

Campus Master 1651

Chapter 1651

“Mmm! Well-woo~~!”

At this time, Ishida Ono also saw the visitor clearly, and when he found out that the visitor was not the expected police, but Ji Feng, there was an extremely angry look in his eyes, his body struggled violently, but his limbs were fixed, he could do nothing, and finally, he could only stare at Ji Feng with resentment.

Seeing this, Ji Feng raised his eyebrows, sat down on the table very casually and said indifferently: “Your name is Ishida Ono, right? You don’t have to answer, I know you can understand Chinese!”

“Well” Ishida Ono stared at Ji Feng with a deadly gaze, looking at the eyes full of resentment, hating to immediately eat Ji Feng seems to be.

“It seems that you are quite sad and angry, huh?” Ji Feng sneered.

Ishida Xiaoyao couldn’t speak, but the look in his eyes unmistakably expressed his inner thoughts – he hated Ji Feng very much.

He did hate Ji Feng, originally his and Cheng Haotai’s plan had started to be implemented smoothly, and even, it looked like they were just one step away from success, but Ji Feng suddenly appeared and caught them all, and even the woman beside Ji Feng even stirred his mouth with a dagger a few times, saying that she had pried out all his teeth.

All this hatred made Ishida Xiaoye want to chop Ji Feng to death immediately.

What makes Ishida Xiaoye even more annoyed is that this time there was such an accident, did not complete the task given by the organization, when he will certainly be very severe punishment, maybe even his own family will be dragged into it, Ishida Xiaoye really hate.

The hatred in Ishida Ono’s eyes was naturally seen by Ji Feng, but he did not care, but also shook his head and smiled.

If we say that before the evidence, in the eyes of Ji Feng, Ishida Xiaoye is still a person, after all, his identity is a boundary tent people, Ji Feng want to make a move, it is really a bit inconvenient.

But now, Ishida Ono really does not count for anything.

Ji Feng came here just to know some dynasty from Ishida Xiaoye’s mouth, otherwise, he would not even look at Ishida Xiaoye.

In Ji Feng’s eyes, Ishida Xiaoye is not considered a heroic figure, not even a rival, Ji Feng naturally will not have any heroic feelings.

A jumping clown is just!

“Well”

Seeing Ji Feng sitting on the table, just smiling and looking at himself, Ishida Xiaoye suddenly felt as if he was being slandered, he could not help but hiss and hiss.

Ji Feng laughed and yanked the gauze out of Ishida Ono's mouth violently, which again involved Ono's injury, and immediately made his face white with pain.

"Ji Feng, I'm going to kill you, I'm going to kill you!" Ishida Ono hissed and stared at Ji Feng, his eyes were red and he roared through gritted teeth, "You will definitely regret it!"

"Ishida Ono, you are a member of the dynasty, right?" Ji Feng asked indifferently.

When Ishida Ono heard that, he froze for a moment, but then he whirled and once again showed an incomparably fierce look and roared, "Ji Feng! You dare to do this to me, I will not let you go, and the boundary tent will not let you go! When the time comes, not only you, but also your uncle, will have to follow along with the bad luck!"

Ji Feng smiled and said, "You received an order to take down the Tengfei Group, so you gathered Cheng Haotai and others, and then used Chen Jia and Wang Caixia to calculate Ji Feng, and thus began your plan, am I right?"

Ishida Xiaoye's face suddenly changed, and then, he immediately shut up and did not say a word.

Ji Feng also did not care, just said indifferently: "Your funds are from the Bailian Group, right? However, I think this group should also be just a puppet, and the real mastermind behind the curtain should be Dynasty!"

Ishida Ono didn't say a word, he no longer had the aggressive look he had just now, not to mention the arrogance.

"Say it, don't be a coward when it comes to the crux of the matter. Just now, weren't you still very arrogant?" Ji Feng said indifferently.

"Humph!"

Ishida Ono said in a cold voice: "Ji Feng, I'm telling you, don't be arrogant! You arrested me for no reason, the boundary tent embassy will soon file a protest, if it causes a dispute between the two countries, none of you can afford this responsibility!"

Ji Feng waved his hand and said indifferently, "You don't need to pull this, let me ask you, what is your status in the dynasty?"

"Ji Feng! I don't want to talk to you, you get out immediately!" Ishida Ono roared.

"Heh!"

A cold light flashed in Ji Feng's eyes as he shook his head, "I knew it, you Boundary Cloak people, ah, are so indebted!"

It is a well-known fact that the people of the realm tent bully the soft and fear the hard, only when you beat him painfully and fearfully will he be honest.

This is also the case with the country of Kaitou, who knows how much the Kaitou people hated the rice people, and even die hard should not, the result was the rice people two nuclear bombs surrendered in fear.

Later a thing is also the same, the rice people in the world tent unscrupulous, and even forced the world tent signed an agreement, the results of the plunder of the world tent the wealth of the entire country for ten years, but the results, the world tent people more groveling, even the rice people as a parent father!

And China to the world tent to tolerate again and again, let again and again, but the result is that the world tent think that the Chinese people are weak and deceitful, more and more excessive.

The Chinese official to the world tent tolerance, that may be because of a number of considerations, but Ji Feng is not care about this, especially for Ishida Xiaoyao this bastard, he will not be merciful.

Ji Feng came up from the table, stood up straight, his face also gradually cold down, said in a deep voice: "Ishida Ono, you better not challenge my patience, I also do not have so much time to play with you, now I ask once again, what is your status in the dynasty?"

"I don't understand a single word you said, Ji Feng, I have to remind you, what you are doing now, is playing with fire!" Ishida Ono said in a cold voice, "Cheng Haotai is indeed my friend, but what he did has nothing to do with me, you impolite Chinese people actually dare to treat me like this, I will definitely not let you go!"

"Huh!"

Ji Feng laughed, but his eyes were cold: "Not saying?"

Ishida Ono said coldly: "Ji Feng, you don't have to follow this set, you are intimidating, it is a crime know it?"

Ji Feng nodded with a smile and said, "It's okay if you want to understand it that way!"

"Humph!" Ishida Ono sneered.

"Really do not say?" Ji Feng looked at him, but his tone was cold.

"Ji Feng, you will definitely pay the price for your kind is stupid behavior!" Ishida Ono said in a cold voice.

These two people, each talking about their own topic, Ji Feng was asking Ishida Xiaoye about his identity in the dynasty, while Ishida Xiaoye was warning Ji Feng that this kind of action of his arrest was stupid, which could be described as talking about himself, and could even be said to be bullheaded.

However, Ishida Ono is unaware that Ji Feng is not scaring him, seeing that Ishida Ono is still dead duck, Ji Feng's eyes cold light fiercely flash, fiercely step forward, hands quickly in Ishida Ono's body fiercely slapped a few times.

"What are you going to do" Ishida Xiaoye was stunned and just wanted to shout, but his voice came to an abrupt halt.

Immediately afterwards, a heart-breaking pain, from the place where Ji Feng had tapped, instantly spread throughout Ishida Xiaoye's whole body, instantly, Ishida Xiaoye's eyes opened wide and his body twitched violently.

At first, Ishida Xiaoye could still hold back, only the body kept twitching, while he was clenching his teeth and constantly sucking in cold air Despite the injuries in his mouth, his teeth were stirred up by the white spider with a dagger to lose a few, but compared to the extreme pain in the body that seems to be tormenting in hell, the pain in this mouth is nothing.

What's more, biting the teeth would hurt, but it could also distract Ishida Ono's attention, which could also make the pain on the body seem slightly less.

"Hiss"

Ishida Ono's body trembled violently, just a few seconds, the incomparably intense pain, as if it was a raging wave, instantly swept his whole body, to the end, Ishida Ono's entire body was stiffened by excessive force, only the surface skin and the layer of muscles underneath, pulsing violently.

And the pain that Ishida Ono felt was still increasing, that feeling, simply painful.

"Well uh" Ishida Ono was in extreme pain, at the beginning he could barely hold it in, he just kept sucking in cold air, however now, he didn't even have the strength to suck in cold air, let alone let out a miserable scream.

Only in his throat, there is still the occasional odd sound that shows how much pain he is in!

Ji Feng was standing right beside Ishida Xiaoyao, with a bland expression.

He naturally knew very well what kind of result would be caused by his own hand.

In fact, this means of punishment, strictly speaking, should be a means of interrogation, is to use to let the biological current shock the other party's body, the powerful biological current will instantly stimulate the biological current in the other party's body, and then directly destroy, that kind of pain, absolutely painful.

In fact, this is the same reasoning as using bioelectricity to save lives, except that when saving lives, the input bioelectricity is very weak, and will be careful, so as to stimulate the bioelectricity in the other person's body, without causing any damage.

Compared to saving a person, this means of punishment, that is, the amount of bio-current input is increased and more violent.

From this, it can be seen that there is actually only a slight difference between saving and killing, but it can cause since different consequences, which is the same as a doctor who thinks of saving and killing.

This means, in those punishments that Ji Feng knows, is not the most complex, but is the fastest effect, but also one of the most painful means to make people suffer.

As for those more powerful means, Ishida Ono is not worthy to use!

These boundary tent people, you only need to beat him pain, he will be afraid, the typical underdeveloped type!

To use those profound means, instead, is to lift them up.

Chapter 1652

“Uh ah”

In the interrogation room, this extremely strange painful moaning sounds constantly, sounding so painful, as if the person making the sound is being subjected to some unimaginable torture, and like a hospital anorectal department in the examination seems to be, so that people can not help but be creaped out, the legs are weak.

In just a few minutes, Ishida Ono’s entire body seemed to have used up all its strength, just like a puddle of mud, limp on the chair.

His entire body seemed to be fished out of the water, all wet, which was soaked by his cold sweat, it can be seen in this short few minutes, Ishida Ono really suffered a lot of pain.

In the end, Ishida Xiaoye’s face was pale, his eyes were full of blood, but more than that, he was still thick with fear, and he didn’t even dare to look at Ji Feng.

“Think I don’t dare to do anything to you just because you are a boundary tent person?” Ji Feng’s voice rang out, making Ishida Ono subconsciously tremble again, but heard Ji Feng sneer: “Don’t think that just because some officials in China fear you, it means everyone is afraid. In my eyes, you guys are nothing, not to mention just torturing you, I won’t have any problem even if I kill you right now!”

Ishida Ono’s chest rose and fell sharply and did not reply.

If it was in normal times, if he heard Ji Feng say this, he would have laughed coldly and retorted. But now, that painful feeling has passed, but for Ishida Ono as if still immersed in that pain, as long as the thought of it, he was trembling, fear hard.

Ishida Ono was afraid of being tortured, he did not dare to refute.

However, in his heart, he simply disagreed with Ji Feng’s statement, perhaps in Ji Feng’s eyes, he, the boundary tent man, indeed does not count for anything, but if he really dares to kill himself, that boundary tent will definitely not let him off, not to mention him, even his uncle, that Jiangzhou municipal party secretary, all have to follow along with the bad luck!

“Heh! It seems that you are still not convinced!”

The emotion in Ishida Ono’s eyes naturally did not escape Ji Feng’s eyes.

He shook his head with a non-committal smile and said, “It seems that you are really full of self-confidence in that small bullet country of yours, and you are too down on China. I can tell you clearly, don’t think that just because you’re from the boundary tent, you’ll be safe and sound. Just because you are a member of the Dynasty Organization, the Boundary Tent will not dare to protect you!”

Ishida Ono still didn’t say a word, except that the arrogant look on his face was gone.

Now, if you go against Ji Feng, you are looking for a crime for yourself, and it’s the kind of crime that is enough to make his life miserable.

Ji Feng sneered: “Let me tell you this, the dynasty in China’s forces, has been almost cleaned up, the rest are just some clowns. I don’t know if you’ve heard of your dynasty’s youngest son, he can only flee in front of me, like a dog in distress! You, even less qualified to play with me!”

Ishida Ono jerked his head up and gave Ji Feng a somewhat startled look, but then he hurriedly lowered his head again.

“Thinking that you are a boundary canopy man, a man of the dynasty, with two of the lowest level transformers by your side, you dare to be reckless in Huaxia?” Ji Feng laughed coldly, “Don’t mention the boundary tent and the dynasty, no one can protect you if they come! Even if it’s a high-level reformer, so what? I’m afraid I can’t even count the number of senior reformers who died in my hands, so what are you?”

Ishida Ono’s body shook, seemingly touched by Ji Feng’s words.

“I’m telling you this just to let you know that you don’t have any room for bargaining, not to mention don’t think about being recalcitrant, I have countless ways to make you die a painful death!” Ji Feng said coldly, “Go ahead, tell me everything you know!”

Ishida Ono was silent.

Ji Feng smiled, “It seems you want to feel that feeling again just now?”

He suddenly took a step forward and was about to do it again.

Ishida Ono was shocked, subconsciously exclaimed: “Do not ah, stop”

Ji Feng is unchanged, the hands did not stop, looking at the body of Ishida Xiaoye.

Ishida Xiaoye was terrified, he shouted in terror: “I said! I say ah”

But Ji Feng’s face was fiercely cold: “Too late! I don’t want to listen now, I just want to torture you, take your time and enjoy it!”

After saying that, his hands snapped on Ishida Ono’s body a few times quickly.

“Ah...!”

Ishida Ono’s body instantly stiffened, and his miserable and incomparable screams rang out again.

.....

When the screams in the interrogation room completely subsided, it was already twenty minutes later, at this time, Ishida Ono, even the strength to sit up straight, if not handcuffs and shackles fixed his limbs, he was afraid that long ago said bald to the bottom of the table.

Look at Ishida Ono’s face, it was as if he was very sick, his face was pale, his lips were a little blue.

And his eyes, but is full of extreme fear, just now that kind of feeling as if in hell to be tortured, so Ishida Ono want to die immediately, if only to be able to not suffer such torture!

But this is obviously only his extravagant hope, Ji Feng will not let him die, is to let him suffer so alive.

Seeing Ishida Ono’s appearance, Ji Feng could not help but frown, surprised: “Yoo-hoo, actually still not unconscious? It seems that this means to continue to strengthen ah!”

As he spoke, Ji Feng was about to go forward to inflict torture again.

This, however, scared Ishida Xiaoye's soul, he did not know where to get the strength, once he heard Ji Feng say this, his body tensed up violently, fear incomparably shouted: "Ji Feng, I said, I said, you do not do it again"

Ji Feng frowned: "Shut up! I still have several means to test it, what do you say, those perfunctory words of yours, I'm not interested!"

Ishida Xiaoyao immediately shouted in panic: "I say everything, what you want to know, I say everything, please, do not torture me again."

Ji Feng but a cold smile: "You think I will believe your words, tell you, I have a method here, you can be tormented raw to pass out, and when you wake up, you will become muddled, then ask you anything you will say I have such a good method, but also can outlet, why should I be here to listen to your bullshit?"

There is such a method?

The life tortured into a coma?

The thought of being tortured when the kind of painful feeling, Ishida Ono just feel as if the internal organs are being pulled hard.

"I'm telling you! I promise I will tell the truth, please, don't torture me anymore I beg you!" Ishida Ono no longer cared that he was a 'noble boundary tent man', he was now filled with fear and begged bitterly.

"Can you really tell the truth?" Ji Feng frowned and asked, he still looked a bit reluctant: "You can't waste my time here, you might as well just"

"I am a member of the dynasty, a member of the king's men, specializing in the East China region of China, the task is to search for the more promising and competitive companies and talents in East China as much as possible, and try to take him down and work for the organization." Ishida Ono did not even wait for Ji Feng to ask a question, he hurriedly said aloud, he was really afraid, afraid that Ji Feng would do it again.

Ji Feng's movements stopped and just frowned and listened.

Once I saw that Ji Feng was willing to listen to himself, Ishida Ono was overjoyed, he hurriedly continued: "So far, our small group has taken three enterprises, the fourth target is the Tengfei Group. The members of our small group are Cheng Haotai, me, and"

Ishida Ono speaks incoherently, his voice is trembling, it can be seen to what extent he is afraid.

Ji Feng while listening carefully, while secretly shaking his head in the heart, these boundary tent people, ah, is this kind of bullying soft and hard dog things, the more you beat him, the more he will be like a pug, groveling in front of you.

Isn't Ishida Ono also like this?

Boundary tent people are just bitchy!

“What rank do you belong to in the dynasty?” Ji Feng interrupted Ishida Ono’s chatter and asked in a deep voice.

“Rank?”

Ishida Ono was stunned and hurriedly said, “I, I don’t know how the levels in the dynasty are divided, but I am the head of the Bailian Group in East China, and Master Wang is the head in China, and I am his subordinate.”

Ji Feng frowned.

Ishida Ono was instantly frightened and panicked and shrieked, “What I said is true, please believe me!”

Ji Feng gave him a cold look and asked again, “So, you know the identity of the king?”

Ishida Ono said in a panic: “I don’t know, every time I go to see the king, it’s always through the screen, I can only hear his voice, I can’t see his real face, and even if I do, he’s wearing a mask what I said is true”

Ji Feng frowned: “Then do you know the identity of the little prince?”

Ishida Ono also shook his head: “I don’t know, I only know that he is the son of the king, but never met the little prince, I am responsible for business, I don’t know what the little prince is responsible for”

“Then, where the king is, you should always know, right?” Ji Feng asked in a deep voice.

Ishida Xiaoyao but more fear, he almost cried out, Ji Feng asked these questions, all he did not know, and he did not dare to make up answers, and did not dare not answer, and afraid that Ji Feng thought he was perfunctory

All these fears made Ishida Ono almost collapse.

Ji Feng coldly glanced at him, and immediately made Ishida Xiaoye dead, shrieked: “I really do not know, please believe me, do not torture me”

“Shut up!”

Ji Feng coldly shouted: “What else do you know, tell us all, or else hum!”

Ishida Ono scared liver and guts, hurriedly all that he knew all said, not a word dare to hide

Seeing Ishida Xiaoye’s appearance, Ji Feng could not help but secretly sneer, this is the fearless boundary tent people, this is the arrogant boundary tent people!

Something like a dog!

Chapter 1653

It’s no wonder that Ji Feng would say so much about the world’s tent people, it’s because, Ishida Ono’s performance is too bad.

If from the beginning, Ishida Ono is honest, now he how to beg for mercy that is normal, since it is a human being, there will certainly be shortcomings, timid is not some unseemly shortcomings.

But the problem is, from the beginning, Ishida Xiaoye acted superior, and did not even put Ji Feng in the eyes, but under Ji Feng's means, Ishida Xiaoye immediately became a grandson, this arrogant look, is the most disgusting.

If it was anyone else who encountered such a situation, I'm afraid they would not look at Ishida Xiaoye squarely.

However, although Ishida Ono has this kind of inferiority common to the world canopy people, but, he explained some situations, but still let Ji Feng very interested.

Especially some situations related to the dynasty, Ji Feng listened more carefully.

According to Ishida Ono said, this Bailian Group, in fact, is a group similar to an investment company, and does not have its own industry, to put it bluntly, if you put aside the group's funds, in fact, this is a purse company.

Only, this purse company has a large amount of money from nowhere, involved in many projects around the investment in many countries, of course, the vast majority are similar to the Hao Tai Hotel, in fact, to put it bluntly, is set up in those countries stronghold, only nominally those industries are joint ventures with the locals.

But in fact, those local people, also have an extremely close relationship with the Bailian Group.

For example, Cheng Haotai is like this.

In addition, Bailian Group also has close cooperation with many of the group's enterprises, but Ishida Ono is only a foreign director, for this deeper things are not too clear.

Ishida Ono also mentioned one thing that interested Ji Feng, according to him, the general director of the Bailian Group in China, Master Wang, also has a position in the Bailian Group, seems to be called the president of the China region, Ishida Ono also said that it is not quite accurate, because usually everyone calls him Master Wang, few people call his position.

Although Ishida Ono said very vague, but this is also very important for Ji Feng.

From what Ishida Xiaoyao said, Ji Feng could probably analyze something about the dynasty, and a vague framework about the dynasty was formed in Ji Feng's mind.

The organization, the dynasty, should be divided into two parts.

One division, is the force side.

This part should be underground, mainly including some high-tech research and development, the development of modified people, as well as some weapons development.

Of course, Ji Feng believed that the dynasty must be more than just researching these, but anything that would be beneficial to their power expansion, they would be interested in.

For example, they may study the genetic evolution of humans or something like that, or strengthening potions which is not impossible.

If this is said, the dynasty must have a base dedicated to the transformation of the human body, or other aspects of technology for research and development, but also for the training of those transformed people.

These can be the need for extreme secrecy, so certainly need to be very hidden site.

Ji Feng remembered that Ji Feng and Xiang Yongzhuang once destroyed a branch of the dynasty in China – the Western Xia, that branch is in the Gobi and desert, extremely secretive.

This is only a branch, I believe that the headquarters of the dynasty, must be more hidden, but where exactly, Ji Feng can only guess, he does not have any news and information about the base of the dynasty.

But Ji Feng can be sure that this speculation of his, eight out of ten '9 is true.

In addition to force, the dynasty also has a part, is the money, or in other words, business.

Dynasty to research high-tech, research to transform people, the Institute has what they need to research, talent and technology is one aspect, but there is the most important thing – money!

Whether the dynasty to engage in any research and activities, or personnel training or not, can not be separated from the money.

That's why the existence of the Bailian Group, according to Ishida Ono's confession, as well as his and Cheng Haotai's behavior can be seen, this Bailian Group, the purpose of its existence, should be to plunder the wealth of others, and turn to provide funds for the Dynasty.

Ji Feng even guessed that the dynasty may not only this one Bailian Group, there may be other so-and-so groups, and if so, then the purpose of these groups must be the same, all to plunder the wealth of others!

Even

Ji Feng's face is a little gloomy, the dynasty seems to be very much against China!

Moreover, the relationship between the dynasty and the boundary tent is obviously not ordinary, which can be seen from the signs of the dynasty's people's activities in the boundary tent.

Bailian Group is also in the boundary tent, and many members of the dynasty are boundary tent people all these signs indicate that the dynasty has an extremely close relationship with the boundary tent.

Could the dynasty be the boundary tent to get out?

Ji Feng suddenly thought of this, and then he shook his head and smiled, he was useless to guess here.

However, he still feels that the dynasty should not be affiliated with the tent, not to mention other, in terms of technology alone, the dynasty is too far, the tent if such technology, already arrogant do not know what surname, where will be like now, the most is to provoke China a few times from time to time, a few sentences, they are afraid to do it!

For the boundary tent people kind of bad root, I believe that any Chinese people are very understanding.

.....

“Is there anything else to say?” Ji Feng asked in a deep voice.

“No, there’s nothing more.” Ishida Ono shook his head, but his heart was thinking quickly, what else did he forget to say? Do not provoke this fierce star to anger again, otherwise, today he will really die here!

Ji Feng gave him a deep look and said coldly: “In that case, that’s it for today, you can be exempted from punishment next. However, I will come to see you tomorrow, in the meantime, I hope you better remember something, otherwise, I guarantee that the pain you will suffer tomorrow will be a hundred times more painful than today!”

“Ah!”

Ishida Xiaoyao screamed in horror: “I really can’t remember”

Ji Feng ignored him and went straight out of the interrogation room, leaving the terrified Ishida Ono sitting there in a cold sweat, scared to death.

As soon as Ji Feng went out, Han Zhong greeted him: “Ji Feng, how is it?”

“It’s okay, let’s go!” Ji Feng smiled, the dynasty, he did not intend to let Han Zhong involved, after all, with the dynasty’s ferocity, involved in this kind of thing does not carry good, Han Zhong is only an ordinary person after all.

“Did you give that kid a hard time?” Han Zhong asked.

“Of course!”

Ji Feng smiled and nodded: “Definitely more ruthless than cleaning up Cheng Haotai.”

Han Zhong was stunned: “Really? Hey! Then why don’t you let me go in ah? You stayed inside for so long I guessed, you kid must not be able to resist making a move, how come you left me behind with such a good opportunity?”

Han immediately felt sorry for him, when he was calculated but Cheng Haotai and this son of a bitch called Ishida Ono jointly developed a plan, now he just cleaned up a Cheng Haotai, the gas is only half out, if you can then clean up Ishida Ono, it is really completely out of a bad breath.

Ji Feng smiled, just want to speak, saw the door of the next monitoring room was pushed open, Li Ruonan sunken face came out: “Ji Feng, you come here!”

“What’s wrong?” Ji Feng saw the situation could not help but be stunned, he did not offend this girl, right, how to put such a face?

“You still say what’s wrong?!” Li Ruonan once saw Ji Feng this innocent look, suddenly angry pretty eyebrows are erected, she gritted her teeth and said: “You forget how you went in before you promised me? You said you would not do anything to Ishida Xiaoye, how come you forgot once you went in?”

Ji Feng tapped his forehead and laughed: “So this is what you’re talking about!”

Li Ruonan saw that he could still laugh, could not help but gasped: "You still so as if nothing happened, do you know what you did?"

This guy, really pissed Li RuoNan off.

The problem is that you can't take action against Ishida Ono. In fact, even Li Ruo'nan wants to teach this kid a lesson, so that he knows that Chinese people are not so easy to bully.

But the problem is, can't easily do it ah.

This intermediate stake Li Ruo Nan has been very clear with Ji Feng, even if you want to do it, you can also wait until Ishida Xiaoye was put in custody or after the prison, at that time, there are many opportunities, want to kill Ishida Xiaoye are fine.

But not now!

But Ji Feng took her words as a deaf ear, he entered the interrogation room not long before he did it!

At that time, Li Ruonan wanted to stop it was too late, and could only grit his teeth and watch.

Now see Ji Feng actually look as if nothing happened, Li Ruo Nan that angry ah, how this bastard is so heartless, he does not know that he is worried about him?

Blah blah blah!

What do you think!

Li Ruonan hurriedly spit a few mouthfuls in his heart, his face also slightly reddened, his heart is panic incomparable.

But soon, Li Ruonan thought of Ji Feng actually tortured Ishida Xiaoye into that look, I believe the representatives of the world tent may come over tomorrow, they can not stop, when the world tent people see Ishida Xiaoye was tortured into that ghostly look, Ji Feng is really in trouble.

Thinking of these, Li Ruonan heart of shyness suddenly disappeared without a trace, replaced by anxiety, she was very worried about Ji Feng, almost anxious to jump to his feet.

And at this time, the heart of Ji Feng is a thud.

Just a moment ago, Ji Feng from Li Ruonan's eyes saw a dash of concern, there seems to be a hint of affection.

Chapter 1654

Ji Feng's heart suddenly jumped wildly a few times, and he immediately concluded that he must have misread

"Ahem."

Ji Feng cleared his throat and said, "So what, Ruo Nan, you can rest assured, I cast the means, not to mention the staff or lawyers sent by the world tent can not see, even if they send special medical personnel, absolutely can not see, even with special instruments to check, at most, can only check that Ishida Ono's body has problems, but absolutely can not find out is hurt! of!"

Li Ruonan looked at him suspiciously: "You are so sure?"

Ji Feng laughed: "That's for sure, otherwise, you think I will just do it? If you don't believe me, you can call someone to check Ishida Ono's body right now, and then you will understand."

For his own means, Ji Feng couldn't be more confident.

In fact, not to mention the medical staff, even if we do an all-round examination of Ishida Ono's body, even if we use the most sophisticated instruments, at most, we can only check that Ishida Ono's body is not too healthy, but they want to conclude that this unhealthy because of the abuse, it is absolutely impossible!

The effect of using bio-current to destroy some tissues in Ishida Ono's body, and also to completely dissipate the bio-current in his body, if this effect is in the examination, it will probably be treated as a disease, and will not consider Ishida Ono to be abused.

This certainty, Ji Feng still has!

Li Ruonan saw him speak with certainty, then slightly reassured some: "You have a grasp on it, if something really happens, then the trouble can not only be you alone. In fact, let you come over, are already a violation of the rules, can not have a second time."

Ji Feng nodded with a smile and said, "Yes, yes, thank you very much for Captain Li's help today, I'll take this favor down, I'll treat you to dinner some day!"

Only then did Li Ruonan nod in satisfaction and said, "That's more like it!"

Ji Feng laughed.

Li Ruonan's pretty face also appeared a trace of smile, she said: "But you are really cunning! I'm afraid that before you went to see Ishida Ono, you had already thought of how to torture him, right? Still pretending to be so in front of me, really"

Ji Feng smiled and nodded, frankly admitted it, he said with a smile, "Although this boundary tent people are despicable and underhanded, but it is undeniable that they are actually also very cunning, more bullying soft and hard, to deal with them, we have to be more cunning and tougher than them."

Li Ruonan could not help but complain: "Even so, then you can not tell me in advance? I can turn a blind eye and let you meet Cheng Haotai and Ishida Ono and the others, could you have told me clearly and I could have stopped you?"

Speaking, I do not know if it is subconsciously, Li Ruonan's tone, with a trace of complaint, and even, there are some ghostly grievances!

Ji Feng laughed: "Blame me blame me, I apologize to you."

Boy!

Next to the Han Zhong, who had been smiling and listening to the two, immediately raised his eyebrows, although he did not fall in love, but this does not mean that he is a fool, in fact, just the opposite, his brain is still quite good, and at the moment he is an outsider, so see more clearly.

What's the matter

This Captain Li seems to have affection for Ji Feng

Han Zhong's gaze untraceably glanced over the faces of the two, then looked at Li Ruonan, and he suddenly said secretly, "That's right! There must be a problem between the two of them!"

There definitely was!

Han Zhong was absolutely sure that between Ji Feng and Li Ruo Nan, there must be something wrong!

Just now Han Zhong's gaze glanced from Ji Feng and Li Ruo Nan's face, he immediately found that although the two seemed to be in a very normal conversation, but Han Zhong found a hint of something wrong.

Li Ruonan's pretty face seemed to carry a hint of gloom and some grumbling, but in fact Han Zhong saw a loss in her eyes.

Han Zhong probably also saw that this captain Li is actually not very good at hiding what's in her heart, although she is trying her best to hide it, but the loss and gloom is still very obvious to show.

To Ji Feng grumbling, even sultry, face and with gloom and loss

If someone tells Han Zhong now that Li Ruonan does not have that aspect of affection for Han Zhong, Han Zhong will immediately spit on that person's face.

It is obvious that this is the case, and this is not called affection, then what is called?

If you can't even see this, how bad are your eyes?

And Ji Feng.

In Han Zhong's opinion, compared to Li Ruonan so obvious expression, Ji Feng's performance is much more subtle and subtle.

How to say it

Ji Feng was talking, although it seems to be a very confident look, but in fact, Han Zhong found a problem, before Ji Feng actually physical small movements when talking can not be said to be absent, but not a lot.

But just now, Ji Feng every sentence, his hand will be slightly swing, seemingly to enhance their tone and persuasive power, but in fact, how Han Zhong look have a taste of cover up in it

The actual fact is that there is a taste of concealment.

Han Zhong couldn't help but figure out the flavor, Li Ruonan has feelings for Ji Feng, I believe Ji Feng also saw, but then, Ji Feng also don't know for what reason, and did not give Li Ruonan positive response, but in trying to hide their inner thoughts, and then is pretending not to understand Li Ruonan's real meaning, the topic will be digressed

“Li Ruonan is unrequitedly in love with Ji Feng?” Han Zhong immediately raised an eyebrow, the heart can not help but admire, look, in the end Ji Feng is the boss, he is only the general manager, just from the woman’s edge can see the gap between the two, do not serve ah!

You know, Ji Feng’s family but there are two as beautiful as a beautiful girlfriend, and the two can also live together peacefully, and even that dare to say is good with the sister like, is not too much.

This is actually not the end, in that Xiao’s pharmaceutical factory, can still have a stunning beauty like Ji Feng.

But Han Zhong knows, this Xu Yuan to report on the work, every time mention Ji Feng, her eyes flashed the tender feelings, Han Zhong is in the eyes.

Although in terms of appearance, Xu Yuan may be slightly worse than Xiao Yuxuan and Tong Lei, but Xu Yuan’s kind of mature charm, and the charming style, but also a unique.

And now, Han Zhong found that Li Ruo Nan actually also like Ji Feng!

Look at this police girl, tall, features and looks that is naturally needless to say, perhaps compared with Xiao Yuxuan and Tong Lei, is still a little bit worse, but, but definitely not lose to Xu Yuan.

And, at this time, Li Ruonan a police uniform, wear that really is valiant, this is definitely a stunning police flower ah!

This level of beauty, I’m afraid a few years may not be able to meet a, that is, they did not enter the entertainment industry, otherwise, those so-called beautiful women can go to hell!

Han Zhong had to admit that he was struck once again.

Look, Ji Feng’s side are some level of beauty, and look at their own man’s first time in life, actually taken away by a lady

Han Zhong can’t help but feel sorry for himself

Since Ji Feng is not going to take the opportunity to look at other suspects caught, the three began to go downstairs, Ji Feng to go to the back of the cadre building to find Zheng Yuanshan, communicate with him about the situation, Li Ruonan send them down.

Three people Han Zhong followed behind, most of the time is listening with their ears, rarely speak, basically Ji Feng and Li Ruonan talk.

Han Zhong saw that as they gradually went downstairs, Li RuoNan’s expression also became complicated, and even some reluctance.

He looked a little intolerant, almost all want to remind Ji Feng, but then thought, they can see, it is difficult to see Ji Feng can not see?

Ji Feng does not take a position, think there must be his concerns.

Just, Li Ruonan that flash of loss, but let any outsider look at it will not be able to help but secretly shake their heads.

Li Ruonan is indeed very lost, her mood, very melancholy.

Every time she sees Ji Feng, although she is trying to hide her emotions, but I do not know how, she always can not be well hidden, there will always be a breach.

Today is also the same, when I think of my courage, to Ji Feng side, in return, is Ji Feng even with a smile off the topic, and then continue to talk and laugh with their own, she felt very hard in her heart.

Although knowing that he already has Xiao Yuxuan and Tong Lei, she herself believes that this guy is a philandering carrot

Turning her head to look at Ji Feng's calm face, frowning slightly, seems to be thinking about something, Li Ruonan heart can not help but sigh lightly.

"Ji Feng, you guys go find Director Zheng, I won't accompany you over there." Li Ruonan quickly regained her usual cheerfulness as she said, "I can't walk away from this side."

"We'll just go over directly." Ji Feng smiled, "Ruo Nan, it's been a hard day for you."

"I'll work hard today, huh?" Li Ruonan hummed.

"Oh"

Ji Feng laughed and said, "Some day Han Zhong and I will treat you to dinner, and then we will thank you properly."

Li Ruonan then smiled and said, "This is more or less the same, but dinner is exempt, you know I work hard on it."

Ji Feng smiled and nodded: "That's all for now then, bye."

"..... Bye." Li Ruonan paused slightly before saying with a smile on her face.

Han Zhong looked at the side and secretly shook his head, but it was not good to say anything. This matter, not he can say, I believe Ji Feng also has a spectrum in his heart.

Han Zhong looked back again and found Li Ruonan still standing at the entrance of the hall, he could not help but secretly said: "What a pity"

Chapter 1655

The first thing you can do is to leave Han Zhong waiting outside in the parlor, and Ji Feng went to see Zheng Yuanshan alone.

There are many things that it is not convenient to tell Han Zhong for the time being, and, Ji Feng does not want to involve him, so it is the best way to keep Han Zhong from knowing this matter.

This is not in defense of Han Zhong, but in protection.

After seeing Zheng Yuanshan, Ji Feng told all about his interrogation of Cheng Haotai and Ishida Ono, especially focusing on the matter about the dynasty.

As expected, Zheng Yuanshan immediately attached great importance to it.

Dynasty this organization, although in China may not know many people, but, but anyone who has heard of this organization, will not be able to help talking about it.

This organization is too mysterious and too powerful, the more you know the more you will think so.

Not to mention the other, just the transformation of human-like monsters appear, once known by ordinary people, it will definitely cause a huge ripple!

For Zheng Yuansan, he attaches more importance to the dynasty for China's harmful.

But anyone with a little brain will clearly see that the dynasty, this mysterious and terrifying organization, as long as more than one day of existence in China, will pose a great threat to China. It can even be said that as long as this organization exists one more day, China will be one more danger.

Others may not know, but Zheng Yuanshan is to understand a lot of things about the dynasty, such as several incidents in Yanjing, and he learned about the dynasty through some special news channels, such as communication with the military and news sharing let Zheng Yuanshan know more about this organization.

Now Zheng Yuansan heard that the crime originally carried out by Ishida Ono and Cheng Haotai to seize the Tengfei Group actually ended up involving the Dynasty!

The one who really wanted to plot to seize the Tengfei Group was actually the dynasty!

"The king" Zheng Yuanshan couldn't help but frown tightly, he nodded and said, "If I remember correctly, He Hongwei, the grand duke of the He family, has been working against the king, and has even been attacked several times by the king's men assassination, the king you are talking about, and this person is the same person?"

"From all indications, there should be only one king in China." Ji Feng said.

"If this person you are talking about is the same person as that opponent of He Hongwei, then I have to say, this king, is really not simple!"

Zheng Yuansan gave this person a high evaluation, "The fight between the grand duke of the He family and this king, I don't know much about it, but it is said that He Hongwei seems to have used all his strengths, but also failed to defeat the king, and was even suppressed at every turn, and now the king has set his eyes on the Tengfei Group, his ambition and appetite can be really"

Ji Feng nodded and said, "Yes, this person has a big appetite and a brilliant wrist, plus with the power of the dynasty behind him, it is indeed a big trouble!"

In fact, for He Hongwei's fight with the king, Ji Feng instead also specifically learned about it, when we used to drink together, he deliberately asked He Hongwei about the king's affairs.

According to He Hongwei, this king is quite powerful, not only his wrist is very powerful, but also includes the dynasty's support for him, as well as this person's sharp gaze, etc.

Chatting with Ji Feng, He Hongwei said this: "If only on business ability and sleight of hand, I dare to break arms with the king properly anywhere, under any circumstances, but what makes people helpless

is that the king is more powerful than I useful support and dark power, if China is not my home turf, the king can play me to death at any time! ”

This statement, certainly He Hongwei self-effacing factors in it, but undeniably, this statement also illustrates the terrifying of the person of the king!

Especially He Hongwei’s statement that the king has strong support and power in the dark is the most telling.

According to Ji Feng’s understanding, plus some of what He Hongwei said during casual conversation, Ji Feng roughly analyzed He Hongwei’s dilemma today, and where the king is actually powerful.

First of all, the king’s hand and talent in business, I believe that even if it is not how Hongwei, at least it can compete with He Hongwei, the two have the qualification to compete.

Secondly, although He Hongwei operates a large group of companies, but how strong this company is, what movement, as long as someone keeps a close eye on it, it is not difficult to find the end.

For example, if he hadn’t investigated Cheng Haotai’s background and arrested him, how could Ji Feng have known that the Haotai Hotel and other industries under Cheng Haotai’s name actually had shares of the Bailian Group in them?

This Bailian Group is a company of the dynasty, and the king is in charge of China, which means that, in fact, the Hao Tai Hotel, as well as other industries under the name of Cheng Haotai, which are under the control of the king.

Do not forget that this Ishida Ono for the king, just a minion, not even the qualification to see the real face of the king, so you can imagine how many hidden assets in the hands of the king, and how strong the power.

One in the light, one in the dark, He Hongwei can fight with the king evenly, which is already quite good.

And this, is only one aspect.

On the other hand, the Tian Yao Group, controlled by He Hong Wei, is a regular company, and what it does is the most normal business activities. Of course, perhaps in carrying out certain business activities, will also use some less than honorable means, such as to a project to bid on the time, He Hongwei may know the bottom of the bid in advance but this is all a matter of the mall, no big deal.

However, the king is different.

The king is hiding in the shadows, and his hands not only hold a staggering amount of huge wealth, but also some of the dynasty’s power in the shadows, such as reformers, such as some assassins.

In the beginning, just because He Hongwei caused great trouble for the king in the shopping mall, so the king sent reformers to assassinate He Hongwei?

That time, it was the first time Ji Feng and He Hongwei met, and it was Ji Feng who saved He Hongwei’s life.

Now that I think about it, Ji Feng can’t help but have a little more intuitive impression of this king.

Superb ability, fierce, domineering, unscrupulous and thoughtful and well-planned, itself is old and cunning but all these kinds of characteristics, the king almost all have.

Ji Feng thinks that if he did not practice aerobics, and under the hands of Yi Xingchen and other people, I'm afraid that in front of the king is simply not enough to see!

This is a formidable enemy!

"This matter must be reported!" Zheng Yuanshan just a little thought, then immediately said: "from the situation we understand in all aspects, now the dynasty in China's secret power has been eradicated almost, but, this kind of power in the open under another banner, but more and more growing, and even have a kind of signs of climate, this is no longer we can decide, must be reported!"

Ji Feng nodded and said, "I also mean this, so this does not come to you Uncle Zheng."

Zheng Yuanshan then could not help but laugh: "You kid"

He certainly understands Ji Feng's meaning, this matter can involve Ji Feng, but, still, he has to report, after all, he is the deputy director of the Jiangzhou Municipal Bureau, this kind of thing is exactly in his area of responsibility.

If it is Ji Feng to report, it will inevitably give people a feeling of personal vendetta, and some may even say that everything can be related to the dynasty, but not people offended the young master of the Ji family, the result was casually put on a charge to be framed?

Considering these, Zheng Yuanshan also did not resist, so he directly nodded and said: "I'll report it. However, this will have to wait until all the interrogations are completed, and then the interrogations and results will be compiled into materials and then reported."

Ji Feng said, "This is not a big problem, now except for those few bodyguards, and those two transformers have not been interrogated, four people including Ishida Xiaoye and Cheng Haotai, I have already interrogated, Li Ruonan also followed me for formal interrogation, so the next only need to interrogate those remaining people."

Zheng Yuan nodded and said, "Don't worry, leave all these things to me."

"Uncle Zheng said so, then I am definitely at ease!" Ji Feng smiled and nodded, then, after thinking about it, he couldn't help but ask: "Uncle Zheng, I still have one more question."

"Go ahead." Zheng Yuanshan smiled and nodded his head.

"I want to know, Uncle Zheng has started preparing for his transfer to South Guangdong now, right?" Ji Feng asked with a smile.

"Hmm?"

Zheng Yuanshan was stunned, looked at Ji Feng in surprise and asked, "Why do you suddenly want to ask this?"

Ji Feng smiled and said, "I may have to make a trip to Southern Guangdong recently, and I need Uncle Zheng's help. Uncle Zheng, now it's just short of an official transfer order, before that, you should have started your preparation work, right?"

In the officialdom, although it was said that there was a possibility of change even if the transfer order did not come down for a moment, but looking at the current situation, Zheng Yuanshan's transfer to South Guangdong was basically a nail in the coffin.

In this case, Zheng Yuanshan want to arrive in South Guangdong, as soon as possible to open up the situation, master the provincial hall, I believe that we must first send people over in advance to understand the situation, or place a few assistants in the past, this is the practice.

And what Ji Feng needs is the help of the person Zheng Yuanshan sent over to understand the situation.

"What's going on, can you tell me about it?" Zheng Yuansan asked. He didn't deny it, which was the same as tacitly acknowledging Ji Feng's question, having sent someone to Southern Guangdong.

"I may have to take someone to Southern Guangdong to move around!" Ji Feng said.

"Ji Feng, you can't mess around anymore." Zheng Yuansan was stunned, last time Ji Feng brought people to Southern Guangdong, which shook many people, this time Ji Feng still wants to go to 'activities'?

"It's not what you think." Ji Feng smiled and said, "I know the hiding place of the king, I'm going to meet this mysterious guy!"

Chapter 1656

"Is there something else that's difficult?" Zheng Yuansan asked.

Seeing Ji Feng's solemn expression, Zheng Yuanshan assumed that Ji Feng was going to talk about a difficult matter.

Ji Feng said, "It's something about Ishida Ono, according to him, when he contacted the king, it was the king who sent someone to take the initiative to contact him, this time they targeted the Tengfei Group, the king contacted him a lot more frequently and often pressed him about the progress of his plan"

Zheng Yuanshan immediately understood Ji Feng's meaning: "You are worried that in case the king suddenly contacted Ishida Ono, it might reveal a horse's foot and make the king alerted?"

"Yes!"

Ji Feng nodded: "It is indeed a possibility, but I am not particularly worried because now that Ishida Ono is under our control, he is thoroughly afraid and will cooperate honestly. However, what I am worried about is that once I leave Jiangzhou and the two are in contact, will Ishida Ono give any hints to the king, these brats can't be trusted easily."

The cunning of the boundary tent people, Ji Feng was taught.

Although Ishida Ono was afraid of him, but once he did not come for a few days, Ishida Ono will certainly think that Ji Feng let down his guard, this time, in case the king happens to contact him again,

or Ishida Ono want to play any tricks, just rely on these police officers of the city bureau, I'm afraid that the defense is not enough ah.

Once the news leaks, the king has prepared in advance, not to mention catching him, it is possible that he may also set an ambush for the people who went to catch him, that is the trouble.

This is what Ji Feng really worried about.

Once he said that, Zheng Yuanshan's expression also condensed, indeed, the possibility of what Ji Feng said exists, and, once Ishida Ono gave a hint to the king, with the dynasty's style of action, I'm afraid that will really set up any ambush, then once Ji Feng and Xiang Yongzhan with people head-on into it, then the consequences are really unimaginable ah.

"In fact, this is just a worry of mine, it may not necessarily happen." Ji Feng said.

"No!"

Zheng Yuanshan but shook his head and said, "You also said, that the king has been in contact with Ishida Ono more frequently in recent times, and your action now does not know when it can start, if the king contacted Ishida Ono when you went to South Guangdong and did not start action, then it is likely that something will go wrong. Although this possibility only exists and will not necessarily happen, but it is necessary to prepare in advance."

Ji Feng nodded slightly and said, "Then does Uncle Zheng have any good ideas?"

Zheng Yuanshan slowly shook his head and said, "I don't know Ishida Ono very well, so I really don't have any good solutions for a while. Little Feng, since you brought it up, I guess you already have a plan, right?"

Ji Feng laughed: "It's not really a plan, it's just a bit of an idea."

"Oh?"

Zheng Yuanshan immediately asked, "What kind of idea?"

Ji Feng laughed: "Actually, I was also inspired after listening to your words just now, but Uncle Zheng, if I say this idea, you may not like to hear it."

Zheng Yuanshan's heart moved, could not help but ask: "You are thinking of handing over Ishida Ono to the military? Let them take control of Ishida Ono?"

Really powerful!

Ji Feng secretly said, he just opened a head, the result Zheng Yuanshan hit the nail on the head, immediately guessed his idea, really powerful.

The thoughts in his heart flashed, Ji Feng nodded with a smile and said, "Yes, to put it bluntly, compared to the military, the police may not lose those soldiers in terms of ability, but, after all, the police have to take care of their families, ah, while the military is in service, they do not need to worry so much, so they also have more time to control Ishida Ono"

Zheng Yuanshan but smiled and waved his hand and said, "You kid, why do you have to say so many nice to put gold on my face? If it comes to solving cases, the police is definitely stronger than the military, but, when it comes to other aspects, the police is indeed far inferior to the military, this is indisputable, to the face of gold is only self-deception, you kid do not give me a high hat."

Ji Feng laughed, did not answer, Zheng Yuanshan can have this understanding, that is naturally the best.

In fact, the gap between the police and the military, is really too big.

Especially compared to professional soldiers, that is really incomparable, if on life and death combat, a professional soldier can definitely make a detachment of the line are helpless, the same in other areas, the military occupies an absolute advantage, except for solving cases, because the military does not have the experience of solving cases.

But the problem is that often many police officers are not convinced and think they are better than the military, especially in these peaceful times, they think so.

So when Ji Feng was talking, he held up Zheng Yuanshan.

But Zheng Yuansan has this sober understanding, which once again highlights his wisdom.

Since Zheng Yuansan can have this understanding, then I think he will definitely agree to it, Ji Feng said secretly.

Do not think that the transfer of people from the hands of the police to the military, is so easy, in fact, just the opposite, this matter involves the dynasty, whether for the police or for the military, once the case is solved, is a credit, who is willing to send the credit to the hands of others?

If Zheng Yuanshan alone is okay, but, there are so many police officers followed Zheng Yuanshan involved in the case, if he so lightly a word to give the credit to others, follow his people will think?

We worked hard to do the credit, you old man a word to give away?

If Zheng Yuansan did so, inevitably be poked, especially at the critical moment when he will be transferred away, may be a scolding, which will not be cold subordinates' hearts? Who will be willing to work with him in the future?

There is a good line from a TV series: we come out to do revolution, but not for the promotion and wealth, without this, who is willing to carry the head to do this work?

This is the same in modern times, if you can not get rich, which police officers are willing to work so hard to fight crime? They are the masters, why should they serve the common people?

Really think they are the people's public servants?

It is to consider these issues, Ji Feng this is to Zheng Yuanshan high hat, again, is to promote him, is here to wait for it.

Zheng Yuansan considered for a long time before nodding and said, "You can hand people over to the military, but only one Ishida Ono can be handed over, the rest of the people, all have to stay here temporarily, and then listen to the orders from above after the case is heard and reported."

Ji Feng smiled and nodded: "Then, thanks a lot Uncle Zheng."

The handover of one Ishida Ono was enough for Ji Feng, while for Zheng Yuanshan, the credit of the police was not much less, after all, Cheng Haotai and the two reformers were still there.

But Ji Feng also knows, Zheng Yuanshan this is already very face, no one will be too much credit, just as no one will be too much money is the same.

The problem is solved, Ji Feng is really relieved to give Ishida Xiaoye to the military, Ji Feng does not need to worry, he believes that to the wrist of the war, want to take care of this matter, is not too difficult.

After chatting in Zheng Yuanshan's office for more than an hour, the two of them sorted things out from beginning to end again, and only then did Ji Feng offer to say goodbye.

Afterwards, he took Han Zhong to the meeting room downstairs to meet up with the white spider, and then left the police station.

Just on the way out, but again by Li Ruonan Li captain gave a few fierce glare, just that pair of beautiful eyes, but for the first time Ji Feng felt some panic.

So Ji Feng almost fell away and left the police station, which made Li Ruo Nan look really good and funny, and sigh

And at this time, in the office of Zheng Yuanshan is in a tight frown, seems to be thinking about something.

In fact, he was thinking back to the conversation with Ji Feng.

After Ji Feng left, Zheng Yuanshan turned around and pondered, and immediately figured out some flavor.

Today it seems that Ji Feng was informing him about the interrogation of Cheng Haotai and Ishida Xiaoye, and then was discussing with him about going to South Guangdong to catch the king, and finally Zheng Yuanshan helped to solve the matter of how to control Ishida Xiaoye.

But so back to think, Zheng Yuanshan came back to the taste.

Dare to say, it is likely that Ji Feng has long thought of pulling the war to the Yong war involved, but is waiting for him Zheng Yuanshan initiative to say it!

Zheng Yuanshan so speculation is based on, because Ji Feng to go to South Guangdong to catch the king, to have a prerequisite, that is, know the king's hiding place, and Ishida Xiaoye side can not go wrong, these two factors can not be missing.

So Ji Feng must have considered in advance how to control Ishida Ono, but he put this issue at the end to say this kid, he is deliberately in front of the pavement, the last to bring up, is to make Zheng Yuanshan no way to refuse ah.

Moreover, from beginning to end, it was Zheng Yuanshan who took the initiative to mention it, so the conversation went exceptionally well!

The first thing you need to do is to get a good idea of what you're getting into, and you can't help but mutter: "Who said this kid was inexperienced? This kid is just a wilting bad!"

.....

"Yes!"

On the way back, Han Zhong put down the car window, blowing the cold air outside, he could not help but shout, "Damn, today taught that son of a bitch Cheng Haotai a hard lesson, finally got out a mouthful of bad breath, cool!"

Ji Feng laughed: "All right, find a place where no one is and go have fun, I still have things to do, so I won't send you back."

Han Zhong nodded, thinking about today's events he couldn't help but laugh: "You don't say, I really need to find a place where no one is to laugh three times!"

Ji Feng suddenly said, "Don't meet a female ghost again."

Han Zhong's face instantly collapsed, as if eating a fly seems so disgusting: "....."

He thought of himself again was filled with aphrodisiacs, the first time actually with a lady conquered a night of disgusting things

The first time I saw a woman, I had a lot of fun.

Chapter 1657

Ji Feng took the white spider straight to the municipal party committee compound and went, but when he came to be informed by the secretary section, the second uncle is not in the office, seems to be going to the following district to inspect.

In desperation, Ji Feng had to take out his cell phone and call the second uncle.

"You go home first, your second brother is at home, I will return at noon." After Ji Zhenguo finished speaking, he hung up the phone, thinking that he was busy there.

So, Ji Feng took the white spider to the second uncle's house again.

The second aunt was overjoyed to see Ji Feng, pulling his hand and asking questions, and complained that Ji Feng had not come to the house for a long time.

The second aunt is mild in character, but she likes children very much.

Among the siblings, the youngest is Ji Shaoyun, but the boy was called away by a phone call from the youngest uncle some time ago, saying that there is something in the army, this time, the second aunt only saw the youngest son for a short time, and then again a long time can not see.

So the second aunt would like to let Ji Shaolei and Ji Feng often come home, Ji Feng did not come over for about a week, the second aunt naturally to complain.

Ji Feng hurriedly smiled and promised to come often in the future, Aunt Er said: "You child, those who don't know still think Aunt Er is very strict so you dare not come, look at Xiao Yu, that child is well behaved, come every other day, you have to learn from Xiao Yu, not with your second brother, hear?"

Ji Shaolei suddenly smiled bitterly next to him, he was out of tricks, as long as it is in the family, he is definitely the opposite of the typical.

Ji Feng smiled and nodded his head yes, so Aunt Er gave up: "You two brothers talk first."

After that, the second aunt went to the kitchen.

Although there is a nanny at home, but every time the children come back, the second aunt likes to personally cook.

Once Aunt Er left, Ji Shaolei immediately came to life and said to Ji Feng, "Come to the room, I have something to tell you."

The two came to the guest room, and Ji Feng asked, "Second brother, what is the mysterious matter?"

"The person you asked me to check last time, I found out." Ji Shaolei said, "Do I tell you now, or print out and give you all the information?"

"You say it directly, the information does not matter whether you read it or not." Ji Feng laughed, with his memory, as long as it is what he wants to remember, Ji Shaolei only has to say it once, he can completely remember it and will not forget it easily.

"Then let's start now?" Ji Shaolei asked.

"Let's start!" Ji Feng nodded his head.

"Actually, those people you asked me to check belong to several group companies, and individual owners, oh, I should say successful people, entrepreneurs only." Ji Shaolei's mouth with a derisive smile, obviously did not put those people in the eyes, "These are some small minions, I will just give you the list later."

Ji Feng nodded his head, he already knew the identity of those people from Ishida Xiaoyao's mouth, indeed they were all small minions. However, he was not too good to say directly to Ji Shaolei, otherwise, Ji Shaolei this is not a waste of work?

At this time, Ji Shaolei said again: "In fact, you asked me to check those people are not important, but I found a strange phenomenon in the process of investigating them, I found that they all have relations with the people of the boundary tent, either business partners, or close friends, and among this group of them, seventy to eighty percent of them, all belong to a business of the boundary tent."

Ji Feng immediately blurted out, "Bailian Group?"

"That's right!"

Ji Shaolei nodded and said, "It's the Bailian Group! Three children, you already knew?"

Ji Feng laughed: "I don't know a lot, you continue."

Ji Shaolei said, "Since you know it all, then I'll be brief and concise, these people are all members of the Bailian Group, their industries I have also listed a list, when the time comes, together to give you, now we talk about this Bailian Group!"

Ji Feng raised his eyebrows: "What's wrong with Bailian Group? Is it a purse company?"

Ji Shaolei shook his head and said, "Saner, they are venture capital companies, of course, it is not accurate to say so, strictly speaking, this Bailian Group, but a very odd company."

"Oh?"

Ji Feng could not help but ask: "How eccentric?"

From Ishida Xiaoye, Ji Feng already knew that the Bailian Group is the industry of the dynasty, and can even be said to be the stronghold of the dynasty's wealth, as to whether it is the main camp, it is not known yet, but the second brother gave the 'eccentric' evaluation, but still let Ji Feng is very strange.

Ji Shaolei said, "I say this Bailian Group is odd, not that it is a purse company, but this Bailian Group in China's registration information."

In China's registration information?

Ji Feng immediately caught the focus of the words of Ji Shaolei, his brow wrinkled, this Bailian Group is not in the world tent, when did it enter China?

Before Ji Feng opened his mouth to ask, Ji Shaolei continued: "You also ran through the procedures, certainly know that multinational companies want to come in, in the registration, there must be a legal person, whether this legal person is a company or an individual, there must be, and, also to provide some more specific information"

Ji Feng nodded, he is studying economic management, on these are involved, and may even understand more clearly than Ji Shaolei.

"This Bailian Group into China, but can not provide this information!" Ji Shaolei said, "finally had no choice, this is to find the identity of one of the Chinese people registered a company, the name is called Bailian company, but soon closed down."

"Closed down?" Ji Feng could not help but frown, what the hell is this dynasty doing?

"Yes, to say that also this Bailian company is also unlucky enough, do not know because of what happened to mess with He Hongwei, the result of this small company just set up how can be the rival of the Tian Yao Group, from the registration to the closure of only a few months."

Ji Feng froze, he could not help but ask: "When did this happen?"

"It's been more than three years, I also followed the boundary tent of the Bailian Group to check down, on a whim to check the domestic companies, the results inquired about these news." Ji Shaolei said, "Do you think it is very odd?"

"Yes, really odd!" Ji Feng nodded his head.

Even if Bailian Group is a dynasty's industry, it's not that difficult to enter China, right?

They just need to find a boundary tent person, provide formal details, and have enough money, what can be so difficult to register a company?

However, when they registered, they actually could not even provide the minimum details, and even in the end, they had no choice but to use the identity of a Chinese to register the company.

Very odd indeed!

As for how the Bailian Group has offended the Tianyao Group, this is not surprising to Ji Feng, with He Hongwei's temper, not to mention a Bailian company, even if the boundary tent Bailian Group directly moved over, he will still fight desperately.

In the heart of the second brother said all these information combed through, Ji Feng finally locked his eyes to the event of the Bailian Group into China.

Although the final result was that Bailian was struck down by Tianyao Group, but I don't know what happened, Ji Feng always felt very wrong, but now he only heard about it, and he wasn't too sure about what exactly happened.

Could it be that

In fact, the Bailian Group has already entered China, and the Bailian company, but a front used to attract the attention of the outside world, a shield?

The company's business is a very important part of the company's business.

What has the dynasty's industry developed to?

"San'er, is this information helpful to you?" Ji Shaolei asked.

"Of course it's helpful!" Ji Feng said, "Although I can't say anything more specific right now, but it's certain that your words are definitely useful."

The information provided by Ji Shaolei was really important, if not for Ji Shaolei's reminder, Ji Feng would not have known until now that the Bailian Group had once entered China, and it was still so blatant

What exactly did they want at that time?

"That's good." Ji Shaolei nodded and said, "All right, I have nothing to say here, talk about you, how are you going to deal with that gang of boundary tent people?"

"That bunch of canopy people?" Ji Feng smiled: "Already taken down."

"Taken down?" Ji Shaolei's voice was suddenly much higher, with a surprised look on his face, "When did that happen?"

"Just a few hours ago!" Ji Feng laughed.

Ji Shaolei was stunned at once.

The two were talking when they heard the sound of men talking from outside, it was second uncle Ji Zhenguo who had returned.

Ji Feng and Ji Shaolei immediately walked out of the room, and Ji Zhenguo took them to the study.

“Today’s matter, Zheng Yuanshan has already told me, and he also said the result of the discussion between you two.” Ji Zhenguo opened the door, “I think that it is better to let the professionals do the rest, and you should not follow and add to the mess.”

Ji Feng instantly smiled bitterly, second uncle is not agreeing to go to South Guangdong ah.

“What’s going on?” Ji Shaolei asked from the side.

“I found the king’s hiding place and am going to go to Nan Yue to arrest him.” Ji Feng said, “Xiang Yongzhan will also go over.”

“There is this thing?” Ji Shaolei immediately raised his eyebrows, as if in high spirits, he could not help but turn his head to Ji Zhenguo and said, “Dad, I think it’s okay to let San’er go, although the dynasty’s people are very ferocious, but with old Xiang in, nothing should go wrong”

“You also know to say it is supposed to?” Ji Zhenguo glared at him, “Little Feng does not know how to command, much less participated in this kind of action, he went not followed to add to the chaos?”

“Second uncle, don’t worry, I’m sure there will be no problem.” Ji Feng could not help but some anxious, to catch the king, he did not go how can it work, he hurriedly said, “really can not, I take the little uncle gave me all those people, and only far away from the spectator, not close, not to mention the initiative to participate in the battle, so it is always okay, right?”

Chapter 1658

“If I remember correctly, your school’s final exams should be starting soon, right?” Ji Zhenguo directly denied Ji Feng’s words, “If you really want to go, it’s not impossible, wait until the exams are over, these days you’ll be at ease with the exams first.”

Ji Feng was stunned, in these two days, he was so busy dealing with Cheng Haotai and Ishida Xiaoyao that he forgot all about the exams.

But if we wait until after the exam, will it be a little late?

You know, one more day of delay, there is one more point of accidental possibility, maybe in these days of the examination, the king found out the end of it.

But seeing the look of the second uncle, Ji Feng knew that it was impossible for him to fight again, the second uncle is certainly not agree that he will now go south to catch the king.

For the second uncle’s mind Ji Feng also generally understand, no matter how, they are not the system, and not the police, not to mention the military, although the relationship with the police and military are considered good, can talk, but in the final analysis, their current identity is still a student.

As an elder, the second uncle naturally hopes that he can first study at ease, after studying in college, really determine the path to take in the future, and then a single-minded pounce on it, like now so east a hammer head west a stick approach, certainly a little inappropriate.

In fact, even Ji Feng himself believes that if you spread your energy too much, everything you want to do, then in the end, you will end up accomplishing nothing.

Focus on one thing, but can achieve unexpected achievements.

I believe that not only the second uncle, father and grandfather they are also the same mind, otherwise, the second uncle certainly will not be so firmly opposed to their own instant south now.

For this, Ji Feng can only nod down with a bitter smile, there is no way, now he is carrying alien technology, still can not say, so he will not be able to explain to second uncle even if he really distracted from the energy is fine, can only agree to second uncle's request.

"That's right."

Second Uncle saw Ji Feng agreed, then nodded in satisfaction and said, "I'm not against you doing other things, but, first of all, you have to prioritize clearly and know what things are the most important and should be done, and what is secondary."

Ji Feng nodded and said, "Second uncle, I know."

Ji Zhenguo said, "As for the matter of going to Southern Guangdong, you should think about it first, and then go when you have thought it through, by that time, your exams will be over."

Ji Feng nodded again.

Next, the second uncle did not ask him the specific details of the operation, even his interrogation of Ishida Xiaoye and Cheng Haotai did not ask, but only from the general direction of a few words of advice to Ji Feng, which in turn let Ji Feng learn a lot of things.

The top, may not have to personally fight, as long as the general direction to grasp, do not deviate from the course, then the rest of the things, naturally to the right people to complete.

If everything has to be done personally, a person even if it is more powerful, and how much energy can have?

Even if it is tired to death, I'm afraid the things that can be done is also very limited it!

As for the matter of going to South Guangdong to catch the king, Ji Feng can only temporarily put down, he has decided, when he left his second uncle's house, he went directly to Xiang Yongzhan, let him first Shi Tian Xiaoye strict control, which absolutely can not make any mistakes, otherwise, it is really a lost cause.

Ji Feng also decided to interrogate Ishida Xiaoye once again, must thoroughly figure out the frequency of contact between Ishida Xiaoye and the king, the method, and various other matters.

The words came to an end, and the main business was basically over, and the next thing was dinner time.

At the dinner table, the second aunt parentally asked about Ji Feng and Xiao Yuxuan and Tong Lei, Ji Feng answered one by one, but immediately after, the second aunt turned the topic to the second brother.

"Older brother, how are things going with you and that child Yurou?" Ji Zhenguo also asked a question.

"It's just like that!" Ji Shaolei said very casually.

“You kid, what do you mean it’s just like that?” Second aunt can not help but glare at him, said: “your age is also the oldest, but also all day long without a proper shape, I think ah, you should be early to the marriage to do, someone to control you, I can also rest assured.”

When it comes to this, Ji Shaolei can not help but smile bitterly: “Mom, this matter is not only I can make the decision, it was agreed that last month you and Yurou’s parents to meet, but who knows what the military held a big competition, Yurou as a soldier, signed up to participate, the time will have to be postponed. ”

Second aunt listened to some complaints: “You young people are really, that big competition is important, but take time to get married is not much delay, I think ah, you just do not have an idea

Ji Zhenguo is next to interrupt the wife’s words, he said: “the children’s affairs you should not interfere too much, in addition to this big competition I know, more important, serious some should be.”

Ji Shaolei hurriedly nodded and said, “My father is right, this time is not only between our own people than, but also the international military competition, if not seriously deal with the words, then the loss of face of our Chinese soldiers, Yurou must be taken seriously.”

International military competition?

Ji Feng listened to the side is not curious.

This so-called international military competition, Ji Feng is a little impression, not because he had heard of it, but once saw a movie about a few Chinese special forces to participate in the international special forces competition thing.

Of course, the content of that movie can be seen as a legend, and he did not have much to do with it, so at that time Ji Feng did not care too much, just think that the special forces in there are all very strong, it is very powerful.

But now listen to the second brother said so, Ji Feng was immediately interested, is this movie played, in fact, is real?

Ji Feng immediately asked this doubt, Ji Shaolei immediately laughed: “three children, this you do not know, in fact, ah, that movie is based on the real thing, and the prototype of those few soldiers, in the Red Arrow Brigade.”

“Oh?”

Ji Feng’s eyes suddenly lit up: “They are in the Red Arrow Brigade?”

Ji Shaolei nodded and said, “Yes, I’m not too sure about the details, but back then in the international army competition, they were the top ranking, this thing many people know, as for whether those soldiers are still in the Red Arrow Brigade, it’s hard to say, you can ask Uncle.”

Ji Zhenguo but a glare: “This matter is also you can ask?”

Ji Shaolei immediately shrank his head, smiled and did not dare to speak.

Ji Feng is also a heated smile, but he also knows that the identity of these soldiers are certainly confidential, but also, this belongs to the military secrets, himself and the second brother are not military people, naturally is not good to inquire.

Do not think that those special forces are actually no mystery, because they often appear on television, there are some documentary interviews with special forces, as well as some military programs will appear in the special forces, in fact, this understanding is wrong.

Any country's special forces, that are strictly confidential.

Do not look at what is now preaching the era of peace, what world friendship and common development and other slogans, that is a layer of shame only. In fact, in private, the struggle between countries is extremely fierce, assassination, inter ` spy or even small units of special warfare, that is happening from time to time.

If a country's special forces information is grasped by the enemy, you can imagine, once the two sides of the special forces to fight, what will be the consequences.

People will make the appropriate arrangements for your characteristics, will eat you to death, when the time comes, those soldiers sacrificed not because he is not strong, but because our information is not confidential enough.

So usually when watching TV, often see those special forces training or whatever, that are for the uninitiated to see, but all those interviewed warriors, certainly are not special forces, they may just a field army fighters, in fact, they are to the real special forces cover.

If you see a similar program on TV, see some special forces warriors being interviewed, people who know what they're doing will definitely turn their attention to the warriors running past from behind that warrior, whose face is covered with grease paint that can't be seen at all, and they, only then, may be the real special forces.

Of course, these are only Ji Feng from the second uncle or from the mouth of Xiang Yongzhan and other people heard, in fact, before he did not understand.

But now I heard that Yu Rou actually want to participate in the international competition, Ji Feng curious up, according to the film about the view, the big competition is extremely hard, although Yu Rou is also good, but think of those foreign women with muscles look stronger than men, Ji Feng secretly staggered.

The first thing you need to do is to get a good idea of what you're getting into.

After eating, Ji Feng accompanied his second aunt for a while, and then he said goodbye and left, and Ji Shaolei sent him out.

"Second brother, it's a bit not good to let sister-in-law go to that kind of competition, right?" Ji Feng still said the worry in his heart, "Those foreign women are stronger than you, aren't you afraid that sister-in-law will have a flashback or something?"

"You think I want her to participate ah?" Ji Shaolei face black, "the key is not married now, with her character, I can now control her?"

Ji Feng: “.....”

“Okay!”

Ji Feng shook his head, he was defeated by dry, Ji Shaolei actually can not control to Yurou, and still in the time when the two are about to get married this thing made, Ji Feng do not know what to say to good.

So, Ji Feng could only say: “Then I can only wish my sister-in-law good luck.”

Ji Shaolei also shook his head helplessly and waved his hand: “Okay, do not say this, three children, I still have something to say to you”

Chapter 1659

Ji Feng immediately alerted, he looked at Ji Shaolei warily and asked, “What is it?”

“I say, you kid don’t have to look at me like that, right?” Once Ji Shaolei took a look at Ji Feng’s expression, he couldn’t help but glare and said, “Actually, it’s not a big deal, it’s just that when you go to South Guangdong, remember to call me, we’ll go there together.”

“Bring you along?” Ji Feng was stunned, “Why are you going?”

“Nonsense, of course, is to go together to see the lively, can I still be to travel ah?” Ji Shaolei said.

“To see the lively?”

Ji Feng was stunned, then, he could not help but say, “Second brother, this is to go to the real thing to do with others, where there is no lively to see ah?”

Think about it, even such a small minion as Ishida Ono has two reformers as bodyguards around him, so imagine what kind of experts should be around the king as the chief of the whole China region?

Although Ji Feng said to go to South Guangdong to catch Master Wang, behaved very calmly, as if it is to say, noon to go to which restaurant seems so ordinary, but in fact, Ji Feng heart is very cautious.

From the beginning he knew that the king was not so easy to catch, and he had long been psychologically prepared. And for Ji Feng, whether it’s a knife and a gun fight or a gun battle, he has experienced it more than once, that’s why he didn’t feel anything.

However, if you bring Ji Shaolei, this is not the same, although Ji Shaolei also has kung fu in the body, but that kung fu, after all, can only defend themselves against two or three people is almost, but to fight with the transformation of people, that is to hit the stone with eggs, and looking for death is no different.

Ji Shaolei smiled and said, “This is the case, three children, Yurou is not back to the army to participate in training, ready to go to participate in the big competition between the military”

Ji Feng nodded: “Yes, you just said at the dinner table, but what does this have to do with you going to South Guangdong, is it because your sister-in-law went back to the army, so you feel lonely and empty, so you want to follow the South Guangdong break?”

“Your sister-in-law is training in Nan Yue!” Ji Shaolei helpless, “You kid is not necessary for me to say so clear, brother misses your sister-in-law, to go to Nan Yue to see her, so you understand?”

Ji Feng: “..... understand.”

“Then what do you think?” Ji Shaolei asked.

“Can, certainly no problem!” Ji Feng laughed: “Don’t worry, I’ll definitely take you with me when I go, to ensure that you can say goodbye to your sister-in-law for a little while!”

“Hey!”

Ji Shaolei but hey a smile, said: “or you kid understand brother’s good intentions ah!”

Ji Feng but a grim smile: “I understand useless, to sister-in-law understanding can.”

Ji Shaolei was stunned, then he understood Ji Feng’s meaning, Xiang Yurou is in the military training, at this time may not be able to find time to see him.

“It’s okay, don’t worry, even if you can’t see Yurou, isn’t it still possible to see how you caught the king?” Ji Shaolei laughed.

Ji Feng was stunned.

.....

After separating from Ji Shaolei, Ji Feng made a phone call to Xiang Yongzhan, and then rushed to the Jiangzhou Military Region Special Operations Brigade’s station to discuss with Xiang Yongzhan the details of the operation to Southern Guangdong, etc.

In fact, before this, Ji Feng has already informed the Xiang Yongzhan, and Zheng Yuanshan has also communicated with the Xiang Yongzhan, so for the matter of going to South Guangdong, the Xiang Yongzhan Ao have some knowledge, and do not feel the least bit surprised.

With Xiang Yongzhan to make the situation clear, Ji Feng also rest assured that there is Xiang Yongzhan to take over Ishida Ono, at least a few days should not have any problems.

Moreover, Ji Feng has also decided that at the time of the examination he took the time to come back to the Special Operations Brigade’s premises to see Ishida Ono again, to let him know that if he dares to play anything fishy, then his downfall must be very wonderful!

After this, Ji Feng then took the white spider home.

On the way back, Ji Feng received a phone call from Zhang Lei: “Crazy, the exam is tomorrow, how are you preparing?”

Ji Feng laughed: “There should be no problem, you should worry about yourself, don’t just focus on the relationship with Shen Jingyi, the results are talking about faint.”

Zhang Lei laughed: “You kid this is jealous, I tell you ah, you’d better not forget the time, and then notify the brothers in your dormitory, I just went to your dormitory, no one, the door is caked with a layer of ash”

Ji Feng was stunned: “What?”

Zhang Lei said, “Okay, I’m not going to talk nonsense with you, Jing Yi is still waiting for me to accompany her to the library, that’s it, see you tomorrow.”

“Hey, hey hey!” Ji Feng shouted several times in succession, only to hear a burst of busy sounds coming from the phone handset.

“This kid” Ji Feng could not help but be stunned.

But soon Ji Feng stopped thinking about that guy Zhang Lei, he instead remembered what Zhang Lei said – dormitory no one, and they are caked with a layer of ash

This is obviously because no one lives there, so it will look a little desolate and unpopular.

However, how can there be no one living in the student dormitory?

Ji Feng is aware of, Du Shaofeng because to be responsible for the security of the Tengfei network company, so he has four or five days a week to stay over the network company, the remaining two or three days will return to school, and this time, the network company’s security work by Wang Hu is responsible for.

However, in recent days, Wang Hu is accompanying Wang Xin to live in Han Zhong’s house, so the security of the network company can only fall on Du Shaofeng alone, he did not return to the dormitory for a few days, is also understandable.

As for Han Zhong, that is naturally more needless to say, this period of time he was made anxious, even less time to go to school.

So in this way, there is only one person left in the dormitory – Zhao Kai.

But now Zhang Lei said that there was no one living in their dormitory, does this not mean that Zhao Kai was also not there?

“Could it be that” Zhao Kai has also moved out?” Ji Feng could not help but secretly said.

But soon he remembered, it seems that there is no news of Zhao Kai for a long time, this guy since he said he went home to go a little thing, how has not been news until now?

Is it that he hasn’t come back yet, or did he come back and find that the dormitory was empty, so he moved out?

Ji Feng thought about it and immediately took out his phone and dialed Zhao Kai’s number.

What Ji Feng did not expect was that Zhao Kai’s phone was down and could not be reached at all.

“Where did this guy go?” Ji Feng muttered, and dialed Han Zhong’s phone again.

“Ji Feng, what’s wrong?” Han Zhong just separated from Ji Feng just a few hours, found Ji Feng called again, immediately thought there was something again.

“Have you been in touch with Zhao Kai recently?” Ji Feng opened the door and asked.

“No, you still don’t know, I want to die all this time, where I still mean to contact with other brothers!” Han Zhong said with a bitter smile.

He was schemed by Ishida Xiaoye and Cheng Haotai’s anxious, especially by the aphrodisiacs, he was almost ashamed to see people, if not for the upcoming exams, Han Zhong may not go to school for a month or two.

“Ji Feng, why do you suddenly problem Zhao Kai?” Han Zhong asked.

“It’s nothing, just now Zhang Lei went to our dormitory and found that no one was living there at all.” Ji Feng said, “Then let’s do this first, I’ll ask Old Du again.”

“It’s useless to ask him, I just talked to Lao Du on the phone, he also did not go back for a long time, just now also called to inform me that tomorrow’s exams, let me pick him up back to school by the way!” Han Zhong said.

“That’s strange ……” Ji Feng could not help but frown.

“Did something happen?” Han Zhong asked.

“Zhao Kai this guy does not know where to go, can not contact him!” Ji Feng said.

Han Zhong laughed: “That guy is very shrewd, certainly not something happened, I guess he is the phone out of battery, or where to run free may not be.”

Ji Feng thought it was, to say that the most elite dormitory inside, is certainly Zhao Kai, this guy is calculating, and very stable, and his family is said to be good, but also seen the world, there should not be any problems.

“I guess I’ll be able to meet him tomorrow for the exam.” Ji Feng said with a smile.

After ending the call, Ji Feng did not put this matter on his mind, and then he went straight home.

The next morning, Ji Feng and Tong Lei went to school, today is the first day of the final exam, he and Tong Lei have exams in the morning, they separated in front of the teaching building, and then went to their respective classrooms.

Only after coming to the classroom did Ji Feng find that Han Zhong and Du Shaofeng had arrived, and many people had come to the classroom, he casually swept a glance, but did not see Zhao Kai’s figure.

“Ji Feng, this way!” Han Zhong waved his hand.

“Zhao Kai didn’t come?” Ji Feng walked over and asked.

“No.” Han Zhong shook his head and said, “Ji Feng, I guess there might be some problems.”

Ji Feng frowned: “What’s going on?”

Han Zhong said, “After you called me yesterday, I also contacted Zhao Kai, but never got in touch, I came to the dormitory early this morning, only to find that the arrangement of things inside the dormitory was exactly the same as when I left, basically no change, and it was full of dust, the key is that Zhao Kai’s bed also did not have any changes ……”

Ji Feng immediately understood Han Zhong's meaning: "You mean, Zhao Kai has not been back to the dormitory since he went home?"

"Most likely!" Han Zhong nodded his head.

"How could that be?" Ji Feng couldn't help but thump in his heart, "There couldn't really be something wrong, could there?"

Ji Feng immediately got a little worried, he thought of a possibility, people from the Dynasty Organization targeted the Tengfei Group, and even counted Han Zhong because of it, so, would they also go after Zhao Kai?

Chapter 1660

All the way to the exam, Zhao Kai did not appear.

Ji Feng three people realize that something is wrong, although the academic atmosphere of the United University is relatively relaxed, but, the examination is still very strict, if you miss the exam, want to make up the exam, but also need to give the department to open a certificate, the procedure is very troublesome, this is completely different from the exam failure, so all students prefer to fail the exam, rather than missing the exam.

And Zhao Kai has not appeared until the exam, proving that he must have had a problem.

But exactly what went wrong is still unknown.

The three Ji Feng took turns to call Zhao Kai's phone, but in the end, they could not contact Zhao Kai, so they had no choice but to take the test first, and then find a way to find Zhao Kai after the test.

Two days of exams passed in a flash. On the third day, there was no exam course for Ji Feng's major, so the three of them immediately started looking for Zhao Kai.

But after asking around for a long time, there was no sign of Zhao Kai, and everyone in the class hadn't seen him during this time.

Ji Feng's brows tightened up, and this time, the three of them were really a bit anxious.

"Let's do this, let's go check Zhao Kai's file and then call directly to his home and ask about the situation."

Ji Feng said, "Of course, now this matter is not much serious, so we first do not tell the school about this matter, well we first go to the General Office, or to the counselors, they should have Zhao Kai's basic information registration form, which is required for each student when we start school"

"Then why don't we split up and I'll go to the counselor."

Han Zhong said, "After all, my current status is the boss of the Tengfei Group, is also considered to have a certain status of people, the counselor will certainly give me this face. Ji Feng, you are more familiar with the captain of the student escort team Zhou Li, you go to him, then go to the General Office, as for Lao Du Lao Du go to the Security Section and ask if there are any strange things happening in the school recently."

Ji Feng and Han Zhong these two people, either one of them is the mind of the shrewd generation, now these two people together, to discuss what countermeasures that can really be handy.

This is not, two people just a simple analysis, will immediately formulate a countermeasure.

As for Du Shaofeng, is a best fierce general, Ji Feng and Han Zhong discussed the countermeasures, he will not compromise the implementation.

The three people immediately started to follow the plan and split up.

Things went smoothly, and soon, each of the three returned.

"I got the registration form, Zhao Kai's home phone number is on here." Han Zhong said.

"I got it too." Ji Feng nodded and said.

"I also went to the security section to inquire, recently there is no special situation in the school, that is, there are a few cases of social members harassing students, but it has been resolved." Du Shaofeng said, "Everything is normal, inquiring about the situation."

Ji Feng nodded and said, "Yes, it's easy to inquire about a student in such a big school, but it's not too easy to find clues related to this student."

Han Zhong asked, "Then what should we do next?"

"Let's call first!" Ji Feng deliberated for a moment and then made a decision, "I'll call it Let's find a quiet place first and go to my house, it just so happens that we'll be on vacation soon, so we can also get together."

"Good idea." Han Zhong nodded his head.

Du Shaofeng naturally had no opinion.

On the road, Ji Feng frowned, Zhao Kai suddenly can not be contacted, said missing perhaps not quite accurate, but, at least now is not contactable.

This is very abnormal.

Zhao Kai's character, even if there is something can not come back, will also make a phone call in advance to explain, like he is now so no news of the situation is not normal at all, which is absolutely not in line with Zhao Kai's character.

But now can not contact Zhao Kai, there is no more information, Ji Feng can not tell what happened to Zhao Kai, he can only put the anxiety in his heart.

Back home, Ji Feng didn't say much to Tong Lei, so he went to the backyard, and according to the number on the registration form, Ji Feng made a call to Zhao Kai's home.

"Hello, who is it?" An unfamiliar woman's voice came on the phone.

"May I ask if this is Zhao Kai's house?" Ji Feng asked, but his hanging heart fell a lot, someone at home to answer the phone, it proves that nothing big should happen.

“Yes, may I ask which one is this?” The woman on the phone asked.

“Oh, I’m a friend of Zhao Kai, I just want to ask, is he home now?” Ji Feng asked with a smile.

“So it’s Zhao Kai’s friend, sorry, Zhao Kai is not at home.”

“Then take the liberty to ask, is Zhao Kai up to something, even the exams he didn’t come.”

“Huh?”

The woman on the phone gave a startled cry.

Ji Feng immediately frowned: “Why, is it too presumptuous of me to ask?”

There was a pause on the other end of the phone, but soon the woman’s voice came through: “No, nothing, I just got, got scalded by boiling water You are asking about Zhao Kai, right?”

Ji Feng helplessly shook his head: “Yes, now our school has started exams, if Zhao Kai continues to miss exams, the consequences are very serious, or perhaps he will be dissuaded, so I want to ask, is there something wrong with him?”

“No, nothing is wrong, he just went abroad and will not be back until some time later.” The woman on the phone said.

“Out of the country?”

Ji Feng was stunned: “He went abroad? When did it happen?”

“It was a while ago” The woman on the phone was a little vague, then asked, “Do you have anything else, please?”

“No, nothing”

Ji Feng’s heart flooded with a trace of odd feeling, his heart moved, immediately asked: “By the way, I still do not know what you call, please ask you are Zhao Kai’s”

The woman immediately said, “Oh, I’m the nanny of this family, Zhao Kai’s whole family has left the country, the master’s matter I’m not too good to ask, but when they left, they said that it would be some time before they came back.”

“Oh!”

Ji Feng nodded thoughtfully.

Soon the woman asked, “Excuse me, do you have anything else?”

Ji Feng shook his head, “No, I’m bothering you.”

“Bye.”

Pop!

The phone was decisively hung up.

Ji Feng shook his head and smiled, thinking that this nanny is not quite used to talking to strangers on the phone, or because this nanny is working as a nanny in the house of someone who is an official, so her personality is a bit arrogant.

The company's main business is to provide a wide range of products and services to the public.

As the saying goes, the seven officials in front of the prime minister's door, do not underestimate the officials around such a small nanny, they are always able to contact the officials, many people go through the back door, are directly through the nanny's back door, as long as the nanny without traces in front of the master mention a certain person, may be able to leave an impression in the heart of the master

Seeing Ji Feng hang up the phone, Han Zhong immediately asked, "How about it, who answered the phone?"

"A nanny from Zhao Kai's family, she said that Zhao Kai's whole family had left the country and would not be back until some time later." Ji Feng said.

"Out of the country?"

Han Zhong could not help but be surprised: "This guy Zhao Kai really enjoys ah, even ignore the exams, just focus on traveling abroad? It's not right, even if he went abroad, he wouldn't even want us brothers, how come he didn't even call during this period?"

Ji Feng nodded thoughtfully and said, "Yes, this is also where I feel strange, it is reasonable to say that with Zhao Kai's character, he will certainly come to a message to say, now so no news, some strange."

Du Shaofeng laughed heatedly: "He would not be hooked by those foreign foreign horses, right?"

Ji Feng and Han Zhong immediately shook their heads and laughed, with Zhao Kai's character, how could he be hooked by the big foreign horses and not come back?

Besides, even if there are really big horses to seduce Zhao Kai, with his thin body, want to conquer those tough horses?

Don't joke about it!

"It seems that this guy Zhao Kai should have something that is not convenient to contact us." Han Zhong said with deliberation, "Moreover, their whole family has gone abroad and is with their family, it's unlikely that they will have any problems, so it's good, it will save us from worrying."

"Well, it's also!" Ji Feng nodded.

With the family together, Zhao Kai even if you want to do something bad also have to restrain some, and, since Zhao Kai's father is a cadre, it must be the kind of person who is old and serious, naturally it is also more unlikely to do anything out of the ordinary.

He laughed: "It seems that we should be worried for nothing."

Han Zhong could not help but breathe a sigh of relief, said: “the day his master, Zhao Kai this guy is really too abominable, go abroad on it, always call to say it, this is good, so we thought they were trafficked to Africa as old black slaves! This brat, wait for him to come back, must screw him!”

Ji Feng could not help but smirk.

However, at this time, next to Du Shaofeng suddenly said: “I say, Zhao Kai’s father is an official, so you say, they could be because of financial problems, and thus absconded abroad? I heard that a lot of cadres are like that now!”

Uh?

Ji Feng and Han Zhong were stunned at the same time, and the two of them looked at each other

“Don’t joke, even if we have to go, when we arrive abroad, Zhao Kai will give us a call, right?” Han Zhong laughed dryly twice, only, that laugh was a little less confident.

“I’m just saying, Zhao Kai should not be that kind of person,” Du Shaofeng said with a heated smile.

Han Zhong shook his head with a bitter smile, but his heart was a bit guilty of muttering, Du Shaofeng said, not without possibility ah.

If Zhao Kai’s father really committed a crime, then Zhao Kai even if it is out of the country, he will certainly not call, thought Zhao Kai’s that character, he is certainly no face to call again.

Now it seems that what Du Shaofeng said is really very likely.

Zhao Kai, really followed his father absconded from the crime?

Ji Feng is slightly frowned, how he always felt that something was not quite right.

Zhao Kai suddenly left to go abroad, very wrong.

He did not call, no news, and even his good brothers did not contact, very wrong.

More importantly

Ji Feng now think back, how he always felt that the woman who just talked to him on the phone, or not right!

Zhao Kai exactly what happened?
