

Campus Master 181

Chapter 181

Hearing the sound, the crowd turned around and looked, only to see two young men, both about 27`8 years old, striding over, one of them looked a bit similar to Ji Feng, only with a slight frown.

The crowd guessed that this man, I think, was Ji Feng's second brother.

"Second brother, I'm not the one who wanted to come here." Ji Feng laughed, "Besides, even if I wanted to eat here now, I can't, there are no more private rooms."

Ji Shaolei asked at once, "The private room is gone? That's impossible, right?"

Manager Xiao gave the man an unhappy look, what do you mean it's impossible? Wasn't that saying he was lying?

"This gentleman, there are indeed no more private rooms, there are more guests today, and all the private rooms have been booked out." Manager Xiao said indifferently.

"Bullshit!"

Ji Shaolei grunted, "Your little tricks to deceive ordinary people are fine, but you still want to deceive me? If I remember correctly, you should always leave one or two private boxes in this hotel, just in case, just open one for me at random."

Xiao Changhe and Xu Changyuan couldn't help but nod slightly next to each other, they had seen this kind of operation in other places, only that they couldn't even think about that kind of private box, they didn't have that status yet.

But I never thought that Ji Feng's second brother would know so well, and he also seemed to be full of care, what was this young man's origin?

Manager Xiao's face instantly changed, how did this person know?

However, when he thought about it, he was relieved. Nowadays, many restaurants and clubs do this, fearing that if a big shot suddenly arrives and there are no more private rooms, it will be easy to offend people.

I guess this young man had heard of this way of operating elsewhere and had come to pretend, right?

"This gentleman, we really don't have any more boxes here, and there are no special boxes left like you said, I'm really sorry." Since the other party didn't look like any big shot, Manager Xiao naturally wouldn't admit it, otherwise it would be like offending Tang Haiwei. Although the boss might not be afraid of Tang Haiwei's old man, however, Manager Xiao couldn't be unafraid, if people couldn't deal with his boss, they couldn't deal with him?

"Cut the crap!"

Ji Shaolei was a little impatient, he turned his head to look at the young man beside him: "Old Duan, who is the owner of this shop in Jiangzhongyue ..... again? Shi Xingbang, or Fan Satisfaction?"

As soon as he heard this, Manager Xiao's face changed again, and he immediately realized that these two young people in front of him were definitely not ordinary people, or else they would never have spoken the owner's name so casually, seemingly without looking at it.

He said in a panic, "Two gentlemen, our chairman is Shi Xingbang, I don't know if you two gentlemen are .....?"

The young man known as Lao Duan said indifferently, "Looking at you, you should be the lobby manager, right? Give your chairman a call and tell him that Duan Peng is here, but there is no private room for dinner. How about ..... I'll make the call?"

Duan Peng?

Everyone was puzzled, no one in Jiangzhou had heard of this character, was it a dragon from somewhere?

But, no matter who this Duan Peng really is, manager Xiao did not dare to be slack, he nodded in a panic and said, "What, it's my damn memory, I almost forgot, it seems that a customer has booked a private box today, said to arrive at six o'clock, now it's seven o'clock and still not here, that private box will be given to a few people, in addition, all the consumption today is free, as an apology to you, everyone please Please follow me."

"Dog's eyes are low!" Ji Shaolei hummed.

That manager Xiao also acted as if he didn't hear it and lowered his head to lead the way in front.

Xiao Changhe and his wife looked at each other in surprise, both seeing the look of shock in each other's eyes, what kind of person was this young man that Ji Feng's second brother had brought with him? Moreover, even Ji Feng's second brother seemed to be very uncomplicated!

Tang Haiwei's face was ugly, just now he had been talking to Manager Xiao for half a day, but he had not been told that there were still reserved boxes, and now once these two young men arrived, without saying a few words, Manager Xiao was immediately scared shitless and rushed to show the way, this was simply a resounding slap in the face!

"Where did these two people appear from, damn it!" Tang Haiwei couldn't help but grunt darkly, and in his heart, he hated both Ji Shaolei and Duan Peng as well.

"Uncle father, auntie mother, let's go up!" Ji Feng said with a smile.

Xiao Changhe and his wife couldn't help but nod and follow them.

"Several people, this is the place." Manager Xiao led the crowd to a private box on the third floor, "Please sit down first, the waiter will come to serve you!"

Upon entering the private room, everyone couldn't help but gasp in awe at how luxurious it was.

This box, which could not be considered a box at all, could simply be described as a presidential suite. There were tons of entertainment facilities inside, KTV, gym, billiard room, and so on.

What's more, the decoration here was extremely opulent, if it was just in the lobby or in other private rooms, it would be hard to imagine that there were such luxurious private rooms in this hotel.

Ji Shaolei and Duan Peng, however, had an indifferent look on their faces, apparently they were already accustomed to such private rooms.

Tang Haiwei's face changed, even though he was worth over ten million dollars, he had never eaten in such a box.

"Well, that manager still has good eyesight." Ji Shaolei said lightly, with some appreciation.

Everyone couldn't help but laugh bitterly at his words, he had opened such a luxurious box, and it was all free of charge, and this was only insightful? Then what is a good job?

"Uncle father, auntie mother, let me introduce to you, this is my second brother, Ji Shaolei." As for the three members of Liu Suhong's family and Tang Haiwei, Ji Feng only vaguely passed by.

Immediately, Ji Shaolei smiled graciously and greeted several people, when his gaze fell on Xiao Yuxuan, he immediately laughed: "Sister-in-law, but it's been a long time, the last time we met was too hasty, and I, as a brother, didn't have time to prepare any gifts, so let's make up for it today."

Saying that, he turned his head to Duan Peng and smiled, "Old Duan, I remember that you kid just got a car, right?"

"You brat, I knew that whenever I came to Jiangzhou, I would definitely be extorted by you." Duan Peng grunted, but there was no trace of displeasure on his face, instead, he said with a smile, "That's fine, who told me to meet Brother Ji and Sister-in-law for the first time, so I'll give it to Sister-in-law as a gift."

"A Maserati?" Xu Ting, who hadn't spoken, couldn't help but exclaim, "Oh my God, a world-class sports car?"

Tang Haiwei's face couldn't help but change, there are few men who don't like cars, and it's impossible for even the most ill-informed person not to have heard of the words Maserati, and associated with it are undoubtedly words like world class, expensive and so on.

This young man, Duan Peng, had even offered a Maserati at the first instance, which .....

"This, this is just too expensive, I can't take it!" Xiao Yuxuan also reacted and said in a panic.

The company's main business is to provide a wide range of products and services to the public.

"This car is mine, okay? Why do you say it as if it's a gift from you?" Duan Peng struck out unmercifully.

With the words spoken at this point, Xiao Yuxuan could only look at Ji Feng for help.

"It's alright, take it, it's not an outsider!" Ji Feng smiled and said, since Ji Shaolei had brought Duan Peng, no matter what Duan Peng's status was, for Ji Shaolei's sake, Ji Feng would not refuse.

"Haha, that's right." Ji Shaolei laughed, and then turned his head to ask Xiao Changhe, "Uncle runs a drug company?"

Xiao Changhe nodded slightly and smiled, "It's just a small company, not worth mentioning."

“Any big group is developed from a small company.” Ji Shaolei smiled faintly and said, “Does uncle have any plans to cooperate with large hospitals?”

“Hmm?” Xiao Changhe did not respond for a moment.

Ji Shaolei laughed, “Forget it, I’d rather not worry about it, with San’er helping you, there’s no need for me to worry about it.”

“I’m not familiar with Jiangzhou, second brother, I still have to trouble you with this.” Ji Feng naturally knew what Ji Shaolei’s words meant, and he instantly smiled faintly.

“Since this is the case .....,” Ji Shaolei pondered for a while and then said, “Uncle father, if you don’t mind, tomorrow I will have the director of the First People’s Hospital’s purchasing department visit you, and then you will be able to talk about the specific matters. But uncle, don’t be too soft-hearted, those people in the hospital are too shady, don’t give them any benefits, if you have any problems, you should go directly to San’er, is that alright?”

“No. 1, the First People’s Hospital?” Xiao Changhe’s brain was a bit overwhelmed, this First People’s Hospital, it was the biggest hospital in Jiangzhou, if he could take the business of this hospital next, then his company could expand several times in almost no time.

“One is not enough?” Ji Shaolei thought that Xiao Changhe’s company might be bigger than he thought, he said at once: “Then how about this, tomorrow I will have people from the Second Hospital and the Third Hospital visit you together, three hospitals should be enough, right?”

“Enough, of course it’s enough!” Xiao Changhe said in a panic, the three largest hospitals in the entire Jiangzhou ah, his heart was shocked beyond words, this second brother of Ji Feng, what kind of person was he, how could he dare to make such a guarantee, was it a blank cheque?

Seeing this shocked look on her father’s face, Xiao Yuxuan finally couldn’t help herself and said, “Dad, since Shao Lei’s second brother said so, then you can rest assured, think about it, who in Jiangzhou is surnamed Ji?”

“Those surnamed Ji .....” In a flash, Xiao Changhe seemed to have thought of something and his eyes widened.

Not only him, Liu Suhong and the others, all had a shocked look in their eyes as well.

## Chapter 182

“You, you are Secretary Ji’s .....” Xiao Changhe asked with some uncertainty of surprise.

Ji Shaolei waved his hand and said, “He is him, I am me, uncle need not be formal, I am here today, just a junior. Uncle father just call me Shao Lei directly.”

“Hehe .....” Xiao Changhe smiled slightly, but the word Shao Lei could not be called out. The son of the secretary of the municipal party committee, he could be modest, but having Xiao Changhe address himself as an elder was still somewhat uncomfortable.

However, the most shocked people present were none other than Liu Suhong's family and Tang Haiwei, who thought he was the big boss.

How could several people not have thought that Ji Feng's second brother, was the son of the secretary of the Jiangzhou Municipal Committee, in this way, Ji Feng's identity .....

Xu Changyuan and his wife Liu Suhong looked at each other, both could not help but see the shocked look in each other's eyes, especially Liu Suhong, her heart was even more shocked, oh my god, what the hell did she do before!

"By the way, I forgot to introduce you guys, this is a friend of mine, Duan Peng." Ji Shaolei patted Duan Peng's shoulder and smiled at the crowd, seeing Ji Feng's puzzled look, he couldn't help but laugh, "Duan Peng and I grew up in the same compound, and are family friends with our family."

Ji Feng suddenly dawned on him, this is another TZ with proper roots, the Duan family ..... Ji Feng thought carefully about those characters that he often saw on the TV news, there seemed to be no one with the surname Duan.

Ji Shaolei seemed to know what Ji Feng was thinking, just a faint smile, and did not explain too much.

However, Xiao Changhe and others were secretly shocked, originally Duan Peng was able to give away a sports car, the crowd felt that he must not be a simple person, at this time, hearing Ji Shaolei say so, the crowd immediately understood, it is obvious that this Duan Peng is also a person of similar status as Ji Shaolei.

For a moment, everyone present could not help but be restrained.

Ji Shaolei also seemed to know that with himself and Duan Peng here, all these people definitely couldn't let go, so he couldn't help but smile, "Uncle father, auntie mother, younger sister, I still have some things to do, so I'll excuse myself."

Xiao Changhe nodded slightly, and knowing that he was not in a good position to keep them, he said, "Then, you guys go well, we won't see you off!"

"Uncle, no need to be polite!" Ji Shaolei waved his hand slightly and said with a smile, "Right, does uncle have a business card? It'll be easier for people from a few hospitals to contact you tomorrow."

Xiao Changhe instantly reacted and hurriedly took out two business cards and handed them to Ji Shaolei and Duan Peng respectively.

After the two had left, the people in the box had not yet reacted.

It was only after a long time that Liu Suhong asked, "Little ..... Mr. Ji, are you and that Mr. Ji Shaolei just now really cousins?"

Ji Feng gave a non-committal smile and did not say anything.

Liu Suhong turned red for a moment, not knowing what to say, Ji Feng clearly did not want to pay attention to her, which made her very embarrassed, but did not dare to complain about anything, after all, if Ji Feng and Ji Shaolei are really cousins, and Ji Shaolei is really the son of Jiangzhou Municipal Party Secretary, then Ji Feng's status can be much higher than she does not know.

“Su Hong, don’t ask.” Xu Changyuan seemed to remember something and hurriedly pulled his wife’s clothes.

After the shock he had just experienced, Xu Changyuan suddenly remembered something. During last year, he had once gone to the leader’s office to report on his work, and ended up running into a young man right in front of him.

The person who received that young man at that time was the branch chief of the bank, and that young man, it seemed, was the Ji Shaolei just now. Because at that time the branch chief was really too attentive and had a completely ingratiating attitude, Xu Changyuan still had more or less some impressions of him despite the lapse of a year.

When he saw Ji Shaolei again today, he suddenly remembered this matter. Now it seems that Ji Shaolei’s identity is no longer in doubt, and remembering his wife’s attitude towards Ji Feng before, he suddenly felt cold all over, now that Ji Feng already knows his identity, if he wants to deal with him, I’m afraid that with just one phone call, he may not be able to keep his position as director.

Under such circumstances, how could Xu Changyuan dare to act in a way that would offend Ji Feng?

The same is true for Tang Haiwei, whose face is also unpredictable. Although he is worth more than ten million dollars and his father is also a director, he is not even half as good as the son of the municipal party secretary. The fact that his father is also in the system makes it easier than ever for Ji Feng to deal with him.

Tang Haiwei knows where his ten million dollar fortune came from, it was almost entirely due to his father’s connections and the privileges in his hands. If he lost his privileges, not to mention the fact that he would have no way to make money in the future, just the things he had done before would be enough to put him in jail for the rest of his life.

Just thinking about this, Tang Haiwei felt his body dripping with cold sweat.

Just as a few people were having different thoughts, the hotel’s lobby manager, Xiao, was calling his top boss, the general manager of this hotel.

“What? You describe those two young men’s looks again!” Over the phone, the shocked voice of the general manager came through.

Manager Xiao was immediately shocked, it was obvious that the general manager seemed to attach great importance to these two people, he hurriedly described the appearance of those two young people over the phone, while secretly guessing in his heart, what the identities of these two young people were.

That general manager had just finished listening to Manager Xiao’s description and immediately asked in a deep voice, “Xiao Changgui, your attitude towards those two young people is not bad, right?”

“No, no.” Manager Xiao’s cold sweat immediately came down, he immediately realized the seriousness of the matter and said in a panic, “Because there were no more private rooms, so I gave them one of the reserved private rooms, moreover, all their spending today is free!”

“Hmph, that’s more like it!” The general manager’s tone on the phone softened a little, “Xiao Changgui, you still have some vision, knowing that the entire bill will be waived. I’m telling you, if you offend them, you can just wait for your bunk to be rolled up and get out, there won’t be any place in the whole of Jiangzhou that will take you in again!”

“Ah?!” Xiao Changgui’s body felt as if he had been struck by lightning, his mind went blank as he stammered and asked, “Chief. General manager, what exactly are their identities?”

“Ji Shaolei, the son of the secretary of the municipal party committee, what status do you think it is?!” The general manager grunted.

Manager Xiao immediately broke out in a cold sweat, that young man, was actually the son of the secretary of the municipal party committee?

“Xiao Changgui, listen, if you can’t serve them well today, you can just wait to get out!” The general manager said in an unkind tone.

“Yes, yes, I’ll make sure they’re satisfied!” Manager Xiao hurriedly said, with a secret fear in his heart, fortunately he had seen their extraordinary airs and attitudes, and had given them a luxury box and all for free, not expecting that he had bet right this time.

After hanging up the phone, Xiao Changgui’s face changed, and after a moment, he clenched his teeth: “All of you waiters come over, inform the back kitchen, serve the best dishes and go get the best wine .....

Not to mention that Xiao Changgui has already a phone call, scared all over with cold sweat. At this time, the third floor luxury box, is a different scene.

The company’s main business is to provide a wide range of products and services to the market. Even if Ji Feng’s father was a ragpicker, just because he was the nephew of the municipal party secretary, no one else could underestimate him.

“Little Feng ah, I’m Xuan Xuan’s cousin aunt, it’s not strange to call you that, right?” Liu Suhong said in a soft voice, the huge contrast with the previous sarcastic appearance, looking at Xiao Yuxuan all goosebumps, but not good enough to say anything.

Ji Feng nodded noncommittally and said, “This is as it should be.”

Liu Suhong was immediately as pleased as if she had received great encouragement.

On the other hand, Tang Haiwei was all uncomfortable, his purpose for coming here was clear, he had come to steal his girlfriend from Ji Feng, which he believed Ji Feng would be able to see as long as he was not a fool. So it was clear that from the very beginning he had placed himself on the opposite side of Ji Feng. Now that he knew Ji Feng’s true identity, he was terrified in his heart.

He knew that the best thing to do now was to gain Ji Feng’s understanding as quickly as possible, only then could he escape a calamity, or rather, both he and his father, could escape a calamity.

However, after all, he was once considered a young male, so he could not make him apologise to Ji Feng in front of so many people, and even flatter and flatter him.

In contrast to them, it was Xiao Changhe and his wife who felt the same way. Previously, they thought that Ji Feng was incomparably calm, and even in the face of Liu Suhong and Tang Haiwei's constant provocations, Ji Feng did not care at all. Originally, they thought that Ji Feng was trying to counter Liu Suhong's sarcasm with silence, but now it seems that, as it turns out, people really do not care.

Just imagine, would an eagle care about the provocations of a straw chicken?

A male eagle won't argue with a straw chicken, but if it angers the eagle, it will use those sharp claws to tear the straw chicken apart!

The young Ji Feng in front of him was clearly that eagle, and probably in his eyes, Liu Suhong and the others were even worse than straw chickens.

At the thought of this eagle being their daughter's boyfriend, Xiao Changhe and his elder two family members were very happy in their hearts, not because of how noble Ji Feng's status was, but they knew that their daughter had found a boyfriend who both loved her and was capable this time, and that was enough for the parents.

Just as Ji Feng was talking with Xiao Yuxuan's parents, Tang Haiwei's phone suddenly rang, "Old Tang, where is it?"

"Third floor box!" Tang Haiwei subconsciously said, and just as the words were spoken, the other party hung up the phone.

His face suddenly changed and he said in his heart, "Not good!"

This caller was the deputy director of the procurement department he had called from the three hospitals, that is, the one he wanted to introduce to Xiao Changhe, but thinking about what Ji Shaolei had said before, all three hospitals would start business with Xiao Changhe, who was higher and who was lower, it was impossible to compare!

## Chapter 183

"Little Tang, your friend is here?"

Hearing the sound of Tang Haiwei calling, Xiao Changhe couldn't help but ask with a smile. In fact, he did this to take care of Tang Haiwei's face. Because everyone knew that nowadays, Tang Haiwei was already redundant sitting here, and now he couldn't leave yet, because no one could guarantee that Ji Feng would not retaliate afterwards.

For this kind of mentality, Xiao Changhe, who has seen a lot of things, is naturally very clear. Now Tang Haiwei seemed to have friends over again, and if he didn't relieve him, I was afraid that his friends wouldn't even be able to enter the door of the box. One must know that the current owner of this box was not him, Tang Haiwei, but Ji Feng's second brother, Ji Shaolei. With Ji Shaolei gone, naturally, Ji Feng was the owner of the box.

If Ji Feng did not give the word, Tang Haiwei would not dare to take the initiative to invite his friend in.

Imagine inviting a friend over, only to have him not even enter the door of the box, how would Tang Haiwei be able to step down?

In any case, Tang Haiwei had come here today for Xiao Yuxuan, so naturally, Xiao Changhe would not look at him so badly, so he took the initiative to ask.

Tang Haiwei also understood that Xiao Changhe was giving him a step, and he couldn't help but glance at the latter gratefully, now he didn't have any arrogance, if the matter between Xiao Yuxuan and Ji Feng really came to fruition, then Xiao Changhe's status would suddenly rise, and then maybe he would even ask for Xiao Changhe's head if something happened to him!

"Since they are your friends, let's invite them in together." Xiao Changhe said smilingly, "Anyway, our box is very big, so adding one more person doesn't seem crowded, Little Feng, don't you think so."

Ji Feng smiled faintly, "Yes, since they are friends of Mr. Tang, let's come together."

Unknowingly, Ji Feng had become the dominant person in this compartment, and he was obviously aware of this problem, so he couldn't help but smile, "Uncle, I'll go and see if the food is ready, you guys chat first."

Saying that, he gave a wink to Xiao Yuxuan and walked out.

"Go and return quickly, don't delay too long." Xiao Yuxuan said softly, she naturally knew what Ji Feng meant, he was going out to let everyone in the compartment calm down again, after all, the shock that his identity and Ji Shaolei's duo had brought just now seemed a little too big.

Sure enough, as soon as Ji Feng left the compartment, there were a few sounds of deep breathing, and obviously, these people all let out a long sigh of relief.

Xiao Yuxuan couldn't help but laugh in her heart, Liu Suhong and his wife were really behaving badly too, just before this they were still flaunting their power and sneering at Ji Feng, now that they knew his identity, they were scared like this, it was really funny.

"Cousin, brother-in-law, your family's Xuan Xuan is really lucky and has a very good eye, this young man, Xiao Feng, who doesn't show his face, is surprisingly a big deal, but there is a preference not to show off." Liu Suhong's thin face, piled with smiles, wrinkles are squeezed together, very hard to smile: "Xuan Xuan ah, before cousin aunt because not quite understand the situation, said some not very good words, although that is all concerned about you, but also do not know if Xiao Feng will take it to heart, turn around you help cousin aunt to intercede, let Xiao Feng do not take it into account, OK?"

Xiao Yuxuan held back the nausea in her heart and nodded slightly, saying, "Don't worry, cousin aunt, Ji Feng is not that petty, besides, since those words you said were all about caring for me, he definitely won't take it to heart."

That was too choking, since you were caring for me, how would Ji Feng take it personally? The meaning of those words was naturally saying, if your words were not caring for me, how would Ji Feng not take it personally?

Liu Suhong's face instantly turned red, and she secretly regretted in her heart, how come she didn't ask about Ji Feng's identity before speaking, now, not only did she offend Ji Feng, even Xiao Yuxuan was offended, who could still intercede for her?

“Xuan Xuan, just speak up for your cousin aunt, do you hear me!” Seeing that her cousin was embarrassed and didn’t know what to do, Xiao’s mother couldn’t help but feel intolerant and could only speak up to help.

“Don’t worry, mum, I’ve said it all, Ji Feng won’t be that petty!” Xiao Yuxuan said, but in her heart she was laughing bitterly, it was because her mother was so kind that she was often bullied, but she was still soft-hearted. If it wasn’t for this character of hers, how could Liu Su Hong not dare to go so far and sneer at Ji Feng in front of the real them?

Knock knock knock!

A knock sounded at the door and Xu Ting immediately got up, “I’ll go open the door.”

A man of about forty years old walked in, this man was very skinny and looked like a skin and bones man, a pair of small eyes dripping from time to time, not an honest man at first glance.

“This box is not something that ordinary people can book, and only you, the son of the director, can have this kind of face. As soon as he entered the door, the thin man laughed.

Swish!

Tang Haiwei’s face was red with embarrassment as he laughed sarcastically, “Old Sun, I didn’t book this box, I’m just along for the ride, huh?”

The man surnamed Sun froze, and immediately saw the other people in the box, and when his gaze fell on Xiao Yuxuan, a look filled with lust` flashed by, which quickly disappeared.

“Elder brother Tang, no introduction for me?” The man surnamed Sun sat down as if no one else was around, his gaze sweeping over Xiao Yuxuan and Xiao’s mother’s body, his heart pounding with evil thoughts.

Tang Haiwei secretly cried out in distress, he knew this man surnamed Sun well. This man was called Sun Gang, the deputy director of the procurement department of the Third Hospital, who was usually extremely lustful.

What Tang Haiwei was most worried about was that Sun Gang must not talk nonsense here, it didn’t matter if he angered these people, but if he angered Ji Feng, I was afraid that when the time came, he wouldn’t even be able to find a place to bury his bones.

“Director Sun, let me introduce ..... to you,” Tang Haiwei hurriedly changed the subject and introduced Xiao Changhe and the others to Sun Gang one by one.

“The owner of the drug company?” Sun Gang looked at Xiao Changhe and said indifferently, “Elder brother Tang, you didn’t invite me here today because you want to introduce me to business, did you? Haha!”

As he spoke, his gaze flicked over Xiao’s mother and Xiao Yuxuan’s body.

Xiao Changhe’s face instantly turned gloomy, and Tang Haiwei hurriedly said, “Where, I just thought we hadn’t seen each other for a long time, so we came out together to get together.”

Sun Gang said with a big grin, "I say, old brother Tang, that's a bit unbecoming of you, isn't it? Given our relationship, is there any need to hide anything? Since you have invited this drug company's boss Xiao to be here today, it must be about drug procurement, right?"

"It was, but now ..... cough, it's no longer necessary." Tang Haiwei said with some sweat. Originally, with the son of the municipal party secretary personally asking for the business of three hospitals, he naturally did not dare to make a fool of himself in front of others, he was until this Sun Gang's person.

Although Tang Haiwei's father is the director of a certain district in Jiangzhou, but because the third hospital belongs to the municipal hospital, the doctors and directors inside are not low in rank, especially the director, which is on the same level as the director of the Health Bureau, and even some experts and professors inside are even higher than the director's level.

If they give face, they may still take Tang Haiwei into consideration, but if they don't, Tang Haiwei's father is really nothing in the eyes of others.

If Tang Haiwei hadn't fed him before, I'm afraid it would have been a different matter if he hadn't been invited here today.

Under such circumstances, Tang Haiwei was not sure that he could get Sun Gang to purchase Xiao Changhe's medicines, and with Ji Feng as a pearl in front of him, how could Tang Haiwei dare to say anything?

"Why don't you use it?" Sun Gang once again swept a greedy glance at Mother Xiao and Xiao Yuxuan and said meaningfully, "Do you think there is no hope? Actually, it's not quite true, the key is that things are in the hands of the people, if you work hard enough, maybe things still have some possibility ah!"

I am afraid that anyone who is not a fool will understand what he said.

The faces of Tang Haiwei, Xiao Changhe and his wife, as well as Xiao Yuxuan, changed at the same time.

"Old Sun, let's call it a day, we'll talk another day, and I'll make amends to you then, okay?" Tang Haiwei was sweating coldly and said in a panic.

Xiao Yuxuan, however, couldn't help herself, she sneered, "Director Sun is it? Sorry, you are not welcome here, please leave!"

Sun Gang's face instantly changed and he became furious with shame, "Want to drive me away? Fine, very good! Xiao Changhe is it? Seeing the popularity of your drug company, if I'm not wrong, your business must be targeting those clinics or street community hospitals, right? Very well, I forgot to tell you, many of the community hospitals and clinics, rely on our assistance, I suspect that your drugs are faulty and your company's service is not good, within two days at most, many hospitals will cancel their contracts with you, just wait for the notice!"

Xiao Changhe's face was incomparably gloomy, no matter how good his temper was, he absolutely could not tolerate Sun Gang looking at his wife and daughter with that kind of eyes. He snorted coldly, "This is not for you to worry about, please leave immediately!"

"You!" When Sun Gang saw that he couldn't even threaten Xiao Changhe like that, he snorted angrily, "Fine, I'll wait to see how your drug company collapses!"

He stood up in a flash, "Elder brother Tang, it's not that I don't give you face, it's that some people don't know how to lift a finger, so don't blame me."

After saying that, he was about to get up and leave.

Tang Haiwei was already stunned, and all that remained in his mind was one sentence: It's over, it's over, the man surnamed Sun doesn't know whether to live or die, but he's going to get himself involved!

Just at this time, the compartment door was suddenly opened and a figure suddenly collided with Sun Gang.

"\*\*\*\*, don't you have eyes when you walk?" Sun Gang was knocked back a few steps in succession before he stopped, and immediately cursed in anger.

"If you dare to curse one more time, I guarantee that you will regret it!" An ice-cold voice, devoid of emotion, reached Sun Gang's ears, and a coldness inexorably rose from his bones and instantly spread throughout his body, causing him to subconsciously shiver.

## Chapter 184

Sun Gang subconsciously looked up and saw a pair of cold eyes, and he scrambled to avert his gaze, not daring to meet them.

"What's your name?" Ji Feng coldly looked at this bastard who was spouting wild words and asked indifferently. If anyone who was familiar with Ji Feng knew that the calmer he spoke, the more exuberant the anger in his heart was.

Sun Gang felt that he had actually been intimidated by a look from the other party, and he instantly became furious with shame and anger and grunted, "What's my name, none of your business! Kid, get out of the way, not in front of Laozi's road ..... ah!"

Before he could finish his words, he suddenly felt a tightening of his neck. Sun Gang's skinny body was actually lifted up by Ji Feng by directly grabbing his neck.

"Uh ..... uh ....." Sun Gang hit Ji Feng's arm with both hands as hard as he could, his legs kept stirring, his face turned red and he rolled his eyes. However, with his body emptied of alcohol and sex, how could he do any damage to Ji Feng? In just the blink of an eye, Sun Gang was completely out of breath, and his body drooped limply as his whole body began to twitch.

Seeing this scene, Tang Haiwei was terrified and shouted in a panic, "Mr. Ji, don't be angry, Mr. Ji, don't be angry, this bastard Sun Gang deserves to die, but, after all, this is a hotel ....."

It is not possible for Tang Haiwei not to be nervous, what is the status of Ji Feng? It is the nephew of the secretary of the municipal party committee. What was especially important was that Tang Haiwei's father was also from within the system, so he had heard a lot, if not a lot, about these things between sons and daughters. He knew very well that if Ji Feng killed someone here, I'm afraid it would be him, Tang Haiwei, who would eventually be found in trouble!

The official had countless reasons to say that Ji Feng had killed in self-defence, or in self-defence, and who would be the scapegoat when the time came, without a doubt, it would be him, Tang Haiwei.

“Ji Feng, forget it!” Xiao Yuxuan spoke out to console her, she knew Ji Feng’s character, if she didn’t speak up, he would really dare to kill this bastard here.

“Humph!”

Ji Feng coldly snorted and slammed Sun Gang to the ground as he said disdainfully, “Just an asshole like you, you dare to speak up here?”

“Cough .....” Sun Gang’s face was red from being pinched, he couldn’t breathe at all, at this moment, when he was easily released, where did he have the strength to speak, he just covered his neck and kept coughing.

His eyes were filled with a look of horror, this young man was too terrifying.

The others were filled with shock, but they knew that even if Sun Gang was skinny, he was still more than a hundred pounds, right? However, Ji Feng just grabbed his neck and lifted him up with one hand, how strong should Ji Feng be?

What’s more, when Ji Feng was choking Sun Gang, that cold look in his eyes made Liu Suhong’s family cold. Remembering the sneering words she had said to Ji Feng earlier, Liu Suhong was almost so scared that her body was trembling slightly, if she wasn’t sitting at this moment, Liu Suhong’s body must have gone weak and she couldn’t even stand.

As soon as Tang Haiwei saw that Ji Feng had let go of Sun Gang, he hurriedly walked over, helped Sun Gang up and said in a panic, “Mr. Ji, you sit first, I’ll throw this bastard out.”

With that, he half-dragged and half-dragged Sun Gang out.

When he came to the corridor, Sun Gang finally regained some strength and he cursed angrily, “What the hell is that little beast, how dare he do this to me? I must get rid of him, otherwise, my surname will not be Sun!”

Tang Haiwei gave him a contemptuous look, thinking that if you want to get him killed, you won’t even be able to die when the time comes.

“Old Sun, you’ve been too reckless today!” Tang Haiwei had a reproachful look on his face, “I had a hard time inviting Mr. Ji and wanted to introduce him to you, but you did something like this, I hinted at you several times, but you pretended not to see it, you just knew to lust after beauty, now you’ve done it!”

Sun Gang was stunned, rubbed his neck and asked, “What’s going on, old brother Tang, did you really not want to get business for that pharmaceutical company’s representative?”

Tang Haiwei laughed bitterly, “Of course I was trying to get business for him.”

“Then you’re still saying that?” When Sun Gang heard this, he became angry, “D, I gave them face before I looked at those two women a few times, if it wasn’t for your sake, I wouldn’t even have come!”

Tang Haiwei immediately said angrily, "Old Sun, do you know what you are saying? Think about it with your head, if it was that Boss Xiao who was an ordinary person, would I have invited you over?!"

Sun Gang was stunned and couldn't help but ask, "Old Brother Tang, what the hell is going on here?"

Seeing Tang Haiwei's serious expression, Sun Gang also seemed to have sensed that this might not be an ordinary matter.

"Do you know who the young man who just made a move against you really is?" Tang Haiwei asked in a deep voice.

Sun Gang shook his head, then gritted his teeth and said, "Hmph, I don't care who he is, if he dares to do this to me, I will definitely not let him go!"

"Fine, then you won't let him go, humph, what a big mouth, daring to say that you won't let the nephew of the municipal party secretary go, Old Sun, don't say you know me when you go outside in the future, I don't want to be dragged to death by you!" Tang Haiwei laughed coldly.

Boom!

Sun Gang's head seemed to have been struck by lightning, his whole body stiffened there, and he didn't come back to his senses for half a day.

"Elder brother Tang, you, who did you say that young man was?!" Only after a long time did Sun Gang stammered and asked.

"His name is Ji Feng and he is the nephew of the secretary of the Jiangzhou Municipal Committee!" Tang Haiwei sneered, "Old Sun, you can do it. Do you know who that Xiao Changhe is? That's Ji Feng's future father-in-law! I have a bit of friendship with both of them, so I just thought of introducing you to them and doing my best to create opportunities for you, but what about you? After you came, not only did you not seize the opportunity, but you even hit on Ji Feng's future mother-in-law and his girlfriend's head, you're really something!"

Swish!

Sun Gang's face went pale, and his entire body was suddenly at a loss.

"Elder brother Tang, what you said, is it true?!" Sun Gang asked in a trembling voice, his entire body shivering with cold as if he had fallen into an ice cave.

"When have I ever lied to you?" Tang Haiwei grunted, he was not half embarrassed about pulling up a tiger's skin as a big banner, how could a person in the business world not have a thick skin?

This Sun Gang, relying on the fact that he was the deputy director of the hospital's procurement department, had never put Tang Haiwei in his eyes.

In fact, Tang Haiwei was not sure if Ji Feng would deal with Sun Gang, that's why he made such a serious statement and didn't forget to link himself to Ji Feng, anyway, Sun Gang didn't know the truth of the matter, after this incident, he would definitely go to find someone to plead for mercy, then incidentally, once Tang Haiwei and Ji Feng's relationship was mentioned, Tang Haiwei's status in Jiangzhou would definitely rise again.

Tang Haiwei's wishful thinking was very loud, but Sun Gang was terrified, his whole body was shaking, and he could barely stand up as he was weak.

"Elder brother Tang, you have to save me!" Sun Gang almost cried out as he grabbed Tang Haiwei's hand, "I've always been good to you before, you can't just ignore death now!"

"Hmph, is there something good I haven't thought of you?" Tang Haiwei snorted coldly, "Why did I call you here today, it was because I wanted you to climb into this relationship too, and what did you do as a result?"

Sun Gang raised his hand and slapped himself twice, crying, "I'm the one who's blind, Old Brother Tang, you must think of something for me, otherwise, your old brother may be thrown into the river tomorrow to feed the fish."

Looking at Sun Gang's spineless look, Tang Haiwei felt a burst of contempt in his heart, but he hadn't thought about the fact that he had flaunted his strength to Ji Feng before, and then became honest when he found out Ji Feng's identity, and now he was pulling Ji Feng's strings to make a show for himself, these actions were even more shameless than Sun Gang's.

However, shameless people, after all, would not admit that they were shameless, and Tang Haiwei was naturally no exception.

He let out a long sigh and had a difficult look on his face, "Old Sun, I've done you a disservice today, I really shouldn't have asked you to come."

"No, no, no! Old Brother Tang you are doing this for my own good, I can still distinguish this clearly." Sun Gang said in a panic, "Hurry up and help me think of a way, I will definitely thank you heavily, Old Brother Tang, I still have two villas in the Bund, they have just been renovated, if you are interested, take them."

Tang Haiwei was overjoyed, the property prices on the Bund were sky high, those two villas would cost at least ten million dollars, right? I didn't expect this guy Sun to be so rich!

However, Tang Haiwei said, "Old Sun, you also know that although I have a relationship with Ji Feng, this matter involves someone's family after all. Therefore, you have to go back immediately and find connections and ask people to intercede, otherwise, in case my words don't work, it will be a big trouble."

As soon as Sun Gang heard this, he nodded his head in a panic: "You are right, Old Brother Tang, I will go back and ask someone for help." "Right, the title agreements for the two villas will be delivered to your home this evening."

"Then I'll respectfully comply!" Tang Haiwei harrumphed, his heart incomparably smug.

However, his complacency did not last for a moment before it completely dissipated.

When Tang Haiwei returned to the box with trepidation in his heart, he saw everyone looking at him coldly.

“That ..... Mr. Ji, today is all my fault, I wanted to introduce a business partner to Mr. Xiao, but I didn’t expect this to happen .....,” Tang Haiwei’s words were interrupted by Ji Feng before he could finish them.

“Tang Haiwei, I heard that your father is the director?” Ji Feng asked coldly.

“Yes.....” Tang Haiwei had just nodded when he suddenly reacted, he looked at Ji Feng’s icy expression and suddenly panicked: “Mr. Ji, I, I really didn’t know this would happen!”

“You go away, there’s nothing more for you here.” Ji Feng said indifferently, but his tone was unquestionable.

Tang Haiwei choked, but didn’t dare to have the slightest retort, he could only leave with trepidation, but in his heart he was repentant to death. How could he have gone to blackmail Sun Gang first? If he had gone to explain the situation to Ji Feng immediately, maybe today’s bad thing could have turned into a good thing and he could have climbed into a relationship with Ji Feng, but now .....

The actual fact is that you can find a lot of people who are not in a position to be able to get a good deal of money.

When he thought of this, for a moment, Tang Haiwei’s face was pale, without a trace of blood!

Looking at Tang Haiwei’s back, Xiao Changhe grunted unhappily, “Smartass!”

## Chapter 185

“Little ..... Mr. Ji, it’s really because I was too concerned about Xuan Xuan before, that’s why I said those offensive words, I hope you don’t take it to heart ah.”

“Yes, Mr. Ji, Su Hong this person is like this, usually at home I often say her, however, she just speaks too directly, but no bad intentions, you must not mind!”

.....

When Ji Feng cleaned up Sun Gang and drove Tang Haiwei away with a few faint words, the unquestionable majesty that he showed immediately made Liu Suhong and Xu Changyuan couple feel even more apprehensive. After seeing Ji Feng’s tactics and ruthlessness, the two of them almost regretted to death in their hearts, how could they not see before that this kid Ji Feng did not like to talk, that was not honest and timid, but a calm and steady temperament.

It was because of such thoughts that as soon as Ji Feng sat down, Liu Suhong and Xu Changyuan hastily apologized, only that, due to face, they could not apologize too directly and could only find excuses to cover up their actions, their faces were still hot and embarrassed.

Ji Feng just smiled lightly and did not say anything.

Now that he knows to say these words, how come he didn’t think about his current situation when he was sneering at himself before?

When Xu Changyuan and Liu Suhong took a look at Ji Feng’s reaction, they became even more embarrassed. They apologized, but Ji Feng simply ignored it, which really left them speechless. Ji Feng’s

status was there, if it was in normal times, not to mention apologizing, they would not even have the chance to offend Ji Feng, so they simply did not know what to do now.

It was Liu Suhong who had a quick turn of mind, and with a twinkle in her eye, she instantly came up with an idea and gave Xiao's mother a panicked wink.

In the past, Xu Changyuan and his wife had never been so honest in front of them. The couple had never been so honest in front of them before, because Xu Changyuan was a small employee in the bank and usually had a feeling of superiority, and Xiao Changhe and his wife felt that they were relatives and were afraid of losing face, so they could not say anything, but they were definitely not happy.

And now, Xu Changyuan and his wife are so lowly and subservient, this kind of scene is not often seen!

Of course Liu Suhong knew that her cousin and her cousin's husband did not treat her family well at all. She had originally introduced Xiao Yuxuan to Tang Haiwei because she wanted to take this opportunity to befriend Tang Haiwei and thus Tang Haiwei's father, because Liu Suhong's small company was within the jurisdiction of Tang Haiwei's father.

However, not only did Tang Haiwei fail to befriend him, but they also offended someone they shouldn't have offended, and this person is also Xiao Yuxuan's current boyfriend.

If we talk about it more seriously, between Liu Suhong and Ji Feng, there is a hatred of wife snatching. Although the snatching was not successful, but after all, this matter is not something that ordinary people can tolerate.

In this situation, Liu Suhong knew that she had to put down her stance and obtain Ji Feng's forgiveness, otherwise, her company, her husband Xu Changyuan's future, and even her daughter Xu Ting's future work would all be very problematic.

Even, with just one word from Ji Feng, Xu Changyuan might even end up in jail. After all, no one in the banking system is clean, and Xu Changyuan is not clean at all.

Because of this, Liu Suhong knew very well that today, no matter what, she had to let Ji Feng drop these things, or at least, she had to leave them alone, and as to whether or not she could get involved with Ji Feng, that was something to be discussed later.

And their apology was useless, Liu Suhong then immediately reacted, wanting Ji Feng to let go, the best way is still to take the lady route ah.

However, as elders and with the Xiao Changhe couple here at this time, they naturally could not put down their faces and plead with Xiao Yuxuan, and could only go through the Xiao Changhe couple, to excuse themselves.

Ji Feng and Xiao Changhe couple only met for the first time, no matter from which aspect, he will give Xiao Changhe couple a face, what Liu Suhong wants, is this face!

This was something that Liu Suhong understood, Ji Feng understood, and Xiao Changhe and his wife understood as well.

Therefore, although in his heart he was very unimpressed with Liu Suhong and his wife, but seeing their current pitiful appearance, the old couple's kind-heartedness returned. Xiao Changhe coughed lightly

and deliberated for a moment before saying, "Little Feng, since we are out to eat today, all those unhappy things, forget about them, your cousin aunt and cousin husband are actually knife-tongue and tofu-hearted, they don't have bad intentions."

Xiao Yuxuan could not help but sigh softly at once, her own parents, ah, were just too kind, no wonder her father's company had not been able to grow and develop, how could it work in the shopping mall when you were just soft-hearted and kind?

Ji Feng, however, smiled faintly and was quite satisfied with the reaction of Xiao Changhe and his wife. In his opinion, this kind-heartedness of the Xiao Changhe couple is really a rare and valuable quality, and Xiao Yuxuan is so filial, obviously because of her good family education.

In fact, what Ji Feng feared the most was that after Xiao Changhe and his wife knew their identities, they would rely on their identities to do something inappropriate. If he should help them, Ji Feng would definitely not be stingy, after all, they were Xiao Yuxuan's parents. However, if they used this as a reason to act in a reckless manner, that would be beyond Ji Feng's bottom line.

But now, it seemed that Ji Feng's worry was obviously superfluous.

Therefore, a smile appeared on Ji Feng's face: "Uncle father, auntie mother, you are right, let's not mention the unhappy thing, today I came to visit the two elders because I want to implore uncle and auntie mother to let me go out with Yu Xuan, I promise you that I will treat Yu Xuan well, as for my family, because it is a bit complicated, I can't say it clearly for a while, when I have time later on I will let my parents come and visit my aunts and uncles."

As soon as his words fell, Liu Suhong and Xu Changyuan couldn't help but let out a long sigh of relief, Ji Feng had finally let go of his words.

As long as he didn't pursue it further, it was fine! The two of them were thankful in their hearts, fortunately, their cousin and cousin's husband had a better temper, otherwise, they would have been out of luck today.

Xiao Yuxuan, on the other hand, heard these words, but her body stiffened abruptly, and a strong feeling of emotion rose in her heart.

The relationship between her and Ji Feng was not that of a normal man and woman friend, as there was still a Tong Lei between them.

Ji Feng now promised to let his parents visit her parents, without a doubt, this was another way to acknowledge her identity, even, to let his family acknowledge her identity, so how could Xiao Yuxuan not be touched?

Perhaps Xiao Changhe and his wife didn't know what status Ji Feng's parents had, they only knew that Ji Feng was the nephew of the secretary of the municipal party committee, but Xiao Yuxuan couldn't have been clearer, Ji Feng's father, how big he was!

"Where, if your parents are busy, it's fine for us to visit them!" Xiao Changhe smiled and politely said.

Xiao Yuxuan pursed her small mouth and almost didn't laugh out loud, she held back and held back again before she didn't immediately reveal the identity of Ji Feng's father, otherwise, I'm afraid how Xiao Changhe wouldn't have allowed Ji Feng's father to visit him.

"Dad, you guys shouldn't be so polite, it's almost eight o'clock now and my stomach is hungry." Xiao Yuxuan interrupted the topic, she felt that she would tell her father everything when she got home in the evening.

Of course, Xiao Yuxuan would definitely not say anything about her real relationship with Ji Feng, otherwise, even if Ji Feng's father's status was more important and high, Xiao Changhe was afraid that he would not allow his daughter to follow a man together with another woman.

Knock, knock, knock!

A knock on the door suddenly sounded, followed by the door of the compartment being pushed open, and Manager Xiao walked in with a respectful face.

Seeing that a few people were suddenly missing from the compartment, leaving only Ji Feng and the others, Manager Xiao was stunned in his heart, those two young men that the general manager had attached great importance to were not there?

However, his face did not show half a difference, because he remembered very clearly that this young man who was sitting in the box now, but personally called Ji Shao Lei second brother, which means what, naturally, is self-evident.

"It's just as well to serve this young man to your satisfaction!" Manager Xiao was still very discerning, and he muttered darkly while smiling, "Everyone, I hope you won't be offended by my previous negligence. To show our apologies, here are some special dishes specially made by the hotel's chef, as well as some of the hotel's heartfelt wishes, I hope you will all be satisfied!"

His gaze kept looking at Ji Feng, while Ji Feng smiled at Xiao Changhe and said, "Uncle, since it's a token of the hotel's appreciation, shall we accept it?"

Dare I say, this elegant middle-aged man was the most important person here? Manager Xiao was secretly shocked, these people today, they were not small.

He hurriedly said, "This gentleman, you see ....."

Xiao Changhe was not pretentious, nodded slightly and smiled, "In that case, then I will trouble Manager Xiao, thank you for your hotel's kindness."

Manager Xiao was immediately overjoyed and said in a panic, "Where where, as long as the few of you are satisfied with the use, this is what we are after."

As he said that, he waved his hand at the door, "Bring it all in!"

Immediately afterwards, a team of beautiful waiters dressed in cheongsams and tall figures walked in carrying one by one plates, each one carrying a dish in their hands, and in the hands of a few waiters behind them, were a few bottles of wine.

"Maotai?!"

Xiao Changhe's eyes suddenly stared, he recognized at a glance that what these waiters were carrying in their hands was not ordinary wine, but Mao Tai aged wine, which was not easy to buy.

He couldn't help but secretly sigh in his heart that the identity of a person was really a signboard that worked better than anything else. Previously, a few of them almost couldn't even ask for a box, but now, they were able to drink such expensive wine for free, the difference in between, only those who had experienced it could feel it.

Xiao Changhe couldn't help but be satisfied in his heart that his daughter had finally found a reliable and not low status boyfriend. Although he never tended to follow the crowd, as a father, he still hoped that his daughter could live a happy life, and now it seemed that by following Ji Feng, his daughter would not be at a disadvantage.

Xiao's mother, however, was a little worried in her heart. Although her daughter was not bad in terms of looks or heart and temper, Ji Feng's status was obviously not low, and she did not know if Ji Feng's parents would like it.

However, when Xiao's mother saw that Ji Feng had deliberately explained to Manager Xiao to bring a few bottles of drinks and specially poured them for the several ladies present, the love in his eyes when he looked at his daughter immediately made Xiao's mother put her heart down, people's eyes do not lie, Ji Feng, is really fond of Xuan Xuan.

Xiao mother was immediately filled with joy and reassured.

Likewise, Xiao Changhe was also very relieved, compared to He Dong, Ji Feng was just too much better.

## Chapter 186

"Giggle ....."

Xiao Yuxuan's silver bell-like laughter spilled into the car, making people feel relaxed and happy.

"Ji Feng, did you see the expression on Liu Su Hong's family's face? Giggle ..... I've long been uncomfortable with their condescending looks before, so today I can say that I've taken a breath of anger." Xiao Yuxuan was so full of laughter that if she wasn't driving a car, I'm afraid she would have started dancing with her hands.

Indeed!

From the time she first met Liu Suhong in front of Xiao Yuxuan's house, both Xu Changyuan and his wife, and that director's son, Tang Haiwei, had a high and mighty way of doing things from their bones, the kind of self-important look that made Xiao Yuxuan really hold her breath.

However, since she knew Ji Feng's identity, looking at that Liu Suhong and Xu Changyuan's trembling appearance, Xiao Yuxuan was really secretly pleased.

Especially when it came to pouring wine, Ji Feng, as a junior, poured wine for Xiao Changhe and Xu Changyuan, and Xiao Changhe accepted it as a matter of course, but Xu Changyuan, however, was so

frightened that he stood up in a panic, said straight out of his mouth that he didn't dare to, and at once snatched the bottle away from Ji Feng's hand, and actually poured wine for Ji Feng in turn.

Liu Suhong's mouth was full of flattering and fleshy compliments, as if Ji Feng had really become the best young man in the world, causing goose bumps all over Xiao Yuxuan's body, and she even wondered if she had really landed a golden tortoise son-in-law.

Xu Ting, however, looked at Ji Feng with secret affection from time to time, and she knew without thinking that she could not wait to replace Xiao Yuxuan in her heart and succeed in entering Ji Feng's sight, which made Xiao Yuxuan laugh in shame.

This family's doings were really a great pleasure, making Xiao Yuxuan still in a state of excitement until now.

"You child, what are you talking about!" Xiao mother rebuked her daughter, "No matter how excessive they are, they are still your elders, how can you call them by their names? There are no rules at all!"

Xiao Yuxuan spat out her tongue, cute as can be.

Ji Feng sat on the passenger seat with a faint smile on his face and secretly nodded in his heart. Although Xiao Changhe and his wife were businessmen, they did not have the mercenary kind of treacherous businessmen in them, instead they attached great importance to the education of their children, and in this, they did very little, which could be seen from Xiao Yuxuan.

"Xiao Feng ah, although your aunt and I have agreed to you and Xuan Xuan dating, but, you can not bully her, otherwise, no matter what your status is, I am not finished with you, remember?" What Xiao Changhe was more concerned about was still his daughter's happiness.

Ji Feng nodded solemnly, "Uncle father, don't worry, I definitely won't let Yu Xuan suffer half an inch of aggravation!"

"Mm, I'm relieved about that." Xiao Changhe nodded his head slightly in satisfaction.

Twenty minutes or so later, they returned to Xiao Yuxuan's home. Perhaps because he was too happy, Xiao Changhe drank a few more glasses, and after returning home, he and Ji Feng didn't say a few words before the alcoholic feelings came up.

Amidst Xiao's mother's complaints, Xiao Changhe smilingly took a shower and went to his bedroom to rest.

And at this time, Ji Shaolei also called again: "San'er, it's finished over there, right? ..... I'm at a clubhouse not far from the hotel where you ate, call me when you arrive."

Ji Feng couldn't help but feel a little strange, Ji Shaolei really seemed to have something for him today, and didn't just want to introduce Duan Peng to him, otherwise, he wouldn't have called twice in just half a day.

"What, going out?" Xiao Yuxuan looked at Ji Feng frothing with his phone and couldn't help but ask in a soft voice.

Ji Feng nodded and took a look around and found that both Xiao Changhe and his wife had already gone upstairs to rest, so he instantly got hot in his heart and wrapped Xiao Yuxuan in his arms, rubbing his big hands on those soft and elastic buttocks.

“Oooh!” Xiao Yuxuan suddenly subconsciously moaned, then she reacted, this is still at home, she suddenly blushed red with shame and whispered, “Little rascal, my mother is still awake!”

Ji Feng also reacted, fondly letting go of his hand and couldn't help but sniff under his nose, again causing Xiao Yuxuan to roll her eyes.

“Yu Xuan, come with me, it's my second brother calling, seems to be something.” Ji Feng gave a heated smile and explained, then whispered, “I've been drinking, I'm not good at driving, only you can drive me!”

Xiao Yuxuan gave him a white look and said in a delicate voice, “Little rascal, don't think I don't know what you have in mind, take a taxi yourself, I want to stay home with my mother today.”

Ji Feng had come to pay a visit to his parents for the first time, and Xiao Yuxuan knew that her mother would definitely have something to say to her, so it was naturally not suitable to go out at this time. Moreover, the kind of strange look that came out of Ji Feng's eyes, she naturally saw it, and although she also had some impulses in her heart, she eventually calmed down.

Ji Feng heatedly smiled and said, “It's okay if you don't go, but .....”

Xiao Yuxuan gave him a flirtatious look and could only jerk forward and kissed Ji Feng on the face with her red lips, charmingly saying, “That's okay, right? Little rascal, all day long you don't want anything good!”

Ji Feng laughed heatedly, “That's not because you're too charming?”

“Hurry up and go, don't make them wait!” Xiao Yuxuan tenderly tidied up Ji Feng's clothes and gave him another kiss on the cheek.

Ji Feng was greatly satisfied, and his heart was even hotter. If he wasn't in Xiao Yuxuan's house right now, he was afraid that he really wouldn't be able to resist.

When Xiao Yuxuan was dropped off at the door, Ji Feng let her go back. There weren't many taxis in the villa area, but Ji Feng was still lucky enough to get a car just after he left the villa gate and went straight to the location Ji Shaolei said.

The Four Seas Club, this was the location that Ji Shaolei had agreed upon.

When Ji Feng arrived, there was already a man in a suit waiting at the entrance of the clubhouse, and when he saw Ji Feng, this man immediately went up and asked, “Excuse me, are you Mr. Ji?”

Ji Feng nodded slightly, “It's me.”

“Please follow me!” The man led Ji Feng straight up to the first floor and came to the door of a private room, “Mr. Ji and his friend are waiting for you.”

“Many thanks.” Ji Feng smiled faintly.

When he entered the box, Ji Shaolei immediately smiled and said, "Third son, here you are."

Duan Peng was also there and he smiled faintly towards Ji Feng as a greeting.

Ji Feng wasn't polite, he sat down directly next to Ji Shaolei and asked straight to the point: "Second brother, what is the matter with calling me here in such a hurry? If it's just a casual conversation, I'll leave, there's a wife waiting at home!"

"You brat!" Ji Shaolei laughed and said, "Drink first, we'll talk while we drink."

Ji Feng gave him a puzzled look and finally nodded, no matter what Ji Shaolei was going to say, he believed that things should not be bad for him, otherwise, Ji Shaolei would never bring himself into this.

Besides, Duan Peng had given Xiao Yuxuan a sports car right out of the gate, so just because of this face, Ji Feng had to stay and listen to what exactly they were looking for from him.

The table was already full of dishes, only that Ji Feng had already eaten before, and now he simply ate a few bites of the next dishes before lifting his glass and having a few drinks with Ji Shaolei and Duan Peng.

"San'er, actually, I called you here because there's something I need your help with." After a few glasses of wine, Ji Shaolei finally started to talk about the main topic.

Ji Feng put down his glass of wine and listened quietly. He was puzzled in his mind, with Ji Shaolei's energy in Jiangzhou, how should he be the one to seek his business, what could he have to do now that he was looking for him?

Ji Shaolei said, "Before we talk about things, I still have a question that I want to ask you to confirm."

Ji Feng couldn't help but shake his head and smile, "Second brother, when did you become such a mother-in-law too? This is not like you!"

"Brat, how are you talking to me!" Ji Shaolei cursed with a laugh and then asked, "Third son, I heard from Little Uncle earlier that you seem to have good kung fu skills?"

"Sort of know a bit of kung fu!" Ji Feng was slightly stunned and then nodded, "Second brother, just say what you have to say."

"It's like this." Ji Shaolei lifted his glass of wine and took a sip before saying, "This is Duan Peng, you guys already know each other. However, the introduction was not too clear before because there were outsiders around."

He paused and continued, "Duan Peng and I are hairy kids, we used to live in the same compound when we were in Yanjing, and we have a very iron relationship."

Ji Feng nodded slightly and did not interrupt.

"But then, something happened to Duan Peng's family, so he later left the compound and made his way down over the years, before he created a career." Ji Shaolei said, "He came to Jiangzhou this time, actually to attend a party."

"A party?" Ji Feng was even more puzzled, what did this have to do with himself?

“Let me tell you this, this party was actually also initiated by a guy in the compound at the beginning, saying that those people who grew up together in the past, get together together, a sort of gathering in this small circle.” Ji Shaolei said, “On the surface it looks like this is nothing, however, this initiator, and Duan Peng a little bit of trouble, well ..... not only with him, with our family also a little bit of trouble. Moreover, he should be upset to initiate this party.”

“You want to make trouble at the party?” Ji Feng asked.

“Brat, is your second brother that unpleasant?” Ji Shaolei cried and laughed, he couldn’t help but wonder, is this the image he has in San’er’s mind?

“Then are you planning to .....?” Ji Feng asked suspiciously.

“Whatever that promoter intends to do, we are not afraid of him, but there is one thing, he is from the army, and he is from the special forces!” Ji Shaolei said.

“He can use martial arts? It can’t be? Aren’t all gatherings svelte?” Ji Feng asked in amazement.

“Hey, what do people in this circle compare when they gather? Power is naturally not compared, that’s something for the older generation, apart from power, it’s wealth and force, in fact, to say the least, it’s also called face!” Ji Shaolei brushed aside his mouth, looking disdainful, obviously uncomfortable with those gentry’s parties.

#### Chapter 187

“Originally, I didn’t intend to attend because I thought it was unnecessary to attend that kind of party, except that Duan Peng was compelled to attend because he had business dealings with many of them. Moreover, this person who started the party is also somewhat related to you.” Ji Shaolei said.

“Related to me?” Ji Feng was stunned, “What kind of relationship?”

“Do you still remember what happened a month ago?” Ji Shaolei suddenly asked.

What happened a month ago?

Ji Feng was stunned, and his brain, which had been somewhat drunk and chaotic, suddenly became sober, and he thought of something: “Second brother, are you talking about that divine doctor thing?”

The first time Ji Feng visited Second Uncle’s house, he met an impostor divine doctor, moreover, Ji Shaolei’s car had been tampered with, later, according to Young Uncle, it was not a big deal, so he didn’t think much about it, but now it looked like, I’m afraid things were really not as simple as he thought.

“It’s that thing!” A cold light flashed in Ji Shaolei’s eyes as he said, “The promoter of this party has something to do with that incident!”

Ji Feng’s face sank on the spot, the loved ones around him were his scales of rebellion. No matter who it was, as long as they dared to deal with his loved ones, he would fight for his life with the other party!

“I’ll go!” Ji Feng said decisively, “I want to see who it is that has such a three heads and six arms, how dare they be so reckless!”

Ji Shaolei laughed, "Actually, it's not as serious as you think, didn't little uncle say last time that it was a minor matter. But I've always thought that when elders say it's a minor matter, it's probably because they're not comfortable speaking up, or they're not good enough to do anything because they're in some people's way. However, we are different."

Ji Feng nodded in deep understanding, the older generation was not good at saying anything because they were in the way, but they, the younger generation, could not just ignore it, and perhaps, the elders in the family would even be happy to see it.

"When will the party start?" Ji Feng asked.

"It's at the end of this month, in Jiangzhou." Ji Shaolei said, "Calling you here now is just to inform you in advance so that you can be mentally prepared, and I will call on you when the time comes!"

Ji Feng then nodded slightly, but in his heart he was a little puzzled.

He could tell that Ji Shaolei's words seemed to be incomplete, as if there were some things he had not said, was it because Duan Peng was here so it was inconvenient to say, or was it for some other reason?

Also, the initiator of the party, since it was related to that divine doctor incident a month ago, then why did he still dare to come to Jiangzhou? One should know that in the whole of China, there were not many people who dared to deal with the Ji family so recklessly. Could it be that the other party was really that big?

Ji Feng decided that he had to find an opportunity to ask for clarification before the party started, he couldn't just be so confused.

However, it was obviously inappropriate to ask further questions now. Since Ji Shaolei had some scruples and did not make it clear, it meant that it was inconvenient, so it seemed that he could only ask when no outsiders were around.

Ji Feng was pondering when he heard Ji Shaolei laugh: "Let's not talk about these things, come on, drink!"

Duan Peng also followed and laughed: "That's right, the boat will naturally straighten out when it reaches the bridge, let's drink."

"I can't drink more!" Ji Feng shook his head slightly, he had drunk a lot with Xiao Changhe and the others before, and that was still white wine. And now it was red wine, two kinds of wine mixed together, making Ji Feng more or less uncomfortable.

"Really don't drink it? This is Lafite, more than twenty thousand a bottle, it would be a waste not to drink it!" Ji Shaolei laughed, "Drink less, figure out the atmosphere!"

Ji Feng shook his head and smiled, and could only pick up his glass and drank a few with the two of them.

However, for this red wine, Ji Feng was really not half talented, after drinking it for half a day, he really could not drink other than spicy and a strange taste. The Chinese white wine, on the other hand, if you taste it carefully, apart from the spicy taste, it is more of a mellow aroma that gives a long aftertaste.

I really don't understand why so many people like to drink red wine, but also have to what eight or nine years of Lafite, and what Louis dozen, Ji Feng has heard a lot, but really do not like those.

The first thing you need to do is to get a good idea of what you are getting into.

He frowned slightly, this dizzy feeling made him dislike it, although the atmosphere was nice, however, Ji Feng remembered very clearly what the intelligent brain had said: as a qualified agent, you should always stay awake, because you don't know when the other side will find out your identity, so you should always be ready to run away.

Right now, Ji Feng was in a state where he clearly did not do this. Almost subconsciously, sitting on the sofa, Ji Feng's legs were slightly coiled up, and he actually unknowingly made the second set of movements of bodybuilding gymnastics.

At the same time, bio-currents began to flow in his body, and the energy around him, too, rapidly surged towards him.

Everywhere the bio-current passed, Ji Feng only felt his body start to heat up, then his body sweat, and he gradually woke up.

A few moments later, Ji Feng's clothes were already soaked through and a strong smell of alcohol was emitted from his body.

However, Ji Feng himself noticed it, because after the bio-current had run through his body for two consecutive turns, he was surprisingly completely sober and no longer had any semblance of alcohol.

"Bio-current, it can even detoxify alcohol?" Ji Feng was surprised in his heart, and at the same time he was overjoyed, so that he didn't have to worry about getting drunk.

Just like that, Ji Feng was running the bio-current, constantly breaking down all the alcohol in his body and expelling it through his pores, while he and Ji Shaolei were constantly toasting with each other.

In his heart, he snickered badly, if he continued to drink like this, he would really be able to stay drunk for a thousand glasses, which was almost exactly the same as a martial arts master forcing the alcohol out of his body through his internal strength on TV or in the movies.

Sure enough, in just half an hour, Ji Shaolei and Duan Peng were a little shaky from drinking.

"I can't, if I keep drinking, I'll be down for the day." Duan Peng waved his hand, looked at Ji Feng and laughed, "Little Feng, you're a dishonest kid, just now you said you couldn't drink, now you're the one who's most sober."

Ji Feng laughed, "It's not that I can drink, it's that the two of you are so bad at drinking."

Ji Shaolei and Duan Peng looked at each other and were speechless at the same time. Three people had already drunk more than two bottles, and this was still considered poor drinking?

"Alright, I have to go to bed, I have a business deal to talk about tomorrow, you two hurry up and leave, don't affect me here!" Duan Peng harrumphed and waved his hand, shooing Ji Feng and Ji Shaolei out.

The clubhouse also had suites in addition to private rooms, so Duan Peng stayed here directly.

When they were kicked out by Duan Peng, Ji Feng did not feel a bit angry, especially Ji Feng, although he had only spent a couple of hours with Duan Peng, he understood some of Duan Peng's temper.

This person is very brash and not hypocritical, which can be seen from the drinking. Although he didn't know what Duan Peng was like when facing outsiders, at least, in front of Ji Feng and Ji Shaolei, he didn't make any pretence.

Such a person could easily win the goodwill of others.

When he walked out of the clubhouse, the cool breeze blew, and Ji Shaolei was instantly quite sober. Ji Feng, however, remained his usual self, he had already broken down the alcohol long ago and naturally did not feel anything.

"After drinking today, I won't go home, I'll take you back first!" Sitting in the car, Ji Shaolei said.

Ji Feng nodded, although both of them were not much drunk now, they were more drunk, if they went to Second Uncle's house at this time, they might have to be scolded.

"Second brother, that party you mentioned, what is it all about?" Without Duan Peng around anymore, Ji Feng asked directly.

"Humph! It's not just that some people are dishonest, not only do they want to deal with our Ji family, they also have their eyes on Duan Peng's property ..... really insatiable!" Ji Shaolei coldly snorted in disdain.

Seeing Ji Feng's puzzled gaze, Ji Shaolei explained, "Actually, this matter involves Eldest Uncle, so I can't say much about it."

"Involving my father?" Ji Feng was stunned, "What exactly is going on?"

Ji Shaolei deliberated for a moment and said, "The person who started the party is named Qiao Gakai ..... Let's put it this way, the other party in the marriage that the old man set up for the eldest uncle was Qiao Gakai's mother! Last time, it was also their mother and son who stirred things up, and this time is the same!"

"So that's how it is!" Ji Feng instantly understood, his younger uncle Ji Zhenping had once told him that the marriage that grandfather had set up for his father in the first place was the culprit that caused his mother and father to be separated for more than ten years.

"Duan Peng's family, like us, originally lived in the compound, only that, later on, his family's path fell and there was no one to succeed him in the system, so Duan Peng chose to go into business." Ji Shaolei said, "Because his elders used to have a good relationship with many old people, so everyone took care of their family, and Duan Peng grew up quickly."

"However, as the elders in Duan Peng's family gradually aged and he gradually lost his backers, the Qiao family took a fancy to the wealth and resources he held in his hands, and this gathering was actually an attempt to put pressure on Duan Peng."

Ji Shaolei said, "The Qiao family is getting more and more outrageous, last time they knew that Eldest Aunt had returned to the family, and I don't know if they had eaten the wrong medicine, but they even made a move against our family, Little Uncle wanted to give them a severe treatment, but he was

stopped by Grandpa. Alas, grandfather was looking at the face of that old comrade of the Qiao family who had died and couldn't bear to lay a hand on the Qiao family."

Ji Feng's face was completely gloomy, and after a long time, he asked gloomily, "Second brother, do you mean to say that Qiao Gakai's mother, to this day, is still very hostile towards my mother?"

"That should be the case, but I don't really know the exact inside story, if you want to know, you still need to ask Eldest Uncle." Ji Shaolei nodded slightly.

"Oh ....." Ji Feng laughed, he smiled brightly, "Good, how nice! Back then, it was because of Qiao Gakai's mother that my parents were separated for more than ten years, now, they want to rise again, new hatred and old hatred ah ..... some people, if you don't hit them hard, he won't know the pain!"

"San'er, you don't want to be reckless!" Ji Shaolei heard the icy coldness in Ji Feng's words and couldn't help but jump in fright.

"Oh, don't worry, I know the score." Ji Feng smiled faintly and suddenly asked, "By the way, you didn't ask me about my body skills before, you didn't have an intention, did you?"

"Of course not! That Qiao Gakai comes from the army and is very strong, when the time comes, if he wants to fall on our face in this regard, then there is not the slightest thing we can do. Besides, if children fight with each other, they can't sue the elders, right?" Ji Shaolei grunted, "Back then, my elder brother and I, both had suffered from him."

"Fighting ah .....", Ji Feng rubbed his chin and smiled heatedly, a cold glint in his eyes, "I like it the most!"

## Chapter 188

The fourth time, the fox is completely bursting at the seams.

I'm not sure if I'm going to be able to do this.

I'm not sure if I'm going to be able to do this.

.....

"Wise Brain, besides these sets of body building exercises I'm practicing, is there any kung fu for combat?" Having just returned to school, called Xiao Yuxuan to report her safety and had a phone call with Tong Lei, he went straight into his head.

"Kung fu for combat? What is the master referring to?" Seeing Ji Feng's gnashing of teeth, the wise brain was a little confused.

"Simply put, it means that I might have to fight someone, but I've hardly learned any kung fu for fighting apart from these two sets of body-building exercises." Ji Feng said, "That's why I'm asking you if there's any kung fu for fighting?"

"Master, didn't you already learn fighting before?" The intelligent brain asked in confusion.

“That’s not fighting, it’s obviously just kung fu for killing!” Ji Feng laughed bitterly. He had indeed learnt fighting, and had been beaten up by the black-faced instructor in the Super Agent Training System. Although he had eventually learnt fighting, he couldn’t use it in the upcoming party at the end of the month.

This was because according to Ji Shaolei’s intention, most of the people attending this party were some gentry, or some powerful and noble sons and daughters. There weren’t many experts among such people, so if someone pissed himself off at that time and accidentally got someone killed, it would be a big trouble.

The fighting kung fu taught by that instructor was really too ruthless, and Ji Feng had a deep understanding of this. For example, he was from the special forces. At that time, he misunderstood that he was bullying his mother, so he struck out with hatred, and if his mother hadn’t called him back in time, I’m afraid he would have crushed his throat.

Now Ji Feng is practicing his second set of body-building exercises, both in terms of strength and speed, and he is really afraid that he might accidentally kill someone!

Understanding Ji Feng’s meaning, the round body of the intelligent brain shook up and down a few times: “Master, according to the database, there is no such kung fu as master mentioned. It’s because the Wise Brain exists to turn the master into a super agent.”

“Then what should we do?” Ji Feng asked.

“According to the test of the intelligent brain, the reason why the master doesn’t dare to use fighting kung fu is simply because the master is not yet able to control his own power, skillfully, so what the master needs to do now is to learn to control his own power, especially for the control of bio-currents, and practice it.”

The intelligent brain carefully explained without the slightest impatience, of course, as an artificial intelligence system, it would not produce impatience, “For the way to control one’s own power, the system provides three options.”

“Oh?” Ji Feng’s eyes lit up, “Which three options?”

For the control of his own power, Ji Feng was indeed much worse, as he hadn’t really practiced power control carefully during this period of time when he was buried in practicing his second set of movements.

“First, the master can use the most fragile item and try to control it with various parts of his whole body. Secondly, by the system firing bio-currents, the master can also achieve the purpose of improving control proficiency under the stimulation of pain .....” Before the intelligent brain could finish its words, it was instantly interrupted by Ji Feng.

“The second method pass away!” Ji Feng jumped up and shouted as if his tail had been stepped on. Are you kidding me, stimulating the body with bio-current?

During the practice of the first set of body building exercises, Ji Feng had tasted that kind of taste countless times, it was simply not something humans could bear, he didn’t want to try it again.

The intelligent brain was interrupted without the slightest displeasure, but continued, "The third method, self-controlled bio-current, stimulates the muscles of the whole body."

"These three methods, which one is better?" Ji Feng asked.

"Because the second method was denied by the master, so the intelligent brain suggested that the master carry out the first and third methods at the same time, in this way, the master will not only be able to skillfully control his own strength, but also his own bio-current, which will be of great benefit to the master's future practice." The intelligent brain narrated.

"Self-controlling bio-current, the pain should be much less than the system to control it, right?" Ji Feng asked.

"Yes, master." The intelligent brain said.

Having received an affirmative answer, Ji Feng immediately gritted his teeth, "Okay, just do as you say! In order to teach the one surnamed Qiao a lesson, and to take a breath for my mother and retrieve some interest for the time being, isn't it just bio-current stimulation of the body? Fuck it!"

Next, the intelligent brain explained the operation essentials of the first and third methods, and Ji Feng listened incomparably attentively. This time, he was more engaged than ever.

Because he knew very well that this wasn't just for himself, but also for his mother.

Just because of Qiao Gakai's mother, he had separated his own parents for more than ten years, causing his mother to suffer from blank stares and the ridicule of others, and even made himself bear the insulting name of 'feral', now that he had the opportunity to teach his enemy a hard lesson, how could Ji Feng not be attentive?

"Fragile things ....." When he withdrew from his mind, Ji Feng began to think about it, according to the intelligent brain, using fragile and cautious things to practice with would work best.

This is indeed a good idea, just ..... what is the most fragile thing?

Suddenly, Ji Feng's eyes lit up and he thought of one thing – eggs!

Although eggs have a very solid structure, they are very fragile. If you use your whole body muscles to control the eggs, it must be difficult and the effect must be the best.

What's more, eggs were cheap and most common!

Thinking about it, Ji Feng immediately ran to the supermarket in the school and bought a packet of eggs and carefully carried it back under the strange gazes of others.

Ji Feng never cared about other people's gaze, not to mention, this was to take a breath for himself and his mother.

Finding a cardboard box in the dormitory, Ji Feng put all the eggs inside and casually picked one up.

"Use your muscles to control ....." Ji Feng held his chin and deliberated, "Just start practicing with your hands first."

He gently tossed the egg up and then reached out to catch it.

Pop!

The egg was caught accurately ..... and shattered.

Looking at the broken egg in his hand, as well as the egg white and yolk that covered his hand, Ji Feng laughed bitterly. He really could not skillfully control his strength, and, because he was worried about catching the egg and not being able to hold on to it, Ji Feng subconsciously made his hand harder and the egg just shattered.

Summing up, Ji Feng threw up an egg again, this time with less force.

Pop!

It still shattered.

Undaunted, Ji Feng continued to practice.

.....

All the way to the tenth egg, he could finally catch it successfully, and even if he threw it higher, it wouldn't be breaking.

Encouraged, Ji Feng started practicing with both hands at the same time.

.....

Time flew by, and in a flash, half a day passed leisurely.

Pop! Snap! Snap!

In the dormitory, Ji Feng kept throwing eggs overhead with both hands, while catching them in turn with both hands. Five eggs were constantly being thrown and caught.

With the power in his two hands, which he could already control skilfully, Ji Feng began to try to control them with his two arms, and then his two feet.

The strength of his feet was more difficult to control than his two hands, but Ji Feng practised with great dedication.

In the blink of an eye, another day had passed and Ji Feng stopped practicing because Tong Lei and Zhang Lei were about to arrive in Jiangzhou. Likewise, the three people in the dormitory, Du Shaofeng, were coming back.

And at this time, Ji Feng smiled bitterly.

The whole dormitory was filled with the characteristic fishy smell of eggs, which was so pungent. Earlier, Ji Feng had been practicing too much, and now that he had returned to his senses, he finally noticed the problem.

He hurriedly cleaned up and rinsed the floor with water, and then Ji Feng ran to the supermarket to buy disinfectant, which barely removed the strange smell.

After doing this, Tong Lei's phone call also came: "Ji Feng, we are downstairs now."

"I'll come down immediately!" Dropping these words, Ji Feng immediately ran out of the dormitory.

After not seeing her for a few days, Tong Lei was even more beautiful. A long black hair draped over her shoulders, pink casual shirt, blue jeans, called on wearing white trainers, with a crystal bracelet on her wrist, at this time, Tong Lei, can really be said to be a pavilion, simply a fairy from the nine heavens down to the earth as clear and beautiful, let people almost can not move away from the gaze.

When she saw Ji Feng, Tong Lei's beautiful eyes were filled with a sweet smile.

"I say, can you two look at me for a moment with nothing but each other in your eyes?" Zhang Lei stood beside the Audi, carrying two large bags in his hands and complained with a bitter look on his face, "I say, crazy, can you still have me as a brother in your eyes? Come and help me carry my stuff!"

"Brother, what are you talking about?" Tong Lei's pretty face reddened slightly and she glared at Zhang Lei.

Ji Feng was surprised and asked, "Lei Zi, what are the things you're carrying here?"

"It's all some local specialties, Lei Lei knows you like to eat them and had to bring them back." Zhang Lei hummed, "You're a good boy, you've been on vacation for a few days, you just know how to call your girlfriend, and you haven't called me one!"

"Two big men talking on the phone with nothing to do, is it meaty?" Ji Feng smiled, took the bag from Zhang Lei's hand and easily sent it upstairs.

Zhang Lei couldn't help but be dumbfounded when he looked at his relaxed appearance, "Those two bags can be a full fifty`60 pounds, where did he get that much strength?!"

The arrival of Tong Lei brought an almost unbroken smile to Ji Feng's face, and as long as they had time, the two of them got tired of being together, and their relationship was like glue and honey.

As for the three guys in the dormitory, they each had their own things to do. With them around, Ji Feng found it a bit inconvenient to practice gymnastics and control his strength, so he thought that he must find a house outside the school.

And when he was with Tong Lei, Ji Feng wanted to tell her several times about himself and Xiao Yuxuan, but when the words came to his mouth, he didn't know how to say it again. Because he didn't know how big a blow it would be to Tong Lei if he told her about it!

However, the heavens seemed to be particularly fond of playing with people, and without any mental preparation on Ji Feng's part, this day, he and Tong Lei were eating in the canteen when a delicate figure suddenly sat down next to them.

Surprisingly, it was Xiao Yuxuan!

Chapter 189

Seeing Xiao Yuxuan's delicate face with a hint of an imperceptible smile, Ji Feng's head was suddenly spinning.

It wasn't that Ji Feng hadn't thought about the possibility of the two women meeting, in fact, although United University was huge and there was more than one canteen, it was, after all, in the same university, so the possibility was still very high.

However, Ji Feng did not expect that this day would come so quickly.

Especially when Ji Feng saw the smirk on Xiao Yuxuan's pretty face, he immediately understood in his heart that Xiao Yuxuan must have done it on purpose. Because there weren't many people in the canteen right now, it was impossible for Xiao Yuxuan to not see Ji Feng and Tong Lei. If she wanted to avoid it, there were countless ways to do so, and there was no need to sit directly next to Ji Feng.

"What the hell does she want?" Ji Feng was puzzled. He was not worried about Xiao Yuxuan telling Tong Lei about her relationship with him, because Tong Lei would know about it sooner or later, paper could not cover fire, as long as the two continued to date, Tong Lei would definitely know about it, it was just a difference of sooner or later.

What worries Ji Feng is that Xiao Yuxuan should not be too direct in her words, otherwise, it will definitely cause incalculable harm to Tong Lei, which is definitely not what Ji Feng is willing to see.

However, he also knew that with Xiao Yuxuan's character, she should not do so. After all, Xiao Yuxuan had treated Wu Ling'er, who had once used her, with repeated softness, not to mention with Tong Lei.

For Tong Lei, Xiao Yuxuan always had a feeling of guilt in her heart, or rather, a feeling of indebtedness. Because Xiao Yuxuan always felt that she had taken away Tong Lei's boyfriend.

Under such circumstances, it was almost impossible for Xiao Yuxuan to do anything excessive. Since this was the case, what did she want to do now that she was sitting here? Ji Feng was puzzled.

Tong Lei, however, did not know that in this short moment, countless complicated thoughts flashed through Ji Feng's mind, and when she looked clearly at Xiao Yuxuan's face, she immediately said in surprise, "Teacher Xiao?!"

"Tong Lei, Ji Feng, we can meet again!" Xiao Yuxuan smiled sweetly.

"Yes, when I heard Ji Feng say earlier that Teacher Xiao was also in the United University, I thought of finding time to visit you, I didn't expect that we would meet under such circumstances!"

Tong Lei was very happy, Xiao Yuxuan had always given people the impression that she was flirtatious and had a gentle personality, in the past when she was in the second middle school in Mang Shi County, there were not many people who could have something in common with Tong Lei, Xiao Yuxuan was one of them, and the two got along very well. The two of them got along very well. Only later, after the college entrance examination, they lost Xiao Yuxuan's message, and now that they met unexpectedly, Tong Lei was naturally very happy.

A complicated look flashed in Xiao Yuxuan's eyes, seeing her, Tong Lei was so happy, making Xiao Yuxuan feel even more guilty, she untraceably glared at Ji Feng, the meaning seemed to be saying, it's all your fault, this stinky man, otherwise, she and I would definitely be a good pair of sisters.

In response to Xiao Yuxuan's gaze, Ji Feng could only choose to smile bitterly.

Soon, Xiao Yuxuan and Tong Lei forgot that there was still the presence of Ji Feng next to them, and the two women kept talking and laughing while eating, giggling and laughing happily from time to time.

Ji Feng also logically became the focal point of the entire canteen, with countless gazes falling on him.

The two of them, Tong Lei and Xiao Yuxuan, one of them was as clear and beautiful as if she was a fairy coming down from the sky, and the other was a devilish figure, and every knit and smile was full of charm and charming to the extreme.

Together, these two really attract the attention of countless people.

If one could have either of these women, it would definitely be something that one would be incomparably proud of, and no normal man would be able to resist the attraction of Tong Lei and Xiao Yuxuan.

However, because of this, Ji Feng, who was sitting next to the two women, became the focus of everyone's jealousy.

Many people secretly swore in their hearts that although this kid looked unattractive and had a dull head, how could he get to know these two big beauties? How could he even have the honour of sitting next to them? This was like a thunderstorm!

In fact, objectively speaking, Ji Feng had absolutely nothing to do with being unattractive and dull.

But who let him sit next to Tong Lei and Xiao Yuxuan?

In the eyes of the many other boys in the cafeteria, this brat sitting next to the two beauties, even if he was handsome, they would never admit it and would find countless flaws from Ji Feng's body in the shortest time and with the fastest speed to prove that he was definitely not as good as himself.

How could such a guy, who was neither excellent nor good-looking, be able to sit with those two stunning beauties? And by the looks of it, it seemed that they were still talking and laughing, which was really unjust in one's heart!

Ji Feng was the first to feel the substantial gazes around him, he was surprised to scan the surroundings and immediately saw the dissatisfaction in those boys' eyes, he couldn't help but secretly wonder, when he came to the United University, he never seemed to have offended these people, right? Even, during this period of time, he had been hiding in the dormitory, receiving training from the intelligent brain, so how could he have time to offend these people?

Naturally, Ji Feng did not know that he had already offended all these people just by sitting with Tong Lei and Xiao Yuxuan.

The two women, one beautiful and the other charming, are enough to make people's hearts flutter, but such a scarce resource, but this guy Ji Feng took up two of them, so how could he be popular?

Shaking his head slightly, Ji Feng, who really couldn't understand, could only withdraw his gaze and honestly lower his head to eat. Of course, he didn't forget to prick up his ears and eavesdrop on Tong Lei and Xiao Yuxuan's conversation.

Luckily, the two of them were just catching up and asking each other about each other.

When they found out that they were both in the Foreign Languages Department, they were both overjoyed, which meant that they would have a lot of free time together in the future and could see each other regularly. Tong Lei, who did not have many friends, seemed to cherish Xiao Yuxuan, whom she could talk to, and Xiao Yuxuan did the same.

After what happened to Wu Ling'er, Xiao Yuxuan became even more aware of how important a good friend really is.

The feelings between the two girls rose rapidly, but in just ten minutes, they actually thought of each other as sisters, which made Ji Feng extremely puzzled, was it really so easy for girls to befriend each other?

"Sister Yu Xuan, isn't there a staff canteen at school, why didn't you eat over there?" Tong Lei saw the food on Xiao Yuxuan's plate, which was all the simplest, and she couldn't help but ask in amazement.

United University even had several canteens because of the large number of students and the size of the university. And for the teaching staff, there were special canteens.

When it comes to the canteens in the universities, everyone's first impression must be that they are dirty and messy, with steamed buns like stones, rice like wheat bran, stir-fried vegetables in big pots, and boiled soup with 'flies'.

This is a common problem in almost every university canteen, and Union University is no exception. These impressions, however, are all directed at the students. In fact, the staff canteen at Union University is very good. There is a special stir-fry department and the chef's skills are not bad, and the food is also cheaper than outside.

Generally, students from wealthy families would also choose to eat in the staff canteen.

However, Xiao Yuxuan unexpectedly came to the general canteen, which made Tong Lei couldn't help but feel a little strange.

It was not only Tong Lei who was strange, but also Ji Feng. From the first time he saw Xiao Yuxuan just now, Ji Feng had doubts in his heart, but he didn't ask about it.

Xiao Yuxuan laughed: "Actually, it's the same wherever you eat, even if it's an outside restaurant, although the taste is better, but in reality, you can only say that you can't see the eye, if you let you see the process of those people cooking, you can't eat the same."

Tong Lei giggled at once and nodded, "That's right, maybe the restaurants outside are even dirtier than this, we just don't know it."

Ji Feng couldn't help but laugh dumbly, I'm afraid that there are not many clean ones in the catering business. He had heard a story before that those who generally sold spicy shabu-shabu in summer basically found it difficult to ensure the preservation quality of the spicy skewers in this hot summer, and most of them would spoil if they were not sold out that day.

In order not to let the customers have problems eating, many merchants will grind the anti-diarrhea medicine into powder and then mix it into the soup of the spicy shabu-shabu, so that the customers will

not have any adverse reactions like diarrhea after eating the spicy skewers. The food looks good and tastes good, but whether it's good for the body or not, the customers don't know.

As for other places like canteens and restaurants, they all have their own tricks, and there really aren't many places that want to find a clean place.

But these things Ji Feng will not talk to the two girls, otherwise, they will definitely not be able to eat, and then the blame will be put on his head again.

Amidst the complex gazes of envy and jealousy from the surrounding students, eating dinner, the three of them left the canteen together.

"Ji Feng, you still have something to do this afternoon, right?" Just after leaving the canteen door, Xiao Yuxuan suddenly asked.

Ji Feng was stunned, "Something?"

"Yes, if you have something to do, go and get busy, Lei Lei and I are going to have a good chat this afternoon, it's always bad for you to follow when we girls talk, right?" Xiao Yuxuan gave a meaningful glance at Ji Feng.

"Okay, fine!" Ji Feng nodded his head in bewilderment, somewhat unsure.

He couldn't help but secretly wonder in his heart, Yu Xuan wouldn't want to take this opportunity to tell Tong Lei about her and herself, right?

On second thought, Ji Feng thought it was unlikely, and thought that Xiao Yuxuan had her own ideas.

Since he couldn't understand it, Ji Feng stopped thinking about it, he believed that Xiao Yuxuan would definitely have a sense of proportion, and he was relieved.

He then hurried back to the dormitory, there was not much time left before the party that Qiao Gakai was going to start at the end of the month, he had to masterfully control his whole body as soon as possible, so that he could give Qiao Gakai a big 'surprise'!

## Chapter 190

Ji Feng felt that he had to go out and look for a house.

Just after he returned to the dormitory, Ji Feng heard a news that surprised him a little, Du Shaofeng was actually planning to move out too!

When Ji Feng came back, Han Zhong and Zhao Kai were persuading Du Shaofeng.

"Old Du, it's been less than two months since we all lived in the same dormitory, why are you so eager to move out?" Han Zhong asked in surprise.

"Yes Old Du, you're not thinking of moving out because you're keeping a woman outside, are you?" Zhao Kai still spoke with such sharpness that one could not help but laugh, "With your body, what kind of woman should you find to stand up to your trashing?"

Du Shaofeng, who was drinking water, almost didn't spit out a mouthful, he glared at both eyes, "Zhao Kai, can you have some good words in your mouth?"

Zhao Kai seriously pushed up his eyes, a look of unhurriedness: "I'm just saying that your words are not bad, this body of yours, I'm afraid that ordinary women can't bear it, right?"

Du Shaofeng was speechless at once, there really wasn't much to say to this stuffy guy.

Ji Feng couldn't help but secretly laugh as he listened next to him, he asked, "Old Du, why are you suddenly thinking of moving out?"

Du Shaofeng scratched his head and said, "There's really no reason, I just feel that it's inconvenient inside the dormitory, there's no place to practice during the week, and if this goes on, people become lazy."

Ji Feng couldn't help but nod in deep understanding and said, "That's true, there are indeed a lot of inconveniences in school, but can't you practice in the playground? The facilities inside the school are always better than outside, right?"

Du Shaofeng shook his head and said, "I can't use any of the facilities in the school, and I like to get up at dawn to practise my kung fu, so I'm sure I'll disturb you guys, so it's better to move out. Besides, I'll be back occasionally, so we can be together in class during the week."

"A quiet neighborhood ....." Ji Feng deliberated for a moment and suggested, "I think it is not necessary to go to such trouble, isn't there a park near here, you just need to rent a house near the park and you can go to the park in the morning to practice, that way it also What do you think?"

"Good idea!" Du Shaofeng immediately lit up, "There are quite a lot of people practising in the park in the morning, so it does not look conspicuous. If we were to practise in the school, unless we join some martial arts club, we would definitely be surrounded by people."

"I'm going to look for a house!" Du Shaofeng was a thundering personality, once he had decided, he immediately had to go and do it.

Zhao Kai laughed dumbly, "Old Du, where are you going to look for a house now? Are you going to ask one by one?"

Du Shaofeng was stunned, "What then?"

"Of course we use this!" Zhao Kai patted the computer on the table, "There are quite a few neighborhoods around here, there must be information on renting a room online."

Du Shaofeng instantly hemmed and hawed, "Why didn't I think of that!"

"Shit!"

Zhao Kai and Han Zhong rolled their eyes straight, "You silly big guy, it's strange that you can think of using a computer, in your head, is there anything else but martial arts training?"

Du Shaofeng wasn't annoyed, he just laughed heatedly, "In that case, the matter of helping me find a house will fall on you two!"

Since Du Shaofeng insisted on moving out, Han Zhong and Zhao Kai could only give their understanding and help find an apartment. The two of them were actually not used to living in a dormitory, and although it was lively to have several people together, there were many times when it was not very convenient. Now that Du Shaofeng was looking for a house, they couldn't help but mutter if they should also go live outside.

Moreover, the rules in the school dormitory are really more, what time the lights go out, high-powered electrical appliances cannot be used and so on and so forth, so they are also very uncomfortable. Especially the broken electric fan in the dormitory made them laugh bitterly.

In this hot city of Jiangzhou, a dormitory for four people, relying on just one electric fan was really not enough.

Neither Han Zhong nor Zhao Kai had ever suffered much before, so they were naturally very uncomfortable now.

Seeing the three of them gathered in front of the computer, looking at a piece of rental information, Ji Feng also could not help but be moved in his heart, the advice he gave to Du Shaofeng just now was also very suitable for himself ah.

In this city of steel and concrete, if you want to find a suitable place to practice your kung fu, apart from parks, I'm afraid you have to look for places like kung fu training rooms.

However, a place like a practice room was obviously not suitable for Ji Feng, especially because some of his practice methods were simply unbelievable, especially the second set of movements he was practising now, and when he was practising, Ji Feng could clearly feel the energy from the outside world pouring into his body like crazy.

If outsiders saw him practicing with his legs crossed, I'm afraid he would be thought to be practicing some kind of evil gong.

Ji Feng couldn't help but secretly keep an eye out, it seemed that he should also rent a house near the park.

In this way, when practicing gymnastics, he could be in the rented house and not be afraid of anyone finding out, while practicing strength control like before, he could go to the park, as it was a sport anyway, no one would pay special attention to him.

As for the martial arts societies in schools that Du Shaofeng mentioned, Ji Feng couldn't show any interest at all. In his impression, not to mention the martial arts societies in universities, even some of the martial arts masters that are often touted on TV are nothing more than fancy fists and legs.

For example, Ji Feng once heard a news story in which a so-called martial arts master, who was touted so highly on television, went to fight with a Thai master.

The result was that within two minutes of going on stage, the master was kicked several dozen times in the thigh by a Muay Thai fighter, breaking his thigh bone and leaving him unable to fight back.

Not only did he disgrace himself and get carried off, but he also disgraced the Chinese martial arts along with it.

Therefore, for such an organisation or event, Ji Feng didn't even want to hear about it, let alone attend it.

"If there are any suitable houses, keep an eye out for me as well." With a decision in mind, Ji Feng immediately said.

"You're moving out too?" Han Zhong and Zhao Kai couldn't help but stare, and then they laughed, "Well, you should move out, with such a beautiful girlfriend, no one wants to live in a dormitory!"

Looking at the ambiguous smiles on several people's faces, Ji Feng couldn't help but shake his head and smile, and didn't intend to explain. Besides, it was impossible to explain this, so it was better to let them misunderstand.

However, if Tong Lei really lived in it too .....

"Holy shit, what kind of house is this, made of gold?" Ji Feng was imagining the scene of living with Tong Lei when he suddenly heard Du Shaofeng let out a roar, "A single villa that costs more than 18 million? Are all these people crazy for money?"

"A villa?" Ji Feng's heart stirred and he couldn't help but ask with a smile, "What villa costs so much?"

"Here, this is it!" Du Shaofeng pointed at the computer screen with an indignant expression on his face.

Ji Feng walked over and looked at it carefully.

It turned out that what Du Shaofeng was talking about was a villa area not too far from the school. The six-hundred-square-metre detached villa, with three floors in total, had a beautiful environment, a semi-open-air swimming pool in the courtyard outside the villa, a separate garage and some other recreational facilities.

Ji Feng couldn't help but be interested, most of the surrounding areas of this detached villa were like this, moreover, it was located in the suburbs, usually very quiet, and there was a park nearby, as well as a small stadium that came with the villa area.

This villa area had only just been built not long ago, and this sale seemed to be posted not by an agency, but by a private person.

"This isn't bad!" Ji Feng said, "Given the property prices in Jiangzhou, a villa like this can't be considered very expensive anymore, right?"

"D, this is simply eating people's bones, if you go to the countryside to build such a house, it's only a few hundred thousand at most, right, here it's surprisingly more than ten million!" Du Shaofeng could be described as abhorrent to this house price.

Ji Feng smiled, this was the reality and no one was able to change it.

Moreover, it seemed that this neighborhood was still being developed now, so when two years passed, it was estimated that the price of the house would rise again.

Ji Feng was already secretly calculating if he should buy this villa. After all, according to the situation in Jiangzhou, this price was indeed not expensive.

He wrote down the contact information above the sale information and decided to discuss it with Xiao Yuxuan, after all, she was more familiar with Jiangzhou and could still give himself good advice.

When he thought of Xiao Yuxuan, Ji Feng's heart was suddenly startled, Xiao Yuxuan should still be with Tong Lei now, I wonder what the two of them are talking about during this time!

The moment he thought of Xiao Yuxuan and Tong Lei talking as if they were close sisters, Ji Feng felt all squirmy, as if he was like a great sinner with ten evils.

The two most beautiful women, to be able to have one of them, is already a great happiness, but he, himself, greedily wants to have both at the same time, is this not a sin?

Ji Feng couldn't help but let out a soft sigh, thought about it, and still didn't contact Xiao Yuxuan. At least, now she was with Tong Lei, so if she only contacted Xiao Yuxuan, she didn't know what Tong Lei would think.

What a sin!

Ji Feng couldn't help but scratch his head, how exactly should this matter be resolved?

"Forget it, let's contact the owner of the villa first, get a clear picture of the situation first, and then discuss it with Yu Xuan!" Ji Feng deliberated secretly, then he went out of the dormitory and dialed the contact information left online.

Soon, Ji Feng figured out where the owner of the villa came from. According to his own introduction, the owner of the villa, surnamed Li, spoke with a Yanjing accent and was said to be thinking of selling the villa because he was going to emigrate to the US to be with his daughter.

Because the sale was privately posted, there was no intermediary fee or anything like that, as long as the taxes were paid and the formalities completed at the time of the transfer, the title could be transferred to Ji Feng's name.

"Mr. Li, I still need to discuss this with my family, I'll contact you later!" Ji Feng politely hung up the phone and secretly pondered.

Eighteen million was perfectly fine for him to take, after all, he could still have over forty million on him now. However, whether he should buy the villa or not, Ji Feng had not yet made up his mind completely.
