

Campus Master 1951

The man hurriedly said, "Dang, of course not, how is that possible"

"Even if it's true, it doesn't matter!" Ji Feng smiled faintly, got down from the car, looked at the man with a smirk, and then looked at the three Hungry Tigers who had already gotten out of the car in front of him.

A flash of resentment flashed from the eyes of the three Hungry Tigers, although it was only a flash, it did not hide from Ji Feng's eyes.

He could not help but secretly sneer, looks like he really did not guess wrong, arrange the meeting place to here, maybe this big fei brother really intends to make a move on himself

The first thing you need to do is to go in, but Ji Feng did not rush in, instead he leaned against the car and lit a cigarette, leisurely smoking it.

"Big, big brother, let's go in." The man asked carefully.

"That's how anxious you are?" Ji Feng gave him a look, and instantly the man's gaze dodged, not daring to meet Ji Feng's eyes, not knowing whether it was because he was afraid or because his heart was weak.

"Humph!"

Ji Feng sneered.

At this time, Xu Yuan, however, spoke up, she said, "Big young man, why do I feel that something is not quite right here, to come to such an isolated place"

Ji Feng smiled and patted her small hand, laughing, "It's okay, don't worry."

But Xu Yuan was still a bit uneasy after all, she whispered and admonished, "Big young man, you have to be careful, dealing with these hooligans, can not be so real."

This remark made the man next to him blush bitterly, but he did not dare to argue.

Ji Feng nodded and smiled, "I know, just wait here without fear, I'll be out soon."

Xu Yuan had no choice but to nod her head and agree.

"Da, big brother, our brother Dafei is waiting inside, why don't we just go in, it's quite cold even if you look outside" the man also took the opportunity to say.

"What will happen if I say I'm not going in now?" Ji Feng suddenly asked.

"Huh?"

The man was stunned and didn't even know how to answer for a moment.

Ji Feng smiled and said, "Let's see, you people shouldn't say you are in the triads in the future, just by your behaviour, you are no different from those hooligans and gangsters on the street, except that you have more people than them."

The man's face turned red at Ji Feng's words, and he could only smile sarcastically, not knowing how to respond.

In his heart, he was only secretly shocked, how could he hear the meaning of Ji Feng's words, as if he already knew about Brother Dafei's arrangement? And he was still so sure?

Indeed.

When they called Brother Da Fei, Hungry Tiger and the others were adding oil and vinegar to the story, highlighting how rich this kid was, how the car he drove was a BMW X6, and how the clothes on that body were worth a lot of money at first glance.

Moreover, this kid is also followed by a beautiful to the extreme beautiful girl who looks really watery

They were all well aware of Brother Da Fei's temper, and when Hungry Tiger said this, it was obvious that he wanted Brother Da Fei to help him clean up Ji Feng, so that he could take a bite out of him.

As expected!

When Hungry Tiger said this, Brother Da Fei was really moved, so he immediately arranged for them to bring Ji Feng here, and asked them to make sure that Ji Feng entered the factory compound, and not to let him get suspicious yet.

But now it seemed that Ji Feng had already become suspicious, what could he do?

He couldn't help but give a wink to the hungry tiger, but the latter also had no good way out, and could only secretly be anxious in his heart, thinking whether to inform Brother Dafei to do it now, otherwise, if this kid noticed, he drove the car and directly turned around and ran then what to do!

"Buzz~~!"

Just when the hungry tiger several people hesitated, Ji Feng's mobile phone suddenly vibrated, he immediately picked up the phone: "It's me"

Yi Xingchen's voice came over the phone, "Boss, we're already here, just a few hundred meters to your right!"

Ji Feng nodded, just using the afterglow of his eyes to look, he really found that on the road a few hundred meters to the right, there was a black SUV driving over, and that speed was gradually slowing down.

"I got it." After Ji Feng finished speaking, he hung up the phone.

Then, Ji Feng looked at the man with a smirk and said indifferently, "Go and call out your brother Dafei, I'll wait for him here."

"This" The man was a little hesitant.

"What, not willing to go?" Ji Feng's face sank.

“I’m going!” Before the man could say anything, Hungry Tiger immediately said loudly, and then trotted into the factory compound.

Ji Feng sneered, “Really aggressive, looks like he’s eager for revenge!”

The man opened his mouth and smiled sarcastically, “Big, big brother, I’ll go take a look too.”

Ji Feng said noncommittally, “Go ahead.”

That man was instantly pardoned and hurriedly ran away as well, while the two remaining guys, likewise not daring to stay here any longer, all quickly ran towards the factory.

Ji Feng laughed coldly as he watched, leaning against the side of the car and shaking his head.

These guys weren’t even in his sights, so Ji Feng didn’t care at all about what moves they made. What he was looking for was only that so-called Da Fei brother.

However, Ji Feng was also clear about the small mindset of the Hungry Tiger guys.

He had seen a lot of people like Hungry Tiger, who were usually arrogant and domineering, but actually had very little guts, but they were only stern and weak, and they were good at bullying honest people, but once they got tougher, they were immediately weak.

But such a person is a narrow-minded villain. Now that he is so aggressive in calling Dafei, he is undoubtedly going to complain to their boss, and you can be sure that he will definitely add fuel to the fire and say bad things about himself and incite Dafei to deal with him.

A nasty little man.

Ji Feng shook his head.

“Clang!”

With a sound of metal scraping, the door of that factory was opened, and immediately after that, a group of people were seen running over quickly and surrounded Ji Feng and the car with a clatter, a full 20 to 30 people, and each of them was holding steel pipes, machetes and other weapons in their hands, all of them looked fierce and vicious, not a good fight at first glance.

“Big youngster

Faced with this situation, Xu Yuan immediately tensed up: “You quickly come to the car, we rush out.”

Ji Feng smiled and shook his head, gave Xu Yuan a reassuring look and said, “Don’t worry, these people are just bluffing, they’re not much of a threat.”

If these people were holding guns in their hands, Ji Feng might have been a little more nervous, after all, although he was powerful, he was not invulnerable to swords and guns, and if he was shot at indiscriminately, he would be equally dead.

But these people were merely holding weapons like steel pipes, so how could Ji Feng be afraid?

“Big brother, that’s him!” An angry and spiteful voice came over, “Not only did this guy beat us up for no reason, but he also didn’t put you in his eyes and said he wanted to settle accounts with you

Ji Feng heard it clearly, it was Hungry Tiger's voice. At the same time, there were other people chiming in, apparently those few guys he had beaten up all held grudges and all wanted to use Da Fei's hand to help them take revenge at the moment.

Ji Feng smiled indifferently and looked at the sound, and saw that those people surrounding them automatically made a way, and then a man in his thirties walked over in big strides, and behind him, followed by Hungry Tiger and the four of them.

This leader seemed to be Da Fei, and Ji Feng's gaze fell on his body and sized him up.

It looked like this guy still had some swagger.

His sturdy body, around thirty years old was the prime age of a man, and he looked very tough, while what was most noticeable was his shoulder-length hair, dyed in many colours, which was very conspicuous.

"Kid, you're the one who beat up my brother?" Dafei stared coldly at Ji Feng and asked in an unkind tone.

"You are Da Fei?" Ji Feng, however, simply ignored his question and asked straight away.

"Damn it! My big brother's name is also called by you? Be called Brother Fei!" Before Dafei could say anything, the hungry tiger next to him cursed angrily, "Big brother, don't talk nonsense to him, let someone break his legs first!"

"I think you remember what you eat but not what you beat!" Ji Feng coldly glanced at him.

When Hungry Tiger was swept by Ji Feng's gaze, he subconsciously shrank his neck, but then he realized that he was too much of a wimp with this kind of performance, and looking at so many brothers around him, he instantly gained his strength and coldly shouted, "Kid, go ahead and be arrogant, I'll see how you'll die later!"

Just a nasty guy, Ji Feng shook his head and stopped paying attention to him, instead he looked at the long-haired Liu Fei and said, "Dafei, tell all your men to get lost, you come with me, I have something to ask you!"

Liu Fei's face instantly sank, "Kid, too arrogant, right? In Jiangzhou, no one has dared to talk to me like that!"

Ji Feng snorted, "What are you, still opening and closing your mouth about Jiangzhou Get over here immediately, I don't have that much patience to play with you."

"Good! Good!"

Liu Fei was instantly enraged, his teeth bared: "Since you are so arrogant, then I would like to learn whether you have the capital to be arrogant or not"

He waved his hand, "Weigh up this kid's strength!"

"Yes!"

The two men stood out directly, carrying the steel pipe and striding towards Ji Feng.

Ji Feng faintly shook his head and shouted, "Put them down!"

"Squeak-!"

A sharp braking sound suddenly sounded, and before the crowd could react, they suddenly saw two people screaming miserably before they flew out sideways.

The next moment, two figures rushed over from the direction of the scream, directly towards the rest of the men.

Liu Fei was the quickest to react as he shouted, "Together!"

Hula~!

Everyone rushed forward with their steel pipes, but in just a few breaths, the screams rang out, "Ah...!"

The scream was like the beginning of a piece of music, followed by a series of screams, each one accompanied by a man flying backwards or falling to the ground.

Although these gangsters often fought with other people, their opponents were Yi Xingchen and Liu Zejun, two tough mercenaries who had experienced many gunfights, and they were not at all on the same level.

In just a few breaths of time, these 20 to 30 thugs were beaten and fell to the ground, unable to get up, and their screams were so loud that many of them were rolling on the ground screaming.

This was as sharp as the autumn wind sweeping away the falling leaves!

"Boom~!"

Yi Xingchen smacked a leg on a guy's temple, the guy's eyes rolled over and he directly passed out.

At this time, the only people who could stand on Liu Fei's side were him and the four Hungry Tigers.

Liu Fei was instantly dumbfounded

Campus Master Chapter 1952

"Boom~!"

Yi Xing Chen smacked a leg on a guy's temple, and the guy's eyes rolled over and he directly passed out.

At this time, the only people who could stand on Liu Fei's side were him and the four Hungry Tigers.

Liu Fei was instantly dumbfounded

How is this possible?!

Liu Fei almost wanted to scream out in shock, was this a movie? Or were these two guys who appeared out of nowhere supermen from Mars?

The company's main business is to provide a wide range of products and services to the market.

It was with these men that Liu Fei made a name for himself in Jiangzhou, becoming a well-known figure on the Jiangzhou road and finally being recognised by other mob bosses as a new mob boss.

Therefore, Liu Fei usually relies on these people the most, and he likewise knows that the reason why he is able to sit in the position of the boss is that on the one hand, he relies on the fact that he can behave himself and try not to clash with some powerful mafia bosses, and then he is also willing to spend money and get closer to some of the official people in Jiangzhou, and the filial respect he should give is never less.

This is why he has gained the support of those people and has never had any trouble.

However, Liu Fei would not forget that without the support of his brothers, he would not be able to hold on to his position as the boss.

For this reason, Liu Fei would often look for opportunities to clash with other gangs that were not as powerful or not as powerful as he was, so that he could find opportunities to expand his territory and power on the one hand, and on the other hand, he wanted to make sure that the boys were not too lazy and could exercise their legs more often.

Therefore, even though Liu Fei is now a big brother in Jiangzhou, his men are not lax and are all very tough.

It is often said that someone who knows kung fu may not be able to beat someone who fights a lot, and this is true.

For example, if a person who practises martial arts and a veteran who has not practised martial arts but has fought the enemy to the death on the battlefield, if the two people just take rounds of fists and kicks, perhaps the one who practises martial arts will win in the end, but if it is a fight to the death, the one who wins will definitely be the veteran, there is no doubt about it.

Although Liu Fei thought his men were not as good as those veterans who had been through the gunfire, they were much tougher than the average person.

You have to know that the underworld is not that easy to mix with, usually when they fight with other gangs, that also kills people at every turn, and that level of misery is not something that outsiders can imagine.

These brothers were able to survive so many battles, so you can imagine how tough they were.

However, so many tough brothers had been beaten by these two people who had suddenly appeared, and were not even able to fight back halfway, each one was beaten like a dead dog, which simply made Liu Fei couldn't believe his eyes.

But for Yi Xingchen and Liu Zejun, this level of fighting was just a warm-up, against ordinary people maybe these punks were still ruthless, but in front of them, it was nothing at all.

"Boss, is everything alright?" Yi Xingchen walked up to Ji Feng and asked.

"Just these people are not enough for the boss to beat with one hand, right?" Liu Zejun laughed. He knew how strong Ji Feng was, not to mention these punks, even he and Yi Xingchen combined, might not be Ji Feng's opponent.

Ji Feng shook his head, took two steps forward, looked at Liu Fei with a smirk and asked, "I think, shouldn't we talk now?"

Yi Xingchen frowned and shouted in a deep voice, "Get over here!"

Liu Fei's face changed, even a fool would know that he had kicked the iron plate today, but as a numbered figure on the Jiangzhou Road, if he were to bow down like this, his face would be somewhat shameful.

"Brother, my men were reckless today, I didn't expect you to be a real person, I'll tell you what, I'll admit it today, another day" Liu Fei gritted his teeth and wanted to say something soft, but before he could finish his words, he was suddenly interrupted by Liu Zejun.

"Where's all this nonsense?!" Liu Zejun's face sank: "Our boss wants to talk to you, that's giving you face, either get over yourself or I'll arrest you, your choice!"

A mobster, still acting like a big wolf here, what kind of person is he!

Even Liu Zejun didn't put him in his eyes.

Now that it was clear that Liu Fei was already at a disadvantage, and could even be said to be completely defeated, he actually wanted to put up a stance to have an equal dialogue, which was simply ridiculous.

Liu Fei could not help but choke, and his face looked a little ugly.

In the past, no one in Jiangzhou had dared to speak to him like this, let alone reprimand him. But now, he had fire but could only hold it in.

"This brother, I see that you are also a dignified person, there is no need to be so desperate, right?" Liu Fei asked through clenched teeth, "If you can raise your hand today, then we will naturally talk well in the future."

"What if I don't lift my hand?" Ji Feng asked indifferently.

"Then I'm not that easy to bully!" Liu Fei gritted his teeth and said, "Just because you knocked down my brother doesn't mean I'm defeated"

"Bullshit!"

Yi Xingchen sneered, "What a dead duck!"

Liu Fei's face was ugly as he gritted his teeth, "This brother, do you think I'm making any sense?"

Ji Feng couldn't help but shake his head and said, "Get him over here!"

Liu Zejun let out a low cry, "I'll go to I've been looking at this son of a bitch for a long time!"

As soon as the words fell, Liu Zejun rushed forward, the four Hungry Tigers standing behind Liu Fei suddenly changed their expressions and hurriedly had to retreat, however, Liu Fei was fiercely clenched his teeth and shouted, "Don't you bully people too much!"

The next moment, Liu Fei saw him pull out a pistol from his pocket and point it at Liu Zejun.

Swish!

Liu Zejun stopped instantly, a cold light flashed in his eyes, while rolling on the ground, a pitch-black military spike appeared in his hand.

“Boom~~!”

In a flash, a gunshot suddenly came from the distance, only to hear a ‘ding’ sound, the ground beneath Liu Fei’s feet splattered with sparks, Liu Fei was instantly startled, looking up, he only saw that on the roof of a car not far away, not knowing when there was actually a person crouching, that person’s hand was also holding a long gun.

Yao Zhijian!

Ji Feng couldn’t help but shake his head and smile, it turned out that Yao Zhijian was also here, with him, an expert in using guns, Liu Fei had absolutely no chance to pull the trigger even if he had his finger on the trigger.

“Swish!”

At the same time, Liu Zejun had already bullied his way to Liu Fei, and his sharp military spike was pressed against Liu Fei’s neck.

The eerie coldness made Liu Fei’s heart horrified and goosebumps rose on his neck.

“Kid, want to shoot?” Liu Zejun’s eyes surged with murderous intent, “I see that you don’t know how to write the word death!”

“Brother, brother

Liu Fei was really scared, even his words couldn’t help but stammer.

Just now, he dared to say tough words, relying on the pistol in his arms, however, now, the little spark under his feet was telling him that his gun couldn’t even play a half role, and at the same time there was the military spike on his neck that could pierce his neck at any time, also made his heart horrified.

If he wanted to, he could have killed him ten times over at any time!

“Don’t, don’t be impulsive, let’s talk about it, let’s talk about it!” Liu Fei swallowed hard and said carefully.

“Whether I will be impulsive or not, that depends on whether you cooperate or not!” Liu Zejun said coldly, “I’m never polite to someone who has a gun in his hand or in the sea.”

“Bar-tab!”

The next moment, the pistol dropped directly to the ground, Liu Fei very barely threw away the pistol, then raised his hand, “Brother, what do you want, just say

Liu Zejun snorted coldly, “Didn’t you hear what my boss said just now? Roll over!”

Boom~!

He kicked Liu Fei in the back of the waist, immediately stumbling him, but Liu Fei did not dare to have any half anger and came to Ji Feng in a panic.

“This brother” Liu Fei was just about to speak when he was interrupted by a wave of Ji Feng’s hand.

“Okay, I don’t have so much time to be inky with you, I’ll ask, you answer” Ji Feng waved his hand and asked directly, “Is Bian Chunlei living at your place now?”

“Bian Chunlei?”

Liu Fei was stunned, then nodded: “Yes, he is living at my place, you”

Ji Feng nodded and didn’t wait for him to finish before asking again, “Very good! Then let me ask you again, what is your relationship with Bian Chunlei?”

Liu Fei hesitated for a moment before saying, “Bian Chunlei’s elder brother, Bian Chunzhan, has business dealings with me, so I’m kind of friends with Bian Chunlei”

“What bullshit business!” Yi Xing Chen shook his head and snorted, “It’s just some illegal hookups, and you’re still talking so nicely”

“.....” Liu Fei’s face was a little embarrassed, but was not afraid to be tough, much less to talk back to Yi Xingchen, just now Yi Xingchen’s terrifying has been shown to the fullest, not to mention, not far away from the roof of the car, but also squatting a holding a gun want to hit where the expert

The actual fact is that you will be able to find out more about the actual situation and also the way to get the best deal.

Ji Feng asked, “In that case, you and Bian Chunlei are not on too good terms?”

Liu Fei nodded, “You could say that.”

“Alright then, one last question!” Ji Feng’s face sank, “Do you want to die or do you want to live?”

“Huh?”

Liu Fei was stunned when he heard that.

Campus Master Chapter 1953

“Alright then, one last question!” Ji Feng’s face sank, “Do you want to die or do you want to live?”

“Huh?”

Liu Fei was stunned when he heard that.

Ji Feng frowned and asked in a cold voice, “What, you still want me to choose for you?”

“No no” Liu Fei shook his head in a panic and said in a loud voice, “I want to live!”

Just kidding, who wants to die when they are fine?

Liu Fei naturally didn’t want to die even more, he was in the underworld, with his men and horses often fighting with people, for what? Naturally, he wanted to live a rich life, a life of paper and gold, so how could he possibly want to die?

However, Liu Fei was stunned by this sudden question from Ji Feng.

Not to mention now, even in the past when Liu Fei was just a small-time gangster, no one had ever asked him that before, so for a moment he didn't react.

"Want to live?"

Ji Feng nodded and said, "Then good, do something for me, you can live if things are done well, otherwise"

Liu Fei asked hesitantly, "Sh, what is it?"

Ji Feng hummed and said, "No need to put on such an expression, not to let you die!"

Liu Fei couldn't help but smile sarcastically, but his face was a little embarrassed. As a big brother of the mafia, who dared to talk to him like that normally, but today, he was being lectured around by Ji Feng like a grandson.

Liu Fei was quite angry in his heart, and he even wanted to grit his teeth and fight with Ji Feng.

However, when the corner of his eyes glanced at the youngsters lying around, and saw that they were moaning in pain, and some were even screaming miserably, Liu Fei instantly dismissed the thought of fighting for his life in his heart.

He knew very well that even if he wanted to fight for his life, he would definitely not be able to fight the other side, and in the end the fight would only be for his own life. With those two horrible guys, he was afraid that he would not even be able to touch the corner of Ji Feng's clothes before he would be killed directly, and he might even die an incomparably miserable death

These thoughts flashed through his mind and Liu Fei quickly put himself in the right position, which was considered easy for him to do – in the underworld, it's not just about being brave and ruthless, it's about being able to bend and stretch that makes you a real man.

If he had just been tough, he would have been chopped up and thrown into the Pu River to feed the fish.

The company's main business is to provide a wide range of products and services to the market.

The company's head was involuntarily lowered and the waist was slightly bent, putting on a respectful look.

"Brother this boss, what are your orders?" Liu Fei put himself in the right attitude, he just wanted to address Ji Feng as brother, but the words came to his mouth and then he hurriedly changed his mouth.

In fact, according to the rules and habits of the road, since the other party has bowed down, it should be called the boss or big brother, but Ji Feng is obviously younger than him, so he can't really call him big brother, and it's not easy to say whether he would be happy to call Ji Feng that way, so Liu Fei simply addressed Ji Feng as boss, which is definitely correct anyway.

Ji Feng didn't have time to fight with Liu Fei over the name, he didn't bother to bother about it, and he was satisfied when he saw that Liu Fei's attitude was correct.

"Since you have business dealings with Bian Chunlei's elder brother, Bian Chunzhan, and Bian Chunlei lives in your place, it seems that your relationship should be very close" Ji Feng said indifferently, "I

just have one request, you should pay attention to I only have one request, you have to pay attention to every move of the two brothers, in addition, try to collect evidence of their crimes, no problem, right?"

Liu Fei was startled: "Criminal, criminal evidence? This"

Ji Feng asked indifferently, "Why, what's the problem?"

Liu Fei said with some hesitation, "His evidence of crime I can know, that is, my business dealings with him, if I provide evidence of the two Bian Chunzhan, then I do not also" "

It is not difficult to provide evidence of Bian Chunzhan's crime, Liu Fei has some evidence in his hand now, but, those evidences are all business transactions between him and Bian Chunzhan, if he provides these evidences, that side Chunzhan is going to jail at the same time, he can not get away ah.

The moment Ji Feng heard this, he naturally knew what Liu Fei's concerns were, and he coldly snorted, "Do you think it's better to go to jail, or to be killed off directly?"

Liu Fei was instantly shocked in his heart, unable to speak.

Indeed!

Prison was a much better outcome than being killed off right now, as his life was in the hands of this young man.

However, it was not easy to go to jail.

If he could, how could Liu Fei be willing to go to jail?

He gritted his teeth and said, "This boss, today I completely concede, just please don't drive me to extinction, give me a way out"

Ji Feng immediately waved his hand impatiently and said in a deep voice: "You don't have to come with me to this set, I tell you, what I want is only the evidence of the crime of the two brothers, Bian Chunzhan, and everything you know about them, as for you, I haven't put it in my eyes!"

Liu Fei was suddenly choked.

Was he that insignificant?

He was a bit annoyed in his heart, but just didn't dare to show it, he just asked, "This boss, you mean I don't have to go to jail?"

Ji Feng sneered, "That depends on your performance!"

Liu Fei's face changed and seemed to be making a difficult choice.

Ji Feng didn't rush him either, he just said indifferently, "Well, I don't have that much time to waste with you here, think about it yourself and what exactly you should choose. Of course, you can also deny it after you leave here, but you better believe that I can find you at any time, if you have to wait until that time, words can't be said like this..... remember, I don't have that much patience to play with you!"

After saying that, Ji Feng coldly snorted and turned around to leave.

“Wait a minute!” Liu Fei shouted in a panic, “This boss, if I want to provide evidence, how should I contact you?”

“You can go directly to the Tengfei Group and find Yi Xingchen, the manager of the security department!” Ji Feng said indifferently.

“Tengfei Group? Yi Xingchen” Liu Fei wrote down these two names, with a thoughtful look on his face, as if he was pondering something.

“Let’s go!”

Ji Feng greeted Yi Xingchen and Liu Zejun and headed back. Yi Xingchen and the two of them sneered and gave Liu Fei a look, shook their heads and also followed.

Behind him, the four Hungry Tigers were also dumbfounded. They would never have thought that it would end up like this.

Originally, they thought that after Big Brother Fei came out, he would beat this kid to his knees and beg for mercy, so as to take a breath for himself and the others.

However, the result was completely out of their expectation, so many of Brother Dafei’s men were beaten up like dead dogs, even Brother Dafei, who was very important in the road, did not dare to say a word in front of others, it was unbelievable.

Hungry Tiger was a bit stifled and resigned, did he get that beating for nothing?

“I remember now, Tengfei Group, you are Ji Feng?!” Liu Fei suddenly exclaimed, his eyes widening.

“Remember what I told you!” Ji Feng, however, didn’t even turn his head back, he just waved his hand.

“Ji Feng?!”

The four Hungry Tigers were taken aback by Liu Fei’s sudden action, but when they heard Ji Feng’s name, they also instantly opened their eyes wide.

This young man was the same Ji Feng who once made the entire Jiangzhou mafia afraid?

It was said that he seemed to be the nephew of Jiangzhou’s municipal party secretary?

This was the man in front of him?

The faces of the few hungry tigers began to change, if this young man was Ji Feng, then before they were thinking of molesting that woman beside Ji Feng and trying to touch the porcelain

Then think about the fact that although he didn’t admit that he was Ji Feng just now, he didn’t deny it either, so that should be a tacit admission.

The moment they thought of this, the hearts of several people in Hungry Tiger couldn’t help but tremble a few times.

“Oh, right”

Suddenly a voice came, making them all come back to their senses, only to see Ji Feng, who had already walked to the car, looking this way again, pointing at the four Hungry Tigers and saying, "I wasn't going to look for you, but it was these four of your men who bragged about you extremely hard in front of me

Ji Feng smiled faintly, pulled open the car door and got into the car.

Yao Zhijian also jumped down from the car and got into another car together with Liu Zejun.

As for Yi Xingchen, he got into Ji Feng's car, he knew that Ji Feng must have something else to explain him to do next, moreover, he had to listen to Ji Feng's opinion on how to proceed with today's matter and sending people to monitor Bian Chunlei's actions.

"Buzz~~!"

The two cars whistled away from the abandoned factory, leaving only the rogue punks wailing all over the ground, Liu Fei stood there dumbfounded, and behind him, the four Hungry Tigers were dumbfounded.

Liu Fei stood dumbfounded, but his eyes were shot with anger, his teeth clacked, almost as if he had to break them.

"Son of a bitch"

Liu Fei snapped around and looked at the four Hungry Tigers, the fierce gaze in his eyes was as if he wanted to eat people, that roar raged out from his throat, "You four sons of bitches! How dare you invite such a big trouble for me, you pounce!"

The four Hungry Tigers were terrified and their faces changed dramatically.

Especially Hungry Tiger was so scared that his face turned green, he just wanted to explain, "Brother Fei, listen to my explanation"

Slap!

A fierce slap on Hungry Tiger's face.

He heard Liu Fei growl, "Explain your mother! Fuck! You're the son of a bitch who just ran into the factory and called me, right? How much more did you add to the fucking story? Huh? What else do you have to explain?"

Hungry Tiger was bleeding from the corner of his mouth, but he shuddered and exclaimed, "Brother Fei, I really didn't mean to do it, I didn't know, listen to my explanation"

"Go home and explain to your mother!" Liu Fei roared and growled, "You're a bastard, go to hell!"

"Boom!"

Liu Fei kicked the hungry tiger out of the way

Campus Master Chapter 1954

"Heh"

Yi Xingchen couldn't help but shake his head and laugh, "Really"

Ji Feng turned his head and asked, "What's wrong?"

Yi Xingchen pointed in the direction of the back and said, "A person like that is also considered a big brother on Jiangzhou Road? Is he bragging about himself, or is this really the only kind of crooked person left on Jiangzhou Road?"

Someone like Liu Fei was actually considered to be the number one person on the road, which really made Yi Xing Chen gain insight.

How could a real big brother on the road be such a commodity!

Just because his men had been beaten down, he didn't even have the courage to resist.

But on the contrary, this kind of person actually sat in the position of the boss, Yi Xingchen is really a bit worried for those who follow Liu Fei's mix, follow such a boss, still mix a hair, why not just change professions!

Ji Feng shook his head and laughed, "That's not the way to say it, your opinion is a bit biased."

"Oh?"

Yi Xingchen asked with a smile, "How do you say that?"

Ji Feng said, "Actually, to be more accurate, I should say that it is you who expects too much from them. In fact, they, the triad officers, are a bit different from what you remember or what you understand as triad officers."

Yi Xingchen laughed, "I would like to hear more about it."

Ji Feng laughed: "It's actually very simple, you've been abroad for too long, and you still don't know much about the situation at home. Perhaps those gangs you have seen are some sizable gangs that are well organized, well ranked, and have extremely strict gang rules, and to be a boss in that kind of gang and sit in the position of big brother, one must have an overpowering light colour, extraordinary wrist and ability, and even be able to convince the crowd, one of these things is missing."

Yi Xingchen nodded, "That's right! When I was a mercenary abroad, I also came into contact with quite a few gangsters, some of them were extremely powerful, even the mercenary corps were not willing to easily mess with them, and I also dealt with a few gangster bosses, all of these people were extremely imposing, and had exceptional guts, even if you pointed a gun at his head, he definitely did not panic."

Compared to those gangsters, this Liu Fei was not even a piece of shit!

Yi Xing Chen continued, "In fact, even if we don't mention the foreign gangs, just compared to some domestic gangs, this Liu Fei is nothing, he actually managed to sit in the position of the boss, and those juniors under him are actually at ease to follow him, it's really strange!"

"What can they do if they're not at ease?"

Ji Feng shook his head with a smile and said, "They always have to eat, right?"

Yi Xingchen said, "Even if they have to eat, they still have to follow a better boss, right? I remember the last time we went to Hangzhou, Jiangsu and Zhejiang, and the few gangs we met there, I felt that they were very good, they had a scale and a system, enough to see that their bosses were very capable and knowledgeable people."

Ji Feng laughed, "Or is it that ah, it has to be a sizeable gang to work."

Yi Xingchen understood, and he couldn't help but ask, "Don't they have a scale in Jiangzhou's underworld?"

"They do want to become a scale!" Ji Feng hummed and said, "Originally, Jiangzhou was indeed somewhat chaotic, and the gangster forces were growing bigger and bigger, and there was really a tendency to become a scale, but since my second uncle arrived, the first place to rectify was the law and order of Jiangzhou, and a severe crackdown was carried out on the gangsters, but all the gangsters that had a scale and a system were almost all wiped out!"

Ji Feng laughed: "As a result, a few years down the line, Jiangzhou can hardly find a gang of any size."

Only then did Yi Xingchen drift off, but then he whirled around and asked, "That's not right, I usually hear occasionally that a so-and-so gang has done something again, what's going on?"

Ji Feng said, "That's normal, Jiangzhou is the most prosperous city in China, it's a major economic town. It's the same in any country, the more prosperous a place is, the more chaotic it is secretly, what's the saying, the stronger the sunlight, the more dense the shadows that shine, that's the truth!"

How much economic benefit can a place as prosperous as Jiangzhou generate every day?

Even if the crackdown here is as harsh as it can be, there will definitely be people who are desperate enough to seek profit in the darkness, there is no doubt about that.

There can't be only light and no darkness in the world, there are two sides to everything.

"Moreover, it is also impossible for all those in office to be as clear as water, this cannot be done in any country, so it is normal for gangs to exist in Jiangzhou, it is useless to crack down on them any more, they cannot be exterminated!" Ji Feng shook his head and said, "It's just that after repeated severe crackdowns, compared to other cities, the gangs in Jiangzhou are hardly a climate anymore."

"As for those gangs you've heard about, they're actually all bluffs, they might have dozens or hundreds of people under their hands and dare to call themselves a gang, that's all too long for their own lives!" Ji Feng shook his head and laughed.

"That's true!"

Yi Xingchen thought deeply about Ji Feng's statement: "Nowadays, no matter whether it's a formal group company or a gang, they all exist to make money, and gangs themselves are not legal, it's wisest to bore your head and make money, like those so-called gangs that have a high profile all day long, sooner or later they will attract a crackdown!"

Ji Feng nodded and said, "It is because all are making money and everyone is looking towards money. Therefore, even if gangs do exist now, there is no longer the kind of Jianghu morality that existed in the past, and it's people like Liu Fei who have taken the position of boss!"

“Ugh!”

Yi Xingchen also shook his head and sighed softly, “Nowadays, in the Jianghu, there is indeed no moral righteousness anymore, no one talks about moral righteousness anymore.”

Ji Feng couldn't help but turn his head to look at Yi Xingchen, more or less amazed.

This lament from Yi Xingchen seemed to be very vicissitudes, as if he had experienced this aspect before and that was why he seemed to have a deep understanding of it.

But since Yi Xingchen didn't say, Ji Feng naturally wouldn't pursue the question.

At the same time, Ji Feng was touched by Yi Xingchen's thoughtless remark, a matter of the heart.

Yi Xingchen said that he had come into contact with several gangs in Hangzhou, Jiangsu and Zhejiang, and that they all seemed to be very large and strong, which reminded Ji Feng of someone – the East Sea Gang, Su Yayun.

At the same time, she was also Xu Yuan's sister-in-law.

The reason why Ji Feng had crossed paths with Su Yayun was that the matter also involved a few people from the Peng of the world, as well as Xu Yuan's father, the former boss of the Dragon Tiger Gang, Xu Long.

At that time, Xu Long was ambitious and his son was likewise so, even colluding with the Kepong Yamaguchi group to get at Ji YuYi, while also involving Ji Feng, as well as Zhou FeiFei of the Zhou family and others.

Of course, the end result was naturally that several major figures among the Kepong people such as Sasaki were captured, while the rest were taken out, and their plan was naturally impossible to complete.

Xu Yuan's father, Xu Long, became demented and disabled, and was eventually taken back to Jiangzhou and placed in a nursing home. No matter how much Xu Yuan hated him, he was her father and she could not do anything to him, so she had to leave him to fend for himself.

And it was during that time in Jiangzhe that something crossed between Ji Feng and Su Yayun.

The most important thing is that it was an encounter with a strong ambiguity.

The first thing you need to do is to think about the night Su Yayun was hit by the aphrodisiac, and Ji Feng had no choice but to help her out with his hands, which eventually released most of the drug, but made the two of them almost like having skin to skin, Ji Feng looked at Xu Yuan, who was sitting in the passenger seat, in a very vain way.

The fact that Su Yayun is Xu Yuan's sister-in-law is something that cannot be changed.

However, the ambiguity between Ji Feng and Su Yayun was also real, and moreover, it happened at an extremely helpless time, which made Ji Feng almost have no choice.

So once he thought of this matter, an extremely odd feeling welled up in Ji Feng's heart, some shame, some embarrassment, and seemingly some inexplicable excitement?

Even Ji Feng occasionally remembered this thing when, will also subconsciously in the heart of the question, later will meet?

“You’re not good at looking at cars, why are you looking at me like this?” Seeing Ji Feng’s odd look, Xu Yuan couldn’t help but ask.

“That what you didn’t get scared just now, right?” Ji Feng snorted and immediately changed the subject.

“No!”

Xu Yuan, however, did not doubt it and just laughed: “When I was in Jiangzhe, the scene I experienced was not more frightening than this?”

But Ji Feng’s heart thumped, and he couldn’t help but jump wildly a few times.

Why did Xu Yuan suddenly bring up the matter of Jiangsu and Zhejiang?

Of course he knew what Xu Yuan was talking about, it was that time in Hangzhou, Jiangsu and Zhejiang, because it looked like the momentum had gone, Xu Long wanted to escape with his son, and that night there was a fierce battle, eventually Ji Feng personally captured Xu Long back, at that time Ji YuYing, Zhou FeiFei and Su YaYun were all present, and of course Xu Yuan was also included.

Now when he heard Xu Yuan suddenly mention this matter, Ji Feng couldn’t help but feel a bit vain, wondering if Xu Yuan had just made a casual remark, or did she mean something?

The first time I saw her, I found that she didn’t have a different look, so Ji Feng was slightly relieved.

The first thing that happened was that he was not able to find out what he was doing. Although he did have an affair with Su Yayun, it was not an affair between a man and a woman under normal circumstances, but at that time Su Yayun was drugged, and Ji Feng only wanted to help... ..

A few shakes of the head, Ji Feng knew that this matter could not be explained clearly, and could only get darker and darker, so he simply stopped thinking about it.

However

Thinking about Su Yayun’s body, Ji Feng had to heartily praise a sentence, she that is really the devil’s body, is a special thing!

But it was not something he could think about

Campus Master Chapter 1955

Liu Fei gritted his teeth and returned to his villa with a blue face.

Today, he had really fallen flat on his face!

Not only were his men beaten up like dead dogs, but he himself was also reprimanded by his nose, just like a grandson, a feeling that Liu Fei hated to death.

But even though he hated him, Liu Fei didn’t dare to say a word, especially when he knew that the person he had provoked was actually Ji Feng, the hatred in his heart disappeared without a trace.

Compared to Ji Feng, he was really small and pitiful.

Liu Fei didn't think that he would be able to beat Ji Feng.

The nephew of Jiangzhou's municipal party secretary, Ji Feng is almost like the prince of Jiangzhou. If Ji Feng wants to deal with him, there are too many ways to do so, and any one of them can make Liu Fei go to jail.

Liu Fei knew better than anyone what he had done.

Therefore, Liu Fei could only hold his nose and admit it.

However, the stifling and hatred in his heart could not subside, but he did not dare to hate Ji Feng, instead he transferred this hatred to those few unworthy things.

Especially that hungry tiger, he was simply a pouncing boy!

From what several other people explained, it was because Hungry Tiger saw that Ji Feng's woman was beautiful and had a good figure that he wanted to molest her and even wanted to touch a porcelain, which resulted in angering Ji Feng.

That's just it, the key is that Hungry Tiger and the others couldn't beat Ji Feng, they actually called themselves for help, and they also talked about how arrogant Ji Feng was and how he didn't put himself in the eye With Ji Feng's status, he certainly had the right to not put himself in the eye.

The actual fact is that you will be able to get a lot more than just a few of these.

But this son of a bitch, Hungry Tiger, actually added oil and vinegar to his own blindness and instigated himself to deal with Ji Feng.

The result was that instead of teaching Ji Feng a lesson, he got himself into a big trouble, and a trouble that he couldn't even get rid of!

In his anger, Liu Fei had that son of a bitch Hungry Tiger ruthlessly beaten up and, according to the rules, had both of his legs broken and thrown out into the street, never to have Hungry Tiger as a henchman again.

Liu Fei didn't even give Hungry Tiger his settlement money because he couldn't get rid of his hatred!

As for the other three bastards who were with Hungry Tiger, they likewise had one hand broken, so that they could learn a good lesson.

"Ugh"

Those few bastards were dealt with, but the trouble was not yet known how to solve, Ji Feng actually asked him to provide evidence of Bian Chunzhan's crime, which made him simply do not know how to deal with it.

What to do

Liu Fei couldn't help but let out a long sigh.

"Clang!"

Suddenly, a loud clang came, instantly startling Liu Fei, who was just about to enter the living room, and he subconsciously pulled out his pistol, only to see Bian Chun Lei, who had gauze wrapped around his head, sitting on the sofa, panting violently.

On the floor of the living room, a cup had been shattered and there were still quite a few water stains on the floor.

“Get lost! Get the hell away from me! Can I drink water like this?” Bian Chunlei was shouting angrily at a woman, “Don’t you know those two boys? Tell me who they are and where they live. I’ll have to get them killed!”

“Chunlei, stop it, this water is for your medicine!” Hu Xuehui said in a soft tone, “I know you’re angry, but you have to take your medicine even if you’re angry, so let’s talk about it after you’ve taken your medicine, okay?”

“Good for you, my ass!”

Bian Chunlei roared, “The reason why I’m like this is because of those two bastards, tell me who they are!”

Hu Xuehui couldn’t help but hold her anger in her heart, her eyes were a little red from being scolded by Bian Chunlei, but when she thought about her situation, she put up with it and said patiently, “Chunlei, don’t be like this

“What’s wrong with me?” Bian Chunlei growled, “Why didn’t you tell those two son of a bitch bastards to stop when they beat me up?”

“Why didn’t I say forget it, Chunlei, don’t be angry,” Hu Xuehui was almost in tears.

“Chunlei, what’s wrong?” Liu Fei walked in, “How come you’re cursing again after a good day?”

“Old Liu, do you see me like this like a nice person? Which nice person is like me?” Bian Chunlei held his breath incomparably and pointed at his face, gritting his teeth and saying.

Liu Fei was speechless, indeed, at this moment, Bian Chunlei did look miserable.

The face and head of Bian Chunlei were wrapped in gauze, and still wrapped in layers, looking almost like a mummy, especially that mouth, when he spoke he could see that two incisors were missing, and that lip was also swollen high, as if two sausages were hanging from his mouth

It is indeed very ugly.

Seeing this appearance of Bian Chunlei, and not knowing what was going on, the anger in Liu Fei’s heart dissipated quite a bit, and he even almost laughed out loud.

He said to Hu Xuehui, “Miss Hu, you go rest first, I’ll talk to Chunlei.”

Hu Xuethui nodded silently and turned to leave.

Because it was indoors, Hu Xuehui was wearing tight jeans and a slim-fitting jumper on top, that pretty figure was instantly revealed as she swayed as she walked, making Liu Fei’s heart flutter as he watched.

“Fancy her?” Bian Chunlei asked.

“Ahem

Liu Fei snorted and laughed, “Chunlei, you are blessed with a lot of sex, this woman just looks quite tasty.”

Bian Chunlei grunted: “What’s the use of being tasty enough, I haven’t even gotten her into my hands yet, and you shouldn’t look, when I get my hands on her, maybe then I can share it with brothers

Liu Fei harrumphed, “Then I can wait.”

Their conversation, vaguely fell in the ears of Hu Xuehui who had not quite walked away, making her heart wonder what it was like, just shook her lips and walked away with quick steps.

“By the way, Chun Lei, did you offend Ji Feng?” Liu Fei suddenly asked.

“Ji Feng?”

Bian Chunlei was a little confused, “What you’re talking about, is it the guy who beat me up? I seem to have heard Hu Xuehui mention this name.”

Liu Fei was stunned, “Your injury was inflicted by Ji Feng? That’s no wonder, so there was a conflict between you

“Old Liu, wait a moment!”

Bian Chunlei said, “Who is this Ji Feng anyway, why are you asking about him too?”

Liu Fei shook his head and laughed bitterly, “What kind of person is he? He is the Crown Prince of Jiangzhou!”

Bian Chunlei was stunned, “What do you mean?”

“The nephew of the head of Jiangzhou, what do you think it means?” Liu Fei laughed bitterly, “Although I don’t know exactly what kind of conflict occurred between you two, but Chunlei, I think it’s light for you to receive this beating, you’re lucky he didn’t just throw you into jail!”

Bian Chunlei was displeased: “Old Liu, you’re going too far, I’m just a dog or a cat.

Liu Fei said with a bitter smile, “Chunlei, don’t be displeased when I say that in Ji Feng’s eyes, I’m afraid that people like us are really just cats and dogs. To use an analogy, if say it was the son of one of your southern Guangdong hands who wanted to get you killed, would you have the room to resist?”

“I

The first thing you need to do is to get a good idea of what you want to do.

Liu Fei said, “To tell you the truth, today Ji Feng even found me and asked if I had taken you in

Side Chunlei was instantly shocked: “What does he mean?”

Liu Fei said, “What else could it mean? Don’t you understand?”

Bian Chunlei said in a hateful voice: "Do you mean that Ji Feng wants to deal with me?"

"To be precise, it's to clean you up!" Liu Fei said.

"..... Fuck!"

Bian Chunlei was instantly enraged, "He relies on his backstage, this is to do whatever he wants? He really thinks he's a crown prince?!"

Liu Fei spread his hands: "He just did it, what are you going to do!"

In his heart, he was a bit contemptuous, and said that Ji Feng wanted to do whatever he wanted, and the things that you Bian Chunlei did, how good could they be? Besides, he hadn't really heard of any bad deeds from Ji Feng, except for cleaning up some people on the road.

However, he knew Bian Chunlei's character, this guy relied on his big brother, Bian Chunzhan, to flaunt his teeth and claws all day long, and Liu Fei didn't want to offend him.

Bian Chunlei was incomparably annoyed and couldn't help but curse angrily.

Liu Fei said beside him, "Chunlei, offending Ji Feng is not so fun after all, if you want me to say so, you'd better discuss it with your big brother and see how to solve this matter."

"No need to discuss!" Bian Chunlei coldly snorted, "He Ji Feng really thinks he's a crown prince, doesn't he just have a handful of uncles, what is he?"

"Heh!"

Liu Fei shook his head and laughed, that was a big statement, if Ji Feng wasn't anything, then what were they? Is it a piece of shit?

When Bian Chunlei saw this, he couldn't help but say, "What, you don't believe it? Old Liu, I'll tell you the truth, this time when I came to Jiangzhou, I originally wanted to meet someone, but because I met those two bastards on the way, and now I'm in this state, I didn't go, but I'm telling you, the person I'm going to meet is definitely much bigger than Ji Feng, Ji Feng is not even a grandson in front of him!"

"Oh?"

Liu Fei couldn't help but be amazed, "There's still such a person? Who is it?"

Bian Chunlei pointed upwards, "From Yanjing! As long as I ask my big brother to ask him to step in, by then, even if Ji Feng is arrogant, he will have to kneel down and beg for mercy!"

Campus Master Chapter 1956

"Oh? You're in touch with Yanjing's people?" Liu Fei asked in surprise.

"That's natural!"

Seeing Liu Fei's astonished reaction, Bian Chunlei became a bit smug as he said smugly, "Old Liu, I'm not saying that you are still a person in the Dao of Jiangzhou, but your vision is still too limited. What's the use of just hanging out on the roads of Jiangzhou?"

Liu Fei was a bit stunned, Bian Chunlei's tone was really big, he thought to himself, even Bian Chunlei's elder brother, Bian Chunzhan, wasn't he also hanging out in Southern Guangdong? Could it be that he was still better than himself or something?

But soon Liu Fei was relieved, he more or less understood the character of Bian Chunlei, this person does not have much brain, and there is no gate on the mouth, like to brag all day long, one point of the matter he can say into eight points, now apparently is talking big again.

"Is it that you think what I said was all bragging?" Seeing the somewhat unimpressed look on Liu Fei's face, Bian Chunlei said at once: "Let's put it this way, old Liu, you are indeed doing well in Jiangzhou, but have you thought about it, if say someone official in Jiangzhou wanted to deal with you, even a small chief of criminal police, I'm afraid you are helpless and can only bow down, am I right?"

Liu Fei laughed, "I have a pretty good relationship with them."

"Bullshit!"

Bian Chunlei said disdainfully, "That's because you fed them with money, otherwise, they would have cleaned you up a long time ago."

Liu Fei was a bit uncomfortable in his heart, but he didn't know how to retort, because what Bian Chunlei said was indeed true, if he hadn't fed those official people, he wouldn't have been able to get along here.

But my big brother is different," Bian Chunlei said. Although he is also in the underworld, he knows how to make connections. The person from Yanjing that I am visiting this time is a person of considerable power. Isn't he known as the crown prince of Jiangzhou? I tell you, in front of that person from Yanjing, he Ji Feng is nothing!"

Liu Fei was greatly surprised: "Really?!"

Bian Chunlei said, "The son of a major family in Yanjing, a few of his fathers are high officials, do you think it's true?"

Liu Fei asked, "Bigger than Ji Feng's origins? Chun Lei, Ji Feng's uncle is a handful in Jiangzhou, just like the handful in your southern Guangdong! Can that Yanjing's son have a background greater than Ji Feng?"

Bian Chunlei said with a big grin, "Now you don't believe me even if I say it Let me tell you this, he is definitely not smaller than Ji Feng, moreover, he has many friends, all of them are gentry of that level, how powerful do you think that Ji Feng is, to be able to fight against so many gentry?"

Liu Fei couldn't help but be shocked: "Old Brother Chunzhan still knows such a powerful person? No wonder you guys are able to make a living in Southern Guangdong!"

Bian Chunlei gave a heated laugh, "Old Liu, now you know, it's useless to just feed those people, you have to make friends with more powerful characters to do so. Take my big brother for example, those officials know that he has connections with the grandson of Yanjing, they can't even wait to flatter him, how dare they look for trouble with him?"

Liu Fei was deeply impressed: "That's so true! With a gong of this level covering him, indeed no one dares to mess with him. Chunlei, whenever it's convenient, how about you introduce me too?"

Bian Chunlei was greatly pleased, but he still said, "Old Liu, it's not that I don't want to help, but it's not that easy to deal with people of that level, and you can't just meet them whenever you want to! I'll tell you what, I can only try to talk about it, this time we have to clean up that bastard Ji Feng first, I'll try to bring you along when the time comes."

Liu Fei was immediately overjoyed, "Then thanks a lot brother, Chun Lei, if you can let me meet that gongzi, I will definitely remember this favor and will definitely not treat my brother badly in the future!"

"Yes! Yes!" Bian Chunlei laughed in triumph, but just as soon as he laughed, he suddenly sucked in a breath of cold air, the injury on his face didn't tug, making him unable to resist another burst of secretly gnashing his teeth and cursing Ji Feng angrily.

And at this time, Liu Fei, the thought of possibly climbing up with the grandson from Yanjing, but the heart is very heartwarming.

There was no one who didn't want to meet powerful people, especially those who were in the underworld like them. If they had a powerful figure to cover them, who else would they be afraid of?

At that time, he, Liu Fei, would be able to walk across the whole of Jiangzhou's Dao.

As for the matter of Ji Feng asking him to hand over the evidence of Bian Chunzhan's crime was simply a joke, at that time, what could Ji Feng do to him?

"I, Liu Fei, will definitely not let people point their noses and scold them like three grandsons again!" Liu Fei secretly gritted his teeth.

.....

"Bai Zhu, in fact, you don't need to follow at all, the law and order in Jiangzhou is not as chaotic as you think, nothing will go wrong here!" Ji Feng said with a bitter smile.

"It's my duty!" Bai Zhu said.

Ji Feng then shook his head helplessly, Bai Zhu had said this several times, and he had also said the same thing to Bai Zhu quite a few times, but Bai Zhu kept insisting on following him at all times, which made Ji Feng very helpless.

If it was a normal trip, it would be fine to let Bai Zhu follow, but for something like today, it was not good for Bai Zhu to follow.

Ji Feng was going to pick up Yao Yao from kindergarten today.

During this period of time back in Jiangzhou, Ji Feng basically did not do anything, he put his main focus on accompanying the several women around him.

Especially for Xu Yuan and Qin Shujie, Ji Feng felt even more guilty.

Although they were in the same city, it was very difficult for Ji Feng to find much time to spend with them, so sometimes he often did not see them even once a week, which was unfair to Xu Yuan and Qin Shujie.

Therefore, after returning to Jiangzhou, Ji Feng first accompanied Xu Yuan for two days, and then he had to go and see Qin Shujie.

Today, Ji Feng had made an appointment with Qin Shujie to pick up Yao Yao from kindergarten first and then go back together.

However, Bai Zhu insisted on coming along.

In fact, not only today, when Ji Feng was accompanying Xu Yuan, Bai Zhu also followed.

Only, at that time, she did not follow Ji Feng as closely as she does now, but mixed in with the crowd and followed from afar. When Ji Feng took Xu Yuan to play by the reservoir, Bai Zhu actually followed from a car in the distance.

That time was also because Bai Zhu had first seen a lance in the Hungry Tiger's few people's rhombus buggy, causing Ji Feng to be alert, which allowed Ji Feng to take the initiative and kept Xu Yuan from being harassed by the Hungry Tiger and the others.

Speaking of which, it was indeed advantageous and convenient for Ji Feng to have Bai Zhu with him.

However, the problem was that, at this time, Ji Feng felt awkward and overwhelmed by having Bai Zhu follow.

If Bai Zhu was just an ordinary guard, then Ji Feng would not have anything to do with it, but she was not an ordinary guard, but a woman who had already made her relationship with Ji Feng clear.

So at this time, Ji Feng could not treat Bai Zhu as a guard at all.

Taking one of his own women on a date with another woman was a bit awkward in itself, not to mention that Bai Zhu had to act as a guard, which was a bit awkward.

It was also unfair to Bai Zhu.

Imagine if Ji Feng and Qin Shujie were laughing and joking around while Bai Zhu was foolishly acting as a guard and protecting Qin Shujie's safety

If you're a woman and you're watching your man laughing and talking with other women, but you're only doing this and that, I'm sure anyone can understand what it's like.

The actual fact is that you will be able to get a lot more than just a few of these.

But Ji Feng had never treated Bai Zhu as a subordinate, that's why he advised Bai Zhu not to follow him at this time.

But Bai Zhu insisted on following.

"Young Ji, you don't have to be squirmy, being your girlfriend is my status, but being your guard is my duty, these two things are very clear to me, no need to mix them up!" Bai Zhu said.

“How can this be clearly distinguished “Ji Feng shook his head and laughed bitterly, even how generous a girl is, seeing her man talking and laughing with another woman, or even making eyes at her, that heart is definitely not too comfortable, Bai Zhu is also a normal person, and she How could she possibly be that comfortable?

But seeing Bai Zhu’s determined look, Ji Feng could only shake his head in silence.

He knew that no matter how he persuaded himself, Bai Zhu would definitely still follow, he knew Bai Zhu’s character

The first thing you can do is scratch your head, but there is no better way to do it than to take one step at a time.

Subsequently, Ji Feng and the two of them drove outside a kindergarten, stopped the car, and then waited quietly. When they arrived, there were already quite a few parents of children around, standing outside the iron fence of the kindergarten.

Not long after, as the bell rang, a group of small children ran out laughing and giggling, and there were two teachers standing at the entrance to maintain order, and they would go up to the parents of students they didn’t know to confirm their presence.

“Heh!” When Ji Feng saw a little girl, he burst out laughing.

With a small bow on her head, she was wearing a small white jacket, cotton trousers with cartoon patterns underneath, and a small skirt over it, while her feet were wearing a pair of small pink cotton shoes

From a distance, it looks like a little angel that has come down from heaven to earth.

This little girl, who was sculpted like a porcelain doll, was none other than Ji Feng’s goddaughter, Yao Yao.

Because the weather was still cold, Yao Yao was wearing some thick clothes at this time, as a result, Yao Yao’s movements looked a bit clumsy, the little arms were swinging, the little feet were walking, plus the small school bag behind her, the whole person was simply adorable

Campus Master Chapter 1957

Because the weather is still cold, so at this time, Yao Yao wears some thick clothes, as a result, Yao Yao’s movements all look a little bulky, that little arm swinging, little foot da da walking, plus that little school bag behind her, the whole person is simply cute

Ji Feng couldn’t help but chuckle, this little girl, dressed like a little ball, really makes people unable to help but laugh.

The little nose and small mouth were so cute that there was no way one could not like this little girl.

When Yao Yao left the kindergarten, she started looking around, as if she was looking for someone to pick her up, but after looking for a while, she didn’t see them, so she couldn’t help but look a bit downhearted.

Ji Feng smiled and called out, “Yaoyao!”

Swish!

Yao Yao suddenly jerked her head around and saw Ji Feng standing by the car looking at her with a smile.

“Daddy!”

The little girl’s eyes lit up with surprise, and she called out incomparably, and immediately, she spread her feet and ran quickly, that little schoolbag swaying around behind her back, but it couldn’t cover the look of surprise on her face.

When Ji Feng looked at her like that, he hurriedly took a few quick steps, afraid that this little girl might fall down. After all, she had passed on too thickly, so it was more than a little inconvenient to move around, and she might fall down.

“Daddy~~!”

Yao Yao was so happy that she shouted as she ran, and when she was still two steps away from reaching Ji Feng, her whole body jumped violently and was about to jump into Ji Feng’s arms, which scared Ji Feng, and he hastily hugged her and picked her up.

Ji Feng laughed: “You little girl, you’re not afraid of falling!”

Yao Yao barks a kiss on Ji Feng’s face, and then giggles, “I know, Daddy will definitely not let me fall down!”

Although her words were naive and carried a strong childish tone, they contained a strong sense of trust, which made Ji Feng’s heart touched, as children were the most direct and sensitive, she knew who was really good to her.

Moreover, Ji Feng also felt that kind of trust from his heart in Yao Yao’s words.

“You little girl!” Ji Feng smiled and scratched Yao Yao’s little nose, “If daddy doesn’t have the strength to carry you, you’ll fall down then!”

“Only old grandpa doesn’t have the strength!” Yao Yao said, “If daddy becomes an old grandpa, I’ll hold you when the time comes”

“Hehe!”

Ji Feng instantly laughed.

Yao Yao’s two little hands hooked around Ji Feng’s neck and snuggled on Ji Feng’s shoulder, complaining, “Daddy, why did you only come, Yao Yao misses you!”

Ji Feng’s heart sank as he listened, he said, “Daddy’s not here!”

“Mmm!”

Yao Yao immediately nodded her little head vigorously and giggled again, “Daddy, can you pick me up from school every day from now on?”

This

Ji Feng said, "Yao Yao, daddy still has work to do and can't guarantee to pick you up every day, however, I can assure you that as long as daddy is not busy, he will definitely come to pick you up!"

"Mmm!"

Yao Yao nodded vigorously and happily said, "Daddy is so nice!"

Ji Feng also couldn't help but smile, the little girl was really too lovable, so he couldn't even think of not loving her: "Yaoyao, let's go home."

"Daddy, wait, we'll go later." But Yao Yao shook her head straight away.

"Why do we have to wait a bit?" Ji Feng asked curiously, "Is it because you're waiting for mum to come? I've already called mum, she's waiting for us at home cooking delicious food!"

"Not waiting for mum, I want to say goodbye to the teacher!" Yoyo said in a childish voice.

"So it's like that!"

Ji Feng nodded with a smile and said, "Come on, let's go say goodbye to the teacher!"

Saying that, Ji Feng carried Yao Yao and was about to walk towards the entrance of the kindergarten, but he was stopped by Bai Zhu, only to see Bai Zhu reach out and untie Yao Yao's little school bag, Ji Feng was then relieved and walked over with a smile, carrying Yao Yao.

"Teacher, teacher!"

Just as they reached the entrance of the kindergarten, they saw Yao Yao's little hands shaking straight.

A teacher smiled and asked, "So it's Yao Yao, what's the matter?"

Immediately afterwards, this teacher saw Ji Feng who was holding Yao Yao and couldn't help but have a suspicious look in his eyes as he inquired, "Yao Yao, who is this?"

Ji Feng was just about to open his mouth to introduce himself, but unexpectedly, Yao Yao snatched the words first, "Teacher, this is my dad!"

Ji Feng smiled and greeted that teacher, "Hello teacher, I'm Yao Yao's father, the child is here with you, I'm very grateful for your trouble."

He didn't say what his name was, otherwise, this teacher would definitely be confused as to why Yao Yao's surname was Qin and his surname was Ji, and then it would be another trouble to explain, rather it was better to just bring it over in this vague way.

The teacher gave Ji Feng a glance and said, "It's nothing, it's just what we should do, besides, Yao Yao is a very cute and understanding child, we all like her very much."

Ji Feng laughed, "Yes, this little girl is quite inviting!"

The teacher pursed her lips and laughed, thinking that this young man was not modest at all, he was really praising his own daughter. However, Yaoyao was indeed a cute girl, and the teachers all liked her very much.

Only, this teacher still had some doubts in her heart. She had met Yoyo's mother, who was indeed a young and beautiful woman, full of style, and they had talked a few times, but she had never heard Yoyo's mother talk about her husband, so she was not sure if this young man was Yoyo's father.

But seeing Yao Yao being hugged by this young man with that happy look, the teacher was relieved, at least the smile on Yao Yao's face was not fake and she appeared to be very close to this young man, so she thought that it would not be fake.

Afterwards, Ji Feng hugged Yao Yao and prepared to leave, Yao Yao waved her hand vigorously, "Goodbye teacher."

That teacher smiled and waved her hand at Yao Yao, but as soon as he left, she hurriedly took out her phone, called up Qin Shujie's number and dialed it: "Ms. Qin, just now a young man claimed to be Yao Yao's father and left with Yao Yao in his arms, look"

Qin Shujie's voice came over the phone, "That's right, that's Yao Yao's father, he's usually busy, so he rarely picks up his children, he just happened to have time today, so he let him go. Teacher, thank you for calling."

The teacher was then relieved and hung up after a few more casual words.

"This teacher is still quite responsible!" Ji Feng secretly said, with his ears, the content of that teacher's phone call just now, he could completely hear.

Compared to the kindergarten that Yao Yao was in before, the teacher in this kindergarten now was very responsible, because he hadn't seen himself, he even called Qin Shujie specifically to confirm. It seemed that this kindergarten that Second Brother had found for Yao Yao was still quite good.

Since the last kindergarten trek and the conflict, Qin Shujie had let Yao Yao drop out of that kindergarten, and after staying at home for a while, Ji Feng asked his second brother Ji Shaolei to help him find a reliable kindergarten for Yao Yao.

Now, it seems that the second brother had done a very good job and was very reliable!

Ji Feng was also quite relieved, at least here, Yao Yao's safety didn't have to be worried about, which was good.

"I'll sit in the front!" When she came to the car, Yao Yao was about to climb up to the front passenger seat.

"Yaoyao, daddy is going to sit in the back!" Ji Feng laughed.

"Ah!"

Yao Yao hurriedly said, "I said it wrong just now, I want to sit in the back too!"

Ji Feng smiled and even Bai Zhu couldn't help but smile, "Young Ji, this child is really cute."

Ji Feng laughed harshly, "Our Yaoyao has always been cute, hasn't she, Yaoyao?"

"Mm!"

Yaoyao nodded her little head vigorously.

Ji Feng burst out laughing, and was just about to say something when he was interrupted by a mobile phone ringing, "Ding"

"Daddy, your phone is ringing!" Yao Yao hurriedly reminded.

"Mmm! Daddy answer the phone!" Ji Feng smiled and took the phone out, but found that it was from Yi Xingchen, he casually picked up the call, "Old Yi, it's me."

"Boss, I just got a call from Liu Fei, he asked me for your phone number and said that someone wants to speak to you." Yi Xingchen said.

"Eh?!"

Ji Feng was stunned, "Someone wants to speak to me?"

Immediately, Ji Feng reacted, "Ho! Still putting up a fight by now you give him my number, I want to see what he can say!"

Hang up the phone, Ji Feng can't help but secretly sneer, this Liu Fei is really backwards donkey not backwards rack, let him directly contact Yi Xingchen, but he actually want to talk to himself directly, is it because he thinks that yesterday's hurdle dodged, he can't do anything to him?

"Ding"

After a short while, Ji Feng's phone rang again, this time it was an unfamiliar number, I think it should be Liu Fei.

Ji Feng gave a secret cold hum and picked up the phone, "This is Ji Feng, who is it?"

"I know you're Ji Feng!"

Immediately, an unfamiliar voice came from the phone, causing Ji Feng to be stunned, "Ji Feng, with your status, isn't it a bit too classless to do these things?"

The voice in this phone was unfamiliar, Ji Feng had never heard it before, and most importantly, the voice spoke in an incomparably impulsive tone, as if it had taken gunpowder, without any politeness at all, as if it was reprimanding a child.

Ji Feng's eyebrows instantly tightened up, it was fine if the call was not from the expected Liu Fei, but I never thought it would be such a voice!

"Who are you?!" Ji Feng asked in a deep voice.

"I'm Wang Zhijun!"

The voice on the phone said gloomily, "Ji Feng, you've gone a bit too far in this matter, it's not in line with what you should do in your capacity!"

Ji Feng, however, was puzzled, “Wang Zhijun?”

He searched his memory carefully, turning over every corner of his memory, but he just couldn't remember when he knew a person called Wang Zhijun.

But listening to the other party's tone, it seemed as if he should know him

“Do I know you?” Ji Feng asked in a deep voice.

Campus Master Chapter 1958

“Do I know you?” Ji Feng asked in a deep voice.

This person called Wang Zhijun was really not polite at all, the phone call just came without even announcing himself, he directly treated Ji Feng like a child in general reprimanding, what to do things too much, fall out

The first thing you need to do is to take a look at the website.

Because Ji Feng was not a child, it was not someone's turn to reprimand him.

Generally speaking, the people who can reprimand you are either your parents and elders, who should reprimand you. At this time, even if you have not in fact made a mistake, but these parents and elders have made a mistake, you should listen carefully first when they are reprimanding you, and then you can slowly explain to them after they have subsided.

It is natural for your parents to do you no harm, and they are genuinely trying to do you a favour when they reprimand you.

However, even if it is true that your parents are reprimanding you, there are some people who are more stubborn or rebellious, who will not be so honest when faced with their parents' reprimands and may talk back to them or just slam the door and leave, not wanting to listen to their parents' nagging here.

This is still the case when dealing with parents, let alone when dealing with others.

What's more, Ji Feng didn't even know who this guy called Wang Zhijun actually was yet, in his impression, he had never heard of this name at all, let alone knowing this person's identity, origin and so on.

But this guy was talking to himself in that tone of voice, which really made Ji Feng frown, and could even be said to be a bit annoyed!

Therefore, he then asked the other party without ceremony, do I know you?

Seemingly not expecting Ji Feng to ask this, the voice on the phone suddenly paused, as if the tape that was playing suddenly stuck, with only the sound of breathing vaguely coming through.

Ji Feng snorted coldly and said in a deep voice, “That's it!”

After saying that, he was about to hang up the phone.

But at this time the person on the other end of the phone suddenly said, "Ji Feng, do you really not know who I am, or are you pretending to be confused and deliberately pretending that you don't know me?"

"....."

Ji Feng was instantly fired up, he almost burst out foul, where the hell is this son of a bitch from, do I have to know you?

Still pretending to be confused?

Ji Feng couldn't help but shake his head and sneer, did he have this need to play this game with someone he didn't know at all?

"Who are you, what are you calling about, if you have something to say, don't bother me if you have nothing to say!" Ji Feng's voice said in a low tone, "If you want to play, then sorry, I think you've got the wrong person!"

"Heh!"

The person on the other end of the phone seemed to be laughing lightly and said, "Ji Feng, it seems that you really don't know anything about Yanjing, do you? But it's no wonder, after all, you didn't grow up in Yanjing, so it's not your fault"

Ji Feng's eyes narrowed and he hung up the phone straight away.

He didn't have that much time to listen to the other party's nonsense, after talking for half a day without a single positive fart, if he had that time, he might as well spend more time talking with Yao Yao, this little girl is extremely cute, much better than this guy who doesn't know the name and doesn't know the origin.

In fact, Ji Feng was annoyed!

The other party came up with an aggressive attitude, coming to ask for a lesson, but not only that, he also had that tone of reprimanding a child, which made Ji Feng a little annoyed.

Now Ji Feng gave him the opportunity to speak, that is already in a strong suppression of the fire, but this guy actually still a frivolous tone, what does not know about Yanjing, and what is not grown up in Yanjing

It's all bullshit!

Ji Feng secretly snorted coldly in his heart, he didn't bother to talk nonsense with such people.

"Young Ji, who's calling?" Bai Zhu saw from the rear view mirror that Ji Feng's face didn't look too good and couldn't help but ask with concern.

"It's the bad guy!" Yao Yao said suddenly from the side.

"Oh?"

Ji Feng immediately laughed, he picked up Yao Yao and put her on his lap, smiling and asking, “Yao Yao, how did you know that the phone call just now was from a bad guy?”

Yao Yao’s little onion-white finger pointed at Ji Feng’s face and said, “Because when Daddy answered the phone, the expression on his face was so scary yo, it must be the bad guy who made Daddy angry!”

In her little mind, her daddy loved her and was a good person, so the one who made him angry must be a bad person.

In a child’s world, good and bad are so simple.

Ji Feng was immediately amused, while he marveled at the fact that this girl was a big kid and had such amazing powers of observation at such a young age, he was also amused by the way Yao Yao’s eyes were wide open and she was trying to look scared.

Ji Feng smiled and asked, “So is Yao Yao scared?”

Yao Yao nodded her head vigorously, “No, because Daddy loves Yao Yao very much.”

Ji Feng laughed when he heard that, pinched Yao Yao’s soft little face and laughed, “That’s right, daddy loves Yao Yao the most!”

“Mmm!”

Yao Yao nodded her head vigorously, very serious.

“Ding”

Just at this time, Ji Feng’s phone rang once again, Yao Yao immediately gave an ah and said, “Daddy, your phone is ringing again, is it the bad guy calling this time?”

Ji Feng laughed: “It’s okay even if it’s a bad guy, Yao Yao doesn’t need to be afraid, daddy is specialized in cleaning up bad guys!”

As he spoke, Ji Feng swept the screen of his mobile phone and instantly found that this time the caller was still the same number from earlier, which obviously meant that this time the call was from Wang Zhijun again.

Ji Feng’s brows frowned, but he still picked up the phone, “This is Ji Feng”

His voice seemed calm, seemingly completely unaffected by the kind of irritation he had just felt, at this moment he was just answering an unfamiliar phone call.

“Ji Feng, since childhood, you are still the first person who has hung up on me directly without even saying hello!” Wang Zhijun’s voice really came over the phone again, only this time, there was a very obvious hint of anger in his voice.

Ji Feng had just hung up the phone straight away, causing Wang Zhijun to be annoyed.

However, Ji Feng said indifferently, “If you have something to say, say it, if you have a fart, don’t bother me if you have nothing to say, and die wherever the hell you are!”

“.....”

The voice on the phone stopped abruptly, the other party's breathing is obviously to rush a lot.

A few moments later, Wang Zhijun said through clenched teeth, "Ji Feng, don't you feel offended when you say these words?"

Ji Feng sneered, "Talking to you is already offensive in itself!"

Offensive?

What a load of crap!

Ji Feng couldn't help but sneer in his heart, this Wang Zhijun had called to reprimand him without any warning, and it was already very good that he didn't scold him directly, if not for the fact that Yao Yao was still around, Ji Feng would have said something even worse than that.

This guy had simply come to seek scolding!

"Hoo~~!" A clear exhale sound came from the phone, and Wang Zhijun on the other end of the line seemed to be taking a deep breath, forcing down the fire inside himself.

"Ji Feng, cut the crap, come out and talk about it." Wang Zhijun said in a deep voice.

Perhaps because he had grown a memory after being taught a lesson by Ji Feng, this time Wang Zhijun didn't dare to talk about anything else and directly stated the purpose of his call.

Ji Feng asked indifferently, "What do you want to talk about?"

Wang Zhijun said, "There are many things to talk about, we will know when you come."

Ji Feng couldn't help but snicker and dropped a sentence, "I'm not interested, you can talk about it yourself." And then he was about to hang up the phone.

But at this moment, Wang Zhijun's voice was suddenly gloomy: "Ji Feng, don't say anything too dead first, some things are done too much, it's not good for everyone, do I have to go to Tengfei Group to find you"

"Cut the crap!"

Ji Feng directly interrupted him and said in a deep voice: "Say the time and address, I'll go!"

Wang Zhijun was stunned, seemingly not expecting Ji Feng to agree so quickly, he immediately said, "Good! Since you're so quick, then you decide the location, as for the time, it's set at eight o'clock this evening, what do you think?"

Ji Feng said, "Yes, I will be there on time! The location will be set at the western suburbs of Jiangzhou"

He said an address, this is the place where he met Liu Fei yesterday, there is an abandoned factory, there is not much people around, also just convenient to talk, of course, also more convenient to make a move!

Wang Zhijun, however, was stunned: "The suburbs? A factory? Ji Feng, why set the location there, wouldn't it be better to find a hotel or a club?"

Ji Feng, however, said indifferently, "I'm afraid I'll lose my appetite if I eat with you!"

After saying that, Ji Feng directly hung up the phone.

"Wang Zhijun" After closing the line, Ji Feng's eyes narrowed slightly and a cold light flashed in his eyes.

Ji Feng was really angry!

If this guy called Wang Zhijun was trying to provoke Ji Feng, then he had succeeded.

First, he suddenly called and aggressively reprimanded Ji Feng, as if he was raising an alarm. And then, he wanted to let Ji Feng out to talk, because of Ji Feng's refusal, and as a result, Wang Zhijun actually mentioned the Tengfei Group!

Obviously, Wang Zhijun was telling Ji Feng that he knew Ji Feng's background and was certainly more aware of the relationship between the Tengfei Group and Ji Feng.

However, I am afraid that when he said this, Wang Zhijun would not have thought that it was his words that really angered Ji Feng and made him decisively agree to Wang Zhijun's request to go out and talk.

Xiao Yuxuan was in the Tengfei Group!

With this alone, Ji Feng would never let anyone threaten himself with the Tengfei Group, not anyone!

Today, this Wang Zhijun could use the Tengfei Group to threaten him, or to warn him, so perhaps one day in the future, someone would directly threaten Ji Feng with Xiao Yuxuan or Tong Lei and the girls!

This was something that Ji Feng absolutely could not tolerate!

Campus Master Chapter 1959

Today, this Wang Zhijun could use the Tengfei Group to threaten him, or to warn him, so perhaps one day in the future, someone would directly threaten Ji Feng with Xiao Yuxuan or Tong Lei and the girls!

This was something that Ji Feng absolutely could not tolerate!

Especially, this Wang Zhijun he had never heard of, let alone seen.

People who hid their heads like this were what Ji Feng hated the most, which reminded him of the king of the dynasty organization, and the young grandson. They were the kind of people who hid their heads and tails, like poisonous snakes in the dark, not knowing when they would come out and bite you fiercely, injecting you with deadly venom so that you wouldn't even know how you died!

Although Wang Zhijun was not as sinister as the king and the young duke, Ji Feng was not at all half-hearted, because he had already classified Wang Zhijun and the king into one category!

People like this, Ji Feng was always on high alert because they had no moral righteousness at all and were capable of doing almost anything, like those so-called 'woe to the family' and other rules in Jianghu, they didn't care at all.

However the more they were like that, the more terrifying it was.

Ji Feng was not afraid of others coming against him, even if the whole dynasty came against him, Ji Feng would not have the slightest worry, however, Ji Feng was afraid that others would point the finger at Tong Lei and the girls.

It was for this reason that Ji Feng managed to find Xiao Ying and Han Zhen to protect Xiao Yuxuan and Tong Lei, while Xu Yuan also had guards there, and Ji Feng had specially instructed Yi Xingchen to select some retired female soldiers to protect Xu Yuan.

Although the guards around Xu Yuan are not as strong as Han Zhen and Xiao Ying in terms of personal strength, they are superior in that there are many of them, so they can respond to anything that comes up and allow Xu Yuan to get away safely.

On the one hand, it is because Qin Shujie is not used to having guards around her, on the other hand, it is also because Ji Feng does not have a suitable candidate in his hands yet, plus he is very secretive when he is in contact with Qin Shujie, so outsiders may not know about it, so Ji Feng is not in a hurry, but when he is in contact with Qin Shujie, Ji Feng will be very careful.

From this, you can see how much Ji Feng looks at their safety.

Wang Zhijun, on the other hand, had violated this bottom line of Ji Feng's, which was absolutely intolerable for Ji Feng.

Therefore, Ji Feng decisively agreed.

The first thing you need to do is to talk about it.

That's good!

Ji Feng sneered in his heart, the cold light in his eyes kept flickering, he wanted to see today, what exactly is this imposing Wang Zhijun's divinity!

"It seems to be from Yanjing?" Ji Feng deliberated secretly.

He clearly remembered that when Wang Zhijun was talking to him, he once said that he didn't know too much about Yanjing, from this statement it seemed that he could hear that Wang Zhijun should be someone from Yanjing, or, he had connections with some people in Yanjing.

Moreover, when Wang Zhijun heard that Ji Feng did not know him, he seemed to be somewhat less convinced, thinking that Ji Feng was pretending to be confused, did this mean that Wang Zhijun was still somewhat famous in Yanjing?

Although Ji Feng was angry in his heart, he did not lose his head in anger, much less his reason, and he carefully analysed it.

Or, listening to Wang Zhijun's tone, he should still be considered to be a source in Yanjing?

Ji Feng deliberated for a moment and gradually made sense of it.

"Daddy, are you still angry?" Yao Yao's clear voice made Ji Feng come back to his senses, and he saw that this little girl was flashing these big eyes staring at himself, seemingly observing him.

"You little girl!"

Ji Feng shook his head and laughed, changed the subject and said, “Yao Yao, guess what mommy has prepared for you for dinner?”

Yao Yao immediately said, “Fried mushrooms!”

Ji Feng smiled and asked, “Apart from fried mushrooms, guess what else?”

This little girl liked to eat fried mushrooms Ji Feng knew, before that Yao Yao had stayed at his place for more than a week, this little girl's many habits Ji Feng knew very well.

“There's more, huh?” Yaoyao was instantly surprised, biting her little finger and began to mull it over, “There's”

For the rest of the way, Yao Yao was thinking about what would be good to eat when she returned home.

When they reached the downstairs of Qin Shujie's house, Ji Feng led Yao Yao upstairs. Bai Zhu was unwilling to go up and just insisted on staying in the car. Ji Feng thought about it on second thought and let her be.

When he opened the door to Qin Shujie's house, he found her wearing an apron, a housecoat and cotton slippers and was busy in the kitchen.

Seeing Ji Feng and Yao Yao come in, Qin Shujie smiled gently, like a gentle and skilful wife who was cooking and waiting for her husband to return home, and softly said, “You're back, Ji Feng, you take Yao Yao to watch TV in the living room first, dinner will be ready soon.”

“Okay!”

Ji Feng squatted down and helped Yao Yao take off her shoes, took out the tiny pink slippers for her from the shoe cupboard, and then led her to the living room to watch TV.

The little girl was very well behaved and sat on the sofa, her crooked little head completely leaning on Ji Feng, watching the cartoons playing on the TV, giggling from time to time, her little face full of happiness.

Qin Shujie, who came out from the kitchen, saw this scene and also had a happy smile on her face, her beautiful eyes filled with a gentle look.

This was a family!

Ji Feng, however, was more loving than Yao Yao's own father. Looking at the father and daughter leaning on the sofa without any image, crooked and twisted, and not knowing what was going on, Qin Shujie suddenly had an urge to cry, this warm moment made her heart incomparably moved, and the gaze she looked at Ji Feng was also more tender.

At dinner time, it was Yao Yao who was the happiest.

Stir-fried mushrooms, fried ice cream and several of Qin Shujie's favorite dishes were prepared for her, and Yao Yao's little mouth didn't stop, and she even grabbed them for Ji Feng with her oily little hands from time to time.

Qin Shujie smiled tenderly and gave Ji Feng dishes, but saw Ji Feng winking at herself with a bad smile.

After the meal was finished, Ji Feng went to the balcony to smoke while Qin Shujie took Yao Yao to the bathroom to clean up.

Not long after, Qin Shujie also came to the balcony and leaned on Ji Feng from behind, asking in a soft voice, "You're not going away for the night, are you?"

Ji Feng shook his head and said, "I can't today. Originally, I was planning not to go, but something came up temporarily when I take care of things, then I'll come and keep you guys company properly, okay?"

"Mmm!"

Qin Shujie nodded tenderly, "You can get busy first if you have something to do, just come and see me and Yao Yao often."

Ji Feng casually extinguished his cigarette and threw it into the bin next to him, then turned to look at Qin Shujie and said, "Shujie, why don't you and Yao Yao move to my place, there are also better kindergartens near my place, and it's not too far from your company, so it's also"

"Or not!"

Qin Shujie shook her head: "It's not very convenient then."

Ji Feng was dumbfounded, of course he knew what Qin Shujie meant by that, indeed, if the relationship was not picked out, what was the point of Qin Shujie and Yao Yao living in his villa.

But if the relationship was picked out

"Don't think about it so much, I'm satisfied with this now." Qin Shujie said softly, "But you have to come and visit often, Yaoyao is missing you a lot."

"Only Yaoyao misses me?" Ji Feng asked with a bad smile as he wrapped his arm around Qin Shujie's soft waist.

"I miss you too" Qin Shujie's pretty face was slightly red, but a pair of beautiful eyes were already flowing, wearing home clothes, but she had a different kind of charm, especially that plump body, but also made her whole person exude a moving style.

Such a beautiful young woman in the arms, Ji Feng where can still hold back, he directly kissed on Qin Shujie that soft small mouth.

"Mmm"

Qin Shujie whimpered, one hand hooked around Ji Feng's neck, her eyes slightly closed, a look of being at the mercy of the king, allowing him to claim

.....

Eventually, Ji Feng left.

He and Wang Zhijun agreed to meet at 8pm outside the abandoned factory in the western suburbs, and it would be about time to start leaving now and get there.

So, although Ji Feng also wanted to stay with Qin Shujie, but once he thought of Wang Zhijun's arrogant attitude and aggressive appearance, Ji Feng could only leave this gentle place for now and go to meet this Wang Zhijun!

In Qin Shujie's gaze full of reluctance, Ji Feng kissed her tempting mouth again and left the district.

However, Ji Feng directly put the debt on Wang Zhijun's head. If this person hadn't suddenly called, how could Ji Feng leave Qin Shujie and Yao Yao and go to some abandoned factory in the suburbs in the middle of the night?

The cold light in Ji Feng's eyes flashed, and after getting into the car, Ji Feng said, "Bai Zhu, do you remember the abandoned factory we went to yesterday?"

Bai Zhu immediately nodded and said, "Yes, I remember."

Ji Feng said, "Good then, let's go there now!"

Bai Zhu was stunned, "Young Ji, are you going to see the person who called today?"

Ji Feng nodded, a cold light flashed in his eyes, and said, "That's right, I'm going to meet him!"

However, Bai Zhu's eyebrows knitted slightly: "Ji Shao, I don't suggest you go there now, because it is located in the suburbs, few people pass around, and the terrain in the abandoned factory is complicated, and most importantly, the other party's identity is unknown, if the other party has bad intentions, then we will be very passive"

Ji Feng waved his hand and said, "It's okay, I've already informed Yi Xingchen, he will bring people to that vicinity first, don't worry about safety."

Bai Zhu was still a bit uneasy and said, "Okay, but young Ji, if anything goes wrong then, you must not take any chances."

Ji Feng smiled and said, "Good! Just don't worry."

Campus Master Chapter 1960

Bai Zhu was still a bit uneasy and said, "Alright, but young Ji, when the time comes, if anything goes wrong, you must not take any chances."

Ji Feng smiled and said, "Good! Just don't worry."

To a person he had never met before, or could even say he hadn't even dealt with half of them before, Ji Feng naturally wouldn't be that paralyzed and careless, let alone thinking he could run amok just because he was good at kung fu.

It is said that people with high skills are brave, and a strong body will inevitably make people a little careless, however, the long and brutal training in the training space of the intelligent brain has made Ji Feng absolutely not to make such mistakes like this, and he will always maintain a certain level of vigilance.

Therefore, after setting a meeting at the abandoned factory in the suburbs, Ji Feng had already informed Yi Xingchen in advance, and he would naturally arrange for someone to go there when the time came; moreover, Yi Xingchen would also go there personally.

The fact that Bai Zhu usually carried a weapon with him made Ji Feng so relieved about this operation.

Unless the other side ambushed an army in that vicinity, he would be able to get away safely.

And that was obviously not possible.

If he wanted to mobilise an army near Jiangzhou, without a valid reason, it would be unthinkable.

However, what Ji Feng was wondering now was what was the origin of this guy who suddenly appeared and claimed to be Wang Zhijun. What kind of identity and background did he have that allowed him to be so rampant and speak with such an arrogant tone?

Ji Feng deliberated for a long time, but still took out his mobile phone, he wanted to call his second brother, Ji Shaolei.

From the tone of Wang Zhijun's speech, he could hear that this person should be from Yanjing, and from his arrogant tone, it seemed like he should also be quite a prominent figure in Yanjing and should have a certain reputation, otherwise, he wouldn't have said that Ji Feng wasn't that knowledgeable about things in Yanjing, let alone thinking that Ji Feng was deliberately pretending not to know him.

This is like a big star, if you meet someone who does not know you, you will certainly be very surprised, do you not even know me?

..... In fact, the other party might really not know him!

This kind of person is a little too self-conscious, but it also shows from the side that this person should have a certain amount of fame.

The phone was quickly connected and Ji Shaolei's voice came through, "San'er, calling at this moment, is there something going on?"

Ji Feng, however, frowned slightly: "Second brother, where are you, why is your side so noisy?"

From the phone, Ji Feng could clearly hear that the voices at the other end of the phone were very chaotic, and there seemed to be a burst of singing coming through, as well as the voices of other people talking loudly, it was very noisy.

Ji Shaolei laughed: "I've had a few drinks with some friends and I'm in the middle of a karaoke session, what's up with you?"

Ji Feng shook his head and laughed: "I thought you had gone out to fool around, second brother, I am reminding you, you are about to get married to Xiang Yurou, better have some self-control, if something really happens, then your face will not be shining!"

Ji Shaolei immediately laughed and cursed, and said in a good-natured manner, "Can't you say anything good about yourself? Your brother I am now long ago not the second brother back then, now become I

almost do not recognize myself, I just get together with a few friends in the system line, do not say me, you have something to say quickly.”

Ji Feng laughed: “There is no big deal, just want to inquire with you about a person.”

“Who?” Ji Shaolei asked casually.

“It’s a person called Wang Zhijun, seems to be from Yanjing, second brother, do you know this person?” Ji Feng asked.

“Who?!”

Ji Shaolei’s voice suddenly raised a few notches, “Wang Zhijun?”

Ji Feng nodded, “That’s right, it’s called Wang Zhijun. I heard him sound as if he was somewhat famous in Yanjing, and when I said I didn’t know him, he ended up thinking that I was pretending to be confused”

“Of course he’s famous!”

Not waiting for Ji Feng to finish, Ji Shaolei couldn’t help but sneer, “He’s not just famous, that fame is not small at all! The most bitchy thing is his mouth, that’s notoriously bitchy!”

“Oh?”

Ji Feng heard that Ji Shaolei’s tone didn’t seem too good, so he couldn’t help but ask, “Second brother, what is this person’s origin?”

Ji Shaolei, however, sneered, “What comes from Wang Zhijun is the second young master of the Yanjing Wang family, calling himself the second brother, and some people also call him Wang second brother, or Wang second master!”

Sure enough, he’s from Yanjing!

Ji Feng secretly said, it seems that the guy called Wang Zhijun really didn’t brag, he was indeed quite famous in Yanjing, because with Second Brother’s vision, he was able to remember the other party and still acted as if he was familiar with him, obviously this one called Wang Zhijun did have some origins.

However, this Wang Zhijun’s address is quite interesting, second brother also second master?

Ji Feng could not help but shake his head and laugh.

“Another second brother?!” Ji Feng asked with a smile.

“That’s right, another second brother!” Ji Shaolei coldly snorted, “This guy used to call himself second brother in front of me as well, and when he talked to me it was all open mouth second brother how about me, once I ran into him at a club, because words didn’t go well, he opened his mouth in front of me and called himself second master, and was slapped in the face by me twice, at that time if it wasn’t for others pulling, I would have absolutely smacked this rolling bastard contraption to death. ”

Ji Feng immediately shook his head and lost his smile, what kind of person second brother used to be, Ji Feng also considered to know it very well, just by looking at Ji Shaolei's current personality he could imagine what he used to be like.

And from these words of Ji Shaolei, Ji Feng also heard several messages.

First of all, this guy called Wang Zhijun was definitely not on the right side of the Second Brother, and furthermore, he was afraid that he was not on the right side of the Ji family, otherwise, even if the Second Brother had a bad temper, he definitely would not have given him two big slaps at the drop of a hat!

On top of that, I'm afraid that this guy called Wang Zhijun is not too afraid of Second Brother, otherwise, he would definitely be careful when he speaks, and how could he possibly call himself Second Master out of the blue in front of Ji Shaolei?

"Third child, how do you know Wang Zhijun?" Ji Shaolei asked curiously.

"How could I know him, he was the one who took the initiative to find me!" Ji Feng said.

"He looked for you?"

Ji Shaolei's voice looked a little surprised, "What's this bastard doing looking for you when he has nothing to do? San'er, is there some kind of conflict between you two? I can remind you, Wang Zhijun is not a good bird, this guy is arrogant and has a bad stomach, he likes to calculate others the most"

Ji Feng nodded and said, "It's not easy to say if there is a conflict between us, but one thing is for sure, this guy has pissed me off!"

Ji Shaolei instantly came to life and immediately asked, "What's going on?"

"I don't know exactly what happened, but according to my guess, it should be related to a small gangster in the underworld" Ji Feng generally told the story of him cleaning up Liu Fei, and focused on Wang Zhijun's sudden phone call to himself, his arrogant tone and also The thing that took Tengfei Group to threaten himself.

The company's main business is to provide a wide range of products and services to the market. Hehe! What a feat!"

He paused slightly and asked, "San'er, you're going to meet with Wang Zhijun now, right?"

Ji Feng nodded and said, "That's right, I'm rushing over there"

Ji Shaolei immediately said, "How about this, don't go over there yet, wait for me at the third ring road junction, I'll go over there and meet up with you!"

Ji Feng was stunned: "You're coming too?"

"Of course!"

Ji Shaolei sneered, "The famous Second Master Wang has come to Jiangzhou, how can I not hurry over to pay my respects? Otherwise, if the Second Master Wang sees blame for this and then turns on my Jian'an Group, wouldn't I have nowhere to cry?"

After saying that, he dropped a sentence, "That's it, I'll go there now."

Then he hung up the phone.

Ji Feng listened to the burst of busy sounds coming from the phone and couldn't help but shake his head with a smile, this was great, just asking for news, but he had recruited the second brother as well.

"It's definitely hilarious tonight!" Ji Feng chuckled.

"Hm?"

Bai Zhu was stunned, "Young Ji, what did you say?"

Ji Feng shook his head and said, "Nothing Bai Zhu, let's not go to that factory first, let's go straight up to the third ring and wait for second brother at the intersection."

Bai Zhu immediately nodded: "Yes!"

.....

Ji Shaolei came here in a taxi, he just pulled open Ji Feng's car door, Ji Feng smelled a smell of alcohol, then look at Ji Shaolei's face is a little red, but there is nothing drunk, Ji Feng then put down his heart.

"Don't worry, not much to drink!" Ji Shaolei waved his hand and asked, "San'er, what else did Wang Zhijun say besides that he wanted to talk to you?"

"He came up and questioned me aggressively, saying something about how I didn't think this was too much, something about it not being in line with my status and so on, how could I be in the mood to ask him anything else?" Ji Feng shook his head.

"Humph! This Second Master Wang's aura is getting stronger and stronger!" Ji Shaolei sneered, "He still has the face to question others, does what he did himself fit his status?"

Ji Feng first asked Bai Zhu to drive to the abandoned factory, before casually asking, "What has Wang Zhijun done that doesn't fit his status?"

Ji Shaolei sneered, "Being Wu Zhiyong's lapdog!" "Wu Zhiyong's lapdog?!"

Ji Feng's eyebrows instantly furrowed, "Second brother, you mean that this Wang Zhijun is one of Wu Zhiyong's people?"

Ji Shaolei said, "That's right! Why else do you think I came all this way to personally come here? There are a few people around Wu Zhiyong, all of whom are the sons of Yanjing's family, and this Wang Zhijun is one of them."

Ji Feng frowned and asked, "Second brother, what kind of family is this Wang family, how did it get involved with the Wu family again?"

Originally, Ji Feng thought that this Wang Zhijun was just a son of a family in Yanjing, at most, he was only of some origin, but he didn't expect that this matter was actually related to the Wu family, and even looking at the reaction of the second brother, he seemed to be quite concerned about this matter.

The first thing you need to do is to get a good idea of what you are getting into.

Campus Master Chapter 1961

The first time I saw him, I thought he was just a son of a family in Yanjing, at most, he was just a man of some standing, but he didn't expect that this matter was actually related to the Wu family.

The first thing you need to do is to get a good idea of what you are getting into.

The first thing you should do is to get a good idea of what you are getting into.

"The most important thing is that Wang Zhijun's oldest son is a minister in the ministry above, which isn't very distinguished." Ji Shaolei said, "But the problem is, Wang Zhijun's grandfather, the so-called Old Master Wang, is still alive today!"

Ji Feng couldn't help but be stunned, "There's another old master who's still alive?"

This news made Ji Feng a little surprised.

He had heard before that most of the old masters of the old generation had already passed away, and not many of them were still alive now.

And for every old master who was still alive, his family was still quite good, and could even be said to be flourishing. For example, in his own family, because his grandfather was alive, the Ji family was smooth and growing stronger and stronger.

Then there are the Wu family, the He family and a few other families, for example, and the same is true.

To put it bluntly, if you want to see whose family is more prosperous nowadays, it really depends on which family's old man has lived longer, and although this is not a very nice thing to say, it is a matter of reality.

The reason is that as long as the old man is around, his old men and the descendants of his old men will all respect him, and even the chiefs above him will also respect him.

But if the old man is no longer around, it's hard to say whether or not others will return the favor. There are some families where the old man is no longer around and the people below are not very good or not capable, as a result, the family quickly declined, this kind of thing is not unheard of, but very common.

For these things, Ji Feng is also quite interested, such as those familiar founding fathers in the past, or some famous generals, Ji Feng also likes to hear about their deeds, so usually whenever he has the opportunity, when he is chatting with the old man or chatting with his second brother, he often asks about these.

The old man was also interested in telling him about them. Perhaps it was because people get nostalgic for the old days when they are old, and the old man told him about those old comrades with great interest.

For example, when talking about a certain general, the old man's face would take on a reminiscent look, telling about the general's character and the events of his life. If they had served together, they would talk about the interactions between them, while if they did not belong to the same side army, the old man would tell how they competed with each other.

For example, when fighting somewhere, who broke the city first, and who captured the enemy's commander in chief, and who held the enemy's fire on the flanks

All these things, the old man remembered very clearly, and Ji Feng listened very carefully.

From the old man's narrative, Ji Feng was able to imagine the kind of battle scenes at that time, as well as the natural talent of those famous generals and marshals in the military, and their kind of unique personality charisma, all of which made Ji Feng fascinated and admired.

However, Ji Feng had really never heard of it, and from where did an old man Wang appear, and looking at the manner in which the second brother spoke, it seemed that this old man Wang was also one of those other old men, who were all original fathers at the time, ah?

So at this Ji Feng looked surprised and he asked strangely, "Second brother, how come I didn't hear you guys say that there was still an old man alive in the Wang family before?"

In fact, in Ji Feng's impression, not only had he not heard that there was an old man alive in the Wang family, he had not even heard of the Wang family as a family!

Could it be that he was too ignorant?

However, Ji Shaolei snorted and said, "It's normal that you haven't heard of it, because this old man, Wang, wasn't even considered a founding father, not even a famous general, he merely took the opportunity to straighten out a group of people in the middle of several movements, and was later relied on by the Great Ancestor."

Ji Feng could not help but be stunned, and then he understood somewhat.

If we were to talk about masters of strife, the Great Ancestor was undoubtedly the master of masters, just by looking at how many big names had been screwed over, it was evident. And at that time, under those circumstances, how many people were speculating in it, or rather, seeing the wind and the rudder.

As a result, many generals fought viciously against the enemy in the front, and some even had their families make huge sacrifices, while others had their comrades and brothers die on the battlefield, but these people were able to rise quickly in the rear by simply moving their mouths and carrying their pens.

As you can imagine, the heroes of that time had all experienced the baptism of fire and bullets, so how could such people buy into the books of those opportunistic villains?

As a result, these heroic figures were made to suffer by some people who found some random excuse.

In those turbulent times, there was really no telling how many war heroes had died in this, and to say that, one can't help but sigh deeply.

And those who speculated in this, obviously played a very dishonourable role, it can even be said that they are all responsible for a large part of the death of those heroic people!

The fact is, it's similar to some of the opportunists in the officialdom nowadays. They don't do their own work, but when others do, they still talk about it, and even think about how to pick faults, so as to bring others down, so that they can rise to the top.

This old man, Wang, should have been such a person back in the day.

“Perhaps it was because this old man Wang knew what he had done in the past, and also knew that all those things he had done must not be very appealing to people, so from a long time ago, the Wang family had gotten very close to the Wu family, and by these few years, the Wang family was almost completely wearing the same trousers as the Wu family!” Ji Shaolei sneered.

Ji Feng said in a daze, “I said, how could you say that Wang Zhijun was Wu Zhiyong’s lapdog, so it was like that!”

Ji Shaolei snorted, “Isn’t that so! Think about it, if that old man Wang is really like our family’s old man, who really fought for his prestige and status, and now that old man Wang is still alive, why would the Wang family want to lick the butt of the Wu family? If it wasn’t for the fact that old man Wang still had some influence, Wang Zhijun’s old son wouldn’t have been able to get a job, not to mention a minister, even a vice minister!”

Speaking here, Ji Shaolei suddenly lowered his voice and said, “I heard that the most famous thing that old man Wang did was to reverse black and white in that **** scene and frame an old hero, which resulted in that old hero being criticized to death

Ji Shaolei said a name.

Ji Feng listened to a sudden shock, of course he had heard of that old hero’s name, that is a no matter in the war against the boundary Peng or in that last war are famous great general, the final end is a very miserable end.

But I never imagined that the old man of the Wang family was in the middle of it, and that he was framed by him in a perverse way?

If things were really like this, then this old man of the Wang family was really not a good person!

“Actually, I’ve heard about these things, after all, I didn’t experience those times either, but the Wang family is very ostracized at the top, very few people treat them well, so even if the old man Wang is still alive, the Wang family has fallen terribly perhaps they have never risen at all, seeing the wind and There is no principle of their own, which is ultimately just a small path!” Ji Shaolei said.

Ji Feng nodded slightly, things have passed decades, what exactly happened in between, I’m afraid only the parties involved in that era know, but it is certain that this old man Wang is definitely not a popular person, so even with the Wang family is not popular.

“To say the least, this old man Wang can really live!” Ji Shaolei snorted with a tsk, “He’s over ninety years old, and he’s actually still hanging on by a thread, just not going to meet the King of Hell!”

“Over ninety years old?” Ji Feng was a little surprised, “Even older than grandpa’s age!”

“Yes! That’s not unusual!” Ji Shaolei said, “But what’s more rare is that old man Wang is over ninety years old, but his youngest son is only about thirty years old!”

Ji Feng immediately raised his eyebrows, not understanding for a moment what Ji Shaolei meant, what was so rare about that?

The old man Wang was more than ninety years old, his youngest son was about thirty years old, then this was at most an old man's son, this was also considered normal, how to listen to the tone of the second brother's speech, seems to be some ridicule?

In fact, since the war, there have been three or four generations of Chinese people, and the fourth generation has not yet grown up, and most of them are children.

Even the third generation is still young, and the most outstanding ones are Ji Shaodong and others, who are known as the three Yanjing Jiejie, and they are also considered the older people in the third generation.

The second generation, naturally, is Ji Feng's father's generation, and the span of this age group is very large, some may be in their 60s or 70s, while others may only be in their early 40s, mainly due to some historical reasons at the time.

For example, a certain old man was more than forty years older than his oldest child, which may sound unusual nowadays, but in fact, back then it was not at all unusual.

Campus Master Chapter 1962

A certain old man, for example, was a full forty years older than his oldest child, which might sound a bit unusual if it were put into practice now, but in fact, back then this was not at all unusual.

He actually had two children in his early years during the war, but during that time, he was besieged by Chiang and the foreign enemy invaded and fought bloody battles, as a result of which both children died in the war.

It was not until after the founding of the country that this one had another child, and as a result it was considered a mid-life birth, which is why the age gap between him and his children was so wide.

And there were not at all a few cases like this old man's at that time, there were many people like that.

Perhaps, Wang Zhijun's grandfather, the old man of the Wang family, should have been like that too.

However, seeing that odd look on second brother Ji Shaolei's face, Ji Feng felt that this matter didn't seem to be that simple, otherwise, second brother certainly wouldn't have looked like this, and, if there was nothing special, he wouldn't have made it a point to talk about it.

"Second brother, is there something wrong in between?" Ji Feng asked.

"Whether there's something wrong I don't know, but I did hear someone say that Master Wang's youngest son, that is, Wang Zhijun's youngest uncle, that appearance doesn't seem to resemble Master Wang, but rather resembles someone from the Wu family!" Ji Shaolei gave a heated laugh.

"Hmm?!"

Ji Feng was stunned, then he couldn't help but widen his eyes and said in consternation, "Second brother, what you mean is"

Ji Shaolei's words really surprised Ji Feng a little.

Elder Wang's youngest son, who actually did not look like him in appearance, instead resembled someone from the Wu family, wouldn't this mean that Wang Zhijun's youngest uncle was actually not the seed of the old Wang family?

Instead,..... it is likely to be the seed of someone from the Wu family?

This also means that Master Wang's wife, most likely, has stolen a man outside and put a green hat on Master Wang, and the man she stole is someone from the Wu family!

How could there be such a thing?

Ji Feng was surprised and asked, "Second brother, this is not very likely, is it? Could it be a coincidence?"

"Why do you say that?" Ji Shaolei asked.

"Think about it, if it's really what you say, then wouldn't the Wang family hate the Wu family to death, and how could they be so close to the Wu family that they're even so good that they're almost wearing the same trousers, no one can stand such a strange shame, right?"

Ji Feng said in amazement, "Besides, Master Wang had his youngest son when he was about sixty, and at that time, wasn't his wife about that age? How can a woman still have children when she reaches that age?"

Ji Shaolei laughed heatedly, "Think it's a bit of a stretch don't you?"

Ji Feng nodded and said, "I think this rumor is bullshit, it doesn't make sense!"

Putting aside Old Lady Wang's age at the time she gave birth, just to say that if she had really stolen a man, and the man she stole was a man from the Wu family, then how could Old Lady Wang have endured such humiliation?

Even if the Wu family was so powerful, so powerful that it overshadowed the sky, and Master Wang did not dare to resist or retaliate, then at least he would not have gotten so close to the Wu family, right?

In China, the traditional concept still dominates, how many men can know that their wife is having an affair with a certain man, but still be so close to each other and still have such a good relationship?

Ji Feng found this somewhat unbelievable, so he thought that the rumour was false.

Ji Shaolei laughed heatedly: "This is your ignorance, San'er, there is something you don't know, when the situation just stabilized, this old man Wang, can't wait to change his wife, looking for a woman much younger than him, so, at that time, when old lady Wang gave birth to her young son, was not around sixty years old! "

Ji Feng was stunned, so there was this one?

"Then how did the Wang family get so close to the Wu family?" Ji Feng asked again.

Even if it could make sense in terms of Old Lady Wang's age, could Old Master Wang really have endured that kind of humiliation and still be that close to the Wu family?

This was something that even a timid little citizen would definitely not be able to endure, not to mention how Old Master Wang was still a person of a certain status!

“Humph! How come their two families can’t get closer?”

Ji Shaolei snorted, “In the entire high level, Master Wang is almost a loner, especially the descendants of those old masters he offended at the beginning, have all gradually risen up, that previous account, perhaps these kids now don’t remember it, but they still remember it clearly, how could they stand by and watch the Wang family get away with it? ”

Ji Feng frowned, “And then what?”

“And then isn’t that what happened!” Ji Shaolei spread his hands, “Master Wang is getting old, and some of the sons underneath him are untalented, so if he wants to keep the Wang family’s scenery and not have his old scores settled, he has to join forces with someone!”

“But think about it, with his kind of behavior, who would dare to join forces with him? What’s more, if anyone were to join forces with him, they would be offending a large number of mid-stream pillars, and those people are all young and strong, and they are all in important positions.

Ji Feng said in consternation, “Just because of this, Master Wang can endure this humiliation and get so close to the Wu family, even to Wang Zhijun’s generation, he has almost become a lapdog of the Wu family!”

“Is it because you think that Master Wang, as a person, is very tolerant and can make such great sacrifices for the sake of the family?!” Ji Shaolei asked with a smile.

“I don’t know!”

Ji Feng shook his head and said, “Anyway, if it were me, I definitely wouldn’t give up even if I didn’t fight with the other party, let alone still getting so close to the other party”

Ji Shaolei snickered, “That’s you! But some people are different, for the sake of power, for the sake of glory, wealth and status, not to mention the wife stealing, even if someone fucked his wife in front of him, he can endure it, Let me tell you this, at first some people even proposed to thoroughly investigate the things that old man Wang had done over the years, it just so happened that at this time, old man Wang’s second son The crime!”

The first thing you need to do is to take a look at the situation and see if you can find out how many people are waiting for old man Wang to make a mistake.

Ji Feng raised his eyebrows and said to himself, “So that’s how it is!”

He was naturally very clear about what Old Man Wang himself had done, so he was all the more worried that others would return the favour as it was, or even double it!

If his son was cast into prison, I believe that Elder Wang himself knew best just how many people would treat him special when the time came.

In such a situation, once in prison, it would be a death, and beyond that, there would be no way to live!

Once one of his sons was thrown into prison, the Wang family would be in a state of panic, and those people outside with red eyes would definitely break them down, and by then, the Wang family might be driven to extinction by those people!

Even Master Wang himself would not have a good end!

“Perhaps it was under such circumstances that Elder Wang chose to hold back his anger and instead even went along with the Wu family?” Ji Feng asked.

“Who knows what he thinks!”

Ji Shaolei snorted, “Anyway, I heard that in the end it was the old man of the Wu family who stepped in and squashed the matter, so I guess it’s pretty much the same But if you ask me, what old man Wang actually did was for himself, like this kind of person, he can even put up with this matter of his wife being slept with, tsk”

Ji Feng was deeply impressed.

A man, if even this kind of thing can endure, no matter how much he is said to have endured humiliation, how he sacrificed himself for the sake of the family and so on, no matter how nice the words are, they cannot cover up one thing

In his bones, Master Wang is actually greedy for life and death.

Or rather, he has a servile nature in his bones, and when faced with someone more powerful than himself, he doesn’t even have the guts to resist!

From this, one could see what kind of character Master Wang was.

Ji Feng couldn’t help but shake his head, it was hard for him to make any comment on this matter, after all, he, an outsider, couldn’t understand the feelings in the hearts of the people involved, but he had a clear understanding of the relationship between the Wang family and the Wu family.

“In that case, the Wang Family is completely subordinate to the Wu Family?” Ji Feng mused.

“You can’t exactly say that, in fact, old man Wang is still a bit of a deterrent.” Ji Shaolei said, “After all, there are fewer and fewer old comrades nowadays, and the top brass must respect these old comrades nowadays, so as long as old man Wang doesn’t die, the top brass must give him a few face.”

Ji Feng nodded slightly, “This is the capital of Wang Zhijun’s arrogance, right?”

“His arrogance is also haphazard arrogance!”

Ji Shaolei said disdainfully, “Now that old man Wang has long been left with his last breath, it’s not certain when he’ll breathe, the rest of the old Wang family is also untalented, once we wait for old man Wang to breathe, I believe the Wang family will definitely be dealt an extremely harsh blow in many ways, by then even if the Wu family is strong, they may not be able to keep the Wang family!”

Speaking here, Ji Shaolei raised a finger and wiggled it, saying, “What happened to the old Wang family tells us one thing, when one is in power, one should not be too desperate in doing things, especially not

doing unethical things, otherwise, sooner or later, retribution will fall on oneself, either that, or on the next generation!”

Ji Feng shook his head and smiled, “Second brother, since when do you believe in this?”

Ji Shaolei laughed, “I’ve always believed that there is really retribution in this world, look at old man Wang, he used to cause so many heroic people to be miserable, but what happened to himself? This is retribution!”

Ji Feng shook his head and lost his smile, but his heart was also a little touched

Campus Master Chapter 1963

“Boss, we’ve arrived at the intended location, no targets have been found around and no suspicious people have been spotted!”

“You guys hide first, be careful and remember, protect yourselves!”

“Yes!”

.....

After a short call, Ji Feng closed the line, then looked outside and asked, “Bai Zhu, we’re almost there, right?”

Bai Zhu nodded and said, “Well, there’s about ten more minutes of driving.”

Ji Feng nodded slightly and admonished, “Be careful!”

Ji Shaolei, however, frowned beside him as he laughed, “San’er, there’s no need to be so careful, with that brainless bastard Wang Zhijun, he’s not that capable of sending people against us!”

Ji Feng, however, said, “You also said that he’s brainless, who knows if such a person will do something unpredictable when his brain gets hot?”

“That’s true!”

Ji Shaolei was stunned, then he nodded, “That guy doesn’t know how much he weighs, but he is arrogant, if he gets hot-headed, he might really do something over the top!”

Ji Feng mused, “Actually, I’m not worried about Wang Zhijun, but if he’s with Liu Fei, I’ll have to be more careful instead!”

Ji Shaolei immediately asked, “How so? Liu Fei is the little punk you mentioned, right? Now that he knows your identity, he still dares to mess around?”

Ji Feng hummed, “He might not dare, but he has people and Wang Zhijun is brainless, do you think if the two of them mix together, when the time comes, in case they really bite the bullet and send a group of fighters, how can we not have a defense?”

In fact, even if Wang Zhijun really did hang out with Liu Fei, Ji Feng wasn’t too worried.

From the moment he received Wang Zhijun's call, Ji Feng knew that this was a very arrogant guy, even a bit overconfident, who thought he was very famous in Yanjing and could even talk to Ji Feng in that condescending tone.

Moreover, Wang Zhijun wanted Ji Feng to come out and talk.

From this point on, it can be seen that Wang Zhijun is afraid that he only wants to use that set of rules in the dude's circle to talk to Ji Feng and has no intention of using force.

As for Liu Fei, this person Ji Feng has also seen through, although this person is a gangster, good courageous and ruthless, but if it is said that let him bring people to deal with himself, he is afraid that he does not have the guts.

So even if Wang Zhijun and Liu Fei were to mix together, Ji Feng wouldn't be too worried.

But the question is, is it really only Wang Zhijun and Liu Fei in this matter?

The first thing you need to do is to get a good idea of what you are getting into.

So, how did these two people get mixed up together?

It is reasonable to say that these two people should not have any crossover in either their status with each other or the line of work they are engaged in.

Wang Zhijun, as a young man, could not have been involved in the triads, could he?

However, the fact that these two people were indeed mixed up together made Ji Feng wonder if there was someone in the middle who was pulling the strings?

Then, who was the one who was involved?

In fact, in addition to that, Ji Feng has another layer of caution in his heart – since Wang Zhijun is Wu Zhiyong's lapdog, so will Wang Zhijun tell Wu Zhiyong about this matter today?

And with Wu Zhiyong's insidiousness and ruthlessness, if he gritted his teeth and became ruthless, would he let Wang Zhijun directly lead people to do away with himself?

It was not impossible!

Using Wang Zhijun's hand to do away with himself would not only get rid of a hated enemy, but he would also not have to do it himself. The most important thing is that even if this matter is eventually traced, Wu Zhiyong can completely put all the blame on Wang Zhijun.

Since he was a lapdog, he would naturally be used to take the blame!

What's more, even if Wang Zhijun wanted to explain, I'm afraid he might not be able to do so clearly. Since Wu Zhiyong dared to do it, he would definitely not leave evidence behind.

Ji Feng believed that after the last indirect encounter in Southern Guangdong, Wu Zhiyong would have learned his lesson, something like the last time when he was forced to pour sewage on his own brother, Wu Zhiyong would definitely not allow it to happen a second time!

Or, Wu Zhiyong doesn't even need to directly command Wang Zhijun, he just needs to know this information, and there are totally countless ways to make something out of it.

Considering these, Ji Feng couldn't help but be careful.

"Second brother, when we arrive later, if you don't see Wang Zhijun, don't get out of the car!" Ji Feng admonished, "Even after you see Wang Zhijun, you have to watch out for my eyes and be careful!"

"What do you mean?" Ji Shaolei asked, "Do you think Wang Zhijun really dares to send someone to lay a hand on us? Don't worry, even if he has eaten his heart and wants to take us both out at once, they'll have to think about it."

If Ji Feng and Ji Shaolei were to be killed at the same time, the Ji family would definitely go crazy, and at that time, not to mention the Wu family protecting the Wang family, even if everyone protected the Wang family, they would definitely not be able to protect them.

Ji Feng, however, shook his head and said, "Wang Zhijun might not do that, but you can't guarantee that other people won't do that!"

"Who are you referring to?" Ji Shaolei asked.

"What if Wu Zhiyong knows that we are going to meet with Wang Zhijun?" Ji Feng asked.

"....."

Ji Shaolei's eyebrows suddenly furrowed and a thoughtful look appeared on his face, "San'er, do you mean to say that Wu Zhiyong might take advantage of the opportunity to play a black hand?"

Ji Feng said, "This possibility cannot be ruled out anyway!"

Ji Shaolei slowly nodded and said, "That's right! If I were Wu Zhiyong, I would probably do the same thing, so that I could put the blame on Liu Fei and also mock our old Ji family for not managing Jiangzhou well, which is why the law and order is so bad"

The hand of Jiangzhou is Ji Zhenguo, yet the son of the Ji family was done in by gangsters in Jiangzhou, that's an unbelievable slap in the face!

Even, if the Ji family went mad and wanted to avenge them, when the time came, the big deal would just be to sacrifice a Wang Zhijun, and if that didn't work, the most that could be done was to abandon the Wang family and let them bear the Ji family's wrath alone.

No matter how this matter was pulled, in the end, it wouldn't have anything to do with the Wu family!

"Just with Wu Zhiyong's underhandedness, he could do this!" Ji Shaolei had also considered this possibility, and he said through clenched teeth.

"That's why we have to be careful." Ji Feng said.

"This son of a bitch"

Ji Shaolei couldn't help but curse, "Let's see how I'll smack him later!"

Ji Feng shook his head and didn't say anything more, but he was still puzzled in his heart, how on earth did Wang Zhijun get mixed up with Liu Fei?

.....

When Ji Feng and the others arrived at the outskirts of that abandoned factory, the surrounding area was completely dark, no one could be seen at all, and there was no sign of anyone coming.

Ji Feng frowned slightly, he raised his hand to look at the time, it was almost time for the two sides to agree, but Wang Zhijun was nowhere to be seen.

He immediately activated the bio-current to work on his eyes and looked around, and after looking around, he didn't find anything unusual.

"That son of a bitch Wang Zhijun didn't come?" Ji Shaolei frowned and cursed, "He was so arrogant on the phone, but he wouldn't dare to do anything for real?"

Ji Feng said, "Second brother, let's go back to the car first, if Wang Zhijun hasn't arrived by the appointed time, we'll go back!"

Ji Shaolei went back to the car with hatred and said, "If you want me to say so, it's just a Wang Zhijun, there's no need for you to meet him. Since this bastard is so arrogant and dares to threaten you with the Tengfei Group, let him try and see what he can do to the Tengfei Group!"

Ji Feng shook his head and said, "I won't give him this chance!"

Any threat, Ji Feng would try to nip it in the bud, if he waited until the danger came before thinking of fighting back, it might be too late by then.

Especially after Ji Shaolei said about Wang Zhijun's character, Ji Feng made up his mind even more to meet this arrogant guy.

For someone who was simple-minded but extremely arrogant, he was really capable of doing anything, and if he suddenly found someone to deal with Xiao Yuxuan one day, that would be trouble!

Ji Feng wouldn't give him any chance!

Raised his hand again and looked at the time, ten minutes short of the time he had agreed with Wang Zhijun

.....

And at the same time, on a highway in the suburbs of Jiangzhou, several cars were driving unhurriedly, and in one of them was a young man sitting in a big Ben, talking to someone on the phone.

"Brother Yong, the time I agreed with Ji Feng is almost here, why do you have to ask me to go over slowly?" The young man was a bit puzzled, originally he had intended to go there on time as he had envisaged, but when he called Brother Yong, he had not expected that Brother Yong seemed to be interested in their meeting and had told him not to rush there so quickly and to take his time on the way.

“Am I still afraid of that wild boy? Brother Yong, I promise you that I won’t disgrace you!” The young man said with an arrogant look on his face, “What is Ji Feng, he is just lucky, he is just arrogant everywhere thanks to the power of the Ji family, what is he!”

A low voice came over the phone, “I told you to take your time, naturally I have my reasons, think about it, if you rush over there, only to have Ji Feng come late, won’t that make you look like you have no class? By then, before you even speak, you’ll be a head lower than Ji Feng, haven’t you thought about this?”

“Hmm?”

The young man was stunned, and then said, “That’s true! Brother Yong, I understand what you mean, I will press on past time

“That’s right!” The voice on the other end of the phone gave a cold laugh.

Campus Master Chapter 1964

“It’s already eight o’clock!” Ji Shaolei’s eyes were a bit gloomy, “Wang Zhijun is letting you off the hook

“Heh!”

Ji Feng grinned and raised his hand to look at the time, indeed it was already eight o’clock, this was the time he had agreed with Wang Zhijun, if it was normal, Wang Zhijun should already be standing here at this time, but now, not to mention the person, he hadn’t even seen Wang Zhijun’s shadow.

Ji Feng pulled on his sleeve and said, “Since no one has come, let’s go back!”

Ji Shaolei couldn’t help but ask, “Just go back?”

“What else can we do?” Ji Feng laughed, “The person didn’t come, so we can’t just foolishly wait here, right? Go back!”

“San’er, what’s with your kid’s change of nature?” Ji Shaolei looked at Ji Feng in amazement, “After being fooled around for no reason, you actually didn’t react at all?”

“No need for any reaction!”

Ji Feng shook his head and smiled, “From today onwards, Wang Zhijun is already my enemy, so do what you need to do next, that’s all!”

Ji Shaolei was slightly stunned, then he laughed, “That’s right!”

Ji Feng smiled and didn’t say anything more, he just said to Bai Zhu, “Bai Zhu, turn the car around, let’s go back!”

“Yes!”

Bai Zhu immediately nodded her head and answered yes.

Ji Feng sat in the back seat with his arms around him, his face looked calm, but his eyes were cold and flickering.

Wang Zhijun suddenly called him for no reason and reprimanded him as if he was a three-year-old child, which was not enough.

At this time, even a good-tempered person would not have no anger at all, let alone Ji Feng.

If Wang Zhijun hadn't taken the initiative to call, Ji Feng wouldn't even know who this guy called Wang Zhijun was, let alone have any dealings with him. Today, things have come to this point, and it's all Wang Zhijun's doing.

This 'gift' from Wang Zhijun, Ji Feng took note of it!

The fact that he took the initiative to provoke, and then deliberately played himself, there is nothing more to say, since there is no talk, then he is an enemy, it is as simple as that!

Since he, Wang Zhijun, wanted to play, Ji Feng would naturally accompany him to the end.

Only, Ji Feng would not accompany Wang Zhijun to play this kind of boring tactics, he would never treat his enemies with much mercy, not to mention you and me playing games like a child playing house.

Since they were enemies, one side had to go down, without dying!

"I see, Wang Zhijun is deliberately playing you!" Ji Shaolei said in a deep voice, "This Second Master Wang is really getting bolder and bolder, and he's also getting better at playing"

"Just play!"

Ji Feng smiled, "I don't think he has much time left to play."

The first thing you need to do is to get a good idea of what you're doing.

It's true that among the several brothers, Ji Shaolei really likes this kind of character of Ji Feng the most, not at all pretentious, and not the slightest bit of mud, just do it, and there's no half-heartedness in his strikes, and when he should be ruthless, he will never be soft.

What's more, compared to his stable and wise elder brother, Ji Feng has a completely different style, he is thunderous, but not reckless, but does not lack the wisdom of his elder brother, but more painful than his elder brother, sometimes it really makes people feel extremely painful!

This is like this time, Ji Feng's words sounded quite relieved.

The first time I heard this, I was very relieved.

Then!

From now on we are the enemy, deal with the enemy, I directly want to kill you, I see how you can still jump!

What a relief!

Ji Shaolei couldn't help but laugh: "San'er, if Wang Zhijun is killed here, maybe if old man Wang finds out, he'll be so angry that he'll just stomp his legs and die, and then maybe there'll be a lot of people thanking us!"

Ji Feng shook his head and smiled: "Whether old man Wang will gag or not, that's out of my hands."

Originally, Ji Feng still had a lot of respect for these old men, no matter what their personalities and character were, but at least they had fought for this nation and for this country, and had made great sacrifices, and even the hardships they suffered back then were unimaginable now.

However, after Ji Feng knew some of the past deeds of this old man Wang, he could not respect this man, and the little reverence that was left in his heart was gone.

Such an old man, Ji Feng directly ignored.

What he valued most now was the Wu family standing behind the Wang family, especially Wu Zhiyong, a man whose viciousness really impressed Ji Feng!

"Hm?!"

Suddenly, a bright light swept past in front of him, and Ji Feng instantly became alert, and when he looked ahead, he saw what appeared to be a vehicle approaching.

Bai Zhu immediately changed the car lights to low beam, while lowering the car speed to gradually lean over.

But Ji Feng said in a deep voice: "Bai Zhu, be careful!"

Bai Zhu couldn't help but be startled: "Yes!"

Ji Shaolei frowned and asked, "San'er, what's wrong? What's the problem?"

Ji Feng shook his head slightly and just stared at the car coming in front of him, his eyes narrowed slightly before he said in a deep voice, "Second brother, you have to be careful."

"You suspect that there is something wrong with the car in front?" Ji Shaolei asked in surprise, and then his face changed, "Third child, do you mean that Wang Zhijun deliberately stood us up, but actually just wanted to fish us out and then send someone to deal with us?"

"I don't know!" Ji Feng shook his head, "But we can't rule out this possibility!"

It was Wang Zhijun who had to come out to talk, but he didn't show up when the time came, which in itself was already too much and made Ji Feng's heart furious.

And when the car in front of him appeared just now, Ji Feng's heart was suddenly stuttering.

At that very moment, he sensed a danger, a feeling as if he had suddenly been targeted by a poisonous snake, or as if someone had already put a knife to his neck.

Immediately, Ji Feng realised that there must be something dangerous nearby, or that someone was trying to do something to him!

But looking around, apart from the abandoned factory, there was nothing suspicious around here, or at least Ji Feng didn't find it, except for the car that was coming in front of him!

So Ji Feng immediately speculated that the person sitting in this car was afraid that he was going to do something against himself.

Of course, whether there were also people with bad intentions in that abandoned factory, Ji Feng did not know for the time being, while he could not get out of the car now, it would be too dangerous.

“This doggone thing!” Ji Shaolei was instantly enraged, “I think he’s eaten his heart and leopard’s guts, he’s simply looking for death!”

“But in his mind, maybe it will be us who die!” Ji Feng snorted coldly, “Bai Zhu, turn off the lights and keep the car running!”

“Yes!”

Bai Zhu replied loudly and then did as he was told.

Ji Feng put on his headphones again and said in a deep voice, “Old Yi, there might be an ambush in the factory, send someone to check it out, remember, be careful.”

Yi Xingchen’s voice came through, “Got it.”

“Wait a minute!” Ji Feng suddenly called out to him again and murmured, “If there really is an ambush, then the other party may also be on the wall, or on the roof of the factory, or at least someone who can be high up and yet clearly see my position here You be careful and judge for yourself!”

Yi Xingchen said in a deep voice: “I understand.”

Ji Feng reminded again, “Next everything command to you, including me!”

One thing was certain, in this vicinity, there must be danger present!

However, because Ji Feng was not sure whether the danger was coming from the car that was driving ahead, or from the abandoned factory, or from the wilderness, he could only rely on his own analysis to determine the location of the other party.

The possibility of an ambush hidden in the wilderness was not great, as Ji Feng scanned the area and found nothing unusual, so the only thing left was the abandoned factory and the car coming from the front.

The people in the car in front of him, Ji Feng would naturally treat them well. So, only this abandoned factory needed to be checked by Yi Xingchen.

But just from the feeling Ji Feng had just had he could be sure that the other party must be able to see himself clearly, so there were only a few places to hide in the abandoned factory, on the roof and on the courtyard wall.

“Sniper number one, pay attention to cover, military spikes on!”

In the headset, came a few very brief orders from Yi Xingchen, immediately after that, heard Yi Xingchen add: “No.2 sniper, monitor the surrounding, team two, responsible for searching the wilderness”

“..... boss, later if you want to get off, pay attention to your standing position, don’t block the sniper’s line of sight and shooting angle!” Yi Xingchen reminded.

After a series of orders, Yi Xingchen began to arrange Ji Feng's side, he and Ji Feng had worked together many times, so there was already enough of a tacit understanding.

When Ji Feng told him that there was someone in ambush, Yi Xingchen knew that there would most likely be a fight next, then at this time, Yi Xingchen was the one hiding in the shadows as the one in the shadows to command all the people was the most advantageous and the most unexpected to the enemy.

What's more, for Yi Xingchen, even though he had to take care of protecting Ji Feng during the operation, Ji Feng was too strong, so it made it possible for Yi Xingchen to focus on the enemy even if he couldn't use him as a pointman, but at least he didn't need to be distracted too much!

No soldier or commander likes to feel tied up, and Yi Xingchen likewise did not like it, and Ji Feng's strength ensured that he did not need to be distracted, so in a very short time, Yi Xingchen had everything set up.

And at the same time, the car in front of him had gradually approached, and it could be seen that the other party was not travelling fast, but Ji Feng did not let his guard down, but said in a deep voice, "Bai Zhu, load the bullets!"

Campus Master Chapter 1965

At the same time, the car in front of him had gradually approached, and it could be seen that the other party was not travelling fast, but Ji Feng did not let down his guard, but said in a deep voice: "Bai Zhu, load the bullets!"

Bai Zhu's heart was instantly astonished, while nodding, "Yes!"

With that, Bai Zhu directly pulled the pistol she was carrying from her waist, loaded the bullets, and then opened the safety, ready to shoot at any time.

At this time, the two sides were getting closer and closer, Bai Zhu had one hand on the steering wheel, but the other hand was already holding the pistol, just by looking at her eyes, one could feel the cold light flickering and awe-inspiring.

"Young Ji, should I shoot?" Seeing the other party's car getting closer and closer, but without any sign of slowing down, Bai Zhu couldn't help but ask.

"Wait a moment first! Make preparations!" Ji Feng said in a deep voice.

"Squeak...!"

The harsh sound produced by the tyres rubbing against the ground seemed so clear in the silent night that it traveled a long way.

Ji Feng's eyes were slightly narrowed, and he saw a big Ben parked right in front of him, and judging from Ji Feng's line of sight from sitting in the car, the distance between the two cars was no more than one metre at most.

Provocation!

Ji Feng's face was calm and he couldn't see any sign of joy or anger, but it was Ji Shaolei who was next to him, his face swished down and he coldly snorted, "It really is him son of a bitch, he's too arrogant!"

Through the car window, Ji Shaolei could see at a glance that the person sitting in the car in front of him was the son of a bitch that he had slapped – Wang Zhijun.

The guy was sitting in the back seat of the car, watching the two cars almost collide with each other, and he was grinning.

Ji Shaolei couldn't help but sneer, he could still laugh now?

That's not bad!

Looking at Wang Zhijun's arrogant smile, Ji Shaolei was instantly furious.

It was always his second brother Ji who found trouble with others, when did it become someone else's turn to provoke him so much in front of him?

Ji Feng said gloomily, "It's not the first time he's been so arrogant!"

"Let's go down!" Ji Shaolei gritted his teeth and said in a deep voice.

Looking at Wang Zhijun's arrogance in front of him, Ji Shaolei became a bit enraged. In the past, when he was in Yanjing, this bastard had slapped him twice for claiming to be the second master, and as a result, he had gone up to him and slapped him so hard that the corners of Wang Zhijun's mouth bled, but he did not even dare to say a word, let alone fight back.

But now, Wang Zhijun actually dared to be arrogant to such an extent.

Ji Feng stopped him, shook his head slightly and said, "Second brother, don't rush first, let's see what happens!"

Ji Feng believed that Wang Zhijun dared to be so arrogant, he must have something to rely on, and the kind of danger he had felt before really made it hard not to associate this danger with Wang Zhijun.

"Humph!"

Ji Shaolei couldn't help but snort coldly, as soon as he saw Wang Zhijun's arrogant smile, he couldn't help but grit his teeth in anger.

In fact, if it was anyone else, looking at a guy who used to act like a grandson in front of you, but is now flailing in front of you, no one would definitely be too comfortable in their heart, not to mention Ji Shaolei who had a fierce personality.

"I think he wants to die!" Ji Shaolei gritted his teeth and said.

"That's not necessarily true!"

Ji Feng faintly shook his head and said, "Maybe he still wants us dead!"

Ji Shaolei instantly sneered, "Just by him? He Wang Zhijun has to be capable of that too!"

Ji Feng shook his head and smiled, not saying anything, but in his heart he knew that maybe Wang Zhijun really had that possibility, at least, Ji Feng had felt a kind of danger just now, moreover, he didn't even distinguish from which direction this danger was actually coming from!

This meant that the other party was either well hidden and an expert, or, the other party was too far away for Ji Feng to accurately detect it.

And now, it seemed obvious that the first one was a little more likely. Because Ji Feng knew very well his own perception ability, if he couldn't detect the other party's exact location because of the distance, then the other party definitely couldn't detect him either, especially in this dark night, even if the other party had a night vision device or other high-tech instruments, it definitely wouldn't work.

After all, the technology was not yet that advanced!

So Ji Feng speculated that the person hiding in the shadows was most likely an expert, and even, the other party was most likely not just one person yet, but several or even more experts!

Now we are waiting for the result of Yi Xingchen's examination, if he can uncover that person hiding in the shadows in the shortest time, then Ji Feng can pack this Wang Zhijun without any fear, but if Yi Xingchen is not able to find that expert hiding in the shadows as soon as possible, then, if Ji Feng gets off now, then he will be in danger of being attacked and killed in the shadows at any time!

But even so, still his face was calm and he didn't panic in the slightest.

He had experienced a lot of scenes like this, and when he was in New York in Rice before, Ji Feng had experienced even more dangerous scenes than this, and he had come through without any danger, now it was just a Wang Zhijun, he naturally wouldn't be scared to death.

"Pop!"

The door of the big Ben opposite was opened, Wang Zhijun got out of the car, looked at Ji Feng's car, with a smiling look on his face, waved his hand, signaling Ji Feng to get out.

At the same time, in a car behind the big Ben, several other people got out, led by a man with long hair, precisely the gangster Ji Feng had seen before, Liu Fei.

The two men standing behind Liu Fei, one of whom was a bit strange, could only be seen with his head wrapped in gauze, with only one pair of eyes exposed, which shone with a cold light, looking angrily at Ji Feng in the car.

Next to this bandaged man was a long-haired woman, none other than the one Ji Feng had seen in the lock before, Hu Xuehui!

At a glance, Ji Feng could see that the man with bandages on his head beside Hu Xuehui was no other than the arrogant guy with whom he and Zhang Lei had clashed before – Bian Chunlei!

"Heh!"

Ji Feng couldn't help but sneer, "This time it's really a gathering!"

Wang Zhijun, the gentry from Yanjing, was followed by Liu Fei, Bian Chunlei and Hu Xuehui, all people who didn't get along with him, and as a result, all of them had gathered together!

At this time, Ji Feng also immediately understood why Liu Fei had gotten involved with Wang Zhijun.

In fact, the moment Ji Feng saw several people in one place, he understood.

If he was correct, this matter was inseparable from the one with a bandaged head, Bian Chunlei!

This is something that Ji Feng had already heard about, but Wang Zhijun was Wu Zhiyong's lapdog, and Liu Fei was just a gangster, so he naturally had nothing to do with Wang Zhijun.

The Wu family owns Southern Guangdong, and Bian Chunlei's elder brother, Bian Chunzhan, is said to be a big brother in the Southern Guangdong underworld – no matter where you are, if you want to make a name for yourself in the underworld, it's obviously impossible if you don't have good relations with the officials.

This also meant that Bian Chunlei should have had some relationship with the Wu family's people.

Now that these few people are mixed up again, it is obvious that Wang Zhijun, who is Wu Zhiyong's lapdog, was introduced to Liu Fei by Bian Chunlei, or by Bian Chunzhan.

This is just logical.

As for why Wang Zhijun would stand up for Liu Fei, it is not difficult to understand.

Just imagine, after the arrogant Wang Zhijun knew that Liu Fei had offended Ji Feng and that Bian Chunlei had been beaten up, he might have been so hot-headed that he became angry and wanted to talk to Ji Feng!

"Second brother, this man is Wang Zhijun, right?" Through the car window, Ji Feng looked at the tall, thin man and asked indifferently.

"That's him!"

Ji Shaolei nodded slightly and sneered, "This is the son of the old Wang family, the one known as Second Master Wang!"

Ji Feng smiled indifferently and gave Wang Zhijun an up-and-down glance, only to see that this man was about twenty years old, tall and thin, with a three-seventh haircut, and despite wearing a designer label, he looked frail in a way, looking like the kind of person who had been emptied of his body by alcohol and sex.

Ji Feng couldn't help but shake his head, there were really too many of these people, in those upscale clubs in Yanjing, or if you usually pay attention occasionally, you might be able to see such people.

After just one look, Ji Feng had no interest in this Wang Zhijun, just a dude who didn't know the sky was high.

Ji Feng's gaze, fell on the woman who was following Bian Chunlei's side.

..... Hu Xuehui!

I can't imagine that only after a few days, they met again.

Moreover, it was still in this situation.

Ji Feng couldn't help but shake his head, that day when he met by chance, Hu Xuehui was repeatedly ridiculed by Zhang Lei, to say that he ran away crying, at that time Ji Feng thought that Hu Xuehui still had some shame, maybe it was hard to see again today.

But what he didn't expect was that after only a few days, we actually met again, and Hu Xuehui was actually still with Bian Chunlei's side.

He knew that at the time, Bian Chunlei had scolded Hu Xuehui with his mouth and did not treat her as a human being!

But I never thought that Hu Xuehui could still follow him around and come here in the middle of the night really let people do not know what to say.

Ji Feng even felt a kind of mushy feeling.

This woman, really incorrigible, I'm afraid that's all there is to this life

"Knock knock~~!"

There was a knock on the car window, and he saw Wang Zhijun come outside, not even looking at it, just waving his hand, indicating for Ji Feng to go down.

Ji Shaolei's face instantly sank: "His grandfather! I think he really wants to die!"

After saying that, he was about to open the door and get out of the car.

However, Ji Feng said in a deep voice: "Second brother, it's better for me to go down, what he's looking for is me I'd like to see what kind of tricks he wants to play!"

There is danger outside, naturally it is impossible to let Ji Shaolei risk first, what's more, Ji Feng also wants to know, what this Wang Zhijun actually wants to say to him

"Pop!"

Ji Feng pushed open the car door and got out of the car

Campus Master Chapter 1966

Ji Feng got out of the car and looked at this guy in front of him with a calm expression.

However, in reality, Ji Feng's attention was not focused on this person at all, he was paying attention to the surroundings.

"Yo-ho, you're Ji Feng, right?" Wang Zhijun looked at Ji Feng and could not help but show a hint of displeasure on his face, especially when he was standing in front of Ji Feng and all needed to look up, which made Wang Zhijun squirm.

In the past, when he was in Yanjing, even if someone was taller than him, but when he spoke in front of him, he would involuntarily bend down.

But look at this Ji Feng, waist straight, body upright, standing in front of it as if it were a wall, instead Wang Zhijun appears to have a thin body and greasy head Of course, Wang Zhijun naturally does not look at himself in this way, he just feels that looking up at Ji Feng as if it were a wall makes him feel uncomfortable all over.

So this opening, Wang Zhijun's tone is not very good.

But Ji Feng didn't even shake him off, he just squinted his eyes slightly and looked around.

When he looked around, he couldn't help but frown slightly, he could still feel the kind of danger hidden in the shadows, but he still hadn't figured out exactly where it was.

This made Ji Feng wary, usually if someone was watching him in the shadows, he could sense which direction it was, but today, although he could sense that there was definitely someone in the shadows, he didn't know the exact location of the other party, which meant that the other party was either very well hidden or, a master.

"I'm talking to you, didn't you hear me?" Seeing that Ji Feng was ignoring him, Wang Zhijun couldn't help but raise his voice, and his face looked displeased.

"Young Wang, he is Ji Feng!"

Before Ji Feng could say anything, Bian Chunlei, who was following Wang Zhijun, said loudly, looking at Ji Feng with hatred, "It was him and his friend who beat me up like this, I would recognise him even if he turned into dust!"

Ji Feng glanced at him, and then his gaze swept over the faces of Liu Fei and Hu Xuehui, both of whom met his gaze and could not help but blush slightly.

Liu Fei felt a little chill at the back of his spine and couldn't help but subconsciously shrink his neck and avert his gaze.

Hu Xuehui, on the other hand, was a little flustered, and her expression didn't look too natural either, but again, she didn't dare to lock eyes with Ji Feng.

Only Bian Chunlei, on the other hand, had a strong hatred in his eyes and stared at Ji Feng with resentment, unable to see any semblance of fear.

In fact, Bian Chunlei was indeed not afraid.

Although it was true that Ji Feng had an uncle who was the first hand of Jiangzhou, he might not be able to overpower Wang Shao.

The fact is that the company's business is not just about the company's business, it's about the company's business.

Today, Wang Shao came over in person, let's see how Ji Feng can still run wild!

The first time I saw him, I knew that he would not be able to take revenge for the beating he had received today, because after all, Ji Feng was a very powerful man.

The thought that later on Ji Feng would be scolded by himself and jumped on his feet, but did not dare to resist, Bian Chunlei's heart was relieved, and he looked at Ji Feng with a more resentful look.

To think of how to humiliate Ji Feng to be good on the way here Bian Chunlei has thought all the way.

However, Bian Chunlei was simply unaware that from the time he appeared, Ji Feng did not even look at him directly, much less put him in his eyes.

"You're Wang Zhijun, right?" Ji Feng glanced at Wang Zhijun and asked indifferently, "What do you want to talk to me about?"

"Humph! So you know who I am, I thought you were still going to pretend with me!" Wang Zhijun bristled, "I"

"Cut the crap!"

Ji Feng directly interrupted him and said in a deep voice, "Just say what you want to say, I don't have that much time to be inked with you."

"You"

Wang Zhijun's face instantly sank, "Are all the people from your old Ji family so arrogant?"

Ji Feng looked at him and shook his head, "If that's all the nonsense you have to say, then we have nothing more to say!"

After saying that, he pulled open the car door and was about to get in.

Wang Zhijun was immediately enraged by this arrogant attitude of Ji Feng and he gritted his teeth, "Ji Feng, don't you think you're too arrogant? You have to know who you're talking to!"

Ji Feng immediately frowned, but didn't say anything more, he just bent down and was about to get into the car.

"Pa!"

Wang Zhijun pulled on the car door and said angrily, "You're really as arrogant as you can be! Ji Feng, I called you out today to tell you that Bian Chunlei and the others are my friends, so you'd better stop looking for trouble with them in the future and do more things that fit your status"

Ji Feng raised his eyebrows, "What if I don't agree?"

Wang Zhijun said in a deep voice: "Ji Feng, don't think that just because your old Ji family is so powerful, you can have a hand in the sky, there are some things you do too much and someone will clean you up! You should know that you are not without a soft spot"

"Are you referring to the Tengfei Group?" Ji Feng's voice suddenly went cold.

"It's not just a Tengfei Group, is it?" Seeing that Ji Feng was finally no longer as arrogant as he was just now, Wang Zhijun immediately smiled smugly, knowing that he had captured Ji Feng's handle, "I also

seem to have heard that there are quite a few women who maintain an ambiguous relationship with you

“Boom~!”

Ji Feng kicked on the car door, and in a flash, the door hit Wang Zhijun hard.

The latter immediately let out a miserable cry, and the whole person was hit at once and fell to the ground with a thud.

“Ouch bastard!” Wang Zhijun roared, “Ji Feng, you dare not make a move?”

“Why wouldn’t I dare to do it?” Ji Feng said coldly.

“There are your women in that Tengfei Group,” Wang Zhijun grounded out, “Aren’t you afraid that something bad might happen to them when they go out?”

“So what? Yanjing still has your parents’ family!” Ji Feng’s eyes surged with killing intent.

“How dare you!”

Wang Zhijun’s heart chilled as he listened, Ji Feng had actually put his thoughts on his parents and family?

“Pop!” With a sound, the car door was opened, Ji Shaolei got out of the car with a gloomy face and walked directly towards Wang Zhijun with big strides, he was also pulling up his sleeves while walking.

“Ji Shao Lei?” Wang Zhijun looked stunned, “Why are you here too?”

“If I wasn’t here, how would I fix you son of a bitch?!” Ji Shaolei let out a fierce laugh, “You’ve really grown in ability, you’ve actually learned to use a woman to threaten others, then I’d like to see how much weight you have, how dare you be so arrogant!”

“Ji Shao Lei, you dare to touch me

“Snap!”

Before Wang Zhijun could finish his words, Ji Shaolei violently and viciously threw a slap at his face, that crisp and loud slap immediately knocked Wang Zhijun dumbfounded.

Ji Shaolei let out a fierce laugh: “It seems that those two slaps in Yanjing last time still haven’t made you remember! Since that’s the case, today I’ll let you never forget it again!”

“Slap!”

After Ji Shaolei finished speaking, he slapped him again, using his full strength, how could Wang Zhijun’s body, which had been emptied by alcohol and sex, withstand it?

In a flash, Wang Zhijun fell to the ground with a clean blow, without even the ability to resist.

“Young Wang!”

Bian Chunlei and Liu Fei immediately shouted in alarm and were about to come up to help Wang Zhijun.

Ji Shaolei's face, however, was cold: "Which one of you dares to move!"

He glared, his gaze coldly sweeping past the faces of the three of them, immediately causing a chill to rise in their hearts, and they didn't dare to move again.

With a cold snort, Ji Shaolei went up and kicked Wang Zhijun hard, causing the latter to let out another miserable scream.

However, Ji Shaolei had no intention of softening his grip at all, instead, he hit even harder.

He kicked Wang Zhijun's body one after another, and that fierce hitting style and that powerful kick were not at all what the thin body of Wang Zhijun could withstand.

For a while, there were constant harsh screams in this wilderness, which seemed incomparably miserable.

This scene dumbfounded the three Liu Fei.

Liu Fei couldn't help but swallow his saliva with difficulty, this was the grandson of the magnificent family who came bigger than Ji Feng as mentioned by Bian Chunlei?

A grandson who was beaten up like a dead dog?

This was a huge contrast that made people not know what to say.

To think that Ji Feng asked himself to provide evidence of the crimes of the two brothers of Bian Chunlei, instead of seizing the opportunity, he himself had the luxury of relying on this gongzi to teach Ji Feng a lesson, but it turned out to be a straightforward lost opportunity, and he had also offended Ji Feng ruthlessly!

So, how would Ji Feng clean up after himself?

Just look at even Wang Shao was beaten all over the floor Liu Fei's intestines were all repentant.

However, it was Bian Chunlei who was most shocked.

He did not expect that even his elder brother Bian Chunzhan, who is so respected and has such a big head, was beaten by the people brought by Ji Feng, and listening to their conversation, it seems that Wang Shao had been beaten by them before?

Bian Chunlei only felt that his world had turned upside down all of a sudden.

Hu Xuehui's face was full of unnaturalness, because she knew best how Bian Chunlei had fawned on that young Wang, but she had never imagined that this would be the result.

But it so happened that Bian Chunlei was still her friend, and now she was still present in this place.

Hu Xuehui couldn't help but sneak a glance at Ji Feng, but she saw that Ji Feng wasn't even looking this way, as if nothing had happened, but was just looking around with a calm face.

Hu Xuehui then felt her face burning hot and burning.

Especially when she remembered that Ji Feng's eyes swept past her face just now, Hu Xuehui was so embarrassed that she wanted to find a crack in the ground

Campus Master Chapter 1967

In the darkness of the night, a dark figure hid in a small attic on the roof of a factory, staring at a small screen in front of him.

In the faint light of the screen, one can faintly see that the figure's face appears to be covered with an extremely odd mask, leaving only his chin and nose visible, with the bridge of his nose hidden beneath the mask, making his face invisible.

Next to this dark figure was a long sniper rifle, emitting a cold, eerie light.

At this moment, this black shadow was staring at the small screen in front of him, not knowing what he was looking at.

One could see that on the screen, there were several outlines of what looked like human bodies that were constantly moving. If someone who knew what they were looking at would have instantly recognised that this was a surveillance device specifically for use at night, and the humanoid outlines on that screen were in fact the images outlined according to the difference between the temperature of the distant human body and the surrounding environment.

In some ways, this night monitor is similar to a night vision device.

Suddenly, this black shadow casually picked up another object from his chest and placed it on his eyes – it was a telescope, and the direction he was looking at was exactly the road at the entrance of this abandoned factory.

On that road, Ji Shaolei was beating Wang Zhijun furiously, and even from a long distance away, he could faintly hear the screams coming from it.

After observing for a while in the binoculars, the corners of this dark shadow's mouth couldn't help but pull up meaningful arcs, as if he was smiling.

And then, he held the binoculars in one hand, and with the other, he touched the sniper rifle that was sitting next to him.

.....

“Ah”

Wang Zhijun's miserable scream came out again, only, it was not as mournful as it was at the beginning, and the miserable scream was not as mid-air.

Ji Shao Lei's kick after kick, just Wang Zhijun's skinny body, almost did not get torn apart!

If it wasn't for the immense pain on his body, I'm afraid that Wang Zhijun would have passed out by now.

Wang Zhijun's every scream, in the ears of Bian Chunlei, made them shiver, especially Liu Fei, who seemed to see the scene of his dozens of men's arms and legs being broken again yesterday, he would be like that later, right?

At this moment, Ji Feng frowned and immediately said in a low voice, "Old Yi, the other party is on the factory roof!"

"Copy that!"

Yi Xingchen's voice came from the headset.

However, the next moment, Ji Feng suddenly felt a great danger as if it was coming straight at him, he fiercely glared, and in a flash, his body surged, rushing forward and grabbing Ji Shaolei's arm.

"Second brother, lie down!"

In the next moment, Ji Feng fiercely pinned Ji Shaolei underneath him.

"Boom~~!"

"Clatter~~!" A sound, the car window glass was instantly hit with a clatter, and looking at the location where the bullet pierced, it was exactly where Ji Feng was standing just now.

"Ah..." a few people from Bian Chunlei shrieked, rolling on the ground in fear.

"Young Ji!"

Bai Zhu shrieked, and that petite body instantly rushed out from the car, while rolling on the ground, and fired towards the location where the gun had just gone off.

Bai Zhu's reaction was extremely quick and accurate.

The most important thing she needed to do now was to shoot directly at the gunman who was ambushed in the shadows, thus providing cover for Ji Feng's fire. If she lunged directly at Ji Feng, it would not pose any threat to the gunman at all, but would instead pose a greater danger to Ji Feng.

"Boom boom boom~~!"

Bai Zhu fired continuously, no matter if she could hit the other party or not, she still had to create a sound first, or at least give the gunman in the shadows a huge psychological pressure and create an impact on the other party.

At this time, Ji Feng, however, had already directly grabbed Ji Shaolei, rolled a few times on the ground and hid behind the car, "Bai Zhu, come back!"

"Boom~~!"

Bai Zhu fired another shot, and then quickly arrived in front of Ji Feng, "Young Ji, it's too dangerous here, you guys get in the car, I'll take you out."

Ji Feng shook his head, "No need, Yi Xingchen and the others have already gone to find the gunman."

Bai Zhu said urgently, "It's pitch black around here, no one knows exactly how many gunmen are ambushed around, how can they catch them all in a short time?"

If there were still gunmen ambushing in the opposite direction, then it wasn't safe for them to hide behind the car, Bai Zhu was very anxious. Only when Ji Feng was safely away could she let go of her hands and fight the gunmen.

Ji Feng, however, waved his hand and said, "Don't worry, there is most likely only one gunman, and it's in that direction!"

He pointed to the roof of the factory.

Just a moment ago, he suddenly felt an extremely dangerous feeling, and in that instant, he suddenly sensed the other party's position, while in other directions, he had no such feeling.

This meant that the gunman had probably used some method to hide just now, and it was only in that instant just now that he had appeared and was about to execute the extermination on himself.

Bai Zhu was about to say something else when he suddenly heard several gunshots coming from the roof: "Boom boom~~!"

Immediately, he saw Ji Feng covering his ears.

"Boss, the man has been caught, only one person!" Yi Xingchen's voice came from the headset, "Nothing has been found in other directions."

"Got it, bring the man here!" Ji Feng said.

"Understood!"

"It's alright!" Ji Feng took the lead and stood up, "The man has been caught by Old Yi and the others."

"Bastard!"

Ji Shaolei cursed through clenched teeth and his face was blue, "There really was an ambush! San'er, it was really predicted by you, that bastard Wu Zhiyong is really going to do us in here!"

Ji Feng said in a cold voice, "What was expected! As long as Wu Zhiyong knows that we're going to meet with Wang Zhijun, with his grim personality, he definitely won't miss this opportunity!"

Ji Shaolei said in a cold voice: "It's just that I'm afraid he didn't expect that you had also made the arrangements in advance, this time, I'll see how he can pick himself clean!"

Ji Feng shook his head slightly and did not say anything, but in his heart he thought that today's matter, I am afraid that Wu Zhiyong is not involved.

The previous operation in Southern Guangdong had already made Wu Zhiyong fall on his face, and this time he would not be so stupid as to leave a handle, and I am afraid that he would not even leave any traces, otherwise, Wu Zhiyong would be too stupid, and he would not be able to become the leading figure of the third generation of the Wu family.

Of course, there is also another possibility that this gunman might not have been sent by Wu Zhiyong, but by Wang Zhijun's people. Because seeing Wang Zhijun beaten up like a dead dog, it was not impossible for that gunman to shoot in order to save him!

Only, how things really were, would have to wait for Yi Xingchen to bring that gunman over.

Bai Zhu guarded Ji Feng vigilantly and the three of them walked around the car, they saw Wang Zhijun curled up, still grunting in pain on the ground, Ji Shaolei couldn't help but curse angrily, "This son of a bitch is lucky, how come he wasn't killed by a random shot!"

Ji Feng said, "It's for the best that he didn't die!"

Ji Shaolei was deeply impressed, "That's true!"

"Young Ji!"

Bai Zhu suddenly shouted, "Look here!"

The two of them immediately turned around at the sound of Ji Feng's voice, and saw that on the window of the BMW X6, there was a bullet hole, the window had been pierced, and the bullet had gone to who knows where.

"Young Ji, that's where you were standing just now!" Bai Zhu said calmly, "This means that the gunman's first target just now was you, or rather, his only target was you!"

"It was sent by Wu Zhiyong!" Ji Shaolei gritted his teeth and said, "Only he, too, would be so eager to try to kill you!"

Ji Feng nodded, seeing this bullet hole, he understood everything, that gunman, eight out of ten`9 times, was sent by Wu Zhiyong.

If that gunman was one of Wang Zhijun's people, because he saw Wang Zhijun being beaten up, and this was why he shot and prepared to save him, then this bullet should have been aimed at Ji Shaolei, because it was Ji Shaolei, not Ji Feng, who hit Wang Zhijun at that time.

From this, it was clear that the gunman didn't care if Wang Zhijun was being beaten up, his target, was Ji Feng!

"Boss!"

In the darkness, several people walked over quickly, only to see Liu Zejun together with another team member, carrying a guy's arm left and right respectively and dragging him over, while Yi Xingchen was carrying a gun and walking behind them on guard.

Ji Feng's gaze fell on the guy who was caught, only to see that this person had a weird mask on his face and was wearing a black power suit, but his two legs were dragging limply on the ground, and there was still blood flowing on those two knees.

"Just this one gunman, right?!" Ji Feng asked.

"That's right, just this one!" Yi Xingchen walked up, pointed at the guy and said, "Boss, this guy is not simple, look at what he is wearing on his face, a very advanced night vision device, and this"

As he spoke, he raised his hand and could see that he was carrying a few wires with some instruments attached to them.

“This is a night vision surveillance device that only the military has, even in a normal small mercenary group, you can’t even get this!” Yi Xingchen said, “And this is a standard sniper rifle, also for the military, it’s incredibly powerful, if the distance is relatively close, the steel plate of an average armored car can be pierced!”

Ji Feng asked, “In that case, he should not be an ordinary killer?”

Yi Xingchen said, “Just by the strength of the domestic weapons control, and these equipment, it is certain that he is definitely not at least an ordinary killer, and when I caught him just now, I found that his reaction speed is quite fast, even some elite soldiers may not be able to match him, if I didn’t come up and break his two knees first, I really wouldn’t have been able to catch him! ”

Ji Feng couldn’t help but raise an eyebrow, Liu Zejun and Yi Xingchen both went out at the same time and still almost let this guy get away?

“I suspect that this person comes from a military camp, or at the very least, he should have spent time in some military training camp!” Yi Xingchen said with great certainty.

Campus Master Chapter 1968

“I suspect that this person comes from a military camp, or at the very least, he should have spent time in some military training camp!” Yi Xingchen said with great certainty.

Ji Feng nodded slightly, this was not out of his expectation, if Wu Zhiyong wanted to do away with him, it was natural that he would not send over some mediocre hands, otherwise, it would not be about killing people, but directly giving him a handle.

Now Wu Zhiyong only sent over a gunman, which was a bit out of Ji Feng’s expectation.

If Ji Feng were Wu Zhiyong, he would definitely send his top forces over. Since he had already decided to make a move, he would never give his opponent a chance to turn around, he would absolutely have to kill him in one blow.

It seems that Wu Zhiyong had underestimated him, Ji Feng!

Just by sending over a powerful gunman, he was so sure that he could take his life?

“Son of a bitch!”

Ji Shaolei’s face was incomparably gloomy as he gritted his teeth and cursed angrily, “This son of a bitch, Wu Zhiyong, must have used the elite of the military, he is determined to put us to death!”

With a cold snort, he took two steps forward, grabbed the gunman’s collar and asked in a cold voice, “Which unit are you from?”

The gunman didn’t say a word, no matter how Ji Shaolei interrogated him, he didn’t say a word, he just didn’t answer.

Ji Shaolei was furious: “Bastard, how dare you be so tough now?”

He lifted his foot and was about to kick, but was stopped by Ji Feng.

“Second brother!”

Ji Feng stopped him and said in a deep voice, “It’s useless to do so, he’s just following orders!”

Ji Shaolei frowned, “Even if he’s acting under orders, then he’s still here to target you and me, do we still need to be so polite to him?”

Ji Feng shook his head and said, “Forget it, there is no point in spreading fire on him, the key is still that guy, and the master behind him!”

As he spoke, he raised his chin and gestured in a direction. There, Wang Zhijun was rolling on the ground, moaning in pain.

In fact, it wasn’t that Ji Feng was being merciful, but that he still had such a good feeling towards soldiers, and even though this gunman had come to kill himself, in reality, he was just a tool in the hands of some people.

The real abomination was not him, but the person who sent him!

Now that we know who sent him, why make things difficult for him.

“That son of a bitch

When Ji Shaolei saw Wang Zhijun, he became furious, “Still have the face to shout there? I’ll kick the shit out of him!”

Ji Feng shook his head, “No need! He’s only useful if he’s alive!”

After saying that, Ji Feng said to Yi Xingchen, “Bring that guy here, and Bai Zhu, call the police immediately!”

“Yes!”

Bai Zhu and Yi Xing Chen answered at the same time.

What to do with this matter naturally has Ji Feng to make the decision, they just need to carry out the order.

Ji Shaolei grunted reluctantly, “To just let him go like this is really making people hold their breath, if I were to say so, why don’t we just beat him up severely and break his limbs first, so that he knows that he, Wang Erzhang, is nothing but a fart and has come here to run wild?”

Even though he knew what Ji Feng’s plan was and what would happen to Wang Zhijun in the end would definitely not be too good, but looking at Wang Zhijun’s arrogant look, he was instantly incensed.

Even that old man Wang of the old Wang family was still wearing a cuckold, and he, Wang Zhijun, was just a dog of Wu Zhiyong’s. How dare he come to Jiangzhou to rebuke Ji Feng?

Is Ji Feng something that he, a bastard, can just reprimand?

He also put up a playboy look and wanted to talk to Ji Feng about a fart, should he talk about how to cuckold the old Wang family?!

What's more, this son of a bitch actually dared to threaten Ji Feng with the Tengfei Group What a fucking asshole!

It's true that the Tengfei Group is Ji Feng's property, and it's true that it's also against the rules.

But this kind of thing, how many people have not done it now?

The fact is that Ji Shaolei knew that this Wang Zhijun had a sizeable private club in Yanjing, specifically for those officials and businessmen who wanted to go to Yanjing to pull strings, and the threshold for consumption was not low, compared to Ji Feng making money by his ability, he Wang Zhijun was not even a fart!

Even Wang Zhijun's master, Wu Zhiyong, doesn't have a few women outside, and they all have properties, who else has targeted them?

Even the entire Wu family had an unspoken relationship with the former Rongpeng Group, didn't they?

Wang Zhijun's behavior is simply bastard!

Especially when he thought that Wang Zhijun was wearing the same trousers as Wu Zhiyong, and that when he was in Yanjing, this bastard had sullied the reputation of the old Ji family and said some strange things, Ji Shaolei was filled with anger.

He was just like his grandfather, he could not do anything decent, but when it came to slandering others behind their backs, the old Wang family was really good at it!

"Why didn't I just kick him to death!" Ji Shaolei grunted reluctantly.

"Getting so angry with him, instead you got yourself angry!" Ji Feng shook his head.

Soon, Wang Zhijun was brought over and he shouted with a face full of fear, "Ji Feng, Ji Shaolei, you dare to beat me? I will sue you, don't think that just because you are from the old Ji family, you can just beat people up!"

Ji Shaolei snorted, "If I were you, I wouldn't be shouting here, if you were beaten up, if you're a man, then fight back, don't be a fucking nuisance here!"

Wang Zhijun was immediately choked, let him fight back?

Who was he going to fight?

Wang Zhijun almost cursed in anger.

Years ago, Ji Shaolei had already had a great reputation in Yanjing, which dude hadn't been beaten up by him? Even he, Wang Zhijun, hadn't been slapped twice by Ji Shaolei?

Ji Shaolei was a living bandit!

To ask himself to fight him, Wang Zhijun cursed in his heart, he wasn't stupid enough to take the initiative to seek a fight!

“You’re breaking the law!” Wang Zhijun shouted, “Ji Shaolei, don’t think that just because the old Ji family is powerful, you can hide behind the sky, I’m telling you, this matter is not over today, even if I sue to the Inner City, I will still fight this lawsuit to the end!”

“You still want to sue us?” Ji Shaolei couldn’t help but snort, “Then I’d like to hear, what are you suing us for?”

“You guys hit me with your hands, if I go to the hospital to have my injuries examined, this is definitely a serious injury!” Wang Zhijun gritted his teeth and said, “Ji Shaolei, just wait until you are sentenced to jail! I’d like to see if the Ji family dares to cover you up!”

“You want to sue us, no problem!”

Ji Feng said indifferently, “I’ve already reported to the police for you. However, before that, I would like to ask you, since you agreed to come out and talk, why did you bring a gunman with you and shoot at me? Want to kill someone, huh?”

Wang Zhijun was startled: “What are you talking nonsense! When did I try to kill you, don’t spout blood!”

Ji Feng didn’t argue with him, he just said indifferently, “Whether or not I’m spitting blood, that’s for the police to say, rather you should think about yourself, if your master sells you out, how are you going to get out of this?”

Ji Shaolei smiled playfully, pointed at the gunman and said to Wang Zhijun, “Guess, will he point the finger at you, or will he point the finger at Wu Zhiyong?”

“You, what are you talking about?” Wang Zhijun got a little flustered, he seemed to realise something, his eyes snapped open, “You guys are planting evidence, you’re shameless!”

Ji Shaolei couldn’t help but shake his head, “Idiots!”

There was no need to plant evidence against Wang Zhijun and the others?

They just need to call the police, let the police handle this matter, when the time comes, this shooter who is appointed, there is always an explanation, even if this shooter is ironclad, die without talking, it does not matter, there will always be someone afraid of him to talk, either to find a way to kill this shooter, or, to find a scapegoat out.

The only thing that I would like to see is for Wu Zhiyong to send someone to kill the gunman, but I’m afraid that Wu Zhiyong doesn’t have the guts to take the risk!

In that case, this Wang Zhijun would be the scapegoat.

Wang Zhijun was Wu Zhiyong’s lapdog, who suddenly appeared in Jiangzhou, and hung out with a few people from the underworld.

He took the initiative to call and ask Ji Feng to come out to talk, and as a result, once he arrived, the killer appeared and shot directly towards Ji Feng. If it is said that this killer is not related to Wang Zhijun at all, I am afraid that no fool would believe

Wang Zhijun also seems to have thought of these, he suddenly realized that he was afraid that he would be in trouble and wanted to clear his suspicions, I'm afraid it would be difficult.

"I didn't try to kill you guys!" Wang Zhijun's voice panicked, "You have to speak with evidence, I don't know this gunman at all, I don't know where he came from at all, maybe you made an enemy somewhere and now people are looking for you to take revenge, yes, that's it" "

Wang Zhijun seemed to have grabbed the last straw and nodded vigorously in agreement with his words, "This man is here to kill you guys, it has nothing to do with me at all."

"Whether it has anything to do with it or not, go talk to the police!" Ji Feng waved his hand, raised his hand again to look at the time, deliberated for a moment, turned his head and said, "Second brother, call with second uncle."

There are some things that need to be notified to Second Uncle, so that he can also be prepared, tonight's matter is not small.

Ji Shaolei nodded, "I'll go and call!"

"Boss!"

Just then, a few more people walked over quickly, also members of the battle team, and in their hands, they were still holding a few people, but Liu Fei, Bian Chunlei and Hu Xuehui, who had just taken advantage of the chaos to escape.

One of the team members said, "These guys tried to bolt, and we caught them back."

Ji Feng nodded and said, "We'll hand them over to the police together later!"

"Mr. Ji!" Liu Fei immediately shouted in alarm and said in a panic, "Mr. Ji, please give me a higher hand, I'm willing to cooperate, I'm willing to provide evidence!"

"You're willing?" Ji Feng glanced at him, "But I don't have that patience to play with you!"

"Mr. Ji" Liu Fei wailed, but in his heart, he was turning his intestines blue with regret.

Campus Master Chapter 1969

"You're willing?" Ji Feng glanced at him, "But I don't have that patience to play with you!"

"Mr. Ji" Liu Fei wailed, but in his heart, he regretted his intestines.

How could he have gotten carried away and trusted that bastard Bian Chunlei, naively thinking that Wang Shao from Yanjing could really scare Ji Feng, and that from then on he would be able to climb up high and have connections at the top, so that even Ji Feng wouldn't dare to find trouble with him easily.

He was really dumber than a pig!

But now, even if he wanted to cooperate with Ji Feng, wanted to obediently hand over the evidence of the two brothers' crimes, Ji Feng didn't even bother to look at it.

He himself was really killed by Bian Chunlei!

And at this moment, Bian Chunlei, who was still arrogant as hell, didn't dare to speak, and just stood there dumbfounded, not knowing whether he should beg for mercy, or whether he should find a way to contact his big brother and ask him to find someone to save him.

But when you think about it, even Wang Shao had fallen into Ji Feng's hands, who else could Big Brother look for?

Among these three, only Hu Xuehui, did not say anything, only her face, but also has a touch of fear, Ji Feng wants to hand her over to the police as well

"Ji Feng" Hu Xuethui wanted to say something but stopped.

"Something?" Ji Feng turned his head, looked at Hu Xuethui and asked indifferently.

"I" Hu Xuehui choked on Ji Feng's look as well, although Ji Feng's voice wasn't high and his tone wasn't heavy, however, Hu Xuehui was feeling a distance.

Ji Feng looked at her as if he was completely looking at a stranger, without the slightest fluctuation in his eyes, as if he had never known her.

Hu Xuehui's face was embarrassed, but she still gritted her teeth and asked, "Can you let me go? This matter today has nothing to do with me, and I don't know this Wang Shao"

"It's useless for you to talk to me, go talk to the police about these things." Ji Feng directly interrupted her, "Whether today's matter is related to you or not, depends on the result of the police investigation."

"Don't you believe me?" Hu Xuehui asked.

"Heh!"

Ji Feng shook his head, an odd smile flashing across his face.

Hu Xuethui actually asked him if he didn't believe her?

This question

It was also thanks to her Hu Xuehui that she could ask it!

Ji Feng turned around and walked towards the car, behind him Hu Xuehui shouted: "Ji Feng, are you really that desperate? In the beginning you could help me save my sister, why can't you let me go now? I really don't have anything to do with this matter today!"

Swish!

Ji Feng jerked to a halt, he turned around, looked at Hu Xuehui in surprise and asked with a smile, "Where did that come from? The word "desperate" is not appropriate between the two of us, right?"

Hu Xuehui said awkwardly, "Ji Feng, I know that the things I did in the past made you sad"

"That what, you misunderstood!" Ji Feng waved his hand and said, "I wouldn't mean that, I mean, we didn't have love in the first place, so what's the point of being heartless? Don't say that in the future, it's easy to make people misunderstand!"

Hu Xuehui froze at once.

Ji Feng waved his hand, "Have a better attitude at the police station, tell us what happened clearly, the police will handle it at their discretion."

After saying that, he shook his head and smiled, and then he left, never giving Hu Xuehui another glance.

"Also desperate" Ji Feng secretly laughed in his heart, this is something Hu Xuehui can really say, I really don't know what she was thinking in her heart when she said this.

The actual fact is that ever since that summer in senior year, Hu Xuehui said those desperate words, Ji Feng and her, in fact, no longer have any feelings for each other.

However, for a while after that, Ji Feng would occasionally remember some things from the past, but that was all.

The reason why Ji Feng would help Hu Xuehui was, on the one hand, out of moral obligation and, on the other hand, to say goodbye to the past through that incident.

So even when Ji Feng accidentally met with Hu Xuehui on the road when he first returned to Jiangzhou, he didn't say half a word. It wasn't because Tong Lei was around that Ji Feng didn't speak at that time, but because, in Ji Feng's heart, he and Hu Xuehui were already complete strangers.

They didn't have anything to say, and even when Hu Xuehui was with Bian Chunlei, and the latter still spoke ill of him, Ji Feng didn't have any more anger or any other feelings towards Hu Xuehui.

He would only think in his heart, just like everyone else, "Hey, this woman is really blind to follow such a man.

But other than that, Ji Feng didn't have any more thoughts.

As for Hu Xuehui's accusation that Ji Feng was heartless" Ji Feng just shook his head and laughed, there were no feelings between them at all, whether it was friendship or love or any other feelings, there were half of them, how could they be heartless?

Ji Feng just lamented, this society can really be a big dye bowl, can make a person's face so thick, Hu Xuehui is still so self-conscious"

"San'er, already called." Ji Shaolei walked over after making the call and said, "Your second uncle agreed to our plan, he told us to wait here for the police to come."

"Mm!"

Ji Feng nodded and said, "The police should be arriving soon too."

Wang Zhijun was still calling out from the side, "Ji Shaolei! Ji Feng, you're planting evidence, it's against the law, I have nothing to do with this killer!"

"Idiot!"

Ji Shaolei let out a low curse.

Ji Feng said, "Don't pay any attention to him, second brother, go wait in the car first."

"There are your people around, there's nothing to fear!" Ji Shaolei waved his hand, casually handed Ji Feng a cigarette and said, "Third child, when the police come later, do you think it would be better if I simply go to the hospital for a few days?"

"Bullshit!"

Ji Feng instantly laughed, "The key to this matter is not how badly we are injured, but the behavior of that killer, as long as he shows up and shoots, then this matter is already considered settled."

Of course he knew why he remembered to go to the hospital, Wang Zhijun took the initiative to ask him out to talk, only to have the gunman ambushed in the dark, Ji Shaolei was also hospitalized as a result, and his injuries were unknown, in this way, Wang Zhijun's end would be absolutely miserable.

But in reality, whether they were injured or not, this was already inconsequential at all, unless Ji Feng or Ji Shaolei died, then the consequences would be even more serious, otherwise, it didn't matter whether they were injured, or still unharmed.

What mattered was that Wang Zhijun wanted to kill them and had actually done something about it, that was what mattered!

Were the descendants of the Old Ji Family that easy to kill?

Especially, Wang Zhijun also used the military to kill Ji Feng Whether that killer was related to Wang Zhijun or not, I believe that someone will definitely want to sit on that killer's relationship with Wang Zhijun.

If you don't put the matter of the killer on Wang Zhijun's body, then when the time comes, the unlucky one is someone else, and I believe it's not just one or two, I'm afraid there will be quite a few people following the unlucky one.

The people who really sent the assassins would not stand by and watch this happen.

Wang Zhijun's move to use killers to kill Ji Feng and Ji Shaolei was tantamount to going to war with the Ji family, and this act alone was enough to shock the outside world.

Even though it was in the suburbs, the police came very fast, and they arrived in about twenty minutes.

Wang Zhijun seemed to have realised what was going on, but didn't want to face the reality, and kept yelling frantically, screaming that he had nothing to do with the killer, but it was to no avail.

The killer, on the contrary, kept quiet, even when his knee was broken, and let the police drag him to the police car.

"This man can't be sent to the hospital, he has to be sent directly to the guardhouse, and a doctor will be sent to the guardhouse to treat him." Ji Shaolei admonished, "All the people here are felons!"

"Second brother, no need to be so nervous, they won't be sent to the guardhouse!" Ji Feng smiled faintly, someone would take over this matter.

"What do you mean?" Ji Shaolei was stunned.

“I’ve already contacted Xiang Yongzhan, he will take over this matter, especially that killer!” Ji Feng said, “Since he’s a soldier, it’s most appropriate to leave it to Xiang Yongzhan to investigate, I believe that for matters within the military, Xiang Yongzhan can investigate faster than anyone else!”

Ji Shaolei instantly laughed: “You’re trying to put even more pressure on Wu Zhiyong, huh?!”

If it was a police investigation, it might be a bit difficult to find out the identity of that killer, after all, the police and the military did not belong to the same system, but if Xiang Yongzhan took over this matter, if he wanted to investigate the identity of the killer, I’m afraid it wouldn’t take more than a few hours for everything to be investigated.

If Wu Zhiyong does not want to see the matter implicate himself, he can only try to push the matter onto Wang Zhijun as much as possible.

At this time, I’m afraid that he wanted Wang Zhijun to die quickly more than anyone else!

“Dog bites dog!” Ji Shaolei laughed.

“Technically speaking, it should be for Wu Zhiyong to break his own arm!” Ji Feng said, “And we, on the other hand, just need to give a push from the side.”

“Ridiculous Wu Zhiyong is still so grim, think how smart, he’s afraid he can’t imagine that these opportunities, are sent to us by him and Wang Zhijun on their own initiative I told you, Wu Zhiyong is not even a fart compared to the boss, thanks to the fact that there are still people who said at the beginning that it should be the four Yanjing Jie, and also count Wu Zhiyong a really bullshit!” Ji Shaolei laughed in shame.

Ji Feng shook his head and smiled: “I’m afraid I can’t really blame Wu Zhiyong for this, it’s Wang Zhijun who’s a bit too stupid.”

Ji Shaolei couldn’t help but sigh with emotion, “What’s the saying? I’m not afraid of a god-like opponent, but I’m afraid of a pig-like teammate! That’s exactly right!”

Ji Feng smiled and looked at the distant police car, he couldn’t help but let out a long breath.

The contest, it had begun!
