Chapter 1691

Back in Jiangzhou, Ji Feng's entire body is completely relaxed.

Although the little prince ran away, the king is nowhere to be found, and, there is also the dynasty has made a breakthrough in the transformation of human technology, all these news, Ji Feng cast aside.

Especially, when he met Xiao Yuxuan and Tong Lei, those worries in his heart disappeared.

Both Xiao Yuxuan and Tong Lei, like a newlywed wife, waiting for Ji Feng to return.

Even Tong Lei, who was somewhat cold in nature, stood on the steps of the entrance with a sweet smile on her face and said softly, "Back?"

Ji Feng then directly jumped down from the car, he can even say that all the way to the jog, came to the two women, made them embrace in the arms, puffed the nose is the two women's bodies emitting different refreshing fragrance, which makes Ji Feng feel unusually warm.

The two women also leaned tightly in Ji Feng's arms, the soft and delicate body without reservation on Ji Feng's body.

Others do not know, but they know in their own hearts, Ji Feng went to Southern Guangdong today only two days less, but for them, every minute is worrying.

At this time, white spider and small shadow, Han Zhong are very consciously back to the living room, as for the scene at the door – they all pretend not to see, but everyone's face with a smile.

Especially Xiao Ying and Han Zhen, their expressions looked very relaxed and warm.

I do not know what is going on, although their task is to protect the safety of Tong Lei and Xiao Yuxuan, usually follow the two of them, usually except for the night and the weekend to see Ji Feng, other times are not seen. However, they are all at ease, because they know that Ji Feng is at home.

But this time Ji Feng went to South Guangdong, small shadow and Han Zhen can not help but some panic this is never before, as if Ji Feng is not at home, their hearts are less main backbone like!

Now it's good!

All the people in the family are relaxed, Ji Feng came back.

Ji Feng came to the living room with one hand, holding Xiao Yuxuan and Tong Lei, and sat on the sofa.

"Ji Feng, is it all okay to go out this time?" Xiao Yuxuan asked.

"Everything is fine!" Ji Feng smiled and nodded, embraced them both in his arms and said, "I made you guys worry."

"You know that we are worried, in the future, this kind of dangerous things, you try to go less, and you are not a soldier." Xiao Yuxuan said with some dissatisfaction.

Although Ji Feng did not say this time to go to South Guangdong specific what to do, but, Ji Feng took Yi Xingchen and other people, Xiao Yuxuan is aware of, then it is clear that there must be some action, otherwise, Ji Feng will not take Yi Xingchen and them.

Because of this, Xiao Yuxuan and Tong Lei are very worried.

Tong Lei whispered: "Sister Yuxuan, you say so but some selfish oh, but I think you're right!"

Ji Feng was stunned.

Xiao Yuxuan but giggled: "See, Lei Lei is also supporting me!"

Ji Feng laughed: "Lei Lei is also humorous."

Warm moments always pass quickly, at noon, Tong Lei received a phone call from her mother.

This looks like a holiday, but, the son just called back, the daughter has not yet returned, Mrs. Tong can not help but think about her daughter.

Tong Lei was a little helpless, so she had to promise her mother that she would go back the next day.

Xiao Yuxuan poked Ji Feng and whispered, "Lei Lei is going back."

Ji Feng nodded, he also heard, but what can be done, the old mother misses her daughter, this is a human condition, after all, raised his daughter from childhood, so long not around, do not want to be strange.

"Then you stay well with Lei Lei at night." Xiao Yuxuan said.

Ji Feng then looked at her strangely and suddenly asked, "You don't want to ah?"

Swish!

Xiao Yuxuan's pretty face was red, subconsciously glanced at the three white spiders sitting on the sofa next to her, and couldn't help but pinch Ji Feng: "You're dying, don't you know how to speak in a low voice?"

"Okay!"

Ji Feng bared his teeth and nodded his head in a hurry, then asked in a low voice: "You do not want to?"

Xiao Yuxuan that angry ah, this guy is deliberately playing a rogue in front of her, call him a little rogue really did not wrong him at all!

"I think you head ah!" Xiao Yuxuan gave him a white glance.

"Really did not think?" Ji Feng asked.

"....." Xiao Yuxuan ignored him and casually picked up a magazine on the coffee table and read it.

Ji Feng gave a bad smile, looked at Xiao Yuxuan's polished face, and looked at her delicate and lovely ears, he came up, blew a breath gently, and pinched on her elastic thighs: "Don't you want to?"

Xiao Yuxuan's body trembled, almost moaned out, she hurriedly bit her lips, her pretty face was red and white Ji Feng glanced, then hurriedly got up and stomped upstairs.

Only when she reached the stairway of the second floor, she glared at Ji Feng with shame and anger, this bad guy, he would mess around and almost made a fool of himself on the spot!

Xiao Yuxuan's body is very sensitive, especially at Ji Feng's side, his strong male scent came to his face, making Xiao Yuxuan's heart tickle, it's really bad.

Ji Feng low bad laugh two, together for so long, Xiao Yuxuan is still so sensitive, which makes him seem to go back to the time when he was just in college, when he and Xiao Yuxuan were not yet together, in a cafe near the school, he pulled Xiao Yuxuan in his lap and spanked a few times, as a result, Xiao Yuxuan reached the peak of pleasure... ..

Thinking back to the past, Ji Feng could not help but grin.

"I'm leaving, and you're so happy?" Tong Lei walked over at some point and looked at Ji Feng with some dissatisfaction.

"Then how is it possible!" Ji Feng laughed and took Tong Lei in his arms and said, "I just remembered something from the past."

"Things from the past?" Tong Lei smiled, she also thought of the past.

"Lei Lei, tomorrow to do a plane to go?" After a while, Ji Feng asked.

"Yes!"

When it comes to this, Tong Lei was a bit distressed, she said, "Actually, I also quite want to go back to see my parents, but, when I go home, I can't have a clear mind, especially in the New Year!"

Ji Feng laughed: "It can't be helped, but you can look for your former classmates who are close to you to play ah, and now there are many Yanjing people in your department, right? It's good to move around more."

Tong Lei nodded and said, "It seems that this is the only way, or to find those former classmates, this university classmates, are a bit snobbish."

Ji Feng nodded and smiled, what Tong Lei said, he can naturally feel.

Now the university is no longer the kind of simple ivory tower, say the United University, a weekend, the school parking spaces are not enough, the door is parked in front of the luxury cars, is waiting to pick up those beautiful women in the school.

Moreover, the climbing wind between students is also very serious, like the kind of real feelings between classmates, there are really very few, especially among girls is so.

"When are you going back?" Tong Lei asked.

"I don't know!" Ji Feng shook his head and said, "But I should go back before the New Year."

"It's going to take that long, huh?"

Ji Feng smiled and scratched her nose, said: “No way, soon we will have to go to the rice country trip, it is said that the youngest aunt encountered trouble there, I and the second brother have to go over to see, and strive to come back together for the New Year.”

Tong Lei was relieved, Ji Feng has a sister in the rice country, she heard Ji Feng said.

“When you come back from the rice country, remember to come to me.” Tong Lei said.

“You want to come out, it’s me who gets scolded!” Ji Feng laughed bitterly.

Tong Lei wanted to come back early, but it was not good to ask, Ji Feng went home to find her, then naturally the best reason. Only, to take away Tong Lei in advance, this future old Taishan old mother-in-law, can not be happy, inevitably will count a few words, of course, but also goodwill.

“You do not want to ah?” Tong Lei said.

“Willing, how can not willing!” Ji Feng harrumphed.

Whoever else could have a girlfriend like Tong Lei, not to mention being counted a few sentences, even by the old man with a stick to beat out, is also laughing.

This is the first time I’ve ever seen a woman smile.

The first thing you need to do is to get in touch with the second brother and go to the country as soon as possible.

The thing about going to the rice country, the second uncle has mentioned twice, it seems that things should be more urgent, or is more difficult.

Ji Feng naturally want to go over, although he and his sister never met, but after all, blood is thicker than water, blood relations is how to cut.

What’s more, looking at the meaning of the father and the second uncle, in fact, still miss the little sister.

But, whether it is father or second uncle, or little uncle, with their status want to go to the country, is not an easy thing.

To their level, every move is closely watched, and will even attract the attention of the international community.

Therefore, this matter can only fall on the heads of Ji Feng and second brother Ji Shaolei.

As for big brother Ji Shaodong, he is in the system, is also a busy man, China circulated a saying – normal is the cadres of the holidays, holidays is the cadres of the ‘working day’.

The work mentioned here, naturally, refers to a variety of human courtesy, to curry favor with superiors, send gifts on New Year’s Day that is the best excuse, each other wolf, in this holiday is also the best cover

The second uncle mentioned twice, the young aunt there and in trouble, naturally, the faster the past the better.

In fact, as Ji Feng, he also hopes that the little sister can come back, after all, the old man is old, the day is less than a day, I believe that he even regenerated the little sister's anger, the heart if you say is not want the little sister, it is also impossible.

Just

What kind of trouble did Xiao Gu encounter in the rice country?

And Zhao Kai, is there something wrong with this guy?

Chapter 1692

The moonlight is cold and shines through the cracks in the curtains into the bedroom, making the room more of a cool, but also a hazy sense of beauty.

However, the three people in the room at this time, is not the slightest feeling of cold.

The large bedroom is also full of spring.

Just see that bedroom in the middle of a large bed, a man and two women are entwined to death, their enthusiasm has long let the cold winter night have receded, only that a trace of moonlight, witnessed their passion `love.

Ji Feng pressed Xiao Yuxuan underneath him, and the two of them joined together in a most intimate way, lingering in love.

Xiao Yuxuan's teeth clenched her lips, trying not to let out that humiliating moan, however, her nostrils are unconsciously emitting a burst of whispering.

Look at Tong Lei next to her, but her body is covered with a quilt, but the pair of snow-white jade arms, as well as the long and straight legs are exposed, the original tender and smooth skin is now flushed with flush, her pair of beautiful eyes are confused, red lips slightly open, exhaling like an orchid.

Obviously, Tong Lei is still intoxicated in the wonderful pleasure of the previous.

Someone once said that the most beautiful time for a woman is after the peak of sexual `pleasure', at that time, the woman will emit an amazing charm, that scene, even if any normal man saw, will not be able to resist the appetite, and even will rise a criminal impulse.

It is for this reason that someone once teased that the Mona Lisa smile will be so admirable because the prototype of the portrait is actually just experienced the peak of pleasure of men and women

Of course, it is not known whether this statement is true.

But one thing is for sure, at this time, the child Lei, is indeed a stunning charm, all over the body are emitting a stunning charm, even if the mind is more determined men, when you see this situation are absolutely unable to hold.

Tong Lei is now a beautiful girl, although her character is somewhat cold, but, in front of Ji Feng she is not cold, especially at this moment, she is intoxicated in the pleasure, not only not cold, but also exudes endless temptation.

Perhaps, this is where the woman's hundred changes!

Then look at Xiao Yuxuan, is full of charm.

Ji Feng pressed on her body, galloping, so that Xiao Yuxuan finally could no longer hold back, indulgent moaning. Especially, her face that seems painful and seems like pleasure, as well as her body flushed with red eyes confused attitude, but also charming to the extreme!

Xiao Yuxuan's moans are sometimes high and sometimes low, like sobbing, so Ji Feng's heart is full of fire, sprinting up more vigorously.

Finally, Xiao Yuxuan could no longer hold back, a pair of long and elastic legs fiercely coiled in Ji Feng's waist.

The next moment, Ji Feng felt that Xiao Yuxuan's delicate body spasmed violently.

"Oooh~!"

Accompanied by Xiao Yuxuan's long cry full of pleasure, her delicate body began to tremble violently, and only after a long time did her body go soft, her legs slipped off Ji Feng's body, and her whole body almost lay limp on the bed.

At this moment, Xiao Yuxuan seemed to have exhausted the last ounce of strength in her body, her eyes were misty, her eyelashes were gently fluttering, her body had no strength at all, and she didn't even want to move her fingers, letting Ji Feng press on her body and feel the intoxicating warmth.

After a while, Ji Feng turned down from Xiao Yuxuan and pulled over the quilt to cover them. After that, he reached out and embraced both Xiao Yuxuan and Tong Lei in his arms, the two women were lying sideways in Ji Feng's arms, their pretty faces were resting on Ji Feng's chest, but the two women didn't feel it, they were still immersed in that wonderful feeling at this moment.

"Phew~~!"

A long time later, Xiao Yuxuan and Tong Lei exhaled a long breath at the same time.

Ji Feng couldn't help but heave a smile, a pair of large hands still dishonestly sliding back and forth on the two women's smooth pink back, the two women are lost in the beautiful eyes, leaning in Ji Feng's arms to enjoy at will.

Since Han Zhong was calculated by Cheng Haotai and Ishida Xiaoyao, the three rarely enjoy such warmth, so at this moment, both Xiao Yuxuan and Tong Lei, are extraordinarily enjoyable.

In fact, from Ji Feng since the return of South Guangdong, Xiao Yuxuan was teased by his body is soft, after dinner, even the three white spider women also realize what Ji Feng and Tong Lei two women will do at night, so just after dinner, they early hide in the bedroom, hurry to go to sleep.

Although the soundproofing of the rooms in this villa is not bad, but in the dead of night, the soul-crushing moans will still penetrate the layers of room doors and reach their ears, so they are also drenched in heat.

So the white spider three women in order to no longer suffer that torment, they went to bed early.

Sleeping, you can not hear, right?

And at that time, Xiao Yuxuan was still a bit reserved, thinking that Tong Lei will return to Yanjing tomorrow, so tonight let Ji Feng spend more time with Tong Lei.

But when Ji Feng told her that he might also have to leave in a day or two, to go to Rice with the second brother, Xiao Yuxuan was a little reluctant to be gently teased by Ji Feng, she could not stand it.

So, Ji Feng with one hand, picked up both Tong Lei and Xiao Yuxuan, and went straight to the bedroom.

After a long time, Xiao Yuxuan said softly: "Ji Feng, when are you going to Rice?"

Ji Feng laughed: "Not to say anything else at this time."

Xiao Yuxuan then punched him: "Nasty!"

Only, the force of her pounding fell on Ji Feng's body, not much different from scratching an itch.

Tong Lei also spoke up, she whispered: "Ji Feng, you go to the country, if you encounter anything, can tolerate as much as possible, although you are only a student, but after all, your identity is there, if something really happened, the people of the country will certainly take this matter to make an article."

Although Tong Lei rarely cares about outside matters, but this does not mean that she does not understand.

Being in an official family, Tong Lei will naturally understand some things by ear.

Especially Rice, a country that thinks it is the world's police, I'm afraid that people from any country in the world, are studying it, as the biggest rival, but also the biggest opponent, China has a more profound understanding of Rice.

The country of Rice, because of the two world wars in a big war fortune, and the homeland did not suffer the slightest damage, then laid the foundation for the rapid rise of Rice. After the defeat of the German Empire, the country seized a large number of top scientists from Germany, so that the country in all aspects of technology, has made great progress, and then quickly ahead of the world.

And then, it began its road to world domination of the hegemony.

Originally, the former Soviet Union was still able to compete with the country, but with the collapse of the former Soviet Union, the Soviet Union was no longer a threat to the country.

And this time, because of the rapid rise of open and China, has become a thorn in the side of the country.

Over the years, the various conflicts between China and the United States, that is really countless, and China was the number of sanctions by the United States, is also countless.

China's potential is too large, the population base is also too large, and the resilience and perseverance of the Chinese nation, in the world are numbered, is a great threat to the country.

Therefore, China is bound to rise, while the country is trying to stop.

So don't look at the two countries to preach what friendly cooperation and so on, in fact, the open and secret rivalry, all the time.

Like some small countries around China from time to time to provoke China, out to jump two, they rely on what is, is the rice behind them to support.

That's why some countries have the audacity to recklessly raise the butcher's knife to the local Chinese, wantonly destroying and insulting the local Chinese!

If something happens to Ji Feng, the country will seize this opportunity to make a big deal, even if Ji Feng does not commit a crime, I'm afraid that the people of the country will have to provoke Ji Feng, deliberately provoke him to do something out of the ordinary, so as to catch his handle.

What's more, if Ji Feng really is the initiative to commit a crime, the country will not be able to give up?

The more famous people commit crimes, the more the Yanks will be fussy and deliberate to show the justice of the law, fairness and democracy in the country.

Xiao Yuxuan also nodded and said: "Yes, what Lei Lei said is very right, Ji Feng, you do not listen to what I say, then you should always listen to what the great grandmother said, right?"

Ji Feng cried and laughed and said, "What are you talking about, what you are saying is for my own good, how can I not know?"

Xiao Yuxuan said: "If you listen to words, you should properly restrain their temper, can not see the matter can ask, can not ask, or try to tolerate, take care of themselves, great grandmother and I can rest assured."

Tong Lei slapped Xiao Yuxuan's hand and snapped, "Sister Yuxuan, don't call me big grandmother."

Xiao Yuxuan laughed playfully, but this name will not be changed.

She was very clear about the weight of Tong Lei in Ji Feng's heart, and it was also Tong Lei who was with Ji Feng first, so if they still want to get along well, she has to get a good handle on this.

The first thing you need to do is to get a good idea of what you want to do. Besides, in your eyes, I like to cause trouble that much, huh?"

Xiao Yuxuan's beautiful eyes curled up in laughter as she giggled, "You said it yourself, but wherever you're going, where isn't there trouble?"

Sweat!

Ji Feng could not help but let out a bitter laugh: "Not to mention, it's really like this."

"So ah, this time to go to Rice, you must curb your temper!" Xiao Yuxuan admonished.

"Don't worry, I will definitely curb it!" Ji Feng smiled and nodded his head.

However, in his heart, he had other plans. Since little aunt was in trouble, and second uncle had urged, it means that what little aunt encountered was not a small trouble.

In this case, how can Ji Feng sit back and do nothing?

No matter who is looking for the little aunt their trouble hum!

Chapter 1693

Early the next morning, Ji Feng drove Tong Lei to the airport.

Because this will be separated for a period of time, Xiao Yuxuan also did not go to the company, but followed along to send Tong Lei.

Knowing that Tong Lei is going back to Yanjing, Ji Feng had already booked the tickets yesterday afternoon, so now also save the trouble of buying tickets, a few people just standing in the airport hall, waiting to board the plane.

“Lei Lei, come call when you arrive.” Xiao Yuxuan said.

“I will.” Tong Lei nodded slightly, she and Xiao Yuxuan’s feelings naturally need not be said, and, they have lived together for so long, completely a family, this first separation, naturally some reluctance.

“Well, it’s time to board, hurry up and go over.” Ji Feng carried the case, holding Tong Lei’s small hand, and walked towards the security checkpoint.

“You guys don’t have to send, I’ll just go over alone.” Tong Lei refused to send off Ji Feng and Xiao Yuxuan, spare her character some cold, but the feeling of separation is always not so comfortable, a person to go, more or less dashing.

Ji Feng could not help but laugh: “How to make it seem as if it will not come?”

Xiao Yuxuan and Tong Lei also could not help but laugh.

After saying goodbye to the two of them, Tong Lei passed through the security checkpoint smoothly, and Xiao Ying followed, and then entered the terminal.

Although usually Han Zhen is responsible for protecting Tong Lei’s safety, but this time is Tong Lei back to Yanjing, should not encounter any trouble, moreover, the Tong family will also arrange for someone to protect Tong Lei, so Han Zhen with the past is actually not very useful. The small shadow, following Xiao Su Mei for a longer time, this time just go back to see her.

“Let’s go!”

Ji Feng said: “It is just right to send you to the company, I also go to see.”

Xiao Yuxuan nodded.

Afterwards, Ji Feng four people then directly rushed to Tengfei Group, on the way there, Ji Feng asked, “Recently, Li Zaimin did not harass you again, right?”

If not for Han Zhong, I’m afraid Ji Feng would have found an opportunity to deal with the four-star group manager Li Zemin, especially hateful is that he has a dog-headed military strategist beside him, they actually hit Xiao Yuxuan’s head, really hateful.

Xiao Yuxuan shook her head and said: “How to say, harassment is not, now the two sides just proposed an intentional cooperation plan, just signed a letter of intent, the actual significance is not big. Besides,

even if we really enter into the real negotiations, the company also has a person in charge of this piece, I do not need to personally appear.”

Hearing Xiao Yuxuan say this, Ji Feng was quite relieved.

This Kerry’s four-star group and the world canopy people are not the same, they come to invest, or to seek partners, that is only commercial behavior, although they have bad intentions, or impure motives, Ji Feng also do not want to use some underhanded means to deal with them.

Otherwise, this future, but where someone is interested in Xiao Yuxuan, Ji Feng are going to be behind the people, then the business also do not have to do, simply let Xiao Yuxuan at home when a full-time housewife forget!

The most crucial thing is, on the one hand, let Xiao Yuxuan learn to protect themselves, while on the other hand, is to try not to give the other side the opportunity to move the wrong way.

So Ji Feng heard, then nodded: “You do this is right, now the group is not too big, many things you can do personally, but later as the group’s scale continues to expand, this time if you are still this hands-on habit, will certainly tire you out.”

Let Xiao Yuxuan preside over the big picture, specific things naturally have more professional people to do, in this way, even if that Lee Jaemin how to stir up, there is no way to pester Xiao Yuxuan.

Xiao Yuxuan said: “I am now working towards this, but, suddenly take over the Tengfei Group, as the boss, I always have to take the specific functions and operation of each department, to understand clearly, right? If I don’t even understand these, there is no way to give orders in a reasonable way.”

Ji Feng nodded and said, “That’s true.”

Xiao Yuxuan said, “But now it’s good, I’ve already figured out all the departments of the group, so I’ll just grab the general direction in the future.”

The two of them chatted first, and unknowingly arrived at the Tengfei Group.

Ji Feng first went to her office with Xiao Yuxuan, but not long after, Xiao Yuxuan was too suspicious of Ji Feng affecting her work, so she blew him out.

In response, Ji Feng could only shake his head and laugh bitterly.

Once Xiao Yuxuan worked, she was completely devoted to it, which was her habit.

Helplessly, in the white spider pursed her lips and snickered, Ji Feng went to Han Zhong’s office.

Now the school is basically closed, the rest is just waiting for the school to announce the test scores, which basically has no impact on Han Zhong.

Especially, Cheng Haotai and Ishida Xiaoyao’s matter is solved, Han Zhong is more relaxed, the body has also recovered almost, the whole person seems to be in good spirits.

“What are you looking at?” When Ji Feng came to Han Zhong’s office, he found that Han Zhong was holding a dozen materials and reading them, while reading and taking notes.

“Four Star Group’s information, internal.” Han Zhong said.

“Where did you get it from?” Ji Feng couldn’t help but ask.

Generally the internal information of the company is strictly confidential, especially these multinational group companies, their sense of secrecy is much stronger than the Chinese, Han Zhong actually got the internal information of the Four Star Group?

Han Zhong said, “I got it from a director of the Chinese branch of the Four Star Group, that guy is a Chinese, responsible for the company’s sundries, there is a chance to get this kind of information, I happen to need it, so I bought it from him.”

Ji Feng could not help but frown: “Reliable?”

Han Zhong asked, “Are you talking about the information or the supervisor?”

“Both.”

“Don’t worry, the information should all be true, I compared it with the records on the information by talking to the Four Star Group’s actions in the recent year, and the two are still relatively consistent.”

Han Zhong said, “As for the director of the Four Star Group, he has not even met me, and I did not deal with him directly.”

Ji Feng said, “The specific situation you grasp, do not have any problems on the line.”

Han Zhong waved his hand and said, “Don’t worry, these things are actually being done by every big company, and that multinational company is doing it even more vigorously, in this regard, this little tactic of mine is still left over from others.”

Ji Feng smiled and nodded, he knew what Han Zhong said was true.

I don’t know if it’s because of the social opinion or the media reports that many Chinese people have formed such a view – foreigners are the most honest in business, and there are no despicable means.

In short, foreigners are very generous.

..... This is a very fucked up perception.

Foreigners do business with integrity, but it depends on who they are doing business with.

The other thing is that the foreigners came to China and saw that the Chinese officials were all groveling and nodding to them, so they naturally had a good idea.

Very often, if the negotiation with some enterprises in China, what deadlock, those foreigners simply do not have to fight what, as long as the face in front of those officials, the latter will naturally go to the bosses of those enterprises to exert pressure, and even force them to agree to some very unreasonable terms, such things are too common.

From these things can be seen, the domestic officials are certainly hateful, but the foreigners are not so generous.

Businessmen are driven by profit, this is their nature.

As long as there are benefits, anyone can do it, foreigners are also people, they are not the gods and saints who do not eat fire and smoke.

Even, many foreigners in doing business with the Chinese, commercial espionage and other means that are endless, the means of despicable, even more despicable than some of the domestic hooligans and villains.

For example, how many foreign companies are now investing in China, in fact, under the guise of investment, those with high risk, heavy pollution enterprises, are transferred to China, they make money, let China bear the consequences of environmental pollution and so on.

Foreigners thick?

“Right, Ji Feng, I studied the four-star group’s information, I feel, they are for our 3D TV technology, seems to be imperative ah!” Han Zhong said.

“How do you say?” Ji Feng asked.

“According to the information, the Four Star Group actually began to move from the moment our 3D TV technology first appeared, look at the latest two displays they launched, saying that the technology is more advanced, I feel that they are researching 3D TV technology, just did not succeed, of course, they still achieved a little bit of results, these two displays, should be so born.”

“That is to say, they have not succeeded in their research until now, so they have no choice but to prepare to cooperate with us?” Ji Feng asked.

“Eight out of ten `9 is like that.” Han Zhong nodded and said, “But think about it, they have studied for so long and spent so much money and manpower, so naturally they can’t just give up.”

“So, they are trying to take the opportunity of cooperating with us to steal our technology?” Ji Feng asked.

“That’s what I deduced, that’s why I said that the Four Star Group is imperative to our technology!” Han Zhong said, with a faint smile: “Since we know what the Four Star Group intends to do, I believe it won’t take long before they can’t help but offer to cooperate with us!”

“You can just take care of these things.” Ji Feng said with a smile, “However, the information you bought is quite useful.”

“That’s for sure, otherwise, how else would there be so many commercial spies?” Han Zhong laughed.

The business world was like a battlefield, and the importance of intelligence was naturally self-evident.

Han Zhong did this, but also in advance to prevent a hand.

Ji Feng smiled and nodded, just when he wanted to speak, he heard the phone ring suddenly.

“Ding

He casually picked up the phone and heard the voice of the second brother, Ji Shaolei, coming from the phone, “Third child, I’m back.”

Ji Feng then had his spirits lifted, he knew that it was time to go to Rice.

Chapter 1694

When he received the call from the second brother, Ji Feng said hello to Xiao Yuxuan, and after that, he took the white spider with him and rushed over.

When Ji Feng arrived at Second Uncle's house, he found that Second Uncle was not at home, Second Aunt was likewise not at home, only Second Brother Ji Shaolei was alone, and when he opened the door for Ji Feng, he was still sleepy-eyed.

"You're sleeping?" Ji Feng was stunned.

"Last night, did not sleep well!" Ji Shaolei smiled heatedly.

"Why?" Ji Feng was stunned, "You also participated in the operation in Southern Guangdong?"

Although the search for the little prince is still going on, but how can we not use Xiang Yongzheng personally participate in it. The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to the market.

Ji Feng: "....."

He immediately understood, no wonder the second brother smiled so lewdly, and said what last night did not sleep well, it seems, yesterday he and Xiang Yurou do not know how long tossed.

This is really let Ji Feng speechless, also do not know how they actually play, to Ji Shaolei's physical condition, actually still tired in the daytime are sleeping!

Ji Feng could not help but ask with a smile, "It seems that you have conquered your sister-in-law?"

He remembered, Ji Shaolei in order to conquer Xiang Yurou, that's why he purposely came to him to learn aerobics, a long time ago Ji Feng heard that Ji Shaolei had defeated Xiang Yurou.

But now it seems that it is more than just defeated so simple, I'm afraid it is completely subdued.

Ji Shaolei immediately laughed: "That is of course, I am a brother, how also to give you a good example is not?"

Good example?

In this kind of thing can also be a role model?

Ji Feng directly ignored his words, no longer continue this topic, but turned to ask: "How is the situation in Southern Guangdong?"

Ji Shaolei shook his head and laughed: "What can be done, since the little prince ran away, with the dynasty's energy, even if this time was hit hard, but want to save the little prince, it's not very simple?"

"I knew this would be the case." Ji Feng said, "So how is it arranged now to Yongzheng?"

“I’m not sure how the specific arrangements, but the follow-up work is certainly still being followed up, this morning when I heard Yurou said, the next will take a series of actions, the dynasty in South Guangdong’s planted personnel and their assets, a comprehensive cleanup. In any case, this time the dynasty must be greatly wounded, at least in southern Guangdong, it is difficult to gain a foothold in a short period of time.”

Ji Feng nodded slightly and said, “The key is still to catch the little prince, I am very interested in him, this person, seems to be very hostile to me, and I have a feeling that we are likely to have met before, or maybe someone we know. Such a person, must know me very well, what I am worried about is that if he makes a move on the people around me, it will be very troublesome.”

Ji Shaolei, however, was abruptly surprised: “Someone you know?”

Ji Feng said, “I’m not too sure, but there is one thing I can be sure of, I’ve seen the little prince a total of two times, although not close up, but I always feel that this person is very familiar.”

To say that dealings with the little prince, it is really not once or twice.

However, the first time was in the university city, when the little prince brought people to attack and kill him, using Xiao Yu as bait and sending Tan Tianfeng to intercept Ji Feng halfway, but the result failed.

And then Ji Feng rushed directly to the university city, the little prince will be chased as if the dog lost his home, that time, Ji Feng also once saw the little prince.

South Guangdong pier, also once.

These two times to see the little prince, Ji Feng feel as if they have seen this person there before, feeling quite familiar.

In fact, Ji Feng can not say exactly where familiar, perhaps the figure, or perhaps the feeling.

In addition, the young man has been very hostile to him, so Ji Feng has always wanted to catch the young man, on the one hand, he wants to see who this person is, and on the other hand, also for the safety of those around him.

This little prince is a time bomb, one day without catching him, who knows when he will suddenly strike.

So this time in the South Guangdong dock watched the little son escaped, Ji Feng will be so annoyed.

Around eleven o’clock, Second Aunt and Second Uncle came back one after another.

“Let’s talk in the study!” Ji Zhenguo said.

The three then went into the study, Ji Feng and Ji Shaolei sat down on the chairs, and Ji Zhenguo asked, “All the matters at hand are taken care of, right?”

Ji Feng and the two of them nodded their heads.

“Then let’s go to Rice as soon as possible.” Ji Zhenguo said.

“Mm!” Ji Feng nodded his head.

“You guys go this time, don’t publicize it, and don’t cause any trouble when you get there, your mission is to visit your little aunt, the old man is old, try to persuade her to come back.” Ji Zhenguo admonished.

“Dad, just don’t worry, we know what to do.” Ji Shaolei said.

“It’s best for you guys to have something in mind, but if something really finds its way to your head, don’t be afraid.” Ji Zhenguo said, “Do not cause trouble, do not be afraid of things, do not suffer losses!”

“We remember!”

“Then let’s leave as soon as possible.” Ji Zhenguo nodded his head and said.

Subsequently, after having lunch at the second uncle’s house, Ji Feng and the two of them went back to pack their bags, and that afternoon, they would take a plane and fly to Rice.

Before leaving, Ji Feng let Bai Spider go back to pack his things, while he went directly to the company.

“Leaving?” Xiao Yuxuan saw Ji Feng’s expression and knew that he might want to leave. The two of them had lived together for so long that they didn’t even have to talk about many things, just seeing each other’s expressions or a look, they knew what the other party wanted to express.

Ji Feng walked behind Xiao Yuxuan and embraced her.

Xiao Yuxuan could not help but smile heartily: “Pay attention to safety when you get there, don’t let me and Lei Lei worry.”

Although she and Lei Lei had said this many times yesterday, but Ji Feng did not feel the slightest impatience, he laughed: “Don’t worry, I will be back as soon as possible.”

Xiao Yuxuan suddenly remembered something, could not help but say: “I but warned you in advance, ah, to the rice country, not allowed to dabble in flowers, see those blondes, blue-eyed beauty, also not allowed to move

Sweat!

Ji Feng could not help but laugh bitterly: “I’m so bad in your eyes?”

Xiao Yuxuan beautiful eyes smiling: “You think so?”

Ji Feng laughed bitterly: “You have said so, what else can I say? After arriving in Rice, I will go around when I see those big horses, so it’s okay, right?”

When saying this, Ji Feng is still more or less vain, think about Xu Yuan, think about Qin Shujie, it seems that in this regard his assurance is really not very convincing.

Xiao Yuxuan pursed her lips and laughed lightly: “In that case, you can only go down the drain!”

Ji Feng laughed and said, “That’s not necessarily true, there are still a lot of Chinese cities in Rice, and Chinatown, where it’s basically all Chinese people

“OK OK!”

Xiao Yuxuan said: "I just give you a warning, who told you to walk around those blonde beauty, you do not provoke them on the line."

Ji Feng immediately said, "Don't worry, I definitely won't mess with them!"

Xiao Yuxuan then nodded in satisfaction: "Okay, hurry up and go, you don't have to worry about my side, with Han Zhen accompanying, it's definitely no problem!"

Ji Feng kissed her delicate earlobe: "Then I'm going."

"Nasty, you have to tease me before you leave!" Xiao Yuxuan's pretty face was red from the kiss.

Ji Feng laughed and left Xiao Yuxuan's office.

After that, he went to Han Zhong's place, said hello to him, told him that he was going to Rice, and asked him to contact him directly by phone if he had anything to do.

From Han Zhong's office, Ji Feng got into a cab and headed for the airport. On the way, he dialed Xu Yuan's phone again.

He and Xu Yuan had not seen each other for several days, and they missed each other a lot.

Since they established their relationship, they often talked and laughed together like other couples, but because Xu Yuan was too busy and Ji Feng often had things to do, they didn't have much time together.

Finally, Ji Feng called Qin Shujie again, but before the two of them could say a few words, they heard Yao Yao clamoring for the phone on the side, and Qin Shujie had no choice but to give her the phone.

"Daddy!"

The little girl's voice was very loud: "I miss you! Do you miss Yoyo?"

As soon as he heard this little girl's voice, the softest part of Ji Feng's heart was touched, and he laughed: "Of course I miss you, Yao Yao, listen to mommy at home"

At the beginning, Ji Feng could still top two sentences, but soon, he could not interject. The little girl hugged the phone and chattered away.

One moment she said that she met a lot of children in the new kindergarten, another moment she said that she learned to sing and dance, anyway, Ji Feng's ears were filled with the little girl's childish and excited words.

Only when Yaoyao was tired of talking did Ji Feng smile and let Yaoyao give the phone to Qin Shujie, but the little girl was beaming and said that her father didn't like her anymore, so Ji Feng had a good time coaxing her, and only then did Yaoyao smile happily.

When he arrived at the airport, Ji Feng's ears seemed to still ring with Yao Yao's tender voice: "Daddy, I miss you!"

He couldn't help but shake his head and smile, the little girl's childish words, but also the most sincere, thinking about that little girl's lovely appearance, it's really hard not to love her.

After waiting at the airport for about ten minutes, second brother Ji Shaolei and white spider arrived one after another.

“Three children, there is no direct flight from Jiangzhou to New York, Mi, we have to go to Yanjing to connect, but there is not much time in between, probably only about an hour, you see what else to do in Yanjing, prepare in advance!” Ji Shaolei said.

Ji Feng waved his hand and said, “Something can only wait until we get back, let’s go straight away.”

Soon, the three boarded the plane to Yanjing, about two hours later, they will arrive in Yanjing, and after that, they will take a plane from Yanjing, about fourteen or fifteen hours later, they will arrive in Rice.

Chapter 1695

When he received the call from the second brother, Ji Feng said hello to Xiao Yuxuan, and after that, he took the white spider with him and rushed over.

When Ji Feng arrived at Second Uncle’s house, he found that Second Uncle was not at home, Second Aunt was likewise not at home, only Second Brother Ji Shaolei was alone, and when he opened the door for Ji Feng, he was still sleepy-eyed.

“You’re sleeping?” Ji Feng was stunned.

“Last night, did not sleep well!” Ji Shaolei smiled heatedly.

“Why?” Ji Feng was stunned, “You also participated in the operation in Southern Guangdong?”

Although the search for the little prince is still going on, but how can we not use Xiang Yongzheng personally participate in it. The company’s main business is to provide a wide range of products and services to its customers.

The company’s main business is to provide a wide range of products and services to the market.

Ji Feng: “.....”

He immediately understood, no wonder the second brother smiled so lewdly, and said what last night did not sleep well, it seems, yesterday he and Xiang Yurou do not know how long tossed.

This is really let Ji Feng speechless, also do not know how they actually play, to Ji Shaolei’s physical condition, actually still tired in the daytime are sleeping!

Ji Feng could not help but ask with a smile, “It seems that you have conquered your sister-in-law?”

He remembered, Ji Shaolei in order to conquer Xiang Yurou, that’s why he purposely came to him to learn aerobics, a long time ago Ji Feng heard that Ji Shaolei had defeated Xiang Yurou.

But now it seems that it is more than just defeated so simple, I’m afraid it is completely subdued.

Ji Shaolei immediately laughed: “That is of course, I am a brother, how also to give you a good example is not?”

Good example?

In this kind of thing can also be a role model?

Ji Feng directly ignored his words, no longer continue this topic, but turned to ask: "How is the situation in Southern Guangdong?"

Ji Shaolei shook his head and laughed: "What can be done, since the little prince ran away, with the dynasty's energy, even if this time was hit hard, but want to save the little prince, it's not very simple?"

"I knew this would be the case." Ji Feng said, "So how is it arranged now to Yongzheng?"

"I'm not sure how the specific arrangements, but the follow-up work is certainly still being followed up, this morning when I heard Yurou said, the next will take a series of actions, the dynasty in South Guangdong's planted personnel and their assets, a comprehensive cleanup. Chapter 1696

"I'm very sorry to disturb you three." At this time, the young man with the Asian face spoke, and when he spoke, it was very standard and fluent Mandarin.

"Something wrong?" Ji Feng asked.

The white spider was sitting straight in her seat, her eyes seemed to have no luster, but if an insider was here, he would have noticed that at this time, the white spider's legs were bent very much, and if you look at the angle of her legs, you will find that her upper body was actually leaning forward, and this posture, in fact, was the most suitable for sudden power, and she could rise up at any time.

Her hands, placed equally regular, her left hand on the knee, the right hand is placed behind the waist In fact, when the three just approached, the white spider's vigilance mentioned the highest.

Ji Shaolei also glanced at those three, but did not pay too much attention to them. In Jiangzhou, there are too many foreigners, walking down the street everywhere, there is nothing unusual at all.

"It's like this, I see that the three of you are also waiting for a plane here, you should also be flying to New York, right?" The Asian-faced young man smiled and asked, "It just so happens that we are also flying to New York, I wonder if we have this honor to get to know the three of you?"

Ji Feng glanced at him and didn't say anything.

The young man slapped his head and said with a smile, "I was rude, introduce myself, my name is Lu Guowei, I am from Jiangzhe, China, I am in the foreign trade business, these two are my friends from Rice, this is James and this is Roger."

Ji Feng nodded slightly, considered to have greeted them.

When the young man named Lu Guowei saw this, he knew that Ji Feng did not welcome their initiative to approach, he smiled, nodded, and sat down on the next seat with the two foreigners, and it was not good to say anything else.

After a while, Lu Guowei and the three of them talked in a whisper over there, not knowing what they were saying, but soon, White Spider glared at the three of them and said unpleasantly, "Talking badly about people behind their backs, is this your cultivation?"

The three were stunned, and then smiled awkwardly, obviously they did not expect that the white spider could actually understand them.

Ji Feng was also stunned, he also did not expect the white spider to understand Lu Guowei's three conversations, but after thinking about it, Ji Feng was relieved.

He often used to deal with the people of the canopy, but the white spider did not understand the canopy language, so Ji Feng subconsciously thought that the white spider also does not know foreign languages, but he forgot that the white spider was in the foreign assassins have a good reputation, if you can not understand foreign languages, how can she still mix?

The reason for this is that the language is too difficult to listen to, so the white spider does not want to learn?

Ji Feng thought maliciously.

"What did a few of them say?" Ji Feng asked.

"The foreigner named James said that our Chinese people have no manners and no cultivation." White Spider said.

"Oh?"

Ji Feng couldn't help but frown, his eyes swept from Lu Guowei's three faces, he remembered that when Lu Guowei introduced the foreigner with brown hair just now, his name was James, so Ji Feng looked at him twice more.

The foreigner named James saw Ji Feng looking over and wanted to meet his eyes, but I don't know what happened, just as soon as he saw Ji Feng's eyes, James suddenly felt his heart jumping wildly a few times, and even suddenly had a feeling of palpitations, he suddenly changed his face and panicked and moved his gaze away, not daring to look at Ji Feng again.

"I'm very sorry, my friend spoke too casually, I apologize to you on his behalf!" Lu Guowei said in a panic.

James and Roger may not be able to see, but Lu Guowei is an authentic Chinese, he can see at a glance, Ji Feng and Ji Shaolei two people although few words, but they seem to be extraordinary, a glance is not ordinary people. The Chinese are a place where dragons and tigers are hidden, as a Chinese, Lu Guowei naturally knows, so he hurried to apologize.

Ji Feng ignored him, but Ji Shaolei said: "Tell your friend that it's not for him to evaluate whether Chinese people have manners or not, don't think that if Rice thinks of itself as the world's police, he can be equally rude!"

Lu Guowei hurriedly nodded his head and smiled along, "I'm really sorry!"

People in business are all about peace and harmony, and Lu Guowei was likewise no exception, if they hadn't seen that the white spider looked really pretty, they wouldn't have come over to strike up a conversation anyhow.

Ji Shaolei then coldly snorted, no longer pay attention to him.

Lu Guowei was slightly relieved, but his heart was somewhat muttered, this two people seem to be extraordinary, but really some arrogance.

In fact, Lu Guowei does not know that Ji Feng and Ji Shaolei is not arrogant, they just do not want to cause trouble, just want to enter the country in a low profile, and then go to see his sister.

As long as you can persuade your sister to follow along and come back, then anything is good, other things do not have to bother.

As for making friends

Ji Feng and Ji Shaolei really do not have the habit of making friends with foreigners.

What's more, when they came, the two of them have discussed, this time to go to Rice, still do not know what will happen, so the road can be low-key as low as possible, after all, they still do not know, far away in Rice, what kind of trouble the little sister actually encountered, which is the most difficult, because they do not understand anything.

Seeing Lu Guowei three people honest, Ji Feng also no longer pay attention to them, but turn to think about this time to go to the Rice trip arrangements.

"Second brother, what is our next arrangement?" Ji Feng asked in a low voice.

"Here's the thing, after we get there, someone will come to pick us up, and then someone will naturally tell us all about the situation in detail." Ji Shaolei said.

"It's Second Uncle's people?" Ji Feng asked in a low voice.

"No, it's arranged by Young Uncle!" Ji Shaolei lowered his voice to a low level and gave Ji Feng a wink.

"From the intelligence office?" Ji Feng immediately asked.

Ji Shaolei nodded without moving his head and made an OK gesture.

Ji Feng then smiled, it's no wonder!

He was still a little strange before, could it be that his father or second uncle specifically sent someone to spy on Xiao Gu's affairs regularly? Of course, he is not suspicious of father and second uncle spying on little aunt, even if they sent someone to watch her, it must be out of brother's concern for his little sister.

However, they specifically sent someone to watch, this is really some trouble.

And now he understands, it is the little uncle in the secretly sent people to watch the little sister ah, this is very understandable.

Obviously, thought the identity of Uncle Ji Zhenping, he wants to send people over, it must be the people of the Intelligence Division, because this can not only collect information, but also in the dark to protect the little sister, this is a multi-benefit.

Protecting your sister-in-law, that is certainly the most important.

Only, a Chinese intelligence officer to protect a person in the rice country, and is in the dark protection, that is certainly a lot of difficulties, so the little uncle sent people, see must be the elite of the elite.

This is not difficult to understand why the second uncle said early on that the little aunt in trouble, and it seems to be a little anxious, but the little aunt has not been out of anything.

It turns out that there are people in the shadows protecting her!

It is also really difficult for the father and the three brothers, want to protect their sister who is far away from home, and perhaps not dare to let her know, and also a little power.

So they can only send themselves and the second brother over, so they can rest assured that there will not be too much impact, after all, himself and the second brother from the surface, are just an ordinary Chinese citizens, and not what the leader, even if they go to the country, will not attract much attention.

This can also be seen, for this arrangement, the father they really took great pains.

The second brother Ji Shaolei said so, Ji Feng before and after all figured it out.

He nodded and said in a low voice: "Since this is the case, then this time we can only succeed and not fail, otherwise, the elders will be disappointed."

Ji Shaolei smiled faintly: "We brothers out, where there are things that can not be done? Haven't you heard, brothers together, the benefit of breaking gold!"

Ji Feng nodded and smiled happily.

And at this time, sitting not far away from the Lu Guowei, but from time to time sneak a glance on the white spider, the eyes seem to carry a trace of fire.

.....

Soon, Ji Feng three people boarded the plane from Yanjing to New York.

A dozen hours of time, Ji Shaolei fell asleep directly on the past. And this time for Ji Feng, is nothing, can tolerate loneliness, this is as an excellent agent the most basic a condition.

However, this time is hard white spider, she is very vigilant, because at this time they are in the sky, in case something happens, the consequences are extremely serious.

So the white spider has been very vigilant, don't look at her just sitting on the seat, eyes slightly closed, seemingly closed eyes, but in fact, the slightest movement around what she will pay special attention.

But the good thing is, in the plane did not encounter anything, about 14 or 15 hours later, the plane landed smoothly at the airport in New York, and Ji Feng is also the first time to step on the soil of the country, officially came to a foreign country.

The three of them took a big step towards the airport exit, but they had just taken a few steps when they heard someone shouting.

“Three, three please wait a moment!”

This was Lu Guowei’s voice.

Ji Feng three people heard the sound and looked back, but saw that Lu Guowei was chasing them at a trot, obviously, just now Lu Guowei was calling them.

Ji Shaolei frowned slightly and said, “This guy is really dipping into us?”

Ji Feng did not move and stood there, just looking at Lu Guowei.

“Three

Lu Guowei ran over and laughed: “Three people don’t be offended, I don’t mean to offend, in fact I have a few words to say to three people.”

Ji Shaolei asked, “What do you want to say?”

Lu Guowei looked around and said in a low voice, “This is how it is, I think it’s the first time for the three of you to come to Rice, right? Then before leaving the airport, there are some rules you must understand

“Ho!”

Ji Shaolei sneered: “And rules? Is it also to worship the dock ah?”

Chapter 1697

Lu Guowei looked around and whispered, “This is the case, I see that the three of you should be the first time to come to Rice, right? Then before leaving the airport, there are some rules you must understand

“Ho!”

Ji Shaolei sneered: “And rules? Is not also to worship the dock ah?”

This is really some funny words, how it sounds as if it is to some triad territory seems to be, come here to abide by what rules?

Ji Feng also raised an eyebrow, the corner of his mouth pulled up a curve, seems to be a sarcastic smile.

Lu Guowei is always flying around doing business, see more people, is also considered to have developed a pair of eyes of fire, he can certainly see Ji Shaolei and Ji Feng eyes of disbelief.

He couldn’t help but say: “Three, please hear me out, I’m really doing this for your own good. If I’m not wrong, the three of you must have come to Rice to do something, not to play, right? Since that’s the case, then you guys should know more about the rules here

Seeing the impatient look on Ji Shaolei’s face, Lu Guowei hurriedly said, “Three people must think that this New York is a prosperous international metropolis, here as long as you obey the law, do not take

the initiative to cause trouble, then there must be nothing, if there are often people here to mess up, the people of Rice can not face, you think so, right? ”

Ji Feng and Ji Shaolei looked at each other, it seems that Lu Guowei is very understanding of their hearts, regardless of other, at least from this point, Lu Guowei is a very shrewd person.

Ji Feng came to some interest and asked, “Then you tell us, we think so, is it wrong?”

“The three of you are certainly right to think this way, but you have forgotten two things!” Lu Guowei said, “Three, since we are all Chinese, and in the land of the Yankee, foreign country, how can I say that this face looks more comfortable than the face of the Yankee, right?”

Ji Feng asked, “What do you want to say?”

Lu Guowei hurriedly waved his hand and said, “I don’t mean anything else, I just want to say that since we are all Chinese, I certainly won’t lie to you, if you believe me, let’s go to the side and talk?”

As he spoke, Lu Guowei’s gaze, however, glanced over the body of the white spider.

This scene fell in Ji Feng’s eyes, and his brow was slightly frowned.

White spider also saw, she was also very unhappy, but Ji Feng did not speak, she is not good to say anything.

Ji Shaolei shook his head and said, “I don’t have that much time, there are people waiting to pick us up. If you have something to say, just say it here.”

Lu Guowei had to say, “Well then, what I’m going to say is that the three of you actually forgot two things, first, Rice is a place where individual heroism is revered, while here, it’s a place where guns are proliferating.”

This point, Ji Feng and the others naturally know.

Rice people advocate individual heroism, this is a matter known throughout the world, and the proliferation of guns in Rice, which is also known throughout the world.

“Because of this, so the violent crime here is extremely serious, whether in New York or any other city, even in the capital of the country, Washington, violent crime is very serious. And because there is no death penalty here, the cost of crime is so low that even the prisons in Rice can barely fit the people.”

Lu Guowei introduced: “So when you come here, the first thing to pay attention to is, do not fall alone, especially at night, do not take the alley

A series of many do not, Lu Guowei then said, “This is the first thing to pay attention to. Secondly, here, the most important thing to note is that absolutely, absolutely do not mess with the White Hand! In many countries, there is a saying circulating – the prosperity during the day belongs to everyone, while the noise at night belongs to the White Hand!”

Ji Feng couldn’t help but raise his eyebrows, “White Hand Party?”

“Yes!”

Lu Guowei nodded and said, "I believe you must have heard of this name, the White Hand Party is so powerful that it is definitely not something you can imagine, what is played out in the movie is actually not exaggerated at all, rather there are many episodes that they dare not film."

Ji Shaolei nodded and said, "The White Hand is very powerful in these countries, I've heard of it."

Lu Guowei said, "So say, never mess with them, if you once accidentally mess with, then, the only way you can escape, there is only one – hide in the police station, and then, let them escort you to the airport and hurry back to the country!"

Ji Feng could not help but ask: "The power of the White Hand Party, is it really that big?"

Lu Guowei said: "How powerful the White Hand is, in fact, I do not know, anyway, I once knew a big boss, because of the White Hand, the result is that within a few days he evaporated, followed by someone directly surrendered to the police. Everyone knows that the White Hand did, but, someone confessed, what can the police do?"

Ji Shaolei frowned and asked, "So arrogant? Then the person who confessed to the crime is willing to die?"

Lu Guowei laughed, "You forget, there is no death penalty in Rice!"

That's right!

Ji Shaolei couldn't help but nod his head, and it dawned on him.

"And ah, inside the prison also has the power of the white hand party, confessed to the crime of the minions to the inside instead will be preferential treatment, and there are legal holidays, and chicks, marijuana and outside there is no difference." Lu Guowei said, "This is still because the dead boss is still considered more influential, if the dead is an ordinary person, hey, I'm afraid that even a confession of guilt is not available."

White Hand Party!

Ji Feng now has some understanding, it seems that this gang is really extremely powerful.

In the outside, they have small brothers, weapons, and may even be well-trained, and Ji Feng has also heard that the White Hand Party infiltrated all walks of life, black and white have their share, can be said to be the world's most famous gang.

And after killing a person, either they single-handedly, or, simply send a little brother to convict, anyway, there is no death penalty here, and stay in prison than in the outside to enjoy even if they are sentenced to a million years in prison, what can it be?

From this it is not difficult to understand how powerful the White Hand Party really is.

See Ji Feng three people took their words into account, Lu Guowei could not help but say: "Of course, there are some other precautions, such as the usual talk and do things, it is best not to involve the race issue, in this rice is also a very serious problem, there are some other issues and so on, this three words can not say too clearly, I think it is better to do so"

As he spoke, he took out three business cards from his pocket and politely handed them to the three Ji Feng respectively.

“We can exchange contact information, if you encounter any problems here, you can call me, as long as I can do, will try to help, I also know a lot of our hometown in China, we can also often contact in the future.”

Ji Feng nodded: “Thanks a lot!”

Although it is still unknown what motivation Lu Guowei has for being so enthusiastic, I don’t know if he is purely seeing that we are all Chinese, so he is so enthusiastic, or he has some ulterior motives, these can’t be seen for the time being, but at least, he has introduced these now, it is possible for Ji Feng to be more careful, and perhaps avoid some trouble.

Just this, Ji Feng to thank Lu Guowei.

Lu Guowei waved his hand and laughed: “They are old folks, so there is no need to be so polite. By the way, I don’t know how do you call the three of you?”

“Ji Feng!”

“This is my second brother, and this is my friend, White Spider.” Ji Feng introduced the three of himself separately.

“So both of you are Mr. Ji, this is Miss Bai” Lu Guowei greeted them enthusiastically at once, and his eyes couldn’t stop flicking to Bai Spider, “I don’t know the contact information of the three of you”

“I’ll tell you a number, there is contact can call this number.” Ji Shaolei interfaced.

Then, he took out a sticky note from his pocket, and took out a pen, and wrote down a series of numbers with a swish: “This is my phone number.”

Lu Guowei said, “Okay, okay, contact often in the future.”

Ji Feng smiled faintly, “Thanks for the introduction, so see you later?”

“Bye bye bye!”

Lu Guowei nodded repeatedly, then he suddenly reacted, he said so much, but still do not know that white spider’s phone number ah.

He just wanted to ask again, but as soon as he looked up, he saw that Ji Feng had already left with his luggage after the three of them had thanked him.

Lu Guowei slapped his head: “I’m so stupid, why can’t I be thicker-skinned and just ask for that girl’s phone number! How stupid!”

Ruthlessly regret a while, Lu Guowei and can not help but eyes bright: “At least, I know her friend’s phone number, also know her name, white spider”

.....

“White spider, how much do you know about the rice country? Is it really as bad as that guy said?”

Three people out of the passage, Ji Feng asked.

Although Lu Guowei said the head, but Ji Feng always felt that this New York should not be so chaotic, how to say that this is also a prosperous international metropolis, if it is really that chaotic, there will be so prosperous?

White spider said: "I have been to the country, but not to New York. However, the White Hand Party is indeed very powerful here."

Ji Feng could not help but shake his head: "It seems that the situation at home and abroad is really very different."

In China, what gangsters can be so arrogant, even if they have a heavenly background behind them, if they dare to be so rampant, they would have been killed by the state's violent machine long ago.

"No matter how arrogant the White Hand is, as long as it doesn't involve us, then we don't cross the river, we just don't mess with them." Ji Feng laughed.

"That's not necessarily true." Ji Shaolei suddenly said.

"Oh? Second brother, why do you say that?" Ji Feng was stunned.

"Little Aunt's trouble seems to be somewhat related to the White Hand Party too!" Ji Shaolei suddenly said.

Chapter 1698

"Little Aunt's trouble seems to be somewhat related to the White Hand Party as well!" Ji Shaolei suddenly spoke up.

"Oh?!"

Ji Feng couldn't help but be stunned: "Little Aunt's trouble has something to do with the White Hand? Second brother, you are not mistaken, right? Didn't you say before that you also don't know what kind of trouble little aunt actually has, how now"

Ji Feng did not expect that the trouble of his sister was actually related to the White Hand Party, if Ji Feng's impression of the White Hand Party was limited to the gangster organization's great power, very powerful, and amazing wealth and so on.

But after listening to Lu Guowei and the white spider, Ji Feng realized that the White Hand in these countries in the West, but not just a gangster organization.

Strictly speaking, the White Hand Party can simply be lined with the underground government here!

During the day, where there is no problem, or rather, the White Hand in the daytime activities are not too frequent, even if there is action will not be too obvious. But at night, this is the world of the White Hand, which can be said to be the government of each country to fight.

It can even be said that the White Hand and the governments have some kind of tacit agreement. They maintain the order of the day and night respectively.

This shows just how powerful the White Hand is!

If Xiao Gu's trouble is from the White Hand, then I'm afraid Xiao Gu's personal safety will be threatened!

Ji Shaolei waved his hand and said, "Don't be anxious, things are not as serious as you think."

Ji Feng immediately asked, "Then what is going on?"

Ji Shaolei said, "Actually, I really don't know exactly what's going on, I just contacted the person who arranged for Uncle Xiao to be here before I came, and he mentioned the White Hand, that's why I suspect that Xiao Gu's trouble should have some relationship with the White Hand."

Ji Feng could not help but frown slightly: "White hand party"

"Don't think so much first, what exactly is going on, we just guess here can't guess, or hurry out, there are people waiting to pick us up outside!" Ji Shaolei said, "Wait to see the little uncle arranged here, naturally, you can also ask clear."

Ji Feng nodded and said, "There is no other way, it can only be done."

Ji Shaolei did not know the cause of the matter, Ji Feng wanted to ask, there is no place to ask, he can only wait until he sees the people responsible for protecting the little uncle, to be clear about what is going on.

However, Ji Feng's eyes are with a trace of coldness.

White Hand

No matter what white hand party or white foot party, as long as they dare to mess with the little aunt, they dare to reach out then chop their claws, dare to stretch their feet, then let them crawl in the future!

The three of them walked quickly and soon arrived at the exit.

"Young Ji, you see!" The white spider whispered.

Ji Feng two people immediately followed the white spider's gaze looked over, only to see a man of about thirty years old, is standing in the crowd, look cold, gaze is like the substance, although this person at first glance does not look any different from ordinary people, and even looks like the kind of throw in the crowd can not find the kind, but, Ji Feng they are a glance from the crowd to see this person.

Because, this person's body has a very special temperament, looks both rigid and cold.

Ji Feng immediately saw that this person has definitely seen blood!

Such a person, either a soldier, or an agent or an assassin or other characters, others are absolutely impossible to have this kind of aura.

And more importantly, this man is an Asian face, looks like he should be a Chinese.

"Go! Let's go over there!" Ji Shaolei said.

“Is this the person who came to pick us up?” Ji Feng asked while walking, not moving his voice and lowering it.

“It’s him!”

Ji Shaolei nodded and said, “Little Uncle described his face to me, because there are rules, I can’t see his picture with my own eyes, but from Little Uncle’s description, it should be this person.”

Ji Feng nodded thoughtfully and put his heart down, only that he was still a bit wary before he could really confirm the identity of this person.

And at the same time, the man also saw Ji Feng three.

Ji Feng and the three of them walked out together with the passengers getting off the plane, but, the three of them were so unique that it was hard not to pay attention to them.

As soon as the three Ji Feng exited the exit, the man greeted them and asked in a low voice: “From China?”

Ji Shaolei asked, “You are”

The man immediately said, “Introduce yourself, my name is Li Guoliang, a native of Dongshan, China, entrusted by a friend today, specifically to pick you two up here!”

Ji Feng could not help but frown slightly, their party is three people, and this guy who claimed to be Li Guoliang, but only speak to himself and Ji Shaolei, instead of the white spider to directly ignore?

But Ji Shaolei gave Ji Feng a wink, then he nodded slightly: “How do you know you didn’t recognize the wrong person?”

“I won’t be mistaken!”

Li Guoliang said, “Because I’ve heard someone’s description of the two of you from more than a month ago!”

Once he heard this, Ji Shaolei then smiled: “Then there should be no mistake!”

Li Guoliang also nodded imperceptibly and exchanged a look with Ji Shaolei. See here, Ji Feng also understood, think the second brother must also have long known the existence of this Li Guoliang, just said those conversations, obviously to confirm the identity of the other party, and, there must be very direct information in those words, can guarantee that they will not be mistaken for each other, and will not be impersonated.

In fact, to put it bluntly, their conversation might be equivalent to a code word, or a password.

“Please follow me, three of you!” At this time, Li Guoliang spoke, and what he said this time was ‘three’ instead of ‘two’ as he had said before.

Once I heard him change his address, Ji Feng became even clearer, it was obvious that just now was the code word.

If someone impersonated Li Guoliang, then see Ji Feng three, will certainly subconsciously say, three how how, and not like this, directly to the white spider ignored, and that way, Ji Shaolei can certainly recognize the other party.

This kind of code word, but is very crafty!

Ji Feng could not help but smile faintly.

Under the leadership of Li Guoliang, they arrived at the airport parking lot, and then left in a car.

The car drove fast, and after a while, Ji Shaolei asked, "Brother Li, where are we going next?"

Li Guoliang said, "To the Weida Group, where a place for the three of you to stay has been arranged."

Weida Group?

Ji Feng looked at Ji Shaolei, who laughed, "You don't know?"

Ji Feng spread his hands and laughed bitterly, "You haven't even told me yet, what can I know?"

Ji Shaolei laughed: "I'm to blame for this, I should have told you before I came, but I was thinking about other things and forgot about the Vida Group, which is the company of my sister, is headquartered in New York, New York, and of course there are many subsidiaries under its umbrella, which also involves many industries"

Ji Shaolei the general situation of his sister's industry briefly introduced, as for more specific details, he did not mention, on the one hand, he himself knows not a lot, on the other hand, but also because Li Guoliang is also in the car, some things are not too convenient to say.

In fact, these news or Ji Zhenguo told him, by the way, let him also tell Ji Feng.

As a result, Ji Shaolei's heart has been thinking about Xiang Yurou's training, so he forgot to mention this to Ji Feng.

If Ji Feng knew the reason, I'm afraid he would cry and laugh.

Li Guoliang is not a talkative person, on the way he is basically silent, basically did not take the initiative to talk to Ji Feng three, many times are Ji Feng asked, he will answer.

Ji Feng does not mind, he knows the character of these soldiers, they are not a lot of words, but when doing things, they are quite nimble, such people, in fact, say less, but do more!

It is also in the process of such a question and answer, Ji Feng learned a lot about the situation.

For example, Li Guoliang used to be a mercenary, joined a security company under the Weida Group a few years ago, recognized security consultant, in fact, to put it bluntly, is a senior bodyguard, of course, is also responsible for solving some security problems of the Weida Group.

This security company is also set up in the headquarters building of the Vistra Group, the company's employees are a lot of mercenaries or some of the country's veteran elite soldiers. Their daily work, is to protect the top of the Weida Group some personal safety, of course, the manpower is sufficient, they will also undertake some external business to do.

Li Guoliang is directly responsible for the first largest shareholder of Weida Group, but also the president of Weida Group, Ji Nan Yue, and the safety of his family, of course, he is a security consultant, in Ji Nan Yue and others, there are professional bodyguards.

Hearing this, Ji Feng could not help but frown, it seems that the security of the young aunt is very problematic, otherwise, what do you need so many bodyguards and security consultants?

“Brother Li, I heard that Mr. Ji has gotten into trouble with the White Hand?” Ji Feng asked.

“That’s right!”

Li Guoliang nodded and said, “The threat that Mr. Ji encountered mainly comes from two aspects, one is that unknown people are secretly targeting, among which, there may be killers and some other secret forces. The second aspect is from the White Hand. Of course, this is only the personal safety of Mr. Ji, as for the business trouble, I’m not very clear.”

Ji Feng, however, listened to his heart and asked, “Mr. Ji has also encountered trouble in business?”

Li Guoliang nodded and said, “I’m not too sure about the commercial aspect.”

Ji Feng listened, but he was silent.

Killers!

The power in the dark!

And the threat of the White Hand’s leering eyes on the side!

..... is no wonder that the second uncle and father will be so anxious, the young aunt this is really facing a lot of trouble, it is simply a four-sided Chuang ah!

Chapter 1699

“Three, this is your room.”

Li Guoliang said.

This was a hotel full of exotic atmosphere, no matter it was that architectural style or the various furnishings in the hotel, it was all very different from the hotels in China.

What Li Guoliang pointed out was one of the suites in the hotel.

“There are four rooms inside this suite, as well as a living room and a meeting room, enough for three people to stay.” Li Guoliang said, “With my rank, I can only provide such accommodation for the three of you now, anything better, I can’t do anything about it.”

“This is already very good! Guoliang, it’s hard for you, let’s have a good drink later, in this foreign country, we are brothers!” Ji Shaolei said with a smile.

Dealing with people, he is the most good at, as the boss of Jianan Group, the group usually if you want to do any project, can be not only to deal with some other contractors and material dealers, especially to deal with government officials.

The second uncle JiZhenGuo is absolutely not allowed to play with his banner in the outside waving, so Ji Shaolei is basically relying on their own public relations entertainment, to get a very important project.

Of course, this is only on the surface, our domestic officials, perhaps in the work and people are not good, but, in terms of camping and snooping, that is definitely the world can be numbered.

So, although Ji Shaolei usually very low-key, never identify themselves as the son of Ji Zhenguo, and then to get the project, but how many of those officials are fools? They are usually very deliberate to inquire, of course, also know that Ji Shaolei and municipal party secretary Ji Zhen Guo very close relationship.

Even those who do not know so clearly, and definitely will not deliberately to go with the quarter Shaolei difficult, so usually the quarter Shaolei deal with officials instead to more convenient some

Of course, here the so-called convenient, can only mean that the season Shaolei has not been deliberately difficult, and in the process of dealing with those officials, other bosses should pay attention to, season Shaolei also have to pay attention to, other bosses should give the benefits, he also have to give.

Even, encountered some in the eyes of no one does not know the sky high officials, Ji Shaolei also have to flatter two sentences, otherwise it can not be done.

Therefore, these years down, Ji Shaolei has also developed a good eloquence, dealing with people that is his strong point.

So even if Li Guoliang silent, face can rarely see a smile, but for Ji Shaolei this is not a problem, from the airport to the Weida Group's hotel, which is only about an hour, Ji Shaolei has been acquainted with Li Guoliang.

Li Guoliang that some taut face, a stiff smile, waved his hand, said: "As long as you are satisfied, as for drinking I think it is better to forget it, I am a security consultant, at any time may have to carry out the task, if drinking words may delay the work. "

Ji Shaolei immediately said, "It does not matter, anyway, there are plenty of opportunities in the future, and when you rest, we will sit down to talk slowly."

Li Guoliang nodded and said, "By the way, if you don't like to stay in a suite, you can also stay in a single room, but of course a single room is better arranged."

Li Guoliang is the security advisor of the senior management of the Vida Group, with his level, he can arrange such a suite is already the limit, as for the presidential suite in the hotel and other kinds of luxury rooms, he can not arrange.

However, a single room is obviously better than a suite to arrange, so if Ji Feng three people want to choose to live in a single room, Li Guoliang what kind of room can be arranged, with his level, in the Weida Group can enjoy such treatment.

"This is already very good, the main can live on the line!" Ji Feng smiled and nodded, but in his heart he had a concept of Li Guoliang's ability.

From Li Guoliang to learn that the Weida Group has huge assets, involving a lot of industries, is a very strong group of companies, and, many of the bodyguards here are retired fighters from the military forces of various countries, their strength how that is naturally needless to say.

And Li Guoliang can stand out among these people and enjoy such treatment, so it can be seen that his ability is also very strong.

“Since the three of you do not have any comments, then you first rest here and adjust your bodies, and I will invite you to dinner in the evening.” Li Guoliang said.

Regulate the body?

Ji Feng was slightly stunned, then it dawned on him that Li Guoliang was worried that their bodies would not adapt well because of the jet lag reversal.

Once he said that Ji Feng remembered that at this moment, according to the time of Rice, it is more than three o'clock in the afternoon, while at this time in China can already be the early morning.

Ji Feng could not help but shake his head and smile, because of the physical quality of people, he did not feel much jet lag, look at the second brother Ji Shaolei, he also seems to feel nothing, his face is normal, looks refreshed.

Subsequently, Li Guoliang arranged for the hotel's service staff to complete all the various procedures for the room, and left, Ji Feng three people into the suite, also considered a temporary break.

Into the room, Ji Feng and could not help but raise an eyebrow, this Li Guoliang really have a heart.

With the hotel outside the exotic style is very different, the suite is arranged, but it is very Chinese style, especially the solid wood furniture, but also show the Chinese style.

Obviously, this should be deliberately arranged by Li Guoliang, should be afraid that they suddenly came to a foreign country, will not adapt.

After all, this hotel is open for all people, it is impossible to make a suite full of Chinese style out, and before Li Guoliang did not say that this hotel has different styles of rooms in various countries, so it can only be deliberately arranged by Li Guoliang.

And because of this, Ji Feng said he was intentional.

“This Li Guoliang, but is thick in the fine, is indeed a talent!” Ji Shaolei said.

“Well!”

Ji Feng nodded, apparently the second brother also saw the inside story.

Ji Shaolei sat down on a chair and said, “Okay, since we're here, let's settle down first, Saner, let's take a break, what to do next, listen to Li Guoliang's arrangement first.”

Ji Feng nodded, he also thought so, now they do not know anything about the situation, they think to help the little sister, that is not realistic.

Since Li Guoliang already has an arrangement, let's listen to him first.

As for the future, if there is really any change in the situation, or after Ji Feng three people understand the situation clearly, if you feel that there is something wrong with Li Guoliang's arrangement, then we will talk about it separately.

Soon, it came to evening, Li Guoliang came and invited Ji Feng three people to have dinner in the hotel, and, the dishes ordered are some specialties of China, thus it can also be seen that Li Guoliang is actually very careful.

After dinner, several people went back to the room, Li Guoliang also followed, and several people sat down.

Li Guoliang said, "Are you guys planning to learn something now, or do you want to rest for the night first, and then I will take you to the group headquarters directly in the morning?"

Ji Feng asked, "What's the difference?"

"If you guys want to understand the situation now, I can only talk about it roughly, because a lot of details, I have organized into information and put it in my office safe, now I only rely on my memory, it is inevitable that there will not be mistakes." Li Guoliang said.

"Then you can simply say it first, also so that we can do in advance to have a good idea." Ji Feng said.

"That's right, you remember to say as much as you can." Ji Shaolei also said.

Li Guoliang nodded and said, "Well, I'll briefly talk about it. Weida Group since this nearly a year, encountered a lot of difficulties, as far as I know, there are several companies have originally signed a cooperation agreement with Weida Group, but then, they all suddenly unilaterally terminated the contract, even at the expense of paying the breach of contract. According to the information obtained from the investigation, they were threatened by the White Hand."

Ji Feng asked, "What is the reason?"

Although the White Hand is extremely powerful, but it can not be a business for no reason, but also a very strong and well-known enterprises, the rice government is not a meal, if the White Hand does too much, it is easy to cause public anger, when the time, the biggest losses or the rice official.

So when Li Guoliang said so, Ji Feng immediately realized that there is an inside story.

"The reason is simple, a company controlled by the White Hand, and the Weta Group has a conflict of interest." Li Guoliang said.

"Heh!"

Ji Feng laughed indifferently.

Ji Shaolei, however, could not help but sneer: "White Hand Party, really powerful, just because a company they control has a conflict with the Weida Group, they can threaten the partners of the Weida Group, really domineering!"

Ji Feng asked, "Is this the trouble that the Weta Group is having in business?"

"It's more than that." Li Guoliang said, "There are several other companies that are also working against the Weida Group, according to the investigation, those companies should have nothing to do with the White Hand, they should belong to other forces."

"What forces?" Ji Feng immediately asked.

"It's likely to be Dynasty." Li Guoliang mused, "But there is no tangible evidence."

"Dynasty?!"

Ji Feng's eyebrows furrowed up.

Things are actually related to the dynasty?

Ji Feng didn't expect that the dynasty's power actually extended to Rice, moreover, they actually went after Xiao Gu's group?

"Guoliang, can you be sure?" Ji Shaolei also frowned and asked in a deep voice.

"Can't be sure, I only suspect." Li Guoliang said, "I once infiltrated into one of the companies that went against the Weida Group, and was discovered, I fought with one of the other side, but I was no match for him, and could only come back in a mess. But in the course of the fight I found out that the other party was a reformer!"

"Then it must be related to the dynasty!"

Chapter 1700

"Then it must be related to the dynasty!"

Ji Feng spoke with conviction.

As soon as Li Guoliang mentioned that he had infiltrated into a certain company and ended up encountering a transformer, Ji Feng immediately asserted that it was definitely related to the dynasty.

As far as Ji Feng knows, in addition to the dynasty, there is really no other country or organization that has the technology to transform the human body, even if it is claimed to be the world's leading technology in the rice country, at most, there is some research in genetics, compared with the dynasty's technology, it is really too poor.

It can be inferred that the company even if it is not the industry of the dynasty, but also definitely has a very close relationship with the dynasty!

"In that case, the series of troubles suffered by the Weida Group, it is likely to have the shadow of the dynasty behind the promotion!" Ji Shaolei mused, "A dynasty, plus a white hand party, well, which of the two forces is a behemoth, the results are all dry with the Weida Group!"

Ji Feng's eyebrows are also slightly wrinkled up, originally he only thought that the trouble encountered by the youngest aunt, I'm afraid it is personal security, otherwise, father and second uncle will not easily call himself and second brother over, after all, if there is a bigger trouble, it is not only by force to solve.

Now it seems that his original vision was too simple, the trouble that Xiao Gu encountered is not just a threat to personal safety.

I think, father they let himself and second brother over, definitely not just to protect the little sister.

After all, if only personal safety is threatened, little uncle can directly solve it, his men have how many elite soldiers, send a few over to protect the safety of the little sister in the dark, that is not a problem at all.

Even if it is inconvenient for Uncle to use his position to put those soldiers to protect his family, then how many excellent elite soldiers are discharged from the military every year?

These people, but in no way worse than those who are still in the military warriors, they may just age to the line, so they can only be discharged, but the more so, these people instead also have extremely rich combat experience, they can be far stronger than those new recruits!

So it seems, father they let themselves and second brother over, should be for the little sister to solve these troubles.

Ji Feng could not help but shake his head and smile, they really look up to themselves, actually put this kind of burden on their own and second brother's shoulders!

This kind of trouble is not so easy to solve.

Especially, this also involves the White Hand Party and the dynasty, these two, either one of them is not so good, let alone, now is the same with these two behemoths together?

"This is the general situation, more detailed information about those companies, I can only bring over tomorrow." Li Guoliang said, "Usually not safe to carry around, put in the office is the most appropriate, so I did not take out in advance."

"Let's do it tomorrow then." Ji Feng nodded, Li Guoliang obviously has his own way of doing things, Ji Feng does not care, however, he noticed Li Guoliang said a sentence – usually with the side is not safe!

"Guoliang, your personal safety is also threatened?" Ji Feng frowned and asked.

Once he heard Ji Feng's words, Li Guoliang was obviously a little surprised, as if he didn't expect how Ji Feng would ask this, but he still nodded and said, "You can say that. However, strictly speaking, there should be a potential danger."

Ji Feng immediately asked, "What's going on?"

Li Guoliang said, "As I said before, Mr. Ji and several senior executives of WeiDa Group have been threatened in terms of personal security, and even, have been shot and secretly attacked and killed, Mr. Ji's family has also encountered this kind of thing several times, so the group has significantly strengthened the security, just hope to avoid some unnecessary trouble."

Ji Feng and Ji Shaolei nodded at the same time, their faces were not too good. They did not expect that the little aunt Ji Nan Yue had actually suffered a shooting and assault!

Both of them had some anger in their hearts, but they still listened patiently to Li Guoliang's words.

“However, despite the group strengthened security forces in all aspects, but this situation is not changed.” Li Guoliang said, “In recent times, the season has been very low-key, usually outsiders hardly hear news about her, but also do not know her itinerary, only some people inside the company know. However, once the quartermaster goes out, eight out of ten `9 will encounter trouble!”

“There is a traitor?!”

Ji Shaolei blurted out, “Have you checked the people inside the company?”

Since outsiders do not know the schedule of Jinan also, only some people inside the company know, but every time she goes out will always encounter trouble, which means that the Weida Group inside eight out of ten `9 is a traitor.

Ji Feng did not say anything, just quietly listened.

Li Guoliang nodded and said, “We also have such a suspicion, so Mr. Ji once asked us to conduct a covert investigation on some people, but the results show that they do not have any problems.”

Ji Shaolei asked, “In other words, you didn’t find out any results?”

Li Guoliang nodded and said, “Yes.”

Ji Feng asked, “Then what?”

Li Guoliang said, “Then things just dragged on, although Mr. Ji also strengthened the security forces, but, within the group, the atmosphere of panic is still gradually spreading. Even the personal safety of the employees was threatened.”

As he spoke, Li Guoliang took out his cell phone and tapped a photo: “I was also threatened by the same, this is one of the emails I received, in which the other party warned me that it was better to leave the Wida Group on my own initiative, or stay in the group, but take care of my body and don’t work so hard!”

Ji Feng and Ji Shaolei’s eyebrows frowned at the same time, Ji Feng directly took Li Guoliang’s phone and looked at it, and found that in this photo was an A4 printout with some English on it, and then he handed the phone to Ji Shaolei.

After Ji Shaolei read it, he nodded and said, “Yes, this is threatening Guoliang, they warned Guoliang to think about his personal safety, so he was advised to leave the Weida Group, well, here’s what it says, this is a cursed hellhole, for your health, I remind you with a very friendly attitude, please leave. ”

Read here, Ji Shaolei can’t help but be exasperated: “Damn it!”

Li Guoliang’s face also showed a stiff smile, he said, “Such a warning letter, I have received three times, in which the wording is heavier and heavier each time, to the back is a direct threat.”

Ji Shaolei asked, “Can you find out who wrote it?”

Li Guoliang shook his head and said, “This is very ordinary A4 printing paper, everywhere have to sell, simply can not find out.”

Ji Shaolei could not help but coldly snort, said: "I think this should also be the other party's cleverness, he took this direct delivery of letters, in order not to leave traces. If he is directly through the computer network to send this mail to you, then it is easy to trace him, it seems, this is also a person with a heart!"

Li Guoliang nodded his head, he also thought so.

"The way I see it, there are only two possibilities!"

Ji Feng, who has seldom spoken, suddenly spoke: "The first possibility is that there is a traitor in the group, once someone snitches, or wants to deliberately spy on the itinerary of General Manager Ji, I think it is not too difficult, if it is a powerful guy, I'm afraid that without moving, he will be able to do it, this is one of them."

Looking at Li Guoliang and Ji Shaolei both nodded, agreeing with him on this statement, Ji Feng added: "The second possibility is that you are being watched, or bugged! I think it should be more likely to be bugged, if it is always being monitored, it is impossible to do so accurately, and you have not been able to find out."

As long as the wiretap is installed in one of the more important places in the Vida Group, then, any situation in the group, can not escape the other party's eavesdropping, there will no longer be any secrets here to speak of.

Ji Shaolei immediately asked: "Guoliang, have you searched some important places in the group? I see, since you have searched those people, but none of them have come up with any results, it is likely that someone has installed a wiretap in your place!"

Li Guoliang shook his head and said, "We have done this kind of search, but how can it be that easy to search all of such a large group? Even if we search only those important places, it may not be possible to search them, after all, the place is too big."

"Should search ah!"

Ji Shaolei said: "have encountered such a thing, even if it costs more manpower and material resources, but also to search all the nooks and crannies, otherwise, what secrets in the group can still be said? Maybe one day, the other side will directly kill the door, and even in which office you are, is in the toilet or in the cafeteria, people know everything."

Ji Shaolei could not help but shake his head, does the little aunt does not understand this truth?

Not to mention that the group is too big and difficult to search, even if it is more difficult, it is better than having your personal safety threatened all the time, right?

Li Guoliang shook his head and said, "Although Ji is the group's largest shareholder, but, after all, this group is not her alone, if such a mobilization, there will certainly be people in the group opposed."

Ji Feng asked, "In the group, there are also people who do not get along with Mr. Ji?"

Li Guoliang nodded and said, "Everyone says that General Hong has been unconvinced by the pressure of General Ji, so he has always wanted to be the person in charge, this news is known to many people in the group, but whether it is credible or not, I can not be sure, after all, I am only a security consultant, for the group's high-level matters, I do not have access to."

“General Hong?”
