

Campus Master 1931

With this burst of angry curses coming out of Zhang Lei, the scene suddenly became somewhat frozen.

Zhang Lei's face was disdainful, the corners of his mouth carried a mocking sneer, and his eyes were even filled with contempt, he could be described as disdainful of Hu Xuehui.

Such a conscienceless woman, how dare she talk about him?

What a horse that doesn't know her face!

When you think about the damage that Hu Xuehui caused to Ji Feng back then, it even put Ji Feng in the hospital. Although the doctor said it was heatstroke, Zhang Lei was very clear that the reason why Ji Feng was in the hospital was definitely related to this woman Hu Xuehui, and it was the most direct relationship.

The temperature was still frighteningly high, so who would run out into the sun for no reason at that time?

Unless one was sick in the head!

Ji Feng had obviously been greatly stimulated, because there was a breath in his heart that he couldn't get out, and he was suffocating, so that's why he had heatstroke.

The actual fact is that you can find a lot of people who have a little bit of conscience and a little bit of thin skin, after meeting again will definitely feel hot in the face, where there is still a face to chirp here, I'm afraid that long ago covered the face and ran away.

..... Of course, if one has a conscience, one will definitely not make such a desperate thing!

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

Hu Xuehui stood there dumbfounded and did not react, as if she was dumbfounded by Zhang Lei!

What the hell!

The actual fact is that you can't be able to get a good deal on your own. The madman was simply blinded by lard!

"You!"

Zhang Lei pointed at the guy called Bian Chun Lei and said in a cold voice, "Honestly fix my car, for the sake of some people, let's forget about this matter today, or else"

The man was so angry, he was so deceitful!

He had been beaten, but he still let himself repair the car, and even dared to threaten himself, this simply did not put himself in the eyes!

"Or else what?!"

Bian Chunlei roared angrily, "I'm telling you, if you want me to fix my car, there's no way!"

Zhang Lei spread his hands: "Then fine, since you want to continue playing, then I will accompany you to the end, of course, if some people still think they are very dignified, they can come over and say something isn't it, classmate Hu Xuehui?!"

"Enough!"

Tong Lei's eyebrows knitted and took two steps forward, "Zhang Lei, you're going too far, don't be talking!"

As she spoke, Tong Lei had already walked up to Zhang Lei, looking at Hu Xuehui who was a few steps away, she shook her cicada head lightly, sighed secretly and said, "Hu Xuehui, this matter today, it was originally your friend's fault, you shouldn't come out and accuse others indiscriminately send your friend to the hospital, this is a little Medical expenses"

At the same time, Hu Xuehui had already taken out her wallet from the bag she was carrying, then took out a bank card and handed it to Hu Xuehui: "There's some money in this card, the password is Ji Feng's birthday, you should know it, right?"

"Hey! What is this?"

Zhang Lei was instantly a little discontented, whose responsibility was this anyway?

It was clearly that bastard called Bian Chunlei who was picking a fight, how come he still had to pay the other party?

Zhang Lei would rather call the police to settle the matter through the officials than give half a cent more to this pair of bastards, if the money is too much, just donate it to Project Hope, it's better than giving it to these two bastards!

But Tong Lei ignored him and just looked at Hu Xuehui.

However, Hu Xuehui's face was even more complicated at this moment, as she looked at Tong Lei in front of her, and a myriad of colours flashed in her eyes in a flash.

Although this was a big road in front of her, the incomparable noise of cars coming and going, and the cold wind blowing, made people feel that this place was chaotic and unpleasant.

However, the Tong Lei standing in front of her is so clear and beautiful, as if she is the purest and most aura-filled woman on earth, a pair of eyes as if clear lake water, without the slightest impurities

The actual fact is that you can find a lot of people who are not able to get a good deal on this kind of things.

She suddenly felt that she was so dirty that she didn't even dare to look at Tong Lei. Thinking about the things she had done in the past, indeed, even thinking about it now made her face feel hot and sizzling.

Only then did Hu Xuehui realise that she was really so small in front of Tong Lei, and every second she stayed here was a huge humiliation, which made her no longer have the face to continue staying here.

"Pah!"

Hu Xuehui pushed away Tong Lei's hand as she suddenly turned around and covered her face and ran away.

Swish!

A white shadow flashed by, but it was Bai Zhu who had reached Tong Lei's side at some point and was about to strike at Hu Xuehui. Just now, Hu Xuehui reached out her hand to push away Tong Lei's hand, which made Bai Zhu think that Hu Xuehui wanted to attack Tong Lei, so of course she had to protect Tong Lei.

But Tong Lei stopped her, "It doesn't matter!"

Bai Zhu was slightly taken aback as Tong Lei came after her and grabbed her wrist with unparalleled accuracy Although she did not use her full strength just now, the speed was quite fast, and Tong Lei did not even look back, she was able to grab her wrist with unerring accuracy... ..

Could it be that Tong Lei also had very good strength?

Bai Zhu was a bit confused, Tong Lei looked so pure and clean, was she also a master?

Zhang Lei frowned as he watched and couldn't help but snort coldly, "What the hell, giving shame!"

Tong Lei glared at him and shook her head helplessly.

She naturally knew that Zhang Lei had an incomparably bad impression of Hu Xuehui, and this was for what reason she also knew, but that incident had after all passed so long ago that even Ji Feng no longer cared, so why should Zhang Lei still hold a grudge here!

Tong Lei glanced at Ji Feng, and really found that at this time, Ji Feng was a bashful look, and did not have any emotional fluctuations because of seeing Hu Xuehui, much less anger, grief or even strong hatred and so on, he did not have any.

This shows that Ji Feng really only treats Hu Xuehui as a stranger.

"Stop it all, it's just a farce!" Tong Lei shook her head and said to Bian Chun Lei, "This gentleman, what happened today was originally your fault, and the last thing you should do is curse, not everyone likes to talk dirty to others like you do, but we are also at fault, this card"

"You just don't say so much to him!" Zhang Lei said impatiently, "Don't you see the resentment in his eyes? Bastards like this, you simply can't use normal human thinking to look at them you, if you don't want to be cleaned up again, get the hell out of my way now, either call the police or get someone to come, whatever you choose!"

Bian Chunlei gave Zhang Lei an angry look, as if to take Zhang Lei's look to heart.

"What, still not convinced and want to retaliate later?" Zhang Lei sneered, "That's good, listen carefully, my name is Zhang Lei, a student of Jiangzhou United University, remember this face of mine, the one who beat you today is me"

"Hmph!"

Bian Chunlei then pretended that he did not hear, and then turned around and left with hatred.

Zhang Lei could not help but be stunned, then shook his head helplessly and secretly said, "Still a fucking triad, what a thing, just a little bit of guts"

In fact, Zhang Lei is indeed a bit disappointed, he deliberately insulted Bian Chun Lei, just hope that this guy can not resist again in anger, then Tong Lei can not stop, then he will have to break the guy's three legs.

But I didn't expect that this bastard, Bian Chunlei, would have such guts that he didn't dare to say a word, and he just slunk away, which really disappointed Zhang Lei!

Seeing Bian Chunlei drive away, Tong Lei couldn't help but glare at Zhang Lei and snapped, "Still not leaving! When will you change your nature and just think about fighting with people really shouldn't let Ji Feng teach you kung fu!"

Zhang Lei was stunned: "..... Is this because I like to fight with people? It's clearly that guy who needs a good beating, right?"

"Alright Lei Zi, don't play around, hurry up and get in the car and go." Ji Feng also waved his hand, "Don't waste time here, there are still people waiting at home!"

"Yeah oh!"

Zhang Lei slapped his head, "net with these two bastards bullshit, our dear teacher Xiao is still waiting obsessively at home, if we go back late, she will turn into a lookout haha!"

Several people regained their seats in the car, Zhang Lei started the car again, he shook his head and said, "Be careful this time, one of the headlights was broken, and I have to send it in for repair tomorrow really shouldn't have let that foul-mouthed bastard off so cheaply."

"Come on you, you have to beat someone to death to be willing, huh?" Ji Feng shook his head and laughed.

"Based on those words he cursed, beating him to death is not even too much!" Zhang Lei sneered, "A bastard who likes to curse people's parents certainly doesn't think much of his own parents either, because when he curses people, they must also curse him People like him, living will only drag his parents down and cause trouble for others, so it's better to die! "

Ji Feng smiled and shook his head, if such a person should be killed, then I don't know how many people should die.

The problem of personal quality, this is not something that can be changed just by them, they just need to make sure that they first try to pay attention to quality and then influence the people around them through themselves, that would be enough.

"I really didn't expect that after just a few years of not seeing each other, this Hu Xuehui is actually still mixed up with people in the triads!" Zhang Lei tsked in wonder, "I thought someone like her could only hang out with big money, but it turns out she can also hang out with big brothers!"

"That guy is not Hu Xuehui's boyfriend!" But Tong Lei suddenly said.

Campus Master Chapter 1932

“That man is not Hu Xuehui’s boyfriend!” Tong Lei, however, suddenly said.

“How is that possible!”

Zhang Lei couldn’t help but laugh at once, “You didn’t see ah, how nervous Hu Xuehui was when I hit that grandson! With Hu Xuehui’s nature, I’m afraid she doesn’t care about anyone but her people, you said that grandson called Bian Chunlei wasn’t her boyfriend, who else could it be?”

Tong Lei shook her head and said, “That’s true, but I’m sure that man is definitely not Hu Xuehui’s boyfriend, there’s no doubt about that.”

“Oh? Why?” Ji Feng asked with a smile, “How come I didn’t see it?”

“It’s simple, because when Hu Xuehui was looking at Bian Chunlei, there wasn’t the slightest bit of emotion to speak of in those eyes, and there was even a bit of disgust, but looking at her, it seemed like she was forcing herself to hold back.” Tong Lei pursed her lips, “Which girl have you seen who would have that look of disgust when looking at her boyfriend?”

Zhang Lei was stunned, “There’s still this? How come I didn’t see it? Crazy, you have the best eyesight, did you see it?”

Ji Feng faintly shook his head and said, “No.”

Tong Lei pursed her lips and laughed lightly, “Of course you didn’t see it, at that time, both of you had your eyes focused on that man, neither of you gave Hu Xuehui more than a glance, how could you have noticed?”

Zhang Lei was instantly amazed and asked, “Lei Lei, you could actually even find this out? Hey”

“What are you thinking!”

Being laughed at so much by Zhang Lei, Tong Lei immediately blushed slightly, listening to Zhang Lei’s meaning, it was as if she had been observing Ji Feng’s reaction

If this is the case, doesn’t that mean that one is worried that Hu Xuehui’s appearance will make Ji Feng think something again, so this is why she is paying such close attention to Ji Feng’s change of expression?

This is not what Tong Lei naturally thinks, for Ji Feng’s experience, Tong Lei can also be said to be one of the most knowledgeable, so she knows very well that Ji Feng has actually really treated Hu Xuehui as a stranger.

Imagine, when your ex-girlfriend suddenly appeared in front of you with another man, and you both also clashed, this time, no matter what you will also produce a certain emotion towards your ex-girlfriend, such as disgust, or may also be a kind of disappointment, or may also be gloating that this woman after leaving herself, actually found a this bear-like man

The actual fact is that you will be able to find out more about the actual actual situation.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

It was for this reason that Ji Feng didn't notice the way Hu Xuehui looked at the man named Bian Chunlei.

"It seems like they shouldn't really be boyfriend and girlfriend. It's really strange, looking at that guy's arrogant look, he obviously has some energy and background too, with Hu Xuehui's kind of personality, she actually didn't rush to fall back on him!" Zhang Lei's face was full of mockery as he tsked in wonder.

"Not true!" Ji Feng, however, shook his head.

"What's not right?" Tong Lei asked rather strangely.

"Maybe Hu Xuehui really loathes that man called Bian Chunlei, but that doesn't make them not boyfriend and girlfriend." Ji Feng said.

"Why?"

Tong Lei asked curiously, Zhang Lei's attention was also focused, he was also curious about this statement of Ji Feng, in that occasion Hu Xuehui looked at Bian Chunlei with a look of disgust in her eyes, that was obviously not faked, could this not be an indication of the relationship between them?

Ji Feng shook his head: "You all don't understand Hu Xuehui Of course, in fact, I naturally don't know her completely, but from what I once saw so-called, Hu Xuehui even if she really hates that man called Bian Chunlei, it may not be impossible to be his girlfriend! "

The girl's eyebrows were slightly knitted: "You're contradicting yourself, why would Hu Xuehui be his girlfriend if she doesn't like that man?"

Ji Feng couldn't help but chuckle and said, "Lei Lei, you can't always measure others by what you think, Hu Xuehui has every reason to be that man's girlfriend, for money, for power, or for something else, it's all possible."

Zhang Lei thought deeply about this, "That's right, in this world, there are too many women who will do what she wants for the sake of what she wants, thus using her body as a bargaining chip, or just as a tool, Hu Xuethui may not be that kind of woman."

She was originally that kind of woman!

Ji Feng said in a dark voice.

In fact, the reason why he said that was completely grounded. Because, Ji Feng had once seen with his own eyes that Hu Xuehui had had a similar experience.

At the beginning, after separating from Hu Xuethui, Ji Feng gradually forgot about her. After that, Ji Feng came to Jiangzhou together with Tong Lei and Zhang Lei, but during the military training, it was because of a little conflict, but Ji Feng left the barracks early.

Everyone else was doing military training, and Ji Feng was bored by himself, just in time for the raw stone fair held in Jiangzhou. It was also at that fair that Ji Feng used his extraordinary ability of seeing through the eyes to earn the first bucket of money in his life, and it was a large sum of money.

Of course, it was also at that trade fair that Ji Feng accidentally met Hu Xuehui. Together with Hu Xuehui at that time, there was also Hu Xuehui's sister, and that cheap brother-in-law of hers – it seemed to be a small burgeoning family in Jiangzhou.

And at that time, Ji Feng had also carefully observed that Hu Xuehui's burgeoning brother-in-law was not only interested in Hu Xuehui's sister, he was also interested in Hu Xuehui, too.

But the ridiculous thing is that Hu Xuehui is also dressed somewhat revealingly, dressed quite flamboyantly with Ji Feng's understanding of her, Hu Xuehui must have dressed this way on purpose.

The fact is that the company's business is not just about the company's business, but also about the company's business.

From that time on, Ji Feng knew that this woman, Hu Xuehui, had changed her values and outlook on life, or to be more accurate, she had revealed her true nature.

As for what Hu Xuehui was doing this for, one could understand with one's toes that Hu Xuehui was obviously doing it for the money – because for her cheap brother-in-law, who was a profiteer, there seemed to be nothing else he could give the two sisters other than money.

Of course, whether or not that thug got his way in the end, Ji Feng wasn't too sure, but there was one thing he did know, that thug later had problems, and for money, he had actually sold Hu Xuehui's sister outright.

Later on, it was Hu Xuehui who begged to Ji Feng, who helped her solve this problem.

It was also from that time that Ji Feng never saw Hu Xuethui and her sister again and he didn't want to.

If it wasn't for the chance to meet here today, Ji Feng would have even forgotten about the two of them.

Imagine, at that time just for money, Hu Xuehui was able to do that, now this Bian Chunlei is obviously much more handsome than that thuggish brother-in-law of hers, and also much younger, and even seems to have some energy and background, so why can't Hu Xuehui hold back the disgust in her heart and go be Bian Chunlei's girlfriend?

"How did people all become like this" Tong Lei couldn't help but murmur softly, some blank look in her eyes, is money really that important? The most common people she met when she lived in Mang Shi County for so many years were not rich, but they were happy all day long.

Those who are rich are instead not very happy

The most important thing is that the people have already become like this, but you don't know it, my silly sister! Crazy, I think ah, you also can not always protect Lei Lei, have to let her go out to make a breakthrough, otherwise always like this, in the future, I am afraid she does not even know that people are dangerous"

"Fuck off!"

Ji Feng laughed and scolded, "I see that Lei Lei is much more insightful than you."

Zhang Lei shook his head helplessly, "Got it! I won't say anymore, just make it hard to protect"

Ji Feng waved his hand and said, "Okay, stop laughing, Lei Lei Zi, there is something else you have to do better."

Zhang Lei casually asked, "What's the matter?"

Ji Feng said, "It's that Bian Chunlei, you should find a way to investigate his background, there is a team left behind by your uncle in the police, it's more convenient for you to do this."

Zhang Lei promised, "It's a small matter, no problem."

The company's main business is to provide a wide range of products and services to the public. I only know his approximate location, but he should be going to the hospital"

Yi Xingchen laughed over the phone, "Don't worry boss, as long as he's still in the hospital, I promise to find him as fast as I can!"

Ji Feng smiled and nodded, "Then it will be hard for you."

Yi Xingchen laughed: "Where is the hard work in this, but boss, it's the New Year's Eve, many brothers in the security department have not gone home, do you mean a little?"

Ji Feng instantly smiled: "Of course no problem, this is also deserved this way, you directly talk to Han Zhong, let him approve a note for you, receive some money from the finance, first more bonuses, after I take time out on my side, I will specially go to invite you guys to dinner, let's all get together and have a good time! "

Yi Xingchen instantly laughed: "That's great."

After closing the line, Ji Feng's face still had a smile on it, this feeling of having someone under himself was indeed very good, not at all like in Rice, where one's hands were tied and one had to rely on outsiders for everything.

"I say madman, why did you have someone follow that grandson?" Zhang Lei, however, suddenly asked, his voice somewhat gruff, "You don't really want to do away with that son of a bitch, do you?"

Campus Master Chapter 1933

"I say madman, why did you have someone follow that grandson?" Zhang Lei, however, suddenly asked, his voice somewhat gruff, "You don't really want to do away with that son of a bitch, do you?"

Ji Feng was slightly stunned for a moment, then he laughed, "What do you think?"

Zhang Lei pondered for a moment and said, "I don't think it's likely, you kid still has a sense of proportion in doing things, I know that. Since you're not trying to do away with that guy, why did you send someone to spy on him?"

Speaking of this, Zhang Lei's face suddenly turned a bit strange, "I say, you kid wouldn't want someone to follow them so that you can determine if Hu Xuehui and Bian Chunlei are really boyfriend and girlfriend, would you?"

Ji Feng lost his smile and said, "Am I that boring?"

Zhang Lei was a bit puzzled, and he asked curiously, "It's not like you want to pry into people's secrets, and you're not trying to do away with that bastard, so what exactly are you sending people to spy on them for?"

Tong Lei also looked at Ji Feng a little strangely, she also didn't quite understand this kind of move by Ji Feng.

Ji Feng pondered for a moment and spat out two words – Nan Yue.

"What does this have to do with Nan Yue?" Zhang Lei asked offhandedly, but in a flash, a dazed look appeared on his face, "Crazy, you want to investigate Bian Chunlei's situation in Nan Yue?"

"Mm!"

Ji Feng nodded and said, "This Bian Chunlei seems to have some connections with the triads in Southern Guangdong, and he seems to have some power on this side of Jiangzhou, I want to see what kind of bottom line he is!"

Zhang Lei laughed: "I see, you are thinking of doing something from this Bian Chunlei, right?"

As soon as Ji Feng said the word Nan Yue, Zhang Lei immediately reacted, Ji Feng should have his eyes on Nan Yue!

Zhang Lei also heard that when that Bian Chunlei was shouting before, it seemed that he also mentioned Nan Yue, so I think Ji Feng was keeping an eye on this.

The fact that Ji Shaodong had personally declared war on Wu Zhiyong had already spread in Yanjing, because this matter involved the Ji family and also Ji Feng, so Zhang Lei was also extremely concerned about it, so he immediately understood why Ji Feng was focusing on Nan Yue.

The Wu family, and even Wu Zhiyong's oldest son and several other elders, have all served in Nan Yue.

Even now, the vast majority of cadres in Nan Yue are still from the Wu family.

Not only that, there are now many large group companies in Nan Yue that are inextricably linked to the Wu family, including almost every industry.

Of course, although the influence of the Wu family in Nan Yue is omnipresent, it is not true that everyone in Nan Yue is a member of the Wu family, but the main cadres are members of the Wu family, and there are naturally people from other factions as well.

In fact, this is not only the case in Southern Guangdong, but also in other major places where other factions are located. After all, the main thing that makes it possible to form a faction is that we all share the same philosophy of governance and have the same ambitions and aspirations, which is why a faction is formed.

The ultimate wish of all of us is to make this country a better place, although there are moths among them, and there are many of them, even big rats, but in general the general direction has not deviated, the country is still moving forward and developing.

But now since the Wu family has taken the initiative to provoke and the two sides are facing each other, there is nothing to be polite about.

The first thing that comes to mind when people in the circle mention this guy is Wu Zhiyong's gloominess, or to put it more harshly, his treachery and ruthlessness.

To outsiders, Wu Zhiyong has a gentle and elegant look, but everyone knows that underneath this disguised appearance, he is actually ruthless.

Other than that, just the fact that some time ago, Wu Zhiyong threw dirty water directly on his own brother and thus avoided a trouble is enough to illustrate Wu Zhiyong's character.

For such a person, one must always be on guard against him, and if there is a chance, just beat him to death with a stick, otherwise, what awaits you will be endless trouble, and you might even end up dying in the other party's hands.

"Madman, don't expect too much from this matter." Zhang Lei laughed, "As I see it, the greater your expectations, the greater your disappointment will probably be."

"What, you don't think this Bian Chunlei is worth investigating?" Ji Feng asked.

"It's not that it's not worth investigating, it's just that in my opinion, this person Bian Chunlei is not worth anything in itself." Zhang Lei said, "You've seen this person's virtue, what kind of big shot can a person like him be? Even if he does have connections with some people of importance, what he knows is very limited."

Ji Feng nodded slightly: "What you say makes sense, but what I want to find out is not how many things Bian Chunlei knows, but what people he's all connected to No matter what, it's never a bad thing to find out a bit more."

Zhang Lei nodded: "That's true. Don't worry, I'll take care of his background, and I'll make sure you get a clear picture."

.....

"Ji Feng!"

A pleasant voice full of surprise rang out, only to see Xiao Yuxuan standing in the villa courtyard, her eyes full of joy, and a strong sense of expectation.

Ji Feng jumped down from the car and looked at Xiao Yuxuan wearing simple home clothes, but the outermost part was still wrapped in a coat, he couldn't help but feel warm in his heart, and at the same time, he was also a bit apologetic.

Obviously, Xiao Yuxuan must not have come out in a hurry when she heard the doorbell, she was wrapped in a coat, so naturally she had been standing in the courtyard for a while, which was why she could not resist the cold outside and could only wrap up in a coat to protect herself from the cold.

The fact that she was standing next to Xiao Yuxuan, Han Zhen, was also wearing a coat, and her body was shivering slightly, although it was not obvious, did not escape Ji Feng's eyes.

Ji Feng's heart was touched and apologetic, and had a strong sense of pity, which could be described as a variety of things.

These thoughts just flashed in Ji Feng's heart, he immediately walked over quickly and embraced Xiao Yuxuan in his arms, hugging tightly, "Yuxuan, missed me to death"

Perhaps not expecting Ji Feng to say such explicit words, Xiao Yuxuan suddenly had a slightly red pretty face, but her face was all intoxicatingly sweet.

The first thing you need to do is to get back to the house and get warm.

Ji Feng compassion, embracing Xiao Yuxuan more reluctant to let go.

And at this time Xiao Yuxuan also seems to feel the kind of heart of Ji Feng, buried in Ji Feng's embrace of the pretty face, can not help but bring a sweet smile, also in Ji Feng's embrace of leaning more tightly.

However, just when the two of them were immersed in this kind of tender feelings, a not-so-harmonious voice suddenly came from the side.

"Hey hey hey is a bit too much!" Zhang Lei shouted strangely from the side, "I say, Mr. Xiao, you will bring me down as a young man like this."

"What are you talking about!"

Tong Lei glared at him from the side and shook his head helplessly, this brother of his was really, never a decent time, really a dog's mouth can't spit out elephant teeth.

Xiao Yuxuan likewise blushed and gave him a white look, "You're still afraid of being led astray?"

Zhang Lei frowned and said, "What do you mean? Teacher Xiao, why do I feel that you are saying that I am already bad?"

Xiao Yuxuan said, "What do you think? Otherwise, call Shen Jingyi over and ask her? I also heard Shen Jingyi say last time that someone was agitating to go out and rent a house to live in when he asked people out for dinner"

"That what, crazy, hurry up and cook, after a day of rushing, I'm starving to death!" Zhang Lei casually threw a cigarette to Ji Feng, then took a big step towards the living room, "Remember to take the luggage ah, this car I still have to drive away"

The first thing you need to do is to get a good idea of what you want to do.

Xiao Yuxuan pursed her lips and laughed lightly: "Brat, still dare to taunt me, how to say I am also a teacher, still can not rectify you!"

But Ji Feng was curious beside him, "What's going on, what did I hear you say, Zhang Lei is encouraging Shen Jingyi to go out and rent a house to live in?"

Tong Lei was also curious and asked, "Sister Yu Xuan, when did you become so familiar with Shen Jingyi?"

Xiao Yuxuan laughed, "It wasn't Zhang Lei, who carelessly left some of Shen Jingyi's luggage here, and as a result, Shen Jingyi came here to get it, and we got to know each other."

Ji Feng was stunned, still a bit confused, how did Shen Jingyi's luggage come here?

Tong Lei chortled, "Zhang Lei, what have you done!"

"Sweat!"

Zhang Lei helplessly came to the door of the living room, leaned against the door and said with a bitter smile, "When I sent Shen Jingyi home during the holidays, she ended up putting a small bag she carried close to her in my bag because her luggage was too much, and I forgot to give it to her when I left, it contained the key to her dormitory"

The first thing you need to do is to get the key.

"I'm surprised, Mr. Xiao, you and Shen Jingyi just met, right, how can we talk about renting a house?" Zhang Lei asked curiously, "Is your relationship progressing that fast?"

"The relationship between women, you don't understand." Xiao Yuxuan laughed.

"Got it!"

Zhang Lei spread his hands, very sensible no longer ask, he knows, just his mouth, in front of Xiao Yuxuan that there is no room to talk back, it is better not to get yourself into trouble.

So Zhang Lei very knowingly changed the subject: "Is there any more rice? We're all hungry."

Xiao Yuxuan laughed: "I already knew you would be hungry, the rice is in the kitchen, heat it up and you can eat it"

Zhang Lei couldn't help but straighten his eyes, his heart was envious, it's good to have a woman at home who knows what's hot and cold, you don't even have to make arrangements outside, you can have a hot meal when you come back" Zhang Lei wanted to go out with Shen Jingyi to rent a house even more.

Campus Master Chapter 1934

The lights are on and the traffic is flowing like clockwork.

Even though it is late at night, for Jiangzhou, a cosmopolitan city, it is not very different from daytime.

After work, white-collar workers have already started their nightlife, partying or being alone with their sorrows.

The city is not as noisy as it is during the day, but it is still very lively.

However, at this moment, in the villa complex located in the suburbs, it was very quiet, except for the occasional barking of the pet dog of the owner of the villa, which could be heard once or twice, but not even the sound of cars could be heard.

At this moment in Ji Feng's villa, dinner was also coming to an end.

Zhang Lei was already a bit dizzy from drinking, and Ji Feng was also red in the face. On the table, there were two wine bottles, one of which had long been empty, while the other was about to reach the bottom.

As they had not been drinking together for a long time, and today was a rare day of leisure, the two of them took advantage of the dinner time to have some good drinks when they were in the mood.

The two of them were not using bioelectricity to break down the alcohol, and were drinking entirely on the basis of their own alcohol consumption.

The two of them were so happy that the two bottles of high-calibre spirits went into their stomachs.

As a result, Zhang Lei, who was originally quite a good drinker, couldn't help but wobble a bit, and although Ji Feng wasn't that bad, he was also five points drunk.

Not to mention that the other people in the room had already left long ago, even Han Zhen had been arranged by Ji Feng to take a break, he was not so corrupted that he needed someone else to serve him even when he was drinking.

It was Bai Zhu, on the contrary, who still came out from time to time to pour them a few cups of hot water, or to take the dishes on the table to the kitchen to warm them up. She didn't know how to cook, but she could still do this kind of work.

"Cheers!"

When the last glass of wine was down, Zhang Lei stood up somewhat shakily, waved his hand, not knowing what it meant, and then went to the bathroom to wash himself.

Ji Feng couldn't help but shake his head and smile as he watched. Although this guy Zhang Lei couldn't catch up with him in terms of alcohol consumption, his wine taste was absolutely nothing to write home about, and after drinking, Zhang Lei instead didn't like to joke around as much as he usually did, and didn't have much to say, just washed himself and went to rest.

It used to be like this every time too, so Ji Feng had gotten used to it.

"Young Ji, it's time for you to rest too." Bai Zhu reminded in a low voice next to him, "It's already late."

"Mmm! Rest!"

Ji Feng nodded with a smile and couldn't help but stretch out.

From the time he left for Rice until now, he had experienced many things in between, almost spanning the entire Spring Festival, his nerves had been tense during this period of time, and he had never been so relaxed.

It was also because of this that Ji Feng drank two more glasses.

"Bai Zhu, you should hurry up and rest too." Ji Feng squeezed Bai Zhu's small hand and gave her an apologetic look.

“Hurry up and go up” Looking at Ji Feng’s eyes, Bai Zhu instantly understood what he meant and couldn’t help but smile tenderly, “Be careful when you wash yourself, don’t touch any place”

“Rest!”

Seeing that Bai Zhu understood what he meant, Ji Feng couldn’t help but nod his head and turn around to go upstairs.

Looking at Ji Feng’s back, Bai Zhu couldn’t help but purse her lips, then she didn’t know what she had remembered, her pretty face was slightly red, her beautiful eyes were flowing, and without thinking about it, a flirtatious style was revealed.

It was also at this moment that Bai Zhu’s black widow’s elegance flowed out.

She patted her somewhat hot face and let out a soft puff of air, then hurried out to check the fixtures inside and outside the villa before returning to her bedroom to rest.

.....

The scene in front of his eyes was still slightly swaying, and the alcoholic feeling on his head made his steps slightly unsteady.

At this time, Ji Feng had to admit that he had almost drunk enough, although not drunk, but not far, if he continued to drink, I’m afraid that he would have to activate the bio-current to dissolve the alcohol.

But now Ji Feng was too lazy to do this, he raised his hand and looked at the time, it was already very late, the upstairs was quiet and there was no sound, obviously Tong Lei and Xiao Yuxuan had already rested, Ji Feng did not want to disturb them, so he pushed open his bedroom door, changed his clothes and went to wash up.

About a few minutes later, Ji Feng walked out from the bathroom and prepared to go back to his bedroom to rest.

However, just as he passed by Xiao Yuxuan’s bedroom, he jerked to a halt as he heard the sound of breathing inside.

Despite drinking, Ji Feng’s sense of hearing had not decreased, but had become more sensitive because of the quietness of the night. He vaguely heard that there were two breathing sounds in Xiao Yuxuan’s bedroom, and both were not too steady.

Ji Feng couldn’t help but stare at once, did they both stay awake?

The same bedroom as Tong Lei and Xiao Yuxuan Ji Feng is not at all surprised, but, by now they are still awake, which makes him feel a little strange, himself and Zhang Lei drinking downstairs, the sound is not too loud, it is reasonable to say that they should not be noisy to them only

The first thing I did was push open Xiao Yuxuan’s bedroom door, only to see that it was dark inside, and two figures could be seen vaguely on the bed, but there was no movement.

Ji Feng looked at it for a moment, shook his head, and was ready to turn around and leave.

“What are you doing frozen there, don’t hurry up and rest” a low voice suddenly sounded.

“Hmm?!”

Ji Feng was stunned, and immediately he saw that Xiao Yuxuan was turning sideways to his side, her beautiful eyes flashing at him.

Looking at her moving curves that could still not be concealed through the quilt, Ji Feng suddenly had a fire in his heart.

He gave a low heated laugh, casually locked the bedroom door behind him, and then quickly walked towards the big bed in the middle of the bedroom, at the same time, he walked and quickly undressed

“What are you doing over here,” Xiao Yuxuan said, seemingly somewhat displeased.

“Coming over to sleep, of course.” Ji Feng smiled heatedly, then quickly got on the bed and squeezed in between Tong Lei and Xiao Yuxuan.

“Nasty, all smelling of alcohol and still coming over,” Xiao Yuxuan pouted, “Ah,”

The next moment, she was embraced directly in the arms of Ji Feng, under the touch Ji Feng realized that Xiao Yuxuan’s body was not wearing a winter robe, but a silk nightgown, that thin layer of silky and comfortable, simply can not block the kind of moving fragrance of Xiao Yuxuan’s body.

A pair of big hands incomparably skilled from the robe ribbon side slipped in, climbed the round and upright fat buttocks, Ji Feng steeply discovered that under that silky silk robe, but did not wear small underwear

“Mmm,”

A low soft murmur sounded, Ji Feng looked down and met a pair of watery eyes, even in the darkness of the night, he could see the glint of anticipation in these eyes

The fact that Xiao Yuxuan is in love!

Ji Feng snapped back to look and found that although Tong Lei’s eyes were closed, those long eyelashes were gently fluttering.

She was likewise not sleeping.

Ji Feng instantly understood that they were not resting at all, but waiting for themselves, and when they passed outside the bedroom after washing up, they were listening to see if they would come over, because of the unique reserve of women, so they would only choose this way to express their inner expectation, and would not take the initiative further.

The two hot torsos in the front and back, Ji Feng’s heart instantly on fire, as a man, how could he possibly turn a blind eye to this expectation of theirs?

Ji Feng immediately embraced Xiao Yuxuan tightly in his arms, and one hand went through the silk robe, exploring and roaming on that plump and elastic torso. At the same time, his other hand, also pulled over Tong Lei, whose breathing had begun to get slightly anxious on the other side, and one hand also went along her nightgown and probed in

“Well” Xiao Yuxuan was breathing heavily, seemingly joyful and nervous, “Brat don’t make bad, there are other people in the villa.”

“It’s okay, Bai Zhu and Han Zhen are used to it.” Ji Feng kissed her earlobe that was like a jade pearl, and one hand even climbed up to the peak and began to knead it.

“Mmm~~”

Xiao Yuxuan fiercely could not help but let out a nasal sound, her red lips slightly open, but there was still a hint of nervousness in her heart, “Zhang Lei is still here, if he hears us, how can we still have the face to see others”

Ji Feng heatedly laughed: “He is drunk and sleeps better than a pig, he won’t hear it.”

As he spoke, Ji Feng had already moved from Xiao Yuxuan’s round earlobe to her neck, and then, kissed her seductive red lips, chasing the tender lilac tongue

I don’t know if it was because of her inability to resist, or if Ji Feng’s words put her at ease, Xiao Yuxuan’s body became hotter and hotter, her breathing was more and more rapid, those long and slender legs were constantly twisting, the silk robe had been taken off at some point, her whole body was like a python, writhing in Ji Feng’s arms.

Seeing this hot scene, Tong Lei’s body couldn’t help but get hot and dry, pressing against the firm muscles on Ji Feng’s back, she couldn’t help but lean closer

“Wow”

The moment Ji Feng took in a grape, a soul-crushing moan instantly came out from Xiao Yuxuan’s red lips, and her body instantly tensed up

“Phew~~!”

A few moments later, Xiao Yuxuan then exhaled a long breath, but her heart was shy and soothing, her extremely sensitive physique, after being empty for these days, she actually reached the peak of pleasure by Ji Feng holding a grape!

At this moment, Xiao Yuxuan was charming and moving to the extreme, her delicate body twisted and her beautiful eyes flashed, full of strong spring and charm.

Ji Feng naturally also felt Xiao Yuxuan’s reaction, he patted Xiao Yuxuan’s bouncy buttocks, which immediately brought up a wave of flesh, while Xiao Yuxuan was immediately aware of it, gave him a charming white glance, and then slowly slid into the blanket

Campus Master Chapter 1935

In the dark bedroom, a thick ambiguity and an air full of lust was permeating the room.

Tong Lei was lying on top of Ji Feng’s body, her delicate body writhing and undulating up and down.

Perhaps it was because of Tong Lei’s personality that she was not as open as Xiao Yuxuan even at such times, so although Tong Lei was also swinging her hips wildly, feeling the soul-crushing sensation that

melted her body, she did not dare to raise her head, but only buried it on the side of Ji Feng's neck, panting sharply.

The fact that she was breathing harder and harder, especially when Ji Feng's hands were on her buttocks, kneading them hard, made her body tremble, and if there was light, you could even see that her skin was flushed, and the extreme stimulation had caused her body to develop tiny beans... ..

This is not the first time that she has enjoyed this experience, but every time, she is as happy as can be, and she is as comfortable as can be.

The soft little tongue of Tong Lei will also not be swept from Ji Feng's neck, and that soft little mouth will occasionally take the initiative to seek out Ji Feng's mouth

And at the same time, Xiao Yuxuan lying on the side, for this kind of intense and let the erotic scene around her, she is as if she did not see. Because at this time, Xiao Yuxuan was already in a daze, her body's strength was as if it had been drained, and she didn't even have the strength to move a finger.

Because the weather was a bit cold, she had a quilt on her body, but in reality, Xiao Yuxuan was so hot at the moment that she couldn't even feel a bit of coldness.

During that intense entanglement with Ji Feng earlier, the two of them habitually activated their bio-currents at the same time. Under the guidance of Ji Feng's powerful current, the stimulation and pleasure Xiao Yuxuan received was almost to the limit, and while it was pleasurable, her physique was also growing.

Right at this moment, Tong Lei, who was ambling on top of Ji Feng, suddenly moved faster, her shell teeth clenching her lips, but she was still making nasal sounds, showing how soothing she was at this moment.

"Ooooh~~~!"

Accompanied by an obviously suppressed long cry from Tong Lei, her entire body suddenly trembled, her body pressed against Ji Feng's body, a pair of root-rooted arms kept Ji Feng's neck in a deadly manner, and her two long and slender legs even tightly wrapped around Ji Feng's legs, as if she wanted to rub Ji Feng into her body

A strong to the extreme pleasure feeling swept through Tong Lei's whole body.

.....

The first thing you need to do is to get up early in the morning and find that the sky outside is not yet bright and still grey.

The actual air of a city is good, the environment is good, the morning is the best way to see what is going on.

The two women who were still asleep around him, Xiao Yuxuan's face with a smile, seems to be in some kind of beautiful dream, and Tong Lei, even in her sleep, still has that clear and beautiful look.

The only thing is, on the pretty faces of the two women, there are still traces of last night's passionate 'wrangling', especially on Xiao Yuxuan's snow-white neck, there is actually a hickey.

The company's main business is to provide a wide range of products and services to the public.

If the hickeys on her neck were seen by the group's employees, what credibility would she have as a boss?

Ji Feng slapped his head again, secretly remembering whether he had gone too far last night.

After all, he had been drinking last night and was already a bit drunk, so in that situation, he would not be able to control his strength so precisely and might have caused them harm.

However, when Ji Feng took a closer look at them, it didn't seem to be that kind of situation, so he was relieved.

Quietly getting up and dressing, Ji Feng casually carried his jacket downstairs, then threw it onto the sofa and went to the downstairs bathroom to prepare to wash up, but he happened to run into Han Zhen who walked out.

"Ji, Ji Shao" Seeing Ji Feng, Han Zhen was startled and greeted in a panic.

"Good morning hmm? Han Zhen, why are you so flustered?" Ji Feng very casually greeted Han Zhen with a nod, but before he could finish his words, he suddenly noticed that Han Zhen looked a little off, as if she was nervous after seeing herself, which made him feel a little strange.

When Ji Feng asked this question, Han Zhen suddenly blushed even redder, she shook her head in a panic and said, "No, it's nothing. Ji young, do you need to use the bathroom? Then you can use it"

After saying that, Han Zhen hurriedly walked away, her head lowered, not even daring to look at Ji Feng one more time.

How strange!

Ji Feng couldn't help but shake his head and muttered secretly, could it be that Han Zhen had encountered some kind of problem or was doing something in the restroom, but didn't think he would suddenly come down, so that's why he was panicking?

For Han Zhen's situation, Ji Feng more or less knew something about it.

The first thing you need to do is to get a good idea of what you are getting into.

Because of the good relationship with Han Zhen's elder brother, Xiang Yongzhan also took care of Han Zhen. According to Xiang Yongzhan later, when Han Zhen was allowed to follow Ji Feng, it was also because Ji Feng was not in the army, Han Zhen followed him without so many restrictions, and according to Xiang Yongzhan, this guy Ji Feng was very rich, so Han Zhen should not lose out by following him.

Apart from these circumstances, Ji Feng also vaguely understood that Han Zhen seemed to come from a rural background and his family's situation didn't seem too good, but since Han Zhen had come here, he hadn't shed any light on this aspect, plus the fact that Han Zhen's current salary itself was already quite good, so Ji Feng didn't think about it in this regard.

However, just now, when he saw Han Zhen's panicked look, Ji Feng's heart was moved. Is there something wrong with Han Zhen's family, but she can't tell herself, so she plans to do something about it in private?

Thinking of this, Ji Feng couldn't help but keep an eye out.

The first thing you need to do is to help people solve their problems so that they don't have to worry about them, and then they will naturally put all their minds on their work.

Taking this matter to heart, Ji Feng went into the bathroom to wash up.

After that, Ji Feng habitually started his morning exercise.

It is strange to say that since the beginning of winter vacation Ji Feng went to the country of rice, until now, there was a full month in between, he did not do morning exercises, but as soon as he returned here, this habit of his immediately came back

The villa area is full of lush trees, even though winter has just passed and the cold has not yet receded, there are many trees around the villa area, some of which have fallen out of flower and leaves, but many of which are still lush and leafy... ..

With trees, there is life. Inevitably, there are birdsong and even the occasional winged flock of birds, making the whole villa area seem like a peaceful paradise, yet full of life.

The whole villa area is like a peaceful paradise, yet full of vitality. Being in this environment makes one feel as if one's breathing is more comfortable, and the pressure on one's body is even emptied, so Ji Feng naturally cannot help but feel happy and like moving his arms and legs.

So this shows that the environment can affect people too much.

Ji Feng did not exercise too intensely, to his point, in fact, simple exercise no longer has much effect, so when he was exercising, he mainly compared moves, wondering if there is still something that can be improved, or recalling what he learned when he fought with people before.

To Ji Feng, this was much more important than exercise.

After exercising for a while, seeing that it was almost time, Ji Feng jogged off to buy breakfast. When he returned, he happened to see Bai Zhu who was moving her body in the courtyard.

"Bai Zhu, you're up, why don't you rest a bit more?" Ji Feng asked casually, "You slept so late yesterday"

"Miso!"

Before Ji Feng could finish his words, Bai Zhu's face instantly turned red, a blush immediately surfaced on that originally white and tender face, and those beautiful eyes were filled with shyness.

Even, when greeting Ji Feng, Bai Zhu couldn't help but stutter a little: "Ji Shao, you, you bought breakfast ah"

Ji Feng then wondered, he was surprised and asked, "Bai Zhu, is everything okay?"

“No, it’s fine!” Bai Zhu shook his head in a panic, “Then what, I’ll go help get the plates”

“There’s no rush to get the plates, you wait first!” Ji Feng immediately called out to her and asked strangely, “Bai Zhu, you are very wrong, I see Han Zhen is also like this to be honest, is there something wrong?!”

“No, there’s really nothing going on!” Bai Zhu hurriedly shook her head, but that face was even redder.

“Do you think I will believe it?” Ji Feng asked, “Hurry up and say it, don’t be silly.”

Bai Zhu blushed red and hesitantly said, “Ji Shao, you really want me to say it?”

Ji Feng suddenly bared his teeth, “When did you learn to be so inquisitive? This is not like you ah, what have to say directly, what is going on?”

“That”

Seeing Ji Feng keep asking questions, Bai Zhu hesitated for a moment and finally said in a small voice: “Ji Shao, last night, you guys your voices were too loud.”

As soon as the words fell, I saw that Bai Zhu had turned and trotted all the way into the living room.

Only Ji Feng was left with a stunned expression, “.....”

Sweat!

Ji Feng let out a sarcastic laugh, his face was a bit embarrassed, but in his heart, he couldn’t help but realize that no wonder Bai Zhu and Han Zhen were embarrassed when they woke up early in the morning, and they didn’t even dare to look at themselves after seeing themselves, especially Han Zhen, who couldn’t even speak properly.

It turns out that it’s all because of the commotion they made last night.

Campus Master Chapter 1936

All the way to breakfast, Bai Zhu and Han Zhen were still a bit uncomfortable, with a shy look in their eyes, not daring to look at Ji Feng.

Especially, when they saw the hickey in Xiao Yuxuan’s neck, their pretty faces turned even redder.

Bai Zhu was a little better, although she also felt embarrassed, but after all, she had been out there for so many years and had seen so much that she was considered to have a certain degree of immunity, so Bai Zhu could still try not to show it and just eat with her head down.

But Han Zhen was a different story. Throughout the breakfast, Han Zhen did not dare to look up, and that face was as red as a tomato, all the way up to her neck.

How could Xiao Yuxuan and Tong Lei not see how the two girls were behaving?

They couldn’t help but glare at Ji Feng fiercely, especially Xiao Yuxuan, who wanted to eat Ji Feng in one bite.

This morning, when she woke up and saw that she had a strawberry mark on her neck, it made Xiao Yuxuan very ashamed.

It was hard to use the high-collared jumper to cover up the hickey, but after all, it was at home, every move was very casual, the hickey would inevitably be exposed, which made Xiao Yuxuan angry and secretly pinched Ji Feng several times.

The three of them all had a part to play.

But apparently he had no place to talk about it, so he could only bear it alone with his teeth bared.

"I say, aren't you all hungry?" Zhang Lei looked at several people's svelte eating, could not help but ask, while he picked up two doughnuts at once and bit off a small half of them in one bite, "Breakfast is important, if you don't eat well you'll be out of energy all morning"

Tong Lei glared at him, "You can still eat?"

Zhang Lei was stunned: "Why can't you eat?"

Tong Lei shook her head helplessly and asked, "Last night you and Ji Feng drank until late at night and ate until late at night, and now you're hungry?"

Zhang Lei instantly laughed, "Am I eating or is it a sin?"

"Come on, eating still can't stop your mouths?" Xiao Yuxuan said, "Hurry up and eat, it will get cold later."

"That's right, hurry up and eat!" Zhang Lei laughed and picked up the soy milk and drank it in big gulps.

At the same time, Xiao Yuxuan and Tong Lei looked at each other and secretly breathed a sigh of relief in their hearts at the same time. Fortunately, it seemed that Zhang Lei had really drunk too much last night and had no sense of the outside world, otherwise, it would have been really humiliating.

In fact, Tong Lei and Xiao Yuxuan had already known why Bai Zhu and Han Zhen were blushing, they were so familiar with each other, how could they not see the clues?

..... Blame Ji Feng, the brat, for making their cheeks a little thick!

Xiao Yuxuan couldn't help but give Ji Feng a white glance, but look at her eyes, how to look like they are full of strong affection.

The girl was still clear and beautiful, but in the midst of that clear beauty, there were a few more flirtatious intentions, as if she was a fairy who had originally fallen to the mortal world and had also moved her heart to spring.

That was nourished by Ji Feng last night.

In fact, it is not that Tong Lei and Xiao Yuxuan's cheeks have become thicker, the so-called food and sex, the pleasure of the boudoir between husband and wife, itself is ambiguous, but also the most emotional, this has nothing to do with cheeks.

A few people jokingly finished their breakfast, Zhang Lei is going to drive back to school, look at his hurried look, as if some can not wait.

Obviously, Zhang Lei was a bit desperate to go see Shen Jingyi.

“Crazy, are you going to school?” Zhang Lei asked, “Why don’t we go together, just so we can report today.”

“I can’t today.” Ji Feng shook his head, “I have other things to do.”

“Then I won’t be accompanying you guys, hey!” Zhang Lei grinned, “My Jing Yi sister is still waiting for me at school, I’ll go first”

Watching Zhang Lei drive away in a huff, Ji Feng shook his head and smiled, Zhang Lei’s relationship with Shen Jingyi was getting deeper and deeper, hopefully they would end up with a happy outcome.

Afterwards, Xiao Yuxuan took Han Zhen to go to the company, while Ji Feng had to take Tong Lei to the airport with him, today Xiao Ying was coming back.

Because they all lived separately in Yanjing before, Xiao Ying also did not come back with Ji Feng, but separately took a separate flight to Jiangzhou at noon today, and Ji Feng was going to pick her up.

So the few of them split up.

When Ji Feng received Xiao Ying, it was already eleven o’clock at noon. It was already noon when they returned home, perhaps because they had eaten a bit too much in the morning, and as a result, several of them were not too hungry, so they simply ate something, and then Ji Feng took Tong Lei to the school to report.

And when Ji Feng arrived at the dormitory, he saw that Han Zhong, Zhao Kai and Du Shaofeng had all arrived.

When they saw Ji Feng, the faces of several people couldn’t help but reveal smiles, and even Zhao Kai, who had always been gloomy, showed a bright smile this time, which was extremely rare.

“Brother, thanks a lot!” Zhao Kai smiled brightly, and in his eyes, there was a touch of excitement hidden, as well as a strong feeling of gratitude.

The only person who knew what kind of things Zhao Kai had gone through was himself, and he was very clear about what Ji Feng had done to help him.

Therefore, Zhao Kai was grateful to Ji Feng from the bottom of his heart.

At the same time, Zhao Kai even had the thought that a soldier would die for a friend!

“You’re less likely to make it a bit meaty!” Ji Feng laughed and punched him in the chest, “You’re fatter than before, it seems like you’re quite comfortable sitting in this jail cell!”

Zhao Kai pushed his glasses and said very seriously, “Compared to a lot of people in this society, prison might really be a pleasure.”

Several people were stunned at the same time, and they all remembered a lot of things.

Zhao Kai added, "However, for me, jail is definitely not a happy thing."

Several people laughed, while Du Shaofeng was curious and asked, "Why do you say that, you got beaten up in the cell?"

Zhao Kai snorted, "Do you think someone like me would get beaten up? Sometimes wisdom is much more powerful than fists, big guy, understand? The only reason I feel like I'm suffering is because of something else."

"Oh?"

Du Shaofeng asked, "Then because of what?"

Ji Feng and Han Zhong were also aroused and both asked as well, "Yeah, Kaiser, is there a prisoner who makes you pour shit and piss on him and doesn't feed you to your heart's content?"

"Humph! It's the same as being beaten, it's perfectly fine to use your wits." Zhao Kai abetted his teeth and grunted, "What's really unbearable is that those bastards actually looked at Laozi"

"Ah?!"

Ji Feng three people immediately stunned, "Looked at you? What do you mean?"

Han Zhong looked at Zhao Kai strangely and asked hesitantly, "Kai Zi, when you say unbearable, do you mean that you were blown up in your cell?!"

Ji Feng's eyes changed when the three of them looked at Zhao Kai, it wasn't out of the question.

In a place like a prison, those who could go there were definitely not good people, and there was definitely no shortage of vicious people among them. Especially in a closed and small environment like that cell, people's personalities are more likely to become manic, tyrannical, and even end up with distorted personalities.

Especially if they don't see women for a long time, their sexual orientation will also be problematic.

There is a saying that if you don't see a woman for three months, even if you see a sow, you will think it is graceful and beautiful.

Let alone a little white boy like Zhao Kai.

The actual fact is that you'll be able to get a lot more than just a few of the most popular and most popular ones. You don't have to look at me like that, just those fools, they can't touch me yet!"

"Because"

"I have more than just wisdom!"

Zhao Kai pushed his glasses and grinned, "Without relying on my wisdom, I'm also able to clean up that gang in a submissive manner."

"Pah!"

There was a thump.

Zhao Kai only felt a strong force coming from his shoulders, and his legs went limp, sitting on his butt in the chair.

He saw Du Shaofeng's hand patting on Zhao Kai's shoulder, "Are you trying to say that you still have strength?"

"Wrong!"

Zhao Kai grinned, "I have brothers."

Several people were stunned at the same time, not quite understanding what Zhao Kai's words meant, what could having a brother have to do with this? Could it be that if Zhao Kai gave his brother's name inside the cell, those people wouldn't dare to touch him?

Zhao Kai's face became serious and he said in a deep voice: "In that cell, I was actually treated very well, but this treatment made some people red-eyed and started to think about how to make a move on me, but at first I was able to defuse it because they also had scruples and I could pin them down."

"But gradually it didn't work, when the guards were there it was a little better, but when the guards weren't there, once it was release time, I had to fight" Zhao Kai said, "At a time when the situation was getting worse of the time, Ji Feng rescued me."

"That's why I said, I have brothers!" Zhao Kai said.

This time, everyone kind of understood what Zhao Kai meant, he didn't only have wisdom, but also brothers.

But Ji Feng waved his hand and said, "Kai, that's far from it, since we're brothers, there's no need to mention this matter in the future."

He didn't expect that Zhao Kai was showing his gratitude by going around in such a circle.

Ji Feng saved Zhao Kai out of friendship, if he wanted to show his gratitude, then Ji Feng would simply go out and do good deeds every day.

Zhao Kai nodded his head and smiled, "Then, I won't mention it."

There were some things that did not need to be hung up on, but most importantly, to be kept in the heart.

Only Zhao Kai knew what those things that Ji Feng and Zhang Lei did really meant to him, and this was something that Zhao Kai would always keep in his heart

Campus Master Chapter 1937

On the first day of the new school year, the brothers had to get together as usual.

On the one hand, it was a happy occasion for the brothers to get together again after a month of separation. On the other hand, Zhao Kai was forced to go to jail because of his family's affairs, and with Ji Feng's help the matter was resolved smoothly, which was also a happy event.

So according to Han Zhong's words, this was a double happiness, so they should have a couple of drinks to celebrate.

Naturally, Ji Feng and the three of them readily agreed.

And because it was a gathering of several people from the same dormitory, they all didn't call anyone else, including Ji Feng, who also didn't call Zhang Lei, and even Bai Zhu didn't follow, but went home with Tong Lei and Xiao Ying.

The four brothers asked for a private room at a student restaurant near Union University and had a good gathering.

At the dinner table several people talked about the sky and the sea, and somehow got to personal issues.

The three people here, except for Ji Feng, are all single. As the time for graduation is getting closer and closer, those innocent primary school girls who have just entered the university campus have now learned to guard against fire and burglary, while those in the same class as them are all married, either having changed their boyfriends for an unknown number of times, or being bent on studying or wanting to go further, which makes several people a bit helpless.

"Speaking of which, I met a senior two days ago, he came to our group looking for a job, I read his resume, he looked like he had some ability, and he also resigned from another big group, plus he also graduated from Union University, so I talked to him for a while, and guess what?" Han Zhong shook his head and said, "You really don't know until you talk."

"Tell me about it." Zhao Kai said.

"This senior had already reached the position of team leader in that big group, and it looked like he might be promoted to manager in another year or two, but he resigned at this time." Han Zhong said, "Talking about the reason, it's really emotional."

"Oh? What happened?" Ji Feng asked.

Han Zhong shook his head and laughed, "This is something that makes people sympathize with him. This senior's family is from a rural area, and the whole family is supporting him as a university student, and he worked hard after graduation, but he had a girlfriend and had to buy a house before getting married. He has been working for two years, and his family borrowed money from everywhere to finally get the down payment for the house, and the house is still written in his girlfriend's name."

Du Shaofeng said, "It's normal, many people are like this, nowadays the price of housing in Jiangzhou is so expensive, it is indeed a bit difficult for people from rural families to buy a house. Besides this dude can put his girlfriend's name on the house, he's a man!"

"The point is not the house!" Han Zhong shook his head and said, "The point is, after they bought the house they were ready to get married, but in the pre-wedding medical examination, the doctor told him the bad news, his girlfriend had many miscarriages before, and now if she wants to get pregnant again, I'm afraid it will be difficult, even if she can conceive, the child will not be able to develop normally"

A few people were stunned.

Du Shaofeng's eyes glared: "There is still this matter?!"

The first thing you need to do is to get a good idea of what you're getting into. He said that the family had worked hard to provide for him, and now they borrowed money to buy a house, and originally thought they could happily get married, but they didn't expect that the woman was a rotten woman who had slept with an unknown number of men!"

"And as a result, he quit?" Zhao Kai asked.

"What else could it be? That woman is from the same company they work for, how could he continue working at that company after being so irritated?" Han Zhong shook his head, "The most crucial thing is that that senior doesn't even know that his girlfriend is like that, usually she still acts innocent"

Ji Feng could not help but shake his head and smile, this thing that senior's encounter is really quite sympathetic.

Zhao Kai sneered: "Haven't you heard of a popular saying now, giving another man in a hotel for eighty dollars a night, but later demanding that her current boyfriend must have an eight hundred thousand dollar house before getting married"

Du Shaofeng, however, asked, "What about their house?"

Han Zhong spread his hands, "I don't know, if that woman's character is not good, it will be difficult to get the house back."

Du Shaofeng couldn't help but scratch his head and said, "This is really fucked up, and that woman is really"

Zhao Kai is very used to it, he said: "This is how society is now, these decades, the pursuit of development speed and economic growth, people in the spiritual aspect is already quite empty, plus many people admire the kind of lifestyle of foreigners, the result is a distortion of thinking, our school is the best example, you see every Friday afternoon, the school Every Friday afternoon, there are long lines of luxury cars outside the school, just waiting to pick up those girls."

Du Shaofeng scratched his head and asked, "Aren't those girls afraid that people will poke them in the back?"

Zhao Kai laughed coldly, "Nowadays, it's a laughing stock, not a laughing stock, besides, they can now wear brand names and enjoy a high-class life, and later find an honest man to marry, how cool is this life. Not all women would let themselves have abortions to the point of not being able to conceive, only those who think they are casual but are actually too casual would be so stupid."

Du Shaofeng couldn't figure it out, he bristled, "Anyway, if I met such a woman, I would get a divorce even if I got married."

"So you don't have a girlfriend now!" Zhao Kai said.

Du Shaofeng: "..... fuck!"

Zhao Kai grinned and said, "If you're not sure about finding a girlfriend, you can take your time, but Han Zhong is now in charge of the Tengfei Group, so he must come into contact with a lot of beautiful

women in general, so you can keep an eye out for them, and maybe you'll find a good one. There are many beautiful women in our school, not all of them are casual women, Han Zhong, you can think about it."

However, surprisingly, the moment this was mentioned, Han Zhong's face instantly fell down.

Zhao Kai couldn't help but ask, "What's wrong Han Zhong, you don't seem to be in high spirits, do you not see girls from our school? How about introducing you to a fair-looking student?"

Pfft~~!

Ji Feng and Du Shaofeng almost didn't spit out a mouthful.

Introducing a younger brother to Han Zhong? And a fair-looking one too?

How could Zhao Kai even think of that?

But Zhao Kai was still so serious when he said this, as if he really thought so, which made it even more amusing, making Ji Feng and Du Shaofeng both unable to help themselves.

Han Zhong's forehead immediately sprouted several black lines, he gritted his teeth and said, "I knew you kid can't spit out ivory teeth from your dog's mouth, that white schoolboy or leave it to you no, you yourself look quite white, I think why don't you just obey me."

"....." Zhao Kai's face suddenly darkened, he didn't expect to actually draw fire to himself.

"Ha"

Ji Feng and Du Shaofeng, however, directly burst out laughing.

It's true to say that, if strictly speaking, Zhao Kai really looks like a white boy, according to the current fashionable words, this guy is very much like a 'sufferer'.

However, what made Ji Feng and Du Shaofeng laugh most unbearably was Zhao Kai's defeat.

With Zhao Kai's intelligence and his fluent mouth, he was the one who usually flirted with others, but this time it was his turn to be defeated, and he couldn't hold his tongue.

After holding his tongue for half a day, Zhao Kai finally said with hatred, "It seems I was right, you really do have a problem with your sexual orientation."

Han Zhong grunted, "Come on, even if you have a problem I don't."

Zhao Kai asked, "Then why do you look so pale when you hear about finding a girlfriend?"

Han Zhong shook his head helplessly and said, "I am afraid of finding a girlfriend"

"Afraid?"

This answer from Han Zhong made Zhao Kai and Du Shaofeng both unable to help but be stunned, what other normal man was afraid of finding a girlfriend? They could understand if they were afraid of getting married, but this was the first time they had heard of this fear of finding a girlfriend.

The first time they had heard of this was when they were afraid of finding a girlfriend.

In fact, Han Zhong had really had an encounter with a woman in the past, and it was that experience that made Han Zhong a bit scared to mention this aspect even now.

On that occasion, Cheng Haotai and a few other people from Kepong wanted to set Han Zhong up, so they found a beautiful woman and gave him an aphrodisiac while Han Zhong was drunk.

As a result, Han Zhong did not recover for a few days after that night. If Ji Feng had not found it in time and brought Han Zhong for a check-up, I am afraid that Han Zhong would have been very ill.

Although all of them, including Cheng Haotai, were later eliminated by Ji Feng, and even involved the Little Prince and the dynasty organisation in Southern Guangdong, Han Zhong took it to heart and became wary when he mentioned it.

It can be said that once you are bitten by a snake, you are afraid of a well rope for ten years.

But when you think about it, Han Zhong's fears are not unreasonable.

After all, he is now the boss of the Tengfei Group, and his every move is no longer his personal matter, but also the operation and development of the whole Tengfei Group, which is one of the reasons.

In addition, because his status is here, so are there girls who are willing to fall in love with him sincerely, or do they only care about his status and money?

This is likewise a question.

"Let's talk about something else", Han Zhong was unwilling to bring up that humiliating matter from before and decisively changed the subject, "By the way, Old Zhao, the business of the Tengfei Group has recently surged and there is a shortage of manpower, do you want to come and help? "

"Me?"

Zhao Kai was stunned, "What can I do if I go?"

Ji Feng also looked at Han Zhong, he rarely asked about the actual operation of the Tengfei Group, so he really didn't know what positions were suitable for Zhao Kai now, so he also wanted to know what Han Zhong would arrange.

Campus Master Chapter 1938

Han Zhong laughed, "You can do a lot of things, from serving tea and cleaning to taking charge of the whole group, you can do it all, your old Zhao's ability that is just right!"

Zhao Kai instantly laughed and cursed, "Bullshit!"

Han Zhong smiled and waved his hand, saying, "Just kidding, but I do plan to set up a planning department, simply put, it is similar to a think tank, the job is to investigate market information, all kinds of information, and then from this information, filter out the important ones, and eventually extract the essence, to make constructive suggestions to the decision-making level. "

Zhao Kai asked, "In that case, the Planning Department's service targets are the Group's decision makers?"

“That’s right.” Han Zhong nodded his head.

“This planning department’s job is not easy.” Zhao Kai said, “In order to find useful ones from the mixed market information and also to put forward constructive opinions, this requires the staff in the planning department to have a forward-looking vision, as well as a variety of rich professional knowledge, and also have a global strategic thinking I can’t be competent when I go there. ”

Han Zhong instantly smiled: “Old Zhao, just because you can immediately point out these points, I think you’ll be competent.”

Ji Feng also secretly nodded his head, indeed, although Zhao Kai did not have any work experience, but his mind was unmatched by many people, moreover, Ji Feng also believed that since Zhao Kai was able to see the key points in Han Zhong’s words at a glance and analyze them himself, this meant that Zhao Kai should be able to be competent for the position in the planning department.

Zhao Kai was a little hesitant, the question raised by Han Zhong was too sudden and had not prepared him mentally at all.

Han Zhong naturally saw Zhao Kai’s hesitation, and he said, “Actually, I just have this idea, old Zhao, you should think about it first, you don’t need to answer me so hastily.”

“That’s right, it’s time to drink, what’s the point of talking about work, it’s really” Du Shaofeng waved his hand, “Come on, drink!”

“That’s right, drink!”

Several people laughed and raised their glasses.

However, it was evident that Zhao Kai had taken this matter to heart and had begun to ponder it.

.....

After the meal was finished, several people left the restaurant, and because they had been drinking, Zhao Kai and Du Shaofeng went straight back to school, while Ji Feng and Han Zhong stood at the roadside to take a taxi, ready to return to their residence to rest.

While waiting for the car, the two talked about the formation of the planning department again.

Han Zhong said: “It’s not too difficult for the group to continue to develop at a high speed, as long as it has unique products, it’s not difficult to develop. But the hard part is how to develop at a high speed while the group has to become more and more stable.”

“But relying on the old president or a few managers alone, they have to manage the group’s operation, pay attention to the market changes in the outside world, as well as grasp the group’s development direction, and other tangled work, it’s really hard to juggle with just a few people, so, when the group develops to a certain level, forming a think tank is a must.”

Ji Feng nodded slightly, he agreed with this statement of Han Zhong.

In fact, in many group companies, those bosses had think tanks, or professional planning departments, only that they were called differently in different companies.

Of course in many companies, this department does not exist, but in fact people from other departments are playing a role in this regard.

In some group companies, for example, they have a very detailed department, with a research office, a planning department, a professional assistant to the president, and so on, which are actually linked together to play the role of a think tank.

In some larger groups, there is a special department that consolidates all the information provided by these detailed departments and then selects the right information to report to the boss, which is the think tank.

The planning department that Han Zhong wants to set up is actually like bringing together all these researchers, planners, professional assistants and so on into one department.

It is not easy to compare which model is better, but it can only be said that the most suitable for the group's development is the best.

Han Zhong now wants to form a planning department, obviously he has gone through all aspects of comparison and comprehensive consideration, and concluded that forming a separate department is better than refining, at least in the Tengfei Group.

"Then how come you're looking at Zhao Kai?" Ji Feng asked again.

"This guy Zhao Kai, don't look like he's usually quiet, but he's got numbers in his heart. I dare say that among the people I know, there really aren't many people with brains that can compare to his, as long as he is pulled out and trained for a few years, this guy will definitely become a scary person."

Han Zhong said, "Someone like him is a waste of resources if he is always kept in school."

Ji Feng couldn't help but glance at Han Zhong in amazement, a flash of astonishment in his eyes.

In fact, Ji Feng agreed with these words of Han Zhong's evaluation of Zhao Kai, and might even give a higher evaluation if Ji Feng were to evaluate Zhao Kai.

Zhao Kai is a person who, to put it bluntly, can be a dog-headed military advisor, but in reality, if placed in ancient times, a person like him definitely has the potential to become a great strategist.

From the time he met Zhao Kai to the time he came into contact with him, Ji Feng had a deep understanding of Zhao Kai.

Of course, usually they have not encountered any big event, Zhao Kai this person is calm, usually will not take the initiative to cause trouble, basically are in school, occasionally out to have fun. But from Zhao Kai's every move, or a small thing Ji Feng could see that the mind was extremely smart.

But it's not just smart, you can tell from Zhao Kai's view on some things, his thinking is different from many people, in Han Zhong's words, that is Zhao Kai has a pretty good big picture view, or strategic vision.

Therefore, Ji Feng was not surprised that Han Zhong had such a high opinion of Zhao Kai. However, he did not expect that Han Zhong actually knew Zhao Kai so well, in other words, Han Zhong had analysed Zhao Kai very thoroughly.

This shows that Han Zhong's vision also began to change, he also began to look at others or other things from a higher perspective, Han Zhong gradually had a more big picture view.

This is very different from the Han Zhong that Ji Feng knew at the beginning!

Perhaps this is because after Han Zhong took charge of the Tengfei Group, he could not look at things from his own point of view like before, but now he has to consider things from a global perspective.

For example, if he wants to study the development of the Tengfei Group, he has to consider the market, such as the audience in a certain place preferring a certain colour of product, and he also has to consider the government's policy on how to meet the market and seize the opportunity, etc.

When you are in charge of a group, these are all issues that need to be considered.

This is perhaps how Han Zhong has worked out.

The first time I let go of the responsibility to let Han Zhong take charge of the Tengfei Group, I really did the right thing, at that time Han Zhong had the ability, and after such a long time of training, he also has a strategic vision, this is the biggest harvest of Ji Feng today!

"Ji Feng, what do you think of this idea of mine?" Han Zhong asked.

"The idea is good, but it also depends on what Zhao Kai himself thinks." Ji Feng said, "If he doesn't want it himself, it's useless no matter how well you consider it."

"That's true." Han Zhong laughed, "However, I think he will agree to it in 8`9 out of 10, right now he has nothing to do in school except for his classes, although this guy has a calm personality, he is also an idle person at heart."

Ji Feng nodded with a smile and said, "Then we'll wait for his reply"

"Ding"

Ji Feng hadn't finished his words when his mobile phone suddenly rang.

Ji Feng casually picked up the phone and saw the caller ID, he gestured to Han Zhong and then walked to the side and picked up the phone, "Old Yi, it's me, what do you say?"

The call was from Yi Xingchen, and his voice came through, "Boss, the person you asked me to spy on has now landed."

Ji Feng immediately asked, "Where is the person?"

Yi Xingchen said, "When my people found him yesterday, he was seeing a doctor at a clinic near the location you mentioned, and after that, he went to the Jiangzhou First People's Hospital, first to surgery, then to dentistry, and then until an hour or so ago, he came out of the hospital and now has landed at a villa, and with him, there is a woman. "

It was Hu Xuehui?

Ji Feng secretly said in his heart, he secretly shook his head, if the woman who was with that person called Bian Chun Lei was really Hu Xuehui, then I'm afraid that this woman would be like that in her life.

The fact that she could still hang out with Bian Chunlei after being sarcastic by Zhang Lei to that extent last night was enough to show that she had torn off her face and didn't want it at all.

Such a woman, really makes people speechless.

Ji Feng faintly shook his head, no longer thinking about that woman, but asked, "Old Yi, do you know who the owner of the villa they landed in is? Does it belong to their own property?"

Yi Xingchen said, "Not their own. According to the information I found out, it seems that the villa belongs to a big brother on the road in Jiangzhou."

"Oh?"

Ji Feng instantly smiled, "A big brother on the road? Who is it?"

Yi Xingchen said, "We haven't figured it out yet, we're currently checking it out, because the target has stayed in Don't Say for a short time, we initially concluded that that's where he landed, so I'll tell you first."

Ji Feng nodded slightly and said, "Old Yi, you send me the address of the villa, I'll check the owner of the villa, you should send someone to closely monitor the target, it's best to write down all the people he has seen"

After explaining to Yi Xingchen, Ji Feng hung up the phone.

"Landing in a mob boss's house seems like there's really something fishy to investigate in between!" Ji Feng secretly snorted coldly, "Since you Bian Chunlei are so arrogant, I'd like to see, what exactly is your origin and what background you have! If you can, take you as a nail and wedge it into South Guangdong!"

Campus Master Chapter 1939

"Colleagues, it's a new week and a new year at the same time, and this is the start of the year for us at Xiao's Pharmaceutical Factory."

"Two days ago, last Friday, we already did a summary of the first week of the New Year, but since that was our first week at work, the whole meeting was also about relaxing and very little about the substance of our work. Today, on the other hand, we're going to do a plan for the whole of the next year, and kind of look ahead"

It was a conference room large enough to hold dozens of people, and in the main seat of the room, a woman was standing there presiding over the meeting.

Although it was not quite warm yet, the heat emanating from the central air conditioning made the whole conference room incomparably warm, and because of this, the woman was dressed in a way that looked refreshing for the season.

The soft jersey on top, that slightly exaggerated shape, instead of making this woman lose her flavour, because that jersey was very soft, it made this woman's proud figure show perfectly. Especially in the very sizeable bosom, enough to make many even women who have specifically gone for breast implants to be ashamed of themselves.

The bottom was a pair of pencil trousers, wrapping a pair of slender thighs, as well as that almost perfect rounded and plump buttocks, especially when the woman turned around, the rounded and plump buttocks had an amazing charm that made any normal man want to look twice.

The seemingly simple outfit on this woman's body had a striking effect and was incredibly seductive.

However, what attracted even more attention was the woman's stunning face. Underneath her long chestnut-coloured wavy hair were a pair of eyes that looked like autumn water, which, together with her face that seemed to bring together all the elements of beauty, made her whole person full of an astonishing charm.

Any normal man who sees a woman like this will not be able to help but be attracted to her, and will even want to be attracted to her.

However, most men would be ashamed of themselves and would only dare to secretly think about it in their hearts, but I am afraid that no man would dare to actually do anything about it.

Just like now, although she would stand up from time to time in the main seat, writing and drawing on the writing board behind her, or occasionally turning her head, that moving eyes glanced over the whole room, whether it was that seductive body or that stunning face, all displayed in front of everyone, but all the men present, but did not dare to have the slightest distracting thoughts, did not dare to look at.

The reason is that this woman is not only beautiful, she is also extremely capable and has a strong hand, and does not pretend to be a man.

What's more, she was in charge of a pharmaceutical factory whose products were a huge hit in the national market!

Competent and stunningly beautiful, such a woman is indeed not something that ordinary men can covet.

Just think of her leading the staff of the factory, selling the special effect diet pill Kang Yuan Slim Powder in large quantities, creating one sales miracle after another in the industry, everyone present could not help but feel a sense of admiration in their hearts.

These achievements that she created were beyond the reach of even many men.

This woman was naturally Xu Yuan, who was then the boss of Xiao's Pharmaceutical Factory.

At this moment, Xu Yuan was leading a meeting with the middle and senior staff of the Xiao Pharmaceutical Factory.

Every Friday afternoon, the middle and senior management of the factory would hold a regular meeting, which would consist of a summary of the week that was about to pass. This summary, not only was a summary of work, but also required the employees to write about their progress and discoveries of the past week.

Because only in this way do we know what we have learned in the past week, whether we have made progress, what needs to be improved, and all other aspects, this kind of summary allows the staff to have a good idea of what they have done in the past week.

This is the only way to make progress faster.

In addition, on Monday mornings, Xu Yuan leads another regular meeting with the middle and senior staff – a work planning and outlook meeting.

With the Friday afternoon summary, the two days off on Saturday and Sunday can be used for reflection, finding ways to improve or looking for solutions.

This is a particularly important time to look ahead and plan for work on Monday.

This helps employees to identify themselves and to have a better understanding of exactly what they should be doing in the week ahead.

As long as they have a clear goal to work towards, their efforts will not be in vain and they will always make progress and rewards.

In this way, the Friday afternoon wrap-up and the Monday morning outlook and planning create a virtuous circle where everyone not only makes progress, but also plants the seeds of which direction they are going to go and how

This kind of regular meeting was proposed by Xu Yuan and was also implemented by her in the factory.

From the beginning, it was only for the top management of the factory, but later it was also implemented among the middle management, until now, even the frontline production staff in the workshop have gotten used to this kind of regular meeting, and they all found the benefits of holding this kind of regular meeting, and now even if there is no order from the management, they will all take the initiative to request a meeting.

This innovation of Xu Yuan's, although at first it seemed a bit time consuming and formalistic, it was only after time had passed that everyone realised that they had got used to these regular meetings and that they were really making progress.

As a result, Xu Yuan's prestige in the factory was instantly established.

"The sales of Kang Yuan slimming powder are very good, but we can't be complacent, there are just too many good products on the market, but why can some products sell very hot, but others are silent?" Xu Yuan said, "I think there must be a reason for this, I hope we can think more about it"

Xu Yuan stood in the main seat, calm and full of energy, her whole being glowed with a very unique charm that was mesmerizing.

Everyone in the meeting room was listening carefully, they knew that this was not just empty talk, because Xu Yuan had made a tangible achievement, which was there for all to see.

No one wants to make achievements, and Xiao's Pharmaceutical Factory is very generous, for the employees who have made achievements, bonuses and benefits are never less, and definitely better than other companies in the same industry, no one wants to live a better life, so everyone is working hard.

However, in this conference room, there was one person whose mind was not on the content of the regular meeting.

Ji Feng was sitting in the last row of the conference room, he was holding his arms, with a smile on his face, watching with interest as Xu Yuan chaired the meeting.

Xu Yuan had changed a lot, that was Ji Feng's feeling.

When she first came to the factory, Xu Yuan still had a hint of wind and dust in her body, and even though she worked hard, she still seemed a bit overwhelmed at times and occasionally had trouble holding down the fort.

Now, however, there are no more signs of this. Today, Xu Yuan has a dry and competent look all over her body, much like a strong woman.

But she is not purely a strong woman, because her amazing charm, coupled with her flirtatiousness, makes her not have the high and mighty or cold feeling of a strong woman.

All these factors combined make Xu Yuan possess an extremely personal charm!

Compared to the original Xu Yuan, she is now almost a new person.

Ji Feng couldn't help but secretly feel some heartache, she knew that Xu Yuan must have secretly put in a lot of effort to be able to grow to the point she was at now. In the past, Xu Yuan had said that she had to pay attention to her every word, every move, even a smallest fault, and she had to change it, only then would she be a qualified old boss.

At that time, Ji Feng also advised her not to care too much about this, but now it seems that Xu Yuan did not listen to him, she persevered and that is why she has an amazing charm.

This charm, not only from her charming and moving face

"It's lucky that I came today, otherwise, I wouldn't have been able to see this side of her." Ji Feng couldn't help but smile faintly, "It seems that he has really escaped the right class."

For any student, the first few days of school are very comfortable, because at this time just returned to school, still in the adaptation and recovery period, and there are not too many heavy courses weighing down, relatively speaking is indeed quite comfortable.

For Ji Feng, who had already been skipping school as a routine, he did not go to school for the next few days, except for the first day when he reported to school and then met up with Zhao Kai and Han Zhong.

He first went to the Tengfei Group, listened to Han Zhong's detailed introduction of the group's current situation, and discussed his work with Xiao Yuxuan while being sweet.

And then he went to the Security Department to talk to Yi Xingchen, as well as Tengfei Electronics, which was formed jointly by Tengfei Group and Sunshine Electronics, and Tengfei Network Company.

He was the last to come to Xiao's Pharmaceutical Factory.

This was because Ji Feng intended to stay here longer to spend more time with Xu Yuan.

"This bad egg" Xu Yuan, who possessed an amazing charm in the eyes of her employees, was unaware that at this moment, when she was calm and collected on the surface, her pretty face was slightly red and she spat secretly in her heart.

In front of outsiders, she could be calm and collected, and even dignified, but in front of Ji Feng, Xu Yuan's pretense was immediately stripped away, and all that remained was the shyness of a daughter around her man.

As a result, Xu Yuan even made a few slips of the tongue during her speech, leaving the staff underneath her wondering why the always competent General Manager Xu was always making mistakes today.

While Xu Yuan was embarrassed, her beautiful eyes glared at Ji Feng with some exasperation, giving him a warning, and then tried to speed up as much as she could. After chairing the regular meeting, Xu Yuan hurried back to her office.

Ji Feng smiled wickedly and followed him

Campus Master Chapter 1940

As soon as Ji Feng entered Xu Yuan's office, he saw that Xu Yuan was standing in front of her desk with her back to the door, and he couldn't see the expression on her face clearly.

"Hey!" Ji Feng heatedly smiled and walked over quickly, his hands caressed Xu Yuan's soft and amazingly elastic waist, then slowly moved forward, went around Xu Yuan's brute waist and covered her belly with both hands

Ji Feng hugged Xu Yuan in his arms from behind.

However, only to hear a "pop!" The sound.

Xu Yuan suddenly knocked away Ji Feng's big hand that was about to do bad things, then pushed his arm away and turned around violently.

Ji Feng was dumbfounded, "What, are you angry? Look at your appearance, where is there any semblance of an old boss?!"

The first thing you need to do is to get a good idea of what you are getting into.

..... This is clearly a young daughter who is angry, where is the charming and moving yet shrewd and competent corporate boss?

"Heh!"

Ji Feng couldn't help but grin as he pinched Xu Yuan's tender face and laughed, "If your current appearance is seen by anyone, then your image will be ruined."

However, it was fine if Ji Feng didn't mention this, but when he did, he immediately saw Xu Yuan's nose wrinkled up.

"Boom!"

Xu Yuan lightly smacked Ji Feng and pouted, "It's all your fault for making a fool out of me!"

Ji Feng laughed, "You are somewhat wronging someone, Yuan Yuan, how did I make a fool of you?"

"You're still saying that!" Xu Yuan wrinkled her nose and glared at him, "Who let you deliberately look at me in the meeting room with which kind of eyes, as a result, I was nervous and said the wrong things

one after another, causing those employees to look at me with different eyes I have never made a fool of myself before, those who don't know may think I am a straw man and have no goods in my stomach! I've never made a fool of myself before.

The first thing she knew was that she had been in business before and had come into contact with so many people that she sometimes had to deal with old perverts in order to make a deal, so over time she would inevitably get some of the scent of sex on her.

This is why when Xu Yuan first took over Xiao's pharmaceutical factory, she was worried that she might not have enough prestige to convince the public. She was even worried that if the staff saw the dusty smell on him, they would think that their boss was a very casual woman and would even look at her differently.

Therefore, Xu Yuan has been very strict with herself from the very beginning, whether it is her manner of speaking, her tone of voice, her gestures, or her walking posture, she has a very good idea of what to do, in order to change her image, to get rid of the flashy things on her body, so as to become a real boss.

In order to do this, Xu Yuan practises almost every moment and is always aware of her words and actions, which is hard for outsiders to understand.

It's easy to pay attention to your words and behaviour for a while, but it's very difficult to pay attention for a long time, and it requires a high level of concentration all the time.

Xu Yuan was enjoying this feeling, but a few more glances from Ji Feng caused her to panic and she made a lot of mistakes.

Would this look bad in the eyes of the staff, and would her image be greatly diminished?

"Haha!"

Ji Feng instantly laughed, pinched Xu Yuan's little face and laughed heatedly, "That's a big joke, who is a straw man you can't be! How is your ability, don't I know it well? The old employees in the factory are all there for all to see too!"

After a pause, Ji Feng laughed again, "Of course, it's hard for outsiders to see whether there's goods in your stomach However, if you want goods in your stomach, I can help you oh."

Swish!

Xu Yuan's face instantly turned red, this bad thing!

Xu Yuan, who had been in society for many years, how could she not understand the meaning of Ji Feng's words?

What wants to have goods in his stomach, he can help himself

This bad guy is not thinking good things in his head!

However, Xu Yuan secretly spat in her heart, but did not get angry, instead some heartbeat accelerated, and this kind of flirting with Ji Feng, let Xu Yuan is shy and sweet, and a kind of panic, this is never before.

Flirtatious eyes whitened at Ji Feng, Xu Yuan sat down in exasperation and snapped, "It's all your fault, this is great, everyone saw how I looked when I lost my temper, my image is just ruined!"

Ji Feng laughed, "Don't worry, I bet you that if you make a mistake once in a while, those employees will not look down on you, but will respect you even more."

Xu Yuan snapped, "Just talk nonsense."

Ji Feng laughed and shook his head, looking at Xu Yuan's obviously unbelieving expression, he took Xu Yuan's small hand and sat on the sofa next to him, laughing, "Does he think I'm fooling you?"

Xu Yuan nodded, "I think so!"

Ji Feng laughed, "Actually, the opposite is true. Although I haven't seen how you usually get along with your staff, I can generally imagine it through you hosting this regular meeting today. If I'm not wrong, you will try to be as perfect as possible for your own part, and usually you must also try to maintain your authority as a boss."

Xu Yuan nodded, sort of confirming Ji Feng's guess, "Isn't that right?"

"Of course there's no problem." Ji Feng smiled, "I also know that while you maintain your majesty, you are worried that you are too cold and will make those employees think that you are not close to people, so you also try to treat those employees kindly, am I right?"

Xu Yuan looked at Ji Feng with some surprise and temperance, "How did you know that?"

Ji Feng guess did make Xu Yuan a little surprised, these can be their own heart thoughts, usually have not said to anyone, Ji Feng unexpectedly able to say it without a trace, completely is their own heart thoughts how did he know?

Looking at Xu Yuan's expression, Ji Feng laughed: "It seems that I was right. Yuan Yuan, have you thought about it, in fact, even if you treat those employees as kindly as you can, they will not think that you are a particularly nice person to talk to, and when they are facing you, they will all be under no small amount of pressure and are very restrained."

Xu Yuan's eyebrows knitted slightly, "How is that possible, it's not like I did anything to them!"

Ji Feng shook his head and laughed: "In fact, when you do your part as perfectly as possible, those employees have seen it in their eyes, at this time, you have left them a demanding and meticulous image, you are the boss of the company, they naturally have to follow your requirements, not daring to make mistakes in front of you, the pressure is naturally very high. "

"And you made a small mistake today, this will instead give the others a feeling – so you can also make mistakes." Ji Feng laughed: "In this way, they will naturally think that you are actually not that curmudgeonly and that the requirements are not that particularly strict, and although they will still be under pressure, they will not have that restraint."

Xu Yuan smiled, and a thoughtful look appeared on her face as she thought carefully about Ji Feng's words.

Ji Feng then said, "All I'm saying is that your mistake at the meeting today won't actually damage your image."

Xu Yuan hesitantly said, "Do you mean that I'm usually too detached from the masses?"

Ji Feng smiled and nodded, "You can interpret it that way. You are serious and responsible about your work, you can be serious in your own office in private, when you are facing your staff, you are doing more than just taking the lead and finding ways to make your staff work hard and have motivation on their own, this is what makes you a qualified old boss. Otherwise, how much can you do if you work so hard alone?"

Xu Yuan pondered for a moment and couldn't help but brighten her beautiful eyes and said in surprise, "I understand what you mean, Ji Feng, thank you Boo!"

Xu Yuan's soft red lips were extraordinarily sweet, giving Ji Feng a truly intoxicating feeling as he kissed Xu Yuan to his heart's content, not caring if someone would come in.

The sudden kiss immediately made Xu Yuan's body tremble, just like an electric shock, her body was all numb, and she had no strength to resist.

Ji Feng embraced Xu Yuan, feeling the exquisite and beautiful body in his arms, he couldn't help but feel a fire in his heart, his big hands started to be unfaithful, one hand gradually slid down from Xu Yuan's waist, and finally caressed the round and elastic buttocks and started to knead them.

"Mmm" Xu Yuan's body suddenly trembled, and an intoxicating nasal sound escaped her nostrils, as if she was moaning or telling something
