

Campus Master 1741

Chapter 1741

Ji Feng nodded without concealment and said, "Yes, why, does Mr. Ji also know Mr. Ji of Wei Da Group?"

Ji YuYi said, "I've heard of it, but I just never had the chance to meet it."

Ji Feng then nodded with a smile and didn't go further on this topic, but said, "Mr. Ji, where are we going?"

Ji YuYi laughed, "What, still worried that I'll sell you out?"

Ji Feng smiled and did not say anything.

Seeing this, Ji Yuhui smiled sweetly and said, "It's my responsibility to let you guys get scared in the Bamboo Association's field, I need to find a place and make amends to you guys."

In fact, at this time, Ji YuYi's heart was a little uncertain about what kind of attitude Ji Feng had.

If other men heard her living like this, they would definitely make a few jokes, probably saying, it's my honor to be sold by such a great beauty as General Ji or some other joke, so that the relationship between each other can be drawn closer instead.

But Ji Feng only smiled, but did not continue to say.

This makes Ji YuYi heart some muttering, Ji Feng because of the previous attack by the Yamaguchi group action team, so the mood is not good, or because he is still defensive of himself?

Ji Feng waved his hand with a smile and said, "That's too kind of you, Mr. Ji. This matter was done by the Yamaguchi Group, how can you blame it on Mr. Ji?"

Ji Yuwen pursed her lips and smiled lightly, "I am much relieved that Mr. Ji can think like this."

Ji Feng smiled and after a moment of contemplation, he asked again, "Chief Ji, can you tell us more about the Yakuza's power in New York?"

Ji Yuwen pointed ahead and smiled, "No need to rush, this is not the place to talk, we will be there soon, later on, if Mr. Ji has any questions, just ask, I will definitely know everything."

Ji Feng looked in the direction of her finger and saw that the outline of the skyscrapers could be seen far ahead.

However, Ji YuYing did not go straight to the city, but when she almost reached the city, she turned the steering wheel onto another road, and then went straight to a town near the city, and finally stopped in front of a big gate.

"Ooh! A manor!" Ji Feng raised his eyebrows as Ji YuYi surprisingly led them to a manor gate: "A metropolis like New York is also an inch of land, right? To own a manor here, Mr. Ji's strength is enviable!"

“Mr. Ji, you don’t have to joke with me, with your financial resources, it’s a breeze to own such an estate.” Ji YuYi giggled, of course she wouldn’t take Ji Feng’s words seriously, she stretched out her hand, “Mr. Ji, a few people, please come in.”

“San’er,” Ji Shaolei gave a wink to Ji Feng, telling him to beware.

Ji Shaolei could see that Ji Feng did not seem to be too enthusiastic about this woman, and when he spoke, he always carried some distance, so Ji Shaolei then concluded that Ji Feng’s relationship with this woman was not that close, and maybe not even too familiar.

In this case rashly followed this woman into a manor, if something really happened, it would not be good.

Ji Shaolei understood some of the laws of the country, if it is no reason to break into someone’s home to do bad things, by the host family shot down that is also deserved, is not protected by law.

Ji Feng smiled, “It’s okay, go in.”

Not to mention that Ji YuYi still owed him a favor and should not do anything to them, even if Ji YuYi really had ulterior motives for bringing them here, Ji Feng would not be afraid.

The company’s main goal is to provide a good solution to the problem.

What’s more, unless Ji Yuhui herself didn’t want to live anymore, she wouldn’t come over to count them personally.

“Several people, please!” Ji Yuqing said with a smile.

“Let’s go!”

Ji Feng took the lead and went in, and Ji Shaolei and Chu Yue had to follow after them.

As soon as they entered, Ji Feng saw two big men dressed in black, both of whom were yellow, their waists bulging, obviously carrying weapons. At this moment, these two men were standing on both sides of the gate, they should be standing guard.

Ji Feng’s heart moved, the manor seems to be somewhat heavily guarded, so that the people living here, should be very important people ah.

But after thinking about it, Ji Feng was relieved.

The company’s main business is to provide a wide range of products and services.

The first thing you need to do is to get a good idea of what you want to do. She came to Rice, the people of the Bamboo Alliance will naturally be treated with caution.

The first thing that happened was that Ji Feng didn’t think about it anymore and followed Ji YuYi into the manor.

At this moment, an open-top electric car drove over not far away, driven by an old man with white hair, he drove to the front of several people and bowed slightly to Ji YuYi: “Miss, you’re back.”

Ji Yuqing nodded and said, "Ah Bo, make some arrangements, there are some good friends coming here as guests."

The old man known as Ah Bo nodded at once and extended his hand, "Please!"

Ji YuYi said to Ji Feng and the others, "Please get in."

It was an electric car similar to a sightseeing car, with three rows of seats, and it seemed spacious for several people to sit down.

Ji YuYi said, "A few of you please."

Since it was safe, Ji Feng didn't ask much, so he followed her directly into the villa.

They were seated separately in the living room, and then, someone poured tea for them and served them fruit plates of snacks and other things.

Afterwards, the old man known as Ah Bo stood next to them, seemingly waiting for their orders.

Ji YuYi sat down next to Ji Feng and said in a soft voice, "Mr. Ji, this is the humble abode, if there is anything you need you can directly tell Ah Bo, he will help you get it done."

Ji Feng nodded and laughed, "If this can be called a cold house, then what we usually live in would be a thatched roof."

Ji YuYi smiled lightly, "Mr. Ji is too flattering. Please have some tea."

Ji Feng waved his hand and said, "Chief Ji, frankly speaking, I really don't have the heart to drink tea right now."

Ji Yuwen asked, "Is Mr. Ji thinking about the Yamaguchi Group?"

Ji Feng nodded and said, "Yes, I was attacked by the Yakuza for no reason, and my life was almost lost, so how can I still have the leisure to drink tea. Besides, when we go back later, we don't know how much trouble there will be on the way, God knows if the Yakuza will ambush us on the way, I am worried."

Ji YuYi looked at Ji Feng with a smile on her face, and she shook her head lightly: "If someone else had said that, I would have believed it, because the Yamaguchi group is indeed too powerful! However, when this comes out of Mr. Ji's mouth, it sounds a bit awkward to me!"

Ji Feng asked with a smile, "What's so awkward about it, can't I be afraid?"

Ji Yuwen shook her head with a light smile and said, "Mr. Ji, if you were afraid of the Yamaguchi Group, how did you dare to take the eldest lady of the leading family of the Yamaguchi Group alive without mercy when you were in the mainland city of Hangzhou? And those two grandsons, Sasaki, and Sasaki Taro, they were all planted in Mr. Ji's hands!"

Other people believed that Ji Feng might be afraid of the Yamaguchi Group, but Ji Yuhui would not believe it.

What kind of person is Ji Feng?

There were so many assassins from the Yamaguchi Group and the support of the local gangs in Hangzhou, but they were all beaten by Ji Feng with one of his men, and it would not be an exaggeration to say that the whole army was wiped out.

Especially his terrifying hands, the world's largest where not to go?

Such a person would be afraid of the Yakuza?

The company's main business is to provide a wide range of products and services.

And at this time, once Ah Bo, who was standing behind Ji Yuhui, heard her say this, he couldn't help but have a shocked look on his face and his gaze fell on Ji Feng's body, he was a bit incredulous.

This stable and somewhat stern looking youth was actually so powerful?

Ji Feng smiled and said: "That is in the country, my roots are there, those boundary tent brats dare to cross the border to China to cause trouble, that is they look for death, of course I will not show mercy. But now I'm in Rice, I'm not familiar with the place, so I don't dare to go against the Yamaguchi group."

Ji Yuhua asked, "Mr. Ji, there is no need to rush, let's talk about the information about the Yamaguchi group while we talk. There are some things that I may not be able to talk about in the car before, that's why I brought you here, just to have a good talk with you."

"Oh?"

Ji Feng raised his eyebrows.

Ji YuYi said, "To be honest, it's not that I didn't want to talk about it before, but I didn't dare to talk about it. It's not just for a day or two that we, the Chuk Yuen Gang, have been in New York since more than ten years ago, but it was only a few years ago that we really gained a firm foothold. A foreign gang wants to develop in a new place, the difficulties in between, I think Mr. Ji can understand."

Ji Feng nodded his head, he could understand.

Any gang wants to develop and grow, in fact, is inextricably linked to the government.

Let's say the Republic of China's youth gang, the gang's several big brothers are military and political dignitaries, some hall masters are even directly the police chief, or the county mayor, the mayor

Modern society is also the same, a gang wants to survive, if not good relations with the government, the survival will not be able to talk about, and ultimately only be destroyed.

And a foreign gang wants to go to an unfamiliar place to develop, it is natural to first have a good relationship with the local government, but this is still only the first step, secondly, the local original gang will not sit back and watch their counterparts enter their territory, obviously needless to say.

Therefore, Ji Yuqing said that the Treasure Island Bamboo Gang had already started to enter New York more than ten years ago, and as a result, it was only a couple of years ago that it got a firm foothold, and Ji Feng believed it completely.

Ji Yuwen said, "In the process of the Bamboo United Gang's march into New York, the biggest enemy, is the Yamaguchi Group of the boundary tent, so to speak, our two families are mortal enemies!"

Ji Feng's heart suddenly moved

Chapter 1742

"Thought that your Chuk Yuen gang and the Yamaguchi group were mortal enemies, that's why you learned in time that the Yamaguchi group had mixed into your field?" Ji Feng asked.

"Yes!" Ji YuYing nodded and said, "It is because we have been fighting with the Yamaguchi gang for so many years, so we pay extra attention to them, and we pay attention to their every move. This time it was to learn that their people had infiltrated our field, so I led people there, but I didn't expect that something still happened."

Speaking of this, Ji YuYing smiled sweetly again: "Fortunately, Mr. Ji and your friends are fine, otherwise, I really don't know how to handle myself."

Ji Feng waved his hand, no matter whether Ji Yuhui was polite or sincere in saying this, Ji Feng didn't care.

What he was most concerned about was the Yamaguchi Group.

Ji Feng asked, "Chief Ji"

The first time we have dealt with each other is not the first time, not to mention that our two families are still in business, so there is no need to be so polite, right? You can call me Yuyi directly! Did you call me the same way when you were in Hangzhou in the Mainland?"

Ji Feng was stunned, then he nodded and smiled, "Fine, then you can also call me by my name directly, just call me Ji Feng."

Ji YuYi then nodded in satisfaction and said, "That's right, we are friends in the first place, we shouldn't be so angry. Ji Feng, if there's anything you want, just say it."

Ji Feng nodded with a smile and said, "Here's the thing, it's still the same question, I want to know the details about the Yamaguchi Group. In particular, where are all the Yamaguchi-gumi's forces in New York now, who is in charge here, where is their headquarters, etc., I want to know all these situations."

Ji YuYi's eyebrows knitted slightly, "Ji Feng, you don't think that you want to directly kill the Yakuza's lair, do you?"

She couldn't help but be startled by this question of her own, with Ji Feng's skills, maybe he really dared to kill directly over, don't they say, art is high, people are bold?

Ji Feng said, "I just have to understand the situation first, as to whether or not to kill over, this is an afterthought."

Ji Yuwen let out a sigh of relief and said, "That's good, I was really worried that you might get angry and go straight to the lair of the Yamaguchi group, then there would be a lot of trouble."

Ji Feng asked: "What, the lair of the Yamaguchi group or the dragon's lair, can not break in? Or is it that they have very strong connections up there and cannot be touched?"

Ji YuYi's head shook lightly and said, "The Yakuza, not as simple as you think!"

Ji Feng raised his eyebrows, "How do you say that?"

Ji Yuqing said, "Yamaguchi group, originated from our evil neighbor in Asia, the boundary tent. You know how ambitious these people are, so as early as twenty years ago, the Yamaguchi group had already started to develop their power overseas. So many years ago, there is a group of Yamaguchi group of people left the boundary tent native, came to the rice."

Ji Feng listened quietly.

Ji Yu wei continued: "It is said that when the Yamaguchi group first came to the country, with the largest gang force here, the White Hand Party, a violent conflict, at first the Kaitou people suffered a big loss, but the gang is resilient, and brave, plus there is the Kaitou government in the secret support, so gradually, the Yamaguchi group here to establish a firm footing. "

"Of course, it's also because the business involved in the Yamaguchi-gumi is different from the White Hand, and they don't collect protection fees here, so the conflict between the two sides is much smaller."

Ji Yu wen said, "after these ten years of development, the Yamaguchi group's power has grown extremely strong, they are rapidly expanding, and now has become a gangster power second only to the White Hand."

Ji Feng nodded, the Kaitou tent was the only country in the world that explicitly legalized gangsters, and the Yamaguchi-gumi was extremely prosperous as a result, even all walks of life in the Kaitou tent had the shadow of the Yamaguchi-gumi, including within the government.

Ji Yu wei continued: "Now the Yamaguchi group in addition to the original business of car smuggling and other businesses, the territory is also a dramatic expansion, now they have control of more than a dozen streets in New York."

Ji Feng suddenly asked, "What about your Chuk Yuen Gang?"

"Us?"

Ji Yu-Yi shook her head and said, "We are tightly just a few streets, if we didn't also have other business support, we wouldn't be able to hold on at all."

Ji Feng understood, the Chuk Yuen Gang was definitely a latecomer, trying to compete with the Yamaguchi Gang, which had developed for a decade or two, was definitely not a match for others in a short time. Not to mention, the behemoth White Hand Party, which has been deeply rooted here.

Ji Feng reached out his hand: "Please continue."

Ji Yu wei nodded and said, "In the last year or two, the Yamaguchi group seems to have cooperated with the White Hand in certain areas, and their power has grown even faster. And their behavior is also becoming more and more reckless. Perhaps because of the influence of the relationship between China and the boundary tent two countries, the Yamaguchi group for the Chinese in Rice, the attitude is extremely bad, very unfriendly."

Ji Feng's brow frowned: "How unfriendly?"

Ji YuYing said: "The Chinese in the territory of the Yamaguchi group, safety is not guaranteed at all, daytime is better to say some, at night, they can do anything. As far as I know, there are at least a dozen cases of Chinese women being raped by the Yakuza."

Ji Shaolei suddenly interjected, frowning and asking, "Do the police not care? The MiG is also sitting back and watching this kind of thing happen?"

Ji Yuhua stretched her hand: "There is no death penalty in Rice, even if the criminal is caught, what can be done? At most, they would be imprisoned. But there are also Yamaguchi-gumi people in the prison, those criminals have good food and drink inside, minus the holidays, they can't stay in prison for long, but after they come out, they become even more aggressive in harming the Chinese. So over time, the Chinese here simply do not dare to call the police again, even if the police encountered, but also do not dare to testify against those boundary tent people."

Ji Feng said in a deep voice: "I think, I am afraid that the rice police is also intentionally indulge in this kind of thing! It's not just the tent that's unfriendly to China, but the Rice is no better, only that the Rice way is more covert, while the tent is more shameless, more shameless."

To say that the most hateful to China, is indeed the world tent, the so-called two countries friendly, that is all bullshit.

There can never be any friendly relationship between China and the world tent, not to mention what to forget the past, look to the future and so on, that is all bullshit.

The Kaitou people are ambitious, and this will never change.

And since ancient times countless facts have proved that the people of the boundary tent is not only ambitious, they are also shameless, shameless, no limits!

Between the two peoples, there is a blood feud, no one in China will forget the crimes committed in China more than half a century ago.

How can China be friendly with such a country?

The Kaitou people hate China, but when it comes to Rice, it is really afraid of China.

They are not afraid of the current strength of China, but the rapid development rate of China, and the speed of the rise, this is what they are afraid of.

With China's current development rate, I'm afraid that after a few decades, the world's largest position, the rice country will have to give up the sage.

How can Rice not be afraid?

In this case, the country constantly throwing out arguments such as the Chinese threat theory, inciting all forces to contain the rise of China, so for the Yamaguchi group against the Chinese, the country is certainly very happy to see things.

Not only would they not stop it, but they would also push it forward.

Ji Yuqing said, "Without evidence, Rice will not admit it."

When Ji Shaolei heard that, he couldn't help but sneer, "These Rice Nationals, they're not fucking good either."

Ji Feng could not help but nod, we have to clearly see the gap between China and Rice, we can envy the speed of development, envy their environment, but do not forget that in the eyes of others, we are the thorn in their side!

"Damn it!"

Ji Shaolei could not help but burst out foul: "I just hate that China is not as powerful as others!"

Ji Feng shook his head, China to be strong, it is not a matter of one day and night, now can only be fierce, relying on personal power, but can not change anything.

Only when the country is really strong, the Chinese people outside can really not be bullied!

"Really fucking" Ji Shaolei is a hot temper, he gritted his teeth and said: "If there is no connivance of the rice, the Yamaguchi group would not dare to go so far, think of those Chinese people who were spoiled by the Yamaguchi group"

"I really fuck him!"

Ji Shaolei casually took out a cigarette and asked, "Ji is always right, can I smoke?"

Ji Yuhui smiled and said, "It seems that this one is also a bloody man, of course you can smoke, you can do whatever you want here."

Ji Shaolei lit his cigarette and took two hard puffs, his face was very unpleasant.

Think of those Chinese people who were spoiled by the Yamaguchi Group's brutes, Ji Shaolei can't wait to step on the Yamaguchi Group now, that small country, are brutes, is really bullying people too much!

Ji Feng's face is not very good, these situations, he still heard for the first time, the heart is also very difficult.

In the country, the tent's businessmen came, those officials immediately forgot the tent caused all the suffering to China, just for the sake of political achievements, and what to say to develop the economy, the result is nodding to those tent people, the tent people once again riding on the heads of ordinary people.

What about abroad, it's actually the case!

Really fucking

Ji Feng's hand raised, forcing himself not to smash a fist on the coffee table.

He took a deep breath and asked in a deep voice, "Yu Juice, do you know why the Yamaguchi group is going after the Weida Group?"

Getting angry now would not help.

Ji Feng had to find out the context of the matter before he could decide what to do next. At this point, he was very clear, so he kept his cool.

Chapter 1743

He took a deep breath and asked in a deep voice, “Yu Yueyin, do you know why the Yamaguchi group is going after the Weida Group?”

Getting angry now would not help.

Ji Feng had to find out what was going on before he could decide what to do next. At this point, he was very clear, so he kept his cool.

When he first arrived in Rice, Ji Feng did not learn from Li Guoliang that there was actually a Yamaguchi group targeting the Weida Group.

At that time, Li Guoliang only said that the Weida Group had many enemies, including the White Hand Party, and some other hidden forces, and even some partners who had been cooperating happily with the Weida Group, suddenly unilaterally canceled the contract with the Weida Group.

Obviously, the people in charge of those groups must have been threatened, otherwise, they will certainly not suddenly unilaterally cancel the contract for no reason.

You should know that this is the country of rice, not China.

Westerners because of their social system, as well as their worldview values are different from the East, here is very important to the spirit of contract.

Once a contract is signed, it is very difficult to change, let alone cancel the contract.

This is definitely a major blow to the credibility of a company.

If they were not forced to do so, how could those companies do such things to the detriment of others?

Obviously, someone forced them to do so, and even if no one forced them, then they also have a compelling reason, which, most likely, is that they were threatened, or their business was threatened.

At that time, after learning about these situations, Ji Feng was able to roughly surmise how powerful the enemies of the Weida Group were.

Even, Li Guoliang also mentioned that he had once infiltrated inside a certain company that was working against the Weida Group, only to be discovered by someone who had fought with that person, only to accidentally discover that the other party was most likely a reformer.

So Ji Feng guessed that even the dynasty may have been involved in the siege of the little nun and the Weida Group, in fact, it is quite understandable, after all, the dynasty in China's forces suffered heavy losses, especially in southern Guangdong, the king's hard work and territory, almost a pot, the rest are just some small fish and shrimp, simply can not make any waves, at most is in the secret mess, or to do something like rescue the little prince.

Last time in South Guangdong did not catch the little prince, Ji Feng concluded that in South Guangdong there must still be the remnants of the dynasty, but not much more.

It is only logical that the dynasty would want to retaliate after such a major blow.

So for the fact that the dynasty may also lay hands on the little nun, Ji Feng was just a little surprised, but not very surprised.

The White Hand, other local New York gangs, shadowy forces, and even the involvement of the dynasty

But Ji Feng just did not expect that there is actually the Yamaguchi group involved!

This makes Ji Feng more or less surprised, and more, is a kind of heartfelt anger. The people of the Yamaguchi group actually directly in broad daylight on Chu Yue, this is simply unscrupulous.

The first time I heard what Ji Yuwen said about what the Yamaguchi group did to the Chinese in New York, the anger in Ji Feng's heart can be imagined.

Ji Feng asked in a deep voice, "YuYi, do you know what exactly did the Weta Group offend the Yamaguchi Group that made them use this method to retaliate against the Weta Group?"

Ji YuYi shook her head slightly and said, "Sorry, I really don't know much about this point. The Yakuza is very powerful in New York, and there is also a division of labor within their gang, one part is responsible for action, doing some illegal activities, while the other part, is responsible for business you also know well, in fact, the purpose of the gang, is also to make money, fighting and killing, that is only a means, making money is the purpose. "

Ji Feng nodded slightly, if not to make money, those people why to join the gang? Good fun, huh?

Ji Yu wei said: "but because our bamboo association gang in other business, and the Yamaguchi group is not much conflict, mainly focused on the fight for territory, so the business side of them, we do not pay too much attention to, mainly keep an eye on the movement of those of their fighters"

Ji Feng then understood.

For some reason, Ji YuYi didn't say it too clearly, but Ji Feng heard it.

It should be said that in other business aspects, the Chuk Yuen gang and the Yamaguchi group do not conflict.

For example, the main business of the Yamaguchi Group may be smuggling cars or drug trafficking, while the business of the Chuk Yuen Gang may be mainly smuggling other things or other ways to make money, and there is no conflict between the two sides.

This is the 'business' that Ji Yu-yen talks about, which is actually, to put it bluntly, the gang's way of generating money through criminal means, their source of money.

Perhaps she felt a bit embarrassed, so Ji Yuqing did not make it too clear.

However, when it comes to fighting for territory, the Chuk Yuen gang is in violent conflict with the Yamaguchi gang, which can be seen from the fact that the Chuk Yuen gang can accurately grasp the whereabouts of the Yamaguchi gang's operation teams.

And in that case, Ji Yu-young should not know why the Yamaguchi Gang would have a conflict with the Weta Group.

After all, Wider Group is a regular group of companies and should not be involved in the illegal activities of these gangs, so the conflict between Wider Group and the Yakuza can only be on the business side.

And it just so happens that Ji Yu-yi and the Chuk Yuen Gang are not concerned with the business matters of the Yakuza!

"I'm really sorry that I can't help." Ji Yuet said apologetically, "Of course, if you need to, I can send someone to inquire, but it may take a little time."

"There's no need to make a special trip to inquire." Ji Feng shook his head and said, "I'm already grateful if you can tell me this information."

"Ji Feng, you're being polite with me again." Ji YuYi said in a somewhat scornful manner.

"This is not politeness, but the most basic courtesy." Ji Feng waved his hand, he pondered for a moment and asked again, "YuYi, I have something I want you to help me with, if it's inconvenient"

Ji YuYi immediately said, "You can say whatever you want."

Ji Feng nodded and said, "Here's the thing, I want a detailed intelligence about the Yamaguchi group, who sent those killers to deal with my relatives today, who is the mastermind, where their lair is and where their main force is concentrated I want to know all these. "

Ji Yueting smiled, "That's certainly no problem, I can tell you anytime if you want to know."

The Bamboo Association and the Yamaguchi Group are already deadly rivals, if we can have one more helper to deal with the Yamaguchi Group, Ji Yuqing can't be more happy, naturally she won't hide the information.

The first thing is that she and Ji Feng are old friends, and it was Ji Feng who saved her when she was attacked by the Yakuza in Hangzhou, Jiangsu Province, China, so she owes Ji Feng a huge favor.

Ji Feng nodded and said: "Then, thank you very much. However, in addition to that, I would like details about the New York White Hand Mafia, who is in charge of them, and the distribution of power"

Ji YuYi's expression gloomed, "White Hand Party?"

Ji Feng nodded and said, "That's right!"

Ji Yuwen asked, "Ji Feng, what are you asking about the White Hand Party for?"

Ji Feng said, "Because they have also messed with my relatives, and it is only by knowing oneself and one's enemy that one can be invincible."

Ji YuYi couldn't help but be stunned and said, "Your relatives also messed with the White Hand Party?"

Ji Feng shook his head and said, "Correction, it's not my relatives who provoked the White Hand, but the White Hand provoked my relatives, this is the White Hand picking a fight!"

Ji Yuqing: ""

She couldn't help but secretly laugh bitterly, how did this statement of Ji Feng's sound so twisted!

It's as if the White Hand Party has messed with Ji Feng's relatives, so they have to be punished, it's too awkward.

What is the White Hand Party, that is simply a behemoth who can not be provoked, never only they clean up others, have never heard of who can clean them up!

What's more, if the White Hand wants to deal with anyone, it can be called to provoke?

I'm afraid that in the eyes of the vast majority of people, that can only be considered bullying. But in Ji Feng's words, it's as if his relatives are inviolable, and the White Hand has become a rogue gangster, and since they dare to provoke his relatives, they have to go and clean him up!

Anyone who heard such words that did not put the White Hand in their eyes would be stunned, I'm afraid.

"Yu-Yi, having trouble?" Seeing Ji YuYi's bitter smile, Ji Feng asked.

"Difficulties do not exist, although New York is a big place, it is actually just a small place, it is not too difficult for various gangs to pry out some information among themselves." Ji YuYi said.

"Then what you mean is"

"Only, there are two more problems in between. It is a bit unethical to betray information about other gangs for no reason, and secondly, Ji Feng, I advise you to think about it calmly, although the Yamaguchi group is powerful, but with your skills, it should not be too dangerous to try to fight with them. However, this White Hand Party you should still think about it again."

Ji Feng smiled, nodded slightly and said, "So it's like this, I was presumptuous, I didn't know the rules of Jianghu, it turns out, it's not moral to betray information about other gangs, in that case, then I won't bother"

Ji YuYi hurriedly interrupted him and said helplessly, "Ji Feng, do you see that I look like the kind of person who does not return the favor? Besides, you're my friend, how could I not help?"

Ji Feng waved his hand and said, "YuYi, don't hang on to your grace, back in HangChi, even if I didn't save you, your men could definitely keep you safe, so you don't owe me anything."

Hearing Ji Feng's slightly distant words, Ji Yuqing couldn't help but rant, "What, Ji Feng, are you planning to cut off friendship with me?"

Chapter 1744

Hearing Ji Feng's slightly distant words, Ji Yuwen couldn't help but rant, "What, Ji Feng, are you planning to cut off friendship with me?"

Ji Feng laughed: "Of course not, only that I can't let you be unethical, right?"

Ji YuYi said helplessly, "That's for your own good Well, I'll tell you whatever you want to know, all right?"

Ji Feng raised his eyebrows and asked, "Would it be less convenient?"

Ji YuYi ranted, "What, do you have to ask me to make amends to you so you won't get angry?"

Ji Feng smiled and waved his hand, saying, "Of course not."

Ji YuYi gave him a blank look and smiled coquettishly, "Then we can move on to the next step?"

Ji Feng nodded his head with a smile.

Ji YuYi sighed lightly and said, "Ji Feng, seriously, although we haven't known each other for too long and haven't met since last time, I thought I knew more or less about your character, but I didn't expect that you would be so tough!"

Ji Feng smiled and asked, "Then what do you think, what kind of character should I have?"

Ji YuYing's beautiful eyes flowed, smiled lightly: "You, should be the kind of character resolute, tough, but more often than not is subtle and stable person, even if it is not called gentle and elegant, but at least also has enough poise, well, this kind of character very inviting girls like!"

"You are really overrated!" Ji Feng waved his hand and asked with a smile, "Am I not this kind of character today?"

"Today, you are very tough and your tone is raw, I can see that you should be holding back your anger " Ji YuYi said, "It seems that you have to take action against the White Hand?"

"You know me that well?" Ji Feng couldn't help but ask with a smile.

"A woman's observation is always very careful." Ji YuYi smiled sweetly and said.

Admittedly, although Ji YuYi and Ji Feng had not known each other for a long time, and they had not seen each other since the last time they were separated in Jiangsu and Zhejiang, they had not run into each other again until now.

If it is said that it is a one-sided relationship between them, this statement may be more or less inaccurate, after all, when they were in Hangzhou, Jiangsu Province, the two of them did get along for two days, so of course it cannot be considered a one-sided relationship. But for strangers, two days is actually very short, and just a blink of an eye.

Trying to get to know a stranger in two days can be somewhat unlikely.

However, this was not the case with Ji Yuqing.

Although it was only two days, Ji Yujie had a very deep impression of Ji Feng, which was a different kind of man.

Of course, strictly speaking, it should be a different kind of boy!

But Ji Feng's calm and steady demeanor, as well as that tall head, and that strong and stern body, all made people subconsciously ignore his age.

Just by his composure, one would mistake him for someone of the same age.

And Ji YuYi even experienced it first hand, Ji Feng led one of his men to snipe against the Yamaguchi group and the local gangs in Jiangsu and Zhejiang, Ji Feng's outstanding performance was just too dazzling.

Even those who were older and even known as outstanding young men, in Ji YuYi's opinion, they were afraid that they were far inferior to Ji Feng.

If she hadn't experienced it herself, how could Ji Yuqing believe that a person would be so outstanding at such a young age?

This is definitely not just about having a good family background and good education. There are many people with good family backgrounds, and there are not a few people with deep backgrounds from deep-rooted families. As for those who have received good higher education, there are even more.

However, Ji YuYing has never seen anyone who can have that calm and wise temperament at the age of early twenties.

That is a kind of great general's poise!

Not just anyone could learn it.

So from that time on, Ji YuYi had a very deep impression of Ji Feng. Subsequently, they spent two days with Zhou Fei Fei and the others, and had some contact with each other, and Ji YuYi also had a general understanding of Ji Feng's character.

How to say, when Ji Feng encountered things, he was wise and calm, just like a commander in chief who had the whole situation under control, commanding as if he was very calm.

But in his usual interactions with people, Ji Feng is very low-key and seems to be very mild-tempered, usually with a faint smile on his face, looking very kind, without a bit of youthful arrogance, much less the feeling of being overbearing.

So Ji YuYi knew that Ji Feng was actually a very cultured person, or at least, he had enough temperament and heart. The first time I saw him, I was very angry.

However, now, Ji Feng's tone was a bit hard and did not listen to advice at all.

The first thing that I want to do is to get a good idea of what I want to do.

As for the Yakuza look at Ji Feng mentioned the Yakuza, the icy look is enough to understand, I am afraid that in Ji Feng's heart, has been in front of the three words Yakuza, plus a definite word – the soon to be exterminated Yakuza!

The Yakuza is dead!

At this time, Ji YuYi also saw another side of Ji Feng.

This man's character is very strong, to put it euphemistically, his character is very tough, once determined a matter, will certainly not change his mind, no one can persuade.

If you say something difficult, is a little headstrong.

The White Hand is so powerful that even a three-year-old child in the country can say the right thing, mentioning the White Hand will be afraid, this old gang, in the country can be said to have long been entrenched, the power is unimaginable.

Such a gang, and how is Ji Feng an outsider can easily confront?

If an individual is strong, can he still beat guns and bullets?

It was because Ji YuYi saw this kind of character of Ji Feng that she hurriedly stopped persuading. I am afraid that if she persuaded further, Ji Feng might just get up and leave.

This was something that Ji YuYi did not want to see.

The first thing that I want to do is to get a good idea of what I want to do.

What's more, the targets that Ji Feng wanted to deal with this time also included the Yamaguchi group, even if they didn't know each other, but for the sake of being Chinese, Ji YuYi would definitely help out.

The Yakuza in New York, for all the things they did to the Chinese in Rice, any Chinese would not be able to look down on them.

If it wasn't for her limited ability, I'm afraid that Ji Yu-yen would have destroyed the Yamaguchi group!

But helplessly, after all, the Yamaguchi-gumi had developed for a long time and was extremely powerful, and it was almost impossible to exterminate the Yamaguchi-gumi, so Ji Yu-yen could only find ways to fight the Yamaguchi-gumi as much as possible, and at the same time help a group of Chinese people in Rice, and try to keep them from being harassed and persecuted by the Yamaguchi-gumi.

"You want details of the Yakuza and the White Hand, that's no problem at all, as long as it's something I know, I can tell you!" Ji YuYi changed her mind, since she couldn't persuade Ji Feng, she would find a way to give him more detailed information, in this way, it would also allow Ji Feng to think more carefully, and perhaps the danger would be smaller.

So Ji YuYing said, "However, these information you want, I do not have ready-made here, must be temporary to start preparing, so, also please wait for a while."

Ji Feng nodded slightly and said, "That's certainly no problem. YuYi, thanks a lot."

Ji YuYi smiled and waved her hand, smiling sweetly, "Ji Feng, I know my persuasion may be a bit redundant and you may be bored, but I still have to say, against the Yamaguchi Group and the White Hand, you must be careful and careful again, if you agree, I am willing to send someone to assist you."

Ji Feng smiled and couldn't help but feel a slight warmth in his heart.

From Ji YuYi's words, Ji Feng was able to hear her sincerity, she should want to help herself sincerely.

No matter what, as an unrelated outsider, it was already very good that Ji Yuhui could make it this far and say such words.

After all, Ji Yuqing was not alone, outside she represented the Chuk Yuen Gang in Treasure Island, so her every move was closely related to the Chuk Yuen Gang.

The company's main business is to provide a wide range of products and services to the public.

Ji Feng nodded and smiled: "Yu Yi, I'm already happy that you can say that. However, it's better for this matter not to involve a firefight between gangs, I'm free to advocate."

Ji Yuqing also did not force the matter and nodded, "Since you have made up your mind, then I will not persuade you anymore. But you have to promise that if there is any trouble, you must find me in time, although you and I have not spent much time together, but how can we be considered friends, and, although we come from different places, we are all Chinese people after all"

Ji Feng nodded and smiled, "Sure! However, I don't think the sentence you said after that is quite accurate."

Ji YuYi couldn't help but be slightly stunned: "Which sentence?"

Ji Feng laughed: "Actually, we are from the same place, and that place is called China!"

Ji YuYi pursed her lips and smiled, but didn't answer the question.

She was really not very good at this, although the people of Treasure Island are indeed Chinese, but after all, the two sides belong to different political governance forces, with their own different interests needs, and she as the daughter of the Chuk Yuen Gang, but it is really not convenient to express any views.

Otherwise, if the word gets out, the impact is not good.

Ji Feng then smiled and waved his hand, and did not continue on this topic. He knows that Treasure Island is actually a black gold society, many political dignitaries have a very close relationship with the local tycoons, gangsters, when the Hong Kong film and television industry, Liu Tianwang acted in a movie "black gold", is very illustrative of the darkness of Treasure Island.

The Bamboo Alliance Gang, as the number one gang in Treasure Island, must have relations with the political circles, and it is naturally inconvenient for Ji Yu-yi to speak.

Just then, a young man dressed in black suddenly walked in quickly. He had a cordless phone in his hand and seemed to want to say something, but when he saw Ji Feng and the others present, he wanted to say something but stopped.

Ji YuYi said, "If you have anything to say, just say it, they are all my friends, there is nothing you can't say."

"Yes!"

The young man said, "Missy, Inoue from the Yamaguchi group called, he wants us to want us to"

Chapter 1745

"Yes!"

The young man said, "Miss, Inoue from the Yamaguchi group called, he wants us to want us to"

Ji YuYing frowned and said, "I told you, these people are my friends, there is nothing that cannot be said, why are you still stammering so much?"

The young man was a bit embarrassed, and his face showed a hesitant look, but he still didn't say anything.

The old man next to Ji Yuqing spoke up, "Speak up."

The young man said with difficulty, "Miss, uncle, it's better to go upstairs and talk, or come out and talk."

Seeing this situation, Ji Feng knew that the phone call from the Yamaguchi group called Inoue, must be related to himself, otherwise, the young man would not be so difficult because of a phone call, obviously because he was here and others, he was not convenient to say.

Thinking of this, Ji Feng stood up and laughed: "It seems we need to evade for a while, how about this, I happen to want to visit this manor, YuYi, why don't you send someone to show us around?"

Ji Yuqing immediately said, "A tour is definitely no problem, but there is no rush now"

At this point she turned her head to look at the young man and said in a deep voice, "Say!"

This time, she didn't say so much as just one word, but anyone could hear that she was a little upset. This young man blocked the face of Ji Feng and others, how can not say, it is not clear that the matter has something to do with Ji Feng and them?

Now it even made Ji Feng have to take the initiative to avoid it, which made Ji YuYi very embarrassed.

In any case, she owed Ji Feng a favor, and now the people from the Yamaguchi group called and had to ask Ji Feng to recuse himself, what does this mean? It is likely that Ji Feng would mistakenly think that the Chuk Yuen gang has something fishy with the Yamaguchi group

Seeing Ji Yuhui's pretty face sink, the young man said noisily, "Yes Miss, Inoue of the Yamaguchi group called and asked if Miss had taken their target away from the motorcycle race arena, and said"

Ji Yuhui's face suddenly turned cold and she reached out, "Is the phone still on? Give me the phone, I'll talk to Inoue myself!"

The young man hurriedly nodded and said, "The phone is on, Missy please."

He hurriedly handed the phone to Ji YuYi, but his gaze swept over Ji Feng and the others, seemingly a bit unfriendly, causing the nearby A-Bo to look at him with a frown and a fierce glare.

Of course, Ji Feng also noticed the young man's gaze, he did not move, as if he did not see it at all.

However, when he pretended to turn his head inadvertently, and Ji Shaolei glanced at each other, they both saw the wariness and vigilance in each other's eyes.

Obviously, things have changed.

Or

The relationship between the Chuk Yuen gang and the Yamaguchi group didn't seem to be that stiff, otherwise, how could this young man be hostile to them as a guest of Ji Yu Yuey?

The white spider likewise sensed that the atmosphere was not right, she immediately sat up slightly straight, the hand originally inserted in her pocket was untraceably taken out and placed on her waist, while her legs were slightly bent, such a posture, so that she could suddenly burst out at any time to prevent unexpected changes.

When White Spider moved this way, that biting coldness from her body appeared at once, causing Ah Bo, who was originally sitting next to Ji Yuqing, to narrow his eyes slightly, his heart shuddering.

"This young woman, the killing aura on her body is very strong!" Ah Bo said secretly, "Even some gold medal killers in the gang may not have such a murderous aura, it seems that this is not a simple person either!"

"Hey, this is the Pioneer Group!"

At this moment, Ji Yuqing did not notice the subtle movements of the others as she took the phone and picked it up.

But very soon, Ji Yuqing's face sank, and she did not know what the person on the other end of the phone had actually said, causing a touch of anger to appear on Ji Yuqing's face.

Immediately afterwards, Ji Yuqing said in a deep voice: "I think your Excellency is drunk, the ones I took away are naturally my friends, not people from any gang, and what's more, what they are has nothing to do with your Excellency in the slightest!"

Then, Ji Yu Yue added: "What Yamaguchi group of people, I have never seen, just a few armed criminals shot and killed in our competition venue, all killed by our security guards things are like this, we have no place to give an account to your Excellency, and you have no such Qualification for us to give an account!"

When Ji Feng heard these words, he couldn't help but secretly say, so the Yamaguchi group called to ask for an explanation.

It seems that the Yamaguchi group already knows that their people were killed in that motorcycle race arena, so they called and want to get an explanation No!

If it was just to ask for an explanation, then the young man who just came over with the phone should have been righteously indignant, he shouldn't have been hostile to himself and others.

Obviously things are not that simple!

Ji Feng continued to listen.

Only because they were as far away as a living room from Ji Yuqing, and the other party's voice on the phone didn't seem to be high, so Ji Feng couldn't hear exactly what the person on the phone was saying, and he could only infer from Ji Yuqing's conversation with the other party.

"Alive?"

Ji YuYi sneered, "Those thugs committed murder with guns, all of them were killed they deserved to die, thugs like that who have no humanity should go to hell!"

A roar immediately came from the other end of the phone, and this time Ji Feng heard it clearly.

Ji YuYi said in a cold voice: "If that's all your Excellency wants to ask, then we have nothing more to say, that's all."

"Wait a minute!" The person on the phone suddenly said, his voice very high.

"I don't have that much time to waste with you!" Ji Yuqing said in a cold voice, "That's it"

"....."

The person on the other end of the phone said something else.

Ji Yuqing sneered, "Money, we have plenty in Pioneer Group, as for the land, no need for others to give it, if we want it, we will get it ourselves!"

"Snap!"

After saying that, Ji Yuqing directly hung up the phone.

She casually threw the phone to the young man and said in a deep voice, "In the future, you don't need to bring such calls to me, just give it to Uncle to handle directly. Or, you can just hang up the phone!"

The young man was stunned, and when he saw Ji Yuqing's gloomy face, he didn't dare to ask more questions, so he hurriedly nodded and said, "Yes!"

But Ah Bo glared at the man and hummed, "You're not like that! You can't even do this little thing well, get out!"

The young man's face was a bit aggrieved, and he gave Ji Feng and the others a fierce glare, and when he saw that Ah Bo was about to have a fit, he shrunk his head in fear and hurriedly went out.

The young man had the guts to give himself a scowl when Ji YuYi and the old man had made their attitude clear.

If the Bamboo Gang's men are such lawless people, then it's no wonder they can't compete with the Yamaguchi Group.

You know, especially among gangs, the hierarchy is extremely strict, and the rules are also very strict.

But from this young man's body, Ji Feng really can't see what rules the Chuk Yuen Gang has, Ji Yu-ye's guests, a random henchman dare to give a face, he is clearly not afraid to offend Ji Yu-ye, it seems, this Ji Yu-ye really does not have a lot of majesty.

The company's main business is to provide a wide range of products and services to the market.

The company's main business is to provide a wide range of products and services to the public.

As for the information on the Yamaguchi Group and the White Hand Party, you should be able to get it from other places, so it's not necessary to stay here and ask Ji Yuqing for it.

Therefore, Ji Feng said, "YuYi, this time is also late, we will not bother, thanks for your help today"

Ji YuYi's eyebrows knitted and she said unhappily, "Ji Feng, it seems that you still don't treat me as a friend, because of this phone call just now, right? You misunderstood!"

Ji Feng shook his head with a smile and said, "No, we are really going back."

"It was Ah De who was impolite and offended Mr. Ji!"

At this time, Ah Bo suddenly spoke up, he said to Ji Feng with an apologetic face, "Mr. Ji, I'm really sorry, this grandson of mine is spoiled, don't be normal with him, I hope a few of you will forgive more."

Ji YuYi didn't notice the young man's small gesture, but Ah Bo did, so he knew that Ji Feng's reaction was because the young man had glared at them and thus had an opinion about the Chuk Yuen Gang.

Ji YuYi's brow furrowed, "Ah De is a bit too much."

The old man called Ah Bo then shook his head helplessly and said, "Missy, this is all my fault, I will discipline him properly, please forgive me, Missy. Please also ask Mr. Ji's forgiveness."

Ji Feng waved his hand, signaling that it was nothing.

Ji YuYi could only shake her head helplessly and said, "Ah Bo, you don't need to blame yourself, Ah De's father died for the sake of the Chuk Yuen Gang, and you worked hard for the Chuk Yuen Gang all your life and neglected to discipline Ah De, to say the least, the Gang owes you."

Ah Bo hurriedly waved his hands, "This is as it should be, as it should be, Missy that's an overstatement. In this way, I'll go prepare the information of the Yamaguchi-gumi and the White Hand, you guys talk first"

The first thing you need to do is to get a good idea of what you're getting into, and you'll have to listen to my explanation. The caller just now was a hall master of the Yamaguchi group called Jiro Inoue, who is in charge of the action team. He asked me about the action team on the phone, and asked me if you were taken away by me."

Ji Feng nodded noncommittally, none of these questions had much to do with him.

Ji YuYi said, "Of course, the point is that Jiro Inoue wants to trade a million dollars and a street of land for his people and you guys."

Ji Feng couldn't help but snicker, "Ho! Is that all I'm worth? The Yamaguchi group still wants to continue to want our lives?"

Chapter 1746

"So, what are you going to do about it, Mr. Ji?" Ji Feng asked.

"Do you think I'm the kind of person who can sell out my friends for money?" Ji YuYi asked rhetorically. She noticed that when Ji Feng addressed her, he didn't call her YuYi anymore, but called her General Ji, so obviously Ji Feng's heart was a little wary.

Ji YuYi became a little annoyed, this guy, just don't trust himself so much?

Ji Feng smiled and waved his hand, not saying anything more.

In fact, he was still not too sure in his heart.

It was true that from the contact with Ji Yuhui, perhaps she was not the kind of person who betrayed her friends, and if she wanted to sell herself out, she would not have told them frankly. But that also depends on the circumstances. If it is for the benefit of the Chuk Yuen Gang, Ji Yuqing may not sell herself out.

After all, the two sides were not too close, and many people would betray even their own brothers for the sake of profit, let alone ordinary friends who did not have a deep friendship.

The first thing I can say is that the two gangs have a conflict of interest, but more importantly, I am a Chinese, and I will not betray my friends, let alone the Chinese.

Ji Feng nodded with a smile and said, "I choose to believe you."

Ji YuYi said helplessly, "Then shouldn't I thank you more for your trust?"

Ji Shaolei suddenly interjected, "It's true that Treasure Island is China's. However, there are many people on Treasure Island who consider themselves not Chinese, but more intimate with the boundary tent, right?"

Ji Yu-Yi nodded and said, "Although I would love to say no, there is no denying that there are indeed some people on the island who are more inclined to the Boundary Tent. But that's only a very small portion of the population, and I can say with certainty that I am not. Perhaps one thing I should tell you is that my grandfather's brother, my uncle grandfather, died at the hands of the Boundary Tent soldiers, and so did my grandmother!"

Ji Feng nodded slightly: "So that's how it is!"

Ji Feng believed what Ji Yuqing said, because generally people would not joke about their closest elders, so Ji Yuqing's words were credible.

Of course, as second brother Ji Shaolei said, there is indeed a part of Treasure Island that is more close to the Boundary Tent, and even, there is a big person who many times claimed to be the descendant of the Boundary Tent people in public, saying that he himself is also a Boundary Tent person.

And in recent times when China and the boundary tent in certain issues have conflict, this old thing is constantly jumping out and speak for the boundary tent.

Some of the people represented by this old thing are relatively close to the boundary tent.

But more people still know who their ancestors are, like the stream of that shameless old thing, after all, is still a minority of people.

After a moment of silence, Ji Yuwen whispered, "Ji Feng, do you really want to take on the Yamaguchi Group and the White Hand Party?"

Ji Feng laughed: "What, do you want me to answer again? Or do you think that I am joking?"

For no reason, he was attacked and killed, if he did not feel the danger approaching in advance, in that chaotic environment today, I'm afraid Chu Yue would have really met with an untimely death.

Although those killers in front of him and the white spider, like a chicken and a dog, but in fact those people are still quite good, they act quickly, and very calm and composed, also fast, considered to be elite.

If he and the white spider were not present, those killers might have really gotten it!

How could Ji Feng let them go?

What's more, the killers were actually from the Yamaguchi Group, and this group of tent people just owed it to themselves, and if Ji Feng did nothing about it, he couldn't even explain himself!

Since that bunch of clowns want to jump for death, then Ji Feng will not be polite to them.

As for saying that the other side has a lot of people and is a strong gang Ji Feng secretly sneered, as long as the plan of action is okay and planned well in advance, I believe that even if there are any accidents during the action, the result will not be too outrageous!

The first thing you need to do is to get a good idea of what you're getting into, and you can't help but see a cold smile on Ji Feng's face and a cold flash in his eyes.

It seems that Ji Feng has made up his mind to take revenge on the Yamaguchi Group!

Ji YuYi mused: "Ji Feng, since you have already made up your mind, then I won't say anything more. However, I have a request, and I hope you won't refuse it."

Ji Feng nodded slightly and said, "You name it, as long as it's within my ability, it's no problem."

Since Ji YuYi was going to give him detailed information about the Yakuza and the White Hand, Ji Feng was like owing her a favor, and now that he had a chance to return the favor, it was naturally the best.

Unless he was a friend with a particularly good relationship, Ji Feng did not want to owe anyone a favor.

Ji YuYi said, "When you make your move, can you inform me about it?"

Ji Feng was stunned when he heard that, "Notify you?"

Ji Yuhui immediately said, "Don't misunderstand, I'm not trying to pry into your whereabouts and action plan, but we are also mortal enemies with the Yamaguchi Group, so when the time comes, I will also send someone to participate in your action, so won't it be more certain? And, if something unexpected happens, there is also a response, what do you think?"

Ji Feng's eyebrows furrowed: "You guys are also going to act together?"

Ji YuYi nodded and said, "Of course, if you don't feel too convenient, then forget it."

Ji Feng shook his head and said, "It's not a matter of convenience, frankly speaking, if I want to take on the Yamaguchi group, there will definitely not be many people there, and I will probably only take a few people with me, so it is necessary to keep the operation strictly confidential, otherwise, if people are blocked inside, then just wait to be beaten into a sieve."

Ji YuYi immediately dawned on her and she said, "Don't worry, when the time comes, the people I arrange will definitely be the most loyal and there will be absolutely no possibility of leaking secrets."

Ji Feng shook his head and said, "That's not necessarily true, even if a country concentrates all its strength on a confidential operation, there is a possibility that others will know about it, let alone a gang. I'm sure your people are all well-trained elites, but it's impossible to achieve strict secrecy."

Ji YuYi couldn't help but nod, even though Ji Feng's words were very direct and without any embellishment, which seemed harsh at first, but Ji YuYi knew he was right.

For example, don't they have undercover agents within the Yamaguchi group?

The two sides were mortal enemies, and if the Yakuza wanted to pry a little bit of information about the TUF, then there were definitely ways to do so.

So it's almost impossible to achieve strict secrecy.

"Then"

Ji YuYi wanted to say something, but after a moment, she said, "Ji Feng, if you can trust me, when the time comes, I will go there alone, maybe at the critical moment, more or less can help, what do you think?"

Ji Feng laughed: "Why do you have to go along?"

It is reasonable to say that this kind of action must be very dangerous, Ji YuYi is so insistent, but it makes Ji Feng a little strange.

"How can I put it"

The reason is multifaceted, one is to help you and make a contribution. The second reason is that I want to see with my own eyes the wretchedness of the Yamaguchi group if you really defeated them."

Ji Feng couldn't help but shake his head and smile, "Let's talk about it then."

From Ji YuYi's words, it was not difficult for Ji Feng to hear that she actually did not have much confidence in herself to deal with the Yakuza, that's why she said that if she really crushed the Yakuza if she was confident, how could she say that?

She will certainly say, wait until you have crushed the Yamaguchi Group

In addition Ji Feng also felt that Ji Yu Yue wanted to follow so insistently, I'm afraid there are other purposes, but now Ji Yu Yue does not say, he will no longer ask.

The actual fact is that you can find a lot of people who are not able to get the job done.

However, Ji Yuhui's next remark was something that made Ji Feng's heart flutter.

"Ji Feng, even if you know all the information about the Yamaguchi group, I'm afraid it's impossible if you want to wipe them all out."

Ji YuYi said, "These people are usually cunning in order to avoid strikes from their enemies, while I am able to get the latest information about their movements, so if I follow, it will obviously be beneficial to your actions, and will allow you to grasp first-hand information even more."

Ji Feng secretly nodded his head, this is true, grasp the first-hand information is indeed very important, otherwise, in case the action floundered, but wasted the opportunity, but also to alert the snake.

However, Ji Feng did not show it on his face, he said, "Let's talk about it when the time comes, I need to see the information of the Yamaguchi group before deciding."

Ji YuYi smiled sweetly: "The information will come right away, so I'll monitor the movements of those leaders of the Yakuza on my side first?"

At this time, Ah Bo came over with a stack of information and directly handed it to Ji Feng.

Ji Feng took the information and found that the paper was still a little warm and had a strange smell on it, so it was obvious that it was just printed out.

"This is the information of all the Yamaguchi group's hall masters and above, as well as the structure of their club members, and the business they are engaged in, etc." said Ah Bo, "I hope it can be of help to Mr. Ji. "

"Of course it's helpful, thanks a lot." Ji Feng said.

"Mr. Ji is too polite." Ah Bo waved his hand with a smile and turned his head to Ji Yuhui and said, "Missy, dinner is ready, please go and dine with Missy and a few guests."

"Ji Feng, give a face?" Ji YuYi had a smile on her face.

"..... Then, thank you very much." Ji Feng didn't want to stay for dinner, but since Ji YuYi had said so, he couldn't quite refuse, so he nodded and agreed.

Chapter 1747

New York, Rice, in the evening, Chu Wangdong arranged things in the company, and only then returned home.

This is a single villa, but the villa around the wooden fence courtyard wall, but replaced with an iron fence, in the periphery, and a brick wall.

In the courtyard, there were two bodyguards dressed in black, sitting on chairs fiddling with a laptop computer.

They were checking the surveillance facilities around the villa.

Since Ji Nan Yue's personal safety was threatened in the eyes, the security guard level in the villa was raised a lot, and all kinds of security devices were installed, and even the courtyard wall was completely remodeled, but even so, Chu Wang Dong's heart was still vaguely a little uneasy.

There are a thousand days to be a thief, but not a thousand days to prevent thieves.

In fact, the best way to solve the crisis is to nip the danger in the bud, to completely erase the hidden danger.

But thinking about those shadowy forces, Chu Wangdong can not help but shake his head, they are serious businessmen, at most, they spend more money to hire some strong and experienced professional bodyguards, to protect their own safety, but if we say to wipe out all those hostile forces, it is obviously impossible.

Those bodyguards do not have this ability, Ji Nan Yue also will not use this method, because, Chinese in the country is already somewhat treated differently, usually they do not commit crimes can be good, the country in order to show their tolerance and democracy, at least on the surface they will do, so that their laws seem to protect all legal people.

But if once hired killers or mercenaries to attack and kill opponents, the Rice side will immediately intervene.

And those opponents can hire killers, but no one is seen to control them, which is typical of only allowing the state officials to set fire to the people not to light a lamp.

For this situation, Chu Wangdong some helpless, but the trouble is still there, they can only find a way to solve through other channels.

However, today Chu Wangdong's mood is still very good.

Ji Feng and Ji Shaolei's arrival made Chu Wangdong very happy, and their incomparably strong hands made Chu Wangdong even more delighted. It is because of Ji Feng and Ji Shaolei's strong hands, as well as their strong hand, so that the security department of the Weida Group in the hidden trouble, was one of the purge!

Hong Yiming can no longer interfere with the security department!

From this time on, the security department will be completely in the hands of Ji Nan Yue, the security force within the Weida Group has been greatly strengthened.

At least, if there is any trouble, the security department will play the biggest role, not like before, not only to worry about the outside enemy, but also to prevent the security department in the people suddenly anti-water.

Even if there are still a lot of discordant voices in the group, at least the security department will not have to worry about it.

As long as the problem of threats to personal safety can be solved, as for other troubles, it is all good, especially the internal struggle for power in the group, as well as the external business operations, the problem is not too big.

In business, these problems are very common, as long as people are safe, other problems are good.

However, Chu Wangdong's joyful mood became somewhat hesitant after he entered the house.

Ji Feng and the others had already indicated their intention to visit their mother, Ji Nan Yue, to try to convince her to return to China for a visit, or they had a deeper intention, perhaps they wanted Ji Nan Yue to return to China for good.

According to Ji Feng and Ji Shaolei, the old man is getting old, in fact, when the old man reaches this age, he is really fighting with the sky, he can live one more day that is earned, maybe one day he will suddenly have an accident and pass away, this is very possible.

Go back to visit the elderly, it is only right to do so.

But the problem is, Chu Wangdong does not know what his mother thinks in her heart, and does not know whether she welcomes Ji Feng's arrival.

Or, will the arrival of Ji Feng and their mother be stimulated by something?

How to speak to his mother about this matter, this is Chu Wangdong more difficult.

The two bodyguards greeted Chu Wangdong as they entered the courtyard, and then continued to fiddle with the computer. There is no strict hierarchy between employers and employees in Rice, and the hierarchy is not so strict, but more often than not, there is equal communication.

Chu Wangdong also waved his hand to them, and then walked into the living room with big steps.

At this time in the living room, a middle-aged woman was sitting on the sofa, wearing glasses and reading the newspaper.

This woman is wearing home clothes, hair up high, looking very dignified, if not in the corners of her eyes can see some crow's feet, I'm afraid no one would think that she is a middle-aged woman of 40 or 50 years old. If slightly dressed up, I'm afraid many people would think she was only 30 or 40 years old.

"Mom, I'm back." Chu Wangdong walked over. Obviously, this middle-aged woman was Chu Wangdong's mother, Ji Nan Yue.

"Just waiting for you guys to come back and start dinner." Seeing Chu Wangdong come back, a loving smile appeared on that woman's face, "Where is that girl Xiao Yue, didn't she come back with you?"

"That girl ah"

Chu Wangdong laughed, "Went out with friends, may have to come back a little later."

Ji Nan Yue's brow immediately wrinkled, "this child, always so unconscious, not tell you to watch her, do not let her run around, outside so dangerous! This is a special situation, those with ulterior motives are worried about finding opportunities Wangdong, where did she run? You immediately call, call her back."

Chu Wangdong laughed: "Mom, there are two experts following her, it will be fine, so don't worry about it."

Ji Nan Yue asked, "Two experts? Are they from the security department?"

Chu Wangdong shook his head and said, "Sort of, one of them just joined the security department, and the other one is his friend, they are both experts, Xiao Yue is very safe with them."

When Ji Nan Yue heard this, she asked, "Newly recruited people? Is Hong Yiming recruited?"

Chu Wang Dong said: "Of course not, is introduced by Li Guoliang, is his friend recruitment, Hong Yiming from the middle of a bar, the result of one of the experts in a fit of anger, in the assessment of the security department of many experts were sent to the hospital, but also to Hong Yiming offended hard, in order to fight, that expert will not agree to join our group, so only one left"

Chu Wangdong said the examination time, shook his head: "To say the least, it's a pity, originally those two experts can recruit in, it's all the fault of Hong Yiming that old thing!"

Ji Nan Yue said unhappily, "Be careful what you say."

Chu Wangdong smiled and nodded, he knew that his mother was very strict with her children's education, whether it was in terms of manners or quality, it was all very demanding.

"Hong Yiming is bent on taking control of the security department, Li Guoliang wants to introduce his friends in, of course Hong Yiming will stop it." Ji Nan Yue is not too disappointed, if Hong Yiming does not come out to stop that would be strange.

"The new recruits, has there been any investigation into their backgrounds?" Ji Nan Yue asked.

"Already investigating, I know it's a special period recently, in order to prevent people with bad intentions from mixing in, I will definitely investigate them carefully." Chu Wangdong said, "However, I think the new recruits this time should be fine?"

"Why are you so sure? Is it because they were recommended by Li Guoliang?" Ji Nan Yue asked.

"This is just one aspect, the main thing is, these few people are from China, especially Ji Feng and Ji Shaolei, the two of them are not that kind of treacherous villain at first glance, they both look very dignified and extraordinary." Chu Wangdong spoke, closely watching his mother's expression, "Ji Feng's body is even stronger than ever"

However, before he could finish his words, Ji Nan Yue suddenly interrupted him and asked in an urgent voice, "Wait a minute! You just said, what are their names?"

Mother really knew them!

Chu Wangdong secretly said, but on the surface, he pretended to be strange and said, "Their names are Ji Feng, Ji Shaolei, and there is also a girl named White Spider Mom, what's wrong?"

Ji Nan Yue but frowned: "Ji Feng, Ji Shao Lei?"

Chu Wangdong's a heart can not help but raise up, the mother will not be stimulated?

He was just about to say something when he heard Ji Nan Yue say, "Wangdong, these two people you mentioned, where are they now, is Xiao Yue with them?"

Chu Wangdong nodded and said, "Yes, Xiaoyue saw that they were very powerful and admired them, so she had to take them out to play"

Ji Nan Yue said, "You immediately call that child Xiao Yue and ask her to bring those few people, I want to see them."

Chu Wangdong hesitantly asked, "Call now? They may be eating."

Ji Nan Yue said, "Just call now!"

Chu Wangdong immediately nodded and said, "Okay then, I'll go out and call them, are you bringing them directly to the house?"

Ji Nan Yue said, "That's right, bring them directly to the house."

Chu Wangdong stood up and went outside, his heart was a lot more relaxed, his mother is willing to see Ji Feng and Ji Shaolei, no matter what she will say after meeting them, but at least, willing to see them this is a good sign.

Watching her son go out to make a phone call, Ji Nan Yue could not help but be a little lost in thought, but also do not know, she was thinking about something

.....

In the suburbs of New York, at the gate of the Bamboo Alliance Gang's estate, Ji Feng shook hands with Ji YuYi to say goodbye.

"YuYi, thanks for your hospitality today, I'll treat you to a drink some day." Ji Feng said with a smile.

"Then I'll be waiting." Ji YuYi smiled coquettishly.

"Then it's a deal." Ji Feng laughed.

"Of course, I will definitely remember." Ji YuYi smiled sweetly, "Also, what I said before, I hope you'll think about it."

"I will consider it." Ji Feng nodded, "Farewell."

"Take your time." Ji YuYi smiled, "If there's anything you need help with, call me anytime."

Afterwards, Ji YuYi waved her hand and a car drove out from the manor and parked in front of Ji Feng and the others, only no one noticed that the driver who was driving stared at Ji Feng's back and a cold light flashed in his eyes.

Chapter 1748

"Missy, what kind of people are they? Isn't it a little inappropriate for us to just give them the information of the Yamaguchi Group and the White Hand Party?" Looking at Ji Feng and the others who were sent away by a business car, Ah Bo couldn't help but ask in a low voice.

"Miss, you also know that there is no conflict between us and the White Hand for the time being, but the White Hand has become closer and closer to the Yamaguchi Group, which in itself is very unfavorable to us. If this time, if the White Hand knows that we have given their information to others, then we will only make enemies for no reason at all. If we let the White Hand and the Yamaguchi-gumi completely unite"

Ah Bo's face had a somewhat worried look: "Miss, you have to think carefully ah. The Yakuza is a ferocious hungry wolf that wants to take a bite out of anyone it catches, and if you add the White Hand to this lion"

However, there are not many people who still care about the righteousness of the jianghu, and there is no need to talk about righteousness with the Kaitou and the White Hand.

Ah Bo agreed with Ji Yu Ying's words, going to reason with the boundary tent people, it would be a waste of effort.

However

Able said, "What Missy said is very reasonable, but, no matter whether they talk about kung fu morality or not, but now we have no conflict with the White Hand after all, what we should do most at this time is to bury our heads in expanding our strength, rashly going to provoke the White Hand, isn't it a bit"

Ji YuYing nodded slightly and said, "Ah Bo, why don't I understand what you said, if it was a normal person, I naturally wouldn't give him the information of the White Hand Party and the Yamaguchi Group, but these few people today are different."

Abe was a little curious: "Oh? They are"

Ji Yu-Ying said, "They are my benefactors, and they are also the benefactors of our Chuk Yuen Gang!"

"Our benefactors of the Chuk Yuen Gang?" Ah Bo was stunned and didn't quite understand.

To say that those people were Missy's benefactors, it was quite understandable, Missy presided over the Pioneer Group and flew around the world all year round, so she would occasionally encounter danger, so it would be normal if those people happened to help Missy at this time.

However, Ji Yuqing said that these people were the benefactors of the Chuk Yuen Gang, how come she had not heard of such things?

Ji Yuqing said, "When I went to the mainland, I encountered an attack by the Yamaguchi Gang in Hangzhou, Jiangsu, Zhejiang, at that time, although I also had my bodyguards with me, the Yamaguchi Gang colluded with the local gangs, they carried a large number of weapons, and there were many of them, if Ji Feng would not have made a move, I'm afraid I would have fallen into their hands."

Ah Bo was stunned: "Ah? There is this thing? In that case, he is indeed kind to Missy."

"Yes!"

Ji YuYi nodded and said, "What's more, he captured the two thousand ladies of the leading family of the Yakuza, as well as the two sons of the Sasaki family, and allowed me to borrow this matter as a way to threaten the Yakuza"

Ah Bo was stunned at first when he heard the words, then he suddenly had a movement in his heart, "I remember, Miss, you are talking about the last time when the Yakuza attacked in a big way and wanted to land on Treasure Island to grab territory with our Chuk Yuen Gang?"

Ji Yu-Yi nodded and said, "Yes, it was that time. If not for Ji Feng's help, there would have been a place for the Yakuza on Treasure Island by now, and our strength would have been greatly reduced!"

Only then did it dawn on Ah Bo: "No wonder, I said how come Missy looked at them differently, it turns out that they had helped our Chuk Yuen Gang a lot and saved Missy."

Ji YuYi said, "Actually, even if he hadn't done me any favors, I probably would have helped him, Ji Feng is a very powerful person in the mainland, moreover, he's kind of nice in person, he's a friend to make."

Ah Bo nodded and said, "It's just a little arrogant."

"Arrogant?"

Ji Yuqing couldn't help but ask strangely, "Where does that come from?"

Ah Bo said, "According to what Missy said, of course this person's strength is good, but I'm afraid that he still has some to take on the Yamaguchi Group and the White Hand Party."

Ji Yuqing smiled and said, "A bit out of your depth, right?"

Ah Bo laughed, although he didn't say anything, he obviously thought just that.

Ji Yuqing sighed lightly and said, "He is probably too confident. The Yamaguchi-gumi, indeed, is not that easy to deal with, not to mention, he has to eliminate all the leaders of the Yamaguchi-gumi, how easy is it to talk about?"

To deal with the Yamaguchi Group, this issue is generally afraid to think about, let alone vow to do it.

But Ji Feng not only made a bold statement, and look at his look seems to be very confident, a look of confidence, as if the Yamaguchi group is like a chicken and a dog, indeed seems to be a little arrogant.

You know, the Yamaguchi group is not a normal gang, first of all, they have a lot of people, and there is no shortage of experts inside, over the years, China's martial arts continue to decline, but the karate, swordsmanship, is very prosperous, the kai tent of martial arts experts, and many people have joined the Yamaguchi group.

On weapons, the Yamaguchi group through various channels, get a large number of weapons, even weapons such as rocket-propelled grenades. And many of the retired soldiers of the KAI Tent military are now members of the Yakuza, and their skills with guns is naturally needless to say, strong combat power.

And when it comes to cold weapons, KAI Tent's swordsmanship is known all over the world.

In addition to their strong economic strength, there is also the Kaitou government in the secret support, the Yamaguchi group is simply a giant, even the Bamboo League is not their rival, can only struggle to survive.

And Ji Feng is to deal with the Yamaguchi Group, sounds really a bit arrogant.

Abe said: "Too much confidence is arrogance. This person can be said to be a bit headstrong. Miss, I think it's better if we do our best to help in this matter, it's better not to personally participate in his actions, otherwise"

Ji YuYing interrupted him and asked, "Ah Bo, you used to watch me grow up, you know my character very well, do you think, if I just stand by and watch, can I live with it in my heart?"

Ah Bo then did not speak, Miss everything is good, but too moral, or rather, too soft-hearted.

As the saying goes, no poison is no husband, they are mixed with the triads, of course, the morality of the jianghu, but to protect themselves is the first priority, the others have to take a back seat.

But this was not something that Ah Bo could say directly, so he could only say, "Miss should consider carefully."

Ji Yuqing nodded and said, "Don't worry, I will consider it carefully."

She looked at the car that had already disappeared without a trace, and couldn't help but sigh lightly in her heart, Ji Feng, this person, was really a bit too arrogant, unless he spent money to hire a huge mercenary group, otherwise, it was simply impossible to get rid of the Yamaguchi Group.

"I'm afraid this has something to do with his origin! This person comes from a wealthy family, and although he is said to be graceful, he still has some of the arrogant temper of a gentry in him after all." Ji Yuqing secretly shook her head.

"If this kind of temper is placed at home in China, then naturally there won't be any problem, he has a big background and comes from a good background, others are afraid of him and will naturally give him face. But abroad, what use can his background be?"

"Being headstrong and self-willed can only harm him!"

Ji YuYi sighed lightly, she decided that if Ji Feng was really bent on going against the Yamaguchi group, she would also follow, of course, she would not personally participate in the attack, but she would meet outside, if Ji Feng was able to escape, she would definitely be able to escape the pursuit of the Yamaguchi group if she met him, so it would be considered returning a favor to Ji Feng.

But

The company's main business is to provide a wide range of products and services to the market.

The first thing you can do is to take a look at the website.

.....

"Squeak—!"

The business car slammed a sharp brake and stopped, and the people in the car were made to lurch forward by that huge inertia.

"Ah!"

Chu Yue shrieked and almost hit her head on the middle row seat, fortunately, the white spider was quick and pulled her, so that she was not hurt.

Sitting on the middle row seat, Ji Feng frowned fiercely and said in a deep voice: "How do you drive!"

Who knows, the driver is a sneer: "I send you has been considered to you, how to drive, what do you care?"

Ji Shaolei suddenly said angrily: "What are you talking about? This is how the Chuk Yuen Gang teaches their youngsters?"

Ji Feng's face sank: "Is that you?"

The driver turned back with a cold smile on his face, he was no other than the young man who was hostile to Ji Feng and them in the Bamboo Alliance Gang's manor before, the grandson of Ah Bo, who seemed to be named Ah De.

Ah De stared at Ji Feng with hostility and said in a cold voice: "Don't think that with Jade Youth protecting you, you really consider yourselves as guests, I tell you, you don't deserve it!"

Ji Feng's brow was furrowed, "What are you trying to say?"

Ah De said in a cold voice: "You know, the Yamaguchi group is willing to pay two streets, and ten million dollars, to get their people back, and your lives! Just because of you guys, let our Chuk Yuen Gang lose such a large piece of land, and a large amount of money, do you think, you still have any face to be our Chuk Yuen Gang's guest?"

Ji Shaolei was instantly fired up, "Fuck! What kind of bastard logic is that? If you have the guts, your Chuk Yuen Gang will sell us, I'd like to see if you have that life to make money!"

What a fucking asshole!

This so-called 'loss' can also be counted on their heads?

This bastard grandson is crazy for money, right?

If Ji Feng hadn't said anything yet, Ji Shaolei really wanted to stomp this son of a bitch to death.

Chapter 1749

When Ade heard Ji Shaolei's words, he immediately said with a gloomy face: "What, are you threatening me?"

Ji Shaolei laughed back in anger: "Threaten you? How dare you?"

Ade said angrily: "What a big mouth, do you believe that I can make your corpse on the spot at any time?"

Ji Shaolei's face sank completely, his eyes flashed with a cold light, staring deadly at Ade, said disdainfully: "It's not that I look down on you, it's not that I don't believe in your strength, in my eyes, you're not even a dog, you're not qualified to say such things to me!"

Ji Shaolei was really on fire.

Ade's actions, perhaps there is nothing wrong, between them one is not a relative, two is not a friend, Ade completely no need to give him a good face, and Ji Shaolei also never thought to ask others for no reason on their own smiling face, he is not that narcissistic.

We do not offend each other well water, each other in peace, that's enough!

However, this dog Ade is extremely excessive, he even took the condition offered by the Yamaguchi Group as the loss of the Chuk Yuen Gang.

From what he said, it seemed to be saying that the reason why the Chuk Yuen Gang couldn't earn this money was because of Ji Feng and them.

If they weren't friends with Ji Yu Yeh, then now the Chuk Yuen Gang would probably have an extra piece of land and a large amount of money. And this debt is going to be on Ji Feng's head and theirs.

..... This is fucking asshole logic to the max!

Why should I be your tool to make money? What the fuck you want to use Laozi to make money, then is not taking Laozi's life improper human life?

It is simply bullshit, Ade and what right to take other people's lives at will to make money?

Because the business is not made, but also blamed on others.

Ji Shaolei is used to seeing all kinds of arrogant and domineering family children, but also seen all kinds of douchebags, and even some arrogant bastards, but he has never seen such bastards!

As if in the concept of Ade, other people's lives are not life seems to be, as if they are his slaves!

Ji Shaolei himself is not a good-tempered person, hearing such bastard logic of Ade, and even said so arrogantly, how can he stand it?

"Ka ka ka~~!"

Without saying a word, Ade directly pulled out his gun and put it against Ji Feng's head.

Ji Shaolei's eyes instantly shone brightly as he bellowed, "Put the gun down! Doggone thing, do you know what you're doing? Don't look for death!"

And before Ji Shaolei's low voice, the white spider had already made his move.

In fact, as soon as Ade made his move, White Spider reacted immediately after. Although she did not say a word, but her beautiful eyes is a cold light fierce flash, then, her hand moved, a cold light from her hand flashed, instantly attacked Ade's neck.

Just kidding, dare to hold a gun to Ji Feng's head, white spider instantly killing intent skyrocketed.

"Pop!"

Who knows, the white spider's hand was casually stopped by Ji Feng.

At this time, a knife in the hand of the white spider, just a few centimeters away from Ade's neck.

If Ji Feng did not stop it, at this time, I am afraid that Ade is already a corpse, he did not even have the opportunity to shoot.

"Ji Shao" White Spider whispered: "Let me kill him!"

“Don’t get your hands dirty!” Ji Feng said indifferently.

“You, you guys

It was only until this time that Ade reacted, and cold sweat sprang up on his forehead.

The knife in the hand of the white spider, let Ade death straight, how he did not expect, this looks beautiful unlike the woman, actually will be so powerful!

This time, Ade is a dilemma, white spider’s knife is just a few centimeters away from his neck, at any time may cut his neck.

But if he took the gun back, wouldn’t that be too weak?

His face could not hang.

At this time, Ji Feng pushed Ah De’s hand away and he said indifferently, “With those words and your actions just now, even if I kill you now, your Chuk Yuen Gang would have nothing to say. However, for the sake of Ji YuYing’s face, I won’t bother with you this time, but there better not be a next time.”

After saying that, Ji Feng gave him a cold look, then directly pulled open the car door and got out of the car.

Ade pointed the gun at Ji Feng, in fact, there is really no threat to Ji Feng at all.

Especially in such a small space at close range, not to mention just one person, even if a few more people, and more guns, it is useless for Ji Feng.

Ji Feng has countless ways to take out Ade in a flash!

The only thing is, Ji Feng did not take action against Ade because of Ji YuYi’s face line, after all, he just got the information of the Yamaguchi group and the White Hand Party from Ji YuYi, before also because of Ji YuYi’s help to uncover the Yamaguchi group’s killers, so Ji Feng also saved the trouble, Chu Yue is also no longer in danger.

Moreover, Ji Feng saw that Ji Yuwen seemed to have a lot of respect for Abe, and Ade was Abe’s grandson.

It was for these reasons that Ji Feng spared Ade this time.

As long as there was another time, not to mention Ji Yuqing’s plea, even if the whole Chuk Yuen Gang came over, Ji Feng would definitely not show any mercy.

“Boom!”

The car door closed, and Ji Feng all got out of the car.

Ji Shaolei coldly swept Ade’s face and drank, “Get out!”

Ade resentfully turned the car around, then lowered the window and said in a stern voice: “You guys wait, dare to do this to me, you have no good end

Ji Shaolei immediately went over: “I’ll let you know now, what will happen to you!”

“Zee—!”

Ade no longer dared to say a half-hearted word, a fierce guess the throttle, the car sped away.

Ji Shaolei couldn't help but curse, “What a dog!”

Who knows, the car did not drive far, and then suddenly stopped, Ade out of the car window, shouted: “Kid, I told you, you are not allowed to go near Jade Youth, otherwise, I will kill you!”

After saying that, he did not dare to stay for a moment, and hurriedly drove away in a huff.

Ji Shaolei took a deep look and coldly snorted, “Doggone thing, I'll remember you!”

Ji Feng shook his head and said, “Let's go.”

Ji Shaolei turned his head to look at the surroundings and said, “How do we go, Saner, this is the wilderness! There are no cars passing by, do we just walk straight back? That son of a bitch really knows how to pick a place!”

This is a suburb of New York, although the road is very good, but this is not in front of the village, and it is already evening, there is no car passing, want to go back, is not so easy.

Ade chose to make trouble here, I'm afraid it is also seen here is very desolate, no one passed.

In that case, when Ade moved the gun, he was afraid to really dare to shoot!

When I thought of this, Ji Shaolei's fire immediately came.

I should have just done that son of a bitch!

Chu Yue said, “I'll call home and ask them to send a car to pick up.”

Ji Feng waved his hand and said, “No need to pick up, you make a phone call to report a safe is, we think of other ways to go back, do not let the family worry.”

“Ding”

As he was saying, Chu Yue's phone rang: “It's big brother calling.”

Chu Yue picked up the phone, “Big brother we were left halfway, can't get back well, you send someone to pick it up, my phone has a positioning device, you can find me right”

Snap!

Chu Yue hung up the phone and smiled cheekily, “That's good, my big brother will send someone to pick it up, we'll just wait here. Cousin, that friend of yours is so bad, how come he sent such a person to send us?”

Ji Feng said, “When the forest is big, there are all kinds of birds.”

Ji Shaolei frowned and said, “Third child, did you hear that bastard's last words? He seems to be jealous of you.”

Ji Feng shook his head and said, "Don't pay any attention to him, I have nothing to do with Ji YuYi, just a bit of friendship in the past."

But Ji Shaolei reminded, "You should pay attention, you should know how powerful the Bamboo Alliance Gang is in Treasure Island. Moreover, they have very close ties with the political figures in Treasure Island, if you get too close to the daughter of the Chuk Yuen Gang, I'm afraid that there are people in the court who will gossip."

Nowadays, although the relationship between Treasure Island and the mainland is not as tense as before, there are always some people who are restless and like to stir up the storm.

The two of them, one is the first grandson of the Ji family, and the other is the daughter of the Bamboo Gang, so if they get too close, I'm afraid it won't be good.

Ji Feng nodded thoughtfully and said, "It's not good to be too high-born, you don't even have the freedom to be friends with anyone."

Ji Shaolei laughed: "This is also something that can not be helped. But"

He suddenly lowered his voice and said, "San'er, if you really want to develop something with that woman, then get that woman and let her provide you with information, in this way, naturally, no one above will say anything."

Sweat!

Ji Feng shook his head and laughed bitterly: "Why would I want to do that kind of thing? I said that we are just ordinary friends."

Ji Shaolei laughed heatedly, but some do not believe: "If it is just an ordinary friend, she can be so interested in your matter? Think about it yourself!"

Ji Feng shook his head and laughed: "No matter!"

The two of them had only met twice in total, how good could their relationship be?

In fact, between them, they only owed each other a favor, and it would be fine if the favor was paid off.

Afterwards, Ji Feng took them forward a distance, then left the road and entered the wilderness. This was done to prevent the Yamaguchi group from finding them again, just in case.

They waited not too long, Chu Wangdong came to pick up personally, then, Ji Feng and others, rushed to the Chu family, Ji Feng and Ji Shaolei heart also can not help but apprehensive, the little sister to see them, what will be an attitude?

Chapter 1750

"Brother Wang Dong, Little Aunt she really didn't say anything?" Ji Feng couldn't help but confirm again.

"Really didn't say anything, just said that she asked me to bring you guys to the house, she wants to see you guys." Chu Wangdong said, "I saw her reaction, it seems that she is not angry, I believe she still wants to see you guys."

“That’s good. That’s good.” Ji Feng couldn’t help but say iteratively.

“Cousin, no need to be so nervous, right? When you faced the killer before, you weren’t even this nervous!” Chu Yue said with a smile, “Don’t worry, although I don’t know why you guys are afraid to meet my mom, but when the time comes, if she reprimands you guys, I’ll cover for you!”

Ji Feng laughed: “Then, thank you so much cousin.”

Chu Yue smiled cheekily and said, “You are welcome what, I do sister, how to also take good care of you well, hey, before thinking that it would be good to have a brother, now finally have”

What kind of words is this!

Ji Feng is really crying and laughing.

And Chu Wangdong is nervous: “Xiao Yue, what did you just say? You met the killer?”

“Yah!”

Chu Yue’s little face collapsed: “Spilled the beans!”

Poof~~!

Ji Shaolei burst out laughing, Ji Feng also can not help but smile, this cousin, is simply a playful heart of a child!

By Chu Yue so interrupted, Ji Feng and Ji Shaolei’s mood is quite relaxed, not so apprehensive as before.

Chu Wangdong is anxious, Ji Shaolei smiled and said what happened.

“Yamaguchi group”

Chu Wangdong coldly snorted, “bastard thing!”

Whirlwind, he tightened his brow again: “Even the Yamaguchi Group is involved? Did the Weida Group provoke them, or did someone pay for them?”

Ji Feng said, “No need to dwell on this issue, dwell on why the Yamaguchi Group wants to go against the Weida Group, when there is an opportunity I will ask for you.”

Chu Wangdong was stunned: “What do you mean?”

Ji Feng laughed: “It’s just a casual remark that what, I have a friend who can talk to the people of the Yamaguchi Group, let that friend of mine help ask when the time comes.”

Chu Wangdong nodded slightly and said, “This is good, we think we have not offended the Yamaguchi group anywhere, but they have attacked Xiaoyue for no reason If there is a chance, I will not let them go!”

Chu Yue hurriedly said, “Big brother, can you not tell mother about this matter? I am afraid that she is worried.”

Chu Wangdong glared and said, “Of course not. If this information is not told to mother, how can she make an accurate judgment on the current situation?”

Chu Yue's small face then collapsed and she stopped talking. She seemed a little afraid of being reprimanded by her mother.

While several people were talking, the car arrived at Xiao Gu's house.

The smiles on Ji Feng and Ji Shaolei's faces unconsciously disappeared, and even if they were as calm as Ji Feng, they couldn't help but be a little nervous.

In fact, even when he first met his father, Ji Feng was not so nervous.

The reason for this is that this time Ji Feng came with a mission.

And the attitude of Little Aunt towards him would directly determine whether the mission would be successful or not.

"Get off!" Chu Wangdong said, "Look! My mother is already waiting in the living room, so you guys don't have to worry about it."

"Oh?"

Ji Feng and Ji Shaolei immediately followed Chu Wangdong's gaze and looked over, they immediately found that in the villa's living room, a figure was turning around and walking towards the living room, then quickly sat down on the sofa.

It could be seen that the figure should have been standing on the steps at the entrance to the living room just now.

Then it is clear that the little aunt should have been standing on the steps before, waiting for them to come back here.

Ji Feng and Ji Shaolei looked at each other and both relaxed a lot.

Since the little aunt has such a move, it is likely that it means that, in fact, the little aunt is also very eager to see them, her heart, there should be a place for family

Ji Feng several people all got off the car, Chu Yuexia ran into the living room, pulling Ji Nan Yue in chattering about something.

Chu Wangdong laughed: "Let's go in too, don't worry, things seem to be good."

Ji Feng nodded and said, "Go in!"

Always have to meet, since we have come here, there is nothing to be nervous about. Even if you are nervous, what can change the outcome? It will only make things worse.

Ji Feng just entered the living room and saw Xiao Gu sitting on the sofa.

And at this time, Ji Nan Yue has also seen Ji Feng and Ji Shaolei, she seems to be very excited, actually stood up at once, looking at Ji Feng and Ji Shaolei, opened his mouth to say something, but did not say a word.

Seeing this situation, Chu Wangdong could not help but say, "Mom, let me introduce to you."

Ji Nan Yue but waved her hand, did not let Chu Wang Dong speak. However, looking at her expression, she was looking very excited.

Ji Feng and Ji Shaolei looked at each other, and the two of them simultaneously took a big step forward and came to Ji Nan Yue.

A fluttering sound!

Ji Feng and Ji Shaolei knelt on the ground at the same time.

“Little Aunt!”

Just this ‘little aunt’, Ji Nan Yue’s eyes instantly filled with tears, she hurriedly covered her mouth and didn’t let herself cry out.

Seeing this situation, Ji Feng and Ji Shaolei were also saddened in their hearts.

Little aunt alone in the rice country, knowing that home in China, but so many years have not gone back, and here and experienced such trouble, I am afraid that little aunt has long been exhausted, she actually lived a very bitter!

Now suddenly see the two closest relatives, although it is the younger generation, but also enough to make the little aunt mood stirred up.

Ji Nan Yue took a few deep breaths, seemingly easing her emotions, and only after a while did she rush forward to help Ji Feng and Ji Shaolei up, “Get up, child, get up!”

Ji Nan Yue this ‘child’, is officially Ji Feng and Ji Shaolei, the two nephews of the mother’s family to recognize.

The more they looked at them, the more excited they were, and they couldn’t help but say, “Like! Really look like! You are the child of the second brother, as for you, is the child of the elder brother?”

Ji Nan Yue was right!

She saw at a glance that Ji Feng and Ji Shaolei and Ji Zhenhua and Ji Zhenguo’s relationship.

Both of them nodded at the same time.

Ji Nan Yue also did not know what came to mind again, lamented: “Time passes really fast, in a flash, you are all so big, you are Shaodong, right, when I saw you, you just know how to run around, but now you have grown into an adult.”

Ji Shaolei said, “Little aunt, this time you are mistaken, Ji Shaodong that is my big brother, I am Shaolei.”

Ji Nan Yue was first stunned, and then could not help but say with emotion, “Shao Lei, Shao Lei is right, look at my brain, before Wang Dong also talked about your name.”

Ji Feng two people smiled faintly, they do not think is the little aunt’s brain stupid, if she is stupid, it is not to create such a large group, apparently because she was too excited, so this is the name of Ji Shaolei to the wrong.

“Mom, you guys don’t stand around talking.” Chu Wangdong said, “dinner is ready, let’s eat and talk, relatives meet so happy thing, definitely need to drink two glasses ah!”

“Yes, yes, yes!”

Ji Nan Yue nodded: “Hurry up and call your father, let him come back, let’s have a good family reunion, it’s also a reunion meal!”

Reunion dinner?

Ji Feng and second brother Ji Shaolei untraceable glance at each other, at the same time heart a happy, from the little aunt’s statement can taste, little aunt is want to go back ah.

It seems that the purpose of this trip to Rice, has reached half.

Persuade Xiao Gu to return to the country, this is certainly not a big problem, now the rest, only Xiao Gu is facing trouble, that’s all.

Not long after, Ji Feng and others met again Chu Wangdong’s father, that is, their little aunt’s husband, Chu Kangcun.

This is a very elegant man, whether talking or mannerisms, all seem to be very elegant, like the kind of scholar. But for the specific occupation of the little aunt, Ji Feng is not quite clear.

At the dinner table, originally Ji Feng and the others had all eaten dinner at Ji YuYi’s manor, but because they were in an excited mood, they ate some more, but most of the time they were talking to their little aunt and occasionally drinking some wine.

Ji Nan Yue was so excited that she asked long questions to Ji Feng and the two of them, even about their upbringing and what they were doing now, and listened very carefully, but Ji Feng noticed that she never asked about the situation at home, especially about the old man, and she didn’t ask a single question.

Since she was too excited, the evening conversation did not go on for too long, and the young aunt arranged for them to go to rest.

Ji Feng also thought that it would be better to talk in this kind of excitement than to wait for everyone to buffer and calm down first, then it would be much better.

So after everyone had rested, Ji Feng was going to go to the second brother’s room and communicate with him to see how it would be better to talk to his sister-in-law tomorrow, but he had just arrived at Ji Shaolei’s room when his phone rang.

“It’s so late, is it a call from the country?” Ji Shaolei asked.

“No” Ji Feng was also stunned to see the caller ID, the call was actually from Ji YuYi.

“..... YuYi, calling now for,” Ji Feng walked out of the room and picked up the phone. He thought that when Ji Yuqing called at this time, it should be because of what Ade said.

However, Ji YuYi’s answer surprised Ji Feng.

She said, "Ji Feng, I have an important message to tell you, I got a temporary intelligence that tonight, the main leaders of the Yamaguchi group will meet in a villa, supposedly to discuss what happened today."

Ji Feng was immediately taken aback: "What?"

Ji YuYing said, "I got the news that this time the important heads of the Yakuza should all be there, and it seems that there are important people coming, if you really want to fight the Yakuza, this evening is a good opportunity, of course time is a bit tight, but if you are short of manpower, I can help."

"You wait a minute!"

Ji Feng's mind was thinking quickly, it seems that it was the failed assassination of Chu Yue today and the intervention of the Chu Lian Gang that made the Yakuza feel the pressure, that's why they had to meet to discuss this matter, maybe there was something else, but no matter what, the important heads of the Yakuza would gather together, that's right, Ji Yu Yu should not provide false information.

This is an opportunity!

Ji Feng thought the whole thing over quickly and finally determined that there was nothing wrong with it, he gritted his teeth and did it!

Just tonight, first take the Yamaguchi group!
