Chapter 2

In the white ward that emits the pungent smell of medicine, Ji Feng is lying on the hospital bed, still in a coma.

In fact, at this time, in his mind, it was a voice that kept ringing out.

“Bio-current stimulation activated, looking for fusion opportunity

.....

“Mental fluctuations normal, nerve endings connection complete

.....

“Central nerve fusion in host brain complete

.....

“Smart Brain One and host beginning to fuse

.....

“Fusion complete, database start

.....

“Host’s body strengthening program started

.....

Not knowing how long had passed, Ji Feng slowly woke up from his coma, and what caught his eyes was a face covered with tears.

“Mom” Ji Feng subconsciously called out, then reacted and sat up violently, looking at his surroundings in surprise, “Mom, this is a hospital? How come I’m here?”

The person sitting next to the hospital bed was none other than Ji Feng’s mother, Xiao Su Mei.

“Feng’er, you’ve finally woken up?” When she saw Ji Feng do up, Xiao Sumei was surprised and hurriedly wiped away the tears on her face, took her son’s hand and asked, “Feng’er, do you feel better?”

Ji Feng subconsciously nodded his head and asked in confusion, “Mom, what’s wrong with you, what happened?”

Xiao Su Mei wiped her tears and said, “You kid, you just skipped class on the first day of school, and you even fainted on the street because of heatstroke, if it wasn’t for the kind people who brought you here, mum would have lost you as a son!”

Skipping class? Heatstroke?

Ji Feng’s face turned pale as he recalled that the reason he had skipped class and left school was that he didn’t want to stay in that place.

He was afraid of hearing the words ‘illegitimate son’ from Hu Xuehui’s mouth again, and coupled with the pain of the breakup, that’s why he lost his soul and left the school.

Seeing her son’s pale face, Xiao Su Mei immediately said with concern, “Feng’er, why does your face look so ugly, is there something wrong with it?”

“Mom, I’m fine!”

Ji Feng hurriedly pulled his mother who was about to call the doctor. Seeing his mother’s anxious look, he couldn’t help but feel a sourness in his heart and said with immense guilt, “Mom, it’s all my fault for making you worry. I promise you that I will never skip class again, I will study hard and never let you worry again!”

“Good! Good!” Xiao Su Mei couldn’t help but shed tears of joy again when she saw how understanding her son was, “Mom knows that Feng’er is the most understanding!”

Knowing how to behave?

Ji Feng laughed sarcastically in his heart, if he knew how to behave, he wouldn’t forget his mother who had suffered so much, and he wouldn’t forget that his mother relied on selling some vegetables every day to pay for his studies, and instead went to be obsessed with Hu Xuehui’s body.

He was simply a bastard who was worse than a beast! Ji Feng hated his former self immensely!

Ji Feng’s mother Xiao Sumei’s hometown was in the countryside, and because she was unmarried and pregnant first, Xiao Sumei was kicked out of her parents’ home and became homeless. Considered a bad woman who hurt people’s morals, the ridicule and sarcasm of relatives and friends, and the indifference of the world, Xiao Su Mei could not stay in the countryside anymore and had to live in exile in the county with her pregnancy.

Fortunately, with the help of kind-hearted people, Xiao Su Mei rented a cheap house and gave birth to Ji Feng.

When Ji Feng was small, Xiao Sumei could only carry Ji Feng on her back, helping other people's families to watch their children during the day and taking Ji Feng along. At night, she would go to the nearby junkyard and plunder some scrap that could be sold for money, and so she lived a hard life.

When Ji Feng was a little older, Xiao Sumei took it easy and with the help of her neighbours, she bought a pedal tricycle and became a vegetable vendor, although the money she earned was not much, but apart from Ji Feng's school fees, they could barely get by.

He came to the vegetable market in the county after school and helped his mother sell vegetables, which helped Xiao Sumei a lot.

However, since he and Hu Xuehui started dating, Ji Feng would go to the vegetable market less and less after school to help his mother on the pretext that he had a heavy study load, and the vast majority of the time, he was with Hu Xuehui.

Thinking about it now, Ji Feng couldn't help but feel a twinge of pain in his heart, how could he have been blind and let his hard-working mother go without pain, but instead fell in love with that snobbish Hu Xuehui?

"Mom, I'm sorry!" Ji Feng said seriously, "From now on, I won't let you suffer anymore, I will make sure you live a good life, I will make all those people who used to laugh at you and look down on you come to flatter you and fawn over you, I will make you proud to have me as your son!"

At this moment, Ji Feng, after seeing his mother's tears, finally woke up to a new life!

This was the first solemn promise he made after his new birth, for his mother who had suffered so much!

"Good, good!" Xiao Su Mei fiercely hugged her son in her arms, tears rustling down her face.

The suffering and hardship of the past ten years had finally been rewarded at this moment, and Xiao Su Mei felt extremely satisfied. Even if life was hard, having such an obedient and filial son was worth it!

Snuggling in his mother's arms, Ji Feng said to himself firmly in his heart, "Ji Feng, from today onwards, forget about Hu Xuehui and be a new you, because, you still have a mother to be filial to!"

Mother and son embraced each other, and a strong warmth and affection filled the ward.

But at that very moment, the door of the ward was pushed open with a strong bang.

The mother and son turned their heads to look, only to see a fat nurse full of disdain walk in and say indifferently, "Xiao Su Mei, your three-day stay expires in twenty minutes, if you still want to stay, go and pay, otherwise, pack your things and leave immediately!"

Xiao Sumei hurriedly stood up and said, "This nurse, my son has just woken up, his body is still very weak, can you hold off for an hour at most and we will leave, do you think it's okay?"

"Humph!" The fat nurse said disdainfully, "Take a break? We are a regular hospital here, not a small clinic in the countryside. If you can't afford it, don't stay here, don't pretend to be a big spender!"

Xiao Su Mei's face was red with anger and rage, but she could not say anything. Thinking that her son's body was still weak, she could only clench her teeth and said, "I'll pay the money!"

"Mom!" Ji Feng called out to Xiao Sumei with a grim face, looked coldly at the nurse, jerked off the hospital bed, and asked coldly, "Our ward is not due for another twenty minutes, is it?"

"That's right!" That nurse said disdainfully, "What, look at you still want to beat me up? Hmph!"

"Good, how nice!" Ji Feng smiled back in anger and said coldly, "Since we still have twenty minutes left in the ward, then, within those twenty minutes, this ward still belongs to us, right?"

"What are you trying to say? I don't have time to fool around with you, so get out of here!" The nurse said impatiently.

"Get out!" Ji Feng said with a gloomy face.

"What did you say?" The obese nurse didn't react for a moment.

"I said, let you, get out! Out! Go!" Ji Feng said word by word, "During these twenty minutes, we are still the owners of this ward, now, I'm telling you to get out!"

"You!" The nurse glared angrily at Ji Feng, but had no way to retort, because within these twenty minutes, Ji Feng did have the right to dominate this ward, as long as it did not exceed the hospital's rules!

In the end, the obese nurse could only say fiercely, "Wait until twenty minutes later, if you don't leave, I'll have security throw you out! Hmph!"

After saying that, she walked out without looking back.
