

Campus Master 171

Chapter 171

“Good then, wrap it up for me” Xiao Yuxuan immediately nodded her head and said.

However, before she could finish her words, a woman’s voice that was so whispery that it made people sweat coldly suddenly came from the side: “Hold on, 40,000, we’ll take these two watches!”

Ji Feng’s eyebrows instantly furrowed, and when his eyes fell on the person who had spoken, a look of disgust flashed across his eyes.

“It’s you?” Ji Feng frowned and asked, “You want this pair of watches?”

The person who spoke was no other than the sister of Ji Feng’s former girlfriend Hu Xuehui, Hu Xueqin. Beside her, there stood a fat middle-aged man with a big belly, who was naturally her thuggish husband, Wu Changqun.

The weather in October, although it could not be said to be cold, but definitely not as hot as summer, Ji Feng had already put on a long-sleeved T-shirt, just because this season, although it was still hot at noon, the time in the morning and evening were already somewhat cooler.

However, in front of her, Hu Xueqin was wearing an ultra-short skirt and a halter top that could not even cover her belly button, with a blinding jewellery necklace around her neck and seven or eight gold bangles on her two wrists, emitting a blinding golden light under the light of the shop.

Wu Changqun was also wearing a short-sleeved shirt, and because of his obesity, he was sweating profusely at the moment, yet he still did not forget to deliberately shake the gold watch on his hand to show that he was well-off.

The two people’s performance, so Ji Feng can not help but slightly shake his head, the so-called wealth is not exposed, this couple is good, calculate just these jewellery and other things on their bodies together, at least more than 100,000. In Jiangzhou, a city where security is not too good, and the two of them are not like those big bosses with bodyguards, this is just like giving money to robbers!

But what surprised Ji Feng was that he didn’t see his old acquaintance Hu Xuehui beside the two. It was the November holidays, so Hu Xuehui should not be in class. With her inflammatory personality, how could she not be with them?

“Who are you two? Don’t you know first come first served?” Xiao Yuxuan’s eyebrows immediately knitted together and she asked with a face full of displeasure.

“Humph! When buying something, naturally, whoever pays the highest price is the one who owns it, if you don’t have money, don’t come here to act like a big money!” Hu Xueqin looked like a proud swan, holding her head high with a smug look on her face. However, the thick foundation on her face, as well as the messy make-up, made her look not like a swan at all, but rather like a straw chicken trying hard to pretend to be a swan!

Xiao Yuxuan looked at this self-conscious woman in bewilderment and suddenly snorted with laughter!

She couldn’t help but shake her head and laughed at Ji Feng, “You know them?”

For such thuggish people in general, Xiao Yuxuan, who came from a good background, naturally did not want to say half a word more to them. It was not wrong to have money, but to flaunt it as a matter of pride was really not that necessary.

Ji Feng faintly shook his head, "I don't know him, I just met him once."

"Ji Feng!" Hu Xueqin was like having her tail stepped on, suddenly jumping up and screaming, "How dare you say you don't know me? You poor boy born of a woman selling vegetables, what qualifies you to do this?!"

"What kind of woman are you born of?" Ji Feng asked indifferently.

Hu Xueqin was dumbfounded, yes, what kind of woman was she born to? Her parents, too, were just the most ordinary farmers in the countryside, and, too, the farmers she hated and despised the most!

"I'm proud of my mother, she was the one who used the small amount of money she earned from selling vegetables to feed me and put me through university." Ji Feng gave her a look filled with mockery, "What about you, your parents are farmers, originally farmers are the most ordinary, but the greatest group of people. But you, you are partial to look down on farmers and poor people the most, really"

Ji Feng shook his head and snorted, did not even look at the iron-faced Hu Xueqin, took Xiao Yuxuan's small hand and turned around, "Yuxuan, no need to generally argue with such people, it's a flat loss of identity."

Xiao Yuxuan spread a smile and said to the waitress lady, "Please wrap up these two watches, where can I pay please?"

The waitress was also a bit ashamed by Ji Feng's remark, in fact, she also came out from the countryside to work, just that whenever her colleagues asked, she dared not admit that she was from the countryside, now that she thought about it, she was really damned.

Therefore, this waiter's attitude towards Ji Feng was much more cordial: "Yes, please wait for a moment, two of you. Also, please go to the cashier's desk to pay, so that when the package is finished on my side, you two can just get your watches."

Ji Feng smiled faintly, "Okay, I'll go and pay, Yu Xuan wait here to get the watch."

Seeing that Ji Feng and Xiao Yuxuan were about to buy the watch away, Wu Changqun and Hu Xueqin were immediately on fire, being ignored by such a poor boy was a huge insult!

"Miss, how do you do things? Didn't your manager teach you?" Hu Xueqin shouted shrilly at once, "I said I wanted you to wrap this pair of watches for me, how did you do it? How can you give this pair of watches to these two poor bastards?!"

"Call your manager out!" Wu Changqun also sounded like a successful person, trying hard to show his authority: "This is the quality of this salesman of yours, it seems that this shop of yours is not good either! What kind of crappy brand is it, how can you have such a salesman!"

“Pfft!” Xiao Yuxuan couldn’t help but laugh out loud, she looked at Ji Feng and laughed lightly, “If Vacheron Constantin is considered a broken brand, what other brand name watches are there in this world? These two people are also really

At the end of her sentence, she couldn’t help but shake her head and laugh dumbly.

There are not many people who do not know the brand Vacheron Constantin, and it is not surprising. However, those who do not know this brand and still insist on posing as so-called successful people, putting up an upper class appearance, but in reality are just a profiteer, but still insist on looking down on the poor and peasants.

Such a person is truly ridiculous.

“You woman, what are you laughing at?!” Seeing the smile on Xiao Yuxuan’s face, Hu Xueqin instantly became furious with shame and anger and shouted shrilly.

This time, Ji Feng’s face sank: “Hu Xueqin, do you have mad dog disease?! Why are you biting people here!”

It was fine for these two to talk about him, but now Hu Xueqin was throwing a tantrum at Xiao Yuxuan, which Ji Feng could not tolerate.

“What, being loud is great, huh?” Looking at the cold light that flickered in Ji Feng’s eyes, Hu Xueqin couldn’t help but feel scared and didn’t dare to speak as harshly as before, but, seeing that more and more people were gathered next to her, she couldn’t pull her face back after all and could only hold on.

“Kid, are you looking for trouble?” Wu Changqun couldn’t help but say in a majestic manner as well.

Ji Feng instantly snorted, “It’s you guys who are looking for trouble, right? Hurry up and get lost, don’t bother me here, or else, don’t blame me for not being polite.”

“Ha! You’re still not polite?” Wu Changqun burst out laughing, “Then I’d like to see how you’re not polite!”

“Ji Feng, forget it, let’s pay and then leave, there’s really no point in bothering with this kind of person!” Xiao Yuxuan whispered in Ji Feng’s ear.

Faintly shaking his head, Ji Feng sighed, “Forget it, you’re right, there’s really no point in bothering with this kind of person!”

“Want to go?!” Wu Changqun sneered, “I suspect that you simply can’t afford the watch, but came here to prepare to steal it or do other things that can’t be seen!”

“You’re sick, aren’t you?!” Ji Feng’s face turned gloomy, “Wu Changqun, I didn’t go looking for you, but you came to mess with me instead? Oh, fine, I’d like to see if you, a thug who spent several million on a scrap stone, can afford to buy a watch or not?!”

For this Wu Changqun, Ji Feng was already disgusted, only that he didn’t have the chance to deal with him before, and then because of various things, Ji Feng almost forgot about this person. But now, this guy came looking for trouble again, how could Ji Feng tolerate it?

He secretly decided that this time he would make Wu Changqun look good.

“Ha! I can’t afford it?” Wu Changqun burst out laughing, not putting Ji Feng’s warning in his eyes in the slightest, “Here, salesman, take this card and swipe it, the password is six sixes.”

He took out a bank card from his wallet and flung it directly onto the counter, “I want this pair of watches, wrap them up for me immediately.”

“Hold on, you haven’t said how much it is!” Ji Feng smiled, “I’ll give you fifty thousand.”

“Ji Feng!” Xiao Yuxuan immediately pulled his clothes, spending fifty thousand dollars on a watch was a bit extravagant, right?

“Don’t worry, it’s fine.” Ji Feng gave her a reassuring look.

“Fifty thousand?” Wu Changqun sneered, “Isn’t it just that you got lucky at the trade fair and made a small profit of a few million? Hmph, I’ll offer one hundred thousand!”

“Half a million!” Ji Feng didn’t even move his eyebrows a bit and said indifferently.

The shop assistant was in a dilemma, and she hurriedly sneaked through the internal contact phone and called the manager, telling him what was going on here.

Not long after, the manager quickly ran downstairs and said in a panic: “Two, two! Don’t get angry about anything, let’s discuss it!”

“You’re the manager, right?” Wu Changqun gave this manager a condescending glance, “Just this pair of couple watches, I’ll give you 600,000, just give me the package.”

“One million!” Ji Feng sneered.

Wu Changqun instantly just choked, one million for a pair of watches, although not so much as to hurt his vitality, it was definitely quite a lot.

“What, no more money?” Ji Feng asked with a sneer.

“I’ll run out of money?” Wu Changqun was instantly furious, “One million one hundred thousand!”

The onlookers suddenly murmured, and some people’s faces even showed a sneer. Ji Feng had added 400,000 in one breath, while Wu Changqun had only added 100,000, so it was clear that his bottom line was not enough.

“One and a half million!” Ji Feng still had an unchanged face and said indifferently.

“One, one million seven hundred thousand!” Wu Changqun’s forehead was already starting to break into cold sweat.

“Two million!” Ji Feng snorted coldly.

The people next to him looked at Ji Feng with changed eyes and speculated, which family’s grandson was this, so wealthy?

“Two million two hundred thousand!” Wu Changqun roared.

Ji Feng smiled faintly, "You win, this pair of watches is yours!"

"You!" Wu Changqun froze, two million two hundred thousand ah, but the price of this pair of watches, just over twenty thousand, a waste of over two million!

Chapter 172

In fact, Wu Changqun definitely did not want to spend more than two million dollars on such a pair of watches. Ever since he was tricked by Ji Feng at the last trade fair with his bidding technique and spent several million dollars more than he should have, Wu Changqun had learned this trick.

This time when he happened to meet him, he wanted to use the same method to calculate Ji Feng, that's why he acted so realistically, but he didn't expect that although Ji Feng was young, he didn't have the feeling of being overbearing, and didn't fall for it at all, he just gave up.

This time, Wu Changqun was in a dilemma.

More than two million was a bit much for him, and although he could afford it, it was definitely not pleasant.

"Wu Changqun, please go and pay, more than two million should not be a lot for you, right?" Ji Feng smiled and said.

"Humph! Of course I'll pay, it's none of your business!" Wu Changqun snorted coldly, but his eyes kept glancing over the bank card on the counter. Inside that card, there was definitely not more than two million dollars!

Ji Feng turned his head to look at the manager of the watch shop and said with a smile, "Mr. Manager, this Boss Wu is a real big spender, I'm bidding against him, that's called being out of my depth, I'm sure Boss Wu won't do this kind of thing of beating up his face to make it fat!"

"That's right, that's right!" The manager was busy nodding his head.

Something like this kind of bidding between customers was what the manager was most happy to see. You know, this kind of bidding is different from bidding in an auction, and he, the manager, gets a commission for the extra money, and the share of the commission is not small.

The most important thing among rich people is their own face. This kind of bidding has often happened in the past and the manager was used to it and knew how to handle it.

So, the manager immediately said to Wu Changqun with a face full of excitement, "This boss, congratulations on buying this couple's watch, we'll wrap it up for you, please come over here to pay!"

Wu Changqun's face immediately turned red, but he was a bit embarrassed. He only had a few tens of thousands of dollars in cash on him, which was already considered a thuggish act. And in his bank card, he only had a few hundred thousand at most, and as for the company's account, it was not something that could be touched casually.

So, in fact, he couldn't afford to pay more than two million at all, even for the last jadeite raw stone fair, which was actually because he had deliberately mobilised funds from his company's account.

Now, however, he was also just bringing Hu Xueqin to shop around, so where would he deliberately mobilise funds to prepare for bidding against others?

"Damn Ji Feng! I blame this poor boy for letting himself be fooled once again!" Wu Changqun secretly hated in his heart, but he could not say anything, after all, it was him and Hu Xueqin who first made the bid with Ji Feng, and now that he was forced to this situation of riding a tiger, he really could not tell others.

However, Wu Changqun was unable to get the money.

What should he do?

Wu Changqun was already sweating profusely, and now when he was in a hurry, he was sweating even more, and his face was red.

Ji Feng couldn't see what he was planning to do, so he hedged and smiled: "Could it be that Boss Wu thinks this price is too low? Even if you don't know the brand name of Vacheron Constantin, you can still spend a lot of money!"

"Pfft!" Xiao Yuxuan couldn't help but shake her head and laugh, whispering, "Little guy, you're so bad."

Ji Feng also laughed in a low voice, "People are rich, so they will naturally have the manners of a big money man."

Xiao Yuxuan was dumbfounded and laughed.

And at this time, Wu Changqun suddenly realised that he had not only been counted by Ji Feng, but he had also been counted badly. Because Wu Changqun suddenly remembered that at the original jadeite trade fair, Ji Feng had made tens of millions of dollars!

If he had remembered that Ji Feng had tens of millions of dollars, he would not have bid against him. After all, two million was nothing to Ji Feng, who had tens of millions of dollars.

"This gentleman, may I ask what kind of packaging you need? Is it gift box packaging, or common packaging?" The manager asked with a smile on his face next to him.

He was very tactful in his question, only asking Wu Changqun what kind of packaging he wanted, which obviously meant that he was asking Wu Changqun to pay for it! If he didn't pay, he wouldn't be able to buy any packaging.

"This manager is very artful in his speech, worthy of being a manager." Ji Feng smiled.

"Hey! Who are you guys to make us buy this pair of watches? We're just bidding against that poor boy, we didn't say we had to buy it!" Hu Xueqin also realised that the two million or so was not a small amount for Wu Changqun.

That manager just smiled, but didn't say anything.

"If you can't afford it, don't bid on it!" Ji Feng said grimly.

“You’re the one who can’t afford it, if you can, buy it and show me?” Hu Xueqin screamed.

Ji Feng smiled indifferently, “I was going to pay, but you guys had to bid, and since you won, it’s only logical that you should pay!”

“You!” Hu Xueqin’s pretty face turned red with anger, but she didn’t know what to say, after all, Ji Feng was telling the truth, they were the ones who bid first.

“Little fellow, it seems that they won’t pay.” Xiao Yuxuan said in a low voice, “Otherwise, we’d better leave, there’s no point in staying here.”

Ji Feng nodded slightly, he had come to accompany Xiao Yuxuan to shop today, not to fight with people.

However, before he left, he still had to squeeze Wu Changqun for a few words, “Boss Wu, as a man, just be a bit more forthcoming, if you can afford it, pay directly, if you can’t, then get lost, don’t affect people’s business here!”

“Kid, you cut the crap!” Wu Changqun became furious and roared, “Whether I buy or not, it has nothing to do with you.”

Ji Feng smiled lightly, “Looks like Boss Wu is not going to pay! What’s the point of acting like a big spender if you don’t have any money?”

With a mocking smile, Ji Feng took Xiao Yuxuan’s small hand and walked towards the door.

Wu Changqun’s face turned red with anger, but he didn’t know what to say, even so, a sentence was blocked in his throat, suffocating him almost to the point of passing his back.

Originally, he had wanted to take advantage of the argument with Ji Feng to pretend to be extremely angry and brush himself off, so that he could escape from this place that was extremely embarrassing for him.

However, when Ji Feng finished saying this, he immediately left, which made it impossible for Wu Changqun to leave even if he wanted to.

“Sister, brother-in-law!” Just then, a voice came from outside the door and almost collided head-on with the two of them, Ji Feng.

“Be careful!” Ji Feng pulled Xiao Yuxuan and dodged to the side, and the man from outside also hurriedly stopped in his tracks, and when they met with each other, they were stunned beyond belief.

“Yes, it’s you?” Hu Xuehui looked at Ji Feng in shock, “How come you’re here? Ee? Teacher Xiao? You’re here too?”

“Yu Xuan, let’s go!” Ji Feng ignored Hu Xuethui’s question and just glanced at her lightly before directly striding out.

Xiao Yuxuan froze, hurriedly nodded to Hu Xuethui, and followed.

Hu Xuethui couldn’t help but be stunned, but it was too late to think about it, she turned her head to look and found that her sister and brother-in-law were surrounded by people in the middle, with people pointing and pointing, all whispering.

“Oh, beating a swollen face, no money and still bidding frantically with others, now, shame on you?”

“What do you mean by “fattening up with a swollen face”? Can’t you see? He was already a fat person, right? Only, this fat person is only fat, his waistband is not as fat as his stomach.”

“It was all caused by that sultry woman, if she hadn’t taken the initiative to mess with that young couple of others, how would she have ended up in such an awkward situation?”

“Yes, that woman dresses so demurely, she is probably one of those out for sale, hey, this man is no good either, he even started a fight with someone over a woman who is out for sale, he can’t live with his own sins!”

.....

The two people being talked about are her sister and brother-in-law. Especially her brother-in-law, Wu Changqun, who was a big boss and a big shot in her eyes, was now being mocked in such a way.

Hu Xuehui resisted the urge to flee in disarray and continued to listen, and soon understood what had happened.

It turned out that her sister and brother-in-law had actually gone to take the initiative to bid against Ji Feng!

Thinking of this, Hu Xuehui’s face changed, a blue pale.

At this moment, a burst of laughter suddenly came from the shop, and Hu Xuehui immediately turned her head to look, only to find that brother-in-law Wu Changqun and sister Hu Xueqin were walking out with red faces and two cups. In their wake, the crowd laughed.

“I say, this manager, you’re not going to get your commission, are you?” A customer said laughingly.

The manager shook his head helplessly and laughed, “I can’t help it, in our line of work, we can often meet all kinds of customers, although the vast majority are gentle and successful people, but there are also many hooligans and gangsters and the like, pretending to be successful people, this is also a very helpless thing.”

“Hahahaha” A crowd of people burst out laughing, obviously in their opinion, Wu Changqun is that rogue gangster, while Hu Xueqin, is out for sale, the two are really a perfect match!

Hearing the laughter of the crowd, Hu Xuehui was so ashamed that she almost wanted to find a crack in the ground!

She suddenly remembered the glance that Ji Feng had given her before she left the shop, the look in her eyes seemed to be full of contempt and mockery, as if to say, “See, the person you thought was your big money brother-in-law at the beginning turned out to be such a person, how ironic!”

Swish!

Hu Xuehui turned around and ran away from the shop, subconsciously, tears flowed out of her eyes and spilled into the air, but she was oblivious to it.

At this time, Ji Feng and Xiao Yuxuan walked out from the side again.

After glancing at the direction Hu Xuehui ran away, Ji Feng smiled faintly and walked into the shop with Xiao Yuxuan.

After the drama just now, the manager no longer wanted a commission either, so Ji Feng bought the two couple watches at the original price without any problems.

Walking down the street, Xiao Yuxuan suddenly asked, "Ji Feng, you seem to have something against Hu Xuehui!"

Ji Feng faintly shook his head, "Let me target her, she doesn't deserve it anymore!"

Chapter 173

For the next few days, Ji Feng was immersed in the training system. As Ji Feng's learning deepened, the communication and network technology described by the intelligent brain became even more profound, making it seem very difficult for Ji Feng, who had never been exposed to this knowledge before, to learn.

After all, this technology was brand new and completely different from those on Earth.

If he were to learn the most advanced technology on Earth, Ji Feng estimated that he wouldn't even have such a struggle. The reason was simple, but any technology that had matured on Earth would have a physical presence. For example, in the case of computers and the internet, although Ji Feng had never learned about computers, he had always seen them, so he would always have a visual impression in his mind when learning them, so it would naturally be much easier.

However, Ji Feng had never seen any of the knowledge taught by the intelligent brain. The only thing he had seen was the light screen used by the intelligent brain to show him how powerful the super agents were when he first started learning the second set of moves.

Other than that, Ji Feng had never seen anything physical again.

He had also commented on this point, but had not agreed to show Ji Feng the physical object.

"Without physical objects, I still have some difficulty in understanding and my learning progress is greatly reduced!" Ji Feng was puzzled, although he had mastered the ability to never forget, however, this did not mean that he learned everything at once, if such a person really existed, he would undoubtedly be an absolute super genius.

But it was obvious that Ji Feng was definitely not such a genius.

In response to Ji Feng's doubts, the intelligent brain had its own words: "Master, if you learn by referring to the physical objects, the speed will indeed be fast, but then, the master's mastery of this knowledge will definitely not be too profound. What the Wisdom Brain is doing now is to let the master remember this knowledge first, and then refer to the physical object when learning it a second time."

"Why is that?" Ji Feng asked suspiciously, as long as it was mastered, why did it need to be divided into profound and not profound?

The round intelligent brain wiggled a few times, seemingly displeased with Ji Feng for asking this question, "Master, communication and network technology, as one of the most cutting-edge

technologies in the Gamma Galaxy, absolutely cannot just be mastered, as a super agent, in addition to mastering these technologies, one must also learn to innovate.”

“Innovation?” Ji Feng laughed bitterly, “Seems like that’s something scientists should do, right? What does that have to do with me?”

“Of course it’s relevant!”

The intelligent brain said, “Because the entire Gamma Galaxy’s air network is controlled by the Goddess. Moreover, each country has its own local network, and within this local network, they have complete autonomy. In other words, the use of technology is completely different within each local network, and this is the difference in technology between the various countries.”

After a pause, the intelligent brain added: “If the master is an agent of one of the countries and wants to go to another country to steal intelligence or carry out a certain mission, if the local network that the target country belongs to, the use of technology exceeds the master’s understanding, in that case, the master will definitely be unable to complete the mission.”

When Ji Feng heard that, he suddenly realized.

It turned out that although all the countries in the Gamma Galaxy shared a common empty network, not all countries had the same level of technological development.

Wouldn’t this pattern be similar to the current pattern on Earth?

The network, which can connect the vast majority of countries in the world, makes this planet, all of a sudden, a global village. However, the development of each country is different, and the development about the network is completely different.

What’s more, there is no common network on earth, let alone a central computer goddess to control all the networks.

For example, if Ji Feng was really an agent himself and wanted to go to another country to carry out a mission, but the other country’s network technology was really too advanced, I am afraid that even if he got hold of the other country’s password, he would not be able to get the information he needed.

The only way is to surpass the other side’s technology.

Innovation, therefore, became an essential skill.

The reason why the intelligent brain did not allow Ji Feng to see the physical existence right at the beginning was actually to allow Ji Feng to understand this technology at a deeper level, so that he could learn to innovate by example. In this way, even if the other party’s technology was more advanced, it would definitely not be able to stop Ji Feng.

“Isn’t this making me a hacker?” Ji Feng muttered in bewilderment, according to his understanding, this is undoubtedly to make himself a hacker, like in that movie and in, don’t hackers rely on surpassing the other party’s technology and stealing intelligence and other information?

“It’s against the law to do so!” Ji Feng bristled.

Zizi!

Suddenly, a sound of electricity rang out, and in the next moment, only a snap was heard, and Ji Feng felt his body stiffen violently, and an unbearable feeling instantly spread throughout his body!

“Intelligent brain, what are you doing?!” Ji Feng let out a low roar, “Why are you using bio-currents against me?”

“Previously, the master had agreed to be taught by the wise brain to learn this technique as well as the second set of movements. According to the tutorial formulated by the Wise Brain, the master will be punished if he becomes bored with the learning!” The intelligent brain explained.

Ji Feng couldn't help but roll his eyes, the tutorial formulated by this intelligent brain was too perverted, right? He had only complained casually, but he had to be punished?

In his heart, he swore, but Ji Feng didn't dare to say it out loud, who knew if the intelligent brain would give him another blow.

He could only smile bitterly, “Alright, let's continue studying then!”

“I don't know how long this perverted tutorial will take to end!” Ji Feng grumbled in his heart.

However, he was very adaptable and soon concentrated, continued to listen to the wise brain and tried hard to remember every word it had said, Ji Feng suspected that if he was slow in learning, he didn't know what other punishment he would receive!

What's more, he also wanted to learn it sooner, to try to create that magical light curtain as soon as possible, when the time comes, it will certainly set off a frenzy!

.....

When Ji Feng's consciousness withdrew from his mind, his body was already drenched in sweat and his spirit was somewhat aggravated. Practicing the second set of moves once and struggling to learn new techniques once, this was undoubtedly a huge drain on the spirit.

However, while Ji Feng was mentally exhausted, he felt so full of strength that he even felt that he could now kill a cow with one punch!

Moreover, he, who had not eaten for a day, was surprisingly not hungry at all.

“It seems that this second set of movements is really a set of cultivation methods!” Ji Feng lay on the bed, closed his eyes to recover his spirit, and secretly pondered in his heart that based on the effect of this set of moves, this definitely couldn't be called a body-building exercise anymore.

Who had ever seen a gymnastic exercise that could generate powerful bio-currents in a person's body? If there was, I'm afraid it would have already taken the world by storm!

The world's most popular gymnastics?

If this gymnastic exercise was taught to Zhang Lei and Tong Lei, it must be of great benefit to them as well, right?

Thinking of this, Ji Feng once again concentrated his mind and his consciousness entered his mind.

“Master, what are your orders?” The intelligent brain saw Ji Feng enter again and asked at once.

Ji Feng was so intent on asking about bodybuilding exercises that he didn't even notice that Wise Brain was more human than before, in the past when Ji Feng entered his mind, Wise Brain never took the initiative to ask Ji Feng what he wanted!

“Wise Brain, this bodybuilding gymnastics that I practice, if I teach it to others, there shouldn't be any problem, right?” Ji Feng asked directly.

“This system is now owned by the master, it's the master's right to teach it to whomever he wants!” The intelligent brain said.

Ji Feng was instantly pleased and nodded, saying, “Then, if it's practiced by other ordinary people, approximately how long will it take to see the results?”

“Master, it depends on the practitioner's body, the master was able to completely master the first set of movements in just a year's time because of the stimulation of the bio-current.” The wise brain said, “If there was no bio-current stimulation, according to the information the wise brain has collected on the Earth's human physique, it would take at least three years.”

“Three years” Ji Feng couldn't help but shake his head, “That's too long, is there any way to shorten the time?”

“Back master, there is indeed a way, but master can't do it right now.” The intelligent brain said.

“What way?” Ji Feng instantly came to life, just because he couldn't do it now, didn't mean he couldn't do it later.

“The second set of movements that master is practicing now will cause bio-current to be generated in master's body, when the bio-current in master's body accumulates to a certain level, he can manipulate the current and channel it into other people's bodies, in this way, he will be able to achieve the desired effect.” The intelligent brain explained.

Ji Feng instantly understood, dare I say, it was because his own ability was not enough.

He couldn't help but ask anxiously, “Then how long do I have to accumulate before I am able to channel bio-currents into other people's bodies?”

The intelligent brain said, “The master must at least be able to run the bio-current to every corner of his body before he can transmit it to others' bodies.”

“Every corner?” Ji Feng was a bit dumbfounded, his current level was only able to flow bio-current along his limbs and small abdomen, there was still a long way to go before he could transmit to every corner.

“According to your estimation, how long do you think I have before I can reach this standard?” Ji Feng was a little anxious, because he knew very well that the sets of movements he practiced were definitely not simple. And if an ordinary person wanted to practice, naturally the earlier the better, it was like practicing martial arts, naturally it was best to lay the foundation from a young age, starting out halfway would definitely not lead to much success.

“Master, with your current level, if you want to transmit bioelectricity at will, it will take at least two months, moreover, you will have to practice every day without interruption within these two months.” The intelligent brain said.

“Two months? Great!” Ji Feng was immediately overjoyed, and he nodded vigorously, “Intelligent Brain, what do I need to pay attention to when passing bio-currents to ordinary people?”

“The first time you pass it on, it can’t be too violent, because the ordinary person’s body, can’t bear it.” The intelligent brain said.

Next, Ji Feng asked for some more precautions before he exited his mind with a satisfied heart.

His face couldn’t help but show a hint of joy, “Great, in two months’ time, Lei Zi and Lei Lei can both practice this set of moves, as well as Yu Xuan. If possible, teach these sets of moves to your parents again.”

Through this year-long practice, Ji Feng had thoroughly understood that the sets of movements he practiced could not only make his body healthier, but more importantly, they also seemed to have great benefits for the mental aspect. At least, Ji Feng had never said that he was mentally exhausted, which was obviously due to those sets of movements.

Not only that, practising these few sets of movements could also make an ordinary person, in the shortest possible time, become a master.

Ji Feng did not ask the people around him to become experts too, but, at least, he wanted them to be healthy and not have any problems.

You know, the medical technology nowadays, Ji Feng could not believe it, especially some of the hospitals in the country, which made a lot of people talk about it.

Of course, as to whether there were other effects of these sets of moves, Ji Feng did not know yet, but the known benefits alone were enough to make many people’s eyes water.

With an idea in his mind, Ji Feng couldn’t help but wave his fist in excitement.

Returning to his senses, Ji Feng looked at the time and couldn’t help but be astonished that it was already past eight in the evening!

“In that case, hasn’t he been practicing all day?” Ji Feng touched his stomach, how come he didn’t feel hungry?

He was amazed and thought, “Could it be that practicing the second set of movements can still manage to get full? Wouldn’t that be the same as the legendary Gods’ Purging?”

Ji Feng did not know how precious the bio-current was to the human body. Under the stimulation of the bio-current, the body’s ability to absorb the energy in food, which it could not fully absorb, now became substantially higher.

With energy, it naturally did not feel hungry.

“Bad!” Ji Feng suddenly remembered something and slapped his forehead, “I almost forgot, I have to have dinner with Yu Xuan today.”

He hurriedly picked up his phone and instantly found that there were four missed calls on it, all from Xiao Yuxuan.

He immediately called back, “Yu Xuan, where are you, I’m coming over now!”

Xiao Yuxuan couldn’t help but be angry, “You still know to call me? Little guy, you’re too unpunctual!”

Ji Feng couldn’t help but laugh bitterly, and couldn’t explain, so he could only apologize.

“Hmph, forget it, I’m waiting for you in front of the school, hurry up and come over!” Xiao Yuxuan also knew that Ji Feng was a very punctual person, and there must be a reason why he almost stood himself up today.

What’s more, Xiao Yuxuan wasn’t a person who liked to make a scene, the flirtatious her actually preferred to talk to Ji Feng in a gentle and watery manner. It was just that this little guy was so bad that he made her shy and uncomfortable every time.

In a restaurant next to the school, Ji Feng and Xiao Yuxuan sat opposite each other.

“Say, why did you come so late today?” Xiao Yuxuan asked.

Ji Feng let out a sarcastic smile, “I was careless and ended up oversleeping.”

Xiao Yuxuan was instantly angry and amused, “You slept in broad daylight? After going to university, you relax yourself like this, huh?”

Ji Feng glared at her, “How can you talk? Do you know who you’re talking to? I’m your boyfriend, I’m not your student anymore!”

“Giggle ……” Xiao Yuxuan suddenly laughed delicately, “Fine! You’re my boyfriend.”

Xiao Yuxuan was not offended by this macho performance of Ji Feng, in fact, Ji Feng’s calm demeanor, as well as his maturity, almost made Xiao Yuxuan forget about his age.

The two of them ordered a few dishes casually. Xiao Yuxuan was not a person who was greedy for enjoyment, and Ji Feng was even more used to living a hard life, so it was never his habit to waste.

“The food in this restaurant is okay, but it depends on who you’re eating with.” Ji Feng chuckled as he gave Xiao Yuxuan a piece of meat, “If it’s with someone you hate, it’s hard to say whether you can sit down or not, let alone eat.”

“Yeah.”

Xiao Yuxuan smiled and nodded, then suddenly remembered something and said, “Right, I seem to have seen an acquaintance in front of the school today.”

“Who?” Ji Feng asked without thinking.

“Hu Xuehui!” Xiao Yuxuan hesitated for a moment before she said.

Ji Feng's eyebrows instantly furrowed, "She's also at United University? That can't be right?"

United University was not an ordinary university, and Ji Feng vaguely remembered that it seemed like there were only three or four people who had been admitted to United University in the entire second middle school of Mang Shi County, and there didn't seem to be Hu Xuethui among them.

Although Ji Feng had already met Hu Xuethui twice in Jiangzhou, he really didn't know which school Hu Xuethui was at. He carefully recalled those two meetings, and it seemed that the other party never mentioned anything about which school she was at.

"I'm not too sure about this, I was driving out, so she didn't see me and we didn't talk." Xiao Yuxuan faintly shook her head and said.

Ji Feng couldn't help but hum, "Don't deal with her in the future, just treat her as a stranger."

For Hu Xuehui, Ji Feng really remembered it in his bones, the thing that made Ji Feng feel the most humiliated during the entire three years of high school, or even say, in the ten years before he went to university, was what Hu Xuehui did.

Although he had decided a long time ago that he would not have a half-hearted relationship with Hu Xuehui, Ji Feng still would not forget the humiliation of the past so easily, only that he never mentioned it, but buried it deep in his heart.

"I know what to do!" Xiao Yuxuan faintly nodded her head. Although she was also once Hu Xuehui's teacher, but, now she was Ji Feng's girlfriend, and she still had a clear distinction between the two.

"By the way, Hu Xuehui's brother-in-law, the one called Wu Changqun, you should be able to inquire what he does, right?" Ji Feng suddenly asked, "As I recall, he should be in business related to jade, so you can keep an eye on him for me."

Xiao Yuxuan glared at him, "What, want to deal with him secretly? You mustn't become so bad."

Ji Feng smiled, "As long as he doesn't cross me anymore, how would I have the time to deal with him? However, if he acts like he did the other day again, then we can only blame him for seeking his own death!"

Xiao Yuxuan hesitated for a moment before nodding slightly, "Alright, I'll keep an eye out for you, but promise me that you won't take the initiative to deal with others, I don't want you to turn into someone like Li Weidong!"

She knew very well that even if she didn't keep an eye on it, with Ji Feng's status, if he wanted to deal with Wu Changqun, it would only be a matter of words, it would be better for her to supervise Ji Feng.

Ji Feng smiled and nodded his head, "Don't worry, it won't happen. I'm not like those people."

Xiao Yuxuan gave a hmmm and opened her mouth, wanting to say something but then stopped.

Ji Feng couldn't help but ask, "If you have something to say, just say it, what else can't you say to me?"

Xiao Yuxuan's pretty face reddened a little: "It's like this, I came home today and my mum saw the text message in my phone, she said wants you to come to my house!"

“Ah?!” Ji Feng froze.

Chapter 174

“Go, to your house?” Ji Feng’s mouth opened wide and looked at Xiao Yuxuan in a dumbfounded manner before he reacted after a long time, “You mean to say that your mum wants to see me?”

“Yes, whoever let you send me those ambiguous language text messages was seen by my mother. Under her questioning, I could only confess.” Xiao Yuxuan giggled, “What, are you scared?”

“Ha!”

Ji Feng’s face changed and he said forcefully, “Are you kidding, I would be afraid?”

“Then why don’t you say anything, or are you saying that you don’t want to go to my house?” Xiao Yuxuan hummed, her tone had become somewhat unkind, “Little guy, you can’t drop the chain at a crucial moment, otherwise, I will definitely not care about you anymore in the future.”

The family had already been quite critical of her choice of boyfriend, especially after Li Weidong’s affair came up, Xiao Yuxuan’s ex-boyfriend, He Dong, was even more scorned by Xiao Yuxuan’s entire family. Now that Xiao Yuxuan has easily decided on Ji Feng, her father is still a bit disapproving, so if Ji Feng backs out again at this time, I’m afraid there’s really no hope for the two of them.

Seeing Xiao Yuxuan’s anxious expression, Ji Feng pondered slightly, and only after a long time did he ask in a low voice: “Yuxuan, is it that your family doesn’t agree with us? Or is there some other difficulty?”

“No, no!” Xiao Yuxuan forced a smile, “There really isn’t, don’t think too much about it.”

Ji Feng’s brow furrowed and he didn’t say anything.

Xiao Yuxuan suddenly laughed, “Well, I was going to tell you after a while, it’s like this, because of what He Dong once did that’s why it made my parents look at my search for a boyfriend with a lot of disdain.”

“And then what?” Ji Feng asked.

Xiao Yuxuan laughed bitterly, “Then they wanted to introduce me to a boyfriend!”

Ji Feng’s eyes suddenly narrowed as he frowned and asked, “So, your parents asked me to go to your house to actually try to convince me not to get involved with you? Is that right?”

“Of course not!” Xiao Yuxuan laughed bitterly, “Although my mother is a bit sarcastic in her words, my father is still very open-minded, he won’t ask too much about me, this time, in fact, my mother seems to have invited someone else.”

“Other people?” Ji Feng suddenly realized, “The person your mother invited, is that the person she wanted to introduce to you?”

Xiao Yuxuan faintly nodded her head.

Ji Feng instantly laughed, "Such a dogged bridge again."

Xiao Yuxuan instantly glared and snapped, "You're not allowed to say that, in fact, my mum is also doing it for my own good, you shouldn't blame her. In fact, what really made my mother have a problem with you was what He Dong did. Also, my cousin aunt has been trying to introduce me to someone and has been agitating my mum to keep me from going out with other men privately."

Ji Feng rubbed his chin and mused, "Hmm... in that case, this time when I visit your house, it might as well be a divine feast."

"Fuck you! What Hongmen Banquet!" Xiao Yuxuan snapped.

"You didn't tell your parents about my true identity?" Ji Feng asked with a smile.

"If I had told them, would my cousin aunt still dare to introduce me to a boyfriend?" Xiao Yuxuan glared at him, "When we get to my house, you can't make a bad move, I won't be done with you if you scare my parents then."

Ji Feng instantly laughed, "Don't worry, I know how to handle it."

What Xiao Yuxuan said didn't really have much effect on Ji Feng, whether Xiao Yuxuan's parents agreed or not, it didn't have much effect on him. As for Xiao Yuxuan's cousin's aunt, that was even less of a threat.

"If I can't, I'll just beat him up, whatever his status is!" Ji Feng muttered darkly, when it came to his girlfriend, Ji Feng would not be a modest gentleman, not to mention engaging in any fair competition, the other party had better not even think about it, otherwise, Ji Feng would rather be a violent maniac and bully people once.

"Ji Feng, let's just set the time for tomorrow night, the day after tomorrow is the last day of the holiday, Lei Lei should be back by then, don't affect the relationship between you!" Xiao Yuxuan couldn't help but tease at the end of her sentence.

Ji Feng couldn't help but blush, what he was most afraid of, was Xiao Yuxuan flirting with him and Tong Lei's affairs.

Seemingly knowing Ji Feng's thoughts, Xiao Yuxuan couldn't help but giggle, "Okay, no more jokes, I'll pick you up tomorrow afternoon."

Back at the dormitory, Ji Feng couldn't help but shake his head and smile, he couldn't imagine that he would have to meet his parents so soon.

He suddenly had a thought in his heart, and wondered if his parents would be satisfied with Xiao Yuxuan?

"It's really" Ji Feng laughed dumbly, "Even if they are not satisfied with Yuxuan, what can they do? I'm not the kind of good boy who listens, and besides, mother will certainly not easily deny her choice,"

No one knew his mother's character better than he did, the woman who loved him the most would not be able to bear to see herself disappointed.

Ji Feng clearly remembered that when he was in primary school, he once wanted a new school bag, not wanting to carry the ragged cloth school bag his mother had made by hand anymore.

As a result, Xiao Soumei did not rest for three consecutive nights and insisted on picking up rags, especially some drink bottles near the rubbish heap, to get the money for a new schoolbag.

This incident was forever remembered by Ji Feng. From that time onwards, Ji Feng would never ask his mother for anything again. Even if he used the most ragged school bags, the worst stationery and wore the cheapest clothes, Ji Feng's heart was still warm. Because he knew that these were all his mother's heart and soul.

It was also because of this that Ji Feng understood how much his mother really loved him.

What's more, Xiao Yuxuan was already incredibly gentle and ice-cold smart, so his mother would definitely not hate her.

Thinking of his mother, Ji Feng's heart immediately became anxious again. He must make the bio-current accumulated in his body reach a certain level as soon as possible, and only then would he be able to get everyone around him to start practicing these sets of moves sooner as well.

"If these sets of movements have the effect of prolonging life, then it would be even better!" Ji Feng smiled faintly, and after washing up, he lay down on the bed again, his consciousness entering his mind.

If there were outsiders around, they would have noticed that at this moment, there was a faint layer of flowing light faintly flowing on Ji Feng's body, and on his face, there was also a kind of faint light flowing.

This situation is simply like the legendary scene of an immortal cultivating immortality, if a person with little guts saw it, I'm afraid they would be scared out of their wits.

Fortunately, at this time, it was during the eleventh month holiday and there was no one in the dormitory, so no one noticed the abnormal situation on Ji Feng's body.

When he woke up early in the morning, Ji Feng felt a hundred times more energetic, as if his body had inexhaustible strength, and he even felt as if his body was much lighter.

"Could it be that this night's practice has made some changes to his body again?" Ji Feng was a little puzzled as he got off the bed and jumped gently in place.

Whoosh!

Ji Feng was frozen in his tracks.

He looked dumbly at his feet and couldn't help but be stunned. With that slight jump just now, he had actually jumped onto the table in the middle of the dormitory just like that!

"It can't be that exaggerated, can it?" Ji Feng thought dumbly.

He jumped down from the table and couldn't help but be excited in his heart, "It seems that those sets of moves he practiced are not just body-building exercises, they are clearly secret martial arts techniques!"

“It seems that it is time to speed up the practice, this effect, too, is really shocking.” Ji Feng couldn’t help but think.

Thinking of this, Ji Feng looked at the time, it was already six in the morning, so he quickly washed up and ran towards the canteen.

The meal card had been issued long before the eleventh holiday, and Ji Feng didn’t want Yu Xuan to get up early in the morning to get breakfast, so it was better to make do with eating in the canteen.

However, Ji Feng had just run out of the dormitory when he heard his mobile phone ringing.

It was Xiao Yuxuan calling.

Ji Feng immediately smiled and picked up the phone, “Yu Xuan, you missed me early in the morning!”

“I’ve already made breakfast, come over. After breakfast, I’ll take you to buy clothes!” Xiao Yuxuan ignored Ji Feng’s teasing and forked off the topic.

“Buy, buy clothes?” Ji Feng couldn’t help but ask in surprise, “Buy what kind of clothes?”

Xiao Yuxuan laughed, “The first time you go to my house, you always need to dress decently, right? Sometimes, a piece of clothing may change other people’s opinion of you!”

Ji Feng secretly said in his heart, “I don’t need to care about other people’s opinions.

However, he didn’t dare to say this, otherwise, God knows if Xiao Yuxuan would storm out.

“Alright, I’ll go over there now!” Ji Feng finished speaking and hung up the phone, muttering in his heart, “If I had known this, why not just let me live in your flat? It would also save me from having to run there every day.

“Well, I must suggest it to Yu Xuan later, you can’t always let your boyfriend sleep in the dormitory, right?” Ji Feng couldn’t help but say.

The breakfast Xiao Yuxuan made was always something to look forward to, and today’s was equally no exception. A simple bowl of soy milk and a few noodle skins made Ji Feng eat with gusto.

“Eat a bit more, there are a few challenges today!” Xiao Yuxuan tenderly picked up a noodle skin, rolled it with squash and fried egg, and handed it to Ji Feng, “We’re going shopping in the morning to buy clothes for you, and we’re going to my house in the evening, maybe we’ll have to deal with that snobbish cousin of mine, and maybe that equally snobbish cousin will come over too! I’m afraid it will be even more lively if cousin’s aunt’s husband comes along as well.”

Ji Feng was stunned and asked in amazement, “You said your cousin aunt is snobbish, so is she looking down on your family, or is she trying to flatter your family?”

If Ji Feng remembered correctly, Xiao Yuxuan’s family was running a company, so it should be that Xiao Yuxuan wanted her cousin aunt to want to flatter Xiao Yuxuan’s family.

But listening to Xiao Yuxuan’s tone, it seems to be very headache that cousin aunt, does it mean that the strength of her cousin aunt’s family is even stronger than Xiao Yuxuan’s family?

Xiao Yuxuan shook her head and said, "It's not like anyone is flattering anyone, it's just that my father is a kind person and my cousin aunt thinks she has some money, so she is arrogant."

Chapter 175

Ji Feng suddenly dawned on him and laughed: "It seems that your cousin aunt's family is also considered good, otherwise, with her snobbish character, I'm afraid she would have long been on the pole to befriend your family, where she still dares to meddle in your affairs haphazardly wait a minute!"

Speaking of this, Ji Feng suddenly remembered something and could not help but look at Xiao Yuxuan in surprise: "I say, does your cousin aunt want to introduce you to a good boyfriend or want to use you as a door knocker to befriend other people?"

With a snobbish character and a bit of money in her family, it was only reasonable that she should not be so concerned about Xiao Yuxuan's marriage. But now, her cousin aunt's approach was obviously somewhat abnormal, unless Ji Feng felt that his guess should be correct, he didn't think that a snob would be genuinely good to his relatives, or some kind of conscience.

Xiao Yuxuan looked at Ji Feng, the beautiful eyes could not help but flash a strange color, a light sigh: "I really do not know how your brain is long, I just casually introduced two sentences about my cousin aunt's family, you can guess these, really"

"Looks like I guessed right!" Ji Feng smiled faintly, "Really what?"

"It's really perverted!" Xiao Yuxuan giggled as she said the words she hadn't finished.

Ji Feng glared, "It's against you! How dare you say that about me, do you still want my family law to serve you?!"

Xiao Yuxuan suddenly blushed, but she knew what Ji Feng was referring to as the family law, she couldn't help but whisper, "Stop it, hurry up and eat, I still have to go shopping for clothes!"

"That's fine!" Ji Feng shook his head, "Since tonight is destined to be a Hongmen Banquet, and I'm representing your face, then naturally I have to put on a good show, I can't let you not have a bit of face in front of that snobbish cousin aunt of yours, in that case, your parents' faces won't be honored either."

"That's more like it!" Xiao Yuxuan couldn't help but giggle.

After they finished eating, the two of them drove Xiao Yuxuan's red Volvo and headed for Jinling Road again.

"First of all, you're not allowed to pay for it today. Last time, that pair of Vacheron Constantin watches, which I had agreed to give to you, turned out to be paid for by you."

Xiao Yuxuan drove the car and couldn't help but say with a small mouth. This time Ji Feng still didn't have the chance to drive, ever since Xiao Yuxuan had seen Ji Feng's crazy car skills, as long as he was in front of her, Ji Feng's right to drive was denied.

Ji Feng couldn't help but chuckle: "Okay, no problem. Who let me get close to a rich woman!"

“Screw you!” Xiao Yuxuan couldn’t help but feel a little shy, she was already a few years older than Ji Feng and had more or less a strange feeling in her heart. Now that Ji Feng said this again, she became even more uneasy in her heart.

Ji Feng laughed, he naturally knew what Xiao Yuxuan was thinking, however, his aim was to make Xiao Yuxuan dispel her worries, so he didn’t care about her complaints at all.

“Ji Feng, come and take a look at this piece of clothing!”

In the mall, Xiao Yuxuan was holding a black casual jacket and shouted to Ji Feng, “I think this dress suits you oh so well!”

Ji Feng couldn’t help but smile bitterly and walked over, in his hand, he was already carrying three or four bags, these were all picked by Xiao Yuxuan for him, and they were not in the same mall.

After receiving the jacket, Ji Feng walked into the dressing room without even looking at it. This morning, he had been looking at clothes and trying on clothes, which had already made him dizzy and dazzled, and by now, he was almost numb.

After haphazardly changing his clothes, Ji Feng walked straight out.

Xiao Yuxuan was originally walking back and forth in the fitting area, buying clothes for Ji Feng, she didn’t feel tired at all, let alone bothered. Dressing up her boyfriend handsomely with her own hands, this was the happiest thing for every woman.

Snap!

The door of the fitting room was opened and Ji Feng walked out.

Swish! Everyone’s eyes went straight, including Xiao Yuxuan and some of the other customers, not to mention the sales ladies.

Ji Feng was wearing simple casual trousers underneath, a black jacket on top and a pair of simple brown casual leather shoes on his feet.

Yet it was such a simple combination that, when worn on Ji Feng’s body, gave people an extraordinarily spiritual feeling.

Xiao Yuxuan’s beautiful eyes couldn’t help but have a different colour in them. Many people have said that the same clothes worn on different people will produce different effects, and even make a huge difference.

For some people, even the most expensive clothes may look like the most ordinary work clothes on their bodies, and they may even look a bit sloppy. But for others, even wearing work clothes, they can wear the effect of the most flamboyant outfit.

Obviously, Ji Feng was the latter type of person!

At this moment, Ji Feng’s whole person looked extremely handsome, especially that rigid face, thick eyebrows and those deep eyes, as if they could pierce through people’s hearts.

Jade trees, sunny and handsome all the words that can be thought of are not overly used on Ji Feng's body. At this moment, no one at all realizes that in reality Ji Feng is not that handsome, but that aura on his body makes people completely ignore his looks.

Not only Xiao Yuxuan, but all the women present were in a state of disbelief, and even some of the open-minded women looked at Ji Feng with fiery eyes.

"Hey, handsome, I happen to be buying clothes for my brother, his figure is similar to yours, can you help me try them on?" A voluptuous young woman walked over and threw a wink at Ji Feng.

"Me?" Ji Feng was stunned.

"Yes." The young woman smiled sweetly, "My brother didn't come with me, and although I know the size of the clothes he wears, I'm afraid that I won't fit too well when I buy them back, so I want to ask you to try them on for me."

"This" Ji Feng was thinking of how to refuse, he who rarely dealt with women could not think of anything to refuse for a while, moreover, this young woman was not annoying.

"Sorry, my boyfriend still has to accompany me to buy clothes, so I can't help you try!" Xiao Yuxuan suddenly walked over and took Ji Feng's arm, saying to the young woman with a smile on her face.

Seeing the beautiful Xiao Yuxuan, the young woman couldn't help but have a look of disappointment flash across her eyes, but her face was calmly smiling, "That's really a pity, I'll find someone else."

"Ji Feng, let's go and pay!" Xiao Yuxuan smiled cheekily and pulled a crying and laughing Ji Feng away.

Just a short distance away, Ji Feng suddenly felt a pain in his waist, and Xiao Yuxuan's warning voice came to his ears, "Little rascal, don't make out with another woman like that!"

A few black lines sprang up on Ji Feng's forehead, did he make out with other people? From the beginning to the end, it was only a single word. However, Ji Feng obviously understood very well that reasoning with a woman would have one result – to end up miserable.

So Ji Feng just nodded slightly, "Fine, fine! No making out with other women."

Only then did Xiao Yuxuan smile in satisfaction, "Count on your good sense, if I find out that you dare to make out with other women besides Tong Lei and me, humph"

Hmph what, Xiao Yuxuan did not say further, but Ji Feng could not help but wince, it was clear that behind the two words humph, must be very serious consequences, it is better not to know!

In the morning, the two bought a dozen pieces of clothes, most of which were Xiao Yuxuan's. The money spent on these clothes together made Ji Feng's eyebrows jump, more than 80,000!

Although this money was nothing to him now, but, growing up Ji Feng had never spent so much money at one time, for many people, 80,000 yuan could do a lot of things. If it was put in the past, that could be the living expenses of Ji Feng's mother and son for a few years!

"It's really extravagant!" Ji Feng couldn't help but shake his head and give a bitter laugh.

After eating lunch, Xiao Yuxuan gave a detailed introduction of her family's situation to Ji Feng.

It turned out that Xiao Yuxuan's father, Xiao Changhe, ran a small pharmaceutical company and had business dealings with many hospitals in Jiangzhou. It was precisely for this reason that it was so easy for Li Weidong to deal with Xiao Changhe in the first place. No hospital was willing to offend the mayor's son, knowing that there were no clean hospitals nowadays.

What caught Ji Feng's attention was, instead, Xiao Yuxuan's desire to be a cousin.

According to Xiao Yuxuan's introduction, her cousin's family, was an electrical appliance agent, while her cousin's husband, was the director of the credit section of a bank, with some real power in his hands.

Such a family naturally felt superior to Xiao Yuxuan's family!

There is a saying that poor people don't fight with rich people and rich people don't fight with officials.

Although Xiao Yuxuan's family is also considered rich, but, after all, the level Xiao Changhe is in contact with is basically some hospital and health department leaders, and also to send money and gifts to say good words, basically there is no face at that level. Xiao Yuxuan's cousin's husband, on the other hand, was the director of the credit section of a bank, and many people who wanted to take out loans asked to go to him. So although his official position was not high, his words were at least useful.

Moreover, perhaps when Xiao Yuxuan's family's drug company was having trouble turning over funds, they might all beg to Xiao Yuxuan's cousin's aunt's husband.

Under such circumstances, and with Xiao Changhe being a kind person, Xiao Yuxuan's cousin's aunt's family naturally felt superior, and because of this, she dared to interfere with Xiao Yuxuan's marriage so easily.

"Ji Feng, if my cousin aunt says anything excessive at that time, you must not take it to heart, you know how I feel." Xiao Yuxuan couldn't help but say.

"Don't worry, I'll have a sense of proportion!" Ji Feng smiled and said.

"I know you have a sense of proportion, what I am afraid of is that you will not be able to hold back for a while." Xiao Yuxuan gave him a blank look.

"Hehehe, I can only hold back when I'm facing you!" Ji Feng laughed heatedly, "Yu Xuan, your charm is not something that anyone can resist!"

"Screw you!" Xiao Yuxuan's shy pretty face flushed red, "I'm talking to you in a serious way!"

"What I said was not serious?" Ji Feng harrumphed, "Alright, it's getting late, let's take a little rest and then set off for your house!"

Chapter 176

Xiao Yuxuan's home is located in the new district of Jiangzhou City, the Pujiang District.

More than a hundred years ago, this place was just a barren mudflat, and the whole of Jiangzhou, just a small fishing village. But now, it is the brightest pearl of the East, with a place to be proud of in the whole of Asia and even the whole world.

Because the family runs a drug company, the profits are very good, so in this place of Jiangzhou where every inch of land is gold, Xiao Yuxuan's home is surprisingly in a very beautiful environment, and it is a free-standing manor villa.

Standing outside the villa, Ji Feng couldn't help but raise an eyebrow: "Yuxuan, it looks like your family's drug company is not like the small company you mentioned, right? It still looks like it has a certain scale and weight!"

Xiao Yuxuan gave him a white glance and pouted, "In the whole of Jiangzhou, there are no telling how many companies like my family's, and no one in Jiangzhou dares to call themselves rich."

"That's true!" Ji Feng smiled and nodded as he suddenly remembered Qin Shujie. A woman who casually wrote cheques for tens of millions of dollars would go to squeeze a bus, so it seemed that there were really a lot of rich people in Jiangzhou, and all of them were unattractive.

Of course, there are low-key rich women like Qin Shujie, and likewise there are self-righteous megalomaniacs like Wu Changqun, who can even be said to be unaware of the heights of heaven.

There is a world of difference between the two in comparison.

"Ji Feng, later on if my cousin aunt and the others say anything unpleasant, you must be patient and not behave with them in general." Xiao Yuxuan couldn't help but admonish again, "They are all that kind of people, but they are actually not very bad in nature, for my sake, just bear with it, okay?"

Ji Feng couldn't help but laugh as he pinched her small nose and laughed, "What, in your eyes, your boyfriend is someone who is temperamental, or who has no tolerance for others?"

"Of course you have the capacity to tolerate people!" Xiao Yuxuan gave him a blank look, and there was one more thing she didn't say: when you can't tolerate, the tactics are more ruthless than anyone else!

Although he didn't know what Ji Feng had done before, but just by the fact that at Li Weidong's birthday party, Ji Feng was so majestic that he stirred up the whole party and caused Li Weidong to lose face, one could see that Ji Feng was a person who didn't move, but when he did, he would make people's scalps explode.

The first thing you need to do is to get a good idea of what you are getting into. But the more such a person is, when he moves and becomes angry, it is not something that anyone can bear.

Xiao Yuxuan had seen with her own eyes that even her best friend, Xiao Ling, had shown no mercy when she had touched Ji Feng's bottom line, and if she had not begged for mercy, I was afraid that Xiao Ling would have spent the next few years in jail.

Xiao Yuxuan should have been happy that she had such a boyfriend, but now she had a relative who spoke harshly and was a snob, and today, Ji Feng and her relative were on opposite sides.

Xiao Yuxuan was afraid that her cousin aunt would do something excessive and really anger Ji Feng, at that time, although Ji Feng would not do anything to her cousin aunt's family for the sake of Xiao Yuxuan. But what kind of person was Ji Feng? He was the future TZ!

There are many things that he doesn't need to do, he doesn't even need to give a command, when the time comes, once someone learns about his transgressions with others, I'm afraid that they will have already taken the initiative to deal with those people, this is a good channel to befriend Ji Feng.

Moreover, those people did so, even if Ji Feng knew about it, he might not stop it, and this is what Xiao Yuxuan was worried about. So she could only urge Ji Feng again and again to never get angry.

Xiao Yuxuan also secretly decided that later on, if her cousin aunt really said anything excessive, she would definitely throw her out without mercy.

Seeming to know what Xiao Yuxuan was thinking, Ji Feng laughed and said, "Don't worry, as long as they don't go too far, I won't be ordinary with them. I didn't come here to meet them, but to meet my uncle and aunt."

Xiao Yuxuan nodded slightly at once, the meaning of Ji Feng's words was clear, he was here to see his parents, if the cousin aunt was very excessive by then and his parents didn't show anything, then Ji Feng wouldn't have any scruples.

"Let's go!" Xiao Yuxuan gave him a scornful look, this little guy, was even more imposing than before.

The duo parked the car in the garage next to the villa and prepared to enter the villa directly through the side door, but Xiao Yuxuan's pretty face was a little scarlet.

Ji Feng was surprised and asked, "What's wrong?"

Xiao Yuxuan's pretty face turned even redder, "That, I, I forgot to bring the key."

"....." Ji Feng was dumbfounded, between the garage and the villa was a fence with a gate in the middle, and Xiao Yuxuan hadn't even brought the key, so it seemed that the two of them could only go around through the gate.

"You, it's not a good habit to lose things." Ji Feng smiled and said something.

"Nasty!" Xiao Yuxuan blushed and gave him a flirtatious white glance, but in her heart, she was shy and embarrassed, secretly saying, it's just that she was bringing her boyfriend to meet her parents, why is she still nervous to this extent, it's really so useless!

Xiao Yuxuan was not usually so forgetful, but today she was really a bit nervous, which made her forget to bring the key.

There was no choice but for the two of them to go around through the front door.

However, just as they were walking from the garage towards the front door, Xiao Yuxuan's face suddenly changed.

"What's wrong?" Ji Feng was the first to notice that something was wrong with Xiao Yuxuan and asked at once.

"He Dong is here!" Xiao Yuxuan said in a low voice.

Ji Feng immediately looked up, and sure enough, he saw that outside the garage door, He Dong was constantly pacing back and forth and hovering, and his face seemed to carry a nervous look.

“Let’s go over there and ignore him.” Ji Feng said with a smile, this person, He Dong, he really didn’t put it in his eyes, no matter if it was hands or in terms of strength, He Dong was no longer comparable to him.

With Ji Feng beside her, Xiao Yuxuan’s heart was immediately at peace, she smiled sweetly and nodded her head.

He Dong also saw Ji Feng and Xiao Yuxuan at this time, and he hesitated for a moment before he quickly walked over. Only, if one paid attention to his walking posture, one would notice that at this moment, he seemed to be limping a bit.

“Yu Miss Xiao, Mr. Ji!” He Dong shouted slightly respectfully.

“He Dong, we have long been strangers, what are you doing in my house?” Xiao Yuxuan asked warily, if this He Dong was trying to take revenge on her family, it would be impossible to guard against that!

He Dong immediately said, “Miss Xiao, don’t misunderstand, I came here today to beg Miss Xiao to spare me, I’m not asking you to forgive me for the things I did before, I just beg you to let me live, please!”

He had a pleading look on his face, and his heart was even more miserable.

Ever since Li Weidong’s birthday party, He Dong had become a thorn in Li Weidong’s side, and was severely beaten up and then thrown out.

Since then, He Dong has also lost his job and has nothing left. He tried to find a new job, but no matter what job he found, it would only take a week at most before he was thrown out by his boss, and he was not even paid a dime.

At first he argued his case and wanted his share of the salary back. But the boss’s words made his body cold, “You want your salary? Fine, go and ask Li Gongzi for it.”

He Dong was shocked, he realised that beating himself up was just the beginning, Li Weidong had no intention of letting him go.

Seeing that he had offended Duke Li, He Dong knew that he really could not get along in Jiangzhou, and if he continued to persist, he feared that he would eventually be thrown into the river and fed to the fish.

So, He Dong chose to leave.

However, just as he arrived at the railway station, a group of punks rushed over and beat up He Dong for no reason at all, then took off.

He Dong was desperate. Li Weidong was clearly trying to push him to death, but he had no way to resist.

He never thought of going to the police or looking for help because he knew very well that in Jiangzhou, if Li Weidong wanted to deal with him, there were countless ways to do so and, moreover, he could not leave Jiangzhou.

In the end, He Dong thought of Xiao Yuxuan, or to be precise, he thought of Ji Feng.

In the whole of Jiangzhou, I am afraid that the only person who could save him was Ji Feng.

Naturally, Ji Feng and Xiao Yuxuan did not know about what had happened to He Dong, and they did not want to know either.

When they suddenly saw He Dong in this state today, they were astonished. After glancing at each other, Ji Feng asked in a deep voice, "What's going on, and spare you? I think, it should be you who spared us, right?"

When He Dong heard this, his eyes burst into tears, and he quickly rushed to tell what had happened to him over the past period of time before finally saying, "Miss Xiao, Mr. Ji, you are the only ones who can save me now, can you give Li Weidong a call and ask him to spare my life? I promise that I will never appear in Jiangzhou again from now on, and wherever you guys go in the future, I will get the hell out of there, okay?"

Ji Feng hesitated slightly and asked, "How can I save you? Let you leave Jiangzhou?"

"Yes yes!" He Dong nodded his head in a panic, "Just leave Jiangzhou, I just want to get out of here!"

During this period of time in Jiangzhou, he was living like he was in hell, and he couldn't even die if he wanted to, the feeling was really worse than death.

"Okay, you go back first, I will contact Li Weidong." Ji Feng nodded slightly, "You can pack your things tomorrow and leave Jiangzhou, but I hope you can keep your word, if you come back later"

"If I come back again, I will be struck by lightning from heaven!" He Dong shouted in a panic, but he did not dare to come back, where is this place the Pearl of the East, it is simply hell for him.

"You can go, just leave normally tomorrow." Ji Feng waved his hand.

"Thank you, thank you, Miss Xiao, in the past I was an animal and did many things that were not human, I'm sorry!" Having received Ji Feng's promise, He Dong actually cried out in excitement.

"Hurry up and go." Xiao Yuxuan said indifferently, her heart couldn't help but be filled with dare for Ji Feng. There was no longer the slightest bit of affection between her and He Dong, and the reason why Ji Feng let He Dong go was obviously for her sake.

"I'll leave now, I'll leave!" He Dong nodded his head in a panic.

Just at that moment, a voice suddenly came from not far away, "He Dong? Is it He Gongzi?"

Chapter 177

Ji Feng immediately followed the sound and saw two cars parked in front of Xiao Yuxuan's villa, one was a black Mercedes S600, and next to the Mercedes was an off-road car that Ji Feng couldn't name the make of.

Four people walked down from the two cars. Those who came down from the black Mercedes were a man and two women, the man was about forty years old and the other two women, seemed to be mother and daughter.

In the SUV at the back, came down a young man, about thirty years old.

And the one who spoke was the middle-aged woman.

“Cousin Aunt?” Xiao Yuxuan was stunned for a moment and then revealed a smile, “Cousin aunt, cousin aunt husband, you are here!”

“Yu Xuan is really getting prettier and prettier!” The middle-aged woman smiled faintly and then turned her gaze to He Dong, “Mr. He, is it really you?”

He Dong’s face was very ugly, anyone who was seen by others in this wretched state would be embarrassed.

Xiao Yuxuan’s cousin aunt walked over with a smile on her face as if she didn’t see it, “Aiya, Mr. He, so you’re here too, it’s been a long time, I heard that Mr. He is now working for Li Weidong? That’s great!”

“You, hello!” He Dong smiled awkwardly and peeked at Ji Feng and Xiao Yuxuan again, seeing that they didn’t react much, he was relieved. What he feared the most now was anyone mentioning Li Weidong, these three words were simply his nightmare.

Seeing that her cousin aunt’s attention was focused on He Dong, Xiao Yuxuan couldn’t help but speak out, “Cousin aunt, let me introduce, this is my boyfriend, Ji Feng.”

She turned her head to Ji Feng and said, “These, respectively, are my cousin aunt, Liu Suhong, cousin aunt’s husband Xu Changyuan, and cousin Xu Ting.”

Ji Feng politely smiled slightly and nodded, “Hello, you guys.”

Liu Suhong, however, only frowned slightly, then stopped paying attention to Ji Feng and just thought about talking to He Dong.

He Dong, however, was in a cold sweat, he naturally knew why Liu Suhong was talking to him, if he was still in a position to work for Li Weidong, Liu Suhong would naturally be trying to flatter him. But now, he had effectively become a thorn in Li Weidong’s side, and he would not dare to speak under Li Weidong’s banner anymore.

“Mr. He, I heard that you are now the department manager of Zhendong Group? Really young and promising.” Liu Su Hong giggled, but her voice was a bit shrill and sounded harsh.

This was especially true when it was heard in He Dong’s ears, the department manager of Zhendong Group was one of the worst choices for him, if he hadn’t coveted that manager position, he might have been the son-in-law of the Xiao family by now, but now, he was in an extremely embarrassing position to beg Xiao Yuxuan to help him, this was simply too ironic.

“That Miss Xiao, Mr Ji is, I will leave first, thank you very much.” He Dong didn’t dare to stay any longer, who knew what exactly this woman who he had only met once would say, if in case he offended Ji Feng, I’m afraid he would really have to go jump into the river.

“What?!”

Who knows, once Liu Su Hong heard this, she immediately screamed and asked with a face full of surprise, “Mr. He, what did you just say, Miss Xiao, Mr. Ji?!”

He Dong nodded slightly, "What's the problem?"

"Ha!"

Liu Su Hong instantly laughed mockingly, "Mr. He, even if you broke up with Yu Xuan, you can't be so out of touch. Besides, not everyone can afford the title of 'sir', a hairy child, you call him sir too?!"

Xiao Yuxuan's face suddenly changed, "Cousin Aunt, what do you mean by that? How can Ji Feng not be able to afford the word 'sir'?"

Liu Su Hong immediately giggled, "Yu Xuan, don't be overly concerned, I was just having a casual conversation with Mr. He, and didn't mean anything else."

"Humph!" Xiao Yuxuan couldn't help but coldly snort as her pretty face sank. It was fine for her to say anything about Ji Feng, but it made her uncomfortable when others did.

Ji Feng, however, had a calm face, and for him, who had been subjected to white eyes since he was a child, I'm afraid that he had a stronger tolerance than anyone else. What's more, it would be too insulting to his status to be in general agreement with such people.

However, just because he didn't care didn't mean that no one did. He Dong was one of them, and when he heard Liu Suhong actually compare him to Ji Feng and use him to belittle him, he was so scared that the sweat hairs on his body almost stood up.

"Mr. He, with some people you have to keep your distance, with a status like yours, you can't be friends with anyone, there are many people who just want to get close to you and want to flatter you!" Liu Su Hong said, and glanced at Ji Feng a few times from time to time.

Boom!

It was as if He Dong had been struck by lightning, his mind went blank and even his breathing stopped.

After a long time, He Dong finally reacted and he yelled out, "Shut up, damned bitch, do you want to get me killed?!"

He hurriedly turned his head to Ji Feng and the two of them and said, "Miss Xiao, Mr. Ji, I'll leave first, thank you!"

After saying that, he no longer dared to stay here and ran away in a panic, not even daring to turn his head back, even to the extent that, because he was running too fast, his body even staggered and he fell twice in between.

Looking at He Dong's wretched appearance, everyone present was dumbfounded, and Liu Suhong was even wide-eyed, hardly believing her eyes.

Xiao Yuxuan's originally gloomy and pretty face couldn't help but reveal a hint of laughter.

"He, he dared to scold me?" Only then did Liu Su Hong react and a look of anger flashed across her face, "I pooh! Isn't it just befriending Li Weidong, what's the point of being so exuberant?"

Ji Feng was dumbfounded, this Liu Su Hong was slim and her cheeks were very thin, her cheekbones jutted out high, making her eyes look small, but it was also this that made her look even more sarcastic and mean.

Liu Suhong's face was rubbed with a layer of foundation, at this time she frowned, a face almost squeezed together, that foundation was also wrinkled up, looking at Ji Feng and Xiao Yuxuan straight frown.

"Su Hong, it's time for us to go in." That middle-aged man, Xiao Yuxuan's cousin aunt's husband Xu Changyuan, said from the side. What no one noticed was the glint of a certain lustful look as his gaze flicked over Xiao Yuxuan's body.

Ji Feng, however, noticed it, and his brow frowned slightly before he swirled and regained his composure. However, his heart became extremely wary of this man, and even, directly put him on the blacklist.

The girl Xu Ting, who had not said anything, glanced at Xiao Yuxuan with both envy and jealousy, compared to the latter, Xu Ting really had a big gap.

Xu Ting, who was in her twenties, was about 1.58m tall, not very tall, but her body was slightly chubby, which was a bit different from that of her slim parents.

What Ji Feng noticed most was the man who was following Xu Changyuan and Liu Suhong.

This man was about thirty years old, dressed in a formal suit and tie, with a pair of gold-rimmed glasses on his face, he looked like a successful man.

He also behaved very steadily, walking without panic and looking very much like a man of some standing.

However, what caught Ji Feng's attention the most was the way he looked at Xiao Yuxuan.

It was obvious that this man had some interest in Xiao Yuxuan, because when he first saw her, a strange look flashed across his eyes. There was astonishment and other meanings.

For Xiao Yuxuan's appearance and that devilish figure, anyone who saw it would have a feeling of amazement, which Ji Feng understood, everyone had a love of beauty, which was very normal.

Only, when this man was looking at Xiao Yuxuan, there was a hint of greed in addition to the astonishment!

That's right, it's greed!

This kind of gaze, Ji Feng had once seen on a person, that person was Li Weidong.

At the beginning, at Li Weidong's birthday party, although he had gotten him into trouble, he still looked at Xiao Yuxuan with a hint of greed in his gaze, only to quickly return to normal, because he knew he couldn't mess with Ji Feng, so he dismissed the thought in his mind.

But the man in front of him was different, although he hid it well, the hint of greed, however, never diminished, but became stronger and stronger.

Ji Feng's mouth held a cold smile as he followed the crowd and walked towards Xiao Yuxuan's family's villa.

The person who opened the door was a middle-aged beautiful woman, also around forty years old.

Ji Feng immediately recognized that this middle-aged beautiful woman was definitely Xiao Yuxuan's mother, because the two looked really similar, if that middle-aged beautiful woman was younger and stood with Xiao Yuxuan, others would definitely say that this was a pair of sisters.

"Mom!" Xiao Yuxuan shouted, "Cousin aunt and the others are all here, as well as my 'friend', this is Ji Feng!"

She deliberately pronounced the word friend with a heavier tone, the implication was clear.

Mother Xiao immediately had a smile on her face, looked Ji Feng up and down, and the more she looked at him, the more satisfied she was, not only did this young man look talented, but he also had a strong face, was calm and dignified, and appeared very mature.

"Come, come, come, come in quickly." Mother Xiao enthusiastically invited all of them in, "Tingting is getting prettier and prettier, it's only been half a year since we've seen each other, she's gotten a lot prettier again, really a woman has changed."

Xu Ting immediately had a smile on her face, "Cousin aunt is the one who is beautiful, and she is getting younger and younger."

Xiao mother immediately smiled and waved her hand, "Tingting is not right, cousin aunt is already an old woman, how can she still be young Come, all sit down quickly!"

Ji Feng met Xiao Yuxuan's father, Xiao Changhe, in the living room.

This was a refined man, this was Ji Feng's first impression. Xiao Changhe was completely devoid of any semblance of a businessman, and looked as if he was a university professor, appearing very gentle and elegant.

"Sister, brother-in-law, let me introduce to you, this is the person I introduced to Yu Xuan, Tang Haiwei, Mr. Tang." Just after sitting down, Liu Suhong spoke at once.

"Uncle father, auntie mother, how are you, you can just call me Xiao Tang." Tang Haiwei looked polite and had a fluttering demeanour.

"Aiya, don't be so polite, we're almost a family anyway." Liu Su Hong giggled and said.

At these words, the living room fell silent, and Xiao Yuxuan's pretty face was so gloomy that it was almost dripping water!

Chapter 178

Xiao Changhe was the first to sense that something was wrong, and as a businessman, his powers of observation were naturally not comparable to those of ordinary people. Moreover, before this, his

daughter Xiao Yuxuan had already told him that she would bring her boyfriend home with her today, apparently the godly and handsome young man beside her.

That lad, it seemed, was called Ji Feng!

And by saying this, Liu Suhong was undoubtedly not giving Ji Feng any face at all, not taking him into consideration at all.

“Come, come! Please drink tea!” Mother Xiao walked over with a few cups of tea and placed them in front of a few people respectively, “Xuan Xuan, won’t you introduce us to your friends?”

Xiao Yuxuan immediately laughed, “I almost forgot, dad, mum, this is my boyfriend, Ji Feng.”

“Uncle father, auntie mother, how are you, I’m Ji Feng.” Ji Feng stood up calmly, without the slightest trace of nervousness, and smiled politely, looking at Xiao Yuxuan, who also couldn’t help but sigh with relief, she was afraid that Ji Feng would be too nervous to say anything.

But after a second thought, she was relieved again. With Ji Feng’s status, what would he have to be nervous about? I’m afraid that even when he arrives at the place where the entire Chinese people’s eyes are concentrated, he won’t be nervous, right? Because I’m afraid that not long after, his father will be moving into that place.

Xiao Yuxuan’s parents, Xiao Changhe and Xiao’s mother, on the other hand, were full of smiles, and Ji Feng’s performance could be described as this having a calm and steady temperament. Moreover, he seemed to have a very unique aura about him, the feeling was as if he was both somewhat of a maverick, but not out of place in his surroundings.

It’s as if wherever he sits, he’ll be the centre of attention there.

This kind of feeling, however, can only appear in some big personalities.

Xiao Changhe and his wife would not think that Ji Feng was some big shot, because they already knew Ji Feng’s identity through their daughter, who was just a freshman student. What made them feel happy was that a young man who had just started university had such a calm demeanour and would certainly achieve something in the future.

If they had known Ji Feng’s true identity, I’m afraid that the two of them would have sat down by now.

“Since you are Xuan Xuan’s boyfriend, then I’ll call you Xiao Feng.” Mother Xiao said with a smile on her face.

“Of course you can, auntie mother.” Ji Feng smiled and said.

At this moment, that thirty-ish year old Tang Haiwei’s face was a bit unsightly. He gave Liu Suhong a glance that seemed to mean, “Since Xiao Yuxuan has a boyfriend, why did you call me here?”

When Liu Su Hong saw the look in Tang Haiwei’s eyes, her face suddenly changed.

She coughed lightly and couldn’t help but ask, “Are you Ji Feng? It looks just like that, and you don’t look good either.”

“Su Hong, what are you talking about!” Xiao’s mother’s face was a little unpleasant as she spoke in a low, scolding voice; Ji Feng, a young man, had given her a good impression, but she hadn’t expected that her cousin would actually say such a thing.

Xiao Yuxuan’s face also changed, then she smiled and said: “Aunt cousin, that’s not right, men, why do you need to look so good? Men rely on their skills, not their looks.”

Liu Su Hong giggled: “Xuan Xuan, you misunderstood cousin aunt, cousin aunt is also concerned about your matter ah. Giggle Ji Feng is it? I don’t know where you are now high up in the world ah?”

Ji Feng smiled lightly, “I’m still in school.”

“Student ah,” Liu Su Hong’s face instantly revealed a condescending smile, “You are a student and Xuan Xuan is a teacher, so how did you two meet?”

“Cousin Aunt, we,” Xiao Yuxuan was just about to explain, but Ji Feng interrupted her.

“She’s a teacher and I’m a student, that’s how we met.” Ji Feng calmly admitted the relationship between him and Xiao Yuxuan.

“Ah?” Liu Su Hong was stunned and immediately screamed in an exaggerated manner, “Oh my god, you guys are actually teacher and student! This, this is simply treacherous, you guys You guys,”

She turned her gaze to Xiao Changhe and Xiao’s mother whose faces had turned ugly, and said in a shrill voice, “Sister, brother-in-law, look, what has become of Xuan Xuan, to be like those rebellious people, playing with some teacher-student relationship, if this gets out, what will others say about us? Gosh, Xuan Xuan, how could you have done such a thing!”

Xiao Changhe and Xiao mother’s faces were both hard to see, in fact, they already knew that Ji Feng was Xiao Yuxuan’s student, but they didn’t expect Liu Suhong to react in such a way, that vitriolic tone, and that exaggerated beaten up expression, was what really made them feel embarrassed.

“This what then?” Ji Feng turned his head to look at Xiao Yuxuan, “Who is this middle-aged older woman again?”

“Yes, it’s my cousin’s aunt.” Xiao Yuxuan was almost amused by Ji Feng’s serious look.

“So it’s a cousin aunt!” Ji Feng laughed, “I thought it was a thousand-year-old martyr girl!”

“Brat, what do you mean by that?” Xu Changyuan’s face instantly sank and he said angrily.

Ji Feng harrumphed, “What, am I wrong? This cousin aunt is over forty at a glance, before we know her identity, shouldn’t I call her a middle-aged aunt? What, am I supposed to call her Miss only?”

“Bang!” Xu Changyuan slapped the table violently, “Kid, what did you say?”

The title Miss had long since lost its original meaning with the changing times. When Ji Feng said these two words at this moment, the meaning was self-explanatory.

Ji Feng frowned with a bewildered expression, “Excuse me, where did I say something wrong?”

Xiao Yuxuan almost had to force herself to hold back from laughing out loud. Ji Feng's serious looking scolding was just too much to make people want to burst out laughing.

Especially when he said the words 'Miss' and 'middle-aged aunt', it was a serious look, but it was just that anyone understood that he meant something else, but could not say anything.

In some cases, it was a term of respect, but in others, it was undoubtedly a swear word. The word "Miss" was even more unnecessary.

Xu Changyuan looked at Ji Feng coldly, his teeth clenched, wanting to say something, but in the end he could not say anything.

Liu Suhong, however, couldn't help herself and said in a shrill voice, "You wild boy, why are you so uncultured, didn't your parents teach you to respect your elders?"

Oh no!

Xiao Yuxuan's heart thumped, Ji Feng's greatest taboo was when others talked about his relatives, this Liu Suhong had obviously violated the taboo. She hurriedly looked at Ji Feng and gestured with her eyes, hoping that he could hold back from getting angry.

However, when she saw a cold light flash in Ji Feng's eyes, her heart suddenly trembled and she knew, bad!

Xiao Yuxuan fiercely stood up and said angrily, "Cousin Aunt, how are you talking! How is Ji Feng uneducated? Don't forget that you are in my home now, I am the master here, I hope you will learn to respect us instead of being so sarcastic, otherwise, I don't care what your relationship with my mother is, at least, from now on you and I have no relationship!"

Her words were so loud and clear that Liu Suhong looked at her in a daze, unable to speak for a moment.

Xiao Changhe and his wife also looked at their daughter in amazement. In their eyes, their daughter, who wanted to be gentle and obedient, was so angry at this moment, so they could see how deep the relationship between her and Ji Feng really was.

The couple looked at each other and could not help but nod slightly at the same time. Although they had long known that Ji Feng and Xiao Yuxuan were teachers and students, Mr. and Mrs. Xiao Changhe had never thought of opposing their daughter because they believed that their daughter would grow up after experiencing what happened to He Dong and would no longer make mistakes like she did before.

Seeing their daughter's performance at this moment also reinforced their idea of not opposing her.

"You you" Liu Su Hong looked at Xiao Yuxuan in a daze, but in the end, she could only hum and sat there without saying anything. She didn't dare to completely flip out with Xiao Yuxuan, whether their family could pull off a relationship with Tang Haiwei, it also depended on whether the matter between Xiao Yuxuan and Tang Haiwei could come to fruition, offending Xiao Yuxuan in this situation was obviously unwise.

Liu Su Hong fiercely plucked out a glance at Ji Feng, she put all the fault of this on Ji Feng's head. It was all because of this wild boy that he had made himself look so bad.

“Xuan Xuan, how can you be so rude!” Xiao Changhe came out at the right time to reprimand Xiao Yuxuan and rounded up the situation, “Su Hong, this child Xuan Xuan doesn’t understand things, don’t forget about it in your heart, Chang Yuan, don’t forget about it in your heart either.”

“Humph!” Liu Suhong and Xu Changyuan both couldn’t help but coldly snort, those words of Ji Feng just now were also a bit too hurtful, especially those two words ‘Miss’ and ‘middle-aged aunt’ even made Liu Suhong’s body shiver with anger.

However, since Xiao Yuxuan had come forward and Xiao Changhe had also come out to round up the situation, the two of them could only leave it at that and sat down indignantly.

Ji Feng was still calm, as if nothing had happened, but if anyone had looked at him just now, they would have noticed that a cold light had flashed in his eyes.

Tang Haiwei gave Ji Feng a hostile look, it looked like the biggest obstacle before he got Xiao Yuxuan was this kid named Ji Feng!

However, seeing what Ji Feng had just said, Tang Haiwei knew that this kid did not seem to be that easy to deal with. It seemed that one could not speak from his identity with Xiao Yuxuan, but had to start from other aspects.

He gave Liu Suhong a wink.

Liu Suhong instantly understood and hummed, “That’s all, I won’t be ordinary with you two kids, but since I’m Xuan Xuan’s cousin aunt, I have the right to ask you about your situation for her, right?”

Ji Feng nodded noncommittally, with Xiao Changhe and Xiao’s mother following him around, he couldn’t very well go too far.

“It’s fine if you’re a student, after all, it’s the choice of both of you, but I’m asking a very realistic question, you still have four years to graduate, maybe you’ll do a master’s degree later, or a doctorate, at that time, it can still take almost ten years!”

Liu Suhong said, “And our family Xuan Xuan is now in the prime age of women, if she is allowed to wait for you for ten years even if she is willing again, her parents and I will definitely not agree!”

With these words, Xiao Changhe and Xiao’s mother nodded their heads, this was indeed the truth, they naturally couldn’t let their daughter wait for someone for ten years!

“Moreover, my cousin has only such a daughter, she is definitely not at ease to let her stay away, then you will need to buy a house in Jiangzhou!” Liu Su Hong giggled, “Do you know how much the house price is in Jiangzhou? When are you planning to buy a house? Have you considered all these issues?”

Chapter 179

These questions posed by Liu Suhong are an extremely difficult question for anyone who has just started university and has little or no family money at home to answer. You know, the property prices in Jiangzhou can definitely bring down a family with an average income completely.

Moreover, the age gap between the two of them is a real problem, and it is an obstacle that is placed in front of them and cannot be bypassed.

If it were an elder asking these questions, it would be for the most basic reasons, and these questions are very realistic. However, it was Liu Su Hong who asked this question, whether it was her motive or the acerbic tone of her voice, which made the others present unable to help but frown.

Ji Feng smiled lightly and didn't say anything.

"What, can't answer, can you?" Liu Su Hong suddenly giggled, the shrill laughter made people's scalps tingle and seemed harsh, "I say cousin, brother-in-law, this wouldn't be the second He Dong, would it? The one who came to our house to cheat on us and end up coveting your family's property?"

"Su Hong, don't be ridiculous!" Xiao's mother was worried about Ji Feng's face and couldn't help but say in a low voice.

Xiao Changhe's face, however, was also displeased, even if Ji Feng really was such a person, Liu Suhong said it in such a tone, not knowing to avoid it at all, which was undoubtedly also slapping Xiao Changhe and his wife in the face. Because if others knew, they would definitely say: I really don't know what kind of vision your daughter has, how come she is always looking for this kind of man, is it just a matter of being a man?

However, because Xiao's mother and Liu Suhong were cousins, so Xiao Changhe could not say anything, only his face was getting unpleasant.

"Cousin, brother-in-law, let me tell you ah, this little Tang who came with me, only thirty years old this year, is already the owner of a medium-sized company, and he didn't rely on his family, completely alone, he started his business from university graduation, until now, now his value is already over ten million oh!"

After disparaging Ji Feng, Liu Suhong naturally had to introduce her own Tang Haiwei, the proud look on her face when she spoke, as if she was talking about her son, "I say Xiao Tang ah, coming to my cousin's house, there is no need to be so formal, just as well, you and my cousin's husband are both businessmen, you can exchange business experience together, so there is also more common language."

"What Auntie Liu said is right." Tang Haiwei smiled elegantly, took out a packet of cigarettes from his pocket and handed one to Xiao Changhe, "Uncle, have a cigarette!"

Xiao Changhe hesitated slightly before taking the cigarette over, and Tang Haiwei then lit it for him. Tang Haiwei then handed another one to Xu Changyuan, and the three of them swallowed the smoke together.

The important thing was that Tang Haiwei did not give the cigarettes to Ji Feng!

It was as if, Ji Feng was just a small child, or just an insignificant person.

For Chinese people who used cigarettes and alcohol as a common social tool, doing so was undoubtedly very disgraceful to others, and by doing so, Tang Haiwei clearly wanted to make Ji Feng lose face for once.

Xiao Yuxuan immediately looked unhappy, not giving face to Ji Feng, she was naturally very uncomfortable in her heart.

On the other hand, Ji Feng only smiled slightly, originally he thought that Tang Haiwei was a strong enemy that he was wary of, but now it seems that this Tang Haiwei is just like that.

If you treat a person as an opponent, you must first respect your opponent. Tang Haiwei obviously does not know this, or, he is too arrogant and does not consider himself as an opponent at all.

What reason would a person like that have to deserve Ji Feng's attention?

"Little Feng, you smoke too, right?" When Xiao Changhe saw that Ji Feng had been so calm, with a smile on his face, and the whole person sat there as if he was an old monk in peace, he couldn't help but feel good and asked with a smile.

Ji Feng was not pretentious, nodded slightly and smiled: "Occasionally I smoke when I'm upset, but usually I don't. After all, smoking is not good for your health."

"Oh, it's okay to smoke one occasionally, come on, have a smoke!" Xiao Changhe laughed, took out a cigarette from his pocket and threw it to Ji Feng, "You have a light yourself, right?"

Ji Feng smiled and nodded, "Then have a smoke."

"Oh, so Xiao Ji also smokes, Xiao Ji, you're just a student, it's better not to smoke if you have nothing to do, a student's proper job is to study, not to fall in love, and not to smoke and drink and gamble ah!" Liu Suhong suddenly interjected, looking like an elder's earnest advice: "Xiao Ji, I'm not criticizing you, but for your own good, there is a saying, do not listen to the old man's advice and suffer before your eyes!"

It was indeed a matter of elders caring about their juniors, but said by Liu Suhong, it made others feel that it was hard so wrong.

Ji Feng, however, smiled lightly, "You are right, I will definitely pay attention. However, I have a few questions about what you said that I don't understand!"

"What questions?" Liu Suhong asked.

The gazes of the others, who were also attracted by Ji Feng's words, all looked at him. Thinking back carefully, Liu Suhong's words, apart from the tone being deliberately sarcastic, there was clearly nothing wrong with the content of the words!

The corner of Ji Feng's mouth pulled up a slight arc and asked, "First of all, you should call me Ji Feng, because personality-wise, we are both independent and have no relationship, and you calling me Xiao Ji is a bit of a token."

"What, I'm Xuan Xuan's cousin aunt, calling you Xiao Ji, is there a problem?" Liu Su Hong sneered at once, she thought it was something, but it turned out to be such a small issue.

"If it was the son in law of some big leader, or rather, the child of any big boss, would you dare to call them that?" Ji Feng raised his eyebrows and asked indifferently.

"What a joke, you really think you're some big shot? You're just a student!" Liu Su Hong said disdainfully, "Besides, even if it's someone with a noble status, as long as he's our Xuan Xuan's boyfriend, I can naturally call him that, is there any problem with that?"

“Then I’m really sorry, I almost forgot that you are addressing me from Yu Xuan’s point of view, you are right, I am Yu Xuan’s boyfriend, there is nothing wrong with you calling me like that, I apologize!” Ji Feng smiled faintly.

“Uh

Liu Su Hong was dumbfounded, half unable to speak for a long time, only now did she understand, it turned out that from the very beginning Ji Feng had set up a trap, waiting for her to get into it.

You don’t admit that I’m Yu Xuan’s boyfriend, do you? Then, according to you, the reason why you call me Xiao Ji, but precisely because I am Yu Xuan’s boyfriend, this inconsistency, how should you explain?

This is what Ji Feng meant.

What’s more, Ji Feng ended up shading Liu Suhong again, as soon as she showed her intention to admit that Ji Feng was Xiao Yuxuan’s boyfriend, Ji Feng decisively apologized and appeared to be very sincere.

If Liu Su Hong wanted to refute Ji Feng’s words and not admit that he was Xiao Yuxuan’s boyfriend, she would undoubtedly have to apologize to Ji Feng, which was obviously impossible for Liu Su Hong, who had always looked down on Ji Feng.

For a while, Liu Suhong was in a dilemma, and surprisingly did not know what to say.

Xiao Changhe gave Ji Feng a meaningful glance, and with a few simple words, he put Liu Suhong in a dilemma, which undoubtedly showed Ji Feng’s sleight of hand and resourceful response.

“Humph! At a young age, you know how to play some little smart!” Tang Haiwei couldn’t help but shake his head slightly with a disappointed look, “Older brother, it won’t work like you, after you go out into society in the future, you will definitely suffer a big loss.”

“Hehe” Ji Feng gave a non-committal smile and did not say anything. If before this, he still regarded Tang Haiwei as a rival, then now, Tang Haiwei was just a small thug in his eyes, just a little better than Wu Changqun’s thug.

Ji Feng’s non-committal attitude immediately made Tang Haiwei’s face gloomy, he snorted coldly, but he could not afford to get angry here, he could only turn his head away and no longer look at this kid who annoyed him. In his heart, however, he secretly decided that he would definitely teach this brat a little lesson later.

“Uncle, I heard from Auntie Liu that you have opened a drug company?” Soon, a smile appeared on Tang Haiwei’s face again as he said to Xiao Changhe, “I wonder if uncle is interested in cooperating with the Three Hospitals?”

“The Third Hospital? The Third Hospital?” Xiao Changhe was stunned and couldn’t help but ask.

“That’s right, I happen to have a few friends at the Third Hospital that I can still talk to, and the director of the purchasing department is also very familiar with me, if uncle is willing, I can introduce you, but I still need uncle to negotiate the specific business, after all, I’m not very familiar with this piece of medicine.” Tang Haiwei said with a hint of self-satisfaction in his eyes and a smile on his face.

“So” Xiao Changhe couldn’t help but feel a bit moved. With a population of tens of millions of people in Jiangzhou, there were an unknown number of large hospitals, but the most famous and large scale ones were just one or two dozen, and the third hospital was among these one or two dozen.

The business that Xiao Changhe usually contacted was mostly some street community hospitals and some clinics, and at most some small private hospitals, but big hospitals like the Third Hospital could not even get in.

You know, if you want to cooperate with such a large hospital, you need not only strength, but also connections and a strong background, which are all indispensable.

“Uncle, how about this, let’s go now, we just have time to go out and find a place to eat, just in time to ask those two friends of mine out as well, try to settle things today.” When Tang Haiwei saw that Xiao Changhe was moved, he immediately continued, “I heard that quite a few drug companies are in contact with them recently as well, if we go late, maybe my friends won’t be able to help uncle if they want to.”

“That’s right, cousin, brother-in-law, your company just got screwed a while ago and suffered heavy losses, now it’s just a critical time to expand your business, why don’t we just go out to eat, it just saves cousin’s busy work.” Liu Su Hong giggled and said.

Xiao Changhe and Xiao’s mother looked at each other, and then looked at her daughter Xiao Yuxuan.

“I’m whatever oh!” Xiao Yuxuan smiled slightly and felt even more amused in her heart, if Tang Haiwei and Liu Suhong had known Ji Feng’s identity, I wonder if they would still have such a condescending look on their faces.

Chapter 180

Since they had decided to go to a hotel for dinner, the group immediately set off.

From Xiao Yuxuan’s house, before they even got into the car, Tang Haiwei said with a gentle and elegant smile, “I’ve just called and booked a private room at the Jiangzhong Yue Hotel.”

“Little Tang, how can we let you pay for this, we should be the ones to invite you!” Xiao’s mother was kinder, she thought that, no matter how Tang Haiwei was a boss, he was still following his cousin’s family over, and he was also the person his cousin was going to introduce to his daughter, although his daughter already had a boyfriend, but after all, the visitor was a guest, it was not good to let someone treat him.

“Cousin, it’s okay, Xiao Tang is a big boss, nothing else, this amount of money is still available.” Liu Su Hong’s mother hen-like voice rang out again, making Xiao Changhe couldn’t help but frown slightly.

“It’s not a matter of money or not, it’s better for me to invite!” Xiao Changhe smiled faintly, he had never been too fond of this cousin of his wife, but after all, she was a relative, so he couldn’t say much about it.

Ji Feng and Xiao Yuxuan stood together and just looked at each other with a smile, Tang Haiwei was so eager to show his excellence and Liu Suhong was so helpful next to him, but unbeknownst to them, this

exposed their superficiality even more. As the saying goes, a full bucket of water doesn't ring, half a bucket of water only bam, that's the truth.

"Little fellow, if you don't show a little more, you'll be compared to that Tang Haiwei oh." Xiao Yuxuan smiled coquettishly and whispered flirtatiously in Ji Feng's ear, "By then, if he leaves a better impression in front of my parents, you'll regret it!"

Ji Feng smiled faintly and likewise whispered, "Uncle is not as superficial as you think, do you really think he has been doing business all these years for nothing? Perhaps uncle is still a bit poor in terms of connections now, but his vision in terms of reading people may not be that bad!"

"You know all this?" Xiao Yuxuan gave him a blank look, secretly hating in her heart. Of course Xiao Yuxuan knew what kind of character her own parents had, she just couldn't help but see Liu Suhong and Tang Haiwei's open-minded look of the world being my biggest, so she couldn't help but want Ji Feng to fight back. However, Xiao Yuxuan seemed to have forgotten that before coming here, it was she who had repeatedly told Ji Feng to always learn to be patient.

A woman's mind has always been so complex.

Ji Feng smiled faintly, "Alright, don't think so much, since there's a free dinner, it's a waste not to eat it."

"Just know how to eat!" Xiao Yuxuan glared at him in exasperation, was this little guy not nervous about himself at all?

"Xuan Xuan, you can take Xiao Tang's buggy, it's spacious and also very comfortable." Liu Suhong seemed to completely ignore Ji Feng and said directly to Xiao Yuxuan.

Tang Haiwei also said next to him, "Yes, Yuxuan, the air conditioning in my car is specially modified, it's a bit cooler."

This time, Ji Feng finally frowned again.

He gave Liu Suhong a cold look, this woman was too far ahead of her time, right?

And Tang Haiwei, if you want to compete, you don't have to take this approach, right?

"Yu Xuan just take my car!" Ji Feng said this stiffly, without even a half-hearted explanation.

Liu Suhong's face suddenly choked and she opened her mouth to speak, but she was swept away by Ji Feng's icy gaze and surprisingly did not dare to speak.

A cold light flashed in Tang Haiwei's eyes and he hated in his heart.

When Tang Haiwei first saw Xiao Yuxuan, he was attracted by her charm and beauty, and he could not restrain a thought in his heart: I must get her!

However, to achieve this goal, Ji Feng was the biggest obstacle.

So he secretly decided that he must give Ji Feng the biggest embarrassment, or be able to make a fool of him, while showing Xiao Yuxuan how much he cared and how good he was.

"Just wait, kid, you'll have to suffer next!" Tang Haiwei was secretly fierce.

“Ding!” Just at this moment, Ji Feng’s mobile phone suddenly rang. He took out his phone and saw that it was Ji Shaolei calling.

“What’s he calling for at this time?” Ji Feng was a bit puzzled, it was already late in the evening, did Ji Shaolei have any urgent business?

He immediately picked up the phone, “Second brother.”

“San’er, at school, right?” Ji Shaolei asked. According to the age order of the third generation of the Ji family, Ji Shaodong was the oldest, Ji Shaolei was the second oldest, and Ji Feng was the third oldest.

Ji Feng shook his head and laughed, “No, I’m outside, just about to go to dinner with my friends.”

“Oh?” Ji Shaolei was stunned, then he laughed, “I was saying that I was going to invite you to dinner and introduce a friend to you, it’s inconvenient for you to put, why don’t we go directly to you?”

“Then wait a moment, I’ll ask.” Ji Feng covered the microphone.

“What is it?” Xiao Yuxuan asked in a low voice.

Ji Feng said, “My second brother is coming to see me, saying that he wants to introduce a friend to me.”

“It won’t be an introduction to a girlfriend, right?” Liu Suhong, who had just been defeated, now seized the opportunity and couldn’t help but say at once.

Xiao Changhe and his wife were instantly a little displeased, this Liu Suhong, really didn’t pay any attention to her words either. However, they also wanted to know if this friend introduced by Ji Feng’s second brother was a girlfriend or not.

“Little Feng, we don’t have any outsiders anyway, so let your second brother come along, so we can also meet.” Xiao Changhe laughed and said.

Ji Feng then nodded and said into the phone, “Second brother, Jiangzhongyue Hotel.”

“Okay, I’ll be there in half an hour or so.” Ji Shaolei spoke in a very crisp manner, and just after he finished speaking, he hung up the phone straight away.

After Ji Feng hung up the phone, the group got into the car separately. Xiao Changhe and his wife did not drive either, but took their daughter’s car. Just now there was Liu Suhong and others at home, so they had some things to say that were inconvenient, but now that there was just their daughter and Ji Feng in the car, the old couple wanted to ask about Ji Feng’s situation.

“Little Feng, your second brother is also in Jiangzhou?” Xiao’s mother asked, pretending that she had no intention of doing so.

Ji Feng smiled darkly at once, knowing that the couple wanted to find out more about themselves, and said on his lips, “It’s my cousin, and several of my cousins are in Jiangzhou. However, my family is not from Jiangzhou, my hometown is in Mang Shi County, a small place that uncle may not have heard of.”

“Mang Shi County?” Xiao Changhe was stunned, “I’ve really heard of this place, there are a few employees in the company, they are from your Mang Shi County, and one of the business partners is also from your side.”

“That’s quite a coincidence.” Ji Feng smiled.

“Yes, the people of your Mang Shi County, although they are from a small place, are more simple and hardworking than those in the big city, no wonder you are so calm and steady at a young age, now that I think about it, it’s really a side of the land that raises a side of the people!” Xiao Changhe couldn’t help but nod slightly.

Ji Feng chuckled: “Not exactly, there are good people and bad people in every place, it’s mainly because uncle has a unique vision of people and knows people well, that’s why he thinks the people of Mang Shi County are all loyal and kind people.”

“Oh, you” Xiao Changhe was patted by this untraceable horse’s ass by Ji Feng, couldn’t help but smile happily, he then realized that it turned out that Ji Feng was affable when talking to people, yet he was also very funny.

Xiao Changhe realised that the reason why Ji Feng didn’t talk much at home must have been influenced by people like Liu Suhong.

“Horse’s ass!” Xiao Yuxuan couldn’t help but mutter.

“You child, what are you talking about!” Xiao’s mother glared at her daughter, “Next time if you talk nonsense, see if I don’t beat you!”

Xiao Yuxuan, who was driving, giggled at once.

Twenty minutes later, the car arrived at the car park of Jiangzhongyue Hotel, and under the lead of the car attendant, all three cars were parked.

However, when a few people walked to the lobby, they were told that the private room that Tang Haiwei had booked was actually occupied by someone.

“Manager Xiao, what the hell is going on here? Didn’t I call and book a private room before, why did you still give it to someone else?” Tang Haiwei’s face was a little ugly, everything seemed to be going wrong today and he had wanted to show off in front of Xiao Changhe.

As a well-known hotel group, Jiangzhongyue Hotel, was one of the several most famous star hotels in Jiangzhou. What’s more, those who could come here to eat were all dignitaries, and ordinary people who came here could only eat in the ordinary lobby at most, unless they were people of status who could go to the hotel’s private rooms.

Tang Haiwei just wanted to show Xiao Changhe his strength, but to his surprise, the private room he had booked was occupied.

The lobby manager named Xiao had some difficulties and said in a low voice, “Old Tang, this private room was originally reserved for you, but there is no way, just now Mr. Zhao suddenly came and took the private room, there are too many guests today and the private room is no longer available.”

“Is there a smaller private room?” Xiao Changhe asked, as everyone was eating together, they must be talking, it was naturally not possible for the hall to be so noisy.

“There are no smaller private rooms available either, I’m really sorry.” Manager Xiao said with a bitter smile helplessly, “How about this, everyone eat in the lobby, for old Tang’s sake, as a compensation to everyone, all expenses for today are counted as provided by the hotel for free, how about that?”

“Joke, Manager Xiao, don’t you know me yet, am I short of money for this meal?” Tang Haiwei’s face was ugly.

“This this I can’t do anything about.” Manager Xiao shook his head.

“You!” Tang Haiwei was instantly furious and hummed, “Who exactly is this Duke Zhao you speak of? You go and tell him that it’s me, Tang Haiwei, who wants the private room.”

Manager Xiao immediately laughed bitterly, “Old Tang, this Mr. Zhao, you’d better not mess with him, after all, his father and your father are still colleagues.”

“Oh?” Tang Haiwei frowned, “So it’s someone from within the system you’re talking about, it wouldn’t be Zhao Yongcheng, would it?”

“That’s him!” Manager Xiao nodded his head.

Tang Haiwei was silent, he really had no way to compare with others. The manager said that Zhao Yongcheng’s father and his father were colleagues, that was giving him face, in fact, Tang Haiwei’s father was only the director of some district in Jiangzhou, while Zhao Yongcheng’s father was the district governor, who was higher and who was lower, one could tell at a glance.

“Forget it, Xiao Tang, let’s just change to another restaurant, it doesn’t matter.” Xiao’s mother saw that Tang Haiwei could not get off the stage, and she, who was kind-hearted, could not help but round up the situation.

Just then, a mid-spirited voice suddenly came from outside, “I say, San’er, how did you think of coming here?”
