

Campus Master 2015

Wang Tong said helplessly, "Miao Miao, stop it, I was wrong"

Kan Miao sneered, "You were wrong? How could you have been wrong! It's just me being unreasonable"

"Miao Miao don't say anything!" Wang Tong said in a low voice.

"I don't care to talk nonsense to you either!" Kan Miao said in a cold voice: "I kind of see through you, you don't take me seriously at all, since that's the case, there's no need for me to give up anything we'll settle other things later, now, immediately let your so-called friends, settle the trouble they caused!"

Wang Tong shook his head: "Miao Miao, I really didn't realize this before, or rather, I didn't realize how vicious the surnamed Huang would really be, but when you said this, it only occurred to me, but it's too late now I think, now even if I go and kneel in front of that surnamed Huang, if he wants to revenge, he definitely won't stop there either."

"Are you out of your mind? Didn't you hear what I said?" Kan Miao said in a cold voice: "Whoever caused the trouble will solve it, I don't care what method you use, you have to solve this matter because you started it, you can die if you want to, but don't drag me and my family into it!"

"....."

Wang Tong clenched his teeth, but for a moment there was no good solution.

He definitely could not solve this matter by himself, because Wang Tong knew very well that in the eyes of that Huang, I'm afraid he was not even a dog's ass!

Moreover, Wang Tong also knew that he had not offended Huang too badly, it was Zhang Lei who had really offended him to death.

But no matter what, Wang Tong will never let Zhang Lei and Ji Feng apologize to that Huang, if that is done, it may allow Huang to vent his anger and the matter will be settled, but for Wang Tong, he will never feel at ease.

More importantly, Wang Tong knew very well that what the man wanted was not just an apology, but that he had bad intentions for the girls!

If he could not get the girls, Huang would never stop.

So no matter how much they apologised, the matter would not be easily resolved, and definitely not so quickly.

However, the matter could not be left unresolved, especially when he saw Kan Miao's reddened eyes and that angry look on her face, Wang Tong would recall her angry words.

If this matter was not resolved, that Huang would definitely retaliate against Kan Miao's family!

Wang Tong was caught in a dilemma.

What should be done?

When Kan Miao saw Wang Tong standing there motionless, she couldn't help but feel angry, she said angrily, "Why are you still standing here? Why don't you go and find a solution to the problem? When you see your friend being wronged you keep talking about it, but when you really encounter it back, you don't say a word"

"I'm going to apologize to young Huang!" Wang Tong gritted his teeth and said.

He had no choice.

This matter had to be resolved, but, apart from apologizing, he had no other way to think.

Facing Huang Hao, who had money, power and status, Wang Tong really had no choice at all, and he felt that he really had no power to resist at all.

"Apologize?"

Kan Miao smiled and sneered, "You think you're still in kindergarten, don't you? You have a conflict with someone and an apology is all you need to solve the problem?"

Wang Tong gritted his teeth, but he didn't know what to say.

"Besides, this matter was provoked by them, just now they pretended to be so heroic, but now they are afraid to say a word?" Kan Miao's gaze glanced over Ji Feng and Zhang Lei's bodies and sneered.

Zhang Lei immediately frowned: "Hey how big a deal is it, do you need to make such a fuss?"

"You are simply ignorant!" Kan Miao was so angry that he almost laughed out loud, and how big a deal people can't be ignorant to this point!

"Lei Zi!"

Ji Feng waved his hand at Zhang Lei, and then frowned and looked at a direction in the distance, without looking back casually asked, "Kan Miao, then how do you think we should solve it?"

"That's your business, why bother asking me!" Kan Miao snorted coldly.

"Well then, since you said so, then whatever we do next, you should not ask any more questions!" Ji Feng said, "I promise to just take care of things for you in the end, what do you think?"

"Humph!"

Kan Miao sneered, Ji Feng's words made her feel funny, those who didn't know thought he was some kind of big shot, "Well then, I'll see how you handle it!"

Wang Tong, however, said, "Miao Miao, why don't you take the car back first, even if you really can't handle it in the end, you still have to prevent that Huang from having any bad intentions"

"It's not possible to go now!" Ji Feng interrupted Wang Tong.

"What?" Wang Tong was stunned and didn't understand Ji Feng's meaning for a moment.

“You guys look over there!” Ji Feng’s finger pointed in a direction and said, “See those cars, I reckon that these should be the people called by that Huang, they should be here to deal with us!”

“Cars?”

Several people immediately looked in the direction Ji Feng pointed, they immediately saw that not too far from that teahouse, there were three or two cars were driving over quickly, even though there were many pedestrians nearby now, the speed of those cars was put very fast.

These three cars, the front two are business cars, the back one is a small car, looks quite a kind of whistling look.

When he saw those cars driving over quickly, Wang Tong’s face changed and he asked in a panic: “Ji Feng, how do you know that these cars are the ones that Huang called? Maybe they are here to spend money too

Ji Feng asked, “Didn’t you see their license plates?”

Wang Tong couldn’t help but be slightly stunned and asked in confusion, “What’s wrong with their license plates? There’s nothing wrong with it?”

Zhang Lei said at the side, “That’s right, this is the one called by the surname Huang! Wang Tong, look carefully, the license plates of these cars, are they the same as the car that the man surnamed Huang called for before?”

Wang Tong stared carefully and it suddenly dawned on him, these three cars had the same few letters in front of their license plates as the business car called by Huang Hao before, this was a car belonging to the same company, so it went without saying that this was definitely the car called by the one surnamed Huang.

“Then let’s hurry up and leave, then we’ll figure out how to deal with it!” Wang Tong hurriedly said, and at the same time, he pulled Kan Miao’s rear and was about to run away.

“Don’t go!”

Zhang Lei shouted lowly, with a cold look on his face, “Today, we are not going anywhere!”

Wang Tong was immediately greatly anxious: “Zhang Lei, don’t try to be brave

Before he could finish his words, the three cars had already reached the front, and the small car behind them even went straight around them, then took a sharp brake across the road, blocking their way.

“Hula~~!”

The car door opened and a group of people got out of the car, surrounding Ji Feng and the others in the middle.

“Wang Tong

Kan Miao immediately tensed up, at this moment she also forgot that she was still arguing with Wang Tong, subconsciously she pulled Wang Tong’s hand and tried to lean towards him in some panic.

Wang Tong, on the other hand, looked at those people warily, and then quietly reached into his pocket with one hand, ready to wait for the opportunity to call the police.

Ji Feng and Zhang Lei, on the other hand, did not change their faces, not putting this bit of scene in their eyes at all, they were waiting for someone who could speak to arrive.

“A few people, our boss wants to invite you to a place!” A man came over and said with an unfriendly look on his face.

“Let your boss come and talk to me personally!” Ji Feng said indifferently, although his voice was not high, it had its own authority, “I see that you don’t seem to be street punks, you should be private bodyguards, right? You can’t make the decision on this matter, bring in someone who can!”

The man couldn’t help but blush slightly, Ji Feng was able to tell at a glance that he was a bodyguard, which made him a little surprised, in the past, in this situation, most people would have taken them as gang members!

“Sorry, I didn’t get such an order!” The man said, “And please come with me!”

“What if we don’t go?” Zhang Lei said in an unpleasant tone.

“Ha!”

A sneering and smug voice came over, “If you don’t go, then break your legs and drag them straight over, that’s giving shame!”

The next moment, Li Zihao squeezed in from the crowd, looking at Ji Feng and Zhang Lei with a smug look on his face, his gaze lingered a little longer on Zhang Lei, as it was Zhang Lei who had moved against him earlier.

“Aren’t you two bastards quite rampant? Now continue to be wild!” Li Zihao taunted.

“Where’s the one surnamed Huang? Tell him to get out.” Zhang Lei said in a cold voice.

“Just you guys still want to see Young Huang again? Dream on!” Li Zihao snorted, “Let me tell you, it’s fine if you want to see Young Huang, go with them to a place and you can see Young Huang.”

As he spoke, Li Zihao’s gaze swept over Shen Jingyi and Bai Zhu’s bodies and he smiled heatedly.

“Damn it!”

Zhang Lei’s eyes instantly went cold and he came up to make a move, but was stopped by Ji Feng.

Ji Feng didn’t even look at Li Zihao, his gaze turned to the bodyguard who spoke before and said in a deep voice: “You can’t afford to get involved in this matter today, call your boss out or you’ll regret it.”

Even though he was surrounded by a group of people, Ji Feng still looked calm and had an extraordinary aura.

The bodyguard then realised that Ji Feng was not an ordinary person either, so he hesitated slightly for a moment before turning around and retreating.

“Wait for death you guys!” Li Zihao said smugly.

“I’m afraid that by then we won’t die and you will die instead!” Zhang Lei sneered.

“Humph! Still tough-mouthed, we’ll see who dies when the time comes!” Li Zihao gritted his teeth and said, “Just wait

Li Zihao gave Zhang Lei a vicious glare and sneered.

Although his status was not as high as Huang Hao’s, no one had ever dared to beat him up, even Huang Hao had to give him some face.

But this bastard in front of him, actually dared to make a move with himself Li Zihao would not admit that he was beaten, in his opinion, Zhang Lei dared to make a move with him, it was already a treacherous thing!

Campus Master Chapter 2016

Li Zihao glared viciously at Zhang Lei and sneered.

Although his status is not as high as Huang Hao’s, no one has ever dared to hit him, and even Huang Hao has to give himself some face.

But this bastard in front of him, actually dared to make a move with himself Li Zihao would not admit that he was beaten, in his opinion, Zhang Lei dared to make a move with him, it was already a treacherous thing!

And now that he was surrounded by so many people, these guys actually dared to talk tough, which really made Li Zihao furious.

“Give me a beating! Break the legs of all three men and control the women!” Li Zihao shouted lowly.

“Swish~~!”

A cold light flashed in Bai Zhu’s beautiful eyes, her body suddenly burst in, and she was right in front of Ji Feng, one of her hands had silently touched her waist, he could draw his gun and shoot at any time if necessary!

However, those people around did not start moving with the fall of Li Zihao’s voice, and Bai Zhu did not move.

“You guys” Li Zihao looked at these people around him, and a look of dismay rose on his face, although these people were surrounding Ji Feng and the others, yet none of them obeyed his orders, and even, these people did not move at all, they just vigilantly Looking at Ji Feng and the others, it was as if they had not heard him at all.

Li Zihao’s face instantly felt hot, and he realised that these guys didn’t listen to his orders!

“Hey! Kid, it looks like you’ve blown it too far!” Seeing this, Zhang Lei couldn’t help but snicker, “See? None of these guys listen to your orders, you’re the only one bouncing around, shame on you?”

“Shut up!”

Li Zihao couldn't stand up to the comment on his face, and as his shame and anger turned to anger, he let out a low shout and took out his mobile phone to make a call.

As he dialed the number, he pointed at Zhang Lei and said through clenched teeth, "Kid, I really admire you, you still dare to be so rampant even now, you are really good!"

Zhang Lei had a thick unremitting look on his face as he shook his head and smiled, "If this is considered rampant on my part, then I really don't know what your kind of behaviour really counts. Kid, cut the crap and grab the phone, can't you see that you can't help us now?"

"..... Wait for death you guys!" Li Zihao was choked, and it was only after a while that he gritted his teeth and said viciously. With that, he turned around and prepared to go make a phone call.

"Yo-ho, who's so rampant?"

Just at this time, a teasing voice suddenly came from outside the crowd, "When did such a bully come out of Jiangzhou, how come we don't know? I wonder which gongzi is in there, let me meet him too?"

As soon as he heard this voice, Li Zihao instantly came to life, snapping the phone shut, he hurriedly turned around, holding the phone and nodding at Zhang Lei and Ji Feng, with a grin on his lips, he said incomparably smugly, "Kid you're just waiting to die, you're in big trouble this time!"

Both Wang Tong and Kan Miao couldn't help but change their faces, it was obvious that they were really in big trouble this time, Li Zihao wasn't scaring them.

Just by that voice just now, they could hear that the owner of that voice must be very influential, that spoke not only with a lot of confidence, but also with that kind of tone as if he was the master of Jiangzhou, who would dare to speak with that kind of tone in general?

On the contrary, Ji Feng, when he heard this voice his brow could not help but frown slightly.

"This voice seems very familiar!" Ji Feng secretly said.

"This is"

After Ji Feng thought about it slightly, he instantly revealed a hint of realization, no wonder he felt that this voice was familiar, it turned out to be him!

Zhang Lei, on the other hand, did not notice Ji Feng's change of expression, he could not help but sneer at his words, "What a big mouth, those who do not know still think that your house is in Jiangzhou!"

"Who said that?" The voice from outside the crowd was instantly angry, "Looking for death?"

"Swish!"

At the same time, those people who had surrounded Ji Feng and the others automatically parted to the two sides, making way for a few people's gazes to shift over, wanting to see what kind of person this speaker was.

Zhang Lei, in particular, was gritting his teeth and smiling coldly, just waiting to see who was being so arrogant.

“Pa Pa

As the sound of footsteps came, a tall man walked over, this guy was wearing a slightly casual formal dress, and his hair was combed as if it was licked by a cow.

What was most noticeable was the fact that this guy had a bad smile on his face that made people feel the urge to punch him at first glance.

As the man walked over, his gaze swept over several people.

When his gaze landed on Ji Feng's body, in a flash, his eyes widened in consternation.

However, when he looked like this in Li Zihao's eyes, he mistook it for him being angry and coming up to fixate on Ji Feng.

Li Zihao was immediately overjoyed, he knew more or less about this person in his heart, according to Huang Shao, this young man, who was not older than himself by a few years, had a higher status than Huang Shao, and even Huang Shao had to be respectful in front of him.

When Huang Shao had called this person before, Li Zihao had seen with his own eyes how cautious Huang Shao looked, even if Huang Shao was furious at that time, he still had to accompany a smiling face when he was on the phone.

From this, it could be seen just how high a status this young man had.

Now that they had offended this person with a high status just as soon as they came up Ji Feng, what good could happen to them?

However, the next moment, Li Zihao was stunned.

Only to see that the very prestigious young man was stunned after seeing Ji Feng, and immediately, he asked in shock, “Ji, Ji Feng?! How come it's you?!”

Ji Feng smiled faintly, “How come it can't be me? On the contrary, I would like to ask, how could it be you?”

“I

“Li Weidong, you are the mayor's son, when did you start being someone's lapdog?” Ji Feng asked with a wry smile.

This visitor was no other person, it was none other than Li Weidong who had once dealt with Ji Feng, or to be more accurate, had a minor conflict with Ji Feng!

At the same time, this person was also Li Ruonan's second brother, the second son of the mayor of Jiangzhou.

As soon as he heard Li Weidong's voice, Ji Feng felt familiar, and then he remembered.

Only, what made Ji Feng feel strange was that this Li Weidong was actually here, and it also looked like he was apparently backing up the one surnamed Huang, and could even be said to be directly sticking up for the one surnamed Huang as a fighter.

When did Li Weidong get to this point?

The son of the mayor is also the son of the mayor, but there is a huge difference between his father's position as mayor and Li Weidong's father, Li Baoyuan's position as mayor of Jiangzhou.

The reason is that Huang Bingren is only the mayor of a city, while Li Weidong's father is the mayor of a municipality, which is actually at the same level as the governor. And most importantly, this municipality is also the economic centre of the whole of China, far from being comparable to a normal governor.

The most important thing is that the municipality is also the economic center of the whole China, far from the ordinary governor of the province. Therefore, according to the general thinking, that the surnamed Huang in front of Li Weidong, absolutely can only be a posture of looking up.

But now

Ji Feng couldn't help but shake his head and sighed: "Li Weidong, I really didn't expect you to have actually mixed up to this point!"

"What are you talking about!"

Li Weidong immediately blushed for a moment, very a little embarrassed, "I that what I just heard that my friend was in trouble, so I came over to take a look, I didn't expect you to be here the person who clashed with Huang Hao, is that you? "

Ji Feng nodded slightly and asked with a smirk, "So what if it's me? Are you still planning to help that Huang to deal with me?"

The muscles on Li Weidong's face twitched a few times as he said in a muffled voice, "I just came to take a look."

Helping Huang Hao against Ji Feng?

If he dared to help Huang Hao against Ji Feng, not to mention whether Ji Zhenguo would be angry at that time, even his own father would definitely clean up after himself.

Even though his father and Ji Zhenguo did not deal with each other, no matter what, he could still save face.

If he did so, it would be like tearing his face off!

Li Weidong could not afford such a consequence.

Moreover, he had suffered losses at the hands of Ji Feng before, and from his younger sister Li Ruo Nan, and from all the things that had happened since then, Li Weidong knew more or less Ji Feng's strength, and he believed that even though there were so many people on his side now, if he really had to fight now, his side might not have the upper hand!

What's more, thinking of Li Weidong's relationship with Huang Hao, he wasn't willing to clash directly with Ji Feng for this reason, his relationship with Huang Hao wasn't that good yet!

"Ji Feng, can you give me face, although I don't know what kind of conflict you have with Huang Hao, but I don't think it's serious, why don't you give me face, let's just forget about today's matter!" Li

Weidong said, "Let's find a place to sit down, no matter who is right and who is wrong, it will be fine once we talk it over"

"You'll be the peacemaker?" Ji Feng asked directly.

"..... I do have such a meaning!" Li Weidong said, "It depends on whether you give face or not."

"You've become Huang Hao's lapdog, would it be a bit unfair to be the middleman?" Ji Feng asked with a wry smile.

"Ji Feng!"

Li Weidong instantly turned red and said angrily, "Don't go too far! I've told you, I'm friends with Huang Hao, he's in trouble in Jiangzhou and called me, it's normal for me to come over and take a look, what's wrong with that?"

Ji Feng smiled meaningfully and didn't say anything.

The more he did so, the more annoyed and frantic Li Weidong became: "What do you want?"

Ji Feng couldn't help but hum and said, "I don't want anything, it's you who brought so many people to surround us, but you've scared us What do you want? If I had a little less guts, I would have to call Li Ruonan to call the police!"

Li Weidong's face couldn't help but sink and frowned, "Ji Feng, there's no need to be so aggressive, right? I've already told you, this matter today has nothing to do with me"
