

Campus Master 2001

However, before Zhang Lei could finish his words, he suddenly heard an angry shout from not far away, "Wang Tong, where the hell are you, don't you know what kind of status you are? Do you still want to do it or not, if you don't want to do it, get lost immediately!"

Wang Tong's face instantly changed, Ji Feng and Zhang Lei's eyebrows furrowed .....

I don't know who it was that spoke so nonchalantly, one might even say without mercy, and actually called out to Wang Tong so much, cursing him as he said, without even a little greeting at all, which was a bit too much and made it unpleasant to listen to.

Especially for Zhang Lei and Ji Feng, Wang Tong was their good friend and they hadn't seen each other for several years, but now they were suddenly reunited, which was really something to be happy about.

But now it was someone who was such a spoilsport, which made them frown.

However, neither Zhang Lei nor Ji Feng said anything more, just looked at Wang Tong, in their opinion, perhaps the voice was calling the wrong person, or was calling someone with the same name as Wang Tong .....

However, when Ji Feng saw the look on Wang Tong's face, he couldn't help but frown.

What appeared on Wang Tong's face was not that stunned look, but looked incomparably embarrassed and a little red, Wang Tong was embarrassed, as if he was not very good at facing Zhang Lei and Ji Feng, he looked so embarrassed and also appeared to have some squirming.

Obviously, that voice just now, was calling Wang Tong, and they didn't hear it wrong.

Ji Feng couldn't help but ask, "Wang Tong, I think I heard someone calling you, is it your friend looking for you?"

Zhang Lei followed suit and said, "That's right, I seem to have heard it too."

Wang Tong hurriedly said, "Is that so? You guys have really good ears, yes, it was indeed my friend calling me, I'm really sorry, I came with my friend this time, I originally said I was coming to Jiangzhou to have some fun, because I didn't know you guys were in Jiangzhou, so ....."

Zhang Lei suddenly interrupted him and laughed: "Okay okay, we brothers who with who ah, and not outsiders, no need to explain ..... that what, since it is your friends are calling you, then hurry over, save them waiting anxiously, anyway, my number you also have, later want to get together a There's plenty of time ....."

"That's right, that's right!"

Wang Tong nodded repeatedly and said, "That's right, there will definitely be opportunities to get together in the future."

Ji Feng laughed: "Then go quickly, don't let your friends wait ....."

"There's still a bit of waiting to do." Wang Tong suddenly remembered something and couldn't help but ask: "Ji Feng, tell me your current contact information, when we ..... get together later"

“Wang Tong!”

A stormy voice suddenly came, immediately interrupting Wang Tong’s words, “Are you deaf, I called you can’t hear ah?”

Wang Tong was immediately choked, could not help but grit his teeth, wanted to say something but wanted to say but stopped, as if there was some kind of scruples, finally did not say anything, only face some unnatural smile.

He asked, “Wang Tong, who is this? He didn’t have any manners, he was just delayed for a while, what’s the big deal?”

Wang Tong waved his hand, “It’s a friend of mine.”

Zhang Lei couldn’t help but snort, “A friend who talks to you like this? What kind of friend is this?”

Between friends, even if they were really in a bad mood, it was rare for someone to lose their temper with their friend in front of outsiders. Friends can listen to your woes and heartaches, but they are not your punching bag, and they are not obliged in any way to make you yell at them and holler at them at will.

But now, there was no telling what kind of person it was that actually hollered at Wang Tong in such a half-hearted manner.

This kind of way of speaking really didn’t sit well with Zhang Lei!

In fact, Ji Feng likewise didn’t like it too much, this voice calling out to Wang Tong seemed so harsh that one couldn’t help but have one’s scalp tingle a little when listening to it.

“Wang Tong, did you hear that, deaf?!” There was another shout that seemed extremely nonchalant.

Ji Feng and Zhang Lei turned their heads at the same time and looked over along with the voice, and immediately found that there was a girl wearing a pink coat standing at the street entrance of the pedestrian street, grimly facing this way.

It was obvious that the shouting just now had come from this girl.

Not far away from this girl, there were several young men and women, all of whom were probably around twenty-three or twenty-four years old, that is, the age of a recent university graduate, looking youthful and beautiful for the women and energetic for the men.

However, Ji Feng frowned slightly as he watched.

It was because he could tell that the girls were all dressed too thinly, or rather, too revealingly.

For example, one of the girls, who merely tried on stockings and then a skirt that wrapped around her hips, with a dark brown jumper on top and a small waistcoat on the outside, looked to be dressed very fresh and youthful and pretty indeed.

However, if you link it to the fact that it is only just entering spring and in fact the temperature in Jiangzhou is still very cold, wearing such an outfit would be more or less too revealing.

At least, it was worthy of the phrase 'as long as it's windy, not warm'.

The other girls were all the same, none of them were dressed in any kind of normal clothes.

The boys who were following the girls were dressed in a gorgeous way. It seemed that they were covered in designer brands and dressed somewhat oddly, looking nothing like college students in school.

"Cough ....."

Faced with this situation, Wang Tong couldn't help but cough lightly and said in a very somewhat awkward manner, "So what, Zhang Lei, Ji Feng, let's stop here for today, my friends are coming over, when we get settled, I'll come to you guys immediately, how about that?"

How could Ji Feng and the others not understand?

It was obvious that Wang Tong was not too high up among this group of young men and women, or else he wouldn't have been called on.

Now that these people were telling Wang Tong to go, I was afraid that if he didn't go over, he would be bullied even more.

So Ji Feng nodded with a smile and said, "No problem, anyway, Lei Zi and I have plenty of time, when you have time we will have a good get together, now hurry up and go and keep your girlfriend company ....."

As if he was slightly relieved, Wang Tong hurriedly nodded and said, "Don't worry, as soon as we settle down, I'll come to you guys immediately."

Ji Feng and Zhang Lei smiled and nodded at the same time.

Wang Tong smiled at them, then hurriedly turned around and walked over with quick steps.

Just as Wang Tong was on his way to walk over, the girl still had an ironic look on her face and said in a cold voice, "You're finally willing to come back, huh? I thought you were deaf!"

Vaguely, Ji Feng heard Wang Tong explain, "Just now I ran into two good friends I hadn't seen in a while, so I chatted for a few minutes, how much do you understand, how bad is it to shout like that?"

"You still blame me for shouting?" The girl's eyes glared, "Do you have any conscience when you say that, have I not been nice enough to you? I'm the reason why you're able to shop leisurely here and get such a high salary, but it's all because of me? Now you're actually saying that I'm shouting, am I that unqualified?"

As soon as Wang Tong heard those words, that body visibly dwarfed and his voice lowered considerably: "I was just saying that casually, why should I take it seriously."

"Humph!"

The girl couldn't help but snort coldly, "I hope you really did say that casually, otherwise, you really don't have any conscience at all. Besides, don't look at those few friends of yours, none of them seem to have any success, if you continue to hang around with them, I'm afraid you'll still be nothing now ..... Remember, don't hang around with that kind of people in the future, make more friends with powerful

big bosses, know that the kind of people you come into contact with will determine the kind of achievements .....

Wang Tong nodded awkwardly and involuntarily glanced over to Ji Feng's side, as if he was afraid that Ji Feng and Zhang Lei had heard. But when he saw that Ji Feng and Zhang Lei had already turned away and started shopping to enjoy the scenery on both sides of the street, his heart then quietly let out a sigh of relief.

Luckily, his ugly face had not been seen by his old friend.

"They are my good friends from high school, they are good brothers, we care very well ....." Wang Tong still explained in a low voice, "You talk a little lower, don't let them hear you, otherwise how embarrassing!"

"What, you still feel embarrassed?"

The girl suddenly sneered, "Wang Tong, you still have the face to feel embarrassed?"

Wang Tong smiled awkwardly, but he couldn't say a word.

"Humph!"

The girl couldn't help but snort coldly, then turned around and walked away.

Wang Tong hurriedly followed behind her, making amends and apologizing, and looked very cautious as he followed.

.....

Ji Feng and Zhang Lei's eyes met, and the two of them couldn't help but shake their heads at the same time.

How could they have imagined that Wang Tong would actually turn out to be like this now, not only was he being called on by his girlfriend, he didn't even dare to speak up in front of her!

Thinking back to high school, although Wang Tong had low self-esteem and was introverted and didn't talk much, he had an opinion.

But now, Wang Tong could be scolded by a girl, but he was so hard that he didn't dare to refute a word, which was a bit speechless and emotional.

Was this still the good friend Wang Tong they had back then?

At the same time, Ji Feng and Zhang Lei could not help but secretly shake their heads at this female friend of Wang Tong's.

It wasn't necessarily a good thing for a woman to be so arrogant. What's more, this girl was still so arrogant that she was like a frog at the bottom of a well that didn't know how big the sky was, but she could lecture Wang Tong like a grandson, which made Ji Feng and his team feel even more emotional.

This woman, too, is really too domineering some, also do not know why Wang Tong to find such a girlfriend .....

Campus Master Chapter 2002

“Ugh!”

Zhang Lei couldn't help but shake his head, and then he turned his head to look at Ji Feng, but found that at this moment, Ji Feng's face was expressionless, his gaze was fixed on the gradually distant backs of Wang Tong and that girl, and then he looked at several other men and women who were with Wang Tong and shook his head slightly.

Seeing this, Zhang Lei couldn't help but say, “Alright madman, don't look, let's just go back?”

Ji Feng nodded and said, “Go back, what else can we do!”

Ji Feng's heart was really uncomfortable.

In the past, he and Wang Tong had a good relationship, in the class, the two of them could almost be called difficult brothers, so many times they were the only ones talking, and then there was another Zhang Lei, the friendship that the three of them had built up in that situation, that naturally went without saying.

However, the better their relationship was, the more unwilling they were to see their friend being heckled in such a way.

What's more, the person who was heckling his friend was also his girlfriend .....

“This is really fucking .....” A few people had just taken two steps when Zhang Lei could not help but curse out, he turned around violently, opened his mouth, and then shook his head violently, “Fuck this!”

“Don't say dirty words!”

Shen Jingyi glared at him with her beautiful eyes and snapped.

Zhang Lei grunted, “It's not that I want to swear, it's just that this is so annoying! I feel like a loser! You saw, just now Wang Tong was reprimanded by that woman, he was like a grandson, but he didn't dare to say a word back, look at the embarrassment on his face, I can't even look at it!”

Ji Feng shook his head, “That's his girlfriend, she berated Wang Tong, what can we say?”

Zhang Lei couldn't help but snort coldly when he heard that, “I see, this girlfriend of Wang Tong is not good either, scolding her boyfriend like a grandson, this is not even a boyfriend, it's not even better than a servant!”

Ji Feng shook his head, “Maybe this is also the way the two of them get along, let's not worry about this.”

“Bullshit!”

Zhang Lei snorted coldly, “I think you're just talking with your eyes open!”

When Shen Jingyi heard this, she hurriedly tugged on Zhang Lei's coat: “Why do you speak so impulsively?”

Although Shen Jingyi knew that Zhang Lei and Ji Feng were good brothers, but we were all young people, Zhang Lei used such an impulsive tone to get angry with Ji Feng, it was inevitable that Ji Feng would not get angry.

Shen Jingyi did not want to see Ji Feng and Zhang Lei fall out. She knew that there were many friends who were close before, but because of a trivial matter, or because of a verbal argument or two, the relationship between the two of them ended up with a rift, or even gradually became distant, and after a few years, they might become strangers.

Shen Jingyi had seen this kind of thing many times before.

However, Shen Jingyi obviously didn't know how far Zhang Lei and Ji Feng's relationship had ironed out, which is why she had such worries.

But Zhang Lei just waved his hand and said, "This is already a very nice tone of voice from me, if it was you who saw your best sister being bullied like a grandson, I'm afraid you wouldn't have a good temper either ....."

Shen Jingyi was helpless and had to say to Ji Feng, "Ji Feng, don't be normal with him, he has this stinky temper ....."

"Alright!"

Zhang Lei couldn't help but frown and said, "We two brothers can talk any way we want, so don't follow the explanation, it's all superfluous."

"You!"

Shen Jingyi could not help but shake her head, she could not do anything about Zhang Lei, because Shen Jingyi knew Zhang Lei's character too well, although this guy was usually big-hearted and had a good temper with everyone, but if he got angry, it was useless to persuade anyone.

To put it bluntly, this guy is a donkey's character, and once he gets angry, he really can't be pulled back!

Therefore, Shen Jingyi had no choice but to give an apologetic smile to Ji Feng.

Ji Feng shook his head with a smile and said, "Jing Yi, you don't need to be like this, I'm afraid I know what kind of temper this guy has better than you, I know how many yellow teeth he has as soon as he opens his mouth."

"Exactly!" Zhang Lei said, "You're explaining in the middle, but it's a waste of effort!"

"Got it!"

Shen Jingyi shook her head, "What, on the contrary, I'm making a fool of myself?!"

"Hehe!" Ji Feng burst out laughing.

Zhang Lei was also amused, and when the two of them laughed like that, the atmosphere was instantly better. In fact, just now, Ji Feng and Zhang Lei were just a bit indignant about Wang Tong's situation at this moment, and felt suffocated for Wang Tong in their hearts.

Now that they had let out their anger, they were in a better mood.

She couldn't help but secretly shake her head, this friendship between men is really hard to understand sometimes.

Sometimes men can quarrel with each other to the point of getting red in the face, and if it is more intense, they may even start a fist fight.

But after the fight, they seem to forget all about it and are even better off than before, which is quite strange.

If this was put on two girls, not to mention fighting, even just a couple of arguments, they would probably remember it in their hearts for years, or even not speak for a long time, which is really different from this way of getting along with each other between men.

"Is everything alright now?" Shen Jingyi asked, "Do I still want to go to the cafe and locate the sub?"

"How about it, crazy, do you still want to go and sit down?" Zhang Lei looked at Ji Feng.

"Sure." Ji Feng laughed.

"Then go and fix it." Zhang Lei said to Shen Jingyi, "Find a quieter seat."

"Why don't we go together, Wang Tong is gone anyway ....." Ji Feng said, and his proposal was approved by Zhang Lei and Shen Jingyi, so several people went to the cafe together.

The first thing you need to do is to ask for a quiet corner at the cafe, and several people sat down, but Zhang Lei casually threw his handbag onto the table and then dropped it on the floor.

Ji Feng looked at him, picked it up for him and asked with a smile, "What, still uncomfortable in your heart?"

Zhang Lei said in a muffled voice, "Can I be comfortable watching my own brother being lectured like a grandson? When I think of that woman's berserk look just now, I get angry."

Ji Feng shook his head, "Wang Tong himself didn't even say anything, so why are you so angry?"

"Nonsense!"

Zhang Lei hummed, "Is it true that Wang Tong didn't say anything? I don't think so, right? If he really liked his current life, if he really liked that woman, he would have introduced us to that as his girlfriend right at the beginning, but what happened, from the beginning to the end he didn't even mention it, just that alone is already more obvious than saying anything!"

Ji Feng nodded slightly, how could he not understand these things?

In fact, when that girl first appeared earlier, Wang Tong only introduced that it was his friend, but did not say it was his girlfriend, and later Ji Feng deliberately said 'don't make your girlfriend wait anxiously', Wang Tong did not refute it, obviously acquiescing.

However, from the beginning to the end, Wang Tong did not take the initiative to introduce himself, and did not even mention this matter, he just said he was coming to Jiangzhou with his friends to play, which means that Wang Tong actually did not want to introduce his girlfriend to Ji Feng and Zhang Lei.

This also shows from the side that Wang Tong should have some dissatisfaction in his heart, otherwise, with the relationship between the three of them, there was no reason for Wang Tong not to introduce his girlfriend.

“And we all saw how that girl treated Wang Tong, and reasonably speaking, if Wang Tong’s character is anything to go by, he wouldn’t be able to stand it anyway.” Zhang Lei said.

“But Wang Tong was the one who put up with it!” Ji Feng took over and said, “Are you trying to say that there might be something in between that we don’t know about and we need to pay attention to it?”

“That’s right!”

Zhang Lei nodded and said, “Maybe Wang Tong has encountered some difficulties, that’s why he’s commiserating like he is now, do you think we need to pay attention to it?”

Shen Jingyi was immediately surprised and glanced at Ji Feng and Zhang Lei, her beautiful eyes held a hint of indistinctness and a kind of surprise.

In fact, Shen Jingyi really didn’t expect that Ji Feng and Zhang Lei would come to the cafe to talk about this matter!

What she didn’t expect was that they had only talked to that young man called Wang Tong for a short while, and most of the time they were just exchanging pleasantries, after all, they hadn’t seen each other for such a long time.

But in this short period of time, Ji Feng and Zhang Lei had actually seen so many problems, and could even speculate that their friend might have encountered some difficulties, or that something had gone wrong in the middle .....

The first thing you need to do is to get a good idea of what you are getting into.

The first thing that surprised Shen Jingyi was that the time Zhang Lei spent talking to Wang Tong wasn’t too short, while Ji Feng had only been here for a short while.

At this time, Shen Jingyi was once again able to see how smart Ji Feng and Zhang Lei were, as well as their stern gaze!

“No wonder Ji Feng is able to make such a big career, just his mind alone is not comparable to ordinary people!” Shen Jingyi couldn’t help but secretly say, these were two extremely outstanding men, the more time she spent with them, the more she was able to feel their remarkable extraordinary qualities.

Especially when you see Ji Feng and Zhang Lei sitting there, a kind of aura naturally emanates out, if you compare other boys with them, it’s really one in the sky and one in the ground, there is no way to compare.

Even for the boys who were with Wang Tong, although the clothes they wore were very gorgeous and seemed to be branded, they were not comparable to Ji Feng.

Thinking of this, Shen Jingyi's beautiful eyes could not help but glance at Zhang Lei .....

"Crazy, how about this, anyway, we know Wang Tong is in Jiangzhou, why don't we ask Wang Tong out privately, ask the situation first, see what kind of trouble he is in, then we can discuss what to do, what do you think?" Zhang Lei asked.

Campus Master Chapter 2003

"Crazy, how about this, we know Wang Tong is in Jiangzhou anyway, why don't we ask Wang Tong out privately and ask the situation first to see what kind of trouble he's in, then we can discuss what to do, what do you think?" Zhang Lei asked.

Ji Feng couldn't help but ask: "What, you didn't leave Wang Tong's contact information just now?"

Zhang Lei stretched his hands out, "I haven't seen him for years, and now that I've suddenly met Wang Tong, the two of us were so focused on exchanging pleasantries that we didn't bother to leave each other's contact information. Besides, I originally planned to accompany Wang Tong to have a good time, we are the hosts here anyway, who would have thought that Wang Tong would suddenly be called away later?"

Speaking of this, Zhang Lei couldn't help but feel a little angry, suddenly running into his good buddy, and the kind he hadn't seen for a few years, how he felt at the time was naturally imaginable.

"So ah ....."

Ji Feng frowned and said, "We don't even have Wang Tong's contact information, how else can we ask him out?"

Zhang Lei laughed, "It's simple, Jiangzhou is huge but it's not too difficult to find someone, even a fugitive who is intent on hiding, it's not too difficult to find, let alone a big living person like Wang Tong who we are now looking for? The key question now is, should we look for Wang Tong and ask him about the situation?"

Ji Feng deliberated for a moment and mused, "By all rights, we should certainly look for Wang Tong to ask about the situation, as good friends, we certainly can't be indifferent knowing that Wang Tong might be in trouble."

Zhang Lei immediately nodded his head, deeply thought: "In that case, then I will go to him, surely we must ask the situation to be clear, otherwise, who knows what kind of bullying Wang Tong will be given, just look at that pussy today heckling Wang Tong like a third grandson, I am not comfortable in my heart ....."

"Of course no one can be happy when they see their good friend being bullied like this." Ji Feng nodded and said, "But the question is, would it be a bit meddlesome for us to go to Wang Tong so rashly?"

"What do you mean?" Zhang Lei was stunned and his brows immediately furrowed, "Crazy, you don't want to meddle in this matter, do you?"

"What I mean is, is Wang Tong himself willing to let us meddle in it?" Ji Feng asked.

“What’s so unwilling about that?” Zhang Lei asked in surprise, “Maybe it’s because there’s no one to help Wang Tong that he’s bent over backwards to have to be bullied by others, so if we go to him now, it might be just what he wants.”

Ji Feng faintly shook his head, “That may not be the case, otherwise, why didn’t he explain the situation to us today?”

From today’s encounter with Wang Tong, Ji Feng could see something was wrong.

I’m afraid that .....

Wang Tong didn’t want outsiders to know about those few friends of his, at least, he didn’t want Ji Feng and Zhang Lei to know, otherwise, with Wang Tong’s character, plus the relationship between the three of them, how could Wang Tong never mention that the girl was his girlfriend?

If Ji Feng hadn’t deliberately picked it out later, I’m afraid Wang Tong wouldn’t have said that was his girlfriend until he left, which is not Wang Tong’s character.

If it was an ordinary person who encountered such a situation, he would either make a hash of it or take the initiative to explain a few words to ease the awkward situation.

But Wang Tong did not do so, even though he was embarrassed.

So Ji Feng guessed that Wang Tong had something to hide, and it was the kind of embarrassment that even he and Zhang Lei had no way to say.

Then, at this time, they would have to think hard about whether they still had to take the initiative to go to Wang Tong to ask for clarification of the situation.

“Zhang Lei, Ji Feng’s speculation isn’t unreasonable, I think you guys should calm down first and think it over carefully before making a decision.” Shen Jingyi agreed with Ji Feng’s words, as a girl, she cared a lot about personal privacy and such, and could understand it.

Girls and men were completely different in many ways, even between female friends who were close, there would be a lot of things they would hide in their hearts that they would not tell each other.

Moreover, it is hard for women to be as close as men are to each other, so close that they can be friends for life!

So Shen Jingyi could understand this, if she had something difficult to talk about that her best friend knew about, she would also feel embarrassed and might even feel ashamed to face her best friend again.

So if Zhang Lei and Ji Feng took the initiative to go to Wang Tong to ask for information, it might instead cause stigma in Wang Tong’s heart, and I’m afraid they would avoid Ji Feng and the others in the future.

Just think, when you are most embarrassed and embarrassed, what people are you most afraid of running into?

..... acquaintances!

If you don't run into an acquaintance, you may be able to feel better in your heart, but if you lose face in front of an acquaintance, you can't really hold your head up.

If you think about the most embarrassing experience you've ever had, and you've been seen by an acquaintance or friend, where else can you put your face?

So in order to avoid embarrassment, one would have to hide away .....

"No need to think so much!" Zhang Lei, however, waved his hand without a care and said, "No matter what Wang Tong has to say, we should go to him, otherwise, this matter is unbearable to hold in my heart."

"Besides, as a brother, where is the need to think so much, seeing my brother being called around, if I do nothing, that is what will really affect the relationship between us and Wang Tong!"

Zhang Lei said forcefully, "No comment, crazy, this time listen to me, we do it, no matter what, can not stand by and watch your own brother in front of others as a grandson, say, in the end do it or not you directly give a clear word!"

"Mm!"

Ji Feng nodded and laughed, "Since you've said it all to this point, if I still say no, wouldn't that be too much of a brother?"

Zhang Lei burst out laughing, "That's right! That's more like it, that's enough of a brother!"

Ji Feng shook his head and smiled without saying anything, he really knew too well what kind of temper this guy Zhang Lei had, so sometimes it was the wisest choice to simply ignore some of his words.

However, Zhang Lei was obviously pleased as he said, "Crazy, I actually do think you're thinking a bit too much."

Ji Feng instantly smiled and asked, "Oh? How does that sound?"

"It's very simple!"

Zhang Lei said, "Just think about it you will know ..... when you were in high school, you were also often bullied, at that time you did not take the initiative to seek my help, I did not just go up and help, as a result we did not have a good relationship?"

Ji Feng was slightly stunned, he did not expect that Zhang Lei was actually talking about this matter.

"Of course, people are different from each other, but we all know what kind of character Wang Tong is, so we don't need to worry about anything at all." Zhang Lei said, "Besides, even if because of this matter, we can't get along with Wang Tong in the future, it's actually nothing, at least we have no shame in our hearts, we can afford ourselves and our friends, that's enough, as for the rest, there's no need to think about it!"

Ji Feng immediately smiled: "Lei Zi, you are right, it seems that sometimes it is easier to have a simpler thought instead."

Zhang Lei stretched his hands, "That's why I live more happily."

Ji Feng couldn't help but smile, after a pause, he then said, "Then how about this, the task of finding Wang Tong will be left to you, I'll investigate what the identities of those people with Wang Tong are."

Zhang Lei nodded readily, "Let's do that!"

"By the way, if you want to find Wang Tong, you can go directly through the police station." Ji Feng reminded, "I remember that there are HD cameras at several intersections near this Jinling Road pedestrian street, see which direction they went, and check all the way down along the way, it's not difficult to find out their whereabouts."

Zhang Lei gave a heated laugh, "Where is the need for such trouble, to find Wang Tong and the others, it couldn't be easier."

Ji Feng asked, "How do you plan to do that?"

Zhang Lei grinned, "Just get a few friends to help out!"

He pointed to the window and said, "With the dense crowd on this street, it would take Wang Tong and the others half an hour to walk out of here, and if they wander around again on the way, it might take even longer, as long as they get a few friends from the police to wait at the intersection, they will not be able to get away."

Ji Feng suddenly shook his head and smiled, this guy was good at making people.

"In that case, then let's do it your way." Ji Feng laughed.

.....

At the same time, right on the Jinling Road pedestrian street, several young men and women were shopping together, and walking at the end were two young men and women, none other than Wang Tong and his girlfriend.

Only, at this moment, Wang Tong's interest did not look too high, his face full of lazy expression, looking down, and even opened his mouth several times, but then he wanted to say something but did not say anything.

"What, are you unhappy?" The girl asked as she gave Wang Tong a sidelong glance.

"No, I'm just slightly tired." Wang Tong shook his head.

"Humph! I'm sure you wouldn't dare!" The girl glared at him and said, "If you're really upset over what happened just now, then you're really hopeless."

"You can't say that ..... after all, those are my friends, so you have to give them some face anyways." Wang Tong argued somewhat feebly.

"What do you know!"

The girl was instantly furious, she first glanced at the few men and women walking in front of her, seeing that they didn't turn around, she then lowered her voice and said angrily, "You're treating what I told you before as if it fell on deaf ears, aren't you? Not everyone can be our friend, do you understand?"

Campus Master Chapter 2004

“What do you know!”

The girl immediately became angry, she first glanced at the men and women walking in front of her, seeing that they did not turn around, she then lowered her voice and said angrily, “You are treating what I told you before as if it fell on deaf ears, right? Not just anyone can be our friend, do you understand?!”

“You .....

Wang Tong instantly frowned, a look of displeasure flashed in his eyes, with a little bit of embarrassment, but his mouth opened for half a day, but he still didn't say a word, and in the end, he could only sigh in his heart.

Yet even so, the girl glared up, “What, did I say something wrong?”

Wang Tong said in a sullen voice, “It's not like I said anything.”

“You've already said everything with that look!” The girl grunted, “What do you mean by frowning?”

“I don't mean anything.”

Wang Tong said in a muffled voice, “I just think that a person, no matter what time it is, friends are important, one can't say that because one wants to move up, one ends up not wanting those friends from before!”

The girl's eyes glared, “Did I say that friends are not important? Did I say that you should not have friends? Have I been telling you to make more friends since we established our relationship? And now you're lecturing me? That's hilarious!”

Wang Tong lowered his voice somewhat helplessly and said, “I'm not educating you, I just want to say that those who have money can be friends, those who don't have money, then they can also be friends ah, it's not like making a friend is only based on whether he has money or not .....

“Bullshit!”

Not even waiting for Wang Tong to finish, the girl directly interrupted him, coldly snorting, “Is that what I mean? What did I tell you before, it's certainly okay to make friends, but always make friends that are helpful to us, still the same saying, the kind of people you make friends with, the kind of people you might become in the future!”

Wang Tong opened his mouth and didn't say anything.

But the girl refused to give up and continued, “You don't even look at what kind of people those two friends of yours are, running here to shop, that only poor people would do such a thing! At first glance, your two friends are the kind of ordinary citizens who want to play romantic in front of their girlfriends but don't have money, so they can only come to this pedestrian street for a stroll, but are actually worthless themselves, what do you have to say to people like them?”

These words made Wang Tong feel uncomfortable in his heart, and he couldn't help but say, "Then didn't we come to this pedestrian street as well? And, aren't they all here too? Jiangzhou's Jinling Road Pedestrian Street is so prosperous, isn't it possible for anyone to come?"

"Nonsense, can we be the same as them?"

The girl snorted at once and pointed at the young men and women walking in front of her, saying, "What's the status of Young Huang and the others? People like them, do you think they would really come here to shop? You have to get it straight, we came here to have fun, to relax and unwind, not to shop!"

"Then isn't it just shopping ....., " Wang Tong muttered.

"Nonsense!"

The girl glared at him and said, "Listen carefully, those two people just now, I think they are not much of a success, nor are they any kind of person, you can have contact with them, but don't get too close, contact them every year and a half, as long as the face can get by, the most important thing now is to put all your energy into making some connections, you understand, right? ?"

"But after all, those are my two best friends since I grew up, we are not only close, but we know each other's temperament, it is a similar temperament to become friends, it is not easy to meet a few such friends in one's life, it is not something you can just give up!" Wang Tong said.

The girl smiled, but only laughed coldly, "In that case, I'm still wrong?"

"I'm not saying you're wrong either, I just think that you can't always make friends with a utilitarian mindset, otherwise, that wouldn't be considered a true friend!" Wang Tong carefully defended, "And you were so unforgiving at that time, not only did you embarrass me, but you also embarrassed my friend."

"All right! Cut the crap!"

The girl was instantly impatient, "Why are you babbling so much with me?"

Wang Tong choked for a moment.

The girl said again, "Wang Tong, listen to me carefully, I am not discussing how to make friends with you now, but I am telling you directly that in the future, you had better stay away from those friends you used to have and make more friends that are beneficial to you, otherwise, I am afraid there will be nothing left to say between us, do you understand?"

Wang Tong's eyes carried a complex look, and his lips moved, but not a single word came out.

"I think I've been very blunt, you should already understand, right?" The girl spoke again.

"....." Wang Tong slowly let out a breath, as if he wanted to spit out all the melancholy and bitterness in his heart.

"Now there is no need to say anything, your task, is to accompany Huang Shao and them well, I told you before you came, Huang Shao and them but I had a hard time to befriend on, if you can play well with

Huang Shao, then you can add a lot of points with my daddy, but if you can not accompany well ..... then you won't be able to pass the test!"

The girl hummed: "What will be the situation then, I think, superfluous words, no need for me to say more, right?"

Wang Tong gritted his teeth, "There's no need to say more, I'll try my best to accompany Young Huang and the others!"

"That's more like it!" The girl then revealed a smile and said, "I'm telling you, those friends from before, gradually they won't contact each other anymore, in the future when you become my daddy's son-in-law, then there will be people who will come forward to find you as a friend, your vision should be a bit longer ....."

Wang Tong nodded, listening to the girl preaching in his ears, his face without a bit of expression, only his eyes carried an indescribable feeling of sadness .....

.....

"Okay, okay, thanks a lot, I'll buy you a drink later!" Zhang Lei took the phone and laughed brightly, "Hmm! No problem, make sure to let me know when you have time ..... to talk back."

"Pop!"

He hung up the phone and immediately laughed, "Crazy, the person has been found, it's at the leather goods franchise shop in front."

Ji Feng smiled and immediately asked, "Are you sure it's Wang Tong?"

After I told him some information about Wang Tong, he directly checked in the internal database, and all of Wang Tong's photos and files came out, and it just so happened that they were able to access the surveillance cameras at the intersection, so they directly found that Wang Tong and his men had entered a few minutes earlier. The leather goods shop was just a few minutes ago, and they haven't come out yet."

"Well done!"

Ji Feng laughed, "I didn't expect it to be this simple. It seems that we have to talk to Wang Tong first and then see if we should investigate the identity of the people around him."

Zhang Lei nodded and said, "That's what I mean too, we must talk to Wang Tong first to see what kind of situation he is in now, how come a person who was still considered strong and confident is now able to be called around at will? This is too strange, it has to be clarified."

Speaking here, his words suddenly lurched, "If Wang Tong became like this because of those few people around him who bullied him, then I absolutely can't spare them, especially that girlfriend of his, that little bitch simply doesn't have any manners at all, it's abominable!"

Ji Feng couldn't help but smirk: "You can't say that, if that's how people's love affairs live, how do you care?"

Some men are so afraid of their wives that even his real parents can't control them, how can others?

There are many friends who used to be very close, and when each of them got a girlfriend, maybe their relationship grew apart, maybe because the women didn't get along, maybe because someone's girlfriend had some not-so-great opinion of one of them, etc. ....

There are all sorts of reasons!

This is also a very realistic problem, after all, the future of life is the matter of two people, no matter how good friends, but also always have to have their own family, this is inevitable.

The fact is that the two of them are going to have their own families, which is inevitable. Ji Feng sees this very clearly, many times you can't just go and interfere with other people's lives based on a passion.

Of course, this possibility was very small, because Ji Feng saw very clearly at that time, when Wang Tong was reprimanded by his girlfriend, the kind of embarrassment on his face, and the look of displeasure in his eyes, were so obvious, it was obvious that Wang Tong actually disliked this in his heart, but for some reason, it made him have to put up with it.

"Crazy, should we go straight over to Wang Tong now, or should we just find a random reason to get them all to the police station and then take our time to talk to Wang Tong?" Zhang Lei asked.

"It's not appropriate to get them to the police station!" Ji Feng shook his head and said.

"What's inappropriate?" Zhang Lei said, "I think it's good to do it this way, simple, direct, and you can leave Wang Tong's girlfriend aside and talk to Wang Tong alone."

"That's not the way to say it, we have to consider all aspects." Ji Feng shook his head and said.

"On the one hand, we don't know what the identities of Wang Tong's friends are, so if we do that, we might cause some kind of trouble. On the other hand, it is inappropriate to do so. Besides, we don't know if Wang Tong has come to Jiangzhou to play or not, so we don't want to mess around and delay his business."

"Yes!"

Zhang Lei spread his hands, "Then what do you say?"

Ji Feng pondered for a moment and then stood up with a clap of his leg, "Come with me, I have a way ....."

Campus Master Chapter 2005

"Huang, it's said that Jiangzhou is the economic centre of China, the most prosperous place in the whole of China, and this Jinling Road Pedestrian Street is the most prosperous place in the whole of Jiangzhou, but how come it looks like this place is just like this, there's nothing unusual about it!"

A girl said strangely, "It looks like this place is similar to our Yuezhou, right?"

"Yes, Young Huang, you are someone who has seen the world and has a higher profile, explain to us what's going on here?" The others chimed in.

“Huh!”

The one who was called Huang Shao was a young man of about twenty-five or twenty-six years old.

This Huang Shao was not very tall, but looked like he had a self-satisfied look on his face, as if he was enjoying the compliments from others.

He nodded with a smile and said, “To say that it is prosperous, Jiangzhou is indeed a bit more prosperous than Yuezhou, there is no doubt about that.”

A girl immediately said, “But it looks like Jiangzhou is just like that, right?”

Huang waved his hand and said indifferently, “In fact, to put it bluntly, it’s because you guys don’t have enough insight and don’t know enough about this social level.”

“Then tell me, Young Huang, what is this all about?” Someone asked.

“Heh!”

Huang Shao laughed, “Let’s put it this way, most of the shopping streets like this pedestrian street are places where ordinary people come to, you see, there are many students and office workers on this road, they can’t afford to buy from the high-end places they go to, on the contrary, the goods in this pedestrian street are both classy and not unexplainably expensive for them, that’s why this pedestrian street seems to be prosperous.”

“So, even in Jiangzhou, the pedestrian street is not too upscale, otherwise, ordinary people would not be interested in coming.” Huang Shao laughed, “And this is the same in all major cities in the country, that’s why you see that the prosperity of Yuezhou and Jiangzhou are about the same, but in fact this is only on the surface.”

At this point, Huang Shao paused, and at this time, a girl next to him immediately seized the opportunity to ask, “Then what is the real difference between Yuezhou and Jiangzhou?”

Perhaps this girl was too good at holding up the comic, so Huang had the opportunity to show off, so his face showed a smile and said, “In fact, to see whether a city is really prosperous, what really depends is how the city’s high-end consumption level is.”

“What is the upscale consumption level?” The girl asked again.

“Let’s put it this way, although you can often see five-star hotels on this street, or some places that are particularly expensive to spend, these are of course also considered high-class consumption places, but these are only for those businessmen with a bit of money in their hands or profiteers, people with real status rarely go to these places.”

Huang Shao eloquently said: “In fact, the real good places to go, are some places that are not open to the public, such as some private clubs, private special hotels, in order to go to these places, just money is not enough, but also must have a certain status, for example, I know, in Jiangzhou there is a private club, the venue is not very big, but not the average person can enter, and you Once you enter such a place, the services you can enjoy are also beyond any of your imagination.”

“In a word, only what you can’t think of!” Huang Shao waved his hand and spoke with great passion.

“What an insightful day!” The girl laughed, “I’m afraid that someone like me would never be able to enter such a place in my life, if it wasn’t for what Young Huang said, I wouldn’t have known that there were actually such places.”

As she spoke, the girl turned her head and said, “Wang Tong, it’s rare that Young Huang has time to bring us out to see something, you should make good use of this opportunity and learn more from Young Huang!”

“Eh .....

The first time I saw you, I thought you were very smart and smart, but you’re a little shy, so it’s a good idea to change. ...”

Saying that, Huang Shao’s finger nudged the girl’s small mouth.

“Then what .....

The girl known as Xiao Kan took a step across to the side without a trace, dodging the hand that Huang Shao touched over, and pulled Wang Tong over directly, saying, “Wang Tong, why don’t you hurry up and thank Huang Shao, can’t you see that Huang Shao is praising you?”

Wang Tong did not know exactly what expression was on his face .....

As he watched his girlfriend maneuvering among these gentry young masters as if she was a social flower, showing a slightly flattering smile to anyone, even if she was not happy or holding back in her heart, she had to wear a big smile on her face to let people know how happy she was.

If this was all, Wang Tong might be able to endure it, because people living in this world always have to give something to get what they want, only, some people give hard work, some give dignity, while some, give their conscience .....

Wang Tong did not know what he was paying for, but he knew that when he watched his girlfriend pretend to be a kind of ignorant and had to be taken advantage of by these gentry, his heart felt as if it had been tugged hard and it hurt like hell.

Therefore, even though his girlfriend was making eyes at him and urging him on, Wang Tong could not say a word, let alone squeeze out a smile against his will to thank Huang Shao.

He was lucky if he didn’t kick Huang to death!

Even his girlfriend’s father was very polite to Huang Shao, so if he dared to hit him, it would be the end of everything.

So Wang Tong could only grit his teeth and not say a word.

“Hey, Little Wang, it doesn’t look like you’re too excited, it’s not okay to be like you!”

Seeing that Wang Tong didn’t say a word and didn’t show the slightest sign to Huang Shao, a young man wearing glasses next to him was not happy, he said in a lecturing tone, “Little Wang, Huang Shao’s time is very tight, if he can have time to teach you, you should be happy, now you actually haven’t shown anything?”

Wang Tong glanced at him, secretly gritting his teeth, still not saying a word.

“Hey .....

Seeing that Wang Tong actually had this look on his face, the man with glasses instantly glared and bared his teeth, “I say you yakuza ..... ouch!”

Before the glasses man could finish his words, he suddenly let out a miserable cry, his entire body jolted, and immediately staggered backwards several steps, before flopping down and sitting on his butt on the ground.

“Ouch ..... bastard!” The man with glasses couldn’t help but cry out in pain as he covered his buttocks and got up in a flash, angrily saying, “Which asshole hit me?”

“You’re the fucking asshole, you hit me and still dare to be evil?” At once, a man walked over with a few steps, grabbed the collar of the man with glasses and lifted him up directly, saying in a cold voice: “Open your mouth and curse, look at you dressed in glamorous clothes, but you are full of shit!”

“Cough .....

The spectacle man’s neck was strangled and he could hardly breathe, his face turned red, his hands tried hard to break the hand that was holding his collar, but the hand was like an iron pincer, he couldn’t break it.

The man with the glasses tried desperately to hit the man again, but when his fists hit the man’s body, he felt pain in his own hands, the man’s muscles were too hard, almost like iron.

“Lei Zi, forget about it, don’t be so normal with such people, it saves you from losing your identity!” Another voice came out.

“Humph!”

Only then did the man let go of the man with glasses, and the latter immediately sat on his buttocks, covering his neck and coughing hard, while the gaze he looked at the man again was tinged with a touch of fear.

“Ji Feng, Zhang Lei?”

Just then, Wang Tong was stunned and cried out, “How come it’s you guys?”

It was no wonder that Wang Tong was stunned, because the one who had clashed with the man with glasses was none other than his good friend, Zhang Lei, whom he had met not long ago!

Needless to say, the person who had just persuaded Zhang Lei was definitely Ji Feng.

This caused Wang Tong to be overjoyed while he was shocked. He had been worried that he had come to Jiangzhou by chance to meet Ji Feng and Zhang Lei, whom he had lost contact with, but before they could say a few words, his girlfriend had intervened and prevented him from contacting Ji Feng again.

So Wang Tong had been struggling with what reason he should find to get out of the way and go to Ji Feng. If he could not think of a way, I was afraid that it would be very difficult for these two good friends to see each other again.

Just when Wang Tong was thinking about how to get out of it, he didn't expect that Ji Feng and Zhang Lei had actually appeared here again, which was a surprise!

"Ji Feng, Zhang Lei, didn't you guys just go in the opposite direction, why did you run into each other here again?" Wang Tong asked with a smile on his face.

"This pedestrian street is only such a big place, it's normal to walk a few steps and run into each other." Zhang Lei hemmed and hawed, then, with a frown, he asked, "By the way, Wang Tong, this guy who is full of shit is your friend?"

"He ....." Wang Tong didn't know how to introduce himself, to say friends, Ji Feng and Zhang Lei were his friends, but now Huang Shao and the others were also considered friends in name, and in front of them, so how could this not pass for face if they said they were not friends.

"This friend, don't you think this is a bit too much?" At this moment, Huang Shao suddenly spoke up, he stared at Zhang Lei and said in a deep voice: "You came up and hit someone without distinguishing between red and white, and now you open your mouth to swear words, do you really consider yourself a person?"

Campus Master Chapter 2006

"Grass ....."

Upon hearing these words, Zhang Lei was instantly pissed off, he turned his head violently and laughed coldly, "How fucking painful to stand and talk! If you hadn't opened your mouths and spewed shit, would I have scolded you? Even if you begged me to scold you, I wouldn't even bother to scold you, it's too degrading!"

Ji Feng also said indifferently beside him, "Whether you get scolded or are greeted with a smile depends on what kind of people you are yourselves! If you are polite and courteous, others will treat you with the same courtesy, but if you come up here and speak foul, and think of yourself as a person, and want others to respect you ....." Hey, I'm afraid it's not such a good thing in this world!"

"That's right, you're full of shit, but you still want to hear sweet words from others?" Zhang Lei snorted, "Sorry, I'm not your father, there's no reason to spoil you!"

"You ....."

The man with glasses was instantly furious, pointing at Zhang Lei, unable to speak in anger.

Zhang Lei's face, however, was steeply cold as he said in a deep voice, "I advise you better not to point at others casually, didn't your father and mother teach you that this is very rude?"

"You, you ....."

The man with glasses opened his mouth repeatedly, but he couldn't get a complete sentence out, and only after a long time did he roar, "Kid, you're looking for death, do you know who I am?"

When Zhang Lei heard this, he shook his head and laughed: "Bullshit, for someone who is full of shit, what do I care who he is? I don't think you come from any better! If you really are a rich guy, then I think

your parents are also rich, or they have no quality themselves, otherwise how can they raise such an asshole like you?"

"Bastard, I'll kill you!" The man with glasses was furious at Zhang Lei's words, in terms of words he simply could not get a word back from Zhang Lei, and under his anger, he roared out and lunged towards Zhang Lei.

"Hoo~~!"

The next moment, he saw that one of Zhang Lei's feet was already raised high, with a cold smile on his face, and that big foot was facing him, as if it was about to kick over at any moment.

In a flash, the man with the glasses gave a start, the pain from the fall seemed to have not yet subsided, and he could not help but hesitate.

The man in front of him was obviously a fierce and vicious brute, and his body was tall, and he seemed to be a simple-minded guy with well-developed limbs, so if he fought him now, he would definitely suffer.

The man with glasses gritted his teeth and finally did not go forward to fight with Zhang Lei.

As the saying goes, a good man doesn't want to lose in front of his eyes, he is also a man of cultivation and status, how can he go up and fight with someone like those hooligans and villains?

After comforting himself, the man with glasses gritted his teeth and glared at Zhang Lei, saying in a deep voice, "Kid, I remember you, now I can tell you clearly that you're in big trouble!"

"Is that so?"

Zhang Lei sneered, "Then I'd like to know how much trouble you can get me into!"

The man with glasses sneered, "You'll find out soon, just wait!"

As he spoke, he had already taken out his mobile phone and was about to make a call, obviously looking for someone to deal with Zhang Lei, as he dialed the number, he also looked at Zhang Lei from time to time, with a touch of hatred in his eyes, and a look as if he was looking at a dead man, as if Zhang Lei was already dead!

"Mr. Li, Mr. Li don't be angry, just leave this kind of thing to me ....."

The first time I saw that the man with glasses was already on the phone, Wang Tong couldn't wait any longer, he hurriedly went forward and pulled the man with glasses to prevent him from making a phone call, while he was kindly persuading, "Sir Li, give me face, they are all my friends, let's discuss things, they don't know your identity and origin, so they accidentally offended you, don't take it to heart! ....."

Wang Tong advised the man with glasses while hurriedly giving Zhang Lei and Ji Feng a wink, while drinking, "What are you two still standing there for, hurry up and apologize to Mr. Li! If you make Mr. Li angry, you two will both have to eat your words ....." Hurry up and apologize!"

Ji Feng and Zhang Lei glanced at each other, both seeing the smirk in each other's eyes, and a look of relief.

Brothers are brothers!

Even though Wang Tong had a very low status among these people, when he saw that the two of them were in 'trouble', he still did not hesitate to stand out to help persuade, while giving the other party a good word and a smile.

This was the kind of thing that only good brothers could do.

Ji Feng and Zhang Lei were really happy in their hearts, Wang Tong was treating them like brothers!

In this way, it was not in vain that they had deliberately come over to help Wang Tong!

However, before Ji Feng and Zhang Lei could say anything, the man with glasses pushed Wang Tong away very roughly and said angrily, "Wang, what the hell are you nagging about here? You still want me to give you face? Who the hell do you think you are? Don't even look at your status, I'm still giving you face ..... I'm lucky if I don't give you a few slaps, get the hell out of my way right now, don't wait for me to clean you up!"

"Li Gongzi ....." Wang Tong's face changed, but thinking of this Li Gongzi's identity, if he wanted to clean up Ji Feng and Zhang Lei, it would be too easy, so Wang Tong could only plead again, but before he could get the words out, he was interrupted.

"Wang Tong, what are you babbling about there!" Wang Tong's girlfriend exploded, she took a few steps to Wang Tong, dragged him over and said angrily, "Are you crazy, how can people like this be your friends? Can't you see that it's Prince Li they've offended? Whose side are you on anyway?"

As she spoke, she glared at Wang Tong with a deadly glare, and if the occasion wasn't wrong, she even wanted to kick Wang Tong twice.

Previously, she had told Wang Tong not to get involved with these two guys, these people were just ordinary citizens, and there was nothing to gain from being friends with them but to lose out.

But Wang Tong, instead of comforting Duke Li, he offended him for the sake of those two poor people, he was simply out of his mind!

"All right!"

Wang Tong shook off his girlfriend's hand, his face turned red and his chest rose and fell violently, as if all the grief and anger he had suppressed in his heart had exploded at once in this moment.

He pointed at Ji Feng and Zhang Lei and said loudly, "They are my friends, they are my best friends, I, Wang Tong, come from a bad background, I only have these two good friends when I was growing up, if not for them, I almost didn't even have anyone to talk to in high school, how come they don't deserve to be my friends?"

"On one side is my friend, on the other side is the dude who often speaks flirtatiously to my girlfriend and even tries to put his hands on her, it's even more so that he spoke rudely first, he was the one who cursed first, do I need someone to teach me which side I want to take?"

Wang Tong's face turned red and veins sprouted on his forehead as he roared, "It's because I have a brain that I know which side I should be on! Kan Miao, if you were still my girlfriend, you should have understood me and helped me even more, instead of talking nonsense like this!"

"You ....."

The girl named Kan Miao was shaking with anger, she pointed at Wang Tong and said angrily, "If you are so atmospheric and bold, then why did you come up to my house to be a backwards son-in-law?! Don't you know what Prince Li's status is? Don't you know who young Huang is? If you offend them, you won't even be a shit, how can you give your mother medical attention?"

"It's none of my business what their status is, nor does it have anything to do with me!" Seeing his girlfriend actually talk like this, Wang Tong was even more angry, he felt suffocated and sad in his heart: "My mother's illness doesn't need your care, instead of being so lowly in front of you all and still can't get your understanding, then I'd rather go sell my organs, there's nothing to say, that's it ....."

After saying that, Wang Tong turned around violently, then walked towards Ji Feng and Zhang Lei with big steps.

It seems that at this moment, Wang Tong roared out all of his psychological grief and aggression, making his whole person relaxed all of a sudden, even when walking, he could straighten his back.

"Stand still!"

Li Gongzi, the man with glasses, bellowed as he first looked at Zhang Lei and Ji Feng, then glared at Wang Tong and said in a cold voice, "Who the fuck were you talking about?"

Wang Tong held his head high and hummed, "You know it in your own heart!"

"You're fucking looking for death!"

Li Gongzi was instantly furious as he pointed at Wang Tong's nose and cursed, "Who do you think you are? Who the hell are you? If it wasn't for Kan Miao's sake, I'd know what you are! Now you actually dare to talk to me like that, little punk, I think you really don't know how to live or die!"

"I've never thought of myself as any kind of person, but I'm afraid some people don't recognise their own identity, they think that because they have an old man who's an official, they're so crazy, they don't even think about where the money they spend comes from, they wear brand names and drive nice cars, they don't even blink, do they really think everyone else is stupid?" Wang Tong said in a cold voice, "Compared to some people, I consider myself much more noble!"

"I \*\*\*\*\*!"

Duke Li jumped out of his skin at the comment, and without saying a word, he went up and kicked Wang Tong, "I'll let you go wild!"

"Hoo~~!"

However, before Duke Li could kick out this kick, he felt a blur in front of his eyes, then a pain in his leg, only to feel a strong force coming from him, causing his whole body to immediately stomp backwards several steps, almost not sitting on his butt on the ground.

“I .....

Li Gongzi was just about to open his mouth to curse when he suddenly saw Zhang Lei's face with a cold smile appear in his line of sight.

Only to see Zhang Lei sneer, “What, want to make a move? That's fine, I'll play with you any way you want!”

“Heh!”

At this moment, Huang Shao, who had not spoken, suddenly sneered as he looked at Zhang Lei and asked indifferently, “Kid, you're very capable of fighting, aren't you? How many do you think you can fight, ten, or a hundred? How does your fist compare to a bullet?”

Zhang Lei sneered, “If you want to know, just try it!”

Campus Master Chapter 2007

“Heh!”

Just then, Huang Shao, who hadn't spoken, suddenly sneered as he looked at Zhang Lei and asked indifferently, “Kid, you're quite capable of fighting, aren't you? How many do you think you can fight, ten, or a hundred? How does your fist compare to a bullet?”

Zhang Lei sneered, “If you want to know, just try it!”

Huang Shao's face clouded over, his eyes slightly narrowed as his gaze sized up Zhang Lei's body, not knowing what he was thinking.

“Pa~!”

Seeing that the atmosphere was not right and both sides might strike again at any moment, Shen Jingyi fiercely took two steps forward and stood next to Zhang Lei, although her kung fu was not as good as Zhang Lei's, she could have a lookout to prevent others from making underhanded moves.

Zhang Lei shook his head and laughed, took Shen Jingyi's hand, blocked her body, and laughed lightly, “You can just watch from the side, not to mention just these few rotten potatoes, even if there are a few more, I can easily crush them one by one!”

“Bastard, what did you say?” The moment Duke Li heard this, he was furious.

“What I say is none of your business!” Zhang Lei sneered.

“You .....

Li Gongzi was extremely angry, how could it be none of his business when this bastard was talking about stinky fava and even a fool knew that it was talking about them?

This bastard was obviously posing as unreasonable!

But when he thought of the bastard's iron-clad hands, he couldn't help but balk in his heart. He knew very well that if he went up there, it wouldn't be the other guy who would get beaten up, but himself.

Thinking of this, Mr. Li gritted his teeth and picked up the phone again.

He had to get someone to come over, he would never be able to subdue this bastard on his own. Besides, with his status, it was naturally impossible for him to fight with someone like those city folk, even though at this moment, Li Gongzi's heart was already hated to the extreme.

Thinking about all these years, when had anyone ever dared to talk to him like that, let alone even dare to fight with him!

The moment he thought of this, Duke Li gritted his teeth in hatred.

"Just wait, if I don't get you killed today, I, Li Zihao, will take your surname!" That Li Gongzi said viciously while talking on the phone and pointing at Zhang Lei.

"Humph!"

Zhang Lei sneered, "Calling you a stinky potato really isn't wronging you..... want to call for someone, right? Fine, I'll wait here, I'll see who you can find!"

The young man who called himself Li Zihao gritted his teeth and said, "Then you will wait and see!"

"What a ..... mongrel!" Zhang Lei shook his head and snorted.

"You ....."

Li Zihao was instantly furious, pointing at Zhang Lei and unable to speak, and only after a moment did he turn away from the phone with hatred.

When Shen Jingyi saw this, she couldn't help but purse her lips and smile, shaking her head, although Zhang Lei had a brash personality, sometimes he could indeed choke people to death when he spoke.

This was evident from the clothes they were wearing, which were all very expensive, especially the gloomy-looking young man, whose clothes must have been specially made, and the logo under the cuffs, which Shen Jingyi happened to recognize, was the unique logo of a very famous clothing designer in China.

According to Shen Jingyi's understanding, each piece of clothing designed by this designer cost tens of thousands of yuan, and some could even reach tens of thousands, so even an ordinary rich businessman might not be willing to spend the money to have it custom-made.

As one can imagine, this gloomy-faced young man was obviously either rich or noble, either very respectable in his own right or his family was very rich.

But when these people arrived in Zhang Lei's mouth, they became rotten potatoes and smelly fava .....

This time, but no one noticed, Huang Shao's gaze has fallen on Shen Jingyi's body, a bright light, from his eyes flashed.

The same time as this bright light, there is also a strong greed deep in the bottom of the eyes, that is a strong to the extreme possessiveness.

“Hello, this is Li Zihao .....” When the call was answered, Li Zihao immediately roared, “I am now in Jinling Road Pedestrian Street, you bring me someone ..... ”

“Little Li, wait a minute!” Just then, Huang Shao suddenly took two steps forward and hung up the phone in Li Zihao’s hand with one hand.

“Young Huang, what are you ..... doing?” Li Zihao was stunned.

“We are here to visit Jiangzhou for fun, we are not here specifically to fight with someone, why do we need to make such a big fuss!” Huang Shao said indifferently, “That’s it, no need to get worked up.”

After saying that, Huang Shao looked at Wang Tong again and asked indifferently, “Little Wang, these few people are your friends, right?”

Wang Tong was just about to speak, but Kan Miao hurriedly said, “Young Huang, don’t listen to his nonsense, his brain is broken, he doesn’t understand anything .....”

“They are my friends!” Wang Tong said, his voice not high, but unusually firm. And as he spoke, he didn’t even look at his girlfriend.

“Wang Tong!”

Kan Miao stomped her foot in anger, “Are you really crazy?!”

Wang Tong said in a deep voice: “I’m not crazy, on the contrary, I’m more awake now than ever and I know exactly what I’m doing!”

“You ..... you bastard!” Kan Miao’s face turned red with anger, and her eyes couldn’t help but turn red, her heart was even more aggrieved. She had tried every possible way to think of Wang Tong, doing all this for her and Wang Tong, but instead of appreciating it, Wang Tong even spoke to her in such a decisive tone .....

This is a heartless bastard!

A white eyed wolf that can’t be fed!

“Oh .....” Huang Shao saw this, but he smiled lightly, he waved his hand and said, “Kan Miao, you don’t need to be angry, these few people are Wang Tong’s friends, it’s only natural for him to defend them, it’s human nature You have to understand that.”

“I don’t mean that, I mean .....” Kan Miao was just about to explain, when she saw Huang Shao waving his hand.

“I know, you are worried that I am angry!” Huang Shao blandly smiled, “You can rest assured, Xiao Wang so defended his friend, this is a manifestation of love and righteousness, I appreciate such a person ..... line, just a small matter, both sides have each taken a step back, I made the decision, today this matter will be let go, Xiao Li, what do you think? ”

“Mr. Huang .....” Li Zihao said in astonishment, “How can we let this go? If I don’t get him killed today, how can I still have the face to continue to be a businessman?”

“I said forget it, didn’t you hear me?” Huang Shao’s face sank, “Do you have to clean me up as well?”

“Huang Shao, this .....” Li Zihao’s face changed.

“Alright, there’s no need to say anything!” Huang Shao waved his hand and said, “This matter is settled!”

“Then ..... okay!”

Li Zihao nodded his head and agreed.

Only then did Huang Shao smiled slightly and said, “That’s right, when you go out it’s all friends, if you want to achieve great things, don’t think about making enemies everywhere.”

As he spoke, Huang Shao slowly stepped in front of Zhang Lei and said indifferently, “Young man, your temper is not too good, this is not good.”

Zhang Lei held his arms: “Whether my temper is good or not depends on who I’m talking to!”

“Alright, let’s not mention that!” Huang Shao waved his hand, “You heard what I said just now, right? How about giving me face, no matter who is right or who is wrong, don’t mention it again, just forget it.”

“You say forget it and forget it?” Zhang Lei said in an unkind tone, “I’m still waiting for that guy to get me killed!”

“What, you have to make a big deal out of it before you’re happy?” Huang Shao frowned slightly and asked in a deep voice.

“So what if I have to make a scene?” Zhang Lei’s face also sank steeply, and he asked in an unkind tone.

“Lei Zi, forget it!”

At this time, Ji Feng spoke up and said indifferently, “This friend is right, we are also here to have fun, not to have a grudge against someone.”

Huang Shao nodded slightly, with a bland smile on his face, he said, “That’s right, since you are all friends of Wang Tong, then we are all friends, I think this way, this is not the place to talk, let’s find a teahouse and sit down, it’s also a formal acquaintance, the so-called no fight, no deal!”

Everyone froze for a moment, no one had expected that Huang Shao would actually say the words of making friends.

Whether it was Li Zihao or Wang Tong’s girlfriend Kan Miao, they were all stunned.

Li Zihao knew very well what kind of person Huang was. In the past, someone had offended him and was made to go nowhere, and in the end he was thrown into prison and has not yet come out.

Even some officials in Southern Guangdong had to be polite when they met him, so it was clear what kind of person he was!

Kan Miao was even more shocked than Li Zihao.

For example, this time, she had spent a lot of money to invite Mr. Huang.

But what was so shocking now was that Huang was so kind as to go for tea with Wang Tong’s friend?

The sun had come out of the west?

Zhang Lei was also a little surprised, but immediately afterwards, his heart steeped in alarm. This Huang Shao appeared to be very vague, and at a glance, he was not a good fighter. How could a person like this be so amiable?

However, to say what this guy's purpose was, Zhang Lei couldn't immediately figure it out, so he glanced back at Ji Feng, only to see Ji Feng's brow slightly furrowed and a sharp aura flashing in his eyes.

It was obvious that Ji Feng had also sensed that something was wrong.

In fact, he could vaguely see through the motives and intentions of this young Huang.

In fact, from the moment he arrived here, Ji Feng had been staring at the few people with Wang Tong and carefully observing them, because they came here with a purpose in itself, so Ji Feng observed these people especially carefully.

Ji Feng could tell at a glance that this Huang Shao had an ulterior motive!

Campus Master Chapter 2008

Ji Feng could tell at a glance that this young Huang had ulterior motives!

This was evident from the huge change in attitude that this so-called Huang Shao had shown before and after!

From the very beginning, this guy, who was called Huang Shao, did not show such an amiable face as he did now. From the first time he saw Huang Shao, Ji Feng saw that this Huang Shao clearly had a frivolous look on his face, and there was a smugness and arrogance between his eyebrows.

In fact, this conflict was completely caused by Ji Feng and Zhang Lei on purpose. Before the conflict occurred, they had already learned the exact location of Wang Tong and the others, and it was only after Ji Feng had conferred with Zhang Lei that they made the trip here together, just to deliberately wait for Wang Tong and the others here and then deliberately start the conflict.

So before the two sides even met, Ji Feng was already prepared, and every move, even a change of expression, of all the people around Wang Tong fell into his eyes!

Among these people, the main target of Ji Feng's observation was this young man who was called Huang Shao!

There is no doubt that this is a person with a certain status, or to put it more bluntly, this is a person with a background, and this person's family is not an ordinary background!

So, at first, this young man Huang had always shown that feeling of being superior to others, and of course the people around him were all surrounding him, carefully but digging around him to please him.

And when Wang Tong's girlfriend approached Huang Shao every time, the latter would intentionally or unintentionally want to have physical contact with her, especially the few small movements of this Huang Shao, even from a long distance away, Ji Feng could see clearly.

Likewise, at this time he also saw Wang Tong's expressionless face, it was obvious that Wang Tong's heart was extremely uncomfortable at that time.

This also illustrated some of the character traits of this young Huang, who was arrogant, cocky, thought he was superior to others and had a coloured heart.

It was for this reason that he had the audacity to make a move on Wang Tong's girlfriend, knowing that Wang Tong was right next to him.

From this, it could be seen what kind of person this young Huang was!

The few people next to him were also obviously all revolving around Huang Shao, and should all know what Huang Shao had in mind, so when they were walking, they would always move their bodies intentionally or unintentionally, just enough to block Wang Tong's view, so that he couldn't see what Huang Shao was trying to do.

It was when Zhang Lei saw this situation that he ruthlessly hit the guy named Li Zihao. It was because Zhang Lei had anger in his heart, and among these people, this Li Zihao was also one of the most dogged guys, so Zhang Lei naturally targeted this person.

As a result, a conflict occurred.

At this time, what Huang Shao showed was an extremely grim character, especially his eyes, which were like those of a poisonous snake, so it was clear that this person was definitely a ruthless and spicy kind of person!

Especially when Huang Shao looked at Zhang Lei, the kind of gloomy and cold look in his eyes made Ji Feng extremely wary and impressed him quite deeply.

Ji Feng believed that at that time, Huang Shao definitely wanted to give Zhang Lei a ruthless beating, and there were even more ruthless methods waiting for Zhang Lei.

But instead, things were just a not too serious clash!

From this, it could be seen that this Huang Shao was definitely a cold and vicious guy.

However, as soon as Shen Jingyi stepped forward, Huang Shao abruptly changed his look, the grim look on his face and in his eyes seemed to disappear without a trace, replaced by a blandness, and some faint arrogance.

But no matter how Huang Shao disguises himself, Ji Feng has already seen through this person.

And more importantly, when Huang Shao looked at Shen Jingyi, his eyes revealed the kind of strong greed and desire to possess, but how can not be disguised, no matter how he disguised, his heart deepest kind of desire ` , can not be disguised.

Huang had fallen in love with Shen Jingyi!

Or rather, this Young Master Huang saw Shen Jingyi as his prey!

That was why he had suddenly changed his attitude, even going so far as to press Li Zihao, who had suffered a loss, to keep him from retaliating, and, moreover, extremely oddly, offered to go to the teahouse for a cup of tea and have a seat together.

Ji Feng couldn't help but secretly sneer, this Huang Shao who also appeared from nowhere, could be really arrogant, and actually dared to hit Shen Jingyi's head with his idea.

The fact that Zhang Lei has a fiery temper, the identity and background of Shen Jingyi alone is not something that ordinary gentlemen and young masters can get their hands on.

Even some sons who could be called high officials were not qualified to have any idea about Shen Jingyi, let alone, her boyfriend or Zhang Lei?

Ji Feng secretly gave this young Huang a sympathetic glance and couldn't help but shake his head and smile, I'm afraid this is the so-called frog at the bottom of the well that doesn't know how big the sky is!

"What, this friend shakes his head, is he disagreeing with my proposal?" Huang Shao, however, saw Ji Feng shaking his head and laughing, he couldn't help but raise an eyebrow and ask.

"Of course you can have tea, only, I just don't know what class of teahouse your Excellency would like to go to?" Ji Feng smiled faintly, "I have to remind your Excellency in advance, the consumption in Jiangzhou is not low ....."

"Nonsense, can Huang Shao still be afraid of high consumption?" Before Ji Feng finished his words, Li Zihao immediately snorted, "What a mud-legged man who hasn't seen the world, if you knew who Huang Shao was, you would definitely regret saying that!"

Having been hard pressed by Huang Shao just now, Li Zihao had long been holding his anger, and now seeing that Ji Feng had underestimated Huang Shao, his tone was naturally not much better.

"Is that so?"

Ji Feng laughed and didn't get angry, he just asked indifferently, "I wonder, who exactly is this Young Huang?"

Li Zihao immediately grunted and stepped forward and said proudly, "Kid, do you know about Yuezhou, the provincial capital of Southern Guangdong? Our Huang Shao is the capital of Yuezhou ....."

"Little Li!"

Before Li Zihao could finish his words, he was interrupted by Huang Shao: "We are here to have fun, to make friends, not to show off our status, watch your words!"

But Ji Feng had a plan in mind, he laughed, "I said, it turns out to be a grandson from Yuezhou, the capital of the number one economic province in China, not much worse than Jiangzhou, so naturally, it goes without saying that Huang Shao's class, right?"

"Net nonsense!" Li Zihao bristled.

"You'd better keep your mouth clean, or else I don't mind teaching you a lesson!" Zhang Lei's face sank as he said in a cold voice.

“..... Humph!”

Li Zihao was just about to retort when he saw Zhang Lei’s ice-cold eyes, he gritted his teeth and stiffly did not dare to say anything, only letting out a cold snort from his nose.

Zhang Lei glanced at him and stopped paying attention to him.

Huang Shao said, “I heard that there is a nice teahouse around here, I think we can go there, a few of you, please.”

Zhang Lei was not polite and took a few steps to Wang Tong’s heels, slapping him on the shoulder and laughing, “Brother, I didn’t expect to see you again after just a short time apart, right?”

“Indeed, I didn’t expect it!” Wang Tong nodded his head with a bitter smile.

“You kid, enough of a brother!” Zhang Lei, however, laughed out loud as he put his arm around Wang Tong’s shoulders and laughed loudly, “Let’s go, let’s have tea, I’ll buy you a drink again tonight, we can have a good drink then!”

“.....”

Wang Tong nodded his head, but his expression was odd.

It was only until this moment that Wang Tong managed to react to the fact that they were actually going to have tea!

He had to know that before, he had suddenly exploded and let out all those grief and grievances that he had been holding in his heart, and in fact, at that time, he had already held the intention of breaking up with his girlfriend and taking all the consequences.

Although Wang Tong knew very well that the consequences would be very painful for him, he really didn’t want to watch his good brother being humiliated by his girlfriend and these gentry, and he didn’t want to feel guilty every time he thought about it in the future.

So Wang Tong exploded.

However, what Wang Tong didn’t expect was that the direction of things had taken a hundred and eighty degree turn from what he had imagined, and somehow they were going to have tea together!

This was really too strange, had this young Huang taken the wrong medicine, or were all those rumours in the past false?

No matter how much Wang Tong couldn’t figure it out, the truth was this, and after deciding to go for tea, Huang Shao made a phone call to someone to transfer two commercial vehicles over.

At this time, Ji Feng also took out his mobile phone and sent a message.

But what was surprising was that after just over ten minutes of Huang Shao’s call, someone actually delivered the commercial vehicles, which were said to be parked at the street corner of the pedestrian street.

This made Ji Feng and Zhang Lei both a little surprised, to be able to transfer the car over in such a short period of time, and this Huang Shao was still from Yuezhou, and actually had such great energy in Jiangzhou, this was really unexpected.

“Humph!”

Li Zihao disdainfully glanced at the slightly surprised Ji Feng and Zhang Lei, looking somewhat smug, as if to say, Huang Shao’s energy is big, right? You all can’t even imagine it, let alone compare it to Young Huang!

Huang Shao also looked pleased with himself, but still made a bashful expression and said, “A few of you please, by the way, it should be ladies first, this ..... one.”

His voice came to an abrupt end because at this time, Bai Zhu also came from nowhere to follow Ji Feng.

The corners of Huang Shao’s eyes almost jumped sharply and wildly a few times!

There was a stunning beauty?

He took a deep breath, and a dense look of greed flashed in his eyes, along with a look of excitement, before he very gently invited everyone to the street to take a ride.

He was unaware that all these reactions of his had fallen into the eyes of Ji Feng, only that Ji Feng did not say anything and just followed them behind very naturally.

“Ding .....”

As soon as he got into the car, Ji Feng’s mobile phone rang, but he didn’t even look at it, he just took out the wireless headset from his pocket and put it on, and answered the phone.

“Hello .....”

“Little Feng, did you encounter something, why did you suddenly remember to ask me to check people out for you?” A familiar voice came over the phone, but it was Zheng Yuanshan who had been transferred to Southern Guangdong.

“Mmm! Yes, I’m fine, how’s the situation on your side?” Ji Feng asked indifferently.

As soon as Ji Feng said that, Zheng Yuanshan immediately understood that it was not convenient for him to talk on his side, so Zheng Yuanshan stopped asking questions and instead said directly, “Little Feng, according to what you said, I’ve already guessed who you’ve run into .....”

“Mmm! Yes, I’m fine, how are things on your side?” Ji Feng asked indifferently.

Once Ji Feng said that, Zheng Yuanshan immediately understood that it was inconvenient to speak on his side, so Zheng Yuanshan stopped asking more questions and instead said directly, “Little Feng, according to what you said, I’ve already guessed who you’ve run into .....”

Ji Feng is obviously answering the question, that is obviously a situation around, certainly not convenient to speak, Zheng Yuanshan is a police officer origin, to now still within the police system, and

in charge of a province's police system, how keen his sense of smell that is naturally needless to say, so Zheng Yuanshan also did not have the slightest polite, directly open to the point.

"Oh?"

Ji Feng smiled but raised his eyebrows slightly and smiled, "Tell me."

Zheng Yuanshan said on the phone, "I just came to South Guangdong not too long ago, I have not yet figured out the situation here, and even the names of many officials below South Guangdong are not too clear yet, but according to what you said, if this Huang is really from South Guangdong, and he is not small, then as far as I know, there is only one person in Yuezhou who can match the number."

"Hmm!"

Ji Feng simply replied and didn't say anything more.

Zheng Yuanshan also knew that it was not convenient for Ji Feng to speak, so he only paused slightly before continuing, "Among the officials I know in Southern Guangdong, there is only one who can match the number, and that is the mayor of Yuezhou, the provincial capital of Southern Guangdong, Huang Bingxian. There must be quite a few officials in the whole of Southern Guangdong with the surname Huang, but from what you said, the one you met with the surname Huang should be related to Huang Bingxian."

"Of course, as to what kind of person he is to Huang Bingren, I am not sure, Huang Bingren has sons and other relatives, whether the person you are talking about is his relative or his son, since I have not seen the photo, so I cannot be sure yet." Zheng Yuanshan said.

Ji Feng smiled and said vaguely, "Okay, thanks, I know."

Zheng Yuanshan naturally knew that Ji Feng was playing sloppy and was doing it for the people around him, so he lowered his voice over the phone.

"This is just my personal judgment, you can refer to it, but Ji Feng, I have to remind you that many officials nowadays are extremely bad at disciplining their children, and even the children of many small cadres' families are wildly out of control, so you have to look carefully and never get preconceived notions, maybe the one you met surnamed Huang might be the child of some small cadre who is just out there He's just a big tail!"

Zheng Yuanshan said, "Another thing I want to tell you is that Huang Bingren is a hardcore over there, and is also considered a tough guy, so you should pay attention to that."

Ji Feng nodded slightly and said, "I know."

When Zheng Yuanshan said this, Ji Feng's mind was instantly clear.

This did not surprise Ji Feng at all, because the Wu family had taken over Southern Guangdong like a backyard and refused to let go.

The reminder of Zheng Yuanshan on the phone at this moment is only for Ji Feng to adjust his attitude and strategy towards Huang Shao, which Ji Feng knows very well in his heart.

Zheng Yuanshan gave a hint and said, "You can judge the specifics yourself, and I'll check it out again for you from my side, if possible, you'd better secretly take a photo and send it over so you can determine who exactly it is that you've come across."

Ji Feng laughed, "Let's wait until I research it."

Zheng Yuanshan then knew that Ji Feng had understood what he meant, so he said, "Alright then, that's it for now, I have a meeting below, call me anytime if anything happens."

Ji Feng answered, and then closed the line.

At this time, Zhang Lei pretended to ask inadvertently, "Did you hear back from the matter you entrusted to others?"

"Mm!"

Ji Feng nodded and said, "Basically, it's almost done."

Zhang Lei smiled, "That's good."

Ji Feng smiled faintly and didn't say anything, but Zhang Lei had already understood it by heart.

The two brothers had been friends for so many years and had long since cultivated enough tacit understanding, and with these few simple words, Zhang Lei had gotten enough information.

The conversation between the two did not arouse anyone's alarm, even when Ji Feng was on the phone just now, Huang Shao and the others only turned their heads to look at it before turning their heads back again, obviously they did not have the slightest interest in this call from Ji Feng.

Especially since Ji Feng was talking about nothing nutritious while on the phone, what with all the umming and ahing and such, they were not interested in eavesdropping.

However, Huang Shao and the others did not know that their details were already largely known to Ji Feng.

Although Zheng Yuanshan was not sure who this Huang Shao was, but Ji Feng was basically certain that this person had a very close relationship with Huang Bingxian, the mayor of Yuezhou, and in all probability was either Huang Bingxian's son or his nephew.

The reason is that in this Huang's face, Ji Feng can see the kind of arrogance and self-congratulation that is characteristic of a playboy. What's more, this arrogance on Huang's face is not the kind of bravado shown by the children of those small cadres, Huang is obviously obviously feeling very good about himself.

Moreover, this Huang Shao obviously also has some energy, he came to Jiangzhou from Yuezhou, but also able to call a car to pick up, enough to see Huang Shao's social connections or very extensive.

In fact, even if Ji Feng had gone to another city, he might not have been able to do so.

The children of a small cadre are nothing but cadres in China, and a small cadre's children are nothing when they go abroad, especially to an international metropolis like Jiangzhou.

Therefore, Ji Feng judged that this Huang Shao must be of some origin.

When combined with Zheng Yuanshan's analysis, Ji Feng immediately concluded that this Huang Shao was a member of the family of the mayor of Yuezhou, Huang Bingxian.

Now that he knew the other party's details, Ji Feng had a plan in his mind.

The next journey, Ji Feng, they did not speak again, but Huang Shao, from time to time, said some seemingly very cultured and insightful words, his face has been wearing a warm smile, seemingly very poised.

But Ji Feng clearly saw that when Huang Shao was talking, his eyes always involuntarily darted to Shen Jingyi and Bai Zhu, although he hid it well, but he could not escape Ji Feng's eyes.

Zhang Lei also noticed it, and his brow immediately furrowed, his eyes immediately became much colder.

This son of a bitch actually dared to have a bad idea?

Zhang Lei was not a person with a good temper, he glanced at that Huang Shao and Li Zihao, and sneered in his heart, "It seems that these two guys really owe it to themselves!"

However, although Zhang Lei was not very good-tempered, he was not a person who liked to be impulsive when he encountered something hot-headed, so he just bared his teeth and sneered twice, but did not say anything.

In fact, Zhang Lei is not in a hurry, now is to find out what kind of problem Wang Tong has encountered, not to play with these few dudes, to clean them up, there is plenty of time and means.

Moreover, these guys definitely couldn't get away, sooner or later they would be cleaned up!

The first thing she did was to look at Huang Shao's eyes, so she didn't look too good, no matter how vivid and interesting his words were, and how much the others were bragging, she sank her pretty face and didn't even look at Huang Shao.

As for Bai Zhu, she didn't even look at these people directly from the beginning to the end.

She was only concentrating on protecting Ji Feng, so she wouldn't have bothered to listen to all that nonsense from Huang Shao!

What's more, Bai Zhu's experience was so rich that Huang Shao's so-called insight was like a child's show-off in front of her, not worth a single word.

It didn't take long for them to arrive at a teahouse not far from the pedestrian street, when they arrived, Huang Shao didn't know when he had already arranged for someone to book the private room, and was now putting on a gentle and elegant appearance, and asked everyone to sit down as the host.

Ji Feng's heart became one point more certain about Huang Shao's identity.

"Everyone has sat down, so I'll say a few words ....." Huang Shao had a gentle smile on his face, as if he was a leader, and swept his gaze from all of them and said, "There was a little conflict between each other earlier, but it turned out that it was just a misunderstanding, it's fine if we talk about it."

Li Zihao and the others all nodded in agreement, including Wang Tong's girlfriend, Kan Miao, who also nodded repeatedly, saying that what Young Huang said was right.

Only Ji Feng and Zhang Lei were the only ones who either didn't even look at him or casually stroked their teacups, not giving any indication at all, which made Huang Shao's face more or less unbearable.

An unhappy look flashed across his eyes, somewhat gloomy, but when his gaze fell on Shen Jingyi and Bai Zhu, he followed up with a smile, "Wang Tong, since these few people are your friends, why don't you hurry up and introduce them?"

Wang Tong hesitated for a moment, he was still a bit confused as to whether this notoriously ruthless and domineering young man Huang wanted to make friends sincerely or if he had something else in mind at the moment.

If they were introduced, then Huang would know Ji Feng's identity and details, and if Huang wanted to retaliate, Ji Feng would not be able to escape!

Obviously, Ji Feng and Zhang Lei are just ordinary students, with Huang Shao's ruthlessness, if he wants to retaliate against them, it would be too easy to do so.

..... Up until now, Wang Tong didn't know what the real identities of Ji Feng and Zhang Lei were, and if he did, I'm afraid he would have mourned for Huang Shao and the others.

"What, embarrassed to be introduced?" Seeing that Wang Tong was hesitant to speak, Huang Shao couldn't help but raise an eyebrow and ask.

"Wang Tong, hurry up and introduce your friend!" Next to him, Kan Miao hurriedly said, "Let them get to know Young Huang as well, this is a rare opportunity."

"....."

Wang Tong smiled and suddenly felt a pang of tiredness.

Campus Master Chapter 2010

"What, embarrassed to be introduced?" Seeing that Wang Tong was hesitant to speak, Huang Shao couldn't help but raise an eyebrow and ask.

"Wang Tong, hurry up and introduce your friends!" Next to him, Kan Miao hurriedly said, "Let them get to know Young Huang as well, this is a rare opportunity."

"....."

Wang Tong smiled and couldn't help but feel a pang of mushyness.

He had already sort of flipped out with Li Zihao and Huang Shao just now, especially after he had angrily yelled out his heart and told Kan Miao what he really wanted, in reality he was almost like having nothing to do with Kan Miao and Huang Shao and the others at all.

Wang Tong had basically made it very clear at that time that Ji Feng and Zhang Lei were his good friends and he could never pretend not to know them for any other reason, unless Ji Feng and Zhang Lei were

no longer willing to be friends with him, otherwise, they would always be good brothers, which Wang Tong had made very clear.

However, at this moment, Kan Miao is as if he did not hear it at all, not even half a sign of anger, only urging himself to introduce Ji Feng and Zhang Lei to Huang Shao ..... This really makes Wang Tong a little strange.

If it was in normal times, Wang Tong would have done even a little bit to make Kan Miao unhappy, it would probably have attracted a scolding.

Of course, after all, he and Kan Miao were boyfriend and girlfriend, so scolding and accusations were basically out of the question, but even that kind of scolding would have been extremely uncomfortable.

In fact, for many people, they would rather have a fight with someone than be counted, that kind of feeling is really not very pleasant.

And that's what Kan Miao used to do!

But today, Kan Miao was almost uncharacteristically not angry at all, instead he even thought of making himself get on good terms with Huang Shao and the others .....

Wang Tong knew very well that this was definitely not because today Kan Miao's heart had suddenly opened up, nor was it because what he had done before made Kan Miao feel good, but because, it seemed that Young Huang valued Ji Feng and Zhang Lei and wanted to make friends with them .....

It is because of this that Kan Miao is so.

This kind of utilitarian and purposeful way of doing things made Wang Tong really tired of it.

Did they have to be so cozy with these gentry?

Why couldn't they just get on with their lives, do their business honestly and live a normal life?

Wang Tong was a bit puzzled, for example, Kan Miao's family, although they were considered very rich and powerful, in front of ordinary people they were definitely successful people and rich.

However, in the eyes of those powerful people, they were not even a fart.

Moreover, because they want to make money, they all have to suck up to those powerful people, and even if they watch those powerful people molest their wives and daughters, they can only turn a blind eye to it, or even pretend not to see it.

What can one do with such a life, even if one is rich? Is it necessarily a happy life?

Looking at Kan Miao constantly making eyes at himself, threatening and frowning, and even pleading a little, Wang Tong's heart really didn't feel good.

So Wang Tong gritted his teeth and just said dryly, "These two are my friends, this is Ji Feng and he is Zhang Lei ....."

And after that, he didn't say anything else.

Kan Miao was furious and stared straight at him, but Wang Tong simply pretended not to see, just turned his head straight to the side and didn't even look at her.

Kan Miao was furious, but with so many people present, she couldn't do anything to Wang Tong, so she could only suppress her anger and see how Huang Shao would react.

However, to Kan Miao's surprise, Wang Tong's reaction was so cold, but Huang Shao did not show any displeasure, instead he smiled gently and said, "So it's Mr. Ji and Mr. Zhang, what a pleasure to meet you."

The corner of Ji Feng's mouth tugged, sort of showing a smile, but he didn't say anything.

Zhang Lei, on the other hand, simply pretended that he hadn't heard it and didn't react at all.

Huang Shao, however, did not look embarrassed, but turned his gaze to Shen Jingyi and Bai Zhu, and he asked with a smile, "So ..... I wonder what to call these two beautiful to the core ladies?"

Shen Jingyi said, "I'm Zhang Lei's girlfriend, if there's anything you can tell him, you don't need to ask me, so you don't need to know my name."

Bai Zhu's reply was even more dry to the extreme ..... only to see Bai Zhu just sitting beside Ji Feng, not reacting at all, turning a deaf ear to Huang Shao's words and simply ignoring him.

"..... Heh!"

This time, Huang Shao couldn't help but be a little embarrassed, he forced a smile and said, "It seems that the two beautiful ladies can be extremely opinionated and individualistic, well, that's good, it's more important for a girl to have an opinion than anything else, that's the kind of girl I appreciate."

"....."

Shen Jingyi and Bai Zhu glanced at Huang Shao separately before turning their heads away again, not even looking at him anymore.

The atmosphere was instantly awkward, no matter how that young man Huang racked his brains trying to strike up a conversation with Shen Jingyi and Bai Zhu, the response he got was either more distant and guarded than a stranger, or, he was simply not even getting a response!

For this, Ji Feng and Zhang Lei acted as if they didn't even see it, and just drank their own tea, ignoring Huang's accosting of Bai Zhu and Shen Jingyi.

It was Li Zihao and the others who couldn't help but glance at Bai Zhu and Shen Jingyi and muttered in their hearts.

It was obvious that Young Huang had taken a liking to these two women.

It was precisely for this reason that he had just stopped Li Zihao from calling people over to clean them up. For Huang Shao's character, Li Zihao really knew a lot about him, Huang Shao was a person who liked two things most, the first being money, he was very keen on money, and he wanted to get a foot in many money-making businesses, even going so far as to put up his old man's banner for this purpose.

Apart from that, there was one more hobby for Shao – he liked beautiful women!

I don't know how many people know this, especially in that circle in Southern Guangdong, but this hobby of Huang Shao's can be said to be known by everyone.

Now just by looking at the way Young Huang looked at Bai Zhu and Shen Jingyi, Li Zihao knew that he definitely had his eye on these two women.

"It seems that sooner or later, I will have to call them sisters-in-law." Li Zihao secretly said.

With Shao Huang's tactics, as well as his strong monetary capital and status and position, it would definitely not be too difficult to get Shen Jingyi and Bai Zhu into his hands.

In this way, when you see Shen Jingyi and Bai Zhu again in the future, you will have to call her sister-in-law.

..... As to whether Huang Shao can handle Shen Jingyi and Bai Zhu, and whether he can make them sincerely follow Huang Shao, Li Zihao really has no doubt at all.

The women who have been played by Huang Shao over the years, I'm afraid I can't count them all, every time after playing are also discarded like a piece of cake, simply not even a half of pity feelings.

However, Bai Zhu and Shen Jingyi are different.

Even Li Zihao could see this clearly, because these two women were really too beautiful, Li Zihao thought he had seen countless women, but he had to admit that of all the beauties he had seen, none of them could be compared to Bai Zhu and Shen Jingyi.

These two girls were simply too beautiful.

In fact, if we were just talking about beauty, there were quite a few beautiful women he and Huang Shao had seen, and there were also those who were not on par with the two Bai Zhu girls in terms of their looks.

But the two women had a very unique aura, as if they were naturally beautiful and confident from the bottom of their hearts, which no one could compare with.

It is no wonder that Huang Shao was moved.

These two guys look like they are running amok and think they are so great, but in reality, they don't know that their women will soon change their hearts and fall into Young Huang's arms.

If that time comes, let's see how they can still behave!

The thought of their grief and anger when they learned that their girlfriends had actually fallen into someone else's arms made Li Zihao's heart feel particularly happy!

"Hehe ....."

Huang Shao had seen a lot of these situations, for example, some girls looked very innocent, but in reality, they were even crazier than even the boys, and as long as you were willing to spend money, you would have anything you wanted.

So he wasn't in a hurry and started to continue talking to Ji Feng.

“You two, you’re both good friends of Wang Tong right, I wonder which school you’re both at?” Huang Shao asked lightly with a smile on his face.

“United University!” Zhang Lei replied indifferently, acting plainly, “I just don’t know if there’s anything that Young Master Huang would like to instruct me on?”

“Eh~~!”

Huang Shao waved his hand and laughed, “I wouldn’t dare to use the word instruct, I just seem a bit curious about your situation, if you don’t want to talk about it, you can leave it out.”

“Curious?”

Zhang Lei raised an eyebrow and asked, “What is there to be curious about? Did you never go to university?”

Huang Shao smiled, “I’m just a little curious, since you guys were in the same class as Wang Tong during high school, how come you’re still in school? As far as I know, Wang Tong has already graduated more than a year ago.”

Zhang Lei instantly turned his head and glanced at him, grinning, “What, is Huang Shao from the Household Registration Office?”

Huang Shao was slightly stunned, “What do you mean?”

“I see that you don’t look like you’re here to play, instead you look like you’re here specifically to check the account!” Zhang Lei said derisively, his tone of voice not sending sarcasm.

“Heh!”

Huang Shao shook his head and laughed, not saying anything else, but he was incredibly wary in his heart, it seemed that Ji Feng and Zhang Lei were not only powerful in fisticuffs,, they were also quite shrewd in person, Zhang Lei had already blocked out some of the questions he had written down with just one sentence.

Just at this time, Ji Feng suddenly stood up and said in a flat voice, “Wang Tong, come out for a moment, there is something I want to talk to you about .....
