Chapter 1641

On the way to the police station, Ji Feng dialed Han Zhong's phone number, this guy was afraid that he had been waiting at home for a long time, so it was better to tell him the news earlier.

"Hello, Han Zhong." When the call came through, Ji Feng just opened his mouth and before he could continue speaking, Han Zhong's eager voice came through.

"Ji Feng, what's the situation, did you catch him?" Han Zhong asked urgently, "Was the operation successful?"

"Don't worry, they've all been caught!" Ji Feng laughed.

"Really?!"

Han Zhong's voice instantly increased several times, and he almost shouted out, "Damn it! Great, Ji Feng, you're really good, good job"

Ji Feng: "..... Are you even talking about the set up?!"

Listening to Han Zhong's almost incoherent words, Ji Feng couldn't help but shake his head and laugh, how could he be angry and cursing and happy at the same time?

Ji Feng also knew that Han Zhong was extremely excited to be like this.

In fact, thinking about it, ever since he had been set up for no reason, Han Zhong had been thinking about getting revenge back, but he didn't know who had actually set him up.

Later, when he found out that the matter was related to Cheng Haotai, Ji Feng took him to find trouble with Cheng Haotai, and as a result, their actions became a handle to give to his opponent for nothing, and that son of a bitch Cheng Haotai even used this handle to directly threaten him and Ji Feng.

The woman's backbiting on the phone, and Cheng Haotai's smug look, almost made Han Zhong's lungs explode with anger.

If it was possible, he would have wanted to bite Cheng Haotai and the woman to death, but there was no other way, they were holding their own hand, and Ji Feng was involved, so Han Zhong could only grit his teeth and endure.

Later on, when Han Zhong knew that Ji Feng had already started planning a counterattack, he kept expecting it in his heart. When one expects something, the cruelest thing is to have one's hopes dashed. Therefore, ever since the counter-attack began, Han Zhong has been saying that he was apprehensive and anxious, desperate to catch the woman, but also afraid that the counter-attack would fail in the end.

Now that the person has been caught, Han Zhong's heart has finally settled down!

"Ji Feng, where are you guys now?" Han Zhong immediately asked, "Is it convenient for me to come over?"

“You want to come over?”

“Yes! Those people have been caught, how can I be missing at this time?” Han Zhong said eagerly, “Help me fight for it and try to get me over there! Please please please!”

Ji Feng pondered for a moment before nodding and saying, “Alright then, we’re heading to the city bureau now, so you can go straight to the city bureau!”

“Okay!”

Han Zhong was immediately overjoyed, “Then let’s do this first, I won’t talk to you too much, I’ll go to the City Bureau here

Ji Feng, however, laughed bitterly: “You wait for a moment, give the phone to Wang Xin.”

Han Zhong was stunned, and immediately slapped his head, “I am overjoyed

Then, Wang Xin’s voice came through, “Boss, have you caught the man?”

“Yes, they’ve all been caught, thanks to you! Wang Xin, it’s hard work for you.” Ji Feng said with a smile.

In order to track down the other party, Wang Xin and Wang Hu both put down all their work at the network company and had been staying at Han Zhong’s house for two days, I believe their spirits must have been highly tense these two days, a random phone call would make their nerves tense, so it was indeed hard work.

Wang Xin is a little embarrassed: “Boss you overpraise, where do I get the credit, are not traced to the other party’s detailed address, can only be a general range

Ji Feng laughed: “That’s not the way to say it, this operation can be successful, you are definitely the first credit, if it was not for you to delineate a range, we are more capable, but also can not find the other party ah!”

Without Wang Xin’s tracking, they would never have been able to catch that mysterious woman, much less Cheng Haotai and Xiao Ye.

Although before this, White Spider and Qin Feiyu had already followed Cheng Haotai and Xiaoye to the vicinity of that villa respectively, they had no idea who was in the villa, let alone if the woman was inside.

Therefore, the two of them simply did not dare to act casually, and Ji Feng likewise did not dare. If this was just a place where Xiao Ye and Cheng Haotai met, if they made an arrest, they would not only make a mess by then, but would also alert the snake, and it would not be so easy to catch that mysterious woman again in the future.

Therefore, Wang Xin’s tracking was actually tantamount to giving the most important piece of information – that woman was in that villa!

Only after confirming this information did Ji Feng dare to make his move.

Wang Xin should take the first credit!

Afterwards, Ji Feng told Wang Xin to go back and rest first, and then he hung up the phone and rushed to the City Bureau.

When Ji Feng arrived at the city bureau, he found that Han Zhong, who had left even later than him, had actually arrived and was waiting at the gate of the police station, so it was clear how eager this guy was, he might have run as many red lights as he could on the way!

“Ji Feng, where are they?” As soon as he saw Ji Feng coming, Han Zhong immediately asked eagerly.

“The people have been caught, you’ll see them sooner or later, so anxious?” Ji Feng couldn’t help but laugh.

“Nonsense, I’ve been going crazy with suffocation for a while!” Han Zhong said.

“Come with me!” Ji Feng laughed.

“Hurry up and hurry up.” Han Zhong kept urging.

Ji Feng shook his head and smiled, and led Han Zhong to the police station’s office building, where the interrogation room was located. Ji Feng first contacted Li Ruonan and learned that Cheng Haotai and the others had all been put into the interrogation room, and only then did he bring Han Zhong over.

When the duo came over, Li Ruo Nan was already waiting at the stairway.

“Ji Feng, let me say something ugly up front, although you are also directly involved in this matter, your status is not that of a police officer after all, so you have to grasp the situation and not act recklessly!” Li Ruonan asked as she led the two of them upstairs.

“No problem!” Ji Feng replied with a smile.

“I’m talking to you very seriously, don’t take me as a joke!” Li Ruonan’s beautiful eyes glared, “This is the first big case I’m hosting, if you mess it up, see how I’ll fix you up!”

Sweat!

It looks like this girl still wants to throw her weight around?

“Good

Ji Feng held back his laughter and nodded his head.

Only then did Li Ruonan nod slightly in satisfaction and said, “That’s good almost!”

Ha

Ji Feng almost didn’t laugh out loud, why did he feel so awkward when he saw Li RuoNan’s serious look.

“By the way, that Xiao Ye’s information, did you find out?” Ji Feng suddenly remembered something and asked, “And the identities of those two women, including their bodyguards, have you checked all that?”

“You think I’m a supercomputer?”

Li Ruonan gave him a blank look, "I only came back about twenty minutes earlier than you, okay, after I came back I placed all the people separately, and then set up manpower to watch them, and also had to go and report to the leaders where did I have time to investigate?"

Ji Feng: "....."

He helplessly scratched his head: "That said, when you took over this case, the first thing you had to do was not to first investigate the background and identity of all these people? I remember that Han Zhong had just reported the case to you and had already named these suspects, huh?"

When Li Ruonan heard this, she couldn't help but blush slightly, but soon she tensed up her face, "What, are you going to question my ability to handle the case?"

Ji Feng: "..... wouldn't dare."

Li Ruonan hummed, "Don't be so nonsense if you don't dare, I've already arranged for someone to investigate the identity of these people, only that the results are not out yet."

"It's been several days and there are still no results?" Ji Feng frowned, "It seems that these people's identities are hidden deep enough!"

Although Ji Feng had doubts about Li Ruonan's ability to handle the case alone, he had no doubts at all about the ability of the rest of the police, and the police's sources of information.

But after these few days had passed, Li Ruonan still hadn't investigated anything, which was a bit strange.

Unless, indeed, this Ono's true identity was hidden very deeply!

"This guy!"

Li Ruonan's face was slightly red again. She was, however, embarrassed to tell Ji Feng that she had only sent someone to investigate the identity of Xiao Ye and the others before she received Ji Feng's call to go and arrest them, because before that, she felt that she had to start with Cheng Haotai's background first, and with Xiao Ye she had only briefly investigated and found that there was no problem with any of his identities

But now it seems that her previous investigation was obviously inaccurate, Little Wild must have other identities apart from this explicit one!

But this kind of thing, Li Ruonan is naturally embarrassed to say, otherwise, she believes that this guy Ji Feng will definitely laugh at her for being inexperienced in handling cases and being a rash youngster

"Boom boom boom"

Suddenly, there was a dull sound in the corridor, as if someone was banging hard on the table with something.

The corridor was originally very quiet, but as a result, it suddenly came so harsh that it seemed very harsh, so that Ji Feng could not help but be abruptly alert, his nerves slightly tense.

Li Ruonan's face darkened, "Here we go again!"

Ji Feng instantly said, "What's wrong?"

"What else can it be!" Li Ruonan said without good humour.

"It's still those few bodyguards who are making trouble, or Cheng Haotai, from the moment they were arrested, their attitude has been very arrogant, by the way, there's also that boundary tent man, his attitude is even more outrageous, when he was first arrested, he was like a madman, he refused to enter the interrogation room, finally he couldn't resist anymore, so he kicked hard at the door!"

"If they hadn't been stopped in time, these people could have made a scene!" Li Ruonan's face was not too good when she spoke, in fact, that gang was not only uncooperative, but also very irritating in their words, especially when they saw her, a woman, as a police officer, that Cheng Haotai was saying anything.

Li Ruonan was also mindful of her own status, otherwise she would have knocked that guy's mouth full of teeth out!

That old bastard!

When Ji Feng smiled, his face went cold: "They've all been arrested, and this gang still dares to be so arrogant?"

He couldn't help but sneer, "Let's go! I want to see how much more arrogant they can be and what else they can be arrogant about!"

Chapter 1642

Bang, bang, bang!

"Let me out! Have you eaten the guts of a leopard? Do you know who I am?"

As they were talking, Ji Feng and the others arrived at the door of an interrogation room, and immediately they heard a roar coming from inside, and that attitude was, indeed, arrogant: "I'm telling you, don't think that just because you're police officers, you've messed with the wrong people!"

As soon as Han Zhong heard the voice, he became furious: "Fuck him, it's Cheng Haotai!"

Although Han Zhong had not heard that bastard Cheng Haotai's voice many times, he remembered it firmly. If it was anyone else who was being set up like this, I'm afraid that even if he heard the other party say one word, he would be able to remember his voice, not to mention the fact that Han Zhong had spoken to Cheng Haotai on the phone several times and had even met him face to face.

He gritted his teeth, wishing he could push open the door and rush into the interrogation room right now, and ruthlessly go after that son of a bitch. But if Li Ruonan didn't say anything, he couldn't move.

Ji Feng nodded slightly, and of course he could hear that the voice was Cheng Haotai's.

Moreover, it sounded like Cheng Haotai was very arrogant!

Who was he to do that?

“What are you arrogant about? I’m telling you, this is not a place for you to be wild, be honest!” A cold cry came from the interrogation room, as if the police officer was reprimanding Cheng Haotai. Only, the soundproofing of this interrogation room’s door was good, so if Ji Feng and the others weren’t standing right here at the door, it would have been impossible to hear it clearly.

Soon, Cheng Haotai’s voice came through: “What am I being arrogant about? Hmph! I’m telling you, you’re in trouble! My friend is from the Boundary Tent, and I am also a partner of the Boundary Tent, and even better, a very good friend, you dare to arrest people for no reason, I’ll see how you can explain!”

Han Zhong couldn’t help but sneer, “This son of a bitch is really arrogant enough!”

Ji Feng nodded, but smiled disdainfully.

Even now Cheng Haotai still thought that his Boundary Tent master could bail him out, but he didn’t know that since he was a lackey of the Boundary Tent people, now that he had been arrested, would he be let off easily?

In fact, if there is no hard evidence in the hands of the police now, then Cheng Haotai will be in even greater danger, because this matter involves the Boundary Tent people, then the police will certainly not stand by and watch themselves in disgrace, even if they ‘create’ some evidence privately, they will convict Cheng Haotai of some crime.

In this way, even if the boundary tent people want to back up Cheng Haotai again, they will have no justification to do so openly and honestly.

What do you want to do when we are sanctioning our own people according to the law and you are pointing your finger at us? Interfering in another country’s internal affairs?

Not to mention the fact that everyone, including Ono and the mysterious woman, has been caught in a net and it’s only a matter of minutes for the police to get the evidence.

The funny thing is that Cheng Haotai doesn’t understand this, he really thinks that because of his relationship with the tent people, he can make the police fearful and dare not do anything to them!

“Do you guys want to go in and take a look?” Li Ruonan asked.

“Yes!” Han Zhong blurted out, “I’m going to meet this son of a bitch!”

Li Ruonan just smiled, but her gaze was directed at Ji Feng. In terms of the rules, other than lawyers and the families of the clients, no one else could go see the suspects during the interrogation, but Ji Feng was different.

Ji Feng thought about it and said, “It’s better not to go in first, let him be arrogant for a while longer, let’s go see the two women who were caught first!”

Li Ruonan nodded, “Those two women are still in the interrogation room upstairs, come with me!”

Han Zhong asked, “Are all the interrogation rooms on this floor full?”

Li Ruonan said, "It's a rule that suspects in the same case should be held separately as much as possible, on separate floors if possible, so that they can avoid colluding in their confessions!"

Only then did Han Zhong dawn on him, and he gritted his teeth, "Then let's go see those two women!"

If Han Zhong hated Cheng Haotai with a passion, then he despised plus hated the woman who had used her body to set him up.

In fact, up until now, the impression of that woman in Han Zhong's mind was not too deep, and when he thought back carefully now, he could not even recall the exact appearance of that woman.

But it was such a woman that caused him trouble and almost ruined his reputation.

In fact, this is not the most serious, what really makes Han Zhong hate, is this woman's behavior, she actually used her body to calculate him, not only that, the woman also poured him enough to make an elephant go crazy aphrodisiac, almost made him lose his life, see how crazy that night must be

It is for this reason that there has been a lump in Han Zhong's heart.

The reason is very simple, a woman who can use her body to calculate others, seems to be not a decent woman, right?

If it was a decent woman, she wouldn't have done such a thing, right?

The thought that he had probably been given an aphrodisiac by a **** woman who had tossed and turned for who knows how long Han Zhong felt his stomach churning violently.

In his heart, he was praying that when he saw that woman later, he hoped that she was a decent woman, just forced by Cheng Haotai's gang of brutes, even if the person was ugly it didn't matter, at least her body was clean and wouldn't make him so sick

However, thinking about that woman's whiny voice on the phone, and the shamelessness of that evil person, Han Zhong felt that he might actually have to throw up all the food he ate the first night!

"One of the women is right here, the other is in that interrogation room at the end of the corridor, which one do you want to see first?" Li Ruonan asked.

"Do you know which woman is the one who set me up yet?" Han Zhong asked.

"Let's look at this one first!" Ji Feng didn't wait for Li Ruonan to answer, so he pointed directly at the door of this interrogation room in front of him.

"Good!"

Li Ruonan nodded, then turned to an interrogation room next door, "You guys come in, pay attention to keep the sound down!"

Han Zhong couldn't help but be stunned, "Isn't it over here?"

Ji Feng patted his shoulder and laughed, "The interrogation rooms are all two rooms connected together!"

Han Zhong was a bit confused and had to follow Ji Feng to the interrogation room next door, but as soon as he entered, he understood what Ji Feng's words meant.

He saw that between this interrogation room and the one next door, there was a layer of glass from which he could clearly see the scene in the interrogation room opposite.

Han Zhong then understood that while the officers were interrogating the suspect in the interrogation room next door, there were also officers here monitoring and analysing the suspect's smallest movements.

At this moment, in the interrogation room next door, there was a long-haired woman sitting on a chair with her hands handcuffed, and opposite her was a desk, and on the other side of the desk were two police officers.

Ji Feng also looked at her for a while and asked, "Han Zhong, can you recognise her, is it her?"

Han Zhong shook his head, "No, I can't tell from the side, her hair is blocking her face, can you ask her to turn her face around and take a look?"

Ji Feng looked at Li Ruonan and asked, "Think of a way?"

Li Ruonan thought about it and said; "No, if we deliberately move the suspect's position, it will make her heart wary, which is not conducive to interrogation. How about this, look through the doorway of the interrogation room!"

Ji Feng laughed, "It's alright, there's no need to be too civilized when dealing with these people."

After saying that, he directly knocked on the glass a few times, "Knock knock!"

At once, the woman subconsciously turned her head to look with a wary expression, and when she found that there was nothing over here, she turned her head again.

When Li Ruonan saw this action of Ji Feng, she shook her head helplessly, this guy, it was really not easy to want him to follow the rules then.

"How about it, did you see it clearly?" Ji Feng asked Han Zhong.

"It's not her!"

Han Zhong shook his head, "I don't remember seeing this woman!"

If it wasn't this woman, then it must be another one.

Under Ji Feng's gesture, Li Ruonan led them to the interrogation room at the end of the corridor, and as soon as they entered the surveillance area next door, Han Zhong's face immediately changed.

"It's this woman!" Through the glass, Han Zhong said in an angry voice.

"Are you sure?" Ji Feng looked and found that although the woman also had long hair, she was nevertheless wearing a ponytail, so that a large part of her face could just be seen.

"I'd recognise her even if she turned into dust!" Han Zhong gritted his teeth and said, "Ji Feng, I'm going next door."

“What for?” Ji Feng asked.

“I’m going to ask this shameless woman what benefits they’ve given her that would allow her to backstab me in such a despicable way!” Han Zhong said coldly.

Ji Feng turned his head to look at Li Ruonan again, the latter turned her head straight away and pretended not to hear it, only saying, “I still have some business, I’ll wait for you guys downstairs later!”

Ji Feng then smiled, Li Ruo Nan was giving her tacit approval, he nodded, “Go over together!”

“Good!”

Han Zhong nodded heavily.

The two of them went straight to the interrogation room next door. Han Zhong’s face was incomparably gloomy, staring at the woman with a deadly gaze, his teeth clacking together, his hatred in his heart reaching its peak.

When the woman saw someone enter, she subconsciously looked up and saw Han Zhong.

Immediately, her face changed dramatically, and a dense flash of fear flashed through her eyes.

“It seems that you recognise me!” Han Zhong’s face was thick with mockery as he sneered, “What, weren’t you acting flirtatious that night, why aren’t you talking now?”

However, Ji Feng stared at the woman carefully, but he frowned slightly.

Why did he feel as if there was something strange ah?

Chapter 1643

“I don’t know what you’re talking about!” The woman, however, said with an indifferent expression.

“You don’t know?”

Han Zhong smiled slightly, but his eyes were getting colder and colder, “Then, if I show you the video you sent me, will you still say that you don’t know me?”

A video?!

Ji Feng suddenly frowned, and then his brow stretched.

That’s right, it was the video!

No wonder he kept feeling that something was wrong, it turned out that he didn’t see any flavor of wind and dust from the woman in front of him, if she walked on the street, she would just be a fashionable girl, but absolutely no one would associate her with that kind of indiscreet woman, unless it was the kind of person with ill intentions.

But how could such a person possibly use her body to count on Han Zhong, and deliberately have the whole process captured on the surveillance video?

Could it be that he had looked away?

Ji Feng thought it was unlikely. It was understandable that normal people would look away, but he thought he would rarely look away because as his cultivation gradually deepened, his six senses were also quite sharp, and often very subtle things could not escape his eyes.

He felt that even though Han Zhong recognised this woman at a glance, this woman might not really be the one who was scheming Han Zhong.

At least, she shouldn't be the kind of person who had taken the CCTV footage after she had physically set Han Zhong up!

That's why Ji Feng thought it was odd!

Ji Feng subconsciously looked back again, and he remembered the woman with long hair that he had just seen in the other interrogation room.

Judging from their figures, both women had similar figures and both had long hair

Ji Feng couldn't help but think of a possibility!

After thinking about it, he couldn't help but say, "Han Zhong, I'll go out first, you wait here!"

After that, Ji Feng left quickly, he just left the interrogation room and saw Li Ruo Nan standing in the corridor, he smiled slightly, greeted him and asked, "Ruo Nan, did you conduct a search when you arrested people at that villa?"

Li Ruonan nodded, "Searched!"

Ji Feng asked again, "Then did you find the clothes these two women were wearing? Or rather, did you find the kind of two sets of identical clothes?"

"How do you know?" Li Ruonan asked, "Is that all you study about girls wearing clothes? Rascal!"

Sweat!

How did he become a rogue again!

Ji Feng didn't care to explain to Li Ruo Nan, he asked, "Then what did you do with those clothes?"

"I brought them all back to the evidence room!" Li Ruonan said, "Ji Feng, why are you asking this? What is going on?"

"Apart from these clothes, is there any other evidence?" Ji Feng asked again.

"There's still some, there's quite a lot of stuff, but it's still being grouped together to see which ones are helpful to the case." Li Ruonan said, "There's still some of it in the Identification Section By the way, you haven't told me, why are you asking about this?"

"Because this evidence can prove one thing!" Ji Feng said.

"What is it?"

“Among these two women, one of them has a very low status, from her body, a breakthrough can definitely be opened!” Ji Feng said with great certainty, “You immediately arraign the other woman yourself!”

Li Ruonan was a bit confused, she couldn't help but ask, “Arraign now?”

“That's right, arraign her now!”

Ji Feng said with great certainty, “Ruo Nan, you are definitely right to listen to me! If my judgment is correct, when calculating Han Zhong at that time, these two women must have been involved, and one of them, was in charge of the first half, and the other one, was in charge of the second half”

“What first half and second half, Ji Feng, what exactly are you talking about?” Li Ruonan was still confused.

“This woman, is the one who is executing the first half of the plan!”

Ji Feng's hand pointed backwards, that was exactly the interrogation room where Han Zhong was, “The woman at the other end of the interrogation room, is the one executing the second half of the plan, in other words, this woman that Han Zhong is seeing now, is just responsible for seducing Han Zhong, while that woman, is the specific executor of the plan, do you understand when I say this?”

Li Ruonan suddenly blushed slightly and couldn't help but give Ji Feng a fierce white glance.

The so-called plan that Ji Feng said, of course Li Ruo Nan knows, is not a shameless woman used her body to calculate Han Zhong, Ji Feng said the implementation of the plan, is not that woman and Han Zhong to do that thing

This damned guy had to say it so bluntly!

As a girl who doesn't even have a boyfriend, Li Ruonan is naturally a little embarrassed to hear these words.

However, what Ji Feng said also aroused her curiosity: “How do you know all this?”

Ji Feng said, “Guess!”

“Guessed?” Li Ruonan glared, “Are you teasing me here?”

“Do I have that kind of kung fu?” Ji Feng shook his head helplessly, “If you believe me, just do what I say right away and you will definitely get something.”

“Really?” Li Ruonan was still a little hesitant.

“Believe it or not!” Ji Feng simply stretched his hand and said nothing more.

Li Ruonan hesitated for a moment before saying, “Then, I'll trust you one more time, but if you guess wrong, humph!”

The possibility of being wrong was extremely small!

Ji Feng was sure of this, firstly, he believed what his eyes saw, the woman Han Zhong was seeing now didn't have the slightest hint of wind and dust on her, which was very wrong.

Secondly, the police found two sets of identical clothes in that villa, which means that these two women with similar figures, if they wear the same clothes and both have long hair, I'm sure people who aren't familiar with them won't be able to tell the difference!

Based on these two points Ji Feng could be sure that the one who seduced Han Zhong at that time was this woman that Han Zhong was seeing now, because since Han Zhong could recognize her at a glance, this meant that he was impressed and must have seen this woman before, that much was certain.

And there was no air of wind and dust about her, so the one who was really flipping the clouds with Han Zhong could only be that other woman!

Ji Feng believes that no woman is self-indulgent, unless her heart is twisted and has become abnormal, such as having been injured, or some changes caused by life circumstances, etc.

But no matter what, this kind of degenerate life is definitely not something she would like to live, anyone would like to live a good life.

The woman who was really making love to Han Zhong was definitely not in a high position among their group, and could even be described as very low!

Could she not have resentment in her heart?

Besides, for a woman like this who had fallen, how much persistence could she have? How hardened can she be?

A breakthrough could definitely be opened from her!

On the way, Ji Feng began to tell Li Ruo Nan about his speculations, but he ended up causing Li Ruo Nan to glare at her frequently, this guy was indeed speaking too bluntly.

Soon, Li Ruo Nan took a policeman into the interrogation room, while Ji Feng went into the surveillance room next door.

Pop!

Li Ruonan heavily slapped the folder on the table, and the woman across the table suddenly shook her body, obviously taken aback.

Ji Feng then smiled, this woman was timid, which was a good sign.

"Now start making a statement, you should know the state's policy, right?" Li Ruonan's pretty face tightened, "Say it, what's your name?"

The policeman next to her took out a book, ready to record.

The woman didn't say a word, just kept her head down, her long hair hiding her face.

"Not saying?"

Li Ruonan sneered, "Fine, I won't force you, if you don't want to say anything, then don't say anything! But I have to remind you that you have used shameless methods to cheat the boss of a well-known company. This is no small case, if you don't tell us, we will temporarily detain you in the detention

center, even the inmates there despise people like you the most, and when the time comes, they will use whatever tricks they can, I'm sure you have heard about it

"If I tell you, will you let me go?" The woman asked.

"Let you go?" Li Ruonan said in a cold voice, "Do you think that's possible? However, if you cooperate, when you're locked up in there, I can say hello to the inside, you won't be mistreated then, and besides, you're only an accessory, so it shouldn't be a big problem! But if you're not honest and your accomplice puts all the blame on you, then"

"Wang, Wang Caixia." The woman said hurriedly.

"Boom!"

Li Ruonan slapped her hand on the table, "Louder! Raise your head!"

"Ah!" The woman named Wang Caixia was immediately startled and raised her head in a panic.

"Hehe" Ji Feng couldn't help but shake his head and laugh as he watched from next door, Li Ruonan's interrogation tactics were still poor, and it was thanks to this timid woman, if it was someone else who was die hard, she wouldn't be able to scare the other party at all.

However, Ji Feng looked at the woman called Wang Caixia and couldn't help but nod, this woman and the woman in the interrogation room at the end of the corridor had a few similarities in appearance, no wonder she was found to be a stand-in!

"Tell us all about what happened!" Li Ruonan said with a cold face.

"I said, I said" Wang Caixia was frightened and hurriedly told all she knew.

It turns out that she was originally a special service worker in a club under Cheng Haotai's name, which, to put it bluntly, was also a lady, except that the ladies in this club were a bit more senior than the street girls.

So when Cheng Haotai approached her and gave her a sum of money to follow another woman to set up Han Zhong, she agreed.

As for the rest, Wang Caixia had no idea, and everything she did was at Cheng Haotai's and the woman's disposal.

However, Wang Caixia did provide a very important piece of information, the name and identity of the other woman!

When Li Ruonan came out of the interrogation room, she couldn't help but give Ji Feng an odd look.

"Why are you looking at me like that?" Ji Feng was a little surprised.

"You guy, it's a bit of a pity that you're not a police officer!" Li Ruonan muttered. Ji Feng had just come for a while and actually made such a big discovery, it was really impressive, Li Ruonan didn't know he had this ability before!

"It seems that this guy isn't just limbless, his mind isn't simple either!" Li Ruonan secretly said.

Chapter 1644

Ji Feng's forehead was full of black lines, dare I say that in the past, in Li Ruo Nan's heart, he was a four-limbed and simple-minded guy?

But soon, Ji Feng did not look deeper into these issues, anyway, he and Li Ruo Nan together, are often flirting with each other, so Ji Feng just did not have a good look at her, then said: "Since the breakthrough is open, next know what to do?"

Li Ruonan grunted, "I need you to teach me? Do you really think you're a detective?"

After saying that, she directly took out her mobile phone and dialed a number over, "Immediately thoroughly investigate all the enterprises under Cheng Haotai's name, especially the clubs and hotels, as well as the resorts, I have got reliable evidence to prove that the enterprises under Cheng Haotai's name are suspected of operating illegally"

Ji Feng smiled faintly, it seems that this girl is not without any brains at all.

With this woman called Wang Caixia's confession, plus all the things that happened today, there would be enough reason to conduct a thorough investigation into the business under Cheng Haotai's name.

"Hey, Director Zheng, this is Li RuoNan" Immediately after, Li RuoNan called Zheng YuanShan again, no matter what, this Cheng Haotai is also considered a well-known entrepreneur, to move him, and also pull out such a big show, even if there is sufficient evidence, it is still necessary to give a good greeting to the leaders of the bureau before ah!

"Ji Feng, what are you going to do next?" Li Ruonan asked.

"With Wang Caixia's confession and knowing the identity of the other woman, what do you think should be done next?" Ji Feng asked.

"Humph!"

Li Ruonan glared at him and hummed, before walking straight towards the end of the corridor.

Ji Feng smiled faintly and also followed, while asking behind his back, "Ruo Nan, you're no longer going to check that woman's information carefully before you go over there, so you'll be a bit more sure, right?"

Li Ruonan grunted, "Do you need to tell me that? I've already arranged it!"

Ji Feng raised his eyebrows, it was good that he had considered it.

The duo once again arrived at the door of the interrogation room at the end of the corridor, and did not rush in, but waited at the door. After about ten minutes or so, they saw the policeman who had been interrogating Wang Caixia in particular with Li RuoNan before come over at a trot, and handed Li RuoNan a copy of the information.

"Captain, it's all checked out!" The policeman said.

"This woman is a Chinese?" Li Ruonan took a look at the information and couldn't help but frown slightly.

“Is there anything strange about that?” Ji Feng asked.

“Shame on you!”

Li Ruonan couldn't help but curse, “What's wrong with these Chinese people, Han Zhong didn't offend them before, right? How come they're so eager to help the tent people against their own people?”

Ji Feng laughed: “This is normal, there are people like this in any era. What's more, in this materialistic society nowadays, as long as they have milk, they will help whoever can bring them benefits. And you mustn't forget, in fact, from the time they came together with the boundary tents, they can no longer be considered Chinese, at most, they can only wear the skin of a Chinese!”

“Rightly scolded!” Li Ruonan couldn't help but say with hatred.

Ji Feng was dumbfounded and laughed. Li Ruo Nan still had such a personality, how could she be a leader if she was like this?

It seemed that she would only be able to stop at the position of squad leader for the rest of her life, and it was already a bit hard for her.

“Go!”

Li Ruonan said with an unkind face, “Let's go and meet this shameless woman!”

She didn't know what she looked like in Ji Feng's eyes, otherwise, I'm afraid she wouldn't have been so pleasant to Ji Feng.

When the two of them entered the interrogation room, they saw that Han Zhong was inside holding his arms, staring at the woman with an unpleasant expression, his eyes were even colder, looking like he could not wait to eat the woman.

The woman was about 25 or 26 years old, with a ponytail and a fair complexion, her features were also very delicate.

At least, if this woman walked down the street, she would definitely have a high turn-around rate.

No wonder Han Zhong said he might have met a female ghost. Generally, female ghosts are indeed quite beautiful when they are not in their original form.

Although Wang Caixia looked somewhat similar to this woman in appearance, there was actually some difference between these two if they were put together.

Especially, this woman looked very calm, even after being arrested and locked up in this interrogation room, she didn't seem to have any panic look.

Ji Feng then looked at Han Zhong's angry, ironic expression, he couldn't help but secretly laugh, it looked like Han Zhong hadn't fought this woman, and this guy also still didn't know that it wasn't actually this woman that he was having a fling with that night, but the special service person in the other interrogation room.

“You're here!” Han Zhong said when he saw them coming, only his tone wasn't too good, obviously he wasn't too happy in his heart.

Ji Feng nodded and didn't say anything, just patted him on the shoulder.

What happened to Han Zhong was indeed a bit that what

Pop!

Li Ruonan slapped the information in her hand heavily on the table and said in a cold voice, "Chen Jia, female, twenty-five years old"

She directly read out all of Chen Jia's information, and at this moment, the opposite Chen Jia's face also changed instantly, and her eyes were even a little panicked, not even daring to look at Li Ruonan.

"Do you have anything else to add?" Li Ruonan asked.

Chen Jia's face was a little ugly, but she didn't say a word. It seemed that this woman was bolder and a bit smarter than Wang Caixia.

Li Ruonan gave her a cold look and said, "You don't have to worry about what I will ask you, don't worry, what your companions should have said has already been said, I think you yourself know clearly in your heart what kind of goods those companions of yours are, I came just to inform you that we are going to inform your family that they can come and visit you once before you are sentenced."

"No!"

Chen Jia suddenly shrieked, "This is my own business, it has nothing to do with my family, you should not bother them!"

"Joke!"

Ji Feng laughed coldly, "The saying that woe is to your family doesn't work with me! This time count yourself lucky that you were caught directly by the police and didn't fall into my hands, but"

He smiled coldly, "Since you counted Han Zhong before, I'm sure you must have done your research on our background, then you should know that if I want to deal with some people, it really couldn't be simpler! Remember, the pain you inflicted on my brother, I want you to feel it too, and please believe me, you will definitely hear from your family from time to time while you are serving your sentence in prison!"

Chen Jia's face instantly changed dramatically, she was not a fool, of course she could understand Ji Feng's words which could not be understood any better. Ji Feng was telling her that her family would not be able to have peace in the future.

"You're shameless!" Chen Jia angrily denounced.

"Oh" Ji Feng laughed indifferently, "Whether I'm shameless or not, it's not up to you, in fact, compared to your behavior, I can only say that this is at most a present learning, it really has nothing to do with shamelessness! It has nothing to do with shamelessness!"

"Police, he has said this, and you don't even care?" Chen Jia's face was incomparably ugly, she believed that Ji Feng could do what he said he could do.

She knew that Ji Feng had even dared to smash the Hao Tai Hotel, and now that they were all arrested, there was no one to protect her family.

I'm afraid that even if Ji Feng had asked someone to bury her family alive, no one would have dared to ask!

The more Chen Jia thought about it, the more frightened she felt, so she looked at Li Ruo Nan for help.

Who knows, Li Ruonan just spread her hands: "As you know, our country's law has provisions, saying such harsh words is not a crime, for example, if you don't say anything, I can't torture you to extract a confession, because this is all the rules, I can't do anything about it!"

Chen Jia's heart sank and her face clouded over.

She knew very well that Ji Feng was saying this in front of her, so he should want to get something out of her, and might not really do anything to her family. But she didn't dare to bet that in case she really annoyed Ji Feng, no matter what he did, her family wouldn't have the slightest ability to resist ah!

"If I say so, can you guys not hurt my family?" After hesitating for a while, Chen Jia finally spoke up.

"That depends on what you're talking about!" Ji Feng said non-committally, "Actually, I would rather you didn't say anything, for revenge, of course it's more relieving to get your opponents killed viciously with your own hands, not to mention that you guys are so hateful, I've wanted to do that for a long time!"

Ji Feng's heart was relieved, starting with Chen Jia's family, this is really a good idea!

If Chen Jia was from the Canopy, it would have been difficult to take her down in time, but now, Ji Feng was sure of it!

Chen Jia's face changed again and she gritted her teeth, "I have in my hands the video of Cheng Haotai asking me to lasso Han Zhong and Ishida Xiaoyao talking to Cheng Haotai about how to take down the Tengfei Group... can this thing, can it save my family?"

"I want to see something first." Ji Feng said.

"No, unless you let my family leave first!" Chen Jia said in a deep voice.

"Then there's no more talk!" Ji Feng shook his head, "That's it, when you think about it, you can have someone tell me, I'm not in a hurry!"

After saying that, Ji Feng was about to turn around and leave, Li Ruo Nan also shook her head, gathered the documents on the table, stood up and prepared to leave as well, only as she stood up, she gave Chen Jia a pitying glance.

It was this glance that instantly made Chen Jia's heart tremble as she hurriedly said; "If I give you the stuff first, can you promise not to hurt my family?"

"I said, I want to see the stuff first!" Ji Feng didn't give an inch, his attitude was extremely strong.

Only then did Chen Jia sadly realise that it had only been a few hours, how had the positions of the two sides shifted by a hundred and eighty degrees?

In the morning, she had called Han Zhong to threaten him and had the upper hand, but now she was the one being threatened, and without the slightest ability to fight back, she was like a fish on a chopping board, only at the mercy of others!

This is retribution!

“Fine! I’ll give you the stuff!” Chen Jia gritted his teeth and said, “I am the head of logistics of a club under Cheng Haotai’s name, since Cheng Haotai asked me to do this, I was uneasy in my heart, so I secretly had someone put Cheng Haotai and their exclusive area, installed a hidden surveillance camera, the video I took away and put it in a place

Chapter 1645

That mysterious woman, Chen Jia, who had set Han Zhong up, provided very strong evidence, which made both Ji Feng and Li Ruonan’s spirits rise.

Han Zhong was only full of anger, but he didn’t know too much about the specific situation, so he probably thought that now that the people had been caught, then the next step must be to interrogate these people and then sentence them according to the law or something like that.

In fact, Han Zhong did not know that before arresting the people, neither the police nor Ji Feng had much powerful evidence in their hands, so the police actually took a certain risk in arresting them at that time.

Although it was reasonable to arrest Cheng Haotai and the others even with the evidence at that time, if they could not convict them, they would still have to release them in the end, and they would also alert the snake, and after they were released, they would definitely destroy the evidence against them completely at the first opportunity.

And this evidence provided by Chen Jia, whether for Ji Feng or Li Ruonan, that was extremely powerful evidence, with this evidence, Cheng Haotai and that boundary tent man called something like Ishida Xiaoyao, would not be able to walk out of here again, and even if they could get out, it would be transferred to a detention center, and then finally to the place where they should go the most – -prison!

If Chen Jia did not speak up, in fact, Ji Feng had nothing to worry about, dealing with these people, he never thought of being soft, or what to say about showing mercy.

If necessary, Ji Feng would definitely use bio-currents to simulate neurotoxins and turn one or two of them into idiots, which was nothing.

If he still had to be polite with such people, then it would be the same as being with others, and that would be the same as being with himself.

Ji Feng wasn’t that idiotic!

“..... These are the whole story!” Chen Jia’s voice pulled Ji Feng’s thoughts back to reality, while he also noticed that Han Zhong’s face, however, had become extremely ugly and even showed signs of an imminent outburst.

“Fuck!”

Han Zhong couldn't help but cursed angrily and roared lowly, “You mean to say that what I actually stayed at that night wasn't the Haotai Hotel at all, but the one you guys sent me to later? Also, that woman I was having sex with was just one of the ladies in your clubhouse?!”

Chen Jia saw Han Zhong's gaze that seemed like it was about to eat someone, and couldn't help but panic a little, she couldn't help but lower her head and didn't dare to look at Han Zhong, “Mm.”

Han Zhong immediately exploded, “I'll kick your ass! I'll kick your ass!”

He was so pissed off that he almost lost his life.

Although the video shows that he took the initiative and went crazy, he was drugged at the time.

The moment he remembered that he had actually done that nasty thing with a lady who had been ridden by an unknown number of men, Han Zhong felt his body tingling and his stomach churning!

At this moment, Han Zhong couldn't care whether the person sitting in front of him was a woman or a man, he couldn't even care about his own identity, his anger had long since stirred in Han Zhong's heart, and he instantly just kicked over.

Swish!

Ji Feng jerked forward a step and stopped Han Zhong.

“Don't you pull me, let me kick this shameless woman to death!” Han Zhong said angrily.

“What's the use of you hitting her? The real masterminds are Cheng Haotai and Ishida Ono!” Ji Feng said.

“Then this woman is also a lackey of the Boundary Tent people and is no good either!” Han Zhong shouted angrily with a gloomy face, “Ji Feng, leave it alone, I definitely won't beat her to death, don't worry about it!”

“With your physical strength, you'd have killed her with a few kicks!” Ji Feng drank, “I know you don't feel good in your heart, but this is a police station after all. Besides, Cheng Haotai and that Ishida Ono are likewise in this building, wouldn't it be more relieving to go and give them some credit than to beat up a woman?”

“Well then, when we see Cheng Haotai and that boundary tent man later, you can't stop me again!” Han Zhong said.

“That won't work, if you hit yes not the place, it will cause problems for the police!” Ji Feng laughed.

“What do you mean?” Han Zhong asked.

“You think, this involves the boundary tent people, so you can't move the sentence, at least the face should be able to say, otherwise when the time comes, it will not be good to cause any more trouble, do you think?”

The first thing you need to do is to find an experienced police officer who has the most experience in doing this kind of thing. They will definitely make people worse than dead, and nothing will come out during the injury test!”

Ji Feng’s words made Han Zhong’s eyes shine, while Li Ruonan next to him was black in the face.

This guy, his words were always so uncouth, is this what the police do in his eyes?

However, after thinking about it, Li Ruo Nan was not able to say anything, she could not find much reason to refute, because she had heard of this kind of thing many times, there was no way to refute it!

Han Zhong immediately said, “Let’s go there now!”

That anger in his heart had been stirring now, having held it in for so many days, he really didn’t want to put up with it any longer.

Especially, when Han Zhong heard that he had actually been taken to a place by this woman called Chen Jia after being drunk and drugged, and then went crazy with a young lady for most of the night, he couldn’t help but want to storm out.

Ji Feng nodded with a smile and turned his head, “Captain Li, shall we go?”

Li Ruonan glared at him, turned around and headed out.

Soon, several people left the interrogation room, leaving only Chen Jia sitting alone on a chair, his hands handcuffed, in this cold interrogation room, with apprehension in his heart.

The way Han Zhong had behaved just now had really frightened her, and when she thought that Han Zhong had such a good relationship with the police, she could only imagine what kind of life she would lead in prison in the future.

More importantly, what would happen to her family?

If Han Zhong really wanted to deal with her family, there was simply no telling how many ways he could torture them to the point of death!

The thought of all these possibilities made Chen Jia terrified, but she didn’t dare to plead with Han Zhong, as she could tell from his behaviour just now that he must hate himself so much that he could not wait to kick himself to death, so how could he accept his plea?

At this moment, Chen Jia couldn’t help but regret a little in her heart. If she hadn’t schemed against Han Zhong in order to climb up with Cheng Haotai, then even if Cheng Haotai was unlucky now, she would still be fine, right?

It is just a pity that there is no pill of regret for sale in this world, Chen Jia’s heart is filled with fear

The first thing that happened was that they had no time to pay attention to what was going on in Chen Jia’s mind. They were led by Li Ruonan and came directly to the outside of the interrogation room where Cheng Haotai was.

“Go in!” Li Ruonan said with a tilt of her head.

“Where’s the old cop you were told to find?” Ji Feng asked.

“You really want to do that, huh?” Li Ruonan said with an unkind face, “What kind of place do you take this place to be? A slaughterhouse? Or a concentration camp? Letting you in is already an exception, will you go in?”

“Yes!”

Ji Feng nodded, “You’re not going in to watch?”

Li Ruonan hummed and didn’t say anything.

Ji Feng then spread his hands and said, “Alright then, Han Zhong, let’s go in!”

Boom!

At this moment, a muffled sound came from inside, followed by a faint roar: “Someone, someone! Let me out, how long are you going to keep me here? Is there any more law in the land?”

Han Zhong’s eyes glared, “How dare this bastard talk about the law?”

Ji Feng smiled, “It’s normal!”

Han Zhong immediately gritted his teeth and said, “Let’s go! Let’s go in!”

Li Ruonan hummed and turned her head away, pretending not to see it. Ji Feng smiled faintly and gave a gesture to Han Zhong, and the two of them opened the door and went in.

“Squeak

” The sound of the door opening startled Cheng Haotai inside, he looked up and found that it was actually Ji Feng and Han Zhong, his face suddenly changed: “How come it’s you guys!”

Ji Feng smiled faintly, “How come it can’t be us?”

Cheng Haotai’s face instantly turned gloomy: “What are you doing here, you’re not welcome here! Get out!”

“Fuck you! How dare you be so arrogant even now, I’ll kill you if I don’t

” As soon as he saw Cheng Haotai’s arrogant look, Han Zhong instantly became furious. This is the son of a bitch who set himself up, but now he is still high and mighty, does he think that with the boundary tent people protecting him, no one can touch him?

Ji Feng stopped Han Zhong and stared at Cheng Haotai with a smile, saying: “Well, you are right, we are indeed not welcome here, but you are very welcome here! I should say that this interrogation room has always been waiting for you! Besides that, there is also a place for you in the guardhouse and the prison!”

Cheng Haotai sneered, “Joke! You think that if you order the police to arrest me because of the power in your hands, everything will be fine? You can rest easy? I tell you, this is a dream!”

Cheng Haotai's voice suddenly rose high as he bellowed, "Ji Feng! Don't think that just because you have an uncle who is the secretary of the municipal party committee, you can be reckless, you don't want to cover the sky with one hand in Jiangzhou, just wait, there will be time for you to cry!"

"Oh?"

Ji Feng laughed: "Are you that confident?"

Cheng Haotai proudly said, "Of course! Ji Feng, it seems you still don't know what you've done wrong!"

Ji Feng raised an eyebrow and asked mockingly, "Then tell me, where did I do all wrong?"

"Do you know what kind of people you've arrested?" Cheng Haotai sneered, "Let me tell you, among the people you arrested, there is one called Ishida Ono, that is a Kaitoujin, a good friend of mine, moreover, all my industries have shares of Kaitoujin, now, you know where you have done wrong!"

Speaking of this, a proud look flashed across Cheng Haotai's face, that feeling, as if to say, you dare to bully me? You don't want to live, do you know who my father is?

..... is this feeling.

Chapter 1646

"Heh"

Ji Feng was really exasperated, even with his heart, he was also exasperated by Cheng Haotai's act of relying on the boundary tent people to be so arrogant.

He couldn't understand how powerful the Boundary Cloak could be that Cheng Haotai would have such confidence in them.

Did this son of a bitch really think that if he leaned on the Canopy People, nothing would happen and no one would dare to touch him?

If he has a good relationship with the people of the boundary tent, he can do whatever he wants with impunity, including harming other people?

"Ji Feng, don't say any more nonsense to this son of a bitch, this guy just needs to be beaten!" Han Zhong was also furious, Cheng Haotai's arrogant attitude, if he was in front of him, he would want to kick him a few times, let alone Han Zhong, who was so badly calculated by him.

He could not wait to kick the bastard to death!

At this moment, Cheng Haotai still had a hint of arrogance on his face as he said, "Ji Feng, I advise you not to play with fire, if you catch the boundary tent people, even if you are the nephew of the municipal party secretary, no one can protect you! If you have the sense to let us go now, maybe I will help you persuade Xiaoye, otherwise"

"Or else what can I do?" Ji Feng asked.

"Humph!"

Cheng Haotai sneered, "Otherwise, when the time comes, not only will you be unlucky, even your uncle will be dragged along with you, and I believe that it won't take long for the news of the Jiangzhou Municipal Party Secretary bullying others with his power to spread throughout the world!"

"In that case, we can't arrest the boundary tent people?" Ji Feng smiled back in anger.

"What do you think?"

Cheng Haotai asked rhetorically, "You relied on your uncle's power and arrested the Boundary Tent people for no reason, what do you think will happen to you?"

Ji Feng nodded and said, "I think so too, the boundary tent people are powerful, without a reason, of course I don't dare to arrest ah, but the good thing is that I have evidence, so I don't care if he is a boundary tent person or a lackey of the boundary tent people, I still arrested!"

Cheng Haotai was stunned, "What evidence do you have?"

"Fuck!"

Han Zhong finally couldn't hold back, he steeply charged up and viciously kicked Cheng Haotai in the chest while cursing angrily, "The evidence is Laozi's big foot!"

Boom!

This kick hit Cheng Haotai squarely in the chest, immediately causing him to let out a stifled cry and his body to bend so steeply that even the chair he was sitting on was knocked over by Han Zhong's kick.

Pah!

Cheng Haotai's hands were secured by the handcuffs on the chair, and he fell directly onto his back on the ground.

"Well" Cheng Haotai sucked in cold air in pain, his chest heaving violently, his body struggling on the ground, but he couldn't get up.

"Pah!"

Han Zhong rushed up again, flung his hand and slapped Cheng Haotai's face: "And Laozi's fist, want it?"

Cheng Haotai was infuriated by the blow and tried to struggle, but his hands were fixed and he couldn't move at all.

Han Zhong was also enraged: "How dare you play hard to get?"

He punched Cheng Haotai hard in the chest, "I'll let you be tough! Be ruthless!"

Boom boom! Boom!

Han Zhong was so furious that he punched Cheng Haotai's body without any reservation for several consecutive punches, smothering him beyond words, and finally he could only scream miserably.

But unfortunately, Han Zhong did not know kung fu, so the punches were just random, and Cheng Haotai did not suffer much substantial damage, but the pain was inevitable.

“Damn it! Unwanted bitch!” Han Zhong cursed angrily, “The boundary tent man is your father, huh?”

“Boom!”

Han Zhong punched Cheng Haotai in the chest again, causing his face to turn white and his eyes to roll up, almost losing his breath.

Han Zhong was really furious, the arrogant attitude of the dog’s words really made him angry.

He had never seen such a shameless person before!

Really treating the boundary tent people like a father, huh?

Han Zhong was punching and kicking Cheng Haotai there, and Ji Feng was watching from the side, yet he didn’t stop it, let alone have any half-hearted intolerance.

When it came to people like Cheng Haotai, it would normally be fine, after all, they liked to be the Boundary Tent’s lapdog, outsiders would at most just point their fingers, but no one could control them.

But Cheng Haotai was different from those people. This son of a bitch, not only was he willing to be the lapdog of the tent people, but he also hit the head of the Tengfei Group and used despicable means to calculate Han Zhong, and even pointed the finger at Ji Zhenguo.

For someone like this, how could Ji Feng let him go!

Han Zhong was tired of fighting and stood up to stare coldly at Cheng Haotai on the ground, somewhat out of breath.

Cheng Haotai, however, was lying on the ground, breathing carefully, his face pale. His chest was in excruciating pain from the blow, and when he breathed a little harder, it hurt like hell.

“Damn it!”

Han Zhong stared coldly at Cheng Haotai and cursed angrily, “This is my proof, do you want more?”

“Well

Cheng Haotai let out a stifled cry, but his eyes were staring at Han Zhong viciously as he gritted his teeth, “Unless you beat me to death today, otherwise, when I get out, I will definitely not let you go!”

Han Zhong suddenly glared, “You still want to go out? I’ll kill you here today, and I’ll let you go out with your head held high!”

As he said that, Han Zhong was about to go forward to beat up Cheng Haotai again.

Ji Feng stopped him with a smile, “Han Zhong, are you tired of beating people up like this?”

“What?” Han Zhong was stunned.

“Come

Cheng Haotai's face eased slightly, it seemed to be less painful, when he saw Ji Feng personally come to help the chair, he thought that Ji Feng might be a little afraid in his heart, he immediately said, "Ji Feng, I see that you are also a smart person, immediately let me go, and Xiao Ye, that is a boundary tent person, if you don't let him go, you will definitely not end up well!"

Ji Feng smiled faintly, "Thank you for your concern, feel free to say anything else, I'm listening!"

As he said that, he looked back at Han Zhong and said, "Look carefully."

With that, Ji Feng went around to the back of Cheng Haotai's chair and snapped a fierce hand around the latter's neck, pressing back hard.

"You Well" originally thought that Ji Feng would let himself go, who had thought that Ji Feng suddenly struck, Cheng Haotai was stunned, just when he wanted to struggle, he felt a sharp pain on his throat. The next thing he knew, he couldn't even catch his breath.

Ji Feng, however, leisurely pointed out Han Zhong: "Watch out, ah, there are several places on the human body that are most afraid of pain, such as the ribs and armpits"

As he spoke, one of Ji Feng's fingers was bent and his joints were raised high.

Whirling around, he fiercely knocked on Cheng Haotai's left rib cage.

"Dang!"

There was a slightly crisp sound, and Han Zhong couldn't help but feel his scalp go numb, but he could clearly hear the sound of Ji Feng's finger knuckle impacting with Cheng Haotai's ribs.

There is a common term for hitting someone with one's knuckles, called a chestnut blast, which is usually hit on the head and is very painful.

Then, the pain of this chestnut hitting a person's rib cage could be imagined.

Han Zhong then looked towards Cheng Haotai's face, and the next moment he noticed that Cheng Haotai's face went white with a swish, and his eyes suddenly stared dead, as if they were dead fish eyes.

And Cheng Haotai's body even violently struggled a few times, as if he had been repeatedly electrocuted, so he could see how much pain he was in!

Han Zhong's eyes also suddenly widened, as if he had discovered a new world.

High!

Hitting someone like this, saving strength and at the same time causing them immense pain, what a brilliant move!

"Dang!" Ji Feng struck Cheng Haotai's ribs again, and this time he struck the same spot as before.

That kind of pain could not be described in words!

"Let me do it!" Han Zhong looked so relieved that he wanted to try it himself.

“Don’t be in a hurry yet!” Ji Feng, however, stopped him with a smile, and then saw him reach out and slap the corner of the table in front of him.

Crunch!

The corner of that table was then broken off in a raw piece by him and fell down.

Ji Feng picked up that table corner and said, “There are too many ways to beat someone painfully, I’ll teach you another one, watch!”

With that, he directly took the corner of the table and ruthlessly struck Cheng Haotai on his ribs.

“Well” Cheng Haotai instantly let out a low roar of pain in his throat, his body struggled violently, and a face was screwed up to one piece.

“Actually hitting the ribs isn’t the most painful!” Ji Feng said, as he took the corner of the table and aimed it at Cheng Haotai’s leg.

Snap!

As Ji Feng lashed out, the corner of the table instantly hit Cheng Haotai’s calf on the head-on bone.

“Hiss-” This sound of sucking in cold air backwards was made by Han Zhong, who only felt a chill at the back of his neck.

The sharp and intense pain of this leg hitting the corner of the table was something he had felt first hand in life, and the moment that pain came, he simply wanted to die!

This was a vicious move!

Han Zhong felt cold sweat just watching it, not to mention Cheng Haotai who was directly hit. He could only see his body trembling violently and struggling desperately, almost as if his entire body was being put on fire in that painful struggle.

“Good fight!”

Han Zhong couldn’t help but exclaim as he hurriedly walked over, “Let me do it!”

Ji Feng smiled and asked, “Did you remember everything?”

Han Zhong nodded heavily, “I remembered everything, just watch!”

He took the table corner from Ji Feng’s hand and looked at Cheng Haotai, who kept letting out a low roar of pain and struggling violently, he laughed heatedly, “Son of a bitch, didn’t you say that there would be no good end if we caught you? Aren’t you rampant? I’ll deal with your kind of rampant!”

Boom!

Han Zhong raised the piece of table corner and smashed it hard on Cheng Haotai’s other calf again

“Ah...”

A miserable scream shouted out from Cheng Haotai’s throat

Chapter 1647

“Ah...!”

In an interrogation room of the Jiangzhou Municipal Bureau, harsh screams filled the entire interrogation room, the sound was really miserable, even a little hysterical, so that people just listening to it would not be able to help the scalp tingling!

Cheng Haotai's hands were handcuffed to the armrests of the chair This was a specially made chair in the interrogation room, an adult could fit in it, and it was slightly more spacious, after sitting down, his chest would probably be facing a wooden board that was placed across the top of the armrests of the chair, and his hands were placed on the board, and on it, there were handcuffs attached to the armrests of the chair! handcuffs attached to the armrests of the chair!

And underneath, there were actually leg irons securing his legs.

The only thing that can move the most in the body is the neck and head, and only the body and limbs can only move slightly.

..... I'm afraid there are not many good people who can sit in such a chair.

Don't dream about it!

If you want to be comfortable, then you can still be honest about your problems?

This is why this special chair is designed for the police, and is usually used in interrogation rooms, detention centres and prisons. In fact, they are rarely used in prisons, because they are surrounded by high walls, so it is too unlikely that you can escape. And inside the prison, there are literally countless ways to screw anyone, so there is usually little need for such things there.

But it is undeniable that sitting in this kind of chair is definitely not a wonderful taste.

At this moment, Cheng Haotai was enjoying such a feeling.

But the difference was that Cheng Haotai wasn't just sitting on it.

It wasn't all about his limbs being fixed, there was also the service that Han Zhong was offering him!

Having learned two methods from Ji Feng that could beat people to the point of maximum pain, Han Zhong used them all on Cheng Haotai's body, and used them repeatedly. On Cheng Haotai's ribs, Han Zhong repeatedly used his knuckles to deliver blows, and often in the same spot.

And on Cheng Haotai's leg, Han Zhong took the piece of table corner and struck it again and again on his receding facial bone.

The pain was so intense and repeated that even a man of iron would be unable to bear it.

Cheng Haotai was even less able to do so.

At this moment, he already seemed to be a puddle of mud and limp on the chair, his face was pale, his eyes were full of blood, and his eyes were red and flushed. His hair was drenched in cold sweat, and his hair, which had been well-groomed, was now dishevelled, with a few strands clinging to his forehead.

His clothes were soaked in cold sweat that he looked as if he had lost all his strength.

If one looked closely, one would see that Cheng Haotai's eyes were filled with fear.

Han Zhong's hatred for him was so deep that he did not show any mercy when he hit him, and there was no sign of softness.

If it were possible, Cheng Haotai would rather die headlong here than suffer such torture again.

He was able to grit his teeth at first, but with Han Zhong's continuous beatings, Cheng Haotai soon broke down and begged, but Han Zhong did not budge at all.

It was his personal choice to be a lackey of the boundary tent people, and no one could control him, at most he could be verbally condemned a few times.

However, this son of a bitch should not have used such a despicable method to calculate others.

In the beginning, when he had planned Han Zhong, he had poured in such a large dose of aphrodisiacs, but he had not cared whether these drugs would leave any after-effects on Han Zhong's body.

Since he didn't even care about Han Zhong's life and death, how could Han Zhong be soft on him?

In particular, Cheng Haotai's arrogant attitude and the despicable way he threatened Han Zhong step by step made Han Zhong hate him to his bones.

He was lucky that he didn't beat Cheng Haotai to death, and he expected him to show mercy?

In this way, Cheng Haotai's screams continued unabated, and after only ten minutes, Cheng Haotai's voice was already hoarse from shouting.

His whole body almost collapsed!

"Cheng Haotai, how does it feel?" Han Zhong asked teasingly. He was a little out of breath, having just beaten up Cheng Haotai, he himself was exhausted.

However, it felt so damned relieving, in one word, awesome!

There was nothing that could be more painful than beating up an enemy!

Thinking about this bastard's arrogant posture before, and seeing how he looked like a dead dog now, Han Zhong really wanted to shout out, "It hurts!"

"Please, don't hit me anymore, give me a break!" Cheng Haotai begged.

At this moment, Cheng Haotai no longer cared about his dignity or face, he really wanted to die from the beating, that kind of pain, it was really not human to suffer!

Every time Han Zhong raised the corner of the table to hit him, Cheng Haotai's heart raced wildly, that kind of fear, it was really painful.

"Begging for mercy?" Han Zhong said playfully, "Didn't you say that none of us would end up well? Tell me, how did we not end well?"

“Han Zhong, Mr. Han, I was wrong, what exactly do you want, just tell me, as long as I can do it, I will absolutely do it!” Cheng Haotai’s heart was sad and angry, but there was nothing he could do, Han Zhong’s violent beating made him understand, he couldn’t bear such torture, it would really kill him!

“I don’t want to do anything, I just want to beat you up, otherwise, it’s hard for me to hold this breath!” Han Zhong gritted his teeth and cursed angrily.

When he thought about how he had been set up, Han Zhong couldn’t help but be furious.

If he could not beat Cheng Haotai with his own hands, Han Zhong was sure that he would not be able to get over it for years.

“Huff~~huff~~” Cheng Haotai took a few sharp breaths and said in a hoarse voice, “Mr. Han, since that’s the case, you’ve beaten him up, so you should take your anger off now, right? If you keep hitting, I’m really going to die

“Don’t fucking pretend to be pathetic in front of Laozi!” Han Zhong shouted lowly, “Even if I beat you to death, I won’t even frown!”

“Yes, yes!” Cheng Haotai couldn’t help but tremble at the bellowing voice, and nodded his head in a panic.

“Damn it

Looking at Cheng Haotai’s tortoise-sun bear appearance, where was there any semblance of the arrogance that was so high and mighty before? It was almost as if he was a fallen dog pretending to be pitiful here.

Han Zhong couldn’t help but curse, “I really can’t understand, just the kind of person you are, even a little bit of backbone is gone, but on the contrary, you are still a little bit smart, it seems that people like you are really born to be a lapdog!”

Cheng Haotai did not say anything, Han Zhong’s words scolded, that really had nothing to do with the pain. Compared to the extremely painful feeling of being beaten just now, Cheng Haotai now preferred Han Zhong to sit here and scold himself for three days and three nights, rather than being tortured like that again.

The actual fact is that you’ll be able to get a lot more than a few pounds of flesh, but if you’re getting beaten up, you’ll really die!

..... Even now, Cheng Haotai still has that lapdog mentality. And his ugly mouth made Ji Feng, who had been standing by and watching coldly, couldn’t help but frown.

In fact, in Ji Feng’s view, it was no shame for Cheng Haotai to be beaten up and unable to hold on to beg for mercy. No matter if he was a dog lapdog or an ordinary person, as long as his body was not made of iron, he could not withstand such torture and it was normal to beg for mercy.

Ji Feng felt that if he hadn’t practiced bodybuilding exercises and was tortured like this, he would definitely have begged for mercy too.

You know, being fixed in the arms and legs like this, can only sit there raw and beaten, want to die, can't die, want to run, even more no way, that kind of pain, unless those old-timers in the past, with a strong faith, now is really not many people can stand it.

So even if one begs for mercy, there is nothing to be ashamed of.

But the point is, when this matter is placed on Cheng Haotai's body, it is incomparably disgusting.

Before this, Cheng Haotai was still looking high and mighty, especially when he was tying up the tent to set up the Chinese people and the Tengfei Group, and now look at his face.

"Cheng Haotai, are you going to give an honest account next?" Ji Feng suddenly opened his mouth and asked indifferently.

"Huh?"

Cheng Haotai was stunned, he didn't understand Ji Feng's meaning, did Ji Feng want him to give an honest account, or not ah?

Could it be that Ji Feng did not want the matter of Han Zhong being counted by them like that to be known?

"It seems like you are not going to give an honest account!" Ji Feng faintly shook his head and said, "Han Zhong, then we'll just have to work you a little harder."

"Okay!"

Han Zhong immediately let out a fierce laugh, "Let me give him another long memory"

"I'll be honest!"

Cheng Haotai suddenly shouted in terror, "I'll give an account of everything, I'll do whatever you want me to! Please, don't fight anymore"

Han Zhong couldn't help but curse: "You don't see the coffin, you can't change your dead nature!"

Ji Feng, however, shook his head and smiled, glanced at Cheng Haotai and couldn't help but secretly shake his head, he really felt sad for such people!

The reason why Cheng Haotai hesitated just now, in fact, Ji Feng also guessed some of it, he couldn't help but feel that people like Cheng Haotai are really just like what Han Zhong said, really a born villain!

All up to now, every sentence that others say, he still has to think about it, want to say to the appetite of others this is flattery ah!

This is not a lapdog and what is it?

"When the time comes, it is best to be honest, if not, then it is nothing, anyway, Han Zhong has been on vacation since he was drugged by you guys, there is plenty of time, when you have an itchy body, he can come over and help you relax!" Ji Feng said indifferently.

Cheng Haotai suddenly winced and said in a panic: "I'll tell you all, I'll tell you everything"

Ji Feng then never looked at him again, turned around and left the interrogation room.

He really didn't want to stay here any longer, this kind of person, even one more look at him would make him feel sick.

Now that he had done what he needed to do, he would leave the rest of the interrogation to the police, and he would go to meet Ishida Ono – the little brat who had two reformers with him as bodyguards!

Chapter 1648

When Ji Feng and the two of them came out of the interrogation room, they saw Li Ruonan standing in the corridor, looking at him strangely.

Ji Feng couldn't help but be stunned and asked in confusion, "What's wrong?"

Li Ruonan didn't answer him, and her beautiful eyes just kept glancing at his face, looking at Ji Feng and couldn't help but feel a little hairy all over his body.

Just as Ji Feng was about to ask, Li Ruonan spoke up, "Ji Feng, you're so perverted!"

Ji Feng: "....."

His head was full of black lines, Li Ruonan's words were so thunderous that they thundered him to the outside.

"How am I perverted?!" Ji Feng asked through clenched teeth.

"To be able to come up with such a torturous method, and still say it's not perverted?" Li Ruonan asked rhetorically, "Then what do you think is perverted? Look at how Cheng Haotai was tortured by you guys, I'm afraid that if I had let go of him at that time, he could have run headlong into the ground and died there!"

The scene in the interrogation room just now, Li Ruonan was standing in the surveillance room next door and could see them all clearly, and their voices could be heard clearly too.

Just by listening to Ji Feng teaching Han Zhong how to hit people most painfully, everyone in the surveillance room felt their bodies tingle and the back of their spines were a little cold.

And later on, it was Cheng Haotai's miserable scream that was so severe that it was really creepy. Even if Li Ruo Nan considered herself bold, she couldn't help but swallow her saliva with difficulty after hearing those miserable screams!

It was evident how much psychological pressure Ji Feng and Han Zhong brought to others!

It was so sick!

But Ji Feng's face was dark: "You think it's perverted to be able to come up with such a method of torture?"

Li Ruonan asked rhetorically, "And what do you think?"

The corners of Ji Feng's eyes jumped wildly a few times, and he couldn't help but grit his teeth and ask, "Li Ruo Nan, did you receive all the good student type training when you were at the police academy?"

It's not your first day as a police officer, is it? I just don't believe that you police officers don't have a more brutal method of beating people up!"

Torturing a method of beating people and being judged as perverted by Li Ruonan, this really made Ji Feng cry and laugh, good-natured and funny!

Although Li Ruonan in the police academy to learn what all the things, is not to teach them that after coming out as a police officer, are to act according to the law, how to do what

Anyway, there is one thing Ji Feng knows, the police station of those old police, perhaps they are not strong ability to handle cases, or perhaps their vision is not enough, or their mind is not on the case at all but one thing, but all those old police, they are in this aspect of torture, it is absolutely a master!

The only thing that Ji Feng has heard of is that there are more than a dozen methods, for example, putting a book pad on the suspect's chest and then smashing a hammer into the book.

Smashing down in this way would cause the suspect's internal organs to tremendously shake, his chest to be in pain, and he would be unable to breathe and be tortured.

However, once the suspect gets out and says that the police tortured him and whatnot, then he goes for an injury test, but when he gets to the hospital, it is absolutely impossible to test him.

There is also, for example, in the middle of winter, strip you naked and give you a cold shower, especially at night many police officers prefer to use this method, imagine that kind of cold environment, let you take a cold shower, and also blow a cold wind to cool off

That feeling, just think about it.

In fact, all of these that Ji Feng heard were also talked about during casual conversations with other people, and he didn't really look into them. However, he also knew that in fact, these were all more than trivial.

In the police station, the real masters of torture can really torture you to death, alive and dead, in pain, but when it comes to examining your injuries, they just can't find out.

This is a very good way to get the most out of your life, but now that you've just used one of them, Li Ruonan is actually saying you're a pervert?

This woman

The woman is simply owed a spanking!

"I'm too lazy to be a fool with you!" Li Ruonan gave him a blank look, "I'm going to arraign Cheng Haotai now, you can choose to wait here or go next door to the surveillance room to rest."

"I'd better go to the surveillance is it!" Ji Feng laughed, "What's the deal with walking and standing in this corridor!"

"Going to the surveillance room is fine, but I have to warn you in advance, you can see my interrogation process in the surveillance room, which originally according to the rules is not allowed for you to see"

“I know, I know!” Ji Feng interrupted Li Ruonan’s words and said helplessly, “I promise to pretend that I didn’t see or hear it, I’m just going to rest and wait for you, that’s always okay, right? I say, if you continue to delay here, maybe Cheng Haotai will slow down later, and it will be a bit difficult for you to interrogate him again.”

Li Ruonan gave him a blank look and said, “If he doesn’t give an explanation, I’ll tell him that you and Han Zhong are going to visit him again.”

Ji Feng: “.....”

This woman, she’s really quick to learn.

Seeing Ji Feng’s helpless look, Li Ruonan couldn’t help but giggle, then she tensed her face and took out the intercom from the back of her waist and spoke a few words about something.

Seeing her busy with her work, Ji Feng didn’t bother her, so he went with Han Zhong to the adjacent monitoring room.

Not long after, Ji Feng saw that Li Ruonan and another young policeman had entered the interrogation room, and they started the interrogation as if they were oblivious to Cheng Haotai’s limp and deflated appearance, as if they had not seen it at all.

In accordance with the police procedure, after asking for identification information, Li Ruonan then asked Cheng Haotai to give an account of what had happened.

At this time, Cheng Haotai no longer had the same arrogant posture as before, even when facing the police, he no longer dared to put on that face of a good friend of the Kepong people, arrogantly barking.

“What a dog-like thing!”

Han Zhong couldn’t help but shake his head and cursed, “Sick to death!”

The moment he remembered that he had been set up so badly by such a dog-like thing, Han Zhong could not help but feel his heart rise in anger.

“Heh!”

Ji Feng grinned and said, “From ancient times to the present, there have always been people like Cheng Haotai, in all dynasties and generations, but it’s indeed bad luck enough to get involved with such people.”

Han Zhong said helplessly, “Ji Feng, you should stop saying windy words.”

Ji Feng laughed and asked, “What, that bad breath in your heart from beating Cheng Haotai so severely just now hasn’t come out yet?”

“That’s not true.” Han Zhong shook his head and smiled heatedly, “It was quite a good beating!”

Ji Feng was dumbfounded and lost his smile.

And at that moment, Li Ruonan also asked about the key place.

According to Cheng Haotai's explanation, the assassination of Han Zhong was actually for the sake of the Tengfei Group, that is, he wanted to take down the Tengfei Group, but more specifically for what of the Tengfei Group, Cheng Haotai was not too clear, according to his guess, it might be someone who saw the potential of the Tengfei Group, or technology, anyway, it definitely could not be money.

Because according to their plan, it was to first force Han Zhong into submission, and then, be forced to cooperate with them, and both sides would each have a share in the Tengfei Group, and the next step would be to slowly deal with Ji Feng, and I believe that with Han Zhong's help, they would soon be able to get all the shares of the Tengfei Group, and by then, the group would be theirs!

When Ji Feng and Han Zhong heard this, they couldn't help but glance at each other, and both of them saw the awe-inspiring look in each other's eyes.

This move of the other side was indeed poisonous!

It would be much easier to take down Han Zhong by certain means first, and then with Han Zhong, the group's general manager, as an inside man, it would be much easier to take down the Tengfei Group, and, if Han Zhong was really taken down, Ji Feng would definitely not be on guard!

"Needless to say, this idea must have come from this son of a bitch!" Han Zhong said, hearing Cheng Haotai put it all on Ishida Ono, saying that everything was planned by Ishida Ono, Han Zhong couldn't help but sneer, "Looks like this guy's skin is itching again, since he's not being honest, we'll loosen him up again later!"

Ji Feng smiled noncommittally.

Not long after, Li Ruonan asked about something that Ji Feng was very concerned about.

"Who is that Ishida Ono and why does he want to hit on the Tengfei Group? His identity, and all about that small circle of yours, give an honest account!" Li Ruonan said in a deep voice.

Ji Feng immediately sat up straight and listened carefully.

For these people, in fact, the one Ji Feng was most interested in was that KAI Peng man, Ishida Ono, because, at the time of his capture, he had two reformer bodyguards with him!

This person, Ishida Ono, was in all probability related to the Dynasty Organization!

This was the judgement Ji Feng came to, so he took it very seriously and listened very carefully.

"Ishida Ono is a KAI Peng businessman, he came to China to do investment business, we were also introduced by a friend before we met, and then we all became friends, he also has shares in my industry"

Before Cheng Haotai could finish his words, he was interrupted by Li Ruonan: "Say something specific, the exact identity of Ishida Ono, etc., all of it. Cheng Haotai, I hope you don't still hold on to your luck, it won't do you any good. Before you say anything, I need to remind you that because this case involves the Tengfei Group, we speak will keep Han Zhong informed on the specifics"

"If he feels the need to come and see you, then we will not refuse!" Li Ruonan said indifferently.

“You guys”

Cheng Haotai was instantly shocked, “You guys are enforcing the law!”

Li Ruonan shook his head and said, “It seems that you are not going to cooperate honestly, so be it, now Han Zhong should not have left the police station yet, we will inform him as soon as possible”

“I say! I say!” A wretched scream suddenly came out of Cheng Haotai’s mouth, almost startling Li Ruonan.

Only to see Cheng Haotai struggling to sit up straight, perhaps because it involved his injury, he grinned in pain, sucking in cold air again and again, but did not dare to have the slightest delay, and said in a panic: “Whatever you want to know, I’ll tell you, please don’t let Han Zhong and Ji Feng come over again, if they come over again, I’ll die, whimper”

At the end of the sentence, Cheng Haotai actually released his voice and cried, really tearful.

This scene made both Li Ruo Nan in the interrogation room and Ji Feng and Han Zhong in the next monitoring room, could not help but be dumbfounded.

Li RuoNan just said that she wanted Han Zhong to come over, and Cheng Haotai was, scared and crying?

Chapter 1649

This scene made both Li Ruo Nan in the interrogation room and Ji Feng and Han Zhong in the surveillance room next door, couldn’t help but be dumbfounded.

Li RuoNan merely said that she wanted Han Zhong to come over, and Cheng Haotai, cried in fear?

“Dog!”

Han Zhong could not help but curse angrily when he saw such a cowardly appearance of Cheng Haotai.

Although he had viciously tormented Cheng Haotai for a while before, and the bad breath of being schemed was out of his mouth, the moment he remembered that he had been schemed by such a dog thing and was forced to be in a very bad way, Han Zhong could not help but feel a pang of disgust.

For example, if two people lose a fight to a master with good manners, they will naturally be convinced and admire the other party’s good kung fu, and even if they are beaten, they will not feel resentment.

But if the opponent is a master, but after defeating you, he sneers and is sarcastic, then any normal person would have resentment in his heart.

However, Han Zhong’s situation was different from this.

For Han Zhong, the one who defeated him was not a so-called expert, but a lowly punk, like a dog!

Moreover, the most unbearable thing was that the other party was not fighting him openly, but was using underhanded tricks to trick him, and as a result, he was really tricked by this lowly dog thing, and ended up in a mess.

This was so disgusting, it was like eating a fly!

So at this moment, once Han Zhong saw how disgusting Cheng Haotai looked, he couldn't help but frown straight away, cursing so viciously that he didn't even care about his own identity and manners.

Ji Feng also could not help but secretly shake his head, this Cheng Haotai, is really a lowlife, not a thing.

Even now Ji Feng still remembers the first time he met Cheng Haotai, this man was a majestic, combed with a big back hair, wearing a suit, at first glance it looked really imposing.

But then look at Cheng Haotai now, a snotty nose and two lines of tears crying out, where there is still half a bit of poise?

The company's main business is to provide a wide range of products and services to the public.

This person is, at heart, a cowardly and timid person, but he still wants to pretend to be a dignified and cultured person, he can really be described as a man of gold and jade, this phrase is not enough to describe Cheng Haotai's rottenness!

"Boom!"

Li Ruonan was also chilled by Cheng Haotai's crying, and she slammed the table, "Stop crying!"

Cheng Haotai was instantly startled and his crying came to an abrupt halt.

However, although his crying had stopped, the crying energy still seemed to be there, his body sobbing, actually imitating a woman's sobbing.

If they didn't want to hear what Cheng Haotai was going to say next, they simply wanted to turn around and leave, if they continued to watch, they were really afraid they would be disgusted to death!

"Say, what exactly is Ishida Ono, your relationship, his exact identity and so on, tell us all in detail!" Li Ruonan said in a cold voice.

"I say, I say"

Cheng Haotai was afraid that if he pissed Li RuoNan off, she would call Han Zhong back again in a fit of anger, so he couldn't help but hurry up and say, "Ishida Ono is a director of the Bailian Group, mainly responsible for the interests in the group in China, and in China he is responsible for the East China piece"

After experiencing Han Zhong's torture and Li Ruonan's intimidation, Cheng Haotai finally broke down, he no longer dared to hide anything, and honestly told all about Ishida Ono's situation.

According to Cheng Haotai, Ishida Ono, as the head of the Bailian Group, was mainly responsible for fighting for the interests of the group in China, and at the same time, he was also responsible for gathering some information about China and then reporting it to give advice, such as which companies in China to take action against, or which people to make good relations with, and so on.

The decision is then made by the top management of the group, after which Ishida Ono then arranges the specific execution.

"This Bailian Group, is it a company of the boundary tent?" Li Ruonan asked in a deep voice.

“Yes!” Cheng Haotai hurriedly nodded his head.

“Then what is your relationship with Ishida Ono?” Li Ruonan asked.

“We are friends, I used to study in the Boundary Tent and made many friends there, they provided me with funds to return to China to do business, and then to follow their orders in many things, in which case they would promise to let me join the Boundary Tent nationality after making meritorious achievements, and if there were significant meritorious circumstances, they could also let me join the organization

Swish!

A cold light flashed steeply in Ji Feng’s eyes and his eyebrows furrowed violently.

Li Ruonan also had her eyebrows knitted: “Organization? What kind of organization?”

Despite her inexperience in handling cases, Li Ruonan was keenly aware that the organization mentioned by Cheng Haotai was suspicious, even more so than the so-called Bailian Group.

The reason is that whenever an organization is involved, Li Ruonan will immediately become acutely aware of what kind of criminal organization it is.

The moment Cheng Haotai mentioned the organization, Ji Feng immediately thought of an organization he knew of – Dynasty!

Coupled with the fact that Ishida Ono also had two reformer bodyguards with him, Ji Feng became even more suspicious that this Ishida Ono should be someone from the Dynasty organization.

“Say! What organization!” Li Ruonan immediately asked.

“I, I don’t know, I just heard that there is such an organization, it is said to be extremely powerful, even the Kaitou government has to give them face, their power in the Kaitou is much stronger than the Yamaguchi group or something like that. Moreover, there are many businesses in the Kaitou that are related to this organization

By the way, Ishida Ono is a member of that organization!” Cheng Haotai said.

“You really don’t know?” Li Ruonan asked in a deep voice.

“Really don’t know!” Cheng Haotai nodded desperately, “Comrade police, you must believe me, I have only heard of it, but I have never come into contact with it, ah, only Ishida Ono said that I have performed well this time, the organization is very satisfied and may absorb me into it, but I have not had the time to join, I really don’t know ah!”

Li Ruonan stared straight at him, trying to see from his face and eyes if he was lying, but at the moment Cheng Haotai’s face just had a hopeful look on it, he was really hoping that Li Ruonan would believe him, otherwise, in case she called Han Zhong back again, then the consequences

If that happens, Cheng Haotai will want to die.

Cheng Haotai was scared to death in his heart.

“Go on and say it!” Li Ruonan said.

“Yes yes yes” Once he saw that Li Ruonan did not reprimand himself, Cheng Haotai could not help but let out a sigh of relief, she believed, she believed that I did not lie

At this moment, Cheng Haotai could not help but again The nose is sour and wants to drop tears.

However, now Cheng Haotai but no longer dare to ink, he hurried to continue on.

As he spoke of their intention to take action against the Tengfei Group, Li Ruonan could not help but coldly rebuke: “Bastard! Thanks to you being a Chinese, you actually help foreigners to deal with their own companies, and even use such despicable means, you are simply shameless! ”

“Yes, yes, I am shameless” Cheng Haotai did not dare to retort in the slightest, but he still weakly argued: “However, comrade police, this time it is not my business to count on the Tengfei Group, oh, I mean , the idea wasn’t mine”

According to Cheng Haotai, this time the focus on the Tengfei Group, in fact, it is not that he saw the potential of the Tengfei Group and reported it up, the fact is not so, because before this he knew that the Tengfei Group has relations with the secretary of the Jiangzhou Municipal Committee, businessmen are afraid of dealing with government officials, let alone this kind of feud?

Besides, there were so many enterprises in Jiangzhou, why did he have to choose such a difficult bone?

Therefore, Cheng Haotai had never thought of hitting the Tengfei Group, and it was actually Ono who decided to take action against the Tengfei Group.

One day Ishida Ono came back from outside and suddenly found Cheng Haotai, along with a few other international students in China, all Chinese who were close to the Bailian Group, and guys who were extremely eager to join the Bailian nationality and become a real Bailian.

Ishida Ono told them that he intended to take down the Tengfei Group and asked them to think of something, adding that this was an order from above.

And after that, that’s when they started their plan to deal with the Tengfei Group.

“So, did Ishida Ono say who gave him the order?” Li Ruonan asked.

“I don’t know about that, the contact with the top is all Ishida Ono’s responsibility, in fact we can only be considered to be in the inspection stage now, even the Bailian Group hasn’t really joined yet” Cheng Haotai said cautiously.

“In that case, all those industries of yours, including hotels and clubs and the like, are actually the properties of the Bailian Group?” Li Ruonan asked.

Cheng Haotai nodded and said, “Sort of, but it also has my shares in it, that is after all what I have worked so hard to create, only that Ishida Ono said that it was not appropriate for the money to be paid out by the Bailian Group, so that is why most of it was put under my name and some of the other shares were put under the names of some other boundary tent people. Ishida Ono said that this was done to prevent the Chinese side from looking for trouble, because they are most afraid of foreigners, so with the shares of the Kaito people in these industries, the Chinese officials would not dare to mess around”

“This idea came from you, right?” Li Ruonan said coldly.

“..... Yes!” Cheng Haotai could not help but choke and hurriedly lowered his head, he knew the most about the situation in China, and the idea was indeed his.

“Scum!” Li Ruonan couldn’t help but curse again.

Cheng Haotai could only listen, but did not dare to refute a word.

At this time, Ji Feng was listening in the next monitoring room, but his brows were furrowed, Ishida Ono was really someone from the Dynasty Organization.

But where did this Bailian Group come from?

I’ve never heard of this business before

Chapter 1650

The interrogation of Cheng Haotai went exceptionally smoothly, so to speak, far below Ji Feng’s previous expectation.

Originally, he thought that Cheng Haotai should have a bit of backbone and might be a difficult bone to gnaw, and that he might have to use neurotoxins to force Cheng Haotai to give an explanation in the end.

But then he realised that he was wrong, and very wrong at that.

This Cheng Haotai never seemed to have a bone in his body, not even a little bit.

After being severely tortured by Han Zhong, Cheng Haotai no longer dared to have any other thoughts, he answered whatever Li Ruo Nan asked him, only to discount a little when it came to his own responsibility, and that was because he was afraid of being punished more painfully.

The fact is that he had overestimated Cheng Haotai from the very beginning. If Cheng Haotai really had that much backbone, he wouldn’t have defected to the Boundary Cave people and willingly become their lapdog.

Therefore, Ji Feng no longer had so many thoughts in his heart, no matter what happened to Cheng Haotai, it had nothing to do with Ji Feng, all he needed was the information that Cheng Haotai knew.

As for Cheng Haotai personally, Ji Feng was absolutely not willing to have anything to do with this kind of person anymore!

After that, Cheng Haotai honestly explained the list of people in his coterie, as well as what bad things they had done in China, and who was a Chinese and who was a Boundary Tent, he explained it all clearly.

And what interested Ji Feng the most was still the guy called Ishida Ono.

But unfortunately, Cheng Haotai didn’t know much about the specifics of this Ishida Ono either. According to Cheng Haotai, he and Ishida Ono met in the boundary tent, but he didn’t know too much about Ishida Ono’s family and origin.

Only later did Cheng Haotai learn that Ishida Ono was an employee of the Bailian Group, and gradually they got mixed up together afterwards.

This made Ji Feng more or less regretful, but he also knew that people who met in the society would rarely tell others about their family situation and so on, especially since Ishida Xiaoye obviously still had some kind of purpose, it was even more unlikely that he would tell, and even if he did, it might not be true!

The first thing I did was to ask Ishida about his family, but I was not able to get any more information from Cheng Haotai.

Li Ruonan also saw that there was nothing more to ask, so he ended the interrogation.

“So, what do you see?” Li Ruo’nan asked as he came into the surveillance room next door.

“He didn’t lie!” Ji Feng smiled faintly.

“He does dare to lie!” Li Ruonan gave him a blank look, these two guys had tortured that big man Cheng Haotai to tears, and people still dared to lie?

Ji Feng smiled and did not argue with Li Ruo Nan on this issue, but asked, “Do you still want to interrogate Shi Tian Xiaoye next?”

Li Ruo’nan immediately asked, “What for? Do you want to beat him up again?”

Seeing Ji Feng with a smile on his face, Li Ruo Nan couldn’t help but say, “Ji Feng, I am reminding you, I can pretend that I can’t see you guys cleaning up Cheng Haotai, after all, we have a reason to detain him for a while, and now there is enough evidence, then he definitely won’t be able to walk out of here next, prison is the good place for him, so no one will know about your actions!”

Ji Feng smiled and asked, “Is it different for Ishida Ono?”

“Of course it’s different!” Li Ruonan said.

“Ishida Ono is from the boundary tent, our police arrested him, I believe the boundary tent side will soon know about it, their ambassador already protested once before, this time they will definitely send someone to visit Ishida Ono, or send a lawyer, or come to protest Think about it, if their people come Once they see the injuries on Ishida Ono’s body, will they be able to give up?”

The first thing you need to do is to send a lawyer.

Ji Feng shook his head and laughed, the matter was not that simple, if the tent asked to send someone to visit Ishida Xiaoye, or send a lawyer directly, the Chinese police could not really refuse.

It couldn’t be helped, if there was really any commotion, the impact would not really be good.

It’s not a weakness, it’s just a way of avoiding risk, in other words, sort of standing on the ground first.

You know, in times of war, even if those powerful countries invade other countries, they will still find a crowning excuse, let alone in times of peace now?

Ji Feng can completely understand, although he also extremely hate certain countries, but is not the kind of radical cynic, when it should be soft, when it should be hard hard, can bend and stretch this is nothing to be ashamed of.

“Well then, we won’t make a move!” Ji Feng smiled faintly, “I just want to ask him a few words, after that I’ll go back.”

“Really?” Li Ruonan was a bit skeptical.

“I can assure you!” Ji Feng smiled, “I think my guarantee is still worth something, right?”

“..... Then good, you guys come with me, remember ah, don’t make a move!” Li Ruonan once again reminded, “Even if you guys really want to make a move, you should hold back for now, after all, the boundary tent people can’t send people to visit him every day, don’t you think so?”

This is to tell them that if they want to beat up Ishida Xiaoye, they should not rush, there will be plenty of opportunities after this period of time.

This was indeed true.

Not to mention that after Ishida was put in prison, there would be no more access to him from the outside world, and even if he was temporarily detained in the detention centre before the verdict was passed, it would be easy to fix him, so there was no need to fight in the interrogation room just because they couldn’t resist.

“Understood!” Ji Feng nodded and smiled.

Li Ruonan coughed: “What do you understand? I didn’t say anything.”

Ji Feng suddenly laughed: “I don’t understand anything, I didn’t hear anything, okay? Hahahaha”

He couldn’t help but laugh heartily, but not because he could beat up Ishida Xiaoyao, but because he was amused by Li Ruo Nan.

This girl’s character is really seems, this girl actually still endure quite hard, I believe if not become a captain, Li Ruonan afraid long ago to Cheng Haotai and Ishida Xiaoye big ears slapped over, she kind of character, only can not see these nasty things.

Now that she is an official, she knows how to pay attention to her image.

When he thought of Li RuoNan’s tough appearance when he was a traffic police officer, Ji Feng couldn’t help but laugh again, but Li RuoNan was angry and stared straight at him.

Although she didn’t know what Ji Feng was laughing at, it was obvious that this guy was definitely laughing unkindly.

Led by Li Ruonan, they arrived outside the interrogation room where Ishida Ono was being held, and Ji Feng said, “Han Zhong, since there’s no chance to do anything today, you should wait here for a while while I go and ask that brat a few words.”

Han Zhong nodded, he certainly understood. What’s more, after torturing Cheng Haotai so severely earlier, he had taken out a bite of anger and was now much more comfortable in his heart. Anyway,

there was still a chance later, as long as this brat was in China's prisons, there would definitely be a way to clean him up, so naturally there was no rush.

Ji Feng looked at Li Ruo Nan again, who immediately said, "In order to avoid you hurting Ishida Ono on impulse, I have to watch from the surveillance room."

Ji Feng then couldn't help but frown slightly, what he wanted to ask Ishida Xiaoye was about the dynasty, this Li Ruo Nan was in the surveillance room, that could hear and see everything, these things were overheard by her, it seemed a bit not good.

"I have to watch!" Li Ruo Nan said, "Or you can go directly to Chief Zheng!"

Li Ruonan saw Ji Feng frowning and instantly thought that he might be taking this opportunity to clean up Ishida Xiaoyao, so she could only watch from the side.

You know, Ji Feng's character wasn't that soft, he was capable of anything!

Ji Feng glanced at her and said, "Alright then, you can watch from the surveillance room, but I'll say something ugly up front, no matter what you hear, you can't make a fuss about it, also, absolutely no questions are allowed to me, if you can do that, then you can enter the surveillance room, otherwise, I'll have to call Chief Zheng directly as well."

"What else can you talk to Ishida Ono about?" Li Ruonan gave Ji Feng an odd look, but saw that Ji Feng was serious and had a serious look on his face.

"Fine, then it's a deal."

After saying that, Li Ruonan turned around and went into the nearby monitoring room, she was muttering in her heart, she didn't expect this guy to be a bit scary when he was serious.

The first thing you need to do is to get a good idea of what you're doing.

That's why Li Ruonan rushed into the monitoring room.

Ji Feng didn't mind her either, he just patted Han Zhong's shoulder, signaling him to wait outside for a while, and then, he entered the interrogation room.

As soon as Ji Feng entered the interrogation room and saw Ishida Ono sitting on the chair, he couldn't help but be stunned.

Compared to Cheng Haotai, Ishida Xiaoye was not treated any better. However, at this moment, Ishida Xiaoye was sitting on a chair and his limbs were fixed, which were all the same as Cheng Haotai's treatment, but, in Ishida Xiaoye's mouth, there was a red ball stuffed into it.

But soon, Ji Feng saw clearly that this was not something red, it was clearly a piece of gauze, only that it was stained red by the blood in Ishida Xiaoye's mouth!

At that time, in order to prevent his mouth from hiding poisonous teeth, the white spider did not show any mercy when prying his mouth, his teeth were churned out several, no, now it looks like the lips are swollen up, like two sausages
