Chapter 1701

“This Chief Hong, who is he?” Ji Feng asked.

Since Li Guoliang said this Hong may have been coveting the position of the group’s boss, and it was all over the group, then this person should naturally be classified as a dangerous person, whether he has problems or not, but at least, now this person’s suspicion is still relatively large, Ji Feng naturally also need to understand carefully to do.

Li Guoliang said: “Hong is also a major shareholder of the group, he used to run a company, and only later joined the Weida Group, it seems that the company was also acquired by the Weida Group.”

Ji Feng asked, “That’s all?”

Li Guoliang shook his head and said, “Of course not. According to the investigation, Mr. Hong is very reputable in the Chinese community in Rice, and has many friends, and many Chinese entrepreneurs have quite a good relationship with him. Even, Mr. Hong has a certain relationship with some Chinese gangs.”

Ji Feng immediately frowned slightly: “Chinese gangs?”

Li Guoliang nodded and said, “Yes, in foreign countries, many Chinese people will spontaneously group together, if they have the ability, they start a business in this prosperous metropolis, and then slowly develop. However, there are some people who do not have much talent in business, or who do not have enough start-up capital themselves, because they are often bullied by foreigners, so they organize together and rely on force to fight for territory.”

Only then did Ji Feng understand that, as it turns out, there is a big difference between these Chinese in foreign countries.

The capable, naturally mixed with the prosperous, and not capable of it, can only rely on the fist to mix a meal, over time, naturally formed a gang, and, Ji Feng believe that these gangs must also be involved in some illegal business, such as white flour, or some other business.

The proliferation of drug`s in Rice, that is well known, almost all gangs, will be involved with this stuff, this is too normal.

“However, in addition to these, in fact, among the Chinese, there is also a part of the gangs, but their gangs in a long time ago.” Li Guoliang added.

“Oh?”

Ji Feng couldn’t help but say, “There are other types of gangs?”

“There are!”

Li Guoliang nodded and said, “The Qing Gang, for example, came from the founding period to develop abroad.”

Ji Feng was stunned: "Qing Gang? It's the same Qing Gang that was in Jiangzhou back then?"

Li Guoliang nodded his head.

Ji Feng could not help but be a little surprised, the Green Gang .....

In China, as long as people who are slightly interested in history, I believe that as soon as they hear this name, they will certainly be the first to recall the three people who reigned in Jiangzhou before the liberation, Jin Rong, Du Yuesheng, and Zhang Xiaolin!

These three people are the three rogue tycoons who were the biggest names in the whole of China, and all three of them were also bigwigs of the youth gang.

Just take a look at the gang members that often appear in domestic movies and TV shows to see how prevalent the gangs were at that time.

However, compared with the Green Gang, those so-called gangsters are simply minions, not even a small thumb of the Green Gang.

According to legend, when the Qing Gang was at its peak, even the old Chiang of Bao Island had to give some face to Du Yuesheng and others, to know that at that time Chiang was still in power and had millions of troops under him.

The old Chiang's eldest son went to Jiangzhou to reorganize, but the result was a mess, which, among others, Du Yuesheng's shadow.

This can be imagined, the Qing Gang actually has how huge power!

However, with the defeat of Chiang and the founding of China, those gangsters were hit extremely hard, and there was no place for them in China, so they had no choice but to leave in large numbers and go to countries like Xiangjiang and overseas.

Although the members of the youth gangs have heavy rogue habits, but they dare to fight, so they quickly gained a firm foothold in foreign countries, and many of them even became very wealthy, and have a weak influence overseas.

But with the development of the times, most of the members of the youth gang have become businessmen, or wash their hands of gold, so there is no rumors of the youth gang for a long time, Ji Feng originally thought that the youth gang has basically ceased to exist, and now everyone wants to make money, plus the time has passed decades, where there will be any youth gang.

But when Li Guoliang said so, Ji Feng knew that the original, the Green Gang has not disappeared, but in overseas heritage for decades!

"The current Qing Gang, is very powerful?" Ji Shaolei asked.

Of course he had heard of the Green Gang, which back then, was definitely one of the largest gangs in China, and those big brothers in the gang, were also all popular figures, not ordinary people could compare.

Even some of the big guys, at the time were called party and political dignitaries!

“There is a lot of power! Although many of them have now gone into business and become big tycoons and seldom interfere with the matters of the Qing Gang, if the Qing Gang really encounters any trouble, they will not sit back and do nothing.”

Li Guoliang nodded and said, “Of course, the Green Gang itself also controls extremely large industries, many large group companies, have shares of the Green Gang, and the Green Gang itself also has a large number of industries, and even formed a large consortium .....

“A few years ago, because of the competition for land, the youth gang and the boundary tent of the Yamaguchi group clashed, the two sides openly and secretly fight, at first the youth gang losses are not small, and finally several youth gang bosses angry, do not know what means were used, the result of the Yamaguchi group beaten miserable, the latter two even the rice government have stepped in, which mediated the conflict between the two sides.”

Li Guoliang laughed: “But in the end, the Yamaguchi group can only take a step back, did not compete with the Green Gang!”

After listening to Li Guoliang’s introduction, Ji Feng and Ji Shaolei’s expressions could not help but be a bit grave.

I can’t imagine that the Green Gang is actually so powerful overseas.

I’m afraid that everyone has heard of how powerful the Yamaguchi Group of the boundary tent is, and the Green Gang can make the Yamaguchi Group bow down helplessly, so it can be seen that the Green Gang must be more powerful than the Yamaguchi Group.

Of course, the Yamaguchi group’s headquarters in the boundary tent, may not be as powerful as the Green Gang in the Rice side, but even if only this, the Green Gang is already very impressive.

Just ask, which other gangs in this world can make the Yamaguchi-gumi bow down?

It shows how strong the Green Gang is!

“In that case, the Green Gang should be considered the most powerful gang here?” Ji Feng asked.

“I can’t say it’s the most powerful, but at least it’s one of them, except that the Green Gang is no longer a pure gang, so when people talk about gangs, they usually don’t count the Green Gang!” Li Guoliang said.

Ji Feng nodded, what Li Guoliang said he could understand.

Now many of the big brothers of the youth gang are big tycoons, or big entrepreneurs, the whole youth gang is actually gradually transforming, which is not quite the same as the gang organizations such as the White Hand, which are completely engaged in illegal activities.

I guess those youth gang leaders also want to detach themselves from those illegal activities and lead the transformation of the whole gang.

“So, this Chief Hong that you are talking about, has a relationship with the youth gang?” Ji Shaolei asked.

Ji Feng also sat up straight, second brother this question is to the point, if the general Hong behind the support of the youth gang, then, Weida Group can be said to be on all sides, at any time there is the risk of overthrow.

First, there is the White Hand Party and Dynasty, and then there is the Green Gang .....

The first is the White Hand and the Dynasty, and the second is the Green Gang.

Fortunately, Li Guoliang shook his head.

He said: "Hong has nothing to do with the Green Gang, he has a good relationship with several other gangs. However, those gangs are far worse than the Qing Gang, but for ordinary people, but can not afford to mess with!"

Ji Feng then nodded, since there is not much relationship with the Green Gang, it would be best.

As for the White Hand Party and Dynasty .....

Dynasty, although this organization is extremely large, and there are many experts in it, but, Ji Feng has been fighting with the dynasty, so he does not have the slightest worry at all.

And the same goes for the White Hand Party, since both sides are up against each other, it is natural to put out twelve points of strength to play, anyway, can't always admit defeat archly, that is not Ji Feng's character.

But if it is against the Green Gang, this is what Ji Feng does not want to see. After all, no matter what, we are all Chinese, in this foreign country if you have to fight in the nest, it is really in vain to make people laugh.

"That's all I know, as for more specific information, I'll have to wait until tomorrow after I go to the company to bring the information." Li Guoliang said.

Ji Feng nodded and said, "Thank you for your hard work."

Li Guoliang said, "This is my part!"

Ji Feng then nodded slightly, he knew that Li Guoliang is this kind of character, always so tight face, rarely can see him smile.

Afterwards, Ji Feng asked some questions, for the situation of the Weida Group, is considered to have a general understanding of some, also considered to have a good idea.

Li Guoliang soon intended to leave, but Ji Feng said: "Guoliang, I think so, tomorrow you take me to your group to see, also save you to take the information back again, you think?"

"To the group?" Li Guoliang was stunned, immediately, he nodded and said, "Okay, I'll take you with me tomorrow! When the time comes, if anyone asks, you guys just say that you are my guests!"

"No problem, then it will be hard for you." Ji Feng smiled.

Li Guoliang nodded his head and turned to leave.

As soon as he left, Ji Shaolei immediately asked immediately, "San'er, do you plan to go directly to the headquarters of Weida Group?"

Ji Feng nodded and said, "Mm! There are many things that must be seen with one's own eyes before one can do so."

Ji Shaolei asked, "What do you mean?"

Ji Feng said, "Xiao Gu's itinerary is so confidential, but there are still people who can accurately grasp it, this can be more than just the simple fact that there is a traitor in the group, I suspect that there should be very important places are bugged, I plan to go over and take a look, maybe I can find something!"

## Chapter 1702

The information about where Ji Nan Yue is going can of course be learned through the traitor, but which way the youngest sister went, when to pass, these information, is not so easy to know, I am afraid that only the most powerful people around Ji Nan Yue know, if they are the traitor, I believe that Ji Nan Yue will certainly find any traces.

However, Li Guoliang did not say that Ji Nan Yue found out about the traitor, that is, Ji Nan Yue may not see it, or did not find out.

If the most powerful person around her is not a traitor, then Ji Feng can assert that it must be some important place in the group, was installed with a wire, and only then, those who have mischief on Ji Nan Yue, can be so accurate to grasp her whereabouts.

However, Ji Feng now for the Weida Group's internal layout and so on, all do not understand, he simply can not think of where to be bugged, so he must go to the Weida Group headquarters to see for himself to know.

The first thing you need to do is to go to the headquarters of the Weta Group and see for yourself. How about this, tomorrow we will go there together, and if there is anything then, we can also discuss it."

Ji Feng nodded and said, "I think so too."

.....

There was no talk all night.

The next morning, Li Guoliang arrived again and drove Ji Feng and the three of them to the headquarters of Weida Group.

On the way, Li Guoliang briefly introduced some streets he passed by, and some characteristic buildings, considered to be a tour guide.

But this guy compared with the real tour guide, that is really far from, usually those tour guides can talk like a river, and can say those attractions to spend, but Li Guoliang in the introduction, is so dry.

However, Ji Feng was listening very carefully, because Li Guoliang introduced these streets, focusing on the direction of these streets and the places they lead to.

For example, where will a certain street lead to, which way is the busy downtown, where is the gathering place of the homeless, etc..

This information is very useful, because once there are any sudden accidents, then you can flexibly choose the direction of departure, which should be a habit produced by Li Guoliang's long-term vigilance.

In fact, many often carry out tasks experienced soldiers, as long as to an unfamiliar place, the first thing to do is to observe the surrounding environment, Ji Feng also has this habit.

So the dry introduction of the mile gulu in Ji Feng listened, but not so uninteresting.

From the hotel to the headquarters of the Weida Group, you need to cross nearly ten streets, and it takes nearly forty minutes to drive.

At this time, a little after seven in the morning, this is Li Guoliang's work time.

When it comes to work, there is a huge difference between Rice and China. In Rice, many companies do not compulsorily require employees to go to work at what time, or what time to leave work, usually the working hours are eight hours, you can choose to come earlier, of course, you can also leave work earlier back, but likewise, if you choose to come a little later, then the end of the natural time is later.

And often many companies do not require employees to work overtime, because the overtime pay is too high.

Li Guoliang habitually came to the company early, from his meticulous movements can be seen, this should be a habit he developed when he was a soldier.

Ji Feng looked up at the headquarters building of Weida Group, but found that it was an office building with only eleven floors, not the kind of building he imagined, and, from the outside, it did not look very luxurious, similar to those surrounding buildings, it looked very ordinary.

In fact, on the way here, Ji Feng also found that the high-rise buildings in Rice is not too popular, not at all like China, the higher the building is built, the better.

For example, this office building in front of you, as the headquarters of the Weta Group, looks very ordinary, and only on the top of the building and the middle of the floor, there are the words and logo of the Weta Group, of course, this is also in English.

However, although the building looks ordinary, but the security measures are very strong, the security guards at the entrance also work very seriously, even Li Guoliang with them, they must also be registered in detail to enter.

And Ji Feng clearly saw that the two security guards at the door were carrying guns!

"Since the shooting incident, the security of the headquarters has been strengthened a lot, unless they are the high great leaders of the group, everyone else who wants to enter has to register!" Li Guoliang explained to the three Ji Feng.

"Guns are really rife in Rice!" Ji Feng said.

Here just about anyone can carry a gun, and it's still legal, which makes Ji Feng feel a little uncomfortable.

If he really encountered any trouble, I'm afraid an old man with all his teeth falling out could take him out with one shot, which gave him a sense of crisis.

Entering the headquarters, under the leadership of Li Guoliang, the three Ji Feng went up to the seventh floor.

"The whole office building, above the eighth floor are the offices of the group's top leaders, as well as small conference rooms and so on, the seventh floor down are the office areas of various departments, the first floor while the negative floor is the entertainment resting place ....." while walking forward, Li Guoliang while introducing.

"What floor is Mr. Ji's office on?" Ji Feng asked.

"On the tenth floor." Li Guoliang said, "The entire tenth floor is the office area of the General Manager Ji, of course, her team and assistants are also working on the tenth floor, this is to facilitate the service of the General Manager Ji at any time!"

Ji Feng nodded, the bosses of big groups have a team of assistants.

When they arrived at Li Guoliang's office, Ji Feng sat down, while Li Guoliang took out a stack of information from the safe: "This is the information of the various companies I investigated that have gaps with Weida Group, and this one, some information on the personal and family situations of the top leaders of Weida Group."

"Thanks."

Ji Feng nodded, he took both the materials, first handed the information on the investigation of other companies to Ji Shaolei, while he himself picked up the materials of the senior leaders of Wei Da Group and carefully looked at them.

"You said that the Hong general, the full name is called Hong Yiming?" Ji Feng looked at a material and asked Li Guoliang: "Guoliang, is it him?"

"That's him." Li Guoliang nodded his head.

"He is Chief Hong ah ....." Ji Shaolei also stuck his head over and looked at it, and couldn't help but laugh: "I can't tell, this fatty is still very ambitious!"

"Heh!"

Ji Feng could not help but laugh, his gaze fell to the upper left corner of the information in his hand is about two inches of colorful avatar, this is a middle-aged man about fifty years old, from the photo, this person is a bit fat-headed, big ears, face also with that smiling look, looks like a relatively good person.

As the saying goes, the body is fat and the heart is wide, generally fat people are quite good to get along with, which can be seen from the looks, a fat person, how it is difficult to grow fierce and fierce.

But Ji Feng is not just looking at the appearance, he carefully stared at Hong Yiming's colorful avatar, looking up with interest.

He found that in this Hong Yiming's eyebrows, there are some vertical lines, of course, Ji Feng can not read, but he knows, generally only frequent frown, the heart of the calculating people, will produce this wrinkle, to know, most of the wrinkles of normal people are horizontal, also known as head lines.

But this Hong Yiming is not so.

Ji Feng guessed that this guy must be often alone, the brow wrinkled into a 'Chuan' character, in the heart secretly thinking hard, do not know what is calculating.

Gradually over time, this vertical line between his eyebrows also formed.

It seems that Li Guoliang said that Hong Yiming is eyeing the position of the boss of Weida Group, this rumor should not be false, at least, this Hong Yiming should be a very scheming person, this point should be correct.

Ji Feng does not believe that Hong Yiming is for the development of the Weida Group and worried all day, worrying about ..... that's too bullshit.

Looking at Hong Yiming's information again, Ji Feng found that he had a son named Hong Lei, a dude, eating and drinking with some friends all day, and drug addiction.

"Hmm?"

When Ji Feng saw the following sentence, his brow suddenly furrowed: "This Hong Lei, is pursuing the daughter of Mr. Ji?"

Li Guoliang nodded and said, "That's right, because Mr. Ji's daughter is now in the Weida Group internship, while Hong Lei will often ask her out, which few people in the group headquarters do not know."

Ji Feng immediately asked, "So they are a couple?"

Li Guoliang shook his head and said, "This is not known, but in the company, the daughter of Mr. Ji is never false to Hong Lei, but in private, it is difficult for others to know."

Ji Feng could not help but ask: "Then you did not check their private relationship?"

Li Guoliang said, "I only checked the others, not the family of Mr. Ji, because it is not in line with the rules. Moreover, there is a person in charge of the safety of the family of General Manager Ji."

Ji Shaolei patted his head and said helplessly, "Nowadays, girls like to say one thing and do another, I hope the daughter of my sister's family will not be like this, this side of Hong Yiming is still thinking of seizing power, if she is entangled with Hong Lei again, it will be a real family misfortune!"

Ji Feng also frowned slightly, but soon stretched out, he waved his hand and said, "Second brother, this matter is beyond our control, and also not qualified to manage, so do not think so much, this time we will complete the task on the line."

Now the girls actually how, Ji Feng and Ji Shaolei have seen a lot, these things can not care, they came to Rice's mission, that is to protect the safety of the little aunt, solve the trouble for the little aunt, and then find a way to convince the little aunt, let her return to the country .....

No matter which thing is more important than this kind of crap, where Ji Feng will care about this.

What's more, this is only the worst speculation, if the little aunt's family education is very good, perhaps her daughter herself is also quite excellent, how could she hook up with that dude Hong Lei?

So, Ji Feng thought about it and still asked, "Guoliang, the daughter of the General Manager Ji, what is her character and personality?"

Chapter 1703

"This ..... I'm not so sure."

Li Guoliang shook his head, "I came to the Weida Group although not a short time, but, usually contact with the family of Mr. Ji is very little, this side of the people and our Chinese people is not quite the same, they put work and life are very separate, work is work, life is life, so Mr. Ji's family rarely come to this side, they have their own lives! "

Ji Feng nodded, this is true, most foreigners like to separate work and life, like the president of rice, when he is president, he has to guide the direction of this country, it can be said that the day to day.

But usually in life, he will even ride a bicycle to the food market to buy food, and even have to bargain with the shopkeeper, this is all very normal.

If it is in China, not to mention the big leaders, even a small section-level cadres, when looking at the people, it is also squinting eyes, and dare to bargain with him, the stall does not want it, right?

Ji Feng said: "The daughter of Mr. Ji came to the internship this time, what kind of impression do people in the company have of her?"

Li Guoliang shook his head and said, "Mr. Ji, you have not been here before, so you may not be very clear, although the rice people are also very gossipy, but in the company, you can rarely hear people talking about others behind their backs, and, even if they want to criticize people, it will be in a way that is unique to their own humor, either, is directly foul mouth! "

Ji Feng smiled, he really did not know much about Rice, whether it was the way of life or people's speech and some other habits, he did not know much about it.

So Ji Feng always subconsciously treats them as Chinese, but in fact, they are authentic Micronesians, which are completely two different countries with very different lifestyles and habits .....

"That is to say, up to now, you don't know much about the family of Mr. Ji?" Ji Feng asked.

"Understanding certainly can not talk, however, the basic information information can still be found, you continue to turn down, below there is the basic information information of Mr. Ji and his family." Li Guoliang pointed to the information in Ji Feng's hand.

"Yes!"

Ji Feng immediately flipped backwards, after turning several pages in a row, he saw the information of his little aunt, which he didn't need to read, for his little aunt, his little uncle and second uncle had spoken about it, and he still knew the general information.

Ji Feng to see, is the information of the family of the little aunt.

"Chu Wangdong, male, twenty-seven years old, MIT MBA ....." Suddenly, Ji Feng's eyes lit up, he saw a young man's information, which is also a Chinese face, twenty-seven years old, slightly older than him, and the most critical thing is that it is very clearly written, and the Weida Group boss, Ji Nan Yue, is a mother-son relationship!

This is the son of the little aunt, Chu Wangdong!

Ji Feng immediately carefully and quickly swept through this page of information, he found that this is really only the most basic information, that is, the most basic file of Chu Wangdong.

As for other more detailed information, this is simply not found.

Li Guoliang had already said that he only had this kind of basic information in his hands, so Ji Feng was not disappointed, and after he read the information once again, he continued to turn down.

"Chu Yue, female, twenty-four years old ....."

Suddenly, Ji Feng was flipping the information of the hand immediately stopped, needless to say, this girl named Chu Yue, must be the little aunt's daughter, look at her age, should be Chu Wangdong's sister.

Ji Feng is a little helpless, so far he met these cousins, and cousins and so on, in addition to Ji Xiaoyu and Ji Shaoyun, others are older than him, and Xiaoyu in school, is a good girl, Ji Shaoyun this kid went to the army, the result outside the smallest of him.

Shaking his head, Ji Feng no longer to think about these, he turned his attention to the information on that photo.

This is also a photo of about two inches, from the photo, the girl on it has a pretty face, looks beautiful, only, that a burgundy hair, which has the vaguely visible two rows of earrings, let Ji Feng really some compliments.

Looking at the photo, only to see Chu Yue's two ears, respectively, with a string of earrings, starting from the earlobe, along the edge of the ear almost a whole circle!

There was also the burgundy hair, making her whole person look a bit sultry, making Ji Feng frown.

If you look at this photo alone, this Chu Yue is not much different from a little girl, which reminds Ji Feng of those so-called crazy parties in Rice above those hot and crazy little girls .....

The first thing you can do is to get a good idea of what you're getting into, and you can't help but shake your head and wonder what kind of a girl this cousin, who you've never met, will be.

After browsing Chu Yue's information once, Ji Feng continued to turn back, and soon he saw the information of his little aunt's husband, also known as his little aunt's husband.

“Chu Kang Cun, male .....”

So, the little aunt’s husband is called Chu Kang Cun, Ji Feng said secretly.

Then look at the other information of the little aunt’s husband, only the most simple, for example, with Ji Nan Yue is a husband and wife relationship, is Chu Wang Dong and Chu Yue’s father, etc., as for other information, there is no information on this.

Ji Feng is not in a hurry, he read the information of the family of his sister once again from the beginning, when he saw the information of Chu Wangdong again, could not help but read a few more times.

“Chu wangdong, Chu wangdong .....”

Ji Feng couldn’t help but brighten up his eyes and secretly said, “Wangdong, isn’t this looking to the east? From the location of the rice country, the extreme east is where? Of course is China!”

“Little Aunt really still thinks of China in her heart!” Ji Feng secretly said.

“That’s definitely true!”

Ji Feng heart vaguely some excitement, from Chu Wangdong’s name can be seen, the little sister still has China in her heart, then, as long as the timing is right, operate properly, want to convince the little sister, let her return to China, that is absolutely possible!

Just from such a little information, Ji Feng saw the hope.

That’s why, no matter what information Ji Feng reads, he reads it especially carefully, any information, there are specific information contained in it, depending on whether you can find!

Seeing this information, Ji Feng’s originally somewhat heavy expression, but is quite relaxed.

He lit a cigarette, stabilized his emotions, handed the information in his hand to Ji Shaolei: “Second brother, take a look, this has the basic information of the family of the youngest aunt ....., put the information in your hand for me to look at.”

Ji Shaolei handed it over: “Take it.”

Ji Feng casually opened the information, he handed Li Guoliang a cigarette at the same time, the latter took it, Ji Feng then asked, “Guoliang, talk about that Hong Yiming! Tell us specifically about some of his situation in the company.”

Li Guoliang nodded and said, “Hong is very prestigious in the company, because this is our Chinese group of companies, so many employees are Chinese, and Hong is generous, and usually all day is smiling, very gentle, so in the company is also quite good, at least in the Chinese staff, his prestige is very high!”

Ji Feng nodded thoughtfully, after a moment of contemplation, he suddenly asked: “That ....., Hong Yiming in the company, should also have their own cronies, right? He has been working against President Ji?”

Li Guoliang shook his head and said, "There are definitely cronies, but they've been working against Mr. Ji ..... I don't think this should be the case."

Ji Feng asked, "Why?"

Li Guoliang said, "The reason is very simple, the general Ji proposal, that is certainly after the detailed planning of her assistant team, should be considered a mature program, if the implementation of the words, can certainly make money, Hong can not be with the money."

Ji Feng heard this reason, he could not help but shake his head and laugh: "That's not necessarily!"

Li Guoliang laughed, but did not refute Ji Feng's words.

After a while, Li Guoliang said again: "However, although Mr. Hong seems to be a very kind person, but because his relationship with Mr. Ji is not so amicable, so the people under him, often do something excessive, of course, mainly for the staff under Mr. Ji ....."

"Oh?"

Ji Feng raised an eyebrow and said, "I knew it, since this guy has ambition, and in this kind of situation that is so unfavorable to both the Weida Group and General Ji, it's strange that Hong Yiming can sit still!"

Ji Shaolei nodded and said: "However, this guy will certainly not directly with the quarter, if I were him, I am sure to maintain a certain degree of low profile at this stage, otherwise, those outside looking for trouble, when the time will have to come at me! Now low-key, in order to protect themselves, so that the quartermaster to do the target! When the critical moment to strike, the effect is much better!"

Ji Feng also nodded and analyzed: "Then, now Hong Yiming's men will certainly make trouble, taking the opportunity to make the company a bit more chaotic, the staff are more panic, so that the total Ji more feel the pressure is huge, or even this time to crush her is not certain ah!"

"Humph! Really good calculation!" Ji Shaolei sneered, "The more this kind of guy can hold back, in fact, the greater the ambition."

"Boom!"

Ji Shaolei's words have not yet fallen, heard Li Guoliang office door, instantly by someone vigorously kicked directly open, followed by a slightly frivolous voice came over .....

"Consultant Li, I heard you brought some friends here, it's not the experts you invited, right?" This voice was both frivolous and teasing, and even had some provocative meaning, "What, Advisor Li shouldn't feel that he has the trust of the boss, so he wants to cultivate his own power in the company?"

Li Guoliang's face remained unchanged because he had always kept his face tightly tensed, even if it was gloomy, nothing changed, however, his eyes were lit up with anger.

Ji Feng and Ji Shaolei also looked at each other at the same time, how to hear this voice, as if it was specifically to find fault, and, moreover, involved their own three?

Ji Feng raised his eyebrows, it would not be directly to himself, right?

## Chapter 1704

Ji Feng and Ji Shaolei also looked at each other at the same time, how to listen to this voice, as if it is specifically to find fault ah?

At this time, only to hear Li Guoliang somewhat indifferent voice sounded: "Lu Advisor, who I bring, seems to have little to do with you, right? Can't I bring my friends here? I think you are a little too lenient."

As he spoke, Li Guoliang's face tightened and he stood up, "In addition, I would like to know, the door of my office was just kicked open, Lv Yaoyang, are you going to give me a reasonable explanation?"

"Ho! It seems that Advisor Li is really angry!" The voice gave a playful laugh, but the voice was full of care, and even full of provocation.

It seemed that this person had indeed come specifically to pick a fight!

Just listen to their dialogue, Ji Feng immediately made a judgment, he and Ji Shaolei glanced at each other, the two looked at the sound, and saw in the doorway of Li Guoliang's office, a man of about thirty years old is standing there, but he is standing crooked, his body leaning on the door frame, a pair of hands clasped arms, just like a smile, not a smile, looking at Li Guoliang.

And the look on this person's face, the same is a full of care expression, while his eyes, but with a hint of provocation.

This person is Li Guoliang mouth Lv Yaoyang, look at his look, and his body posture, there is no doubt that this person is here to pick a fight.

Ji Feng could not help but look at Li Guoliang, frowned slightly, it seems, Li Guoliang and this Lv Yaoyang's relationship, but extremely poor, even if the usual exchange of evil, the other party will not just directly kick the door open, this is a direct bully to the door, can be said to be a direct hit on the face.

If it is in everyday life, two people crossed, one of them if they do so, it is definitely looking for a fight.

Now this Lv Yaoyang so aggressive over, obviously is not at all give Li Guoliang face, especially in front of outsiders, unless the relationship is bad to the point of no longer bad, otherwise no one will easily do so.

However, Li Guoliang is not the younger uncle sent, responsible for protecting the sister-in-law?

With the nature of his work, low-profile, hidden identity these are the most important, Li Guoliang how will make such a grudge?

Ji Feng frowned slightly and asked, "Guoliang, this is ....."

Li Guoliang said: "Lv Yaoyang, he is also the security adviser of the Weida Group, at the same time, is also Hong's right-hand man, to Hong can be said to be loyal.

So it is Hong Yiming's men, no wonder!

Li Guoliang just so Ji Feng immediately understood why this Lv Yaoyang actually dared to so recklessly kicked the door of Li Guoliang's office, and even still so arrogant, it turns out, behind him stood, is Hong Yiming ah.

In fact, if you think about it, you can understand that Li Guoliang is a security consultant, this Lv Yaoyang is also a security consultant, as the saying goes, there is no first, there is no second, both of them are security consultants, there is a subconscious hostility between each other.

Even if Li Guoliang himself is only ordered to protect the personal safety of his sister, and did not want to compete with Lv Yaoyang, but, in the heart of Lv Yaoyang may not think so, he must subconsciously want to compete with Li Guoliang, or even a fight, must be divided into a high down!

In addition, since Li Guoliang is responsible for the personal safety of his sister, he is undoubtedly trusted by his sister, in the eyes of outsiders, he is his sister's people.

Then, this Lv Yaoyang as Hong Yiming's right-hand man, to pick a fight is also very understandable.

But from this can also be seen, this Hong Yiming, indeed, is the position of the old president of the Weida Group very ideas, which can be seen from his approach.

Ji Feng believes that if Hong Yiming did not acquiesce, how arrogant Lv Yaoyang would not dare to be so reckless as to directly kick open the door of Li Guoliang's office.

Even, Hong Yiming may not only acquiesce, this is even his direct authorization.

At this time, Li Guoliang's face was even more gloomy, just coldly said: "Give me an answer immediately, I don't want to say it a third time!"

Lv Yaoyang let out a yowl and said, "Seeing this appearance of Advisor Li, still want to make a move? Don't forget, we had a sparring session some time ago, and you didn't get any advantage at that time!"

Li Guoliang coldly said, "Go to the training hall!"

Lv Yaoyang laughed: "What, are you afraid that I will knock you down and smash the things in your office, or do you want to save some money for me? Don't worry, we do security consultant, the salary is not low, kicked down your door, I will be responsible for compensation, this money I can still afford to pay, as for the possibility of breaking your tables, chairs and stools here ....."

He smiled: "This you can rest assured that I will be careful, and strive to dry you within ten moves, this is also for us to save time!"

Ji Feng could not help but raise an eyebrow, it seems that this Lu Yaoyang can not just be arrogant so simple, he came over this time, is completely to make a move.

And, Lv Yaoyang is definitely not just looking for Li Guoliang's trouble, he is still taking himself and his second brother into it.

"It seems that this guy is quite confident?" Ji Shaolei smiled, but could not help but sneer, he looked at Ji Feng, said: "Three children, this guy did not put us in the eyes ah, you are not going to say something?"

“Whether or not to say something depends on whether Guoliang gives us this opportunity.” Ji Feng smiled and said, “Guoliang, what are you going to do, I’ll solve it?”

“That is certainly impossible!” Li Guoliang said, “A jumping clown, you guys just watch the fun on the side!”

“That’s naturally best.” Ji Feng laughed.

“What are you two, you dare to say something here, are you tired of living?!” Standing in the doorway, Lu Yaoyang heard the conversation of Ji Feng three people, immediately on fire, these three people simply as if he did not exist, listen to that tone, as if at any time can pack himself, simply abominable!

Ji Shaolei’s face was cold: “Where did the evil dog come from, pay attention to what you say!”

Lu Yao Yang shouted angrily: “I think you want to die!”

“Damn it!”

Ji Shaolei shook his head, then began to take off his jacket: “I can’t help it, what a dog dares to bark, must teach him a lesson!”

Lv Yaoyang said in an icy voice: “Since you are looking for death, then I will first fulfill you .....

“Lu Yaoyang, your opponent is me!” Li Guoliang said in a cold voice, “Go to the training hall!”

“There’s no need to go to the training hall to deal with you? It’s enough here!” Lu Yao Yang snorted, his eyes were full of contempt, “You three dogs are too arrogant, if I don’t cure you today, I Lu Yao Yang won’t be able to get along here in the future!”

As he spoke, Lu Yao Yang directly unzipped his jacket, took off his jacket and took two steps forward: “Li Guoliang, come here, let me see if your kung fu has improved since the last time you were beaten.”

“I’m afraid you don’t want to know.” Li Guoliang sneered, at this time he also took off his jacket, step forward.

Ji Feng, however, raised an eyebrow, listening to the meaning of Lu Yaoyang’s words, they had fought some time ago, and at that time, Li Guoliang was not his opponent?

The people sent by my uncle should be the elite of the army, but they are not the opponent of Lv Yaoyang?

In that case, Lv Yaoyang’s strength is already considered quite good.

Thinking about it, if Lv Yaoyang is not that strong, he would not dare to kick open the door of Li Guoliang’s office so recklessly, directly and blatantly to provoke.

Ji Shaolei pulled Ji Feng backward and said, “Three children, let’s watch the action from the side.”

For Li Guoliang’s strength, Ji Shaolei still believe, he knows, the Chinese military elite, the strength is quite strong, the other side of Lu Yaoyang, should be able to.

Ji Feng nodded and smiled, and took two steps back.

At this time, Li Guoliang and Lv Yaoyang have been opposite each other, four eyes opposite each other, ready to go.

But Ji Feng frowned slightly.

As the saying goes, when a connoisseur makes a move, he knows if there is one.

This Lv Yaoyang is just crooked leaning on the door frame, can only see this person's body is very strong, very muscular, apparently strength and explosive power should be good, at least compared to ordinary people, he looks quite powerful, but this person specifically how strong, it is not visible for a while.

But now Lv Yaoyang stood there, about to make a move with Li Guoliang, Ji Feng immediately saw that Lv Yaoyang's body also has a rather strong aura, his eyes and a trace of ruthless look, it is clear that this person is a master.

At least in terms of aura, Lv Yaoyang is not inferior to Li Guoliang.

Now it seems that this battle is really something to see. Ji Feng secretly said.

Hoo~~!

Just when Ji Feng was thinking, Li Guoliang's body suddenly rushed forward, he made his move.

Lv Yaoyang also coldly snorted, did not hesitate to meet up, the two instantly exchanged hands and began a fierce battle.

Ji Feng watched carefully, he found that this Lu Yaoyang is really very strong, at least Lu Yaoyang in the fight with Li Guoliang, absolutely did not fall in the wind.

Moreover, when Lv Yaoyang was fighting, his methods were extremely fierce, each move was straight to the point, full of power, extremely fast, the action was wide open, and it looked very powerful.

What kind of fighting technique is this?

Ji Feng was a bit puzzled.

The first time I saw him, I saw him in the middle of the room.

Because of this, Li Guoliang and Lu Yaoyang's battle was intense, but they wanted to take each other down, but it was difficult.

Chapter 1705

Wida Group, Li Guoliang's office, he and Lu Yaoyang's fierce battle continues.

Li Guoliang's office is not very big, except for those tables, chairs and benches and so on, the remaining space is very limited, probably only a few square meters of area.

And at this time, Li Guoliang and Lv Yaoyang two people in this battle, can only be carried out in such a narrow range, but also, Ji Feng and Ji Shaolei two people have to dodge from time to time, watching the action on the sidelines, of course, can not interfere with them to do.

But even so, the office of some tables, chairs and benches, but also followed by the disaster.

In particular, Lv Yaoyang's movements are wide open and fierce, so he will certainly touch those tables and chairs in such a small place, so soon, Li Guoliang's office became a wreck.

"Boom!" The first time I saw him, I saw Lu Yao Yang's leg slash down, Li Guoliang turned around extremely quickly to avoid it, but the stool next to him suffered, by Lu Yao Yang's leg was split to pieces, instantly fell apart.

"Ugh~~!"

Ji Shaolei took a step back and said teasingly, "The power of this leg is still quite powerful, there are still two skills underhand, no wonder he dares to be so arrogant."

Although the mouth is praising Lu Yaoyang, but Ji Shaolei's tone is very teasing, flirtatious meaning, obviously is not put Lu Yaoyang's kung fu in mind.

Indeed, the strength that Lv Yaoyang is showing now is indeed very strong, if it were the Ji Shaolei two years ago, definitely will not be his opponent, and may even just one face to face, Ji Shaolei will be put down, and may even be killed by Lv Yaoyang a move.

But now it is different, Lu Yaoyang's kung fu in Ji Shaolei's opinion, really some not enough to see.

Especially after practicing gymnastics, Ji Shaolei's strength increased sharply, originally he was not a match for Xiang Yurou, but later did not also clean up Xiang Yurou to the submissive?

Only, Ji Shaolei rarely personally with people's hands, but for his own strength, he still has a good idea.

In Ji Shaolei's opinion, if he wants to fight with Lu Yaoyang, at most 20 seconds, can definitely end the fight!

Boom! Boom!

Two consecutive muffled sounds were heard, only to see Li Guoliang and Lu Yaoyang hit each other at the same time, only that both of them were equally good at defense, so neither of them hit the vital parts of each other this time, and both of them took two steps backwards at the same time.

"Tsk ....."

Lv Yaoyang could not help but skim his mouth and said, "Consultant Li, it seems that your strength still has not grown much, are you a little less competitive ah? Or is it that after you left the mercenary corps, there is no one to teach you kung fu anymore, which is why you have stopped?"

Li Guoliang said in a cold voice: "How strong can you be? The close combat skills of the Rice Marines are very powerful, but in your hands, they are really spoiled! It is said that Chinese people are discriminated against in Rice, especially in the military, they are even ostracized, and even become the plaything of those Rice soldiers, Lu Yaoyang, you have been in the Marine Corps for a few years, you are not using your butt before Xuelai's kung fu, right?"

"Pfft ....."

Ji Shaolei suddenly burst out laughing.

Chinese people are indeed discriminated against in foreign countries, and, in the rice military, there are indeed many GIs who engage in homosexuality, but, Li Guoliang used this remark to say Lu Yaoyang, but it seems extremely ironic, and even considered a humiliation.

He couldn't help but laugh: "San'er, I really didn't expect that Guoliang, who usually doesn't smile, could really laugh people to death when he tells jokes."

Ji Feng also could not help but laugh, saying that a man sold his ass, especially a man with a relatively high self-esteem, is simply more humiliating than saying that a woman sold her body.

This Ji Feng thought to himself that he could not think of saying so, Li Guoliang is quite humorous.

Lu Yaoyang's expression instantly became gloomy and cold, his eyes flashed an ice-cold killing machine, coldly said: "Li Guoliang, you're looking for death!"

Li Guoliang sneered, "But I don't think so!"

Lu Yaoyang nodded heavily, "Good! Very good! In that case, I'll let you change your opinion ..... and you guys!"

He roared fiercely, "You two sons of bitches, how dare you talk about the wind on the side, when I finish this kid, then I will clean you two up."

Once Ji Shaolei heard Lu Yaoyang's words, his eyes suddenly narrowed slightly, his face with a touch of chill: "I remember your words, I hope you won't forget it only!"

"Humph!"

Lv Yaoyang coldly snorted, and fiercely shouted lowly, attacking Li Guoliang.

And at this time, Li Guoliang was already prepared, the two instantly fought together again, both fierce.

Ji Feng held his arms, looking at the two people's fierce fight, but his expression with a touch of pity.

This Lv Yaoyang, really pitiful, later whether he won Li Guoliang, will not have a good end, just for the words he just cursed, is already doomed, his fate will be miserable!

"Will you do it later or I will do it?" Ji Feng turned his head and asked.

"Of course I'll do it." Ji Shaolei said, "Since he wants to be a dog bastard so much, I'll beat him so much that he doesn't even know his dog mother!"

If Lu Yaoyang had only verbally provoked without this highly insulting tirade, neither Ji Feng nor Ji Shaolei would probably have been shocked, however, now, both of them were enraged, especially Ji Shaolei, that fiery character, couldn't help it.

He had already decided that as soon as the fight between Li Guoliang and Lu Yaoyang was over, no matter who lost or won between the two of them, Ji Shaolei would definitely take action. He wants to let Lu Yaoyang know, unclean mouth, will have what kind of consequences.

Many people are like this, would rather let someone punch on two, but definitely not willing to be verbally abused, beaten at most is pain in the body, but, being verbally abused, and is the kind of very

humiliating abuse, can make people how many years after thinking about it still angry jump, and even want to storm out.

Of course, there are also people who spend all day to cursing words hanging on the mouth, but also often with people cursing, cursing each other, and even take this as a fun, this kind of people, so that others but do not know what to say to good.

“Boom!”

Suddenly, Lv Yaoyang fiercely punched Li Guoliang’s chest, making a loud muffled sound, causing Li Guoliang to jerk back a step, while immediately afterwards, Lv Yaoyang followed, jumping up with a kick, kicking Li Guoliang backwards and rolling a few times, falling to the ground.

Lu Yao Yang sneered, “Counselor Li, it seems your kung fu is still not good, tsk, how come you are so fragile, I only used 30% of my force in this kick, and you can’t stand up?”

Hoo~~!

Li Guoliang stood up with a carp, he bounced the footprint on his stomach and said coldly: “This is your 30% force? Even if it’s ten percent force, it’s just scratching an itch.”

Lu Yaoyang let out an oh, “Really? Then let’s try ten percent of your strength!”

Before the words left his mouth, he pounced over.

Ji Feng looked very carefully, although this Lu Yaoyang’s mouth is very vicious, but his hands are not at all merciful, and there is no intention to cut, completely to take advantage of Li Guoliang is not stable, to take advantage of Li Guoliang, completely defeat Li Guoliang.

But Li Guoliang is not without the ability to counterattack, see Lu Yaoyang lunged, his feet fierce power, his body suddenly reached Lu Yaoyang, a hand on the wrist of Lu Yaoyang, while lightning turn a foot, kicked in the stomach of Lu Yaoyang.

This kick was so powerful that it kicked Lv Yaoyang backwards and rolled him out of the office!

Li Guoliang stood still and sneered, “I only have 20% of force, how do you feel?”

Lv Yaoyang gritted his teeth and got up from the ground, sneering, “It feels pretty good, then you try my 20% force again!”

The two of them fought together again, although they both said that they only used 20% or 30% of their strength, but looking at their stances, they were actually using all their strength, and their moves were vicious.

Even, Ji Feng keenly aware that the two subconsciously used a few times to kill, only to be dodged by the other side, I believe that if it is not in the headquarters of the Weida Group, but in a place where no one, they may even be life and death struggle.

The next, the two of them back and forth, the fight is extremely intense, but nearly a minute has passed, but the two of them are unable to help anyone.

Ji Feng also saw that this Lv Yaoyang, is definitely the elite of the Rice Marine Corps, his fighting kung fu is quite powerful, and Li Guoliang should also be half a catty, the strength of the two is about the same.

"It seems that the fighting skills of this Rice Marine Corps, also has its excesses." Ji Feng looked secretly nodded his head, he would not look down on everything in Rice because of Rice's desperate efforts to suppress China, objectively speaking, Rice is indeed powerful, and right now Lv Yaoyang used the fighting techniques of the Marine Corps, but also very powerful.

The battle between the two continued, no one could help anyone, but Ji Shaolei was a little impatient, he said aloud: "I said, are you still finished, stop!"

"Boom!"

Li Guoliang kicked out, then backed up and stood a few steps away, staring coldly at Lu Yaoyang.

Lv Yaoyang also did not pursue, but stood in the same place panting violently, only, the coldness in his eyes did not diminish in the slightest.

"Advisor Li, work hard, your strength is not good!" Lu Yaoyang gasped and sneered.

"Shut up!"

Ji Shaolei suddenly shouted: "Hands kung fu is not good, but the mouth is more cheap than anyone, if you have the ability to dry Guo Liang down, obviously can not fix others, but also here to chatter, how did your mother teach you?"

Lu Yaoyang was furious: "What are you, daring to lecture me here?"

Ji Shaolei snickered, "You just scolded me, don't you remember? And you also said that you would clean me up ..... you take a break first, and then clean me up later!"

Lu Yaoyang sneered, "You also want to make a move with me?"

He looked at Ji Shaolei's side and said with contempt, "Quite big, but a little white boy, you are also worthy of making a move with me?"

Chapter 1706

Lu Yao Yang sneered, "You also want to make a move with me?"

He looked at Ji Shaolei's side and said with contempt, "Big, but a little white face, you are also worthy to fight with me?"

Ji Shaolei's face with a smile, but his eyes are icy cold: "Do not say so much, you first rest well."

"To clean you up, I still need to rest?" Lu Yao Yang snickered: "Come over, let me see how much weight you have, dare to seek death in front of Laozi."

"That ..... is fine like this." Ji Shaolei nodded, "Since you are not well rested, your strength must be greatly reduced, how about this, I will let you have two hands and fight you with only your feet."

"Arrogant!"

Lu Yao Yang sneered, "Since you are looking for death, then I will make you whole ....."

Whew~~!

Before he could even finish his words, his whole body suddenly rushed over, coming up with vicious moves, attacking straight to Ji Shaolei's vital parts.

"What a despicable guy!"

Ji Shaolei but a laugh, looking at the instantly rushed to the front of Lu Yaoyang, snickered: "You were in the Rice Marine Corps, learn is sneak attack?"

At the same time, Ji Shaolei's feet are not idle, his legs suddenly burst out a powerful force, the whole person fiercely back two steps, then, one of his feet raised, as if a thick pillar, fierce turn, towards Lu Yaoyang viciously smashed over.

However, Lv Yaoyang is a swift reaction, he suddenly kneeled on one knee, avoiding Ji Shaolei's leg, and at the same time rushed forward, holding Ji Shaolei's leg with one hand, but one foot was behind Ji Shaolei's foot, which landed on the ground, and shoulders fiercely carried.

He is going to throw out the season Shaolei!

Ji Shaolei into anger without hands, for such a move, he absolutely can not crack, Lu Yao Yang for his own strength, have full confidence.

Hoo~~!

The next moment, Ji Shaolei whole person was thrown away from the ground, Lu Yaoyang heart is very happy. However, in a flash, he suddenly felt a tightness in his chest, but Ji Shaolei's legs clamped Lu Yaoyang's body.

Swish~!

With the force of Lu Yaoyang throwing Ji Shaolei, Ji Shaolei's upper body instantly fell to the ground, and the two legs suddenly launched.

In a flash, Lu Yaoyang was actually caught by his two legs and thrown out.

"Boom~~!"

Lu Yaoyang's entire body smashed directly on a chair, which was instantly smashed on the ground, shattering the pieces of wood on the ground.

Snap!

Ji Shaolei's body twisted and stood firmly on the ground, but his hands were still holding his arms, staring at Lu Yaoyang on the ground with a smirk, saying, "With such little ability, how dare your mouth be so unclean? You're simply looking for death!"

"Well!"

He looked at Ji Shaolei, and his eyes were a bit grave: "Who are you anyway? What kind of kung fu do you practice?"

Outsiders look at the hustle and bustle, insiders look at the doorway, just now Ji Shaolei that move of the difficulty is actually how high, the four people present in fact are clear in their hearts.

Lv Yaoyang is clear, he originally wanted to throw Ji Shaolei out, but because Ji Shaolei's big, sturdy body, so Lv Yaoyang almost used ten percent of the force.

And in that case, not to mention almost no one can break, even if they can break, but in that instant, who can still make the most accurate response?

But Ji Shaolei did it.

Not only did he do it, but he also used his strength to make a Jedi counterattack, and actually used Lu Yaoyang's strength to throw him out instead.

To be able to do this step, immediately proved that Ji Shaolei is definitely a master.

As for how strong Ji Shaolei's strength, now Lu Yaoyang does not dare to assert, but one thing is certain, at least, Ji Shaolei's strength is more powerful than his.

Lv Yaoyang can't help but be a little alarmed, how his own strength, he himself knows best, even in the Marine Corps, in close combat to beat him is not a lot of people, does this not mean that Ji Shaolei is simply the same as the most powerful people in the Marine Corps, and even ..... more powerful than them?

Such a strong character, must have come from, so Lu Yaoyang subconsciously asked Ji Shaolei's origins.

Ji Shaolei but extended his right index finger, shook: "You are not qualified to ask me, do not forget, you have not yet cleaned up my it, let's continue!"

"This is a matter between me and Li Guoliang, you better not interfere!" Lu Yao Yang said with a gloomy face, "This is Rice, not China, I advise you not to get yourself into trouble."

"Aren't you also a Chinese? How come it sounds as if you are the one who is authentically from Rice?" Ji Shaolei snickered.

"I'm just a Miamian, and I have nothing to do with China!" Lu Yaoyang said proudly.

"Oh?"

Ji Shaolei shook his head and laughed: "You're a person, you're just cheap! All right, no matter which country you are, let's continue, but this time, I have one more reason to clean you up."

This Lu Yaoyang, mouth clearly speaks a very fluent Chinese language, but said that he does not have any relationship with China, but the rice country, which makes Ji Shaolei some disgust.

In addition to his previous unclean mouth, today if not clean him up, Ji Shaolei can not forgive himself.

"Do you really want to fight?" Lv Yaoyang asked in a cold voice, "Don't think you think you're so powerful because you just took a little advantage ....."

"Let's do this, you also do not chirp, let's bet." Ji Shaolei said.

"What do you want to bet on?"

“Just bet within ten seconds, I will not beat you even your dog mother can not recognize you, if you can hold out in front of me for ten seconds, today our account will be written off, what do you think?” Ji Shaolei asked.

“You are too arrogant!”

Lu Yaoyang was furious: “Good! Let’s bet on ten seconds!”

Ji Shaolei couldn’t help but snicker, “Look! That’s all you have the guts to do!”

If it was Ji Shaolei, he would definitely not agree to such a bet, which is an insult to a martial arts practitioner.

But Lv Yaoyang agreed, no doubt, this shows that he is actually a little afraid in his heart, so although very angry, but very timely agreed, is to prevent Ji Shaolei again on his ruthless, and he can not escape, otherwise in the future in front of Li Guoliang can not really lift up the head.

So Lu Yaoyang, who was riding a tiger, immediately agreed.

“Let your horse come, our bet starts from the moment you start moving!” Ji Shaolei said.

“Good!” Lu Yaoyang said in a deep voice.

With that, he stared at Ji Shaolei with a deadly gaze, as if he was looking for an opportunity.

But at this time, his body was not moving at all.

Seeing this scene, Ji Feng smiled, although this guy’s kung fu is good, but his guts, but really not very big, in fact, from the moment Lv Yaoyang agreed to bet, he has already lost, because in his heart already think, he is inferior to Ji Shaolei, only he himself may not realize it.

Look at him now, before finding the opportunity, not even dare to move, really ridiculous.

If it was someone else with a fiery personality, he wouldn’t care about you for a few seconds, daring to humiliate people like that and beat them up.

“Looked too long, right?”

Ji Shao Lei suddenly said, “No guts on?”

Whew~!

The moment Ji Shao Lei opened his mouth, Lu Yao Yang suddenly moved, he was waiting for Ji Shao Lei to speak, as soon as people speak, they will definitely be distracted, this is the opportunity Lu Yao Yang waited for.

“Ha! Still so despicable!”

Ji Shaolei snorted, while the cold light in his eyes, in the moment that Lu Yaoyang rushed, Ji Shaolei fiercely a side, a leg raised high, to sweep over.

Lu Yaoyang subconsciously body choked, Ji Shaolei this action, and just threw him out of that action, exactly the same, he still want to come to that move?

However, Lu Yaoyang is not aware that his body shape so a pause, but let Ji Shaolei seize the opportunity.

Boom!

Ji Shaolei instantly changed his stance and kicked Lu Yaoyang in the bend of his leg.

“Boom!” With a sound, Lu Yaoyang’s legs went weak from the kick and he fell to his knees, but before he could react, Ji Shaolei’s kick had already heavily kicked him in the chin.

Whew~~boom!

Lv Yaoyang was actually kicked backwards in place, the entire upper body fell backwards violently, driving the two legs but buckled ..... only to see Lv Yaoyang head down, feet up, and fell heavily on the ground.

“Well~!”

Lu Yaoyang was fallen muffled, want to fight back, but is not that ability, the human chin has a lot of nerves, which stun nerve and paralysis nerve have, Ji Shaolei this kick, he kicked all over his body briefly paralyzed.

Ji Shaolei stomped on Lu Yaoyang’s face and sneered: “Didn’t you want to ask what kind of kung fu I practice? Now I’ll tell you, my kung fu, is specialized in beating vicious dogs like you!”

Then, Ji Shaolei picked up Lu Yaoyang with one foot, and both legs kept pumping on Lu Yaoyang’s body, at this moment, Ji Shaolei brought his strength and speed to the extreme, every time he pumped on Lu Yaoyang’s body, the latter would scream miserably, but soon, this scream was drowned in Ji Shaolei’s power-filled pumping .....

Boom!

When Lu Yaoyang was once again kicked to the ground, he was already full of blood, his limbs were showing an abnormal twist, obviously broken bones!

Ji Shaolei looked cold and said word by word: “Next time, if I hear you insult my family again, I will send you to meet the King of Hell! By the way, you think you’re a MiG, then I’ll send you to meet your God!”

“Guoliang, throw him out!” Ji Shaolei said in a cold voice.

“I’m better at this.” Li Guoliang said.

“Stop!”

Li Guoliang just wanted to make a move when an angry shout suddenly came from outside the door.

The corners of Ji Feng’s mouth could not help but a cold smile, beat the evil dog, it seems that the master, but to step in.

Chapter 1707

“Stop it!”

Li Guoliang just wanted to make a move, outside the door suddenly came an angry shout.

The corners of Ji Feng's mouth can not help but a cold smile, beat the evil dog, it seems that the master, but to step forward.

Li Guoliang and Lv Yaoyang fierce battle for so long, the noise can be considered not small, especially the door of Li Guoliang's office was kicked by Lv Yaoyang before, has not been closed, there is no sound insulation, I believe the sound of their fight must have spread a long way, the people next to it must have known.

The person who spoke only came forward, no doubt, the other party must have wanted to wait until the battle between Lv Yaoyang and Li Guoliang was over, and then come out to clean up the situation.

I think, in this person's heart, must have thought that the final result should be Lv Yaoyang will be Li Guoliang to beat the water, and no matter what, Lv Yaoyang should also take advantage of this point from the tone of Lv Yaoyang talking to Li Guoliang before, he appeared to be very confident about defeating Li Guoliang.

Then this he must have also spoken to his accomplice.

Only, his accomplice is certainly not expected, the later development of the situation, but not in accordance with their expectations, so he rushed out.

In fact, when Ji Shaolei beat Lv Yaoyang, Ji Feng vaguely heard the sound of the door opening not far away, followed by a rush of footsteps, if he was not wrong, Lv Yaoyang's accomplice should be in an office nearby, waiting for Lv Yaoyang to defeat Li Guoliang, out to see the good show.

But things are not as they should be!

The corner of Ji Feng's mouth flushed with a mocking smile, these people's intentions fell through, Lu Yaoyang not only did not teach Li Guoliang, but also by the second brother Ji Shaolei to beat like a dead dog, can not get up, this is afraid that the other side is greatly unexpected, right?

This should be the so-called, stealing a chicken but not the rice?

"Boom!"

Ji Shaolei kicked Lu Yaoyang's body again, his voice coldly said: "This kick, is for your dog mother to teach you a lesson, you can not take your family seriously, but do not move to insult other people's relatives!"

There was a fluttering sound.

Lu Yaoyang's whole body was kicked up by Ji Shaolei and hit the wall heavily, and a miserable scream came out of his mouth.

Ji Shaolei's eyes were cold, and he went up and gave another kick: "This is to let you know that you don't have to be big and thick to have strength, now in your opinion, how is the strength of this little white face under me?"

"Uh~~!"

Lu Yao Yang was in pain, he could barely speak, and even moaned lowly, if Ji Shao Lei had beaten him violently before, which made him suffer, now he was already severely traumatized, but Ji Shao Lei gave him two more kicks, but they were directly on his injuries.

This is what really makes him painful!

Ji Shaolei took a big step forward and sneered, "This last kick is to tell you that Laozi is a Chinese, and since you are proud of being a Miamian, then Laozi will look at you badly and have to beat you up!"

His right leg was violently raised high, and that powerful leg was about to slash down at Lu Yaoyang!

"Stop!" An angry shout rang out again.

"Stomp stomp stomp ....."

The sound of hurried footsteps came, two people appeared in the doorway of Li Guoliang's office, the person walking in front of him shouted in anger: "I have shouted stop, are you deaf?"

Ji Shaolei's face is a thick mockery, he did not even look at the man at the door, a swish of the foot viciously smashed down.

"Boom!"

This foot smashed on Lu Yaoyang's body without reservation, that powerful kick seemed to make the floor beneath the crowd's feet shake a few times.

Lu Yaoyang was smashed by this foot, his body froze, the whole person was like a shrimp, instantly curled up, then, he ah, two eyes rolled over, just fainted.

It was only at this time that Ji Shaolei withdrew his foot, stood still, turned his head and looked at the man at the door with a smile, and asked, "Just now I think I heard you say I'm deaf?"

Ji Feng and Li Guoliang also looked over, and saw two people standing at the door of the office, the one in front, a middle-aged man, the same Asian face, and from the fact that he just spoke Chinese so fluently, about the origin of this person, I think, this person should also be a Chinese before.

Why say before?

Because with a guy like Lv Yaoyang who thinks he's proud and proud to be a MiG, I think it's also this kind of person, the so-called things gather in groups, that's the truth.

This middle-aged man is dressed in a suit and wears a dark patterned tie with a gold shiny tie card pinned on it, which seems to have some grandeur.

Then look at the man behind him, but a black suit, sturdy, look at his chest bulging high, should be strong muscles.

This man seemed to be a bodyguard.

"Who are you people and why are you beating up my Wida Group's employees without any reason?" The middle-aged man in the front looked at Ji Feng and Ji Shaolei angrily with a gloomy face.

Especially when he saw Lu Yaoyang lying fainted on the ground, his expression became even more gloomy, and he looked at Ji Feng and the two of them with an unkind expression.

Ji Shaolei let out a heave: "What are you shouting for? Want to show your high voice?"

Ji Feng said indifferently, "Before asking someone's identity, don't you know to give your name first?"

"How dare you!"

The middle-aged man shouted coldly, "Do you know who I am and dare to talk to me like this?"

Immediately, he looked at Li Guoliang and said in a cold voice, "Li Guoliang, who are they and why did they appear at the headquarters and even beat Advisor Lu seriously?"

Ji Shaolei snorted, "Knowing that Lu Yaoyang was seriously injured, why don't you hurry to send someone to take him to the hospital, instead of chattering here, pretending to look righteous for whom?"

This kind of people, Ji Shaolei really see a lot, in the officialdom of China, those officials almost all play this hand, such as where there is an accident, their first thought is definitely not to save people, but to play on the issue to combat the opponent, and even in their hearts, but hope that the more tragic the accident the better, so that the opponent will have to bear the responsibility is also greater.

As for how many people died in the accident, how painful those people are, this is not what they want to care about.

The middle-aged man is also the same, do not see him acting so angry, but in fact, the season Shaolei did not see from his eyes how good the meaning of eagerness, if he really cared about Luyao Yang, the first thing to do is to hurry over to check Luyao Yang's injuries, and then call the emergency vehicle, or directly let people send him to the hospital.

But now this middle-aged man just looks angry, obviously trying to play on the issue, which is all pedestrian.

"A bunch of nonsense!"

Being broken by Ji Shaolei, this middle-aged man angrily rebuked: "Li Guoliang, you colluded with the thugs and tried to kill our Weida Group employees, it seems that you also had a part in the danger that befell the group's top management before?"

Li Guoliang said in a deep voice: "Manager Dong, please pay attention to your words, they are my friends, not any thugs as you say, and you are not qualified to say that! As for saying that the group's top executives are in danger ..... I think, who did it, we all know in our hearts, but don't let me find evidence, or else ....."

That manager Dong's face changed: "What do you mean by that?"

Li Guoliang but simply no longer pay attention to him, just turned back to the desk, picked up the phone on the table, dialed the internal line, and then said a few words in English.

"It seems like he's calling the leader of all the bailiffs." White Spider whispered in Ji Feng's ear.

“Humph!”

The middle-aged man, however, sneered and said, “Li Guoliang, you think it’s okay to call Zhao Jiang? Let me tell you, although he is the Minister of Protection, but Mr. Hong is the one who is in charge of the group! With your collusion with the mob today, not to mention Zhao Jiang can not protect you, even Ji Nan Yue, also can not protect you! If Mr. Hong wants to deal with you, no one can stop him!”

Li Guoliang said coldly: “How to deal with it, it is not your turn to speak, although you are the manager of all the protection, but is not responsible for my line, I advise you to send Lu Yaoyang to the hospital as soon as possible, otherwise, your line will be one less good dog!”

Manager Dong was furious and said in a cold voice, “Li Guoliang, you not only want to murder your colleague, but also make insulting remarks, I think, you will spend the rest of your life in jail!”

Li Guoliang glanced at him and didn’t say anything.

That manager Dong made a fool of himself and could only give him a hateful look, then turned his gaze to Ji Feng and Ji Shaolei, and said coldly: “You two thugs, this time no one will be able to leave!”

Ji Shaolei said coldly, “Old thing, if you keep talking nonsense, I think the person who can’t leave should be you!”

“How dare you!”

The bodyguard behind Manager Dong shouted violently and kicked over violently.

Ji Shaolei suddenly cold snort, what a cat and a dog have dared to be so reckless, he was about to make a move, but saw a shadow flash by his side.

Boom!

The bodyguard flew backwards and crashed directly into the opposite corridor, fainting.

Manager Dong was startled, he took a shocked look at the woman in front of him and subconsciously took two steps back.

Such a woman, actually able to knock a big, sturdy man away?

The one who struck was none other than White Spider.

Although she was Ji Feng’s guard, but when someone wanted to attack Ji Shaolei, of course she would also step in.

“You want to try too?” White Spider’s pair of beautiful eyes contained fury as she stared at Manager Dong.

“Good! You guys wait!” How could Manager Dong dare to try? He dropped a fierce sentence and hurriedly left, not even caring about Lu Yaoyang and his bodyguard who were still unconscious on the ground.

“What a clown!” Ji Shaolei snickered.

Ji Feng, however, shook his head and said, "A glimpse of the whole picture, this kind of clown can also be so arrogant in the company, it can be seen, how powerful Hong Yiming is, this time the matter is certainly not finished ....."

Chapter 1708

Ji Feng shook his head and said, "A glimpse of the whole picture, this kind of clown can also be so arrogant in the company, it can be seen, how powerful Hong Yiming, this time the matter is certainly not finished ....."

Whether it is Lv Yaoyang, or the so-called manager Dong, are just small roles, but they dare to be so arrogant in the company, and even Lv Yaoyang dare to openly kick Li Guoliang's office door, so we can see, they are arrogant to what extent.

This arrogance, but not because they themselves.

Just now Lv Yaoyang and manager Dong's performance has shown that they are actually not good, especially the manager Dong, is as timid as a mouse.

Such people, how dare they flaunt in front of Li Guoliang?

Obviously there is someone behind them, to give them both support, so they dare to be so arrogant.

Then, this person who gave them support, is obviously Hong Yiming.

They did not hear them open and shut their mouths are the General Manager Hong Hong, it is clear that the two of them are Hong Yiming's loyal lapdogs in the company.

However, even in their back stood Hong Yiming, but Li Guoliang how to say is also Ji Nan Yue valued people, now Lv Yaoyang and Dong manager actually played such a hand, which is clearly not put Li Guoliang in the eyes, then they certainly did not take Ji Nan Yue seriously.

Imagine, if they look for Li Guoliang's trouble, and then Ji Nan Yue know, will not spare them?

But they still did so, that means, in fact, they are not afraid of Ji Nan Yue to find them in trouble, from this point can be seen, in fact, in the company, Hong Yiming has almost been able to compete with Ji Nan Yue!

This is the most important, and is the most critical information that Ji Feng saw from this matter.

Hong Yiming is extremely powerful!

Of course, for Hong Yiming, this Lv Yaoyang good hands, apparently a very good lapdog, this time let Lv Yaoyang to find Li Guoliang strife, perhaps Hong Yiming want to let Lv Yaoyang to Li Guoliang clean up a beating, so as to provoke Ji Nan Yue.

It seems that Hong Yiming has gradually lost his patience and started his action.

Ji Shaolei naturally also saw it, he nodded and said, "It seems that the trouble faced by this Weida Group can not only come from the outside, but also the inside is also serious."

Although they only came to Weida Group, but before listening to Li Guoliang's introduction, and now see with their own eyes what Lu Yaoyang and Manager Dong did, so Ji Feng and Ji Shaolei have a general understanding of the situation of Weida Group.

First of all, on the outside, Weida Group's previous partners were threatened by the White Hand and other forces, and no longer dare to cooperate with Weida Group. At the same time, there are threats and challenges from other competitors.

This is just as well, the company encountered difficulties, there are always ways to solve.

But the key problem is that Ji Nan Yue's personal safety is also threatened, as long as one is not careful, at any time may be in danger, which is very troublesome.

There are a thousand days to be a thief, but not a thousand days to prevent the thief.

In Rice, Ji Feng and Ji Shaolei are unfamiliar with the place, it can be said that the two eyes are dark, do not know anything. They want to completely protect the safety of the young aunt here, obviously it is very difficult.

This is a major problem.

In addition, within the Weida Group, there are also great troubles. From the current situation, Hong Yiming is definitely in charge of the power, even if it is not yet to the point where it can compete with Ji Nan Yue, but at least, Ji Nan Yue wants to move him, but it is not so easy.

Otherwise Hong Yiming would not dare to be so arrogant.

"Three children, you say ....." Ji Feng paused and said in a low voice: "You say that the personal safety of little aunt was threatened, could it be related to Hong Yiming?"

Ji Feng shook his head and said, "It's not easy to say."

Ji Shaolei whispered and mused, "Think about it, Hong Yiming has a good relationship with some local Chinese gangs, these gangs are certainly not lacking in ruthless people, and in the rice country guns are proliferating to the point of no return, if anyone wants to create a shooting case or something, it's too easy."

Ji Feng nodded, indeed, in Rice, anyone has this condition to get a gun to kill people.

"Also, the whereabouts of the young aunt are confidential, but those shadowy forces are still able to learn the first time, you suspect that the more important places in the company were bugged, so is there such a possibility that the news was revealed by Hong Yiming?"

Ji Shaolei said, "You know, Hong Yiming's power in the company is so big, it is not difficult for him to know the whereabouts of his sister."

Ji Feng shook his head and said, "It's useless to just have suspicions, whether the whereabouts of my sister was revealed by Hong Yiming or not, now we are only guessing, but there is no tangible evidence, so we can't jump to conclusions."

Ji Shaolei sneered: "But no matter what, this Hong Yiming has bad intentions, this is certain. Even if the information is not revealed by him, let this kind of person stay in the company, sooner or later is a scourge, it is better to kick this person out as soon as possible."

"This is not something we can decide." Ji Feng shook his head and said, "If it was so easy to kick Hong Yiming away, I think Xiao Gu must have done so long ago, and wouldn't have to wait until now."

"Yes!"

Ji Shaolei nodded and said, "It seems that next we are going to have to play with this Hong Yiming."

Ji Feng laughed: "Then take your time and play, anyway, we came here to help the young aunt solve the trouble, whether it is Hong Yiming, or other people, things always have to be resolved."

"You two, thank you for this time." At this time, Li Guoliang walked over with a hint of guilt on his face, originally he was sent to protect Ji Nan Yue, but when he was provoked, he actually needed Ji Feng and Ji Shaolei to help him out, which made him feel like he was a bit remiss.

Ji Shaolei waved his hand with a smile and said, "Guoliang, you don't need to be embarrassed, just now I also saw that you were not convenient to use certain fighting techniques, that's why you couldn't solve Lu Yaoyang, it's not your fault, it's just that the environment limited your play."

Just now when Li Guoliang was fighting with Lu Yaoyang, Ji Shaolei saw very clearly, although Li Guoliang's moves were also very severe, but what he used was not the fighting techniques of the Chinese Special Forces, but somewhat disorganized.

Obviously, Li Guoliang did not want to reveal his identity.

But in this way he was also restricted, so he could only barely fight with Lv Yaoyang, but it was somewhat unlikely that he wanted to subdue Lv Yaoyang.

Li Guoliang reluctantly smiled, but did not say anything more, but he still knows in his heart, this is indeed his own dereliction of duty.

The task explained above, we must find ways to complete, but the challenges encountered here, but he is somewhat helpless, and even many times can only tolerate.

Today, if it is not Ji Shaolei, I'm afraid that he was kicked in the door for nothing, and finally even to the top is not settled, but also let some people seize the handle, that he likes to cause trouble.

Some people will say, "Why is it that you are the one who causes trouble every time? Why do other security consultants like to cross you?"

Is there something wrong with all those people?

Obviously, it must be that you Li Guoliang were not doing well, so that other people are very upset with you, only to want to cross you.

But since things have happened, it is always necessary to deal with, and now it is the company's senior leaders personal safety are threatened, can not be for Li Guoliang a person, the other security consultants dismissed, right?

So when the time comes, even if everyone knows it's not Li Guoliang's fault, he will definitely be dismissed from the company.

Because of these considerations, Li Guoliang can only choose to tolerate a lot of times, when he really can't stand it, he will propose to go to the training hall, in the name of sparring, and the other side of the fight.

Today Lu Yaoyang came over, obviously another provocation.

"Guoliang, what should we do with these two guys?" Ji Shaolei nuzzled, Lu Yaoyang and the bodyguard can still be unconscious, can not let them all the time so lying on the ground, by others see also some unseemly.

"I've called all of the security, they will send someone to deal with it." Li Guoliang said.

"The minister of the security company, is Ji General's people?" Ji Feng asked.

"Yes!"

Li Guoliang nodded and said, "Minister Zhao Jiang is also very difficult to do, the company to protect all the expenses, Hong holds a large part of the total, he often use funding issues to pinch Minister Zhao Jiang, if not for the presence of Mr. Ji, I'm afraid that Minister Zhao Jiang is also difficult to keep his position."

Ji Feng said, "This Hong Yiming's power is so big to this extent? Even the funding for the protection of all is also in his hands?"

Li Guoliang said, "He holds a large part of it, probably because Minister Zhao Jiang is Ji's person, so Hong also has to fight for some power."

Ji Shaolei sneered: "This Hong Yiming is really some brilliant, the minister of the protection of all is the person of the quarter, and he holds the financial power, which is obviously to fight with the quarter."

"So usually because of the funding problem, Mr. Ji can only pay out of his own pocket." Li Guoliang said.

"Why Hong Yiming can hold all the financial power?" Ji Feng frowned and asked, "Ji can not give him this right ah!"

"Because the bodyguards of the security company, as well as the vast majority of security consultants, are all Hong's people." Li Guoliang said, "I guess, if we don't give Hong this right, those bodyguards and security consultants may not cooperate ....."

"This is forcing the palace!" Ji Shaolei shook his head, "This move is a bit shameless, but it works well."

"A large part of the security all are Hong Yiming's people?" Ji Feng asked.

"Yes, because excellent bodyguards and security consultants are not rare, and Mr. Hong has a wide range of contacts here and many ways, he was able to find a lot of experts, and some of the original security guards were squeezed out."

"All masters?" Ji Feng raised an eyebrow, "security work, not in the number of people, if it is a real expert, a person just with a few small security guards, it is enough to protect the entire company."

Ji Shaolei laughed: "Three children, it seems that we will have to meet to protect all those experts!"

Ji Feng nodded and laughed: "I also have this intention."

Hong Yiming wants to control all of them?

Then, we will take the first to take all the protection, give Hong Yiming a blow to the head!

## Chapter 1709

Ji Feng several people did not wait too long, just a few minutes later, they heard a rush of footsteps, followed by four or five people walked over quickly, the leader of a person about thirty years old, frowning, face is also a bit gloomy, behind him a few people are wearing uniforms, the face has Asian and foreigners, it looks like it should be the company's security.

"Guoliang, what's going on?" The man at the head just came in, he couldn't help but frown and ask in a deep voice: "Why did you clash with Lv Yaoyang again?"

"Minister, did Manager Dong go back and say something?" Li Guoliang asked.

"And what do you say?" The man looked at the scene in this office and about knew what was going on, he couldn't help but shake his head and said, "Guoliang, did they come to pick a fight again?"

"This time it's not just about picking a fight, Lu Yaoyang kicked the door of my office open, which is a blatant provocation. That manager Dong also slandered my friend as a thug ....."

Li Guoliang said what happened in general, and then said: "Let me introduce, these are my friends, Ji Feng, Ji Shaolei, white spider. This is the minister of the security department of the Weida Group, Zhao Jiang!"

So this person is the minister of the security department Zhao Jiang, Ji Feng's eyes swept from Zhao Jiang's body, he saw that this person's body is very good, all the muscles on his body, I think it is also a person with some strength.

Zhao Jiang nodded and said, "Since you are all friends of Guoliang, it will be fine to explain later, don't worry about the police, the company will testify for you."

Li Guoliang said, "Thank you, Minister, for the trouble you've caused."

Zhao Jiang waved his hand and said, "Don't be too busy thanking first, this is not much trouble, as long as they are not thugs in the first place, it's nothing, even if they are caught in the police station, the problem will not be too big."

Ji Feng keenly noted another layer of meaning in Zhao Jiang's words, he immediately asked: "Minister Zhao, you said this is not a problem, then the real trouble is ....."

Li Guoliang frowned and said, "Minister, is it that Mr. Hong is going to hold on to this matter and is going to play on it?"

"Yes!"

Zhao Jiang nodded and said, "Just now after I received your call, I was immediately ready to bring people over, but then I received a call from Mr. Hong's secretary, asking me to go over. Only after I arrived did I see that Manager Dong was also there, according to Manager Dong, Lv Yaoyang was seeing you come to a friend, and as a colleague, he wanted to come and say hello ....."

Before he finished his sentence, Li Guoliang couldn't help but ask in consternation, "Say hello?"

This is really slippery world of the big joke, greeting with people, there is a direct kick in the door, and speak with a sneer?

You know, they originally can be can not deal with much, the relationship is very stiff.

Li Guoliang mockingly said: "If that is also considered greeting, then I would like to go to the office of those guys every day to greet, yes, and that manager Dong, I also want to greet him every day!"

Being picked on, beating back is, even if the skills are not as good as others, that will give Li Guoliang great motivation, so that he more hard practice skills, but now the manager Dong so upside down, Li Guoliang is very angry.

Zhao Jiang but waved his hand and said: "You do not get excited, what kind of people they are, do I not know? This is just that manager Dong's words."

Li Guoliang nodded and asked, "What did Mr. Hong say?"

Zhao Jiang shook his head and sighed, said: "According to the meaning of the General Manager Hong, should want to dismiss you, while the police to arrest your friends, you do not hurry, listen to me finish, the General Manager Hong's reason is that because of you, our company will be missing an extremely good security consultant, at the same time, other security consultants are also very dissatisfied with you, plus your mistakes, for the sake of the company security considerations, it will have to dismiss you."

Li Guoliang's brow couldn't help but wrinkle up, what he was most worried about finally happened, Hong Yiming really found the opportunity and excuse to dismiss him.

Originally he was worried about this, so every time he encountered provocation, he would offer to go to the training hall, if it was in the cut who was injured, the problem is not too big, even if Hong Yiming how domineering, can not say anything, can not let these people train, right?

Then how to protect the safety of the company?

But now it is a fierce fight in the office, which can be considered a violent conflict.

Hong Yiming had finally found an excuse!

"Then what does the minister plan to do?" Li Guoliang asked.

"What can I do?" Zhao Jiang couldn't help but smile bitterly and spread his hands, "President Hong all hate to let me go immediately, my words have no weight at all in front of him ....."

"I understand." Li Guoliang nodded, it seems that he had to go this time, Zhao Jiang in front of Hong Yiming is difficult to protect themselves, because he is also a person of Mr. Ji, now Hong Yiming to take their own knife, Zhao Jiang can not protect themselves, so they have to leave.

Zhao Jiang said: "Guoliang, you do not rush, things still have a turnaround, I have asked people to pull out the corridor surveillance video, so it can be proved that it was Lv Yaoyang kicked your office door first, thus triggering the conflict. Moreover, I have also notified Assistant Chu, if he comes forward, Hong Yiming can't go too far."

Li Guoliang was stunned: "You have notified Assistant Chu? Wouldn't that alarm Mr. Ji?"

Zhao Jiang said, "Of course we have to alarm President Ji, President Ji appointed you to be responsible for her security when she goes out, and now you are going to be dismissed, of course, you must first go through her consent to do so! So this thing how to let her know first, can not let the total Hong cause established facts, or even, even distorted that you are the initiative to resign, not even a greeting ....."

Li Guoliang nodded silently, did not say anything more.

Next to Ji Feng and Ji Shaolei, who had been listening to their conversation, looked at each other at this time, it seems that this Hong Yiming is really going to gradually nibble away at all of the protection, perhaps in other departments is also the same situation.

This means that its is Hong Yiming may have already started to set up.

Ji Shaolei frowned and asked: "Minister Zhao, take the liberty to ask, you just said this situation, has it happened before?"

Zhao Jiang frowned slightly, but did not answer.

Li Guoliang said next to him, "Minister, they are all my friends, and will not go out and talk nonsense, it's okay to tell them."

Zhao Jiang said in a deep voice: "Any situation of the company needs to be kept confidential, how can you just tell others?"

Li Guoliang then could not say anything more.

Ji Feng and Ji Shaolei's identity, Li Guoliang knew, but he couldn't say anything, he couldn't even reveal his own identity, otherwise, I'm afraid it would bring great trouble to Ji Nan Yue.

If the MiG officials know that Ji Nan Yue's side is actually secretly protected by the official experts of China, then what will these MiG guys think?

Ji Nan Yue is definitely not here to do business, she must be using the guise of business to spy on information, or have other ulterior motives.

When the time comes, Ji Nan Yue will definitely be in constant trouble.

Now Ji Nan Yue is already anxious enough, if the attention of the rice government, then there is really no place to stand.

However, Zhao Jiang did not say, but does not mean that Ji Feng two people can not guess.

In fact, seeing Zhao Jiang's expression, Ji Feng has understood that such things must have happened before, Hong Yiming used various reasons to fire employees loyal to Ji Nan Yue, creating an established fact, while saying that the employees resigned on their own initiative, so that even if Ji Nan Yue knew later, but there is nothing that can be done.

This kind of thing must have happened, and certainly more than once.

Otherwise, Zhao Jiang and Li Guoliang would not be this look, they must be used to it.

So, this time Zhao Jiang informed his assistant Chu, and also alarmed Ji Nan Yue, obviously to prevent Hong Yiming from playing such tricks again.

At this time, Zhao Jiang began to arrange for people to carry out the fainted Lu Yaoyang, as well as the bodyguard, to be sent to the hospital.

After doing this, Zhao Jiang said: "This book, Guoliang, let's go to the conference room, Assistant Chu will go there first, let's talk to him, and when Mr. Hong comes over, it's better to talk."

"Please Minister!" Li Guoliang nodded, and said, "Let my friends also go over together, their hands are very good, if Assistant Chu can look at them, we protect all can share a lot of pressure."

As he spoke, Li Guoliang looked at Ji Feng and Ji Shaolei inquiringly.

Ji Feng and Ji Shaolei glanced at each other, while nodding, this is a good note, listen to Zhao Jiang's tone, this assistant Chu should be Ji Nan Yue's beloved, if with the assistant Chu as a bodyguard, it is convenient to protect Ji Nan Yue, but also convenient to probe the company in the end who is the traitor .....

However, Zhao Jiang is frowning, he said: "Guoliang, you know, our company wants to recruit security personnel, but to investigate the origin, and, they are your friends, Hong will certainly not agree, when the time ....."

Li Guoliang said, "I know all this, anyway, it is just a trial, as for the final result of how, then say. But I am sure that they are definitely excellent security personnel, if they are not recruited, it will definitely be a loss for the company."

Zhao Jiang couldn't help but laugh bitterly, "Guoliang, you're talking too easy, you don't know, whether they are excellent security personnel or not, that's not up to you. You know very well the people on Hong's side, when the time comes, they will not only not let your friends into the company, I'm afraid they will also take the opportunity to make things difficult ....."

"Yes! When the time comes, there will definitely be people who will have the excuse to try their hands, don't worry Minister, whoever wants to take this opportunity to give my friend a hard time, then they are thinking wrong." Li Guoliang said confidently: "My friends, the hands of absolutely nothing to say, when the time comes, who actually look difficult, it is not certain!"

Chapter 1710

"That ..... can only be the case." Zhao Jiang nodded and said, "Anyway, you all have to be psychologically prepared, when the time comes, exactly how to deal with it, but also depends on how Assistant Chu and General Manager Hong finally negotiated."

Since Li Guoliang is so confident, Zhao Jiang is not good to say anything else, anyway, he has also reminded, when Li Guoliang's friends can be accepted, that is an afterthought, now the most critical, is how to keep Li Guoliang.

In this Weida Group headquarters, I do not know how many people are loyal to Mr. Hong, and the security department is a lot of people are Hong's people, if Li Guoliang left again, then he is the minister of the security department to do is no longer meaningful.

If Li Guoliang left again, there would be no point for him to be the minister of the security company. If the people under his command don't listen to you and don't share your heart, what is the point of being the minister?

Unless he also bowed to Hong Yiming.

But this is not possible, as the president of the Weida Group, how could not control the security department in the hands, naturally it is impossible to let people who are not on the same page with her control the security department.

What's more, now Zhao Jiang has already offended Hong Yiming, even if he now defected to the past, is also extremely embarrassing.

Therefore, Zhao Jiang is naturally to try to keep Li Guoliang.

"Let's do this, let's go to the conference room right now." Zhao Jiang said, "Let your friend follow along as well."

"Thank you, Minister!" Li Guoliang nodded his head.

"Don't be polite, it's all for Mr. Ji's sake!" Zhao Jiang waved his hand and took the lead to leave Li Guoliang's office.

"Three, let's go over there too." Li Guoliang looked at the three Ji Feng.

Then, they followed Zhao Jiang and walked along the stairs towards the upper floors. Li Guoliang explained next to him, "It's a tradition of all the protection, it's also a rule, usually try to take the stairs, so you can always exercise your endurance ....."

Ji Feng could not help but raise an eyebrow, want to laugh and some laugh can not come out.

If only from this matter, it is indeed quite funny, usually eight hours a day in the company, even if you take the stairs to exercise endurance every day to and from work, and how effective can it be?

And this can actually become a rule, which can not help but make people laugh.

However, if you think about it from another angle, Ji Feng can not laugh, because from such a very small detail can be seen, in the rice country, they are for this kind of detail is how important, but any good habits, they retain, and even the minister took the lead in strict compliance with this regulation .....

This shows how important a good system is.

Then think about the country, and how many people will pay attention to these things? If someone brings it up, I'm afraid it will only be ridiculed in vain!

And those leading cadres, the so-called people's servants, but even more take the lead in violating the rules.

The situation in China and this side of a comparison, even if Ji Feng heart how do not want to admit, but also can only helplessly come to a conclusion, from this point alone, the country has really left China very far behind.

What's more, this is only a small detail that Ji Feng saw, I don't know how many other places, China is worth learning.

To catch up with Rice, China really has a long process to go.

"San'er, do the bodyguard thing, or I'll do it." Ji Shaolei suddenly said in a lowered voice next to him.

"Why?" Ji Feng was stunned.

"White spider's maintenance of you, anyone with a discerning eye can see, where someone out to do bodyguard, itself but also with a beautiful bodyguard?" Ji Shaolei laughed: "When the time comes, not to mention that Hong Yiming will not agree, I'm afraid that even the little aunt will not agree ....."

Ji Feng was stunned, this is also ah.

Because the white spider with his side for a long time, he has gotten used to the white spider around, so usually there is no special feeling.

He also did not realize that, in the eyes of outsiders, a guy who was followed by a beautiful bodyguard, actually came to apply for a job as a bodyguard, is this not bullshit?

"So yeah, it's more appropriate for me to come, you and the white spider outside the response, or use any other method."

Ji Shaolei whispered: "If the three of us stay together, so the resistance is too great, Hong Yiming certainly do not want to see the bodyguard all at once three more people are small nuns, then he will certainly try to block. If only I stay, then the resistance will be much smaller."

Ji Feng nodded thoughtfully and said, "This is fine, when the time comes, flexible response."

Ji Shaolei smiled and nodded: "Don't worry, want to clean up to protect all, this is not a problem, the key is the threat from the outside, this is the most important thing to worry about, this will be left to you and white spider."

Ji Feng nodded his head.

He certainly knows that the existence of Hong Yiming, may be a threat to the stability of the company, and the existence of those external shadowy forces, and what the White Hand Party, etc., their existence, the threat to the Weida Group is the greatest.

However, things have to be prioritized, the first thing to solve now, or internal problems.

Only the internal are the same voice, there is no longer any hidden problems, this time, is the time to join forces to solve those threats outside.

In fact, from yesterday after listening to Li Guoliang's introduction, Ji Feng had a rough plan in his heart, although still very vague, but basically what to do first and what to do later, he had a spectrum in his heart.

At this time, Li Guoliang suddenly stopped and waited for Ji Feng to follow the three of them, he suddenly lowered his voice in front of Ji Feng and said, "Mr. Ji, the assistant Chu that we are going to see now is the son of Mr. Ji, Chu Wangdong."

"Oh?"

Ji Feng was slightly surprised, then he laughed: "So it's him ..... what does he do as an assistant?"

In fact, when Zhao Jiang spoke of Assistant Chu, and mentioned that Assistant Chu is the beloved of Ji Nan Yue, and also seems to be able to talk to Hong Yiming on an equal footing, Ji Feng guessed approximately that this Assistant Chu, may be the son of his sister-in-law Chu Wangdong.

Now Li Guoliang said so, it is to confirm Ji Feng's guess.

Li Guoliang said, "Assistant Chu's current position is the president's assistant, when the president is not present, many things in the group are decided by him."

Ji Feng nodded thoughtfully, it seems that this cousin, who has never met, is also trying to confront Hong Yiming.

Knowing to solve the problems for his mother, so Chu Wangdong should not be a dude .....

Ji Feng remembered again, he saw the photo of his little sister's daughter Chu Yue on the information, he could not help but shake his head.

Ji Feng and Ji Shaolei exchanged a look before nodding slightly at the same time.

Since this Chu assistant was Chu Wangdong, it would be much easier to do, and the plan they had made before to cooperate from the inside and the outside could likewise be carried out smoothly.

"Several people, please hurry up, don't make Assistant Chu wait too long." Zhao Jiang's voice came from the front.

"Let's go!" Ji Feng laughed.

.....

Zhao Jiang led them to the ninth floor, according to Li Guoliang said, there are several small meeting rooms here, usually if there is something to deal with in the group, usually in the office, if there are slightly more people, they will come to these small meeting rooms, as for those too big meeting rooms, there is no such thing here, at most, it is a spacious hall like a lecture hall.

Ji Feng could not help but smile, this is very different from the Chinese domestic, in China, nothing else is important, but the meeting is very important.

Especially in the government sector, I'm afraid that meetings are their daily work, it seems that if you do not meet, you can not do things.

“Knock, knock, knock!”

Zhao Jiang walked in the forefront, came outside the conference room and knocked on the door.

“Please come in!” A gentler voice came from inside.

“A few people, please.” Zhao Jiang said to Ji Feng and the three of them, then pushed the door and walked in.

Ji Feng also followed them in. As soon as they entered the conference room, Ji Feng saw that at one end of the oval conference table, there was a man wearing black-framed glasses, who was probably less than thirty years old, but looked very mature and stable, and sat there without any small movements, and looked like the kind of person who was very self-disciplined.

Ji Feng recognized at a glance, this person is no one else, it is their own cousin who has never met, Chu Wangdong.

Ji Shaolei also looked at Chu Wangdong with interest, for this cousin, he has never met, but has heard a lot about him.

“Assistant Chu, I brought Li Guoliang, the injured Lu Yaoyang and another bodyguard were sent to the hospital.” Zhao Jiang went over to report, and Ji Feng noticed that when he was talking to Chu Wangdong, he was using Chinese, not English.

“Well, hard work.”

Chu Wangdong nodded, he spoke the same Chinese language, and was very fluent, could not hear any semblance of rustiness: “The injured people should be arranged, their situation should be reported to me in a timely manner to explain, do not have any accidents.”

Zhao Jiang answered, “Yes.”

Chu Wangdong asked again, “Did you get the surveillance video?”

Zhao Jiang nodded and said, “Already got it, according to the video, it was indeed Lu Yaoyang who provoked first, and then caused the conflict.”

Chu Wangdong shook his head and said, “This is not enough, you must immediately come up with a treatment opinion, and only after meeting with Mr. Hong, it is also good to talk, understand?”

Zhao Jiang then immediately nodded in understanding and said, “I understand, I know how to deal with it.”

“Think carefully, don’t be careless.” Chu Wangdong admonished, “Our General Manager Hong, don’t look like he usually has a smiling face, but in fact, he is very strict with his employees.”

Zhao Jiang nodded, snickering in his heart, Assistant Chu is sarcastic Hong Yiming.

At this time, Chu Wangdong’s gaze fell on Li Guoliang and the others, but saw Ji Feng three.

“These are .....” Chu Wangdong asked.

“Oh, assistant Chu, these three are my friends, they originally came to ask me, wanting me to recommend them to Minister Zhao, hoping to join the group, but I did not expect that Lu Yaoyang was suddenly going over to pick a fight .....

However, Chu Wangdong’s gaze, but fell on the faces of Ji Feng and Ji Shaolei, his eyes, flashed a look of surprise.
