

Campus Master 2011

Zhang Lei instantly turned his head and glanced at him, grinning, "What, is Huang Shao from the Household Registration Office?"

Huang Shao was slightly stunned, "What do you mean?"

"I see that you don't look like you're here to play, instead you look like you're here specifically to check the account!" Zhang Lei said derisively, his tone of voice not sending sarcasm.

"Heh!"

Huang Shao shook his head and laughed without saying anything else, but he was incredibly wary in his heart, it seemed that not only were Ji Feng and Zhang Lei not one person in terms of fights and kicks, the person was also quite shrewd, Zhang Lei had already blocked out some of the questions he had written down with just one sentence.

Just then, Ji Feng suddenly stood up and said in a flat voice, "Wang Tong, come out for a moment, there's something I need to talk to you about"

Wang Tong was slightly stunned, and then he intended to stand up, at this time he heard Huang Shao suddenly say, "Since we are all friends now, isn't it good to talk about anything here?"

Ji Feng only smiled faintly, but did not reply to him.

Seeing this, Wang Tong hurriedly accounted for it, "Go, let's go out and talk, don't disturb their chat"

Perhaps Ji Feng and Zhang Lei did not know what this Huang Shao was from, but Wang Tong knew, he was afraid that because of that cold attitude of Ji Feng and Zhang Lei and provoked Huang Shao, then it would be trouble.

But it seemed that Huang Shao did not seem to be angry, which made Wang Tong somewhat relieved, but he was still a bit unsure in his heart, so he hurriedly pulled Ji Feng out.

"Ji Feng, you shouldn't have offended them like that!"

Just after arriving outside on the corridor, Wang Tong couldn't help but whisper, "That Huang Shao has a great deal of power, and he's a person who is known to be ruthless, almost no one in Yuezhou dares to go against him, it's really too dangerous for you to offend him like this."

Ji Feng laughed: "How dangerous is it?"

"Ugh!"

Seeing this careless look on his face, Wang Tong couldn't help but sigh and said, "Ji Feng, you don't understand the seriousness of the matter, in fact, I'm not too sure how ruthless this Huang Shao really is, but just from what I've heard, it's scary enough, so why would you bother to offend him!"

Ji Feng smiled and nodded, saying, "OK, OK, I'll listen to you."

Wang Tong was slightly relieved, but in fact he didn't know that if he hadn't seen him being bullied so much among this group of people, how could Ji Feng and Zhang Lei and the others have come to cross this group of people specifically?

But Ji Feng was not going to mention this.

"By the way, what did you want to talk to me about when you called me out?" Wang Tong asked in a somewhat strange manner.

"It's nothing too important, I just seemed to hear you talk about some situation when you were rather emotional just now, so I thought, are you in some kind of trouble, so I rashly asked about it." Ji Feng smiled, "Is it a bit inappropriate for me to ask this?"

Wang Tong was slightly stunned, an embarrassed look appeared on his face and he smiled with some difficulty.

Seeing this, Ji Feng said, "Forget it if it's inconvenient to say, I'm just asking off the cuff"

Before Ji Feng finished his words, he saw Wang Tong waved his hand with a bitter smile and said, "Between us brothers, there is nothing inconvenient to say, it's just that this matter Hi~~ I really don't know where to start!"

"It's complicated?"

Ji Feng asked with a frown.

Wang Tong shook his head and said, "It's not very complicated, it's just that"

"Excuse me, excuse me!" A man passed by in the corridor and interrupted Wang Tong's words, causing both Ji Feng and Wang Tong to take two steps backwards to make way for the aisle.

This time, Wang Tong stammered even more when he spoke.

Seeing him hesitate like this, Ji Feng immediately said, "Let me see, this is not the place to talk either, why don't you come back with me and we'll talk at home."

"Go home?"

Wang Tong was slightly stunned, "It's better not to bother, everyone is here now, if just a few of us go, isn't it not good?"

"What's so bad about it? Those guys don't look like they're on the same side as you, so I'm sure you're not friends either, so why hang out with them?"

Ji Feng waved his hand and said, "It's settled, bring your girlfriend along, we haven't seen each other for such a long time anyway, so we should sit down and have a good drink!"

Wang Tong hesitated for a moment and finally nodded, "This is fine."

Ji Feng immediately laughed, "Then you wait for me here for a while, I'll go get Lei Zi and the others"

"Wait a minute!" Wang Tong called out to him in a panic.

“What, what else is wrong?” Ji Feng turned back and asked.

“So what, it’s better for me to go with you, where Huang Shao is, try not to offend him!” Wang Tong said. He was worried that if Ji Feng spoke too directly when he went, he would make Huang Shao lose face, and if there was a conflict then, it would definitely be Ji Feng and Zhang Lei who would suffer.

So Wang Tong decided to go along, when the time came he would come and talk to Huang Shao and the others, even if it offended Huang Shao, he should be the one to offend, anyway, he had already given up once before, it was no big deal to do it again.

To Wang Tong’s heart, Ji Feng could also guess a few points, but he did not say anything. He only wanted to find out what kind of problem Wang Tong had encountered first, as for the rest, it could all be postponed.

What’s more, perhaps in the eyes of Wang Tong and his girlfriend, Huang Shao was already a great big shot, but for Ji Feng, he really didn’t see Huang Shao in his eyes.

However, it was the identity of Huang Shao that made Ji Feng more or less interested.

The family of the mayor of Yuezhou, Huang Bingxian

Ji Feng sneered in his heart, he was still discussing with He Hongwei earlier on how he should enter Southern Guangdong, and now Huang Bingmen’s family showed up, so he might be able to make use of it.

The two quickly returned to their seats, and Wang Tong gave Ji Feng a wink, signaling him to speak for himself.

Ji Feng nodded and didn’t argue with him, he just swept a customary glance at everyone, and then he noticed that Zhang Lei was holding his arms, staring coldly at Huang Shao, that icy look, and that sharp look in his eyes were not even the slightest bit disguised, it was a completely hostile attitude.

Ji Feng couldn’t help but frown slightly, this Huang Shao did something excessive again?

“So what young Huang, I have something to go out with my friend for a while, it might take a little longer, so let’s stop here today, shall we?” When Wang Tong spoke, he more or less stumbled, obviously he was a little nervous in his heart, worried that he might offend Huang Shao, and these words were probably said with a stiff upper lip.

“Oh?”

Huang Shao glanced at him and asked, “Little Wang, what do you mean, are you going to leave first?”

Wang Tong nodded, “Yes.”

Young Huang nodded, “Good then, go ahead and go out with your friend, we’ll wait here

Saying that, he looked at Shen Jingyi and Bai Zhu and smiled gently, “It just so happens that I know of a private club not too far away from here that is not open to the public, the environment and facilities inside are very well done, why don’t we go there and wait for them?”

Once Wang Tong took a look at Huang Shao's demeanor and the direction his gaze was looking, he couldn't help but stutter in his heart.

It was bad!

Young Huang had taken a fancy to the two girls who had come with Ji Feng and the others!

And more importantly, it was obvious that Young Huang had now decided to make a move on them, otherwise, he wouldn't have openly invited them right in front of Ji Feng and Zhang Lei.

No wonder Young Huang had suddenly become so amiable!

At this moment, Wang Tong suddenly thought about it, he had wondered before, although he had not dealt with Huang Shao before and had hardly met him, yet he had often heard rumours about how bad this person was, how he was domineering, ruthless and so on.

But today, Huang was so polite, which was indeed a surprise to him, and his heart was also somewhat unsure.

But now, everything was clear to Wang Tong.

The man named Huang was not interested in wine, but in fact he had taken a liking to these two girls from the very beginning, which is why he suddenly changed his decision to be friends with Ji Feng and the others, and said that his friends were also their friends It was simply bullshit!

Wang Tong could not help but grit his teeth at once¹

The man named Huang was simply too deceitful, before he and Li Zihao looked at Kan Miao with a lustful meaning, only because they did not have substantial action, and Kan Miao will also protect himself without traces, coupled with the various difficulties he faced, so Wang Tong forced himself not to seize.

But now, this Huang had actually hit on his brother's girlfriend, even though Ji Feng and Zhang Lei were now right in front of him, he actually did this to his face, as if Ji Feng and the others did not exist.

This was no longer bullying, it was insulting!

For any man, this was an unbearable insult.

An uncontrollable anger rose steeply in Wang Tong's heart, the surname Huang was too insulting!

They had first made a move on Kan Miao, if Kan Miao hadn't been able to protect herself, she wouldn't have known how much she would have been taken advantage of, but now, instead of restraining themselves, they had intensified!

Wang Tong, who was already holding his fire, could not hold back any longer, he said with a sullen face, "..... Young Huang, I think you may have misunderstood, what I mean is, let's end here today, you and Li Gongzi and the others can make themselves comfortable, we all have to go together... .."

"Boom!"

Before Wang Tong could finish his words, he was interrupted by a loud bang, only to see Li Zihao slamming the table, glaring and bellowing, "Wang Tong, who the hell are you, how dare you talk to Young Master Huang like that? You're fucking pig-headed, I think you don't want to get involved in Southern Guangdong anymore!"

At the same time, Huang Shao's face was also gloomy, he slightly narrowed his eyes and uttered a sentence in a deep voice

Campus Master Chapter 2012

"Boom!"

Before Wang Tong could finish his words, he was interrupted by a loud bang, only to see Li Zihao slamming the table, glaring and bellowing, "Wang Tong, who the hell are you to speak to Young Huang like that? You're fucking pig-headed, I think you don't want to get involved in Southern Guangdong anymore!"

At the same time, Huang Shao's face was also gloomy, he slightly narrowed his eyes and uttered a sentence in a deep voice

"It seems that a few of you are looking down on me and don't want to be friends with me, Huang?" Huang Shao said with a gloomy face and a low voice, "I think, I might as well tell you all something ugly, I am a person who is most direct, although I like to make friends, but for some people who don't give face, I won't give face to them!"

Wang Tong suddenly cackled in his heart, Huang Shao was really angry.

Having just seen what Huang Shao was up to, Wang Tong knew that it would be difficult to get away today, and now it really seemed to be the case.

Given Young Huang's domineering personality, since he had taken a fancy to Zhang Lei and Ji Feng's girlfriend, how could he let them leave so easily at this moment?

But no matter what, Wang Tong would never let Ji Feng and Zhang Lei and the others be implicated.

He gritted his teeth and said, "Young Huang, please give me face, what happened today was my fault, I will definitely make amends to you specifically another day, whatever you ask, as long as I can do it, I will agree, but today we do have something to do and we must leave"

"You're talking too much nonsense!"

Huang Shao waved his hand and directly interrupted Wang Tong, he didn't listen to this nonsense from Wang Tong at all: "Wang Tong, you don't think you have much face, what is your own status, please find out first!"

Wang Tong choked for a moment, but then gritted his teeth and said, "In that case, then we should leave all the more, goodbye!"

Didn't your surname Huang say that I don't have any face in front of you?

Well then, since I don't have any face, then why should I continue to stay here, of course I have to leave.

So when Wang Tong finished speaking, he directly turned around and gave a wink to Ji Feng and Zhang Lei, then he was about to walk out, but just as he took a step, he heard Huang Shao's grim voice coming from behind him.

"You guys go ahead!"

Huang Shao said coldly, "But I have to remind you that no matter what one does, one has to think about the consequences first and see if one can afford the responsibility! I can assure you that you can't afford this responsibility today!"

Wang Tong's face changed, the man surnamed Huang had put it so bluntly, if he still didn't understand the threatening implication, then he would really be a fool.

Today, the man surnamed Huang was going to tear his face off and leave them behind as well.

"We must leave, we can't drag Ji Feng and the others down with us!" Wang Tong secretly gritted his teeth and was just about to speak when he suddenly heard a snort of laughter.

"What a big mouth What, you still want to deal with us?"

Zhang Lei snorted with great disdain, his eyes squinting at that young Huang, "Still can't afford this responsibility, but really laughing, I am curious, what exactly is the responsibility that we can't afford, is your surname Huang's coming so big and scary that you can scare us to death just by announcing yourself, or you can slap us to death just by raising your hand?"

"Those who give me face, those are my friends, if not, then there is nothing more to say!" Huang Shao said in a deep voice, "Treating my friends, of course I will treat them with courtesy, but if it's treating my enemies, it's a matter of immortality."

"What a load of crap!"

Zhang Lei couldn't help but snicker, "What are you pretending to be here? You're also a friend and an enemy, and you're not going to die What a big headache! I would like to see how you are going to be able to fight me!"

"Boom~!"

Li Zihao slammed the table and pointed at Zhang Lei angrily, "Kid, be careful what you say, do you know who you're talking to?"

"Stop shouting in front of me, I don't eat your shit!"

Zhang Lei glanced at him and sneered, "You're quite serious about what you do as a dog's leg!"

"You" Li Zihao was furious, he was so angry that he almost came up to fight with Zhang Lei, but when he saw Zhang Lei's fierce look, and remembered Zhang Lei's might and ruthlessness before, he gritted his teeth and didn't dare to make a move.

"What a thing!" Zhang Lei could not help but sneer at this, "And what kind of Duke Li just with your bearish appearance, if you are really the Duke of any family, then I see that your family is not far from falling."

Li Zihao stared at him angrily, but did not know how to retort, this guy's words were so infuriating, making people storm out but unable to retort, it could really suffocate people to death.

"Looks like we can't be friends anymore!" Huang Shao said with a grim expression.

"I never intended to be friends with someone like you." Zhang Lei snorted.

This Huang really felt good about himself, he actually thought of himself as some big shot, from his words to his demeanor and actions, he had a completely high and mighty feeling.

But he hadn't thought about what he was to others!

He was just a playboy, but he was still acting like one, and even when he addressed others, he acted as if he was a gentry, and Huang's age was clearly not older than theirs, but he called Wang Tong Little Wang.

If it were normal, Zhang Lei wouldn't even bother to look at them, and now he was sitting here just to learn more about the situation.

If it wasn't for helping Wang Tong, he wouldn't have given him a second glance even if he had been invited to do so on three knees and nine kowtows!

"No need to say more nonsense, now we are leaving, if you want to stop, you can let your horse come, no matter how you want to play, we will accompany you to the end!"

Zhang Lei sneered, "I'm just begging you, stop talking with such a condescending look, it's almost disgusting to watch!"

"Then there's nothing more to say." Huang Shao nodded, his eyes gloomy and terrifying, "All I can say is, good luck and I hope everything goes well for you in the future!"

"Huang Shao" Kan Miao immediately said anxiously, "You must not be angry, this is all their own behavior, it has nothing to do with me or Wang Tong"

"You shut up!"

Wang Tong shouted angrily and directly interrupted Kan Miao, he glared and gritted his teeth, "Stop making decisions for me! If you don't want to get involved, stay far away and stop using those snobbishness and petty smarts of yours, I don't need your help!"

"Wang Tong you" Kan Miao's face was red with anger and she could barely speak, she hadn't expected that Wang Tong, who was usually honest and silent, would actually rebuke her one after another today, leaving her without any face at all.

"Young Huang!"

Wang Tong did not pay any attention to Kan Miao, but looked at Huang Shao and said loudly, "I know you are very angry, I also know that you have a lot of energy, I am afraid that if you want to deal with anyone just one phone call is enough to make people unable to get a foothold, but I can tell you clearly, today my friend told me to leave, I will definitely leave, if you want to retaliate, just come at me alone, do not involve others! !"

After saying that, Wang Tong said loudly, "Let's go!"

Huang Shao heard them say these words, but his face was cold, his eyes were gloomy and terrifying, he said in a cold voice: "To play hero, you have to pay a price, in my eyes, you don't have this qualification yet hope you have a good trip!"

"Fuck!"

Zhang Lei's expression instantly went cold, he stared at Huang Shao and said in a cold voice, "You're threatening us?"

Huang Shao said in a cold voice, "Get lost! Stop talking so much bullshit to me, from now on, you guys need to find a way to take care of yourselves!"

This time, instead of showing that kind of gentleness again, Young Huang directly exploded with foul language, it was obvious that he was already very impatient in his heart, or the anger in his heart was on the verge of being suppressed.

"Huh~~!"

Zhang Lei, however, suddenly laughed, he laughed while nodding heavily: "Let me take care, and also find a way to take care of what he said was really scary! OK, we'll roll here, just hope you can do what you say, don't just play with your mouth and let people down!"

After saying that, Zhang Lei shook his head and smiled, and then turned his head and said, "That who Wang Tong's girlfriend is right? I advise you to come with us, you can't see that this Huang is about to reveal his original form, do you think he can still tolerate you? If you stay here, you'll only be asking for trouble, and then you'll regret it!"

Kan Miao couldn't help but be stunned, and subconsciously looked at Wang Tong.

"Let's go, let's talk about what's going on back, don't stay here." Wang Tong also couldn't help but let out a soft sigh, even though he was no longer angry with her, he didn't want to see her stay here and be bullied.

"Huang Shao, I" Kan Miao was a little hesitant, she still wanted to explain to Huang Shao, but as soon as she spoke, Huang Shao roared roughly, "Get out! Get the hell out of here!"

"....."

Kan Miao hurriedly stood up and walked out quickly with her head lowered and her mouth covered.

Zhang Lei shook his head and pointed at him, snickering, "That's all you've got anything!"

After saying that, he shouted, "Let's go! Beware of people's revenge yo! Haha"

Huang Shao's eyes instantly turned a few more gloomy, looking at the back of Zhang Lei and the others, two words burst out from between his teeth, "..... looking for death!"

Originally this surnamed Huang was not really that cultured, his gentle, mild smile was all pretend, or because of the influence of his surroundings since childhood, so he had learned these false demeanor, but in reality, this Huang Shao's essence was just a complete playboy.

People like him value face more than anything else, and they think highly of themselves, especially when they can't stand the provocation of others.

But just now, Ji Feng and Zhang Lei didn't even give him half a bit of face and humiliated him in front of everyone, leaving no mercy!
