

Campus Master 1911

In the hotel, Ji Feng just kicked away the Kepong man who claimed to want to give himself a taste of karate, however, at this moment, upstairs in the hotel, there were people watching the fun.

In a private room upstairs, several people were holding glasses of wine and looking down from the window specially set up in the room, several people had smiles on their faces and all looked excited.

The only one standing in the middle of the room was a man, probably around thirty, with no smile on his face and a cold glint in his eyes that wasn't.

"Hey! A few guys from the Ji family are all here, this is really a rare scene, a few brothers teaming up to fight with foreign friends, looks like there's news in this Yanjing again!" A man laughed heatedly, looking at the smile on his face, he knew he was up to no good.

Another man also laughed twice and said, "Look at that old fox Ji Shaodong, he's still pretending to be stable even now, does he really think he's some big shot, or does he think he's the leader of the country? Look at that look on his face, with his hands behind his back, pretending to be something like that, I get annoyed just looking at him!"

"Old fox! Well, that's an apt name, the Ji family's are all treacherous and cunning, old foxes indeed!" The others couldn't help but laugh.

"However, I just wonder if Ji Shaodong would still maintain this mask of hypocrisy and continue to put on his poise if he was given a severe K-beat on the head?" A man said with a bad smile.

"I say, you're not making it difficult for people! Do you really think Ji Shaodong has this kind of poise? Is he still pretending to be so because of his family background? If he really gets beaten up, that dude nature will definitely explode right away, and then I'm afraid he'll be the first to pick up a chair and a bottle or something to go up and do it!"

"Haha"

A few people burst into laughter.

The man standing in the middle of a few people also grinned, but his mouth said, "Don't underestimate him, since you call him an old fox, you should know that when dealing with a cunning fox, an ordinary hunter may not be his match!"

Several people could not help but nod at his words, this was true, since Ji Shaodong had been able to come this far, and had the prestigious reputation of being one of Yanjing's Three Masters, ordinary hunters might not really be able to deal with him!

"Ji Shaodong is quite powerful, however, the rest of the Ji family is not so good, right? Look at that Ji Shaojun, and Ji Shaojun, just reckless, what a thing!"

"And that kid, what's his name Ji Feng, right? I heard he's a wild child? Looks like a reckless bastard too, and I heard that he wasn't there when his old mother left the Ji family, and he's so big a decade later It's not even clear if he's the Ji family's seed!"

"Ha!"

Several people suddenly laughed again, this is a meaningful statement ah

“A fight, they fought!”

“Fuck! How come that Tanaka is so unbeatable? One kick and he’s gone?”

“No wonder someone said that a few guys from the Ji family are like wolves and tigers, this Ji Feng is too savage, right?”

“Didn’t that Tanaka say how great his karate was, how come he came up and got kicked off?”

.....

“Vom~~!”

Another churning in his stomach made this Kepong man unable to stop himself from vomiting again.

The pain in his abdomen was so severe that the man didn’t even have the strength to hold his hands on the ground, so he could only curl up on the ground, his head grinding against the ground, the vomit piled up right in front of his face

The disgusting scene caused the people around to retreat again – even though they had already retreated several meters before, but now that they saw this situation, no one was unwilling to retreat a few more steps, with a look of disgust on their faces.

Although the onlookers didn’t know, or hadn’t yet realised, exactly what this young man was, many of them had been here since the very beginning of the conflict, so they had seen the whole process.

Naturally, they knew that the main reason why this clash had happened today was still on the young man who had been beaten up.

If this young man hadn’t been so arrogant, going so far as to scold those young men for helping to pick up that drunken man who had fallen to the ground as if he was scolding his grandson, things would certainly not have come to this state!

Moreover, the young man was so arrogant that he started fighting at the drop of a hat, and even treated the other young men with contempt – who doesn’t know that young men are all young and impetuous and can’t stand such aggression?

And so, a confrontation took place.

So, in the opinion of many people, the young man deserved the beating he was getting, he was looking for it!

It is for this reason that the onlookers all felt bad for the young man who had been beaten up

You are not very powerful yourself, but you still speak so arrogantly and say that others are looking for death, and now you have been beaten up, right?

The actual fact is that if you don’t dodge in time, you don’t know how many people will be vomited on, that’s really disgusting!

However, at this moment, Ji Feng was not in a hurry, and walked step by step to the boundary pontiff.

The first thing you need to do is to take a look at the actual situation.

Hoo~~!

In the next moment, Ji Feng suddenly launched himself, one foot exploded with huge power and instantly kicked that boundary pontiff in the stomach.

“Boom~~!”

Once again, that Boundary Peng man was kicked away.

Ah!

Those people around couldn't help but cry out in shock, and at the same time, they were all taken aback, they didn't expect that Ji Feng didn't look so fierce, nor did he look so angry, so how could he be so furious?

But Ji Feng didn't care what other people's reactions were, he just continued to step forward and once again arrived in front of that Kepong man, then, took off his casual leather shoes, then raised them high, and immediately struck down lightning-like towards that Kepong man's face.

“Pop!” A fierce shoe smacked the face, and Ji Feng's voice rang out with it, “Baka again for me to hear!”

“Ah...!”

The Kepong man screamed miserably, but the intense pain on his body made it impossible for him to resist, and even dodging became a luxury, so he could only scream.

Ji Feng backhanded him again, and in an instant, the KAI Peng man's face swelled up high, and bright red shoe marks were imprinted on his face.

“Scream Chinaman again for me to hear!”

“Slap!”

Another vicious smack, Ji Feng coldly shouted, “Scream! Scream one more time for me to hear!”

“Ah~~”

That KAI Peng man's voice was shaking in pain, he clenched his teeth, that beaten and already swollen face made the sound coming out of his mouth slurred: “Eight”

A cold light flashed in Ji Feng's eyes as he flung his hand and delivered another vicious smack.

“Slap!”

“Keep cursing!” Ji Feng said coldly, “Let me see how hard your bones are!”

“Good hit!” Ji Shaolei shouted and waved his fist vigorously a few times.

“That's right, that's how you should fight!” Ji Shaojun laughed loudly.

These few strikes by Ji Feng were really relieving and made them all excited to watch, especially Ji Feng's cold and domineering pumping, watching the two of them, Ji Shaolei and Ji Shaojun, only felt an

extremely exciting current rising from their tailbone and then rushing straight to their brains along their vertebrae.

Ji Shaojun, in particular, was seeing such a cold scene for the first time, causing his body to tremble slightly in excitement.

The people around him, on the other hand, were terrified, knowing that Ji Feng's face seemed to be instantly smashed by that fierce smack that went through the Kepong man, yet Ji Feng's expression did not change in the slightest, and each of those smacks caused the hearts of the people around him to jump wildly a few times!

"Scold again!" Ji Feng's voice rang out again.

"You"

"Slap!" Ji Feng gave a backhanded swipe, instantly knocking the words of that boundary pontiff back into his stomach, "I told you to keep cursing, didn't you hear me?"

"....."

However, that boundary pontiff had already been smacked and his face was completely swollen, even his eyes were almost a slit, and the corners of his mouth were continuously dripping blood, that appearance was miserable to the extreme.

In fact, if a normal person was hit, the face would indeed swell up, but not so quickly and so badly.

But Ji Feng's strength was not comparable to that of ordinary people, and although he did not use bio-currents, that kind of strength was already astonishingly large.

One could imagine how terrifying the effect of Ji Feng's hard smack should be.

"Zap!"

Another fierce blow hit the Kepong man's face, and this time, the Kepong man could only let out a miserable scream, and a string of blood was even brought out from the corner of his mouth to spray on the ground!

Ji Feng said coldly, "Didn't you hear my words?! I'll let you keep cursing!"

Everyone couldn't help but feel a bit numb, thinking that it was not a good thing to have a cheap mouth!

The man who had been beaten must have had a cheap mouth and had completely angered the young man, and looking at his cold look, it was clear that he was suppressing his anger.

"Show your karate and give me a taste of it!" Ji Feng said coldly, and along with those words came another vicious swipe.

"One more curse for me to hear!"

"One more word for the Chinaman!"

"Let me see how hard your bones are!"

.....

Ji Feng gave a fierce whip with every cold cry, and when the beating came to an end, one could just see the Kepong man on the ground, his face was really smashed, starting from the corner of his mouth, listing a big mouth, and with every whip, blood splashed on the ground.

That scene, watching people really eyes jumping wildly, the scalp numb, really do not dare to look on.

It was only when the Boundary Pontiff passed out from the pain that Ji Feng stopped.

With a calm face, he wiped the blood off his shoes with the Kepong man's clothes, then put his shoes back on and prepared to turn around and leave.

“Stand still!”

Suddenly, a loud shout came down from upstairs.

Campus Master Chapter 1912

With a calm face, he used the clothes of that boundary pontiff to wipe the blood off his shoes, then put them back on and was ready to turn around and leave.

“Stop!”

Suddenly, a loud shout came down from upstairs.

But Ji Feng simply ignored it, and just walked up to Ji Shaodong and said, “Big brother, let's go.”

Ji Shaodong nodded slightly and was also ready to leave the place, he had nothing to worry about regarding what had happened in this hotel, things had already gone out, just find a way to solve it.

Besides, apart from the fact that Lao San had beaten up that Kepong man, there was really nothing wrong with the rest of it.

After all, the fault was not on their side, and the matter could be justified anywhere.

“Too much fun, too much fun!” Ji Shaolei laughed.

“That's right, it's indeed very enjoyable!” Ji Shaojun was deeply convinced that Ji Feng's continuous vicious smacks with his front and backhand were indeed quite addictive.

Earlier, the KAI Peng people were so arrogant that they were even heckling them as if they were grandsons, which had long made them hold their anger with no place to vent it, and now, well, Ji Feng's vicious smack to the face was really a great pleasure.

If the occasion wasn't wrong now, Ji Shaojun would have wanted to drag Ji Shaolei to celebrate with a few more drinks!

However, Ji Shao Hong was frowning and said in a deep voice, “Boss, should we do something?”

Ji Shao Dong waved his hand, “There's nothing that needs to be done, let's talk about it when we get back.”

A few people then headed straight out, but at that moment, a voice sounded behind them, “What, do you want to leave after beating someone up? Even if the Ji family is a powerful family, they can’t be so arrogant, right? The ones you beat up are foreign guests!”

Ji Shaodong frowned at once and stopped in his tracks.

Ji Feng and the others all turned around as well, and just by listening to what was being said, they knew that the right person had appeared. At least, it was also someone who knew the inside story.

Ji Feng found that the person who spoke was a middle-aged man, about forty years old, wearing a suit and shiny leather shoes under his feet, which could almost be used as a mirror.

The middle-aged man’s face looked normal, there was nothing strange about it, but when you think about what he said, it was a bit interesting.

“Who are you?” Ji Shaojun asked in an unkind tone.

“I am the general manager of this hotel, surnamed Mao, you can call me Manager Mao!” The middle-aged man said indifferently.

“Manager Mao What, you still want to leave us behind?” Ji Shaolei sneered and stared at that Manager Mao with an unkind expression, for those who were intent on making mischief, Ji Shaolei would never be polite with them.

“As the manager of the hotel, I have the obligation and responsibility to stop you from leaving, especially, you still beat up foreign guests here, I think, I can’t let you leave even more!” Manager Mao said indifferently, “I have already reported to the police, and the police will arrive soon, so I hope you can cooperate and stay here until the police come and investigate the matter clearly, before you can leave!”

“Bullshit!”

Ji Shaolei snorted coldly, “Just by you, you want to keep us here? Now you come out in a righteous manner and make a big speech, what were you doing when this KAI Peng man was being arrogant and domineering here just now?”

This conflict had been going on for so long, but they hadn’t seen the manager of the hotel show up, and now they were leaving, but the manager had come instead, and even asked them to stay until the police arrived.

How could Ji Shaolei be polite to such people?

If you insist on leaving, then don’t blame me for not being polite, our hotel must protect the personal and property safety of our guests, and we will not allow any criminal to come here to cause trouble!

As he spoke, he saw this manager Mao waving his hand, and then a group of people in security uniforms quickly came down from the upper floors, all of these people still had batons in their hands, and all of them looked aggressive, surrounding Ji Feng and the others.

Ji Shaodong said in a deep voice: “Looks like you have to cause trouble?!”

Manager Mao grunted: "I don't understand what you're saying, I'm helping the police and also protecting the personal safety of the guests in my hotel, you beat up my guests, you have to stay and be investigated by the police even if you're a magnate's son!"

He looked at those people surrounding him who were onlookers and said aloud, "Although our hotel is not big, yet, we are not afraid of the oppression of certain magnates and nobles, although you are the gentry of the Ji family, we likewise adhere to our principles!"

"Heh!"

Ji Feng couldn't help but sneer, this Manager Mao was really full of righteousness, yet, he kept telling others that this was someone from the Ji family causing trouble, he was really afraid that others wouldn't know about it!

Ji Shaodong's face sank slightly, this Mao manager opened and closed his mouth about the Ji family, making him angry.

This Manager Mao was clearly sullyng the reputation of the Ji family, and it could be said that he had no scruples whatsoever and was reckless!

"That's fine!"

Ji Shaodong nodded and said, "In that case, then I'll wait here for the police to come!"

Ji Shaolei whispered, "Boss, there's no need to be common sense with such a contraption, let's just leave, what's the point of paying attention to him!"

But Ji Shaodong shook his head slightly, his attitude was very firm.

Ji Shaolei had no choice but to follow and stay, but he looked at that manager Mao, but he was quite unhappy, this human-like thing, a bit too much!

At this time, Ji Shao Hong but asked in a low voice: "Shao Jun, what is the owner of this hotel's origin?"

Ji Shaojun said, "It's not much, it's just a beautiful woman from out of town who opened a club in Yanjing and made friends with some famous women and opened this hotel, the rest, I don't know."

Ji Shao Hong couldn't help but glare at him, this guy did nothing but eat, drink and play all day, his mind never went to the right path. If it was just an ordinary hotel, would this general manager dare to be so arrogant to the guests?

Obviously this so-called manager Mao had something to fall back on, but right now they didn't know.

Their conversation naturally fell on the ears of Ji Shaodong and the others, but Ji Shaodong only smiled lightly and said in a deep voice: "These are all irrelevant, if you want to know, let one check it out and it will be clear, none of it matters! You have to remember, people from our family, outside can't bully people, but, if they are bullied to the head, the name Ji family, is not for show!"

Ji Shao Hong and Ji Shao Jun couldn't help but ache, they knew that Ji Shao Dong was furious.

Ji Feng, on the other hand, was also a little surprised, this was the first time he had seen his big brother say such open words, it seemed that these people had also angered the boss by finding fault one after another.

Ji Feng couldn't help but shake his head and laugh, these people are really stupid, it's fine to make some trouble, but they are so aggressive, it can be said that they are deceiving people too much, they even dare to ruin the reputation of the old Ji family, this is good, they have angered the boss!

Do you really think that this is all that can be done to the Old Ji Family?

When the boss gets angry, do these people think they can stand up to him? Even their elders, and even their backstage, would have to be afraid of them, and even have to weigh them up properly.

Stupid!

This was the assessment given by Ji Feng.

After that round of venting just now, Ji Feng had almost vented the anger in his heart, so he could now analyze this matter very calmly.

Obviously, this Mao manager was definitely some people's lapdog, a horse's pawn, specializing in charging ahead.

If this kind of person can withstand the pressure, he may end up getting a lot of rewards from his master, but if he can't withstand the pressure, or if he really angers his master's opponents, when the time comes, once the fight starts, it is this kind of person who will be abandoned first!

So don't look at this Mao manager as a man of five or six, Ji Feng really felt a bit sad for him.

This person was working too hard for his master, and if he hadn't worked so hard, he wouldn't have angered the boss, Ji Shaodong.

It was now predictable what fate would follow for this manager Mao

The company's main business is to provide a wide range of products and services to the public.

Before he had time to think more about it, the sound of sirens came from outside the hotel, and some police came.

Ji Shaolei couldn't help but snort coldly, "Heh! This police speed is really fast, even if they were running, they would have come long ago!"

A group of policemen quickly walked in, and the policeman at the head shouted, "Who called the police? What's going on?"

"It's like this, there was a deliberate assault in our hotel" Manager Mao immediately stepped forward and spoke extremely fast to tell the story of what happened, however, he intentionally or unintentionally left out the cause of the incident, only saying that he saw Ji Feng was just wildly beating That Kepong man.

Even Ji Feng had to admit that this manager Mao was very eloquent, and once this matter was said by him, it made everyone's attention shift to the beating of the foreign guest, and the beating was so bad that it made people's scalps tingle.

As for the cause of the incident, no one paid any attention to it. Moreover, with the miserable beating of that Kepong man there, even if the police knew the cause, they would have a preconceived impression in their mind and would not feel good about them.

What's more, who knows if these police officers will be found by the hotel and whether they will be able to handle the case impartially is still an unknown.

After hearing what Manager Mao said, the policeman's brow furrowed.

Although this was Yanjing and the fear of foreigners here was not as obvious as in other places, it was still very troublesome when foreigners were involved, and it might become a diplomatic incident.

The policeman had to say, "First take the injured to the hospital, in addition, ask the witnesses and relevant people at the scene to go to the police station, and bring relevant evidence such as surveillance videos with you"

The manager said, "By the way, our hotel's monitoring suddenly broke down this morning, and called the after-sales staff to repair it, they haven't come yet, so, for the time being, there is no monitoring video!"

Ji Feng's eyes narrowed, a cold light flashed in his eyes.

Campus Master Chapter 1913

But Manager Mao said, "By the way, our hotel's surveillance suddenly broke down this morning and called the after-sales staff to repair it, they haven't come yet, so, for the time being, there is no surveillance video!"

Ji Feng's eyes narrowed and a cold light flashed in his eyes.

And Ji Shaolei was instantly furious: "No CCTV footage? Do you take us for three-year-old children?"

This Mao manager was obviously playing a trick, like this high-class hotel, all aspects of hardware facilities must be perfect, how could there be no surveillance video?

He also said that the surveillance was broken in the morning, Is there really such a coincidence in this world?

The first thing you need to do is to get a good idea of what you're doing.

However, in the face of the angry Ji Shaolei, that Mao manager is spread out his hands, said: "I did not say that there is no surveillance video in the hotel, I just said that the surveillance video was broken in the morning, and it has not been repaired yet, If you do not believe it, I can not help it, the police comrades will certainly go to check, when the time You will know!"

Looking at Manager Mao's innocent look, Ji Shaolei nodded heavily, a cold laugh burst out from his teeth: "Good! Very good! Manager Mao, right? You're really good!"

Manager Mao immediately turned his head to look at the leading policeman and asked, "Comrade police, is this a threat and intimidation?"

The policeman in charge had a headache and waved his hand, saying, "Don't say anything, we'll investigate what's going on here, but don't say anything until you've taken a statement!"

Manager Mao immediately said, "We at the hotel are fully cooperating with the police investigation, comrade police, you have worked hard!"

The leading policeman didn't say much to him, but just nodded slightly in response, and then he asked in a deep voice: "Who actually did it? Or is it that several of you did it?"

Ji Feng said indifferently, "Aren't you allowed to investigate?"

The policeman's face instantly sank and he waved his hand, "Take them all back!"

"On what grounds?" Some of the customers were not happy, and someone bristled, "We only came here to eat, this has nothing to do with us, why should we be taken away? I don't want to go, what's the matter?"

"I didn't say I was taking you away!" He said in a deep voice, "It's just because you all saw the whole thing, so I'm going to ask you to go to the police station to take a statement.

"That's not necessarily true!"

A man laughed, "My time is precious, I don't want to lose a minute!"

"Exactly! I have things to do next, who has time to mess around with you guys!" Another person also said in a salty manner.

"It's a civic duty for you to help the main police!" A policeman, seeing that no one around him was very cooperative, turned red and said in an exasperated voice.

"Ha!"

A man was instantly amused, "Little comrade, you've only been on the job for a short time, haven't you?"

The leading policeman couldn't help but reprimand his men, "All right, don't say such useless things!"

The policemen under him might not know, but the policeman in charge knew very well that spending money in this hotel was not something that some poor people could afford, and those who could come here to eat were either rich or powerful.

If you talk to these people about their obligations, don't they understand this?

Which of these people are not human-like characters?

If they are willing to go to the police station to make a statement, why do they need you to talk about it? Now it is clear that these onlookers do not want to get involved in this matter, so they should not be forced to do so.

The situation was already quite complicated when foreign guests were involved in this conflict, and if these people were involved, it would certainly be even more complicated.

In fact, after the lead policeman had observed the situation for a moment, he understood everything.

It seemed that there was something else going on in this conflict.

Other than that, just by looking at these young parties, they all had an extraordinary bearing and were obviously not ordinary people.

If not, how could they have dared to beat up the foreign guests so miserably, while they still looked indifferent, not even a trace of fear could be found on their faces, which was enough to say a lot!

But although this hotel's manager Mao put on an innocent look, in reality, looking at his eyes that flickered from time to time, one could tell that this guy was no simple character either.

It looked like this incident was very complicated, maybe it involved a tug-of-war between some big shots.

This kind of thing is not uncommon in Yanjing, and as a police officer, the only thing you can do is to try to make the big things go away, and if one party is not willing to reconcile, then you can only try to deal with it fairly and justly, otherwise, if any party gets angry, it is not something that a small police officer like yourself can bear!

These thoughts flashed quickly through his mind and the lead policeman knew what to do, but he still had a bit of a headache, knowing what to do was one thing, maybe not being able to do it was another!

The lead policeman's mouth said, "Everyone, we are not forcing you to go to the police station to take statements, we just hope that you can do us a favor and do your duty, those who are willing to give statements are warmly welcomed and much appreciated, those who are not willing to give them, please go ahead and get busy, otherwise so many people around here will disturb us from handling the case"

The police have a lot of people who are not willing to give money, but they are not willing to give money.

The policeman laughed bitterly at this, saying, "Who would dare to treat you as human beings?"

The police officer sighed bitterly and came to Ji Feng and others and said, "Everyone, you have seen the scene, if anyone has moved, come forward, let's go to the police station to solve this matter properly, otherwise so many people are watching, the impact is also very bad, do you say?"

Ji Shaojun slanted his eyes: "What if we didn't hit anyone?"

The policeman laughed bitterly: "How is that possible, after all, this Mao manager has already pointed you out"

Ji Shaojun was not very cultivated, he sneered, "What the hell is Manager Mao? What the hell is he? He said we hit someone, so we did? Where's the evidence? Isn't it too overbearing to try to convict us on the basis of one side of the story without evidence?"

The policeman was stunned, he didn't think that Ji Shaojun would dare to deny it in front of so many people, there were so many people around who saw what happened, wasn't this telling lies with his eyes wide open?

But once he thought of the attitude of the onlookers, the police could not help but freeze – those onlookers, seemingly unwilling to come out to testify against these people ah!

And the hotel's security camera is broken, want to find evidence, it is not too easy

At this time, Ji Shaojun waved his hand and said, "Forget it, Shaojun, this kind of tactics, not what we should use."

Then, he looked at the policeman and said in a deep voice, "I'll go with you to the police station, I beat the man up."

"No, he's lying! The one who assaulted the foreign guest was that person!" Manager Mao pointed directly at Ji Feng, "It was him who beat up the man, I saw it with my own eyes, and I wasn't the only one who saw it"

"Humph! Did you really see it?" Ji Feng asked in a deep voice.

"Of course!" Manager Mao said, "I was right upstairs and saw it for real, it was you who moved the hand!"

"You saw the whole process?" Ji Feng asked in a cold voice.

"Of course I saw it!" Manager Mao said very authentically, "How else would I know so well?"

"Then good is right! It was me who moved the hand!" Ji Feng nodded his head slightly and admitted it very readily.

"..... It's true that you beat up the man?" The policeman froze for a moment.

"Won't you guys investigate? Won't we know if we check?" Ji Feng lifted his foot and pointed to his shoe, "Look, there's still blood on this shoe that hasn't been wiped clean, I used this shoe to beat him up!"

The policeman was stunned, "Why did you hit someone?"

Ji Feng said, "He deserves a beating!"

Policeman: "....."

Ji Feng raised his hand and looked at his watch and said, "If I remember correctly, it's been nearly ten minutes since I clashed with that man, I believe there should be quite a few people who saw it, what exactly is going on will be clear once you check."

Because he knew that this was someone who wanted to see the fun, and this Mao manager was obviously the other party's pawn, so at first Ji Feng was planning to fight with them.

However, when this Mao manager said that there was no CCTV footage in the hotel, and even then he was tangled up, Ji Feng immediately understood that the other party was not trying to take him in any way, but rather what they wanted was to be tangled up.

This is to tarnish his reputation, and thus the reputation of the old Ji family!

He always believed in the saying – in this world, there are no absolute coincidences, and if there are, it's because someone deliberately created them!

And Ji Shaodong's sudden admission that he had beaten someone up made Ji Feng realise that his elder brother was thinking the same way as he was and making the same judgement.

So without a doubt, Ji Feng decisively took the blame.

The matter itself was not a big deal, it only involved foreign guests, it was no big deal, Ji Feng only had to fight with them, it was only against the person who was hiding behind the curtain.

Campus Master Chapter 1914

"Comrade police, I think the most important thing you should do now is to gather evidence as soon as possible, not to take people away!" Ji Feng said indifferently, "I know the person I beat up, that person has at most a superficial injury, not even a minor injury, even if it is dealt with severely, the most I can do is to be detained for a few days, compensate for some medical expenses, or one of the two!"

Ji Feng had beaten the man with his own hands, so he was naturally the most clear about how badly this man had been injured.

In fact, Ji Feng was already deliberately controlling his power when he was hitting, otherwise, that Kepong man would have been smashed to pieces even if his head was made of steel!

Moreover, Ji Feng had not activated the bio-current when he did it, and he had only struck towards that Kepong man's face, so he could be sure that that Kepong man was definitely not heavily injured.

He remembered that someone had said that the most durable part of a person's body was definitely the buttocks, because there was a lot of flesh on the buttocks and the flesh was thick, so even if the skin was split open in the end, it wouldn't have much of an impact, and it would be fine after a few days of rest with some ointment.

But in fact, the human face is similar to the buttocks, as long as you don't hit it hard with a blunt instrument, nothing will happen either.

That's what it means to have your face smashed!

And for that Kepong man, since he is so arrogant and even arrogant that he doesn't even know what his last name is, to hit such a person, you have to hit him in the face!

Let's smash his face in, and let him know that it's not good to be arrogant too much.

Especially, his mouth is not clean, and he opens his mouth to 'Baka', 'Chinaman' and other highly insulting words, Ji Feng has to let him know that since he can't control his mouth himself, then Ji Feng will do it for him.

If he dares to curse one more time, his mouth will be torn apart.

If he dares to say one more word about a Chinaman, he will have his face smashed!

To deal with this kind of person, you can't give him half a face, you have to trample his dignity on the ground, or even throw it directly into the shithole, to make this kind of person who never knows what respect for others is, choke to death by pressing his head into the shithole!

To make him live with no dignity at all

This is the price for that Kepong man cursing out 'baka' and 'Chinaman'!

This is how Ji Feng thought, and likewise exactly how he did. Only, in this big public, he could not afford to go that far, so he just smashed that Kepong man's face, but did not press him into a cesspit and there is no cesspit to be found here!

But this kind of damage to the face is actually really nothing for an adult body, as Ji Feng just said, this may not even be considered a minor injury, unless it is disfigured to be considered an injury, and perhaps a violation of the criminal law.

However, Ji Feng knew that although he had smashed the face of that boundary pontiff, he had definitely not disfigured him, so this was nothing at all.

This kind of direct face smashing method, in fact, the real damage to that boundary pontiff is in the psychological aspect.

As the saying goes, a man lives with a face and a tree lives with a skin, as a human being, how suffocating would it be to even have one's face smashed raw?

This kind of beating is simply full of humiliation!

Imagine if it were yourself in a conflict with someone and you were smashed in the face, it would be so humiliating that even if you killed the other person later, you would still gnash your teeth with hatred and feel your face burning every time you thought about it for the rest of your life!

This was the effect Ji Feng wanted, he wanted to make that Kepong man remember for the rest of his life that the Chinese people were definitely not that easy to bully, and that if he dared to use such insulting words to the Chinese people, then the Chinese people would dare to trample his dignity into the cesspit!

Therefore, Ji Feng didn't care what kind of responsibility he had to take for hitting the so-called foreign friend.

Rather, it was this hotel's Mao manager that disgusted Ji Feng.

He grinned and his gaze fell on Manager Mao: "However, there is one point I want to make clear, as I have just said, from the start of the conflict to the end, almost ten minutes in between, as the manager of the hotel, this one, however, said himself that he had been watching from upstairs, but did not come down to stop It seems like this hotel should be given a good overhaul!"

When Manager Mao smiled, he couldn't help but snicker: "Whether our hotel needs to be rectified or not is not something you can decide with just a few words, could it be that what this old Ji family man says is all holy writ?"

Ji Feng said noncommittally, "Of course, the words of the Old Ji Family are not holy orders, but the reputation of the Old Ji Family is not something that anyone can corrupt at will!"

Manager Mao snorted coldly, disdainfully.

Ji Feng didn't care exactly what his attitude was, the moment this dog's leg, Manager Mao, stood up on behalf of his master, he had already made his attitude clear, that was to stand against Ji Feng and try his best to make a big deal out of it, and then corrupt the reputation of the Ji family.

As to whether this Manager Mao had any other purpose, Ji Feng did not know for the time being, but just the first two points already meant that he was Ji Feng's enemy.

For his enemies, Ji Feng would never be merciful. To be merciful to an enemy is to be cruel to oneself, and this Ji Feng knew better than anyone else.

Things had come to this point, even if it was a stalemate, which gave the policeman who was leading the team a headache.

The reason was simple, Ji Feng had already made things very clear, he frankly admitted that the foreign guest was beaten up by him, without hiding anything, not even half-heartedly shirking his responsibility.

The most serious way to deal with the situation would be to detain the injured foreign guest.

The most difficult thing now is that the police need to investigate the whole thing, such as the cause, the process, and so on.

But looking at the people present, apart from the manager Mao who was willing to testify, no one else was willing to get involved.

However, the testimony of the manager alone was not enough evidence to convict Ji Feng.

What's more, Manager Mao just said something that made the policeman leading the team couldn't help but feel alarmed – Manager Mao said something about the old Ji family.

Who in Yanjing didn't know about the Old Ji family?

The policeman leading the team really didn't expect that this young man was actually from the Ji family. He couldn't help but feel a wild jump in his heart, because he immediately realised that he was afraid that he was involved in a big trouble.

This manager Mao knew that Ji Feng was a member of the Ji family, but he still dared to confront Ji Feng like this, not letting go of him in the slightest, what did this mean?

But don't say that someone is just not afraid of power and dare to stick to the truth that is all used in books to brainwash children, if there are really such people in this world, then the end must also be very tragic, as a police officer, for the dark side of this society he has seen too much.

There is only one explanation

This is a very good way to get the most out of your life.

“What is this all about!” The police officer leading the team secretly cried out in his heart, this is really a hot potato, if not handled properly, he would really become a rat in a wind box – suffering at both ends!

“Cough~~!”

The policeman coughed lightly and said, “So what, since you’ve admitted it, then come back to the police station with us first to accept the investigation, Manager Mao, as a witness, you also have to take a statement, we will continue the rest of the investigation!”

He was only a small captain himself, he couldn’t handle these big young masters, it was better to bring them back to the leader.

Ji Feng nodded: “No problem, however, I hope you can investigate as soon as possible.”

Ji Shaolei was instantly furious, he was just about to speak, but was stopped by Ji Shadong: “Lao-san beat someone up, he should be investigated and dealt with, you should not say much.”

“Humph!”

Ji Shaolei snorted coldly and said, “Comrade police, I am Ji Feng’s second brother, I have seen clearly what this matter is all about from the beginning to the end, I hope you police can handle it impartially, otherwise, I will definitely pursue it to the end!”

The police officer immediately said, “That’s natural. We will definitely handle the case impartially, this is our principle!”

At this time, Ji Shadong spoke up, “Comrade police officer, don’t feel any pressure, just concentrate on the case.”

The policeman nodded repeatedly, compared to Ji Shaolei and others, Ji Shadong’s aura was even more extraordinary, and obviously at a glance he was the kind of person who had been in a high position for a long time, all carrying an aura different from others, and also a bit more majestic, his words could not be disregarded.

“Then let’s go now!” Ji Feng said.

“Go!”

The policeman waved his hand, “Xiao Li and I will take them back to the police station, you stay here and continue the investigation, please cooperate and give a statement on the spot”

Before he could finish his words, he suddenly heard a pleasant voice ring out, “Wait a minute, I can testify!”

Everyone froze and looked at the voice, and saw a woman dressed as a woman walking down the stairs.

The first thing they saw was a pair of women’s mountain boots, she was wearing dark leggings underneath and a white trench coat, her hair was simply short with floppy ears and she looked very much in a British air.

This is a very beautiful woman with a wild look that makes people want to conquer her at first sight.

However, this woman's gaze was so severe that many of the men present could not help but avert their eyes when they were swept away by her gaze, not daring to look at her.

And behind this woman, who was full of heroism and beauty, were two ordinary-looking young men, but if one looked closely, one would see that both of them had eyes as sharp as a hawk's, and were clearly not ordinary people.

Watching the woman walk down the stairs step by step, the policeman couldn't help but ask, "This lady, are you the one who wants to testify?"

"That's right!"

The woman nodded slightly, "I saw the whole process of this matter, it was this man who did the beating!"

Swish!

She pointed directly at Ji Feng!

Campus Master Chapter 1915

Another person who has fallen on his sword!

Or, was this pretty woman also in league with Manager Mao?

Ji Feng looked calm, and he had an indifferent attitude towards this woman's testifying. Anyway, the matter had already been done, that boundary pontiff had also been beaten by him, and this woman's testifying would not make his crime matter one more point, it was already irrelevant.

However, Ji Shao Lei and Ji Shao Jun's expressions had become very unpleasant, and even Ji Shao Hong, showed a few moments of anger.

Did these people really think that the people of the old Ji family were all dead people?!

Ji Feng had already admitted that he had beaten up the man and hadn't refuted it in the slightest, wasn't that enough?

It was already annoying for them to have a manager Mao come out and turn black and white, and now there was a woman who came out of nowhere, simply bullying people too much!

Even if Ji Shao Hong was more cultured, he couldn't help but get angry now.

But Ji Shaojun suddenly touched Ji Shaohong, as if he wanted to say something, but was glared at by the latter, so he had to shut his mouth and not say anything.

The police officer who was leading the team had an even bigger headache, seeing that the matter was about to be gradually resolved, how come there was now such a granny to follow the trouble?

The onlookers were also looking at the woman, and no one present was stupid.

They had long since picked up on the flavour of the situation, especially when they realised that one of the parties involved in the conflict was the Yanjing Ji family.

That's why none of them had left, but none of them dared to get involved easily.

But this woman was not afraid at all, which made the others secretly amazed, and some were speculating what her origins were.

Of course, the vast majority of people thought that this woman and the manager were actually in cahoots, otherwise who would have rushed to offend the Ji family?

However, to everyone's surprise, the woman testified against Ji Feng, but then turned her words around: "However, I think that the Kepong man should be beaten! Moreover, the fault in this matter does not lie with this Mr. Ji, but with the Kepong man whom you call a foreign friend!"

Everyone could not help but stare.

The woman didn't care what the others' reactions were, she just said, "I recorded this incident from beginning to end, and I saw it with my own eyes, the video is on my mobile phone.

The policeman was stunned, "This lady, you recorded the whole thing?"

"Why, do I have to lie to you?" The woman asked indifferently, "I, Yao Yue Ran, am not that bored!"

"Where where, I'm just a little surprised" The policeman waved his hands in a hurry.

Ji Feng and the others, however, could not help but be taken aback, "Yao Yue Ran? Shaojun, she is Yao Yue Ran?"

With an astonished look on his face, Ji Shaojun nodded, "That's right, she is Yao Yue Ran, how did she appear here?"

This time Ji Shao Hong finally understood why Ji Shao Jun had touched him repeatedly just now, it turned out that Ji Shao Jun had recognized just now that this woman was Yao Yue Ran.

"This is the memory card, the video is inside!" At this time, Yao Yue Ran already but already took off the memory card in the phone and handed it to the police officer who was leading the team, "If you need, I can also follow to the police station to make a statement."

"Of course it's best if you can go! This Ms Yao, thank you for your cooperation!" The policeman said hurriedly.

"No need to thank you!"

Yao Yue Ran waved her hand and hummed, "I am just doing what I should do, at least, I am not willing to be the kind of person who looks on with cold eyes and despises the kind of person who hides in the shadows to watch the joke, and if the other party is a man, I despise him even more!"

The policeman nodded his head repeatedly, but he didn't quite understand Yao Yue Ran's words, what was meant by hiding in the shadows and watching the jokes.

Ji Feng and Ji Shaodong, on the other hand, looked at each other and both saw the glint of realization in each other's eyes.

As expected, it seemed that there was indeed someone hiding in the shadows to watch the jokes!

However, Yao Yue Ran's appearance was somewhat unexpected. They had talked about her before, but they hadn't expected to meet only a few days later.

Now that the New Year had just passed, how come Yao Yue Ran had appeared in Yanjing? And also so coincidentally appeared here?

Ji Feng didn't think much more about it, because the police officer leading the team asked them all to follow him to the police station, and Yao Yue Ran also followed along, and of course, the two young men beside her also followed closely.

Because he was worried about Ji Feng's safety, Ji Shaolei also went along.

Ji Shaodong and the others stayed in the hotel, although they were 'witnesses' they were also too close to Ji Feng, so the statements they gave were invalid and they did not follow them.

The excuse he gave was that there were still things to do at the hotel, but he would definitely go and take a statement when he was free, which was completely at odds with his previous impassioned promise to go to the police station to take a statement.

As soon as the parties involved left, the onlookers naturally dispersed. If they were too curious and had to stay to see what was going on, they might get into trouble.

When everyone left, Ji Shaodong did not leave, he directly took out his phone and dialed a number.

His actions were naturally seen by Manager Mao, who secretly smiled coldly, needless to say, Ji Shaodong was definitely going to use his power to use some government departments to retaliate against himself.

Manager Mao is not worried at all, to deal with the hotel, can only use the health, fire and so on, Ji Shaodong in these areas have relations, his background also has.

What's more, Manager Mao would like to see Ji Shaodong do this, when the time comes, if Ji Shaodong does too much, then naturally someone will find him in trouble!

"Old He, this is Ji Shaodong give me the contact information of the president of the Yanjing Hotel Association." Ji Shaodong's voice came through.

The next moment, one could see Manager Mao's face, swish, go white.

What happened?

Ji Shaodong was actually looking for the hotel association? How come he hadn't approached the health and fire services?

If it was a small restaurant or something like that, of course, the most fearful thing was the health management department, or the fire service and so on, because one word from them could decide whether your hotel could still do business.

But for big hotels, these departments do not dare to mess up, because the big hotels are powerful, and certainly have a certain background, messing up will cause a bad impact, after all, this is the foot of the emperor, messing up, once known by the top, when the time to lose the official dismissal is light.

So those who run big hotels are basically not very afraid of these departments, but of course they will try their best to get a good relationship.

However, they are not afraid of this hotel association.

Although this so-called hotel association is only an organisation set up under the guidance of the government, it has great influence on these big hotels and has great prestige among the people.

The most important thing is that the assessment of the hotel association will be the key reference for the health and fire services.

If the association wanted to block any hotel, that hotel would have no chance to turn around!

Manager Mao could never have imagined that Ji Shaodong would go directly to this hotel association!

A thousand calculations, how could he not have counted on this move!

He could only hope that his boss could get through to the hotel association and be able to withstand the pressure. Otherwise, the hotel would definitely have to close down and he would be swept out of the hotel.

At that time, his own downfall

Not long after, Ji Shaodong hung up the phone, then called again according to the contact information provided by the other party: "I am Ji Shaodong I want to report"

Within the next few minutes, Ji Shaodong kept calling, and still calling different people separately.

And with every call Ji Shaodong made, Manager Mao's face turned a shade whiter.

At the end of the day, Manager Mao's face had become so hard to see that he could barely keep his composure and was about to go upstairs, but he was stopped by Ji Shaodong.

"You!"

Ji Shaodong's tone was not the slightest bit polite: "I'm only going to wait here for two minutes, let someone with enough weight come over and talk to me, or else you'll suffer the consequences!"

Looking at Ji Shaodong's majestic demeanor, Manager Mao surprisingly did not dare to say another word, so he hurriedly thumped upstairs.

With his hands behind his back, Ji Shaodong just stood there with a non-angry expression. However, if those who were familiar with him saw it, they would immediately understand that Ji Shaodong was angry!

From the beginning when he was rebuked by the people of that sector, to later on when Manager Mao's rampage, reversing black and white, made Ji Shaodong realize that there must be someone in the

shadows watching the joke, until now when Ji Feng was taken away by the police all the things that happened in between made Ji Shaodong, who was calm enough and cultured enough, also angry.

The people who are familiar with Ji Shaodong know that this Ji family youngster, who is praised as one of the three greats of Yanjing, usually does not get angry easily, but once he starts to get angry, it is a thunderous rage.

Outside, to a large extent, Ji Shaodong represented the Ji family!

Once Ji Shaodong is moved into a thunderous rage, it means that the whole Ji family is angry!

This anger, a little bit of weight is not enough for people, absolutely can not withstand, even if the weight is enough, want to withstand the Ji family's anger, but also absolutely not good!

Two minutes passed in the blink of an eye, Ji Shaodong looked at his watch, and then without saying a word, turned around and walked out.

Ji Shao Hong and Ji Shao Jun also followed closely behind them, they both knew that they didn't even have to wait until tomorrow, a storm would sweep through, Ji Shao Dong's thunderous anger was not that easy to bear!

"Brother Ji, why are you leaving in such a hurry?" Suddenly, a voice came from behind.

"It's Wu Zhiyong?!" Ji Shao Hong turned his head to take a look and immediately frowned, "There are also a few brats from other clans"

Ji Shaodong, however, turned a deaf ear and still walked outside.

"Ji Shaodong, it's not right to see an old friend and not say hello, is it?" Wu Zhiyong said aloud from behind.

"Swish!"

Ji Shaodong jerked to a halt, he turned around and swept his gaze over the bodies of those few people, Wu Zhiyong was a little better, but the other few family brats all had slightly changed their faces, no matter how hard they spoke or how they pretended, they still had fear in their hearts.

"So it's you!"

Ji Shaodong nodded his head and said, "I just need to know who is actually causing the trouble, as for greeting me I don't like to move my mouth, it's better to see the real thing underhand!"

After saying that, Ji Shaodong left straight away, while the few people around Wu Zhiyong, but their faces changed drastically, and they couldn't help but shiver all over.

See the real chapter underhand?

Ji Shaodong this is declared war?

Campus Master Chapter 1916

See the real thing underhand?!

Is this Ji Shaodong's declaration of war?!

Those few sons of other clans standing beside Wu Zhiyong could not help but shiver, even though they, or their clans, were all good friends with the Wu Clan and had a good relationship with each other, even though they were relying on the Wu Clan as a big tree, they still could not help but have their hearts violently jumping wildly a few times.

There were even two of the more timid ones who almost didn't scream out in shock!

As the eldest and eldest grandson of the Ji family, Ji Shaodong's words represented the voice of the entire Ji family, and his personal words were tantamount to Ji Zhenhua standing out and declaring war himself.

Especially when Ji Shaodong was leaving, the kind of gaze that swept over them, bland, firm, yet full of wariness!

There was no need to say that Ji Shaodong was already taking them seriously as opponents.

So, the next step would be for Ji Shaodong to go all out and fight them to the end!

And in this process, Ji Shaodong, Ji Feng, including the entire Ji family, will probably do so, when the time comes, the huge Ji family, will use all the means they can come up with, to deal with themselves and others, to ensure that they can win this war!

As soon as they thought of this, the few people around Wu Zhiyong could not help but have their faces change dramatically, and even their bodies subconsciously trembled a few times.

Originally, to be treated as an opponent by Ji Shaodong was something that was enough to make anyone feel proud.

Who was Ji Shaodong?

The eldest grandson of the Ji family, his status in the Ji family was not lower than Ji Feng's. Moreover, Ji Shaodong was on the career path, and in the future he was destined to be the successor of the third generation of the Ji family in the career path, and the elders of the Ji family attached great importance to him.

In the past year or two, Ji Shaodong has even started to make his mark, and when he visits some important figures in his faction, he no longer needs to be accompanied by his elders, so it is clear that he can already take up his own role, and can even be said to have started to take up the third generation of the Ji family!

What's more, Ji Shaodong was one of the dazzling figures who, together with the other two, were referred to as the three greats of Yanjing!

Such a person, even if one thought with one's toes, would know that he was certainly not a simple figure, and as the gentry of these Yanjing families, I'm afraid that no one knew more about the terrifying aspects of these top gentry of Ji Shaodong than they did!

This made several of the young men present couldn't help but tremble in their hearts at the thought of the kind of consequences that could happen.

Although they seemed to have disdain for Ji Shaodong and the others behind their backs, and could even arrogantly call Ji Shaodong an old fox and Ji Feng a wild bastard, in reality they knew in their own hearts that it was only an almost perverted feeling resulting from a mixture of envy, fear, hatred and gloating, and other incomparably complex emotions.

In fact, in their hearts, they only had two words for the Ji family's grandsons – envy and fear!

Only, as they got closer and closer to the Wu family, with Wu Zhiyong behind them, they thought they could be on a par with Ji Shaodong, so that original feeling of fear in their hearts made them feel somewhat humiliated.

We are both gentry, why should I be afraid of him? Instead of him being afraid of me?

They felt ashamed and humiliated by their own cowardice, and they also felt annoyed and resentful, one might even say incomparably hateful, at the strength of a few of the Ji family's gentry

So, as time went on, this sense of humiliation and hostility was fermenting and heating up, and eventually it took the form of a blind arrogance that was empty of everything, and the kind of boldness that seemed to be unbelievably strong by relying on a mouth to hold on to.

But in reality, this boldness is just a bubble, which will 'pop' with a gentle poke and immediately become shattered!

And Ji Shaodong, in a thunderous rage, personally declared war on all of them, which is equivalent to the finger that poked on this beautiful bubble, just a light poke, and a popping sound was heard

The seeming fearlessness and arrogance in the hearts of these gentry instantly disappeared without a trace, and was replaced by a bone-deep panic and a dense fear in their hearts!

However, up to this point they hadn't realized that they weren't that bold, but were simply overwhelmed by this intense fear and panic

These people have no pride, but carry themselves with pride, yet they don't know, whether they are pathetic or hateful!

The violently changing faces of the few gentry around him did not affect Wu Zhiyong.

Only, at this moment, Wu Zhiyong's face was likewise not too good, his brow was furrowed, his face was gloomy, and a burst of cold light flashed in his eyes.

"Wu, young Wu, look at him this is" a male son finally couldn't help himself, he looked at Wu Zhiyong, pointed his finger at the back of Ji Shaodong's departure at the gate and said with some stammering, "He, what does he Ji Shaodong mean by this? What does he mean?"

"Young Wu, he, who is he showing his face to?" One of the gentry couldn't help but say, "Mr. Wu, is this Ji Shaodong being too arrogant? Do you have to say something about this?"

"Yes, Young Wu, this Ji Shaodong is too arrogant! You do have to say something!" As soon as several other people heard this, they nodded their heads, deeply agreeing.

"What should I say?" Wu Zhiyong swept a glance at them and asked in a deep voice.

“This Ji Shaodong is so arrogant, he simply doesn’t put us in his eyes!” A gentry said.

“That’s right! Of course, this Ji Shaodong has always been so rampant and never put us in his eyes, but the most crucial thing is that he this simply does not put you, Young Wu, in his eyes!” Another gongzi said.

The others nodded their heads one after another.

Wu Zhiyong swept a glance at them, and that panicked look on these people’s faces naturally could not escape his eyes.

Seeing the panic on these people’s faces, and the strong look of fear in their eyes that could not be concealed at all, Wu Zhiyong could not help but secretly shake his head, these people, really a group of wine bags, unexpectedly scared by a few words of Ji Shaodong, simply unfit for use!

Wu Zhiyong couldn’t help but secretly snort, to be in the company of these people, that really disgraced him, even made him think that his IQ had dropped too!

“If I didn’t need a certain amount of peripheral help, how could I possibly hang around with these people!” Wu Zhiyong secretly shook his head in his heart, all of these people were all straw men, all wine bags, usually knowing how to shout and scream, but not at all useful in critical moments.

But the Wu family cannot be isolated, no matter how strong a family is, it must be surrounded by subordinates, or to put it nicely, it needs helpers!

But in reality, Wu Zhiyong knows that these people, not to mention helping, would be thankful if they didn’t add to the chaos!

It was worth fighting for the clans that these people belonged to, because there were many things that were not so honourable that the Wu family could not do personally, and at this time, these small clans could come in handy.

These thoughts flashed through his mind, and Wu Zhiyong no longer bothered to look at the disgusting faces of those fops, he just shook his head.

“Young Wu, you should say something, what should be done about this matter?” Seeing that Wu Zhiyong was silent, these few young men were a bit sullen.

“Yes, Young Wu, this Ji Shaodong is so arrogant, and now he is even provoking openly, what does he want? Does he still want to start a full-scale war?” A gentry said through gritted teeth, “Look at his arrogant look when he was leaving, he simply doesn’t put anyone in his eyes”

“You want him to put you in his eyes?” Wu Zhiyong asked.

“.....”

In a flash, the young man’s voice came to an abrupt halt, as if a hen that was screaming was suddenly given a hand around the neck.

The young man’s face turned red and his mouth opened and closed several times in a row, but he did not utter a single word. Everyone else was also silent, none of them speaking again.

Yes!

Ji Shaodong did not take them seriously, which made them feel very angry, and one could even say that they had a feeling of being insulted. With this move, Ji Shaodong was simply treating them like air, or even like a roadside cat or dog, as if he could step on them as much as he wanted!

These young masters felt annoyed, humiliated, and even felt that their self-esteem had been trampled on!

However, just as Wu Zhiyong had asked

Were they really willing, to let Ji Shaodong put them in his sights?

I am afraid that none of them would dare to answer positively, Yes!

They knew better than anyone else that if Ji Shaodong put them in his eyes, that meant that Ji Shaodong was on to them What kind of consequences would it be to be targeted by the young master of the Ji family, they could think of it with their toes!

No one wanted to be targeted by Ji Shaodong!

For a while, those few young people all had a resentful look on their faces, but they no longer dared to rave.

Seeing that they had all behaved honestly, Wu Zhiyong then coldly snorted and said, "This China is not owned by any one family, nor can anyone cover the sky with one hand, anyone can say harsh words, but to do what you say is the real deal, I'd like to see if his Ji Family dares to risk offending a large number of forces by going to full-scale war!"

Yes!

When the few other young people heard this, they instantly dawned on them.

Although their clans were not as big as the Ji Family, there was still the Martial Family next to them, and the Martial Family was able to fight the Ji Family head-on.

Would the Ji Family dare to completely ignore the repercussions and face so many families on their own?

"If the sky falls, there's a big one to hold it up!" Wu Zhiyong coldly snorted and said, "Even if Ji Shaodong were to strike, it would be against me first, you guys don't have to worry at all, just go back and tell your families to be more careful, and you all restrain yourselves and don't let anyone catch anything, that would be enough too!"

"As for the rest, you guys don't need to worry about it!" Wu Zhiyong said confidently and forcefully, "Although the Ji family is powerful, they still have to be careful of the influence, the sky, can't fall down!"

Campus Master Chapter 1917

"Young Wu, then we'll go back and say hello to our families first and tell them all to be careful?" A gentry asked.

“Go back!”

Wu Zhiyong nodded slightly and said, “Although the Ji family does not dare to make a big move, but, since Ji Shaodong has let out the word, then the Ji family will definitely make a move, tell the family members not to panic, it is no big deal, they can give in for a while and be restrained in the recent period!”

Several young people nodded their heads and answered yes, they all hurriedly left.

Watching these few young people leave the hotel lobby, Wu Zhiyong stood there for a long time without moving, but unlike just now, as soon as those few young people left, Wu Zhiyong’s face instantly turned gloomy, and his eyes also became extremely grim.

At this time, no one noticed that, standing at the railing on the first floor, the hotel’s manager Mao was already pale, even though it was the coldest season of the year, he was also covered in cold sweat.

Even Young Martial’s going down didn’t work, the Ji family’s people didn’t even give Young Martial face!

Manager Mao was standing on the first floor and saw the scene just now.

This discovery made Manager Mao’s heart instantly shocked to the core, and his face changed even more drastically.

In fact, at first, Manager Mao thought that if Young Martial came out, even if the Ji family’s people were rampant, they would have to restrain themselves a bit, knowing that the Wu family’s power was really overshadowing and powerful!

Although the Ji family is also a very powerful family in Yanjing, but compared to the Wu family is at most half a catty and eight taels, in this case, if the Wu young man comes forward, the people of the Ji family will have to give some face, at least not dare to go too far.

It was precisely for this reason that Manager Mao dared to be so arrogant in front of Ji Shaodong and the others, and even sneered at them, because he knew in his heart that he himself was certainly not qualified to compete with the Ji family, but his boss was, because behind his boss stood the youngest member of the Wu family!

However, the truth is, Wu Shao went down to say a few words, but the Ji family didn’t give him any face, instead, he dropped the sentence, “We’ll see the real thing underhand!”

And after hearing this, Wu Shao didn’t even say a word

What does this mean?

It was only until this time that Manager Mao realized that perhaps, originally in his own mind, the omnipotent Wu Shao might not really be that powerful!

At least, the people of the Ji family didn’t seem to care much about the Wu family at all, and in front of Wu Shao, instead of showing any signs of restraint, the people of the Ji family were more aggressive and spoke more harshly.

Did this not mean that Young Wu might not really be able to cover him and his boss?

Manager Mao's heart suddenly thumped, and he suddenly remembered that just now Ji Shaodong called the Yanjing Hotel Association, and many other departments, these departments are related to a hotel is the key to life or death, Wu Shao, can save the hotel?

At this moment, Manager Mao's mind was filled with all kinds of complicated thoughts, while the glorious image of Wu Zhiyong, who originally had an incomparably tall image in his heart, was somewhat shaken.

"Zee-!"

Suddenly, an ear-piercing sound came from the entrance of the hotel, a sound produced by the tyres rubbing violently against the ground, and immediately afterwards, a red sports car was seen to have stopped at the entrance of the hotel.

The car door opened and a beautiful figure got down from the car.

It was a heart-stopping woman, probably about twenty-five or twenty-six years old, or perhaps a little older, but it was impossible to tell from her appearance.

The woman was wearing a new style of flared trousers, high heels, a pink fur top and her hair up in a high ponytail, revealing her snow-white neck.

That tall figure, swaying posture, and that gorgeous outfit made a word come to mind immediately after seeing this woman.

Celebrity!

Because it looked like this woman was not very old, the word noblewoman could not yet be applied to her.

As soon as Manager Mao saw this gorgeous woman, his face immediately revealed a joyful look as he hurriedly greeted her at a trot, "Boss, you're back!"

The woman nodded slightly, and then walked straight towards Wu Zhiyong who was still standing in the lobby without moving, smiling sweetly, "Why are you standing here? Go upstairs, the room is reserved!"

Wu Zhiyong nodded, then turned around and went upstairs, the woman then followed behind him as if Wu Zhiyong was the master of the place.

The two of them went all the way to the third floor, and Wu Zhiyong lightly pushed open a room door and entered the room.

This is a very warm and luxuriously decorated suite, outside is a small living room, not very large, but very cozy.

Further inside, there was the bedroom. The woman's beautiful eyes flashed and wanted Wu Zhiyong to enter the bedroom, but Wu Zhiyong sat down on the sofa in the living room and said, "Pour me a glass of wine!"

A look of disappointment flashed in the woman's eyes, but it was only a flash, and then she turned around and went to pour wine for Wu Zhiyong.

“Whew~~!”

Wu Zhiyong leaned back on the sofa, resting his hands on the backrest of the sofa, and let out a long breath, with some sadness between his eyebrows, looking not very relaxed.

A few moments later, the woman handed the glass to Wu Zhiyong, and then stood behind the sofa, a pair of tender little hands caressed Wu Zhiyong’s temples, helping him to gently press it was clear that this was a woman who was very good at serving men, who knew very well what men were thinking, and knew what to do to best please them.

“Don’t be preoccupied with work after the New Year, your body is important!” The woman’s red lips lightly opened and her voice was soft and touching.

“Hoo~~”

Wu Zhiyong closed his eyes slightly and sighed softly, “Missed the mark!”

The woman pursed her lips and whispered, “So there are times when you miss? Or are you teasing me on purpose?”

Wu Zhiyong shook his head slightly and said, “This time, I did slip up Come, sit next to me!”

“Mmm!”

The woman made a soft nasal sound, then walked around the sofa and sat next to Wu Zhiyong, gently snuggling into his shoulder with a sweet look on her face, “If there’s anything unhappy, you can talk to me about it.”

Wu Zhiyong said, “Today I came to your place to drink and relax with a few friends, but I ended up inadvertently seeing Ji Shaodong and his group”

The woman’s charming face could not help but reveal a trace of surprise: “Ji Shaodong? Is that the boss of the Ji family?”

Wu Zhiyong nodded: “That’s him, but there’s more, besides him, there’s also Ji Feng, Ji Shaohong, Ji Shaolei and others, it can be said that the dignified figures of this third generation of the Ji family are actually all here today, it’s a rare sight!”

The woman’s eyebrows knitted slightly: “What are they doing here? If I’d known, I wouldn’t have let them in!”

Wu Zhiyong waved his hand and said, “That’s not right, we’re open for business, how can we not let guests in? Besides, given the nature of the Ji family, if you don’t let them in, will they stop?”

The woman snapped, “That won’t work either, I hate the Ji family!”

Wu Zhiyong shook his head and said, “You”

Even though he knew that the woman was saying this on purpose because she knew that she hated the Ji family, even though he knew that this was the case, Wu Zhiyong still felt happy in his heart.

“Zhiyong, I see that you seem a bit unhappy, did you have a conflict with the Ji family?” The woman asked in a soft voice.

“It’s not really a conflict!”

Wu Zhiyong said, “It’s just that Mr. Wang of the Splendid Group was entertaining the guests of the sector Peng, and as a result, he didn’t know what was going on he had a little conflict with the people of the Ji family, and then it got out of hand, and I also asked Manager Mao to add some oil to the middle

The woman immediately understood that it was really a conflict with the people of the Ji family.

Ji Shaodong, Ji Feng, Ji Shaolei the great name of these people, in the circle of Yanjing is no one knows no one, and everyone knows that the Ji family and the Wu family is a deadly feud, so in Wu Zhiyong just said when the woman probably guessed.

However, the woman knew that the smartest thing to do was not to mention the conflict between the Wu family and the Ji family, because just last year, Wu Zhiyong’s younger brother, Wu Zhihe, was forced to die by the Ji family, which was a pain in Wu Zhiyong’s heart, and he was also ashamed of it, a great shame!

The woman was naturally smart enough to know what to mention and what not to mention.

She understood very well what her strengths and weaknesses were respectively, so she was also very clear about what was the most appropriate thing for her to do in what situation.

“Are the Ji family people too cunning?” The woman asked.

“That’s right! It’s too cunning!” Wu Zhiyong nodded slightly, he liked this about this woman, instead of asking if she was at a disadvantage, she asked in a different way, and the result made him feel very different.

“Originally, I just wanted to find something for the Ji family’s people to do, but I didn’t expect that those few boys surnamed Ji would react so violently, which was a lapse in my judgment,” Wu Zhiyong said.

In fact, there was one thing that Wu Zhiyong did not say.

When he did that, he didn’t just want to find something for the Ji family’s people to do.

In fact, originally, Wu Zhiyong came here, on the one hand, to drink with the children of those families, to sort of bond, to make the elders of those families think that the Wu family was not only using them, but also giving some opportunities to their children, in training their children, in this way, those families would return to their hearts even more.

On top of that, the old boss of the Brilliant Group was here to entertain the community pontiff, and it just so happened that Wu Zhiyong also had something to instruct that Wang, so Wu Zhiyong chose the place to drink.

..... In Yanjing, there are not many people who know about his real relationship with this woman, but this woman is also really tempting, and after not seeing her for some time, Wu Zhiyong really misses this youkai, so he booked the place here.

As for meeting Ji Feng and the others later, it was definitely purely an accident, but it was this accident that brought out a series of accidents and where Wu Zhiyong made his biggest mistake!

Campus Master Chapter 1918

After telling General Wang of the Splendid Group everything he needed to order, Wu Zhiyong went on to have a drink with the sons of those families, while General Wang was going to go out with that KAI Peng man to 'have some fun'.

It is true that Wu Zhiyong also likes beautiful women, but, with his status, he would never go out and find random women, so even after drinking, Wu Zhiyong did not agree to go out and have fun with Mr. Wang and that Kepong man, but just let them go.

But who knew that after Mr. Wang and the Kepong man went down, they would unexpectedly clash with the Ji family, which made Wu Zhiyong very surprised and secretly surprised and alert at the same time.

How could the Ji family's people come here?

Could it be that they knew about the relationship between themselves and the owner of this hotel?

These thoughts flashed through Wu Zhiyong's mind, and then, Wu Zhiyong decided to try out the Ji family's intentions, and at the same time, he also intended to teach the Ji family a lesson, or rather, to disgust Ji Shaodong and the others, especially Ji Feng, whom Wu Zhiyong hated so much that his teeth itched when he saw him.

And the next thing that happened was just as Wu Zhiyong had expected, the incomparable arrogance of that boundary pontiff, which naturally made Ji Feng and the others unbearable, and the conflict just happened.

In this way, all Wu Zhiyong had to do was to give some instructions to the hotel's Mao manager, and the Ji family would have to go through a lot of trouble to clean themselves up.

At first things did go smoothly, and even Ji Feng was forced to admit directly that he had done it, just short of finalizing the procedure.

But at this time, things took an unexpected turn.

Yao Yue Ran actually came out to testify!

This was another accident, how could Wu Zhiyong not have thought that this Yao Yueyang, who was far away in the northeast, would appear here?

What was she doing here?

But before he could think about it carefully, Yao Yue Ran had actually produced very strong evidence, so that his intention to detain Ji Feng for a few days and even take advantage of the opportunity to make a big deal out of it was in vain.

With the video provided by Yao Yuran as tangible evidence, no one could say anything because Wu Zhiyong was very clear about what had happened from the beginning to the end, and he certainly knew that in this matter, Ji Feng was actually right.

Therefore, Wu Zhiyong planned to stop.

It was for this reason that when Ji Feng and the others were taken away by the police, the onlookers dispersed and at this time, Wu Zhiyong intended to come down and have a 'chat' with Ji Shaodong, which actually meant that he wanted to bring the day's events to a close and not involve the hotel side anyway.

After all, this hotel is owned by his woman, and if it is targeted by the Ji family, it will definitely be troublesome when the time comes.

Wu Zhiyong just wanted to reach a consensus with Ji Shaodong – woe betide the family!

If there is anything, we all come with a knife in the back hand and a sword in the front hand, don't involve the woman

However, another accident appeared.

Let Wu Zhiyong how did not expect is, Ji Shaodong's reaction will be so fierce, he even half of the pleasantries do not intend, even regardless of whether both sides face can get by.

Ji Shaodong, he had directly declared war!

This instant, things instantly became incredibly troublesome!

Wu Zhiyong instantly felt how difficult things were, even beyond his imagination and expectation!

No one understood better than him what Ji Shaodong's personal declaration of war really meant!

If Ji Feng, as the first grandson of the Ji family's eldest family, represented the power of the third generation of the Ji family, then what Ji Shaodong represented was almost equivalent to more than half of the power of the Ji family.

The reason is simple, not because Ji Feng's position in the Ji family is inferior to that of Ji Shaodong, but because, Ji Feng is not yet old enough, he is still a student and has not yet begun to come into contact with the enormous power of the Ji family.

However, Ji Shaodong had already started his path of prosperity and began to enter the core layer of the Ji family's power step by step.

Even if Ji Feng becomes the head of the Ji family in the future, Ji Shaodong will definitely have great power, and even if Ji Feng has more respect for this big brother, then in many things, Ji Feng will listen to him!

There is another point, Ji Shaodong now has a wealth of experience, and is looking at reaching the age of maturity, his heart and mind have gradually matured in all aspects, so the bigwigs of the Ji family are also willing to trust his judgment.

Since Ji Shaodong has decided to declare war, there is no doubt that many people in the Ji family will definitely support him. Even if the bigwigs in the Ji family don't take a stand, those shockingly huge forces surrounding the Ji family will still have people supporting Ji Shaodong!

The so-called Heavenly Dignitaries refer to people like Ji Shaodong and Ji Feng.

And the power they would have once they grew up would be beyond everyone's imagination, especially, if they were also very capable themselves, and could even be said to be quite good.

Wu Zhiyong even heard that during the New Year this year, the chief even summoned Ji Shaodong to listen to his views on certain aspects, for which Ji Shaodong seemed to have presented a thick report, so one can imagine how far Ji Shaodong has grown now.

This is precisely why Wu Zhiyong said he had blundered. He had not expected that Ji Shaodong would react so fiercely, and he had not even expected that Ji Feng would dare to lay such a heavy hand when he knew that the other party was a Boundary Pontiff!

At this moment, Wu Zhiyong hadn't actually realised that he wanted to disgust Ji Feng and Ji Shaodong and the others, and how this kind of action looked like a fight between children, who couldn't beat others, or suffered a defeat at their hands, and then secretly took stones to smash the window glass of others.

How similar is this?

From this point on, it can be seen that Wu Zhiyong, at this time, is actually not in the same class as Ji Shaodong and Ji Feng.

The pattern is high and low, it is clear at a glance.

Only, at this time, Wu Zhiyong is not considering these In fact, even if he thought of it, he would never admit that he is inferior to Ji Shaodong What Wu Zhiyong is thinking about now is how to deal with Ji Shaodong's thunderbolt!

"Careless", Wu Zhiyong couldn't help but let out another sigh.

"....." the woman snuggled next to him was a little surprised, usually Wu Zhiyong often said, do not make excuses for doing wrong, that is a sign of cowardice and evasion, how come today he always makes excuses?

carelessness blunders

Are there really that many excuses? Or is the Ji family really too good?

"Knock knock knock!"

Suddenly, a sharp knock sounded on the door.

The woman was a little displeased and said in a deep voice, "Who is it? Don't you know I'm resting, what's the matter that you have to come and disturb now?"

"Old, boss, it's not good, the hotel association has called to re-examine our qualifications and will soon send formal documents" came the voice of Manager Mao from outside the door, very urgent and

with a strong sense of trepidation: "I also received a call from a friend in the health department, the top ordered a surprise random inspection of hotels all over the city This is all coming for us!"

The woman's eyebrows knitted slightly as she glanced at Wu Zhiyong, only to see the latter's face steeply clouded.

"Got it, just mind the people underneath you, and tell me in time if there is any news!" The woman said.

"..... hey!" Manager Mao responded with a seven-fold heartbeat.

"Humph! Ji Shaodong's revenge, it's coming fast!" Wu Zhiyong sneered, his face gloomy to the extreme, Ji Shaodong is really going to start a full-scale war this time, even his woman is not spared?

"Zhiyong, what should we do?" The woman asked.

"Don't be in a hurry, let me think about it" Wu Zhiyong said with a gloomy face and gritted his teeth, "Do you really think I, Wu Zhiyong, am such a bully that I can just pinch and roll with them?"

.....

It was already beyond doubt that he had beaten up the Kepong man, and he had admitted it himself, so according to the procedure, he had to stay in the interrogation room now.

Of course before this, Ji Feng had already made a statement and given a confession, giving a complete and clear account of the whole incident, and now the police had all gone to watch the video footage taken at the scene provided by Yao Yue Ran, so Ji Feng was idle and bored, so he might as well close his eyes and rest his mind.

"Wow~~!"

The door of the interrogation room was pulled open and a policeman walked in, "Ji Feng, sign the document and you can go."

Ji Feng slowly opened his eyes and asked, "Did you get a clear video?"

The policeman nodded and said, "Very clear, the camera was pulled very close, although the sound was a bit noisy, after a simple technical processing, you and the victim could still hear the conversation between you."

Ji Feng did not mind this police officer's mistake, after all, no matter who saw the injuries of that boundary pontiff, I'm afraid he would subconsciously characterize him as a victim, and he must be the one who inflicted violence.

The handcuffs were opened, and Ji Feng stood up and moved his body for a while, and then signed the transcript can a few points of documents, and then followed the policeman out. And then, they came to a reception room, at this time, there were already four or five uniformed police officers in this room, in addition to Yao Yue Ran and those two young people were also here.

And on the long table in the middle of the room, there was a laptop computer on which the whole process of Ji Feng's clash with that boundary pontiff was being played.

The video was a bit garbled, but it still sounded clear, which kind of helped Ji Feng.

The police only told Ji Feng to keep his contact details unchanged, and to wait for the Kepong man to recover from his injuries, from which the police would make adjustments, so that Ji Feng could be contacted at any time.

Ji Feng readily agreed to do so.

And then, his gaze, on the other hand, fell on Yao Yue Ran's body

Campus Master Chapter 1919

"Miss Yao, thanks for what happened today!"

Ji Feng and Yao Yueyan left the police station together, and when they got down the steps of the police office building, Ji Feng thanked Yao Yueyan.

Yao Yue Ran glanced at him and said, "Do you have a girlfriend?"

Ji Feng was stunned, then nodded and said, "Of course I do, what's wrong?"

"Since you have a girlfriend, then you should know that many girls nowadays don't want to be called miss!" Yao Yue Ran said.

"So that's the case, then I'm really sorry, please forgive my slip of the tongue, Ms. Yao!" Ji Feng smiled and said.

"I don't like the name lady either, because I'm not a famous lady or a noblewoman." Yao Yue Ran, however, said in a serious manner.

Ji Feng was stunned, what should I call her then?

"You can call me Miss Yao!" Yao Yue Ran said.

"Okay Miss Yao!" Ji Feng nodded and smiled, this Yao Yue Ran is really quite a personality, even a title has to be so clearly divided, on the contrary, she is not half as pretentious and pretentious, obviously she is such a person herself, is such a personality.

"So, I wonder if Miss Yao needs any help, or, if there's anything I need to do?" Ji Feng asked.

"Are you planning to return this favour to me?" Yao Yue Ran asked.

Ji Feng nodded his head very frankly, he indeed did not have the habit of owing favours to people, and certainly did not like to owe a stranger a favour, in this world, the most difficult thing to return was a favour.

Yao Yue Ran, however, said, "Then what price do you think you should pay to be able to return this favour?"

Ji Feng laughed, "It's better for you to say it."

"Hit the Wu family hard and teach Wu Zhiyong a hard lesson, can you do that?" Yao Yue Ran asked.

“Hmm?!” Ji Feng raised his eyebrows and shook his head, “Sorry, this request is a bit difficult, I can’t do it in a short time, other than that, do you have any other requests?”

“No more, this is my only request.” Yao Yue Ran said, “In fact, I originally didn’t have any requests, but since you insist on asking, then I only have this one request.”

Ji Feng smiled and nodded, saying, “I will try my best to do it, but when I can do it, I can’t say.”

Yao Yue Ran, however, suddenly smiled, with short hair, wearing a windbreaker and mountain boots under her feet, this outfit made Yao Yue Ran look even more heroic when she smiled, her body was full of wildness.

“Come on, I’m just kidding with you.”

Yao Yue Ran waved her hand and said, “However, if you don’t mind, I can give you a chance to buy me a cup of coffee just afraid that you, Mr. Ji, have precious time or can’t see us commoners from small places.”

Ji Feng laughed: “I’m not too familiar with this neighborhood, wait a moment, I’ll find someone to ask where there is a coffee shop around here

Saying that, he took out his mobile phone and was just about to make a call when he saw it suddenly ring: “Ding

The call was from the second brother, Ji Feng made an apologetic look at Yao Yue Ran, then took a few steps to the side and picked up the phone, “Second brother.”

Ji Shaolei’s voice immediately came through, “Old Third, I just called the branch you went to and they said you had already left? Where are you now, I’m going over to pick you up.”

Ji Feng smiled, “No need, I’ll take a taxi back myself.”

“That’s fine.” Ji Shaolei said, “By the way, you weren’t treated unfairly in there, were you?”

“No, everything is normal.” Ji Feng smiled.

“Well then, not much more to say, we’ll talk when you come back.” Ji Shaolei said and hung up the phone.

Ji Feng shook his head and smiled bitterly, his second brother’s nature was still so windy, he hadn’t even had the chance to ask where there was a cafe around here.

In desperation, Ji Feng had to plan to turn around and ask the police, they worked here and should be familiar with the neighborhood.

“Alright, come with me if you don’t mind, I know a nice cafe!” Yao Yue Ran said, “A big man dawdling like that

“Alright then!” Ji Feng smiled and nodded his head, as for the words Yao Yue Ran then said in person, he automatically ignored them.

On the contrary, Yao Yue Ran, who seemed to have a self-contained temper, “Ji Shao, get in, since you are the one who wants to treat, you always have to take some initiative, right?”

Ji Feng shook his head and smiled, walked over with big steps and sat in Yao Yue Ran’s car.

This was the first time Ji Feng had seen someone with such a personality as Yao Yue Ran, especially since Yao Yue Ran was a girl.

How to say it, Yao Yue Ran is very wild

The temper is a bit hot, and the speech and action is also the kind of crunchy character, this is the feeling of Ji Feng.

But what exactly is Yao Yue Ran’s character, Ji Feng can not be sure now, rather to observe and observe before being able to draw conclusions.

In fact, Ji Feng also knows that it is actually difficult to understand a person. In many cases, even husband and wife dare not say they know each other completely, because every adult, leaves a place in his or her heart that belongs only to him or her, and even the closest person cannot touch this area.

And people are emotional animals, many times they don’t know themselves

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

The two young men who traveled with Yao Yuran followed behind in an ordinary Buick. In Yanjing, where the streets are full of brand-name luxury cars, these two cars can be described as inconspicuous.

This low-profile style made Ji Feng wonder if the girl sitting in the driver’s seat and starting the car was the Yao Yue Ran they were talking about before.

It’s normal to be low-key, and not everyone likes to be high-profile and flashy, but this kind of ordinary small car is not too secure in terms of safety performance, so it’s reasonable to say that even if Yao Yue Ran wants to be low-key, she should drive a Volvo or something like that.

“What, are you not used to riding in this kind of ordinary car?” Seeing that Ji Feng’s gaze was a bit strange, Yao Yue Ran turned her head and asked, then without waiting for Ji Feng to answer, she said, “Then I can only ask Young Master to settle for a bit.”

“There’s nothing to be uncomfortable with!” Ji Feng shook his head, in his heart he was surprised at Yao Yue Ran’s observation ability, he only showed a slight hint of a strange look, and it was caught by Yao Yue Ran.

“Hypocritical!”

Yao Yue Ran bristled.

Ji Feng froze, this was the first time he had heard someone say this about him, this Yao Yue Ran really had some straight heart and quick mouth?

The first time I heard someone say that, it was really some straightforwardness. Seeing Ji Feng’s appearance, Yao Yue Ran said while driving, “I originally saw you hit that boundary pontiff with your

hands, and I thought you were kind of a man, no matter how you say it, you should be a bit bloodthirsty.”

Ji Feng laughed: “Then I’m really sorry to disappoint you!”

“A little disappointed indeed!” Yao Yue Ran said very straightforwardly, “It seems that you are not much different from those sons of the world, they are all the same kind of people who are like gold and jade, all the way!”

“.....” Ji Feng rubbed the corners of his eyes and didn’t say anything.

This Yao Yue Ran’s words and mannerisms were too straightforward and wild, the words were so rushed that they could choke a person to death, rapping Ji Feng didn’t even know how to answer them.

After a long moment of silence, Ji Feng asked, “Since you know that I am such a person, do you regret coming forward to testify for me before?”

Yao Yue Ran, however, gave a very odd laugh, “I’m not as narrow-minded as you are! Not to mention anything else, I would have come out to help you just based on your act of wildly beating up that Kepong man.”

Beating up the Kepong man?

Ji Feng was slightly stunned, “You have a grudge against that Kepong man?”

Yao Yue Ran asked, “Which Chinese person doesn’t have a grudge against a Kepong man?”

Ji Feng was stunned.

Yao Yue Ran sneered, “If someone says there is no hatred between him and the Kepong people, this kind of person is either a hardcore traitor, or, has an ulterior motive, is talking with his eyes open, the mouth of a person, but puts dog shit!”

Ji Feng could not help but turn his head in astonishment, looking at Yao Yue Ran, almost in awe.

Girls burst foul, or speak boldly without losing men, this kind of woman Ji Feng is not without seeing, but that are some little girls, follow some hooligans and landlubbers are learned bad, itself is simply do not know what they are doing, and even their own life goals are not.

But like Yao Yue Ran, can say so straightforward, even so natural, Ji Feng is really the first time to see.

Although Ji Feng did not know much about the Yao family, he could hear from the tone of his elder brother Ji Shadong’s conversation that the Yao family was certainly not simple either.

It is reasonable to say that girls from such a family, even if they are not ladies, then they are at least people with a certain level of cultivation, or else how would others say that everyone is a lady, but this Yao Yue Ran’s performance is too wild.

“What, intimidated by me?” Yao Yue Ran glanced at Ji Feng and asked.

“..... is a bit.” Ji Feng nodded his head.

“Then you should bear with it.” Yao Yue Ran said.

Ji Feng: “.....”

Yao Yue Ran said, “Other people are overbearing for me, I am trying to give you a chance to return my favor, you don’t like to owe favors, I likewise don’t like others to owe me favors!”

Ji Feng instantly laughed: “So that’s how it is. However, I have another question that I am more curious about, your hatred for the Boundary Peng people seems to be particularly deep, huh?”

Yao Yue Ran said, “If your ancestors were once wretched beyond measure by the armies of the Boundary Pontiffs, I think you must hate the Boundary Pontiffs even more than I do.”

So that was how it was.

Ji Feng understood that Yao Yue Ran came from the northeast, and the first thing the Kepong people had occupied was that vast area in the northeast. With the brutal character and habits of the Jie Peng army, one could think of what they could do in the occupied area with their toes.

It was therefore easy to understand why Yao Yue Ran hated the Kepong people so much.

From what Yao Yue Ran said, I’m afraid her ancestors were badly treated by the Kepong people, which is why her hatred for them is so deep.

This was Ji Feng’s second impression of Yao Yue Ran.

Campus Master Chapter 1920

I say second impression because, rather, the first impression Yao Yue Ran gave Ji Feng was that of a rather wild image of a girl.

To be precise, it was wild.

But now it seemed that this Yao Yue Ran was far more than just wild.

On the next journey, Ji Feng didn’t say anything more, and Yao Yue Ran didn’t say anything else either, just focused on driving, seemingly forgetting that there was another person sitting in the passenger seat next to her.

Because he had nothing else to do, Ji Feng habitually looked outside the car and observed the surroundings.

Inadvertently, Ji Feng looked through the rear view mirror and saw the car that was following behind him.

What caught Ji Feng’s attention was the speed of that car.

Because the traffic situation in Yanjing was indeed a headache, cars on the road, especially in the inner ring, could not run at all, so Yao Yuran almost had to slam on the brakes every few seconds, yet even so, the car that was following behind was always at a similar distance to Yao Yuran’s car, not too fast and not too slow.

The two young people were able to drive the car so smoothly under such complicated traffic conditions.

This shows that these two people that Yao Yue Ran brought with her are not simple.

In fact, if you think about it, given Yao Yue Ran's status, the people she was following around could not be straw men. Besides, although Ji Feng did not say a few words to Yao Yue Ran, he could roughly tell part of her personality.

This girl was wild and straightforward, but she was not stupid, but rather quite intelligent.

Moreover, this girl had quite a high vision and was very courageous; someone like her would naturally not be able to bring a straw man around.

At this time, Ji Feng began to be somewhat curious about that Northeast Yao family.

What kind of family is this that can train into a maverick girl like Yao Yue Ran and have the kind of rather uncomplicated young man following

For about half an hour, Yao Yue Ran drove Ji Feng to a cafe called 'A Corner of Time'.

Ji Feng looked at the name of this cafe and smiled faintly.

"Does it seem like the name of this shop is quite literary?" Yao Yue Ran asked with her head tilted sideways.

"It is a little bit, but I think it's more accurate to say that the name is somewhat petty!" Ji Feng smiled faintly.

"Oh?"

Yao Yue Ran's beautiful eyes instantly lit up and flashed as she sized up Ji Feng once, making Ji Feng even a little strange as he smiled and asked, "Why are you looking at me like that, did I say something wrong?"

"You're still the first one to say this name is petty!" Yao Yue Ran said, "Moreover, I feel strange when this comes out of your mouth!"

"What's strange about it?" Ji Feng asked with a smile.

"According to reason, with your status, it should be hard for petty to be related to you, or rather, it only makes the most sense for literature to come out of your mouth." Yao Yue Ran said, "The young master of the Ji family doesn't need to deliberately go after petty, right?"

"You can just say that someone of my status prefers to pretend to be literary and artistic!" Ji Feng shook his head and laughed, of course he could understand Yao Yue Ran's subtext.

In fact, it was not difficult to understand, a young master of a big family, with no shortage of food and clothing, one could even say that he was well clothed and had a certain amount of power in his hands, such a person would naturally not go after any small qualifications like a common citizen.

On the contrary, many gentry like to use culture to disguise themselves, such as pretending to be very erudite and know everything, or wanting to learn that kind of elegant manners so that they can stand out more as gentry and not look vulgar.

However, Ji Feng is not that kind of person, he has never felt that he has to change anything about himself just because he is Ji Zhenhua's son, he only goes in the direction he thinks is right, and in the gradual enrichment of his experience, corrects his previous mistakes, and thus grows up quickly.

As for what little qualification tone or literary style, it had little to do with him.

"What, caught up in my question?" Seeing Ji Feng smiling and not saying anything, Yao Yue Ran asked again.

"Heh"

Ji Feng shook his head and laughed, saying, "I didn't deliberately go after anything, how I am is how I am, as long as I live comfortably, I don't need to change anything."

Yao Yue Ran gave him a somewhat curious look and said, "You're a bit of an interesting person, very different from other gentry."

Ji Feng shook his head with a smile and didn't say anything.

In fact, he was answering Yao Yue Ran in his heart, the reason why he was different from other gentry was not because he was so maverick, but because of the different experiences he had as a teenager, which caused his behaviour and habits and so on to be different from others in all aspects.

It is difficult for people who have not experienced that kind of poor environment to understand this feeling.

Imagine how a person who had problems eating could still think about pretending to be literary.

At most, it is only after eating a full meal that he will occasionally envy those petty people, fantasizing about when he will be able to have a leisurely and comfortable life like theirs, which is called truly enjoying life

In fact, a few years ago, Ji Feng was no different from those who came from a poor background, he also fantasized about how to make money, what kind of job to get in the future, to do business, to make a lot of money

If that woman hadn't been too desperate in the past, and if he hadn't met the Intelligent Brain One from the Gamma Galaxy by chance, Ji Feng felt that his current self would not be any different from those ordinary people, and even, he might not have been able to get into a good university.

And after that, he would probably live out his life in a very mediocre way.

Ji Feng faintly shook his head, remembering the old days, he could not help but smile in his heart, those difficulties and hardships in the past, now looking back is a very precious memory, although not happy, but it is a memory that belongs to him!

Of course, these things naturally did not need to be told to Yao Yue Ran, so Ji Feng did not dwell on whether it was literary or petty, so he followed Yao Yue Ran into the cafe.

The two asked for a small box Of course, in this cafe, it's called a private space, not a box, or some elegant room or something, but Ji Feng still habitually calls it a box, and I have to say, in some ways, Ji Feng is really not an elegant person.

There were only Yao Yue Ran and Ji Feng in the box, and the two young men who had followed Yao Yue Ran here were standing directly outside.

"Young Ji, with the evidence I provided, you should be fine, right?" Yao Yue Ran suddenly brought up the previous conflict in the hotel again.

"There shouldn't be much of a problem anymore." Ji Feng nodded, "I still have to thank you."

"But I think that you shouldn't be too careless." Yao Yue Ran said, "There is something I feel the need to remind you of Of course, just don't think that I am trying to stir up trouble or have any other intentions"

Ji Feng nodded and said, "It's fine, please say it, I know how to distinguish between good and bad."

Yao Yue Ran said, "In fact, today you had a conflict with that boundary pontiff, this matter I'm not sure whether it was an accident or if someone had planned it, but one thing I can be sure of is that when the conflict happened, someone intervened, such as that manager of the hotel, was instructed by someone!"

Ji Feng raised his eyebrows and asked, "Who was he instructed by?"

Yao Yue Ran said, "Wu Zhiyong!"

This time, Ji Feng was really surprised, he looked at Yao Yue Ran in amazement and asked, "How do you know it was Wu Zhiyong who ordered him?"

Yao Yue Ran glanced at him and asked, "Do you really not know, or are you just pretending to be confused with me?"

Ji Feng asked, "What do you think? Is there a need for me to pretend to be confused?"

"That's true!"

Yao Yue Ran nodded very dryly and said, "It's very simple, the reason why I know that the hotel manager was instructed by Wu Zhiyong is because I know that the owner of that hotel, is very close to Wu Zhiyong, and that woman, is a woman that Wu Zhiyong keeps outside!"

Ji Feng couldn't help but be surprised, there was still such a thing?

He didn't think Yao Yue Ran would lie to him, there was no need for Yao Yue Ran to lie to him about something like this, and he couldn't lie to him either, if it was true, he would know once he went back and checked.

So what really surprised Ji Feng was the relationship between Wu Zhiyong and the hotel owner.

The hotel owner is actually Wu Zhiyong's woman, how could he have imagined that the hotel would be owned by Wu Zhiyong?

Ji Feng slapped his head, no wonder he could encounter trouble even with a meal today, and there were people who were afraid of the world and even dared to be bold enough to destroy the reputation of the Ji family.

It turned out that they had, coincidentally, actually barged into Wu Zhiyong's nest!

If he were Wu Zhiyong, if he met this kind of thing, he would definitely not let this opportunity go and would definitely do something about it.

However, it was a bit too underhanded to ruin the other party's reputation. Ji Feng felt that if he were Wu Zhiyong, he would have provoked a bigger conflict between him and that Kepong man and used this matter to make a statement, instead of trying to ruin the other party's reputation.

Ji Feng thought that perhaps this was the difference between him and Wu Zhiyong.

"Since you know that it was Wu Zhiyong who was behind this, then you still came forward to testify, aren't you afraid of offending him?" Ji Feng asked with a smile.

"If I was afraid, do you think I would still stand up?" Yao Yue Ran asked.

"That's true!"

Ji Feng nodded and laughed, "However, I still want to take the liberty of asking a question, we didn't know each other before, and we don't have any relationship in terms of interests, so you went and offended Wu Zhiyong in order to testify for me, isn't that not very cost effective?"
