’t figure it out.

According to reason, this time when the boundary tent people raised a protest, this should be considered a rather serious incident, but Second Uncle just brushed it off and seemed to be somewhat careless, as if he didn’t even take this matter to heart.

This was a bit strange.

“Young Ji, where are we going next?” White Spider started the car and asked in a soft voice.

“Oh?”

Only then did Ji Feng respond, he shook his head with a smile and said, “To the southwest.”

The white spider was stunned, then nodded and drove the car.

On the road, Ji Feng’s brows tightened as he pondered what exactly Second Uncle meant. Today, Second Uncle had called himself here, just to ask himself the reason and details of the trouble he had caused at the Hao Tai Hotel, that .....

After knowing the details of what happened, Second Uncle asked himself a few more questions, all about what he thought, or what he intended to do.

After listening, second uncle asked himself a few more questions, all directed at just the loopholes in his own plan, or rather, the loopholes in second uncle’s eyes, and the questions he asked were all about that.

..... Does this not mean that, after learning about his plan, instead of stopping himself, Uncle Er even showed his support?

The reason why he pointed out those loopholes was just to let himself perfect his plan so that his opponent wouldn't catch a break!

In other words, Second Uncle was actually supporting him!

Only, it might be because the boundary tent people were involved, so Second Uncle could not explicitly say so, or perhaps it was also because Second Uncle's character was too stoic, making him reluctant to say much about many things, or ..... he was testing himself.

But no matter what, there is no doubt about the supportive attitude of second uncle.

Although now the second uncle mouth did not say, but Ji Feng can already be sure that at the same time as his own action, the second uncle will certainly also take action, only, his means must be much more clever than their own.

After thinking about this, Ji Feng couldn't help but smile faintly, it seems that second uncle understands it better than anyone else in his heart.

The first thing is that he is very dissatisfied with the fact that some people in China are willing to be the lapdogs of the people in the border tent, and that both sides are working together, so he wants to do something by his own hand.

After all, to outsiders, what one represents is the Ji family, and in Jiangzhou, what one represents is Second Uncle.

Then, no matter what one does, outsiders will think that it is at the behest of Second Uncle.

I guess that was one of the reasons why Second Uncle had not stopped himself.

"Ding ....."

Ji Feng was thinking when the phone suddenly rang, he picked it up but found that it was Second Uncle calling, "Hello, Second Uncle."

Ji Zhenguo's voice then came over the phone, "In the future, if you can't decide on something, call me or talk to your big brother about it, and at your father's place, you should also call him often."

"I know." Ji Feng nodded his head.

"In addition, Tengfei Group's technology is so striking, then it is even more important to protect it, at the same time, we should also try our best to develop it, the more others do whatever they can, the more it proves that Tengfei Group's development is in the right direction and its technology is leading, we have to maintain it, and we have to fight for it even more!" Ji Zhenguo said.

"Yes!"

Ji Feng nodded his head forcefully, this was already a very clear support from second uncle.

"Well! You should also pay attention to your own safety, to prevent some people with bad intentions from jumping over the wall in a hurry!" Ji Zhenguo finished speaking, and then hung up the phone.

Ji Feng quickly he understood what second uncle meant, this was afraid that he alone would be at a disadvantage when facing the boundary tent people, Ji Feng smiled faintly and looked back again in the direction of the municipal party committee office building.

The second uncle is a good person, everything is good, but rarely can you see a smile on his face, too majestic, no wonder the second brother is like a mouse seeing a cat when he sees him.

However, Ji Feng was not afraid of him, instead, he was still very cordial.

Many times, it was a blessing to be reprimanded a few times by an elder.

“White spider, drive faster.” Ji Feng’s voice was slightly higher.

“Yes!” The white spider answered.

Ji Feng leaned his body all the way back against the soft backrest, a cold smile spread at the corners of his mouth, the boundary tent people, and those lapdogs who were in cahoots with the boundary tent people, let’s play slowly!

With the support of second uncle, Ji Feng’s fighting spirit is even higher .....

.....

“Baka!”

“Boom!”

A man with glasses viciously kicked on the table, the table, which was already crooked, was instantly kicked over again and almost did not fall apart.

“Knowing that you are a friend of our Boundary Tent people, Cheng Jun, how dare they do this, this is a slap in the face of our Boundary Tent people, damn Chinese people, simply damn!” He roared low.

His face was filled with a fierce look, and his eyes even showed a light as if they were beasts, his original civilized and courteous aura instantly vanished without a trace, replaced by fierceness and viciousness and venom.

“Ono-kun is right, those Chinese people who came here today to cause trouble deserve to die!” Another man next to him said.

“Cheng-kun, what are you going to do?” Ono, who had spoken earlier, turned his head and asked.

Cheng Haotai’s face was gloomy as his gaze swept over the surroundings, his face becoming a few more shades darker.

By this time, Ji Feng and Han Zhong had already left for more than two hours. Cheng Haotai had been kicked several times by Han Zhong in the lobby of the hotel and had almost lost all his face.

After Ji Feng and Han Zhong left, Cheng Haotai went upstairs and saw that several rooms on the third floor and the decorations in the corridor had been smashed in a mess, as if someone had smeared a handful of shit on his clean face .....

The first thing you need to do is to get a good idea of what you’re getting into.

If it wasn't for the fact that the three men, including Ono, came over later, Cheng Haotai would have used his secret experts to take out Ji Feng and Han Zhong directly.

Although Cheng Haotai looked very calm and steady, with the aura of a superior person who was not angry. But in reality, he was a man with a high and arrogant heart, and was particularly good at saving face, valuing it above all else.

Ji Feng and Han Zhong just thought that they did not do anything to Cheng Haotai today, only that Han Zhong kicked Cheng Haotai a few times, and Liu Xin and the others only smashed a few rooms in the hotel and a section of the corridor under Ji Feng's instructions, just for show, not for real.

These, in fact, were just Ji Feng's efforts to disrupt Cheng Haotai's rhythm.

But Ji Feng and the two of them did not know that for Cheng Haotai, if they did this, they might as well just smash up the hotel or find a place where no one was around and beat him up severely, he would not be as annoyed as he is now.

And at this point, Cheng Haotai simply hated Ji Feng and Han Zhong to the bone, and if it were possible, Cheng Haotai would hate to tear Ji Feng and Han Zhong apart right now!

Just because the ..... Ji Feng duo had made him lose face considerably!

You know, there were quite a few people watching, not only were there many acquaintances, but also hotel staff and even ..... his mistress, Liu Jing!

After today, I'm afraid that his tall and imposing image will no longer exist.

This is what kills Cheng Haotai, so how can he not hate it?

Therefore, as soon as he heard Xiao Ye's question, Cheng Haotai immediately gritted his teeth and said, "What should I do? Humph! Those two little brutes, I will definitely not let them go!"

"Ono-kun, I'm going to go with the plan for now and take down the Tengfei Group first, as for that Ji Feng ..... I'm requesting to use the Super Soldier and take him out directly!" Cheng Haotai said with a strong sense of hatred.

Chapter 1625

"Ono-kun, I'm going to go with the plan for now and take down the Tengfei Group first, as for that Ji Feng ..... I'm requesting to use the Super Soldier and take him out directly!" Cheng Haotai said with a strong sense of hatred.

"No! Cheng Jun, we have to follow the plan. Although there is a little accident now and the arrogance of these Chinese people is beyond my expectation, the general direction of the plan will not change for now."

Ono immediately dismissed Cheng Haotai's idea, he said in a deep voice, "Besides, Cheng-kun, I have to remind you that you'd better not casually mention anything about the super warriors, once the Chinese know these secrets, then we will probably be dealt a powerful blow by the other side, and by then, it's hard to say if the Chinese still care about the protest of the boundary tent ambassador! "

After a pause, Ono added in a deep voice: "Cheng Jun, you should know that you are a Chinese, and I am afraid that you will be the first one they will deal with when the time comes!"

Cheng Haotai's face suddenly changed, "Then what should we do?"

Ono said, "We can only go ahead with our original plan, now we not only have the support of the group, but also the country behind us, if we can take over the Tengfei Group, I believe your application for immigration will be approved, then you will be a real first class tent person! Cheng Jun, seize the opportunity!"

As soon as Cheng Haotai heard this, his spirits were quite lifted and he couldn't help but nod his head and say, "Yes! Great!"

But soon, Cheng Haotai's brow furrowed again, "Ono-kun, so for now, do we still have to go with the plan?"

"Of course!" Ono nodded and said, "Cheng-kun, I know that the crazy actions of those Chinese people have made you feel scared, and, indeed, their actions are beyond our expectations, so your heart is scared and somewhat overwhelmed, right?"

"How is that possible!"

Cheng Haotai couldn't help but grit his teeth and say, "Those two bastards, Ji Feng and Han Zhong, not only smashed the hotel, but also humiliated me like that, how can I just swallow this anger? I hate to eat them alive, how could I possibly be afraid?"

Ono glanced at him, "I hope it's really as you say!"

"....."

Cheng Haotai then couldn't help but blush slightly and his eyes were slightly weak, fortunately he had a very gloomy face for a while because he had been severely humiliated by Ji Feng and Han Zhong, so the blush wasn't too obvious.

But there was no doubt that Cheng Haotai was a little weak-hearted from what Xiao Ye said.

In fact, Cheng Haotai was not just weak in heart, he was really a bit scared.

When he said something harsh, he was just being stern.

When Ji Feng and Han Zhong recklessly brought people to the hotel to cause trouble, Cheng Haotai did not expect them to be so arrogant, but after all, he did have a thought that flashed through his mind.

It was because of this kind of mental preparation that Cheng Haotai was not too surprised by Ji Feng and Han Zhong's behaviour in coming to cause trouble.

If that was all, it would have been fine, but what was really out of Cheng Haotai's expectation was actually the attitude of Ji Feng and Han Zhong.

Not only were they arrogant, but their attitude was also incredibly tough and resolute!

Especially when Cheng Haotai listened to Liu Jing's account of the whole incident, his heart was even more beaten up.

Ji Feng and the two of them came to the hotel and were actually that arrogant and unscrupulous, they only used one phone call to scare away the police officers who were on good terms with them, moreover, Cheng Haotai called several police acquaintances in succession, but the result was that, either they didn't answer their phone calls or, when they did, they were stammering.

This is the only way to see how much energy Ji Feng has in Jiangzhou. This son of a bitch, relying on the fact that he is the nephew of the secretary of the municipal party committee, actually bullying people with his power, pressuring the chiefs of those divisions not to come out and speak.

Wasn't Ji Feng even more reckless?

He even blatantly beat himself up with Han Zhong in this hotel and no one dared to ask about it, so what if he really pissed off Ji Feng and Han Zhong, and once they went crazy and got hot-headed, they directly sent someone to do away with him?

This is what Cheng Haotai is really afraid of.

As the saying goes, those who are horizontal are afraid of those who are ruthless, and those who are ruthless are afraid of those who are desperate.

This is the first time I've ever seen a man who doesn't know how high the sky is and how arrogant he is.

Thinking about the cold look in Ji Feng's eyes when he left, and the words he dropped, "This is not over, Cheng Haotai, you'll have to fend for yourself!"

Cheng Haotai then felt that the back of his neck was a little chilly.

Originally, if Ono had allowed himself to use the super warriors, with the protection of those powerful warriors, Cheng Haotai would not have been afraid, but the problem was that Ono actually did not allow the use of those super warriors ..... Cheng Haotai was really a bit scared in his heart.

Although he still acts calm on the surface, and even hates Ji Feng and Han Zhong very much, but his heart, is a bit timid.

I don't know, the more Cheng Haotai hated Ji Feng, the more timid he actually became in his heart.

I am afraid that Ji Feng would not have thought that his impromptu act could actually scare Cheng Haotai, which was an unexpected gain.

"Cheng Jun, what are your next arrangements?" Ono suddenly asked.

"Huh?"

Cheng Haotai was stunned, his thoughts were pulled back, and he immediately said, "I think we should do as Ono-kun said, follow the original plan, and the hotel was smashed, I think this is an opportunity to let the embassy put pressure on the Chinese side to severely punish the murderer, and then I will let the ghost continue with the next step, so that Ji Feng and Han Zhong will have no time to think about other and get tired of dealing with it!"

Who knows, after hearing this, Ono shook his head and said, "That's not good!"

Cheng Haotai asked suspiciously, "Then what Ono-kun means is ....."

"Since those Chinese people dare to come to your place and smash and hit, it means that they already practically suspect you, no, I should say, they are almost sure that that incident must be related to you." Ono said, "Then at this time, it's not just a matter of sending out spooks, you have to take the initiative, to disrupt the other side so that you can determine which set of options to go first!"

"Hmm! I think Ono-kun's idea is a good one!" A man next to him said with a nod. He was much more fluent in Chinese than Ono, and, looking at his appearance and temperament, he should also be a Chinese.

Cheng Haotai then gave this man a traceless glance, a haze flashed in his eyes, and he did not know what was in his mind.

Ono, however, asked, "Cheng Jun, what do you think?"

He nodded his head and said, "Ono-kun's idea is very good, I can attract the other side's attention by being more active, but judging from today's situation, that Han Zhong can be said to hate me to the bone."

I don't wait for Ono to speak, Cheng Haotai continued, "Besides, I am still a Chinese after all, if I move around too much, will it cause disgust from the Chinese government? I don't mind myself, the key is not to ruin our plan!"

As Cheng Haotai spoke, he frowned tightly, looking as if he was secretly thinking.

But in reality, he was somewhat drumming in his heart.

Frankly speaking, it wasn't that Cheng Haotai wasn't willing to assist from the sidelines and take charge of attracting Ji Feng and Han Zhong's attention, but it was really because ..... he was afraid!

This is only a scheme once, it has caused such a fury of Ji Feng and Han Zhong, then if it is blatantly against Ji Feng and them again, will they directly find someone to do away with him in a fit of anger?

It was no problem to deal with Ji Feng and the Tengfei Group, of course, and Cheng Haotai already hated Ji Feng and Han Zhong to the bone without the need for others to say so. However, while dealing with them, he could not put himself in danger as well.

Although Cheng Haotai wanted to become a Boundary Tent, he did not want to learn the so-called bushido spirit of the Boundary Tent, where he would cut his own throat once he was no match for his enemy?

"Cheng-kun, you're not afraid, are you?" Ono asked, frowning.

"How could I be!" Cheng Haotai immediately gritted his teeth and said, "I can't wait to tear Ji Feng and Han Zhong apart alive, so how could I possibly be afraid?"

"Then there's no need to say anything, just do as I say!" With a wave of his hand, Ono interrupted Cheng Haotai's argument.

“This ..... is fine!”

Cheng Haotai nodded very helplessly and said, “Since Ono-kun has already made up his mind, I naturally have no opinion, but I still have to remind you all to think carefully about my proposal.”

Ono nodded and said, “Don’t worry, we’ll think about it! Well, it’s time for us to leave, and what happens next must go according to plan.”

“Okay!”

Cheng Haotai nodded his head.

Ono then turned around and headed out the door, the two men next to him followed him out the door.

“Snap!”

When one of them passed by Cheng Haotai, he tapped him on the shoulder, “Old Cheng, actually there’s not exactly anything to be afraid of, you’re also our friend, how could Ono-kun let you get hurt? Ji Feng is even more arrogant, he also has to take into account the impact, so he definitely won’t dare to blatantly lay hands on you, if we say secretly ..... you can hire a few more bodyguards well, in addition, I believe that at the critical time, Ono-kun will use those super warriors to help you!”

At this time, another person also said, “Yes, old Cheng, do not worry, Ono-kun will certainly not treat you badly, what’s more, if you can’t handle it alone, there are still us behind you, isn’t there? Don’t worry!”

Cheng Haotai nodded and said sincerely, “Thank you both for your kindness, I’ll take it down.”

The two of them laughed, and then walked out quickly.

Cheng Haotai looked at their backs, the corners of his eyes jumped a few times, but his face was not so nice.

“Humph! Pretty words can be said by anyone!” Cheng Haotai couldn’t help but coldly snort, he looked back at the smashed room again, his face couldn’t help but look even darker, “Ji Feng, Han Zhong ..... you all deserve to die!”

Chapter 1626

“Ono-kun, it seems to me that Cheng Haotai is a bit scared!”

The three Ono’s walked out of the Ho Tai Hotel, and then they quickly left in their car. Although they could be sure that if some people had the intention to investigate, they could definitely find out about their small circle.

Even if the Chinese side knew about it, as long as they did not go too far, they would not ask questions because of various scruples.

However, if they dare to make waves blatantly, that would be tantamount to disregarding the Jiangzhou government, or even the official Chinese government, and this would certainly provoke the anger of some people.

We are all smart people, we will definitely not do such a stupid thing.

So as soon as the three Ono left the Hao Tai Hotel, they got into a business car and left quickly.

In the car, a man said, "Ono-kun, what if Cheng Haotai doesn't follow the plan? You saw how he behaved just now, although he talks a good game, in reality he is obviously already a bit timid in his heart, this can't go on like this."

"Yes Ono-kun, I am also a Chinese, so I know more about the situation in China."

Another man followed, "The government in China is extremely powerful and their officials hold strong power in their hands, something that no foreign official can match. The people of China are very fearful of officials, even the rich and powerful in general. There is a saying in China that the people do not fight against the rich and the rich do not fight against the officials!"

"Yes, Cheng Haotai must have fear in his heart too, in case something goes wrong with him there ....."

"What you guys said, there is some truth to it."

Ono nodded thoughtfully and said, "But it doesn't matter, all these issues have been taken into account when making the plan, I will have arrangements!"

The two men next to him nodded at the same time and said, "If Ono-kun has taken it into consideration, then naturally it's perfect."

The two of them then looked at each other without a trace.

But little did they know that their little gesture had already caught Ono's eye, causing the corner of his mouth to tug up in an imperceptible curve.

The same imperceptible smile flashed in Ono's eyes, but the smile was full of mockery and, in addition, a touch of smugness and ..... arrogance.

Although the smile in Ono's eyes was just a flash, a brief moment, the look was on full display.

"Stupid Chinese people!" Ono laughed coldly in his heart.

This was the truest thought in Ono's mind at this moment. In his opinion, the stupidity of the Chinese people was also displayed to the fullest by Cheng Haotai and these two people around him.

In Ono's eyes, this small circle of people was just a tool to use Chinese people against Chinese people.

How could these Chinese be worthy of being friends with the noble people of the Boundary Tent?

What is ridiculous is that in order to gain the approval of the Kaitou people, these Chinese not only bow down and listen to them, but also attack each other for favour.

These two are the best example of this, as they have joined hands to attack Cheng Haotai in front of him in order to be reappointed and to gain more benefits!

However, this is good, just by mastering the balance between them, one can firmly control them and make them serve the Boundary Tent to the best of their ability, which is a waste of time!

To Ono, these Boundary Tent people are waste. And it was infuriating to Ono that the Chinese, who in his eyes were far inferior to the Boundary Tent, had mastered very advanced technology.

The Chinese did not deserve such technology, so Ono had to take it over. This is what everyone in the group is thinking, and the organisation is likewise saying the same thing.

“Tengfei Group, it must belong to the Empire!” Ono said secretly in his heart.

.....

At this time, Ji Feng did not yet know everything that was happening in the Hao Tai Hotel, and likewise did not know that that small circle of Cheng Hao Tai would be so dirty.

He took the white spider with him and arrived at a neighborhood.

It was a very ordinary neighbourhood, the kind of old town that had been transformed, and the vast majority of people living in the neighbourhood were local farmers, so it was very noisy, and there were stalls selling snacks everywhere at the entrance of the neighbourhood, which looked disorganised.

It was easy to hide someone in such a place, and it was indeed a good place to hide.

Qin Feiyu lived here.

Since he had submitted to Ji Feng, Qin Feiyu had followed Ji Feng’s orders and found such a place to live on his own, and then gave the address to the white spider.

At this moment, Ji Feng then arrived at Qin Feiyu’s residence.

“Sir!”

When he saw Ji Feng arrive, Qin Feiyu hurriedly greeted him, perhaps because he was not familiar with Ji Feng, or because he had not yet found a suitable way to get along with Ji Feng, Qin Feiyu acted a little uncomfortable.

Ji Feng looked around for a while, nodded his head and said, “Hmm! It’s a bit chaotic here, but the slow pace of life makes it a good place to live. How’s it going, are you still used to staying here this time?”

Qin Feiyu nodded, “It’s fine, I can live anywhere.”

Ji Feng nodded and smiled, “That’s true.”

As a professional assassin, during the course of a mission, one would definitely encounter different situations, and White Spider had once said that once she had lived in a slum for more than two months in order to complete an assassination, until she finally completed the mission, and she almost didn’t quite fit in after she left the slum.

And this neighbourhood was obviously not a slum, it was just a bit more chaotic and Qin Feiyu could naturally adapt to it.

Seeing that Qin Feiyu didn’t have much to say, Ji Feng stopped exchanging pleasantries with him and instead said directly, “I’ve come to see you today because I need your help with something.”

Qin Feiyu immediately said, “Please speak, sir.”

Ji Feng was not in a hurry to talk about the matter, but asked, "Assassination should not be difficult for you, then, what about stalking?"

Qin Feiyu thought for a moment before saying, "Ordinary stalking is definitely not a problem, because when carrying out missions in the past, investigating the habits of the target first was also a must."

"Mm!"

Ji Feng nodded and said, "This time the tracking shouldn't be too difficult, it's just for you to keep an eye on a certain target and then see what kind of people he has contact with, if possible, it's best to know what he usually says and does ..... Of course, it's a bit difficult, just do your best. "

Qin Feiyu immediately said, "I will do my best!"

Ji Feng nodded in satisfaction and added: "Tracking will definitely require some equipment, and a car, I will have all of these sent to you, in addition, some relevant information about the target will also be sent along with the equipment, it will probably only take a day or two, so you should prepare first."

Qin Feiyu said, "I have nothing to prepare, anytime."

"That's good!" Ji Feng nodded his head.

The room then fell into a cold state.

Ji Feng shook his head helplessly and smiled, casually handing over a cigarette, "Have one?"

Qin Feiyu, however, shook his head and said, "I don't smoke."

Ji Feng whirled around and nodded and smiled, "I forgot that your profession dictates that you can't smoke."

As a killer, any small habits could be a breach, and once they were detected, the consequence would be death, although Ji Feng had never been a killer, he had been trained as a super agent, and White Spider had talked to him about some things in the killer world, including many of the habits of killers and other aspects.

"I... I'll pour you guys some water!" Only then did Qin Feiyu suddenly remember that he hadn't entertained Ji Feng and Bai Spider yet.

"Forget it, we'll just sit down and leave too." Ji Feng waved his hand and stood up, "You should take a good rest first, once the mission starts, you might be tired."

"Yes!"

Qin Feiyu nodded his head.

Ji Feng then shook his head helplessly in his heart once again, how could his communication with Qin Feiyu be so stiff?

But it couldn't be helped, right now Qin Feiyu was a bit uncomfortable staying by his side, while he, on the other hand, couldn't fully trust Qin Feiyu yet, after all, Ji Feng couldn't joke about the safety of his sidekick.

It seems that they still need a long time to bond with each other.

Ji Feng felt that between him and Qin Feiyu, it might be like with the white spider, from the initial resistance and distrust, to later on there was also a misunderstanding, and one could even say a fierce conflict, where Ji Feng almost drove the white spider away ..... until the end, when they got along harmoniously.

The encounter between Qin Feiyu and Ji Feng is obviously more convoluted than what happened to the white spider, and I'm afraid it will take longer to get along in the end.

Of course, there is also the possibility that between Ji Feng and Qin Feiyu, they end up going their separate ways, or even having a very serious conflict .....

Now Ji Feng can't say, he can only take one step and see what happens.

After that, Ji Feng and the white spider left, there was no point in them staying any longer, Qin Feiyu was uncomfortable and Ji Feng didn't feel too comfortable, so it was better to leave earlier and give Qin Feiyu some space as well.

On the way back, Ji Feng didn't say much.

He had been waiting for a long time before he suddenly asked, "White Spider, what do you think of Qin Feiyu as a person?"

"Hmm?"

Bai Spider was slightly stunned, "Young Ji, which aspect are you referring to?"

Ji Feng said, "All aspects, how about this, just tell us what you think of Qin Feiyu, what kind of impression he left you with?"

"This person Qin Feiyu ....."

White spider's beautiful eyebrows could not help but frown, she mused, "He is very strong, although his body does not look strong, but I feel that if I fought him before I practiced bodybuilding, I'm afraid that I would have a big chance of losing!"

Ji Feng nodded: "What else?"

"And ....." White Spider then had to think carefully, obviously, Ji Feng asked this, I'm afraid that he wanted to consider what to do to Qin Feiyu in the future, if he said something nonsensical, I'm afraid it would have very serious consequences.

Chapter 1627

"White Spider, you don't have to worry about anything, feel free to speak boldly."

Seeing Bai Spider's hesitation, Ji Feng couldn't help but laugh.

Bai Spider's pretty face reddened slightly, and when she saw the smile on Ji Feng's face from the rear view mirror, she became a little embarrassed.

“Actually, I don’t know much about Qin Feiyu, I’ve only heard of his name before, but I’ve never dealt with this person!” White Spider thought about it and still said all her thoughts, “However, now that I look at it, Qin Feiyu is very powerful, and it would definitely be best if he could genuinely help you.”

“Mm!” Ji Feng nodded his head.

“However, I see that Qin Feiyu seems to be a very introverted person, and seems to be somewhat not very good at dealing with people, so .....” White Spider hesitated for a moment before saying, “I don’t know how to say it better, anyway, I think that the more such of people, once they get serious, they are rather more reliable than those who are smooth!”

Ji Feng thought deeply of what Bai Spider said, he nodded his head and said, “You are right, smooth people, may not be credible.”

The more people who are somewhat straightforward and wooden in character, the more they will move to persevere once they have made a certain decision in their hearts, and they will not even waver until they die.

Although such a person can be described as a single-minded person, or to be more difficult to hear, called a deadhead, but in reality, the truly credible is really such a person.

As for whether Qin Feiyu is such a person or not .....

The actual fact is that you can’t be sure that you’re going to be able to get a good deal on a lot of these things.

The actual fact is that you can find a lot of people who have a lot more heart than a beehive, if not, he wouldn’t have gritted his teeth and carried it for Yan Hong.

Even at the end, Qin Feiyu already knew that Yan Hong was actually using him deliberately, but he still pleaded for Yan Hong and was even willing to give his own life in exchange for Yan Hong’s life. Although this had the element of Qin Feiyu’s infatuation in it, it could also show from the side that in fact Qin Feiyu, as a person, was persistent.

If a person’s heart is uncertain, naturally he will not be infatuated.

So from this point of view alone, Qin Feiyu is indeed trustworthy if he sincerely returns to the fold.

This is also the reason why Ji Feng agreed to Qin Feiyu’s request.

However, now Ji Feng could not be sure if Qin Feiyu really had the intention to submit, or if he had other plans in mind, all of which could not be confirmed yet and had to be verified with enough time.

“I just hope that Qin Feiyu won’t let me down!” Ji Feng said in his heart, it is not difficult to find someone with good hands, but what is difficult is to find someone who has both experience and enough strength, and Qin Feiyu is obviously such a person, if he has other plans in his heart, then Ji Feng would really regret it.

.....

When Ji Feng returned home, it was just about lunchtime, and Tong Lei had already made the meal at home and was waiting for Ji Feng to return.

“Lei Lei, do we need to find a domestic helper?” Ji Feng asked as he helped Tong Lei carry the plates.

“What’s wrong?” Tong Lei asked.

“Nothing, I just think that there are too many people in the house, but it’s just you and Yu Xuan cooking every day, isn’t that too tiring?” Ji Feng said, “I look at it this way, let’s hire a domestic helper, the salary can be paid higher .....

“Or not, if we hire someone, we won’t have the atmosphere of life at home!” Tong Lei said, “It always feels weird to have a sudden outsider in the house.”

“Bullshit!”

Ji Feng laughed, “It’s not like we’re asking her to live at home all the time, just to come and cook a meal when the meal is on the table, the salary is double the market rate, or a bit higher, it’s good for her or for us, don’t you think?”

Ji Feng knew that Tong Lei didn’t like dealing with strangers, so when a stranger suddenly came to the house, she would definitely be a bit less comfortable and might be all over the place.

So from the very beginning, Ji Feng had no intention of hiring a full-time nanny.

He just looked at Tong Lei and Xiao Yuxuan cooking every day, so he wanted to hire a domestic helper similar to a part-time worker in general.

“Well ..... that’s good!” After thinking about it, Tong Lei nodded her head and agreed, “Those domestic helpers are not too well off, I think, it’s better to set the salary a bit higher.”

“No problem!”

Ji Feng smiled and nodded, “You take the idea on this matter, after the treatment and stuff is set, I’ll go to the market and hire someone.”

Tong Lei pursed her lips and laughed: “I can’t set it, I don’t know what salary standard is in the market now, it’s better to wait until Sister Yu Xuan comes back.”

“That’s good!” Ji Feng smiled and nodded his head.

“Mm!” Tong Lei then smiled sweetly.

“Let’s eat.” Ji Feng smiled, while greeting White Spider and Han Zhen to come over for dinner, and he was happy that Tong Lei agreed.

Ji Feng felt that no matter how hard a man worked outside, or how hard he worked, that was what he should do, and wasn’t the purpose of it, to be able to make life better and easier for his family?

Nowadays, I don’t know how many girls don’t even know which way the kitchen door opens all day, let alone cook, but Lei Lei and Yu Xuan still cook whenever they are at home, which is normal, but Ji Feng doesn’t want to see them work hard, he just wants to do his best to make their lives easier.

It had nothing to do with how much money there was!

“Right, Ji Feng, there are three days left before the exams, have you studied for them all?” Tong Lei asked casually.

“Almost done!” Ji Feng said vaguely, “Passing it should be no problem.”

“You have to read your books properly, if you really fail the exams, you won’t be able to give an account oh.” Tong Lei pursed her lips and laughed lightly, “I think first of all, auntie won’t be able to spare you.”

She was often on the phone with Xiao Su Mei, who often told her to urge him to study hard and not to run around all day, not being a student.

Now if Ji Feng failed a course, he would not be able to explain to his mother Xiao Sumei.

Sweat!

Ji Feng couldn’t help but smile bitterly, “Lei Lei, that’s not what you’re going to say, is it?”

Tong Lei’s pretty face suddenly reddened slightly, her big beautiful eyes whitened at him and she stopped talking.

Those words just now were indeed what Xiao Sumei had explained to her.

Ji Feng heatedly smiled, this girl, she even learned to snitch?

But this is also good, Tong Lei often contact with her mother Xiao Su Mei, can also cultivate feelings in advance, when the future together is also easy.

This is a good sign!

After eating, Ji Feng, at the urging of Tong Lei, had to pick up a book and leaned back on the sofa to read it. Tong Lei was sitting on a single sofa not far away, also reading a book and, at the same time, spying on Ji Feng.

Ji Feng was also happy to enjoy this kind of time, but also leisurely read on.

However, this relaxing time did not last long, around 3:30 pm, he suddenly received a call from Han Zhong.

“Ji Feng, the police are here to investigate what happened at the Hao Tai Hotel in the morning, do you want to come and take a look?” Han Zhong asked.

“Where is it?” Ji Feng asked.

“I’m on my way to the city bureau right now, I’ll be there in about half an hour or so, if you come, we can meet up at the city bureau instead.” Han Zhong said, and he added, “I heard that Cheng Haotai has also arrived at the police station.”

Ji Feng thought about it and said, “I’ll go over there!”

Putting down the phone, Ji Feng looked at Tong Lei, but the latter shook her head helplessly and got up to get him a coat, “Go if you have something to do, and be safe.”

Ji Feng bent down fiercely and gave her a kiss on her bare forehead, "I'll be back when I'm done."

"White Spider, I'll trouble you." Tong Lei turned her head and said to White Spider.

"Don't worry." White Spider said in a panic. In this family, White Spider had the most respect for Tong Lei.

"Let's go!" Ji Feng laughed.

.....

Jiangzhou City Bureau, Ji Feng arrived with Bai Spider.

He gave Han Zhong a call, and after that, led by a police officer, he arrived at a small conference room in the city bureau.

When Ji Feng entered, he found that Han Zhong was already here. Apart from Han Zhong, there were three other policemen in this conference room, two of whom were sitting at the table talking about something, while the other was holding a notebook next to him, seemingly taking notes.

In addition, there were two other people, but the owner of Hao Tai Hotel, Cheng Hao Tai, and the front desk manager.

The two policemen who were talking were unknown to Ji Feng, but the other seemed to know him.

As soon as he saw Ji Feng and White Spider enter, one of the middle-aged policemen said, "Here you are, come and sit down, we are talking about you!"

Ji Feng nodded slightly and sat down next to Han Zhong with Bai Spider, asking in a low voice, "How is it?"

Han Zhong lowered his voice and said, "It just started, the police are listening to both sides' arguments, it looks like they are preparing to mediate."

Ji Feng nodded, this was normal, usually when it came to foreign-related incidents like this, or when both sides in conflict had certain identities, the police would first choose to mediate in private.

This is how things are in China, a human society that relies on relationships.

And when both sides are very powerful, it would be a fool's errand to try to ensure true fairness and justice once the judicial process is actually followed.

At this time, the police will be in a dilemma. They can only try to mediate between the two sides without offending anyone, otherwise, once the police have dealt with the matter, everyone will feel that they have lost out, and by then the police will only be in the middle of a sandwich, not pleasing both sides.

This is especially true when it comes to foreign-related incidents.

Of course, if there is a clash between ordinary people and foreigners, the police will definitely deal with the ordinary people on their side, there is no way out, in the eyes of many people, foreigners are the masters!

But today the police would never dare to do that, so they can only try to mediate.

“But .....

Han Zhong skimmed his lips and said in a low voice, “Cheng Haotai and that woman’s attitude was very tough and their words were arrogant, they looked at me as if they wanted to eat me!”

Chapter 1628

“But .....

Han Zhong skimmed his mouth and said in a low voice, “Cheng Haotai and that woman’s attitude was very tough and their words were arrogant, the way they looked at me, they couldn’t wait to eat me up!”

Ji Feng smiled faintly when he heard that.

This kind of reaction from Cheng Haotai was normal, if he could still smile after the hotel was smashed and he himself was kicked by Han Zhong a few times, that would be really strange.

Cheng Haotai’s tough attitude and arrogant words showed that he was still very angry in his heart, thinking that he had suffered a loss and wanted to take revenge.

Since this is the case, it would be perfect.

Ji Feng also wanted to retaliate, the matter of Cheng Haotai and others scheming Han Zhong would not be settled so easily. The fact that Cheng Haotai was almost wearing the same trousers as the Canopy people and was willingly acting as the Canopy people’s lapdog, based on this alone, Ji Feng would not give up with him.

What’s more, Cheng Haotai was still dead set on not admitting his mistake even now?

“Is his attitude tough, don’t mind him, deal with him as you should!” Ji Feng said indifferently, at the same time, his gaze swept over the faces of the two Cheng Haotai’s across the conference table, only to find that the two Cheng Haotai’s also happened to look this way, the corners of Ji Feng’s mouth couldn’t help but pull up a slight arc, as if in mockery.

“Humph!”

Cheng Haotai’s face instantly turned cold as he gave Ji Feng a grim look, seeing that his cheeks were slightly puffed up, obviously gritting his teeth.

It looked like he hated it so much!

Ji Feng sneered in his heart, his eyes instantly became sharp, staring straight at Cheng Haotai, not giving an inch.

Cheng Haotai let out another cold snort, then moved his gaze away and just turned his head and said, “Chief Hu, the two people who brought people to my hotel to smash it up at that time were these two people across the street, and by the way, that woman was also present!”

Ji Feng then raised his eyebrows, and the smile at the corner of his mouth became even stronger.

Cheng Haotai was a bit scared in his heart!

You could tell from that action of Cheng Haotai just now, it looked like he was going to talk to that Director Hu, so he averted his gaze, but in fact, the moment Cheng Haotai averted his gaze, Ji Feng saw his eyes flicker for a moment.

This meant that Cheng Haotai had some fear in his heart.

A weak heart?

Or was he really afraid?

Ji Feng skimmed his mouth, which is the case, we will know next when we hear what the other party has to say.

At this moment, the police officer in charge reached down and pressed his hand, indicating that Cheng Haotai should not rush to speak first, he looked at Ji Feng and said, "Ji Feng, let me introduce myself first, my surname is Hu, I am the deputy director of Jiangzhou Municipal Bureau, and also the person in charge of the smashing case of Haotai Hotel."

Ji Feng nodded slightly, "Chief Hu, how are you?"

Chief Hu waved his hand and said, "Let's not talk too much, the main reason for calling you here today is that the city bureau received a report from Mr. Cheng, the general situation, just now I have also briefed both sides, if you have anything unclear, you can ask questions now."

Ji Feng smiled faintly: "I was involved in this matter from beginning to end, I am clear about the process, I just have one question, what did Cheng Haotai say?"

Before Chief Hu could open his mouth to explain, that Cheng Haotai said in a cold voice: "Ji Feng, you and Han Zhong brought people to my hotel and beat them up and smashed the hotel, you have broken the law ..... and that woman ....."

Ji Feng's face sank as he interrupted Cheng Haotai with a cold shout, "Cheng Haotai, if you use your hand to point at others again, I guarantee you that this hand won't stay on your arm for long!"

"You ....."

Cheng Haotai was instantly furious, he fiercely turned his head to look at Chief Hu and said indignantly, "Chief Hu, you see, this is in the police station, he even dared to be so arrogant and so reckless, you can imagine how wild he has to be if he leaves the sight of your police, his behavior, it's simply lawless!"

Chief Hu also frowned slightly and said, "Ji Feng, the main reason for calling you here today is to mediate on the conflict between you, so I hope you will pay some attention to your attitude, and I also hope that both of you will exercise restraint."

Ji Feng nodded indifferently, sat up straight and said indifferently, "Chief Hu, frankly speaking, there is actually nothing to mediate in this matter, you can deal with it however you want, I don't have any opinion."

Han Zhong immediately followed and said, "I don't have any opinion either."

“Chief Hu, now you know how arrogant they are, I think there is no need for this mediation to go on, please follow the normal procedure to accept my report!” Cheng Haotai said with a gloomy face.

“You really want to go through the legal procedure?” Chief Hu asked with a frown.

“That’s right! We must go through the legal procedure!” Cheng Haotai said firmly, “Director Hu, now I have the CCTV footage from the hotel in my hands, and quite a few guests can testify, they also saw the whole thing, their crime is already clear as day, I think, there is no need to mediate any further.”

“Heh! I’ve finally met the shameless today!” Han Zhong sneered.

“Mr. Han, please watch your words!” Director Hu reminded.

“I’m just telling the truth.” Han Zhong stretched his hands and said, “Some people are, indeed, shameless. Yes, I did lead people to smash the Hao Tai Hotel, and on top of that, I kicked this son of a bitch a few times, but he deserved it! The fact that I didn’t kill him on the spot is already considered a blessing for him!”

“Han Zhong!”

Chief Hu frowned and shouted, signalling that he should pay attention to what he said.

“Chief Hu, with these abusive words he said, I should be able to sue him, right?” Cheng Haotai, however, was tit for tat and asked in a cold voice.

“Sue your mother!”

Han Zhong instantly lost his temper, and he slapped his hand on the table with a bang: “Cheng Haotai, how dare you say that you didn’t play a part in the calculation of me? Motherfucker, now you’ve come here to pretend, pretend to be your mother!”

Director Hu let out a low bellow, “Mr. Han, that’s too much!”

“I’m just pissed off!”

Han Zhong snorted coldly, grimacing, and said, “Chief Hu, since you’re here today, that’s just right, I want to report the case, the mastermind of this case is Cheng Haotai.”

Chief Hu was stunned, “Report a case?”

Wasn’t it Han Zhong and Ji Feng who led people to beat up Cheng Haotai and smashed his hotel, how come now Han Zhong also wants to report the case, and how come the mastermind became Cheng Haotai again?

Director Hu asked in confusion, “Mr. Han, what kind of case are you reporting?”

Han Zhong said, “This matter is a bit complicated if we talk about it in detail, in simple terms, someone made a bureau and set me up, and the person who set me up is this Cheng Haotai, I also received a blackmail text message .....

Director Hu immediately asked, “There is such a thing?”

“Chief Hu, he’s slandering!” Cheng Haotai immediately shouted, “I’ve never known any bureau, much less counted on him, he’s just trying to get away with it, so he’s slandering people indiscriminately .....

“Shut up!”

A cold shout suddenly rang out, the voice was incomparably cold, instantly making Cheng Haotai’s voice come to a screeching halt, but soon, Cheng Haotai reacted, he was actually startled by a cold shout from the other side, he immediately felt that he had lost face, so he angrily looked at the owner of the voice – Ji Feng.

Ji Feng’s ice-cold gaze swept by as if two stabbing knives, making Cheng Haotai not dare to meet his eyes at all.

“Chirping, it all sounds annoying!”

Ji Feng coldly said in a deep voice: “Cheng Haotai, you don’t need to shout here, we all know what’s going on, my people smashed your hotel, Han Zhong kicked you, it’s no big deal, smashing your hotel, at most, it’s just to pay some money, Han Zhong kicked you, at most, it’s just a few days of detention, other than that what else can you do to us? What’s there to shout about?”

“Hmph!”

Cheng Haotai didn’t seem to bother arguing with Ji Feng, so he simply held his arms and turned his head to look in another direction, ignoring Ji Feng at all.

Ji Feng didn’t care what attitude Cheng Haotai had either, he just said coldly, “However, what you owe us won’t be so easy to settle.”

Cheng Haotai said angrily, “Ji Feng, you don’t have to talk nonsense here, what do I owe you?!”

“Yoo-hoo!”

Ji Feng snickered, “You know me now? And calling me so skillfully, you haven’t investigated my information much, have you?”

Cheng Haotai’s face snapped black: “I’m too lazy to talk to you!”

“It doesn’t matter if you’re too lazy to say anything, I’d like to say a few words to you instead!”

Ji Feng laughed mockingly, “Cheng Haotai, what you owe us, I know it clearly in my heart, you know it even better in your heart, now I tell you unmistakably, I will make you pay back ten times a hundred times, including your boundary tent master! Don’t say I’m threatening you, I said so at the police station, even in front of your master of the canopy!”

Boom!

Cheng Haotai was furious and snapped to his feet, “Ji Feng, have you been arrogant enough?”

Ji Feng coldly glared at him, “You just have to remember my words and wait! I’m not joking with you!”

Then, he turned his head and asked that Director Hu: "Director Hu, I think there is no need to carry on with today's reconciliation, let's deal with it according to normal procedures, as long as it is handled fairly, we will accept any result."

"This ..... is fine!" Director Hu nodded helplessly, smiling bitterly in his heart. The task he had received was supposed to properly resolve this matter, which was ordered down by the main leader of the bureau, after all, the two parties involved in this matter were not simple in their identities.

The nephew of the secretary of the municipal party committee, who dares to take sides with others and bully him!

The same is true of Cheng Haotai, who is said to have ties to the border tent, which is also a problem, and if this is not done properly, it may become a foreign incident.

It's a tough job, but he's only a famous and powerless deputy director of the bureau, so he's the only one who can handle it.

Now looking at the attitude of both sides, Director Hu really had no way to mediate on, he could only first sort out the ideas of both sides and report to the top.

"Mr. Cheng, you see ....."

Ji Feng's attitude was already clear, and Director Hu had to consult Cheng Haotai's opinion.

Cheng Haotai of course was also tough as hell: "Go through the formal procedure! I don't believe it, there is no place for reasoning in this China? Does the nephew of the municipal party secretary really mean that other people can only swallow their grievances when they are bullied? I, Cheng Haotai, don't believe this!"

Swish!

When Ji Feng heard these words, a cold light flashed in his eyes .....

Chapter 1629

Of course, Cheng Haotai was also very tough: "Go through the formal procedure! I don't believe it, there's no place for reasoning in this China? Does the nephew of the municipal party secretary really mean that other people can only put up with it when they are bullied? I, Cheng Haotai, don't believe this!"

Swish!

When Ji Feng heard these words, a cold light flashed in his eyes, and his face turned steeply gloomy: "Cheng Haotai, I advise you not to play with fire!"

Cheng Haotai, however, raised his chin and acted as if he was very determined.

Ji Feng's expression then grew gloomier and gloomier.

Cheng Haotai's words were certainly not something he came up with alone, perhaps at first glance it sounded like righteous indignation, as if he was being bullied by the official's son, while the official was

protecting the official, and no one dared to do it for him, making him feel very aggrieved and even reckless in order to get justice.

But in fact, Ji Feng was keenly aware that Cheng Haotai's words had a deeper meaning.

Imagine, if Cheng Haotai's words got out, what would outsiders think?

The nephew of the secretary of the municipal party committee is out there acting recklessly and beating people up, and even smashing people's hotels with impunity, but the officials don't dare to deal with it, and even forced Cheng Haotai to go to the wall .....

If it is said that there is no nod from Ji Zhen Guo, I am afraid no one will believe it.

If even he was bullied by the nephew of the secretary of the municipal party committee to the point where he had no way out or even a place to stand, then what should other ordinary people be bullied into?

Cheng Haotai's words were aimed directly at the Municipal Party Secretary, Ji Zhenguo!

His heart is punishable!

When Chief Hu next to him heard these words, he also got a chill down his back and a cold chill down his neck.

Although he was only a deputy director, his sensitivity was not bad at all, so what Cheng Haotai's words meant, Director Hu also understood, this was obviously an accusation that Ji Zhenguo was using his power to oppress others, moreover, it was a blatant accusation.

If this word gets out, or if Cheng Haotai goes around outside saying that he is being forced by Ji Zhenguo with power and is very aggrieved, then this has an extremely bad impact on Ji Zhenguo's reputation.

The company's reputation is very bad.

The more you go up, the more scarce the position is, and the more intense the competition is, so God knows how many competitors Ji Zhenguo has up there. The more you go up the ladder, the rarer the position.

The police have already accepted your case, and it has already started to enter the procedure, let's talk about the matter, Secretary Ji has personally made instructions to handle this matter impartially, we police will also not have any favoritism, please trust us, at the same time, please be careful with your words!"

In his heart, Chief Hu was also very dissatisfied with Cheng Haotai's words and actions now.

In all conscience, he thought that he had never been so impartial, but this time was the most impartial, but Cheng Haotai still said such things, which was an insult to him.

At the same time, if his mediation makes Cheng Haotai feel aggrieved and spreads the word outside, so that Ji Zhenguo's reputation is tarnished, then whether he is Secretary Hu's incompetence or not, I am afraid that the leaders of the bureau will hold him responsible.

The police have been treating Cheng Haotai unfairly in the police station, so that he is angry to confront a big official.

The police have become a lapdog who acts as an accomplice to the tiger!

Therefore, he was very dissatisfied with Cheng Haotai's way of speaking without any control over his mouth.

"Humph!"

Cheng Haotai snorted coldly, but stopped speaking.

No matter what, this was the police station after all, and no matter how rampant Cheng Haotai was, he would not clash with Chief Hu here, which was very unwise.

"Heh!"

Ji Feng, however, grinned and said indifferently, "Cheng Haotai, it seems that you, the dog's lapdog of the boundary tent people, are really having a good time, very good!"

Cheng Haotai's face instantly sank, "Ji Feng, if you want to have a war of words, that's perfectly fine, I can let all the people of Jiangzhou know overnight that you, the nephew of the municipal party secretary, are bullying others, how do you feel about that?"

Sure enough!

This Cheng Haotai's words just now were really directed at the second uncle, Ji Feng immediately understood. Cheng Haotai had pointed out the nephew of the municipal party secretary in every sentence, so the meaning was already very clear.

No wonder this Cheng Haotai was willing to come to the mediation conducted by the police after he was beaten up, but his attitude was so tough after he came.

It seems that I am afraid that telling himself this is the real purpose of Cheng Haotai coming here.

What nerve!

Ji Feng's heart couldn't help but sneer, this Cheng Haotai really seems to be determined to do it, very good!

"That's it!" Ji Feng nodded noncommittally, then he turned around with the white spider to leave the police station's conference room.

"Stop!"

However, a cold cry suddenly came from behind.

Ji Feng frowned and slowly turned around, looked at Cheng Haotai and asked indifferently, "Is there anything else?"

Cheng Haotai said with a gloomy face, "Ji Feng, it seems that you are a person with a not too good memory, I told you before that things between us are not finished!"

“Finish your mother!”

Han Zhong cursed angrily, “Even if you want to finish, you still have to ask me if I agree!”

Cheng Haotai said in a cold voice, “Han Zhong, and you too, don’t see you jumping around happily now, there will be a time for you to cry!”

Ho!

Ji Feng laughed and asked, “Oh? Then how do you want to play next?”

Cheng Haotai coldly snorted and slightly raised his chin: “Want to settle this matter, it’s very simple, the smashed hotel, you have to pay me compensation and pay to repair the hotel like new, you beat me ..... this we will talk about separately. On top of that, there is .....”

“Don’t dream about it!” Ji Feng said indifferently, interrupting Cheng Haotai’s words.

“You don’t agree? It seems that you still want to continue the contest!” Cheng Haotai looked at Ji Feng with a gloomy face and said in a cold voice.

“A contest? Don’t be silly!” Ji Feng smiled faintly as he added another sentence in his mind – it’s no longer a matter of a contest!

The fact that Cheng Haotai wanted to point the finger at Second Uncle completely angered Ji Feng.

Especially, Cheng Haotai now clearly wanted to take this opportunity to make a complete mess of things and threaten himself with it.

“It seems that I have to let everyone know what kind of bullying I have encountered!” Cheng Haotai stared at Ji Feng and sneered, “The people of China are getting more and more frustrated with the government now, and I think they are very interested in such things!”

Ji Feng’s eyes narrowed slightly, this was already a naked threat from Cheng Haotai.

“Heh!”

Ji Feng laughed.

Cheng Haotai frowned and said, “What are you laughing at.”

“Idiot!”

Ji Feng glanced at him and shook his head, so he stopped paying attention to him and just turned his head to Director Hu and said, “Director Hu, please arrange for someone to receive you, Han Zhong and I want to report a case, this case may involve the spies of the boundary tent .....”

When Chief Hu heard this, he immediately showed a shocked expression, “Is this true?”

Ji Feng nodded slightly, and Chief Hu immediately said, “I’ll make the arrangements!”

Then, Chief Hu immediately explained a few words to the police officer next to him, who quickly left, presumably to arrange for police officers to receive Ji Feng and Han Zhong’s report.

“Ji Feng, don’t pretend to be calm, remember, I only give you two days, once the time is up, you will know the consequences!” Cheng Haotai sneered and turned to Chief Hu, “Chief Hu, the mediation has failed now, right? Please enter the formal procedure as soon as possible!”

“The procedure has already been initiated, and our police will definitely handle it impartially!” Chief Hu nodded and said, “However, I ask that you must be careful with your words, if you deliberately say something that tarnishes the image of the police again, we will definitely deal with you according to the law!”

“Let’s get the case done first!” Cheng Haotai said proudly.

“That’s it for the mediation!” Chief Hu then gave him a very deep look before waving his hand and saying.

“Damn it! Just wait and see who the hell cries between the two of us!” Han Zhong cursed, turned around and left.

He couldn’t stay here for a minute longer, and if he continued to stay here, he was afraid that he wouldn’t be able to resist directly smashing that bastard Cheng Haotai to death.

Look at his arrogant look, what a thing!

Ji Feng didn’t even give Cheng Haotai a glance and just walked out of the conference room with the white spider.

Afterwards, Chief Hu arranged for someone to receive Ji Feng and Han Zhong, while on the other side, a police officer sent Cheng Haotai away.

When Ji Feng and Han Zhong saw Cheng Haotai leaving in a car at the window, Han Zhong couldn’t help but curse angrily, “\*\*\*\* thing, I really want to slap him to death!”

Ji Feng laughed, “No need to rush, there’s plenty of opportunities later!”

Han Zhong nodded, he was just saying that he wouldn’t be so impulsive as to directly take action in the police station.

After a moment, Han Zhong suddenly said, “Ji Feng, I think it’s better this way, let me play with this bastard, so you don’t get involved.”

“Why?” Ji Feng asked with a smile.

“I must have my own considerations for saying this.” Han Zhong said.

Han Zhong had his considerations, this matter was obviously no longer suitable for Ji Feng to get involved anymore, because now Cheng Haotai was too unscrupulous and had even pointed the finger directly at Ji Zhenguo, the secretary of the municipal party committee.

But on the contrary, there is nothing that can be done to Cheng Haotai now, at most, he can be beaten up, which will not be of much use. As long as he can still talk and is still conscious, he has the ability to spread the news that Ji Zhenguo is oppressing people with his power, and the media information is so advanced nowadays, it is impossible to stop it.

What's more, this son of a bitch has a realm tent master, if this goes to the international level, then the impact on Ji Zhenguo will definitely be even greater.

So now, they could only let Ji Feng quit, and if there was anything, Han Zhong would be the one to fight it, which was the best option.

"Don't worry!"

Ji Feng understood what Han Zhong was thinking, he smiled, patted Han Zhong's shoulder and said, "You're worried that Cheng Haotai will really go and spread the news right, don't worry, he wouldn't dare."

Chapter 1630

"Why wouldn't he dare?"

Han Zhong asked rhetorically, "How arrogant that son of a bitch Cheng Haotai really is, you've seen it all just now, you've heard what he said, relying on his boundary tent master, he dares to do anything!"

Cheng Haotai was indeed too arrogant, but it was undeniable that he also had the capital to be arrogant.

Firstly, Cheng Haotai's status was not ordinary and he also had a certain social status, this alone was something that one had to think hard about if they wanted to move him.

In addition, he also has the boundary tent people as his master, once he is moved, when the boundary tent people just proclaim it, even Ji Feng can't carry this kind of pressure, and will definitely drag Ji Zhenguo into it.

Therefore, Han Zhong believed that Cheng Haotai dared to do so.

Ji Feng shook his head and smiled, saying, "I don't think he would dare."

"Why?" Han Zhong asked.

"Because he wants to get the technology of the Tengfei Group!" Ji Feng smiled, "You're just focusing on us going to the Hao Tai Hotel to cause trouble, thus forgetting, what the cause of this matter is."

Han Zhong couldn't help but be stunned for a moment, but soon, his brow furrowed and a thoughtful look appeared on his face.

That's right!

Han Zhong thought about the whole thing before and after, and when he combined it with what Ji Feng said, it dawned on him. Ji Feng was right, don't look like Cheng Haotai was more arrogant than anyone else, but in reality, he didn't dare to act recklessly.

Because, from the very beginning, this matter was because Cheng Haotai had planned himself, or there were other people involved in this matter, but it was definitely not unrelated to Cheng Haotai!

And the purpose of their scheming themselves is undoubtedly for the technology of the Tengfei Group, or the 3D TV set, or the special effects current, or ..... Kang Yuan Slim Powder.

Of course, it is less likely that they are scheming for the Kang Yuan slimming powder, after all, although that thing is also very profitable, but now the Teng Fei Group has been operating for such a long time, occupying a huge market share, even if they get the formula of Kang Yuan slimming powder at this time, they can't compete with the Teng Fei Group in a short time.

So what Cheng Haotai and others are most likely to be scheming for is a 3D TV set, or special effects current.

The fact that Cheng Haotai's profile shows that he is not related to these two things, then it can also be deduced that those who really want to get the 3D TV set or the special effect current are, in eight out of ten cases, Cheng Haotai's masters.

As for the next time when he and Ji Feng smashed the Hao Tai Hotel, or when Cheng Hao Tai used this matter to report the case and point the finger at Ji Zhen Guo, in fact, all he did was just bluffing to help his master achieve his goal.

If Cheng Haotai really spread the news that he had encountered injustice at the police station or that Ji Feng was bullying others, then let's not talk about how this matter should be handled, just between Ji Feng and Cheng Haotai alone, they had become mortal enemies, absolutely unending!

Under such circumstances, if Cheng Haotai wanted to help his master to get the technologies of the Tengfei Group, it would be a fool's dream!

Therefore, Cheng Haotai definitely did not dare to do that!

What he was doing now was all bluffing, and its purpose was naturally self-evident, to threaten Ji Feng, to make him bow to Cheng Haotai in order to keep his uncle's reputation intact, even if it was a temporary concession, it was already enough.

At this time, coupled with that threatening text message he received .....

This two-pronged tactic can't be considered too powerful.

If Cheng Haotai offers a very high price or promises conditions that one cannot refuse, it is possible to get the technology of the Tengfei Group!

This is what Cheng Haotai is planning to do, right?

"What a joke!"

Han Zhong couldn't help but sneer and cursed, "This son of a bitch Cheng Haotai really thinks his plan can succeed? He's dreaming, right?"

Ji Feng, however, shook his head and said, "That may not be the case. Han Zhong, think about it, if we hadn't guessed beforehand that his aim was to target the Tengfei Group, and we didn't know how deep the relationship between him and the boundary tent people was ..... do you think his plan would have succeeded?"

Han Zhong was stunned, and after thinking about it, his face couldn't help but look a bit grave: "If that's the case ..... there's a real possibility that he will succeed."

Ji Feng shook his head: "It's not that there's a possibility that he will succeed, but there will be a great possibility."

If we didn't know in advance the relationship between Cheng Haotai and the boundary tent people, as well as Cheng Haotai's purpose of calculating Han Zhong, then what the final result of this matter will be, it's really not very good to say.

But there was one thing Ji Feng was sure of, if it was for the sake of second uncle's reputation, as well as Han Zhong, then Ji Feng might have really backed down.

In that case, Cheng Haotai's plan might really succeed.

"This doggone Cheng Haotai, he's really cunning!" Han Zhong couldn't help but curse angrily, "Those Boundary Cave people, they're even worse, seeing that others have advanced technology, they've moved in and even played such despicable tricks, truly worthy of being Boundary Cave people!"

"Boundary tent people are already shameless, this is well known, it's not something unusual." Ji Feng said indifferently, "Only, the truly hateful ones are the stream of Cheng Haotai. It's because of people like him that they allow those boundary tent people to run roughshod over our land, and even bully our own people into having a hard time, and can only grit their teeth and endure."

If there was no one like Cheng Haotai involved in this matter, just by relying on the Boundary Cave people, they would not dare to be so reckless, and they would have to be sneaky even if they wanted to do something bad, and if they were found out, they would not end up so wonderful.

However, with Cheng Haotai, the people of the boundary tent are simply like fish in water.

For example, today, Cheng Haotai pointed the finger at his second uncle, Ji Zhenguo, because Cheng Haotai himself is a Chinese, and he knows everything about the Chinese system, the way of thinking and habits of the Chinese people, and even the national conditions of China, so he was able to formulate a highly targeted plan for these characteristics of the Chinese people.

So in all these matters, while the Taverners are of course an abomination, Cheng Haotai's people are also accomplices, even more so!

It is understandable that they are scheming against each other because they are not family members, but Cheng Haotai and the others are Chinese, yet they are desperately trying to bite their own people.

However, once these white-eyed wolves helped the boundary tent people turn around and bite the Chinese, they were very precise in their bite and would break people's bones at every turn, very vicious!

"You're right!" Han Zhong nodded his head in deep thought, Ji Feng's analysis was really too right, very often, these Chinese people who were willing to be the dog's lapdogs of the boundary tents were even more hateful than the boundary tents themselves.

Han Zhong couldn't help but think of the Kerry sticks, at the time of the war, the Boundary Cave people only issued them each a wooden stick, but they bullied the Chinese people, much more viciously than even the Boundary Cave people .....

And compare that to the current Cheng Haotai's stream, how similar they are!

Han Zhong couldn't help but curse angrily: "Motherfucker, I feel sick just mentioning them, you say, this Cheng Haotai is not the bastard son of the Kerry people, right? I think he's inherited the white-eyed genes of those sticks."

Ji Feng couldn't help but shake his head and lose his smile, he waved his hand and said, "People like this are found in any era, and their abominations aren't just for a day or two, it's useless for you to just send out dumb hatred here, it's better to think about what to do with them, think about it, if you can torture them to death, wouldn't that be much more enjoyable than gnashing your teeth here?"

Han Zhong raised an eyebrow and asked, "You have a countermeasure?"

"Countermeasures can't be talked about yet, there's only a general direction right now." Ji Feng said, "This time, whether we can beat the pain out of Cheng Haotai and those Boundary Cloaks depends on who is faster, us or the Boundary Cloaks."

"Let's hear it." Han Zhong immediately came to life, to be honest, although he also had enough brains, but that was in business, now in this complicated situation, and with all the forces involved, Han Zhong was really a bit overwhelmed, not knowing what to start with.

"Later, you will first tell the police all the details of your own reckoning, carefully, some details should not be hidden, and your laboratory report, also give them, of course, keep a copy of the bottom yourself, just give them a copy ....." Ji Feng admonished.

"You mean ..... to use the power of the police?" Han Zhong asked.

"Not with the help of, we just want to call the police." Ji Feng said, "What is the police for? It's to protect people's lives and property, but you were subjected to a ruse and were fed a large amount of aphrodisiacs, if you hadn't been taken to the special operations brigade's infirmary in time, I'm afraid the corpse would have started to rot by now."

"..... The corpse is rotting?"

Han Zhong couldn't help but feel a bad chill as he listened, this was too exaggerated ..... Moreover, he wasn't sent to the infirmary in time, but only after two days.

However, he also knew that Ji Feng was saying this to highlight the seriousness of the matter, so he listened on with a stiff upper lip.

"The Tengfei Group has also been coveted by spies of unknown origin, and someone even infiltrated and almost stole our most core technical information, especially the illusory three-dimensional light screen technology, and the special effects current, especially the latter, which is directly for the military, God knows if this is because other countries want to destroy our military from the drugs, so this is why they sent agents The latter is directly for the military.

Ji Feng smiled slightly: "In addition, tell us all we know again, such as how much Cheng Haotai is related to this matter, such as the relationship between him and the boundary tent people, etc. ...."

"Good idea!"

Han Zhong's eyes lit up at once: "Use the most formal way to investigate Cheng Haotai openly and honestly, see what other tricks he can play!"

Ji Feng, however, shook his head and said, "That alone is not enough."

"Oh?" Han Zhong immediately asked, "Then what else are we missing?"
