

Campus Master 1751

Chapter 1751

When he received Ji YuYi's call, Ji Feng first hesitated for a moment.

After all, the news had come too suddenly and the time was too tight.

Although Ji Feng had made up his mind to deal with the Yamaguchi-gumi, he was not going to do it immediately.

The fact that the Yakuza dared to lay hands on Chu Yue made Ji Feng absolutely intolerable. If the Yamaguchi group dared to do it to Chu Yue today, then they would dare to do it to Chu Wangdong tomorrow, and even his sister-in-law and sister-in-law would not be an exception.

Being targeted by such a gang, could their days be any easier?

Ji Feng will definitely not sit back and do nothing!

A gang of boundary tent brats, actually dared to lay hands on their own relatives, no comment, must take out these bastards!

But even though he had to act, he couldn't be so reckless as to do it directly without finding out anything. After all, although the Kaitou people were disgusting, they were shameless, shameless, groveling to the strong and showing their brutal and ugly faces to the weak.

But no matter what, the Yamaguchi-gumi was still very powerful, a point Ji Feng did not deny.

In particular, according to Ji Yu-yi, the Yamaguchi-gumi were very powerful, many of their action teams were experts, and they also had a large number of firearms and weapons, whether they were cold or hot weapons, they were extremely powerful.

Under such circumstances, rashly making a move was obviously not the most appropriate choice.

Therefore, after Ji Feng had received the information from Ji YuYing, he originally wanted to first understand the situation about the Yakuza thoroughly, as well as the situation of the White Hand Party as well, and then, based on these circumstances, formulate a plan of action, in order to be able to achieve the goal of uprooting the Yakuza and wiping them out in one go!

This was Ji Feng's original plan, and this would take some time, so after returning to his sister-in-law's home, Ji Feng did not even think about this issue anymore, the first thing he had to address now was how to persuade his sister-in-law to return to China, as for everything else, it could be put off.

However, a phone call from Ji YuYi caught Ji Feng a little off guard.

The main leaders of the Yamaguchi Group were actually going to meet this evening!

This was indeed a perfect time!

As long as one was not a fool, one would be able to see that there was clearly no doubt about it. If one missed this opportunity, it would be really difficult to find such a good opportunity next time, and there was no telling how long one would have to wait.

However, right now Ji Feng is unprepared, he doesn't even have his weapons ready, and in terms of manpower, there are only two people, him and the white spider, and the time is so rushed, and he's not familiar with New York

If you don't do it today, you're obviously going to miss the opportunity.

The actual fact is, if you really want to do it, you are faced with a lack of preparation, which is indeed somewhat troublesome.

This is why Ji Feng was a bit hesitant.

However, his hesitation did not last long, and after just a little thought, Ji Feng immediately agreed.

Nothing to say, do it!

Since he was under-prepared, there was no need to prepare anymore, anyway, this time it wasn't a frontal hard and strong attack, but a sneaky attack in the dark, he and the white spider, two people, that was enough!

A rare chance!

As the saying goes, a man of great skill is bold, Ji Feng believed that even if he really encountered any problems in the middle, he would be able to defuse them.

Ji Feng immediately nodded his head and agreed, "YuYi, thanks for the news, give me the address, I'll go there."

Ji Yuhui said, "Even if you are given the address, if you don't have someone who is familiar with the local environment following you, it will be difficult for you to get in, the Yamaguchi group has a very strict orientation, so you might be discovered, How about this, I will also go over, we will meet up first and then you can make your move."

Ji Feng frowned slightly, and then nodded, "No problem."

Ji YuYi then gave him an address and said that she would wait for him there, and then the two of them ended the call.

Afterwards, Ji Feng immediately informed White Spider and called Li Guoliang to tell him to drive outside Xiao Gu and wait there immediately. Only then did Ji Feng go back to his room and change his clothes, and then came to his second brother Ji Shaolei's room and told him what had happened.

After listening, Ji Shaolei couldn't help but say, "Third son, don't be impulsive yet, how credible do you think this news is?"

Ji Feng said, "Second brother, I understand your concerns, and I won't trust Ji Yu Yue 100% either, however, whether this news is true or not, we always have to go and see if it is true, if it is true, then this is a perfect opportunity, maybe I can take out all those leaders of the Yamaguchi group in one go!"

Ji Shaolei immediately asked rhetorically, "And what if the information is false?"

"If it's fake, " Ji Feng raised an eyebrow and said, "then it's fine too."

“It’s better to say something just because it’s fake, but if the news is fake, it means that there is a greater danger waiting for you next, otherwise, who would give you fake news for no reason?” Ji Shaolei said, “Once the news is false, then there must be an ambush, that’s inevitable, what will you do then?”

If the information given by Ji Yuhui was false, then there must be an ulterior motive. Whether the information she got was false or she deliberately gave false information, she must have an agenda.

Anyway, it was not as if Ji Yuqing was bored in the middle of the night and wanted to spread a fake message to pass the time?

Therefore, Ji Shaolei could be sure that the fake news must be accompanied by a dangerous trap.

Ji Feng said, “I understand what you mean, but even if it’s fake news and the other party has a trap to ambush, I’m not afraid, I have to go and check it out!”

Ji Shaolei frowned and said, “What if the other side uses firearms?”

Ji Feng laughed, “At close range, it’s not certain who will suffer, even if there are more of them.”

“What about if there are bombs?” Ji Shaolei asked.

“I will be careful.” Ji Feng said, “Don’t worry, I know how to avoid danger, and as you know, I’m very experienced in this area, don’t forget, I’ve been to war!”

“Then

“Don’t worry second brother, I will protect myself, since we are here to help little aunt solve her troubles, now that the opportunity has come, of course we have to go.” Ji Feng said, “Action, there are definitely risks, I’ll just try to be careful.”

“That’s all I can do, you must be careful!” Ji Shaolei said.

“I will be careful.” Seeing that he had convinced his second brother, Ji Feng couldn’t help but let out a sigh of relief.

In fact, how could Ji Feng not know that there was a great risk involved?

He did not have a deep friendship with Ji YuYi, so Ji Feng was not sure whether the source was true or not, but whether it was true or not, he always had to go and take a look to find out.

Fighting a behemoth like the Yamaguchi-gumi’s White Hand Party, trying to bring them down without taking any risks, that was impossible!

Ji Shaolei suddenly said, “No, San’er, I think it’s better for us to go together, and if there’s really danger, I can also pick you up.”

Ji Feng immediately shook his head and said, “Second brother, you have to stay behind, what if there is trouble here with little aunt? Besides, I’ve also called up Li Guoliang, so I’ll let him pick up outside when the time comes, there will definitely not be any problems.”

“Then

“Don’t worry!”

Ji Feng laughed, "Even if the Yamaguchi group is stronger, can it still be stronger than the dynasty?"

Ji Shaolei said, "Just be careful, don't be careless."

Ji Feng nodded and said, "You don't have to worry about me, but at my sister-in-law's place, if she asks, you have to help me explain."

Ji Shaolei said, "I know what to do without you saying these things, be careful yourself."

After discussing the matter with his second brother, Ji Feng took Bai Spider with him and left the villa silently, waiting outside for Li Guoliang to arrive.

Ji Feng inadvertently noticed that Bai Spider was carrying a bag in his hand, and he couldn't help but ask, "Bai Spider, what do you have in this bag?"

White Spider's answer, however, stunned him, "Two long guns, and two short guns."

He casually unzipped the bag, revealing two rifles inside, along with two pistols, and a few magazines.

Ji Feng was stunned, "Where did you get them?"

White Spider laughed lightly, "From the bodyguard by the way. The guns in Rice are too ubiquitous, and I think it's too dangerous if we move without guns."

Ji Feng immediately laughed bitterly, "You took away the bodyguard's gun, in case there is any trouble here, how will they cope?"

White Spider said, "They still have them, this should be their spare."

Ji Feng smiled and shook his head, the white spider was thoughtful, but the risk to these bodyguards in the villa had increased, let's just hope there won't be any trouble here tonight.

However, Ji Feng wasn't too worried, after all, this was part of a wealthy area with a good security situation, and as Ji Feng had read when he arrived, the police patrols here were frequent, so I believe there shouldn't be too much of a problem.

Ji Feng and the two of them did not have to wait long before Li Guoliang arrived by car.

After getting into the car, Ji Feng first briefed Li Guoliang about the situation, and after that, they went straight to the location that Ji YuYi had mentioned.

.....

There was a small car park at the intersection of a street in New York, and at this moment, a business car and a SUV were parked here, and the car was unlit and appeared dark.

But in fact, in that SUV, there were people talking in low voices.

"Missy, why do you have to come out in person, the Yamaguchi group is meeting, they must be heavily guarded and under fire, what's the difference between acting at this time and looking for death?" The person who spoke was Ah Bo, who was beside Ji Yuet Ching.

“If Missy has to help him, why don’t you just let me go?” Ah Bo said, “Why does Missy have to put herself at risk?”

In Ah Bo’s view, Missy was being moral and helping her friend by providing Ji Feng with the latest movements of those leaders of the Yamaguchi group, which was indeed correct.

However, this action today was a search for death.

There was no doubt about it.

Chapter 1752

“Missy, you’d better go back, I’ll just keep watch here.” In the SUV, Ah Bo was still persuading Ji Yuhui, “I’ve been in New York for almost ten years, I’m definitely more familiar with it than you are, if that kid really manages to escape, I can rescue him at any time and make sure that the Yamaguchi group can’t catch up.”

Hearing this tone of his voice, it seemed that if Ji Feng made a move tonight, there was a good chance that he would not be able to escape, which was why Abe had said if

However the more this was the case, the more Ji YuYi could not leave.

If Ji Feng missed tonight, then there could only be one outcome, and that was death.

At this time, if Ji Yuhui was not there, then Ji Feng’s favor would never be repaid. As far as Ji Yuhui was concerned, she had done her part by staying here and waiting to rescue Ji Feng, even if he did die.

Personally going on the field was completely different from having one of her men go on the field.

Ji Yuhui said, “Isn’t it the same for me to be here? Since you’re more familiar with New York, it’s all up to you how to go when the time comes.”

Abe could not help but laugh bitterly, “Big small, if you are here, I must first consider your safety, only if you are safe, I can save that kid. When the time comes instead, there are some

Ji YuYi said, “A-Bo, you should stop persuading, I am not going back, otherwise, if I leave while Ji Feng is dead, I will feel indebted to Ji Feng for the rest of my life, and then I will never be able to repay it.”

“Ugh!”

Ah Bo couldn’t help but sigh and shook his head helplessly, saying, “Alright then, Missy, since you insist on staying here so much, then you have to promise me one thing.”

Ji Yueting asked, “What is it?”

Ah Bo said, “You have to promise me that if things go wrong, we have to preserve ourselves first. I have to save Ji Feng after preserving us. You can’t just rush over there without thinking about anything as soon as you see something happen to Ji Feng, if that’s the case, then I’d rather be chastised by you and turn around and go back immediately!”

Ji YuYi nodded and said, “No problem, I promise you.”

Only then did Ah Bo let out a slight sigh of relief, what he feared most was that Ji Yuhui would be too sentimental and that once she saw that something had happened to Ji Feng, she would not even care about her own safety and had to go to Ji Feng's rescue.

If that were to happen, not only would they fail to save Ji Feng, but they would also get themselves into trouble, completely losing their wives and their troops.

After a moment of silence, Ji Yuhui suddenly asked, "Ah Bo, do you think Ji Feng has no chance of success at all?"

Ah Bo sighed, "Eldest Miss, actually you already have the answer in your heart, so why ask me again."

"Exactly!"

At this time, the person sitting in the front driver's seat turned back, this person was no other than Ah Bo's grandson, the young man who had clashed with Ji Feng just before, Ah De.

He took over his grandfather's words and said, "Eldest Miss, you must be well aware that the top brass of the Yamaguchi Group are gathering for a meeting tonight, the security will definitely be incomparably tight at that time, I'm afraid the entire operation team will be deployed for security guard work, Eldest Miss knows how strong the Yamaguchi Group's operation team is in battle, we have suffered too many losses at the hands of that operation team. "

Even if they just send their elites over, there are still hundreds of them. Even if we send all the elite fighters of the Chuk Yuen Gang in Rice, I am afraid they are no match for them. He wants to kill the top brass of the Yakuza, that's just a fool's dream, no, I think he's just a fool, he has to seek his own death!"

Ah Bo's face suddenly sank, "Ah De, what are you saying!"

"I'm telling the truth!" Ade said disdainfully, "If you ask me, Missy offered to help that kid and provided him with information about the Yakuza and the White Hand, that's already kind and righteous. That kid was looking for his own death, there was no need to drag us into it!"

Hearing this, Ji YuYi could not help but feel a little unhappy as she said, "Coming to Ji Feng's aid was something I wanted to do myself, he did not have to drag me on. Besides, giving him information about the Yamaguchi-gumi and the White Hand Party is simply not enough to repay the favour I owe him. Not only me, but even the whole Chuk Yuen Gang owes someone a favour, can we not help?"

Ade bristled and said, "Miss, I know it's not appropriate for me to say this, but think about it, if Ji Feng dares to make a move tonight, he will undoubtedly die, there is no doubt about it. If that happens, it won't just be a matter of repaying Ji Feng's favour, I'm afraid that the Yakuza will go to war with us, and that's a big deal for the entire Bamboo Gang in New York!"

Ji Yuhui frowned and said, "What are you trying to say?"

Ah Tak said, "I just think that since that kid is so arrogant and has to go looking for death, there is no need for us to go down with him. If we want to return the favour, wouldn't it be enough for us to secretly send someone to protect his relatives after his death? This is also a great favour!"

Ah De secretly sneered in his heart, Ji Feng was simply looking for death in this action, there was no need to doubt that!

When Ji Feng died, the task of protecting his relatives would be impossible for Missy to carry out personally, it was unrealistic, even if Missy wanted to do so, the people in the gang would not agree to it, when the time came, the one who could carry out this task would still be him, A De, eight out of ten`9 times.

As long as this mission falls into his hands, what he wants to do, that is still up to his mood?

The Weta Group!

That is a big piece of fat meat!

Ever since the evening clash with Ji Feng, De had secretly investigated the Weida Group, and even if he hadn't, De had heard of the Weida Group, which was a large group of companies with huge assets.

But in the eyes of Ade, who was a gangster, such huge assets were a big piece of fat meat.

The Yamaguchi Gang's attack on Ji Feng's relatives must be for the money of the Weida Group. Since the Yamaguchi Gang can eat it, he, Ade, can naturally eat it too.

I'm afraid that after all these years of hard work, the people of the Chuk Yuen Gang don't have as much as the assets of the Weta Group, right?

Ah De was moved.

As for protecting Ji Feng's relatives after his death Hey, I'll definitely protect them well!

"Eldest Miss, think about it"

"Shut up!"

Ah Bo reprimanded at once, interrupting Ah De's words, "Eldest Miss has her own ideas, no need for you to talk too much, just do your job!"

Ade shut his mouth resentfully, and only then did he see that although Ji Yuet had not replied, the gloomy look on her face was an unmistakable expression of her displeasure, and it was obvious that she did not agree with what she had said.

Ah De couldn't help but secretly hate, that Ji Feng was that important in Ji Yuhui's mind?

Missy is going to marry me, how can she tolerate outsiders getting their hands on her?

Ah Tak turned back and stopped talking. But if one looked closely, one would find that there was a strong hatred in Ah De's eyes, as well as resentment.

"Here it comes!"

Ah Bo suddenly said, "It should be them!"

Immediately following his gaze, Ji Yuoying saw a car drive into the car park, except that the car did not stop when it passed an empty space, but drove slowly, as if it was looking for something.

"Flash the lights a few times." Abe said.

"Yes!"

Ade had to do as he was told.

Sure enough, only to see that the car also flashed its lights a few times, and immediately afterwards, Ji YuYi's mobile phone rang, and it was Ji Feng who called.

Ji YuYi immediately opened the door and got out of the car and waved.

As the two cars approached, Ji Feng got out of the car and said, "YuYi, thank you so much."

Ji YuYi waved her hand with a light smile and said, "If you're so polite with me again, I won't take you there."

Ji Feng nodded and laughed, "Fine, then I won't be polite to you... YuYi, let's not talk, what's the situation?"

Ji Yuhui said, "Let's get in the car and talk about it."

The two of them got into Ji Yuet's SUV, then Ji Yuet took out a map and said, "In fact, we have been closely monitoring every move of the Yakuza together, especially the moves of their operation team, which is the focus of our surveillance, after you guys left, I got information that a large number of manpower of the Yakuza's operation team had been mobilised to go to a place, then I enquired through other channels, and I learnt that the top brass of the Yakuza were going to meet together, and there was also an important person coming to"

Saying that, Ji YuYing pointed to a red dot on the map and said, "In the end, after we confirmed it, the location of their meeting was here."

Ji Feng asked, "What is this place?"

Ji Yuwen said, "This is the home of the chairman of the Yamaguchi-gumi, but of course, he is only the chairman of the Yamaguchi-gumi in New York."

Ji Feng deliberated for a moment and asked, "So, this chairman is, in fact, the top leader of the Yakuza in New York, is that right?"

"That's right." Ji Yuhui nodded her head.

"Then let's do it!" Ji Feng said without hesitation, "Take out the top leader of the Yakuza in New York so that they will know that it hurts!"

"Ji Feng, you won't think about it anymore?" Ji YuYing asked, "According to the information we have, this time nearly half of the Yamaguchi Group's action team has been deployed to carry out vigilance, almost three hundred people, so many people guarding a place, even if we mobilize an army of mercenaries all the way here, it would take quite a lot of effort to take it down."

Three hundred people?

Ji Feng couldn't help but raise his eyebrows, this was indeed a bit out of his expectation, with so many people guarding the place, it was indeed a bit not easy to wipe out the leaders of the Yamaguchi group.

But

So what?

Ji Feng nodded and said, "Not a big problem, however, I need some weapons."

"Humph! What a big mouth, when you are beaten into a sieve, let's see how you can still be wild!" A cold laugh came out of Ah De's mouth.

Chapter 1753

"Hmph! What a big mouth, when you are beaten to a pulp, let's see how you can still be wild!" A cold laugh came out of Ade's mouth.

"To defeat the Yamaguchi-gumi, you can't just rely on being able to blow!" Ah De had a mocking look on his face, "Unless you can really blow all those fighters away, otherwise, there's only one way to die!"

Ji Feng frowned and ignored him.

In fact, from the moment Ji Feng first got into the car, he had already seen Ah De.

Only, for such a bastard, Ji Feng didn't want to pay attention to him at all. For people like Ah De, the more you pay attention to him, the more smug he will be and the more smug he will be, and he will talk even more then.

It is said that a dog that bites does not bark. A bastard like Ah Tak, whose mouth is so full of words that it can make bubbles, is worse than a dog, in fact, to put it bluntly, he is not even a dog's shit.

However, Ji Yueting snapped her face down and rebuked coldly, "Shut up!"

Ah Tak's face suddenly turned red, he did not expect that Ji Yueting would be so disrespectful to him.

In fact, as the eldest lady of the Chuk Yuen Gang, she would often reprimand Ah Tak. Even for Uncle's sake, whenever Ah Tak made a mistake, Ji Yuet Yin would say a few words to him in a not-so-serious manner.

Usually, Ah De did not dare to feel resentment.

However, when he was reprimanded by Ji Yuhui in front of Ji Feng, Ah De only felt a wave of humiliation surge through his heart and he felt he had lost face.

Ade could lose face in front of anyone, but not in front of Ji Feng!

..... In fact, with a personality like Ade's, he valued face more than anything else, and to put it bluntly, this kind of person is self-righteous, and if others did not give him face, it would make him feel humiliated.

However, Ade's resentful eyes were directly ignored by Ji Feng.

In Ji Feng's eyes, this person, Ah De, was really not on the stage.

Ji YuYi was even less likely to pay attention to Ade, as she asked Ji Feng, "What kind of weapon do you want?"

Ji Feng said, "A gun is definitely a must, there are so many people on the other side, if they don't have a gun, they can only go to their deaths. Apart from that, it would be better if there could be grenades or bombs."

The car at the back has guns, both short and long, take your pick. As for bombs I'm sorry, I only have a few grenades here because of the haste of the operation."

In fact, it was not because of the hasty action that Ji Yuqing did not bring them, but rather she did not even think of bringing them.

It was because in Ji Yuqing's view, with so many people on guard from the other side, it would simply be impossible to wipe out the top brass of the Yakuza in those hundreds of people, and even with grenades and bombs, it would be difficult to succeed.

And if bombs were used, the New York officials would certainly not sit idly by then, which would make the Chuk Yuen Gang very passive.

That was why Kee did not bring any bombs this time, but only a few grenades.

She was hoping that at the critical moment, Ji Feng could use these grenades to escape, or she could use them to deal a surprise blow to the enemy and thus save Ji Feng.

"Then use whatever you have." Ji Feng nodded his head. He didn't know Ji YuYi's concerns, yet he didn't ask for too much; it was good enough for Ji YuYi to carry a grenade.

"So we're leaving now?" Ji Yueting asked.

"Let's set off then." Ji Feng casually pulled open the car door and said, "You guys lead the way in front and we'll follow behind."

"Miss" After Ji Feng got out of the car, Ah De was about to say something, but he was immediately interrupted by Ji Yuhui without mercy.

"Ah De, if you want to say anything else that's inappropriate, then I'll have to drive myself, so you can return to the manor." Ji Yuqing said indifferently.

Ah Tak choked and his face turned red, but he did not dare to say another word.

Ah Bo glared at him with hatred and barked, "Don't drive yet!"

Ah Tak gritted his teeth and hatefully started the car

.....

Ji YuYi's two cars were in the front, while Ji Feng and the three of them followed behind unhurriedly, they didn't follow too far away or too close, so that passersby wouldn't look like they were together at all.

Ji Feng did this for the sake of insurance as well.

You should know that since the TUF could send people to monitor every move of the Yakuza, would not the two families, as sworn enemies, also send people to monitor the movements of the TUF?

Ji Feng kept his distance from them, also to avoid exposure.

After all, there were actually so many people in the Yakuza, so if they weren't more careful, there would really be a big danger tonight.

The three cars sped past, and soon, they drove out of the city and into the silent suburbs, and the speed of the three cars was completely released as they whizzed by.

After about an hour or so of driving, the car in front of them slowed down slowly.

Ji Feng observed the surroundings and found that they seemed to have arrived at the foot of a mountain. Only, from a distance, the mountain in front of them did not seem very high, and at the foot of the mountain, there were some lights.

Ji Feng looked carefully and found that the lights seemed to be emanating from some buildings.

"Knock knock knock" Suddenly, the car window was knocked.

"Zee~~!"

When Li Guoliang lowered the car window, he saw Ji Yuhui standing outside with something in her hand.

When Ji Feng saw this, he knew that she must have something to say to herself, and it was likely that her destination had arrived.

He said, "Guoliang, let her in."

Li Guoliang nodded and opened the car door, allowing Ji YuYi to sit in.

"Ji Feng, we're here, the villa up ahead by the mountain is the home of Sakata Taro, the head of the Yamaguchi group." Ji YuYi pointed at the building with bright lights in front of him and said, "This villa is built on a mountain, three stories high, and surrounded by guards"

"What's that you're holding?" Ji Feng asked.

"This?"

Ji YuYi raised something in her hand and smiled, "This is the surroundings of this villa that our people used to secretly take pictures of, and I just brought it to show you."

When Ji Feng took a look, he really found that what Ji Yuqing was holding was a stack of photos, only that they were all printed on paper, so they didn't seem very thick.

"Ji Feng, look here."

Ji YuYi pointed to the first picture on the paper, it was a picture taken from the front of the villa, it looked like it was taken from a very long distance, so the villa looked small in the picture and the surroundings were all photographed in.

From this picture, the front of the villa is a wide flat area with a wide road directly opposite the gate. All around the villa, there is an iron fence, and looking at the height, it is surprisingly about the same height as a small tree outside the fence, which looks like it is three or four metres high!

There were also two rows of cars on the photo, all parked in the courtyard. Although the display was small, Ji Feng could tell from the outline that there were several sports cars among these cars, which were obviously luxury cars.

“Such a high fence?” Li Guoliang saw it and couldn’t help but frown.

“That’s right!”

Ji YuYing nodded and said, “The whole villa is surrounded by iron fences this high, all the way to the back wall of the villa.”

Li Guoliang said, “Then we’ll go around the back of the villa!”

It wasn’t difficult to climb over the fence, even though the height of the fence was really a bit high, but with their bodies, it wasn’t difficult to climb up.

Ji Feng also nodded slightly and said, “After going around the back of the villa, you can enter through the window at the back.”

Ji YuYi said, “That’s impossible.”

Ji Feng was stunned, “Why?”

Ji Yuhui said, “You will know the reason when you look at the other photos.”

Ji Feng casually picked up all those papers and then carefully flipped through them, and soon, his brow furrowed.

It turned out that on these pictures, it was clearly shown that outside the villa, there was a glass wall, to enter from the back of the villa, unless this glass wall was broken, otherwise, to enter the villa without alerting anyone, that was simply impossible!

“What’s the point of having a glass wall outside the villa?” Ji Feng couldn’t help but say.

“Actually, the walls of many villas are glass walls, except that this Sakata Taro is the one who added a concrete wall inside the glass wall, so this villa is actually a double wall!” Ji Yuet said, “In order to enter from the back, you have to find a way to break a piece of the glass wall so you can get in. But unfortunately, this method still won’t work.”

Ji Feng frowned and asked, “And why is that?”

Ji YuYi pointed to one of the photos and said, “Look at this one carefully, at the back of the villa, what do you see?”

Ji Feng took a closer look and he found that behind Taro Sakata’s villa, there seemed to be a circle of barbed wire?

It was just that the barbed wire on the photo wasn’t too clear, so Ji Feng wasn’t sure.

“This old thing, Sakata, is a bit too careful.” Ji YuYing said, “Because the villa is built on a mountain, so he actually pulled up a barbed wire fence on the side of the mountain behind the villa for safety’s sake, and moreover, the fence is also electrified!”

Electric fence!

Damn, it's like a brick wall, you can't get it from anywhere!

"On the top of the mountain behind, there are also Yamaguchi-gumi on guard, so it won't work for you to attack from the mountain downwards." Ji YuYing said, "Sakata Taro has made his home almost like a bunker, there's no way to get in other than through the main entrance!"

Ji Feng fell silent, this was a problem, a tricky problem!

"Is there a way to break the glass wall, but without alerting the other party?" Ji Feng couldn't help but ponder.

"I do have a way to break the glass wall, and I can also do it without alerting the people inside, but that won't work yet." Ji YuYi said, "There are people guarding all around the villa, even if the people inside the villa can't detect it, but the people outside can detect it as well."

Swish!

Ji Feng's eyes lit up, "You can break the glass wall without alerting the people inside the villa?"

Chapter 1754

Swish!

Ji Feng's eyes lit up, "You were able to break the glass wall without alerting the people inside the villa?"

"That's right!"

Ji YuYi nodded, "Actually, before I got the information, I already knew something about this villa, and, at one point, I also envisioned what I would do if it was me who attacked this villa instead!"

Ji Feng couldn't help but smile slightly at his words; this was true of Ji Yuwen.

Since the Chuk Yuen gang and the Yamaguchi gang were sworn enemies, there was no need to say much at all. Ji Feng could be sure that no matter whether it was the Yamaguchi gang or the Chuk Yuen gang, they had definitely envisaged what methods they would have to use to defeat each other, and they had definitely envisaged it more than once, there was no doubt about that.

In fact, there is no need to talk about two gangs, from the smallest to two people who have previously hated each other and are at loggerheads, to a confrontation between countries.

As long as they are on opposite sides, it is only natural to imagine how the other side can be defeated.

In fact, I am sure that the leaders of the two countries, for example, would often imagine how they could defeat each other, but they would only fantasise about it, and if they really wanted to take action, there would be too many issues to consider.

She had imagined how to attack Sakata Taro's villa, but it had come so soon.

"I've envisaged several options for the attack before, from a multi-man strong attack to a few men sneaking in!" Ji Yuet said, "But after testing them out, none of them ended up being very feasible!"

“Why?” Ji Feng asked.

“The reason is actually very simple!” Ji Yuet said, “If it’s a strong attack with a lot of people, it would be laying down your life and charging upwards, and our Chuk Yuen Gang is still at a disadvantage compared to the Yakuza, so this is simply not going to happen in a short period of time.”

Ji Feng nodded and asked again, “What about the method of sneaking in?”

Whether Ji YuYi had a multi-person strong attack method Ji Feng wasn’t too concerned about, even if she had this method, Ji Feng wouldn’t be able to use it. Rather, Ji Feng was very interested in that method of sneaking in.

Ji YuYi said, “If you want to sneak in, actually the best way is to be able to pretend to be a member of the Yamaguchi group and blend in, that way it won’t take much effort at all to get what you want, and there is security.”

Ji Feng then shook his head and laughed, “That would be too difficult for me, I only know a little bit of Boundary Tent language, and that’s only because I’ve dealt with Boundary Tent people a lot, but if I were to communicate in Boundary Tent language, I wouldn’t be able to, and if I were to pretend to be a member of the Yakuza at that time, I would be exposed.”

The majority of the members of the dynasty were Kaito people, and Ji Feng had also given Kato of the Hishita Group and the Sumida Group a bugging device, so he was able to understand a few sentences of the Kaito language.

Ji YuYi said, “Then, is it possible to make everyone inside the villa run out and not dare to stay inside?”

“Don’t dare to stay inside?”

Ji Feng’s mind turned rapidly, thinking slightly in his head, but eventually shook his head and said, “It would be difficult to do that in a short time.”

Ji YuYi said, “Then, there is only one way left, find a way to break the glass wall.”

Ji Feng nodded and smiled, “That’s the kind of method I want to know.”

Now that he had come here, it was too late to think of other methods, and even if he thought of them, they might not work, so now Ji Feng only wanted to know how to break the glass wall without alerting the people in the villa.

From the photos, the glass wall looked as if it was all in one, and if he rashly broke it, the clattering sound of the glass breaking would definitely alert the people inside the villa, especially in the silent night here, the sound of the glass breaking would obviously be even more piercing.

“It’s not really that difficult to break this kind of glass wall.” Ji Yuet said, “I have something that can cut through the glass like a glass cutter with ease, but the question is, how do you get around to the back of the villa!”

“Where is the thing?” Ji Feng immediately asked.

“I’ll have someone send it over here.” Ji YuYi lowered the car window and waved at the two cars in front.

Soon, a man dressed in black walked over quickly, and he was carrying two travel bags in his hands.

“Missy.” The man delivered the travel bags, and then turned around and returned.

“These two bags, which I prepared especially for you, will hopefully be of help to you.” As Ji YuYi spoke, she pulled open the first bag, “This is filled with weapons, including grenades.”

Ji Feng fixed his eyes on it, and he really found that the bag had five long guns, and they were the kind of powerful standard automatic rifles, in addition to that, there were ten short guns, and another half pack of magazines.

Ji Feng couldn’t help but say, “Thanks a lot, they are all good things.”

All these guns in the bag were all standard weapons, which were rare for ordinary people to even see, and Ji Feng and the others happened to be short of weapons, so this gift from Ji Yuhui was undoubtedly a blessing in disguise.

Ji Yuhui smiled faintly, “It’s good to be of help to you.”

Ji Feng nodded, “Of course it will help, these weapons are very powerful, even if we can’t attack this villa, we can at least retreat with no problem, in terms of firepower, these weapons have an absolute advantage!”

Ji Feng did like these weapons, before he was not too demanding about weapons, he thought that carrying weapons was only for self-defence or to prevent some unexpected situations.

But when he learnt that there were actually three hundred people guarding this villa, he knew that he was wrong in his previous thinking, he needed weapons, and he also needed powerful weapons.

And what Ji Yuet provided were all standard weapons, which were extremely powerful and would be very helpful to him.

Ji Feng did not ask Ji Yueting where she got these weapons from, as the Chuk Yuen Gang, being a traditional and old gang, it was not difficult to get these made weapons.

At this moment, Ji Yuhui unzipped another bag and said, “In this bag, are some auxiliary equipment.”

Ji Feng immediately looked over, and when he got a good look at the contents of the bag, he couldn’t help but be slightly startled.

He only saw that there were quite a few kinds of things in that bag, night vision devices, sunglasses, and even a set of bulletproof vests, in addition to that, there were a few small iron boxes that were probably palm-sized, and he didn’t know what they were for.

“YuYi, you’ve prepared too well.” Ji Feng said, “It’s a lot of trouble!”

“It’s good that I could help you. But there’s only so much I can do, and besides, I don’t know exactly how many of you will come, and I have very limited equipment here, so I can only give you this.” Ji Yuqing said.

“These are more than enough.” Ji Feng nodded, “By the way, the equipment you said to break the glass

“This is it!”

Ji YuYi picked up a small iron box, opened it casually and saw that there was a pistol-like object inside, with a thin threaded steel nail in front, which looked like a small impact drill.

Ji Feng asked, “This is

Ji YuYi said, “This is an automatic glass cutter that I had special ordered, specifically for cutting this special kind of building material glass!”

Ji Feng couldn’t help but be slightly stunned that Ji Yuhui had even prepared this?

But on second thought, he was relieved, this must have been prepared by Ji Yuqing before, to prepare it on the fly, that was obviously impossible.

It was obvious that the glass outside the villa was not ordinary glass, but was of a special quality, much better than tempered glass.

To cut this kind of glass, an ordinary glass cutter would not work at all, it would have to be a special kind of glass cutter, otherwise, Ji Feng would have thought of using this method a long time ago.

The fact that Ji YuYi could now take out this special glass knife at hand was obviously because she had prepared it a long time ago.

It seemed that Ji Yuhui had also been playing with Sakata Taro’s attention all along, and I was afraid that she was thinking that one day she would need to infiltrate this place, or when she attacked it, these glass knives would be enough to come in handy.

“There are a total of five special glass knives here, not many, but they will be enough to break the glass walls around the villa.” Ji Yuet said, “I’ve tried it myself, when these glass knives cut through the special glass, the sound is there, but it’s not too loud and not too sharp, it definitely won’t alert the people inside the villa.”

“Many thanks!” Ji Feng said. All the equipment he needed, Ji YuYi had prepared for him, which made him very grateful.

“Don’t be in a hurry to thank me yet, I can only provide so much, it’s already embarrassing.” Ji Yuet said with a smile and waved her hand.

“This equipment is more than enough.” Ji Feng laughed.

“Alright.” Ji Yuhui nodded and said, “Now the equipment is there, but there is still one problem, how do you guys get around to the back of the villa so that you can silently cut through the glass? Don’t forget that all around the villa, there are men from the Yamaguchi-gumi’s operation team guarding it, and both inside and outside.”

“That’s easy!” Ji Feng said, “I’ll have my own way when the time comes.”

“Then when will your men arrive?” Ji YuYi asked, “They shouldn’t be meeting too late, so you don’t actually have a lot of time”

“What people?” Ji Feng asked.

“It’s your manpower.” Ji Yuhui said.

“Our manpower?”

Ji Feng was slightly stunned, then he laughed, no wonder just now Ji Yuhui kept apologizing for bringing less equipment, it turned out that she thought that she and the others had come over first, and that there should be a large number of manpower behind them!

“YuYi, there are just a few of us participating in the operation this time!” Ji Feng laughed, “We can start anytime.”

Chapter 1755

“Yu Ying, this time it’s just a few of us who are taking part in the operation!” Ji Feng laughed, “We can start anytime.”

“..... Ji Feng, you, you’re not joking?” Ji YuYi looked at Ji Feng with a stunned expression, this was the first time she had lost her temper like this.

“Of course I’m not joking, have you ever seen anyone joking with their own little lives?” Ji Feng laughed.

“.....”

Ji YuYi stared at Ji Feng with a look of disbelief, her sexy lips moved several times, but in the end she didn’t say anything.

Ji Feng smiled and asked, “What’s wrong? Can’t it be just the three of us?”

“Phew~~!”

Ji YuYi exhaled a long breath as she said helplessly, “Ji Feng, this is not the time to joke, don’t forget, that villa in front, there are more than 300 people inside and outside, so many people guarding a villa, even a bird can’t fly in! You, there are only three of you?”

Ji YuYi was really shocked by Ji Feng’s answer, actually using three people to attack this villa, could there be anything more outrageous than that?

Originally, in Ji Yuwen’s opinion, Ji Feng’s manpower should not be very large, but at least a few dozen was definitely necessary. Seeing how confident Ji Feng was, she thought that Ji Feng must still have some more men yet to arrive.

It was believed that when Ji Feng’s men arrived, they would leave a part of them to attack the villa in front, or create some kind of commotion to attract the attention of the villa guards and divert the tiger away from the mountain, and then Ji Feng and his men would sneak in from behind, so there might still be a possibility.

But now

They actually only had three people.

How dare they come and attack a villa guarded by hundreds of elite fighters? And every one of those three hundred people had weapons!

“You’re crazy, aren’t you?”

Ji YuYi really wanted to ask Ji Feng a question.

But she opened her mouth and still didn’t say it, Ji Feng’s answer was just a bit beyond her imagination, making her not even know how to respond.

“Ji Feng, let’s go back!” It was only after a long time that Ji YuYi said this.

“Go back?”

Ji Feng asked with a smile, “Why should we go back? YuYi, you think that there are too few of us, so it’s impossible to succeed at all, right?”

Ji YuYi reluctantly smiled and did not answer. She, who had always been intelligent and mature, did not know how to answer now.

Seeing this kind of expression on Ji Yuhui’s face, Ji Feng naturally knew what she was thinking.

Ji Feng was not surprised, I believe that whoever knew that they wanted to attack the villa guarded by so many people with just three people, would have this look on their face, to fight one against a hundred, this was not a Superman movie!

However, Ji Feng had his reasons.

He laughed, “YuYi, don’t worry, I know what I’m doing, as I said before, no matter how stupid I am, there’s no way I would joke with my own little life, don’t you think so?”

Ji Yuhui shook her head slightly, she really found it hard to understand, Ji Feng and the three of them went to fight three hundred people, this was not joking with their own little lives?

In fact, it was normal for Ji YuHye to be unable to understand what Ji Feng was doing.

This was because Ji Yuhui did not know what kind of training Ji Feng had received in the training space of the intelligent brain in the past.

To be called a true super agent, one had to be able to adapt to any harsh environment and be at ease with it. Ji Feng had undergone countless kinds of mission training in the training space of the intelligent brain, and he had experienced even more treacherous environments than this for an unknown number of times.

Don’t ever think that the harsh environment in the training space is simulated and still has a big gap with reality, just on paper.

It would be a mistake to think so.

In fact, the environment simulated by the training space of the intelligent brain is infinitely close to the real one, in which all kinds of feelings are no different from the real one, and even, there will be functions such as doubling the pain or increasing the clarity of feelings in that space.

In the case of doubling the pain, if a person is cut by an enemy, the pain he has to endure is twice the pain of being cut in reality.

Imagine the countless times Ji Feng was injured in it, the countless missions he underwent training for, the several times he came close to death and almost lost his little life, and eventually he gritted his teeth and pulled through and passed the training, then how capable he would be when carrying out such a mission!

So, although there were more than 300 people on guard inside and outside the villa, Ji Feng really didn't have that feeling of dying by the balls.

He even once single-handedly broke into a military base all by himself, fought and killed all the way, and eventually destroyed that base That kind of realistic simulation training has long been a home run!

For this operation, Ji Feng really doesn't have that feeling of being on the brink of an enemy.

Seeing that Ji YuYi still looked stunned beyond belief, Ji Feng smiled, "Alright, since they won't be meeting for too long, then we'll start now."

After saying that, Ji Feng carried the two bags with him and then got out of the car.

White Spider and Li Guoliang also followed suit and got out of the car.

"Ji Feng" Ji YuYing opened her mouth to say something, but she saw Ji Feng turn back around and smiled, "I'm counting on you for the pickup."

And then, Ji Feng's three figures quickly disappeared into the dark night.

Ji YuYi sat in the car, not moving for a long time.

Only after a while did she get out of the car, as if she had lost her soul, and walked towards her SUV.

Ji Feng was simply too arrogant and cocky.

Ji YuYi could hardly imagine how a person who normally looked so stable and wise could do such a crazy thing, this was clearly a death wish!

"Missy, what's wrong?" Ji YuYi had just returned to the car when Ah Bo saw that she did not look right and could not help but ask.

"Ji Feng and the others are just three people!" Ji YuYi let out a bitter smile, "Ah Bo, maybe you're right, they're really looking for death!"

"What?!"

"Just three of them?!"

Both Ah Bo and Ah Te, the grandfather and grandson, could not help but exclaim.

Ji Yu Ying nodded and said, "Yes, there are only three of them! It seems that they don't need us to pick them up."

This time, even Ji Yuhui knew that Ji Feng and the others were dead.

Three people were going to attack this villa, which was guarded like an iron pass, what was it if they were not looking for death?

Ji Feng and the three of them had absolutely no hope of surviving.

Unless everyone in the Yamaguchi Group was deaf and blind!

Or, Ji Feng and the three of them were supermen, which was more or less the same.

"Humph! I've already said it, they are just looking for death!" Ade sneered, "They don't know the power of the Yakuza, not to mention the Yakuza, even if those three hundred people stood there and didn't fight back, just let them kill them, they would still be exhausted. Not to mention that's still the elite of the Yakuza's action team!"

Ah Bo's face was also odd: "Missy, are all the gentry in the Mainland so stupid and ignorant?"

Ji Yuhui said, "Maybe so!"

Now she had no confidence in Ji Feng either, no, I should say, she was desperate for Ji Feng too.

Even if one was looking for death, there was no such way to find it.

"These gentry ah" Ah Bo couldn't help but shake his head and snickered, "The mainland is a power society, in the mainland, they can eat wherever they go by virtue of their family's power, and everyone gives them face, so they just think that everyone in the whole world has to look at them and they are invincible in the world."

"More than invincible in the world, huh?" Ade sneered even more, "I see, that kid thinks he's Superman."

Ade was so happy in his heart!

He originally thought that if Ji Feng took the initiative to provoke the Yamaguchi Group, then he was undoubtedly asking for trouble. Maybe, it was just looking for death.

Now that he knew that Ji Feng had only brought two people with him, he wasn't looking for death, he was dead!

Before, he was still thinking about how to get Ji Feng killed and not let him threaten him, let alone let him snatch Ji YuYi, but now, well, all worries were gone.

In any case, the three people in the car all thought that Ji Feng and the others were dead!

.....

The three of them had already arrived at the foot of the mountain, not too far from the villa, reflecting the lights of the villa, plus the reflection of the glass wall outside, making the surroundings very light, they could all see clearly the gunman outside the villa holding his gun and patrolling back and forth.

It was a young man with an Asian face, and it was clear that he should be from the Boundary Tent.

Ji Feng waved his hand and the three of them squatted down.

“Mr Ji, is it really just the three of us?” Li Guoliang asked.

“Of course not.” Ji Feng said.

“Oh” Li Guoliang couldn’t help but let out a sigh of relief, however before he could completely relax, Ji Feng’s following sentence immediately left him stunned.

“Technically speaking, it should be two people!” Ji Feng said, “Guoliang, take a long gun and a pistol with you now and go back to the car immediately, remember, go back quietly and don’t let anyone find out.”

“Huh?” Li Guoliang did not respond for a moment.

“Didn’t understand?” Ji Feng asked with a frown.

“No, I heard and understood, but Mr. Ji, you want two people to break into,” Li Guoliang was shocked. Even though he had carried out many missions and could be said to have climbed out of the pile of the dead, he was still shocked at this moment when he heard that Ji Feng was only going with the white spider.

Ji Feng said, “It’s settled, you go back immediately, remember, you can’t let anyone find out, be careful our back road, we can’t completely hand it over to other people, understand?”

Li Guoliang immediately nodded: “Understood!”

Ji Feng waved his hand: “Go back.”

Li Guoliang gritted his teeth, “Yes!”

As an elite warrior, Li Guoliang’s mental quality was naturally extraordinary, and he quickly calmed down and understood Ji Feng’s intention for this arrangement.

Ji Feng was afraid that the Bamboo Alliance Gang’s people would have a change of heart, making their retreat problematic.

As he watched Ji Feng and the White Spider disappear into the darkness again, Li Guoliang gritted his teeth and turned around to leave.

In fact, Li Guoliang was equally worried that Ji Feng would miss, it was too risky for two people to go barging in, besides he knew Ji Feng’s identity, he really wanted to go over and help Ji Feng if he could, however he had to carry out Ji Feng’s orders!

“I hope nothing will happen,” Li Guoliang said secretly.

Chapter 1756

At the foot of the hill, there were teams of patrolmen walking around the villa from time to time, all of them did not say a word, and everywhere they passed, they would shine their torches, and only after they were sure that there was nothing unusual, they would return.

Ji Feng and White Spider were hiding not too far away from the villa, and the scene around the villa was in their eyes.

“Young Ji, we have a chance!” Bai Spider whispered.

“That’s right!” Ji Feng faintly nodded his head.

“Each of these patrols has its own fixed area, they rarely cross this area, which is good news for us!” White Spider said in a low voice.

Ji Feng nodded slightly, indeed, after observing them, they found that the people in charge of patrolling around the villa, each team had about three or five people, and these people all had a fixed area, about 30 or 40 meters long.

When these people were patrolling, they basically would not go beyond this area. For example, this team of patrollers closest to Ji Feng and the others had patrolled back and forth four or five times, but Ji Feng had not heard them speak yet, which meant that in a short time, they would not make a report towards the top.

Perhaps they hadn’t arranged this procedure of reporting themselves, or perhaps they had another way to make contact.

But in any case, within each patrol area, there was no contact between the two teams.

This gave Ji Feng and the White Spider an opportunity to take advantage of the situation!

What’s more, after a closer look Ji Feng realised that the situation wasn’t actually as bad as he had previously thought.

Before Ji Feng knew that there were actually more than three hundred people guarding the inside and outside of this villa, he couldn’t help but frown a little, obviously this matter was very tricky, you know, more than three hundred people, ah, if they all stood in front of each other, it was dense, wanting to cross over them and thus enter the inside of the villa, that was almost impossible.

But now that he took a look at Ji Feng, he realised that, in fact, they were not too heavily guarded.

The reason for this was that the area occupied by this villa was really too large.

They were still a bit far away from the main body of the villa, but the iron fence outside the villa was clearly visible, the iron fence enclosing the courtyard wall was too large.

The fence was so large that it would take a lot of people to arrange for such a large courtyard, both inside and outside, so it didn’t seem too much when so many people were placed here.

Moreover, it was not only in the courtyard that patrols had to be arranged, but also in the hills behind the villa, and in the area around the villa that was a little further away.

In this way, once the 300-odd people were dispersed, there would not be many people left to guard the villa.

This was the perfect opportunity for action!

“Young Ji, I think we should just go around and go all the way to the back of the villa and then make our move!” White Spider said in a low voice, “What do you think?”

“That’s what I think too!” Ji Feng nodded his head.

The iron fence around the villa was in a quadrilateral shape, and from that angle, it was the same to make a move from anywhere.

However, according to Ji YuYing, the iron fence at the back was the closest to the main building of the villa, and the easiest to break through.

What’s more, according to Ji Feng’s observation, because the hill behind the villa was arranged to be guarded and there was a power grid at the foot of the hill, the guard at the back of the villa was the least.

Ji Feng waved his hand: “Go!”

The two of them disappeared silently and quickly.

Because they had already grasped the pattern of these people’s patrols after observing them in front of them, they easily avoided the patrols along the way and arrived near the power grid with ease.

“There are four teams of patrolmen in total!” Ji Feng said, “I’ll take care of the three patrols on the left, and you take care of the one on the far right!”

“Young Ji, let’s each be in charge of two teams, it’s inevitable that you won’t make any mistakes if you’re in charge of three patrols by yourself.” White Spider said.

“That’s fine, get ready to do it!” Ji Feng nodded and agreed with White Spider’s opinion. He and White Spider worked well together, in fact it didn’t matter who was in charge of how many people that was.

“Young Ji, here ……” White Spider handed Ji Feng a dagger, which was also provided by Ji YuYi.

“I don’t need this, and you try not to use the dagger to prevent anyone from smelling blood.” Ji Feng said.

“Yes!” White Spider nodded.

“Remember, safety first, if you see that something really can’t be done, vanish immediately, got it?” Ji Feng once again admonished, there was absolutely no way he would take the White Spider into it just to take out the top brass of the Yamaguchi group.

“I remember.” White Spider nodded.

“Good then, do it!” Ji Feng waved his hand and the two of them sneaked over quietly.

At the back of the villa, there were four patrols, and they were all outside the iron fence, which made it easier for Ji Feng and White Spider to move.

Those four patrols were still on duty, and no one realised that danger was fast approaching.

A patrol of four men slowly walked by, torches shining through, nothing unusual.

Crunch!

There was a slight crunching sound.

The last man of the party fell limply.

Immediately afterwards, the penultimate man followed suit, again with only a faint sound coming out, but it was too faint to attract anyone's attention.

At the same time, on the other side, someone else had also fallen without a sound.

In just two breaths, the two patrols had disappeared, replaced by a few corpses lying on the ground.

When all four patrols disappeared, it only took less than ten seconds. Ji Feng and the White Spider struck, harsh and terrifying, and their cooperation was even more tacit, these elite members of the so-called Yamaguchi-gumi Action Team were unable to stop them.

"Change into their clothes, then we'll go in!" Ji Feng and the two of them converged, and he whispered.

"Yes!"

Because White Spider's figure was still a bit thinner than the men, she didn't even need to take off her clothes, she just put one of the men's clothes over her body directly.

Ji Feng, on the other hand, was a bit more troublesome, as he had to take off his jacket and then change into one of the guys' clothes.

The two of them took a few steps back and looked at the iron fence in front of them, which was several meters high, and they suddenly surged up, reaching the iron fence and leaping up high, putting a few feet on the ironwork pattern, and the two of them leapt over the fence with ease.

If anyone had seen them, they would have thought that Superman or Spider-Man had arrived.

There were no guards inside the fence at the back of the villa, so Ji Feng and the two of them gestured to each other, and then Ji Feng started to stand guard while the white spider was responsible for breaking through the glass wall outside the villa.

Zizi~~!

The sound of the glass cutter cutting through the glass made Ji Feng frown slightly, the sound was more or less too loud.

But this was something that could not be helped, after all, this was special glass, and it was good enough to be able to cut it open, and it was obviously impossible to do so without a single sound at all.

However, it was good that the glass cutter provided by Ji Yu-yin worked well. In just ten seconds or so, a top and bottom oval of glass was cut down and a hole appeared in the solid glass wall, which was not very high, but it was not a problem at all for a person to pass through with a cat's back.

The two men dived in noiselessly.

"Plug up this hole!" Ji Feng said.

White Spider nodded and put the piece of glass that had been cut back into its original position. At the same time, she placed one of the glass knives against the underside of the piece of glass, so that the piece of glass was steadily returned to its original position, and if one did not lie down in front of it and look closely, one would not be able to tell that it had ever been cut.

The two men looked at each other and then made their way to the back wall of the cottage and looked up at the window above.

“Be careful.” Ji Feng said in a low voice.

“You have to be careful too.” White Spider nodded.

Ji Feng put his back against the wall, then bent his legs into a bow stance, crossed his two hands and padded his thighs, and whispered, “You go first!”

The white spider leapt, and one foot stepped on Ji Feng’s hand. At the same time, the two of them simultaneously exerted force, and the white spider was instantly thrown up by Ji Feng, a full three or four metres high.

Snap!

The white spider steadily grabbed the edge of the window, observed for a while, and after making sure there was nothing wrong, she quickly slashed the glass on the window, and then entered the villa with a shrink of her body.

After sending the white spider inside, Ji Feng took two steps back, then leapt high up in his body and directly grabbed the edge of the window, then easily entered the window as well.

With the special glass blade provided by Ji YuYing, the high iron fence and the strong and guarded glass wall of the villa, which was heavily guarded like a bunker for others, were nothing in front of Ji Feng and the two of them.

The two of them entered the first floor of the villa through the window, and before they could get a good look at the villa, they suddenly heard the sound of footsteps coming from below, and someone was coming up the stairs.

The two of them looked at each other, and then, they pretended to be serious and started walking upstairs.

However, as soon as they reached the third floor, they instantly frowned.

This third floor was very quiet, with a few black-clad guards standing inside the hall and rooms on both sides, and there was no telling where all those hall masters and the like were.

According to what Ji Yuwen had said, those people were already here, and the rows of luxury cars in the villa’s courtyard were proof enough that the Yamaguchi Group’s top brass had already arrived.

However, it was a little hard to grasp which room they were actually in.

Ji Feng and Bai Spider looked at each other and made a quick exchange of glances, after which, they walked towards the two sides of the living room respectively.

Those guards looked at them strangely, perhaps because both Ji Feng and the two of them were wearing the same clothes as them, so although they didn't know Ji Feng and the two of them, they didn't show any wary looks.

Ji Feng waved to those people with a mysterious look on his face, and those people hesitated for a moment and walked over.

“\$%\$%%” one of them gibbered out something unknown.

Ji Feng smiled faintly, but suddenly, his face was startled and he looked at a room behind those people.

Chapter 1757

“\$%\$%%” one of them gibbered out something unknown.

Ji Feng smiled faintly, but suddenly, his face was startled and he looked at a room behind those people.

Those guards instantly turned back to look.

The next moment, they only felt a pain in their necks and lost consciousness when their eyes went black.

Until this guard fell to the ground, none of the other guards looked back, but they had no chance to look back at this moment, just a moment's effort, Ji Feng's hand had already slashed through the necks of several guards in front of him.

Those guards didn't even have half a second to react and all of them fell to the ground with a shudder.

At the same time as Ji Feng struck, White Spider had also struck, and she neatly took down the remaining guards, not even making a sound when they fell to the ground.

I'm afraid that until their necks were snapped, they still didn't know why Ji Feng and the two of them had attacked them, their 'own people'!

After doing this, White Spider didn't let up in the slightest, she rolled on the ground and silently arrived at the entrance of the stairs, leaning against the wall, her gaze slanted down the stairway, stern and alert.

Ji Feng held up an index finger to the white spider, who immediately understood that Ji Feng was telling her that there was only one person coming up the stairs.

At this moment, a man dressed in black came up, and the moment he just showed his head, White Spider grabbed him by the hair and violently exploded with a fierce force, yanking the man up hard.

“.....”

The man was incomparably shocked, his mouth instantly grew wide and he was instinctively about to shout.

However, he found with fear that he could not make any sound from his throat.

The next moment, the man also followed the footsteps of those guards, without even half a resistance, he was just killed.

The man's corpse was dragged directly to the third floor by the white spider, while lifting them up to sit against the wall on the ground, looking at their drooping heads one by one, as if they had fallen asleep from too much exhaustion.

Ji Feng waved his hand and pointed to himself and the White Spider, and then pointed to the two rooms in front of them respectively.

White Spider immediately understood, nodded slightly, and was ready to rush forward.

Ji Feng fiercely reached out to stop her and whispered quickly in her ear, "In this room in front of you, there are four men, sitting on each side of the table"

Ji Feng quickly told White Spider clearly about the situation in the room.

Bai Spider's face immediately showed a surprised look, she seemed to be not quite understand how Ji Feng knew so clearly.

Ji Feng made a hand gesture to her, signaling her to be careful with the attack, and did not explain much else.

In fact, not only the room in front of White Spider, but also all the other rooms on the third floor, Ji Feng already knew exactly what was going on in them.

As early as when he and White Spider had just come up, he had already activated the bio-current to work on his eyes and swept his gaze around the living room, the wooden door of the room could not block his vision at all, he already knew exactly what was going on inside.

"Are you ready?" Ji Feng asked the white spider with a hand gesture.

"OK~!" White Spider made a quick OK gesture, signalling that he could start at any time.

Ji Feng waved his hand and walked towards the door of one of the rooms.

She and Ji Feng then knocked on both room doors at the same time: "Knock knock knock"

"#@%\$....." came from the room.

Ji Feng and the two of them each pushed the door and walked in. In reality, they didn't understand much of the Boundary Tent language, but in this case, they didn't need to understand it at all, and knocking on the door was just to prepare the people inside the room so that they wouldn't have a violent reaction when they entered.

In fact, Ji Feng could have just barged in because he knew exactly what was going on inside this room, but the problem was that the white spider couldn't see it.

So he had to choose a more secure method.

And the performance of the white spider could not be described as brilliant.

She pushed open the door and entered the room, and immediately realized that the arrangement inside the room, as well as the positions where those four people were sitting, were exactly as Ji Feng had said, without any difference.

White Spider couldn't help but have her bottom line boosted, yet her face was a tense and sad look.

"@\$%\$&....." When she saw Bai Spider enter, a man sitting near the door gibbered, seemingly questioning Bai Spider.

The man looked about thirty-five or sixty years old, in his prime, and with a strong body, he just looked fierce, and obviously not of low status.

The white spider then had a good idea that this was probably the Yamaguchi-gumi's hall master. She pointed outside with great difficulty, then waved her hand at the man again, gesturing for him to come over.

"Baka!" The man bellowed lowly, this action by the white spider was extremely rude in his opinion.

"Ummmm" The white spider pointed outside again, a look of horror on his face. This man's performance made the white spider's heart even more certain that this person must be of no low status, and she was overjoyed that she had indeed found the right person.

And this frightened look on the white spider's face and her actions finally moved the man, who looked at each other and several others with a suspicious look on their faces, wondering what was wrong.

From the way the white spider acted, something must have happened outside, but what exactly had happened, they didn't know, and the white spider even seemed to be too frightened to speak.

The four men couldn't help but stand up and stride outside.

White Spider was so frightened that she hurriedly leaned against the wall to make way for them, but none of the men paid any attention to her.

Perhaps in their eyes, the white spider was just a small minion that was not worth a second glance, except for one man, who looked at the white spider with a touch of amazement, followed by strong greed, and lust

This man took two steps ahead of the others and walked in front of them, and as he passed in front of the white spider, his hand went to the white spider's breast.

However, the next moment, this man's hand snapped back and covered his neck in a deadly manner, while a stinging splash of bright red blood spilled out from his fingers.

Poof, poof, poof!

A chilling white light flashed, and all four of those men made the same move – eyes dead wide open, eyes filled with intense disbelief, and feet without any semblance of strength, unable to take even half a step forward.

"Uh uh"

One of the men seemed to want to say something, or perhaps to shout, however his throat had been slit, and as soon as he opened his mouth, blood gurgled out, drowning out all his voice.

The White Spider casually closed the door to the room and kept staring at the four men as they fell to the floor, their bodies twitching a few times and finally completely dead, much less showing any sign of

life, before she rubbed the dagger in her hand on one of the men's clothes and then walked out with a flourish

When the white spider walked out of the room only to find that Ji Feng was already waiting for her in the living room.

White Spider immediately made a gesture to indicate that everything went well and that all four people were taken care of by her.

Ji Feng smiled faintly, they were working quite well together.

However, now was not the time to relax, one had to achieve the objective and leave the place as soon as possible before one could truly relax.

With that, Ji Feng and the white spider once again began to move.

Before making a move on each room, Ji Feng would tell White Spider about the layout and detailed scenario in that room, and then the two of them would do it at the same time.

One room, two rooms, three

Under the tacit and close cooperation between Ji Feng and White Spider, they didn't miss once, the entire third floor rooms, all of them were swept by them, not a single living soul!

And looking at Ji Feng and the White Spider again, they were clothed in bloodlessness and calmly!

This was a brilliant to the extreme stalking and hunting operation, if anyone had seen the whole process, they would have been shaken and overwhelmed, this was definitely a textbook operation, brilliant.

However, it had only just begun!

After sweeping across the entire third floor, Ji Feng and the white spider began to cautiously walk towards the first floor.

However, they had just reached the stairway when Ji Feng suddenly stopped and looked back in one direction.

As far as Ji Feng's sight could see, there was a wall, but Ji Feng was staring intently and frowning.

"Ji Shao" The white spider's voice was extremely low.

"Wait a minute!" Ji Feng also lowered his voice and slowly stepped back, then stared at the wall and looked at it carefully.

The white spider then knew that something was wrong, so without Ji Feng having to say much, she guarded the stairway to prevent someone from suddenly coming up, and then their actions would be lost.

Ji Feng didn't bother if someone was coming up the staircase, he was completely at ease as he left it to the white spider.

At this moment, Ji Feng stared at the wall, his brow furrowed, if you look carefully you will find that at this time, Ji Feng's eyes, there is a look of surprise that is difficult to hide.

Behind this wall, there was actually a staircase!

This was when Ji Feng's perspective function came into play and his sight penetrated this wall and saw the scene behind it.

"Why is there a stairway here? What's inside?" Ji Feng secretly wondered, "According to what Ji YuYi said, this villa had a total of just three floors, and from the outside, there was no sign of an attic above, or an extra floor or anything like that, so where would this staircase lead to?"

According to Ji Feng's observation, this staircase was leading to the top, but there was clearly no space above. To say that it was leading to the rooftop, Ji Feng felt that it was a bit unreliable, because this staircase was hidden behind the wall, very hidden, and if Ji Feng hadn't glanced at it out of habit, I'm afraid he wouldn't even have noticed that there was a hidden staircase here.

Moreover, outside the villa there were obviously stairs leading to the rooftop as well, and this was clearly not it.

Then

Ji Feng's heart suddenly stirred, he thought of something and looked up at the ceiling on the third floor.

This ceiling, the height was somewhat not normal, it was too low!

The corners of Ji Feng's mouth couldn't help but tug a little, so that's what happened, it seems that there's a space hidden up here!

Chapter 1758

This ceiling, the height was a bit abnormal, it was too low!

The corners of Ji Feng's mouth couldn't help but tug a little, so that's what was going on, it seems that there was a space hidden up here!

The low ceiling meant that the third floor wasn't a complete floor, there must be space above, and this staircase hidden behind the wall was obviously leading to that space above!

Ji Feng decided to go up and have a look!

Sakata Taro had hidden this staircase so tightly, there was no doubt that he didn't want anyone to find out, there must be something very important up there!

Ji Feng stared at that wall and looked carefully, he found that on the wall directly opposite that hidden staircase, there were some extremely tiny gaps, moreover, behind the wall, there was an iron frame supporting it.

It was a door!

Ji Feng's hand rested on the wall, and then slowly exerted his strength.

Zhi~~!

A slight rattling sound came out, and the wall in front of Ji Feng was surprisingly dented by the piece he pushed, and surprisingly, the dented piece of the wall was actually a very regular rectangle, which looked like a door!

Looking at the separated edges of the wall, it was very smooth and had obviously been processed by hand.

This was a concealed door!

After the concealed door was pushed open, Ji Feng saw that there were two long slots on this floor, and the rectangular piece of the concealed door had two extremely small steel balls mounted underneath this was the concealed door's mechanism.

Ji Feng just swept a glance at these sophisticated devices and stopped paying attention, his gaze, on the staircase that was exposed `before him.

Ji Feng took two strong breaths, did not feel any damp and gloomy smell, the air inside was refreshing and pleasant, his eyes then narrowed, his heart was even more alert.

The white spider was also surprised to see this situation, she did not expect that there would be a secret door here, if Ji Feng had not found it out, she was afraid that she would never have found it.

Ji Feng gestured to her, and the white spider immediately nodded in understanding.

Afterwards, Ji Feng went up silently.

He didn't go upstairs fast because he had to walk while observing if there were any traps around or if there were cameras or something like that.

When he went up to the third floor, Ji Feng had already observed it, and only after making sure that there were no surveillance devices on the third floor did he and the white spider start moving.

The same was true now, and it was necessary to be even more vigilant.

Because since Sakata Taro had so carefully arranged a hidden space, it was obvious that there was something important inside.

The stairs began to turn at seven or eight steps, and Ji Feng reached the upper floor without any problems when a tightly closed iron door blocked his way.

Ji Feng frowned slightly, this iron door only had a concealed lock and it was very difficult to force it open without a key.

He didn't start immediately, but watched carefully for a moment.

Sure enough, there was an alarm device inside this iron door, as Ji Feng saw the wires.

He urged the bio-current and carefully destroyed the alarm device, then pulled out a thin wire from his watch,**** the lock hole

Snap!

The iron door was opened smoothly, and Ji Feng carefully pulled it open, finally seeing what was inside this hidden space.

This is a space that is only about one meter high, in fact, strictly speaking, this should only be considered a slightly more spacious mezzanine, but adults can only catty-corner if they want to enter.

To Ji Feng's surprise, there were only two safes inside this hidden space, and nothing else.

Ji Feng did not hesitate to go in, and he used the same technique to open the safes with ease – for Ji Feng, who had received countless special training, opening the safes was really not a difficult task.

Inside the first safe was an iron box that was half the size of a large safe. Ji Feng opened the box and saw that there was a CD inside, as well as a thick stack of papers.

He casually flipped through those papers, and his heart thumped.

“A simple type laser gun!” A shocked cry rang out in Ji Feng's mind, which was the voice of the wise brain.

“Wise Brain, what did you say?” Ji Feng was stunned. This was the first time that Wise Brain had actively made a sound, moreover, Wise Brain's voice actually carried a very anthropomorphic emotion and appeared surprised, which surprised Ji Feng.

“Master, this image, it should be a simple type of laser gun!” The intelligent brain said.

“A laser gun?” Ji Feng's eyebrows furrowed in surprise, “How is this possible?!”

Of course Ji Feng knew about the laser gun, in the database of the intelligent brain, there was information about this kind of weapon, it was a very powerful weapon, as for how powerful it really was, there was no way to describe it.

At least, ordinary steel could not block the laser light emitted by the laser gun, let alone something like a wall made of masonry!

The power was unparalleled!

This was Ji Feng's evaluation of the laser gun after he had seen the simulation demonstration in the training space!

How could he not have imagined that this was actually an image of a laser gun!

“Master, this is an extremely simple laser gun, it should be the first generation of laser guns.” The intelligent brain said, “There is information on this weapon in my database!”

“How come I haven't seen it before?” Ji Feng asked in surprise.

“Because the laser gun that the master is familiar with is the most advanced fourth generation laser gun in the Gamma Galaxy, and as long as one has mastered the fourth generation laser gun, it is the same as mastering the previous three generations.” The intelligent brain said, “So according to the program setting, the master only practiced the use and maintenance of the fourth generation of laser guns when he was trained”

Ji Feng nodded slowly, but the shock in his heart was extremely violent.

How could there be an image of a laser gun here?

How did the Yamaguchi group master this technology? You know, this is a weapon of the Gamma Galaxy!

Could it be that the Boundary Canopy's technology, had already developed to this extent?!

Ji Feng forced down the shock in his heart and opened the other safe, then what was reflected in his eyes was something that shocked him even more and almost made him exclaim in shock.

"First generation laser gun!" The wise brain exclaimed again.

"This is the first generation laser gun?" Ji Feng stared at this thing in front of him with deadly astonishment.

In this second safe was a big, bulky-looking thing.

At first glance, this thing was about nearly a meter long, like a heavy machine gun, except that at the front of the barrel, there was a thin metal extending out, which looked like a thick steel nail.

The first thing you need to do is to take a look at the gun.

When you look at the body of the gun, the shape is very similar to a modern submachine gun, only twice as big When Ji Feng's eyes penetrated the body of the gun and saw what was inside, he couldn't help but marvel, it was too sophisticated!

Ji Feng was really surprised, not only did the Yamaguchi group have images of laser guns, but also, there was actually a finished product now, how was this possible!

"Tick"

Suddenly, Ji Feng's watch rang, he snapped back to his senses, it was the White Spider sending him an alert, saying that there was trouble on the White Spider's side!

Ji Feng didn't have time to think more, he immediately took off his jacket quickly and wrapped this laser gun and the iron box in the first safe, and then, Ji Feng's gaze fell to the layer below the second safe, which was a row of grey things.

Bombs!

Underneath this, there were a full ten bombs!

And these bombs were all connected to wires, all the way to the lock of the safe.

Even though Ji Feng had seen the wires on the lock before and knew that there were bombs inside, he couldn't help but be secretly afraid.

If he had missed a little bit just now, he would have ended up in pieces. To know that these bombs were enough to turn this villa into ruins!

Ji Feng dismantled all these bomb leads in one go, then took off his shirt and wrapped them all up as well, and casually grabbed the remote control at the bottom before quickly leaving.

Pop, pop, pop!

Ji Feng walked all the way, casually securing the bombs in the corners along the way, and when he returned to the third floor, he saw that Bai Spider was waiting with an anxious face, while in the living room, there were four or five more corpses.

“Young Ji! People keep coming up, we don’t have much time left!” White Spider lowered her voice to warn.

“You wait for me!” Ji Feng said in a low voice.

After saying that, he quietly went downstairs, then came to the staircase platform between the third and first floors, jumped out from the window he came from, and placed both the iron box and the laser gun outside, then he came in again and installed the bomb on the stairs.

The surprise in White Spider’s eyes flickered away, and then, she was once again alert.

After placing the bomb, Ji Feng peeled off the jacket from another unlucky guy and then waved his hand, “Be careful.”

The two of them went downstairs with a flourish.

However, the scene on the first floor was very different from the third floor, where there were more guards and very few rooms, including a large room, and Ji Feng saw through the door that there were dozens of people made inside, who seemed to be talking about something and looked excited.

Ji Feng and the white spider exchanged a quick glance, and then they did the same trick again and took down all those guards.

Although there were many guards on the first floor, Ji Feng and White Spider brought their fighting power to the extreme and didn’t give them a chance to resist.

Instead of entering the room, Ji Feng quickly set up the bomb and then headed for the ground floor with White Spider.

To their surprise, there were not many guards on the ground floor, rather, there were constantly armed guards walking back and forth outside the door, but none of them were suspicious of Ji Feng and White Spider.

This is also the reason why Ji Feng chose to pose as a Yakuza fighter. Since they had over 300 fighters, they might not all know each other.

After making sure that there was no problem, he and White Spider walked back to the window between the second and third floors, and then Ji Feng drew his gun and fired at the wall.

“Bang Bang Bang Bang Bang”

The violent and intensive sound of gunshots instantly broke the silent night, and the whole villa was startled.

Including those guards outside the villa, they were likewise all startled.

And dozens of people in the rooms on the first floor all rushed out and quickly ran towards the upper floor.

Ji Feng smiled faintly, "Sure enough they've all come to die White Spider, let's go!"

Without any nonsense, the white spider directly jumped from the window.

"Bang Bang!" Ji Feng fired two more shots before jumping down and leaving the main building of the villa. And then, he and the white spider picked up the two packages that had been placed on the ground long ago, went through the glass wall, and quickly crossed the iron fence again, running wildly outside at top speed.

When he had run a certain distance, Ji Feng jerked to a halt. He looked back at the villa and found that all the guards nearby had swarmed inside, while those guards who were originally patrolling outside the iron fence did not come in, so he knew that it would be impossible to catch everyone in one go, and those people were well-trained.

However, none of the heads of the Yakuza in the villa would be able to escape.

Ji Feng sneered and fiercely pressed the remote control in his hand.

Boom~~!

Chapter 1759

In the outskirts of New York, Ji Yuet and the others were hiding in their car at a certain distance from Taro Sakata's villa, with all the lights off and even the rear view mirror put away.

Even though they were still a short distance away from Taro Sakata's villa, they did not dare to go any further.

This was because they knew too well the strength of the Yakuza.

It would be foolish for anyone to think that the Yamaguchi-gumi was powerful because of their fierce firepower, their numbers and money, and because they had the support of the KAI Tent domestic, and that was why they were able to run amok in Rice, and few other gangs could stand up to them except the White Hand.

In fact, Ji Yu-yi knew very well that the reason why the Yakuza was so powerful was not only because of all the advantages the Yakuza had, but more importantly, because the Yakuza itself was strong enough.

There is a lot of talent!

This is the right word to describe the Yakuza.

According to the information that Ji Yu-yen had, there were a lot of excellent generals within the Yakuza, and this had a lot to do with the development of the KAI Tent over the past decades.

Ever since the defeat back then, there were actually many people within the KAI Tent who had spent these decades with an extremely stifled mentality.

They have always believed that the Boundary Tent should not have been defeated, but only because Germany was too foolish to lose to that huge animal of Tsarist Russia back then, which allowed Rice to mobilise more troops against the Boundary Tent, and likewise freed up Tsarist Russia to take on the Boundary Tent's Kwantung Army.

With so many powerful countries joining forces to attack, how could the Kaitou not be defeated?

So the Kaitou was defeated that year by foolish allies, not by their own inability.

That one defeat was not a war crime!

This is the perception of many of the people of the Boundary Cloak, and this view has influenced the next generation of the Boundary Cloak, if not generations!

It did not matter whether this was too arrogant or self-congratulatory, but at least, they were humiliated.

This was the reason why the Kaitopan people had to learn from the West after the war, and their overall national strength and technological level had improved by leaps and bounds.

This is only in the broad sense, but in the individual sense, because of the extreme humiliation in their hearts, the people of Kaitopan have been working harder and harder, and they have made great progress over the past few decades in all areas.

Technology, weapons, military power

For individuals, they have learnt from Western management experience, which, combined with their rigorous style, has led to the emergence of a large number of excellent entrepreneurs and managers in the Kaitopan.

In terms of personal force, the Kaitopians have inherited the samurai spirit of their predecessors and the martial arts have not fallen into decline, especially in the underground black boxing arena, where many of the Kaitopian masters are well known throughout the world.

This, coupled with the fact that the KAI Tent allows gangs to exist and is the only country in the world where gangs are legalised, has led to many talented people joining the Yamaguchi-gumi.

All these factors combined made the Yakuza itself incredibly powerful.

It is essential for him to know his opponents.

However, it was precisely because she knew enough about the Yamaguchi-gumi that made Ji Yuqing's heart even heavier.

She knew very well that the chances of success of Ji Feng's trio's action were really too small.

Therefore, as there was no way to dissuade Ji Feng, Ji Yuhui could only stay as far away from this circle of right and wrong as possible, while at the same time ensuring that she could help Ji Feng if necessary. That was why Ji Yuhui kept herself and her men hidden as much as possible, even the car they were travelling in was covered with black cloth.

Otherwise, I was afraid that the slightest breakthrough might be discovered, and at that time, not only would Ji Yuqing be in danger, but also the entire Chuk Yuen Gang might be implicated.

As the golden girl of the Chuk Yuen Gang, Yoyo Ji had to be responsible for the entire gang.

Sitting in the SUV, Ji Yuet Ching looked at the villa in front of her, her eyebrows knitted tightly, and there was clearly a look of worry in her beautiful eyes.

“Ah Bo, how long has it been?” Ji Yuhui asked.

“Eleven minutes now!” Ah Bo immediately replied, obviously he had been keeping an eye on the time as well.

“There’s still no movement in the villa now, it seems that Ji Feng and the others are still going well!” Ji YuYi said.

“Eldest Miss, only eleven minutes have passed now, I’m afraid they haven’t even entered the courtyard yet.” Ah Bo said, “The Yakuza’s guards are so tight, it’s too difficult to enter the villa silently.”

“Yes, Missy, I think ah, we need to be prepared to retreat at any time.” Ah De also followed, “Otherwise, when Ji Feng and the others alert the people in the villa, I’m afraid we’ll be in big trouble too.”

“Wait a little longer.” Ji YuYi said, “They’ve only just started moving, it’s still very early.”

“It’s not too early either, Missy.” Ah Bo said, “The Yamaguchi-gumi are all well-trained elites, once Ji Feng’s side misses, I’m afraid there won’t be much time left for us to retreat. Besides, there are dozens of Yakuza’s hall masters and some of their leaders combined, and that’s not even counting the smaller leaders, to get rid of these people, with just a few grenades and a few guns, how would that be possible!”

However, her eyebrows knitted together and she waved her hand, saying, “No need to say anymore, since you are here, just wait in peace.”

Seeing that Ji YuYi had said so, Ah Bo could not say anything else, except that he waved his hand to his grandson Ah De, indicating that he was ready to drive away at any time, because in Ah Bo’s opinion, Ji Feng and the others were dead.

If Ji Feng had seen this scene, he would have been even more glad that he had arranged for Li Guoliang to sneak back into the car quietly, for if something had really happened, I was afraid that Ji YuYi and the others would really have left Ji Feng behind and fled.

Even though Ji Yuqing insisted, she could not disregard Ah Bo’s opinion and also had to consider the interests of the Chuk Yuen Gang.

“Ugh

Ji Yuqing couldn’t help but let out a soft sigh.

In fact, how could she not know how dangerous Ji Feng’s operation was this time?

With only three people, he was going to take out the lair of the Yamaguchi Gang. The words “headstrong” were not even enough to describe Ji Feng’s stubbornness and arrogance, he could only use madness to describe it.

As time passed, Ah Bo could not sit still any longer, he could not help but speak, “Missy

Boom!

However, as soon as he opened his mouth, a gunshot was suddenly heard from the direction of the villa.

Everyone was jolted.

Bang Bang Bang Bang

Immediately afterwards, even more intense gunshots came.

“It’s coming from the villa!” Ade shouted in a low voice, but a glint of excitement flashed in his eyes. Those guys were dead!

“Missed!” Ah Bo sighed and shook his head, the fierce gunshots came from the villa, obviously Ji Feng and the others had been discovered by the Yamaguchi group and were rounding them up, “Eldest Miss, let’s retreat.”

“No! Wait a little longer!” Ji YuYi said, “Didn’t you hear any more gunshots!”

“Listen, the gunfire is gone!” Ade shouted.

As expected, just after that intense burst of gunfire, there was no more gunfire.

Ji Yuhui’s face turned ugly as she realised that this was not a good sign, I’m afraid.

“They’ve been taken out!” Ade said, with an unconcealable look of excitement in his eyes, the fact that the gunfire had stopped was proof that Ji Feng and the others had all been killed!

“Retreat!” Abe said immediately.

“Yes!”

Ah De immediately responded, and immediately he turned around and prepared to start the car.

However, the next moment, an unbelievably violent explosion suddenly came – boom!

All of a sudden, the villa was in flames, an unbelievable sound wave swept around, and the glass around that villa was instantly shattered, splashing glass everywhere!

Ji Yueting and the others were filled with shock, what on earth had happened?

This was obviously not the scene of a grenade explosion, grenades are definitely not that powerful!

However, before they could figure out what was going on, even more violent explosions came through.

Boom boom boom boom~~!

A series of violent explosions came over and over, and from the sound of those dense explosions, it was as if someone had set off a bomb as a firecracker!

Both Ah Bo and Ah Te, as well as Ji Yu Yi, looked at the direction of the villa in astonishment.

All they could see was that the villa, which was originally magnificent and sturdy, had been blown up and collapsed, with fire and light clashing and the violent sound deafening one's ears.

Even though they were still a short distance away from the villa, they felt the car shake with each explosion.

Boom~~!

There was another earth-shattering explosion.

The whole villa seemed to have become a powder keg, with rocks and glass splattered everywhere, the scene was incomparably fiery.

"This is" Ji YuYi and the others were all subdued, originally as soon as they heard the gunshots, they all thought that Ji Feng and the three of them were dead, yet how could they have not expected that Taro Sakata's villa, would just blow up instantly!

This obviously could not have been done by Taro Sakata himself, as the boss of the Yamaguchi-gumi in New York, unless he was out of his mind, he would never have blown up his own villa.

Then it was obviously Ji Feng's doing!

"They actually died together?!" Ah Bo was shocked beyond belief, "How did Ji Feng do that? Did he bring the bomb himself?"

"Dying together?"

When Ji Yuhui heard this, her face suddenly turned white, and as she looked at the scene of fire and light, her heart couldn't help but sink down.

Indeed, no one would survive such a horrific explosion, not even Ji Feng, no matter how powerful he was!

Ji YuYi did not expect that Ji Feng had actually managed to end the leaders of the Yamaguchi group in one pot, and she even more did not expect that it would end in such a tragic outcome of an identical death!

Chapter 1760

"Boom~~!"

The explosion was so violent that the entire villa was like a powder keg, instantly shattering into pieces, with flames rushing into the sky!

It was as if a volcano had suddenly erupted, and Sakata Taro's villa looked as if it was situated on the crater of the volcano, and the sound was so loud that it made people shudder.

"They've died together." Abe said with great certainty, "The sound of gunshots just now was inside the villa, which means that Ji Feng and the others were spotted when they entered the villa. This explosion was also just a short time away from the gunshots, it's simply impossible to run out!"

With such a violent explosion, not to mention the people inside the villa, even if they were outside the villa, it would be absolutely difficult to escape.

Ah Bo could even clearly see, reflecting the reddish flames, people being blown high into the air, and even those guards outside the villa were also shaken by the huge shockwave and sent flying backwards.

Only, the screams of these people were drowned out by the huge explosion.

Under such circumstances, it was impossible for Ji Feng and the others to survive!

Seeing this situation, Ah De couldn't even help but wave his fist a little bit, dying together? That's great!

Ji YuYi, on the other hand, was pale and her brows were furrowed tightly, her eyes carried a complex look of shock, consternation, and a touch of pain

In fact, even if Ah Bo didn't say anything, Ji Yuqing knew very well in her heart that in such a shocking explosion, it would only be a fool's dream to survive.

It was simply impossible for anyone to survive, unless they were far enough away from the villa.

But the gunshots in the villa had sounded only shortly before the explosion, which meant that Ji Feng and the others were in the villa at that time and had not come out at all.

They had indeed died with the Yamaguchi-gumi!

Ji YuYi looked at the villa that was burning with a huge fire and was silent, and finally, she couldn't help but close her eyes tightly.

"Ji Feng's headstrongness has finally harmed himself!" Ji YuYi let out a long sigh. She had originally known that Ji Feng was so headstrong, one could even say arrogant, and was simply seeking his own death.

However, seeing this situation with her own eyes now, Ji Yuqing still could not help but find it a little hard to accept.

Ji Feng's voice and smile could not help but appear in front of Ji Yuqing's eyes.

From the first time she met and got acquainted with Ji Feng, to the time when Ji Feng made a strong move and routed the Yamaguchi Group and the local gangs in Hangzhou, and even captured the Yamaguchi Group's Kawaki Shizuko and Sasaki and others in one fell swoop, all the way to ten minutes ago, Ji Feng's firm attitude flashed through Ji Yuqing's mind one by one.

She couldn't help but sigh in her heart.

The first time she met Ji Feng, he was steady and polite at that time, while what impressed Ji Yuhui the most was his wisdom.

Ji Yuhui could never have imagined that Ji Feng would be so stubborn and arrogant in his bones, and as a result, his arrogance was the cause of his death!

This life encounter is really fickle and unpredictable.

"Abe, perhaps you are right!" After a moment of silence, Ji Yuet said suddenly.

“Eldest Miss, what did you say?” Abe Abe was stunned.

“I remember you said before that the sons and daughters of families like Ji Feng who come from big families look gentle and elegant on the surface, but in reality, they are arrogant in their bones and have an empty vision The facts prove that you might be right!” Ji YuYi said, remembering what had happened to Ji Feng, she couldn’t help but let out another soft sigh.

Originally, Ji Feng could have not had to die, as long as he could be calm and find a way to maneuver with the Yamaguchi group, he would not have lost his life at all.

But unfortunately, Ji Feng was too arrogant and cocky, he simply did not listen to other people’s advice, so he was so headstrong that he ended up misusing his life, which was really saddening.

Ah Bo said, “Missy, this explosion is too violent, it will definitely alert the police, and the rest of the Yamaguchi group will also arrive, it’s not safe here, let’s hurry and retreat.”

Ji YuYi commented on Ji Feng, and Ah Bo did not say a word.

In fact, he had already sexed up Ji Feng a long time ago. The gentry of such big families were not all like this, they were not like this, they looked like they had a good appearance, but that was only because what they usually saw and heard was of a higher level, and the people they came into contact with were probably all upper class people.

So even if they are straw men, they can still learn to be graceful and elegant.

But in reality, they had no real talent in their stomachs at all, they were useless.

Perhaps, I am afraid that Ji Feng’s deliberate approach to Missy is also because of Missy’s beauty, these fops, apart from knowing how to play with women, are not half as useful.

But this was not something that Ah Bo would say directly in front of Missy, anyway, now that Ji Feng was dead, it was useless to talk about this, besides Missy would definitely not be in a good mood right now, so Ah Bo simply kept his mouth shut and supported the urging to leave early.

Ji Yuqing was silent and did not respond.

Seeing this, Ah Bo couldn’t help but wave his hand, “Ah Tak, drive and turn around and go back!”

Ah De instantly responded, “Okay~~”

Buzz~~!

Ah De started the car and was ready to drive, but just at that moment, Ji Yuetiao suddenly shouted, “Wait!”

“Missy, what’s wrong?” Ah Bo asked.

“Missy, we have to leave as soon as possible, it will be a problem when the police arrive, with such a big explosion, quite a few people will surely die, it will be hard to tell then!” Ade said.

“You guys look ahead!” However, Ji Yuhui ignored their persuasion and just stared at the left front through the car window with a shocked look on her face.

“Ahead?” Ah Bo was a little puzzled, but still followed Ji Yueting’s gaze and instantly, his eyes snapped open with a shocked and incomparable look on his face.

“What’s wrong?” Seeing how strange Eldest Miss and Grandpa looked, Ah De couldn’t help but turn his head to look over as well, but he saw nothing, but the villa with a roaring fire burning was the most conspicuous.

“Eldest, Eldest Miss, we didn’t see it wrong just now?” Ah Bo was so full of shock that he could not even speak properly.

“Wait a little longer!” Ji Yuhui’s voice was agitated.

“Grandpa, Missy, what did you see?” Ah De asked in confusion.

“Ji Feng and the others are back!” Ah Bo said with an extremely odd expression, looking at him with a look of disbelief.

“Sh, what?!” Ah De exclaimed, “How is that possible?”

“Yeah, it’s impossible.” Ah Bo was also in disbelief, however, after Ji Yuhui’s reminder just now, he followed Ji Yuhui’s gaze and looked directly over, reflecting the blazing fire, he saw two people running furiously at great speed, and looking at that figure, it was obviously Ji Feng and the beautiful woman beside him!

At first, Ah Bo did not believe his eyes and was ready to take a closer look, but those two people were extremely fast and disappeared in just a few breaths.

However, the moment those two flashed into the darkness, Ah Bo did see that the man seemed to be Ji Feng!

How could this be!

Both Ah Bo and his grandson couldn’t help but be shocked, how could anyone survive that kind of shocking explosion?

Moreover, looking at the direction in which the two of them were running, it was obvious that they were running from the direction of the villa, doesn’t this mean that when the shocking explosion occurred in the villa just now, Ji Feng and the two of them were actually near the villa, or even inside the villa!

This was unbelievable!

Ji YuYi, however, was filled with an excited look and couldn’t help but mutter, “He’s back, he’s actually back”

.....

Ji Feng and the white spider accelerated wildly, the roaring fire behind them had no effect on them, I believe that in that kind of violent explosion, even if someone could survive, they wouldn’t have much fighting power left.

“Be careful of the guards around!” Ji Feng reminded as the duo ran wildly.

"I understand!" White Spider answered.

Suddenly, a figure flashed in front of them, and White Spider rolled on the ground, and his gun was pointed over there.

"White Spider, it's Li Guoliang!" Ji Feng grabbed White Spider's wrist.

"Mr. Ji!" A voice came over, followed by a man running over quickly, and as expected, it was Li Guoliang.

"Guoliang, why have you come over?" Ji Feng frowned.

Could it be that something had happened over there?

Ji Feng had deliberately left Li Guoliang in the car, just to leave a way back, to prevent any accidents from happening.

But now that Li Guoliang had come over, Ji Feng couldn't help but feel a sinking feeling in his heart, could it be that there was something strange going on at Ji YuYi's side that had forced Li Guoliang to come over?

Li Guoliang said, "There was a big explosion in the villa, I thought"

Ji Feng then understood that Li Guoliang had seen a big explosion in Taro Sakata's villa and thought something had happened to himself and White Spider, so he was ready to come to the rescue.

"Good work!" Ji Feng patted Li Guoliang's shoulder, "There's no movement from the Chuk Yuen gang, right?"

"I didn't meet up with them." Li Guoliang said.

"Good then, let's go over there!" Ji Feng nodded and said, "Be more careful."

Li Guoliang said, "I'll go over first."

Ji Feng smiled and nodded, Li Guoliang was very alert and had a good reach, especially when he was sneaking around, he was like a fish in water, worthy of being an elite.

Afterwards, Ji Feng and the white spider also followed behind, disappearing into the darkness.

"You you"

When the three Ji Feng appeared in front of Ji Yuqing, the conflict given to Ji Yuqing was undoubtedly extremely strong.

Especially, Ji YuYi was even more shocked when the three of Ji Feng did not look in any distress at all and looked as if they were on a leisurely holiday trip.

"What, don't you recognise them?" Ji Feng asked with a smile.

"You're fine?" Ji Yuhui asked hesitantly.

"What can happen to me? I'm the one who went to assassinate the leader of the Yamaguchi-gumi this time, it's their turn to be fine!" Ji Feng laughed.

Ji YuYing stared at Ji Feng in astonishment for a long time before saying, "This is unbelievable!"

Unbelievable!

This was the most intuitive feeling of Ji Yuoyi and Ade's grandfather and grandson!
