

Campus Master 1631

Chapter 1631

“Oh?” Han Zhong immediately asked, “Then what are we missing?”

“Short of evidence!” Ji Feng said.

When Han Zhong heard that, he couldn't help but be stunned, but soon his brow furrowed, indeed, as Ji Feng said, they lacked evidence!

Telling the police the whole story in its original form and then taking the lab report could only prove one thing – Han Zhong had indeed been set up by some people, and this certain people, most likely, were Cheng Haotai and his boundary tent master.

But what about the evidence?

A lab report alone could only prove that Han Zhong had indeed been set up, and Han Zhong's words could at best only make the police's eyes fall on Cheng Haotai and the Boundary Tent people, only proving that they were suspects.

But there was no substantial evidence!

Han Zhong's words, at best, were only one side of the story and would not be of much use at all.

“Evidence, indeed, is crucial, without it everything can only be empty talk.” Han Zhong nodded and said, “But it's not easy to get evidence, it's been so long since the incident, Cheng Haotai must have cleaned up all the traces, even if we know that they did it, what can we do?”

Ji Feng laughed, “That's why I said, we must be faster than Cheng Haotai to do so.”

“What do you mean?” Han Zhong was stunned.

“Let's put it this way, you'll be responsible for communicating with the police, as for finding evidence, leave it to me!” Ji Feng smiled and patted his shoulder, “Don't worry, Cheng Haotai can't make any waves, in front of the boundary tent people, he might just be a dog, in front of us, he's likewise not a person!”

Han Zhong nodded and said, “That's the only way to go, hard work.”

Ji Feng smiled, waved his hand, shook his head helplessly and said, “The most hateful thing is that Cheng Haotai is actually in cahoots with the boundary tent people, otherwise, where would we need any evidence .....”

“Squeak~~!”

At the same time, the door of the office was pushed open and a police officer walked in, just in time to hear Ji Feng's words, and immediately couldn't help but fiercely widen her eyes.

What did she hear?

This guy actually dared to talk about how to lay a dark hand on people so casually in the police station?

“Ji Feng, how dare you!” A delicate voice suddenly rang out, “From what you’re saying, you still want to directly assassinate people?”

Han Zhong was startled, he turned around in a panic and said, “This police comrade, you heard wrong, we were talking for fun, we didn’t mean anything else.”

Ji Feng, however, couldn’t help but shake his head and smile, turning around, he saw Li Ruonan, who was wearing a police uniform and holding a folder in her hand, this chick was looking gallant at the moment, and there was a hint of a smile on that strolling face.

“Why is it you?” Ji Feng asked.

“How come it can’t be me!” Li Ruonan gave him a blank look, “You made such a big fuss that the bureau had to put me in charge of your case.”

Ji Feng didn’t look into it, he just shook his head and said, “No, this is very inappropriate, how can your bureau put you in charge?”

In fact, the case itself was not really too complicated, it was just that the boundary tent people wanted to plot the technology of the Tengfei Group, so they used underhanded hooks, what was really complicated was that the two sides involved in this matter, their identities were a bit sensitive.

Li Ruo Nan has never handled such cases before, plus she is not too good-tempered, so there is no guarantee that something will go wrong in the middle.

However, Li Ruonan was not happy, her beautiful eyes glared: “Ji Feng! What do you mean by that, tell me clearly, how come I can’t be in charge!”

Ji Feng laughed: “It’s not that it won’t work, it’s just that you don’t have experience in this area, you don’t know how to handle ..... this way, you can ask your leaders again, let them reassign another person to take charge of this case, if it’s not possible, send someone to assist you, this is always okay, right? ”

This kind of thing is left to Li Ruonan alone, how Ji Feng is a little uneasy.

“You guy .....” Li Ruonan glared viciously at Ji Feng, angry for a long time, then put the folder down on the table fiercely, “I’m just here to understand the situation and also responsible for the records, Director Zheng is the one in charge of this case! in charge!”

As she spoke, Li Ruonan was still a little angry and couldn’t help but give Ji Feng a fierce glare.

This guy was so heartless, as soon as she heard that Ji Feng was involved in a dispute with the boundary tent people, she couldn’t help but worry about him, and it just so happened that Uncle Zheng had also assigned himself to act as a recorder, so she rushed over.

Who knew that after arriving here, this guy didn’t say a word of thanks, instead, he didn’t trust his own abilities .....

“Bastard!”

Li Ruonan cursed under her breath, before pulling the chair over forcefully and sitting down, "Say! Which one of you two wants to report a crime!"

Ji Feng couldn't help but smile, pointed at Han Zhong next to him and said, "It's him!"

"Since it has nothing to do with you, then you should keep your mouth shut." Li Ruonan glared at him and said irritably, "If you dare to nag again, I'll have to ask you to go out."

Sweat!

Ji Feng shook his head and laughed bitterly, he knew that Li Ruo Nan still had that fiery temper.

However, knowing that Li Ruo Nan was only responsible for assisting, and that Zheng Yuan Shan was actually in charge of this case, Ji Feng completely put his mind at ease.

It's a bit hard to say that Zheng Yuanshan is cunning, but it's definitely not too much to say that he's a veteran. Now that Zheng Yuanshan is in charge of this case, he will definitely be able to handle it very well, and his experience and skills are not comparable to those of a youngster like Li RuoNan.

At the same time, Ji Feng also saw some clues from this arrangement, Zheng Yuanshan is trying to train Li Ruonan.

The company's main goal is to provide a good service to its customers.

After all, Zheng Yuanshan is leaving Jiangzhou to go to South Guangdong, and that means that he is completely known as the cadre of the Ji Department. At this time, it is not impossible for him to know Li Baoyuan's relationship with his second uncle .....

Thinking about these, Ji Feng couldn't help but glance at Li RuoNan again, thinking of the scenario where she might buy into a leadership position in the future, Ji Feng couldn't help but shake his head and smile.

Li Ruonan immediately glared at him again, "What's with the silly smile, sit honestly and don't affect my case."

She was also working on a case .....

Ji Feng could only shake his head and laugh bitterly.

.....

Meanwhile, after leaving the Jiangzhou Municipal Bureau, Cheng Haotai first sent away his mistress Liu Jing, and then took a quick ride to a club in the city, which was also one of his properties.

However, unlike before, Cheng Haotai, who was now in the car, also had two men dressed in black, which were his bodyguards.

Don't look at him, he was still so tough in front of Ji Feng and Han Zhong, even shouting a lot, but in reality, he was a bit stern, he was afraid.

He was really afraid that once he pissed off Ji Feng, this dude would send someone to do him in a fit of rage!

Although he knew that this was not very likely, he could not help but be afraid, so Cheng Haotai gave himself two bodyguards, and even got two pistols for his bodyguards from the tent people, so that he could feel more at ease.

When he arrived at a clubhouse, Cheng Haotai went straight to the VIP area, where Ono was already waiting.

“Ono-kun!” Still some distance away, Cheng Haotai’s face already showed a smile as he greeted him aloud.

“Cheng-kun, how are things going?” Ono, however, still had the same deadpan face and asked directly.

“Everything is going well!” Cheng Haotai said confidently, “I believe that as long as we continue with our next move, both Ji Feng and Han Zhong will be left to their own devices and they will have to go soft.”

“Well, Cheng Jun, you’ve worked hard.” Ono said, “When things are successful, I will definitely claim credit for you.”

“Then, thank you very much, Ono-kun!” Cheng Haotai laughed.

“However, Cheng-kun, I would also like to remind you that this matter must be caught up, according to my understanding, there are several other groups that are now beating up on the Tengfei Group, such as Kerry’s Four Star Group ..... if we have worked so hard for so long and ended up in the water .....

“Ono-kun please don’t worry, this matter is already a sure thing, as long as we follow the plan strictly and don’t make any extra problems, there will be no accidents!” Cheng Haotai said very confidently, “I know the Chinese people best, and under our means, whether it’s Ji Feng or Han Zhong, they will definitely succumb!”

“Then, I’ll be waiting for your good news!” Ono nodded his head in satisfaction.

.....

Leaving Han Zhong alone there to make a statement, Ji Feng took the white spider back with him.

Although Ji Feng knew that in the hands of Cheng Haotai and the others, it was likely that they had ‘evidence of crime’ about Han Zhong ..... which was actually the handle they got by framing him.

However, Ji Feng is not in a hurry because he also has the capital to compete with the other side – the technology of the Tengfei Group!

As long as the other side did not get the technology, they would have thoughts and would not be willing to fish to death, then this side would still have a chance.

Therefore, the situation is now clear, the final result is to lose or win, depending on who is faster.

Ji Feng sat in the car, closed his eyes and pondered, while secretly calculating in his heart, how to do this matter, in order to be the most secure.

After a long time, Ji Feng opened his eyes, and an icy cold light flashed by leisurely.

At this moment, Ji Feng’s heart was filled with a killing spirit.

He had never really been so full of killing intent as he was now.

The behaviour of Cheng Haotai and those boundary tents had completely enraged him, especially Cheng Haotai, who was even more detestable and deserving of death than those boundary tents!

Although Ji Feng knew that he did not know how many people like Cheng Haotai there were in China, and he did not have that much energy to deal with everyone, but since this Cheng Haotai had messed with him, he would not let this bastard go!

Chapter 1632

Ji Feng was a bit busy.

Since the police's mediation had failed, this conflict had entered the legal process.

Han Zhong has to cooperate with the police to do the investigation, for the Tengfei Group, he will not be able to time can take care of things, so Xiao Yuxuan has to work slightly harder.

And the final exams are here, under the pressure of Tong Lei, Ji Feng can only say that together with her, seize the time to read books, do the final revision.

In this way, two days passed in a flash, at this time, from the final exam, there is still the last day of time, the day after tomorrow at 10 am, Ji Feng will start the first course, so after reading the book all day, in the evening, Tong Lei is taking the book to ask questions Ji Feng, to help him consolidate.

Ji Feng was happy to accept this, but he was helpless in his heart.

I don't know what's going on, but as his social experience gradually increased, Ji Feng was becoming less and less able to read books. Some novels or magazines, especially some strange stories, were of great interest to Ji Feng, but his interest in this textbook was fading fast.

He used to be able to bury his head in the sand, but now it seemed to be a task to complete, which was really tasteless.

However, the subjects for the exams were there, so he could only memorise them by rote.

So at this time, Tong Lei helped him consolidate, which made him cry and laugh, but he could only cooperate with Tong Lei, especially when he saw Tong Lei's clear face and those too spiritual beautiful eyes, Ji Feng could not bear to let her down.

Finally, after asking questions on all the several courses to be tested, the sky was dark.

"Ji Feng, are you tired?" Tong Lei asked.

"Not tired, just a little helpless!" Ji Feng said as he rubbed his temples and shook his head.

Tong Lei then pursed her lips and said, "I know these classes are boring, but it's all about exams, so there's nothing we can do about it."

Ji Feng shook his head and said, "It would be fine if it was just boring, but the key problem is that all these things learned in books are obviously not used in society. It is said that what is taught in high school is basic knowledge, and what is taught in college is the knowledge to make a living. I think that

there are only a few skill-based majors that really learn to make a living in college, and as for students of other majors, I am afraid they will be unemployed after graduation!”

Tong Lei nodded slightly and agreed with Ji Feng’s statement: “Society is the best university, that’s true, but with the precipitation and accumulation in the university, when you get to the society, you can progress the fastest!”

Ji Feng waved his hand and laughed: “I’m not preaching the theory that studying is useless, it’s still very useful. However, this should also be treated differently .....

“Ding .....

As he was saying that, the phone suddenly rang.

Tong Lei casually took the phone from the coffee table and handed it to Ji Feng, “It’s Han Zhong calling.”

Ji Feng nodded and picked up the phone, “Han Zhong, what’s up?”

Han Zhong’s voice on the phone was a bit low as he said, “Ji Feng, I just received an email about my evidence, do you want to come over and take a look?”

Evidence?

Ji Feng immediately frowned, he turned his head and looked at Tong Lei, then said, “I won’t go over, you can just send me the email directly. If there’s anything, we’ll communicate on the phone.”

“This .....

“What’s wrong? Is it not clear over the phone?” Ji Feng asked.

“It’s not that it’s not clear, the key is that the content in this email ..... is a bit that way.” Han Zhong stammered his words.

“What exactly is it?” Ji Feng asked suspiciously, “Han Zhong, you say it clearly ..... forget it, what else can’t we say between us? You send me the email directly, I’ll take a look.”

Han Zhong laughed bitterly, “This email is a video recording of me and that woman ..... that night.”

Ji Feng instantly laughed: “You’re stammering like that, I thought it was about something, but it turns out to be a love action movie starring you.”

Han Zhong: “.....”

“Good! No more jokes!” Ji Feng smiled and waved his hand, even though Han Zhong couldn’t see it through the phone, it was his customary action, “Since that’s the case, I won’t watch it, so tell me the specifics.”

“It’s not clear over the phone, how about this, do you have time to go online now? Let’s talk online!” Han Zhong said.

“No problem, I’ll just go upstairs, wait for me.” Ji Feng said.

He then hung up the phone and was about to tell Tong Lei that he was going upstairs when he saw her pretty face redden slightly and her beautiful eyes glared at him.

Ji Feng couldn't help but be stunned, "What's wrong?"

"Nothing ....." Tong Lei immediately shook her head and after thinking about it added: "No doing bad things!"

"Doing bad things?"

Ji Feng was slightly stunned, and then he laughed: "Where are you thinking, that what, Han Zhong and I are talking about business."

He couldn't help but laugh bitterly, he had just joked with Han Zhong about some love action movie, so he must have been misunderstood by Tong Lei, thinking that he and Han Zhong were doing something nasty online, right?

However, it was not easy to explain this to Tong Lei, after all, the less people knew about Han Zhong being schemed, the better, once this matter was spread, it would have a great impact on Han Zhong's reputation, so Ji Feng just found a casual excuse and went upstairs.

When he came to the study and opened his computer, Ji Feng clicked on a live chat software and connected with Han Zhong.

"Han Zhong, say it, what is going on!" Ji Feng opened the video window and saw Han Zhong. Even though the light on Han Zhong's side was a bit dark and this internet video wasn't too clear, Ji Feng could still see the glint of anger on Han Zhong's face.

It seemed that this time Han Zhong had been irritated again.

"The thing is, this afternoon I went to the company and then to the police station, things were going well, but when I got home, I received an email, I opened it and it was a video recording." Han Zhong said through gritted teeth.

Ji Feng smiled and asked, "Then what?"

Han Zhong said, "Then I found out that the woman in the video was the same woman I met that day after I got drunk! I'm sure that this must be the work of the boundary tent man and Cheng Haotai, he's forcing us!"

"Exactly! First the threatening text messages, then the emails to you, they are trying to tell you that they have enough leverage on you in their hands!" Ji Feng said, "I believe that next, they will definitely follow up, this is to force you step by step and eventually make you go soft."

"Son of a bitch!"

Han Zhong immediately cursed angrily, "They don't fall into my hands, or else ....."

Ji Feng laughed: "Don't be ruthless yet, tell us the specifics."

Han Zhong, however, was stunned: "Say what specifics?"

Ji Feng laughed: "Okay, don't pretend, the email they sent you can't just be about the love action movie you starred in, right? There must be other content, right?"

Han Zhong blurted out, "How do you know?"

Ji Feng instantly laughed, "It's very simple, just think about it a little and you'll know."

This kind of threatening tactic played by Cheng Haotai and the others had been expected by Ji Feng, if he didn't have some real material in his hands, Cheng Haotai wouldn't dare to be so arrogant. What's more, the other side had gone to such great lengths to calculate Han Zhong, just to be angry with him?

They must have gotten some leverage that Han Zhong had no way to resist, otherwise, what was the basis for threatening Han Zhong?

Therefore, Ji Feng could be sure that in the email they sent to Han Zhong, there must be more than just the recorded scene of Han Zhong having sex with that woman, there must be other contents as well.

Moreover, the fact that Han Zhong was so furious was enough to explain the problem.

"Don't hide it, if you don't tell us, how can we discuss it?" Ji Feng laughed, "As you can see, I'm the only one in this study, so whatever you have to say, just say it."

"Then ..... okay!" Han Zhong hesitated for a moment before finally nodding his head.

Afterwards, he said, "Here's the thing, in this video they sent, it starts from the corridor of the hotel, when I what ....."

"What?" Ji Feng asked.

"It's that what ..... cough, it's that I was drunk and dizzy, which is a little rough action, and that woman is pretending to resist, so ..... fuck Cheng Haotai, the doggone boundary tent people!" Saying that, Han Zhong is unable to say anymore, can't help but curse angrily, "If they didn't pour so many aphrodisiacs into Laozi, how could Laozi become that damned look!"

Ji Feng's brow then couldn't help but frown as he asked, "Han Zhong, you mean to say that based on the images shown in that video, it looks a lot like ..... rape?"

"That's right!"

Han Zhong's voice dropped again as he gritted his teeth and said, "Ji Feng, I can swear that even if I had never seen a woman before, I, Han Zhong, would not do such a thing that is worse than an animal! I was really unconscious at that time, and I clearly remember that when I saw that woman, she was the one who took the initiative to approach me ....."

"I believe you!" Ji Feng said.

"Really?" Han Zhong was stunned and asked with some hesitation.

"Nonsense! We've known each other for so long, how can I not know what kind of character you are?" Ji Feng laughed, "Needless to say, that video must have been made by them on purpose."

"Sh, what do you mean? The video is fake?" Han Zhong was stunned.

“Not necessarily, it’s not like we know how to screen for authenticity, but since the other party dared to send the video over, it means that eight out of ten `nine times it’s real.” Ji Feng said.

“Then what you mean is .....

“Think about it, since that woman was in cahoots with them, she must have known at the time that there were cameras in the corridor, if they had made another plan beforehand, that woman seduced you first, then in the corridor and then deliberately acted as if she was resisting, you were drunk and drugged at the time, wouldn’t you still have gone bestial?” Ji Feng laughed.

“..... fuck!” Han Zhong froze for a long time and couldn’t help but curse.

This move, how poisonous!

Chapter 1633

This was indeed a sinister move.

Just one surveillance video was enough to prove that Han Zhong had committed a crime.

Rape is not a good reputation, especially since Han Zhong is also the general manager of the Tengfei Group and the son of the chairman of the Han Group. Once this matter broke out, the impact on Han Zhong and the Tengfei Group, and even Han Zhong’s family, would be extremely bad.

At the same time, don’t forget that crimes are punishable by imprisonment.

And for such crimes, the sentences are often heavy, and if the circumstances are a little more serious, it is not unusual to be sentenced to more than ten years.

At Han Zhong’s current age, if he is sentenced to more than ten years, when he gets out, he will be middle-aged and the best years of his life will have been wasted in prison.

What’s more, prison is not a nice place, and I’m afraid that anyone who has been there will never want to think about it again when they get out!

This move was definitely a killer move for Han Zhong.

Of course, this move is not without its flaws. First of all, if Han Zhong is to be convicted, then at least a victim must first report the case before a case will be opened.

If the victim does not report the case, the police usually have no way to ask questions.

Imagine if the police arrest someone aggressively, only to have the woman say, we are boyfriend and girlfriend, we just like to play like that .....

So, as long as the woman in this video is allowed not to report the case and not to hold Han Zhong responsible, then Han Zhong will naturally be in no danger.

Therefore, there was little chance of getting this woman to show mercy.

This is a dead end!

Ji Feng couldn't help but shake his head, now he had some admiration for Cheng Haotai and the others, this plan was really interlocked, cautious and tight, with such a clever mind, but used in this kind of underhanded hook, what a pity.

At the same time, this also strengthens Ji Feng's determination to eradicate Cheng Haotai's stream, he believes that these tactics, there must be Cheng Haotai and others' shadows.

At this time, Han Zhong, who was also gloomy, had a slightly heaving chest, and was obviously also furious.

"Ji Feng, what should we do next?" Han Zhong asked, "Or else, it's better for me to carry it down alone first, first pick you clean ..... you don't rush to speak first, listen to me finish my words, I'm doing this, but not just to get you out of this matter, because only by picking you out first, you will be able to move with maximum strength, to be able to most powerfully of helping me!"

"Bullshit!"

Ji Feng laughed and cursed, "You think that by taking me out, you can save you? You don't even know how many enemies I have, your relationship with me is known to everyone, if they know you're in jail, it's strange if they don't stare you to death by then, I'm afraid you'll be buried in jail for the rest of your life."

Han Zhong's face changed and he gritted his teeth, but he didn't say anything.

No matter what, he had to take Ji Feng out, after all, he couldn't drag Ji Feng into this.

Seeing Han Zhong open his mouth to say something, but Ji Feng waved his hand and cut him off, "Han Zhong, don't be in a hurry, think about what I told you in the police station two days ago ....."

Han Zhong nodded and said, "I also know that they are doing this to force me to give in, but, Ji Feng, you don't understand this feeling, as if your life and death are not under your control anymore, but in the hands of others, it's possible that one day the other side will unleash, and then you may be taken away by the police at night while you are dreaming!"

"And ..... on such a disgusting charge! I'm so fucking ....."

"They won't get a chance to start it!"

Ji Feng interrupted and said forcefully, "Don't worry, even if they really wanted to launch it, I wouldn't give them that chance! Besides, by sending the email, they've actually given us the chance to counterattack!"

Han Zhong nodded with a somewhat heavy face.

"Don't worry, things aren't that bad!" Ji Feng laughed.

"I'm like this, and you can still laugh?" Han Zhong said helplessly.

"Why can't I laugh? Is it still possible to cry?" Ji Feng laughed, "I told you, things haven't reached that bad point yet, you're so heavy, which in turn is just what they want!"

"Shit!"

Han Zhong rolled his eyes.

Ji Feng shook his head and laughed, "Alright, just cooperate with the police's investigation first, and if you're too busy to do so, let the company's business go for a while, and leave the rest to me."

"Alright!" Han Zhong nodded his head.

"Right, I'll send someone to your home later, since people have given this opportunity, we can't not take it!" Ji Feng laughed.

"Send someone?" Han Zhong was stunned.

"To help you catch that woman, you don't want to?" Ji Feng asked with a smile.

"Damn it!"

Han Zhong slammed the table and stood up abruptly, "Ji Feng, as long as you can catch that woman, I'm willing to do whatever you want, fuck him, I've really been killed by her!"

Ji Feng laughed: "That woman is just a pawn, the one who really harmed you is Cheng Haotai and those boundary tent people. But don't worry, you will definitely be given the chance to take out your anger!"

"That's good!"

Han Zhong couldn't help but wave his fist a few times, "Seeing that you're so confident, then it's all up to you!"

Ji Feng smiled and nodded, no matter what kind of circumstances he was in, his fighting spirit would never be reduced by half. What's more, this matter was indeed not as bad as Han Zhong had imagined, and Ji Feng was not worried in the slightest, there was every chance of a counterattack, and the chances of winning were still extremely high.

The people of the boundary tent, may not really be that smart, even if there are Chinese dog's legs to help them, Ji Feng is still the same fearless.

It's just a contest, there's nothing to be afraid of!

Ji Feng comforted Han Zhong a few more times, and only then did he cut off the video.

Afterwards, Ji Feng called Wang Xin: "..... This is about it, Wang Xin, it's up to you whether you can catch the other side this time!"

"Boss please don't worry, I promise to complete the task!" Wang Xin replied playfully.

"Mm!"

Ji Feng nodded in satisfaction, suddenly he thought of something else and said, "By the way, make sure Wang Hu accompanies you, remember?"

Wang Xin said, "Boss, you're too underestimating me, it's not like there's any danger, besides, I have kung fu myself oh!"

"That won't work either!"

Ji Feng's face was taut as he said, "You must have Wang Hu accompany you, your safety must come first, remember?!"

"Oh!" Wang Xin spat out her tongue and agreed.

"That's right!" Ji Feng laughed, "Then it'll be hard for you to make the trip."

After ending the call with Wang Xin, Ji Feng sat down in his chair and deliberated, and after a long time, he stood up abruptly and went to the staircase and shouted, "White Spider, come up here for a moment!"

Bai Spider quickly came up, "Young Ji."

"White Spider, there's something for you to do, it seems that it's going to be hard for you again." Ji Feng said.

"Please speak, Young Ji." White Spider said immediately.

"I need you to find someone, Qin Feiyu is under your command, also, make sure to contact Wang Xin at all times ....." Ji Feng went over the details.

After listening carefully, White Spider nodded, "Young Ji, I understand what you mean. I'll go do it now."

Ji Feng patted her shoulder and said, "Bai Spider, be safe!"

"Mm!"

White Spider smiled faintly, "I'll go first then?"

Ji Feng nodded, "Go ahead!"

Watching Bai Spider quickly go downstairs, Ji Feng showed a thoughtful look again, and after a moment, he picked up the phone again .....

When Ji Feng made the arrangements and came downstairs, he heard the sound of a car coming, it was Xiao Yuxuan who had returned.

"Sister Yu Xuan, back." Tong Lei smiled sweetly.

"Lei Lei, no need to read all day, you're so smart, that scholarship is no problem!" Xiao Yuxuan smiled coquettishly, her beautiful eyes looking around, seeing Ji Feng coming down from upstairs, she couldn't help but purse her lips and smile, "Some people are different, they haven't been to school much this semester, right?"

Sweat!

"Why are you talking about me again?" Ji Feng laughed bitterly.

"It's not you, using the white spider like a man all day long!" Xiao Yuxuan gave him a blank look, "I just saw White Spider drive out in his car, so it must be you who told him to do something again, right?"

Ji Feng nodded, "Yeah, this must be something she has to be allowed to do."

“Ji Feng, no matter what, Bai Spider is also a girl, she is not the same as you, you are a big man who is big and thick and it is nothing to suffer a bit, but it is always a bit bad for you to make a girl work so hard.” Xiao Yuxuan said, “Let’s see, you transfer a man from the company to come over, usually when you have something, let him do it, don’t always use the white spider.”

Ji Feng looked at Yu Xuan in surprise.

“What are you looking at, I have a good relationship with the white spider now too, OK!” Xiao Yuxuan gave him a blank look.

“Good, that’s good!” Ji Feng smiled and nodded his head.

Time passed quickly and in the blink of an eye, it was evening. Ji Feng received a message from the white spider, “The operation has started .....

Ji Feng then smiled slightly, he paced to the window, looking at the lights outside, he lightly pounded his fist on the windowsill: “The lights of Jiangzhou, how can we tolerate those boundary tent brats to destroy them? I hope ..... will have something tonight!”

As long as there were no accidents in the operation, Ji Feng believed that he would be able to teach Cheng Haotai and those boundary tent people a deep lesson.

Just a lesson?

Ji Feng smiled coldly, “How could I let you guys have it that easy!”

Since things had come to this point, there was no room for both sides to ease up. The Tengfei Group would definitely not allow others to get their hands on it, while the other side, however, was bound to get it.

Moreover, even if there is room for détente, Ji Feng will definitely not be soft.

The boundary tent people, and their lapdogs .....

Chapter 1634

One day before the exam, Ji Shaolei arrived at Ji Feng’s villa, and this guy came over with a big bag of stuff and a smile on his face.

Ji Feng couldn’t help but ask, “Second brother, back from a business trip? What’s this stuff you’re carrying?”

Ji Shaolei had gone out some time ago, supposedly to attend a bidding meeting of some kind in some city in the north. Hearing from Second Uncle, Second Brother had also recently started to work hard, preparing to make the company bigger and stronger.

Ji Feng then felt very rare, with the nature of the second brother, he also started to be motivated?

Ji Shaolei put the bag down on the coffee table and said with a heated smile, “Knowing that you have many people in your family, so I bought more gifts, otherwise I was really afraid that there wouldn’t be enough to share.”

Listening to his second brother's jibe, Ji Feng shook his head and smiled.

Tong Lei brought the tea and then went to read a book. Ji Shaolei also knew her character and had long since gotten used to it, so she just smiled and didn't make any excessive jokes.

After all, Tong Lei's nature was still a bit cold, if it was Xiao Yuxuan in, maybe Ji Shaolei would have really made a few more jokes.

Afterwards, Ji Shaolei asked, "San'er, what's the matter, I've only been out for a few days, and I heard that you've gotten into it with the boundary tent people?"

"Heard from second uncle?" Ji Feng asked.

"I heard some of it from your second uncle, and I also heard from friends around." Ji Shaolei said.

Ji Feng immediately asked, "It's all spread around outside?"

Ji Shaolei laughed, "It's not that exaggerated, but, don't you see that Jiangzhou is so big, news spreads not slow at all, besides, you kid led people to directly smash someone's hotel, but anyone who is well-informed probably knows something about it. However, they don't know that you got into a fight with the boundary tent people, they just know that you had a conflict with Cheng Haotai."

Ji Feng's brow then furrowed, this was not a good sign.

From Ji Shaolei's words, he could hear that quite a few people outside already knew that he had smashed the Haotai Hotel, then if Cheng Haotai once proclaimed that he, Ji Feng, was bullying people with his power, and Ji Zhenguo was even using his power to oppress people, I believed that the vast majority of people would believe his words.

If Cheng Haotai wants to stink him up, it will be really easy!

It seems that we must speed up!

Ji Feng said secretly.

"Third son, what happened, I heard from your second uncle, what are you going to do?" Ji Shaolei asked.

"What else can I do?"

Ji Feng said, "People have already bullied me to my doorstep, is there any other choice but to fight back? So I can only go on fighting with them."

Ji Shaolei slapped his thigh, "That's the way to go!"

Ji Feng then shook his head and smiled, he knew that as long as his second brother knew about this, he would definitely not hesitate to go against the boundary tent people, moreover, it was still the kind of hard shake that would definitely not back off half a step.

"Hey, seriously, San'er, what exactly are you planning to do?" Ji Shaolei asked, "You have to be careful when dealing with the boundary tent people, these boundary tent people are not scary, the key problem is that the relationship between us and the boundary tent people is too tense right now, and, there are definitely people at home who are watching ....."

The actual fact is that you can find a lot of people who are not interested in the actual situation. Now, let them bounce around a little longer!”

Ji Shaolei immediately grasped the point of Ji Feng’s words and asked, “So, you have a plan?”

Ji Feng smiled, “Not only do I have a plan, but the counter-attack has already begun, so all we have to do now is wait for the good news to come!”

“It seems that you are very sure of yourself!” Ji Shaolei laughed, “Then tell me, what do you need my help with?!”

“You ah, just run Jian An Group without worry, that’s all.” Ji Feng laughed.

Ji Shaolei instantly glared: “Brat, looking down on people, huh? I don’t want to not tell you, kid, against the boundary tent people, this thing certainly can’t be missing me!”

Ji Feng smiled and asked, “Do you really want to get involved?”

“What do you say then?” Ji Shaolei asked rhetorically.

“Fine then!”

Ji Feng deliberated for a moment, then nodded and said, “Since you are interested, then I really need your help with something here.”

Ji Shaolei said at once, “Speak!”

Ji Feng mused, “Second brother, you have many acquaintances in Jiangzhou and many sources of information, I want you to help me investigate the boundary tent people in that small circle of Cheng Haotai, which side of the power they actually belong to, and some specific information .....”

“Small circle?” Ji Shaolei was a bit puzzled, “Speak more clearly.”

“You wait for a moment!” Ji Feng stood up and quickly did not go upstairs, took a folder down from upstairs and handed it to Ji Shaolei, “This is those boundary tent people who are associated with Cheng Haotai, and some personal information of those international students, you help me investigate them more specifically.”

“No problem, I’ll take care of this matter!” Ji Shaolei took the folder and after a few casual glances, he said confidently, “To say that it would be difficult to investigate all of these people’s ancestors, but if we just want to investigate which side of the force they belong to, this shouldn’t be too difficult.”

Ji Feng smiled, “Then it will be hard for you.”

“Brat, you’re still polite with me!” Ji Shaolei scolded with a smile, then, he remembered something else and suddenly asked, “San’er, what do you want to investigate all this for? Could it be that ....., you are ready to strike at the forces behind them now?”

Ji Shaolei’s spirit lifted, “In that case, you already have a sure win for this contest?”

The fact that Ji Feng had now set out to investigate the forces behind these people was proof that Ji Feng had now set his eyes on the backstage of these people, which meant that he now no longer had Cheng Haotai and these boundary tents in his sights.

In other words, at least Ji Feng thought that he was already in a safe position to win!

“It’s just a matter of preparing well in advance, so as to save us from having to improvise and mess around when the time comes!” Ji Feng said with a smile.

“Come on!”

Ji Shaolei harrumphed, “How many bellies do I not know about your kid? It seems that I can’t intervene in this contest, but seeing that your kid is not ambitious and is already preparing for the next battle, I can only take my time and wait.”

Ji Feng laughed heatedly, not admitting or denying it.

Ji Shaolei then couldn’t help but shake his head, San’er this kid is good at everything else, has the impetus, has the ability, also has the guts. The key is one thing, this kid is so stable at a young age, before the matter is successful, he easily do not speak up, which makes Ji Shaolei feel a little boring.

Young people should have that kind of blood and impulsiveness, shouting slogans at the very beginning of the fight, such as ‘kill the kids’, ‘stomp them to death’ and so on.

How exciting does this sound?

But Ji Shaolei also knew that Ji Feng was such a character, so he didn’t force it, he just asked, “San’er, tell me, what did you do that made you so sure you could fuck those boundary tent people?”

“This well .....” the corner of Ji Feng’s mouth pulled up a slight curve: “Keep it a secret for now, you just wait and see the result.”

Ji Shaolei: “.....”

Ji Shaolei didn’t stay for long, he just came back from a business trip and came to Ji Feng’s place to check the situation, not long after that he left, according to him, he had to go and investigate that list Ji Feng gave him as soon as possible, in the future battle with the boundary tent people, there will definitely be him!

Ji Feng couldn’t help but shake his head and smile, the second brother still had this personality.

But soon, the smile on Ji Feng’s face disappeared, his expression calmed down and he just casually took a book to read.

But if you look closely you will find that in fact at this time, Ji Feng was just flipping through the book haphazardly, although his gaze was falling on the book, it had no focus.

In fact, at this time, Ji Feng was waiting for news from Han Zhong.

Just this morning, after he had conferred with Han Zhong, Han Zhong had called Cheng Haotai directly and angrily scolded the son of a bitch.

The more furious Han Zhong acted, the more it showed his inner turmoil and his impulsive personality, which I believe was definitely what Cheng Haotai would like to see.

This is the same reason why Ji Feng and Han Zhong went to smash Cheng Haotai's hotel, even though it seems that it was a mistake for Ji Feng and Han Zhong to go to smash Cheng Haotai's hotel, because it would directly give Cheng Haotai a handle, so that he could threaten Ji Feng with Ji Zhenguo's reputation.

But in reality, Ji Feng was aware that Cheng Haotai did not dare to do so because he had not yet achieved his goal.

And this is exactly why Ji Feng went ahead and did it even though he knew that doing so would definitely give people leverage.

The same was true now!

As expected, after being angrily scolded by Han Zhong, Cheng Haotai was not much angry, but had a feeling of victory, and when he spoke, those words were also full of the superiority of the victor.

Afterwards, Cheng Haotai offered to meet and talk with Han Zhong again, which was flatly refused by Han Zhong.

"I have nothing to talk about with you son of a bitch!" These were Han Zhong's exact words.

"Don't put words in your mouth first, believe me, you're definitely willing to talk to me!" Cheng Haotai said smilingly, "Also, I have to remind you, Mr. Han, no matter what, you are also a person of a certain status, so it's always a bit bad if you open your mouth and curse people, right?"

"Fuck you!" Han Zhong then said this back, and then hung up the phone.

After that, Han Zhong told Ji Feng the details of what had happened, and then the two of them stopped caring about it. Ji Feng only told Han Zhong to quietly study his textbook again, he couldn't let this affect his exams.

But in reality, Ji Feng is aware that what should be done now has been done, next, is to wait for the other party's action.

Ji Feng believed that the other party must be in a more urgent mood than him now, so he would definitely get something out of it!

"Ding ....."

Ji Feng was in the middle of his thoughts when Han Zhong came to call.

He was instantly refreshed, "Coming!"

Chapter 1635

"Ji Feng, the call is here!" As soon as he picked up the phone, Han Zhong's voice, which was forcing himself to be excited, came over the receiver, "Your method worked!"

"Can you be sure?" Ji Feng also stepped in spirit and couldn't help but ask in a deep voice.

“Don’t worry, Wang Xin has already made sure, although this caller ID has an unknown number on it, she did a preliminary trace and is sure that this call is from the same phone as the one that called last time!” Han Zhong’s voice was trembling slightly, enough to show how excited he was.

“I knew it .....” Ji Feng’s face couldn’t help but reveal a smile as he said, “You know all about what to do next, right? Remember, be sure to hold steady, do as Wang Xin asks, and delay the call as long as possible, understand?”

“Don’t worry, how could I not seize this opportunity?” Han Zhong gritted his teeth and said, “This time, I’ll definitely get that son of a bitch out!”

“Don’t take it in a hurry first, wait a bit and air out the other party!” Ji Feng murmured, “You give the phone to Wang Xin!”

“Don’t answer it?” Han Zhong was stunned.

“Don’t worry, now it’s the other party who wants to threaten you, you don’t want to answer the phone, it’s normal.” Ji Feng laughed, “Give the phone to Wang Xin!”

When it comes to the grasp of the most human hearts, Ji Feng is definitely much better than Han Zhong, so as soon as Han Zhong heard Ji Feng say this, he immediately handed the phone to Wang Xin, and he himself was thinking about what to say later .....

The actual fact is that you can find a lot of people who have been in the market for a long time, and now you have a chance to get back to them.

Originally, Han Zhong was poured with a large amount of aphrodisiacs and almost lost his life, so he was already suffocating to the extreme. Later, he followed Ji Feng to the Hao Tai Hotel and made a big fuss, originally thinking that he could take a sigh of relief, but he did not expect that Cheng Hao Tai would take this matter as a handle for them, and even threaten them with it!

Han Zhong really had a fire in his heart that he couldn’t vent, especially after reading the email from the other side, he was even more speechless, he was about to die in the past two days.

If he didn’t have his senses, Han Zhong would have wanted to take a knife and run to the Hao Tai Hotel and stab that bastard Cheng Hao Tai to death!

Now, under Ji Feng’s arrangement, he finally saw the hope of revenge, and, it seemed that there was a great possibility that he would succeed.

“Boss .....”

Wang Xin picked up the phone.

“Wang Xin, the next step is up to you, you and Han Zhong must have some tacit understanding, understand?” Ji Feng said.

“Boss please don’t worry, I will do my best!” Wang Xin said.

“Very good, then it will be hard for you.” Ji Feng nodded, “Also, is all the video equipment ready?”

“It’s all ready!” Wang Xin said.

“Good then, let’s meet online.” Ji Feng nodded his head in satisfaction.

.....

Pop!

Ji Feng put down the phone, and even with his composure, he couldn’t help but wave his fist a little.

Finally, it’s here!

Ji Feng quickly got up and went upstairs to the study, the computer had already been turned on, he quickly opened the instant messaging software and connected with Wang Xin to the video, Han Zhong and Wang Xin’s every move, Ji Feng watched it all clearly.

“Boss, can you hear me?” Wang Xin’s voice came from the stereo.

“It’s clear!”

“Then ..... we’ll start now?” Wang Xin asked.

“Start!”

With that, Han Zhong picked up the phone, but it was on speakerphone, “This is Han Zhong, who is it?”

“Giggle .....” A flirtatious, delicate laugh came clearly, “Hello, Mr. Han, we’re talking once again.”

“Who are you?” Han Zhong asked in a deep voice.

“Mr. Han, you’re so forgetful, we spoke on the phone just yesterday, did you forget?” The woman’s voice on the phone was whispery, but her tone was a little flirtatious, “It seems that Mr. Han is also someone who won’t admit it after lifting his trousers .....”

“Bullshit!”

Han Zhong cursed angrily, “Don’t think I can’t hear you, I’ve never met you, let alone talked to you, such a little tactic to fool me, you’re too naive!”

After saying that, Han Zhong snapped and hung up the phone straight away.

“What’s going on?” Ji Feng immediately asked.

“This woman on the phone, is not that person .....,” Han Zhong said in a deep voice.

“Oh?”

Ji Feng frowned, “It seems that the other side is not defenseless, you are right to hang up the phone, your attitude has become firm, so they know that you are not easy to fool, that woman will definitely show up!”

Although Han Zhong’s words were vague and unclear, Ji Feng was able to understand.

Han Zhong was saying that this woman who was calling now was not the one he had met before.

Ji Feng trusted Han Zhong's judgment because Han Zhong had met that woman and even had an unforgettable night, although Han Zhong was drunk and was badly counted, he had definitely heard that woman's voice and definitely had an impression of it.

What's more, just yesterday, Han Zhong received a phone call from that woman. Of course, that woman certainly didn't call to talk to Han Zhong about love, but to ask him if he had received the mail.

That meaning was self-explanatory, she was threatening Han Zhong.

But because of that, Han Zhong remembered that woman's voice more clearly and could now tell immediately that it was never that woman who was calling!

"So ..... what should we do next?" Han Zhong's brows tightened.

"Don't rush, just wait, that woman will definitely call you again." Ji Feng said, "There's nothing going on today anyway, just take your time and wait."

"Then how long do we have to wait?" Han Zhong was a bit anxious, he really wanted to stomp Cheng Haotai and those boundary tents to death right now.

"I judge that it shouldn't take long, I believe they are more anxious than us!" Ji Feng said.

"We can only wait too!" Han Zhong slapped his hand on the table next to him and cursed, "Motherfucker, how cunning!"

Ji Feng laughed, "If they weren't cunning, we wouldn't have to go to such great lengths."

"Just wait, as long as those bastards fall into my hands, I ....." Without catching the woman, Han Zhong could only be fierce alone.

Suddenly, Han Zhong thought of something and he couldn't help but ask, "Ji Feng, what if that woman is not in Jiangzhou?"

Ji Feng frowned: "What you mean is ....."

Han Zhong said, "Think about it, that woman is obviously a pawn for them, at the same time they want to threaten me, that woman is also a very key witness, such an important person, they must be well protected, let her leave Jiangzhou, in order that we will not find her so easily!"

Ji Feng nodded and said, "I understand what you mean. However, I think that in all probability, that woman is still in Jiangzhou!"

"Why?" Han Zhong immediately asked.

"Just because she works well with Cheng Haotai!" Ji Feng smiled faintly.

"What does that mean?" Han Zhong asked.

"Think about it, Cheng Haotai and that woman's actions are obviously all planned, they must have communicated in a timely manner, and, they must both have had to report back to the Boundary Tent, unless they are really that well trained, otherwise, the Boundary Tent must have had to unify their command and must have kept them all in sight."

Ji Feng said, "Besides, didn't Wang Xin do the tracing yesterday, and the source of that call yesterday was in Jiangzhou, so the possibility of that woman staying in Jiangzhou is extremely high! Of course, she will definitely be hiding very tightly, that's why we need to continue the trace."

Han Zhong couldn't help but nod, "Makes sense ....."

Ji Feng smiled, this was more than reasonable, he had already taken all these possibilities into consideration when he was formulating this action plan.

Second uncle Ji Zhenguo had told him a long time ago that he was one person against a group of people from the other side, so how could he not be careful and take all aspects into consideration?

Now that everything was in place, all that was left was to wait for the other side to throw themselves in the net!

.....

At the same time, in a private villa in Jiangzhou, Cheng Haotai and Ono were sitting on the sofa in the living room talking about something, and beside them, there were two women.

One of the women was looking at the phone in consternation, "It's hung up?"

"What happened?" Ono asked immediately.

"He said that he was furious and said he didn't know me and cursed me, then he hung up the phone ....." the woman said in consternation.

"Oh?"

Ono nodded slightly, more or less surprised: "It seems that this general manager of the Tengfei Group, but still has some skills, is not useless!"

Cheng Haotai was a bit contemptuous, "Just a bit impulsive, if it were me, knowing that the other party was an impostor, I would have set the other party's words first and see what happened."

"Hmm!"

Ono nodded his head, he also thought so, both sides were fighting, of course the more you know about the other side the better, like Han Zhong who was so cranky to just hang up the other side's phone, obviously very unwise.

"Ono-kun, then, are we going to ask the ghost to give him another call next?" Cheng Haotai asked. As he spoke, his gaze flicked over the other woman's body.

It was a young woman with long hair and a pretty face, the word pretty was certainly not an overstatement.

Ono-kun nodded and said, "Let's play one. Han Zhong is already furious and it seems that he is not far from collapsing, so it is time to give him a boost of fire!"

A smile appeared on Cheng Haotai's face, "Ono-kun is absolutely right, it seems that it is not far from time for us to get our hands on the Tengfei Group, here I would like to congratulate Ono-kun in advance."

A look of pride flashed across Ono's face, "It's too early to say anything about this, it's not too late to celebrate when we've really succeeded!"

The two men looked at each other and laughed at the same time.

It was as if the Tengfei Group was already within their grasp, and the two laughed with such openness and recklessness.

Cheng Haotai said to the woman, "Ghost, make the call! Just say it like I taught you."

"Yes!" The woman nodded, then picked up the phone.

Chapter 1636

"Ji Feng, it's been twenty minutes and they haven't called, so I guess they shouldn't call anytime soon!" Han Zhong said.

The reason he hung up the woman's phone was because Han Zhong had judged that the woman who had just called him was definitely not the one who had counted on him before.

But Ji Feng's judgment seemed to have gone wrong, and a long time had passed without the other party calling again, which made Han Zhong a little anxious. This feeling of only being able to wait passively was really unpleasant.

Ji Feng, however, was not anxious at all, he leaned back in his chair very easily, lit a cigarette and smoked leisurely: "Don't be anxious, you always have to give people time to discuss. You can't judge people's situation with your own thinking, our side is long prepared and naturally reacts quickly, but the other side is not necessarily so, wait patiently."

Han Zhong nodded helplessly and said, "That's all we can do."

Now there seemed to be nothing else to do but wait, one couldn't just run to Cheng Haotai, grab him and ask, "Where is the woman who set me up?"

"Wait in peace!"

Ji Feng said with a smile, his whole being looking relaxed.

Han Zhong could only wait slowly, and seeing Ji Feng's leisurely appearance, he couldn't help but shake his head and laugh, "Ji Feng, I really admire you."

Ji Feng smiled and asked, "Why do you say that?"

"I'm also just responsible for hanging on to Cheng Haotai and the others, and then cooperating with the police investigation, and I'm already a bit burnt out. But you, you are responsible for everything else, you appear to be more relaxed than me, this determination, I can't help but admire it!" Han Zhong said.

In fact, Han Zhong knew very well that Ji Feng had to do a lot more than he did.

Wanting to hang on to Cheng Haotai and the others was actually very simple, Ji Feng had already analysed the gang's mindset with him, so as long as they made the gang feel that their plan was succeeding step by step, the other side would take the bait step by step. As for dealing with the police, it was even easier. This matter was already very troublesome and the police had to be careful in their investigation, so there was hardly any pressure on Han Zhong's side.

But Ji Feng was different, the whole plan, was made by Ji Feng, he not only had to consider the whole arrangement, but also had to communicate with this side in time, more importantly, all the pressure was now on Ji Feng's shoulders.

How to catch that woman, how to get the other side's evidence, how to turn defeat into victory, these are all things that Ji Feng has to consider. As of now, any problem in the middle of this will have a great impact on the final result, and it will even be a loss of success.

But look at Ji Feng, but a relaxed face, not half nervous, this determination, one can not help but admire ah!

But in fact, Han Zhong knows that Ji Feng is actually more nervous than anyone else in his heart.

This matter has been planned since the beginning, Ji Feng is more nervous than anyone else. The only thing that really matters is how to catch the woman who schemed Han Zhong, and in addition to that, to find a way to get the evidence .....

Since the counter-attack has already begun, there is no longer any way back.

Once the counterattack fails, or rather, once the operation fails, Cheng Haotai and others will definitely jump to the wall, and at that time, once they want to fish to death, or do anything else too aggressive, the consequences will be serious.

Only, Ji Feng had long trained his tough nerves, even if the operation failed now, he would definitely not panic.

"Ding ....."

Just at that moment, a piercing phone ring suddenly rang and Han Zhong's spirits lifted, "Here it comes!"

Ji Feng's face also revealed a smile as he said in a deep voice, "Wang Xin, get ready."

Wang Xin said, "Everything's OK!"

"Good!"

Ji Feng nodded his head heavily and said in a deep voice, "Let's begin!"

Wang Xin immediately stretched out three white fingers, signalling Han Zhong to act in sync with her, "Three, two, one ..... Start!"

Han Zhong immediately picked up the phone, "..... Hello, this is Han Zhong, who is it?"

Because the caller ID on the screen of this phone, was an unknown number, this was obviously the other party calling with a special phone card, so Han Zhong could only pretend that he didn't know who the other party was and answer the phone as if he was very casual.

The more casual he was, the more the other party would think that he was still pretending to be calm up to now, but in fact he must have been restless inside.

Ji Feng smiled faintly, Han Zhong's performance was okay.

"Hello, Mr. Han!" A woman's soft voice came over the phone, sticky and glutinous, it did sound a little soft all over.

"No wonder Han Zhong said he saw a beautiful woman!" Ji Feng laughed darkly, just by listening to this voice, he could imagine the way this woman was showing off her charm when she was deliberately seducing Han Zhong.

"It's you?!"

Han Zhong's voice suddenly rose high as his eyes glared, "How dare you call? Bitch!"

"Mr. Han, it's not very nice to open your mouth and scold someone, is it?" The other party's voice hadn't changed much, it was still that sticky voice, but her tone was somewhat flirtatious, "What's more, she's the victim, okay?" "Mr. Han, are all you rich people so overbearing?"

"Bullshit!" Han Zhong cursed angrily, "What the hell happened that day, don't think I don't know, I'm telling you, now I've called the police, and I've given the lab report to the police, just you wait!"

"What is Mr. Han talking about, I can't understand a bit!" The woman looked innocent, "However, Mr. Han, I do have proof of the evil you have committed against me! By the way, the email I sent to you speaks for itself, does Mr. Han still want to be sophomoric?"

"You ....." Han Zhong was so angry that he couldn't speak.

"Mr. Han, you do not need to be so angry, in fact, you know, I am the victim, but I did not report to the police now, only to communicate with you privately, is to consider this matter to your reputation, to your friends, and even to your family, have a very bad impact, at the same time, also to my reputation more, but you do not think, so I will never report to the police! !"

She smiled coldly, "Han Zhong, don't be shameless!"

"You're the one who's shameless!" Han Zhong scolded angrily.

"Hmph!"

The woman on the other end of the phone just sneered, and her originally sticky voice cooled down, "Since Mr. Han has such a strong attitude, and is the first to sue after doing something bad, then I have nothing more to say, so I'll see you at the police station! But I have to remind you, apart from the email sent to you, the underwear I wore that day, and the test report, are all in my possession!"

Han Zhong grimaced and snorted coldly.

"God has eyes, you rogue bully, you didn't think of that when you did your bad deeds, did you? There were cameras in that room and in the corridor, recording all the evil things you did!" The woman said in a cold voice, "You're just waiting to go to jail!"

"You ....." Han Zhong said through clenched teeth, "What do you want?"

“What do I want? I also want to ask you what you want!” The woman said in a cold voice.

Damn it!

Han Zhong was so angry that he almost didn't throw the phone away, although he knew he had to stall for time, this woman's words were too irritating. It was obvious that she had set herself up with others, but now she was acting like a victim and speaking aggressively, which almost made Han Zhong's lungs explode with anger!

Wang Xin hurriedly gave Han Zhong a wink and told him to calm down. This was a crucial moment for the trace, if he hung up the phone at this moment, it would really be a waste of his efforts.

At the same time, Wang Xin also accelerated her speed. Having lived with Wang Hu in Han Zhong's house for the past two days, she knew a bit about Han Zhong's character, and this guy was so angry at being pushed that he might dare to hang up the phone.

In fact, Wang Xin still didn't know Han Zhong very well. Although he was angry, he was still clear-headed and knew that this was a critical moment, so he wouldn't have hung up the phone.

Moreover, now he was furious, if he hung up just like that, wouldn't he have been calculated for nothing?

Only by catching the other party could he get out of this bad temper!

“Alright, there's no need for us to argue, we all know exactly what the real situation of this matter is, you guys are great, this time I admit it!” Han Zhong gritted his teeth and said, “Say it, what do you want, we can talk about it!”

“I'm a bit confused by what Mr. Han is saying, could it be that Mr. Han wants to settle this privately?” The woman asked.

“.....” Han Zhong's temples popped a few times, this woman, being a whore and still wanting to set up a pagoda!

She clearly wanted to make her own terms, but was afraid of recording herself on the phone, so she made herself initiate everything.

“That's right, I do want to settle this privately, so make your conditions!” Han Zhong said, “As long as it doesn't violate the law and I can do it, I'll try to satisfy you!”

“I have nothing to offer, but my friend might want to talk to you!” The woman said, “Just wait for the call .....”

When Wang Xin heard this, her eyebrows knitted together and she made a panicked gesture to Han Zhong.

Han Zhong instantly understood and hurriedly said, “Wait a minute, don't hang up yet, I still have a question!”

“Go ahead!” The woman paused for a moment, seeming to hesitate a little, but eventually agreed.

“From your accent I can hear that you should be a Chinese, right?” Han Zhong asked, “I want to know, we are both Chinese, why are you helping outsiders to deal with me? How much they pay you, I can give you ten times that!”

“Sorry, I don’t understand what you’re talking about!” The woman said coldly.

“You really don’t understand?” Han Zhong sneered. He hoped to provoke the woman into arguing with him again in order to stall for time.

“That’s it!” The woman finished speaking and simply hung up the phone.

“Hello. Hello hello?” Han Zhong shouted twice and couldn’t help but curse, “Motherfucker, this woman hung up .....

With that, Han Zhong looked at Wang Xin, “What about it?”

Wang Xin was staring at the computer with a deadly gaze, one hand was crackling on the keyboard, Han Zhong couldn’t help but get nervous.

Ji Feng at this end of the computer was also frowning, waiting for Wang Xin’s result.

“Pop!”

Wang Xin gave a final tap on the keyboard, and she jerked her head up, “Got it!”

Chapter 1637

“Found out?”

Han Zhong was instantly overjoyed and slapped his thighs fiercely, almost roaring out in excitement, “Manager Wang, tell me quickly, where is that woman?”

Manager Wang?

Ji Feng was stunned, and then he reacted that Han Zhong was addressing Wang Xin.

He then remembered that Wang Xin was not just a computer expert, she was also the manager of Tengfei Network Company!

“Wang Xin, what is the other party’s location?” Ji Feng asked.

“Boss, I can’t find out the exact location .....

“Hmm?”

Ji Feng immediately asked, “How so?”

When Han Zhong heard this, he was immediately anxious, and he couldn’t help but ask eagerly, “Manager Wang, didn’t you just say that you had found out, how come you are now saying that you didn’t find out the exact location? What is going on? Where are they?”

Ji Feng frowned: “Han Zhong! Take it easy for now, listen to Wang Xin finish his words.”

Han Zhong nodded helplessly and said, "Sorry, Manager Wang, I'm just too anxious, you shouldn't take it to heart."

Wang Xin shook his head and said, "It's okay."

"Wang Xin, what's going on?" Ji Feng asked, he was also eager to know the reason for Wang Xin's inconsistency, after spending so much effort to set it up, to find out in the end that the plan might fail, it was indeed a bit anxious.

"Boss, it's like this, because the other party used a phone, the signal is not very strong, it should not be a line phone, moreover, the other party most likely used some kind of interference, or there is some kind of interference source in the other party's vicinity, so I can't find out the other party's exact location!" Wang Xin explained, "I just found out a range of one kilometre in diameter!"

"Oh?!"

Ji Feng, however, looked a little surprised, "One kilometre in diameter? Can you be sure that the other party must be within this range?"

Wang Xin nodded, "Can be sure!"

Ji Feng clapped his hands, "Good! One kilometre, that's enough. Wang Xin, you've done a good job!"

Although for most people, one kilometre in diameter was indeed not small, but for Ji Feng, it was no problem at all, not to mention one kilometre, even if it was twice as big, even if it was in the most densely populated downtown, Ji Feng was confident that he would find the person!

"Wang Xin, you immediately send the range you delineated to White Spider, and also send me a copy of it. Meanwhile, you should keep in close contact with White Spider and Manager Yi, continue to track the other party's trail, and feed them the information in a timely manner!" Ji Feng quickly barked.

Wang Xin immediately responded, "Yes!"

"One kilometre, a full kilometre of range!" Han Zhong was a bit agitated, he couldn't help but stand up and walk back and forth in the living room, this kilometre is two miles, with this as the diameter of the range is indeed too small compared to a city, but don't forget, with such a dense population in Jiangzhou, this kilometre as the diameter of the range, at most several thousand families can live!

At the very least, there must be a few hundred!

How could this be found?

"Ji Feng, can you find it?" Han Zhong looked at Ji Feng with some hope and asked.

"..... can!" Ji Feng gave him a very positive answer.

"Really?" Han Zhong couldn't help but confirm again.

"Don't worry, Wang Xin's trace is just the first step, next, there will be other information coming back, and when these information are combined into one piece, it will be easy to find out the other party." Ji Feng said, "We will definitely be able to find them!"

“Can you?” Han Zhong heard Ji Feng say this, his heart was still more or less not quite at ease, he shook his head, his heart had already started to calculate, if he couldn’t find the woman, how to deal with the other side next.

The big deal is ..... to carry it off by himself!

Han Zhong gritted his teeth.

In fact, from this point on we can see the character of Han Zhong, although he was forced by Cheng Haotai and others in recent days are about to explode with anger, but, his mind still remains calm, psychological quality is also quite good, although not yet able to face defeat openly, but can start to prepare the next method of response when defeat is about to come.

..... Of course, in Han Zhong’s opinion, the possibility of success this time is unlikely.

However, Han Zhong is unaware that Ji Feng had actually anticipated the possibility of such a situation occurring long ago, and it is normal for any surprises to occur during an operation, so he had prepared for it long ago.

The only thing is that the result is not yet out, so there is no need to tell Han Zhong.

Moreover, if he told him now, if it failed again, it would be a waste of time for Han Zhong, so it would be better to wait until after it was over.

In fact, in Ji Feng’s opinion, this competition is not really to the point where it’s all or nothing. He has experienced a lot of gunfire, and he doesn’t know how many times he has broken through dangerous situations, so he has long since lost the surprise or anxiety or fear that comes with big ups and downs.

Over there, Wang Xin had already sent the range he had tracked to both White Spider and Yi Xingchen, and then was still trying to figure out how to monitor that area via satellite.

Han Zhong, on the other hand, lit up a cigarette and smoked it hard, his brow furrowed as he pondered what to do next.

Ji Feng shook his head and smiled, still sitting at his computer desk and waiting patiently.

“Buzz~~!”

The phone on the table vibrated a few times, this was the phone he had previously set to vibrate so as not to disturb Wang Xin’s tracking, he casually picked up the phone, “It’s me.”

“Young Ji, this is White Spider.” White Spider’s voice came through, “I’m within that range right now!”

“Oh?”

Ji Feng sat up straight for a moment, “Aren’t you secretly following Cheng Haotai? So ..... now Cheng Haotai is most likely with that woman?”

Previously, Ji Feng had assigned tasks to both White Spider and Qin Feiyu respectively to keep monitoring their respective targets twenty-four hours a day, White Spider’s target was Cheng Haotai, now White Spider said she was within the area that Wang Xin had delineated, didn’t this mean that Cheng Haotai was there?

“What is that place?” Ji Feng immediately asked.

“This is an upscale villa area, I have no way to get in because I don’t have a vehicle pass, so I can only stand guard outside.” White Spider said, “However, I’ve already installed trackers on all of Cheng Haotai’s cars, and now I can accurately locate where his cars are!”

“Good!”

Ji Feng praised, “White Spider, you’ve done a great job!”

The white spider was a little uncomfortable, “Young Ji, what should I do next? Should I act?”

“What is Qin Feiyu’s current location?” Ji Feng asked. When he sent the white spider out, Ji Feng had made Qin Feiyu listen to her orders, so he didn’t have a clear idea of what position Qin Feiyu was in now as the white spider did.

“Young Ji, Qin Feiyu ..... he’s also around here, but it’s outside the other gate of this neighborhood.” Bai Spider said.

“He’s also there?”

Ji Feng was then surprised, “What is this? A big collection of little ghosts? Or is it a group of demons?”

Qin Feiyu was spying on Xiao Ye, and he had also arrived at that upscale villa area, didn’t this mean that Xiao Ye should be there as well? What was this if it wasn’t a mass gathering of demons?

“Young Ji, make a move?” White Spider asked.

“Wait a bit first, how about this, you guys keep a close watch first, if the other party tries to bolt, you guys just make a move, if they still stay there, you guys don’t rush to make a move!” Ji Feng murmured.

“Yes!” White Spider answered.

“Then that’s it for now, if there’s any situation, contact in time.” Ji Feng closed the line.

And then, he quickly dialed Yi Xingchen’s number: “Old Yi, leave a certain amount of security forces behind, the battle team members, all of them are out .....”

Borrowing, Ji Feng made another call, “Uncle Zheng, it is possible to act, now I send you the specific address, I will control the periphery, the specific action, it will be hard for you.”

“Don’t worry, investigate the case, this also belongs to the normal procedure!” Zheng Yuanshan said with great alacrity.

He could be promoted, there must be a favor from Ji Feng in this, before he was thinking how he should thank Ji Feng, now Ji Feng was in trouble, he naturally had to try his best to help.

Ji Feng laughed and said, “Then thanks a lot, Uncle Zheng.”

After hanging up the phone, Ji Feng subconsciously turned the phone quickly in his hand, his fingers were so nimble that the phone was spinning on a few fingertips, but it was hard not to fall down.

“This is really .....” Ji Feng couldn’t help but shake his head and lose his smile, originally painstakingly sent different people to monitor their respective targets, but never thought that the targets actually all ran together!

In fact, Ji Feng did not know that Cheng Haotai and Xiao Ye and the others had been meeting often, and now that they had conspired, they would naturally be in contact more frequently.

They didn’t have the tacit cooperation of Ji Feng, who was in command and had his men at his disposal, so naturally, they couldn’t be like Ji Feng, who only needed one person to hide and sit in command while the others did their own thing.

It was precisely because Ji Feng had surmised this shortcoming of theirs that he dared to put his main focus on the woman who had set Han Zhong up!

Now it seemed that his judgment was completely correct, the gang had gathered together and must be coming up with some bad ideas again, perhaps, they were watching the woman on the phone right next to her!

“Pop!”

Ji Feng grabbed the phone and then stood up, he was going to see for himself.

.....

And at that moment, inside a villa in some upscale villa area in Jiangzhou, that woman was reporting to Xiao Ye and Cheng Haotai about the call with Han Zhong.

“In that case, Han Zhong has gone soft?” Cheng Haotai asked.

“Yes!” The woman nodded her head.

“Good!”

Cheng Haotai slapped his thighs, greatly delighted, his eyebrows were dancing, he was truly beaming, “Ghost, you did a good job this time!”

The woman, however, looked at Ono and only when she saw the latter nod did she nod her head in delight.

Cheng Haotai was a little uncomfortable, but he was soon washed away by the joy of Han Zhong’s submission, and he said, “Ono-kun, we’re only one step away from success, and it’s all thanks to your good command!”

A smile appeared on Ono’s taut face, “You guys also deserve the credit, I will report to the headquarters, when the time comes, not only will you officially become a Kaitoujin, but also, you will have shares in the group, and at the same time, the organisation might consider letting you join officially!”

Chapter 1638

“Really?” Cheng Haotai was overjoyed at his words, “You can really let me join the organization?”

“Your performance is in the eyes of the top and will remember your merits!” Ono said with a nod.

Cheng Haotai was instantly overjoyed, he couldn't help but say, "Actually I didn't get much credit, it was mainly due to Ono-kun's wisdom, and the fact that those Chinese were too stupid to deal with them, it was a handful, if Ono-kun had carried it out himself, I'm afraid it would have been taken down a long time ago!"

As he said this, he seemed to forget that up to this point he was still a Chinese.

Ono waved his hand, looking modest, but his face still unconsciously showed a hint of pride. Indeed, Cheng Haotai was right in saying that the Chinese, indeed, were too stupid.

Just a small tactic made those Chinese people furious and even arrogant enough to go straight to smash the Hao Tai Hotel, but in vain gave their opponents a huge handle and finally had to give in, simply stupid!

If it wasn't for the opponent's stupid move, it might have taken a while to take down the Tengfei Group, but now, the opponent has practically given the Tengfei Group away for nothing.

No!

Such foolishness cannot be called an opponent at all!

Not only those Chinese are stupid, all Chinese are stupid, including Cheng Haotai and those foreign students.

So for them, Ono was only going to use them as lapdogs, as for wanting to call them friends ..... how could that be!

Ono's body leaned back slightly, which was a sign of pride.

And at this time, Cheng Haotai was in the same state of excitement. He also did not expect that his plan would succeed so smoothly, especially, Ono actually said that the organization might also absorb him to join, this is really better news than taking down the Tengfei Group!

Although Cheng Haotai did not know much about the organisation, he had only heard a little about it, but even so, it did not stop him from being in awe of it and aspiring to it.

He had seen with his own eyes how powerful the super fighters trained by the organisation were. Those fighters could actually lift a small car with their bare hands, which was beyond human imagination.

I heard that these are only the most junior super warriors, apart from these warriors, there are even more advanced ones, they are even more powerful, it is said that those even more advanced warriors, even guns can't kill them, and have a long life span, this is simply superhuman!

If you can have such a warrior to protect you, what else is there to fear in this world?

Of course, the organisation must be even more powerful.

Apart from that, the organisation is even more powerful in other aspects, for example, economically, the organisation has extremely close cooperation with the government of Kaitou, and several large multinational group companies in Kaitou have close relations with the organisation, and some of them are even owned by the organisation itself!

One can only imagine how powerful the organisation is.

Now that I can join the organization, won't I be able to walk around in the future?

As for Ono .....

The rest of the planning and execution was done by himself, but now, with just a light word, he took the credit for himself, what an abomination!

Cheng Haotai glanced at Ono without a trace, and sneered in his heart, one day, he could surpass him, and then, it would be hard to say who was in charge of whom.

The people in the room all had smiles on their faces and were each calculating in their hearts. They were unaware that the call they had just made, which they thought they had won, had made them throw themselves into the net, and what awaited them was not a good end.

"Knock, knock, knock!"

Suddenly, there was a knock on the door, followed by a young man, not very tall, walking in and whispering a few words in Ono's ear.

Ono, however, turned pale: "A policeman is here? Straight here?"

The small man nodded and said a few words in a gibberish voice.

Cheng Haotai couldn't help but ask, "Ono-kun, what's wrong? Is something wrong?"

Ono said, "There are police officers coming, so to avoid trouble, it's better for us to leave here first, now that things have come to a head, don't make trouble!"

Cheng Haotai's heart immediately tightened and he immediately nodded, "Alright then, let's go through the back door."

Several people immediately got up, pushed open a door through the stairway behind the living room and quickly left the villa.

At the same time, Ono said, "Cheng Jun, you are more familiar with China and it is easier to deal with the Chinese police, I will leave two bodyguards for you to deal with if there is any problem!"

"This ..... is fine!" Cheng Haotai nodded his head, but in his heart he was cursing, there is danger for me to stay behind, but he grabbed the credit himself, how fucking shameless!

Although Cheng Haotai's heart was very dissatisfied, but there was nothing he could do, and he did not dare to resist, so he had to stay in the living room with his two bodyguards first.

And at this time, the police had also knocked on the door.

.....

"White spider, no one has come out, right?"

Under a big tree outside the gate of this upscale villa area, there was a black Audi A6 parked, only, the license plate was somewhat blurred, and the god-colored car film also made it impossible to see the inside clearly from the outside.

This is precisely Ji Feng's car, which had been driven by Zhang Lei before, but this close to the exam, Tong Lei in order to let him study at ease, took the car back from him, promising to let him drive it back again when the exam was over. So now that it was left at home, it came in handy, and Ji Feng gave the car to Bai Spider to use.

After Ji Feng arrived, he pulled open the car door and sat in the back row, asking in a low voice.

At this moment, the white spider was leaning against the front row, the backrest placed very low, she said: "Cheng Haotai and others have not come out of this door, and there is no movement at Qin Feiyu's place. This is a gated community with strict security management, I can't get in."

Ji Feng nodded slightly, "That means they are still inside, now the police have gone in, I believe there will be results soon."

Saying that, Ji Feng looked at Bai Spider and found that there was a trace of fatigue between her eyebrows, he couldn't help but shake his head and said, "Bai Spider, it's been hard for you."

Bai Spider had practiced body building exercises and had extraordinary strength, even she was feeling tired, so one could imagine how hard it had been these two days.

"I'm fine!" White Spider smiled sweetly.

"You can rest for a while, I'll keep an eye on it!" Ji Feng knew her character and didn't talk nonsense to her, he said directly.

"It's fine, this is almost over anyway, I've been working for two days for this moment, I can't beat a retreat now!" White Spider said, "I'll rest when we're done!"

Ji Feng glared at him, "What, now you've learned to resist orders too?"

Bai Spider pursed her lips and laughed lightly, not saying anything.

Ji Feng then nodded helplessly and didn't say anything more, this was not the time to argue.

"Zizi~~!"

Suddenly, a voice came from the intercom on the passenger seat, "The target has appeared at my place, what should we do?!"

It was Qin Feiyu's voice, it seemed that he had found the target, so the white spider glanced at Ji Feng.

Ji Feng immediately said, "Ask how many of them are there?"

"Two cars, at least seven people!" Qin Feiyu said.

"Stop them!" Ji Feng shouted lowly, while he also took out an intercom from his waist and said in a low voice, "Ruo Nan, what's the situation inside?"

The police officer in charge of leading the team this time was none other than Li Ruo Nan, everything was well laid out here, Li Ruo Nan wouldn't be in any danger if she came, it was considered a credit for nothing, it was also considered Zheng Yuan Shan training her and at the same time giving Li Baoyuan a favor.

"Zizi~~"

"There's only Cheng Haotai and the two bodyguards in the villa, there's no one else, but a back door was found here, someone might have left early." Li Ruonan's voice came over.

"You immediately arrest Cheng Haotai, I'll deal with the others!" When Ji Feng finished speaking, he said directly to White Spider, "White Spider, drive, go to Qin Feiyu's place."

"Yes!"

White Spider immediately started the car and hurriedly sped towards the other gate of the villa area.

This villa area was not very big, and it only took a few minutes to drive to the other gate.

Some distance away from the other gate, Ji Feng saw a scene that stunned him, only to see a car straddling the gate of the villa area, and inside the gate, two cars actually accelerated and rushed over.

Boom!

Those two cars unreservedly crashed into the one straddling the gate, surprisingly ramming a path raw and ready to rush out of the villa area to escape!

"The car that was hit is Qin Feiyu's car!" White Spider immediately whispered, "Young Ji, let's make a move!"

"Wait a little longer, they can't escape."

Ji Feng smiled, "Let's see how Qin Feiyu behaves before we say anything."

White Spider nodded, understanding Ji Feng's meaning.

The duo prepared to make a move at any time while keeping a close eye on the situation in front of the villa area. Only to see that after Qin Feiyu's car was knocked out of the way, he was fiercely starting to accelerate, and just as one of the cars tried to rush out, he directly crashed into it, with a loud bang, he directly crashed that car into the flower bed on the roadside, holding that car dead on.

However, Qin Feiyu didn't have time to stop the other car at this moment, seeing that the remaining car was about to rush out, but Qin Feiyu opened the door and rolled off the car on the ground, and then he didn't know what he threw out of his hand.

Gollum~~!

The car was about to rush out, but two rocks suddenly rolled down from the flower garden in front of it, blocking the road!

At the same time, the people in the car also reacted extremely quickly, directly out of the front door two people, one person holding a stone, surprisingly raw to move the stone away!

Ji Feng could see clearly that the two rocks weighed at least two to three hundred pounds each, so it was very good if an ordinary person could push them, let alone pick them up.

Looking at the not so strong bodies of those two people, Ji Feng's eyebrows tightened up: "Transformed people?"

Chapter 1639

Ji Feng's expression immediately gripped, he found that these two people were most likely reformers!

He immediately took it seriously, how could they still involve reformers?

Could it be that he had misread the situation?

At this time, the situation in front of him changed again. The two men moved the stone away and were about to get into the car, but unexpectedly, Qin Feiyu had already forced his way in front of him and struck one of them with a fierce elbow on the back.

If an ordinary person had been hit, he would have fallen to the ground in an instant, in agony. Although his back was protected by his back, unlike his chest, a blow to his back would also cause severe pain to his internal organs, and even his whole back would be in pain, making it difficult for him to stand up.

However, after being struck, the man only jerked forward and rolled on the ground before standing straight up, his beast-like eyes staring at Qin Feiyu.

Whew!

The other man also approached Qin Feiyu, and the three of them were in a hand-to-hand position, those two wanted to pin down Qin Feiyu.

Ji Feng's brow furrowed even tighter!

He could now conclude that those two people, either had special training or, they were reformed people, which was evident both from their strength and their resistance to blows.

"Young Ji, should we go down and help?" White Spider asked.

"No need for now." Ji Feng waved his hand, he just wanted to see Qin Feiyu's true strength, now that he had encountered such two tough opponents, it was the perfect time to test it, "We'll go down when Qin Feiyu is about to lose support."

White Spider nodded, "Young Ji, there's still someone in that car."

Ji Feng glanced at the parked car, and at a glance, he saw a burly man who was sitting in the back seat of the car, this person looked a little thin, wore glasses, and looked to have a very special aura.

The boundary tent man!

Even from a long distance away, Ji Feng could tell at a glance that this guy was definitely not a Chinese, as that aura was still a bit different from that of a Chinese.

Ji Feng then secretly sneered, it seemed that this time, he had caught the right person.

He then looked at the car behind him, but because the distance was a bit far, and there was Qin Feiyu's car in the way, so it was not clear what kind of person was doing inside, but, just seeing that boundary tent man, Ji Feng could conclude that this time the harvest would definitely not be small.

Because the reckoning of Han Zhong was originally done by Cheng Haotai and the boundary tent man together, and then based on the information he had gotten before, he could conclude that this person should be the boundary tent man that Qin Feiyu was responsible for tracking, Xiao Ye.

"Ho!"

Suddenly, a loud shout came out.

Ji Feng immediately followed the sound and found that Qin Feiyu had already exchanged blows with those two people, and, the situation on the field was a little surprising to Ji Feng.

Only to see that as soon as the three of them exchanged blows, one of the guys, who had been padded by Qin Feiyu, slammed a shoulder smash directly into the man's chest, and the latter was instantly knocked backwards and fell heavily on the ground.

Then the man only tumbled backwards on the ground, and then surprisingly got up again and charged straight over.

"What a strong body that man has!" The white spider also couldn't help but say in amazement, "Being knocked out like that, his movement was actually not affected at all, this guy's body is made of iron, right?"

Pain is a natural human reaction, even people with tough nerves will be affected by pain, this is an objective factor, it's just that some people can endure it, others are afraid of pain and can't.

But this person in front of her was not affected at all, which was a bit out of the expectation of the white spider, she originally thought that Qin Feiyu would be able to destroy a person's fighting ability in just one shot!

"Whether it's made of iron or not I don't know, but an ordinary person's body certainly can't stand such a blow, even a very strong person would move more or less slowly after being hit like that, but this guy managed to remain unaffected, huh ....." Ji Feng laughed. "There are only two kinds of people who would behave like this."

"Which two kinds of people?" White Spider asked.

"One kind, a robot, which itself doesn't know what pain is and can keep fighting as long as the parts don't get broken and as long as it has energy." Ji Feng said.

White Spider looked at the two guys and shook his head, these two guys were obviously not robots.

"The second one well ....."

"Transformer?!" White Spider's face changed, "They're transformers!"

"Oh?"

Ji Feng was a bit surprised, the last sentence of White Spider was very certain, apparently he had already concluded that they were reformers, "How did you see that?"

He was only guessing now, but the White Spider was very sure.

The White Spider said, "Young Ji, look at their bodies carefully, aren't they a bit different from ordinary people! Especially look at their backs and the bends in their legs."

Ji Feng raised his eyebrows and looked carefully, and he really found that the bending of those two men's backs and legs seemed to have a rhythm, like the one on the left, when he was ducking down to avoid Qin Feiyu's fist, he first crouched down with both legs, and then bent his head down.

At first glance, it seemed like there was nothing wrong with this, everyone did it this way.

However, in reality, Ji Feng knew that in fact, if a normal person were to do this action, he would definitely subconsciously lower his head first, bend his waist and then squat with his legs.

Don't look at just such a simple sequence, but it was enough to show that this person was not quite the same as a normal person.

Not a robot, and different from a normal human ..... then it can only be a modified human!

"Young Ji, the two of them are transformers, there are still people in the other car who have not come out, Qin Feiyu is definitely not a match for them!" White Spider said, "If we go down late, will we let the other side get away?"

"Don't worry, definitely not, the outside has been set up, there are police inside, and we are here, unless they have wings, they are dreaming if they want to run away!" Ji Feng laughed.

Only then did the white spider put her heart down.

Ji Feng said, "White Spider, you are confident to watch the battle between Qin Feiyu and these two reformers, we will definitely fight with reformers again in the future, so if we see more now, we can learn more about our opponents."

White Spider nodded, but in her heart she was wondering, she was going to fight a Transformer in the future?

At this time, Qin Feiyu was also caught in a bitter battle.

Those two transformers were really somehow outrageously strong, to say that they hit each other, Qin Feiyu didn't know how many times he had hit these two, yet, there was no way to cause them substantial damage, but their attacks were threatening to Qin Feiyu, yet their body was not as fast as Qin Feiyu's, so the two sides were just stalemated.

For a while, no one could do anything to anyone.

After observing carefully for a moment, Ji Feng could not help but nod his head, Qin Feiyu's body was indeed very good, his attacks were harsh and fast, and his moves attacked the vital points, he was a powerful person.

Only, those two transformers' bodies were too perverted, moreover, there were still security guards on duty at the gate of the villa area who had seen the car crash and fight over here and were coming this way, so Qin Feiyu could not conveniently use more ruthless moves and could not help those two.

However, at this time, those people sitting in the car seemed to be impatient with waiting.

All they could hear was the constant beeping of the horn, and, surprisingly, the car in front of them moved again.

"Young Ji, they are going to run!" White Spider said.

"Crash through!" Ji Feng said.

"Yes!"

At this order from Ji Feng, White Spider didn't hesitate in the slightest and drove straight through.

At the same time, the car on the opposite side also rushed over quickly and the two cars were crashing together.

Boom~!

The airbags popped off, but at the same time as they hit the car, Ji Feng and White Spider had rolled out of the car on the ground, while the people in the opposite car were not so lucky.

Ji Feng and the two of them rolled over the front of the car, one left and one right pulled the other's door open, and they saw that a man in the driver's seat was struggling desperately, the airbag had covered his face, because the car had been somewhat deformed by the collision, so this man happened to be stuck inside, and I'm afraid he was suffocated quite badly.

"Check the back seat of the car, we'll get him out later!" Ji Feng said.

"Yes!"

The two of them then stopped caring about this guy who was suffocated by the airbag and looked at the back seat of the car, only to find that there was no one there.

Ji Feng then immediately understood that this person driving the car was Xiao Ye, he probably saw that Qin Feiyu had actually stopped those two reformers and got scared in his heart, so this was why he climbed from the back seat to the front and tried to drive away, but he was stopped.

"It's really hard for you!" Ji Feng glanced at the front seats, there wasn't much of a gap in between, if it was him, how could he not be able to climb to the front, but this Xiaonuo could actually ..... seem, the short stature of the boundary tent people in some moments is actually still an advantage ah!

Ji Feng not without ridicule as such thought .....

"White spider, hold him!" Ji Feng no longer paid attention to this brat and suddenly accelerated, rushing towards the two reformers who were fighting Qin Feiyu intensely.

"Sir be careful, these two ....." Qin Feiyu shouted when he saw Ji Feng rushing towards him, however, his voice stopped abruptly before he finished shouting.

Because, Qin Feiyu saw an incredible scene.

He only saw Ji Feng rushing over, simply flying up and kicking one of the men in the side ribs, and that man was directly kicked out sideways, his body twitching violently, unable to get up again.

Qin Feiyu was horrified, how strong did Ji Feng's kick have to be to kick this monster of a man into such a state, it was like a dead dog!

However, at this moment when Qin Feiyu was dazed, Ji Feng had already landed on the ground, and with a back swing of his leg, he directly smashed the remaining guy to the ground, and this guy's end was no better than his companion's. He was also twitching all over his body, and an extremely odd low roar and moan came out of his throat, seemingly in immense pain.

One kick and one hit, and that was all it took to beat two perverted fellows out of shape?

Qin Feiyu was stunned beyond belief.

Chapter 1640

"This ....."

Qin Feiyu couldn't help but be dumbfounded as he watched the two guys on the ground as their bodies twitched violently, their faces no longer had the beast-like ferocity they had before, all that was left was an extremely painful look.

Qin Feiyu knew only too well how powerful these two guys were.

Just now, he had actually done his best to fight these two guys to the death, but he was simply unable to inflict even half an ounce of damage to these two guys.

Even for those specially trained bodyguards or elites, if they were hit by his killing moves, they would not be able to get up with such ease.

When Qin Feiyu was on a mission in the past, he had fought with those powerful guys more than once, but never once was it as tough as today.

The two guys on the ground were like undead robots, no matter how they were hit, the other side didn't care. When they hit them in the chest and sent them flying straight away, they just rolled on the ground for a moment and then stood up again, even their movements and speed were not affected in the slightest, this was simply a bit unbelievable.

Qin Feiyu couldn't help but feel a hint of powerlessness, these two guys didn't seem to know pain or fatigue, but he couldn't. He was still a human being after all, and the kind of life and death struggle he had been in earlier was also the most physically and mentally draining, he had to be highly concentrated and put his best foot forward, otherwise, all that awaited him was death!

But as time went on, Qin Feiyu was helpless, his physical strength was beginning to deplete, but his opponent was tireless, if not for Ji Feng's timely action, he would not have been able to hold on.

Ji Feng's tactics, however, left Qin Feiyu astonished.

This was simply a thunderous attack!

With just one kick, he made this almost perverted guy fall to the ground and appeared to be in unbearable pain, clearly suffering from heavy injuries.

This made Qin Feiyu couldn't believe his eyes!

He knew how powerful Ji Feng was, when he had gone to rescue him when Yan Hong had assassinated him, he knew how powerful Ji Feng was.

However, how could he have ever imagined that Ji Feng's strength was so terrifying to this extent?

One kick at a time!

The two perverts who had been fighting him to the death the moment before, leaving him exhausted, had been taken down by Ji Feng just like that, these two people did not even have the slightest bit of resistance, just like two ants facing a big foot that was stepping down rapidly, not to mention resistance, they did not even have the ability to dodge.

How could Ji Feng be so strong?

Qin Feiyu's back was a bit chilly, no wonder Ji Feng was so calm even in the face of a bomb that day.

Now that Qin Feiyu thought about the situation at that time, he couldn't help but feel a bit scared in his heart. With Ji Feng's skills and speed, if he had suddenly launched an attack at that time, he might have really been able to kill himself with a single blow without even having the chance to detonate the bomb!

What a powerful tactic!

Qin Feiyu couldn't help but exclaim in his heart once again.

"Don't stand still, tie them up!" Ji Feng said, and then, walked towards the car that was blocked.

"I'll go!"

Only then did Qin Feiyu suddenly react and said in a hurry.

Ji Feng nodded, "Fine!"

Qin Feiyu then quickly rushed over, while still unable to resist looking back at the two guys on the ground again, still shaken in his heart.

Ji Feng squatted down and ran his body hand over those two guys, and couldn't help but let out a cold hum.

Sure enough!

These two guys were reformers.

Moreover, just like those transformers he had met before, although their bodies still looked like normal people, those inner bones were much harder and seemed heavier in texture than normal people.

Ji Feng directly tore open their tops and carefully pressed a few times on their shoulders and elbows, and couldn't help but nod slightly.

Sure enough, it was the same as all those reformers in the past, there was nothing wrong with these two people's shoulders, but the elbows, however, were slightly so gaping.

Their hands were removable, this kind of person, the reformer that Ji Feng met when he first met He Hongwei to assassinate him, had this kind of body structure, so needless to say, inside their body, it must be metal!

Ji Feng immediately made the judgement that these were the most ordinary transformers, not the same as the advanced transformers he had seen. It was believed that if these two guys were advanced transformers, Qin Feiyu was afraid that he wouldn't last more than a few moves before they would be seriously injured by them, and Ji Feng was still very clear about the strength of advanced transformers.

This matter actually involved reformers?

Then it goes without saying that it must have a very close relationship with the dynasty!

"Could it be that the mastermind behind this matter is the dynasty?" Ji Feng's brow couldn't help but wrinkle up.

"Young Ji!"

White Spider's voice came as she carried a man in her hand and walked over in stride, casually throwing this man to the ground, immediately dropping the other party with a woop.

This was a very shocking scene, although Bai Spider was tall, she was after all a woman and did not appear to be much fit, yet she could easily carry a man, and looking at her throwing action, it was as if she was casually carrying a dead fish and just threw it on the ground.

Ji Feng glanced at the man who was thrown to the ground, but was it not Xiao Ye?

This short statured boundary tent man had a very ugly face and looked in great pain, not knowing if it was from the fall or from being suffocated by the airbag earlier.

But Ji Feng's attention was not on Xiao Ye's figure and face, the fact that the boundary tent man was not tall was a fact, Ji Feng naturally did not need to make a fuss, what he was concerned about now was whether this Xiao Ye, was a dynasty man or not!

The first thing that I would like to do is to ask you to take a look at the list of people who are in the dynasty, and if so, then he is a more important person.

These reformers were all killing machines, they only knew how to follow orders, they didn't know much about the dynasty.

But Ono was different, if he was a member of the management, then he would definitely know something about the dynasty, maybe even, he knew some important information.

"Tie them up and throw them all onto the car!" Ji Feng said, and directly pulled the belts off those two reformers' bodies, tied them up backhanded, and then slapped them twice on their bodies, and then, he saw those two reformers' bodies twitch violently for a few times, and then their heads tilted and they didn't move.

At this time, the white spider had also tied up Xiao Ye as well, as ordered by Ji Feng.

Ji Feng reminded, "Pry open his mouth and check if there are any poisonous teeth!"

Whether it was the Boundary Tent people or the Dynasty people, they were all a bunch of lunatics, and it was likely that Xiao Ye knew something important, so Ji Feng had to be cautious.

The white spider nodded, and without seeing her move, a cold dagger appeared in her hand, she directly put the dagger \*\*\*\* Xiao Ye's teeth, and then she pried open his mouth .....

"Oooooo~~~"

Ono let out a painful sound, and just as he tried to resist, the white spider flicked her wrist violently, and the dagger suddenly stirred in his mouth.

"Ahh..."

Ono let out a miserable cry, his mouth opened wide for a moment, but because he resisted, a few teeth were stirred out!

After carefully examining him, the white spider then coldly snorted and used the handle of the dagger to knock Xiao Ye directly on the back of his head, instantly knocking him unconscious, before carrying him and throwing him to the car.

Ji Feng couldn't help but shake his head and smile as he watched, also throwing the remaining two reformers onto the car.

"Come out!"

A cold cry came from Qin Feiyu, who had also arrived in front of that car by now, and there were two guys in black clothes lying on the ground, looking like bodyguards.

With Qin Feiyu's cold shout, the car door opened and the two women came down with pale faces.

Ji Feng was stunned, how come there were two women, which one was the one who had counted on Han Zhong?

Without having time to think more, Ji Feng barked, "Tie them both up!"

"Hey! Who are you people? Why are you making trouble here?" At this time, several security guards at the entrance of the villa area all ran over with their batons, what had just happened was a bit sudden and the fight between Qin Feiyu and those two men were both too fierce for them to come over.

Qin Feiyu glanced at them and did not say anything, he just casually tore the jacket of one of the bodyguards and tied up both of those women with strips of cloth.

"Say you, do you hear me ....." one of the security guards shouted, but did not dare to come closer. They had seen the fight between Qin Feiyu and those two just now, and they didn't think that the batons in their hands would be able to protect them.

"Woooooooooooooooo~!" The sound of sirens however suddenly came.

Those few security guards were instantly relieved and stood not far away, but they did not dare to approach.

Several police cars drove out from the small area and stopped at the entrance, several police officers quickly got off, the leader was none other than Li Ruonan.

Seeing the scene at the door, Li Ruonan immediately knitted her eyebrows, the few cars that crashed were really a bit miserable.

“Ji Feng, how is the situation? Li Ruonan quickly walked over and hurriedly asked.

“They’ve all been caught, none of them got away!” Ji Feng laughed, “How’s the situation inside?”

“Cheng Haotai and the two bodyguards were all caught, but that guy had an arrogant attitude and kept screaming.” Li Ruonan said.

“By now, he’s still arrogant?”

Ji Feng sneered, “It seems that he still thinks that his boundary tent master can protect him!”

Ji Feng asked casually, “Where is he?”

Li Ruonan said, “In order to avoid any further accidents, I have asked Xiaodin to bring someone to escort him back first.”

Ji Feng immediately said in a deep voice, “Let’s go! Go to the police station and meet that bastard, I’ll see how arrogant he can be!”

Li Ruonan nodded and left a few policemen to handle the scene, while the others all got into the car and headed straight to the police station.

At this point, the arrest operation was completely over, and all those guys who had set Han Zhong up were caught in the net!
