

Campus Master 1821

Chapter 1821

It is a very typical rice country house, a small two-storey, fence-walled, timber-framed house in a beautiful setting with easy access. The most important thing is that it is very remote, but the house is fully equipped with all kinds of equipment.

“Mr. Ji, there are two rooms upstairs here, and below is the basement, where the weapons are.” Li Guoliang said, “In addition, this pickup truck at the door, is also modified, although the speed is certainly not as fast as the car, but in all around added special bumpers and ground counterweight, even if encounter vehicle interception, can also directly crash through .....”

Li Guoliang pointed out the various facilities in the house to Ji Feng one by one, and finally he said, “Mr. Ji, you guys settle down here first, do you think it’s okay?”

Ji Feng nodded and smiled, “Not bad. However, there’s no need to settle down, coming here is only a temporary landing, things outside will be settled soon!”

Just kidding, Ji Feng came to Rice to help his sister-in-law solve her troubles, not to come here to mingle with life, naturally, he would not be like those who first arrived and got into trouble, they would have to hide for a while, take shelter, wait for the outside to calm down, then come out again and carefully mingle with the world ....., kind of life, not half related to Ji Feng.

At the moment Ji Feng will follow Li Guoliang to this place for one reason only, they have to come here to take a slight break, change cars, and then spy on the news for the next action.

No matter how chaotic the situation was, problems always had to be solved, there was no doubt about that.

Ji Feng had never been the kind of person who liked to retreat and hide either!

“You guys rest here first, I’ll go get some food!” Li Guoliang said.

After Li Guoliang went out, only Ji Feng and Bai Spider were left in the house. Ji Feng sat on the sofa in the living room and first talked to his second brother on the phone and learned that Xiao Gu and the others were safe, so Ji Feng was relieved, as long as Xiao Gu and the others were safe and sound, he could let go of them.

“Ji Shao .....” At some point, the white spider came to Ji Feng’s side, seemingly wanting to say something, but opened his mouth but wanted to stop.

“What, want to leave now?” Ji Feng asked.

Swish!

Bai Spider’s face changed, her fingers trembled and she said in panic: “Young Ji, are you really going to kick me out?”

Ji Feng was instantly amused, “I’m kicking you out?”

White Spider lowered her head and didn’t say anything.

Ji Feng shook his head and said, "Last night, you were the one who said you wanted to leave, right? If you want to leave now, it's fine, wait for Guoliang to come back and let him arrange to send you to the airport ....."

"Young Ji!"

White Spider hurriedly said, "I didn't mean that, I ..... I was wrong."

"You were wrong?" Ji Feng looked at her in amazement, "I didn't hear you wrong, did I? White spider, you said you were wrong?"

"Young Ji, don't be angry, I know I'm wrong!" Bai Spider looked a little frightened, she knew Ji Feng's character, in the past Ji Feng had never spoken to her in this tone, obviously Ji Feng was still angry now.

Ji Feng shook his head and didn't say anything.

"Young Ji, I really know I'm wrong." Bai Spider's pretty face was red and she looked embarrassed, yet there was still a touch of panic in her eyes, once Ji Feng really got angry, she didn't know what to do.

"Then you tell me, what is your fault?" Ji Feng asked as he looked at her in a good-natured manner.

"I shouldn't have said anything about leaving .....", Bai Spider lowered her head, embarrassed and guilty, with mixed feelings.

"Sigh ....."

Ji Feng sighed lightly, shook his head and said, "White Spider, you've been following me for almost two years, right?"

White Spider said softly, "Well, it's been more than a year."

"Yes, more than a year, you remember it really well." Ji Feng said, "White Spider, do you know why I'm angry?"

"Know, know." White Spider gently nodded her head.

"Although you were doing the job of a bodyguard by my side, I never treated you as a bodyguard, I always treated you as a family member, even the time you spent by my side was probably longer than the time Yu Xuan and Lei Lei were with me, I felt that you were the one in this family."

Ji Feng shook his head and said, "Actually, I really don't care about how capable you are, if I'm just looking for bodyguards to block bullets for me, I can get a dozen or twenty of them at any time, wouldn't that many people be more useful than you?"

White Spider lowered her head, not daring to answer the question.

"I've been carrying you with me because I've gotten used to you following me around, because I can trust you completely and don't have to worry about being betrayed by you in a time of crisis, or you leaving me alone to escape. Originally, I thought that you should feel the same way, but ....."

"Ji Shao ....."

White Spider's heart trembled as she heard these words, she couldn't help but have a sour nose and some warmth in her beautiful eyes.

"But how did you do it?" Ji Feng asked, "Because of a little problem, you have to beat a retreat and have to go back to the army?"

"Could it be that this family really can't keep you?" Ji Feng turned his head and looked at Bai Spider, staring into those beautiful eyes of hers, and asked.

Bai Spider, however, was already in tears and choked up, unable to speak, she could only desperately shake her head, her delicate body was even trembling slightly.

"I'm angry, not because you were afraid and made the rice police helicopter stop me and let the king escape, or because you didn't stand up for yourself in a critical situation, but chose to hide ....." Ji Feng shook his head and sighed softly. "What I'm most angry about is that you, at this time, offered to go back to the army."

This is what Ji Feng was most angry about, although there had been unpleasantness between him and the white spider, but that was all in the past. Even between close siblings and husbands and wives, conflicts would often occur, not to mention between him and Bai Spider.

Later, as Bai Spider gradually adapted to life at home, his relationship with Bai Spider warmed up rapidly, and now Ji Feng had long since gotten used to having Bai Spider with him wherever he went, and he likewise genuinely treated Bai Spider like a family member.

He even rushed to the front every time he encountered danger, which Ji Feng might not have done if he had been followed by other bodyguards.

It was because he had to think about his own family.

It was because he treated Bai Spider as his own family that he would not let her take risks in times of danger, but unfortunately, Bai Spider did not seem to stay with this family.

Although it was also clear to Ji Feng that Bai Spider had proposed that she wanted to return to the army at that time, perhaps because she herself felt that she had not done her duty as a bodyguard during the machine gun fire on the helicopter, and instead of choosing to brave to death, she had chosen to hide, so she did not deserve to be a bodyguard and did not have the face to stay by Ji Feng's side any longer.

Ji Feng could understand this kind of thinking of hers, which was similar to what Li Guoliang was thinking at that time.

However, if Bai Spider really thought of her as part of this family, she wouldn't have such thoughts, so Ji Feng felt that in fact, subconsciously, Bai Spider still didn't really integrate into this family, and she still saw herself as an outsider.

Since this was the case, then Ji Feng had nothing more to say.

If you can't exchange your heart for your heart, Ji Feng feels that it doesn't make any difference if you want this bodyguard or not, or if you follow around a bodyguard of any kind, just to be used as an assistant, after all, if we talk about strength, there are really not many bodyguards that can be stronger than his.

The tears in her eyes were constantly falling, and every word of Ji Feng's words made her heart feel unbearable.

Ji Feng sighed again and said, "Then I thought about it, maybe having you follow me around all the time is really condescending to your skills, or maybe you don't like this kind of life yourself, or maybe there's really nothing in this home for you to stay ....."

"No!"

White spider choked up and instantly jumped into Ji Feng's arms, exclaiming, "Ji Shao, it's not like that!"

Ji Feng froze, he didn't react for a moment, but this embrace full of warm fragrance and soft jade, as well as the faint fragrance of a woman's body on Bai Spider's body, was filling his nostrils.

"So what, white spider, you're ....."

"Ji Shao ....."

"Hmm?"

"I like you!"

"Hmm ..... eh?" Ji Feng instantly reacted, he held White Spider's shoulders and looked at her, "White Spider, what did you just say?"

Bai Spider's originally white and smooth pretty face was now covered with tear marks and a hint of red, but she said with unusual determination, "Young Ji, I said, I like you! I want to tell you that I don't disregard you as family, I like you!"

As a black widow, White Spider had never been the type to squirm and squirm.

It was just because the recent years, the things that White Spider had experienced were so many and had changed so much that she had to be cautious. Moreover, later on, following Ji Feng's side was very safe and warm, which made White Spider enjoy this life and she liked following Ji Feng.

However, now, because of Ji Feng's words, it made Bai Spider's heart sad and aggrieved, thus, these words were what made the bold and somewhat wild Black Widow come back, only, at this moment, the Black Widow was not as venomous as before.

Rather than being misunderstood by Ji Feng, the White Spider preferred to express what was really in her heart!

When he heard White Spider's loud proclamation, Ji Feng was not much shocked, he just held his hands on White Spider's shoulders, looked into her beautiful eyes and asked, "White Spider, do you know what you are saying?"

"Yes!"

White Spider, however, said with unusual determination, "I just like you, it's not like I'm in front of Yu Xuan and Lei Lei, I have nothing to hide. The reason I want to go back to the army is not because I don't see you as family, but because I like you, but I often become a burden to you when I'm around you, that's why I want to leave you ....."

## Chapter 1822

I like you!

This was Bai Spider's loudest declaration.

Ji Feng looked at Bai Spider's pretty face that was covered with tear marks, as well as those red beautiful eyes, and didn't know what he felt in his heart.

Especially when White Spider shouted these words, the determined look in her beautiful eyes and the feeling as if she was relieved, made Ji Feng's heart sore and he didn't know what to say.

There was no doubt that these words should have been like a big stone weighing down on Bai Spider's heart, perhaps even giving her a feeling of torment, otherwise, why would she have felt a sense of relief?

Ji Feng reached out his hand and wiped away the tears on Bai Spider's face, he couldn't help but let out a soft sigh, "I'm sorry, my words just now were a bit heavy, don't take it to heart."

Bai Spider shook her head vigorously and said, "No, I won't! Because I know that the more I care about a person, the more I will get angry."

Ji Feng couldn't help but lose his smile, "You're good at comforting yourself."

Bai Spider, however, did not laugh, she just pursed her lips, and her beautiful eyes stared straight at Ji Feng.

"Why are you looking at me like that?" Ji Feng asked in surprise.

"You haven't responded to me!" White Spider stared into Ji Feng's eyes and asked, "Young Ji, I like you, do you like me?"

Ji Feng wiped her reddened eyes and said, "Get up and go wash your face, originally such a beautiful beauty, but I made her face blossom from crying, I'm really guilty ....."

"Ji Shao, crying over your face is a sin, what if you broke your heart?!" White Spider asked.

"Go wash your face first!" Ji Feng laughed.

Bai Spider, however, didn't move a muscle, just stared into Ji Feng's eyes and said, "Young Ji, you don't need to change the subject, you haven't answered me yet, do you like me? If you just avoid answering, then I'll be sad, and then your sin will be even greater!"

Ji Feng couldn't help but have a bit of a headache as he said, "White spider, how come I didn't know you could still come up with this before? Originally, you were quite serene in character ....."

"That was after following you." The white spider said.

"....." Ji Feng could only laugh bitterly.

Only then did he remember that indeed, White Spider didn't have this personality before.

Ji Feng's mind couldn't help but conjure up a scene from the time he met Bai Spider until now.

When he first met White Spider, or to be precise, when he first met her, she was still a beautiful and fashionable city girl wearing a tight leather suit and driving a sports car, at that time, Ji Feng also encountered an attack by a reformer, but it was inseparable from White Spider.

The only thing is, that time the white spider was more resourceful, she saw that things were not right and drove away in advance.

Later on, she met a new beautiful teacher at the school. Of course, it goes without saying that this beautiful teacher was naturally the White Spider, who came into the school and wanted to disadvantage herself and Xiao Yuxuan.

What happened further on was full of drama, originally it was the White Spider who wanted him dead, but then he saved her when a biological bomb was implanted in her body and Ji Feng helped her remove it .....

The company's main business is to provide a wide range of products and services to the public.

However, because White Spider was still in contact with Xiang Yongzhan, Ji Feng could only give up this plan, and since then, White Spider has been with him.

Before that, they had conflicts, and Bai Spider and Xiao Yuxuan had clashes, but more than that, they still had that feeling of trusting each other when they were together, and although it couldn't be said that it was hard to part with them, at least everyone had gotten used to this kind of time together.

It is also this kind of day and night together that has made Ji Feng almost forget what White Spider used to be like.

She was the famous Black Widow!

In the assassin world, she was prestigious, and in Dynasty, she was once the head of Dynasty's Xixia branch as well .....

If she hadn't followed Ji Feng's side, I'm afraid that the current White Spider would still be a female fury, which would have been a female devil if she had been placed in ancient times.

If this is the case, what is so surprising about the white spider having such another side?

Ji Feng recalled the past, but his face could not help but bring a smile on his face, thinking about all the past, it was really very dear, also let him a few more sighs.

Who would have thought that the two people who were deadly rivals at the beginning could actually come to this point after just over a year or less than two years had passed?

"White Spider, if I say, I don't like you, is it true that you'll have to go back to the army?" Looking at Bai Spider's beautiful eyes staring at himself, Ji Feng asked with a smile.

"I'm your guard, unless you kick me out, I won't leave." White Spider said.

"Then why did you take the initiative to leave before?" Ji Feng asked teasingly.

Bai Spider's pretty face instantly burned, "Young Ji, are you still angry?"

Ji Feng waved his hand, "Just kidding!"

Now that he knew what was in Bai Spider's mind, how could Ji Feng still be angry. Besides, Bai Spider wanted to leave because she liked him and ended up not helping him when he was in danger, so Ji Feng would only feel doubly honoured, how could he be angry?

Besides, under such circumstances, what qualifications did he have to be angry?

A girl liked him so much, at this time, what else could he have to say?

"Young Ji, you haven't answered me yet!" The white spider reminded him.

"White Spider ....." Ji Feng couldn't help but shake his head and said, "I really don't have an answer to this question ....."

"You don't like me?" White Spider asked.

Ji Feng couldn't help but smile bitterly, the White Spider, who originally had a quiet personality and didn't say much, suddenly became so direct, making Ji Feng really not quite adapt.

"It's not that I don't like it." Ji Feng shook his head.

"Then it means you like it?" White Spider's beautiful eyes lit up as she asked.

Ji Feng's heart trembled as he looked at it and shook his head, "Bai Spider, you also know that I already have Yu Xuan and Tong Lei ....."

"Then you still have Xu Yuan!" Bai Spider said.

"....."

"And Qin Shujie!" Bai Spider said again.

Ji Feng laughed bitterly, "You know really well! Since you also know that I have so many women, that means I'm not a good person, right?"

Bai Spider, however, shook her head, "That's not what I meant, I mean, since you can accept Xu Yuan and Qin Shujie, why don't you accept me?"

"We'll talk about this later, okay?" Ji Feng said.

Bai Spider's pretty face reddened slightly as she shook her head vigorously, "I'm afraid that I won't have the courage to do this later."

She had managed to muster up enough courage to say what was in her heart, if Ji Feng hadn't misunderstood her and said something sad about her heart, she definitely wouldn't have had the courage to do so.

Because she was afraid that Ji Feng would reject her.

Bai Spider is very clear about her past, and if you look at the women around Ji Feng, they are either innocent and full of spirit like Tong Lei, or fashionable city girls like Xiao Yuxuan, charming and

intelligent, while Qin Shujie is the kind full of knowledge and mature charm, and even Xu Yuan is a stunning beauty.

She used to be an assassin and later became the head of a dynasty, her past was full of bloodshed, so she was suitable as a guard and bodyguard, but when it came to relationships, that was just a luxury.

White spider beautiful eyes once again slightly red: "Ji young, if we talk about it later, I may not dare to."

Ji Feng listened to the sourness in his heart, he couldn't help but say softly: "White spider, you don't have to be like this, in fact you are not worse than anyone else, in terms of beauty, you and Yu Xuan are on par, in terms of ability ..... you naturally have your strong points, and you are intelligent and willing to work hard, the vast majority of women are no match for you ....."

"If I say I don't like you, that's definitely a lie." Ji Feng said.

The white spider's beautiful eyes instantly lit up, and her pretty face couldn't help but show a touch of surprise.

"But, it's not good to let you follow me like this ....." Ji Feng shook his head.

Even after spending a long time together, there will be feelings, this is the so-called day-to-day love. What's more, Bai Spider was so outstanding, whether it was her looks, her hands, or the kind of energy she had, all so outstanding, how could Ji Feng not like her.

But the question is, if you let Bai Spider follow him like this now, what kind of name is it?

Was she a lover?

Or something else?

Although no one at home, whether it was Xiao Yuxuan or Tong Lei, treated Bai Spider as an outsider, or even as a bodyguard, but truly as family, yet, at least in the eyes of outsiders, Bai Spider was his bodyguard, which sounded like a servant or a subordinate.

Then, if Ji Feng took in Bai Spider, in the eyes of outsiders, wouldn't he think that Bai Spider was a tool he used to vent his lust?

This would be a huge disservice to the white spider, and Ji Feng would never allow outsiders to see the white spider in this way.

However, there was no way for Ji Feng to declare these issues.

Bai Spider was so intelligent that she understood approximately what Ji Feng meant just by seeing his expression, and she said firmly, "Young Ji, I'm not afraid of what others say!"

Ji Feng's finger slid across Bai Spider's pretty face and said softly, "Let's talk about this matter later, okay?"

Bai Spider shook her head, "Not good."

As soon as the words left her mouth, White Spider directly snuggled into Ji Feng's arms, while her body slightly tilted to the side, directly sitting across Ji Feng's lap, kneeling on the sofa and hooking her hands around Ji Feng's neck.

She softly said: "Then if I keep following you, will you keep not talking about this matter? Ji Shao, I don't have any relatives, only you, I want to follow you all the time, and I don't care what other people think of me, I will never live in the eyes of others, I just want you ....."

"Stop it."

Ji Feng was very upset by her words, a heart almost melted, he never thought that such straightforward words of white spider without any ornate rhetoric would actually have such a killing power, making his so firm heart, all become soft .....

### Chapter 1823

Time seemed to stop at this moment, as Bai Spider sat across Ji Feng's lap, a pair of arms hooked around Ji Feng's neck, with tear marks still on her face, and a pair of beautiful eyes staring straight at Ji Feng, without flinching.

Bai Spider seemed to be using this method to show her feelings for Ji Feng, or in her heart, she was also beating a drum straight, but she gathered all the courage in her body.

"White Spider, why are you suffering from this." Ji Feng couldn't help but shake his head, "You're following me so ....."

Ji Feng did not continue, but only shook his head with a bitter smile.

In fact, Ji Feng originally but also for the white spider considered the future, he originally intended to let the white spider follow him, wait a few years after his foundation is firmly established, at that time, if the white spider wants to stay, then Ji Feng is naturally welcome, if the white spider wants to leave, Ji Feng will not be forced.

The fact that he was once the head of the dynasty was no longer relevant, and even if he let her go, no one else could say anything, and there would be no comments from above.

The fact that White Spider had chosen to follow him in this way was something Ji Feng had not expected.

The white spider, however, did not hesitate to say, "Following you, I'm not bitter at all."

Hearing these words, Ji Feng's heart could not help but be filled with warmth.

Staring at the white spider, Ji Feng asked, "White spider, you must think carefully, if you follow me, you may ....."

White Spider, however, shook her head vigorously and interrupted him, "Young Ji, you don't have to say it, I won't regret it!"

"Really no regrets?" Ji Feng asked.

"I would only regret it if I didn't say it today!" White Spider bit her lips with her shell teeth and said firmly.

Ji Feng nodded, he hesitated for a moment and finally wrapped his arms around Bai Spider's soft waist, perhaps because he had been practicing aerobics for years, and because Bai Spider had insisted on practicing martial arts in the past, her waist was very elastic .....

"Boing."

When Bai Spider felt Ji Feng's action, her pretty face suddenly turned red, but she did not have the intention to retreat, instead, with a joyful look in her beautiful eyes, she leaned into Ji Feng's arms at once, at the same time, her unadorned red lips, but directly printed on Ji Feng's mouth.

Ji Feng was stunned for a moment, although he had several women, but there was really no one as active as the white spider.

Even Qin Shujie, who was as passionate as fire, would only become active when she was extremely emotional in bed, but in normal times, she was still very demure.

The fact that she had some experience in her early years made her carry some dusty air, but in fact Ji Feng knew that Xu Yuan was actually very passive about such things.

This is why the white spider took the initiative to offer a kiss, which made Ji Feng not react for a while.

The first thing you need to do is to follow your instincts, so after a brief moment of confusion, Ji Feng embraced the white spider and began to taste her special mouth.

The first thing is that although White Spider took the initiative, her movements were very rusty, she only knew that her small mouth was printed on Ji Feng's mouth and her lips were moving awkwardly, but other than that, she was not moving in any other way, obviously not knowing what to do.

Ji Feng couldn't help but be happy in his heart as he began to guide the white spider, making her open her mouth slightly and taste the tender and soft lilac tongue .....

"Buzz~~!"

Suddenly, a vibration came.

With a miso, the white spider violently broke away from Ji Feng's embrace and looked around warily.

Ji Feng couldn't help but shake his head and smile bitterly, "It's the vibration of the phone."

Bai Spider couldn't help but blush, lowering her head and not daring to look at Ji Feng, which made Ji Feng quite surprised, Bai Spider's current performance was a great difference from the kind of initiative she had just taken.

In fact, Ji Feng did not know that even for simple-minded girls, the thoughts in their hearts are not that easy to guess.

The reason why White Spider took the initiative just now was because of her strong nature, Ji Feng wrapped his arm around her waist which obviously meant that he accepted her, at this time, White Spider immediately became brave, that was also the action she took under the excitement of her mood.

But now that their relationship had been settled, Bai Spider immediately reverted to the shyness of a young daughter.

The first time a girl starts to make out with her lover, she will always be a little less than nice, and this has nothing to do with her status or personality, but of course, as for the kind of women who are slutty themselves, they are not.

These questions, Ji Feng could not understand for a while, nor did he have time to think about them in detail, when the mobile phone in his pocket came vibrating again.

“Buzz~~!”

“Ji, young Ji, there’s a phone call coming .....” Seeing Ji Feng sitting still, Bai Spider couldn’t help but speak out to remind, only she was still a little unnatural when she spoke, and her pretty face was even redder.

“I know!”

Ji Feng nodded, looking at this embarrassed and somewhat timid look of Bai Spider at the moment, he couldn’t help but feel pity in his heart. White Spider was right, if after today, she might really never have this courage to say what she really thought inside.

Although White Spider had once been a powerful figure in the assassin world, and had been the head of a dynasty, and had been ruthless in dealing with her enemies after she had followed her, in reality, her heart was full of loneliness and helplessness.

This can be seen from the huge contrast she has shown before and after this.

“Young Ji, here comes the call.” Seeing that Ji Feng didn’t make any movement, White Spider couldn’t help but remind him again.

“It’s okay, it’s okay to pick up later, if not I’ll call later just the same.” Ji Feng waved his hand and pointed upstairs again, “Go and wash your face, look what it has become .....”

Bai Spider instantly had a red face and hurriedly went upstairs with quick steps.

The white spider blushed and hurried upstairs, she found herself walking on two legs that were weak, her heart was pounding furiously, and she didn’t know if it was because she was shy or because she was nervous.

“Boom!”

When she arrived at the bathroom upstairs, White Spider closed the bathroom door behind her, and as she clung to the door, it was as if she had lost all her strength at once, her body was weak, and her body slowly slid down the bathroom door.

At this moment, the white spider could not help but breathe a little sharply, and the expression on that rosy face was very rich, one moment revealing an intoxicating smile, and the next a look of nostalgia and longing, but then this look was replaced by a gnashing of teeth and hatred..... could see how unsettled the white spider was at this moment.

“Am I dreaming?” The white spider couldn’t help but ask herself.

Thinking about what had just happened downstairs, Bai Spider’s head was still a bit cloudy up to now, as if she was dreaming, with an unreal feeling.

Did she really get together with Ji Shao?

White Spider secretly asked herself.

So, what did Ji Shao say? At that time, she did not know where she got the courage to say what she was really thinking, and after she said it, her mind was already blank.

The process at that time, maybe it was just a few minutes, or maybe it was ten minutes ..... White Spider can not quite remember clearly.

This makes the white spider can’t help but be even more embarrassed. She originally felt that what kind of scenes she had not seen, no matter what she encountered, she was always not confused on the spot.

But when she said those words, the white spider suddenly realized that she was really nervous, so much so that when she thinks back now, she still feels her heart beating rapidly, almost as if it was about to jump out of her mouth.

“I guess ..... it wasn’t a dream.”

When White Spider felt the faint smell of smoke on her lips and her nostrils seemed to be filled with the kind of masculine scent emanating from Ji Feng’s body, White Spider finally gave herself a definite answer that she was not dreaming.

She couldn’t help but touch her lips and blush even redder. Thinking about that clumsy look she had when she was kissing, Bai Spider was a little bitter.

Even if she hadn’t eaten pork, she had seen a pig run, not to mention kissing, even if it was a hotter scene she had seen before when she was on a mission, but how come she acted so stupid when this was spread on her own body!

Maybe ..... Ji Shao likes it this way?

The first time, the white spider’s mind was filled with all kinds of messy thoughts, messy even she did not know what she was thinking.

.....

The first thing you need to do is to take out your mobile phone and look at the caller ID, and you can’t help but frown.

This call was from Ji YuYi, Ji Feng was not surprised, but the question was, after he hung up on Ji YuYi last night, she had not called again, and it had taken so long between calls for Ji YuYi to call again, what did she have in mind?

Ji Feng deliberated for a moment, but his gaze was fixed on the phone on the table. He waited for a few seconds before the phone stopped vibrating and then he lit a cigarette and slowly smoked it.

Ji YuYi would call again.

Ji Feng concluded in his heart that Ji Yuqing had either found some evidence about the leak or was calling to clear up the fact that the Chuk Yuen Gang had nothing to do with the leak, but no matter which purpose she had in mind, the half night was enough for Ji Yuqing to find some evidence.

Therefore, Ji Feng concluded that Ji Yuqing would definitely call again, but of course, if Ji Yuqing did not take him seriously, or did not consider him as a person of equal status to be on an equal footing, then it would be another story.

“Buzz~~”

As expected, Ji Feng had not even finished smoking a cigarette when the phone on the table vibrated again .....

Chapter 1824

“Buzz~~!” Listening to the vibrating sound of that phone on the table, the corner of Ji Feng’s mouth couldn’t help but pull up a slight curve, Ji Yuhui was a smart person.

Ji Feng picked up the phone, he also wanted to hear what evidence Ji Yuhui had found to clear up the connection between the Chuk Yuen Gang and the leaked information, or what means did she have to defuse it?

After another moment’s pause, Ji Feng pressed the answer button, “This is Ji Feng, who is this?”

She couldn’t believe that Ji Feng didn’t know who she was calling, but he actually asked who it was, which was clearly putting up a fight, or rather, was deliberately trying to make her look bad.

When Ji Feng hung up on her last night, Ji YuYi had some anger in her heart. Now, when she heard that Ji Feng was still being so tyrannical, even if she admired him, the anger in her heart would inevitably increase.

Since there was fire in her heart, her tone of voice would naturally not be too gentle when she spoke.

So Ji YuYi just said indifferently, “Ji Feng, I’m Ji YuYi.”

“Oh, so it’s YuYi, what can I help you with?” Ji Feng smiled and asked. Only on his face, there was no trace of a half smile to be found.

“I dare not instruct you, Ji Feng, why do I hear such a harsh tone in your voice, there are thorns in your words!” Ji Yuhui’s voice was a little unpleasant.

“Is that so?” Ji Feng laughed.

Now Ji Feng could already conclude that the person who leaked the information must be someone from the Bamboo Alliance Gang, no matter how Ji Yuhui wanted to explain it or what kind of evidence she had found, Ji Feng would not doubt his judgment.

This was because of their previous friendship, otherwise, Ji Feng would not have answered her call and would have taken retaliatory action.

However, now, Ji Feng had even begun to doubt the friendship between him and Ji YuYi, or strictly speaking, he began to doubt whether Ji YuYi had not considered him a friend from the first time he met her, but just an object to be used?

If that was the case, then there was a good chance that this time when the information had leaked out, it was Ji Yuet-jen who was behind it.

“YuYi, tell me, you still dare to contact me in this situation, there must be some urgent matter, right?” Ji Feng asked with a smile.

The moment Ji YuYi heard Ji Feng’s not-so-hot and not-so-cold sarcasm, her anger instantly rose.

What do you mean by daring to contact him in this situation?

Ji Feng was clearly being sarcastic, thinking only of her own interests in everything. If not for something, I am afraid that the best she could hope for right now was to clear her relationship with Ji Feng as far as possible and avoid him as far as possible ..... Who was this talking about?

Of course, I know you have misunderstandings and grievances in your heart, but how can I not? You are not the only one in the world who feels aggrieved, can’t you hear me out first?”

She was still angry?

Ji Feng’s face instantly sank, his brows furrowed, and he said in a deep voice, “Fine then, you can say it.”

He wanted to hear what Ji YuYi was going to say.

The leak was clearly related to the Chuk Yuen Gang, but the fact that she, Ji Yujie, was still so righteous was an eye-opener for Ji Feng.

It seemed that this time, Ji Yuqing had really thought of a way to clear up the involvement of the Chuk Yuen Gang in the leak.

As expected, Ji Yuqing called to talk about the leak of the news that Ji Feng had killed the Yakuza and killed those gangsters.

I only heard Ji Yuhui say over the phone, “Ji Feng, I know you must still be angry about the leaked news right now, perhaps in your opinion, the news must have been leaked by someone from my Chuk Yuen Gang, right?”

Ji Feng smiled and did not say anything, he knew that Ji Yuhui must have more to say and he was in no hurry to speak.

Ji Yuhui also seemed to know that Ji Feng would not speak, so she continued, “Ji Feng, think carefully for a moment, let’s put aside our friendship for a moment, just analyse the matter on its own, think about it, the extermination of the Yamaguchi Group, we in the Chuk Yuen Gang are considered accomplices, if the news leaks out, what good will this do us? ”

“Of course, you may think that since our Chuk Yuen Gang and the Yakuza are deadly rivals to each other, even if the news leaks out, at most it will only attract more hatred and revenge from the Yakuza,

anyway, it doesn't matter if there are more lice than bites, as long as the Chuk Yuen Gang is not exterminated, right?"

Ji Yu-yi shook her head and said, "If you think so, then you must not know much about the power of the Kaitou Yakuza headquarters. Frankly speaking, although our Chuk Yuen Gang has developed for many years, it is still far from the Yakuza. If the Yakuza were to throw everything they have at retaliation, the Chuk Yuen Gang in New York alone wouldn't be able to resist."

"So in that case, if we deliberately leak the news, not only will we lose you as a friend, we will also attract fierce retaliation from the Yakuza, and end up with a chicken and egg situation, is that the ending we want?" Ji Yuhui asked, "Are we that brainless?"

Ji Feng nodded slightly, Ji Yuhui's words were not bad.

At least on the surface, her words made sense. If the Chuk Yuen Gang had no other plans, leaking the information would not do them much good, at most it would only confuse the situation in the New York underworld, and then the Chuk Yuen Gang would at best be able to fish in troubled waters.

But it would be more than worth it in terms of potential retaliation.

If Ji was smart enough, she would not have done such a stupid thing. Of course, this was only under normal circumstances, but Ji Feng didn't know if the Chuk Yuen Gang was getting benefits from somewhere else, and if the benefits were enough to betray her friends, that was also a normal thing to do.

"After talking about the Yamaguchi-gumi, then let's talk about the other gangs."

Ji YuYing said, "Ji Feng, remember, I asked you a few days ago if it was you who did it when those gang leaders were taken out, and had asked two or three times, but you never told me, so I was always in a state of speculation as well. Under such circumstances, do you think I would spread such news which even I myself do not confirm?"

"If the ripples caused by this news are favourable to the Chuk Yuen Gang, then it would be better to say something, but if the situation turns out to be very unfavourable to the Chuk Yuen Gang, then wouldn't this be lifting a stone to hit your own feet?" Ji YuYi asked, "Ji Feng, in your mind, I shouldn't be that stupid, right?"

Ji Feng nodded, of course Ji Yuhui was not stupid, on the contrary this woman was quite brilliant, but because of this, Ji Feng had to be on guard.

What's more, what she said was only her own analysis, whether it was credible or not was still up in the air, so Ji Feng naturally wouldn't trust anyone easily, especially under the current situation.

Even, if it wasn't for the fact that his phone is a confidential phone for the special forces of the Chinese military, Ji Feng would even wonder if Ji YuYi was deliberately telling herself so much and talking for so long, just to follow the phone signal to find out where she is now .....

Of course, this possibility only flashed through Ji Feng's mind before he dismissed it himself, it was too unlikely, or even arguably not.

“Having said all this, I actually just want to tell you, Ji Feng, the things you did, how exactly the news leaked out, I don’t know, but one thing is clear, and that is – the news was definitely not leaked out by people from the Chuk Yuen gang, and it has nothing to do with the Chuk Yuen gang at all.” said Ji Yueting in a very firm tone, and when she said the last sentence, Ji Yueting said it almost word for word, enough to show her tone and confidence.

“Oh?” Ji Feng raised an eyebrow, Ji Yuetian’s firm tone made him a little uncomfortable, was Ji Yuetian so sure that the people from the Chuk Yuen Gang would not leak the information? Or was she just trying to convince herself with this grand argument?

“I know you may still have doubts about my analysis, but I can tell you clearly that I cherish our friendship, and as soon as I found out that the information had leaked out, I immediately gathered all the brothers who were involved in the operation against the Yakuza, and conducted questioning and investigation one by one to confirm that there was no possibility that any of them had leaked out!” Ji Yuqing said.

“Then you really worked hard, so many people had to be questioned carefully, the workload was not small.” Ji Feng said indifferently.

Ji YuYi directly and automatically ignored Ji Feng’s faint mockery and said, “I have recorded all the questioning process at that time, if you don’t believe me, I can bring the video to you and you can watch it yourself.”

Ji Feng waved his hand and said, “I can’t spare the time now, and besides, I’m sure you must have questioned those people.”

Since Ji YuYi dared to show herself the video, it meant that Ji YuYi had really done so, which Ji Feng did not doubt, only that whether those people were telling the truth or not, or whether there were any other changes in between, could not be seen from the video, moreover, Ji Feng did not have that time to look at that now.

“If you are not convenient to come out, you can send someone to get it, or I can send someone directly to send it to you .....”

“I don’t think it’s necessary.”

Ji Feng interrupted her and said, “If you say those people are fine, then I’ll believe it for now, but I have one more question.”

Ji Yuhui immediately said, “Go ahead.”

Ji Feng asked, “I only have one question, did you really interrogate all the people who were involved in the operation that night?”

Chapter 1825

Ji Feng asked, “I only have one question, did you really interrogate all the people who were involved in the operation that night?”

Ji Yuetian nodded and said, “Of course, since I have to give you an account, I always have to interrogate all of them.”

It was to prevent Ji Feng from finding out anything from the video, so Ji Yuet had deliberately gathered all those brothers who followed her to meet Ji Feng that day and then questioned them one by one. If not, Ji Yuet would not have dared to boast in front of Ji Feng and say with such certainty that the leak had nothing to do with the Chuk Yuen Gang.

For this point, Ji Yuqing was still very confident.

Moreover, when questioning those brothers, Ji Yuet was extra attentive, as long as they lied, they would not be able to escape her eyes. In addition, Ji Yuqing had also arranged for someone to investigate the whereabouts of these brothers in the past few days to see if they had any contact with people outside.

In short, since they had to give Ji Feng an explanation, they had to do it in such a way that Ji Feng could not say anything.

Although the people sent out to investigate had not yet returned and the final results were not yet available, but Ji Yuhui believed in her own eyes and she could basically conclude that there was absolutely nothing wrong with these brothers just by asking them personally.

Therefore, Ji Yuhui said with great certainty, "Ji Feng, don't worry, I have asked all the brothers within my gang who know about you, and none of them have leaked any information, they are all good brothers in the gang and will not disobey my orders ....."

Ji Feng shook his head, those people are not good brothers Ji Feng did not care much, he just asked, "Are you sure?"

"Of course!" Ji Yuhui said.

"Did you question all the people who knew about me, or only those who participated in the operation that day?" Ji Feng asked.

"Of course it was those brothers who took part in the operation, I still know about you, do I still question myself?" Ji Yuhui said, "I can guarantee that ....."

But before she could finish her words, she was cut off by Ji Feng.

"You can't guarantee anything!" Ji Feng said indifferently, "If I'm not wrong, I'm afraid that not many of those people who participated in the operation know my name, right? If you had placed a gag order as we had agreed beforehand!"

Ji Yuhui choked for a moment, what Ji Feng said seemed ..... right.

Indeed, among those brethren she asked, many of them did not know Ji Feng's name, they just knew that Missy had a friend who was very powerful and had actually wiped out the Yamaguchi group!

But more information was something that almost no one knew.

"Even if those people know my name, but they don't know my relationship with the boss of the Weida Group, right? What's more, they don't know what I actually did to those gang bosses for." Ji Feng said indifferently.

“..... is right.” Ji YuYi spoke with some hesitation. Because she found that after Ji Feng said this, she seemed to realise that she seemed to have made a mistake.

“In that case, why would the outside world spread such detailed information? There is no need for me to repeat the news that has been spread, right? It is conceivable that this person who leaked the news not only knows who I am, but also has a clear understanding of the relationship between me and the Weida Group.” Ji Feng said indifferently, “YuYi, I wonder if you can give me an explanation?”

Ji YuYi could not help but be speechless.

“Then how do you dare to guarantee that the leak has nothing to do with the Chuk Yuen Gang when you merely questioned those people?” Ji Feng asked.

“.....” Sure enough, Ji Yuqing’s heart cried out as she could not answer.

After a moment, Ji Yuhui suddenly said sharply, “If we follow what you said, then it would be even more impossible for our Chuk Yuen Gang to leak the news, because apart from those brothers, there would be no one else who knows anything about you .....”

“Really?” Ji Feng asked. His voice was full of teasing and like a thick mockery.

Ji YuYi heard it harshly, but she didn’t retort because Ji YuYi also realized what was wrong, but for a moment she couldn’t figure out exactly what the problem was.

Ji Feng sneered, “YuYi, you’re not just trying to fool me with such a conclusion, are you? Do you think I’m stupid and easy to fall for, or are you really planning to go after me?”

“How can that be!” Ji Yueting said sharply, “I never thought you were a good liar! Besides, we are friends, how could I possibly lay a hand on you? Ji Feng, you don’t think that it’s because I’ve gotten some kind of advantage that you want to lead you to your death, do you?”

Ji Feng laughed lightly twice and didn’t answer her question.

Whether or not that was the intention, he couldn’t say, he would have to ask Ji Yuhui herself to know.

Ji Feng didn’t say anything, but Ji Yuhui was a little anxious, “Ji Feng, what’s wrong with you?”

Originally, before making the call, Ji YuHye was confident that since none of the brothers had leaked the information, it meant that the leak had nothing to do with the Chuk Yuen Gang.

However, Ji Yuqing had not expected that by the time she had finished her gushing analysis, Ji Feng had left her speechless with just a simple question.

Yes, even Ji Feng knew that it was impossible for those brothers who had participated in the operation to leak secrets, so what was the point of her interrogating those people?

In fact, Ji YuYi was naturally not so stupid that she could not have messed up just for this reason. What really made her panic was because she had some vague thoughts and speculations in her heart.

And it was obvious that Ji Feng seemed to have the same thoughts as he did.

Ji YuYi's mind was spinning rapidly when she heard Ji Feng's voice come through, "What else can I do? The news had leaked out, so naturally I was being chased like a dog in distress and could only hide everywhere, what else could I do?"

When Ji YuYing heard this, her heart immediately became anxious, "Ji Feng, come to the Bamboo Alliance Gang, if it really doesn't work, I will find a way to arrange for you to leave New York and return to China, no matter how powerful those gangs are, they can't find their way to China, right?"

"I appreciate your good intentions, but now I am the one who wants to talk to you about the matter of leaking information." Ji Feng said, "Originally, I didn't want to talk about it, but since your phone calls have come twice and twice, and you have analyzed it so much, then I would like to ask, after listening to my analysis, do you have anything you want to say?"

Ji YuYi's heart immediately tightened, Ji Feng was trying to hold on to this.

In fact, Ji Yuhui, who was vaguely uneasy in her heart, wanted to avoid this topic now, but she knew that if Ji Feng asked her now, it was likely to be her last chance. If she avoided answering, then her friendship with Ji Feng would come to an end, and she was afraid that there would be an immediate confrontation between Ji Feng and the Chuk Yuen Gang.

But if she had to answer .....

The first thing that happened to her was that she couldn't help but have some not-so-good feeling in her heart.

"I don't know what to say, I can only say that ..... my investigation was not rigorous enough and I didn't think that thoroughly beforehand." Ji Yuqing said.

"Investigating only those minions who participated in the operation is indeed not very well thought out, how much can the minions know about things?" Ji Feng said indifferently, "I really hope that you really didn't think it through thoroughly and didn't deliberately let the water out of your mouth."

"Of course I didn't let the water slip." Ji YuYi said immediately.

"Oh? In that case, then tell me, apart from those minions who took part in the operation, who else really knows the details?" Ji Feng's voice was unhurried, but it caused Ji Yuqing to feel a huge pressure.

It seemed that Ji Feng was going to personally find out the culprit who had leaked the information.

"There are quite a few others, my four bodyguards, they follow me around, they should be able to hear just a few words, there is also Ah Bo, and Ah De ..... there are two more big brothers down there, but they should not know too much, and I had already placed a gag order at that time." Ji Yuhui said.

Ji Feng said, "Then why not check them out?"

"Check who?" Ji Yuhui was stunned.

"Of course it's whoever knows the information, don't you want to give me an answer? I think that when you finish checking them out, only then can you be considered to give me an account, don't you think?" Ji Feng asked.

Ji YuYi was silent, at this moment she had clearly realized where the uneasiness in her heart was coming from, moreover, listening to Ji Feng's tone, I was afraid that he had already guessed who had actually leaked the information .....

The moment she thought of this, Ji YuYi could not help but feel a tightness in her heart.

Could it be that it was really done by one of our own?

Hearing the sometimes sharp and sometimes slow breathing coming from the phone, Ji Feng couldn't help but say indifferently, "For example, those two big brothers under your hand, are they disloyal to the Chuk Yuen Gang and want to drag it down with them? And then for example, that Ah Tak who is not too friendly to me, well, this person is a bit interesting ..... why don't you check them out?"

As soon as she heard that, Ji Yueting couldn't help but stutter in her heart.

Ade?!

Thinking of this name, Ji Yuhui's face instantly turned ugly, at this moment she finally understood why Ji Feng's attitude towards herself had changed so drastically when she knew that the news had leaked out.

I'm afraid that the moment Ji Feng first heard the news, he had already started to suspect Ah De!

"They ..... are all loyal to the Chuk Yuen Gang, and since I have placed a gag order, they won't leak the news ....., " said Ji Yu Ying.

"Do you believe this yourself?" Ji Feng asked.

Ji Yuhui was at a loss for words.

Ji Feng then couldn't help but sneer, just now when Ji Yuhui was speaking, that tone was already very hesitant, obviously she herself had realized what was going on, but still wanted to slyly argue, how could Ji Feng not sneer?

"As I see it, let's stop here today, or contact me again when you finally have the results." After Ji Feng finished speaking, he hung up the phone once again without waiting for Ji YuYi to speak.

"Beep beep beep ....."

Listening to the busy tone coming from the phone, Ji Yuhui was however silent.

Chapter 1826

"Beep beep beep ....."

Listening to the busy tone coming from the phone, Ji YuYi was silent.

This time, Ji YuYi did not think that Ji Feng was throwing her off because he took the initiative to hang up her phone, even though that was the case, and Ji YuYi was not in the mood to bother about that.

It was because, at the moment, Ji Yuqing's heart was already in a mess.

Although Ji Yuqing had listed several people who knew about the information but did not ask about it, in fact, Ji Yuqing herself knew very well that if the person who leaked the information was really in the Chuk Yuen Gang, then it must be among those few people.

As for the fact that her two bosses also knew about the information, this was only a pretext on her part. Although they all knew something about it, it was just a few words, the real news was not told to them by Ji Yuet-jen.

The four bodyguards were brought here directly from the island by her, and they did not really have any contact with the New York Bamboo Gang members.

However, the brothers of the New York Bamboo Gang would not come to the estate, and even if they did, it would be the two big brothers who would come, so there was basically no chance that the information would leak out from the mouths of the four bodyguards.

In this way, the two brothers and the four bodyguards under Ji Yu-yi were basically eliminated as suspects.

It was precisely because she had considered this point in advance that she had only summoned the brothers who had participated in the operation that day, but not the two elder brothers, nor the four bodyguards, before asking them.

However, if apart from those two elder brothers and her four bodyguards, then the only people left ..... would be Ji Yuqing herself, Ah Bo, and Ah Tak.

Of course, she knew that she herself must not have leaked the information, so that would only leave two people – Ah Bo and Ah Tak!

At this time, Ji YuYi suddenly remembered what Ji Feng said again – and then for example, that Ah De who is not too nice to me, well, this person is a bit interesting .....

“Ji Feng guessed it a long time ago!” Ji Yuhui could not help but be silent.

“It looks like Ji Feng must have analyzed the news the first time he knew about it, and no one on his side should have leaked the news.” Ji Yuqing secretly said.

Actually, when one thought about it, it made sense.

With Ji Feng’s composure and wisdom as a person, I’m afraid that his secrecy measures were better than anyone else’s, and he was also afraid that he knew best who to tell and who not to tell.

“No wonder Ji Feng changed his attitude towards himself immediately after receiving the news and became cold, and even hung up the phone straight away without even listening to anything more he had to say.”

Ji YuYi rubbed her beautiful eyebrows, and sighed secretly in her heart: “So, Ji Feng had already known about it, ridiculous, she thought that Ji Feng was just indiscriminately angry, or even that his second-rate temper had flared up and he couldn’t find anyone to blame, so she came to blame herself ..... If she were in her place, she definitely wouldn’t be able to do this A step, Ji Feng’s connotation is already good enough.”

Ji YuYi could know what kind of trouble Ji Feng was facing after the news leaked out.

Almost all the big gangs in the whole of New York had pointed their fingers at Ji Feng and the Weida Group, how powerful those gangs were, even a fool could figure it out.

If one were to face such a situation, one would definitely take out the leaker regardless before being retaliated by those big gangs!

If you wait until the retaliation of those big gangs comes to your head, then you want to retaliate against the leaker, it will be too late.

Instead, Ji Feng just gave himself a cold shoulder and hung up his phone, and he was already acting quite restrained in this way.

It's just that .....

Was it really Ade who did this?

Ji YuYi still had some doubts, not that she didn't believe it, but she couldn't believe it.

If Ah De did this, it would not only harm Ji Feng, but it would also cause the Bamboo Alliance Gang to suffer a considerable loss.

Not to mention anything else, if Ji Feng was sent by those angry gang bosses to finish him off, then for the Chuk Yuen Gang, it would be like losing a powerful friend, and for Ji Yuwen herself, she would also be losing a friend, a loss that could never be considered small.

And most importantly, there is no impervious wall in this world. Once others know later that the Chuk Yuen Gang has actually betrayed their friend, it will definitely be a great blow to the reputation of the Chuk Yuen Gang when the time comes.

If Ah Teck really dared to do so, it would be a case of eating out of the bag.

As Ah Teck's grandson, he was also considered a son of the gang, how could he do such a thing?

Ji Yu Ying could not believe it, yet in her heart she also knew vaguely that I was afraid .....

Ah Tak was really capable of doing such a thing.

"Ah Tak ....."

The name was repeated several times in her mouth as she put down the phone, and her eyes grew a little cold.

However, Ji YuYi was not in too much of a hurry to do anything, she knew very well that if she wanted to investigate Ah De, she would most likely alert Ah Bo, in which case, when the time came, even if it was really Ah De's doing, it would not be that easy to give Ji Feng an explanation.

What's more, if Ah Bo pleaded with herself, when the time came, could she really not give Ah Bo face?

For a while, Ji YuYi was in a bit of a quandary.

Mentally deliberating over and over again, Ji Yuet finally did not make up her mind, she just called for a bodyguard who was guarding the door and whispered, "You go and do something ....."

“Eldest Miss.”

That bodyguard had just left when Ah Bo came in through the door, “Eldest Miss, have you contacted Ji Feng yet? That video .....

Ji YuYi nodded without moving her head and said, “Already contacted him, but he rebuffed me, he didn’t even want to watch the video!”

Ah Bo said, “Big Miss, it looks like this kid is determined that the information was leaked by our people from the Chuk Yuen Gang.”

“Ridiculous!”

Ji Yu Ying sneered, “How come I never realised before that this kid is still such a character, that his idea must be the right one? Even if my people from the Chuk Yuen Gang are not good enough, they will not do such a thing that will not be pleasing to the public, right? What good will it do us if we betray him?”

“Yes!”

Ah Bo nodded and said with great agreement, “Eldest Miss, since Ji Feng’s side is determined to cross us, then we can’t afford not to be prepared, you also know that that Ji Feng is indeed very strong and powerful, under such circumstances, if we don’t take precautions, once Ji Feng gets hot-headed and wants to retaliate against us, then our loss will definitely not be a half a star! ”

Ji Yuhui gave him a look and asked, “Ah Bo, you mean to say .....

Ah Bo was a bit hesitant, “Miss, there is something I don’t know if I should say.”

Ji Yuqing nodded and said, “Go ahead, it’s fine.”

Able said, “Big Miss, you have seen, now almost all the big gangs in all of New York have moved, Ji Feng even if he is greatly capable, he can’t solve the current critical situation, then in this situation, he is afraid that he will break the pot, then he is afraid that he will retaliate against us first, why? Because in his opinion, it was our people who leaked the information. ”

“Since that’s the case, then naturally we can’t just sit around and wait for death, instead of waiting for him to retaliate, we should take the initiative!” Abe said.

“Oh?”

Ji Yuqing’s eyebrows knitted, “How do we strike?”

Ah Bo said, “It’s very simple, now that Missy can still contact Ji Feng, then why don’t we just do this .....

Missy contact Ji Feng and say that we found the person who leaked the information and now we are going to hand him over for disposal, then we will all personally go and make amends to him. ”

“And then what?” Ji Yuhui asked.

“Oh .....

Of course, this is just a set of words, after we know Ji Feng’s address, we reveal the news to some gangs and then ask them to send someone to take care of Ji Feng .....

Ji YuYi abruptly raised her head and stared at Ah Bo.

At this moment, Ah Bo was still full of a gentle and kind smile, and with some respect, looking not much different from the Ah Bo who had watched her grow up when she was a child.

However, it was Ji Yuet who was chilled to the bone as she watched.

“The so-called amount of small is not a gentleman no poison is not a husband, for the sake of the Chuk Yuen gang, it can only be so, people in the jungle, there will always be times when they can’t help themselves ..... Oh, this is also just an idea of mine, Missy, as to what exactly to do, you have to make the decision to do ah! ” Ah Bo said with a smile.

The actual fact is that you can’t be a good person, you can’t be a good person, you can’t be a good person, you can’t be a good person, you can’t be a good person. But I always feel that I can’t live with my conscience if I do this ..... Abe, have you ever done something that you can’t help yourself?”

“Me?” Able was stunned, “Of course I have, but that’s all in the past, we are in the underworld, we often can’t help ourselves.”

“So do you think, in your conscience, you can live with that?” Ji Yuhui asked.

“Oh .....” Ah Bo chuckled, “Missy, there are still some chores down there, I’ll go check it out first.”

Watching Ah Bo’s leaving figure, Ji Yuet asked again in a voice she could only hear herself, “Can your conscience live with that? Is it really a case of no poison?”

.....

“Mr Ji, dinner is served.”

Li Guoliang bought the stuff back from outside and placed it on the table.

Ji Feng smiled and asked, “Guoliang, what took you so long to go? Coming is I saw that there is a supermarket not far ahead.”

Although this was the countryside, the living facilities were extremely convenient, completely different from the countryside in China. On his way here, Ji Feng saw supermarkets, clinics, telephone booths and various other public facilities.

Li Guoliang explained, “I didn’t buy around here, instead I went outside and asked around for news by the way.”

“Oh?” Ji Feng asked, “What did you inquire about?”

“The situation ..... is very bad.” As soon as he said this, Li Guoliang’s brow furrowed.

Chapter 1827

“Oh?” Ji Feng asked, “What have you inquired about?”

“The situation ..... is very unpleasant.” As soon as he said that, Li Guoliang’s brow furrowed.

The situation is very bad?

Ji Feng smiled but did not have much of a surprised look, in fact, the moment he knew that the news had leaked out, he could predict that the situation in the outside world would definitely not be too good, there was nothing strange about it.

If anything, when those big gangs knew that someone was provoking their majesty, it would be strange if they were indifferent!

Ji Feng smiled faintly, "How is it bad, tell me!"

At this time, Bai Spider also came down from upstairs, she had already finished washing up, just look at her face still had a faint blush on it, apparently it was a bit unnatural.

But Li Guoliang didn't look closely, he just nodded to the white spider as a greeting.

"I just went out to ask around, and although it seems normal from the outside right now, in reality, secretly, there are already dark currents." Li Guoliang said, "All the major gangs have now started to mobilize their manpower, blocking off all the streets near Weida Group's headquarters respectively, and are specifically targeting Weida Group's employees."

Ji Feng nodded slightly, he had already known about these situations before, moreover, Xiao Gu had apparently gotten the news and had already moved on last night, and had also informed the employees of Weida Group, if there was no accident, Weida Group should be on vacation for all of them in these few days.

"Those people have blocked the streets near the Weida Group, so they shouldn't cause any harm to the employees of the Weida Group, right?" Ji Feng asked.

"That's not certain."

Li Guoliang shook his head and said, "Mr. Ji, you may not know too much about the gangs in Rice, although the people of Rice claim to be a civilized country and a country where the rule of law prevails, in reality, there is a wildness in the bones of the people here, especially those gangsters, once they get agitated, they are really capable of doing anything."

Ji Feng smiled and his brows couldn't help but frown: "Guoliang, what do you mean by that?"

Li Guoliang said, "Weida Group has all taken a holiday, but this can not help too much, I heard that New York has already had several incidents of home invasion robbery today, these victims are all Weida Group employees, moreover, there are victims who were injured ....."

Ji Feng immediately frowned: "Then the rice police also do not care?"

Li Guoliang shook his head: "How many police officers are there and how many gangsters are there, even if all the police officers in the whole of New York were deployed, it would not be able to prevent those gangsters from committing crimes everywhere ....."

Ji Feng pondered for a moment and did not say anything.

Indeed, in a country like this where guns were rife but there was no death penalty, in fact, those gangsters might not really be afraid of going to jail. What's more, could the police really catch all the criminals?

Not to mention the fact that the big gangs are inextricably linked to the police, and it's not clear whether the police will do their best to catch them!

Of course, there are other factors in between, such as the fact that those gangsters also have guns in their hands, and the firepower is more powerful than that of the police, and in this case, the police are also afraid of death!

"Apart from that, are there any other circumstances?" Ji Feng asked.

"There is!"

Li Guoliang nodded, "After those gangs besieged the streets near the headquarters of the Weida Group, they also sent people to General Manager Ji's villa!"

Ji Feng's face instantly changed as he asked, "What's the situation?"

Li Guoliang said, "Don't worry, I'm talking about the villa where Chief Ji lived before, and Chief Ji had moved out last night."

So that was the case.

After hearing Li Guoliang's explanation, Ji Feng's face then eased up a bit, nodded in relief and said, "That's right, she did move out, I was a bit too nervous, Guoliang, go on."

Li Guoliang nodded and continued, "Because Chief Ji had moved out last night, there is practically no one living in the villa now. Moreover, while moving out, General Manager Ji also applied for police protection, so when those gang members went to cause trouble, they didn't rush in."

Ji Feng said, "It looks like those gangsters are even more rampant than I thought, Guoliang, where my little aunt lives, is it supposed to belong to a rich area? Those gangs actually dare to spill their guts there, it looks like the gangs are very arrogant!"

Li Guoliang said, "In Rice, gangs are already arrogant and crimes often happen. As for causing trouble in rich areas, it was rare in the past, but these gangs were provoked by us, so they are naturally furious ....."

Ji Feng nodded and said, "Other than that, what else is the news?"

"What is said below is the most important ....." Li Guoliang's expression was somewhat grave, "targeting the Weida Group, targeting Mr. Ji, this is also just some small tactics of those gangsters, in fact, what they really want to deal with is you. "

"That's for sure!" Ji Feng laughed.

This was something Ji Feng certainly understood, he had taken out so many important figures of the gangsters, it would be strange if those gangs didn't want to deal with him.

Besides, those gangs didn't even spare the employees of the Weida Group, not to mention him as a major figure.

"How do they plan to deal with me?" Ji Feng asked.

“Those gangs, they’ve already let the wind out that as long as someone can provide a clue about you, there will be a heavy reward, now all the gangs want to catch you.” Li Guoliang said.

“How much is the reward?” Ji Feng asked with a smile.

“Some are a hundred thousand, some even offer a million, I’m talking about rice gold!” Li Guoliang said.

“Ho, that’s quite a lot!” Ji Feng was even a little surprised, these gangs were really willing to put down their money, a million dollar bill was enough to drive people crazy.

“Actually, that’s not all, the most crucial thing is that the police are also looking for you!” Li Guoliang said.

Ji Feng frowned: “The police are looking for me? Why? Just because someone in the outside world said those gangsters were taken out by me?”

Li Guoliang shook his head and said, “I don’t know the exact reason, time is too short to pry more information, but the police must not have anything good to look for you, the attitude of these police officers towards Chinese is not very friendly .....

Ji Feng couldn’t help but sneer, although he didn’t want to speculate with malice towards the rice police, but now it looked like he couldn’t think of any reason why the rice police would actually come looking for him, unless it was to warn him not to make trouble in New York, or to investigate him directly.

Now all those gangs in New York were looking for him, and the police came to intervene again. If this matter itself had nothing to do with Ji Feng, but if the police found him, then immediately afterwards, I believe all the gangs would know his whereabouts, and then even if he really didn’t do it, then his fate would definitely not be any better.

“Rice police, this is not good intentions.” White Spider said in a cold voice.

“Yes!”

Li Guoliang naturally also saw it clearly, now there were only rumours that those gangsters were done away with by Ji Feng, but Li Guoliang, who personally participated in the operation, knew very well that Ji Feng had not left any evidence at all, not even the slightest trace, so why should the Rice Police look for him? What were the reasons for looking for him?

The New York police are nominally looking for Ji Feng, but in reality, they are using the police channels to help the gangs find him.

“This is the so-called collusion!” Li Guoliang said.

“Don’t bother with him!”

Ji Feng waved his hand and said, “Guoliang, is there anything else going on besides that?”

Li Guoliang shook his head and said, “That’s all I’ve found out for now. However, Mr. Ji, we have to be careful, the police may be some wine bags, but they are after all local snakes and have channels that we can’t imagine, so they may really be able to find out our traces. Also .....

Ji Feng asked, “In addition what?”

Li Guoliang said in a deep voice: "Now we are still unclear whether the CIA in Rice is intervening, if they are also intervening, then things will be troublesome, I believe we can't hide for long unless we leave the borders of Rice ....."

"The CIA?" Ji Feng's eyebrows frowned slightly.

"That's right. Of course, it could also be other security services, they have much more power than the police, and they can also mobilize satellites, and a lot of other resources to track us down, so if they want to find us, it won't be too difficult." Li Guoliang nodded and said.

Ji Feng also took it seriously, Li Guoliang had been in Rice for a few years now and obviously knew more about the situation in Rice than he did.

If the CIA intervened, it would indeed be very difficult to hide.

Ji Feng also more or less understood that many Rice people did not know that their phones were actually being tapped, which was the work of the Rice security services, and those public phones were even in a state of being tapped 24/7.

Those departments just need to add some keywords to the computers listening to the phones, and the computers will automatically filter the useless information, and then search for the information they want.

For example, if someone adds the name 'Ji Feng' to the computer, then the computer will automatically find out the contents of the calls with these two words among all the tapped calls since.

Through this method, those security departments could find the information they wanted almost without having to leave home.

They then mobilise the satellite, and from thousands of miles away, they can clearly see the picture on the ground, which is captured from the high-definition camera carried on the satellite.

Under the surveillance of the satellite, everything on the ground was invisible, and it was too difficult to hide.

However, Ji Feng did not care, he never thought of hiding, to solve this matter, it is useless to rely on hiding, that will instead drag down the Weida Group.

What Ji Feng wanted to do was to follow his own plan to crack the current situation and finally solve the troubles of the Wei Da Group!

"Mr. Ji, I have an idea, I just don't know if it's appropriate ....." Li Guoliang suddenly said.

Chapter 1828

What Ji Feng wants to do is to follow his own plan to crack the current situation and finally solve the troubles of the Weida Group!

"Mr. Ji, I have an idea, I just don't know if it's appropriate ....." Li Guoliang suddenly said.

"Oh? Guoliang, there is no need to be so polite between us, if you have any idea, just say it directly." Ji Feng said with a smile.

“Mr. Ji, I was thinking that now the outside world is hunting us everywhere, in this situation, if the CIA is not alerted, perhaps we can still hide, but if the CIA is alerted, then I can guarantee that in two days at most, we will be found, unless we keep hiding here and don’t go out even one step .....”

Li Guoliang weighed his words, and Ji Feng was in no hurry, just listening to him quietly.

“However, even then, we won’t be able to hide much peacefully, because if those people can’t find us, they will definitely find a way to get information from Chief Ji, or, they will just go after Chief Ji and the others. There are so many of them, Mr. Ji, they will certainly not move freely like us, even if they are hiding, they will not let the wind out of their sails at all, if there are people from the police and gangsters looking for them together, it will not be difficult to find them .....”

Ji Feng nodded slightly, this was indeed the case.

Little Aunt was different from herself, not only was she the old boss of the Weida Group, but also, she had a large family.

Even if the little aunt can temporarily not go to the company, can hide at home first, but they always have to live, right?

For example, if the maid in the house has to go out to buy groceries, or if a police officer intentionally contacts her, this may reveal their hidden address.

So if the police and those gangs wanted to find Xiao Gu, it wasn’t that difficult.

Ji Feng asked, “Then what’s your best idea?”

Li Guoliang said, “I don’t have any good ideas either, I just came up with a solution for the time being, but you have to decide whether it will work or not.”

When Ji Feng heard that, he couldn’t help but nod and said, “Tell me about it.”

Li Guoliang then said, “Actually, it’s like this, I have made some friends in the past few years in Rice, and a few of them are more reliable, such as one of the hall masters of the Qing Gang.”

“The Green Gang?” Ji Feng asked, “This matter doesn’t have anything to do with them, right?”

In fact, the Green Gang was also involved in this matter, and Ji Feng was aware of it, as he had overnights the bosses of those small gangs that were but against the Weida Group, or were preparing to be against the Weida Group, and from the mouths of those small gang bosses, Ji Feng also knew the masterminds behind the scenes.

Among them was a hall master of the Green Gang named Luo Xun.

Later, Ji Feng killed all the important figures of the big gangs involved, but did not touch Luo Xun of the Qing Gang, because on the one hand, he did not intend to touch the Qing Gang immediately, and on the other hand, he also wanted to feel the bottom first.

Now Li Guoliang suddenly mentioned the Qing Gang, which was a bit of a surprise to Ji Feng.

Li Guoliang said: “I mean, I have a pretty good relationship with a hall master of the Qing Gang, and now so many big gangs in the outside world are looking for us, and they are also targeting the Weida Group,

if we were to fight hard against these people, our power would be a bit weak, so I think, for this situation now, the best way, is to break them one by one. ”

“Oh?”

Ji Feng couldn't help but be a little surprised and asked, “How to break them down one by one?”

Li Guoliang said, “It's very simple, we can find this Youth Gang's hall master, reveal your identity, and then ask their gang master to step in and talk peace with those big gangs, while we can choose one or two of the more prickly gangs and hit them hard to hurt them, so that they no longer dare to do anything to the Weida Group, in this way, not only does it solve the troubles of the Weida Group and also crack the current crisis, what do you think?”

This idea .....

“White spider, what do you think?” Ji Feng turned his gaze to Bai Spider, “What do you think of Guoliang's idea? Is it feasible?”

“Me?”

Bai Spider was slightly stunned, she had been listening, but she didn't expect Ji Feng to ask her opinion, but soon Bai Spider came back to her senses and she said, “Young Ji, I think, this idea of Li Guoliang is still reasonable.”

Ji Feng said without moving his voice, “How is it reasonable, tell us your opinion.”

“Yes!”

White Spider nodded and said, “The situation we are facing now, Li Guoliang has already made it very clear, it would indeed be somewhat unwise to take a hard line, after all, those gangs together have too many people and are too powerful, it would be impossible to wipe them out with just a few of us!”

Ji Feng just nodded at his words, but did not make any statement, instead he said, “You continue.”

“In this situation, if we can really invite the Green Gang's gang leader to speak for us, then this will be much less of a dry spell and will cause those gangs whose own anger isn't too strong to withdraw.”

White Spider said, “As for those gangs that don't give face, then I think there will be nothing left to talk to them, and at this time, it won't be too late for us to make our move.”

White Spider said, “Otherwise, if we fight them hard now, I'm afraid that if we go on like this, it won't be a solution, and by then, not only will we not be able to solve the trouble, we will also get ourselves involved, so the loss will not be worth the gain.”

Ji Feng just nodded thoughtfully, and then fell silent.

Frankly speaking, if one went by normal thinking, this idea of Li Guoliang's was indeed good, and what the white spider said was also very reasonable.

At this stage, it did seem that those gangs were more powerful and looked very intimidating. If they could persuade the Qing Gang to come forward, with the status and weight of the Qing Gang in the

underground world of Rice, I believe that there would definitely be many gangs that would give this face.

The remaining gangs that don't give face will be dealt with later, and it doesn't seem too late.

However, Ji Feng still had some concerns in his heart.

Because before this, Ji Feng actually had his own plan, and because he already had a plan, Ji Feng did not have much worry in the face of this bad situation, but was very relaxed.

Originally, he was planning to fight those gangs hard!

Only the difference was that he was not planning to fight those gangs head-on to the death, but to use his own methods to collide with those gangs.

If you dare to send people to block the streets, target the Vader Group and target Xiao Gu's family, then I dare to make all of you who give orders disappear from this earth!

Let's see if you guys take me out first, or if I send you heads and brains to hell first!

From the very beginning, Ji Feng had no intention of compromising.

He was going to use the most severe and ruthless means to force those gangs to bow down and make them submit, or worse, make them only negotiate instead of using force in such a brazen manner.

Only that would be the best way to solve the problem once and for all.

If we follow Li Guoliang's words, if we can invite the Qing Gang, then there will definitely be gangs that will give face to the Qing Gang, there is no doubt about that, but now that they have given face to the Qing Gang, who knows what attitude the gangs will have in private?

Maybe they will even make some small moves against the Weida Group, because once they invite the Qing Gang to talk to them, it would mean bowing down to them.

Whether to use Ji Feng's method and use the most severe means to chill the heads of those gangs and force them to be soft, or to use Li Guoliang's method and go to the Qing Gang and ask them to help to intercede, this needed to be carefully considered.

"Guoliang, you said you know a hall master of the Qing Gang?" Ji Feng suddenly remembered something and asked.

"Yes." Li Guoliang nodded his head.

"What is the position of the hall master you know in the Green Gang?" Ji Feng asked again.

Li Guoliang said, "The structure of the Green Gang is actually not much different from domestic gangs, there is also a gang leader, below that are a few elders, and then further down are the hall masters of the various halls."

"Except that the Green Gang places a higher value on seniority, which follows some of the old system of the Green Gang on the beaches of Jiangzhou before liberation. So in fact, on many major events, the

head of the Green Gang may not be able to make decisions single-handedly, and needs to ask those with higher seniority to come and deliberate.”

Li Guoliang said, “In addition to that, there are many other people who were originally old men of the Qing Gang, but then gradually stopped interfering in the affairs of the Qing Gang and focused on business, and became very rich, or very influential people, unless there is a major matter that concerns the life and death of the Qing Gang, usually they will not interfere, except that in their companies, there are still many children of the Qing Gang, and the treatment and everything is very good .....”

Li Guoliang introduced the current situation of the Qing Gang, because now there is nothing to do anyway, there is enough time, so he spoke in some detail.

Ji Feng nodded slightly, some of this he had already understood, in fact, regarding the Qing Gang, anyone who was familiar with the history of China should know how strong this gang was.

However, not many people had thought about why the Qing Gang was so strong.

In fact, there are many reasons why the gang is so strong, but ultimately, it is the resilience of the Chinese people, their courage to fight, their willingness to suffer and to struggle.

It is also the solidarity that comes from being overseas together and looking out for each other that makes the gang so strong.

“And this hall master I know is still trusted by the elders and the gang master in the gang, and he can also talk to the gang master. Besides, this is not a matter of life and death, the gang master and the elders can make the decision.” Li Guoliang said.

“That’s true!”

Ji Feng nodded slightly, he was just a peacemaker in the middle, naturally it was not a big matter of life and death for the gang, “However, Guoliang, isn’t there one thing you forgot, in fact, there is still a share of the Qing Gang for the Weida Group, don’t forget that Luo Xun!”

Chapter 1829

“I know that the hall master I know is not Luo Xun.” Li Guoliang said.

“If we go to the Qing Gang, will Luo Xun follow and cause trouble?” Ji Feng asked again.

“I don’t think so, those Hall Masters usually preside over the big picture in their respective territories, and rarely go back to the headquarters if there is nothing going on!” Li Guoliang said.

Ji Feng glanced at him and said, “Guoliang, you know a lot about the Qing Gang, don’t you?”

Li Guoliang then smiled heatedly as he was a bit uncomfortable.

Ji Feng asked, “That Hall Master you know, there should be another layer of identity, right?”

Li Guoliang hesitated for a moment, but did not answer.

Seeing his performance, Ji Feng understood that it was obvious that the Hall Master Li Guoliang knew was most likely also from the special department of China.

If that was the case, then it was not difficult to understand why Li Guoliang was so confident.

In fact, if you think about it, it is not hard to understand, the Green Gang is very powerful in Rice, if the Chinese side wants to send someone over or wants to develop a few people, then the Green Gang is definitely the first to be considered.

With the big brand of the Green Gang in the way, even if the MiG wanted to investigate, they would have to be a bit more careful.

Although the Chinese have always been looked down upon by the Miamians, it is undeniable that the Chinese have a very important position in Miamis.

In other cities, too, the Chinese have a certain amount of power.

In addition, China is becoming a stronger country now, so no matter how much the Miamians look down on the Chinese, they have to pay attention to them.

In the past, if the Chinese were aggrieved abroad, the Chinese government would at most raise a few words of protest, but now it is different. If another country really acts excessively, the Chinese side has many means to fight back.

Therefore, the MiG does not dare to do anything easily to Chinese gangs like the Youth Gang.

So now that he knew that there were people from the Chinese special department in the Green Gang, Ji Feng was really not too surprised.

However, Ji Feng also knew that because of the special situation, plus the secrecy regulations in the army, so it was normal that Li Guoliang could not say it explicitly, which Ji Feng could understand.

“Guoliang, then in your opinion, if we follow your method, about how many percent certainty can we succeed?” Ji Feng asked.

“This .....

When Li Guoliang heard Ji Feng ask this, he couldn't help but hesitate a little.

He said with deliberation, “Mr. Ji, frankly speaking, I am only 20% sure.”

“Oh?”

Ji Feng raised his eyebrows.

Li Guoliang immediately explained, “It's like this, the hall master I know, although he can speak well in front of the gang master and is relatively trusted by the gang master and the elders, but this matter involves almost all the big gangs in New York after all, so what the gang master will do exactly is not something that the hall master underneath can guess.”

Ji Feng nodded and asked again, “Then how can you be twenty percent sure?”

Li Guoliang said, “This 20% certainty is based on your identity?”

“Me?”

Ji Feng was a little surprised, “My identity can also work here? Or does it mean something else?”

Li Guoliang shook his head and said, “Mr. Ji, you should know that in fact, back then, because of the defeat of Chiang, many Jianghu figures at that time, as well as some people who were worried about the situation, had left overseas, but not everyone had left China, there were some people at that time, who did not like to leave their homeland, so they only went to this area of Xiangjiang, Bao Island. ”

Ji Feng nodded, this information, basically many people know.

“Also because of this, so at that time, the Qing Gang also had a lot of people who also settled in Xiangjiang, as well as some of the famous families at that time, also in Xiangjiang. And, all these people kept in touch with each other, and all of them were still on good terms.” Li Guoliang said, “For example, these tycoons such as Li Superman in Xiangjiang, who had businesses all over the world, would of course maintain quite good relations with these compatriots of the same root overseas.”

Ji Feng couldn't help but reveal a curious look, he really didn't know much about these things, after all, he was just a poor boy in the past, but he never had the chance to come into contact with such information.

Now, although he was gradually rising, he hadn't dealt with these people either, so he didn't really know much about them.

After the return of Hong Kong to China, the Chinese world in Mainland China, Hong Kong and overseas became one. .”

Ji Feng listened with great interest.

Li Guoliang said, “That's also why I said that we are 20% sure. It is because of Mr. Ji's identity. I believe that as long as Mr. Ji reveals your identity, the Qing Gang will definitely pay attention to it, and when the time comes, not to mention anything else, at least they will definitely be of a very high specification in terms of reception, moreover, I believe that the Qing Gang will definitely not stand by and watch something happen to you in Rice.”

So that's how it is!

Ji Feng had really gained insight, before he had not thought that his identity could be eaten here as well.

But now, after hearing Li Guoliang say so, Ji Feng couldn't help but realize it.

Of course Ji Feng also knew that in fact, his identity as the first grandson of the Ji family might not necessarily be that useful. Perhaps, for these Chinese overseas, the fact that he was a Chinese should be enough.

Coupled with the fact that he had extraordinary physical skills, it would be enough to be taken seriously.

As for whether he was the son of a powerful family, this really didn't matter much.

Ji Feng wouldn't think that these youth gang leaders who had been around all their lives would lower their voices just because they were the sons of a powerful family in the country, that was impossible.

Even if it were myself, I definitely wouldn't be that unimpressive.

Ji Feng carefully weighed these words spoken by Li Guoliang in his heart, while also pondering whether this plan of his was feasible.

"I'll think about it first, there's no rush to make a decision!" Ji Feng smiled and waved his hand, "Hurry up and eat, after fighting all night, I believe you guys are hungry too."

"Mm!"

Li Guoliang nodded, he only made a suggestion, but in the end, what exactly to do, this still needed Ji Feng to make a decision.

The three of them simply ate something and called it a day.

However, Li Guoliang had bought quite a lot of things, perhaps he thought that they might be hiding here for a few days, so they had to stock up on more food.

"Buzz ....."

The three of them had just finished eating when Ji Feng's mobile phone vibrated, he picked up the phone but found that it was Second Brother calling.

Ji Feng gestured to White Spider and Li Guoliang, then got up and went upstairs to answer the phone.

"Second Brother, what's up?" Answering the phone, Ji Feng didn't have any courtesy and asked directly.

"Third child, how are you now?" Ji Shaolei's voice came over, "I heard that the situation outside is very bad now, those gangs are like crazy, they are everywhere against the people of Weida Group, and they are also looking for Xiao Gu and her family everywhere, are you alright?"

Ji Feng frowned and said, "I'm fine, don't worry, I know how to take care of myself, is little aunt and her family okay too?"

Ji Shaolei said, "For the time being, they are fine, however, I see that little aunt seems to have some trouble sitting still."

Ji Feng was instantly shocked, "How so?"

Ji Shaolei let out a sigh and said, "You may not be too clear outside, several employees of the Weida Group had their homes robbed, those employees were also beaten up, and some were even sent to the hospital, that work phone of little aunt, it hasn't stopped since this morning, now it can be said that the whole Weida Group is in chaos."

Ji Feng frowned as he listened, although Li Guoliang had also talked about the situation, he had not expected the situation to be so serious.

"Moreover, several directors of the Wei Da Group have also called, requesting Little Aunt to solve this matter as soon as possible, and even, Hong Yiming has asked for a shareholders' meeting to be held right now, there is no need to say more about his purpose, right?" Ji Shaolei said.

"Is Hong Yiming trying to force a meeting? Or is he going to use this opportunity to deliberately make Xiao Gu show up so that those gangs can take action against her?" Ji Feng asked.

"I think ah, or the latter is more likely, as long as Xiao Gu shows up, how can those gangs just give up? At that time, there is no need to convene any shareholders' meeting at all, and there is no need for Hong Yiming to force the palace, I'm afraid that little aunt will be in a lot of trouble ....." Ji Shaolei's voice was a bit chilly.

"Then what did little aunt say?" Ji Feng asked.

"Little Aunt what can she say, Wei Da Group is her hard work to create, so hard to get to this point, if it collapses like this, I'm afraid her whole person will also collapse." Ji Shaolei laughed bitterly, "Just now, Little Aunt was about to go out, but she was easily persuaded by Wang Dong and me."

Ji Feng was instantly shocked, "Second brother, we must not let Little Aunt go out now, or else her personal safety will be in danger."

Ji Shaolei said, "You think I don't know that? That's why Wang Dong and I persuaded her to go down."

"Well, no matter what, you have to persuade Little Aunt, the situation outside is chaotic as far as it goes, it's not the right time to solve the problem, we have to wait a little longer." Ji Feng said.

"I know what to do, but, San'er, you should also be mentally prepared, you don't know Little Aunt's temper too well, what she has decided, it's hard for others to change, I think, Little Aunt will only wait for another day or two at most, any longer and she definitely won't be able to wait anymore, I'm afraid no one will be able to stop her then."

"I know."

Ji Feng nodded, once Little Aunt went out, how serious the consequences would really be, Ji Feng knew better than anyone.

Chapter 1830

"I know."

Ji Feng nodded, once Little Aunt went out, how serious the consequences would really be, Ji Feng knew better than anyone.

Now the outside world was rumouring that he had exterminated the Yamaguchi Group and attacked and killed those gangsters' bosses and important figures because those people were having trouble with the Weida Group and with Xiao Gu.

Then, if those gangsters could not find themselves for the time being, and if Little Aunt appeared, then the anger of those gangsters would definitely be transferred directly to Little Aunt.

What would happen then, that was simply unimaginable.

If something happened to his sister, it would be useless even if Ji Feng regretted his guts.

However, now Hong Yiming is calling to convene a board meeting, so what is his intention?

Does Hong Yiming intend to force his sister-in-law out or does he intend to deliberately use the name of holding a board meeting to draw her out?

No matter which one it was, Hong Yiming definitely did not have good intentions.

If it was Hong Yiming's intention to deliberately lure Xiao Gu out, then the consequences would naturally go without saying. Of course, even if Hong Yiming only wanted to use the great chaos at the Weida Group as an excuse to force his way on Xiao Gu, he was still coming on strong.

Indeed, now Hong Yiming had a very reasonable excuse.

Because of the rumours from outside, the Wider Group had been besieged by those gangs, causing the employees of the Wider Group to suffer injuries, some losing money at home, others suffering personal injuries, and some even going straight to the hospital.

Under such circumstances, anyone would think that Xiao Gu could hardly be blamed.

If Hong Yiming were to lash out at the board meeting, I am sure there would be many people who would support him.

Then, under such circumstances, it would be somewhat difficult for Xiao Gu to keep her position as the old boss.

Only in Ji Feng's opinion, I am afraid that Hong Yiming is not so kind. Since he called at this time to say that he wanted to convene a board meeting, then, eight out of ten times, he did not just want the old president's throne.

Ji Feng guessed that Hong Yiming probably wanted to use the board meeting as an excuse to lure Xiaogu out, just as he had analyzed before, at that time, Xiaogu would definitely face the attack of those gangsters first and could not even guarantee her personal safety.

If something happened to his sister, then Hong Yiming would not need to play the game of forcing the palace, and he could easily take over the chairman's throne.

Hong Yiming is a person whose heart should be punished!

However, although Ji Feng had guessed Hong Yiming's thoughts, it was still a bit difficult to solve them.

The reason for this was his sister-in-law, Ji Nan Yue.

Although he had not been in contact with his sister for a long time, Ji Feng still understood some of her temper.

As far as Ji Feng understands, he has a most intuitive understanding of his sister Ji Nan Yue, one of her most prominent temperament should be persistence, if to put it bluntly, that is – stubbornness!

Imagine, if little aunt Ji Nan Yue was not so stubborn, then she would not have not returned to China for so many years, just from this point alone you can see how little aunt's character is like.

So when Ji Shaolei said that he might not be able to persuade his little aunt, Ji Feng could understand it very well.

“Second brother, don't worry, I will definitely solve this matter as soon as possible.” Ji Feng said, “However, it will take a little time .....”

“What we lack now is time!”

Ji Shaolei said, “Now that Hong Yiming is over there being aggressive and taking advantage of the opportunity, Xiao Gu definitely won’t sit still, but if this goes on and Xiao Gu doesn’t show up again, Hong Yiming might be able to bring up the removal of Xiao Gu .....”

Speaking here, Ji Shaolei lowered his voice: “Third child, little aunt will definitely not admit defeat, moreover, she will definitely not let someone like Hong Yiming have his way, so if Hong Yiming proposes to hold a board meeting again, little aunt will definitely go, and then it will be a problem.”

Ji Feng’s brow couldn’t help but frown, he hadn’t thought that on the Rice side, it was still possible to remove the chairman of the board.

If that was the case, then with little aunt’s character, she would definitely not admit defeat to Hong Yiming.

Perhaps, little aunt would really prefer to take the risk and go to the board meeting.

After a moment of silence, Ji Feng nodded slightly and said, “Second brother, I understand this situation, don’t worry, I will use the shortest time to solve the problem, at least, first so that little aunt can travel safely!”

Ji Shaolei said, “I know you are also in danger outside, don’t force yourself, if you really can’t, call your old family, I believe they should have a solution.”

Ji Feng shook his head and smiled, saying, “No need, if this point needs to be done by the old family, then it’s too much trouble. I’ll just do it myself.”

Ji Shaolei said, “Then you have to be careful.”

“I will!” Ji Feng nodded his head.

After closing the line, Ji Feng’s face was steeply gloomy, and he burst out three words almost from his teeth, “Hong Yiming .....”

Now is the time when the Weida Group is in internal and external trouble, Hong Yiming, as a Chinese, as the vice president of the Weida Group, instead of thinking how to help the Weida Group to tide over the difficulties, he even fell on his sword.

After all, everyone will think for himself. There was nothing wrong with Hong Yiming wanting to sit on the throne of the boss.

However, Hong Yiming actually used such a despicable means to take advantage of the opportunity and propose to convene a board meeting as a way to lure Xiao Gu out, which is of a completely different nature. Now Hong Yiming was no longer competing for the throne of the boss, he wanted Xiao Gu’s life!

“This is simply outrageous!”

Ji Feng’s face was gloomy as he gritted his teeth and snorted coldly, “The wolf’s son is ambitious, his heart should be put to death!”

He lit a cigarette and took two strong puffs, which calmed him down slightly.

Ji Feng stood in front of the window window, silent for a while, and then, with two fingers, he put out the cigarette directly, turned around and quickly walked downstairs.

“Guoliang, give you a task!” Ji Feng said as he descended the stairs, “Go contact that Youth Gang Hall Master you know now, first ask him when he has time, and if it’s convenient, have him probe the Youth Gang Master first, and then give us a message back as soon as possible.”

Li Guoliang immediately asked, “Mr. Ji, you agree with my plan?”

Ji Feng nodded and said, “Something has happened on Mr. Ji’s side, so now we can only temporarily ease the situation some first!”

Li Guoliang immediately nodded and said, “Yes, I’ll go now.”

After saying that, Li Guoliang got up to go out, and Ji Feng frowned and asked, “What, you still want to go there personally?”

Li Guoliang nodded: “Yes, it’s not very convenient to talk on the phone, moreover, the phone may not be 100% safe, especially after the news leaked out, I’m afraid that all the phone calls related to Mr. Ji have been monitored. It’s better to be more careful.”

Ji Feng nodded slightly: “Then you should be careful on the way.”

Li Guoliang answered and then quickly left. Looking at his back, Ji Feng’s face sank once again, although at this moment his face was not as gloomy as it was just now, but if one looked carefully, one could still see the smear of anger and coldness in his eyes.

The fact that those gangs had blocked the streets near the Weida Group and made a move against the employees of the Weida Group did not make Ji Feng so angry, nor did the fact that the Yamaguchi Group had made a move against Chu Yue make Ji Feng so angry, however, what Hong Yiming did really enraged Ji Feng completely.

A Chinese, actually doing nothing to his own people, such a person, deserved to die!

“Young Ji.” White Spider’s voice rang out softly, she wanted to say something when she saw how angry Ji Feng was, but she didn’t know what to say.

“I’m fine, you don’t need to worry!” Ji Feng waved his hand.

Bai Spider then said nothing more, in fact, Bai Spider herself wasn’t too good with words.

Ji Feng sat alone on the sofa, silent.

He was thinking about what to do next.

In fact, originally, Ji Feng already had a complete plan, but it was only because the time was not yet right and he still needed to wait a bit, so he followed Li Guoliang here and hid for the time being. As long as he waited for the time to come, Ji Feng would immediately make his move, and when the time came, he would use his methods to solve all the matters, completely helping the Weida Group to solve its troubles and helping Xiao Gu to solve all the hidden problems.

However, the plan could not catch up with the change, and Hong Yiming intervened from the middle, so that Ji Feng had to change his plan.

Hong Yiming is a person with a sinister heart and is good at seizing the opportunity to make mischief, which is really disgusting.

The most crucial thing is that Hong Yiming's interjection of this bar will add many variables to the matter. Therefore, Ji Feng could only tentatively agree to Li Guoliang's plan to start with the Qing Gang side, so that the residence could be temporarily relieved some, or at least allow Xiao Gu to travel safely.

Only in that case, Ji Feng's original plan to beat all the gangs painfully and ruthlessly was something that could only be put on hold.

And in this way, those gangs will still be a hidden problem in the future, and may even be more condescending.

But Ji Feng but also can not help, the little aunt is not afraid of danger, if Hong Yiming continued to provoke words, the little aunt will certainly go out, if Ji Feng does not change the plan, when the consequences are really unimaginable.

"Hong Yiming ..... good ah!" Ji Feng nodded heavily, a cold light flashed in his eyes, "I don't have time to take care of you now, when I have my hands free, I will slowly settle accounts with you!"

Because Li Guoliang could not return for a while, Ji Feng duo had nothing to do, so he let the white spider go to rest first, while he, himself, leaned on the sofa and rested.

.....

Time passed quickly, and in the blink of an eye, it was already half an afternoon.

"Buzz~~!"

The sound of an engine came from outside, followed by a pickup truck stopping in front of the door and Li Guoliang jumping down from it.

Ji Feng immediately opened his eyes, "Guoliang, good work."

Li Guoliang waved his hand and said, "Mr. Ji, I made it clear to that Hall Master, and he also poked around the gang leader, things will work."

Ji Feng nodded and said, "That's good, as long as the Qing Gang is willing to give this face."

Although Li Guoliang said things could work, but Ji Feng did not have much joy, this is not in line with his plan, and will leave hidden problems, but now there is no other way, things have become this way, Hong Yiming took great credit ah!

"But ....." Li Guoliang suddenly had a difficult look on his face.
